CIGAT come to the

100th Birthday

The hundredth anniversary of the Digby Weekly Cower has brought to mind some fond memories at cytained in the following historical chapter of the other. But first, I wish to congratulate the current shows a finer of the Courier, Mrs. J.M. (Edith) Wallis, for a job wall done over the years and still being well done. According to any record. I have at hand, the Digby Courier, in one hundred years of publication, was controlled under the same family management of Wallis Print Limited. The late J.J. Wallis became didner of The Courier, the second time, in 1929, and at the same time of Courier the second time, in 1929, and at the same time of Courier the second time, in 1929, and at the same time of Courier the second time, in 1929, and at the same time of Credits spanes. which he had been running in and which became With between 1929 and 1931

J.L. and "Mac" sometimes worked overtime. I worked only the regular hours being paid a weekly wage which was comporatively good for those times and my lack of experience. I received four or five dollars a week for working after school hours to six o clock and on Saturday all day, and nine dollars a week for full weeks after finishing school. A two or three follar a week raise was offered to me in the fall of 1925 for me to stay on at printing, but, I had made up my mind to enter a branch of the Royal Bank of Canada, starting salary of \$500. The bank salary ingred out about the same per hour as for the printing job. Nevertheless, the congenial atmosphere of the printing plant those days, and, experience however short, were belpful and appreciated by me We worked ten-hour days, six days a week me printing plant those days, and, experience however short, were belyful and appreciated by me

This laid out from the water's edge, partie on level of that name. It was settled by Loyalists from New York in 1783, the most of whom went early to farms, or, moving to older countries, left the whole

free trade with the U.S.A., especially with the New England States. The question was then debated by some Digby High School students one of which was a J.J.'s' daughter. Florence (now Mes. Melvin O. Tibert, Freeport, Digby Co.) Some days after the debate a man from some part of Nova Scotia came to the printing shop looking for Florence, one of the successful debaters; I had the impression that his man was interested politically but, maybe I was wrong.

Well. I felt that I had learned considerable from my short experience at "The Wallis Job Print" I was learning to do beginner jobs, receiving some learning to do beginner jobs, receiving some learning eabout things like embossing, stapling, perforating, counting, cutting and trimming paper slock, mixing inks for certain desired colors, and so forth, but, the only experience I had at setting type was just enough to make a "pi", the printers name for a confused mess.

MUSIC FOR THE HOME

The New Edison Cabinet Phonograph !

If you have not heard the New Edison you do not realize what PERFECTION is

IN THE MATTER OF

Re-Creating Voices and Instrumental Music. The New Edison.

Is NOT a talking machine-it introduces NEW ART. It actually RE-CREATES MUSIC. Can you imagine so perfect a reproduction of every toual effect of a singer that it becomes impossible to distinguish between the artist and the mechanical result? Well this is just what THE NEW EDISON DOES. The Musical Critics of over no of America's best papers concede this after numerous and convincing tests

Want Canadians for Royal Navy

OF TOTAL OF WILL BE GIVEN THE SAN PAY AS IN THE ARMY.

Progress is being made with edits ment for the Royal Navel Canadina Volunteer Recent, which is being careful in Montreel, as well to be considered in Montreel, as well over Canada. Despite the great work the navy has done for the Empire during the first by pass of the best, Canadians had no opportunity of californic the first Royal Navy, unless they went home to Great Britain and velocities of the Royal Navy, unless they went home to Great Britain and velocities of the Royal Navy, unless they went home to Great Britain and velocities of the Royal Navy, unless they went home to Great Britain and Royal Navy, unless they went home to Great Britain and the Royal Navy, unless they went home to Great Britain sale.

enisting in the Royal Navy, unless they west home to Great Britain and volunteered, serving at the Britain rate of pay. This low rate of pay made such service impossible for men with families here, although a number did rulist in this way, several hundred juicing the Royal Naval Volunteer Motor Boat Patrol and the Royal Naval Air Service.

With the enormous increase in ton tage in the Royal Navay since the war thousands of men are needed to complete the establishment. These men could easily have been secured in Great Britain, but with conscription in force, this would simply have robbed the army. The Admiralsy, reaking that many men in Canada would rather server in the nasy than the army, saked the Canadian Government to raise five thousand men for the King's This was at once agreed to by the Canadian Government to a service of the Royal Royal Royal

This was at once agreed to by the Canada's half million men for the Imperial service overseas, with arrang ments whereby men enlisting for eas service shall be given the same rates of pay and other considerations as the land roldiers with the expeditionary forces. No esa experience is necessary, and men physically fit between 18 and 38 are given the usual privilege of jining the Royal Navy at full sea man's rank at a wage many times that prid in the British Navy, while they are rated two ranks higher than that allowed ordinary green recruits.

SOME BRITISH COMMENTS

The public should see these pictures that they may have some idea of what the army is doing and what war means.

—The King.

"If the exhibition of this picture all over the world does not end war. Get help cirtifetion. See that this picture, ch is itself an epic of self-sacrifice and gallantry, reaches everyone. Mother, wive, sisters and affianced ones, you ts will hear, your voices speak in honor and glory of the living and the iteal."

—Mr. Lloyd George.

"The Battle of the Somme, which was shown to a distinguished gattlefting at the Seata Theater yest raday is the test moving picture in the world, the greatest that has ever been produced.

"Not the glova of war do the pictures depict, but war war for all this graph, increasing and the moving News."

MUSIC FOR THE HOME

The New Edison Cabinet Phonograph !

If you have not heard the New Edison you do not realize what PERFECTION is

Is NOT a talking machine-it introduces NEW RRT. It actually RE-CREATES MUSIC. Can you imagine so perfect a reproduction of every tonal effect of a singer that it becomes impossible to distinguish between the artist and the mechanica result? Well this is just what THE NEW EDISON DOES. The Musical Critics of over oo of America's best papers concede this after unierous and convincing tests.

THE NEW EDISON DIAMOND DISCS

are the result of infinite pains and experiment, and an expenditure

SIPWARDS OF A MILLION DOLLARS

enouble of containing compositions ONE AND A HALF TIMES recorded on a talking machine record of equal size, and thu make REPRODUCTIONS OF SYMPHONIES and other PRETEN TIOUS FORMS of music never heretofore attempted.

They are practically INDISTRUCTIBLE, and can be played indefinitely

The Greatest Moving Picture in the World

The Bijou Dream Theatre of this town, by authority and sanction of the British Government and the endorsation of Their Gracious Majesties, presents to the citizens of Digby and environs as a living supplement to the cabled news despatches, the official front line moving pictures as produced at the direction of the War Office under military supervision by special operators selected from the staff of the topical committee.

SOME BRITISH COMMENTS

The public should see these pictures that they may have some idea of what the army is doing and what war means,

—The King.

"Not the glosy of war do the pictures depict, but war—war in all its grim, n elieved from utter repulsiveness by the heroic companionship and cheerful sufferin and dwarfed by the giganic powers of destruction around them."

"So vivid are the pictures that you almost hear the word of command that sends the men acrambling over the rapets of the trench."

—The Liverpool Courier.

SPECIAL NOTICE-READ THIS

At lass Dick Grimm was to have his desire, and his whole being thrilled with delight and supressed excitement. He was making his first mountain tramp, elimbing up toward the anow peaks.

At lass Dick Grimm was to have been and the peaks and the sall was a station just before the train enters the long tunnel.

Journey across the be Gotthard. Pass on foot, So he checked his luggage through to the next station, just on the otter side of the tunnel, where he had a rea ly enigged accommodation.

It was about 11 o'clock in the morning of a beautiful mild day in September.

The snow peaks towered above him glistening in their wonderful white robes. They were rather ragged robes, it must be admitted, for the summer had been warm and unusually long, so the snow had melted and slid down in to the crevices. leaving greats hare to the crevices, leaving great bare streaks, like the naked bones of some

A Woman's – Problem

How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and backache with bearing down pains and I would have heat flashes very bad at times with dizzy pells and nervous feelings. After taking Lydia E. Finkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. MaRoART GRASMAN, 759 N. Ringgold St., Philadelphia, Pa.

Rawark Mass.—"I took Lydia. Bulsham'e

Reverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousiess and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. George A. Dunbar, 17 Houndy St., Beverly, Mass.

17 Roundy St., Beverly, Mass.

Eric, Pa. —"I was in poor health when the Change of Life started with me and I took Lydis E. Finkhum's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—Mrs. E. Kissilno, 931 East 24th St., Erie, Pa.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

Concy Island's Stirrt.

The first man to realize the great possibilities of Concy Island as a summer resort was Austin Cortin, a banker and railway official. From the beginning of the last centiory the beach at Concy Island was frequented by Ton Corbin to Initiate the movement which has made "Concy" a synonym for a certain kind of amyserfat. Corbin started his financial fareer at Davenport, I.a., but in 1885 he objected a banking house in New York, and in 1873 he purchased the earstern part of Congy Island. There he created the East of the Congy Island. There he created the Beach. He also become president of the Long Island railroad and played a big part in the development of all the summer resorts on Long Island. In the last fortry years Coucy Island has become the greatest popular summer resort in the world, and in addition to the millions of transient visitors from many thousands are regular summer residents of the hotels and cottages which line its shores. Persian Words in English.

Regarding the Persian language, we all have a few words from that source in our vocabularies, although we may not be aware of our indebtedness. There are shout a dozen words in the English dictionary which trace to Persia. the most common being perhaps "orange." although this was thought by some to be derived from the Latin "aurum" (Gold). "Sash." meaning a ribbon or band (the "sash" of a window is the Latin "capsa"), "sinaw" and "sindera" are other Persian words which have become Ltoroughly acclimatized, as have "chess," "carracin," "lina," "derish" and "lac," while "emerald" and "indigo," "aurur, "bazan," "lackai," "musi, "paradise" and "schinitar" have also been traced to the same source.—London Ophion.

sympathy With Nature. The an evidence of bow directly we are related to nature that we more or tess sympatize with the weather and take on the color of the day. Goethe said he worked easiest on a high barrometer. One is like a chimney that draws well some days and won't draw at all on others, and, the secret, is mainly in the condition of the atmosphere. Anything positive and decided with the weather is a good omen. A pouring rain may be more auspicious than a sleeping sunshine. When the store draws well the fogs and fumes will leave your mind. — John Burrougha.

In Memoriam

CORPORAL BOYD P. MULLEN, WH DEC. 28TH, 1916.

Our noble Boyd is gone.
His blessed spirit fied,
Our loss to him is gain;
He's with the happy dead
No more his smiling face we'll see
Around our family fire,
The angels becknoned him away
And bade him come up higher.

His darling wife, his little child— They were his joy and pride, But he will walt to welcome then Upon the other side.

He left his home and fireside His duty to fulfill, And now we see his lonely home That stands upon Church Hill,

His many friends will mourn his His father and mother dear, But come bright day they'll m In that heavenly home so fall

We hope and pray this war shall end Upon this world so wide: We long to meet the loving ones That's crossed the ocean wide We long to clasp their loving hand And look into their face And this will bring sweet happiness In many a lonely place.

And if God wills this war to ccase And the family unite again They'll not forget the one who's god Where sorrow never reigns For he would bid them all prepare, And when this life is o'er He'll stand and clasp thom by the h Upon that shining shore.

Bail is Raised.

SAN FRANCISCO, Feb. 7 — U S
District Judge Huns today raised the
bail of Franz Bopp, former German
consul general, and associates, convicted of neutrality violations, from
\$10,000 to \$25,000 each. This action
was taken on motion of the district
attorney, who said the severance of
diplomatic relations between Germany
and the U, S warranted it.

Theodore Roche, chief consul for
the defense, said they would be unable
to raise the bail and would have to go
to itil.

Great disappointment is evidently at the United States over the lack of action by the Senate on the arming of Ammerchant vessels. Since the publication to erican merchant vessels. Since the pub-lication of the German reprojection to Mexico and Japan, American opinion seems to be collidited, and more thru any time since the beginning of the war, there seems to be a disposition on the part of everyone in the United States to protect American interests and Amer-can lives regardless of the consequences. There eeems to be a weakness in the Am-erican constitution which, in a critical me like this, permits a few Senator event action so vital to the Nation.

# Women Once Invalids

· in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Doctor Called it a Necessity. Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Horbiburg, Penn.—When I was single Lout-fered a great deal from female weakness because my work compelled me to stand all day. I fook-lydia E. Pinkhant's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the kinife to have them removed. I never want to be without your Compound in the house."—Mrs. Frank Knozi, 1642 Fulton St., Harrisburg, Penn.

#### Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills. I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone... I would not be without your remedies in the house as there are none like them."—Mrs. F. E. Yost, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up. Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. #### What's the Use of Missing So Much · Pleasure that you Could Have?

ES, you can live without music and bright ness and happiness and friends. But why should you, when these things cost so little and mean so much?

Lots of people, who said they "could do without an Edison Phonograph" before they owned one, now say they "could not do without it"—it has brought so much pleasure into their lives.

The appeal of the New Edison is universal. To those who love good music—to those who enjoy most the old air—to those who prefer instrumental music—to the younger set and even to the children—the New Edison is a dajly source of pleasure and

### Keep up the Food Supply and Help Make Victory Sure

AM assured that my people will re-spond to every call necessary to the success of our cause—with the same indomitable ardour and devotion that have filled me with pride and gratitude since the war began." HIS MAJESTY KING GEORGE

UR soldiers must be fed; the people at home must be fed. And-in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unfailing flow of food to England and France must be maintained.

> This is National Service-Not to the Farmer only— But to YOU—to everybody-This appeal is directed

WE must unite as a Nation to SERVE W—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in tife Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.

### British Battleship

For the deck, it was their field of fame.
And the ocean was their grave.

Thus wrote Thomas Campbell of the old-time British marines. It is true that the ocean is to the sons of Britain as familiar a field of activity as the land is to the sons of other mations. Lord Byron represented the thought of the average Britisher when he wrote:

joy uthful sports was on thy breast

This is NATIONAL SERVICE Are YOU doing your part?

LL EYES turn now to the Canadian Farmer. for he can render the Empire SPECIAL SERVICE in this sternest year of the war.

> But—our farms are badly under-manned—25,000 men are needed on the land.

With insufficient help, the Man on the Land fights an uphill fight to meet the pressing need for Food.

#### TITY and TOWN can help.

Municipal Councils, Churches and Schools, and other organizations, both of men and women, can render National Service by directing all National Service by directi available labour to the Land.

Farmers themselves can exchange labour. School boys can assist.

Were you raised on a farm? Can you drive a team? Can you handle fork or hoe? If you can't fight, you can produce. Spend the Summer working on the Farm.

Let every man, woman and child in the Dominion who has access to Land, no matter how small the plot, make it produce Food in 1917.

Fishing By Telephone

Fishing By Telephone

A strange way of discovering the whereshouts of fish is practised in some parts of Norway, and the method was discovered by a clever Norwegian. A micro hone, which is an instrument that will transmit the slightest sound, is lowered into the water from a fish ing boat and a wire from the micro phone is attached to a telephone fixed in the boas. The operator takes the technique of the telephone and places it, yeb his ear, ready to signal to the fishermum when he hears the least sound beneath the waters, and the fishing boas is then immediately steered in the direction whence the sounds come. The retuit is—a spiradid haut.
