CIGAT come to the

100th Birthday

The hundredth anniversary of the Digby Weekly Cower has brought to mind some fond memories at cytained in the following historical chapter of the other. But first, I wish to congratulate the current shows a finer of the Courier, Mrs. J.M. (Edith) Wallis, for a job wall done over the years and still being well done. According to any record. I have at hand, the Digby Courier, in one hundred years of publication, was controlled under the same family management of Wallis Print Limited. The late J.J. Wallis became didner of The Courier, the second time, in 1929, and at the same time of Courier the second time, in 1929, and at the same time of Courier the second time, in 1929, and at the same time of Courier the second time, in 1929, and at the same time of Credits spanes. which he had been running in and which became With between 1929 and 1931

J.L. and "Mac" sometimes worked overtime. I worked only the regular hours being paid a weekly wage which was comporatively good for those times and my lack of experience. I received four or five dollars a week for working after school hours to six o clock and on Saturday all day, and nine dollars a week for full weeks after finishing school. A two or three follar a week raise was offered to me in the fall of 1925 for me to stay on at printing, but, I had made up my mind to enter a branch of the Royal Bank of Canada, starting salary of \$500. The bank salary ingred out about the same per hour as for the printing job. This laid out from the water's edge, partie on level of that name. It was settled by Loyalists from New York in 1783, the most of whom went early to farms, or, moving to older countries, left the whole

free trade with the U.S.A., especially with the New England States. The question was then debated by some Digby High School students one of which was a J.J.'s' daughter. Florence (now Mes. Melvin O. Tibert, Freeport, Digby Co.) Some days after the debate a man from some part of Nova Scotia came to the printing shop looking for Florence, one of the successful debaters; I had the impression that his man was interested politically but, maybe I was wrong.

Well. I felt that I had learned considerable from my short experience at "The Wallis Job Print" I was learning to do beginner jobs, receiving some learning to do beginner jobs, receiving some learning eabout things like embossing, stapling, perforating, counting, cutting and trimming paper slock, mixing inks for certain desired colors, and so forth, but, the only experience I had at setting type was just enough to make a "pi", the printers name for a confused mess.

BEAR RIVER, Nova Scotia.

April 14th, 1903.

DEAR SIR,-

Under date of Nov. 24th, 1902, we wrote advising you of an anticipated change in our system of business to take effect Dec. 1st.

At that time we pointed out some of the evils of the Credit System and our belief that it would e to the advantage of both buyer and seller to effect a change.

As you know, the new system has been in operation since December and has proved a marked improvement upon the old. We have, however, always felt this to be but a step toward the desired end; and in this we have the assurance from many of our customers that a further step is to the advantage of all concerned.

This we have carefully considered and have concluded to introduce on May 1st, the one-price system. That is, on and after May 1st there will be but one price to all our customers, and all goods must be paid for on delivery or will be due as eash at the close of the current month, and will be subject to draft through bank with interest if not control. so settled. You can readily see why this is necessary as all our goods will be marked on the spot

We want your lumber, wood, piling and produce that we can handle, and will pay you for pless on the same basis that we sell goods to you.

In our former letter we called attention to the matter of old balances. Many of these have been arranged, but there are some not settled yet.

If this concerns you, kindly attend to it as we

must begin a vigorous collecting campaign.

We take this opportunity to thank you for your co-operation during the last few months and take you to participate in the advantages of this fixther step in advance, assuring you that prices will be lower than ever.

Our free delivery within the limits of the villave will still be adhered to:

Thanking you for past favors and soliciting your further confidence,

We remain,

BEAR RIVER, Nova Scotia April 14th, 1903.

DEAR SIR,-

Under date of Nov. 24th, 1902, we wrote advising you of an anticipated change in our system of business to take effect Dec. 1st.

At that time-we pointed out some of the evils of the Credit System and our belief that it would be to the advantage of both buyer and seller to effect a change.

As you know, the new system has been in operation since December and has proyed a marked, improvement, upon the old. We have, however, always felt this to be but a step toward the desired end, and in this we have the assurance from many of our customers that a further step is advantage of all concerned.

This we have carefully considered and have concluded to introduce on May 1st, the one-price system. That is, on and after May 1st there will be but one price to all our customers, and all goods must be paid for on delivery or will be due as cash at the close of the current month, and will be cultive to all our customers. be subject to draft through bank with interest if not so settled. You can readily see why this is neces-sary as all our goods will be marked on the spot cash basis.

We want your lumber, wood, piling and produce that we can handle, and will pay you for these on the same basis that we sell goods to you.

In our former letter we called attention to the matter of old balances. Many of these have been arranged, but there are some not settled yet.

If this concerns you, kindly attend to it as nost begin a vigorous collecting campaign.

We take this opportunity to thank you for your co-operation during the last few months and ask you to participate in the advantages of this further step in advance, assuring you that prices will be lower than ever.

Our free delivery within the limits of the vilge will still be adhered to.

Thanking you for past favors and soliciting r further confidence,

We remain.

Yours truly,
