

1877- 1978

1877-1977

One of the jobs I had to do, besides power and printers devil on the staff, was to... I... and then... the printing plant. I decided to... that apparently hadn't been... in some... time.

"J.J." came along and said "how are you making out Vince?" I assured him that I thought I was beginning to see the floor. "J.J." laughed very heartily. He thought the remark pretty good and said:

Sometimes the gasoline engine, a piece of machinery would refuse to work, and the "fix-it" man had patiently worked for a certain length of time to get it going again, without results. Max would then stand back and come over dramatically then he would immediately start working. "See," he would say, "all it needed was a bit of fixing."

On other occasions when some group refused duty for me and seemed to be brokenhearted, I would say, "use a little oil" and sure enough, often that is all it took. They often since have I heard of the value of that remark and the actual need of "oil" in many life situations, applied at the right time, right place and in the right way.

place and, in the right way.

Other things that sort of stick in my memory and come to mind now and then are, like the time I built "Mac" of four teenage boys who in the spring season of 1918 got together just before dark one evening and decided to mutate the newly built outdoor Fair Hotel swimming pool which had just been filled with water. Clothes were taken off near the road just out of the pool, nobody else seemed to be around except the four boys, no thought or time for bathing suits, so in the pool they went. They stood on the edge of the pool and looked at the chilly water, one soon jumped in. The rest quickly followed and across the pool they swam. "Mac" listened to the story and hardly said anything, but the next "Digby Courier" had a good story on the episode. The heading of the story went something like, "Four Boy Swims Officially Open Pines Hotel Swimming Pool." Who were the four? Many years later they are known as: the late Dr. Carl H. Anderson, veteran of two wars, second world war and Korean, was awarded the Victoria Cross; Sidney L. Smith, now prominent druggist, for many years in Digby; Clayton D. Snow, Digby wholesale apothecary, and myself.

As a young teenager I used to like doing some writing about different events interesting to myself and mostly for myself. One day, I was asked to contribute about writing your version of the story told about "The Marooning of Jerome". I did it and read at least two times what I had written about the man who was found marooned on a beach in some point on the French Shore of St. Mary's Bay, Duffy County. When I read this man's tongue had been cut out and his legs quite freshly amputated, were surgically well dressed and bound. He was presumably left by some vessel before dawn one morning, all for some mysterious reason.

"Jerome appeared to have been a man of considerable social standing and, possibly, of considerable wealth. However, the only thing I could or would ever say after being asked not to by some family in the Forest was something that sounded like the name of either, yulid nut, or, would not, yulid nut. I do not know who he was or why he was left there. I think it was, and is, one of Dugby County, and, different ideas have been put forward as to the reasons concerning this man. However, "Mia" was, I felt no urge to say anything different about this man. The only thing I have been very well explained to me is that

The Town Plot is situated at the east of the township just within the entrance to Annapolis Basin, and extends miles from Annapolis Town, and six miles across land from the head of W. Mary's Bay. This land not only has water's edge, partly on level ground, and partly on the declivity of a modern hill, dry and pleasant, and having on an eastern aspect a view of the Annapolis Basin and its cultivated shores for twenty miles in extent, it terminates with the Fort and River's mouth at that name. It was secured by Loyalists from New York in 1782, the point of which went early to Britain, or, moving to other countries, left the shore

DIGBY WEEKLY COURIER

Digby, July 5, 1912

St. John Yachtmen Visit Digby

THREE BOATS ARRIVED HERE SATURDAY, RETURNING MONDAY.

Saturday night a handsome new 33 ft. trunk cabin power cruiser arrived here from St. John, N.S., having been chartered by Mr. John Woodley, and on Sunday visited Annapolis, leaving Digby for St. John Monday afternoon.

Her owner, designer and builder, Mr. Roy Woodley, was on board and had with him the following well known yachtsmen: Douglas Woodley, Fred C. Levey, Charles Bridges, etc. Haynes, James Russell, Arthur Woodley, George Wellsford, John Lensen and George Fleet. This new boat is enrolled in the St. John Power Boat Club and is driven along at nine knots by a 10 h.p. two cylinder two cycle Stanley motor with make and break ignition.

Later Saturday night, two more handsome St. John yachts visited Digby, returning Monday morning. They were the auxiliary sloop Louisa, with Messrs. Kimble, Lively, Harry Dunn and Isaac Murray on board, and the yawl Janet with Mr. Frank Lively and party on board.

These handsome and well equipped yachts belong to the Royal Kennebec Yacht Club, the Louisa flying the fleet captain's flag in honor of Mr. "Ike" Murray, one of the R. Y. C.'s most popular officers. The St. John yachtsmen, when interviewed by a Courier representative, stated that several boats from both clubs would be in Digby regatta day, August 17th.

Chief Officer Lewis Leaves D. A. R.

Capt. Charles E. Lewis, who has been with the D. A. R. steamship service for more than three years, running chief officer on the S. S. Prince Rupert from St. John to Digby during the summer months and the same position on the S. S. Yarmouth during the winter months, has resigned his position with the company and will leave for St. John last Tuesday night. His place on the S. S. Prince Rupert is being filled by Mr. Arthur Sweeney, who was formerly second officer on the Yarmouth-Boston line.

Chief Officer Lewis was a faithful officer with the D. A. R., was popular with the travelling public and was always highly spoken of by the commander of the ship on which he sailed. He possesses master's papers, is strictly temperate and reliable in every way and we wish him continued success wherever he may be employed.

Digby's Fastest Boat

Mr. W. L. Holdsworth now has the fastest boat afloat on the harbor, or in fact the fastest in this part of the province. She is a 20 ft. Viper built by Messrs. Evan E. and George Dunn at the Racquette and is powered by a 22 h.p. three cylinder motor cycle three speed Ferro gasoline motor of jump spark design, with all the latest improvements. Mr. Holdsworth is local agent for this motor which is supplied by the L. M. Trask Co., St. John, and is certainly giving excellent satisfaction. The new boat was launched last Monday. It is expected that the Viper will make a good showing against outside competition on our harbor regatta day, August 17th.

The Fishermen's Regatta

A well attended meeting to Fishermen's Regatta was held in the Town Council rooms last Wednesday night. Mayor Short presiding. Correspondence was read from several bands, including two from St. John and one from Lunenburg. Mr. C. A. Lindstrom was appointed a committee to purchase four shields for the pleasure boat race, which includes the St. John's dory event for the members of the Argonaut Knoll Racing Association.

A New Undertaking Establishment

The Bear River Undertaking Co., with Mr. J. Fred Rice, of Digby, as manager, has opened up to-day undertaking rooms in W. A. Chute's building on the east side of Bear River, between the fittings of the best to be found in the Western Counties. The business is modern in every respect and the funeral director will devote his careful attention to all requests. The manager, Mr. Rice, can be reached by phone at his Digby undertaking rooms during the day and at his home phone at all times of night. Mr. W. A. Chute, who also has a phone in his house, can communicate with Mr. Rice at any time.

Death of William Ritchie

William A. Ritchie, an elderly resident of Annapolis, passed away on Wednesday afternoon, a protracted illness, extending over several months, at the advanced age of eighty-two years. The deceased was well and favorably known and some years ago conducted the Clifton House. His wife and son, Norman, who was formerly on the staff of the Union Bank, predeceased him some years ago. He was a member of Keith Lodge of Freemasons and was buried on Friday with Masonic ceremonies.

A Severe Loss

Fire broke out last Friday afternoon in the lumber piles owned by Mr. Harry H. Marshall, M. P. P., at the mill situated several miles from Digby. The loss is over \$10,000, with \$3,000 insurance. Sparks from the mill are supposed to have caused the fire. A strong south-west wind at the time prevented willing workers from saving the property. Mr. Marshall has the sympathy of a host of friends in his serious loss.

I. O. O. F.

OF A LOCAL NATURE

Digby, July 5, 1912

Rev. T. S. Ry will preach at Roxville on Sunday afternoon at three o'clock.

The Nova Scotia Lawn Tennis tournament will hold its 1912 meeting in Yarmouth.

Mrs. H. H. Sells will open her ice cream parlor at Esplanade, Smith's Cove, July 10th.

S. S. Granville brought a band excursion from Annapolis to Digby last Friday evening.

H. Price Webster with the Boston Comedy Co., is playing in Northern New Brunswick.

Next week will be Old Home Week in St. John and plans are being made for a big celebration.

In the Baptist church next Sunday morning the subject will be "The requirements of God" in the evening, "Let's Wife."

The telephone cable is again broken across Petite Passage, which cuts off communication with Brier and Long Islands.

The Western Nova Scotia Yacht Club building is being painted this week. The work is in charge of Mr. C. E. Woodman.

The Digby schools closed Friday and the teachers have left for their homes to spend the vacation.

Mr. J. Fred Rice has purchased a new house to be used in connection with his Digby undertaking rooms.

A number of students from the surrounding country schools were in town this week to write the annual provincial exams.

Steamer Prince George arrived at Yarmouth Monday morning with the record inward passenger list of the season, totaling 517 in all.

Tuesday's Yarmouth Herald says: The new Dominion S. S. boats were put in circulation yesterday. We have not been favored with the sight of one as yet, but we are hopeful.

The Duke and Duchess of Connaught will arrive at Digby on Regatta Day, Aug. 17, between three and four o'clock in the afternoon, via special train, and will leave the same evening for St. John via G. S. East Grey.

Dorchester Wedding

We copy the following from a Boston paper: The wedding of Miss Stella May Bain of Newtonville, daughter of Capt. and Mrs. John Bain, of Digby, N. S., and Mr. William James McInch, son of Mr. and Mrs. Robert A. McInch, took place yesterday afternoon at the residence of the bridegroom's parents, 50 Fowler St., Dorchester.

The ceremony was performed by Rev. Charles F. Whedden of the Harvard Congregational Church, Dorchester. Mr. Edmund F. McLeod of Dorchester was man of honor and Mr. Alexander F. McInch, brother of the bridegroom, was best man.

The bride wore blue messaline, and carried a bouquet of white roses and white sweet peas. The maid of honor wore white crepe with blue trimmings.

The newly wedded couple are well known in social circles of Dorchester and Newtonville and are prominent in the Harvard Congregational Church.

After a trip through the White Mountains and Canada, Mr. and Mrs. McInch will make their home at 35 Mt. Boulevard Ave., Dorchester. They will be at home to their friends after Aug. 1.

A New Raised Deck Cruiser

Mr. Charles H. Sallows and Mr. Hadley Blackford, of Truro, arrived in St. John last week with an up-to-date raised deck cruiser, built at Shelburne for the Canadian Fairbanks-Morse Co. She is powered with a 21 h.p. four cylinder 2 cycle motor manufactured by the above firm and it is certainly a good running machine with all modern improvements. The boat is 34 ft. long, 9 ft. wide with 6 ft. 3 inches head room in the cabin. It is fitted with electric lights, ice chest, self-bailing cockpit, deck ventilators, six brass port lights and all modern conveniences. "Quarter Master" Blackford pronounces the new yacht a splendid sea boat and Mr. Sallows is loud in the praise of her machinery. She will probably visit Digby regatta day. Mr. Robert Russell is the local agent for the Canadian Fairbanks-Morse motors and fittings and is using one of their motors in his open launch, Anne Laurie, now engaged in carrying out tourists on our harbor.

Methodist Camp Meeting

The Camp Meeting at Berwick, N. S., will be completed this evening, 15th. Rev. George Samuel Gray, of Amherst, Mass., who was the Evangelist last year, will again fill that position. Rev. J. W. Atkins, who is well known in this province, and W. A. Clark, a worker in the men and boys' movement, will assist.

Bible study every morning, led by Rev. O. S. Gray, and Mr. J. W. Atkins. W. V. W. Conference every day, led by Rev. J. W. Atkins.

Prayer Service every day at 2:00 and 7:30 p.m.

Tuesday, August 13th, Temperance Day.

Wednesday afternoon, Young People's Rally.

Thursday, a grand Mission Rally.

The Association has issued a booklet giving full information about the meeting and accommodation. Anyone can have one sent to him by dropping a card to the Secretary of the Association, James E. Hennigan, Canimac, N. S.

Attempted Burglary

Someone endeavored to enter Mr. Webster's dry goods store on Water street Wednesday night. A person was removed from the lock casing and the plate glass in the front door was broken, but it was quite evident that the job looked like an amateur one and it is thought to have been committed by some local people rather than professional burglars. The Chief Police will keep a sharp lookout. No arrests have yet been made.

Dominion Day in Digby

Dominion Day was generally observed as a holiday in Digby. The principal places of business were closed. The weather was delightful. Yachting, automobile and picnic parties appeared to be very popular. Several from Digby attended the horse races at Middleton. Many spent the day out of town. There was no regular celebration as all efforts are being united to make Regatta Day, Aug. 17th, the event of the season.

Guides' Sports at Shelburne

THE ANNUAL MEETING OF DOMINION DAY A BIG SUCCESS.

The annual meet and competitions of the Licensed Guides of N. B. was held at Shelburne, on July 1st and 2nd and attracted a large crowd of people from as far east as Halifax and west as Yarmouth. One hundred guides were present and competed for the valuable prizes offered. The best of good fellowship prevailed throughout the meet and everybody went home feeling well satisfied with the sports. Only one guide from Digby Co. was present, Sheriff Smith, of Digby, who won 4th in the salmon casting event, 1st in the Trap shooting event and tied for 2nd in the Rifle shoot with a score of 31 out of possible 35 with J. McKay, of Shelburne. This shoot off was very exciting, McKay winning with 35 and Sheriff Smith with 34. Both guides were well known to Digby's four pulpines and an inner. Many visitors came to the meet in automobiles while the Halifax and South Western R. R. ran excursion trains to points east and west. The meet will be held in Digby next summer and an effort is being made to have the New Brunswick guides cross the Bay and compete with our men. Such a competition would doubtless attract a large number of visitors from all over N. B. and N. S. as well as the Guides who will compete for the very rich prize list which will be offered for competition. The membership of Guides for this province has now reached over 1,000 licensed men. We append the following prize list and names of the winners:

Rifle Shooting, 140 yards, 1st prize \$10 and banner, Thos. Davis, Clyde, score, 32; 2nd, J. McKay, Shelburne, barrel four, score 31; 3rd, Sheriff Smith, Digby, 30; score 31.

Trap Shooting, 1st, camera, value \$10, Sheriff Smith, Digby, 8 out of 10 birds; 2nd, barrel four, Gray, Yarmouth; 3rd, Thermo bottle, L. C. Gardner, Yarmouth.

Double Canoe Race, 1st, \$10 and shield, James McLeod and Jos. Goddard, North Brookfield, Queens Co., 2nd, \$5, B. Waldron and E. Gray, Kennebec, 3rd, \$2, D. Martin and L. D. Mitchell, Yarmouth.

Trout Fly Casting Distance, 1st, \$5, L. D. Mitchell, 97 feet, which is within eight feet of the world's record; 2nd, Red, B. Waldron, 80 feet; 3rd, silk line, D. Martin, 75 feet.

Trout Fly casting accuracy, 1st, \$5, L. D. Mitchell, 9 out of 15 points; 2nd, fly, B. Waldron, 8 out of 15 points; 3rd, silk line, D. Martin, 4 out of 15 points.

Salmon Fly casting distance, 1st, \$5, L. D. Mitchell, 96 feet; 2nd, salmon line, B. Waldron, 88 feet.

Log building, 1st, \$5, James Bower, 2nd, \$2, John Francis, Milton, 3rd, \$1, John Francis, Milton.

Canoe towing, prize divided between James Bower and John Francis, who fought to a draw.

In the evening at 7:30 the annual business meeting of the Association was held at the Exhibition Building. It was short as there was only routine business to be transacted. Clarence Barrall, of Yarmouth, was elected President, Sheriff Smith, of Digby, Vice-President, R. S. Kelly, of Yarmouth, Secretary.

A resolution was adopted condemning the practice of dumping refuse from the mills to the Roseway, Jordan and other streams and rivers in the locality being selected as typical of conditions general throughout the Province. A copy of the resolution was sent to the Minister of Marine and Fisheries. A branch of the Association will be formed shortly in Shelburne County. Digby was selected as the place of meeting for 1913, when the chief matter will be the forming of a Maritime Association.

A public meeting was held immediately on the adjournment of the Guides' Association with W. C. McKay, Mayor of Shelburne, as the Chairman. Speeches were made by F. B. McCurdy, M. P.; Hon. E. H. Armstrong, Commissioner of Public Works and Mines; Dr. W. B. Moore, Kentville, President of the People's Fish and Game Protective Association; J. A. Knight, Chief Game Commissioner; and Hon. H. W. Lander and A. R. Douglass of New York. The latter having accompanied Theodore Roosevelt on his hunting trip to Africa, was able to give his experiences in that country.

The chief address was made by Hon. E. H. Armstrong. It was a strong appeal to the intelligence and good sense of the Association and public to cooperate for the conservation of the game of the Province, a most valuable asset, the property of the whole people. His address made a strong impression. A strong resolution was adopted urging the Government to promote the destruction of bears and other natural enemies of game by means of bounties.

Two guides competed in a moose calling contest, the first prize being won by James McLeod, of Brookfield, with D. Martin, of Yarmouth, 2nd, and J. McKay, of Shelburne, 3rd. Over 100 members of the Guides' Association were in attendance. The meeting was adjourned at 11 p.m.

A Firm That is Certainly Drawing Attention and a Place With the Mail Order Houses

The business house of A. M. King & Son, Annapolis Royal, has received considerable favorable comment on their progress in undertaking a local Mail Order Clothing Business in competition with the Upper Canadian Houses and a great deal of the praise to their efforts is coming direct from Mail Order Centres. The latest to come to our notice is from Men's Wear, a monthly publication. The Clothing trade issued Toronto.

This up-to-date journal gives one and a half columns to a very favorable criticism of King & Son, considering the high standing that Men's Wear holds in journalistic work. Digby and Annapolis counties are beginning to realize that A. M. King & Son can fit their men and boys, and we think it will only be a question of time when less money will be sent abroad for articles that can be supplied just as well near at home.

Plenty of Moose

The good results arising from the enforcement of the game laws are proved by the great increase in the last two or three years in the number of moose and being entirely exterminated. We frequently hear of their visiting some of the outlying farms and occasionally they come nearer the more thickly settled districts.

Last week a full grown moose leisurely crossed the road at North Hango about seven o'clock, yards above Levee and crossed the road above Levee and crossed the road above Levee and crossed the road above Levee.

Building Lots For Sale

Every Resident of Digby Should Own His Own Home

Many who would like to have a better home have been unable to secure suitable building lots. For the first time, good building lots are offered for sale in Digby at prices, and upon terms, to suit the purchaser of small means.

Location and Advantages

These lots, part of the estate of the late Mr. Shriver, are situated on Warwick street, within seven minutes' walk of the post office and railway station, and enjoy town water supply, street lighting and fire protection, and for residential purposes possess both convenience and attractions which few other available locations afford.

Terms and Conditions

Lots will be sold singly, or otherwise, to suit the requirements of purchasers, and either for cash or upon the installment plan.

If you want to build now, you need land; if you expect to build later, secure a lot while it can be had; if you have not yet decided what to do, it will pay you to invest in a lot while they are selling at low prices.

The sale will begin Monday, July 8th, when all lots can be seen and information obtained at the office of
CLARENCE JAMISON,
Digby, July 4, 1912.

FOR ALL SUMMER SORES.

CORRESPONDENCE.

To the Editor of the Courier:

Sir, The death of "Imagination," lack of knowledge, and absolute want of taste of our people almost all over the Province is lamentably exhibited in the names given to places. It seemed a relief to a sort of barbarism when the poetical and unique name of Sumner was changed into the hackneyed one of Springfield in the lower end of the County, a change which the post office inspector of that day was very reluctant to recognize. For a short time there were actually two Centrevilles in the County of Digby alone, the present one, and one south of Weymouth, now called more sensibly Havelock. There are no less than three Centrevilles now in the post office directory of Nova Scotia, and not one of them is the centre of any but a purely imaginary circle. Two of them ought to be obliterated, and a decent name that means something, substituted. Other places of the name have no post offices, the residents in which suffer the inconvenience of having their mail sent to different and distant points. Besides in the directory we find the changes rung on the word "centre" in every combination, from Centreville throughout, and yet there are pleasing and fine sounding historic names of early explorers and colonizers of this ancient section of the Dominion, which our American friends if they had them would long ago have honored by giving them to appropriate places in graceful remembrance. We have Levesque, the Paris lawyer and poet, who spent winters at Port Royal, and was the first historian of the country. He tells us of Aubry, the first Christian minister who ever set foot on our shores. He was of a gentle family in Paris and came over in 1604 with DeMonts, with a noble zeal to convert the savages. Long ashore with a party on the lower end of Port Royal, he got separated from them and lost in the woods, and after a thorough and unsuccessful search the vessel sailed away, not without suspicion that he had met with foul play from a French Protestant with whom he had frequent discussions, which must have been very distressing to DeMonts, who was a Protestant himself. The vessel then sailed up the bay to Minas, thence to St. John River, down to the St. Croix and back to the Petite Passage, where he was seen on the shore waving his white handkerchief on a stick, to attract attention, and nearly famished after 17 days subsistence on roots and berries. What prettier or more appropriate name than Aubryville for East Ferry, or particularly for Little River, of which there are no less than four in the post office directory of Nova Scotia, besides Little River Harbor. The people of that village should be proud to adopt that name, and the post office inspector should have absolute authority to order the change. Aubryville, for Little River and Lower Aubryville for East Ferry would mark the places where the worthy priest got lost and where he was found.

DeMonts himself explored and described Trout Cove, which ought to be named for him of Levescot, and another name of a distinguished helper of the infant colony on the shores of the Bay of Fundy was Dupont, commonly called Pont Grant. All these noted early historic names are easy to spell and sound practically the same as a Frenchman's or an Englishman's tongue, and if our English friends are too stupid to see their appropriateness our French Canadian friends should be proud to apply them to some of the new post offices which are growing up in their territory. Dubert, being especially to Smith's Cove at the mouth of Bear River, but Levescot, DeMonts or Dupont should replace Centreville.

"The Gay Musician"

One of the biggest musical attractions to appear this season will be M. J. Kavanagh's presentation of Julian Edwards' famous musical comedy "The Gay Musician," which will be the attraction at the Bijou Theatre Saturday, July 6th. "The Gay Musician" has been presented in the leading cities of the country at the principal theatres and everywhere it met with lavish praise from press and public. The charm of "The Gay Musician" is that it is of a neat and most refined order, and vulgarly finds no place in its presentation. In New York, Boston, Philadelphia, St. Louis, and other large cities "The Gay Musician" proved to be the musical hit of the season. The cast gathered together for this season's tour is a

notable one in many respects, and includes names of singers, who are prominent in New York. Special attention has been paid to the selection of the show girls, chorus singers and dancers, and the best in the theatrical line have been secured. Among the principals will be mentioned Gertrude Taylor, Lottie Krendig, Maude Miller, Katie Klingel, Harry Short, Harold Ishill, Hayden Clifford, Roy Torrey, and others as equally well known. A feature of the production is the powerful singing chorus, more than 20 voices having been tried before the final selections were made. The chorus has been termed the best singing chorus in Comic Opera in America. Julian Edwards has filled "The Gay Musician" with bright and tuneful lyrics of a class higher than those usual in the musical production of the day. Massive scenic environment, lavish costuming and effects will mark the presentation of "The Gay Musician," and there is every indication that it will be one of the biggest successes in this town for many seasons.

Seats for this engagement are now on sale at Holdsworth's Drug Store.

Cambridge Wedding
We copy the following from the Cambridge, Mass., Daily Standard of June 14:

One of the prettiest weddings of this season, that of Miss Lillian Maud, the daughter of Mr. and Mrs. Samuel Holt of Fayette street and Frederick H. Taylor of Somerville, took place at five o'clock last evening. Rev. Perry Bush of Chelsea officiating.

The bride is very prominent in musical circles, having completed her training at the Faelton School of Music.

She was attired in a gown of white crepe meteor, trimmed with duchesse lace and a veil caught up with orange blossoms. She carried a bridal bouquet of lilies of the valley.

Miss Holt was given away by her father and was attended by Miss Grace Gordon of Cambridge as bride's maid and the Misses Muriel McLaughlin and Marion Keith as flower girls. Miss Gordon wore a very pretty gown of pink crepe meteor and blue ribbon.

Mr. Taylor is of the firm of Leopold Moss and is a prominent member of the Newtown club. His attendant was Val Hanson of Somerville.

A very pleasing coincidence that increased the joy and happiness of the event was that yesterday marked the 25th anniversary of the marriage of the bride's parents, and because of this double occasion the ceremony was performed beneath an arch of orange blossoms upon which were affixed the date 1887 and 1912.

Mr. Holt, the father of the bride, has been connected with the Boston Globe for over a score of years.

There were five guests present, including many society prominent in Cambridge, Somerville and Jamaica Plain. The ushers were Justin Holt, brother of the bride, Joseph Kelley of Jamaica Plain, Albert Trumble of Brockton, Roy Jackson Arther Wilkins and Harry Brown of Somerville.

The happy couple were the recipients of many beautiful and substantial gifts. After an extended trip in the South the young couple will make their home in Dorchester.

PARALYSIS COMPLETELY CURED

"Fruit-a-tives" Performs Another Miracle

BRISTOL, N. B., JULY 25th, 1911
"I had a stroke of Paralysis in March 1910, and this left me unable to walk or help myself, and the Constipation of the bowels was terrible."

Nothing did me any good and I was wretched in every way.

I then took "Fruit-a-tives" for the Constipation and it not only cured me of this terrible trouble, but gradually this fruit medicine toned up the nerves and actually cured the Paralysis.

By the use of "Fruit-a-tives," I grew stronger and stronger until all the Paralysis and weakness left me.

I am now well again and attend my store every day. I say "Thank God for Fruit-a-tives"

ALVA PHILLIPS.

"Fruit-a-tives" not only cured the terrible Constipation, but so toned up the nervous system and the general health as to completely overcome the Paralysis.

Truly "Fruit-a-tives" is a wonderful medicine.

SAVING LIVES

The Life Saving Business is not confined to the medical profession. The pharmacist, too, is a Life Saver in a modest way—that is, if he is a good pharmacist. He is the doctor's right hand man, his chief ally in the great work of making people well and keeping them so. He helps the doctor to get results and acts as a check upon errors in prescription writing.

Your doctor's best efforts would avail nothing, if his prescriptions are not accurately filled by a competent pharmacist. Can you afford to be thoughtless about your druggist? Ask your doctor.

In this drug store the prescription comes first—everything else after.

The bride and groom entered the parlor, while the wedding march was being played by Mrs. Josie Wymon, niece of the groom. The ceremony was performed by Rev. F. H. Eaton, pastor of the Baptist church, assisted by Brother DeWolf, a student, who is visiting at Freeport. The bride was beautifully gowned in pearl grey silk. After congratulations had been offered refreshments, consisting of cake and fruit, were served in the dining room. Mr. and Mrs. Outhouse left Monday morning, July 1st, by auto, for a honeymoon trip up the Annapolis Valley. Mrs. Outhouse will be at home to her friends July 10th and 11th.

Belliveau's Cove.

The basket social in aid of St. Bernard's Church was a grand success, \$125.00 net being realized.

Several young men from our village have returned home to spend their vacation with their parents, after a year's study at St. Ann's College, Church Point. Congratulations to Messrs. Gilbert and Ulysses Belliveau to whom St. Ann's has granted commercial diplomas.

The sch. Basile, while doing some temporary repairs, parted her lines during a severe blow during the night two weeks ago. Her owners have not yet been able to haul her off from the position she was driven to on the beach altho not being exposed to any serious damage. Her owners are meeting with quite a delay as probably she cannot be got off for some time yet.

Dreaded Exposure.

There was a little kid in Collinwood whose ambition was to be known as a sport. He was only 12 years old, and yet he had placed his ideal before him. One day he smoked a cigarette, and it made him feel awfully sick.

"Mamma, I feel that I am going to die,"

"Oh, no, dearie boy. You aren't going to die. You feel bad now, but pretty soon you are going to forget it and "

"Mamma, I know I'm going to die. I have but one request to make. Don't tell the kid it was a cigarette that killed me. Tell 'em I told 'em that I drank myself to death."

Tornado Hit Regina.

MANY PEOPLE KILLED AND PROPERTY LOSS WILL REACH \$80,000,000.

Fifty people are known to have been killed and \$80,000,000 damage done by a tornado which struck Regina, Sask., Sunday afternoon.
At 10 o'clock in the evening it was believed that the loss of life would reach 200.
Several business blocks and residences were wrecked.
Wires are down and details were slow in coming.
The storm struck Regina at 4:50 p.m., coming from the south. Many frame buildings were destroyed.
The government telephone building was blown down and relief gangs took out the load.
The city power plant is out of commission and the city is in darkness.
Two fires started, but the brigade got a stream working and appeared to have the situation under control.
Every vehicle in the city was being used as an ambulance.
Two hundred private residences were carried down in the blast. Substantial brick buildings also went, including the Canadian Pacific Railway's round house.
Another report says that the loss of life exceeds 25.
The Canadian Pacific Railway round house with thirty locomotives was overturned and badly wrecked.

A FEW FACTS ABOUT REGINA.
Regina, the capital of Saskatchewan, is a rich and prosperous city of about 20,000 people. It is made tremendous in size during the last few years. The new provincial parliament buildings have just been completed, at a very great expenditure, and have been regarded as among the finest in Canada.

Regina, which is the centre of a very rich wheat-farming district, is built on a flat plain, and there would be nothing to break the force of the wind. Many of the older structures were built of wood and were not very substantial, and all these, doubtless, went down before the wind, in addition to many of the more modern structures, which, though more substantially built, were much higher.

Regina has little water near it except a small creek which has been used to make an artificial lake near the parliament buildings. By the census of 1911 Regina had 31,290 inhabitants. As tornadoes have been unknown in the west it is feared none of the damage to property would be covered by any form of insurance.

STENT ITS FURY ON REGINA.
OTTAWA, July 3. Hon. George Perley, who is acting premier in Mr. Borden's absence, has been in frequent communication with members of the Saskatchewan government with regard to the cyclone disaster. Mr. Perley received from Commissioner Perley, of the R. N. W. M. P., a telegram to the effect that the ravages of the storm have evidently been confined to the city, no report of damage elsewhere having been received.

Color of The Sea.
WHY FLAVORS FROM EMERALD GREEN TO VIOLET, YELLOW AND BULL RED.

The blueness of sea water is in constant ratio to its saltness. In the tropics the tremendous evaporation induced by the blazing sun causes the water to be much saltier than it is in higher latitudes. For about thirty degrees north and south of the equator the water is of an exquisite azure. Beyond these latitudes the blue changes to green and in the Arctic and Antarctic oceans the greens are almost as vivid as the tropical blues.

The extraordinary blueness of the Mediterranean has two causes. Few large rivers of fresh water run into the sea, and moreover, the Mediterranean is virtually landlocked, and exposed to a powerful sun, so that evaporation is rapid. By actual test the waters of the Mediterranean are heavier and saltier than those of the Atlantic.

But blue and green are not the only colors observed in the sea. In January, 1909, a river of yellow water three miles wide was observed running parallel with the Gulf Stream. It stretched from Cape Florida to Cape Hatteras, and its color was undoubtedly due to some tremendous submarine upheaval, probably volcanic.

Again, nine years ago, the sea turned almost black off a large part of the California coast.

The whole of Santa Cruz Bay assumed this extraordinary inky hue, and fishing came abruptly to an end. The darkness seemed to have been caused by millions of the tiny animalcules known as whale food. The dull red-dish tint that has given the Red Sea its name has a similar cause. The water becomes full of microscopic algae in weeks.

The Yellow Sea of China is usually supposed to owe its color to the flood of muddy water that its great river pour into it. But there again living organisms are responsible for the peculiar tint.

Occasionally, for some cause yet undiscovered, great areas of the ocean turn milk white. In March, 1901, a Japanese merchant vessel, steaming at night between Hongkong and Yokohama, ran into a snow white sea. It was not an opaque phosphorescent surface, but an opaque pure snow white that dazzled the eyes. The phenomenon lasted for six hours.

Snow and Hail at Moncton on Sunday.
MONCTON, July 1. A severe hail storm passed over Hillsboro on Sunday. Chatterville, a few miles east of Moncton, was also in the path of the hail which left the ground covered, making sleighing almost possible.

In Moncton, a few flakes of snow were visible and a hail storm was reported a slight flurry of snow. A month or so over this section was decidedly wetty Saturday night and Sunday.

Incident in Digby July 1st.

A gentleman from St. John, guest at the Pines, started on a trip to the lighthouse with two lady friends. In the course of the trip the gentleman's coat dropped out of the carriage and was picked up by a gardener and hung up in the hot house. The gentleman shortly returned and asking found that the gardener had picked up the coat. The owner tipped him a quarter for the return of the coat. Later in the day the gardener unknowingly told the incident in the company of the owner of the coat, stating that it contained a roll of bills, valuable papers, etc.

The Best Place For It.
She glided into the office and approached the publisher's desk.
"I have a poem," she began.
"Well," queried the publisher, with a look intended to annihilate.
"I have written a poem," she calmly repeated, "on My Father's Barn, and "

"O," interrupted the publisher, "you don't know how I am relieved! A poem written on your father's barn! I was afraid it was written on paper and that you wanted me to publish it. If I ever happen to drive by your father's barn I'll stop and read it."

Too Bad.
"He is your tailor, isn't he?"
"Never again after the way he insulted me."

"Asked you to pay your bill?"
"Worse than that. Made me pay it."

Why Women Are Not RICH.

Man is a millionaire many times over in the possession of blood cells. Woman is not quite so rich, for scientists have proven that the normal man has five million—the woman only four and a half million to a cubic millimetre of blood.

A decrease in number of red blood corpuscles and a person "looks pale"—in fact, is anemic, the blood does not get the right food and probably the stomach is disordered.

Dr. R. V. Pierce found years ago that a glyceric extract of golden seal and Oregon grape roots, queen's root and bloodroot with black cherrybark, would help increase the food in the stomach, correct liver ills and in Nature's own way increase the red blood corpuscles. This medicine he called Dr. Pierce's Golden Medical Discovery. By assimilating the food eaten the system is nourished and the blood takes on a rich red color. Nervousness is only "the cry of the starved nerves for food," and when the nerves are fed on rich red blood the person loses those irritable feelings, sleeps well at night and is refreshed in the morning.

"I was attacked with a severe nervous disease, which was caused by a disordered stomach and liver," writes Mr. J. D. Levely, of Washington, D.C., Route 2, Box 30. "All my friends thought I would die and the best physicians gave me up. I was advised to try Dr. Pierce's Golden Medical Discovery, and indeed much benefit from same. My case had run so long, it had become so chronic that nothing would effect a permanent cure, but Dr. Pierce's medicine has done much for me and I highly recommend it. I heartily advise its use as a spring tonic, and further advice will be sent to take Dr. Pierce's medicine for your diseases have run so long that there is no chance to be cured."

The Isle of Pines.

A most interesting visitor at the Courier office last week was Mr. W. H. Curran, of the Isle of Pines Plantation Company, who has just returned from this wonderful island of the near West Indies. Mr. Curran was here in the interests of his company, which will in future be represented by Mr. F. W. Nichols. The idea of the company is to sell and develop land on this fertile island, which is forty miles south of Western Cuba.

It is rather interesting to note that Robert Louis Stevenson's classic novel, "Treasure Island," is really founded on the early history of this island. For centuries the Isle of Pines was the haunt of pirate and buccaner. For decades it has been the health resort of Cuba. Although it is south of Cuba its climate is much cooler and more equable. Its famous springs and water supply and the balmy air from the pine trees make it one of the health spots of the world. It is claimed that more wonderful cures have been consummated there than at Carlsbad in Germany. Since the Spanish American war the Island has been settled by English, Americans and Canadians and a great change has taken place. Grape fruit groves are springing into life all over the Isle and many an American has become independent with the investment of a couple of thousand dollars only. One gentleman, a Mr. Young, cleared \$1,800 off two acres; another, a Mr. Mason, \$25,000 off seventeen acres, and so on. There are seventy-seven motor cars and the finest roads in the world there, and what is most remarkable, no venomous reptiles or snakes and no wild animals. In fact, from Mr. Curran's description we could conceive of no greater paradise in this world.

Three Shoe Factories Will Move From Lynn.

Boston, June 4.—Three large shoe factories, doing a combined business of more than \$1,000,000 a year, will remove from Lynn, and at least ten others are contemplating a change of site. The reason given is the high cost of labor. This will be the severest industrial blow that ever hit Lynn. Most of the employees are expected to follow the factories to their new locations.

The first firm to move will be the Thomson Crocker Company. The concern has large factories on Western avenue, employs about 1,200 hands and does a business of \$1,000,000 a year. The firm will occupy a new factory in Roxbury, which it has just built. Officials say it costs six cents a pair more to make shoes now than it did two years ago, and that there is no profit in making shoes in Lynn.

Another firm to go is that of A. H. Creighton & Co. That company will remove to Dover, N. H., where it has leased a factory. The Randall-Adams Co. also is looking for a new location. The officials of the United Shoe Workers of America claim the price of labor is no higher than it ever was, and that the fault lies with the high cost of material.

To Sleep, Eat an Apple.

EXCELLENT BRAIN FOOD AND MOUTH DISINFECTANT, AS WELL.

People ought to know that the very best thing they can do to eat apples just before retiring for the night, says *Family Doctor*. Persons uninitiated in the mysteries of the fruit are liable to throw up their hands in horror at the visions of dyspepsia which such a suggestion may summon up, but no harm can come even to a delicate system by the eating of ripe and juicy apples before going to bed.

The apple proceeds this authority, is excellent brain food because it has more phosphoric acid in easily digested shape than any other fruits. It excites the action of the liver, promotes sound and healthy sleep and thoroughly disinfects the mouth. This is not all, the apple prevents indigestion and throat diseases.

How to Keep Afloat.

Here is something in reference to keeping afloat when overboard which it will be well for every reader to carefully remember. First you want to bear in mind that it's impossible to sink if one keeps his arms under water and moves his legs up and down as if he were going up stairs. One may keep this motion up for hours before fatigue ends it. If one could only think of this there would be comparatively few casualties. Except when cramp renders motion impossible, the person who gets an involuntary ducking, has small chance of drowning. They can generally keep afloat until rescuers come. The people who drown are those who frantically wave their arms out of water and lose their possession.

And No True Too

Father was walking to Sunday school with little Johnny, and endeavoring to improve the time by teaching Johnny his Golden Text, the words of which were: "Whatsoever a man soweth, that shall he also reap." Johnny repeated it after his father several times and seemed to have mastered the correct wording.

As they drew near the Sunday school the father gave Johnny his last rehearsal. "Now, son," he said, "let's have the Golden Text once more without any help from me."

"This is what he got from Johnny: 'Whatsoever a man sows always ripe.'"

OLIVEINE EMULSION

THE GREAT HEALTH RESTORER

Messrs. Fraser, Thornton & Co., Limited, Cookshire, Que.

DEAR SIR,

I have been a sufferer of lung trouble for many years and have tried all kinds of doctor's medicine, but found no relief. The end of your "OLIVEINE EMULSION" and after taking the first bottle felt much better. I am now taking the third bottle and am much improved. I cannot recommend the "EMULSION" too highly to my friends.

Yours truly,
(Signed) MRS. FRANK AMIRO,
Hampton, Digby Co., N. S.

Messrs. Fraser, Thornton & Co., Limited, Cookshire, Que.

GENTLEMEN,

I was troubled with a sore chest and severe pains in the regions of my heart. I began taking your "OLIVEINE EMULSION" and it gave me almost immediate relief, and as a result of taking it, I am feeling quite well now.

Yours respectfully,
(Signed) MYRTLE I. HOVEY,
Ludlow, N. B.

DEAR SIR,

I was suffering from a cough, cold, and did not know what to take to cure me. I decided to try a bottle of your "OLIVEINE EMULSION" and before I had used two bottles I was cured. I would not like to see my store without this very saleable medicine.

Sincerely yours,
(Signed) J. CHAS. BOUTDREAU,
Havre Aubert, M. I.

Messrs. Fraser, Thornton & Co., Limited, Cookshire, Que.

GENTLEMEN,

I had a severe attack of La Grippe this Spring which left me in a weak run down condition. I had no appetite and hardly strength enough to walk. I purchased a bottle of your "OLIVEINE EMULSION" and I had only taken it a few days when I felt quite well again, in fact when I had taken only the third dose I noticed a change.

(Signed) MRS. WALTER WRIGHT,
Muniac, S. B.

Messrs. Fraser, Thornton & Co., Limited, Cookshire, Que.

DEAR SIR,

I would like to say that I think the "OLIVEINE EMULSION" is splendid. My little daughter had a hard dry cough and had no appetite whatever. Before she had taken the "OLIVEINE EMULSION" a week the cough was decidedly looser and her appetite had greatly improved. I followed the directions, and implicitly and honestly believe "OLIVEINE EMULSION" is all it is recommended.

Sincerely yours,
(Signed) MRS. HERBERT MINGO,

AUTOMOBILES AND PUBLIC SAFETY.

The automobile has revolutionized the systems of conveyance on the public roads. It is a great convenience, for those who occupy seats in it, and when all its parts are working in harmony, it is a "get there" mode of conveyance.

As a rule those driving cars in and about Digby respect the rights of other persons using the roads, and exercise discretion in the matter of speed, when rounding corners, or passing cross streets. But in certain instances, of late, there has been altogether too much speeding through the streets of the town. Up to the present we do not know of any accident which has resulted, but it is only a matter of time before a joy rider, if they are permitted to continue their present practice, picks up some unoffending citizen, whose only fault will be that he has ventured to exercise his right to the use of a portion of the highway. Then the court, or perhaps the coroner, will be called upon, and "speeding" will be suppressed for a time at least.

Meanwhile, before any casualty occurs, we would draw the attention of the civic authorities to this danger, in the hope that some means may be found of doing early and from foresight, that which will probably have to be done from necessity, at last, and suppressing the joy rider whenever he displays his tendencies to the discomfort or danger of the citizens of Digby.

Death of Mr. Joseph Spears.

ONE OF BEAR RIVER'S WELL KNOWN CITIZENS PASSES AWAY.

On June 7th we reported the death of Mr. Joseph Spears, and on Wednesday, the 10th inst. at one o'clock her husband passed away, after a week's illness, aged 71 years. The deceased was a Deacon of the Advent church and also treasurer. He was one of Bear River's best known citizens and his death will be keenly felt by a large circle of relatives and friends, and members of the church of which he was an enthusiastic member. He leaves two sons and two daughters: E. M. Spears, of Everett, Mass.; Mrs. Edward Benson, of Somerville, Mass.; Miss Hattie Spears, now at home and Judson F., of Bear River.

Mr. Spears was born at Brookfield, Queens county, and is survived by one sister, Mrs. Zenas Martin, of South Brookfield.

The funeral takes place this afternoon at two o'clock, the director being Mr. J. F. Rice, of Digby. The services will be conducted by Elder Gilbert Ruggles, assisted by Rev. G. W. Schurman, pastor of the Bear River Baptist church. The Courier extends its deepest sympathy to the bereaved ones.

Death of Capt. George Welch.

The death occurred at Westport on Thursday, July 4th, of Capt. George F. Welch, after an illness of about two months of terrible suffering. Beside a grief-stricken wife he leaves to mourn their loss one son Oliver, of New Haven, Conn., and five daughters, Mrs. D. F. Young, of Digby; Mrs. M. G. Tarbell, Bay View; Mrs. Leonard Benson, Hay View; Mrs. S. B. Graham, Centerville, Digby Neck, and Miss George at home, also fourteen grandchildren and one sister, Mrs. Helen Pack, of Westport. Deceased at the time of his death held the offices of Harbor Master and Port Warden of the port of Westport.

He was highly respected and well liked by young and old and had reached the advanced age of 78 years. Funeral took place Sunday, July 7th, from his late residence and was largely attended. Rev. Mr. McKenzie officiating, taking for his text these words, "I know in whom I have believed and am persuaded that he is able to keep that which I've committed unto him against that day."

A Narrow Escape.

MRS. ELLIS BURNED AT HER HOME MONDAY NIGHT.

About 10:30 Monday night while Mrs. David Ellis, old daughter of Mr. and Mrs. David Ellis, Shore Road, was asleep in her room and alone in the house, a lamp exploded and set fire to the curtain and potteries and otherwise damaging her room. She ran out through the flames, which caught her night clothing, and down stairs meeting her father, who had heard her screams, in the piazza. With great presence of mind he moved the burning clothing, saved his daughter's life, and, with the assistance of the neighbors, put out the fire which had of course considerably damaged the interior of his house. The loss is covered by insurance. Miss Ellis had her feet and limbs burned but is now able to get around again. Her many friends will be pleased to learn that she was not severely hurt. Her mother was in St. John at the time, returning home Tuesday.

The Club's First Cruise.

The first regular cruise of the Western Nova Scotia Yacht Club, has been arranged for Monday, July 22nd. The boats will leave the Digby anchorage at 1:30 p.m., sailing for Annapolis where an hour will be spent on shore, the squadron anchoring near the government wharf at that port.

On the return the fleet will anchor off Goat Island and enjoy luncheon served on shore, returning to Digby about 8 p.m.

Yacht Club members only, will be invited and the boat owners have arranged to take every member belonging to the club, as well as all those who do not have boats of their own will enjoy themselves as well as the owners. Nearly all the boats are expected to tow their tenders and the speed will be so regulated that all will accompany each other very closely, taking their sailing orders from the flag officers.

Died in Calgary

Mr. Ralph Humphrey, aged 35 years, and well known in Digby, died in Calgary last Saturday. His remains will be interred at Hampton, N. B., tomorrow. Mr. H. G. Turnbull left Digby via the early boat this morning to be present at the funeral.

OF A LOCAL NATURE

The Annapolis Clay Works are turning out 25,000 bricks a day.

Rev. F. S. Roy will preach at Calaboden on Sunday afternoon at three o'clock.

There will be service in St. Patrick's (R. C.) church, Digby, next Sunday morning, at 11 o'clock.

The Summer School of Science opened in Yarmouth yesterday and will hold sessions until July 31st.

"The Gay Musician," which was billed to play at Digby last Saturday night, failed to put in an appearance.

If weather permits the Epworth League will conduct service in the Alms House next Sunday afternoon at 3 o'clock.

The Yarmouth County Exhibition takes place this year on Sept. 25th, 26th and 27th and premiums to the extent of \$25,000 will be awarded.

There will be installation of officers in St. George Lodge, Digby, at the regular meeting to-night, at which a full attendance is requested.

Rev. Mr. Bryant, of Berwick, will preach in the Methodist church, Digby, next Sunday morning and evening and at Smith's Cove in the afternoon.

Mr. A. H. Holdsworth, of Calgary, has our thanks for a copy of the *Morning Albertan*, which gives a detailed account of the terrible Regina catastrophe.

A tea meeting will be held at Union hall, Barton, on Tuesday next, July 16th, for the benefit of the hall. This is a worthy object and we trust there will be a large attendance.

Mr. W. A. Chute is moving back the building now occupied by Messrs. W. L. Holdsworth & Co. Capt. John W. Snow, owner of the property, will erect a new business block for the above firm.

In the Baptist church next Sunday morning the subject will be "The Standard of Judging Life," in the evening there will be a sermon especially for young men, "Rejoicing in Youth." There will be special music by a mixed quartette at both services.

The Honorable the Minister of Militia has ordered that the Boys' Cadet Corps Camp be held at Aldershot, from Aug. 10th to the 21st. It is requested that all boys who wish to attend meet at the Academy Hall on Saturday, July 13th, at 10 o'clock a.m., to complete arrangements for transportation, etc.

Weymouth Defeated St. John

(St. John Standard.)

The St. John Cricket Club went down to defeat before the Weymouth Club at the first innings on Tuesday, by a score of 16 to 10. The game, despite the lead of 14 runs, was keen and interesting and was watched by a large crowd of enthusiastic people. The stellar work of the day was done by Jones, of the visiting club, who scored 14 runs before he was caught out by Sallows. For the St. John club, W. R. Hubbard showed up the best, both in the field and at the bat. He scored 14 runs for his team.

The second innings had just been started when the game was called on account of the rain.

The score was as follows:

St. John	Weymouth
Hubbard, bowled by Campbell	11
Smith, bowled by Campbell	1
Corfield, bowled by Campbell	1

During the entire game the Weymouth players proved themselves to be good sportsmen and won much applause for their excellent work.

The Bay Service.

(St. John Globe)

To accommodate their patrons who wish to spend Sunday in Digby without interfering with their business here, the Dominion Atlantic Railway have arranged for their steamer Yarmouth to leave St. John on Saturday at 1:30 p.m. and return on Monday at 8 o'clock a.m. Tickets can be had for the round trip for \$1.75 and steerage for the low rate of \$1.25 to \$1.50, which can be purchased on leaving St. John and held until return on Monday morning. All meals at the rate of 50 cents each. Under these special arrangements, passengers can have excellent accommodation on board steamer voyage Sunday, and with about three hours' voyage either way on Sunday in Digby, will give pleasure seekers one of the most enjoyable trips out of St. John.

Bad Fire at Grand Manan.

The settlement of North Head on Grand Manan Island, was nearly wiped out at 11 o'clock Sunday night, with a loss of forty thousand dollars. Fire started at 10:30 p.m. in one of the smoke houses of the Grand Manan Fish Co. and as there is no fire-fighting apparatus on the whole island, the flames spread rapidly. The Dominion cable, connecting Grand Manan with the outside world via Eastport, has been out of communication for the past three months, and no word of the fire was received until arrival of the mail steamer at 8 o'clock Monday morning. The loss is placed roughly at \$40,000, but will probably be much greater. Among the residences burned was that of Thos. Redmond, valued at \$7,000.

A Hearty Welcome.

A Freeport correspondent writes: Capt. and Mrs. Albert Outthorne returned home from their holiday trip Thursday evening, July 11th. A large number were assembled near their residence and they were given a hearty welcome in the old-time way the church bell ringing, guns firing and a profusion of fancy fireworks. The people of Central Grove greatly regret the departure of Mrs. O. from among them, but their love and belief will be a gain to Freeport.

Miss Helen Carson, of Campbellton, N. B., who had been the guest of Miss Annie Anderson, Digby, returned home Tuesday. She was accompanied to St. John by Miss Anderson, who is the guest of Miss Hazel Lewis, of that city.

Mrs. Walter Rowan, of Ottawa, who has been a guest with a party of friends at the Royal, St. John, left by Prince Rupert to spend the summer as the guest of Mrs. Stearns, of Brookline, Mass., at Cape Forchu, Yarmouth County.

The Annapolis Spectator says: Professor C. H. H. Wright, of Toronto University, and two daughters, together with Mrs. Dixon, of St. John, and Mrs. Peters, of Digby, have been visiting Mayor Hawksworth. Professor Wright is a cousin of His Worship.

Mrs. G. A. Vye is ill at her home on Queen street. An operation was found necessary, which was performed by the following doctors: Dr. Chisholm, of Halifax; Dr. W. F. Read, of Digby; Dr. William Macdonald, of Riverport, Lunenburg Co.; and Dr. T. H. Macdonald, of Meteghan.

Mr. and Mrs. G. W. Ennis and Mr. and Mrs. H. E. Libbey, of Waltham, Mass., are spending a month's vacation with their parents, Mr. and Mrs. E. W. Brooks, at Ashmore, Digby Co., having motored from Yarmouth. They were callers at the Courier office Friday to meet their friend the editor.

Mr. O. F. Oakes, proprietor of the Oakes Knitting mills, West Roxbury, Mass., expects to arrive in Weymouth North today to join Mrs. Oakes at their summer cottage there. Mr. Oakes plans on considerable yachting during the next six weeks and will take part in the races at Digby on Regatta Day.

Mr. W. O. Safford, of Salem, Mass., has arrived in Digby for the summer. Mr. Safford has visited Digby more summers consecutively than any other person among our thousands of tourists who come annually. He is very popular, both among our visitors and residents of the town, all of whom are always pleased to greet him.

Mr. and Mrs. George V. Quigley and son Chester Clyde Quigley, of Brooklyn, N. Y., are among the guests at Hillcrest. Mr. Quigley is a son of the late Wentworth Henry Quigley, for many years Deacon of the Digby Baptist church. This is his first visit to Digby since he left here 45 years ago and a chat with him about Digby and "the boys" of 50 years ago is an interesting one.

Mr. and Mrs. I. S. Houghton, of St. John, passed through Digby Friday en route to Yarmouth. On Tuesday, Mr. Houghton, who is manager of the Mianus Motor Works, St. John, was a passenger from Halifax, returning to St. John Wednesday morning. The Mianus Motor Works is doing a big business and have many gasoline motors installed in Digby county's fishing boats than any other make.

Mr. Everett Currier, formerly of Yarmouth, foreman of the job printing department of the Curtis Publishing Co., Philadelphia, publishers of the *Ladies' Home Journal*, Post and other publications, made the Courier a friendly call Wednesday. Mr. Currier was accompanied to Digby by his father and family in an automobile, returning the same evening, via Port Maitland. Mr. Currier began the printing trade in the Yarmouth Light office, leaving there in 1894, since which time he has received rapid promotion, holding today one of the best printing positions in the United States. We wish him continued success.

Bad I. C. R. Accident.

The locomotive of the Maritime Express, bound to Halifax from Montreal, plunged over a steep embankment at Grand Lake Wednesday afternoon, carrying with it Engineer Jas. Clarke and Fireman Peter McGill, who were killed. An unknown man was also killed and three men were injured. The locomotive is in the lake, with the express car piled on top; the mail cars across the track, broken; the baggage car is badly broken, the locomotive car is injured and the first-class coach is slightly injured. The total loss is about \$50,000.

Big Clocks Of New York.

MECHANISM USED ON METROPOLITAN TO CHIME THE HOUR.

One does not have to go to Europe to find wonderful clocks. New York City is full of them. Everyone who passes Madison square takes a look at one of the most remarkable examples of the clockmaker's genius to be found anywhere. When it was installed, clockmakers said it was something of an epoch in the history of great public timepieces. At that time in 1900, there were only three dial faces of larger dimensions in the world. They were the clock of St. Bonmart, at Milan, Belgium, with a dial of 31 feet; St. Peter's Zurich, and the big clock on the Colgate factory in Jersey city. The Metropolitan Tower clock runs entirely by electricity and its makers have refused to reveal some of the intricate devices used in its construction. The Metropolitan Tower stands 700 feet 3 inches above the street level and the great clock is about midway. Its four dial faces, pointing due east, west, north and south, are each 20 feet 6 inches in diameter.

The figures marking the hours on the dials of the Metropolitan clock are four feet high. The minute hand is 17 feet long and 12 feet from center to point. The hour hand is 13 feet 4 inches long. It weighs 1000 pounds. Within the tower there is a small chamber just behind the dial faces, and it is only 14 by 25 by 21 inches. In this little chamber is a mechanism which operates the great hands.

The four bells of the clock stand 265 feet above the dials in the base of the observatory and are still nearly 100 feet below the gilded cope lantern at the top. This lantern flashes the hours at night.

At a predetermined varying with time of the year, the light might be advanced, the bells are silent until daylight. During the night signals flash from the lantern. The quarter hours are flashed from each of four faces of the lantern by a single red light, the halves by two red flashes, three quarters by three flashes. At the full hour the white lights go out and the lantern tells the time in white flashes.

The bells that ring the old Westminster chimes over New Broadway have four tones, G, F, E flat and B flat. The B bell weighs 7000 pounds. The entire system master clock that guides this enormous timepiece is an elaborately carved mahogany case only a little larger than a grandfather's clock and stands on the second floor.

This master clock operates not only the big clock, but 100 smaller clocks in the building. Its adjustment is so accurate that a variation of five seconds a month is all that is expected.

Sleeping Customs.

HOW DIFFERENT NATIONALITIES REST AT NIGHT.

The American or the European in order to get a good night's rest ordinarily requires soft pillow under his head, but the Japanese stretching himself on a rug on the floor puts a hard square block of wood under his head and does not sleep, well it does not have it, says the *New York Sun*.

In China they make a great deal to do with reference to their beds. These are very low, scarcely rising from the floor, but are often carved exquisitely of wood. Like the Japanese the Chinese make his bed very soft after the possible by the use of rush mats.

It is a curious fact with reference to the sleeping habits of the various peoples that while those in northern countries do not appear to be able to sleep well unless they have lots of room in which to stretch their legs, the inhabitants of the tropics often coil themselves up like monkeys at the lower angle of a suspended hammock and sleep very soundly that way.

The robust American will cover himself with a pair of blankets and throw his window open to the air, even in the dead of winter, and sometimes he will not complain if there is a bit of snow on the window sill in the morning.

But the Russian, on the contrary, likes no sleeping place so well as a bed covered with furs or a pile of straw or felt mattresses. The featherbed has been relegated to the country, and many persons who slept on it in their childhood find it unendurable in their later years.

But the German not only sleeps on a featherbed but underneath one as well. The feather covering used in Germany, however, is not so large or thick as the one used as a mattress, and the foreigner who undertakes to sleep beneath it often finds his feet suffering from cold, while his shoulders are suffering from heat.

Army Aeroplane Crashed to the Ground.

FRENCH LIEUTENANT SUSTAINED SERIOUS INJURIES BUT HE WILL RECOVER.

PARIS, July 6. An army aeroplane accident showing the great danger of machines posing near each other while flying occurred today at Villacoublay near Paris. Lieut. Briz and Barz of the French army started on a flight from the aerodrome in separate monoplane, their destination being Belfort.

Lieut. Briz had attained an altitude of 600 feet when he passed him at a greater speed 100 feet higher in the air, forced a pocket of air downward and caused the machine driven by Lieut. Briz to lose its equilibrium. The monoplane crashed to the ground and Lieut. Briz sustained two broken legs, while his jaw was fractured and his breast also injured. The doctors in attendance, however, say that he will recover.

The flying men landing in his fields damaged the crops, terrified the domestic animals and drove off the game, was the contention of a farmer near Belfort who today sued several flying men. The court awarded \$1000 damages, but declined a petition of the complainant that the airmen should be allowed to fly at a height lower than six hundred feet, and that the motors should be silenced while passing over his land. This, the judge declared to be beyond the jurisdiction of the court.

CORRESPONDENCE.

Letter from East Somerville, Mass. To the Editor of the Courier:

DEAR SIR:—Your correspondent has met many Digby County people in the land of "Uncle Sam" and all seem to be satisfied with the result. The young men have been quite considerate and have not dealt out his hottest kind although there have been several days when you didn't need even eye glasses to keep you warm. After the fourth there is always a scattering for these shores and mountains and no doubt that popular summer resort, Digby, the Bar Harbor of Nova Scotia, will receive its share, as we have heard several say they intended going that way for a few weeks' rest and recreation. Among those we have met from the old home county are Mr. B. A. Rice, Real Estate and Insurance, Cambridge, Mass., who now has several buildings under construction. His brother, Mr. M. O. Rice, having the supervision of a large tenement block for him. Mr. Willard E. Harris is making good in the real estate business he having about all the business he can attend to. We had the pleasure of a visit from our genial friend, Mr. E. S. Benson, on Sunday last, and by the way "Ed" is a most enthusiastic Oddfellow, being a member of St. George Lodge, Digby. Our old friend Benny Harris, who is in the grocery and provision business catering to the wants of the hungry in Malden, is looking hale and hearty. A few days ago we were one of a party who partook of the hospitality of Mr. and Mrs. Henry J. D. Small, of South Boston, being the guests of the evening's sail on his staunch, trim and speedy motor boat "Juliet." Mrs. Small is the daughter of Mrs. Trefry, of the popular "Trefry House," Digby, and is a regular summer visitor there. Among those who left here this week to spend a few weeks at their old homes were Misses Hattie, Louise and Marie Alcorn bound for Bow River and Mrs. W. H. Rice and son Earle Brooks, for Weymouth. Another Digby County boy who is making good is Mr. John C. Harris, who is in the express business in Everett and rumor says that John will add a little "Moore" to his business in the early fall. Hardly a day passes but what we meet some new faces from Digby County, a large number of whom are employed by some one of the several ice companies, while others are in the employ of the Boston elevated, a few of them being strike breakers. We envy you the cool breezes of Digby Basin while we sweeter in the brick ovens of a great city. G. I. B.

Guides' Sports Festival at South Milford.

A most interesting day of sports is promised for Monday, July 16th, at South Milford, by the Annapolis County Guides' Association. To the strains of the Annapolis Brass Band a fine programme of field and water sports will be given, and when it is remembered that the members of this Association have demonstrated their athletic superiority over the guides of other counties, wherever they have met them, it will be seen that the records will be good. Shooting with big rifles at 300 yards, and with small rifles at 200 yards, will take place in the forenoon, while in the afternoon canoe races, single and double, log hauling, tilting (with the pole man standing on the front seat), fly casting for distance and for accuracy, and the inimitable flapjack race will come. This last event is a side-splitter. The guides will run 50 yards to separate heaps of wood, beside which are placed dishes of flapjack flour, salt, etc., and flying past the guide who lights his fire, mixes his dough, fries and tosses his flapjack in the pan, and offers it first to the jury, wins. The jury will consist of ladies, who will solemnly taste the jacks and award the prizes. The jacks will then be eaten on the spot.

No such aggregate of prizes has been offered for such an occasion in Nova Scotia before. Among them are a Warbler and Stevens rifle, presented by these firms, and others from A. M. Bell, H. A. West, A. E. Atlee, Abercrombie and N. Y. Sporting Goods of New York, Meiselsbach Reel, Kingfisher Lines, Chestnut Canoe Co., Barker Hunting Boots Co., Dame Stoddard of Boston, and subscriptions from all the best sporting magazines. There are also sold cash prizes. The ammunition is presented by the Dominion Cartridge Co.

As there is likely to be a crowd, visitors are recommended to order meals at the Milford House well in advance.

Here is a chance for a pleasant and most interesting excursion.

Bubonic Plague Exits in Havana.

THREE PATIENTS DEAD AND ANOTHER IS DYING IN THE HOSPITAL.

HAVANA, July 6. The existence of bubonic plague in Havana has been definitely determined. A special board of physicians has pronounced the case at Las Animas Hospital true bubonic. The patient is Chief Mendez Guerra, a Spaniard, who was employed as an hosier in connection with a sewing machine factory. He was taken ill on July 1st at his lodgings at No. 1, Mercaderes Street, close to the Palace. A marked fever developed. The man was removed to hospital No. 1, where the symptoms were at once believed to indicate bubonic.

The patient was transferred to Las Animas Hospital, where the disease was fully identified. Guerra is said to be dying and three other patients are reported dead at the same hospital with marked symptoms of the plague.

At the present time the question of isolating Havana from the interior is not being considered. The anti killing corps of the Health Department has been largely reinforced. All street cars, omnibuses and ferry boats have been ordered to be washed with disinfecting fluids.

Fire-Cracker Caused Big Fire.

TEN YEAR OLD BOY THREW IT INTO HAY IN WAREHOUSE.

BOSTON, July 6. Because a small boy wanted "to see the engines come" the police allege, damage estimated at \$50,000 was done by fire in the Charlestown district today. The Boston and Maine Railroad warehouse No. 25, filled with hay was destroyed and the wagon and carriage stock of E. Gillet and Sons badly damaged.

The firemen had a hard fight to prevent a conflagration, as the roofs of numerous wooden dwellings in the vicinity caught fire, while other nearby factories were endangered.

John, a ten-year-old boy, was arrested and the police say that on being questioned he confessed that he had started the fire by throwing a lighted fire-cracker into the hay in the warehouse. He was placed under charge of probation officer and will be taken into the Juvenile Court later.

Elks Stampede Portland, Oregon.

PORTLAND, Ore., July 6. Portland is in a great state of excitement for the forty-eighth annual grand lodge meeting and reunion of the Elks, which is to hold forth here during the whole of next week.

Streets are being with purple and white decorations. Downtown streets are gay with flags, streamers and festoons of incandescent lights. The decorations extend to the residential sections and there is scarcely a house that is not displaying a flag or a piece of bunting in honor of the visitors.

A Small Cyclone Strikes Part of Saskatoon.

SASKATOON, Sask., July 7. A miniature cyclone passed over the northern end of this city, accompanied by heavy rain, about one o'clock yesterday morning. A number of gauges and smaller buildings were wrecked, but most of the damage was done in the neighborhood of the Western Canada sawmills, a large portion of the lumber in these yards being whirled up in a vortex to a height of between one and two hundred feet before being thrown to the ground and smashed to kindling wood. No personal injuries were recorded.

Fear Another Uprising in Portugal.

MANY FAMILIES ARE LEAVING ACROSS THE BORDER TO SPAIN.

LISBON, July 6. Renewed reports have been received here of an impending attempt to restore the monarchy in Portugal. From the Northern Provinces of that country many families are fleeing across the border to Spain as they fear uprising. The authorities today seized an auto near Montfort bound for Vigo loaded with 100 rifles and 2000 cartridges destined for the use of the monarchists.

Three Men Drowned While in Bathing.

Quebec, July 5. Three drowning accidents occurred yesterday in the vicinity of Quebec. A young man named Ranson was drowned at Lethbridge wharf.

Daniel McDermott, a sailor on the steamer Crown of Canada, was drowned in the Louis Basin. Albert Gauvin was drowned at Lethbridge.

All three were bathing when they met their deaths.

More Favorable Ground.

When our son was a boy of 4 a family of children moved next to us who were simply incorrigible. Of course their doings were much commented on in our family, and many a time I talked about these dreadful Smith children.

One day I had occasion to correct my little son, talking to him seriously. He listened quietly for a while, then looked up to me, and said with the most engaging air: "Don't let's talk about this, mamma! Let's talk about the Smith children." Exchange.

At a Torpedo For a Caramel.

APPELTON, Wis., July 5. Andrew Hoffman, who ate a "torpedo" fire-cracker yesterday, mistaking it for candy, died today. He had some caramels and torpedoes both wrapped in red and white paper in the same packet, and chewed a torpedo by mistake. His face was literally blown away.

Building Lots For Sale

Every Resident of Digby Should Own His Own Home

Many who would do so, have hitherto been unable to secure suitable building lots. For the first time, good building lots are offered for sale in Digby at prices, and upon terms, to suit the purchaser of small means.

Location and Advantages

These lots, part of the estate of the late Mr. Shaw, are situated on Weymouth street, within easy walking distance of the post office and railway station, and enjoy town water supply, street lighting and fire protection, and for all residential purposes possess both convenience and attractions which few other available locations afford.

Terms and Conditions

Lots will be sold singly, or otherwise, to suit the requirements of purchasers, and either for cash or upon the installment plan.

If you want to build now, you need land; if you expect to build later, secure a lot while it can be had; if you have not yet decided what to do, it will pay you to invest in a lot while they are selling at low prices.

Plan of lots can be seen and information obtained at the office of

SUFFERED AGONY FROM DYSPEPSIA

"Fruit-a-tives" Makes Wonderful Cure

N. C. STIRLING, Esq.

GLENCOR, ONT., Aug. 15th, 1911.

"So much has been said and written about 'Fruit-a-tives' that it might seem unnecessary for me to add my experience. But 'Fruit-a-tives' were so beneficial to me when I suffered with distressing Dyspepsia, that I feel called upon to inform you of the remarkable and satisfactory results I have had from using them.

Dyspepsia and indigestion as everyone knows, can give you more uncomfortable hours and days than most common complaints.

"I am glad to be able to say to you that although in the past I suffered excruciating agony with Dyspepsia, I am now in perfect health.

"Fruit-a-tives" accomplished the desired result and I have to thank them for my very favorable and satisfactory state of health." N. C. STIRLING.

Why don't you try "Fruit-a-tives"? 50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

It will be noticed by a perusal of the above list that the very persons who derive the most benefit from Digby's annual Regatta are the smallest contributors, also that many names are conspicuous by their absence. It will also be noticed that many of the heavier contributors receive no direct benefit whatever, but have the interest of the town at heart and wish to give the town a good advertisement as a tourist attraction and to properly entertain the visitors who are here.

Surely the hotel proprietors, livery men, boatmen, proprietors of ice cream parlors, and many others, directly interested, will add their names to the list this week.

All amounts sent the COMRADE will be acknowledged in our COLUMN and handed the collector or treasurer. The committee requires at least \$50.00 more to make the day a success and we feel sure that this small amount will be subscribed without further soliciting from the committee who have already devoted a lot of time to this work, but have been unable to see everybody.

A Big Advertisement for Digby.

We understand that a moving picture concern will take moving pictures of the Regatta at Digby on August 17th and that the films will be shown throughout the United States and Canada. To those who are interested in Digby's summer tourist business, realize what an advertisement the regatta gives the town? We think not by a glance at the list of contributors.

A Halifax dispatch says The certificate of Captain Hersey, of the steamer melia, has been suspended for three months, as a result of the formal investigation conducted by Capt. W. R. Lugar, C. S. N., into the grounding of the Amelia at Bear's Head, on the seventh of June last. The court held that the Captain had been negligent of his duty and was responsible for the stranding of the vessel, and that had he maintained greater care the accident would not have occurred.

HOW TO PRESERVE YOUTH AND BEAUTY.

One great secret of youth and beauty for the young woman or the mother is the proper understanding of her womanly system and well-being. Every woman, young or old, should know herself and her physical make-up. A good way to arrive at this knowledge is to get a good doctor book, such for instance, as "The People's Common Sense Medical Adviser," by R. V. Pierce, M. D., which can readily be procured by sending thirty-one cents for cloth-bound copy, addressing Dr. Pierce, at Buffalo, N. Y.

The womanly system is a delicate machine which can only be compared to the intricate mechanism of a beautiful watch which will keep in good running order only with good care and the proper oiling at the right time, so that the delicate mechanism may not be worn out. Very many times young women get old or run down before their time through ignorance and the improper handling of this human mechanism. Mental depression, a confused head, backache, headache, or hot flashes and many symptoms of derangement of the womanly system can be avoided by a proper understanding of what to do, in those trying times that come to all women.

MRS. WILLIAMS.

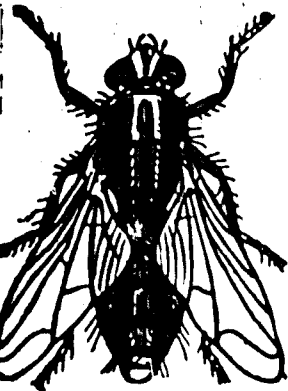

Mrs. G. H. Williams, of Lynnhaven, Va., writes: "It is six years since my health gave way. I had female trouble and all the doctors I employed tried to cure me. I was not able to do my work, had to hire someone all the time. Finally, I read the papers about Dr. Pierce's Favorite Prescription, and decided to try it. I had not taken but one bottle until I found it had done me good. I took, in all, five bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery,' and now I am able to do all my housework, and have gained fourteen pounds. I advise all women who suffer from female trouble to try your 'Favorite Prescription.' It's the only medicine on earth."

B-H "ENGLISH" PAINT

SAID THE HOME OWNER—"I told the contractor I wanted a first class job, and I insisted on his using BRANDRAM-HENDERSON, Limited, 'ENGLISH' Paint. I knew that the perfect formula for color, durability and economy was 75% B. B. White, 15% Lead and 10% Zinc White, and I knew too that I could get this formula only in BRANDRAM-HENDERSON, Limited, 'ENGLISH' Paint. So I paid a fair price and I believe in B-H 'ENGLISH' I got the best paint obtainable in Canada—in fact, the best obtainable anywhere or at any price."

Yesterday.

Here is life's full calendar:
Here are hours of rest,
Here are days and days of toil,
And times for tears and joy;
"None so good as those to come,"
So the wise men say;
But to me the best must be
Ever Yesterday.

Yesterday it never rained,
Yesterday it was fair,
Not a sorrow dimmed the sun,
Not a tear was there,
Underneath the cloudless sky,
In the Always May,
All the earth was glad and young
Only Yesterday.

Now the difference! The hours
All have grown so long;
Half the flowers are withering,
Half the world is growing old;
All my friends are growing old,
I am growing gray,
Waiting till to-morrow's sun
Shine on Yesterday.

Eastern Controls Dominion Atlantic

Formal announcement is made of the passing of control of the Dominion Atlantic Steamship Company to the Eastern Steamship Corporation. It is understood that the parties who controlled the former company received in part for their holdings \$300,000 common stock and \$600,000 bonds of the Eastern Steamship Corporation, which takes over the Dominion Atlantic fleet of three steamers, namely, the Prince George, the Prince Edward and the Boston. This latest acquisition by the Eastern Steamship Corporation has been financed through the creation of a new Canadian steamship company, which is known as the Boston & Yarmouth Steamship Company, Ltd. Articles of incorporation have been filed for this company under the laws of Canada with \$350,000 capital stock, all of which will be held in the Eastern Steamship Corporation's treasury. It is stated that the new Canadian company which will have its head office in Montreal, will issue bonds in part payment for the three steamers of the Dominion Atlantic line. Among the incorporators of the Boston & Yarmouth Steamship Company, Ltd., are representatives of the Eastern Steamship Corporation. The Dominion Atlantic line operates between Boston and Yarmouth. It is regarded as significant that strong friendly relations have been established with Canadian-Pacific interests. The taking over of the Dominion Atlantic line places the Eastern Steamship Corporation practically in complete control of the all water route between New York and Maine points and also between Boston and the Maritime Provinces, as it now owns the Metropolitan Steamship line, the Maine Steamship Company and the Dominion Atlantic. Calvin Austin is president of the Eastern Steamship Corporation. Josiah W. Hayden, treasurer, O. H. Taylor, passenger traffic manager, and O. W. Sterling, freight traffic manager. This corporation was formed under laws of Maine in 1891, as a consolidation of the following companies: Boston & Bangor Steamship Co., International Steamship Co., Kennebec Steamboat Co., Portland Steamship Co., Rockland & Blue Hill Steamboat Co., and Portland & Rockland Steamboat Co. The company owns and operates twenty-one steamers running between Boston and other points in New England and St. John, New Brunswick.—*Montreal Register.*

A Remarkable Happening.

An elderly gentleman of rural appearance had hardly seated himself in the cross-town street car when a young lady who had followed him in, approached him.

"Sir, did you lose a five dollar bill?" she asked.

For a moment the farmer observed her with a surprised, curious look, then said convincingly, "Yes, ma'am, I did."

"Then here it is," said she, handing the bill to him. "I picked it up behind you on the car floor."

"Thank you very much, young lady, for your honesty. This is a remarkable happening."

"Oh, I don't think so, sir! I believe every one should return the money in such a case as this. What is there so remarkable about it?"

"Why, I lost my five dollar bill two years ago!"

Johnnie and the Salad.

Salads, like native strawberries, being ripe at about this season, and more or less welcome on every table, a reader of this column is inspired to contribute the following true story.

Johnnie's ma decided that salad would be about the proper thing for dinner and began to prepare said dish at 1 p. m., that it might be ready at about six. Johnnie watched her intently as she chopped up lettuce, cold potatoes and things. And he was puzzled.

"What are you making, ma?" he asked.

Jimmie's Mistake

Little James, one of the fresh air children from the city, was enjoying his first visit to the country. Having followed the farmer to the barnyard where he was feeding the pigs, James happened to notice the wind mill, which was close by. He looked at it for a time, then said: "Say, that's a fine electric fan you have for your pigs!"

THIRTEEN KILLED

Many More Injured in Suburb of Chicago.

Heavy Engine of Fast Mail Crashes Through Pullmans of Overland Express.

CHICAGO, July 18.—Thirteen persons were killed and fifteen to twenty were injured in a wreck on the Chicago, Burlington & Quincy railway at West.

Chicago, July 18.—Thirteen persons were killed and fifteen to twenty were injured in a wreck on the Chicago, Burlington & Quincy railway at West. The train, a fast mail, ran at full speed into the rear of train No. 2, known as the Overland express from Denver, which was standing still on the track, telescoping two of the Overland Pullman cars.

Railroad officials refused to fix the blame until after the wreck had been investigated thoroughly. Mrs. F. A. Wilcox, who was in charge of the lower block signals, were controlled, and she was certain the block was thrown against both trains.

The dead were: Francis A. Barclay, 29 years old, Billing (Mo.); George Brown, 35 years old, Galesburg (Ill.); John S. G. Bunch, 30 years old, Chicago, negro porter of Pullman car train No. 2; Mrs. G. M. Hart, wife of a physician at Canton, Ohio; Mrs. G. G. Pohlmann, San Francisco; M. E. Stearns, 40 years old, Lacey, Iowa; Miss Helen Kelly, aged 22, Boise, Idaho; two unidentified women, two unidentified men and one unidentified body.

All of the dead except Brown were taken from the rear coach of the Denver train. The engine of No. 2, splintered through the car, halving it, and crushing out the lives of helpless passengers, many of whom still were in their seats. On into the second coach the engine then sped. Halfway through it cut it veered to the left, derailing the sleeper. The engine was entirely stripped when it stopped.

Fire, starting from the gas lights in the sleeper, then broke out. Many victims, pinned down by heavy timbers and iron, pleaded for death. Members of the fire department of Weston Springs and La Grange were on the scene a few minutes after the wreck occurred, and they put out the fire.

Coroner Hoffman ordered all of the bodies embalmed immediately early in the afternoon and impounded a jury to investigate the wreck. In a little room above a business house in La Grange, Mrs. Wilcox had herself from visitors through the greater part of the day. The shades were drawn and she was trying to collect her thoughts. Finally she said: "After thinking the whole affair over I have decided that I was not in any way to blame for the accident. I know that the blocks were set against the train. It was not I that erred."

Three trains instead of two passed the signals in violation of all rules, although it may have been that the engineers did not see the board. First I heard No. 1, a train in no way connected with the wreck, pass. Then in a few minutes No. 2 came by. I began to try to think of something to do to stop the train from running the board. But before I could get my wits together No. 3 had sped by. The crash followed.

Another story of how the wreck occurred was that No. 2, having been locked by a signal, had sent a brakeman to set torpedoes to warn No. 3. No. 3 was coming down grade when the crash came. Persons responsible on the story of the torpedoes said that No. 3 had been given a signal that the track was clear and that the crew had other failed to hear the torpedoes or had believed they had a clear track.

A statement issued by P. S. Eustis, passenger traffic manager of the Chicago, Burlington & Quincy railroad, tonight substantiated Mrs. Wilcox's assertion that she was not to blame, and also corroborated the story that torpedoes were set by the brakeman of No. 2. The statement does not fix the blame for the accident.

Big Wave Swats Bathors

LUSTANIAN SWELL IMPERIES FIVE WOMEN AND A GIRL ONE UNCONSCIOUS.

New York, July 18.—A big wave, the swell from the Lusitania, which passed Norton's Point on her way into the life ropes at the foot of West thirty-sixth street, near Sea Gate, and swept five women and a girl in another of foam toward the beach. When the wave receded it carried them kicking and screaming into deep water.

They were Mrs. Bonnie Wagner, of 110 Avenue J, Brooklyn, and her sister, Mrs. Minnie Kennedy; Mrs. Mary McGinnis, of 10 West Street; eight-year-old Rose; Miss Florence Eaton, of 5 West Broadway and Miss Florence Byrnes.

Capt. James De Cardy and Ralph Hansen, of the volunteer life-saving station, got out a lifeboat and went after the women. Mrs. Wagner was unconscious when they got her to shore.

Grand Rapids Struck by Cyclone

GRAND RAPIDS, Mich., July 18.—Grand Rapids was hit by a cyclone that injured forty or more persons and did thousands of dollars worth of damage. The storm entered the city from the southwest about 1 o'clock.

The first place struck was the city market and the Grand Rapids Central League baseball grounds adjoining. The market was crowded with farmers and their teams, as trading had just begun. As the wind struck the roof of the hall park the grandstand was lifted and hurled to pieces, being scattered all over the market. A panic followed. Homes were killed and a great many persons were hurt.

A MARTYR TO HAY FEVER

"Fruit-a-lives" Cured After 15 Years' Suffering

CORNWALL, ONT., NOVEMBER 27th 1911.

"I was a martyr to Hay Fever for probably fifteen years and I suffered terribly at times. I consulted many physicians and took their treatment, and I tried every remedy I heard of as being good for Hay Fever but nothing helped me.

Then I heard of "Fruit-a-lives" and decided to try them, and I am thankful to say that this remedy cured me completely.

To every sufferer from Hay Fever, I wish to say "Try Fruit-a-lives". This medicine cured me when every other treatment failed, and I believe it is a perfect cure for this dreadful disease—Hay Fever.

Mrs. HENRY KEMP. The real cause of Hay Fever is poisoned blood, due to the faulty action of the bowels, kidneys and skin.

"Fruit-a-lives" cleans the blood by regulating bowels, kidneys and skin, and thus relieves the excessive strain on the nervous system. Try "Fruit-a-lives".

See a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

The Summer School of Science.

THE TWENTY-SIXTH SESSION, HELD IN YARMOUTH, A BIG SUCCESS.

Teachers from all over the Atlantic provinces have gone to Yarmouth to attend the 26th session of the Summer School of Science. They at once gave the town well-merited admiration for its picturesque green lawns, well kept hedges and flower-bordered walks, and are delighted with its cool sea breeze.

Yarmouth warmly welcomed the school. The local secretary even came to Digby on Wednesday to meet and welcome the teachers en route.

At the opening meeting in the evening the Opera House was well filled—some even standing. The school received a welcome from the Mayor, the Chairman of the School Board, and the Superintendent of Schools, Mr. B. B. Law, M. P., and the school was one of Yarmouth's greatest privileges for many years, and that Yarmouth would do all in its power to give the members a good time.

At the opening meeting in the evening the Opera House was well filled—some even standing. The school received a welcome from the Mayor, the Chairman of the School Board, and the Superintendent of Schools, Mr. B. B. Law, M. P., and the school was one of Yarmouth's greatest privileges for many years, and that Yarmouth would do all in its power to give the members a good time.

The repairs to be made on the barkentine Kreulin at the Green yard, Chelsea, will be more extensive than has been reported, and will involve an expenditure, it is said, of a mending like \$11,000. The repairs will occupy about six weeks, and upon the completion of the work she will proceed to Weymouth, N. S., to load a cargo of lumber for Chatham.

The Kreulin is one of the very few vessels of her class flying the American flag, and fears had been expressed since she was damaged by fire a fortnight ago, that her owners would dismantle her. She has a great reputation for fast sailing, and on her last trip from Jacksonville, Fla., made the run in a little over seven days. Her commander is Capt. A. H. Warner, of Plympton, Digby county.

H. B. Ames Yacht Stranded

Port Hood July 15. The sailing yacht Manana, owned by H. B. Ames, M. P., Montreal, struck a ledge at the southern end of Port Hood Island on Saturday night. Mr. Ames and party, consisting of Mr. Middleton, M. P., Owen Sound, Sherrard, Montreal, were rescued by boats and landed at Port Hood Island, where they are camping out, while making arrangements for the continuation of their cruise.

The party were cruising from Montreal to Cape Breton, thence to Labrador. They carried provisions, etc., enough for the complete trip and will be joined by their wives in a day or two. Although the accident will necessitate the changing of plans considerably, Mr. Ames says that they will at least continue their pleasure trip through Cape Breton.

The stranding occurred because of the mistaking of the buoys. The weather was clear at the time. The yacht was valued at \$7,000 and was uninsured.

Boy Scouts Help Thousands Daily

Three hundred and fifty thousand boys scouts of America are working for the welfare of the country. That statement was made by James E. West, chief scout executive of the national headquarters of the organization, who in a striking interview explains how the boys in the spirit of fun are doing many things that tend to protect the lives of people of the country. He referred to the training which the boys are getting in first aid to the injured, firemanship, rescuing people from drowning, and personal health.

"The boy scout movement," said Mr. West, "is proving a great asset to the nation. They are helping thousands of persons daily. Reports which have come to the national headquarters show that the boy scouts have saved lives, have done good turns and have given happiness to great numbers of persons. They have sold stamps to help the fight against tuberculosis. They have cleared towns of tin cans and debris. They have collected food and clothing for the poor, they have helped succor the flood sufferers along the Mississippi. In countless instances they have helped persons in need."

"Down in Kentucky recently," said West, "a girl was rescued from the water, after a canoe in which she had been upset, but because nobody in the party knew nothing about first aid to the injured or resuscitation, the girl died. She had been in the water but a short time, and it was perfectly evident that had there been anybody present who knew the first thing about resuscitation, the girl's life would have been saved. That incident emphasizes just what the boy scouts throughout the country are doing. They offer badges for boys who learn first aid and resuscitation. The boys go through these courses largely in the spirit of fun, but they are learning things that are of tremendous value to the community. The boys are taught not only what to do when a person is pulled unconscious from the water, but how to bandage wounds, to revive persons who are faint, and even to set broken bones."

"The boy scouts are taught methods of saving persons from drowning and when they attain a certain degree of knowledge in that work they receive a merit badge. Boys also are striving for badges given for personal health. To obtain this a boy must know something about the care of his teeth, the principles that govern eating, the effects of cold and hot baths, the effects of alcohol and tobacco and various other information. The boys also are trained in firemanship. They are taught how to turn in an alarm, how to prevent panics, how to use fire escapes, ladders and the like and how to improve ropes and nets. All this information is useful to the boys and they acquire it in the spirit of fun, but when you figure that there are 350,000 scouts in the country you can get an idea of the usefulness of the scout movement."

Rights Of A Wife.

WELTER SAYS SHE SHOULD RECEIVE HALF HUSBAND'S SURPLUS INCOME.

In this country, particularly in Indiana, says the Indianapolis News, the marital union is more nearly a business partnership than in any country in Europe. While a married man may get rid of ready cash and stocks and bonds without consulting his wife, when it comes to disposing of real estate he cannot let go without her signature to the transfer. So far at least is she a partner. But she deserves more. She should be a purse bearer in her own right and not have her pride constantly hurt by being treated by a kindhearted but obtuse husband as a favored slave, dependent upon his bounty.

Now and then a wife of spirit rebels against her protector and demands a stipulated weekly allowance—something in the nature of a minimum wage. And truly does she earn this wage in her own right, in the care of the house, in a thousand little economies without which the domestic relation and all pertaining thereto would go to shipwreck.

The old-fashioned enigma "that such-and-such a husband is a good provider" is good as far as it goes, but it goes no farther than to imply that he buys an abundance for the table, largely on his own account, for he is a liberal feeder. A good provider may merit this meed of praise for 20 to 30 years and then pass to the other side, leaving his widow, the wife who has made his home and kept the household together, without a nickel.

The domestic in the kitchen has fared better than that. She has had her wages week after week, and when the good provider is gone and the family is broken up there is some coin clinking merrily in her pocket while she goes out to find another place. The wife's wage ought to be half the surplus income of the household. Her savings should be her own, and early in her married life she should learn the way to the savings bank.

She Deserves The Money.

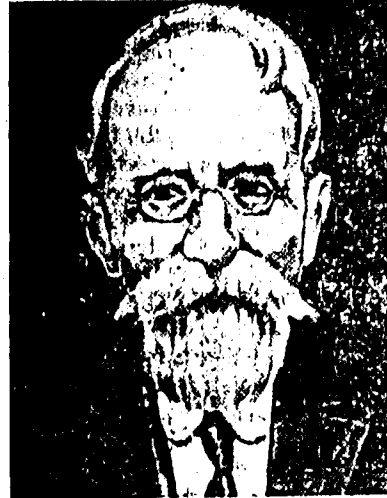

A Toronto family has milk to sell and the little girl of the family was told she could have the milk money if she would write the advertisement. This is what she wrote:

"Milk for sale, by a little girl with brown eyes and a pink dress."

MY KIDNEYS

"Fruit-a-lives" Cured Me

MR. GEO. W. BARKLEY

CHESTERVILLE, ONT., JAN. 12th, 1911
"For over twenty years, I have been troubled with Kidney Disease and the doctors told me they could do me no good. They said my case was incurable and I would suffer all my life. I doctored with different medical men and tried many advertised remedies, but there was none that suited my case. Nearly a year ago, I tried 'Fruit-a-lives'. I have been using them nearly all the time since, and am glad to say that I am cured. I have no trouble now with my kidneys and I give 'Fruit-a-lives' the credit of doing what the doctors said was impossible. I am seventy-six years old and am in first class health."

WOMEN TAKE NOTICE!

A man cannot understand the torture and suffering many women endure uncomplainingly. If the majority of men suffered as much pain and endured with patience the weakening sicknesses that most women do, they would ask for immediate sympathy and look for a quick cure.

Many women have been saved from a life of misery and suffering by turning to the right remedy—Dr. Pierce's Favorite Prescription—a remedy which is safe to take because containing no narcotics, alcohol or injurious ingredients. It is an extract of roots, made with pure glycerin, and first given to the public by that famous specialist in the diseases of women—Dr. R. V. Pierce, of the "Lavalade" Hotel and Surgical Institute of Buffalo, N. Y.

Mrs. LIZIE M. HENDERSON, of Lincoln, Neb., 329 "C" St., says: "I send a testimonial with much pleasure so that some suffering woman may know the true worth of your remedy. I was a great sufferer from female troubles but after taking one bottle of Dr. Pierce's Favorite Prescription, which a friend advised me to take, I found myself very much improved. After taking three more bottles, and using two boxes of Dr. Pierce's Lotion Tablets, I found myself on the road to recovery. I was in poor health for five years but now I am cured. I hope all women suffering from female weakness will give Dr. Pierce's Favorite Prescription a fair trial."

Doctor Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

Toronto Man's Search For Lost Daughter

GEORGE DOCKETT, AGED 75 WALKS 300 MILES IN FIVE WEEKS.

FLINT, Mich., July 12.—After an all-day search for his daughter, whom he left here twelve years ago, George Dockett, aged 74, of Toronto, stopped a policeman on Saginaw street, midnight last night and appealed to the officer for aid. Dockett, who is white-haired and feeble, claims to have walked here all the way from Toronto, nearly 300 miles. He took five weeks to make the journey, and had expended all his money for food on the way.

He was heartbroken over his failure to locate his daughter, whose name is Mary Dockett, and whom he says he left in care of friends here when he went to England at the time of the South African war. In 1900, to claim a fortune of several million dollars which had been left him by his grandfather, Samuel Dockett, who died in 1895.

When he reached London, Dockett says that he was informed by a chancery court official that under the statute of limitations he had no claim to the estate. Papers which he has in his possession have convinced the local authorities that Dockett's story is true, and sufficient money was easily raised to send him to Saginaw, where he will continue the search for his daughter.

Terrible Death of Mother and Baby

NEW YORK WOMAN, TRYING TO SAVE HER CHILD, FELL WITH LITTLE ONE FROM FOURTH STORY WINDOW TO IRON PICKET FENCE BELOW.

NEW YORK, July 15.—Mrs. Nelly Kelly, 28 years old, is dead and her two-year-old boy is dying in a hospital as the result of injuries sustained when both were impaled today on an iron picket fence, as they fell from a fourth-story window in their home in West 12th street.

Mrs. Kelly fell in a futile attempt to save her child, which had crept to the window and lost its balance in leaning out. The baby's head was caught between two of the iron pickets, his hand was impaled on another and he hung suspended by the neck. The mother struck a few feet away from him, the pickets, catching her by the shoulder and leg. With her head only a few inches from the ground she hung unconscious.

A neighbor called help and Mrs. Kelly and the baby were rushed to the hospital, but the mother died on the way. The child has a fractured skull and cannot recover.

Damaged By Fire

THE CREW OF THE GRAND MANAN EXTINGUISHED THE BLAZE AFTER A STIFF FIGHT.

St. John's, July 15.—The steamer Grand Manan was considerably damaged by fire while at Grand Manan on Sunday, and it was only after a stiff fight that the flames were extinguished. The fire caught around the boilers, and worked its way up around the casing of the smokestack in the forenoon. It burned fiercely for a time, and matters looked serious. The cargo and furniture in the saloon were considerably damaged, and the total loss will be more than \$500.

The fire apparatus on the steamer was brought into play and did good work. The fire department of the steamer which arrived here today, and he will not miss a trip, as repairs will be made during her regular trips. It was only recently that the steamer was in collision with a dredge in the St. Croix River.

Farmer Killed

SUSSEX, N. B., July 15.—Edward McShane, a farmer, and resident of Cedar Camp, situated three miles above Waterford, met with an accident yesterday afternoon, which resulted fatally. He was in the act of showing some friends his horses, and on entering a stable one of the horses, was partly out of the stall. He gave it a tap with a crop which he held in his hands. The horse, kicked with both feet, striking Mr. McShane in the stomach. He was carried to his home and medical aid summoned.

Dr. McAlister performed an operation this morning and found the stomach badly ruptured and the intestines protruded. The deceased was 45 years of age, and is survived by a widow and large family. The funeral took place on Wednesday morning, Rev. Father McDermitt officiating.

A New Egg Record

The Morning Press, of Santa Barbara, Cal., recently contained the following: An egg which looks quite ordinary, but which has a record of its own, is on exhibition at the Chamber of Commerce rooms. The egg in question was laid by a Crystal White Orpington pullet of the Kilderstrauss strain, the pullet laying this first egg when 3 months and 28 days old, which is an unprecedented occurrence in the poultry world, the record for fowls being a full four months to the present time. The pullet is owned by Captain L. D. Morton, who resides on the Coast Highway near Ocean View. The pullet was an incubator chick, and came from the poultry yards of H. T. Ireland, Ocean View, being raised according to the Phil system.

Capt. Morton is well known in Digby, having removed from here to California last autumn.

C. P. R. Engineer

St. John's, N. B., July 15.—Word reached the city late tonight of an accident on the C. P. R. above Grand Falls by which William Weeks, the engineer of the southbound freight train, lost his life.

It seems that a landslide about three miles the other side of Grand Falls, blocked the track and the locomotive of the freight struck a great pile of earth, and left the rails, toppling over on its side. Weeks, the engineer, was caught under the engine in some manner, receiving fearful injuries, from which he died about five o'clock.

The car next to the locomotive also left the track, but the remainder of the train remained intact. At the place where the accident occurred there was a large mud bank, and it is believed that the run undermined it, causing it to slide over across the track.

A root cellar like this won a prize last year.

THE drawing was made from a photograph of the root-cellar with which D. A. Purdy, of Lumsden, Sask., won a cash prize in last year's contest. In that last contest there were 46 prizes. There will be three times as many prizes in 1912.

1912 FARMERS' PRIZE CONTEST

THIS year you will have three times as many chances of winning a cash prize. You will have to win only one of 136 prizes of Canada Cement to win a prize. There are absolutely no restrictions on the use of the prize. There are twelve prizes for each of the twelve months of the year, three of \$100, and three of \$50, and you compete only with other farmers of your own Province in the drawing of the prize.

It makes no difference whether you have ever used cement. Many of last year's winners had not used cement when they entered the contest. When you write for full particulars, we will send you, free of charge, "What the Farmer Can Do With Concrete," which tells everything you need to know about concrete. It is absolutely free, and you are under no obligation to buy "Canada" Cement or to do anything else for us.

Write to the nearest agent for the contest, or to the nearest agent for the contest, and we will send you the contest card and the particulars of the 1912 Prize Contest.

THE BLESSING OF MOTHERHOOD

Healthy Mothers and Children Make Happy Homes

Motherhood is woman's highest sphere in life. It is the fruition of her dearest hopes and greatest desires; yet thousands of noble women through some derangement have been denied this blessing. In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong. This is evidenced by the following letters which are genuine and truthful:

London, Ont.—"I wish to thank you for the benefit I received by taking your famous medicine, Lydia E. Pinkham's Vegetable Compound. Before my baby was born I was so ill I could not stand long or walk any distance. I had to lie down nearly all the time. After I took your medicine I felt like a new woman. I could work from morning till night and was happy and well. I certainly think it relieves pain at childbirth and I recommend it to every woman who is pregnant. You may use this testimonial if you like. It may help some other woman."—Mrs. FRANK CORRIE, 132 Adelaide St. London, Ont.

Brooklyn, N.Y.—"I was nailing all the time and did not know what the matter was. I wanted a baby but my health would not permit it. I was nervous, my side ached and I was all run down. I heard that Lydia E. Pinkham's Vegetable Compound was good and took the medicine. I have now a beautiful baby and your Compound has helped me in every way."—Mrs. J. J. STEWART, 229 Humboldt St., Brooklyn, N.Y.

When I Was A Boy.

When I was a boy, oh, those hours of joy! How sweet, and how precious they seem. I imagine them there, and without the least care, I tumbled, and frolicked, and screamed. My playmates have grown or to manhood have grown;

Long years I have not seen a face. But in memory's hall they frequently call. As backward my foot-prints I trace.

Every boy I recall, a good many all. They were faithful, and true, and sincere. They loved me I know for they treated me so, And I could not but love them in return.

Every place of my boyhood is clear unto me. How I long to behold them once more. The river and creek with their warm silvery tide. I love them, I love them, I love them with pride.

I fancy the trees that I've felled. Filled with apples, and cherries, and plums; The wild berries I've picked on the overgrown hills. Hark yet to my tale, a sweetness distilled.

The woods that once echoed with boyish delight. Still sound in my ears in the visions of night. And I look on the scenes as in days of the past. But awake to behold I was dreaming, alas.

Many hours I've played on the bright shining sands. Of a shore that is far far away. And I sometimes forget, and think I'm there yet. Though I mourn across the deep sea.

Oh, could I go back to those days of the past. And live in my childhood once more. I'd kiss the dear spots where my young feet have trod. And play and roll over the smooth grassy sod.

The further we leave behind in our flight. The friends and the scenes of our youthful delight. The more pleasing they seem as we near that great stream. Where the waves of eternity roll.

A FOOL'S ERRAND

Hal Marcy watched his cousin from under lowering brows. Dick was standing in the sunny window, his mouth set in grim, obstinate lines.

"Well," repeated Hal coolly. "What is it?" growled Dick over his broad shoulder.

"Are you going down to Seaside after what I've told you? Why, Alice would only laugh in your face!"

Dick turned sharply. "Oh, no, she wouldn't—she's not that sort! She might feel like laughing but she would hide it well," he ended bitterly.

"Why strain her courtesy, then?" persisted Hal.

"May I ask whether this is my affair or yours?" Dick Corning was white under his tanned skin.

"It is mine in a measure," was Hal's insolent reply. He leisurely drew out a cigarette case and scratched a match on a gold box.

He spoke between puffs of blue smoke that wreathed his dark, thin face. "You—know—when—"

"You—mentioned—you—were—going—down to Seaside today. I asked you (puff) if you were going down to see Alice Wilson—and you snapped out—"

"Yes—and I knew why by the look of you—there, there, Dick, don't get hot. We all catch it sooner or later, like mooses and whooping cough. I had a good reason for advising you not to go down there. It's a fool's errand for you, Dick, my boy."

"You mean that somebody else—"

Dick's voice choked into silence. "It comes pretty near being that," returned Hal somewhat vaguely. Then rather condescendingly he added, "I may as well drop you a hint, Dick, you—"

He pointed to a girl who was walking down the street. "That's Alice Wilson—she's a fine girl, you may be able to claim relationship with her some day—see!"

Dick Corning's eyes blazed menacingly, and his big hands clenched tightly. His lips wreathed into a strange smile that was half a sneer.

"You mean that I may marry Alice's cousin May and thus become her cousin-in-law?" he asked.

Hal Marcy winced. "No, I don't mean that, and you know that too. I mean that the relationship would be on the other side of the house."

"Oh, you mean that you expect to marry May and we will be related to Alice Wilson in that manner. Shall I congratulate you, old man?" Dick's gray eyes pierced the veneer of good nature that had covered his cousin's attitude.

"Quit your fooling, Dick," snarled Hal, flinging away his cigarette and preparing another. "I can tell you one thing."

"You have told me so many times this morning I am tempted to forego any further infringement on your—"

"If you go down to see Alice Wilson today you'll be making the mistake of your life. You'll be making a fool of yourself. Believe me that I have a good reason for saying this."

Dick picked up his hat, smoothed the creases in the soft front and settled it on his forehead. "You've butted into my affairs today in an unparliamentary manner. I have simply to say that I am quite willing to bear any mortification that my harmless actions may bring upon me."

As he closed the door he heard Hal's impatient voice sending after him. "Fool's errand."

"It'll do just the same," grunted Dick through his set teeth, and his keen eyes had a vision then of beautiful Alice Wilson telling him with tearful, pitying eyes that she loved his cousin Hal Marcy and that she would be a cousin to him forever.

"I'll be blanked if she will!" cried Dick as he drove through the crisp, cool air. "If she won't (and I know she won't have a differ like me) I shall go around the world, and when I find a good place in which to forget her I'll stay there, only I know I'll never find such a place," he ended forlornly.

He was fiercely jealous of Hal Marcy. Hal was several years his senior and of a dominating character. Dick had fallen desperately in love with Alice Wilson the year before while Hal was in Europe, but Hal had suddenly returned three months ago and, with his customary overbearing manner, had hunted his cousin off the field and immediately laid open siege to Alice's heart. Dick, astonished and quite different in the presence of an overpowering love, had allowed himself to be pushed aside until now he found it almost impossible to regain the ground he had lost.

Alice treated him with sweet friendliness that was maddening as well as disheartening. All the sweet, gay intimacy of their friendship was gone. He seemed to be numbered among a host of unimportant admirers who worshipped Alice from afar, while the intrepid Hal Marcy stepped boldly forward and openly admitted that there was an understanding between Alice Wilson and himself. To all hints and innuendoes the lovely Alice turned the point of her wit to excellent effect.

Five weeks had elapsed since Dick had ventured near Seaside, where Alice lived. At his elaborately contrived remark that he thought he would drive down that way his cousin had been quick to sting him with the remark that if he was going down to see Miss Wilson his errand would be in vain.

But Dick Corning's lips were set in

that obstinate curve that few had ever seen and none had understood because there had been so few things in this world that he had had to fight for. Most everything had to come to him easily, but now this greatest boon, the love of a good, fair woman, was to be denied him. She was to be Hal's, and Hal was a brawler.

Dick was going to put the question to her just the same. His attention to her had been so marked in the past that he felt that he owed it to her to ask the all important question. That she would refuse him he had not the slightest doubt. It would be done gently, but convincingly, with perhaps a hint at some cousinly relationship in the future after she should be married to Hal. He routed out a time table, and with one hand on the steering wheel of the car, he studied the trains from town and mentally compared the running time with the departure of certain Pacific liners due to sail from San Francisco in six days.

"I'll get down there at 3, drink tea at 4 and, if she is alone, ask her! It will take her about ten minutes to turn me down, including the cousinly advice and all that. Then I can run back to town by 5:30, catch the 7:10 for the west and connect with the Kankakee at San Francisco on Saturday. No wedding bells for you, Dick, my boy."

His mind attuned to these gloomy reflections and with a far future care fully outlined, Dick Corning was some what taken aback at Alice Wilson's greeting. She was a Dresden china sort of beauty, all pink and white, with soft blue eyes and hair the color of ripe corn silk. She was some little soft, clinging gown of pale blue with a pink rose tucked in her breast, and all the pretty color faded from her cheeks as her hand was lost in Dick's big, warm grasp.

"Where is Hal?" she asked, as she set down behind the tea table.

Dick's face clouded slightly. "I suppose he will be down later. I came by myself, on my own errand," he ended guiltily. He accepted a cup of tea and dropped lump after lump of sugar into its pale depths before he realized what he was doing.

"On your own errand?" repeated Alice, fusing among the tea cups.

"Yes, a fool's errand," returned Dick unhelpfully.

"It is a fool's errand, why do you come?" Alice's

DIGBY WEEKLY COURIER

Digby, Aug. 2, 1912

S. S. Westport Ashore.

The Insular S. S. Co.'s steamer Westport, which left Digby for Westport, N. S., at 4:40 Wednesday afternoon, was on board at the time of the disaster. The passengers, all of whom were landed in a small boat without any difficulty, the water being smooth with the ebb tide. The passengers were sent to Meteghan and afterwards across the bay by power boat.

The steamer, which was about 11 o'clock the same night and taken to Meteghan where she will probably be repaired. She will require a new keel and other repairs to the hull, as it was quite rough during the flood tide. We understand the loss is covered by insurance.

The Postponed W. N. S. Y. C. Cruise.

The first annual cruise of the Western Nova Yacht Club, which was postponed owing to the recent bad weather, will take place next Monday afternoon if the weather is favorable. The boats will leave the club anchorage at 1:30 p. m. sharp and proceed to Annapolis, leaving there at four o'clock, returning to Goat Island for lunch, and back to Digby during the evening.

Sudden Death at Weymouth.

Mr. Charles E. Balcum, jeweler of Weymouth, went to his store Saturday morning as usual and engaged in sweeping, dropped dead, as his body was found lifeless a few minutes later. He was a native of Yarmouth, was 60 years of age, and leaves a widow (who was Miss Harris, daughter of John Harris, of Milton, Yarmouth), three sons and one daughter, Percy, George and Eva, of Yarmouth, and Clayton, of Boston. Mrs. Balcum and Eva were on a visit to her son, Clayton, in Boston, and arrived in Yarmouth Monday morning. The remains arrived in Yarmouth the same morning by train and the funeral took place Tuesday afternoon.

The Havoc.

Paul Gilmore and company, which consisted of only three beside himself, presented "The Havoc" to a full house in the Bijou Dream theatre Wednesday night. Manager Chapman reports that the receipts of the largest ever received from a single night's entertainment since he leased the hall more than a year ago.

Mr. Gilmore is a good actor himself and had good assistants with him this time, the whole entertainment giving the public excellent satisfaction, a marked improvement over "The Havoc" which he put on in Digby during his last visit.

Another Yacht Visits Digby.

Mr. Owen F. Oakes, proprietor of the Oakes Knitting Mills, Roxbury, Mass., who is summering at his cottage in Weymouth, arrived here Monday on board his cabin power yacht, accompanied by Mrs. Oakes, Mr. and Mrs. L. Perkins and daughter Helen, of Boston, and Mr. Thorber, engineer.

While in Digby Mr. Oakes and his guests were at the Manhattan. They sailed for St. John at 8:30 Tuesday morning and will probably return to Digby Sunday. Mr. Oakes is a member of the W. N. S. Y. C. and takes an active interest in yachting.

Death at Centerville.

The death occurred at Centerville, Digby county, on July 25th, of consumption, of Ida Maude, wife of Mr. Orrie W. Specht, aged 28 years. The deceased is survived by her husband and three small children, also by her father, Mr. Beecham Haight, of North Range, and two brothers, Herman and Byron Haight and several half brothers and sisters. The funeral took place Saturday afternoon, the services being conducted by Rev. Mr. Hale and Rev. Mr. Mack, with interment at Centerville. The floral tributes were many, consisting of wreaths, cut flowers, etc.

Birthday Party at Barton.

The family of Mr. and Mrs. W. C. Denton met at their home in Barton last Monday, July 29th, to celebrate Mrs. Denton's birthday. The family consists of seventeen children and grandchildren, all being present except Mr. and Mrs. A. M. Powell, of Tiverton. The day was very pleasantly enjoyed by all who were there and we trust that the family will be able to enjoy many similar reunions on future dates.

A Reminder.

All those who have so kindly sent donations to the Junior Auxiliary for their annual garden party in the past, are again asked to contribute small articles for the fancy table. This garden party will take place on or near the 21st inst. For further information see posters later. As usual there will be a table of home made cakes, rolls, etc. Gifts from those interested in the children may be sent to Mrs. Merkel, superintendent of the branch.

The Berlin Entertainment.

Owing to some misunderstanding Signor and Madame Berlin, whom we referred to in our last issue, did not sing in the Bijou Dream theatre, Digby, last Tuesday evening. They expect, however, to give a concert in the Digby Baptist church next Tuesday evening, Aug. 6th. They are, without doubt, the best musical entertainers who have ever visited this part of Canada, and we trust that they will be greeted with a large audience.

Another Summer Cottage.

Mr. J. A. Walker, of Arlington, Mass., one of Digby's regular summer visitors, arrived here recently with a "Knock-down" cottage, which he has erected on the north side of the Barquette, commanding an excellent view of Digby Basin and the surrounding country.

One Day Picnic at Weymouth.

A one-day picnic will be held in Weymouth on Wednesday next, August 7th, in aid of St. Joseph's church. Refreshments, to be served on the grounds. All sorts of amusements are being arranged with good music in attendance.

OF A LOCAL NATURE

Rev. T. S. Roy will preach at Roxville Sunday afternoon at three o'clock. Don't forget the Baptist garden party to be held next Thursday, Aug. 8th.

The Methodist Sunday School held their annual picnic and excursion to Port Wade yesterday.

Mr. Fred Barr went on duty yesterday as Digby's new Chief Police and Canada Temperance Act Inspector.

Miss Margaret (Gist, of Orange, N. J., sang a much appreciated solo in Grace Methodist church last Sunday night.

A gold watch case containing monogram was picked up in the Boston train at Digby and left with the Courier.

The sum of \$155.00 was read at the postponed Methodist garden party held on the church grounds last Friday afternoon.

In the Baptist church next Sunday morning the subject will be "The Triangular Life," in the evening, "The Battle of the Gods."

Mr. C. D. Arthur has on thanks for late Baltimore papers containing an account of the races of the Chesapeake Bay Yacht Racing Association.

The sum of \$105.00 was the amount received after all expenses had been paid at the entertainment for the benefit of the public hall at Tiverton.

The ladies of Holy Trinity church held a successful garden party on the sector grounds Wednesday afternoon. The receipts amounted to \$385.00.

St. Patrick's (R. C.) church has received two coats of paint by Mr. C. E. Woodman. The staging around the steeple was erected by Mr. Charles Carty.

Miss Tillotson's entertainment was given to a small audience in the Baptist church last Tuesday evening. Rev. T. S. Roy sang a very much appreciated solo.

A St. John man has put in a claim for \$250 against the town of Yarmouth for injuries sustained several weeks ago by stumbling over a stone at the foot of Barnard street.

Earl, the two-year old son of William Melanson, of Plympton, who was struck by an automobile Saturday afternoon and slightly injured, appears to have fully recovered.

The 100 years' lease of the Dominion Atlantic Railway to the C. P. R. has been signed and approved by the Governor in Council, and it is said the time of the road will soon be changed. The C. P. R. will spend \$1,000,000 on the road.

Digby and vicinity is well filled with tourists. Many of the hotel proprietors report business the best they have ever experienced in July. Of course, August is always a busy month in Nova Scotia's most popular summer resort.

It is said that quite a number of Brown Tail moths have been discovered at the South end of the town. We trust that the occupants of the property will report them to the proper authorities and do all they can to destroy them.

The general public is respectfully requested to beautify their property as much as possible before the visit of the Vice-Regal party on Saturday, Aug. 17th. Let's have our town looking well. Digby is considered by many as the prettiest town in Nova Scotia and it should look its best on the 17th.

Everything points to a successful day's sport in Digby on Regatta Day, August 17th. The Duke and Duchess of Connaught and party will arrive here via special train during the afternoon, and there is no doubt Digby will have the largest crowd of visitors on the 17th in the history of the town.

Wedding Bells at Weymouth North

A quiet but pretty wedding took place at the home of Mr. Jesse Barr of Weymouth North, when Helen Higgins, of Freeport, became the bride of Captain Archibald Torrey, of Milton, Queens Co., in the presence of a number of invited guests. The ceremony was performed by Rev. Mr. Nightingale, pastor of Weymouth Methodist church. The bride was charmingly gowned in cream silk with trimming to match and carried a bouquet of sweet peas. After the ceremony a collation was served by friends of the bride. The happy couple left on the D. A. R. express for Milton, Queens Co., N. S., amid showers of rice and good wishes of friends present. The groom has been for some months in charge of the town hall, "Scott," owned by the G. H. Campbell Co. The winter wishes Mr. and Mrs. Torrey a long and happy wedded life.

Sudden Death at Ashmore

This community was greatly shocked to hear of the very sudden death of Charles S. Morton, which occurred on Friday evening of last week. The deceased was born in Kempf, Y. Co., but had resided in this place for the past year. He leaves a widow (Mrs. Clara Mazon) of this place, a mother in Ohio, Y. Co., two brothers, Kempf, Yarmouth. The funeral took place Sunday afternoon and was largely attended. Interment in Riverside cemetery. The members of Onward Division, S. of T., marched in a body to the grave to pay their last tributes to one of their number. Four of the members acted as pall bearers. We extend heart felt sympathy to the widow, who but a few short months ago was a bride, and to all the bereaved ones.

Installing Lighting Plants.

The Heaton Acetylene Gas Co. Ltd. of Amherst, is installing several private lighting plants in Digby. The following are among those who are now using this light: E. L. Lodge, with one of the most expensive and best plants in the maritime provinces; C. W. Musser's tailoring establishment, Mr. John Larche's residence, Mr. A. A. Shortliffe's residence and a demonstration outfit on the government pier. The latter consists of several 25 c. p. lights inside the big freight shed and a large one outside which appears to be giving good satisfaction. The work of installation is in charge of Mr. J. W. Webster.

Emperor of Japan Dead.

TOKYO, July 29. Mutsuhito, for forty-four years emperor of Japan, died at 12:15 o'clock this morning. Yoshihito, His Highness Prince, was the heir to the throne. The emperor's death was announced by the constitution promulgated by Mutsuhito.

Mutsuhito, who was the twenty-first emperor of Japan, passed gently away. He had been unconscious for many hours prior to his death, and the emperor, the crown prince and the most prominent officials of the household were at the bedside.

New Orders for Railway Employees

New York, July 29. As a result of an investigation conducted by the management of the Delaware Lackawanna and Western Railway following the recent disastrous wreck at Canning, N. Y., an order was issued today to the employees of the transportation service, forbidding the use of automobiles either while off or on duty.

All classes of employees directly connected with the movement of trains are prohibited from using their time while off duty in any manner that may conflict with their safe, prompt and efficient performance of their duties. This rule applies particularly to men who might spend their time off playing cards.

Longboat again Defeated Cameron.

CHILBERTTOWN, July 29. Tom Longboat defeated Fred Cameron of Anishinabe in the mile road race here this afternoon. The Indian's time was 33.19; Cameron's, 35.38.25. The latter being half a mile behind at the finish. The Indian gained lap by lap, and topped the American at the fifth mile. The track record was 30.01, made by Cameron two years ago. Over 2,000 people witnessed the race.

Reckless Autoist Sent To Prison

WASHINGTON, July 24. Thirty days without the option of a fine was the sentence a local court imposed today upon Clyde Withers, an automobile driver who ran down a man alighting from a street car. Witnesses swore Withers passed the stopping trolley at high speed and did not wait to learn of his victim's fate.

Collided With an Iceberg

St. John's, Nfld., July 29. The British steamship Manchester inventor put into port today badly damaged as a result of colliding during a dense fog on July 24, with a submerged iceberg. The steamer is bound from Montreal to Manchester, Eng. The iceberg was encountered fifteen miles north of Belle Isle Straits. The steamer's stern compartments were pierced and her frame was racked by the blow. It was necessary to jettison the deckload of lumber before the vessel could proceed. When she arrived here her fore compartments were full of water and she was nearly two feet down by the head. She will go into dry dock for repairs.

Another Marine Disaster.

C. P. R. LINER STRUCK CRAFT IN DENHE FOR NEAUFAMK POINT.

QUEBEC, July 28.—During a dense fog the Canadian Pacific railway steamer Empress of Britain, which left Quebec at 7.15 on Friday evening, collided with the steamship Helvetia, a collier, bound to Quebec and Montreal, at 4.15 p.m. on Saturday evening. The scene of the disaster was between Cape Magdalen and Father Point. First news of the accident came to Quebec about 6 o'clock on Saturday evening via wireless, and this was followed by another despatch and stating that the Empress was returning to Quebec with her bow badly stove in her fore compartments filled with water.

As far as can be gathered the Empress struck the Helvetia amidships, cutting her in two, the injured vessel sinking shortly afterwards. Those on board the Helvetia, however, were all rescued and taken on board the Empress.

Captain Murray immediately gave orders to have his ship brought back to Quebec, and assistance was despatched to her, the wrecking steamer Lord Strathcona being despatched at once, while the Canadian Pacific tug Cruiser, which was in Montreal, was also hastened to the scene, passing through here this morning to help the Empress.

CUT HELVETIA IN TWO. Late news showed Captain Murray was proceeding through the dense fog cautiously, when suddenly and without warning the Helvetia was seen, but too late to avoid collision, the Empress plunging into the Helvetia and, it is said, cutting her in two. Successful efforts were at once made to rescue the captain and officers of the sinking vessel, a few moments after which she sank.

The occurrence naturally created considerable commotion on the Empress, but this was soon quieted and Captain Murray had an investigation made as to the damage which his ship had sustained. He then wired news of the disaster to the Canadian Pacific railway authorities and ordered his vessel to return to Quebec. The Britain had 730 passengers.

The progress of the vessel back to port is being accomplished very slowly, the vessel being impeded in its passage by the wreckage which hangs over the bows. At 1.15 this afternoon the ship reached Father Point, where she was still at 5 o'clock.

The Allan steamer Pretorian was standing by, to which some of the passengers and the mails were being transferred. The Empress expected to again get under way shortly before 7 o'clock. She is trailing under her own steam and as she is making but eight knots an hour, she is not expected to reach Quebec before tomorrow morning at a late hour.

The steamer Helvetia, which sank after the collision, was bringing a cargo of 8,000 tons of coal for Sydney. The skipper of the Helvetia was Captain Connell.

VESSEL AND CARGO INSURED.

HALIFAX, July 28.—A Sydney despatch says the Helvetia had 7,500 tons of coal on board. The steamer was built at Sunderland about a year ago. The captain's wife and niece were on board. Capt. Connell and First Officer Wilson are well known here. It is understood the ship and cargo were insured. All on board except the officers and two ladies were Chinamen.

QUEBEC, July 28.—The C. P. R. liner Empress of Britain which was badly damaged in collision with the steamer Helvetia, arrived here today. A most cursory glance at the liner showed that she had been given a bad blow. Immediately under her anchor holes, stretching down to the water line, is an aperture over ten feet in height. While water has invaded the front compartments of the vessel, her watertight bulk-heads remained closed apparently, for the Empress rode level on the water as if she was uninjured.

Petroleum Firm Loses Plant, Ship Is Ruined

TANK STEAMER TRIMADIAN TAKEN FIRE AND ENTIRE INTERIOR IS DESTROYED—LOADING OIL FOR EUROPE.

MARSH HOOK, PA., July 24.—Fire, which started in the British tank steamer Trimadion early today when the plant of the Union Petroleum Company was almost completely destroyed, burned all day despite the efforts of tugs to extinguish the flames. The tanker was about half loaded with oil for a European port. The entire interior of the vessel forward of the engines, which are located aft, was completely burned. During the day the fire fighters confined their efforts to prevent the oil from spreading into the Delaware River. The ship has a heavy list.

The Trimadion, which was formerly the Swedish tank steamer Augusta, was purchased by the Harbor Asphalt Company last spring.

Joy Ride Ends in Death.

MORRIS HOOK, PA., July 28.—As the result of a collision on the Transcontinental railroad on Saturday, Charles Steves, aged forty-five, is dead at his home here. Mr. Steves, in company with five others left Montreal at four o'clock on a gasoline trolley for a joy ride. When about five miles out they noticed a ballast train coming towards them at a good rate of speed. They immediately applied the brakes and jumped off the track. Mr. Steves, however, did not leave the car and made an attempt to lift the car off the rails. In doing this he was struck by the oncoming train and thrown thirty feet. He was picked up unconscious and was brought to Montreal on the ballast, but succumbed to his injuries after being removed to the hospital. He had sustained a fracture of the brain. Coroner Botsford decided an inquest unnecessary. A widow and two children survive.

Grave in Potato Patch.

A despatch says: A manufacturer doing business west of Middleton, has purchased a strip of land recently nearly a graveyard. In running out the lines proper care was not taken, and part of the graveyard was staked off. The whole plot was plowed up and planted to potatoes. Some relatives of a deceased lady that was known to have been buried in the vicinity, came home a few days ago, and paid a visit to the spot where they felt sure the grave was. It is not easy to imagine their horror when the parties became convinced that the resting spot of a loved one was found to be in the middle of a potato patch. One of the ladies present burst into tears and sobbed, "This is an outrage." The matter is being kept as quiet as possible, but may lead to further notice.

CURED OF THIS HORRIBLE DISEASE

Edmonton Girl saved By "Fruit-a-lives"

EDMONTON, ALTA., Nov. 20th 1911. "I had been a sufferer from babyhood with that terrible complaint, Constipation."

I have been treated by physicians and have taken every medicine that I heard of, but without the slightest benefit. I concluded that there was no cure for this horrible disease.

Finally, I read of "Fruit-a-lives" and decided to try them, and the effect was marvellous.

The first box gave me great relief, and after I used a few boxes, I found that I was entirely well.

"Fruit-a-lives" is the only medicine that ever did me any good for Chronic Constipation and I want to say to all who suffer as I did—Try "Fruit-a-lives"—why suffer any longer when there is a perfect cure in this great fruit medicine?

(Miss) E. A. GOODALL. "Fruit-a-lives" is the only remedy in the world made of fruit and the only one that will completely and absolutely cure Constipation.

Schr. Edith May, Capt. Hudson, arrived at St. John Monday from Port George and cleared same day for Annapolis.

Schr. Albert J. Lutz, Capt. John Apt, landed 25,000 lbs. fresh halibut at Canoe last week for the Maritime Fish Corporation.

Schr. Augusta Evelyn, Capt. Thurber, arrived at Digby yesterday with 10,000 lbs. fresh halibut for the Maritime Fish Corporation.

Stmr. Ruby L. was in port yesterday from Margateville to convey the Methodist Sunday School excursion from Digby to Port Wale.

Schrs. Mercedes, from Clementsport, and Howard, from Port Wale, and Emma E. Potter, from Clementsport, arrived at Boston Monday.

A good looking and well built power boat owned by Mr. Frank Lantz, of Westport, and commanded by Capt. Charles Bailey, has made several trips to Digby recently carrying fresh fish.

Schr. Albert J. Lutz, Capt. John Apt, arrived in Yarmouth yesterday from Canoe and will go on the morning railway to have her bottom cleaned to be ready for the fishermen's regatta at Digby.

Maritime Fish Corporation arrivals: Schr. Venus, 13,800 lbs. hake, 1,120 lbs. halibut, 1,250 lbs. cod, schr. Cora Gertrude, 55,918 lbs. halibut; from other sources 12,360 lbs. halibut, 9,248 lbs. hake, 2,645 lbs. cod.

The only vessels reported at the Digby customs office this week were the schr. Cora Gertrude, Capt. M. G. Crocker, from Freeport on the 25th and cleared to return, and schr. Neva, Capt. Anthony, from Bear River on the 26th to land piling for Boston.

A Canoe despatch says: The bad weather of the past few weeks has seriously operated against fishing, and fish have been somewhat scarce. The trawlers, Carmania, landing here, and the Canibado, landing at Port Hawkesbury, continue to land good fares weekly, which enables the dealers to keep up their local shipment and furnish employment for their staff.

Yarmouth Times: The Annapolis tern schooner C. D. Pickels, which arrived here several weeks ago with a cargo of hard pine for the D. A. R., cleared yesterday for Liverpool and she will load for the south. The Pickels while in port has undergone a thorough overhauling, having been refitted from stem to stern.

She was hauled out on the marine slip and capered, her rigging also received a going over and she leaves port comparatively as good as when she first left the ways.

The British schooner B. B. Hardwick, Captain Berry, arrived at Boston on Tuesday from Antigua, (B. W. I.) laden with molasses. The first five days of the voyage the schooner logged nearly 1,500 miles. She made a better run than the average freight steamer, and would have established a new record for a sailing vessel had not badling winds been encountered in the Gulf Stream. The craft was unable to get out of the stream for more than a week. The schooner had 394 puncheons, 50 hogheads and 44 barrels of Molasses.

Yesterday's Halifax Herald says: The steam trawler Virex, which has been on the Dartmouth ship for the last five weeks and which came off the ways Monday, sailing for Canoe, has been recently acquired by the Maritime Fish Corporation which has headquarters at Montreal, to be used in dry fishing. This is a comparatively new departure and likely to prove very profitable, in the opinion of fishing experts. The vessel runs out from Canoe to the banks and can always command a good rate of speed in order to get to the early markets. She carried about 20 men, who fish from her on the basis of shares, supplying their own bait, provisions and tackle.

Friday's St. John Telegraph says: As a result of the high winds prevailing

A change of diet, water and climate will give rise to derangements of the stomach and bowels.

during the last week, many people of the city will be deprived of a selection for their fish dinners today. The steamer Westport arrived yesterday afternoon from Westport and the fish dealers of the city were grouped on the wharf of Thorne's to get their usual supply of fish, including haddock, cod and halibut. Yes, today not so much as a fish was delivered from the boat and the merchants went away disappointed. As a result the fresh fish market for today is limited and the customers will have little choice, as the catch of the only fish to be had are salmon and furrow haddies. When asked yesterday afternoon as to the cause of the scarcity, which perhaps was never known to be so great, a fish dealer said that it was due entirely to the high winds, which churned the bay so the fishing was useless and, indeed, impossible.

DIGBY'S POPULAR CHIEF POLICE RECOVERS GIFTS FROM THE "HACK MEN" AND "TIE BOYS"

Mr. H. W. Bowles, who had been chief of police in Digby for seventeen years, and whose resignation was noted in our columns several weeks ago, went off duty Wednesday night. He was certainly taken by surprise at the depot Tuesday when the Hackmen and

the Tie Boys presented him with a hall decorated with a stickpin and an umbrella, accompanied by the following address:

"The Boys" presented him with a hall decorated with a stickpin and an umbrella, accompanied by the following address:

DIGBY WEEKLY COURIER

Digby, Aug. 9, 1912

THE VICE REGAL VISIT.

Almost every person in town is aware that their Excellencies, the Duke of Connaught, Governor General of Canada, the Duchess of Connaught and party will visit Digby Regatta Day, Saturday Aug. 17th, arriving here via special train about 2:45 p. m.

On such an important occasion our town should look its best.

The Mayor has appointed committees from the Town Council to look after various public decorations and so far as the part of the programme coming under the direction of Mayor Short, the council and other public officials of the town is concerned, we can assure the public that it will be properly carried out. What we wish to refer to in this article, is the decorating of the places of business and private residences throughout the town, the cleaning up of unsightly premises and the proper and liberal display of bunting. On every flag pole in town should be hoisted at sharp eight o'clock Saturday morning (the 17th) a British flag which should be left up until sunset. Those who have International codes of signals should use them to the best advantage possible.

No doubt the Harbor Master will request every vessel in the harbor to display her national flag during the day. Of course all the yachts will be trimmed up as usual.

Every inhabitant should take sufficient interest to make Digby the prettiest town that the Royal party has visited in the maritime provinces.

A High Class Vocal Concert.

A very pleasing and artistic vocal concert was given in the Baptist Church last Tuesday evening by Signor and Madame Berini. This is the first time these singers have been heard in Digby and they created a favorable impression upon those hearing them, sustaining their reputation as high-class artists. The church was very well filled, and the audience showed its appreciation by the prolonged applause after the tenor numbers. Signor Berini has a tender voice of exceptional quality and power, some of his tones reminding one of the great Caruso, according to one who has heard both. Madame Berini captivated her audience by her pleasing manner and the perfect rendering of her songs. She has a soprano voice of rare sweetness and power. There has been such a demand on the part of those present to hear Signor and Madame Berini again, that they have consented to give another song recital on Tuesday evening, August 20th.

Dorchester Yacht Club's Popular Commodore.

Mr. and Mrs. C. L. Bertram, of Dorchester Mass., expect to arrive in Digby shortly, to be the guests for a couple of weeks of Mrs. Bertram's parents, Capt. and Mrs. William Ellis, of Point Prim. Mr. Bertram, who is an enthusiastic yachtsman, was elected Commodore of the Dorchester Yacht Club last spring, and under his active administration the club has had a successful season. On August 3rd it held an interesting carnival of aquatic sports, including swimming races for girls, tug of war, blindfolded rowing contest, etc., followed by an illumination and reception. There was a large attendance of members and guests. During the evening Commodore and Mrs. Bertram gave an informal luncheon to some of their friends, including several from Digby county.

Regatta Day.

Everything appears to point towards a successful regatta in Digby for Saturday, Aug. 17th. If the weather is favorable the largest crowd of people ever seen in our town will be present. The official programme, which is a good one, appears in our advertising columns. The committee has engaged two brass bands, Yarmouth and Bear River. The former will arrive on the Bluebonnet in the morning and leave via special train at 10:45 the same evening. This special will also enable all the people from the west to return without having to spend Sunday in Digby.

Towed off by the Lifeboat.

At 8:45 Sunday morning the tern schr. Annie M. Lord, Capt. Merriam, from Annapolis for Parrishboro, went ashore on the east side of Digby Gut. The life boat carrying, Capt. John W. Hayden, immediately went to her assistance, floating the vessel at 10:15 on the flood tide, and successfully towing her off the shore. The Annie M. Lord was therefore enabled to proceed on her voyage without further detention, arriving at Parrishboro on Tuesday, where she is loading lumber for the Newville Lumber Co.

Two Auto Accidents.

A collision occurred between two cars at the south end Sunday morning in which the machines were more or less damaged, but the occupants fortunately escaped unharmed. Monday afternoon a new car being driven by Mr. Frank Lent, who had with him Mr. James Merkel, went off the south side of the Racquette bridge at high water. The car was somewhat injured and the escape of the occupants from being killed was almost miraculous. Their fall of course, was checked by the tide.

Garden Party at Annapolis.

The Spectator says: In spite of the continued heat, the garden party of St. Luke's Church was a great success. Over two hundred dollars was made over and above the expenses. Unfortunately it was impossible to hold the fair on the grounds of St. Luke's, and the thanks to all are due Mr. J. F. Gripps, the manager of the Bijou Dream, who so kindly gave the free use of his hall.

Fisheries Inspector Here.

Government steamer Petrel has been in port this week, having on board Ward Fisher, the newly appointed fisheries officer for western Nova Scotia, the Petrel having been placed at his disposal during his visits to the various districts included in this jurisdiction. Yesterday Mr. G. E. Torrie, fishery inspector for Digby county, who had been on board, was landed at the government pier.

OF A LOCAL NATURE

The Methodist camp meeting at B. twick opened on Wednesday. An automobile driver was fined in Digby this week for fast driving around town.

Rev. T. S. Roy will preach at Culloden next Sunday afternoon at three o'clock.

In the Baptist church next Sunday morning the subject will be "Life through Death."

The sum of \$280 was realized at the Baptist garden party held in Digby yesterday afternoon.

The ladies of the Digby Methodist church will serve luncheon in their hall Regatta Day, Saturday, Aug. 17th.

Mrs. Elizabeth Bingham, of Prince Rupert, formerly of Barton, has our thanks for late British Columbia papers.

Provincial Constable H. W. Bowles, of Digby, returned from Yarmouth yesterday with a prisoner charged with stealing.

Rev. D. W. Dixon will be at his regular appointments on Sunday, 11th inst., as follows: Barton 10:30; North Range 3 p. m.; and Hill Grove at 7:30 p. m.

A shooting affair in Annapolis county which occurred last Tuesday morning is causing considerable excitement in our sister town. It is fortunate no one was killed.

Middleton Outlook: An effort is being made to induce Signor and Madame Berini to sing again in Middleton, as many are desirous of hearing these rare musicians.

The ladies of the Smith's Cove Baptist church intend holding a supper in the vestry on Tuesday, Aug. 13th. Home made cake will be sold. Admission 5 cts., supper 25 cts.

A Towing in and of All Saints' church will be held on the grounds of J. C. Robbins, Rosway, on Wednesday, Aug. 21st. Teatickets, 30 cts.; children, 20 cts. If stormy, first time day.

We have received a copy of the prize list of the N. S. Horticultural Exhibition, to be held at Bridgetown on Oct. 2nd, 3rd and 4th. Copies can be obtained on request to the manager, R. S. Messenger.

The Digby base ball nine have been playing several good games recently with Annapolis teams from the various summer hotels. They were defeated, however, in Annapolis Wednesday, the score being 10 to 11 in favor of Annapolis.

There will be Communion in the Bay View Presbyterian church at the Sunday morning 11 o'clock service. Rev. Mr. Muir, of Annapolis, will conduct the service and will also hold service at Victoria Beach in the afternoon.

Rev. E. M. Powell, S. T. D., will preach in the Baptist church next Sunday evening. Dr. Powell is pastor of the Second Baptist church, Philadelphia, and is a pleasing and forceful speaker. There will be special music in the evening consisting of a special selection by the mixed quartette, and a solo. Prof. Clark has consented to preside at the organ for the service.

Capt. Spearling Married.

We copy the following from the Kings County Record, of Sussex, N. B.: Capt. William Benjamin Spearling, and Lieut. Emily Mary White, were married at Hamilton, Bermuda, on Wednesday, July 31st. Lieut. White has been stationed in Sussex about fifteen months and has made many friends. The ceremony, which was performed by Major Taylor, took place under a floral arch. Capt. McKervey was bride-smaid and Capt. Goodhue best man. Many beautiful presents were received, consisting of cut glass, silver and cloques, among them being a purse of gold from the brothers of the bride in Bermuda, also a purse of money from the soldiers of the local corps. They leave on the C. P. R. this afternoon for a honeymoon trip to friends in St. John and parts of Nova Scotia, after which they will go to Springfield, N. S., where the groom is now stationed. The groom was also stationed here and is well and favorably known.

The Record also says: A linen shower was held at the home of Mrs. George Boyce on Friday night for Lieut. G. M. White, of the Salvation Army, who was married this week. About twenty of the young lady's friends gave her a genuine surprise. Rev. Mr. Kennedy presented the gifts, which included many useful and beautiful articles.

Methodist Notes

The Sunday School picnic at Port Wade as well as the garden party at Digby was a great success. Quite a large number took advantage of the pleasant trip across the bay on the Steamer Ruby L. After all expenses were paid a neat sum was left for the benefit of the school. Last Friday evening four young persons joined the Epworth League. On Sunday the congregations at Grace Methodist Church were large at both services.

Several ministers from the United States were present at the morning service. In the evening Rev. Dr. Adamson, of Philadelphia, occupied the pulpit and preached a very eloquent and interesting sermon. Dr. Adamson is a member of the Philadelphia Methodist Episcopal Conference.

On Monday Rev. Dr. Hill, congressional minister of Portland, Maine, and Rev. R. S. Shnell, Methodist Episcopal minister of the same city, called at the parsonage.

A Well Known English Entertainer to Visit Digby

MR. LESLIE GROSSMITH. The famous English humorous musician is to honor Digby with a short visit in the very near future. Mr. Grossmith, who is a well known International Artist, has played many of the leading cities of the world, including London, Manchester, Liverpool in England; Melbourne, Sydney, Australia; Calcutta, Bombay, India, etc. The Halifax papers say he is one of the finest pianoforte players in the world. He has recently visited Nova Scotia, and the people of Digby have a great treat in store.

Closing Meeting of The Summer School of Science.

The closing meeting of the Summer School of Science was held at Yarmouth on July 31, and was presided over by Mr. H. A. Starratt, president of the school.

Dr. A. H. McKay, Superintendent of Education for Nova Scotia, in a talk to the school said that formerly it was small and there was more pleasure than work, also that the staff of instructors came for the outing, not caring for pay, but now all that is changed and teachers come here to better equip themselves for their profession and the school is a great benefit to them.

In respect to the value of science Dr. McKay illustrated what it had done in relation to the mosquito. How it had enabled people to conquer the terrible malarial and yellow fever caused by the mosquito. He also said that he was very much in sympathy with the Summer School of Science and that he would gladly help in its progress. It is an advantage to parents and the future to have teachers who take as their motto, "The desire to do good in your day and generation." The results of your work remain a permanent institution. Yarmouth was duly complimented by Dr. McKay on the many advantages it possessed as a place of meeting for the school. He said that in the very air he seemed to breathe in energy and inspiration and the fog, which seemed unpleasant to the teachers, was especially delightful to him.

Mr. Stannan, secretary of the school, gave a short address and the warm appreciation of his labors and interest in the school was shown by a vigorous clapping and cheers. A vote of thanks moved by Mr. C. E. Reid, of Quebec, was presented to Mr. S. H. Crawford, who so generously gave members of the school and the faculty a couple of pleasant (though sea-sick, if one be so disposed) trips to the Tusket Islands.

The Temple Baptist church and the Zion Baptist church were cordially thanked for the kindness they had shown to the school.

Hon. E. H. Armstrong, commissioner of Public Works and Mines, gave an address to the school and on being asked to present the prizes remarked as he looked at the gold coins, that the choice must have been made because of his honesty in business ability. In reference to teachers being so poorly paid, Mr. Armstrong said that a prosperous country should pay their teachers and that the responsibility does not lie with the council or with the superintendent but with the taxpayers and that they should be educated to this. Nova Scotia gives 2% of the government funds to education and Ontario gives 25% of her government funds to education. Mr. Armstrong said further that the universities were handicapped because their pupils come to them so poorly prepared in Science. The prizes of \$20, \$10, etc., were then distributed and one of \$100, which was won by Miss Annie Steeves, of Albert Co., N. B.

The session closed pleasantly, the teachers feeling that a profitable three weeks had been spent in the charming town of Yarmouth.

REPORT OF THE ANNUAL BUSINESS MEETING.

The annual business meeting of the School was held on Friday afternoon, July 26th, and the following resolutions passed:

Whereas: The instructors of the Summer School of Science have for many years served the cause of education in connection with the School, receiving in return therefor, an amount less than sufficient to cover their actual expenses in attending that School,

And whereas: It has been found impossible to retain on the faculty the men that it is desirable to have, because of this lack of remuneration,

It is resolved: That unless the aggregate grants received from the Provincial governments and the town in which the school meets, amounts in each year to twelve hundred dollars (\$1200), that the School will discontinue holding its sessions.

Term of office for president and secretary treasurer was made five years instead of one.

Place of meeting for next year was placed in the hands of a committee to decide.

Time of meeting July 26th to July 28th, 1913.

Officers were elected as follows:

President, H. A. Starratt, B. Sc., Roxbury, Mass.

Vice-Presidents, B. McKittrick, B. A., Lunenburg, N. S.; D. W. Hamilton, Ph. D., Fredericton, N. B.; Miss Marion Judson, Alexandra, P. E. I.; Secretary-Treasurer, J. D. Seaman, Charlottetown, P. E. I.

Board of Directors, Prof. L. W. Bailey, L. L. D., Fredericton, N. B., retiring in 1913; Prof. L. A. DeWolf, Truro, N. S., retiring in 1914; Prof. D. S. McIntosh, M. Sc., Halifax, N. S., retiring in 1915; Prof. H. H. Hagerman, M. A., Fredericton, retiring in 1916; Prof. H. E. Bigelow, Ph. D., Sackville, N. B., retiring in 1917.

Germany Hot for War

SIR GEORGE DOUGHTY, ENGLISH SHIP-OWNER, AT MONTREAL, TAKES GLOOMY VIEW

Montreal, Aug. 3.—Sir George Doughty, one of the most prominent merchants and ship owners on the east coast of Great Britain and member of parliament for Great Grimsby, on a visit to Canada, declared today that every sensible man in Great Britain, no matter to what party he belonged, was now firmly convinced that Germany was bending all her energies to prepare for war with Great Britain.

"The Germans," he asserted, "have never done anything without a design. They prepared for years for the Franco-German war and when they were ready they struck. Similarly they are preparing now for war with Great Britain and because that war must be on the sea they are building up, at tremendous sacrifice to themselves, the great German navy which we see evolving before our eyes."

"They are doing that despite the fact that the present relations between the German and British governments are of a friendly character. They are doing it despite the fact that there is no single cause for difference between the two nations, despite the fact that Great Britain is in no way menacing them, despite the fact that they are allowed to trade quite as freely in every port in the world as are the British themselves."

"Great Britain is now thoroughly aroused to this danger and determined at all costs to keep the British navy overwhelmingly superior to that of Germany."

SHE FAINTED WITH THE AGONY

"Fruit-a-lives" Cured Her Kidneys

MISS MAGGIE JANNACK

MOUNTAIN, ONT., DEC. 14th, 1910
"I desire to let the world know the great debt I owe 'Fruit-a-lives' which saved my life when I had given up hope of ever being well again."

For six years, I suffered from dreadful Kidney Disease. My legs and lower part of my body were fearfully swollen. The pain in my side and legs would be so bad that I would faint with the agony. Five different doctors attended me and all said it was Kidney Disease and gave me no hope of getting well.

A kind neighbor visited me and mentioned the case of Mrs. Penwick who had been cured of a sickness like mine. I took "Fruit-a-lives" and in a short time, I began to feel better—the swelling went down—the pains were easier—and soon I was well since taking "Fruit-a-lives"—and my friends look upon my recovery as a miracle.

"Fruit-a-lives" are sold by all dealers at 50c a box, 6 for \$2.50, trial size, 25c.—or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

Married at Annapolis.

A very quiet wedding took place in the Methodist Church at Annapolis Royal August 1st, when Gertrude Maud Walker, daughter of Captain Andrew Walker, of Glenferris, and Walter Vernon Elliott, of Glenferris, were united in marriage by Rev. Porter Shirley of the Annapolis circuit, it being the first wedding to take place in the new church there. The bride looked charming in a travelling suit of tan, with large white hat trimmed in white and orange blossoms. After the ceremony the bridal party drove back to the bride's home in Glenferris, where a supper was served to the bride's most intimate friends and family. The bride's father gave a reception in honor of Mr. and Mrs. Elliott the following Tuesday, there being about fifty guests present. A very enjoyable evening was spent. Pretty dresses were the feature of the evening, and lovely is the best description of the dress of the bride, which was of green satin, trimmed with Valenciennes medallions. She also had a huge bouquet of pond lilies. The bride was attended by her sister Mildred and Miss Mabel Adams, of Digby. Mrs. John Love presided over refreshments, which passed off very successfully. The bridecake was sweetly decorated with pond lilies. The great ceremony in which both bride and groom were held was shown by the exquisite display of presents, the same being both numerous and costly. The friends of Mr. and Mrs. Elliott wished them many happy years of married life.

Died at Port Wade.

Mrs. Esther P. Hood, who was visiting her nephew, Mr. Norman McGraith, at Port Wade, died there on August 1st, after a short illness, at the advanced age of 71 years and 3 months. Mrs. Hood was a native of Nova Scotia, but had resided in the United States for many years. Her husband had been in the army and had been in the service of the government for many years. She is survived by three sons and several nephews and nieces, as well as a large circle of friends. The funeral took place on the 3rd inst., the services being conducted by Rev. Messrs. Porter Shirley and Davidson.

Philadelphia Bermuda Race.

The ocean motor boat race from Philadelphia to Bermuda was won by the Dream, the smaller of the two contestants, after expending about \$100,000 on a rough passage all over the 110 miles course. The Dream is 80 feet long and the Katherman 51. The elapsed time of the Dream was 105 hours, 6 minutes and 5 seconds, and the Katherman 120 hours. The Dream captured the cup and the \$1,000 prize by nearly 20 hours.

A PLEASANT OUTING

The First Annual Cruise of the W. N. S. Y. C.

More than Fifty Members of the Club Were Present.

THE WEATHER WAS DELIGHTFUL AND THE BOATS PRESENTED A DRAUGHTFUL MARINE PICTURE.

One of the most delightful outings ever enjoyed by our townspeople and summer visitors, who were fortunate enough to be members of the Western Nova Scotia Yacht Club, took place last Monday afternoon when the W. N. S. Y. C. made their first annual cruise.

The boats got away at 1.50 p. m., under command of Commodore Dunham,

THE OAKESILLA

the flagship Oakesella leading the fleet the entire distance to Annapolis, the other boats proceeding under slow speed.

Anchored at Goat Island were the strops Peggy, with her owner, Mr. T. E. G. Lynch, and party on board, and the Molly with her owner, Mr. R. Shipman, and party on board.

As soon as these boats were sighted the power boat Guyanna III, with her owner, Mr. Guy Dunn and party on board, was sent to convey Mr. Lynch and guests to Annapolis; and the Princess, with her owner, Mr. P. W. Holdsworth and party was sent to convey Mr. Shipman and his guests to the same port of destination.

In the meantime the whole squadron was slowed down, all anchoring near the government wharf at Annapolis at about 3.55 p. m.

Vice-Commodore Romans on board his cabin cruiser Bonook arrived at Goat Island from Bear River, but was obliged to return before the fleet left Annapolis, owing to an important business engagement.

Rear Commodore Gripps arrived in Annapolis on board his open launch Photophore before the fleet was ready to return to Goat Island, having arrived in Digby on the Halifax Express just after the boats had sailed.

The run from Annapolis to Goat Island was certainly a pleasant one and the marine picture of the fleet at the anchorage at sunset should have induced an enterprising photographer to have been present, for these copies would have been in demand at a profitable price.

Here the fleet was joined by several members who had chartered a commercial boat to convey them from Digby.

It took but a few minutes to land on the island more than fifty of the Club's membership, which numbers about sixty.

Here a bountiful luncheon was enjoyed, followed by a short address from the Commodore, thanking the other officers and members for the great success taken in the Club at its first annual cruise. This was followed by appropriate remarks from the members and loud cheers for the Commodore and Club.

The tenders now presented a busy appearance; flags were hoisted down on board the yachts, running lights and side lights turned on, and at sharp eight bells the best get under way, arriving at Digby at about 10.15, thus ending one of the best outings ever spent on Annapolis Basin.

Mr. C. E. Woodman's Imp and Mr. W. J. Cahoon's Red Bird remained at the home moorings, their owners being on other boats.

The following boats were present on the cruise: Oakesella, O. B. Dunham; Photophore, J. E. Gripps; Princess, P. W. Holdsworth; Phyllis, Fritz Dakin; Lizzie M., C. W. Moise; Harry C., W. A. Chute; Viper, W. L. Holdsworth; Mac, W. B. Stewart; Guyanna III, Guy Dunn; Evangeline, Dr. Arthur H. Bogart; Peggy, T. E. G. Lynch; Molly, Raymond Shannon; Prince, Dr. G. G. Grier; and Capt. Robert Russell's Annie Laurie, the latter being under charter by E. M. Robertson and party.

Death of Aged Freeport Resident.

A Freeport correspondent writes: The death of Capt. Waitstill Lewis, which occurred on Sunday morning, Aug. 4th, removes one of the oldest citizens of Freeport.

During an illness covering a period of eight years, he has received faithful and devoted attention from Mrs. Lewis, who, with the other members of the family, is remembered with loving sympathy by a host of friends.

Some eight years ago Mr. Lewis suffered a stroke of paralysis, from which he never recovered. The deceased was a member of the Baptist church and also a Mason. He was seventy-seven years of age and leaves beside his wife, seven children—four sons and three daughters; also one half-brother and one half-sister survive him.

The funeral was held Tuesday afternoon from his late residence at Freeport.

(Yarmouth papers please copy.)

Another New Boat.

Mr. Guy Phinney, who is employed on the new bridge at the mouth of Bear River, has a raised deck cruiser which he built last winter. A 12 h. p. Fairbanks-Morse motor has been installed by Capt. Robt. Russell, the company's Digby agent, which is giving excellent satisfaction.

WOMAN'S TRIALS.

The burdens a woman has to carry through life are many but they can be lightened if she will turn to Dr. Pierce's Favorite Prescription. A soothing and strengthening nerve—subduing nervous excitability, prostration, hysteria, hot flashes and the many symptoms which may be caused by distressing ill peculiar to women. For those "dragging-down" pains or distress and for the derangements and irregularities of the "Favorite Prescription" has had many thousands of testimonials from people living in every part of America. Another important thing to every woman is that this medicine is made from efficient medicinal roots, without the use of alcohol, narcotics, or any injurious agents. Full list of ingredients given on bottle-wrapper and sworn to by Dr. R. V. Pierce—who is President of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Every woman is invited to write to this Institute and receive confidential and sound medical advice, entirely without cost from one who makes the diseases of women his specialty.

Mrs. M. M. Monahan.

"I can cheerfully recommend your remedies, especially your 'Favorite Prescription,' for all female disorders," writes Mrs. M. M. Monahan, of Bluff City, Tenn. "During the past seven years I suffered from pains in the back and ovaries. Tried many remedies but found only transient relief until I was persuaded by a friend to try Dr. Pierce's Favorite Prescription. After giving this remedy a fair trial, I found that it would do just what it is recommended to do. I used in all seven bottles. I cannot speak too highly of Dr. Pierce's remedies for all female derangements."

Ladies!

WHICH appeals to you more? A truth backed by a bond of good faith, or a mere claim?

Judge this:

REGAL Flour yields the best quality and the utmost quantity of bread per barrel of any flour in the world. Costs a bit more but you save on the quantity it bakes. Lovely loaves, white and light. Fine flaky pastry too.

Essential point:

Try one barrel. If we have not here signed our name to the truth, your dealer will return your money. Then we must pay him. And worse still, we shall lose your good opinion forever. Remember—Regal—the flour that is used exclusively by many of the best bakers in the provinces.

SAVAGE FISH.

Peral Have Been Known to Tear an Alligator to Pieces.

The most savage and bloodthirsty fish in all the waters of the earth are the peral, declares Charles Livingston Bull in "Under the Roof of the Jungle." They are from twelve to fourteen inches in length and look not unlike the northern bass, although more powerfully built. They have been known to attack an alligator, discover a rent in the skin of the great reptile and tear and devour him until nothing but his bones and rough skin was left.

The peral are silvery green in color. Their thick, muscular jaws are armed with rows of teeth like those of a crocodile, sharp and triangular and fitting exactly together. These jaws and teeth are most formidable, being able to cut to pieces anything less hard than the shell of a tortoise. The lower lobe of the tail is longer than the upper one and all the fins short, giving the impression, as do the thick, rounded body and head, of great strength.

It is fortunate that in all the length and breadth of northern South America these rapacious little murderers are found only in widely scattered localities. Thus one pool will harbor a great school of them, while for miles in either direction up or down the same stream there may not be another individual.

Were it not for this peculiar localization the jungles would be nearly stripped of animal life, for beasts and birds and reptiles must drink, and while those of a few species can get all the water they need from the dew on the leaves in the morning, by far the greater number must come to the streams and pools. Even creatures like that master fisherman, the otter, must give the peral a wide berth, and no other fish can inhabit the same waters.

They have been known to leap a foot out of water and bite a piece out of a man's hand as he was stooping to dip up a drink.

EARL LYTON'S BAD TASTE.

A Dinner Speech That Called Forth Howls of Derision.

I once sat at a banquet given in London by Wilson Barrett to Lawrence Barrett, says a writer in an English magazine. Earl Lytton presided, a curled, oiled, effeminate, supercilious fop. He had a Roman tragedy to sell to Wilson Barrett. That was why he came.

He eulogized Wilson Barrett in a speech. "I believe," he said, "that Mr. Barrett won some success with a piece called (consulting his notes) 'The Lights of London.' I suppose it was the work of some dramatic hack." George Sims sat facing him and never said a word.

Then his lordship went drawing on: "I next find on the list of Mr. Barrett's successes something called 'The Silver King.' Here again I know nothing of the authorship. The names of those dramatic carpenters do not interest me." At which Henry Arthur Jones glared and a flush came into the face of poor blind Henry Herman. "Finally," said Lord Lytton, "Mr. Wilson Barrett has placed on his boards what he humorously calls a Roman tragedy. I refer to 'Claudian,' attributed to one W. G. Wells, of whom I have never heard." This was too much for the banqueters. All of them were personally acquainted with Irving's pet poet, the modest Wells. So they howled derisively.

And Earl Lytton's tragedy, produced a month later, was a dismal failure.

About Your Initials.

What do your initials spell? Some people have had queer experiences. Names like Arthur S. Sullivan are unfortunate. George (Henry) Augustus Sala preferred to make himself, like George Adam Smith, into G.A.S. Gilbert A'Becket, of course, was just G.A.B. Whistler for awhile dropped his McNeill, fearing the possible ridicule of J.A.M. Whistler. Henry Rider Haggard becomes very dignified as H. R. H.; (Henry) Austin Dobson refuses to be H.A.D., removing his first name, and Mme. de Novikoff, though no longer Olga Kireff, has become "O.K." forever.—London Chronicle.

Cables of Human Hair.

In north Japan is an enormous sea-then temple, the timbers of which were hauled from the mountains and put in place with ropes made from the hair of the women of the province. From these tresses, which were brought forth by an edict, two ropes were made, one seventeen inches in circumference and 1,400 feet in length, while the other was eleven inches in circumference and 2,000 feet long.

His Job.

"Signed up as yet?" inquired Actor Yorick Hamm.

"Not yet," responded Actor Hamlet Fatt.

"Then how do you eat?"

"I'm a professional bohemian at a bohemian restaurant."—Fittsburg Post.

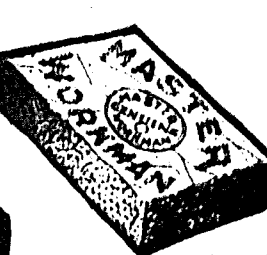

Corrected.

The Artist—Just a little C-b of mine, you see, dear madam. Miss Gush (gushingly)—Oh, no! You are entirely too modest. I should call it quite a big dash.—Puck.

The Voice of Experience.

Singleton—The woman I marry must be an ideal housekeeper. Wedgley (with a sigh)—Take my tip, old man, and freeze on to a practical one.—Chicago News.

DIGBY WEEKLY COURIER

Digby, Aug. 16, 1912

Tomorrow's Programme

DIGBY WILL HAVE THE BIGGEST CROWD OF VISITORS EVER SEEN IN OUR TOWN

If the weather is fine tomorrow, Digby will have the biggest crowd of visitors ever seen in our town. The fishermen's regatta for Western Nova Scotia will be in full swing from 10 o'clock in the morning until late in the afternoon, an official programme of which appears in our advertising columns. The cups and shields for the various races are now on display in Mr. Lindstrom's jewelry store window, and are attracting a lot of attention. Two bands have been engaged and special trains will enable people to return home the same evening.

The special train with their highnesses, the Duke and Duchess of Cornwall, and party will arrive here at 2:45. They will be met at the railway station and conveyed to the band stand near the Manhattan Hotel, where an address of welcome will be presented by Mayor Short. The town and county officials, the town clergy and their wives have been invited to be present, all of whom will be admitted by ticket issued by the Town Clerk and initiated by him.

After the reception on the band stand the distinguished visitors will be given an automobile drive around town and will embark from the government pier on board the C. G. S. Earl Grey for St. John's. A guard of honor, consisting of 100 men and a military band, especially for Digby, will arrive here via this afternoon's Bluebonnet from Halifax and leave via special train to-morrow night. Eight guns have already arrived, which will be mounted on the town property near the school, the command of Capt. D. C. McKay, will fire a royal salute on the arrival of the Vice Royal train.

The military company from Halifax will be under canvas on Battery Point when off duty.

Mayor Short has received word from Ottawa that the C. G. S. Carlew has also been ordered to Digby for Saturday's events.

A Valuable Find

(Yarmouth Telegram.)

Under the above heading the *True News* published a letter from R. Mack, who is spending a vacation at Sandy Cove, Digby Neck, in which he states that a man by the name of Maynard Cossaboon, with whom I am well acquainted, son of a widow residing about Digby road, made a valuable find a few weeks ago. While attending his lobster traps on the Bay of Fundy shore he observed a peculiar looking object floating in the water, different from any he ever saw there before. Removing it from the water he found it to be a substance of a waxy nature, rather dark in color, streaked with black, yellow and gray. Thinking it might be used to oil his fish-trap boots with, he started to take it home. But as it was about the size of a large water bucket, and some twelve pounds in weight, he tossed it into the bushes and only carried a small portion home with him. This sample on being shown to different parties was laughed at as worthless by some, others said it was wax but some declared it might be ambergris. A sample was sent to Boston, and on examination by an expert was pronounced genuine ambergris and worth \$500 per ounce. Mr. C. intends taking his valuable find to New York and the proceeds will probably prove an inestimable boon to the good widow and her son.

Recital at Sandy Cove

Tuesday night the people of Sandy Cove had the rare pleasure of hearing Miss Edith Coburn Noyes, Principal of the Noyes School of Expression, Boston, in a recital of "She Stoops to Conquer."

The play is a wonderful comedy written by Oliver Goldsmith, and the audience was one with Miss Noyes from the minute she stepped upon the platform. At the end of each act she was enthusiastically applauded. In fact, it was with a strain that the people kept themselves from applauding during her speeches. Miss Noyes told her audience a little about Goldsmith, in a charming introductory speech.

The evening was a great success if applause, laughter and careful attention are the signs.

No one should lose the unusual opportunity of hearing Miss Noyes, for she is indeed one of the most charming women Nova Scotians have ever had the pleasure of listening to.

Another Entertainment at Fenwick House

The Fenwick party was again the scene of gaiety on Friday evening, Aug. 9th, when a mock marriage ceremony was performed. The contracting parties were Miss Florence Fisher, of Winchester, Mass., as bride, Miss May Forge, of Moncton, N. B., as groom, while Miss Rita Hart, of Baltimore, enacted the role of best man, and Mr. E. Grace, of Baltimore, was a fetching little flower girl. The wedding march was played by Miss Blanche Fisher, of Winchester, Mass., and the soloist was Mrs. J. Denton Neely, of Gloucester, Mass. The ceremony was performed by Miss Mary E. Higgins, of Baltimore. The presents to the bride couple were numerous and caused much merriment.

After the ceremony, a reception was held. The guests present were from New Jersey, Boston, Pittsfield, Mass., and also from Digby.

Decorations

ALL PLACES OF BUSINESS WILL BE CLOSED TOMORROW AFTERNOON.

The town building, band stand and other public places are now being decorated in honor of the visit of His Royal Highness, the Duke of Cornwall, and party, who arrive here tomorrow afternoon at 2:45. It is especially requested that all the flags and bunting that can be secured will be used by the business men and the general public during the royal visit. As will be seen by our advertising columns Mayor Short has declared tomorrow a half holiday, which we feel sure will be generally observed.

Leslie Grossmith Coming

Leslie Grossmith, the well known humorist and musician, to whom we referred in our last issue, will be at the Bijou Dream, Digby, on Wednesday evening next, Aug. 21st. Seats are on sale at Holdsworth's drug store.

OF A LOCAL NATURE

Rev. James A. MacMillan, pastor of the Methodist Episcopal church, Simsbury, Conn., will preach in Grace Methodist church, Digby, next Sunday evening, and Mr. Ralph Walker, of Arlington, Mass., will play a violin solo.

A Sad Death

MURIEL R., ONLY DAUGHTER OF MR. AND MRS. A. R. TURNBULL, DIED MONDAY.

Death is sad under any circumstances, but the death of Muriel R., the only daughter of Mr. and Mrs. A. R. Turnbull, which occurred last Monday morning, has cast a gloom over a large portion of the residents of this town who deeply sympathize with her affectionate parents and little brother Milton who are left to mourn the loss of one of the brightest and best little girls that Digby ever possessed.

Little Muriel had been ill but a few days. On Sunday an operation was performed by Dr. Garrigue, of New York, assisted by Drs. DuVernet and Read, of Digby. Her death was from general peritonitis caused by appendicitis.

Mr. and Mrs. Turnbull, the physicians and nurses and everything in their power to restore her to health, but the end came as stated above.

Muriel took a deep interest in her studies, her Sunday school, day school and music, and was well advanced in all of them, considering her age. She was a general favorite with all who knew her and her acquaintance was a large one.

The funeral, which was largely attended, took place from her parents' residence at 2:30 Wednesday afternoon, the services being conducted by Rev. I. Daniel, pastor of Grace Methodist church, assisted by Rev. R. Lindsay, pastor of the Bay View Presbyterian church. The pall bearers were Ernest Turnbull, E. L. and H. E. Ryan, John Turnbull and Rossy Turnbull. The floral tributes were beautiful. Among those in attendance were the members of her Sunday school class, of which the grief-stricken mother is the teacher. The deceased was also a member of the Sunshine Mission Band and took a sincere interest in the good work.

The Coroner extends its deepest sympathy to the bereaved ones.

The Hobbie Skirt

In a recent issue the *Halifax Herald* published the opinions of several townsmen on the above subject. The following is the opinion of Rev. G. W. F. Cullen, pastor of the Wesley Smith Memorial church, Digby, formerly of Grace Methodist church, Digby:

"I have not as yet referred to the matter in the pulpit, but it is possible that I shall do so. There can be no doubt that generally speaking, girls and women receive from men precisely the degree of respect which the conduct and character commands. A girl dresses in a way which spells modesty as plain as day; if her style of dress invites impudent familiarity, she must expect it.

It is indeed a thing to be deplored that the style of dress to which you refer is being adopted by so many girls who are too young to know the consequences of such an invitation to familiarity as undressed dress furnishes.

Conductors' Outing

The Yarmouth *Times* says: Last week a party of 11 R. C. conductors and their wives had an enjoyable trip to Bridgeville, Chester, Yarmouth and other seaside towns in Western Nova Scotia. They had a special named meeting of the Order of Railway Conductors, Mr. and Mrs. Modery, (H. A. S. W.), George Williams (D. A. R.), Harry Edwards (H. A. S. W.), Arthur Allen (H. A. S. W.) and Gus Decker (D. A. R.) were among the guests.

Centerville Wedding

A happy event took place at the home of J. A. Swift, Centerville, on Saturday evening, Aug. 10th, when Mr. Vernon V. Duke and Miss Edna E. Swift were united in matrimony. The marriage ceremony was performed by the Rev. J. T. Leane, of Centerville, where the bride and groom both belong. The bride was given away by her father and looked charming. The bride gave the bride party a certificate and a pleasant evening was spent.

Have You A Bad Sore.

If so, remember these facts—Zam-Buk is by far the most widely used balm in Canada. Why has it become so popular? Because it heals sores, cures skin diseases, and does what is claimed for it. Why not let it heal your sore?

Remember that Zam-Buk is altogether different to the ordinary ointments. Most of these consists of animal fats, Zam-Buk contains no trace of any animal fat, or any mineral matter. It is absolutely herbal.

Remember that Zam-Buk is at the same time healing, soothing and antiseptic, kills poison instantly, and all harmful germs. It is suitable alike for recent injuries and diseases, and for chronic sores, ulcers, etc. Test how different and superior Zam-Buk really is. All druggists and stores at 50c. box. Use also Zam-Buk Soap. Relieves sunburn and prevents freckles. Best for baby's bath. 25c. tablet.

A MARTYR TO HAY FEVER

"Fruit-a-lives" Cured After 15 Years' Suffering

CORNWALL CENTER, ONT., NOVEMBER 27th 1911.

"I was a martyr to Hay Fever for probably fifteen years and I suffered terribly at times. I consulted many physicians and took their treatment, and I tried every remedy I heard of as being good for Hay Fever but nothing helped me.

"Then I heard of 'Fruit-a-lives' and decided to try them, and I am thankful to say that this remedy cured me completely.

To every sufferer from Hay Fever, I wish to say 'Try Fruit-a-lives'. This medicine cured me when every other treatment failed, and I believe it is a perfect cure for this dreadful disease—Hay Fever."

Mrs. HENRY KEMP.

The real cause of Hay Fever is poisoned blood, due to the faulty action of the bowels, kidneys and skin.

"Fruit-a-lives" cleans the blood by regulating bowels, kidneys and skin, thus relieving the excessive strain on the nervous system. Try 'Fruit-a-lives'.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

CORRESPONDENCE.

To the Editor of the Courier:

DEAR SIR:—I am enclosing herewith a small cheque, which may be of some assistance to you in defraying expenses in connection with the Regatta you are holding this month. I fully expected to be home to enjoy this, but my partner, Mr. Watson, was called away to the old country on business, and it is impossible for me to leave until he returns. Although this is a disappointment, yet it will be offset by my being able to attend the "Stampede", to be held here from the first to the sixth of September. This is going to be one of the best things that the West has ever seen, and we already have a number of horsemen here from Texas and Mexico who are securing the country for the hardest and roughest specimens of horses they can get. Special arrangements are already being made for the housing of the people who are expected here. They are coming from all parts of the West, from as far East as Montreal, and in the other directions from the Coast. Wish that the Digbys could plan on bringing their car through about that time, for they would be assured of a rare treat.

With kindest regards to all, the boys, I am,

Yours truly,

A. H. HOLDSWORTH.

Calgary, Aug. 7th.

Promoted to Master.

Capt. Andrew E. McDonald, chief officer S. S. Yarmouth, has been promoted to captain of that ship. Captain McDonald has been with the Dominion Atlantic Railway company for eight years, starting as third officer of S. S. Prince Arthur. He was after

ward promoted to second officer of the same ship and has served as chief officer on both the Boston and Yarmouth. Capt. McDonald was born in Prince Edward Island and has a brother, who is master of a large ocean liner. His many friends here and elsewhere will join the Committee in wishing him continued success.

Thrilling Yacht Race at Chicago.
PATRICIA, THE CHALLENGER, WAS ONLY THREE LENGTHS BEHIND THE WINNER.

On Aug. 10, the first of the series of yacht races between the United States and Canada, at the water carnival and naval review went to the United States today. In a thrilling race the Chicago, flying the colors of the Chicago Yacht Club, defeated the Patricia, representing Canada, finishing over the line three lengths ahead of the Canadian challenger. Just twenty-two seconds time separated the two thirty-foot sloops at the finish. The third time the boats crossed the line was followed by the annual Chicago River Marathon. Swims of thousands of persons lined the banks of the river in a cheering mob to witness the struggle which was won by William V. McGarvey of the University of Illinois. W. F. McManis of the Illinois A. C. was second, and W. F. Kaiser, representing the Missouri Athletic Club of St. Louis, third. Police followed the contestants in boats rescued three of the swimmers from drowning. A woman, said to be a professional swimmer, capsized into the river. It was the Brazilian sloop bridge to and a "contender" whom she said "I thought to be drowning. The contender proved to be her husband, also a professional swimmer. There was considerable excitement even the moment until the crowd learned that the two swimmers were in no danger of being drowned.

St. John People Disappointed.
(Yarmouth Herald.)

St. John, Aug. 8. Since the announcement was made of the appointment of Rev. E. L. Brand, Digby to the Bishopric of St. John, there has been considerable comment among Catholics who have been well known for their devotion to the Catholic faith. The first step in the way of a protest was taken at a meeting of the A. O. H. division, No. 1, held this evening. There was considerable talk of a mass meeting to further urge a reconsideration by the Church authorities of the appointment.

Navy Conference.
London, Aug. 10. Hon. Mr. Borden will invite Sir Wilfrid Laurier to attend the naval conference to be held in Ottawa on his return from England, and thus obtain the viewpoint of the premier and leader of the opposition.

The premier today expressed his pleasure at being possible to pay Sir Wilfrid this compliment. He said Canada and the Empire owe him a large debt, but in this day of tribulation an unimpossible debt.

Death of T. E. Corning.

HIGHLY RESPECTED CITIZEN OF YAR MOUTH PASSES AWAY.

The death occurred at Yarmouth on Friday last of Thomas Edgar Corning, K. C., after a long illness. The deceased was a prominent and highly esteemed citizen of that town.

Mr. Corning was born at Chegeoggin, Yarmouth county, on the 11th day of April, 1842, and had consequently passed his 70th birthday. He was the son of the late Nelson and Sarah Murray Corning, and married on the 25th of August, 1889, Miss Jane Alden Baxter, daughter of the late John and Lois Baxter, of Yarmouth. One daughter, Jennie Sarah (Mrs. Harry Daley), survives. He is also survived by two brothers, Jefferson, of Chegeoggin, and William, of Yarmouth, and one sister, Mrs. George M. Patten, of Lynn, Mass. He was admitted to the Bar on the 30th of October, 1880, and began practice in Yarmouth immediately afterwards, continuing until Jan. 1st, 1885, when he was joined in business by Mr. Lewis Chipman, the firm being known as Corning & Chipman up to the present, although failing health compelled Mr. Corning to retire about two years ago.

Mr. Corning had served in many positions of trust, and was for several years Solicitor for the Municipality of Yarmouth, and upon the town becoming incorporated was appointed its Recorder, which position he held until his health compelled him to resign. He was a Conservative in politics, and so prominent had he become that in June, 1882, he was elected to the County for the seat in the Local Legislature, in which he was elected. He was also elected by the Conservatives as their candidate in two contests for the Federal House, but was unsuccessful.

Mr. Corning took a deep interest in the affairs of the town, and his word was a law as far as his bond, and his integrity was unimpeachable. He was a member of the Episcopal church and a Past Master of H. C. M. Lodge, A. F. & A. M. The funeral took place Tuesday afternoon and was very largely attended. The floral offerings were magnificent.

A letter of sympathy was sent Mrs. Harry Daley, only daughter of the deceased, by the Liberal Conservative Association of Yarmouth.

Boston Defeats Digby.
In a well played game on Wednesday last, the Boston team defeated Digby by a score of 17 to 10. Boston led in the first inning by a score of 12 to 1, but Digby, who had pitched excellently, had it this period, worked out the Boston boys gathered in nine runs in the next innings.

Thus, the star pitcher of Digby, seemed unable to hold the heavy bat, which he had pitched excellently, but he was hit hard and badly in the next innings.

The batting rally was started in the sixth by E. J. Lague, who landed the ball over the fence, clearing the checked bases. The first double plays proved very effective, two of them being made by E. J. Lague and E. Lague. E. Lague made one hit raising a catch in left field.

In the following inning the Digby boys started a great batting rally, which resulted in a full down Boston's lead, but it could not hold, and the Boston boys left the field with two runs to their credit.

The up and down was as follows:

Team	1st	2nd	3rd	4th	5th	6th	7th	8th	9th	Total
Digby	0	0	0	0	0	0	0	0	0	0
Boston	12	0	0	0	0	0	0	0	0	12

Death of Capt. Benj. Davis.
The death occurred at his home on Wharf street, Yarmouth, at 11 o'clock on Friday night, of Capt. Benjamin Davis. The deceased had been an invalid for several years, a victim of paralysis, having been confined to his bed since Christmas day, 1910. He was 68 years of age, with great fortitude and courage he had borne the past few years of great suffering.

He was a native of Westport, having been born on the 19th April, 1846. He leaves a widow, two sons and two daughters. Capt. Walter, of New York, Frank L. of Yarmouth, Miss S. Phoebe, at home, and Mrs. Robert L. Davis, of Yarmouth, are his children, and his wife, Mrs. Emily Leonard, and Mrs. Hannah D. Rice, of Westport, are sisters.

Capt. Davis came in life followed the sea and commanded vessels chiefly in the coast and West India trade, and also became owner in several vessels trading from Yarmouth. He was of a kind hearted and genial disposition, which endeared him to his friends. The funeral took place Tuesday.

The King Honors New Brunswick Lady.
London, Aug. 10. The Canadian news of the day may now be regarded as closed. Hon. Mr. Doherty, who leaves London for good today, will spend a few days in Ireland, sailing from Queenstown on Friday next, with Mr. P. J. Aherne accompanying him. Mr. H. H. Borden, according to present arrangements, following two days after.

The premier will spend the week end with Lord R. B. Borden, and will be accompanied by the city of Glasgow and attending the launching of the Canadian Australian steamer on Friday next, when it is hoped, Mrs. Borden will participate in the christening ceremony.

The King has appointed Lieutenant Governor J. S. A. Doherty, of Yarmouth, to the position of Lieutenant Governor of New Brunswick, replacing the late Mr. J. S. A. Doherty, who died on the 10th of July, 1911.

Three Boats on Yarmouth Boston Route.

Duke Saved the Life of Sailor.

HIS ROYAL HIGHNESS RESCUED MAN WHO FELL OVERBOARD.

(Friday's Chronicle.)

There is one man in Halifax who undoubtedly owes his life to the presence of mind and prompt action of H. R. H., the Duke of Cornwall, and that man is a sailor aboard the Earl Grey.

As the tender conveying the Governor General to the Royal Nova Scotia Yacht Squadron yesterday afternoon was approaching the landing pier, this sailor was standing on the bow of the boat ready to ward the craft off from touching the pier, when losing his balance he fell overboard going down head foremost. The distance between the boat and wharf was very narrow and lessening every second. Had the man come up without aid being at hand to bring him aboard the boat he would undoubtedly have been crushed between the wharf and the tender, but the quick grasp of the situation by H. R. H. prevented such an accident. The Duke was the first to render assistance and obtaining hold of the sailor or assisted by several of the naval officers accompanying him pulled him on deck, with a very little margin of time to spare before the gap between boat and wharf was closed.

Fog and Ice Delayed Liner

THE SPIRAL, NARROWLY ESCAPED COLLIDING WITH BERG ON NEW-FOUNDLAND COAST

MONTREAL, Aug. 17.—A thrilling tale of impenetrable fog and deadly ice is told by Captain H. Anderson of the Norwegian steamer Spiral that docked here today with 100,000 feet of pitch pine from Jacksonville, Fla. The Spiral was eleven days on her voyage, only nine of which, however, were spent steaming for the port. For two days she lay fogbound off Grene Island. Three times an attempt was made to edge out of it, but each time the dangers were too great, so Capt. Anderson lay at anchor until the weather cleared.

The Spiral had a narrow escape from colliding head-on with ice off Newfoundland. Every watch had been set and the ship was creeping along at a very slow speed, when the captain caught a very fleeting glimpse of blue ice dead ahead. The engines were reversed and the vessel thrown to starboard, passing the berg by less than a ship's length. "I've been twenty-six years at sea, but I never saw such a fog in my life," declared Capt. Anderson.

Additional Features at St. John Fair

During the Exhibition week, musicals will be held at regular intervals among exhibitors; manufacturing demonstrations will be held in Machinery Hall; judgments will be made in the Art

Fatal Collision Near Halifax.

SUBURBAN TRAIN AND SHUNTER CRASH HEAD-ON. ENGINEER KILLED. HALF DYING.

HALIFAX, Aug. 19.—A head-on collision tonight at Halifax between the suburban train of the N. S. R. and a shunting engine, badly damaged the suburban engine and inflicted such injuries on Engineer Hugh Hale of the suburban that he is dying. One of his legs was split downwards from the hip and he was terribly hurt otherwise.

The fault was with the shunter, who should have kept on the other track. Shortly before midnight the hospital doctors said that Hale could not live more than a few minutes.

New Hampshire Town Paralyzed by Lightning Bolt

CLAREMONT, N. H., August 15.—A bolt of lightning paralyzed business of this town to-day. Entering the power house of the Claremont Power company, it started a fire which destroyed the switchboard and caused a loss of about \$15,000. The shifting of power forced a suspension of all work on the trolley lines and stopped operations in factories using electric power. The town was without electric lights to-night.

Little Hope of Saving Str. Eric

SEA-WASHER OVERCAUL STRANDED AT SABLE ISLAND

HALIFAX, Aug. 19.—A despatch this evening from the steamer Eric, ashore at Sable Island, says the seas are washing over the deck of the steamer and she has been driven little nearer to shore. Forward it may be found possible to get her off but does not look as if there were much chance.

The steamer Seal came in today with 5,000 bushels of corn saved from her cargo. The Eric had about 3,000 tons of it.

Mountain Climber Killed by Avalanche

BOMBAY, INDIA, Aug. 17.—W. Hunter Workman, the mountain climber, and explorer, is reported to have been killed by an avalanche while climbing in the Himalaya range in the north of India. Native Coolies attached to the expedition report that a great avalanche overwhelmed the party.

St. John Boy was Badly Injured.

St. John, Aug. 18.—Joseph Isaacson, three years old, was struck by the wheel of an ice wagon here yesterday and his scalp was torn from the skull. He is in a serious condition tonight. He had been riding on the back of the wagon and the driver not knowing that the lad was there backed the horse suddenly, knocking the lad off in front of the heavy wheel.

Two Calgary Men Killed

CALGARY, ALBERTA, Aug. 18.—Dan McInnes and D. Edwards died Saturday afternoon as a result of injuries sustained Saturday morning when a derrick at the new court house building fell, and crushed the men. Archie King was badly mangled but is alive.

FEARED HE HAD CONSUMPTION

"Fruit-a-lives" Cured Him

HUGH MCKENNA, ESQ.

St. Stephen, N.B. Jan. 10th, 1911. "I wish to tell you of the great good 'Fruit-a-lives' have done for me. For years, I was a martyr to chronic Constipation and Stomach Trouble. I was greatly run down and my friends feared I had Consumption. I tried numerous doctors and all kinds of medicines, but received no relief until advised to try 'Fruit-a-lives' by Mr. McClellan of St. Stephen, and I am pleased to say that I now enjoy excellent health. 'Fruit-a-lives' are the best medicine made, and I strongly advise my friends to use them."

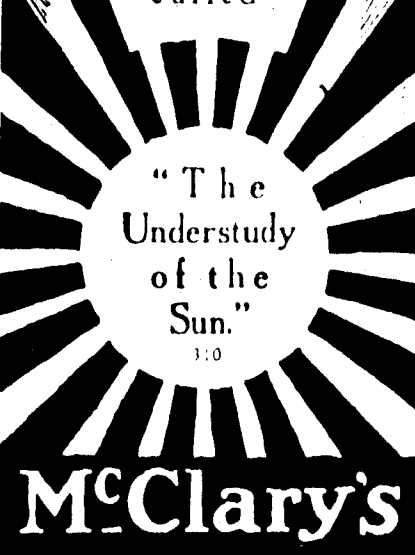

HUGH MCKENNA.

"Fruit-a-lives" is the only medicine that will positively and completely cure Constipation. This wonderful compound of fruit juices acts directly on the liver, causing this organ to extract more bile from the blood, and to give up more bile to move the bowels regularly and naturally.

COMPLETELY CURED OF DYSPEPSIA

By Ma-Dru-Co Dyspepsia Tablets

We are continually hearing from grateful people who have had experience like that of Mrs. Alice E. Cooper, of Niagara Falls, Ont., who writes:

"I wish to express my gratitude to you for the benefit I received from your most wonderful Dyspepsia Tablets. Having taken other medicines without having received the slightest relief, I heard of your Ma-Dru-Co Dyspepsia Tablets and thought I would give them a trial. I have been completely cured of dyspepsia. I will be only too glad to advise any one troubled with dyspepsia to give them a fair trial."

Ma-Dru-Co Dyspepsia Tablets not only give the immediate relief from heartburn, flatulence, acidity of the stomach and indigestion which has been so longed for, but taken regularly for a few days or weeks they completely cure the most aggravated cases of stomach trouble. When for you can get a box from your druggist, why persist in suffering? National Drug and Chemical Co. of Canada, Limited, Montreal.

HOT FLASHES.

Women in middle age often complain of hot flashes. They are at that stage of life when their delicate organism needs a tonic and helping hand which only Dr. Pierce's Favorite Prescription can give them. Many women suffer needlessly from girlhood to womanhood and from motherhood to old age with backache, dizziness or headache. A woman often becomes sleepless, nervous, "broken-down," irritable and feels tired from morning to night. When pains and aches rack the womanly system at frequent intervals, ask your neighbor about

Dector Pierce's Favorite Prescription.

Mrs. J. L. HOPKINS, of 321 S. Benton Street, Baltimore, Md., says: "I wrote you about nine months ago, telling you of my condition. I have a one baby girl - she weighed nine pounds when born. She is my third child and the strongest of them all. My suffering was only for two hours. I took several bottles of 'Favorite Prescription' and one of Dr. Pierce's 'Smart-Wind.' I never had a well day before I took your medicine. I was surprised how well I felt - could eat, was always hungry, and never had a sick stomach. The nurse who was with me said the medicine was wonderful because I got along so nicely after having had so much trouble before. She intends to recommend it to all her suffering patients. Every lady is astonished at me because I only weighed 112 pounds before and now I weigh 135. I have had several ladies come to me and ask about Dr. Pierce's medicine. I am willing to recommend it to all who suffer and want help. If any want information I will be glad to give it."

When You Do Not Sleep

Take the thousands of people who do not sleep well. All day long they fear they will not be able to sleep well. As night approaches they become more and more convinced they will not be able to sleep. They go to bed with the settled conviction that they will not go to sleep. Now such individuals, in addition to baths and other physical treatment, will do well to go to bed with the idea uppermost in their minds that they will go to sleep, and not care at all if they do not sleep.

If you can't sleep, relax and rest. That of itself will not only do you good, but by giving up you will be surprised how soon you will be asleep. It is the knowledge that they are awake that keeps thousands of people from sleeping. Relieve the mental tension, remove the anxiety and you effectually destroy the state of worry.

If anxiety comes to you, and you are prone to say 'It never rains but it pours,' repeat to yourself the philosophy of the old woman, who steadfastly by one saying refused to allow herself to worry: 'Perhaps, after all, maybe it isn't so.'

Worry and Fear

Worry and fear are at the root of nervous prostration and possibly half our ills. If we could wrest ourselves from the clutches of these two tyrants what a world this would be! As it is, we go through life afraid of almost everything. We fear it is going to rain or be too cold or be too hot; that we are going to have rheumatism or appendicitis, that this or that is going to give us dyspepsia, that the banks are going to fail, (that wouldn't bother some of us) that cholera or typhoid fever or some epidemic is coming next year. And sure enough the things that we fear and dread generally come; it is a way we have; and it is in accord with law. We are beginning to understand this in some degree, and the sooner we think of health and prosperity and all good things the better it will be for us. The old law of "everything shall thou eat" is all right. Let us take the good things with gratitude and not with health and happiness destroying fear.

Sea Gives Up \$5,000 Lost with the Titanic

New York, Aug. 22. - Heirs of Alexander Robbins, of Garfield street, York, who perished when the Titanic sank, received word from Halifax yesterday that \$5,000 the victim carried at the time has been recovered at sea.

Robbins and his wife, Mrs. Charity Robbins, sold property in England and were bringing home the money they received from it when they lost their lives. Their bodies were recovered by the funeral ship, but nothing was heard then of the money. Mrs. Patrick Curran, daughter of the victim, who lives at No. 12 Garfield street, York, got word from the secretary of the province of Nova Scotia yesterday that \$5,000 in bills and traveler's checks, her father lost, were found some time after the disaster. They were floating on the water, with other documents bearing Mr. Robbins' name.

The checks and money are to be forwarded to Mrs. Curran by the Canadian government.

The August Rod and Gun

An interesting description of Gatta Day, Newfoundland's great national summer fête day, contributed to the August issue of *Rod and Gun*, published by W. J. Taylor Limited, Woodstock, Ont., by W. Lacey Army. Following this, one is interested in the reproduction of the photographs and color paintings by the Kootenay Indians on the rocks of their native Province and in their story as told by Chas. D. Ellis. The same author also contributes the story of a trip on the Fall of the Mt. Glenora, the illustrations accompanying which help to make the reader forget the hot summer weather. Messrs. Croft, authors of the *Culture of Black and Silver Foxes*, have still another article in the August number which, as usual, is well illustrated. Many other articles deal with summer vacations in Canadian territory.

Halifax Cadet Drowned at Camp
FOURTEEN YEAR OLD BOY ATTEMPTED TO SWIM ACROSS FORD NEAR ALDERSHOT AND PERISHED.

KENTVILLE, N.S., Aug. 18. Elwood Martell, a 14 year old boy from Halifax, who had joined the cadets on Friday and had appeared in camp on the same day, was drowned today while attempting to swim across Kilmarnock pond. He was with several companions who could not swim. They gave the alarm, but before help came the boy was gone.

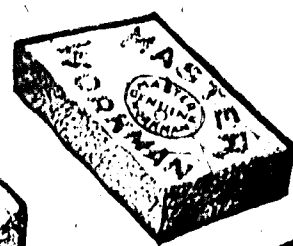

Martell had not done any drilling previously with the cadets and had been employed at the Nova Scotia Car Works, from which he got off for a week to go to the camp. An inquest will be held.

Motor Cars and Shoe Leather.

The tremendous growth of the motor car industry is producing a scarcity of leather so great that in a little over four years, according to the leading authorities in the New England shoe trade, the price has advanced 72 per cent. This advance, he stated, must inevitably result in an increase of 20 per cent in the cost of shoes all over the world. Poor folks in the remotest corners of civilization, who rarely see a motor car, will be forced to spend a larger part of their scanty income upon shoes, a necessity of existence, because rich people are pouring out money upon a new luxury.

Why He Wants to be an Editor

BOSTON, Aug. 16. "Men who would refuse to enter a church to hear certain truths would read the same truths in a newspaper and applaud it," was one of the statements made by Rev. Charles W. Casson in announcing his withdrawal from the pulpit of the Third Baptist Church of Boston. He is a believer in woman suffrage, public ownership and socialistic ideals and adds: "I expect to do vastly more good as an editor than as a minister."

SYNOPSIS OF DOMINION LAND REGULATIONS.

ANY person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions: by father, mother, son, daughter, brother or sister.

Duties: 80 months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. In certain districts a homesteader in good standing may pre-empt a quarter section along side his homestead. Price \$100 per acre.

Duties: Must reside upon the homestead in person six months in each of six years, from date of homestead entry (including the time required to earn homestead patent) and cultivate the land.

A homesteader who has exhausted his homestead right and cannot obtain a preemption may enter for a purchased homestead in certain districts. Price \$300 per acre. Duties: Must reside six months in each of three years, until value fifty acres and over a house worth \$5000.

MOTHERHOOD SUGGESTIONS

Advice to Expectant Mothers

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

New Brunswick's New Bishop.

WAS BORN AT WYOMOUTH FORTY YEARS AGO.

The Montreal *Advertiser*, Shediac, prints the first precise statements that have been published regarding the new Bishop of St. John. It says Monsignor Edward Albert LeBlanc was born at Wyomouth, N.S., on August 15, 1872, so that he is in years of age today. His father was a farmer. Educated at St. Joseph's College, Moncton, N.B., the Bishop of St. John, N.S., was ordained priest by the late Archbishop O'Brien at Halifax on June 23, 1898. He was assistant priest at St. John's, N.S., from 1898 to 1901, when he was placed in charge of the parish of St. John's, N.S., remaining there until 1901. Then he spent a year at Salmon River, N.S., and in 1902 he transferred to St. John's, N.S., where he has since spent the last five years.

A Sydney, C.B., despatch says: "The consecration of the Rev. Bishop Morrison, of the Diocese of Antigonish, will take place on Thursday, Sept. 12, at St. John's church, Antigonish. It is also believed that there will be a double consecration, as it is reported that the Rev. Bishop LeBlanc of St. John, N.S., will be consecrated at the same service, both coming to Antigonish for the ceremony."

of the bowels is an absolute necessity for good health. Unless the waste matter from the food which collects there is got rid of at least once a day, it decays and poisons the whole body, causing biliousness, indigestion, and sick headaches. said he was buying it for a girl he knew. That same night Estelle showed me the bush in her yard and told me to guess who gave it to her. I named Frank—you know he had been attentive to her—and she laughingly denied it, but I insisted. I said things that were unforgivable at that time and Estelle ended everything between us. Pride on both sides did the rest. Of course it's too late now—she has forgotten me."

He looked away with such regret in his eyes that Ellen frightened at the memories she had disinterred, slipped away and went into the house, where she told her mother the story of the pink rosebush and what disaster it had wrought in Ned's life.

Mrs. Northrop was a small, wiry woman, with snow white hair and delicate features that belied the strong will that lay behind her apparent gentleness. She had bitterly blamed Estelle Bromley for her part in Ned's unhappiness, and now that the other side of the story had reached her she was quite as eager to exonerate the girl.

To Ellen she said, little. Her lips pressed firmly together and her needles flying in and out of the shawl she was knitting she fell into an unaccustomed silence. Mother love was planning and plotting.

The week went slowly by. Every morning, at daybreak, Mrs. Northrop tiptoed across the wet grass to the hedge and peered through to see if the pink rosebush in Bromley's garden was a bloom. There were five buds on the bush, and each day they swelled and grew larger until the day before Memorial Day they showed ready to burst into bloom.

Estelle had arrived the night before. They had seen the station stage stop at the door and Mrs. Northrop and her daughter had watched Estelle's tall, graceful figure alight and run up the path to meet her father and mother. Ned was reading in the sitting room and did not know of the arrival.

The full moon was rising over the eastern hills when Mrs. Northrop called her son into the garden. "Ned," she said in a rather tremulous voice, "will you do me a favor, dear? 'Anything mother, you know that,' he was quick to say.

Then will you go over to Bromley's and ask Estelle for one of the pink roses from the bush I gave her? I want it for your father's grave. You know we women folks have been unkind to all of the Bromleys.

She laid her hand on his arm and looked up at his face, which was white in the moon's light. For a long time he stood thus, very silent, battling with his pride.

He looked down and saw slow tears falling down his mother's cheeks. He thought they were falling for his father's memory. He did not know that now she was thinking only of the son's happiness.

"I'll go mother," he said gently laying a hand on her shoulder. Suddenly he bent and kissed her cheek and was gone.

Straight across the grass to the old broken place in the hedge where he had been wont to pass through in other days. Once on the other side he came upon Estelle bending above the rose bush. She saw him and shrank back with a little frightened gesture of both hands.

"O," she cried softly. "I have come to ask you for a rose from this bush," he said gravely. "My mother wishes one to put on father's grave. Will you give me one, Estelle?"

"To-morrow you may have them all," she said gently.

"Would you give me one as a token of forgiveness for the unhappiness I have caused for my utter folly, Estelle?"

She plucked a half opened bud and gave it to him. For an instant he held the rose and the hand that clasped it. "This I'll place on the grave of my folly," he said bitterly.

Estelle looked in his face and read the truth. Then she placed her other hand in his. "Keep it in memory of our reconciliation," she whispered.

Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed, it is swollen, and the air cannot pass through it. The result is that the sound waves cannot reach the eardrum, and deafness is the result. Unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Also cases of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous lining.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that can be cured by Hall's Catarrh Cure. Send for circular free.

It was no wonder that he stood with eyes and mouth wide open while the curved row of choppers were placed under the faucet and vigorously brushed. Naturally grandfather enjoyed the situation immensely, and wondered what the young man's comment would be. He did not have to wait long, for the kiddie soon piped up in challenging tones.

"Heck! can't take 'em, eyes out, grandpa!"

And grandpa allowed he couldn't.

Success

The successful men are those who have worked while their neighbors' minds were vacant or occupied with passing trivialities who have been acting with indecision. They are the men who have tried to read all that has been written about their craft, who have learned from the masters and followed craftsmen of experience, and profited thereby; who have gone about with their eyes open noting good points of other men's work, and considered how they might do better. Thus they have risen above mediocrity, and in striving toward perfection have educated themselves in the truest manner.

All Wed On One Day

In the city of Plougasatel, in Brittany, France, all marriages take place on one and the same day. The men are all fishermen, many of them going as far as the Newfoundland Banks, and are at home only during a few months in the winter. One day in early February is set apart for the weddings. Little courting is done, but much haggling over the dowry of the girls. They have to bring a certain quantity of linen, chickens, pigs, and vegetables. Frequently a match is broken off because the girl's father refuses to add a sack of potatoes to the dowry.

On the day set, the inhabitants of the region go to Plougasatel. The whole population goes to church to hear mass, to take communion, and to witness the wedding ceremonies. Often five and more couples are united on the same day. Bride and groom do not walk together until the ceremony has been completed. For the rest of this and the whole of the next day every house is open to receive guests and to provide food and drink for them. On the evening of the second day the young men carry the dowries of the brides to the houses of the grooms. There they dance and frolic until early morning, and, after they leave, the couple are for the first time together and alone. During the remainder of the year no marriages are concluded.

Granville Wedding

A pretty wedding took place at Granville on Wednesday last week at the bride's parents, Mr. and Mrs. R. J. Woodward, when their daughter Edna M. became the bride of William V. Spurr, a popular young merchant of Torbrook Mines. Only the immediate relatives of the bride and groom were present. The parlors were prettily decorated with potted plants and cut flowers. The bride, who was given away by her father, presented a most attractive appearance in a lovely gown. At the conclusion of the ceremony, which was performed by the Rev. N. A. MacNeil, Mendelssohn's wedding march was played, an automobile conveyed the happy couple to Bridgetown, en route for St. John. The wedding gifts included a generous check, cut glass, silver, china and linen. The grooms' gift to the bride was a necklace set in pearls andethysts, and to the flower girl a gold chain and locket.

The Berlin Concert at Bear River

The people of Bear River had the great pleasure on Wednesday evening of listening to another of the excellent concert-given by Signor and Madame Berini. The musical citizens of that town greatly appreciate the privilege of having these fine artists with them while summering there. They recognize that such artists are seldom heard in small towns. Music lovers welcome them everywhere after they have heard them at one recital. We cannot speak of all the numbers on the program. Misses, by Berini, sung by Signor Berini, was particularly enjoyed, showing the flexibility and shading of his magnificent tenor voice to great advantage. Mrs. Berini charmed all with her "Lullaby," "Lullaby," and "Lullaby," by Berini. She has a beautiful, soft voice of unusual range, taking the high C with ease. The duets from "Rigoletto" and "Il Trovatore" are musical gems when sung by such artists.

A Royal Photographer

During the visit of the Duke of Connaught at Halifax last week Mr. O. M. Hall, of the Notman Studio, received a Royal command to proceed to the Dock Yard and Photograph the Duke and Duchess of Connaught, the Princess Patricia, accompanied by their Ladies-in-Waiting and Aids-de-camp, together with the officers and crew of the steamer Earl Grey. After the photograph of the group had been taken, His Royal Highness advanced to Mr. Hill, took him by the hand, saying: "Believe me, you have photographed His Majesty the King, my son, Prince Arthur of Connaught, and my brother, the late Duke of Edinburgh. It was, therefore, my desire that I should be added to the list of royalties photographed by you. Mr. Hill is the father of Rev. Dr. Hill, of Yarmouth."

Married in St. John

Yesterday's St. John *Telegraph* says: The home of Mr. and Mrs. Frederick Fullerton, St. John West, was the scene of a very pretty wedding at 3:30 o'clock yesterday afternoon, when their daughter, Miss Bessie Helena was united in marriage to Joseph Willard Sabine. The ceremony was performed by Rev. L. S. Sabine, brother of the groom, assisted by Rev. A. J. Archibald, in the presence of a few relatives and friends. After the ceremony a reception was held, Mr. and Mrs. Sabine will leave on the Montreal express on a visit to friends in Caledonia county. They will reside in Weymouth, N. S., on their return. Both the bride and groom received many handsome presents.

In the West Florida Country, there is not the least bit of the old, exploited and overworked country. This West Florida Country is rich in soil, healthy, moisture heat in the summers, not cold in the winters. Fruits, vegetables, hay and water melons, oranges, fish and oysters are in abundance, and chickens are extremely high, and this good climate to raise them in. The land of the world has never been advertised before for sale, and no extravagant offers are put out to show the enormous growths to the public, but the growths are here at the same, with a climate seldom equalled and never excelled. The most common ailments and Tuberculosis are cured in numbers of instances. The land is so fertile and productive if properly handled. The majority of the acres are in the hands of the land and prefer just enough to take out an extra crop. We are offering lands in tracts of ten to one hundred acres at twenty dollars per acre. These dollars are down and the balance at the rate of fifteen cents per acre per month. Also we have some small and large improved farms, with all the modern conveniences, figs, etc., etc. No interest or taxes until the purchase money is paid. THE ROYAL PARTY.

Governor General and
Suite Left Toronto
Wednesday Night.

Expect to be Away from Ottawa until
October 21

THE ITINERARY ARRANGED WILL GIVE
DUKE, DUCHESSE AND PRINCESS
A GRAND CHANCE TO SEE
THE COUNTRY.

Their Royal Highnesses, the Duke and Duchess of Cornwall, left Toronto on Wednesday on an extensive tour through Western Canada. The whole of the journey will be made over the line of C. P. R., excepting the run from Winnipeg to Saskatoon over the Grand Trunk Pacific, and from Saskatoon to Prince Albert and Edmonton, over the Canadian Northern.

Leaving Toronto at 7:30 p. m., Wednesday the royal train proceeded to South St. Marie, arriving there yesterday at 10:30 a. m., making a full day's stay in the Soo to inspect all points of interest in this district. The party is scheduled to leave the Soo today, Aug. 31, at 8 a. m., for Port Arthur, reaching that place tomorrow morning, Aug. 31. Only a few hours stop is arranged for there, as Fort William has also to be included in the day's itinerary, and the royal train will start on its journey to Winnipeg at 8:30 p. m., making the Manitoba capital at 10 o'clock on Sunday morning.

Here the royal party will be transferred to the Grand Trunk Pacific Railway proceeding to Saskatoon at 5 p. m., and arriving at Saskatoon the following morning. After spending the whole of the morning in that city, the royal party will proceed via the C. N. R. at noon to Prince Albert where a couple of hours will be spent and an overnight stop made to Edmonton, arriving at that city at 10 o'clock the following morning. Almost two days will be occupied in seeing the sights of the most northern city of the prairies, has to offer, and at 11:30 p. m., on September 1st, the party will start on its journey on the C. P. R. to Calgary and thence to the coast. The royal party is scheduled to arrive at Calgary at 1:15 p. m., so that it is highly probable that a few brief stops will be made en route.

Two days are set apart for the festivities in Calgary and during their stay here it is expected that their Royal Highnesses and suite will visit the great Stampede, which is fixed for that week. The royal train is due to leave Calgary on Sept. 7, and timed to reach Banff in the Canadian Rockies, on Friday, September 13, at 4:30 p. m. In the meantime the C. P. R. has made arrangements for their Royal Highnesses to inspect the great irrigation works, which the company is carrying out at Glenora, not far from Calgary, and the huge dam costing millions of dollars which is about completed across the Bow river. It is expected, will formally declare the opening of the gigantic works in this section which are being carried out under the auspices of the Department of Natural Resources of the C. P. R.

A short stay will also be made at Cochrane, in the foothills, after which the royal train will proceed to Banff. On Monday morning, September 10, the royal train will pull out of Banff station for Laggan. A full day has to suffice for the beauties of the scenery of the famous lake in the clouds, and the royal party will proceed to Kamloops at 1:30 a. m. on Tuesday, September 17, where only a brief stop will be made and the run to the coast will follow quickly, arriving at Vancouver at 3 p. m. on Wednesday, September 18. The royal party will remain here until Monday, September 22, and in the evening a large program has been planned for their Royal Highnesses by the city of Vancouver, a trip to New Westminster being included for the Saturday, and the works of the C. P. R. at Coquitlam.

At one o'clock in the morning on Sunday, September 22, the royal party will embark on the C. P. R. steamer Princess Alice, and a sea trip to the north will commence, the destination being Prince Rupert, arriving at that port the following day about eleven o'clock. Three days will be occupied by the royal party here, and on Thursday, September 25 the return journey will be commenced, taking in Nanaimo on September 27, and after a three hours stay over, the steamer will make for Victoria, arriving there at 6 p. m.

The stay at Victoria will occupy six days, an elaborate programme having been provided for the royal party, after which has been exhausted the special steamer will leave for Vancouver at noon on October 3, arriving at the Pacific coast port at 5 p. m. The return journey will be commenced via the Crow's Nest Pass, after a visit to the Okanagan Valley, Vernon will be reached on Friday morning, 4th, and after a brief stay the royal train will leave for the Okanagan Landing. On arrival here the C. P. R.'s steamer Okanagan will be in readiness to convey the royal party across the lake to Penticton, arriving there on October 5, on which day the royal party will visit Summerland and Kelowna, returning to Okanagan Landing at 7:15 on Saturday the same day. About three hours later the royal party will leave for Arrowhead, where on October 6th they will embark on another C. P. R. steamer, the S. B. Hamilton, and sail through the Arrow lakes to Robson, and sail to Nelson, where the royal party will be transferred to the C. P. R. steamer "Moyie," on October 7th, and proceed to Kootenay Landing, with a brief stay at Balfour en route. On Tuesday, October 8th, the long train journey will again be taken up, Macleod being reached at 8:45 p. m. on that day.

A full day has been set apart for this place and on Wednesday, October 9, the royal train will proceed to Lethbridge, arriving there in an hour and a half's run. All Thursday, October 10th, will be devoted to Lethbridge, and at 10 p. m. the royal train will depart for Medicine Hat, where a short visit will be made, and then Moose Jaw, arriving there that night.

The following morning will be spent in the city and Regina reached that afternoon. The week end will be taken up by the programme which this entertaining city has provided, and the royal train will leave for Indian Head where the experimental farm will be

HOW BLOOD IS MADE.

The liquids and the digested foods in the alimentary canal pass through the wall of the canal into the blood. This process is called *absorption* and takes place chiefly from the small intestine. After absorption the blood carries the food through the body, and each cell takes from the blood the food it needs. A pure glyceric extract made from bloodroot, mandrake, stone, queen's root and golden seal root, and sold by druggists for the past forty years under the name of

Doctor Pierce's Golden Medical Discovery,

gives uniformly excellent results as a tonic to help in the assimilation of the food and in the absorption by the blood of the food it requires. Eradicate the poisons from the blood with this alternative extract which does not shrink the white blood corpuscles, because containing no alcohol or other injurious ingredients. Thus the body can be built up, strong to resist disease. This is a tonic taken from Nature's garden that builds up those weakened by disease. Sold by druggists everywhere. Address: World's Dispensary Medical Association, Buffalo, N. Y.

Mr. CHAS. FARMER, Jr., of 812 Woodlawn Ave., Philadelphia, Pa., writes: "I was troubled with my stomach for almost three years. Tried several doctors and most everything anybody recommended to me, but kept getting worse and honestly did not care to live as I was never well even though, at times, I had no pain. My symptoms were as follows: Always tired, my whole body in a throbbing condition of pain and soreness to the stomach, vomiting, constipation, could not tell what to eat or what would agree with me, and was melancholy. But after taking Dr. Pierce's Golden Medical Discovery with the 'Pleasant Laxative' it has made me a well man which is something to live for."

Weather forecasts.

The old people are wont to quote some little couplet on the weather, which has the value of good prophecy couched in such language that it is easy to recall when in doubt about weather conditions. At this time of the year, when vacationists scan the skies with more or less anxiety and the dog days bring us many frocks in the line of conditions some of these verified predictions are interesting. Here are some of the more notable.

'If the sun goes pale to bed,
Rain tomorrow it is said.'
Evening gray and morning red,
Put on your hat, or you'll soak your head.'

'Long foretold, long last;
Short notice, soon past.'

'If rains begin ere morning light
They end before the sun is bright.'

'When rheumatism gives more pain
Than usual, it's going to rain.'

'Rain from south will kill the drouth,
Rain from west is always best.'

Trees get dark before a storm; dry seaweed gets damp; walls do the same; doors are hard to shut; tulips and dandelions close up; tooth ache; orna pain; your old bullet wound itches; the sun sets in a bank of clouds.'

'If the leaves of the tree curl up,
with the wind from the south, rain is indicated.'

Loosening Glass Stoppers

You have probably seen people try all sorts of tricks to get the glass stopper out of a bottle. Sometimes they will try to pry it loose with a shoe horn or a pair of scissors, or they will hit it against the edge of the mantelpiece, and in many cases will crack the bottle before they can loosen the stopper.

The thing that makes the stopper stick is that the neck of the bottle is too tight, and if a bottle filled with anything warm has a cold stopper put in it there is sure to be trouble getting that stopper out again. The way to get the stopper out is to make the neck of the bottle larger and the small end fraction of an inch will do, so small that no human eye could see it.

Glass responds very quickly under the action of heat and cold, which is why a sudden change of temperature will crack a glass dish so easily. But if you want to make the neck of a bottle expand just enough to loosen a stopper, moderate heat quickly applied is the thing.

The trick is to heat the neck and work the stopper loose before the heat reaches the stopper and swells that up too. Some persons use a match, druggists use an alcoholic flame, but the safest thing is a rag wrung out of the warm water and wrapped around the neck of the bottle.

Severely Simple

The new models for fall millinery are severely simple, and a return of the old fashioned sailor in felt, velvet and plush, and small hats that look like derbies, with rolling brims, is predicted.

These latter hats are very becoming, and made in dark shades of velvet, plush and satin. They will undoubtedly have a tremendous vogue.

A bunch of small ostrich feathers, marabou or osprey is coquettishly fixed to one side very far in front of the hat. The wine shades, reds and purples are to be among the favorite colors.

Many French women have taken to wearing their hair short—that is, clipping it off around the face and ears and arranging it in curls. This mode or coiffure calls for close fitting caps of hats or the cavalier style of hat, and we may expect many such next fall.

The Magdalen Islands

This little archipelago consists of 13 islands, some of which are uninhabitable, all connected at low water by a long stretch of sandy beach, entirely without vegetation but haunted by myriads of gulls, terns, gannets and other sea birds.

The first settlement of the islands was made in 1763 by a remnant of the Acadians who were driven out of New France by the English. Their principal trade is to fish the waters of the Gulf of St. Lawrence for cod, mackerel, lobsters, etc. They also raise some crops in the valleys and feed a few sheep and cattle on the high conical hills of the islands. The Magdalenes are a simple, primitive and industrious people, who earn their livelihood under discouraging climatic conditions.

Canning Peas and Beans

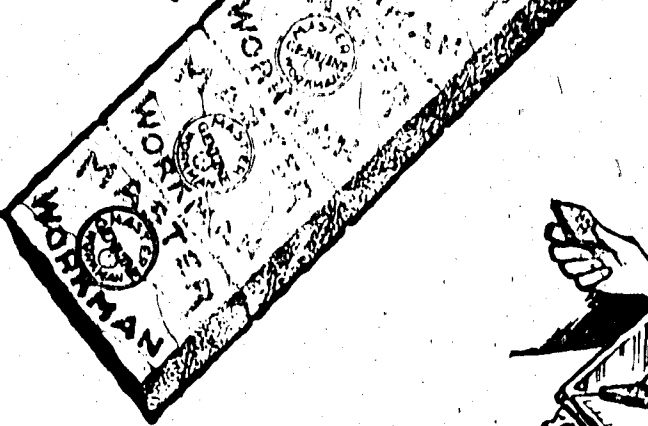

Peas, string and lima beans are canned in the same way. Only fresh young peas should be used, and they should be canned as soon as possible after the hulling. In the case of string beans much depends upon their being young and tender. String carefully and break into short lengths and pack firmly in the jar. The lima beans should be very carefully sorted, so that no beans that have begun to harden or spot get into the jar. They should be canned immediately after they are shelled.

The process of canning here given insures thorough sterilization by steam the only reliable sterilizing process. Never place the jar in the boiler with out first making sure that the side springs are not clamped down.

TORONTO WOMAN WELL AGAIN

Freed From Bearing Down Pains, Backache and Pain in Side by Lydia E. Pinkham's Compound.

Toronto, Ont.—"Last October, I wrote to you for advice as I was completely run down, had bearing down pains in the lower part of bowels, backache, and pain in the side. I also suffered terribly from gas. I took Lydia E. Pinkham's Compound and am now entirely free from pain in back and bowels and am stronger in every way. I recommend Lydia E. Pinkham's Compound highly to all expectant mothers."—Mrs. E. WANDY, 32 Logan Avenue, Toronto, Ontario.

Consider Well This Advice. No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial. This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for nearly forty years proved to be a most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Daring Attempt to Wreck C. P. R. Train

SECTION MAN FOUND SPIKES EXTRACTED AND AXLE BARS REMOVED FROM RAILS.

WINNIPEG, Aug. 21.—A discovery of an elaborate attempt to wreck a Canadian Pacific passenger train No. 108, on the Stone Wall branch at a point ten miles south of Winnipeg, was made by a section man early this morning. The train was due in Winnipeg at eight, and between six and seven it was discovered that spikes had been extracted and steel bars removed from both lines of track, the front end of the rails being pulled out until they stretched outside the ties.

Spikes indicated that men had been working on the wrecking job some hours, probably this morning, and the displaced material had all been carried away. The wrecking crew has been unable to discover spikes or bars. The section man went north to the nearest point and stopped the train. Chief Bell, of the Canadian Pacific Police, is working on the ground with a body of men, and it is expected that the wreckers will be found out.

SHIPWRECKED

Carl and Gretchen were sweethearts in Germany before Carl was ten years old.

It was very pretty to see them playing together on one or the other of the patches of ground belonging to their respective parents. Carl was a trifle darker than Gretchen, but that was because Gretchen's hair was like a cloud of streak, with the faintest tint of yellow sunlight on it, and her eyes were as blue as the heavens against which the cloud rests. Both were light complexioned as most north Germans are, both had chubby red cheeks and white teeth.

When Carl came to be eighteen years old and Gretchen sixteen he was full of ambition to make a home for himself and his sweetheart. The little farm was too small even for his father and mother and the younger children, and he had no hope of making a home for himself in a land where persons all ways remain the same. So he resolved to go to America.

He had never spoken of love to his little playmate, not even when she had grown old enough to think of marriage. He did not speak of it when he told her he was going to America. He did not need to speak of it or to ask for a reply in words. When he announced his purpose Gretchen looked at him with her big blue eyes, and they filled with tears. He took her in his arms and told her he was going away to make a nest for them both, and when he had made enough he would send her the passage money to follow him. But when she asked how long that would take he said he would have to learn a trade before he could lay up money for the home, which would require several years, her heart sank.

For at her age even one year seemed interminable.

Carl reached the new world in safety and, being a bright young fellow, succeeded in getting a carpenter to take him as an apprentice and teach him the trade. He mastered it readily, though he was obliged to serve out the time of his apprenticeship before he could work for himself and earn money. And when that term was finished he was obliged to buy tools before he could be regularly employed. So it was three years before he could go to work as a member of the union, and even then he was put on merely as a helper.

But the time came at last when he earned enough money to send for Gretchen, and he didn't wait to earn enough to buy the home. He had got his trade and could lay up money, and he felt that with Gretchen to comfort him he would get on just as well as he could as if separated from her. So he sent her the passage money, and when she received his letter containing the draft her heart bounded for joy.

There was the regret of leaving her poor old father and mother, but it was the nature of the young to leave the parent nest to make one of their own.

It was springtime when Gretchen sailed from Bremen in the steamer of a liner for New York. Carl had written her that he would meet her at the immigrant station, where they would be married, so that she would not be sent back lest she be a charge on the nation.

Carl didn't think it necessary to tell her where to come to him in case he should miss her, for she could not get through unless he married her.

One morning a few days before the ship leaving his sweetheart was due Carl

Milliamen Refused to be Vaccinated And Were Discharged.

HALIFAX, N. S., September 3. Eleven men at the Nova Scotia military camp at Aldershot were dismissed today because they refused to be vaccinated. The rule is that if a soldier is not vaccinated when he arrives at the camp, the must be done that day or the day after. Six men from the 6th P. I. F. and ten from the 65th R. I. F. had not been vaccinated and refused to allow it. Accordingly their accoutrements were taken from them, they were dismissed and were escorted under guard from the camp to the railway, and sent home. One of them was a sergeant.

Wallace Bridge Ready.

An Amherst dispatch says: The Wallace bridge, one of the largest concrete and steel structures in Nova Scotia, has been completed and was formally opened on Wednesday, Sept. 4th.

The bridge and approaches is considerably over half a mile long and crosses the North Wallace with the old historic town of Wallace. The bridge was built by the provincial government and will be formally opened to traffic by Premier Murray and other leading members of the Nova Scotia government.

Tragic End of Bridgetown Man

E. C. YOUNG SHOT HIMSELF THROUGH HEART AS HE KNEW BY HIS SIDE.

BRIDGETOWN, N. S. Sept. 2.—The town today is in a state of gloom because of the tragic and fatal shooting affair at the home of Mrs. E. C. Young last night.

After service Mrs. Young had gone home and was reading for an hour. After retiring it occurred to her that her son, Wilbur, was still in his room, where she had left him on going to church. Mrs. Young went upstairs and on opening the bedroom door saw a light burning. Her son, Wilbur, was found kneeling by the bedside with hands and head down. A foot away was a loaded revolver. She reached towards him and said: "Wilbur, why have you gone to sleep in this position?" Then taking him by the shoulder, she turned him aside, when he fell to the floor.

A slight examination by the bewailed mother and the awful fact became apparent that her son had been shot through the heart.

Mrs. Young rushed out of doors crying: "Oh, my God, my son is shot; run for a doctor." Doctors were quickly summoned, but nothing could be done, death being instantaneous. The coroner gave a verdict of accidental death by a shot from a revolver in the hands of the deceased.

Young was thirty-five years of age.

Good Crows for Boston

(Yarmouth Herald.)

On Saturday night steamers Prince Arthur and Boston had a very large number of passengers, the former taking out 502 and the latter 350, a total of 852. During the latter half of August the number of passengers, inwards from Boston was 2,400 compared with 3,600 for August, 1911. During August this year the number of passengers outwards for Boston was 7,924, as against 6,740 for August, 1911.

CORRESPONDENCE.

The Freeport Schools

To the Editor of the Courier:

DEAR SIR:—Allow me space in your valuable paper, to speak of the excellent work done in the Principal's department of Freeport Academy during the year 1911. Under the careful and wise instruction of Miss Lent, the Principal, twenty-one candidates, including ninth, tenth and eleventh grades were prepared to write the provincial examinations at Westport. From this number nineteen were successful, and the majority of the successful ones obtained teachers' certificates.

Miss Lent is a thorough teacher in every respect. Her knowledge of Literature, Science and Mathematics is vast. This knowledge supplemented by the methods of explanation, makes the work particularly interesting to the pupils and enables them to grasp the principals involved quite readily.

Under the careful guidance of Miss Lent, Freeport School was in a better condition at the close of the term of 1911 than ever before. The supervision of the departments under her care was carried out with great thoroughness and precision.

From the "B" grade of 1911, Acadia gets three and Normal College three, the writer being included among the former.

Miss Lent has accepted the school for another year, and the writer, together with a host of friends, wish her unbounded success.

Respectfully yours,

CLARENCE HOWARD.

The County Sunday School Convention

The annual County Sunday School Convention will meet this week in the Baptist church at Bear River on Monday, Sept. 9th. There will be three sessions, morning at 9:30 o'clock, afternoon at 2 and evening at 7:30 o'clock. Dr. Brown, the Field Secretary, will be present and none should fail to hear his interesting and helpful talks on Sunday School work. Other ministers from the County will be interested, and we hope that not only the officers of the County and Superintendents of the schools will be present, but all those interested in Sunday School work. In several departments the work seems to be progressing and with 1240 Sunday School scholars Digby ought not to be behind other Counties in this work. Our county apportionment is \$70 of which \$52.14 has been paid leaving a balance of \$17.86. Each school which has not paid its apportionment would send it in to their district secretary before the Convention, it would help us out in this matter very much. We are working to get the apportionment paid in full and to place Digby on the banner list. And last of all don't forget the date of the Convention as we want it to be a success, so that all the different departments will be developed.

COUNTY SECRETARY.

IT GROWS HAIR

Every Man or Woman Can Have an Abundance of Hair Full of Life and Beauty

Mrs. J. Harris, Wapella, Sask., writes: "I have found PARISIAN Sage to be the best scalp and hair tonic I have ever known. After using two bottles the itching and dandruff disappeared and my hair ceased to fall out."

PARISIAN Sage does not contain Sugar of Lead; a poison that often causes blood poison and sometimes death. Ask your dealer if he can guarantee some other hair preparation not to contain Lead or Nitrate of Silver. PARISIAN Sage is not a dye. Most dyes are dangerous. It is a hair nourisher, grower and beautifier and quickly banishes dandruff, stops hair from falling, and keeps hair large and healthy everywhere.

Why Have "Nerves?"

This is the reason why women have "nerves." When thoughts begin to grow cloudy and uncertain, impulses lag and the warnings of pain and distress are sent like flying messages throughout limbs and frame, straightway, nine times in ten, a woman will lay the cause of the trouble to some defect at the point where she first felt it. Is it a headache, a backache, a sensation of irritability or twitching and uncontrollable nervousness, something must be wrong with the head or back, a woman naturally says, but all the time the real trouble very often centers in the womanly organs. In nine cases out of ten the seat of the difficulty is here, and women should take rational treatment for its cure. The local disorder and inflammation of the delicate special organs of the sex should be treated steadily and systematically.

Dr. Pierce, during a long period of practice, found that a prescription made from medicinal extracts of native roots, without the use of alcohol, relieved over 90 per cent. of such cases. After using this remedy for many years in his private practice he put it up in form of Dr. Pierce's Favorite Prescription, that would make it easily procurable, and it can be had at any store where medicines are handled.

Mrs. LILA B. HAWKINS, of Zions, Va., writes: "I had been failing in health for two years—most of the time was not able to attend to my household duties. Female weakness was my trouble and I was getting very bad but, thanks to Doctor Pierce's medicine, I am well and strong again. I took only three bottles of 'Favorite Prescription,' and used the 'Lotion Tablets.' I have nothing but praise for Doctor Pierce's wonderful medicine."

BUY A FARM

In the West Florida Country, this is not the Florida that you have been reading so much about, but some five hundred miles from the much exploited and advertised country. This West Florida Country is high, dry and healthy, no extreme heat in the summers, nor cold in the winters. Fruit, vegetables, figs and water-melons, oranges, fish and oysters are in abundance, eggs and chickens are extremely high, and this good climate to raise them in. This part of the world has never been advertised before for sale, and no extravagant literature is gotten out to show the enormous growth to the public, but the growths are here just the same, with a climate seldom equaled and never excelled. Rheumatism, Catarrh and Tubercular lungs are cured in numbers of instances. This land is extremely productive if properly handled. The majority of the natives are too indifferent to cultivate the land, and prefer just enough to eke out an existence upon. We are offering lands in tracts of ten to one hundred acres at twenty dollars per acre. Three dollars per acre down and the balance at the rate of fifteen cents per acre per month. Also we have some small and large improved farms, with all kinds of fruit, bearing oranges, figs, etc., etc. No interest or taxes until entirely paid for, and should you wish a payment for thirty days, you do not lose what you have paid in. Particulars may be obtained of the Charter Land Company, Pensacola, Florida.

A Fredericton despatch says: Mayor Hooper of Fredericton who was elected grand representative at the meeting of the grand lodge of Odd-fellows of the Maritime Provinces at the meeting of the grand lodge at Yarmouth, N. S., last week, expects to leave on September 12th for the meeting of the sovereign grand lodge to be held at Winnipeg. He will go to Montreal and there join the big delegation from the New England states and Province of Quebec, and the start will be made from Montreal on the morning of the 13th of September. They will arrive in Winnipeg on September 15th and it is expected that there will be 20,000 Oddfellows in line at the big procession during the meeting of the sovereign grand lodge. On the 22nd of September the delegates will leave Winnipeg and Mayor Hooper will probably return via the Dakotas and Chicago, and will not be back in Fredericton before October 1. His appointment as grand representative holds good for two years, and the sovereign grand lodge is likely to meet in Berlin, Germany, in 1913, which would mean a European trip for his worship.

Cut Tolls of The Suez Canal.

COMPANY SAYS THE REDUCTION IS DUE TO INCREASED EARNINGS.

PARIS, Aug. 20.—The Suez Canal Company declares that it is a mistake to imagine that the reduction of Suez Canal dues is in any way connected with the Panama Canal. The directors of the Suez Canal Company have not, they say, even thought of reprisals against the Panama Canal. In reply to reports cabled here from America stating that a canal war was predicted in Washington and that this would involve all the maritime nations in the world, the Suez Canal Company today authorized the following statement:

"For many years the Suez Canal Company has pursued a policy by which every time its dividends have increased the tolls have been reduced. It was in accordance with this traditional policy that the stockholders were advised at the general meeting last June that a reduction of dues would be granted. The directors of the company have in no way considered the hypothesis of measures of reprisal."

The Suez Canal Company, at its annual meeting in Paris, on June 3, reported a large increase in receipts.

Bramwell Booth's Message

TORONTO, Aug. 20.—The Salvation Army in Canada and Newfoundland received the following message today from the new leader, Bramwell Booth: "My dear Commissioners, The greeting you have sent me on behalf of yourself and the staff and field officers and soldiers of the dominion and Newfoundland strengthens my heart in the presence of the mighty task which in the providence of God and by the appointment of our beloved general is now devolved upon me. 'My confidence is in God and I know I may rely on you. My dear father loved Canada and had hopes for the progress of God amongst you. Today it is my joy to believe that you will respond to his highest ambitions for you in spreading the honor of Christ and the power of the Army in moving and the future shall be Christ's. Let us fight for Him and never falter. Pray for me and Mrs. Booth. (Sgd) 'BRAMWELL BOOTH.'"

What kind of a silo will yours be?

Wood—or Concrete?

If you were to build two silos—one of wood, the other of concrete—side by side, and then could see them as they will look after five years of service, you wouldn't have to think twice to decide which is the best material. In a few years more there wouldn't be much of the original wooden silo left—the repairing you'd have to do would be as troublesome and cost as much as the building of an entirely new one. But the passage of five, ten, fifteen or even twenty years will make no difference to the hard-as-rock wall of the concrete silo.

CONCRETE SILOS LAST FOREVER

WIND, rain, fire and lightning are alike defied by concrete. You need no insurance against its destruction, because it cannot be destroyed. Concrete silos are best for another reason. The concrete keeps the ensilage at an even temperature, so that it "cures" better, and therefore contains more food-value for your stock.

YOU CAN BUILD ONE YOURSELF

NO matter whether you have ever used concrete or not, you can build a concrete silo. Our book, "What the Farmer Can Do With Concrete," gives all the information you will need, not only about silos, but about scores of other uses for concrete on the farm. It isn't a catalogue, nor an advertising circular. A handsome book of 160 pages, well illustrated, and written for farmers. It is free. Just send your name and address on a postcard or in a letter and the book will be sent free by return mail.

Alice and Raymond Thorne went to Truro on Monday to take a course at the High School there.

Dr. A. H. Bogart, wife, children and maid, returned to Brooklyn, N. Y., on Friday, after a most delightful outing in these parts.

Mr. Alfred Mills took charge of the mail route between Granville Ferry and Victoria Beach on Monday, having been awarded the contract.
The tea meeting held on Tuesday on the grounds of E. H. Porter, Esq., Karadale, in the interest of the Episcopal Church was a grand success. A large company assembled and the supper was well-served—just the faultless kind always served on occasions like this by the good ladies of Lower Granville. Probably if the weather conditions had been less threatening a larger number would have got there. However, it was a very enjoyable affair, well conducted and the financial results, about ninety dollars, very satisfactory.

Tiverton.

Mr. J. Brooks, of Bridgetown, is in town this week on business.
Schr. Haines Bros., Capt. Outhouse, sailed for Annapolis the 8th.
Mr. and Mrs. Gordon Sollows have returned home from Lockport.

Mr. and Mrs. Frank Todd, of Madden, Mass., have visited the past week at the home of Mr. and Mrs. Howard Burk.
Master Alden Winchester returned last week to his home in Lynn, Mass., after a pleasant visit with his grandparents and other relatives here.
Mr. M. W. Kendall and wife of Beverly, Mass., have spent the past week at Port Wade at the home of his father, A. B. Kendall, and are now on a tour through the valley, calling on relatives and friends.
A number of our young men and some of our older fishermen with their gear all ready, sailed last week in the scho. Albert J. Lutz, Capt. Apt. for the fishing grounds. The catch at this season of the year will be chiefly haddock.

Mrs. Aery, who has been visiting her sister, Mrs. E. Keane, was the subject of a successful operation last week, an American specialist, Dr. Cuy, and Dr. DuVernet, of Digby, were the successful operators. We hear the patient is doing nicely.
Mr. Ancel Casey had the misfortune to lose his dwelling, home by fire on Friday last, also a shop and woodhouse, together with a year's fire wood and fishing gear, etc. Everything was in ashes in about 30 minutes after fire was noticed. The origin of the fire is unknown. This makes a very severe loss for Mr. Casey as he only has an insurance of about \$6000.00. A large gang of men were soon at the fire but not in time to extinguish the flames which spread very rapidly with the high wind, but were of great service in saving the house opposite, occupied by Mr. Hazen Durkee.

Salmon River.

Mr. Charles Martin caught a shark in his net about 12 feet long. He had quite a lively time landing it.

Messrs. A. N. Deveau and Austin B. Deveau, have purchased a handy machine in the shape of a potato digger.

Mr. George LeBlanc, student at St. Ann's College, Church Point, left on the 4th inst. to resume his studies at that institution.

Miss Maggie S. Deveau, of Lake Umbagog, left on the 8th inst. to attend a course of studies at the Sacred Heart Convent, Meteghan.

Mr. Fred C. Deveau was in Meteghan on the 7th inst. Tuesday, coming the 3rd inst. Some of the friends of Mr. George LeBlanc assembled at his home to bid him good by before his departure for college. Among those present were Messrs. Austin E. Deveau, A. Abner Deveau, Thos. Foley, Jess C. Deveau, John L. Deveau and others.

The evening was happily passed in games, songs and music. At 10 o'clock luncheon was served by Mrs. Peter LeBlanc. All the delicacies of the season were to be found on the table. At a late hour each one dispersed to his home after having wished Mr. LeBlanc success in all his studies at the College. Mr. LeBlanc is a kind and genial youth who reckons as many friends as he has acquaintances, and during his three years at college has made good progress. Many thanks to Mr. and Mrs. Peter LeBlanc for the generous way in which they entertained their guest.

AMONG PRINTING PRESSMEN

In eastern Tennessee, in the heart of the many health resorts of the Appalachian range, and only 38 miles from the famed Asheville, N. C., "lung" district, a trinity of humanitarian and educational institutions is now being erected by the printing pressmen of the United States and Canada, which has for its objects, first, the treatment and cure of consumption; second, the advancement in skill and knowledge of the members of this craft through the means of practical and correspondence instruction; third, to offer a suitable retreat to the aged members of the organization.

This undertaking, expressive of the present day sentiment among the civilized people, is destined to exert considerable influence on labor organizations in general, as it offers vivid evidence that trade unions really are able and do promote movements having for their ultimate object a higher physical and material development of their members, instead of only fulfilling their commonly accepted mission, that they are solely vehicles used for the raising of wages.

The initial steps looking toward the building of a sanitarium for printing pressmen were taken at the annual convention of their international body, held at Omaha, June, 1909. It was at this meeting that President George L. Berry, having become alarmed at the large death rate from consumption among printing pressmen, and having devoted considerable thought and study to the subject, brought the matter before the delegates.

Governmental statistics show that out of the total number of deaths from all causes among printing pressmen between the ages of 25 and 34 years, nearly 52 per cent. are from tuberculosis. During the period from July 2, 1910, to September 10, 1910, out of 58 deaths from among the membership of the international union, 23 were from consumption, according to the reports of the secretary treasurer—certainly an appalling condition of affairs.

Mr. Masters Holds Same Position

THE EASTERN S. S. CO. RETAINS THE SERVICES OF THE D. A. R.'S NEW ENGLAND SUPERINTENDENT.

BOSTON, Sept. 11.—Mr. John F. Masters, who has been New England Superintendent of the Dominion Atlantic railway, with headquarters in Boston, ever since the company established its successful steamship service between this city and Yarmouth, will continue to fill that position under the Eastern Steamship Corporation, now in control of that line.

This announcement will be learned with much satisfaction by Mr. Masters' many friends throughout the Maritime Provinces, as well as by the travelling public generally. During his residence in Boston he has done much to build up the tourist trade between the United States and the Provinces, and has long been a recognized authority in this subject. At the same time he has been very active in the Canadian Club, the British Chamber of Commerce and similar organizations in Boston, and has held the highest offices in the gift of these associations. He is also a leading member of the Boston Chamber of Commerce and the Boston City Club.

In the course of a recent statement regarding the future of the tourist travel to the Maritime Provinces, Mr. Masters said:

"After an experience here of nearly twenty years in the line of tourist development from New England and the United States to the Maritime Provinces, I can but say that we have as yet merely scratched the surface, as it were, in point of possible development."

"New and larger steamers are now being built and are promised by the various steamship lines running from Boston to the Provinces. An era of remarkable development in tourist travel will take place during the next five years, and each and every county should participate."

"The Maritime Provinces today enjoy not only the greatest advertising feature to be found in any country, namely: the far famed 'Land of Evangeline,' but it is fast becoming distinctly known as 'The Playground and Vacation Land for New England.'"

Struck by a Whale

THE SCH. YARMOUTH PACKET HAD A NARROW ESCAPE IN THE BAY.

Capt. John Thurber, of Freeport, master of the sch. Yarmouth Packet, has had more than one thrilling experience with whales. He says that last Friday while on the way from St. John for Yarmouth, twelve miles off Bear's Head, two whales were sighted about a hundred yards on the starboard bow. One, coming straight for the vessel, circling around the port bow, sinking and coming up under the vessel, struck the bottom a tremendous blow, lifting the schooner's bow four or five feet out of the water, shaking her fore and aft, and throwing about 30 ft. of his body and tail out of water, brought it down across the starboard bow, throwing the anchor inboard, at the same time leaving a hole in the hull on the anchor and rail and buckets of slime on deck, causing the vessel to leak.

This is not the first time that Capt. Thurber has been in contact with a whale in the Bay of Fundy. In July, 1905, while master of the Freeport sch. Swan, running across the Bay from Grand Manan back for Freeport, what was thought to be a dead whale was sighted. Running as close as possible all hands were called to get a good view of it. Some one sang out he is alive and we are right over his tail! One of the crew picked up a large and heavy and struck him. Feeling the blow, the whale threw his tail in the air, sending up a tone of water which fell on deck, wetting everybody. At the same time he nearly threw the vessel out of the water. Of course in this case the captain says the whale did not strike first, but was struck by a member of the crew. Capt. Thurber adds that it is reported that whales are harmless, but he does not think so. Capt. Thurber says that while the above incidents might sound like fish stories, every word of them is true.

Until I Used "Fruit-a-lives"
World's Greatest Kidney Cure

Practically everybody in Toronto knows Professor J. P. Davis. For years, the elite of that city has taken lessons from Prof. Davis in the art of Dancing and Deportment.

His constant activity gradually weakened his kidneys, which calamity threatened to make him an invalid.

But read Prof. Davis' letter—

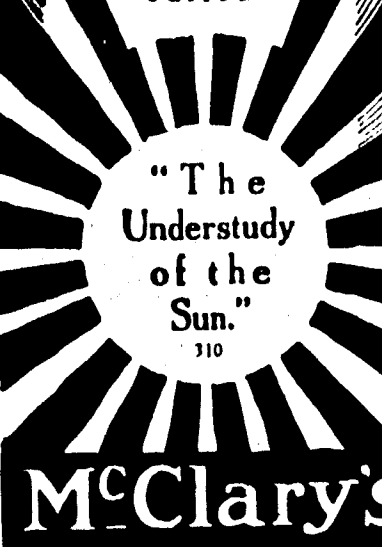

563 Church St., Toronto, Ont.

DUNSMUIR 29th. 1911
"I want to say that 'Fruit-a-lives' is my only medicine, and has been for the past five years. Previous to that, I had been troubled with Rheumatism and Kidney Disease, and had taken many remedies without satisfactory results. Noticing the advertisements of 'Fruit-a-lives' I adopted this treatment altogether, and as everyone knows, I am now—and have been since taking 'Fruit-a-lives'—enjoying the best of health."

Snow in England

A London cable says: The inclemency of the weather that England is experiencing, is shown by the fact that Tuesday's London temperature at noon exactly corresponded with that of last Christmas eve.

Wintry conditions prevail throughout England, with bitter northerly winds and unusually low temperature. Snow and sleet fell in the North Yorkshire and western, who spent the night in the open air in Surrey, died from exposure.

SEPTEMBER WEDDINGS

Married in Annapolis.

LONGMIRE-CROWE

St. Andrew's church, Annapolis, was Wednesday morning the scene of an interesting event, the occasion being the marriage of Miss Besse, H. daughter of Mr. and Mrs. James Crowe, of Annapolis, to Curtis B. Longmire, a popular business man of Bridgetown.

The church was very tastefully decorated for the occasion, the chancel being banked with blooming plants and an arch and floral bell under which were said the words that made them man and wife.

The bride was prettily and becomingly attired in a cream cloth suit and black picture hat with plumes and carried a bouquet of pink roses and looked charming. The bridesmaids were the Misses Beatrice and Bernice Crowe, twin sisters of the bride, who were dressed in pale pink crepe de chine and black beaver hats with pink plumes and carried bouquets of pink asters.

The groom was supported by Dr. A. B. Crowe, a brother of the bride. The ushers were Claude G. King, of Annapolis, and Gordon Blackie, of Truro.

The ceremony was performed by the Rev. W. B. Muir, pastor of St. Andrew's, in the presence of a large number of spectators. The presents were numerous and costly, including cut glass, silver, china and linen, amongst them being a beautiful dinner and tea set of 120 pieces from the choir of St. Andrew's, of which the bride has been a member since childhood.

At the conclusion of the ceremony a reception and wedding breakfast was served at the home of the bride's parents after which, amid congratulations and good wishes, the bride and groom left by automobile for Digby enroute to St. John from whence they proceeded for Montreal, Toronto and Niagara.

The bride's travelling suit was a tailor-made costume of navy blue whipcord with hat to match.

Married in New Hampshire.

A happy event took place last Sunday noon at the home of Rev. W. L. Sweet, pastor of the First Congregational church at Pittsfield, N. H., when he joined in marriage Mr. Everett S. Rice, son of Mr. and Mrs. Hubert S. Rice, of Everett, Mass., formerly of Digby, to Miss Margaret Eleanor, daughter of Mrs. R. S. Nick, also of Everett. The bride, who was well attended, was dressed in a travelling suit of brown. After luncheon the happy couple returned to Everett where a reception and dinner was held at the home of the bride, 52 High St. The wedding gifts were numerous, showing the high esteem in which the young couple are held by the friends of both families.

Mr. and Mrs. Rice left Everett for Boston at 8 P. M. the same evening, enroute to Nova Scotia. They arrived in Digby Monday and are among the guests at Mr. and Mrs. G. Turnbull. They are enjoying yachting and driving trips in this vicinity after which they go to St. John, Fredericton and other places of interest in New Brunswick, returning to Boston along the Maine coast via Eastern S. S. Co.'s line from St. John. They will be at home after Oct. 15 at 81 High street, Everett, Mass. The Courier extends best wishes.

Married in Barton.

A pretty wedding was solemnized at Barton on Wednesday evening, Sept. 11th, at 8 o'clock at the home of the bride's parents, when Mr. Joseph Foster, youngest son of Mr. Francis Foster, of North Ridge, was united in marriage to Miss Gertrude, daughter of Mr. and Mrs. Charles Shortt. The bride was dressed in a white gown with white trimmings to match and was attended by Miss Marion Blaney, also of Barton, who was dressed in a white gown. The groom was supported by Mr. Boyd Foster. After the ceremony, which was performed by Rev. W. Nightingale, pastor of the St. Mary's Bay Methodist church, refreshments were served and a pleasant evening spent by all who were present.

The bride received many valuable and useful gifts. Mr. and Mrs. Foster will reside in Hill Grove west, where the groom has purchased the farm recently occupied by Mr. Elery Day, where they will be at home to their friends after Sept. 25. Their numerous friends wish them many years of happy wedded life.

G. Earle Logan and Miss Irwin Married

(St. John Times)

The wedding of G. Earle Logan, B. C. L., of the law firm of Baxter and Logan, and son of Mr. S. E. Logan, to Miss Emma Zila, daughter of Mr. James H. Irwin, of 191 Paradise row, took place at half past six o'clock Monday morning in St. John Methodist church, the ceremony being performed by Rev. Wm. Lawson.

The bride, who was misattended, was given away by her brother, William Irwin. She wore a traveling costume of sapphire blue, a white hat trimmed with white wings and pearl trimmings, and carried a bouquet of white carnations.

As the bride entered the church, Mr. Andrews, the organist, played Schubert's wedding march. After the ceremony Mr. and Mrs. Logan left on the seven o'clock train on a trip through Nova Scotia. They have been the recipients of many valuable gifts and will have the best wishes of their many friends. On their return they will reside in West St. John.

Dominion Atlantic railway train 7 and 8 will be withdrawn for the season on the arrival of No. 8 at Annapolis Tuesday, Sept. 3rd.

G. GREENE,
General Manager.

The Mianus Tows a Whale

The above illustration shows a new use for the motor boat. This whale is being towed into port by a motor boat equipped with a H. P. Mianus motor. The whale was captured by some Indians belonging to the Passamaquoddy tribe, which live in the village of Pleasant Point located on the Saint Croix River which is the eastern boundary between Maine and New Brunswick, and is about five miles from Eastport. It was captured on January 17th, 1912.

near Eastport and towed into port by a motor boat equipped with a Mianus motor as above stated. We think this is the first record of a whale being towed by a motor boat, and it is a very interesting fact. The whale was about 30 feet in length, 14 feet in width of tail 11 feet. It was sold for \$200 and the owners cut it up and tried out the oil at a sardine factory.

Eastport is the centre of the sardine canning industry. Nearly all the sardines used in the United States are caught and canned here. As whales are very fond of sardines, it accounts for this one being caught so near Eastport.

Married in Somerville.

CRITCHTON-RICE

A very pretty ceremony took place in Emmanuel Church, Somerville, on Sept. 1st, when Miss Ida Sophia Rice and Mr. Philip Seymour Critchton were united in marriage. The bride is the daughter of Mr. William Rice, whose summer home is in Digby.

The groom is the son of the late James A. Critchton of Dartmouth. The bride was unexpectedly given in white character and carried a bouquet of white sweet peas. She was given away by her father, Mrs. Robert Rice, sister-in-law of the bride, was matron of honour, and Dr. H. J. Jernigan Critchton, cousin of the groom, was best man. Mr. James A. Critchton, brother of the groom, Mr. Robert Rice, brother of the bride, and Mr. James Henshaw were the ushers. The ceremony was performed by the Rev. Arthur B. Critchton, brother of the groom. The church was beautifully decorated with clematis and goldenrod. After the ceremony the invited guests were entertained at a reception at the bride's home in Cambridge. Mr. and Mrs. Critchton received many handsome presents from their numerous relatives and friends. They will reside at Lexington, Mass.

Wedding at Granville Ferry

SKENE-WATERSHEDDON.

A fashionable wedding took place at the Methodist church, Granville Ferry, Wednesday, when Elma Mills, daughter of Mr. and Mrs. W. Watersheddon, of Granville Ferry, became the bride of Stanley Donald Skene, barrister at law, of Calgary, Alta. After a short stay at the bride's parents, Mr. and Mrs. Skene have for Calgary, where Mr. Skene has a large practice.

Prince George arrived Monday morning with 164 and returned with 200. Prince Arthur arrived Tuesday morning with 202.

S. S. Bridgewater, Capt. Landry, arrived here Sunday night, from Old Propector Lodge, via Westport, with 130 tons of old iron obtained from the wrecked S. S. Hestia which is sunk in six to eight fathoms of water. Her cargo has been transferred to flat cars and will be forwarded to Halifax via D. A. R. Mr. Frank J. Morrill, the popular signal agent at the Brier Island signal station, piloted the Bridgewater to Digby, returning home Monday via Weymouth. The round pilot has the editor's thanks for a package of coal secured by a diver from the Hestia in eight or ten fathoms of water.

The following vessels have reported at the Digby customs house since Sept. 6th: Luard, 9th, schr. Emerson Faye, Perry, fishing; schr. Bridgewater, Landry, Grand Harbor; schr. Dorothy, Hill, Parrsboro; 10th, schr. Mary M. Lord, Poland, St. John; 12th, schr. Bear River, Woodworth, St. John; schr. Dorothy M. Smart, Longmire, fishing; Outward—6th, schr. Loran B. Snow, Snow, fishing; 8th, schr. Emerson Faye, fishing; Dorothy, Hill, St. John; 10th, schr. Mary M. Lord, Poland, St. John; 12th, schr. Bear River, Woodworth, Bear River. In for harbor—D. G. S. Helens, St. John for Yarmouth.

DANGER PERIOD OF WOMAN'S LIFE FROM 45 to 50

Interesting Experience of Two Women—Their Statements Worth Reading.

White Oak, Ont.—“At Change of Life when doctors could do no more and I was given up by my friends, Lydia E. Pinkham's Vegetable Compound came to the front and did wonders for me. I had been having female troubles for years, my head troubled me severely at times, I had bearing down pains and backache and I was very anæmic from excessive flowing. I recommend your Compound highly and do all I can to advertise it as a genuine woman's medicine.”—Mrs. SYLVESTER MANNING, White Oak, Ontario.

The Case of Mrs. Kirlin.
Circleville, Ohio.—“I can truthfully say that I never had anything do me so much good during Change of Life as Lydia E. Pinkham's Vegetable Compound. Before I had taken one half a bottle of it I began to feel better, and I have continued taking it. My health is better than it has been for several years. If all women would take it they would escape untold pain and misery at this time of life.”—Mrs. ALICE KIRLIN, 358 W. Mill St., Circleville, Ohio.

The Change of Life is one of the most critical periods of a woman's existence. At such times women may rely upon Lydia E. Pinkham's Vegetable Compound.

A Trustful Nature.

An aviator descended in a field and said to a rather well dressed individual: "Here, mind my machine a minute will you?"

"What?" the well dressed individual asked. "Me mind your machine? Why, I'm a United States senator."

"Well, what of it?" said the aviator. "I'll trust you."

A Golden Wedding at Riverdale.

A correspondent writes: A very pleasant event took place at the home of Mr. and Mrs. Peter Wagner, Sept. 9th, to celebrate their fiftieth anniversary. The room was handsomely decorated with autumn leaves and wild flowers, the decoration being done by the bride's two sisters, Mrs. W. R. Kintread and Mrs. C. Power. A beautiful arch was formed for the old couple to sit under, the background being filled with roses. As they marched through the room their son Stephen played the organ. The selection of music played was "On Their Golden Wedding Day." The bride was very becomingly attired in a dress of cream tulle, and wore orange blossoms in her hair, and carried a bouquet of sweet carnations and lilies of the valley. After congratulations their eldest son, F. R., made a presentation of the gifts with a very appropriate speech, to which the old couple responded with deep affection. The gifts consisted of gold and greenbacks amounting to forty dollars and fifty cents besides other gifts of equal value. From hence a very bountiful table was spread on the lawn, filled to its utmost capacity, with the Union Jack gracefully waving over them speaking of freedom and prosperity. Each guest had a very dainty bouquet placed by their plate very artistically arranged by the bride's sisters. A bride's cake was placed in the center with the dates 1862 and 1912. Then they all did justice to the inner man. In the evening Mrs. Warren Bates presided at the organ. The old couple sang with songs of praise as it did in days of yore. They were also entertained with gramophone music. The evening entertainment closed by singing, "God be With You Till We Meet Again." The guests present from a distance were, the bride's sisters, Mrs. W. R. Kintread, of Waverly, Mass., Mrs. Calveretta Power, Lynn, Mass., two sons, F. E. Wagner, of Dorchester, Mass., Stephen C. Wallston, Mass., two daughters, Mrs. Heli Stanton, Long Beach, Violet Wagner, Dorchester, Mass., two granddaughters, Miss Bertha Mullen, Waverly, Mass., and Myrtle, of Waltham, Mass., two nieces, Mrs. Warren Bates, Freeport, Mrs. George Sollows, Freeport, one nephew, Elmer Vanasse, Freeport, one uncle, Mr. Jesse Ziegler, South Berwick, he being one of the guests fifty years ago, and the two sisters. Among the company at home their other sons, Robert and LeRoy and daughter, Mrs. C. Mullen were present and Mrs. Sarah Cooman, sister of the groom, wishing them many more anniversaries.

Oddfellow Meeting at Winnipeg

SOVEREIGN GRAND LODGE IN SESSION THIS WEEK

WINNIPEG, Man., Sept. 16.—The sovereign grand lodge Independent Order of Old Fellows assembled in the Central Congregational Church this morning for the formal opening of its annual communication. D. G. Cameron, lieutenant-governor of Manitoba, acted as master of ceremonies. Sir Rodmond Roblin delivered the address of welcome on behalf of the Province and Mayor Waugh spoke for the City of Winnipeg. Other greetings were extended in behalf of the Manitoba grand lodge, the Patriarche Militant and the Hebrew assembly. The response to the greetings was made by Grand Sir Cockburn of Indianapolis. At the conclusion of the opening formalities the delegates adjourned to the Convention hall, where the sovereign grand lodge went into session behind closed doors. The gathering will continue through the entire week. Lush repastations have been made to entertain the visitors and every minute of the time allotted to the convention is to be taken up with lodge discussions, trials, dances or entertainments.

After America Cup.

It is talked freely on the street amongst those interested in Boat Racing, that if Mr. McKay Edgar really intends to challenge for the America's Cup he would ask Mr. George Herick Duggan, the designer of so many successful Seawanhaka Cup defenders, and himself the victor of the original successful Seawanhaka Cup challenger, to design the boat for him. This suggestion is not a new thing, the idea of a Canadian Challenge with Mr. Duggan as the designer having been mooted many a time before.

Mr. Duggan, when seen, declined to discuss the matter, beyond saying that this was the first he had heard of it. His friends, however, have no hesitation in talking about such a possibility. They say that Mr. Duggan is the only Canadian designer who could turn out a boat that would beat the Americans, and use the Cibo as an argument of his ability to design successfully larger boats than Seawanhaka boats, but they also agree that if Mr. Duggan undertook the commission of designing an America's Cup Challenger it would mean that he virtually would have to give up business for a time and devote himself entirely to the boat.

J. A. Craig Entertained at Gloucester

Yarmouth Light.—Mr. J. A. Craig, of Yarmouth, Past Grand Master of the L. O. O. F. of the Maritime Provinces, who has been attending the Grand Lodge of Massachusetts, made a visit to Gloucester on Monday as the guest of Ocean Lodge, and was right royally welcomed. He was met by a reception committee and was given an automobile through Magnolia, Annisquam, Rockport and the black shore. Supper was served at the Rockaway Hotel and during the evening Mr. Craig visited Ocean Lodge, where he was met by some 200 members. At the close a banquet was served.

Mr. Craig arrived back in Yarmouth Wednesday, tired but happy, and speaks in great praise of the openheartedness of Massachusetts Oddfellows.

N. S. Brig Rammed by a Steamer.

SAVANNAH, Ga., Sept. 11.—With seven men, the Captain and crew of the British brig Sceptre on board, the British Steamer Rowlands, Captain Disney, made this port last night with a story of a collision at sea and the loss of the brig. The big Steamer Captain Burke master, was bound from Lumburg N. S. for Ponce P. R. with fish and lumber.

At 3:30 o'clock Monday morning Sept. 9th, in fine weather, the bow of the steamer Rowlands suddenly appeared out of the darkness and crashed into the brig's side, practically cutting her in two.

The vessels clung together a short time and the brig's crew scrambled aboard the steamer. The brig was a total wreck. The Rowlands is from Hudson, whence she sailed Aug. 20 for Savannah.

ENJOYING THE BEST OF HEALTH

"Fruit-a-lives" Cured His Rheumatism

Prof. J. F. DAVIS

563 Church St., Toronto.

I want to say to the people of Toronto and elsewhere that "Fruit-a-lives" is my only medicine and has been for the last four years. Previous to that, I had been very much troubled with Rheumatism and Kidney Disease, and had taken many remedies as well as employing hot applications of salt bags etc., without getting satisfactory results.

Noticing the advertisement of "Fruit-a-lives", I adopted this treatment altogether and, as everybody knows, since taking "Fruit-a-lives", I have been enjoying the very best health and find it a pleasure to follow my vocation of Dancing and Department Instruction.

Prof. J. F. DAVIS.

Prof. Davis, the celebrated teacher of dancing and deportment in Toronto, is quite frank in stating that "Fruit-a-lives" alone cured him of distressing Rheumatism and Kidney Trouble.

50c. a box, 6 for \$2.50, trial size, 25c.

DIGBY WEEKLY COURIER

Digby, Sept. 27, 1912

A Well Known Steamboat Man Visits Digby.

Mr. LeBaron Thompson, travelling freight and passenger agent of the Eastern S. S. Corporation, was in Digby Monday, leaving for St. John via the afternoon trip of the S. S. Prince Rupert. Mr. Thompson is very much interested in Digby as a summer resort, and has been the means of bringing many people to Digby from Boston via St. John. He was pleased to learn that Digby's tourist business for 1912 had been the largest in her history, and said he had every reason to believe it would be even greater next year. Mr. Thompson is a thorough steamboat man, knowing every detail of the passenger and freight business, and while he did not care to talk for publication he told the Courier that his company intended placing larger and better steamers on the route between Boston and Nova Scotia than had ever run on the provincial routes before.

The Yarmouth Exhibition.

The exhibition which closes in Yarmouth today has certainly been a big success. Wednesday a special train arrived from Annapolis, Digby, Weymouth, and intermediate stations with a big crowd, returning, passed through Digby about two o'clock yesterday morning. This special was in charge of Conductor Manning Nichols and had as special police officer, Mr. H. W. Bowles, of Digby.

A Yarmouth despatch says: It is the object of the exhibition committee to make the exhibition here in all senses of the word a "Western Counties" Exhibition, and every year sees the attainment of this object growing a little nearer. This year one of the outside exhibits which attracted attention was that of Hugh Cameron, of Sissiboo Falls, who showed a number of Shropshire sheep and carried off several first prizes and many seconds.

Married at Acadiaville.

A quiet, but pretty wedding took place at the home of the bride, Acadiaville, Wednesday evening at 8 o'clock, when Mr. Joseph N. Franklin, of Hill Grove, was united in marriage to Miss Duella May, daughter of Mr. and Mrs. George Nichols. The ceremony was performed by Rev. J. V. Dixon, pastor of the Hill Grove Baptist church. The bride, who was unattended, was prettily dressed in white. Luncheon was served and a very pleasant evening spent by all who were present. The wedding gifts were nice ones, showing the high esteem in which the happy couple are held by their large circle of friends. Mr. and Mrs. Franklin will reside at Hill Grove.

Confirmation in St. Patrick's Church.

His Grace Archbishop McCarthy, of Halifax, arrived here Tuesday and held confirmation in St. Patrick's (R. C.) church, Digby, at 7:30 the same evening. Among those present were Bishop LeBlanc, St. John; Rev. Father Underwood, Dartmouth; Rev. Father Grace, parish priest; Rev. Father Bernier, Pubnico; Rev. Father Thebaud, Pictou; and Rev. Father O'Sullivan, Caledonia.

About 20 were confirmed. During the service the Venetianer was sung by the clergy.

Price Webber Coming.

The Boston Comedy Club, under the management of H. Price Webber, will appear in the Digby Theatre, (U. O. F. Hall) Digby, on Friday evening, October 11th. The play chosen for Digby is "Under the Gas Light," which is meeting with great success wherever it has been presented. Price Webber always draws big crowds everywhere and we feel sure that Digby people will give the old favorite and his company a big reception here. Don't forget the date, Friday evening October 11th. Tickets will be on sale at Holdsworth's drug store and we would advise those who desire to obtain good seats, to make their selection early.

Sudden Death at Bridgetown.

Mr. John Piggot, a well known citizen of Bridgetown, was found dead in his stable about 10 o'clock Sunday evening, the 15th inst., having gone there to look after his horse.

Mr. Piggot was 75 years of age and was a son of the late William Piggot, of Centerville, and was one of nine brothers and sisters, all of whom survive him. The eldest, a half sister, is eighty-three years of age, while the youngest has passed the half-century mark. Mr. M. C. Harris, of Bear River, is one of the sisters of the deceased.

Rally Day.

Next Sunday will be observed in Grace Methodist Sunday School as "Rally Day." A programme entitled "Building a Nation for God" will be rendered by the scholars of the school. It is hoped that the parents and friends of the school will not only see that their children are present, but will come themselves and by their presence encourage the workers of the school in their labor of love for the children. The collection of the day will be for the Sunday School Aid and Extension Fund of the church which is used in helping poorer Sunday Schools in their work.

Successful Moose Hunter.

Mr. P. W. Holdsworth returned home Friday from a successful moose hunting trip, bringing the first one to Digby this season. The deer can't touch for the excellent quality of the steak which was very much appreciated. Mr. Holdsworth had with him Mr. Edward Sullivan, the well known guide.

The Building Mover at Work.

Mr. W. A. Chute, Bear River's well known building mover, was a passenger on the Little River Saturday to move a building for Mr. Burpee Front. From there he goes to Freeport to move one for Mr. A. R. Westcott, one of Freeport's popular merchants.

Given Two Years' Sentence.

At the regular session of the Supreme Court held in Charlot Tuesday, Judge Ritchie presiding, the only case on the docket was King vs. H. H. Hadden charged with theft of Acadiaville. He was found guilty and sentenced to two years in the penitentiary.

OF A LOCAL NATURE

—Mr. R. J. Thorne has purchased the Watt property on Montague street. Thanksgiving Day this year will be observed on Monday, October 28th.

—Mr. Floyd Snow is building a new house at the corner of the Lighthouse Road.

—A large number of Digby people were in Yarmouth this week attending the exhibition.

—Divine service will be conducted at St. Paul's chapel, Marshalltown, next Sunday, at 3 p. m.

—Rev. Father Summers, of Halifax, conducted the church last Sunday.

—Capt. Ansel Snow at the Raceville has a crab apple tree on which there are buds, blossoms and ripe fruit.

—Miss Katie Wagner, of Pympton station, picked a number of violets and strawberry blossoms on Wednesday, the 25th inst.

—Rev. F. Stewart Kinley of Ogunquit, Me., will occupy the pulpit at both services in the Digby Baptist church next Sunday.

—Rev. D. W. Dixon's services for next Sunday will be Hill Grove in the morning, Barton in the afternoon and North Range in the evening.

—The correspondent who sent as a story of the parlor recital in Barton last week, omitted the name of Miss Thelma McKay, by whom selections No. 4 were well rendered.

—Owing to Friday's heavy gale in the Bay, the S. S. Prince Rupert returned to port a short time after leaving St. John, a good guarantee that it was rough when Capt. Potter turns back.

—Don't forget the Digby County Exhibition in Bear River next Friday, Oct. 18th. A special train leaves Digby for Bridgetown the same morning at 8:30 with excursionists for the N. S. Horticultural exhibition.

—A regular meeting of the Western Nova Scotia Yacht Club will be held in their rooms Monday evening, Oct. 14th, of which the members will receive due notice. In the meantime all those who have bills against the Club will please mail the same to the Secy., Mr. P. W. Holdsworth.

Married in Halifax.

BINGAY—GRAHAM.
At noon Wednesday All Saints' Church, Halifax, was the scene of the prettiest wedding which has ever taken place within it. The principals in the ceremony, being Greta, a young daughter of Mr. Justice Graham and Mrs. Graham, and Captain Hubert Bingay, of the Royal Engineers, and son of Jacob Bingay, of Yarmouth. It was a military wedding, the groom, best man and ushers all being in full uniform. The church was thronged with friends. The bride looked lovely in a gown of ivory satin, almost completely veiled in beautiful Limerick lace, and with court train of ivory brocade. The ceremony was followed by a reception at the residence of the bride's parents, and later Captain and Mrs. Bingay left for Quebec, whence they will sail for the continent for an extended tour, after which they will take up their residence in England. The bride's going away gown was of dark blue cloth worn with black hat, trimmed with willow plumes. The collection of wedding gifts was one of the largest which has fallen to the share of a Halifax bride in years, and represented friends in many different parts of the world. The groom's gift to the bride was an emerald and diamond ring; to the bride-maid, enamel and pearl brooches; to the best man, a pair of gold cuff links, and to the ushers, silver cases. From her father the bride received a substantial cheque, and from her mother, beautiful table silver, the gift from the groom's father being a cheque.

Dedication of New Masonic Hall at Annapolis.

On Wednesday evening last the brethren of Annapolis Royal Lodge, No. 33 A. F. and A. M. were holding high festival on the occasion of the dedication of their new hall.

The dedication ceremony was performed according to ancient usage by M. W. Bro. W. Medford Christie, Grand Master of the Grand Lodge of Nova Scotia, who was accompanied by R. W. Bro. Thos. Mowbray, Grand Secretary, and a number of other Grand Lodge officers.

This beautiful hall is the gift of W. Bro. Geo. B. Harris, P. M., who, although long absent from Annapolis, has continued his membership in his old lodge, and now evinces his fraternal interest in the Annapolis Freemasonry by this example of generosity. After the dedication ceremony the banquet hall was the scene of a most enjoyable supper, extending into the early hours of morning.

Among those who attended from Digby and vicinity were: R. W. Bro. Dr. Harris, P. D. D. G. M.; W. Bro. Stanley Keen, P. M.; Bro. Dr. MacDonald, A. M.; G. Bro. E. R. Mowbray and R. W. Bro. Rev. W. Duffield, P. G. C.

The Mary Celeste

HALIFAX MAN ASKED FOR INSPECTED MYSTERY SHIP UPON HER ARRIVAL AT GIBRALTAR.

Captain R. Priest, of 23 Moren Street, Halifax, read with interest the death of Captain Oliver Devenant and the mystery in connection with the brigantine Mary Celeste, which appeared in Friday's Courier. Captain Priest was a cabin boy aboard the Whitehall, which was commanded by his father, and which arrived at Gibraltar from New York, the day after the Mary Celeste was towed into Gibraltar. He was on board of the Celeste, and everything appeared in perfect condition. As to the disappearance of the captain and crew, Captain Priest was unable to explain.

Digby's Millinery Opening.

Yesterday's biggest event of interest to the ladies was Miss E. Collins' millinery opening. The display of fall and winter hats was the best ever seen in the town. Judging from the attendance at the opening, Miss Collins' business this autumn will be a record breaker.

The dates of R. Harvey & Co.'s and Clarke & Hays' millinery openings are announced in our advertising columns.

"Do you mean that girl with the spots on her face?"

Overheard in a Street-Car. There's a lesson right there!

Little blemishes of complexion, small sores, eruptions, spots, are not only unpleasant to the person afflicted, but are the first thing noticed by other people.

A little Zam-Buk applied at night to spots, eruptions, sores of any kind will do wonders.

Zam-Buk is not a greasy preparation which will go rancid on your dressing table. It is made from healing, herbal extracts and essences. Always pure, fresh and ready for use. Doesn't lose its power. Keeps indefinitely. Healing, soothing and antiseptic all the time. Try it!

Sir Edward Carson Had Close Call

A HIGH STONE DROPPED NEAR HIS HEAD—
CRASHED INTO UNIONIST AGITA-
TOR'S CARRIAGE IN THE
LAND.

LONDON, Sept. 21.—Sir Edward Carson had a narrow escape from injury during the riot at Londonderry, according to a despatch received in London by the Evening News.

A large stone was dropped into Sir Edward's open carriage from the city wall missing him by only a few inches. The windows of Lord Hamilton's automobile were broken by stones.

(Cork, Ireland, Sept. 21.—Addressing the delegates at the annual gathering of the Independent Nationalists here today William O'Brien, member of parliament for the City of Cork, expressed fear that the Insurance Act was wrecking the Liberal party and would wreck home rule with it. The policy and tactics of John Redmond both had failed, the speaker said, and all that the Nationalists had done was to double the excessive taxation of Ireland in five years.

COLERAINE, Ireland, Sept. 21.—"Ulster has never yet been conquered and never will be." This was the keynote of the speech of Sir Edward Carson, Unionist leader, who addressed a big meeting here today in opposition to home rule. Ulster loyalists, he said, had been accused of plotting treason, but they would sign the covenant, and not caring tuppence whether it was treason or not, they would keep it, and he was sure Ulster would win the fight against home rule.

Two Big Orders for Fish.

(St. John, Telegraph.)

J. N. Paulhus, member of the well known firm of D. L. Patton Company, of Montreal, was in St. John yesterday on his annual business trip through the provinces. It is understood that he has placed an order with F. B. Lent, manager of the F. B. Lent Fish Company of Westport (N. S.), who came to meet him here, for one quarter million pounds of prepared fish. Another good sized order ranging also in the hundred thousands pounds, has been placed with another concern on the east coast of Nova Scotia. From here Mr. Paulhus is going to Prince Edward Island in the interests of the oyster business.

John Jackson and others, of St. John, are interested in the Lent Company. Mr. Paulhus said that it was evident that the fish trade was very promising for the coming season, and this meant prosperity for this section of the country. Fish was gradually becoming more popular as an article of daily consumption and this should not surprise anybody when almost every commodity in the market, particularly meat, was at such high prices. He felt that an effort should be spared to advertise more widely the possibilities of the fish trade and the profits that could be realized by this city in catering to and fostering this industry, one of the most valuable assets of this province.

The Royal Party

VANCOUVER GIVES THEM A FINE SEND-OFF AS THEY ENHARK FOR THE NORTH.

VANCOUVER, September 21.—The Duke and Duchess of Connaught and Princess Patricia embarked for Prince Rupert on the Canadian Pacific steamer, Princess Alice, at 10:30 Saturday night. The royal party was escorted to the dock from the Hotel Vancouver by an escort of city mounted police, under Chief Chamberlain and Deputy Chief Mulhern. The drive from the railway station entrance to the dock occupied by the steamer, was outlined in electric lights in the national colors, red, white and blue. Carpets of red were laid from the point where the royal party alighted from their auto to the boat. As the steamer left its moorings the mayor called for three cheers for His Royal Highness the Duke of Connaught, and thereafter another three cheers for His Majesty King George. The mayor then called for three cheers each for their Royal Highnesses, the Duchess and Princess Patricia.

As the vessel moved into the stream the crowd standing on the dock, led by his worship, saluted the departing illustrious guests with the first verse of the national anthem.

To Use Concrete For King Edward Road.

A portion of the King Edward Highway is to be built of concrete, the contract for its construction having been let on Sept. 11th, by the Honorable J. E. Caron, Minister of Agriculture and Highways of the Province of Quebec. The King Edward Highway is the Canadian section of the International Highway, connecting Montreal with several large cities of the United States. Ultimately, it is expected that this road will continue as far south as Miami, Florida.

It was the original intention that the entire highway should be built of macadam; but the Honorable Minister, who has under his jurisdiction the Canadian branch of the work, has become interested in concrete roadways and has decided upon this important undertaking as a good place to try it out. Governments and municipalities are gradually coming to recognize the necessity of a more permanent form of roadway construction. That concrete is the material which best fulfills all the requirements of a permanent roadway, is a fact that will ultimately obtain world-wide recognition.

Niagara Falls Sightseers Had a Close Call.

SEVERAL MAID OF THE MIST RAN ON ROCKS NEAR THE RAPIDS, BUT GOT CLEAR AFTER PASSING—
GIRLS HAD A BAD SCARE.

NIAGARA FALLS, N. Y., Sept. 22.—The Maid of the Mist, the little steamer on which for years have carried tourists close to the tumbling waters of Niagara Falls, ran on the rocks today opposite the Ontario Power Company plant, a short distance below the cataract. The situation was so grave that Captain Richard Carter ordered the lifeboats made ready for launching and the twenty passengers equipped with life preservers. By skillful maneuvering, however, Captain Carter was able to release the steamer by its own power, and brought the frightened passengers safely to the boat's landing. Today's mishap is the nearest approach to an accident that has occurred in the sixty-five years the trip has been made by the present Maid of the Mist and her predecessor. Her hull will be examined to make certain that the boat was not damaged.

"YOU'LL SUFFER ALL YOUR LIFE"

That's what the Doctor told him

"Fruit-a-tives Cured Him"

CHESTERVILLE, ONT., Jan. 25th 1911
"For over twenty years, I have been troubled with Kidney Disease, and the doctors told me they could do me no good, and that I would be a sufferer for the rest of my life."

I doctored with different medical men and tried many advertised remedies, but none of them suited my case.

Nearly a year ago, I tried "Fruit-a-tives". I have been using this fruit medicine nearly all the time since, and am glad to say that I am cured.

I give "Fruit-a-tives" the credit of doing what the doctors said was impossible.

I am now seventy-six years old, and in first class health."

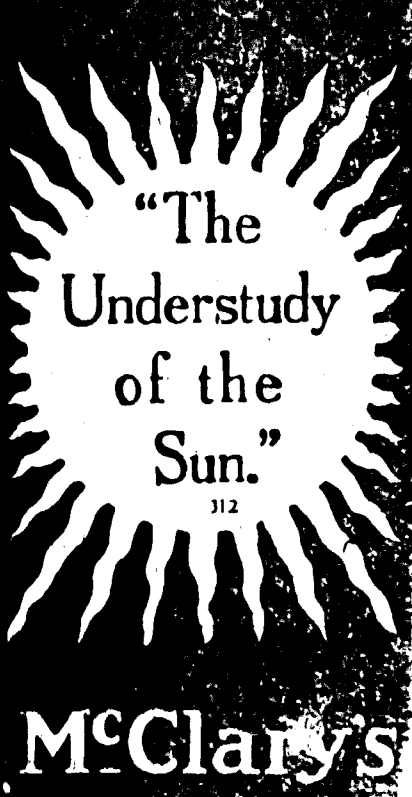

GEO. W. BARKLEY.

In all the world, there is no other remedy that has cured so many cases of so-called "incurable" kidney disease, as "Fruit-a-tives".

This famous fruit medicine acts directly on the kidneys—helping and strengthening them—and ridding the system of the waste matter that poisons the blood. See a box for \$2.50, trial size, 25c.

NATURE'S ESSENCE...Extracted From Forest Plants.

Nature's laws are perfect, but disease follows if these laws are not obeyed. Go straight to nature for the cure, there are mysteries here that we can learn from you. Take the bark of the wild-cherry tree, the root of mandrake, stone, Oregon grape root, queen's root, bloodroot and golden seal, make a scientific, non-alcoholic extract of them with just the right proportions and you have

Doctor Pierce's Golden Medical Discovery.

It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this pure glyceric extract and alternative of the greatest efficiency and without the use of a particle of alcohol.

Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of Public Approval and has sold more largely in the past forty years than any other blood purifier and stomach tonic.

"Some time ago I got out of health—my stomach seemed to be the seat of the trouble," writes Mr. E. H. Williams, of Belleville, N. Y. "I commenced to doctor with all the doctors at home as well as with other specialists on stomach and digestive organs. None seemed to do any good—in fact, most of the medicines did me harm. Finally, I wrote to Dr. Pierce, Buffalo, N. Y., who replied, stating that I had liver complaint with indigestion and constipation, and advised Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets'." "The 'Discovery' and 'Pellets' have put me on my feet again," says Mr. Williams. "I could not have recovered without them."

Dr. Pierce's Pleasant Pellets are for liver ills.

E. H. WILLIAMS, Esq.

Bake!

COULD your bake day be made a little easier? Very likely it could. Read this signed, sincere truth and judge for yourself:

Easy bakeday:

Regal Flour readily yields the best quality and the utmost quantity of bread per barrel. No flour in the world yields more per barrel. The loaves it bakes are white and light. Its pastry is deliciously flaky.

Guarantee:

Your first bakeday will tell if we exaggerate or not. If we have, in your judgment, your dealer will gladly return your money. We, in turn, must pay him back. Unless you are pleased we lose. Isn't that fair? Remember—Regal.

HUNTING TRUFFLES.

In France They Train Dogs to Find the Prized Plants.

Truffles, like mushrooms, belong to the family of the fungi, but are a distinct and very peculiar genus. They are cryptogamic plants and subterranean, their position underneath the soil varying from two to three inches to two feet in depth.

They have no root, stem or leaf and vary in color from light brown to black. They are sometimes globular in form and vary in size from that of a pecan nut to that of a duck's egg. Their surface is watery and covered with a skin. Their exact method of growth is not precisely known. They are, of course, regarded as a great luxury by the epicure.

Truffles are mentioned by Juvenal, Pliny, Plutarch and Martial. The Athenian epicures were acquainted with them, and a story is told of a bon vivant who freed a whole family of slaves who had invented a delicious method of preparing them.

France has the credit of producing the finest truffles. Dogs are commonly bred to search for them.

The method of "breaking" these dogs is to give them for a time pieces of truffles every morning before they are allowed to partake of any other food. After a certain period, when their appetite for truffles increases, pieces are hidden in the ground, and they are made to find them. Thus they are gradually taught their business, though it often takes as long as eighteen months before a dog becomes skilled in the art.

In some parts of France—Folton and Perigord, for instance—pigs are trained for truffle hunting, and by some they are deemed to be better fitted for this work than dogs.—Harper's Weekly.

SHE WAS LOYAL.

Likewise Menon Enough to Tell Lincoln the Truth.

During the war between the states Miss N., a high spirited Virginia young lady, whose father, a Confederate soldier, had been taken prisoner by the Union forces, was desirous of obtaining a pass which would enable her to visit him. Francis P. Blair agreed to obtain an audience with the president, but warned his young and rather impulsive friend to be prudent and not betray her sympathy for the south. They were ushered into the presence of Mr. Lincoln, and the object for which they had come was stated. The tall, grave man bent down to the little maiden and, looking searchingly into her face, said:

"You are loyal, of course?" Her bright eyes flashed. She hesitated a moment, and then, with a face eloquent with emotion and honesty as his own, she replied:

"Yes, loyal to the heart's core—to Virginia."

Mr. Lincoln kept his intent gaze upon her for a moment longer and then went to his desk, wrote a line or two and handed her the paper. With a bow the interview terminated. When they had left the room Mr. Blair began to upbraid his young friend for her impetuosity.

"Now you have done it!" he said. "Didn't I warn you to be very careful! You have only yourself to blame." Miss N. made no reply, but opened the paper. It contained these words: Pass Miss N. She is an honest girl and can be trusted.

A. LINCOLN.

What She Wanted. They had been married but two months, and they loved each other devotedly. He was in the back yard blacking his shoes. "Jack," she called at the top of her voice, "Jack, come here, quick!"

He knew at once that she was in imminent danger. He grasped a stick and rushed up two flights of stairs to the rescue. He entered the room breathlessly and found her looking out of the window.

"Look," said she—"that's the kind of gown I want you to get me."—Harper's Magazine.

The Eyes of the Japanese. A Japanese friend of mine once saw among my papers a picture of an Englishwoman dressed in Japanese clothing.

"She is no Japanese," he said. "She is European."

"How do you know that?" I asked him. "Her costume is correct; her hair is straight; she has no ornaments."

"Yes," he replied, "but look at her eyes. Her eyes look out on the world as though she understood it. The Japanese woman never looks like that."—From "England Through Yellow Spectacles."

Light of the Firefly. Professor McIntosh says that a temperature approaching 2,000 degrees F. would be necessary to make a light equivalent to that emitted by an ordinary firefly. The enormous waste of energy in all industrial methods of producing light is a matter of common knowledge, and the example of the firefly remains unimitated by man.—Argonaut.

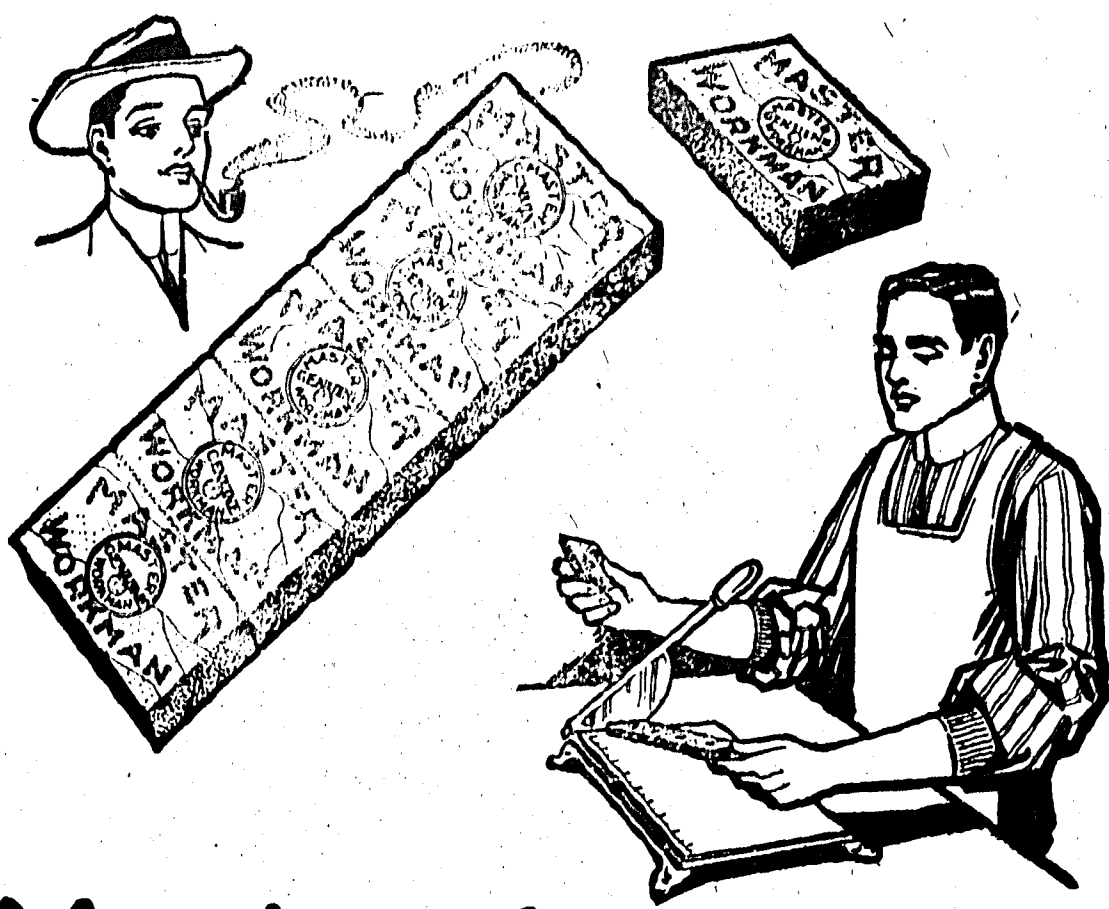

Tactful. "Johanna, please go to the pawnbroker's and pawn my gold watch. The poor man, I understand, is not getting much business, and I think we should help him along."—Pittsburgh Courier.

Still Worse. "Mrs. Fawcett has given up cigarettes."

"Did the smoke make her ill?"

"No. The smoke made her dog ill."—Cleveland Plain Dealer.

BUY A FARM

In the West Florida Country, this is not the Florida that you have been reading so much about, but some five hundred miles from the much exploited and advertised country. This West Florida Country is healthy and healthy, no extreme heat in the summers, nor cold in the winters. Fruit, vegetables, figs and watermelons, oranges, fish and oysters are in abundance, eggs and chickens are extremely high, and this good climate to raise them in. This part of the world has never been advertised before for sale, and no extravagant literature is gotten out to show the enormous growths to the public, but the growers are here just the same, with a climate seldom equaled and never excelled. Rheumatism, Catarrh and Tuberculosis are cured in numbers of instances. This land is extremely productive if properly handled. The majority of the natives are too indifferent to cultivate the land, and prefer just enough to eke out an existence upon. We are offering lands in tracts of ten to one hundred acres at twenty dollars per acre. Three dollars per acre down and the balance at the rate of fifteen cents per acre per month. Also we have some small and large improved farms, with all kinds of fruit, bearing oranges, figs, etc., etc. No interest or taxes until entirely paid for, and should you miss a payment for thirty days you do not lose what you have paid in. Particulars may be obtained of the Charter Land Company, Pensacola, Florida.
