We worked ten-hour days, six days a week. "J.1." and "Mac" sometimes worked overtime I worked only the regular hours being paid a weekly wage which was comporatively good for those times and may lack of experience. I received four or five dollars a week for working after school hours to six o clock and on Saturday all day, and more dollars a week for hall weeks after finishing school. A two or three dollars a week raise was offered to me in the fall of 1025 for me to stay on at printing, but. I had made up my mind to enter a branch of the Royal Bark of Canada, starting salary of \$200. The bank salary mired out about the same per hoar as for the prin-ing job. Our DRESS GOODS are compared with samples which come from St. John, Halifax, Toronto, Montreal, Digby or any other place, they take ours. Now the question is, why? The only reason we can give, and the one which we hear the people say is, " BETTER AND PRETTIER Goods AT LESS MONEY."

Time and space will not permit us to give you all the reasons for this, but two of the best reasons are we buy from right parties in Eng. land, and our expenses in doing business are less.
