## Welcome to the Digital DIGBY COURIER

1877-1978

### 100th Birthday

The hundredth anniversary of the Digby Weekly Courier has brought to mind some fond memories as contained in the following historical chapter of the writer. But first, I wish to congratulate the current editor of the Courier, Mrs. J.M. (Edith) Wallis, for a job well done over the years and still being well done, good service rendered with great fortitude.

According to any record, I have at hand, the Digby Courier, in one hundred years of publication, was controlled under the same family management for 42 years, 1931 to 1973, under the control of Wallis Print Limited. The late J.J. Wallis became editor of the Courier the second time, in 1929, and at the same time of the business, which he had been running for some years previously and which became Wallis Print Limited sometime between 1929 and 1931.

I well remember the last year of the twenties when I worked in the office of the son with the husband and father of the late J.J. Wallis, the Courier. Sometime in 1928 or early 1929, the late J.M. Wallis (Mac), son of "J.J." engaged me to work every day after school hours, Saturdays, and for some months after full time. The place of work was in the building of the present Digby town hall on First Avenue. J.J. Wallis then worked occasionally at the print shop but mostly across the street at the Courier office which was then located on land in the general area where The Royal Bank of Canada is now.

Wallis Job Print operated in 1929 with a staff of four consisting of J.J. Wallis, J.M. Wallis, Miss Eva Haynes, who later became Mrs. George Kicup, and myself. I was in the staff in early 1929.

Eva's job was in the left up-stairs. "J.J." occasionally printing plant but mostly at the Courier office. "Mac" worked nearly full time at all the different jobs at the Job Print, and I worked at various duties, most of the time being spent at operating printing presses.

We worked ten-hour days, six days a week. "J.J." and "Mac" sometimes worked overtime. I worked only the regular hours being paid a weekly wage which was comparatively good for those times and my lack of experience. I received four or five dollars a week for working after school hours to six o'clock and on Saturday all day, and nine dollars a week for full weeks after finishing school. A two or three dollar a week raise was offered to me in the fall of 1929 for me to stay on at printing, but I had made up my mind to enter a branch of the Royal Bank of Canada, starting salary of \$300. The bank salary figured out about the same per hour as for the printing job. Nevertheless, the congenial atmosphere of the printing plant those days, and, experience however short, were helpful and appreciated by me.

"J.J." was very jovial in his occasional trip to the Job Print and did considerable kidding all in good fun. "Mac" was a witty person who mixed in a good natured sarcasm now and then for one reason or another. Eva most always had good answers to all the kidding she was called upon to take, and, generally held her own in a quiet sort of way, always busy setting type. We four all got along very well indeed. However, I do remember that some days did seem long and weary because of the monotony of some repetitious jobs.

In spite of the great demand for printing those last boom days of the twenties, business generally being brisk, it looked to me that people had to work long and hard to make any decent profit. There was

including treatment of the hands. However, nails and finger ends were used and I was soon back to work.

Now and then a printing job had a dose on parchment paper which required a special kind of printers' ink which smelled very bad those days. I always dreaded it when "Mac" would do that job on the largest press, in spite of the fact that we always opened an outside door to lessen the effects on the constitution.

One of the jobs I had to do, being the junior and printers' devil on the staff, was to clean up now and then. One day not long after I started my job at the printing plant, I decided to clean the floor that apparently hadn't been cleaned in some considerable time.

"J.J." came along and said, "how are you making out Vince?" I assured him that I thought I was beginning to see the floor. "J.J." laughed very heartily, he thought the remark pretty good and suitable.

Sometimes the gasoline engine or a piece of machinery would refuse to work, and after "Mac" the fix-it man had patiently worked for a certain length of time to get it going again, without results, "Mac" would then stand back and cuss quite strenuously, then he would immediately start working. "See," he would say, "all it needed was a bit of cussing."

On other occasions when some gadget refused duty for me and, seemed to be broken, "Mac" would say, "use a little oil," and sure enough, often that is all it took. How often since, have I thought of the value of that remark and the actual need of "oil" in many life situations, applied at the right time, right place and, in the right way.

Other things that sort of stick in my memory and come to mind now and then are, like the time I told "Mac" of four teenage boys who in the spring season of 1929 got together just before dark one evening and decided to initiate the newly built outdoor Pines Hotel swimming pool which had just been filled with water. Clothes were taken off near the road just east of the pool; nobody else seemed to be around except the four boys; no thought or time for bathing suits up to the pool they went. They stood on the edge of the pool and looked at the chilly water, one soon jumped in, the rest quickly followed and across the pool they swam. "Mac" listened to the story and hardly said anything, but the next "Digby Courier" had a good story on the episode. The heading of the story went something like, "Four Boy Scouts Officially Open Pines Hotel Swimming Pool." Who were the four? Many years later they are known as: the late Dr. Earl H. Anderson, veteran of two wars (second world and Korean), was awarded the Victoria Cross; Sidney L. Smith, now prominent druggist for many years in Digby; Clayton D. Snow, Digby wholesale lobster king merchant; and myself.

As a young teenager I used to like doing some writing about different events interesting to myself and mostly for myself. One day "Mac" said to me "how about writing your version of the story told about 'The Marooning of Jerome'." I had heard and read at least two somewhat different stories about the man who was found marooned on a beach at some point on the French Shore of St. Mary's Bay, Digby County. When found this man's tongue had been cut out and his legs quite freshly amputated, were surgically well dressed and bound. He was presumably left by some vessel before dawn one morning, all for some mysterious reason.

"Jerome" appeared to have been a man of some considerable social standing and possibly of some considerable wealth. However the only thing the man could or would ever say after being found and cared for by some family in the French shore was, something that sounded like the word "Jerome". He either could not, or, would not, write anything about who he was or why he was left the way he was. Well, it was, and is, one of Digby County's mystery stories, and, different ideas have been expressed over the years concerning this man. However my response to "Mac" was, I felt no urge to write anything more or different about this man. The mystery seemed to have been very well explored in the mind of many people, and, he was a sort of curiosity for many people who visited where he lived for many years.

Three years later I was quite a bit older and was in the street that I lived back and forth, I had a boat clanking noise, powered by a small engine, and I was a "plur", and as I remember it, I was a "plur". "J.J." was noted for his sense of humor and his sense of humor.

### Digby 172 Years Ago

Compiled by David Sanford

From the files of the Courier of January 23, 1867, the following account has been copied concerning Digby in 1800.

"Among a number of old newspapers kindly sent to us by friends is a copy of the Saint John Gazette of May, 1802, says the Telegraph and among other advertisements contained in the issue before us is one describing the town and township of Digby, and offering for sale certain lots in the town. In this area we are told the township of Digby extends from the Gulf of Annapolis westward to the extremity of the province of Nova Scotia, and contains about 130,000 acres." The town plot is thus described:

"The Town Plot is situated at the east of the township just within the entrance to Annapolis Basin, and twenty miles from Annapolis Town, and six miles across land from the head of St. Mary's Bay. This laid out from the water's edge, partly on level ground and partly on the declivity of a modern hill, dry and pleasant, and having with an eastern aspect, a view of the Annapolis Basin and its cultivated shores for twenty miles in where it terminates with the Fort and River's mouth of that name. It was settled by Loyalists from New York in 1783, the most of whom went early to farms, or, moving to older countries, left the whole

side to be bought proved by about who now reside detached, built dwellings with orchards, and some fishery and. It has communal parts of the communal provisions in a cheap, built readily to be from many circumstances, probability of place of some shipbuilding, the West India a cheap and of residence.

This advertisement, dated at Digby, December, 1800, were to be a No. 100.

free trade with the U.S.A., especially with the New England States. The question was then debated by some Digby High School students one of which was some Digby's daughter, Florence (now Mrs. Melvin O. Tibert, Freeport, Digby Co.) Some days after the debate a man from some part of Nova Scotia came to the printing shop looking for Florence, one of the successful debaters; I had the impression that this man was interested politically but, maybe I was wrong.

Well, I felt that I had learned considerable from my short experience at "The Wallis Job Print". I was learning to do beginner jobs, receiving some knowledge about things like: embossing, stapling, perforating, counting, cutting and trimming paper stock, mixing inks for certain desired colors, and so forth, but, the only experience I had at setting type was just enough to make a "pi", the printers name for a confused mess.

There was a taste of trying to sell job printing outside the plant. Work was a little slack one early fall day and so "Mac" said to me, "how about trying your hand at taking orders for printed personalized Christmas cards?" I tried it, made several calls around town, spent most of the time at one particular house, and got an order, but,

## What is a Backache?

IT IS NATURE'S WARNING TO WOMEN

Diseases of Women's Organs Cured and Consequent Pain Stopped by Lydia E. Pinkham's Vegetable Compound.

"It seems as though my back would break. Women after these words over and over again, but continue to drag and suffer with aches in the small of the back, pain for down in the side, 'bearing-down' pains, nervousness and no disposition for any work."

They do not realize that the back is the main spring of woman's organism, and quickly indicates by aching a diseased condition of the female organs or kidneys, and that the aches and pains will continue until the cause is removed. Lydia E. Pinkham's Vegetable Compound has been for many years the most effective remedy in such cases. It cures female organs and kidneys, restores the system and restores the female organs to a healthy condition.

Dear Mrs. Pinkham:—  
I suffered a long time with female trouble, having intense pains in the back and abdomen and very sick headaches every morning. I tried many remedies and nothing did me any good. I began to feel better when I took your Compound and I got no more relief. My recovery was slow but it was sure, and I never regretted the money spent for the Compound as it brought me back to good health. It seems to be a medicine especially adapted to the use of our sex and I am glad to say a good word for it. Mrs. Albert Mann, 14 Gore's Ave., Toronto, Ont.

No other person can give such helpful advice to women who are sick as can Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, of Lynn, Mass., and her advice free.

**Baby Drowned in Pail Of Water**  
 PARRY SOUND, July 8.—An eight-months' old son of Moses Schmidt of the Conger township, a short distance from this place, was drowned Saturday afternoon in a pail of water.  
 The mother put a small quantity of water in the pail and went for hot tea, leaving the boy, which had just begun to walk, in the room, and on her return she found that the baby had turned inside out headfirst.

**Summer Complaints.**  
At the first sign of illness during the hot weather give the little ones Baby's Own Tablets, or in a few hours the trouble may be beyond cure. Baby's Own Tablets is the best medicine in the world to prevent summer complaints if given occasionally to well children, and in a promptly cure these troubles if they come unexpectedly. But the prudent mother will not wait until trouble comes—she will keep her children well through an occasional dose of this medicine. "The Tablets ought, therefore, to be kept in the house at all times," Mrs. Chas. Warren, Nevis, says. "My little boy was greatly troubled with his stomach and bowels, but a few doses of Baby's Own Tablets wrought a great change in him. I would not be without the Tablets in the house." Sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**Record Exodus of British Settlers.**  
NEARLY 30,000 SAILED FOR THE DOMINION FOR THE MONTH OF MAY.  
MONTREAL, July 5.—The Canadian Associated Press special cable says: The Canadian relief team sent by the Royal Maritime Steam Navigation Co. to the island of St. Vincent, St. Vincent and the Grenadines, made 96 calls. The Canadians also made a friendly match with the Uganda team.  
The Daily News publishes an interview with a leading ship owner whom it asked if the white labor clause difficulty might not lead to the adoption of an all-British route for carrying the Australian mails. The shipowner answered in the negative. Steamships he says cannot live by mails alone, except at almost prohibitive cost to the authorities, and he emphasized the transshipping difficulty in connection with goods and passenger traffic and the coaling question on the Pacific route.

**GRANT BRITISH EXODUS INTO CANADA.**  
Twenty-three thousand eight hundred and forty-two British emigrants sailed for Canada during May.  
Sir Wilfrid Laurier had an interview with Lord Elgin yesterday. The Lord's London correspondence says: Sir Wilfrid Laurier and Hon. Mr. Fielding are much occupied here by furthering the All-Red mail project, details of which are now being considered by a committee of the British cabinet, despite the opposition from a group of extreme radical free traders in parliament.  
Sir Wilfrid fully expects to take back with him to Canada on July 12th, the British Government's assent to pay one half of the necessary subsidy for three twenty-five knot Atlantic liners. The proposed syndicate with which Lord Strathcona and Hon. Clifford Sifton would then presumably immediately get to work ordering steamers, etc.  
Sir Wilfrid is making great use with the British ministers of the British government's guarantee to the Canadian line. He argues: "If you do this for a line to a foreign port, will you do less for a British line to a British port, which will make this a link in a great empire-binding scheme. Meanwhile Sir Thomas Troubridge and other members of the Blackstock-Halifax scheme were sailing today upon Lord Elgin, colonial secretary. They attach great importance to the fact that Mr. Birrell, as Irish secretary, strongly urged that Ireland be brought into the new empire plan. The Blackstock railway and harbor bill has now passed all except the purely formal stages in the House of Commons where it received the full support of the Irish Nationalist and other representatives.  
The attitude both of the British and Canadian governments is that questions of ports and routes must be left to the contractors, whoever they may be.

**Through Straits of Belle Isle**  
MONTREAL, July 10.—The first passenger boat to come through the Straits of Belle Isle this season arrived in port yesterday. The Athenia, of the Donalson line, made the northern passage, and Captain McNeill reports a fair passage, with conditions favorable coming through the straits, although there was some fog. The Athenia brought over a large number of prize horses. Messrs. Reid, whose steamers carry by far the largest number of horses both to and from Canada, stated yesterday that horses were now very scarce in Canada, and prices had gone up. This was due to the great drain of the South African war, and to the large number of horses which are being shipped to South Africa. Many are shipped also to London and Glasgow for omnibus and cab service. Now the tide is turning, and there is a large increase in the number of horses, hackneys and clydes shipped to Canada for stud purposes, some of which run into hundreds of pounds in value.

**Record Sentence For Errors.**  
A grammarian was talking about grammatical slips that, through their magnitude, merited immortality. "There is one sentence," he said, "that has lived for a hundred years on account of its tremendous incorrectness. In this sentence every single word is ungrammatical. It's hard to beat that, isn't it?"  
"The sentence was spoken by a little girl in a sheep pasture. Looking at the flocks, she said to the shepherd: 'If there sheeps youn?'"  
"This sentence, with every word in correct holds the record in its class."

**Two Men Drowned**  
BOSTON, Mass., July 7.—Marcellus B. Walton of 21 Mead street, Southerville, was accidentally drowned while canoeing with a companion in Spy Point today. The two had been bathing and were fooling in the boat when it tipped over, Walton being pitched into the mud in shallow water. When he came up his head and face were so filled with mud he could not breathe and he sank and was drowned. He was 20 years of age.

**Two Men Killed.**  
NIAKARA FALLS, N. Y., July 11.—As the result of a bar room brawl, Edward Little, more familiarly known as "Big Ed," is dead and his pal, Patrick Moakler, George Hillman, Thomas Donahue, and three negroes, one waiter and the other two women are under arrest.  
Duty is directly charged with the murder of Little and the others are held as accessories or witnesses.  
"Umph!" grunted the Big Chief Gunshaw, as he calmly watched a crowd of cowboys on a rampage. "When paleface brags gets full of freewater he act like injun."  
"And how does the injun act when he gets full of freewater?" asked the stranger.  
"He acts like paleface."  
"Does, eh?"  
"Yes, he play cards, spends all his money."

CAPITAL, 500,000 SHARES—PAR VALUE \$1.00 PER SHARE  
FULLY PAID AND NON-ASSESSABLE

First Allotment of 50,000 Shares at Fifteen Cents per Share  
Our Option on this small block of Underwriters' Stock expires August 6, 1907—Subscriptions Post-marked

Do you realize that investments of a hundred or a thousand will grow rapidly into hundreds and thousands and millions of dollars? The over-optimistic and skeptical will smile; they will laugh at these predictions; some will even consider this a joke—but remember COBALT, if you please, two or three years ago? Then it was a "vision," it was a "dream," a "hash in the pike," a "bubble," somebody was "crazy," but now it is different. These crazy men are now numbered among the smartest and keenest business men of the day. The actual value of a few mines are worth at the present time more than one hundred millions of dollars. These are facts.

In presenting this investment for subscription we appeal to the good judgment of sensible persons as to its merit.

It embodies, we believe, a correct method for developing and establishing successful and paying mining enterprises.

We desire to conduct, first of all, a successful Mine Development, and then to develop the mine property that will be absolutely fair and honest, and bring the largest profit possible to those who cooperate with us.

We, therefore, desire this proposition to be well understood by investors. We wish it to be known that we are not a speculative company, but a company that will establish and operate a dividend paying Mining Company by paying dividends to its investors.

THE PLAN.—The plan involved in this proposition is that of a limited number of persons who will subscribe for shares of the company, to be used in acquiring and developing Mining properties in the West.

THE PRINCIPLE.—The principle involved in this proposition is that of a limited number of persons who will subscribe for shares of the company, to be used in acquiring and developing Mining properties in the West.

**THE FIRST IS**—That we carry more but thoroughly dependable goods than of the highest grade and best quality.

**THE SECOND**—That our prices are as low as the best can be made and we are more for the customer than the customer can be for the merchant.

**THE THIRD**—That the Metropolitan is a store where you can get the goods and the service guaranteed. We have the very best of both.

**All Weak Women.**  
WILL FIND NEW HEALTH AND STRENGTH IN DR. WILLIAMS' PINK PILLS.

The weak woman can depend upon it that her blood is out of order, for if her blood is rich and pure she will be strong, healthy and happy. But blood is the cause of nearly all the aches and pains from which women suffer. Keep the blood rich and red by the use of Dr. Williams' Pink Pills, and suffering will not exist. Mrs. James R. Kratz, of Jordan Station, Ont., has tested the value of these Pills and strongly advises other women to use them. She says: "For more than a year I was a great sufferer from weakness. I was completely worn out. I lost flesh, could not rest at night, and in the morning I arose more tired than doctors' treatment with no benefit. I grew worse day by day and was bending to look upon my case as hopeless when I was advised to try Dr. Williams' Pink Pills. To my great joy before I had taken the pills a month they began to help and by the time I had taken eight boxes every symptom of my trouble had left me and I was once more enjoying perfect health and strength. I look upon Dr. Williams' Pink Pills as a veritable life-saver and never lose a chance to recommend them to my friends."

The success of Dr. Williams' Pink Pills is due to their power to make new, rich red blood. This new blood strengthens the nerves and gives nourishment to all the organs of the body, thus curing anæmia, indigestion, neuralgia, rheumatism, nervous debility, headache and backache, and all the secret ailments of girlhood and womanhood. The Pills are sold by all medicine dealers or may be had direct at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**His Name.**  
"Who is that long-haired fellow?" "That's the long-haired fellow," he's making a name for himself. "I should think he would. If my parents had given me a name like his I'd have started to make one for myself at once."

**Destructive Fire at North Bay.**  
SEVERAL STORES WIPED OUT AND THE LOSS IS ESTIMATED AT \$10,000.

**NORTH BAY, Aug. 2.**—Fire broke out at 10:30 this morning in the business section and burned till two o'clock. The large hardware store and block of John Richardson and Company is a total loss. J. W. Smith's drug store in the Gilmour block is wiped out with the store of T. M. McLean, the tailor shop of J. H. Campbell and the office of G. H. Gilmour, real estate dealer, besides the contents of furnished rooms.

The fire was not checked until one o'clock, when the Gilmour and Richardson blocks were smouldering heaps of debris. It originated from the gasoline used in cleaning garments, and Mr. Campbell was seriously burned, his clothing being ignited.

The firemen worked heroically in the blinding smoke and blistering heat and succeeded in preventing the flames from spreading to the Purvis block adjoining.

The Richardson block was valued at \$50,000 with \$4,000 insurance, divided between the Guardian, Globe, Union and North British and Mercantile Companies.

J. W. Richardson's hardware stock was valued at \$25,000, insurance \$14,300, divided between the Guardian, Canadian, Sun, Commercial, Union, Ottawa, Norwich Union, Home, Montreal, Canada, North British and Mercantile, Atlas.

The Gilmour block, owned by J. E. Gilmour, was valued at \$6,000. The insurance is \$4,000 in the Monarch, Loyal Mutual and Standard.

**Lots of Gold in the Klondike.**  
THERE IS STILL A GOLDEN HARVEST TO BE GATHERED FROM THE GRAVELS.

OTTAWA, Aug. 2.—There is still a golden harvest to be gathered from the gravel of the Klondike Valley. The Government has completed an examination and survey of the gold-bearing gravels of both high and low levels. It is estimated that in the neighborhood where gold is known to exist, and from which gold to the value of \$94,750,000 has been taken by crude placer methods, there are over \$58,512,000 which may be recovered at a profit by hydraulic mining, dredging, and other advanced methods of gold recovery. The examination was made by Mr. McLean, of the geological survey, assisted by Joseph Keefe, Geologist and F. H. McLaren and F. O'Farrell photographers. The estimate does not cover the dredges on the Indian River slope which have produced gold to the value of \$21,250,000, making the total output of the Yukon District \$110,000,000 to date.

It is estimated that there can be eight to \$10,000,000 of gold recovered from these gravels, making the certain future output of the gravel gold from the Yukon over \$65,000,000.

**The Canadians in the Lead.**  
PRINCE OF WALES CUP AND LONDON-DEBUT CUP REMAIN HERE.

OTTAWA, July 3.—The Prince of Wales cup and the London-debut cup remain in Canada and the aggregate of the two days' shooting shows the Canadians to be ahead by 75 points. In the field competition the N. A. A. team scored 640.01 and the Canadians 624.06. In the heavy scores the N. A. A. scored 507 and the Canadians 608; total, Canada, 1,234.06; Britishers, 1,069.91. This is the third consecutive win of the London-debut challenge cup by the Canadians, the previous dates being 1886 and 1896, the Prince of Wales cup is a special prize given for the best aggregate in the two days' exercises, the result would have been even more emphatic had it not been that the Canadians in the field competitions had one gun put out of action.

No substitute has ever been devised that gives quick, painless relief of Putnam's Corn Extractor. For fifty years it has been unexcelled. For safety and thoroughness it is the only one.

—A lady, intent on raising some chickens, purchased some eggs for the purpose. She inquired of a friend how long the eggs should remain under the hen, and the friend replied: "Three weeks for chickens and four weeks for ducks." Some time after they met again, and the friend asked how the chickens turned out. After three weeks, the lady replied, "I looked and there were no chickens, so I took the hen away, as I didn't want ducks."

—An American artist who possessed a strong sense of humor went through a millionaire's stables. The floors and walls were of stoneware, white tiles, the drinking fountains were of marble, there were mahogany mangers, silver fittings and so forth. Well, said the artist, "I can think of nothing said the artist, except a sofa for each horse!"

**SUNSHINE FURNACE**  
NO BENDING DOUBLE AND POKING AROUND THE ASH-PIT WITH A SHOVEL TO GET THE ASHES OUT OF THE SUNSHINE.  
The Sunshine is furnished with a good, big ash-pan. All you have to do is to grasp two strong, firmly attached, always-cool, bale handles and the large, roomy ash-pan easily comes out. A minute or two is all it takes to perform the operation. All the ashes are in the pan, too. Because they are guided into it by means of ash-chutes attached immediately below the fire-pot. Sunshine is the simplest, easiest-managed, cleanest kind of a furnace. You don't have to wear overalls and a smock when attending to the Sunshine. ### The Minister's Fee.

A New England clergyman tells of a wedding fee which lasted ten times as long as the ceremony.

The wedding was that of a rich man's daughter to an elderly bachelor who was ready in need of just the caring he would receive from the widow's hand. The wedding was a

to him and whispered: "I sent Henry over with your fee half an hour ago. He wasn't in a position to give you one, but I told him he could lug it over and that would show his good will. I hope you'll like it."

# MID-SUMMER Clearance Sale

Clarke Bros.

Commencing August 9th  
Closing September 9th  
1907

At this season of the year we find our assortments broken in many lines we do not care to replace as it is late in the season. Our way is to clear out all such lines at a sacrifice, in order to have what money they represent to invest in new goods in the fall. You do not find something in the list below that would fill a present want, many of the articles mentioned will be profitable to buy at these prices against future needs.

We offer 20 per cent. discount on Lace Curtains 2 1/2, 3 and 3 1/2 yds long.

Mr. Annie Yarnall and son Carrol, are spending their vacation at the home of Mrs. Yarnall's parents, Mr. and Mrs. J. L. Soles.

Mr. and Mrs. Charles German, formerly of this place, but now residing in Newton, Mass., are guests at the Harbour View House.

Mr. Wm. McGregor has recently purchased a nicely located building lot from Mr. Herbert Woodman and will erect a summer cottage on it.

Our school house has been improved very much during the past week by a double coat of paint, and now presents a very neat appearance.

Rev. Wilbur G. Chaffee, pastor of the Fairbank M. E. church, of Malden, Mass., with his wife and two children, arrived here on Sunday.

Mr. Charles Gillis, formerly of this place, but now of Dorchester, Mass., with his wife and two sons have been amongst the guests at Harbour View House.

Capt. Alfred Spurr, of Gloucester, Mass., with his daughter, Mrs. Frank J. Monson, and her little girl are stopping at the Highland Cottage.

Mr. Charles Gillis, formerly of this place, but now of Dorchester, Mass., with his wife and two sons have been amongst the guests at Harbour View House.

Capt. Robert Austin, proprietor of the dunes hotel at Little River, with his wife and two children, arrived here on Sunday.

Mr. and Mrs. Austin are spending their vacation at their home in this village.

Mr. Dykeman and family, who have been spending their vacation at their summer cottage here, returned to their home at Middleton early last week.

Sunday evening Mr. Dykeman conducted a very interesting service in the Baptist church here.

A successful meeting of the Mission Band was held at the Baptist church here Sunday afternoon, Aug. 11th, under the leadership of its efficient president, Mr. Herbert Woodman.

Mr. B. F. Chase, of Annapolis, Knott, gave a very interesting talk to the ladies of the Cove, on the subject of "The Missionary's Work," followed by music and missionary readings.

In the absence of Rev. Mr. Glendon, our Methodist pastor here, who is one of the speakers at the Berwick Camp meeting this year, Rev. Mr. J. D. Spurr, of Annapolis, Knott, filled the pulpit Sunday afternoon, Aug. 11th, and gave an exceptionally interesting and instructive address on the influence which Christianity is having in the moulding of that progressive country.

The school opened here Monday of this week. Miss Best, the teacher of the advanced department, returns for a second year. Miss Trevelyan, the teacher of the primary department, being unable to return, her place will be taken by Miss Duval, of St. Mary's Bay. Miss Best will be greatly missed from this place as she has been very helpful in church, Sunday School and temperance work.

It's this a great cherry country, was the remark made recently by one of our friends on the first of our excursion to the village and no wonder for the first cry that had greeted her ear on her arrival in Digby was "cherries!"

Mr. and Mrs. J. D. Spurr, of Annapolis, Knott, had had them on the table for dinner and now as she passed along the street on every side could be seen the red and white berries laden trees; while men, women and children were picking the tempting fruit, and carrying them to be put under the trees. One might travel thousands of miles without seeing another such interesting sight. Truly we are a favored people.

Where We're Our Bestmen!  
To the Editor of the Courier:  
DEAR SIR:—Last Saturday, a party of us were cruising about the Basin in the "Yacht," Capt. Dainin, and Smith's Cove, being in charge. About 10.30, we were directed to a point in plain sight of scores of people along the water front, suddenly our boat broke, about 8 ft. above the water, and was dropped into the water, carrying with it our mainmast and a lot of rigging. (I have but limited knowledge of sailing, but will attempt to give a brief account of what happened.)

Our sail dragged, the yacht wallowed in the trough of the wave, moderately heavy sea in the words of the yellow-bellied novel, all was confusion. We struggled for several minutes to get on our feet, but without success. Finally Capt. Rice, at the general suggestion of the party, ordered the yacht to be hoisted by a derrick, and in about five minutes the yacht was hoisted and the accident was over.

**Anemia Cured.**  
 Dr. Williams' Pink Pills have cured the blood of many a sufferer from anemia. The blood is the life of the body, and when it is weak, the body is weak. Dr. Williams' Pink Pills are a powerful blood purifier and restorer. They are made of the finest ingredients, and are guaranteed to cure anemia in all its forms. The following is a true story of a cure:

To build into perfect womanhood the growing girl must carefully guard her health. Unless the blood is kept rich and pure, headaches, backaches, and frequent dizzy spells will trouble her. She will always be in a state of nervousness, and her body will be a prey to all sorts of ailments. Dr. Williams' Pink Pills are a never-failing remedy in building up the blood. Just a short time ago the reporter of this paper, the Rev. Mr. Jones, in the town of St. John, Que., there is an orphan asylum under the care of those who were cured by Dr. Williams' Pink Pills. For some months two of the young girls in the house were afflicted with anemia. The symptoms in both cases were very much alike. They were both pale, lost all energy and were subject to headaches and dizziness. Dr. Williams' Pink Pills were given them, and soon there was an improvement in their condition. The color returned to their cheeks; their appetite improved; headaches ceased and soon good health took the place of ill health. What Dr. Williams' Pink Pills have done for these two orphans—Marie Lavie and Dora Brooks—they will do for all the children of the orphan asylum. Dr. Williams' Pink Pills are curing anemics, fits in their power to make new, rich, red blood. That is why they strike straight at the root of all anemic ailments like headaches, sick headaches, rheumatism, neuralgia, indigestion, anæmia, St. Vitus dance, partial paralysis and the special ailments that afflict almost every woman and growing girl. Dr. Williams' Pink Pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

**Dainty Window Curtains.**  
 One can have much prettier window curtains and with the expenditure of less money by making them oneself than by buying them.

Two pairs of beautiful curtains for a bedroom or a dining room window may be made of bobbinet with lace, tulle, or flannel. They are hemmed on both sides and cut with a three-quarter inch hem, but the tulle, which is rather coarse, is run in and out through the holes in the net, three or four rows to give the appearance of a wider hem.

**Doan's Cotton Root Compound**  
 The Great Urinary Tonic and Blood Purifier. It is a powerful remedy for all urinary ailments, and is guaranteed to cure them in all cases. It is made of the finest ingredients, and is guaranteed to be pure and safe. The following is a true story of a cure:

Death of Mrs. Sarah Mullin.  
 Mrs. Sarah Mullin, of Weymouth, Pictou, died on Monday morning, after a long illness. She was 65 years of age, and was a devoted mother and wife. She had been ill for some time, and her condition was very bad. She was taken to the hospital, but she died there on Monday morning. Her death was a great loss to her family.

**PANDORA RANGE**

A convenience much appreciated by every owner of a Pandora is the towel rod attached to the range. As one-third of the rod is made of emery, it makes a splendid knife sharpener, too.

It's always there handy for you. You need waste no time hunting around for the easily misplaced "steel." Bright idea, eh?

An accurate thermometer is a reliable guide to successful baking, while an inaccurate one is a "cheat" of the worst kind.

Every Pandora thermometer is carefully adjusted and undergoes a practical test by heat—being run correct before being sent out.

The figures, which show the required degree of heat necessary for the successful baking of bread, cakes, pies, etc., are plainly inscribed in black on a white enamel surface, so that they are easily readable, even when the day is dull.

If your local dealer does not sell the Pandora, write direct for free booklet.

To very few men is the privilege given of witnessing such a celebration as that of which Mr. McClary, of London, was the centre during the week that ended on July 13th. For during that week a series of splendid jubilees marked what was the sixtieth anniversary of the McClary Manufacturing Company.

**Gourlay Pianos**  
Are More than Merely First-class  
From the point of view of the market a piano may be so excellent in construction and style as to be truthfully denominated FIRST-CLASS, and yet it may lack that soulfulness of tone and "loveliness of design" which bring culture and happiness into the home.

**Gourlay Pianos**  
are the exponent of the highest excellence in the master art of piano building. Beautiful to look upon, responsive and eloquent to the touch, melodious and soulful in tone, the "Gourlay" irresistibly attracts the members of the household and answers the demands of the player in a manner that inspires the purest music.

**It Is Just as Good as You.**  
The latest popular song, as sung slightly by the phenomenal hit of the Grand Opera House, New York: One day upon a city street a little maiden:  
A daily note of fashion in a stolen gown arrived:  
And about her neck and frolicked in a happy childish way:  
Another maiden crossed the street to join her:  
"You are away, for you can't play with me!" she said:  
"Your sister's rich like mine!" she said:  
And the disappointed little maid stood and hung round the mother of "Miss Richer" to her little daughter said:  
"The little girl as good as you are, don't you make her feel ashamed:  
Altho' her clothes are common, for they are not so bad:  
She's mother's only daughter, and their father loves her too:  
Remember that you're rich, that she is just as good as you!"

**Be a Strong Man.**  
Increase your vitality and nerve energy, restore and add force to your overworked body. Ferme will do this for you. Walter Wood, Westport, N.B., writes: "I can say for Ferme I have given me a new lease of life. A year ago I suffered from nervous exhaustion. I was scarcely able to do my work. I was unable to get on my feet. I was unable to get on my feet. I was unable to get on my feet."

**To Clean Copper Kettle**

Copper kettles and indeed copper utensils of all sorts are often very hard to clean. A good method is to cut lemon in half and rub over the kettle with it. After a thorough rubbing the kettle could be carefully rinsed with clear cold water and given a final polish with a soft cloth. Never attempt to polish copper cooking utensils with the preparations used for brass, etc., but simply rub them well with woolen cloth. Dry them thoroughly after washing, as they gather rust very easily, and it is almost impossible to remove.

WELL-KNOWN BAPTIST MINISTER  
ES AWAK

St. Joins, September 12, 18  
H. Hughes, one of the prom  
ment of the Baptist den  
the maritime provinces, died  
at his home in Indianow, S  
and

was found dead in the bath with his wife.

Rev. John Hughes was born John March 12th, 1830. The year of his life was spent in his father's office. He was ordained in the Baptist ministry as pastor of Hillsboro in 1857, where he served for a single year. Other pastorates filled were in Luck, Alton, and East Hillsboro. He has had notice in the religious ministry, not staying churches of these provinces, however. He was twice married, leaving a wife and three children.

[The deceased was at one time pastor of the Westport and Green Bay churches, and with the many of the residents in the west of the county.]

The Digby merchants who were not already closing their stores three nights every week, have fallen in line with our suggestion of a few weeks ago, and, commencing with Monday, Sept. 24th, all places of business will be closed at 6.00 p. m. Mondays, Wednesdays and Fridays. This will be strictly carried out to the merchants themselves, and we venture to predict that those, if any, who continue to keep open every night in the week will do very little business on early closing nights, for public sympathy is with the merchants who give themselves and their clerks, at least three evenings in the week, a chance to rest. We wish to impress this change on those who reside out of town, so they will not expect to find business on Mondays, Wednesdays and Friday evenings. Come any other time you like and you will find the general merchants and their staff of obliging clerks ready to supply you with a good line of goods at reasonable rates considering the high prices which prevail throughout the province and elsewhere.

**Wedding at Thorne's Cove.**

The home of Mr. and Mrs. John Holmes was the scene of an interesting event on Wednesday, Sept. 26th, when their eldest daughter, Laura, was united in marriage to Mr. John W. Casper, Victoria, B. C. The ceremony took place in the presence of about 200 guests. The bride, Miss Laura Holmes, was dressed in a beautiful gown of white satin, and carried a beautiful bouquet of white flowers. The groom, Mr. John W. Casper, was dressed in a suit of dark cloth. The wedding was a most successful one, and the bride and groom were both very happy.
