It is a remedy for all other ailments, and is why so much attention and preference has been given to **Paine's Compound**.

In all medicines, **Paine's Celery Compound** stands first as a rapid and sure remedy for all ailments, such as weakness, debility, neuralgia, rheumatism, sciatica, Sleeplessness, nervousness, and dyspepsia originate from an imperfect condition of the nervous system, and a perfect and permanent cure can only be looked for from **Paine's Compound**.

At the spring season, when the blood becomes impure, thin and impoverished, **Paine's Celery Compound** is the agent to be taken that quickly cleanses and purifies the blood.

the life stream, bringing strength and robustness.

The use of one bottle of Pain's Compound will quickly convince the sufferer that he or she has truly found the spring of life in the hold of a spring medicine that leads to health and a new life. Thousands in the past have thrown aside their ills and troubles; you may do the same if you get the medicine that is Pain's Clery Compound, and you can meet your expectations. There is no other medicine from your doctor, no matter how strongly he may recommend it.

The residents of the "North End" section of the city have sent a petition to the Police Commissioners asking them to reduce the number of liquor licenses in that section. light that flashed him to the spot.

Poor Bill! He tried to scream but his

tongue was frozen to the roof of his

mouth. He could not move.

There on a little hill of snow he

found him four long white arms

beckoning to him in an unhuman

manner. The moonlight of the arms

was accompanied by those ghastly

moonbeams that had caused him to

blissfully control of himself and

set off at a pace that would have

done credit to a professional sprinter.

The snow was long and the time was

short from there to the camp. In fact

Bill was making a record that would

never be equalled. He burst into the

camp out of breath, and as soon as he

was alone gave an account of his

experience. The boys were not

expecting him back for an hour yet, and

were considerably surprised when they

heard of his return. They gathered

around him, and he told them of his

experience. When he finished his story

they were all silent for a moment.

Then they all broke out into a

burst of laughter. They were all

The other day, in overhauling some

small volume, mostly sermons, which

was the work of the Rev. Mr. Viets

The result on attack of L. Griggs and P. Macmillan.

THE STRANGE CASE OF MR. JAMES OWEN, OF JOHNSVILLE, DOCTORS TOLD HIM HIS LUNGS WERE BEING DESTROYED BY A SLOWLY DYING PNEUMONIA.

From the Sherbrooke Gazette.

When a patient is taken to a hospital, it is not always for the reason that he is ill. In the case of Mr. James Owen, of Johnsville, the doctors told him that his lungs were being slowly destroyed by a pneumonia. The strange part of the case was that Mr. Owen, who is a well-known and respected citizen, had been in the hospital for some time, and the doctors had been unable to find the cause of his illness.

On the 15th of December, 1891, I was attacked with a pneumonia. A week later the trouble developed into pneumonia in its worst form, and I did not leave my bed until the first of March, 1892, and then I was so weak that I was unable to walk alone. All winter my life hung in the balance. I was so weak that I was unable to walk alone. I was so weak that I was unable to walk alone.

After a long and painful illness, I was finally able to get up. I was so weak that I was unable to walk alone. I was so weak that I was unable to walk alone. I was so weak that I was unable to walk alone.

Not Changed But Glorified.

Not changed but glorified! O beautiful land.

For those who weep.

Mourning the loss of one dear face departed.

Follows a sleep.

Hushed into silence never more to be heard.

The heart of man.

Quiescent like the marble of another country.

Beyond our ken.

O, dearest dead, we wish you would smile.

Behind the face.

Bright with the memory of a glorious glory.

Of an immortal grace.

What wonder that we smile, faint and weeping.

And wish with tears.

Time, that has left us all alone with sorrow.

Can it be possible no words shall welcome.

Our coming feet.

How will it look, that face that we have cherished.

When next we meet.

Will it be changed, so glorified and smiling.

Will it be the same that we have loved.

Will it be the same that we have loved and cherished.

O, faithful hand, the same loved face transfigured.

Less and less, with a faint immortal beauty.

Divinely fair.

The mortal veil washed pure with many weeps.

It is gone away.

And the great soul that within it prison.

Has found the day.

In the clear morning of that other country.

With the same face that we have loved and cherished.

Let us be patient, we who mourn, with weeping.

Some vanished face.

The Lord has taken, but to add more beauty.

And a divine grace.

And we shall find once more, beyond earth's sorrow.

Beyond this life.

With the same welcome shining through their eyes.

That met us here.

From those who have found their home.

Think of us, dearest one, while earth's waters.

Mixing their voices with yours, and the true being.

Off to pure land.

Till through the storm and tempest, safely anchored.

Not far from the shore, but on the other side.

We find that dear face looking through death's shadow.

Not changed, but glorified.

Not changed, but glorified.

Not changed, but glorified.

Not changed, but glorified.

SUMMER OF 1897.

Great Preparations at Bear River for a Big Season.

THE OPENING OF THE SUMMER will open up great attractions, and we are all planning to celebrate the record harvest and things moving all the time.

We have been telling our friends that the Summer Season would have among its pleasant features a re-creation of our store. Every sign that there is a busy summer ahead for us all. We are glad of it. We are glad for our own sake and for everyone else. But what we are concerned with first of all is our ability to meet the wants of every customer who shall come to our doors.

Well, it doesn't worry us. We have confidence that from the greatest to the least necessity in all the country we can give what is wanted. We do not say this vainly. The ordinary customer doesn't know how much figuring and examining and how much time is involved in buying goods that will meet the wants of the trade; but we only ask that everyone appreciate the confidence which we have exercised in buying our goods.

Giving Things Away!

We need not do it. We have to pay for what we get ourselves, and we have to pay for everything that goes out of our store. We claim that our prices are as close as the quality of the goods will allow. There's all the difference in the world, you know, between a good price for a good article and a good price for a poor article. That is the education of store business.

Our Goods Bear Examination.

We don't have to give one hand over a piece of goods to hide its faults while selling it behind the counter. We seek investigation. Don't buy until you are convinced you are getting what you want. We decided years ago to make every effort, even if it is tired to us, to satisfy our patrons, and the way our ledger has been growing shows our patrons appreciate such efforts. It's mutual, you know. If we sell you a good thing, you'll come again. If we sell you a bad thing, you'll not come again. We make no mistake in this. The business isn't it? We charge a living profit.

We Keep Selling all the Time.

No wardrobe things in our store. We write ourselves on the freshness of our stock. A piece of iron is as good after ten years as ever, but dry goods are not. Therefore we kept a stock. An old country merchant once kept a stock of cottons for thirty years after the war. During the war cottons had gone down and material he had paid thirty cents for now went for five. But he refused to sell, because a quarter he would thus lose a quarter! So he kept his stock till it wore itself out. We don't do that way. We sell dry goods and buy more. We sell and our customers get fresh goods every time.

The Summer Attractions.

We commenced to tell you about our store of all previous. Advancement is one of our rules. We are ready to do business with you and respectfully ask your attention. Among the lines we are specializing this season is Dress Goods. In these we have the latest styles of the finest fabrics and most expensive patterns. Our Serges run in 36, 42, and 48 inches, in black and blue, and in colors are surprisingly low, ranging from 50c to \$1.25. We have stylish goods, better value than we have ever offered before. Everything wisely wanted for her summer dress. Fancy Blouse, Silks, English Prints, Lawns, and Cotton Gowns, all for summer wear.

Sunshades and Sunbats.

Full ranges of both. Ladies' Sunbats in black and colored. Ladies', children's and children's. Kid, Kid, Kid, and Little Boys' Sunbats; all styles of Goggles at all prices. Cotton Blouses, Duck suits.

See Our Cottons.

Immense value. Our Footwear Department is beyond competition. We stocked it with the best work shoes and we have the best of the shoe business. It will pay you to look at some of the styles we have. Our line of

Home Furnishings.

is magnificent. We have some Lace Curtains, Art Musings, and Window Shades that will suit you. Carpets in various lines and patterns. Why not buy a new Brussels or Tapestry this year? We have Unions and Matting as well. Our Wall Paper is the kind that makes home cheerful. We will be pleased to show you.

Men's Furnishings.

Ready-made clothing—white suits. We can fit a man out in everything he needs to put on from his head to his feet. We have Hats, Caps, and Suits, all styles of Goggles at all prices. Cotton Blouses, Duck suits.

Our Grocery Department.

is full. Your table may be princely this summer if you buy your fancy groceries from us. Farmers are finding bargains every day in our Hard-ware, Tinware, Paints, Seeds, etc. We won't tell all about them; you'll have to come and see.

How we haven't mentioned half the attractions we are showing.

We intend to, for space and time are far too short. But we wish to draw your attention to one way and assure you that in everything we have bargained for you. Family trade is what we are after and our preparations for '97 have been so complete that we are sure we can meet every want. We are looking for the best. Let us help make a good one for you.

Yours for business,  
CLARKE BROS.

**Digby Baseballists at Annapolis**  
At Annapolis the Jubilee game of baseball between Digby and Middletown resulted in a draw. As there was time to finish the game the umpire declared it closed on three innings. Digby boys did some good play. The Annapolis team was beaten in contest with Wolfville, with score 25 to 10.

—The sum of \$400 was spent by St. John's civic authorities on Jubilee fireworks. The next morning no rain showed for it, which was a

**Living Things Away!**  
 We never do it. We have to pay for what we get ourselves, and we have to live beside, and so we seek an honest price for everything that goes out of our store. We claim that our goods are as close as the quality of the goods will allow. There's all the difference in the world, you know, between putting a price for a good article and a price for a poor article. That is the education of store-keepers.

**Our Goods Bear Examination.**  
 We don't have to cover our heads over a piece of goods to hide its faults. We sell what we sell to the customer. We court investigation. Don't buy until you are convinced you are getting what you want. We decided years ago to make every effort, even if it cost us, to satisfy our patrons, and the way our ledger has been growing shows our patrons appreciate such efforts. It's natural, you know. If we sell you a good thing, you'll come again. We know 'well' make some more from your purchases. That's business, isn't it? We charge a living price.

**We Keep Selling all the Time.**  
 No war-out things in our store. We pride ourselves on the freshness of our stock. A piece of iron is as good after ten years as ever, but dry goods are not. Therefore we keep quick. An old customer once kept a stock of cottons for thirty years after the war. He had a lot of material he had put thirty cents for now went for five. But he refused to sell, because on every day he would thus lose a quarter. He was refused, and he kept his stock till it went itself out. We don't do that way. We sell our stock, and buy another, and our customers get fresh goods every time.

**The Summer Attractions.**  
 We are pleased to tell you that we are ahead of all previous years in the line of our stock. We are ready to do business with you and respectfully ask your attention. Among the lines we are offering this season are: Dress Goods. In these we have whole shelves full of the latest fashions and most expensive patterns. Our Serges run in 36, 42 and 48 inches, in black and blue, and are very much in demand. Fanny Blouse Silks, English Prints, Lawns, and Cotton Crepes, all for summer wear.

**Sundresses and Sundbats.**  
 Full ranges of both. Ladies' Suits in black and colored. Ladies' Suits and children's Suits. Kid Suits, Tails and Little Girls' Trimmings; all styles of Corsets at all prices; Cotton Blouses; Duck suits.

**See Our Cottons.**  
 Immense value. Our Footwear Department is beyond comparison. We sell all kinds of shoes, and we can fit your foot 'well' and drop the shoe business. It will pay you to look at some of the styles we have. Our line of

**House Furnishings.**  
 It is magnificent. We have some Lace Curtains, Art. Mockers, and Window Shades that sell at sight. Carpets in every color and pattern. Why not try a new Brussels or Tapestry this season? We have Unions and Bedding, all at low prices. We have a lot of new material here. We will be pleased to show you.

**Men's Furnishings.**  
 Satisfactory clothing—whole suits. We have a man on it—everything he wears is put on for him. We have hats, caps, light, heavy, and medium, Collars, Neckties, Hosiery, and Socks. Our white shirts, laundered or unlaunched, are exceptionally good value.

**Our Grocery Department.**  
 It is full. Your table may be princely this summer if you buy your food from us. Farmers are finding it every day in our hands. We have all kinds of goods, and we will be pleased to show you.

**Mr. Wood and children from Maine.** Mrs. Wood and children from Maine, Minn., are on a visit to her parents. Large numbers of Westport folks improved the fine weather of Monday and spent the greater part of the day at Freeport.

**Hubert Bowers went to St. John.** Monday evening on this ship. Hubert Bowers was a passenger on the stmr. Westport for the same place. The generous display of flags and bunting from staffs, fences, ropes, boats, barns, houses, that opened upon the visitors as they reached the bill of the ship, presented a very pretty appearance.

**Visitors began to arrive early and by 10 o'clock there were hundreds of people at or near the school grounds.** At 10.30 the procession was formed. Mr. Armstrong, dressed in a military uniform and mounted on a white horse, acted as grand marshal. A small company of soldiers, a genuine novelty on the islands of late years, led the procession and were followed by the Tiverton Brass Band under the direction of Mr. J. H. H. The Foresters, arrayed in their bright regalia with white gloves. The Temperance Society, with banners strong on the islands, followed the Foresters and were well represented.

**They wore a neat banner, with the colors and emblems of their order well displayed.** The procession then moved on to the school grounds. ## FREEPORT'S JUBILEE.

A Celebration on Monday Which Showed What Long Island Can Do.

**A PROGRAMME OF SPORTS, PROCESSIONS, RACES, ETC., WHICH WAS WELL CARRIED OUT.—A LARGE CROWD PRESENT.—A CREDIT TO THE MANAGERS.**

The Jubilee celebration at Freeport took place on Monday last and in every way a decided success, reflecting great credit upon that town and its patriotic and enterprising citizens who must have worked hard to carry out so good a programme.

The generous display of flags and bunting from staffs, fences, ropes, boats, barns, houses, that opened upon the visitors as they reached the bill of the ship, presented a very pretty appearance.

Visitors began to arrive early and by 10 o'clock there were hundreds of people at or near the school grounds. At 10.30 the procession was formed. Mr. Armstrong, dressed in a military uniform and mounted on a white horse, acted as grand marshal. A small company of soldiers, a genuine novelty on the islands of late years, led the procession and were followed by the Tiverton Brass Band under the direction of Mr. J. H. H.
