

Welcome to the Digital DIGBY COURIER

1877-1978

100th Birthday

The hundredth anniversary of the Digby Weekly Courier has brought to mind some fond memories as contained in the following historical chapter of the writer. But first, I wish to congratulate the current editor of the Courier, Mrs. J.M. (Edith) Wallis, for a job well done over the years and still being well done, good service rendered with great fortitude.

According to any record, I have at hand, the Digby Courier, in one hundred years of publication, was controlled under the same family management for 42 years, 1931 to 1973, under the control of Wallis Print Limited. The late J.J. Wallis became editor of The Courier the second time, in 1929, and at the same time of the business, which he had been running for some years previously and which became Wallis Print Limited sometime between 1929 and 1931.

I well remember the last year of the twenties when I worked in the office of the son with the husband and father of the late J.J. Wallis, the Courier. Sometime in 1928 or early 1929, the late J.M. Wallis (Mac), son of "J.J." engaged me to work every day after school hours, Saturdays, and for some months after finishing school. The place of work was in the building of the present Digby town hall on First Avenue. J.J. Wallis then worked occasionally at the print shop but mostly across the street at the Courier office which was then located on land in the general area where The Royal Bank of Canada is now.

Wallis Job Print operated in 1929 with a staff of four consisting of J.J. Wallis, J.M. Wallis, Miss Eva Haynes, who later became Mrs. George Kicup, and myself. I was engaged as a printer in the left

Eva's job was to run the printing plant but mostly at the Courier office. "Mac" worked nearly full time at all the different jobs at the Job Print, and I worked at various duties, most of the time being spent at operating printing presses.

We worked ten-hour days, six days a week. "J.J." and "Mac" sometimes worked overtime. I worked only the regular hours being paid a weekly wage which was comparatively good for those times and my lack of experience. I received four or five dollars a week for working after school hours to six o'clock and on Saturday all day, and nine dollars a week for full weeks after finishing school. A two or three dollar a week raise was offered to me in the fall of 1929 for me to stay on at printing, but I had made up my mind to enter a branch of the Royal Bank of Canada, starting salary of \$300. The bank salary figured out about the same per hour as for the printing job. Nevertheless, the congenial atmosphere of the printing plant those days, and, experience however short, were helpful and appreciated by me.

"J.J." was very jovial in his occasional trip to the Job Print and did considerable kidding all in good fun. "Mac" was a witty person who mixed in a good natured sarcasm now and then for one reason or another. Eva most always had good answers to all the kidding she was called upon to take, and, generally held her own in a quiet sort of way, always busy setting type. We four all got along very well indeed. However, I do remember that some days did seem long and weary because of the monotony of some repetitious jobs.

In spite of the great demand for printing those last boom days of the twenties, business generally being brisk, it looked to me that people had to work long and hard to make any decent profit. There was

including treatment of the hands. However, nails and finger ends were used and I was soon back to work.

Now and then a printing job had a dose on parchment paper which required a special kind of printers' ink which smelled very bad those days. I always dreaded it when "Mac" would do that job on the largest press, in spite of the fact that we always opened an outside door to lessen the effects on the constitution.

One of the jobs I had to do, being the junior and printers' devil on the staff, was to clean up now and then. One day not long after I started my job at the printing plant, I decided to clean the floor that apparently hadn't been cleaned in some considerable time.

"J.J." came along and said, "how are you making out Vince?" I assured him that I thought I was beginning to see the floor. "J.J." laughed very heartily, he thought the remark pretty good and suitable.

Sometimes the gasoline engine or a piece of machinery would refuse to work, and after "Mac" the fix-it man had patiently worked for a certain length of time to get it going again, without results, "Mac" would then stand back and cuss quite strenuously, then he would immediately start working. "See," he would say, "all it needed was a bit of cussing."

On other occasions when some gadget refused duty for me and, seemed to be broken, "Mac" would say, "use a little oil," and sure enough, often that is all it took. How often since, have I thought of the value of that remark and the actual need of "oil" in many life situations, applied at the right time, right place and, in the right way.

Other things that sort of stick in my memory and come to mind now and then are, like the time I told "Mac" of four teenage boys who in the spring season of 1929 got together just before dark one evening and decided to initiate the newly built outdoor Pines Hotel swimming pool which had just been filled with water. Clothes were taken off near the road just east of the pool; nobody else seemed to be around except the four boys; no thought or time for bathing suits up to the pool they went. They stood on the edge of the pool and looked at the chilly water, one soon jumped in, the rest quickly followed and across the pool they swam. "Mac" listened to the story and hardly said anything, but the next "Digby Courier" had a good story on the episode. The heading of the story went something like, "Four Boy Scouts Officially Open Pines Hotel Swimming Pool." Who were the four? Many years later they are known as: the late Dr. Earl H. Anderson, veteran of two wars (second world and Korean), was awarded the Victoria Cross; Sidney L. Smith, now prominent druggist for many years in Digby; Clayton D. Snow, Digby wholesale lobster king merchant; and myself.

As a young teenager I used to like doing some writing about different events interesting to myself and mostly for myself. One day "Mac" said to me "how about writing your version of the story told about 'The Marooning of Jerome'." I had heard and read at least two somewhat different stories about the man who was found marooned on a beach at some point on the French Shore of St. Mary's Bay, Digby County. When found this man's tongue had been cut out and his legs quite freshly amputated, were surgically well dressed and bound. He was presumably left by some vessel before dawn one morning, all for some mysterious reason.

"Jerome" appeared to have been a man of some considerable social standing and possibly of some considerable wealth. However the only thing the man could or would ever say after being found and cared for by some family in the French shore was, something that sounded like the word "Jerome". He either could not, or, would not, write anything about who he was or why he was left the way he was. Well, it was, and is, one of Digby County's mystery stories, and, different ideas have been expressed over the years concerning this man. However my response to "Mac" was, I felt no urge to write anything more or different about this man. The mystery seemed to have been very well explored in the mind of many people, and, he was a sort of curiosity for many people who visited where he lived for many years.

Three years later I was quite a young man, and I was back in the street that I had lived in, and I was clanking my powered up car, and I was thinking of "Jerome", and as I remember it, I was thinking of "Jerome". "J.J." was noted for his sense of humor and his ability to make people laugh. One day in 1928 during the time Mr. Wallis was editor of the Scott Act (Prohibition Law) he was about and advocated by some people, and I was attending a boys' conference in the town of Digby.

Digby 172 Years Ago

Compiled by David Sanford

From the files of the Courier of January 23, 1867, the following account has been copied concerning Digby in 1800.

"Among a number of old newspapers kindly sent to us by friends is a copy of the Saint John Gazette of May, 1802, says the Telegraph and among other advertisements contained in the issue before us is one describing the town and township of Digby, and offering for sale certain lots in the town. In this area we are told the township of Digby extends from the Gulf of Annapolis westward to the extremity of the province of Nova Scotia, and contains about 130,000 acres." The town plot is thus described:

"The Town Plot is situated at the east of the township just within the entrance to Annapolis Basin, and twenty miles from Annapolis Town, and six miles across land from the head of St. Mary's Bay. This laid out from the water's edge, partly on level ground and partly on the declivity of a modern hill, dry and pleasant, and having with an eastern aspect, a view of the Annapolis Basin and its cultivated shores for twenty miles in where it terminates with the Fort and River's mouth of that name. It was settled by Loyalists from New York in 1783, the most of whom went early to farms, or, moving to older countries, left the whole

free trade with the U.S.A., especially with the New England States. The question was then debated by some Digby High School students one of which was some Digby's daughter, Florence (now Mrs. Melvin O. Tibert, Freeport, Digby Co.) Some days after the debate a man from some part of Nova Scotia came to the printing shop looking for Florence, one of the successful debaters; I had the impression that this man was interested politically but, maybe I was wrong.

Well, I felt that I had learned considerable from my short experience at "The Wallis Job Print". I was learning to do beginner jobs, receiving some knowledge about things like: embossing, stapling, perforating, counting, cutting and trimming paper stock, mixing inks for certain desired colors, and so forth, but, the only experience I had at setting type was just enough to make a "pi", the printers name for a confused mess.

There was a taste of trying to sell job printing outside the plant. Work was a little slack one early fall day and so "Mac" said to me, "how about trying your hand at taking orders for printed personalized Christmas cards?" I tried it, made several calls around town, spent most of the time at one particular house, and got an order, but, it was much time and got an order, but,

side to be bought proved by about who now reside detached, built dwellings with, and orchards, at some fishery and. It has communal parts of the communal provisions in a cheap, built readily to be from many circumstances, probability of place of some shipbuilding, the West India a cheap and of residence. This advertisement, at the December, I were to be a No. 100.

It Will Be CASH After To-day

We are losing money every day through
charge accounts of all kinds but particularly
in Flour and Feed. We have tried to
oblige our customers, but in many cases
they have abused the privilege and so we
have decided that from to-day all sales of
Flour and Feed must be for cash only. We
have to pay cash before we can get a pound
and there is no reason why our customers
should not help us carry the load. We will
have to shorten the time in General Groceries
too, and cannot allow more than 30
days.

DIRECTORY

A new issue of the Telephone Directory for the Valley
District is in course of preparation.

That Directory serves our patrons in what is popularly
known as "The Valley" including Windsor, Hantsport,
Brooklyn and Clarksburg in Hants County and the Eastern
part of Digby County and the Town of Digby.

Forms will close on April 14th, and persons wishing to
become Subscribers at this time, and Subscribers who
want changes made in their present Listings should send
in their orders to their Exchange Managers at once, if possible,
and in any case not later than April 14th. We cannot
undertake to give effect in the new issue to Orders received
after that date.

The Directory enters practically all the
places of business and best homes in the District,
and affords to business men an unsurpassed
opportunity of telling of their wares or
their services to a most desirable class of
Patrons. Exchange Managers will receive
offers for advertising space, the rates for
which will be found very moderate.

CARL BELIEVED END WAS COMING

Declares Tanlac Restored
Him Fully When In Despair
From Stomach Trouble

"I just think Tanlac is the last
word in medicine," recently said
James Carl, well-known carpenter
and builder, of 123 John St., Hami-
lton, Ont.

In 1916 my health began to run
down and in spite of all I could do
my condition got worse. Every
bone in my body seemed to ache
and my stomach caused me no end
of trouble. During all the winter
of 1920 I was so miserable I never
expected to live to see the snow off
the ground. I would almost smother
from the gas on my stomach and
many a night I never closed my eyes
in sleep.

"Before I got Tanlac I was simply
a physical wreck and would not
walk the floor not knowing what to
do. The first few doses of Tanlac
showed me it was what I needed
and four bottles built me up fifteen
pounds and put me in the best of
health. After you that was a year
ago, but I have felt fine ever since.
No one can go wrong by taking the
Tanalac treatment."

Tanalac is for sale by all good
druggists. Accept no substitute.
Over 35-million bottles sold.

Specialist Said ECZEMA Was Incurable—but he reckoned without Zam-Buk

Writing from Sweetwater, Tenn., U.S. Capt. Oscar V. Petty, says:—"For four years I had an obstinate dry eczema.

"My skin peeled off, and disgusting scabs of the eruption appeared on my face and head. A well-known skin specialist said the eruption could not be cured, and forced out to Maine to try some Zam-Buk. To my great delight, I soon saw an improvement. The peeling skin stopped within a week. At the time I started with Zam-Buk the eczema had spread all over my body, so that it took reasonable perseverance for the balm to be thoroughly effective. However I am delighted to inform you, that now, by the use of Zam-Buk, my skin has been restored to normal healthy condition."

"I have a friend who also suffered from a similar distressing skin affliction. In his case too, within a few days 'Zam-Buk' was doing splendidly. He tells me that Zam-Buk beats anything he has ever known."

Zam-Buk cannot be equalled for various skin ailments, such as eczema, psoriasis, dandruff, itching, etc. It is a sure cure for all these and many other skin troubles. It is a sure cure for all these and many other skin troubles. It is a sure cure for all these and many other skin troubles.

THE GROCER'S TURN.

Last evening I was talking With a grocer, old and gray. Who told me of a dream he had 'Twas just the other day. While standing in his office The vision came to view. For he saw an angel enter Dressed in garments white and new. Said the angel, 'I'm from Heaven, The Lord just sent me down To bring you up to glory. And put on your golden crown. You've been a friend to everyone And worked hard night and day, You have supported many And from love received your pay. And we want you up in glory Where you desire to be. So place your trusting hand in mine. And come along with me. Then take angel and the grocer, Started up to glory's gate. But when passing close to Hades The angel murmured 'Wait! I have a place to show you It's the hottest place in hell— Where the ones that never paid you. Do to to-morrow always dwell.' And, behold, the grocer saw them. His old patrons by the score. And grabbing up a chair and fan He wished for nothing more. But was bound to sit and watch them As they'd sizzle, singe and burn. And his eyes would rest on debitors. Whichever way they'd turn. Said the angel, 'Come on, grocer, 'There's the party gate to see.' But the grocer only murmured, 'This is Heaven here for me.'

Miss May Crocupp went to Bear River on Good Friday to spend the Easter holidays with her parents and brother.

E. Musnell is improved in health as he is able to be up about the house.

A. Hedges is recovering very slowly from his all winter shut in, but has been out a few times.

Lumbering operations are suspended here for the present as snow is getting deeper in the woods. The weather this present week is as hard as any week of the winter.

The Easter Cantata, entitled "The Birthday of Hope" which was given in the Baptist church here on Sunday evening was well received by the large audience assembled. The decorating of the cross by the older boys and girls, was followed by the marching in of the junior girls dressed in white, carrying garlands and singing the Easter message. This gave a pretty setting to the exercises which followed during which Hope, with her golden wand touched the black mantle of grief. This immediately fell off leaving her in white, happy in the light of the collection which was a generous one was an Easter Offering to missions.

REPORT OF BAPTIST SUNDAY SCHOOL

An interesting report of Sunday School work for the quarter was given last Sunday by the Secretary. A brief outline of the report is as follows:

Membership.
Primary Department 69
Intermediate Department 44
Senior Department 29
Officers Department 11
Teachers Department 41
Cradle Roll Department 41
Home Department 28

Total membership 208
Largest attendance 93
Smallest attendance 65
Average attendance 79.5

Financial Statement
Amount raised: \$10.42
Primary Department 14.74
Intermediate 10.60
Senior 2.12
Total offerings 27.26
Largest collection 3.26
Smallest collection 2.39
Average collection 3.75

During the quarter the weather has been such that it was impossible to have the regular session of the Sunday School for two consecutive Sundays.

On January, the fourteenth and twenty-first, the remaining ten sessions were held in the vestry.

On Sunday, March the eighteenth a vote of appreciation for valued service in the church and school was given to O. A. Elmer, who has recently left for New York.

On the following Sunday a similar vote of appreciation was given by the school to Miss Mabel V. Harris, who leaves shortly for Boston.

During his stay with us Mr. Elmer has been a faithful and untiring worker both in church and Sabbath School; he will be greatly missed.

By the departure of Miss Harris the school has lost one of its most valued and efficient teachers, whose place it will be hard to fill.

EASTER SUNDAY IN THE CHURCHES

Considering the very unusual weather conditions during the latter part of the week, previous to Easter Sunday, which made travelling almost an impossibility for the general public, the services in our town churches were well attended on that day.

In the Methodist church the music was of a very high order, after weeks of preparation under the able leadership of Mrs. Carl Mack. The singing by the full choir, the organ, and the soloists, "Holy, Holy, Holy," as they slowly marched up the aisle and took their places in the choir, was a most impressive and commendable to both morning and evening services.

During the service, the pastor, Rev. S. Gregg, has been tastefully arranged by loving hands on pulpit and platform in memory of members of the congregation who have passed on to higher service in the Father's home above.

In the evening the pastor preached from the text, "Questioning what is coming from the dead should mean." Mark 9:10. There are five mighty meanings of Easter. (1) Miracle, (2) Salvation, (3) Inspiration with victory, (4) Divine judgment, (5) immortality.

The choir, rendered the grand old hymn, "The resurrection of the body and the life," which was a most impressive and commendable to both morning and evening services.

The evening service was of an unusual character. Instead of the ordinary sermon, the pastor gave an entirely new and experimental "exposition of the gospel message in its presentational form." A sermon entitled "The Governor."

This sermon has certainly to be heard to be appreciated to fullest purpose. As it is presented again by special request, next Sunday evening, we will refrain at present from further comments. Everyone should hear it themselves.

The appeal by the pastor for a special Easter offering towards the construction fund of the church was well responded to at both services.

The services in the Baptist church on Easter Sunday were of a very inspiring nature. In the morning Rev. S. Gregg spoke on "Resurrection Dawn"—a very thoughtful discourse, which was much enjoyed by all. The music, including several anthems under the direction of Mrs. Litchfield, was particularly fine.

The evening service was followed by Communion and Sunday School.

In the evening the choir joined with the Mission Band and presented a Cantata, "The Resurrection of the Body and the Life." The different recitations and exercises were very well rendered and reflected great credit on the Mission Band president, Miss Edna Peck.

The attendance at both services was much larger than usual and the offerings were generous. The church was beautifully decorated with greens and potted plants.

On Easter Monday evening the ladies of the W. M. S. Auxiliary held their annual bazaar, which was a most successful and profitable affair.

Mr. Robert Benson, president, conducted the devotional service after which an interesting program was given, consisting of several exercises by the little members of the Mission Band, a reading, "Aunt

A Note to Merchants

Would YOU buy much or regularly from firms that never solicit your trade? Do you not say—"The firm that wants my business must come after it!"

Yet some of you say, in effect, to your customers—"We're here. If you want to get goods, come and get them, but don't expect us to go after you." It's a poor rule that doesn't work both ways.

The Whist club intend holding their banquet at the home of Mr. and Mrs. Harry Jensen on Friday, where a chicken supper will be served the members.

Sandy Cove was saddened on Saturday last, when word was received from St. John of the death of Bert Saunders. Although he has been in poor health for some time his death came very suddenly. The deceased was the youngest son of Mrs. Angeline Saunders of this place but had spent the later years of his life in New York, returning home some two weeks ago in poor health. He leaves behind his mother two sisters, Mrs. Frank Morehouse and Mrs. Lichtner, both of Bridgeport, and one brother, Willard, at home to mourn. Much sympathy is extended to the bereaved ones. Burial will take place on Tuesday in the Baptist cemetery.

The pupils of the Baptist Sunday school gave an Easter concert in the Baptist church on Sunday. The following program was rendered:

MORE BARNJUM FORESTRY PRIZES AWARDED

Prizes have been awarded in the Barnjum \$2,000.00 prize contest for the most convincing arguments in favor of prohibiting the export of unmanufactured wood from Canada, as follows: First prize for the best essay in English, \$500.00, went to J. R. Black, 33 Broadway Avenue, Ottawa. Second prize \$250.00 to Jas. R. Dickson, of Dominion Forestry Branch, Ottawa. Third prize \$150.00 to H. C. Scott, 5 Golf Avenue, Pointe Claire, P. Q. Fourth prize \$100.00 to Fred Barnes, Belgo Paper Company, Shawinigan Falls, P. Q. For the best essay in French, \$500.00 went to Avila Bedard, Quebec, P. Q. Second prize \$250.00 to Albert Trempe, Quebec. Third prize \$150.00 to Eugene Rivard, Quebec. Fourth prize \$100.00 to Henri Roi, Belgo Paper Company, Van Bruyssel, P. Q.

Mr. Barnjum states that the judges had a most difficult task in awarding these prizes, owing to the very high order of the papers submitted, and that everyone of the contestants whether successful in winning a prize or not can feel happy in the knowledge that they have done their country a great service in assisting in the assembling of the great mass of arguments in favor of prohibiting the export of unmanufactured wood, that are contained in these 549 essays sent in from every province in the Dominion. They not only contain page after page of unanswerable arguments in favor of an embargo, but also picture the story of forest devastation and forest conditions in each district from British Columbia to Cape Breton.

Ontario contributed 185 essays, Quebec 79, Nova Scotia 130, New Brunswick 79, Manitoba 17, Alberta 20, Saskatchewan 18, British Columbia 17, Prince Edward Island 9. These essays both in English and French will be printed in book form in a series of volumes for free distribution and will form the largest and most valuable collection of data ever published on the subject in Canada, a copy of which will be mailed to each contestant as soon as printed. Volume I will be off the press in a few days.

THE ONLY MEDICINE ONE SHOULD USE

Mrs. Napoleon LeBlanc of Leger's Corner, Moncton, N. B. Thinks So After Her Experience With One Bottle of Drecto

Dizzy Spells Gone and Liver Trouble and Constipation Disappear.

Mrs. Napoleon LeBlanc suffered like thousands of other women. Indigestion, dizzy spells, torpid liver and constipation were a source of trouble to her. But now her illness has gone. Drecto did it and her praise for this tonic and body builder is such that other sufferers should take warning and profit by it.

"I have used only one bottle of Drecto," she says, "and it has done a world of good for me. I was troubled with stomach trouble, and indigestion. Everything I ate would sour and cause me to have dizzy spells. I was also troubled with my liver and constipation, but Drecto has proved to me that it is the only medicine anyone should use. I am cured and I cannot recommend it too strongly."

You who suffer like Mrs. LeBlanc should try Drecto. It is nature's own remedy made of the herbs, roots and leaves that nature has given to man for such purposes. It cures because its function is to restore the natural workings of the digestive organs.

Drecto is being specially introduced in Digby by P. W. Holdsworth, and is sold by good druggists everywhere.

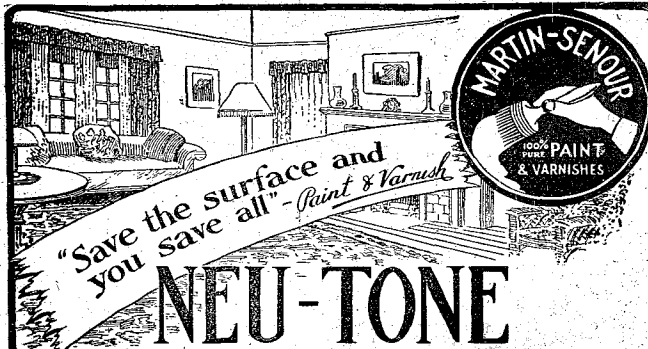

ECZEMA

You are not experimenting when you use this. It is the only cure for Eczema and Skin Irritation. It is a simple, safe, and effective remedy. It is sold by all druggists and is a sure cure for Eczema, Skin Irritation, and all other skin diseases. It is a simple, safe, and effective remedy. It is sold by all druggists and is a sure cure for Eczema, Skin Irritation, and all other skin diseases.

The Flat Oil Paint For Interior Decoration

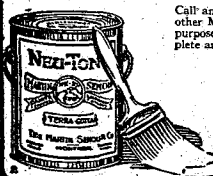

For the walls and ceilings of any room in your house, most delicate and harmonious effects can be secured by the use of NEU-TONE. It is cheaper and more sanitary than wall paper and will last much longer because it can be washed without injury. It positively will not rub off.

NEU-TONE is made in eighteen shades, and by the use of various tints most pleasing combinations may be secured.

MARTIN-SENOUR PAINTS AND VARNISHES

NEU-TONE is easy to apply. It covers well and leaves no brush marks, producing a dull, soft, velvety finish which will lend charm to any room in the house.

Any surface may be successfully treated with NEU-TONE—Plaster, wood, burlap or metal.

Call and let us explain the merits of this and other MARTIN-SENOUR finishes. For every purpose—For every surface. Our stock is complete and we can give you full information.

Your Battery is the Most Abused Part of the Car

Most of 'em are only seen at long intervals and many only when they refuse duty. Putting water in is a job seldom thought of as is also finding out the condition of the battery. Start the season right by letting us give your battery a good

FULL RE-CHARGE

which will put it in its best condition to start the Summer providing of course that nothing is wrong inside. If it needs repair now is the time. If your battery is stored or repaired here you are entitled to free Pure Distilled Water and Testing during the following season. Battery Manufacturers specify Distilled Water to be used in their batteries and if you want service from your battery use no other.

NEW TELEPHONE

DIRECTORY

A new issue of the Telephone Directory for the Valley District is in course of preparation.

That Directory serves our patrons in what is popularly known as "The Valley" including Windsor, Hantsport, Brooklyn and Clarksville in Hants County and the Eastern part of Digby County and the Town of Digby.

Forms will close on April 14th, and persons wishing to become Subscribers at this time, and Subscribers who want changes made in their present Listings should send in their orders to their Exchange Managers at once, if possible, and in any case not later than April 14th. We cannot undertake to give effect in the new issue to Orders received after that date.

The Directory enters practically all the places of business and best homes in the District, and affords to business men an unsurpassed opportunity of telling of their wares or their services to a most desirable class of Patrons. Exchange Managers will receive offers for advertising space, the rates for which will be found very moderate.

GOT SO WEAK SHE FELL IN TRACKS

Toronto Lady Says Stomach Trouble Caused Collapse— Gives Tanlac Full Credit For Recovery.

"I don't believe I'd be alive today to tell of my recovery if I had not taken the Tanlac treatment when I did. I feel so thankful that if I could I would go from house to house and tell everybody about this wonderful medicine. This is the grateful statement made the other day by Mrs. Josephine Brathwaite, 13, Bright Street, Toronto, Ont.

"Seven years ago my health began to decline, and to think that if I'd only had Tanlac then what a world of suffering I would have missed. Broth and toast was about all I dared eat, gas and pains in my stomach after a meal nearly set me wild, and I would scream with agony. I grew thin as a rail and at times became so weak and dizzy I actually fell in my tracks.

"But since taking Tanlac I now enjoy splendid health. My appetite is wonderful, I haven't a sign of my old troubles, and have gained seventeen pounds. Tanlac has been an untold blessing to me, and I will always praise it.

"Tanalac is for sale by all good druggists. Accept no substitute. Over 35 million bottles sold.

POULTRY RAISING BECOMES INDUSTRY

Dr. L. J. Lovett, M.P., Addresses Ottawa Poultry Association.

Although in many parts of the country poultry raising was still regarded as a fascinating hobby and lucrative sideline, it was rapidly assuming a foremost position among the commercial possibilities of the country, and in the near future should be the backbone of a solid industry, was the opinion expressed by Dr. Lewis J. Lovett, M.P., at the Digby-Annals as a luncheon of the Ottawa Poultry Association in the Chateau Laurier, Ottawa.

The dinner was well attended by poultry farmers, enthusiasts, and friends of the Association, and was presided over by Mr. J. M. Caldwell, president of the Ottawa Poultry Association, and also predicted favorably for his province in future poultry development. Mr. Cliff McAdam, accompanied by Mr. Arthur Perry, delighted the gathering with several vocal selections.

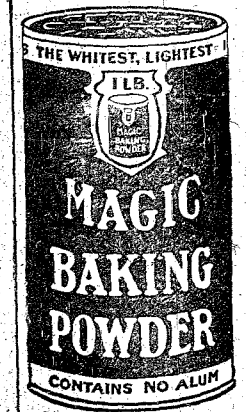

Dr. Lovett stated that in his experience he had found country to city method of marketing eggs to be unreliable, both from a health and an economic point of view. As a medical practitioner, he had been brought more or less into contact with farmers, and in the majority of cases had found filthy pen and yard conditions; no definite system of breeding, or proper care for the few hens possessed. The tendency with farmers was to withhold eggs from a depressed market and to unload them when prices were up.

The result was that when the eggs did finally reach the consuming public, they were often in a highly deteriorated condition and unfit for household use. When placed on sale in stores, they were often exposed to the direct rays of the sun, in the windows.

The new order, embracing sanitary housing conditions for the fowls, scientific methods of breeding and feeding; and a sane marketing policy would in time change all this, and a boon it would be indeed for mankind.

As a medical man, he knew that in the egg was one of the most valuable of foods. It had long been recognized as one of the most valuable for the restoration of lost or destroyed tissue. In the fact alone lay sufficient reason for its highest development.

He felt that the provincial agricultural colleges, and organizations similar to that which he was addressing, had played the greatest part in the bringing in of the new era, both by the efficient spreading of helpful propaganda by both, and the instruction of men to take the lead in the work in the future. It was now up to the legislative bodies of the Dominion to sustain the industry with protective legislation, which would enable it to develop unimpeded.

BEAR RIVER FOX FARM

Frank Dunn and Thelbert Rice report a successful winter at their Silver Fox farm. Sometimes this past season the pens have been entirely covered with snow, so that the animals have burrowed in to them, much as they would have in their nature habits. The stock, and in some cases, is at present, comprised of twelve beautiful thoroughbred Silver foxes and three litters of five, six, and seven cubs respectively, which have just lately made their appearance.

As seven was considered rather too big a family, one of the cubs has been obligingly adopted by a large tabby cat, who is bringing it up with her two kittens which though only two days older, are just a little larger than the fox.

This unique method of fox-raising has, according to the "fox-journals", been tried on some of the large fox farms with some degree of success.

The work of enlarging the runs is being started and everything points towards a prosperous future for this industry, which the owners have so successfully begun.

ROD AND GUN

The April issue of Rod and Gun in Canada contains several features which should instantly recommend it to lovers of the out of doors everywhere. There are a number of articles and narratives portraying experiences and opinions of hunters and sportsmen, among these being "What Are You Going To Do About It?" by W. C. Mosley, "Soul Hunting in the Northern Atlantic," by Ronnycastle Dale, "Point Pelée—A Public Shooting Ground" and a host of others. There is an account of the annual meeting of the Ontario Hunters Game and Fish Protective Association, dealing with all the matters that were up on the recent convention in Toronto. The 4-partments contain some particularly interesting material, and on the whole, the magazine is one of the best numbers published.

Rod and Gun in Canada is published monthly at Woodstock Ontario, by W. J. Taylor, Limited.

WHAT IS YOUR NAME?

Birds, Beasts, and Trades Have Supplied Some of Our Commonest Surnames.

Some obsolete names of trades survive as surnames, such as Webster, Lister, Walker. In the fourteenth century the weaver was known as "the Webster, the dyer was "the Lyster, and the workman who trod the cloth in the dye vat was "the Walker."

The Archwright made the arks or chests in which clothing or meal was stored, and the Smith, although he has given the name of his calling to the most numerous of surnames, was frequently, and was frequently dubbed "the Faber," this being a rare case where the Latin name of a craft has become a surname.

When the Cottleler had forged an edged tool, the Blomster finished it off, or put the "blow" on it. The Chapman, Chapman, with goods from door to door. The Coke baked cakes and sold them.

One of the most curious things about surnames occurs in connection with Salmon, Chubb, and other fish names. None of them have anything to do with fish. Salmon is really Solomon, Chubb is only another form of job, and the first Roach was simply one who lived at or near a rock.

HOW THEY GROW

Two Welsh names, Pugh and Pritchard, are very curious. A boy might originally have been Richard ap Hugh, or Hugh ap Richard; that is, Richard the son of Hugh and Hugh the son of Richard. The same names today would read Richard Pugh and Hugh Pritchard.

Almost all the common birds have given a human being surnames in England such as Finch, Sparrow, Drake, Crow, Nightingale, Lark, Pigeon, Partridge, Martin, Pigeon, Dove, Roak, and Cockle.

Of course, the case of the peculiar Welsh names mentioned above is matched in other British surnames by such as Johnson, Jackson, Thompson, Williamson, Jackson, Wilson, Christopher, Margeson, Polson, Harrison, Peterson, Patterson, Johnson, Robinson and a host of others.

Some general place names are peculiar. Gilbert at the Wood, say, gave us the name Atwood, and William at the Water gave us Atwaters and Waters. There are a host of real place names originally obtained from towns and villages but which have become surnames, such as Poulton, Chester, Burton, Glossop, Litchfield, Holmwood, Blackburn, Leeds, Barnbury and Feltham.

Almost every dignitary in Church and State has supplied a surname, such as King, Bishop, Duke, Earl, Lord, Priest, Major, Captain, Dean, Constable, Peer, Chancellor, Prince, Sheriff, Judge, Jury, Cardinal, Pope, Prior, Marshall, Chamberlain, and Knight.

THE ORIGINAL "PUSSYFOOT."

The great example of Smith, the name of a man's occupation, is followed in numerous cases by some of them, already shown, quite obsolete in their original use. Others are Carpenter, Beechman, Honeyman, Fisher, Miller, Barber, Wheelwright, Falconer, Dyer, Hornblower, Groom, Goldsmith, Porter, Cooper, Packer, Woodman, Baker and Painter.

Even articles of attire are not uncommon, as Fox, Crane, Caps, Boots, Hosiery and Doublet. Head, Foot and Hands represent parts of the body, whilst trees and flowers are by no means infrequently used, as Hawthorn, Blossom, Birch, Ash, Beech, Primrose, Rose, Hazel, Cherry, Pear, Peach, Pine, Nutt, Hay and Flowers will show.

Undoubtedly some of the strangest surnames have arisen out of mere nicknames, as Fox, Crane, Caps, Boots, Hosiery and Doublet. Head, Foot and Hands represent parts of the body, whilst trees and flowers are by no means infrequently used, as Hawthorn, Blossom, Birch, Ash, Beech, Primrose, Rose, Hazel, Cherry, Pear, Peach, Pine, Nutt, Hay and Flowers will show.

"I Had Terrible Backache From Kidney Disease"

Mrs. M. A. McNeill, Canaan Sta., N.B., writes:

"I was troubled for years with terrible backache, resulting from kidney disease. At times in each month I remained in bed, the pain was more than I could stand, and to walk was almost impossible. I used about \$50.00 worth of other medicines, but with little results. Now I am completely better, after using only five boxes of Dr. Chase's Kidney-Liver Pills."

The 1923 Chevrolet is Even Better Than Before

The 1922 Chevrolet astonished the world by producing a car of remarkable quality at an extremely low price. The 1923 Chevrolet is even a better car because 67 distinct improvements have been made in it.

The same sturdy construction that characterized the 1922 Chevrolet has been retained—the strong spiral gear rear axle, the sturdy chassis, the improved front axle assembly, the world's most economical motor, etc.

And to these have been added new features that make the 1923 Chevrolet a truly astonishing value. The price of the New SUPERIOR Chevrolet are surprisingly low—especially—the motor-buying public of all classes.

There are five attractive models to choose from. One of them will suit you. They are: 2-passenger Roadster, 5-passenger Touring, 2-passenger Utility Coupe, 5-passenger Touring Coupe, 5-passenger Sedan.

THE WISEST THING I HAVE EVER DONE

So Says Mrs. Samuel Findly, Relieved From Years of Suffering by Drego, The Natural Health Builder. Every Woman Should Read And Profit By Her Experience.

A story of interest to every woman is that told by Mrs. Samuel Findly of 61 Jerusalem St., Dartmouth, N.S. For years Mrs. Findly had suffered the miseries of an impaired digestive system. Gastritis and acid risings from an ailing stomach; dizzy spells and biliousness from sluggish liver and chronic constipation had taken the joy of life away from her in a pitiable state of nervousness and despondency. It was then that Drego, the famous herbal corrective, came to her rescue. Let her tell by her experience: "I have suffered from stomach trouble and a general run down condition for several years. I just couldn't seem to get any relief, no matter what medicine I tried and I got so bad I thought I would have to give up. I would get so nervous and out of sorts at times that I didn't even wish to be bothered. When I saw Drego advertised, I had lost all faith in medicines but everybody spoke so highly of it that I decided to give it a trial. That was the wisest thing I ever did, as it has completely restored my health and all my troubles have disappeared. I feel fine all the time and have gained 9 pounds. [There is nothing too good that I can say about Drego.]

Let Drego bring you the same benefits it gave to Mrs. Findly. It is a natural tonic and regulator, made from the juices of herbs, roots, bark and leaves and will go to the root of the most deep seated internal disorder. Let Drego correct the action of your stomach, liver, kidney and bowels and enjoy life as only a healthy person can. Drego contains no mercury, potash or habit forming drugs.

Drego is being specially introduced in Digby by P. W. Holdsworth, and is sold by good druggists everywhere.

BARTON AND BRIGHTON

It is reported that Barton is to lose one of its most popular young ladies soon.
Fred W. Lewis, of Glenworth, Ont., arrived here last week.

Miss Constance Young, who has been spending several months in Kentville, has returned home.

Miss Nellie V. Perry, R. N., of Brookline, Mass. is spending a few weeks with her parents, Mr. and Mrs. St. Clair Perry.
Miss Evelyn Fream returned to Normal College, Truro, on Saturday.

DEEP BROOK

Mrs. Flora Purdy is spending a few days with friends in Bear River.
Miss Annie Ruggles, our teacher, spent the Easter season with her parents in Bear River East.

Mr. and Mrs. John Henshaw entertained Mr. and Mrs. Joseph Henshaw and Mrs. McBride at dinner on Good Friday. Mr. and Mrs. Henshaw are among our oldest residents here. They have both passed through this very severe winter without illness.

The Misses Margaret and Frances McClelland spent the Easter holidays at their home here. Margaret is attending the County Academy at Annapolis Royal and Frances is a senior at Acadia Seminary, Wolfville.

Dennis Wright who is teaching at Apple River, was a guest at the home of Mr. and Mrs. J. M. Nicholas over Easter.

Mr. and Mrs. Loran Wright have moved into our village. They are having a part of Capt. W. V. Spurr's house.

Lawrence Lowley was a guest over Easter at the home of Mr. and Mrs. J. R. Berry.

Miss Ethel Purdy is at home from Normal College at Truro for the holiday season. We are sorry Miss Ethel is at present confined to the house with measles.

Elsie and Gwen Benson are spending a few weeks with their grand parents in Bear River.

Mr. G. L. Benson has been advised by Dr. Campbell to take a few months rest and treatment at the Sanatorium at Kentville. Her many friends will wish for her a speedy recovery.

The many friends of Mrs. J. P. Hoyt will be pleased to know that she is recovering from her serious illness. She has been confined to her bed for nine weeks. Dr. Campbell in attendance.

Mr. and Mrs. T. Shaw were called to Halifax Thursday by the illness of his wife who went there on a visit to her sons few weeks ago.

TALK SECESSION IN PROVINCES

Thousands of Young People Going to the United States—Railroad Policy Cause of Discontent.

(Continued from Daily Times)

Secession of the three eastern provinces of Canada, New Brunswick, Nova Scotia, New Brunswick and Prince Edward Island, from the rest of the Dominion, ultimately linking up their destinies with the United States, is a subject which has been more freely discussed in Eastern Canada in the last few months, as a result of the railway muddle in Canada, than pro-confederators would like to admit, says a New Brunswick despatch.

It is not going too far to say that secession has been more openly advocated in the Maritime Provinces in the last six weeks than probably during the whole period since the upper and lower provinces of Canada were united by the Act of Confederation in 1867. What, it may be asked, has brought this about? A nation of trade, attributable mainly to the high freight rates which practically prohibit the sale of Maritime products in Western Canada. Provinces and the desire to return to what many of the older citizens term "The good old days," when commerce flowed a freer trade in maritime ports and the nearer markets in the eastern states.

To one other important reason may be ascribed much of the secession talk and general discontent among the people of the Maritimes. During the last few months thousands of the young men and women of the Eastern Provinces have been migrating to the States. In some sections whole settlements have been practically depopulated as the result of the exodus, many of the older people following their young folks across the border.

This rather alarming state of affairs has got the people thinking that there must be something wrong with a confederation that drives the young people from one part of the Dominion to swell the population of a foreign country. More and more the people of the three eastern provinces are becoming possessed with the idea that they are more of an adjunct of the larger provinces, Quebec and Ontario, and the west, than a part of the Dominion, as was supposed to be their destiny under the confederation. Hence, and the recent reorganization of the Government Railway system has rather intensified this impression.

Lydia E. Pinkham's Vegetable Compound Brought Relief When Other Medicines Failed

Port Mann, B. C.—"I took Lydia E. Pinkham's Vegetable Compound because I was tired and run down. I had headaches and to appetite and was unable for two years with sleeplessness. I tried many medicines but nothing did me any real good. While I was living in Washington I was recommended by a stranger to take Lydia E. Pinkham's Vegetable Compound. I am stronger and feel fine since then and am able to do my household work. I am willing for you to use these facts as a testimonial."—Mrs. J. C. GREAVES, Port Mann, B. C.

What every complexion needs

Once every day your skin should be gently but thoroughly cleansed of all accumulations of dirt, perspiration, cold cream, rouge and powder.

Every tiny pore must be freed from clogging accumulations, so that the network of minute glands can do their necessary work. If you fail to cleanse the skin daily it will get sluggish and inactive, lifeless and sallow. Blackheads will develop, the filled up pores will enlarge into unsightly comedones and dirt infections, irritation and pimples will result.

For this cleansing you must use a mild soap. Palmolive is made from Palm and Olive oils. For thousands of years these rare oils have been used by famous beauties. They were highly prized by Cleopatra.

Today these oils are blended to produce the most famous of all modern soaps—Palmolive. It produces a profuse creamy lather which is as smooth as a lotion. It penetrates every tiny pore and removes every trace of dirt, oil and cosmetics, leaving the skin wonderfully smooth, fresh and rosy.

You can buy Palmolive Soap at all first-class dealers.

OLD DEVICES THAT ARE NOW ILLEGAL

Maritime Merchants

An amendment to the Criminal Code passed at the last session of parliament prohibits many advertising schemes partaking of a gambling nature that used to be fairly common. "Everyone is guilty of an indictable offence and liable to two years' imprisonment, and to a fine not exceeding two thousand dollars, who disposes of any goods, wares or merchandise by any game or game of chance, or mixed chance and skill, in which the contestant or competitor pays money or other valuable consideration, or induces any person to stake or hazard any money or other valuable property or thing on the result of any dice game, shell game, punch board, coin table, or the operation of any wheel of fortune." Even guessing the number of beans in a bottle or jar is now illegal. In September last an Ottawa firm conducted a birthday anniversary sale, in which with every sale they made, and to anyone who asks for one, a metal disc was given bearing a number. Duplicates were kept and at an appointed date the duplicates of the discs is-

sued were placed in a churn, and a drawing was made to ascertain who were the winners of the prizes. The firm was proceeded against in the courts, with the result that a fine of \$500 and costs was imposed. This case is fairly illustrative of cases that can be dealt with under the amendment to the Criminal Code now in effect, and is a warning to dealers that they should be very careful about the nature of the special "stunts" they may employ to promote sales.

Gambling schemes are at best a poor device for stimulating trade. Even if they help to keep things humming for a brief period, they do no permanent good, and their use suggests a lack of resourcefulness on the part of the merchant conducting them. To resort to such plans is a confession of a want of business ability. It is doubtful if even when the scheme was new anyone ever profited permanently through it. Certain it is that no one will ever profit from it now, for the dealer who meddles with gambling stunts after this is likely to lose even his temporary profits in fines; and worse than that, to lose considerable of his business prestige, if he happens to have any, as a consequence of the unfavorable publicity attending a prosecution in court.

Henceforth there is no need for

TO DECIDE UPON THE LEGALITY OF AMERICAN DIVORCE

A case of unusual interest in which Yarmouth parties are concerned is now before the Divorce Court in Halifax. Several years ago the parties, who were born, brought up and married in Yarmouth county, went to the United States, where the wife, some time afterwards, obtained a divorce. Subsequently, both returned to Nova Scotia, where the woman, believing she was legally divorced, married again; the first husband still being alive.

After several years of married life, the question has arisen as to whether this second marriage was legal and action is now brought by the husband in the Divorce Court asking that a decision be given to whether his own marriage is legal. If the divorce obtained by the woman in the United States is one in accordance with the recognized principles of international law she would legally be a single woman at the time of her second marriage which would be legal.

If, on the other hand, the United States divorce cannot be recognized as having legal effect in Nova Scotia, the woman by the laws of Nova Scotia would still be considered married and her second marriage would be illegal.

The case is only one of many numerous instances of parties in Nova Scotia obtaining divorces in the United States and afterwards remarrying in Nova Scotia. It is the first case of its kind to be tried by a Nova Scotia court and the decision is awaited with interest.

Any reader of the Merchant to complain of the unfair competition of dealers who resort to these schemes, for armed with the fact that they are against the criminal code, and that convictions have already been secured under the new law, advertising projects of this sort can be nipped in the bud.

The purchasing value of a Dollar

TODAY you can get 31% more of Ford Equipment for a dollar than in 1914.

Almost all other commodities today show a marked increase over 1914 prices.

This means that a man whether he be a farmer, manufacturer or other producer, can buy Ford Equipment at a greatly reduced price while he receives a healthy increase for his products over 1914 prices.

This is in face of the fact that the tendency of prices on all commodities is to increase.

Therefore, the present prices of Ford Cars, which are the lowest in the history of the company, cannot be guaranteed.

The only way you can make sure of them is to Buy Now. Terms if you wish.

PROPOSED NEW BASILICA STE. ANNE DE BEAUPRE

THE PROPOSED NEW BASILICA

WHEN the historic Shrine of Ste. Anne de Beaulieu was burned to the ground last year, together with the monastery and the novitiate of the Redemptorist Fathers, the clergy did not waste any more time than was necessary in lamenting their loss, but set about at once to construct a temporary shrine and to lay plans for a larger and newer church. After a great deal of discussion it was decided that the old church had become too small for the demands and that the exigencies called for greater accommodation. It was therefore decided to demolish the old walls and to build a church proportionate to the needs of the future as far as they can be foreseen. The plans of the magnificent structure shown above were decided upon. The new Basilica which has been

designed to give the edifice an appearance compatible with its use will not conform to the architectural style of any one period but will be a combination of Roman and Gothic. An idea as to its generous proportions can be gained from the following figures: Length over all 312 feet; interior length, 200 feet; length of choir, 65 feet; width of nave, 134 feet; width of transept, 186 feet; height of grand nave, 85 feet; superficial area 42,000 square feet. There will be twenty-six altars, twelve of which will be in the crypt Chapels, and the lighting of the interior will play a large part in the scheme of decoration of the church and will be a telling factor in providing a beautiful place for the hundreds of thousands of pilgrims who journey each year to the famous shrine.

CANADA IS SOUND SAYS BABSON

Wellesley Hills, Mass., April 26th.

Robert W. Babson, here to-day released from his annual inspection trip, reports of which have appeared in this paper from week to week. In reviewing the trip in general, Mr. Babson stated that if anything, business is becoming too rapidly active in the United States. "Everywhere people are talking prosperity, building is booming, prices are rising, and wages are rising," says the Statistician. "A little of this is a good thing, but too much of it at once is dangerous. When a patient recovers too rapidly, collapse may occur. The business men of United States need to remember the warning of that old capitalist, the King of Siam, who cautioned the business men of Jerusalem that 'pride goeth before destruction and a haughty spirit before a fall.' Personally, I much prefer the more gradual and deliberate manner by which Canada is passing through her readjustment. We have to learn from our northern neighbor. To-day conditions are better in the States; but unless we take care, business will be better in Canada in 1924 than it will be here.

I spent some two weeks of my trip studying Canadian conditions, and concluded Mr. Babson, 'and was very much pleased with what I found.' Various figures suggest that the Dominion stands in about the same position in the economic cycle occupied by the United States six or eight months ago. If this is so, Canada looks for a bright future. The business situation is better, and more favorable conditions prevail in trapping and trading centers of the north owing to the state of the fur market and the plentifulness of furred animals. British Columbia is a more prosperous condition than the prairies. Its farmers did fairly well last year and the fruit-growing sections had very profitable yields. Lumber demand is expected to develop to quite sizeable proportions. Even in the mining towns I look for a fair improvement. In British Columbia business during the spring months should be good.

Canadian sales efforts during the next few months should be concentrated on the eastern provinces. The industrial communities of Ontario and Quebec look relatively the best, and even in the agricultural sections the conditions are more favorable than on the prairies. Mixed farming helped to lighten the load of the eastern farmer. Industrial activity in Canada is estimated to be the vicinity of 70 per cent of capacity. Unemployment and short time are still prevalent in some lines, but are not out of standing exception. This line is fairly busy and is resulting in considerable prosperity in such centers as Port Huron and Kirkland Lake, Ontario.

Industries manufacturing goods for human consumption or covering are perhaps most active and have the most encouraging outlook. The best customers will be found in the cities. I have in mind all of the manufacturing centers of southern Ontario and Quebec, but especially those producing pulp, boots and shoes, textiles, clothing and food products. In the maritime provinces a firm foundation is being built up for business improvement. Lumber industries are now dull, but I believe that warmer weather will bring decidedly better markets for lumber, fish and other local products. By summer, New Brunswick and Nova Scotia should look nearly as attractive to sales representatives as southern Ontario and Quebec.

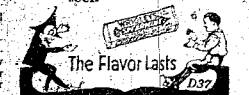

"A more hopeful feeling is developing, however, in the prairie and other agricultural regions. Better prices for farm products are helping the Canadians as well as the farmers in the States. As the Canadian farmer was slower in feeling the good effect of this increase in prices of farm products, he will enjoy it longer.

It seems to be a fundamental principle of economies that the Dominion has about a year behind the States both as to action and reaction during the trip in general. Hence, I say that while today conditions are better in the States, they may be better in Canada next year. Business conditions are much like a storm that travels across the country in waves. Each section gets the storm, but all do not get it at the same time. "We should be better neighbors to Canada. Some day we must turn to her for natural resources when our timber is gone, when our water power is developed, when the price of land here makes the raising of cattle prohibitive, we must turn to Canada. Besides, the boundary line between the two countries was never made by God. It was made by man. Hence, let us not erect unnecessary tariff walls or other barriers. Let us remember that in the long run the prosperity of both countries is bound up together. For either to prosper both must prosper. We need not the other. Let us let our Christians in legislation as well as in nature."

The Statistician continues to register the slight inflation to which I have already referred. Today it still stands at 100 per cent above normal. With the readjustment only 60 per cent completed, this is not a healthy sign. It is dangerous to raise prices or wages at the present time. Let us have prosperity, but let us not have inflation. Things that have resulted in the raising of prices and wages here in the States. We need more character and less speculation at the moment. It is of course true that men make money, but let us not forget that souls make money."

**STMR. GYP ASHORE
AND REFLOATED**

The steamer Gyp, which stranded on a mud bank, whilst navigating her way out of Port Medway on Thursday morning, was refloated at midnight Saturday by the wrecking steamer McCandless. After two hundred tons of her pulp cargo had been taken from her holds, the steamer was found to be undamaged and was refloated by the McCandless for Rouses, France, with a cargo of 4,675 tons of pulp.

The Gyp loaded pulp at St. John and Digby and went to Port Medway to complete her cargo, taking about 1,000 tons at that port. She was heading seawards on Thursday morning when, about two hundred yards from the wharf the steamer ran on a mud bank. The wrecking steamer got away from the mud bank and was successful in refloating her Saturday night.

ASHORE A SECOND TIME

A dispatch from Liverpool dated April 23rd, says: One mishap after another has happened to the steamer Gyp which with 4,675 tons of pulp has been trying to get away from Port Medway for Rouses, France. Tonight she was hard and fast on a rocky ledge about a mile and a quarter from her wharf with her bow and a half of water in her forepeak and number one tank full. She was resting easily, and was expected to be refloated and taken to Halifax for repairs.

The Gyp first stranded on Thursday, only to run into a mud bank about two hours later. She was refloated Saturday night, she started again but struck on a submerged obstruction and broke one of her propeller blades and damaged others. She was ordered to Halifax for repairs with the result that she went on a rocky ledge where she remained tonight.

The Gyp took part of her cargo at St. John and Digby.

**LOBSTER FISHING
SEASON EXTENDED**

The following telegram received by the Courier this Tuesday morning from L. J. Lovett, M. P., will be welcome news to all our readers to who follow lobster fishing as a regular part of this year's work. The telegram reads as follows:

Ottawa, Ont.,
April 23rd, 1923.

Editor of the Courier,
Digby, N. S.
Hon. Ernest LaPointe, Minister of Marine and Fisheries, in consideration of the unusual unfavorable weather conditions that prevailed through the regular lobster fishing season has granted an extension of the season to June 15th, hoping by so doing the lobster fishermen may benefit financially.

TOOK 45 YEARS TO ANSWER LETTER

A British newspaper of a recent date says that: "In 1874, a North Countryman, Mr. Joseph Warner, wrote a letter to his cousin, Mr. W. M. Warner, living at St. Mary's Bay, Nova Scotia.

"A reply has only just come to hand—45 years later. The cousin found the letter unopened among some old papers, and immediately after reading the contents, wrote to Joseph, his long lost cousin, pleading that he never knew he received the letter."

TO ACCELERATE BRITISH MAILED.

To the Editor of the Courier:
Sir:—The undermentioned speaks for itself and is taken from a letter dated April 26th, inst. to the General Executive Assistant of the C. P. R., and by him forwarded to me.

Yours very truly,
ALFRED PORTER,
Bear River, April 24.

The movement initiated by Dr. Lovett, M. P., for acceleration of the inland British mails, via St. John, is bearing fruit. Under date of April 17, the Acting General Superintendent, Post Office Department, Ottawa, writes: "The whole situation is being revised with a view of improving the service to points on the Dominion Atlantic Railway, together with the South Western part of Nova Scotia, and will be put in operation next winter."

The movement also had the support of the Minister of Finance, Hon. W. S. Fielding, Premier Armstrong and Hon. Dr. Baxter, M. P. for St. John.

The Point L'Ange lighthouse is to undergo repairs shortly and while the light is out of commission a temporary light will be in operation. The temporary light will have the same flashes as the permanent one but will not be so powerful.

The reason why some towns grow, remarks the Renfrew Mercury, is simply because there are men of push and energy in them who are not afraid to spend their time and money to boom their town. There's a text for a sermon on Digby.

If you have a few news, send it in, or a joke that will amuse, send it in a story that is true, an incident that's new, we want to hear from you, send it in; never mind the time, if the news is worth the while it may help or cause a smile, send it in.

In the Baptist Church on Sunday, the services will be as follows: 11 a.m. subject: "A Luke-warm Church." 12 a.m. Sunday School; 3 p.m. Hill Grove; 7 p.m. Rev. Mr. Whelan, missionary from the United States will preach. All heartily welcome.

Some of the Halifax boys who went to Boston recently for employment have written the Halifax Herald notifying others here in the province that they are stranded there without work and cannot obtain any. They warn others against going there seeking for employment. A word to the wise.

Get ready to fence up your chickens and thereby preserve neighborliness in your corner of the moral vineyard. An industrious rooster or an active old hen can be a nuisance when they are too inquisitive in resurrecting the early garden seeds in a neighbor's flower pot or vegetable area. There are often things said on such occasions that are not always in the every day vocabulary.

Harry Raymond has a Plymouth Rock but which should be held up as an example to all hens—especially those who have been loafing on the job all winter. He laid an egg this week which measured 8 inches around the long way, 6 1/2 inches the other way, and weighed 4 pounds. And the taste—well that was beyond measurement, and believe us, we know because it formed the principal part of our breakfast yesterday.

The Boston ship, Flora L. Oliver, Capt. Ansel Snow, arrived at Portland, Me., Thursday with a fare of 30,000 lbs. of halibut. Capt. Snow's trip was a quick one as the vessel was only twelve days out from Yarmouth. Capt. Snow reported the schrs. A. W. Longline, Capt. Longman, and the Roseway, Capt. Watkinson, both fishing out of Yarmouth and that the vessels were doing well. Friday morning the halibut sold in Portland at 13 and 15 cents per pound.

The Post Office Department is sending this little extortion to all who get mail these days. Place your name and address on the outside of your letters and parcels. This is in your own interest. Why? Because if your name and address are on the outside of any article that is not delivered, it will be promptly returned to you unopened. Undeliverable articles without your name and address on the outside have to go to the Dead Letter Office, causing delay and inconvenience.

HOME WORK ORDERED ABOLISHED IN SCHOOLS OF WINDSOR, ONTARIO

Abolition of the home work system in Windsor, Ont., public schools was ordered by the Board of Education after a long fight by the teachers' union.

That some teachers, who clung to old fashioned ideas, had been a similar order passed by the board, three years ago was charged by Trustee Smith.

Members of the board took the stand that home work should not be given to any pupil unless the parents consented.

Marshall of Yarmouth joined the steamer in Halifax as second officer.

TAXES THAT DEFEAT THEMSELVES

An interesting example of the way in which high taxes defeat their own purpose is quoted by the Financial Post. At \$6 a thousand, cigarettes were heavily taxed, but Canadian consumption nearly 2,000,000 a year. The tax was increased last year to \$7.50 a thousand and smokers turned to pipes and to rolling their own. Cigarette consumption dropped by about half a billion a year and the government suffered a net loss in revenue of about \$2,000,000. The higher tax actually provided a lower revenue. Taxes that are too high will always defeat revenue purposes. (Montreal Herald.)

FOREST

PROTECTION

Editorial, "The Gazette," Montreal, April 18th.

Canadian forests will this year be visited by a large number of delegates from all parts of the British Empire, embracing in their number well-known timber men of knowledge and experience who have been associated with the administration and management of the forests of the various parts of the Mother Country and the Dominions. Mr. Frank J. D. Barnjum, the Maritime Provinces lumber man and forestry conservation philanthropist, who has for many years conducted vigorous patriotic campaigns in the interest of the preservation of Canadian forests and who has spent time and money liberally in pursuit of his schemes, is again to be the forerunner in a project to stir up action in parliament, feeling, as he himself puts it, that forestry conservation "is one of the most vital problems facing this country today." Mr. Barnjum has offered thousands of dollars—not once, but several times—in prizes for suggestions as to how best to conserve the forests; preserve the trees from the ravages of the budworm and other harmful insects; and also prohibit the export of unmanufactured wood. Mr. Barnjum has recently addressed a personal letter to the Federal and provincial members of parliament, emphasizing the obvious necessity for immediate action, more particularly in the latter aspect of the problem.

Sir Lester Gouin imposed salutary restrictions in the Province of Quebec covering practically 85 per cent of the timber lands of the province which constitute the foundation of our pulp and paper industry, although there is no valid reason why the remaining 15 per cent should not be equally well protected. Every new paper machine installed in Canada and every new issue of pulp and paper securities brought out and sold to the people of the Dominion are added arguments, it is urged, for prohibiting the export of raw wood. Close observers of the Canadian forestry protection problem are agreed that not only have we not a sufficient supply of wood for the mills at present operating, but we are also suffering positive and serious ill-effects because we have already denuded our forest areas to too great an extent. Emergency measures, to be followed by reduction of the "cut" on all lands, both public and private, are forcibly stressed—to the amount of the annual growth. China, at one time rich in wooded lands, was overtaken by disaster through what is precisely occurring in this country today, and unless strong measures are taken and speedily to conserve the timber crops of this Dominion, Canada will find herself similarly placed. In her forests Canada has a tremendous natural asset and one which, in spite of all the depredations of past years, by taking proper steps, be yet saved. She also can make a first-class virgin forests of the United States once covered well towards a billion acres—822,000,000 acres—over a million square miles, a tract, if all the trees were put together, 500 miles by 2,000 miles. There remain 137,000,000 acres, just one-sixth of the original acreage. Towns and farms have filled nearly half of the cleared spaces—359,000,000 acres—and second growth, much of it of an inferior quality, covers nearly a third—245,000,000 acres. The rest—81,000,000 acres—is idle land, devastated and growing nothing worth while.

The Supreme Maker of trees can do something, but He needs our assistance; He can give the increase provided Pauls plant and Apollos water and entomologists protect against pests, and fire wardens protect against fire, with the plant pathologists, and soil physicists. There must be systematic planting of trees, the great advantage of which was fully demonstrated in Scotland during the late war, when thousands of acres of magnificent Scots' pines were available for the construction of railway ties and other necessary work in France and Belgium. This area had been denuded of trees to furnish material during the Napoleonic wars. It was replanted, and the result was the forest of Glenmore sprang up again as vigorous as ever and supplied the trees for use against the Germans. Farmers might well put their uncultivated land into timber cultivation and conserve their bush acres by removing dead and fallen trees, and otherwise put to practical use the knowledge of forestry they have acquired. More and more should Canadians adopt all available measures for forest protection, insect and disease control, and by cutting timber in such a way as to provide for renewed growth. Until the practice becomes general and Canadians are as careful to avoid injuries to a forest crop as they would be to a wheatfield—and have the reverence for a tree the poets sing about, we shall always be up against the "forest and timber conservation problem." Members of parliament should try to recognize

that this forestry problem is an agricultural problem. Timber is a crop. Mr. Barnjum's letter is concise and is worthy of careful and serious perusal by our legislators, who would do well to heed its suggestions, the adoption of which might go a long way towards increasing the wealth of the timber crop. The older wooded countries regulate the tree resources and see to it that their capital stock remains intact by cutting only the annual increment. If Canadians use up their wooded capital, the only alternative must be a forestal bankruptcy.

Chaille States Taniae Built Him Up Recently Like It Did Years Ago

"It was about the first man in Montreal to buy Taniae when it was put on sale here, and ever since then I have been one of its first buyers," said Mr. Chaille, 94 De Grange St., Montreal, Que. Mr. Chaille has been in the real estate business for twenty years and is well-known throughout the city.

"I was feeling greatly in need of a tonic at that time," he continued, "and as the ads. said Taniae was good for a body in the badly run condition I decided to try it. The medicine promptly built me up and I was soon back in fine health. I have been strong and well ever since, until a few weeks ago when I began to get weaker and felt all tired out, and was afraid I would catch the grip if I didn't keep fit. So I went back to Taniae and now taking it, with the same good results I got before. It certainly is a dependable medicine, and I'll always recommend it."

Taniae is for sale by all good druggists. Accept no substitute. Over 35-million bottles sold.

The disgraceful conduct of several young men during the movies last Saturday evening has aroused a sentiment of disaffection and indignation among the many patrons of the Green Lantern Theatre. This sort of unruly and unbecoming action has been going on for some time and Saturday evening was the worst yet. Outrageous rowdiness is what it can be called and these guilty of rough behavior should be prohibited from entering the hall in the future and they should be punished to the full extent of the law. Made examples of. In the name of common respect those guilty of rough house work last Saturday should be prevented from having an opportunity to show the excellent manner in which they were treated. Patrons of the movies are unable to follow the show on account of noise outside as well as within, and their loud talk during the exhibition of the reels. Something should be done to stop a certain class of youngsters from gathering into the show, for from start till finish they are on the go, here, there, everywhere, and they disturb the majority of the theatre. A constable should be engaged to keep order. Let's hope Saturday nights occurrence will not occur again.

GILLETT'S LYE

Comparatively few people realize to what extent Gillett's Lye can be used to advantage in every home. For instance, with one can of Gillett's Lye and five and a half pounds of lard or grease, ten pounds of good hard soap can be made. Use one tablespoon Gillett's Lye in gallon of water for cleaning and disinfecting, refrigerators, sinks, garbage cans, tiled floors, baths and toilets.

Useful for over 500 purposes.

"My Heart Would Palpitate, I Had Weak Spells"

Mrs. L. Whiting, 202 King St. West, Brockville, Ont., writes:

"I took very sick with my nerves and stomach, and seemed to be all run down. At times my heart would flutter and palpitate so and I would take such weak spells in the pit of my stomach that I sometimes thought I would never get better. I had almost given up hope when a friend advised the use of Dr. Chase's Nerve Food. I did not stop until I had taken twenty-five boxes. It has done wonders for me and I want to recommend it to everyone."

Rev. J. W. Williams of Keswick, N.B., Suffered Greatly From Stomach Trouble and Constipation,

Found Lasting Relief in Drecto, Recommends it Very Highly.

An outstanding testimonial to the merits of Drecto is the case of Rev. J. W. Williams, Clergyman of the United Baptist church of Keswick, N. B. Mr. Williams, who had long and patiently suffered the pangs of indigestion and constipation, says:

"I was troubled for a long time with my stomach and various treatments gave me no result whatever. My appetite was very poor and I was forced to be content with very little food. Even then, it would cause severe pains and gas would form after each meal. My bowels were also very irregular. Then I decided to give Drecto a trial and since taking it, feel 100 per cent better in every way. I can eat things now that I couldn't eat before and my bowels are very regular. I am also sleeping better. Drecto is the best stomach and general builder that I ever tried and I can honestly recommend it very highly."

Drecto is restoring health and strength to men and women in every walk of life. Indigestion, kidney, liver and intestinal disorders yield quickly to its regulating influence and it tones up and invigorates the whole system.

Drecto is being specially introduced in Digby by P. W. Holdsworth, and is sold by a good druggist everywhere.

THE BEANTOWN CHOIR

On Friday evening, April 20th, the young people of the Methodist church, assisted by others, presented in Oakdene Hall, a three act farce entitled "The Beantown Choir".

The hall was filled to its utmost capacity and those present certainly enjoyed themselves for the play proved to be laugh from start to finish with just enough pathos to give it equilibrium.

Each character had been wisely selected and the result was a production far beyond the expectation of the general public, and as amateur work we feel it would be hard to find its equal even in our large towns.

The play was under the direction of Rev. Carl Mack, R. D. who is proving himself as famous in our town as a play director as he is in his chosen work.

Those who recall the excellent Harbottle scenes directed by Mr. Mack last year and those who were privileged to enjoy "The Beantown Choir", will look forward eagerly to the next production of this talented man. Although each of the actors deserve great credit for the excellent manner in which they rendered their parts but limited space permits us to mention only a few.

At the beginning of the play we were all surprised to find that in our very

midst was one who had missed her call, what New York opera would not welcome with open arms Mrs. Blanche Purdy and her melodic rendering of "Polly Wally Doodle".

The Jewish chorus (consisting of a mixed double quartette) was the centre of attraction during the last scene. Their rendering of some of the old selections was truly wonderful.

The song pantomime "When You and I Were Young Maazel" given by Mrs. W. Wade and M. B. Alexander gave to the play the one bit of sadness which was needed to equilibrate so much mirth. The rendering of this old selection was very effectively carried out.

Muriel Purdy, as Hezekiah "Doodlitt", did an entirely live up to her name as she "doodlitted" to give laughter to the audience and was the nucleus of the funny element of the production.

Below is given a cast of characters and synopsis.

CAST OF CHARACTERS.
The Widow Wood, of course she would, all widows would. Mrs. Fred Harris, Bethwood, her stepdaughter, a real sweet girl. Margaret Purdy. Hezekiah "Doodlitt", just as full of mischief as a dog is of fleas. Mrs. Muriel.

Why Chevrolet Can Give You Such Extraordinary Value

LARGE scale production—big sales volume! That's why Chevrolet can give you such extraordinary value—why you can buy a fully equipped quality automobile at such a surprisingly low price.

Chevrolet is the world's largest producer of quality automobiles. Savings in cost of material, production, distribution and overhead are passed on to Chevrolet buyers in the form of greater car value. Chevrolet's growth in sales volume proves that Chevrolet cars make good in service and represent today's lowest in first cost; these cars also cost less to operate than any other cars built.

THE MEANING OF MEMEL

MORE COMPLICATIONS ARISE IN EASTERN EUROPE.

Lithuanians Started Action to Seize City Just at the Time When France Was Busy Entering the Rhine Valley of the Ruhr—Complications Are Increasing as Result of National Ambitions.

After having waited four years for their only outlet to the Baltic, the Lithuanians have started to take by force what they believe is their rightful heritage. The city of Memel and its strip of territory along the Niemen river are actually under the jurisdiction of the Council of Ambassadors, which succeeded the Supreme Council of the League of Nations, as has been avowed. The title of sovereignty was transferred to the allied and associated powers from Germany, at that to eastern Galicia was transferred from Austria. The Council of Ambassadors now has before it the task of deciding what the future regime at Memel shall be, and a decision has been regarded as imminent for some time. The actual administration of the district has been in the hands of the French and the French occupation of Essen.

The problem at Memel is in many respects similar to that of Danzig. There the Poles demanded an outlet to the sea, promised them in Mr Wilson's fourteen points. But as the city was inhabited by a German majority, the Paris Peace Conference resorted to its favorite expedient of "internationalizing" the city and giving the Poles free use of the harbor. Concerning an outlet to the sea for Lithuania nothing had been stipulated in the fourteen points; the independence of the country itself was an afterthought. But by Article 99 of the Treaty of Versailles Germany was forced to give up Memel and the land north of the Niemen to the victorious powers, who were to decide its fate later. The territory is about 2,800 square kilometers and the population about 140,000. In majority it is Lithuanian, though in the city itself, as at Danzig, the German element is the largest. Thanks partly to having been under German instead of Russian rule, the population of Memel and the territory is more advanced in culture than that of the remainder of Lithuania.

Originally the western powers may have thought the Lithuanians would ultimately consent to become a part of the reconstituted Poland, as it had been a more or less autonomous province of the Russian empire. But the Lithuanians insisted on independence and gained their cause, taking almost for granted that they would be given Memel as their outlet to the Baltic. The mixed population it was difficult to draw a definite ethnographic border between Poland and Lithuania. And on October 9, 1920, the Polish general, Zeligowski seized by force the Vilna district, which by the Treaty of Versailles of July 1, 1920, had been given to the latter country. Vilna, moreover, is the old capital of Lithuania. Since that time the Poles and the Lithuanians have practically been at war. Until Poland restores Vilna, the Lithuanians declare they will have no friendly relations with her.

In the government of Memel the Poles also claim a share on the ground that it is the natural outlet for part of their commerce. In this demand they probably have the tacit support of France, their ally, who desires as strong a Poland as possible. The Germans of Memel are also represented as favoring an international regime for the city with a view to ultimate reversion to Germany. But if the Poles get established both at Vilna and at Memel, the time of a re-annexation of the remainder of Lithuania with Poland may be hastened, something the present French regime would perhaps be pleased to see happen. At least this would seem to explain why the Lithuanians chose to march on Memel the very day the French were busy entering the Ruhr.

Forestry Pigeons.

The United States forestry service has been experimenting with carrier pigeons. Recently, in an Idaho forest, a carrier pigeon was taken by a packhorse over mountains, kept at its destination overnight and released the next day. It was subsequently found that it took the pigeon exactly thirty minutes to cover the eighteen miles to its destination. In another recent test the pigeon was sent to headquarters with a message asking for fire-fighting assistance. Soon after, however, it was found that the fire was under control. Word was sent by a second bird that the requested assistance would not be required, and it was found that the central camp, just in time to prevent the assisting expedition from starting.

Large Forfeits.

Paying up cost unsuccessful candidates at the recent British election something like \$35,000. England has a law which requires a man who puts himself forward for Parliament to get one-eighth of the votes cast in his district or forfeit the sum which amounts to approximately \$700 in our money. More than fifty candidates suffered the forfeiture in the November election. — The Nation's Business.

EVER THINK ABOUT NOTHING?

Courtelaine, Eminent French Philosopher, May Have Added Another Word to Language.

Courtelaine, the French philosopher, bids fair to add a new word to language, as did Oser and Fletcher. Perhaps we shall overlook the expression "to do a Courtelaine" applied to the attempt to think without a subject. A new edition of the "Philosophy of Courtelaine" has recently been issued, and the reviewer in Le Progrès Médical assures the reader that in place of a system of metaphysics the book consists of a string of thoughts, maxims and reflections on the most diverse themes.

Courtelaine, or some one else, had heard a woman say that "she never thought, because thinking fatigued her; but if she did think she tried to think of nothing. This declaration he regards as great to the point of subtlety—the best thing that has been said since a certain gentleman went on record as "no lover of spinach." Such remarks are worth more than many acts of parliament.

Old Belief Proved Wrong.

The London Times recently carried a news dispatch which indicates that a pet theory of the late Sir Norman Lockyer has just received a blow from which it can hardly recover. Accurate measurements made by the Egyptian surveyors have proved that never since the great temple of Karnak was built has the sun shone straight down its axis. Sir Norman Lockyer believed that this temple, and many others in addition, were constructed for the purpose of obtaining an exact observation of the precise time of the solstices—that is to say, the day of the sun's most northerly setting. But Mr. Richard's survey of the temple has proved that the sun has never been visible at all, at any moment in any day in any year along the axis of the temple, since about 6,000 B. C., and that it has set along the central line of this axis between 12,000 and 18,000 years ago. At this date Europe was still in the old Stone Age; the eve period was at its zenith, and the hunters of the Eborac were chasing reindeer over the French moorlands. To suppose that the temple of Karnak can have been built then is out of the question. This would appear to dispose of the sun-temple hypothesis, and the survey of Egypt is to be congratulated upon a useful piece of work.

Love and Green Peas.

Leguminous plants and diverse appear to have little in common, but according to the Daily Chronicle, London, England, the Pathological congress, recently held in Paris, discovered the analogy when considering divorce cases resulting from war-time marriages.

Haricot beans were stated to confer advantage upon brain and brawn; spinach would prevent dawning in the household, but green peas were condemned as developing folly, making women capricious and reckless. Men and women, it was asserted, stirred under their influence, and the pathologists attributed a majority of the divorce cases to the consumption of peas.

Something Goes Wrong on Jupiter.

Something has gone wrong with Jupiter, the great planet which is 1,000 times as large as Mother Earth. Frank Sargent, of the Dominion University Observatory has reported to the Royal Astronomical society that an area of the planet's surface equal in size nearly to the continent of Europe was seen by observers to be moving seventy miles an hour slower than the rest. This was in 1921. This year a similar movement has been observed, but over a smaller area. The drift thus far has been about 50,000 miles. What this movement means is a mystery.

Something Miscalc. "The millionaire said he didn't know there was \$20,000 worth of liquor on board."

"That's what he testified in court."

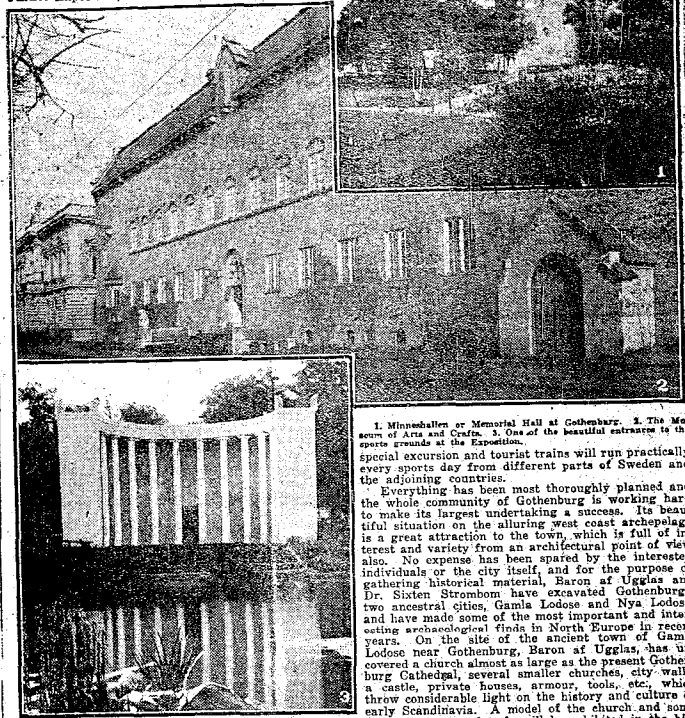

"Umph! I suppose everybody in court succumbed."

"Everybody but a friend of the millionaire, who had been invited to go on a cruise. He grounded aloud."—Birmingham Age-Herald.

New Name for Prevailing Style. Mary's home is in the country and she was unaccustomed to seeing children wear half hose. During a recent visit in the city, at which time the prevailing style impressed Mary greatly, she exclaimed, "O, mamma, won't you please buy me some low-down stockings?"

Canadians Will Visit Gothenburg Exposition

WHAT is planned to be the greatest and most interesting exposition ever held in Scandinavia will be held in the old Swedish seaport of Gothenburg from May 8th to September 30th next. Most of those who are touring Europe this year will endeavor to include Gothenburg in their itinerary, and thousands will probably go to Sweden from all parts of the world for the specific purpose of visiting the Jubilee Exposition, which, in physical proportions and

variety of exhibits will be the greatest ever held north of the Baltic. The grounds cover over 75 acres, and in addition to historical, cultural and other exhibitions ranging from fine-art to exports, numerous international meets will be held; automobile and aviation meets, printing and journalistic congresses and athletic and gymnastic competitions, etc. Foreign athletes are being provided with transportation by the authorities, and such an interest is being taken in the games that

Already a large number of Canadians have booked passage on the Canadian Pacific Express liners for Europe, and the exposition is the first thought of many of them.

Everything has been most thoroughly planned and the whole community of Gothenburg is working hard to make its largest undertaking a success. Its beautiful situation on the alluring west coast archipelago is a great attraction to the town, which is full of interest and variety from an architectural point of view also. No expense has been spared by the interested individuals or the city itself, and for the purpose of gathering historical material, Baron af Ugglas, and Dr. Sixten Stromborg have excavated Gothenburg's two ancestral cities, Gamla Lodosse and Nya Lodosse, and have made some of the most important and interesting archaeological finds in North Europe in recent years. On the site of the ancient town of Gamla Lodosse near Gothenburg, Baron af Ugglas, has the Cathedral, several smaller churches, city walls, a castle, private houses, armor, tools, etc., which throw considerable light on the history and culture of early Scandinavia. A model of the church and some of the armor and tools will be exhibited in the historical section of the Exposition. Dr. Stromborg's excavations still continue within the limits of the city of Gothenburg, and visitors will have the opportunity of inspecting for themselves the ancient works and fortifications.

"THE SPIRIT IN THE LILY"

Second Prize Story In Amherst News Sentinel Short Story
Contest.

By Josephine Bishop.

It was a decidedly unpleasant
night on which to be abroad. A
raw, biting blast that chilled one's
body through and through, pen-
etrating even the warmest of gar-
ments, came tearing round the
bleak, unsheltered corners, driving
before it the swift falling snow,
whitening the long lines of hurrying
pedestrians and heaping great
ghostlike drifts by the roadside.

Despite the inclemency of the
weather, the streets were thronged
with a busy crowd of holiday shop-
pers, a cheerful, pleasant crowd,
whose spirit even that stinging
blast failed to depress, for it was
Christmas Eve, and the Spirit of
Christmas was abroad.

Laden with parcels, I pushed my
way through the fast-hurrying
throng, glad that my modest pur-
chases were made, and that I had
but to call at the Chinese laundry
before hastening my footsteps

homeward to the warmth and com-
fort of my own fireside, all chilling
blast shut out.

It may have been the sight of
my numerous bundles as I tossed
them on his counter to shake from
my shoulders the fast-falling snow,
or maybe the spirit of Christmas
had entered even into his pagan
soul—whatever the cause, I had
barely entered his door before that
beastly Chinaman suddenly dis-
appeared into the dim, remote
regions in the rear of his shop to

reappear as suddenly bearing in his
hand the bulky of a Chinese lily.
Wrapping it in paper he proffered
it to me. Supposing it to be in-
tended as a Christmas gift, I
accepted it in the spirit, I thought
it, offered, although I had little use
for the bulb.

Was it my fancy that a swift
look of relief passed across that
ugly visage as I took the package

and dropped it in my pocket!

Arriving home, I threw the par-
cel into an unused closet where,
amid the busy round of holiday
festivities, it lay forgotten. It was
not until several months later that
I ran across the bulb in my search
for a pipe that had become mislaid.

Obeys an idle impulse, which
I have since heartily regretted, I
planted the bulb and placed it in
the library window. It soon be-
came an object of interest for it
grew with amazing rapidity. In a
month it was a foot high, in six
weeks a mass of heavy, white
blossoms whose powerful perfume
not only pervaded the air of the
room but seemed to spread to every
nook and cranny of the apartment.

Opening off the library is a small
comfortable smoking room, where
I am accustomed to while away my
idle hours. It was while sitting in
this room one evening at about
this time, that I first heard those
peculiar sounds in the library, for
which I could find no cause or
explanation. I had been endeavor-
ing to write a letter, I remember,
but after several unsatisfactory
beginnings, had flung aside my pen,
and pipe in mouth, hands locked
behind my head, sat idly musing.

The house was very quiet. My
servant, James, the only other
occupant, was in his room at the
end of the hall. Outside, the night
was clear and calm, not the faintest
breath of wind was blowing. Thus
the sound of footsteps slowly cross-
ing the library floor, enlivened by
the deep silence, came sharply to
ear. I gave them little heed, how-
ever, thinking it but James coming
with some message. It was that
which followed that caused me to
sit erect, alert and watchful; for
dogging those first footsteps came
others, creeping stealthily and on
tip-toe. A second later there came
the sound of a heavy body fall-
ing to the floor, a suppressed cry,
then silence.

Leaping to my feet, I rushed in-
to the library and switched on the
lights, for the room had been in
darkness. To my amazement
I found it empty, no one was in the
room, nothing disturbed; the doors
leading into the hall were closed,
nor had there been time for anyone
to have quitted the room nor to
have found a place of concealment
within.

In response to my summons,
James, who stood at the foot of the
staircase, appeared in the doorway.
He had heard no sound and finding
upon examination, that doors and
windows were securely fastened
seemed disposed to think that I
had dozed off and what followed
been merely a dream. His sugges-
tion angered me. Does the doll
imagine me to be in my dotage to

confound dreams with realities? I
ordered him to return to his room
and keep his opinions to himself.

It was as I turned to leave the
library that I first observed the
peculiar action of the Chinese lily.
I was much astonished to find that
the plant which but a few short
hours before had stood erect,
flourishing, a thing of beauty, now
lay a lifeless heap, its leaves and
blossoms sprawling untidily over
the side of the pot. How much
greater my astonishment, however,
upon entering the room the follow-
ing morning, to find that this same
plant had miraculously righted it-
self during the night, for again it
stood erect, the very embodiment
of life, its fragrant perfume filling
the air.

I went carefully over the room
by the light of day but failed to
find any clue to those mysterious
sounds of the previous night. Had
the matter ended here I suppose
that in time I should have accept-
ed James' explanation, namely that
the thing had been merely a dream.
But, on not one, but on two suc-
cessive evenings, as I sat in that
room, did those peculiar sounds
recur in the library. Each was a
repetition of those heard the first
night—the slow pacing footsteps;
the stealthy one that followed; the
muffled cry; then silence. And
after each recurrence—it seemed a
strange co-incidence—that unac-
countable action on the part of the
Chinese lily. Each night it lay a
lifeless mass that each morning lay
righted itself into a vigorous, grow-
ing plant.

What did it mean?
I am not a superstitious person,
no drop of superstitious blood runs
in my veins, yet I must confess
that this nightly recurrence, with-
out cause, without explanation,
acted upon me strangely.

Determined to learn the cause of
this phenomena, I decided to pass
an evening in the library itself to
see if there I could not unravel the
mystery. As the night was chilly,
I bade James light a fire in the fire-
place, then selecting a volume from
the bookcase, I sat down before it.
I read for some time but the book
proved uninteresting; the plot
stupid, so casting it aside, I turned
off the lights and sat basking in
the pleasant firelight. How long I
sat thus I do not know, it may
have been half an hour, perhaps
longer, when a sudden step behind
me caused me to start and raise my
head. What I saw held me as one
transfixed.

Over the mantle is a large mirror
and it was into this that I gazed as
I raised my eyes. In this mirror
was reflected the greater part of
the room behind me; the bookcase
with its rows of books; the re-
cessed door; the dim recess beyond where
the bookcase ends and the bay-window
begins. The window itself was in
shadow, the lily, that stood in its
centre but a mere blur of green and
white.

It was not these that held me
spellbound, however. Advancing
slowly as from that dim recess came
the strangest figure. He—for it was
the figure of a man—was robed in
loose flowing coat and trousers of
shimmering yellow silk; his thick
black hair braided into a long queue,
hung down his back; on his feet
were sandals. Was it the fire-light
that gave to his body that strange
appearance of transparency? He
walked the length of the bookcase
then paused with eyes downcast as
though in deep thought. Skulking
behind this figure, creeping on tip-
toe, came a second also in the garb
of an Oriental. The firelight shone
full upon his sinister features and
upon that which he held in his up-
lifted hand. A second later there
was a flash of steel in the firelight
as the uplifted hand descended, and
the foremost figure fell crashing to
the floor. Pressing his long, shad-

owy fingers over his eyes as if to
shut out that horrible sight the sec-
ond figure gave a muffled shriek and
vanished.

I could not suppress a cry of hor-
ror as I sprang to switch on the
lights; shuddering, I turned to view
that ghastly sight, and remained
rooted to the spot for the place was
empty. I searched the dim recess,
it was empty also. Dazed, I stag-
gered to my seat.

James came hurrying along the
hall and entered the room. "Did
you call, sir?" he asked, "I thought
I heard some one cry out."

"No—yes—no—yes!" I answered, in-
coherently, for I was still dazed. I
was about to pour forth the story
of the scene just witnessed but re-
frained, dull, matter-of-fact James
would consider it but the ravings
of a mad man. So merely stating
that I had called as I desired to go
to my room, I pulled out my watch
I looked and looked again, "I
thought my eyes must play me false,
it was one o'clock."

"Can it be as late as that, James?"
I asked.

"Yes, sir," was his reply, "I came
twice to the door to see if you wish-
ed to retire but you were asleep, so
did not disturb you."

As you know I had not slept but
I did not trouble to contradict
James.

As I was leaving the room, James,
who had remained behind to cover
the fire drew my attention to the
Chinese lily, suggesting that the
room had been too warm for it. As
on the previous nights, it lay a
lifeless heap, its leaves trailing
dejectedly over the side of the pot.

I spent a wretched night. Again
and again did that fearful scene
pass and repass before my excited
vision. At last towards morning I
dropped off to sleep, but only to
be haunted further in my dreams.
I appeared to be lost in inky black-
ness while strange, grinning faces
pursued me, each bearing in an up-
lifted hand a gleaming dagger. No
bodies were attached to these mem-
bers, naught but that grinning,
mask and that menacing, uplifted
hand. They closed in around me
closer, and closer—I awoke sud-
denly, I reared up, but the horror that
I had dreamed of was not there. I
proved uninteresting; the plot
stupid, so casting it aside, I turned
off the lights and sat basking in
the pleasant firelight. How long I

lights; shuddering, I turned to view
that ghastly sight, and remained
rooted to the spot for the place was
empty. I searched the dim recess,
it was empty also. Dazed, I stag-
gered to my seat.

James came hurrying along the
hall and entered the room. "Did
you call, sir?" he asked, "I thought
I heard some one cry out."

"No—yes—no—yes!" I answered, in-
coherently, for I was still dazed. I
was about to pour forth the story
of the scene just witnessed but re-
frained, dull, matter-of-fact James
would consider it but the ravings
of a mad man. So merely stating
that I had called as I desired to go
to my room, I pulled out my watch
I looked and looked again, "I
thought my eyes must play me false,
it was one o'clock."

"Can it be as late as that, James?"
I asked.

"Yes, sir," was his reply, "I came
twice to the door to see if you wish-
ed to retire but you were asleep, so
did not disturb you."

As you know I had not slept but
I did not trouble to contradict
James.

As I was leaving the room, James,
who had remained behind to cover
the fire drew my attention to the
Chinese lily, suggesting that the
room had been too warm for it. As
on the previous nights, it lay a
lifeless heap, its leaves trailing
dejectedly over the side of the pot.

I spent a wretched night. Again
and again did that fearful scene
pass and repass before my excited
vision. At last towards morning I
dropped off to sleep, but only to
be haunted further in my dreams.
I appeared to be lost in inky black-
ness while strange, grinning faces
pursued me, each bearing in an up-
lifted hand a gleaming dagger. No
bodies were attached to these mem-
bers, naught but that grinning,
mask and that menacing, uplifted
hand. They closed in around me
closer, and closer—I awoke sud-
denly, I reared up, but the horror that
I had dreamed of was not there. I
proved uninteresting; the plot
stupid, so casting it aside, I turned
off the lights and sat basking in
the pleasant firelight. How long I
sat thus I do not know, it may
have been half an hour, perhaps
longer, when a sudden step behind
me caused me to start and raise my
head. What I saw held me as one
transfixed.

Over the mantle is a large mirror
and it was into this that I gazed as
I raised my eyes. In this mirror
was reflected the greater part of
the room behind me; the bookcase
with its rows of books; the re-
cessed door; the dim recess beyond where
the bookcase ends and the bay-window
begins. The window itself was in
shadow, the lily, that stood in its
centre but a mere blur of green and
white.

It was not these that held me
spellbound, however. Advancing
slowly as from that dim recess came
the strangest figure. He—for it was
the figure of a man—was robed in
loose flowing coat and trousers of
shimmering yellow silk; his thick
black hair braided into a long queue,
hung down his back; on his feet
were sandals. Was it the fire-light
that gave to his body that strange
appearance of transparency? He
walked the length of the bookcase
then paused with eyes downcast as
though in deep thought. Skulking
behind this figure, creeping on tip-
toe, came a second also in the garb
of an Oriental. The firelight shone
full upon his sinister features and
upon that which he held in his up-
lifted hand. A second later there
was a flash of steel in the firelight
as the uplifted hand descended, and
the foremost figure fell crashing to
the floor. Pressing his long, shad-

owy fingers over his eyes as if to
shut out that horrible sight the sec-
ond figure gave a muffled shriek and
vanished.

I could not suppress a cry of hor-
ror as I sprang to switch on the
lights; shuddering, I turned to view
that ghastly sight, and remained
rooted to the spot for the place was
empty. I searched the dim recess,
it was empty also. Dazed, I stag-
gered to my seat.

Barton Frude, of Digby, spent Sunday with his family here.

Mr. and Mrs. E. Steadman spent the week-end at Smith's Cove.

Miss Marjorie MacDormand, who has been spending the past two weeks with her grandmother, Mrs. Frude, at Deep Brook, returned home on Tuesday.

Warren Frazee left this week for Boston.

Fred Harris spent the week-end with his family in town.

The Ladies Circle met on Tuesday evening with Mrs. Chipman Harris.

Clarence Thomas, of Barton, Superintendent of Highways for Digby County, was in town Saturday making arrangements for the spring work.

Walter Dukeshire who has been spending the past few weeks in Kentville, returned home this week.

Rev. C. M. Mack left on Monday for Guelph, Ontario. As he expects to be absent over a week there will be no services in the Methodist church on Sunday, except Sunday School, which will meet at the usual hour.

Miss Elizabeth Moore and Mrs. Hubbard returned from Halifax on Wednesday.

Mrs. Elsie King Tupper returned to her own home last Friday. She has been spending the winter with her son, George Tupper.

Miss Florence Vroom returned last week after an enjoyable visit in Sackville, where she was a guest at the home of Fred Hammond.

John Curtis is home for the week-end.

Mrs. O. A. Eison left on Tuesday for New York.

The Methodist W. M. S. met on Thursday with Mrs. Elsie King Tupper.

On her trip to and from St. John last week the S. S. Bear River was forced to go down the Bay eight miles out of her regular course in order to escape a huge ice field which was coming down from Minas Basin. This is the first time in the history of the steamer that such an experience has happened.

Miss Florence Vroom entertained the Methodist Aid Society last Tuesday.

Mrs. Stephen Rice has returned from Round Hill.

J. A. Rice went to Caledonia last Tuesday.

Roy Crandall left last week for Victoria.

Joe Spears and Carlton Rice came home from Boston on Tuesday.

Eber Pack, who is engaged in electrical work at Westport, is spending a week at home.

Colin Hirtle, Leslie Rice and Harry Gehue spent the week-end at their respective homes.

Miss Neva Masters, of Deep Brook, arrived in town on Monday to take charge of the Western Union Telephone office. We regret that Miss Agnes Link, who has given such long and faithful service will no longer be at her old post, but we are not losing her entirely, and she will still have the supervision of the Telephone service. In the near future she will be occupying her new bungalow at Smith's Cove.

Lyle Stevens spent the week-end in town with his family.

W. L. Holdsworth, of Digby, was in town Monday.

Mrs. Jack Austin and little daughter, of New Glasgow, arrived in town last week. They will spend the summer with Mr. Austin, who is working here.

Col. E. C. Phinney made a short stay here the first of the week.

Miss Fernie Cosaboon spent the week-end at her home in Smith's Cove.

Dr. and Mrs. A. B. Campbell are moving into the house purchased by Mr. C. Harris from the E. E. Rice estate.

Mrs. H. C. Anthony and Mrs. W. M. Bonman spent the last week in Sackville attending the graduation recital given by their sister, Louisa Jones, who graduates this year in piano from Mt. Allison Ladies College.

ENTERTAINMENT

AND PIE SALE

On Monday evening an entertainment and pie sale was held in the Bear River East school house. In spite of the inclemency of the weather quite a number were present.

Before the auction of the pies, the pupils entertained by readings, school songs, exercises and drills. Miss Mildred Perkins, president of the school club, read the programme. The pupils did their various parts with enthusiasm and were certainly a credit to the training of their teacher, Miss Leone Banks. Special mention was made of the drills, flag salute and resolutions of the club. Wallace Perkins auctioned the pies and afterward rendered a number of old selections on his violin accompanied on the organ by Miss Lucie VanBerkirk. The sum of \$20.05 was realized from the sale of the pies, part of which was paid for their little organ and the balance will be used by the club. A vote of thanks to the teacher, God save the King brought the evening to a close.

BASEBALL

A meeting of the association was held last Tuesday evening to hear the report of the delegate from the Kentville meeting. J. H. Cunningham, manager of the Baseball team reported seven clubs represented at Kentville and that the following teams would compete in the Valley League: Digby, Bear River and Bridgeport forming the Western section and Alldiction, Kingston, Berwick and Kentville the Eastern section. The schedule of games for the Western section has not yet been agreed upon, but will be decided upon in the near future.

The Ball ground on the Lansdowne road is drying up nicely and should be ready to be put in shape during the coming week.

Charles Wilson has kindly offered to give a benefit Radio concert some night this week at which Ball news will be specially featured from the Schenectady station. The proceeds will be donated to the Ball Club.

FRESHETS

During the past three years our weather has been running on a high level. The summer of 1921 was one of unprecedented drought and that of 1922 gave the heaviest rainfall on record while the winter of 1923 left no doubt that the old-fashioned winters were not a thing of the past. One heavy thaw was experienced a few weeks ago, there was still left a thick mantle of snow in the woods. On Sunday afternoon a warm rain commenced and continued without any cessation until Monday noon. At Sunday midnight the water had risen about two feet in both branches of the River and rose steadily during the entire night and all day Monday. The Electric Light plant was completely surrounded with water in the early morning and the only way possible for Engineer Peck was by walking in the pipe line at the rear of the building. Some fear was felt for the safety of the Lambert Mills since the water was pouring over the entire length of the dam and was dangerous to undermine some of the foundations. At the time of writing one of the bridges has been badly damaged and it is not known whether it can withstand the torrent raging around it or whether it will be carried away. In any case extensive repairs will be necessary at this property to repair the damage already done.

L. O. O. F. SUPPER

Friendship Lodge, I. O. O. F., assisted by Ella Robekah Lodge gave a very enjoyable "Clam Supper" on Friday at the Commercial House, the proprietress Mrs. E. E. Chalmers very generously loaning the use of the hall for the occasion. Though not properly advertised a goodly number attended and all went away full in their praise of the excellent menu which was as follows:

Clam Chowder
 Clam Scallops
 Creamed Beets
 Brown Bread
 Assorted Cakes
 Tea
 Chow-chow
 Rolls
 Ratin Bread
 Cream Pie
 Doughnuts
 Coffee
 The proceeds amounted to \$40.00.

SHIPPING

The Schooner Ronald C. Longmire cleared on Tuesday with a cargo of lumber for Boston. Captain William Burns of Sandy Cove is master.

The S. S. Bear River made an extra trip this week to Annapolis returning with a cargo of fertilizer.

The Schooner Leuka, Captain Tupper, also cleared this week for Boston with a cargo of lumber.

Top repairs have been proceeding on the Schooner Eskimo during the past two weeks while awaiting the return of the ship which, on Saturday evening, she was floated on the blocks in Clarke Brothers shipyard.

TENNIS

The annual meeting of the Tennis club was held in Sect. J. H. Cunningham's office on Thursday evening with Pres. Harris in the chair. The Treasurer reported funds to the amount of two hundred and twenty-five dollars in the treasury. Some discussion was held in connection with new grounds and it was voted to instruct the Trustees to endeavor to procure suitable grounds for the coming season. The new officers appointed were Arthur Cresson, Pres.; Mrs. A. B. Marshall, Vice-Pres.; H. C. Anthony, Secy-Treas.

BOY SCOUTS

All the "tenderfoot" scouts are now working on their tests for second class scouts. At last meeting J. H. Cunningham gave the first lecture on First Aid and this will be followed by several more lectures accompanied by practical work in the near future.

Severe Kidney Trouble

Mrs. F. Rinehart, Campbellville, Ont., writes:

"I had trouble with my kidneys and very frequent urination. This was followed by pains which at times were very severe. The doctor said I had inflammation of the bladder and that an operation might be necessary. To this I refused, and began using Dr. Chase's Kidney-Liver Pills. From the first few doses I felt the benefit. The pains left, urination was corrected, and I have had no recurrence of these ailments."

Minard's Liniment for Dis-temper

This is the Claim of Miss Sarah A. McPherson of Sydney, N. S., After Trying Hospital Treatment.

Three Bottles of Dreco and She Laid Aside Her Cane.

Miss Sarah A. McPherson is cook at the Norfolk Hotel in Sydney and her duties make it necessary for her to be on her feet all day. When rheumatism attacked her it was necessary for her to go to the hospital for two weeks. She was in such a condition that she couldn't walk to the train without the use of a cane. Her story is an interesting one to those who suffer from rheumatism.

MISS SARAH A. McPHERSON

"I had a serious attack of rheumatism last February," she says. "I was in the hospital and in bed for two weeks. When leaving I could not walk to the train. All summer I was ailing and finally had to begin using a cane. Rheumatism seemed to affect every bone in my body and without a cane I could hardly get around. My liver was very inactive, I had chronic constipation, could not sleep, the pains through my right knee were very intense and I had no appetite."

"For the past four weeks I have gone without a cane. The pains in my shoulders and limbs are practically all gone, my bowels are regulated, I can sleep well and my appetite is improving. I have had rheumatism, more or less, for the past 15 years and I surely feel thankful for the great benefits I've already derived from the three bottles of Dreco I have taken."

"This is only one of the remarkable records made by Dreco where other efforts failed."

Dreco is being specially introduced in Digby by P. W. Hallowell, and is sold by a good druggist everywhere.

EXCRUCIATING PAINS, CRAMPS

Entirely Remedied by Lydia E. Pinkham's Vegetable Compound

Eberts, Ont.—"I started with cramps and bearing-down pains at the age of sixteen years, and I would get so nervous I could hardly stay in bed, and I had such pains that I would scream, and my mother would call the doctor to give me something to take. At eighteen I married, and I have four healthy children. But I still have pains in my right side. I am a farmer's wife, with more work than I am able to do. I have taken three bottles of Lydia E. Pinkham's Vegetable Compound, and I feel that it is helping me every day. My sister-in-law, who has been taking your medicine for some time and uses your Santal Midy Wash, told me about it and I recommend it now. As I have received great relief from it." Mrs. NELSON YORK, R. 1, Eberts, Ont.

Lydia E. Pinkham's Vegetable Compound is a medicine for ailments common to women. It has been used for such troubles for nearly fifty years, and thousands of women have found relief as did Mrs. York, by taking this splendid medicine.

If you are suffering from irregularity, painful times, nervousness, headache, backache or menstrual troubles, you should at once begin to take Lydia E. Pinkham's Vegetable Compound. It is excellent to strengthen the system and help to perform its functions with ease and regularity.

Eberts, Ont.—"I started with cramps and bearing-down pains at the age of sixteen years, and I would get so nervous I could hardly stay in bed, and I had such pains that I would scream, and my mother would call the doctor to give me something to take. At eighteen I married, and I have four healthy children. But I still have pains in my right side. I am a farmer's wife, with more work than I am able to do. I have taken three bottles of Lydia E. Pinkham's Vegetable Compound, and I feel that it is helping me every day. My sister-in-law, who has been taking your medicine for some time and uses your Santal Midy Wash, told me about it and I recommend it now. As I have received great relief from it." Mrs. NELSON YORK, R. 1, Eberts, Ont.

Lydia E. Pinkham's Vegetable Compound is a medicine for ailments common to women. It has been used for such troubles for nearly fifty years, and thousands of women have found relief as did Mrs. York, by taking this splendid medicine.

TOWN WILL RUN THE ELECTRIC LIGHT PLANT

The regular monthly meeting of the town council was held on Monday evening, May 1st, at the town hall. At the time of opening Coun. Anderson was the only absentee.

The monthly report of the superintendent of streets and water was read and adopted as follows: Digby, April 28th, 1923.

Report of Superintendent of streets and water for month of April.

To The Mayor and Town Councilors of Digby:

Gentlemen: We have done considerable shovelling snow up until the 10th of April.

We then repaired a side ditch on Church St., the running water had made its way under the ground, had it not been repaired at once it would have caused considerable damage. Put in a new grate, and paired catch-lash at the school house, also a new covering on a wooden bridge 32 feet long and 2 feet wide on Carlton St., and a new 12 inch terra cotta pipe bridge on Warwick St., 32 feet long, also repaired bridge on Lower Water St., near Floyd Snow's fish wharf.

Cleaned up some of the streets and ditches. We have hauled with town truck 18 loads of materials.

WATER
We have taken up 12 water services made the necessary repairs and put them all back in good order. The water services taken up were as follows: M. C. Denton, Edward Webber, A. Watkins, Maritime Fish Corporation, Miss Tunper, Joe Burnett, H. T. Warner, north end public water-tough, J. L. Peters, the Messrs. Clinton, S. W. F. Fildes.

And one new service put in for John Raymond on Sydney St. Yours obediently,
W. W. HAYDEN,
Supt. streets and water

A quantity of correspondence which had been dealt with by the clerk was read.

The rate book for the present year was passed.

Frank K. Hayden asked for permission to build an L on the north side of the Mullen block.

On motion of Couns. Jordan and Peck the necessary permission was granted.

The clerk reported on the prevalence of 22 calibre rifles in the hands of small boys. He remarked that these rifles would be no good unless they could get ammunition and they were able to get such at both the stores which sold such articles.

The mayor confirmed the clerk's remarks and suggested that action be taken against those selling ammunition.

Coun. McBride suggested that that would not prevent Eaton selling such.

An application for the position of superintendent of streets and water was read from Harry Ripley, of Brighton, at \$75 per month.

Coun. Jordan spoke in favor of the applicant.

On motion of Couns. McBride and Abramson the letter was filed, after a somewhat acrimonious discussion in reference to the legality of some alleged acts of various members of the board.

The electric light question was brought up.

The mayor said he had been looking into the question of fuel but could get nothing definite.

Coun. Jordan spoke at some length in various phases of the coal question in connection with the electric light.

Coun. McBride wanted Coun. Jordan to come down to facts and not talk in generalities.

Coun. Jordan offered to bet Coun. Abramson that if it took over 400 tons of coal for the running of the plant one year—under a good engineer and with the engine repaired—he would pay for all over that amount.

Coun. Abramson promptly took him up.

Coun. Jordan said of course the machinery would have to be fixed—if the engine was not overhauled it would take a ton and a half a night.

Coun. McBride—Will you undertake to run the plant—you can resign from the council.

Coun. Jordan—Ah! I belong to the town and possibly wouldn't get the appointment. You could be as far enough ahead when you bought the plant, which was a cripple, now look ahead and buy your coal.

Coun. McBride—You've saddled another \$1800 on to the plant, Coun. Jordan.

Coun. Jordan moved that the town buy 500 tons of coal from St. Lawrence at \$6.50 for run of mine. The motion was seconded by Coun. Peck.

The motion was defeated, Couns. Jordan and Peck voting in favor and Couns. McBride, Abramson and Carthy against.

Coun. McBride moved that the clerk be instructed to buy run of mine coal as wanted at the market.

Coun. Jordan seconded the motion, which passed unanimously.

Coun. McBride, as a member of the managing committee, refused to act in that capacity without the full support of the council.

The Mayor—Well what about an engineer?

Coun. Jordan—I move the appointment of Frank Robinson as engineer at \$1000.

Coun. McBride—There you go again. I thought you advocated putting everything up to tender.

Coun. Jordan—All right, I'll do that. I move the clerk advertise for tenders for the position of engineer-fitterman, applications to be received up to May 9.

The clerk, through the mayor, asked that the motion be put in writing.

Coun. McBride seconded the motion which passed.

On motion of Couns. McBride and Jordan, Couns. Abramson, Carthy, Peck and Jordan were added to the electric light committee.

Frank K. Hayden appeared before the council protesting against the enforcement of the town's by-law compelling pool rooms to close at 11 o'clock. He produced a copy of the provincial act which allowed pool rooms to remain open until 12 o'clock, except on Saturday when the hour for closing was 11.45.

The town solicitor wanted to look into the matter and in the meantime the hour of closing will be as stated in the act.

The council adjourned.

ODDFELLOWS CELEBRATE ANNIVERSARY

On Sunday the members of St. George Lodge and Zelma Rebekah Lodge, I. O. O. F., celebrated the 104th anniversary of the founding of the order by attending Divine service in Grace Methodist church. There was a larger turnout than for many years, in fact it is said to have been, with one exception, the largest turnout of Oddfellows ever seen in Digby. The church was crowded to capacity and an eloquent sermon was preached by the pastor, Rev. W. H. Watts, who took as his subject, "Friendship." He dwelt at length on the story of Jonathan and David and drew many lessons from the episodes recorded therein. Special music was furnished and altogether the service was an inspiring one in every respect.

PORT WADE

Mr. and Mrs. W. Bogart have returned to their home here after spending the winter in Uncle Sam's land.

Mr. Prosser and son-in-law, Mr. Boutiller, were in the village last week.

S. St. Clair Jones, of Hantsport, was in the village on Thursday last and closed a contract for the whole output of the Port Wade Lumber Co.'s plant for this season. The pulp and lumber business is an assured going business at this writing. The next very important business is the repair of the big pier. There are no doubt many readers who are not acquainted with the proportions of this pier. It is 1,337 ft. in length, 50 ft. in width, and for about 600 ft. there is always from 25 to 30 ft. of water, which is a shipping facility unequalled in this province.

E. R. Batoon has put on the "Finishing touches" on the Lumber Company's Mill here and saving's in progress. He will return home to Paradise on Tuesday of this week.

Boyd McGrath is home here from Lynn, Mass., on a short visit with his

BAKER HEIRS FIGHT FOR LAND NEAR END

J. J. Hunt, a barrister of Hamilton, Ontario, has just returned from Philadelphia, where he has been investigating the claims of the Baker heirs with regard to possession of a vast tract of land in the heart of Philadelphia worth many millions. For many years the Baker heirs, organized in Canada into a number of societies, have been fighting for their supposed legacy under the claim Colonel Baker, J. J. Hunt has little that the present owners hold it merely on a 99 year lease from encouragement for the heirs. He found that Colonel Baker (or Becker's) brother, who is buried in the Walder Line cemetery, there is a member of these heirs in Digby and Bear River, direct descendants of Colonel Baker's (or Becker's) brother, who is buried in the Walder Line cemetery.

ELECTRIC LIGHT PLANT IS MAKING MONEY FOR THE TOWN

From street-talk and other sources many people have obtained the impression that the electric light plant is being run at a loss. If it were so, it would not be surprising considering that the town only took over the plant ten months ago, but to satisfy our curiosity we have obtained from the town clerk a full financial statement for the ten months ending April 30th. This shows plainly that the plant is being run economically and at a profit. Following is a synopsis of the statement:

Statement of Electric Light Account from January 1st, 1922, to April 30th, 1923.

Cash received for Light and Goods	\$9,183.64
Accounts owing to the town	193.19
	\$9,376.83
Accounts paid to date	\$9,069.65
Accounts to pay	12.54
	\$9,082.19

Credit Balance over All Liabilities after 10 months' working is \$1,136.29. There are yet two months to run and this balance should be increased by at least \$250.

Cash Account to meet Present Liabilities.

Cash in Bank	\$720.61	Accounts owing	\$12.54
Accounts due	193.19	4 months' Interest	330.00
	\$913.80	10 months Sinking Fund	430.00
		Balances	111.26
			\$913.80

URGES FRIENDS TO TRY IT, TOO

Fully Restored By Tanlac, Montreal Lady Wants Others to Enjoy Benefits.

"Tanalac has been so fine for me and my brother-in-law that I am going to have my little son take it also, for I understand it is just as good for children as it is for grown people," states Mrs. Emile (Julia) Blum, 1821 Cadieux, near St. Joseph Blvd., Montreal, P. Q.

"For the past year I suffered dreadfully from a nervous, run-down condition. My appetite was gone, my digestion poor, and my nights almost sleepless. In this condition I lost considerable weight and was simply miserable."

"I was telling a friend how badly I felt and she told me to take Tanlac—that it was very good. Well I took four bottles of the treatment and have been in splendid health ever since. My nerves are calm, my sleep is restful, and my digestion is perfect. I gained in weight from one hundred and two pounds to one hundred and twelve, and am glad to recommend Tanlac to all my friends."

Tanalac is for sale by all good druggists. Accept no substitute. Over 35-million bottles sold.

GROUND LIME-STONE IN NOVA SCOTIA

An Act was passed during the recent session of the Nova Scotia Legislature for the purpose of promoting a larger use of ground limestone in agriculture. Some of the provisions of this Act refer to the development of lime and marl deposits so as to make them more generally and cheaply available. A provision which is of immediate interest to farmers is that whereby a rebate will be made on freight paid on ground limestone or marl produced and used in Nova Scotia. In brief, the Government will pay one half the freight charges, provided that this rebate shall not exceed \$1.00 per ton. This provision went into force on April 23rd and will remain in force up to and including July 31st. Full information may be obtained by writing to the Secretary for Agriculture, Truro, N. S.

Gilbert Merritt. A number of our farmers took advantage of the recent snow storm on April 24 by sleighing wood.

A. N. Fairbridge left on Monday to spend a few days with friends in Barton.

CENTRAL GROVE

Civic Responsibility

The late civic elections in Halifax revealed what the press of that city terms "a deplorable apathy" on the part of the citizens. Less than thirty per cent of the electors are said to have polled their votes. The result of such a lack of interest is bound to be detrimental to the prosperity of any community, and it is no wonder that affairs in the provincial capital are in a state of chaos.

But Halifax is not the only place where citizens fail to recognize their responsibilities, says the Wolfville Advertiser. In practically every town in Nova Scotia last winter difficulty was experienced in securing men who were willing to take their places at the council board. This in many cases undoubtedly opened the way to those of very meagre qualifications other than an ambition to handle public money. Even where good men have been secured too often they receive little support from the constituents and very small interest was shown in their meetings. We need to draw a public awakening to the fact that "no man liveth unto himself." When it is once realized that the interest of the community is always of more importance than that of the individual civic conditions will receive an impetus that will spell a greater prosperity. Every town needs that its citizens should be willing to loyally enter into every undertaking that tends to improve its conditions and make it a better place in which to reside.

NEW ASSOCIATION FORMED TUESDAY

The Nova Scotia Fisheries' Association came into being Tuesday night at a meeting of representatives of the industry from Lunenburg, Shelburne, Yarmouth, Digby and Annapolis counties held in Yarmouth.

Complete organization was not accomplished but a large number of charter members formed a committee to complete the organization at once with W. A. Hodge as chairman. The aim of the Association is to enlarge and improve the markets for Canadian fish by seeking repeal of the Fordney-Cumbe tariff or cancellation of the "modus vivendi" that permits of free importation of foreign fish at rates that are not reciprocal. It was pointed out that if American vessels were not allowed to bait and take on fishing gear at Canadian ports, there would be fewer operated and few fish caught, thereby opening wider markets for Canadian fish. This issue was proposed if sufficient amendments could not be obtained to the Fordney tariff as respecting Canadian fish products. William D. M. P. Lungeberg was the chief speaker. H. B. Short was Digby's representative at the gathering.

DAMAGE FOLLOWS BRUSH FIRE

The barn on the property of Capt. Joseph Snow, Carleton street, was totally destroyed by fire on Monday afternoon. Flying sparks set fire to the residence of Horton Stark, Queen street which was extensively damaged and also to the residence of A. R. Turnbull, Joseph Hersey and Charles Kiley. The fire, supposed to have been caused by rubbish fire nearby and the barn being dry as tinder, fell an easy prey. Quite a northwest breeze was blowing, there being some delay in getting the alarm sounded. But a good water pressure enabled the firemen to save the adjoining house and garage. Mr. Stark was working with the firemen when he received the news that his house was on fire. The fireman was quickly upon the scene and the original fire under control—the whole department except a hydrant man and a few henchmen was rushed to the new fire. They succeeded in saving the house but it was badly damaged.

WOMAN DROWNED NEAR WEYMOUTH

A sad drowning accident occurred at Weymouth Cove, Tuesday when Mrs. Eliza Boudreau met her death off the government wharf. It appears the unfortunate woman, who has been denigrated for some time, wandered away from her home early in the morning and went to the wharf and jumped off. A crowd of thirty men were seen searching the woods and the shore all day until about three o'clock when they discovered the body. Besides her husband the deceased leaves four children, two daughters, one in St. John and one in Boston and two sons, Leo of Boston, and Henry at home. Mrs. Boudreau was about 78 years of age. The funeral will be held to-day with interment at St. Bernard's.

There recently appeared on the river at River King, much to the alarm of ship owners and their crews, a woman pirate, who has already taken a heavy toll of loot from vessels. Nothing is known of her except the fact that she speaks English, wears a serge costume and Wellington boots and carries a wicked-looking revolver, with which she commits her victims to surrender. Under her are a score or more of Chinese, brigands, who "although they are cut-throats and robbers obey her implicitly."

One history of costumes gives more than 1500 different styles of head dresses.

LOCAL AND GENERAL

The government steamer Arleus, was in port yesterday.

Rev. W. H. Watts will conduct service at Mt. Pleasant this evening at 7:45.

The schooner Phyllis C. Capt. Crocker, is in port from Freeport with a cargo of fish.

The W. C. T. U. will meet at the home of Mrs. A. J. Westhaver on Tuesday afternoon at 3:30 o'clock.

Regular service will be conducted at Bay View on Thursday evening next at 7:30, with Mother's Day exercises.

The schooner Eunice Darling, Capt. Mueser has been in port this week from Tiverton, and cleared for Grand Harbor.

The barber shops are now running on their summer schedule and are only closed two evenings a week—Monday and Wednesday.

The term schooner Westway cleared yesterday for Boston with 105,000 feet of lumber and 300,000 lbs. shipped by H. T. Warse.

Rev. Arthur Pentz, M. A. of Westville, N. S., has accepted a unanimous invitation to become the pastor of the Weymouth Circuit of the Methodist church after the Conference which assembles at Parrsboro, June 14th, 1923.

The quarterly meeting of the Digby Board of Trade will take the form of a banquet and be held at the Waverly Hotel on Tuesday evening, May 15th—F. W. Nichols, secretary.

Gerald Brown, aged twenty, son of L. E. Brown, Lawrencetown, was drowned in the Annapolis river Monday, when his canoe was swept over the power dam. As the result of spring freshets the river is swollen and the current swift.

MORSE'S TEA for breakfast is as welcome as the morning sun. It's delicate flavor, gratifies the palate, and its strength invigorates both body and brain for the tasks of the day. A day is well started physically if you start it with a cup of MORSE'S TEA.

The Annual report of the Secretary for Agriculture for 1922 has been issued and may be had by any person free of charge, on application. This report is replete with information on experimental work, fertilizers, silage crops, the feeding of live stock and of poultry, with special reference to costs, and many other matters of interest to farmers. Write to the Agricultural College, Truro.

In the Baptist church on Sunday the services will be: Morning prayer meeting in vestry at 10:30; Divine worship at 11, subject "The Changing of Saul Into Paul" at 12; Sunday School at 12:15; at 3 p. m. Special Mother's Day programme in evening service. The J. O. Y. Bible class will occupy the church stalls and render special music. Subject "A Talk to Mothers on Modern Problems in the Home."

Twenty two students graduated from the Nova Scotia Agricultural College at the recent closing exercises. While the class was somewhat smaller in number than for several years past it was one of unusual ability, and is spoken of as being one of the strongest. It is not the strongest, that even the college says.

The principal speakers at the closing were Hon. D. A. Cameron, K. C. Provincial Secretary, and Father R. L. MacDonald, S. J. Peter, President of the Nova Scotia Farmer's Association.

A Portland paper, referring to the schooner which is in command of Capt. Robert Sney, says that the schooner, Flora L. Oliver, which unloaded a big catch of halibut and other fish at the Digby wharf on Friday last instead of leaving for her home port to refuel, as is usually done, took on stores and fuel at the wharf and here for another trip to Brown's Banks, where she made her other catch. Her halibut were all new fish, having been caught within a fortnight and brought a good price, stocking about \$7,000 on her trip.

A special meeting of the Digby Amateur Athletic Association was held in the town hall on Monday evening with a large attendance. It was called to organize baseball for the coming season, and in connection with this matter Mr. H. Cunningham, of Bear River, who represented this association at the Valley league meeting in Kentville, was read as well as the proposed schedule of the eastern and western sections of the league. Both were adopted. Dr. H. L. Roberts was appointed manager of the Digby team and C. F. McBride, Dr. H. L. Roberts, Dr. E. DuVerne and E. H. Mulder were appointed a committee to choose colors and arrange for purchase of uniforms.

MOTHER'S DAY 1923.

Special Mother's Day service will be conducted in Grace Methodist church on Sunday at 11 and it will be "Go to Church Sunday" for this congregation. Arrangements are being made whereby the aged and shut-in will be given opportunity to attend the morning service. There will be special music and addresses appropriate to the day. Song theme: "Mother's Day 1923." Evening theme: "The Mother Heart of God." Divine service will be held at the Smith's Cove at 3 p. m. with music and address appropriate to Mother's Day.

THIS IS FINDING MONEY

On the evening of March 9th a radio concert was broadcast from Fort Worth, Texas, by the Boys' Band of California. At the close of that concert an announcement was made that the Gainesville Chamber of Commerce would give \$1000 to the one who reported having heard it from the greatest distance. Willard F. Read, Jr. of this town, was listening to about one o'clock on the morning of March 10th when he heard it. On Monday of this week he received a cheque for ten dollars, awarded the letter states, "by reason of your having heard from the point of greatest distance, the concert broadcasted from Fort Worth on the evening of March 9th."

Mrs. M. K. Piper, for many years the proprietor of the Bridgetown Monitor, passed through Digby last Friday on her way from Boston where she has been spending the winter, to Bridgewater where she will visit her daughter, Mrs. E. B. McDaniel. She will spend a few days in Bridgewater en route.

William Trohon, who has been for the past year or two head clerk in Dakin Brothers, left last Friday for Brockton, Mass., and will in future reside in that city. Although all the other towns in the province are complaining of the rodent Mr. Trohon is the only one who has left Digby so far in an effort to better his condition. This town has been very fortunate in the winter. It has had there has been considerable labor of different kinds and any young man who really wanted work has been able to get it.

SCOUT NEWS

At the Scout meeting last Thursday a number of the boys showed themselves very proficient in applying splints and bandaging. Next Thursday there will be a lecture on the first aid treatment of wounds.
The first Scout hike of the season came off on Tuesday. The boys assembled at 4 p. m. and started for the Big Salmon Lake. They carried only the necessary repairs for a single camp meal. A quarter of pound of beef two potatoes and two slices of bread. The meat and potatoes had to be cooked by the boys over an open fire prepared by themselves. This is one of the tests that has to be passed before the "tenderfoot" is eligible to become a second class scout.

Local and Personal REGULAR INSTITUTE MEETING

Word has reached us that Guy Harris who has been a student for Evangelical work in the Moody College, Chicago, Ill. for the past three years graduated with honors and received his diploma from that institution. Following his graduation he received a call to the city of Memphis, Tennessee, where he proceeded at once and is now engaged in soul saving work. Evangelist Harris is the son of Mr. and Mrs. Stewart Harris of Bear River, N. S., and his many friends of that community will be glad to learn of his success.

The Ladies' Circle met on Tuesday evening with Mrs. W. W. Clarke.

Mrs. John Flemming is spending the week in Digby.

E. F. Powers went to St. John on Saturday returning Monday.

Vicla Wright returned on Thursday from Middleton where for the past month, she has been supplying in the telephone office. Miss Wright left again on Monday for Digby where she will spend the month of May.

The W. M. A. S. of the Baptist church held a very successful meeting last Thursday afternoon, at the home of Mrs. I. J. Dunn. After a very helpful and inspiring meeting which was led by the president, Mrs. R. S. Gregg, account was taken of the fine pledges to the society, offering, which had been brought in, and the total amount was found to equal \$50.00 as the maximum amount hoped for was \$50.00, the W. M. A. S. did especially well, under present financial conditions, to thus realize their hopes.

Cecil Jones, who has been attending Dalhousie College the past year is in town for a few days.

Mr. and Mrs. P. J. Dittmar, who have been spending the past few weeks in Clementsvalle, returned home on Saturday.

SHIPPING

Freight traffic still continues heavy on the steamer Bear River and Captain Woodworth reports full cargoes in and out again for this week.

The schooner Levack which left here with a cargo of lumber last week had a good run across and was reported in Boston on Monday.

Harbert Hild of Clementsport paid an early morning call at Bear River at the first of the week to inspect the repairs on the schooner Eskimo. Mr. Hild is managing owner of the Eskimo. This vessel had the misfortune to get caught in heavy weather last fall en route to Boston with a load of lumber. At that time she lost a part of her deck load and also sustained considerable damage.

RUMMAGE SALE

The Bear River Women's Institute has decided to hold a Rummage Sale on Saturday, May 19th. Donations of all kinds, from all the folks in the community would be much appreciated. During house-cleaning the housewives will find many things for which they have no use. So please send them into the Institute Rummage Sale. Any one having donations, may communicate with Miss O. Sanderson, Convenor of the Committee.

Mother and Her Baby Are Relieved of Eczema

Mrs. Peter A. Palmer, Salt Burn, Sask., writes:
Dr. Chase's Ointment has completely relieved me of eczema and piles. I also used this Ointment for my baby, who broke out in eczema. A few applications were all that was necessary in her case. Dr. Chase's Ointment has been worth a hundred dollars to me—before using it I had spent a great deal more than that in unsuccessful treatment from doctors. We have also used Dr. Chase's other medicines, the Nerve Food having restored my health after suffering from severe nerve trouble when a girl."

How is the CASH SYSTEM Working?

This is the question asked us by many during the past week. Our reply has been optimistic, just one word "GOOD." Then we receive the rejoinder in every case "OR COURSE IT WILL."

W. Vassie of Vassie & Co. Ltd., St. John writes us as follows:

"We are very much interested in your announcement which you sent us. Beyond all doubt a considerable sum of money is being sent out of the Maritime Provinces all the time to Mail Order Houses, etc. and we are glad to see you taking the stand which should do much towards improving this condition in your vicinity."

We will do OUR part. Will YOU help?

Early next week our First Sale Sheet will be ready. We offer FREE Delivery within our 20 Mile Postal Zone on ANY purchases—no matter how small. We therefore become the Cash Clothing Store for the boys and men of the following mailing districts:

'ells Women How She Was Restored to Perfect Health by Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"I cannot speak too highly of what Lydia E. Pinkham's Vegetable Compound has done for me. I was a nervous wreck and I just had to force myself to do my work. Even the sound of my own children playing made me feel as if I must scream if they did not get away from me. I could not even speak right to my husband. The doctor had said to me, 'My husband's mother advised me to take the Vegetable Compound and I started it at once. I was able to do my work once more and it was a pleasure, not a burden. Now I have a fine bouncing baby and am able to nurse her and enjoy doing my work. I cannot help to tell you my story. I am now pleased for you to use my testimonial.'—Mrs. Emily Davis, 721 McGee Street, Winnipeg, Man.

Lydia E. Pinkham's Private Text Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., C. Bourne, Ont. This book contains valuable information.

Obituary

MRS. HERBERT OUTHOUSE.

She passed from her home in Tiverton, on April 21st, Mrs. Sarah Ellen, nee Outhouse, of Herbert Outhouse, aged 70 years.

The passing of Mrs. Outhouse removes one of the oldest and most respected inhabitants of that village. She was a member of the Christian church, but ill-health, for many years had prevented her from attending church services or mingling with her friends outside her home.

Mrs. Outhouse possessed a hospitable and lovable disposition which endeared her to her immediate family and to her friends outside. Always having a smile and a hearty welcome for those who entered her home. Besides a sorrowing husband, she leaves to mourn an irrepressible son, two sons Byron and Edward Blackford, and one daughter Florence, of Tiverton. Two sisters, Mrs. Corham Davis, of Wells, Me., and Mrs. Albert Riggs, of Lynnfield, Mass., two brothers, John Pyne of Tiverton, and William Pyne of Freeport, and five grandchildren, besides numerous relatives and friends, all of whom have our sincerest sympathy. The funeral services, conducted by Rev. T. Mason, were held from her late home on Monday April 23rd.

Mrs. Alexander Ross has returned home from her visit to the United States. Mr. and Mrs. James Tidd, of Mr. Pless and Mr. and Mrs. Alexander Ross.

Piles

QUICKLY BANISHED

"I suffered years of agony through blind itching piles," says Mrs. W. Hughes, of Hochelaga St. Montreal.

Fain, loss of strength, complete misery, was my daily lot until I came across Zam-Buk. I know now that there is nothing on this earth to equal this grand herbal healer.

Since Zam-Buk lifted me from misery my earnest wish is that it will be made known to all other piles sufferers.

Moves Pain Like Magic!

Words can never fully describe the grateful relief which Zam-Buk brings. With it there is instant alleviation of burning pain and itching, swollen, inflamed parts are soothed and healed, itching and pain gradually but completely disappear. Zam-Buk is equally valuable in curing red, itchy, scaly disease, swollen wounds, burns, etc., etc. 50c. per bottle.

WHO FIRST FELT
"LIKE A FIGHTING COCK?"

But it is only 80 years ago that the man felt "like a fighting cock!"

Now he has brothers, sisters, nephews, nieces, all over the world—"all feeling like a fighting cock!"

It happens this way: A person half sick with bad stomach, dull and heavy headache, takes Bechman's Pills just before going to bed. Immediately the pills begin to harmonize the digestive and eliminative organs.

Consequently, this person has a good night's sleep and arises in the morning with clear brain, bright eye, keen appetite, and full of energy for work and play.

It is now just 80 years since Bechman's Pills first began to correct indigestion, soothe and stir sluggish livers and bowels to natural activity—and feeling "like a fighting cock" is associated inseparably with Bechman's Pills, as the pills are with good health.

IN MEMORIAM

IN LOVING MEMORY of Charles B. Baker, who
died at Baltimore, Md., May 10th, 1922.
Dearest of our family circle,
In the Shepherds bosom, borne,
To green pastures and still waters,
In our brother dear we mourn,
Katie MacDonald, his wife,
Never shall we see him more,
But his spirit lives in our hearts,
By the still celestial shore,
Blessed by his sister, MRS. FRANK BAXTER

We Serve Your Kind of Battery, Too!

Never mind if the battery in your car right now isn't a Willard! Bring it in anyhow.

Of course we'd like to see everybody using Willard Threaded Rubber Batteries—because we KNOW what Willard Threaded Rubber Insulation does in the way of lengthening battery life.

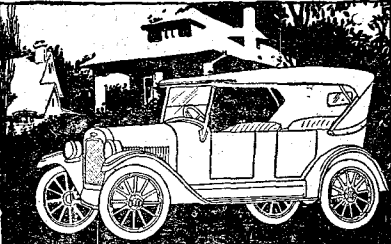

But the next best thing is to let those who haven't Willard Batteries, at least learn what Service at Battery Headquarters is like. We'll treat you like a Willard user on the idea that some day you will be one.

Chevrolet Challenges Comparison for Economical Transportation

CHEVROLET is the world's lowest priced fully equipped car. It is not necessary to spend a dollar more than the purchase price to make it complete. There are no extras to buy.

Chevrolet economy is still further evidenced after its purchase. It costs least per mile in consumption of gasoline, oil and tires. It also costs least per year for maintenance.

Every Chevrolet model delivers the most economical transportation available in motor-
ing. Yet, in construction and appearance, it is a credit to its builders and a source of continuous gratification to its owners.

Before you buy a car at any price, be sure to investigate and thoroughly examine Chevrolet.

Comparisons sell Chevrolet.

THREE YEAR SEARCH ENDED

Read Mrs. McGrath's Inter-
esting Story of Her Three
Years Search for Health.
Finds it With Advent
of Drecto.

Mrs. Allan McGrath, of 37 Com-
pton Ave., Halifax, N. S., adds her
name to the long list of those who
have found in Drecto a real relief from
stubborn digestive ailments. Read
how this splendid herbal remedy
speedily ended three years suffering
and made Mrs. McGrath feel like a
new woman:

"I have suffered from stomach
trouble and constipation for the past
three years," declares Mrs. Mc-
Grath, "and although I tried many
kinds of medicines, nothing did me
any good until I tried Drecto. Al-
though I have only taken two bot-
tles of this fine remedy, I feel like
a new woman."

"My stomach was badly out of
order and everything I ate would
form gas that bloated me terribly.
I would have had dizzy spells and
had to be continually taking laxa-
tives."

"Now, thanks to Drecto, all trou-
bles are all over. I can eat any
kind of food now and never feel it
after. My appetite has greatly im-
proved and my bowels act regularly
every day. I am gaining in weight
and feel ever so much better in
every way and am glad to recom-
mend Drecto to anyone suffering
from poor health."

Drecto is made from the juices of
twelve different herbs, roots, bark
and leaves, which act upon the
stomach, liver, bowels and kidneys.
It relieves constipation, gastritis,
dizzy spells, headaches, pains in the
back and aching joints and muscles,
ends nervousness and induces sound
refreshing sleep. These symptoms
are particularly prevalent in the
spring, when the system is in need
of a reliable tonic and regulator.
Let Drecto help you through this
critical period. It contains no mer-
cury, potash or habit forming drugs,
and is pleasant to take and prompt
in action.

Drecto is being specially in-
troduced in Digby by P. W.
Holdsworth, and is sold by a
good druggist everywhere.

THE LAW RESPECTING GAMBLING

In some parts of the province
gambling is becoming a very preva-
lent evil, and is being fostered by
agents who have been disposing of
various gambling devices. The law
against gambling of this kind is
very explicit, and if properly enforced
may be of service in preventing
the sale and use of these devices,
and at the same time in preventing
many persons from acquiring a
habit that, as has been well said,
"tends to destroy all proper con-
ceptions of the rights of property,
adds nothing to the common well
being and is harmful to the moral
life of the individual."

Section 236 of the Criminal Code
makes it unlawful:

a To make print or advertise
any lottery scheme, for disposing of
property by lots, cards, tickets or
any mode of chance.

b To sell tickets, for any such
scheme, or any device for disposing
of property by any mode of chance.

c To conduct or manage any
scheme, contrivance or operation
for the purpose of determining who,
or the holders of what lots, tickets,
numbers or chances, are the win-
ners of any property so proposed to
be sold or disposed of.

d To dispose of any goods, by
any game or mode of chance, or
mixed chance and skill, or.

e To induce any person to take
any money or other valuable prop-
erty on the result of any dice game,
shell game, punch board, coin table,
or on the operation of any wheel of
fortune.

The penalty for violation of any
of the foregoing provisions may be
a fine not exceeding two thousand
dollars and imprisonment not ex-
ceeding two years. And "every one
is guilty of an offense and liable on
summary conviction to a penalty of
twenty dollars who buys, takes, or
receives any such lot, ticket or
other device as aforesaid."

ENFORCEMENT OF THE LAW.
The Attorney General has recently
written to a police officer with
reference to this section 236 as fol-
lows: "I presume it is quite un-
necessary for me to point out to you
that it is your duty and also highly
desirable that you enforce this Sec-
tion of the Criminal Code as well as
any other."

To save our young people from
gambling, instruction is of course
being given in our Churches and
Sunday Schools. In addition to
this, there is urgent need for thor-
ough enforcement of the law, in
order that inducements to engage
in the practice of this pernicious
habit may be removed.

As Good As It Looks

Master-Four Model 23-34 Special Roadster

To see this beautifully proportioned, two-passenger, four-cylinder roadster is to want to get behind the wheel.

The speed and power suggested by its graceful lines and low-hung body are fully realized on the open road. Its ease of handling and instant response to the throttle insure unusually satisfactory driving in traffic.

SEED TIME

With the passing of the snow-banks the thoughts of Farmers and Gardeners lightly turn to thoughts of planting. We should be very glad to do business with the possessors of such thoughts, as we are carrying a full stock of Garden and Flower Seeds from the leading Seed Houses of Canada. Mail or phone orders will be given prompt attention.

The Council resolved into Road and Bridge Committee, Councillor Andrews taking the chair. A petition was read from some of the payers at Doucetteville, asking that the cost of clearing the roads of snow in winter be assessed on the district, after discussion it was moved, seconded and passed that this petition should not be approved by the Council.

The Road and Bridge Committee rose and gave their report, which on motion was received and adopted.

Report of Road and Bridge Committee.

We, your committee on Roads and Bridges recommend the following: That road district No. 8 at Weymouth North be divided into two districts, these to be known as district No. 8 and No. 12, No. 12 commencing at Jones Corner or G. D. Campbell's residence, and ending at Brooks' Road No. 8 commencing at said Jones Corner and ending at Alder Cove Road.

That the following change be made in Smith's Cove road sections: Road section No. 1 to begin at Cross Road at west line of land owned by J. W. Rice, continuing the rest of the section as it now is, following road, leading to Lansdowne to section 3, crossing the road and continuing along the road leading to Lansdowne to an ash tree near gate entering road through land owned by Albert Peck Estate;

known as Hardy Road. Road section No. 6 to be extended along the Lansdowne road, joining No. 1 at an ash tree near gate entering road through land owned by Albert Peck Estate.

Road section No. 2 to be extended along Lower road joining Section No. 1 at the cross road at west line of land owned by J. W. Rice.

The Council adjourned at 3.30 p. m. on Wednesday to attend the funeral of Sheriff Smith, marching with the Town Council, at the head of the procession.

The Council resumed sittings at 10 a. m. Thursday. It was moved seconded and passed that the application of W. H. Thomas for a raise in salary of \$10.00 per month as keeper of the Alms House be left with the Committee on Tenders and Public Property.

The question of the collecting of outstanding rate was talked over and various ways and means discussed. It was moved seconded and passed that each Councillor see his collector, at once, and tell him all outstanding taxes must be collected, according to law, or the bondsman would be called upon.

Moved seconded and passed that Edward Blackford be appointed a member of the Board of Health for Westport, No. 13 and that L. V. Bailey be appointed a member of the Board of Health for Westport No. 6.

Moved seconded and passed that Councillors Robbins and Handspricker be appointed a committee to look into the matter of the collection and use of fines, under the Nova Scotia Temperance Act, within the Municipality, and to report at the next meeting of the Council.

The Warden addressed the Council, asking them to have an oversight of any children there might be in their districts who had been taken from the Alms House, and to see that they were properly cared for and sent to school, as these children are wards of the Municipality and the Council is responsible for seeing that the terms of the bond, given by the persons who take these children, are carried out.

By the clever use of Asphalt Slates, a broad expanse of roof that would otherwise be monotonous, is made interesting.

A Contribution to the Interest and Charm of Modern Homes

To see on every hand an increasing number of homes made more beautiful because of Brantford Roofs, is surely ample reward for the years of creative efforts put forth by this organization.

There is evidence too that Brantford Roofs are as practical as they are beautiful, for Brantford Asphalt Slates are unchallenged leaders in Canada.

FOUR COLORS—Brantford Asphalt Slates have the striking colors of the slate with which they are faced—Blue-Black, Red, Tile-Red, Green—and any desired combinations of these colors.

BRANTFORD ASPHALT SLATES in 4-in-1 Slates; BRANTFORD WINTHROP TAPERED ASPHALT SLATES with the heavy butt; ARGO-LOCK SLATES (red or green) for diagonal effects—may be laid over old roofs.

SURPRISED ON 45TH WEDDING ANNIVERSARY

Mr. and Mrs. George Sabean of 75 Curlew road, Quincy, Mass., were tendered a surprise party Monday evening at the home of their daughter, Mrs. Daniel Worcester on Pelican road, in honor of their 45th wedding anniversary.

The affair was a complete surprise. Mrs. Worcester invited all the members of the family to her house, a number of relatives from Weymouth, Brookline, Medford, Somerville and Quincy, and then called up her mother and father, to ask them to come over to spend the evening.

Mr. and Mrs. Sabean were presented with a silver tea service, and table linen, and Mr. Sabean received a gold watch chain and charm.

The couple, who were married in Digby, Nova Scotia, April 30, 1878, have nine children, all living in Quincy, and five grandchildren. Their children are Chester Sabean, Miss Mattie Sabean, Harley Sabean, Mrs. Worcester, Earl Sabean, Miss Florence Sabean, Mrs. George Babbitt, Wallace Sabean and Jason Sabean.

Mr. and Mrs. Sabean came to Quincy about 12 years ago and have since made their home at Adams Shore. Mr. Sabean, who is now 75 years old, recently retired from business, having been associated with a bedding concern.

Their family and relatives helped them celebrate the occasion with music, vocal and instrumental, and games. Delicious refreshments were served during the evening. All hope to meet again with Mr. and Mrs. Sabean to assist them in celebrating their golden wedding in 1928.

LOCAL and GENERAL

Divine service at All Saints', Rossway, next Sunday at 3 p. m.
A man needs the open air on Sundays and he also needs church. It is not a bad plan to divide the day and get both benefits.

A titled Englishman, says he has never seen a really pretty woman. Fine women, says some, are like him to Digby. Where has he lived all his life?

Captain Sinclair, of the Salvation Army, has been given the honor of Commander of the Salvation Army in Canada last year.

With bricklayers getting \$10 a day and plasterers \$8, what is the prospect for lower living costs in New York? The interest on this overhead must be paid for generations by some one.

As next Thursday is a public holiday, advertisers are requested to get their copy in by Tuesday at the latest. Correspondents should send in as much of their news as possible to reach us on Monday.

The Canadian Club will hold a banquet and afternoon tea at the "Red Raven" on Saturday the 12th. Will members please send in their contributions. The Club needs money for relief work.

In the Baptist church on Sunday the services will be: Morning at 10.30, prayer meeting, 11 service, 12 Sunday school, 3 Hill Grove, 7 evening service. Subject: "The Millennium when?" Preacher the pastor.

There is only one way in which MORSE'S TEA is not economical—people are likely to drink a lot of it. It is likely to ask for another cup please. And you cannot blame them when you know how good a well made cup of MORSE'S TEA really is.

The lighthouse at Smith's Cove (Victoria Bridge) was broken into two last week and a quantity of materials taken. On another occasion a fish house in the locality was entered and the fish removed. There is no clue which would lead to the identity of the culprits.

Grace Methodist Church, Whiteside services 1923 on Sunday at 11 and 7. Morning subject: "May we expect a repetition of the Pentecostal experience?" Evening subject: "Quench not the Spirit." Divine service will also be conducted at Bay View at 3 p. m., subject, "Joseph and his brethren." Preacher the minister.

Last Sunday was observed as Mother's Day at the Baptist church. The J. O. Y. bible class very tastefully rendered a number of musical items at the evening service. The solo rendered by Miss Annie Marshall and Miss Sylvia Bain were much appreciated. The pastor warned the mothers that many were the young people too much freedom to the ruin of the rising generation.

The Mother's Day services in the Methodist church were largely attended by appreciative audiences. In Digby the musical numbers were most appropriate and were well rendered. At Smith's Cove the duet by Mrs. T. O. Jorgan and Miss Francis Austin, and later the solo by Miss Francis Austin were greatly appreciated. Grace church is now in the hands of the painters. Services on Sunday will be in the Church hall.

Chief of Police R. C. Ellis, went to St. John on Monday to bring back Leslie Sargent, who was arrested there with a six-month-old baby on Friday evening. He is wanted in Digby on the charge of abducting little Dorothy Louise Doucett, daughter of Hilda Doucett. The chief Tuesday morning the Empress with his prisoner. The baby, who has been looked after since Sargent's arrest at the Children's Aid Home, was also brought back to Digby.

The city of Springfield, Mass., through its Chamber of Commerce, which corresponds to our Board of Trade in Canada, invited suggestions for a motto or slogan for that enterprising community in the year 1923, and a prize of a radio set was offered to the winner. The slogan chosen was "Springfield—the Beacon of Progress." There were over a thousand contestants and the interest was taken in the suggestion to give the people of Springfield something they might use as a slogan in booming their city for the year 1923.

The contract for repairing and overhauling the St. John tug Neptune has been awarded the Metcalf Marine Railway and Shipbuilding Company. The work will commence about June 1 and it probably will take between three and four weeks. The tug was damaged by fire which broke out on board about the latter part of January while she was helping shift the steamer Manchester Brigade at St. John. It was estimated at the time that the damage amounted to approximately \$5,000. She was repaired temporarily and now she will be thoroughly overhauled.

The steamer Empress, on her trip to St. John, Tuesday had a breakdown of machinery, and a disabled sight on the Bay of Fundy for about two hours, while half way across. The disengagement was primarily caused by the giving out of a cylinder head, followed by other mishaps, which brought the propellers to a standstill. A wireless message was sent to St. John for assistance, and the steamer was able eventually to restart and complete her voyage under her own steam. There were about sixty passengers on board.

The Plymouth Women's Institute met in the Methodist church on May 21st, at 8 o'clock in the evening. The president, Mrs. F. P. Warner in the chair. The regular business was transacted and all reports were accepted. It was decided to hold a children's entertainment in the near future. Mrs. D. Thomas started a library with twenty-five books. The new committee for June are Mrs. D. Thomas, Librarian; Sick, Mrs. F. Hutchinson and Mrs. B. Powell; School visitors, Mrs. L. Thomas and Mrs. L. Elliott; Health, Mrs. F. Hutchinson and Mrs. Roy Mallett. Proceeds from concert \$15.67.

Mr. and Mrs. George B. Sabean of Adams Shore, Quincy, Mass., (formerly of Digby) announce the engagement of their daughter Margaret to Frank E. Malcolm of Newark, New Jersey. Mr. Malcolm, who was formerly of Cambridge, is a graduate of the University of Vermont and is located with the Egyptian Lacquer Manufacturing Co. of New York. The wedding is to take place in the early fall.

A. C. Smallie and R. A. Sutherland, president and secretary respectively of the Duffie Electric Manufacturing Company, Toronto, have been in town this week the guests of Mr. and Mrs. VanBuren. They left on Tuesday for St. John where they are demonstrating the heating apparatus manufactured by them.

As a striking instance of modern progress and world-wide organization, the manner in which King George and Queen Mary are delivering their Empire Day message to the children of Great Britain and the overseas Dominions is noteworthy.

Their Majesties had a strong desire to speak in person. If such a thing were possible to every school child in the Empire on May 23rd, but this being impossible, it occurred to them; presumably as they listened to the Victrola, which is in the Royal Music Room, that they could have their voices heard by every school child by having a record made which could be sent everywhere.

To accomplish this it was necessary to employ an organization with world-wide connections; hence they chose the "His Master's Voice" manufacturers, who, through their connections throughout the British possessions, can give a world-wide distribution in each country, through their dealer organization, to every city, town and village in their respective countries.

The message which the record conveys is not to be played to anyone before it is heard by the children on May 23rd, after which it may be heard by the rest of us. Royalties will be paid by the manufacturer, on each record sold, and the entire proceeds of such royalties are to be devoted to the King's charities.

Thus "The King's Messenger" instead of the old-time office speeder upon his faithful steed is personified in the local dealer in "His Master's Voice" products, who supplies the local schools and afterwards his regular customers with the message of His Sovereign, not engrossed characters upon a roll of parchment, but in the actual living tones of the King and Queen; the message being capable of repetition thousands of times to those of their subjects anxious to hear the message.

WANTED, A SLOGAN

Some Boy or Girl Attending the Digby Public Schools has a Chance to Earn a Five-Dollar Bill.

Boys and girls, the Board of Trade wants a "slogan" to advertise the town of Digby—something catchy, easy to say and not more than six words long. For instance, "Digby—The Town Worth While," "Digby, the Beautiful," or "Digby—The Tourists' Paradise," but these are too common, something different is wanted. C. F. McBride, a member of the Board of Trade, has offered five dollars to the boy or girl in the Digby Schools, who makes the best suggestion before May 31st. The committee who have this matter in charge are C. F. McBride, J. J. Wallis and P. W. Holdsworth, and this committee have made a few simple rules

to go by. First, any scholar may make as many suggestions as he or she likes; second, every suggestion must be written on a separate slip of paper, enclosed in an envelope and sealed, but the name of the scholar must not be written on the paper or envelope; third, the sealed envelope must be taken into Mr. Dillon, at Short's Shoe Store, who will write a number on it and keep a list of the names. In this way no member of the committee or any of the judges who will be appointed by the committee, will know the names of any one submitting a slogan. On June 1st, the judges and committee will meet and select what they think the best slogan. After choosing the best it will be handed to Mr. Boden, the clerk of the school board, who will find out from Mr. Dillon the name of the lucky scholar and who will award the prize. Now, boys and girls, someone will make five dollars easily; it may be you—go to it.

THE BETTER ENGLISH WEEK DRIVE

DEAR FELLOW TEACHER:

It has been suggested by leading educationalists that it will be in the best interests of SPOKEN ENGLISH to inaugurate a campaign to be called the BETTER ENGLISH WEEK DRIVE, which will begin, this year, at 8:30 a. m. May 24th, and end at 3:30 p. m. Friday, June 1st.

The text book on which the Drive is based and in which the method of procedure is fully set forth is The King's English Drill (MacGillivray and Stewart, 1930), suggested for the use of teachers in the Journal of Education, and obtainable by mail at Toronto, or at H. E. Blackie's, Wolfville, N. S.

In order to make the Drive more attractive, parents and school officials are urged to offer prizes to the local grades in competition. Wolfville intends to treat the Province in this respect, as prizes ranging from five to ten dollars each have been offered to all grades from VI to XI. Do you wish to place your school on the map? "Come along—come along! Fall in—fall in!"

All reports of the winners in the contest with aggregate marks, reaching Miss Rosamond M. Archibald, Wolfville, by June 30th, will be published in the Halifax papers.

Kindly communicate with Miss Archibald immediately stating whether or not you will participate in the Drive, which will one day be Canada wide! Let Nova Scotia lead!

If reply is desired please enclose a personally directed and stamped envelope. Earnestly yours indeed,
ROSEMOND M. ARCHIBALD,
Wolfville, Nova Scotia.

HIGHLAND POULTRY FARM,
Harris Brothers,
Bear River, Nova Scotia.

Local and Personal

The steamer Bear River cleared on Tuesday with cargo of hardwood boards and general produce for the St. John market.

F. N. Fraser arrived from Montreal on Monday and returned with his family on Wednesday. Mr. Fraser is now connected with the Bond House of McGill & Co. and will make his permanent residence in Montreal. Mrs. Fraser and children have been spending the winter here at the home of W. G. Clarke.

The friends of Robert Rice, Morgantown, are glad to see him out again. Mr. Rice has been in poor health during the entire winter, but is now, feeling much better.

H. C. Anthony has completed the repairs on his store front and now finds the interior light much improved.

Chicken raising bids fair to become an important industry in Bear River. The reputation of Winchester farm is already firmly established and Mr. Hough states that he has more orders for young chicks than he can handle. In fact, he is now three thousand chicks behind on his orders. The Harris Brothers at Ellsfield are also increasing the size of their flock. Mr. Hatheway is also getting ready to go into the chicken business on a large scale.

Mrs. Alfred Porter has been spending the past few weeks with her son H. C. Porter in St. John, N. B.

E. F. Powers returned to St. John on Monday.

A. B. Clarke left last week on a trip to Montreal.

Mrs. W. W. Clarke went to St. John on Monday.

Rev. Car Mack, returned on Friday from St. John.

Miss M. G. Cunningham of Goshboro, arrived on Friday and is a guest of Mr. and Mrs. J. H. Cunningham.

The Elks Lodge met on Monday night in the I. O. O. hall for degree practice.

Edward Colwell was in town over Sunday.

Mrs. John York returned home from Middleton last week.

A number of the town folks also pupils and teachers of Oakdale school went to Digby in the Bear River steamer on Monday.

Daniels & Son who have been grafting trees in Bear River and vicinity returned to Lawrenceton last week.

John Banks spent the week end at his home.

Mrs. Charles Frude spent Sunday in town.

Otis Rice returned home Saturday.

Barton Frude spent Sunday with his family here.

John Nigall has gone to Halifax for surgical treatment at Camp Hill Hospital.

I. Stevens returned home to spend the week end with his family.

Mothers Day was appropriately observed in the churches here. Both churches were tastefully decorated with cut flowers and plants, some of which were placed there in memory of loved ones.

The Baptist church there was special music consisting of a duet by Mrs. Ralph Purdy and Mrs. Litchfield, and a solo by Walter Dukeshire. The sermons in the churches dealt with the great influence of the mother in the home. In the evening Mr. Mack gave an interesting talk on his trip.

Ernest Amero, of Doucetville, arrived in town this week with a beautiful collie. This animal's body was normal with the exception of two sets of lungs. Mr. Amero is taking the collie to John Moran for mounting.

Mrs. Nellie, nee Sara McCormack, is at home visiting her father, Wm. McCormack.

Frank Roddick was in town on Monday.

Mrs. F. A. Rand, who has been spending the past few days with her sister Mrs. Thad. Davidson, left this week for Wolfville, where she will attend the graduation exercises. Her daughter Irene, is among those graduating in Arts.

Miss Anne Carby is spending a few weeks with Mrs. Burton Harris.

Mrs. Schmidt and daughter June, returned from Halifax Tuesday.

Mrs. Boylan and son Jackie, returned on Friday. Dr. Boylan is expected in two weeks.

Miss Viola Wright spent Sunday at home.

Mrs. Wm. Smith, of Morgantown, was the week-end guest of Mrs. J. H. Berry.

Miss Blanche Berry, of Deep Brook, spent the week end with Frances Ives.

Mrs. Rose Ford, accompanied by her two children, Melita and Wilson, left Friday for her home at Gledonia, called there by the illness of her father.

BASEBALL

The Ball field is getting worked into pretty good shape and the team has already started on some easy practice work. If there are any weak spots in the team this year they have not yet been located, and we are looking forward to a banner year for ball in Bear River.

The opening game of the season will take place at Yarmouth on May 24 and the fans are looking forward with much interest to the result of this game to show them where the local aggregation will fit in the Valley league. It is expected that Skip Reid will be on deck for Yarmouth game.

The result of the Baseball Benefit radio concert last Thursday night was not very satisfactory since it was impossible to hear W. G. I. on the line without interference from home broadcasting stations.

But the admission tickets were all returned and they can be used, thanks to the courtesy of Mr. Wilson, at any performance in the future.

SCOUT NEWS

The first aid lectures are proving very interesting to the boys and some of them are showing themselves very proficient in the work. Hemorrhages were dealt with last Thursday and next Thursday there will be a talk on the prevention of infection and the treatment for poisons. The last lecture will be held on May 31st, and will be confined principally to stretcher work.

Owing to the long evenings the hour of meeting has been changed from 7:30 to 8:00 p. m.

The uniform unanimously decided upon at last meeting was khaki shirts and khaki shorts.

After last Tuesday's hike the boys want another as soon as possible. The delicious taste of the grilled steak and the baked potatoes is still with those who took part in this trip.

RUMMAGE SALE

The Rummage Sale, under the auspices of Women's Institute, will be held on Saturday, May 18th in I. O. O. F. hall. A large number of articles, both new and old, have been donated by the friends of the Institute and will be on view and ready for sale at 2 o'clock. This is a new venture in Bear River and it is hoped that the citizens will all help to make it a success. Whether you come to buy or not, come and pay us a visit. You may find just the article you have been seeking for some time. Bargains for one and all. The funds will be used for philanthropic work during the coming months.

Success Is Guaranteed For Your Baking

QUAKER FLOUR must be not only the best in quality, but it must always be the same. We see to this by hourly tests during the milling process. But laboratory tests are not enough. Each day's milling is put to a practical test by our Master Baker. It must always measure up to the exact Quaker standard before it can go into the sack with the Quaker on it. All "chance" is taken out of your baking when you use Quaker Flour. "The happy baker uses Quaker."

How is the CASH SYSTEM Working?

This is the question asked us by many during the past week. Our reply has been optimistic, just one word "GOOD." Then we receive the rejoinder in every case "OF COURSE IT WILL."

W. Vassie of Vassie & Co. Ltd., St. John writes us as follows:

"We are very much interested in your announcement which you sent us. Beyond all doubt a considerable sum of money is being sent out of the Maritime Provinces all the time to Mail Order Houses, etc. and we are glad to see you taking the stand which should do much towards improving this condition in your vicinity."

We will do OUR part. Will YOU help?

Early next week our First Sale Sheet will be ready. We offer FREE Delivery within our 20 Mile Postal Zone on ANY purchases—no matter how small. We therefore become the Cash Clothing Store for the boys and men of the following mailing districts:

FINE NEW BUS

A splendid new bus for the Digby Neck
Mail Company went into commission this
week. It consists of a Reo chassis on which
Wright and Balzer, of Wolfville, have
erected a superstructure capable of
seating fifteen or sixteen passengers. The
entrance is from the front, near the driver,
and the seats are built around the sides.
In the rear there is a separate compart-
ment for the mails and baggage which can
be reached through a door from the inside
of the bus. The bus is a natural wood
with brown upholstery. It is probably
the most up-to-date bus for a rural mail
route in the province, and the Digby
Neck Mail Company deserves great praise
for their enterprise.

**The Quality Car You Can
Afford to Own**
YOU should have a Chevrolet because time
is your greatest asset—and in a motorized
world any man suffers a serious handicap who
does not possess this great multiplier of the
value of time—the Automobile. And Chevro-
let is the most economical of all automobiles.
You can afford a Chevrolet because of its
amazingly low purchase price. This price
includes complete modern equipment. Not
an extra remains for you to buy. You can
afford to own a Chevrolet because it costs
so little to operate—less than any other car
made. It takes less gasoline and oil. The
tire expense is correspondingly small.
Chevrolet offers you everything that you
could want in an automobile. It offers you
this at the smallest original investment and
at the lowest per mile transportation expense.
Come in and see the 5 handsome models and
let us prove these statements true.

**THE ANNUAL
BANQUET OF
BOARD OF TRADE**

The annual banquet, with which was
combined the first quarterly meeting of
the Digby Board of Trade, was held in the
Waverly Hotel on Tuesday evening.
There was a fairly large attendance of
representative business and professional
men. President H. B. Short, was toast-
master. The company sat down to the
tables about 8:30 and did full justice to
the following menu:
Cold Oysters, Green Lettuce, Lord Celery
Baked Fresh Chicken, Potato and Pan Sauce
Boiled Oat Tongue
Roast Tenderloin of Beef and Rich Gravy
Roast Spring Lamb, Green Peas and Brown Gravy
Flame Broiled Potatoes, Creamed Potatoes
Fruit of Spring, Green Beans
Fresh Lettuce, New Cucumbers
Hot Apple Pie with Whipped Cream
Steamed English Potatoes with Brandy
Sauce
Ice Cream and Cake
Canadian Cheese, Cream Sodas
Tea, Cocoa, Cream, Coffee
After the menu the following toast list
was discussed. The singing of the choruses
was led by a male quartet consisting
of A. J. Dillon, Frank C. Robinson, Wm.
Warrington and Hedley Dakin with Mrs.
DeMille Dakin as accompanist. Some
very interesting speeches were rendered
during which many useful suggestions
were thrown out and no doubt many of
them will be acted upon in the near fu-
ture. Matters of great importance to
the Board as a summer resort were considered
including such vital things as the golf
links and summer hotels.

"Our King"
God save our gracious King,
Long live our noble King,
God save the King.
Send him victorious,
Happy and glorious,
Long to reign over us,
God save the King.
J. L. Peters **Frank Jones**
"Our Town"
(Tune, "My Hero")
Come, come, a song for Digby,
Our hearts are true,
Come, come, our voices raising,
We'll sing it through.
Come, come, naught can efface
her,
Our voices raising now to praise
Beyond compare,
Rise, rise, a toast to Digby,
Hail, Digby, hail.

"Our Amusements"
Roam in the gloamin' on the
bonny banks of Clyde,
Roam in the gloamin' with my
lassie by my side;
When the sun has gone to rest,
That's the time that we're best,
Oh! it's lovely, roamin' in the
gloamin'.

"Our Summer Guests"
(Tune, "The Good Old Summer Time")
Oh, that good old summer time,
That good old summer time,
We're here to rest and play
And have a jolly good time.
We boast Digby we boast Digby,
And that's a mighty good sign
That's the folks that boast
In the good of summer time.

Rev. W. H. Watts **Rev. W. Driffield**
"The Ladies"
I love a lassie, a bonnie, bonnie
lassie;
She's as pure as the lily in the
dell,
She's as sweet as the heather,
The bonnie, blooming heather,
Mary, my Scotch bluebell.
(Parody)
I love a lassie, a bonny, bonny
lassie;
She's as thin as the paper on
the wall,
She's as good as a feather,
And her knees they knock together
At the sight of a Scotch high-
ball.
Smile the while you kiss me sad
adieu;
When the clouds roll by I'll come
to you;
Till the skies will seem more
blue,
Down in lover's lane, my dearie,
Wedding bells will ring merrily.
Every year will be a memory,
So wait and pray each night for
me
Till we meet again.
Regular Business
Shouldn't quite acquaintance be

And never brought to mind?
Should old acquaintance be forgot
And the days of Auld Lang
Syne?
For Auld Lang Syne, my dear,
For Auld Lang Syne,
We'll take a cup of kindness yet
For Auld Lang Syne.
And here's a hand, my trusty
friend—
And gie's a hand o' thine;
We'll take a cup of kindness in
The days of Auld Lang Syne.
For Auld Lang Syne, my dear,
For Auld Lang Syne,
We'll take a cup of kindness in
The days of Auld Lang Syne.

SANDY COVE
The Progress Club held their closing
banquet a few days ago at the home of
Mr. and Mrs. Anna Eldridge. A bound-
tiful supper was served which was perfect
in every detail. A special feature was
the toast given in honor of the birthday of
the much esteemed and very efficient club
secretary. The evening was spent in music
and recitations and a hearty vote of
thanks was tendered the genial host and
hostess of Hildoute for their generosity and
pleasant labors, followed by the club
yea and "Auld Lang Syne."

**SEVEN YEARS OF
TORTURE**

**Headaches and Indigestion
Ended By "Fruit-a-lives"**
The Marvellous Fruit Medicine.
Like thousands and thousands of
other sufferers, Mr. Albert Varner
of Buckingham, P.Q. tried many
remedies and went to doctors and
specialists; but nothing did him any
good.
Finally a friend advised him to try
"Fruit-a-lives"—now he is well. As
he says in a letter:
"For seven years, I suffered terribly
from Headaches and Indigestion. I
had belching gas, bitter stuff would
come up in my mouth, often vomiting,
and was terribly constipated. I took

**WOMEN'S
INSTITUTE
SMITH'S COVE**

The regular meeting of the Women's
Institute was held at the home of Mrs.
Frank Hough on Wednesday last week
with a full attendance and in usual
routine. The presence of some of our
summer residents with their usual interest
and renewal of membership was both
helpful and inspiring. Several communi-
cations were read and many matters of
business and cooperative action attend-
ed to, arrangements were made relative to
the annual decoration of the soldiers
graves which will be on June 9th, as usual
under the leadership of Mrs. Edward
Winchester. Miss Anna Burns kindly
volunteered the required number of flags
for the occasion in tender memory of her
own brother who gave his life in the
great struggle but whose grave she could
not see. After adjournment, refreshments
were served by Mrs. Hough and Mrs.
Winchester. Next meeting at Mrs. A. B.
Cummings.
The trustees of the Maritime Odd-

THE LISTENING POST

Now that Spring is here, at
Least officially, let us make up
Our minds to get busy as early as
Weather conditions will permit.
And have a "Clean Up" week.
Last year we were urged to clean
Up our premises prior to the
Opening of the tourist season.
So that we might not only dispose
Of the winter's accumulation of
Fifth and rubbish and hide the
Tell-tale evidences of catnip
Dinners, but make our homes look
Clean and tidy and our town
Attractive. There are in Digby
About 342 1-2 families, or heads of
Families—some have two heads.
And last year only 28 got busy with
The rake and shovel and bow-fire.
The rest let the grass eventually
Grow up to cover their shame.
Let us then make an honest effort
To tidy up and improve our
Properties, and we shall not only
Be healthier and happier, but we
Will during the next ten months
Be cursed with fewer of the
Annoying and deadly house-fly.
Wishing you many of them.

Mrs. Matthews Pays High
Tribute To Tanlac For
Ending Stomach
Trouble.
"I am so thankful for the won-
derful benefits I have received from
the Tanlac treatment I just want
to tell everybody in Toronto about
it," declared Mrs. Ellen Matthews,
104 Eastern Ave., Toronto, Ontario.
"I suffered so terribly with stom-
ach trouble and a run-down con-
dition that I feared nervous col-
lapse. My appetite almost deserted
me and even the little I did manage
to eat disagreed with me, and I bloated
and with gas till my heart palpitated
and I was dreadfully short of
breath. I couldn't get a good
night's sleep and was so worn out
I couldn't even do my errands to the
store."
"I heard so much praise of Tan-
lac I finally bought a bottle, and it
was worth its weight in gold. Six
bottles have made me perfectly
well, without a sign of the old
troubles I had suffered with for
seven years, and my weight has
been increased, too. I considered
it a duty to recommend Tanlac."
Tanlac is for sale by all good
druggists. Accept no substitute.
Over 37 million bottles sold.

NOW FEELS FIT IN EVERY WAY
John R. Wynn, of 183 Agricola Street, Halifax, speaks in highest terms of benefit received from Drecto, the famous health builder.

Mr. Wynn, who is a popular employee of the Public Works Department at Halifax, and a returned soldier, found that Drecto gave him immediate relief from the severe digestive complaints that were rapidly undermining his general health.

MR. JOHN R. WYNN.
"For about a year," says Mr. Wynn, "I have suffered severely with indigestion. I had a very poor appetite and everything I ate would form gas and would come up in my throat and nearly choke me. I couldn't sleep at night and was constantly troubled with constipation. I didn't seem to have any energy. Would get up in the mornings all tired out and just had to force myself away to work. I tried different kinds of medicines, but none of them did me any good until I discovered Drecto. Drecto surely hit the right spot. I have only taken two bottles and the change in me is surprising. I never recalled how little I was eating until my appetite came back to me. I can eat all I want now and nothing bothers my stomach at all. My bowels are as regular as a clock; I sleep fine at nights and feel fit in every way. Drecto is a great medicine. I was also bothered with rheumatism in the joints, but it, too, has entirely disappeared since taking Drecto."

Drecto is a scientific combination of twelve medicinal herbs, roots, bark and leaves and acts on the stomach in a way that speedily restores it to normal, healthy working order, all the other organs benefitting as a result. Drecto is the ideal spring tonic and restorative that improves the appetite, aids digestion, ends gas formation, corrects constipation, quiets the nerves and induces sound, refreshing sleep. Drecto is being specially introduced in Digby by P. W. Holdsworth, and is sold by a good druggist everywhere.

Better Ice Cream More Customers!

The reason dealers who have tried Creamerie Ice Cream are so enthusiastic about it is that it doubles their trade and increases the goodwill of their customers.
For it's more meltingly delicious, more velvety, more refreshing than other ice cream. Contains 14 p.c. of butterfat against 8 to 10 p.c. in other kinds.
Creamerie was the best liked Ice Cream last year.
It will be the biggest favorite by far this year because it is even better and much better known.

FREEPORT

The community observed Mother's Day on Sunday with special celebrations in Bible School and Church. Teaching in the classes, hymns and prayers revolved around that central subject. A special praise and devotion service for mothers and in memory of mothers was held in the church in the evening with a large congregation to honour the occasion. The choir, augmented by the service provided inspiring music under the leadership of Mrs. Ralph Haines. An anthem composed particularly for this service entitled "Our Mothers" was splendidly rendered, with Dr. Weir as soloist. Mrs. Clarence Blackford and Mr. Geo. Crocker sang the duet "The Way We Went For Our Transgressions." The theme of the sermon was "Mothers Immortalized" in which the imperishable influence of motherhood, in the home and the community and the province were exhibited with a persuasive appeal to dedication to our mother's God. A large percentage of the men's class participated in the evening service. Stanley Sullivan sent a most acceptable gift of may flowers from Bear River for the pastor's pulpit and teaching desk. Carl Thibet, one of the charter members of the men's class, now residing in Bridgetown, was warmly welcomed to the men's class on his annual vacation and greeted at the church services by a host of personal friends.

The play entitled "A Daughter of the Desert" was staged in the Temperance Hall on the evening of May 3rd.
The cast was as follows:
Harold Morton—"A Railroad Surveyor"
Victor Finigan.
Clarence O'Brien—"An Arizona Rancher."
George Powell.
Samuel Hopkins—"A Lead Speculator"
Leslie MacLean.
Pedro Silva—"A Mexican Renegade"
Bernard Blackford.
Jim Parker—"A Gambler Who is on the Square"
Dr. A. E. Weir.
Bill Jones—"A Sure Fire Sheriff"
W. E. Allen.
Ruth Arlington—"A Daughter of the Desert"
Mrs. A. E. Weir.
Lucy Hopkins—"Her College Chum"
Mrs. Bernard Blackford.
Mrs. Mary O'Brien—"An Arizona Widow"
Miss Dorcas Powell.
White Bird—"An Apache Indian Girl"
Miss Irene Thibet.
"Alabama Julia"
Lester Johnson (soon)
Clifton MacNeil.
Donaljohn Walker (soon)—Lester Thibet.
Cowboys—Harry Thibet, Carl Thibet, Gerald Morrell and Austin Finigan.
The acting of all was favorably commented on, and the play was bright and romantic.

In addition to the play violin and banjo music was played by Clarence and Reginald Tibus of Central Grove accompanied by Mrs. Bernard Blackford on the piano.
The songs entitled "If I Was Wins I Ain't Instead of What I Is," by Alton MacNeil, and "Osh-Kosh By Gosh," by Victor Finigan, were enjoyed by all.
The Duets, "Mr. Gallagher and Mr. Shean," by W. E. Allen and Bernard Blackford made a great hit.
Miss Lou Crocker acted as pianist for the evening.
The large audience that witnessed the play was well pleased. It was repeated again on May 4th.

FROM HARD TIMES TO CANADA

Do the figures interest? Millions aboard the leader of the WHEN the Canadian Pacific steamships "Marloch" and "Metagama" last docked at St. John, Canada gained to the extent of over six hundred able-bodied and industrious farmers, farm workers and women from the Hebrides. Forced by the loss of their fishing trade through the war and German competition, and by general hard times to leave their thatched homes, these people have come to a land of promise and have been welcomed as the most valuable immigrants in years. Under the leadership of Rev. Alexander J. Gillies and Rev. John MacMillan, they have gone to the Red Deer district of Alberta and to various parts of Ontario, where they will engage in agriculture.

Most of them are from the island of South Uist, Benbecula and Barra. Here their families worked small farms of from ten to twenty acres and kept a stock of from two to eight cattle and ten sheep on common pasturage. In the spring they gathered seaweed for fertilizer, planted oats, barley, rye and potatoes, and when this was done took to the sea, some to engage in fishing, which brought but small monetary return, and others to join the merchant marine. In the fall those who were near returned home, harvested the small crop and thatched their houses. But there was no work for all. It was of no use to fish when there was no market and one man could do the work of the farm which produced but little. The work was at every door, almost, and the emigration officer received more applications for information and later assistance than he could comfortably handle.

These people having arrived and received welcome have already buckled down to work. Their losses at home have gone to Red Deer where they will build their own church and school, and in addition to English they will retain their own native Gaelic tongue. The remainder of the immigrants have been split up as they moved in various parts of Ontario. Over four hundred were passengers on the "Marloch," the rest on the "Metagama."

MARITIME TOUR OF REPRESENTATIVES OF WEEKLY PAPERS

On June 15 the Canadian Weekly Newspaper Association will commence a tour through the Maritime Provinces, touring in a special train of ten Pullman cars, which will leave Toronto on June 14. Among the party will be members from Vancouver Island and all the western provinces as well as Ontario and Quebec. The party will number several hundred and the annual convention of the association will be held at Halifax on June 18 and 19.

On Sunday morning the party will embark at St. John on the steamer Empress, as the guests of the C. P. R., and will sail across the Bay to Digby, where an hour will be spent before entraining, the train, meanwhile having come around from St. John to Digby. Leaving Digby at 7 p. m. a stop will be made at Kentville, Grand Pré and Windsor, with arrival at Halifax at 8:45 p. m.

After the convention the party will leave Halifax at 7 p. m. arriving at Sydney at 8:30 a. m. Wednesday, June 20. The British Empire Steel Corporation will be the hosts at Sydney and will take the party by steamer through the Bras d'Or Lakes. On Thursday morning the party arrives at New Glasgow for a half-day sojourn. A half hour will be spent at Toros on Thursday afternoon, and from 6:30 to 9 p. m. at Sackville, arriving at Tormentine at 10:30.

The whole train will be transferred by ferry to Borden, P. E. I., arriving at Summerside at 7 a. m. Summerside is the home of the Association's president, A. R. Brennan. From that city the party will be taken by motor to Charlottetown, where the convention will arrive at Moncton on Saturday at 7 a. m.

After visiting the railway centre the party will arrive at New Brunswick at 2:35, remaining an hour; arrive at Campbellton at 7 p. m. where another hour will be spent. This is the itinerary as regards the Maritime section of the tour.

Last year the big association met in convention in Ottawa and there was no special tour. In 1921 the Association had its convention at Vancouver going as guests of the C. N. R., and returning with the C. P. R. as host.

All members of the C. N. R., N. A. have heard of the maritime provinces but with many of them their idea is hazy. Not ten per cent. of the members have been east of Montreal. The present is regarded as a supreme opportunity to convey to small town and rural Canada a correct impression of what the maritime provinces really are; where and how they are situated.

Next summer the Association expects to visit Great Britain and France, by special invitation of the British Empire Press Association, which it will be recalled, toured Canada in 1920.

DIGBY DEFEATS WEYMOUTH

The Digby High School team of the Halifax Herald last night played their first game of the season in Weymouth on Saturday afternoon. This was an exhibition game, against the Weymouth High School team, which Digby defeated by the score 5-3. It was an excellent game free from errors. C. Comeau, of the Weymouth senior team, pitched a great game for Weymouth, but lacked support. Robinson pitched the first two innings, Digby and the other only runs of the game. Casey relieved him in the box to pitch his first game and much credit is due him in keeping the game scoreless. He had excellent support from the team.

Batteries—Robinson, Casey, Baxter, Digby; Comeau, John, Weymouth.

SANDY COVE

Mrs. William Crowell, Jr. spent the week-end with friends at Little River. Miss Marion Walker, of Lakeside, is spending a few days with her friend, Miss Marion Crowell.

Mrs. Arnold Morehouse spent the week-end in Lynn, Mass., returned home Friday.

Barlow Crowell, who has spent the winter in Lynn, Mass., returned home Friday.

The ladies of the Methodist church held a pantry sale in Gidney's Hall on Saturday evening. The sum of \$20 was realized for church work.

Mrs. William Burns, Mrs. Ingram Saunders, Miss Freda Burns and Miss Helen Phinney spent one day of last week in Digby.

The many friends of our old pastor, Rev. G. C. Durkee, were glad to have him with them again last Sunday afternoon, when he occupied the Baptist pulpit.

E. Cohoon, of Bear River, spent last week with friends of this place.

Mr. and Mrs. Harry O'Neill are receiving congratulations on the arrival of a daughter, on May 19th.

PORT WADE

Mr. Bell, of Halifax, visited this place last week in the interests of the Pulp Industry which M. F. Prosser is carrying on. He expects to ship 1400 cords per month.

There will be some repairs to our pier in the near future. Though having stood for about 200 years we are getting on \$500. Arthur W. Chisholm will be in charge.

Planting is now being rushed in this community by the local level-headed. Ansel Casey is now putting timber for H. T. Warner.

The firm of Parker & Casey landed over 100,000 feet of timber on the beach last winter with two teams.

The stock has not forgotten us, as in making his rounds he left a beautiful little girl at the home of Mr. and Mrs. Wm. McGrath on Thursday evening.

CLEMENTSPORT

The farmers are getting busy. May 18th Mr. Smith has moved in his handsome new bungalow.

Capt. Willett, of Round Hill, has purchased Rev. D. Lytle's bungalow, and will take possession June 1st.

Mr. Brown has bought Mrs. Little Fraser's house and is repairing it.

Greta Journey who is visiting her grandmother is recovering from pneumonia.

Mrs. Herbert Vroom has gone to Boston to visit her sister.

Owing to the illness of her sister Miss M. Jones, Mrs. E. Stranco of Swansea Mass., is visiting her home and expects to remain through the summer months.

We are glad to see Miss M. Jones, is slowly recovering.

Mrs. M. Dittmar is visiting her friend, Mrs. Bailey at Westport.

Capt. Willett and Miss Journey motored to Weymouth, Mrs. Journey returning with her guests.

Mrs. G. B. Jones of Boston is visiting her cousin Miss Harriet Jones.

Mrs. McLaughlin, who has been living in Forbes Tupper's house, has moved across into the Dittmar's house.

A much needed want is about to be filled. There has been no hotel here for some time, and by the death of Mrs. A. L. Knop the favorite summer inn, "The Rest" ceased out of existence.

Tupper will open the "Latern House" here on June 1st. He has made extensive changes and improvements and will undoubtedly be well patronized.

Mrs. George Jones, who for some time has been residing in Yarmouth, came home on Monday, the 14th instant, and intends to auction off much of her furniture on Wednesday, 23rd instant. She hopes to build a bungalow in her old home village, and this will be a further addition to increasing numbers of summer residences.

The steamer Valinda was here on Friday, 18th inst., bringing freight for the local merchants.

Gerald Covert and friends from Bridgewater were out to see his father's bungalow here on Thursday.

Guy McEachern spent a few days with his brother, Glen, last week.

John Shaw, of Annapolis Royal was here on Monday and Tuesday looking after repairs being made to his house.

Miss Josie Burill left on Friday for Boston, accompanied by her aunt.

Lydia Morgan was also a passenger to the Annapolis.

Mr. and Mrs. R. Potter spent the week-end in Kentville with their son, Clarence and his family. They returned on Saturday after a most enjoyable visit.

On Thursday, the 17th inst., a number of ladies of Upper Clements met at the house of Mr. Arthur Pully of Victoria, to discuss the matter of a new hall and to elect a branch of the St. Clements Guild. The roster and Mrs. Smith and S. J. Porter were present. The theory of the committee was to have a hall on a most excellent summer's work.

Friday, word was received that the house of Arthur Pully of Victoria, to be used as a hall, had been burned to the ground at two a. m., the inmates only escaping with their lives, and saving practically nothing. One of the young children smothered smoke and awakened the others. Had he not been roused, probably a large number would have been lost to death. This is a very serious loss to Mr. Pully.

On Friday evening two of the boys, James Bantay and Chester Ruggles, gave a dance in Ely Hall. The floor was in excellent condition. Joe Pennell furnished the music. Fifty persons were present, a large number coming from surrounding places. Mrs. Fred Ruggles acted as chaperon. Refreshments were served shortly before midnight.

ALMOST

In London they were discussing advertising. "Great stuff, these electric signs on Broadway," said the Yankee. "They've got one advertising Wrigley's gum, runs a whole block, 250,000 electric bulbs."

"How many?" cried the astonished Londoner.

"Two hundred and fifty thousand," answered the Yankee.

The Londoner observed, "But I say old chap, isn't that a bit conspicuous?" The Kan-Sin.

NOVA SCOTIAN HONORED

We notice the following in a Boston paper:—Mrs. Boyd F. Bowles was elected president of the Woman's Institute to the Canadian Club of Boston at a meeting held in Chauncy Hall, 585 Boylston St., on May 16th, in the above city.

SCOUT NEWS

The number of new uniforms seems to be increasing every day and any boy certainly looks more like a real "Scout" with a uniform on than he does without one.

The last First aid lecture will be held next Thursday and will consist of practice in Artificial Breathing and Stretcher work.

Some of the boys are already making good progress on "Signaling" and will be able to pass the tests in this work in a few weeks.

On Monday morning the sad news rapidly spread through Bear River that W. W. Wade had passed from time into Eternity.

On the previous day he had suffered a stroke. It did not seem to be severe and hopes were entertained of his recovery but during the night he grew rapidly worse and in the morning quietly breathed his last. The deceased was sixty-six years of age, and the son of Edmund Wade. In early life he was a book-keeper in the office of John Welsh & Co. After leaving these people he entered business for himself in which he remained until his death. For many years he was a faithful member and efficient official of the Methodist church. He was prominent in I. O. O. F. circles and held this position of Secretary of the School Board in a very satisfactory manner. He leaves to mourn their loss a widow, who was Miss Clara V. Cooper, of Charlottetown, P. E. I., two daughters, Harriet E. of New Brunswick, and Miriam E., who has just graduated from Mt. Allison, also one son Douglas C. of Windsor, Arizona. These all have, in their bereavement, the sympathy of a large circle of friends. A familiar figure about town, a quiet man, a kindly friend, a good citizen, he will be much missed.

NOT SICK ONCE IN FOUR YEARS NOW

Mrs. Smith Declares Health Has Been Perfect Since Tanlac Ended Stomach Trouble.

"For ten years hardly a day passed that I didn't suffer from stomach trouble, but I took Tanlac four years ago and haven't had a sick day since." is the remarkable statement made recently by Mrs. Thelma Smith, 85 McGee St., Toronto, Ont.

"The little I managed to eat simply tortured me with pains in the pit of my stomach, and gas pressed around my heart causing it to skip beats until I thought it would stop altogether. I was nervous as a witch, and lost so much sleep that I was dark and swollen under my eyes. I was so weak and run down I could hardly walk a block or do my housework, and was almost in despair."

"Tanlac certainly was a godsend in restoring me to such perfect health, and I think it's the greatest medicine ever made. Nearly everybody else on McGee Street seems to have used the treatment, and are praising it too."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Fred Harris spent the week end in town.

Mr. Duncan went to Bridgetown on Saturday.

A large number of townsfolk went to Yarmouth on Thursday, to take in the Baseball game between Yarmouth and Bear River.

Miss Mary Romans and Master Henry are spending a few days with Mrs. H. C. Anthony.

Mr. and Mrs. W. J. Sutherland arrived home this week, after spending the winter in England.

The first shipment of staves from the Inver Mills came on Monday on the steamer Bear River consisting of seventy-five thousand. They were consigned to St. John.

A. G. McIntyre and H. C. Rice made a trip to Caledonia on Monday, enjoyed a few days fishing and returned on Tuesday.

Mr. McInnis, who has been relieving at Royal Bank for the last few days had a sudden call to Kentville this week to take the place of the manager there, who is ill.

Mrs. L. E. Litchfield made a trip to Bridgetown on Saturday.

Miss Idella Davis went to Yarmouth on Tuesday.

Mrs. O. A. Pinner returned home from New York on Tuesday.

On the list of those graduating in Arts from Dalhousie College this year, is the name of one of our Bear River girls, Miss June Schmitt, whose marks at the final exams, appear far above the average. This among a large number of students is being the largest class graduated in many years.

Her friends congratulate her on Miss Schmitt's ability as a student. Her friends congratulate her on her success and will be glad to welcome her home after she completes the Teaching Course which she is now taking at the Provincial Normal School.

Dr. Lionel Reop has returned from Halifax after completing his course in Dentistry at Dalhousie College. His many friends congratulate him on his graduation and wish him much success.

Rev. R. S. Gregg will attend convention on Friday. He will be accompanied by the Messrs Cornwall, Power, Warren and Peck.

Mr. and Mrs. Wilkins have moved into the upper part of Walter Dukeshire's house.

A very successful Rummage Sale was held last Saturday under the auspices of the Bear River Women's Institute. Thanks are due to all friends who contributed articles, also to the Bear River Trading Co., for the use of their truck.

The sum of \$1.20 was realized.

Herbert Hicks of Clementsport was in town again this week inspecting the repairs now being made on his schooner "Eskimo". Mr. Hicks expressed himself very favorably on the class of work now being done on this job and said he had never seen a better bunch of ship carpenters in the country than those now working with Superintendent Wilkie Rice. It is expected that repairs will be completed early next week, after which the "Eskimo" will be towed back to Clementsport to load piling for Boston.

Mrs. W. W. Clarke went to Wolfville Monday.

Mr. and Mrs. Fred Harris of Annapolis Royal, accompanied by Mr. Harris' mother spent Friday with Mr. and Mrs. W. J. Harris.

Mrs. Willie Rice spent a few days in town.

The Baptist circle met at the home of Mrs. R. J. Anthony.

A number of the young people of the town went to Annapolis to the play held in Kings' Theatre.

The family of Murray Alcorn have moved into Alcorn's house.

Miss Bayard, of St. John, arrived on Tuesday, to spend the summer with Capt. and Mrs. R. Goodday.

Mrs. T. A. Rand, of Parrishboro, accompanied by her sister, Mrs. Thaddeus Davidson, left on Monday for Wolfville to attend the graduation exercises at Acadia College, where Miss Thaddeus Rand is graduating in the Arts Course.

Frank Burrage spent the week-end with his family.

BASEBALL CLUB TO HOLD CHERRY CARNIVAL

In order to raise funds for Baseball the Club have decided this year to organize the Cherry Carnival and to celebrate the 24th of July. The entire community is interested in the success of the Baseball boys and will no doubt give them all the assistance in their power to make the Carnival a great success.

Committees are now being organized to attend to the details of the different departments of the celebration and the personnel of these committees will be announced later.

It is hoped that some entirely new attractions can be provided which will bring a larger number of outside visitors to town than has been the case during the past few years.

The program committee will no doubt furnish a list of these attractions in the very near future.

On the above date the tide serve splendidly for water sports so that they can be carried off in the morning.

It is also expected that the prizes for floats will be larger and more numerous than on previous years so as to provide a special inducement for a big turnout in connection with this feature.

I. O. O. F. SERVICE

Last Sunday afternoon the I. O. O. F. Lodge, No. 122 and the Elita Rebekah Lodge, No. 82 attended divine service in the St. John's Episcopal church. Both societies were well represented, making a fine showing as they marched from the new hall. At the beginning of the service the pastor, Rev. A. W. L. Smith welcomed the visiting Lodges and graciously acknowledged the services of those assisting in the music. He preached an eloquent and appropriate sermon from Luke 10:25. "What shall I do to inherit eternal life?" "What think you of the Parable of the Good Samaritan was appealingly set forth, its beautiful example of brotherhood appearing as a fitting climax before the Order which takes for its motto the principles of Friendship, Love and Truth. It being Whit Sunday, the choir rendered music appropriate to the day. The service was enjoyed by a large congregation.

MRS. BUDGE SO WEAK COULD HARDLY STAND

Tells How Lydia E. Pinkham's
Vegetable Compound
Restored Her Health

River Desert, Que.—"I used to have a severe pain in my side. I could be unable to walk fast and could not stand for any length of time to do my ironing or washing, but I would have to lie down to get relief from the pain. I had this for about two years, then a friend told me to try Lydia E. Pinkham's Vegetable Compound, as she had had good results. I certainly got good results from it, too, as the last time I had a sore side was last May and I have not had it since. I am also glad of having good nursing for my baby, and I think it is your medicine that helped me in this way."—Mrs. L. V. Budge, River Desert, Quebec.

If you are suffering from the tortures of a displacement, irregularities, headache, nervousness, or a pain in the side, you could lose no time in trying Lydia E. Pinkham's Vegetable Compound.

Mrs. Edward Silver Secured
Wonderful Relief From Two
Bottles of Drecto—Rheumatism Has Left Her

—Had Tried Many Other
Medicines Without Relief.

Mrs. Edward Silver, of 18 North Park Street, Halifax, N.S., suffered for years from rheumatism in its most painful form. Nothing she took seemed to give relief. Then she tried Drecto and found, to her joy, that it yielded readily to the wonderful properties of this great herb.

"Since taking Drecto, the rheumatism has left my arms, shoulders and knees, and my stomach is all better," says Mrs. Silver. "I can eat anything I want and am no longer troubled with heartburn. I tried all kinds of medicines before, but nothing did me any good and I thought I would have to give up altogether, as I could hardly get up and down stairs, so dreadful were the pains in my limbs. After taking a first bottle of Drecto, these pains and nearly all left me, and I now feel better than I have for many years."

Drecto is compounded from herbs, roots, bark and leaves and contains no mercury, potash or habit forming drugs.

Drecto is being specially introduced in Digby by W. H. Holdcroft, who is sold by a good druggist everywhere.

THE WORLD'S
GREATEST HEALER

CAPTAIN BURNS
WAS NOT ON THE
E. E. ARMSTRONG

The records of the schooner R. J. Armstrong on her last sailing from St. John in the year 1918, just before she was lost with all hands in the West Indies, seem to set at naught an idea that the sinking was a sailing ship.

Message from Captain Burns in St. John harbor recently had cleared up the mystery of her loss, but there were no Burns either as captain or in any other capacity, in her crew.

The schooner E. E. Armstrong, registered at Weymouth, was a vessel of 571 tons and was in command of Captain Herbert H. Saunders, of Sandy Cove, (Digby). She cleared St. John on Monday, June 2, 1918 for Kingston, Jamaica, arriving there safely. As far as can be remembered, she sailed light from there to another island and was lost on route with all hands.

The vessel at the time was chartered by Grace and Company through A. W. Adams who acted as St. John agent. Her crew were paid off there before she sailed in 1918 by B. S. Purdy, the skipper master of the port, and he received correspondence pertaining to her until April, 1919.

The sinking of a board bearing the message, "Lost ship and crew (see) Captain Burns survived," in St. John harbor recently was taken up by a shipping man in Montreal as the explanation of the loss of the Armstrong. He declared that Captain Burns was in command at the time of the sinking, but the records in the shipping master's office all to bear him out in this respect.

The great shipwreck, as registered on the books, was as follows:—Master, Herbert H. Saunders, of Sandy Cove; coxswain, Arthur D. Ford, of Bear River, (Digby); seamen, James Fitzgerald, of St. John, Andrew Robinson, of St. John, Aase Wierksaer, of Rangoon, Finland and Carl Kemp, of St. John. There was no named Burns present in any capacity.

PRINCEDALE

Mr. and Mrs. Harold Messenger, who have lately left their farm at Leguille are stopping for a short time with the latter's parents, Mr. and Mrs. Samuel Messenger.

Walter Dunn sold a very nice pair of two-year old steers the past week, to Brooks McDonald, of Weymouth.

Miss Esther Kelly, who has been staying for a few weeks with Mrs. Noble Donald, has returned to her home at Virginia East.

Myra Gaudin has gone to Roundhill to work with her brother, Harry, for a while.

M. Hopkins, of Centerville, passed through here last week with a small drove of cattle, taking them to pasture for the summer.

Miss Emma Robicheau and Miss Clara Gaudin have left for Black's Harbour where they will work in the fish factory, for the summer months.

Mrs. Edward Gaudin and family will leave on Monday to join her at Black's Harbour. Mrs. John W. Robicheau will accompany her as far as Digby.

SOUND AS
A BELL

The Lyre Bird.

The lyre bird of Australia is a mimic. In the early morning hours it is at its best, duplicating the whistle of a locomotive, the barking of a dog, the call of a magpie, and the buzz of a circular saw in varying tones.

The dishwashing record of the world, claimed by a hotel girl at Puntstunway, Peru, who washed dishes in the suds for 31 hours without stop is not likely to be surpassed says an exchange.

WHAT IS POETRY?

The Old Definitions May Yet Be Challenged.

"It is a mistake to suppose that poetry must of necessity be metrical language; that there must be rhythm and rhyme associated with it, and that these must be its invariable medium," says Mr. H. G. Purchase, M.P., in the "Nineteenth Century."

"It does not depend on mere form," Shelley, in his "Defence of Poetry," has drawn attention to Plato's writings, and declared that, although he did not write in verse, he was essentially a poet—the truth and splendour of his imagery, and the melody of his language, are the most intense that it is possible to conceive.

"So Ruskin writes about art, architecture, and especially about architecture, in a prose which has rhythm, and which possesses the true essence of poetry. Even the dull, dry science of economics may, therefore, have a poetic licence attached to it. Bacon, whose wisdom has been handed on to us in little essays of surprising words, written in prose, but Shelley brings him in under the banner of poets."

"Milton has written for us in stimulating verse, and his lines are charged with high moral beauty. Here is a man's wisdom set forth in the most permanent form. Take another author, who has given us much to the elucidation of great political truths in the form of speeches, namely, Burke, and one is similarly struck by the stately march of thought and the poetic medium of expression."

So poetry is judged not merely by the metre, then the Bible has a claim to be considered poetical, which is quite irrefragable. There is in it, in fact, the attractiveness of verse, and it will not, therefore, be assumed that one must limit oneself to that which Shelley calls "the romantic blossom" of all other systems of thought, in considering whether we are entitled to hold that there has been any very considerable progress with this war-stricken world.

"For poetry is something more than mere metre; it is great music in the hands of a poet like Shelley or Keats; it is like the sounding of a fine chord of sensation, which takes our aspirations, which are working away along the valley of depression, and fires them with passionate notes of feeling. It brings light and flame to our thoughts, and raises it all to the vigor of the eagle's plume."

Knows the Orient.

One of the best versed of Western diplomats in Oriental affairs is Giacomo de Martino, recently the representative of the Italian Government in London. De Martino has been in London for some time, and is probably on the principle that his Oriental training was wasted at St. Petersburg. In going to Tokyo he is returning to the scenes of his youth, as his father was minister plenipotentiary in that capital and had previously been in charge of affairs at Peking.

De Martino spent several years in Egypt as secretary of legation and later as minister during Kitchener's control, when he became a special friend of the British field marshal. During the war of Italy with Turkey and the two Balkan campaigns, which immediately preceded the great international conflagration, De Martino was principal assistant to the Italian ambassador, lieutenant of the then Minister of Foreign Affairs, the Marquis of San Giuliano. He was one of the delegates to the Peace conference of Versailles and spent eighteen months as ambassador at Berlin before being transferred to London.

Useful Animals.

Every nationality must have its own answer to the question, "What animal is most useful to me?" In some parts of the world the camel is invaluable, in others the reindeer, while even the donkey is an absolute treasure in many countries.

Speaking generally, members of the ox tribe are the most useful animals. They are friends to all sorts of peoples. They give us milk and beef for food, the hides make leather, the horns and hoofs make handles for knives, and even the blood is used for many purposes. And in some countries the ox is used as a draught animal.

For centuries, of course, the horse has been the "friend of man," but with the advent of mechanical traction he has largely lost his place as an absolute necessity.

Are We Losing Our Teeth?

There is, unfortunately, little room for doubt on this question. In spite of the fact that our teeth are attended to as never before, they are gradually going to a fact supply proved in the late war, when hardly a recruit in the Old Country came up to the standards of the Old Army, so far as his teeth were concerned.

Not only are our teeth feeble and liable to early decay, but our jaws are getting too small to take their full complement of teeth. The reason is that nature invariably dispenses with the unnecessary. With our soft, palatable, partly cooked and easily digested, our teeth are no longer an absolute necessity to our livelihood, and so they are gradually tending to vanish.

Bernhardt's Advice.

Sarah Bernhardt, who is now in her seventy-eighth year, has just published a novel in Paris and is at work on a volume of advice to comedians. Her principal advice is: "Be sincere."

The Lyre Bird.

The lyre bird of Australia is a mimic. In the early morning hours it is at its best, duplicating the whistle of a locomotive, the barking of a dog, the call of a magpie, and the buzz of a circular saw in varying tones.

The dishwashing record of the world, claimed by a hotel girl at Puntstunway, Peru, who washed dishes in the suds for 31 hours without stop is not likely to be surpassed says an exchange.

Each acre of corn grown in Ohio costs on an average 46.26 hours of labor.

Canada is now second on the list as an exporting land, the per capita being \$100.65 per annum.

A new station is being built by the Canadian Pacific Railway at Fredericton at a cost of \$50,000.

Half a million Canadians look to the forests each day for their needs and lodging, and more than 100,000 Canadian workmen are engaged in converting forest products into one form or another.

The large party of Hebrews who were brought to Canada on the Canadian Pacific Steamships "Metagama" and "Marloch" have gone to Red Deer, Alta., where they will form an agricultural colony.

Seven hundred farmers and farm laborers arrived in Canada recently on the Canadian Pacific steamer "Montana." These colonists are proceeding to Ontario and western points where they will take up farm work.

The project of a ship canal across Scotland from the Clyde to the Firth of Forth was brought to the fore again at a recent meeting of the Mid-Scotland Ship Canal Association. The project, which is checked to the end of the twelfth generation, have multiplied to ten scuttles.

A single pair of potato bugs would, without check, increase to 60,000,000 in one season; the hop a his, developing thirteen generations in a single year would, if unchecked to the end of the twelfth generation, have multiplied to ten scuttles.

Canadian air pilots flew 294,449 miles carrying 9,133 passengers and 77,850 pounds of freight in 1922, according to a report of the Canadian Air Board. Saskatchewan pilots led in the Dominion, carrying 3,822 passengers and 10,000 pounds of freight, 1,622 people, and British Columbia pilots 1,122.

A company has been formed in London to exploit sunken treasure in Navarino Bay, off the west coast of Greece, and there is a possibility of something being started in this connection in the near future.

Improvement of camping facilities at Banff for automobile tourists is now being made. The Mount Rundle camp site is being improved and enlarged, and will be equipped with all modern appliances. It is expected that as a result of the opening of the Banff-Windermere road this year, the tourist traffic through Banff will be the heaviest ever recorded.

At the annual meeting of the Canadian Pacific Railway, President C. W. Beatty pointed out that prospects for the immigration into Canada of the class of colonist urgently needed to develop the country's natural resources were much brighter than they had been in the past two or three years, and an increased traffic from Great Britain and Northern Europe was indicated by the largely increased western movement on the company's ships during the past four months of this year.

English manufacturers filled an order from a newly-rich firm of Calcutta for a heavy cut-glass bedstead, the purchaser asking that the design be ornate, the cutting deep and massive, and that the article be made strong enough to be dependable.

A Girl's Face Is Her Fortune

Because it is the greatest of all womanly charms, a skin which is fresh, smooth, and alluring, with the radiance of health, predicts a happy future.

Don't be content to have a lifeless, sallow and blotched complexion—begin at once to remedy these defects.

Every girl can have a beautiful attractive skin if she will only learn to give it proper care.

Through cleansing with a fine mild soap once a day, is the secret. Cold cream is beneficial when applied to a clean skin, and rouge and powder are harmless beautifiers—start fresh every day on a clean, smooth, and fresh complexion.

Keep your skin active and it will be clear, fresh, youthful and attractive.

Soap to be thorough need not be harsh. The mildest toilet soap is the most thorough of cleansers, as you will know after you try Palmolive.

Its mildness and thoroughness are due to the same source—the scientific blending of Palm and Olive oils, the natural cleansers discovered thousands of years ago in ancient Egypt and made use of by Cleopatra.

Palmolive freshens, livenes and stimulates the skin, leaving it delightfully fresh and rosy.

You can buy Palmolive Soap at all first-class dealers.

TRAGIC DEATH OF DIGBY COUNTY MAN

Frederick M. Hutchinson Took His Own Life—Was Collector Of Customs, at Barton.

The death occurred under most tragic circumstances at Plympton, a short distance from this town, Friday of Frederick M. Hutchinson, collector of customs of Barton, and a well known figure of this community, having been connected with the customs department for the past several years. Deceased celebrated his fifty-second birthday the day before.

According to Mrs. Hutchinson, her husband rose at his usual hour Friday morning and after breakfasting got ready to go to his office at Barton. He was apparently in good health and had not made any remarks which would tend to cause alarm. After leaving his home, Mr. Hutchinson proceeded to the residence of a neighbor, Charles Melanson where he secured the loan of a shot gun, on the indication that he intended going bird shooting. Several acquaintances whom he met on his return home were also informed that he was going to shoot some birds. He proceeded to his own home, however, entering unnoticed, where he shot himself, the charge entering just below his right eye, causing death almost instantly.

No one heard the report of the gun, but on going into the barn about an hour later, Mrs. Hutchinson was horrified to find her husband's lifeless body lying on the floor in a pool of blood. The gun was lying alongside the body. She immediately summoned Dr. Dickie of Barton, and several neighbors. Upon the arrival of Dr. Dickie, Coroner E. J. Elderkin, of Weymouth, was called and a jury empaneled for the holding of an in-

quest and which returned the following verdict:

"That the deceased met his death while suffering from a nervous and mental depression and that a letter found in one of his pockets removed any doubt that had existed in the minds of the jurors as to the exact cause of his death."

Following the inquest the remains were taken to Weymouth.

Besides his wife, the deceased is survived by one sister, who is at present residing in the United States, and one step-sister, Mrs. Nathan Seely, of Brighton, who will receive the most sincere sympathy of the entire community in their sad bereavement.

Mr. Hutchinson was a valued member of the Methodist church and a highly respected citizen, having resided at Plympton for many years.

To guarantee the enforcement of Prohibition law, a pledge of total abstinence for the President of the United States, his Cabinet, members of Congress and other public officials was urged by William Jennings Bryan in an address before the annual convention of the Southern Baptists at Kansas City. Mr. Bryan also included members of churches and faculties and students of colleges.

Made From The Mildest Cleansers

Palmolive contains Palm and Olive oils. These oils were the cosmetic cleansers used by Cleopatra and kept her skin fresh, smooth and youthful.

Today their scientific combination in Palmolive produces the most perfect of all facial cleansers. Science has discovered nothing finer, milder or more beneficial for the toilet than Palm and Olive oils.

Artful applications of rouge and powder may lend your skin the appearance of smooth freshness. But unless you cleanse the pores thoroughly every day with soap and water, blackheads, pimples and other blemishes are sure to result.

Some persons imagine that soap is too harsh for the face. They should try Palmolive. Its mild, smooth, creamy lather, when massaged into the skin, cleanses without the slightest irritation.

You can buy Palmolive Soap at all first-class dealers.

Palm and olive oils—nothing else—give natural green color to Palmolive Soap.

THE LISTENING POST A SERIOUS FOREST SITUATION

The following Ad appeared in a

Well known paper a few days ago:—

"How to avoid the pitfalls of

Prosperity". The reader could be

Enlightened by purchasing the

Current number of a certain

Magazine. We haven't bought

One—what's the use!

Instead we have made up a

List of the most dangerous

Pitfalls, which we publish

Gratis for the benefit of

Courier readers who may

Become prosperous this summer.

The first pitfall, or evil, is

Having enough money to spend

Extravagantly without feeling

Guiltily every time your unpaid

Coal bill stares you in the

Face. Another is getting rid

Of all the old and comfortable

Furniture in the house, to which

You have become attached, and

Replacing it with suites of

Surface oak and imitation

Mahogany that you hope will

Pass as genuine. Buying more

Clothes than you require, and

Making your friends envious.

Going south for the winter

And making a practice of

Sending to your friends at

Home colored pictures of

Flowers in bloom

Saying "dawn" for dance, and

Taking a cold "bawth" every

Morning. Owning your own

"Cellar". Hiding someone to

Stoke your furnace. Paying

Tourist prices for everything

You buy without batting an eye.

Evading half your income tax,

And getting away with it.

Subscribing handsome sums to

Charity, and having to be

Dunned fifty times before

You pay it. Wearing a hat two

Sizes larger than formerly.

Increasing your girth.

Wearing a walking stick and

Spats. Moving your seat in

Church nearer the platform.

There are many more, but these

Should suffice as a warning.

If prosperity overtakes you,

Grab it with both hands, but

For Heaven's sake watch out

For pitfalls.

Wishing you many of them.

A bald-headed man, who made up in chatter what he lacked in hair, said to another man: "Can you tell me why my head is so bald, when other people about me have plenty of hair?"

"I don't know," was the smiling reply, "unless the reason given me by a farmer the other day would apply, that an empty barn is not worth shingling."

50,000 passenger automobiles will be driven by Shriners from all parts of the United States to the National Shrine Convention to be held in Washington, starting June 30.

The reason that our pulp and paper mills have not as yet felt the actual imminent shortage of the available pulpwood supply is due to the large amount of cutting that has been done in the endeavour to salvage as much of the two hundred million cords of bud-worm killed wood as possible. However, the present year will probably see the end of the salvage period of this dead wood as it has now largely got beyond a usable condition, and when the operators again look about for a chance to cut in green timber they will then very soon realize that there is an acute shortage in the supply. Notwithstanding this tremendous shrinkage in our standing timber we keep adding to our consumption to such an extent that in a five year period the increase in Canada has amounted to 100 per cent., and at the same time the loss from fire is also increasing from year to year, and as the country becomes drier from lack of forest cover, will continue to increase.

These vital factors are quite overlooked in estimating how long our standing timber will last. It is the common custom to take the amount of the stand and divide it by the amount of the present cut despite the fact that the loss from the above mentioned causes is more than ten times the amount of depletion by the axe, and that consumption is increasing at the alarming rate above noted. When the timber on the steeper mountain slopes which should never be cut and also the inaccessible growth is deducted the available stand of live wood is reduced to a very small quantity. Over and above all this the most serious thought for our consideration is that our watersheds are already over-depleted of forest growth to such an extent that many of our mills have to operate at half capacity or less for four or five months in the year from lack of power, with alarming freshets in the spring, causing untold damage together with severe climatic changes, and an alternating of cold and heat which are disastrous not only to agriculture but to human life as well.

DIGBY BEATEN AT ANNAPOLIS

Victoria Day passed off very quietly. The weather was perfect and fishing and motoring were enjoyed by many.

In the afternoon the Academy baseball team enthusiasts went to the Port at Annapolis where the first game of the season was played between Digby and Annapolis, the Annapolis team winning by a score of 5-4. The game was umpired by John Amien to the satisfaction of all. The line-up:

Digby—Hatt, c; Comeau, p; Hutchinson, 1b; Weare, 2b; Tremaine, 3b; DuVernet, ss; Robinson, lf; Casey, cf; Barker, 3b.

Annapolis—Miller, c; Ritchie, p; McClafferty, 1b; Pickels, 2b; Nelson, 3b; MacPherson, ss; Langille, lf; Zinck, cf; Bent, rf.

Worth Its Price

"We have cheaper teas, madam, but I think you'll find 'KING COLE' is worth its price." So said a wise grocer recently to a questioning customer. He was there not merely to serve her, but to serve her well. He might please her purse with the cheaper article but her final judgment of his service would be on the quality of the tea supplied. He wanted a satisfied customer.

This was one of the many merchants using "KING COLE TEA" in their own homes, and so he could say with sincerity: "It is worth the price."

The monthly meeting of the Women's Institute will be held Tuesday, June 23d, at 3 p. m.

An evening health meeting of the Red Cross combined with health committee at the Court House, Digby, May 20th at 8 p. m. This meeting will combine all forms of health activity for the benefit of the community.

Read and Mrs. B. Clarke are delighted from the Women's Institute and a hearty invitation is extended to any other who may be able to attend.

The drive for better English opened at Bear River last Friday and is being enthusiastically supported by the pupils and teachers of the Oakdene school and by the Women's Institute. A decided boost was given to the movement by the address and demonstration of Miss Rosamond Archibald, M. A., on Tuesday evening.

At the close of her address she read the King's English Drill which is receiving such splendid recognition and commendation in educational circles in Eastern Canada.

Miss Archibald visited the grades in the afternoon and with great interest and appreciation the splendid work of the teachers and pupils and the evidences of the co-operation of the Women's Institute with the former.

When she came to the demonstration part of her evening talk and called on Miss Edna Peck's grades VI and VII to repeat the drill, she was given the wholly delightful surprise of finding these pupils ready to "carry on" alone. With military bearing they stood at attention and without her assistance gave the motto and the creed and as many drills as she wished in perfect fashion.

Miss Archibald congratulated them warmly on being the first school she had thus far met to be so well prepared.

At the close of her address she called forth the patriotism of her hearers and threw a new light on the sacred heritage of our Mother Tongue and showed how attractive it can be taught and learned by old and young.

Miss Archibald was made to feel the enthusiastic support of the teachers and pupils of the school by the chairman, W. E. Read, who was quickly followed by the Rev. Wm. Gregg W. W. Clarke, Principal, Sutorium, W. G. MacDougall, J. H. Cunningham, A. G. McIntyre and L. V. Harris whose brief commendatory remarks left nothing desirable unsaid. On the platform, also was J. H. Cunningham, Pres. of the Women's Institute, who informed the Chairman that they had received three book prizes for the Better English Week Drive.

After the singing of the Maple Leaf Forever and before the National Anthem brought the evening to a close. Mr. Read the chairman in a few words expressed the feelings of all those present that in the adoption of this new method of learning to speak the King's English the teachers and schools of Bear River would have the hearty support of the Board of Trustees, and would some day be proud of the fact that they had helped Nova Scotia lead in the matter of bettering our English speech.

BASEBALL

Bear River wins 15 to 3 over Yarmouth.

The result of the game at Yarmouth on the 24th, shows that the confidence of the local fans who have backing the home team this year has not been misplaced.

The game belonged to Bear River from the first innings and the boys gave a splendid exhibition of team work from start to finish.

The home battery worked like clock-work and they had perfect support from the basemen and fielders.

Yarmouth was confined to first base until the seventh inning and in this inning they made their first score.

The Bear River boys have always been considered good batters and heavy hitters and their reputation was well sustained on the 24th. At the end of the sixth inning they had a score of 11 against their opponents zero, and the Yarmouth battery was then charged and Taylor a southpaw pitcher hit in the box to replace DeWitt. While the boys handled him gently in the seventh they sent up fair runs against him in the eighth.

The game finished with a score of 15 to 3 in favor of Bear River.

Norman McClintock umpired bases to the satisfaction of both sides.

The ball grounds have been considerably improved by new work this week and the seating accommodation and the fences have been extended.

During the coming week the boys have a full program on their hands. Yarmouth plays here on Wednesday, May 30th at 4 p. m. and the local team journeys to place DeWitt. While the boys make a trip to Kentville a few days later. The Middleton team has been booked for a match game here on Cherry Carnival Day July 24th.

NOTICE

It has been brought to our notice that townsfolk have again begun to dump debris on the sides of our beautiful Wade Brook Glen. This is a crying shame after so much time and energy was spent in cleaning the ravine and unless it is immediately stopped, action will be taken by the authorities.

Here and There

Panama canal tolls for April amounted to \$1,878,987.

About \$2,300,000 is to be spent on the construction of roads and bridges in the province of British Columbia this year.

The Customs and Excise revenue for April amounted to \$20,500,000, an increase of \$5,000,000 over the receipts of April of last year.

Emigrants numbering 15,000 left Scotland for Canada during the first four months of the year, according to consular estimates in Glasgow.

Canadian flour has at last been placed on the Panama market. One boat has just lost their first consignment of any size, 1,000 barrels being taken.

Seventy-five per cent of the copper produced in Canada in 1922 was the output of British Columbia mines. The Canadian production for the year was 43,214,402 pounds, of which British Columbia accounted for 32,432,431 pounds.

The famous Chateau Frontenac husky dog team, remembered by children as the best winter team in season, is being perpetuated. One of the dogs has just given birth to three pups, and if the youngsters turn out to be their parents the Chateau Frontenac team is likely to continue winning dog derbies.

Fishing licenses in the Maritime Provinces have been reduced. The special fishery regulations for Nova Scotia, New Brunswick and Prince Edward Island have been amended to provide that in many instances where the license has been more than a dollar it will now be one dollar.

No limit will be set to the help to be offered to new settlers in the agricultural sections of the province of Quebec, according to Premier Laurier. The latter government provision is to pay colonists at the rate of \$4.00 per acre for land cleared on their colonization lots since 1910. \$7,000,000 have been voted for provincial colonization.

The decision of the Canadian Pacific Railway Company to scrap agreements of sale with 30,000 Canadian farmers in the west and enter into new contracts with them, extending over 34 years on an amortization basis, will affect agreements of a value of approximately \$100,000,000 and relieve many farmers of heavy, pressing debts.

The new motor ferry operated between Victoria, B.C., and Bellingham, Wash., develops a speed of 14 knots in adverse weather. This motor driven vessel, recently launched, is the first of its class to be used in this service and the first to be added to the Canadian Pacific fleet. It has a capacity for 50 automobiles.

Abraham Martin, first Scotch settler in Canada, first King's Pilot on the St. Lawrence and first farmer on the Plains of Abraham, which were named after him, has been honored by the Canadian Pacific Steamships, Ltd., at Quebec by the erection of a monument to his memory. Hon. Alexander D. Macdonald, Provincial Treasurer of Quebec, officiated at the unveiling ceremony recently.

"My Hands Trembled and I Could Not Sleep"

Mr. Thomas Honey, Brantford, Ont., writes:—

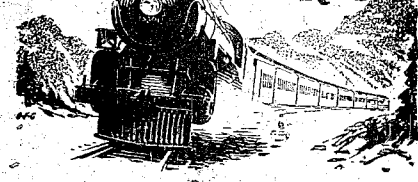

"When I began taking Dr. Chase's Nerve Food, I was so nervous that when I picked up a cup of tea my hand would tremble like a leaf. I could not sleep well, could not remember things, and there were neutralizing pains through my body. After taking seven boxes of Dr. Chase's Nerve Food, however, I am in perfect health."

FIVE YEARS' AGONY ENDED

When He Took "Fruit-a-tives" For Rheumatism

The Medicine Made From Fruit
"Fruit-a-tives" is the long sought remedy for Rheumatism and Lumbago. From all over Canada come letters testifying to this fact.

Mr. John E. Gulderson of Parrsboro, N.S. writes: "I suffered badly with Rheumatism for five years—tried different medicines—was treated by doctors in Amherst—and here at last—but the Rheumatism came back."

In 1916, I saw an advertisement for "Fruit-a-tives" and took a box and got relief, so I took them for about six months and the Rheumatism was all gone and I have never felt since."

GRENIER GAINS 18 LBS. ON TANLAC

Says Famous Medicine Ended Long-Standing Dyspepsia And Restored Perfect Health.

"The Tanlac treatment not only ended my stomach trouble, but it built me up eighteen pounds, and I never felt better in my life," is the positive statement of Armand Grenier, 250 Marquette Street, Montreal.

"Dyspepsia had me in such awful shape I scarcely dared to eat, knowing the misery I would have to suffer. My nerves were shattered. I would lie awake sometimes all night, and once I woke up from a doze feeling like I was about to smother, and thought my end was near. Then for months I was mighty careful about my eating, but I didn't seem to get any better until I took a friend's advice and started on Tanlac.

"Every day I got better, till now I enjoy tip-top health. I have a ravenous appetite, perfect digestion, and can sleep like a top every night. Tanlac gets my best word every time."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

MRS. MISENER'S ACES AND PAINS

Vanished After Using Lydia E. Pinkham's Vegetable Compound

"Branchton, Ont. — 'When I wrote to you for help my action was mostly prompted by curiosity. I was told if I too, would benefit by your medicine. I was the most profitable action I have ever taken, I heartily assure you, for through its results I am relieved of most of my sufferings. I have taken six boxes of Lydia E. Pinkham's Vegetable Compound and bottles of Lydia E. Pinkham's Blood Medicine, and I can honestly say I have never been so well before. I had suffered from pains and other troubles since I was fifteen years old, and during the 'Great War' period I worked on munitions for two years, and in the heavy lifting which my work called for, I strained myself, causing pelvic inflammation from which I have suffered ever since, and I often had to give up and go to bed. I had doctor for several years without getting permanent relief, when I started to take your medicines." — Mrs. GOLDWYN MISENER, Branchton, Ont.

SEA "MESSAGE" A HOAX, MANY AVER

The latest development in the mysterious message from the sea picked up near St. John last week is that Captain Burns, who was first supposed to have been in charge of the ill-fated schooner E. E. S., where he belongs, according to a local shipping man.

HOW MRS. STOREY RECOVERED HEALTH

Here Is a Statement That Should Be Read By Every Woman, It Tells of the Wonderful Value of Deco in Cases of Digestive Complaints.

"My wife had been suffering from stomach trouble for a number of years," says Mr. William Storey, of Marion Heights, Woodside, N. S. "She could eat scarcely anything and the little she did eat would make her miserable for hours. Gas would form and press against her heart, until she said it nearly smothered her. She would get dizzy spells, and no appetite at all and was troubled a lot with sick headaches. She couldn't sleep at nights and finally, her system seemed to be all run down. She became so weak that she could scarcely do her work. She took all kinds of medicines, but nothing did her any good at all until she began taking Deco.

"You would hardly believe the difference that this wonderful medicine has made in her. She says she feels like a new person now. She has a splendid appetite, gets no more dizzy spells or gas and sleeps like a child all night long. She says she feels better and stronger in every way, and is no longer troubled with constipation.

"I, for one, would recommend Deco to anyone suffering as my wife did, as I am convinced that there is nothing better."

Mrs. Storey's distressing and weakening symptoms could all be traced to a lazy stomach, sluggish liver and inactive bowels. It is on these and the other organs of digestion that Deco acts, quickly restoring the whole system to proper, healthy working order. Keep your digestion right and everything is right. This truth is especially apparent to every sufferer who tries Deco.

Deco is prepared with scientific exactness from herbs, roots, bark and leaves of known medicinal value and contains no mercury, potash or habit-forming drugs.

Deco is being specially introduced in Digby by P. W. Holdsworth, and is sold by a good druggist everywhere.

OPENING THE NEW HALL

The new hall at Barton with its commodious interior will be officially opened on Saturday night with an exceptionally fine concert. Two very amusing plays will be given. A new series of Gallegher and Shum's comedies will be sung and a new double act, full of amusing foolishness, songs, darts, recitations, and other amusements will be on tap on the evening of the 2nd June. The Digby visitors who have been disappointed in the past because the seats were all filled when they arrived will now find plenty of acceptable seats. The gallery is a sloping floor so arranged that the back seat is as good as the front one, seats 35 people and the downstairs do not accommodate is augmented by forty extra seats. The hall is no longer stuffy, as the upper floor has been removed; the air now circulates freely, and the entire hall is airy and comfortable. The Barton people issue a hearty invitation to the friends in Digby to view the new hall and sample the kind of entertainment that will be given there on Saturday evening. Barton plans to give a similar entertainment every month, and will endeavour to keep up the high standard by the concert of last summer. Popular prices will prevail, 25 cents and 35 cents, and the gallery, with two reserved rows at 50 cents.

TEACHERS HAVE MANY PROBLEMS TO FACE IN THEIR DAILY WORK

Lack of Home Training and Other Things Have Influence on Pupils—Conditions Different to These of Years Past

Last Friday a combined Institute of Teachers' Union meeting under the direction of Inspector Foster, was held in the Digby Academy. The day being delightful and nature at its loveliest in this beauty spot of Nova Scotia, together with the inspiration and valuable information combined to make the large number in attendance feel that the time and effort required to make it a success were well spent. The institute opened with a most inspiring address of welcome by Alfred Boden, secretary to School Board, and Town Clerk of Digby. Mr. Boden who was himself a teacher in England for thirty years and whose interest in the training of our young people is well known showed a most sympathetic interest in the problem, which confront the teacher.

He spoke particularly of the peculiar condition under which the present day teacher compared with

the teacher of thirty or even ten years ago worked. Changed conditions and lack of parental restraint in the home life, the lack of sympathetic co-operation with the teacher on the part of the great majority of the parents and the tendency to delegate more and more the training of their children to the teacher, the movies. All have their influence on pupils—Boys think they are men; girls think they are women and all chafe at school discipline. Consequently the work of the teacher is much harder than formerly and because of this the teacher needs greater adaptability, greater patience, liking and better training for her work, if success is to be attained in it. She requires to be thorough, to have tenacity of purpose, to rise above discouragements and must never lose sight of the highest ideals in her teaching. She is a builder of character and the reward is greater than her salary. In the hands of the teacher of today, as never before, lies the destiny of the individual and of the nation.

Remembering this the teacher: "With a heart for any fate Still achieving, still pursuing, will learn to labor and to wait." Mr. Boden's address was followed by several lessons which showed clearly that if teachers worked under changed conditions they were capable of adapting themselves to these conditions and of meeting them with new methods. THE FIRST LESSON ON "PHONETICS TO GRADE I." Taught by Miss Lillian Connell, of Bear River, showed clearly how the elements of story-telling play and the drama can be combined so clearly that children learn what the teacher wishes to teach them without realizing that they are being taught and school days become a delight. Miss Irene Balcom, of Annapolis, followed with a lesson on

NUMBER WORK TO GRADE II Miss Balcom by means of fishes, flags and butterflies showed how the dull routine of number work could be made a delight and inspiration to the pupils.

MOSESSES

A lesson on "mosses" by Miss Kathleen MacAloney of Digby, was listened to with rapt attention by teachers and pupils. This lesson was suggestive to many of the part in the economy of nature played by these plants which add so much to the beauty of our waste-places and our forests.

At the close of the class teaching Miss MacLeod, of Digby, spoke of the value of such teaching. These lessons were not intended as completed work but merely as being suggestive of what can be done by correlation of work for example the lesson on mosses could be used as the beginning of a series of lessons on

FIRE PREVENTION

Fire prevention preservation of our forests, fuel resources of our country, coal formation, there leading up to geography lessons and each one used as material for composition work. Such a series would add interest to work and be also great time savers.

EDUCATIVE VALUE OF PLAY

Miss Baker, of the Nature staff of the Normal College, followed with a lesson on the "Educative Value of Play." She showed how properly supervised games formed our means of educating children. They taught the child self-control and a spirit of co-operation which would be valuable to him in later life and urged the teachers to form the habit of directing the play of the children to these ends.

The afternoon session was opened by an address by Prof. DeWolfe, of the Normal College. He outlined the work of the summer school of Science at Truro and showed to younger teachers how by attendance there they could improve their standing as teachers. The remainder of his address was full of suggestions of how to use the materials always at hand to lead the pupil to observe, to think and to develop his originality. To teach them to be thoroughly familiar with home conditions was one of the best methods of teaching them to meet conditions in the world outside. The close attention given to his address and that of Inspector Foster which followed must have partially repaid them for the trouble and expense incurred in being present at the meeting.

Inspector Foster's address dealt with Teacher's problems in general and especially with the teaching of Elementary Arithmetic. He showed how teachers often wasted time by working exercises for individual pupils when such time could be much better employed in teaching principles that would enable the pupil to solve his own problems.

A discussion on the work of the day and work suggested by Inspector Foster followed. Inspector Foster and several teachers taking part in it and contributing valuable hints. A meeting of the Teacher's Union followed. The President outlined the work of the Union, showing that its primary object was the raising of the standards of the teaching profession and the helping of the teachers in every way.

Outlining several cases that had come before the Executive, she showed how the union had been of great help to various teachers and showed how those who held back from becoming members were really the cause why the Union could not get from the Legislature money of the reforms asked for. That a large number of those present saw the work of the union from a new view point was shown by the number of new members added to Union Lists. The Slogan of the Union is "Every member of the teaching profession a member of the Union." When this is accomplished we may look for more tangible results.

At the close of the Union Meeting the wives of the members of the School Board and the teachers of Digby served afternoon tea and an opportunity of meeting socially was given. That everyone spent a pleasant and profitable day was gathered from the wish expressed by many that this would be the beginning of a series of such meetings to be held several times a year in the various centres of the Inspectorial and that wherever possible arrangements be made for public to attend all meetings and thus an awakening of interest in education.

Not a little of the success of the meeting was due to perfect organization and to the spirit of cooperation shown by those who took part in the work and the thanks of all present is due to those who helped to make the Institute a success also to the School Boards for permitting their teachers to attend.

CIVIC EMPLOYEE GAINS NINE POUNDS

Found That Dreco Helped Where Other Medicines Failed and Recommended it Highly.

Mr. Amable Landry, of 123 Dresden Row, is well known in Halifax, as an employee of the Public Gardens Commission, and also as another of the many in Halifax who have enjoyed the wonderful benefits of Dreco.

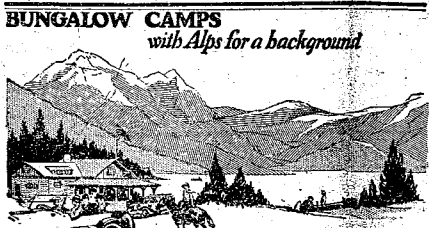

"My stomach is all better and I have a splendid appetite," says Mr. Landry. "I can eat anything I want now and have no more headaches or dizzy spells. I sleep well at night and am no longer troubled with indigestion."

"I took all kinds of medicine, but Dreco has them all beaten. It actually does the work. My rheumatism is all gone too and I feel better in every way than I have for years. I am glad of any opportunity to recommend Dreco."

Dreco, being made from the juice of medicinal herbs, bark, roots and leaves, has prompt and natural action on the bowels and pleasantly overcomes constipation, even of long standing. It arouses a sluggish liver, aids digestion, strengthens the kidneys and tones and regulates the whole system.

Those in need of a reliable tonic will find wonderful help in Dreco. Get a bottle today. It contains no mercury, potash, habit forming drugs, or other harmful ingredients.

Dreco is being specially introduced in Digby by P. W. Holdsworth, and is sold by a good druggist everywhere.

SCOUT NEWS

The Boy Scouts met as usual last Thursday evening and completed the First Aid Course necessary for second class scouts.

The principal work yet to be covered before this second class examination takes place, consists of signalling and practice in travelling at "Scouts Pace."

BRAVE ACT OF BOY SCOUT
One afternoon recently a number of small boys were enjoying themselves fishing from the wharves along the waterfront and one of them, Willard Peck, aged nine years fell from the wharf and was being carried up stream by the strong current.

To the horror of the beholders, Peck went over the side of the wharf and appeared several times and it was feared that he had gone under for the last time.

Just then, Clayton Robbins, aged thirteen years, who had been on the wharf and was looking over the side, saw the boy and without any hesitation or loss of time to remove his clothing went over the side of the wharf and into the water and caught Peck, as he came to the surface again and brought him to the shore.

At the scout meeting last Thursday evening special mention was made of the heroic deed, by Scoutmaster Warren and also by Scoutmaster Merriam and at the conclusion, Clancy was heartily applauded by his fellow scouts.

These Quicker Shaves Mean Younger Faces

Ordinarily, shaving ages the skin—adds years to a man's looks. By giving them a shaving cream soothing to the skin we wiped years from millions of men's faces.

At the same time we cut down shaving time for them.

We spent 18 months—made 130 experiments—perfecting a cream with 5 distinct advantages:

It softens any beard in one minute—without rubbing-in.

Multiplies itself 250 times in rich lather. Lather lasts, if necessary, 10 minutes—doesn't dry away.

Strong-walled bubbles hold hairs erect—for easier cutting.

And the after-effect is lotion-like—skin-soothing.

That's why millions of men today use **PALMOLIVE SHAVING CREAM**. We ask you to try it at our expense. Test for yourself the truth of our claims.

The funeral of the late Thomas Langford, whose death occurred on Tuesday, was held Sunday afternoon and was largely attended. Services were conducted in the spacious new meeting house, which was filled to capacity.

Rev. Mr. Wise of Halifax, who arrived Saturday, officiated at the services taking for his text "For me to live in Christ, I die is gain." The reverend gentleman spoke very feelingly on the long standing acquaintance he had with the late Mr. Langford and of his life in the church. His high commendation to the sterling qualities of the deceased, the late Mr. Langford, ever since the office assumed there in 1910, and was also a devotee of the United African Baptist Association for many years. He was 78 years of age at the time of his death, and his passing will be regretted by a host of friends both here and throughout the Province. At the dedication of the new church at the Falls, two years ago, Mr. Langford took a profound interest and was one of the speakers at that occasion. A large number of the members of building fund were contributed by him. His loss is a great one to the church and to the community.

The funeral services were held at the Falls. The pallbearers were John Pleasant, Freeman Pleasant, John Smith and Joseph Jarvis. The remains laid in state in the church, where all had an opportunity to take a last look at the departed. Burial was in the new Baptist cemetery at the Falls.

A pretty wedding was solemnized at the Episcopal church, Weymouth Falls on Thursday evening at 8 o'clock, the contracting parties being, Miss Mildred Jarvis, daughter of Mr. and Mrs. Ephraim Jarvis and Elliott Wells of Lynn, Mass. The bride was beautifully dressed in white organdie and conventional veil. She was attended by Miss Norma Langford, George M. Jarvis acted as best man. After the ceremony, which was performed by Rev. Morris Taylor, the happy couple repaired to the home of the bride's mother, where a reception was held. The bride and groom were recipients of many useful presents.

On Thursday evening a very pretty ceremony took place at St. Joseph's R. C. Church. All during the month devotion of the month of Mary was being held. So on the last evening the ceremony of crowning the statue of the Blessed Virgin was fittingly solemnized. Long before seven o'clock, the hour of services, the church was filled by an immense throng who came from every quarter of the parish to witness the ceremony and to pray the Mother of God. The recitation of the rosary commenced, after which immediately took place the coronation of the statue. The ceremony of crowning the statue. Thirty young girls, all dressed in white and wearing crowns of flowers, which were a crown of fern, marched in solemn procession down the centre aisle, there turning to the right they followed the statue. The procession then turned to the left aisle. During the procession the beautiful hymn "Bring flowers of the forest, bring flowers of the forest, from the woods and hills and dale" with the chorus "O Mary we crown thee with blossoms today, queen of angels, queen of Mary" etc., was sung by the girls. The crown of flowers was carried on a portable stand by the girls, who, the Misses, LeBlanc, France, Cosman, Louise Belliveau and Mildred Hamilton, under which walked the two flower girls, Rosella and Abbie Miller, and a young man, arriving at the altar rail, the four girls carrying the crown, stepped within the arms of the statue, where the crown was placed on the statue's head.

At the conclusion of the ceremony, the girls were crowned with the crown of flowers.

At the conclusion of the ceremony, the girls were crowned with the crown of flowers.

GILLET'S 100% PURE FLAKE LYE

This famous household cleaner and disinfectant is now made in Crystal Flakes instead of powder. It is the best household lye on the market. Use it for cleaning and disinfecting sinks, closets, drains, etc.; destroying vermin; softening water; making soap; cleaning floors, greasy pots and pans, etc.; removing paint, etc.

Avoid inferior and dangerous substitutes. Get the genuine article in cans as reproduced below.

As the youthful voices sang out in melodious tones the words of Mary we crown thee with blossoms today, Miss France Cosman placed the crown of flowers on the head of the statue, whilst the two flower girls placed baskets of flowers on the stand at the foot of the statue. After the ceremony, benediction of the blessed sacrament was given by the pastor, Rev. J. D. Cosman. The altar of the Blessed Virgin and also the statue were beautifully decorated with flowers, garden and wild cherry and apple blossoms, entwined with fern. The children did remarkably well, they only had four days training, having begun Monday afternoon.

Mrs. J. Dixon Rice was in charge of the children, and much of the success of the ceremony is due her efforts. Miss Eunice Melanson presided at the organ.

A LOCAL MAIL ORDER CLOTHING STORE

We say local, because 20 miles to-day with car and phone service is just across the street. The King & Son of Anna-Royal changed their complete service over on May 1st. to a cash method of doing business. During the past five years this firm has been working up a splendid mail order trade and has large business connections throughout Digby Co. especially on the New Brunswick Islands where they are so well known. The cash way of doing business is not new and if one should examine the ragged parcels on our express cart day after day, they would soon see how steady the patronage. Thousands of dollars have the Province monthly never to come back. It is therefore gratifying to see a firm as financially able to deal with this problem as A. M. King & Son trying it possibly to divert the money home. We welcome them also as one of our heaviest advertisers and draw our readers' attention to this week's copy.

Chevrolet Anticipates The Requirements of the Public

Last year the increase in Chevrolet production was 50 per cent. greater than that of any other motor car manufactured. Why?

There must be some reason why Chevrolet passed the leaders of the industry in this way.

The reason is that Chevrolet best anticipates the modern car buyer's requirements.

Today, common sense rules in the purchase of motor cars. People want to buy reliable transportation—not just a machine. They want to buy a quality car that will give them the highest degree of satisfactory service—a car whose construction and appearance provide a source of real pride of ownership. And with all this it must be economical in first cost and in upkeep.

Chevrolet combines all these requirements. It is the world's lowest priced, fully-equipped, quality car, and is lowest in operating cost of any car built.

That Chevrolet meets the requirements of a vast number of car buyers is proven by the car buyers themselves in their actual purchase of more Chevrolets, by several thousands, than any other quality car.

UNVEILING MARTIN MEMORIAL

Below, G. P. S. S. "Empress of Scotland" arriving at Quebec. Below, F. L. Warkyn of the C.P.R. addresses the gathering prior to the unveiling. Inset, the Memorial.

WHO was Abraham Martin? Had that question been asked one year ago probably not one Canadian in a hundred thousand would have been able to answer it. Today it is different. Most Canadians now know he was first King's pilot on the St. Lawrence river, and the first known Canadian of Scottish extraction—two claims to distinction either one of which to his credit have come to be known, and they will be recorded in their due place.

In the meantime it is not remarkable how little Canadians know of Canada's history—as rich a bit of nation history as ever was crowded into a space of three hundred odd years. The high point of a splendid story some of us knew fairly well, but the little byways and side-lights, so full of human interest, they had a deep obscurity from which they are being rescued one by one, at the patient diggings of this or that person or institution actuated by a sense of the national life of the future.

Abraham Martin was some figure of a man in his day although most of his just claims to fame seem to have been thrust upon him. It was hardly more than a matter of accident that the "Plaid of Abraham" might have made him famous, and yet that was recorded in their due place.

Obituary

MRS. EDITH S. DYKEMAN

The death occurred Wednesday, May 23 at the Brunswick Street Baptist parsonage, Fredericton, N. S., Edith Sweet Dykeman, widow of Rev. A. T. Dykeman, a prominent clergyman of the Baptist denomination in the Maritime Provinces, who passed away in that city nearly two years ago. She had been in failing health for several months and the end was not unexpected. She was born at Scotch Village, Hants county, on July 2nd, 1839. Besides her daughter, Mrs. G. C. Warren, with whom she made her home for the past two years, she leaves to mourn their loss two sisters, Mrs. John Hennessey, of Rockland, N. S., and Mrs. Charles Clark, of Scotch Village, N. S. The deceased was a true helpmeet of her husband in all his ministerial labours, and was especially active in missionary work, having been for many years a member of the Executive of the United Baptist Missionary Union of the Maritime Provinces. The funeral service was held from the Baptist parsonage at Brunswick street on Friday afternoon at 2.30 and interment was made at the Rural cemetery. A Western paper says that during a blizzard in February, Fred Webster, a farmer, in Halifax, N. S., lost a 170 pound hog. Seventy-two days later he was watching straw from a stack near the farm and his fork struck something solid. It was the hog, still alive, but more than 100 pounds underweight.

SANDY COVE "DISCOVERED"

Noted American Writer Puts
The Picturesque Digby
County Village Defini-
tely On The Map

(Written for the Courier)
Sandy Cove the Beautiful has at last come into its own, and those of us who have read the references to it made by Mr. Charles Hanson Towne in his recently issued book, "Ambling" published by the Century Company, New York, Through Acadia, will be rather surprised if this picturesque little Digby Neck village does not speedily excel in summer population Digby, Smith's Cove and Chester combined.

Apparently Mr. Towne, who is a noted American journalist and essayist, literally "fell in love with" modest Sandy Cove, and has even threatened to make it his summer vacation headquarters.

He appears to have negotiated the place through the medium of a motor boat trip across St. Mary's Bay from Weymouth, and here are a few of the nice things he says about the pretty hamlet and its

inhabitants:

"Over the lovely light green hills we could see a church spire, graceful and immaculately white; and below it, great blocks of granite came defiantly down to the very water's edge, with trees overhanging them. Only in California had I ever seen a coast formation like this. White seagulls soared above our heads, and on our left a curving stretch of sandy beach invited us to bathe. Approaching nearer I shall never forget my first vision of that village, snug and quiet, as if it had purposely folded itself away in those hills, aloof from the clamor of the world."

"We almost hesitated to leave the boat for no village, on a closer view, could possibly come up to our expectations. It was too wonderful to be true—finding this white clean, sleeping little town on a day so golden and calm. We thought of the unimaginative man who had wondered why he wanted to come here, and I all but wept for him."

"I fear to tell in print, of a village like this. It is utterly unspoiled, dreaming away there through pleasant days and nights. I might be selfish and keep its charms for myself alone; for, having found Sandy Cove, I don't

intend to neglect it in the summer to be."

In concluding his little essay on Sandy Cove, Mr. Towne, like the immortal Silas Wegg, drops into poetry, as follows:

"The little town of Sandy Cove, tucked itself away
Between the warm Canadian hills beyond
St. Mary's Bay,
And there it breathes the lacy hours
The whole long summer day."

"The little town of Sandy Cove is beautiful and white."

No railroad thunders at its heart; no windows flash the bright
And there it breathes the lacy hours
The whole long summer day."

"But quickly the little town sleeps and each and every
It lets the noisy world go by with all its
Content to watch from its high hills the
The drowsy Happy Isles."

"Would I might dwell in Sandy Cove in peace and calm, and say
Good-bye, fond, foolish, clamoring town,
Good-bye for many a day."

And, nestled in those sheltering arms beside St. Mary's Bay."

Mr. Towne's interesting story describes the unthrilling incidents of a June trip from New York City to Yarmouth, through Halifax and Parrsboro, and he particularly emphasizes the Annapolis Valley and its apple blossoms, and has considerable to say about Bear

River and its town.

Of Digby, he says and says quite so much to write, although, like most casual writers, instinctively recognizing the strategic importance of the town as a tourist and travel center. In fact, Digby seems to be principally enshrined in his recollection in connection with the festive human-bangle which he conceives as "good and succulent and delicious." And anywhere the populace of Sandy Cove should rise up and call him blessed, and perhaps give him the "freedom of the city" or something like that. One is inclined, after reading his Sandy Cove panegyric, to exclaim: "So say we all of us."

LOWER GRANVILLE

Mrs. George Robertson with her two children, Sheila and Gerald, arrived from Moose Jaw, Sask., Saturday to spend the summer with her parents Mr. and Mrs. Stanley Robertson.

Albert, Adams, came from Wednesday from Montreal to visit his family. Reginald Bishop, of Paradise, brought his wife and children down on Sunday to spend two weeks with her parents, Mr. and Mrs. James, leaving returning to his home the same evening.

FOREST FIRE PERIL

Canadians have only Providence to thank for the fact that the outbreak of fires in Northern Ontario, Northern Quebec and in New Brunswick did not make a clean sweep of the forest growths in those districts. No human agency could have brought the relief which came with the providential downpour of rain. But the menace is still with us and will be until the authorities adopt much more drastic measures for forest protection than they have yet done and until the public is educated to the point of regarding the forests as real wealth and treating them as such. As things are, fires are likely to recur at any time and to wipe out practically all of the timber our pulp and paper industry now depends upon for its existence, except, perhaps, the very limited stock growing on the farm lots. We must not lose sight of the fact that notwithstanding the appalling losses that Canada has suffered from forest fires in the past, today we have the added menace of two hundred million cords of dead dry wood, killed trees that are blowing down and piling up, forming an interminable mass of fire-baiting tinder, merely awaiting a period of drought and the dropping of a match or cigarette stub.

The heavy losses already sustained this season emphasize the necessity for using every available means for conserving our remaining supply of timber, and should cause the Government at Ottawa to stop temporizing with the question of stopping the exploitation of our manufactured wood for the benefit of foreign countries. No other country placed as Canada is, should permit what amounts to the blood of her industries to be run down and shipped out of the country as we are doing. It is encouraging to note, from the discussions which have taken place in Parliament of late, that the members, regardless of party, are becoming alive to the situation and have expressed the view that there should be no further delay. It is sincerely to be hoped that the Government, before the session is over, will introduce a law which will give the desired relief and thereby postpone if not permanently avoid the crisis that threatens our wood-using industries if present practices are permitted to go unremedied.

BARTON AND BRIGHTON

Mr. and Mrs. Edmund Tilley will spend the month of June at Journey's End, the summer home of Mrs. Almon Bailey. Mr. and Mrs. Tilley will take part in the next Hentley Concert to be given in the United Hall June 30th. Mr. Tilley sails in the early fall for Constantinople where he has accepted a position as instructor.

There was a family reunion at Comfort Lodge the home of Mr. and Mrs. Hiram VanBlarcom on Sunday last, those present were Mr. and Mrs. L. S. Bailey and C. Bailey, of Westport, Mr. and Mrs. Edward Young, of Brighton, Fred VanBlarcom and Frank VanBlarcom, of Saco.

Miss Ola VanBlarcom has returned from a visit to Halifax.

I notice that Miss Hannah Thumth of this city, attending Simmons College, has shared in the distribution of honors recently made there in view of the young commencement. She is the undergraduate representative on the Y. W. C. C. Council from Newbury, Essex, Co., Mass., exchange.

The young lady above, referred to was the guest of Miss Norma Morehouse at "Breakfast" during the summer of 1922.

Declares Tanlac Ended Long
—Standing Suffering From
Indigestion, Nervous-
ness and Insomnia

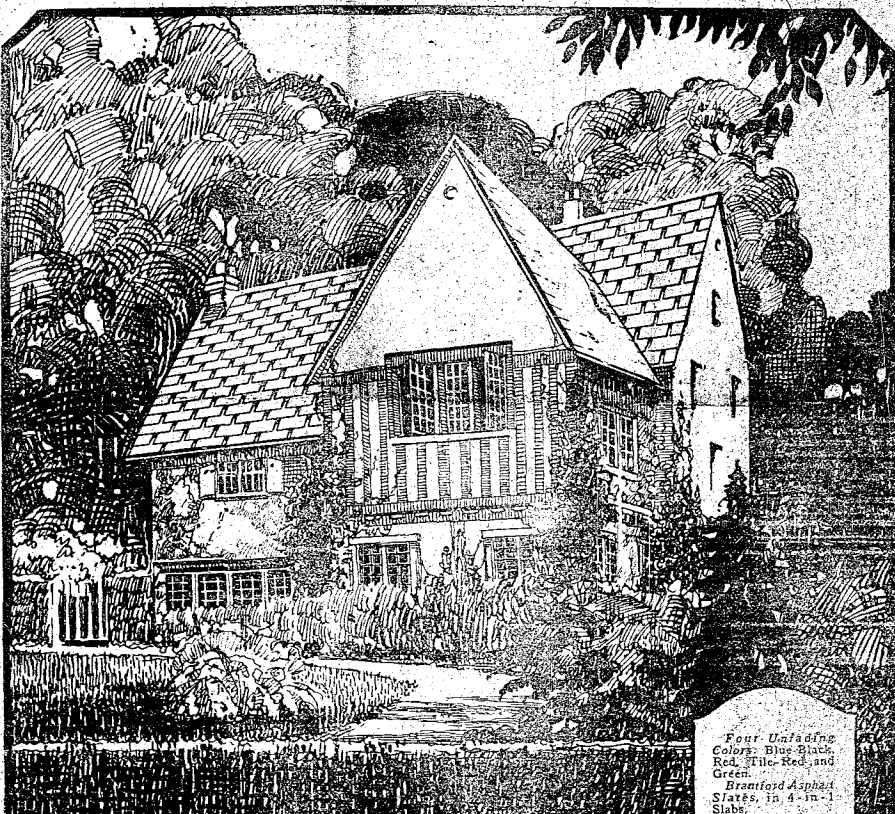

"Nothing seems more wonderful to me than Tanlac," is the high tribute paid the medicine a few days ago by Mrs. Jeannette Ganey of 25 Ontario St., W., Montreal.

"For five or six years, I have been in bad health, suffering from indigestion, palpitation of the heart and extreme nervousness. I could get no restful sleep, and was in such a deplorable condition I was absolutely discouraged."

"Seeing what others had to say about Tanlac I decided to try the medicine myself, and it was one of the best decisions I ever made. Why the treatment has relieved me entirely of indigestion and palpitation, and has made my nerves perfectly calm and my sleep sound and restful. My health is just splendid now, and I have as much strength as I ever did in my life. It's a pleasure to recommend Tanlac after all it has done for me."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

FOREST FIRES

Forest fire outbreaks have started with the usual appalling results. Much has been done to impress upon people the danger of carelessness with fires, but much evidently remains to be done.

Every fire by creating a dry area increases the risk of future fires, and the forest authorities have a big problem on their hands. Progress is evidently being made in organization to fight forest fires, but the destruction of forests decreases the precipitation of the atmosphere, and a few hot days dry up the forest floor amazingly. Care and co-operation on the part of the public is a great desideratum.

THE NEWS-PAPER MEN

On Sunday morning the steamer Empress will make a special trip from St. John with the members of the Canadian Weekly Newspaper Association who are en route to Halifax where they will hold their annual convention. It is expected there will be about three hundred members, many of whom will be accompanied by their wives and daughters. They will be in Digby about an hour and a half. C. P. R. train of ten Pullman cars will be here to meet them. It is earnestly desired that during the hour they are here that they be given every opportunity possible to see the town and a committee of local citizens will be trying to make arrangements. If successful they will place fifty or sixty cars and it is requested that all citizens who are going to place them at the disposal of the committee for a short time on Sunday morning. The committee consists of Messrs. McBride, Anderson and Peck.

The Bijou Dream theatre, put on a speciality on Wednesday evening, a very much advertised "Human Fly". It was announced that he would climb the great steel building but some hitch took place and he used the Royal Bank instead. His stunt was nothing wonderful and it was charged to a joke when young David Daley, a graduate of John Daley, went up to the top of the building, and with a roof and down again in less time and with less trouble than the professional. The kids were more than fourteen. What with business, travelling, and a schoolboy can repeat, and travelling, the kids were more than fourteen. SPLENDID DEGREE WORK

Last Monday night was a banner night in the history of Zelma Rebekah Lodge, O. E. O. P. On that night the first degree work since last August was put on with almost an entire new team. The beautiful new hall with its splendid lighting system specially arranged to produce the best effects, with the new paraphernalia and new robes of the degree team made a picture which was hard to beat. That other lodges were as much interested as Zelma itself is evidenced by the fact that almost all the degree team of Elia Lodge of Bear River were present, and there were also representatives from Myrtle Lodge, Middleton, Opal Lodge, Yarmouth, and Lella Lodge, Windsor. Altogether there were about one hundred present and the degree was conferred on Mrs. Florence Blackford, Mrs. Abbie Nae, Mrs. Lena Perry, Mrs. Bessie Weir, Mrs. Elizabeth Haines, Mrs. Lena Piquet, Dr. A. F. Weir and A. H. Plummer, all of whom were given the degree without a hitch, the well-trained team working like a perfect piece of machinery. One of the visitors, a lady from Middleton, was heard to remark that it was the finest complication she had ever seen and another visitor made the remark that no finer work had ever been done in a Rebekah Lodge in Western Nova Scotia. Dr. Weir, who is a member of a number of fraternal organizations, pronounced it to be the finest degree work he had ever seen in any society. After the work a social hour was spent during which refreshments were served.

Foot Saved in 4 Days!
"Nothing but Zam-Buk could have done it," says Mrs. A. Berryman, 150, John Street, North, Hamilton, "in describing how her little daughter's foot was saved by Zam-Buk. The flesh was terribly bruised, blackened and inflamed, and I feared away with pain. When it was quite impossible for me to move about, my husband's mother got me Zam-Buk. It was surprising! Within TWO DAYS all swelling and discoloration had disappeared and pain was gone. In FOUR DAYS, through this timely use of Zam-Buk, I could get about as usual; the injured foot thoroughly healed."
Zam-Buk is the powerful antiseptic healer which quickly frees the skin of corruption and disease and grows new healthy tissue. It is the only ointment or salve can possibly cause. Get a box to-day! 50c. all dealers. Or FREE by MAIL for 1c. postage from Zam-Buk Co., Toronto.

DIGBY HIGH NOW LEADS VALLEY LEAGUE

Digby High now holds the championship of the valley schools. On Tuesday they defeated Windsor high at Middleton by the score of 14-1. This game caused Windsor to put in three pitchers. By winning this game Digby won the right to play off for the Halifax Herald trophy providing they can meet expenses for the trip to Halifax.
At 3:30 they went to Kentville and defeated the crack team of that town by the score of 10-2.
ComEAU pitched the first inning but was replaced by Robert Smith.
Kentville led in the fifth but in the eighth Digby High scored six runs, which put the game on ice.
To Baxter who caught for Digby is due much credit, having caught for both games. Denton batted everything up. Safe hits in both games, which is unusual for any player.

DIGBY LOSES FIRST GAME

The Digby Seniors of the Western Valley league played their first game on Wednesday afternoon, their opponents being Bridgetown. The score was 31-1 against them. Muttie having scored the only run on Fay's error.
Malcom who pitched for Bridgetown did not exert himself.
Digby used three pitchers VanTassel, Robinson A., Robinson G.
Arthur Robinson of the High School team was the only pitcher who held them an inning without a score.
And it wasn't cricket they played either, as one would judge by the score.

He Advises The Fish Market Of His Catch By Telephone

When the schooner, under power and sail, tears up the harbor with a house in her teeth, her captain's anxiety is to get his catch marketed, and marketed fresh.
To ensure that he must make sure that the consignees know of his catch.
As soon as his boat touches the wharf, the captain speeds for the nearest telephone, and puts in a Long Distance Telephone call for his consignees in the distant city.
In a few minutes he returns to his boat, with a smile on his lips, to look after the unloading. Well may he smile; he has talked with his consignees. He knows that they know of his catch.
Only the Telephone can give him so quickly that satisfactory assurance.

LIFE BURDENED BY DYSPEPSIA

Health and Happiness Came With "Fruit-a-tives"

Made From Fruit Juices and Tonics
"Fruit-a-tives," the wonderful medicine made from the juices of apples, oranges, and lemons, is one of the greatest means of doing good that this country of ours has ever known.

"Fruit-a-tives" is bringing health to hundreds and hundreds of people who suffer with chronic Constipation, Biliousness and Dyspepsia. Mr. Frank Hall of Weymouth, Ont., says, "I purchased a box of 'Fruit-a-tives' and began the treatment. My condition improved immediately. The dyspepsia ceased to be a burden of my life as it had been, and I was freed of Constipation."

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent for Fruit-a-tives Limited, Ottawa, Ont.

HERE AND THERE

Smoking compartments are to be provided in the new wooden passenger cars to be used on the London-Amsterdam-Berlin air route.

301,980,268 feet of lumber were produced from mills in the Ottawa Valley last season as against 288,116,764 feet in the 1921-1922 season.

Last season's grain shipments through the port of Montreal exceeded 155,000 tons, the highest ever reached \$3,810,810 providing a surplus of \$264,362.

Forest rangers of the Quebec and New Brunswick forestry departments will co-operate to the extent of 250,000 feet, meeting in the discovery and development of a field with an output of 150,000,000 feet per day.

Two thousand maple and one thousand green ash trees of Saskatchewan, were shipped to the Canadian War Memorial Park at Poperinghe, Belgium, recently.

Vancouver is to have direct circular trade relations with Spain. A vice-consulate has been established there which will serve the prairie provinces and is the only one west of Montreal.

During the year 1922 boring operations for the discovery of oil and gas in Alberta were continued to the extent of 250,000 feet, resulting in the discovery and development of a field with an output of 150,000,000 feet per day.

Despite reports of adverse conditions in the prairie provinces, Saskatchewan officials estimate that the province's wheat crop for the year ending last year had \$100,000,000 in net proceeds to apply on debts.

In 1906, in Iowa, a single head of a cow was selected as being a desirable specimen. In 1922, this single head had multiplied to the extent that 1,500,000 acres were sown to it and showed an increased production of 4,500,000 bushels.

One of the largest timber sales that the Canadian Pacific Railway has made in recent years was made on Vancouver Island. A group of Seattle lumbermen have acquired 12,000 acres of timber land at Port Alberni. The timber on this stand exceeds 200,000,000 feet.

Part of the plans for keeping the St. Lawrence open all winter, submitted by Dimitry Jovitch, Roumanian engineer, to the Federal and Provincial Governments, would be for the erection of a nine mile dam at the east end of Belle Isle Strait, which would prevent the cold currents from the north entering the river.

The Bungalow Camps to be opened this year by the Canadian Pacific Railway in the French River, Nipigon and Lake of the Woods districts of Ontario will consist of a community house, containing a dining room, with a fireplace, surrounded by several tents and bungalows. These are tentatively furnished for the accommodation of from one to four persons. A number of canvas houses will also be used.

The official opening of the Beaulieu-Windsor Highway will take place on June 30th at Economy crossing, B.C. Motorists from all over Alberta, British Columbia and the Western States will be present in large numbers. A lunch will be provided for several thousand people at Economy crossing. Provincial and state governments will be both sides of the line. The official opening will be marked by the cutting of red white and blue ribbons stretched across the roadway.

How to Make Delicious Strawberry Jam

Select small, or medium-sized, fully ripe berries. After hulling, weigh out 2 lbs. berries. Measure 7 level cups (8 lbs.) sugar into small separate jar. Sprinkle berries with quarter of the berries on their sides in single layer on a platter and gently press each berry to a thickness of 1/4 inch with bottom of Certo bottle. (This leaves skins nearly intact, but ruptures fruit inside and makes it hollow, allowing boiling sugar to saturate skins quickly.) Transfer pressed berries to large kettle, and cover with layer of sugar. Repeat with remainder of all the berries, placing layers of pressed berries and sugar alternately in kettle, putting balance of sugar on top, then add juice of one lemon, or preferably 1 teaspoon of powdered tartaric or citric acid. This addition

THE LISTENING POST

A recent despatch from London
(No, not, London Ontario—
London 'ome) states that
Professor Scammell has
Discovered a rejuvenator
That rivals even monkey
Glands in its effects.
The new property is called
Radio phosphate of Potash
And is said to work a
Marvelous transformation
In the mental and physical
Make-up of man.
All honor to you Professor
But we knew this years ago.
Although our results were
Attained in a different way.
After years of wrestling
With our own furnace, in
Which we burned Anthracite
Coal, we found that this type
Of fuel or something connected
With our stoking activities
Had a most enervating and
Depressing effect upon us.
In fact a careful study
Convinced us that from the
Time we started the furnace
In September until we let it
Out for lack of fuel on May 24th,
Our energy and enthusiasm
Gradually diminished.
One day it occurred to us to
Use hard wood instead of coal,
And to our surprise and joy
Our spirits began to soar and
Our energy increase in bounds.
At first we attributed this to
The fact that there were no

Clinkers to break up and the
Ashes did not have to be sifted,
But we soon found that coal ashes
Had nothing on wood ashes when it
Came to broadcasting, and the same
Quantity was being assimilated by
Our clothing and lungs and everything.
It was then that our discovery was
Made. Something in the wood ashes
Contained the elixir of life and
Acting on the same spot to which
The monkey gland is ordinarily
Applied, did the rejuvenating.
The broadcasting of the ashes
Suggested Radio, and any farmer
Knows they contain potash.
Thus Radio-Potash, We will
Admit that this treatment does
Not always make us feel as young
As we would wish, but it is better
To be a human ash-container than
Carry transplanted Monkey glands.
Wishing you many of them.

He was a native of Digby, a son of the
late Harry VanTassell, and with the ex-
ception of a few years as a young man
when he lived in Manchester, Mass., he
has spent his life on his farm on the shores
of Lily Lake. He was twice married and
his second wife survives him. Besides
her he leaves to mourn three sons, Harry,
somewhere in the United States, by his
first wife and Augustus and Martin, both
of Digby, by the second wife; four daugh-
ters, the issue of his second marriage, are
Mrs. Burke O'Neill, of Digby, Mrs.
Helen Delaney, of Digby, Mrs. Arthur
Oliver Ross, all of Coluden; three
brothers, Harry, of Coluden, William,
Jamaica Plain, Mass., Arthur, in Boston,
and one sister, Mrs. John Condon of Bay
View. The funeral took place from St.
John's church on Sunday afternoon, Rev.
Father Somers officiating.

WOMEN'S WAYS.

Exuberant English Novelist Attempts an Explanation.
"All human beings are strange, but all can be understood if we will put ourselves in their place," says Mr. W. L. George in the *York Magazine*. "If women sometimes understand men better than men do women, it is because they make this effort, while most men are too lazy to do it. They just shrug their shoulders and say, 'So like a woman!' and leave it at that. It is no wonder, then, that they should fail to see what is passing in the woman's mind."

"When we come to women's attitude to clothes we strike a vital part of their nature. A popular society woman once said to me: 'That woman is badly dressed. She has red hair and wears green. But it is an obvious error. To be well dressed a woman must wear an unobviously obvious color.' Complicated, but all women understand; and perhaps I do a little, too."

"The same woman suggested to me: 'Clothes classify women. Good underclothes show that she is capable to respect; boots and shoes that she respects respect.' Of the ones whose clothes are good throughout she said: 'They are good throughout; she is a kind to women; and it was also who made me think: 'Only those women who are not quite so well dressed as beauty in their own sex.' Indeed, two pretty women must be rivals; if they didn't struggle for us a little (very, quietly) life would become very dull."

"It is, however, when we come to love that the investigation of woman becomes most interesting. Love provides an excitement that cannot be drawn even from a new hat. In many forms I have found that saying: 'Love is woman's greatest adventure.' I mean that while men have career, money, or art to pursue, woman concentrates all her energies about the capture of the little god. But the little god is a very dangerous domestic pet."

"It was a man who suggested to me that: 'Love though blind is unfortunately not dumb, and uses speech to conceal the truth.' Women constantly are in a state of tension, while they can never close their ears when he chooses to sing. I am thinking now of a middle-aged woman, a good deal of a nervous person, whose chief delight was to make marriage. It is her case I have in mind when I say: 'Love is woman's greatest adventure for the duenna of life.'"

"This naturally does not apply to all women; it does not entirely apply to the energetic latter who are making their own career. These are as liable to fall in love as the old-fashioned women, but they are not saying: 'Love is woman's greatest adventure for the duenna of life.'"

"I have married a successful engineer and he has married a successful typewriter office. She is very unhappy, and I am sure he is saying: 'Only a great love can compensate a woman for the loss of a freedom which she has enjoyed.'"

Effect of Water Shield.

A curious result of a study of the Blue Ridge mountain region in North Carolina and Virginia is the showing that the Atlantic is slowly gaining some of the waters that have hitherto flowed toward the Mississippi. This arises from the fact that the Blue Ridge, instead of being a crest with strong slopes on each side, is an ascending wedge, reaching the Mississippi are continually losing length by the retreat of the escarpment, through the retrogressive erosion of the lower level headwaters of the Atlantic-seeking streams. From a practical point of view, of course, the change is very slow.

Star Near Earth.
The star Alpha Centauri, one of the nearest to the earth, consists, as the telescope shows, of two stars, one of which is two or six times brighter than the other. But observations by Roberts at the Cape of Good Hope Observatory led to the conclusion that the two components of Alpha Centauri, much as they differ in brightness, are very twice as near as our sun. It seems to follow from these facts that one of those twin stars is losing its light and in the course of ages may become only a gigantic opaque planet, while its companion will continue to blaze with solar splendor.

Didn't Need Nerve Tonic.
"You are in a very bad condition," said a physician to a weak-looking patient. "Just take this prescription to the chemist. It will cost you a dollar." "Thanks," said the patient, "but you might lend me the money." The doctor, in amazement, took back the paper and made out a fresh prescription. "Take this one," he said. "It will cost you a quarter; the other prescription was for your nerve."

ONLY FIVE NIGHTS!

U. S. DIVORCE IS OF NO EFFECT

On June 1st, the case of Crosby vs. Crosby was tried in Halifax before Judge Ritchie who gave his decision and decided the marriage between the parties to be null and void. This case arose out of the fact that the wife, having obtained a divorce in the United States, married again in the lifetime of her first husband. The case really was to determine the validity in Nova Scotia of a foreign divorce. Under all the circumstances of the case the court held that the foreign divorce could not be recognized in Nova Scotia and that, consequently, the wife with her first husband still alive could not, legally marry again, and that the second marriage ceremony was a nullity. The first husband was a witness. Messrs. McKay and Patterson, of Yarmouth, were the solicitors for the husband and the petitioner.

WOMEN FROM FORTY TO FIFTY

Will Be Interested in Mrs. Thompson's Recovery by Use of Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"Lydia E. Pinkham's Vegetable Compound has done me good in every way. I was very weak and run-down and had certain troubles that women of my age are likely to have. I did not like to go to the doctor so I took the Vegetable Compound and am still taking it right along. I recommend it to my friends and to any one I know who is suffering well."

Mrs. Thompson, 303 Lizzie St., Winnipeg, Man.

When women who are between the ages of forty-five and fifty are beset with such annoying symptoms as nervousness, irritability, melancholia and flat flashes, which prove to be menstrual disorders, or a sense of suffocation, they should take Lydia E. Pinkham's Vegetable Compound. It is especially adapted to help women through this crisis. It is prepared from roots and herbs and contains no harmful drugs or narcotics.

This famous remedy, the medicinal ingredients of which are derived from roots and herbs, has for forty years proved its value in such cases. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Women who suffer should write to the Lydia E. Pinkham Medicine Co., Colcough, Ontario, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women."

The Harmful Effects of Drinking Beer.

(By Vernon Brimmer, Digby High School, Grade VIII)

As I am asked to write an essay on the Harmful Effects of Drinking Beer, I would like to give my definition as to what beer is and of what it is composed.

I would describe beer as being any of various fermented bread liquors, made with malted grain; commonly barley, and flavored with hops. It differs from the stronger alcoholic drinks such as whiskey, rum, etc., in this respect that it has not undergone the process of distillation.

In these days we see the various varieties of beer used as a beverage. Does the question ever enter our minds whether this beverage is harmful or helpful to ourselves? If not it should and a question of this importance should be given great consideration. As an answer to that question, I would state that beer is harmful in many ways.

Firstly, what I would consider most important is the appetite it creates for the stronger drinks. We are all aware of the down-falls and harmfulness caused by these drinks. For instance take the boy or girl going to school who gets in the habit of drinking beer as a beverage. As that boy or girl develops into manhood and womanhood the appetite increases until they are contented with nothing less than the stronger alcohol drinks.

Secondly, I would state that the person who indulges in drinking beer spends his money in this wasteful way. It could be used to towards the building up of his health or advancement of his education.

Thirdly, I would make mention of the harmfulness beer produces on the health. Though perhaps a little would produce no serious marked effect it would do no good. We are all aware of the fact that alcohol acts strongly on the nervous system. It not only acts on the nervous system but on the whole body in general, thus causing the person who was perhaps enjoying perfect health to become a worthless, weakened, and unreliable person.

Fourthly, I would say beer is harmful and wasteful for these reasons. That the grain, hops, etc., could be put to a better purpose. One that would be helpful instead of harmful to the people.

In conclusion I would say that beer is harmful for young or old for the reasons I have tried to make clear. Therefore, why not check it in the beginning before it gets too strong a grip.

WONDERFUL HELP TO 'FLU VICTIM

Mrs. Joseph E. Kelley Regains All Her Old Time Strength and Energy—Gives All Credit to Dreco, the Famous Health Builder

Mrs. Kelley, who resides at 22 Atlantic Street, Halifax, N. S., found herself badly run-down after an attack of Flu. Her weakness persisted until the timely discovery of Dreco that is rapidly restoring her to health and strength again.

Says Mrs. Kelley: "Ever since I had the 'flu' my system has been in a badly run-down condition. I had no appetite and was terribly nervous at times. I was also troubled with bilious spells, as my liver was in bad condition, causing spots before my eyes that would make me dizzy. I was also troubled a lot with constipation."

"I took several kinds of medicines but nothing did the any good—until finally I decided to give Dreco a trial. At first I didn't think it any better than all the rest of them. However, I kept on—until now I have taken three bottles. It certainly was lucky that I did, as it has put me right on my feet. All my troubles have disappeared and I just feel great all the time. I have gained back all my strength and energy and am very pleased to recommend Dreco to anyone suffering as I did."

Dreco is an ideal tonic and regulator and especially valuable in restoring run-down systems. It acts in a natural way, being composed of iron, roots, bark and leaves and contains no mercury, potash or habit forming drugs.

Dreco is being specially introduced in Digby by P. W. Holdsworth, and is sold by a good druggist everywhere.

The Secret of Good Health

When Nature requires assistance, she will not be slow in conveying to you an intimation of the fact. "Decline of energy, inability to sleep well, headache, biliousness, constipation; a general sluggishness of mind and body and any sign of digestive "unrest" should impel you to seek the aid of a reliable medicine without delay. There is no better—no surer—no safer—than this proven remedy.

WESTERN BAPTIST ASSOCIATION OF NOVA SCOTIA

The 16th annual gathering of the Western Baptist Association took place at Nictaux, N. S., June 14th-17th. The first session was held on Thursday evening with the Vice-Moderator, Rev. A. H. Whitman, of Lawrencetown in the chair. He regretted the absence of the Moderator, Rev. D. E. Hatt who had removed to Toronto, but was assured that Bro. Hatt was praying for God's blessing to rest on the assembly.

Rev. W. D. Wilson of Middleton was the first speaker and spoke on the subject, "The Temperance Situation in Nova Scotia." He stated that the majority of the people of this Province wanted to see the "dry law" enforced. We should see that the law was enforced and if it was not, to know the reason why. The resolution committee was asked to draw up a resolution asking that the export liquor houses at Halifax be eliminated.

Rev. A. J. Prosser then delivered an address on Child-Welfare. He spoke of the rights granted to women during the last century, and added that "Today is a day of children's rights." Children have no one to plead their cause, they need to us to do so. A child has the right to be well-born, well-clothed, and brought up in a good home.

Tuesday morning was devoted to the election of officers and committees. The following are the officers for the ensuing year.

Moderator: Rev. G. W. Brooker, Preepart.

Vice-Moderator: Rev. W. D. Wilson, Middleton.

Clerk: Rev. F. H. Bator, Bridge-

water.
Asst. Clerk: Rev. G. W. Heisler, Lower Granville.
Treasurer: Mr. C. S. Rogers, Nictaux.
Committee on Resolutions: Rev. W. D. Wilson, L. W. Elliot, Rev. A. H. Whitman.

Convention Committee on Examination: O. P. Goncher, Revs. H. E. DeWolfe, C. E. Rockingham.

Denominational Funds: Revs. G. C. Durkee, R. F. Allen, T. G. Bishop.

Sunday School and Young People's Work: Rev. A. Gibson, Messrs. G. A. Hubbey, Fred E. Cox.

Social Service: Revs. A. J. Prosser, E. A. Robertson, L. E. Nunnis, Missions: Revs. E. G. Dakin, T. E. MacWilliam, Mr. N. M. Beckwell.

Denominational Literature: Revs. W. S. Smith, M. B. Whitman, Obituaries: Dr. M. W. Brown, Rev. D. W. Dixon, Lic. A. A. McLeod.

Digest of Letters: Rev. F. Eaton, Associational Sermon: Rev. W. D. Wilson.

Alternate: Rev. E. G. Pakin.

Delegates to Convention: Revs. G. W. Brooker, F. H. Eaton.

The Digest of Church Letters, was compiled and read by Rev. F. Eaton. This showed the state of the Denomination within the Association. The following is a brief summary for each county.

Digby County: The 14 churches of Digby County report additions to membership, as follows, by baptism 34, on experience 4, by letter 12, total 50, losses to membership, died 29, joined other churches 22, otherwise removed 84, total 132, giving a decrease for the county of 82. This gives the present membership in Digby Co. Baptist churches as 2567.

This county raised for current expenses \$13,000.

Annapolis County: Additions for the year, by baptism 97, on ex-

perience 3, by letter 47, total 147, losses through death 64, joined other churches 68, otherwise removed 149, total 281, giving a decrease of 134. This puts the present membership of the county at 2084. The churches in Annapolis County have functioned during the year on \$21,500.

Lunenburg County: Additions to membership through baptism 52, by letter 12, total 64, losses through death 19, joined other churches 8, otherwise removed 4, total 31. Increase for the year 33, giving a present membership of 1974. Raised for current expenses \$10,832.

Summary for the Association: Of the 55 churches in the Association 9 are pastorless. These 9 churches constitute 6 pastorates. There are reported for the year 183 baptisms, not quite half as many as for the preceding year. Additions by letter and otherwise being the total additions to membership up to 2261.

Losses by death 112, through dismissals by letter 98, otherwise removed 233, total 443. Decrease for the year 132. The most of the 233 reported as being lost through means other than ordinary ways, are accounted for by 2 or 3 churches revising the church rolls and "cleaning house." During the morning a helpful devotional service was conducted by pastor, A. A. McLeod.

In the afternoon a report on Missions was given by Rev. G. W. Brooker. This report included Grande Ligne, Foreign and Home Missions. After a devotional service conducted by Rev. C. E. Rockingham, the report on Denominational Literature was read by Rev. A. H. Whitman. "The Maritime Baptist" "Tidings" and other literature off the Baptist press were warmly commended.

In the evening a more comprehensive report on the Grande Ligne Mission written by the Secretary, Rev. E. Bosworth, was read by

Rev. A. H. Whitman. This told of the good work done in Feller Institute and by the preachers and colporteurs in Quebec. The report on education was presented by Mr. O. P. Goncher. This had to do with the institutions at Wolfville. Last year there were 842 students in attendance at Acadia, the number of the graduates being 46 from the College, 66 from the Academy and 22 from the Ladies' Seminary. A special convention called last April decided to keep the College at Wolfville, and a new College Hall is about to be raised. God had blessed Acadia by giving her Rev. F. W. Patterson, D. D., L. D., following an anthem by the choir, Prof. W. N. Hutchins, P. L. D., brought a message from Acadia, and passionately pleaded for a more thorough co-operation between the church and the schools at Wolfville. The session was closed with a hymn and prayer.

The report on Denominational Funds was received on Saturday morning at the hands of Rev. R. F. Allen. This showed an increase in the matter of Denominational giving as over against the last year. The Duplex Envelope and Budget Systems were recommended to the churches. Rev. M. B. Whitman presented a profitable devotional service, speaking on "The Divine Christ."

The report on Social Service was presented by Rev. W. S. Smith. Among other suggestions, it was recommended that the Association get into touch with the proper authorities with a view to closing the liquor export warehouses at Halifax, to limit for bonafide purposes the distribution of liquor by vendors and physicians, to provide for stricter enforcement of the prohibition law, to temperance question, the report dealt with drugs, social vice and delinquent children.

The report on Obituaries was delivered by Dr. M. W. Brown. Rev. J. E. Bleakney of Pleasantville, was the only minister who had died during the year, within the bounds of the Association. Prominent laymen mentioned were: Deacon E. J. Elliot and S. M. Jackson of Clarence and Paradise Church, Deacon Honkinson of Weymouth, Mrs. J. Pearson late of Paradise, Mrs. Geo. Richardson of Lawrencetown, C. F. Armstrong of Nictaux and Ainsley Todd of Tidville. Prayer was offered by Rev. E. S. Mason.

The Saturday afternoon session was given over to the Women's Missionary Union. Mrs. C. S. McLarn presided, and reports given by the County Secretaries. A solo "O Love That Will Not Let Me Go" was beautifully rendered by Mrs. B. Collins, of Little River. Miss Cora B. Elliot, returned missionary, presided at the meeting and told of the welcome changes that had been made in India since the coming of Christian missionaries, for example, the weakening of the caste system, abolishing of polygamy as an institution, re-marriage of widows, the growing feeling against giving infant children in marriage.

The evening was "Home Mission night." Following the devotional exercises which were conducted by Rev. T. F. MacWilliam, the final report of the Nominating Committee was received. Rev. E. S. Mason was then introduced as the speaker for the evening. Mr. Mason has been Superintendent of Home Missions for eight years and knows thoroughly his work in all its phases. He proceeded to give the old story of Home Missions in a wonderful new and attractive style. Rev. W. A. White who is connected with the work among the colored people, spoke in glowing terms of his 24 years service under the Home Mission Board. The Resolutions were then read and adopted. During the evening the choir rendered several items of music which were appreciated. Meeting closed with Benediction by the Moderator.

Sunday in connection with our associational gatherings is always "the last and great day of the feast." At 9:30 a. m. a prayer and praise service was conducted by Rev. J. H. Copeland, of Weymouth. Many took part either by prayer or testimony. At eleven the Moderator, Rev. G. W. Brooker took charge of the meeting. By this time the spacious auditorium of the Nictaux Baptist church was filled to its capacity. The pastor, Rev. R. J. Allen opened the Public Worship by Invocation and Responsive Reading. Rev. H. E. DeWolfe read the Scriptures and offered prayer. The choir, with Mrs. Bowman Collins as soloist, rendered some excellent music. Rev. Dr. Hutchins, late of Middleton but now Professor of Theology at Acadia was the preacher of the Association Sermon. He took as his text Matt. 5:48 B. V. W. There shall be perfect even as your Heavenly Father is perfect. This is not a command but a challenge.

1. In this challenge we have a Revelation of Divine Method. As free, unhampered children of God, God challenges us through Christ

to all that is good and noble.

He challenges us by tasks, sacrifices and visions. It is a challenge to do our finest and best. Ours is not a life of compulsion the only "must" the believer knows is the "must" of an inner compulsion that grows out of our love to Christ.

2. In the challenge we have a Revelation of Divine Motive. For the heroic there must be great motives. Our heritage should supply that motive. When we study the life of Christ we are impressed with His spotless character. His unique consciousness of relationship with the Father, and always in the heart of the believer should there be the consciousness of sonship with God. This consciousness of relationship with God should lead him to live the finest and best life.

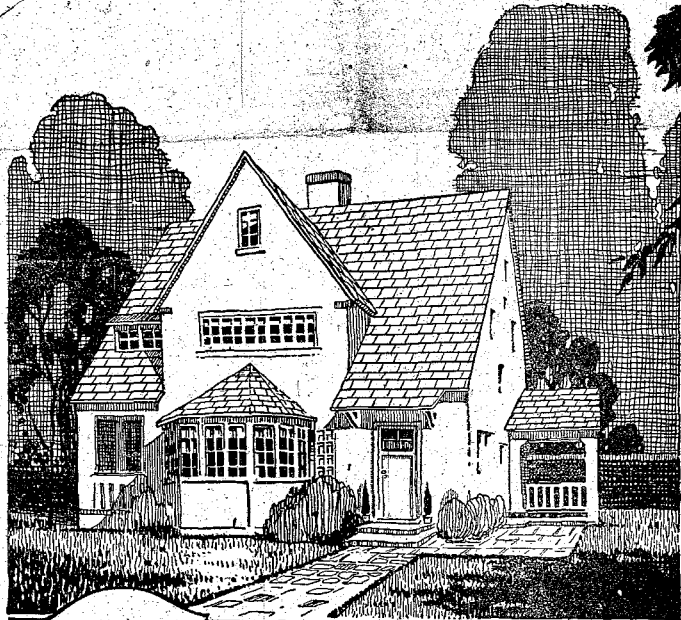

The challenge speaks not only to our sonship, but to our latent goodness. Jesus had confidence in man. While it is not possible for anyone to have a fine intellectual career, it is possible for all to be good. It is possible to serve your generation. This is the message of Jesus. He has confidence in humanity, that when redeemed; they shall be worthy sons of their Heavenly Father, who is perfect.

3. In the challenge we have a Revelation of Divine Means. It is one thing to be a Christian, another to accept it. This challenge seems a call to the impossible. There is, however, something of the Father in us, and because of this there is a Divine provision of spiritual power. "I can do all things through Christ." There is the assumption in all this that Christ is our Leader, and what an inspiration this is to accept the challenge! It is not the Christ who merely goes before, not the Christ who has passed away, but the Christ within us. This is the Divine Means. We are sons of God and to as many as received Him to them gave He power. It is Christ within you, the hope of glory both now and to come. After the singing of "The Son of God Goes Forth to War," the benediction was pronounced by the Moderator.

Sunday afternoon was the Sunday school and Young Peoples service, and one of the pleasing characteristics was the bright singing led by the children's choir. The Moderator gave an interesting talk to the Sunday-school children, after which Rev. A. Gibson gave the Association Report on Sunday schools. There are 87 schools in the Association with an enrolment of 3,580 scholars. The number of scholars baptized into the church was 104. Regarding the boys' work, the Rev. F. H. Eaton reported that there has been located between Middleton and Bridgewater a site which is suitable for a boys' camp. This has been rented for two years, and a camp will be held there this summer. Rev. A. Gibson gave a very fine address on Religious Education. Closed with benediction by Moderator.

The evening meeting was opened with an anthem by the choir. Rev. W. C. Heisler read Isaiah chapter 61, and engaged in prayer. Rev. W. S. Tedford, returned missionary was the speaker. This was Mr. Tedford's first visit to this Association accordingly he was very heartily welcomed by the Moderator. Mr. Tedford spoke on the subject, "A Change in India and its Challenge to the Church." It was an address of his order, and abounded with the personal reminiscences that make missionary talk so fascinating. The changes noted were industrial, social, political and religious. The unrest is but a longing for liberty and progress and what India needs is Christian leadership. She is turning to the Gospel as never before, the work is progressing, but much yet needs to be accomplished. We at home must take hold of the work and "push it through." After a few words by the Moderator supplementing the Report on State of Denomination, the congregation joined heartily in the singing of "God Be With You Till We Meet Again," thus bringing to a close one of the best gatherings in the history of the Association. Much credit is due the pastor and members of the Nictaux for their untiring efforts to make the Association a success.

"For Home and Country"

"For Home and Country"

Current Events

Since we met together for our last Institute early in the month of May history has been forming itself with unparalleled rapidity both universally and locally.

When we outlook our provincialism and place our interests on world affairs, for the past few months our attention has been centered on the Near East Conference and although its progress seems slow perhaps that is of the most importance just now in world affairs which will conquer East or West. We have faith to believe Right will finally conquer Might.

Germany had once again made an offer to France regarding reparations. She now says thirty-one million marks to be paid by 1931, but as this is not much improvement on former offers France has again refused, much to the disappointment of British statesmen. We wonder how this attitude of France and Belgium will effect British politics.

Our present-day universalism is by no means firmly established. The century-long tendencies of each and every nation have been self-centered and towards self-preservation and a great deal of readjustment will be needed before the ideal will be reached. At present Soviet Russia is the most troublesome factor to be dealt with. The present government recently sent a message to Lord Curzon, British Foreign Secretary, regarding disputed matters and upon not receiving

immediate reply to the note a street demonstration took place in which effigies of Lord Curzon were burned. Such evidence of Sovietism is disquieting when found so forcibly in such a large country as Russia. Surely the civilized parts of the world will have accomplished a great mission if they can bring about peaceful conditions without another war. A recent communication from Cairo tells us that King Faud has signed a document declaring Egypt to be a sovereign state, free and independent. Among many clauses of the newly-drawn constitution is the compulsory education of both sexes to be provided by free public schools supported by the state. While the outlook in some respects is very dark slowly and surely education, which is the foundation of all advancement, is gaining its proper place in the world.

The Supreme Court of the United States has passed an opinion which is to become law June the tenth, that no vessels either domestic or foreign shall be permitted to carry liquors of any kind whatsoever for beverage uses into the U. S. A., or its territorial waters. France seems to feel that if this principle was applied by all nations international trade would be ruined. We look forward to the day when one of the nations will pass a law which will place at least one other nation, just now it seems impossible.

In our own British Empire the resignation of the former Premier has been of vital interest to us in the near past. The fact that Bonar-Law was a Canadian made us take a greater interest in his public life than we would otherwise have done. We regret his illness but from all reports he has a worthy successor in the person of the Hon. Stanley Baldwin. The Royal wedding with all its splendor has also transpired recently. Certainly no Royal family has ever been so near to the British people as that of the present King and Queen. While maintaining all the dignity and pomp which seems befitting to the ruler of our vast Empire, they still are a part of the common people. This universal tie between sovereign and people is forming a large factor to unite the British people into a cooperative whole.

As the days lengthen and become

warmer we begin to look for our M. P.'s, to return for their summer vacation. It is interesting to note that the Hon. W. S. Fielding delivered his seventeenth Budget speech in the House of Commons recently. This number is claimed to be a record in the British Empire. In the Senate Mr. McCoig is taking the part of the fair sex, asking that the Senate petition the King to consent to an amendment of the British North America Act making women eligible as senators, under the same qualifications as men. We feel that Mrs. McCoig must have a strong character.

Since the middle of May our Maritime provinces have been busy attending the various college commencements. This is indeed a festive time both of physical and intellectual enjoyment for those who are privileged to attend.

Our sympathy goes out to our sister province—New Brunswick—in the recent loss of property both private and public in the great flood which swept the districts of the St. John, the St. Croix and the Miramichi.

An election is pending in N. S., great things are promised—they always are—but it is up to the women of to-day to see that those promises are not empty boasts but are something sacred to be fulfilled. Each party will promise something for the good of our own province and we hope the women will not think their duty is done when they have cast their vote. Any man will do what the women say—it is enough women say it—so it's up to the women to get the things which are for the good of the province. Men spend most of their time talking about how much the women talk. Now is the time for the women to act.

The shocking tragedy of Yarmouth, Col. when Mrs. Hatfield and her three small children lost their lives by accidental drowning gives us food for serious thought and makes us thankful for our many blessings even if they aren't all we deserve and they generally are—far more.

As we look about our own small town where we are prone to say "nothing ever happens" just now we find this far from true. During the past month, by means of sunshine and shower, nature has given to us unexcelled wonders, first with the unfolding leaves and buds and at present the fragrant blossoms whose perfume fills our valleys and gives us inspiration to greater things. A few lines from Sangster's "Lorrie to the Isles" adequately expressed to us this, "fit period of Nature."

"Here the flowers are ever springing,
While the summer breezes blow,
Here the hours are ever clinging,
Lingering before they go;
Playing round each beauteous islet
Loath to leave the sunny shore,
Where, upon her coach of night,
Beauty sits for evermore.
Sits and smiles by day and violet,
Hand in hand with pure delight."

For the past few weeks our atten-

BASEBALL

Bear River wins the first league game. The first game in the league for the local team was played in Digby on Friday 15th. The town people did not turn out very strong to support their home team and it is possible if they had the boys might have done better. The score was 13 to 3 in favor of Bear River. Robinson, the High School pitcher did well for Digby but lacked the assistance he should have had from the other members of his team. Skip Reed pitched for Bear River.

BEAR RIVER JUNIORS SCORE TWO WINS FROM ANNAPOLIS

On Wednesday the 13th the Bear River juniors met the Annapolis juniors on the home diamond and scored a victory 19-1. On Saturday a return match was played at Annapolis and the score for the latter game was 11-8 in favor of Bear River.

Obituary

This community was very shocked to learn Wednesday last of the sudden death of Mrs. Ernest Davis, formerly Miss Annie Rice, daughter of Mrs. Stephen Rice of this town. She leaves to mourn their loss a husband, daughter, Ida, two sons George and Ira, one sister Mrs. Geo. Wollanger and two brothers, John and Albert of this town. Wide spread sympathy is felt for the bereaved ones.

C. C. RICE

The death occurred at White Plains on June the 18th. C. C. Rice, of Halifax, N. S. was born at Bear River and at an early age went West, where he married Miss Manthorpe of Chester Basin, and where they lived until seven years ago when they returned to their native Province. He engaged in building and contracting in Halifax in which he was most successful. In August 1922 he went to White Plains and continued in business there. His wife joined him a few weeks ago and was with him during his short illness. He was a man of pleasing personality, generous and kind in his home and where all met a kindly welcome. They were accompanied to Halifax by his wife and his daughter, Marguerite. The services were conducted at the house and grave by Mr. Dorey of the Christian Science Church, an appropriate solo was rendered by Mrs. Colver. The remains were interred in Camp Hill Cemetery.

BIRTH

CRESS—Wednesday June 15th, to Mr. and Mrs. Clarence Cress, a daughter.

tion locally has been centred upon Better English. The Better English Week Drive which took place in many of the larger towns of Nova Scotia was participated in by the Bear River school. Three prizes were offered by the citizens and the keenest interest was taken by the pupils in this contest. The efforts of the pupils for the week from May 28—June 1, with grades six to eleven inclusive participating, show the following results. Winner of the first prize Marguerite Chute, grade VII, with 2250 correct points; second prize Ida Benson, grade VI, with 1200 correct points; and third prize Peck, grade XI with 650 points. A lecture given by Miss Rosamond Archibald, M. A., of Acadia, on Tuesday evening, May 29th, was much appreciated by the pupils of Oakdene and also the large number of citizens who gathered in the Hall to hear Miss Archibald give this interesting lecture on the subject of "Better English."

The week of the Drive is ended but we know that the influence exerted and the interest awakened during that period will be long felt in the community and the time devoted to it has not been wasted but rather will prove a valuable asset to those who took part as well as to the whole town.

During the past month there has been laid to rest one of the most prominent citizens of our town—W. W. Wade. The deepest sympathy of the Institute is extended to the family, especially Mrs. Wade who is one of our most valued members.

In closing this rambling sketch of Current Events I would like to add a personal word. As a member of the staff of Oakdene I wish to thank the Institute members for their untiring efforts on behalf of the school. Your interest and appreciation have called forth our best efforts and although, as we look back over the school year, we can see many mistakes and many places where we could have done better we feel that what good results there are, have been augmented by the continued and kindly help of the Institute and for this we thank you.

**Declares Tanlac Entirely
Overcame Indigestion, Palpitations, Dizziness and
Weakness.**

"Mother certainly did me a good turn when she had me try Tanlac for the treatment restored me to perfect health again," recently said Miss Cecile Therrien, popular young lady residing at 230 Joliette St., Montreal.
"It was about three years ago I suffered for a whole year with indigestion, palpitation of the heart and general debility. I became terribly thin and underweight, and felt weak and dizzy all the time."
"Well, mother got me started on Tanlac and the treatment made my digestion good and ended that palpitation and weak, dizzy feeling altogether. I gained about fifteen pounds, and recovered my health so completely that I haven't had any trouble since, but have been feeling better than I ever have before. I think Tanlac is just wonderful."
Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.
Tanlac Vegetable Pills are Nature's own remedy for constipation.

At Mass Sunday morning, Rev. J. D. Conner, for the past two months, pastor of St. Joseph's R. C. Church, announced his transfer from this parish to West Pubnico. Recalling to the minds of his flock, the ceremony of ordination which was taking place that day at Church Point, and pointing out the value of the vows pronounced by the priests at their ordination, was the vow of obedience to their ecclesiastical superiors. Father Conner, said he would be obliged to leave, although he would have preferred to have remained. Rev. Philip Thibault of Plymouth has been transferred to Weymouth and will assume charge of the parish this week. Yesterday both the priests said farewell to their parishioners. Plus Conner left Saturday for Boston where he will undergo treatment for ear trouble and deafness.

What Will You Put in the Pot?

When you drink tea every cup should be a delicious refreshment—a distinct pleasure. But this demands good tea in the pot. You cannot possibly get satisfactory results from inferior tea.

Now consider the small cost of a cup of King Cole Tea—a mere fraction of a cent. Surprising isn't it? But its secret is in the rich liquoring King Cole blend which yields so generously in the number of cups to the pound. It makes King Cole the truly cheap tea. From whichever point you view it—economy—quality—or the wise combination of both, King Cole Tea claims your preference.

The Long Distance Telephone

Is The Stand-by Of The Travelling Salesman

When he waves good-bye to his family he can't be able to dismiss family affairs entirely from his mind.

There may be sickness in the little household, an installment on the price of his home may be nearing due date, the question of where the family is to spend vacation may have to be decided, and a dozen other things may need to be attended to. He hates to leave all these difficulties to his wife, but duty calls and he must go.

He has one great consolation, however.

There's the Long Distance Telephone at his service! His wife knows his route, and can at need call him and get his advice; and he can lighten his own anxieties by calling up his home, finding how things are going and giving his directions he thinks necessary to help his wife.

These Long Distance Telephone Talks are great mind-easers to him; and result in more aggressive salesmanship on his part.

Millions of Men Save Shaving Time, Now

We ask you to try what they tried

Quicker shaves now save time for millions of men. Easier shaves save skin irritation for millions of faces. These men did what we ask you to do: they tried, at our expense, the shaving cream which has 5 distinct ways to give better, quicker shaves.

PALMOLIVE SHAVING CREAM multiplies itself 250 times in rich lather. Without rubbing-in, this lather softens any beard in one minute.

It doesn't dry—lasts 10 minutes on the face. Lather-bubbles, strong-walled, hold hairs erect for easier cutting.

Produces a lotion-like after-effect—soothing to skin. Try it. Our expense. It cost 18 months' time—130 experiments—to perfect this cream for you. Test for yourself our claims. Mail coupon.

SIFTON FORSEES EXODUS OF PEOPLE

It seems self-evident that if the plague of forest fires in Canada is permitted to continue, the exodus of population from our timber growing areas cannot very well be prevented. We have a large percentage of Canada's habitable area unfit for farming. That percentage must produce timber and mines or be eliminated from our state of assets. From the point of view of fire damage we may omit consideration of mines. Thus, if we allow the ravages of forest conflagrations to continue at the present pace, it is only a question of a relatively few years until we force from our northern areas the great body of population and all municipalities subsisting on forest manufactures.

I regard the forest not as a mass of trees but as the raw material of industrial expansion and of prolific employment, and as the mainstay of our thousands of municipalities dependent on wood-using industries. It is much more intelligent to discern in a "brush fire" the destruction of a multitude of pay envelopes. It drives the plain facts home when we visualize every human-caused forest fire as a blow to our national well-being that will require three quarters of a century to repair.

As the situation now stands, Canada should gain enormously from the simple fact of possessing great spruce areas with excellent water powers to make utilization effective and relatively cheap. To the south we have a partially deforested nation, exhibiting an insatiable demand for the products of a spruce forest, chiefly newsprint paper. Even as England's coal served to enrich her during the last century or more, so Canada's spruce and pine forests should be taken as representing a commercial counter almost unmatched by anything else we possess except agricultural land.

Are we to tolerate a condition where, with every forest area on a rising market, our own citizens with a false notion of personal license, shall continue to start four thousand fires a year, killing the very resource from which the industrial workers of Canada stand to profit most? I believe the provincial governments could well afford to spend on forest fire prevention every dollar of their forest revenues up to a point where the forest capital ceases to show an annual depletion. If even one-half of the millions of forest taxation were spent on the most modern systems of forest protection we would rapidly diminish our shocking annual losses of timber and go far toward placing the timber resources on a business-like basis.

DRECO A GRAND MEDICINE SAYS BUSINESS WOMAN

Mrs. Patton Overcomes Dislike for Publicity to Give Dreco Well Merited Recommendation.

Mrs. Joanna Patton, of 27 Goring Street, Halifax, is a conservative business woman, but so great has been the benefit received from Dreco that she casts aside her natural scruples to tell other sufferers of her experience. Here indeed, is a statement that will carry weight with all thinking people.

"I suffered greatly from stomach trouble," says Mrs. Patton. "Gas would accumulate and in the mornings I would feel so miserable that it was an effort to get up. I would also have terrible dizzy spells, had a very poor appetite and had to be constantly taking laxatives. I was also troubled a lot with heartburn. 'Finally a friend of mine advised me to take Dreco. This is the first time in my life that my name has appeared in the press in this way, but Dreco gave me such help that I feel I am only doing what's right in telling other people about this grand medicine.'

"The improvement in my general condition is nothing short of wonderful. My appetite is fine and nothing I eat causes trouble. Dreco has also greatly relieved my constipation in spite of the fact that I have been troubled that way for forty years."

"I have been running my shoe business ever since my husband died, 21 years ago, and have used and come in touch with many kinds of medicines and therefore know what I am talking about when I say that Dreco is the best I have ever known. Much as I dislike publicity, I am in this case glad to send this message to others suffering from digestive troubles such as mine."

"Dreco is made from roots, herbs, bark and leaves and acts beneficially on all the vital organs of digestion. It is a safe reliable tonic and regulator and contains no mercury, potash or habit forming drugs. Dreco is being specially introduced in Digby by P. W. Holdsworth, and is sold by a good druggist everywhere."

FOREST EXHIBITS CAR COMING

"The Forest Protection School on Wheels" will draw into Digby on June 25th and will be placed in position at the railway station for public visitors until 10. This unique travelling school is more correctly called the Forest Exhibits Car which is sent out by the Canadian Forestry Association each year into forested districts of the Dominion. So attractive has it proved to old and young that the number of visitors average from 1,000 to 2,000 daily, mostly in very small communities. During the last year of over 12,000 miles the Forest Exhibits Car attracted over 240,000 people and out-of-doors lectures, with entertaining motion pictures, were given to nearly 50,000 additional.

The Car is one of the many educational enterprises of the Canadian Forestry Association, which is not identified with any government or commercial interest, but is wholly a citizen's organization. With the interior of the car stripped of the ordinary seats and equipped with working models showing the effects of forest fires, the business interests of the farmer in forest preservation, manufactures of uncommon forest products, such as silken clothing, made entirely of wood pulp, the curiosity as well as the serious interest of all visitors is immediately aroused. Two lecturers of the Association travel with the car and will be pleased to explain the exhibits and to furnish illustrated literature. Weather permitting, outdoor motion picture lectures will be given each evening at all points of the itinerary except the city of Halifax.

Why Cigarettes Are Harmful to Students and Anthletes

(By Florence Wallis, Grade VII, Digby School.) "The most injurious part of the cigarettes comes from the burning paper wrapper. The substance thereby formed is called acrolein. It is as potent as the nicotine centers, producing degeneration of the cells of the brain, which is very rapid among boys. Unlike most narcotics this degeneration is permanent and uncontrollable. 'I employ no person who smokes cigarettes,' wrote Thos. A. Edison to H. Ford.

Tobacco in any form is harmful because it contains nicotine. This nicotine has a very bad effect on young boys because it stunts the growth, degenerates the brain, stiffens the muscles and harms the lungs. Cigarettes are the most harmful form of tobacco because they are made of very cheap goods. The tobacco plant grows in hot countries. Much care is taken to make it grow. It grows very tall and its purple blossom makes it look very pretty when in bloom, but the blossom is cut off when the tobacco is used in choice cigars, pipes or cigarettes.

Doctors have made many experiments with tobacco and they have found that the average smoker cannot think as quickly as non-smokers, they cannot take very long breaths or swim very far under water.

As smoke uses oxygen the air which a smoker breathes almost constantly lacks oxygen and nicotine takes its place. This is very harmful to the lungs and the harsh dry air irritates the throat. The first try at smoking usually ends with a dizzy headache and a sick stomach this is caused by the nicotine.

Many large firms will not take smokers into their employ. Henry Ford said "that any man who came into his employ and was found smoking would have little chance of keeping his position."

A judge said "that nine out of ten of the boys from ten to sixteen years that came before him guilty of crime had cigarette stains on their fingers. This goes to show that cigarettes poison the brain that they cannot help themselves. Boys think that they can smoke for a time and then they can stop. They try to do this and when they find they cannot, because the habit has become strong that very few men or boys have will-power enough to stop it."

Cigarette smoking has been known to take a young man of good standing to the lowest depths of dissipation, of life among the lowest class of people and his life is the life of one who has lost his mind; he realizes his state and, yet, he is always planning to reach what he was once. His will is not his own, he would do almost anything for a cigarette. He is the slave of a small white master.

MOTHER OF LARGE FAMILY

Recommends Lydia E. Pinkham's Vegetable Compound to Other Mothers

Hemford, N. S.—"I am the mother of four children and I was so weak after my last baby came that I could not do my work and suffered for months until a friend induced me to try Lydia E. Pinkham's Vegetable Compound. Since taking the Vegetable Compound, my weakness has left me and the pain in my back has gone. I tell all my friends who are troubled with female weakness to take Lydia E. Pinkham's Vegetable Compound, for I think it is the best medicine ever sold. You may advertise my letter."—Mrs. George L. Crouse, Hemford, N. S.

My First Child
Glen Allen, Alabama.—"I have been greatly benefited by taking Lydia E. Pinkham's Vegetable Compound and for bearing-down feelings and pains I was troubled in this way for nearly four years following the birth of my first child, and at times could hardly stand on my feet. A neighbor recommended the Vegetable Compound to me after I had taken doctor's medicines without much benefit. It has relieved my pains and gives me strength. I recommend it and give you permission to use my testimonial letter."—Mrs. Ida L. Ives, Glen Allen, Alabama.

Women who suffer should write to the Lydia E. Pinkham Medicine Co., Coburn, Ontario, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Abnormalities Peculiar to Women."

MASONS TURN OUT IN LARGE NUMBERS TO HEAR FINE MASONIC SERMON

Sunday, St. John the Baptist's Day, was duly observed here by King Solomon Lodge, A. F. & A. M., by attending Divine service in Holy Trinity church. The Keith Lodge at Bear River, and the Annapolis Royal Lodge had been invited to accompany them and both were well represented. There were also visitors from Truro and Port Greville Lodges. Beautiful weather prevailed and the turnout was a large one. Rev. Wm. Driffield, Deputy Grand Master of Nova Scotia, was the preacher and the sermon, purely of a Masonic character, was probably the finest ever heard within the walls of Digby's ancient parish church, which during its entire history has been closely associated with the Masonic fraternity, and in which many Masonic sermons have been heard. Among the distinguished Masons were Rev. Wm. Driffield, Deputy Grand Master of Nova Scotia; Geo. A. Kennedy, Bear River, D. D. G. M.; Dr. A. Robinson, Jacob M. Owen, Annapolis Royal; Wayland E. Read, Bear River and H. E. Jones, Digby, all P. D. D. G. M.'s; H. B. Short, P. G. L.; S. A. Keen, P. G. S. of W. and W. M. Romans, P. G. S.

The Courier is pleased to have the opportunity of printing the sermon, as follows:

Except the Lord build the house, they labour in vain that build it, except the Lord keep the city, the watchman waketh but in vain. Psalm 127-1.

We, as Free and Accepted Masons, belong to a Society which is said to have existed "from time immemorial," and using that phrase in its proper legal sense, it is perfectly true. It must be admitted that some writers have made claims for Masonic antiquity which cannot seriously be substantiated. A Masonic opera was presented in London late in the 18th century which had a great procession of all the Grand Masters of Masonry from Adam to that day, and even Masonic writers of repute have not hesitated to claim an antiquity for Masonry which cannot soberly be upheld. For while Freemasonry incorporates old signs, symbols and teachings which can be traced back through the centuries to Rome, Greece, Palestine and Egypt, which are found among all races, whether ancient or modern, and seem in some cases to be traceable even to pre-historic man, yet as a matter of absolute certainty, from the critical historian's point of view, we can trace our actual corporate descent only from the church-building Masons of the middle ages. For nearly, if not quite, a 1000 years the line is clear, while common sense assures us that the fairly complicated organization and teaching of even these early Masons must have taken some time to develop, so that they must have existed long before that. Then came the time 1717, when the rules of the Society were modified in order to allow the free and universal admission of those who were not actually stonemasons by trade, but who were desirous of joining in the erection of the spiritual temple in each breast. This was the beginning of a mighty spread in numbers and influence, so that today in English-speaking countries alone, Freemasons are numbered by the millions. Society is so complex in its construction, so powerful in its influence for good or ill, that anything which tends to give it purity of life, strength of character, and dignity of purpose is worthy of encouragement. The aims and purposes of our Craft are Brotherly Love, Relief and Truth—these are our three great outstanding principles, and if we only engraft these principles into our mind and character we shall be converted into kinder husbands and fathers, finer citizens, more serious and enlightened men. Freemasonry

is more than a fraternal society, it claims also to be a science, having its own modes of instruction. A science whereby we study man's nature, whereby we are taught the moral laws lying at the basis of society, whereby we stir into action those spiritual influences which so often lie dormant and useless. Freemasonry offers to each one who joins it, indeed it enjoins upon each one, such high and divine principles as cannot fail to make us better men. Hence, our value to society is increased, and the world is enriched by the fact that each faithful and loyal Mason is contributing to the betterment of the race.

The Brotherhood of men, based upon the Pathhood of God, becomes a living part of the ideals of each member. Freemasonry teaches us our true interdependence one upon another. That life is not a thing of selfish aims and purposes—it is a trust to be used in service, by which a man's best impulses are stirred, and his eyes opened to the spiritual as lying at the foundation of all healthy human society. Freemasonry does this by teaching each of its votaries: his relation to God,

his relation to his neighbour, his relation to himself.

Here, into this church we have borne that volume of the Sacred Law which lies open in every Masonic Lodge. It is given to us, and urged upon us, as the guide of our faith. The written Revelation of God is the very basis of our order. It comes to us through the medium of a race who combined in an unique degree a genius for religion and a passion for righteousness. It is the great Beacon Light of Masonry—the revelation of life. It speaks to us through the thunders of the law, through the poetry of the Psalm, through the proverb and the parable, through the vision of the prophet, through the dream of the seer. It tells us that God is Light and our whole masonic search is for light and still more light. It tells us also that God is Love, and that love we are to exemplify in our lives.

The foundation of Freemasonry is God—to be indifferent to God is to be indifferent to the greatest of all realities. No fraternity that is not built on the foundation of the Pathhood of God can ever stand—it is like a house built upon the sand.

Hence we are called upon to search that sacred volume which reveals God to us.

Do we really do this? Are all Masons really students of Holy writ? I fear not.

We are bidden never to speak of God but with that awe and reverence which are due from the creature to the great Creator. Are we always careful to observe this precept?

Is it not true that even those who, in the Lodge, have solemnly bowed their heads at God's name have been known to take the Lord's name in vain by profane or irreverent language when in the world outside?

Let us never forget that we are bidden by our most sacred ties to bear in mind and act according to the laws of our Divine Creator, that when we are summoned from this sublimity above we may ascend to the Grand Lodge above where Continued on last page.

POPULAR PRIESTS SAY FAREWELL TO THEIR CONGREGATIONS

The parishioners of St. Croix, Plympton gathered in the church there Saturday morning to say farewell to Father Thibault who for many years had labored in their midst. At nine o'clock Father Thibault celebrated High Mass; at which a very large number of people were present. At the end of Mass, Capt. B. N. Melanson approached the sanctuary rail and read the following address, at the end of which Father Thibault, though greatly overcome, made a suitable reply, thanking the people for all they had done for him; asking support and good will for his successor and for prayers for himself in his new parish. He said he regretted exceedingly to leave Plympton, but Archbishop McCarthey had ordered him to proceed to Weymouth and bowed humbly to the command of the Archbishop. At the end of the address, Miss Bernice Robichaud, presented Father Thibault with a well laid purse, the gift of the people of St. Croix parish. Following is a copy of the address.

Rev. J. D. Comeau, Weymouth, said: It is with sentiments of genuine regret that we the Parishioners of St. Croix, Plympton, have learned that you are about to take your departure from our midst. For fourteen long years you, Reverend Father, have been our beloved Pastor; you have admonished and counselled us; you have given ample proofs, many times, of your right and readiness to be called; what you have truly been to us, our Father, not only spiritually, but also in a material sense. Long have you labored assiduously and zealously among us for the greater glory of God and the satisfaction of our souls. For all you have done for us to better our spiritual life, we say a fervent and sincere Amen.

God during the many years of your pastorate at St. Croix, the parish has undergone many changes and advanced considerably. As testimony of the splendid work you have performed, need we mention only our new chapel; the beautiful new church at Doucetville and the fine improvements made on the parochial premises, which are lasting tributes to your devotion and ability. And now, Reverend Father, since God has willed to take you away from us to further His work in the neighboring parish of Weymouth, we desire to offer you the expression of our cordial appreciation and good wishes. We ask you to accept this accompanying gift as a small token of the high regard and esteem in which you are held by the parishioners of St. Croix. We trust and pray that in your new home, your health, which has, we regret not been the best for some time past, will be benefited by the change of climate so that you can continue your work apostolate in the Vineyard of the Lord for the salvation of souls in union with Christ crucified.

On behalf of the parishioners.

St. Joseph's Church, Weymouth was crowded Sunday evening when Rev. J. D. Comeau, the pastor for twenty-two months, officiated publicly for the last time before proceeding to West Pubnico. After Benediction of the Blessed Sacrament, J. F. Blagdon and Louis Steheln approached the altar rail and said address in English and French, respectively. Two little girls, the Misses Pauline Melanson and Celeste Comeau, dressed in white with flowing white veils upon their heads, presented Father Comeau with a well filled purse, the gift of the parishioners of St. Joseph's Church. Rev. Father Comeau, was completely overcome, and, in dissolving emotion, commenced his address, made a fitting reply. He thanked the people for their expression of appreciation and goodwill. He recalled that he had made many friends during his short pastorate at Weymouth not only with members of his own church, but also with non-Catholics; and to all, who had been kind and good to him, he tendered his thanks. He trusted the spirit of goodwill and friendship that now existed would continue in the future. He asked for the parish's co-operation with his successor, Father Thibault, whom he said was a saintly man, a priest worthy to continue the good work he was leaving. He requested the good people of St. Joseph's to pray for him often, as his work here was so great, and he would be at Weymouth; and he needed the prayers of the people he had loved to sustain him. On his part, he said he would remember them all in his prayers at the Altar. The addresses are as follows:

Rev. J. D. Comeau,
Dear and Reverend Father

Speaking particularly on behalf of the members of St. Joseph's who are not descendants of the gallant nation to which you and the great majority of the parish have laid claim, we beg to join, giving expression to our deep regret at your immediate departure from Weymouth. Our regret is more keenly felt, an account of your efforts for a better understanding between the different races dwelling in this community. In this, we are assured, you have been eminently successful. As a resident citizen of this part of Digby County, you have, as heard expressed on every side, the respect and cordial goodwill of catholic and non-catholic. In your priestly duties, you have proven you are a true and steadfast standard bearer of Mother Church. We understand your removal to another parish means material promotion. This, is some satisfaction, but, not enough to still our desire to retain you with us for some years longer. With the most sincere and heartfelt wishes to your kindly mother and father, as well as to you self, for good health and good will where'er stationed we regretfully say "Good-bye."

For the parishioners,
J. F. BLAGDON.

Rev. J. D. Comeau,
Weymouth, N. S.
Mon Reverend Pere:
Je ne sais s'il me sera possible de trouver les accents et les paroles pour me faire l'interprète des Paroissiens de l'Eglise St. Joseph de Weymouth, vous expriment les sentiments que tous, j'en suis sûr, nous avons éprouvés lorsque vous nous avez annoncé votre départ Dimanche dernier. La stupefaction d'abord, la consternation ensuite se sont emparées de nous et ne se sont effacées qu'à peu près par votre place au chagrin que nous éprouvons de vous perdre. Car, si nous sommes assemblés ici pour vous faire nos adieux, c'est aussi et surtout pour vous dire tous nos regrets pour vous crier tout notre douleur. Vous n'étiez parmi nous que depuis si peu, et si peu, et vous étiez cependant déjà tant pour nous. Pour nous, pendant ces deux trop courtes années vous avez été un véritable Pere. Comme un Pere, vous nous avez enseignés, vous nous avez consolés, vous nous avez aidés, vous nous avez consolés; par vos paroles, du haut de la Chaire par vos exemples, partout où nous avons pu jeter les yeux sur vous, mais surtout, nous en sommes sûrs, par vos prières dont Dieu seul vous connaît la ferveur. Et si parfois nous avons été obligés de nous faire quelques remontrances, de nous faire quelques reproches, nous savons qu'ils étaient justes et mérités. Ils n'étaient qu'une preuve de plus de votre charité et de votre affection pour nous. Pourquoi, mon Reverend Pere, n'êtes-vous pas venu nous voir, nous quitter si vite? Pourquoi ne vous êtes fait connaître que pour vous faire regretter davantage? Pourquoi n'avez-vous pas rendu le sourire à notre Paroisse que pour la faire pleurer plus amèrement aujourd'hui? Pourquoi? Nous savons bien que de votre côté vous n'avez jamais eu le désir de nous quitter. Vous savez bien que jamais nous n'avons seulement imaginé que l'on put vous séparer de nous. Alors nous avons tout compris, tout compris parce que la Divine Providence en a décidé ainsi, parce que c'est Dieu Lui-même qui vous appelle à un autre devoir, parce que Monseigneur l'Archevêque, en nous arrachant à nous pour vous donner à d'autres, n'est que l'instrument de notre Seigneur Jésus Christ. Aussi, mon Reverend Pere, vous, en disant adieu, nous sommes sûr que vous nous avez laissés avec une confiance, avec une confiance, nous ne faisons que nous incliner simplement, humblement, le cœur bien gros cependant, devant la Volonté de Dieu. Et nous vous disons Adieu. Avec nos adieux, nous vous prions, mon Reverend Pere, d'accepter nos vœux les plus sincères pour le succès de votre nouvelle mission. La prospérité de la Paroisse, qui vient de vous être confiée, et tout le bonheur qu'il plaira à Dieu de vous s'accroître sur cette terre. Et puisque maintenant, nous n'osons plus prétendre à la première place dans votre cœur, nous espérons que parfois vous rappellerez les bons souvenirs de la rivière de St-Joseph, et qu'à l'heure de la messe, vous priez pour le troupeau que vous y avez laissé. En terminant, mon Reverend Pere, permettez nous de vous offrir, cette humble bourse, bien faible témoignage de notre estime et de notre reconnaissance. Les Paroissiens de l'Eglise St. Joseph de Weymouth.

Councillor McBride gave notice to the resolution to add to the present building at the Electric Light station, and a motion was carried authorising the clerk to give instructions to put a fence round the property.

On the question of a survey for a town system of sewerage some discussion took place, and it was thought that the scheme would go far to the satisfaction of the town, and should be a part of a general scheme of town sewerage. On motion it was decided to employ the Doane Engineering Co., Engineers to make the survey and estimate at a cost of \$25.00 per day for Mr. Doane and \$7.50 per day for an assistant hotel and travelling expenses also to be paid. The clerk was directed to suggest the engineer travel from Halifax on the night train.

The mayor called attention to the paper and rubbish thrown on the streets, and the clerk was directed to place a notice in the paper and in various parts of the town forbidding the practice.

A. J. Westhaver was appointed a special constable and given the position of caretaker of the pavilion. Permission was granted the ladies of the R. C. Church to hold their annual outdoor gathering on the grounds near the Band stand on July 25th next.

John Russell was granted the cherries on the trees in Birch St., near his residence on the same terms as last year, and given authority to have supervision over the trees and the night train.

Frank Peck asked the Council to put the Town Water to the building he is removing to Queen St., but a motion to do so was defeated by three votes to two, as it was the business of the owner to do this.

On motion it was decided that the water users on the hill be charged \$5 each for this summer, and the clerk was directed to collect the same, to defray the cost of laying and taking up the pipe.

This concluded the business of the meeting and the council adjourned.

V. O. N.

The ladies of the V. O. N. will hold their weekly Saturday afternoon Tea and Pantry Sale at the Golf Club House, beginning July 7th, on which date Mrs. G. J. Hallowell will be in charge.

"On the streets of all the large cities of Canada, in many small towns and villages, out on the prairies, and through dense, dark woods, few have seen and fewer women, the blue uniform and black kit bag of the Victoria Order of Nurses are seen every day of the year. Their contribution to the health of the nation has been great and largely voluntary. While other have talked of the benefits of medical instruction, and the importance of medicine and surgery and the physical, mental and moral training of the young, these women have been the ones who have carried on child health work, and in the larger hospitals, have been the ones who have saved the way to better public health."

MORSE'S SELECTED ORANGE PEKOR is always on hand in quantity. It is not one of those teas which is good on one occasion and poor on another. MORSE'S SELECTED ORANGE PEKOR is always first-class, because pains are taken to see that none but the products of the best gardens of India and Ceylon are used in blending.

The house owned by Frank Peck, which was situated on the corner of Warwick and Victoria streets has been moved into town and this week was placed in position, on its new site on Queen St. The house is a large one and heavily built and the task of moving it was not an easy one by any means, but in the skillful hands of Albert Nelson, of Bear River, it was done quickly and without damage.

"See Digby, the Naples of Canada," is the latest slogan which has been suggested to the minds of many. It is the best yet—that is, for tourist advertising literature. Visitors who have been to the Naples of the old world will have seen Digby are unanimous in their opinion that the scenery of Digby resembles Naples more so than any other spot in America, and this being the case, the slogan seems very appropriate.

In the Baptist church on Sunday the services will be, morning at 11; Sunday school at 12; Hill Grove at 3 p. m.; evening at 7.30. "The Church and Modern Problems—The Liquor Question." Special instrumental music. Prize essays on "Beer drinking" will be read by Vernon Franklin and Nancy Morehouse. Mrs. Morrison of Halifax, Provincial President of the W. C. T. U., will speak during the evening.

The public concert under the auspices of the Boy Scouts this week, was, considering other attractions, remarkably well patronized, the seating capacity of the theatre being practically all taken up. The programme was well balanced and was thoroughly enjoyed. The chorus and quartette work was excellent. On the whole this colored troupe which is now touring the province puts on a concert which is worth going to hear.

A Rebekah school of instruction was held in Oddfellows Hall on Monday evening. The hall was comfortably filled and there were present many visitors from nearby lodges. District President Mrs. Peters, of Bridgetown, was the examining official and diplomas were awarded to Mrs. Frank Peck, Mrs. Bessie Hooper and Mrs. Bertha Peters. Past Noble Grand of Zelma Lodge, and to Mrs. McCullough. Past Noble Grand of Unity Lodge, Annapolis Royal, for proficiency in being letter perfect in the work. The evening closed with refreshments.

ARE YOU IN THE 15 PER CENT CLASS?

It has been said that an average of 16,000 business men fail every year in the United States. It is further said 13,000 of these men—85 per cent—never advertised.

Only 15 per cent of businesses that fail advertise—35 per cent of businesses that do not advertise. "Stop, look and listen!"

Advertised brands, general advertising, and advertising, are the keys that unlock the treasure chests of success, says Merchandising Advertising.

A contributing cause in half of the failures in overbuying of unnecessary merchandise is that it is not advertised.

SAVED FROM AN OPERATION

Restored to Health By Taking "Fruit-a-tives"

Made of Fruit Juices and Tonics

The most convincing proof of the true worth of "Fruit-a-tives" as a medicine for women is found in the letters written by them to "Fruit-a-tives". For instance:

"I suffered with all the symptoms of female trouble, pains low down in the back and sides, constipation, and constant headache. A doctor advised an operation. I started taking 'Fruit-a-tives' and this fruit medicine completely relieved me of all my misery."

BALTON AND BRIGHTON

Miss Norma Morehouse is at Brook-
mold for the summer.

That Mr. and Mrs. Welch, whose home
was recently destroyed by fire, are held
in high esteem was made evident by the
assistance rendered by the men of the
community in cutting the timber for the
frame of their new house.

The Hensley Concert Company will
present another of their popular enter-
tainments tomorrow evening. Some very
attractive costumes will be displayed on
the stage. The Gaiety and Swan Act
with local hits will be a special feature.
Dr. Johnson will be supervisor of pro-
grams.

Mrs. Penwick Williams, of Montreal,
arrived on Saturday and will spend the
summer at "Willow Brook" the home of
Miss DeWille.

BEAR RIVER STORMS SOUTH SHORE

The Bear River Ball Team left home on Thursday evening and motored to Caledonia spending the night there, finishing the trip to Bridgewater the following morning. The game was called at Bridgewater at 2:30, but playing did not commence until 3:30.

The game was entirely in the hands of the Bear River boys and it looked like a shut out until the ninth inning when Bridgewater scored two runs. Bear River's clever short stop Brinton twisted his ankle when running bases in the second inning and was out of the remainder of this game as well as the Lunenburg game. His presence was much missed.

Bear River's batting was Richardson and Austin, while Hebb was on the mound for Bridgewater.

Strikeouts, Richardson 4, Hebb 9. Hits off Richardson 4, off Hebb 14. Run-Bear River 3, Bridgewater 2. Immediately after the conclusion of this game the boys motored back to Lunenburg and went on the field there without having a chance for supper. This game started at 6 p. m.

The first diamond and outfield handicapped Bear River at the first of the game and at the beginning of the third inning Lunenburg was leading 4 to 0. Then Bear River scored one run and with two men on bases Skip Reed went to bat and pulled a home run, and evened the score. The remainder of the game was exciting, and interesting from the spectators standpoint since the batting came in heavy streaks with first one team leading, and then the other. At the end of the seventh the score stood 3 to 8, and in the eighth Bear River scored one and Lunenburg three, with the remainder of this game leaving the finish at 11 to 9 in favor of Lunenburg.

Little for Bear River and Miller for Lunenburg pitched the first nine innings, then the visitors put in Richardson and the home boys used Lane to finish the game. As the summary will show Bear River lost this game on home base running, due largely to their failure in judging the time for fielding balls in the last out.

Strikeouts—Bear River 11 Lunenburg 11.

Hits off—Bear River 14 off Lunenburg 12.

Home runs made by Bear River 3, by Reed, Austin and Rice.

Rice had the misfortune to have an arm on based on him when his "Home" was registered.

At the conclusion of the game the boys again motored back to Bear River, making an extremely strenuous trip through out.

BASEBALL

On Wednesday June 20th, a league game was scheduled to be played at Bear River between the local team and Bridgeport, but when the game was called at 3:30 the Bridgeport team had not arrived, and in fact did not put in an appearance at all. They excused themselves by saying the time of their players was late, but this is not accepted as a valid excuse for delaying a league fixture and the game was therefore awarded to Bear River by default.

The home team meets Digby for the second time this season on Friday at Bear River and an interesting game is expected.

After their successful trip to the South Shore last week the local team will again journey for the South Shore Monday July 2nd. A game has been arranged with Liverpool and the outcome of this contest is awaited with interest. The Bear River team is undoubtedly much stronger than ever before and is in greater demand by outside teams than in any previous season.

ANNUAL SCHOOL MEETING

A very interesting and satisfactory school meeting was held in Oakdene Hall on Monday June 23rd. Rev. Carl Mack was chairman and the newly appointed Secretary to the Trustees, W. E. Read, was Secretary of the meeting. The minutes of the various meetings of the past year were read and approved, followed by the auditors report. A report of the school board for the year was then given showing the work undertaken by the Board and the progress made by the school. New furniture were installed, repairs to the opening of the school and they had proven very satisfactory. In addition to giving better heat in the school during an extremely severe winter they had also permitted a saving of over one hundred dollars in the fuel bill for the year. A new hardwood floor had been laid in one of the rooms. The attendance has also shown an increase over the previous year.

A new departure has been made in the appointment of a lady principal for the ensuing year. Miss Edna Peck B. A. will fill the position and will be assisted by a very efficient staff of teachers, two of whom are Bear River girls. Miss Louise Purdy will have the Preparatory Department and Miss June Schmidt B. A. of Lunenburg will have Grades III and IV. Miss L. M. Langlois will have the English School.

The estimates for the year were then presented and read on. The budget called for by the Trustees is three hundred dollars less than last year.

The School Board were strongly commended for the excellent supervision they have given especially during the past two years and the assistance given to the Women's Institute was gratefully acknowledged. Mr. Truett Rice is new Trustee and Messrs. H. C. Anthony and George Langley are Assessors.

AFTER-BLOSSOM APPLICATIONS OF SPRAYS

By A. Kelall, Entomologist Laboratory, Annapolis, Royal, N. S.

From present appearances, written just as the blossoms are falling, it would seem that the prospects for a large apple crop are bright. A large crop of poor quality fruit would however be not much better than no crop at all, and consequently anything that can be done to ensure apples of quality should be done.

An inspection of orchards in various localities has shown that apple scab has already started and can be readily found on the leaves. Whether this scab will spread or not depends upon the weather of the near future, and upon the application of preventive fungicides. Of course no amount of dusting or spraying now can make up for necessary applications which should have been made before the blossoming period, but nevertheless after-blossom applications if thoroughly done can do much to keep the apples clean.

For good quality apples free from russetting use the 90-10 sulphur lead arsenate dust or a spray composed of 1 lb. soluble sulphur, 1.2 lb. arsenate of lime, 5 lbs. hydrated lime to 40 gallons of water, for any application you make during a period of a fortnight following the fall of the blossoms. Of course formulae different from the above may be successfully used, but the essential point is to use sulphur compounds as your fungicide during this period.

Commencing at the period of a fortnight after the fall of blossoms, and from that time on Bordeaux may be used. If you are dusting use the Bordeaux dust composed of 2 parts hydrated copper sulphate, 3 parts arsenate of lime, and 80 parts hydrated lime. If you are spraying use 3 lbs. crystal copper sulphate, 10 lbs. hydrated lime, 1 lb. arsenate of lime, to 40 gallons of water.

Nerves So Bad That She Would Sit and Cry

Mrs. Mary Hocking, Madoc, Ont., writes:—"Dr. Chase's Nerve Food has done me a wonderful lot of good. I suffered from general weakness and was so run down and my heart and nerves were in such bad shape that I would sit down and cry and not know what I was crying about. I also used to have weak spells. Thanks to Dr. Chase's Nerve Food, however, I am real well now. I shall always keep a box of the Nerve Food in the house, and recommend them to my friends; they are a wonderful medicine."

(Mr. J. W. Vince, Druggist, of Madoc, Ont., says: "I have sold Mrs. Hocking your Nerve Food, and the medicine has done her much good.")

Chevrolet—the World's Most Economical Car to Operate

CHEVROLET is not only the world's lowest-priced, fully-equipped automobile, but it also costs less to operate than any other car built. It delivers the most economical transportation available in motoring.

In actual figures Chevrolet costs less per mile in consumption of gasoline, oil, tires, and in general upkeep and maintenance.

Only great engineering, research, manufacturing and financing capacities made available by the greatest automotive enterprise in the world—the General Motors Corporation—could make possible so fine, complete and advanced an automobile as Chevrolet at so low a price.

See the New Chevrolet before you buy a car at any price. 67 distinct improvements have made it even better than the car that startled the world in 1922.

The TELEPHONE Can SHORTEN The Salesman's Trip

Summer time puts an additional fret into the travelling salesman's life:

When he is putting up at stodgy hotels, waiting dilatory train connections at dusty railway stations, he thinks of the glorious time "the missus" and the kids" are having at the breezy sea shore or up among the scented woods, and he wishes he could join them.

The wise one can realize the wish.

By using the Long Distance Telephone to interview his customers off the main route, instead of visiting them personally, he can do just as effective work and save days in the length of his trip.

Of these days he can make holiday with his wife and youngsters.

MASONS TURN OUT IN LARGE NUMBERS

Continued from first page

the world's great architect lives and reigns forever. Upon that Sacred Volume lies two objects—the Square and the Compasses.

II. By the first of these we are taught our duty to our fellow-men, we use it symbolically as the Regulator of life. It signifies "the Golden Rule." To "act upon the square"

—to give our fellow-man "a square deal"—these are expressions used by all men. This idea is found in Chinese moralists and philosophers who lived 3000 years ago. It is then no wonder that our ancient brethren, who regarded the square

the Greek Gamma—as the symbol of God Himself, the all just and holy and upright, should have used this as a symbol of that righteous

ness which should characterize all men; but especially masons. There is in Scotland an offshoot of masonry called "the corporation of square men." That is what masonry teaches us to be. Aristotle spoke of "the four-sided man," the man perfect and symmetrical. He

uses the same idea (often unconsciously) when we say that a man is "a regular brick." We mean that his character is good in many ways, that he is generous and just, straightforward and kindly.

Freemasonry levels all men to one common plane and yet it uplifts all ranks. Through its doors troop the sons of all classes. Its simple yet solemn ancient rites and teachings, its freedom and its friendship, are all dedicated to this one ideal, seeking to bring men into moral allegiance to God so that in their daily conduct, they should show forth

"the Golden Rule." Masonry, by the inculcation of "square conduct," tries to make the individual life better, the family life happier, and the national life purer and more peaceful. Look at things nationally and internationally today everywhere, between class and class, between nation and nation. One sees confusion, disorder, suspicion and mistrust. Why is this? Because we do not act "upon the square."

Selfishness and greed fill their hearts and dominate their lives, sooner or later this brings detriment to individuals and to communities.

Freemasonry tends to counteract all this and every man who is really imbued with its spirit becomes an uplifting and saving force in society. It is an excellent antidote to the spirit of the age. It never talks about rights—but is always emphasising obligations to those who come within the circle of its influence and teaching. To act with all men on the square, rendering them every kind of office which justice or mercy may require—That is the Masonic ideal—and in spite of human frailty and imperfection, the works of charity and mercy so characteristic of the fraternity, are being carried on irrespective of sphere, colour, nationality, creed or language.

Then upon the Holy Bible you see the compasses, and for many centuries, not only in Freemasonry but in many other philosophical systems this instrument has had a definite symbolic meaning. "The works of Confucius and of Persian moralists speak of the compasses, as teaching Temperance. As the Holy Bible teaches us mans duty to God and the square is a type of mans duty to fellow man, so the compasses teaches us mans duty to himself. We use it symbolically as the Purifier and Restraint of Life. As by the compass we describe a circle, having a fixed radius from the centre. So it symbolically teaches us to keep within bounds, to limit

our desires and passions in our relations to all mankind, and especially other Masons to keep within the compass of propriety and our attainments, putting away all selfish ambitions as unworthy of our calling as Masons.

Masonry describes itself as a "prudent and well-regulated course of discipline." Here we get down to the very bed-rock of good society. Unless man keeps a grip on his own passions and desires, he is bound to infringe on the rights of his neighbour.

Love worketh no ill to his neighbour, therefore love is the fulfilling of the law." Hence true charity (or love) includes the idea of self-repression, as the builder needs "to knock off the rough corners of stones" in order that they may take their fitting place in the wall so we have to remove "the vices and superfluities of life," in order that we may not act an unbrotherly and un-neighbourly part.

This—a great need today—many fail in their employment of the square because they forget to use the compasses. Very many of the ills of the world are due to the lack of temperance, (using that word in its full and proper sense). Overindulgence, intemperance, gratification of desires—these are the parents of Bolshevism and riot. Humanity has been passing through a sickening experience during recent years. The foundations of society have been shaken, old things are changing and passing away, old ways of thinking are being superseded, old institutions are being criticized. Notwithstanding all these growing pains of humanity, the world is moving forward, and if we put into practice the excellent precepts of our order, then we are helping to bring about the advance of true brotherhood among men.

Freemasonry is the science of right living and of high character. "We may say of its precepts" "whoever doeth these things shall never fail"—We are building a temple to God—and we are building because God is building in us—The Lord is building the house—and our labour is not in vain. There are some of us who are deaf to the voice of Masonry who appear careless of all the higher teaching—but let us attune our ear, and conform our lives. After all, our life plans are drawn in pencil only—repentance and earnest endeavour will enable us to cover up the offending lines and correct them according to the perfect designs of the great Divine Architect and Geometrical Himself. "Wherefore, my beloved brethren, be ye steadfast, unmovable, knowing that your labour is not in vain, in the Lord."

Perhaps, like Mrs. Samuel Smith of 65 Falkland St., Halifax, you are doubtful of the corrective powers of Drecto. If that is the case, her statement should be doubly convincing.

"I had been troubled for years with asthma and bronchitis," says Mrs. Smith. "Although I took about fifty bottles of other medicines, nothing did me any good."

"I couldn't sleep at nights and would wake up almost suffocated for breath, so that I would have to sit up in bed. I was also bothered with rheumatism in my joints and constipation and at times had no appetite at all. I would also get dizzy spells."

"While I had heard a lot about Drecto, I didn't believe it would do any good in my case, but my husband brought me home a bottle one day and I felt better from the very start. I have only taken four bottles, but what it has done for me is simply great."

"I used to be up and down all night long now. I am no longer troubled with constipation or those dizzy spells, my rheumatism has all gone and I have a fine appetite. I also feel a whole lot better generally and am pleased to recommend Drecto, as I am convinced that it is a medicine far superior to any other of its kind."

Drecto improves the appetite, aids digestion, corrects constipation, quiets the nerves, relieves the muscular aches and pains and induces sound, refreshing sleep. It contains only the juices of medicinal herbs, roots, bark and leaves. There is no mercury, potash or habit-forming drugs in this reliable tonic and regulator.

Drecto is being specially introduced in Digby by P. W. Holdsworth, and is sold by a good druggist everywhere.

WHO FIRST FELT "LIKE A FIGHTING COCK"?

COCK-FIGHTING was born with the cock. But it is only 80 years ago that the first man felt "like a fighting cock!"

Now he has brothers, sisters, nephews, nieces, all over the world—all feeling "like a fighting cock!"

It happens this way: A person has a sick and bad stomach, dull and heavy headache, takes Beecham's Pills just before going to bed. Immediately the Pills begin to harmonize the digestive and eliminative organs.

Consequently, this person has a good night's sleep and arises in the morning with "clear brain, bright eyes, keen appetite, and full of energy for work and play."

It is now just 80 years since Beecham's Pills first began correcting disordered stomachs and stirring sluggish internal organs to natural activity—and feeling "like a fighting cock" with Beecham's Pills, as the pills are with good health.

HELP FOR YOUNG WOMEN

Mrs. Holmberg Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Viking, Alta.—"From the time I was 15 years old I would get such sick feelings in the lower part of my abdomen, followed by cramps and vomiting. This kept me from my work (I help my parents on the farm) as I usually had to go to bed for the rest of the day. At times I would have to walk the floor. I suffered in this way until a friend induced me to try Lydia E. Pinkham's Vegetable Compound. I have had very satisfactory results so far and am now commending the Vegetable Compound to my friends. I surely am glad I tried it for I feel like a different person now that I don't have those terrible troubles. Ophelia Holmberg, Box 93, Viking, Alta."

Letters like this establish the merits of Lydia E. Pinkham's Vegetable Compound. They tell of the relief from such pains and ailments after taking it.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy for female ills in this country, and thousands of voluntary testimonials prove this fact.

If you doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to the Lydia E. Pinkham Medicine Co., Lowell, Ontario, for Mrs. Pinkham's private text-book and learn more about it.
