We worked ten-hour days, six days a week.

J.L. and "Mac" sometimes worked overtime. I worked only the regular hours being paid a weekly wage which was comporatively good for those times and my lack of experience. I received four or five dollars a week for working after school hours to six o clock and on Saturday all day, and nine dollars a week for full weeks after finishing school. A two or three follar a week raise was offered to me in the fall of 1925 for me to stay on at printing, but, I had made up my mind to enter a branch of the Royal Bank of Canada, starting salary of \$500. The bank salary ingred out about the same per hour as for the printing job. This laid out from the water's edge, partie on level of that name. It was settled by Loyalists from New York in 1783, the most of whom went early to farms, or, moving to older countries, left the whole

free trade with the U.S.A., especially with the New England States. The question was then debated by some Digby High School students one of which was a J.J.'s' daughter. Florence (now Mes. Melvin O. Tibert, Freeport, Digby Co.) Some days after the debate a man from some part of Nova Scotia came to the printing shop looking for Florence, one of the successful debaters; I had the impression that his man was interested politically but, maybe I was wrong.

Well. I felt that I had learned considerable from my short experience at "The Wallis Job Print" I was learning to do beginner jobs, receiving some learning to do beginner jobs, receiving some learning eabout things like embossing, stapling, perforating, counting, cutting and trimming paper slock, mixing inks for certain desired colors, and so forth, but, the only experience I had at setting type was just enough to make a "pi", the printers name for a confused mess.

Safe Crackers Captured by Chief A derson of Bridgetown

MEN ARRESTED FOR ROBBING THE UNION BANK OF HALIFAX AT GRAN-VILLE FERRY—BOTH HAD BURG-LARS' TOOLS AND ARMED WITH RE-VOLVERS—THE ROOTY DISCOVERED HALF A WILE AWAY.

The COURIER received the first news in Digby of the robbery which had occurred at the Union Bank of Halifax Agency at Gravulle Ferry, late Friday night or early Saturday morning. Chief of Police Bowles and both banks at Digby were immediately notified. Careful watch was kept all day Saturday at Digby, and although it was reported several times in outside towns and even at Halifax, that the burghar had been captured in Digby, Bridgetown's chief won the honors early Sunday morning.
