This project was made possible with assistance from the Nova Scotia Department of Tourism, Culture and Heritage through its Strategic Development Initiative. This initiative supports projects aimed at enhancing the self-sufficiency of the heritage sector throughout the province.

The Municipality of the District of Digby is the lead organization to spearhead this project. The Digital Courier is part of the municipal initiative to preserve the past and develop the future; Council is honoured to be part of the preservation of these significant historical documents.

1800's

- (1810) the first elections were held in the County.
- (1837) the County of Annapolis was divided to include the County of Digby.
- Old Post Road and rural school system improved.
- Weymouth Trading Post established.
- Ship Building is a major industry in the area.
- (1879) the District of Digby was incorporated.
- (1891) the railway (the missing link) between Annapolis and Digby was completed.
- Joshua Slocum sails around the world alone.
- Temperance Movement.
- Summer Tourism Industry develops.
- I.M. Singer invents the sewing machine.
- Canadian Confederation (1867)
- Klondike Gold Rush
- The Supreme Court of Canada is established
- Florence Nightingale takes London nurses to the battlefields of the Crimean War

1900's

- Poor Farm in operation
- Isaiah Wilson's Geography and History of the County of Digby Published.
- Prime Minister Sir Wilfred Laurier visits Digby.
- Marconi transmits wireless message across the Atlantic
- Queen Victoria dies
- The Boxer Rebellion breaks out in China.
- The Boer War in Southern Africa ends

1910's

- (1912) last race of the Brattain Cup in the Annapolis Basin.
- First motorized vehicle in the area.
- Communities collect cloths and money for the war effort.
- Spanish Flue kills many in the area.
- First Calgary Stampede
- Women in Canada get the vote
- Halifax explosion
- WW1
- The Titanic Disaster
- Norwegian Roald Amundsen becomes the first to reach the South Pole.

1920's

- Motorized vehicles becoming more common.
- Last wooden ship built in Bear River.
- Electric lights installed in villages.
- Motorized vehicles becoming more common
- Canadian Schooner "Bluenose" wins the International Fisherman's Trophy
- Agatha Christie launches her career as a mystery writer.
- George Carnarvon and Howard Carter unearth King Tutankhamen's tomb

1930's

- Economic Depression.
- Rural electric lines being installed.
- Electric lights installed in villages.
- Highway paving projects underway.
- First crossing of the Princess Helene Ferry.
- Rum running along the coast.
- Rum running in its heyday
- Dionne quintts born in Ontario
- Movie "King Kong" released starring Canadian Fay Wray
- WW II begins

1940's

- Digby home to WWII submarine base.
- CFB Cornwallis largest training base in the Commonwealth.
- Scallop Industry expands.
- Hog farming expands.
- Population decline in rural communities.
- Newfoundland enters confederation
- UN Formed
- U.S. planes drop atomic bombs on Hiroshima and Nagasaki
- Orson Welles' film Citizen Kane, premieres

1950's

- Bus service along the Digby Neck.
- Population in villages continue to decline. NORAD formed with USA
- National Ballet of Canada founded
- Bear River Power Plant built
- Korean War
- Smoking linked to lung cancer
- Sputnik launched
- Castro takes over power in Cuba
- Elizabeth II coronation - Queen of England

1960's

- Sissiboo Power Plant built.
- Kejimikujik Park established.
- Conners Brothers Fish Cannery Plant closes in Freeport.
- Fish Meal Plant opens in Mink Cove.
- Weymouth Industries closure.
- Bear River Village Fire.
- Canada celebrates 100th birthday
- Pierre Trudeau sworn in as Prime Minister
- Bay of Pigs invasion
- Thalidomide deformities revealed
- Cuban Missile Crisis
- John F. Kennedy assassinated
- Demonstrations against Vietnam War

1970's

- Evangeline Mall built.
- New CN Ferry Terminal built.
- Ground Hog Day Storm.
- Municipal Airport opens.
- Hwy 101 completed to Digby.
- First Computer used.

Terribly Injured When

Stove Polish Exploded

Sylvia Fleet, Fifteen Year Old Housekeeper Badly Burned on Face and Hands and May Lose Sight.

Sylvia Fleet, daughter of Burton Fleet, Mount Pleasant Road was terribly burned on Tuesday when

a quantity of liquid stove polish, which she was using to polish the stove, exploded, splattering her face and arms with the burning fluid and inflicting painful injuries that may result in loss of sight.

The Old Year Out And The New Year In

Timely arrival of the new band organ for Victoria Rink, gave opportunity for a pleasant manner of celebrating the passing of the old year and the ushering in of the New.

The organ arrived on Thursday and on Friday morning Manager Walker had it installed and ready for its first duty, the celebration of a coming year. A goodly number of young and old enjoyed themselves at the rink on New Year's Eve, skating and dancing to heart's content, and welcoming the New Year with happy enjoyment of the greatest winter sport.

That the new organ should arrive just at the eve of the New Year was auspicious, and promises well for the future.

The injured girl is fifteen years of age. She keeps house for her father and was making things home like when she suffered her painful injuries. A neighbour's daughter, Mildred Barnes, was with her and when the explosion came the cries of the children attracted all the neighborhood, who ran to render first aid to the injured girl and to summon medical attention.

The patient is confined to her bed at her father's home and the injuries have caused such swelling to her face it is impossible to say whether she will regain the use of her eyes.

Municipal Council of Digby

Meets Here Next Tuesday

Deputy Warden Andrews Will Preside at Sessions. Assessments Will be Prominent in Discussions

The January meeting of the Council of the Municipality of Digby will assemble at the Court House, Digby, on Tuesday, next

for their January session. Owing to the death of Warden Saunders, who represented the district comprising Little River, Sandy Cove and Centreville, these sections will not be represented at the meeting. The statute requires that thirty days notice shall be given of the filing of nomination and as it was not possible to comply with the formalities of time to seat a councillor at this session the election was not called.

Deputy Warden Andrews will preside at the opening session. The meetings promise to be interesting. Assessments, hydro, the County Home and a great many matters are to come before the council.

Herbert Beaton of Providence, R. I., was in town this week guest his aunt, Miss Effie Adams. He was accompanied by Mrs. Irvin Beaton of Boston.

Attempting Hold-up

Satisfactory progress is being made by contractor Snook in the erection of poles for the main transmission line of hydro. On the last day of the old year the pole line had run all the way up from the site at Sissiboo Falls to the crossing of the railway line at Subway near Digby and the branch into Digby town extended along to the town line, with the exception of two or three poles.

At the subway it was intended to route the main line to the Bear River bridge along the main Highway Yarmouth Post Road, which turns to the right at the subway and is joined at Aymar's Corner by the road leading to Digby. This road has been permitted to become a secondary road, and its limits are not clearly defined. In many cases line fences of lands abutting on the road run close to the ditch and the poles of the transmission lines, in order to comply with the regulations of the Highways Department that they must be 25 feet from the center of the road, will have to be set inside the line fences, especially where the curve of the road requires them to be guyed back to take a lateral strain. Similar conditions had been met with at different points along the route and landowners have been most hearty in their courtesy to the workman, readily granting permission to place poles on private lands and in many cases assisting

the contractor by themselves cutting down interfering trees. It was not until the stakes for the poles were planted in the pasture of one John Taylor, that trouble was met. Mr. Taylor is a Magistrate, he knows the law and in this case his knowledge of the law is making trouble. If the Power Board want to run poles over his land they will have to pay for it. That the land isn't going to be made less useful as a pasture and that his line fences are most likely encroaching on the road limit is not being taken into consideration by the Magistrate, nor does he care that the public, whose servant he is and whose salary, in fees, he has drawn for years until his usefulness as an officer of the law is long outlived, must pay for it. Like Shyllock, he wants his pound of flesh and cares not who must suffer so long as he gets it. Mr. Taylor's action may be technically legal, but it is neither equitable or public spirited. It savors of personal spite and avarice and it will be followed by one of two things. Either the Highways Board will be called upon to define the road limit, and have his fences set back beyond the road limit, or the plan to run the line along that road will be abandoned, the line to run along to the corner of the Digby Division and thence to Aymar's Corner. In this case householders along the old post road will not be able to get service from hydro without the installation of a local distribution service and will be put to unnecessary expense. The gap left in the branch line into Digby was because of a similar state of affairs, not so arbitrary, but sufficient to cause delay in the erection of the line. Along the property of Sam Woodman, who is also an officer of the Crown, being a Justice of the Peace the contractor was forbidden to erect poles inside the fence line. To do so was necessary if the line was to be run straight, avoiding side strain, but Mr. Woodman refused to allow it unless the "damage" was paid for. What damage it could possibly cause isn't clear. The land is wild land and if it were not the loss of a few feet of cultivated area could not make a great difference in his crop production. But there it is. One or two people along thirty miles of the route are attempting a hold-up. They want theirs whether the whole country suffers or not.

Changes In The Courier Office

During the month of January the Courier will be issued in four pages in place of the customary six. We regret the necessity of the change and ask our readers for their patience. This is the quiet time of year in newspaper offices and advantage is being taken of the lull to make necessary changes in the plant and office arrangements, putting us in a position to more satisfactorily handle the work of publishing a newspaper. These changes have been delayed because of the pressure of work and now, while things are quiet they will be made.

We will try to get as much news into the four pages as it is possible to get, and to do this will print the first forms on Wednesday nights and the second on Thursdays as usual.

It may be possible to complete renewals of plant and have the necessary changes made before the end of January, in which case the Courier will be issued in regular size earlier than is planned for.

Tiverton

Mr. and Mrs. Leonard Ring of Taunton Mass. also Miss Lois Ring, R. N., have been the guests of Mrs. Lawrence Small.

Reginald Farnsworth of the United States is spending the holidays with relatives and friends.

Miss Hazel Elliott of Cambridge Hospital is spending her vacation with her parents, Mr. and Mrs. Herman Elliott.

Gordon Cossaboom is spending a few days here the guest of Miss Gertrude Ruggles.

Mr. and Mrs. Kemp Tidwell of Waltham, Mass. are the guests of Mr. and Mrs. Byron Clifford.

Miss Belcher, our teacher, has returned to her home in Kentville to spend the holidays.

Mr. and Mrs. Delma Outhouse and sons Darrel and Holland of Wolfville, are spending the holidays at their home here.

Miss Mildred Elliott of the Provincial Normal College, Truro, is spending the holidays at her home here.

Mr. and Mrs. Floyd Denton and son George of Westport, spent Xmas with Mr. and Mrs. Merrill Outhouse.

Mr. and Mrs. Murray Small and daughter Elaine, spent Xmas at Freeport.

On Thursday evening, December 22nd, the public school gave a very pleasing entertainment in the I. O. O. F. Hall. The program consisted of readings recitations, songs, music, and a short play. The primary scholars, who had been carefully drilled by their teacher Mrs. Arthur Powell, rendered their parts in an excellent manner. Also the High School pupils, under the leadership of their teachers, Miss Belcher and Miss Gertrude Ruggles, presented a play.

Gayland Elliott of Saint John Business College, spent Xmas at his home here.

Rev. Mason occupied the pulpit in the Baptist church on Sunday evening.

A Sunday School Christmas concert was given in the Christian church on the evening of Dec. 24th.

Weddings

RINES-HAYDEN

A wedding with something of a military touch to it, took place at Shubenacadie on the evening of December 16th, at the home of Mrs. Edith Wallace, aunt of the bride, when Miss Evelyn Rose Hayden, daughter of Mr. and Mrs. Frank L. Hayden of Victoria Beach, Annapolis Co. became the bride of Lance-Corporal Charles Ross Rines, of the R. C. R., Halifax, son of Monson F. Rines of Shubenacadie.

The parlor, which was well filled with guests looked very pretty with appropriate decorations of flags and evergreens.

After the ceremony, which was performed by Rev. E. V. Forbes of the United Church of Shubenacadie luncheon was served and the happy young people were given a hearty send-off on their matrimonial career, with the congratulations and good wishes of their many friends.

Belleisle

Eugene P. Troop and sister Myrtle of Mass. came home to spend the Xmas holidays with their parents Mr. and Mrs. H. G. Troop.

Mrs. Tom Basson and little daughter of Morrisville Kings Co spent Xmas at the home of H. G. Parker.

Miss M. Wight Rivers of Quebec spent Xmas with her mother, Mrs. Agnes Ritchie.

Mr. William Amherst of Granville is visiting Mr. and Mrs. Archie F. Troop.

Miss Nan Chipman of Nictaux West is visiting her aunt Miss Cora J. M. Parker.

Miss Kathryn Fraser, Principal of South Berwick school is spending her vacation with her parents Mr. and Mrs. Alex Fraser.

The many friends of Charles Wade will be sorry to know that he is patient at the Victoria General Hospital, Halifax.

Miss Ethel Young is visiting her sister Mrs. Clarence Cook in Digby Co.

Mr. and Mrs. Joseph D. Best spent Sunday in Bridgetown the guests of Mr. and Mrs. Arthur Lyett.

In the EXCHEQUER COURT of Canada in Admiralty

THE NOVA SCOTIA ADMIRALTY NO. 711

Classes Reopened

The classes of the Modern Business College, Saint John, reopened last week for the New Year. In addition to the continuation of the courses begun last September, an entirely new term is added and many enrollments have been received.

The very first part was the most successful in the history of this Saint John business training institution and the present large attendance points to an ever better appreciation of the type of training given at this school. Under the energetic Management of Principal Smith, the Modern Business College has made great strides, since its inception just a few years ago. It has absorbed the other two business colleges formerly conducted in that city as well as a large institution in Moncton known as the Success Business College.

In addition to the Stenographic and the Secretarial Courses there are the Accounting and the Complete Business Courses.

Laxatives are dangerous said 2/3 of the doctors

RECENTLY we asked doctors, all over the country, the proper treatment for constipation. Two-thirds condemned the continued use of laxatives and cathartics. More than three-quarters favored the Nujol type of treatment.

No one knows better than the doctor the greater safety of the gentle lubricant. As one doctor said, "It is the most natural aid to normal activity of the bowels. The trouble with laxatives is that they irritate and stimulate the digestive tract too much. Laxatives bring on the laxative habit."

Doctors Advise Nujol

Nine doctors out of every ten told us they were advising the Nujol type of treatment for their patients in place of laxatives—and for these reasons: 1. Nujol is not habit-forming; 2. A more natural method; 3. A lubricant is better than a laxative; 4. Does not grip; 5. Is not irritating; and 6. Nujol gives lasting relief.

Unlike Laxatives

Laxatives and cathartics act by irritating the intestinal tract. They cause

the bowels to frantically expel the contents of the intestines and thus rid the system of the drugs that pills and potions contain.

Nujol acts entirely differently. It contains no drugs, no medicine. Its action is mechanical. It merely softens the dried waste matter in the intestines and lubricates the passage so that the muscles of the bowels can expel the waste matter regularly, naturally and thoroughly.

Nature-given Remedy

Nujol appeals to the medical man because it is a simple, scientific and safe remedy for constipation, no matter how severe the case may be. It is gentle in its action and pleasant to take. Children love it.

Get a bottle of Nujol from your druggist today. Doctors advise it for constipation, whether chronic or temporary. Avoid substitutes.

Here and There

The third great International exhibition of leather goods will be held in Milan, Italy from January 22 to 29, and promises to be a greater success than either of the former exhibitions held in Europe. Business transacted during the first two exhibitions amounted to over \$15,000,000.

All taxes formerly required to be paid in Italy on hotel bills, baths and medical attention in health resorts, have been abolished, according to recent information given out by the Royal Consul General of Italy. Such information will prove interesting to tourists contemplating a visit to that country.

Quebec—What is said to be a record shipment of eels, 188 tons, left this port for New York recently, the last of eight consignments since the beginning of November, all for the same city. New Yorkers have acquired a partiality for the eel from the region below Quebec, and the trade is growing each year.

One of the largest farm sales in several months to a single immigrant family was recently effected in the purchase of a 720-acre tract five miles south-east of Brandon by a Lutheran farmer and four sons; the purchase price being \$28,800. According to Dr. A. T. Connell, the farm is well equipped with stock and buildings.

Sheep from the Prince of Wales' Alberta ranch, south-west of Calgary, are superlative, according to Walter Charles Priddy, of the Cordillera Sheep Co., Gridley, California. He has just purchased forty head of imported Shropshires from the Royal ranch, as well as fifteen from other flocks in the district.

Asbestos waste as a soil strengthener is the latest in the line of by-products. Early this year the Development Branch of the Canadian Pacific Railway undertook an investigation and inaugurated a series of experiments in the use of this material. Macdonald College actively co-operated and results so far show that this material has a real value when applied to certain soils.

A valuable consignment of twenty-six silver black foxes valued at approximately \$20,000 was handled by the Canadian Pacific Express Company in Montreal recently. The animals were shipped directly from the Meritt Silver Black Fox Ranch at Meritt, B.C., and will be forwarded to Messrs. Baulton and Paulin, Grenoble, France, to a new fox ranch of which this British Columbia shipment will be the nucleus.

Completing the first 3,200 miles of a ten thousand mile journey from Liverpool to Peking, Japan, thirty canaries valued at a hundred pounds sterling, arrived at the Canadian Pacific Express Company sheds in Montreal recently and left from the Windsor street station for Vancouver. They came over on Canadian Pacific liner Montevideo to Saint John and although they had experienced somewhat of a stormy crossing, were in fine feather and singing at the top of their voices.

Completing a two month visit to Canada during which he has traversed the Dominion from Quebec to Victoria, returning through the United States, C. E. E. Young, in charge of first-class booking office of the Canadian Pacific Railway in London, Eng., seen at headquarters of the system in Montreal recently, declared that the country had been a revelation to him fully explaining the great attraction it is to tourists. "The by-product of travel, inasmuch as the great beauty of the country, the opportunity for seeing practically virgin territory make up a combination of advantages that are perhaps not to be found elsewhere in the world today," he said.

Wholesome cleansing Refreshing

MR. MacNAIR GIVES HIS EVIDENCE

FINDS "FRUIT-A-LIVES" BEST CORRECTIVE FOR CONSTIPATION

Mr. S. MacNair of New Mills, N.B., is one of the thousands who owe much to "Fruit-a-lives". Full of gratitude he writes the simple truth as follows: "I can honestly say that 'Fruit-a-lives' are the best intestinal regulator I have ever used. Other remedies, and I have tried a great many, cause pain and griping, but 'Fruit-a-lives' always act easily and effectively. I was inclined to be constipated before, but now I am feeling first rate, and most sincerely recommend 'Fruit-a-lives' to everyone." "Fruit-a-lives" is the sworn enemy of constipation. Made from the intensified juices of fresh fruits combined with tonics, it is a natural medicine. It is not habit forming. Don't let constipation plague you. Get back the bloom of health, the sparkle in your eye; the feeling that life couldn't be better. Begin at once, with "Fruit-a-lives"—25c and 50c a box anywhere—everywhere.

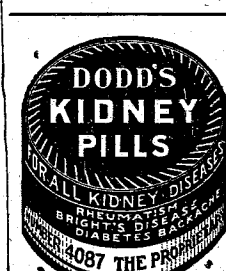

Deep Brook

The school concert under the directions of Miss Eva Mullock was held on Wednesday Dec. 22th. The pupils did credit to themselves and demonstrated very clearly the interest and care given them by their efficient teacher. The recitations, dialogues and tableaux were well rendered. The several choruses by the school with auto harp accompaniment by Walter Dittmar were worthy of special mention. Rev. Frank Smith acted as chairman. At the conclusion of the programme, Augustus Purdy, in a few well chosen words spoken in behalf of the parents and friends expressing appreciation of the splendid work done by pupils and teacher. Antersing the National Anthem, Santa Claus assisted by the teacher and members of the high school department distributed to every child a gift from the tree.

Carroll Snell of Acadia University is spending the holidays with his aunt and uncle, Mr. and Mrs. L. E. Sherman.

Miss Irma Rice of Truro, N. S. is at home for the Christmas vacation.

For Constipation

Another Fur Shipment Seized

Acting on telephoned instructions from Provincial constable Chandelier at Middleton, Game Warden W. S. Troop on Wednesday last searched the West bound train for a shipment of furs addressed to the Hudson Bay Company, Montreal, the shipment being forwarded without proper clearance and not under buyers license. Search of the train was unavailing. Instructions were telephoned to St. John for the return of the shipment to Digby which was done, and on Thursday morning the furs, two fox skins arrived back on the Empress to be seized by the officers. They were insured for \$200.00.

Game Wardens Active

At Bear River on Thursday night of last week Eos Oickle was convicted before magistrate Geo. E. Tupper, on informations of Game Warden Foster and Provincial Constable Edward Chandelier, of having been in possession between October 31st and November 5th, of the carcass of a female deer, contrary to the provisions of the Game Act. He paid a fine of \$50 and costs.

Bear River East

Mr. and Mrs. Gordon Ruggles spent Xmas Day in Deep Brook.

Mr. and Mrs. Jefferson spent Xmas day in Deep Brook with her parents, Mr. and Mrs. Norman Su.

Sacred Pageant In United Church

On New Year's Eve a very entertaining Sacred Pageant entitled "The Light of Men", was given in the Bear River United Church before a most appreciative audience. The Light first revealed to man, in the dawn of the world's history was represented by impersonations of the Prophets, their picturesque eastern garb being faithfully reproduced. A series of tableaux and pantomimes followed, the most effective of which comprised the Annunciation, the Magi, the watching Shepherds, the Angels announcement of the Savior's birth, a beautiful manger scene and the adoration. The costuming throughout was excellent and the lighting effects skilfully arranged. The different tableaux were interpreted by short explanatory readings by the Pastor, Rev. Mack and also by appropriate choir selections.

The whole effect of the entertainment was greatly enhanced by the Xmas decorations in the church, in which a great number of evergreen trees of various sizes were used. Placed along the galleries, against pillars in the auditorium and partly screening the chancel, they formed a realistic and beautiful setting for the various scenes in the pageant.

B. R. W. I. Meeting

The regular monthly meeting of B. R. W. I. was held on Monday afternoon and proved a very interesting session. Much business was transacted and arrangements made for serving cocoa to the pupils of Oakdene Academy.

All branches of the Institutes activities are being carried on with vigor and success and plans are being made for a busy year.

A very entertaining programme consisted of a piano solo by Mrs. Anthony, vocal solo by Mrs. Symonds and vocal solo by Mary Romans.

Pantry Sale

A pantry sale with the special purpose of securing funds for the institute library will be held in the Masonic Reading Room on Saturday afternoon, January 15, at 3.30 o'clock. Contributions of food from institute members and others will be gratefully received.

Sold in tinners, grocers, druggists, etc. 1/2, 1/4, 1/8, 1/16, 1/32, 1/64, 1/128, 1/256, 1/512, 1/1024, 1/2048, 1/4096, 1/8192, 1/16384, 1/32768, 1/65536, 1/131072, 1/262144, 1/524288, 1/1048576, 1/2097152, 1/4194304, 1/8388608, 1/16777216, 1/33554432, 1/67108864, 1/134217728, 1/268435456, 1/536870912, 1/1073741824, 1/2147483648, 1/4294967296, 1/8589934592, 1/17179869184, 1/34359738368, 1/68719476736, 1/137438953472, 1/274877906944, 1/549755813888, 1/1099511627776, 1/2199023255552, 1/4398046511104, 1/8796093022208, 1/17592186044416, 1/35184372088832, 1/70368744177664, 1/140737488355328, 1/281474976710656, 1/562949953421312, 1/1125899906842624, 1/2251799813685248, 1/4503599627370496, 1/9007199254740992, 1/18014398509481984, 1/36028797018963968, 1/72057594037927936, 1/144115188075855872, 1/288230376151711744, 1/576460752303423488, 1/1152921504606846976, 1/2305843009213693952, 1/4611686018427387904, 1/9223372036854775808, 1/18446744073709551616, 1/36893488147419103232, 1/73786976294838206464, 1/147573952589676412928, 1/295147905179352825856, 1/590295810358705651712, 1/1180591620717411303424, 1/2361183241434822606848, 1/4722366482869645213696, 1/9444732965739290427392, 1/18889465931478580854784, 1/37778931862957161709568, 1/75557863725914323419136, 1/151115727451828646838272, 1/302231454903657293676544, 1/604462909807314587353088, 1/1208925819614629174706176, 1/2417851639229258349412352, 1/4835703278458516698824704, 1/9671406556917033397649408, 1/19342813113834066795298816, 1/38685626227668133590597632, 1/77371252455336267181195264, 1/154742504910672534362390528, 1/309485009821345068724781056, 1/618970019642690137449562112, 1/1237940039285380274899124224, 1/2475880078570760549798248448, 1/4951760157141521099596496896, 1/9903520314283042199192993792, 1/19807040628566084398385987584, 1/39614081257132168796771975168, 1/79228162514264337593543950336, 1/158456325028528675187087900672, 1/316912650057057350374175801344, 1/633825300114114700748351602688, 1/1267650600228229401496703205376, 1/2535301200456458802993406410752, 1/5070602400912917605986812821504, 1/10141204801825835211973625643008, 1/20282409603651670423947251286016, 1/40564819207303340847894502572032, 1/81129638414606681695789005144064, 1/162259276829213363391780010288128, 1/324518553658426726783560020576256, 1/649037107316853453567120041152512, 1/1298074214633706907134240082305024, 1/2596148429267413814268480164610048, 1/5192296858534827628536960329220096, 1/10384593717069655257073920658440192, 1/20769187434139310514147841316880384, 1/41538374868278621028295682633760768, 1/83076749736557242056591365267521536, 1/166153499473114484113182730535043072, 1/332306998946228968226365461070086144, 1/664613997892457936452730922140172288, 1/132922799578491587290546184428344576, 1/265845599156983174581092368856689152, 1/531691198313966349162184737713378304, 1/1063382396627932698324369475426756608, 1/2126764793255865396648738950853513216, 1/4253529586511730793297477901707026432, 1/8507059173023461586594955803414052864, 1/17014118346046923173189911606828105728, 1/34028236692093846346379823213656211456, 1/68056473384187692692759646427312422912, 1/136112946768375385385519292854624845824, 1/272225893536750770771038585709249691648, 1/544451787073501541542077171418499383296, 1/1088903574147003083084154342836998766592, 1/2177807148294006166168308685673997533184, 1/4355614296588012332336617371347995066368, 1/8711228593176024664673234742695990132736, 1/1742245718635204932934646948539198027392, 1/3484491437270409865869293897078396054784, 1/6968982874540819731738587794156792109568, 1/13937965749081639463477175588313584219136, 1/27875931498163278926954351176627168438272, 1/5575186299632655785390870235325433687648, 1/11150372599265311570781740470650867375296, 1/22300745198530623141563480941301734750592, 1/44601490397061246283126961882603469501184, 1/89202980794122492566253923765206939002368, 1/178405961588244985132507847530413878004736, 1/356811923176489970265015695060827756009472, 1/713623846352979940530031390121655512018944, 1/1427247692705959881060062780243311024037888, 1/2854495385411919762120125560486622048075776, 1/5708990770823839524240251120973244096151552, 1/11417981541647679048480502241946488192303104, 1/22835963083295358096961004483892976384606208, 1/45671926166590716193922008967785952769212416, 1/91343852333181432387844017935571905538424832, 1/182687704666362864775688035871143811076849664, 1/365375409332725729551376071742287622153699328, 1/730750818665451459102752143484575244307398656, 1/1461501637330902918205504286969150488614797312, 1/2923003274661805836411008573938300977229594624, 1/5846006549323611672822017147876601954459189248, 1/11692013098647223345644034295753203908918386496, 1/23384026

PROVINCE OF NOVA SCOTIA
COUNTY OF DIGBY

IN THE COURT OF PROBATE

IN THE MATTER OF the Estate of Peter U. Gaudet late of Concession in the County of Digby, Farmer, deceased.

To Telephore Gaudet, Leon Gaudet, Benjamin Gaudet and Louise Gaudet, all of Concession in the County of Digby and Province aforesaid, Charles Gaudet of Boston, Mass., U.S.A., Celeste Theriault of Beverly, Mass., U.S.A., Agathe Babin of Boston, Mass., Edith Bellevue of Church Point and Elizabeth Theriault of Groves Coques in the County and Province aforesaid, being the heirs, next of kin and devisees of the said deceased.

WHEREAS the said Elizabeth Theriault, daughter of the said Peter U. Gaudet, late of Concession in the County of Digby, farmer, deceased, who died on the 31st day of October, A.D. 1926, at Concession aforesaid, has presented her Petition to the Court of Probate at Digby, praying that a Citation might be issued requiring Isaac H. LeBlanc, executor of the said Peter U. Gaudet, to have the last Will and Testament of the said Peter U. Gaudet proved in solemn form of law and its validity determined, and upon such Citation to take out a Citation in the Court on the 29th day of October, A.D. 1926, requiring said executor, within twenty days, after service of said order upon him, to take out a Citation in the Court, to be proved in solemn form and its validity determined, and the said executor in compliance with said Order has now applied for a Citation requiring the above named heirs, next of kin and devisees, to appear at the Probate Court at Digby, on Tuesday the twelfth day of April, A.D. 1927, at the hour of eleven o'clock in the forenoon, when the said Isaac H. LeBlanc executor as aforesaid, will proceed to prove in solemn form of law the Will of the said Peter U. Gaudet, deceased, which was admitted to Probate in common form in the Probate Office at Digby aforesaid on the 26th day of November, A.D. 1926.

YOU ARE THEREFORE REQUIRED to appear before Judge Grison presiding at the Registry of the said Probate Court at Digby in the County of Digby on the twelfth day of April, A.D. 1927 at eleven o'clock in the forenoon when the said Isaac H. LeBlanc the executor named in the Will of the said Peter U. Gaudet, deceased, will proceed to prove said Will in solemn form of law, and to have the validity of said Will determined by said Judge.

Given under the seal of the Court at Digby aforesaid this eleventh day of December, A.D. 1926. J. A. Taylor, Solicitor for the said Isaac H. LeBlanc, Registrar.

W. E. MACLELLAN, District Superintendent of Postal Service DISTRICT SUPERINTENDENT'S OFFICE, Halifax, 27th December, 1926.

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickly by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist. Nothing has been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowle's Mentho-Sulphur and use it like cold cream.

Watch for it!

In the Courier next week there will be a full page advertisement of

MARGOLIAN, KITAEFF & CO.

Announcing a wonderful Bargain opportunity. Selling out

Clothing Furnishings Dry Goods A splendid stock and all to be sold without reservation.

The place is

ROBINSON'S RESTAURANT next door to Oddfellows Hall

V.O.N.

Anyone requiring cake, bread, rolls etc. can procure them at the Pastry Sale to be held tomorrow, Saturday, afternoon at Mr. May's Book Shop, under the auspices of the V. O. N. committee. Mrs. Driffield will be the convener and asks that all will kindly send in their contributions.

The monthly meeting of the V. O. N. will be held on Tuesday afternoon at 3 o'clock in the upstairs room in the Court House.

The annual meeting of the Victorian Order of Nurses for Canada, Digby branch, will be held on Thursday next, the 13th, at 3 o'clock in the evening in the Court House. The reports of the various activities of the work will be read, the usual business will be transacted and the nurse will give a demonstration of some of her work. Everyone interested in the Public Health-welfare of the town is cordially invited to attend.

Death of William A. Hall of Roxville

On January third, just two years after the death of his wife, there died at Roxville on Monday in his 70th year, William A. Hall, retired master mariner and one of the most progressive farmers in the district. He is survived by a foster son, Charles Hall.

Mr. Hall was born at Upper Granville, Annapolis County, on January 16th, 1848 a son of the late George and Eliza Johnson Hall. In early manhood he went to the United States and fished out of Gloucester, where he met and married Sarah Anne McCarthy and forty-two years ago they came to Nova Scotia, to Upper Rossway as it was then called, and bought the Frederick Thorne farm.

The funeral was held on Thursday from his late residence, with interment in Rossway cemetery. Rev. Harvey of Little River, conducted the services. They were attended by many from the district who knew the deceased as a friend who, with bowed heads paid tribute to one who had been a sterling citizen and who had played a part in the development of his native province.

Salts Fine for Aching Kidneys

When Back Hurts Flush Your Kidneys as You Clean Your Bowels

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and need a cleansing. They occasionally, also we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Red Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders.

Red Salts is inexpensive; makes a delicious effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean. A well-known local druggist says he sells lots of Red Salts to folks who believe in trying to correct kidney trouble while it is only trouble. By all means have your physician examine your kidneys at least twice a year.

New Bowling League

The first league of the candle pin season at the Digby Bowling Academy completes its games next week and a new league is being organized. Those wishing to enter teams should hand the names of their teams, with one man appointed as captain, to Manager Hayden as early as possible. Individual players, who have not been placed on any team may also hand their names to Mr. Hayden and a place will be found for them on one of the teams.

Bowling is the greatest winter sport, good exercise, good sportsmanship and good fellows to bowl with. You can't do better on a winter's evening and the Academy is open every night, rain, snow or shine.

Here and There

More Clydesdales are on the way to Canada from Scotland. It is expected that the year's imports will run to 120, a record since the war.

Over a million Christmas trees have been shipped from New Brunswick to United States markets, according to unofficial estimates based on exports of some 500 carloads averaging 2,000 trees to the car.

About 150 French-Canadians from the Prairie Provinces travelling under the auspices of the "Survivance Francaise," arrived in Montreal by special Canadian Pacific Railway train at the Windsor Street Station recently to spend Christmas and New Year in the province of their origin.

According to a recent statement of E. W. Beatty, Chairman and President of the Canadian Pacific Railway, the record of the railway's common stock at June 30th, 1926, indicates that 52 1/2 per cent. is held in Great Britain, 19 1/2 per cent. in Canada and 19 per cent. in the United States.

All previous records have been broken by the salmon pack in British Columbia for 1926. It is estimated that the total pack for this year, when all returns are in, will be, in round figures, 1,900,000 cases. The nearest approach to this was in 1924, when slightly more than 1,700,000 cases were put up.

Early in June next year, it is announced, a regular airplane service between Chicoutimi, Montreal and Toronto will be inaugurated by the Canadian Transcontinental Airways Company—a corporation which has just received its letters patent. The airplanes or hydroplanes will make stops at Riviere du Loup, Quebec, Three Rivers, Montreal and Ottawa.

Nearly a ton of mistletoe wasted its sweetness on the Eveless age of the Canadian Pacific Express Company's yards in Montreal at Christmas time. It arrived from France and England via the Canadian Pacific steamship "Montclair," and was boxed in twenty-two crates, of which twelve were destined for New York and the balance for distribution in this city.

Two hundred and ninety-four vessels of 55,295 gross tons and 42,923 net tons, were built in Canada and registered during the year 1926, according to the Department of Marine and Fisheries. Wood vessels built consisted of 140 sailing, 9 steam and 132 motor, and metal vessels of 5 sailing and 8 steam. Of the total tonnage 21,448 was attributable to British Columbia, 11,250 tons to Ontario, 7,670 tons to Quebec and 2,102 to Nova Scotia.

United States settlers continue to cross the border in large numbers despite the lateness of the season. November figures issued by the Department of Immigration and Colonization show that the Government Agency at Fargo, N.D., forwarded 123 settlers and seven cars of effects, compared with 105 settlers and four cars in the same month last year. The Kansas City Agency sent 46 settlers, as compared with four last year and the Detroit Agency sent sixty, an increase of over 200 per cent. over November, 1925.

February will see the winter sports at the carnival at its height, at the Chateau Frontenac, Quebec. On the 4th and 5th the foremost speed racers in America will compete in the Canadian Indoor Speed Skating Championship at all distances and ages. Hockey, snow-shoeing, bobsled racing, ski-ing, will be going on every day of the month, but the outstanding event will be the Eastern International Dog Sled Derby, February 21-23, which will cover the 120 miles of the race at the rate of 40 miles a day. Teams from the United States and Canada will compete, and it is understood there will be a woman competitor in the race.

Give Yourself A Present

THE GIFT SEASON for others may be over. Now's the time to GIVE YOURSELF SOMETHING.

Your home needs more decoration. You have lovely pictures - perhaps Christmas Gifts - or a valuable oil painting, or diploma, or certificate, a souvenir of "good days".

WHERE ARE THEY?

WHO SEES THEM?

Bring them out, and interest your daily callers. Everybody is interested in pictures. The right kind of frame - the kind I will advise, (if asked) will double the value at slight cost. Throw out the old battered frames and enjoy a transformation that will delight your friends.

SKILLFUL PHOTOGRAPHY - CAN COPY almost any old picture, though partly faded. From old tintypes, or ancient daguerotypes, I can make you a modern picture to look like new, with a value greater than so-called "antiques". Dig out the old things and rejuvenate them. Many an attic holds more intrinsic value than the parlor, and infinitely more artistic value.

PAUL YATES

The Little Art Gallery.

A few more of those good pictures, I made of you 20 days ago, or 20 years ago, will cost less than the originals, and be up to date in finish. You can order one, or a dozen.

DO YOU KNOW that I carefully preserve my old negatives - thousands of them?

RED PEPPER FOR RHEUMATIC PAIN

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once. When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone. Ask any good druggist for a jar of Rowle's Red Pepper Rub. Be sure to get the genuine, with the name Rowle's on each package.

Local and Personal

John Germain of Boston arrived home Tuesday to spend a few days with his parents.

Garfield Curtis, who has been spending the past few months in Boston arrived home Saturday.

Velvet and felt hats at Miss Chisholm's Millinery Store, for \$1.00 and \$2.00 each.

H. Gavel of Middleton spent Wednesday in town at Mr. and Mrs. McKinnons.

Ben Theriault spent the week end with his parents at North Range.

Every merchant in the Maritimes admits that it is a pleasure to sell MORSE'S TEA, because there are no comebacks or complaints from customers.

W. A. Livingstone of Annapolis was in town this week on business.

Loran Morrill of Barton is spending a few days in town visiting friends.

Mr. Karl Bishop returned to Fredericton on Saturday.

Mr. Fred DuVernet returned to Halifax on Saturday, where he will resume his studies at Dalhousie.

Miss Ruth Bishop returned to Wolfville on Tuesday, after spending the holidays with her parents, Rev. and Mrs. F. E. Bishop.

Simion Laundry, cook on the schooner George & Earle, arrived home on Wednesday to spend a few days with his family.

Russell Harper, Accountant at the Bank of Nova Scotia, returned last week from Moncton, where he spent Christmas.

New Silk Hats just arrived at Miss Chisholm's Millinery Store.

The Misses Edith and Mary Lynch returned to Montreal on Monday after spending the holidays with their parents, Mr. and Mrs. T. E. G. Lynch.

Miss Dorothy Hogge, who has been the guest of her aunt, Miss Ella Burnham leaves today for Clarks Harbor to resume her duties on the teaching staff of the school there.

Messrs. Kingsley Collins, Seymour Denton and Harold Nichols returned to Wolfville to resume their studies at Acadia on Tuesday, after spending the holidays with their parents.

Stayed in The Storm

During the big storm that raged over the eastern Atlantic coast the middle of December, a storm beat on carrier pigeon, half starved and nearly frozen, flew down among the chickens in the door yard of Mr. and Mrs. Byron Blackford of Tiverton. After being fed and cared for over night it resumed its flight to its home. On the bird's legs were identification bands and rubber message clip, but the message, if one had been slipped in the flap, had become lost.

Mr. Blackford had the band sent to the director of the American Nature League at Boston and is hoping to hear of the safe arrival of the pigeon at its home port.

Died in Boston

Station Master Lindsay Kirkpatrick received word yesterday of the death in Boston on Wednesday of his sister Mrs. George Selfridge, formerly of Aylesford. The remains are being brought down to Boston for interment at Aylesford and will be accompanied by the only daughter of the deceased, Mrs. Leslie Norwood, with whom Mrs. Selfridge had been making her home since the death of her husband two years ago.

The funeral will be held today from the old home of the Selfridges, Cherry Hill Fruit Farm.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dizziness. No struggling for breath at night; your cold or catarrh will be gone. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuff-up with a cold or nasty catarrh - Relief comes so quickly.

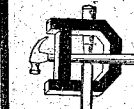

It Costs so Little... Yet Brings so Much

TODAY'S prices place the best that radio offers within the reach of everyone. DeForest & Crosley, through large production, have achieved new standards of value. A moderate payment down puts any set in your home.

In addition, DeForest and Crosley Radio has been specially designed and built to meet local conditions. Before we suggest any set we analyze your location and determine the type of circuit that will operate most satisfactorily. This is part of our service which you get without cost. It means you get a set absolutely suited to your particular requirements.

Coroner's Jury Brings in Finding of Accidental Death

The coronor's jury, impanelled by Coroner Stanley Keen to make inquisition into the death of Alden Chute of Clementevale at Barton returned its verdict yesterday that "the cause of death was due to injuries received by the slipping and overturning of the car on the icy roadway and we attach no blame to the driver, of the car, Mr. Sanford."

In order to, so far as their duties would permit, bring the attention of the authorities to the danger of the curve in the roadway at Specht's Bridge, the jury passed the following resolution:

WHEREAS: In view of the many accidents; one of which resulted in loss of life, which have taken place at Specht's Hill, so called, in Barton; be it

RESOLVED: that the proper authorities be requested to erect signs at the approaches at either side of the bridge, drawing attention to the dangerous curves ahead.

Moved by S. P. Fream
seconded by J. W. Kenney
Copies of the resolution were forwarded to the Nova Scotia Department of Highways and to the Nova Scotia Motor League.

Harlem

Misses Katie and Bertha Mullen, who have been visiting their sister, Mrs. Stepten Ford, of Hassett, returned home on Saturday.

Arnold Barr spent the week end with his friend, Miss Ida Gaudette of Hassett.

Kenneth Smith spent the week end with his parents, Mr. and Mrs. Osborn Smith.

Miss Gertrude Bell, of Barton spent the week end with her mother, Mrs. Joseph Sablin.

Dennis Beaudro spent the week end with his parents, Mr. and Mrs. John Beaudro.

Trinity Church Annual Meeting

The parishioners of this old parish held their 141st Annual Meeting on Monday, January 17, the day appointed by Statute. The Rector presided and the attendance was good.

The outgoing church warden presented financial statements duly audited, showing the funds of the parish to be in a healthy condition. Extra expenses will come in this year, especially the provision of new heating apparatus. The Woman's Auxiliary, senior and junior branches, the Sunday school, the church Maintenance Fund and other parish organizations have done excellent work during the past year.

The amount contributed by the parish through collection and organizations towards missions and other outside objects is about \$680.00.

The Rectors report shows 254 services during the year, 193 sermons preached by the Rector and 9 by other preachers.

The election of officers resulted as follows—

Church Wardens—T. Lynch and A. Daley Vestrymen—A. Boden, J. Cassidy, F. Dakin, Dr. DuVernet, J. Hall, L. Kirkpatrick, J. Merkel, G. Pines, Dr. V. Turnbull and Mr. Walker.
Auditors—Dr. DuVernet and F. Dakin.
Synod Representatives—Messrs Lynch and Pines with Dr. DuVernet and A. Boden as substitutes.

Cemetery Committee—Rector and Wardens Mrs. Fritz Dakin, Mrs. Tupper, Miss Stewart, A. Boden, F. Dakin and J. Merkel.

The appointment of Messrs S. Woodman and J. Woodman as Chapelwardens of St. Paul's, Marshalltown, and of Geo. Marshall as Financial secretary was duly confirmed by the meeting.

A well merited vote of thanks was passed to the retiring churchwardens, auditors and vestry clerk also to the organist and choir and to all the Guilds and societies of the parish for the good work done.

The meeting adjourned shortly after 10 o'clock.

Smith's Cove Baptists Will Instal Electric Lighting

The Smiths Cove United Baptist church held their annual business meeting on Thursday evening, 19th. A goodly number of members were present. In the unavoidable absence of the pastor, W. Snow, presided.

The reports from the church treasurer and also from the various branches were of an encouraging nature, showing that a large amount had been raised and pastor's salary current expenses and Denominational allotment all promptly met.

A vote was taken showing the members to be unanimously in favor of installing electric lights in the church, and a committee of six members were elected to act with the Board of Trustees to plan for the wiring.

The officers of the church for 1927 are: A. H. Wier, clerk; Wm. Berry Treasurer; H. H. Woodman Supt. S.S.; Spurgeon Wier Assist. Supt. S.S.

Board of Deacons—J. W. Rice, S. S. S. Wier, H. Woodman and W. Snow.

Board of Trustees—A. Cornwell and William Woodman and Wm. Cossaboom. Finance Committee, H. S. S. S. Wier, E. Wier, and Wm. Woodman. Auditors—Wm. Cossaboom and S. Wier.

Annapolis Goes Down in Two Well Fought Games

Digby 11 Annapolis 2
Digby 3 Annapolis 1

Winning both games against their traditional opponents, Annapolis, Digby has had three straight wins in the Western Division of the Nova Scotia Hockey League.

Last Friday at Digby, on ice covered with water and before what was, considering the weather, a remarkable crowd, the Annapolis boys were taken into camp to the tune of 11 goals to 2. It was fine hockey, lots of sport, but the one sided score spoiled its real worth.

Oh Tuesday at Annapolis the Digby team took a win, scores 3-1 from the home talent, making their first victory over Annapolis in their own rink since the rivalry started. They have tied the score, been licked and according to some, been cheated out of a win, but this year they have the goods and proved it by winning a straight and hard fought victory.

The first period was a scoreless battle. Up and down the rink, first into one defence then into another, with the goal tenders air tight. It was wonderful stuff and the cheering crowds were given their money's worth and showed it.

In the second period the game grew more wild properly. They were out for a score and were not to be denied. With the period half over Hyson got away and flipped one past Harris for a count. The Digby rosters loosened the roof. Two minutes later Jones got one in the forward area, and snapped it into Harris's pads for a tickler that fooled him and the scores stood, Digby 2-Annapolis 0.

This didn't suit the Royal Anne's, no-how. They went at it like tigers and a whirlwind rush resulted in their first and only tally. Riley, fastest man on the Annapolis team, broke clear and in a pretty rush went through the Digby defense for shot that beat Eldridge out.

In the third period Doug Raymond, making his first appearance on the line up this winter, got in his old tricks and taking a pass and a shot counted the third tally on his sheet.

The game was a feat, rough in spots, but real hockey all the same. Dr. Sutherland of Annapolis, handled the whistle.

FRIDAY, JANUARY 21, 1927

Assessments Or Taxes

Out of the welter of words, both before and during the sessions of the Municipal Council, out of hours of speeches and oratory, all that has been accomplished in the matter of assessments has been that those Councilors who assumed roles as champions of the people's rights, have saved themselves by passing the buck. In the closing hours of Thursday's session, when all were getting tired of the subject and from advice given by the Solicitor of the Municipality that the Council had no power either to reject or accept the assessments as brought down by the assessors, a resolution was presented by Councilor Marshall. "That the council recommend to the Appeal Board a reduction of ten per cent on the whole assessment throughout the Municipality." Councilor Hillman proposed an amendment "That the assessments be rejected unless

satisfactory compromise was reached." Mr. Nichols gave an opinion that this resolution of such meaning could not be effective. An amendment to the amendment was proposed by Councilor Hankinson. "That the assessments be referred to the Appeal Board in accordance with the Act." At request of the Council Mr. Marshall withdrew his motion. The Appeal Board will deal with the assessments as required by law.

A resolution was passed that the assessors and a committee of the Council meet with the Appeal Board at its sittings. The Committee comprises, Warden Andrews, Councilors Pugh and Hillman. They received no instructions from the Council.

The Assessment Appeal Board is constituted by law with certain powers and certain jurisdiction. Their office is to receive appeals of persons desiring alterations in the assessment and before they can make changes they must receive evidence to warrant such action. The Appeal Board has the powers and scope of a Judge of the Supreme Court of Canada. What object can be gained by bringing the assessor and the committee appointed by the Council before this Board is not apparent. The committee was not instructed to make any recommendations to the Board, as it would have been had Councilor Marshall's motion been passed, and the net result of three days of debate seems to be that the Municipality has been put to several hundred dollars expense for the purpose of permitting Councilors who were sworn to fulfill their duty to the Municipality to play petty politics.

A year ago, after arbitration between the town of Digby and the Municipality of Digby the Municipality's assessor recommended

certain changes be made. It was not deemed advisable to make these changes all at once, but a start was made, in appointing T. O. Morgan Chief Assessor, in order that the assessment all over the Municipality should be conducted on the same basis. He was given a scale of rates applying to personal property and in conjunction with the assessors of each district brought in a report. The various rolls were sworn to by the assessors in each district, as being correct and to the best of their judgment and apart from one or two instances the work seems to have been performed in accordance with the advice given the Chief Assessor by the committee appointed by the Council to put into effect the recommendations of the assessor Mr. Morgan seems to have been selected as the "goat". Having performed his duty too well, and having placed upon the assessment rolls properties that until his appointment had never contributed a dollar in taxes to the municipality, Mr. Morgan is selected as being responsible for all the trouble. As a matter of fact Mr. Morgan is deserving of credit. The total assessment of the Municipality has been increased by \$120,000, largely from property that had never been assessed before. And after being brought before the Council to make explanations, there was not a single instance of failure to fulfill his duty brought up against him. Together with Chief Assessor Morgan, Councilor Marshall had been accused of being responsible for the "injustices" of the new assessment rolls. Together with Mr. Morgan it was shown that he had no more to do with it than any other of the Councilors who in January of last year voted to put into effect the recommendations of the arbitrators.

The Council of the Municipality of Digby at its sessions on Friday passed estimates to the amount of \$40,000 expenditures on current account for the year 1927. This amount must be raised by taxation and in direct proportion between the amount to be raised and the value of property assessed for purposes of taxation the rate of taxation is ruled. The more property contributed toward the maintenance of the Municipality the lower will be the rate and the less the average taxpayer will have to pay. It works out just like the price of a bottle of whiskey, if four "chips in" it costs so much and if one of the four don't chip in the other three have to make his share up. And just like a bottle of whiskey, that you never yet saw a man decline to drink because he had not paid for it, those ratepayers who may escape "chipping in" will not be above taking a full share of the advantages to be derived.

There has been a lot of talk about a assessments during the past few weeks. During the sessions of the Council hours were spent in discussing the "injustices" that were perpetrated and the "right of the Council to reject". But out of all the oratory, out of all the waste of time, all that emerged was the appointment of a committee of the Council to meet the Assessment Appeal Board. That committee comprises Warden Andrews and Councilors Pugh, of Westport and Hillman of Culoden. They have been given the services of the assessors who made up the rolls and the Warden has instructed the Solicitor of the Council, Mr. Frank Nichols, that his services will be required by the committee. What the committee proposes to do before the Appeal Board is not clear, excepting that they have not been instructed by the Council to do anything. In order to soothe the fancies of self appointed champions of "the people's rights" the committee was appointed. That they will try to have the solicitor of the Municipality attempt to defeat the work of the officers of the Municipality, and use his legal ability and astuteness to deprive the Municipality of revenue which according to sworn statements of assessors in each polling district that the Municipality has a right to demand seems apparent just as it seems a misapprehension of their duties as officers of the people. The greatest force that could be perpetrated upon a public is that their money should be spent in employing their own solicitor to defeat the needs of the people who pay him.

CANADA'S YOUNGEST M. P.

Louis M. Auger of Hawkesbury, M. P. for Prescott, is 23 years old and the youngest member ever elected to the Canadian House of Commons. He is professor in classics, languages and mathematics at Ottawa University, after having gained an education mainly by his own efforts. At times he worked as a laborer and odd job man for various lumber companies.

Weymouth North

Miss Dorothy Coggins returned home from a visit to Halifax on Monday.

The Pathfinder Group of the C.C.I.T. held a hike on Friday afternoon followed by a six o'clock dinner at their group leaders, Mrs. Whitman's. In the evening a short business meeting was held at which the following officers were elected for the New Year. President—Kathleen Fitzgerald. Vice—President Dorothy Thurber. Secretary—Lillian Day. Treasurer—Evelyn Hill. Pianist—Frances Lent.

Capt. and Mrs. Arthur Moore spent a few days last week in Saint John.

Miss Emily Taylor returned to Windsor on Monday to resume her studies at Edgill.

Mr. and Mrs. R. K. Newcomb have closed their house and gone to Barrington Passage for the winter.

Wedding Anniversary

A most enjoyable evening was spent at the home of Mr. and Mrs. Frank M. Alcorn on Wednesday the 12th, it being the 22nd anniversary of their marriage.

During the evening a gift of china was presented to the worthy couple, who are both well known in Digby.

The evening was spent in music, and singing, one of the guests obliging by singing in three different languages.

Refreshments were served and after singing "God Save The King" and wishing Mr. and Mrs. Alcorn many more years of happiness, the company dispersed.

Among those present were, Mr. and Mrs. George Trohon, Mr. and Mrs. Harry Hersey, William Cosman, Mr. and Mrs. Ernest Dakin, Mrs. Simon Landry, Mr. and Mrs. Edward Hayden, Douglas Andrews and Mr. and Mrs. Albert Trohon.

Local and Personal

Miss Nettie Dakin left this week to spend a few weeks with Dr. and Mrs. Rice at Sandy Cove.

Mrs. A. J. Westhaver returned last week from Yarmouth, where she has been visiting Capt. Arthur Payson.

Good tea is a beverage. Poor tea is merely a drink. And a cup of MORSE'S SELECTED ORANGE PEKOE TEA will tell you the difference in a jiffy.

Mr. Harold Tins of Moncton who has been visiting his parents, a few days this week returned to his home on Wednesday. His son, who accompanied him, remained with his grandparents.

Turn your old fashioned Crocks into stylish Table Lamps. Dakin Bros. can furnish the electrical fixture.

and Mrs. Leslie Norwood, of Boston, enroute to their home after coming to Nova Scotia with the remains of Mrs. Norwood's mother, the late Mrs. Selridge are guests of Mrs. Norwood's uncle, Station Master Lindsay Kirkpatrick and Mrs. Kirkpatrick at their home, Hawthorn Villa.

A few pairs of Spring Skates to be sold at Dakin Bros. Twenty five cents per pair. Good for fancy skating.

CHINESE SITUATION SERIOUS

In order to be prepared for all emergencies the naval forces of the various powers are concentrating on Hankow, China, the seat of all the anti-foreign agitation. Three British warships have moved up from the coast, and Chinese troops are being proceeded up the river and anchored off this turbulent city. In response to calls for reinforcements from the British community, the situation is daily becoming more serious, and as a result a conference between British and Chinese authorities, the marines who had been stationed to guard the concession of the British community were recalled, and the responsibility of maintaining order was placed on the Chinese authorities themselves. This left the barriers at the entrance to the concession unguarded, and thousands of Coolies proceeded to demolish them and attacked the customs and municipal buildings. The British memorial opposing the move was also ignored. Reports state that all women and children have been instructed to embark from Hankow, but the British authorities at Shanghai have not yet been able to confirm this report—Jan. 8, '27.

THE TRUE GENTLEMAN

It is not in polished manners, nor in light and airy conversation, nor the carb of broadcloth, is but the purpose of piety. Nor in the habit of dress, nor in the constitution of the gentleman, or stamps the man as great. It is his within his noble soul, his gold within the mine, his well faith and deep compassion. That pomp cannot outshine.

Out of the experience which life has thus far brought to me, an experience rich in joy and sorrow, and in variety of opportunity beyond most men of my years, may I say, in all sincerity and truth, that the presence, the memory of a good father and a good mother is a possession surpassing all else that life can bring.—W. L. Wendell-King.

GIVIL WAR IN NICARAGUA

The pitched battle between the Liberal troops fighting under Dr. Juan B. Sacasa, and the Conservative forces of President Adolfo Diaz of Nicaragua, for the right to rule in Nicaragua, resulted in the defeat of the latter after three days' fierce fighting at Las Mesas. About two hundred and eighty men were killed and twenty-nine having been transferred from the battlefield to the hospitals at Blue fields.

BULL-MOOSE TO NUMBER OF 1480 KILLED IN N. S.

During the 1926 moose hunting season 1487 bull-moose were killed in Nova Scotia.

This is the largest number of animals reported killed since 1921 when 1480 yielded their antlers as prizes to the hunters.

According to the law of the province only bull-moose can be killed, and a heavy penalty is levied for any hunter who kills a cow-moose.

In 1924 the sale of moose meat was prohibited for three years, but this year the regulation was removed, and a large increase in the number of animals shot.

Nova Scotia is an exceptionally well stocked country for moose, and in spite of the large number of animals killed each year the game warden estimate that the fine stock of animals is increasing in numbers.

It is estimated that in the whole of the United States there are not more than seven thousand moose and that great scarcity on the American side of the border sends hundreds of sportsmen into Nova Scotia each year.

WHO GETS THE BUSINESS?

Business concerns which get the business nowadays are those which advertise in the one best direct route to the people who can and will buy.

For action, there is nothing that can take the place of the advertising columns.

Business comes to those concerns which earnestly and diligently go after it.

Business concerns which are continuing to prosper are those which are trading because they use after business by advertising and stick with it until they get it.

The public is interested in getting the best in quality goods and services. Advertisers are reflecting news. The public looks to them in keeping posted, because it is a well-known fact that continuous advertisers sell the best at right prices.

A business that has faith in itself and wins the faith of the better people and the public always give them the favourable consideration they desire.

It's a fair question—Have you an advertising contract with the local paper? If not, why? If it ceased to publish for want of advertising patronage would you be justified in having a town without newspapers?

"Red Pepper Rub" is the old remedy that brings quickest relief. It cannot be rubbed in, it is rubbed on, and it ends the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red pepper, when heat penetrates right down into colds, congestion, aching muscles and sore, swollen joints.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and the pain is gone. If you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, rub it from top to toe, at any drug store. You will have the quickest relief known. Always say "Rowles."

FLOODS IN SOUTH

Three weeks almost constant rain has resulted in probably the worst floods ever experienced in the states of Mississippi, Tennessee, Arkansas, West Virginia and Alabama, where approximately 12,000 people have been rendered homeless. Many small towns have been isolated for four or five days, and at Clarksville, Tennessee, reports stated that even the city's coal supply was in dire straits, and hundreds were in flood, the Cumberland River in Tennessee went on a rampage in the lower regions of the town of Nashville, and hundreds of families had either fled from their homes or were isolated in the upper rooms of their houses, where they received food from boats which piled up and down the streets.

Here and There

In the year ending June 30th last, 9,407 mining claims were staked in the Province of Quebec, covering an area of 455,000 acres, according to a preliminary report. This is an increase of 83 per cent. over the year before.

Tobacco growing is becoming a serious business proposition in the vicinity of Kelowna, B.C. Two hundred acres will be planted out at Keremeos, Castanov, Oliver and Osoyoos next year, while the acreage at Kelowna will also be increased.

Northern Alberta's wolf population is of large dimensions, no less than 58,000 skins having been shipped out of this province as furs in the last year. They form a substantial source of revenue to trappers in the wilds.

Nova Scotia breeding fens are beginning to attract the attention of Great Britain. John R. Macmillan, of this city, has just shipped to Olivers and Son, Cambridge, England, four barrel Plymouth Rock cockerels. This is the second shipment of breeding stock made to this firm.

Curling history of a unique nature was made in Quebec city recently when the Jacques Cartier Curling Club, the first French-Canadian curling organization in the world, was inaugurated and their new curling rink formally opened.

A delegation of seventeen prominent Montserratians, headed by T. Howard Stewart, Thane of Granite Curies, arrived back at the Windsor Street Station from the Windsor Curlers' Club, where they officiated in the opening ceremonies of the new club in the neighboring city.

The World's Poultry Congress to be held at Ottawa July 27th to August 4th next is to be a big affair in every sense. The Congress will be more than 200,000 square feet, the national educational exhibits utilizing 55,000 of that footage. There will be approximately 10,000 live birds on exhibit, of every breed and variety. Commercial exhibits will be a main attraction and one firm making incubators has already contracted for 7,000 feet. Among the European countries that have decided to take part in the Congress are Germany, Belgium, Italy, Russia, Denmark, Poland, Belgium, Holland, Spain and Latvia.

Skiing in the Laurentians is becoming ever-popular in Quebec. To cope with the greatly increased traffic of winter sports lovers the Canadian Pacific Railway Company are operating special trains into the mountains during the week ends, from January 9 to March 13. Canadian winter sports are attracting a great number of Americans of late. This was evidenced by the crush of visitors at the Chateau Frontenac at Quebec city, who came across the border during the Christmas and the New Year's season.

Beaver trapping will be permitted, under an order-in-council just issued, throughout the upper part of the province of Alberta, north of the 55th parallel. Within these bounds the close season, which now holds for the whole province and for the whole year, will be opened for four months, January 1 to April 30.

The classic dog sled derby of the East is drawing near. On February 21, 22 and 23 some of the most famous huskie teams in America will battle for supreme honors at Quebec city in the Eastern International Dog Sled Derby. The total distance of the race is 120 miles. Cruelty to the dogs during this hard grind is eliminated, owing to the fact that the rules require that any dog unable to finish the race must be carried on the sled to the finishing post. The first prize is \$1,000 cash. A grand mass-querade ball at the Chateau Frontenac, the general headquarters of the winter sports season, will be the finale of the Dog Derby.

WOMEN APPROACHING MIDDLE LIFE

WHAT MRS. GODIN SAYS ABOUT "FRUIT-A-TIVES"

MRS. O. GODIN.

Mrs. Godin's letter is of particular interest to women approaching middle-life. It reads:

"I am giving this testimonial hoping it will benefit every woman suffering as I did at the change of life. I was obliged to go to bed, had terrible dizziness and pain, and felt extremely weak. 'Fruit-a-tives' were really a God-send to me. Now I am in perfect health. Every woman should follow my example. They would surely get the wonderful relief I did." Mrs. Oesine Godin, Paquetville, N.B.

By taking up this stomach, kidney and bowels, "Fruit-a-tives" is a great help to women at this trying stage of life. "Fruit-a-tives" is a safe medicine. It acts in a natural way because it is made of natural fruit juices combined with tonics. Let "Fruit-a-tives" help you, too. Start today. 25c and 50c a box, everywhere.

SAVES BOBBED HAIR SPOILS BEAUTY

New York, Jan. 8.—The annual campaign against bobbed hair was started by beauty shop owners in convention here recently. Long hair, they dressed more becomingly and with more individuality than short hair. They said that long hair was not only practical but necessary to beauty and should be abolished forthwith and forever it was resolved.

The women who committed in the name of beauty is bobbed hair," Mrs. Ruth J. Mauer, head of the National School of Cosmeticians, said in an address. "For several years the women have been going about, looking worse than comic valentines. Their short hair has not been kept in curl, but constantly straying in wisps about their faces. There are those who look like a Pili Islander or a cedar tree."

ERUPTION IN ALASKA

The picturesque volcano Makushin, which is about 10,000 feet high, burst into action on Sunday, January 15, 1927, recently, sending up a column of smoke and fire, and at approximately the same time an earthquake was felt in central Washington State.

UNEMPLOYMENT IN BRITAIN

Judging from the latest returns of unemployment in Britain there is a rapid recovery taking place from the effects of the "great coal miners' strike." The total number of unemployed was 1,200,000 on December 12th, 1926, whereas the latest report compiled shows a reduction to 1,067,783. A check-up against the figures of the corresponding month of last year shows that the number of unemployed has increased by 207,500.

ANOTHER "UNLUCKY" DIAMOND

The famous "Pinkie" diamond whose mysterious disappearance have not withstood the test of time, and which was found in the "Golden Dawn" mine, was purchased recently by the famous Mrs. John D. Rockefeller. The diamond was found for his wife. The day following his death, Mrs. Rockefeller had asked the famous "Pinkie" diamond to be sold to her. She had been told that the diamond was in the hands of a dealer, and she had a very hard time to get the dealer to take it for her.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you get a bottle of "Weyth's Sage and Sulphur Compound" at any drug store. It is made of the most famous Sage Tea leaves and the great addition of other ingredients, are sold annually, say well-known druggists here because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes, and your locks become luxuriantly dark and beautiful. This is the age of youth. Gray-haired, unattractive folks aren't wanted. To get away with Weyth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

Memoriam

In memory of the late Maud Syda Denton, beloved daughter of the late John H. Syda and Elizabeth H. Syda. In her 34th year, died Jan. 24, 1927.

In remembrance of our beloved mother, Mrs. Flora M. Raymond who passed away at her home January 13th 1924. And years, mere time, cannot efface the memory of her loving face. For in the arms of Him above is living still our mother love.

Inserted by her sons, Freeman, Chester and Garfield, New York.

In memory of my husband Charles Randall Moore who passed to the higher life Jan. 20th, 1925.

God beckoned him across the night, The best of many friends has passed on to that world of purest light. And peace at last.

I will be long before we find A heart like his on earth again quick to feel with all mankind In joy and pain.

The golden heart that knew no guile, The eager eyes alight with mirth, Conqueror of our darkness with a smile, And left on earth.

A memory fragrant as a prayer, A music that exalts our sky, A light that broadens up the air, And cannot die.

Written by Mrs. R. C. Moore, Freeport, N.S.

CARD OF THANKS

Mr. Byron Blackford and family wish to express their deep appreciation of the many kindnesses shown by their friends in their recent bereavement.

Board of Trade Will Sponsor Big First of July Celebration

Fritz Dakin Elected President of Digby Board of Trade at Interesting Annual Meeting

Outline of an ambitious program and activities of the Digby Board of Trade during the coming season was approved and committees appointed to work out the details, at the annual meeting of the Board held Tuesday night. The program includes a series of lectures under the Dalhousie University Extension course during February, March and April, investigation of a proposal to erect a fifty thousand dollar bungalow colony at Smith's Cove for summer visitors and assisting in financing of this, if it proves feasible, the celebrating of Canada's Diamond Jubilee with land and water sports, both by day and by night and the holding on Digby Basin of the Maritime Rowing Championships. The Dominion Day celebration is to inaugurate the summer tourist season, a holiday gathering for home folks and the Rowing Championships, if held here, will be amplified with other sports for the entertainment of summer visitors.

Annual reports of the organization show that the Board has accomplished something in the development of tourist traffic and has been fulfilling in its endeavor to promote the welfare of Digby Town and County. The report of the retiring president, Mr. C. F. McBride, dealt particularly with the failure of the Windsor Gypsum Co. to locate in Digby county and conveyed to the Board appreciation of Mr. Wack, President of the Company, for the assistance given and the explanation that the necessity of immediate commencement of development prevented delay while clear title of Smith's Cove site could be secured. Mr. McBride presented for the consideration of the Board the enormous increase in tourist traffic which should result from the placing of new steamers on the New York and Yarmouth and Boston and Yarmouth routes.

The financial statement showed a healthy balance on hand for the year's work.

Officers for the year are—President—Fritz Dakin Vice—F. Anderson Secretary—F. Nichols Assistant Sec.—E. Robertson, Jr. Council—C. F. McBride, T. E. Lynch, P. W. Holdsworth, A. R. Turnbull, R. B. Lockward, Dr. DuVernet, H. B. Short, A. J. Dillon Auditors—A. Boden, Major Denton.

Committees Entertainment—C. B. Simmonds, E. M. Robertson, Jr., F. R. Eisner, Wm. Cossaboom.

Tourist & Publicity committee—P. Yates, J. J. Wallis, R. Lockward, R. C. Mills.

Camping Ground committee—S. W. Titus, H. M. Warne.

Boating and Slip committee—F. Hayden, E. Robertson Jr., G. W. Connel, O. Wright.

Transportation & Industrial committee—H. T. Warne, T. Lynch, F. Anderson, C. McBride, Wm. Cossaboom.

Hydro committee—T. Lynch, Dr. DuVernet, Major Denton.

Dominion Day Celebration committee—J. Merkel, A. McPhee, F. McHugh, G. W. Connell, F. Dakin.

Mr. Lynch, reporting for last year's Hydro Committee, referred to the progress everybody knew had been made as his report. The committee was re-formed at the request of Mr. Marshall, who stated that the original plan had been increased to 350 h.p. and further development would be necessary and the assistance of the Board of Trade required as the Power Board had already in sight demand for all that could be produced.

Mr. Wm. Cossaboom of Smith's Cove addressed the Board with a project for a fifty thousand dollar bungalow colony for summer tourists.

Warden Andrews and members of the Assessment Appeal Board of the Municipal Council each spoke briefly.

ROBERT C. MILLS
Managing Editor

FRIDAY, JANUARY 28, 1927

Celebrating Dominion Day

Friday, July first, the Diamond Jubilee of Confederation, will see the proposals put forward by the members of the Board of Trade at their Annual Meeting this week. amount to anything, be celebrated most fittingly. The resolution appointing a committee to handle the proposal called for "celebration on land and water" and the proposer, Mayor Anderson, emphasized that his proposal as for a real old fashioned celebration, such as used to be when he was a kid.

The proposal is one that should receive the support of all people in the town and county. We may well take the example of our neighbors to the south and celebrate the birthday of the nation in fitting manner. Such a celebration should inspire the younger generation to a better realization of what Confederation means and in some measure give expression to that spirit of patriotism that is so often hidden.

The committee of the Board of Trade should not be left to do all the work. The Town authorities should assist, the public should assist, a real old time holiday for home people, our celebration be for the business of catering to summer visitors takes up all our time.

RED PEPPER FOR COLDS IN CHEST

Ease your tight, aching chest. Stop the pain. Break up the congestion. For a bad cold loosen up in just a short time. Red Pepper Rub is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to ease the tightness and drive the congestion and soreness right out. Nothing has such concentrated, penetrating heat as red pepper, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once. The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. It will give the quickest relief known.

Mrs. Byron Blackford

On Wednesday evening, Jan. 19, the little village of Tiverton was saddened by the passing away of Mrs. Byron Blackford. Her fatal illness lasted but a short time. She, however, was ready and willing to meet her God. Her daughters and husband have indeed lost one of the dearest of mothers and the best of pals. Her presence will be greatly missed especially in homes where illness occurs. She was a woman whom people trusted with their sick ones, and also with their dear ones, when after sickness was no more. Her bright, cheery manner will be missed, not only by people of Tiverton, but by people who had to "wait for the Mail". For many years she had been a member of the Baptist church. She was fifty-two years of age.

She leaves to mourn, a husband, three daughters, Helen, Norma and Eva, one sister, Mrs. Frank Ruggles, two brothers, Henry Outhouse and Fred Outhouse all of Tiverton and a large circle of friends. The funeral services were held on Saturday and were conducted by Rev. A. McLeod. The floral tributes were very beautiful, showing the esteem in which Mrs. Blackford was held.

Weymouth North

The "Searchlight" Mission Band held its annual business meeting at the home of the President, Mrs. Wm. Lent on Friday at which the following officers were elected: President—Mrs. William Lent Vice—Dorothy Coggins Secretary—Kathleen Fitzgerald Treasurer—Lillian Doty Pianist—Frances Lent

The C.G.I.T. met with Evelyn Hill on Friday evening. On Sunday evening they led the devotion period in service at the Baptist church.

A junior branch of the W. A. was formed in the Guild Hall on Saturday afternoon with the following officers: Leader—Mrs. Skidmore Secretary—Helen Tooker Treasurer—Mary Tooker

Mr. and Mrs. Alfred Johnson of Plympton spent Sunday in town.

The business meeting of St. Peter's Guild was held in the Guild room on Tuesday evening. The following officers were elected for the year:

President—Mrs. Glidden Campbell Vice—Mrs. W. Morse Secretary—Miss Rosa Jones Treasurer—Mrs. Harrison Jones re-elected

Knew Them Too Well

Pastor addressing church fair— "My dear friends—I will not call you Ladies and Gentlemen." I know you too well."

Harlem

Miss Margaret Beaudro, sister Evelyn and Harvey Travoy, spent Sunday afternoon with friends in New Tusket.

Lawrence Lavander of Weymouth Mills, spent Sunday with friends here.

Frank Barr of Digby spent the week end with his father, James Barr.

The marriage of Arnold Barr of Harlem to Miss Ida Gaudette was announced on Tuesday, January 18th by Rev. Pentz, Weymouth North.

Ernest Ellis of Port Maitland, who is working for Stephen Barr, is staying at John Beaudro's.

CLERICAL GARDENS

To an English vicar whose spare moments spent lovingly and intelligently in his vicarage garden the world renders grateful thanks for the Shirley poppy, that fascinating flower whose culture is so easy and whose beauty is so unexpected. With a fragile appearance belying its sturdy constitution the Shirley enjoys a vast popularity among gardeners who are often ignorant as to its origin, yet the clergyman who developed it is declared in the heaven and whose handiwork shines forth in the firmament.

When that young curate, Gilbert White, strolled with seeing eyes through English lanes and laboured questioningly in his garden, unwittingly he bridged the gap between the medieval and the modern schools of natural science, and when he wrote his "Natural History of Selborne" he introduced science into the domain of literature, and it was his book that prepared men's minds for the later revelations of Darwin.

There has died recently in England, at Harving in Essex, an old clergyman, the Rev. J. H. Penberton, whose name bids fair to be as well known to future generations of gardeners as either White's or Shirley's. For over fifty years Penberton has been growing and exhibiting roses. He won more than a thousand awards at flower shows, and when two years ago he completed his retirement from the Church, and the demands of flower lovers all over the world grew insistent, he became a professional rose grower so that his blooms might be taken to the far places of the earth. His success, he was fond of relating, was the result of a boyish ambition. When a small boy in petticoats he was taken to a flower show at the Crystal Palace. He was greatly interested in the roses, and there and then he decided that some day he would grow bigger and better roses than any then on exhibition. So well did he succeed that in his later years he was affectionately called in England, "The Grand Old Man of Roses."

STILL A YACHTING HONOR

"If at first you don't succeed..." is apparently Sir Thomas Lipton's motto. Sir Thomas, the famous yachtman who for 27 years has tried to wrest the America's Cup, the coveted Yachting trophy, from the United States without success, is now preparing for a fifth attempt, and hopes to race in 1928. Sir Thomas made his first attempt in 1900, but was unsuccessful. He also tried in 1901, 1903 and 1920. His efforts so far have cost him \$5,000,000. One of the conditions governing this race is that the challenger must sail his yacht to the appointed place of the race, and in this case Sir Thomas has to sail a yacht that will cross the Atlantic Ocean, and to have to construct a vessel heavy enough for this, but light enough for racing, places a severe handicap on the challenger.

THE DUNCAN REPORT

The Duncan Report will be an excellent thing for the Maritimes, if all its recommendations are carried into effect; particularly the ones which refer to the establishing of coaling plants and the payment of a bonus upon steel manufactured from Canadian coal. The twenty per cent freight rate cut ought naturally to come since the I. C. R. was built for strategic purposes. That extra freight rate is not our responsibility but the responsibility of the whole country and we at this end of Canada should not be forced to shoulder the whole load of it. Coaling plants will mean much to the coal industry of this Province and an expansion of the coal industry will solve many of our agricultural problems and cause a general revival of trade. There is much coal in the Province of Nova Scotia to supply all Canada for the next fifty years, and have some left over for the end. If Ottawa will see the point and translate the recommendations of the commission into action we will have a boom time in these Provinces beside the sea.

TYRANNY GROWS IRKSOME

The League of Nations has received a number of appeals from individual anti-Fascist Italians for same to be taken against the Fascists on the ground that the latter are violating justice and the rights of man. These appeals have, however, been filed, as no action can be taken on matters dealing with purely domestic affairs of a member state.

CANNOT CALL AT EGYPT

Egypt does not desire the presence of Shapurji Saklatvala, the Communist member of the British House of Commons, who last year was refused admittance to the United States. He started for India armed with the necessary passport to visit that country but was asked to visit Egypt en route. The Egyptian Legation at London, however, refused to give him a visa.

New Tusket

The Misses Lella and Susie Dickie, who spent the holidays at their home, Truro, returned to their schools at New Tusket and Hasset, on Wednesday last. They were detained in Truro on account of sickness.

Miss Annie Green who has been working in Yarmouth the last few months returned home on Monday.

Misses Lella and Susie Dickie and Annie Greene spent Sunday afternoon and evening at the home of Mr. and Mrs. C. Sabeau. Messrs Simeon Sabeau and Bernard Goudy also spent the evening there.

Mr. and Mrs. Chester Stevens of Weymouth North spent Sunday at the home of her father, Luke Gaudette.

ANTARCTIC IS BRITISH TERRITORY

King George of Great Britain has now added to his many titles that of King of the South Pole, at the instigation of the Imperial Conference. It was also expected in some quarters that Canada would lay claim to the land adjoining the North Pole, but this was not done, as a protest from the United States might have ensued. It is the British claim to the Antarctic, is being disputed by the French, who claim Adelle Land, part of the Antarctic, and they will probably take the question to the League of Nations. There is a great deal of enthusiasm among scientists who believe that the land regions surrounding the South Pole are rich in precious metals. If this is true it will mean much to the country owning this continent.

LOGS TO BURN

Logs to burn, logs to burn, Logs to save the coal a turn. Here's a word to make you wise, When you hear the wood-man's cries, Never heed his usual tale, That he has splendid logs for sale, But read these lines and greatly learn The proper kind of logs to burn. Oak logs will warm you well If they're old and dry, Larch logs of pine wood smell, But the sparks will fly, Birch logs for Christmas time, Yew logs heat well, "Scotch" logs is a crime For any one to sell, Birch logs will burn too fast, Chestnut scarce at all, Hawthorn logs are good to last If you cut them in the fall, Holly logs will burn like wax, You should burn them green, Elm logs like smoking fat, No flame is to be seen, Pear logs and apple logs, They will soot your room, Cherry logs across the dogs, Small like flowers in bloom, But ash logs, all smooth and grey, Burn them green or old, Buy up all that come your way, They're worth their weight in gold. London Observer.

ONLY A NEWSPAPER GUY

I see a man strut through a jam in the hall, Take a seat amid the speakers and hear that "He has Hoover" I ask "that the crowd he defies?" "No," says someone, "he's one of them newspaper guys."

I see a man pushing his way through the lines of a show, Of cops where a fire brightly glimmers and shines; "Chief Collins!" I ask, but a freeman replies, "Oh, no, that's one of those newspaper guys."

I see a man strutting on the trail of a crook And he deserves all assistance but brings him to book: "Mr. Burns," I enquire, someone scornfully cries, "Burns?" Naw, He's just one of them newspaper guys."

I see a man walk through the door of a show, Where great crowds are blocked by the sign S. R. O., "Is that Arliss himself that no tick at luvvies?" "Well, hardly, He's one of those newspaper guys."

I see a man knock on a President's door And the sign, "No Admittance," completely ignores, "Is this Morgan, that privacy's rights he denies?" "Morgan?" He's just one of those newspaper guys."

And some day I'll walk by the great stream of gold, And see a man enter, unquestioned and bold, "A saint!" I'll enquire, and St. Peter will reply, "Well, I should say not, he's a newspaper guy."

The British flag comes from North Sydney, When the little 25 ton schooner Golden Hind piled up on

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Cold at Once. If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it permeate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief. Ah! How good it feels. Your nostrils are open, your head is clear, no more hawking, sneezing, blowing, no more head aches, no more struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

The CARLETON HOTEL
HEADQUARTERS IN HALIFAX

Beware of La Grippe

In Europe La Grippe is reported to have appeared in a very serious form and it is feared that it will strike Canada before long.

An excellent way to ward it off, one which was well demonstrated in the epidemic in 1918-1919, is to take two or three times a day and before retiring at night a full dose of Mathies's Syrup of Tar and Extract of Cod Liver in triple quantity of hot water—following each dose with a Mathies's Nervine Powder or Tablet.

This treatment does not interfere with one's daily occupations. All dealers sell these preparations. The J. L. Mathies Co., Sherbrooke, P.Q.

A. E. MORRIS, Amherst, N.S. Distributor for the Maritimes.

If Back Hurts Begin on Salts

Flush Your Kidneys Occasionally by Drinking Quarts of Good Water

No man or woman can make a mistake by flushing the kidneys occasionally. Says a well-known authority: "Too much rich food creates acids which clog the kidney pores so that they sluggishly filter or strain only waste and poisons from the blood. When you get sick, Rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder trouble often come from sluggish kidneys."

The moment you feel a dull ache in the kidneys or your back hurts, if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, begin to drink soft water in quantity; you get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast, for a few days and your kidneys may then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush clogged kidneys and stimulate them to activity; also to help neutralize the acids in the system so they no longer cause irritation, thus often relieving bladder troubles.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithia-water drink, which everyone can take now and then to help keep the kidneys clean and the blood pure, thereby often preventing serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

MAKES THE URINE CLEAR AND DEEPER

Proceedings of Digby County Municipal Council, January 1927

The Council in and for the Municipality of the District of Digby met at the Court House, Digby on Tuesday Jan. 11th at 2 p.m. present Councillors Chisholm, Marshall, Lent, Pugh, Andrews, Fitzgerald, Outhouse, Cornwell, Cossaboon, Hillman, Hankinson.

Warden Saunders having died since the last meeting of the Council deputy Warden Andrews took the chair and referred feelingly to the passing of the late Warden. The minutes of the May meeting and of the adjourned meeting of the Council in June were read and approved.

The deputy warden then called on the Council to elect a warden, moved by Councillor Hillman that the deputy warden be appointed warden, seconded by Councillor Fitzgerald and passed.

Moved by Councillor Hankinson that Councillor Cossaboon be appointed deputy warden, seconded by Councillor Chisholm and passed.

Moved, seconded and passed that Councillor Marshall and Hillman and the Clerk be appointed a committee to arrange a letter of condolence to be forwarded to the family of the late warden.

On motion the standing committee retired for the purpose of making any necessary changes in the committees; Councillor Chisholm being appointed a member of this committee. This committee brought in their report, that Councillor Fitzgerald be appointed to the by-law committee and Councillor Pugh to the Arbitration Committee, these changes were approved by the Council.

The resignation of Councillor Pugh from the committee for Revisionary Jury Lists was accepted and Councillor Chisholm appointed in his place.

Mr. Connor came before the Council with a proposition for clearing the roads of snow in winter, on motion this was left on the table.

The report of Dr. Read, as Jail Physician for 1926 was read and accepted.

The report of Dr. Dickie, attending at the County Home for 1926 was read and on motion received and left on the table.

The report of Dr. Rice, Medical Health Officer for 1926 was read and received by the Council.

A letter from Rev. A. J. Prosser, agent Children's Aid Society was read and left on the table.

A letter from A. Roberts, secretary Union Nova Scotia Municipalities resolution asking for a Municipal Department at the Provincial House, was read and on motion left on the table.

The report of the Auditors for 1926 was read and received and on motion accepted.

Applications from Belyea & MacNee and from Orlay & Johnson for the position of Auditors for 1927 were read, on motion that of Belyea & MacNee was accepted at 75.00, the audit to be completed before the meeting of the Council in Jan. 1928.

Councillor Hankinson, chairman, read the report of the committee on Tenders & Public Property, which on motion was received and adopted; he also read the report of the keeper at the County Home which on motion was received.

Moved seconded and passed that the sum of \$19.27 of 1926 rates be refunded to Mrs. M. Raymond in the district of Ross-ways.

Dr. Roberts, Dr. Dickie and Mr. M. Denton came before the Council on behalf of the Digby General Hospital, asking for a contribution of the grant of 1926. Dr. Roberts gave a statement of the finances of the past six months. Dr. Dickie moved of the patients cared for. The Warden thanked these gentlemen for their information and told them their request would be dealt with later.

Councillor Hillman read a letter re taxation on property belonging to the Town, which on motion was referred to the Committee on Public Property for further information.

On motion the letter of Mr. S. Marshall asking for a refund of 1926 rates was referred to the Council for 1927 for further information he to report on the question in May.

A discussion on the Assessment Rolls for 1927 followed; Mr. G. R. Pines addressed the Council on matters of assessment.

Rev. A. J. Prosser addressed the Council, telling of the work done by the Children's Aid Society and asking for an increase in the grant for 1927.

Moved and seconded that Dr. Dickie be appointed Medical Health Officer for 1927; moved and seconded in amendment that Dr. Rice be appointed for this office, on being put to vote the amendment carried, Dr. Rice being appointed.

Mr. Campbell of the National Institute for the blind came before the Council, telling of the work of the Institute in the matter of the giving employment to the

blind and asking for a grant from the Municipality of \$300 for this work. This matter was left to the finance committee.

A letter from Mr. Nare re assessment on foxes was read, and on motion left on the table.

Mr. Troop addressed the Council, stating that there was now no royalty on fox pelts.

On motion David Hazelton was appointed Court Constable for 1927 and Herbert Bacon Court Crier for the same year.

On motion Mr. H. P. Bowers, Mr. H. Anthony and Mr. G. O. Hankinson were appointed members of the Board of Assessment revision and appeal.

The question of interest on taxes came up for discussion, but no action was taken.

Mr. T. O. Morgan came before the Council telling of methods of assessment and answering many questions. Mr. F. W. Nichols, solicitor for the Municipality came before the Council giving information on matters of assessment.

Moved by Councillor Hillman, seconded by Councillor Lent that unless a compromise satisfactory to the Council is reached in the matter of assessments this Council hereby reject the assessment rolls.

Moved in amendment by Councillor Hankinson that the assessment rolls for 1927 be referred to the Board of Assessment Appeals for adjustment and equalization at their regular meeting the fourth Tuesday in January and that the regular assessors who prepared the rolls and a committee from the Council meet with them; seconded by Councillor Marshall and passed. Voting for the amendment Councillors Chisholm, Marshall, Cossaboon, Pugh, Andrews, Hankinson, Outhouse, Fitzgerald. Voting against the amendment Councillors Hillman, Lent, Cornwell.

Councillor Marshall read the report of the Digby County Power Board, which on motion was received and ordered placed on file.

After some discussion and explanation on the passing of the resolution on the borrowing of money and issuing of debentures at the adjourned meeting of the Council in June the following motion was passed and reenacted. Resolved that this Council hereby authorize and empower the Digby County Power Board from time to time to borrow a sum of money, make and issue debentures therefor not exceeding \$75,000 in accordance with the Digby County Power Board Act, as authorized at the meeting of the Council in June 1926 and approve of the Board's borrowing and issue of debentures.

Councillor Cossaboon spoke of the proposed coming into the county of the Canadian Gypsum Co. asking for a provisional grant from the Council \$400. to help in the inducement held to this company to locate in this county. Moved and seconded and passed that the amount of \$100.00 be granted after the company start operations in Digby County.

Moved and seconded that the Digby General Hospital be granted for 1927 the sum of \$500; moved and seconded in amendment that the Digby General Hospital be granted 250; on being put to vote the amendment carried; voting for the amendment, Councillors Chisholm, Pugh, Lent, Cornwell, Hillman, ag. amend. Councillors Hankinson, Marshall, Cossaboon, and Fitzgerald.

Moved and seconded that the Children's Aid Society be granted \$150; moved in amendment that this grant be increased to be \$200 on being put to vote the motion carried.

Moved seconded and passed that the Digby County Farmer's Association be granted \$25.00 for 1927.

Moved seconded and passed that the Warden and Councillor Marshall be a committee to negotiate the proposed loan for repairs at the Alms House.

The Warden thanked the Councillors for their co-operation and attention.

With the singing of the National Anthem the Council closed sine die.

Councillor Fitzgerald read the report of the committee on Matters pertaining to the Poor & Harmless Insane, which on motion was received.

Councillor Outhouse moved the following resolution, which was seconded and passed "Whereas it is the opinion of the Council for the Municipality of the District of Digby that a breakwater should be erected at East Ferry, Digby Co. for the convenience of the travelling public and the conveyance of His Majesty's Mail to and from the main land and the islands, therefore resolved that the Public Works Department at Ottawa be asked to give this matter their immediate attention and further resolved that the Municipal Clerk forward a copy of this resolution to the Minister of Public Works at Ottawa and also to Mr. H. B. Short, the member for this constituency."

Moved and seconded that the date for the paying of interest on Municipal taxes be changed from September 30th to Nov. 30th; not carried.

On motion the Clerk was authorized to pay fire fighting bills for 1926 to an amount not exceeding \$143; no fire fighting bills for 1927 to be paid until they had been before the Finance Committee.

On motion the following resolution was passed "Whereas five thousand dollars has been expended in making necessary repairs to the County Home of the Municipality of the District of Digby; therefore be it resolved that this council authorize the borrowing of the sum of five thousand dollars, by the issue of debentures, and further resolved that the sum of five thousand dollars shall be borrowed and raised by the issue and sale of debentures by the Municipality, such debentures to be for the sum of (\$1000) one thousand dollars each; and payable one thousand dollars each year, serially nos. 1, 2, 3, 4, 5, at the office of the Municipal Clerk, with interest at the rate of 5 per cent payable half yearly at the same office."

And further resolved that the chairman of the Finance Committee take the necessary steps to have a bill introduced at the next meeting of the Legislature authorizing the borrowing and issuing of the said debentures.

Moved seconded and passed that the Warden, Councillors Pugh and Hillman be a committee to meet the Board of Assessment Appeal.

Moved seconded and passed that the committee on Tenders & Public Property be authorized to proceed with the wiring of the County Home and with the construction of a new roof for that building.

Councillor Hillman read the report of the Finance committee which on motion was received and adopted.

Moved, seconded and passed that the assessing of the residents in sections 6 and 12, Hillsburgh for the purpose of removing snow from the roads in winter, be carried out as directed in the Statutes, the overseer to pay 20 cents per hour for labor and to receive 25 cents per hour for his time; and to keep proper pay rolls and file the same with the Municipal Clerk, give the names of all property owners in the section, with any other information required.

Moved, seconded and passed that the names of Weyland McDonald and Thomas Melanson of road section no. 8 of Ross-ways district be added to the names on road section no. 4 for purposes of shovelling snow.

On motion the list of officers for the year were passed for districts nos. 1, 2, 5, 6, 7, 8, 13, 15, 16, 17, 22.

On motion the report of the assessment committee was accepted.

On motion the Warden and Clerk were appointed delegates to attend the meeting of the Union of Nova Scotia Municipalities.

The Warden thanked the Councillors for their co-operation and attention.

With the singing of the National Anthem the Council closed sine die.

Councillor Fitzgerald read the report of the committee on Matters pertaining to the Poor & Harmless Insane, which on motion was received.

Councillor Outhouse moved the following resolution, which was seconded and passed "Whereas it is the opinion of the Council for the Municipality of the District of Digby that a breakwater should be erected at East Ferry, Digby Co. for the convenience of the travelling public and the conveyance of His Majesty's Mail to and from the main land and the islands, therefore resolved that the Public Works Department at Ottawa be asked to give this matter their immediate attention and further resolved that the Municipal Clerk forward a copy of this resolution to the Minister of Public Works at Ottawa and also to Mr. H. B. Short, the member for this constituency."

Moved and seconded that the date for the paying of interest on Municipal taxes be changed from September 30th to Nov. 30th; not carried.

On motion the Clerk was authorized to pay fire fighting bills for 1926 to an amount not exceeding \$143; no fire fighting bills for 1927 to be paid until they had been before the Finance Committee.

On motion the following resolution was passed "Whereas five thousand dollars has been expended in making necessary repairs to the County Home of the Municipality of the District of Digby; therefore be it resolved that this council authorize the borrowing of the sum of five thousand dollars, by the issue of debentures, and further resolved that the sum of five thousand dollars shall be borrowed and raised by the issue and sale of debentures by the Municipality, such debentures to be for the sum of (\$1000) one thousand dollars each; and payable one thousand dollars each year, serially nos. 1, 2, 3, 4, 5, at the office of the Municipal Clerk, with interest at the rate of 5 per cent payable half yearly at the same office."

And further resolved that the chairman of the Finance Committee take the necessary steps to have a bill introduced at the next meeting of the Legislature authorizing the borrowing and issuing of the said debentures.

Moved seconded and passed that the Warden, Councillors Pugh and Hillman be a committee to meet the Board of Assessment Appeal.

Moved seconded and passed that the committee on Tenders & Public Property be authorized to proceed with the wiring of the County Home and with the construction of a new roof for that building.

Councillor Hillman read the report of the Finance committee which on motion was received and adopted.

Moved, seconded and passed that the assessing of the residents in sections 6 and 12, Hillsburgh for the purpose of removing snow from the roads in winter, be carried out as directed in the Statutes, the overseer to pay 20 cents per hour for labor and to receive 25 cents per hour for his time; and to keep proper pay rolls and file the same with the Municipal Clerk, give the names of all property owners in the section, with any other information required.

Moved, seconded and passed that the names of Weyland McDonald and Thomas Melanson of road section no. 8 of Ross-ways district be added to the names on road section no. 4 for purposes of shovelling snow.

On motion the list of officers for the year were passed for districts nos. 1, 2, 5, 6, 7, 8, 13, 15, 16, 17, 22.

On motion the report of the assessment committee was accepted.

On motion the Warden and Clerk were appointed delegates to attend the meeting of the Union of Nova Scotia Municipalities.

The Warden thanked the Councillors for their co-operation and attention.

With the singing of the National Anthem the Council closed sine die.

Councillor Fitzgerald read the report of the committee on Matters pertaining to the Poor & Harmless Insane, which on motion was received.

Councillor Outhouse moved the following resolution, which was seconded and passed "Whereas it is the opinion of the Council for the Municipality of the District of Digby that a breakwater should be erected at East Ferry, Digby Co. for the convenience of the travelling public and the conveyance of His Majesty's Mail to and from the main land and the islands, therefore resolved that the Public Works Department at Ottawa be asked to give this matter their immediate attention and further resolved that the Municipal Clerk forward a copy of this resolution to the Minister of Public Works at Ottawa and also to Mr. H. Deep Brook

Capt. B. F. Clements, after many years of faithful service as station agent, has resigned his position at Deep Brook. Mr. Winchester of Digby is the newly appointed agent.

Rev. and Mrs. Frank Smith spent the week end at Aylesford, Mr. Crossman of Acadia University filled the appointments in this Circuit.

Mr. Edward Pienkney has recently sold the point of land on the shore front of his property at Deep Brook to an American company for the development of a gypsum plant. The survey has been completed their work. Through this new industry the electric power will come over Victoria Bridge, thus making it

possible for the residents of our village to have electric lights. Mr. Frank Dittmars has been through the community in the interest of the Co., and nearly every family has signed for the lights. A meeting of the members of the Baptist Church was held on Monday evening at Mr. B. H. A. Rice's to consider lights for the Church.

Mrs. J. R. Berry is spending a few days at Torbrook the guest of her daughter, Mrs. Aubrey Sanford.

Mrs. J. N. Berry of Clements-ville was a week end guest at the home of Mr. and Mrs. L. E. Sherman.

The Dorcas Society held a pleasant meeting Jan. 12th with Mrs. Alice Bell. A short business session was held. It was voted to pay to the church treasurer \$25.00 toward the insurance.

Mrs. Bessie McBride entertained the Dorcas Society on Wednesday Jan. 19th, a goodly number being present.

At the Sunday evening service Jan. 16th, Rev. Frank Smith resigned the pastorate of the Baptist Church. Mr. Smith has received an unanimous call to become pastor of the Aylesford Baptist Church.

No such thing as LUCK when you use Quaker Flour

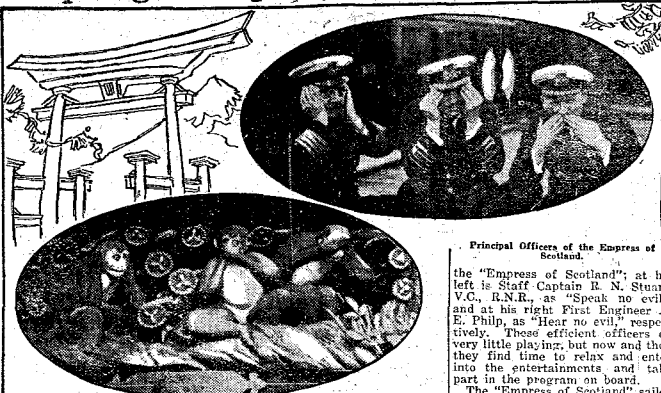

There is no such thing as "luck" in baking when you use a flour that bakes the same every time. Quaker Flour gives uniform results in the oven. Samples are tested every day under actual home conditions in our home-baking kitchen. No flour can bear the Quaker brand unless it comes up to our rigid standards. Women who use Quaker Flour become accustomed to perfect results every time—flaky pastry, delicious cakes and large, light loaves of bread.

Every bag is sold under the guarantee that if for any reason you have trouble with Quaker Flour, the dealer will replace it, or give your money back.

Always the Same Always the Best

Apeing the Apes of a Shinto Temple

Principal Officers of the Empress of Scotland.

"Hear no evil; speak no evil; see no evil." These three phrases are well-known in modern parlance. They, and a group of gesturing monkeys, are synonymous, the famous original carving being located in a Shinto temple at Nikko, Japan. Many copies of these allegorical triplets have been made and sold the world over for ornaments, paper weights and book ends. Not the

least successful imitations, however, are the three principal officers of the Canadian Pacific steamship "Empress of Scotland," which is at present cruising around the world. The photograph above shows them squatted on deck interpreting the teachings of the famous Japanese statues to cruise cameramen. "See no evil" in the centre is the captain, R. G. Latta, commander of

Belleisle

Miss Gladys Woodbury of Halifax is visiting her cousin, Miss Gladys Troop.

Mrs. William Bent went to Parkers Cove on Sunday to attend the funeral of her father the late James H. Young.

Miss LaVaughn Nichols of Aylesford is visiting her aunt, Miss Jennie Parker.

Mrs. A. L. Hudson was boisterous at a very enjoyable tea party on Saturday evening.

Mrs. Minnie Bent spent a few days last week with friends at Granville Centre.

Albert Marshall of Boston is visiting his daughter, Mrs. William Morse.

Mr. and Mrs. Joseph D. Bent spent Sunday with Mr. and Mrs. Earl Poul at Bridgetown.

The death of Mr. Charles Wade which occurred at the V. G. Hospital, Halifax on Jan 4 has removed from our community one of the oldest inhabitants. Mr. Wade had lived his entire life of 79 years here and his many friends regret his passing. His funeral, which was held at St. Mary's church on Jan. 6th was largely attended. His remains were laid to rest in the family lot. He was the last member of one of Granville's oldest families.

Digby Wins from Middleton in Fast, Clean Hockey Game

Ravens Outplay Visitors and Bombard Moore with Rain of Shots. Jones Made Fifty Four Tries.

Boys Oh Boys! It was one great game! Middleton came with their best. They didn't care for the trimming they got last week right in their own shanty and they were out to take a win home if they could get it. But it wasn't any use. The Jack Daws poked their eyes out so to speak and out skated, out played and out scored the visitors at every point of the game. It was Hockey with a capital H, and just as hot. From the first whistle to the final bell both teams were on the puck all the way and the dig dug up and down the ice battle was sixty minutes of your money's worth if you paid twice as much.

For the first eight minutes each team tested out the strength of the other, getting used to the glassy ice and taking the measure of their opponents. Then Jones got the puck at center, ran into the Middleton defense and snapped a hummer into the twine for a tally. Bag! Bang! Bang! the boards rang with blows, the rafters echoed and before the shouting died away, Fisher of Middleton had given the home fans something to think about. His forward line had broken into the Ravens' chicken run and Fisher lobbed one from point that bounced right over Eldridge's club into

the case. The prettiest score of the game was made when Daley took a pass from Jones and snapped the Middleton net for the second tally.

The second spasm was faster than the first. The Middleton lads over-skated the puck time after time and in their eagerness to even the score pressed their defence too far forward, leaving their net unguarded. With the whole Middleton team bunched about the Ravens cage, Hyson grabbed the pill out from behind his own net and was off like a shot. The visitors couldn't catch him and he banged one in for number four.

Tupper repeated the same dose right from the pass out at facing off and two minutes later Hyson got another run and another score. At thirteen minutes play one of Jones' shots got by, ending the scoring for the period.

The third frame opened with an end to end battle. Both teams were tiring, but pressing hard.

After three minutes Fisher of Middleton sank the rubber for their second count. Then one of Jim Long Shots fast ones took effect and after ten minutes of play, an other, Middleton scored their with a nice shot from wing by Ben net. That set the Ravens, feather ruffling and in the mix up in front of the Middleton goal that followed Daley banged another count. Hutchinson won a reward for repeated end to end rushes when after the period was two thirds gone he picked the puck off his own goal post and ran clear through continued on page 6

For Sore Throat

**Medical men agreed
a lubricant is better
than a laxative**

Doctors Advise Nujol
Nine doctors out of every ten told us they were advising the Nujol type of treatment for their patients in place of laxatives—and for these reasons:

1. Nujol is not habit-forming.
2. A more natural method.
3. A lubricant is better than a laxative.
4. Does not grip.
5. Is not irritating and pries.
Nujol gives lasting relief.

Unlike Laxatives
Laxatives and cathartics act by irritating the intestinal tract. They cause

the bowels to frantically expel the contents of the intestines and thus rid the system of the drugs that pills and poisons contain.
Nujol acts entirely differently. It contains no drugs, no medicine. Its action is mechanical. It merely softens the dried waste matter in the intestines and lubricates the passage so that the muscles of the bowels can expel the waste matter regularly, naturally and thoroughly.

Nature-given Remedy
Nujol appeals to the medical man because it is a simple, scientific and safe remedy for constipation. No matter how severe the case may be, it is gentle in its action and pleasant to take. Children love it. Get a bottle of Nujol from your druggist today. Doctors advise it for constipation, whether chronic or temporary. Avoid substitutes.

Nujol
For Constipation

Here and There

During 1926, the Canada Colonization Association settled 734 families on 188,094 acres in Western Canada, 69,678 acres of which were in the province of Manitoba.

Plans have been completed for the World's Poultry Congress, to be held in Ottawa from July 27th to August 4th. More than thirty countries will be represented and the number of delegates is expected to reach 6,000.

Shanghai is at the present time operating more trolley busses, carrying more passengers per mile of route, and charging a lower fare in terms of gold wages, than any other system in the world.

The champion Jersey cow of the world, an out-and-out British Columbia product, is to go on tour according to the directors of David Spencer Limited of Vancouver, who stated the champion would arrive at the Canadian Pacific Express yards shortly.

Reports indicate that the many dairy companies in Nova Scotia have had a most successful year. One company reports that they manufactured well over 100,000 pounds more butter than in 1925. This increased production was valued at over \$50,000.

Developments in bacon-hog raising in Nova Scotia and particularly in the Annapolis Valley as a by-product of the dairy industry, is already an assured success. In 1926, 21 swine clubs were functioning successfully in the Province. Of these eight operated in the Dominion Atlantic Railway territory.

The first fish net factory to operate in Canada is being started here by the Canadian Fish Net Co., Ltd., a corporation of Canadian capital and employing Canadian labor. Hitherto the nets used by Canadian fishermen have been imported from Europe and the United States, which has at times entailed heavy losses owing to late deliveries.

Grain left Montreal for seventeen different countries in the 1926 season. Great Britain imported to the heaviest extent, followed in order by Holland, Germany, Belgium, Italy, France, Norway, Greece, Ireland, Portugal and Serbia with Great Britain took 39,291,053 bushels, or 31 per cent, of the total exports from the Port, being also the heaviest purchaser of oats. Norway and Holland were the two largest buyers of rye.

The grain harvest of 1926 has left more money in the country than the greater harvest and somewhat higher prices of 1925, according to N. M. Paterson, president of the Paterson Steamship Company, and owner of a hundred country elevators in the West, with one other city elevator now being built at a contract cost of \$200,000 at Port William. Mr. Paterson, who was interviewed at the Windsor Hotel in Montreal recently, having arrived from Winnipeg, is travelling with his father and mother, wife, six children and two nurses, by Canadian Pacific route, land and steamship, to England with a view to staying at Bournemouth for the next three months.

Steamship companies brought approximately 165,000 passengers to the Dominion in 1926, an increase of nearly 48,000 over the previous years. Third class passengers, the majority of whom were immigrants or new settlers, accounted for over 120,000. An outstanding feature of travel has been the development of tourist third class accommodation. Approximately 7,100 passengers of this kind were carried.

Administrators Sale

In the Estate of Elmore C. Kent, late of Westport in the County of Digby, Married Woman, Deceased.

To be sold at Public Auction on the premises of the County of Digby on FRIDAY the 11th, day of February A. D. 1927 at eleven o'clock in the forenoon, pursuant to a License to Sell granted by the Court of Probate in the County of Digby, dated the 3rd day of January A. D. 1927.

ALL those certain pieces or parcels of land situate at Westport in the County of Digby and bounded and described as follows:

Digby, N. S.
Proctor for Estate;
Dated Digby, N. S. January 4th, A. D. 1927.

PROVINCE OF NOVA SCOTIA COUNTY OF DIGBY S.S.

IN THE COURT OF PROBATE

IN THE MATTER OF THE Estate of Peter U. Gaudet late of Concession in the County of Digby, Farmer, deceased.

To Telephon Gaudet, Leon Gaudet, Benjamin Gaudet and Louise Gaudet, all of Concession in the County of Digby, and Province aforesaid; Charles Gaudet of Boston, Mass., U. S. A., Celeste Thibault of Beverly, Mass., U. S. A., Agathe Babin of Boston, Mass., Edith Bellevue of Church Point and Elizabeth Thibault of Groses Coques in the County and Province aforesaid, being the heirs, next of kin and devisees of the said deceased.

WHEREAS the said Elizabeth Thibault, daughter of the said Peter U. Gaudet, late of Concession in the County of Digby, farmer, deceased, who died on or about the 31st day of October, A. D. 1925, at Concession aforesaid, has presented her Petition to the Court of Probate in the County of Digby, praying that a Statute might be issued requiring Isaac H. LeBlanc, executor of the said Peter U. Gaudet, to have the last Will and Testament of the said Peter U. Gaudet proved in solemn form of law and its validity determined, and upon such Citation as Order was made by said Court on the 19th day of October, A. D. 1926 requiring said executor, within twenty days after service of said order upon him, to take out a Citation to have said Will proved in solemn form and its validity determined, and the said executor in compliance with the said Order has applied for a Citation requiring you, the above named heirs, next of kin and devisees, to appear at the Probate Court at Digby, on Tuesday the 17th day of April, A. D. 1927, at the hour of eleven o'clock in the forenoon, when the said Isaac H. LeBlanc executor as aforesaid, will proceed to prove in solemn form of law the Will of the said Peter U. Gaudet deceased, which was admitted to Probate in the Court of Probate in the County of Digby aforesaid on the 26th day of November, A. D. 1925.

YOU ARE THEREFORE REQUIRED to appear before Judge Grierson presiding at the Registry of the said Probate Court at Digby in the County of Digby on the twelfth day of April, A. D. 1927 at eleven o'clock in the forenoon when the said Isaac H. LeBlanc the executor named in the Will of the said Peter U. Gaudet deceased, will proceed to prove said Will in solemn form of law and to have the said validity of said Will determined by said Judge.

Given under the seal of the Court at Digby aforesaid this eleventh day of December, A. D. 1926.
Frank Jones
Solicitor for the said Isaac H. LeBlanc.

OBITUARY

JAMES EDWARD FLEET

James Edward Fleet for forty-five years proprietor of a small variety store on Lee Street, passed away on Monday night at his home, 22 Waldron Court, after a long illness, aged 69 years 5 months 4 days. He was a native of Nova Scotia. He had been in the same store for forty-five years and carried such a varied assortment of goods, that many unusual requests could be supplied from his stock.

He was a member of Maratang Tribe Imp'd Q. R. M. and Atlantic Lodge I.O.O.F.

Surviving him besides his widow, are a sister, Mrs. John Asborne, a daughter, Mrs. Fred Lincoln and a granddaughter.

The burial was at Waterside Cemetery.

This obituary notice was taken from a Marblehead paper and is of interest to many in Bear River, both relatives and friends. Mr. and Mrs. Fleet having spent the last two summers here at the Grand Central and was a brother of the late Fred Fleet of this town.

Parkers Cove

Service in the Baptist church on Sunday at three o'clock, Lie Everitt, Hatt.

Frank Milner has gone away for a short time.

Hiram Young was called home from Yarmouth to attend the funeral of his father, James Young of Lake Brook. Interment took place in Youngs Cove Cemetery. Mr. Young was also an over night guest at the home of Mr. and Mrs. W. Anderson.

Messrs Judson and Wallace Longmire of Hillsburn were recent guests at the home of Mr. and Mrs. David Milner.

The annual United Donation, held at the home of Mr. and Mrs. W. Anderson was largely attended, and a goodly sum of money was donated to the pastor, Rev. W. Dean, of which he spoke very feelingly and thanked the people for their kindness shown him. The evening was spent in music and games.

Mrs. W. Anderson visited her parents, Mr. and Mrs. Austin Halliday of Hillsburn very recently.

Miss Grace Halliday has gone to Yarmouth.

Mrs. Edward Hudson of Hillsburn and Mrs. Yedda Hamilton of Litchfield visited the former's parents, Mr. and Mrs. David Milner last week.

Mrs. Tupper of Boston Mass., who has been visiting her sister, Mrs. F. H. McNaught, left on Monday to visit other friends in Nova Scotia.

Digby Wins From Middleton

Continued from Page 3

Fisher and Reaght tried to block him but he wavered first to one side and then to the other and shot a clear one that Moore could not see. Hyson poked in the final count two minutes before the gong. Blinding the Middleton defense he drew Moore out of the net with a feinted shot and before the big fellow could right himself had snapped it by.

The visitors played good hockey and the home team better. Playing his position for all it was worth Jones made fifty four shots on the Middleton net and this not counting the ones that went wide. His only weakness was in not trailing up the individual rushes and in leaving his defense territory open.

The wings played too much puck and not enough position. Since they won the game, it isn't fair to say too much about it. With a coach that would make them play their positions, more the Ravens would have a team hard to beat by the best of the province can produce.

Bear River East

Rev. Mr. Durley held his monthly service at Union Hall, Sunday. The Community Sing will be held at Mrs. David Dukeshire's on Sun day evening, Jan. 30th.

Miss Smith is confined to her home with the mumps, therefore there isn't any school.

HISTORIC COFFICE BURNED
Books and documents of almost priceless historical importance were lost in a fire that destroyed the old Hotel, at 100 or 110 City Hill, at Rouen, France. The building itself, formerly part of the monastery of St. Owen was considered one of the finest specimens of Renaissance architecture remaining in France.

Local and Personal

V. T. Barr and wife returned home from Boston on Tuesday.

Mrs. L. V. Harris was hostess on Thursday afternoon to a few of her friends.

Mrs. Frank Dittmars of Deep Brook was in town on Sunday, a guest of Mrs. George Harris.

W. M. Romans spent the week end with friends and acquaintances in Yarmouth returning on the midnight train.

H. R. L. Gooday of Halifax was in town Tuesday.

Mrs. A. B. Marshall entertained at the tea hour on Tuesday.

The Aid Society of the United Church of Canada met at the home of Mrs. Lloyd Sanford.

Rev. J. Barras went to Moncton N.B. on Monday.

The Ladies Circle of the Baptist church was entertained by Mrs. John Woodworth.

St. Johns Guild met at the home of Mrs. Harrow Tuesday afternoon.

T. F. F. Hough was in Yarmouth on Saturday, going to Halifax Monday morning train.

Mr. and Mrs. L. V. Harris entertained at six tables of Bridge on Friday evening. The prize winners were Mrs. A. B. Marshall, Mrs. H. Cunningham, Dr. A. B. Campbell, Mrs. Symonds and A. G. MacIntyre.

The Misses Robina and Mary Romans entertained at bridge recently, the prizes being won by Mrs. Douglas Jones, Mr. H. C. Anthony, and Cyril Bulch.

Mrs. Harry Anthony entertained a number of her friends on Thursday afternoon in honor of the lady teachers of Oakside Academy.

Mr. and Mrs. Leander Aclure have announced the marriage of their daughter Mary Louise to Christopher George Hildyard in New York City January fourteenth, 1927. The groom was a former member of the Royal Bank Staff, Bear River.

Miss Edith Lovett was hostess to a number of her young friends last week. Bridge being played at three tables. The prize winners were Miss Alexia Hatfield, Dr. Lionel Roop, Waldo Chute and Miss Katherine Brown.

Mr. and Mrs. F. H. McNaught entertained Friday evening at a most enjoyable bridge of six tables in honor of Mrs. McNaught's sisters, Mrs. Hutchinson and Miss Tupper of Boston, Mass. The prizes were beautiful and original, the winners being Mrs. L. J. Lovett, W. M. Romans, Mrs. L. V. Harris and A. B. Marshall.

WHEAT FOR ABROAD

The three prairie provinces—Manitoba, Saskatchewan and Alberta—produce about ninety per cent of Canada's wheat crop, and have in a recent years become the greatest wheat exporting area in the world. It is estimated that of the 1926 crop they had 300,000,000 bushels available for export, much of which is being handled through the co-operative wheat pools of Western Canada.

FOR HIGHER WAGES

Canadian railway workers are practically all seeking the higher wages, and in various avenues negotiations are in progress affecting nearly 100,000 railway men. The demands range from 10 to 15 cents an hour.

Three British scientists are hopeful of soon perfecting a discovery which will make possible the photographing of the human organs. They believe they will be able to take pictures of the digestive organs at work, and photograph other parts of the internal machinery of man.

HUNDRED MILES AN HOUR

The latest long-distance flight stands to the credit of Sir Samuel Hoare, British Air Minister, and Lady Hoare, who have arrived at Delhi, British India. They left England in the Hercules on December 27th, covering the 4,200 miles in 42 flying hours. Lady Hoare was the first woman to land in India by the air route.

ATTRACTING SETTLERS TO PRAIRIES

Legislation authorizing an expenditure of several million dollars annually to assist in the settlement of 100,000,000 acres of land in the three Prairie Provinces is under consideration by Hon. Robert Forke, Minister of Immigration and Colonization. Most of the land is owned by the Government.

Mr. Forke will ask authority to spend a maximum of \$500,000 annually, but may actually spend less than that.

One million acres are in Saskatchewan, 3,000,000 in Manitoba, and 6,000,000 in Alberta. The Minister proposes to advance \$1000 to native Canadians and \$200 to immigrants to tide them over the preliminary period until their farms begin to produce.

THOUSANDS OF RUSSIANS COMING

Although some of the Donkholms were not impressed with the laws of Canada, and moved down to Latin American states, other Russians living under Bolshevik rule regard this country as the promised land. The forerunners of a multitude of 15,000 who will emigrate to Canada in the spring have arrived in England en route to our shore. Tired of Bolshevik tyranny these persons do not wait until spring, but left their unhappy homes on the first available steamer for England. When they entered the Dominion they were so glad to be relieved of their bondage for the protection of the British flag that a service of thanksgiving was held on deck.

SKYSCRAPERS IN COMPETITION

Detroit capitalists recently completed plans for the erection of an enormous skyscraper 873 feet high and having 85 stories. This, when completed will be the highest building in the world; but New York has decided that Detroit should not hold the distinction of having the highest building. It is planning to erect an office building which will rise to the height of 1,280 feet and consist of 110 stories.

John A. Larkin, the president of the corporation preparing this vast structure, estimated that the total cost of the building will be approximately \$22,000,000, and will occupy a ground space of 350,000 square feet. Sixty speed elevators will be installed and the building, which will take thirty months to erect, will produce a rental of approximately \$3,000,000 yearly.

SOLDIERS ON THE LAND

What was known as the Soldiers' Settlement Scheme, which was the close of the war returned men were assisted on farms, has apparently worked satisfactorily. There were 12,251 settlers with payments of 1925-26. Of these, 8,439 met their payments in full, 6,920 made part payments, and 4,812 were non-paying. As at Nov. 30 last 918 had repaid their loans; of these, 518 were still farming, and 400 had sold their farms. Some of those who have purchased the land are men whose success in the post-war years has been amazing. Some of the little ones, who are today rated by their bankers as worth \$15,000 to \$20,000, all made from the land. They are today regarded as the best of the communities in which they live.

Here is a poem a Doctor in New York wrote about the baby. Some of you may have a baby in your house.

TO THE BABY

Here's to the Baby
With her little nose,
Pink cheeks and blue eyes,
And ten tiny toes,
When the wind is howling
All around the house,
Baby in her cradle
Is cozy as a mouse.

A CURIOUS BYE-ELECTION

Public interest in Great Britain for the last few weeks has been centered upon the bye-election in Smithwick, the working class area of Birmingham, where Mr. Oswald Mosley, an Labor Party member, opposed by both a Liberal and Conservative. Mr. Mosley, weather and aristocratic, and son of the late Lord Curzon, reached from meeting to meeting in a luxurious limousine, braving the surges of unfriendly newspapers, and the support of his own father who told the stories that Oswald had never done a day's work in his life. Of his ardent supporters was Oliver Baldwin, the Socialist son of Premier Baldwin, and an equally energetic opponent was Lord Curzon, the former's father. Lord Curzon, that "most superior person" according to the London Times, was once asked by a lady, "would he have turned him in his grave if he had heard his daughter married to the Mosley?" By Mosley when the latter was addressing his working-class supporters. But Mosley carried the day with a majority of about 5,000 votes, and the combined vote of his opponents.

The picknickers were obliged to cross the railway line to reach the picnic, where they went to have lunch and to have a good time. The picnic was approaching. "Hurry up, hurry up," said the father. "Hurry up, hurry up," said the mother. "Hurry up, hurry up," said the child.

Annual Business Meeting

The annual business meeting of the United Baptist Church was held in the church Vestry on Wednesday evening, the pastor, Rev. E. Barras presiding.

Reports were submitted by the Nominating committee, the pastor, Clerk of the church, W. W. Clarke, Treasurer, J. W. Allen, Finance Committee, B. Clarke Sunday School, Ralph Harris, B.Y.P.U., by Miss Edna Peck; Mission Band; by Miss Henderson; C.G.I.T. Mrs. A. MacIntyre; Ladies Organized Class, Mrs. Carl Miller; Barras Bible Class, Mrs. A. MacIntyre; Report of choir, J. Cunningham; Sick committee by Mrs. Chipman Harris; Woman's Missionary Aid, by Mrs. C. Rice; Ladies Circle, by Mrs. C. Harris.

Several selections were rendered by the choir and refreshments were served at the close of the meeting.

CHILDRENS PROGRAMMES

IMPORTANT RADIO FEATURE

Children now have a definite place in the programmes of established radio broadcasting stations. But in approaching this phase of their work, broadcasters are faced with difficulties even greater than when preparing programmes for the adults. Children are notoriously keen critics, so much so that many professionals will not attempt to broadcast in the presence of purely juvenile audiences. The youngsters are seldom deceived by the performer's jester and their keen eyes follow every movement while they always insist on a complete explanation. It is not always easy to bring adult entertainment to the children's scale of appreciation, and there are certain limitations in the cycles of fairy tales and nature stories.

Confronted by these difficulties, yet desirous of acceding to the demand of George A. Wright, Broadcasting Manager of C.M.B. of National Radio, Radio Canada at Vancouver, British Columbia has upon a happy experiment, only not the aid of the children, but the aid of the adults. The plan is to broadcast a series of programmes, which are clearly evidenced by the enormous increase in the number of children who are now listening to the radio. Mr. A. R. McLean, of Montreal.

One of the reasons prompting Mr. Wright to obtain the aid of children was the very happy relationship which had been established between the stations and the little pupils of the School for the Deaf and Blind, conducted by the Provincial Government at point they were a great deal of joy and sunshine has been radiated into the lives of the children. Mr. McNaught, not yet in the "teen years, who has displayed a remarkable aptitude for the study of the piano, was chosen to act as an aid to the station manager. Later the plan developed with the establishment of a "radio train," complete with conductor and engineer, with "And the young folks" as the engine. The "radio train" was the "young folks" who were to be the "engine" of the station. The "radio train" was the "young folks" who were to be the "engine" of the station. The "radio train" was the "young folks" who were to be the "engine" of the station.

That particular feature developed most strongly, according to the station manager, and was a very profitable one. The "radio train" was the "young folks" who were to be the "engine" of the station. The "radio train" was the "young folks" who were to be the "engine" of the station. The "radio train" was the "young folks" who were to be the "engine" of the station.

At the present time, the "radio train" is the "young folks" who were to be the "engine" of the station. The "radio train" was the "young folks" who were to be the "engine" of the station. The "radio train" was the "young folks" who were to be the "engine" of the station.

AFTER ALL There's Nothing To Equal 7am-Buk FOR THE SKIN!

brought new cheer to that home. A number of children have contributed to the programme by songs, recitations and other means establishing this part of the broadcast from CNR as a real juvenile attraction.

ANNA MARIA TERESA MAY

Who is Anna Maria Teresa May? She's got a long name but you have to say it very quickly. She lives at the North Pole but now and then she comes down and peeps in at our windows and asks Mary Jane to go and play with her. The last time she sang a song, like this:

In winter we have ice-cream. Toboggans on the slopes. In summer we ride bicycles. And skip with skipping ropes. In autumn we eat apples, plums. Bonfires we build with zest. In spring when maple syrup comes we think the spring is best. It was Father Waffle of Boston. I think you heard that song last May. And skip with skipping ropes. May who sang it. She and Mary Jane were dancing in the garden. Aunt Jennie said, "Nonsense. A broomstick, it was the rain pattering on the roof, but just then Anna Maria looked in the window and laughed and I laughed too and said, 'Perhaps it was, Jennie.' Only we three knew better."

Town Council Passes Reports And Winds Up Year's Business

Councillor Holdsworth Tenders Resignation from the Council and His Seat is Declared Vacant

The last meeting of the Town Council of Digby before the Councillors elect are seated, was held on Monday night, His Worship, Mayor Anderson presiding and there being present Councillors Holdsworth, Raymond, Merkel, Aymer and Dakin.

The Clerk read reports of the Medical Health Officer, Dr. DuVernet, Rev. Prosser, Agent of the Children's Aid Society and the Financial statement of the Town Accounts as contained in the Year Book.

A bank overdraft of \$3,863.23, offset by uncollected taxes amounting to \$1146.25 is the condition of the town finances. The excess of Expenditures over receipts is accounted for by the over-run on estimates in different departments and the prospect of an increase in the tax rates is outlined in the comment of the auditors that "The tax rate levied last year has proven to have been set at too low a figure and has resulted in a bank overdraft of \$3,863.23. The expenditure has exceeded the estimates in such accounts as Streets, Joint Expenditure and Miscellaneous."

Following the passing of monthly accounts and winding up the business of the council the clerk read a letter from Councillor P. W. Holdsworth, tendering his resignation from the Council, as follows:

Digby, N. S. Jan. 29, 1927.

The Mayor and Councillors of Town of Digby Your Worship and Gentlemen—

Having fulfilled all the conditions under which I entered the Council last year and acting upon the advice of a large number of ratepayers of the Town, I hereby ask you to accept my resignation as a Councillor of the Town of Digby to take effect at once.

Faithfully Yours

P. W. Holdsworth

Expressing regret that Mr. Holdsworth should feel called upon to resign his seat in the Council Councillor Aymer moved that it be accepted.

The Clerk was instructed to prepare notices for nominations to fill the vacancy caused by the resignation of Councillor Holdsworth and nominations will be received at the office of the Town Clerk on February 15th next.

Attending Normal College

Miss Dorothy Ellis, who has been teaching the half year term at Danvers, left on Tuesday for Truro to enter Normal College.

Getting Ready for Hydro, with Most or Work Done

Nearly Ready For Hydro

Satisfactory progress is being made in the alteration of the town street lighting and distribution service in preparation for hydro. Up to January 29th \$8,855.28 had been expended on this work. This amount includes material for the whole job and it was only amounts for labor to be added. The report of the engineer in charge, Mr. Graham, details the progress made as follows:

Complete pole setting, primary and street lighting circuit cover the following—

Water Street, Montague Street, St. George St., Queen to Racquet Corner, Lr. Water to Birch.

Also, secondary wiring and street lighting from Carleton to Sydney complete with transformer installations, also street lighting and secondary wiring to Long Wharf.

Secondary circuits complete from the corner of St. George along Queen to corner of Carleton.

From the corner of Queen to Carleton all the old poles have been taken out and quite a number of services made permanent.

From the corner of Carleton to King, primary lines are carried on the Maritime Tel. & Tel. poles.

Poles are all set and armed from the corner of Queen and Warwick street to the town limit.

The work installed as stated covers about 14 miles of wire and 135 poles.

On Leave

Miss Charlotte Gulliver, V.O.N. Nurse for Digby, left on Tuesday on a month's furlough, being called to her home in Peterboro, Ont., by the serious illness of her mother. She is being relieved by Miss Hare, of Halifax.

Transferred To Truro

Mr. Russel Harper, accountant at the Bank of Nova Scotia branch here left here yesterday for Truro, having been transferred to the branch of the bank at the Hub. Mr. Sinclair, of Antigonish arrived here on Wednesday to fill the vacancy caused by Mr. Harper's transfer.

Lecture

The first of a series of lectures to be held under the patronage of the Board of Trade will be held at the Court House on Monday night when Professor A. W. Griffin, of Dalhousie University will take as his subject "The Future of Central Europe."

Single admissions are set at 35c with Season Tickets, \$1.50 for the general public and \$10.00 for High School students.

The full list of lectures will be published in next week's issue of the Courier.

On Mediterranean Tour

Mrs. Jessie Turnbull left on Tuesday for New York to join a steamer sailing on February 12th on a tour through the Mediterranean and to European ports. Prior to her departure Mrs. Turnbull was a guest at several social affairs held to wish her bon voyage and a happy holiday. Among those entertaining in her honor was Mrs. T. E. G. Lynch.

ROBERT C. MILLS
Managing Editor

FRIDAY, FEBRUARY 11, 1927

One Thousand Dollars

Considerable gratification has been expressed by citizens generally in the programme of the Board of Trade of Digby to provide summer holiday entertainment for citizens and visitors. The proposal for a real old time celebration of Dominion Day, this year the sixtieth Anniversary of Confederation has caught the public fancy and every encouragement and assistance, the committee in charge of arrangements needs, should be forthcoming. The success of the Regatta Day of last year was so complete, so satisfactory and so generally was the day enjoyed that another just like it, with sports on land and on water, beginning with a calathumpanian parade in the morning and ending up with a torch light procession and fireworks display at night is being eagerly looked for by all the youngsters of every age from nine to ninety.

To follow this home folks celebration with a big rowing day, presenting the best of the amateur scullers in competition for the Maritime Rowing Championships, as an attraction for summer visitors and towns people as well, is an undertaking that will require enthusiastic support.

The celebrations promise two great days of sport, two days of enjoyment and entertainment and nothing should be permitted to retard the work of the committees which will have the most of the work of preparation for them in hand.

Besides these activities of the Board of Trade there is another that interlocks with them, and that is the exploitation of Digby's attractions as a summer resort. This work devolves on the committee on Tourists & Publicity and is a most important undertaking. Through the activities of the committee in years gone by increasing numbers of summer visitors have been attracted to the town

and county and they have been of the very best type, "repeaters," coming year after year to enjoy themselves and spend their money. What return has been received on the money expended by the committee is difficult to reduce to figures, but it is conceded that many hundred times the amount expended has been returned to the town and that the possibilities of further attracting summer visitors have not been really gone into.

All this celebration and exploitation costs money. It is proposed to issue a tourists booklet, setting out the attractions of the town, to the number of ten thousand at an approximate cost of \$500.00, covering publication and distribution. The cost of the Dominion Day and Rowing Championships features will run into another \$500.00, making \$1000 in all.

How is this money to be provided? Will it, as in times past, depend largely upon the generosity of a few to raise the amount, with a meagre grant from the town funds or will the Town Council accept its responsibility in the matter and grant, or guarantee the payment, of an amount not exceeding the estimate from town funds? This seems the proper procedure. The whole town will benefit by whatever return is received on the expenditure, the whole town will enjoy the celebrations being arranged and the citizens as a whole should pay the assessment.

Within a week or two the new Town Council will hold its first meeting and will have presented to it the estimates for the current year. To the estimates for general expenses, education, maintenance of civic utilities, repayment of bonds and so on should be added \$1000 for the purposes set out above and the amount should be provided out of tax revenues. In this way all will contribute in proportion, all will pay their share toward development of the town's chief revenue producing resource and all will be in a position to say that they have assisted in making Digby a place where young people can enjoy themselves and be proud to live.

Is it worth a few cents from every citizen to create that feeling of pride in the old home town? You bet it is! And you can bet too that the Digby people who are now resident in other parts of the world will be proud of the old home town and make their preparations to come home for the Dominion Day Celebration.

It is up to the Town Council. The Board of Trade is prepared to do the work, and they should not be asked to make bricks without straw. Immediate action is necessary. No preparations can be made, no plans drawn up, until the money to foot the bills is in sight.

PROCEEDING OF MUNICIPAL COUNCIL JAN., 1927

continued from last week

The Report of the Chairman of Committee on Tenders and Public Property

To the Warden and Councilors of the Municipality of the District of Digby GENTLEMEN:

Your Committee on Tenders & Public Property begs to present the following report for the Year Nineteen Hundred and Twenty-six:

COURT HOUSE

The present Janitor, Mr. David Hazelton wishes to remain for the present year 1927, and has therefore been re-engaged, for the year. The salary to remain the same at the rate of \$40.00 per month. We had a few minor repairs such as scraping and painting the main front doors and repairs to chairs, etc. Also had sewer taken up down at the water front and replaced by new material under the supervision of Mr. John C. Handspiker and should now last for quite a few years.

The orders issued during the year 1926 for Court House maintenance and repairs to the Janitor's salary amounted to \$618.95. The Janitor's salary of \$40.00 per month was paid by the Clerk and Treasurer, amounting to \$480.00 for the year. The total amount for Court House maintenance for the year 1926 amounting to \$1098.95. The sum voted for the year 1926 was \$1400.00. Your committee would recommend a vote of \$1200.00 for the year 1927.

JAIL

The total amount of orders issued during the year 1926 not including the Jailor's salary amounted to \$359.38. The Jailor's salary being a set amount of \$50.00 per month or \$600.00 for the year, was paid by the Treasurer, making a total amount for Jail maintenance for the year 1926 of \$959.38. You voted last year for Jail maintenance and Jailor's salary \$1200.00. Your committee would recommend a vote of \$1000.00 for the year 1927.

OUTSIDE POOR

Your Committee issued orders for the Poor Outside the Home during the year 1926 for \$1942.05. You voted last year \$1500.00 for the support of the Poor Outside the Home. Your Committee finds this amount all together too small for these services as this account has been amounting up every year. Your Committee would recommend an amount of \$2000.00 be voted for the year 1927.

ALMS HOUSE

Your Committee carried out your instructions by having a new heating system installed in the Alms House under the plans and specifications of the Architect, Leslie R. Peirce. Also had new Hardwood Floors laid in the two upper wards, kitchen and halls at a total cost of \$4647.88.

Your Committee finds on inspection this to be a good job, well done, and is now certainly a credit to the Municipality. The roofs of the Home will have to be shingled this coming year, and would recommend this to be done by Star and Asphalt shingles, also that \$500.00 be placed in the estimates for this service. Your Committee would recommend a loan be made from some person or Loan Company for the amount of Five Thousand Dollars to take care of cost of the new Heating System and shingling of the roofs, as the amount seems rather large to assess on the Municipality in one year.

Orders for \$4190.68 were issued during the year 1926 for the Poor and Alms House inmates inside the Home. You voted for this service for the year 1926 \$5500.00. Your Committee would recommend a vote of \$1500.00 for the year 1927.

Your Committee advertised for tenders for supplies and Medical Attendance in two issues of the Digby Courier for the year 1927, and on the 24th day of December met in the Court House at Digby, and the Contract were awarded as follows:

Tenders for Flour, Feed, Groceries, etc. were received from A. A. Shortliffe and H. T. Warne. The tender of A. A. Shortliffe being the lowest was accepted. Tenders for dry goods were received from H. T. Warne and B. J. Koope. The tender of B. J. Koope being accepted. Tenders for Boots and Shoes were received from H. T. Warne and A. J. Dillon. The tender of A. J. Dillon being accepted. Tender was received from E. DuVernet, M. D. for surgical and Medical attendance.

Mothers Treat Colds The New "Direct" Way

No Longer Necessary to "Dose" Children With Internal Medicines to Break Colds.

Children's digestions are easily upset by too much "dosing." Vicks VapoRub being externally applied, does not upset little stomachs.

At the first sign of croup, sore throat, or any other cold trouble, apply Vicks freely. There is nothing to swallow—you just "rub it on."

VICKS VAPORUB
Over 17 Million Jars Used Yearly

(since this being the only tender, was accepted.)

Your Committee finds during the last ten years the cost per day per inmate, including their food, clothing, heat, light, medical and other attendance has been as follows:

| | |
|------|--------|
| 1910 | \$4.15 |
| 1911 | 0.27 |
| 1912 | 0.29 |
| 1913 | 0.27 |
| 1914 | 0.30 |
| 1915 | 0.28 |
| 1916 | 0.28 |
| 1917 | 0.27 |
| 1918 | 0.29 |
| 1919 | 0.28 |
| 1920 | 0.27 |
| 1921 | 0.28 |
| 1922 | 0.27 |
| 1923 | 0.29 |
| 1924 | 0.28 |
| 1925 | 0.27 |

Signed
E. F. HANKINSON,
Chairman of Committee
On Tenders and Public Property.

Report of Digby County Power Board

To the Warden and Councilors of the Municipality of the District of Digby GENTLEMEN:

In accordance with Section 7 of Chapter 113 of the Acts of Nova Scotia for 1926, We hereby beg to make our Annual Report in connection with the progress of the work being carried out by the Digby County Power Board.

In accordance with the Act to incorporate the Digby County Power Board, the Board was organized in the month of June 1926 the following having been appointed members by resolutions passed in accordance with Section 2 of the Act by the Council of the Town of Digby, the Commissioners of the Village of Weymouth and the Council of the Municipality of the District of Digby—

F. Anderson
Louis Stethelin
H. H. Marshall.
The Board met and elected H. H. Marshall as chairman and F. L. Anderson, Secretary.

Early in July J. L. Allen was appointed consulting engineer of the Board and was requested to make a report on the hydro electric development most suitable for the purposes of the Board. After a thorough investigation, which occupied two months, during which time plans and specifications were prepared, it was decided to establish the power station at Upper Falls on the Sisiboo River and supply the Village of Weymouth, the Town of Digby and the residents along the main highway from Weymouth to Smith Cove by means of a transmission line, 31 1/2 miles long, extending over that territory.

As soon as possible contracts were awarded and the work was commenced early in the month of October. The contract for the machinery of 330 h. p. capacity, amounting to sixteen thousand dollars (\$16,000) was awarded to the Canadian Alkali Chemicals Company Ltd., of which is associated, the Canadian General Electric Company Limited. The transmission line contract was awarded to Walter J. Snook, the price being thirty thousand dollars (\$30,000).

A lease has been entered into with the Clyde and Sisiboo Pulp Company Limited, whereby the use of their dam at Upper Falls on the Sisiboo River is available to the Board. This agreement very materially reduces the capital expenditure. The power house, flume and transformers are estimated to cost in the neighborhood of ten thousand dollars (\$10,000).

Satisfactory progress is being made, the connection with the dam having been completed and the power house under construction. It is expected that the machinery will reach Weymouth within the next few days and will be in operation. The transmission line contract is well advanced, the poles having been erected from Sisiboo Falls to the Digby town limits and along the Smith Cove section to the vicinity of Upper Falls. The wire has been strung from the Falls to the neighborhood of Bartou, and it is anticipated that the whole transmission line to Victoria Bridge will be completed before the end of January.

In accordance with the Section 13 (a) a petition has been made to the Board of Commissioners of Public Utilities and an order has been obtained authorizing the issue of 5 1/2 per cent, 30 year debentures to the amount of seventy-five thousand dollars (\$75,000). An order from the Board of Public Utilities is attached herewith. Tenders have been called for these debentures, as outlined in the form of advertisement attached and the tender of the Eastern Securities Company for one hundred and three dollars and forty-six cents (\$103.46) has been accepted.

Respectfully submitted
DIGBY COUNTY POWER BOARD
H. H. Marshall Chairman
F. L. Anderson Secretary

Musicals

The piano pupils of Mrs. H. C. Anthony held their fortnightly musicale on Monday afternoon from 4.30 to 5.30. One half hour was given to the study of "Beethoven's" and a few minutes were spent on the study of scale signatures.

The following programme was given:

Piano Solo. "Beethoven's"

"Minuet in G" by Peg Milligan.

Piano Solo. Beethoven's Farewell to the Piano, by H. D. Anthony.

Piano Selection from "Hanon"

by Evelyn Rice.

Piano Solo by Elspeth Milligan.

Musical Recitation by Eileen Buxter.

Piano Duet by Louise Harris and Helena Green.

KING COLE TEA

Promotion for Major Goodday

The following appeared in the January issue of the "Maritime Merchant" and is of interest to many friends in Bear River.

Major Goodday is no longer Major Goodday. He is now Lt. Colonel R. L. H. Goodday, the announcement of his promotion having been published a few days ago. Colonel Goodday's numerous friends throughout Nova Scotia, the territory which he covers for Pyke Bros., will all be very pleased indeed to hear of his promotion.

Shower and Tea

Mrs. J. H. Cunningham and Mrs. A. G. MacIntyre were hostesses on Friday afternoon at a very pretty tea in honor of Miss Edith Lovett. Yellow daffodils in bowls and vases, decorated the reception room and in the dining room the dainty appointed tea table, centred with pink and white sweet peas was presided over by Mrs. L. V. Harris.

After the serving of refreshments a prettily decorated basket containing a number of useful and dainty gifts, with appropriate and original verses, was presented to Miss Lovett.

Bear River W. L.

The regular February meeting of the Women's Institute will be held Monday afternoon at 3.30 in the Masonic Reading Room. A full attendance of members is hoped for, and guests are welcome.

The Ladies Circle of the United Baptist church was entertained by Mrs. Joseph Warren on Tuesday evening. W. M. Denton has resigned his position with the Metropolitan Life Assurance Co. and is in town this week in the interests of the North American Life Assurance Co.

Local and Personal

Hal McDermid, while playing hockey at the rink on Tuesday evening, sprained his ankle badly.

Norman McClatchock has returned from Digby, where he was engaged in wiring in connection with the Hydro development.

Dr. Lionel Roop, went to Halifax on Monday to meet the father, Capt. Roop of the C.G.M.C. "Canadian, Britisher."

Mrs. Alfred Porter entertained at three tables of bridge on Wednesday afternoon. The prize winners being Miss Beatrice Anthony and Mrs. A. Campbell.

Miss Edith Lovett left for New York on Monday, where she is to train at the Roosevelt Hospital.

The Men's Bridge met at Major Symonds on Thursday evening.

Mrs. John Roop returned on Saturday from a week's visit to friends in Digby.

A. B. Marshall left on Monday for a short visit in Boston and New York.

Mrs. C. H. Dunn is convalescing from her recent illness.

The Ladies Aid society of the United Church met at the home of Mrs. Maurice Benson on Tuesday afternoon.

Miss Alice Rice, who is now the guest of her sister, Mrs. B. Monroe of Amherst, expects to leave shortly for California, accompanied by Mr. and Mrs. Monroe.

Considerable excitement was caused Sunday morning by a chimney fire at the Commercial House, the fire getting through the inner wall. A number of men attending service at the Baptist Church came to the scene and what might have proved a serious fire, was soon extinguished.

Don Owen K.C. and his father, Judge Owen of Amherst were minor guests in town on Sunday.

Mrs. Hutchinson, who has been the guest of her sister, Mrs. Frank McNaught left Thursday for her home in Boston.

Under the auspices of the Woman's Institute a social has been given for the past three weeks, to the stay-at-home pupils of Oakridge Academy. Mrs. L. Harris and Mrs. Walter Romans have prepared it, and it will be succeeded by other members who will have volunteered for this work.

The Bear River Hockey Team played the Digby team at Digby on Thursday night the score being in favor of the Digby boys.

The W.M.S. of the United Baptist church are to give an entertainment, in the Marine Club, on Tuesday evening. A small admission fee will be charged.

Mrs. W. Romans was "At Home" on Tuesday afternoon. Mrs. L. Lovett on Wednesday and Mrs. L. Harris on Thursday.

Beware of Bladder Weakness Getting-Up-Nights

Disturbed Rest Undermines Health, Impairs Vitality, Stunts Physique. Incurable Home Treatments.

Men and women who are constantly wakened and disturbed by bladder weakness or urinary irritations, should be warned that such conditions, if not treated before they become serious, or perhaps dangerous, are curable.

Backache, Headache, pains in feet and legs, nervousness, restlessness, frequent but scanty urination with burning and pain, getting-up-nights—these are some of the most troublesome signs of Bladder Weakness. Irritation that should have prompt attention.

No matter how stubborn your case may seem to be, or how many different medicines you have tried without success, don't give up, and think your case hopeless, or the natural consequence of advancing years, until you have tried the special private prescription, Dr. Smith's, a physician of nearly 40 years' successful experience.

In order to reach the millions of thousands who cannot come to his office, Dr. Smith has placed his URATABS in good, local drug stores, and invites you to try them without risk of cost, unless pleased. If URATABS bring you relief, and let you know you will be happy. If they do not satisfy, they will cost you nothing, or, if you need this grand medicine, try it today! All good druggists.

WILL YOU NEED HELP ON YOUR FARM?

Then arrange for it at once. This Department is bringing out British and European workers. But the number is limited.

It includes: (1) experienced help who have worked five years or more on a farm; (2) partly experienced help, having some practical knowledge of farming; (3) inexperienced help. In the case of married men, wives will do household work when desired.

BOYS

A number, aged 12 to 17 years, will be brought to a Government controlled training and distributing farm this spring. These will meet the demand from inexperienced help.

Secure application forms at once from your postmaster, station agent, agricultural representative, or write:

Department of Natural Resources, Halifax

Weddings

HANDSPIKER—HANDSPIKER

A quiet but pretty wedding was solemnized at the home of the bride's parents, Mr. and Mrs. Archibald Handspiker, of Digby on Wednesday January 26th at 7.30 p.m. when their only daughter, Pearl Luella became the bride of Edgar Handspiker of Mount Pleasant. Rev. Jabez Appleby of Digby performed the ceremony.

The bride looked charming in a gown of powder blue crepe-de-chene. After the ceremony a dainty luncheon was served to about twenty-five guests. Miss Minnie Campbell, Mrs. Fred Daley Mrs. Ainslie Handspiker and Stillman Handspiker assisted in serving. Many gifts included cut glass, chin linen, silverware and the fathers gift to the bride was a substantial cheque, which showed the high esteem in which the bride was held.

The bride's appearing-out dress was wool charmeuse with coat of blue marvella and powder blue picture hat.

The happy couple will make their future home in Digby amid the best wishes of their many friends.

OBITUARY

JAMES G. TEED

The death occurred on Tuesday evening of James Gordon Teed, only son of Mr. and Mrs. James Teed of Mount Pleasant. Deceased was only two years and four months, and died of pneumonia.

He leaves to mourn, his sorrowing parents, and two sisters, Beatrice and Dorothy, both at home.

Interment took place in the Catholic Church cemetery.

A precious one from us has gone
The voice we loved is still
A place left vacant in our home
Which never more can be filled.

What is considered to be a new record for long distance radio communication between amateurs, was established last week when R. C. McLean of Winnipeg, who is a radio operator in the Radio Department of the Canadian National Railways, engaged in the train service, held conversation with two amateur stations in Australia, 7BQ and 2HH. Mr. McLean, whose call is 4FZ, operates a 7 1-2 watt transmitter, series-circuit circuit with a wave length of 39 metres. He first picked up 2HH at about 3 a.m. January 12, and talked with the Australian station for about an hour, during which time he accepted a message for delivery to a party in Montebello, Alabama. At about 3.30 a.m. Mr. McLean was successful in connecting up with station 7BQ and was in communication with it with much more volume than the previous station.

Miss Avis Morehouse of Sandy Cove left for Boston on Tuesday where she will visit relatives and friends.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It
Brings Back Its Beautiful
Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur restores its appearance a hundred-fold. Don't say gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Vivid's Sage and Sulphur Compound" which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray has disappeared, after another application or two, its natural color is restored and it becomes black, glossy and lustrous, and you appear years younger.

REGAL FLOUR

BEST FOR ALL
KINDS OF
BAKING

Westport

Mrs. Harley Glavin and daughter returned from Sanford Monday.

Mr. and Mrs. Edward Welch have returned from their visit to Yarmouth.

Miss Dorothy Thompson was a passenger to St. John Monday where she will take a business course at the Modern Business College. Her mother Mrs. Albert Thompson accompanied her, returning Thursday.

Mr. and Mrs. Frank Piper, of Rosindale, Mass., are the guests of Mr. and Mrs. Charles Gower.

Mrs. Norval Morehouse has returned to her home at Lake Midway. She was accompanied by Miss Lulu Repool.

On Jan. 28th a quiet event took place at the parsonage of the United Baptist Church when Rev. H. H. Phinney united in marriage Rosa Titus, of Westport, to Ward Shay, of Parsboro.

Miss Ella Cossaboom was a passenger to Yarmouth Thursday en route for Ohio to visit her brother.

The death occurred suddenly at the home of Mrs. Francis Morrell on Jan. 25th of Charles Sutherland age 81 years. He leaves to mourn two daughters, Mrs. Freelan Smith and Mrs. Height, of Yarmouth, also one brother, Edward Sutherland, of Westport. The funeral was held from the Baptist Vestry on Friday afternoon and was conducted by Rev. H. H. Phinney pastor of the Baptist Church assisted by Rev. P. Hamilton of Freeport. Our sympathy goes out to the bereaved ones.

On Jan. 18th Sunset Rebekah Lodge No. 98 I. O. O. F., installed its officers. The installing officer was District Deputy Grand Officer Edward Pugh and other acting grand officers. The officers installed were as follows: Noble Grand, Gertrude Titus, Past Noble Grand, Edna Bailey Gower, Vice Grand, Ina Thompson, Recording Secretary, Minnie Welch, Financial Secretary, Cora Gower, Treasurer, Reta Bowers, Warden, Ilda Titus, Conductor, Leona Welch, Inside Guard, Mary Morehouse, Outside Guard, Callie McDormand, Chaplain, Annie Bailey, R.S.N.G. Winnifred Denton, L. S. N. G., Christie Thompson, R. S. V. G., Marguerite McDormand, L. S. V. G. Elsie Swift, Organist, Francis Bailey.

From Every Corner Of All Canada

Men and Women Put Their
Faith in Dodd's Kidney Pills

They have proved their value by the Relief they have given over thirty-five years and have friends everywhere.

Bramber, N. S. Jan. 31. (Special.)

Every corner of Canada holds at least one person who swears by Dodd's Kidney Pills. They have been relieving kidney troubles all over this vast Dominion for more than thirty-five years. They are specialists. They relieve only kidney trouble and those diseases that spring from disordered kidneys. That's why they grow more popular every day. Listen to what Mrs. I. Tucker says about them: "I have used Dodd's Kidney Pills and find that they are a great pill for the kidneys. I have taken several boxes and find they are a great help to me. I can recommend them to all who suffer with kidney trouble."

Dodd's Kidney Pills purify the blood and pure blood, carried in all parts of the body means new health and increased energy all over the body. Obtained from all druggists, or The Dodd's Medicine Co., Ltd., Toronto.

Obituary

ISRAEL HAWKINS

At Greenland on January 25th, the death occurred of Mr. Israel Hawkins at the age of 85 years and 3 months, death being due to old age. He was greatly beloved by his family and respected by a host of friends by whom he will be greatly missed. He leaves to mourn his loss, his wife, three daughters, Mrs. John Nichols, Mrs. George Ross of Boston, Mrs. Hill of Bear River, two sons, William of Boston and Ralph at home, also eighteen grandchildren and two great-grand children.

Mr. Hawkins was for many years deacon of the African Baptist church and his funeral which was largely attended was held from his home on Friday, Rev. E. J. Barrass being the officiating clergyman.

It is interesting to trace the ancestry of the deceased, who was a son of Peter Hawkins and a grandson of Caesar Hawkins, a freed slave, who came and settled on the farm of Abel Chute, whose farm at that time extended from the Bishop Road to Buskirk's Brook. Caesar Hawkins settled on the extreme eastern end of this farm, the same site occupied by Israel Hawkins at the time of his death.

EARACHE.

Don't let the children suffer. Minard's with sweet oil will quickly relieve the pain.

Presiding officer at Municipal election: John O. Turnbull.

Sheep valuer: George R. Pines.

Weymouth Tax Rates Set At One and Three Quarters Per Cent.

J. A. Goodwin, hotel proprietor, was elected a Commissioner at the annual meeting of the ratepayers of the Village of Weymouth held in Hanksin's Hall on Tuesday night. He was chosen by a majority of seven votes over the other nominee, C. C. Nichols.

Commissioner Louis Stehelin presided at the meeting with Albert Cosman as Secretary.

The meeting by resolution confirmed those passed previously authorizing the Power Board to borrow money for their purposes and for the installation of local distribution and street lighting services.

It was reported to the meeting that the street lighting service would consist of 60 lights, one light every two poles from the Monument to Rices Corner and one light every three poles on the outskirts of the village. The estimated cost per night was set at \$2.75 and the estimate for the year \$125.00.

The total estimates for conducting the utilities of the village for the ensuing year was estimated to be \$1577.25 requiring a tax rate of one and three quarters per cent. On motion of Commissioner Goodwin the estimate and tax rate were approved.

A committee to superintend repairs to sidewalks, using funds raised at a dance held some time ago was appointed with Mr. Potter, C. L. Hanksin and Commissioner Goodwin as members.

W. Westhaver who has been undergoing treatment for his eyes in St. John returned home on Friday.

Mrs. Osborne Turabull was a passenger to Boston on Friday where she will join her husband who has obtained a position in that city.

Burgess VanTassel arrived home from Boston on Friday to visit his parents, Mr. and Mrs. John VanTassel.

John Curmain, of Boston, is spending a few days in town with his parents, Mr. and Mrs. Ernest German.

Capt. J. Stewart, of Church Point, was in town Wednesday calling on friends.

Louis Stehelin, of Weymouth was in town this week on business.

Mrs. Margaret Theriault, of Ashmore, was in town Wednesday calling on friends.

Mrs. Moses Theriault, of North Range, was in town Tuesday the guest of her sister Mrs. McKinnon.

Captain David Ellis and Mrs. Ellis are expected home today after a six weeks visit to Boston and New England cities.

TURN HAIR DARK WITH SAGE TEA

If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening eyes, streaked and faded hair is gradually being replaced by a new and better way to keep their hair a good, even color, which is quite sensible, as we are here in an age when a youthful appearance is of the greatest advantage. Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. A small drug store sell the ready-made product, improved by the addition of other ingredients, called "Weyth's Sage and Sulphur Compound". It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Weyth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

Memoriam

In remembrance of our beloved mother, Mrs. Flora M. Raymond who passed away at her home January 15th 1927. And years, time cannot efface the memory of her loving face. For in the arms of him above, is living still our mother love.

Inserted by her sons, Freeman, Chester and Garfield, New York.

In loving memory of our dear son and brother, Private Edson T. Haskins who died in England Hospital Feb. 1918. Gone but not forgotten by his parents and sisters.

CARD OF THANKS

MRS. Joseph Young and family wish to express their deep appreciation of the many kindnesses shown by their friends in their recent bereavement.

Many Enjoy First Lecture or Board of Trade Series

The first of a series of lectures of the Dalhousie University Extension Course, to be held during the season under the patronage of Digby Board of Trade, was held in the assembly hall of the Court House on Tuesday evening. President Fritz Dakin was chairman and introduced the lecturers of the evening, Professor Griffin, of Dalhousie, whose subject was "The Future of Central Europe." There was a very fair attendance and all enjoyed an instructive and entertaining address.

Professor Griffin dealt with the problem presented by the number of small independent states of Central Europe, their dissimilarities and similarities; how after the war boundaries were shifted to meet conditions and how in the future changes must come.

Danger Sign Posts to be Erected at Approach to Speight's Bridge

Prompt action by the Department of Highways on the recommendation of the Coroner's Jury impelled to make inquiry into the death of Alden Chute in a car accident at Speight's Hill near Barton. The Department has advised Coroner Stanley Keen that in accordance with the recommendation of the Jury sign posts will be erected at once as a warning to cars approaching the bridge.

This action should at least prevent motorists approaching the spot without warning of the danger to be encountered.

Four accidents, besides the one which cost Mr. Chute his life, have occurred at the bridge during the past year.

Cider Thieves Convicted

William Thomas and Alfred Van Tassel, youths of eighteen and nineteen, were convicted before Judge Grierson on Tuesday on a charge of breaking into an unoccupied house of Russel Savory, in the Town Hollow and stealing cider from the cellar. The boys pleaded guilty and were sentenced to serve two months and four months, respectively, in the County Goal. Frank Jones, K. C. appeared for the Crown and Mr. Frank Nichols defended.

Power Board for Yarmouth

Application was made in the Nova Scotia Legislature on Tuesday to provide a Power Board for Yarmouth along the lines of the legislation authorizing formation of the Digby County Power Board.

Mr and Mrs Winfield who have been visiting relatives in St. John for the past three weeks have returned home.

CANADIAN'S GREAT SWIM

George Young, 17-year-old Toronto boy, who accomplished the 22-mile swim from Santa Catalina Island in the California channel in 15 hours and 45 minutes, and won \$25,000 prize as the first person to swim this treacherous channel. He was the only competitor out of 85 to finish the course.

V.O.N. Valentine Tea

Not always is it possible to combine the pleasure of social activities and charity in pleasant way as is planned by the ladies of Digby Branch Victorian Order of Nurses who on St. Valentine's Day, Monday February 14th, are holding a Valentine Tea and Bridge at the home of Mrs. Dexter, on Mount Street. Tea will be held from six o'clock, with bridge and forty-five to follow and the committee in charge are preparing for a most pleasant function.

Tonight the ladies of the Baptist Church will hold a Valentine Tea in the church vestry, serving supper from six o'clock. The Baptist ladies pride themselves on the quality of their cooking and have made preparations for a menu to please the most fastidious and hearty appetite.

Will be Ready for Hydro by Latter Part of March

Capital progress is being made on the hydro development. Yesterday the roof of the power house was completed and all the foundations were in readiness for the installation of turbine and generator. The poles for the transmission lines are all erected to the end of the route, ready for the wires and a stringing gang is engaged in the vicinity of Smith's Cove running up the strands.

Advices were received yesterday that the machinery had been shipped on the rails on Tuesday and should be here in eight or ten days. It will be about a month after the machinery arrives before the power can be turned on at an outside estimate by the end of March.

A contract is being drawn up with the Canadian Gypsum Company for supplying "juice" for the development of the Gypsum storage area and loading ground at Pinkey Point and the number of household consumers who will be ready for the service on its inception is, most gratifying. Almost immediately plans will have to be undertaken for the addition of more generating units to the new plant in order to keep pace with the development. There is a potential development of not less than one thousand horse power available and it will be for the Power Board and all interested in the development of the County to create a demand that will require its complete exploitation.

A Fair Exchange

In fair exchange for the turnips from Tupper Warner's farm in Digby, from which was shipped a full cargo of vegetables to the American market there came this week to Digby part of a shipment of Grapefruit from the Tupper Orange Grove in Florida. The grapefruit are nearly as large as the turnips. Some are shown in the window in the Warner block where house on Water Street.

Back From Boston

Messrs Max Cope and W. Webster, antique dealers of Digby, returned this week from a fortnight's trip to Boston where they interviewed antique dealers of that city. Max came home, all fitted out in real Boston style.

Woman Appointed To School Board

The Town Council, when they draw up their list of officers for the year 1927 might well follow the example set by Middleton, where Mrs. F. R. Elliott has been appointed to the School Board.

On Visit to New York

Mr. William Agate, proprietor of the Waverly, left on Tuesday on a visit to Boston and New York, to see his son, Frank, and his daughter, Miss Emily, who is a member of the New York staff of the Royal Bank of Canada. Mr. Agate will be away for a fortnight.

Have Gone to Boston

Messrs Harry Snow and Teddy Dakin left on Tuesday for Boston, where they intend to remain for several months.

Has Position in Halifax

Miss Nina Hewitt, left on Monday for Halifax, where she has secured a position.

Mr. Holdsworth's Card to the Electors

To the Ratepayers of the Town of Digby, Ladies and Gentlemen—

Having been requested to resign my office as presiding Councillor, after three years' service, and allow myself to be nominated for the office of Mayor of our Town, I gave the matter serious consideration and finally passed my resignation before the Town Council and accepted the nomination.

Three years ago, I was urged by a delegation representing the ratepayers, to accept a seat on the Council to help bring about a better condition of civic affairs. Again a year ago I was asked to return to the Council to continue my work, with the assurance that my services were appreciated. Before consenting to do so, I interviewed Mayor Anderson and agreed to and during his term of office, after which if the ratepayers desired, I would serve them as Mayor. This was understood by the Mayor and most, if not all, of the Council, as well as the representatives of the ratepayers who urged my return to the Council. I felt that I had fulfilled all the conditions under which I was returned and immediately resigned as Councillor. This explanation is due you,

It is important, in the best interests of the Town that you select a Mayor who is in close touch with the financial conditions in all departments of town affairs when taking office. With three years' experience as Councillor, I feel that I possess an intimate knowledge and grasp of civic affairs and believe this is the time that I can serve you best as Mayor. During my term of office, I have consciously given the best that is in me to advance the interests of the Town and if my labors have been in vain, you will tell me so at the polls on February 14th. On the contrary, if my record before you is such that meets with your approval, I earnestly solicit your wholehearted support. If elected I shall do everything in my power to promote the best interests and the common good of my native town.

Faithfully yours,
P. W. HOLDSWORTH.

Digby, N. S., February 8th, 1927.

FRIDAY, FEBRUARY 11, 1927

The Mayoralty Election

On Monday next the electors of Digby will choose a representative to complete the unexpired term of Mayor Anderson, resigned. Their choice is between two prominent citizens, either of whom will make a good man for the job. The nomination of two candidates at this time indicates a healthy interest in town affairs, and is to be commended. Election of Mayor or Councilors by default is not a proper manner in which to attend to the interests of the town and the mayoralty election will give the ratepayers an opportunity of indicating their ideas as to how the affairs of the town are to be conducted.

Both candidates for the Mayoralty have had service in the Council. Mr. Lynch served two terms, completing his service five years ago. He was once defeated as a candidate for Mayor. Mr. Holdsworth has been in the Council for the past three years. His resignation as Councilor followed that of Mayor Anderson, in order that he might serve the town in the great office and be relied on by his seniors during the past three years to qualify him for the important undertaking he has offered himself for. He comes to the ratepayers with the whole of the town's affairs at his finger tips.

He has been Chairman of the Fire, Water, Sewers Department, Chairman of the Committee on Assessment and Appeals, and member of the Committees on Finance and Tenders and Electric Light.

The present year is one that should bring the turning point in Digby's development. This is primarily a tourist resort. Tourists are our chief source of revenue and expansion and in the present year the numbers of summer visitors coming to the province should be greater than ever. Their coming presents a problem of preparation and entertainment, that they will be glad they came and want

to come again, and it is the part of the Mayor and Council to take a lead in whatever measures can be evolved to accomplish such an end. In addition to this operation of Hydro during its first year will present problems hitherto unmet. The new system will be in operation by Spring and upon the shoulders of the task of development.

Nova Scotia and Prohibition

Commenting in general on the futility of Speeches from the Throne and acknowledging that that recently prepared by the Conservative Government of Nova Scotia was no worse than others, the Liberal Sydney Record continues by drawing attention to the absence of remarks on liquor legislation. It says: "Premier Rhodes and some of his colleagues wanted to introduce a 'government sale' bill at the session. Careful, though quiet canvass of the feelings of their legislative supporters, and other prominent party people, showed the Premier that to bring in legislation of that kind would be very risky business. Further canvass of the situation is understood to have revealed that a majority of one or two of the Government's following in the House favored the dissolution of the Assembly at the close of the present session and an appeal to the country on a platform which would make 'government sale' and the abolition of the Legislative Council the chief issues. But the balance of opinion in favor of that course was so very small that the Government has remained in doubt just what to do, especially in view of the uncertainty as to whether or not the opposing party would obligingly permit the ministers to shape events so as to make issues out of two questions which the Tory caucus majority desired as issues. In these facts is the explanation of the silence of the Speech in regard to the liquor question.

But if the Nova Scotia Government is so far silent in the liquor question, and so is the press. The Halifax Daily Star says: "The hypocrisy, mockery and ill-effects of the Nova Scotia Temperance Act should be removed." Thereafter the Star continues to point out that the Act, "is being used largely to supply beverages—not medicines." It calls for suppression of illegal use of prescriptions, and demands that the sick should not be "robbed" by overcharging, that the Government "adandon the idea of revenue and profit." The Star concludes: "Any way, it is apparent to all observing people that something needs to be done to remedy the present hypocritical situation in the vendor business of Nova Scotia. What action will the Government take in the present session of the Legislature to improve conditions."

Make your own hard or soft soap by using waste fats and

GILLETT'S PURE FLAKE LYE

It costs less to make soap than to buy it!
FULL DIRECTIONS WITH EVERY CAN

ALSO USE GILLETT'S LYE FOR ALL CLEANING DISINFECTING SPRAYING ETC.

The Halifax Mail says: "The N. S. Temperance Act, whether it meets with public approval or not, is the law of the province. And just so long as it remains law it should be enforced. Dr. H. R. Grant, Secretary of the Social Service Council, declares that never has the liquor law been so satisfactorily enforced as during the past year. Rev. D. K. Grant, and other outstanding prohibitionists, have made similar statements. In spite of this, however, the province is flooded with rum and booze, and it is obvious that prohibition can never be effective so long as rum-runners and smugglers go un molested—and this they do because of the laxity of the federal authorities in this regard. In the meantime it is the duty of the Local Government to put forth every effort to enforce the law which is on the statute books of this province—and if after an earnest and sincere attempt has been made the Government is satisfied that the N. S. Temperance Act is impossible of enforcement, then let the Government make that fact known to the people of this city and province. Enforcement or repeal—that is the duty of the Government."

These varying opinions and summaries of cause and effect may aid in arriving at Nova Scotia's general attitude toward prohibition. One by one all those provinces to the west of us that had a prohibitory law have abandoned it. Ontario was the latest and the swing of rural sentiment is notable. Rural Ontario is not as a rule strongly in favor of prohibition as the cities. In fact, so true is that whatever way the prohibitions voted in the towns, the meaning of the country vote is plain. Now remain the Maritimes, and inevitably the question will come up for consideration sooner or later. It is suggested that the Nova Scotia Government would like to make it later. It appears that a part of the Nova Scotia press would prefer to see it sooner.—Telegraph-Journal.

J. E. Morse & Co. desire to thank their many customers throughout Nova Scotia for the good business they have given them in 1926, and to solicit a continuance of their patronage of MORSE'S TEAS during the New Year.

Children's Colds
Are quickly, pleasantly relieved by Dr. Chase's Syrup of Linseed and Turpentine

If children's colds are got rid of promptly there will be less tendency to pneumonia and consumption in later life. It is the neglected, hanging-on cold that weakens the lungs and develops into serious trouble. No treatment for coughs and colds was ever so popular with the children as Dr. Chase's Syrup of Linseed and Turpentine. It is so pleasant to the taste, so delightfully soothing and healing, and affords relief so quickly that children soon turn to it instinctively when choked up with a cold or annoyed by coughing. It is mother's favorite treatment for croup and bronchitis, for she knows it will bring relief when the night is roughing spasms set in. It is wise to always have a bottle at hand for prompt use in emergency.

Obituary

LUCY JEAN GILLIATT

After a few months illness Mrs. Lucy Jean Gilliatt, of Rossway, passed away on January 31st at the age of twenty-four and eight months. Her husband the late Roy Gilliatt died March 14th of last year. She was a member of the Rossway Baptist Church and her loss is deeply felt.

She leaves to mourn their loss her parents, Mr. and Mrs. Isaiah Haight, of Rossway, three sisters, Mary and Pearl at home, Mrs. Bessie Dakin of Gorbury, Mass., and five brothers, Guy, George, Chester and Isaiah at home and Julius, of Rosendale, Mass.

The funeral was held at home on Wednesday at one o'clock, interment being in Joggin Cemetery beside her late husband. The services were conducted by Rev. Mr. Ramsay, assisted at the grave by the Rev. Mr. Smith, of Smith's Cove.

MRS. ELIZABETH FRANKLIN

On Friday morning Feb. 4th, the community of Acadiaville was saddened by the passing away of Mrs. Elizabeth Franklin, at the age of 60 years, after a lingering illness of six months.

Her presence will be sadly missed both in her home and community, as she was a loving wife and mother, also her Christian character endeared her to all those who knew her.

She was baptized at North Range at the age of 11 years by the Rev. W. L. Parker, and has been an active member of Hill Grove Baptist Church for a number of years. Also a life member of the W.M.A.S. of which she was president for the past year.

She leaves to mourn their loss her husband, John M. Franklin, two daughters, Mrs. Wm. Johnson, of Calgary, Alta., and Frances, formerly of Saskatoon City Hospital, but who has been with her mother during her illness, and three sons, William, Benjamin and John, at home, also six grand children and one brother Alvin MacNeill, of North Range.

The funeral which was largely attended was held Sunday afternoon with interment in Hill Grove Cemetery. The services being conducted by Rev. F. E. Bishop, of Digby.

Joggin Bridge

Mrs. R. E. Cossitt and daughter Isabel of Smith Cove called on friends here recently.

Miss Lillian Cossitt entertained the Star Class of the Sunday School on Saturday night, a full attendance and a good time reported.

Mr. and Mrs. W. E. Gilliatt called on friends at Rossway last week.

Mrs. R. A. Sullis and Miss Goldie Cossitt of Smith Cove were the guests last Sunday of Mrs. Souli's parents, Mr. and Mrs. W. E. Gilliatt.

The community was shocked on Monday to hear of the death of Mrs. Lucy Gilliatt which took place at the home of her parents, Mr. and Mrs. Isaiah Haight of Rossway. The funeral was held on Wednesday afternoon. The burial was in the family lot beside her husband, the late Roy Gilliatt, who died last March.

On The Air

Carleton, Yar, Co. Well I got home fine Friday night! After supper I started in on Radio, got the thing together without any trouble, hitched up the Aerial over the window and door, castings and the Ground to the cold water pipe on the boiler, pulled the switch and away she went with a little quining. I was surprised at the volume with just that little bit of insulated wire for aerial. Between eleven and twelve had to cut down the volume as it was too loud, we hung it down until two o'clock. I had it on the inside aerial Xmas p.m. until about four when I got the outside one connected. Stayed up until one and after. Last night it was 1.40 when I shut it off. We had a beautiful Pipe Organ recital Xmas eve and lots of good things beside. Yesterday noon had a good church service from Boston and last night one from Pittsburgh also part of another in Chicago WHIT and continued on with a musical program which was so good that we listened to the finish. Mrs. W. said last night that she had never heard radio before as all she had ever heard was only an aggravation. We had early morning service in the Y.M.C.A. Boston. Today WNAW Boston is coming in now—plendid.

This an unsolicited testimonial for the Radio Instruments sold by Dakin Bros., Radio Headquarters Tel. 51 Digby. We can furnish you with a set that will duplicate this performance.

P. W. Holdsworth and Thomas E. G. Lynch Nominated for Mayoralty

Monday was nomination day for candidates to fill the vacancy in the term of the Mayoralty caused by the resignation of Mayor Frank Anderson. Two candidates were nominated. Ex-Councilor P. W. Holdsworth, Druggist, and Ex-Councilor Thomas E. G. Lanch Broker.

Mr. Holdsworth's nomination was signed by B. Havey, A. A. Shortliffe, S. S. Aymar, C. F. McBride, W. H. Redding.

Mr. Lynch's nomination was signed by John Daley, C. E. Woodman, E. DuVeret, Ross C. Smallie, C. A. Lindstrom, Fred J. May, C. H. Carty, C. E. Armstrong.

Election day will be Monday next, when polls will be open from nine o'clock in the forenoon until five o'clock in the afternoon. The place of voting will be at the Town Hall.

Great Snakes!

The Garden of Eden has moved. And in the winter time too. Of course Eve isn't there, she won't be until Lour Lodge opens up for the Summer, but the descendant of the snake that did the tempting in the Garden was right on the job, in February. On Monday employees of the town were removing an electric light pole from the street in front of Lour Lodge and the first turn of the pick turned up a nice wriggly grass snake, eighteen inches long. It had burrowed in close to the pole as winter quarters. Harry Hersey brought it into town and bedded it down in a box of saw dust where at the time of writing it seems to be no worse for its exposure to winter weather.

MEMORIAM

Lucy, thou wast mild and lovely,
Gentle as the summer breeze,
Pleasant as the air of evening
When it floats among the trees.
Peaceful be thy silent slumber,
Peaceful in the grave so low;
Thou no more wilt join our number;
Thou no more our songs shalt know.

Dearest Lucy, thou hast left us;
Here by loss we deeply feel;
But 'tis God that hath bereft us;
He can all our sorrows heal.

Yet again we hope to meet thee,
When the day of life is fled,
Then in heaven to go to greet thee,
Where no farewell tear is shed.

Inserted by her father, mother, brother's and sister's of Rossway.

DIGBY, Nova Scotia

Moving Pictures and The Eyes

A few years ago our eye specialists were warning us about the bad effects of the motion pictures on the eyes.

The vibration of the rapidly moving pictures prevented a continued focus of the eyes on the screen, and the constant change of the muscles of the eyes had to make to follow the vibrating picture was injurious to the eyes.

As many folks may be foregoing the pleasure of seeing a good picture because they fear the bad effect upon the eyes, it will be gratifying to know that our moving picture photographers have been able to so perfect their work that this danger to the eyes has been practically removed.

Two Los Angeles research men, Drs. Irvin and Weyman, have been experimenting with the effect of the moving picture on the eyes, as compared with reading the average magazine.

They used university students, junior high school children aged about fourteen to fifteen and some business people of Los Angeles. One hundred and fifty persons were examined.

After making three or four tests on each person to get the normal degree of vision "the subject was sent into the projection room and the picture begun. The rest of the group followed at one-half minute periods. At the completion of the picture the subjects were taken out in the same order they went in, and immediate tests were made. Each subject watched the picture for an hour and a half."

For testing the eyes with reading the same subjects were sent into a well-lighted room where they were required to read current magazines for a period of forty-five minutes, after which the same tests were made.

The results showed that a group reading for forty-five minutes, about 43 per cent showed a lessening of their vision, while the same group viewing a black and white picture only about 21 per cent showed a lessening of their vision.

In other words, viewing a picture for an hour and a half is not as hard on the eyes as reading for forty-five minutes.

And the lesson? That they should not pass up a good picture thinking that it hurts the eyes. It not only is not harmful, but is really a relaxation for body and mind.

Always Bakes the Same

and always bakes the best

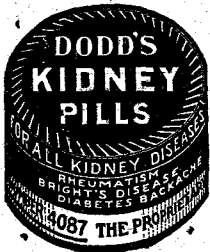

Home bakers prefer Quaker Flour because they can always depend on their baking results. Quaker Flour always bakes the same, for it always is the same.

In order to be sure that Quaker never varies from our rigid standard we test the product every hour. Samples are baked every day in our home-baking kitchen, under actual home conditions. No flour can bear the Quaker Flour brand unless it tests right and bakes right.

Every bag is sold under the guarantee that if for any reason you have trouble with Quaker Flour, the dealer will replace it, or give your money back.

Quaker Flour
Always the Same Always the Best

Smith's Cove Colony Will Require \$200,000 Capital

A meeting of the Council of Digby Board of Trade was held Monday night to receive a report from the committee appointed at the Annual Meeting of the Board to investigate a proposal for establishment of a tourist bungalow colony at Smith's Cove, a suburb of Digby. The committee was assisted in its investigations by Municipal Councillor William Cossaboom, of Smith's Cove, who conducts a colony of kind similar to the one projected.

The committee reported that the site which it was proposed to develop was ideal for the purpose, consisting of sufficient area for present requirements and future expansion, well wooded in rear, for laying out of park and bridge paths, and with sufficient standing timber for the construction of rustic buildings. The foreground is already cleared for bungalow sites and the water front excellent for beach and bathing facilities. The whole area has natural drainage and on to the westward an indentation of the Annapolis Basin, with the installation of a small dam fitted with tide gates, a permanent salt water bathing pool at all stages of the tide.

The original proposal was for capitalization of a \$50,000 company for the development of the area, and consisted of plans for the erection of sixteen bungalows, eight three roomed and eight four roomed, central dining hall and community hall with necessary kitchens and offices. The recommendation of the committee was to properly exploit the area a capitalization of at least two thousand dollars would be required, providing for annual addition of bungalows over a period of years. Their recommendation was that the original plan was not so sufficient scope to provide for the great increase to be expected from the establishment of proper steamer service between New York and Boston and Yarmouth and that the larger exploit should receive favorable consideration.

The matter was laid over for consideration of means of raising the necessary capital for commencement of the project and an endeavor will be made to interest several Americans who each year visit Digby and who in times past have been interested in the development of the district as a tourist recreation ground.

The Council prepared plans for the coming summer and will endeavor to secure listing of private residents where summer visitors can be accommodated. In the opinion of those present the coming season is going to tax to the utmost all present facilities for catering to tourists and more general appreciation of what the tourist trade means to the province in dollars and cents is necessary if accommodation and entertainment of a quality that will bring visitors back from year to year are to be provided.

Sold by all druggists, or mailed in plain package on receipt of price. New pamphlet mailed free. THE WOOD MEDICINE CO. TORONTO, ONT.

Sister of Major Daley Died in California

At Los Angeles, California, on Monday, January 31st, Mrs. Letitia Smock, a widow, died in her seventy second year. She formerly lived in St. John from where she went west some fifty years ago. One of a family of four sons and three daughters, she is survived by her brother, Major John Daley, of Digby. In the summer of 1919 Mrs. Smock visited her brother here, returning west in October, and will be remembered and missed by many friends here and by her church to which she was deeply attached, a faithful and worthy member and helper in all Christian endeavors.

Her illness lasted a month. It was caused by falling down a flight of stairs and incurring severe internal injuries. She enjoyed good health through life and was of a cheerful and kindly disposition, a devout Christian woman, who died as she lived, in the esteem and love of all who knew her and in the hope of a glorious Resurrection.

Port Wade

Rev. L. J. Lingley, who has been spending the past two weeks on the Lower Granville pastorate, left here on Monday morning for Port LaTour, N. S. Rev. H. L. Kinsman of Wolfville will supply in the Baptist church next Sunday.

The funeral of the late Wm. H. Zeigler was held from the Baptist church here on Thursday last, the Rev. L. J. Lingley being the minister officiating. The deceased was a life long resident of this place and had reached the age of 84 years. He leaves no family, his wife having predeceased him about four years ago. A golden number of citizens and friends assembled to pay their last tribute to respect.

Miss Addie Hudson who has been visiting her sister, Mrs. Frank Gilligan, returned to her home at Parkers Cove this week.

A church Social will be held on Monday evening at the home of H. H. Reynolds.

TRUE GREATNESS

Premier Bruce, of Australia, put the bid very effectively on all individual boasting when in Toronto recently he said:

"Any Dominion more jealous of its own greatness than of the greatness of the Empire is not great at all."

Patience: "I have been awfully troubled lately, doctor, with my breathing."

Doctor: "I'll soon give you something to stop that."

NO "SHINGLE" or "BOB"

After long tests we are convinced Aluminum is the best container for tea.

RED ROSE TEA

Now packed only in Aluminum.

WILL YOU NEED HELP ON YOUR FARM?

Then arrange for it at once. This Department is bringing out British and European workers. But the number is limited.

It includes: (1) experienced help who have worked five years or more on a farm; (2) partly experienced help, having some practical knowledge of farming; (3) inexperienced help. In the case of married men, wives will do household work when desired.

BOYS

A number, aged 12 to 17 years, will be brought to a Government controlled training and distributing farm this spring. These will meet the demand from inexperienced help.

Secure application forms at once from your postmaster, station agent, agricultural representative, or write:

Sorry to report Mrs. Arthur Jefferson and Mrs. Cleveland Jefferson confined to their homes with severe colds.

Edgar Soules, of Deep Brook, spent the week end with his sisters, Mrs. Gordon Ruggles and Mrs. Cleveland Jefferson.

Local and Personal

Mr. Farquhar left Monday for a short visit in Sussex, N.B.

Master Henry Romans spent several days last week in Halifax, returning Saturday.

St. John's Guild met Thursday afternoon at the residence of Mrs. H. C. Anthony.

A. B. Marshall arrived home Tuesday after ten days spent in Boston and New York.

A few fortunate people in Bear River received their first new Maple sugar last week in January. This surely is a record.

Mrs. A. B. Campbell was at home to her friends at the tea hour on Wednesday.

The pupils of Grades V and VI gave a Valentine "At Home" to their Mothers on Friday afternoon under the guidance of their teacher, Miss Edna Peck.

The W.M.S. of the United Church met at the home of Mrs. Harry Harris on Friday afternoon.

Rev. A. W. L. Smith was unable, on account of illness to take the service in St. John's church on Sunday afternoon. Lay Reader L. V. Harris conducted the service.

The Keith Lodge held their regular Communication Monday evening in the Lodge Rooms.

Mrs. John Spurr, of Deep Brook, has been visiting at the home of Mrs. Harvey Kinney.

Mrs. Robert Spurr, of Waldeck, was in town on Monday afternoon visiting friends.

Mrs. A. S. MacIntyre and Mrs. J. H. Cunningham were at home to their friends on Thursday afternoon.

The B.Y.P.U. held a banquet in the vestry of the United Baptist church on Friday evening at 7.30.

The family of Joshua Barkhouse is removing to Boston, where Mr. Barkhouse is now employed.

Mrs. Harvey Kenney made a short visit to Digby this week.

Mr. McLeod of Yarmouth and Mr. Marshall of Bridgetown are in town in the interests of the Metropolitan Life Ass. Co.

Mrs. L. Milner left this week for Halifax.

Sorry to report Mrs. Arthur Jefferson and Mrs. Cleveland Jefferson confined to their homes with severe colds.

Edgar Soules, of Deep Brook, spent the week end with his sisters, Mrs. Gordon Ruggles and Mrs. Cleveland Jefferson.

Quality and Why
The TEA before it Reaches your Cup
has been carefully examined and tested for quality for richness for flavor. None but the best enters the KING COLE package. Ask your grocer.

Wedding

KAY—MORRIS
Alfred Wesley Kay and Miss Elizabeth Catherine Morris, both of Keystown, were married Wednesday evening by Rev. H. R. Nobles, First Baptist Church, Regina, Sask. The bride was costumed in blue crepe with silver trimming and silver shoes to match, and carried a bouquet of pink and white carnations. The attendants were Miss Lissa Glendenning, Windthorst, and H. A. Lawton, Keystown. The groom's gift to the bride was 26 pieces of initialed silver and to the bridesmaid a white gold bar pin set with a topaz. Mr. and Mrs. Kay left on a honeymoon trip to Winnipeg, Manitoba, after which they will reside in Keystown.

The above will be of interest to the friends and acquaintances of Miss Morris as she was a former resident of Bear River.

Pastime Club Pic Sale

In order to enlarge the facilities of the Club and add to its reputation as a place of amusement and recreation, the officers of the Club have advised fitting up the gymnasium for Volley Ball and Basket Ball. When this addition is made it will greatly increase the Club's popularity and usefulness. In order to secure funds to make the changes a Pic Sale will be held at 8 o'clock on Monday evening Feb. 14th.

Everybody is welcome and the sale will be preceded by music by the men's choir.

William Lamb, assistant pro. at the Toronto Golf Club won the championship of Mexico City a few days ago. He earned \$550 in the tournament.

Oakdene Scholars

The 4th Grade pupils of Oakdene Academy recently prepared booklets of Bear River and were required to place an original poem in the cover in dedication. Some very creditable compositions resulted, and as the work was done in school they were wholly original. One especially good, as descriptive of the town's situation, is quoted below.

To Bear River The Most Beautiful Spot on Earth,
Far in the distant eastern sky
Comes the sun in all its splendor,
There in the brightness of its rays
Rise the hills in purple glory;
Cutting the country in twain runs a river
Winding and twisting among the hills
Sparkling and gleaming in the sun.
And flowing peacefully onward to the great Beyond.
Nancy Edith MacIntyre
Age—10 years

Board of Trade Meeting

The Bear River Board of Trade will meet in the Masonic Reading Room on Tuesday evening Feb. 15th. This is the annual meeting.

W. I. Thimble Tea

All members of the Institute with their work bags are invited to spend the afternoon of Friday Feb. 18, at the home of Mrs. Romans, and a ten cent collection will be taken for the benefit of the Institute.

W. I. Meeting

The regular monthly meeting of the Women's Institute was held at their room Masonic Building on Monday afternoon. A number of interesting reports were submitted by the Convenors of the different committees, showing the work of the Institute was being actively carried on.

At the conclusion of business, the following program was presented by the entertainment committee:

Piano Solo Mrs. A. G. MacIntyre
Reading Miss Edna Peck
Vocal Solo Mrs. J. L. Warren
Reading Mrs. A. B. Campbell

"FLU" IN JAPAN

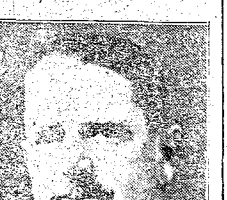

A serious outbreak of the "Flu" in Tokyo, Japan, has been spreading for the past two months, and to date 1,677 deaths have been reported. This number is not complete, however, because although there are many thousands of adults affected, the disease is generally fatal to them. All efforts to check the epidemic have so far failed. Influenza and grippe are prevalent also in Europe.

BRITAIN AND SOVIETISM

Many massed meetings have been held in Great Britain the people who demand that the British Government sever their diplomatic relations with Soviet Russia. They charge Russia with insulting provocations against Great Britain, in the present anti-British campaign throughout China. A meeting of thousands held in Hyde Park, London, was unanimous in its opinion that the Government should banish the Soviet Embassy from London, and severely criticize Sir Austen Chamberlain's "hush-hush" methods of dealing with a situation which is hourly becoming more critical. The British Cabinet is hopelessly divided on the Russian question and while Sir William Jowson-Hicks, the Home Secretary, and Lord Birkenhead are said to be in favor of halting the Soviet representative out of England, the Foreign Secretary, Mr. Chamberlain, has urged that no good can come from such a move that would only damage British trade, and open the floodgates of Soviet propaganda against Great Britain in China, Turkey and India. Premier Baldwin is declared, partially supports Chamberlain. It is doubtful whether he will continue to support these views now that the public and members of the Government are so insistent that drastic measures be taken.

An English clergyman calls attention to the fact that on Sunday following an earthquake shock in Dargat, the first lesson at Erensore recorded Elijah's experience of an earthquake of Mount Horeb.

NEW ZEALAND PREMIER VISITS CANADA

Hon. J. G. Coates, Prime Minister of New Zealand, is the second Dominion Premier to visit Canada on his way home. He arrived in Montreal last week.

"CANADA'S FINE EXAMPLE"

"Not all of America's debtors are asking for repudiation or cancellation of their debts," says The Boston Post editorially. "In 1926 some \$182,000,000 of foreign loans fell due and were paid without protest of any kind. In 1927 the total of debts falling due amounts to approximately a quarter of a billion, and this money will also be paid with protest of the amount due in 1927. Canada owes about \$100,000,000. This little item appears in an obscure corner of the financial news section, and yet it has a good deal of significance on the whole foreign debt situation. In fixing the example for the world, Canada would be the last country that anyone would select as the imitator. Yet Canada, just as heavily in debt and money, is proportionally to her population, as any country engaged, and has anyone heard of Canada trying to wash her hands of her debt?"

There was an air pilot named Myron, said, "That cage, pray, surely isn't the plane give a flop, and I find myself down. And compelled that lion to lie on."

TRANS-ATLANTIC TELEPHONE

The greatest mark of scientific progress in recent days is the successful consummation of Trans-Atlantic telephonic conversation by radio. The first conversation was between New York and London a short time ago. For this honor is \$25.00 a minute. It is anticipated that business transactions between America and England will quickly reach a considerable volume, as almost of equal importance was a conversation between Ottawa and London over the wireless telephone. So much for what is known as the "beam" wave.

REASONS FOR CHURCH ATTENDANCE

Because of that for which it stands. With all of its human imperfections, the church stands for the best elements of life and the highest conception of God known to mankind.

Because of its offspring. Nearly all the faculties and agencies interested in the uplift of humanity are the product, directly or indirectly, of the church.

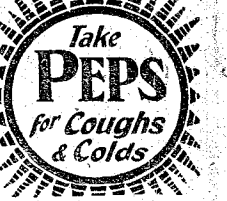

Because of its influence. The church is the source of the world's best literature, its art, its music, its science, its philosophy, its religion, its ethics, its politics, its economics, its social life, its culture, its civilization, its progress, its future.

BRITISH PREPARES FOR BATTLE

The army of British fighting aircraft is the most powerful in the world. The policy of protecting life and property is the most formidable since the invention of the airplane. Eighteen biplanes, eight fighters, eight bombers, and eight transport planes, are now in service. The British aircraft carrier, the HMS Ark Royal, is the largest in the world. The British aircraft carrier, the HMS Ark Royal, is the largest in the world.

PRICES FOR FOOD PRODUCTS

While the inflation in food products in Canada in 1926 was comparatively small, amounting to only \$1,000,000,000, in 1927 it was \$1,445,000,000. In the United States, the two food price indices, the cost of living index and the cost of food index, both show a sharp increase. The cost of food index, which is a measure of the cost of food for the average family, was 100 in 1926, and in 1927 it was 112.5. The cost of living index, which is a measure of the cost of living for the average family, was 100 in 1926, and in 1927 it was 112.5.

The Scottish Sabbath

The old austere Sabbath of strait-laced Scottish Presbyterianism is being assailed in the Glasgow Presbytery of the Church of Scotland. In the discussion of the subject several ministers of the younger school denounced roundly the old-fashioned Scottish Sabbath. They characterized it as depressing, dull, and tedious, and expressed doubt about its conducing to devotion. One of them declared that it was an anachronism in modern Christianity.

The Presbytery received a report from a Committee, setting forth that the urgent request of a church change was agreed to issue a pastoral letter to this effect, and to incorporate in it a statement that the Church regarded attendance at a religious service on the Lord's Day as a matter of obligation, but that for the rest of the day, Christian people should be trusted to observe the occasion of their own volition in a way compatible with the commemoration of the Resurrection.

A live lion was recently carried by airplane from Paris to London at the urgent request of a circus manager. The beast travelled in a specially constructed cage which had been built to fit a Napier plane.

There was an air pilot named Myron, said, "That cage, pray, surely isn't the plane give a flop, and I find myself down. And compelled that lion to lie on."

Myron, said, "That cage, pray, surely isn't the plane give a flop, and I find myself down. And compelled that lion to lie on."

THE VALLEY BOARDS OF TRADE AT WOLFVILLE
 Mr. L. W. Simms' Address
 About two hundred men from the Boards of Trade in Valley towns met in Wolfville last Friday and had dinner in the new dining hall of the University. Addresses were given by Mr. L. W. Simms, President of the Maritime Board of Trade and one of the main addresses.
 Mr. L. E. Shaw, President of the Wolfville Board of Trade was Chairman and introduced Mr. Simms, who spoke of his varied interests and of his own successful business.
 Mr. Simms, in his opening speech, said that two years ago it would have been impossible to get together such a gathering, except as an indication of the progress of the movement. He illustrated his meaning by the colored porter who explained the sign on his cap "Colored" as more than just plain color. It meant that half of the time he was in and the other half "toddie". This was the meaning of the Maritime movement.
 Now happily that is gone. Today we say to the rest of Canada, we would like you to be partners with us in building up a greater, finer Canada. Forgetting the past we will need and in right ought to have.
 Third—We need to remember how the tariff was altered at the time of Confederation. When we entered the circle of duties was just around the Maritime and we did business with the world under those conditions. But with wider union came the wider circle that took in Canada. We were at first a world delivery point. We had our own tariff just as Newfoundland now has. But the new conditions gradually shut us off from London and New York. Industries languished and died. And when the industries in Upper Canada saw this they raised prices or reduced discounts and sent down here the finished products. Things got together with greater freight rates to Ontario and greater costs of production put us where we are.
 But if we all work together as we did at the Winnipeg Convention we can get something done. We can do a great deal of moral suasion. But we need to be firm. We would let our legislators know at Ottawa that we expect that those firms who refuse to deliver goods at Halifax or St. John as cheaply as they will other places, must

Obituary
 MRS. T. HARDING DENTON
 At the home of her son-in-law, B. P. Collins, Little River Jan. 24 after an illness of several weeks Aloha, widow of the late Denton T. H. Denton passed peacefully and triumphantly into the presence of her redeemer.
 Mrs. Denton confessed Christ as her Savior at the early age of seventeen years, was baptized by the late Rev. J. C. Morse DD April 5 1858. She was one of the eldest members of the Little River church and throughout her long membership she was an active, consecrated efficient worker. In her purity and earnest character; in her religious experience and personal faith; in her sacrifice and devotion to the church as a Sunday School teacher and for many years church clerk, she was an example and outstanding leader. Especially was she interested in mission work for many years holding the office of President of the U.B.W.M.U. and made each meeting a success.
 One could not know the Little River church during the past half century and not appreciate and respect this departed sister. She will live a long time in the affection of its members.
 In her last illness and death she found her faith in Christ all sufficient and knew the peace of God that passeth understanding and her utterance as she fell asleep was "Eye-lath not seen nor ear heard neither have entered into the heart of man the things that God hath prepared for them that love him. I Cor. 2-9
 Funeral service was conducted by Rev. I. D. Harvey using as a text John 3-6 by her request. In her death the church has sustained a great loss but a life like hers lives on and though dead she yet speaketh.
 It is a rich heritage that such a mother leaves to her children and to her church.
 Mrs. Denton is survived by one daughter Mrs. B. P. Collins whose loving care of her mother during her illness was ever in evidence, and one son Sydney Denton, of Little River, one sister Mrs. Eleanor Dakin of Centerville, three brothers Rev. S. H. Cornwell of St. John, Joseph of Weymouth and Henry of Berwick.
 One adopted daughter Mrs. Evelyn Elderkin of Pawtucket, R. I. Eleven grand children and five great grandchildren, much sympathy is felt for the bereaved family.
 Mrs. George Peters entertained at three tables of bridge on Wednesday evening. The prizes were won by Mrs. R. H. Lockward, Mrs. H. L. Roberts and Mrs. Frank Anderson.
 Territories with business intelligence are giving so many of our young men and women to the United States. We need more of our own people to go to the United States. Our Board of Trade can generate citizenship. For each community is just a miniature world. Outstanding men not only in trade but in professional life and in agricultural life should help to give opportunity to exercise citizenship, to even incubate it. The real power of the West has moved east. Even Winnipeg spoke of with pride from the east. Optimism has come east and will yet be as buoyant as our own. Garçon of the East raising the fruits and flowers that can be so well grown in our section. We will only stand together and cooperate.
 The real power of the West has moved east. Even Winnipeg spoke of with pride from the east. Optimism has come east and will yet be as buoyant as our own. Garçon of the East raising the fruits and flowers that can be so well grown in our section. We will only stand together and cooperate.
 The Packing Plant in St. John is wound up with the Valley and the Maritime. Some of us have been giving time to give this needed thing. A reunion is in sight. For a time looked like no market so no plant and no plant because no market. The only chance of this did not see this but they had we would or have the industry that we need. There will be no loss in operation but in five years it will be a sound thing.
 A Dairying expert from Ontario states that there is no place in Canada more favorable to this industry than the Maritimes. And yet in this as in other things we do not feed ourselves. The Dominion raised seventeen and a half million bushels of potatoes last year and imported twenty six million. Then there are really good things that have everything for success but no business money. Things go to the wall for lack of the knowledge of business principles. Fine mechanics gain needs this to market its wares. Boards of Trade would get back of

Smith's Cove
 Theodore Beels is visiting here the guest of Mr. and Mrs. Minard Weir.
 Glad to report Miss Estella Woodman recovering from her recent illness. All will be glad to see her out again.
 The Woman's Missionary Aid Society met for its regular monthly meeting at the home of Mrs. W. K. Snow, Wed. afternoon Feb. 2nd.
 Rev. Frank Smith has resigned his charge of the Baptist Church here to accept a call to the Pastorate of the Aylesford Baptist Church. Mr. Smith has been on this field for nearly three years and has provided himself an able and loyal preacher of the word of God. We wish both he and Mrs. Smith the best of success in their new field.
 R. H. Ward, Field Agent for the Sons of Temperance paid an official visit to Home Division Wednesday evening Feb. 2nd. Mr. Ward has been doing very successful work through Nova Scotia as an Organizer and lecturer, for the past two or three years. A large number of Divisions having been organized by him during that time, besides welding them together by organizing into District Division in several Counties. Mr. Ward is a very attractive and forceful speaker, and we are hoping to have him return in the near future for a public address on this live question of the day.
 Edward Payson has opened up his fine new up-to-date Garage which he built. This building besides being large and roomy is very neatly built and will be a fine addition to our fast growing Village. Mr. Payson is a first class workman and Smith's Cove is very fortunate in having him locate here. Mrs. Payson is one of our own girls, and they with their little family will be a help in all that makes for the betterment of our community life.

Local and Personal
 Mr. Raymond McIntosh who has been working in Stewiacke is the guest of his mother, Mrs. Carrie McIntosh.
 When Harry Houdini, whose recent death has been commented upon in newspapers all over the world, was a little boy, he was much impressed by hearing his dying father, a Polish Jew, say to his mother that though he was leaving little behind he knew that "Harry would fill his apron with gold." The memory of his father's words was always with him, and he declared that the greatest thrill of his life came not from any of his truly startling and hair-breadth escapes, but at the end of the first week of a New York engagement, when he took a thousand dollars in gold to his mother and literally dumped them into her lap. He had never earned so much in one week before, and in similar his contract he had made it a condition that his salary should be paid in gold. Harry expressed their intention of remaining here. The figures are those of the Department of Immigration and Colonization.
 The genial "Bern" Cossabow is able to be about again after a week in bed with flu.
 Mrs. Frank Roop is confined to her home with an attack of grippe.
 Mayor Frank Anderson returned yesterday from a several days visit in St. John. Mayor Anderson is having a new scullion boat built and is also planning a new pleasure yacht for his own pleasure this summer.

CANADA'S BEST IMPORTS
 For the last nine months of 1926 there was a reduction of 15-312 Canadians who had gone to the United States - intending to remain there, but who, upon returning to Canada, expressed their intention of remaining here. The figures are those of the Department of Immigration and Colonization.
 A Prayer
 Around the Throne the Saints rejoice,
 With hymns and psalms and voice;
 O God, I have no gift of praise,
 So give me work for all my days.
 —A.T.S. in The Observer.

 Kentville has the best team in the Maritimes this year so you will see some game.

SULPHUR CLEARS A PIMPLY SKIN
 Apply Sulphur as Told When Your Skin Breaks Out
 Any breaking out of the skin on face, neck, arms or body is overcome and cured by applying Mentho-Sulphur. The simplest seem to dry right up and go away, declares a noted skin specialist. Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowles Mentho-Sulphur and use it like cold cream.

Acaciaville Pole Line Ready
 Digby Jack, who has had the contract for the construction of a pole line for hydro from Aymar's Corner to Acaciaville completed the job on Wednesday and the line is now ready for stringing the wires. The loop will serve residents at the corner and up the Acacia Valley, eighteen in all and is one and one half miles in length, ending at Der Long's.
 Mr. Jack since last fall has had crews of men wiring houses along the route of the main transmission line and has fitted up nearly fifty residences for hydro. The average monthly consumption of these fifty will run about five hundred kilowatts a month.
 "Your Paper is improved"
 A month or so ago a friend of the Courier wrote to tell the editor that he didn't like the paper. It wasn't as newsy as it should be and he wanted it made better. The criticism was deserved, as most criticisms of a newspaper is, always, and we tried to meet it by improving the paper. This week he writes again, this time not in criticism, but in praise: "Your paper is improved." Incidentally he ordered the Courier sent to address in Western Canada and the United States, so the praise must have been deserved as the criticism.
 We thank our friend and pass his praises along to those who help in making the Courier as nearly a real newspaper as we can make it.

The Red Wrens Play Hockey
 The Digby Ladies' Hockey Team the Red Wrens, went with the Raven to Annapolis last night to play the fair sextet of the Royal town. Those on the team were: Goal, Tillie the Yeller; Defense, Wrong Number and Bent but not Busted; Forwards: The Gold Dust twins from Grade Ten and What Number please.
 Spares: Goldie, Locks and Till Death do Us Part.

Will Visit Old Home in France
 Mr. Louis Stehelin, of Weymouth, was a visitor in Digby on Monday enroute to St. John to make preparations for leaving on February 21st for his old home in France. Mr. Stehelin has not been back for thirty years, and is looking forward to a great visit. He will arrive in time for the Mardi Gras, and those who know what celebration precedes the incoming of the Lenten season, will know what a good time he may look forward to.
 George Nedo, sail maker and Linwright, has secured a job of making repairs to the schooner Marion Phillips and this week commenced drying the vessel out to prepare for the work to be done.

English Silk Mull

A very daintily designed material suitable for finest Lingerie; and prices at \$1.25 a yard.

MAXIMS OF A MERCHANT

Do not let the burdens of today break the back of tomorrow

Be Ready for Hydro!

In a few weeks the turbines at Weymouth will be producing energy to light the homes of Digby County with Electricity—the modern Alladin's Lamp.

Let us talk over the cost and style of Wiring Your Home for Hydro

The first cost of wiring is not the only cost.

Your Insurance rate is governed by the quality of your wiring. If it is done according to Underwriters specifications your rate will be no higher than at present. If not up to standard you will carry the risk, in higher insurance rates.

We use "Armoured Cable" for all Inside Wiring

"Wired According to Code and Passed All" is our strongest recommendation

Generator and Turbine Arrive

Contractor Walter I. Snook has a crew of men at Weymouth unloading the generator and turbine for the Sissiboo Falls hydro development. The machinery left Montreal on Tuesday of last week and was several days on the road, a quick trip for freight.

Problems in transportation are provided by the main piece, which weighs nine tons. To shift it eight miles to the power site and then install it on its foundation is going to be quite a job, but when that is completed the rest of the job will not take long.

Line crews of the Power Board are now engaged in stringing distribution service wires in sections between Digby and Weymouth and from Aymar's Corner to Acadiaville, the poles for which were erected by contractor Derby Jack.

Contract with the Canadian Gypsum Company to supply energy for their construction work at Pinkney's Point and for operation of loading belts after the plant gets underway, is being negotiated. It will be signed as soon as a date can be set for the turning on of the power.

Six weeks should give us hydro and it cannot come too soon. But like all things even when it does come there will be those who are not ready for it. The motto of today is "Be ready for hydro." Do get your house wired, your barn wired, your hen coop wired and don't forget to provide outlets for the carpet sweeper and the percolator and the electric iron. Hydro is going to be cheaper than coal or wood, or hand power and the more we use of it the cheaper it is going to be per unit.

A Dry Dock Built to Order

It is something of a job to down a man that the ocean couldn't down or the winter's cold wind freeze, so it was nothing unusual for Captain Kirk of the Marion Phillips to build himself a dry dock when one was needed in order to put a new shoe on the old girl. The 'dry dock' was built on the weather side of the Warner wharf, but the bottom wasn't firm enough and it had to be built all over again. That was two weeks ago, nearly, and the Captain now has the vessel about ready.

Mayor Lynch and Councillors

Sworn in on Wednesday

Magistrate Havey Administers Oaths and Council Organizes Committees for Year Aymar is Presiding Councillor

The first meeting of the new Town Council of Digby was held tonight, when Stipendary Magistrate Havey administered the oath of office to Mayor elect Thomas E. G. Lynch and Councillors elect Victor G. Turnbull, Carl Eldridge and Stewart Raymond.

Mayor Frank Anderson presided and called the Council to order, welcoming his successor in office and the new Councillors to the control of civic affairs. Magistrate Havey then administered the Oath of Allegiance to His Majesty and the Oath of Office for Mayor and Councillors and the new Mayor and Councillors were seated.

Mayor Lynch presented his slate of civic committees for the consideration of the Council and general organization of business for the coming year prepared.

Councillor George Wightman was prevented, by illness, from attending.

Stewart Raymond Chosen to Fill Council Vacancy

Ex-Councillor Stewart Raymond, who this year retired from the Council on the completion of his term, was on Tuesday chosen by acclamation as Councillor for the year of the term of Councillor P.W. Holdsworth, who resigned to offer himself as candidate for the Mayoralty. Mr. Raymond's was the only nomination filed.

The Council is now complete and as soon as the Mayor and Council.

lors elect are sworn in the Council will be able to get down to business, organizing their committees and getting the towns business in shape for another year.

Thomas E. G. Lynch New Mayor for Digby

Defeating his opponent, ex-Councillor P. W. Holdsworth by a margin of forty-two votes Thomas E. G. Lynch, broker, was on Monday elected Mayor of Digby, to complete the unexpired year of the term of Mayor Anderson, resigned. Mr. Lynch polled 240 ballots and Mr. Holdsworth 198.

The total, vote cast, 438, represents about two thirds of the total vote available. It was brought out by real old time election campaign method which, put into effect saw fleets of cars working for the respective candidates. The issue at stake was an important one, a visit to Ottawa in the summer to take part in the central celebration of the enactment of Confederation, and the supporters of Mr. Lynch especially were in proper working trim, applying experience gained in many election campaigns.

Gone to Montreal

Max Cope left this week for Montreal to open a connection with Upper Canadian dealers in Antiques.

To the Electors of the Town of Digby

LADIES AND GENTLEMEN:

I wish to express my sincere thanks to those who worked and voted for me in the Mayoralty Election of February fourteenth last.

As I was nominated without my consent and took no personal part on my own behalf, I am deeply sensible of the fact that the result is due entirely to the efforts of my friends.

Your grateful and obedient civic servant

The Roads in Winter.

Action is being taken before the Legislature of Nova Scotia by the executives of the Convention of Municipalities to put into effect regulations transferring the maintenance and operation of highways under the direction of the department of Highways in winter as well as in summer. Such action is being taken on the ground that the Highways department should not only construct roads, and improve them during the summer months but should assume the responsibility of their maintenance and fitness for traffic in winter. It will be remembered that Councillor James Hillman has been a strong advocate of such action being taken and that his motion recommending such action by the Convention of Municipalities received unanimous support when that body met last fall.

Should the petition being presented to the government bear fruit in the direction in which is hoped the Highway Board will assume the responsibility of keeping the roads open in winter and the old-time statute labor method of road breaking will give place to a modern and proper method of road maintenance. It will relieve residents along country highways from the necessity of neglecting their private occupations in order to break roads and should result in the organization of staff and equipment that

will more quickly make roads passable after heavy snow storms.

The petition is being backed up by the Nova Scotia Motor League, a particularly interested organization. This body takes the ground that much of the province's revenue for highways purposes comes from automobile licenses and for this reason effective methods of keeping the roads open to automobiles at all seasons of the year are a direct responsibility of the province.

Julia Calder, the Soldier's Friend

A friend, one who knew something of the work done by the late Mrs. Julia Calder, sends the Courier this from the St. John Telegraph, together with a personal eulogy of the deceased. Mrs. Calder was one who lived in the spirits of practical humanity, she knew the truth of the phrase, "More blessed to give than receive" and in the hearts of those who served in the Great War, her memory will be forever green.

A SOLDIER'S TRIBUTE
The Canadian is not a demonstrative creature. Betimes he experiences marked difficulty in clothing his thanks in felicitous phrase. But he is not ungrateful, and his acts speak often more eloquently than his words. An old lady died recently in Digby and the returned soldiers of her town honored her in death by covering the coffin with flowers and following it to the grave. During the war that kindly woman had sent over 135 parcels of comfort to Canadian soldiers. She worked indefatigably for those who were fighting her country's battles. She must have been aware that the necessity for organization, that gifts matter not as all. The joy of giving counted her. Probably in actual thanks at the time her recompense was slight. That mattered not. She gave lavishly. She remembered those who were absent, and those who returned have not forgotten. There are many other women who gave, and these too are remembered with gratitude by those who were comforted by thoughts of home during the dark hours. —St. John Telegraph Journal.

What a pity we are so prone to neglect these noble, kindly, self-sacrificing souls while they are still alive to be made a little happier by our appreciation and then to praise on them after they are dead. "Julie" Calder was a poor woman. During the war she lived on a mere pittance while she used every penny she could earn by her own labors to send comforts to our boys at the front.

A philosopher has said "One gracious word, one kindly smile to

day is worth more to me than a terraced marble mausoleum to cover my unseeing eyes and silent heart. Mountains of flowers at my grave and pages of newspaper eulogies afterward are trifles compared to the few pleasant words and the compassionate charity of those who loved or perchance pitied me while I still lived. Inexpressibly comforting then, but not now. It is to late.

The Lure of Winter in the Maritimes

The attractions of the Maritime Provinces as an ideal territory in which to spend a summer holiday are familiar to most Canadians and to many in other countries. Not so well known, but rapidly coming into prominence, are the advantages of Acadia, to use its former name, as a land of invigorating, health-giving sports. The nearness of the Maritime Provinces to Quebec and Ontario and to a thickly populated portion of the United States, and the excellence to the transportation services renders them easily accessible to visitors. Railway lines to the highest class connect them with central Canada and eastern United States ports, while the world-famed harbors of Halifax and St. John witness the arrival and departure of ocean-going ships every day of the year. Powerful and finely equipped steamship ferries connect Prince Edward Island with the mainland.

The visitor finds it a land with an abundance of every kind of healthful winter sport into which he can throw himself with zest. As in other parts of Canada, skating is first place closely followed by curling, snowshoeing, sleighing and ice yachting. The facilities of these sports are excellent. Skating and curling rinks, open and covered, are to be found in all cities and towns, and on several occasions in recent years the International Amateur Skating contests have been held at St. John, participated in by skaters, not only from other provinces and the United States, but also from northern Europe. The hilly character of much of the Maritime makes them an ideal field for skiing and the sport is spreading rapidly. The same conditions promote tobogganing and, where natural hills are not convenient to populous centres, artificial slides have been erected to meet the demands of devotees of this sport. Snowshoeing claims many adherents while sleigh-riding offers a sparkling team of horses still holds a charm for many. Ice yachting, in a land of yachtsmen where there are many lakes, broad rivers, and estuaries to provide the necessary ice-rooms, naturally fills a prominent place in the list of winter sports.

The Maritime Provinces, therefore, present to the visitor in search of health and enjoyment no lack either in variety or high quality of winter recreation.

No 8 Hour Day, No Day Off In Week For The Mother of a Family

There was no eight-hour day, no day off in the week for the mother of a family, said Lady Forteviot, opening a university ward at Perth Royal Infirmary London.

Lady Forteviot said there was much talk nowadays of equality of the sexes, but to her mind it was obvious they never could be equal.

Men would never find it possible to be on duty for almost 24 hours a day and seven days a week.

Not to Visit Canada this Year

It is definitely stated that there was no prospect of King George and Queen Mary accepting the invitation of the Dominion Government to visit Canada this year on the occasion of the Diamond Jubilee celebration of Confederation. The Canadian press learns on good authority that it is considered quite impracticable for various reasons for Their Majesties make the journey next summer. The Prince of Wales is expected to go to Canada for the Confederation celebration.

MR. BOVAY EXTENDS HIS THANKS

"FRUIT-A-TIVES" ENTIRELY STOPPED DYSPEPSIA AND LIVER TROUBLE

MR. R. A. BOVAY.

After much suffering, Mr. Roy A. Bovay of Trenton, Ontario, turned to "Fruit-a-tives" for relief from digestive and liver troubles which were making his life a burden. "I wish I could tell every sufferer in the world what 'Fruit-a-tives' have done for me," he writes. "For years I was much troubled by bad headaches, nervous dyspepsia and liver trouble. Then I commenced taking 'Fruit-a-tives'. Thanks to these wonderful tablets, I am once more entirely well. If your nerves are upset, digestion poor, system generally out of order, you need the corrective help which 'Fruit-a-tives' unfailingly gives. There is no other medicine like 'Fruit-a-tives' which is made from the intensified juices of fresh fruits combined with tonics. 'Fruit-a-tives' brings health and happiness to people every day—why not you? 25c and 50c a box, everywhere. Buy one, to-day."

Summer Will Bring the Exiles Home Again

"I must go down to the seas again," was the rallying call of the men and women of the Maritimes exiled in Winnipeg who gathered around the banquet board in the Royal Alexandra hotel last night. "I must go down to the seas again, for the call of the running tide is a wild call and a clear call that may not be denied." Four hundred attended the third annual dinner and dance of the Maritime Provinces association and while they could not go down to the seas in flesh they made the best of it in memory and imagination.

J. G. Whitehead, president, suggested that the annual gathering be kept up always in order that the traditions and principals inculcated "down by the sea" might be kept fresh in memory. The attendance and the enthusiasm left no room for doubt about the future of such gatherings. "We are meeting again, cheered with reports from the old home provinces that conditions are materially improving," said Mr. Whitehead.

The speaker of the evening was D. B. MacRae, assistant editor-in-chief of the Maritime Press. He was introduced by A. H. S. Murray, a New Brunswick member of the executive and chairman of the banquet committee. Mr. MacRae gave the audience some impressions of the Imperial Conference and of his trip abroad, and also recalled experiences in Nova Scotia and New Brunswick before the last elections in those provinces.

Mayor Webb, who was a guest, spoke briefly to outline to the association his proposed excursion to the Maritimes this summer. His scheme was not so much to send a large number of Maritimes folks home for a holiday as to induce prominent business men of the west to "go and see for themselves" what the problems were in the provinces down by the sea. He advocated more travel between the farther flung sections of the Dominion, so that one part could understand the other and so bring about a mutual sympathy. Mr. Justice McDonald, honorary president, introduced the speaker.

Mrs. J. M. Rice, accompanied by Mrs. J. J. McDermid, sang two songs. After dinner the dance was greatly enjoyed.

Tourist Ship for New York—Yarmouth Route Launched at Philadelphia

The steamship "Evangeline" of the Eastern Steamship Lines, Inc., was launched in Philadelphia Saturday before a distinguished gathering of government officials, shipping men and their guests at the Cramp Shipyards. Miss Betty Dumaine, the attractive daughter, just out of her teens, of Mr. and Mrs. F. C. Dumaine, of Nine Acre Farm, Concord, N. H., sponsored the boat, breaking a bottle in time-honored custom on the prow of the vessel as she christened her "Evangeline". The Dumaine family are important stockholders in the company.

The "Evangeline" will operate on a schedule of regular semi-weekly sailings from New York to Yarmouth, N.S., offering a fast passenger and freight service between these two points. She is a sister ship of the Yarmouth, launched last November, which will be employed in the Boston-Yarmouth service, in successful operation for many years. The two vessels, representing the last word in ship design and construction, will give liner service on the Yarmouth run, carrying out the company's policy of providing "an ocean ship for a coastwise trip." Both will connect at Yarmouth with special trains for Halifax. The "Evangeline" establishing a thirty-three hour schedule for the trip between New York and Halifax, a great reduction from the present average.

The decision of the Eastern Steamship Lines to establish a New York Yarmouth service is based on the growing attraction exercised during recent years by Nova Scotia and the Maritime Provinces generally on vacationists and hunters. With the "Evangeline" and the Yarmouth both in service, Eastern Steamship officials expect that Nova Scotia—the land of "Evangeline"—will become better known to an increasing number of summer colonies in the country adjacent to the Bay of Fundy, in the valleys above Digby, in the territory skirting the Basin of Minas and along the attractive South Shore.

The "Evangeline", like the Yarmouth, is of 5,880 tons displacement; is twin screw and turbine-driven with oil used as fuel. Its length is 378 feet, breadth, 55 feet, and depth, 29 feet. The boat, when completed, will have five decks, the upper three devoted to passenger accommodations. A special freight deck is provided for motor cars.

Public rooms include two social halls, a library, writing room, lounge room, music room, dancing saloon, smoking room, veranda and cafe and glass-enclosed promenade deck. Accommodations are provided for 750 first-class passengers and 70 staterooms will have couch berths in addition to the regular lower and upper berths so that three persons may be accommodated in the stateroom, if desired. Other staterooms have three-quarter width lower berths and a single upper berth. Also there are ten special suites, paneled in mahogany and having private bath and twin beds.

Among those present at the launching were Grant Hall and W. R. MacInnes, vice-presidents of the Canadian Pacific Railway.

Ladies of V. O. N. Hostesses at Valentine Bridée

One of the most pleasing and enjoyable social functions to be held this winter was that on the evening of St. Valentine's Day, when the ladies of Digby Branch Victorian order of nurses, were hostesses at a Valentine Tea and Bridge at the home of Mrs. Dexter, Mount St. The committee in charge had made preparations for a large number and their preparations were taxed to the utmost by the throng which turned out in the height of the worst storm of the winter to partake of the hospitality provided. The large double rooms of the house were decorated with a profusion of valentine favors and colors, the motif of the decorations being hearts and cupid on a background of white, while at each place at the tea tables dainty valentine greetings added to the festive appearance. Sapper, it really was a supper, though the ladies had said it was going to be a tea, was served to crowded rooms and shortly before eight o'clock the tables were set for cards and fifteen groups turned to the main enjoyment of the evening. Play continued until eleven o'clock when lunch was served.

The pleasure the gathering had in the entertainment provided both at cards and at table, was faithfully expressed by Mr. Alfred Boden, who during a lull in the gossip arose in his place to convey to the Ladies of the Order, to the committee in charge of the arrangements and to the donors of the prizes the hearty thanks of those present. "We all of us know," he said, "the purpose and aims of the Victorian Order of Nurses. Some of us have watched its progress since the inception of the Digby Branch of the Order some seven years ago, and I may say and say for all here present, that the ladies have faithfully followed the example of Florence Nightingale, in whose memory so much good work has been done. That we have enjoyed our lives must be quite clear to those of the committee who labored so hard to make this affair a successful and a mere man I can guess what the result has meant in hours of labor and worry. I feel that I am expressing the feelings of those present in extending to the ladies in charge my heartiest thanks for this pleasant evening."

The motion was promptly seconded and on the question being put by Mr. T. E. C. Lynch a spontaneous chorus of "Ayes" conveyed to the ladies the appreciation of the gathering.

The Menace of Bovine Tuberculosis

Our readers are directed to the advertisement on page five respecting the signing of petitions asking that Nova Scotia be made "Restricted" Area for the eradication of bovine tuberculosis. Any cattle affected with the disease will be slaughtered, but compensation will be paid. A like policy was adopted in P. E. I. last year, and that Province is now advertising cattle and all live stock products for sale on a basis of coming from tuberculosis free herds. Less than 1 per cent (actually .59 per cent) of all the cattle in P. E. I. reacted to this test. There would seem to be no good reason to expect any larger percentage in Nova Scotia. But the history of other countries indicates that if the disease is allowed to lurk, increasing numbers of cattle will be affected and eradication will become more difficult. Hence the importance of not delaying.

The necessary petitions have been placed in the hands of school teachers in all the school sections of the mainland of the Province. Many of these school teachers have already circulated the petitions among all the cattle owners in their school sections. In some sections however, the petitions have not been circulated. However, the subject is one of so great importance that it would seem reasonable to ask parties owning cattle to get in touch with the school teachers and see that their names are subscribed to the petitions.

No doubt there are many who do not appreciate all the advantages of such a policy. If, however, they will write to the Bovine Tuberculosis Committee, P. O. Box 209, Truro, N. S. literature covering full information will be forwarded. It should be remembered that any cattle owner who does not sign one of these petitions will be counted as being opposed to the policy, and should one third of the cattle owners fail to sign the petitions, the policy can not be adopted and bovine tuberculosis with all its menace to the human family will remain in our midst.

A SMALLER SALES FORCE WILL SERVE YOU WHEN YOU USE THE TELEPHONE

When a business man puts on a sales campaign, he hires salesmen—necessarily inexperienced; when the campaign is over, these old soldiers are disbanded.

But there's really no need for all that hiring and firing.

The way to obviate that is to retain a small permanent staff of skilled employees.

When a sales campaign is instituted, give each of those trained salespeople a list of prospects and have them solicit orders by Telephone.

A trained salesman sells better than a raw recruit to the job.

Your sales results should soar. Your sales costs should be lower.

New Tuskett

Miss Annie M. Green is visiting relatives in Weymouth North at time of writing.

Mrs. C. F. Sabeau spent one day last week with Mrs. C. Hudson who is ill with bronchitis.

Miss Amy Mullen spent the week end with her cousin Miss Leola Hudson.

Miss Esther Mullen spent Friday with Helen Sabeau.

We are glad to report Marsden Ring able to be out again after being laid up with a cut foot.

A number of people from Weymouth North enjoyed a sleighing party to this place one night last week.

Mr. and Mrs. Chester Stevens spent a few days recently at Luke Gaudet's.

Mrs. Sabeau left Monday for Halifax where he will enter the hospital for treatment. We wish him the best of luck.

Karsdale

A telegram from Lynn, Mass., on Monday announced the death of Mrs. Robert P. Wade, a former resident of this place. Mrs. Wade was born in Cardiff, Wales and married Robert Wade of Granville Centre in that city.

After a number of years they removed to Canada, settling in Karsdale. Following Mr. Wade's death Mrs. Wade removed to Lynn to reside with her daughter, Mrs. Charles Bird, with whom she made her home until her death. Besides her daughter she is survived by two sons, Norman in British Columbia and David, sailing in the Southern trade in the employ of the Munson Steamship Company.

Mrs. Wade was an estimable lady, highly respected by a large circle of friends to whom her passing will be a distinct loss.

Rev. Kinsman occupied the pulpit of the Baptist church on Sunday.

Dr. J. B. Bogart has recovered his health and resumed his practice at 79 Hanson Place, Brooklyn, N. Y.

CARD OF THANKS

MR. and Mrs. B. P. Collins and family wish to express our sincere appreciation to all who so kindly assisted in the late illness of our dear mother. Also for letters and kind words of sympathy.

Smith Cove Woman's Institute

One of the pleasant social events was the party given by the Women's Institute at the home of Mr. and Mrs. Oscar Morgan.

A spelling bee, under the direction of Miss May Cornwall, demonstrated much interesting and efficient spelling. Prizes were awarded Miss Jaggar, Miss Florence Cossaboom and Mrs. George Weir. A pleasing gift was also presented Miss Cornwall (director) in a very fitting manner by Miss Jaggar. It being the anniversary of Bobby Burns' birthday the recognition of Scotch sayings and songs was a responsive feature. Then came the usual serving of refreshments and the separation of a pleasant gathering by the singing of "Auld Lang Syne."

The monthly meeting of the Women's Institute convened at the home of Mrs. Oscar Morgan. After business routine the program was devoted to the subject of "Home Industries" in this country. A suggestion was made that a well equipped duck farm in suitable location might be a profitable asset. The closing hour came quickly. Then the serving of Mrs. Morgan's last chocolate. The March meeting will be with Mrs. George Weir. Subject, Agriculture.

AN OLD RECIPE
TO DARKEN HAIR

Sage Tea and Sulphur Turns
Gray, Faded Hair Dark
and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell if you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

The T. H. Smith & Sons Ltd.

Save up to 40 per cent

Fishermen can cut the cost of tarring their gear between a 20 and 40 per cent by using Curo's Seine Tar.

For one thing, it contains absolutely no water or waste. For another, its lighter body makes it flow further, reducing the amount needed and making the gear more pliable.

DELICIOUS—YOU'LL LIKE THE FLAVOR

Yarmouth Academy Wins Twice

At the Y. M. C. A. gymnasium on Friday night, Digby High school and Yarmouth Academy staged two interesting games of basketball. At 7:30 the boys' teams of the two schools went into action. At the end of the first period the score stood 20-11 in favor of the Academy but the locals let loose in the second period and scored eighteen points to their opponents three. Halfway through the game, having sunk eighteen points for the locals. Total score 38-14. Line up:

Yarmouth—Forwards, H. Horton, H. Smofsky, E. Eldridge, guards G. McKinnon, C. Traak, subs, Cain, Curry, Shapiro.

Digby—Forwards, R. Swin, L. McPhee, D. Daley, guards, Snow, Anderson.

At 9:30 the Yarmouth Academy girls lined up against the Digby High School girls and defeated them by a score of 22-14. The Academy has the honor of bringing the first girls' team to Yarmouth. Line up:

Digby—Roop, Dakin, Wallis, Eldridge, Warrington, Morehouse. Yarmouth—M. Phinney, M. Cann, M. Cleveland, B. Goudery, R. Lipwich, D. Mattinson, subs, O. Cann, L. Guest.

Referee, Arthur McPhee

After the games the Digby teams were guests at a banquet, given by the Academy Students. H. J. Wyman and W. O. Bell rendered short speeches.

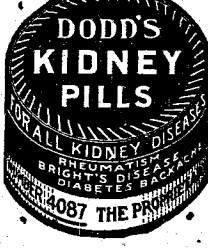

BORN—To Mr. and Mrs. R. A. Rice, 37 Park Ave., Fort Washington, L. I., New York, a son, 7 pounds, Charles Albert Rice.

Ouch! Lumbago Pain!
Rub Backache Away

Instant Relief with a small trial bottle of old "St. Jacobs Oil."

Kidneys cause Backache? Not if they have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating St. Jacobs Oil. Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Oil" from your druggist and lumber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain. Rub old, honest "St. Jacobs Oil" whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.

Bear River

Class Social

The Philathea Bible Class of the Baptist church held their social at the home of Mrs. W. D. Chute Thursday evening Feb. 10, with an attendance of fifty two. The house was very prettily decorated by the hostess with red hearts in keeping with St. Valentine's. The same thought was carried out in the refreshments too, in the form of hearts with red frosting also cake with valentine decorations served with ice cream.

After the business part of the meeting was transacted the meeting was given over to the entertainment committee of which Mrs. H. D. Burke is convenor, a splendid programme was presented consisting of readings, vocal solos, piano solos and a piano trio, especially would we mention the quartette "All the Way My Savior Leads Me" sung by Mrs. Mrs. E. J. Barras, Mrs. J. L. Warren, Mrs. Burton Harris and Winifred Sullivan.

Another pleasing feature of the evening's programme was a birthday cake, beautifully decorated and lighted with candles and presented by our President, Mrs. Carl Miller in a few well chosen words to Mrs. Byron Harris in honor of her birthday.

Eight new members joined the class making a total of sixty when organized, there were only fourteen.

The class is doing a splendid work in not only providing a social evening once a month but in charitable purposes as well, six little motherless children are being clothed and cared for, and at Xmas time several boxes of cheer were sent to needy ones of the church.

Fruit and flowers are sent to the sick. "Inasmuch as ye did it unto the least of these my brethren ye did it unto me."

Rebekah Lodge

Bta Rebekah Lodge held their half yearly installation ceremony Monday evening in I.O.O.F. Hall D.D.H. Hazel Trimmer officiating.

The following officers were installed: N. G. Grace, Beaton V. O. Asale, Rice R. S. N. G. Eva Harris L. S. N. G. Eva Harris R. S. V. G. Lottie Henshaw L. V. G. Chas Marshall Con. Ethel Eisenhour

Warden Mildred Henshaw Rec. Sec. Viola Cress Fin. Sec. Mabel Smith

Dr. J. B. Bogart, O. S. G. Rhoda Yorke I. S. G. Iva Harris

After the ceremony refreshments were served and a social hour spent.

A greater interest is being taken in Lodge work, many old members have come back and several names have been brought in as candidates for membership.

A new Degree staff has been formed with the new officers and as soon as they have learned the work will confer Degrees.

Oakdene Pupils "At Home"

Tuesday afternoon, Feb. 14th, the Blue Bird Club of Grades V & VI were "At Home" to their mothers. The guests were received by Per Milligan, Vice-President of the club; Clayton Hirtle as president presided.

The regular routine business was first carried out and then the President, in a few well-chosen words welcomed the "mothers".

The following program was presented chorus, Our Country—Several girls sang drill, Canada's Flag—eight girls Rec, Origin of St. Valentine's Day Rosalind Warren

Rec. Romance—Clayton Hirtle Reproduced Story, Valentine Hash—Nancy MacIntyre

Reproduced Story, Once Upon a Valentine's Day—Rosalind Warren Thrift Song

Saving Song Pupils Rec. On Thrifty Street—Freda Rice Thrift Song

Rec. February—Nancy MacIntyre Health Songs

All Aboard for Healthland Health Jingle pupils In Praise of Water

Play—The Bank of English Rec. Verbs—Lynan Warren

Song, Boosting for good—English—pupils Col Save the King's—eight girls

The stories "Valentine's Hash" and "Once Upon a Valentine's Day" had been read previously by the teacher from "Child Life" and written by the pupils in their own words the two best, one from each grade, was selected to be read at this open meeting, Grade V being represented by Rosalind Warren and Grade V by Nancy MacIntyre.

The cast of the two plays were as follows: Silly Old Goose Billy Anthony Wise Old Crow Allister Harris White Swan Lynan Warren Mother Hen Gordon Rice Farmer Lawrence Copeland

Application Sully Old Goose becomes a boy Crow movie manager

White Swan candy merchant Mother Hen toy merchant Farmer a banker

The Bank of English Bank Manager Billy MacIntyre Bank Teller Clifton Stewart

Acaciaville

Mrs. W. A. Bacon and daughter Catherine made a short visit at her mothers, Mrs. Adams in Deep Brook last week.

Darcy and William Roope who have been visiting friends in Sharn and other places in Mass., returned home on Tuesday. Glad to see them back.

A Valentine Pie Social was held in the Hall on Monday night.

Mildred and Basil Porter attended a party at Mount Pleasant on Friday night.

Salts Fine for
Aching Kidneys

When Back Hurts Flush Your Kidneys as You Clean Your Bowels

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have backache and misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders.

Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean. A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble. By all means have your physician examine your kidneys at least twice a year.

Canada's wool production in 1926 is estimated at 17,180,270 pounds, as compared with 15,533,045 pounds in 1925. The value of the clip of 1926 is estimated provisionally at \$2,780,000, as compared with \$3,901,000 in 1925. Ontario led in production with 4,926,313 pounds, followed by Quebec with 4,850,116 pounds. Alberta led in Western Canada with a yield of 2,400,000 pounds.

Corberrie

Rev. Father P. G. Thibault, of Weymouth, motored here on Saturday afternoon and was the celebrant at Holy Mass on Sunday morning.

Mr. and Mrs. Reger Melanson, Mrs. Obeline and Mrs. Edmund Melanson spent Sunday in Weymouth and St. Bernards.

Mr. and Mrs. Fred M. Melanson and Mrs. E. Philippe Theriault, of Weymouth, were the guests of the former's brother, Mr. and Mrs. Edmund Melanson.

Louis H. Melanson and his friend Ephraim Gaudet motored to Chatham Point and returned on Sunday afternoon.

Agapit Comeau, of Meteghan, and Rester LeBlanc, of Little Brook, were here on business, one day recently.

Mr. and Mrs. Thurston Mullen were on a visit to their home at Havelock on Sunday.

Weymouth North

"Singin' games" everything and it was some sleigh drive. On Tuesday evening 14 members of the "bunch" gathered at Tookers corner at 5:30 p.m. and with Adelbert Prime driving they started for New Tuskett on a sleighing party, where they were entertained at the home of Mr. and Mrs. Charlie Green. Games were played and eats passed around and the bunch left for home in the wee small hours after a whole evening of pleasure.

Those attending were the Misses Helen Shortliffe, Lillian Doty, Annie Brooks, Dot Thurler, Dot Cogswell, Kay Fitz, Gerald, Mary Tooker and Evelyn Hill and the Messrs. Hallett, Sabeau, Lee Brooks, Martin, Robicheau, Charlie Brooks, Walter Sabeau and Douglas Raysmond.

The Pathfinder Group of the C.G.I.T. held a Valentine Social in the Guild Hall on Monday evening. A very enjoyable although short program was put on and each one did their part splendidly. The remainder of the evening was spent in Valentine games. The Heart Tree and Valentine Fortunes were two of the chief attractions. Mrs. Arnold Lent was the lucky winner of a heart shaped hope of candy for the guessing game. Refreshments were served at ten o'clock. Although it was a very snowy evening the proceeds amounted to \$19.45.

"Grippe"

It was just at this time last year that medical men gave warning of the approaching epidemic of Grippe. History seems to be about to repeat itself.

Now is the time to prepare to meet the attacks of this dread disease.

Take two or three times a day and before retiring at night a full dose of Mathies' Syrup of Tar and Eucalypti of Cod Liver in triple quantity of hot water—following each dose with a Mathies' Nervine Powder or Tablet.

This preparation does not interfere with one's daily occupations. All dealers sell these preparations. J. L. Mathies Co. Sherbrooke, Que.

Distributor for the Maritimes: A. E. MORRIS, Amherst, N.S.

Miss Annie Green, of New Tuskett, is visiting her aunt Mrs. Amos Hill.

During the time the Public Library was open on Sunday afternoon Mrs. Emma Sigurdson was presented with a tea cloth and napkins from Mrs. Albert Grant, Mrs. G. L. Cogswell, Mrs. B. C. Grenier, Mrs. H. M. Mullen, Mrs. Wm. Thurler, Mrs. Sidney Titus and the Misses Kay Fitzgerald, Mary Hankinson, Annie Brooks, Florence Sabeau, Helen Hollowell in appreciation of her services which she has given gratis so cheerfully and helpfully for the past year and a half and still is giving.

The W. M. A. S. of the Baptist Church met at the home of Mrs. Arvy Doty on Tuesday.

Treat Colds Externally

For sore throat, bronchitis or deep chest colds, rub Vicks VapoRub briskly over throat and chest and cover with warm flannel.

Vicks VapoRub in two ways—both direct; dissolved in a liquid and inhaled as a vapor. A quick relief for the cold troubles of all the family.

The School of Opportunity

When we refer to our institution as a school of opportunity, we mean to say that we give due consideration to the needs of the individual and provide him with the constant opportunity to make the most of his ability. Every opportunity is given for rapid and thorough advancement.

Local and Personal

Miss Ruth Read returned to New York on Friday, after spending several weeks with her mother, Mrs. W. E. Read.

Lt. Alfred Banks left by Sunday night's train for Halifax to take a Captain's training course.

Capt. John Woodworth spent the week end with his daughter, Mrs. Redden, in Kentville.

Fred Rice of Lansdowne made a business trip to Kentville on Friday.

Mrs. E. L. Reeves (nee Lillian Corrig) is receiving congratulations on the arrival of a daughter.

Mr. and Mrs. Harvey Kinney had as a week end guest their brother, Albert Kinney of Boston.

Fulton Parker has been appointed sec'y of the Trustees for the town school section.

The Sabbath School of the United Church has introduced the Bible-Memory course prepared by the Board of Religious Education. This course extends over a number of years and consists of choice Bible passages suitable to the different grades, together with hymns, prayers and table graces. Cards and certificates are awarded for the completion of the work each year and grade. The scholars have enthusiastically undertaken the work and a large number of awards have already been earned.

He Is Now Able To Resume His Work

So Says New Brunswick Man After Taking Dodd's Kidney Pills

Mr. A. Woodard Suffered With His Back for Two Years.
Beachwood, N. B. Feb. 14 (Special) Most enthusiastic about the benefit he has received from using Dodd's Kidney Pills is Mr. A. Woodard, who lives in this place. He writes: "I was troubled with my back for two years, and, after taking four boxes of your Dodd's Kidney Pills, I can now do my work, and my back does not bother me at all. I can recommend your Dodd's Kidney Pills to anyone suffering from this trouble."

What Mr. Woodard states is all that has ever been claimed for Dodd's Kidney Pills—that they are good for backache. The road to good health lies through the kidneys. If they are kept strong and well all the impurities are strained out of the blood. If they are weak and out of order the impurities stay in the blood and disease is the sure result.

Obtained from all druggists, or The Dods Medicine Co., Ltd., Toronto.

Successful Pie Sale

"Pastime Club"

The friends of the "Pastime Club" turned out with a good attendance on Monday night in spite of unpleasant weather and made the Pie Sale a big success. The sale was preceded by musical selections by the men's choir and also by some witty skits by A. G. MacLay. The array of beautifully decorated products of the culinary art, proved very tempting to the male portion of the gathering, and the handsome amount of \$53.45 was realized from the sale.

This generous response now places the Club in a position to make the contemplated improvement in their Gymnasium equipment.

Old Fashioned Supper

Feb. 14th, the Ladies Aid of the United Church held a "Sour Kraut Supper" at the home of Mr. and Mrs. Jesse Harris. Sleights and autos were used to convey the people to and from the place. It was an "old fashioned supper" and a real good old fashioned time. Mr. and Mrs. Harris threw open their whole house, and proved ideal entertainers for such an event. The company broke up at a reasonable hour after having enjoyed an exceedingly pleasant evening.

WOOD'S PHOSPHORINE.
This tonic and invigorates the whole nervous system, makes new blood in old veins. Price \$2 per box, \$5 Sold by all druggists, or mailed in plain package on receipt of price. New pamphlet mailed free. THE WOOD MEDICINE CO. TORONTO, CAN.

B. Y. P. U. Banquet

Friday evening February 11, the B. Y. P. U., held their annual Banquet in the vestry of the Baptist Church. The vestry had been previously decorated by a competent committee, the motive carried through the decorations being the various symbols used to commemorate that Saint whose life and mission was love and service—St. Valentine. The entire scheme, was most successfully carried out and no detail which could add to the artistic appearance of the room or the comfort of the guests was omitted. The place cards were artistically decorated, hearts each bearing a verse which caused the recipient much merriment.

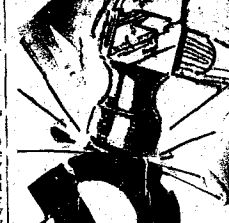

At eight o'clock after having sung "Praise God from whom all blessings flow," about 95 young people sat down to the beautifully arranged tables and there is no doubt that one of the chief decorations of the tables was the abundance of delicious food and which continued to be produced in apparently unlimited quantities. The committee in charge of this phase of the Banquet had indeed done their work faithfully and well.

At the conclusion of this delightful repast Rev. E. J. Barras—as toastmaster—called the meeting to order. The following toasts were proposed and responded to, each person called upon responded most creditably.

Proposed by Responded by
The King F. Kempton
Our Country K. Henderson
The church, L. Hatfield
Our guests, N. Masters Mrs. J. Barras.

Tuesday evening's entertainment given in the Pastime Club rooms, under the auspices of the W. M. S. of the United Baptist church was a great success. A most enjoyable program of songs, vocal solos, drills and dialogues was presented.

Vernon Jones, who has been visiting his mother for the past six weeks went to Halifax on Monday.

BEAR RIVER TRADING CO., LIMITED

Sudden Death of W. M. Romans Shocks Community

The townspeople of Bear River were greatly shocked to hear of the sudden death of W. M. Romans, Mgr. Royal Bank, Bear River, early Tuesday morning, from an acute attack of Angina Pectoris.

Mr. Romans has been a very prominent figure in the active business and social life of the town for over twenty-five years and has hosts of friends who mourn his passing and who join in deepest sympathy to his widow and children.

Miss Bernice Powers of Sheffield Mills is the guest of Miss Edna Peck.

Mr. Romans has been a very prominent figure in the active business and social life of the town for over twenty-five years and has hosts of friends who mourn his passing and who join in deepest sympathy to his widow and children.

Miss Bernice Powers of Sheffield Mills is the guest of Miss Edna Peck.

B. Y. P. U., H. Shaw, W. Sullivan.

A short programme was then rendered: Chorus "Our Country, Girls and boys." Duet "Long Long Ago," Neva Masters, Winnie Sullivan.
Reading Shirley's Valentine, Mary Morgan.
Solo "A Perfect Day," Lillian Mason.
Reading "Harold Shaw."
Solo "Will the Roses Bloom in Heaven," Bertha Duckehire.
Reading "A. B. C.," Edna Peck.

At the conclusion of the programme the members present expressed in a most appropriate manner, their appreciation to the various committees who had made possible this delightful gathering.

God Save the King, concluded one of the most successful functions of the B. Y. P. U.

At the conclusion of this delightful repast Rev. E. J. Barras—as toastmaster—called the meeting to order. The following toasts were proposed and responded to, each person called upon responded most creditably.

Proposed by Responded by
The King F. Kempton
Our Country K. Henderson
The church, L. Hatfield
Our guests, N. Masters Mrs. J. Barras.

Missionary Concert

A delightful program was given Tuesday evening in the Baptist Hall, by the ladies of the Missionary Aid Society assisted by members of the Mission Band, and was thoroughly enjoyed by a large audience.

The program opened with a Chorus, "Rally for Jesus," followed by Home Mission Exercise, by nine boys. Duet by Geraldine and Cerenia Purdy. "Hark! there comes a message from over the sea." Recitation, The Bugle Call, Billie McIntyre.

Exercise The World for Christ. Miss Edna Peck and seven young girls.
Recitation "I Often Sit and Wonder, I dwell in haste."
Chorus "India."
Duet The Beautiful Message Mrs. Burton Harris and Miss Neva Masters.
Dialogue The Clinic of a Missionary Specialist by members of W. M. A. Society.
Chorus Come with a song.
The program ended by the singing of God Save the King.

The friends of Mrs. Walton Thibet, Fredericton, N. B., will regret to hear that she recently broke her wrist, by falling on the ice, while on her way to church.

Mrs. R. J. Anthony entertained the Ladies Circle of the United Baptist church on Tuesday evening.

Obituary

MRS. THEOPHILE ROBICHAUD
The death occurred at the home of her daughter, on Monday morning of Philomene Melanson, widow of the late Theophile Robichaud, who died some years ago. Mrs. Robichaud was born in Grosses Coques, and had attained the age of eighty-two. She was an adherent of the Roman Catholic church.

The survivors include, two sons, Philippe of this place, and Charles, residing in the United States; three daughters—Mrs. Berny Caudet, Beatrice, with whom she resided; Mrs. Willie Flinn, Marie Rose, of Church Point; Mrs. Edmond Dugas Emelle, of Grosses Coques, and Lea of Haverhill, Mass., who is home.

Death of Mrs. Ada B. Poole of Woodstock, N. B.

The death occurred at Woodstock, N. B., on Saturday afternoon at her residence, Houlton Road, of Mrs. Ada B. Poole, 67 years, after a brief illness of pneumonia. Mrs. D. Smith, the deceased's stepmother, with whom she made her home, died last Wednesday of pneumonia. Doubly bereaved within the week, much sympathy is extended to Allen Poole, local druggist, only child of the deceased.

Besides her son, Mrs. Poole is survived by a sister, Mrs. Charles G. Connell, of Digby, N. S., and one brother, James P. Smith, Arlee, Montana. Mrs. Wentworth Beatty, New Haven, Conn., is a niece.

Salvage Rail of Wrecked Schooner

Dragging for scallops off Broad Cove on Saturday the drags of Captain Arthur Casey's scallop boat became entangled in an obstruction on the bottom and after several hours work the drags were cleared and hoisted to the surface, bringing with it an eighteen foot section of the quarter rail of a vessel. In hauling the drags clear one end of the section brought up was broken from the rest of a wreck.

The section is apparently from a large three masted or four masted schooner, is fresh, having been in the water for not over a month, and is painted black with scraped and oiled sides and stanchion fittings. How it came to be off Broad Cove is a mystery and will probably remain a mystery. No vessel has been reported as having been seen in distress in that section of the Bay during recent storms and the part remaining submerged, is the opinion of Captain Casey, a large part of a vessel, too large to have been borne far by the tide.

The salvage was brought in to port by the scallop boat and lies at the Maritime Fish Co., wharf.

The bearing of where the boat's drags became entangled in the wreckage is due north of the breakwater at Broad Cove, a distance of three miles out.

It is probable that application will be made to the department of Marine and Fisheries to have the obstruction removed from the bed as a danger to the scallop fleet.

Not The Maritime Fish Corporation

A news item in last week's issue of the Courier purported to publish the list of Directors of the Maritime Fish Corporation. It should have read Maritime Finance Corporation, a Halifax financial concern.

Mr. Short has been a director of the Maritime Fish Corporation for some years.

Narrow Escape of Four

Passengers on the ferry operating between Freetown and Westport had a narrow escape on Monday when the steamer Keith Cann caught the ferry on her forward quarter, the impact knocked four of the ferry's passengers overboard to be rescued by the Keith Cann. The remaining two scrambled aboard the steamer and the ferry made port without further mishap.

To Apply for Municipal Bond Issue

In conformity with the terms of a resolution passed by the Municipal Council of the District of Digby at its January session application is being made to the legislature for authority to issue debentures of the Municipality to be applied on the indebtedness in connection with the installation of heating plant and other services at the County Home.

Mr. H. H. Marshall was in Halifax this week attending to the drawing up of the application which will be presented Mr. Parnham, member for the Municipality.

Ravens Put Up Game Fight

Game till the final gong, but hopelessly outclassed the Red Ravens were defeated at Kentville on Wednesday night by the star Kentville Wildcats. Knowing that they had been handed a raw deal, but sports enough to play the game for the sake of the Ravens, they went up to do their best. Their hope was in Eldridge and that hope was not misplaced, only too optimistic. They were accompanied by a bunch of fans to see them do their best and these fans were not disappointed.

The Courier's Bulletin of the game was watched by a crowd who stood in the cold to learn the progress of the game and the service was appreciated. Our thanks to Miss Winchester of the Western Union, who kept the office open after hours to render the service, and to the Halo Girls who broad casted the news to all in town.

Kentville, N. S., 8.30 p. m. First period G. Kennedy scored first goal for Kentville, Murdock second, Mosher third, Bennet fourth. Eldridge doing good work stopped eighteen shots.

Kentville, N. S., 9.38 Second period Murdock scored for Kentville, Mosher second goal, Mosher again scored six minutes of play W. Kennedy scored, G. Kennedy scored on pass from Murdock. Digby has no score yet. Eldridge had fourteen stops.

Kentville, N. S., 10.17 Mosher goal on rush up ice Murdock slipped another goal Murdock goal out mess in front net, Corbin scored, Murdock scored from front net Corbin and Kennedy each scored, G. Kennedy scored, W. Kennedy goal from side, G. Kennedy scored, end nineteen nothing, Eldridge stopped volley last ones, Laing referred two penalties handed Kentville.

The Kentville fans were loud in their praise of Bill Eldridge in goal for the Ravens. They think they have a goalie in Kentville but Bill showed them what a goal tender could do. The nineteen that went by him were nineteen that couldn't be stopped and the other fifty four that started on their way to count, got stepped right out of the danger zone.

Tonight it will be a little different. Our rink is strange territory to the Wildcats and the Ravens are going to give the visitors a run for their money.

Married Men Beat Bear River

Their wives let them out for a night and not knowing what else to do the married men took the Bear River Hockey team in hand on Tuesday night and trimmed them up to the score of 7 to 4. They hadn't played, some of them since the days of seven man hockey, but they showed that they had not forgotten all about it. Jim Merkel had his old time luck and a crack on the head.

Line up:—
Digby—Goal, Anderson defence, Wright, Merkel, forwards, Wilson, Donnelly, Muise, sub, Haylen, Russel.

Bear River—Goal, Chute: defence, Kempton, Read; forwards, Isnor, Harris, Parker; subs, Benson Hubley.

Referee—"Bill" Eldridge.

The Wrens Get Trimmed

The Red Wrens went walking with the Red Ravens to Annapolis last Thursday night and came back with their feathers all ruffled. "Wren's ain't winter birds no how," was the way our colored friend expressed it, "but they sure looked settin' pretty, especially round their own goal."

The score was five or four tallies to nothing, setting the fashion for what Kentville did to the Ravens Wednesday night.

The Courier has been hauled over the coals for having the line up wrong and we apologize, we took

Board of Trade Lecture Tuesday Night

Dean Lloyd of Halifax was the lecturer of the evening at the second of the series of University Extension Course lectures being held under the auspices of the Board of Trade. His subject was "Pre-war Russia" an interesting account of the land of the Czars and of events leading up to the war and the overthrow of Czardom. There was a fair attendance.

The next lecture to be held will be on March 8th, when Professor N. J. Symons will discuss "New Ideals of Education," a subject that is of vital interest to all.

Subscriptions for the lectures are not coming along as well as the committee in charge of their arranging hoped for and desire, and those who wish may still secure season tickets.

Visiting in Halifax

Mrs. Margaret VanTassel went to Halifax on Monday to visit Mrs. Fern LeBlanc before proceeding to Boston.

Will Report on Duty

Next Week

Miss Gulliver, V.O. Nurse in Digby who has been on leave to her home in Peterborough, Ont., visiting her mother, who had been seriously ill, will report for duty next week, Mrs. Gulliver being greatly improved in health. Her relieving nurse, Miss Hare will return to Halifax after Miss Gulliver's arrival in Digby.

Will Teach at Barton

Miss Eva Wendell of Lawrence town has been appointed teacher in Barton schools to take the place of Miss Nina Yongg, who has resigned her position.

Visiting Halifax Relatives

Mrs. Philip Belliveau and children of Weymouth, left recently for Halifax to make an extended visit with Mrs. Belliveau's parents, Mr. and Mrs. R. J. Corbin.

Fined for Game

Law Violation

Before Magistrate Frank Jones on Wednesday, Ainslee LeBlanc, of Concession, was convicted of violation of the Game Act, and fined fifty dollars for being unlawfully in possession of deer meat.

The information was laid by game warden W.S. Troop.

The TAR That Never Fails!

Save up to 40 per cent

Fisheye can cut the cost of tarring their gear between 30 and 40 per cent by using Carco Sine Tar.

For one thing, it contains absolutely no water or waste. For another, its lighter body makes it flow further, reducing the amount needed and making the gear more pliable.

Thunder and Lightning

Unusual for this time of year, a thunder and lightning storm, followed by heavy hail, was reported from various parts of the County on Monday. It was said that Sunday's storm was the worst in variety for years. Hail, snow, blow, thunder and lightning, all in one small storm.

Digby General Hospital

The regular monthly meeting of the Hospital Aid will be held at the Court House Wednesday, March 2nd at 3 p. m.

The Teacher Had a Birthday

Friends of Miss Bertha Currie, of the Digby Academy teaching staff were guests of Mrs. S. W. Titus at their home, Montague Row, on Wednesday afternoon, the occasion being in celebration of Miss Currie's birthday. Felicitations appropriate to the occasion were extended in the form of dainty gifts by her friends.

Mrs. W. C. Warrington returned Tuesday from Brooklyn, N. Y., where she was the guest of her son Harris, who is the manager of the service station for the Gulf Refining Company of that city.

Farnham Supports Board's Plea

**Power Board and Maritime Co.
Hitch Over Gypsum Co. Contract
Both Sides Surveying Routes to Deep
Brook and Clementsport and Board
Asks for Legislation**

A fight for the territory from Bear River bridge to Clementsport, is on between the Maritime Electric Company, of Bridgetown, with franchise in Annapolis County and the Digby County Power Board with franchise in Digby County. The fight has its origin in the failure of the Maritime Electric Company to acquire control of the Electric light plant and franchise of the town of Digby.

The odds are in favor of the Power Board. Permission has been granted the board by the Highways Department, for the erection of a line from Victoria Bridge, Bear River, eastern boundary of the Board's present franchise, to Deep Brook and Clementsport and survey of the line will begin tomorrow by the Board's engineer, Mr. McCollough. Poles for the line have been on the ground for two weeks.

The Power Board has a contract signed for supply of energy to the Gypsum Company and the petitions in hand from residents of Deep Brook and Clementsport. A six mile line extension from Victoria Bridge to Clementsport Station will serve all the territory and the surplus from the generating plant at Sissiboo will supply all present demand.

On the other hand the Maritime Electric Company will have to run twenty miles of line from Bridgetown, around the town of Annapolis to Clementsport and an additional six miles, to serve the territory and in any event may not be able to negotiate a contract with the Gypsum Company, which in the event of the agreement with the Power Board not being approved, would be in a position to run their own line from their plant to Victoria Bridge to link up with the Digby County service.

On Friday, the Maritime Electric Company landed a car of poles at Deep Brook and opened negotiations with the residents of the district for supplying power.

In this fight for control of territory, the principal of public ownership of public utilities has its part. The Digby County Power Board is the operating company of a public utility producing power at cost. It is a non profit earning concern and its bonds are secured on the assessments of the Municipality of the District of Digby, the town of Digby and the Village of Weymouth. The Maritime Electric Company is a private corporation, operating for profit of its shareholders and

the stake in the fight for control of this territory is one of public ownership.

Within two years, the Power Board will be required to supply two hundred horse power to the Gypsum Company. The company will during the first year operate its derricks with power from two sixty horse power crude oil burners to be replaced by electric drive as soon as the plant is established and additional power will be required for the operation of rock grinders, to be installed at the plant as the property is developed. This will mean enlargement of the Power Board's generating plant at Sissiboo and it is stated that the wisdom shown in altering the original specifications is apparent already. The plant at Sissiboo, is so arranged that a second generator can be installed and the capacity of the station can be doubled.

All the small parts of the machinery landed at Weymouth last week, have been transported to the power site at Sissiboo Falls and the installation of the turbine on its foundation has been commenced. The contract with the Gypsum Company call for the delivery of energy not later than the first of May, and unless unforeseen difficulties are encountered the power will be turned on by the third week in March.

St. Patrick's Church Card Party at Home of Thibault's

The weekly Card Party of St. Patrick's Sewing Circle was held at the home of Mr. and Mrs. Fred Thibault on Tuesday evening with thirty guests attending. Auction 45's was played until eleven o'clock, when the ladies of the party served a delicious lunch.

The ladies prize, a pair of hand painted candles, was won by Mrs. Sidney Delaney, of St. John, and the gent's prize, a pair of cuff links, was won by C. Beaton after a play off between F. Alcorn, B. Cunningham, and Mr. Beaton.

The last of the weekly parties before Lent will be held next Tuesday at the home of Mr. and Mrs. A. McPhee.

Power Board Petition Referred Public Utilities

A Bill to allow the Digby Power Board to extend their lines into Annapolis County was strongly supported by W. H. Farnham, member for Digby in the House of Assembly Wednesday.

Mr. Farnham, after telling of the rapidly increasing demands for power and light, as soon as the Power Board was established and had extended their lines throughout the County, states that the real object of the Bill was to enable the new industry to be established at Deep Brook by the Gypsum Company of Wind-or, to secure the initial quantity of 200 horse power with the prospects of a much increased demand. This industry now being established, is a very important development and wanted to have power by the first of April.

Hon. J. F. Cahan, member of the Government, informed the House that the Act governing the Public Utilities Board provided for one Board to operate only in its own county and that if it desires to extend into adjacent counties it must receive permission from the Board. He desired that the matter should be settled by the house decide upon the merits of Digby or Annapolis County, in the latter county there being a company which is also desirous of supplying the new industry with power.

Will Say "Please and Thank You"

Commencing on Monday, changes which are expected to permit a saving of a second or two on each local call are to be put into effect at the local exchange of the Maritime Telephone Company. Cutting out the repetition of the number given by the subscriber making a call, the operator will say "Thank You", indicating that the connection is being made. In place of the somewhat blunt, "Number" when answering a call the operator will say "Number Please".

Combining courtesy with increased efficiency makes for better service and the Company, in making the change is guided by the desire to improve and increase their service. The method of handling local calls is given in an advertisement, announcing the change in this issue.

Former Smith's Cove Pair Celebrate Fiftieth Anniversary

Fifty years ago, on February twenty-first, 1877, John Henry Potter and Bertha Rose Eldridge were participants in a double wedding that took place at the home of Charles T. Potter, Smith's Cove, Digby County, the other contracting parties being Miss Laura Bell Potter, daughter of Charles T. Potter, and George Thomas of Smith's Cove. Bertha Rose Eldridge was the only daughter of Samuel Eldridge, Lake George.

The double service was performed by the late Rev. Dr. Joseph Henry Saunders, pastor of the parish at that time.

The young couple, Mr. and Mrs. J. H. Potter, resided at Smith's Cove for a number of years where Mr. Potter did farming. He later went into the employ of Miller Brothers of Halifax, remaining with them for sixteen years.

Twenty-five years ago the Potter family moved to Middleton where Mr. Potter went into the piano and organ business with J. A. Gates and Co. After five years he went into business for himself and has been active in his work up to date. Mrs. Potter has been an able assistant in every way, her qualities of home-maker being unsurpassed.

Mr. Potter has been identified with the I. O. O. F. for thirty-five years, being a P. N. G.

In Masonry he ranks high. He is P. M. of Ionic Lodge A. F. and A. M., No. 73; Past High Priest of Valley Chapter No. 16; a charter member, and is Grand District Superintendent of District No. 3, and member of Yarmouth Council Cryptic Rite.

His knowledge of music has made

him an especially valuable addition to his fraternities and to the United Baptist Church with which he is identified.

On Monday evening last the fiftieth anniversary of Mr. and Mrs. Potter's wedding was celebrated taking the form of an "At Home" from 8 to 10 p. m. at their home on Main Street. The bride and groom of half a century, were smiling and happy as they received the felicitations of the many friends who called.

The bride wore a combination costume of plain and figured black canton crepe with necklace of beads to harmonize, and carried a large bouquet of Ophelia roses. Receiving with them were Arthur Potter, younger son, and Mrs. Arthur Potter, of New Glasgow, the latter groomed in rose georgette with jersey motifs of a deep shade. The door was attended by little Nellie Potter, a grandchild, while the eldest son, O. R. Potter, received the guests in the hall.

The tea table, decorated in white and yellow with large centrepiece of yellow daffodils, was presided over by Mrs. L. E. Cox and Mrs. O. R. Potter, the Misses Spongale, Gullivar, Crowe and Edith Potter.

The rooms were profusely decorated with roses, daffodils and tulips.

The gifts were many including cheques, gold pieces, while letters and telegrams abounded. The outstanding gift came from Arthur Potter, a brother of the "groom," who resides in Grantham, England, and is of a unique character. It is a replica of the Nestor Cup—Period

Enforcement of

Our Game Law

"Fifty dollars and cost." "Fined for infringement of Game Act," these are common headings in the paper these days and sometimes it seems that the officers in whose duty it is to enforce the law are unnecessarily active, that a fine of fifty dollars for getting a piece of moose meat or deer, is being severe. The thing that is overlooked by soft hearted sympathisers will convicted parties is that a deer or a moose is of great value to the province. On our game, and this term includes game fish as well as game animals, depends to a large extent one of the most profitable industries of this province—the tourist sportsman—the resident of Boston or New York or anywhere, who packs his dunnage, takes the train for N.S., and spends a week or two in the woods hunting and fishing. Every one who comes brings money and spends it here, every one who comes brings friends or sends them after he has gone away, and the number of non-resident hunters who visit the game areas of Nova Scotia every year is increasing.

Burton Moore, noted guide of Andover, New Brunswick, is authority for a statement that every moose shot in the province last year by non-resident hunters were worth \$1,335 to the country. That much money was spent in the province by non-residents for every moose that was taken out of the woods. It is a lot of money.

If a moose shot by a hunter in New Brunswick is worth \$1,335 to that province a moose shot in Nova Scotia is worth as much to this, and it is for that reason that all interested in the development of Nova Scotia as a game country for tourists, the men who bring their money and spend it, should assist in every way possible increase in this natural resource. The hunters won't come unless their chances of getting a head are fair, and those chances cannot be fair if the pot hunter, the poacher, and the moose snarer are permitted to operate unmolested.

Passing Through Digby

Senator Hatfield, of Yarmouth, was a visitor in Digby on Thursday last enroute to Yarmouth from Ottawa.

A Recipe for Hash—

or Worse

A young bride asked her husband to copy a wireless receipt she wanted. He did his best, but got two stations at once, one of which was broadcasting physical exercises and the other a recipe. This is what he took down—

"Hands on hips, place one cup of flour on the shoulder, raise knees and depress toes, and mix thoroughly in half cup of milk. Repeat six times. Inhale quickly one-half teaspoonful of baking powder, lower the legs, and mash two hard-boiled eggs in a sieve. Exhale, breathe naturally, and sit into a bowl.

"Attention! Lie flat on the floor and roll the white of an egg until it comes to a boil. In 10 minutes remove from the fire and rub smartly with a rough towel. Breathe naturally, dress in warm flannels, and serve with fish soup." TIT-BITS.

The Testimony of Experts on Bovine Tuberculosis

The Montreal Star has been used by The Milkmen's Association of that city. The trial opened January 17th in Montreal before Mr. Justice Archibald. Depositions of Dr. William Park, Dr. Charles North and Dr. Louis I. Harris taken before a Commissioner in New York were submitted by the defence.

Dr. Park gave the following statement: "I am now Director of the Bureau of Laboratories of the City of New York and Professor of Bacteriology and Hygiene at New York University and Bellevue Medical College. I am also consulting bacteriologist in the United States Public Health Service. I am also member of the Certified Milk Commission of the New York County Medical Society, which I have belonged to since its inception some 20 years ago.

"Since 1900 I have been deeply interested in the relation of milk to disease. This considered both the diseases of infancy and the more specific diseases transmitted through milk to persons of all ages. As the result of various tests along the lines of protection from tuberculosis, it is well known that bovine tuberculosis generally effects young children; Before the age of three years it is apt to be generalized and fatal. After that it is apt to be localized in the glands of the neck.

"I examined with my associates at the Research Laboratory material from a large number of infants who had died and infants who had had the glands of the neck removed, and we found over 50 per cent of those who had glands of the neck derived the infection from bovine sources. About 10 per cent of fatal cases derived infection from bovine sources."

Following Dr. Park, Dr. Charles E. North testified as follows: "I have practised as a bacteriologist and sanitary expert since the year 1900. During that time I have been employed for the greater part of my work in connection with milk sanitation by the largest milk corporations in the United States and also numerous cities and I have written many of the ordinances and by-laws now in use by cities in the United States."

Dr. North was asked the following questions: "Taking it for granted that a tuberculosis cow is discovered in a herd, what is the probability of other cases developing?"

"All the discharges of a tuberculous cow are likely to contain tubercle bacilli. Therefore, if several animals are in the same pen, or barn where they can come in contact with these discharges, other animals are extremely likely to become infected." The same thing is true regarding the land. It is only a question of coming in contact with the discharges of the diseased animal."

"The most extensive disease, caused in young children by unhealthy milk is intestinal infection. Second to that, I would put bovine tuberculosis, which originates from cattle and is distributed through raw milk to children. These infections commonly are located in the glands and most commonly in the neck."

Dr. Louis I. Harris being called said: "I am Commissioner of Health of the City of New York and in 1917 became Director of the Bureau of Preventable Diseases and I have studied a number of outbreaks in various cities and in the City of New York included, traceable to various causes, milk in particular. As Commissioner of Health, I have been charged with the duty of revising the local ordinances known as the Sanitary Code of the City of New York and have made a number of revisions, more or less drastic in the interests of the public welfare in special relation to the milk supply."

"We have experienced in the City of New York a well organized opposition on the part of milk dealers to effect the pasteurization of any or all of the milk supply. That opposition was overcome by the scientific demonstration on the part of pediatricians (children specialists) and of laboratory workers, that inspection alone however excellent could not accomplish the much-desired result of eliminating particularly bone and gland tuberculosis among cattle."

The names of all the men quoted in this article are offered as better qualified to give information about the question of tuberculosis than some of the writers who have been opposing the making of Nova Scotia a Restricted Area.

FARM HELP DIVISION
Department of Natural Resources, HalifaxPROVINCE OF NOVA SCOTIA
COUNTY OF DIGBY S.S.

IN THE COURT OF PROBATE

IN THE MATTER OF THE Estate of Peter U. Gaudet late of Concession in the County of Digby, Farmer, deceased.

To: Telephore Gaudet, Leon Gaudet, Benjamin Gaudet and Louise Gaudet, all of Concession in the County of Digby, and Province aforesaid; Charles Gaudet of Boston, Mass., U.S.A.; Celestine Theriault of Beverly, Mass., U.S.A.; Agathe Babine of Boston, Mass., Edith Belliveau of Church Point and Elizabeth Thibault of Groses Coques in the County and Province aforesaid being the heirs, next of kin and devisees of the said deceased.

WHEREAS the said Elizabeth Thibault, daughter of the said Peter U. Gaudet late of Concession in the County of Digby, farmer, deceased who died on or about the 31st day of October, A.D. 1925, at Concession aforesaid, has presented her Petition in the Court of Probate at Digby, praying that a citation might be issued requiring Isaac H. LeBlanc, executor of the will of Peter U. Gaudet, to have the last Will and Testament of the said Peter U. Gaudet proved in solemn form of law and its validity determined, and upon such Citation an Order was made by said Court on the 29th day of October, A.D. 1926 requiring said executor, within twenty days after service of said order upon him, to take out a Citation to have said Will proved in solemn form and its validity determined, and the said executor in compliance with the said Order has now applied for a Citation requiring you the above named heirs next of kin and devisees, to appear at the Probate Court at Digby, on Tuesday the twelfth day of April, A.D. 1927, at the hour of eleven o'clock in the forenoon, when the said Isaac H. LeBlanc executor as aforesaid, will proceed to prove in solemn form of law the Will of the said Peter U. Gaudet deceased, which was admitted to Probate in common form in the Probate Office at Digby aforesaid on the 26th day of November, A.D. 1925.

YOU ARE THEREFORE REQUIRED to appear before Judge Grierson presiding at the Registry of the said Probate Court at Digby in the County of Digby on the twelfth day of April, A.D. 1927 at eleven o'clock in the forenoon when the said Isaac H. LeBlanc the executor named in the Will of the said Peter U. Gaudet, deceased, will proceed to prove said Will in solemn form of law, and to have the validity of said Will determined by said Judge.

Given under the seal of the Court at Digby aforesaid this eleventh day of February, A.D. 1926.

Ravens Hold Wildcats to Small Score

On heavy ice, before the greatest crowd that ever packed in the rink the Ravens on Friday night held the visiting Wildcats to a three-out score and in the second and third periods had the edge on their opponents. Jimmie Hillman and Laing of Kentville were the referees and they let a lot go by.

The game was rough enough, with flashes of A1 hockey and spells of plain slogging, with the Ravens right on their toes to break up the famous Kentville machine. They did it too. Nothing but luck accounted for their first two goals and the one they got in the second frame was a shot impossible to stop. The Ravens strutted their feathers in fine style, showing what they could do with proper training and practise games with superior teams.

Murdock scored the opener. The play had been forced into Ravens territory and Hyson trying to get out from behind his own goal attempted to pass in front of the net. Murdock poke-checked and the rubber rolled in for a tally. Plain luck! The second score was made by Mosher. A combination play worked into the defence and in a mix-up at the side of the Ravens came the puck bounced over to Mosher who batted it in. The period was plainly Wildcats'.

The second frame opened with a concerted attack on Ravens goal. Every one of the Wildcats but Barnaby, drove for the Ravens net. Their rush failed. Play went back and forth for half the period until Mosher broke through for a count. That slowed the Ravens up a bit until Hutchinson made an end to end run to draw Barnaby with a feint and then poked the disc past him. The roof rattled! The rafters rang! It was a minute before the crowd quieted down to watch the game and when they did they saw the greatest exhibition of hockey ever shown to Digby. The Wildcats defence was too good however, and the period ended without further scoring.

The third period was a no score session. Both teams had felt the strain of heavy ice and the teams while as hard working as ever, lost pace.

MARRIAGES

SABEAN—OUTHOUSE

At the Baptist parsonage Milton Mass., Feb. 5 the Rev. A. Bernard Webber united in marriage Miss Bessie, youngest daughter of Mrs. Jerusha Outhouse, Tiverton, N.S. to George Sabean of Weymouth North, N.S. The couple were unattended, the bride wearing a gown of blue silk crepe with hat to match.

Both bride and groom have resided in the United States for the past few years and will make their home in Lynn, Mass.

ELECTRICITY IN CANADA

Canada now leads the world in the public per capita distribution of electricity from central electric power stations, according to a recent compilation by the Government. The figures of kilowatt-hours generated per capita per annum by the five leading countries are: Canada, 1,250; Switzerland, 880; United States, 581; Sweden, 467; and Norway 370.

ROD AND GUN FOR FEBRUARY

While Jack Miner is well known for his interest in the breeding and conservation of wild fowl, comparatively few know of a remarkable farm almost in the suburbs of Toronto where all varieties of wild geese and other water fowl are being bred. This interesting place forms the subject of one of the articles in the newly published February issue of Rod and Gun and Canadian Silver Fox News, in which George Hebbden Corsan, Sr. tells how he raises the wild geese on his farm at Islington. The article is well illustrated.

The contents of the issue include many fine stories of hunting and fishing. The regular departments relating to angling, guns and ammunition and the outdoors, contain a great deal of good information on their particular subjects.

Within the cover of this issue, is included Number 2 of Canadian Silver Fox News which justifies the promise shown in the first appearance. Some important phases of fox farming are dealt with in the many articles. Rod and Gun and Canadian Silver Fox News is published monthly by W. J. Taylor Limited, Woodstock, Ontario.

THE POPE'S APPEAL

Fathers, husbands, brothers, are appealed to by Pope Pius to help check what is held to be an increased immorality in women's fashions. Religious papers of all denominations, however, are not at all agreed on support of the appeal.

Another trip to the Antarctic is to be made by Mr. James W. S. Marr, B. Sc., the scout who accompanied Sir Ernest Shackleton on the Quest. Mr. Marr has been appointed zoologist to the Discovery expedition organized by the Colonial Office to investigate deep-sea life.

How long should tea be brewed? This, somewhat depends on what tea it is. If it is MORSE'S SELECTED ORANGE PEKOE, it requires 5 1/2 minutes in water that has just come to a boil. Do not forget that for best results you must use water that has just come to the boil.

Flows Like the Tide!

CARCO SEINE is absolutely free from water and other waste. Because it is thinner it flows easily and goes further. You save money annually using CARCO SEINE. It is back on good empty barrels.

Women of Canada Pay Striking Tribute to Aluminum — the Modern Metal

FROM Windsor, Ontario, to Hudson's Bay, from Halifax to the Rockies, RED ROSE TEA within the last few weeks has scored an extraordinary increase in sales.

It is because we have stopped using paper packages, and are again packing this finest of teas in the old, familiar Aluminum package of years ago.

The reception it has been given demonstrates beyond all doubt that housewives of Canada recognize Aluminum as the perfect container.

For more than thirty years we have been experimenting with packages—trying lead, paper and Aluminum—seeking always a material that would protect and be worthy of Red Rose quality.

But it was only after Red Rose has been offered to the public in all these packages—first lead, then Aluminum, then paper—that the great advantages of Aluminum were proven.

Aluminum keeps out moisture, preserves the flavor and protects the quality. Paper packages, on the contrary, absorb moisture which occasionally impairs the quality.

So now and in the future RED ROSE TEA will be packed in the Aluminum package, as it was in years gone by.

Annual Meeting of Bear River Board of Trade

The annual meeting of the Bear River Board of Trade was held at the Masonic Reading Room on Feb. 15. The following officers were appointed.

President Dr. J. L. Lovett
Vice B. C. Clarke
Sec. Treas. C. E. Clarke
Auditors W. W. Clarke, A. B. Marshall

Some standing committees were appointed as follows:
Publicity—L. V. Harris, J. H. Cunningham, Rev. E. J. Barras.
Fire—A. B. Marshall, J. L. Warren.
Roads and Signs—W. G. Clarke, C. D. Rice.

A committee was appointed to get in touch with the Canadian Gypsum Co., which is locating at Pinkney's Point, Deep Brook, Annapolis Co., and point out to them the advantage of Bear River as a place of doing business as well as to offer them any information that they may require concerning anything of interest in the way of development of their branch.

Address of President of Bear River Board of Trade Feb. 15, 1927.

Gentlemen:—
I wish to review for you the activities of your Board for the past year and some of the conditions having a bearing on the welfare of our community. To guide and direct these conditions being the purpose for which this Board functions.

I think it well here to introduce a subject to which we have all given some thought.

Not many of us know of our own experience of conditions outside Western Nova Scotia, some of us only of conditions in Bear River. But we are led to believe through sources of information open to all of us that for some reason the Maritime Provinces are not sharing proportionately with the other Provinces in the prosperity enjoyed by this Dominion as a whole, and we ask why?

As a natural sequence we review our assets to see if this may be the trouble.

First: we know we are in a favorable position for International Trade.

Second: we know nature has been kind to us in the wealth of the sea at our door as well as endowing us with our share of forest and mine.

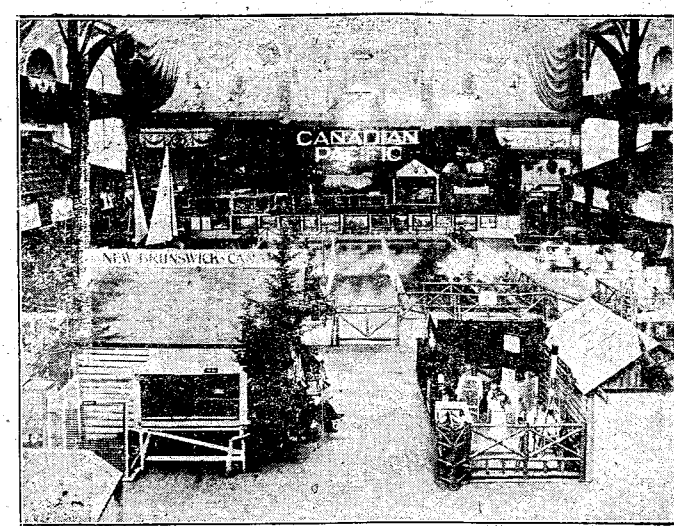

We also believe from the history, past and present of our people, that we are not lacking either in sagacity or business acumen.

These, or some of these, are the materials all the provinces of Canada had to start with. Only we were far better off than the others when the union was put through.

Why then do we at this time 1927 60 years after Confederation find ourselves in the position of a suppliant?

Our plains have most recently produced from our Provincial Government a Portfolio of industrial affairs, which they claim will solve our troubles.

The Federal Government appointed a commission composed of eminent economists of which Sir

New Brunswick at Boston Show

The New England Sportsmen's Show recently held in Boston held the attention of an average daily attendance of around ten thousand people during the week it lasted and not the least of its attractions was the Canadian Pacific Railway exhibit, in which New Brunswick was prominently featured. This exhibit was by common consent the outstanding characteristic of the Show and the one that drew a majority of eyes.

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching
Eczema Helped Over Night

The report of this commission, known as the Duncan Report, is now being considered by our Federal Cabinet.

The measures proposed in that Report have been well advertised and I think are widely known.

I believe they have met the approval of our Maritime people and Maritime Board of Trade.

Experiment of them for a period as active forces, this only can prove their effectiveness.

The Cabinet is not finding it all clear sailing in passing these measures.

They are meeting strong opposition in some quarters.

We were instrumental in an agitation, presenting for a union Hydro development, the advantage of the V.B. Branch of the Bear River as compared to the Sissiboo.

Harold Johnson of the Power Board was invited to present comparative values of two sources of Power, in meeting requirements. He strongly favored the Sissiboo.

We were informed early in the year that the D. A. R. were considering either cutting off or reducing service at Bear River Station. This we considered serious.

A committee was appointed to investigate and bring before the Railway Com., the injury to this community of such action, the result being that, though some other stations have had service reduced, ours has not been affected.

We promoted a Cherry Carnival which was hailed by the I.O.O.F. very profitable and well. This is a distinctive Bear River festival we should make much of for in many peoples minds "Cherry Carnival" and Bear River are synonymous.

As suggested by L. V. Harris in his report for 1925 the results from distribution of Booklets having been so favorable. It was considered wise to continue this form of advertising.

The com. were unable to get additional Booklets printed but have reprinted those left over from last year.

In addition to which they had 10,000 envelopes printed with an attractive picture of Bear River. These L. V. Harris has kindly sold at cost and they are being used by many of our people. This is one of the modern boosters means of telling others we can well continue as it is self supporting. We also ran a small ad. in The Boston Transcript, which brought results. This, Gentlemen, is a partial review of the activities of your Board since its last annual meeting.

Were I possessed of his ability, I would here like to incorporate into

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching
Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even itch, itching eczema is dried right up.

Get a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

ONE OF THE BIG EVENTS OF THE YEAR

There is something almost romantic in the adventure of Moirs, Limited, into the wider area of publicity in the world. The young firm, which made through the medium of the Sequel-ent International Exposition at Philadelphia. It has the same quality of interest as the great adventure in the new world in the days of discovery, seeming to be a bold and productive of wonderful results when successfully carried through. It was a very great thing for Moirs, Limited, that they were able to go to Philadelphia, which, next to Paris is supposed to be the greatest exhibition in the world, and there in competition with many renowned makers of chocolate confectionery to come out top. Fancy a little city like Halifax being able to show the whole of North America, (two might even say the world, because, apparently, next to Moirs the Americans have been the most successful chocolate makers in the world), the lead in chocolate making. Looked at solely from a business point of view, what must an achievement of this sort mean to Messrs. Moirs in competition for world trade? They can now go to the farthest ends of the earth with the assurance of being able to do business if the market is one in which chocolates are consumed. In fact, we dare say the Philadelphia show will do them more good outside the United States than in it, for the reason that the United States has a very high protective tariff and it is difficult for the foreign manufacturer to climb that wall and supply chocolates at a price that the bulk of the United States consumers would feel able to pay. We put this capturing of the Grand Prize at Philadelphia as one of the big events achieved by Nova Scotia in the year 1925, and such a success starts one wondering how many other things there are that we might make with similar success? Do not let us say that there are none. No doubt if it had been suggested twenty-five years ago that Moirs could sell chocolates in Winnipeg, Calgary, Vancouver and London, England, most hearers would have doubted it but in view of what has happened why should we now question that there are hundreds of articles which it is possible for us to make in the Maritime Provinces in the marketing of which high freight rates are no real handicap to success.

Misses Lella and Susie Dickie, Helen Sabean and Eva Prime and Messrs Dwight and Simeon Sabean, Stanley Sabine, Albert Marr, Gladstone Hutchins and Walter Prime enjoyed a sleighing party to Moody Mullen's mill on Friday evening last. Roger Sabean was the driver. Refreshments of three kinds of cake and chocolate also fudge were served by Mrs. Thurston Mullen. They got home in the wee small hours of the morning all reporting a splendid evening.

Warren Mullen, of Waltham, Mass., arrived Friday to visit his parents, Mr. and Mrs. Stillman Mullen who are ill. He returned Tuesday.

Glad to report Mrs. C. Hudson Mrs. Harvey Mullen and son, and Miss Esther Mullen improving after being ill with La Grippe.

Mr. and Mrs. L.J. Sears and son spent Friday with Mr. and Mrs. Moody Mullen, Corberrie.

Misses Lella and Susie Dickie spent the week end at the home of Mr. and Mrs. Stephen Mullen.

We are sorry to report Mrs. Stephen Sabean on the sick list at time of writing.

COMMENT

SOME people seem to think that the faculty of a University is washed and dressed every morning by the President, and as the brushes each one's hair says to him, "Now be a good boy and don't say anything that would offend Mother." Considerable or Anti Prohibition of Uncle Esau's list." At least one would judge so from some of the articles which have been published in the Halifax papers lately, apropos of an expression of opinion by one of the Professors at King's Nova Scotia, has always been rather proud of its educational system, and has even, at times, been given to boasting about the brains which it has exported. Unless the original settles once and for all the fact that the Professors of a University are not standardized as it is, it is simply losing our individuality through the fact that we have everything alike from our clothes to our motor cars. It is hard to tell a grandmother from her own grand-daughter when they are walking down the street together of an afternoon. If we are going to have a standardized, "Massachusetts might just as well go to the whole distance, have them record their teaching upon gramophone records and receive a University education by playing them on a victrola. That would be the triumph of the modern lack of mind.

THE Montreal Theatre (tragedy) has brought out the necessity of the most stringent regulations of all public buildings where crowds gather, particularly when the crowds happen to be crowds of children. Panic happens without warning and no precautions against them can be too well taken. It has taken a good many thousands of years to build up our present valuation of human life, and we cannot afford to have cynical materialism, the mark of this age, brought it down through neglect of the most obvious factors of safety. If people are to live these days, they must make money, and if they are to make money, they will have movie shows, factories and such. All the community ought to do to do in the making of money they do not kill other people, who should be made to have a little common sense and a little common humanity they might have avoided it.

SOMEONE said a few years ago, that this was Canada's century and it is certainly coming true in the sporting world. Last year it was Mr. Miles who stepped into the limelight and carried Canada with him. This year Mr. Young of Toronto beats the hundred and one, swimmer, crossing a California Channel and wins fame for himself and for his country. "Any seven-year old Canadian who can swim twenty-two miles in cold water is a good advertisement for the country, providing he keeps his head after he has won the prize." The fact that both swimmers have been writing about him in the newspapers in a way which would cause a thoughtful man to shudder, but that is almost inevitable. It is interesting to notice that both Miles and Young belong to religiousions of the United Church, which were formerly Presbyterianism. The strength of Puritanism lies in its ability to develop stamina and endurance in the individual which overcomes tremendous odds. Outward and the Shorter Catechism are pretty good food for any growing boy.

STANDARD BUTTER BOX

The Dairyman of Western Ontario in session in London last week recommended to the United Farmers of Canada that the standard butter box be 12 1/2 x 14 1/2 inches, and deep enough to hold 55 pounds of salted butter.

Bay View

Mr. and Mrs. Wendell Goodwin and little daughter, Evelyn, arrived from Westmouth Mills on Tuesday and are visiting Mrs. Goodwin's parents, Mr. and Mrs. Hart Hayden.

Miss Miriam Turnbull spent the week end with friends in Digby.

Isaac Ellis and Arnold Turnbull are ready for lobster fishing with a fine equipment of up to date traps. We wish them success.

Mrs. James Hillman, who has been quite ill, is now convalescent.

There was no service here on Sunday afternoon on account of weather conditions.

The Baby's Cold

Continual "cough" with internal medicine upsets delicate little stomach. Treat externally with Vicks VapoRus. You just rub it on.

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and brittle, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, are only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by adding to any drug store for a bottle of "Vicks' Sage and Sulphur Compound," which darkens the hair on naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Vicks' Sage and Sulphur Compound is that it does beautifully discharging the hair after a few applications it also brings back the gloss and lustre and gives it an appearance of abundance.

Death Calls W. M. Romans, Prominent in Bear River

The late Walter Manners Romans, whose sudden death at Bear River on Monday, Feb. 14th, caused such widespread sorrow, was born at Halifax on August 14th, 1876, the son of Henry Romans and Mary Storrs Brookfield. Mr. Romans was educated in private school conducted for many years in Halifax by Professor Currie and at Merchiston Castle School in Edinburgh, Scotland.

After a short period in the employ of A. and W. MacKinlay Halifax, Mr. Romans took a position with the Union Bank of Halifax and in a short time during which he was in Halifax and Sydney he was appointed manager at Bear River. Here he remained as manager for the Union Bank and then for the Royal Bank of Canada for twenty three years until his death. During these years Mr. Romans was closely identified with the business life of the western counties and became widely and favorably known both among those who in their business with the Bank found him not only banker but interested and wise counsellor and also among the wider circle who meeting him in fraternal or other spheres were impressed by his many sided personality and his deep interest in all that pertained to the welfare of his own community and country.

Mr. Romans ever showed a deep interest in the development of Bear River and the neighboring communities. He was several times president of the Bear River Board of Trade, was for some years manager of the Bear River Electric Company and could always be depended upon to assist in any cause that was calculated to improve the business or social life of the community.

Though handicapped somewhat by a wound received in his foot

Thinking Ahead.

It is right and proper that young people should dream of their future but they should not leave out of their dreaming plans for making their dreams come true.

A little serious thinking along with the dream might make a wonderful difference in the future of the ordinary young man or woman.

MODERN BUSINESS COLLEGE

REGAL FLOUR

BEST FOR ALL KINDS OF BAKING

Bear River Scholars Do Well in Quarterly Exams

During his boyhood, Mr. Romans was an ardent sportsman and enjoyed greatly the splendid opportunities for fishing and shooting that he found around Bear River. In recent years he has ardently championed the possibilities of western Nova Scotia as a playground for tourists seeking these forms of recreation and manifested his deep interest by active participation in the Game Protective Association. He was largely instrumental in having Bear River advertised at the recent Sportman's Show at Boston by an attractive display of the beauties and trophies to be found in the forests and waters of the country that he so dearly delighted in.

In former years Mr. Romans took a deep interest in boating. He was a charter member of the Banook Canoe Club at Dartmouth and was for years an active member of the Digby Yacht Club. His comfortable boat, the Banook, was for years a familiar sight on the basin and was sometimes an object of curiosity in other waters as he went on extended cruises along the shores of the province.

For many years an enthusiastic mason Mr. Romans was a member and past master of Keith Lodge at Bear River. Interested in the higher degrees of Masonry he was a member of the Rose Croix Lodge at Halifax and the Luxor Temple at Saint John.

Mr. Romans was a loyal member of St. John's Church of England at Bear River and did not only manifested a deep interest in the welfare of the parish, but was ever ready to assist in any way in the promotion of the work of his church.

Among those who knew him however, Mr. Romans will be remembered not so much for his many activities of a public nature though these were numerous and of great value to the community, but they will cherish the memory of his unique personality, his abiding optimism, cheerfulness and energy, his deep interest in the personal welfare of those he met which made for him so many friends among all classes and his constant readiness to help any cause or person without thought of recognition or reward. Many will think gratefully of the privilege of having known Mr. Romans and will regret his early passing.

Mr. Romans was three times married his wives being Nellie Maud Austen of Dartmouth, Robina May Hamilton of Bear River and Jessie May Milligan of Saint John who remains to mourn his death. He leaves three children, Miss Robina May and Mary Storrs and Henry Manners. To these and other members of his family there goes the sympathy of a wide circle of admiring and sorrowing friends.

Local and Personal

A Good Friend Advised Him To Try Them

Nova Scotian Man Used Dodd's Kidney Pills.

On Tuesday afternoon a young child of Guy Thomas, Millford, Corner, had the misfortune to cut a finger completely off.

Capt. Roop of the C. G. M. M. Canadian Infantry, which is in port at Halifax loading for New Zealand, spent a few days at his home in town, returning to Halifax on Friday.

Robert J. York has recently installed a telephone in his new residence.

Mrs. Alfred Tarter has been on the sick list for a few days, but is now convalescing.

Mr. Ralph Hayden of Port Wade timber scaler for the Lincoln Pulp Wood Co. was in town Monday in connection with business for his company.

Mrs. John Woodworth returned on Saturday from Kentville, where she has been visiting her daughter, Mrs. J. W. Redmond.

J. H. Cunningham made a flying business trip to St. John on Wednesday returning on Friday.

Joe O'Brien of Upper Clements, who is working with his brother, John O'Brien in the woods, had a very narrow escape from serious injury, when the axe with which he was chopping crashed into his foot. Fortunately no tendons or arteries were severed.

Mr. and Mrs. Carrol Clarke are receiving congratulations on the arrival of a young son on Sunday afternoon.

The Barras Bible Class held their monthly meeting at the home of the President J. L. Warren on Monday evening.

The Ladies' Circle of the United Baptist church met at the home of Mrs. Gilliat on Tuesday evening.

A. B. Marshall left on Tuesday to attend the meeting of the Annapolis Co. Presbytery at Lawrencetown, returning home on Wednesday.

Mr. F. W. Fraser who went to Ireland in July last, Acting Commissioner has recently received his full appointment of Commissioner to the Irish Free State.

Richard Rogers of Halifax, who was in town to attend the funeral of his brother, the late W. M. Romans, returned to his home on Friday.

The Ladies' Aid of the United Church was entertained Tuesday afternoon by Mrs. Hubbard.

One of the Landowners, while cutting trees at Smith's Cove on Friday, was knocked down by a large tree and would have been terribly crushed, had he not been on the down grade of the hill, which enabled him to roll from under the tree. His shoulders and body were badly bruised, but no bones were broken.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrials Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! How good it feels. Your nostrils are open, your head is clear, no more yawning, sniffing, blowing, no more headache, dizziness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrhs need. It's a delight.

LESSON FOR OTTAWA

Ottawa might learn something from the attempt to be made to elect the leading members of the British cabinet to speak at earlier hours in debates in the Commons next session. It has frequently happened in the past that the most important pronouncements of policy are made by Ministers late at night, with the inevitable result that they do not receive the notice and publicity in the newspapers that their statements justify.

Salts Fine for Aching Kidneys

When Back Hurts Flush Your Kidneys as You Clean Your Bowels

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have headache and misery in the kidney region, nerve headaches, rheumatic twinges, constipation, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and is intended to flush clogged kidneys and help stimulate them to normal action. It also helps neutralize the acids in the urine so they no longer irritate thus helping to relieve bladder disorders.

Jad Salts is inexpensive; makes a delightful effervescent lithium water drink, which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says he sells lots of Jad Salts to folks who are in pain, trying to correct their troubles while it is only routine. By all means have your physician examine your kidneys at least twice a year.

Ouch! Lumbago Pain! Rub Backache Away

Instant Relief with a small trial bottle of "St. Jacobs Oil."

Kidneys cause "Backache"? Not They have no nerves, therefore can not cause pain. Lumbago, your backache is caused by "lumbago," sciatica or a strain, and the quickest relief is soothed, penetrating "St. Jacobs Oil." Rub it right on your painful back, and instantly the aching stiffness and lumbago disappears. Don't stay cramped! Get a small trial bottle of "St. Jacobs Oil" from your druggist and rub it up, moment after it is applied you'll wonder what became of the backache or lumbago pain.

"St. Jacobs Oil" is a powerful remedy, whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.

Sealed in a Package "SALADA" TEA

retains all the goodness nature gives.

CHINESE SITUATION WORSE

Owing to the activity of the Nationalists of China in many ways not friendly to British and foreign interests, the British Government has ordered that a thousand British Marines sail for China in a few days from Southampton. These preparations are additional to naval activities Britain looking to the proper defence of Shanghai should that city become molested. The Japanese Ambassador at London has been instructed to discuss with the British Government the question of full co-operation of British and Japanese for the defence of Shanghai and other treaty ports.

BETTER HEALTH FOR BABIES--BETTER PRICES FOR CATTLE

Bovine tuberculosis is communicable to children. Sign the petition to make Nova Scotia a Restricted Area and you stamp out this menace to the health of your family and your neighbors.

P. E. I. has already done so and as a result enjoys a wider market because all its cattle and dairy products are advertised as coming from a disease-free area.

Inspection is free and compensation is paid for infected cattle. Only 1 out of 200 cattle were found infected in P. E. I. If we act at once we may enjoy a similar experience. If we delay, contagion may become widespread, to the injury of our health and wealth.

Your teacher has a petition. Sign it!

Weymouth North

The body of Miss Phoebe Taylor was recently brought home from Boston and buried in St. Peter's Episcopal church yard. The body was accompanied by Alfred Kinney at whose home Miss Taylor has been spending the winter.

Mrs. Willis Cosman arrived home from Halifax on Thursday. Mrs. Cosman has recently had a successful operation for appendicitis.

About sixteen of the young people enjoyed a party at the home of Eben Sabean on Wednesday evening.

The 1600 ton Norwegian Steamer "Terje" arrived on Sunday to load a full cargo of pulp for New York.

On Tuesday evening the members of the choir, the Fellowship Bible Class and their husbands, of the Baptist Church, held a surprise party at Bayside Farm. It being Mrs. F. H. Lent's birthday. Mr. Wm. Lent presented her on behalf of the choir and class with an embroidered table runner and sofa pillow to match in appreciation of her services as Secretary of the class and organist of the Church and Sunday School. Although completely surprised Mrs. Lent responded fittingly. A very enjoyable evening was spent in games followed by "eats."

Miss Florence Campbell was a passenger to Yarmouth last week where she is receiving medical treatment at the Clinic.

Miss Annie Brooks entertained the young people to a sing song on Sunday evening.

The Fellowship Bible Class held their annual business meeting at the home of Mrs. A. S. Thurber on Friday evening. At which the following officers were re-elected for this year.

President—Mrs. J. C. Cornwall
Vice Pres.—Mrs. H. B. Fitzgerald
Secretary—Mrs. F. H. Lent
Treasurer—Mrs. Boyd Mullen
Social Committee—Mrs. Fred Lent, Mrs. Boyd Mullen, Mrs. Caird Nicholl.
Sick visiting committee—Mrs. Darrel Thurber, Mrs. Alfred Johnson and Mrs. Boyd Mullen.

MOTORISTS SPEND MILLIONS

Automobile tourists from the United States entering Canada last year left a gross revenue in the Dominion of about \$194,000,000 according to a careful estimate.

Beware of Wet Feet

Especially at this season, when Grippe is reported as very prevalent, one should be most careful to avoid catching cold. In 1918-19 the epidemic fell very lightly on those who followed this treatment.

Take two or three times a day and before retiring at night a full dose of Mathieu's Syrup of Tar and Extract of Cod Liver in triple quantity of hot water—following each dose with Mathieu's Nervine Powder or Tablet.

This treatment does not interfere with one's daily occupations. All druggists sell these preparations. J. L. Mathieu Co., Sherbrooke, Que.

Distributor for the Maritimes:
A. E. MORRIS, Amherst, N.S.

Here and There

At a meeting of the fox breeders of the Annapolis Valley, held at Middleton, it was decided that silver black foxes in captivity in the province number approximately 10,000 which, at a low valuation of \$200 each, makes a total value of \$2,000,000. The annual revenue to the ranchers is placed at \$600,000.

What is practically the first sheet copper mined, refined and rolled in Canada is now at Regina to go on the roof of the new Canadian Pacific Hotel there. As at Regina and at Banff, where magnificent new hotels are being erected by that Company, Canadian materials will be used in the building of the new Toronto hotel.

The population of the Prairie Provinces in 1926 was 2,087,682, according to the census taken in that year. This compares with 1,698,137 in 1916, and \$66,646 in 1906. In the twenty year period Manitoba has increased its inhabitants from 365,688 to 689,066; Saskatchewan from 257,783 to 821,042, and Alberta from 185,195 to 607,584.

In view of pressure on the transportation facilities of the Canadian Pacific Railway when the full tide of immigration and harvest travel is felt in the coming summer and fall months, the railway has already taken steps to cope with this by sending 216 locomotives cars for repair and overhauling to the Angus Shops, the work to be finished upon them not later than April 1st.

Professor W. L. Carlyle, manager of the Prince of Wales ranch, near High River, is en route to England where he will consult his royal employer regarding business matters pertaining to the ranch, purchase new stock and arrange for the usual year by year extension of the Prince's commercial activities in Alberta.

The presentation of 12 first aid awards to members of the Montreal Trenchmen staff by A. D. MacTier, vice-president in charge of C.P.R. eastern lines recently, brings the total number of awards earned by Montreal employees of the Canadian Pacific during the past year up to 96. The number of employees passing the necessary yearly tests is increasing, over 700 employees at the Angus Shops alone now efficient in the work.

All fresco tunch on the rinks is the latest innovation to provide the unusual for the guests at the Chateau Frontenac, Quebec. At the fashionable hour smartly uniformed waiters skate out upon the ice pushing a serving table mounted on skates. Its coming glow is stealing tears and its appearance is the signal for the skaters to gather round to sip real English tea. The innovation has proven a great success for it adds the finishing touch to an afternoon's skate.

A new variety of wheat has been developed by Frank Lacombe, of Minburn, Alberta. Its vital quality is its drought resisting strength. This new variety of grain has been registered at Ottawa as "Vermilion." In 1919 Mr. Lacombe discovered in his wheat crop a few head that were obviously crossbred and that showed drought resisting quality. He kept the kernels, sowed them in 1920 and gradually built up 1,000 bushels. The wheat is also reported to be heavy yielding.

The following wire was received recently by C. E. Usher, general passenger traffic manager, C.P.R., from J. C. Phillips, president of the Massachusetts Fish and Game Protective Association:

"On behalf of the Massachusetts Fish and Game Protective Association I want to extend our appreciation for your very fine exhibit at the Sportsmen Show and the efficient way it has been handled by your representatives."

(Signed),
J. C. Phillips, President.

Westport

Mrs. Leslie Stevens of Freeport is the guest of her daughter, Mrs. Albert Moore.

Arthur Hicks has returned from Saint John.

Quite a number of young people from Freeport attended the B.Y.P.U. meeting in the vestry Friday evening.

Alice Cousins arrived from Saint John Thursday.

Master Alfred Garron held a birthday party at his home Friday afternoon.

Miss Leulu Repool has returned from Lake Midway.

Mrs. George McDormand secured the misfortune to fall and hurt herself quite badly.

Clarence Bates and Cecil Prime of Freeport were the recent guests of Mr. and Mrs. Ervin Thompson.

Albert Bailey has returned from Yarmouth.

Rev. Johnson who has been holding special meetings in the Christian church returned to Saint John Monday.

The Rev. and Mrs. Stott are receiving congratulations on the arrival of twin boys, born Feb. 18th. Congratulations to Mr. and Mrs. Garnet Frost on the birth of a daughter born Feb. 20th.

GROWTH OF WHEAT POOLS

Though only formed three years ago the Canadian Wheat Pool has become the largest farmers' co-operative organization in the world, and has representatives in 51 ports on this continent and Europe. In recent months there has been a considerable increase of new members, and the total membership according to the most recently available compilation is 137,050, of which 80,000 are in the Alberta Pool and 19,000 in Manitoba. The members of the Pools are all active farmers and they now control fully 75 per cent of the total wheat acreage in Western Canada.

ELECTRICITY IN BRITAIN

The great coal strike has caused British industrialists to make themselves as independent of coal as possible. Vast electrification schemes are to be started during 1927, the London projects alone costing \$30,000,000. Superpower stations will rise in many parts of the country. Existing plants will be expanded and many big factories electrified.

Admirers of Rider Haggard will learn with interest that on a recent Sunday the Bishop of Nataland (Africa) dedicated a chained screen in the Ditchingham Church, Norfolk, Eng. and also gave an address in memory of the writer whose body is buried in the Church near the screen. The Bishop described Sir Rider as a great lover—a lover of Africa—of England—of home—and of God.

Port Wade

Miss Lena Keans of Acadia University spent the week end with her parents, Mr. and Mrs. Edward Keans.

Miss Etta Mussells who has been visiting her sister, Mrs. K. L. Oliver at Granville Ferry returned home on Monday.

Capt. Whelpley of St. John made a business trip to Port Wade on Monday returning to the city the following day.

Several of her friends enjoyed hearing Miss Blanche Anthony, formerly of this place singing from Station W. J. Z. on Thursday evening. Her parents moved from here over twenty years ago to Ottawa and Miss Anthony is now a favorite singer on the air.

The Buds of Promise Mission Band gave a pleasing program at their meeting in the Baptist church on Sunday evening.

On Visit to Sons

Mr. and Mrs. Fred Robinson left on Friday for Yarmouth on their way to Boston and New York, where they will visit their sons and daughters. They will first visit Frank, in Boston, and their daughters, Mrs. Cronan, of Brookline and Mrs. Turnbull, of Manteck, and after a fortnight with them will continue to New York, to stay with their son Arthur, of 1321 Bedford Ave., Brooklyn. Mr. and Mrs. Robinson will be away a month.

Bladder Troubles Bother Many Past 40

Seven out of Ten are Victims, But Writer Tells How "Uratabs" Bring Swift, Amazing Relief With Renewed Vital Force

"No one knows better than I, the horror of joyless days and sleepless nights. There have been times when I felt hopeless and helpless and when my weakness caused me the most intense humiliation. Only those who have gone through such tortures can possibly realize my great satisfaction when Dr. Southworth's URATABS brought me quick relief. URATABS are truly wonderful, and I give them full praise." Such amazing evidence serves as convincing proof of the power of URATABS to relieve those distressing ailments so often a handicap to those in middle life.

Overworked, sluggish kidneys, bladder weakness and prostate gland trouble being so many distressing ailments which so often lead to serious diseases that every sufferer from lameness, pains in back and lower extremities, scanty and frequent urination, "getting up" at night, nervous irritability and lack of force should try the amazing value of Dr. Southworth's URATABS at once. Any good druggist will supply you on a guarantee of satisfaction or money back.

Kill the Lice

Hens bothered with lice stop laying. To kill the lice, take the affected chicken by the legs and sprinkle the powder on the open feathers. PRATT'S LICE KILLER is harmless, non-staining and non-toxic, but kills the lice in a few days.

33 acres known as Raymonds Corner about one mile from beautiful town of Digby, the Tourist Centre of Nova Scotia, about twelve acres cultivated, balance pasture and woodland, small orchard also a quantity of raspberry, current and gooseberry bushes. Nice dwelling, fine barn, carriage and woodhouse, beautiful view. Small cash payment and easy terms for balance. Apply M. Webster, Digby, or C.J. Penney 69 Queen St. Halifax.

YOUNG women desiring to enter March Class of North Adams Training School for Nurses, North Adams, Mass. Please write Supt. promptly. School qualifies pupils in secure registration. Provides monthly allowance and privilege of six months course at Yale University School of Nursing. All expenses paid.

Mrs. Brown is proud

She deserves to be, when other women demand her cakes

How often you've heard at bazaars, or socials, "I want Mrs. Brown's cake". In every community there are women who are noted for their cakes.

These women take pride in their baking. Many of them stick to Quaker Flour. They know that recipes always turn out right with this flour. It's tested every day under home baking conditions in our own kitchen. No flour can bear the Quaker Brand unless it comes up to our rigid standards.

Every bag is sold under the guarantee that if for any reason you have trouble with Quaker Flour, the dealer will replace it, or give your money back.

Quaker Flour

Always the Same Always the Best

"Number, Please?" -- "Thank You"

New Telephone Local Operating Practices Will Affect Local Users

Hitherto, before completing the connection asked for, the telephone operator lost a few seconds in repeating the number.

These few seconds increased the average time of effecting the connection.

Now-a-days our subscribers have so grasped the importance of consulting the Telephone Directory before calling a number that it is only in very exceptional instances that wrong numbers are given the operator. Consequently, the repetition by the operator of the number asked for has become of less and less importance until now it is possible to abolish the repetition altogether and to devote the seconds saved to expediting the service.

On and after February 28th, repetition by the operator will be eliminated and, to the extent of the time saved, the completion of the subscriber's connection will be speedier.

The saving of a second or two on a single call may not appear to be material, but, when multiplied by the number of local calls a day handled at Digby, the saving will be seen to effect a desirable increase in the speed of the service generally, and, so, will benefit the individual subscriber.

On and after the date mentioned, the method of placing and receiving a local telephone call will be as follows:

Subscriber takes down receiver.
Operator: "Number, please."
Subscriber: "1234."
Operator: "Thank you."

These changes do not affect the methods of actually placing calls by subscribers.

Nellie Andrews Wanted On Perjury Charge

Gone, her house swept and gar-
nished, her children left with her
parents and her person departed for
parts unknown, Nellie Andrews,
Acaciaville, is wanted to answer to
a charge of perjury. A summons
was served on Mrs. Andrews some
time ago to appear before Magis-
trate Havel to answer to a charge
of Perjury in connection with evi-
dence given by her at a hearing of
charge of neglect of her children.
She failed to answer the summons
and when a constable was sent out
last Friday with a warrant for her
arrest he found that his quarry had
flown, having housed her children
with her father and removed all the
furniture from her house.

Some time last fall Rev. Prosser,
agent of the Children's Aid Society,
laid an information against Mrs.
Andrews in Magistrate Taylor's
Court, charging her with neglect of
her children, two little girls. At
the hearing Mrs. Andrews testified
that she had been in Aylesford dur-
ing the period covered by the in-
formation. That case was dismis-
sed. Mr. Prosser, not being content
with the evidence having investigat-
ed her story and found that there
was evidence of perjury. He ac-
cordingly laid the facts before
Crown Prosecutor Frank Jones, who
had the necessary action taken for
a hearing of the charge laid and
when the time came for the hearing
the woman had decamped. It is
supposed that she went to the Unit-
ed States. The warrant for her
arrest remains in force.

The Council Meets

on Monday

The first business meeting of
the Town Council will be held on
Monday evening next. At this
meeting a number of matters of
general business will come up for
consideration.

Local and Personal

Miss Esther MacLachlan is visiting her
sister, Mrs. Mary Beaton of Weymouth.

Joseph Hines was a passenger to Boston
on Tuesday. He plans on remaining in
the Boston City.

Ray Bishop of Bridgetown was a visit-
or in town on Monday.

Mrs. W. Violett of Lawrenceville is
visiting her daughter, Mrs. B. J. Hewitt.

E. Crabbe, who has been visiting his
home in Weymouth left on Monday for
Maline.

Mr. L. Dexter left on Thursday for
Caldbrook, where he has secured em-
ployment.

Mrs. Minnie Spurr of Annapolis was
the guest this week of Mrs. H. Bowles.

Mrs. B. J. Roper spent several days
this week in Bear River the guest of her
sister Mrs. Clark, who is seriously ill.

Mrs. W. A. Burrell spent the week
visiting her sister, Mrs. Carey Morgan,
of Lansdowne.

Charles Brine, representing Salada Tea
was a visitor in Digby this week, calling
on his firm's customers here.

Miss Hare, who has been relieving Vic-
torian Order Nurse at Digby during the
absence of Miss Gulliver, returned to her
home in Halifax on Tuesday morning.

Miss Waveretta Burrell, daughter of Mr.
and Mrs. W. Burrell who is attending Hon-
ton Academy, Wolfville, spent the week
end at her home here. She was accom-
panied by her friend, Miss Rita Simpson,
who is also a student at the Academy.

The ladies of the Catholic Church will
hold their Annual Garden Party on Wed-
nesday, July 27th.

Mrs. Norval Morehouse has returned
to her home at Lake Midway. She was
accompanied by Miss Lulu Repoli.

AFTER THE "VOTE SLACKER"

An extra tax of 1 per cent, \$30 on
a gross income of \$3,000, will be im-
posed on the "vote-slacker" at the
next presidential election in the
United States—that is, if Senator
Capper of Kansas has his way.

MEMORIAM

When we see the precious blossom
That we tended with such care,
Rudely taken from our bosom,
How our hearts almost despair.
Round the little grave we linger,
Till the setting sun is low
Feeling all our hopes have perished,
With the flower we cherished so.

In loving memory of Idella, daughter
of Mr. and Mrs. James Hayden died
Feb. 15th 1924. Inserted by father,
mother, brother and sisters

Judge Russell

Speaker at Lecture

Hon. Judge Russell was the speak-
er at the Lecture on Tuesday, of
the University Extension Course
being held under the auspices of the
Digby Board of Trade. His sub-
ject was "Mussolini" the Italian
Dictator, and he gave his hearers
an entirely new conception of the
origin and development of Mussolini
and his peculiar principles of polit-
ical economy. Mr. Russell has no
use for the gentlemen, no use for
any of his methods or sympathisers,
and he condemned the Right Hon-
orable Winston Churchill most
strongly for his attitude of sympat-
hy with the Italian Dictator.

Rev. F. E. Bishop, of the Digby
Baptist church was chairman, in-
troducing the lecture. At the close
of the lecture a vote of thanks was
moved by Dr. Read, who expressed
the thanks of the gathering for an
entertaining and instructive even-
ing. His second was by Rev. Wm.
Driffield, of Trinity, who added his
personal thanks.

The lecture courses are proving
ing most interesting. It is a pity
that more do not avail themselves
to the opportunity offered in them
to become familiar with the views
of prominent men on world char-
acters and world events. The
Board of Trade has done good work
in arranging for them and that
should be appreciated.

Coming Home in March to
Open His Business

About the first of March the
shutters will be taken down from
the store front of Mr. Morris Web-
ber's business stand alongside the
bank and Mr. Webber will be in
his usual place behind the counter
ready to do business. Mr. Webber
wrote to the Editor this week in-
structing us to insert his advertise-
ment. He says that his winter in
Boston has been pleasant and
some over, but he will be glad to
be back at his old stand.

Doing Nice Business

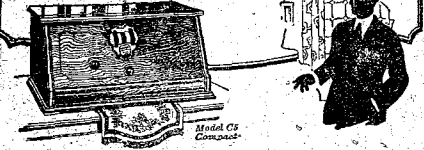

The new tinsmith, plumbing and
heating and battery service es-
tablishment opened up by Bennie
Ruggles seems to be doing a nice
little run of work. Some of it was
in evidence at the Kentville-Dig-
by Hockey game last Friday, con-
tributing to the noise made by the
fans. The other day no less than
three auto batteries were waiting
outside his door during the noon
hour, waiting for him to get back
from lunch to get them repaired.
Service in all branches of plumb-
ing, heating, battery charging and
repairs and welding, is given in
first class style and promptly as
needed.

The equipment of the new store
is complete for every service that
may be demanded of it. Cold
sheet metal formers, brazing and
welding plant, and the usual tools
for repairs and plumbing service.

McBride Elected Chairman

At a meeting of the newly or-
ganized School Board held on Wed-
nesday night, Mr. C. F. McBride
was re-elected chairman of the
Board.

THE BONSPIEL

De noder dat a trien' of mine,
He say, "Batesee," to me,
"I don't you go upon no tank
For see Bonspiel?" say he,
"Dere's plaine chair for sit upon
De place she's nice and warm—
An' den he say, "I tink I go,
She can't do me no harm.
Wall, dat is de mos' foolish game
I never yit did see,
For all de men was yell so loud
I tink dey go crazee,
Dey have de sione lak beeg speeton
An' shove it wid her han',
But w'y get so moocne excited
I cannot understand.
De man down at de noder an'
I put bees broom down so hard,
An' den he yell, "Sow tak dat ice,"
Dat's foolish thing you know,
He cannot tak de ice away
She's frozen down so hard,
But still he yell, "Kes tak her out,
I do not want de gard."
An' see dem fellers sweep de broom,
For w'y I cannot tell,
Dere is no dirt upon de ice,
And den some feller yell—
"Yes, hold her up, say what he mean?
Madam's not dere at all,
And man'selle in de galleries
I do not see her fall.
All sorts of follies may dat game,
Dere's some dat's thin and long;
An' some dat's mabee short and stout,
An' some dat's purty strong.
But, w'en dey yell de stout man's
"wide,"
An' man dat's long and tall,
He's narrow sure," I do not tink
star' for dat at all.
I wonder wat dat name she mean?
Wall, "Bon" in French she's good,
An' "Spiel" in Scotch for de bees
talk.
Dat's what I understand.
I s'pose she's sort of half-breed name,
Spik de way I feel.
I watch dat game for two, three
nights,
I tink she's mostly "spiel."

BOYS FOR CANADIAN FARMS

The Federal Government, according
to Hon. Robert Forke, will make a
grant of \$30.00 for every immigrant
boy brought from Great Britain by
the various Provincial Governments,
most of whom have already signified
their co-operation. The work of the
Immigration Department in recent
years has proved that it is much easier
to get British boys than adults.
Every year, according to the British
census, 300,000 boys leave school.
Of this total about 100,000 endeavour
to obtain employment in industry
and the others continue their educa-
tion in the high schools. Each prov-
ince coming into the scheme must set
up and equip a training farm for the
boys. These farms are to be used as
assembly stations. The boys will be
gradually distributed among the farm-
ers, as opportunities occur. A boy
might be on a farm anywhere two
weeks to a year, depending upon his
aptness for farm work and the de-
mand from farmers.

Big Storm Sweeps Over Atlantic Seaboard Doing Damage

Motion for Government Sale of Liquor Lost Without Division

Robichaud of Clare Speaks in Support of Mahoney Resolution and Farnham of Digby Supports Premier's Amendment

Adopting without division the amendment to the resolution introduced by Mr. Mahoney of Halifax, the Legislature on Tuesday put an end to theories that Nova Scotia would have government control of liquor sales along the lines of the Quebec system. The premier's amendment read:

"That the Nova Scotia Temperance Act has been in force since the year 1910 and operating throughout the entire Province since the year 1916 and during that period presumably supported by public opinion."

"And whereas the electors have not had an opportunity of giving expression to their views regarding any change."

"Therefore resolved that in the opinion of this House no fundamental change in legislation concerning

the liquor traffic should be effected at present."

The Premier's amendment came as a surprise to the people not closely in touch with affairs at Halifax and the morning papers reporting the debate appear to think that a division of the House should have forced in order to align the representatives either for or against the measure.

Among those supporting Mr. Mahoney's resolution was Mr. Robichaud, member of the Municipality of Clare. His colleague, Mr. Farnham of Digby, spoke in support of the Premier's amendment.

Mr. Robichaud is reported as follows:

L. P. Robichaud believed that an honest attempt had been made by

continued on page 6

Board of Trade May Back Canning Factory Development

At the regular monthly meeting of the Digby Board of Trade, to be held in the Council Chamber of the Town Hall on Monday, March 7th, the Board's Executive Council will place before the members for general discussion and consideration a proposal to develop the canning industry in Digby. The proposal is to get behind the present preserving factory and provide capital for extension of the business to include the canning branch of the industry. Messrs Jack and Cardozo, manufacturers of the well known "Silver Tide" preserves, have been invited by the President of the Board to attend and assist with technical advice in the discussion of the subject, setting out its possibilities for development and the limitations which location and accessibility of raw materials and market will place upon the industry.

In the New Year's number of the Halifax Morning Chronicle a special article reviewing the possibilities of development of the Small fruits industry in Nova Scotia, set forth the possibilities and advantages of a preserving and canning factory as an adjunct to that branch of agriculture.

As a shipping point Digby is ideally located for the establishment of the industry proposed. The whole Annapolis Valley offers itself as a supply ground for small fruits and vegetables for canning and preserving and the Annapolis Basin and areas outside Digby Neck are an inexhaustible source of supply for scallops, clams, and fish. The equipment required for canning of small fruits and vegetables can be used for the fish canning and in this way the factory can be kept busy all the year round.

The present jam factory has established a connection that assures disposal of a greatly increased production of jams and fillings such as are now manufactured and the investigations of the Board of Trade Executive promise a satisfactory market for all the canned clams and scallops that can be produced. There are at present in Digby county four or five factories producing canned clams with a combined production of upwards of 15000 case per year, and the opinion of those interested is that the market for this product is practically unlimited.

Cleared for Nassau

The auxiliary schooner, Marion and Phyllis, commanded by Capt. Paddy Kirk of Halifax, which went ashore on Victoria Beach a month ago completed repairs this week and cleared for Nassau with a cargo of liquors.

The repairs to the vessel were made by George Nadeau, shipwright and included caulking of the seams strained by the gale, replacing of a new shoe, torn off when the vessel struck in shoal water off Point Prim and a new foresail, Jumbo and section in the jib. Captain Kirk called the work the "best he ever had done by a shipwright." Mr. Nadeau is one of the old school mariners, can make a sail, rig, caulk in fact do all that is required and is one of a fast decreasing class, the old time mariners who learned their calling in every department.

Few Lobsters Taken in First Days of Season

Not more than five hundred pounds of lobsters have been taken in the first days lobstering at Westport according to telephone advice received Wednesday night. North east wind prevented many fishermen from drawing their traps

Special Train To Kentville for Championship Fray

A special train will leave Digby at 4.30 tomorrow afternoon to run to Kentville for the play off game. Return Fare \$3.15. Special will leave for Digby after the game. Special train will also be run from Halifax

Local and Personal

There will be a St. Patrick's Supper in the Baptist Church Vestry on Wednesday evening, March 16th.

Miss Nina Hewitt, who is employed in one of the government departments at Halifax spent the week end with her mother, Mrs. D. J. Hewitt.

Miss Nancy Morehouse of Boston arrived home on Tuesday to visit her parents, Mr. and Mrs. Guy Morehouse.

CURTAIN MATERIALS at WRIGHT'S

Mrs. Stephen VanTassel and son Howard, who have been visiting in St. John returned to Digby on Monday. Mrs. VanTassel's daughter is seriously ill in the St. John Hospital.

NEW CRETONNES at WRIGHT'S

Mr. William Webber returned this week from a business trip to Halifax.

Mrs. F. K. Hayden left on Tuesday on a visit of several weeks to friends in Boston.

Harvey O'Neill, who has been fishing out of Yarmouth with Captain Wilby Ross on the Grace and Ruby, spent the week end at his home here. The last trip of the schooner stocked high finer of the halibut fleet, sharing upwards of ninety dollars per man.

CASEMENT CLOTHS at WRIGHT'S

Mrs. Arthur Casey left on Tuesday for Boston, called there by the serious illness of her daughter.

The ladies of the Baptist Church will hold their annual Garden Party on Tuesday, August 9th. The date is hereby reserved.

A week from tomorrow the ladies of the V. O. N. will hold an afternoon tea and pantry sale at the home of Mr. and Mrs. Lindsay Kirkpatrick, Hawthorne Villa, Queen Street.

SILK PANELS at WRIGHT'S

The Ladies Hospital Aid is making arrangements for a Benefit Bridge and Forty-fives to be held in the Court House on March 17th. Watch the Courier for further particulars next week.

Mrs. Ira Hersey, who with her son Rupert has been visiting relatives in Brockton, Mass. for the past two months returned this week to her home in Freeport.

Miss Josephine Baxter, daughter of Mr. and Mrs. Edward Baxter, who underwent a recent operation at the Digby General Hospital, has returned to her home in greatly improved health.

Mrs. Douglas Jones, of Edmonton, who has been the guest of Mr. Jones' father, Mr. Frank Jones, Warwick street, left on Tuesday for her home in Edmonton. Her sister-in-law, Mrs. H. Jones of Bear River was a guest of Mr. Jones over the week end, coming to bid her a bon voyage.

Elected by Acclamation

Henry Cossaboom, of Lake Midway, was the only candidate nominated to fill the vacancy in the Municipal Council of the District of Digby caused by the death of the late Warden Ingram Saunders, who represented the district of Sandy Cove. Mr. Cossaboom will be declared elected in due form.

Water Department Superintendent Draws Attention To Water Shortage

Deliberate wastage of water by householders letting taps run to prevent freezing in winter, and carelessness during the height of the summer season are main causes for a serious condition in the civic water supply according to the report of the superintendent of water services, Mr. Hayden, presented to the Council on Monday night. Mr. Hayden recommends the laying of a second six inch main from the supply point to the foot of King street at the Racquette. On forty four nights during the year it was necessary to have a man on special duty at the reservoir, operating the gate at the junction of Carleton and Sydney streets, and so turning the main into the reservoir at the golf links. In this manner it had been possible to prevent serious shortage in case of fire outbreak, but with increased consumption of water, through addition of household tap and bath room connections this makeshift emergency method will not be satisfactory and a serious shortage may result. Additions to the service during the year were: New connections 40. Bath room installations 50.

As an alternative to the new main Mr. Hayden suggests the possibility of driving artesian wells.

Sudden Death of Mrs. Haliburton Moore, Sister of Mrs. Aubrey Brown

Mrs. Haliburton Moore, formerly of Wolfville, first woman member of a Town Council in Nova Scotia and well known all over the Province, is dead in Virdee, Manitoba, and her daughter Mrs. P. H. Hamon, is seriously ill with pneumonia.

In company with her daughter and son-in-law and their child, Mrs. Moore left Nova Scotia recently for Virdee where Mr. Hamon had been transferred as manager of the Canadian Bank of Commerce. Mr. Hamon had been manager at Painsboro. Upon arrival in Virdee both ladies were stricken with pneumonia and Mrs. Moore passed away.

Mrs. Haliburton Moore was born in Kent Lodge, the house formerly occupied by the Duke of Kent during his stay in Wolfville. For many years she conducted this as an inn, catering in particular to the tourist trade, and she retired shortly before the war, a well to do woman.

She was Wolfville's foremost woman worker, she was President of the Red Cross, and helped in the Victory Loan in Wolfville. For three years she was convener of the Sir Robert Burden Chapter I. O. D. E. and was the first woman in Nova Scotia to be a member of a Town Council.

In 1920 Mrs. Moore was elected to the Wolfville Council and she served until 1922. For both years she was chairman of the School Board. She was a faithful member and an energetic worker in St. John's Church. A good platform speaker and a woman of ability, courage and initiative. She had one daughter, Helen who married F. H. Hamon, and who has one child. With a sister in Digby, Mrs. Aubrey Brown, this comprised Mrs. Moore's entire family.

Public Utilities Commission Hears Power Board Petition Today

Service to Residents of Deep Brook and Clementsport Hinges on Decision. 500 Horse Power Ready When Needed.

The sitting of the Public Utilities Commission adjourned from Tuesday to which was referred the application of the Digby County Power Board, for permission to extend their transmission service five miles beyond the Victoria Bridge, Bear River in response to petition of residents of Deep Brook and Clementsport for service from the Board, a hydro development at Upper Falls Sissiboo River, will be continued in Halifax on Friday morning. The Commission examined engineers of the Digby County Power Board relative to the service proposed and the cost of installation of necessary transmission and service lines, and has also heard evidence of the representative of the Maritime Electric Co., of Bridgetown, which company is opposing the granting of the authority asked.

The finding of the Commission in this matter is of vital importance to the petitioner residents of the villages to which the Power Board desires to extend their service, in that, upon that finding depends the inauguration of electric lighting service to these communities. A favorable consideration of the Power Board's request is looked for

on the ground that the extension of the Power Board's service to these communities will require the erection of only five miles of transmission and service line.

The Maritime Electric Company which also desires to enter this territory, will, in order to be in a position to furnish the service as asked of the Digby County Power Board for by the villages of Deep Brook and Clementsport, require to erect twenty-five miles of main transmission line and several miles of service lines in addition. In order to provide energy for this extension the Maritime Electric Company will also have to undertake further development of their storage areas and install new power units at their plant at Bridgetown, the whole requiring an estimated expenditure of one hundred thousand dollars.

Supply of electrical energy for power purposes to the Canadian Gypsum Company at their proposed plant at Pictou's Point, Deep Brook, does not enter into consideration in this application as the Gypsum Company has already signified its intention of accepting service from the Digby Power Board continued on last page

FRIDAY, MARCH 4, 1927

The Rights of The People

Application was made in the House of Assembly last week for authority for the Digby County Power Board to extend their lines beyond the Bear River Bridge, a distance of six miles or so, to make connection with the Canadian Gypsum Company site at Pinkney's Point and continue along to Deep Brook and Clementsport. By request of the government the matter was referred to the Public Utilities Commission. The government, with an overwhelming majority in the House, and, pledged, by the appointment of a special Minister for the Department of Natural Resources, to assist and aid the development of public utilities as publicly owned resources, passed the matter out of its control. The letter of the law said that the Utilities Commission could handle the matter, and the letter of the law was strictly adhered to.

One wonders: Is it that the politicians of some other country are more important than the people of Digby and the District to be served by the proposed extension? Or is it that the Maritime Electric Company, the company which opposed the granting of the legislation asked, has more claim upon the government than have the people of Digby.

Fine words about development of our natural resources do not mean a thing unless they are backed up by good actions and the system of passing over to the Board of Public Utilities a matter that involves the whole principal of Public ownership of the natural resources of this province is not calculated to inspire confidence in the government. It savors strongly of the monopolists who, we have been told, usurped the rights of the people for thirty odd years. There are such things as Maritime Rights and there are such things as the Rights of the People. What is right can wrong no man, and to turn over to a private corporation an advantage such as is in the service required by the Gypsum Company, a matter which is so important to the Digby County Power Board as to mean the difference between making expenses and operating at a loss, is an injustice.

The Gypsum Company, in its search for a site for new storage areas was guided by the necessity of electrical power for operation of the machinery required for unloading and for operating a grinding plant to be installed. Development of the Sissiboo hydro proposition seemed to provide this and the company was attracted to its present location at Pinkney's Point as much by the accessibility of power from the Digby County Power Board as by the suitability of the Annapolis Basin as a port. But for the activity of the Power Board residents of Deep Brook and its surroundings would have been compelled to wait many years for electricity, and it is on that basis that legislation was asked to approve the extension of the Power Board's lines.

To permit the Maritime Electric Company, or any other company, to profit by the work done by the power board is a breach of trust.

Schooner Ronald C. Longmire and Crew Saved by Cutter

Despatches from Portland Maine on Monday report the rescue from shipwreck of the Nova Scotia schooner Ronald C. Longmire and crew of six by the coast guard cutter Ossipee.

Advised by wireless of the schooner's plight the Ossipee on Saturday night stood by the schooner which was drifting towards the reefs on Wood Island, by the south east storm which swept the whole Atlantic coast. The Ossipee was unable to get a line on board the schooner on Saturday and stood by until Sunday when after many attempts a line was passed and the vessel taken in tow to Portland harbor.

The Ronald C. Longmire is commanded by Captain William Burns, and was bound from Boston to Digby with a cargo of fertilizer.

No Damage Done by Storm

Although reports from other parts of the province and from all down the Atlantic coast tell of damage done by the storm which swept over the whole east coast on Saturday, no damage is reported from Digby County. In Halifax traffic was tied up by the storm and vessels prevented from entering harbor by close packed slob ice obstructing the entrance.

Plough and flanger trains ordered out on the D.A.R. bucked drifts all day Sunday with such success that train service was operating on schedule on Monday.

New Street Lights on in Digby

On Friday the new circuit for the street lighting system was put over to connect with the present system and the lights turned on. Many compliments have been expressed upon the excellence of the service on Water Street, especially, and these are well deserved. The new diffusing globes, throw the light well across the street, and the seeming mistake of putting the lights on the water front side does not seem to have been so much of a one after all.

V.O.N.

The regular monthly meeting of the Victorian Order of Nurses will be held in the Court House Tuesday March 8th at 3 p.m.

A tea and pantry sale will be given at the home of Mrs. Kirkpatrick on Saturday afternoon March 12th.

Receipts of Valentine Tea at Mrs. Dexter's \$85.20.

Going Scallop

The Motor Yacht Pines, Captain Ern Ellis, which has been on the beach refitting and overhauling since December is again in the water, all rigged out for Spring. Captain Ellis is going scalloping with her. Good Luck, Captain!

Twenty-five Years Ago

The Pictou Advocate, in its column, "In 1902" records that on February 21st of that year Rev. C. M. Mack, now of Bear River, was installed as Worthy Patriarch of Mainmast Division, River John. Sons of Temperance, organized on that date by Grand Organizer W.R. Geldert.

Halifax, 11th February, 1927.

The Heavenly Land

"And the gates shall not be shut at all by day, for there shall be no night there." E. C. B.

Oh, glorious thought, no fearsome night Shall thrust itself upon our sight; For was it not revealed to John On Isle of Patmos by God's son, And He by vision there was shown That God himself was Light.

No need of sun or moon to shine, The Lamb of God is light divine; The gates shall not be shut, by day, For they stand open every way, And all can enter, come who may, Who call the Saviour mine.

No sin is there, nothing to dole, To draw out thoughts from Christ the whole; Who saved us by His precious blood When we had wandered far from God And fed us with that Heavenly food, We who are sinners vile.

No sun to smite, no winter's cold, Within the streets are paved with gold; And there we bathe in heavenly streams, And bask within its sunny beams, The Tree of Life with healing tears, And none therein grow old.

No night is there, what wondrous thought Is to our waking vision brought; And the redeemed there in shall stand From every nation, clime and land, A happy, happy heavenly band, Who have their Saviour sought.

MARRIAGES

CARLSON—PECK

A quiet but pretty wedding took place at the Congregational church Tuesday evening, Feb. 22, when the Rev. Charles Madsen united together in Holy Matrimony, Ethel Louise Peck, eldest daughter of Mr. and Mrs. Fred Emmons Peck formerly of Digby and Iver E. Carlson, son of Capt. and Mrs. Iver Carlson of Gloucester, Mass. The bride was very daintily attired in a costume of old rose silk trimmed with sand, her hat being of the same shade.

After the ceremony a reception was held at the home of the bride's parents, 5 Maple St. Mr. and Mrs. Carlson Jr. will go to their new home, Maplewood Ave. which has been beautifully furnished by the groom's father. The bride is very popular in Gloucester, she being Secretary of Gloucester High.

Obituary

ARCHIE E. COMEAU

Archie E. Comeau 49 years of age, a resident of Sagamore street Hamilton, passed away at the Cable Memorial hospital, Ipswich, on Thursday last, having been a pneumonia patient there for the past two weeks.

The deceased was a native of Digby, N. S., being the son of Eli and Matilda (D'Ambrose) Comeau. He married Florence A. Comeau of Gloucester city, by whom he is survived, with six sons, Roland, Charles, Harold, Marvin, Gordon and Melvin Comeau. He also leaves two brothers, Peter Comeau, of South Essex and Stephen Comeau of Lowell, as well as three sisters, Mrs. Mary Thibedeau and Mrs. Elizabeth Holden, of Lynn, and Mrs. Eliza Theriault, of Digby, N.S.

The funeral was held Monday morning at 9 o'clock, where a requiem high mass was celebrated at the Chapel of St. John the Baptist, Essex. Interment was held at Spring street cemetery, Essex—Gloucester Times.

Died at Age of Ninety Seven

On Thursday morning at Barton less than a fortnight from his ninety seventh birthday Captain Jones Morehouse of Barton, retired Master Mariner, sailed for his last port under orders from the Supreme Commander. Friends of his boyhood, friends of his later years, neighbors and acquaintances on Sunday paid last tributes of respect to a faithful friend and citizen. Rev. A. G. Pentz, of the United Church officiated at the funeral services and interment was in the United Church Cemetery.

Capt. Morehouse, whose grandfather was a United Empire Loyalist, was born at Sandy Cove, Digby by Co., March 7th, 1830. He followed the sea from a very early age and was a Master Mariner at twenty-one. He retired from the sea at the age of forty and engaged in Mercantile business and built a vessel, the "Water Lily". Some time later he built the schooner "Princess" and others, he also engaged in the lumber, wood and piling business for many years until the World War when he retired from active business and his son, J. Almon Morehouse, carried it on. Although Captain Morehouse had been in failing health this winter he did not give up until last Tuesday. From then on he failed very rapidly. He leaves one son, J. Almon Morehouse, of Brighton, four grandchildren, Miss Norma Morehouse of Mt. Pler, Vermont; Miss Grace McKay of Lake Umbagog, N. Y. Daniel McKay of New York and Ralph McKay of Boston; also one great grandchild, the little son of Mr. and Mrs. Daniel McKay, New York. His wife and a daughter, Mrs. S. McKay predeceased him some years ago.

Is there anything quite so good as a good cup of tea when the time is tired, and particularly if it is MORSE'S TEA. MORSE'S TEA is a reviver, it goes to the right spot instantly. If you have any doubt of this, try a freshly brewed cup of it the next time you are tired. You will have no doubts after that.

A Great Night's Sport

A special train load of hockey fans came down from Annapolis on Thursday last bringing two teams, the seniors and the ladies, for a return engagement with the Red Ravens and the Wrens. Unloading at the Mill siding the fans made direct for the rink where preparations had been made for a great time for all. The seniors clashed first, the Ravens winning by a score of five goals to nothing. Then the ladies took a hand and the Annes showed their brothers what hockey looked like, clipping the Wrens' leathers 5-0. That made it even, five goals for each town, and the fun adjourned to the dancing floor. At dancing the towns played a tie game but the visitors were given the "edge" required by hospitality in the eating session.

Taking it all round it was a great evening, helped make the winter short and helped to promote sport. Nothing could do more, and there is to say is 'Come again next year, and bring your gang.'

OUR DIAMOND JUBILEE

The sixtieth anniversary of Confederation is to be celebrated in a national way throughout the Dominion this year. It is expected that next summer the Prince of Wales and Premier Stanley Baldwin will come to Canada to take part in the celebrations. While pagantry feasting the most interesting historical incidents connected with Confederation will be prominent on the general program, the rapid growth and development of the country in the past 60 years will also be emphasized. In 1876 Canada was little known and was regarded as a remote and unpromising territory. Since then it has become one of the most prosperous of all countries. It is now the largest wheat exporting country in the world and one of the chief sources of the world's food supply. Its foreign trade amounts to over \$2,324,000,000 a year, and the national wealth is estimated at \$2,200 per capita.

BUMPER WHEAT CROP

Ottawa, Canada.—Final computation of the 1926 wheat production in Canada shows the total yield was 406,369,000 bushels, or 22,768,445 acres, compared with 411,375,700 bushels from 21,972,732 acres in 1925. Last year's crop was the third largest on record, the largest being in 1923 when it was 474,199,000 bushels. The average yield per acre in Canada for all wheat in 1926 was 17.8 bushels, as compared with 15.7 bushels in the annual average for the four years 1922-26. For fall wheat the average yield per acre in 1926 was 25.5 bushels, as compared with 20 bushels in 1925 and 25.7 bushels the four year average. For spring wheat the average for 1926 was 17.5 bushels as compared with 18.3 bushels in 1925 and 17.2 bushels the four year average.

ROMAN FORUM EXCAVATED IN ENGLAND

A party of English archaeologists on excavation work outside the town of Wroxeter, England, on what was supposed to be the site of the ancient Roman town of Uricionum, uncovered the largest Roman building yet to be discovered in Britain. A shattered tablet near the entrance revealed the fact that it was the forum or market place erected by Emperor Hadrian in A. D. 130. Many other buildings have been unearthed, and all show indications that the city of Uricionum was destroyed by fire; the bricks of the ancient wall were blackened and charred.

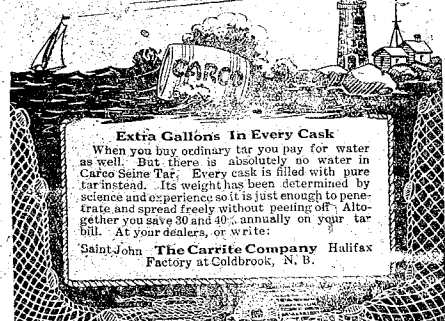

SANTA REACHES LONELY ISLE

In the north of Scotland there is a lonely island in the outer Hebrides called Kilda, where a small community live isolated from the world. There was much rejoicing on this island last week-end when the boat carrying their Christmas mail arrived; the first boat to call there for three months. Men, women and children swarmed from their cottages to the beach and launched the worn-out lifeboat given them for such occasions years ago, and scrambled aboard the vessel begging for tobacco and such like comforts from the crew. They were bitterly disappointed to find they could only procure a small quantity of paraffin and some potatoes.

When you serve RED ROSE ORANGE PEKOE to your family you are giving them the best tea you can buy.

The TAR That Never Fails

Extra Gallons in Every Cask

When you buy ordinary tar you pay for water as well. But there is absolutely no water in Carbo Seine Tar. Every cask is filled with pure tar instead. Its weight has been determined by science and experience so it is just enough to penetrate and spread freely without peeling off. Altogether you save 30 and 40% annually on your tar bill. The W.C.T.U. met with Mrs. F. H. Lent on Wednesday.

On Monday evening a Basket Social was held in the Guild Hall in aid of St. Peter's Sunday School. The sum of \$19.32 was realized.

Mrs. Arnold Lent entertained the Pathfinders Group of the C. G. I. T. on Friday evening.

Mr. Green, of St. John, is a guest at the home of Capt. Arthur Moore.

A number of people from here attended the anniversary service in the United Church in Weymouth on Sunday.

Mrs. George Doty, of Ashmore, is visiting her daughter, Mrs. G. L. Coggins.

Sorry to report Mrs. Baxter ill with LaGrippe at time of writing.

A Chance For Swimmers

Wm. Wrigley Jr., the owner of the \$25,000 prize for the swim from Catalina Island to the California mainland, was by George Young of Toronto, in 15 hours, 46 minutes, announces that George Young is prepared to meet all comers to defend his title of champion long distance swimmer of the world for any distance from twenty to thirty miles, and offers \$25,000 toward a purse of \$50,000 for the winner. The swim is to be open to all comers and to be held by a responsible organization who will provide observers and accompanying ships to assure fairness, to all and the safety of the contestants, the same as the recent Wrigley Ocean Marathon was conducted.

George Young and his trainer, Harry O'Byrne, and manager, Ralph Levy, being on an exhibition tour, offers should be addressed Mr. Wrigley's representative, S.O. Stewart, Wrigley Building, Chicago.

Tentative offers make it seem probable that the swim will take place the latter part of August.

Obituary

MRS. MARY JANE HAMILTON

Mrs. Mary Jane Hamilton widow of Aca Hamilton passed away on Feb. 22nd at the home of Mrs. James Rosencrans, Waldeck West, where she has lived for three months since the death of her daughter Mrs. Wm. Cress. She was 84 years old Feb. 4th. She has been bothered a number of years with asthma but was bright and active until a few weeks ago when her friends could see her mind wandering. Dr. Campbell was called but there was nothing could be done. On Monday she seemed to failing so fast that her daughters who reside in the United States were sent for and all that kind friends could do was done but when they arrived the Mother that they loved had passed away. The deceased has been living here for six years where she has endeared herself to all and was grandmothers to young and old alike.

She was twice married, her first husband being the late Sidney Bent Phineys Cove where she has many relatives and friends she is survived by two daughters, Mrs. Charles Williamson, Brockton, Mass., Mrs. L. W. Burns, Nantasket, Mass., two sons Howard Bent, Keene, N. H., Archie Bent, Portsmouth, N. H., one brother, Charles Hudson, West Lynn, Mass., and a number of grand and great grandchildren who mourn the loss of a loving mother.

Owing to the serious illness of Mr. Rosencrans the body was removed to her former home where on Thursday Feb. 24th, a number of relatives and friends met with the two daughters to pay the last tribute of respect to one they loved. The service was conducted by Rev. Mr. Durkee, Clementsvale. He spoke from Job, 5th, chapter and 26th, verse. The hymns sang were Safe in the arms of Jesus, The great Judgment Morning, Nearer my God to Thee. The burial was at Clementsval. The floral tributes were many including a large bunch of Lilies and a wreath from Wm. Cress and daughter, Boston. We extend our sympathy to the sorrowing ones.

JANIE MELANSON

The death occurred at Plympton at the home of her parents on Friday, February 25th of Janie Melanson, aged 16 years and 10 months of that dread disease, consumption.

She had been confined to her bed for seven months, but bore her suffering with great patience. She leaves to mourn her loss a loving mother and father, one brother, Guss at home and three sisters, Mrs. Almon Spaulding of Lynn, Mass., Marie and Agnes at home.

The funeral took place Sunday afternoon at 2:30 o'clock with interment in Holy Cross Cemetery. Services were conducted by Rev. J. M. Doucet.

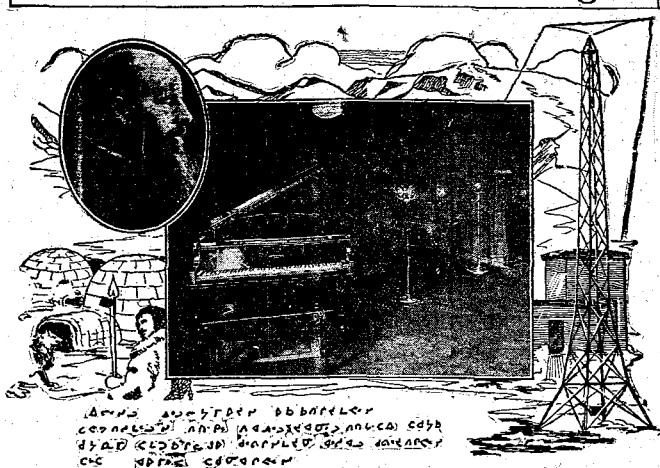

Gone dear Janie, gone for ever How we miss your smiling face. But you left us to remember None on earth can take your place.

A happy home we once enjoyed, How sweet the memory still, But death has left loneliness The world can never fill.

A Visitor In Digby

Mr. C. C. Nichols, Funeral Director, of Weymouth, was a visitor in Digby on Tuesday, returning to Weymouth on the afternoon train.

First Broadcast in Eskimo Tongue

"ATATAPSI, Isikararubuk ok'arkattirngimasi tawa," may appear merely a typographical jumble, but if given the phonetic values of the French alphabet these groups of letters take on meaning which render them quite clear to the Eskimo inhabitants of Chesterfield Inlet, Baffin Island and other territory approaching and within the Arctic Circle. To the natives in the District of Keewatin and bordering the western shores of Hudson Bay these phonetic sounds would tell them that they were being addressed by their "Father, the High Priest," in other words, Mr. Arsene Turquell, of the Order of the Oblates of Mary Immaculate, and Apostolic Prefect of Hudson Bay.

These phonetic groups form part of the message in syllabic characters shown above which is the written language understood by the Eskimo and Indian peoples in the northern parts of the Dominion.

The message was broadcast by Mr. Turquell from CNRO, the Ottawa station of the Canadian National Railways, Radio Department, and being transmitted in the Eskimo tongue was the first occasion on which that language had been used in a broadcast. At the same time, the prelate spoke in French, then in English, so that all listeners might understand what was being said.

Neither Eskimo nor Indian possessed a written language before the advent of the white man, although the Indians had a picture language, which is rather different. A white man invented a written language, first used by the Cree, then adopted by missionaries of various religious beliefs, until today it is in general use. This written language has been pictorially termed "Birch bark talking," due to the use of bark and burnt stick in the early stages of its development.

The syllabic characters are the invention of James Evans, an Englishman who landed in Canada in 1823. Son of a sea captain who had remained long aloft owing to the Napoleonic wars, young Evans acquired a tongue schooling than usual, during which time he displayed a remarkable aptitude for history and languages. After his arrival in Canada, Mr. Evans obtained employment as a school teacher and, in course of time, served at various places in Ontario and ultimately advanced to missionary service in the Methodist Church. Mr. Evans encountered many language difficulties when he worked among the aborigines and he set to work to devise a means of establishing communication on a more general scale than the possible.

Westport

The men are very busy getting their lobster traps set for the lobster season.

Capt. George Denton has returned from the United States.

M. Outbange of Portlandland arrived Monday to fish with his uncle, Fred Gowen.

Eldridge McDormand has gone to Sanford.

Mr. and Mrs. D. B. Kenney spent the week end in Yarmouth.

Mrs. George St. Clair entertained a few of her friends Thursday evening. Also Mrs. Clara Morehouse on Thursday evening.

The Oddfellows held their annual supper in the I. O. O. F. hall Friday evening. After partaking of a bountiful supper, the Rebekahs entertained with the following programme.

Chorus—Good Oldfellows, Maple Leaf.
Piano duet—Frances Bailey, Esther Buckman.
Reading—Winifred Denton.

Duet—Inez Moore, Gerald Bailey.
Trio—Lenna Welch, Frances Bailey, and Frank Shaw.

Reading—Edna Bailey Gower.
Hawking contest—Marguerite McDormand, Inez Thompson, Esther Buckman.
Chorus—Juanaita.

Duet—Marguerite McDormand, Gertrude Bailey.
Reading—Georgia Gillett.

Duet—Reta Bowers, Walter Titus.
Piano and violin duet—Grace and Leona Welch.

Reading—Mary Morehouse.
Solo—Edgar McDormand.
Duet—Christie Thompson, Blanch Cousins.

Solo—H. H. Phinney.
Piano duet—Edna Bowers, Frances Bailey.

Bass solo—Frank Shaw.
Piano and violin duet—Frances Bailey, Lenna Welch.

Short speeches were then made by Rev. A. Stott, Ralph Morell, singing God Save the King brought the programme to a close.

A large number were present and every one had a jolly time. Noble Grand, Gertrude Titus on behalf of Sunset Rebekah Lodge No. 98, extended a vote of thanks to Juanaita Lodge for their invitation to the supper and to put on the entertainment.

Fire for catarrh when melted in a spoon or sniffed up the nose. Vicks VapoRub vapors inhaled.

Head and Chest Colds Relieved in a New Way

A Salve which Relieves Medicated Vapors when Applied Over Throat and Chest.

Inhaled as a vapor and, at the same time absorbed through the skin like a liniment, Vicks VapoRub reaches immediately inflamed, congested air passages. This is the modern direct treatment for all cold troubles that is proving so popular in Canada and the States where over 17 million jars are now used yearly. Splendid for sore throat, tonsillitis, bronchitis, croup, head and chest colds, catarrh, asthma or hay fever. Just rub Vicks over throat and chest and inhale the medicated vapor. It quickly loosens up a cold.

VICKS VAPORUB
Over 21 Million Jars Used Yearly

Culloden

Congratulations to Mr. and Mrs. John Daboy on the arrival of a son Feb. 25th.

Weston Crawford and James Trohon of Digby spent one day last week with Mr. and Mrs. Wilfred Murphy.

Miss Louise Handsaker of Digby spent week end with her parents, Mr. and Mrs. Wallace Handsaker.

George Bain of Saint John spent a few days recently with his wife here.

Verning Handsaker of Mount Pleasant spent Monday with Mr. and Mrs. Burton Stark.

Mrs. Howard Daley spent Sunday with her sister, Mrs. Burket O'Neil, Mount Pleasant.

The death of Mr. John Bain, one of the oldest residents of this place occurred on Friday, 26th at the age of 90 years. The funeral was on Monday with a large attendance.

Transferred to New Glasgow

Mr. R. F. Neiley, of the Bank of Nova Scotia staff, at Digby, who has been attached to this branch for the past ten months, has been transferred to the New Glasgow branch of the bank and left on Wednesday to take up his new duties. Mr. Ruggie has been appointed to Mr. Neiley's position in the cash cage.

Acaciaville

Miss Florence Marshall, who has been spending some time in Needham and other places in Massachusetts returned home on Tuesday.

W. A. Bacon made a short trip to Granville this week.

B. M. Goldsmith spent a few days in Annapolis this week.

Miss Nettie Warne spent a week in Digby the guest of Miss Dora Warne.

The Young folks enjoyed a sleigh party to Digby on Tuesday night and attended the hockey game at the rink.

Back From New York

Mr. William Agate, proprietor of the Waverly, returned on Monday from a fortnight's visit to his daughter, Miss Emily Agate, of the Royal Bank of Canada staff in New York. Mr. Agate arrived in Saint John on Saturday and came over on Monday's boat. He certainly looks as though he enjoyed himself and about the first of the tourist season we will be looking for new things in the way of catering at the Waverly. Perhaps an orchestra for dancing between courses at dinner.

Assessment Appeal Board Grants Exemption

The report of the Assessment Appeal Board presented to the Town Council at their meeting on Monday night was approved as read. The Board considered appeals and dealt with them as follows:

Dr. Victor G. Turnbull, Income assessment reduced \$400 to \$100.

C. Edelson, Assessment on property reduced from \$1800 to \$1600.

B. W. Tobin striking out assessment of income \$500.

Bernard Chisholm Assessment of \$300 on income struck out.

—000—

Leaving for Paris on Monday

Mr. Louis Stehelin, of Weymouth leaves on Monday on a trip to the Old Country where he will visit his former home in France. Mr. Stehelin had planned to leave about the middle of February, but changed his plans to make the trip in March.

"If they can pitch ball as well as they can snowball, they would be some team; they sure can send some stingers," was the comment of one of the Calgary Scouts as he dug himself out of a concentrated volley of snowballs that the Westminster Scouts had placed on various parts of his body and face, when the Calgary boys tried to enfilade the choristers in a snow battle staged near the C.P.R. station. It was the culmination of a program arranged for the Scout choristers during the visit to Calgary recently of the Westminster Boys' Choir.

A Pebble was the Cave Man's Candy!

It kept his mouth moist and fresh on his hot, rocky road. Calling on his sweetie, he took her a smooth, white stone!

Today, to make a lasting, satisfying impression, take her Wrigley's.

After Every Meal After Smoking Too!

RED PEPPER HEAT STOPS BACKACHE

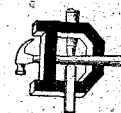

The heat of red peppers takes the "ouch" from a sore, lame back. It can not hurt you, and it certainly ends the torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

Our Rummage Table Is Well Worth Looking Over

Chronic constipation conquered by Nujol treatment, said doctors

WE asked leading doctors all over the country how they treated chronic cases of constipation. 80.7% said they recommended the Nujol type of treatment.

Here is a typical answer taken at random from hundreds of interviews: "Where hard, dry impacted conditions are present as in chronic constipation Nujol type of treatment is especially successful. Laxatives and cathartics do not tend to correct the causes of constipation. In their place I recommend an intestinal lubricant in all obstinate cases."

Doctors Advise Nujol

Nine doctors out of every ten told us they were advising the Nujol type of treatment for their patients in place of laxatives—and for these reasons: 1. Nujol is not habit-forming. 2. A more natural method. 3. A lubricant is better than a laxative. 4. Does not gripe. 5. Is not irritating, and 6. Nujol gives lasting relief.

Unlike Laxatives

Laxatives and cathartics act by irritating the intestinal tract. They cause

the bowels to frantically expel the contents of the intestines and thus rid the system of the drugs that pills and potions contain.

Nujol acts entirely differently. It contains no drugs, no medicine. Its action is mechanical. It merely softens the dried waste matter in the intestines and lubricates the passage so that the muscles of the bowels can propel the waste matter regularly, naturally and thoroughly.

Nature-given Remedy
Nujol appeals to the medical man because it is a simple, scientific and safe remedy for constipation, no matter how severe the case may be. It is gentle in its action and pleasant to take. Children love it!

Get a bottle of Nujol from your druggist today. Doctors advise it for constipation, whether chronic or temporary. Avoid substitutes.

Nujol

For Constipation

You cannot be sure of your baking unless you are sure of your flour

Quaker Flour
Always the Same Always the Best

Always bakes the same. Tested every day in our own "home-baking" kitchen. Money back if Quaker Flour gives you trouble.

Housewives Rely on "SALADA" TEA

Its goodness never fails. Ask for it.

MAY ABOLISH SPEED LIMITS

A bill has been drawn up by Colonel Wilfred Ashley, British Minister of Transport, which calls for the abolition of all speed limits for motor cars in England. He intends to introduce this bill to the Government at the Spring session. The theory behind the removal of the speed limit is that no one obeys the present 20-mile-an-hour rule, and Colonel Ashley will ask that more drastic penalties for dangerous and reckless driving be imposed.

IMMIGRATION FIGURES

Immigrants to Canada for the year 1926 numbered 135,934, compared with

\$4,907 for 1922, an increase of sixty per cent. The number from Britain was 48,819; from the United States 20,944, and from other countries, 66,171.

EX-LIEUT-GOVERNOR FETED

The greatest public dinner in the history of Canada was tendered to Colonel Harry Cockshutt in the Collins, Toronto, this week, when two thousand men representing all municipalities and interests in Ontario attended. The function was in recognition of Mr. Cockshutt's satisfactory regime as Lieut-Governor of Ontario for the past five years. A presentation contributed to by Ontario generally will be made to him on February 15th.

KEEPS THE FACE YOUNG

Wrong shaving harms and ages the skin

HOW do some men keep looking so young and fresh these days? CORRECT SHAVING—that's the answer—the super keen edge of the Valet AutoStrop blade has done this, and made the daily shave a pleasure.

Stopped in a jiffy without removing a single part—you will use the same blade over and over—a real man's razor resharpened to the finest degree, cutting keen and quick.

Deep Brook

Mrs. Wm. McFadden of Clemensport Heights is a guest at the home of her daughter, Mrs. Carl Nichols for a few weeks.

Mrs. J. R. Dittmars returned home last week from Halifax where she had accompanied her mother, Mrs. E. Milner who is making a good recovery from her recent operation at the V. G. Hospital.

Mrs. B. H. A. Rice spent a few days of last week in Truro, called there by the illness of her daughter Irma, who is attending Normal College.

Rev. Frank Smith preached his farewell sermon on Sunday, Feb. 27th. A large congregation was present considering the very heavy walking.

Mrs. J. W. Dittmars with her two grandchildren Elsie and Eric Benson, have returned to their bungalow for the summer months.

At the Baptist Hall on Wednesday evening Feb. 16th a very pleasant community social was held when Rev. and Mrs. Frank Smith, who are soon leaving for Aylesford, were guests of honor. After an hour spent in games a short programme followed, consisting of two well rendered numbers under the direction of Eva Mullock, by the pupils of the school, two readings by Mrs. Bessie McBride and several selections by the choir, after which the treasurer, J. R. Berry, called Mr. and Mrs. Smith to the platform and in a few well-chosen words in behalf of the Church and congregation presented them with a gift of money.

TWO BRITISH EMPIRE PREMIERS VISIT CANADA

As the Australian Premier, Stanley M. Bruce, left Vancouver for his New Zealand Premier, J. C. Coates, arrived at Montreal on the first stage of his journey home from the Imperial Conference. The coming of these two influential representatives of two great nations of the British Empire is of great importance to Canada. Both these ministers showed by their various speeches that they were unanimous that the Dominion should be their full share of the cost of the Imperial defence, if they wish to occupy an equal position with Great Britain; otherwise they must accept a position of national inferiority. Premier Bruce, in his speech at Vancouver, stated that Canada must buy more Australian goods, or the preferential trade treaty between the two countries could not be continued. There was great opposition to this treaty in Australia, because Canada was importing a far larger proportion of goods into that country than Australia was shipping to Canada.

NEW SETTLERS FOR CANADA

With the approach of Spring and the season of emigration, British papers are discussing Canada as the land of opportunity. According to the Times, this is an important year in the development of Canada, for it will see celebrations throughout the Dominion of the diamond jubilee of the Confederation at a time when many factors indicate the great prosperity of the country. The Telegraph says: "Steps are being taken to move over to this Atlantic from this country no fewer than 3,000 families, who will travel at what are, in the light of normal charges, ridiculously low fares. The fare to Halifax, St. John, or Quebec, is only \$10, with a higher charge, of course, for Winnipeg, Calgary, and other inland towns, and children under seventeen years of age are carried free. These offers, of the co-operation of the Government of this country with that of Canada, and the support of the shipping and rail way companies have made possible, constitute a triumph in concerted action for the encouragement of migration."

EX-ARMY MAN SAYS IT IS TRUE

NOTHING LIKE "FRUIT-A-LIVES" FOR CONSTIPATION

MR. E. E. NEWMAN.

Even the most severe cases of constipation yield to "Fruit-a-lives". Witness this letter by Mr. E. E. Newman, Iowa Station, Ontario:

"Ever since leaving the army I suffered terribly from constipation. After spending a great deal of money on other remedies, I took 'Fruit-a-lives'. I can sincerely say it gave me permanent relief. I often thought tomorrow was mine. I will gladly assure anyone writing me that 'Fruit-a-lives' are all they are claimed to be."

"Fruit-a-lives" goes right back to nature. Apples, oranges, prunes and figs give to it their fresh juices which are intensified and blended with tonics. Consequently, the action of "Fruit-a-lives" is naturally corrective and strengthening. It is a positive remedy for poorly functioning stomach, kidneys and bowels. This day a box of "Fruit-a-lives" will sell, well, vigorous, again. 25c and 50c everywhere.

Navigable Waters Protection Act

R. S. C. Chapter 115

CANADIAN GYPSUM COMPANY LIMITED hereby gives notice that it has, under Section 7 of the said Act, deposited a plan of the proposed works at the mouth of the River of the County of Annapolis in the Province of Nova Scotia a description of the site and the plans of a wharf and of a breakwater at Pinkney's Point, Bear River, in the County of Annapolis, proposed to be built in the Annapolis Basin at Pinkney's Point aforesaid in front of a lot of land at Pinkney's Point, Bear River in the County of Annapolis bounded and described as follows:

All that certain lot and piece and parcel of land situated at Deep Brook aforesaid and bounded and described as follows: Com.encing at that point on the Northwesterly side of the right of way occupied and operated by the Dominion Atlantic Railway Company where the Northwesterly line of lands of the Estate of J. D. Spurr deceased intersects the said right of way at the Railway fence, thence following the Northwesterly side line of the said Railway Right of Way in Northwesterly direction along the several courses thereof to land of one Dittmars thence North two degrees Eleven minutes East to low water mark, in the Digby Harbour, thence in a West-northwesterly direction along low water mark, the several courses thereof to the Northwesterly line of lands of one Alice C. Smythe, thence South forty eight degrees fifty eight Minutes East along the said line and the easterly line of lands of the said estate of the said J. D. Spurr deceased, to the right of way of the Dominion Atlantic Railway Company at the place of beginning and containing FIFTY TWO ACRES of upland and THIRTY TWO ACRES of Water lot more or less.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, the CANADIAN GYPSUM COMPANY LIMITED will, under Section 7 of the said Act apply to the Minister of Public Works at his office in the City of Ottawa, for approval of the said site and plans and for leave to construct the said wharf and breakwater.

DATED at Windsor this 25th day of February A. D. 1927.

CANADIAN GYPSUM COMPANY LIMITED.

MEMORIAL

In memory of Mattress Raymond who died March 9 1926.

Dearest the days are long and dull
The night with sorrow chill
No sun can shine again for me
While you are cold and still
The knife of death has torn my heart
And naught but time can heal
I long for you from dawn until
Night shadows downward stall.

Dearest the nights are lone
My heart cries out for you
My sobbing fills the great house
And haunts the daytime too
Oh, what are earthly pleasures now
For I no joy can know
No flower can bloom again for me
Because I wait you so.

But hush, what message of love is this
Across the line you bring
It comforts this bleaching heart of mine.
Blessed are they that mourn
The Saviour words to me they seem
Good omens of a coming day
When we dear heart will meet again.
And ever together stay.

Inserted by wife and family.

In loving memory of Maynard G. Turnbull, who passed away March 17 1926.

We miss thee from our home dear
We miss thee from the place
As shadows o'er our life is cast
We miss the sunshine of thy face
We miss thy kind and willing hand
Thy fond and earnest care
Our home is dear without thee
We miss thee everywhere.

MODERN TENDENCY OF LIBERTY For Women.

"This is the day of woman's liberty, but she is in great danger of letting her liberty go to her head. Many young women seem to think that by aping men they are asserting their right to liberty. They want the best of both worlds. They want to be like men, till you have to look twice to see whether they are girls or boys. But a reaction is coming. Men don't want women imitating them. I have been in restaurants where most of the smoking was done by women; the men had quit, because the women have taken it up."

These were among the outspoken opinions of Mrs. Virginia Booth Dunsmuir, granddaughter of the late General Booth, in an address to women in St. James' United Church recently. The church was filled with girls and women of all ages, every seat in the galleries and choir, as well as the body of the church being occupied. The subject announced was "Love and Marriage," but the address dealt with various phases of modern life as well, using many illustrative anecdotes "not only out but out of life," to point the moral.

The kind of woman who lavishes her affection on dogs instead of children was scored. "God has blessed you with a child of your own, there are hundreds of children waiting to be mothered and made happy. Don't cuddle a puppy, and avoid little blankets for it, while there are children in need of love and care."

From the application that followed was evident, a sick expression of the sentiments of many of the women present.

Talking of the temptations that come to the beautiful, Mrs. Dunsmuir advised mothers of pretty daughters to impress on them the responsibility of their beauty, and to avoid the means of either lifting up or dragging down men morally. Many a great man confessed to the influence of a good woman in his life. "It is a time when women should come forward as never before and put their powers and influence at the service of purity and righteousness," the preacher declared.

Extreme styles in the clothes of today were condemned. "God has made up" and immoderate behavior. Dress was not a matter to be considered lightly, because of its influence.

The question of flirtation, Mrs. Dunsmuir thought, was not taken sufficiently seriously. She said flirtation is a sin, because it creates love and marriage, and destroys man's regard for womanhood.

Modern dancing was severely condemned. "I hate the modern dance because it breaks down God-made barriers," Mrs. Dunsmuir declared. "It is about time that goes with the dance that is so destructive. It is about time Christian womanhood rose in protest against the modern dances."

Mrs. Dunsmuir urged girls not to be led into doing things against their better instincts through the fear of being unpopular. When "the right man" came along they would be glad they had not indulged in flirtations and petting parties.

MIXED FARMING IN WEST

The growing of mixed crops of dairy and grain in Western Canada in recent years has been phenomenal. In 1900 the total output of butter was 100,000,000 pounds. In 1920 it was 3,000,000,000 pounds. By 1920 it is expected the production will reach 100,000,000,000 pounds. The Canadian prairie has realized that wheat-farming alone is not as profitable as mixed farming and endures the trenchant remarks of George S. Spencer, M.P. for Maple Creek, Saskatchewan, who said recently, "God pity the cowless, sowless, henless farm."

She Suffered Severely With Pains In Her Back

What Mrs. A. T. Bond Says of Dodd's Kidney Pills.

Nova Scotia Lady is very Entitled to Ask Dodd's Kidney Pills. Rosalind Gold Mines, N. S., Feb. 28th (Special)

"I suffered severely with pains in my back," writes Mrs. A. T. Bond. "Someone advised me to take Dodd's Kidney Pills. They helped me, so I continued taking them and now always keep them in the house. My husband suffered a great deal with rheumatism; and whenever he feels a bad attack coming on he takes a few, and finds they give him untold relief."

Winter is the season of ill health. Your resistance is lowered through cold, and cold chills enter your system. Unless you keep your vitality up to "concert pitch" you will surely fall an easy victim to Rheumatism, Grippe, or General Debility. Take Dodd's Kidney Pills and safeguard your stamina. By toning up the system and revitalizing the kidney, your body is kept healthy and able to withstand the attacks of what may be serious ailments if neglected.

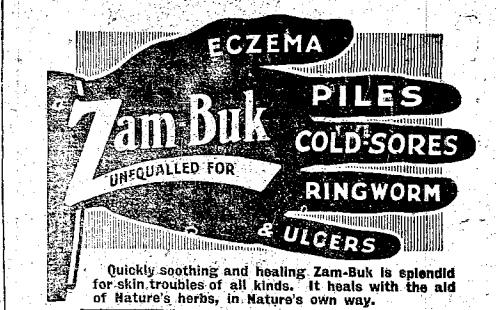

Lot's of Eggs

Don't be too easy on your hens. Make them lay more eggs. They will, if you give them a daily dose of Pratt's Poultry Regulator. It's the best feed. Lots of Eggs—GREATLY INCREASED—more money for you.

The Lobster Canning Industry

Lobster canning was the subject of an address given at the school of fisheries in Halifax last week by R. H. Williams, of the Stimpson Roberts, lobster cannery. In his address, Mr. Williams traced the history of the preservation of food from the Israelites to the present day, and asserted that while we have been the war for many things, there was one thing that it could be given credit for and that was the impetus that such conflicts had given the canning trade, and the food preserving industry generally, as the troops had to be fed, and in most cases the food held for some time before it reached the ultimate consumer. In the lobster canning trade there were two things to be watched, care and cleanliness, and if these two things were watched the shipper would have compliance with the said Order has now applied for a Citation requiring you the above named heirs next of kin and devisees to appear at the Probate Court at Digby, on Tuesday the twelfth day of April, A. D. 1927, at the hour of eleven o'clock in the forenoon, when the said Isaac H. LeBlanc executor as aforesaid, will proceed to prove in solemn form of law the Will of said Peter U. Gaudet deceased, which was admitted to Probate in common form in the Probate Office at Digby aforesaid on the 26th day of November, A. D. 1925.

Speaking of the history of the industry Mr. Williams drew attention to its early beginnings, and said, "Impetus was given by the war, to which many of us attribute most of our woes, and very few give any credit for blessings. It was in order to feed the soldiers during their campaigns, and perhaps more especially upon such forced marches as Napoleon attempted towards Moscow, that the prize was offered. It was also because of its naval problems, and the need for storing food supplies in an island that Great Britain took up the new industry and fostered it with such avidity."

Mr. Williams then told of the earlier beginnings of the industry in North America and said that the industry reached its zenith during the late war, feeding thousands of soldiers daily. He pointed out that it was also very valuable in times of peace and said, "It made Friday and Lent independent." He drew attention to the fact that the industry had not reached an acme of perfection. There were several things to be remembered by those interested in the canning trade.

The first point to which he drew attention was the fact that the producer generally considered it in his interest to get high prices for his wares and the consumer wanted low prices. Fishermen and packers took opposite views and for similar reasons packers and exporters came into collision, engendering distrust. These antagonistic factors, the speaker hoped, would be smoothed out by the fisheries inspectors, who are being sent out "not merely as a punitive force but as an educational mission."

Conservation was the next point. The industry was suffering today from the wastages of fifty or sixty years ago, and no radical improvement had been made in this respect in fact this phase of protection was "believed by policies," the speaker observed. Moral force could do more than legal force and the speaker believed public opinion should be aroused to protect the lobster.

Another essential, Mr. Williams stated, is that strict regulations be enforced in the canning industry. He made effective. "You must convince yourselves," he said, "that these regulations are a duty, then we can conscientiously work for their enforcement." He touched on the corrupt practices played by some of the lobster dealers and canners in general and said that these had a bad effect on the industry as a whole.

PROVINCIAL OF NOVA SCOTIA COUNTY OF DIGBY

IN THE COURT OF PROBATE

IN THE MATTER of the Estate of Peter U. Gaudet late of Concession in the County of Digby, Esq., deceased, on the 26th day of November, A. D. 1925.

To Telephore Gaudet, Leon Gaudet, Benjamin Gaudet and Louise Gaudet, all of Concession in the County of Digby and Province aforesaid, Charles Gaudet of Boston, Mass., U. S. A., Celestine Theriault of Beverly, Mass., U. S. A., Agathe Babine of Concession, Mass., Edith Belliveau of Church Point and Elizabeth Gaudet of Carmes Coques in the County and Province aforesaid, being the heirs, next of kin and devisees of the said deceased.

WHEREAS the said Elizabeth Theriault, daughter of the said Peter U. Gaudet, late of Concession in the County of Digby, farmer, deceased who died on or about the 31st day of October, A. D. 1925, at Concession aforesaid, has presented her Petition to the Court of Probate at Digby, praying that a Citation might be issued requiring Isaac H. LeBlanc, executor of the said Peter U. Gaudet, to have and show his Will and Testament of the said Peter U. Gaudet proved in solemn form of law and its validity determined, and upon such Citation an Order was made by the Court on the 29th day of October, A. D. 1926 requiring said executor, within twenty days, after service of said order upon him, to take out a Citation to have said Will proved in solemn form and its validity determined, and the said executor in compliance with the said Order has now applied for a Citation requiring you the above named heirs next of kin and devisees to appear at the Probate Court at Digby, on Tuesday the twelfth day of April, A. D. 1927, at the hour of eleven o'clock in the forenoon, when the said Isaac H. LeBlanc executor as aforesaid, will proceed to prove in solemn form of law the Will of said Peter U. Gaudet deceased, which was admitted to Probate in common form in the Probate Office at Digby aforesaid on the 26th day of November, A. D. 1925.

YOU ARE THEREFORE REQUIRED to appear before Judge Grierson presiding at the Registry of the said Probate Court at Digby in the County of Digby on the twelfth day of April, A. D. 1927 at eleven o'clock in the forenoon when the said Isaac H. LeBlanc the executor of the said Peter U. Gaudet, deceased, will proceed to prove said Will in solemn form of law, and to have and show the same, and to determine by the said Will of said Will determined by said Judge.

Given under the seal of the Court at Digby aforesaid this eleventh day of December, A. D. 1926.

Frank Jones, A. D. J. Registrar
H. LeBlanc.

Pre Lenten Card Party at Home of McPhees

The Mardi Gras Card Party held by the ladies of St. Patrick's church Sewing Circle on the evening of Shrove Tuesday was a most successful wind up to the winter's program of money making functions held by the ladies of the Circle. The apartments of the McPhees were filled by the large number who attended and Mr. and Mrs. McPhee proved themselves adepts in the art of informal hospitality. Five tables were set for cards, and a number of those who attended the hockey game dropped in in time for the bountiful and delicious lunch which was served at eleven o'clock.

The prize winners were Mrs. A. J. Trohon of the ladies and Mr. Simon Landry of the men. Consolation prize was awarded to Mr. George Trohon, whose sweet tooth wouldn't let his mind stay on the cards for thinking of what was being prepared in the kitchen.

Upwards of seventy dollars have been contributed to church funds through these card socials and the ladies are congratulating themselves most properly, upon the success which has crowned their efforts.

The function concluded with the singing of "For They are Jolly Good Fellows" in honor of the host and hostess of the evening and the rendering of the National Anthem.

Town Council Will Consider Grant of \$500 for Dominion Day Celebration

Mayor Lynch presided and all Councillors were present at the regular monthly meeting of the Council held on Monday night. At this meeting a delegation from the Board of Trade, consisting of Messrs C. F. McBride, McHugh and Dr. DuVernet, presented a petition for the inclusion in the estimates of expenditure in the year a sum not exceeding five hundred dollars as a grant to the Board of Trade to be used to defray expenses in connection with the celebration of the fiftieth anniversary of Confederation on Dominion Day. Mayor Lynch promised sympathetic consideration.

No Government Control

continued from page 1
the Government to enforce the Nova Scotia Temperance Act, but his earnest opinion was not "whether we are wet today, but rather are we to continue to be wet." (Laughter) This leaves just two systems—the bootlegger or Government Control. Does this country profit better by placing one million dollars in the hands of a gang who are demoralising Nova Scotia or would it be better served by placing the money with the government to uplift our people?

Supporting the Premier's amendment Mr. Farnham rose in defence of a cause that was the cause of liberty and humanity. He declared that in June, 1925, the people of the province spoke in no uncertain sound as to their attitude upon this important question of law enforcement. He claimed that the absolute indifference to the carrying out of the laws of the province was the real cause of the disaster which overwhelmed the late government at that time. He could not understand why the mover and seconder had picked out the Nova Scotia Temperance Act as a special measure of attack. "I consider the resolution is in reality a measure of want of confidence in the Government," asserted Mr. Farnham.

"This government has had practically one full year of office and has done more in that one year in enforcing the laws of our province than did the late government in its 40 odd years of office. My honorable friend in his resolution practically declares that this Government cannot enforce the Nova Scotia Temperance Act. Let me say to my honorable friends the mover and seconder of this resolution and those who are backing it and making a cry and uproar throughout this province, if they were as deeply concerned regarding the enforcement of our laws as the Nova Scotia Temperance Act we would not be here tonight discussing this Act."

Public Utilities Commission

continued from page 1
and tentative arrangements are being prepared to provide service connections in other means in the event of the Utilities Commission not returning a decision favorable to the Power Board.

The main transmission line of the Power Board from Sissiboo Falls to Weymouth, and from Weymouth to Victoria Bridge, Bear River, was completed yesterday and the installation of power house machinery has been practically completed with the exception of the generator, which is expected to arrive in a few days. Within ten days after its arrival in Weymouth the plant will be ready for operation.

This development consists of 350 horse power hydro with steam auxiliary plant, that of the Town of Digby, capable of developing 150 horse power, the whole providing for "peak service" 500 horse power and the steam plant alone is of sufficient capacity to take care of normal lighting service load for the whole territory to be served by the Power Board.

This auxiliary steam plant, providing as it does, energy for all or any unexpected demands, is the outstanding feature of the Power Board's opportunity, for service and in the event of continuous demand for energy for power purposes at any time before additional hydro units could be installed to take care of the load this plant can be worked in conjunction with the hydro development at Sissiboo Falls. It is expected that before the coming summer is over that installation of another five hundred horse power generating unit at the power site at Sissiboo Falls will be undertaken, in order to provide for extension of the service down Digby Neck to Westport and to the Municipality of Clare if these sections make demand for the service, and at the same time surplus sufficient to provide energy for any local industrial development.

It is estimated that the service will open with approximately 250 rural household connections between Victoria Bridge and Weymouth.

FRILLED CURTAINS at WRIGHTS

Ravens Beat Windsor Five Goals to One

Upsetting the dope, and showing great improvement the Ravens on Tuesday night took the measure of the fast Windsor team with a score of five goals to one. The advantage of territory was at all times with the Ravens and in the last period especially their superiority beat down the Windsor attack and held the visitors scoreless. Kuhn in the nets for Windsor turned in fine exhibition of hockey, saving a slaughter. In the second period Gertridge skinned his knee cap, requiring medical attention, but was able to get back on the ice in the final frame.

Play opened with a pass back by Jones and a two man combination to Windsor territory. Kuhn cleared and McCann took it out, for a block. After five minutes of play Hyson got the puck behind his net and in as pretty hockey as has been shown this winter beat the Windsor forward line, dodged the defence and slammed it past Kuhn for the first score. Five minutes later securing a pass on the Windsor right wing he snapped a shot for the net that again sagged the twine! After fifteen minutes of play Gert ridge scored from a mix-up, slipped the puck past Eldridge for an easy counter.

In the second period Hutchinson scored after seven minutes play and then Daley took a pass from Tupper right across the Windsor net and banged the pill in between Kuhn's pad and the post for number four.

In the third period Tupper took a pass from Jones at mid ice and with a wide open field of fire snapp ed in number five.

The excellence of the Digby defence held the game and with a little better support of the forward line in the rushes the game would have been first class hockey. Time after time some Raven would get away with the puck and when he hit the Windsor defence had no one to pass to with the result that scoring chances were thrown away.

Windsor: Goal, Kuhn; defence, McCann, Singer; forwards, Gertridge, Clark, Bacon, Smith, Chambers.

Digby: Goal, Eldridge; defence, Hyson, Hutchinson; forwards, Raymond, Jones, Tupper, Daley, Walker.

Mr. Eldridge Buys out Partners in Lour Lodge

One of the most important real estate transactions this year was the purchase, completed this week, of the interests of his partners in Lour Lodge by Mr. Carl Eldridge. The Lodge has been operated as a partnership for several seasons by Messrs Eldridge, McHugh and Mawray. A change was proposed last year with the result that Mr. Eldridge has acquired the interest of his partners and will operate it this year on his own account. No negotiations are said to be under way to interest American capital in the venture and provide needed extension of the premises.

Granville Ferry

Miss Lillian Johnson left on Friday for Europe. She is spending a few days with her sister, Mrs. Baille in New York en route.

Mrs. E. Wade and Mrs. Munroe of Clementsport are spending a few days with friends in the village.

Miss Bertie Stock has returned from a visit to friends in Saint John.

Miss Olive Buckler of Dalhousie is a guest at the home of Mr. and Mrs. Horace Mills.

The third Community meeting was held in the vestry of the United church on Friday evening and was largely attended. An address on Shakespeare by Rev. W. J. Dean was followed by quotations from Shakespeare by Mrs. A. L. Gilliat, Mrs. Daux, Miss Dorothy Dean, Miss Helen Gilliat and Miss Laura Hardy. A male quartette, H. A. Grant, Mr. Dean, LeBaron Mills and Ira Gilliat sang selections and a mixed quartette sang "Come Where The Lilies Bloom." Mrs. H. F. Read as convener of the committee was called on for a few remarks after which she was so heartily cheered she gave a short recitation. After the social hour refreshments and a short service led by Rev. R. A. Neist, the meeting closed by singing "Blessed Be The Tie That Binds."

VOL. LIII Number 32

Hydro Service Will be Turned On By The First of April

Digby Hospital Recognized by Government

The Digby General Hospital has been officially recognized by the Provincial Government of Nova Scotia, the formal recognition to date from October 1st, 1925; this will mean an allowance of thirty cents per day for each patient that has been cared for at the Hospital since that date and will be a great help financially.

One hundred and ninety-nine patients were admitted to the Hospital in the year between October 1925 and October 1926; a number of these patients could not possibly have received the care and attention and comfort they have received at the Hospital in their own homes. The Hospital is doing a splendid work in the County and is worthy of the whole hearted support of the entire community.

Mrs. Prude has resigned her position as Matron at the Hospital. Her position will be filled by Mrs. Percy MacKay of Acaciaville.

Baptists at South Range Hold Pleasant Social

A social gathering, with a two fold object of money raising for church purposes, and the passing of a pleasant hour, was most successfully conducted by members of the Baptist Church at South Range on Saturday evening at the home of Mr. Herman Height, when the sum of \$15.00 was realized in aid of church funds. Thanks are extended to all who assisted in making the affair a success.

YOUNG BOYS LONG PANTS at WRIGHT'S

Excellent Progress is Being Made on Hydro Installations

Completion of Transmission and Secondary Lines Being Rushed

Excellent progress is being made in the installation of machinery at the Ssiboo Falls power house and a tentative promise is made for the turning on of the service on April 1st. Representatives of the Allis Chalmers company are on the ground superintending the connecting up of the turbine to the generator and the Canadian General Electric company's representative, will be here early next week to make the final tests of the generator.

In the meantime work on the construction of distribution services along the main route is being rushed and the main transmission line completed to the Victoria Bridge to connect up with the the Canadian Gypsum Company.

On Tuesday Mr. Lumsden, of the Nova Scotia Power Commission, Mr. Eckland, of Chicago head office of the Canadian Gypsum Company, and Mr. Allen, engineer of the Power Board were in consultation at the office of the Chairman of the Board, Mr. Marshall, preparing terms of a contract to be entered into with the Gypsum Company and arranging details of the service.

Some delay was encountered in the erection of the machinery by the non arrival of a couple for the generator but this arrived on Wednesday and the work is proceeding.

With hydro an accomplished fact and the turning on of the service now dependent only upon the success of the tests to be held before delivery is finally accepted from the manufacturers of the equipment it is time to discuss just what the service means. Obviously it isn't going to be of any use unless used.

To burn oil lamps in hallways and bedrooms and at the same time kick about the cost of hydro is just foolishness. The more used the cheaper it is going to be and the travelling public will look to see in Digby a well lighted town with well lighted hotels. This applies also to the houses which cater to summer tourists. These tourists come here from towns and cities where electricity is a commonly used aid to human comfort and they will expect to get all they pay for in the way of service. To pay for a room with poor lighting is just as bad if not worse, to pay for good meals and get poor ones. The hotels in Digby have built up a reputation for excellent meals, and now the opportunity is here to make an equally good reputation for service to guests.

The first adoption of hydro to replace old time methods of merchandising is that of Kiley's restaurant where an electrically operated ice-cream packer, with capacity of 18 gallons has been installed to do away with the old time ice and sault packer. A similar equipment is to be placed in the pavilion. At Barton Mr. D. P. Specht is disposing of a forty horse power engine and will use hydro, saving enough on wages and fuel to pay for the "juice". So it is in almost every line of business, hydro can be made a money making and saving servant and the more it is used the cheaper it is going to be in the long run.

The Ladies Aid of the United Church will hold their Annual Garden Party and Sale on Thursday, July 28th.

Professor Symonds Was Lecturer

Professor N. J. Symonds, of Dalhousie University, where he is in charge of the new Teacher's training department, was the lecturer at the last weekly lecture of the Board of Trade University Extension series. The subject was "New Ideals of Education." Rev. Wm. Driffield was the chairman and introduced the speaker. His lecture was a most instructive and interesting one and in the opinion of some the best of the course to date. Such views were expressed by Rev. F. E. Bishop, who moved the vote of thanks and of Dr. Roberts, who seconded it.

Prof. Symonds, instanced the need of higher standards, and a larger proportion of trained teachers. He spoke also of the steps taken by the Acadia, Dalhousie and St. Francis Xavier Universities, in taking up courses in teaching so that graduates would receive their diplomas without the necessity of going to Normal School.

He emphasized the need of good rural libraries, and the necessity of persons being able to express themselves well, both orally and in writing. He referred to the benefits of travel and knowledge of history in the broadening of the mind and the necessity of teaching children how to think. He referred also to the cultural benefits to be derived from a study of English literature.

Another forward step being taken in the Province was with regard to the education of mentally deficient pupils by segregating them from other pupils, and giving them special instruction where their numbers in a community rendered this feasible.

Oddfellows Grand Master Visitor Here

L. M. Robinson, of St. Stephen, N. B., Grand Master of the Independent Order of Oddfellows, was a visitor in Digby on Monday on a visitation to the Lodges in Western Nova Scotia. He visited St. Thomas Lodge, Weymouth, on Monday evening.

Presentation to A. R. Turnbull

A special feature of the celebration of the thirty sixth anniversary of the institution of St. George Lodge I. O. O. F., Digby, at the lodge rooms last Friday night was the presentation to Past Grand A. R. Turnbull secretary of the lodge, of a Past Grand's Jewel. The presentation was made by Bro. George Peters and took Mr. Turnbull entirely unawares.

In making the presentation Mr. Peters referred to the faithful service given the lodge by their secretary and insisted that the presentation was not as a reward for that service, but only an expression of appreciation.

Bro. Turnbull expressed his thanks briefly and at the same time heartily, remarking that his duties had been pleasant by the cooperation of members and officers and had been in themselves a task which carried certain compensations in the exemplification of Oddfellowship which attended them.

The Annual meeting of the Digby Golf Company will be held in the Town Hall on Friday evening, March 25th at eight o'clock.

CUT THIS OUT FOR LUCK—Send birth date and 10c for wonderful horoscope of your entire life. Prof. Raphael 94 Grand Central Station, New York 2179

Plympton Loses Noted Citizen in Death of F. P. Warner

Was Formerly Prominent in American Politics and in Boston City Council

The community of Plympton and surrounding districts was much shocked to learn Tuesday of the sudden death of Fred P. Warner which occurred early Tuesday morning at his residence. The immediate cause of death was due to apoplexy. Mr. Warner had been in poor health for a year or two but had been feeling well for the past few days and the end came with a shock to his family and friends.

Deceased had been a resident of Plympton for fourteen years, since his return from the United States where he had been connected with the Export Lumber Co. for twenty three years. He was also with the House of Representatives for two years and the City Council of Boston for seven years. Returning to Nova Scotia in 1914 he entered the mercantile business which he carried on till his death also being the port collector of Customs for two years for Plympton and Barton.

Besides a tender and caring wife he leaves five children, Mrs. L. V. Everett and Ella of New Jersey, Mrs. V. C. Marshall and son Emery in Mass. and Harold at home. He also leaves three brothers, Oscar and Willys of Boston and H. W. B. Warner of Barton.

The funeral was held Thursday afternoon from his late residence with interment at the Barton Cemetery. The Rev. A. G. Pentz, of whose church deceased was a faithful member, being the officiating clergyman.

The Pall bearers were W. K. Smith, W. M. Warner, Anson Warner and Vian Andrews. Funeral arrangements were under the direction of Chesley C. Nichols.

Assault Charge Dismissed

The assault charge preferred against Charles Riteman by J. L. Robichaud, M. P. P., as a sequel to the attack made on Mr. Robichaud in a Halifax Hotel last week was on Wednesday dismissed by Magistrate Clancy of Halifax, who found that there was no criminal intent and no evidence of an assault.

At the hearing Mr. Robichaud gave evidence that he had been at the Halifax Hotel during the evening and afterward returning to his own hotel was starting upstairs when someone grabbed him and said "We'll show you how to snoop around rooms."

Mr. Gerald Flavin represented the Crown and submitted that a technical assault had been committed.

Following the attack upon Mr. Robichaud on the hotel stairway his assailant was identified by the clerk on duty, and in company with a number of fellow members of the House Mr. Robichaud proceeded to the Halifax Hotel where an apology was demanded and given, the assailant saying that he made a mistake and took Mr. Robichaud for a "dry agent."

NEW DRESSES at WRIGHT'S

Mrs. O. Wright left on Tuesday for Charlottetown, P. E. I., on a visit to her mother, Mrs. McKinnon.

MEN'S NEW HATS at WRIGHT'S

Gus Raymond, New Edinburgh, Badly Burned

While in the act of scraping the old paint off his motor boat, Gus Raymond, of New Edinburgh, sustained severe burns on the body Tuesday, that will confine him to the house for sometime.

Mr. Raymond was getting his boat ready for the faster fishing and was using a torch to burn off the tar and paint. Nearby was a can containing some gasoline which he used to keep the torch burning, and as he went around the boat the torch accidentally came in contact with the can containing the gasoline, which exploded, enveloping him in the flames.

With the aid of Dennis Amihault and others who quickly came to the assistance of the unfortunate man, the flames were extinguished, but not before Raymond was burned from the waist to his feet. Raymond was removed to his house nearby and a physician was quickly summoned who dressed the burns. He suffered intense pain.

Mrs. James E. Handespliker, of Mount Pleasant, is taking special treatment at the Digby General Hospital. Her many friends will wish her speedy recovery for good health.

Baptist Ladies Honor Irish Patron Saint

A particularly pleasing St. Patrick's Day Tea was that held on Wednesday evening in the vestry of the Baptist church when the ladies of the church served supper to a large number. The color scheme of decorations, and the costumes of the waitresses were carried out in a St. Patrick's Day motif, with Kelly green, making a charming scene. Green trimmings on the cakes, green shamrock cookies were prominent on the Shamrock leaf menus.

The service was a dispensing of Irish jollity and Irish hospitality, and so well were the preparations perfected and the duties of catering performed that the handsome sum of fifty dollars or more has been added to the church funds.

Many have admired the group photo of the Digby Ravens Hockey Team of the winter of 1926-27, the work of Mr. Paul Yates, which was completed for publication this week. We thought it an unusually good photo and Mr. Yates said that it might be that, but it was of an unusually good team. All will agree to both "unusually" and those who desire a souvenir of the team will have an excellent one in a copy of this photo.

ROBERT C. MILLS
Managing Editor

FRIDAY, MARCH 11, 1927

Erection of Hydro Service Down Digby Neck Should Be Started At Once

With the turning on of power at the Sissiboo Falls plant of the Digby County Power Board an accomplished fact, and service being provided to the district along forty miles of main transmission line from the power house to Victoria bridge, Bear River, the next step in the development of the project is the extension of the service to the Municipality of Digby and down Digby Neck to Westport. The service is available to all parts of the county that make demand for it, and have sufficient load to warrant the running of the lines, and it is for those sections which desire it to at once make application to the

Power Board for what they desire. Movement to have the service extended should be put under way at once in order that the Board may make report to the May session of the Municipal Council and at the same time make preparation to have the work done during the coming summer.

The extension of the service down Digby Neck is made feasible by the fact that much of the fixed charges for operation will be provided for by the extension of the service to Western Annapolis County and the Canadian Gypsum Company plant at Deep Brook, and the feasibility of running the lines is proven by the telephone service lines which extend all the way to Westport.

Without the extension of the service to Western Annapolis it might have been that the local rate which would have to be put into effect for the Digby Neck area would have been prohibitive to general use of the service but as the matter now stands the rate should not be unreasonable and the residents of the Island will be able to make common use of energy generated at the Sissiboo Falls power house.

Petitions for presentation to the Power Board making demand for the service should be circulated at once. There is no time like the present, and to delay their preparation until new construction would have to be undertaken next winter would add unnecessary costs, which by timely action may be avoided.

Mrs. Fritz Dakin was called to Yarmouth on Saturday by the serious illness of her mother, Mrs. Poole.

Petition From Deep Brook and Clementsport Sent to Halifax

Although a statement published in a Halifax paper on Friday contradicted the report appearing on Thursday that the Digby County Power Board has been successful in securing passage of amendments to the Digby County Power Board Act authorizing the Board to extend their service to the districts of Deep Brook and Clementsport, in Annapolis County, the opinion of officers of the Power Board is that the amendments will be approved by proclamation of the Lieutenant Governor in Council as required by the conditions under which the Act was passed, and that the extension of the service to residents of Deep Brook and Clementsport is assured. On Friday a petition praying for the immediate proclamation of the Act was forwarded from Deep Brook and Clementsport to the Provincial Secretary. The petition carries signatures of 85 per cent of the householders of the district to be served 135 names of the remaining fifteen per cent one half are absent in the United States, being summer residents only, and the other are neutral, the neutrals being mostly in Clementsport section where the Maritime Electric Company is making its base for the extension of their line from the power house near Bridgetown. Mr. Frank Dittmar, of Deep Brook, who was called before the Committee of the House when the Power Board bill was being considered advised the Courier representative on Saturday that the people of Deep Brook were going to fight the bill through to successful issue and were confident that the Proclamation would be issued without delay in order to give the Power Board opportunity to complete the extension of their main transmission line from Smith's Cove.

Residents of Deep Brook are indignant at the action of the Public Utilities Commission in endeavoring to set itself up as superior to parliament, as is indicated in the interview published on Friday and point to the inconsistency of the legal adviser of the Commission acting also as legal adviser of a company opposing the granting of the legislation.

The Halifax despatch says: "The Board of Trade had to consider a matter of the requirements for power for the United States Gypsum Company which is located at Deep Brook in Annapolis County and found that the load required by the company was of such nature that neither the Digby County Power Board nor the Bridgetown Company could completely supply the same with their present or near immediate equipment."

A statement is issued from the office of the Digby County Power Board that the Canadian Gypsum Company, the company referred to as starting at Deep Brook, did not make any representations to the Public Utilities Commission, and that their estimated demand, as embodied in the contract being drawn up between the Company and the Power Board, is for 75 horse power during summer months and 125 horse power in winter, as a maximum demand that will be made. The hydro development at Sissiboo Falls is ample to carry this load in addition to all other normal demand, and the ability of the Power Board to supply the service will come in winter when domestic

TRENTON MAN IS VERY GRATEFUL

SAYS THAT "FRUIT-A-TIVES" STOPPED NERVOUS HEADACHES

MR. R. A. BOVAY.

Mr. Roy A. Bovay of Trenton, Ontario, thanks very highly of "Fruit-a-tives" for removing the cause of nervous headaches. "I wish I could tell every sufferer in the world what 'Fruit-a-tives' have done for me," he writes. "For years I was much troubled by bad headaches, nervous dyspepsia and liver troubles. Then I commenced taking 'Fruit-a-tives'. Thanks to these wonderful tablets I am once more entirely well."

Are you, too, afflicted with nervous headaches? Quite probably they are traceable to lazy bowels, stomach, kidneys or liver. What you need is the gentle, natural help of "Fruit-a-tives" which is made from intensified fresh fruit juices blended with tonics. "Fruit-a-tives" is nature's own ally in promoting health and happiness. Enlist its aid for yourself, to-day. 15c and 50c, everywhere.

Digby Central Agricultural Society

The Semi-annual meeting of the Digby Central Agricultural Society will be held at the Town Council Chambers on Saturday the 19th, day of March at two o'clock in the afternoon. A large attendance is requested by order

Team Harness For Sale

Hand made double team harness, less breeches. Traces are full length, 3 1/2 inch wide. This set is nearly new and will be sold at much less than it is worth. See it at my barn. George Potter, Joggins Bridge. 2 mile

consumption of energy is lightest because of the closing up of the many summer hotels which will be the Power Board's largest consumers of energy during the summer months and far from being unable to supply the whole demand of the Gypsum Company the Board will be in a position, when necessity arises at any time of providing upwards of five hundred horse power or double the estimated consumption.

According to figures prepared by the Power Board's engineer and checked by the contractor who constructed the main transmission lines, the proposed extension to Clementsport for transmission and distribution service, will cost in the vicinity of \$1200 per mile, and the position of the Power Board is that a limited mileage, about twelve miles, will retain the expenditure on capital account for construction within reasonable bounds and places the Power Board in a favorable position to serve the territory as compared with the much longer transmission lines which would have to be constructed by any other company. The distance from Victoria Bridge, Bear River, to Clementsport is five and one half miles, while the distance from Bridgetown, to Bear River, following the circuitous route around the town of Annapolis which would have to be followed by the Bridgetown company, is upwards of 25 miles, most of which, if not all would be the more expensive main transmission lines.

The estimated demand for hydro service from the Deep Brook-Clementsport area is given at 20 to 30 connections per mile for the five miles of the Power Board line surveyed, and is sufficient to warrant the limited expenditure on capital

account, though not sufficient in the opinion of technical men called into consultation by the Board to warrant a twenty-three mile transmission line to tap the area, especially the main transmission line of a coming company must circuit the territory covered by the Town of Annapolis franchise and would not average more than five connections per mile.

With a steady load factor of upwards of two hundred and fifty horse power right from the start the Power Board is in an excellent position. The capacity of the generating plant at Sissiboo Falls is three hundred and fifty horse power and to practically find a market for over a hundred horse power at a cost for construction of less than ten thousand dollars is a piece of good fortune in which the whole of the municipality will share. It will mean cheaper rates, much cheaper than was hoped would be possible, from the end of the first year of operation and will mean also that extension of the service to all sections of the county which make demand for it can be undertaken without increasing the general rate. The bond guarantors, the Municipality of Digby the Town of Digby and the village of Weymouth are given a guarantee in the demand from Gypsum Company and the residents of Deep Brook and Clementsport that the Power Board will be a success from the beginning, and it is a matter for congratulation that the members of the Board were long sighted in their investigation of the market possibilities and were in a position to supply the demand. The situation is that the Municipality, the Town of Digby and the village of Weymouth are guaranteeing the bonds and the districts of Deep Brook and Clementsport and the Gypsum Company are guaranteeing the guarantors. What could be better?

Fisherman Got \$202 For Lobsters From Two Hauls of Traps

Clark's Harbor, March 7. — The best price ever paid for large lobsters was paid on Saturday, at West Head, when one buyer paid 80 cents per pound. One fisherman

hauled his traps twice and sold his catch of 253 pounds of large lobsters at the above figure, which netted him \$202.40. This is a record price for lobsters here.

No Longer Necessary to "Dose" Children With "Normal" Medicines to Break Colds.

Children's digestions are easily upset by too much "dosing." Vicks VapoRub being externally applied, does not upset little stomachs.

At the first sign of croup, sore throat, or any other cold trouble, apply Vicks VapoRub. There is nothing to swallow—you just "rub it on."

The Nujol method is the modern Scientific treatment for Constipation

THAT is the verdict of an extensive inquiry recently conducted among practicing physicians. We found that 8 doctors out of 10 recommended the Nujol type of treatment. We found seven out of ten thought laxatives and cathartics harmful if used frequently.

Here are typical statements made by doctors: "Preferable to laxatives because it does not cause patients any pain or discomfort. 'Not habit-forming.' 'Now recognized by all physicians to be better because it is not absorbed.' 'Ordinary laxatives are too drastic in action, too exhausting.' 'Helps to establish habits.' 'It is a rational corrective for constipation.'"

Doctors Advise Nujol
Eight doctors out of every ten told us they were advising the Nujol type of treatment for their patients in place of laxatives—and for these reasons:

1. Nujol is not habit-forming.
2. A more natural method.
3. A lubricant is better than a laxative.
4. Does not grip.
5. Is not irritating.
6. Nujol gives lasting relief.

Unlike Laxatives
Laxatives and cathartics act by irritating the intestinal tract. They cause the bowels to frantically expel the contents of the intestines and thus rid the system of the drugs that pills and poisons contain.

Nujol acts entirely differently. It contains no drugs, no medicine. Its action is mechanical. It merely softens the dried waste matter in the intestines and lubricates the passage so that the muscles of the bowels can expel the waste matter regularly, naturally and thoroughly.

Nature-given Remedy
Nujol appeals to the medical man because it is a simple, scientific and safe remedy for constipation, no matter how severe the case may be. It is gentle in its action and pleasant to take. Children love it!

Get a bottle of Nujol from your druggist today. Doctors advise it for constipation, whether chronic or temporary. Avoid substitutes.

LET US TELL YOU A STORY

A woman came to look over our wall papers and found one she liked very much. "That is just what I want but costs more for a roll than I want to pay." We asked her what price she thought of paying for a roll and what she would expect to pay for border. Also how many rolls and yards she would need. On figuring out the costs our price for border was so much less than she expected, that she saved 43 cents on the room.

We price our papers that way marking the papers as low per roll as possible and keeping borders down.

We now have in stock the following patterns:

| | |
|--------------------|-------------------|
| 3 at 10c per roll | 4 at 16c per roll |
| 1 at 10c per roll | 3 at 18c per roll |
| 6 at 12c per roll | 9 at 20c per roll |
| 4 at 14c per roll | 1 at 22c per roll |
| 12 at 15c per roll | 5 at 25c per roll |
| 1 at 26c per roll | 7 at 35c per roll |

With practically all the borders at
3c, 4, and 5c per yard.

In addition to these we have special order books
containing over 100 patterns from 10c to \$1.50
per roll and including the now famous Maximur and
Sunworthy lines. The latter is guaranteed not to fade

Obituary

MELVIN O'NEIL

(Conquest, Sask. Enterprise)

In recording the passing of Melvin O'Neil, who died at the Sanatorium in Saskatoon on Feb. 8th we draw the curtain over a promising young man whose physique was blasted in the recent war, and who paid the supreme sacrifice after several years of disability—the end coming with startling suddenness.

"Mel" was popularly known throughout the district, and was born in Plympton, Nova Scotia on Oct. 29th, 1892. He followed the calling of a fisherman, but when the war broke out enlisted in Digby, N. S., with the 115th Battalion R. C. S. Proceeding overseas with the Battalion he met with the usual rigours of army life and in London, in November of 1916, he took as his bride Miss Ivy Mary D'Arbon of London. Proceeding to the firing line in France he suffered from shell shock and trench fever, and in 1918 was given his discharge. He returned to Nova Scotia, where he spent a period of rest, and moved to Conquest in September of 1920. He was employed on the farms of Wes. Benson and P. H. Kennedy for some time, but developed tuberculosis as a result of war service, and in March of 1922 was compelled to go to the Sanatorium in Saskatoon for treatment. He remained in the sanatorium for a period of thirteen months and upon returning to Conquest purchased the cottage just west of the railroad diamond, where he has since resided.

On February 1st, the deceased complained of a sore foot. This soon developed alarming symptoms and medical aid was summoned. Upon the Thursday (or two days after the attack) he took to bed and conditions rapidly became so alarming that he was ordered to Saskatoon. He reached the sanatorium in that city at 8:45 p.m. Feb. 7th and a few hours later, at 12.10 a.m. Feb. 9th—passed away. Cause of death was given as uremia.

To mourn the loss of a loving husband and father deceased leaves his sorrowing widow and three small children—Edward, Gladys and Marjory.

Funeral service was held in the United Church on Thursday, and was largely attended. The casket was covered with beautiful flowers and the altar draped with the Union Jack. Rev. Down officiated and Mr. Axness rendered the solo: "Ode Sweetly Sober Thought."

Returned comrades carried the bier to its last resting place in Fertile Valley cemetery.

NORMA DENTON

On Thursday evening the community was shocked and saddened to hear that Norma, thirteen year old daughter of Mr. and Mrs. Curtis L. Denton, Little River, had passed away. She had been sick a few days with a cold like her sisters had at the same time, but was apparently recovering. On Thursday morning she was taken suddenly worse with slight convulsions and on the arrival of the doctor it was found that she had acute congestion of the kidneys. Every means was tried to save her, but at two o'clock the convulsions started again, she soon became unconscious and never rallied, passing away at 9 p.m.

She was a sweet child, beloved by all who knew her, full of music and clever at school.

On Sunday, March 6th, at the request of her mother who has been confined to her bed for some time by illness, the complete funeral service was conducted at the house.

The sermon was preached by Rev. I. D. Harvey and the large house was filled.

The pupils of the school headed the procession to the cemetery. Many expressions of sympathy and many thoughtful acts of kindness softened the blow for the bereaved family. The flowers sent by so many of the friends were beautiful. Much sympathy is felt for the family in this, their first break in

Entertainment to be Held in Grace United Vestry

On March 23rd, Wednesday evening at 8 o'clock, a very interesting programme will be given in the vestry of Grace United Church, Digby. The programme will be given by some 'Sunday School' workers and members of the Auxiliary of the W. M. S.

A fine dialogue will be given by the ladies and a drill and choruses by the young people.

All thank offering envelopes are requested to be brought in at this meeting. A silver offering will also be taken up. The proceeds will go to the fund of the W. M. S.

THE HON. J. H. R. Fairbairn, of Montreal, chief engineer of the Canadian Pacific Railway, as president of the Engineering Alumni of the University of Toronto, was announced at a dinner-smoker of the alumni held in Hart House recently. More than 150 graduates acclaimed the new president with the enthusiastic spirit characteristic of a gathering of "Scholar" men. The chief speakers of the evening were Sir Robert Falconer, President of the University, and Mr. Fairbairn.

The rapid strides made by Prince Edward Island's seed potato business, aggregating 800,000 bushels for the past season, mostly shipped south, formed a subject of discussion at the 51st annual convention of the New Brunswick Farmers' and Dairymen's Association here. It was pointed out that this business has rapidly developed; that ten years back not a single seed potato was sold outside of the province. The remarkable advance in this business was due, it was claimed, to the production of a disease-free potato.

Immigration to Canada in the ten months of the fiscal year ending January 31st, amounted to 118,199, compared with 76,439 for the same period of 1925-6. This is an increase of 55 per cent. January immigration amounted to 4,194, compared with 2,324 for the preceding January, a gain of 79 per cent. Of this immigration 899 were British, 905 from the United States and 2,360 from other countries. During January 2,297 Canadians who had gone to the United States with the intention of remaining permanently returned to Canada, making a total of 50,888 so returned for the ten months of the fiscal year.

The Hon. William D. Euler, Minister of Customs and Excise, announces that the present period of 30 days of free entry into Canada of United States motor tourists on a permit will be extended to 90 days, to conform with the privilege now granted by the United States authorities, who admit Canadian cars carrying motor tourists free into that country for 90 days. The only difference will be that the Canadian permit will not initially be for 90 days, but for a first and second 30 day extension, if and when the tourists can show bona-fides and recommendation from reputable associations of automobilists in the United States. A larger tourist movement in Canada is expected to result from the change.

Little River

Mr. and Mrs. Hutchinson of Bridgetown are visiting their daughter Mrs. Curtis Denton for a few weeks.

Douglas Denton of Halifax is spending the week end at his home here.

Mrs. Eleanor Dakin of New York, who has been visiting Mr. and Mrs. B. P. Collins has returned to Centerville.

Mrs. C. Franklin and little daughter, Marion, are visiting her parents, Mr. and Mrs. Sydney Denton.

Arch Thurber visited friends here last week.

The steamer, Grace, Harkinson, began her regular trips from here to Saint John this week.

Tiverton

Mr. and Mrs. Leonard Ring have returned to their home in Freeport.

Mr. and Mrs. E. Cann of Yarmouth and baby, are the guests of her parents, Mr. and Mrs. W. Leeman.

Miss Evelyn Findlay of Freeport, has been spending a few days with her sister, Mrs. J. Snell.

Miss Freda Outhouse has been spending a few days at East Ferry.

Miss Norma Blackford spent last week at Freeport, the guest of Miss Faye Haines.

Miss Jennie Thurber of Freeport has been visiting her aunt, Mrs. Neil Outhouse.

Clarence Outhouse has gone to Port Maitland for a few weeks.

Special services have been conducted in this place for the past few weeks. Rev. McLeod was assisted in the work by Rev. Hamilton of Freeport and Rev. Phinney of Westport.

Congratulations to Mr. and Mrs. Hampton Outhouse on the arrival of a son, March 10th.

CURTAIN SCRIMS and MARQUETTES at WRIGHT'S

Acaciaville

A sleighing party from Deep Brook were entertained at the home of Mr. and Mrs. W. A. Bacon on Thursday night. Judging by the time they left for home they certainly must have had a good time.

Mrs. Emma DeLong of Mattapoisett, Mass., is visiting at the home of Mr. W. W. DeLong for a short time.

Miss Lena MacKay has accepted the position of Matron of the Digby General Hospital and began her duties this week.

The men have finished wiring the houses, and now are waiting for the light to come.

If no instructions accompany the notice, advising as to whom to charge, it will be charged to the person phoning or sending it in.

ROBERT C. MILLS
Managing Editor

FRIDAY MARCH 25, 1927

Much May be Looked for

Freight rate reductions and the appointment of a Deputy Minister of Fisheries are the outstanding features of the presentation by Premier King of the governments attitude toward fulfillment of the recommendations of the Duncan Commission report on Maritime Rights. So far as this section of the province will be directly affected by legislation which may be passed to implement the findings. The two are looked upon as a combined effort to stimulate the marketing of sea products and are expected will have a distinct effect upon the Atlantic Fisheries, especially these of the Bay of Fundy which by reason of the shorter haul to the Upper Canadian market are most favorably situated to take immediate advantage of any improvement of marketing facilities. The functions of the Deputy Minister of Fisheries to keep more closely in touch with the industry and be in a position to adopt such changes in the fisheries regulations as will stimulate and at the same conserve the fisheries are seen to have a most beneficial effect especially in the lobster industry and the reduction of freight rates, is looked upon as the only possible means of opening up the central Canadian market to the Atlantic Fisheries.

Because of over production in the fishing industry in both the

Canadian and United States fisheries, made possible by the open winter, fish prices are now at their lowest and the outlook for the coming season is that there will be no great increases in prices. As freight rates are at present it is more profitable for the American fleets to cater to the Montreal market by rail from Boston, than for the Nova Scotia fisheries to ship from Nova Scotia points and the reduction of freight rates proposed is expected to offset the advantage now enjoyed by the United States shipping houses and be reflected in more steady demand for fresh fish here for central Canadian points and a corresponding stabilization of the industry. In the smoked and cured departments of the industry a corresponding improvement is looked for and a greater measure of permanency in markets may be expected.

The attitude of people generally seems to be that the fulfillment of the recommendations of the Commission as projected in Premier Kings pronouncement to Parliament is on the whole satisfactory.

Something Missing

The third number of the first volume of the Monthly Review, published for information of its customers by the Bank of Nova Scotia has been received and, like its predecessors, contains much information as to wages, employment, investment and so on that is of encouraging nature. Containing compilations of authoritative information the Review is of interest to all who must watch conditions in order to plan their business expansion and development, and it fills a distinct place.

The magazine fails in its object, however, in some respects. It is similar in design and character to the monthly publications of other Canadian banking institutions and as the publication of a bank whose very name is Nova Scotia, and whose origin was in this province, the magazine is noteworthy for the regard it has to provincial industries and conditions. It would seem that more detailed information of conditions in this province might be desirable, and the Bank of Nova Scotia might even go so far as to publish a distinct Nova Scotia page as a part of the publication.

The Paper Is So Much Better

Every day of the week some one, some times several people, call on or write to the Courier to say nice things of the paper. Last week we kept a record of them and no less than twenty three people complimented us on the newsy interesting paper we are getting out. It all goes to make the days pleasant and make the job worth doing, and it also puts us on our mettle to make the Courier a better paper still.

For the first few months of the manager's present term there were so many things to do, so much new business to get after in order to make the Courier pay expenses and so many changes required in the mechanical department that the news department of the paper had to suffer. Most people were understanding in their attitude toward the new management and patiently waited for the time to come when the paper would be as newsy like it used to be in the "good old days." Judging by the nice things being said the paper is again a watched visitor to the homes in Digby County and in other places where Digby County people live.

It is the desire of the management to make the paper still better so that every person in Digby will need it, and in order to accomplish this we are enlarging our service of district correspondents. We want correspondents in every section and village in Digby and Western Annapolis, five wire hustlers who will send in the news.

And at the same time we want five hundred new subscribers. If the present readers of the paper find it interesting there are a number who do not now read it to whom it is just as interesting and we want our correspondents in every district to act as subscription agents. Stationary, receipt books and instructions are now being prepared for sending to every correspondent on our list, in the opening of a drive for five hundred new readers. If your district is not represented it should be and there is a chance for a live hustler to make a nice little sum of money to help out on the summer vacation.

It is not the policy of the Courier to give premiums, or run Automobile or other prize contests. To do so will not give us the kind of circulation we want. The reward of effort in securing new subscriptions is cash money, paid on every subscription sent in and the commission is a liberal one.

If you are interested in making a nice tidy sum in pocket money write for the official receipt book and get busy at once.

Occupying New Home

Mr. and Mrs. J. A. Faust, who have been spending the winter in Boston, where Mr. Faust underwent a serious operation, have returned to Digby and are occupying their new bungalow on King St. overlooking the Basin and the beautiful prospect out through the Gut. The treatment taken at the Boston hospital was most beneficial to Mr. Faust's health and is making a promising progress towards recovery.

The Man Who Wins

If you think you are beaten, you are.
If you think you dare not, you don't.
If you like to win but you think you can't, it's almost certain you won't.

If you think you'll lose, you've lost.
For out of the world we find Success begins with a fellow's will.
It's all in the state of the mind.

You think you're outclassed, you are.
You've got to be sure of yourself before you can ever win a prize.

Life's battles don't always go
To the strongest or the fastest man;
But soon or late the man who wins
Is the man who thinks he can.

A Halifax grocer was recently asked why it was that he made a leader of MORSE'S SELECTED ORANGE PEACH TEA. His answer was that he had a great many exacting customers, and that he never liked to take a chance of giving anything but the best.

Hospital Bridge Reaps Fifty Dollars at Pleasant Function

It would have been difficult to arrange a more pleasant evening than that of last Thursday evening when the Ladies Hospital Aid held a Benefit Bridge at the Court House in aid of the Hospital funds. It was the Name Day of Ireland's Patron Saint and the score cards at the tables were decorated with cut-out Irish emblems in honor of the occasion.

Play began at 8.30, at sixteen tables, Bridge and Fort-fives, and until eleven o'clock the gathering attended strictly to the business of scoring points, with such success in the cases of some that Mrs. Denton won the ladies prize in Bridge and Mr. H. P. Williams the gentlemen's. At Forty-fives Mrs. Dickson and Mr. William Agate had highest scores.

After the score cards were tallied up the committee served a dainty lunch, setting the final touch of enjoyment on a wholly pleasant evening.

The prizes for play were donated by Mrs. DuVernet, Mr. Wright, Mr. McKinnon and Mrs. Warne.

Mrs. Hubert Warne was convener of the committee which arranged the evening and she and her assistants are happy in having provided a pleasant social hour or two for the many who attended and at the same time secured slightly over fifty dollars for the use of their society.

Mount Pleasant

Orbin VanTassel went to Halifax for medical treatment this week.

Dorothy VanTassel teacher at Barton spent the week end with her parents, Mr. and Mrs. Walter VanTassel.

Mr. and Mrs. Howard Daley, of Culloden, spent Sunday at home with Mr. and Mrs. William Jefferson.

Charlie VanTassel spent one night last week with Mr. and Mrs. Forman Rice at Milford Corner.

Harold VanTassel spent last week in Deep Brook.

Miss Bessie Porter our teacher, spent the week end at her home in Acaciaville.

Obituary

BYRON L. BROOKS

Byron Ladd Brooks, a well known and highly respected resident passed away at his home on Green street last evening at the age of 74 years, death resulting from heart failure.

The deceased was born in Weymouth, N. S. in 1852, being the son of the late Ephram and Ruth (Ward) Brooks. He had made his home in this city for most of his life and had followed the boat building industry here for the past 45 years. He joined the Baptist church at Weymouth, N. S. at the age of 18 years.

In 1874, he married Miss Frances Welch, by whom he is survived, with a son, Howard L. Brooks and three daughters, Mrs. William H. Harty, Mrs. Daisy B. McDonald and Mrs. Samuel Somers, also a brother, four sisters and several grandchildren.

Because of the serious illness of his widow, the funeral will be held at the home of his daughter, Mrs. Daisy McDonald, 20 Burnham St. Gloucester Times

Correct shaving soothes and protects the skin

KEEPS THE FACE YOUNG

MEN of all ages, but with young looking faces, are glad to get the day right with a feeling of ease as they pick up the handsome Valet AutoStrop razor. There is something fascinating about the blade—a moment, and it is back to its original super-sharpness. This precision shaving its razor removes the beard in record time, once, over—ALWAYS JUST RIGHT—smooth as velvet—and the skin keeps young and fresh. Then the razor is cleaned and put away with no parts to assemble or disassemble.

A stropped blade keeps the face young

Valet AutoStrop Razor
—Sharpens itself

GUARANTEE
We are anxious that every user of a Valet AutoStrop Razor be constantly enthusiastic. Should anything happen to your Razor affecting its perfect service, just send it to us and we will replace it to a new like condition without charge.

General Approval of Government's Adoption of Duncan Report

H. B. Short, Member for Digby, says Recommendations Will Have Support of All Maritime Provinces Members

In the House of Commons today the first legislation to implement the recommendations of the Duncan Commission on Maritime Rights will be introduced by Hon. Charles A. Dunning in a resolution recommending to the consideration of Parliament the reduction of freight rates on the Canadian National Railways serving the Maritime Provinces and recommending also that such losses as are suffered by the railways in operating at this reduction shall be refunded out of general treasury of the Dominion. The resolution reads:

1. That it is expedient to bring in a measure respecting the tariff of tolls to be charged on certain lines of railways now operated as a part of the Canadian National Railways and situated within the Provinces of New Brunswick, Nova Scotia and Prince Edward Island, and the lines of railways similarly operated in the Province of Quebec extending from the southern provincial boundary near Metapedia and near Courchesne to Diamond Junction and Levis.

2. That for accounting purposes the revenues and expenses of the said eastern lines shall be kept separately from all other accounts respecting the construction operation or management of the Canadian National Railways and in the event of any deficit occurring in any fiscal year in respect of the eastern lines the amount of such deficit shall be included in a separate item in the estimates submitted to Parliament for or on behalf of the Canadian National Railways at the first session of Parliament following the close of such fiscal year.

That the government will have the full support of all Maritime Province Members in giving effect to legislation implementing the recommendations is forecasted in a message to the Courier from Mr. H. B. Short, Member for Digby Annapolis in which Mr. Short says: When the government implement these recommendations by legislation the recommendations will have the full support of Maritime Members.

The government's announcement of its adoption of the recommendations of the Duncan Report is a "Great victory for the Maritime Province Members who so strongly pressed the claim for Maritime Rights during the last two campaigns," says Mr. Short, and the putting into effect of the legislation will mean much to Nova Scotia.

The action of the government in adopting the recommendations of the Report is one which should win approval on all sides and while as Mr. Short says "It is to be regretted that no immediate relief is to be granted to our steel industry, the matter, the government states will be dealt with later. It may be possible that the withholding of relief to the steel industry at this time was done with the purpose of permitting the steel industry to reach that level upon which proper

Notice of Meeting

An adjourned meeting of the Digby County Farmers Association will be held in the Temperance Hall Acaciaville, on Friday evening, March 25th, at 8.00 o'clock. Topics for Discussion: The proposed Farmers' Prices. The holding of an Exhibition this Fall. The seed Committees Report. Date and Location of Institute Meeting. Full attendance is requested. By order, D. C. MacKay, Actg. Secretary.

Agents Wanted

AGENTS WANTED—Men, Women, Boys or Girls to sell subscriptions for The Maritime Farmer. Very liberal commission paid. Every farmer needs this magazine. Price 30 cents a year. \$3.00 for 10.00. Easy to sell. Write now to P. O. Box 1229, St. John, N.B.

Its Baseball Time

The flurry of snow on Tuesday and the cold on Wednesday made talk of baseball unreasonable, hurling to hopes of more skating. But that as it may, King Winter is dead for another year and on every dry grass patch and sun warmed road the boys are limbering up the old arm and getting last year's mitt worked out. It's baseball time! The girls are in it too and the prettiest sight of the month was that on Monday when the star twirler of the fair sex was sending them over like a big leaguer. If the boys can't find a pitcher who'll let a Ruth the girls can.

It's baseball time and what are we going to do about it? The American friends who come here every year hold baseball in their sporting heart as we hold hockey in our winter fest, and they will enjoy themselves more if they can see and take part in base ball games. This winter we nearly won into the hockey finals. It wouldn't be possible to make a winning ball team in one year, but a few years work would do it and Digby should be a banner baseball town.

Let's call a meeting to talk baseball and get something started, even if it is only enough of a start to pay for the bats and balls and gloves that were used up years ago.

True Distinction

Beautiful Chevrolet
Chevrolet History

NOT merely to provide an economical mode of transportation has been the aim in the making of the Most Beautiful Chevrolet. But to provide a car at a low price, which would satisfy the most exacting tastes. True distinction is evident in every line of the Beautiful Bodies of the Chevrolet. Reimbursement and good value is reflected in the new 1927 models. In the rich, luxurious interior, in the handsome new radiator, in the massive full-width, body, in the fine quality hardware in the complete-ness of the appointments.

As there is the quality of the throughout in the appearance of the Most Beautiful Chevrolet in Chevrolet History, so there is the same quality in its performance. New improvements added to the smooth, powerful Chevrolet engine (the New A.C. Air Cleaner and Oil Filter, for example) offer definite assurance of longer life, better operation and greater economy.

The Most Beautiful Chevrolet in Chevrolet History is now selling at NEW and LOWER PRICES—the lowest for which Chevrolet has ever been sold in Canada.

Men Past 40 Should Read This

Must Old Age Mean Torture, Annoyance Embarrassment Worry Bladder Weakness Nervousness Getting-Up-Nights?

It is claimed that 7 out of 10 men near or past middle life are subject to Bladder Weakness, which, if neglected, may mean years of suffering and daily annoyance. First signs of such conditions may come in early life, but they are usually more noticeable after 40—pains in back, headache, nervousness, a feeling of weight in groins itching, burning, painful urination, too frequent calls and getting-up nights.

While serious, if neglected—it is ordinarily a simple matter to relieve these troubles by the pleasant home use of Dr. Scott's URATABS, which have been victorious in thousands of cases, after other treatments had failed.

No matter how serious or how long standing your condition may be, you can quickly prove the value of URATABS without risk of cost—for any good drug will supply you on an absolute guarantee of satisfaction or money back. If "URATABS" bring you quick and certain comfort, you will be greatly pleased. If they do not fully satisfy their use will cost you nothing. Try URATABS today!

Surprise Party

Mrs. Barrass was very pleasantly "surprised" on Monday evening by a number of her neighbors and young friends, who presented her with a patent leather hat box as a souvenir of her birthday, and a token of friendship of those who were present.

Navigable Waters Protection Act

R. S. C. Chapter 115

CANADIAN GYPSUM COMPANY LIMITED hereby gives notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa and in the office of the District Registrar of the Land Registry of the County of Annapolis in the Province of Nova Scotia a description of the site and the plans of a wharf and of a breakwater at Pinkney's Point, Bear River, in the County of Annapolis, proposed to be built in the Annapolis Basin at Pinkney's Point, and in the County of Annapolis bounded and described as follows:

All that certain lot and piece and parcel of land situate at Deep Brook aforesaid and bounded and described as follows: Commencing at that point on the Northwesterly side of the right of way occupied and operated by the Dominion Atlantic Railway Company where the Northwesterly line of lands of the Estate of J. D. Spurr deceased, intersects the said right of way at the Railway fence, thence following the Northwesterly side of the said Railway fence, in a Northwesterly direction along the several courses thereof to land of one Dittmar thence North two degrees Eleven minutes East to low water mark in the Digby Basin, thence in a Westwesterly direction along low water mark, the several courses thereof to the Northwesterly line (projected) of lands of one Alice G. Smythe, thence south forty eight degrees fifty eight minutes East along the said line and the easterly line of lands of the said estate of the said J. D. Spurr deceased, to the right of way of the Dominion Atlantic Railway Company at the place of beginning and containing FIFTY TWO ACRES of upland and THIRTY TWO ACRES of Water lot more or less.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, the CANADIAN GYPSUM COMPANY LIMITED will under Section 7 of the said Act apply to the Minister of Public Works at his office in the City of Ottawa, for approval of the said site and plans and for leave to construct the said wharf and breakwater.

DATED at Windsor this 25th day of February A. D. 1927.

CANADIAN GYPSUM COMPANY LIMITED.

We're Off

The race is on. Thousands of young people are entered. The goal is achievement. Many runners are on their course—but some have not yet started.

This is a real race. The winners will be those who start right and keep going. The losers, who either do not start at all or who go without proper preparation. What are your prospects in this great race?

MODERN BUSINESS COLLEGE
ST. JOHN
UNITED WITH SUCCESS
BUSINESS COLLEGE—Moncton

Nova Scotia

Accident. The hand of Evangeline Grest once more the Spring. She has been sad, and old and white. Her rivers frozen, her nights frosty and cold.

Her birds still and her children old. May will be here and happy she'll be. To deck forest, flower and apple tree. The pear blossoms, the humming bee. The clover, daffodil, violet, forget-me-not. Will be signs of spring she long has sought.

Her waters swell, her meadows seem. Like ponds in the Spring floods; The sap is running from the maple trees And Spring is whispered on the breeze; And yet we grow angry with the land we have.

Here and say, "Living in Nova Scotia is dear. We'll pack up our grips and visit U.S.A." Alas! we come back again with hearts less gay.

And say to our mothers, sisters and friends "Nova Scotia for us till life shall end."

Harriet Greene.
(Age 13 years.)

My Bedfellows

When every night I go to bed, I place dear Bunny at my head; I fix dear Teddy at my toes To keep away those dreadful foes.

My Bunny's suit is blue and red, And folks have really often said That they had never seen quite such a dear.

In all their travels far and near, My Teddy's face is oh! so sweet! And just like wool at his tiny feet.

My Teddy runs across the floor And tries to open the pantry door.

My folks at home say it is folly, I'm far too big to have a dolly; But I still take them both to bed, No matter what the folks have said.

Aileen Fullerton.
(Age 12 years.)

Bear River

Could God have made a more beautiful place. Its rolling hills, its marvel grace. The magnificent river flowing to the sea. Does not to people send a prayer to thee?

The birds fly from their nests in the hills, Seizing the breeze and over the hills, Behind the hills the sun sinks low. And from the sky the Hesperus flows.

When morning comes with its bright blue sky And people are awakened by the blue day's eye.

The men get ready and are off to the lands. To return at night with sun-burnt hands.

And now my tale is ended, of this pretty little town, Seated in a little valley with a picturesque renown.

It is the most beautiful place ever known in the land, No wonder people call it, "Nova Scotia's Switzerland."

Henry Romans.
(Age 14 years.)

Baseball

The first baseball game of the season took place on Oakdene diamond on Monday afternoon between Grades V & VI and VII & VIII resulting in a victory for Grades VII & VIII with a score 6-4. The teams were:

Grades V & VI—Clifton Stewart, catcher; Bernard Frazer, pitcher; Harry Hill, 1st base; Watson Peck, 2nd base; Clayton Hirtle, 3rd base; Lambert Marshall, Short stop; Donald Cousins, fielder.

Grades 7 & 8—Wilson Ford, catcher; Allen Wentzell, pitcher; Henry Romans, spare pitcher and 3rd base; Malcolm Parker 1st base; George Davis, 2nd base; Woodford Davis, short stop.

Local and Personal

Jas. Connell, who has been relieving at the Royal Bank for the last month, left Saturday for Halifax, spending the week end with his family at Round Hill en route.

Mrs. Moore of Weymouth is the guest of Mrs. Mary Hubbard.

The Ladies Aid of the United Church met Tuesday afternoon at the home of Mrs. Baxter.

Mrs. John Roop spent several days this week in Clementonport.

Rev. F. M. Milligan is holding training classes this week and next for leaders in young peoples work. These training classes are very beneficial and a source of inspiration to Sunday School teachers and are being attended by members of the different churches in town in a true community spirit.

Mr. and Mrs. Banks are spending a few days in Middleton.

Capt. Koop of the Canadian Britisher is clearing from Halifax on Friday the 24th for Louisbourg where he will take to coal and complete his cargo with barbed wire before sailing for New Zealand.

After passing through a successful operation for appendicitis at the Victoria General Hospital at Halifax, Carl Parker is expected home in a few days.

Chief Customs Inspector Lovett and G. S. Harrington, of Halifax, were in town on Monday making the regular annual inspection of the local Customs Office.

Albert Benson and J. H. Cunningham made a flying trip to Meteghan last week and while there visited the shipyard and Marine Slip of the Meteghan Shipbuilding Co.

Obituary

BEATRICE HILL

The death of Beatrice Hill occurred at the home of her parents: Mr. and Mrs. Benjamin Hill on Tuesday, after a lingering illness of several months. She leaves beside her parents, six sisters and three brothers. The funeral services were conducted by the Rev. E. J. Barrass. The floral tributes were very lovely among them being a beautiful one from the pupils and teachers of Oakdene school.

Bear River East

Glad to report Cleveland Jefferson is able to be around again.

Mr. and Mrs. Norman Soule spent Sunday with Mr. and Mrs. G. M. Ruggles.

A dance was held in Stewart Buckler's house on Wednesday evening under the auspices of Reginald Buckler. A goodly number attended and a good time was reported. All were unanimous in their praise of the well waxed floors.

Miss Alice and Anabelle Duke-shire left on Monday for Digby where they will be employed for an indefinite time.

Presentation to Choir Leader

On Thursday evening the members of the Bear River United Baptist choir met at the home of Mrs. Ralph Purdy and tendered a surprise party to the Choir Leader Mrs. Laura Litchfield.

An interesting program was rendered after which Mrs. Litchfield was presented with a piece of gold as a token of the esteem in which she is held by the members of this organization. Dainty refreshments were served by Mrs. Purdy and a short session of Chorus singing by the choir brought their delightful occasion to a close.

Sketch of Bear River

In order to get the full history of Bear River we must go back 33 years. On Jan. 13th, in the year 1613, Captain Simon Imbert with a supply vessel, while in Annapolis Basin, was caught in a fierce snowstorm. In order to get out of it they took refuge under the lee of what is now called Bear Island.

He was very much attracted by the place, and after taking the supplies to the French fort at Annapolis, he returned. Just back the island he discovered the mouth of a large river, which he explored for several miles. Afterwards settlers were also attracted by the place and settled along the banks of the river. At first they called it Imbert, but later they changed it to Bear River.

The first people to settle in Bear River were from Granville, Annapolis and Digby. The next to come were the Loyallists.

Bear River is noted for its cherries and perhaps it will be interesting to you to know the first trees were brought here from England in 1730, by William Sutcliffe. Every year there is a cherry carnival held. On this eventful day crowds gather from far and near to witness parades, sports of all kinds, and to enjoy a regular feast of cherries.

The community is served by five churches—United Church, Baptist, Episcopal, Advent and Catholic. A little out of town is an Indian Reserve where some fifty Indians reside.

Bear River is noted for its winter sports. Amongst these are—Skiing, tobogganing and coasting.

The tourists have named Bear River, "The Switzerland of Nova Scotia," for it is one of Nature's favorites for beautiful scenery.

ALBENE FULLERTON
Bear River, March 2, 1927

—OO—

Mr. and Mrs. John Thompson have moved into the Harry Mason house on a river road and will reside there for the summer.

Miss MacDonald, R. N., of Dept. of Indian Affairs, was a week end guest at the Commercial House.

The Ladies Circle of the United Baptist Church met at the home of Mrs. C. D. Rice on Tuesday evening.

Mr. and Mrs. J. R. Moore of Matland, Hants Co., arrived in town last week. They are at present guests at the Grand Central. Mr. Moore has taken over his duties as Manager of the Royal Bank in town.

At the special meeting of the Barass Bible Class held on Monday evening the Class authorized the Stewards of the Pastime Club to proceed with improvements in the Club Gymnasium. The funds received from the recent Pic Sale are sufficient to permit the Gymnasium to be fitted up for Volley Ball and other sports requiring a floor space clear of posts.

Rev. Frank Milligan will occupy the pulpit of the United Church the next two Sundays, since Mr. Mack is taking a rest cure. We wish him a speedy recovery.

We are glad to report Miss Edna Peck, who has been confined to the house for the past week with a severe cold, is able to resume her teaching.

St. John's Guild met on Thursday afternoon at the home of Mrs. Alfred Porter.

Sewing Party

The members of the Woman's Institute enjoyed a very pleasant sewing party at the home of Mrs. Cunningham on Friday afternoon. Mrs. Cunningham and Mrs. MacIntyre being joint hostesses. A silver collection was taken for the benefit of Institute funds.

Mrs. H. C. Anthony will be hostess on April 1st for the next sewing party of the series.

Her Kidneys Were in Pretty Bad Shape

Manitoba Lady Tells of Benefits Received From Dodd's Kidney Pills.

Mrs. J. D. Beattie, in a Few Weeks Gives Reason Why Dodd's Kidney Pills Are So Popular.

Minnetta, Man. Mar. 21 (Special). "My kidneys were very bad and I was as though I did not want to do anything but sit around. I thought that I would try Dodd's Kidney Pills, which I did and they helped me very much. After taking two boxes I began to feel well again, now my kidneys are fine."

What Mrs. Beattie states is all that has ever been claimed for Dodd's Kidney Pills—that they are good for sick kidneys. The road to good health lies through the kidneys. If they are kept strong and well, all the impurities are strained out of the blood. If they are weak and out of order the impurities stay in the blood and disease is the sure result.

Dodd's Kidney Pills keep the kidneys in good condition to do their work of cleaning and purifying the blood. Weak, nervous, run-down women should give Dodd's Kidney Pills a trial, once.

NEW TELEPHONE DIRECTORY

A new issue of the Telephone Directory for the Western District is in course of preparation and lists will be closed on April 9th.

The Directory serves our subscribers in "The Valley" (including Brooklyn, Clarksburg, Hantsport and Windsor in Hants County) and in Digby, Lunenburg, Shelburne, Queens and Yarmouth Counties.

Persons who wish to become Telephone Subscribers at this time and Telephone Subscribers who want changes made in their listings are urged to send in their orders to our nearest business office at once, and at all events not later than April 9th.

We cannot undertake to give effect in the new issue to orders received after that date.

Advertisers who wish to avail themselves of the opportunities for effective, yet low priced, publicity afforded by use of space in the new issue are requested to communicate with our nearest business office.

Realizing that the average tourist looks upon the Telephone Directory as an unfailing source of information, we have decided to include a special Tourist's Guide Section in the coming issue of this book.

Advertising space in this section is now on sale and can be obtained by application to our nearest business office.

THE MARITIME TELEGRAPH & TELEPHONE COMPANY, LIMITED

Come to the Carleton!

IN THE COURT OF PROBATE

IN THE MATTER OF THE Estate of Peter U. Gaudet late of Concession in the County of Digby, Farmer, deceased.
To: Telephone Gaudet, Leon Gaudet, Benjamin Gaudet and Louise Gaudet, all of Concession in the County of Digby and Province aforesaid; Charles Gaudet of Boston, Mass., U.S.A.; Celeste Theriault, of Beverly, Mass., U.S.A.; Agathe Babin, of Boston, Mass.; Edith Belliveau, of Church Point and Elizabeth Thibault, of Groves Coques in the County and Province aforesaid, being the heirs, next of kin and devisees of the said deceased.
WHEREAS the said Elizabeth Thibault, daughter of the said Peter U. Gaudet, late of Concession in the County of Digby, Farmer, deceased, who died on or about the 31st day of October, A.D. 1925, at Concession aforesaid, has presented her Petition to the Court of Probate at Digby, praying that a citation might be issued requiring Isaac H. LeBlanc, executor of the said Peter U. Gaudet, to have the last Will and Testament of the said Peter U. Gaudet proved in the solemn form of law and its validity determined, and upon such Citation an Order was made by said Court on the 29th day of October, A.D. 1926 requiring said executor, within twenty days, after service of said order upon him, to take out a Citation to have said Will proved in solemn form of law and its validity determined, and the said executor in compliance with the said Order has now applied for a Citation requiring you the above named heirs next of kin and devisees, to appear at the Probate Court at Digby, on Tuesday the twelfth day of April, A.D. 1927, at the hour of eleven o'clock in the forenoon, when the said Isaac H. LeBlanc executor at aforesaid, will proceed to prove in solemn form of law the Will of the said Peter U. Gaudet deceased, which was admitted to Probate in common form in the Probate Office at Digby aforesaid on the 26th day of November, A.D. 1926.

YOU ARE THEREFORE REQUIRED to appear before Judge Grieson presiding at the Registry of the said Probate Court at Digby in the County of Digby on the twelfth day of April, A.D. 1927 at eleven o'clock in the forenoon with the said Isaac H. LeBlanc the executor named in the Will of the said Peter U. Gaudet, deceased, will proceed to prove said Will in solemn form of law, and to have the validity of said Will determined by said Judge.

Given under the seal of the Court at Digby aforesaid this eleventh day of December, A.D. 1926.
Frank Jones, Solicitor for the said Isaac H. LeBlanc

"Cal" Jordan Here
Enroute to Kentville

"Cal" Jordan, former manager of the Columbia Hotel in Digby, now known as the Excel Inn, was visitor in Digby on Friday and Saturday enroute to Kentville to visit his people who are residents of the Gasperaux district. While in Digby Mr. Jordan made his headquarters at the Winchester and spent the days in renewing old acquaintances among Digby people.

In 1897 Mr. Jordan took over the management of the old Roy's hotel, which he operated for number of years. He was in the Town Council from 1902 to 1906 and again in 1922-1924. During his terms as Councilor Mr. Jordan took an active part in matters relating to civic welfare and there were lively days, as he liked to tell about, in the Council at that time.

"Nature made Digby the most wonderful tourist spot in all Eastern Canada and the United States," is Mr. Jordan's opinion, but the people in it are not alive to the possibilities. If the methods of advertising for tourists adopted by the cities of British Columbia were adapted to local needs and an energetic campaign covering a period of several years was got under way a great benefit would be derived by a whole of the Annapolis Valley. Vancouver, New Westminster, and other cities of British Columbia are combining to spend thousands and thousands of dollars on tourist advertising and Digby should lead in the beginning of a similar campaign in Nova Scotia.

Mr. Jordan, back in the '80's, was a prominent boxer in the Maritimes, boxing as junior welterweight. He met (White) George Godfrey twice in St. John, boxing in Jack's Hall and the Lansdowne Arena as well as boxing an exhibition in Victoria Rink.

Many old time boxing fans will recall his sensational bout in St. John with Ginger White of Halifax, who outweighed Jordan by 50 pounds and with Sgt. Major Kelly, who tipped the beam around 180. At the present time Mr. Jordan is boxing instructor at the Armory Athletic Club in Vancouver.

In Dover Acquitted

At the conclusion of a hearing before Magistrate Hayton on Saturday, Phillip Dover, prominent street stock salesman, accused of three thousand dollars securities, from Major Dale of Digby, was honestly acquitted, error, entirely unintentional, with possibilities of disgrace, miscarriage of justice, had acquiescing to the magistrate, placing innocent man in a terribly ward predicament and he was by that the evidence of the cases completely and positively exonerated the accused.

October last Mr. Dover was by on business. He called Major Dale, just at tea time and with him only a few minutes.

Later two other salesmen, the Major and after their loss of three thousand dollars securities was discovered. Attorney General's department was notified and after litigation, during which the majority of all three salesmen was named, the department advised police authorities at Moncton to hold Phillip Dover pending a charge of theft. Mr. Dover was called to headquarters and bearing the reason for summons and on the advice of a police prepared to come by without waiting for a ticket. At his own expense for a taxi, accompanied by Mrs. an officer of the Montreal department and two associates Dover came to Digby by Halifax, where he was joined by L. McKinnon, K. C.

witnesses were called at the house of Miss Augusta Amero, Dale's housekeeper, David his grandson and Mr. Vinaxi driver. Miss Augusta and David Dale stated that Dover was not one of the men who had called together to the discovery of the securities and identified not being connected with evidence that Mr. Dover gave evidence that Mr. Dover was not one of the two. During the hearing there were instances of amusement when Mr. Dover was required to make several changes in his attire in order to assist the witnesses in his identification.

Frank Jones, Crown prosecutor, represented the department and Mr. Dover was represented by Mr. McKinnon.

Port Wade

Ralph Hayden, who has been in Parrsboro the past few weeks spent the week end with his family here.

Archie McGrath arrived in this port on Saturday with another new boat for the scallop fishing industry. This trim little craft was built by parties at Hillsburn.

Miss Delta White of Yarmouth is spending a few week with relatives here.

Avare Johnson who has been employed in Saint John during the winter, arrived on Saturday for a short vacation with his parents Mr. and Mrs. George Johnson.

On the evening of the 17th a St. Patrick's Day Social was held at the home of Mrs. Howard Burk, the proceeds being used for the Baptist church. The decorations the contest games and the Irish melodies were all suggestive of the day and contributed towards a pleasant evening. The affair was well patronized.

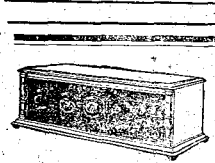

Mrs. Ernest Ellis and two children of Digby are visiting relatives here.

After a busy winter in the woods the men in the employ of the Port Wade Lumber Co., have returned home, reporting the largest cut of logs in the history of the company. James Snow, the manager, left on Tuesday for a business trip to Saint John.

ITCHING ECZEMA DRIED RIGHT UP BY THIS SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowles Mentho-Sulphur from any good druggist and use it like a cold cream.

Combined Choirs Preparing for Presentation of Easter Cantata

In preparation for the celebration of Easter tide, the combined choirs of the United Anglican and Baptist churches are practicing for the presentation on Tuesday following Easter of the Sacred Cantata, "The Easter Victory," a composition and setting of H. W. Pettie. The practices are being held under the direction of Mr. Alfred Boden with Miss Edrie Tibbs as organist and most pleasing progress is being made. The aim of those associated in the enterprise is to develop the musical talent of local people as well as can funds for the churches whose choirs are devoting themselves to the matter and only local singers will take part in the programme. The Cantata selected gives opportunity for excellent work and a real musical treat is promised.

FEW FOLKS HAVE GRAY HAIR NOW
Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it falls, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also helps keep the scalp and lustre and gives it an appearance of abundance.

NASH
Leads the World in Motor Car Value

Steering is never tiring—when you drive a Nash

A cheerful willingness to answer your hand on the wheel is one of the very first things you notice, when you drive a Nash.

In many ways, Nash has provided for the ease and comfort of the arms that steer the car. In getting into or out of a tight place at the curb you will particularly notice the slight effort needed.

When you turn a corner, you'll welcome the shorter wind-up of the steering wheel.

In an emergency, this short turn of the wheel means quick responsiveness—and an accident averted. Nash steering is easier—faster—less tiring on the arms and wrists—infinite safer in dense traffic.

Nothing has been spared to build a more delightful car to drive. This steering mechanism is, beyond question, the most expensive type built today for cars in the Nash price field.

Like the steering, every detail in the car reflects the Nash determination to lead the world in motor car value.

Another instance of the outstanding excellence in Nash design is the 7-bearing motor—without a doubt the smoothest type in all the world.

Nujol type of treatment not habit-forming... physicians said!

RECENTLY we found that doctors prefer the Nujol type of constipation treatment for six distinct reasons. The chief of these is that it is not habit-forming. Most laxatives and cathartics are. We quote from actual reports taken at random from hundreds of questionnaires.

Doctor's Advise Nujol
Eight doctors out of every ten told us they were advising the Nujol type of treatment for their patients in place of laxatives and cathartics for these reasons:

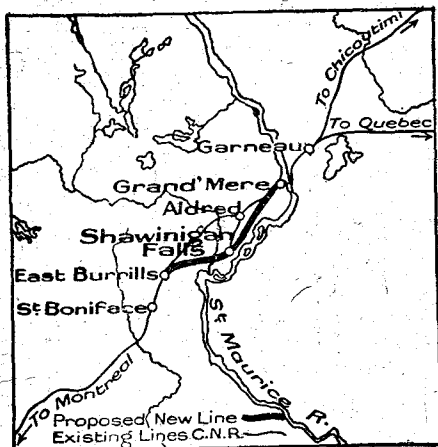

1. Nujol is not habit-forming.
2. A more natural method.
3. A lubricant is better than a laxative.
4. Does not irritate.
5. Is not harmful.
6. Nujol gives instant relief.

Unlike Laxatives
Laxatives and cathartics act by irritating the intestinal tract. They cause the bowels to be frantically expelled the contents of the intestines and thus rid the system of the drugs that pills and potions contain.

Nature-given Remedy
Nujol appeals to the medical man because it is a simple, scientific and safe remedy for constipation, no matter how severe the case may be. It is gentle in its action, and pleasant to taste. Children love it. Get a bottle of Nujol from your druggist today. Doctors advise it for constipation, whether chronic or temporary. Avoid substitutes.

Two Homes Burned in Early Morning Fires

Suspected Incendiarism Destroys Two Houses At Joggin Bridge

Suspected incendiarism was responsible for the destruction of two houses at Joggin Bridge in the early hours of Wednesday morning. Shortly after midnight fire broke out in the house of Erin Hawkins. Joggin Bridge and about three hours later the house of Mrs. Mary Christmas was also destroyed. Both owners are absent in the United States.

Mrs. Christmas conducted a general store adjoining the house and this also was destroyed. The furniture contained in the residence included many fine pieces a piano, Victrola and other comforts. During last year several hundred dollars were spent on improvements to the property and the loss, though probably partially covered by insurance will be heavy.

Mrs. Christmas was a popular hostess at informal affairs during the summer months.

Neighbors who visited the scene of the fires report moose tracks in the snow and it is supposed that some person who has a grudge against the property owners destroyed their homes.

Power House Equipment In Place and Main Lines All Ready for Turning On Of Power

The plant and transmission lines for hydro are all ready for the final tests to be made before the equipment is accepted for the manufacturers and contractor. The test will probably be made on Monday, or sooner and if all is well the power will be turned on.

It is proposed to operate the plant during the hours of darkness only for a short time in order to permit fishermen to work on the line during secondary services and making such changes as are found to be advisable.

Plans Amendment To Pension Scheme

When the old age pensions bill came before the Senate for second reading Senator Beaulieu gave notice of an amendment which he proposed to move which would have the measure referred to the banking and commerce court of the upper house with a view to placing it by a contributory system of old age pension. Under Senator Beaulieu's proposal, the beneficiary and the government would each contribute fifty per cent, for the first twenty years, after which time the system would be entirely contributory.

Home For The Summer

W. H. Farham, M.P. P. and Mrs. Farham, who have been in Halifax during the sessions of the Legislature, have returned home to Digby and have opened their home on Montague Row. Mr. Farham arrived on Friday and went to Sheffield Mills on Saturday to spend the week end with Mrs. Farham who stopped off there to visit Mrs. Percy Rand.

Mr. Farham was particularly pleased with the work of the session at Halifax and commenting on the fate of the resolution advocating government control of liquor sales, said that the changes could not be of benefit until the Federal government revises the duty on alcohol and spirits. Government Control under present conditions would not put the smuggler out of business and the provincial government in deferring action had in mind bringing pressure to bear upon the Federal government a reduction in the duty which would first put the smuggler out of competition.

Local and Personal

You will find a nice assortment of Cretonnes and Curtain Nets at B. J. Roop's.

Ronald Coleman

and a star supporting cast
in a great feature

The Sporting Venus

Also great 2 reel Comedy

Hubby's Little Name

20c and 30c

Annapolis Whips Wrens

In a post winter game, when sensible people have given up even thinking about hockey, the Ravens got their feathers trimmed by Annapolis at the Royal town on Wednesday night. It was so long since winter that even the referee forgot what he used to know, or should have known about the game, except when it suited him, and the Ravens couldn't get an even break no how.

This was the seventh game with Annapolis this winter and the first hick in two years, and it don't count anyway, because this is Spring, when Baseball is KING.

ATHLETES!

Minard's will limber up stiff muscles and sore joints. Use it for a rub down.

Hearing of another person accused of being implicated in the theft of securities from Major Daley, which was to have been held on Wednesday is further delayed because of the non arrival of the accused. An officer of the Attorney General's department went to Montreal last week to bring the man down but so far has not arrived. He is expected this morning.

Inspecting Lighthouses

Inspector Breen of the Department of Marine and Fisheries has been making an inspection of the Lighthouse of Digby County this week.

Going Home to Join Up

Three Chinese, enroute to Hong Kong, passed through Digby this week in charge of inspector Brennan of the Dept. of Customs. They will arrive home in time to take a hand in the little war that China is putting on.

Murder In New York

The murder took place at New York on March 1st of Miss Nellie V. Perry, the wife of Basil and Mr. William V. McKenzie of Boston.

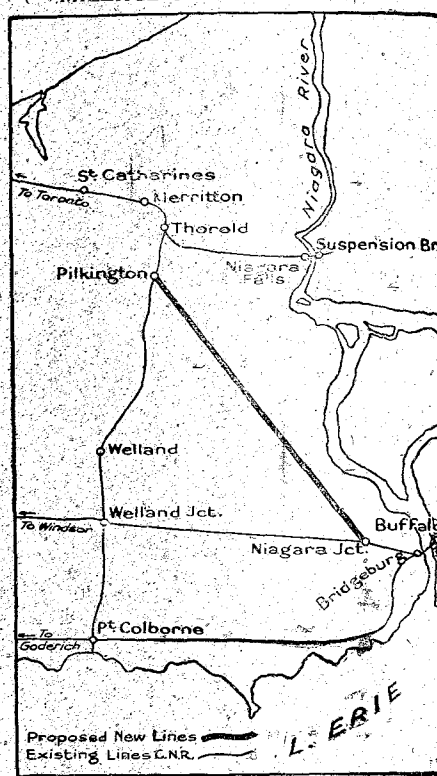

Thieves Make Two Breaks Stealing Supplies and Cash

"Taking time to be for a kick", as it were, and precautions against the day when hydro will prevent working under cover of darkness, thieves on Saturday night broke into two stores.

The first entry was through the pan window of the store of Edward Theriault where a quantity of canned goods and general merchandise was stolen. With supplies laid in to last quite a little time the thieves turned to a search for cash and at Grosses' broke into the store of Edmund Melanson, looting the cash box and clearing off with the day receipts.

These are the first robberies reported in the district for some months. No clue as to the identity of the burglars has been traced.

NEW C. N. R. LINE WOULD REDUCE MILEAGE TORONTO-BUFFALO

Weymouth

Mrs. Glidden Campbell and little daughter Margaret have returned from Saint John where they have been visiting relatives.

Mr. and Mrs. L. Holden are ending a few days of their honeymoon with Judge and Mrs. Grier.

Mr. and Mrs. Floyd Snow returned to Digby Sunday night after spending the week end with Mrs. Snow's sister, Mrs. E. Hanksinson.

Sydney Jones is here from Hantsport on a short business trip.

L. H. Potter, manager, Royal Bank here, went to Yarmouth Tuesday where he delivered an address on "Precepts and Practice" at a meeting of Scotia Lodge.

George Hanksinson returned from Boston Tuesday where he has

spent two weeks on a business trip.

The steamer "Aslang" sailed Wednesday after completing its cargo of pulp, shipped by the Clyde and Sissiboo Pulp Company Limited to New York.

A. S. MacCoy is in town on business in connection with the Clyde and Sissiboo Pulp Company.

Sergeant Smith leaves Thursday after conducting a six week's signalling course here.

Two Carloads of Tobacco Leaf

Heavy freights both ways are the order of the day with the C. P. R. steamer Empress. On Wednesday she brought two carloads of Canadian leaf tobacco for export to England, the second shipment to come by way of Digby in a week.
