DIGBY WEEKLY COURIER

Digby, April 5, 1912

Digby's All Night Telephone Service.

THE WORK OF INSTALLING THE NEW PLANT ABOUT COMPLETED.

During the month of March Digby's telephone central and the entire plant around town were the scenes of busy times. Mr. H. W. Rafuse was occupied with the installation of new phones; Mr. A. A. Cross, line foreman, had with him Messrs. Geo. Rice and F. F. Carey, who, we can assure their employers, never lost a moment in stringing wires, changing cables, etc. In fact, 11 new phones were installed in less than a month; the total number of new ones will reach exactly 50, when everything is connected.

Mr. D. A. Rickards is in charge of the night service and is also kept more or less busy during the day looking after any trouble that may occur among the local instruments or on the various lines around town which enter or extend from the central.

The day operators are Miss Mabel Holdsworth and Miss Goldie Wright, who are on duty until 10 p. m., after which Mr. Rickards is there until 7 a. m. Digby people appreciate the night service very much and would not go back to the old system for any consideration. It would, of course, prove far more efficient if our neighboring towns, such as Annapolis, Bridgetown, Kentville and elsewhere would also secure a night service.

When Digby's Board of Trade advocated this improvement they found Mr. George Freeman, the district superintendent of the Valley division of the Maritime Telephone and Telegraph Co., willing to do everything in his power to grant the Committee, appointed by the Board, what they asked for.

At present the night operator goes off duty at 7 o'clock Sunday morning. The day hours are from 9 to 10 in the morning and 130 to 230 in the afternoon, the night operator going on duty again at 10 p. m.

During the summer tourist season, the Sunday service will be from 11 to 11 a. m. and 1 to 4 p. m. This will be appreciated by our summer visitors and hotel proprietors the majority of whom have always complained that Sunday was one of the busiest days, especially during July and August when teams and boats are in so much demand.

Notice to Digby Hotel Proprietors.

The Committee appointed by the Town Council of Digby to expend the trial amount of \$300.00 in advertising will use part of the money to issue 5000 6 page leaflets giving information of interest to prospective residents, investors and visitors.

A list of Digby hotels and boarding houses will be included. To insure correct and complete list, the proprietors of such places are requested to write H. L. Dennison, Town Clerk, stating (1) the name of their house, (2) number accommodated, (3) rates by day and week. This information must be mailed before the 10th of April, otherwise it may be omitted. Don't let somebody what to say, - write it. Verbal statements will not be inserted.

A limited number of the leaflets will be supplied free of charge to those who write the Town Clerk stating how many they will agree to mail to out of town people.

This advertising is a matter of interest and profit to every resident of Digby. It is the people's money we are using, and the advertising committee requests the co-operation of all in securing big returns for the small outlay. Suggestions, if in writing, will be gladly received up to April 10th.

O. C. JONES, Chairman Advertising Committee.

The W. N. S. Y. C. First Annual Dance.

Everything will be in readiness in the Bijou Dream Monday night for the Western Nova Scotia Yacht Club's first annual dance. The music will be furnished by the Digby orchestra, Mrs. H. E. Jones, Mrs. F. W. Nichols and Mrs. H. B. Churchill have kindly consented to act as chaperones. The floor manager will be Mr. H. B. Churchill, proprietor of the Pines Hotel.

Refreshments will be served during the evening. The committee has taken special interest to provide for a pleasant evening and we feel sure that the event will be a successful one.

Mount Allison Won

An interesting debate took place at Sackville last week between Acadia and Mount Allison Universities, the latter winning. The subject for the debate was as follows: "Resolved that Canada should contribute financially to the British Navy, rather than build and maintain a navy of her own in accordance with the Naval policy of the late government."

Among those on the team of the winning side was W. T. Ruggles, son of Mr. Lenfest Ruggles, for a number of years principal of Bear River Academy.

Successful Social

Notwithstanding the unpleasant weather on Tuesday evening, a large company gathered at the Methodist church social which was held at the home of Mr. Oscar Morgan, Smith's Cove. After some kindly words of welcome by the pastor, Rev. L. Daniel, an excellent program, consisting of music and readings, was rendered. The readings by Mrs. Morgan and Mrs. Thomas and the solo by Mr. Holder, of St. John, were much appreciated. The offering taken in aid of the church, amounted to \$12.00.

Another Good Show For Digby.

Mr. J. F. Cripps, the enterprising manager of the Bijou Dream, has engaged one of Mr. C. R. Reno's companies, to present "Along the Kennebec" in Digby on Tuesday evening, April 23rd. This is one of the best shows on the road and while Mr. Cripps has been unable to secure this company for a Saturday night (Digby's best show night), we trust that a big audience will be present on Tuesday evening, the 23rd inst.

Improvements in the Bijou Dream

The Bijou Dream, which has been closed during Holy Week, will be opened next week with many improvements, among which is a new velvet drop curtain containing Mr. Cripps' monogram. The whole building has been revived by the proprietor, new switches and the most modern electrical apparatus installed.

The walls will be tinted later and the woodwork painted.

OF A LOCAL NATURE

Little Paragraphs Which Tell of the News Around Town

NEWS GATHERED DURING THE WEEK AND RECORDED IN BRIEF FOR THE BENEFIT OF THE PUBLIC IN DIGBY AND ELSEWHERE.

—Rev. T. S. Roy will preach at Roxville on Sunday afternoon at 3 o'clock.

—The local House of Assembly adjourned Wednesday until after Easter.

—There will be services in Holy Trinity Church at 11 o'clock this morning and at 7:30 to night.

—There will be Easter music with special sermons in Grace Methodist Church next Sunday.

—The initiatory degree will be conferred on several candidates in the local lodge of Oddfellows tonight.

—Tuesday and Wednesday's snow storm again spoiled our streets which had become quite dry and summer-like.

—The Church of England synod meets in Halifax next Tuesday. Among those in attendance from Digby will be Rev. Wm. Driffield.

—Mr. B. W. Turnbull, Digby, informs us that he has received 15 good eggs in one day from 11 hens.

—This is good Friday and it is being observed as a general holiday throughout the town, all the principal places of business being closed.

—Rear Commodore Cripps' many favors extended to the Western Nova Scotia Yacht Club are much appreciated by its officers and members.

—Owing to a rigid enforcement of the Scott Act in Annapolis, the hotels are closed, which is a great inconvenience to the travelling public.

—The ladies of Holy Trinity church will hold their annual garden party and festival on the rectory grounds Wednesday afternoon, July 31st.

—Don't forget the public dance in the Bijou Dream (I. O. O. F. Hall) next Monday evening under the auspices of the Western Nova Scotia Yacht Club.

—Native strawberries were selling in Waltham, Mass., Thursday last at 20 cents each, at the annual fair of the Women's Alliance of the 1st Unitarian church.

—The subject of the Rector's discourse at Holy Trinity church Sunday evening will be "The Examination of the Evidence of the Resurrection of Christ."

—A number of the officers of King Solomon Lodge, No. 51, A. F. & A. M., were installed Tuesday night, a complete list of which will appear in our columns later.

—Don't forget the tea and fancy sale to be held by the young ladies of Holy Trinity Church in their hall next Thursday evening, April 11th. Tea 25 cents. Ice cream will be served.

—In the Baptist church next Sunday morning the subject will be "If Christ be not risen" in the evening "The Eighth Commandment." There will be special music at the evening service.

—The Teachers' Institute is in session in Middleton this week. Principal Hogg and his staff of teachers are in attendance from the Digby Academy and also many teachers from various parts of the county.

—Messrs. Evan E. and George Dunn have just completed an up-to-date open power launch for Mr. W. S. Troop, proprietor of the Manhattan Hotel, which will be used for carrying out tourists during the coming summer.

—St. George's Lodge, I. O. O. F., will attend divine worship in the Digby Baptist church on Sunday evening, the 28th inst. The preacher will be Rev. F. S. Poole, chaplain of Sunbeam Lodge, Middleton, and pastor of the Middleton Baptist church.

The Western N. S. Yacht Club

Another largely attended meeting of the Western Nova Scotia Yacht Club was held in the offices of the Maritime Fish Corporation Wednesday night at which a lot of important business was transacted, and several new members added to the list.

The Club has decided to lease Major Daley's building on Water street, opposite the Royal Hotel, and construct a boat slip from the south side of the building to low water mark, tenders for the building of which will be called for next week.

Secy. Holdsworth, chairman of the dance committee, reported that everything was progressing favorably toward making this event a big success.

A committee was appointed to decorate the hall.

Rear Commodore Cripps announced that Mr. G. Herbert Perry, one of the most popular theatrical managers on the coast, had offered through him, to have his company give a benefit night for the Club in the Bijou Dream about June 5th and would also present the Club with \$25.00 in cash. This kind of offer was heartily received by the officers and members and a vote of appreciation will be extended to Mr. Perry at once.

Mr. Cripps has also ordered and paid for a banner for the Club House, which will be manufactured by Mr. J. O. Dakin this week.

A Good Organist

On Sunday evening last in the Baptist church, in the absence of the regular organist, the organ was presided over by Mr. Paul Yates, the genial photographic artist of Digby. Very few were aware that Mr. Yates was so versatile, and his playing was a revelation, as well as a delight to the congregation. His offertory selection brought out the excellent quality of tones in the new organ, and at the same time revealed the control possessed by the organist. Members of the Baptist church and others present are deeply indebted to Mr. Yates for the musical treat given, and will be glad to learn that he has consented to play for the special Easter music to be rendered next Sunday.

Death of Mrs. Kelsey Denton.

Mrs. Kelsey Denton, an aged and highly respected resident of Little River, Digby county, died at her home in that village Wednesday night, aged 92 years. The deceased is survived by a husband, seven children and two step-children. She was a member of the Baptist church and took a deep interest in religious affairs. Her son, Mr. Kelsey Denton, Jr., arrived home from Montreal just a few moments before his mother passed away.

The funeral will probably take place Sunday, with interment in the Little River cemetery.

PERSONAL MENTION

Mr. W. S. Troop was in Halifax this week.

Miss DuVernet returned Saturday from St. John.

Mr. W. E. Tupper returned home from St. John Saturday.

Mr. George Raymond was a passenger from Boston Wednesday.

Mrs. C. A. Abbott was a passenger from St. John Wednesday.

Mr. H. L. Dennison, K. C., was a passenger to Halifax Tuesday.

Mr. A. Kinsella, of St. John, was a passenger to Digby Monday.

Mrs. G. L. Latouney was among the passengers from St. John yesterday.

Mrs. Geo. Lyach and Mrs. J. H. Robertson are in St. John this week.

Comm. T. E. G. Lynch was a passenger to St. John Tuesday, returning yesterday.

Mr. Edward Walker, formerly of Digby, was a passenger from St. John Saturday.

Mr. J. L. Peters, who has been in St. John this week, expects to return home today.

Mr. Mason Cains, who has been visiting his parents in Digby, has returned to Kentville.

Miss Mabelle Holdsworth, of the Digby telephone central, returned from St. John Monday.

Among the passengers from Boston to Yarmouth last week were the Messrs. Laura and Florence Melanson.

The Messrs. Helen and Mildred Robbings, of Rosaway, are guests of their aunt, Miss Ella Robbings, Maiden Lane.

Mrs. Leta Gavel and daughter Ruth, of Barton, spent a few days in Digby this week, the guests of Mr. and Mrs. Guy D. Dunn.

Mrs. May Turnbull and Mrs. L. M. Ellis and daughter Jennie were passengers to Westville, Pictou county, on Tuesday.

Westfield Beach items in St. John Standard: Capt. Charles E. Morrell, of Freeport, N. S., is visiting Mr. and Mrs. Seth Prime.

Mr. George Gilliat, proprietor of the Wigwam, Digby's well known post card shop, who is now in Portland, has recovered from his attack of appendicitis.

Mr. F. G. J. Comeau, one of the most popular officials of the Dominion Atlantic Railway Company, passed through Digby Wednesday from Yarmouth for Halifax.

Dr. Breck, author of "Way of the Woods" and contributor to several sporting magazines, passed through Digby Wednesday en route to Annapolis. He has a camp at Maitland.

We regret to state that Mr. W. J. Cahoon, who with Mrs. Cahoon was enjoying a vacation in Bridgewater, Liverpool and other towns along the South Shore, has been ill, but is somewhat better at present.

Wednesday's Halifax Chronicle: Rev. G. W. F. Glendonning returned on Monday evening from Leicester, where he has been visiting his brother-in-law, Rev. Dr. Shepherdson, who is ill with Bright's Disease.

I. L. Landsbury, secretary of Burdett College of Business and Shorthand, Boston, was in Digby Wednesday soliciting business and looking up advertising rates that well known and reliable institution. He left for Annapolis via the afternoon train.

Yarmouth Times: Sherman Simms, who for the past winter has been a quarter master on the steamer Boston, has resigned and left Wednesday afternoon for Dalhousie, where he has secured a similar position with one of the Great Lakes Companies.

Mr. Herbert Daley, the popular chief officer of the S. S. Calvin Austin, returned to his home in Culloden Wednesday, being ill. Mrs. Daley, who intended to take a trip to Boston, accompanied him home from St. John. His many friends wish him a speedy recovery.

Mr. W. A. Chute, the popular building mover, returned to Bear River Tuesday. He has completed the work of moving A. J. S. Cripps' and M. Webber's buildings and placed a new piece of foundation under Maj. Daley's building which will be leased to the Western Nova Scotia Yacht Club.

Mrs. J. A. Peters, has considerably improved in health and is now the guest of her son, Mr. Geo. H. Peters, Digby. Her daughter, Mrs. John G. Clarke, with whom she has been residing in Bowick, left this week for Medford, Oregon, owing to the illness of her daughter, Mrs. Joseph Leggett of that town.

Mr. S. I. Citron left last Saturday for East Boston, where he expects in future to reside.

Mr. Citron, who has been engaged in the picture business, has made Yarmouth his headquarters for 17 years. During which time he has visited all parts of Nova Scotia. His largest business, on the road, however, has been along Digby Neck, Briar and Long Islands and in Shelburne and Lunenburg counties, where he made a host of friends who will regret his departure to the United States. Mr. Citron is well educated in several languages and is an interesting speaker on all public subjects whether relating to Canada, United States or Europe. We wish him every success in his new home.

The People's Livery

Mr. W. W. Hayden has purchased from Mr. Harvey the business known as the People's Livery, First Avenue, opposite the railway station. This livery is well fitted with up-to-date rigs and will no doubt continue to get a big share of the business in this town which during the tourist season is a large one. We wish the new management every success.

Mr. and Mrs. Edmund C. Deveau left on Saturday, the 23rd inst., for an extended trip to the United States.

We are glad to report Mr. Ivan Pothier improving although he is still compelled to walk with a crutch and cane.

Mr. J. A. M. Deveau, Coucteur representative, and Mr. Edmund L. Deveau, merchant, were up to Meteghan Monday, the 18th inst.

Mr. Luke Bouché, Mr. Ambrose Martin, Mr. Stillman Deveau and Mr. Edmund Burridge left on Saturday, the 23rd, for the United States.

A new arrival at the home of Mr. Leonard Maillet Sunday, the 21st, a little boy under the name of Louis Joseph. Sponsors, Mr. Frank Maillet, of Woodvale, and Mrs. Peter LaBlanc, of Salmon River.

Mr. John S. Deveau has been tearing down one of the oldest houses in Salmon River, the old homestead of the late Henry A. Deveau, situated near the old Raymond mill. The house in question is a hundred years old having been built by a Mr. McCarthy then living at Salmon River, and afterwards hauled through the woods to its present site. Mr. Bernard Deveau found an ancient copper among the ruins.

The schr. Annie, Capt. Doucet, is in the harbor ready to sail for Boston. On account of wind and other conditions of the river and wharves, she may be delayed for some time. We are in crying need of federal assistance so as to extend our breakwaters that they may be of practical use to commerce and fishing. We hope our enterprising representative at Ottawa will

do his utmost to secure us aid in that move in the very near future.

Wednesday, the 29th inst., at about 2 a. m., we were visited by a severe thunder storm. The electric fluid struck the telephone wires and by that means entered Gullison Bros' store, scorching the woodwork of the windows. Happily it did not set fire for all Salmon River Corner would have fallen a prey to the flames. It also struck Tim Melanson's barn, tearing several splinters off the main door, and taking again to the telephone wires it completely wrecked them for some distance.

A Good Emulsion

This may seem an exceedingly simple thing to talk about, but its importance at this season of the year when the system is exposed to the frosts made upon it by our uncertain climate should not be underestimated.

The nutritive and reconstructive properties of Cod Liver Oil Emulsion are too well known to need any explanation here, sufficient be it to say that Jones' Emulsion includes all that is latest and best in Emulsion making and contains the full percentage of pure Cod Liver Oil.

An Object of Pity

That part of our nature which we call the emotional is much more highly developed in women than in men. They are more sensitive, more easily swayed, more sympathetic, more prone to be affected by the extremes of pleasure and pain, and these refined mental qualities, which are the source of suffering and sorrow, almost invariably make them objects of pity.

The continued existence of these women, engaged in the same old, old struggle, depends to a very large extent on the facility of the woman's mind, and the condition of the woman's organs, and when these fail, the woman is ordered or diseased the same mental qualities which are the source of suffering and sorrow, almost invariably make them objects of pity.

As these disorders are due to a disordered condition of the woman's organs, it is evident that to effect a cure these organs must be restored to their normal condition, in other words, the circulation, which has become constricted and stagnant in these parts, must be improved so that the waste matter will be expelled and the nourishment so badly needed be brought to these suffering organs. It is the waste matter, or broken down tissue, which is held in the stagnant blood vessels in these parts, that causes most of the suffering by oppressing the system.

certainly and as positively on all female troubles.

Dear Mrs. Currah—I am very grateful to ORANGE LILY for the change it has made in my life. When I conceived of its use, I felt I would be sure to find it before the year was out. The pain I suffered often made me wish for death, and besides I would have such fits of depression and nervous twitches that I would have to scream. I had the most distressing dreams for over two years, and had also used both Dr. Williams' Pink Pills and Dr. Williams' Blue Pills, but none of them seemed to reach my case. I felt some improvement after the first month's use of ORANGE LILY and have kept taking ever since. I do not feel that I am entirely cured yet, but I am so much better than I was that I am sure I will soon be entirely well. I sleep well and feel cheerful and happy, except that I am occasionally somewhat depressed, but these spells are getting rarer and milder. I have also noticed improved in appearance. Enclosed find \$1 for which please send me two boxes of ORANGE LILY and one of Dr. Williams' Blue Pills. I might add that the matter which used to be freely discharged, and which looked like a chicken's gizzard is becoming very small, and I imagine that this condition is pretty well restored. Am I not right in this? Your sincere friend, MRS. L. E. A.

Free to all Sufferers

In order to enable every woman suffering from any form of female disorders to test the merits of ORANGE LILY, I will send to everyone who will send me her address, or the address of any suffering friend, enough of the remedy for ten days' treatment, absolutely free. As this is worth \$1, it is only because I know that it must give relief that I make this free trial. Further, if any woman wishes expert medical advice, and will write me a full description of her case, I will submit same to the staff of the County Medical Institute, Detroit, Mich., and they will write her direct without expense to her. INCLOSE THREE 2-CENT STAMPS and address MRS. FRANCES E. CURRAH, WINDSOR, ONT.

A Sign of the Times

PEOPLE are becoming very careful about what they eat and drink. The preference for goods in sealed packages—especially in food stuffs—is now quite definite and becoming more so every day.

We must frankly admit that there are sound reasons for this preference. Food stuffs cannot be exposed to varying atmospheric conditions without losing both strength and flavor. Tea of all articles of everyday diet (excepting coffee, perhaps) needs protection most, and best merchants have been quick to appreciate the fact. So much is this the case that the selling of loose Tea in bulk will soon be a thing of the past.

RED ROSE TEA reaches you with all its virginal flavor, strength and purity. It is sealed in air-tight packages—dust and damp-proof. RED ROSE is a blend of the best Indian and Ceylon Teas. The former assures generous strength and richness—the latter that coaxing, delicate flavor, Qualities for which Red Rose Tea is famed. Ask your Grocer for the 40c. package of Red Rose and you'll get better Tea—Tea that spends farther—for the same money. You want "Good" Tea—well,

"Red Rose Tea is Good Tea"

Hard Coal Miners Strike

(HARD) WORKERS CEASED OPERATIONS MONDAY.

INDIANAPOLIS, IND., March 31.—No anthracite or bituminous coal will be taken from the mines of the country tomorrow by union miners as a result of the suspension, which went into effect at midnight tonight, due to wage troubles.

More than 40,000 miners, about 150,000 in the anthracite field and 250,000 in the bituminous, will take a vacation, which probably will last only a few weeks. Unlike strike conditions, the miners will leave pump men and others at work to protect the mines from flooding or other trouble due to a shutdown of the plants.

The bituminous miners will be out only long enough for the wage agreement, reached in Cleveland, to be ratified by the miners by a referendum vote as it is believed the agreement will be sanctioned by a large majority of the men.

The suspension in the anthracite mines will be of longer duration, as no agreement has as yet been reached between the miners and operators. After negotiations were broken off in New York on March 13 between the anthracite miners and operators nothing was done toward getting together again until yesterday, when both sides agreed to meet in Philadelphia on April 10 and reopen negotiations.

Strike Fever in Canadian West. NEARLY 1,000 MEN ON C. N. R. CONSTRUCTION OUT FOR MORE PAY AND SHORTER DAY.

VANCOUVER, B. C., March 31.—Following an agitation for higher pay and shorter hours, which has been quietly going on for some weeks among I. W. W. men engaged in the construction camps on the Canadian Northern between H. P. and Kamloops, a strike was declared today.

Of 1,000 men at work it was stated that nearly 1,000 went out. It was further stated that most of those are heading for Vancouver to carry on the agitation.

The first men to lay down the pick and shovel were those engaged by sub-contractors Benson & Nelson, which firm has a large camp at Lytton. The men along the line have been getting from \$2.50 to \$3.25 for ten hours. Their demand is for a minimum of \$3 for a nine hour day. This the sub-contractors will not grant.

Meetings are being held in camps from Hope to Kamloops. Now it is said there is a stampede for Vancouver where men hope to continue agitation.

Fat Man in Close Race With Turtle.

PAID BEACH, Fla., March 29.—John Jordan, weighing 250 pounds, a brother-in-law of William J. Connors, of Buffalo, was chased today by a sea turtle, weighing 450 pounds. The difference in advantage being in favor of the turtle, Mr. Jordan is not being twitted for having run away; rather he is being congratulated on his escape.

He was bathing one hundred feet from shore, in front of the Connors cottage, when a huge black head, with rolling eyes, came near him. With a yell Mr. Jordan made a dash for the shore. With one sweep of its giant flukes the turtle was at his heels as he dashed across the sands. Mr. Jordan's shouts had attracted other bathers, as well as two Japanese servants and a chauffeur from the Connors cottage. By the time these had arrived the turtle was still looking for its quarry.

Stuck were it out to the turtle and the way it snapped them into splinters in a twinkling warned every one to be wary. A rope was brought at last and a house was thrown over the turtle's head, and it was strangled. The shell was nearly five feet long.

Wedding Bells

HAYNES—MCNEILL

A very pretty home wedding took place on Wednesday evening, 29th inst., at the residence of Charles H. Haynes Esq., Victoria Beach, when his brother, Joseph P. Haynes and Miss Edith McNeill, a cousin of Mrs. Haynes, were united in the holy bonds of matrimony. Rev. J. H. Davis tied the nuptial knot most gracefully in the presence of the large company, the ring service being used. The bride looked exceedingly pretty in a gown of white silk trimmed with pearl trimming and wore a veil, and carried in her hand a bouquet of carnations. Congratulations over a beautiful collation was served after which music and pleasant conversation shield away the time until the company dispersed. A large number of presents attest the popularity of the bride. The groom is one of Victoria Beach's stalwart young men engaged in the fishing business and a host of friends join in wishing the happy couple a long and prosperous wedded life.

Paris Welcomes Prince of Wales

PARIS, April 1.—The Prince of Wales arrived at the Gare du Nord tonight and was received by the prefect of Paris, M. Leprieux, the Marquis de Morville, the Marquis de Bouteville, and several members of the English colony. The prince was greatly startled by the volley of flashlights with which the newspaper reporters greeted him. M. Leprieux reassured the prince, saying that this was the first mark of esteem of the Parisian public. A large crowd outside the station cheered him as he entered the automobile off to the Breton home. The Prince of Wales is here in cognate under the name of the Earl of Chester. He will be received by President Fallieres tomorrow.

Eight Hour Day

PARIS, March 30.—The Chamber of Deputies today passed a bill providing an eight hour day for coal miners. It is believed this action of the Chamber will remove the possibilities of a general strike in the coal fields.

A Martial Misconception

Frank I. Cobb, chief editorial writer of the New York World says he was dining once with the governor of a Western state.

A messenger came in to tell the host that one of his pet political schemes had just been defeated through the bungling of a lieutenant. The old man ripped out a string of dark blueans.

"Now, pa," said his wife, "you promised me you would quit swearing." "Maria," said the ex-governor, "I'm not cussing—this is just the way I talk!"

THOUGHT IT WAS CANCER

"Fruit-a-lives" completely restored me. SYDNEY MINES, N.S., Jan. 25th, 1910. "For many years, I suffered tortures from Indigestion and Dyspepsia. Two years ago, I was so bad that I vomited my food constantly. I also suffered with Constipation. I consulted physicians, as I was afraid the disease was cancer, but medicine gave only temporary relief.

I read in the 'Maritime Baptist' about 'Fruit-a-lives' and the cures this medicine was making and I decided to try it. After taking three boxes, I found a great change for the better and now I can say 'Fruit-a-lives' has entirely cured me when every other treatment failed, and I reverently say 'Thank God for 'Fruit-a-lives'." EDWIN ORAM, Sr.

"Fruit-a-lives" sweetens the stomach, increases the actual quantity of gastric juice in the stomach and ensures complete digestion of all sensible food. "Fruit-a-lives" is the only medicine in the world made of fruit juices.

Mrs. Fred W. Thorne had the misfortune to fall last Saturday, getting a very bad shaking up, but is slowly recovering.

Capt. Keane made a special trip Sunday morning with the ferry boat so that our residents might enjoy church service at Digby.

A number of Oddfellows from this place attended the lodge of their choice at Digby Friday night last. The storm and wind being too bad for the boat they enjoyed Digby's hospitality over night.

Three of our young men started for the prairie provinces last week, viz., Edward Johns, Ernest McGrath and Frank Snow. They purchased tickets for Winnipeg. The excuse they had for going away, which is a good one, is that there is nothing to do here. We earnestly hope the young men will succeed in finding the employment which they desire.

An aged and respected citizen, Mr. John McCall, passed away on Tuesday night last and was buried in the Baptist cemetery on Friday afternoon.

Rev. Mr. Roy, of Digby, officiating. Mr. McCall has for many years been deacon of the Baptist church here and possessed a very exemplary character. He will be much missed in the community in which he has been a life-long resident. He leaves a widow here and four children in Massachusetts.

It is with sadness that we have to chronicle the death of Miss Abbie Anderson, third daughter of Mr. and Mrs. W. H. Anderson at the early age of 27 years. All medical aid was of no avail, that fatal disease, consumption, claimed her as its victim. She leaves to mourn their loss, a mother, father, three sisters and one brother. They were all at home when the end came. Abbie will be missed at home and in the neighbourhood. Rev. Mr. Davis, Methodist, officiated at the house and grave to a very large congregation. Interment took place at Parker's Cove cemetery. The floral tributes were many from friends of the deceased.

THE COAL STRIKE.

Preparations Made to Open the Collieries.

More Than Two Hundred Steamers Idle at Cardiff and Barry.

NOW THAT THE CRISIS IS PRACTICALLY OVER, THE KING HAS DECIDED TO CARRY OUT HIS ORIGINAL PLAN TO REOPEN THE COAL MINES AT EARLY DATE.

LONDON, April 3.—The miners are taking far less interest in the ballot to open the strike than they did in the ballot which began it. Probably this is because the result is a foregone conclusion. In many of the districts only about half the men have recorded their votes. This indifference also not only accounts for the fact that Northumberland, Lancashire and some other districts are voting against a resumption, only the irreconcilables taking the trouble to vote.

TO RETURN TO WORK.

However, the aggregate voting is largely for a return to work, and the indications are that many men will have taken up their tools again before the final result of the poll is declared. In not a few of the districts the men have already begun to reopen the roads and prepare the mine for a new start.

At the same time, several collieries in Warwickshire have been reopened and probably 10,000 men will be working tomorrow in the pits.

As this crisis is now practically over, the King, who has up to the present declined to leave London, has decided to carry out his original plan to spend Easter at Sandringham with the Queen and the Royal Family. He probably will remain there until April 23rd.

LEADERS' ADVICE TO MEN.

Although a week must elapse before many of the collieries are reopened, even if the miners' decision is favorable to a termination of the strike, indications afforded by the ballot thus far taken are that a large majority of the men will vote for resumption of work.

This enables the country to face with comparative equanimity the prospect of a continuance for another week of the industrial dislocation.

With hardly any exception, the leaders of the miners are counselling the men to vote for a resumption, and, though some districts are holding out against this advice, the aggregate figures so far received show a great preponderance in favor of the settlement.

200 STEAMERS LAID UP.

The ballot in North Wales was completed this evening, and although the figures are withheld it is known that an overwhelming majority are desirous of returning to work. The miners in the Forest of Dean district have adopted a resolution to return on April 1st.

In Scotland the miners' vote is now being counted. The vessel is now docked in the Rattray. She will be fitted for a salt fish trip under command of her owner, Capt. Joseph E. Snow.

Capt. Joseph E. Snow, as already reported, will take charge of the schr. Quickstep now at D. & O. Sproule's wharf.

The American consul at Yarmouth says that less than 3,000 crates of lobsters were shipped from that port in January and February against 4,500 last year.

The average price this season has been about \$30 per crate against about \$16 a year ago. About one-half as many lobsters were canned during January and February, 1912, as were canned the previous years, and higher prices have also prevailed in the same ratio.

A Parrisho despatch says: The schooner Anne Blanche, Captain Newcombe from this port for Machipicott, with a cargo of coal, was caught in the drift ice between Spencer's Island and Cape d'Or and badly crushed, and sprung a leak. As she was filling up fast and could not be worked out of the ice, the crew left her in the boat and sailed for Cape d'Or. It is supposed she went down shortly after they left her. She was built here in 1895, was 65 tons register, owned by the commander, and was insured with Thompson's, St. John.

Dr. Kirkpatrick, general manager of the Canada West India Co. Ltd., states that they will have two steamers on the route next fall between St. John, the Bahamas, Cuba and Jamaica. He is confident that a very large trade with these islands can be developed through the port of St. John. The exports for the winter steamers from St. John were valued at three and one-quarter million dollars greater than that for the like period last year. As nearly three quarters of this was represented by the exports of the United States it will be seen how great must be the increase of the trade of the port as western Canada develops and seeks an outlet for its products.

Garment Makers Wanted.

A. M. King & Son, Annapolis Royal, the largest clothiers in Western Nova Scotia, are advertising for experienced help for their Tailoring Department. Early call and vest makers are wanted at once and applications will be received up to April 15th.

This firm reserves a Mail Order catalogue of Boys' and Men's Wear and will be pleased to have any of our orders apply for a copy.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so gives HEALTH and STRENGTH TO THE WHOLE BODY.

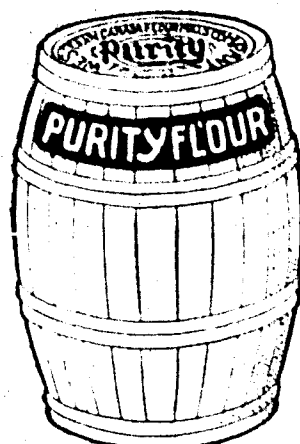

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the agent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

CURIOSITY Prompted Many Women To Try PURITY FLOUR

THEY were curious to see exactly what results would be produced by flour consisting entirely of the high-grade portions of the best Western hard wheat.

They were curious to know more about a flour that contained none of the low-grade portions, which are found in every wheat berry, but which are separated and excluded from the high-grade in the process of milling PURITY FLOUR.

THEY were curious to know whether an ALL-HIGH-GRADE hard wheat flour was really superior to a mixed hard and soft wheat flour.

They were curious to see and taste the kind of bread, buns, biscuits, cakes and pies PURITY FLOUR would make.

Curiosity prompts you to seek the knowledge they discovered. It's urging you to try PURITY FLOUR.

REMINDER: On account of the extra strength and extra quality of PURITY FLOUR it is necessary, for best pastry results, to add more shortening than you are accustomed to use with an ordinary flour. Add more water when making bread.

CAMPOR IN PNEUMONIA.

Remarkable Results Claimed For It In Many Serious Cases.

There have been and still are many varieties of treatment for pneumonia. A long list would be required to indicate all the medicines which have been employed against it. Some even consider that this affection is an ailment which has a definite cycle. They are of the opinion that no medication should be adopted which might act on it and disturb its development, the proper course to take being one of "expectation," or, better, a therapeutic armee more particularly designed to combat complications.

The therapeutic armee was at one time in vogue. Today it is almost completely defunct and a return is being made to medication.

Dr. Serbert, in the Munchner Medizinische Wochenschrift, describes the remarkable results which he obtained in the treatment of serious cases of pneumonia by means of strong doses of camphor. He first had occasion to use it in 1906 in a case of double pneumonia, where the patient was also suffering from typhoid fever. He therefore employed a subcutaneous injection of twelve cubic centimeters of camphorated oil (20 per cent) recently sterilized. The results obtained on the pulse and respiration, as well as those on the temperature and general condition, were extremely satisfactory. He removed this dose every twelve hours, and he found after three days the trouble had disappeared.

Dr. Serbert has since employed the same treatment in twenty-one cases, one of which was extremely serious, since it was a question of double complicated pneumonia in a woman seventy-two years old. All these cases recovered. It seems certain that the camphor produced these effects, since there was no real crisis, the cure being gradual and slowly effected. Philadelphia North American

TURKEY'S MILITARY FORCE.

A Million Trained Soldiers Can Be Placed In The Field.

Every Mohammedan subject in Turkey is liable to service and remains liable for twenty-five years. At twenty-one the young Turk enters the active army, the ulman, and remains in it for three years. He must then serve six years in the reserve, called the tetrad, and after this he remains nine years in the army reserve, called the redif, which resembles the German landwehr. This reserve has a second line, called the mustalis, in which the citizen liable to service is finally enrolled. Every year produces about 100,000 men liable to service, and of this number 70,000 are enrolled as recruits. The remainder, that is to say, the least effective—are given drill, and they may perhaps be compared with the extra reservists of the first class of Germany. They finally find their way into the redif. Altogether Turkey can place 1,000,000 men in the field, and as far as material is concerned, German officers who have instructed Turkish troops declare that there is not an army in the world that would not rejoice to get such men. Wears Kilt to Business.

To the London eccentrics there falls to be added a London unconventional. He is the kilted man who is to be seen any morning rapidly walking toward across London bridge at a quarter to 9 o'clock. His highland attire is faultless, and the dark green kilt and the business-looking skandhas are generally admitted by the natives of the city, through which he strides twice a day on his way between a village in Kent and the Cornhill office where he is employed. As far as is known he is London's only city man who goes to business in a kilt. Without unduly invading private affairs it may be mentioned that he does not work in kilt, a quick change into his customary office costume being effected before he enters his office at his desk and ledger. American Hostile In Hungary.

The spirit of American hostility has suddenly invaded Hungary. It seems, for, according to the Friedland-Zeitung, a real fast train will soon start running between Budapest and Pressburg. The locomotive will have a normal power of 1,200 horse-power and will haul the new train of 300 tons at a speed of eighty-four and one-half miles an hour, doing the journey in one hour and thirty-five minutes, including a stop of five minutes at Neuhauzel. The fastest train now running takes three hours and two minutes.

A Telephone Safe Lock.

A remarkable new safe lock has been invented. It is provided with photographic mechanism so that it can be opened only by the voice of the owner. A mouthpiece like that of a telephone takes the place of a knob on the door, and this is provided with the usual style or handle, which travels in a groove in the sound record of the photograph cylinder. Before the safe can be unlocked the password must be spoken into the original cylinder by the one who made the original record. Exchange

Tattoo Marks.

A French army surgeon claims to have found a way to remove tattoo marks, if they have become discolored. You are to rub paper the skin until the outer cuticle is rubbed off and then apply a mixture of freshly shaken lime and powdered phosphorus. This poultice, if left on for forty-eight hours, causes a sore which quickly heals, leaving no scar or trace of the tattooing.

When a farmer opens his first bag of cement

he has taken a giant step in the march of Progress, which leads to Prosperity.

After he uses that bag, if only for a hitching-block or a porch step, he has learned some profitable lessons.

He knows that it doesn't take an expert to use concrete and is fully.

He knows that he has added a permanent improvement to his property, something that will last as long as the farm itself.

He knows that he has added convenience, and therefore profit, to his home.

He knows that it didn't cost him more, in money or time, than if he had used an inferior material and made a temporary improvement.

He knows that he wants to read the book.

"What the Farmer Can Do With Concrete"

to find out how he can apply these lessons to other places on his farm.

This advertised book is to tell him that his copy of this profound, illustrated book is ready to be mailed as soon as he sends in his name and address. It makes no difference whether he has yet used that first bag of cement or not. If he hasn't, the book will tell him how to use it to the best advantage. And in any case it's

ABSOLUTELY FREE

A hundred and sixty pages of plain description, telling how other farmers have used concrete, with photographs to illustrate every paragraph in the text.

Just send your name and address on a postal, in a letter, or use the coupon, and the book will be sent by return mail.

TWO WOMEN TESTIFY

What Lydia E. Pinkham's Vegetable Compound Did For Their Health—Their own Statements Follow.

Haliburton, P. E. I.: "I had a doctor examine me and he said I had falling of the womb, so I have been taking Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. All the bearing-down pains have vanished. I have gained ten pounds in weight, the discharge is all gone, and I feel better than I have for a long time. I think any woman is foolish to suffer as I did for the sake of a few dollars."

"You can use my letter as a testimonial. It may encourage other poor women who suffer as I did to use your Vegetable Compound." — Mrs. GEO. COLLETT, Haliburton, Lot 7, P. E. I.

Read What This Woman Says:

New Moorefield, Ohio: "I take great pleasure in thanking you for what your Vegetable Compound has done for me. I had bearing down pains, was dizzy and weak, had pains in lower back and could not be upon my feet long enough to get a meal. As long as I laid on my back I would feel better, but when I would get up those bearing down pains would come back, and the doctor said I had female trouble. Lydia E. Pinkham's Vegetable Compound was the only medicine that helped me and I have been growing stronger ever since I commenced to take it. I hope it will help other suffering women as it has me. You can use this letter." — Mrs. CASSIE LLOYD, New Moorefield, Clark Co., Ohio.

Just Being Happy:
Just being happy
Is something to do;
Looking on the bright side,
Is other than the blue;
Sad or sunny musing
Is largely in the choosing,
And just being happy
Is a brave work, and true.

Just being happy:
Helps other souls along;
Their burdens may be heavy,
And they not strong;
And your own sky will lighten
If other skies you brighten
By just being happy
With a heart full of song

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills

Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to head them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood. He writes:

"For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this."

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25¢ a box.

COULD NOT RAISE MY RIGHT ARM

OLD BRIDGEPORT, C. B.

"For the past 41 years, I have been suffering with Rheumatism. When I read in the papers that GIN PILLS, would positively cure rheumatism, I wrote you for a free sample to try. I could not raise my right arm because of the awful pain in my shoulder—was not able to drink. After taking a few GIN PILLS, I was able to lift my hand and put it on the top of my head."

I went to the Islands of St. Pierre and Miquelon and met an old fisherman named La Page. His limbs were stiff from Rheumatism and I gave him some GIN PILLS. He told me he had been able to do for ten years. ADOLPHUS B. MATHE, 50c. a box—6 for \$2.50—money back if not satisfied. Sample free if you write National Drug and Chemical Co. of Canada, Limited, Dept. N. S. Toronto, MANGA-TONE BLOOD AND NERVE TABLETS—an ideal tonic for weak, nervous women. 50c. a box. 107

Masonic Installation.

At the regular meeting of King Solomon Lodge of Free and Accepted Masons held last Tuesday evening the following officers were installed for the next twelve months, by the Right Worshipful Brother Wm. Driffield, Past Grand Chaplin of the Grand Lodge of Nova Scotia.

- W. M., P. W. Holdsworth.
- S. W., H. H. Marshall, M. P. P.
- J. W., Dr. E. H. Macdonald.
- Secy., H. L. Denison, P. M.
- Treas., H. E. Jones, P. M.
- S. D., C. E. Armstrong.
- J. D., W. C. Varrington.
- S. E., T. E. G. Lynch.
- J. E., A. B. Daley.
- L. G., G. H. Daley.
- Tyler, H. W. Bowles.

After installation speeches were made by the new Worshipful Master, the officers of the Lodge, and most of the brethren present. The retiring Worshipful Master, Brother Keen, in respect to the memory of the late Worshipful Brother Louis H. Morse, whose demise occurred during his occupancy of the chair, and later in the evening formerly presented to the lodge on behalf of Mrs. J. Byron Cassett, of Smith Cove, a daughter of the Eastern Starr (the ladies' Masonic Branch) with a valuable piece of lodge furniture.

The financial condition was found most satisfactory, and with the very encouraging increase made in the membership during the year just closed, the prospects of the continued success of this grand old historical Lodge are very bright indeed.

Death of Mrs. Emily Gibson

We copy the following from the Bridgetown Monitor: After a brief ten days illness from a stroke of paralysis, she passed away Tuesday morning one of Bridgetown's oldest residents, at the age of eighty-five. So highly had she borne the burden of her years that it was with surprise that many of her friends learned of her advanced age, having always been very active in her habits and of a fresh well-preserved appearance. Mrs. Gibson was a member of a well-known Digby county family, a daughter of the late Jacob Dakin and a granddaughter of the late Rev. Roger Vets. Her husband predeceased her some thirty years ago. Mrs. Gibson was the mother of a large family, and five sons and three daughters survive to cherish the memory of a well-beloved mother. The sons are Hallet, Bridgetown, Gilbert and Harry, of Halifax, Almon, of Alliston, Mass., and Parker, of Vancouver. The daughters are Mrs. J. C. Phinney, Paradise, Mrs. Leslie Porter, of Yarmouth and Miss Lydia at home.

The funeral took place yesterday afternoon, Revs. Underwood, McNeill and Porter taking part in the service.

Death of Annapolis Lady.

The Spectator says: The death of Mrs. Martha Hughes occurred at the home of her niece, Mrs. Annie Davis, on Monday night, April 1st. Mrs. Hughes was born in this town 80 years ago, and on the death of her husband, the late Richard Hughes, some 20 years ago, she returned to her native town, where she had many friends and was highly respected, to spend the remaining years of her life. She is survived by one brother, W. H. Roach, of this town, and one sister, Mrs. L. M. Burton, of East Brainerd, Mass. The funeral took place Wednesday afternoon, Rev. C. W. Porter-Shirley, conducting the service. Interment at Woodlawn cemetery.

Thanks to Subscribers.

During the past few weeks we have been sending out bills to subscribers in arrears and we wish to thank those who have remitted promptly, and also those who have acknowledged the receipt of the bills and have promised to send us the money later. From those whom we have not heard we expect a reply within at least a few weeks. They surely realize that we cannot run a business without money, and if they do not remit, or at least favor us with a reply, we will be compelled to take further steps to collect the amounts due.

Death of Capt. Franklin Scott

The Yarmouth Telegram says: Capt. R. M. Ferguson received a telegram from Seattle, Washington, on Monday night, April 1st, stating that the death of that city of Capt. Franklin Scott, only son of the late Capt. Ebenezer Scott, of Yarmouth, in the 57th year of his age. Capt. Scott was master of several Yarmouth vessels, but many years ago moved to Seattle, where he has since resided. He leaves one daughter, Hazel, residing in Lynn, Mass., Mrs. A. R. Durkee, of Philadelphia, and Mrs. Byron Abbott, of New York, are sisters of the deceased.

Fire at Acadaville

The dwelling known as the Arthur Craig property at Acadaville was burned early Thursday morning. The first hint of the fire, the origin of which is unknown, being discovered about 2 a.m. The occupant, Louis Jerome, lost all his furniture together with his winter's manufacture of Indian souvenir goods for the summer tourist trade. The building was owned by Mr. H. T. Warner, of Digby, who carried no insurance.

Famous Penmen

The many social affairs which took place last Monday night prevented Mr. E. L. Lindabury and Prof. Knudson, of Burdett College, Boston, giving a free lecture and blackboard demonstration, "Vocational Education in relation to Business and the Art of Writing" were the subjects of the lectures. It is reported that Professor Knudson is one of the famous penmen for which Burdett College is noted.

Langford Won

Sam Langford, the Weymouth, Nova Scotia, colored heavyweight, Monday defeated Sam McVey (colored), of California, at Sydney, N. S. W., in a twenty round fight, on points. The contest, which was a hard one, was fought in the presence of 15,000 spectators. Honors were fairly even until the last few rounds, when Langford succeeded in getting the better of his opponent.

May Become Senators

An Ottawa despatch in yesterday's St. John Telegram says: Clarence Jamieson, M. P. for Digby, and John Stanfield, M. P. for Colchester, are likely to get two of the vacant Nova Scotia seats this spring.

OF A LOCAL NATURE

An Enjoyable Affair.

THE WESTERN NOVA SCOTIA YACHT CLUB'S FIRST ANNUAL DANCE A BIG SUCCESS.

One of the most enjoyable evenings ever spent in the O'Kellows hall, Digby, took place Monday night when the officers and members of the Western Nova Scotia Yacht Club held their first annual public dance.

Rear Commodore Cripps, who is lessor of the hall, gave the N.S. Y.C. the use of a free of charge, and went to a bit of extra expense to put it in first class condition for the dancers and spectators, a large number of whom were present, considering the very disagreeable weather which prevailed throughout the day and evening preventing many at a distance from attending.

The hall was handsomely trimmed with flags, banniers, etc., including a display of the D.Y.C. trophies which are now the property of the new club. The music furnished by the Digby orchestra was excellent and highly appreciated by all present.

Abundance of refreshments was served during intermission, the officers and members of the W.N.S.Y.C. being certainly very capable attendants. Mr. H. B. Churchill, proprietor of the Pines Hotel, faithfully performed the duties of floor manager, the Chaplains being Mrs. H. E. Jones, Mrs. E. W. Nichols and Mrs. H. B. Churchill.

Among those in attendance from out of town were Mrs. J. Boyd McNeill, of Weymouth; Dr. and Mrs. Frank Rice and daughter Miss Hilda, Mr. and Mrs. D. C. Dakin and Miss Morchouse, Sandy Cove; Mr. Wm. Cossaboon and two daughters, Smith's Cove; Prof. J. B. Knudson and L. L. Lindabury, Boston.

We understand that Rear Commodore Cripps has offered the use of the hall for May 1st and that the Club will probably hold another dance on that date.

Methodist Notes.

The services in Grace Methodist Church on Easter Sunday were interesting and inspiring. The subject of the morning sermon was, "An Easter Meeting," Matt. 28:9, and in the evening, "Immortality," Job 1:11. At this service two young ladies joined the church, one of them receiving the rite of Baptism.

The music was of a high order. Miss Edie Titus, the efficient organist, played to great advantage, and the anthems and chorales were much appreciated by the large congregations. There was a good attendance at the pastor's Bible class and Sunday School. At the close of the School, Superintendent Smallie presented each teacher and scholar with a beautiful carnation.

The auxiliary of the W. M. S. held its annual Easter meeting in the hall on Wednesday evening. Mrs. Daniel charged the "Sunshine Mission Band," which under the faithful superintendence of Miss Edith Letteney and Mrs. A. R. Turnbull has done splendid work during the year.

Some improvements to the church will be made this spring. A beautiful carpet for the chancel and pulpit has been purchased in St. John, and a concrete platform will be built at the main entrance.

The vote on the Basis of Union with the Presbyterians and Congregationalists was small, only 119 persons voted, 51 for and 68 against.

Mrs. J. Harold Lovitt, of Yarmouth, who had been visiting relatives in Bear River, left a few days ago to join her husband at Philadelphia.

Mr. Ralph Winchester, of the train dispatcher's office, Kentville, spent Sunday with his father, Mr. William S. Winchester, Warwick street.

Miss Ollie Condon, who had been visiting her sister, Mrs. C. V. Young, Light house Road, returned to her home at Granville Ferry last week.

Mr. Harry Titus, a student at Mt. Allison University, Sackville, spent Easter with his parents, Mr. and Mrs. S. W. Titus, Hillcrest, Digby.

Kentville Orchardist: Miss Gertrude L. Browne, who has been visiting friends and relatives in Yiverton, Digby Co., has returned to her home in Grafton.

The Misses Annie, Beatrice and Bernice Cross, of Annapolis, spent Easter with Mr. and Mrs. W. C. Warrington, at Brookside Cottage, Mt. Pleasant.

Rev. Wm. Driffield and Mr. T. E. G. Lynch were passengers to Halifax Monday to attend the 5th annual meeting of the Diocesan Synod of Nova Scotia.

Mr. Jefferson Justice, of Philadelphia, arrived here yesterday, accompanied by his friend, Mr. Davies. Mr. Justice will build a summer cottage at Bay View.

Mr. Stewart Raymond is a member of Messrs. H. T. Warno & Co.'s staff in the grocery department and is at present employed on one of the delivery teams.

Mr. Harry L. Denison, who has been employed for some time in Messrs. H. T. Warno & Co.'s grocery department, left last Monday for Saskatoon, Sask., where he expects in future to reside.

Yarmouth Light: Mrs. (Dr.) W. C. Harris of Barton, Digby Co., is visiting Mrs. (Dr.) Merrill, Cliff St. Miss Potts was the recent guest of Mrs. Melba Saunders, Sandy Cove, Digby Co.

Miss Annie Anderson, who has been attending St. John Business College, was a passenger to Digby Friday, returning via the afternoon boat. We understand Miss Anderson has completed her course and accepted a good position in the city.

Liverpool Advertiser: We are very sorry to report that Geo. H. Hardy, who has been confined to his home for the past three weeks, is still very poorly, with not much sign of improvement. Mrs. Geo. Hardy is also very low and a great sufferer.

Capt. James W. Cousins returned home Saturday from his trip to Massachusetts, accompanied by his son, Mr. Edward Cousins, of Jamaica Plain, one of the best known motor men in the Boston street car service. Mr. Cousins returned to Boston Wednesday.

Mr. L. R. Fair, of Aylesford, the well known architect, was in Digby Wednesday. Mr. Fair has designed a number of large public buildings in several of the provincial towns since his last visit to Digby which was when the new municipal buildings were completed in 1909.

Miss Hobbs, teacher at Plympton, attended the Teachers' Institute at Middleton and from there left for her home in Bridgewater, accompanied by Dora Alice Warner, of Plympton. After spending Easter with Miss Hobbs' parents they returned Monday afternoon.

Mayor and Mrs. H. B. Short left Monday on a pleasure trip to the Pacific coast. After a short visit in Montreal they go to Detroit, Chicago, St. Paul—in fact will visit all the important American cities in route to Los Angeles. From there they proceed up the coast to Vancouver, B. C., where they will visit Mr. Short's brother, Mr. B. J. Short, after which they will come east via C. P. R., visiting the principal Canadian places of interest en route.

Marathon Baptist: The Rev. R. Osgood Morse, pastor at Bodeque and Sumner, P. E. I., has been granted the month of April for vacation. Some friends have made it possible for him to visit New York and other cities across the line. It is his intention to spend the greater part of this vacation in visiting those cities. On Sunday, March 31, Pastor Morse delivered the second of a series of addresses on Adamant Judson, his life and work. During this Judson centennial year he purposes covering the life of Dr. Judson in a series of addresses.

Capt. and Mrs. James Outhouse and family, of Freeport, have moved to St. Andrews, N. B., and closed their house in Freeport for the present. Few families could leave Freeport who would be missed more. They all took active part in church work, and everything that was for the good of the community in which they resided. Their hospitality to visitors and their kindness to everybody will be pleasantly remembered by a host of friends for a long time. St. Andrews Baptist church and social circles will be greatly benefited by Freeport's loss.

Wireless Changes

A. G. Wright, who has been Marconi wireless operator at Partridge Island, St. John, for some years, has been transferred to the station at Cape Sable. He is succeeded by David S. W. Ross, formerly of Point Amour, Labrador. The change has become necessary from the appointment of Mr. Ross, the operator at Cape Race, as Dominion government inspector of wireless stations. The operator at Cape Sable goes to Cape Race, Mr. J. J. Collins, formerly of Cape Sable, has been transferred to the head office in Digby, having visited his sisters here, the Misses Collins. We congratulate him on his promotion.

TEACHERS' INSTITUTE

Twenty-Ninth Session
Held in Middleton.

Interesting Meeting in the Consolidated School Building Last Week.

AN EXCELLENT PROGRAM, GOOD ATTENDANCE AND A RECEPTION TUESDAY EVENING.

The teachers of Digby and Annapolis Counties held their twenty-ninth session of the Consolidated School building, Middleton, on April 3rd and 4th. The attendance, as indicated by enrollment, was 165, a considerable increase over that of last session.

On Tuesday evening a reception consisting of music, readings and speeches was tendered the visiting teachers and was thoroughly enjoyed. It was presided over by Mayor Goucher, a retired teacher whose heart is still in touch with educational work and whose present position shows the esteem in which he is held by those who know him best.

At 8:30 on Wednesday morning, President Morse called the meeting to order. After enrollment of those present and other preliminary business had been transacted, the program was taken up.

The first lesson was one on "Commercial Geography" by Prin. W. K. Tibert, of Bear River, to a class of Grade VIII pupils. Mr. Tibert's lesson was practical and interesting. His method was to start at home with the exports of our own country, to follow these to the country to which they were sent, and to study that country in order to know a suitable cargo for the return trip. It thus afforded an excellent opportunity for the introduction of Physical Geography. The lesson called forth favorable comments by Mayor Goucher, Prin. Ruggles and others.

A paper on "Ethics in the Teaching Profession" was then read by Principal A. M. Martin, of Annapolis. He treated the subject under two headings, Ethics in the Teaching Profession, and Teachers' Ethics. Points suggested were: Danger of a false conception of ethics among pupils; they should be compelled to furnish information during a school investigation as this would be a preparation for citizenship; teachers succeeding and succeeding one another often erred in the ethical, by letting drop remarks detrimental to others which may hang upon them like millstones. This paper elicited considerable discussion from different view points, from Principals Ruggles, Tibert, Whitman and Editor Cox, of the Outlook.

Then followed a lesson on "Some Mathematical Formulas" by Miss Jessie Bowley, of Central, Clarence. By means of a few simple figures from card-board, the pupils were led to understand and derive the formulae for the areas of rectangles, parallelograms, triangles, trapeziums, and circles. Miss Bowley's lesson was one which must have been of practical importance to all teachers doing Grade VIII work in school. Several teachers spoke on this paper after which the meeting adjourned till 2 o'clock p.m.

On reassembling, the program was resumed by Miss Palfrey, of Bridgetown, who gave a lesson on "The Union Jack" to a class of Grade III pupils. Miss Palfrey in a pleasing way introduced some fundamental thoughts on government and after explaining and illustrating the separate flags of England, Scotland and Ireland, showed how they were finally united and combined to form the Union Jack. She also drew some pleasing moral lessons from the various colors of the flag. Professor Connolly, of the Normal College, spoke on this lesson and expressed his appreciation of it.

Miss Harris, of Annapolis, and the Principals of Weymouth, Brighton and Clementville Schools. Principal Tibert was elected Chairman of the Executive Committee.

On separate motions Prin. Ruggles, of Middleton, was appointed Vice President; Prin. Hogg, of Digby, re-elected as Secretary Treasurer, and Principals Martin and Banks were appointed Auditors, after which the meeting adjourned until 9 a.m. Thursday.

Thursday morning's session began with a Nature Lesson on "The Sugar Cane" to a class of Grade VI pupils by Miss McMurtry. This lesson was one of the best and was conducted in a most pleasing style. This class was supplied with a sample of the cane as well as its various products, and the lesson was made to have a direct bearing upon an important industry.

Miss Smith, of the Normal College, then addressed the Institute for a slight time on the subject of Drawing, after which Prin. Ruggles, of Middleton, in his inimitable style, gave a number of excellent suggestions for preparing self-made physical apparatus. Dr. Hall, who had arrived during this session, addressed the Institute for a short time.

The following delegates were then appointed to the Provincial Association—Miss H. M. Chute, Miss A. Halsey, Miss M. A. Dexter, Miss B. M. Hines and Principals Tibert and Ruggles.

On motion the settlement of all bills was left to the Executive Committee. The Auditors reported that they had examined the accounts of Secretary Treasurer and found them correct.

The following resolution was then passed: Resolved that the thanks of the Institute be tendered to the President for their thoughtful and pleasing reception to the teachers on Tuesday evening, to the Railway for reduced fares granted to the teachers, to the Board of School Commissioners for free use of the school building for holding our meetings, to those teachers who prepared and presented papers or lessons, to Prof. Connolly, Miss Smith and Mrs. Harper of the Normal College for their attendance and assistance, and to all others who in any way contributed to the success of the meetings.

On motion the Institute adjourned sine die.

Plans to Bridge Niagara Falls.

PART OF SCHEME OF SIR WILLIAM MACKENZIE, OF C. S. N. R., FOR OUTLET THROUGH BUFFALO TO NEW YORK.

BUFFALO, N. Y., April 6.—An outlet through Buffalo to New York, either via the Lackawanna or the Erie, with a bridge over the Niagara River at Niagara Falls in conjunction with the International Railway Company, is the plan of Sir William MacKenzie, of Toronto, head of the Canadian Northern, who was in Buffalo yesterday with a party of capitalists and officials interested in the steam and electric system in which the Canadian Northern is the principal factor. The plan, it is stated, includes the extension of the Canadian Northern, which now stops at Toronto, to Hamilton, and thence to Niagara Falls (Ont.), where the international boundary would be crossed.

15 YEARS A DYSPEPTIC

Forced to Live on Stale Bread and Porridge.

"FRUIT-A-TIVES" CURED HIM

AVONDALE, N. B., October, 1911. "I have been a great sufferer from indigestion for fifteen years. I was forced to deny myself all such hearty foods as beans, meats, potatoes, and could not drink tea or coffee. For the past two years, I lived on porridge, stale bread, etc. I had treatment from two doctors, and tried nearly every kind of medicine, but got worse. Finally I saw a testimonial of 'Fruit-a-tives' and concluded to give them a trial. I took nearly four boxes of 'Fruit-a-tives' and they have made me feel like a new man. I can eat all kinds of hearty foods without suffering, and am no longer constipated."

LEMUEL A. W. BROWN. Many people look on 'Fruit-a-tives' as a miraculous medicine. It has indeed performed what have seemed like miraculous cures in hundreds of cases of chronic indigestion, dyspepsia, constipation and biliousness. 'Fruit-a-tives' is the only medicine in the world made of fresh fruit juices and valuable tonics. 50c. a box, 6 for \$2.50, or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

A Good Emulsion

This may seem an exceedingly simple thing to talk about, but its importance at this season of the year when the system is exposed to the imprints made upon it by our uncertain climate should not be underestimated.

The nutritive and reconstructive properties of Good Liver Oil Emulsion are too well known to need any explanation here, sufficient to it to say that Jones' Emulsion includes all that is latest and best in Emulsion making and contains the full percentage of pure Cod Liver Oil.

MODERN MARTYRS!

The age of martyrs is not passed. There are thousands of women all over the country enduring physical torture and mental anguish almost beyond description. They are not victims of persecution like the martyrs of old, they are not called on to face the scaffold or the stake, but their sufferings—burns in silence and hidden from the world at large—are nearly as intense.

These ladies, as a rule, are women and girls of refined and sensitive temperaments. Knowing that their sufferings are due to a disordered condition of the female functions, their native modesty detains them from seeking relief in the earlier stages, and when they do consult a physician, they usually get some drug mixture to take internally, which is not this kind of thing. It would be for a toothache, a bruise, or any other strictly local ailment.

The seat of the trouble being in some one of the female organs, the remedy, to be effective, must act on this portion of the anatomy.

This is the secret of the success which always follows the use of ORANGE LILY in the treatment of this kind of trouble. It is a strictly local treatment. It is absorbed directly into the parts that are inflamed and congested and its beneficent, soothing influence is noticeable from the start. The irritation of the delicate membrane is relieved, the congestion is overcome by the discharge of the watery matter which served to oppress the nerves and cause mental depression. The pores are toned and invigorated; and the sunshine and joy of life again become part of her being. Read the following letters:

Arch. Ont., Feb. 1, '09.
Dear Mrs. Currah: I received your kind letter some time ago, but was feeling so well, and the medicine that I took, that I neglected replying sooner. I must say I have more confidence in ORANGE LILY than in any other thing I have ever used. Before I knew or found out anything about this medicine, I suffered away hundreds of dollars, and for two months or more I was lying in bed, unable to get up. Then the pain began coming up the groin, so I would frequently nearly double up. Then the pain began coming up the back of my neck to my head, and I hardly knew what I was doing at times. Life was a burden indeed. I finally could endure it no longer, so went to our leading town doctor and had an examination. He pronounced it a case of the worst kind of condition of the female organs, and he recommended a course of treatment, and that I should take Dr. Currah's treatment. I have used two boxes of ORANGE LILY, and I feel better than I have for months. I began the treatment last February, and I work right through everything now. Hardly now a pain, even during my menstrual time. I often say, "I would not take this and be in the state that I was last March. I feel that Dr. Currah's Home Treatment is a real blessing to suffering women, and shall continue to sound its praises where and I have an opportunity."

Yours truly,
MRS. T. H. HUTTON.

RUSSIA AND TURKEY

May Clash at Any Moment

Strip of Land in Persia is the Bone of Contention.

TURKISH TROOPS NOW OCCUPY COMMAND POSITION ON THE FRONTIER.

LONDON, April 7.—The relations of Russia and Turkey, which a few weeks ago caused the circulation of alarming reports, may at any moment reach an acute stage, and again the bone of contention will be Persia.

At the close of the Russo-Japanese war Turkey moved some troops into the Russian Province of Azerbaijan, a strip of which has been in dispute for upwards of 200 years. Turkey claims this strip, Persia holds it, but the ownership has yet to be decided.

TURKS COMMAND POSITION.

The question has been a subject of negotiations, but while these have been going on Russia asserts that Turkey has been slowly moving her forces forward until they have gone even beyond the disputed strip, and now command the western part of Azerbaijan from Lake Urmiah to the frontier, and could with ease attack the Russian Province of Erivan.

Turkey denies any aggressive intentions. She has informed the Russian Minister to the Porte that she has troops in the disputed territory, only, however, as a temporary expedient and awaiting the outcome of friendly negotiations, and if necessary a reference to the Hague Tribunal.

RUSSIA SUSPICIOUS.

An Anglo-Russian commission, on the other hand, has reported that the Russian assertion is correct, and has issued a map, showing that Turkey has taken possession of about 10,000 square miles of Persian territory. Turkey's flimsiness in supporting her contention, and not only placing troops in the disputed strip, but moving them forward, has given rise in Russia to a suspicion that some other Power is behind the Ottoman Government.

GERMANY SUSPECTED.

It is pointed out that the acquisition of territory on the Persian frontier might be accepted as compensation by Turkey for the loss of Tripoli, and the Power that could bring about this exchange would please its ally, Germany, which has hitherto tried to secure concessions on Lake Urmiah, is the Power suspected.

PILES CURED

Writing from Poplar, B. C., Mrs. C. Hanson, proprietress of the Commercial Hotel, says: "I suffered for years with bleeding piles. The pain was so bad at times that I could hardly walk, and ordinary remedies seemed utterly unable to give me any ease. Finally I decided to undergo an operation, and went to the Sacred Heart Hospital in Spokane. There they performed an operation. For a time I was certainly better, but within twelve months the piles became as painful as ever. I tried liniments, hot poultices, various 'pile cures,' and indeed everything I could think would be likely to do any good, but still I continued to suffer, and the shooting, burning, stinging pains, the dull, aching, 'worn-out' feeling that the disease causes continued as bad as ever.

"One day I read about Zam-Buk and thought I would try it. The first one or two boxes gave me more ease than anything else I had tried, so I went on with the treatment. In a short time I began to feel altogether different and better. Well, I went on using Zam-Buk, and by the time I had used six boxes I was delighted to find myself entirely cured. That was three years ago, and there has been no return of the trouble."

Zam-Buk is a sure cure for piles, eczema, ulcers, abscesses, eruptions, chapped hands, varicose sores, burns, scalds, bruises, inflamed patches, and all skin injuries and diseases. Drug stores and stores everywhere, 50c. box, or Zam-Buk Co., Toronto, for price.

Honored by Women

When a woman speaks of her silent secret suffering she trusts you. Millions have bestowed this mark of confidence on Dr. R. V. Pierce, of Buffalo, N. Y. Everywhere there are women who bear witness to the wonder-working, curing power of Dr. Pierce's Favorite Pellets, which saves the suffering sex from pain, and successfully grapples with woman's weaknesses and stubborn ills.

IT MAKES WEAK WOMEN STRONG
IT MAKES SICK WOMEN WELL.

No woman's appeal was ever misdirected or her confidence misplaced when she wrote for advice to the World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets induce mild natural bowel movement once a day.

Try the flour that holds the confidence of thousands of home-cooks

THE present huge demand for PURITY FLOUR shows the confidence in which it is held by thousands of home-cooks.

Those who have used PURITY FLOUR have come to believe in it. They look on PURITY as a friend. They feel they can trust it implicitly, because each and every lot of PURITY FLOUR has always been uniform—always up to the high standard of quality that has made it famous.

Wouldn't you, too, like to use a flour you could always rely on? Wouldn't you like to feel certain that your bread, cakes, and pies were going to turn out exactly right? That's just how you'll feel when you become a user of PURITY FLOUR—the confidence-creating flour.

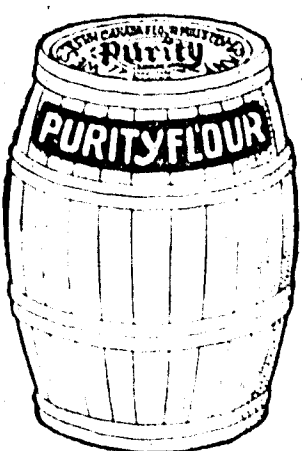

PURITY FLOUR gives high-class results, because it consists exclusively of the high-grade portions of the best Western hard wheat.

On account of the extra strength of PURITY FLOUR please remember, when making pastry, to add more shortening than an ordinary flour requires.

PURITY FLOUR

"More bread and better bread"

Make your next flour order spell PURITY FLOUR. It costs slightly more, but it's worth the difference. Add PURITY FLOUR to grocery list right now.

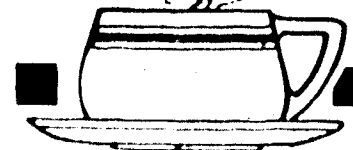

And when making bread add more water, and PURITY FLOUR will expand into more loaves than the same weight of ordinary flour can produce, thus making "more bread and better bread."

Just one delightful sip of this—and even what you thought your favorite tea must take second place forever. For here in King Cole tea is a rare flavor that will double your love for your tea cup. Such fullness of flavor! Such richness—yet with such smoothness.

Your first cup will be a flavor revelation. You'll want to tell all your friends about it. And, perhaps you had better tear this out as a reminder to get some King Cole Tea quickly.

YOU'LL LIKE THE FLAVOR.

Government S. S. Stanley Damaged

North Sydney Herald: With her rudder badly twisted and one blade of her propeller half gone, with the remainder partly demolished, the Government icebreaker Stanley returned to port Monday at 1:30 p.m. after a hard fight with rough icefields in the outer Magdalen Islands. The Stanley left here on the 10th and reached Grindstone Island on the 21st about 5:30 in the afternoon. All the mails were hurriedly put on shore, and whatever mail was ready was placed on board. The steamer sailing on return about 7 a.m. in the next morning. About 11 o'clock Friday morning the Stanley encountered immense ice flows, which soon wedged her in. Seeing the futility of escape, her engines were stopped, and for about twenty hours the old icebreaker drifted with the tide nearly forty miles, until she was between St. Paul's Island and Cape North, when the mighty icebergs parted and the Stanley struck out, the open, easily negotiating the balance of the journey here.

The Stanley brought news of the sealing steamer Seal stating that when the icebreaker left the Magdalen Islands Capt. Farquhar was experiencing the worst of hard luck. Not only had the Seal, not a solitary skin on board, but she was helplessly stuck in the ice on the North of Magdalen Islands, with the prospects poor for speedy relief. Thirty miles off St. Paul's the returning icebreaker saw on Sunday two of the Gulf sealers, presumably the Kite and the Bloodhound, and they, too, were struggling in the heavy packed ice, which, at places, was fully thirty feet high.

Many Immigrants Arrive at Halifax

TWO STEAMERS LAND OVER 1,000, AND PROCEED WITH OTHERS TO AMERICAN PORTS.

HALIFAX, April 2.—The new steamship Cathness arrived tonight from Glasgow from which point she sailed twenty-six days ago for Philadelphia and the River Platte. Her trip was very stormy and the steamship put in short of coal.

The Swedish East Asiatic steamship Eschima arrived this evening from London with 1,000 passengers, of these 220 are for Canada, who disembarked here, the remainder proceeding with the steamer to New York.

The Allan Line Scandinavian brought 988 passengers today from Glasgow, of whom 730 are for Canada, and landed here. The others proceeded with the steamer to Boston. The Scandinavian was formerly the Romanic, of the White Star line, and previously to that was the New England, of the Dominion line.

The Picked up Mail Bag

(Yarmouth Herald.)

The mail bag reported in the papers as being found on a cake of ice at Phinney's Cove, Annapolis Co., a month ago, was not correct. In the water was picked up a large bundle of letters, numbering one hundred or more, and being tied up in most of the contents being intact. The bundle originated at New Salem, Cumberland Co., and had gone in the regular mail to Amherst. Letters from the Rhodes Curry Co., the Amherst Boot and Shoe Co., with a lot of other Amherst letters were added. When found the bundle was surrounded by a lot of waste paper, railway receipts, and a large quantity of office material from St. John, N.B., indicating clearly that the bundle of papers had been coming across the bay all winter. The bundle of letters contained checks, bills and photographs, all in good condition.

Death of Mrs. E. Budd Rogers

Yarmouth was shocked on Sunday morning by the announcement of the death of Elizabeth, wife of Mr. E. Budd Rogers, who passed away at 9 o'clock, after an illness of three weeks. She was 50 years of age, and leaves, besides her husband, one son and one daughter by her former marriage. She is also survived by her father, Capt. David Rippey, of Annapolis, and three sisters: Mrs. Jennie Klatt; Mrs. C. M. Chase, of Boston, and Mrs. William Edwards, of Annapolis; and one brother, Samuel Rippey, of Annapolis. She was a valued member of St. John's Presbyterian congregation, Yarmouth, a regular attendant at its services, and an active worker in all its undertakings. Her death will be deeply felt among a wide circle of relatives and friends. The funeral took place Wednesday at 2 p.m.

Dreadnought Building Race May End

LONDON, April 1.—Hope that more unbreakable relations would be brought about between England and Germany was expressed here today, when Winston Churchill, First Lord of the Admiralty, announced in the House of Commons that negotiations for a change of naval information between the two countries were progressing rapidly. If the plan works out as expected, it is believed in official circles that the ultimate result will be the ending of dreadnought building races.

Premier Borden to Take a Rest

OTTAWA, March 25.—Premier Borden intends to take a brief holiday as soon as the session closes. With Mrs. Borden he will go to Hot Springs, Virginia, his usual summer resort, immediately after Easter.

At the end of May the premier will go to England, with Hon. M. Hughes, and Rogers to consult the imperial authorities on defence, trade and immigration matters.

Fired on Maritime Express

The attorney general of Quebec has given orders to the provincial police to begin an investigation into an alleged criminal attempt that occurred Monday on the maritime express westbound train, near St. Hyacinthe. A bullet was fired at the train and struck a mail bag in the mail car, where three clerks were more afraid than hurt.

"Power on the Farm"

The Canadian Farm, published in Toronto, recently ran a series of articles on "Power on the Farm" and at the finish set an examination. Among the successful candidates who wrote was Harry O. Turnbull, son of Mr. and Mrs. John O. Turnbull, Light House road, Digby.

Has Valuable Information

The Nova Scotia News says: Writing from Sandy Cove, Digby Co., N. B., Mr. E. H. Thompson states in a letter positively worth \$800,000 in Spanish gold was sunk in a schooner on the Nova Scotia coast several years ago, and he says \$150,000 of it that was discovered.

GENTLEMEN, A few weeks ago I was suffering from a throat irritation and a very bad cough. A friend of mine persuaded me to try your "Oliveine Emulsion." I procured a bottle from my druggist, and before I had taken half of the "Emulsion" my throat irritation was gone. I continued to take the Emulsion and when I had finished the contents of one bottle my cough was completely cured. I have recommended your "Oliveine Emulsion" to a number of my friends for Coughs, Colds and Nervousness, and they speak very highly of your "Oliveine Emulsion."

(Signed) Mrs. LEAH HARDWICK, Yarmouth, N. S., March 4, 1911.

DEAR SIR, Having used your "Oliveine Emulsion" for a weak and run down system, I find it a good medicine.

Fishermen's Regatta

PREPARATIONS SHOULD COMMENCE FOR THIS IMPORTANT EVENT.

It is time a public meeting was held to make arrangements for the Fishermen's Annual Regatta to be sailed at Digby on Saturday, August 17th.

This regatta was a big success last year, and indications point toward even a bigger day this season.

It comes just at a time when our town is full of summer tourists, nearly all of whom greatly appreciate a gala day on our beautiful Basin.

It is arranged, however, with particular attention toward the vessel and boat fishermen and it is these people who watch with interest the amounts subscribed by our merchants and business men for their benefit.

But apart from this, last year's regatta gave Digby more advertising as a summer resort than could be purchased for many hundreds of dollars.

Several magazines and city papers sent special reporters and photographers to furnish illustrated articles for publication, all of which referred to Digby's charms as a summer resort.

Among the fleet anchored off Digby during the day were yachts from the New York Yacht Club, Eastern Yacht Club, Marblehead, St. John Power Boat Club and Royal Kennebec Yacht Club, all of which had more or less enthusiastic yachtsmen on board, many of whom congregated at Mayor Short's, the chairman and members of the committee for the splendid manner in which every detail of the programme was carried out.

Great interest, we understand, will be taken this year in the fishing schooner race and also the fishing motor boat race as many fast boats have since last year been added to Digby's fishing fleet.

The officers and members of the Western Nova Scotia Yacht Club are also interested in this regatta and it is said that several fast boats belonging to the club will enter the races.

Digby's commercial motor boats are also increasing and no doubt an interesting race can be made from this portion of the fleet.

All is required is "a little pull together" among our townspeople to make the regatta of 1912 the best aquatic event ever held at this port.

Death of Miss Baker's Mother

The *Hants Journal* says: There are very many friends whose heartfelt sympathy goes out to Rev. H. R. Baker, who at the last Methodist Conference was stationed at Newport in this County. On Thursday last he met with a very great loss, in the death of his loving and devoted wife, who was a daughter of the late Rev. Richard Smith, one of the fathers of Methodism in Nova Scotia.

The remains were taken to Halifax on Friday, to the residence of her mother, on North Park St., from whence they were taken the same afternoon to Camp Hill Cemetery for interment. The Revs. Dr. Bond, Dr. Hunt, and G. M. Young participated in the services at the house and the grave. Rev. J. Smith, a brother of the deceased, was present. A son, Rev. Raymond Baker, a Methodist minister, has a current in Ontario.

[Miss Grace V. Baker, of the Digby Academy teaching staff, is a daughter of the deceased and was present when her mother died, having left for her home on the 20th inst. Since Miss Baker's absence her school in Digby has been closed.]

In Memoriam

In loving memory of Charity, wife of Mr. E. Mussels, of Port Wade, who died 9th inst.

"What are these which are arrayed in white robes, and whence come they? And I said unto him, these are they which came out of great tribulation, and have washed their robes and made them white in the blood of the Lamb."

A dear one, a loving wife and tender mother gone from our midst, away from earth with all its care and suffering. She was lovely and pleasant in life, although her pathway was a way of suffering and many thorns pierced her soul as she travelled along. She rejoiced in tribulation and murmured not but was ever trusting in Him, who doeth all things well. Having finished her work on earth, the Lord of her life has taken her to the rest He promised to all who trust Him. Ours is the loss and hers the great gain. For she rests from her labors, and her work shall follow her. Sympathy for the bereaved ones.

The Clothing Kings Have Contract

A. M. King & Son, Annapolis Bay, have received the contract to supply the Bear River School Cadet Corps with uniforms, to the number of 10 suits. A visit to their establishment shows great preparations being made to handle the Spring business offering, and on Saturday next they announce the opening of a new store exclusively for boys, wear which will attract to them in an unrivalled position to cater for that important trade. "It is the greatest difficulty to find suitable Boys' Clothing is a remark often made by parents." The Clothing Kings have realized this, and their Spring Catalogue will show plainly how they have overcome that difficult problem. We would remind our readers that their "Want Book" will be ready the 1st of this month, but application must be made at once, if you desire a copy.

Easter Concert at Bay View

An Easter concert was held in the church last Thursday evening, April 11th. The church was appropriately decorated and looked very nice. The audience, though not as large as might have been, had the roads being so bad, appreciated the excellent programme given them. The following evening, the entertainment was repeated at Victoria Beach to a large audience. The party was conveyed there and back by two of the Granville motor boats. The receipts amounted to about \$25.00 which goes toward the church fund.

Of Interest to Our Readers

The readers of the *Courier* will notice by today's issue that the Digby business of Edgar, Lewis & Dryden, Halifax, will in future be handled by Nova Scotia's largest concern, having over 200 agents and branches in the Maritime Provinces. It is noted for its high quality of work. If you require any Dry Cleaning or Dyeing done send your order to McHugh's. They also do the best Laundry work in America.

OF A LOCAL NATURE

Rev. T. S. Ray will preach at Ryxville on Sunday afternoon at three o'clock.

The *Middleton Outlook* is changing its day of publication, for a time at least, from Friday to Saturday.

Mr. Arthur E. Cousins has been added to the Customs staff in Digby. He went on duty on the 6th inst.

The P. E. Island Legislature has repealed the silly act against the importation of automobiles into that Province.

A base ball team has been organized in Digby and work has been commenced on the preparation of a field for this popular sport.

In the Baptist church next Sunday morning the subject will be "A Fatal Compromise," in the evening, "The Tenth Commandment."

A. M. King & Son, of Annapolis, have the contract to uniform the Bear River cadet corps. J. C. King was in that town last week taking measurements.

The annual meeting of the Board of School Commissioners for Clare will be held in the Court House in Clare on Thursday, April 25th inst., at two o'clock, P. M.

The Board of School Commissioners for the District of Digby will meet in annual session at the office of Major John Daley, the Chairman of the Board, on Saturday, May 1st, at eleven o'clock, A. M.

As admiral of the harbor, Mayor Frank of St. John, ordered the official flag at City Hall to be placed at half mast for two days, as a mark of respect to the victims of the wrecked steamer Titanic.

Com. A. A. Shortliffe has lighted his residence on Carleton street with acetylene gas, the plant having been installed by Mr. Russell Fenwick. He is using 12 lights, the entire outfit giving excellent satisfaction.

Along the Kennebec

Clean wholesome plays are the ones which are the most successful, and which live the longest. Such a play is "Along the Kennebec," which comes to the Bijou Theatre, Digby, next Tuesday evening, April 24th, with a good company and all the necessary scenery to produce it in a complete manner. There are five comedy parts and the fun starts early and runs late with several clever specialties introduced during its action. The fine land carried by this attraction will give a concert some time during the afternoon when some good music will be rendered. To prove that such plays are the real successful productions, any one has only to remember the great success of "Shore Acres," "County Fair," "The Old Homestead," and others of a similar nature. "Along the Kennebec" is built of the same standard material and is in that class of plays.

The tickets are now on sale at Jones Drug Store and we advise our readers to purchase their seats several days in advance, for a play of this kind, accompanied by a band and street parade, means a full house, and the general manager of the Bijou Theatre, Mr. J. F. Cropper, does not want to see his regular patrons disappointed in not being able to secure their favorite seats, but of course, "first come, first served." The only sure way is to call early to secure the best seats are sold.

Advertising Pays

Mr. Churchill Squires, of Truro, representing the Canadian Furber's Mose Co., Ltd., was in Digby, and vicinity this week and has already sold several marine motors for use in Digby Basin. This is another good illustration that *Courier* advertising is a profitable investment. This time, for a same reason, never run an advertisement in our columns until the first four issues. They make a good one for people here knew very little about them. Look at the advertising columns in the *Courier*, and then ask why engines are generally purchased by Digby people and you will soon learn the reason. The engines used in this manner, were manufactured by the best firm in the world, and are the most reliable and economical of the kind in the world. In every fisherman's home in Digby County.

Married in Boston

Two days ago, *Yarmouth Herald* says: The wedding took place at Tremont Temple, Boston, yesterday morning of George, son of Churchill and Mrs. Squires, and Emily, daughter of Mr. Arthur Squires, of Yarmouth, but who has resided in Boston for some years. The bride wore a handsome suit of blue, with a white collar and American Beauty roses, and was attended by her bridesmaids, Misses Taylor and White. The happy couple will visit the White Mountains, New Hampshire, and will return to Yarmouth via New York City.

Local Boating News

Messrs. E. E. and George Dunn have completed a handsome open launch for Mr. W. E. Tromp, proprietor of the M. and M. Hotel. These boats also have a 15 foot cabin cruiser under contract on for Messrs. C. A. and Fritz Olson. Their next order on the list is a "Viper" speed boat for Mr. W. E. H. Adams, of Digby.

Several of the W. N. S. Y. C. officers and members are getting their boats ready to go into commission May 1st. Mr. E. P. Dumas is building an open launch for his son Guy, which will no doubt prove a fast one.

W. N. S. Y. C.

Another meeting of the Western Nova Scotia Yacht Club was held in the offices of the Maritime Fish Corporation, Wednesday evening.

Several new members were admitted and a lot of important business transacted. It was decided to have the constitution, by-laws, sailing rules, etc., printed, containing the names of the Club's flags and members' private signs.

Tender A. B. received up to Monday noon for the building of the Club ship, work which is to be completed not later than Victoria Day, May 24th.

Death of Earl Killalea

Word has reached here from San Francisco of the death of Earl, the eight year old son of Mr. and Mrs. Roy V. Killalea, which occurred at his home in that city on March 26th. He leaves besides his grief-stricken parents, one little sister, Mr. and Mrs. Killalea have the sympathy of many relatives and friends in Digby in their sad bereavement. Mr. and Mrs. Peter Killalea, Light House Road, are great parents of the deceased.

Maritime Fish Corporation's arrivals: From Schr. Dorothy M. Smart, 120,000 lbs. haddock, 9,319 lbs. cod, 1,400 lbs. mack, 540 lbs. pollock, shipped 2,858 boxes human bodies.

Norwegian bark Ashmore, 157 tons, has been chartered by Messrs. Blacklocks & Co. to load at Annapolis for Buenos Ayres. She sailed from Montevideo on the 4th March for Baltimore.

Work received in St. John Monday that the three-masted schooner Alhine had been wrecked in Boothbay Harbor and would be a total loss. The Alhine was 299 tons, and was built at Bellevue Cove, Digby County, in 1884, and hauled from St. Andrews. She was bound for New York with lumber from St. John.

The cargo is said to be insured, but there is no insurance on the vessel and the loss will be heavy. A. W. Adams, St. John, is managing owner.

Capt. George Morrell, formerly of Freeport, has become part owner of the St. John tug Wason and has taken command of that boat. On Monday Capt. Morrell took Norton Griffiths and engineers (contractor for the Centenary Bay works) up the St. John river on business, it being the first trip any boat has made this season, navigation being open since the 1st of April.

The tug Wason was built at Oak Point. The tug Wason was built at the Range, N. B., in 1901, her managing owner being Charles D. Wason, of St. John.

Saturday's St. John *Telegraph* says: Coasting steamer Mikado, Capt. Lewis, reached St. John Thursday night from Apple River, N. S., with the schooner Alma, loaded with hardwood lumber for shipment. (The towing was accomplished in the quick time of seventeen hours. The Mikado left again yesterday morning for Apple River. The steamer and schooner are owned by C. T. White & Son, of Apple River, Capt. Ernest Lewis, of the Mikado, is a son of Mr. and Mrs. Wait still Lewis, Freeport.

Schr. Dorothy M. Smart, Capt. Arthur Longmire, arrived Monday with 432,150 lbs. mixed fish, the largest fare ever hauled by this vessel, and it is said, the largest fare ever landed at this port. The previous largest fare was unloaded by Capt. Longmire in the Schr. Daisy Linden several years ago. The Dorothy M. Smart's big fare, turned out, as follows: 120,600 lbs. haddock, 9,319 lbs. cod, 1,400 lbs. mack, 540 lbs. pollock, 300 lbs. mack, and was all handled in Digby. This shows the old dome between the capacity of the local wholesale fish firms compared with Capt. Longmire's arrival during the month of March, 1902, with the big fare on the Daisy Linden referred to above. At that time the captain had

ed 18,000 lbs. in Digby (all the firm could take), went to St. John and gutted the market across the Bay and was then obliged to turn to Digby and land the remainder of his fare—10,000 lbs.

HORRIBLE MURDER

Capt. Starrett, of Digby, Killed in New York

The Captain Stain in the Cabin of His Barge.

HIS ARMS FOUND HINGING HIM AND HIS HEAD COVERED BY AN AXE.

A New York paper of April 5th contains the following:

His head cloven by an axe, his arms found hinging him, Melville Starrett, aged sixty, captain of a Pennsylvania Railroad lighter, was found dead in the lighter's cabin yesterday. Plainly, he had been murdered. In the cabin were the axe which his assailant swung and his revolver with three cartridges exploded. Starrett was in his underclothes, and evidently the crime had been committed in the night. The lighter lay at the foot of West 125th street. The police theory is that Starrett's assailant stunned him and then bound him, but seeing that he was returning to his senses dispatched him. The motive was robbery. All the captain's pockets were turned inside out.

Starrett was paid \$70 a few days ago. He had about \$50 in the top of an old rubber shoe in the cabin. His son, Harry Starrett, thinks the murderers got some money for his father always carried from \$200 to \$300, although he had been robbed frequently.

His lighter was towed from Pier K on Jersey City Saturday night. It is possible the murder was done at the Jersey City pier, for Captain Starrett was not seen, while the lighter was on the Jersey side.

Starrett used to be a Nova Scotia seaman, and entered the Pennsylvania's employ in 1891. His home, where he has four daughters and two sons, is at 1416 Prospect avenue, Brooklyn. Captain Starrett and his family for many years resided in Digby. Mrs. Fred Dillon, of this town is a daughter of the deceased.

A Successful Concert

The Trinitarian Christian Church was filled last Tuesday evening with an appreciative audience to listen to a very interesting program consisting of exercises, solos, quartettes and choruses. The concert deserves more praise than this limited space permits and we wish to congratulate all those who took part in making the affair a decided success.

The goodly sum of \$31.85 was realized for the benefit of the program:

Song, "O'er the Hills," by choir.
Song, "Happy Children," by Miss Outhouse.
Reading and prayer, by Rev. J. W. Hamilton.
March and chorus, by school.
Recitation, "What a beautiful world," by Alma Outhouse.
Song, "Jesus is my friend," by Miss Outhouse.
Song, "Happy Children," by four little girls.
Recitation, "What if you were starving," by Miss Outhouse.
Song, "Jesus is my friend," by three girls.
Recitation, "The wonderful cross," by Miss Outhouse.
Song, "Happy Children," by Miss Outhouse.

TRIED EVERYTHING WITHOUT RELIEF

Until I took "Fruit-a-lives"

SARNIA, ONT., Feb. 25th, 1910.
"I have been a sufferer for the past 25 years with Constipation, Indigestion and Catarrh of the Stomach. I tried many remedies and many doctors but derived no benefit whatever."

Finally, I read an advertisement of 'Fruit-a-lives'. I decided to give 'Fruit-a-lives' a trial and found they did exactly what was claimed for them. I have now taken 'Fruit-a-lives' for some months and find that they are the only remedy that does me good."

I have recommended 'Fruit-a-lives' to a great many of my friends and I cannot praise these fruit tablets too highly."

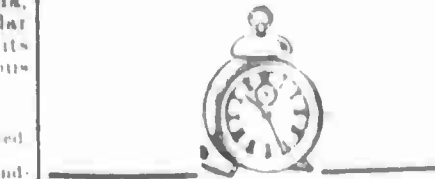

PAUL J. JONES

"Fruit-a-lives" is the only natural cure for Constipation, Indigestion and Stomach Trouble, because it is made of fruit juices and valuable tonics. Hundreds of people have been cured as if by a miracle, by taking 'Fruit-a-lives', the famous fruit medicine.

See a box of for \$2.00 trial size, 25c. At dealers, or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

FREE ADVICE TO SICK WOMEN

Thousands Have Been Helped By Common Sense Suggestions.

Women suffering from any form of female illness are invited to communicate promptly with the woman's private correspondence department of the Lyda E. Pinkham Medicine Co., Lynn, Mass. Your letter will be opened, read and answered by a woman and in strict confidence. A woman can freely talk of her private illness to a woman; thus has been established a confidential correspondence which has extended over many years and which has never been broken. Never have they published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which they have to draw from, it is more possible that they possess the very knowledge needed in your case. Nothing is asked in return except your good will, and their advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Lyda E. Pinkham Medicine Co., (Confidential) Lynn, Mass.

Every woman ought to have Lyda E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

A Lighthouse Heroine.

(The People, London)

Let like a column to tell the tale that I want to tell to night.

Of a woman's devotion to duty just watching and trimming a light.

A woman who right in the agony of knowing her husband dead.

Stuck to her post till her babe and she were saved with life and high speed.

It was out at the Bird Rock lighthouse, 'mid the Nova Scotia swell.

Where sailors have sought to guide them but the light and the fog for bell.

Some miles away the lighthouse stands from the nearest bit of coast.

And four times a year a supply ship's sent out to see if the light's not.

A fortnight ago, on a stormy night, Peter Horne, the keeper, tripped.

On entering the light in a gale, and right amid the breakers slipped.

His wife, a brave, alert, slim, vain, he was loved to death on the stone.

And she and her baby were left to tend the light and the bell alone.

In mortal days the woman bore it as she says, baby and I.

Keep the light and the signals going, though I thought I'd go mad or die.

I found my self to keep up, for I realize only too well.

That the light must never go out nor silent be the voice of the bell.

I had food but I couldn't get time to cook and baby was always crying.

I stayed for help and I never slept, and I fear baby was dying.

I wondered every time I went to the light if I'd ever do it again.

But the thought that the lamp was burning still, and the bell going kept me sane.

Then one day I saw a Government boat and fairly wept for joy.

I laid the bell with all my strength, and I saw her turn towards the buoy.

She knew there was trouble heard the sound of distress in the voice of the bell.

And I don't know what happened, I was exhausted and I fell.

That's the end of the story, but I'm told that a great life.

Was made by the Government to the baby as well as to the wife.

And by Heaven if ever a grant was won by courage I think it's been.

For my wife Mrs. Horne the lighthouse heroine.

Death of Fred W. Purdy

BEAR RIVER LIVES ONE OF ITS MOST KNOWN CITIZENS.

In the death of Mr. Fred W. Purdy, which occurred at his residence in Bear River at 10 o'clock Tuesday night, our sister town loses one of its most popular and highly respected citizens and a personal friend of many. The deceased was born in Bear River 43 years ago, being a son of the late Mr. and Mrs. John V. Purdy. When a young man he served a clerkship in St. John, later going to Oldtown, Maine, where for many years he was Oldtown's leading grocer and a prominent citizen of that city. It was then he became an Odd-fellow and soon advanced in Odd-fellowship circles in the Maine jurisdiction. After returning to Bear River where there was no I. O. O. F. lodge until this spring, he somewhat lost his connection with the order. He was a member of the Baptist church and was always ready to help along a good cause. He was proprietor of Purdy's stable and express route and well and favorably known to the travelling public.

He leaves a widow and two daughters, Mrs. Chas. McDormand, of Bear River, and Mrs. A. C. Archibald, of Brockton, Mass. He is also survived by one brother, Mr. Frank Purdy, and one sister, Mrs. Charles Dunn, both of Bear River. Mr. Purdy had been ill all winter. He was operated on in St. John some time ago, but all efforts for his recovery failed.

The funeral took place from his late home at 3 o'clock yesterday afternoon and was largely attended. The Coffin extends its deepest sympathy to the bereaved ones.

Gone to United States

EDITOR OF BEAR RIVER NEWS GIVES UP HIS WORK IN NOVA SCOTIA.

Mr. G. I. Brooks, editor and proprietor of the Bear River News, who for many years has been the Courier's correspondent in that village, has moved with his family to the United States, where they intend in future to reside. It is reported that the News has ceased publication. Its last issue contained the following: Mr. R. O. Yorkie of Middleton, has purchased the barter business of G. I. Brooks and took charge this week. Mr. Yorkie is a master of the tonorial art and will devote his full time to the business in all its branches.

The Bridgetown Monitor says: If we are correctly informed, the Bear River News has gone out of print, the editor with his family having gone to Boston to reside, and at present we have heard nothing about any new man taking the helm.

Middleton Outlook: Editor G. I. Brooks, of the Bear River News, is removing to Boston. The Bear River paper under his management has been bright and new.

Launch of the Stadium

A fine new steamer, the Stadium, was launched Monday, the 22nd inst., from the shipyard of Joseph McGill, Shelburne. She is 80 feet over all, 29 feet beam, and 10 ft. hold, and was built under contract for the New Brunswick Iron Co., of Yarmouth, who are supplying her machinery. When completed she will be owned and operated by Charles J. White & Son, of Apple River, N. S.

The new boat is very strongly built, and her accommodations and outfit are well planned and nicely finished. A considerable portion of her machinery was installed while on the stocks, and she will be towed at once to Yarmouth, to receive the remainder.

The new boat will be commanded by Capt. Ernest H. Lewis, of Freeport, now in charge of the steam Mikado.

Death of Mr. Gilliat's Mother

Mrs. H. J. Gilliat died at Portland, Me., on the 13th inst., aged 67 years. The body was brought to Yarmouth, port, where the funeral was held, burial being in the Methodist cemetery at that place. Mrs. Gilliat was a native of Annapolis county, being a sister of George Beeler, of Clements-ville. She leaves two sons and four daughters, one of the latter being Mrs. F. B. Rawding. Two others, married, and one single, reside in Portland. Of the sons, George is proprietor of the Wigwam postcard shop, Digby, and has just gone to sea. The late W. A. Gilliat, husband of the deceased, was formerly in business at Clements-ville.

Death of Miss Mary Viets

The remains arrived here via Wednesday's express from Yarmouth, of Miss Mary Viets, who died in Malden, Mass., on Saturday morning. Miss Viets was a native of Digby, the daughter of the late Sheriff Viets, and has left many friends both here and in Yarmouth, where she spent several years, who will mourn her passing away. One sister, Miss Maggie Viets, and a brother, Mr. Henry Viets, of Yarmouth, survive.

The funeral took place Wednesday with interment at Forest Hill cemetery, Rev. W. Driffield conducting the services.

Died in St. John

Friday's St. John Evening Times says: Mrs. Eliza J. Dunsmore, wife of James Dunsmore, died last evening at her residence, 327 Princess street, after a brief illness of several months. She was 70 years of age, and a daughter of the late John Ross, of Digby county, N. S. Besides her husband, she leaves two sons, James E., and Arthur S., of this city, and two daughters, Mrs. J. E. Edwards and M. H. Dunlop, both of this city.

Death of Mrs. Timothy Connon

The death occurred at Rossburg yesterday of Mrs. Timothy Connon, aged 80 years. She leaves a grief-stricken husband, one son, Augustine, of Sandy Cove, and two daughters, Annie, Thelma, of Gulliver's Cove, and Charlotte, of Bath, Maine, to mourn the loss of a kind and loving wife and mother.

Successful at Dalhousie

The list of graduates of Dalhousie university, with the exception of medicine, were posted at the college Tuesday. Among those having completed all the requirements for the degree of Bachelor of Law, is Ernest Eugene Fairweather, formerly of Digby.

Sending Out Bills

We have been sending out bills for the past few weeks to our subscribers, and also to the patrons of our advertising and job printing departments, to which we respectfully request a prompt response.

OF A LOCAL NATURE

Little Paragraphs Which Tell of the News Around Town.

NEWS GATHERED DURING THE WEEK AND RECORDED IN BRIEF FOR THE BENEFIT OF THE PUBLIC IN DIGBY AND ELSEWHERE.

The Yarmouth hospital has just received a handsome donation in the shape of an operating table. The table, built on the latest and most improved style, is the generous gift of Mr. H. H. Raymond, of the Clyde S. S. Co., New York, who has taken this very practical way of showing his interest in the work.

FOOT

THE FIRST DEGREE CONFERRED ON TWENTY CANDIDATES IN DIGBY LAST FRIDAY EVENING.

One of the pleasantest evenings in the history of Odd-fellowship in Digby occurred last Friday night when the first degree was conferred on twenty candidates, four of whom were members of the local lodge, Digby, and sixteen, members of Friendship Lodge, Bear River.

About one hundred of the three link brethren from Digby and Bear River were present. After the degree had been conferred by a regular degree team from St. George's Lodge and the routine business of the evening completed, refreshments were served, followed by speeches, music, etc., the entertainment being continued by Bro. A. D. Bailey until one o'clock Saturday morning.

Next Sunday evening the officers and members of St. George's Lodge will attend divine worship in the Digby Baptist church. The preacher will be Rev. S. S. Paole, of Middleton. Bro. L. J. Lee, of Middleton, and pastor of the Middleton Baptist church. Rev. T. S. Roy, of Digby, will occupy the Baptist pulpit in the Middleton circuit during Mr. Paole's absence.

The officers and members of Friendship Lodge, Bear River, will attend divine worship in the Methodist church in that town Sunday evening, May 12th.

Death of Mrs. George Hawkesworth

The death of Mrs. Chapman, wife of Mayer Hawkesworth, of Annapolis, occurred at the residence of her husband, St. George's street, on the 18th inst., after a prolonged illness extending over a year. She was 58 years of age, the daughter of the late T. A. Garvey, a former merchant of that town, and very highly respected. She was a member of St. Luke's church and loved by all who knew her and her death will be mourned by a large circle of friends. She is survived by her husband, George Hawkesworth, and two sons, John, in the United States, and Middelburg, at home.

The funeral took place Saturday with interment in Woodland cemetery.

The Extension of the Lobster Season
To the Editor of the Courier:

SIR,—A petition to the Hon. Mr. Hazen, Minister of Marine and Fisheries, will soon be put in the hands of Mr. Jamieson, our federal representative, to be forwarded by him to the Department at Ottawa. The petition in question will be circulated by Mr. William Aymar, of Meteghan, fishery officer. The aim of the petition is to have the lobster season extended in St. Mary's Bay for at least four weeks longer than the usual time. High winds and bad weather were so prevalent at first that a great number of fishermen were put to heavy expense in being obliged to re-fit, having lost the greater part of their gear. We hope our popular representative at Ottawa will exert himself in the interest of our fishery and, if possible, the prayer of the petition granted.

Boston Nova Scotia Line.
EASTERN S. S. COMPANY WILL CONTROL THE STOCK AND WILL WORK IN HARMONY WITH THE C. P. R.

BOSTON, April 23.—A new Canadian company, probably to be called the Boston-Nova Scotia Steamship Company, will be formed shortly to operate the Eastern Railway.

The railway is not included in the transfer and the Canadian Pacific and Eastern S. S. Company will work in harmony. In time fewer and better boats will be put on the service.

Death of Mrs. Riley
The Annapolis Spectator of the 15th inst., says: Mrs. Sarah Jane Stratton Riley, widow of Simon W. Riley, sen., passed away Tuesday at the age of 85 years. She had been in good health up to about three weeks ago, when she was taken with the influenza, and died four days ago and her son James passed away nearly two years ago. The surviving children are Mrs. B. H. Nickerson and Mrs. Eben Anderson, of Cambridge, Mass.; Simon W. Riley and Mrs. H. B. Burnham, of Annapolis; Mrs. Riley was a devoted member of the Methodist church and was highly thought of by her neighbors and friends. The funeral took place at 2:30 p. m. Thursday.

A Synopsis of What is Going on Every Week in Our Neighboring Villages

Sandy Cove

Mrs. D. G. Dakin is visiting friends at Digby.

Mr. Len Eldridge lost a valuable horse on Sunday.

S. S. Ida Lee carried an excursion from Little River to Freeport on Sunday.

Mrs. Len Eldridge, of Digby, was the guest of Mrs. Ingram Saunders last week.

Messrs. Guy Morehouse and D. G. Dakin spent a few days of this week at St. John.

Miss Annie Leary, of Weymouth, spent a few days of last week with Mrs. Carl Eldridge.

Congratulations to Mr. and Mrs. John L. Cann on the arrival of a daughter, Apr. 22nd.

The ladies of the Methodist circle held an ice cream sale in Morehouse's hall on Monday evening.

Miss C. Collins, of Digby, is at the Sandy Cove House with a full display of trimmed and untrimmed hats.

Mrs. H. E. Jones and children, of Digby, who have been guests of her mother, Mrs. Ingram Saunders, returned home on Tuesday.

The last whist party of the season was pleasantly entertained at the home of Mrs. Harry Jensen, on Friday evening.

About 12 o'clock a bounteous repast was partaken of, consisting of chickens and all the "fixins" and it needless to say one and all certainly did justice to the inner man, after which our hospitable hostess requested us to adjourn to the ball room.

On entering we found Mr. Dakin, an up-to-date violinist from Digby, also a pianist, who certainly deserve credit for the excellent music furnished.

Among the guests were Mrs. H. E. Jones, Mr. and Mrs. L. B. Eldridge, Miss Nettie Dakin and Mr. James McKel, of Digby. Each and every one returned to their homes feeling more than satisfied with their evening's entertainment.

Westport

Miss Harriett Ruggles has gone to Boston.

Dr. Penchard, of Yarmouth, spent a week in town.

Miss Marion Bailey spent Sunday at Peter's Island.

Mrs. Charles Hicks is very much improved in health.

R. W. Ford, of Wolfville, was in on Saturday evening.

Mrs. S. T. Payson returned from St. John on Wednesday.

Mr. St. Clair Cann has been confined to the house for a week.

Mr. Walter Tittle and son Emmet son spent Sunday at Freeport.

Mr. L. S. Myles, Inspector of Schools, was in town over Sunday.

The District Division met with Tyro Division, Friday, April 19th.

Schr. Hattie Loring, Capt. Arthur Porter, sailed for the North Shore Sunday.

Mr. Fred Davis went to Yarmouth Friday via S. S. America, for a few weeks.

Miss V. L. Lafley fell from the Grandstand on Friday and was seriously injured.

Congratulations to Mr. and Mrs. J. L. Peters on the birth of a son, April 22nd, Harry Clarence.

Mr. Harold Grouse, of St. John, spent Sunday and Sunday with his sister, Mrs. Edward Grogan.

Miss Virginia Gilbratt, who spent the winter with her cousin, Mrs. E. C. Brown, returned to her home at Westport on Friday.

A service was given by the F. W. M. in the vestry on Tuesday evening, April 23rd. An offering was made for the Western Missions which amounted to \$12.79.

Sandy Cove

Miss Anna Eldridge returned to Digby on Tuesday last.

Mrs. L. B. Dakin, of St. John, spent last week with her family in this village.

Mrs. Carrie Morehouse spent Sunday at Little River.

Mrs. Hattie Lee, who has been visiting in Digby, returned home last week.

A service was held here attended by W. S. S. at Digby last week.

Tip-top tea was entertained at Mrs. L. B. Morehouse's last Friday evening.

Mr. and Mrs. Marshall, of Newfound, spent the Methodist pulpit on Sunday evening.

The Methodist Sabbath school gave a Easter concert on Easter Sunday which was largely attended.

Miss Lizzie Brown gave a birthday party Wednesday evening. All present had an enjoyable time.

S. S. Gentry sailed from this port on Monday, having been hailed up here during the winter months.

Rev. Mr. Harvey, of Grand Manan, occupied the pulpit of the Baptist church on Sunday afternoon. He also holds services again on Sunday evening.

TITANIC'S VICTIMS.

Strmr. MacKay-Bennett Has Eighty Bodies on Board.

Strmr. Royal George Passed Many Bergs and Lifeboat of Lost Liner.

RELATIVES OF THOSE WHO WERE DROWNED RUSHING TO HALIFAX TO MEET THE CABLE STEAMER.

HALIFAX, April 24th.—A large number of reservations have been made at the hotels here for New York men and others who are coming in the hope of being able to identify the dead bodies picked up from the Titanic.

At 9:30 tonight a message was received from the cable ship Minia stating she was 200 miles east of St. John's and should be in communication with the MacKay-Bennett by wireless in the morning. Her range of wireless is 200 miles at night and 150 by day. When the Minia reaches the MacKay-Bennett by wireless the latter ship will probably sail for Halifax. Should this be done the MacKay-Bennett would arrive in Halifax about noon Saturday.

Steamer Royal George arrived this afternoon from Liverpool and reports a rough passage. She reports having passed fifteen icebergs on Monday, 40 miles north of where the Titanic struck, and reports passing one of the Titanic's lifeboats. Yesterday afternoon the MacKay-Bennett was in wireless communication with her and stated she had eighty bodies on board.

NEW LIFEBOATS FOR OLYMPIC.—Belfast, April 24.—Harland & Wolff have dispatched thirty-two lifeboats, each with a capacity for 65 persons, to Liverpool. It is reported that they are for the Olympic, which is to proceed to the Mersey to receive them.

This was probably brought about on account of the Olympic's three hundred lifeboats. The White Star liner is now equipped with a boat to carry 250 in case of accident.

One of the leading stokers of the Olympic said: "What we demand is that every one of the lifeboats shall be a wooden one. Personally, I do not care, as I am unmarried, but many of the men have wives and families and their lives are as valuable as those of the first class passengers."

BRAVE MUSICIANS.

The band of the Titanic finely sustained the traditions of similar organizations in the past, and its influence in preventing unseemly conduct among passengers and crew must have been very great. This band even established a new record for devotion to duty in continuing to play for ten minutes or so after the captain had warned every one to seek for himself.

HELPLESS WITHOUT WIRELESS.

The freight steamer Lena, which arrived at Portland Tuesday from England, must have found the Titanic in the vicinity of the Titanic when the latter foundered. Had the Lena been equipped with wireless outfit, she could have aided in saving the lives.

Weymouth North

Mrs. William Hankinson returned from a visit to Boston on Saturday.

Mrs. Forbes Jones, who has been spending the winter in New York, is at home.

Mr. and Mrs. Hastings Taylor returned from their wedding trip on Saturday.

Mr. and Mrs. Joseph Thurler and family have returned from St. John where they spent the winter.

Mrs. Douglas Campbell Jr., and son returned from an extended trip to New York, Baltimore and other cities.

Mr. Benj. Doty has been brought home from the infirmary where he had gone for treatment, but was unable to be helped.

We are glad to welcome an old resident in the person of Miss Annie Hankinson, who arrived on Wednesday and will take up her abode in her old home. She was accompanied by Mrs. Gordon, of Kentville, who will also reside here.

Lower Granville

The sad news reached this locality on Tuesday that Capt. Joseph Johnson had passed away that day at the home of his daughter, Mrs. Elva J. Brown, Middleton, Mass. The remains came on Saturday, accompanied by two daughters, Mrs. Brown and Mrs. Boyd. The funeral took place on Sunday afternoon. The attendance was so large that an offer of the Baptist church was gladly accepted as the Methodist edifice would not have held the congregation. Rev. Mr. Davis conducted the services. The floral display was magnificent. Capt. Johnson was a man of a generous nature, good to the poor and kind to all. He leaves a host of friends who deeply sympathize with the bereaved.

Prospect

Mr. George Teed made a trip to St. John last week.

Mr. Harry Stevens is in St. John for a few weeks.

Mrs. White's parents, Mr. and Mrs. Fielding Teed.

Mr. Judson Thurler, who spent the winter with his mother and friends, left last week for North Vancouver.

Mr. Lloyd Perry, of St. John, who is not in very good health, is visiting his parents, Mr. and Mrs. James Perry.

Schr. L. M. Ellis, Capt. Geo. Lent, arrived from Port Maitland Wednesday and sailed for St. John Saturday, April 20th.

Schr. Clarence Trahan, Capt. Trahan, cleared from Yarmouth for Meteghan on the 18th inst.

Schr. Effie M. Morrissey, Capt. Ross, was in Yarmouth last week with 100,000 lbs. fresh fish.

Schr. Dorothy M. Smart, Capt. Arthur Longmire, sailed Friday from Digby for the fishing grounds.

Strmr. Frankdale, Capt. J. E. Roop, sailed from Newcastle, N. S. W., for Valparaiso March 30th.

Schr. Dorothy M. Smart, Capt. Longmire, passed through Grand Passage Sunday proceeding southward.

Schr. Britannia, Capt. Bernard Cosca, boom, sailed Tuesday morning for up the bay ports with lobster gear.

Schr. Clara Benner, Capt. Melanson, was in Digby this week having power installed for auxiliary purposes.

Schr. Mildred K., Capt. Thompson, was in for a harbor this week, bound from St. John for Westport.

Schr. Ray Queen, Capt. Trahan, arrived at St. John from Bellevue's Cove Tuesday and cleared to return.

Schrs. B. B. Hardwick, Capt. Berry, and Scotia Queen, Capt. Clark, arrived at Annapolis Monday from Boston.

Nova Scotia Fish Co.'s arrivals. From boatmen 2150 lbs. cod, 200 lbs. halibut, shipped 155 boxes haddock.

Strmr. Bear River, Capt. Woodworth, sent to St. John Tuesday, returning yesterday morning with a full freight.

Schr. Onward, Capt. Johnson, arrived from Annapolis Wednesday and is loading gravel at Rattling Beach, to return.

Schrs. L. M. Ellis, Capt. Lent, from St. Martin's, and Emily R., Capt. Sullivan, from Meteghan, arrived at St. John Monday.

Schrs. Emma E. Potter, Capt. Walker, from Clementsfort, and Florence E. Melanson, Capt. Melanson, from Gilbert's Cove, arrived at Boston Monday.

Mr. Haylett Syda has sold his old boat to Mr. Wellington Dunham, of St. John, who will change her into a power boat. She was towed to St. John Tuesday by the strmr. Bear River.

American tern schr. Georgia D. Jenkins, 308 tons, Capt. Colwell, from Bridgeport, Conn., is in port painting, previous to proceeding to Annapolis to load lumber for Cuba.

We understand that Capt. John W. Snow, of Port Wade, has sold his new boat, which was recently built for him across the Bay, to Mr. Kinghorn, of Victoria Beach, who will use her as a fishing boat.

Schr. C. W. Mills, 318 tons, built by Mr. L. D. Shaffer, Granville, in 1904, and owned by the F. W. Finkels Co. Annapolis, has, it is reported, been sold to Mr. J. W. Murphy, Havana, for about \$4,000.

Steamer Governor Cobb arrived at St. John Tuesday afternoon, having come on the Boston St. John service of the Eastern Steamship Corporation in place of the steamer Calum Austin, which has hauled off and is to undergo spring cleaning at East Boston. Capt. W. H. Allen is in command. It is said there is a possibility that the Cobb may be placed in the service between Boston and Digby on the Dominion Atlantic line, which was recently purchased by the Eastern Steamship Corporation.

Wednesday's St. John Telegraph. The pilot boat Nina Blanche, which filled with water and later drifted on the rocks near Turner's Point, has been hauled near to Piasineco and will probably be brought to port today. It is not thought that she is badly damaged. The Nina Blanche, it will be remembered, capsized in the Bay Fundy three years ago, during a heavy blow, and her master and owner, Captain Dionne, was drowned. She was purchased by pilots of St. John who still own her. She is about thirty five tons.

MRS. H. L. INGHILL

SUFFERED EVERYTHING

For Years, Restored To Health
by Lydia E. Pinkham's Veg-
etable Compound.

Canadian women are continually writ-
ing us such letters as the two following,
which are heartfelt expressions of grati-
tude for restored health:

Glanford Station, Ont.—"I have tak-
en Lydia E. Pinkham's Vegetable Com-
pound and never found any medicine
to compare with it. I had ulcers and fall-
ing of womb and doctors did me no
good. I suffered dreadfully for years
until I began taking your medicine. I al-
so recommend it for nervousness and in-
digestion."—Mrs.

HENRY CLARK, Glanford Station, Ont.

Chesterville, Ont.—"I heard your
medicines highly praised, and a year ago
I began taking them for falling of womb
and ovarian trouble.

"My left side pained me all the time
and just before my periods which were
irregular and painful it would be worse.
To sit down caused me pain and suffer-
ing and I would be so nervous some-
times that I could not bear to see any
one or hear any one speak. Little specks
would float before my eyes and I was
always constipated.

"I cannot say too much for Lydia E.
Pinkham's Vegetable Compound and
Liver Pills, for there are no medicines
like them. I have taken them and I
recommend them to all women. You may
publish this testimonial."—Mrs. STRE-
PHEN J. MARTIN, Chesterville, Ontario,
Canada.

Give Your Sunshine To The Living.

Give your sunshine to the living.
Do not wait till they are dead.
Oh, there's joy in constant giving.
Human hearts are comforted.
And the giver feels the sunshine
Of the heart's responsive smile.
Knowing that another's pathway
Has been brightened all the while.

Give your blossoms to the living:
Let them have their fragrance now.
For their eyes are sealed in slumber
And like marble is their brow.
Often for some loving token,
Human hearts have ached and bled;
Give your blossoms to the living.
Do not wait till they are dead.

Give your sunshine to the lonely.
Though they seem but cold and proud,
Often, perchance, some hidden sorrow
Makes them shut the cheerful crowd.
Give a loving word or token,
That will break the heart's restraint;
Let them know your heart is tender,
Though you may not understand.

Give your heart's love to the false:
Oh, they need the tenderest care!
Though you see not their temptation,
They must meet it every where.
Of a word, a smile, a hand-clasp,
Gives the needed strength and cheer;
Helps them in the bitter conflict,
When the tempter lingers near.

Give your sunshine to the living:
Scatter flowers with eager hand;
You may wake the chord responsive
That will vibrate o'er the land.
Lay it smiles upon the aged;
Cheer the sad and on their way,
You can make this world an Eden
By the kindness of day.

"SOME HAD MEAT, AND CANNA EAT"

So Bobby Burns tersely describes the
rich, but still poor, dyspeptics. But their
case is not now so desperate as when
Burns wrote. For the man who has the
food now can eat without suffering for
it, if he just follows the meal with a
Na-Du-Co Dyspepsia Tablet.

These remarkable tablets banish the
troubles of the chronic dyspeptic—the
man who is bilious, the sufferer from
heartburn, gas on the stomach or occa-
sional indigestion. You can eat hearty
meals of wholesome food—and digest
them, too—if you take Na-Du-Co
Dyspepsia Tablets.

Compounded by expert chemists, after
probably the best formula known to
medical science, they are quick and
certain in their action, giving prompt
relief from all forms of stomach trouble,
toning up and strengthening the diges-
tive organs and bringing about permanent
cures.

A man is no stronger than his stomach.

THE HAND OF FATE.

Bad luck had followed Joe Pebble
for three years—in fact, ever since he
had tired of the monotony of support-
ing his wife and her father on his
wages as a cattle herder and had sud-
denly deserted them to follow the call
of his old free life.

He had simply disappeared to let
them think what they would of him.
He had left all the money that he pos-
sessed except a single silver dollar, and
he had used his own horse to ride
away from them.

Bad luck had followed him in his
roving. He had been unhappy in his
freedom. His heart ached for the sweet
companionship of Gertrude, his wife,
and for the placid philosophy of the
good-natured old man, her father.

Today he was riding down a ravine
among the Tepee hills. Once more he
was free. He had discharged himself
from a ranch on the western side of
the watershed and was riding forth on
one of those strange, restless quests for
new scenes which had become a habit
with him since he had deserted his
wife. Happiness he never expected to
regain.

He drew rein there and looked
through an opening down upon a
pleasant alluvial plain dotted with
cattle. A low adobe ranch house was
there, surrounded by barns and a cor-
ral. Smoke wreathed up from a chim-
ney. It looked very peaceful and
pleasant—the sort of home he and
Gertrude had planned before. A lump
came into his throat, and he brushed
his brown hand across his wet eyes.
Then his young face sank into those
stern, brooding lines that had re-
placed the old careless expression.

Joe Tribble, as he called himself,
rode on. A few yards farther on, his
horse stumbled and fell so suddenly
that Joe was pitched over his head, to
fall in a crushed heap among some
rocks. He lay very still while the
horse scrambled to his feet, sniffed at
his master's unconscious form and then
limped away for assistance, whinnying
pitifully.

Joe opened his eyes upon darkness.
There was a bandage over his eyes, and
he could see nothing, but he knew
that he rested upon a soft bed. A large
hand touched his wrist, and a finger
pressed upon his pulse.

"Doctor," Joe huskily whispered.
"Ah!" said a mellow voice. "Coming
around, are you? Feel pretty well
banged to pieces?"

"Pretty sore," admitted Joe. "What's
the matter with my eyes?"
"You fell on a lot of broken rocks
and got some splinters in your eyes.
You can't come into the light until
they've healed up a bit. Nothing to
worry about; mere scratches. You have
got a broken ankle, though."

"Where am I?" was Joe's next ques-
tion.
"At a ranch close by the spot where
your horse threw you. Pretty intelli-
gent beast, that horse! Came limping
down here to the ranch and almost
told Mr. Smith what had happened.
You can bet he's well taken care of
too."

"Poor old Starbrow!" murmured Joe.
Then, turning to the doctor, he asked
in a low voice, "Where can I stay—
here?"

"Oh, yes! You can't be moved until
your ankle is better," said the doctor,
decisively.
The doctor left the room, and Joe
heard him talking to someone in
another room. There were other voices
that seemed to vibrate strangely on
his hearing. What memories of the
past they revived! Whose voices did
they resemble?

He tormented himself with these
questions until he fell asleep from sheer
exhaustion. He was awakened after a
refreshing sleep by the sound of a
pump-handle creaking outside. Shortly
afterward a heavy, deliberate footfall
entered his room, and he was conscious
that some one was bending over him.

"Well, stranger," said a deep, reso-
nant voice, "I reckon you're awake
now!"
"Who are you?" was Joe's hurried
question.
There was a little pause before the
answer came. "My name's Smith.
Why?"

"Nothing, only I thought it sounded
like—somebody I used to know,"
murmured Joe, sinking back upon his
pillow.

"I wonder if you wouldn't like me
to help you out those clothes you got
on and get you into bed in a decent
way?" went on the voice, and when Joe
gratefully assented the owner of the
voice helped him with a woman's ten-
derness to undress and clothed him in
clean underwear and a clean, coarse
night-shirt.

"I'm mighty obliged to you, stran-
ger," murmured Joe drowsily as he
sank on his pillow after swallowing a
cup of hot broth.
"You're welcome," said the other
solemnly, and, tipping out, he closed
the door.

Joe did not awake again until the
next morning. He knew that the
windows were wide open, for he breath-
ed the fresh, sweet air, and he could
hear the song of birds. His eyelids
felt very stiff and sore, and he was
grateful for the bandage that covered
them.

Mr. Smith came in presently and,
after a pleasant greeting to the injur-

ed man, bathed his face and hands and
brought some breakfast to him.

Joe bit into a hot corn muffin, and
his hand fell upon the counterpane.
He turned his blindfolded eyes toward
the stranger.

"Who made these muffins?" he asked
in a choking voice.

There was a hesitating silence before
Mr. Smith replied. Then, "My daugh-
ter made them," he replied.

"Your daughter! Why—who—ex-
cuse me, stumbled Joe, but they are
like my wife makes, and I never fast-
ed any others like 'em." He hastily
resumed his breakfast, and the portion
of his face below the bandage glowed
redly.

Mr. Smith said nothing.
When the doctor appeared he de-
clared that Joe had a little fever, and
he changed his medicine. Once more
Joe heard three voices in consultation
in the next room. He could now
recognize Smith's voice and that of the
doctor, but the third one was that of
a woman, pitched low and soft, and
cluded his searching mind.

"Where have I heard that voice be-
fore?" he asked himself again and again
as the days passed by, but the answer
did not come—then.

During those long days and nights
of pain and helplessness Joe Pebble
had leisure to think over what he had
done, and he resolved that when he
recovered that he would go north again
and endeavor to become reconciled to
his wife and her father.

DIGBY WEEKLY COURIER

Digby, May 3, 1912

A TIMELY WARNING.

In a few weeks a number of pleasure boats will be launched and moored off Digby's water front and used more or less every night.

Unless these boats are provided with proper regulation lights in the night, and whistles for thick weather, an accident will surely happen which means loss of life and property.

A boat fully equipped with lights, etc., running along at full speed strikes an anchored boat showing no lights, and founders with all on board, the owner of the anchored boat would be certainly liable for this terrible affair. Then again, suppose a small sailing yacht (showing no lights) similar to those engaged in the summer time carrying out tourists, is becalmed and therefore unable to get out of the way of a power boat going eight or nine knots (the latter complying with the law regarding lights and whistles), is struck and her passengers drowned, the sail boat captain would be arrested and no doubt convicted of manslaughter and, of course, sentenced to a term in the penitentiary, a punishment he would justly deserve.

Now comes the most serious part of it all, that is power boats being allowed to run on our Basin in thick weather without whistles, and nights without lights.

It is allowed no where else and should not be here. If it is continued loss of life is bound to occur then those officials whose duty it was to see that the law was enforced will be punished as a thorough investigation would be commenced at once. It is no use for officials to put up the excuse that they have no jurisdiction over boats which are not registered, because common sense tells us that someone is responsible for this terrible negligence and when an accident occurs the public, backed by the government, will soon find out where the responsibility lies, followed by dismissals and punishment.

It is not too early now to advise summer tourists and those who employ boatmen to ascertain before they leave the slip or moorings, if the boat is properly fitted with whistle and lights, if not, to simply inform their would-be employee, that they will engage another boat or remain on shore. This warning should be sufficient, but if the hint is disregarded, the matter will be agitated in our columns until something is done to protect the public safety.

Tourists who visit Digby from the United States are well aware of the stringent manner in which the small boats are compelled to carry out the laws in their country, and they will expect the same thing to be enforced in Digby. No further warning should be necessary.

Oddfellow Attend Divine Service.

The officers and members of St. George Lodge, No. 55, I.O.F., attended divine service in the Digby Baptist church last Sunday evening and listened to an able and very much appreciated sermon preached by Rev. S. S. Poole, pastor of the Middleton Baptist church, and an enthusiastic member of the order.

The choir rendered excellent and very appropriate music for the occasion.

The church was beautifully trimmed with potted plants, cut flowers forming three links, "I.O.F.", etc. Banners showing the emblems of a substantial lodge were also tastefully arranged on the walls.

After the sermon had been ended the brothers marched back to their lodge room where a time was spent in passing "votes of thanks", accompanied by short addresses from several of the officers and members, all of whom expressed their highest appreciation of Bro. Poole's address. The sermon was considered one of the best sermons ever preached to St. George Lodge since its organization twenty-one years ago.

Death of Major Harris

The death of Major Wallace Harris, of Walden, near Bear River, seventy years of age, occurred at his home on Friday, April 20th, from pneumonia. He is survived by two sons, Wallace V. and Garret, also one daughter, Mrs. Richard VanBoskirk. The funeral service was held on Sunday and conducted by Rev. A. Daniel, assisted by Rev. G. W. Schurman, in Mount Pleasant cemetery. Mr. Wallace V. Harris is at the Victoria General Hospital, where he has undergone a surgical operation.

W. N. S. Y. C.

The contract for the building of the Western Nova Scotia Yacht Club ship has been let to Mr. John C. Handspiker, of Mount Pleasant, who will have it completed before May 21st. The sawed material will be purchased from F. M. Steadman & Co., and the timber from Mr. Frank Lent.

Work was commenced Wednesday on Maj. Daley's building opposite the Royal Hotel which has been leased as a club house. This will probably be ready for the Club by the first of June.

Sunday School Convention.

The Nova Scotia Sunday School Association, Digby and Bear River District Convention, will meet in the Baptist church, Bear River, Tuesday, May 7th. A good programme has been prepared for both the afternoon and evening sessions and the attendance of all interested in this good work is respectfully requested.

First in Commission

Rear Commodore Clippert has opened power boat Photography in commission Wednesday morning, and spent a pleasant day on the harbor. The Photography is the first Digby pleasure boat launched this season. Others will follow next week.

On motion of Councillors Jones and Warner it was decided to give the residents on the hill outside of the water district the same water service as was given them last summer by laying a pipe along the top of the ground from a point on Sydney Street near the Reservoir.

On motion of Councillors Denton and Warner it was decided to hold a public meeting on Thursday evening, May 16th, at 8 p. m., at the Court House to discuss and vote upon the resolution passed at the last meeting of the Council to exempt a cannery factory to be erected and operated by D. & O. Sproule from taxation for a term of six years.

Last Night's Wedding.

TRASK TURNBULL.

A quiet but very pretty wedding took place at the home of the bride, Lighthouse Road, at 8.30 last night, when Mr. Henry T., son of Mr. and Mrs. Jacob F. Trask, of Marshfield, was united in marriage to Miss Margaret A., youngest daughter of Mrs. Emma Turnbull, the marriage ceremony being performed by Rev. Daniel, pastor of Grace Methodist church. The bride, who was unattended, was becomingly dressed in white all-over embroidery. Only the immediate relatives of the bride and groom were present. After the knot had been tied and congratulations extended, refreshments were served and a pleasant evening spent by all who were present.

The bride was for several years a member of the Cotuit staff and has the best wishes of her employer and her daily companions with whom she was always very popular.

The groom is one of Digby's best known young men, an enthusiastic Oddfellow, and like his "better half" has a host of friends who will join the CORREL in extending hearty congratulations.

The wedding gifts consisted of many valuable and useful articles in silver, cut glass, etc., showing the high esteem in which the young couple are held.

An Up to date Restaurant.

Mr. Vernon Bent is making improvements in his restaurant on Water street. The whole building is being thoroughly repaired inside and out.

The carpenter work is in charge of Mr. Howard Graham, the painting being done by Mr. Campbell. Metal ceiling will improve the appearance of the dining room, which is being furnished with small tables and other convenient and modern furniture. Mr. Bent, whose business is rapidly increasing, is determined to give his patrons an up-to-date service, and we wish him continued success. See how early, in our next issue.

Mr. G. A. Vye returned from Salmon River Wednesday having succeeded in capturing a handsome large salmon, the only one caught there that day. Sheriff Smith was also at Salmon River this week on a fishing trip.

Yarmouth Times: Miss Violet Cousins, who has spent several weeks in Yarmouth, the guest of Misses Rita and Myra Gaudy, Willow street, has gone to Digby where she has accepted the position of organist and choirmistress in one of Digby's churches.

New Legal Gentleman

(Western Chronicle, Kentville.)

Mr. E. E. Fairweather, on motion of Humphrey Melish, K. C., President of the Barristers' Society of Nova Scotia, before Judge Graham, Halifax, was admitted to the bar on Tuesday last. Mr. Fairweather has been admitted into partnership with Mr. A. L. Davidson, M. P., with offices at Middleton and Annapolis Royal. During the career of Mr. Fairweather at the Law School of Dalhousie, he has established a record, making a first mark in every subject written at the end of the present term.

The friends of this clever young lawyer unite in wishing him success in his chosen profession.

Mr. George Rice, Bear River, was also admitted to the bar at the same time.

[Mr. Fairweather was for some time a resident of Digby and an attendant at the Digby Academy.]

Mr. Soule is Vice-Pres.

MONCTON, April 28.—At the annual meeting of the Canadian Amateur Swimming Association last night, it was decided that the time for affiliation with the A.A.U. of C. was not ripe. A. Murphy Hains was re-elected President and P. O. Soule was elected one of the Vice-Presidents to represent Nova Scotia.

[The latter is a native of Smith's Cove, Digby County.]

OTTAWA, April 29.—The department of marine was notified today that the ice has moved out of the St. Lawrence and navigation is now open. This is about a week later than in 1911.

South End Tennis and Quilt Club.

At a meeting of several ladies and gentlemen held Tuesday evening, it was decided to organize a Tennis Club, to be known as the South End Lawn Tennis and Quilt Club. The grounds on Elm Avenue, owned by Miss Forsyth, have been leased, and will be put in order at once. The Club started with some twenty-five charter members, and the following officers were elected at Tuesday night's meeting: Rev. T. S. Roy, President; John F. MacLaren, Vice President; E. R. Mowbray, Secretary; Executive Committee: Dr. Shafter, Dr. Read and Mrs. H. E. Jones. Entertainment Committee: Mrs. Read, Mrs. Shafter, Miss Oliver, Mr. Crocker and Mr. Whymacht. Constitution and Bye-Law Committee: John F. MacLaren, P. W. Holdsworth, F. W. Nicholas and Miss Patterson.

It was decided to make two quills besides the tennis court, as some of the members prefer the former game to tennis.

A Veteran Oddfellow.

Hon. Senator J. V. Ellis, of the St. John Globe, was the guest of five lodges of Oddfellows in St. John on Friday evening, the occasion being the 33rd anniversary of the founding of the Order, and to do honor to Mr. Ellis who will complete his 43 years of membership in the Order on the 29th October next. A delightful dinner was served and a programme of toasts was carried out. Mr. Ellis is the only living charter member of Pioneer Lodge, which he joined on Oct. 20th, 1869, and has remained a member ever since.

GOLD DUST makes hard water soft

HAPPY THO' MARRIED?

There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The feelings of nervousness, the befogged mind, the ill-temper, the pale and wrinkled face, hollow and circled eyes, result most often from those disorders peculiar to women. Dragging-down feelings, hysteria, hot-flashes or constantly returning pains and aches—are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regulating and correcting the local disorders which are generally responsible for the above distressing symptoms.

"I suffered greatly for a number of years and for the past three years was so bad that I was a misery to me," writes Mrs. H. F. Dickover, of Uxue, Ohio, Route 4. "The doctors told me I would have to go to a hospital before I would ever be better. A year ago this winter I was worse than ever before. At each period I suffered like one in torment. I am the mother of six children. I was so bad for five months that I knew something must be done, so I wrote to Dr. R. V. Pierce, telling him as nearly as I could how I suffered. He outlined a course of treatment which I followed to the letter. I took two bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery' and a fifty-cent bottle of 'Shur-Wad', and have never suffered much since. I wish I could tell every suffering woman the world over what a boon Dr. Pierce's medicine are. There is no use wasting time and money doctoring with any thing else or any one else."

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every woman, single or married ought to know. Sent free on receipt of 50 stamps to pay for wrapping and mailing only.

Death of Mrs. A. H. Spurr.

We copy the following from the Bow Valley (Alta.) Call of April 4th: Died at Gleichen, March 31st, 1912, Mrs. Mabel Eva Spurr, born at Shekleton, Ont., February 10th, 1870, aged 42 years. Scarcely had it been our duty to record so sudden and sad a death as that of Mrs. Spurr, wife of Mr. A. H. Spurr, the local C. P. R. agent. A dark gloom spread over the whole community Monday morning when it was whispered from one to another that "Mrs. Spurr died last night." She was one of an affectionate disposition, always bright and hopeful, so that friendship's circle was to her a large one. Indeed, it may be said of her, that none knew her but to like and respect her as a loving wife and mother. Nearly four years ago Mr. and Mrs. Spurr came to Gleichen to live with their family and even at that time Mrs. Spurr was not enjoying good health and practically ever since had been under the doctors' care. A few weeks ago she returned from a visit of several months duration to her home in Ontario, during which time she underwent a serious operation. Upon her return she was again confined to her bed where she gradually sank week after week, but it was expected and hoped by all she would recover, although few knew of her serious condition. The cause of death, however, has been assigned to brain fever.

At the time of her death, besides her husband and family of four children ranging from seven years to nine months, her two sisters were present, and her brother, Mr. Sherk, arrived Tuesday from McLeod. The funeral took place Wednesday afternoon, when Messrs. McCannion, Notters, Yates, Fearman, Beach and Carey—all brothers of the Masonic order—as pall bearers, carried the casket to St. Andrew's Church, where Canon Stocken conducted the beautiful English Church service, after which a long procession of friends accompanied the mourners to the Gleichen cemetery, where the last sad rites were performed.

The casket was completely covered with flowers sent by friends. [The husband of the deceased is a son of Mr. Wm. F. Spurr, of Deep Brook, and has many friends there who will regret to hear of his sad bereavement.]

Doesn't Want Much.

"Madam," said the young man who had called at the door, "I have the pleasure of introducing to you our new automatic house cleaning machine—a simple little thing which does the whole work of house cleaning, leaving you merely the general supervision."

"Does it do all?" demanded the woman of the house. "Will it wash the outside of the upstairs windows?"

"Why no, madam, but—"

"Will it take down, wash, stretch to dry, iron and hang up the parlor curtains?"

"Well, of course, this machine—"

"Will it paint the kitchen, and make my daughter help me with the dishes?"

"Oh, madam, this machine—"

"Will it wash the winter bedding and put it away, sprinkle the fur with moth destroyer, sew on buttons, set three meals a day, and pacify the household?"

No, madam. You have misunderstood the limitation of my machine."

"Limitation?" It will be a long time before any man will get up a machine to do all a woman has to do in the house."

A Mistake.

Mr. C., a distinguished lawyer of Boston, was on his way to Denver to transact some important business. During the afternoon he noticed, in the opposite section of the Pullman, a sweet-faced, tired-looking woman traveling with four small children. Being fond of children and feeling sorry for the mother, he soon made friends with the little ones.

Early the next morning he heard their eager questions and the patient "Yes, dear," of the mother as she tried to dress them, and looking out, he saw a small white foot protruding beyond the opposite curtain. Reaching across the aisle, he took hold of the large toe and began to reeve: "This little pig went to market, this little pig stayed at home; this little pig had roast beef, this little pig had none; this little pig cried wee-wee all the way home." The foot was suddenly withdrawn and a cold, quiet voice said: "That is quite sufficient, thank you."

Mr. C. hastily withdrew to the smoker, where he remained until the train arrived in Denver.

He Couldn't Do It.

A doctor was once called in by a gentleman who had a very sick mother-in-law. After looking into the case carefully, the M.D. called the gentleman aside and said:

"Well, the only thing I can suggest is that you send your mother-in-law to a warmer climate."

The man disappeared and came back with an axe a moment later, and exclaimed:

"Here, doctor, you kill her! I really haven't the heart."

Winning Promotion.

"Well, Tommy," said the father of a six-year-old youngster, "how are you getting along at school?"

"Bully," rejoined Tommy. "Guess the teacher is going to promote me."

"What makes you think so?"

"She said today that if I kept on at the rate I was going I'd soon be in the principal's class."

What's a Collision?

"Pa, what's a collision?" asked Johnny.

"What? Oh, a collision is when two things come together."

"Pa," after a pause—"Is twins a collision?"

Don't let repairs eat up your profits

Whether they represent actual cash outlay, or only the time of yourself and your help, repairs are waste just the same. When you make an improvement—no matter how small its cost may be—let it be permanent. Then it is a real investment, something on which you can realize in cash should you decide to sell your property; and something that will pay you constant dividends in convenience, sightliness and comfort as long as the farm remains your own.

Concrete Improvements Are Permanent

They last as long as the very hills themselves. They do not require experts to build them. Their first cost, in most cases, is no more than for inferior materials.

Aren't you interested in the subject of permanent, modern farm improvements?

Then write for the book that describes hundreds of them—

"WHAT THE FARMER CAN DO WITH CONCRETE"

It isn't a Catalogue. Every one of its 160 handsomely illustrated pages is interesting and instructive. They tell how to mix concrete, how to place it, what can be done with it. The book was printed to sell for 50 cents, but we have a copy for you, free.

Makes Pigs "Stay Put"

The hog never grunted that could get the better of a Maritime Wire Fence. For this springy, taut, vastly strong fence, made of extra-quality hard-drawn coil-spring STEEL wire, has its verticals and cross wires locked together with the death-grip lock that CANT loosen or slip under any strain whatever. Your cattle and swine will stay where you put them if you fence with this BETTER fence. Once properly erected, Maritime Wire Fence stays taut, straight, sagless and slightly. It is good for twice the fence service ordinary fence can give. Yet it costs no more.

Save Yourself Worry and Money

Did fence worries good-bye, and save money, too, by getting the right fence in the first place. You won't have to be patching your fences every spring if you fence with Maritime Wire Fence. IT STAYS put too. Made and sold on honor. Send for the Fence Book and Price List. Do this now. New Brunswick Wire Fence Co., Ltd. Moncton, N.B.

A Good Emulsion

This may seem an exceedingly simple thing to talk about, but its importance at this season of the year when the system is exposed to the incursions made upon it by our uncertain climate should not be underestimated.

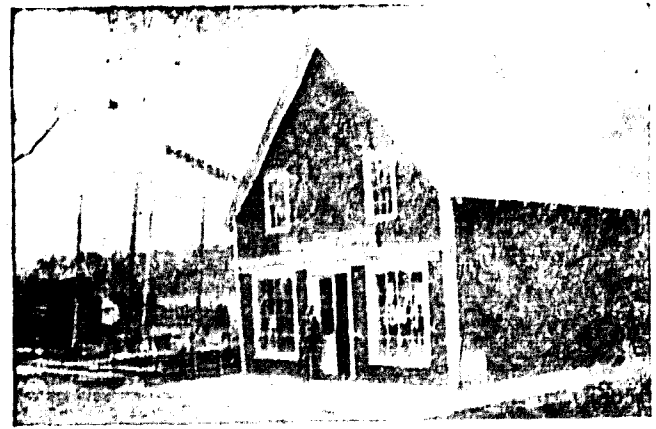

The nutritive and reconstructive properties of **Cod Liver Oil Emulsion** are too well known to need any explanation here. Sufficient to be it to say that **Jones' Emulsion** includes all that is latest and best in Emulsion making and contains the full percentage of pure Cod Liver Oil.

Anchor SHINGLE STAINS

The Best Preservative of Undressed Wood

Anchor Shingle Stains indefinitely postpone, if not absolutely prevent wet or dry rot. They show up the grain of the wood, giving delicately artistic finish, not only to the surface coated, but to the entire building.

We have used infinite pains in the selection of pigments best suited to combine with our specially treated COAL TAR CREOSOTE, and our success has been proportionate with our care.

Anchor Shingle Stains are being very largely used on the roofs, and in many instances also on the bodies, of the most attractive houses in our midst; they are also employed with excellent results from an economic standpoint on sheds and other outbuildings.

If your dealer cannot at the moment supply Anchor Shingle Stains, please write us to arrange for you.

DOCTORS ADVISE OPERATIONS

Saved by Lydia E. Pinkham's Vegetable Compound.

Swarthmore, Penn. — "For fifteen years I suffered untold agony, and for one period of nearly two years I had hemorrhages and the doctors told me I would have to undergo an operation, but I began taking Lydia E. Pinkham's Vegetable Compound and am in good health now. I am all over the Change of Life and cannot praise your Vegetable Compound too highly. Every woman should take it at that time. I recommend it to both old and young for female troubles." — Mrs. EMILY SUMMERSGILL, Swarthmore, Pa.

Canadian Woman's Experience:

Fort William, Ont. — "I feel as if I could not tell others enough about the good Lydia E. Pinkham's Vegetable Compound has done for me. I was weak and tired and I could not rest nights. A friend recommended your Compound and I soon gained health and strength and could not wish to sleep better. I know other women who have taken it for the same purpose and they join me in praising it." — Mrs. Wm. A. BERRY, 631 South Vicker Street, Fort Williams, Ontario.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Long May They Wave!

The last humorous poem, written for the *New York Herald*, by the late Edwin Jerome Moore, of the *Herald's* staff, an account of whose heroic death we published last January. Old Ebenezer pulled a "saw from out the green" pile.

And as he bent his toothless gums he munched it for a while.

He read a city paper—a "piece" that made him start.

And then he cried, "By Hickey! don't that feller think he's smart?"

It was a declaration, and it wasn't made in fun. That when he reaches sixty a man's usefulness is done.

"Lemme see," said Ebenezer, as he looked around the crowd.

"There's Z. Kist, he's sixty-three, as often he's allowed."

Zach Simpson, he's ninety-two, yet doesn't look a day

More aged than his youngest son, an' jes' watch him fork hay.

Hank Winesap, he's on top as all—he's near the century mark.

An' he's cut ten cord o' wood an' finish like a hawk.

Alf Heede, he's as nimble as a dancer on his feet.

An' no one here can beat him when it comes to "sheathin'."

An' lots of other fellers on the farms around the square.

Been pluggin' on for scores o' years an' always gettin' there.

These doctor fellers quit 'round an' sayin' we are dead.

Should see some other doctors 'bout the trouble with their head.

It makes no difference what's yer age so long as y' can do.

As much as one who's half yer years, an' do it proper too.

It's all a question how y' live an' how y' serve yer God.

An' if y' do them rightly y' can hold on 'till they're dressed up in the 'sandy clothes an' in a wooden gown."

EDWIN JEROME MOORE.

PROMINENT RAILROAD MAN

STRONGLY ADVISES HIS FRIENDS TO TRY GIN PILLS FOR THE KIDNEYS

"I have been a Pullman Conductor on the C. P. R. and Michigan Central during the last three years. About four years ago, I was laid up with intense pains in the groin, a very sore back, and suffered most severely when I tried to urinate. I treated with my family physician for two months for gravel in the bladder but did not receive any benefit. About that time, I met another railroad man who had been similarly affected and who had been cured by taking Gin Pills, after

having been given up by a prominent physician who treated him for Diabetes. He is now running on the road and is perfectly cured. He strongly advised me to try Gin Pills which I did, with the result that the pains left me entirely.

POINT PRIM LIGHT

A Story of the New Fog Alarm

A Sketch of the Veteran Light-keeper.

HOW HE SALUTED THE PASSING STEAMSHIPS NEARLY HALF A CENTURY AGO.

A COURIER representative recently visited Point Prim and was shown over the new fog alarm plant by the veteran light-keeper, Capt. William E. Ellis.

This new style of fog alarm, known as a diaphone, instead of the old time steam fog whistle, was placed in operation early this spring.

A new building was erected 30x30 ft., the work being in charge of Mr. D. F. Young, of the Lighthouse Road.

This is a building especially designed for the purpose and has on its first

floor two separate fog alarm plants, one to be kept in reserve while the other is running.

On the second floor is the diaphone, or fog horn itself, while in the basement, which is solidly built of concrete, is a 24x28 ft. fresh water tank connected with the natural water supply on the government property which has given excellent satisfaction in the past.

In an annex to the main building is the engineer's quarters.

The occupant of these quarters at present is Mr. Leander Ellis, the genial keeper's eldest son, who is certainly a capable and faithful man in charge of this complicated machinery.

The power consists of two 12 h.p. Fairbanks-Morse stationary kerosene motors with magneto attachment. These engines are very conveniently started on gasoline through a priming cup and then fed with kerosene. They drive two air pumps manufactured by the Clayton Air Compressor Works, New York. This supplies the air for the Diaphone which is installed on the upper floor, pointing out to sea. This apparatus was manufactured by the Canadian Fog Signal Co., of Toronto, Ont., while part of the attached gear was made by the Smart-Turner Machine Co., of Hamilton, Ont.

The whole building is lighted with electricity, the "juice" being supplied by a 20-light dynamo manufactured by Chapman & Walker, Ltd., of Toronto.

There are two air tanks 12 ft. high and 5 ft. in diameter situated on the first floor and also two water tanks 9 ft. high and 1 ft. in diameter. The government has supplied the station with all the necessary tools to keep the machinery in order, including a first-class set of wrenches and dies from 3/16 to 3 inches in diameter with taps to match.

SOMETHING ABOUT THE KEEPER.

Capt. William E. Ellis, the veteran keeper of Point Prim light and fog alarm station, is the son of the late Mr. and Mrs. Ephraim Ellis, of Digby County, Capt. Ellis himself being born in Salisbury, Westmoreland county, New Brunswick. He took charge at Point Prim March 8, 1875, and has certainly been a faithful employee of the government for more than 37 years, and deserves to be retired on full pay after such an honorable career, one that it is difficult to surpass in any department of the public service.

Capt. Ellis married Mary Hazleton, daughter of the late Mr. and Mrs. David Hazleton, and had a family of six children when he took charge at Point Prim. Their total family consisted of fifteen, thirteen of whom are still living.

There was a new light installed two years ago last November, mention of which was made in the *Courier* at the time, but there were practically no changes made in the lighthouse itself or the keeper's quarters.

The old fog alarm building was moved down on the cliff 23 years ago. In old times, Capt. Ellis, in order to salute the inward and outward bound steamers, was required to put his whole weight on the whistle rope and exert his full strength in order to blow the whistle. Then came the Ellis patent

the keeper's own invention, which was attached to the plant in 1887, and later became the universal method of sounding fog alarms all over Canada and the United States.

Now, with the present rig, a child could salute a passing boat with the diaphone, a sufficient quantity of compressed air always being available in the big tanks above referred to.

We could tell many interesting things about the genial keeper if space permitted. There is one thing sure, he has saved the government annually a sufficient sum to pension him off on full pay the remainder of his lifetime. His invention of a derrick for discharging coal and other supplies from the government boats and coal vessels alone, has saved the government thousands of dollars. The removing of the old whistle house, another big item, the economical use of coal and dozens of other things might be mentioned.

Point Prim is visited by more people during the summer season (the greater majority of whom are Americans) than any other light along the coast. The whole plant is noted for its cleanliness, its neatness, etc., and the keeper and

his wife and family for their hospitality to strangers. Everybody has a good word for their reception at "the light," and many a pleasant time has been spent there, the visitors seldom realizing the hardships endured by the occupants during the winter months—easterns and weeks of rough and thick weather, the whistle going many days and nights at a time, the keeper and his family sacrificing sleep and comforts for the sake of protecting the lives of passing mariners. He has also been the means of personally saving many lives. DIGBY WEEKLY COURIER
Digby, May 10, 1912

PUBLIC MEETING.
A public meeting will be held next Thursday evening to consider the advisability of exempting a canning factory in Digby from taxation for a period of six years. Digby needs all the new industries she can get and in order to get them we must encourage them. The promoters of this canning factory are not asking for anything more than similar concerns have been given in other towns and their request should be granted next Thursday night by a big majority of our ratepayers.

The Fishermen's Regatta.
A PUBLIC MEETING WILL BE HELD IN THE TOWN BUILDING MONDAY NIGHT.

A public meeting will be held in the Town Building next Monday night, the 13th inst., at 8 o'clock sharp, to arrange for the Fishermen's Regatta for Western Nova Scotia to be sailed at Digby on August 17th.
Our merchants and enterprising citizens are fully aware of the fact that a large number should be present next Monday night to discuss the matter, arrange a programme, etc.
It is not too early to secure a band and arrange for excursions, and other matters that may come up.
Our first public meeting last year for this purpose was held in March and we found even then that it was none too early to properly work the matter up. All must agree that the Regatta is a splendid thing for this port. It comes at a time of year when the town is full of tourists. It gives us a great advertisement as a summer resort and also proves that the townspeople are interested in the fishing industry, one of Digby's biggest financial supports.
The British cup for sailing vessels and the shield for fishing motor boats will be sailed for again this year. It is up to the citizens to furnish a few more cups or shields and some cash prizes.
While last year's regatta was a great success, no doubt several improvements, learned by experience, will suggest themselves to the management committee, after they are appointed, which will help to make the programme of 1912 even better than 1911.

A New Western Union Office.

What the public has required for a long time in Digby has at last been granted—an improved Western Union Office. Miss Lillian Winchester, the obliging and popular operator, was all right, but the accommodation for the public was far short of what was required for a town the size of Digby. Miss Winchester now has an office, that is up-to-date. The company has leased the north portion of the McMillin block, Water street, and fitted it up especially for their business. There is a front entrance for the general public and a convenient rear entrance for those who wish to enter from across the railway yard in a rush while the trains are at the depot. Appropriate switches have been installed, new desks and other furniture is being put in, so that Miss Winchester will soon have every convenience for serving the general public.
To making the change from the railway station the work was done by Mr. A. D. Wetmore, Plant Supt.; Mr. David McCormick, repairer for the eastern division; Dan Fraser and H. J. Boyle, linemen.

Death of Dr. Chas. R. Gates.

The death of Dr. Charles R. Gates took place at Calabona, Quebec county, at 1 o'clock Tuesday afternoon. About two weeks ago Dr. Gates contracted a cold which turned into pneumonia. It soon realized that his condition was serious and Doctors Trites and Smith were called from Liverpool by Dr. McLeod, but human skill was unable to save him. He was the son of Rev. Lawrence H. Gates, Baptist clergyman, and was born in Digby, forty years ago. He leaves a wife and two small children, a mother, who still resides at Digby, two sisters and a brother L. B. Gates. The funeral was held at North Brookfield on Thursday. Mechanics of the Freemasons of Calabona, conducted the services. Dr. Gates was nominated on the liberal ticket with Dr. J. W. Smith, of Liverpool, the present member at the last local election, but resigned before the election. He was at one time a member of St. George's lodge of Oddfellows, Digby.

Another New Automobile.

Mr. Samuel Gidney, of Mink Cove, proprietor of the Westport & Digby Telephone Co., was in town yesterday, having just received direct from the factory in the United States a new 1912 model, 10-horse power, with all the latest improvements. Mr. Gidney, it will be remembered, owned the first automobile on Digby Neck, which he still has in his possession, but desiring something more up to date, has purchased the one above referred to. Yesterday he gave a number of his Digby friends a pleasant drive which was highly appreciated.

Death of A. K. Rankin.

Arthur Kinsman Rankin died on the 24th April, at New York, in the 122nd year of his age. He was the eldest son of Mrs. Amanda L. M. Rankin, and a grandson of the late John Mills, of Granville Ferry, Annapolis. He was born in St. John, N. B., and passed his early years with his grandfather at the Mills homestead in Granville Ferry. Later he lived with his family in Brooklyn, N. Y.
He leaves a widow and one son to mourn their loss. He was every body's friend and leaves a host of acquaintances who speak kindly of him and will miss him.

The Bijou Dream.

Mr. J. E. Cripps, proprietor of the Bijou Dream, has engaged Mr. Arthur Cameron, the English humorist and illustrated song singer. Mr. Cameron arrived here Monday from St. John and proceeded to Annapolis where he sang Monday, Tuesday and Wednesday evenings. At Digby he opened his engagement last night and will continue here for the present, on Thursday, Friday and Saturday evenings, singing in Annapolis the other three nights per week.

OF A LOCAL NATURE

—Rev. T. S. Roy will preach at Colleen Sunday afternoon at three o'clock.
—Mr. M. A. Condon has purchased an automobile which arrived here last week.
—The Municipal Council held their regular May meeting in Digby this week.

—The Rev. D. W. Dixon will preach at Smith's on next Sunday morning at 10:30 and at 7:30 in the evening.
—The Yarmouth Telegram entered upon its 25th year last Friday. We extend best wishes for its continued success.

—Messrs. Davidson and Fair weather have opened law offices in Annapolis and Middleton. Their advertisement will appear in the Courier later.

—It is reported that owing to the heavy freights across the Bay, that the S.S. Yarmouth will be kept on the route for a while after the S.S. Prince Rupert goes into commission.

—The widow and heirs of the late Capt. George Morehouse, who died in Siberia, en route to China, have received substantial checks from the settlement of his estate in the far east.

—On next Sunday morning in the Baptist church the subject will be, "An Unturned Cake." As this is the Sunday recognized throughout America as Mother's Day, the subject in the evening will be "Mother."

—The alarm was rung in last Friday morning for a small blaze on the roof of the Yachts residence, corner of Birch and Prince William streets, which was soon extinguished with very little damage.

—Work was commenced this week on the Western Nova Scotia Yacht Club slip. The timber is being made ready near the head of the government pier, and will be put in place opposite the Club House next week.

—Rev. Alban Daniel of Bear River, will preach in Grace Methodist Church next Sunday evening, the regular pastor, Rev. L. Daniel, going to Bear River to preach to the officers and members of Friendship Lodge, I. O. O. F.

—Supt. Vye and a crew of men are putting Digby's streets in excellent condition this spring. Among other improvements will be a sidewalk on the north side of Prince William street from the head of the government pier to the corner of First Avenue.

—Friendship Lodge, No. 122, I. O. O. F., will attend divine worship in the Methodist church, Bear River, next Sunday night, meeting at their lodge room at 8 o'clock. We understand that several members will be present from St. George's Lodge, Digby.

NOTICE

ALL PERSONS are hereby notified that no dumping will be allowed on the South side of the Regatta pier after May 15th next, so that dates must be changed there but not water, garbage or other foul or objectionable matter.

Spring and Summer Price List

1912

From the foundation of the world down to the present day Nature has set an example which every man and woman ought to follow. In the Springtime, year after year, without fail, Nature puts on her gayest colours. The Creator Himself intended that it should be so. He gave to the Vegetable Kingdom its dazzling colours, delicate tints, wonderful combinations and gorgeous variations; the very birds of the air re-clothe themselves in the Springtime, so why should not men and women do the same. They do it, and fashion experts, artists, modistes and customers in every land do their utmost to outvie Nature.

Stores like Clarke Bros. are built to supply the needs of hundreds. Thousands of dollars are spent annually to gather together the choicest apparel and the latest novelties in merchandise, and our customers are justly proud of 1912 assortments.

Steam Trawling Will be Discussed.
CANADIAN, NEWFOUNDLAND AND U. S. REPRESENTATIVES TO CONSIDER QUESTION.

OTTAWA, May 5.—L. K. Jones, Secretary of the Railway Department, has been appointed Deputy Minister of Railways. Mr. Jones has been connected with the Railway Department for many years. He was private secretary to Mr. Collingwood Schreiber when that gentleman was Chief Engineer and Deputy Minister.

Afterwards he was appointed secretary of the Department and has occupied that position for a long time.

Hon. J. D. Hazen is leaving this week for Washington to confer with Premier Morris of Newfoundland and the United States authorities upon a number of fishery questions arising out of the Hague award. The control of steam trawling will be one of the questions discussed.

Hon. Mr. Hazen will take up with Premier Morris the regulations for fishing in the Gulf of St. Lawrence and on the Labrador coast. With the Washington authorities he will endeavor to reach an understanding on some Pacific coast questions, and as to bringing into effect the regulations for Great Lakes fishing which have been drawn up under treaty by Dr. David Starr Jordan and Professor Prince.

If the United States does not decide to bring these into effect, Canada will probably give notice of withdrawal from the treaty.

Two Steamers Burned at Staten Island Dock.

FLAMING EXCURSION BOATS GO ADRIFT AND REFIRE TO TWO TUGS AND OTHER PROPERTY.

NEW YORK, May 5.—Fire of unknown origin early today destroyed two steam boats, the Mohawk and the Iroquois, and badly damaged two tugboats in Staten Island Sound. The steamboats were docked at Mariners Harbor, Staten Island, and shortly after the flames were discovered the hawsers were burned away and the four boats were adrift. Captain Brown of the Mohawk, his wife and a crew of seven men had narrow escapes. The loss is estimated at about \$75,000.

From Mariners Harbor the burning craft was carried by the tide and wind across Staten Island Sound to Shooters Island, and the sparks from the burning vessel set fire to two buildings of the Shooters Island Shipbuilding Company and the Tidewater Oil Company's pier, which were considerably damaged. The Mohawk and Iroquois were excursion boats, each 100 feet long and twenty feet wide.

Moir's Chocolates
have an individuality that is unmistakable. We select the cocoa beans—roast, husk and clean them—add the cocoa butter and cane sugar—and flavor with vanilla beans. The WHOLE is then put through a grinding process for hours, which refines every particle and renders our chocolate coating absolutely smooth, giving it that individual delicious flavor. The chocolate is then applied to the many varieties of centers—packed in attractive boxes and offered to you as the finest chocolates on the market.

via the S. S. Yarmouth. Capt. Lewis is one of the most successful steamboat captains along the coast, and his services are highly prized by the Messrs. C. T. White & Co. for whom he has sailed steamboats for many years. We wish him every success in his new boat now being fitted out in Yarmouth, a further description of which will appear in our columns later.

Miss Brought Seventeen Bodies.

HALIFAX, May 6. The Minnie told of dead, when the cable ship came in today, showed seventeen bodies found and two buried at sea.

The first body she picked up was that of a 10-year-old boy, the last that of Thomas A. Mullin, one of the stewards.

On Mr. Hayes' body were found estimates for future construction of the Grand Trunk Pacific. Vice President Kelly received a letter, one unopened, and the other a telegram.

Two were buried at sea, one unidentified, and the other a freeman.

The body of Mr. Hayes was found several miles from any other. Burial permits were issued today for Mr. Hayes' interment at Montreal, and that of Edward H. Moon, in New York.

The Mackay Bennett brought 10 bodies, and the Minnie fifteen, a total of 25. Of this number, 147 have been shipped abroad or buried in Halifax, leaving sixty-eight still at the morgue.

Deafies are in communication in regard to most of these, and while the White Star people are not absolutely sure in regard to all of them, they are as respects the greater number.

The body with the largest amount of funds was that of Colonel Emil Brandeis, of Omaha, Nebraska, who had \$10,000. This included letters of credit for \$10,000, three checks for \$100, bank notes for \$100, and \$25 and a 50-cent note.

The funds in the hands of the private government, taken from the Titanic bodies, had in total for the missing amount to about \$70,000.

The Minnie was called at 5 o'clock this evening. She took coal for two weeks and three weeks provisions for the crew. The White Star officials and shipping men here believe that the government steamer will likely succeed in recovering a large number of bodies.

Councillors Visit the Alms House.

The municipal councillors visited the Alms House Wednesday and are back in the house of the poor and aged.

Mr. and Mrs. Arthur Marshall. They say the whole institution was never in better condition than at the present time. The inmates are very comfortable, the interior of the building has an air of cleanliness from cellar to attic.

The whole far in the hands of the government, and in a manner that is giving excellent satisfaction to every body.

The councillors were pleasantly received by the keeper and matron, and their visit at the institution was certainly an out-of-the-ordinary one. Among other things noticed was between 20 and 30 beds, of patients in the cellar which helps to demonstrate the careful and economical way in which business is being carried on at that institution.

Had Narrow Escape.

Little Glen McNutt, son of Gordon McNutt, Yarmouth, was badly hurt last Friday morning. The little fellow, with other boys, was playing around a team that was being loaded with ashes.

Glen attempted to climb upon the spokes of one of the wheels when the horse started, and the little lad was carried over and badly jammed in the wheel. Fortunately no bones were broken but he was severely bruised about the back and hips.

Mr. G. R. McNutt, the child's father, is the well known piano and organ agent, and frequently visits Digby.

Wool Wanted.

A. M. King & Son, Annapolis Royal, are in a position this season to handle a quantity of good washed wool. They buy for cash, offering best market quotations, and promptness in admitting returns, have made them very popular with parties having wool to dispose of. Quotations furnished on application.

A Speedy Youngster.

Mr. N. A. Cummings, of Digby, says he has a two-year-old boy, J. J. (Barnes) that can go right out and carry him a half mile in one and a half minutes without getting tired, making a skip. You want to "ride track" your two-year-olds when you see "Nutmeg" coming.

"Human Hearts"

Till we have reflected on it, we are scarcely aware how much the sum of Human Happiness is indebted to the stage. We acquire cheerfulness and vigor from mere association with our fellow men in the Theatre, and from the looks of happy expectancy radiating from our neighbor's countenance, inspired by anticipation of prospective enjoyment of good, clean, wholesome drama, well acted and properly presented.

Such, at least, is the idea brought forcibly to mind in gazing over an audience assembled to witness "Human Hearts," aptly described as "The Forerunner of Evergreen Success." "Human Hearts" is a play that invariably appeals to all that is best in man's nature, and uplifts him from the sordid cares and petty worries of daily toil and trouble. The story of "Human Hearts" is clean, wholesome and intelligible to everyone. There is no suggestion of vulgarity in any of its acts, but a story of convincing strength is told by the author in a manner that appeals irresistibly to all classes of theatre-goers.

The great success of Human Hearts is made possible by its interesting story of humanity and human feelings, and the skillful manner in which it is told. It touches our Heart Strings, rouses our latent better instincts and makes us feel kinder towards our fellow men for having witnessed it.

"Human Hearts" will be presented this season with an especially strong company of players, and the same fidelity to scenic and mechanical detail that made its former visit notable. The engagement is for one night, Wednesday, May 15th, at the Big in Dream, Digby.

Mr. J. F. Cripps has made arrangements to have the above company play in Weymouth Thursday evening, May 16th, at the usual prices.

Nick, May 4—Count Robillard's canoe was killed while making a flight here today. A strong wind broke the wings of his monoplane, which fell 300 feet.

Spring and Summer PRICE LIST

1912

From the foundation of the world down to the present day Nature has set an example which every man and woman ought to follow. In the Springtime, year after year, without fail, Nature puts on her gayest colours. The Creator Himself intended that it should be so. He gave to the Vegetable Kingdom its dazzling colours, delicate tints, wonderful combinations and gorgeous variations, the very birds of the air re-dress themselves in the Springtime, so why should men and women do the same. They do it, and fashion experts, artists, modistes and customers in every land do their utmost to out-rival Nature.

Stores like Clarke Bros. are bound to supply the needs of hundreds. Thousands of dollars are spent annually to gather together the choicest apparel and the latest novelties in merchandise, and our customers are justly proud of 1912 assortments.

BEAR RIVER

BH "ENGLISH" PAINT

SAID THE MAN WHO BUILDS: "Yes sir, I am going to use Brandram Henderson, Limited, English Paint. I don't suppose I would find any other paint in my new house and I don't want to take any chances. That would be the best, wouldn't it? I am building and painting for permanent, and that English Paint is the only paint I shall use. Some day the best for mine. It wouldn't be fair to the house."

Italians Boize Island of Rhodes.

Rhodes, May 1. Premier Giolitti announced in the chamber of commerce this afternoon that the Italian squadron had seized and occupied the Island of Rhodes without opposition. A large body of troops disembarked from the transports.

According to official despatches, from Rhodes, capital of the island of Rhodes, which Italian forces seized yesterday, troops were landed some distance from the city. They immediately advanced driving the Turkish troops before them at the point of the bayonet. In the meantime, Admiral Viale summoned the governor of the city to surrender. The latter replied that he possessed no means of resistance, and accordingly abandoned control of the city under protest. He added that he had no power to issue orders to the garrison, which however, shortly afterwards, retired to a position outside the city.

The division landed at Rhodes without opposition under command of General Ameglio. Much enthusiasm over the achievement is felt at Rhodes, where the operation is described as part of a plan to isolate Constantinople. It is stated that the territory will be restored when the Turkish troops are withdrawn from Tripoli.

Will Plead for Son's Life.

RICHESON'S FATHER TO MAKE PERSONAL APPEAL TO GOVERNOR FOR VIOLET EDMONDS' MOTHER TO HELP HIM.

Boston, May 6. Clarence V. T. Richeson's father, Thos. Varland Richeson, will appear before Governor Foss this week and make an effort to save his son from the death penalty. Not alone will he be the aged father, a veteran of the southern confederacy, but added to his plea are those of his brothers and a sister.

That his son is insane and has shown characteristics peculiar to unsound mind during many years, probably will be the basis of the arguments which Mr. Richeson will set forth as a reason why his son should not be executed.

Added to the spoken words of the Richeson family will be the affidavit of Mrs. Lydia Edmonds, the wife of Moore Grant Edmonds, and mother of Miss Violet Edmonds, former fiancée of the condemned pastor.

Summer School of Science.

The Yarmouth Herald says:—It is expected that there will be about 500 in attendance at the Summer School of Science, which will meet in Yarmouth from July 10 to 31st next. The expectation is not a mere dream, but is based upon facts already received by the officers given those who propose to participate in the exercises.

Passed Marine Examinations.

Yarmouth Times:—At the local examination held on Tuesday and Wednesday by Captain J. E. Murphy, Elroy Peck, of Bear River, and George Halliwell passed successful examinations, the former as master, and the latter as second mate of sea going ships.

Strongest and Most Stylish-Looking

MARITIME Ornamental Fencing and Gates have the quality. There is no gainsaying that. Only first quality tubing is used for the gate frames. We could, like many makers, use second quality and save one-third to one-half the tubing cost. We could also use small wire and save some more. But we use large, strong, stiff No. 9 wire. This wire is more smoothly, thoroughly and heavily galvanized than the wire generally used for fence and gate purposes. You know what that means. Strongest, most lasting, as well as most stylish-looking. Write for free catalogue, showing the different designs, and from them choose a gate you'll be proud of.

FOR THE WOMAN WHO THINKS AND FEELS.

Some women complain that they periodically suffer from dull and heavy feelings, or dizziness in the head, nervousness, pain and bearing-down feelings, which should not occur to the normal healthy woman. But most every woman is subject to these pains at some time in her life, due to abnormal conditions in life, such as overtaxed strength, had air, poor or improper food, wet feet, sluggish liver, etc. A regular and female tonic made from native medicinal roots with pure glycerin, and without the use of alcohol, called

DR. PIERCE'S FAVORITE PRESCRIPTION,

has proven its value in thousands of cases, like the following:

MRS. MARTIN.

Mrs. DORA M. MARTIN, of Auburn, Neb., Route 1, Box 84, says: "I thought I would write you in regard to what your medicine has done for me. I have used them for thirty years for female trouble and general weakness with the very best result, and they have saved me hundreds of dollars in doctor bills. I have the Favorite Prescription and Golden Medical Discovery, and take them together. I never felt so good in my life, and I take pleasure in recommending them to any suffering lady. I am now almost fifty years old, at forty-two I took your medicine, both kinds, and I passed that period very easily and left me fat and healthy. I feel like a young girl. If any lady could write me, I will gladly tell her more about the good work of your medicine."

Dr. Pierce's Great Family Doctor Book, The People's Common Sense Medical Adviser, newly revised up-to-date edition—of 1000 pages, answers hosts of delicate questions which every woman, single or married, ought to know. Sent free in cloth binding to any address on receipt of 50 one-cent stamps, to cover cost of wrapping and mailing only.

Learn why PURITY FLOUR is unlike any other brand

PURITY FLOUR is unlike any other brand of flour. No two milling companies follow exactly the same process of milling. In fact, no two different brands of flour in the world are exactly alike in quality.

And here is another fact worth knowing. Every wheat berry contains both high grade and low grade portions.

The process of milling PURITY flour costs more than to mill ordinary flour. The low-grade portions are separated and excluded. PURITY is an ALL-HIGH-GRADE, hard wheat flour. It has greater strength, greater absorption and greater expansion. It is a thirstier, more elastic flour. It drinks more water and expands into more loaves.

Use PURITY FLOUR for your next batch of bread. Count the loaves. You'll find you have made "MORE BREAD AND BETTER BREAD" from PURITY than when you've used an equal weight of weaker and cheaper flour.

PURITY FLOUR

"More bread and better bread"

IMAGINE, if you can, how much whiter, and more toothsome, and more nutritious, the bread made from such a HIGH-GRADE flour must be.

And can you imagine yourself enjoying the flaky pie-crust and the light, delicate cake?—your reward for using PURITY flour.

When making pastry, please remember to add more shortening than required with ordinary flour, for on account of its extra strength, PURITY FLOUR requires more shortening for best pastry results.

Yes, PURITY FLOUR costs slightly more than ordinary flour. But use it once and you'll say it's worth much more than the difference.

ADD PURITY FLOUR to your grocery list right now.

SUBURBAN NEWS

What is Going on Outside the Town

Picked up by Correspondents in Digby County and Elsewhere.

Port Wade.

Capt. E. Keane arrived home from Boston last Saturday.

Rev. Mr. Cornwall will preach here next Sunday in the evening at 7.30.

Mr. Orbin Condon, of Bay View, Digby Co., spent Sunday with his friends here.

Mrs. E. Copeland, of Boston, will stay here during the summer with Mrs. W. Covert.

Rev. S. C. Freeman, returned missionary, addressed a meeting here on Friday evening last.

Mrs. James Morrison, sr., is at present quite ill here with her grand daughter, Mrs. R. Hayden.

James Mussels and Wiswall Covert went to Boston on Saturday last. They will be away for the summer.

Planting is progressing in this place. The land is getting in splendid condition. The only drawback is, the air is rather cold.

Schr. Carrie H., Skipper N. McGrath, has gone to St. John for bait. She has a full crew and will fish between Yarmouth and this port.

Mr. Fred White and wife moved from Beverly, Mass., last week and are occupying Mr. T. Wood's cottage until he builds his house on his recently acquired property here.

W. S. Saunders, of Halifax, P.G.S. of the Sons of T., addressed a meeting in the hall here Saturday evening and was a guest at the home of A. B. Kendall over Sunday.

The Schr. Wilfred L., Skipper H. Johnson, went to Digby Tuesday afternoon where she will finish fitting out and in a few days will be ready for the happy hunting ground.

The District S. S. Convention was held here Monday afternoon and evening. While these meetings were much enjoyed by all present there were many lessons learned by the very practical addresses given by Rev. Dr. Brown.

Mount Pleasant

Mr. Hayes Vantassel has improved the looks of his house with a coat of paint.

Mr. Johnson Bruce, of Upper Clarence, spent a few days this week in this place.

Messrs. Guildford Handspiker and Gordon Vantassel spent Sunday in Landsdowne.

Mr. Morrell Farnsworth, of Centreville, spent last week with his brother, Mr. Thomas Farnsworth.

Mr. and Mrs. Ernest Vantassel and Mrs. James A. Handspiker spent Sunday afternoon with Mrs. L. Gray at Culloden.

A number of the young folks from Landsdowne spent one evening last week at the home of Mr. and Mrs. Venning Handspiker. A very pleasant time was enjoyed by all.

Mrs. Leonard Handspiker, accompanied by her uncle, Mr. Morrell Farnsworth, went to Plympton last week, returning the following day. While in Plympton they were guests of Mr. F's brother, Mr. John Farnsworth.

Parker's Cove.

Schr. Lloyd, Capt. W. H. Anderson, sailed for St. John May 6th.

Congratulations to Mr. and Mrs. Percy Robinson on the arrival of a son. Mr. Herbert Clayton and Frank MacGreevy have had engines installed in their boats.

Mrs. Judson Langmuir, of Hillsburn, called on Mr. and Mrs. David Milner on May the 2nd.

Mr. and Mrs. Ralph Bohaker and family, of Karsdale, visited Mr. and Mrs. Curtis Halliday over Sunday.

Mrs. Edward Hudson, of Hillsburn, was the guest of her parents, Mr. and Mrs. David Milner, on May the 3rd.

Mrs. Lawrence Willett and son Alfred, of Belle Isle, were the guests of Mrs. Willett's sister, Mrs. Mary Rice, May the 5th.

The Schr. Wave Queen has been repaired and is now ready for fishing. We wish Capt. Milner and crew success.

Several of our men were home over Sunday with their families from a fishing trip in the Schr. Dorothy M. Smart. They returned to Digby Monday.

Westport.

Mrs. E. B. Lent has returned from St. John.

Mr. George Dakin has returned from Bermuda.

Mr. G. W. Clements arrived from Florida on Monday.

Stephen Sutherland and Frank Titus spent Sunday at Freeport.

Mrs. Willard Kent was confined to the house on Sunday by illness.

Some members of the Western Star Division visited Tyro Division Monday evening.

Master Jerry Lafolloy, of Florida, is visiting his grandparents, Mr. and Mrs. George Lafolloy.

Mrs. L. B. Sutherland and some Franklyn and Reginald spent Saturday and Sunday at Peterborough Island.

Miss Helen Hayford, who has been spending the winter in Boston, has returned home very much improved in health.

Subscription List opens May 1st and closes 12 o'clock noon May 20th, 1912.

Applications Addressed to F. B. McCurdy & Co.

WILL BE RECEIVED BY The Canadian Bank of Commerce and any of the Bank's Branches, F. B. McCurdy & Co., Halifax, St. John, Montreal, Kingston, Sherbrooke, Charlottetown, Sydney and St. John's, Nfld.

On the Following Terms:

\$100 Par Value 7 p. c. Cumulative Preferred Stock and \$10 Par Value Common Stock at \$100.

To be paid in full 1st June, 1912, or in the following installments at the option of the applicant, 25 p. c. upon allotment, 25 p. c. June 1st, 25 p. c. July 1st, and 25 p. c. and accrued dividend August 1st, 1912.

Where possible these securities will be allotted in blocks to suit purchasers. Fractional shares of common stock will be bought or sold on a basis of \$25.00 per share.

The Nova Scotia Clay Works, Limited, has purchased after careful examination by chemists and consulting engineers, the plants, and clay field most strategically situated for the profitable manufacture and shipment of brick, drain tiles, hollow blocks and other clay products.

The value of brick as a building material is well recognized, and statistics show that its use is constantly increasing. The demand for brick for building purposes will continue to increase because of the increasing cost of other building materials. In towns and cities, brick districts are being established, where it is obligatory to build of brick or other fire-resisting materials. Because of the permanent, fire-resisting qualities of brick buildings, brick is steadily increasing in favor, and enjoys a preëminence over other building materials.

Mr. R. L. Macdonald, formerly President of the Maritime Clay Works, Limited, of which he has

had extensive knowledge and experience in the manufacture of clay, will be the General Manager. Associated with Mr. Macdonald on the Board of Directors are active business men who are experienced in manufacturing in Nova Scotia.

By the introduction of new and more modern plant the Company will greatly reduce the cost of making brick and secure uniformity of size, burning and quality.

The business of the Company will be concentrated at three or four yards. This will avoid overlapping and will enable the Company to serve the large markets at the lowest possible cost.

A sales and advertising department has been inaugurated.

As an evidence of the confidence of experienced brick makers in the prospect of the Nova Scotia Clay Works, Limited, it should be stated that the brick makers formerly interested in the properties purchased by this Company have subscribed for a substantial amount of preferred stock.

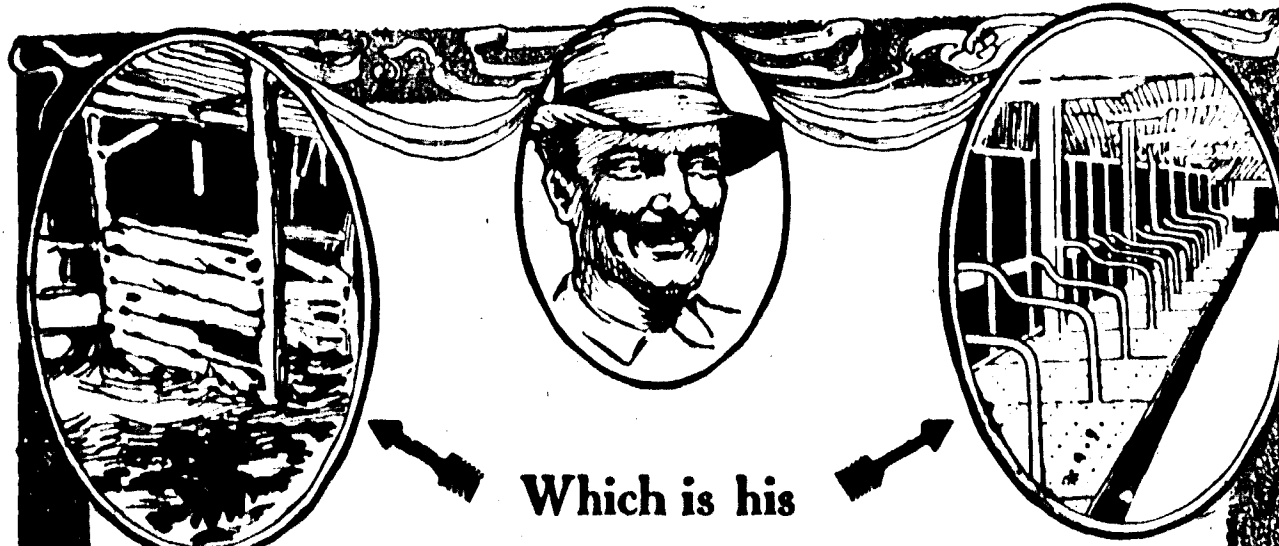

A conservative estimate of the net earnings of the new Company has been placed at \$50,000 which, after providing for the dividend on the preferred stock is expected to pay 7 p. c. on the common stock.

Prospectus giving full particulars and application forms will be supplied upon request to

THERE'S no mistaking the expression of a man whose farm is well "improved." He looks as prosperous as he feels. It isn't the size of a place that counts most, nor its actual dollars and cents value. It's rather that "well-kept," thrifty appearance, the appearance that makes you think of fat stock, and well-filled barns, and comfortable, contented living. Neat, permanent improvements go further in giving a farm this appearance than any other feature.

Concrete Is The Ideal Material

For such improvements. It is neat, harmonizing with its surroundings in the country. Everlasting. It cannot be injured by fire, frost, wind or lightning. Age instead of causing it to decay, actually makes it stronger. Concrete never needs repair. First cost is last cost. New improvements can be added year after year with less expense than would be required to keep wooden structures in repair.

Concrete walks, feeding floors, dairy barns, ice houses, root cellars, well-curbings, fence posts, silos, which of these does your farm need most? Whatever you want to build, it's best to build it of concrete. Do you want to know more about this subject of permanent farm improvements? Then write for your copy of

"What The Farmer Can Do With Concrete."

It's a book of 160 pages, telling how other farmers have used the "handy material" to good advantage. Published to sell at 50c. a copy. It is now being offered free to all farmers who write for it. Address

In Collision

A STEAMER STRUCK THE SCHR. ALBERT J. LUTZ.

Last Friday's daily papers contained the following wireless dispatch: Steamer A. W. Perry reports collision with unknown schooner off Little Hope, N. S. Two boats out to ascertain damage if possible. Thick fog.

A Halifax despatch on Saturday said: It is feared that the crew of some unknown schooner perished as a result of the collision with the Boston-bound steamer A. W. Perry. A wireless message received in Halifax yesterday morning, stated that the second boat sent out by the Perry to search for wreckage, had found the boom of a vessel. Unless she was sailing with a free sheet, therefore it seems as if the schooner must have been very seriously damaged, so much so that she might not be able to stay afloat.

Grave fears were entertained in Digby after the above reports were made public, as the schr. Albert J. Lutz, Capt. John Apt, and Dorothy G. Snow, Capt. Joseph E. Snow, were both in that locality.

A telephone message from Capt. John Apt Saturday noon from Shelburne contained the following: "Thursday night at 10:30 was run into by an unknown steamer 30 miles east of Cape Sable. My vessel at the time was logging 10 knots. In the collision we lost our mainboom and mainsail. Hull not injured. We certainly had a narrow escape from being sunk with all hands. The fog was very thick and there was a strong breeze at the time of the disaster."

The schr. Albert J. Lutz was bound from Yarmouth for Magdalen Islands, via Canoe, and was not insured. Repairs are being made at Shelburne and she will proceed on her voyage as soon as possible.

A despatch from Shelburne in describing the accident says: The fog rolled the schooner over so that the water entered the cabin, and fearing she was going down, orders were given to launch the boats. They were put over when the vessel righted. She lay in the vicinity for some time, repairing some of the damage. This is undoubtedly the schooner struck by the A. W. Perry, although both the captain and crew declare they saw nothing of the boats from the steamer.

Death of Mrs. A. J. A. Fader

The death occurred at Chester, on the 8th inst., of Mrs. Charlotte S. Fader, of Artemis J. A. Fader, in the 51st year of her age. The late Mrs. Fader was the last of her generation, being the youngest daughter of the late Frederick Egan, of Ship Harbor, Halifax Co. She leaves seven children: Carrie, wife of Geo. D. Whalen, of Wollaston, Mass.; Maggie, wife of Hugh Stanford, Chester; Minnie, wife of Abner Webster, of Chester; and Bessie, wife of Frederick S. Cox, John, of Bear River, Digby Co.; Brynne, of Sackville, Digby Co.; and Artemis, J. A. of Chester, three grand-children and twelve great-grand-children. The deceased was a member of the Episcopal church, and in her younger days was a great church worker. The funeral services were conducted by the rector, Rev. H. E. Weaver, interment being in the family lot in St. Stephen's cemetery, Chester.

Driving Accident at Deep Brook

A bad driving accident occurred at Deep Brook, Annapolis County, last Sunday afternoon. Mr. and Mrs. Geo. Spurr and Miss Wade, of Goudville, the latter a teacher in the Deep Brook school, were out driving when their horse shied near the Deep Brook bridge, throwing out the occupants. Mrs. Spurr had an arm broken in two places, two ribs broken and was more or less bruised. Miss Wade appeared to have escaped injury at the time, but after resuming her teaching Monday morning, she was taken ill from the shock and was obliged to close her school and return to her home in Goudville. We understand that Mr. Spurr fortunately escaped with slight bruises. Their many friends will wish them each a speedy recovery.

King of Denmark Dead

King Frederick VIII, of Denmark, died suddenly Wednesday morning at Helsingborg.

King Frederick VIII, of Denmark, was born June 3, 1843, and ascended the throne Jan. 20, 1906, succeeding his father, Christian IX, the "father-in-law of European royalty." He was a brother of Alexander, the Grand Duke of Hesse, and of the Emperor of Russia, and of King George of Greece. His second son, Haakon VII, is the King of Norway.

King Frederick will be succeeded by his eldest son, the crown prince, who will reign as Christian X.

A Rough Trip

Capt. James S. Ellis, of Victoria Beach, and Mr. John McGrath made the trip from Isle à Holt, to Victoria Beach, Digby Gut, in Capt. Ellis' open power boat during last Sunday's big south-wester. They certainly had a rough trip, but the boat proved herself worthy of the test and her Essex motor also proved faithful, doing as hard a day's work as ever a motor engine was required to do in the rough waters of the Bay of Fundy.

Civil Service Examinations

(Yarmouth Times.)

The Civil Service Examinations were held at the Academy here on Tuesday, Wednesday and Thursday of this week. There were four candidates, all for the outside service:

D'Arcy M. Spinnery, Pambroke, qualifying.

Geo. F. LeBlanc, Pambroke, qualifying.

Clayton J. D'Entremont, Pambroke, qualifying.

OF A LOCAL NATURE

Little Paragraphs Which Tell of the News Around Town

The Titanic relief fund has reached the \$2,000,000 mark.

This is Victoria Day and is being observed as a regular holiday throughout the town.

A new telegraph cable is now being laid between P. E. Island and Nova Scotia by Government steamer Minia.

An electric light has been placed on the government pier at the head of the boat landing, which is certainly a great improvement.

Mass will be said in St. Patrick's (A. C.) church, Digby, next Sunday, 26th inst., at 11 a. m. Rev. Father Chubb will remain in Digby until Wednesday.

There will be no service in the Digby Baptist church on Sunday, owing to the absence of Rev. T. S. Roy. Neither will there be any service at Culloden.

A special train containing Mr. P. P. Perkins and other officials of the road, passed through Digby Wednesday morning from Kentville for Yarmouth, returning the same evening.

A meeting was held at Maj. Daley's office Saturday afternoon. It was decided that, if possible, the colored people would continue to have separate schools.

Mr. O. C. Jones sold to Mr. J. M. Trefoil, of Yarmouth, last Wednesday his speedy horse "Sparkles." Terms were private, but no doubt a valuable horse of this type changed owners at a handsome figure.

Work is progressing rapidly on the new side walk on Prince William street, under the direction of Street Superintendent Vye. As we have already stated in our columns, this is a big improvement.

Mr. C. A. Lundstrum has the editor's thanks for a number of trout, judging from the size and quality we feel certain that he, together with his companions, Messrs. H. W. Bowles and W. C. Warrington, must have had a very successful trip.

The Digby base ball team go to Annapolis this afternoon via tug Minto, to play the Annapolis Royal nine. The Minto will sail at one o'clock and it is hoped that a large number will patronize the first excursion of the season.

As will be seen by our advertising columns Mr. B. R. Parks has fitted up the American Lunch Room, First Ave., opposite D. A. R. station, and is now ready for business. We understand that he has had considerable experience in his line of business and is able to give his customers excellent satisfaction.

Royal English Hand Bell Ringers

Evidence of the advance reputation of this big attraction and their "advertising" power, was shown in Hamilton, Ont., when the "dons" were ordered closed long before the programme commenced and hundreds were turned away. This city had four concerts within two weeks so great was the interest created by this superb band of artists.

The nine members of this party are all residents of Hamilton, Ont., which city is world famous for its Bell Ringing. Several members have been ringing bells together for 15 years, the youngest with the band being 8 years a member.

The above company have been engaged by Mr. James F. Cupps, the business manager of the Royal Dream, and will appear in Annapolis, Sunday, 25th, and Monday, 26th, at 8 p. m. Digby, Wednesday, 27th. We trust that these excellent performers will be greeted by full houses on the entire tour.

Empire Day

Appropriate Empire day exercises were carried out yesterday in the Digby schools. The pupils gathered around the flag staff on the hill and raised and saluted the Canadian Ensign. Then followed an excellent address by Rev. V. M. Dible, rector of Holy Trinity church, and patriotic songs, by the school, after which the flag was again saluted, and the pupils returned to their school work.

Presentation

Mr. Angus Winchester, one of the popular purveyors of the D. A. R. on the bay service, has presented the Western Nova Scotia Yacht Club with a handsome electric light and fixture complete for use on one of their tables. He has also given the club two pictures for the walls and has been the means of obtaining several good members from St. John, all of which is much appreciated by the local officers and members of the W. N. S. Y. C.

D. A. R. Benefits Discontinued

The sick and accident fund, which has been in vogue on the Dominion Atlantic Railway, will be abolished at the end of the present month, all the officials and employees coming under the Canadian Pacific pension system on June 1. It is said that on the latter date several of the old employees will retire from duty, being pensioners which will count from 1882, when a system was established by the C. P. R.

Boston and Yarmouth N. S. Co. Incorporated

A despatch from Ottawa dated on Friday says: that letters patent have been issued incorporating the Boston and Yarmouth Steamship Co., Ltd., with capital stock of \$800,000 and head office at Montreal. The incorporators include J. W. Brophy and E. H. Jones, bookkeeper and vice-president of the Eastern Steamship Corporation of Boston.

The Digby Neck Mail

As will be noticed by our advertising columns, the Digby Neck mail now has its headquarters in Digby at Lent's stable, East Avenue, instead of at Eldridge's, Prince William street. Passengers, and those desiring to send freight or parcels can call on No. 322. The service is performed by automobile and goes through to its destination daily.

CURIOSITY Prompted Many Women To Try PURITY FLOUR

THEY were curious to see exactly what results would be produced by flour consisting entirely of the high-grade portions of the best Western hard wheat.

They were curious to know more about a flour that contained none of the low-grade portions, which are found in every wheat berry, but which are separated and excluded from the high-grade in the process of milling PURITY FLOUR.

you to try PURITY FLOUR.

THEY were curious to know whether an ALL-HIGH-GRADE hard wheat flour was really superior to a mixed hard and soft wheat flour. They were curious to see and taste the kind of bread, buns, biscuits, cakes and pies PURITY FLOUR would make. Curiosity prompts you to seek the knowledge they discovered. It's urging

Spring and Summer

PRICE LIST

1912

From the foundation of the world down to the present day Nature has set an example which every man and woman ought to follow. In the Springtime, year after year, without fail, Nature puts on her gayest colours. The Creator Himself intended that it should be so. He gave to the Vegetable Kingdom its dazzling colours, delicate tints, wonderful combinations and gorgeous variations; the very birds of the air to clothe themselves in the Springtime, so why should not men and women do the same. They do do it, and fashion experts, artists, modistes and customers in every land do their utmost to rival Nature.

Stores like Clarke Bros., are built to supply the needs of hundreds. Thousands of dollars are spent annually to gather together the choicest apparel and the latest novelties in merchandise, and our customers are justly proud of 1912 assortments.

Miss Elderly—Do you really think that women propose?

Oldbach: If they don't there are a great many marriages I cannot account for.

For The Nervous Woman,

Or the woman who experiences hot flashes nothing is so good to soothe, quiet and calm the nervous system as a pure glyceric extract of native medicinal plants, and made without alcohol, which has been sold by druggists for the past forty years, and most favorably known as Doctor Pierce's Favorite Prescription. In younger years some women suffer from dizziness, or fainting spells, hysteria, headache, bearing-down feelings and pain. All these symptoms of irregularity and female disturbance are relieved by the use of this famous "Prescription" of Doctor Pierce.

As a powerful, invigorating tonic "Favorite Prescription" imparts strength to the whole system, and in particular to the organs distinctly feminine. For over-worked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, it is an excellent appetizing cordial and restorative tonic.

"My disease was called nervousness," writes Mrs. Lydia McDowall, of Wrentham, Mass., Route 1. "I had nervous chills and numb spells and they would leave me very weak. Then I had inflammation and the doctor said I had a floating kidney. I desisted seven months with our family physician. He said I would have to have an operation. Then I stopped taking his medicine. After taking three bottles of Dr. Pierce's medicine I have not had any nervous chills or weak spells. I am better than for years."

"My daughter is now taking the 'Prescription' and Dr. Pierce's Golden Medical Discovery, also the 'Pellets' for nervousness and weak first feeling. These remedies have helped her over so much in a short time. We have great faith in your medicine for female troubles."

Dr. Pierce's Pleasant Pellets induce mild natural bowel movement.

MOLASSINE MEAL TIME
IN THE BARN YARD!

The stock all know when MOLASSINE MEAL time comes. Horses, Cows, Oxen, Pigs, Lambs, Chickens, all gather together for their treat. They all like MOLASSINE MEAL and it does them worlds of good. It is eaten with greater relish than any of their other feeds. It quickly builds them up, keeps them in the very pink of condition. Their sides will bulge out with fatness, the coats of your horse and cattle will glow with sleekness and your pigs and lambs will be healthy and sound and ready for market weeks earlier than they would ordinarily be without MOLASSINE MEAL. Cows will give more and richer milk and horses will be full of snap; their eyes will sparkle and they will go at the heaviest load with a will.

Double Steamship Service Across the Bay.

PRINCE Rupert and Yarmouth put on route an experiment.

(Wednesday's St. John Telegraph)

A double steamship service between St. John and Digby was inaugurated yesterday when the steamer Yarmouth left the port at noon with passengers who had arrived in the city on the Atlantic express from Montreal. The service is regarded as experimental and for this reason it has not been advertised in advance, but railway and steamship men look forward to it as being permanent.

Under the new arrangement the Prince Rupert will continue to leave as at present, from St. John in the morning and from Digby in the afternoon on the arrival of the express from Halifax. The Yarmouth will leave St. John each day on the arrival of the C. P. R. express from Montreal and will leave Digby on the return trip the next morning.

As the C. P. R. has not yet taken over the D. A. R. (the two services are being run independently, but under an arrangement which provides an excellent arrangement for passengers. Yesterday the passengers from the C. P. R. transferred to the Yarmouth without any delay and the steamer got away from the wharf at 12:55 o'clock. The baggage is transferred by the railway but at present the passengers are left to look after themselves.

It is understood that when the D. A. R. summer train service goes into effect on June 2, another train will be put on to connect with the Yarmouth's trip so that passengers for Halifax will go right through. This will land them in Halifax an hour or two earlier than by the C. P. R. It is not known yet whether or not there will be a night train from Halifax to connect with her morning sailing from Digby.

Death of Wallace A. Wright.

Death removed from his home and family on the 28th inst., after an illness of only four days of pleuro pneumonia, Wallace A. Wright, of Springfield, Annapolis county, who was a loving father and husband and very highly respected by all who knew him. He was aged 48 years and 10 months and was the second son of the late Wm. and Mary Wright, of Powderlot, Annapolis county.

He was a widow (who was the daughter of the late Elias Chute, of Clementsvalle, Mass.) and had three children, Mr. Wm. H. Wright, a son, and two daughters, Mrs. H. M. Wright, and Mrs. A. M. Wright, who live near his home. Mrs. Wm. H. Wright, of Lake Jolly, and Samuel W. Wright, who is married and lives at home, also an adopted daughter, Mrs. Chas. H. E. Dunn, of Stoneham, Mass. He leaves four grandchildren, three sons and three daughters, Arthur, of Clementsvalle, Mass., H. E. of Lake Jolly, Chas. E. of Wilton, N. B., Mrs. Levi Trimmer, of Clementsvalle, Mass., Fred Morris, of Bear River, and Mrs. Asa Wright, of Powderlot. He was converted when a young man and became a member of the Baptist church at Clementsvalle. A few years ago he transferred his membership to the Methodist church, of which he has been a member for some time and was also superintendent of the Sunday school. He has always been a faithful worker for the Master and was noted for his great hospitality in his home, always lent a helping hand to those in need and a kind word to those requiring consolation. We therefore feel confident that he has gone to receive his reward.

Interment was at Clementsvalle on Wednesday afternoon, the service being conducted by Rev. Mr. Carter, of Clementsvalle, who preached a very good sermon from Rev. 7, chapter 1, verse 13. The casket in which he was laid to rest was borne by the large number of people present. The deceased for the greater part of his life had been engaged in lumbering business.

June 3 Will be a Legal Holiday.

GOVERNMENT WILL TAKE PROGRAMME OF WORKING HOLIDAYS.

OTTAWA, May 29. Canada on June 3 will celebrate the King's birthday as a legal and bank holiday, although the celebration of the day as a general holiday will be last year, as the public with the public throughout the dominion.

The statute states that the King's birthday shall be a legal holiday, but that its observance may be deferred by the government for one or more days. King Edward was born on November 9, but as this is a poor month for holidays he asked that it be celebrated on May 24. This was done and he has since then celebrated his birthday on June 3 and he has communicated his pleasure in the government here that this day shall be observed as a holiday. Accordingly a proclamation will issue declaring June 3 to be a legal holiday.

Steamer Algona Recovers One Body.

ST. JOHN'S, Nfld., May 29. The body of a man who died at the Hotel de la Reine, James McCreedy, of Belfast, Ireland, a freeman, has been recovered by the steamer Algona, a sealer, which is under charter by the White Star Line. Word to this effect was sent by wireless to Cape Race today. The Algona at the time being within forty miles of that station. Immediately after sending this information the Algona set out on a ten day cruise to further search the seas in the vicinity of the scene of the disaster in the hope of securing more bodies.

Funeral of Late King Frederick.

ROSLAND, May 29. The funeral of the late King Frederick VIII. in the Castle Chapel where practically all the Danish Kings are buried was an imposing ceremony today. Many members of royal families were present, while the route of the funeral procession was crowded by thousands with bare heads.

Mount Allison Closing.

Among the graduates at Mount Allison university who received the degree of B. A. was Walter Truman Ruggles, of Middleton, formerly of Bear River. The degree of M. A. was conferred upon Edwin Ernest Graham, formerly of Centerville, Digby county, and an '00 graduate of the college. Mr. Graham also received a certificate in theology.

The Children's Hospital.

We have received a copy of the report of the Children's Hospital, Halifax. This institution, which was erected by public subscription in 1904, is certainly doing a good and necessary work and as its income is but slender it should be supported by all who can in any way contribute towards its support.

Maine Men Visit St. John.

ST. JOHN, May 29. St. John had as visitors today the members of the Portland, Maine, Board of Trade. They were given an auto trip through the city and nearby districts by the St. John Board.

Town Council.

REPORTS OF STREET SUPERINTENDENT AND HEALTH OFFICER.

The Town Council met May 27th at 8:30 p. m.

Present: T. E. G. Lynch, M. C. Denton, C. A. Jordan, A. A. Shortliffe and H. T. Wayne.

In the absence of the Mayor, presiding Councillor Lynch occupied the chair.

The minutes of the last meeting of the Council were read and approved.

Councillor Denton reported as Chairman of water committee that the committee had decided to lay a permanent pipe on the oil pier which could be used during the winter months and to lay a pipe on the spur pier to be used during the summer months. It was also decided to place a stand pipe on the pier for use in case of fire.

On motion of Councillors Jordan and Shortliffe the report was received and adopted.

Report of G. A. Vye was read as follows:

Digby, N. S., May 27, 1912.

To His Worship the Mayor and Council:

GENTLEMEN: I wish to submit the following report to Streets and Water system. The edge of bank along Queen street sidewalk has been eroded and gravel put on this walk from Prince William street to Hynday street.

The gravel curbing was discharged from scows and the five hundred feet of same placed on Prince William street and sidewalk built. It is reported that on First Avenue, Jew Cove and Hynday street, a bad slide on Macquarie hill is still in the hill at Churchville is being cut down.

One broken pipe was taken up on Malde Lane and replaced with new one. A new system was given to Mr. Howie, also new one to Mr. Howie on Malde Lane. Two leaks were repaired at Macquarie on main line and one on branch line leading to Pine Hotel. Two sand pipes were taken up and replaced. Repairs have been made to the dam and fence around the same. The system has been flushed out and all the water drained from the main dam which is again filled up.

G. A. VYE

On motion of Councillors Shortliffe and Denton the report was received and adopted.

Report of E. DuVernet, M. D., Health Officer was read as follows:

Digby, May 27, 1912.

To the Mayor and Town Council of Digby:

GENTLEMEN: I beg to report that I have inspected the sewerage system and have notified the owners of them that were found to be out of repair to have them put in order at once.

I inspected the school during the month of March and found a pretty strong amoebic colic in the boy's basement. I instructed the Principal to have the closets washed out every night and a solution of creolin sprinkled on the floor.

During the past three months there has been one case of typhoid fever which was sent to the Victoria General Hospital and one case of measles which occurred in the school.

I would recommend that the By-Laws governing the removal of fish gurry be printed in bold type on cardboard so that it could be nailed up in the various fish firms where the gurry is thrown out. At present so many are ignorant of this law that it is very difficult to enforce.

E. DUVERNET, M. D., Health Officer.

On motion of Councillors Denton and Wayne the report was received and adopted.

Letter of Dr. Victor F. Connors in reference to the annual meeting of the Valley Medical Society at Digby, on the 3rd inst., was read and on motion ordered to be placed on file.

Letter of George H. Flood, agent of Marine and Fisheries at St. John, N. B., was read and on motion ordered to be placed on file.

Letters of P. E. Sweet, Clerk to Overseers Township of Cornwallis, re Eisenhart were read and ordered to be placed on file.

Schr. Cora Gertie, Capt. M. G. Crocker, which returned last week from her trip to Gloucester, arrived here Friday from St. Mary's Bay ports with fish for the Maritime Fish Corporation and sailed Saturday for Weymouth, making another trip this week.

Schr. Harvester, Capt. Fred Prime, arrived in Yarmouth Sunday with loss of foremast. Mr. Outram Dakin shipped another on Monday and she cleared the same day for the fishing grounds. When in Yarmouth the Harvester had on board 90,000 lbs. mixed fish.

Tern schr. Lavonia, Capt. Steves, with lumber from Bear River for Cienfuegos, shipped by Clarke Bros., was towed to Digby Saturday night by stmr. Bear River and is anchored off Digby waiting a chance to proceed on her voyage. She landed while here a sick seaman.

The tern schooner Edde Theriault was jointly purchased this week by A. M. Banks and Frank Warren, of Halifax. The vessel was owned by P. A. Theriault, of Bellevue's Cove, and was built by him in 1904. She is of 168 tons net and 202 tons gross. Her new owners will use her

for trading between Halifax and the West Indies. At present the Edde Theriault is being overhauled on the marine ship.

STARR IN WEST.

Adventures of Children's Judge in the Early Days.

The daily papers have noted the fact that Rev. J. E. Starr, recently appointed Commissioner of the Juvenile Court at Toronto, was in charge of a church in Winnipeg in the early days of that city's development. Recently a Winnipeg citizen has been recalling some of the details of Mr. Starr's work in the west, when it was wild and woolly, and the facts are very interesting indeed.

The winter of 1882-3 was one to be long remembered by Winnipeggers. It was the first after the break of the great land boom. The city was full of strangers, most of them out of work and "broke." Houses were flimsy, few of them having furnaces, and they were also scarce. Coal was \$10.00 a ton. The boarding-houses, as a rule, had one base-burner in the hall, which was supposed to heat the whole house. The thermometer ranged from 30 to 37 degrees below zero. Recklessness and vicious living had prevailed during the boom, and the moral tone of the community was not high. There was work and plenty of it for a conscientious clergyman.

Rev. J. E. Starr was then pastor of Grace Church, and the way in which he took hold of the situation is still gratefully remembered by old residents of Winnipeg. He and Mrs. Starr threw open their home to the young people of the city once a week all that winter. Any stranger was welcome, whether an attendant of Grace Church or not. The person who recalls the story says: "The house where the Starrs lived is still standing, near the corner of Francis street and Notre Dame. I passed it the other day and thought of how on winter nights long ago there was a welcoming gleam up to the door, for one of Mr. Starr's ideas of welcome was that the blinde should not be withdrawn. Help was scarce and expensive, and Mrs. Starr had to do her own housework. The greater part of that winter, yet she made nothing of providing refreshments for fifty or sixty young people at the weekly gatherings. The person recalled many elegant sermons that winter, but none of them equalled in force the hearty welcome of that home."

Mr. Starr organized a Young People's Society also. Senator Loughheed, then a young lawyer, was secretary, and many men and women, now well-known throughout the west, and east, too, were members. Mr. Starr's chief employment was to make the young people of the city as happy as possible, and to keep them from becoming demoralized by the abnormal conditions existing in the pioneer city at that time. And the fact that his work is still talked about is striking evidence of its success.

All his life, you see, Mr. Starr has been specially interested in young people, and has always known just how to encourage and help them, whatever the circumstances. No wonder his appointment to take charge of Toronto's Children's Court has been generally approved.

Winter Walks in Winnipeg.

"The West is a great country, all right," said an Ontario man, who recently returned from Manitoba, according to Toronto, Saturday Night. "That is, it's a great country for three parts of the year, but for one part Ontario is good enough for me in the winter time."

"One twenty below zero day last February, in walking three blocks on Portage Avenue in Winnipeg, I met seven persons with frost-bitten faces. Following Winnipeg etiquette, I stopped the first man and said, 'Your nose is frozen.' He must have been one of those people who cold but the air was so dry you could not feel it. Next I met a young lady and I said, 'Lady, your ear is frozen.' She couldn't have scowled at me more fiercely if I had offered her my seat in a street car. Those two rebuffs almost discouraged me from further courtesies of the kind, but my next attempt had its own reward. I noticed a white spot on the face of a pedestrian, and I said, 'Your cheek is frozen.' 'So it is,' he replied, and we both laughed and grabbed handfuls of snow.

"Two days later I had to take a three-mile walk from one of the suburbs, and I had both hands frozen. I coped with two months in the hospital and the amputation of two finger tips, but I concluded that after harvest I would make for the East, where the air is damper and you feel the cold before it brutalizes you in the West. Here I am."

The Romance of Bong.

The bosom of the papers throughout Ontario have been rather agitated during the last few days by the matrimonial adventures of Julius McVicar, son of the late S. A. McVicar, one-time editor of The Evening Canadian.

About a dozen years ago he took a train for New York. He landed on the stage. In Gotham he made quite a reputation as a musical comedy singer. The romance came.

It happened that one day the widow of the late Alanson Clumner, oil magnate, attended one of McVicar's performances. The lady was thrilled by the vocal strains of the Canadian singer. At the residence of some of her friends she met the son. As the country weeks were passing, "it was a case of love at first sight."

A marriage took place the other afternoon at the "Little Church Around the Corner."

And Julius McVicar, who not so long ago was knocking round Sarina in knickers, has today a wife worth \$15,000,000.

A Chinese-Canadian Scout.

The only Chinese Scout in Ontario and probably in Canada is in Fred Taylor's troop of Dominion Scouts, Ottawa, and the scoutmaster says that the lad is one of the best scouts in his troop. The boy's name is Chin Wang, a son of the Chinese Consul. He joined the troop in October, putting aside his native clothes and adopting the scout livery, in which he looks as well as any Canadian lad.

MAN AND THE SOIL.

Dr. R. V. Pierce of Buffalo, author of the Common Sense Medical Adviser, says: "Why does not the farmer treat his own body as he treats the land he cultivates. He puts back in phosphate what he takes out in crops, or the land would grow poor. The farmer should put back into his body the vital elements exhausted by labor, or by ill-health induced by some chronic disease." Further, he says, "the great value of my Doctor Pierce's Golden Medical Discovery is in its vitalizing power. It gives strength to the stomach and purify to the blood. It is like the phosphates which supply nature with the substances that build up the crops. The far-reaching action of

Doctor Pierce's Golden Medical Discovery is due to its effect on the stomach and organs of digestion and nutrition. Diseases that begin in the stomach are cured through the stomach. A bilious spell is simply the result of an effort made by the liver to catch up when over-worked and exhausted. I have found the 'Discovery' to be unsurpassed as a liver regulator and rich blood-maker."

Miss LORRAINE KATZ of Perth, Kansas, says: "I will here add my testimony of the effectiveness of your remedy upon myself. I was troubled with indigestion for two years or more. Doctored with three different doctors besides taking numerous kinds of so-called 'stomach cures' but received no permanent relief. I was run down, could not sleep at night with the pain in my chest, caused by gas on the stomach. Was weak, could not do anything although I was hungry nearly all the time. About one year and a half ago I began taking your 'Golden Medical Discovery,' and after having taken several bottles an nearly cured of stomach trouble. Can now eat without distress and have gained fifteen pounds in weight. I thank you for your remedy and wish you all success in your good work."

LAST OF THE PIT WOMEN.

Kitty Grayson Evaded the English Law Disguised as a Man.

By the death of old Kitty Grayson, which has just taken place at Bryn, in the Wigan coal field, England, probably the last survivor of the race of pit women of the old days has passed away, says the London Times. Kitty, who was in her ninety-second year, was, in fact, probably the last woman who worked in the mine, and her life linked up the present with the far-off days when women and children toiled long and arduously in the bowels of the earth.

The act of parliament, known as Lord Ashley's act, which prohibited women and girls, as well as boys under the age of ten years, from working underground in the mines, came into operation in 1843, when Kitty was a sprightly young woman of nineteen, working as collier's "drawer," or wagoner, in the pit.

In order to evade what was then regarded as a legislative innovation by many of those in whose interest the law had been put upon the statute book, Kitty Grayson disguised herself as a man by donning her father's breeches, jacket and flannel shirt. The government inspector got wind of it, however, and paid a surprise visit to the colliery, catching Kitty at her work below ground. The result was that she was instantly stopped, though she had by this time actually worked for full twelve months in the pit after the act of parliament had become operative and had, of course, been defying the law of the land all this time. In later life old Kitty often told how she had outrun the legislature by donning her disguise.

THE MYSTIC MIKADO.

Outside the Royal Clan No Man Has Ever Spoken to Him Directly.

The mikado, earth born son of heaven, and his court of demigods dwell in a forest solitude in the midst of the great city of Tokyo. The palace world is separated from the world of the people by a triple moat of dead water and a double wall of granite crowned by twisted pine trees and mottled with the moss of ages. Except upon stated occasions the mikado is as invisible and well nigh as inaccessible as the sun goddess amid the hereditary treasures of the Ise shrine. In his august person the hotly disputed origin of his race finds its reflection, for he has the eyes of the Mongol, the coloring and facial structure of the Malay.

To his people, despite all the other changes which the last decade has seen, the mikado still remains the vague mystic figure of the feudal days. Outside of the imperial clan no man has ever spoken to him directly, not even Prince Ito or General Yamagata, the old bow and arrow soldiers whom he loves. Conversation even with the elder statesmen must pass through a "third voice" so as to preserve the etiquette of indirection.—Metropolitan Magazine.

China's Population.

According to the latest official returns, the number of inhabitants of China proper, Manchuria and the new dominion is 312,423,025. And as we have pointed out before, observes the National Review (China), the estimates of China's population have always had a tendency to exaggeration, and even if 30,000,000 be added on for Mongolia and Tibet the total is far below that usually quoted. In 1904 Mr. Rockhill, then United States minister in Peking, after careful inquiry came to the conclusion that the number of inhabitants of China proper was probably less than 270,000,000. That would make the total population of the empire something slightly under 300,000,000. If something be allowed for natural increase since that time it does not seem as if the 312,000,000 of the latest census erred on the side of understatement.—London Globe.

Soap and Water in German Schools.
The latest feature of the German city school system is the introduction of soap, towels and water basins into children's day schools. The purpose is not only to diminish the danger that may arise from dirt, but also to wake in the children the sense of cleanliness, mental as well physical. The city authorities, besides laying down times and occasions for hand washing, go on to explain how it is done. The great majority of mankind regard the process of washing one's hands as a comparatively simple matter. That is not the view of the German authorities. They recognize a perfunctory and a thorough way of doing things, and with this view they have included a nail brush in the equipment about to be issued to the schools.

List Relics Demanded.

Relatives of Franz List demanded of the Hungarian government on the one hundredth anniversary of his birth the celebrated musician's belongings. The abbe left, besides a small sum of money, presents and souvenirs valued at \$50,000. Those, which included a golden baton net with brilliant, the gift of the composer's "friend" Princess Bay-Wittgenstein, have been in the National museum for a quarter of a century, despite frequent protests from near relatives.—New York World.

The Autoplow in War.

Germany has introduced an autoplow for digging trenches during actual engagement, and it promises to play an important part hereafter in army circles. The new machine can do the work three times as speedily as men, besides saving immeasurable energy to an army. It requires but one operator and travels at about six miles an hour when going at top speed.

Tommy's Tooth Birthday.

We'll spend two hours
In picking my flowers.
To celebrate Tommy's birthday;
He will start now.
Still better to do,
Spending less of his time in play.
And so he will plan
To be a smart man,
Careful, obedient and true;
He'll gain a good name,
With money and fame,
And have plenty of work to do.
The All Seeing Eye,
That daily is nigh,
May He see him doing his best;
And when life is o'er
May he gain that shore
Where all is peace, sunshine and rest.

Fireman Missing.

MONTREAL, June 6.—Searching in and about the city for a missing fireman was the startling experience of the Fish Pool, an ocean freighter that docked at the Grand Trunk elevator for a cargo of wheat this morning. The lost man was shipped as a fireman from west Hartlepool and advanced two weeks wages to fit himself out for the trip to Canada. He worked well the first week and nothing unusual was noticed in his condition. Last Thursday night he went on duty at eight o'clock, two hours later, when wanted for some particular work, he could not be found. The officer on duty searched the ship from stem to stern, but no trace of the fireman could be found.

THE FLITMAN BURGLAR

Mr. Flitman went through the flat extinguishing the electric lights one by one with sharp "clicks" of the switches.

"Did you lock the safe, Rod?" inquired Mrs. Flitman from the front hall, where she was buttoning her long white gloves.

"Yes, the key is in my pocket," returned Mr. Flitman orsily. Got your duplicate key hidden, Maud?"

"Yes, indeed," assured Maud as they passed into the hall. "I make it a point never to overlook that safe key, Rod. Without it a burglar couldn't possibly get at our silver, eh, Rod?"

"So the safe people said," muttered Rodney hastily, for they were going down in the elevator now, and a man and woman were watching them rather curiously.

It was after 11 o'clock, and Rodney Flitman was dancing with a pretty girl in pale blue when there suddenly stole over him a vague uneasiness. Perhaps it was because the pretty girl had just been lamenting a burglar in her home the week before that set his thoughts running on the vacant flat, for Bridget, their maid of all work, slept at home.

"I'm positive I locked that safe," he assured himself as he whirled dizzily around in the waltz. "But for the life of me I cannot remember whether I locked the front door. I hate to ask Maud. She will get fidgety right away."

When the dance was over and he had left his partner in congenial company Rodney hastened to the dressing room after making a brief apology to his hostess.

Fact is, Mrs. Wetmore, I've got to run home a minute. Something important I've forgotten. I won't disturb Mrs. Flitman, she is having such a delightful time."

Fact is, Mrs. Wetmore, I've got to run home a minute. Something important I've forgotten. I won't disturb Mrs. Flitman, she is having such a delightful time."

Minutes passed, and he began to worry about his wife. Alarmed at his long absence from the dance, she would undoubtedly inquire for him and mention his fears to her hostess; then Mrs. Wetmore would explain, and Maud might call him by telephone to find out what was the matter.

He was leaning against the wall now, and as he was quite tall, he could just feel his hair brushing against the wall bracket that held an electric light. So stealthily did he move his left arm upward that his body remained quite rigid. It took him five minutes to raise his fingers so that they touched the switch. Gently he twisted it until all at once the room was flooded with light.

It was such a surprise that both he and the woman beside him remained rigid for an instant. Then she recovered her wits first and broke into hysterical laughter. He turned to her and stared first at the silver salt shaker which she had been holding against his throat. He looked stupidly at her gloved hands and arms, upward to his wife's mischievous face, half laughing, half crying, wholly excited.

"You're almost shouted."

"And you're shrieking Mrs. Flitman hysterically."

"Well, you are a plucky one, Maud," he admitted admiringly as he prepared a restorative for her shattered nerves.

"What are you doing here?" she asked.

"Wasn't sure whether I locked that safe door after all," he said, "so I came back to find out."

"I missed my key to the safe. I had it tied around my neck. So I came home. I was afraid I might have dropped it here and a burglar would find it."

"There were some suspicious looking people in the elevator when we went down that dark couple, you know."

"Oh, what do you think, Rod—they were at the dance? They happen to be Mrs. Wetmore's cousins, and they have taken an apartment here."

"Stung," murmured Mr. Flitman, deprived of his last suspicion.

skirt and then dead silence in the darkness.

"Maud!" he whispered hoarsely. Silence.

"Maud, I wish to be your friend," he continued in the same hoarse whisper, feeling his way across the room. "Leave everything behind and escape now, while there is time. I will—"

"Be silent!" hissed a woman's voice in his ear, and something round and cold pressed against his neck. "Speak one word and you are a dead man!"

"But!" protested Rodney indignant.

"Don't move an inch. You will stay where you are until my husband comes," she hissed in his ear.

For five minutes they stood thus, rigidly silent. Presently Rodney felt the pressure of the steel relax a trifle, and at the same time something soft and powdery sifted down his collar.

"What is that sifting down my neck?" he demanded suspiciously.

"Gunpowder, I suppose," she hissed in his ear. "Will you keep still?"

"I've a good mind to call the watch man," he whispered recklessly.

She laughed scornfully, a sort of whispering laugh that thrilled through him. "Perhaps I better call him. I can scream much louder than you can shout."

"You don't dare. How would you like to have handcuffs on your pretty wrists?" he retorted.

She was silent.

"If you will give up the jewels I will let you go without further trouble," he said after awhile.

Again she laughed. "So kind of you! But you are not detaining me, remember?"

Rodney did remember all of a sudden and felt foolish. He wondered if he should suddenly turn upon her what she would do. Would she really fire off her weapon? He knew these women burglars were very clever and daring, but her remark about gun powder escaping from the weapon she held at his neck betrayed her ignorance of firearms.

Rodney decided to remain perfectly quiet. He was more afraid of a woman who did not understand the use of firearms than one who did.

Minutes passed, and he began to worry about his wife. Alarmed at his long absence from the dance, she would undoubtedly inquire for him and mention his fears to her hostess; then Mrs. Wetmore would explain, and Maud might call him by telephone to find out what was the matter.

A DISTINGUISHED HONOR

FOR ST. STEPHEN CLERGYMAN

The Degree of Doctor of Divinity Conferred Upon

Rev. William C. Goucher, Pastor of the Union Street Baptist Church

(From the Courier, St. Stephen, N. B.)

Unheralded and unknown to his parishioners and his friends in the city of St. Stephen, when he became pastor of the Chestnut Street Baptist Church of that town.

There he remained for two years, when he accepted a call to return to his native land and became the pastor of the Union Street Baptist Church, in succession to the late Rev. Ralph M. Hunt, who had accepted a call to Massachusetts.

On the seventeenth of June, of this year, Mr. Goucher will have completed twenty-four years of continuous and most valuable ministry in St. Stephen.

Rev. Mr. Goucher has been a member of the senate of Acadia University since 1901. He was assistant secretary of the Baptist convention of the Maritime Provinces from 1903 to 1905 and president of the New Brunswick Sunday school in 1909.

He received his theological training at

THANKS.

We wish to thank those who have responded to our appeal of the last few weeks for a settlement of their accounts. There are some, however, who have neglected to attend to this important matter and we wish to impress them with the fact that we certainly expect to hear from them next week.

Digby Will Have a Regatta.

THE PUBLIC MEETING TUESDAY NIGHT LARGELY ATTENDED.

A public meeting for the purpose of considering the Fishermen's Regatta was held in the Town Council Chamber last Tuesday night and was attended by a large number of the most enterprising citizens of the town, the editorial in our last issue having been the means of a much bigger attendance than had been present at any meeting previously held this year.

Mayor Short called the meeting to order at 8:30 p. m. The minutes of last meeting were read and approved. Correspondence was read from Bear River, and Little River Bands, also from the Royal Kennebec Yacht Club and Mr. Witherbee, of Boston.

After some discussion it was decided to adhere to the arrangement in the previous meeting with regard to the date, Saturday, Aug. 17th. Mr. T. E. G. Lynch reported favourable progress re subscriptions.

It was moved, seconded and passed that Mayor Short, Messrs. C. S. Dunham, Capt. H. Anderson, P. W. Hildsworth, W. L. Holdsworth, J. O. Dakin, G. A. Vye, T. E. G. Lynch, C. A. Lindstrom, W. E. VanBlarcom, G. H. Peters, A. A. Shortliffe, Fritz Jackson and A. D. Suits be a committee known as the General Management committee, and it was arranged for said committee to hold its first meeting in the Council chamber on Tuesday evening, the 18th inst., at 8 o'clock. (All citizens interested are welcome.)

Moved by Mr. S. A. Keen and seconded by Mr. Lynch, that the secretary visit one of the city bands of St. John, their services on Regatta day, also the D. A. R. re transportation. On motion the meeting adjourned.

Supreme Court in Digby.

SEVERAL PRISONERS FOUND GUILTY, FOUR CIVIL SUITS.

The regular term of the Supreme Court opened in Digby last Tuesday morning at 10 o'clock, Judge Russell presiding.

The first case tried was that of Harry Wilson, charged with shooting his brother George on the morning of September 21st last. The jury found him guilty of manslaughter. H. L. Dennison, K. C., represented the crown, and Frank Jones, K. C., defended the prisoner. It will be remembered that Wilson was tried before Judge Mosher last September, convicted of murder and sentenced to be hanged. He was afterwards granted a new trial. The story of the crime appeared in our columns at the time.

The other criminal cases were Sabean, Green and Carter charged with breaking and entering and an attempt to break jail. They were tried and found guilty of taking a quantity of articles from Rev. Father LeBlanc.

Clifford Bent was found guilty of taking a watch.

Avard Collins, charged with assault, was acquitted.

There are four civil suits, Hunt vs. the Trustees of the Centerville Baptist church—a jury case commenced yesterday afternoon; Henry Mallett vs. Henry Melanson; LeBlanc vs. Mayor Daley; official assignee; Robin, Jones and Whitman vs. D. & O. Sproule.

The public appeared to take quite an interest in the trials, the big court house and gallery being well filled with spectators at every session.

Death of Mrs. Sarah Emma Turnbull.

Mrs. Sarah Emma Turnbull died at her home, Lighthouse Road, at 11:25 last Friday night, aged 72 years. She is survived by two sons and three daughters, Arthur, of the firm of Turnbull & Co., grocers; Ernest, Maye, Annie and Mrs. Henry Trask. Mrs. Turnbull, who was the last of the family of the late Wm. Warrington, was twice married, her first husband being John Letteney, who died in 1860, and her second, the Hon. Geo. H. Turnbull. She also leaves five grand-children. Mrs. Turnbull was a member of the Digby Methodist church and highly respected by all who knew her.

The funeral was held from her late home Monday afternoon with interment in the Methodist cemetery, the services being conducted by Rev. L. Daniel pastor of Grace Methodist church. The pall bearers were Messrs. Augustus Turnbull, John O. Turnbull, Charles Turnbull, of Digby, and Jacob F. Trask, of Marshalltown.

The COTTON extends its deepest sympathy to the bereaved ones.

A Timely Warning.

Some small boys destroyed the electric fixture and light on the Western Nova Scotia Yacht Club ship last Sunday. They have also, at various times, disturbed the tenders and other property belonging to members of the club. This ship and everything attached is private property. Chief Police Bowles now has the matter in hand and will place under arrest the first boy caught on the ship. We particularly refer to this warning to the parents to keep their children away from there, as the result will be a bill of unnecessary expense which they will be compelled to pay.

We hope that Mr. Bowles will be successful in obtaining the names of the offenders who were there on Sunday in order that an example will be made of them.

Accident on the Wharf.

An accident that might have proved fatal occurred on the government wharf Wednesday. Conductor A. G. Herbert, of the suburban train, was in the act of coupling the engine to one of the passenger coaches when he got jammed in the space between. He was jammed about the chest and his impulse in throwing up his hands above his head only saved him from being crushed to death. He was rushed in an automobile to Dr. Read's office, and afterwards placed aboard his train and taken to his home in Annapolis. His many friends will be pleased to learn that no bones were broken and that his chances for recovery are favorable.

OF A LOCAL NATURE

Public examinations will be held in the Digby schools this afternoon.

Rev. T. S. Roy will preach at Rockville Sunday afternoon at three o'clock.

The Westport and Digby telephone cable across Petite Passage has been repaired.

Mr. E. Hart Nichols, of Digby, has contributed \$500 to the Dalhousie College fund.

The Methodist conference opens in Amherst June 10th, and will continue until the 25th.

A fire at Bridgetown on Tuesday evening badly damaged a stable belonging to Capt. W. R. Longmire, of that town.

In the Baptist church next Sunday morning the subject will be "The Reward of Faithfulness." In the evening, "The Vision and the Task."

Mrs. J. W. Main, of Canis, has our thanks for a copy of a souvenir number of the *Canadian News*, illustrated and published by A. N. Whitman & Son Ltd., celebrating their 100th anniversary.

S. S. Yarmouth is now carrying mails across the Bay, as well as the S. S. Prince Rupert. The mail for St. John via S. S. Yarmouth closes at 6 p. m. The incoming mail is open about 4:30.

The fishermen's motor boat race on the Basin Regatta day promises to be an interesting one, as several fast boats from Twickenham and other places along the shore will compete for the Maritime Fish Corporation shield.

The D. A. R. express from Halifax was delayed several hours between Smith's Cove and Digby on Tuesday and Thursday. The S. S. Prince Rupert was held at Digby, meeting the S. S. Yarmouth inside the Basin on her afternoon trip from St. John both days.

Chief Police Bowles Resigns.

HAS BEEN ON DUTY IN DIGBY FOR NEARLY SEVENTEEN YEARS.

While we wish to congratulate Mr. H. W. Bowles, Digby's Chief of Police and Canada Temperance Act Prosecutor, on receiving the government position of night watchman on the government pier at a much larger salary than he has ever received from the town of Digby, we regret that he is leaving the police force, for he equal will be difficult to obtain, that is a man who will faithfully discharge for seven years the duties devolved upon a policeman for a town the size of Digby at a salary which has been paid Mr. Bowles.

We were pleased to learn that his government position would not necessitate his leaving town, for while on duty, he not only has made many good friends who will be interested in their welfare for many years to come, but Bowles is an enthusiastic member of the Masonic order and has been an Oddfellow since 1865 and a Past Grand since Dec. 31, 1885, during which time he has held membership in Western Star Lodge, Annapolis; Ivanhoe, Parisboro; North Digby, and St. George.

Mr. Bowles is asking to have his resignation take place July 1st. The matter will come up at the next meeting of the Town Council.

A Fatal Accident.

PLEEMAN SPATUL CRUSHED BETWEEN THE GOVERNMENT PIER AND S. S. PRINCE RUPERT.

A sad accident occurred at the government pier, Digby, about 2 1/2 Saturday afternoon. It appears that while the freight handlers on the wharf, employed by the D. A. R., were waiting for the arrival of the Halifax express, a number of them were for a few moments in idleness on the ship leading to the boat. While throwing himself around a piece of upright piling, Pleeman Spauld, aged 18 years, got crushed between the guard at the S. S. Prince Rupert, just forward of the starboard paddle-wheel, and the piling. As the ship again slightly moved off from the wharf the body fell in the water.

The report in a few minutes sailed to St. John and the body was successfully gripped by his comrades about an hour later.

An inquest was held before Coroner Daley and the following verdict rendered:

"That the deceased Pleeman Spauld came to his death by being crushed between the guard of the Prince Rupert and the piling of the government pier at Digby, on Saturday, the 8th day of June, 1912, at about 1:30 p. m., and that no blame can be attached to anyone for the accident by which the deceased came to his death."

Signed: James A. Taylor, Foreman; E. A. Robinson, Wm. Shaw, Gilbert Ellis, George Haynes, Owen Doolley, D. H. Dillim, Benj. Plimley, William S. Ross, Albert Hennes, Herbert Taylor, John McGregor.

The remains were sent to Riverview, Digby county, via Monday's express, where interment took place.

The deceased was a brother of Mrs. Archibald VanTasdel, of this town, and is survived by his parents, three brothers and four sisters.

Amateur Athletic Association.

AN ENTHUSIASTIC MEETING HELD IN WYOMOUTH WEDNESDAY.

A very interesting and effective meeting of the residents of Weymouth was held on the 5th day of June for the purpose of organizing an Amateur Athletic Association. A goodly number were present at the meeting, which was very enthusiastic. It was unanimously agreed to organize the Weymouth Amateur Athletic Association, and for this purpose it was decided to purchase a field containing some six acres of land, the property of Mr. N. Butler, for the sum of \$350.00. The following officials were elected:

President of the Association, Herbert L. Jones.

Vice-President, J. Boyd McNeill.

Treasurer, W. J. Archie Beaton.

Secretary, Lyman Bartlett.

The Cricket Club then appointed their officers: Captain, Reginald Jones; Secretary, Rev. M. Taylor.

It was reported that a Western Counties Cricket League was contemplated and the secretary was authorized to write to the Yarmouth, Annapolis and Hebron Clubs in connection with this matter. It was announced that the new ground now bought by the W. A. A. for athletic purposes will be available for all kinds of sports, including baseball, lawn tennis, quarts, athletic sports, etc. etc. The different clubs will make their own appointment of officers as soon as they are ready to organize. It was further decided that the annual subscription to the W. A. A. be \$1.00, which entitles the subscriber to the use of the ground in any kind of sport they may elect to take part in. The Cricket Club hope to arrange matches this summer with the following teams: Annapolis, St. John, Yarmouth and Hebron and any clubs with whom arrangements can be made for a game. As the W. A. A. covers the whole ground of sport and the subscription fee is very reasonable it is hoped that many will join and play the game of their choice.

Amherst's New Principal.

(Amherst News)

F. G. Morehouse, who for several years has been principal of the Spring Hill School, has been offered and has accepted the principalship of the Amherst Academy. Mr. Morehouse, although but a young man, has had a most successful career as a teacher. The standing of his scholars at the provincial examinations testified to the merit of his work in the school room. During his term of residence in Spring Hill he has filled a large place in the church and social life of that town and will make a welcome addition to the citizenship of Amherst. We feel that the School Board is deserving of congratulations in securing such an enthusiastic and capable teacher as Mr. Morehouse and we bespeak for him a successful career in this town.

Western Nova Scotia Yacht Club.

REGULAR JUNE MEETING HELD IN THE CLUB ROOMS MONDAY NIGHT.

A large number of the members of the Western Nova Scotia Yacht Club attended the regular June meeting held in their club house Monday evening.

This organization is rapidly increasing in membership and is receiving the hearty approval of the best citizens of our town. Many of our regular summer tourists are also becoming members, especially those from Argonaut Knoll, who are interested in aquatic sports.

After the regular routine business was transacted, many votes of thanks were extended to those who donated various gifts to the Club. Among those who were thanked were the following:

Messrs. E. Hart Nichols and J. E. Rice for furnishing the Club room with a splendid set of chairs.

Mr. Angus Winchester for electric reading lamp, and pictures for the wall.

Mr. B. A. Roney for iron work for ship (flag staff, etc.).

Mr. J. Outram Dakin for putting up flag pole and other services extended to the Club.

Mr. O. C. Jones for large marine picture for the rooms.

Mr. Wm. S. Winchester for no charge for trucking and other services rendered to the Club.

The officers and members of the Club very much appreciated Messrs. Cripps and Perry's donation from the funds of "The Land of the Thistle," but as Mr. Cripps had been away ever since the show took place, the amount had not yet been paid in to the treasurer, but will probably be attended to next week.

PRICE LIST

1912

From the foundation of the world down to the present day Nature has set an example which every man and woman ought to follow. In the Springtime, year after year, without fail, Nature puts on her gayest colours. The Creator Himself intended that it should be so. He gave to the Vegetable Kingdom its dazzling colours, delicate tints, wonderful combinations and gorgeous variations; the very birds of the air reclothe themselves in the Springtime, so why should not men and women do the same. They do it, and fashion experts, artists, modistes and customers in every land do their utmost to outlive Nature.

Stores like Clarke Bros. are bidden to supply the needs of hundreds. Thousands of dollars are spent annually to gather together the choicest apparel and the latest novelties in merchandise, and our customers are justly proud of 1912 assortments.

Mr. Eugene D'Eon, of Meteghan River, agent for D. Forrest & Co., of St. John, was at Melanson's Hotel Friday.

Miss Sarah Laberge, milliner, of Yarmouth, and Mr. Herman Martin were the guests of Mr. and Mrs. Robert Laberge Sunday, the 9th inst.

Mr. Henry P. Doucette, of Lake Doucette, who recently arrived from the United States, suffering from an attack of malarial fever, is gradually recovering.

Mr. James Melanson, of Lynn, Mass., was the guest of his brother in law, Mr. Fred Melanson, last week.

Mr. Melanson was born at Saulnierville, but for 28 years has been a resident of Lynn.

Mr. Arcade Doveau, of Mavillette, arrived from the United States last week, also Mr. Geo. Williams, of Lake Doucette. Mr. Williams was obliged to have one of his little toes amputated, it having been poisoned with a corn cure.

The Buena Vista Hotel, Wm. Foley, proprietor, and Hotel Melanson, Fred Melanson, proprietor, were well patronized on Sunday, the 9th inst., on the occasion of the procession of the Corpus Christi, 24 took dinner at the Buena Vista and 50 at the Melanson Hotel.

Corpus Christi at Salmon River.

Sunday, the 9th inst., the whole Roman Catholic world was celebrating one of the most extraordinary mysteries of the Divine presence in the species of bread and wine in the Holy Eucharist.

A new altar was erected in the place of the old one in the ruins of the burnt church at Salmon River. Decorated with cut flowers and evergreen and with a multitude of lighted tapers it presented a very fine appearance. At two o'clock the solemn rejoicing of the bells, the Sacred Host, was borne in triumph from the temporary church to the new altar in the old church where solemn vespers were chanted.

The service was presided at by Miss Lea Doveau; in the choir were Mr. Theo Melanson, of Meteghan, Mr. Herman Martin, of Yarmouth, and Amadeo Robichau, organist of Corbeil church. After vespers the procession was formed in the following order. First the Cross, then the delegation of C.M.B.A. branch preceded by their banner borne by Mr. Herman Martin; C.M.B.A. branch of Salmon River, also preceded by their banner borne by Mr. Norman Comeau.

The C.M.B.A. branches were under the leadership of Mr. Thomas Foley, Marshal of Salmon River branch. Every C.M.B.A. member was wearing the official ensigns and white gloves. Then came the members of L'Assomption; the Artisans; a statue of the Holy Virgin, borne by six young ladies of the children of Mary; the children of Mary, with white veils and ensigns; the Ladies of St. Ann; about fifty girls attired in white, spreading flowers before the Holy Sacrament; the altar boys; the priest, carrying the Sacred Host under the dais; the members of the choir and the rest of the people. The procession came as far as Mr. Hilarie Martin's, where a temporary altar was erected under a covering of evergreen and flowers.

Here the Sacred Host rested for a while while the Tantum ergo was chanted, and then solemn blessing was given. The procession reformed and returned to the church in the same order. Before entering into the sanctuary of the tabernacle the Sacred Host was again elevated in the acclamation of the vast multitude assembled in the church and vicinity. A large number of strangers were present. The work toward repairing the burnt church has already begun. The foundations have been laid anew, the floor made and a new altar just like the old one has been built by Sander Bros., of Yarmouth.

On the 13th August last, the church, globe house and barn were burned and now there is a new globe house and barn built, and the work of restoration on the old church begun. The Rev. Fr. Bracy has spared no efforts nor sacrifices on his part in the work undertaken. He has always been at the post of duty.

More American Warships to Cuban Waters.

WASHINGTON, June 9. The navy department, acting under instructions from the state department, tonight ordered Admiral Osterhaus to proceed forthwith from Key West to Havana with one dispatch ship and one other ship.

These orders were issued by the state department after the receipt of a despatch from Minister Bourque reporting that conditions in Havana and suburbs of the city had assumed the character of a race war.

It is probable that Admiral Osterhaus, heading the dispatch ship will take his flagship, the Washington, into Cuban waters.

Two Boys Killed in Montreal Streets.

MONTREAL, June 9. Two boys were killed on the city streets last night, Moses Licker, a ten year old newsboy, being struck by an automobile in St. Catherine street, after leaping off a street car directly in its path while Lucien Gauthier, a five year old child, running across St. Catherine street to his father, was struck by a street car and crushed to death. Inquests will be held tomorrow.

RE. DON. R. L. BORDEN HEARS DELEGATION AND PROMISES CONSIDERATION.

OTTAWA, June 7. The prime minister was waited upon today by a delegation of the Royal Society of Canada, comprising the president, Dr. W. D. Lesieur, the secretary, Dr. Scott, Dr. Knudsen, Dr. Fleming, Sir James Stuart, Dr. W. E. King, M. G. Lawrence, Dr. J. H. Macdonald, Dr. J. S. Plackett, and Dr. H. B. Chetty.

The subject of the delegation was the reform of the calendar, the proposal being to have thirteen months, each 28 days, with one day extra in each year which is not to count. Thus each month would be of exactly the same length and the relation between the day of the month and the day of the week would be constant.

The delegation asked Mr. Borden to request the government of the United Kingdom to take steps to obtain international consideration for the proposal. Mr. Borden promised consideration.

Wettest May in 29 Years.

MONTREAL, June 6. May's rainfall, 5.96 inches, is the record of the wettest May since 1883. Rain fell on fifteen days out of thirty-one. May 1911 averaged seven and a half inches.

That May of this year has been an exceptional month as shown by the fact that since 1855, when the McGill observatory first began to keep records, only the month of May 1883, with a rainfall of 6.91 inches, has exceeded the record set by this month. In 1908 and 1909 May had a rainfall of 5.63 and 5.92 respectively, thus approaching very near to the figure of this year.

Another French Naval Disaster.

SUBMARINE RUNK IN COLLISION WITH BATTLESHIP WITH 21 MEN.

CHERBOURG, June 9.—France today suffered another marine disaster and lost her fourth submarine when the Vendémiaire, in the course of mimic warfare off Cherbourg Peninsula, was crushed down by battleship Saint Louis and disappeared in 150 feet of water.

The submarine was undoubtedly ripped apart by the steel prow of the battleship and all hope has been abandoned of saving the crew. An official statement issued by the minister of marine this evening fixes the number of men on board as twenty-three, including the commander, Lieut. Prioul, and Ensign Audic.

Although a board of inquiry was immediately appointed, it is said that no blame attaches to the Saint Louis, as the Vendémiaire came to the surface right under the battleship's bow and the collision was unavoidable.

The other submarines lost were the Latin, the Farfadet and the Pluviose. The official report on the disaster made by Rear Admiral Marolles, commanding the squadron, says that the warships were maneuvering in fair weather when the periscope of the submarine emerged dead ahead under the bow of the Saint Louis. There was no time to change the course, and after the shock bubbles rose to the surface for ten minutes, then bits of wooden wreckage and the submarine's bridge.

A buoy was anchored at the place where the accident occurred, and after waiting an hour, the squadron steamed to Cherbourg, leaving behind a cruiser and a destroyer. Later the strong current dragged off the buoy, and it was not possible to locate the precise place of the accident, although the oil on the water and the cruiser's reckonings fixed it approximately. In the opinion of Admiral Marolles, the salvage of the Vendémiaire will be impossible.

New Rules For British Vessels to be Drawn.

CANADA TO BE REPRESENTED AT BOARD OF TRADE MEETING IN LONDON.

OTTAWA, June 7.—Assistant Deputy Minister of Marine and Fisheries Station will sail for England on June 14 to represent Canada at a meeting of the British Board of Trade, to draw up new rules for British sea-going ships, so as to guarantee greater safety for the lives of passengers and crews.

This meeting is a direct result of an agitation which grew out of the Titanic disaster, and it is thought will result in sweeping changes in the present board of trade regulations.

Canadian marine laws on all such matters are largely similar to those of Great Britain, and whatever is agreed upon by the British Board of Trade as a result of this conference, will likely also be adopted by Canada.

Lively Skirmishes in New York Meat Shops.

WOMEN POURED KEROSENE AND CARBOLIC ACID ON MEAT AND CHICKENS.

NEW YORK, June 10.—Among New York's female meat boycotters yesterday there were several skirmishes in which the women, the police and the proprietors of meat shops took part. In several shops the women poured kerosene, carbolic acid and other chemicals on meat and chickens. In a number of instances lively fights followed, principally between women, and clothing was torn and hair pulled. In some cases windows were smashed by vegetables thrown by the angry women, and one crusader was arrested and held in \$500 bail, charged with having broken a window.

Race War is Reported in Havana.

AMERICAN ADMIRAL WITH TWO SHIPS TO PROCEED AT ONCE.

WASHINGTON, June 10.—The Navy Department, acting under instructions from the State Department, tonight ordered Admiral Ostrhaus to proceed forthwith from Key West to Havana with the dispatch ship and one other ship. These orders were issued by the State Department after the receipt of a despatch from Minister Beaupre, reporting that conditions in Havana and suburbs of the city had assumed the character of a race war. It is probable that Admiral Ostrhaus besides the dispatch ship will take his flagship, the Washington, into Cuban waters.

Forestry on the Pacific Coast.

OTTAWA, June 11.—The Canadian Forestry Association will this year follow the plan of 1906 and hold a big Autumn Forestry Convention in Victoria, B.C. The date fixed is Sept. 14. This is upon the invitation of the Government of that Province. Hon. Richard McBride, the Premier and Hon. W. R. Ross, Minister of Lands, are forwarding the plans, so as to make it one of the largest things of the kind held in Canada. The Secretary, Mr. James Lawler, of Ottawa, is now consulting with these gentlemen and Mr. John Hendry, of Vancouver, in regard to final details.

H.M.S. Conqueror Smashes All Records.

LONDON, June 8.—All speed records for dreadnought battleships were smashed yesterday, when H. M. S. Conqueror, on an eight hour trial at full power, made a speed of 23.25 knots instead of the 21 knots as stipulated in the contract. The fastest British battleship hitherto, was the Vanguard, which did 22.1 knots on her trial two years ago. The fastest German dreadnought is the battleship Osternburg, which had her trial this week and attained a speed of 23.4 knots.

The Boston Elevated Strike.

BOSTON, June 8.—After a night of complete suspension of street railway traffic as a result of a strike of several thousand employees, the Boston Elevated Railway Company resumed operations on all surface, elevated and tunnel lines today, but the number of cars in operation was noticeably much less than usual. The car service began at 7:15 a.m., and during the first two hours and a half no serious disorder was reported.

Duke Connaught Has Not Abandoned Tour of Maritime Provinces.

HALIFAX, N.S., June 9.—A telegram from Montreal officially states that there is no foundation for the rumor that the Duke of Connaught has abandoned his proposed tour to the maritime provinces. On the contrary, his royal highness expects that this week the complete and final itinerary of the trip will be ready.

TORTURED FROM
BABYHOOD

"Fruit-a-tives" Cures Constipation

MISS E. A. GOODALL

EDMONTON, ALTA., Nov. 20th, 1911

"I have been a sufferer since babyhood from that terrible complaint, Constipation, and have been treated by physicians, and have taken every medicine I heard of, but without the slightest benefit. I finally concluded that there was no remedy in the world that could cure Constipation.

About this time, I heard about "Fruit-a-tives" and decided to try them. The effect was marvellous.

The first box gave me great relief, and after I had used a few boxes, I found that I was entirely well.

"Fruit-a-tives" is the only medicine that ever did me any good and I want to say to all who suffer as I did, "Try this fruit medicine and you will find—as I did—a perfect cure."

(MISS) E. A. GOODALL
"Fruit-a-tives" is the only medicine in the world made of fruit and the only one that will positively and completely cure you of Constipation.

Supreme Court.

PRISONERS SENTENCED LAST SATURDAY MORNING.

The prisoners tried, at the session of the Supreme Court, were sentenced by Judge Russell Saturday morning.

Harry Wilson, found guilty of manslaughter, was sentenced to a life term in the penitentiary at Dorchester.

Carter, Greenlan and Sabean, found guilty of stealing from Rev. Father Leblanc and who pleaded guilty to stealing from Journey's store, Weymouth, were each sentenced to three years for each offense.

Clifford Bent, found guilty of stealing a watch, was let off on suspended sentence, after being cautioned, by His Lordship, in reference to his future career.

Judgment in the civil case of Hunt vs. The Centreville Baptist Church, which has created a lot of interest, was given in favor of the church.

The prisoners who were sentenced to the penitentiary, were conveyed to Dorchester Monday afternoon by Sheriff Smith and Jailer Hazelton.

It is said that a special term of the court will be held in July to finish up the civil cases on the docket.

Death of Mrs. James W. Poole

A wide circle of friends will receive with deep regret the news of the death of Mrs. James W. Poole, widow of the late James W. Poole, Esq., which occurred at her home at Smith's Cove on Sunday, June 18th, at the advanced age of 90 years. Mrs. Poole had been in failing health for some time, and the last few weeks had been a great sufferer. She never murmured, and her faith was strong in God in whom she had trusted since her early youth. All most her last words were "Nearer, my God to thee, Nearer to thee."

Mrs. Poole is survived by one daughter, Mrs. Geo. C. Austin, by whom she was lovingly cared for, and one grand daughter, Miss Inez Rice; also two sisters, Mrs. Benj. Hunt, of Smith's Cove, and Mrs. Annie Whitman, of Annapolis. Funeral services were conducted by Rev. I. Daniel. Pall bearers were Mr. Geo. C. Austin, Mr. D. W. Fiddington, Mr. E. R. Local Boating News.

On Saturday, Mr. W. S. Troop launched a handsome open launch designed and built by Mr. E. in E. Dunn. She is powered with a 10 h. p. Hartford gasoline motor and develops good speed. We understand she will be used for commercial business in connection with the Manhattan Island and is certainly one of the best boats on the harbor for tourists. She will be fitted with lights and all modern equipment for the business for which she is intended, and will no doubt be kept busy during the tourist season.

The same day Mr. C. W. Maise's cabin cruiser Lizzie M. was put in commission and is anchored off the Club House, her owner being a member of the W. N. S. Y. C. The Lizzie M. now has an under water exhaust and other improvements which make her an excellent pleasure boat.

On Wednesday Mr. Gay Dunn put in the water one of the prettiest open launches on the harbor, which is attracting a lot of attention. She was designed and built by his father, Mr. E. P. Dunn, at the Riquette, and is modern in every respect. She has a 14 h. p. two cylinder Gray motor and, judging from her short trial trip Wednesday afternoon, will be one of the fastest boats at present belonging to the W. N. S. Y. C.

Mr. W. L. McDowell's speed launch Viper is about completed, having been built by Messrs. Evan E. and George Dunn. She has a 12 h. p. two cylinder Ferro motor and will probably be launched next week.

Messrs. C. A. Dakin & Son's 16 h. p. four cycle Dunn motor has arrived for their cabin cruiser designed by Mr. Evan E. Dunn and built by him and Mr. Geo. Dunn. She is about ready to go in the water.

Mr. George Nickerson's Hawatha, of Clarke's Harbor, which has been in Mr. E. E. Dunn's boat yard all winter, left last week for Boston in tow of another small motor boat.

Fredericton Wedding.

FREDERICTON, N. B., June 19. One of the most fashionable weddings of the season in Fredericton took place this afternoon at Christ church cathedral, when Miss Florence Evelyn Stanford, youngest daughter of Mr. and Mrs. George E. Stanford, and Elmer H. Turnbull, of the firm of Baird & Peters, St. John, and son of Elmer Turnbull, of Digby, N. S., were married.

The ceremony was conducted by Bishop Richardson, Very Rev. Dean Schield assisting. The choir of the cathedral rendered appropriate music, J. Stanley Farrer, the organist, being in charge.

The bride was given in marriage by her mother, Mrs. G. E. Stanford, while her sister, Miss Lila M. Stanford, acted as bridesmaid. Harold Ellis, of St. John, was the groomsmen. The ushers were Courtland Robinson and H. W. Binning.

The bride was becomingly groomed in white satin, trimmed with old point lace, and wore a veil with orange blossoms, and carried a bridal bouquet of white roses and lilies of the valley. The bridesmaid's gown was of embroidered white net over satin. She wore a white leg horn hat trimmed with roses and feathers, and carried a bouquet of sweet peas.

The bride's mother wore mauve chiffon over native satin, with hat of the same color, trimmed with satin and feathers. Among the guests from out of town was Mrs. Merrill, of Halifax, who wore a beautiful silk crepe de chene, trimmed with Irish lace, and a becoming French hat. The groom's gifts to the bride were pearl earrings and a brooch, while to the bridesmaid he gave Durbur pear earrings, and to the best man and the ushers silver cigarette cases.

Following the ceremony there was a reception 5 o'clock tea at Elmer's, the residence of Mrs. H. G. C. Ketchum, the bride's aunt, Mr. and Mrs. Turnbull will leave by the C. P. R. express for Saguway river, where they will spend their honeymoon, afterwards returning to St. John to reside.

Digby, New Lifeboat Arrives.

The new lifeboat Daring for Point Prim Life Saving Station arrived here at four o'clock yesterday afternoon, less than six hours from St. John, under her own power. She had on board, crossing the Bay, besides her crew, (Capt. John W. Hayden, Engineer James Ellis and deck hand Fred Adams), Commander Thompson, of the Dominion Life-Saving Service, and Senator Daniel, of St. John. The lifeboat is of the most modern pattern. She is self-bailing, and can empty herself in sixteen seconds. She is fitted with a 40 horse power 6 cylinder Holmes engine. She is also fitted with sails and oars. Twelve men can operate her with ease. All of her machinery is controlled from the cockpit outside. She is 26 feet over all, and 10 feet beam and unimpaired. The Daring was built in New Jersey, and is said to have cost \$9,000.

St. John Vessel Disasted.

PILOT BOAT HOWARD D. TROOP WHICH WAS IN THE BAY.

A Westport correspondent writes: Early last Friday morning Signal Agent Frank Merrill, of the Brier Island station, reported a dismasted vessel in sight. The lifeboat was at once manned and, in charge of the Coxswain Howard Welch, proceeded to the wreck which proved to be the pilot boat Howard D. Troop, of St. John.

At eight o'clock Thursday night the Troop had been struck by what sailors term an "unlucky sea," and in an instant this fine schooner, built and rigged to withstand the furious winter storms of the Bay of Fundy, was dismasted in a summer gale. Everything was cleared from the sides and lashed stern and in less than an hour the schooner was kept off by Brier Island, running easily before the north-east gale with her auxiliary engine going.

Upon nearing the land, however, the heavy wire rigging, trailing down, caught on bottom, thus anchoring the vessel, and this was the condition of affairs when she was boarded by the lifeboat crew.

At the request of Capt. Doherty, the lifeboat at once returned to Westport with a message to be sent to the Coxswain Welch remaining on the wreck. Upon his advice the wreckage was cut clear and the craft taken into Brier Island harbor where she was docked at the public pier. In the afternoon the wind and sea having abated, the lifeboat and the schr. M. & E. Hains, of Freeport, went out and secured everything of value except the coarsely and standing job. The stuff was put aboard the Troop which left for St. John that night. The pilots speak in the highest terms of the assistance given by the members of the life-saving crew.

Spring and Summer

PRICE LIST

1912

From the foundation of the world down to the present day Nature has set an example which every man and woman ought to follow. In the Springtime, year after year, without fail, Nature puts on her gayest colours. The Creator Himself intended that it should be so. He gave to the Vegetable Kingdom its dazzling colours, delicate tints, wonderful combinations and gorgeous variations, the very birds of the air clothe themselves in the Springtime. So why should not men and women do the same. They do it, and fashion experts, artists, modistes and customers in every land do their utmost to outdo Nature.

Stores like Clarke Bros. are bound to supply the needs of hundreds. Thousands of dollars are spent annually to gather together the choicest apparel and the latest novelties in merchandise, and our customers are justly proud of our assortments.

Order by Mail

Just start writing your order, the rest will be easy. We will send you our order with just as much pains and care as if you came personally. All orders amounting to \$10.00 or upwards will be delivered FREE to your nearest railway station.

Shipwrecked Crew Saved on the Ice
THE MOST AMAZING ESCAPE IN HISTORY
THE STORY OF THE ARCTIC STEAMER
POLARIS, WRECKED IN 1873.

(Boston Transcript)

"There is widespread regret among the hardy fisherfolk of Newfoundland that there was nobody on board the Polar, the most effective method of saving the whole 2500 people on board. This could have been done by simply utilizing the ice flows in the vicinity as gigantic rafts, to which the passengers and crew might have been transferred," writes John P. T. McGrath, a member of the legislative council of Newfoundland.

"It seems incredible," he proceeds, "that in all the immense multitude of people aboard the liner nobody thought of this simple solution. It is one that would have immediately commended itself to a Newfoundlander, and it is one that has already won historical recognition through the thrilling escape in the whole annals of authentic adventure."

"I refer to the famous ice floe journey of the survivors of the Arctic steamer Polaris, who, in April, 1873, were picked up by the Newfoundland sealing steamer Tigress on an ice-floe on the Grand Banks, after having drifted some 1200 miles on this precarious foothold, their absolutely unique voyage having occupied 103 days."

"The ship had been crushed in the ice in North Greenland waters the previous November, and, as is the invariable practice in these regions, they abandoned the ice-clogged hull and took to the floes in order to reach the land, but a storm coming up the fragment on which they had established themselves was driven southward, and for six months it was their floating home until rescue reached them on the Grand Banks."

"This, however, though the most remarkable case of its kind, is by no means the only case of shipwrecked people escaping death by taking refuge on ice floes. Whenever a Newfoundland sealing steamer is crushed by the pack, as happens to one or other of the flotilla almost every spring—the crew at once betake themselves to the nearest floes with their clothing, provisions, boats and other impediments, and there remain until some others of the fleet come upon them and take them aboard. They are not dismayed by the prospect of a day's or a week's detention."

"Fishing crews making their way to Labrador in the early summer resort to the same expedient when their ships are crushed, and there are numerous cases on record where these people—men, women and children—have been adrift for several days before being picked up. Scores of such tales could be told, where codfishers and seal-hunters have escaped from peril by this simple expedient. Those aboard the Titanic might as easily have done the same."

"Any number of fragments were available to which the first boatloads could have been transferred, while the boats made a second and a third trip to the ship and brought off the remainder of the people. The women and children from Newfoundland vessels obliged to leave their beds in the darkness of night have survived experiences of this kind for from three or seven days, and therefore it is unlikely that any great number of those on the Titanic, however delicately nurtured, or however poorly equipped for this enforced imprisonment on an ice islet, would have suffered any ill effects."

Methodist Clergyman's Death

REV. J. W. SHEPHERDSON, OF AMHERST, DIED IN THE SIXTY-SIXTH YEAR OF HIS AGE.

AMHERST, June 15. Rev. J. W. Shepherdson, a prominent divine of the Methodist church and pastor of the Leicester circuit, near Amherst, died this morning at an early hour in the sixty-sixth year of his age. The deceased came to Nova Scotia from Great Britain over thirty-nine years ago and has been associated with the Nova Scotia conference ever since. He has been pastor of Methodist churches in Yarmouth county, Shubenacadie, Weymouth, Riverport, Caledonia, Londonderry, and in other sections of the province. At the time of his death he was the chairman of the Cumberland district. He is survived by a wife, who is sister to Rev. Mr. Glendonning, of Halifax, also one son in Revere, Mass. The funeral will take place on Monday afternoon, interment to be in Amherst.

Promises to Banish Pain

A PROCESS OF PUTTING THE PART AFFECTED TO SLEEP.

New York, June 20.—A London cable says: The abolition of pain resulting from injury or operation is promised by the new anaesthetic process described in the London *Lancet* fulfils its discoverer's claims.

Dr. F. W. F. Jones, who makes the announcement in the *Lancet* and from the fact that it receives publicity in that conservative publication, the claim of Dr. Jones may be considered to have orthodox approval. Moreover, Dr. Jones has met the professional requirements by giving his discovery to the public.

At the operation the patient is put under a general anaesthetic in the ordinary way, and the five or ten cubic centimeters of a 1 per cent solution of quinine and urea-hydrochloride are distributed over the nerve supply of the part concerned. The effect of such injection is to produce a total loss of the sensation of pain. Popularly speaking the affected part is put to sleep.

\$175,000 Buffalo Fire

Buffalo, N. Y., June 10.—One man was fatally hurt, and fifteen firemen were overcome by smoke, and property valued at \$175,000 was destroyed in the double fire that kept practically the entire lighting force of the city busy for several hours early today. The loss in Taylor & Crate's lumber yard, where the fire began, was \$100,000. The Empire Beef & Provision Company's warehouse, four blocks away from where the fire broke out, at the same time was destroyed with several small houses near by.

Nova Scotia Schooner Wrecked

CHATHAM, Mass., June 10.—Mistaking Chatham light for Pallack light yesterday, the British three-masted schooner Kalmala crossed the outer bar and fetched up high and dry in the inner harbor last night, probably a total wreck. Her crew were able to walk ashore at low tide. The Kalmala is owned in Sydney (N. S.) and was bound for Gaspé (P. Q.), from Vineyard Haven with shingles.

A MARTYR TO
HAY FEVER"Fruit-a-lives" Cured After
15 Years' Suffering

CORNWALL CENTER, ONT.,

To every sufferer from Hay Fever, I

"I was a martyr to Hay Fever for probably fifteen years and I suffered terribly at times. I consulted many physicians and took their treatment, and I tried every remedy I heard of as being good for Hay Fever, but nothing helped me."

"Then I heard of 'Fruit-a-lives' and decided to try them, and I am thankful to say that this remedy cured me completely."

"To every sufferer from Hay Fever, I wish to say 'Try Fruit-a-lives'. This medicine cured me when every other treatment failed, and I believe it is a perfect cure for this dreadful disease—Hay Fever."

MRS. HENRY KEMP

The real cause of Hay Fever is poisoned blood, due to the faulty action of the bowels, kidneys and skin. "Fruit-a-lives" cleans the blood by regulating bowels, kidneys and skin, and thus relieves the excessive strain on the nervous system. Try "Fruit-a-lives".

The destruction of the house fly is a public duty. Almost every American State Board of Health is carrying on a crusade against him.

Coal in Digby County.

The following correspondence appeared in a recent issue of the *Annapolis Spectator*: This is written from memory of what I have heard and seen in times past, that makes me feel convinced that coal may be mined in the county of Digby. So long ago as 1860 or thereabout, the Rev. Dr. Robertson and the Rev. W. M. Godfrey came into my store at Clementsport one day and after passing the time of day and talking a little while, Dr. Robertson put his hand in his pocket and drew out a package, which when opened showed a specimen of coal, which the Doctor said was the best he had seen in the province. He said when at Digby, he went with the Rev. Mr. Gray, the Rector of the parish of Digby, to a place, now known as Marshalltown, and a Frenchman by the name of Commo gave him the piece of coal shown and went to the place and showed him where he got it, between two hills in a deep hollow. I then told him what I heard about the finding of coal on the beach, near the head of St. Mary's Bay. The Doctor said that might be correct as it would be on the same line, passing through the high land between Marshalltown and St. Mary's Bay, and the tide had washed away so much earth that coal was seen above the ground.

When Vernon Smith was manager of the Western Counties Railway, a man by the name of LeCain, whose home was near a mine at Round Hill, was with the men making survey for a line of road from Annapolis to Yarmouth, and the next year was at work for me on the farm when he said to me one day that he believed there was coal in Digby county for when they were making the survey for the line of railway, they camped one night in the woods near Marshalltown. The ground was nearly black. He gathered up some of it with his hands and put it on the fire, and it burned the same as coal usually burns.

As a further evidence in the matter, in a letter received from the Rev. Dr. Robertson he refers to the iron ore on the line from Londonderry to St. Mary's in which he wrote that when he was in Glasgow he had seen coal and iron taken from the mouth of the same pit.

If such was the case in Glasgow, why not in Nova Scotia.

Dr. Robertson was considered a good chemist and his statements reliable. If coal could be mined in Digby it would be of much benefit to the western part of the province.

Geo. Whitman.

Round Hill, N. S., 3rd June 1912.

Worth Knowing.

Should you receive a wound and wish to relieve the pain, take a pan or shovel with burning coals and sprinkle upon them, common brown sugar and hold the wounded part in the smoke. In a few minutes the pain will be allayed. In one case in particular, a man received a bad wound in the bottom of his foot from a rusty nail. The pain and nervous irritation were severe, but he told me this was removed by holding it in the smoke for 15 minutes and he was able to resume his reading in comfort. It has been recommended to others with like results. A short time ago, a man had a finger nail torn out by a pair of ice tongs. It became very painful but the brown sugar relieved him.

Train Struck Auto.

J. H. Winfield, manager of the Telephone Company, had a narrow escape at the Bedford crossing Saturday, when the C. P. R. train, which leaves Halifax at eight o'clock, struck his auto, causing considerable damage. Fortunately, Mr. Winfield and his companion were uninjured. Mr. Winfield alleges that owing to the fact that the alarm crossing bell was being repaired, it did not start to ring until the train was close on to them. The damage to the auto is set at about \$200.

Did You Ever Notice This?

January always begins the same day in the week as October. The same is true with regard to April and July, September and December, February March and November also begin with the same day in the week. This, however, is only true in normal years of 365 days and therefore does not apply this year. A century can never begin on Wednesday, Friday or Saturday, and the ordinary year always ends on the same day of the week as it begins.

Wants the Seals Exterminated on Atlantic Coast.

HALIFAX, June 20.—Captain J. A. Fairquhar, one of the best nautical authorities in Nova Scotia, writes advising a bounty of two dollars to exterminate the seals on Sable Island and the coasts of New Brunswick and Nova Scotia.

This is a different species of seal from that in Newfoundland. The Captain's contention is that the seal is a pest and is highly destructive of our best food fishes. He estimates that there are 20,000 seals on the coasts of Sable Island, and 12,000 along maritime province coasts. A bounty of \$2 would come to \$84,000 and he says this amount would be well spent if the seals were destroyed. A seal eats, he says, 20 pounds of fish daily, which amounts to a value of \$0.132,000 annually. The seal itself has no commercial food value.

Captain Fairquhar wants the government to pay a bounty, he says, is done on the United States coast.

MOTHER OF LARGE FAMILY

Tells How She Keeps Her Health—Happiness For Those Who Take Her Advice.

Scottville, Mich.—“I want to tell you how much good Lydia E. Pinkham's Vegetable Compound has done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, Lydia E. Pinkham's Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house.”

“I will say also that I think there is no better medicine to be found for young girls. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has helped her.”

“I am always ready and willing to speak a good word for Lydia E. Pinkham's Vegetable Compound. I tell every one I meet that I owe my health and happiness to your wonderful medicine.”
Mrs. J. G. JOHNSON, Scottville, Mich., R.F.D. 3.

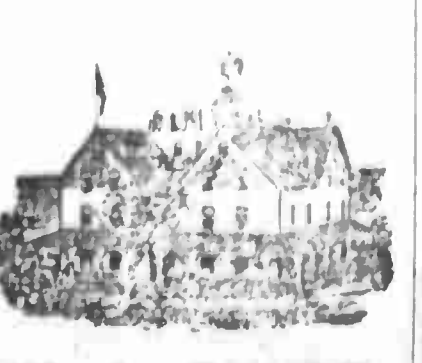

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy for women's ills known.

The Massachusetts and Banker Hill

ALL THE WAY BY WATER TO NEW YORK
The Eastern Steamship Corporation announces that the service of their all-the-way-by-water route to New York will be established, beginning June 10, when the great steel steamship, the Massachusetts, will leave for New York. The ship is a new and improved one, and is well equipped for the service. The ship is a new and improved one, and is well equipped for the service.

The Massachusetts will make the initial trip from Boston on the date named, since last season the Massachusetts and Banker Hill have had about \$100,000 expended upon them for equipment and rearrangement of their passenger carrying facilities.

The changes involve provision of the use of coal instead of oil as fuel, for an enlarged and improved main deck dining room, a hurricane deck cafe and the addition of many attractive state rooms, all of the inside staterooms have been equipped with electric fans, this provision being a decided innovation. The ship is a new and improved one, and is well equipped for the service.

Another feature which will add greatly to the attractiveness of these beautiful ships is the fact that they will appear in a summer suit of white. They have heretofore been painted black.

The great ships are more than ever representative types of modern coastwise craft, and in a most successful season predicted for them as they will appear in the array of summer ships. The ship is a new and improved one, and is well equipped for the service.

THE WORLD'S WORK DEPENDS ON THE WORLD'S DIGESTION

From the captain of industry to the hostess at a dinner party, the world's work depends on the world's digestion. The world's work depends on the world's digestion. The world's work depends on the world's digestion. The world's work depends on the world's digestion. The world's work depends on the world's digestion.

MARY ANNE'S HERO.

Grimsby's new shoes pinched his feet. The road was dusty and this dust, mixed with the yellow pollen of the rag weed, was making sad work of the lower part of his natty trousers.

“Confound Mary Anne!” exclaimed Grimsby.

Mary Anne was his cousin and he was on the way to her wedding. He liked Mary Anne the last of all the forty-seven first cousins whom he was so fortunate as to possess, but she was, nevertheless, the only one of the lot for whose wedding he would have felt it necessary to put himself to so much discomfort and expense.

This was because Mary Anne was vain and ambitious and adored Grimsby as her one wealthy and city bred relative.

He knew that to her mind her wedding would be but a poor affair if she could not have him and his present to display to her assembled friends, and being abnormally considerate of the feelings of others, he had consented to go and had spent far more money than he felt justified in doing in the purchase of a set of silver tableware in a neat wooden case, which he had at that moment under one arm, and which was very heavy.

In addition to the wedding present he was encumbered with an umbrella, a suitcase and a rain coat.

“What a fool I was to write Mary Anne not to send to the station for me,” he growled, “and that a walk of three miles along a peaceful grassy country lane would be delightful.”

Grimsby's country lane, indeed! It was a nasty, weedy, dusty, rutty road. But his country all right! O, yes! His country, and it's peaceful all right. There's not a soul in sight.

“Now I wonder how the dance Mary Anne ever found a man to suit her in this Sleepy Hollow, where nothing ever happens! She always had her heart set on a hero, a man with good, red blood in his veins, a door of deeds. That's the way Mary Anne put it, and she swore by the eternal gods that she wouldn't marry any other kind of two-legged creature.”

“A hero here! Well, I guess not,” Mary Anne changed her mind? Well, I guess not either, no size-e! What's the answer, then? Well, it beats me.”

By this time Grimsby had arrived at a bit of sequestered woodland through which the dusty road wandered in an aimless fashion, as if it had no clear notion concerning the direction which it wished to pursue.

Hardly had he entered this wood and turned the first curve before a man dressed in a ready-made and ill-fitting black frock suit and wearing a still boomied white shirt, a tall, straight collar and a pair of cuffs, which fell down to his thumbs, strolled out from the shelter of some tall bushes, presented a revolver and remarked curtly:

“Money or yer life! Hand-up!”

Fear surged through Grimsby, his knees knocked together and he felt a strange, creeping sensation under his feet, which suggested that his hair would have stood up if it had had a chance.

“Don't shoot!” he gasped, finding it impossible to obey the command regarding his hands promptly and dropping to his knees instead. “Don't shoot! I'll hold up my hands as quick as I can.”

He grasped his coat and umbrella in one hand, slipped his thumb through the heavy cord with which the package containing the wedding present was tied, and taking it and the suit case in the other, managed to execute the manoeuvre clumsily.

“Hum!” said the highwayman, reflectively, “you might have put them down. It would have been easier.”

Then he walked up and unhooked the wedding present from Grimsby's extended thumb.

“That's all I want,” he said laconically, and walked off.

For a moment Grimsby remained on his knees, with his encumbered hands still raised aloft, then he slowly lowered them and rose tremblingly to his feet.

Two emotions struggled in his breast. He had played the coward. Mary Anne would be dreadfully disappointed. What would he say to her when he arrived empty handed. What would he say to his friends if it ever became known that he had been held up in this fashion, had dropped to his knees, had begged for mercy.

The highwayman shuffling off down the road looked over his shoulder. “Going to the wedding?” he called.

“Cause, if you be, you might as well come along with me.”

He paused and waited. Grimsby, too bewildered to reply walked on distrustfully, until he had caught up to him.

He noticed more particularly the man's clothes, the Sunday clothes of a rustic, and the honest tan of his face and hands. Suddenly an explanation came to him. The fellow was, like himself, a wedding guest, and having no present of his own and no money to buy one such as he deemed suitable—perhaps he was a discarded admirer of Mary Anne's who wished to make a show—had decided on this bold expedient.

At first it seemed that it would be an easy matter to denounce the fellow and recover his property, and then he

saw that it wouldn't. Suppose the fellow—and these country jays had such coarse ideas of humor—should declare that he had done it all for a practical joke, and suppose he described with slight additions, the way his victim had fallen to his knees and besought him not to shoot! Grimsby imagined the roars of buccolic laughter and shuddered.

In silence he walked by the highwayman's side until they reached the front door of Uncle Nathan's abode. Then the highwayman, throwing the door open with a certain nonchalance, rather amazing under the circumstances, said:

“Walk right in, mister,” and then called more loudly, “Mary Anne! Here's Mr. Grimsby!”

Before he had time to reflect on these proceedings Grimsby was enfolded in his cousin's loving arms, and by the time he had greeted his uncle and aunt, the highwayman had disappeared.

He had barely made up his mind to tell Mary Anne that he had sent a gift by express and to be very indignant and a-tomshed because it had not arrived on time, when his Aunt Martha took him into the down stairs bedroom to see the presents, and there in the place of honor was the sterling silver, with his own card properly displayed.

Slightly bewildered, he had no time to puzzle over the explanation of the matter, for a whisper ran about that the fatal moment had arrived and he found himself huddled up against the wall with the other guests and waiting in hushed expectancy, while Mary Anne's sister began to draw a wedding march on the organ and every body kept still and breathed hard.

After an age, and strung out, about three rods apart, the wedding party appeared and took places before the gray haired clergyman in the corner.

The bridegroom's turn came, and he made an awkward, sliding entrance through the narrow door of the closed doorway which led from the regions above.

“Hah!” exclaimed Grimsby, then coughed confusedly and blushed.

The bridegroom was the highwayman of the wooded curve in the road.

“Why on earth!” thought Grimsby, “what on earth!” and “who on earth!”

Then he lapsed into semi-consciousness as the wedding march came to the end and the clergyman cleared his throat.

The preliminary parts of the ceremony were soon gone through.

Martin, said the minister, turning to the bridegroom, “will you have this woman to be thy wedded wife, to live together after God's ordinance in the holy estate of matrimony? Will you have her, honor and keep her, in sickness and in health, and forsaking all other, keep thee only unto him, so long as ye both shall live?”

“I will not,” said Mary Anne, and the emphasis was on the not.

There was a sensation, but it wasn't much of a sensation, as it would have been if the assembly had not been composed wholly of Mary Anne's lifelong friends and acquaintances. It was not consternation, but restrained hilarity, which made the guests breathe deeply and sway to and fro.

The bridegroom did not seem either surprised or annoyed.

“Mary Anne,” began the clergyman sternly, “did I understand you to say that you wouldn't?”

“You did,” affirmed Mary Anne, emphatically, with flashing eyes, glowing cheeks and defiant mind.

“But she will just the same,” declared the bridegroom with confidence.

“I will not,” reiterated Mary Anne, stamping her foot dramatically.

“Now, Mary Anne, my dear young woman,” expostulated the clergyman, “what does this mean? How does it come that when we have all assembled here to witness your marriage to Martin, that you flatly refuse him?”

You must explain yourself or I'll go right ahead and pronounce you man and wife anyway.

“I'll explain, Mr. Cutright,” declared Mary Anne proudly. “I'll explain gladly. I have been the victim of an imposition. When Martin asked me to marry him I told him that I had only one objection, and that was that he wasn't a hero, a man to stir the hearts of those with good red blood in their veins. Martin said he was a hero, only he'd never had a chance to show any of it around here, where things were always so quiet. But he promised me solemnly that if I'd have him, he'd do something real heroic before the solemn hour and article of the wedding.”

“Now, Mr. Cutright, that solemn hour and article has come, I gave Martin up to the very last minute. He has failed to do the deed and I won't marry him, so there. He has

deceived me. He has failed to keep the promise that he made.”

Mary Anne turned and pointed at her betrothed husband dramatically, and in excellent imitation of a tragedy queen she hissed the one word:

“Coward!”

“I ain't, neither,” said Martin, emphatically, scratching the place where his stiff collar sawed his neck most, and I ain't failed to keep my promise, and I can prove it by Mr. Grimsby, over there in the corner.”

He swung half way about and caught Grimsby's eyes, then swung back and faced the clergyman.

“Mr. Grimsby will testify that no later than this very day I done a brave and heroic deed. I don't like to brag, and so I won't say what it was, and I won't ask Mr. Grimsby to say. All I ask is that he will solemnly, before this here assembled congregation, declare that what I say is so.”

“Is this true, cousin Harold?” demanded Mary Anne, facing about eagerly.

Grimsby in his corner, finding all eyes upon him, blushed and stammered.

“It's true, Mary Anne,” he cried excitedly, “it's true all right. I'll swear that Mr. Grimsby—for the life of him he couldn't remember the bridegroom's surname—that Mr. Martin is a—a hero, and a gentleman.”

“I can believe my cousin Harold,” declared Mary Anne proudly, turning back to the clergyman. “I am satisfied.”

“Ahem!” interrupted the clergyman, opening his book again. “I suppose, then, that I may resume the ceremony.”

“You may,” agreed Mary Anne blithely, “and I change my answer from ‘I will not’ to ‘I will do’.”

PARISIAN SAGE IS ALSO THE MOST EFFECTIVE HAIR-BLESSING ON EARTH.

PARISIAN SAGE penetrates into the roots of the hair, destroys the dandruff germs, puts new life into the hair and stops it from falling out.

H. E. Jones guarantees it for dandruff, falling hair and itching scalp, and a large bottle costs but 50 cents.

In August I began using my hair in spots from the size of a quarter to the size of a silver dollar. I was seriously alarmed after consulting physicians and trying many things. I decided to try PARISIAN SAGE and I find my hair in much better condition, new hair growing in the bald spots.” Mrs. Blanche S. Marshall, 107 Hinton Ave., Charlotteville, Va.

Ladies give delightful PARISIAN SAGE a trial, and see how quickly your hair will grow lovely and fascinating.

A Toilet Hint
Sour milk left on the face and hand to dry is an acid that whitens the skin. If the wash leaves a sour odor on the skin removed with vinegar, hot water and then a good face cream.

Almond oil is used to bring the desired whiteness to the hands. The hands should be dipped in the oil, then in French chalk and move in a pan of old gloves over night. Another plan recommended as a hand beautifier is to wash with peroxide, letting it dry on the hands, then rub in a good old cream and don old gloves. In the morning wash off with lemon juice, vinegar or cider, hot water and a good skin cream.

Appropriate Names
Gazing at a group of nine children gathered about a small stool, an old lady called one of the little girls:

“Are all of these children your sisters and brothers?” she asked.

“Yes, mum,” replied the youngster.

“What is the largest one named?”

“Maxie, mum.”

“And what do you call the smaller one?”

“Minnie, mum.”

Making the Old Happy.

There should be no unhappy old people. Age should bring its compensation of serenity and philosophy. As a matter of fact, however, the average old person is far from content.

The problem which confronts some old people is that of being useful. The feeling of uselessness fills many an active soul with restlessness and discontent.

Perhaps the greatest mistake that is made by young people is that in their eagerness to relieve father and mother or grandfather and grandmother of burdens they take everything that makes life interesting. Those who have been eager workers for a lifetime do not want to sit with their hands folded and so it often happens that father "butts into" his son's business affairs, and mother muddles with her daughter's housekeeping. Then comes friction, and the son and daughter, loving shown plainly that they desire no interference, cannot understand that their re-buffs have scared the souls of anxious, active old people.

It is always, well, if possible, to provide something for the aged people to do. If they can be made to feel that they are helping, their satisfaction will be supreme. If father had been a vice financier, it surely cannot hurt his son to talk over the affairs of the store or office. If mother had been a practical housekeeper, her daughter need not be too "snippy" to take advice.

I know of one dear lady whose daughter insisted that she should sit with folded hands. Then when the old lady took on unhappy lines, and the frail little body drooped, the anxious daughter asked the doctor, “What's the matter with her?”

“It was a bluff old person, and he thundered. Give her something to do, she is pining for action!”

But the maids don't like to have her in the kitchen, the daughter said. “Then let her go while the maids are out,” the doctor suggested.

So on Thursday afternoon the dear old lady cooked the dinners. The whole family learned to look forward to them. And the satisfaction the mother got out of that one day in the week lasted her through the other six.

She made chicken pies, she baked beans, she concocted soups and gravies, and when they were served, she beamed across the table as if to say, “Should I be put on the shelf when I can cook like this?”

The duty of children towards their grandparents often forms a great problem, but I believe that if there is any question of preference, it is the grandparents who should have first consideration. No child can be hurt by being made to have an attitude of deference towards the aged.

Often, when any old people are celebrating the children's sympathies will be aroused if we tell them that grandfathers have borne so many weary burdens of that grandmother has had sorrows.

On the other hand, to say, “Never mind, grandfather is peculiar,” or “Grandmother is fussy,” will foster a contempt which will be evidenced by the child's manner.

To those of us who grow up impatient with the faults of old age there will come a day of reckoning. Some day all of us will be old. Do we wish our children to treat us as we are treating our parents? Would we be happy under the circumstances with which we have surrounded father and mother?

Useful Articles.
Squares of hemmed cheesecloth kept in the kitchen or pantry drawer will be found useful to put over bowls or pitchers containing soup, milk, etc., or to throw over a cold roast before putting it away. Of course, the cloths should be fastened snugly over the dishes, and a box of rubber bands kept with the pile of cloths will be found more convenient than string for this purpose.

Miss Jo Graham returned home last

Miss Doris Clarke, of St. Stephen,
N. B., is visiting her friend, Miss
Nan Clarke.

Mr. Sprague, of St. John, was the
guest of Mr. and Mrs. W. M. Romans
over Sunday last.

Miss Minnie Schaffner, of South
Farmington, is a guest of her friend,
Miss Josephine Clarke.

Miss Lizzie Moore recently arrived
from United States to spend the sum-
mer at her home here.

Mrs. C. H. Dunn, who has been
visiting friends in Clementsport, ar-
rived home on Monday.

Mr. Clifford Rice arrived home on
Saturday from Amherst where he has
been studying the automobile business.

Mrs. C. W. Phinney and Mr. Fred
Phinney returned on Monday from a
short visit in Middleton and other
places in the Valley.

The Bear River Brass Band made
its first appearance of the season on
Friday evening last and played several
selections from the band stand.

Miss Margaret Milligan, who has
been visiting her mother, Mrs. Frank
Jones, at the Bear River Hotel, re-
turned to St. John on Tuesday.

The steeple of the Baptist church
has been undergoing repairs and paint-
ing during the past week, the appear-
ance of which has been greatly improved
thereby.

The Advent Conference was held
here beginning on Thursday, the 20th,
and ending the 23rd. A large num-
ber of outsiders from the various
towns in the western part of the pro-
vince, were present.

Steamer Bear River left the blocks
early Monday morning and at once
proceeded to St. John on her usual
trip. Her appearance is very much
improved by the recent painting which
has been done on her.

The concert given in Oakdene Hall
on Tuesday evening, the proceeds of
which were for the Methodist church,
was a decided success, the excellent
programme being greatly enjoyed by
a "full house". Local talent was ably
assisted by Miss Lillian Hicks, of
Clementsport, and the Evangeline
Quartet.

Mr. Aug. Harris, accompanied by
Mr. Isaac Harris and Mr. Reg. Mer-
ritt, arrived in town on Monday, hav-
ing made the trip from Long Beach
by auto. They were the guests of
Mr. and Mrs. L. V. Harris. Mr.
Isaac Harris remained till Wednesday,
renewing acquaintance with his many
friends here before going to Annapo-
lis Royal.

OLIVEINE EMULSION

THE GREAT HEALTH RESTORER

Messrs. Fraser, Thornton & Co., Limited,
Cookshire, Que.

DEAR SIRS:—
I have been a sufferer of lung trouble for many
years and have tried all kinds of doctor's medicine,
but found no relief. I heard of your "OLIVEINE
EMULSION" and after taking the first bottle felt
much better. I am now taking the third bottle and
am much improved. I cannot recommend the
"EMULSION" too highly among my friends.

Yours truly,
(Signed) MRS. FRANK AMIRO

GENTLEMEN:—
I was troubled with a sore chest and severe pains
in the regions of my heart. I began taking your
"OLIVEINE EMULSION" and it gave me almost
immediate relief, and as a result of taking it, I am
feeling quite well now.

Yours respectfully,
(Signed) MYRTLE I. HOVEY,
Ludlow, N. B.

DEAR SIR:—
I was suffering from stomach trouble and did
not know what to take to cure me. I decided to try
a bottle of your "OLIVEINE EMULSION" and I be-
lieve I had used two bottles I was cured. I would

not like to see my store without this very saleable
medicine.

Sincerely yours,
(Signed) J. CHAS. BOUDREAU,
Havre Aubert, M. L.

Messrs. Fraser, Thornton & Co., Limited,
Cookshire, Que.

GENTLEMEN:—
I had a severe attack of La Grippe this Spring
which left me in a weak run down condition. I had
no appetite and hardly strength enough to walk. I
purchased a bottle of your "OLIVEINE EMULSION"
and I had only taken it a few days when I felt quite
well again, in fact when I had taken only the third
dose I noticed a change.

Sincerely,
(Signed) MRS. WALTER WRIGHT,
Munich, N. B.

Messrs. Fraser, Thornton & Co., Limited,

DEAR SIR:—
I was like to be the "EMULSION" the "OLIVEINE
EMULSION" is a great medicine. My daughter had a
hard dry cough and had no appetite whatever. Be-
fore she had taken the "OLIVEINE EMULSION" a
week the cough was decidedly worse and her appetite
had greatly improved. I followed the directions, and
immediately and honestly believe "OLIVEINE EMUL-
SION" is all it is recommended to be.

Sincerely,

Mrs. Edw. Keane and Mrs. James Snow have been attending delegates of the United Baptist Association held last week at Chester Basin, Lunenburg county.

Mr. John Burns, of South Boston, brought home for internment last Wednesday, his mother, widow of the late Samuel Burns, who were former residents, and have many friends here who extend their sympathy to the bereaved ones.

The large ore steamship was successfully loaded in record time last Friday morning and sailed before noon. Her name was Mahstead, Capt. Poulsen, hailing from Norway. She carried away about 6,000 tons of ore, had a crew of 30 men. Another ship is expected in about three weeks.

Freeport.

SOUTH END

We are having very cold weather for the time of year.

We are sorry to report Mrs. Arthur Moore on the sick list.

Miss Myrtle Cowie, of Westport, spent last week with Mrs. James Stevens.

Sgt. Ianthe, Capt. Charles Teed arrived from St. Andrews Saturday, June 15th.

Mr. Thomas Pyne, an old man, 90 years of age, walked to Tiverton not long since, a distance of 12 miles.

Mr. and Mrs. Charlie Cutreau and two children, of Saultville, spent last Sunday with Mr. and Mrs. Mitchell Melanson.

Little Miss Mary Teed, aged 7, had a birthday party on Monday, June 10th. Quite a crowd met to help celebrate the event. All report a good time.

Mr. Herman Nichols and Mr. Ira Hersey have new boats which will make a great addition to the fishing fleet as they are a very nice model, and promise to be the smartest in the fleet.

Landings.

Mr. Elber Balor left on Friday for his military camp, Pottawawa.

Mrs. Janette Peck went to Boston on Saturday to spend the summer.

Mr. Walter D. Wagner, of Lake side, spent Saturday and Sunday at W. H. Savary's.

Mr. and Mrs. J. A. H. Nichols were the guests of Mrs. James Banks, Lake Jolly, on Tuesday.

Mr. and Mrs. Atwood Miller and little daughter Dorothy spent Sunday with Mrs. George Welsh.

Mrs. Arthur Hamilton, of Boston, and Mrs. Hannah Armstrong, of Bloomfield, spent Sunday with their niece, Mrs. W. L. Hinzman.

Mr. Charles Hinzman, who had the misfortune to break his ankle last Wednesday morning, has met with the loss of his faithful horse, Lady Smith. Mr. William Hinzman on going to the stable found her dead apparently without a struggle.

Smoking Bodies Swayed on The Wire

TERRIBLE DEATH OF THREE LINEMEN AT WORK ON HIGH TENSION WIRES IN NEW JERSEY.

ELIZABETH, N. J., June 14.—Three men met a terrible death high in the air here today on a high tension wire of the public service corporation and for more than an hour their smoking bodies remained swaying above the street until removed by firemen.

The victims were William Willridge, of Mount Vernon, N. J., Frank Jackson, of Newark, and Albert Burbank of Ford's Corner, N. J. All were linemen employed by the light and power corporation. Willridge was adjusting a metal crossarm on the pole when he came in contact with the wire. Death was instantaneous, but Jackson, who was working on the pole below, climbed up to his aid, only to meet death as he had.

"The Army."

We have received a copy of the June number of *The Army*, the official organ of the boys' division of the St. John Young Men's Christian Association. We copy the following paragraph from it: On Tuesday the 4th, the first meeting of the new Board of Directors was held. The officers remain the same as last year. We congratulate our friend Mr. E. C. Prime on his early elevation to the Board of Directors, and feel sure that he will always look after the interests of the Boys' Division. [Mr. Prime is a native of Freeport, Digby county.]

Twenty-five Years Ago

[From the Yarmouth Times files.]

A Bear River man claimed that during twelve months he took thirty-nine American buckets full of maple sap, equal to ninety-seven wine gallons, from one tree. Of this quantity, eighteen buckets full were taken within three days.

Elephant Kills Circus Performer.

TORONTO, June 15.—Frank Johnston, a circus performer, aged 27 years, is dead from injuries received when an elephant in Ringling Bros. circus trampled on him during a performance at Milton on Thursday. He is the third man killed by this elephant.

A WOMAN'S GOOD LOOKS

Depend on her general health and freedom from pain. Many a woman looks old before her time because of those irregularities which are essentially feminine. Starting from early womanhood, she suffers from frequently recurring derangements that upset her womanly health. It she be beautiful she grows into that mellow age without wrinkles and crowfeet about the eyes, or not at all, from womanly derangements which sap the health and leave in the face the tell-tale story of pain and suffering. Dr. R. V. Pierce, the famous specialist in the diseases of women, found a prescription in his early practice that soothed the organism peculiar to womanhood—oiled the machinery, as it were, of the human system—and helped the woman to pass those painful periods that wear-lined and aged her face. This remedy became the well-known Dr. Pierce's Favorite Prescription, that has benefited thousands of women and saved them from misery and suffering at different periods in life.

Mrs. Hester E. Pierce, of 241 Bright Street, Barrie, Ont., writes: "I am now a well woman after suffering for three years and during with several different doctors, each one saying it was something different, and the last one, after putting me through a thorough examination, said I was suffering from a growth, which, in time, would result in cancer, and said I would not live more than two years if not operated on right away. I became hopelessly discouraged but would not consent to the operation as I was too weak and too much afraid, but at last, through the advice of a friend, I tried Dr. Pierce's medicine, and felt a change. I had used two boxes of 'Healing Hippocrate', and eight boxes of 'Lotion Tablets', and can safely praise the name of Dr. Pierce's medicine to all who suffer from any female disease, for these medicines are all they are claimed to be, and I hope will help others as they have helped me."

BH "ENGLISH" PAINT

SAID THE MAN WHO BUILDS.—"Yes, sir, I am going to use Bradnam Henderson, Limited, 'English' Paint. A noble product. I would put so much good money in a new house and then paint with cheap paint. That would be the safe's waste of money. I am building and painting for a customer, and B.H. 'English' Paint is the only paint I shall use. None but the best for me. It is worth the far to the house."
