## First Scallop Catch of Season Made Yesterday

Although the first day of the 1946-47 scallop dragging season saw the entire fleet tied up at the wharves and not a drag overside or a scallop landed, the second day, yesterday, was a good day for fishing. Long before daylight the boats began leaving their moorings for the fishing grounds and by eight o'clock in the morning only two or three boats were left tied up at the wharves. These boats are not completely fitted out as yet. At the time of going to press none of the boats have returned from the scallop grounds so we cannot say what the results of the first day's fishing are.

Early Tuesday morning, the dozen or more boats loosened their moorings and sailed out through the Gut into the scallop grounds of the Bay of Fundy, but the waters of the bay were too boisterous to risk dropping drags overside to rake the ocean's floor a hundred fathoms or more below, and before eight o'clock the boats were all back at their berths.

Twenty-six boats were tied up on the inside of the spur pier. As many more are tied up at other wharves in Jew Cove and

the Racquette and in addition scallop draggers are also berthed at various piers and breakwaters at smaller Annapolis Basin, Bay of Fundy, and Digby Neck ports and harbours.

Captain Roland Wormell's veteran "Gonac" all refitted and repainted is among the boats tied up at the Racquette "just a-rear-in" to go. It will be recalled the Gonac was declared a total loss last February when she caught fire while taking on gasoline. Badly burned and torn apart by the explosion which followed the fire the Gonac was later completely rebuilt and refitted and is now ready for action.

Several draggers arriving back in port late in the afternoon reported small catches. Only a few drags were made due to the rough sea. Several boats made only test drags to try out equipment. Price at the opening of this year's season is fifty cents a pound plus containers. Shipments are being made to Halifax and Yarmouth for fresh sale or cold storage. Due to the boat being off no shipments of fresh sea scallops are going to the American market.

## Digby Kiwanians To Incorporate

C. W. Smith, Secretary-Treasurer of the Kiwanis Club of Digby, was instructed to take steps for the incorporation of the club under the laws of Nova Scotia. Decision to incorporate was reached at a meeting of the directors which followed the regular supper meeting.

Incorporation of the club is necessary in order that the club may purchase a tract of land near the Racquette Bridge where they intend to construct a swimming pool. Decision to purchase the land from T. S. Matheson was reached some time ago. A number of functions will be sponsored by the club in the near future to raise money for the swimming pool project.

At this directors' meeting it was also decided to change the night of meeting from Monday to Thursday.

## Digby Sea Patrol Makes Catch

Police Chief Thibeault and a juvenile delinquent engaged in a neck and neck race late Tuesday afternoon. The chief first spied the youngster near the D. A. R. Station and gave chase. When they passed the Courier office the boy was only a few steps in the lead with the chief gaining.

Taking a look over his shoulder, the youngster saw his chances were slim so he leaped over the abutment and took to the water. He swam out to the Maritime Fish Company's wharf and climbed in under the piling. Chief Thibeault, unable to stop, continued the chase a short distance out into the water but returned before getting in too deep.

Last reports on Tuesday evening showed the youngster still safely ensconced under the wharf while the chief waited for the tide to go out to make his arrest.

**FLASH!!** At the time of going to press it was reported the police dragnet had succeeded in rounding up the youthful suspect. He arrived at his home shortly after four o'clock Wednesday morning and was placed under arrest some time later. His case will be heard in police court this morning.

Hospital, Cornwallis, is one of the 14 Maritime men included in a list of awards to be made to more than 200 Canadian officers and soldiers by the Belgian government. Captain Cossaboom is to be made Chevalier of the Order of Leopold II, with Palm and Croix de Guerre, 1940.

## Grand Old Ladies Get Around

Mr. and Mrs. James Johns of Port Wade recently had as their guests Mrs. Johns' two aunts, Mrs. Hetty Sanderson of Newton, Mass., who is 87 years of age and her sister, Mrs. Roxanna Sabine of Riverdale, Digby County, who is 93 years of age.

These remarkable old ladies have been touring the province alone, and are enjoying the best of health, have good eyesight, good hearing, and when it comes to walking—do they have to look for support from a cane? Oh, no, not these two—they can walk off as spry as anybody.

Born at Barton, Digby County, they are daughters of the late Mr. and Mrs. Samuel Ring. Two brothers are also still living, Leonard in Freeport, N. S. and Rolland in Salem, Mass.,

Mrs. Sabine has a family of eight children and Mrs. Sanderson has a family of four children. They both have a number of grandchildren.

Seldom do we have the pleasure of meeting such grand old ladies. They are planning to visit Port Wade next year. May God bless them and watch over them so that they may be able to return again.

Mr. and Mrs. Vernon Haight and family of North Range were guests of Mr. and Mrs. Harold Minard recently at Mount Rose.

Mrs. Frank Haight and daughter of North Range visited her sister Mrs. Guy Brown recently at Mount Rose.

## 161st Anniversary of Trinity Anglican Parish

Sunday September 29th, was a memorable day in the history of Trinity Anglican Church for on that day the church marked the 161st anniversary of the formation of the parish of Digby.

One hundred and sixty-one years ago, in 1875, on the feast day of St. Michael and All Angels, a meeting of the Anglican people of Digby was called for the purpose of forming Digby into a separate parish and sending out a call for a clergyman.

Previous to that date, Digby had been administered from the ancient parish of Annapolis Royal. The first sermon in Digby was preached in 1783 by Rev. William Buedenell chaplain of His Majesty's Ship, "Atlanta", which under command of Admiral Digby, brought the first settlers from the State of New York.

The rector of Annapolis serving Digby was Rev. Jacob Bailey who made his trips to Digby by horse or across the Annapolis Basin by canoe. Services were held in the building later known as the Waverley Hotel.

This building was destroyed by fire several years ago.

The first rector of the new parish of Digby was Rev. Roger Vithers, who came here and began immediately to plan and work for the erection of a church and rectory. Many of the settlers had previously been parishioners of Trinity Church, New York, whose rector, Rev. Charles Inglis became the first Bishop of Nova Scotia. It was decided to name the Digby church "Trinity" in memory of the former home church. The corner stone was laid July 30, 1788 and the church was consecrated by the bishop of the diocese in 1791.

This building was replaced in 1878 by the one which now stands on the site of the original church. No special services were held to mark the anniversary yesterday but the present rector, Rev. F. B. Gaskill, drew the attention of the congregation to the long and splendid history of the church and expressed the hope it would continue to serve the spiritual needs of the people for many years to come.

## Smith's Cove Red Cross Does Good Work

On Friday afternoon, September 27th., the local Red Cross Branch met for its last weekly meeting, but during the fall and winter will meet monthly.

The society organized and began soon after the outbreak of war and during that time a great many articles have been made and sent to Halifax. Although the active members were few in number the following articles were accomplished:

783 pairs of socks, 239 sweaters, 143 quilts, 71 scarves, 549 handkerchiefs, 43 child's romper suits, 33 child's combination suits, 12 girls' dresses, 250 baby diapers, 14 boy's shirts, 27 nighties, 26 pyjama suits, 279 sterilized pads, 34 bed jackets 32 pairs women's knickers. Also miscellaneous articles such as mittens, gloves, wristlets for men and clothing for small boys and girls and babies.

Money has been raised in various ways by such things as local talent, socials, and entertainments which were put on by the Wrens and sailors from Cornwallis. This revenue was forwarded to headquarters to pay for materials used in making the articles mentioned above.

One activity to be continued this winter will be the regular monthly visits to the D. V. A. Hospital at Cornwallis. The packing of food boxes for Britain will also be carried out by several individuals during the winter months.

## 80 Year Old Hunter Gets First Deer

Burton Rice, oldest resident of South Range, Digby County, bagged the first deer to be killed in that area according to information that has reached this office. Mr. Rice's deer, shot soon after the season opened, was a big fat buck—and Mr. Rice is a man in his eighties!

Residents of South Range express the wish that some one would come along and shoot the big fat mamma bear and her cubs that have been prowling about the orchards in that vicinity these days. That may be another job for Mr. Rice—but whoever gets them, please remember the editor would enjoy a nice bear steak.

The Fire Department was called out Tuesday afternoon for a chimney fire at the home of Mrs. Celine Ward.

## Sea Cadets Entertained

Some sixty members of Sea Cadet Corps "Cornwallis" and their guests were entertained at a supper and party Friday evening at the former Navy League Hostel.

The party, which was sponsored by the Sea Cadet Committee was a most successful one. After a delicious supper of beans and brown bread and "all the fixin's" the boys and their guests played games and enjoyed a dance.

Present at the party besides the Cadets and their guests were members of the Sea Cadet Committee and the officers of the corps.

A great deal of the credit for the success of the party is due the fine efforts of Navy League President C. F. McBride and Mrs. McBride. These two worked unceasingly in making preparations and arrangements for the affair and handled most of the details during the evening of the party.

## Dorchester for Two Clare Youths

Mr. Justice W. L. Hall who presided over the fall session of the Supreme Court at Little Brook, passed sentence on Adellard Doucet, 21, of Concession, and Joseph Paul Comeau, 19, of Little Brook Station. Both were separately charged with "Robbery with Violence" in connection with the beating and robbing of Mrs. Rose Comeau, 74 year old Concession widow. The sentences were passed at the conclusion of the court session, Wednesday afternoon last.

Doucet was sentenced to seven years in Dorchester penitentiary. Comeau was sentenced to five years in the same institution.

Vincent Pothier, K.C., of Yarmouth, defence attorney, pleaded for leniency. E. J. Theriault, of Digby, representing the crown asked that Doucet be sentenced to at least ten years.

Both Doucet and Comeau had pleaded guilty to the charges.

Joseph Benjamin Gaudet, of Meteghan who had pleaded guilty to a manslaughter charge, arising out of the death of Enos LeBlanc in a highway accident, was sentenced to ten months in the Little Brook jail.

Mr. and Mrs. R. S. Searle of Saint John and Mr. and Mrs. Arch Kendall of Charlestown, Mass., spent a few days with James Searle of Joggin Bridge recently.

## TO BYRON BLACKFORD

"Ferryman: Byron Blackford" Digby "Courier" report of appointments in Polling District No. 13, Tiverton, at the Annual Meeting of the Municipal Council, 1920.

Dear "By":  
For thirty years,  
And more,  
You've been our genial  
Guide, Philosopher,  
And Friend.  
Where'er it was our fate  
To cross "Petite".  
In rain and sunshine,  
Fog, and snow and mist  
You've been our pilot true.  
Storms could not stay you;  
Nor tide and ice dismay;  
You've laughed and joked  
With us and made us feel  
The joy of Life.

And know a real Man.  
And, so, friend "By",  
When you pass on,  
A century from now,  
And Charon comes  
To ferry you across the Styx,  
You'll find waiting for you  
Upon the Golden Strand,  
With outstretched hands,  
A countless company—  
The women you have helped,  
The men you've cheered,  
The girls you've "teased",  
The children you have loved;  
And Heaven will be a fairer place  
To dwell  
And Nova Scotia a lonelier  
Land.

To journey through  
Because our faithful Ferryman  
Has gone!

T. F. A.  
Boston, February 27th., 1920.  
The above tribute to "By" Blackford was written by the late Thomas F. Anderson. "By" has just retired as ferryman over Petite Passage after sixty years of service.

## Boat Lay Off Affects Local Business

A marked difference in local business is felt through the temporary cancellation of the S. S. Princess Helene. Only 14 stevedores are at present working on the pier to handle freight coming around by rail to Digby and outside points. The remainder of the longshoremen are either on holidays or laid off until the boat resumes service. The office staff on the wharf is still on duty.

Local taxi men are finding a great difference in business especially during the mornings, with no passengers to carry from boat to train. The post office staff are also finding a big difference in their work—there are no boat mails to sort, however, mails from Upper Canada are coming around by way of Halifax on the afternoon train.

## Acclamations for Municipal Council

Nominations for seats in the Digby Municipal Council, Tuesday, gave acclamations to all candidates seeking office. Only one change is reported from the previous term, this is the election by acclamation of John W. Murley for the Brighton district, succeeding S. E. Woodman who did not re-offer.

Councillors elected are the following: Warden H. E. Chisholm, Bear River; H. W. Cossaboom, Sandy Cove; D. B. Kenney, Westport; Ernest L. Ring, Plympton; R. E. Jefferson, Culloden; H. B. Fitzgerald, Weymouth North; H. J. Lewis, Weymouth; William Woodman, Smith's Cove; B. F. Blackford, Freeport; Wm. Cossaboom, Tiverton, and Clarence Cornwall, veteran councillor for Rosaway.

## Vegetables for winter use

It's time to arrange for the storage of vegetables from the garden. Before putting in storage see that the vegetables are free from decay, disease, and damage caused by insects or rough handling. Store in a clean, cool ventilated part of the cellar. If the floor is of concrete sprinkle a little water occasionally to maintain the necessary humidity. Beets, carrots, parsnips and turnips keep best in sand.

PI iNes

We note the Yarmouth "Herald-Telegram" is participating in the comic battle of the comics and will be blossoming out with a colored comic supplement. While we have no objections to comics—in fact we enjoy them—we are old fashioned enough to believe they do not belong to the field of the home town weekly newspaper. In fact, we go so far as to regard their use by the home town weeklies as an admission the paper is not strong enough to build circulation by its own merits and initiative.

For some months the "Herald-Telegram" has been carrying two supplements headed the "Clare Acadian" and the "Shelburne Loyalist". These supplements are actually newspapers within a newspaper, and perhaps as a resentment to this move the Shelburne "Coast Guard" issued a section labelled the "Yarmouth Gateway". The "Gateway" is no longer included as part of the "Coast Guard" and we understand it is now given a separate circulation.

We have been asked why we have done nothing to combat the "Clare Acadian". Frankly we see no reason for doing so, for we have never regarded Clare as our territory. Geographically most of that section is much nearer the town of Yarmouth than to the town of Digby, and although our circulation in Clare has increased considerably over the past few years, and shows gains every year, we are safe in saying two Yarmouth weeklies outnumber us at least four to one in circulation through Clare. We promise, however, that when paper shortages are eliminated we will really do something to build up our circulation in Clare, but right now, in fairness to our subscribers and ourselves, we are devoting our attention to giving the people of Digby Municipality a bigger and better newspaper—and tremendous circulation increases in our own territory over the past few months are an indication we are accomplishing just that.

We cannot close without pointing out that much of the news material appearing in the Clare Acadian has been clipped from the columns of the Courier or reprinted material from the Halifax dailies that originated in our office.

Lack of housing should not be an excuse for the construction of so many of those little shacks that are now going up along the main highways and other prominent locations. Steps should be taken at once to stop the construction of these buildings. They are not only an eyesore, but are a menace to health, morals and morale.

Some of these shacks built for human habitation are no larger than those "one family three holers" found in the rear of many farm houses. Many are certainly not so well constructed.

Sanitary conveniences are practically non-existent and these shacks while they may fill a present housing emergency, promise to become breeding places of filth and disease.

**DIVIDE YOUR DOLLAR WITH YOUR NEIGHBOR**

Everybody has a certain amount of civic pride—that sort of pride which helps make a village a town, and a town a metropolitan city.

The growth of any community is dependent upon the support given its citizens. If you fail in your co-operation, your town either stands still or goes back.

If you uphold your town by sustaining it wholeheartedly, you help yourself and the community. Buy at home! Be neighborly with your dollar. Divide your dollars among your merchants and others who have the interests of Digby at heart. Help them and they will help you to greater values—for increased volume means decreased costs.

Digby needs your support and you need the support of the town. Let's get together and share our dollars for a mutual prosperity.

**Shortage of Water Shuts Down Plant**

Shortage of water in the Sissiboo River and lakes feeding this river is causing a shutdown in the power plants of the Digby County Power Board located at Sissiboo Falls. At present the plant is only operating at nights and power for the area served by the Digby County Power Board is being supplied during the day from the lines of the Nova Scotia Power Commission.

Last fall the Digby County Power Board made connection with the 46000 volt line of the N. S. P. C. which served the huge naval base at Cornwallis. This connection was made to take care of just such emergencies as has now arisen. The connection was made at Acaciaville, some five miles from Digby, where a sub-station was erected to transform the 46000 volts of the N. S. P. C. line down to 15000 to feed to the lines of the Digby County Power Board.

It is expected that the present water shortage will soon be relieved by the fall rains but during the present, uninterrupted service is being maintained by the connection with the N. S. P. C. lines.

Designed to give more than 20,000 men of the Canadian Pacific Railway on eastern lines "visual" education in general train, interlocking rules and safe practices, a theatre on rails has begun its tour of lines from the head of the Great Lakes to the Atlantic Seaboard. When schools re-open, children at divisional points will be invited to visit the car, in which have been incorporated all the features of a

modern theatre, and see films which will teach them to avoid trespassing on railways and to prevent crossing accidents.

Here J. C. McCuaig, general safety agent for eastern lines, is lecturing to a class of railroaders on the operation of block signals with the aid of light panels which give an exact replica of the signals' operation on the line. The rule in question is shown on the screen. INSET, N.

R. Crump, general manager for eastern lines, who conceived the idea of such a car, is speaking over the car's public address system describing the operation of the lighter panels to C. P. R. officials when the car was put on display in Montreal when it was turned out at Angus shops after conversion from a World War II hospital car. —Canadian Pacific Railway Photo.

## Recruiting Unit Here On Monday

A mobile recruiting unit of the Royal Canadian Air Force from Eastern Air Command Headquarters will be in Digby for one day, October 7th. Enquiries from ex-Airmen, Soldiers, and Naval Ratings as well as personnel with no previous military training will be welcomed by Flight Lieutenant B. L. Russell, who is in charge of the unit. F/L Russell of Yarmouth will be assisted by F/L F. S. Steele, Wallace, Cumberland County and F/S W. W. Coates of Amherst, N. S.

The higher rates of pay which came into effect October 1st and the generous service allowances and trades pay add up to good substantial incomes; opportunities for advancement are many; financial security is offered in a generous pension plan; and the Air Force opens the door to interesting new jobs as developments in aviation take place. At present openings are offered in a great number of trades including Nursing Assistant, Painter, Flying Controller, Seaman, Engineer Water transport, Fitter, Diesel, which require two years high school or documentary proof of the equivalent standard. For those who have Junior Matriculation or equivalent Technical School standard, the trades of Airframe Mechanic, Armourer Clerk Administrative, Equipment Assistant, Metal Worker Welder, Radio Operator, Safety Equipment Worker, Aero Engine Mechanic Electrician (Construction Engineering), Electrician (Aero), Instrument Mechanic, Meteorologist, Radio Technician (Air or Ground) are open and the Mobile Recruiting Unit will gladly answer queries.

On previous visits to Digby a number of keen, air-minded young men including A. J. Henderson, C. A. Forsyth, C. J. Dares, M. C. Harris, D. C. Foster, C. H. Kempton, C. W. Potter, R. L. Miller, C. O. Ogilvie, P. R. Pangborn, H. S. Berry, C. D. R. Corelli, have joined and are now taking initial training at Manning Depots at Portage La Prairie and Trenton.

Recruits must be of good character and have no record of an indictable offense; they must have passed their eighteenth birthday but not reached their twenty-sixth. The initial period of enlistment is for five years after which Airmen have the opportunity of re-engaging for a further five years. This opportunity recurs on completion of each successive five year period.

Announcement of location of the Mobile Recruiting Unit's office will be made when posters are distributed in prominent places.

National Newspaper week was observed by the Digby Kiwanis Club at their regular supper meeting at Jersey Farms Hotel. Kiwanian J. M. Wallis, associate editor of the Digby Courier, was guest speaker and spoke in the theme, "The Newspaper as a Public Servant". He stressed the part the newspapers, especially the home town weeklies, are playing in National and Community development.

Commenting on Mr. Wallis' address were W. L. Troop and C. M. Levy who spoke briefly on the accomplishments of the press and references to many ways in which the press can work for a better community. They were followed by H. M. Warne, president of the club, who made references to how greatly the public depends upon the press.

At this meeting the club expressed "farewell" to Kiwanian L. E. Shatford, who for the past four years has been manager of the Digby Branch of the Bank of Nova Scotia, and who this week leaves for North Bay Ontario, to where he is being transferred.

### Sports Club Hold Card Party

Les Canadiens Sports Club were enriched by the sum of \$70.00 when they held a successful card party at Little Brook Hall on Wednesday evening. Whist was played at ten tables. Besides this there were dart games, ring tossing games, "See the Queen" booth and a fish pond.

Several parties played auction forty-fives, and cribbage and music was furnished by local talent, which was enjoyed by those present.

Ladies' first prize was won by Miss Bibienne Pothier and the Gents' first prize by Pat Comeau with 31 and 32 points respectively.

This is the second in a series of card parties to be organized by the Sports Club for the purpose of raising funds for seasonal sports. Les Canadiens was chosen as the name of the re-organized sports club and many can recall Les Canadiens Hockey teams of former years when Church Point was in the Western Nova Scotia Hockey League with Digby and Annapolis.

With both summer and winter sports being discarded up to a few years ago in this district, an effort has been made to revive the interest in baseball and Hockey. The Les Canadiens Sports Club will endeavor to interest and promote general sports, for juniors and among the girls of the parish of St. Marys of Church Point:

It is proposed to encourage soft ball among the girls and younger ladies and when possible and when necessary facilities can be obtained, basket ball, ping-pong, and other games will be fostered.

For the present, the sports club will organize hockey among the Seniors and Juniors as well as the midgets.

## Housing Shortage Hits Jail

The housing shortage which continues to be very serious not only in Digby but throughout Digby County Jail. At present this institution is full to overflowing and Police Chief Thibault said yesterday if any more arrests are made emergency quarters will have to be found for the prisoners.

Digby seems to be experiencing a sort of juvenile crime wave. Several days ago a group of youngsters made a "clean-up" in one of the local stores during business hours. Hunting knives, trinkets and other novelties were taken as well as a quantity of other merchandise. Most of the loot has been recovered and it is understood no charges will be laid.

Several other cases of minor delinquencies have been reported involving juveniles and police are reported to be quite busy rounding up truants.

The police court is kept busy handling cases involving infractions of the Nova Scotia Liquor Act and several have received sentences up to thirty days for these violations. These cases, of course, all involve adults, who, as the saying is, "should know better."

## "On Anxiety Street there are plenty of neighbours."

"It's mighty decent of you, Harry, to take young Bill to school while I'm on my back," said Don.

"Yes, it's a real neighbourly act," his wife added.

"Think nothing of it," said Harry. "They say, you know, that on Anxiety Street there are plenty of neighbours. Certainly I've learned a lot about being neighbourly from the business I'm in."

Harry's business... the life insurance business... is founded on that very thing. It comes to the aid of anxious people in time of trouble or bereavement. Four million people have found that the surest way to peace of mind for themselves and their loved ones is to pool their savings and share in the benefits of a fund which pays out more than half a million dollars every working day to policyholders and beneficiaries.

Life insurance was designed to provide protection for the people through the people's thrift. During the war years its payments to policyholders and beneficiaries in Canada amounted to over One Billion Dollars. Thirty Million Dollars of these payments went to beneficiaries of those who had died on Active Service overseas.

Now you is a life insurance agent. Ask him for advice in planning your future. It is a good citizenship to own life insurance.

It behooves you to avoid long journey disasters before they happen.

A loose fan belt — plugged radiator — worn steering — lop-sided tires — slipping clutch — temperamental brakes — and many other things, may not have caused you too much trouble on short scoots around town — BUT they will become real serious when you get out on that long trip.

## Nova Scotia's Oldest Weekly Changes Hands

On October 1st Major James M. Cameron took over the management of the Eastern Chronicle of New Glasgow, Nova Scotia's oldest weekly. The Eastern Chronicle was founded in Pictou in 1827, and moved to New Glasgow nearly a century ago. The transfer of the paper brings to a close a fifty year record of ownership and editing by the Fraser family. The late James A. Fraser was the first member of this family to edit the Eastern Chronicle. He was followed by his son, Don F. Fraser, and upon his demise a few months ago, Miss Jennie A. Fraser succeeded her brother.

Major Cameron served with the Canadian Artillery retiring last January. Since then he has been engaged in his pre-war employment as city editor of the New Glasgow Evening News.

Elizabeth Raymond and Hilda Hubley of Centreville left on Saturday to visit relatives in Boston, Mass.

The bride was attractively attired in turquoise blue crepe and was attended by Lois Johnson, sister of the groom, gowned in pink crepe. Victor Daley supported the groom. A reception was held at the groom's home in the evening with several of the young folks of the community in attendance. ## Has Enviably Record of Saving Lives Off Coast

The entire parish of Grand Manan mourns the death of Captain Harry Harvey of Seal Cove who succumbed suddenly at Gilbert's Cove, N. S. He had been employed in the Digby area for several years as a fish plant superintendent. He was 73 years old, son of John and Nellie Harvey.

In 1912 he was appointed cox-wain in charge of the Shag Head Life Saving Station on Outer Wood Island, a position which he filled for 24 years. One of his outstanding achievements and that of his crew was the saving of seven men when the four-masted schooner "A. F. Davidson" was wrecked in December, 1926, while the vessel was en route from Port Greville, N. S., to New York with a cargo of spruce piling. A blinding northeast snowstorm prevailed at the time and the ship was pounded to pieces at Cow Passage, White Head.

During the first fifteen years of service, Captain Harvey and his crew rescued between 600 and 700 sailors made 170 trips from Seal Cove to Gannet Rock lighthouse at the mouth of the Bay of Fundy and 140 trips from Grand Manan to Machias Seal

Island, with supplies, besides numerous trips from the Island to New Brunswick mainland with patients destined for hospitalization.

Captain Harvey retired in 1936 and took up private work ashore. He was an ardent sportsman.

He is survived by his wife; five daughters, Mrs. Clayton French of Seal Cove, Mrs. Noel Cleland of Robinson Maine; Mrs. John French of Back Bay and Mrs. Preston Smith and Mrs. Paige S. Cook of Seal Cove; four sons, John and Crawford of Seal Cove, Glendon of Wood Island, and Percy of Big Duck Island; also by 22 grandchildren and three great grandchildren.

The funeral took place from the home, Rev. G. R. Symonds, pastor of the Reformed, Baptist Church officiated interment was at Inner Wood Island not far from the Life Saving Station at Outer Wood Island. The pallbearers were James Dagget, Fred Harvey, Leavitt Benson, Walter Benson and Elmer Wilcox, Fundy Fishermen.

Dr. and Mrs. W. R. Dickie are spending some time at their camp, Louis Harlow is accompanying them as guide.

## Princess Helene In Dry Dock

Temporary removal of the steamship Princess Helene from her Bay of Fundy run when she returned from Digby last Saturday, marked the end of the heaviest summer tourist season experienced by the Canadian Pacific Railway Company in the Maritimes.

While the Helene is in drydock being redecorated and overhauled there will be no C. P. R. service across the Bay of Fundy for a period of approximately ten days.

For the Helene it was the busiest summer for civilian travel that she has experienced since she was first placed on the run in 1930.

Her busiest week this year was the one ending August 31, when she carried 3,086 passengers and 295 automobiles northbound as tourists streamed home from Nova Scotia. In the same week 2,028 passengers and 241 automobiles were carried on the southbound run from Saint John to Digby.

Heavy travel was also experienced by the C. P. R. passenger trains which brought record numbers of tourists into the Maritimes.

The Boston-Saint John run was particularly heavy, one of the reasons being that the Eastern Steamships did not operate between Boston and Yarmouth and Saint John.

Canadian Pacific hotels in the Maritimes, the Algonquin at St. Andrews, N. B., the Pines at Digby, N. S., the Lakeside Inn at Yarmouth, and the Cornwallis Inn at Kentville, N. S. were filled to capacity through most of the summer.

Hotel managers said many of the tourists enjoyed themselves so much that they made reservations for next summer before they left for home.

In addition to the heavy tour. (Continued on Page 10)

## Digest of News of the Province

### Apple Export Starts

The Elysia, first freighter destined for Great Britain with apples from Nova Scotia, arrived at Halifax last week and began loading 13,500 barrels of the choice valley fruit. Not only the British Isles but also Newfoundland will soon have supplies of Annapolis apples. Stevedores are busy loading the S. S. Fort Amherst with 7000 barrels of apples bound for the Old Colony.

### For Sea Cadets

Speaking before a gathering of Navy League Committee members and Sea Cadet officers in Halifax recently, Premier MacDonald urged a stronger and more vigorous Sea Cadet movement. "Sea Cadet training," he said, "not only tends to make better citizens, but reduces criminal and juvenile delinquency, and makes better citizens."

### Warning Carried Out

A warning issued some months ago by Hon. J. H. MacQuarrie, Minister of Lands and Forests, that all big game hunters would be liable to fines and penalties for not making a report of their hunting activities showed its teeth with the summoning by the R. C. M. P. of six persons in Cape Breton charging them with violations of the Nova Scotia Lands and Forests Act.

### Polish Veterans Arriving

Polish war veterans will soon be in Nova Scotia to help ease the labor shortage facing farmers of the province. Hon. A. W. MacKenzie, Minister of Agriculture and Marketing announced recently. Of the 4000 veterans, all of whom have farm experience, approximately 100 will be allotted to Nova Scotia farmers who apply for their help. For those who wish to apply for their services information may be obtained from William Milligan, Farm Labor Director, Truro, the nearest National Employment office, or County agricultural representative.

### Attends Winnipeg Meeting

Hon. L. D. Currie, Minister of Mines and Labor, left for Winnipeg last week where he will attend a meeting of the ministers of mines of the provincial governments of Canada. On his return trip he will stop off at Montreal to attend the International Labor Meeting. On the trip to Winnipeg Dr. A. E. Cameron, deputy minister of Mines and Labor, and Prof. A. E. Flynn, Professor of mining at the Nova Scotia Technical College, accompanied the minister.

### Re-Opening Assured

Assurance has been given Hon. Harold Connolly said in a recent speech before delegates attending the Citizen's Rehabilitation Committee Conference at Kentville, that the Acadia sugar

refinery at Woodside will resume operations as soon as controls by the federal sugar controller are relaxed and world sugar supply improves. The minister said the provincial government had not let down in its attempts toward re-opening the refinery.

### Proper Management Urged

"By proper forest management we can maintain our position in the United Kingdom markets, though we are up against the keenest competition," declared the Minister of Lands and Forests, Hon. J. H. MacQuarrie, addressing a meeting of woods operators at Annapolis Royal. The minister urged the operators to become members of the Nova Scotia Forest Products Association and said his department was ready to help any progressive move to improve the lumber industry.

## Most Retailers Favor Monday Closing

The majority of retailers in all trade categories favor closing all day Monday, according to an analysis of early returns to a retail Merchants Association nationwide survey. The poll is an attempt to ascertain the most favored day for closing, according to A. G. Frame, national trade secretary.

At present retail stores close on various days or half days although Wednesday is still the main half holiday in most sec-

tions. However, it is felt that should the 40-hour week eventually be adopted for the retail trade, working hours will have to be adjusted, or else retail stores will have to remain closed one full day weekly. In that case, the advisability of uniform closing is being considered.

If all stores in the same area observed the same weekly closing period, it would be to the advantage of manufacturers' representatives, it is believed.

## MARRIAGE

**Comeau - Deveau**

A pretty wedding took place on September 24th in the Stella Maris Church of Meteghan when Right Rev. Msgr. J. E. Bourneau, D.P., F. V., pastor, united in marriage Elie Comeau, son of the late Joseph M. Comeau and Mrs. Adelle Comeau of Meteghan River, with Miss Therese Deveau, daughter of Mrs. Marie May Deveau of Meteghan Centre, followed by a Nuptial High Mass. There was a large attendance of relatives and friends. Mrs. Joseph S. LeBlanc was the organist and played the wedding march, and accompanied the singing of the Mass, directed by Arthur Robichaud and A. F. Hache with a choir of young school girls.

The bride looked charming in a long white dress and long veil supported by a coronet and accessories to match. Her sister, Miss Esthere Deveau, bridesmaid was dressed in pale blue with accessories to match. Little Josephine Deveau, the bride's sister, was flower girl, and Albert Comeau, cousin of the groom, was best man.

Breakfast was served at the home of the groom's mother and on their return from a motor trip to Yarmouth supper was served at the home of the bride's mother where they all spent a lovely evening. The newlyweds will live at the old homestead of the groom with his mother at Meteghan River.

## METEGHAN HAS FIVE ACCIDENTS IN WEEK

Several accidents occurred at Meteghan last week. Thursday morning Laurie d'Entremont fell from the breakwater about 12 feet into a fishing boat. Mrs. Cora Saulnier of the Royal Hotel fell from the cellar stairs in the evening. Mrs. Wilfred Comeau fell from a stepladder and on Friday afternoon Mrs. Dan Saulnier fractured her right elbow by a fall outdoors, and Stanis Saulnier had a broken leg while unloading salt from a vessel at the wharf. All those injured are doing fairly well.

Mrs. John Piper is eating plenty of large luscious strawberries from her own garden these days. Last week she sent a pint box to an invalid friend out of town.

# The Minister of Finance announces

# A NEW BOND ISSUE FOR PEACETIME SAVINGS

Canadians are thrifty people. Their record in war financing will stand for many years to come.

Through six years, millions saved and invested in Victory Bonds and War Savings Certificates in a way no one thought possible. Many thousands learned the convenience of regular, systematic saving, whether in small monthly amounts or by larger cash investment. As a result they have accumulated substantial personal reserves with all that means in increased future security and satisfaction.

Because suggestions and requests have come to me from all parts of the country that facilities for this kind of saving be continued in peacetime, the Canada Savings Bond has been created.

The issue of War Savings Certificates and Stamps to the general public will be discontinued on September 30th, and final instalments on the last Victory Bond issue will have been completed in the near future. Canada Savings Bonds, therefore, will provide an opportune means for citizens to carry on their regular savings habits without interruption.

The general public should note that this time there will be fewer salesmen than in the case of Victory Bonds. Although the new Canada Savings Bonds will be sold through banks, authorized investment dealers, stock brokers and trust or loan companies, these agencies will not be able to approach every individual Canadian. This means that for the most part it will be left to Canadians to assume the responsibility for their own purchases of Canada Savings Bonds. If they wish to grasp this opportunity, they should act for themselves without delay.

Canada Savings Bonds are designed to be the finest investment available to the public today. I recommend them to you as a safe, profitable and convenient investment for personal savings.

I now announce the terms of the new Canada Savings Bonds, which will be offered commencing October 15th.

107th Anniversary in  
Province's Oldest  
House

Mr. and Mrs. John L. Amberman of Granville Ferry celebrated their thirty-eighth anniversary of their marriage on October 1st, and Mrs. Amberman have the distinction of living in the oldest house in the Province of Nova Scotia. This house was built 107 years ago by the present owner's great-great-grandfather.

The house is a very lovely, old fashioned one and in many respects remains much the same as it was when built so many years ago. In some of the rooms the overhead beams, all hand hewn, are still exposed to view. They are heavy timbers, aged by the years, and seven by nine inches in size. The beams of the house are all joined together with wooden pins and hand-mortised.

The Amberman house has, since the day when it was built for its original owner and his lovely young bride, been occupied by generation following generation of Ambermans. The present owner, Mrs. John Amberman, was born in the house and has lived there all his eighty-one years.

Mr. and Mrs. Amberman's 38 years of married life have been very happy ones even though their marriage seemed to begin with what might be considered by some, a bad omen. On the day there were married in 1908 there was a terrific electrical storm. The storm was so bad that the minister's horse became frightened as he was driving to the wedding, and it turned and bolted for home several times. It was only with difficulty that the minister the late Rev. J. K. West, forced the animal to convey him to the ancient Amberman homestead where he married the young couple.

### "The Vans" 58 Years Wed

A well known Digby couple, Mr. and Mrs. W. E. VanBlarcom, will mark the 58th anniversary of their marriage at their home Birch Street, Digby, tomorrow. Mr. and Mrs. "Billy Van" as they are affectionately known throughout Digby County, were married in the Methodist (now United) Church at Brighton on October 11, 1888 by Rev. T. C. Hooper.

Mrs. VanBlarcom, who was the former Annie Marshall, daughter of the late Mr. and Mrs. Alvin Marshall, Barton, is not telling any secrets about her age. She has not been in the best of health for a few years but is now feeling much better and is quite her active self, able to be about and attend to her household duties, call on the neighbors and take a keen interest in home affairs.

"Mr Van" at 55 is one of the most active men in Digby and spends much of his time on the road as a clothing salesman. He is a son of the late Benjamin VanBlarcom and was born at Tiverton, the family moving to Barton when he was a boy of 9 years. At Brighton his father operated one of the first revolving shingle mills in Canada, and conducted a general store and built vessels. Mr. VanBlarcom, sr., was elected to the House of Assembly in 1878 and was appointed Sheriff for the County of Digby in 1882. The duties of sheriff were carried on by his son, W. E. VanBlarcom for fifteen years when his father was an invalid.

## Gets Suspended Sentence; Juvenile Gets Three Years

Magistrate G. H. Peters Friday placed Howard VanTassel of Digby on a suspended sentence of one year on a charge of common assault, provided that he remain away from his home for that time. Failure to do so, he said, would cost him a jail term. Information in the case was laid by VanTassel's wife, Rubena. He pleaded guilty to the charge.

The young delinquent chased by Police Chief F. J. Thibeault into the harbour before making an arrest was this morning sentenced to three years in the Industrial School at Halifax by Magistrate G. H. Peters. He was charged with habitual truancy but has been involved for some considerable time in petty thievery. Police Chief Thibeault stated he had experienced a great deal of trouble with the lad who had been stealing money from milk bottles and committing other offences.

Fred Parker was given ten days in the local jail after being found guilty of being drunk and disorderly.

## BANK MANAGER GUEST OF HONOR

L. E. Shatford, former President of the Digby Board of Trade and manager of the Bank of Nova Scotia here, who has been transferred to North Bay, Ontario, was guest of honor Friday evening at a special dinner meeting of the Board of Trade.

Presentation of a large framed photograph of Digby was made to Mr. Shatford on behalf of the Board of Trade, by Victor Cardoza, Secretary of the Board.

In replying to Mr. Cardoza's presentation address Mr. Shatford stated he had greatly enjoyed his four years in Digby and hoped his efforts in connection with the work of the Board of Trade might prove of value. He urged support of all present for H. M. Warne, Vice-President, who will carry on for the balance of the year and asked all to work so that Digby might be one of the most progressive towns in the province.

Mayor J. W. Merkel speaking on behalf of the Town wished Mr. Shatford every success in his new field of activity and stated the town had benefitted greatly from his stay in Digby.

Following the dinner, the regular monthly meeting of the Board was held.

## First Girl Messenger

An innovation in Digby is the employment of a girl as a telegraph messenger. The new messenger, Miss Hazel Whitehead of Windsor, is presently employed at the Canadian Pacific Telegraph's office here.

As yet, Miss Whitehead is not wearing the attractive uniform worn by C. P. R. Telegraph messengers of the fair sex in some of our cities but it is understood a uniform has been ordered.

She says that she greatly enjoys her new job and finds it most interesting, much more so than her former position as a waitress.

Constable Fred McWade, R. C. M. P. of Yarmouth, formerly stationed here was a visitor in town this week.

## Digby County Baptists Conclude District Meeting

## HUNTER BAGS BIG BRUIN

With the first shot from his new .35 Winchester rifle, Fred Tarvis of Digby downed a three hundred and sixty pound she bear Friday morning on the Shelburne Road some seven miles from here.

Out hunting with Wilkin Winchester, Fred first saw the bear on a wood road and let fly with a shot which downed the huge creature. The second shot, which was through the heart put an end to its career.

The bear, a huge beast with an

exceptionally fine coat, had evidently had a brush with death before, when the carcass was examined it was found that one of the fore paws was missing with the exception of one claw. No doubt Bruin had been in a trap and gnawed off one foot to free himself.

As yet, Fred has not decided what to do with his prize, Bear steaks, however, will no doubt be on the menu of his many friends this week. He is also considering a new rug for his den from the hide.—Mockett Photo

## Council Orders Drive On Punchboards

The Town Council at their regular meeting Monday night passed a resolution calling for immediate and decisive action to wipe out the use of punchboards in the Town of Digby.

The Police Committee was asked to instruct Chief of Police Thibeault and Constable Amero to take immediate steps to stop the illegal operation of these boards. Storekeepers are to be warned and, if the boards are found in use in the stores, legal action is to be taken.

A letter from the Attorney-General's department was read at the meeting which stated complaints had been received concerning the use of punch boards and similar devices in various sections of the province contrary to the Criminal Code. The letter further stated the R. C. M. P. had been instructed to make a drive against the use of these boards and to endeavour to track down their source. The council was advised that the assistance of the R. C. M. P. in the drive against punchboards in town could be secured by applying to the local detachment.

It was stated at the meeting that, the drive against these boards, the use of which is illegal, might result in people being able to purchase boxed chocolates, candies and other scarce articles, without resorting to punchboards and other gambling practises.

## Troop Declares Rink Will Be Built "Soon as Possible"

Assurance that a rink would be built in Digby just as soon as feasibly possible were given at Thursday night's meeting of the Digby Board of Trade by W. L. Troop, chairman of the Board's 1st of July Fair Committee. The slogan of this committee was "a rink for Digby."

Mr. Troop stated with the conditions regarding building materials as they are, it was well nigh impossible to consider building at the present. If anyone, he said, will come forward with the materials to build this rink they can use the \$6000 provided it is used properly.

F. L. Anderson stated plans to incorporate a rink building company were proceeding and M. S. Leonard was preparing the necessary papers.

Mr. Troop stated he had heard considerable talk concerning the fact that the rink was not being built. He said the people making these remarks were evidently not well informed concerning present building conditions. "Our intentions to build this rink are as

good as they ever were," he said.

The matter of the location of the Provincial Government's Tourist Information Bureau in Digby came in for discussion. A request was received that the Board petition the Town Council to make available a site in the waterfront near the Band stand.

F. L. Anderson informed the meeting that, according to the provisions made when the town took over certain properties in that district, no building could be erected there.

It was stated the government had decided not to locate on the property near the hospital due to lack of sewage facilities. The secretary was instructed to write the department that the hospital would allow the bureau to connect with their sewer so this site could be used.

Arrangements were made at the meeting to charter a bus to take Board members to the semi-annual meeting of the Annapolis Valley Affiliated Board of Trade in Annapolis on October 6th.

## V. O. N. Report For September

At the recent immunization clinics conducted by the Victorian Order of Nurses and local doctors, 498 were inoculated, it was revealed by the nurse's report at the monthly meeting of the Board members on Tuesday. In school 418 pupils were given physical examinations by Miss Saunders, and many of the defects found have been corrected. The month of September saw 133 visits made by the nurse and 133 cases carried. Forty-six attended the Child Welfare Conferences. Eight hours were spent in Industrial Nursing.

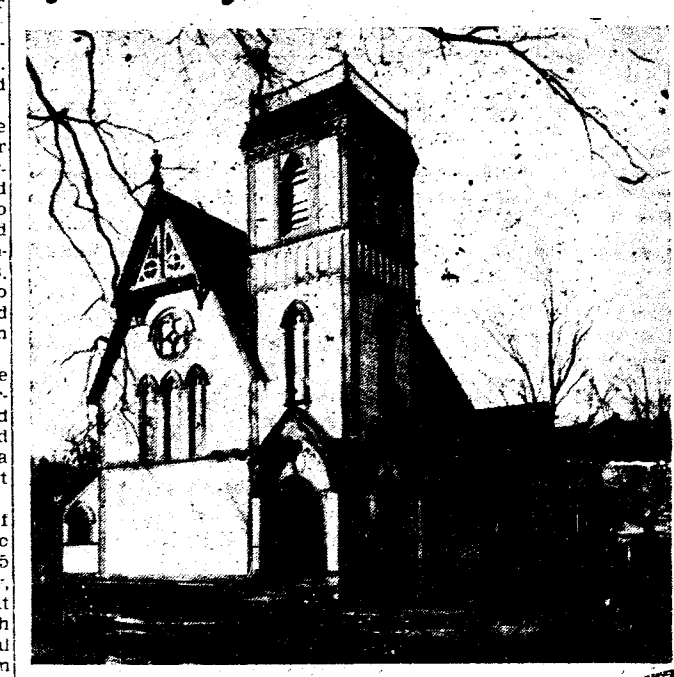

It was announced that a Dance and Card Party will be the Fund Raising Project for the month of October for the V. O. N., in keeping with their bi-monthly

## Princess Helene Still In Drydock

Definite date of the return of the Princess Helene to the Digby - Saint John run was not known in C. P. R. circles. The steamer, taken off the run about ten days ago to undergo annual repairs, was expected to be put back on the run before this week end. However, C. P. R. officials have set the earliest tentative date at Monday, October 14.

schedule as planned early in the year. Owing to August being a busy month, the V. O. N. activities were cancelled and the committees for August and October have combined to make this Dance a real success. They are hoping the public will be mindful of the August and October entertainment being combined and support them accordingly.

## 107th Anniversary Marked by Family Service

Capacity congregations thronged the United Baptist Church here at both the morning and evening services on Sunday in celebration of the one hundred and seventh anniversary of the establishment of the church in Digby.

The day was observed as "Family Sunday" and church families attended the services together, and occupied family pews. Collections at the services amounted to well over \$800.

Taking as his text for his sermon at the morning service, Ecclesiastes 12: 1, "Remember now thy Creator in the days of thy youth", the pastor, Rev. J. E. DeLong delivered a very stirring address. He spoke of the early

## About This and That

Digby has bid farewell to Laurie Shatford who left our town to take over the management of the Bank of Nova Scotia's branch at North Bay, Ontario. Mr. Shatford came to Digby a little more than four years ago as manager of the local branch of the Bank of Nova Scotia, and during those four years has played an important role in the business and social life of Digby.

For the past two years he was the hardworking president of the Digby Board of Trade, and as such has accomplished much for the good of the town and countryside. His work in connection with the Navy League Hostel deserves greater recognition than we can give it in these brief paragraphs. He was also a member of the Board of Stewards of Grace United Church and the Finance Committee of the Digby Branch of the Victorian Order of Nurses, and active in other local organizations.

We will miss him here in Digby, and wish him and his family every success and happiness in their new home.

Crossing Petite Passage will hardly be the same now that "By" Blackford has been retired as ferry man, for, for these past sixty years "By" has been more than a ferryman, he has been a friend of all who have made the trip from East Ferry to Tiverton. While for the past year or so ill health has prevented "By" from piloting every trip, of the ferry over that swift running strip of seaway, he was usually on hand to greet passengers when they embarked on the Long Island side of the Passage, and during those long years when "By" personally supervised the voyage "from Long Island to Nova Scotia," it can be truthfully said that every passenger ferried over Petite has retained some memory of "By"—he has that kind of personality that makes one feel "I've always known you."

We say "Good Bye" to "By" Blackford as ferryman, and hope he will enjoy many happy years of retirement. We hope, too, his successors, Baden Outhouse and Howard Cossaboom, will enjoy the same respect from the general public that "By" has enjoyed during all these years.

### "An Ounce of Prevention"

(Taken from the Journal of Commerce, Vancouver, B. C.)  
 There is more to fire prevention than reporting the gory details of death and destruction that result from carelessness and neglect. Fire prevention can only be brought

about by individuals responsible for these fire hazards. So this brings the question of fire prevention right down to the home and place of business of every person.

A furnace, for instance, when properly installed, is provided with insulation to eliminate overheating of inflammable surroundings. The same applies to the electric or gas water heater. Even the electric iron has safety devices but individuals are responsible for their use. Electric wire is made as nearly foolproof and fireproof as possible, but again the human element can render its safeguards valueless by carelessness or neglect.

A guest in a hotel feels much safer sleeping in a room if he knows a sprinkler system is ready for instant use in the event of fire. Every home and building cannot afford a sprinkler system, but the occupants of such places can refrain from using pennies or other metal objects in place of fuses. The occupants of such places can see that all the wiring and heating systems have needed attention, and they can clean up trash, dirty rags, paint cans, paint brushes, etc., which are all potential fire hazards.

The same rule applies for fire prevention as for health: "An ounce of prevention is worth a pound of cure." And nobody but the individual whose life, property and health are at stake can, in most cases, provide for the "prevention" that will forestall calamity.

Visiting delegates were welcomed by Deacon George Morrell, of Westport. The response to the address of welcome was made by Deacon David Welch of Barton. Rev. R. S. Dunn, pastor of the Smith's Cove, Deep Brook, and Clementsport Baptist Churches was welcomed to the district by Rev. T. W. Howard of Westport.

Tuesday morning's session was opened with a devotional period led by Rev. G. D. Brydon of Bear River, who also gave the report for the keymen. The denominational allotment was raised from \$1825 to \$3384.

Following the conclusion of the business period five ten minute addresses on post centennial projects were given as follows: "Passion for Souls," by Rev. J. M. Jones.

"Importance of Bible Study" by Mrs. Arthur Hicks.

"Stewardship of life" by Mrs. J. W. Murley.

"Denominational Consciousness" by Rev. R. S. Dunn.

"Loyalty to Christ the Basis of Christian Unity" by Rev. I. A. Corbett.

The afternoon session opened with a devotional service conducted by Rev. R. S. Dunn who

spoke from the theme "Jesus Building a Memorial" in which he stressed the faithfulness of a small service. The Women's Missionary Society, with Mrs. Bowers in the chair, concluded the afternoon service.

The district Meetings were brought to a close Tuesday evening following an address on "Evangelism" by Rev. F. C. Fertility.

The following resolutions were passed. They were brought in by the Resolutions Committee.

1. "Resolved this district meeting go on record as being most grateful to the people and pastor of the Westport United Baptist Church for their gracious entertainment."

2. "Whereas we have been principally concerned with evangelism in our discussions, therefore be it resolved all members of the district commit themselves to a personal evangelism in their own community and church."

3. "Whereas we feel nothing can take the place of personal Godliness, therefore be it resolved that we urge all Baptist people daily devotions and prayers, Bible reading and study, and a thorough study of our denominational principals and beliefs."

4. "Whereas we feel the growing use and evil of intoxicating

## Lets Get The Facts Straight

### Why Milk Prices Must Increase

The main reason why you must pay more for your milk is that the Dominion Government producers' subsidy of 55 cents a hundred pounds has been discontinued. The second reason is that all costs are advancing—those of the farmer whose cows produce the milk, and those of the distributor who delivers it to you.

Last June the two cent per quart consumer subsidy was discontinued. Milk prices advanced without any portion of the increase going to either farmer or distributor. Now the producers' subsidy is being discontinued. If prices did not advance now the farmer would actually be producing high cost winter milk for less than he received up to September 30th. Surely that would not be fair.

Up to now you paid the larger share of the price of a quart of milk and the government paid the balance, out of your taxes, of course. From now on the government withdraws its share, and YOU must shoulder the whole burden.

Of course costs have advanced. Everybody who spends a dollar today knows it will not buy as much as it did a few months ago. That is because wages have gone up, all materials have advanced in price. The farmer who produces the milk you buy is a business man, employs experienced hired help and pays wages. Those wages have advanced. He buys feed, equipment and other necessities. They too have gone up in price. The same is true of our milk distributor. He is paying his men higher wages, his equipment and horses and machinery are higher priced, bottles cost more. The only thing that has not changed is the quality of the milk he delivers to you.

Milk is still the cheapest food. At nearly three ounces for one cent there is no other food available that is so cheap, so highly nutritious, and so good for every member of the family.

**Here's the "Know How"**

**IT'S** very simple to know how to use Carnation Milk. Carnation is fine whole milk, concentrated to half the original volume by evaporating part of the natural water. Add an equal quantity of water, and you have the consistency and food value of whole milk.

But you'll find a great difference in the smoothness, rich flavor and fine texture that Carnation gives to foods. And here's something special—if the recipe calls for cream—use Carnation undiluted, as it pours from the can. Use Carnation also, to "cream" coffee and cereals. You'll love it. Carnation is Canada's largest-selling brand of evaporated milk.

 Weekly Letter to Their Customers  
 Dear Customer,—  
 Forests constitute one of the chief sources of a nation's wealth. As a source of supply for lumber and wood for its many uses the value of forests is obvious.  
 The early settlers of North America destroyed forests from necessity; later generations destroyed them from habit and this wasteful practise continued until later when, by laws, our woods were protected from wanton waste.  
 Fire is the greatest menace to our great forests, and this week, October 6th to October 12th is set aside as "Fire Prevention Week". Protect our great heritage at all times by being careful. Make sure all camp fires, etc, are extinguished.  
 Let Wright's protect you this fall and winter with "Stanfield's" and "Turnbull's" underwear for men, women and children. For the workman or huntsman, please remember Wright's have what you want in warm windbreakers, jackets and coats.

training of the world's great leaders and stressed the value of the training received by them in their homes. He stated the lessons learned from parents in the home were among the most effective in the later life of the student.

Mr. DeLong urged his listeners to serve as examples for their children of true Christian living. The effect of training received by children in a truly Christian home is almost beyond measure in the broadness of its results, he stated. What men are, the good they do in the world, the position they achieve, he said is in great measure the result of the training they received as children in the home.

Mr. DeLong commented on the attendance at the service of church families as family groups and expressed the hope this method of attendance would continue and that the families of the church would worship always together as one family group.

Special music for the services was rendered by the church choir. At the morning service an anthem, "All Hail Emmanuel" was presented. The church was beautifully decorated for the occasion with a lovely array of flowers. These were the gift of Fred Tarvis, local gardener.

The evening service took the form of an old fashioned "Song Service." The choir rendered three anthems, "I Found Him in My Heart", "Pilot of Galilee", and "I Sought the Lord". A duet was rendered by Guy Morehouse and Hedley Dakin, "Jesus is Near". This was followed by a solo "Alone" by Hedley Dakin. The choir and congregation then joined in singing a number of the old family hymns so well beloved by church goers. Mr. DeLong gave a short talk on the history and background of each hymn and a few remarks about its author.

# Council Turns Down Assessors' Request

The subject of assessment came in for a thorough discussion at Monday night's meeting of the Town Council. Present at the meeting were Assessors W. L. Troop, G. L. Burnham and T. S. McKeen.

Mr. Troop addressed the Council and stated the Assessors felt they could not do a proper job for the present remuneration of three hundred dollars. He asked for a thousand dollars to be divided among the three assessors. He stated time would not permit a thorough revision of the town's assessment this year but the glaring inequalities would be remedied.

Councillor Cardoza questioned the wisdom of paying such a sum for a partial assessment. Unless a complete job was done, he said only confusion and trouble could result. There was no assurance the job would be carried to completion next year, he felt, and any attempt to do partial assessment this year might prejudice efforts for a complete revision, he stated.

After consideration and discussion the Council decided against meeting the request from the assessors.

By a vote of four to two the Council adopted the provisions of the National Building Code at Monday night's meeting. Several of the council felt more opportunity should be given to become familiar with the provisions of the code before taking action but on being put to vote it was decided to adopt the code.

The matter of Town planning came up for discussion and it was decided to implement the provisions of the Town Planning Act and appoint a Town Planning Committee. The Mayor asked the Chairmen of the Streets and Public Properties Committee and the Finance Committee to name the committee. The committee will consist of the Mayor and six members, not less than three of whom shall be from the Town Council.

Information regarding the removal of signs marking a portion of Mount Street as a one-way thoroughfare was asked for by Councillor Cardoza. He stated he had been instrumental in having this made a one-way street and asked why it had been changed.

Councillor Cardoza moved the traffic authority be given instructions to have the signs replaced immediately. This motion was seconded by Dr. McCleave and, on being put to vote, passed without a dissenting vote.

Application from Freeman Barton for a license to act as chimney sweep was received by the council and the license was granted.

## ADDITIONAL BEAR RIVER NOTES

Miss Minnie Allison is spending a few days with Mr. Fowler Robinson, enroute to Salem, Mass for the winter months.

Mrs. Bessie Parker has returned to Bear River after spending some weeks with her daughter in Mosherville, Hants County.

Mrs. Amanda Brydon returned to Shubenacadie on Saturday after spending several weeks with relatives here.

## SECOND POTATO CROP

George Van Tassel, Lighthouse Road, brought us a few potatoes the other day. They were not freaks in size or shape and were just a nice size for eating—but they were part of a second crop which Mr. VanTassel had raised on his farm. The spuds were planted on July 15, and only dug this week. Mr. VanTassel began harvesting his first crop on July 11.

# To Hold Inter Church Missionary Rally

In keeping with the Centennial celebrations of the sending forth of Missionaries—John Geddes by the Presbyterians to the New Hebrides; Richard E. Burpee by the Baptists to Burma; John West by the Church of England to the Indians of Red River and James Evans by the Methodists to the Cree Indians in the Hudson Bay Territory, inter-church missionary rallies are being held all across Canada.

The first rally in the Maritime Division will be held in Digby on Friday October 18th. At 11 o'clock in the morning a meeting of local clerics and visiting leaders will be held. ## Stop Fires

by KNOWING how to PREVENT them

There is no such thing as ACCIDENTAL fire. All fires are due to a lack of knowledge concerning the characteristics of fire, and control by correct practice in building and safe regulation of things that are dangerous.

Precise knowledge is available to you from any fully trained Fire Officer, and it can be had for the asking.

It COULD be YOUR Life; it IS your money

Comfort should not be taken in the fallacy that fire losses are paid by the Fire Insurance Companies. As a matter of fact, all fire losses are written into the cost of all that we use or consume. You and everyone indirectly pays for each fire that occurs.

Leaders in industry, heads of institutions, school establishments, wholesale and retail merchants, and householders need to acquaint themselves with the terms of the Royal Proclamation issued for the observance of Fire Prevention Week, 1946.

It behooves you to avoid long journey disasters before they happen.

A loose fan belt — plugged radiator — worn steering — lop-sided tires — slipping clutch — temperamental brakes — and many other things, may not have caused you too much trouble on short scoots around town — BUT they will become real serious when you get out on that long trip.

*He can't always wait for his money...*

The firm you work for may operate a large plant, with costly machinery, and still need ready cash. That's because months often pass before its products are finished, and sold, and paid for. Meanwhile, it has a payroll to meet every Friday...

**BANK CREDIT BRIDGES THE FINANCIAL GAP**

Every day, business firms make use of bank loans to keep men working, machines running, goods flowing. This bank credit may be used to meet continuing expenses while goods are being processed; to build up stocks of raw materials; to purchase component parts. As finished goods reach the market and payment is received, the loan is repaid.

Enterprising farmers, fishermen, merchants—all make similar use of bank credit to meet their short-term financial needs. Thus your bank helps Canadians maintain steady operations—to take advantage of market opportunities both at home and abroad—to grow. And this, in turn means more work, more goods, a higher standard of living for you and for every Canadian.

## Why VICKS Is So Good For Relieving Miseries of Childrens Colds

More than two generations ago—in grandmother's day—mothers first discovered Vicks VapoRub. Today it is the most widely used home-remedy for relieving miseries of children's colds. And here is the reason...

The moment you rub VapoRub on the throat, chest and back at bedtime it starts to work two ways at once—

and keeps on working for hours—to ease coughing spasms, help clear congestion in cold-clogged upper breathing passages, relieve muscular soreness or tightness. It promotes restful sleep. Often most of the misery of the cold is gone by morning! That's why VapoRub is so good to use when colds strike. Try it!

# Questions and Answers

### GENERAL

**Q What are Canada Savings Bonds?**  
**A** Canada Savings Bonds are the successor to Victory Bonds and War Savings Certificates. They are your country's promise to return your money to you at any time and to pay you interest at an attractive rate.

**Q Why are Canada Savings Bonds being offered?**  
**A** Because during the war, millions of Canadians learned the savings habit by buying Victory Bonds and War Savings Certificates. A recent survey shows that 82% of them want to keep on saving by a similar plan.

**Q Is the Government selling Canada Savings Bonds just to raise money?**  
**A** No. Borrowing needs of the Government can be met by other types of loans. The main purpose of the Canada Savings Bond is to provide Canadians with a convenient way to continue this kind of saving and investment in peacetime.

**Q Is there any limit to the amount of Canada Savings Bonds that one person may hold? If so, why?**  
**A** Yes. There is a limit of \$2,000 for each individual, but each member of a family may hold bonds up to the limit.

**Q What is the price of Canada Savings Bonds?**  
**A** 100%. That is, a \$100 bond costs \$100. If payment is not completed on or before November 15th, 1946, interest will be added to the purchase price.

**Q In what denominations are Canada Savings Bonds available?**  
**A** \$50, \$100, \$500 and \$1,000.

### CASHING OF BONDS

**Q Can I cash my bond at any time before November 1, 1956?**  
**A** Yes, any branch in Canada of any chartered bank will cash your bond immediately at full face value, plus interest at 2 3/4%, upon your identification as the registered holder.

**Q Can Canada Savings Bonds be assigned or transferred?**  
**A** They can be cashed, but not assigned or transferred. This is necessary to prevent any individual from acquiring more than the authorized limit.

### INTEREST COUPONS

**Q What interest is paid on Canada Savings Bonds?**  
**A** 2 3/4%—payable yearly on November 1st from 1947 to 1956, by coupon cashable without charge at any branch in Canada of any bank.

**Q Are interest coupons registered?**  
**A** No. They are payable to bearer.

### REGISTRATION PROTECTION

**Q Why is it necessary to register Canada Savings Bonds?**  
**A** Registration gives protection in case your bond is lost, stolen or destroyed. It is also the simplest way to ensure that individuals do not hold more than the \$2,000 limit.

**Q In whose name can Canada Savings Bonds be registered?**  
**A** They can be registered only in the name of one individual, adult or minor, up to the amount of the authorized limit.

**Q Can Canada Savings Bonds registered in the name of a child be cashed?**  
**A** Yes. Banks are familiar with the necessary regulations.

**Q Can Canada Savings Bonds be disposed of when registered in the name of a deceased person?**  
**A** Yes, any bank will supply the necessary information.

**Q Can I replace my Canada Savings Bonds, if they are lost, stolen or destroyed?**  
**A** Yes. It is wise, however, to keep Canada Savings Bonds in a safe place, as you would any other valuable documents. In case of loss you should immediately notify the Bank of Canada, Ottawa, of the circumstances.

### HOW, WHEN AND WHERE TO BUY

**Q Where can I buy Canada Savings Bonds?**  
**A** At any branch of a bank or from an authorized investment dealer, stock broker, trust or loan company—or through the payroll savings plan if this is in operation at your place of employment.

**Q How do I pay for Canada Savings Bonds?**  
**A** In any of the following 3 ways:

1. By payment in full at time of purchase.
2. By monthly instalments through a bank, trust or loan company.
3. By regular deductions from pay, where employers operate the Payroll Savings Plan.

## First Accident of Scallop Season

The first accident of this year's scallop season occurred on the fishing grounds on Friday afternoon.

Garnet Kelly of the dragger, "Alma and Vera" was badly cut over the left eye when the towing boom gave way while the drags were being hauled in. The hook at the end of the boom struck Kelly a glancing blow over the left eye, almost completely severing the eyebrow. He was rushed to Digby and taken to the hospital where several stitches were required to close the gash.

The Alma and Vera has been completely rebuilt this year. Owned by Captain Nelson Kelly of Little River, she is skippered by Delbert Teed of Digby. The accident took place as the boat was making her first drag of the day.

## Academy Takes First Game of Season

The Digby Academy basketball team took the first game of this season's series played against the Town Team on Monday evening in the Scout Hall, by a margin of 61 to 22.

The Academy Hoopsters took advantage of their superior speed to roll up a good lead in the first period which ended with a score of 32 to 8 in their favor. Although the town players put up a good fight, they were no match for the academy lads. The Academy team continued their heavy scoring through the second half, ending the game with a score of 61. The Town boys got in 14 points in the second bringing their total to 22.

Roy Murley led the Academy scorers with twenty points, closely followed by his wingmate, Billy Winfield, with 18 points. High scorer for the town team was George Chipman who dropped 14 points.

The Academy team showed the results of expert coaching in their game Monday night. Their new coach, is Mr. Craig who is employed at Cornwallis. An expert basketball player himself, Mr. Craig is really giving the lads a thorough schooling in the art of basketball playing. Marked improvements in team work and in individual playing could be seen in the opening game.

Last year the Academy team scored a good number of spectacular wins over other school teams. During the last season, they were without a coach. They expect to go through to the Provincial finals this year with the help of their new coach.

## Peters Predicts Heavier Penalties

Stipendiary Magistrate G. H. Peters stated in the police court on Friday afternoon that penalties for cases of assault would be greatly stiffened if these cases continue to crowd the docket.

"I am getting tired of being continually faced with these cases," he said. "These men who take a few drinks of liquor and then go home and abuse their wives must be taught a lesson." "In the future jail sentences may be passed out for these offences," he said. "There are altogether too many of them and if fines will not curb them perhaps a term in jail might help."

The Earn and Give Club will meet with Mrs. MacDonald at the Myrtle House Friday evening.

## Boy Has Narrow Escape From Drowning

Little Hugh Trask, two year old son of Mr. and Mrs. Edgar Trask of Little River, had a narrow escape from drowning this week when he fell into an open well.

It is understood the youngster was playing around the mouth of the well which is not used by the owners at present. The well is usually kept covered but it is thought neighbors had been there to get water and left the cover off.

His little sister Faye, seeing him fall into the well, ran for aid. She was successful in getting Rupert Trask who ran to the scene with a ladder. Hugh, who had gone down once, was clinging to a pipe which reached down into the water when aid reached him.

Seemingly none the worse for his close brush with death, the youngster was out and about the next day. The only sign of his plunge into the well was a large bump on his head when he struck the well curbing.

## Burglars Get \$600 In Clare Break

The baffling mystery of the theft of \$600, the result of a break into LeBlanc's General Store, is still unsolved in Belliveau's Cove.

The break took place on the night of Saturday, October 12, and the theft was noticed on Monday morning.

The thief or thieves entered by the front door, prying it open without damaging it. It is said that a sheet of paper with the combination of the safe written on it is missing from its usual hiding place, and it is therefore highly probable that the thief used it to open the safe without breaking it.

No arrests have been made as yet but the R. C. M. P. are trying to solve the baffling mystery of breaking in the store and opening the safe without damage to the door of the safe.

This \$600 theft took place approximately six weeks after the recent theft with assault on a 74 year old woman in Concession, approximately ten miles from Belliveau's Cove.

Petite Passage ferry was taken over by the Department of Highways last month.

## Two Apple- (or Is It 4) Freaks.

Mrs. Edward Amero, of Sissiboo Falls, has two decided freaks of nature in two apples she picked from one of her trees. The apples are about domestic size but each has a smaller apple—perfectly formed, complete with flower—growing from its side. Of course they are much smaller, one of them being about an inch in diameter, the other a little smaller, but to say the least, they are very unusual.

## Retires After 45 Years With Canadian Pacific

When the S. S. Princess Helene pulled into the dock here Tuesday morning after her layoff for overhauling, a familiar face was missing from the bridge of the ship. This was Captain Andrew MacDonald, who has skippered the ship since she first took over the run from Digby to Saint John.

Captain MacDonald retired last week after over forty-five years of service with the Canadian Pacific Steamships. He was for years Captain of the Empress which ran between Digby and Saint John before the Helene was put on the run. He served also as Captain of the S. S. Yarmouth which ran between Yarmouth and New York and which on several occasions relieved on the Digby run.

Succeeding Captain MacDonald as skipper of the Princess Helene is Roy Connelly who was First Mate on the ship and who also served on the old Empress. John Goodwin, former Second Mate, will take over from Connelly as First Mate.

The Princess carried a heavy load of both passengers, mail and freight on her first return trip. On the return trip she had a capacity load of cars as well as passengers. All freight, express and mail for Nova Scotian points has had to be routed via Truro since the boat has been off. Tuesday's run was the first trip the Princess has made since September 28th. Since that time she has been in drydock in Saint John where she underwent a thorough and complete overhaul.

## About This and That

The Attorney General's Department has given orders to the R. C. M. P. to make a drive on punchboards and similar devices, and endeavour to track down their source. Police in the various incorporated towns in the province have been asked to assist in the drive.

Most of us have been aware the operation of these devices is illegal, nevertheless, on many counters, punch boards have been displayed openly and have been as much in evidence as the goods offered for legitimate sale. Punch boards have been the medium for absorbing much small change—and in far too many cases, the only medium through which it has been possible to procure boxed chocolates.

And while many of us have tried for chocolates via the punch board route, nevertheless, we have wondered why this method has been countenanced by the manufacturers. Perhaps they will co-operate with the police and the public by refusing further quotas to punchboard operators and thus have their goods offered for sale at legitimate prices.

"Some people, like boats, toot the loudest when they are in a fog."—Clarence R. Carnahorn

The story of waste and vandallism at Debert was recently told and pictured by the Halifax Herald, and evidently produced some of the desired results, for it has been announced that hundreds of buildings at that great military camp are to be torn down and the materials salvaged for building purposes.

Now, the Herald asks, "What will be the fate of Cornwallis?"

The question was asked following the announcement that the Health and Occupational Centre established at the base in March is to be closed — the huge base, built at a cost of more than \$14,000,000 is to be deserted except for the D. V. A Hospital and a small corner occupied by the staff.

Down in this Digby and Annapolis area we all wonder "What will be the fate of Cornwallis?" Like the Herald we wonder if the hundreds of valuable buildings that comprise what was the largest naval training base in the British Empire will be allowed to fall to rack and ruin through the ravages of weather and of vandals. We wonder what is to become of the plumbing, the wiring, the electrical fixtures, tiling, hard wood flooring, furniture and recreational equipment and other costly materials—are they to be abandoned, or will they be salvaged for use in housing and other reconstruction?

The question of the necessity to close down Cornwallis is also challenged in this area, and has been vigorously protested by the Digby and Annapolis Boards of Trade, by Town Councils and by branches of the Canadian Legion.

## Hold Harvest Festival Service

A capacity congregation crowded lovely St. Paul's Church at Marshalltown on Friday evening for the Annual Harvest Thanksgiving Service.

The church was appropriately decorated for the occasion with beautiful autumn flowers and brightly colored leaves, painted by the autumn frosts. The chancel was banked with garden produce, sheaves of grain and other products of the gardens of the region.

Special prayers of thanks for God's bounty in granting a good harvest were said and special psalms were sung. In his sermon, the rector, Rev. F. B. Gas-kill pointed out to the congregation that it is God who grants the harvest no matter what man may do, it is God who gives the increase to their labors, who grants success to their efforts if they be just and right. He stressed the necessity, of giving thanks to God for His great goodness to His people, not only in granting a bountiful harvest, but in all the wonderful things He has done for the children of men.

## Radio Reception Said Poor

Considerable complaint regarding radio reception is being heard around town these days. Most of the complaints seem to concern the matter of noise interference, which takes the form of an intermittent loud roaring or buzzing noise which completely blacks out reception. ## OBITUARY

J. Alex. Deveau

The village of Hectanooga was saddened at the sudden death of one of its most esteemed citizens on Tuesday morning, Oct. 8th, when J. Alexander Deveau, J.P., was found dead on the road near his residence. Deceased was a correspondent for newspapers, a novelist, and head singer in the choir of the R. C. church in his village. He was charitable, a good Christian, and always ready to give a helping hand. He will be greatly missed in his community. The funeral service was held Thursday morning from the home of Mr. and Mrs. Peter LeBlanc, to the new St. Vincent de Paul church, Salmon River, followed by a Requiem High Mass, conducted by the pastor, Rev. J. A. LeBlanc. The singing was directed by old friends, A. F. Hache, of Meteghan, and Henry Blinn, of Salmon River. E. J. Thibodeau, of Church Point, had charge of the burial; Lucien d'Entremont, Andrew Melanson, Alex. A. Deveau and Louis Saulnier were bearers, and Jean Comeau carried the cross. Deceased was a bachelor. In his youth he attended the village school and acquired by himself an education which qualified him as a school teacher; later he became a writer, principally on historic matters, and has had a great deal published.

## Letters of Thanks from Poland

To Mrs. Albert Moore, Westport  
Dear Madam:—  
Was lucky enough to receive the coat you sent me some time ago, and the note that was in the pocket. A thousand thanks. I was glad to have the coat—it will be fine for this winter.  
I am a school teacher. During the war I lost my job and all my clothes. Germany destroyed all our country.  
During the war the factories and everything was destroyed and we only had "black" bread to eat. We were lucky to have that much. It is impossible for us to think about clothes now.  
I am very sorry that I cannot write in English. Please forgive my own language. I thank you again for the parcel. I'll be glad to learn the English language so that I will be able to write to you in English. I say prayers for you every day.  
God bless you!  
Yours very truly,

Wdyrakowska

Dear Madam:—  
(The above letter was followed by another (sent airmail) to the same effect, except that in the second letter she says her husband is a carpenter but his pay is small, just enough to buy food. As a teacher she has a class of forty girls).

## Showers of Blessing

Digby's main street was showered last Thursday afternoon

with a commodity which is reported in other localities to be very scarce — coal, black lumps of real coal. For several hours Water Street was literally carpeted with the precious black stuff.

A faulty tailboard on a truck delivering coal briquettes to a customer was the cause of the shower. Unnoticed by the driver the truck continued along Water Street from near the Scotia Restaurant to past Rupp's store liberally coating the pavement with coal. Cars following the truck ground some of it into the pavement while the remainder was gathered up by alert youngsters and the truckman and his helper who discovered what had happened on their return journey.  
It is understood the coal company had a flood of calls about promised coal deliveries following the incident.

## Wright's Weekly Letter to Their Customers

Dear Customer:—

"There's 'bar' in these er' woods."

This is the conclusion we made after reading from the local paper of the recent bear catch in the Shelburne Road area. From all reports, signs of "Mr. Bruin" are becoming quite apparent in the surrounding woodlands.

The black bear is found practically everywhere in North American forests. It enjoys a great variety of food—fish, insects, nuts, honey, and, in time of scarcity, it is not averse to carrying away a farmer's pig or sheep.

Joaquin Miller who has written a whole book on bear stories states that he never knew a grizzly to begin a fight or to eat human flesh. They will, however, if cornered or wounded, put up a courageous battle. — Bearing in mind that WRIGHT'S carry a full line for the whole family, we would suggest you look over the Cretonnes and Curtain Materials recently arrived.

Although quantities of certain lines are limited, new stocks are arriving daily, among them are various shades and sizes in ladies plastic raincoats and kerchiefs. Also the new transparent table covers, a real friend to the housewife.

Buy With Confidence at Wright's.

\* According to Webster, it's five-dollar word means clear-sighted—of acute mental vision or discernment... which pretty well describes the "right out of ten" who plan to invest in Canada Savings Bonds.

IN RECENT ADVERTISEMENTS we have been suggesting that the way to save money is to have a plan and stick to it.

Now comes this Dominion Government savings plan, ready-made for your needs. It enables you to add to your present holdings of Victory Bonds by the same tried-and-true method you used

during the war; paying for your purchase in cash, if you like; but better still by convenient instalments, as you earn.

You found out for yourself, with every Victory Bond you bought, that this is a savings system that works... convincing proof that you can "save some for yourself."

Simply call at your Royal Bank branch, sign an application for one or more bonds, to be paid for by convenient instalments spread over a year if you wish. Keep up the war-time saving habit. Invest in Canada Savings Bonds.

### CANADA SAVINGS BONDS

- Are as good as cash—backed by the Government of Canada...
- Can be bought for cash, or by instalments out of income, at any branch of this bank...
- Can be bought by salary deductions at your place of employment...
- Can be sold at any chartered bank any time, for what you paid for them, plus earned interest...
- Are available in four denominations: \$50, \$100, \$500 and \$1,000.
- Are registered—each bond you buy is registered in your name at Ottawa.

## "Where were you on the night of the 17th?"

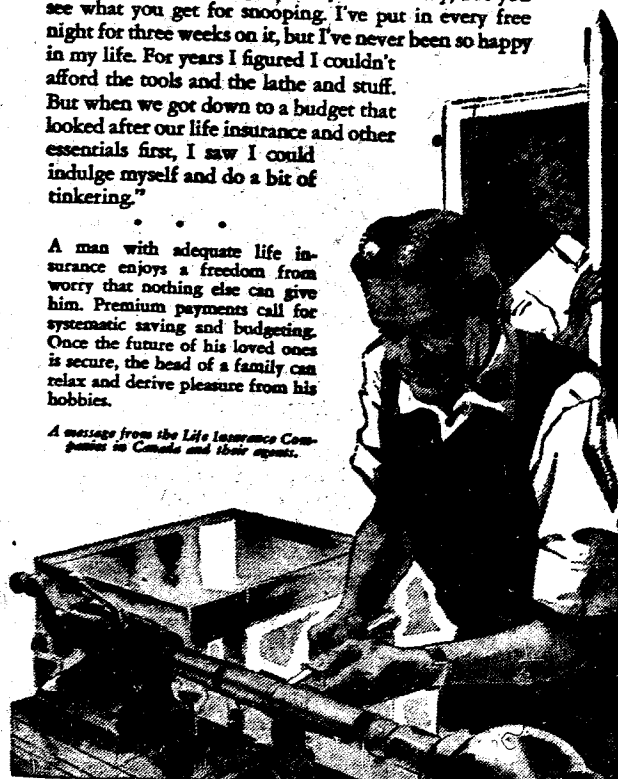

"I thought I told you to keep away from here," smiled Bob.

"My dear, I never see you any more, since you turned the cellar into a shop," protested Ethel. "If a cop were to ask me where you were on the night of the 17th I wouldn't even have to think. What a lovely table, Bob! Who's that for?"

"It was to be a surprise for your birthday, but you see what you get for snooping. I've put in every free night for three weeks on it, but I've never been so happy in my life. For years I figured I couldn't afford the tools and the lathe and stuff. But when we got down to a budget that looked after our life insurance and other essentials first, I saw I could indulge myself and do a bit of tinkering."

A man with adequate life insurance enjoys a freedom from worry that nothing else can give him. Premium payments call for systematic saving and budgeting. Once the future of his loved ones is secure, the head of a family can relax and derive pleasure from his hobbies.

A message from the Life Insurance Companies in Canada and their agents.

**Strawberries**  
The Courier on Friday received a basket of strawberries from Henry Comeau, Victoria. These berries were picked in her garden on that day. They were quite large, well formed and several of them well ripened. On one of the stalks which had two ripe berries there was one opened blossom and two berries. This would seem to be a record in Digby for strawberries. If only cream weren't so expensive we could have a berry shortcake and whip-cream.

**RECEIVES SEVERE CUT**  
Allison Denton of Little River received a very severe cut on his left hand while sawing a plank at his home this week. He was rushed to the Digby General Hospital where several clamps were required to close the wound.

W.O. II Kenneth Turnbull, son of Mrs. Sadie Turnbull, was among those returning on the Aquitania last week. W. O. II Turnbull is one of Digby's last overseas veterans to return home.

## STREET SCENE - 1946

Government cheques come to this street every month. The Posters, for instance—he was wounded at Vimy. Now his Veterans' son is taking technical training on re-establishment grants. Other families receive Family Allowances. It's so easy—and private—to take cheques to the bank around the corner.

#### AN EXTRA cheque every second

You may receive Government cheques. You can cash them without charge at any branch of any chartered bank in Canada. In one year some thirty-six million cheques were issued for Family Allowances, the Armed Services, their dependents, Pensioners, employees of Crown Companies and the like. More than one for every second of the day and night!

Can you imagine the expense to taxpayers if this money had to be distributed in cash through thousands of special pay offices . . . and the inconvenience of having to go to such offices to get your money?

#### Taken in Stride

Your bank performed many such public services throughout the war and is continuing to do so. It is taking these additional tasks in stride . . . competent to play its part in meeting Canada's needs of the future.

many years in Bridgewater, re-  
turning to "the Island" a little  
more than a year ago. The first  
named couple were married Oc-  
tober 16 1901, and the latter cou-  
ple October 21, 1896.

The honored guests were taken  
completely by surprise. The  
home of Mr. and Mrs. M. O. Tibert  
was tastefully decorated for  
the occasion. A beautiful wed-  
ding cake was the centre of at-  
traction. The cake was cut by  
Mrs. C. M. Tibert.

All members of the family of  
Mr. and Mrs. Clarence Tibert—  
Carl of Montreal; Melvin and  
Tillman of Central Grove; and  
Margaret (Mrs. Wilfred Tréfy)  
of Yarmouth were present for  
the occasion.

### Presented With Life Membership

Miss Bessie Turnbull was hon-  
ored at the first meeting of the  
season of the Women's Auxiliary  
of Trinity Church with the pre-  
sentation of a Life Membership  
certificate in the Auxiliary. The  
presentation was made by the re-  
ctor, Rev. F. B. Gaskill, who com-  
plimented Miss Turnbull on the  
splendid service she has render-  
ed the Auxiliary during the years  
she has been a member. He also  
commented on the fact that Miss  
Turnbull is the second member  
of her family to be honored with  
life membership in the Women's  
Auxiliary. Her mother, the late  
Mrs. Charles Turnbull, was so  
honored several years ago.

The meeting which was largely  
attended, was held at the home  
of Mrs. G. W. Connell.

### Roadside Canteen Demolished

The front of a roadside can-  
teen, owned by Mrs. Sydney  
Ward, at Waterford on Digby  
Road, was almost completely de-  
molished when struck by a car  
on Saturday afternoon.

The car was owned by Walter  
C. Floyd of Medford, Mass., and  
was driven by Spurgeon Coombs  
of Annapolis Royal. Four men  
and a hunting dog were in the  
car as it proceeded down the  
road. The dog, which was in the  
rear seat, jumped over into the  
front causing the driver to lose  
control. The car plunged across  
the ditch, hitting the canteen  
and tearing off the front, scatter-  
ing the contents far and wide.  
It proceeded down the road a  
short distance before being  
brought under control.

It is understood damages to  
the canteen will amount to near-  
ly three hundred dollars while  
damages to the car amounted to  
about one hundred dollars. No  
one was injured in the crash.

### Narrowly Escapes Death

Clarence Edward Feener of  
Deep Brook narrowly escaped  
death or serious injury when the  
car he was driving plunged over  
the bridge in the village of Bear  
River on Saturday night and  
landed in the mud flats below.

It is thought the driver was  
blinded by the heavy downpour  
of rain and failed to see the turn  
as he approached the bridge. He  
crashed through the guard rail  
and plunged some thirty feet to  
the mud flats below. Fortunately  
the tide was out at the time  
of the accident or the driver may  
have been drowned. He suffered  
only minor bruises and shock.

It was found impossible to re-  
move the car from the river bed  
before the tide came in and a  
great deal of damage was done  
to the car by the salt water.

Mrs. Fred Grant of Barton is  
spending a few days with Mrs.  
W. E. VanBlarcom, while Mr.  
Grant is in Halifax.

### Killed In Mill Accident

Desire Amoro of Concession,  
Digby County, 23 year old veter-  
an of World War II was almost  
instantly killed Tuesday morning  
when his clothing became caught  
in a whirling shaft at the mill  
of H. T. Warne, Ltd., Digby.

First intimation of the accident  
which occurred shortly after 8  
o'clock, came when a workman  
told Samuel Cosman, millwright  
at the plant, that a belt under the  
ricker mill was flapping. Cos-  
man shut off the engine and  
went under the mill to investi-  
gate. He found Amoro's body  
badly mangled with much of the  
clothing tangled in the shafting.  
He was still breathing, although  
unconscious, when found by Cos-  
man, but died before reaching  
the hospital. It is thought he  
was taking a "short cut" over  
the shafting between two pull-  
eys when his clothing became  
caught. He was employed as a  
millwright.

It was decided that no inquest  
into the fatality was necessary.  
The deceased was a son of  
Mrs. Theban Gaudet and the  
late Mr. Amoro of Concession.  
He was unmarried.

### Rev. F. B. Gaskill Speaks on Idolatry

"Idolatry is the greatest sin of  
today", declared Rev. F. B. Gas-  
kill, rector of Trinity Church of  
Digby, in an address before the  
Digby Kiwanis Club at their  
weekly luncheon last week. Mr.  
Gaskill defined as idolatry the  
allowing of certain economic or  
political systems to come in with  
their own code of ethics which  
ignore the code established by  
the Sermon on the Mount.

He charged a new kingdom is  
displacing the Kingdom of our  
Lord through the controls of big  
business, the basic principle of  
which is greed.

The speaker declared we do  
not have to enter pagan shrines  
or bow down before graven im-  
ages in order to be idolaters—  
for the worship of profits, of  
wealth, of security, is idolatry.  
He urged we get away from  
these evil influences and get  
back to the ethics of our Lord as  
based on the Sermon on the  
Mount.

### Hold Missionary Meeting

The District Quarterly Meet-  
ing of the Baptist Women's Mis-  
sionary Society met with the  
Westport Church on the after-  
noon of October 1st., with the  
local president, Mrs. H. P. Bow-  
ers in the chair.

The meeting opened with the  
hymn, "Lead on, O, King Etern-  
al", followed by the 23rd Psalm  
repeated in unison.

A gracious welcome was offi-  
cially extended to the delegates  
by the entertaining pastor's wife  
Mrs. W. Howard and was re-  
sponded to by Mrs. H. Marshall.  
Scripture Reading, Psalms 95  
and 24, were followed by prayer  
by Mrs. Arthur Hicks and a cir-  
cle of prayer.

After the hymn, "Give of Your  
Best", a duet, "Have You Been  
in the Garden With Jesus" was  
beautifully sung by Mrs. Ralph  
Haines and Mrs. A. Finigan, mem-  
bers of the Freeport Society.

A short memorial service was  
held for two members, Mrs. O.  
Neill of Barton, and Mrs. De-  
laney of Central Grove, who had  
passed on during the year.

The president then introduced  
the speaker of the afternoon,  
Rev. J. E. DeLong of Digby, who  
gave much food for thought in  
the very able address which fol-  
lowed.

A very charming duet, "List  
to the Voice", by Mrs. Fred Den-  
ton and Mrs. Ernest MacDonald  
and prayer by Mr. Calkin, closed  
a most inspiring and encourag-  
ing meeting.

### "Board Found No Grounds," Says Eisener

F. R. Eisener, president of the  
Digby Hospital Board, stated in  
an interview that in the matter  
of the complaint of the nursing  
staff of the hospital regarding  
the actions of a non-nursing  
member of the staff, all the com-  
plaints listed in the nurses' letter  
were dealt with at the board  
meeting and no grounds were  
found to substantiate the charg-  
es. He further stated a motion  
was passed asking the staff  
member complained of to remain  
in the hospital's employ.

Mr. Eisener said that through  
the efforts of the bookkeeper the  
board was able at its last meet-  
ing to completely write off the  
remaining debt on the Nurses'  
Residence. This amounted to  
\$3,250. The financial position,  
he said, had improved greatly  
since the employment of the new  
bookkeeper.

On Friday last week a spokes-  
man for the nurses of the Digby  
Hospital staff stated the nursing  
staff was definitely not satisfied  
with the results of the investiga-  
tion made by the Hospital Board  
into their charges regarding the  
interference with nursing duties  
by a non-nursing member of the  
staff.

No attempt was made, it was  
stated, to properly investigate the  
charges. Not one of the nurses  
who signed the letter of com-  
plaint was called by the board to  
give evidence to substantiate  
any of the charges. None of the  
nurses involved were present at  
the meeting when the charges  
were investigated—the only ones  
present were members of the  
board, the superintendent,  
and the member of the staff  
against whom the charges were  
levelled.

Several of the nurses stated  
their charges could be proved if  
an opportunity were given to do  
so. They also stated their in-  
tention to carry out their original  
plan to resign as a body if a  
stop was not put to interferences  
in their duties and responsibil-  
ities. "That is what the board  
was told in our letter, and that  
is what will be done" they said.

In a telephone conversation  
with the Courier, the other party  
involved in the dispute declared  
the charges were without founda-  
tion, and were brought about  
only because the nurses were  
jealous of her in what she has  
accomplished through her efforts  
as a member of the hospital  
staff.

### Warden of Assembly to Visit Rebekahs

The Grand Warden of the Re-  
bekah Assembly of the Maritime  
Provinces and Newfoundland,  
Mrs. Glennie Livingston of New  
Glasgow, will pay an official visit  
to Zelma Rebekah Lodge, on Mon-  
day evening, October 28th. At  
this meeting the Rebekah Degree  
will be conferred upon three can-  
didates.

In the afternoon, Mrs. Living-  
ston will be the guest of honor  
at an afternoon tea at the home  
of Mrs. Dan MacIntosh. Rebe-  
kahs should not miss this oppor-  
tunity of meeting this distinguis-  
ed visitor.

### RASPBERRIES OR GRAPES?

Mr. George Cardozo sent the  
Courier yesterday a spray from  
one of the raspberry canes grown  
by him. This spray, a small one,  
was picked on Tuesday and con-  
tained 137 berries, all fully for-  
med and several ripe. Also on  
the spray were a number of blos-  
soms and buds. Several who  
saw the spray said it resembled  
a bunch of grapes more than a  
truss of raspberries. The ripe  
berries were soon gobbled up by  
members of the Courier Staff.

Mr. and Mrs. LeMert Raymond  
of Deep Brook visited her par-  
ents, Mr. and Mrs. O. W. Specht  
of Waterford over the week end.

### 93 Years Old

MRS. ROXANNA SABINE

of Riverdale, Digby County, who  
yesterday celebrated her 93rd.  
birthday. Mrs. Sabine was born  
at Barton, a daughter of the late  
Mr. and Mrs. Samuel Ring. She  
is very active for her age, and  
enjoys travelling—and almost ev-  
ery summer manages to take a  
little trip to New Brunswick, to  
Maine and other New England  
States.

Her 87 year old sister, Mrs.  
Hettie Sanderson, of Newton,  
Mass., visited her this summer  
and she and Mrs. Sabine had a  
most enjoyable time visiting  
many communities where they  
renewed many old acquaintances.

Both do their travelling unac-  
companied "by their youngsters."  
Leonard Ring of Freeport and  
Roland Ring of Salem, Mass.,  
are brothers.

### Digby Marks "Navy Week"

The Digby Branch of the Navy  
League of Canada and the local  
Sea Cadet Corps this week are  
celebrating Navy Week. Special  
activities have been arranged  
to mark the week and the Navy  
League Branch are conducting  
their annual membership drive  
to coincide with the celebrations.  
On Saturday the Sea Cadets will  
hold a Tag Day.

All of the funds raised by the  
Digby Branch of the Navy Leag-  
ue and the Sea Cadets in their  
activities will be used to pro-  
mote the work of the local Sea  
Cadet Corps. This work is a  
most important one for, through  
the training received in the Sea  
Cadets, the boys of Digby who  
will be guiding the affairs of our  
Town in the years to come re-  
ceive not only training in sea-  
manship, in physical culture and  
in nautical lore but also in citi-  
zenship.

The training received by these  
boys not only in the Digby Corps  
but in Sea Cadet Corps all across  
the Dominion has, as its primary  
object, the development of char-  
acter. It refreshes the boys phys-  
ically, stimulates them mentally  
and quickens them spiritually.

Since its inauguration, the Dig-  
by Corps has consistently grown.  
More and more boys are being  
enrolled every year. The train-  
ing received by the corps is be-  
ing incorporated into the regular  
school program and thus the stu-  
dents are receiving much better  
balanced training. Through the  
annual summer camps sponsored  
by the Navy League of Canada,  
the Sea Cadets receive important  
training in community living, in  
sportsmanship and good conduct.  
All in all, the Sea Cadet move-  
ment is a most splendid one  
worthy of every support.

Mrs. Omer Denton of Little  
River visited her daughter, Mrs.  
Guy L. Morehouse this week. On  
her return she was accompanied  
by her granddaughter, Carol.

## About This and That

The Digby General Hospital is a public institution deserving the support of every citizen of Digby Town and County. The hospital is one of Digby's greatest assets and has been a factor in the saving of many lives and the alleviation of untold suffering.

However, because the hospital is a public institution the public has a right to know how its affairs are administered, therefore it is our policy to print news accounts of its board meetings.

Our last issue carried a news item which brought into the open a dispute between the hospital nursing staff and a non-nursing member of the staff. Publication of that item is no indication we are "taking sides" for or against the nurses, the non-nursing member of the staff, the hospital board, or any individual member of the board.

The item in question was given serious consideration before it was set in type. Our staff reporter was called upon to interview numerous people in order to verify certain points — and as the result of our efforts we have a copy of the complaints registered by the nursing staff with regard to alleged interferences in duties and responsibilities.

Since last week we have made further contacts in regard to the matter, and resulting news accounts appear elsewhere in this issue.

Frankly, in fairness to the public and those directly concerned, we do not feel the matter should be allowed to drop at this stage. Some of the complaints registered by the nurses are of a very serious nature and should be thoroughly investigated — perhaps by provincial authorities.

Should such an investigation prove the charges are without any substantial foundation, unquestionably action should be taken against those who made the complaints; on the other hand, should there be found a sound basis for the complaints, welfare of the patients should take precedent over office efficiency.

We point out an investigation involves questioning all persons directly concerned and other witnesses who may be able to throw light on the matter.

The province of Prince Edward Island really has something to boast about, according to the Christian Union Herald.

It has no unemployment and very little poverty. Though it permits divorce and has a divorce court provided for, the court has never held a session and only one divorce was granted in sixty years.

It is reported that since 1937 in the whole province there has been not a single case of assault on wife, indecent assault, desertion of family, neglect of children, or contributing to the delinquency of a child.

There are no highwaymen, no gangsters, no commercialized vice, no real crime problem, and no penitentiary.

There are only 13 policemen for its 90,000 people, and it hasn't had an execution in 40 years. Per square mile the island has twice as many people, four times as many cattle, and eight times as much poultry as any other province in Canada.

Its per capita savings is greater than in any other Canadian province; and for its size, it has more railways, more post offices, more telegraph lines, and more churches than any other province.

A lively discussion regarding boy's work featured Monday night's meeting of the Y's Men's Club. It was decided the Club would take care of the transportation of the local Cub Troop, which is sponsored by the Club, to Conway on Thursday, where they would be met by Lord Rowallan, World Chief Scout. Lord Rowallan is making a tour of the province and will pass through Conway enroute from Yarmouth to Kentville on Thursday. Time will not permit him to come into town but he will address the boys during his short stop at Conway.

Arrangements were made at the meeting for a Halloween

The Club accepted an invitation from the Saint John and Yarmouth Clubs to hold a joint meeting aboard the Princess Helen on November 11th. This meeting was originally scheduled to be held on October 14th, but, the boat not being in operation that day, was postponed until November 11th.

Have you taken a drive through Clare recently?

If you haven't it will be worth your while. Many changes have taken place in that Digby County Municipality during the past few years, and most particularly during the past year.

Numerous small industries have come into being. Older establishments have enlarged and improved their premises, and from casual observations, Clare's lumber mills and wood working plants appear to be operating at full capacity.

We understand too that the Clare Shipbuilding Company will soon be getting back into production.

Clare can no longer be referred to as the "largest unpainted village in the Maritimes". We heard it described thus not so many years ago by a visitor who had been spending some time in that Municipality but during the past few years the paint brush has been put to extensive use and the former drab exteriors of many Clare homes now glisten with new paint. Many of these homes have also been thoroughly remodelled and renovated.

New stores, business houses and dwellings are in evidence, in every community; many other buildings are in various stages of construction, and we are told that when new building materials become more plentiful work on many new buildings will be commenced.

The Municipality of Clare is certainly showing some real enterprise and progress.

Roland Theriault, who is attending St. Anne's College, was home for two days this week, visiting his parents, Mr. and Mrs. E. J. Theriault.

## Notice to Plant Owners

Owners of Boiler, Compressor, Hoisting, Power, Refrigerator, Steam Engine, Diesel Engine and Traction plants which must be registered under the provisions of the Engine Operators' Act, must make application for plant registration certificates before November 30, 1946, if such plants are in operation or moving under their own power before that date.

There are no fees for plant registration certificates, but owners who fail to apply for certificates within the specified time are subject to penalties.

## Father Leo Day

### C. W. L. Speaker

Peace is possible and not merely a "beautiful dream" declared Rev. Father Leo Day, of Digby, while addressing the Catholic Women's League at their banquet in Yarmouth Tuesday night on the second day of the 24th annual diocesan convention of the Archdiocese of Halifax.

Father Day said the battle for peace would never be won unless youth develops the character needed for the job, and he urged the members of the Catholic Women's League to strive for that end. He advised proper education and stressed the fact that education does not end with the class room and study club.

Rev. W. H. Smith, diocesan, was the first speaker at the banquet which was held at the Yarmouth Golf and Country Club with Mrs. Joseph LeBlanc, subdivision president in the chair.

Recent guests of Mr. and Mrs. Howard Forrest were Mrs. Florence Forrest and daughter, Muriel and son Hugh, and his four children of Everett, Mass.

**Maritime Mission Rally**  
**Held at Digby**  
  
The first missionary rally in the Maritime Division held in keeping with the centennial celebrations of the sending forth of missionaries, John Geddes by the Presbyterians to the New Hebrides; Richard E. Burpee by the Baptists to Burma; John West by the Anglicans to the Indians of the Red River District, and James Evans by the Methodists to the Cree Indians of the Hudson Bay Territory, was held in Digby on Friday.  
Sessions were held in the United Baptist Hall. They opened with a meeting of the local clerics and visiting leaders. Among these leaders was Canon Wilkinson who recently returned from India; Rev. Sydney Hillier, recently returned from Bolivia, and Dr. Jessie Findlay, of the Vellore Medical School in India. Other missionary leaders attending the rally were Dr. Cameron, Foreign Missions Secretary of the Presbyterian Church, and Dr. Armstrong, who holds the same position with the United Church.  
A public luncheon was held at noon at which several of the visitors spoke. Among these was Canon Wilkinson, who spoke on "a day in India". Following the luncheon, the speakers addressed the pupils of the Digby Academy at a meeting in the Community Hall. This was followed by a joint meeting of the Women's missionary societies of the churches of Digby, at which the visiting missionaries gave vivid accounts of their experiences in the various mission fields.  
At night a mass meeting, addressed by the missionaries, was held in the Baptist Church. Despite the inclement weather, a capacity audience filled the church for the meeting.  
Dr. Jessie Findlay, famed missionary of the Vellore Medical School in India, told of her work of the school and the training being given in medicine.  
All of the speakers called upon their listeners for a renewed and redoubled effort in the interests of mission work. They stressed the great need for this work if the Gospel of Christ is to be spread into the four corners of the world....bringing with it the promise of peace to all mankind. Following the addresses motion pictures portraying the living conditions and the work of missionaries in foreign lands were shown.

### Thanksgiving Gift

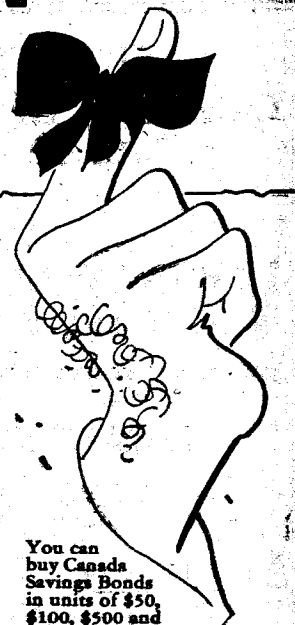

At the Communion Service at the Deep Brook Baptist Church on Sunday morning, a presentation of a purse of money was made to Mrs. Augustus Purdy in absentia by the pastor, Rev. R. S. Dunn, in recognition of her faithful and painstaking service as stewardess of the Communion Service over a period of twenty years. The gift was received by her daughter, Mrs. Eric Adams who replied for her mother, in words of sincere appreciation.

This gift was made possible by the kindly interest of members of the Dorcas Society Mrs. Purdy being elected to the office of Secretary when the society was organized thirty-five years ago. Through all the years she has maintained a keen interest in the work; many pleasant meetings have been held at her home.

A very large circle of friends regret that she has been confined to her home since early spring through illness.

Mrs. E. S. Eaton was in Halifax this week where she demonstrated net making at the Handicraft Exhibition sponsored by the Nova Scotia Craftsmen's Guild, held at Robert Simpson Eastern Ltd., in Halifax.

## Weymouth Mate of Stranded Ship En Route Home

Parker Moore, Weymouth Nova Scotia, mate on the former Canadian naval examination vessel, Zoarces, which was stranded off port Jeremi, Haiti, for 83 days before being pulled off on Saturday, is en route back to Canada tonight.

Others in the four-man crew of the 66 ton craft were Captain Louis Moore and Chief Engineer Gerald Moore, brothers of Parker, and Reginald Walker, all of Weymouth. The three brothers are all veterans of World War II.

The Zoarces, which was working in the banana trade between Haiti and Miami, Florida, survived battering storms for the first few days after she ran aground. Provisions gave out after 60 days and for the last 23 days the crew lived on bananas, biscuits and coffee.

The four seamen slept on deck because of the list of the vessel and maintained a ceaseless armed watch for fear that Haitian natives would come aboard for loot.

After futile attempts by United States Naval Patrol vessels to pull the Zoarces clear, the job was finally accomplished by a salvage craft from Kingston.

Parker Moore was believed to be suffering from the rigours of the stranding. Whether the other three members of the crew planned to return to Canada was not known.

## CHURCH POINT BOWLERS DEFEAT LITTLE BROOK

The Social Club's Bowling team of Church Point turned the tables on the strong Little Brook team Saturday night at Saulnier's Bowling Parlors by defeating them by 121 points. This is the second game out of five that Church Point has won from Little Brook.

The Little Brook team has been defeating all comers of late and their bowlers have run up high scores, but Saturday night was an off night for one of their heaviest scorers Vincent Gennett when he ran up but a 430 which is unusual for him.

Church Point showed improvement over their last few games and with a change of the line up their scoring was fairly good.

## Red Cross Meeting

The Red Cross Branch held the monthly business meeting in Killam Hall on Tuesday of last week with the president, Mrs. A. Thorpe in the chair. Following the reading of the committee reports, the president read the following announcement received from headquarters: \$7,500.00 worth of clothing stored at 50 Granville Street throughout the war in case of a possible disaster, was shipped to Normandy as a gift from the Nova Scotia Division of the Red Cross and is being distributed by a special committee headed by Madame Vanier wife of Canadian High Commissioner to France.

A letter read by the Secretary requesting individual food parcels be sent overseas for the next six months, resulted in a decision to have a "packing day" once a month when each member would donate, if possible, to the food parcels, the donation must, of course, be in the form of food suitable for shipping overseas.

A motion was carried to get another sewing machine to enable the branch to speed up the output of ready made garments. The machine has since arrived and is now in the Red Cross room at Killam Hall. An appeal from Miss Adams of the teaching staff for a donation toward the school radio was also read and a ten dollar donation was voted.

**GREATLY INCREASED VITAMIN D**

THE vitamin D content of Carnation Milk has been increased from the former 162 to 400 International units per reconstituted quart (half Carnation, half water) . . . nearly 2½ times as much as before.

This additional irradiation assures a margin of safety for the prevention of rickets in normal infants, and provides the vitamin D needed for good bone and tooth development and excellent growth.

So now, more than ever, Carnation Milk ranks as a preferred food for bottle-fed babies, for their growing brothers and sisters, and for grown-ups, who also need "sunshine" vitamin D. This greatly increased amount of essential vitamin D is provided at no extra cost.

THE BRITISH AMERICAN OIL COMPANY LIMITED

**Unionist Address-  
Joint Meeting  
Service Clubs**

The Y's Men and Kiwanis got together Monday evening for a joint meeting at the House. Jack Brittain, chairman of the Y's Men's Club, was largely attended by members of both organizations. A welcome to the Kiwanis was extended by Mr. Brittain. The reply from the Kiwanis was made by H. M. Warner, president of the Digby Club. Both presidents spoke of the good work being done in Digby by the two service clubs and expressed the hope joint meetings would be held on future occasions.

T. A. M. Kirk, inspector of schools for the Municipalities of Yarmouth and Digby, was called upon to introduce the speaker, Miss Juanita Archibald of Truro and other guests, Miss Patricia Flynn of Halifax and Miss Dorothy Walker of Kentville, all of the Provincial Physical Fitness Department. Miss Archibald, who is director of Nutrition, gave an interesting address on the nutrition values of various types of foods, which she illustrated through the use of charts. A vote of thanks in behalf of both clubs was extended by F. C. Purdy, supervisor of schools for Digby.

**Bear River Man  
Missing**

There has been no suggestion of foul play but R. C. M. P. are keeping a lookout for Clayton Archibald Yarrigle who has not returned to his home after receiving his discharge from the Canadian Army in Halifax on September 19.

He has light hair, is about 5 feet, 7 1/2 inches tall and has blue eyes. He has a slight scar on the right side of the nose and a tattoo on one forearm showing hands clasped with the words, "True Love Mother".

His wife is Mrs. Ruby Yarrigle and he has a son, Gerald Gardiner Yarrigle.

**Demonstrates Net Making**

FISH NETTING is a new and distinctive Nova Scotian handicraft material. At the Craftsmen-at-Work Exhibition in Halifax, sponsored by the Department of Industry, Mrs. Scott Eaton of Digby shows how fish net like that used in ordinary lobster traps is fashioned into practical shopping bags that can be carried in a purse when not in use. Sea shells add another Bluenose touch.

**K**

James J. Wallis, editor of the Digby Courier, was speaker at the regular supper meeting of the Digby Kiwanis Club at Jersey Farms last Thursday evening. Mr. Wallis, who for many years, was shipping reporter on one of the Yarmouth newspapers, in the days of sailing ships, spoke on the history of Yarmouth shipping.

Mr. Wallis told many interesting sagas of the sea, particularly of wrecks and of the disappearance of Yarmouth ships, many of which left their home port never to be heard of again. In his address Mr. Wallis pointed out that at one time Yarmouth owned more shipping than any other port of its size in the world—the shipping tonnage owned in Yarmouth was an equivalent of twenty tons for every man, woman and child in that county!

**Rain Badly Needed  
In County**

Tuesday's rain was a most welcome one but the chief complaint was "there wasn't enough of it."

Wells throughout the County are reported as being very low and in some cases dry. Quite a number of wells have been dry for some weeks. One farmer is reported as having to transport water for household use and for his stock from a distance of several miles.

Fears that a heavy freeze-up will come before there has been sufficient rain to fill the wells are being expressed in many quarters.

The water supply for the Town of Digby is also reported as being very low. It is understood last week there was only some fourteen inches of water in Lily Lake over the intake pipe. No restrictions have been placed on the use of water by Town authorities as yet. Due to the small amount in the lake, however, the water is quite badly discolored with silt and foreign matter picked up by the intake.

Supply of electrical energy has been affected by the water shortage and much of the power being distributed by the Digby County Power Board at present is coming from the lines of the Nova Scotia Power Commission. This power, coming from the Mersey River, is fed into the lines of the Digby County Power Board from the sub-station at Hill Grove.

The water shortage caused a shutdown of the boatbuilding plant at Weymouth for some but it is understood this plant is now in operation again.

**Military Honors Paid  
Mill Victim**

Military funeral services were held at Concession on Thursday for Desire Amoro, 23 year old war veteran, who lost his life in an accident at the H. T. Warner Ltd., Mill in Digby.

A guard of honor was formed by veterans in full uniform, while the Last Post was sounded by Eddie Theriault of St. Ann's College.

Father Castonguay of Saulnierville and Father Eli LeBlanc of St. Bernard, conducted High Mass while the choir was led by war veteran Sergeant Fred Comeau.

Full sympathy of the community for the bereaved survivors was shown by the large attendance at the last services.

Surviving is a sister, Helene; two half-sisters, Laurices and Adele, five half brothers, Moise, Willie, Edmond, Resther and Emilie.

The deceased was a son of Mrs. Fabien Gaudet and the late Mr. Amoro of Concession.

**Teachers Attend  
Refresher Course**

A refresher course in Physical Education for teachers of Digby town and parts of the Municipality, was held in Community Hall on Monday afternoon. In charge of the course were Miss Dorothy Walker and Miss Patricia Flynn, graduates of the University of Toronto in Physical Education, and Assistant Supervisors of Physical Education for the Department of Health.

This refresher course is part of the Physical Fitness Program carried on by the Department of Education in Nova Scotia, and is to introduce a new physical education curriculum to the teachers.

The instructors took teachers through sample portions of the training program for each of the grades from the rhythms, story plays and mimetics used in grades I and II to the athletic events, games, relay races and stunts used in grades V and VI. They explained that all were designed to teach the pupils coordination, posture, rhythm and other necessary qualities, and to teach them "in action."

**Warden of Assembly  
Visits Rebekahs**

Mrs. Glennie Livingstone, of New Glasgow, Grand Warden of the Rebekah Assembly of the Maritime Provinces and Newfoundland, paid an official visit to Zelma Rebekah Lodge, Monday evening.

The degree was conferred on five candidates, three from Zelma Lodge and two from Elta Lodge, Bear River. The degree team, under Degree Mistress, Mrs. Ruby Roope, looked particularly lovely in their new white evening gowns. Corsages of pink and white sweet peas and asters were worn by members of the team. The soloist was Miss Florence Berry, and pianist Mrs. Ethel Turnbull.

At the close of the meeting Mrs. Livingstone was presented with a gift by P.N.G. Mrs. G. H. Peters, on behalf of the lodge. In the afternoon Mrs. Livingstone was entertained at afternoon tea at the home of Mrs. Peters.

A number of the members of Elta Lodge, Bear River, attended the Lodge session Monday evening as guests.

**OBITUARY**

Oscar Seymore Hisco

The sudden death of Oscar Seymore Hisco occurred at the home of his brother, Ainsley, at Waldec West on Tuesday morning, October 29th.

The deceased was sixty-six years of age and a widower. He was a resident of Kentville but had been living with his brother for two weeks. Previously employed as a carpenter, he had been a partial cripple for some time.

He was a son of Alfred Hisco and Lucinda (Harnish) Hisco of Kentville. Burial will be in Kentville Friday afternoon.

**Salvation Army Drive**

Returns for the Salvation Army Red Shield Appeal in Digby County are not coming in as rapidly as could be hoped for, it was stated today. Returns to date amount to only \$400. A number of points are yet to be heard from but it is expected total returns will be below the \$800 figure reached last year.

Any one in the County who has not been contacted by a collector or who wishes to make a further donation to this most worthy cause is asked to send their subscription either to the Manager of the Bank of Nova Scotia, Digby or to the Officer in Charge, Salvation Army, Digby. A Tag Day will be held to aid the drive on Saturday, November 16th.

**Former Smith's Cove  
Youth Takes "Y" Post**

Robert Smith, son of Mr. and Mrs. F. C. Smith of Smith's Cove has joined the staff of Southwestern Y. M. C. A. of Montreal, after spending the war years as Recreational Director with the Y. M. C. A. War Services.

He received his early education at Smith's Cove following which he went to Gordon College, Boston, Mass. During that time he did youth work with the churches of Greater Boston. He returned to Canada in 1940 where he did graduate work at the Acadia University, Wolfville, N. S. He joined the Y. M. C. A. War Services in 1942 and went directly to Newfoundland where Mr. Smith spent two and one half years, part of which was with H. M. C. S. Avalon, R. C. N. Barracks in St. John's. Recreational work was spent on a Canadian Army Anti-Aircraft Battery, who were on the coast at that time.

These were picked in a field near home where the children have been picking quantities of them on their way to school.

## About This and That

The possibility of a tuna fishing industry on Digby Neck and the Islands is certainly worth while looking into. We are told that during the past summer upward of 20,000 pounds of tuna caught in the herring weirs along St. Mary's Bay, were processed, and that probably another 20,000 pounds were turned loose from weirs because fishermen were not equipped to handle these sea giants.

But the fish that got into the weirs are said only to be a very small portion of the large schools that churned the waters of St. Mary's on many occasions during the summer.

The tuna canning industry is just in its infancy as far as Nova Scotia is concerned, and the demand for tuna will likely show a marked increase each year but aside from that, tuna fishing offers more than commercial possibilities.

Tuna fishing from Digby Neck and Island ports can be developed into one of our greatest and most profitable tourist attractions. Many of these communities are well known as summer resorts—and with the added attraction of tuna fishing Digby Neck and the Islands could be developed into the most popular vacation land in the Maritimes.

"Kilroy was here" might well be written over the front of the school houses at Acaciaville and Culloden, for these buildings are certainly being destroyed by vandals and it is time authorities

were putting forth some effort to stop this wanton destruction of public property. The fact that Culloden and Acaciaville children are now attending school in Digby is no excuse for neglecting these buildings.

A cheerful lamplighter, symbolizing the emergence of fresh hope after the darkness of the past years, is featured on the 1946 Christmas Seal, which has been received at headquarters of the Nova Scotia Tuberculosis Commission, Halifax, according to Dr. K. A. MacKenzie, chairman.

The 20th annual Christmas Seal Sale, to raise funds for the control of tuberculosis, will be conducted throughout the nation from November 25 through Christmas. Of the money raised in our community, 90 per cent will be spent for our local campaign against tuberculosis. The remaining 10 per cent will be forwarded to the Canadian Tuberculosis Association to pay for supplies and services.

Christmas Seals were first sold in this country in 1927, the idea having started in Denmark and spread to all parts of the world. Before the war as many as fifty countries conducted Christmas Seal sales to support the work of tuberculosis control.

The Nova Scotia Tuberculosis Commission again asks for your generous support by buying and using the Christmas Seals so that more money will be available to carry on the work of the Commission in this province.

### In Memoriam

**IN MEMORIAM**—In memory of a wonderful husband and father, Alfred E. Trask, who departed this life, October 30th, 1944.

Time speeds on, two years have passed  
Since death its gloom, its shadow, cast;  
Within our home, where all seemed bright,  
and took from us a shining light.  
We miss that light, and ever will,  
His vacant place there is none can fill;  
Down here we mourn, but not in vain,  
For up in Heaven we will meet again.

—Ever remembered by his wife and family. 7:1c

**IN MEMORIAM**—In loving memory of my brother, Reginald C. Alridge, who died November 2nd, 1939:  
I think of him in silence,  
His name I oft recall;  
There is nothing left to answer  
But his picture on the wall.

—Always remembered by his sister, Mildred. 7:1p

**IN MEMORIAM**—In loving memory of wife and mother, Mrs. William Frost, who passed away October 31st, 1945:  
God knew that she was suffering,  
That the hills were hard to climb,  
So He closed her weary eyelids,  
And whispered "Peace be Thine."  
Away in the beautiful hills of God,  
By the valley of rest so fair,  
We will meet our loved one there.

—Ever remembered by husband and children. 7:1c

**IN MEMORIAM**—In loving memory of our dear father, Archibald S. Handspiker, who passed away October 30th, 1944:  
Gone is the face we loved so dear,  
Silent is the voice we loved to hear;  
Too far away for sight or speech  
But not too far for thought to reach;  
Sweet to remember him who once was here;  
And who, though absent, is just as dear.

—Ever remembered by his children, Stillman, Pearl and Fraser. 7:1i

**IN MEMORIAM**—In loving memory of our dear mother, Sarah V. Frost, who passed away October 31, 1945.

As a wonderful mother we think of you,  
In memories that are fond and true;  
There wasn't a thing too big or small  
That you wouldn't try to do for all.  
It's sad but true, and we wonder why  
The best are always first to die.  
Quickly and quietly came the call,  
Her sudden death surprised us all.  
We have lost but God hath gained  
One of the best the world contained.

—Sadly missed by daughter Geneva, husband and children. 7:1c

**IN MEMORIAM**—In loving memory of our dear mother, Mrs. Villa Elliott, who passed away November 1st, 1945:

Gone, dear mother, gone forever,  
How we miss your smiling face,  
But you left us to remember  
None on earth can take your place.  
A happy home we once enjoyed—  
How sweet the memory still;  
But death has left a loneliness  
The world can never fill.

—Ever remembered by her family, Evelyn, Ina, Grace, Ralph, Maxwell, Alvah, Bernard and Bradford. 7:1c

**IN MEMORIAM**—In loving memory of our dear son and brother, Sgt. Roderick Williams Abramson, who was killed in action in Belgium on November 1st, 1944. —Mother, Dad and Sisters 7:1c

**CARD OF THANKS**—Margaret Isabelle Isles, of Bear River East, wishes to thank her many friends for their kindness to her during her recent illness. Special thanks to the Nurses and Doctors of the Digby General Hospital. 7:1c

## What the Publican Said to The Bishop

Some years ago an English bishop with the best intentions in the world, bought a public house and planned to run it on "model" lines. He employed a total abstainer as manager and arranged that coffee, tea, and cocoa would be as accessible as liquor. Moreover, the staff got a commission on the light refreshments and none on the liquor. Everything possible was done to encourage men to drink moderately. At the end of twelve months the bishop had to admit that his scheme was a failure. The manager had been discharged for drunkenness and the customers drank as of old. He sold the pub back to its original owner. It is said that the publican, in taking back the premises, made this cryptic remark to the bishop: "Sir, this should be a lesson to you; you parsons should stick to your preaching; the devil can run his own business best."

—Cobbers

## JUST THINKING

Mary Starck Kerr

I was just thinking, all the liquor stores are closed on election day, so that the people can be sober enough to think intelligently and cast intelligent ballots. Don't we need intelligence every day, to conduct the affairs of business and schools and homes as they should be conducted? It seems to me liquor stores should be closed three hundred and sixty-five days of every year and three hundred and sixty-six days in leap years.

## Seize Punch Boards

Convicts have followed the seizure by Royal Canadian Mounted Police of punchboards and slot machines in several of the cities and towns of the province. In a surprise series of raids police seized more than 1200 punchboards, 10 slot machines, and a quantity of goods used as prizes.

A Charlottetown Guardian editorial note says: "One consolation stay-at-homes have these days is that they run little risk of becoming victims of airplane disasters, railway collisions, shipwrecks, or automobile accidents—unless, of course, they happen to be unfortunate pedestrians run down by furious or drunken drivers."

Mary I. Powers assistant superintendent of Women's Institutes in Nova Scotia, has been promoted to the position of superintendent, according to an announcement by Agriculture Minister A. W. Mackenzie. She is a native of Lunenburg.

## CAMELS

Camels are water drinkers, and we all know that their capacity to go without a drink for several days makes them invaluable for crossing deserts.

It is not generally known, however, that camels sometimes get drunk. There is a certain weed in Mongolia known as intoxicating hemp grass. Camels are fond of this when they first find it, and when they eat a quantity of it they become quite intoxicated, just like a man who has drunk too much beer, stout or alcoholic liquor.

It takes a camel two or three days, and sometimes longer, to get over this intoxication, but camels are wiser than men, in so far as they never get drunk more than once.

Once they have had the experience with this tempting grass they never afterwards take it again. Unfortunately, men and women who get drunk with intoxicating liquor very often become slaves to it, and get drunk time after time. Some men are like camels, in that they "get the hump" when they have intoxicating liquor.

Never touch intoxicating liquor—no matter how tempting it may seem. Some people say life is a desert. Well, if it is we are the camels who have to cross it, and we'll do our journey all the better if we don't touch intoxicating liquor.—Everybody's Monthly.

## Chief Scout Speaks to Digby Boys

Lord Rowallan, world chief scout, Friday afternoon inspected the members of the Digby Wolf Cub Pack. The boys were drawn up in rank along the pavement at Conway to greet the chief scout as he drove by en route from Yarmouth to Kentville.

He told the youngsters they would no doubt long remember his visit since they had been given an hour off from school in order to meet him. He told them they must always remember that as cubs, they were members of the largest family in the world — the Boy Scouts — who number five million members.

The chief scout showed the boys the staff he carried, with its symbolic wolf's head top. He said this staff was carved for him by a former Boy Scout, a member of the underground forces in Belgium during the war. The wood came from the forest of the Ardennes from where the Germans made their last push.

Before leaving Lord Rowallan complimented Cub Master Arnold Trask, who was in charge of the boys, on the fine appearance the youngsters made. "You are doing a great job and are to be complimented on your efforts," he said.

In the party with the chief scout were A. W. Hurl, deputy chief commissioner, Imperial Scout Headquarters; W. L. Currier, deputy chief commissioner for Canada; Walter Harpur, field commissioner, N. S.; W. E. Tubbs, provincial commissioner N. S.; and W. A. Speed, executive commissioner, N. S.

The Digby Wolf Cub Pack has recently been re-organized under the auspices of the Y's Men's Club, after being dormant since before the war. Cub leader is Arnold Trask, who served with the R.C.N.V.R. during the war and who was a former boy scout.

## An Industry in the Making

(By Mrs Jack Morehouse, Sandy Cove)

Tuna fishing in St. Mary's Bay has not become an industry in the true sense of the word, but fishermen in the Sandy Cove area and elsewhere on the Bay feel it is a future certainty.

Seven or eight of these large fish have been taken from the herring weirs in the Sandy Cove district this summer—many more could have been landed had the fishermen been prepared with an extra heavy seine for this purpose. In one instance as many as five were in one weir but the fishermen had to turn away from the weir to let them find their own way out rather than run risk of damaging or ruining ordinary herring seines.

Tuna in St. Mary's Bay are evidently feeding on certain types of herring and are chasing the herring into the weirs and they themselves become caught in the weir pounds. It is a thrilling sight to watch these struggling monsters—a thrill that has been experienced by many of Sandy Cove's summer visitors.

The tuna taken in the Sandy Cove weirs this season have averaged about 500 pounds each, and have netted local fishermen from 18 to 20 cents a pound. The local catch has been trucked to East Ferry and processed at the plant operated by W. F. McClafferty.

Who knows? The harpoon gun, the platform built over the bow of the boat, the hook and line, are all waiting for another season, as fishermen toy with the thought that with perseverance and experimentation, "the tuna industry" will become a reality.

## "NERVES"

### She Called It

Losing interest—losing friends—she never went out any more—always too tired. "Nerves," she thought—but it was her kidneys—the filters of her blood—that needed attention. She used Dodd's Kidney Pills at once. The improved action of her kidneys helped to clear away blood impurities and excess acids. Fatigue, headache, backache, lack of energy disappeared. Dodd's Kidney Pills contain essential oils and medicinal ingredients that act directly upon the kidneys—and help restore their normal action. 144

## Parwell Party Hospital Superintendent

Decorated in the Hallows-  
at the Nurses' residence  
Digby General Hospital  
a perfect setting last  
evening for the fare-  
well party for Miss Elsie Yet-  
man, former Superinten-  
dent of the Hospital.

Arranged by the Nursing staff  
of the Hospital and their guests  
and former members of the staff  
the party was a splendid success.  
Hallow'en games were played  
and dancing enjoyed.

On behalf of those present,  
Miss Bernice Abramson, R. N.,  
Operating Room Nurse, present-  
ed Miss Yetman with a lovely  
jewelled lapel pin as a small to-  
ken of appreciation of her kind-  
ness to the staff during her stay  
at the hospital and as a parting  
remembrance.

In replying Miss Yetman than-  
ked those present for their  
great kindness to her and stated  
she had enjoyed working with  
the nursing staff during her  
stay in Digby. She thanked the  
staff for their co-operation and  
said she would long remember  
them.

Following this all present join-  
ed hands, forming a circle about  
Miss Yetman and sang "For  
She's a Jolly Good Fellow". The  
evening closed with the singing  
of "Auld Lang Syne" after a  
real old fashioned sing song in-  
terspersed with delightful solo  
numbers from various members  
of the staff.

## STILL PICKING RASPBERRIES

Frank Mussells, who resides  
with his daughter and son-in-law  
Mr. and Mrs. Ernest McGrath at  
Port Wade, is still able to pick  
an ample crop of raspberries in  
his garden. He goes out twice  
a week and fills a pint measure  
with ripe red berries. There  
are still lots of berries on the  
bushes to ripen and Mr. Mussells  
says if Jack Frost keeps away  
he will be able to pick raspber-  
ries for Christmas.

## Editor Elected Vice-President

## Newspaper Association

W. E. Foster, Editor of the  
Digby News, was elected  
President of the Nova Scotia  
Weekly Newspapers Association  
at a special session at the Nova  
Hotel, Friday of last  
week. Mr. Foster succeeds C. J.  
Wallis, Editor of the Springhill  
Banner. Other officers are Vice-  
President, James J. Wallis, Editor  
of the Digby Courier, and  
Secretary-Treasurer G. Cecil  
Lamb of the Liverpool Advance.  
The executive comprise D. J.  
Bourque of the Lunenburg Pro-  
gram-Enterprise; Dr. H. D. Mac-  
Lennan of the Yarmouth Herald.

Editor J. J. Wallis

Telegram, and Thomas Beattie  
of the Bridgetown Monitor, and  
C. J. MacGillivray of the Anti-  
Slavery Casket.

Increases in the price of news-  
print and staff demands for  
higher wages and shorter hours  
were given as principal reasons  
why production costs had snow-  
balled over the past year and  
over previous years. A new ad-  
vertising rate schedule was dis-  
cussed but no overall percentage  
increase was recommended at  
the meeting. Frank J. Burns,  
Kentville Advertiser, was ap-  
pointed chairman of a special  
committee to explore the possi-  
bilities of bloc promotion of No-  
va Scotia Weeklies with the ob-  
ject of obtaining a larger share  
of national advertising, which at  
the same time was empowered  
to take any actions considered  
necessary to carry out its re-  
commendations.

## Digby High School on Accredited List

According to a letter received  
from the Inspector of High  
Schools and read at last Wed-  
nesday's meeting of the School  
Board the Digby Academy High  
School has again been placed on  
the list of Accredited Schools of  
the Province.

The letter further stated the  
Inspector of High Schools was  
particularly pleased with the  
showing made by pupils of the  
Digby High School in the last  
Provincial Examinations.

Supervisor Purdy reported  
that the committee appointed to  
make a survey in connection  
with the proposed establishment  
of a rural High School in Digby  
had made considerable progress.  
Several meetings had been held  
and the survey was progressing  
favorably, he said.

A change in classrooms had  
been made in the Junior High  
School, Mr. Purdy said, with the  
result that the problem of seat-  
ing accommodations had been  
solved. He said he was pleased  
with the work of this depart-  
ment which is under the direc-  
tion of Miss Agnes Mills.

A report on Vocational Guid-  
ance, prepared by Vice-Princi-  
pal Ormond was tabled until a  
later meeting to allow study by  
the Supervisor.

## Nurses Remain On Duty

Thursday, deadline for the  
walkout of nurses at the Digby  
General Hospital unless alleged  
interference in their duties and  
responsibilities by a non-nursing  
member of the hospital staff  
was stopped passed quietly with-  
out action on the part of the  
nurses.

Dr. J. R. McCleave, Chairman  
of the House Committee, stated  
he had talked the matter over  
with the nursing staff, and they  
had agreed to remain. He said  
he had informed them the of-  
fending member of the staff had  
been instructed by the Board to  
attend strictly to her own duties.  
Since the Board meeting no fur-  
ther interference had been re-  
ported, he said, and the nurses  
were willing to continue under  
those conditions.

The original letter filed with  
the Board of Directors by the  
nursing staff before the last  
monthly meeting of the Board,  
listed a number of specific com-  
plaints of interference in the  
duties and responsibilities of the  
nurses by a non-nursing mem-  
ber of the staff, and stated, un-  
less this interference was stop-  
ped, the nurses would leave the  
employ of the hospital.

Although the matter of nurs-  
ing staff at the hospital seems to  
be settled, no successor has  
yet been found for the Superin-  
tendant, Miss Elsie Yetman, R.  
N., whose resignation became ef-  
fective October 31st. Mrs. Frank  
Raymond, a former Superinten-  
dant of the Hospital, is supply-  
ing until a successor to Miss  
Yetman can be secured.

## Former Digby Telegrapher Injured

Mel Saunders, formerly man-  
ager of the C. P. R. Telegraph  
office here but now located in  
Wolfville, miraculously escaped  
death when he was struck by a  
car and dragged for several feet  
last Thursday.

Mr. Saunders was riding his  
bike home from work when a  
car driven by Frank Gettridge  
struck him. Mr. Gettridge did  
not realize he had hit anyone  
until he noticed a dragging  
sound.

He stopped the car immedi-  
ately and accompanied the uncon-  
scious victim to hospital where  
he was attended by Dr. R. A.  
Young.

Mr. Saunders recovered con-  
sciousness after being in hospi-  
tal for a while. He was badly  
cut about the face and body and  
was severely bruised.

His injuries, although painful,  
were not considered serious.

## LATER

X-Rays taken later showed  
Mr. Saunders to be suffering  
from a fractured skull. He is  
resting as comfortably as can  
be expected.

## Five Generations at Victoria Beach

Above is Mrs. Ada McGrath of Victoria Beach who is  
89 years of age. She is shown with her son, Trueman Mc-  
Grath; granddaughter, Mrs. Lorne Ellis; great-granddaugh-  
ter, Mrs. Arthur Hudson; and great-great-granddaugh-  
ter, Ella Hudson.

In Mrs. McGrath's immediate family there is an-  
other line of four generations. They are her daughter,  
Mrs. George Everett, Victoria Beach; granddaughter, Mrs.  
Murray Pugh, Westport; great-granddaughter, Mrs. Dou-  
glas Farnsworth, Middleton, Mass.; and great-great-grand-  
daughter and grandson, Rosemary and Douglas Farnsworth.

## Digby To Observe Remembrance Day

A fitting program to mark Re-  
membrance Day has been ar-  
ranged by the local branch of  
the Canadian Legion B. E. S. L.  
Ceremonies will begin with a  
Church Parade on Sunday, No-  
vember 10th to Grace United  
Church. The parade will fall in  
at Legion Headquarters and will  
be led by the Digby Civic Band.  
All veterans have been invited to  
take part in this church parade  
as well as other ceremonies mark-  
ing Remembrance Day.

On November 11th a Parade  
will be held to the Monument  
where fitting services will be  
held to mark the occasion. M. C.  
Denton of the Digby Branch Ca-  
nadian Legion will lay the Le-  
gion's wreath at the base of the  
Monument. The wreath from  
the Town of Digby will be placed  
by His Worship, Mayor J. W.  
Merkel.

The address at the monument  
will be given by Rev. Father  
Leo Day. Special prayer will be  
said by William Barton of the  
Acadiaville African Baptist  
Church and the Benediction will  
be pronounced by Rev. Frank B.  
Gaskill.

The Digby Sea Cadet Corps,  
"Cornwallis" and members of  
the Town Council will attend the  
ceremonies at the monument  
with the veterans and the pa-  
rade will be led by the Digby Ci-

## STRAWBERRIES AND CREAM

Several weeks ago the Cou-  
rier commented on the fact that  
although we had received sev-  
eral lots of strawberries, cream  
was hard to get.

Yesterday Mrs. Frank Hazelton  
sent in a lovely box of real ripe  
cultivated strawberries picked  
from her garden and a bottle of  
cream.

Last night Mrs. Wallis had a  
real treat for supper, strawber-  
ries and cream. Our thanks to  
Mrs. Hazelton for this really  
"out of season" dish.

Mr and Mrs. L M Saunders  
and son, Graham, were visitors  
to Windsor over the week end.  
Mr Saunders' brother, Mel is a  
patient in the Payzant Memorial  
Hospital following his ac-  
cident last week. His injuries  
were found to be more serious  
than was thought following the  
accident. X-rays taken later  
showed him to be suffering from  
a fractured skull. He is resting  
as well as can be expected.

The Last Post Re-  
veille and Carry On will be soun-  
ded by Bugler Churchill Turn-  
bull.

On the evening of November  
11th, a banquet and dance will  
be held for the veterans at the Lour  
Lodge. This will bring the Re-  
membrance Day celebrations to  
a close.

## Saturday is "Poppy Day"

Saturday of this week is Poppy Day. On that  
day bright red poppies symbolic of those which bloom-  
ed on the field of Flanders are sold in every hamlet,  
town and city across the Dominion of Canada. They  
are made by disabled war veterans and their purchase  
shows that the buyer remembers gratefully the sac-  
rifice of those who fought so bravely, who suffered  
and died that we might remain free.

Through the purchase of these poppies we are  
lending a helping hand to the work of the Canadian  
Legion B. E. S. L. in their efforts to aid the disabled  
war veterans, to provide comforts for needy veteran's  
families and to assist all those, who, through their  
sacrifice in the time of their country's need, have be-  
come "brothers in need."

Let us all, then, wear proudly that bright emblem  
of remembrance and contribute generously when asked  
to buy a poppy on Saturday.

## Raise \$3000 For Outpost Hospital

Over three thousand dollars  
has now been collected and  
pledged toward the Outpost Hos-  
pital for the Islands, it was re-  
ported at a meeting in the Free-  
port Hall. Representatives from  
Westport, Freeport, Central  
Grove and Tiverton were present  
at the meeting.

Equipment for the new hospital  
which will serve the approxi-  
mately 1600 residents of the Dig-  
by Neck Islands was donated by  
the Red Cross Society and is  
stored in Freeport at present.

A letter from Red Cross Com-  
missioner Illsley was read at  
the meeting stating he would vi-  
sit the Islands shortly to further  
explain the outpost hospital set-  
up. The feeling of those closely  
associated with the project is  
that an eight bed hospital would  
be sufficient and enquiries are  
being made regarding the pur-  
chase of a house or building suit-  
able to house the project.

At present patients on the Is-  
lands requiring hospitalization  
have to be transported across  
one and sometimes two ferries  
and over a thirty mile stretch  
of unpaved road to Digby. Dr.  
E. Weir of Freeport, present at  
the meeting stated the hospital  
was an urgent necessity if pa-  
tients were to receive proper care.

Possibility the hospital could  
be ready to open in the spring  
if a building can be secured was  
voiced at the meeting.

## Herring Industry Popular at Port Wade

The herring industry has be-  
come quite popular at Port Wade  
during the past few years. This  
year fishermen have done ex-  
ceptionally well.

Others are becoming interested  
and it is understood next year  
two and possibly three new  
weirs will be erected. The her-  
ring are being taken by the  
boatload to Grand Manan and  
other ports where there are sar-  
dine factories. It has been most  
difficult to procure enough boats  
to ferry the catch to the facto-  
ries so Donald Wilcox of Grand  
Manan, one of the partners in a  
weir, is having a herring boat  
built right at Port Wade. She  
is 65 feet long, 16 feet wide, and  
seven feet deep.

Local carpenters and painters  
are employed in the construction  
of the craft. Among those work-  
ing on the new boat are Lloyd  
Longmire, Ernest and Archie  
McGrath, Roy Westhaver and  
Robert McGrath.

It is expected the boat will be  
launched in about two weeks.  
Following this she will be taken  
to Grand Manan where she will  
have engines installed and be  
completely fitted out.

## Family of Seven Left Homeless By Fire

A family of seven were left  
homeless and destitute as a re-  
sult of a fire at Barton, a few  
miles from Digby, shortly be-  
fore noon on Friday last.

The homeless ones are Mr.  
and Mrs. Lloyd Jordan and their  
family of five children. The or-  
igin of the fire is not known  
Mrs. Jordan had put dinner on  
the stove to cook, locked up her  
home, and went out on an er-  
rand.

She was gone for only a short  
time but when she returned she  
found the house in flames. It  
was impossible to gain entrance  
through the door, and vain at-  
tempts were made to enter  
through the windows.

Fortunately all of the Jordan  
children were at school.

The dog, trapped in the house,  
perished.

Mr. Jordan is employed at  
Digby, and was at work at the  
time of the fire.

The house was burned to the  
ground, and not a stick of furni-  
ture or a stitch of clothing was  
saved.

For the present the family  
have obtained shelter at the  
home of John Robichaud of Bar-  
ton.

Mrs. William Kennedy of Hal-  
ifax was the week end guest of  
Mr. and Mrs. A. W. Irving

## Council Approves \$5000 Debenture Issue

Approval was given at Monday  
night's meeting of the Town  
Council for the issuance of de-  
bentures amounting to \$5000 to  
cover capital expenditure on the  
town's electric light system. It  
is planned to issue five \$1000  
serial bonds bearing interest at  
2%.

A resolution asking permission  
from the Department of Muni-  
cipal Affairs to borrow \$2000 in  
order to purchase the Gus Van  
Tassell property at Lily Lake  
was passed at the meeting.  
Purchase of this property will  
give the town ownership of all  
lands on the watershed into the  
lake which supplies the town's  
water.

Permission was given to Town  
Clerk C. W. Smith to attend a  
short course for Municipal Ad-  
ministrative Officers at Dalhou-  
sie University November 26 and  
27.

Considerable discussion was  
had concerning the failure of  
motorists in town to observe the  
safety lanes and parking regu-  
lations. The police Committee  
was asked to instruct police to  
enforce traffic regulations more  
rigidly.

## Come to Aid of Fellow Employee

Employees of the H. T. Warne  
Ltd. plant here rallied very  
quickly to the need of a fellow  
employee, Lloyd Jordan of Bar-  
ton whose home with all its be-  
longings was totally destroyed  
by fire last week leaving him,  
his wife, and family of five chil-  
dren homeless. A collection  
was taken among the employees  
of the plant with a one hundred  
per cent contribution. The total  
sum collected was \$219.60. Em-  
ployees at the plant number 172.

## Rev. J. E. DeLong Resigns Pastorate

The resignation of Rev. J.  
Earle DeLong, Pastor of the  
Digby and Hill Grove Baptist  
Churches, was accepted with  
much regret at a special meeting  
of the Pastoral Committee of  
the churches held following the  
evening services Sunday night.  
His resignation will become ef-  
fective at the end of this month.

Since coming to Digby from  
New Glasgow in 1943 Mr. De-

Rev. J. Earle DeLong

Long has been very active in  
church and community affairs.  
Through his efforts, improve-  
ments and additions have been  
made to church property here.  
New classrooms and a church  
parlour were added to the  
church Hall, oil burning furna-  
ces installed in the church and  
parsonage and other improve-  
ments made.

Mr. DeLong has accepted a call  
to the Emmanuel Church in  
Winnipeg and leaves to take up  
his new charge in December. In  
the Digby - Hill Grove Pastorate  
he succeeded the Rev. Milton  
Munn who resigned to enlist in  
the Royal Canadian Navy.

Due to the illness of the Rec-  
tor, Rev. F. B. Gaskill, services  
in Trinity Anglican Church on  
Sunday were conducted by Lay  
Reader Victor G. Cardoza. Mr.  
Cardoza is also a warden of the  
Parish.

## H. and O. Centre Goes To Halifax

Despite all efforts which have been made to have the proposed Health and Occupation Centre established at Cornwallis, it will definitely be moved to Halifax, Henry D. Hicks, M. L. A. for Annapolis County, told the members of the Annapolis Board of Trade, at the regular monthly session.

Mr Hicks, in opening his address, expressed pleasure in seeing a revival of interest in boards of Trade throughout the Valley, and that it was encouraging to see men getting together and doing things together. Too often, he said, organizations like boards of trade consider it their function to pass resolutions in an effort, in many cases, to get someone else to do what they should be doing themselves.

Mr Hicks reviewed his efforts on behalf of the Board of Trade and other interested organizations in having the projected Health and Occupation Centre established at Cornwallis. He was very much impressed with the ideal surroundings and equipment available for use of patients.

He had written Mr. Ilsley and other members of Parliament for Western Nova Scotia, and had their assurance that they would look into the matter and endeavour to secure a proper decision. Mr. Hicks also had a personal interview with Mr. Ilsley in Kentville, on the latter's return from overseas.

Advices from Mr. W. S. Woods Deputy Minister, DVA, stated that the principal reason for the change in plans for Cornwallis was that experience had shown that best results could not be obtained when H. and O. Centres were established in remote places from active treatment hospitals, hence the decision to establish the H. and O. Centre at Camp Hill Hospital, Mr. Woods used as an illustration the case of the H. and O. Centre established at Huntingdon, Que., which had capacity for caring for 300 patients, diminishing to 35 owing to the reluctance of the surgeons of the Montreal Hospital to have their patients go too far away to follow through with them, and because of the reluctance of the patients themselves to go to Huntingdon, some 60 miles distant. The Deputy Minister stated that experience impelled his department to believe that if the Health and Occupation Centre were established at Cornwallis, the same result would be faced. For this reason, he felt that it was in the interests of the patients themselves, and in the public interest to provide H. and O. facilities near Camp Hill Hospital in Halifax.

## MARRIAGE

Amero - LeBlanc

A very pretty wedding took place in St. Patrick's Church in Digby, October 29, when Rev. Luke Gaudet, uncle of the bride, united in marriage with nuptial mass, Miss Theresa Rosalie LeBlanc, daughter of Amedie LeBlanc and the late Mrs. LeBlanc of Weymouth, and Isaac Joseph Amero, son of Mr. and Mrs. Denis Amero of Digby.

Given in marriage by her brother, Philip LeBlanc, the bride looked charming in her long white satin gown with bridal veil caught with baby mums. Her bouquet was of white chrysanthemums.

The bride was attended by Mrs. William Jelleau, sister of the groom, who wore a gown of pink satin with a crown of sequins, and carried a bouquet of yellow chrysanthemums.

Dennis Amero, brother of the groom, was best man. Rev. Mother Superior Mary Ellen presided at the organ.

A delightful wedding breakfast was served at the home of the groom with 100 guests in attendance. The toast to the bride was proposed by Rev. Father Gaudet and Loran Hayden, and responded to by the groom.

Those assisting in serving were Mrs. William Gaudet, Mrs. Margaret Perry, Mrs. Alfred Burnett, Mrs. Calvin VanTassel and Mrs. Stanley Perry, relatives of the groom.

Later the couple motored to Weymouth, the home of the bride, where a delicious wedding dinner was served with 75 guests in attendance.

In the evening a reception was held in the groom's home in Digby. Many beautiful and useful gifts were received by the young couple. A pleasant feature of the event is that their marriage took place on the 45th

### Y's Men Entertain Scout Cubs

Some forty members of the local Scout Cub Pack which is sponsored by the Digby Y's Men's Club were entertained at a Hallowe'en party in the Scout Hall last Thursday evening.

Many of the youngsters attended the party in costume and prizes were awarded for these. Winner of the first prize was Carl Warner who was dressed in a very attractive crepe paper costume in the traditional Hallowe'en colours. Second prize went to Vaughan VanTassell who portrayed a flaxen haired young girl. Winner of the third prize was Johnny Parker who was dressed as a hobo complete with patches and little package on a stick over his shoulder.

After the judging of costumes a number of games and contests were held. One of these consisted of eating a cracker and then whistling. Winner of this was little Frank Winchester who gave a "crummy" rendition of "Bell Bottom Trousers".

Winner of the apple bobbing contest which proved a real thrill for the kiddies was Paul Mount. A close runner up was Frank Chibney. Trailing, but not undaunted was little Leon Frederick Gisham who patiently and carefully tracked down his apple until he got it under control. He was somewhat hampered by his mask which carried long mustaches of the handlebar variety.

After ample refreshments of sandwiches, doughnuts, and chocolate milk, the evening closed with the regular closing drill of the Wolf Cub Pack and the singing of "God Save the King."

The ceremony was performed by Rev. Dr. Baird, minister of the church.

**O'Neill - Mullen**  
A quiet wedding took place at the United Church parsonage at Weymouth on Saturday afternoon, October 26th., when Mary Louise Mullen, youngest daughter of William Mullen of "Brighton" was united in marriage to Claude Alfred O'Neill, son of Mr. and Mrs. Gordon O'Neill of Burton. The ceremony was performed by Rev. A. Thorpe, and witnessed by Mr. and Mrs. Ralph Haight. Following the ceremony the bridal party motored to Annapolis, after which a supper was held at the home of the groom's parents. The young couple will reside at Burton.

### Where is Kilroy?

"Where is Kilroy?" was the cry on the streets of Digby on Friday morning. There was ample evidence that he had been here the night before. Every storekeeper in town could attest to the fact for all the windows bore the legend, "Kilroy was here", written in soap or wax.

One of the reasons for anxiety as to Kilroy's whereabouts was the fact that he seemed to have an unlimited supply of soap, a commodity that has been, to say the least, scarce these last few months. Fears he might be connected with a black market ring dealing in soap have been expressed.

Digby's business section on Friday morning was a bustling, busy thoroughfare. Merchants and their clerks were busy with brushes and water removing the signs of Kilroy's overnight call. Some were forced to use razor blades to scrape off the wax while for others, the soap on their windows helped them to give the whole front a thorough going over. One merchant is reported to have used gasoline on his windows to remove a really complete job of waxing.

No real damage or vandalism was reported on Hallowe'en in Digby, however. One or two small wooden walks were overturned and a clothes post or two uprooted. Otherwise Hallowe'en passed off quietly here except, of course, for the mysterious Kilroy's unwanted call.

### Lodge Holds Hallowe'en Party

A delightful Hallowe'en Party was held in the Oddfellow's Hall last Wednesday evening. Members of St. George Lodge, I. O. O. F., and Zelma Rebekah Lodge attended the affair, many in masquerade costume.

Prizes for the best costumes were awarded to Mrs. Ada Holdsworth, who attended the party garbed as "Daisy Mae" of Dogpatch fame; Charles Ramsay who was attired as a southern gentleman of dusky hue, and Currie Woodman, who represented a southern Belle also of dusky hue.

A very enjoyable evening was spent playing Hallowe'en games cards and dancing. The evening closed with a delicious scallop chowder.

### HALLOWE'EN PARTY AT DEEP BROOK

A very happy group of young people put on a Hallowe'en Masquerade party sponsored by the Deep Brook Teen Age Club, led by Rev. R. S. Dunn and Mrs. Dunn. The party was held in the Deep Brook Baptist Hall on Thursday evening, October 31st. About sixty members and guests were present.

A very enjoyable programme of games, stories and quiz was presented by Rev. and Mrs. Dunn and Miss Shirley Adams. The costumes were judged by Mrs. Eric Adams and Mrs. Edwin Hiltz, and prizes awarded by Mr. Dunn. Miss Saley Sarty won first prize for the prettiest costume and Miss Erna Nelson won the prize for the funniest costume.

The hall was very attractively decorated in Hallowe'en colors with plenty of pumpkin grinders. Refreshments were served by members of the club.

## Receive Letter of Thanks From France

Mrs. Gordon Allard and J. Dunn of Sandy Cove recently received a letter from the Cultural Association of the Evangelical Church of Paris, France, thanking them for a parcel of clothing sent in a recent clothing drive. The letter stated the contents of the parcel were greatly appreciated and were distributed among the members of the assembly. Some thread could be bought in France, the letter stated, but the price of clothing was far above "what we could approach with our worthless money."

## FIRST SNOWFALL OF SEASON

The first snowfall of the season came late Saturday night while shoppers were on their way home from Digby stores. Although the fall did not last long it was quite heavy. On Tuesday the weather turned decidedly colder and snow and hail fell throughout the day. Later in the afternoon, the gale became quite heavy and the snow driven by the wind, resembled a mid-winter blizzard. Fortunately it melted soon after hitting the ground so no drifts were formed.

## Central Grove

A Halloween Concert was presented by the children under the direction of their teacher, Miss Helen Prime, on Tuesday evening in the school house. The room was decorated tastefully, and the program, which consisted of songs, recitations and two short plays, was enjoyed very much by a capacity audience. Luncheons were sold and fortunes were told during the program and the \$26 realized will go to buy much needed materials for the school.

On November 1 a surprise birthday party was given to Alfred Cann by the members of his family at his home here. Only two members of the family of nine were absent and a very enjoyable evening was spent. Mr. Cann, who was 73, enjoys the best of health and is very active around the place.

The Baptist Guild will meet with Mrs. Jack Britain next Tuesday evening.

PICKS FORSYTHIA BLOSSOM bush is called Golden Bell. It was first taken to England early in the last century by an English gentleman who gave it his name, Forcythe. Later it came to North America and is now grown quite generally in all sections.

Miss Adelaide Cuming of Smith's Cove sent the Courier on Tuesday a spray of forsythia blossoms picked in the garden of Mr. and Mrs. Henry Sulls of Smith's Cove on November 4th. This bush blooms in May and June and Miss Cuming feels that a real record has been established by picking blossoms in November.

# Produce Quality Eggs and Poultry for Home and Export

More than 1,900,000 chicks were hatched last spring by Nova Scotia's approved hatcheries.

More chickens, capons and pullets for layers than ever before have been raised this year by Nova Scotia's farmers.

More poultry than ever before will be marketed this year by Nova Scotia's poultrymen.

More Eggs and Poultry are consumed annually by Nova Scotians than they produce each year and yet we want to establish Nova Scotia eggs and poultry on the export market against the day when we shall have a surplus over and above home consumption.

More than ever, therefore it is important to produce the best possible quantity of eggs and poultry to ensure normal consumption at home and satisfied customers abroad.

More Eggs than ever before are needed to meet home needs and for shipment overseas to fill Canada's egg contracts with Britain. Remember, Canadian eggs are contracted for by Britain up to February 1st, 1949, and further contracts are now under consideration.

More early fall and winter eggs of good quality are wanted each year to fill these contracts. Make your plans for producing and handling eggs and poultry to ensure a steady supply of good quality.

To assist in attaining these ends, the Nova Scotia Department of Agriculture and Marketing provides a poultry blood-testing service to flocks producing hatching eggs to ensure disease-free chicks, and also assists and guides the marketing of poultry products on a graded basis whereby producers are paid according to the quality of their products.

# RED CROSS NOTES - - - DIGBY BRANCH

The quarterly business meeting of the Digby Branch, Canadian Red Cross Society, was held at the Court House on Monday, October 28th. Reports were presented showing that the society is still very active in relief work and in hospital visiting in connection with the DVA Hospital at Cornwallis. Net financial returns from the Red Cross Rally at Cornwallis in September were approximately \$75 which was being expended by the Coordinating Committee for apples for the patients and for Christmas cheer. It was expected that Christmas plans for the Hospital would be finalized at a joint meeting at Cornwallis in the near future.

Won't the women of Digby and vicinity please share their time to make up one or two warm garments apiece to help those of less fortunate countries!

Anyone wishing to contribute may leave parcels at the Court House, or phone 48.

## HALLOWEEN PARTY

David and Buddy Leonard entertained twenty-four of their little friends at a delightful Halloween party on Thursday, October 31. The big attraction were the many Halloween decorations sent to David and Buddy by their Aunt Bea (Mrs. Reid).

Games were played and lucky numbers won by little Linda Ellis, Brenda Marshall, Anne and Jean Brittain and Gary Turnbull. After a happy time, the children left for home with their tummies full of goodies.

# Clare Home and School Association Sponsors Improvements

The Church Point Home and School Association held a very successful meeting on Wednesday evening, Inspector of schools for Clare, Louis A. d'Entremont of West Pubnico gave a brief outline on how much the Association can do for the school. He went on to say that the Home and School Associations in the District of Clare are very well organized.

Miss Adele Doucet, Secretary-Treasurer and delegate to the Baddeck Convention last summer gave a resume of the Convention proceedings.

The local branch will purchase paper drinking cups for St. Mary's School here, to replace the old-fashioned cups as soon as they are obtainable.

Another feature introduced at the meeting by Joseph P. Doucet, Vice-president, is a tri-yearly report card on the conduct and tests of each student with the said card to be signed by the student's parents when presented to them. It will serve as a means whereby the parents can follow the progress of their children throughout the year and aid them to recover lost ground if they show signs of needing more careful studying.

Mr. Doucet, who always shows great interest in the school affairs, for the last three years has sponsored "le Banque Scholaire", on his own initiative, as a means for the pupils to acquire points on the different subjects in the school curriculum, with prizes donated to those having the highest number of points.

Although "le Banque Scholaire" was popular with the pupils, Mr. Doucet felt that a change should be made, therefore introduced at the meeting the report cards, which were accepted by the Association.

It is planned by the Social Committee to hold a card party in November for the purpose of raising funds.

Mrs. Edmond Melanson, President, gave an outline on what had been done so far in having tonsils removed from pupils who had infected tonsils. There had only been four pupils who had undergone the operation to date and the difficulty to obtain the necessary beds at the hospital has hampered the completion of these necessary operations. It is hoped that ways and means will be found to complete this program at an early date.

**Westport Society Meets**  
 The B. Y. P. U. of Westport held a Halloween Social on Friday evening, October 25, at the Church Hall. A very entertaining program was carried out and the main event was the fortune teller appearing dressed as a witch and telling each one's fortune by candle light. Refreshments were served and a special treat of molasses candy was given by Mrs. Howard. The program closed with a short singing song and the National Anthem.

Whitney Derby and Wilfred Dakin of Westport were in town on Friday en route home from Amherst where they attended the annual Fishermen's Convention.

It has caused little children to be hungry and to grow up among evil associations. It has broken up more homes and wrecked more lives than any other cause.—Cardinal Gibbons.

Wallis, editor of the Digby Courier, is the new vice-president of the Association. Mr. Wallis is the same today as he was 40 years ago, the years having passed very kindly with him. He and others on the staff of the Halifax Herald and the late W. R. McCurdy were news editors, and he has edited papers in Yarmouth, Lunenburg, Bridgetown and Weymouth. On one occasion he ventured into political waters, running in Digby County for the House of Assembly against Hon. J. Willie Comeau. He was beaten, but then anyone else would have been beaten too. Recently he addressed the Digby Kiwanis Club on the hey-day of Yarmouth shipping. I have read his address and hope to have him called to the directorate of the Brown Star Line. If John Braden wins the next federal election it may be a good thing to have a Tory, with a record of sacrifice, on the Brown Star Directorate.

The Digby Courier says editorially—

"Kilroy was here" might well be written over the front of the school houses at Acaciaville and Colford for these buildings are certainly being destroyed by vandals. Now where on earth did Editor Wallis get the idea that Kilroy is a vandal? In all the places Kilroy has visited he has done no damage: he has merely left the famous three words "Kilroy was here." When Kilroy visited Truro recently he came to my office and talked at length of his travels. I found him a charming person. He did no damage to me personally nor to the office. I found him when I was going home to supper that he had left those words on the outside of one of the office windows, but I think he did it merely to make sure I would give him a personal. Kilroy is a good chap and I think Editor Wallis owes him an apology.

## To Launch Christmas Seal Campaign

Plans for launching the annual campaign for the sale of T. B. Christmas Seals were announced by the committee in charge at the monthly meeting of the Digby Branch of the Victorian Order of Nurses. In Digby the seals will be put in the malls during the week of November 18 and collections will commence on the 25th.

As in preceding years proceeds from the sale of seals in Digby will be shared by the local V. O. N. and the Nova Scotia Tuberculosis Association, and will be used in the never ending fight against tuberculosis. Through this means much work has been accomplished in the past, and it is regarded as one of the greatest humanitarian efforts of our time, an effort worthy of the support of every individual.

Join the fight against T. B. by buying T. B. Christmas Seals.

## Trade Board Asks for Bridge at Petite

The Digby Board of Trade went on record at their meeting last night as favoring the erection of a toll bridge across Petite Passage between East Ferry and Tiverton.

The proposed sum of \$300,000 by the federal government to improve ferry approaches at Petite Passage was considered as being merely a "drop in the bucket." It was stated no system of ferries at Petite Passage could possibly provide proper and adequate service. Tides and weather conditions at the passage were such that ferries could only provide such service about four months in the year. For the balance of the year ferries could only operate as weather conditions permit, and hardly ever after dark.

The cost of building the bridge, it was stated, might be a heavy one but in the long run it would not cost any more than the almost continual repair and replacement work needed on the ferries. The distance across Petite Passage is somewhat over 2000 feet. Low tide distance is about 1100 feet. Submarine cables and telephone and hydro cables across the passage are being continually put out of order by the chafing of the tides and currents. These cables could be attached to the bridge and remedy this, it was stated.

The resolution passed by the Board read, "Whereas a system of ferries at Petite Passage, between East Ferry and Tiverton, cannot possibly provide proper and adequate service, and whereas the proposed spending of \$300,000 to improve these ferries is but a waste of public funds on a project that cannot properly serve the purpose for which it is intended, and whereas the provision of adequate transportation facilities across Petite Passage is an absolute necessity to the economic life of this section of the province, therefore be it resolved that the Digby Board of Trade petition Federal and provincial authorities concerned, immediate steps to establish a toll bridge across Petite Passage. Copies of the resolution were ordered sent to all federal and provincial authorities concerned.

It is understood engineers are presently surveying the Petite Passage area in preparation for improvements to ferry breakwaters.

## V. O. N. Monthly Meeting

The report of Miss Faye Saunders, V. O. Nurse for Digby, to the monthly meeting of the local branch of the Victorian Order revealed 105 cases were carried in October and 217 visits made. Forty-three attended Child Welfare conferences and 281 inoculations were given at the clinics. Ten hours were spent in Industrial Nursing at the plant of H. T. Warne, Ltd.

School physical examinations were completed with 229 defects found; 209 corrected; 210 minor treatments given and 71 consultations held. Talks were given to Grades I to VI.

Mrs. W. K. Ganong, Miss Louise Daley and Mrs. Hugh Perry were named a nominating committee to bring a slate of officers and board members for the annual meeting.

## Kiwanis Elect Officers

C. M. Levy was elected president of the Digby Kiwanis Club at its regular meeting on Thursday when officers and directors were elected for 1947. Other officers are as follows:

Vice-President — Kenneth Beckwith.  
Treasurer — H. A. Fillmore.  
Directors — E. S. Eaton, H. J. Campbell, Ray Underwood, W. L. Troop, C. F. McBride, Rev. T. W. Hodgson and C. R. Sypher.

Mrs. Doris Abramson and son Roderick of Little River spent the week end in Digby, guests of Mr. and Mrs. John Abramson. Guests at the same home were Mr. and Mrs. Donald Marshall of Marshalltown.

## Urges Development Of Recreational Facilities

The need for the provision of more recreational facilities for the American tourists was stressed by W. R. Bird of the Publicity and Industry Department of the Provincial Government, speaker at last night's meeting of the Digby Board of Trade.

Mr. Bird said that, in Digby particularly, attention should be given to the provision of boats for fishing and sailing parties. He said the pollock fishing should provide a great attraction for the tourists and every effort should be made to provide proper facilities for this sport.

The stressing of historical data was urged by Mr. Bird. He said visitors were greatly interested in the history of the places they visited and he felt Digby must have in its history stories that would prove of great romantic interest to the tourist.

He said an effort was being made by his department to bring to the people of Canada and the United States by means of press and radio some of the highly interesting and romantic stories that abound in the history of Nova Scotia. Proof that these were of great interest to the listeners was being found in the many letters received asking for further information on these historical stories.

Mr. Bird stated the tourist industry was fast becoming one of the most important in the province and he urged every effort to see that it is built on sound lines, that proper recreational facilities are provided and that more effort is made to carefully accommodate the visitors.

Mr. and Mrs. George Milbury and baby, Linda, spent the week end in Bear River.

## Supervisor Visits Digby Branch V. O. N.

Miss Lenta Hall, district supervisor of the Victorian Order of Nurses, officially visited the Digby Branch on Tuesday. In addressing the members of the Board, Miss Hall complimented Miss Saunders, local V. O. Nurse on her work, also the members of the Board on the progress the branch has made during the past year.

Miss Hall noted Industrial Nursing at H. T. Warne, Ltd., as a progressive step, but was appalled to learn the War Veterans had not taken advantage of the Victorian Order Nursing service given under D. V. A. She felt this was because veterans themselves were not aware the service was available to them.

She told a regional Board member conference was being held in the West and expressed the hope these conferences would soon be held in the east.

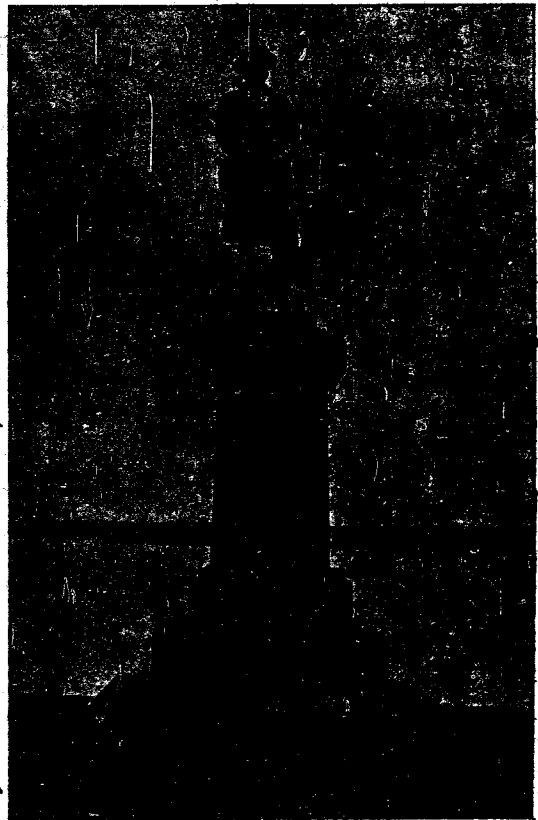

During the course of her remarks she stated that in Canada one of every six babies is contacted by the V. O. Nurse and the mortality rate of mothers and babies cared for by the V. O. N. is the lowest in Canada.

Among recommendations coming from the National Office, Miss Hall said, were minimum salaries for nurses of \$150 per month, protective insurance and uniform allowances.

Mrs. G. W. Connell, who presided at the meeting, thanked Miss Hall for her interesting and helpful address.

Mr. Hugh Vincent and family were motor visitors to Halifax on Sunday. They were accompanied home by Mrs. Vincent who was visiting in the city for a few days. A daughter, Grace, Domestic Science teacher at Stellarton, was also a week end visitor in the city.

## Impressive Remembrance Day Services

DIGBY'S WAR MEMORIAL

Remembrance Day proceedings began on Sunday in Digby with a Church Parade to the Grace United Church. Led by the Digby Civic Band, members of Branch No. 20 Canadian Legion, B. E. S. L. and veterans of both World Wars paraded one hundred strong to the church. Standard bearers were Surgeon Lieutenant E. D. Dickie and Pilot Officer J. R. Nichols. At the head of the parade was Legion President, Squadron Leader F. C. Purdy.

Taking as his text "Our Glorious Dead" T. W. Hodgson delivered a most stirring address. In his remarks Dr. Hodgson said we should never fully repay the debt we owe to those who sacrificed so much for us. There is, however, something we must do for apart from us their effort is in vain. We must resolve, now the imminent danger is past, never again to return to the selfish way of life, living for ourselves alone. We must continue in the days of peace that lie ahead, the comradeship, the sacrifice, the service that led us to victory. If we do not do this, Dr. Hodgson said, we have lost the war and those who died have died in vain. Leading in prayer at Sunday's service was Deacon William Barton of the African Baptist Church, Acaciaville. Beautiful music was rendered by the choir and a male quartette. Mr. Elliott, Entertainment Officer at D. V. A. Cornwallis Hospital, sang as a solo, "The Lord's Prayer." On Monday morning nearly (Continued on Page 5)

## Design New Type Vessel

SOMETHING NEW in the Nova Scotia fishing industry is the 45 foot vessel designed by the Fisheries Division of the Nova Scotia Department of Industry and shown here in a six-foot scale working model. Its use is expected to extend the inshore fishing season, providing greater employment for fishermen and better supply for the market. The craft is equipped for long-line, masthead dragging, sein-ing and swordfishing. A 38 foot class has been designed for long-line operations and lobster fishing. First of the new type is now building at Mahone Bay.

## About This and That

A Canadian Press Despatch from Winnipeg quotes George A. Wilson, president of the Hotel Association of Canada, as saying that the easing of Canada's liquor laws would improve the tourist trade. He advocated that other provinces follow Ontario's example in easing restrictions on the sale of liquor.

If this is necessary to obtain tourist trade, Canada would be far better off not to have any tourist trade at all. We have enough accidents now, directly attributable to drivers under the influence of liquor, to want any more such drivers on the road.

Why does Canada value the tourist trade? Is not the chief reason the money that is being brought into the country—the trade we can do with the tourists? Money isn't everything! We could stand a great deal more poverty if we knew our highways to be safe from drunken drivers.

It is not necessarily liquor that is the cause for so much grief in this world, rather it is the excess of drinking. If we ease the restrictions we increase the temptation for excess, especially among the younger people. We see too much of the havoc wrought by lax liquor laws only a few miles to the south to want any part of it.

If we had no other attractions to offer our tourists than liquor, we certainly would have nothing to be proud of. Canada does offer many wholesome attractions and we should cater to the class of tourists who appreciate them.

ily of seven homeless and destitute—everything they owned including their furniture, clothing and even an amount of cash, went up in smoke. In another column in the same issue we carried a story of how Mr. Jordan's fellow employees at H. T. ### Family Escapes

An 11-year-old boy and his parents were rushed to Digby Hospital last Wednesday night with injuries after a car went out of control and plunged over a ten foot bank at West Waldec before coming to rest upside down in a brook. The boy, Ronald Brown, received a fractured leg while his parents, Mr. and Mrs. Gordon Brown escaped with lesser injuries and were released from hospital the following morning.

The family was returning from Bear River at the time of the mishap. On a curve in the high way the car went out of control and crashed into a mailbox in front of the home of Sydney Kilminster. Glancing from the mailbox, the car careened into the ditch and rolled over a 10-foot bank landing in the cemetery brook.

The occupants were rushed to Digby where Dr. Black treated their injuries.

### PI Lines

Once upon a time a friend of mine complained of "PI Lines" on the grounds I am forever "gripping about something or another. I can't agree with him 100 per cent, nevertheless, I will try and get by this time "without a gripe"—even to the extent of sacrificing my original intention of making a few caustic remarks about the lack of service rendered by the Digby Post Office.

For this once I will endeavor to write nice things about everything and everybody—I won't even mention the deplorable condition of Queen Street—neither will I say a word about the unsanitary condition of the Digby waterfront, or, of those unsightly ruins that have for too many years marred the beauty of our town.

It is a real pleasure to see that a real start is being made toward the establishment of an outpost hospital for the Islands, and that to date more than \$3000 have been raised toward this project. The need of such a hospital is really great, and we know any appeal made on its behalf will receive a ready response. This newspaper pledges its support in every way possible.

Reference to the Islands naturally suggests references to Digby Neck—and particularly to that eight mile stretch of road from Digby town limits and Gulliver's Corner now being prepared for paving. It is hardly a "gripe" to comment that travel over this stretch of road is particularly difficult at times, for that is to be expected. We are led to believe the Digby Neck Highway will in a few years be

classed among the finest—and widest—paved highways in the Province of Nova Scotia—and if there is any section of Nova Scotia that is deserving of such a road, it is the Digby Neck. It will probably take a few years to complete the project and it is hoped the paving will be continued on the far side of Petite Passage.

Last week the Courier carried a story of the disastrous blaze that levelled the home of Lloyd Jordan at Barton, leaving a fam-

One of the great advantages of Carnation Milk as a food for bottle-fed babies and growing children has been its extra supply of "sunshine" vitamin D. Here is added assurance that the valuable minerals in the milk will be fully used in building strong bones and sound teeth. This makes Carnation more than ever the preferred milk for infant feeding—nourishing, safe, digestible, and economical. No extra cost for this increased vitamin D.

## Remembrance Day Services Impressive

(Continued from Page 1)

Hundred veterans of both World Wars led by the Digby Band and accompanied by S. C. C. "Cornwallis" marched from the Canadian Legion headquarters to the Monument for the traditional Memorial service was held.

At 11 o'clock the two minutes silence was observed and Bugler Churchill Turnbull sounded the Last Post and Reveille. Prayer was said by Deacon William Brown of the African Baptist Church, a veteran of World War I.

The address was given by Rev. Leo Day. In his remarks Father Day said the solemn services of Remembrance Day did much to awaken in the hearts of the people through vivid recollections and personal memories a new and strengthened resolve to carry on so that those who gave their lives may not have died in vain. Through these services, he said, we gather courage, our faith is renewed and quickened and our hope revived for the task that lies ahead.

The Benediction was pronounced by Rev. F. B. Gaskill of Trinity Anglican Church. In the evening members of the Canadian Legion, veterans of both wars, their wives and their guests, gathered at the Lougheed for the annual Remembrance Day banquet. His Worship Mayor Merkel addressed the gathering and stressed the importance of a true spirit of remembrance.

The toast to the Legion was proposed by Vice-President J. R. Nichols and responded to by Past President M. C. Denton. In his response Mr. Denton traced the growth of the Legion and urged support of this organization by all ex-servicemen.

Legion Secretary Arnold Trask proposed the toast to the Ladies which was responded to by Mrs. F. C. Purdy. In her response Mrs. Purdy said the ladies were most grateful for the opportunity to join the men in their Remembrance Day banquet and expressed the hope this custom, inaugurated this year, would continue.

Chairman F. C. Purdy expressed the thanks of the gathering to the catering committee and the girls from the High School who served at the tables. The hall was beautifully decorated for the occasion in red, white and blue bunting and all the tables were decorated in the same colours.

Present at the head of the table were members of the local clergy, Lt. Col. "Red" Grant, M. B. E., Major Earl Anderson, D. S. O. and other dignitaries.

Music for the dance which followed the banquet was provided by the Digby orchestra.

**AT TIVERTON**  
A Memorial service was held in the Christian Church on Sunday evening for our boys who gave their all in World War I and II.

Rev. Wilfred Outhouse delivered an interesting sermon and a wreath was placed in front of the pulpit by Eugene Outhouse of World War I in memory of his lost comrades.

With trembling voice he mentioned their names which were Boyd Wyman, Glendon Farnsworth and Lloyd Outhouse.

A duet was rendered by Miss Ethel Outhouse and Miss Bertha Outhouse, "When I've Gone the Last Mile of the Way."

**AT CLEMENTSVALE**  
Rev. K. E. Dotson, Adventist minister of Bear River, was the guest speaker at the Memorial service held at Clementsvale on Sunday afternoon.

Rev. C. S. Young, pastor of the Baptist Church, had charge of the service which opened at the memorial where several wreaths were laid.

Later, headed by members of the Bear River Branch of the R.E.S.L., all went to the Baptist Church.

Many lovely flowers in memory of Donald Sanford and Raymond Pyne of Clementsvale adorned the church, placed there by relatives of the boys who paid the supreme sacrifice.

In the evening at Princetown a similar service was conducted by the pastor, Rev. C. S. Young.

**AT WESTPORT**  
A very inspiring service was held at the Westport Baptist Church on Sunday evening to commemorate Remembrance Day. The B. Y. P. U. took part in the service by each member bringing enough people to occupy a seat.

A beautiful wreath was placed in honor of the casualties of the war by Mr. Gordon Dakin.

a veteran of this war. The Men's choir rendered "Faith of Our Fathers". The National Anthem was sung at the close of the service.

### AT BEAR RIVER

Remembrance Day service was held on Sunday morning at the Bear River Baptist Church, with Rev. James Brooks, B. D., of the United Church of Canada officiating. Rev. R. Dunn of the Baptist Church at Deep Brook gave the address. Rev. K. E. Dotson of the Advent Church offered prayer. The Bear River Branch of the Canadian Legion marched in a body. At the close of the service the Legion, headed by Major A. V. Banks, paraded to the War Memorial where the placing of Memorial wreaths took place by the Bear River Women's Institute by Mrs. H. E. Harris; the Legion by Maxwell Isles. Arthur Isles placed a wreath in memory of his brother Harold Isles also Arnold Banks for his brother, Harry Banks. Rev. James Brooks closed with prayer.

### AT WEYMOUTH

Sponsored by the local branch of the Canadian Legion, Remembrance Day observances began with a fine turn out of the veterans, Sea Cadets and the Weymouth and Weymouth North Groups of the CGIT, who, led by Major Kenneth Smith, paraded through the business section of Weymouth to the Monument where a touching memorial service was held. Major Glidden Campbell was master of ceremonies. A short but extremely fitting address was given by Rev. R. M. Johnson of the Church of Christ, Southville. The veterans' wreath was laid by a brother of the late Pte. Rester Amirault who was killed in Sicily; a wreath in honor of all who served was placed by the CGIT; Miss Winnifred MacGowan placed a wreath in memory of her brother the late Pte. Harry McGowan. The service concluded with the singing of the National Anthem.

A charming bride, Leona Dorothy Surrette, daughter of Mr. and Mrs. Jerry Surrette, was united in marriage with Kenneth Hart VanTassell, during a ceremony solemnized by Rev. Leo Day in St. Patrick's Church on November 11.

The bride entered the church with her father and was given in marriage by him. She looked lovely in a formal gown of ivory satin with fitted bodice and long sweeping train and wore a finger tip veil. She carried a white prayer book and her only ornament was a single strand of pearls.

Her sister, Norma Surrette attended as bridesmaid and wore a pale blue taffeta gown with matching feather crown and

veil. Miss Surrette carried an arm bouquet of pink and white chrysanthemums.

Harold Surrette, brother of the bride, was best man. Joseph Purdy and Gordon Comeau acted as ushers.

E. J. Theriault, church organist, played the wedding marches and rendered appropriate music during the ceremony. While the register was being signed Marie Theriault sang, "I Love You Truly."

Following the wedding a reception was held at the home of the bride's parents, after which the couple left for Saint John en route to Boston and New York. The bride travelled in a pearl grey wool dress and mist blue coat with black accessories.

## THE THINGS THAT MONEY CAN'T BUY

HEALTH; A HAPPY HOME; opportunity for your children; your own peace of mind—these are priceless gifts. You can't buy them with money.

But reasonable financial security, based on a planned programme of personal saving, can help to guard and guarantee them.

Take your Victory Bonds, for example. Pretty reassuring to have them tucked away as a financial reserve, always "on tap" in

time of opportunity or need. Pretty convincing proof, too, that you really can save when there's a real saving job to be done.

Perhaps today's rising costs or other factors are making it hard for you to carry on your savings programme. By the time you have met all your expenses, perhaps there's mighty little left for that all-important item marked "Savings".

Try putting savings first, not last, on

your budget list. Owe yourself a definite amount each month, and make sure you collect it. It means careful budgeting, and putting off buying a good many things you'd like to have. But never forget—this is your share of what you earn. This is the part of your income which will help to assure for yourself and your family all the things that money can't buy.

PERHAPS YOU are already one of the hundreds of thousands of thrifty Canadians who have a savings account with the Royal Bank. If not, we invite you to come in and open one. Perhaps your first deposit will have to be small; don't let that worry you. The important thing is to start. It will be a pleasure to serve you.

## W. M. S. Meeting

The November Meeting of the Women's Missionary Society of the United Church met on Friday afternoon at the home of Mrs. W. A. Chute.

The theme for this meeting, "In Christian Homes", was brought to us in a message by the president, Mrs. Brooks, pointing out the necessity of Christian influence in the home if it is to be a successful and happy one, and also reminding us that nothing in the home, no matter how well equipped, is as important as the people who dwell there.

Mrs. Brooks had charge of the study and gave the opening and closing portions. The study book "India at the Threshold", is proving a most interesting one.

Autumn thank offering envelopes were handed in and a donation received from Mrs. Frank Burrage.

Mrs. Harold Scott returned the past week from visiting relatives at Round Hill.

Scheurman Higgins and friend of Halifax spent a few days at his home.

The Philathea Class will meet on Thursday evening with Mrs. William Henshaw.

Mr. and Mrs. Frank Wightman and children of Smith's Cove were Sunday guests of Mr. and Mrs. Charles Greene.

### Marshall - Everett

A quiet wedding was solemnized at Grace United Church manse on Saturday, November 9th, when Esther Louise, daughter of Kenneth Everett of Digby became the bride of Hubert Roy, son of Mr. and Mrs. Henry Marshall of Hill Grove.

The ceremony was performed by Rev. T. W. Hodgson.

### Darres - McCormick

The home of Mr. and Mrs. Earl McCormick of Bear River was the scene of a very pretty wedding on Tuesday morning November 5, when their eldest daughter, Marie Hope, was united in marriage to Carl Joseph Darres son of Mr. and Mrs. Otis Darres of Digby.

The ceremony was performed by Rev. G. D. Brydon under an arch of pink and white crepe paper. The bride entered the room on the arm of her father by whom she was given in marriage. She looked charming in her floor length gown of ivory satin and net with three quarter length veil and carried a bouquet of white and gold chrysanthemums. She was attended by her sister, Miss Myrtle McCormick, who wore a floor length gown of lime crepe with shoulder length veil of the same shade and wore a corsage of chrysanthemums. Mr. Bruce Rice of Digby supported the groom.

Following the ceremony a reception was held to about thirty guests.

The bride's table, prettily decorated with pink and white streamers, held many lovely gifts, including blankets, linen, pyrex china, etc.

No definite plans have been made for the future as the groom is with the R. C. A. F.

I'd like 11,506,651\* others to hear this

"No post mortem!" warned Ida, glancing at Ruth. "The game's over. Besides, your husband looks as though he has something on his mind."

"I sure have," said Bill. "Only I'd like the other 11,506,651 Canadians to hear this too. To-day I got hold of some figures that made me proud of the business I'm in. We Canadians now own more than 10 billion dollars worth of life insurance. And payments? During 1945 alone, the companies paid out about 66½ million dollars to widows, children and other beneficiaries. And another 95 million dollars was paid to living policyholders through matured endowments, dividends, disability claims, annuities and such surrender values. That's what life insurance is doing for us Canadians."

"These life insurance benefits helped to pay off mortgages on homes, sent youngsters off to college, settled older people into comfortable retirement. Countless families have thanked their stars for life insurance in time of need. Many, many others who are now building future security through their policies will be glad of it. But I want every living Canadian to realize the importance of Life Insurance."

Every life insurance dollar, while waiting to be paid out to its claimant, is working and growing. It's a service to the public, creating more jobs and more goods for more Canadians. Of that dollar about 37 cents is now invested in Government bonds, 5 cents is laboring for municipalities, 20 cents is building industries and public utilities from coast to coast, 8 cents is in farm and urban programs, another 5 cents is on loan to policyholders, 1¼ cents is represented by real estate and 3¼ cents is in cash and miscellaneous assets.

Life insurance not only grows in the scope of its protection, year after year, but is constantly being employed for many valuable purposes.

## Discuss Rink Building Plans

Plans for the incorporation of a company to own and operate the proposed rink in Digby came in for a great deal of discussion at last night's meeting of the Board of Trade.

F. L. Anderson, chairman of the committee to form the company, stated his committee had met on several occasions, letters were sent out to persons in the town and county asking them to serve on the company. A number of replies had been received as had also the signed forms necessary before the company could be incorporated. He said the matter of incorporation now rested with the solicitor for the committee.

Mr. M. S. Leonard stated he had delayed taking the final step to have the company incorporated under the Nova Scotia Companies Act, as he felt it would be wiser to incorporate under Private Bill. This was the method followed, he said, by public bodies such as playgrounds, cemeteries and other like organizations. He said that when the first move to incorporate was made, haste seemed the keynote and he advised procedure under the Companies Act as the quicker method.

Now, he said, there seemed little likelihood the rink would be built this year and he felt it would be wiser to incorporate by private act. In using this method there would be no shareholders as such, everyone in the town and county would be eligible to serve on the directorate and contributions to the rink building project would be within the provisions of the Income Tax Act. He said, however, he was perfectly willing to do whatever the committee wished, and would proceed with the original plan of incorporation if that was what was wanted.

## Hospital Board Meets

The possibility of providing living accommodations for the hospital bookkeeper in the Nurses' Residence was discussed at Tuesday's meeting of the Board of Directors of the Digby Hospital. Some opposition to this was expressed on the grounds it would aggravate an already delicate situation. It was reported the bookkeeper was finding difficulty in securing a boarding place and the suggestion that provision be made at the Nurses' Residence was made as a possible means of solving the difficulty.

Copies of the new by laws for the operation of the hospital which were passed at a previous meeting of the board were distributed at this meeting.

No superintendent to replace Miss Yetman, who left the hospital Nov. 1st, has been named although a number of applications have been received.

## Police to "Clamp Down" on Drunks

Law enforcement was the main topic of discussion at a special meeting of the Town Council Tuesday evening. Considerable concern was expressed about the number of "drunks" frequenting the streets during the day and evening and the Police Department was asked to tighten up on the enforcement of liquor laws.

Council members stated they had received complaints concerning the blocking of sidewalks by groups of men under the influence of liquor and asked the Police Department to take action to break up these assemblies.

The matter of traffic violations also came up for discussion. It was stated the violation of the parking regulations on Water Street was continuing and on several occasions access to buildings had been blocked for several hours due to parking in NO PARKING areas. The Traffic Authority was instructed to take immediate action to remedy this matter and to issue "tickets" to all offenders in the future.

Pedestrian lanes across the street had been blocked on numerous occasions, it was stated, and the Police Department was asked to take special care these were kept open at all times. It was stated a great number of pedestrians do not use these lanes but cross between corners. This was stated to be a most dangerous practise which the Police Department should try to rectify.

Winston Mullen left on Tuesday to attend the annual Fox Show at Fredericton.

## Quick Action Prevents Fire

Quick action on the part of Kenneth Raymond, an employee of the Bellrock Packing Company, prevented what might have been a serious fire on Monday afternoon.

While at work Mr. Raymond noticed the roof of the blacksmith shop at the head of the government pier on fire. An alarm was sent in, and he dashed across the street to the building with a small ladder and a pail of water. The water extinguished most of the blaze while a bar was used to pry off the burning shingles not put out by the water. By the time the Fire Department arrived the blaze was all out and Mr. Raymond was ready to return to his work.

Had this fire really got a start the results might have been serious as the building is located near one of the most congested areas of the town; an area of aged wooden buildings.

Hospital patients in her car on pleasure drives. These drives, under doctor's orders have been only for short distances, to Annapolis or the Habitation, but her car has clocked up over 300 miles in those errands of mercy.

The Brotherhood of the United Church will commence the season's activities next Tuesday evening with a supper meeting in the Church Hall. All men of the congregation are invited.

## Digby Academy Team Heads Valley League

The basketball team of the Digby Academy took the lead in the Valley League Saturday night by defeating Lawrenceville to the tune of 65 to 0 at the Community Hall. This was the first League game of the season which the Digby team has played on their home floor.

The home town forward line showed the results of the splendid coaching they have received by racking up 48 of the 65 points scored. Billy Winfield led the high scorers with 22 points. His wingmate Artie Robar took second place with a score of 14.

Although the game was a lopsided one the Lawrenceville lads put up a good fight and the play was clean throughout. George Chipman was referee. A good crowd was in attendance at the game showing Digby is becoming basketball conscious.

The Valley League standing at present is Digby 2 games played, 2 won, points 4; Annapolis, 2 games played, 1 lost, 1 won, points 2; Lawrenceville 2 games played, 2 lost, points 0.

## Scallop Boats Suffer Mishaps

Two of Digby's fleet of scallopers suffered mishaps last week. Both accidents happened while the boats were on the fishing grounds.

In the first, the main mast of the Edward L. became unstepped while the drags were being hauled in. The mast and rigging crashed to the deck. Fortunately no one was in the way of the falling mast.

The Edward L. is owned by E. D. Babin of Yarmouth and skippered by Edwin d'Entremont.

In the second accident of the week the mainmast of the Kathleen R. H. snapped off several feet above the deck while the drags were being drawn inboard. No one was hurt in this mishap. The Kathleen R. H. is owned by Lee Hiltz of Lunenburg and skippered by James Tidd of Digby.

## Skipper of "Bohemia" Has Close Brush With Death

Ronald VanTassel, skipper of the scallop dragger "Bohemia", owned by W. L. Troop had a narrow escape from death or serious injury last week.

While in the engine room of the dragger VanTassel's clothes became caught in a coupling on the main drive shaft. The whirling shaft tore off his clothing, wrenched his arm and tore the skin from his face and ear. It is under-

stood he pulled away from the shaft and made his way to the deck of the craft, bleeding profusely. He called to other members of the crew who promptly came to his aid.

First aid was applied and all possible speed made for port. Ashore several stitches were required to close the cuts. He is now resting comfortably after his narrow escape.

The bride looked lovely in a turquoise wool two piece suit with black accessories and carried a corsage of white carnations. She was attended by her sister, Alice, who wore a brown two piece wool suit with a corsage of white carnations.

The groom was attended by his brother, Orley Strong.

Immediately following the ceremony a reception was held at the groom's home, where they received many useful gifts of linen, silver, pyrex, and money. Afterwards the happy couple left on a motor trip through the province.

Following the church service the members of the Canadian Legion paraded to the War Memorial where wreaths were placed in memory of fallen comrades. Placing the wreaths were Mrs. Charles Prime of Freeport and Eugene Outhouse of Tiverton.

## Academy Hoopsters Score Sixth Straight Win

In the fourth game of the series between the Academy and the town team, held this week the Academy hoopsters came up with the sixth straight win of the season, defeating the town team by 28 to 12.

The Academy team took the lead from the opening whistle and at half time the score stood at 17 to 5 for Academy. The town boys put up a great scrap in what was a very fast game but could not prove a match for the fast scoring teamwork of the Academy lads. George Chipman of the town team led the scoring with 11 points closely followed by Billy Winfield, flashy star of the Academy, with 10 points. Rit Abbot of Academy also ran up a score of 10 points in this game.

## About This and That

Provincial and Federal authorities are to be asked to investigate the possibility of bridging Petite Passage between East Ferry on the Digby Neck mainland and Tiverton on Long Island. It has been pointed out that although \$300,000 has been appropriated for the purpose of improving ferry facilities between the mainland and the island, the sum is regarded by residents of the area as "a mere drop in the bucket" when actual needs are taken into consideration.

Island residents and business people have expressed opinions that no amount invested in ferries and ferry services will ever provide the facilities needed to give adequate transportation to that important district of Digby County—for ferries and ferry facilities regardless of their cost, will never be able to check the swift tides that race through Petite nor will they be able to eliminate pea soup fogs and winter storms.

They feel a bridge over Petite if such an engineering feat is possible is the ideal solution to the transportation problem on the islands.

And there is a real transportation problem on the islands.

Millions of dollars of fish and fish products must be moved from Tiverton, Freeport and Westport annually. The bulk of these products must be ferried across to the mainland and carried by truck up the Digby Neck highway to Digby for shipment to Canadian and United States markets. The bulk of the shipments constitute perishable goods. Speed is essential in order that they reach their markets in good condition.

Delays at the ferry can result in heavy losses.

The possibility of bridging Petite Passage should be thoroughly looked into—and while it is acknowledged such a bridge would probably be an expensive proposition and a difficult engineering feat, it would serve as a real life line in the development of this portion of the province.

# LATEST NEWS ABOUT GENERAL MOTORS DELIVERIES

Everybody from factory to dealer is doing everything that can be done to speed deliveries to you

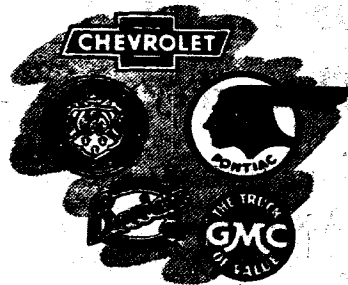

Because of the continued and unavoidable shortages of various materials, production of new cars and trucks has remained behind our expectations. As a result, shipments of new cars and trucks to dealers for delivery are still far below the level we and the factory had hoped to attain by this time.

We know that General Motors is doing everything possible to step up its production totals—to ship more and more cars and trucks to us and to its hundreds of other dealers throughout Canada... and we know, too, that we are assured of getting our full proportionate share of the current and future output.

Of this you may be sure: We shall continue to make deliveries

of cars and trucks to our customers as fast as we receive them; we regret delays as deeply as you do; we thank you for your friendly patience and understanding; and we promise you a new high motoring experience when you do take delivery of your new General Motors car or truck.

**Keep Your Present Car or Truck Running**  
Meanwhile, may we suggest that you safeguard your transportation by bringing your car or truck to us for service now and at regular intervals. ### Layman Addresses United Church Presbytery •

The Presbytery of Annapolis met in the United Church at Annapolis Royal on Tuesday afternoon and evening, November 12.

After worship conducted by Rev. T. M. Cumming of Middleton, reports were heard on the visitation of Aid Receiving Charges, and from committees in charge of various departments of Church work. The new calendar of the United Church of Canada, bearing the seal of the church in full colors, was highly praised and recommended to all United Church homes.

The Committees on Christian Education reported plans for an Older Boys' Conference to be held under M. R. E. C. auspices November 22 to 24 in the United Church at Annapolis Royal. Boys around 14 to 17 years of age of all denominations are eligible to attend.

The Committee on Missionary Education called attention to the Church's urgent need of 130 additional men and women to carry forward its missionary program.

A large portion of the evening session was open to the public when Mr. G. L. Andrews of Middleton gave a report on the General Council which he attended in September in Montreal. It gave a new impression of the church's greatness, Mr. Andrews said, to go beyond the local work and contact representatives from all Canada. The church in Saskatchewan, he said, has come through difficult years but now faces a shortage of trained Christian workers. In various parts of the Church it was found that the Pension Fund Campaign had stimulated the Crusade for Christ and His Kingdom.

Two resolutions of Commendation were ordered forwarded, as follows:

1. To the Editor of the Berwick Register for an outstanding editorial in support of Temperance.
2. To the Attorney-General of Nova Scotia for action taken throughout the province in enforcing the law concerning gambling.

The second half started differently with Yarmouth coming to life and outscoring St. Ann's 23 to 11 in this half. Belliveau for Yarmouth starred for his team, scoring four baskets in the first half and five in the second, with a total of 18 points for the entire game to lead everyone. Duffy, also of Yarmouth, came in second, with 9 points all scored in the last half.

Richard Poulin and Albert Cormier were the pick of St. Ann's with Charles Herbin and B. Higgins doing some nice work at guard. As a unit, the St. Ann's team played a good game.

The Eager Beavers brought the crowd to their feet by their razzle-dazzle combination of plays and their inability to score in the first half more consistently prevented them from winning. Once they did hit their stride, in the second half, there was no way to stop them. Having no subs, their players played the whole game without substitution while St. Ann's substituted freely.

Robie Tibert spent the week end at his home in Freeport.

W. A. Speed, Provincial Commissioner of Boy Scouts was the guest speaker at the Y's Men's meeting on Monday night.

In his address, Commissioner Speed complimented the Club on their efforts in sponsoring the re-organizing of the Scout Cubs in Digby. He said the World Chief Scout Lord Rowallan, was greatly impressed with the Digby youngsters he met on his recent trip through Nova Scotia.

Scouting, Mr. Speed said, is now at his highest point in the history of the movement in Nova Scotia. He urged the Y's Men to concentrate on building up two or more Cub Packs in Digby as he felt there were more youngsters anxious to join than could be handled in one pack.

The Scout program, he said, takes the boy at eight years of age and guides his development through to the age of eighteen. This program if properly administered can create good citizens by teaching the boys responsibility, self-discipline and all the other qualities so necessary to good citizenship.

Cubbing is the most vital part of the whole Scout program, Mr. Speed stated. The good Cub pack can do for youngsters between 8 and 10 immeasurable good. The demand and need for this program is great, he said, and must be met if we are to properly train youngsters in the way they should go. He urged the Club to seek out good leaders to head up the Cub movement in Digby. Leaders who would see the program of cubbing was properly carried out in its entirety.

Good Cubs created through a properly organized Cub Pack, he said, make good Scouts. He stressed the importance of a Scout Troop to carry on the work in the development of the boys started

by cubbing. The organization of a Scout Troop in Digby should come as a natural follow up to the reviving of Cubs here he said. This Scout Troop should not interfere with other youth movements in the town, he said, but it would add to the program and do much to aid in having every boy in town enrolled in organizations aimed to make better citizens of these boys.

Musical entertainment at the meeting was provided by a male quartette consisting of Murray Elliott, Earl Dorman, Norman Wright and Elton Arnold. Accompanist was Mrs. Louise Stephen. Several delightful numbers were rendered.

A new member welcomed at Monday night's meeting was Fred Cookson, well known traveller and boxing enthusiast.

## Survey of School Lunch Habits

Only 41 per cent of the schools in Nova Scotia supervise the noon lunches of their pupils. That fact emerged from a survey of school lunch habits started last April in the province's 1800 schools.

Miss Ruth Binnie, household Science inspector for the Department of Education, reported that of 768 schools where pupils eat lunch 314 supervised the lunch, 318 served hot food, and 251 gave instructions in food values. In all, 11,540 pupils in 768 schools take a lunch. Eight hundred and eighty schools co-operated in the survey.

The latest survey, made by questionnaire, showed an improvement in facilities for school lunches, Miss Binnie said. In 1943 only 99 of 272 schools answering a similar questionnaire reported a school lunch program. "Thus, it may be said," continued Miss Binnie, "that teacher interest in the school lunch is on the increase but that there is room for a very large amount of improvement, especially when it is realized that the school where no one stays for lunch is the exceptional school."

This year's survey was made under auspices of the Department of Health physical fitness division, which has launched a campaign to provide Nova Scotia schoolchildren with better lunches.

"Many teachers in the past concentrated on the subjects they teach rather than on the pupils in their charge," she said. "Today educators are anxious to have every child develop to his utmost capacity. Health and physical fitness play an important part in this development. A healthy child will be alert and able to think and work easily. He will not be absent from school because of sickness nor will he be likely to become emotionally upset and disrupt classroom activities."

"As proper food, eaten under hygienic and comfortable conditions can contribute so much to a child's well-being, no teacher can afford to disregard his or her responsibility of lunch time at school."

An error in last week's notes: It should have read: Dr. and Mrs. Walter Goggins of Moncton, N. B. spent the week end, guests of Dr. and Mrs. G. D. Black.

## Pastor Welcomed On Return TO Weymouth

After an absence of fourteen years Rev. and Mrs. F. C. Amery have returned to Weymouth where Mr. Amery has accepted a call to the Riverside Baptist Church. They received a warm welcome from their many friends in the district.

Mr and Mrs. Amery came to Weymouth sixteen years ago as bride and groom. At that time Mr. Amery accepted his first call to the Riverside Church. After a stay of two years, during which the couple endeared themselves to the community, they went to England where they have lived until the present.

They arrived in New York from Birmingham last week with their two sons aboard the Queen Elizabeth and proceeded to Weymouth, arriving last Thursday.

The parsonage has been thoroughly cleaned and repaired in preparation of the arrival of the new clergyman. A kitchen shower was held some three weeks ago by the ladies of the church and pots, pans, and dishes were added to the house keeping utensils. A well stocked pantry also greeted the newcomers.

Mr Amery declined the suggestion that he take the day off last Sunday to rest up from his long journey; instead he preached three sermons; one in the morning at Ashmore, the afternoon service at New Tusket and the evening service at Weymouth North.

## Upswing of Accident Toll

(Halifax Mail, Oct. 31)

Automobile drivers are sending their automobiles hurtling over the highways of Nova Scotia at a speed frequently unwarranted by the conditions, and as a result, the accident toll of the present year is showing an alarming upswing.

In addition to increased recklessness on the part of the drivers the drunken driver also appears to be increasing as a hazard on the highways. Up to August 31 of this year 50 accidents have been recorded in which the contributing cause was an intoxicated operator, whereas in the same period of 1945 there were 39. Convictions for the offence of drunken driving, whether or not an accident was caused by such condition of the operator, are understood to have increased over 100 per cent.

It was the driver, not the mechanical side that provided the major factor in accidents. Of the 1,524 accidents to the end of August this year 1,058 were charged to some action of the operator, and in that same period last year the same cause figured in 695 of the 1,110 accidents recorded.

## Looking Ahead

with death for mustard weed...deodorized manure...and light that beads.

Death for mustard weed: "Blasting a path of hope across weed-infested grain fields" is the way in which the Calgary Herald front-paged experiments made with C-I-L "Herbicide" 2-4-D. Just ten days after spraying the test field, a mass of moisture-stealing mustard weed completely withered and died leaving the grain to grow unmolested.

Fortified manure: Barnyard manures need no longer be deficient in phosphate content. The chemical product known as C-I-L Stable-Phos, economically fortifies the manure, preserving valuable nitrogen and at the same time has powerful deodorizing properties which makes its use most desirable.

Light that beads: That wonderful, crystal-like plastic, "Lucite", has many desirable properties, not the least of which is its ability to conduct light around corners. When you bend a "Lucite" rod the light actually beads with it and shines out of the end. Thus "Lucite" is invaluable for dentist instruments and is being used increasingly for interior lighting effects and for ornaments.

Further information on any of these products is obtainable by writing "Looking Ahead" C-I-L, P.O. Box 10, Montreal.

### HOW TO KILL DEVIL'S PAINT BRUSH

An application of hen manure put on rather thinly with the spreader has been proven to be an effective control for the Devil's Paint Brush, on the farm of V. B. Leonard, dairyman and Guernsey breeders of Clarence, Annapolis County. The manure promotes such a rank growth of grass that the weed is smothered and killed. Fortunately, a heavy stand of grasses and clovers will kill out a good many weeds.

## HAVE YOU ANY RUPEES IN YOUR PURSE?

Mrs. Blair has been talking for months about buying a real Indian shawl. But wouldn't she be surprised if she found it priced in rupees! That it isn't, is due in large measure to the services rendered by your bank.

When you buy imported goods in Canadian stores, you pay in Canadian dollars—but the people who made them were paid in Indian rupees, British pounds, French francs...

It is the same in reverse with exports. You may be one of the three out of every eight Canadians who make their living through goods sold abroad. If so, you receive your wages in dollars, but your products are sold in all sorts of foreign currencies.

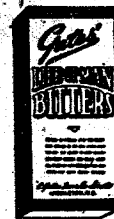

Arranging the complicated exchange and transfer of foreign funds in such transactions is but one of your bank's many services enabling Canadians to buy and sell abroad.

### Receives Letters of Thanks from Poland

Mrs. George McDormand of Westport has received two letters of thanks from Poland for clothing sent by her in a clothing drive. She has just been able to get these letters which were written in Polish, translated.

One of the letters states that the writer, a young girl 14 years of age, lost her father in the war and now is forced to support herself by whatever work she can obtain. She says the coat received from Mrs. McDormand was greatly appreciated and will help keep her from freezing this winter.

In the second letter the young girl says she is so thankful for the coat she must write again in case Mrs. McDormand did not get the first letter. She says, "When the coat was delivered to me I was so surprised I cried. I don't think I shall ever forget you for sending it to me."

### Digby Tar Now Scallop Fisherman

This is a story of a veteran of the Royal Canadian Navy who always followed the sea. He was born in Digby County, Nova Scotia, some twenty odd years ago, where many hardy fishermen have built their homes and have won from the sea the profits of their hazardous toil.

The young man began early to learn the tricks of the sea and shared with others the risks and the dangers that are ever present. He engaged in boat fishing, generally carried on several miles from shore, with a boat mate.

However, the young fisherman had dreams other than fishing in a small boat. His ambition was to be a scallop fisherman, and be the owner and operator of a real, honest-to-goodness scallop boat. The returns from scallop fishing are high in good seasons and he was anxious to be in on the take when the profits were being distributed.

To be the owner and operator of a real scallop boat is not as easy as it seems. The scratch, and that requires courage, initiative and ready cash. He had lots of courage, plenty of initiative, but was short of cash. He went to the Veterans' Office at Digby office of NEs with his story. What money he had he was going to pay on a new scallop boat. He was able to raise a few dollars on a private loan and his gratuities were added. He worked hard for several months, preparing the new boat, rigging, etc., and getting the thousand and one items necessary for the operation of the craft, but he had no license.

Through the assistance of the Department of Veterans' Affairs it was possible to arrange that the young veteran should receive the awaiting returns allowance. This enabled him to speed up preparations and one of the first scallop boats to leave for the scallop grounds on October 1, 1944, the opening day of the scallop season, was the fully equipped scallop boat built in Digby County, owned and operated by a Royal Canadian Navy veteran whose courage and determination made it possible for his dream to become a reality.

## Lobstermen Hope for Good Season

The lobster fishing season in this locality, in fact from Cole Harbour to Digby, opens December 1st. The first of the month coming on a Sunday this year, however, the season will not really get under way until seven o'clock Monday morning.

All along Digby Neck and down the St. Mary's Bay shore can be seen thousands of lobster pots, those oval shaped slatted crates with their netted entry ways, piled up along the roadside, wharves and breakwaters waiting for the season to begin. Piles of wooden buoys, all freshly painted with distinguishing colours, also await the opening signal.

The shortage of rope, so necessary for the mooring of the lobster pots, may handicap the industry somewhat it is feared, but few reports concerning serious effects of this in the Digby County area have been heard.

It is expected there will be a far greater number of men lobster fishing from the ports of Digby County this year than ever before in the history of the industry. Reports are heard that in some of the larger fishing communities only one or two boats plan to fish for haddock this year, all the rest will be out lobstering. Many of the returning servicemen are going into the business and are busy readying their boats, lobster pots and gear for the opening day.

The marine weather reports being sent out regularly by radio are expected to prove a great boon to the lobstermen this year. These reports will enable the fishermen to haul their traps before storms. In past years sudden gales have done thousands of dollars worth of damage to lobster gear in a few hours. Several years ago hundreds of traps were piled in wreckage on the Digby coast among the rocks of the shoreline. This storm and others like it wiped out within hours the profits of months of hard back breaking work.

The fine, warm weather that has been prevalent this autumn has brought the lobstermen to inshore waters in large numbers according to fishermen and they hope to "get a good start" on the catch, if storms do not appear before Christmas. Last year the industry returned an average of fifty cents a pound mainly from the American market and lobstermen are looking for equally good returns this year from Digby County's "million dollar business."

## Son of Digby Couple Receives High Award

Word has recently been received by Mr. and Mrs. E. Scott Eaton that their elder son, George, has been awarded high American photographic honors at the annual convention of the Photographic Society of America held in Rochester, N. Y., in November.

The award, an associate membership in the Photographic Society of America, was made in recognition of contributions to the science of photography. While a research chemist at the Eastman Kodak Company, Rochester, N. Y., from 1937 to 1942, he was the author of nine technical papers and was granted seven United States patents. He is holder of the 1943 Journal Award of the Society of Motion Picture Engineers, and was recipient of the 1944 Henderson Award of the Royal Photographic Society of London, England.

He was a member of the administrative staff of the Kodak Research Laboratories from 1943 to 1946, when he was transferred to the Kodak Industrial Photographic Sales Division, which was organized a few months ago.

MR. AND MRS. JAMES ROBINSON

We are proud to publish this picture of this well known Conway, Digby County, couple—the parents of twenty-four children, grandparents of seventy-two and great grandparents of twenty-three! This couple were fifty-nine years married on Sept. 27th. "In the old days," Jim Robinson told the Courier, "it took just about half a bushel of potatoes to make a meal for our family."

Jim, who is in his 81st year, was born at Kingston, Ontario, January 6, 1866. He was actually "born in the army" in what was then known as "Kingston Tower." His father, William Robinson, was then a private in the Royal Canadian Rifles, and came out from England with his mother, the former Annie Larkin. They were given quarters in the "tower" where Jim was born. He saw service in World War I enlisting with three of his sons, Frank, James and William in 1916, giving his age as 42. Several of his grandchildren saw service in World War II.

He was one of the pioneers in the Digby Scallop fishing industry—he, with Henry Sibley and John Hersey were among the first to drag scallops in the Bay of Fundy, although previously scallop dragging had been done on a commercial scale in the Annapolis Basin. Captain John Wesley Hayden and Captain Rolland Wormell are locally recognized as Digby's pioneer commercial scallop fishermen.

## Seeks New Library at Granville Ferry

Mr. and Mrs. Andrew Merkel held a social evening at "Good Cheer Inn" Lower Granville, on Friday evening, November 15, when citizens from several communities were present for the purpose of the re-organization of the Lower Granville Library.

The old building, which was formerly used as a library, being out of repair, Mr. Merkel offered to store some 1800 books at the Good Cheer Inn for the present time. A new library is anticipated.

Mr. Merkel also entertained the guests with motion pictures, local scenes, beautiful sunsets and water scenes.

Refreshments were served and a library fund was started.

## Producing Whale Oil At Sloan's Cove

A 60 foot whale that came ashore at Sloan's Cove (Between Delap's Cove and Digby Gut on the Bay of Fundy shore) is being rendered into whale oil. According to information received at our office some \$800 worth of oil has been extracted to date.

The rendering is being done by Horace Johnson and his partner of Lower Granville, who have rigged up a boiler on the shore at Sloan's Cove for this purpose.

This is the third big whale to come ashore in this coastal area within recent months; an 80 footer came ashore at Port George in the early spring; a 55 foot whale at Flour Cove, Long Island, during the summer, and now this one—all of which goes to prove our waters can provide anything from sardines to whales!

Week end guests at the home of Mr. and Mrs. Oakley Turnbull, Lighthouse Road were Mrs. Ernest Shaw, Annapolis Royal; Aubrey Frost of Little River and Earl Chute of Middleton.

## Digby Kiwanians Visit Yarmouth

Thirteen members of the Digby Kiwanis Club motored to Yarmouth Monday evening to attend an inter-club super meeting sponsored by the Kiwanis Club of Yarmouth, held in the Kiwanis rooms in that town. Reg. Stoddard, Chairman of the Yarmouth club, presided. The speaker was Rev. George Bell, of Temple Baptist Church, Yarmouth, who urged Kiwanians to give their support to the church.

Hubert M. Warne, President of the Digby Club, also addressed the meeting briefly. A quiz contest between the Digby and Yarmouth Clubs on topics pertaining to Kiwanis was also featured at this gathering. Three members were named as a team from each club. Those representing Digby were H. M. Warne, C. M. Levy and Ken Beckwith. Yarmouth was represented by Reg Stoddard, Ken Sweeney and Harold Langille. The decision of the judges was questioned and a jury appointed to name the winner gave the decision to the Digby team. Each member of the team was bearing the Yarmouth coat of presented with a lapel button arms.

A. H. Peters of Digby, was "lucky winner" in a drawing and presented with a beautiful scarf. A collection taken at the supper will be presented to George's queen who shares his luck.

One of the highlights of the meeting was the induction of Dr. Earle Anderson as a member of the Kiwanis Club of Digby. Lieut. Governor "Mac" MacLellan officiated.

## ROSES IN NOVEMBER

A perfectly formed Dr. Henry rose was picked in the out door garden of Mrs. James J. Wallis on Saturday, November 23. For several days Mrs. Wallis watched the bud through her window and during the week it came into full blossom. It was picked Saturday morning and is still in blossom.

## FORMER NAVAL BASE MAY BECOME RESORT

According to the Provincial Press, the possibility was foreseen this week the Nova Scotia government would purchase the H. M. C. S. Cornwallis property at Deep Brook and establish a resort hotel on that Annapolis Basin site.

There was no confirmation from the cabinet but it was learned on good authority members of the government had definitely been considering buying the former base from War Assets Corporation. It has not been disclosed whether a decision—even a tentative one—has been made nor was it learned how much time remains to the government to submit an offer.

If the project were undertaken, the hotel at Deep Brook would be the second operated by the province. The other is Celtic Lodge in the Cape Breton Highlands National Park at Ingonish.

Situated in the heart of historic territory, near Annapolis Royal, location of one of the earliest European settlements on the continent, in a district of considerable scenic beauty, the former naval centre is easily reached by rail and highway from this province, and by water from Saint John.

In the event the government acquired the property, decision would have to be made on the use or disposal of the approximate 100 buildings of fireproof finish, located on the 800 acres of land rolling gently back from the salt water of the basin.

Citizens of Digby are keenly interested in possible transfer of the property. Construction of the centre was begun in the summer of 1942 and completed by June of the following year and from then to the closing of the establishment after the war, the trainees represented a considerable economic asset to the town.

Considered to be the most modern, complete and efficient project of its kind in the world, H. M. C. S. Cornwallis graduated thousands of ratings and officers.

Semi trained ratings were taken from basic training establishments and turned into practical seamen, teaching

them with sea experience to operate and maintain more complicated equipment and to keep up to date with the constant innovations of such equipment. New entry officers were given technical training and those with sea experience educated as specialists.

Although it is estimated the cost was \$14,000,000, the investment "paid off" handsomely, according to Navy men. At the time of its opening an officer explained, "In terms of insurance, its cost is trivial: a 50 ship convoy is worth several times 50 million dollars, to say nothing of the fact both ships and cargo are priceless in terms of war supply. One efficient anti-submarine rating may detect U-boats and a crew skilled in seamanship, gunnery, torpedo and engine room practise may drive them off or destroy them."

"On single convoy runs, Canada's sailors have saved from the enemy's torpedoes, cargoes worth several times the cost of Deep Brook—and exacted a toll of enemy U-boats and trained men."

Cornwallis was built on a mammoth scale. Its water supply system was big enough for a small city; its coal dump stored 20,000 tons; its gun battery was the longest in the world; 6000 men could stand on its five acre parade ground. It had its own post office, hospital, bank, spur railway siding.

Total cost of the land was reported in the vicinity of \$52,000. So ideal a location was the main site of the establishment it had been chosen for a permanent estate by the late E. P. Morse, multi-millionaire. His 375 acres were purchased for \$26,000. The residence, which had not been finished at the time of his death, was remodelled as an officers' wardroom; the farmhouse was converted as the captain's house; the garage, which originally cost \$22,000, was made over into a fire hall and offices.

The location as a possible resort hotel site has many attractions, not the least of which are boating, swimming, and fishing and would, it is supposed, offer a strong lure to the tourist or visitor.

## Editor Receives Anonymous Letter

The Editor of the Courier received an anonymous letter last Saturday morning, a letter which was posted in Digby. Usually these letters are completely ignored but this one was typewritten and the type seemed somehow familiar. We checked it with our files and found it closely resembled that used by a local institution. For our own information the anonymous letter and the one from our files have been sent to typewriter experts for positive identification.

It has been suggested there is some connection between the anonymous letter received by the Editor and one received by a person employed in Digby a month ago. This will be determined following the tracing of the source of the letter received by the Editor.

Poison pen letters are not looked on lightly by the authorities!

## Raise Money For Crippled Children's Fund

The pupils of the Sunbeam Branch, Junior Red Cross of the Primary Department of Freeport School, recently collected the sum of \$26.37 which was forwarded to the Crippled Children's Fund, at Halifax. This branch has been newly organized, under the leadership of their teacher, Mrs. Egbert Crocker.

Lloyd Roberts has accepted a position with Digby Wholesalers, Ltd.

## Congregation Bids Pastor Farewell

A capacity congregation thronged the United Baptist Church here Sunday evening for the farewell service of the pastor, Rev. J. Earle DeLong. Speaking on the text, "The Power and the Wisdom of God", Mr. DeLong delivered a stirring and forceful address.

Following the service the congregation met in the Church Hall for a social evening of hymn singing. Included in the program was a solo by Miss Frances Phillips, accompanied by her sister, Mrs. Hodgson. Refreshments were served by the ladies of the congregation.

At the close of the evening a purse of money was presented to Mr. and Mrs. DeLong in appreciation of their splendid services by Deacon E. Scott Eaton. Mr. DeLong responded in fitting manner. Chairman of the gathering was Deacon M. C. Denton.

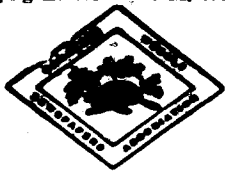

Mr. and Mrs. DeLong and their son, John, left on Monday via the Princess Helene for Winnipeg where Mr. DeLong has accepted the pastorate of the Emmanuel Baptist Church of that city.

The Nova Scotia Sanatorium at Kentville now has 375 patients, according to a Department of Health report. In addition to civilian patients ex-service men from veterans hospitals at Halifax and Deep Brook are receiving treatment. The provincial government recently put into effect a policy of free treatment for tuberculosis.

## About This and That

### A CHRISTMAS TRADITION

Although few of us want to be reminded at this date that the Christmas season is once again a near reality, we find it difficult to refrain from commenting on the good news that Digby is once again to have a Christmas Seal campaign. We write "good news" advisedly, because Christmas seals have become a tradition among our people and we have had, repeatedly, good examples of the magnificent work they make possible.

This will be the twentieth consecutive year Christmas Seals have been sold throughout Canada, and during that time they have contributed the principle source of revenue with which to fight and bring under control one of our greatest health enemies—tuberculosis. The progress that has been made against this disease, not only through a substantial lowering of the annual death rate but through more enlightened understanding of its causes and peculiarities speaks highly of the value of Seals and provides convincing proof that the sale of them deserves the continued support of us all.

Healthy people, except the very wise and far-sighted, find it difficult to associate themselves with sickness and scoff at any suggestion that they, because of their good physical condition, would ever fall victim to such a disease as TB. The truth of the matter is that no one is immune from the tuberculosis germ which, being highly communicable, may implant itself wherever a human lung can be found.

Christmas Seal money helps to finance community action against tuberculosis and this action, supplementing the work of the provincial Department of Health, goes a long way toward discovering the existence of TB before it has a chance to become highly advanced. Early discovery means early recovery and as long as we continue our prevention and control work we shall continue to save lives and at the same time eventually eliminate the disease just as we have practically eliminated Smallpox, Typhoid and yellow fever. That such a goal is being reached is indicated by the fact that TB, a few years ago the first cause of all deaths has now been reduced to seventh cause. Nevertheless, we are faced with the fact that more than 5,000 Canadians died of tuberculosis during 1945.

The Canadian Tuberculosis Association, which sponsors Christmas Seal Campaigns in co-operation with community organizations such as the Victorian Order of Nurses, is calling for the greatest fight ever in the history of tuberculosis. This can be accomplished, the C. T. A. states, only at considerable cost, a greater part of which, however, can be financed through increased sale of Christmas Seals. For that reason it is asking for generous support of the 1946 campaign so that such objectives can be reached.

This newspaper supports that reasoning with enthusiasm.

**Retiring Pastor Honored at Acaciaville**

On Friday evening, November 15 the home of Mr. and Mrs. Thomas Franklin of Acaciaville was the scene of a farewell party given in honor of Rev. and Mrs. J. E. DeLong of the Digby Acaciaville pastorate, who are soon to leave for Winnipeg where Rev. DeLong has accepted a call to the Emmanuel Baptist Church. The party, sponsored by the W. M. S. of Acaciaville-Hill Grove, consisted of friendly chat, and several contests of skill and knowledge, followed by the presentation of a substantial purse of money to Rev. and Mrs. DeLong by Mrs. Harold Marshall on behalf of the members and friends of the Acaciaville Church, as a token of their regard and esteem.

Rev. DeLong, in replying, to the presentation, expressed his appreciation of the loyalty and co-operation of the church and his regret that reasons of health made it necessary to leave the field. Refreshments were then served by the hostess and the party broke up with the singing of Auld Lar; Syne. Many are the expressions of regret on this portion of the field that Rev. and Mrs. DeLong are leaving, as their friendliness and constant care at large have greatly endeared for the welfare of the church them to their congregation; while Mr. DeLong's great gift as a speaker and his executive ability make him a man whom it will be very hard to replace.

## Unseasonable Weather Continues

The unseasonably warm weather which has prevailed in this area all fall continues and shows every promise of continuing indefinitely.

Despite warnings from the Halifax weather office of a sudden drop in temperatures amounting to some thirty degrees this week this change has not yet appeared. In fact the weather has been warmer and sunnier since the warning than before. If he's not careful the weather man will get the same treatment as the little boy who cried, "wolf, wolf."

## Water Safety Meeting

### Tonight

Henry B. Kuryluk, Director of Swimming and Water Safety for the Canadian Red Cross, will address a public meeting at the Community Hall tonight at 8:30 on the subject of swimming and water safety. Films will be shown at the meeting including the colour film taken at the Water Safety Demonstration held at Hantsport last year.

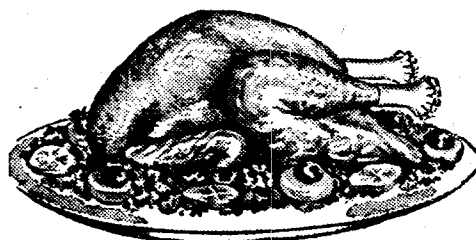

The meeting, which is being sponsored by the local branch of the Red Cross, the Digby Kiwanis Club and the Sea Cadet Corps, is being held for the purpose of interesting the people in this area in swimming and water safety, precautions.

It is hoped to send someone from this district to one of the schools being conducted in Nova Scotia by the Red Cross for the training of swimming instructors. These instructors will serve in the local communities teaching youngsters—and adults—not only to swim but also how to look after themselves so that they will not become casualties while at the beach or canoeing.

## Weymouth Citizens Forced To Carry Water

A serious drought in the Weymouth area of Digby County during the last month has curtailed voltage on the town's power supply and has forced citizens to carry water long distances to their homes because of dried up wells.

Although the health of the residents of the town and surrounding area has not been affected as yet, Town Commissioner C. C. Nicholl said tonight fears are held that colder weather may freeze the ground to such an extent that it may not be possible to have the wells brought up to a normal level this winter.

During the last month residents drew water for drinking and other uses from a spring brook in Weymouth North. For some it meant a distance of 100 yards while others in the extreme end of the town had to travel a mile. Some residents are filling their wells from the inexhaustible supply from the spring.

Mr. Nicholl said the town's power supply had been cut down considerably since the drought due to the low level of water in the lakes and dams of the hydro plants. The town gets its power supply through the Digby County Power Board which has two hydro plants on the Sissiboo River.

## Letter Of Appreciation Received

A letter of appreciation was received by the Courier this week from one of the patients at the D. V. A. Hospital, Cornwallis.

In this letter the patient expressed his appreciation and that of his fellow patients for "those entertainers and ladies bringing good things to eat who give so generously of their time to prove they are aware there are a few who have not been fully liberated but are confined, not to uniforms and service regulations but to an institution where they have taken up another torch, this time their own, in the hope of regaining their health."

The letter concludes, "If the quotation: 'Whatsoever a man soweth, that shall he also reap' is true, then these entertainers and kind ladies can rest assured of a full measure at the final distribution of all that is good."

Fred E. Cox of Middleton passed through Digby en route to his home in Middleton after a three weeks' trip to points in Canada and the United States. While on his trip Mr. Cox visited his sons and daughters who are living in various parts of the States. One daughter, living in Saint John, N. B., was also visited.

While in Washington, D. C., Mr. Cox had an interview with Major General Philip B. Fleming, who was in charge of construction work at Passamaquoddy Bay for the late President Roosevelt.

Nova Scotia's 1947 automobile license plates will carry a color scheme of white numerals on a black background, says Elliott S. Campbell, motor vehicle registrar, who last week took delivery of 27 tons of the new tags from the manufacturers. Motorists can get them any time after December 21.

## DRUNK DRIVING BLAME

When two or more persons set out to commit a robbery and somebody is killed in the process, all the participants in the holdup are considered guilty of murder. A party of drunks who go for a joy ride might well be held equally responsible criminally for any accident in which they become involved no matter which of them was actually driving. The same rule of common responsibility might even be made to apply to a person, who is sober himself, goes out with a drunken driver and permits him to stay at the wheel.

## Drunkenness Not Divorce Grounds

Birmingham, England, Nov. 8.—(BUP)—Justice Sir Henry Gordon Willmer ruled today that drunkenness is not sufficient grounds for divorce.

"Drunkenness is one of those faults which a wife takes in a husband when she takes him for better or for worse," Willmer said in refusing to grant the divorce petition of Mrs. Hugh Victor Forrester.

"I cannot take drunkenness as amounting to cruelty to enable me to dissolve a marriage," he added.

## MARRIAGE

Longmire - Halliday

A pretty wedding was solemnized at the Baptist Parsonage, Annapolis Royal, on November 23rd., when the Rev. Mr. Wright united in marriage Helena Marie, daughter of Mr. and Mrs. Marland Halliday of Hillsbun, and Wilfred Wellington, only son of Mr. and Mrs. Robert Longmire also of Hillsbun.

The bride was becomingly dressed in a light blue suit with black accessories. Attendances were the groom's sister, Marion Longmire and Ronald Clayton.

Following the ceremony a reception was held at the home of the bride, attended by nearly one hundred guests. The bride and groom received many lovey and useful gifts. Refreshments were served by friends of the young couple.

After the reception the bride and groom left on a honeymoon trip through the province. They will make their home in Digby where the groom is employed.

## Liquor Store Now Housed at Jail

North Bend, Ore., Nov. 4.—(A P)—Police are not sure what would be the best thing to do if they arrest a drunk and find it necessary to give the offender a place to sleep it off. When the state liquor store's lease here expired recently the city council voted to allow the store to use the jail temporarily.

## Experiences of a Summer Visitor

Usually I enjoy a summer rain, but on the day I left Halifax, and watched its skyline being blotted out in the rainy mist as the ferry pulled away, I could have cried. As our plane took off, the rain raced past the windows in such a way that one could neither see earth nor sky. As we came down for a landing in Moncton, the rain was still pouring down. We had a seven hour wait there; the Boston plane did not leave until five the next morning. Right then and there, this passenger did a most unheard of thing. I decided I did not want to go to the Brunswick Hotel, for some strange reason; I was going to stay at the airport. The officials looked at me in a most pitying way, as if to say, "these Americans, you never know what they are going to do." They were quite concerned; one does not just do those things. But they were most considerate: the Customs Officer brought me a couple of wool blankets, and I lay down on one of the long leather seats and went to sleep, only to be awakened about three hours later by the sound of voices. The voices belonged to some taxi drivers who were

discussing a bad accident one of the cabs had figured in. Then I knew why I had elected to stay at the airport. We took off from Moncton at five the next morning, still pouring rain. Arriving at Bangor, I suddenly found myself in a doghouse. I had neglected to make out a declaration. The Customs Officer was very annoyed, so much so that he did not miss a thing. While the only thing that worried me was, would he make me miss my plane? I finally got through that ordeal, and made a mental note never to visit Bangor again, if it could be avoided. Still raining, we said good-bye to Bangor and rode out of the rain into the brilliant sunshine and Boston. An hour later, I was unlocking the door of my home, such is the speed of modern transportation.

My wonderful vacation was over, but the memory lingers on. And next summer seems so far away. I only hope I can stay two months, instead of two and one half weeks, the next time.

Thanks to the Courier for helping keep those memories alive, and to Mr. Wallis, whom

## Launching At Port Wade

The village of Port Wade was the scene of much excitement on Thursday afternoon, when the new herring boat, the "Allana", slipped gracefully down the ways into the Annapolis Basin. The launching was witnessed by a large number of spectators.

The Allana is owned by Donald Wilcox of Grand Manan and was built by Lloyd Longmire, Ernest McGrath and Archie McGrath of Port Wade. She is 65 feet long, 16 feet wide, and 7 feet deep. This is the first boat to be launched at Port Wade for a number of years.

The Allana was named for Mrs. Wilcox's grandson, Allan Nickerson of Grand Manan, was christened by Mrs. Wilcox, who broke a bottle of champagne over the craft's bow. The boat on her arrival at Grand Manan, will have new engines installed.

The residents of Port Wade will be looking forward to the return of the Allana next spring when the herring season opens.

I enjoyed meeting while I was in Digby.

Thanks to Nova Scotia in general, and to Digby and Smith's Cove in particular, for the most pleasant two and a half weeks I have ever known.

## Dedication Service

On Sunday evening, Nov. 17th, a dedication service was held in the Baptist Church at Victoria Beach, when a very lovely pulpit lamp was presented to the church by Mrs. W. E. Parr of Lower Granville, and was dedicated to the Glory of God and in memory of her husband, the late W. E. Parr who was born at Victoria Beach.

The meeting opened by singing "Complete in Thee." A beautiful dedication prayer was then offered by the pastor Rev. E. A. Robertson which was based on the thought "Jesus, the Light of the World." The pastor also reminded his congregation that the dedication of this lamp should set an example for them, to let their light so shine before men, that they might see their good works and glorify our Father who is in Heaven.

The congregation and choir were then asked to stand while the dedication took place. The pastor then called one of the ushers, Roy Casey, to the platform where he was asked to perform the duty of turning on the new lamp. A very lovely anthem was then sung by the choir, entitled, "When He Whispers His Love To Me."

Deacon Stephen Ellis moved a vote of thanks be given Mrs. Parr for such a lovely gift which was seconded by Roy Casey. Mr. Robertson chose for his subject, "Windows opened toward Jerusalem" text Daniel 6: 10.

GREATLY INCREASED VITAMIN "D"

THE vitamin D content of Carnation Milk has been increased from the former 162 to 400 International units per reconstituted quart (half Carnation, half water) ... nearly 2½ times as much as before. This additional irradiation assures a margin of safety for the prevention of rickets in normal infants, and provides the vitamin D needed for good bone and tooth development and excellent growth. So now, more than ever, Carnation Milk ranks as a preferred food for bottle-fed babies, for their growing brothers and sisters, and for grown-ups, who also need "sunshine" vitamin D. This greatly increased amount of essential vitamin D is provided at no extra cost.

## Lobstermen Cannot Fish Until Dec. 2nd.

## MARRIAGES

### West - Chute

The Blaney Memorial Baptist Church, Dorchester, Massachusetts, was the scene of a pretty wedding on Sunday, October 20th, when Mary Elizabeth Chute, daughter of Mr. and Mrs. C. W. Chute of Dorchester, became the bride of Robert D. West, son of Mr. and Mrs. Ralph West of Chillicothe, Ohio.

The chancel of the church, banked with palms and hydrangeas, formed the background for the ceremony which was performed by the Rev. Leslie D. MacInnes.

The bride, who was given in marriage by her father, wore the traditional white satin wedding gown. She carried a cascade bouquet of white chrysanthemums and her fingertip veil of white silk net was held in place with a band of matching flowers. She wore a gold diamond pin and the wedding handkerchief of her grandmother, the late Mrs. Charles H. Harris of Bear River, N. S. She was attended by Jeanne Bennett of Baltimore, Md., as maid of honor.

The groom was supported by Emile H. Hajar of West Roxbury, Mass., and Donald Chute, brother of the bride, and Frank Roach, both of Dorchester, were ushers.

The bride's mother wore a gown of plum colored chiffon velvet and a shoulder corsage of bronze button mums. The groom's mother wore a costume of royal blue, trimmed with silver, and a corsage of white button mums.

Following the ceremony, a reception was held at the home of the bride's parents.

After a wedding trip the young couple have taken up residence in Chillicothe, Ohio where the groom is on the executive staff of the Ohio Jogan Council, Boy Scouts of America. Prior to her marriage the bride, who is a graduate of Simmons College in Boston, was Children's Librarian at the Enoch Pratt Free Library, Baltimore, Md., and at the Boston Public Library.

Mr. West is a graduate of the National Training School for Scout Executives and has recently been discharged from the armed forces, where he served in the Hospital Corps of the Navy.

Bessie Bain of Mount Pleasant returned home after spending the past three weeks with Mrs. Roy Deamone of Brookfield Mines, Queens Co.

# Sea Captain Celebrates 90th Birthday

Captain Roland Henshaw of Smith's Cove celebrated his 90th birthday on December 3rd.

Handy and hearty Captain Henshaw is quite active and is about his place every day. He splits his own wood and kindling and helps a great deal around the house.

Born in Clements West in 1866, Captain Henshaw is the son of Mr. and Mrs. James Henshaw. He spent his boyhood in the village, going to sea in 1876. He received his captain's papers in 1884. In 1888 he was badly injured in an accident and was bedridden for seven years. Following his recovery, he returned to the sea which he followed for forty-five years.

Many are the tales that Captain tells of the old days of sail—the days of iron men and wooden ships. It is his proud boast that in all his years at sea in command of vessels, he never lost a ship, a creditable record in the hazardous days of sail.

In 1896 Captain Henshaw married Miss Edith Letteny of Clements East. Two sons were born to them, Howard, who is now living in Freeport, Maine, and Elmer of Smith's Cove with whom the Captain now makes his home. Mrs. Henshaw died several years ago. Captain Henshaw has four grandchildren and six great grandchildren.

## County Game Society Holds Annual Meet

C. C. Nichol of Weymouth was re-elected President of the Digby County Fish and Game Protective Association at the annual meeting in Little Brook last Thursday evening. Basil Belliveau, Secretary-Treasurer, was re-elected as was the Vice-President, Oakley Smith.

Delegates elected to attend the provincial meeting of Fish and Game Protective Associations to be held in Halifax were C. C. Nichol, Basil Belliveau, Oakley Smith and Azar Miller.

The meeting passed a resolution urging the provincial government to set a definite limit of two buck deer for each hunter for the season. It was felt such a move would end the present practise of killing small, immature and female deer which was endangering the future of deer hunting in this province. Extension of the season from October 15 to November 30 was also urged.

Another resolution passed by the gathering urged the government to continue the fee of fifty dollars for non-resident big game hunters but to lower the bag limit to one male deer.

The Association urged continuation of the closed season on Moose and present regulations governing woodcock and partridge shooting.

Considerable discussion was had concerning the establishment of a fish rearing pond in this locality. It was decided the association would continue its efforts in this direction.

Films were shown by courtesy of the Department of Lands and Forests. These were "Game in Alaska", and "Pheasant Hunting."

## Seek Boarding Place For Bookkeeper

A special meeting of the Board of Directors of the Digby General Hospital was held Tuesday evening to discuss the possibility of securing a boarding place for the hospital bookkeeper. It is understood she has to leave her present boarding house by Saturday, December 7th.

It was reported that the only room vacant in the Nurse's Residence of the Hospital is the Superintendent's suite and this is reserved for the use of a Superintendent when one is secured to replace Miss Edna Yetman who resigned on November 1st.

A committee was appointed at the meeting to try to secure a new boarding place for the bookkeeper who, it was stated, had been unsuccessful in her search.

R. R. Baxter, town representative on the Board, was Secretary of the meeting.

## Coroner's Jury Fails To Agree

The Coroner's Jury empanelled to enquire into the death of Paul Warner, 13 year old son of Councillor A. S. Warner, who was instantly killed Sunday night when struck by a car driven by Hubert J. Amero of Plympton, failed to agree and asked for further investigation of the fatality by the Attorney General's department.

The verdict rendered by the jury after over an hour's deliberation stated, "We the jury cannot agree on a verdict as to the death of Paul Warner. We recommend further investigation by the Attorney General."

According to evidence given at today's hearing by the driver of the car he was proceeding toward Digby Sunday night shortly before nine o'clock. He was just passing A. S. Warner's house when a bicycle suddenly appeared in front of the car travelling diagonally across the pavement toward the right side of the road. He applied the brakes and swerved the car to the left to avoid striking the bicycle. The right fender of the car struck the bicycle just back of the peddles, throwing the rider onto the hood of the car where he struck his head against the windshield, breaking it. The car was brought to a stop and Daley Amero, a passenger ran to a nearby house to send for the police.

The driver stated that at the time of the accident he was travelling on the right hand side of the road at a speed of 30 miles an hour. He said the first glimpse he had of the boy on the bicycle was when he was directly in front of the car. He must have come from the driveway of the house, he said.

Daley Amero, passenger in the car, corroborated the driver's testimony. He said he saw the boy at the same time as the driver and had no time to give any warning.

Chief of Police F. J. Thibault stated tire marks on the road indicated the boy had come out of his home driveway and made an arc toward the right side of the road towards the town. The body was lying on the edge of the pavement at the right hand side of the road. The distance from where marks on the pavement indicated the crash took place to where the body lay was sixty-nine feet. The car was stopped 108 feet from the scene of the crash. Marks on the pavement corroborated the driver's story about applying the brakes and swerving the car to the left, he said.

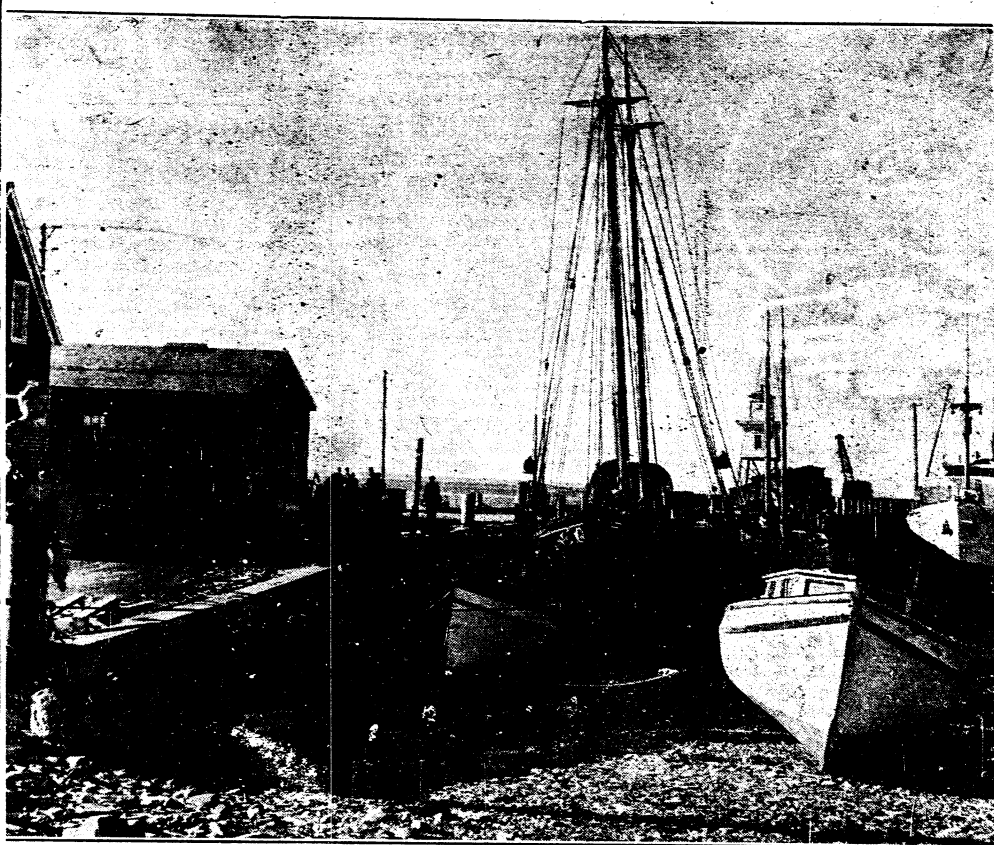

Donald Robicheau, fifteen year old chum of the dead Paul Warner stated he had spoken to Paul sometime before nine o'clock that night. At that time Warner was on his way out of town and passing the Victoria St. Intersection. He had a flashlight on his bicycle. Robicheau stated he could not state definitely how long before the accident took place he had seen Paul.

Verna Warner, sixteen year old sister of Paul, said it was ten or fifteen minutes after Paul left the house before she heard the crash. He did not say where he was going before he left home, she said. He did ask his father earlier in the evening if it would be all right to go to a neighbour's for funny books, she said. The direction of this neighbour's house was not in the same direction as that in which the bicycle was allegedly travelling when it struck. He had a flashlight in his hand when he left the house, she said. She identified the flashlight shown her by the coroner, Dr. J. R. McCleave, as being Paul's. This flashlight was found in the ditch near the scene of the accident shortly after the fatality, still burning.

Following the hearing of evidence the jury viewed the body and went to the scene of the accident. Returning to the Town Hall they deliberated for over an hour before calling the Coroner, stating they could not reach an agreement.

Foreman of the jury was Loran Hayden with George Wade, Benjamin Webber, Harvey Christopher, Ralph Wright, Ralph Clayton, Forrest Eisenberger, Arthur Comeau, Edward Webber, Robert Marshall, L. M. Saunders and Harry Hicks.

Funeral service was held for the young accident victim yesterday afternoon in the United Baptist Church, conducted by the Rev. T. W. Hodgson of Grace United Church. The service was very largely attended and the profuse display of floral tributes bore mute testimony of the affection and regard felt for the youngster by the people of the community. His fellow students of the Junior High School attended the service in a body.

Fishermen at Meteghan on the St. Mary's Bay shore of the Digby County mainland, along with hundreds of others along the Digby Neck, Islands and mainland shores of St. Mary's Bay and Bay of Fundy, have entered upon what they hope will be the most successful lobster fishing season in the history of the industry. Prior to the opening of the season on December 1, wharves, breakwaters and fishermen's sheds were piled high with thousands of lobster pots, most of which have since been set. However, the season got away to a delayed start due to the fact that the first real winter storm struck this area on the first day of the lobster season. (Picture through courtesy of C. P. R.)

## The Bishop Of Nova Scotia

by Owsley Robert Rowley (Copyright)

From the wind-whipped coastline of Nova Scotia, where Atlantic breakers crash in foam, to the snow-clad, pine-girt fastnesses of Ontario's Northland, they know him. He has slept in the huts of Maritime fishermen, followed the trail of the lumberjack and trapper, talked with the Ojibway hunters and Cree canoeists, and shared his lunch with the two fisted stalwarts who toil in the mines. The verdict from East to West is, "A man's man, and 100% a missionary of Christ."

Such is the Right Reverend G. F. Kingston, Bishop of Nova Scotia, a sturdy vigorous man of medium height, well set up, with a strong face, a ruddy complexion and a good humoured twinkle in his eyes. Quiet in voice and manner

Right Reverend George Frederick Kingston, D. D., Bishop of Nova Scotia.

an impression of dominance and strength, however, is gained by all who meet him. He enjoys a joke, laughs full-throatedly, and withal is a saintly man; deep spirituality is one of his outstanding characteristics.

George Frederick Kingston, youngest of a family of seven sons and three daughters of Richard and Elizabeth Kingston was born 26th August,

## Letters Received From Greece

Two Digby County women have recently received letters of thanks for donations of clothing sent to persons in Greece.

Mrs. S. P. Fream of Barton received a most interesting letter from John G. Ouastasiades of Katerine, Greece. In his letter he tells of some of the terrible hardships suffered by the Greek people during the war. His family was particularly hard hit because they were made the butt of reprisals by the Germans. This was because they had given shelter to two Australian prisoners of war in 1942.

The letter said, "They were invalids and very weak. We gave them everything we had left—food, clothing and shelter. Many times we left our children hungry for them and we saved them, but we paid dearly for that."

Miss Edna Tidd of Tiddville also received a letter from Greece. This one was from a young woman 22 years of age. She says she is employed in a shop but her earnings are hardly enough to buy food. Goods are so expensive in Greece.

During the war the Germans and Italians destroyed the railways and took all the agricultural machinery, cattle and produce, leaving Greece practically stripped. Living conditions there at present are terrible and the hardships and suffering intense. "However," the letter says, "we are not sorry, we gave in the war all we had, every Greek home has felt the loss of a brave patriot, but Greece has never bowed her head. With God's help, with hard work and generous assistance of friends, we are sure all will be good."

## Town Accepts Bank Tender For Bonds

The tender of the Bank of Nova Scotia for the \$7000 serial issue Town of Digby Debentures bearing interest at 2% was accepted at Monday night's meeting of the Town Council. The price received was 100 plus accrued interest. This was the highest bid received for the issue.

The subject of coasting for the youngsters came in for discussion at the meeting and it was decided to set aside St. Mary's Hill as a coasting spot. Signs were ordered erected at the intersections of this street warning the traffic that the hill was being used for coasting and to drive carefully. An advertisement was ordered inserted in the Courier stating coasting on all other streets in the town was prohibited and sleds would be confiscated if the order was ignored.

The Streets Department was asked to see that the annual Town Christmas Tree was erected and lighted as usual.

## Boys' Basketball Team Entertained

One of the highlights of the current basketball season at Digby Academy was the delicious chicken supper tendered members of the Boys' basketball team and teaching staff by Mr. and Mrs. Gerald Craig of Conway.

Mr. Craig has given generously of his time and talents in coaching the team and the success of the latter has been due in no small measure to his efforts.

The dining room presented a festive appearance; the Academy colours being featured in croch streamers draped tastefully about the archway and candelabra with the school crests occupying central points.

The color scheme was completed by tapers and the team cake, which was decorated with figures representing both players and ball, and was cut by Captain Ray, Murley. The Misses Florence Larramore, Dickie Winfield, Marion Warner and Ivy Craig served.

At the conclusion of the meal Mr. Purdy expressed his thanks and the thanks of the guests for the hospitality shown them. Members of the Girls' basketball team arrived later and the balance of the evening was spent in cards and dancing.

## Freeport Bank Manager Transferred

H. O. Connell, who has been manager of the Bank of Nova Scotia at Freeport for the past thirteen years, has received word of his transfer to Pugwash, N. S.

On Friday evening a farewell party was held for Mrs. Connell by the church Sewing Circle at the home of Mrs. A. C. MacNeill. After a delightful evening, Mrs. Connell was presented with a lovely toilet set from the members of the Circle of which she has been a member since coming to Freeport.

Mr. and Mrs. Connell and family will leave shortly for their new home in Pugwash.

## King Winter Strikes

Winter hit Digby with a vengeance on Monday. High winds sent the thermometer speeding down to between eight and ten degrees above zero and by noon several inches of snow had fallen.

The weather continued cold through Tuesday and by Tuesday night roads and pavements were very treacherous.

At time of going to press the weather had moderated a great deal. According to weather reports colder weather was forecast for today, however.

The heavy storm on Monday delayed the lobster fishermen and few traps were taken to the fishing grounds on that day. No report of damage to lobster fishing gear from Monday's storm has been received.

A great many friends called to see her on her birthday and extend their congratulations. She is in good health and is active about the home.

## THE PATH TO PEACE

The experiences of the United Nations and the discussions regarding them has caused much heart-searching in the ranks of Canadian observers. Where is the path to peace? What are Canadians contributing? The courage of her sons in war and the resourceful and tireless support given by her "home front" earned for Canada an influence in world affairs far beyond that commanded by the size of her population. Are we meeting the challenge of our opportunities?

On this it is interesting to note the Christmas messages issued by Canadian church leaders. Through them all runs one common note, "Canada's part in the struggle for lasting peace must start within each Canadian."

Through them all, too, runs the faith that the Christian theory of behaviour is actually translating itself into practise in the relationships of individuals and in the relationships of Nations. In all the attempts at present being made to smooth and ease these various relationships, it is the Christian categories, although they may not be recognized as such, that are the impulse of the effort. Peace, justice, fair dealing on a basis of human mutuality, toward this end, in spite of great difficulties and many obstacles, is struggling.

### A MESSAGE OF HOPE

Perhaps it is appropriate that as the Christmas season approaches, we should have encouraging reports from returning Canadian delegates and observers to the meeting of the general assembly of the United Nations at New York. These reports are confirmed by Senator Wishart Robertson of the Canadian delegation whose recent address made a marked impression on the assembly. Despite the controversies and what appears to be bitter debates, he reports that real progress is being made toward understanding and peace. It is well to remind ourselves that this program is being made against great obstacles. Differences of race and culture, differences of language, national pride, economic interest and differences of religious backgrounds all have to be overcome. When it is considered that only a little over a year has elapsed since the most terrible war the world has ever seen, this progress is quite remarkable and denotes an intense will to peace among almost all the peoples of the world.

### EQUALITY FOR ALL PROVINCES

Hon. Brooke Claxton, in one of his first public addresses, since returning from the peace conferences at Paris, outlined in Montreal the objectives of the government of Canada.

"In its proposals to the provinces, the Dominion government has tried to put the provinces in a position whereby they would be able to carry out their constitutional responsibilities properly. The Dominion is trying to avoid double taxation and treat all of Canada on an equal basis", Mr. Claxton said.

**MUNICIPAL GOVERNMENT** should be part of the school curriculum, Municipal Affairs Minister J. H. MacQuarrie told Nova Scotia city, town and county clerks and treasurers, attending a course in municipal administration at Halifax. The course, sponsored by the department of Municipal Affairs, aimed at improving the standards of Municipal officers. Mr. MacQuarrie

said the smooth, efficient functioning of local government depends largely on the important work of municipal clerks and treasurers. TOP LEFT are A. C. Day and R. A. McKinnon, Sydney, treasurer and clerk respectively of Cape Breton County, with Mr. MacQuarrie; at TOP RIGHT Charles L. Beazley, K. C., deputy minister of municipal affairs, and Dr. Lothar Rich-

ter of the Nova Scotia Municipal Bureau at Dalhousie University, where the course was given. BOTTOM group is part of the more than 50 officials who attended, showing, front, H. S. Hart, Canso, H. M. Doull, Annapolis Royal and C. I. Boudreau, Wedgeport. Others present were C. W. Smith of Digby, J. M. Comeau of Little Brook, and R. Handspeker of Digby.

## The Bishop of Nova Scotia

(Continued from Page 1)

1889, at Prescott, Ont., and educated there at the High and Model Schools. Convinced that the Anglican ministry was his true vocation, he entered Trinity University, graduated in 1913, with the Governor General's Medal for the best degree of the year, and took his M. A. in 1914. During his theological course at Trinity, he did post graduate work in philosophy at Toronto University, graduated in 1923 with first class honors, and the Degree of Doctor of Philosophy.

From King's University at Windsor, N. S., he took the degree of B. D., in 1917. When on furlough from 1919 to 1922, he studied first at Oxford University and later at Harvard University. Upon his elevation to the Episcopate the Universities of Trinity Toronto and King's, Halifax, each conferred upon him the degree (Jure Dignitatis) of Doctor of Divinity. He was Ordained deacon in June and Priest in December, 1916. George Kingston's first appointment was Professor in Philosophy at King's University, where, for three years his intellectual attainments were so vigorous and his lectures so scholarly, that all who came in contact with him were strongly impressed by the power of his sterling manhood.

During summer vacation in Nova Scotia, he took charge of mission churches on the coast, taught the children thoroughly prepared candidates for confirmation, and, in endless ways showed he was deeply missionary-minded and missionary-hearted.

He became Professor of Ethics at Trinity University, Toronto, in 1922, and later also Dean of Residence. In both offices he exerted great influence with students, and soon was recognized as a born leader with outstanding administrative abilities.

For years the shadow of the Episcopate lay upon his path. He was predestined to it by great and versatile gifts. At the election in 1934, of a suffragan Bishop of Toronto and again in 1939, at the election of a Bishop of Ottawa, he received the second largest number of votes in both orders. In January, 1940, he was unanimously elected Bishop of Algoma, was consecrated at St. Luke's Pro Cathedral, Sault Ste. Marie, Ont. on the 25th of April, 1940, seven bishops taking part in the act of consecration.

As Bishop of Algoma, he endeavored his people, gave a magnificent lead, built up the waste places, and showed himself a messenger of Him who said, "I am among you as one that serveth."

In January, 1944, Dr. Kingston was unanimously elected on the first ballot to the See of Nova Scotia, the first Colonial Bishopric in the British Empire—a distinct call to an enlarged pastorate, with greater opportunities.

His translation from Algoma to Nova Scotia, where on the 10th of March, 1944, he became the eighth bishop, met with instant and warm-hearted approval, not only by bishops, clergy and laity of the Church of England in Canada, but also from leaders and members of other Christian Communions.

In Nova Scotia he found a fine spirit, definitely forward-looking, courageous and adventurous—a great tribute to a 160 year old Diocese.

As a member of Christ's Holy Catholic Church, he thinks "there is need to have a clear vision of the church Universal,—that is, the whole congregation of Christian people dispersed throughout the world, seeking to express the Catholic, Universal, world-wide nature of the Church as a living organism." He feels the "necessity of being wholeheartedly loyal to the Church of God, to live for her in upholding that for which she has stood firmly through the ages, and if need be to die for her in defeating enemies which assail her throughout the world."

Bishop Kingston, holding his high office in the full flower of intellectual and physical life, is a scholar, firmly grounded in the traditional principles of the Church of England. He has a broad Catholic outlook, great organizing powers, a genial and attract-

In his address Dr. Anderson contradicted many of the popularly held opinions concerning the Italian people. The fiction has grown up, he said, that the Italians are a slovenly and unclean people. This is not so, Dr. Anderson declared and cited several instances to bear out his contention. His experiences in Italy and his contact with the Italian people had been most interesting and educational, the speaker said.

Dr. Anderson also told of the work of the medical unit in the battlefield and of the wonderful accomplishments of modern medical science in the healing and treatment of battle casualties.

# DIVIDE YOUR DOLLAR WITH YOUR NEIGHBOR

Everybody has a certain amount of civic pride—that sort of pride which helps make a village a town, and a town a metropolitan city.

The growth of any community is dependent upon the support given its citizens. If you fail in your co-operation, your town either stands still or goes back.

If you uphold your town by sustaining it wholeheartedly, you help yourself and the community. Buy at home! Be neighborly with your dollar. Divide your dollars among your merchants and others who have the interests of Digby at heart. Help them and they will help you to greater value—for increased volume means decreased costs.

Digby needs your support and you need the support of the town. Let's get together and share our dollars for a mutual prosperity.

# 25th Anniversary Of Deep Society

Thirty-fifth anniversary of the Deep Brook Baptist Church celebrated Wednesday afternoon, November 27th, with a service of twenty-one and the pastor, Rev. J. M. Wallis. The meeting was held at the home of Mrs. L. E. Sherman who served for twenty years as president, and who for the last five years has been honorary president. The society was organized in 1892, and on October 18, with thirty charter members, and these names enrolled only five persons are now living. They are Mrs. George Spurr, L. E. Sherman, Mrs. J. E. Ditzmar, Jessie Harris (Augustus Purdy), all of Deep Brook, and Marion Spurr (Warren L. Harris) now of Annapolis Royal. A record of the work accomplished by this earnest group of workers was given by the secretary, Mrs. J. Frank McIlwain; and the treasurer, Mrs. E. E. Adams reported finances over this long period, during which time their church was completely renovated and enlarged at considerable expense to the congregation. Of the life-time of this society, Mrs. Adams has served thirty-four years as treasurer and is continuing in office another term. Greetings were brought from the Smith's Cove Baptist Church Society by Mrs. Norman Sullis, formerly of Deep Brook and one-time president of the local society; from Bear River Baptist Church, words of encouragement were given by Mrs. Fred Rice, a former Deep Brook girl whose mother, Mrs. George Marsters also had served as leader of the local society while best wishes from the Guild of St. Matthew's Church of England were extended by the president Mrs. W. H. Spurr. Rev. R. S. Dunn, in his remarks, congratulated the members for their splendid support, and urged them and the younger women, on to the work that ever lies ahead in the life of a church. At the close of the business session, Mrs. Dunn pleased the group with a solo, after which tea was served by the hostess.

Digby Kiwanians met on Thursday evening last week in Grace United Church hall on the occasion of the annual Christmas Supper and Sale sponsored by the ladies of the church. There was a good attendance, and all present took part in the usual Kiwanian song, with Bess Hayden presiding at the piano.

Hodgson, a member of the Kiwanis Club and president of the local branch of the Red Cross. Mr. Kuryluk spoke briefly at the supper meeting. At eight o'clock in Community Hall, at a public meeting sponsored by the Digby Red Cross, the Digby Kiwanis Club and the Royal Canadian Sea Cadet Corps Cornwallis Mr. Kuryluk spoke briefly on the Red Cross Life Saving and Swimming Instruction Programme and course, and showed interesting and instructive sound films. This evening Digby Kiwanians will hold their supper in Trinity Church Hall where the ladies of that church are giving a turkey supper for the benefit of the Church.

It is hoped to allot £80 (\$240) to each of some 4,000 ministers to supply their needs of clothes and books. Cycles and motor vehicles have been sent for the use of pastors in Holland, France, Belgium and other countries.

The Baptist Circle met on Tuesday afternoon with Mrs. Clarence Morgan.

Mrs. T. Brinton of Hampton is spending the winter with Mr. and Mrs. W. P. Brinton.

The Baptist Missionary meeting was held on Thursday afternoon at the church vestry.

Mrs. Kenneth Fraser of Wolfville was in town last week and the guest of her sister, Mrs. Lillian Hubley.

Mrs. Carl Parker and son Ronald spent a few days at Halifax the past week, where Ronald is having dental work done.

A day of prayer, called for Bishop Kingston of Nova Scotia, was observed in St. John's Church with Holy Communion and a service of prayer at 11 a.m.

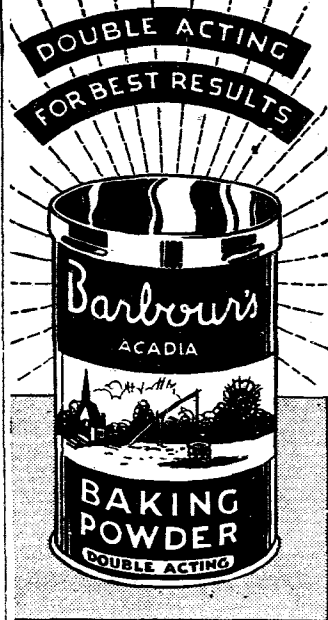

Mrs. L. J. Lovett and Miss Edith Lovett returned home last Wednesday from Lockport where they were guests for four weeks at the home of Mrs. Lovett's daughter and son-in-law, Mr. and Mrs. W. D. Sutherland.

Mrs. Gordon Benson went to Truro on Thursday to meet her daughter, Mrs. Willard Carter and small daughter, coming from Cape Tormen-tine who will visit her parents for a time.

C. V. Snow is now back on duty as manager at the local branch of the Royal Bank of Canada after a four weeks' holiday. Last Thursday Mr. and Mrs. Snow returned from a week's visit with friends in Saint John, N. B.

Mrs. J. H. Cunningham is closing her home for the winter months and is spending this week with her uncle, A. B. Marshall and will leave later to spend Christmas with her sister, Mrs. A. G. MacIntyre and Mr. MacIntyre at Newtonville, Mass.

Major A. M. Simonds celebrated a birthday last Thursday when he and Mrs. Simonds entertained a number of their friends at the United Church Chicken Supper. At their home later that evening four tables of bridge were enjoyed when the prize winners were Miss Roehling, Mr. Harry Purdy and Mrs. L. V. Harris.

## Films Shown

On Thursday afternoon three educational movies were shown in Oakdene auditorium to the school children. These films from the Department of Education were shown by Mr. Ralph Ellis.

In the evening these same movies were open to the public free of charge.

The first film shown was on fur trapping in northern Canada; it was interesting and exciting to see the wild animals in their natural habitat.

The second film on Eyes showed how the eye was put together, how it functioned and how disease affects the eye. The care and treatment of the eye plus the various simple remedies illustrated a fine lesson in preventive care.

The film on Rural health as originated in Dauphin, Manitoba in 1945 and now adopted by this province, was extremely interesting. This Rural Health plan in its preventive measures, cares for men, women and children at small cost to the individual.

These Educational films are coming periodically to Oakdene auditorium to illustrate a new method in visual education. These films are interesting and instructive and well worth the attention of the public.

## Red Cross Meeting

A meeting of the Red Cross Society was held on Monday evening with the acting President, Mrs. Otis Rice presiding.

Several projects of interest were introduced and discussed, among them being the Sick Room Equipment which is being adopted by various Red Cross branches.

This matter was laid on the table until the December meeting when further discussions will be held and a decision made.

Mrs. J. L. Warren, Convenor of the Women's Work Committee, gave a very encouraging report showing that a good deal of work is being accomplished through its efforts.

The last shipment of a few months ago comprised 2 large quilts, 1 pair socks, 1 child's sweater, 1 baby vest, 13 nightgowns and 29 soakers. Another box is ready for shipment.

During the year under the leadership of their teacher, Mrs. Earl Banks, the pupils of the Cross Road School pieced and donated squares for a large quilt along with the lining and filling, also a large number of knitted squares for an afghan. This shows a definite interest in Red Cross work during peace time as well as in war.

Plans were made for Christmas Cheer at the D. V. A. Hospital at Cornwallis which is worthy of note, keeping those in mind who gave so much for us in order that we might survive and enjoy freedom in our land.

## CHICKEN SUPPER

An unusually large crowd patronized the chicken supper given by the Ladies Aid of the United Church, Bear River, on Thursday, November 28th, in the church vestry. The room was festooned with red and green roping. At the windows sprays of cedar, tied with red ribbon. The tables were centred with holly tied with red satin ribbon (with a small spray, at each plate.) flanked with red candles in brass holders.

The fancy work booth was in charge of Mrs. E. Schmidt. The fish pond and tickets were in charge of Mrs. K. Wamboldt and Miss VanBuskirk respectively. All Aid members helped in various ways.

## SENDING BOXES TO BRITAIN

The Ladies Aid of the Bear River United Church are packing a box of food and sending it to Britain for six months, one box a month. The November box has been packed with food and sent to a lady in England. This is surely a worthy cause. Let us not forget, where we have plenty, just across, the people are starving. Let's help Britain save her people from starvation.

Mr. and Mrs. Richard Cox of Digby spent the week end with Mrs. Cox's parents, Mr. and Mrs. Robert Rice.

## Family Gathering

"J. J.", the Editor of the Courier, was among those present at a very interesting family gathering in Elizabeth N. J., last Thursday (the American Thanksgiving Day) when all the surviving members of the family of the late Mr. and Mrs. James J. Wallis of Yarmouth were together for the first time since Christmas of 1907 (or '08), no one was sure which was the correct date. Those attending this reunion were J. J. Wallis of Digby; Miss Theodosia Wallis of Elizabeth, N. J.; Captain Harry Wallis of Clear Lake, California and his wife the former Miss Lizzie Phillips, daughter of Capt. Elisha Phillips of Salem, Yar. Co.; Percy Wallis of Brooklyn, his wife, the former Miss Holmes of New York and their son Robert; Nellie, wife of John Welch, of a well known Westport family, and her son John P.; Maude and her husband, Clyde West, formerly of Wolfville; Hilda, and her husband Alvin E. Saunders, formerly of Port Maitland, Yar. Co.; and Hazel, wife of Frank Welby of Panama; "Dixie", daughter of Mr. and Mrs. Alvin E. Saunders; and her husband Willis Essenger of Elizabeth.

As stated the last time this family were all together was in 1907 or '08 in Yarmouth, and a special guest on that occasion was Leslie E. Sabine a personal friend of "J. J.'s". The parents passed to the Great Beyond a few years later and the family scattered, Harry and Percy both going to sea; Nellie, Maud and Hazel went to Brooklyn to enter hospital work (Maud has been in the Prospect Heights Hospital for 23 years, the last eight or nine of which was as Asst.

Superintendent.) and Hilda possible to get them together went to New York as stenographer. They have now managed to meet in groups several times, but they have been so scattered it was never a joyable occasion.

### Grandmother Is His Teacher

Little Marcel LeBlanc, son of Mr. and Mrs. Maurice LeBlanc, of Concession, Digby County, started school this year at the age of six and he is able to say something that few children can, that his first teacher is his grandmother. The teacher in the primary department of Concession's three-department school this year is Mrs. Disa LeBlanc of that village. Still youthful in appearance and manner, Mrs. Disa LeBlanc ranks as one of the finest teachers in Clare Municipality. Born in Sweden as Disa Varner, she came to Nova Scotia at the age of five years and received her education at Sacred Heart Academy, Meteghan, later graduating from Normal College, Truro. Before her marriage she taught two years in Nova Scotia and one year in the United States. In recent years she has returned to the profession and has eighteen years of teaching service to her credit.

## MARRIAGE

### Parker - Cromwell

A pretty wedding took place at the home of the bride on Tuesday afternoon, November 25 at five o'clock when Lydia Muriel, daughter of Mr. and Mrs. Sydney Cromwell, Weymouth Falls, was united in marriage by the Rev. M. L. Anderson to Donald Stewart, son of Mr. and Mrs. Percy Parker of Digby.

Dressed in a street length gown of blue crepe, the bride entered the room on the arm of her father, who gave her in marriage. She wore a finger tip veil held in place by a wreath of white orange blossoms. Her only ornament was a single strand of pearls. She was attended by Miss Eva Barton, who wore a blue crepe gown similar to the bride's dress, with matching head-dress. The groom was attended by Floyd Barton.

A reception, attended by about eighty guests, was held in the evening. The rooms were decorated in pink and white, the bride's table being centred with a two tier wedding cake.

Assisting in serving were the bride's aunt, Mrs. Cyril Middleton and Mrs. Inez Pleasant. Mrs. Ruth Cromwell and Miss Joan Middleton, cousin of the bride. The groom's grandmother, Mrs. Leonard Irving, completed the cutting of the wedding cake.

Out of town guests included Mrs. Percy Parker; Mr. and Mrs. Leonard Irving, grandparents of the groom, and his sister, Miss Verna Parker, all of Digby.

Many beautiful and useful gifts, including cash, were received by the young couple.

## War Brides Honored By Red Cross

The Weymouth branch, Red Cross Society held an afternoon tea on Tuesday of last week in honor of the war brides of the community.

The welcome address was given by the president, Mrs. A. Thorpe, who also spoke on the work being carried on in peace time. Others to offer greetings were Mrs. Elie Comeau, a war bride, and Mrs. H. J. Melanson, convener of Women's Work for this branch. Mrs. Carol d'Eon responded for the bride's present.

The tea table which was beautifully set with cut flowers and silver tea services, was presided over by Mrs. Thorpe and Mrs. Melanson with Mrs. Robie Hill, Miss Mae Parker and Miss Elie Comeau serving.

On behalf of the members of the order, each bride was presented with a gift of apple blossom china. Some of the work accomplished by this branch was on display.

### Final Dance At Salmon River

The final dance of the year was held in Salmon River Parish Hall on Tuesday evening November 26, and was largely attended. All year weekly social evenings have been held in the hall at which square dances are enjoyed, followed by a pantry sale. The proceeds of these social evenings are for the new church which is being built at Salmon River. Every effort is made by

the parishioners to contribute their utmost to these socials, and the result has been good each week, the proceeds now being in the vicinity of \$100. Now with the arrival of the Advent season the dances are at an end for the remainder of the year.

Mr and Mrs. Alfred Dickie are making their home in Digby. He has been transferred from Camp Hill Hospital in Halifax to the D. V. A. Hospital at Cornwallis.

H. H. Morse Again Wins Top Honors at Fox Show

The firsts and threes already imposed in the first H. H. Morse of West in the closing day. The show, captured the with 125 carry the honors as annual fox show doors for 1946. F. Westchester, who first place winners finished second champions and Re-Champions today.

Platinum—Champion, H. H. Morse; Reserve, Frank Lusby.

Champion, Frank Lusby; Reserve, Frank Lusby.

White Marked—Champion, H. H. Morse; Reserve, Walter Lusby.

The contest for the best pair drew some beautiful to the judges. U. Messenger taking first and fourth places. Two freaks foxes were exhibited Mrs. A. Foster taking first place and Guy Black taking second place.

Youngest exhibitor in the show, Miss Anne Marie Comout, of Little Brook Station, drew the applause of the judges with two firsts, one second and two third places. S. U. Messenger added to his collection of ribbons by taking three firsts and one each in the second, third and fourth places.

The Mullen Brothers of Weymouth, who are comparatively new in the fox showing game did remarkably well by winning 23 ribbons over the three days with 32 entries.

Stars of the show, of course, were these consistent winners H. H. Morse of West Paradise; Frank Morse of Westchester; S. U. Messenger of Bridgetown and a newcomer to the Little Brook fair, Walter Lusby of Amherst.

One of the highlights of the fair occurred when the largest class of the show, 17 beautiful pearl platynums were on the table at one time.

One of the most consistent prize winners during the past several years, Mrs. D. J. Robinson, vice-president of the Club Fox Club and owner of the Seabird Ranch, Meteghan did not have any foxes entered in this year's show.

Again the calibre of the foxes drew the praise of the judges and everyone in attendance. At the close of the program, head judge Molony congratulated the exhibitors on their fine foxes and predicted higher quality for the future.

This was in line with the comments made by Hon. A. W. MacKinnon, speaker at the annual fox banquet held at the Lakeside Inn. Calling on the exhibitors to make the "Label of Nova Scotia a label of high quality", the Minister urged great care in the raising of foxes. He lauded the value of exhibitions and fairs

of all kinds, for their informative values to the breeders as well as other agricultural fairs helped the farmers in attaining higher status in their particular branch of the industry.

Presided over by Raymond LeBlanc, president of the Clare Fox Club under whose sponsorship the show was so admirably and efficiently conducted, several speakers were heard at the banquet which is always the social highlight of the Fall Fair.

Hon. J. W. Comeau recalled the origin of the show and stated frankly he had not at that time believed it would make the progress it has. He was pleased to see, he said, exhibitors from all over the province took part and thanked all those who organized and conducted the show.

Judge Molony said the quality of the foxes shown was good and has improved considerably over the past six years. Judge C. Johnstone thanked the people for their kindnesses to Mr. Molony and himself. Others who spoke briefly were Walter Lusby of Amherst and H. Chisholm of Bear River.

On behalf of the show, officials and exhibitors Chairman LeBlanc presented the two popular judges with each a tangible gift.

Immediately following the close of the show the foxes were being loaded onto trucks

**Freeport Society Holds Crusade Meeting**

The Women's Missionary Society of the Freeport United Church held their annual "Crusade" meeting in the vestry of the church Sunday evening, November 24th. The meeting was conducted by the president, Mrs. Ernest Haines. A devotional service was held consisting of three hymns, a Scripture reading by Mrs. Lillian Thurber and prayer by Mrs. Marion Bouchie. A duet, "Have You Been in the Garden With Jesus", was sung by Mrs. Ralph Haines and Mrs. Avery Finigan.

The main portion of the program was a story and song picture of the life of Fanny Crosby, famed hymn writer. One of her best loved hymns, "Saved By Grace" was sung by Venna McNeill and Mrs. Elbert Crocker. The children present at the meeting sang another of her hymns, "Safe In the Arms of Jesus."

and cars for the trip back home, long ones in some cases. Undoubtedly the most successful show ever held, the main share of the credit was being freely given by close observers of the industry to two energetic officials of the Clare Fox Club, President Raymond LeBlanc of Meteghan and Secretary J. Meteghan Deveau of Mavillette. Mrs. Etta Quinn as secretary worked hard all through the three days in compiling the records and several others had a share in keeping things running smoothly.

## Bumper Tobacco Crop

This year a record crop of tobacco was harvested in  
Canada—110,000,000 lbs. Due to the intensive work of  
Dominion Department of Agriculture plant breeders the  
improved varieties now grown in the Canadian producing  
areas make the importation of cigarette and pipe

tobacco, except for blending of some brands, unnecessary.  
All Virginia type cigarettes made in Canada are of  
grown leaf.  
These pictures show a field of high grade tobacco and  
workers getting leaf ready for curing and storing.

Daniel Sproule, Deep Brook's oldest lady, observed her birthday on Monday, December 2, and on this occasion was guest of honor at a party given by her son, Mr. and Mrs. Sproule, for immediate family and neighbors.

During the table was the birthday cake, beautifully decorated and having the full number of candles, made and presented by Mrs. Herbert Rawding who was among the guests.

Mrs. Sproule received many cards and letters, money and other gifts on this auspicious occasion. She is very active, caring for her home and doing bits of sewing, and since getting new glasses in October is again able to do the finer needle work for which she has been outstanding among her friends.

Before her marriage, Mrs. Sproule was Miss Fidelity Whitman of Inglesville, Annapolis County, and is the surviving member of a large family. She has two sons, James of Brockton and Frank of this village; and a daughter, May, Mrs. Bowlby, Daysland, Alberta.

### Warm Weather

#### Returns

Although winter struck at Digby with a heavy hand last week, it has evidently relented and the weather has again turned mild.

On Monday a heavy snow storm struck and by evening everything was carpeted with thick heavy snow. The weather was warm, however, and the snow was melting. On Tuesday morning the sun broke out strong and clear, making a beautiful day with temperatures in the upper forties. According to reports this is scheduled to continue for several days.

The water situation continues bad throughout the county. More and more wells are reported dry and hundreds of gallons of water are being carried daily throughout the county to care for stock and the needs of many households. Hope continues, however, that rain will come to relieve the shortage before a heavy freeze-up occurs.

It is reported there is still plenty of water for present power requirements at Sissiboo Falls but, if there is not soon a considerable rain or snow followed by heavy thawing, the situation may not be so favourable later in the winter.

"A Happy Week End" is the caption under the picture cover of the December issue of K-Ray Magazine, the official organ of Kiwanis in the Ontario, Quebec and Maritimes District. The picture is of the Grade VII group of Digby Academy, who enjoyed a week end outing at Camp Arcadie, Sandy Cove, as guests of Digby Kiwanis, last September. Use of the camp was donated by the owner, Mrs. Helen Anthony. (Under the caption it is erroneously stated the pupils are from Grade VIII.)

### "Calendar Days"

These days can really be called "calendar days" around Digby. Almost every day one can see children by the score passing by with arms loaded down with calendars of every size and shape. Storekeepers are besieged with youngsters all asking for copies of the 1947 calendar. At noon hour on Monday one store was literally packed with youngsters all looking for calendars. Many of them already had several under their arms.

It may have been the fact the calendars being dispensed by this particular store carried weather prognostications for all of 1947 that prompted the great rush for them—and again it may not.

Mrs. Helen Anthony was a recent guest of Mrs. A. L. Seldon of Liverpool.

Restaurant operators may now charge one cent per ounce for fluid milk sold by the glass and ten cents, per half pint bottle or half pint carton. The following prices have been established for milk drinks containing not less than ten fluid ounces: Milk shake without ice cream, ten cents, with ice cream, 15 cents; malted milk without ice cream, 10 cents, with ice cream, 20 cents; egg malted milk, without ice cream, 20 cents, with ice cream, 25 cents.

The order does not require any operator whose lawful prices of fluid milk or milk drinks were higher than the above prices, to reduce them to the new levels.

### Bulldozer Replaces Oxen in Sand Bar Removal

The sand and gravel bar that has barred the entrance of Church Point Harbour is being removed by a bulldozer at low tide. The bulldozer has been removing the gravel for over a week and it is expected that the work will be finished in a few days.

The bar has to be removed every two or three years. Several years ago a new block was built on to the present wharf with the hope of preventing this bar from forming, but it did not do the job successfully though it did prevent the bar from forming in a shorter period of time.

The fishermen have been unable to enter the wharf until the tide is more than half full, which has been a handicap during the fishing season. With the removal of this bar practically finished, the lobster fishermen will be able to leave earlier than usual and spend less time anchored off in deep water.

This is the first time that a bulldozer has been used to remove such a gravel bar in these parts. It would have taken ordinarily four to six weeks to remove it in the usual manner with ox-team and manual labour.

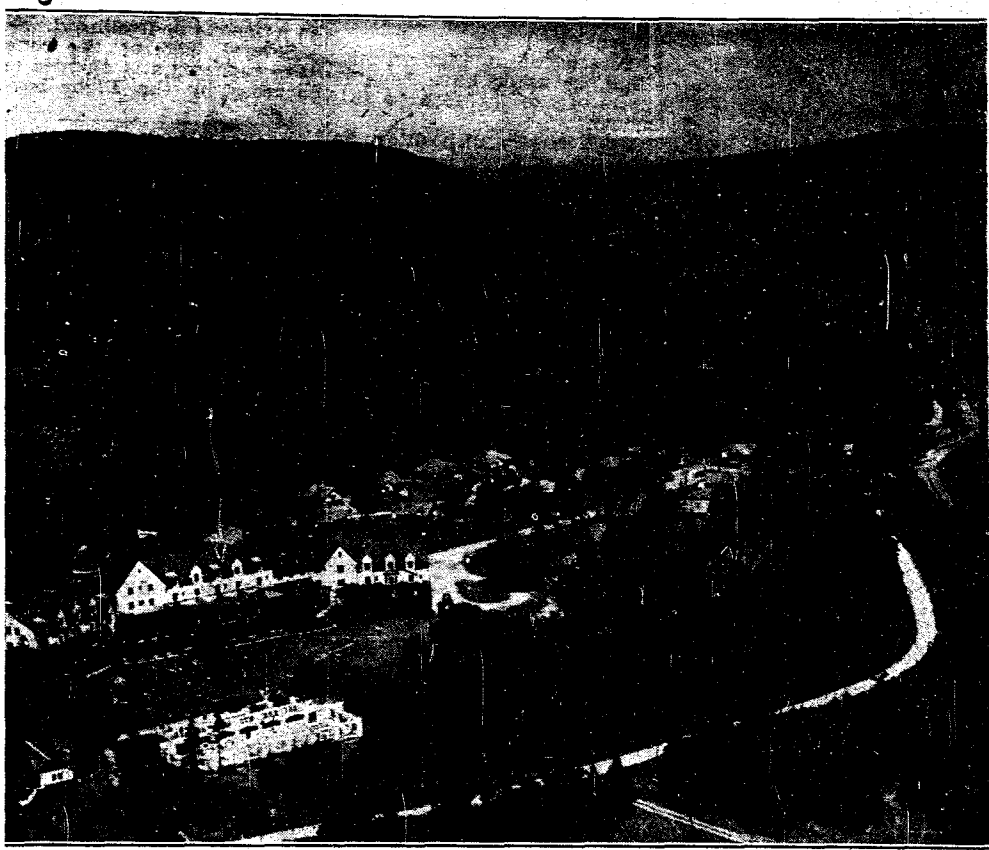

It will prove a boon to the local fishermen as the lobster season has just commenced. Although the season opened on Dec. 2nd, the fishermen were only able to set a small number of traps on opening day due to rough weather followed by heavy gales.

Some boats were able to set about 80 traps out of 200 on the first day.

One fisherman reported catching a barrel of lobsters from 40 traps set on his first day of lifting his traps, which is considered good. The highest catch to date was 400 pounds.

The price at the moment is 27 cents but it is expected to go up in a few days.

Digby Academy pupils from Grades I to VI will present their School Closing Exercises for the Christmas season in the Community Hall, Thursday, December 19, commencing at 1:45 p.m.

### Atlantic Wholesalers Hold Meeting

A all day meeting of the directors of Atlantic Wholesalers, Ltd., was held in the offices of the company Monday, Dec. 3rd. Mr. J. L. Dixon, president and general manager, was in the chair and other directors present were the following: K. R. Schofield, Montreal; M. G. Teed, S. F. Jamieson and D. W. Scott, Saint John; G. L. Avar, Moncton; Walter I. Dixon, E. A. Dixon, C. F. Dixon, R. G. Sharp and C. C. Avar, Sackville.

Mr. H. L. McMackin of the firm of Hudson, McMackin and Company, auditors, was also present. Mr. Glendon Eddy of Bathurst was the only director unable to attend the meeting.

The auditors' report for the nine months ending October 31st indicated continued expansion and development and satisfactory earnings. Much routine business was transacted. A notable feature was the report of the early opening of the Saint John warehouse, covering an acre of ground, which has been under construction for nearly a year. This wholesale grocery warehouse is the largest and most modern in the Maritime Provinces.

Reference was made to the acquisition of Digby Wholesalers Limited, of Digby, Nova Scotia, and to the Pension Plan which has been established for employees of the company. It was decided to erect a building on the corner of Main and Charlotte Streets in Sackville, to provide accommodation for the head office of the company. Plans have been prepared and work on the proposed head office building will likely begin in the spring of 1947.

Eight hours were spent in Industrial Nursing. Nineteen hours were spent in school where 207 treatments were given and 165 consultations held. A dental survey was made in Grades I to III.

Encouraging reports from the sale of T. B. Christmas Seals were heard from the collectors who had turned in their amounts, before or at Tuesday's V. O. N. meeting. However, three collectors are still to be heard from, therefore the proceeds from the sale could not be finalized. It was learned that these collectors expected to be finished by the end of this week.

### DIGBY MEMBER GETS JUSTICE POST

Hon. J. L. Hsley, member of Parliament for Digby-Annapolis-Kings, has been made Minister of Justice in the recent cabinet shuffle. His former post, Minister of Finance, is now filled by Douglas Abbott.

### Warns Against Parking

F. J. Thibeault, Chief of Police and traffic authority for the Town of Digby has issued a warning to motorists advising that they refrain from parking along town streets during heavy snow-storms. This warning has a two-fold purpose—it is a precaution against possible damage to vehicles by snow clearance machinery, and it is also a measure to speed up snow removal.

It is pointed out that the snow plow is frequently halted by parked cars—often for a considerable length of time as the driver has to be found before the car can be moved. And during snow clearing operations there is always the danger of a snow plow ripping off a mud guard or bumper of a parked car or causing other damage.

### MARRIAGE

McIlwaine - McAndrews

The Baptist Parsonage at Bridgetown was the scene of a quiet wedding on Saturday afternoon at 2 o'clock when the Rev. A. G. Robertson united in marriage, Miss Joan Irene McAndrews, daughter of Mr. and Mrs. J. S. McAndrews of Hampton, Anna Co., and Robert John McIlwaine, only son of Mr. and Mrs. L. K. McIlwaine, formerly of Clementsvalle, now of Ireland. The bride was attended by her twin sister, Mrs. Ralph Trimmer of Clementsvalle and her mother, Mrs. J. S. McAndrews.

The bride was attractively dressed in a blue wool street dress with matching accessories. After the ceremony the happy couple motored to Hampton and Clementsvalle.

The bride is teaching at Waldec West School at the present time. She and her husband reside at the home of Mr. and Mrs. Gordon Brown.

Johnstone - Rice

A quiet wedding took place at St. Thomas' Church at Annapolis Royal on Saturday morning at 8 o'clock when Father Pepper united in marriage Mary Camilla Rice, daughter of Mr. and Mrs. Hardy Rice of Lequille, and Joseph Johnstone, younger son of Mr. and Mrs. William Johnstone of Waldec, Anna Co.

The charming young bride looked very attractive in a fawn suit trimmed with white fox, with brown accessories, and carrying a white prayer book. They were attended by Miss Marjorie Harnish and Hugh Johnstone.

The happy couple left for Halifax following the ceremony where they visited with Mr. and Mrs. William Young, Mrs. Young being a niece of Mr. Johnstone.

Mr. Johnstone, who spent some time overseas with the 88th battery, R. C. A. of Kentville, is now employed at D. V. A. Cornwallis. They are residing with his parents, Mr. and Mrs. William Johnstone, at Waldec.

### "J. J." At Oak Ridge Tennessee

The latest word we have received from our wandering Editor came from Oak Ridge, Tenn., where he is visiting his daughter, Jessie (Mrs. G. A. Robinson). "J. J.", in company with his sister, Theodora, motored to Oak Ridge from Elizabeth, N. J., with his brother, Capt. Harry Wallis and Mrs. Wallis, who were en route to their home in California. According to "J. J.", in his letter, he and his sister planned to leave Oak Ridge by rail on Tuesday of this week for New York. He will spend a few days there, then proceed to Boston and home. We expect him back in Digby next week.

## ABOUT THIS AND THAT

Exception has been taken by a subscriber to the manner in which we handled news concerning the dispute at the Digby General Hospital. He asks us to tell the public what we know fully and completely.

We say first our reticence in publishing all the sordid details of the dispute has been prompted by a desire to protect from too much unfavourable publicity an institution which we have long supported and will continue to support. We did feel duty bound, however, to let the public know all was not well at the hospital; knowledge which it is the public's right to have and ours to print.

News of the dispute came from a routine assignment given our reporter to "find out what went on at the Hospital Board meeting." He returned with a story of complaint from the nursing staff being read at the meeting alleging interference in their duties. Before this story was printed a copy of the complaints was obtained and several Board members interviewed.

After that story appeared Mr. Eisener, the President of the Board, gave our reporter a statement that all charges made by the nurses had been proven false and the whole affair settled. With Mr. Eisener's approval, this story appeared in the daily press. Our reporter was then contacted by the nursing staff and informed they were not satisfied with the handling of the affair. Charges could be proved if a chance were provided, they said, and the matter was not settled.

The list of complaints was gone over and instances cited covering each one. They included interference in the medical duties of nurses, listening in to phone conversations of the Superintendent, doctors and nurses, the criticising of the work of nurses to outsiders and the insulting of nurses and superintendent before patients and visitors. All of these things were done, it was said, by the bookkeeper at the hospital. Editorially we recommended an investigation of the charges.

A further check was made and a member of the Board—the Chairman of the House Committee—contacted. This gentleman stated all complaints of the nurses could have been proven. He said the bookkeeper had been warned. The whole matter had been discussed with the nurses, he said, and they were willing to continue so long as interference were stopped. Reports of this were printed.

During all of this we were besieged by phone calls from the hospital bookkeeper in which our stories were branded as lies, malicious persecution, etc. The whole matter was claimed to be that the nurses were jealous of the bookkeeper. (This explanation was printed.) Our reporter was threatened with suit if the stories continued and his clergyman was phoned asking that he be expelled from his church for his newspaper activities. Copies of the Courier sent to the hospital for ward patients were redpencilled, "Lies, lies", etc.

The Courier continued to publish reports of the Hospital Board meetings which must be gathered from individual members since the Press is not invited to meetings. These reports told of action taken to secure a boarding place for the bookkeeper and of objections to quartering her in the Nurses' Residence. We were informed by the bookkeeper these were also lies and now the whole trouble at the Hospital was blamed on one of the Board members. We were also accused over the phone of trying to get the job for personal friends; of consorting with drunkards, and advised "to take the cure".

It has been our hope the dispute at the Hospital could be settled without the revealing of the sordid details. Thus we printed only the bare details of happenings and Board meetings without comment.

Now the details, sordid though they are, are revealed. The above should give our subscriber the information he wishes. May he enjoy reading it!

We shall continue to print reports of Hospital Board meetings as we have always done even though we have been "given fair warning" what the result might be. We shall also continue to remain impartial in any dispute concerning the Hospital, regardless of accusations to the contrary.

## OBITUARY

Paul Warner

The community was saddened and shocked at the sudden death of Paul Warner Sunday evening, December 1st, when he was struck by a car outside his home.

He is the son of Albert S. Warner and the late Henrietta Warner of Digby.

A student of Digby Junior High, he would have been 13 years of age the 19th of this month.

Of a cheery disposition, he was dearly loved by all who knew him.

The funeral was held last Wednesday afternoon at the Baptist Church, conducted by Rev. T. W. Hodgson.

### High Quality Swedes

"The fine display of Swede turnips, for both feeding and table stock, at the recent Maritime Winter Fair served to draw attention to the fact that the Maritimes are especially adapted to the growing of 'Swedes', says J. Edward Shub, Assistant Agronomist, N. S. A. C., Truro. The relatively cool, moist climate is very favourable for the production of high quality roots of excellent flavour. The plant breeder has done his part in producing varieties suitable for market. But there is still a great deal that could be done to improve the marketing methods and facilities to insure a steady supply of a quality product to the various markets. Growers should be organized so that a sufficient volume of roots will be assured. If production were centred in certain areas, they would supply sufficient volume for the establishment of waxing plants. Waxed turnips are more attractive and remain in a fresh condition much longer in a warm store. A small paper sticker or brand stamp placed on the neck of the root before waxing makes the product more attractive and tends to make it recognizable and in demand. In short, after we produce a quality product, it deserves to be marketed in such a manner that it will lose none of its original freshness and fine quality.

## OBITUARY

Mrs. Lydia Anna Watkins

There passed away suddenly at her home on Birch Street Monday, December 9th., Mrs. Lydia Anna Watkins, widow of the late Augustus M. Watkins who predeceased her ten years ago. Mrs. Watkins, who had been a resident of Digby for the last thirty-two years was born at Annapolis Royal on November 16, 1878. She was a daughter of the late John Lowe and Mrs. Lowe of that place. Twice married, her first husband was the late Edward Dexter who predeceased her, some thirty-eight years ago. Her second husband was the late Augustus M. Watkins, well known railwayman. Mrs. Watkins was very active in the work of Grace United Church and was a prominent worker in the Women's Missionary Society. She is survived by three daughters, Gertrude, Mrs. Ernest Butler of Little River; Beatrice, Mrs. Herbert Berry, Brookline, Mass.; and Lillian, Mrs. Malcolm Leonard of Digby. Five sons also survive, True Dexter, Brookline, Mass.; Edward Dexter, Smith's Cove; Louis Dexter, Digby, Carl Watkins, Digby, and Howard Watkins of Pictou. She is also survived by sixteen grandchildren. Funeral service will be from the home this afternoon at 2:30 with the Rev. T. W. Hodgson officiating.

John W. Hardy

John W. Hardy, prominent citizen of Granville Ferry was found dead in his home on Wednesday morning, December 4th.

Mr. Hardy had been supervising the re-planking of the Granville-Annapolis bridge, and when he failed to appear on Wednesday morning, workmen went to his home where he lived alone to see if he were ill.

Failing to get any answer to their knocking and noticing that lights were burning in the house, they summoned neighbors. Entry was made and Mr. Hardy was found lying on the couch in the kitchen, his newspaper beside him where he had evidently dropped it when stricken.

Dr. R. J. Sutherland was summoned and pronounced death due to a heart attack.

Mr. Hardy was 58 years of age, a son of the late Douglas Hardy of Stoney Beach and Mrs. Elizabeth (Smith) Hardy of Plympton, Digby Co. His only brother, Ralph, predeceased him three years ago in Haverhill, Mass. Several cousins survive.

A member of the Annapolis

Royal Masonic Lodge, Royal Arch Chapter, the funeral was under Masonic direction and was held from the Granville Ferry United Church on Friday afternoon with Rev. Dr. E. M. Baird officiating. Interment was in Stoney Beach Cemetery.

### Waldec

Mrs. Lorae Wright returned on Tuesday after having spent two weeks at the home of her daughter, Mrs. Ernest Veniot, Auburn, Kings Co. Mrs. Veniot recently returned from Berwick Hospital with a daughter, Betty Eileen.

A shower was held at the Waldec West School House on Friday evening in honor of our school teacher, the former Miss Joan McAndrews. Both she and her husband, Robert McIlwaine, were surprised when they were taken to the school house and found a party being held in their honor. Refreshments were served and they received many she and her husband, Robert useful and nice gifts. A very pleasant evening was enjoyed by all present.

Mrs. Warren Pyne is still confined to the house with sickness.

Miss Margaret Wright is spending a few days with her sister, Mrs. Veniot at Auburn, Kings County.

Mrs. Robert McIlwaine spent Monday at the home of Mr. and Mrs. J. S. McAndrews at Hampton, returning later in the week.

IN MEMORIAM—In memory of a dear Mother and loving grandmother, Mrs. Amret Outhouse, who passed away December 18, 1945.  
Off in the still night,  
When slumber's chain has bound me,  
Fond memory brings the light  
Of other days around me.

Now dimmed and gone,

## Hold Thank Offering Service

Special speaker at the annual Thank Offering Service of the Westport Baptist Women's Society held in the church last Sunday evening was Mrs. T. W. Howard.

Mrs. Howard told her listeners of the great need for funds to help and assist the starving peoples of Europe. She said there was a great need for missionaries in all of the foreign fields.

In bringing her remarks to a close, Mrs. Howard gave a brief outline of the missionary work being done here at home in Nova Scotia.

The meeting was presided over by the President, Mrs. H. P. Bowers who read the One Hundredth Psalm. Prayer was offered by Mrs. Arthur Hicks. Special music by the choir featured the service and a most encouraging thank offering was received.

## Finds Young Pups In Woods

Jimmie Baxter, while on rabbit hunting with his father and several others last week came upon a nest of puppies deep in the woods. The nest contained two live pups, so young their eyes were not yet opened, and five dead ones lay nearby.

Although no trace of the mother dog was found, it is thought she was frightened away from her pups by the rabbit dog used by the hunting party. The men waited around for the mother to return but she did not put in an appearance.

The two live pups were brought home and are being brought up on the bottle. Jimmie reports they are doing well but he is anxious to find the owner or someone to take them off his hands as they are at present on a four hour feeding schedule.

## Trinity Men's Club Meets

Attendance at last Thursday night's meeting of Trinity Men's Club was the largest yet since the Club opened this fall.

The shooting gallery which has been built in the basement of the Parish Hall was opened Thursday night and many of those present entered in the shooting competition. Scores were not exceptionally high but several of those shooting showed the advantage of service experience.

On Thursday, December 19, registration for competition in the Dominion Marksmen competition will take place and shooting that night will be for trophies. Arrangements have also been made for a real sing-song featuring some of the Christmas Carols and Mr. Gaskill will give a short talk on the history of the Church at the next meeting, December 19. Altogether it promises to be a most interesting gathering.

## Money In Turkeys

Major Spencer of Middleton, N. S., has 900 big meaty Bronze turkeys fattening for market now. They should average about \$7.50 per bird for young hens and \$12.50 for each young tom in retail value, and Mr. Spencer states that all his turkeys are sold now excepting 126 choice breeders. A number of these will be sold for breeding purposes. Such toms, usually weighing up to 28 and 30 lbs, by Christmas, sell from \$25. to \$35 each.

Albert Spinney of Kingston, has raised about 475 big turkeys, and he sold 100 for over \$700 at Thanksgiving.

Another Bronze enthusiast is Keith Boyd of Bridgewater, who sold about 125 turkeys at Thanksgiving and has nearly 400 left, although about 60 will be kept for breeders. Mr. Boyd has also sold all his turkeys in advance, and reports he could have sold at least 2000 turkeys. Other growers visited also report profits from their turkeys, and in calls at seven flocks in western Nova Scotia recently, a total of 2400 turkeys were seen. Out of these, 333 outstanding market type vigorous young hens and toms were blood tested and banded for use in breeding flocks.

"Though Nova Scotia will still be an importer of market turkeys for Christmas of 1946, it will be seen that the growers here mean business and intend to satisfy requirements in the future," says G. K. Samis, Provincial Poultry, Promoter of Turco, N. S.

## Beach Foundering Craft At Sandy Cove.

The Phyllis C. owned by Darrel Cheney sprung a plank while en route from Digby to Little River on Saturday and was beached at Sandy Cove to prevent foundering.

The accident took place off Centreville and the Captain, Irving Farnsworth of Little River, finding the craft was making water too fast to reach Little River in safety, decided to beach her at Sandy Cove.

Engineer of the Phyllis C. was Allison Denton of Little River. The boat was to go into the lobster carrying trade, freighting lobsters from Digby Neck ports to Maine, it is understood.

## Record Figures Shown by Bank of Nova Scotia

Substantial progress in all major phases of operations is reflected in the 115th annual statement of the Bank of Nova Scotia, released recently.

The statement, which covers the fiscal year ended October 31, 1946, shows deposits, loans, investments, and total assets at the highest level in the bank's history. Net profit for the year after taxes of \$1,114,600 and depreciation of \$398,277, was \$1,588,455 against \$1,304,496 on a comparable basis in the previous year.

At the year end, total assets amounted to \$698,175,430, an increase of \$82,000,000. Liquid position continues strong. Cash, clearings and balances due from other banks of \$112,378,693, represent 17.97 per cent of total liabilities to the public. Total quick assets, which include this figure together with investments and call for short loans secured by stocks and bonds, amount to \$492,584,483 and represent 74.78 per cent of liabilities to the public.

Investments increased by more than \$50,000,000 during the year to a total of \$360,539,538, of which 85 per cent is in Dominion and Provincial securities. Municipal securities are shown at \$9,163,346, public securities other

than Canadian at \$29,152,407, and other bonds, debentures and stocks at \$15,320,114. All securities are carried at amounts not exceeding market values.

Loans other than call loans show an increase of over \$36,000,000 at \$158,568,455. Current loans in Canada, which are \$31,300,000 above a year ago account for most of the larger total and reflect a considerable increase in loans to individuals and to small and large businesses throughout the Dominion. Loans elsewhere than in Canada are \$5,800,000 higher than in the previous year. Loans to provincial and municipal governments are down \$675,000 and call loans are \$10,000,000 under the 1945 figure. Acceptances and letters of credit outstanding are up about \$6,600,000.

Total deposits at \$617,564,099 are \$76,221,763 higher than a year ago. Most of this increase is in interest-bearing deposits which are up \$43,000,000. Non-interest bearing deposits of the public advanced more than \$21,000,000, and deposits of the Dominion and Provincial governments are up \$6,000,000.

The annual meeting of the bank's shareholders was held at Halifax December 4.

## Food Queues At Island Stores

Although a great deal is heard these days about the Christmas rush this does not compare in any measure with the rush at Westport stores when the "Standard Coaster" arrives in port from Saint John with scarce commodities. The "Coaster" arrives in Westport every Wednesday the holds filled with supplies for island stores. Hours before the ship arrives in port, customers are lined up at the stores waiting for the arrival of the freight which they hope may contain a quantity of shortening or some other scarce article.

Last week customers stood three hours at the counter of one of Westport's stores waiting for shortening. Clerks were forced to walk from behind the counters to serve customers on the outside as no one wanted to give up their place in the queue for fear of "missing out" when the shortening arrived.

After three hours of waiting the boat freight arrived and sag to relate, there was only enough shortening to supply about half of the long line of customers. Many tired and hungry women were forced to walk home through the gathering dusk, for it was now well past six o'clock, to get their waiting husbands supper minus that all important ingredient of the tasty pies and cakes for which Westport women are famed.

Dr. and Mrs. L. B. Layton and Mr. and Mrs. Cole of Annapolis Royal were visitors in town last week.

Thibeault - Wright

Of interest to many of her friends in Weymouth and Weymouth North was the wedding of Dorothy Melanson, daughter of Beatrice (Robicheau) Wright of 3118 Washington St., Roxbury, Mass., to Fred Edward Thibeault of Brockton, Mass., on Nov. 17th, 1946.

Married in the rectory of Saint Mary of the Angels Church at a quiet wedding with only the immediate family attending, the bride wore a winter white dress with matching hat and wore a corsage of white roses. The matron of honor was Mrs. Anna Joselyn of Cambridge, wearing a grey dress with a corsage of white gardenias. The best man was Arthur Bullock of Taunton, Mass.

A reception followed at the home of the bride's parents, after which the happy couple went to New York by train for a week's honeymoon.

## Red Cross Commissioner At Westport

C. L. Hilsley, Provincial Red Cross Commissioner and Miss McLean, Supervisor of Outpost Hospitals addressed a meeting in Westport last Friday evening in connection with the plans for the establishment of an Outpost Hospital on the Islands.

Both speakers stressed the various steps to be taken in the establishment of the hospital and urged their listeners to take the necessary action so that the hospital might be established without delay.

It was decided to appoint Trustees who would inspect the former residence of Dr. Weir at Freeport to decide upon its suitability for use as a hospital. If this building is decided upon, it was stated, renovation could possibly be completed in time to have the hospital open by early fall.

Meetings were also held in Tiverton and Freeport and Mr. Hilsley and Miss McLean stated they found the attitude of the people most encouraging. They expressed the hope that no effort would be spared towards the early establishment of the hospital which is so badly needed by the people of the Islands.

Mrs. Charles Ramsay was called to Boston last week due to the illness of her mother.

"I thought I was WELL-INSULATED

till polythene came along!"

Well may the thick-skinned rhinoceros grieve, for chemistry has produced an insulating material that puts even his tough hide to shame... It is called polythene—a new plastic that stands up to heat and cold and is unaffected by any known chemicals at ordinary temperature. Its unusual insulating qualities make it an indispensable factor in the vast, new field of radar and television while it gets back to earth again in the form of simple, resilient, waterproof refrigerator bowl covers that seem to last forever... polythene, in its scope of application, is another outstanding example of what Chemistry is contributing to our daily comfort and welfare.

anti-freeze tractor tires

Carbon Black (a nuisance when it collects on the lamp chimney) makes today's tires much tougher and abrasion resistant. 25 years ago tires ran 5,000 miles, with luck. Today's tires, thanks largely to the addition of carbon black, run at least 5 times farther. A versatile material, carbon black finds its way into such diverse products as ink and buttons, fountain pens and, yes, carbon paper.

A strap without stitches will grace the wrist watch of the future. It is molded from the versatile plastic, nylon, which makes it unaffected by weather, perspiration or continuous wear. Tested by servicemen under all climatic conditions, it is now about ready for peacetime use.

Practical farmers weight their tractors by simply adding water to the tires. In summer this procedure is fine, but in cold weather the addition of some antifreeze to the water is necessary. Then chemistry, using Calcium Magnesium Chloride obtained from C.I.P. makes Newways, a material in the low cost class of antifreeze for this purpose. It has no detrimental effect on the tires.

## School Board Meets

School Inspector T. A. M. Kirk of Yarmouth met with the Digby School Board Friday evening. Considerable discussion was had regarding the proposals concerning the Rural High School and School Consolidation for this area. It was decided to write Mr. H. A. Weir, Chief Inspector for Nova Scotia, asking him to meet with the Digby Board to further discuss the matter. The Principal's report showed the attendance at the Academy had kept up well until last week when considerable absentees were reported due to an epidemic of chicken pox and measles.

## Council Declares Boxing Day Holiday

The Town Council at a special meeting Monday night passed a motion declaring December 26th., Boxing Day, a civic holiday. The Mayor was asked to issue a proclamation to this effect. Roy Powell of Freeport was appointed Police Constable replacing Wilbur Amero whose three months' probation ended Monday. Permission was granted the Digby Wholesalers Ltd., to erect a basement under their warehouse on 1st Avenue.

The rookies of the Digby Bowling league played a team from the scallop fleet on Saturday evening. Later they went to a supper party at the home of Mr. and Mrs. Edward Morrissey. A very enjoyable evening was spent.

Mr. and Mrs. Ted Sanford, Mrs. M. H. Barnes and Mrs. Louis Dakin were visitors to Kentville on Tuesday.

## Town Makes Large Payment On Sinking Fund

On motion of Finance Committee Chairman V. G. Cardoza the Town Council at a special meeting Monday night voted to apply a sum up to \$7500 from the accumulated surplus to the Town's sinking fund account.

In presenting his motion Councillor Cardoza stated such a move was a wise one as it would greatly reduce the carrying charges on the outstanding indebtedness of the town and place the town in a much better position with the trust and investment houses in the event of future borrowings. He felt it poor business to carry such a surplus while the bonded indebtedness of the town stood at the present figure.

The total bonded indebtedness of the town at the beginning of the present year was \$54,422.02. With the payment of the \$7500 from the surplus account there will be a total credit paid to the general account sinking fund in 1946 of \$10,397.

Councillor Cardoza's motion also included the payment of the cost of the Shore Road abutment work from the surplus account. He pointed out this job was an emergency expenditure which had not been budgeted for. An examination of accounts showed the Streets and Public Property expenditure over their budget by about the amount of the cost of the abutment work. This would amount to some \$2500, it was stated.

It was pointed out the cost of this job would be reduced by some \$600 due to the sale of surplus logs not needed for the job. Councillor Warner stated this sale would pay for the cutting and hauling of the logs used.

According to figures presented by the Town Clerk the town's finances are in good shape with every department keeping close to their budgeted expenditures.

## Women's Institute Celebrates 25th Anniversary

On Wednesday, December 11, the Women's Institute of Smith's Cove and Joggin Bridge celebrated its silver jubilee. A special meeting was held at the home of Mrs. John Smith.

The president, Mrs. Longworth reviewed the history of the Institute since its inception twenty five years ago and told of many fine things that had been accomplished. She expressed the hope that, through united effort, the Institute might go forward to greater accomplishments in the future.

Mrs. Smith's home was tastefully decorated for the occasion in the Christmas motif. A lighted Christmas tree was a feature of the decorations, complete with silver trimmings.

At the close of the meeting refreshments were served. The highlight of these was a silver decorated cake ornamented with twenty-five lighted candles. This was a gift of Mrs. Gordon Landers as was also a chocolate cake sent by Mrs. George Weir of Toronto for the occasion.

During the business session of the meeting plans were made to carry out the usual Christmas Cheer program and arrangements were made to meet later with Mrs. Smith to pack Christmas boxes. Standing Committees were appointed; Youth and Education, Mrs. George Wightman; Social Welfare, Mrs. O. F. Woodman.

Word was received on Friday of the death in Hustin, Mass., of Mrs. H. T. Jones, mother of Mrs. C. W. Ramsay, Digby. Mrs. Ramsay was with her mother at the time of her death. Mr Ramsay left Friday for Hustin.

Dr. and Mrs. Claude Keays of Halifax spent the week end with the latter's parents, Dr and Mrs. W. R. Dickie.

Flickering flames in their motley hues hold the warmth of our good wishes in their vivid beauty. Through the years--- of candlelight, incandescent light and fluorescent light, The Digby Courier has served this community to the best of its ability. Another Christmas . . . another year . . . to you, good cheer.

## Christmas Meeting Held

The Home and School held their December meeting at the home of Mr. and Mrs. Walter Krounsnick, Brighton, Wednesday evening. The evening was started with a bean supper, silver collection, six dollars and six cents proceeds which will start a library fund.

The house was beautifully trimmed and the social part of the evening was spent in telling stories and singing Christmas Carols. The music was provided by John and Walter Ambrose with their guitar and violin. A Christmas tree had a gift for every one and after a hearty vote of thanks to the host and hostess, also to the boys for their music, another Home and School Christmas party was over.

## Lumber Boat Arrives

The S. S. Empire Springford, London, England, arrived yesterday to load lumber. She took on a part cargo at Weymouth.

The Springford has an interesting history. She was built in Norway shortly before the war. When the Germans marched into Norway they seized her and operated her between German and Norwegian ports. Later in the war the Royal Air Force bombed her, blowing off the stern.

When the Germans were driven from Norway the Springford was repaired and turned over to the owners for whom she was originally built, the British.

J. J. Wallis returned home yesterday after visiting friends and relatives in the United States.

## Digby County Village Incorporated

Westport in Digby County is now an incorporated village. Incorporation is effective from December 1, it was announced recently at Province House, and is proclaimed in the latest issue of the Royal Gazette, official Government publication.

Boundaries of the village have been set to include all of Brier Island on which the community is located at the entrance to the Bay of Fundy. Population is 461 persons. Residents voted 80 to 5 in favor of incorporation in a plebiscite held last April 24.

The government has named C. Bernard Bowers, Jesse Peters, and Lawrence Shaw, all of Westport as commissioners of the village. Immediate objective is the installation of street lights but the commissioners also have authority under the Village Supply Act to deal with such matters as streets, water, police and fire protection services.

Westport lies at the southwestern tip of Digby Neck and its Islands, Long and Brier. It is reached by Highway 17 from Digby, 43 miles, being connected by ferry with the village of Freeport on Long Island. Fishing is the principal industry.

Mr. and Mrs. Richard Cox spent the week end in Bear River.

Mrs. T. E. G. Lynch left on Monday for Halifax where she will spend the winter.

Three Baptist Church organizations at Westport held their teas, suppers and sales in the past week. The Ladies Sewing Circle raised \$86; the Willing Workers Club \$53 and the Earn and Give Club \$46.

## Two Fires In Bear River

Monday morning, a cold raw morning, Bear River was the scene of two chimney fires almost simultaneously. A chimney fire in Commander Hood's house burned out without any other damage, but the chimney fire in Walter Wright's house was the cause of considerable damage as the walls in adjoining rooms had to be torn out. One of these rooms had been newly papered only last week. The water and chemicals made a lot of mess through the halls, etc. A very blue Monday for the Wright family. The fire apparatus from Cornwallis came to the rescue and supplemented the efforts of the Bear River fire squad.

## The Meaning Of Christmas

Christmas is the happiest day of the year. From the days of our earliest childhood each year we have looked forward to Christmas with eager anticipation for many weeks. Some of us have thought only of ourselves and the gifts that would come to us, but such little souls are few. Most of us have looked forward to Christmas as a time to give expression to our own love and friendship for others, a time when custom would permit us to give gifts to those we admire, a time for family reunion and happy fellowship.

The spirit of Christmas is unique. It comes as if by magic to every part of the Christian world. Everyone smiles, everyone is kind, everyone is generous, everyone is thinking of others and planning to make them happy.

The engagement has been announced of Edith Cameron, R. N., of River John to William MacKenzie of Toney River. Miss Cameron was formerly on the staff of the Digby General Hospital.

Roy Peters of New Glasgow was a visitor in town Monday en route to Saint John.

L. E. ("Bub") Mount took a load of furniture to Saint John by truck last week.

E. B. Richardson and F. R. Elsen were business visitors to Halifax this week.

## Harold Silver Dies In Hospital Following Accident

Harold Silver, 29, of Dartmouth and Hemford, Lunenburg County, died in hospital in Digby at 11:55 Saturday night, succumbing to injuries received as a result of an accident which occurred on the Weymouth Mills Road that afternoon.

A Coroner's Jury summoned to enquire into the fatality, returned a verdict that Harold Silver came to his death by accident. No blame is attached to his companions. The inquest was conducted by Coroner Dr. J. R. McCleave, at Digby Sunday morning.

According to evidence Silver, in company with George Veinot and Clarence Veinot (not related) but also of Hemford, left Weymouth about 3:30 Saturday afternoon for New France, about fifteen miles distant, to bring out a load of pulpwood. The load was the last they would bring out this season before leaving for their homes to spend the Christmas Holidays. The truck was driven by George Veinot.

Travelling over a rough section of road about one half mile from Weymouth, Silver remarked that he was going to look at the tire on the back of the truck. (It is thought he suspected the tire, which was not fastened down, might have bounced off while travelling along the rough road.)

Opening the cab door, he stepped out on the running board and fell. The truck said to be travelling at a speed of from 20 to 25 miles per hour, was brought to a stop. Silver was found lying in the middle of the road about twenty feet from the truck. He was conscious and said his back hurt him. They picked him up and took him to the office of Dr. H. J. Melanson at Weymouth. Dr. Melanson rushed him to the Digby General Hospital where X-Ray revealed he suffered from a broken pelvis as well as shock, bruises and contusions about the body. In his evidence, the Doctor said the truck could have passed over the victim.

After their arrival at the hospital, George Veinot phoned Silver's wife, Mrs. Ruth Silver, at Dartmouth, and advised her of the accident. She asked them to come to Dartmouth and bring her to Digby. Arriving at Dartmouth they found that Mrs. Silver had left. A note explained she had received word that Harold had died and had gone to Hemford from where her parents took her to Digby.

Ralph and Clarence Veinot slept in the Silver home, starting off in the morning for Hemford by way of Bridgewater. At Bridgewater they reported the accident to the R. C. M. P. who advised them to proceed to Digby and report to the police here.

Foreman of the jury was Guy E. Morehouse. Jurors were Jerry Surette, J. G. MacDonald, Gordon Burnham, A. Comeau, J. MacKinnon, F. Cookson, Bruce Baxter, Gordon Turnbull, Basil Porter, D. J. Daley and Jack Rosenthal.

## Raise \$500 At Tea

The Annual Christmas Sale and supper of the Baptist church was held last Thursday in the church vestry. The various fancy work and novelty booths were attractively decorated in keeping with the Christmas season and the tables were lighted with candles and other Christmas decorations. A delicious supper of roast turkey was served by the ladies of the church to a very large number and the proceeds amounted to over \$500.00.

## BAPTIST CHOIR TO PRESENT CHRISTMAS MUSIC

Special Christmas music will be presented at the service in the United Baptist Church on Sunday evening by the choir. Conducting both the morning and evening services will be the Rev. Dr. A. Gibson of Wolfville.

Mr. Augustine O'Connor of the New York Daily News was a visitor in our shop yesterday en route to Doctor's Cove to visit his wife's relatives.

## Letters to the Editor

To the Citizens:—

Referring to articles published in our local paper of recent dates regarding the affairs of the Digby General Hospital.

As Chairman of the Hospital Board I would like to take this opportunity of explaining to the public that the Board is trying to do their best for all concerned, to give patients the best of care, also the financing of the Hospital.

It is now costing approximately \$125.00 per day to operate our Hospital. Last January the Board found it very difficult to persuade the Auditors to audit the books as the office records were in such an incomplete condition. With the promise of the services of a competent bookkeeper they finally agreed to make the audit. Had this not been done the Hospital would have lost its Government Grant. The Board decided to hire a manager and accountant. This was done and after three months, service conditions had not improved. He was dismissed and Miss Hirtle engaged as bookkeeper and office manager. She has been employed about four months and there has been a considerable improvement in records and collections which are very important.

With regards to complaints of nurses which they claim did not have proper investigation by the Board as the nurses did not have a chance to attend a Board meeting. There has never been a request from a nurse or nurses to attend a Board meeting. On the morning of October 15th, 1946 there was a letter left on the Hospital office desk with some complaints not signed by anyone. On the evening of the same day the regular monthly meeting of the Board was held when the Superintendent was present with a letter signed by the nurses which she read herself as representative of the nurses. Their complaints were dealt with one by one and the following is an extract taken from the minutes of the meeting which is self explanatory.

Extracts From the Minutes of the Meeting of the Board of Directors of the Digby General Hospital Held on the Evening of October 15, 1946.

"Miss Yetman presented a signed request that Miss Hirtle be discharged, also a list of accusations which proved to be untrue statements. When asked to read as a duty of her office these false accusations Miss Hirtle refused and rising from her seat said, 'I shall not read such contemptuous stuff, if any of you care to do so, you may.' At the same time laying a previously prepared resignation on the table, she remarked, 'Here is my resignation if you care to use it.'"

The accusations were dealt with one by one by the Board and declared to be groundless, childish and quite out of keeping with what would be expected from a member of what is considered an "honorable" profession.

"It was moved by Mr. Richardson and seconded by Dr. McCleave that Miss Hirtle be retained in her position to carry on the good work according to instructions received at previous meetings. Motion carried unanimously."

"At the same meeting the resignation of Miss Yetman, Supt. of nurses was read. It was moved by Mr. Richardson seconded by Mr. Mahon that Miss Yetman's resignation be accepted effective Nov. 1, 1946. Motion carried unanimously."

The Board feels that all of this publicity was detrimental to the Hospital and very unnecessary. We have tried to improve conditions, also to stop financial leaks. We realize the hard work of the Ladies' Aid of the Hospital and their splendid co-operation, also those who have donated so generously to the upkeep of the Hospital.

The Board is doing everything in their power to overcome all difficulties and see no reason why there should not be better co-operation between the office and the nursing staff.

I hope this will serve to settle in the minds of readers and our local press these very unpleasant complaints, and wish to thank the Editor for this publication.

Respectfully yours,  
F. R. Eisener,  
Chairman of Hospital Board

Letter to the Editor:

Re the Sordid Stories published in your issue of December 12.

All misrepresentations and lies are sordid wherever they may be found and it certainly is a sordid thing to publish them in a town paper. Why not publish the truth for a change?

I wish to advise the public that the stories published by the town reporter were false and the product of jealousy over the commendation which I received for my long hours of toil and the satisfactory condition of the hospital business which resulted. The Superintendent of nurses became jealous over the authoritative position which I held and wished to have me discharged so she could reign supreme as when the former office manager left. When she was asked to co-operate with the office she requested my dismissal. When this failed she threatened me, "I'll have you fired yet, just watch and see." She went to the meeting with a long list of false accusations prepared to carry out her threat. When her resignation was read it was accepted a month earlier than she asked for it. At the same meeting I presented my resignation. It was not accepted, but a vote of thanks was rendered me for the improvement shown in the condition of the Hospital finances and by a unanimous vote I was asked to remain in my position and carry on the good work as previously instructed. The next week she sought through the newspapers to carry out her threat by having these stories published in the papers.

I wish to advise the public there was no truth in any of these statements and that immediately upon the superintendent's departure the nurses withdrew their statement, showing they had no intention of leaving but were working under direction of the Superintendent.

I also wish to state that I was never warned by any member or members of the board as stated in your paper.

The only statements made about the nursing staff was made by the patients themselves directly to the doctors and to their friends who visited at the hospital.

I wish to say that since the de-

parture of the superintendent, the nurses have been admonished and things have gone along much more smoothly than with a superintendent and we have had no persons resigning as had been the custom for some time past.

Why not publish the truth about the Board meetings if you must publish anything. Why not report that after a certain member of the Board was accused openly in one of the meetings of being the source of all the disagreement and unfriendly attitude of the staff, he was contacted by other members of the Board and as a result the ringleaders, two nurses and one other, were admonished by him and told "If they minded their own business and did their own work there would be no trouble." I see no report in any of your papers of this secret gathering of staff in which these refractory members were admonished and told that he was having nothing more to do with their petty jealousies and tattling. Why not publish the truth and give justice to an honest person who has done more in five months for the good of the hospital than a host of other employees whose only interest is "How much can I get for myself."

I see no mention in your paper of commendation. I never saw a report of the vote of commendation given at the meeting of November 15 when I presented my resignation.

I wish to advise, the Board has always stood back of me with one exception. This member did so at the meetings but on the outside fostered all the trouble that was caused by backing the perpetrators. Since he has ceased his activities there has been no trouble.

All the members were in favor of giving me a comfortable room, after my long hours of strenuous work, at the nearby nurses home but this one member, who, I presume, was afraid I may be scared of "bats", and perhaps fling up my hands and screech.

It seems strange that all you publish of a good employee are knocks and blows while you

strew flowers in the path of those who are so filled with jealousy over others hard earned laurels that they resort to all means and ways to harm them. But is not this the way of the world? Did they not crucify the "Prince of Peace" and hang him on a cross? Were not the apostles put to death in various ways? What would they do today if the Lord would return? Try to make him conform to their own small ways no doubt. But why should I expect any different treatment than I have received from some of your staff and the jealousies of less accomplished fellow employees, when the Lord himself was crucified and continues to be crucified by the greed and jealousies of this unregenerate generation.

I would appreciate as much publicity given to this letter as you have given in publishing all the unjust criticism heaped upon me since I undertook to unravel the tangled mess at the Hospital and bring order out of chaos.

Gladys I. Hirtle,  
Secretary Digby  
General Hospital

Editor's Note: We are pleased to print the above letters from Mr. Eisener and Miss Hirtle and while we have no desire to take exception to anything Mr. Eisener has written, we still maintain both sides of the dispute have not been heard, and until both sides are heard, nothing is proven or disproven. Mr. Eisener's letter states the nurses have not asked to appear before the Board; they should have been ordered to do so. Justice can only be served by hearing evidence from both the accused and the accusers and weighing that evidence. Without casting any reflections whatever, we further point out the extracts from the minutes of the Board meeting as they appear, were written by the one against whom the charges were made. Furthermore we emphatically state no one has "sought through the newspaper" to carry out any threat by having any stories published.

Festivity reigns everywhere and to this spirited season we add our own special wishes for your good health, happiness and prosperity. Merry Christmas to all and Happy New Year, too.

## Church Point Association Lauded

One of the most interesting meetings of the Home and School Association occurred on Wednesday evening, December 15th, at St. Mary's School with Miss Laura d'Entremont, President of the Home and School Association, and Mrs. A. J. Comeau, representative of the executive were special guests of the evening. Both are from Meteghan River.

Miss d'Entremont lauded the Church Point branch, stating it was best organized in the district. She spoke of the efficient method with which the business portion of the meeting was handled.

This was the second visit with Miss d'Entremont and her praise of this branch has been highly regarded and appreciated.

Mrs. A. J. Comeau stated she was pleased with the smoothness of the despatching and discussion of each problem. She told her audience that she now boasts of 14 branches and since the fall term she and Miss d'Entremont have visited all the different branches. Their visits to the different sections is to advise and assist with problems that are very vexing to those branches, but at Church Point they are merely spectators.

A group of school girls, under the leadership of Rev. Therese de Lisieux (their teacher) sang "Bien Venue" to the distinguished visitors. They also gave an exhibition of folk dancing which was greatly appreciated by all. Mrs. W. J. Belliveau, music convenor, accompanied the singing and dancing on the piano.

A sing song in which the entire audience participated was led by Rev. O. Hebert.

The Church Point branch will pay a portion of the cost of the removal of tonsils for the pupils who have already undergone such an operation during the summer months. They have also purchased 5000 paper drinking cups for the school.

New business to be undertaken during the coming year, if possible: Recreation facilities, both outdoor and indoor, to be purchased; A first aid kit to be installed; a school library to be started and electric lights to be installed in the class room in which the monthly meetings are held.

**RAISE MONEY FOR ORGAN FUND**  
The Ladies of Barton United Church held a very successful food and fancy work sale at the home of Dr. and Mrs. W. C. Harris Tuesday afternoon. There was a good attendance. Forty dollars was realized which goes toward the new organ for the church.

Let's hope that Canadians who rushed to California and British Columbia are enjoying the heavy snowstorms reported from those balmy regions.

School Inspector T. A. M. Kirk was guest speaker at the regular monthly meeting of the Westport Home and School Association held at the school Monday evening.

Mr. Kirk spoke at some length concerning future plans for school consolidation in Digby County.

He pointed out the strides made in the Town of Digby in the matter of consolidation and stressed the advantages received by pupils from the smaller districts in a town school.

## If It Isn't One Thing It's Another

Last week the Courier carried a story about the shortage of shortening in Westport and about the food queues at the village stores waiting for the precious commodity.

Now Westport has another shortage and this time it's Digby Weekly Couriers. It seems our story made such a hit with the people who had been standing in line to get shortening that they rushed out to buy Couriers to send to their friends, telling them all about it.

## BEAR RIVER

The following notes for Bear River came in too late to be put on the Bear River page.

Miss Lydia Rice returned from Boston last Wednesday, and after visiting a couple of days with her niece, Mrs. Howard Rice, has re-opened her own home.

Mrs. J. H. Cunningham left last Friday for Newtonville, Mass., to spend a couple of months with her sister, and brother in law, Mr. and Mrs. A. G. MacIntyre.

The monthly meeting of the United Church Missionary Society was held on Friday afternoon at the home of Mrs. Alphonse Chute. Officers for the coming year were elected at this meeting.

On Wednesday afternoon of last week, the W. M. S. of the United Church met at the home of Mrs. Charles Balser and entertained the Associate members. Also the Baby Band and their mothers. Following the devotional period a social hour was held.

The Ladies Aid of the United Church met at the manse on Tuesday evening with Mrs. Brooks as hostess, and instead of the exchange of gifts between members as has been the custom at this pre-Christmas meeting, each member brought a Christmas wrapped gift for their Box for Britain.

During the absence of Mrs. Harry Harris in Halifax, any notes for the Bear River Page can be sent in to Mrs. Walter Romans, who is also on the Women's Institute Publicity Committee, and will be very glad to receive any items of Community interest.

A Christmas service was held at the home of Mrs. Charles Balser Wednesday afternoon, December 4th, when members of the Women's Missionary Society of the Bear River United Church, Associate Members, Baby Band and their mothers were pleasantly entertained. After a Christmas program refreshments were served by several members of the W. M. S.

Mrs. H. L. Smith spent the week end in Middleton guest of her sister, Mrs. C. A. Mumford and Colonel Mumford.

## MARRIAGES

### Shepard - Marshall

Mary Esther Marshall, formerly of Digby, widow of Walter Marshall who met his death while serving overseas with the Canadian Army, was united in marriage on November 30th, 1946 in Charlottetown, P. E. I., to Leo Francis Shepard of that place.

### Buckman - Hersey

A quiet but pretty wedding was recently performed in Westport by the Rev. Mr. Derby when he united in marriage Anetta Elaine youngest daughter of Frederick and the late Vangy Hersey and Romaine Linwood, son of the late Charles and Mabel Buckman. Both of the young people are from Central Grove. They will reside in Central Grove until their new home at Tiverton, now under construction, is completed.

### Baxter - Thibodeau

A quiet wedding was solemnized at the United Church manse on December 11, when the Rev. T. W. Hodgson united in marriage Alceste Gertrude Thibodeau, daughter of the late Mr. and Mrs. James McGrath, Victoria Beach, and Charles Seaman Baxter, son of Mr. and Mrs. B. O. Baxter of Digby.

The bride was becomingly attired in navy blue with lighter blue accessories. Attendants were Mr. and Mrs. Vincent Baxter. Following the ceremony the happy couple left for Saint John and other New Brunswick points. While in Saint John they attended a luncheon at the home of the bride's sister, Mr. and Mrs. W. H. Munro.

## They Helped To Make Christmas Merry

Charles Dickens is usually regarded as the patron saint of modern Christmas festivities because his novels are so full of merry incidents. In Pickwick he devotes many pages to the season of merriment, and Dickens' "Christmas Carol" is one of the best loved of his books.

Washington Irving, though an American writer, gives us a picture of an English Christmas which is unsurpassed. Sir Walter Scott, too, paints in "Marmion" a picture of a medieval Christmas which, with the exception of hymns and well known carols, is known and quoted more than any other passage of Yuletide poetry.

No one knows the origin of mince pies, but the person responsible is more worthy of honor than many a man with a statue erected to his memory.

No one knows who wrote the first Christmas Carol, but certainly the first book of carols was published by Wynkyn de Worde, a pupil of the great Caxton, "Father of English printing."

The principal men who stand out today are those who stand out for principle.

## OBITUARY

Charlotte H. Smith

Charles E. Smith of Barton received news this week of the death of his sister, Miss Charlotte E. Smith at Cambridge, Mass. Miss Smith, who was a registered nurse, was a daughter of the late John M. and Hattie Bent Smith. She leaves to mourn four brothers, Charles of Barton; Frank, Thomas and Harry of Massachusetts. At the time of her death she was sixty-five years of age.

Jesse C. Berry

Jesse Cogswell Berry, one of the oldest and best known farmers of the Bear River district, died at his home Wednesday evening after several weeks' illness.

Mr. Berry was born at Bear River, August 5th, 1864, a son of the late Silas and Mary Elizabeth (Brown) Berry, one of thirteen children, and with the exception of twenty of his younger years in the United States, had spent his life in Bear River. He was once married but his wife, Mary M. Troop, died fifty years ago. Of his immediate family only three sisters are left to mourn his passing, Mrs. Bertha Shepard of Los Angeles, Calif.; Ada, Mrs. L. E. Sherman of Deep Brook, and Harriett, Mrs. Snell of Bear River, also several nieces and nephews.

Mr. and Mrs. A. J. Blinn have made their home for some years on Herald, is that so often with Mr. Berry and tenderly a narrow mind is attached to cared for him through his last a big mouth.

illness. Mr. Berry was a member of the Bear River United Baptist Church from where the funeral was held on Saturday afternoon, with Rev. G. D. Brydon officiating. Interment was in Mount Hope Cemetery.

John H. Harris

Residents of Bear River were greatly shocked last Friday morning to learn of the sudden passing of John Hetrick Harris which occurred the previous night at Camp Hill Hospital in Halifax, where he had recently gone for a check up due to the serious heart condition from which he had been suffering since his discharge from the Army.

He was born just thirty-four years ago at Boston, son of V. L. Harris, now postmaster of Bear River and the late Mrs. Bada (Larsen) Harris and leaves to mourn his wife, Lila (Fleet) Harris and a young son Robert, under two years of age; his father and step mother and one brother, Russell Harris of Deep Brook.

During the early years of the war Mr. Harris served with the Coastal Defence outside of Halifax and later saw service with the Infantry in Belgium. Since his return to Bear River he had done guard duty at Cornwallis and had recently built a home in which this would have been his first Christmas.

One of the tragedies of the world, says the Stratford Beacon Herald, is that so often with Mr. Berry and tenderly a narrow mind is attached to cared for him through his last a big mouth.

## MARRIAGES

### Everett - Muise

A quiet wedding was solemnized in the rectory of Saint Patrick's Church on Nov. 30, when Rev. Leo Day united in marriage Mary Louise, daughter of George Muise, and the late Mrs. Muise, to Charles Edward Everett, son of Alice Everett of Digby, N. S. Witnesses were Geraldine and Robert Muise, sister and brother of the bride. The happy couple left on a short trip to Saint John. They will reside in Digby. Mr. Everett is employed by Maritime National Fish.

### Robichaud - Comeau

A pretty wedding was solemnized at Our Lady of Mount Carmel Church, Concession Nov. 25, when Rev. Father Bellefontaine, P. P., united in marriage Edith Comeau, daughter of Mr. and Mrs. Gus-

tave Comeau of Concession, and Herbert Robichaud, son of the late Amede Robichaud of Corberrie, and Mrs. Charles Gaudet of St. Bernard.

To the strains of the wedding march, the bride entered the church on the arm of her brother, Charles by whom she was given in marriage. She was charming in her floor length gown of white satin and long veil, and carried a white prayer book with streamers caught up by bows and maiden hair fern.

Stella, the bride's sister, as maid of honor, was attired in a long rose colored taffeta gown with short veil, and she also carried a white prayer book with rose colored streamers.

The groom was attended by Hilaire Saulnier.

As the bride was a member of the Sodality of the Children of Mary, the other members attended in a group wearing ribbons and medals. After Mass they presented the bride.

Nuptial High Mass was sung and played by the bride's

aunt, Mrs. Emile Robichaud. Breakfast was served at the home of the bride to about seventy guests. After breakfast the bridal couple left on a short motor trip, and on their return, a reception was given at the home of the groom's mother, Mrs. Charles Gaudet of St. Bernard's.

### Marriott - Doucette

A pretty wedding took place at Armdale at St. John the Baptist Church, last week, when Rev. Father Martin united in marriage Beatrice Marie, daughter of Mr. and Mrs. Melbourne Doucette, formerly of Mavillette, but now of Armdale, and James Douglas Marriott, son of Mr. and Mrs. Reuben Marriott of Armdale. To the strains of the Wedding March played by Mary Dee, the bride entered the church on the arm of her father by whom she was given in marriage.

She was charming in her floor length gown of white satin and long veil and carried a bouquet of red roses.

Mrs. Wells, sister-in-law of the bride, and matron of ho-

nor, was attired in a long rose coloured satin gown, and mauve satin gown, and carried a bouquet of chrysanthemums.

Christina, the bride's sister, as maid of honor wore a long rose colored satin gown, and also carried chrysanthemums. Both attendants wore short veils.

The groom was attended by his brother, Joseph.

The bride's mother wore a black crepe dress with a corsage of red roses, and the groom's mother was attired in a flowered crepe gown with a similar corsage.

Breakfast was served at the home of the bride's parents to relatives.

### Granville Hall Group Active

The annual business meeting of the Granville Ferry Community Hall and election of officers for the coming year was held recently.

Reports on repairs made on the hall during the past year were gratifying.

The exterior of the hall has been painted, a water system installed and the kitchen finished and newly painted. It is hoped next year some improvement can be made on the grounds surrounding the hall. The upstairs of the building which is rented by Granville Division is also being painted.

Mrs. L. M. How, capable president during the past three years, retired, and Mrs. R. T. Chisholm was elected president. Mrs. R. H. Bond, the secretary treasurer, was re-elected.

The sum of \$190.89 was paid out for paint and labor during the past year. Books closed with all bills paid and no balance on hand.

A motion of thanks was given the following: Blair Hatfield, Mrs. Blanche Stevenson, Percy Mills, Mrs. R. T. Chisholm and the Goon Club.

### Organize H. & S. Association At Grosses Coques

The first meeting of the Grosses Coques branch of the Home and School Association was held on Monday evening with a very good attendance.

Mr. Leger Muise, President of the branch, presided and over thirty members answered the roll call. A good representation of the menfolk were present. Only recently organized, the new branch promises to become a well planned and useful undertaking in this community.

Rev. O. Hebert stated that he was pleased to see the Home and School branch organized in Grosses Coques as three villages of his parish have now organized such a branch. He spoke of the immense good such an association could do for the community and school and congratulated them on the fine manner in which they conducted their meeting.

Rev. Leger of St. Ann's college staff was pleased with fine attendance which showed that the parents were greatly interested in their school. He spoke a few words on the coming campaign being launched for the building of a fireproof wing to be used for a dormitory and asked their aid.

He mentioned the school was the first phase in the local education of the student and the college was a means whereby he could continue his studies to a higher degree. St. Ann's, said he, with its low tuition rates, presented the Acadian a chance of receiving a higher education than would otherwise be possible.

A discussion took place on what would be the first item that the Association would have on the agenda and it was decided that a Christmas party would be held just before the holidays for the school children.

A sing song was held and enjoyed very much.

### APPOINT HOSPITAL TRUSTEES

Rev. Mr. Derby, Mr. Jesse Peters and Rev. Mr. Howard were elected Trustees of the proposed Outpost Hospital for the Islands at a meeting held last week in the I. O. O. F. Hall at Westport.

The money pledged by the residents of Westport towards the new Hospital will be collected shortly.

Britain's representatives at the Food and Agriculture Commission now meeting in Washington, D. C., are urging that organized destruction of food stuffs and other basic commodities be considered as international chime and blamed by all civilized nations. The leader of Britain's delegation discussed this proposal with an official of the State Department and put forward the view that burning of surpluses is completely contrary to the conscience of the post war world and that Britain could not be a party to such practices.

## Christmas Customs World Over Express Season's Joy

Joy is the season's keynote—joy that had beginning in the birth of the Christ Child. Christmas customs emanate survivals of pagan customs. For early Christians, often simple folk, found best expression for their new belief in older rites and customs.

The habit of giving gifts really goes back before the Christian period, though giving them for love and affection came with the Christ child. Earlier gods were a stern lot and had to be placated. Gifts to them were an obligation. Real Christmas giving developed in Germany, then spread elsewhere.

The date for Christmas had

to be set for the true one is shrouded in mystery. Early Christians believed there was an association between the winter solstice and the birth of the Christchild. So Christmas was put at December 25.

In England, the festival was called "Christ's Masse," from whence came modern Christmas. Generations added merriment and pomp through the Middle Ages and England became the land of "Merry Christmas." Celebrations were "cleansed" during Puritan rule, but the merry making came back.

Carols, too, found their way from heathen ritual. Some of the first were accompanied by dancing and were sung about a "crib" depicting the Nativity scenes. Numerous ones date before 1400 and like the gem, "Joseph was an old man" took

on the character of true folk songs.

## St. Francis Was First To Popularize Custom Of Christmas Carols

St. Francis of Assisi is accredited as having been one of the first to popularize the custom of singing carols at Christmastime. He taught the faithful simple and tuneful melodies, and the saying goes that, overjoyed by the success attending his presentation of the first Christmas Crib in 1223, he burst into joyous vocal recitation of the gospel story.

Hymns in honor of the nativity were written as early as the 4th century, but these monotonous church chants neither properly nor musically ante-date our modern carols. Experimentation with modal and intervallic relationships during the 16th century, together with the folk songs and minstrelsy of the times, made definite contributions to the traditions and popularity of Christmas music.

Puritan England forbade public performance of carols; so for a while they traveled "underground" by word of mouth, and "broad sheets," printed annually, served to preserve the texts with a variance of accuracy.

When the restoration of English royalty voided the Roundhead Parliament's abolition of Christmas festivities, residents of colonial Boston placed lighted candles in their windows to welcome the Waits who, resuming the Old English tradition, went about the city singing carols on Christmas Eve.

"It came upon the midnight clear That glorious song of old The world in solemn stillness lay To hear the angels sing."

## Hawkers Bustle in Bethlehem at Xmas

In Bethlehem, the place of the Nativity, Christmas is also observed on January 6, and in peaceful years, it has one of the most picturesque of all celebrations. Tourists do not see in Bethlehem the reverence they logically expect to see. On the contrary, the most sacred spot in the Christian world on one of the most sacred days in the Christian year becomes a virtual fair-ground.

Sellers of miscellany cry their wares at the very door of the Church of the Nativity, built on the sight of the Manger. Hucksters of mother-of-pearl crosses hawk their goods among the throng of visitors. One-eyed beggars tell their tales of woe to would-be contributors while Moslems persuade pilgrims to buy bright-colored and sticky sweets brought from Damascus. In the throngs are Jews, hundreds of them.

The legend is that the Moslems left this church standing when they destroyed or converted all others in the Holy Land because of the legend of the Three Kings which was worked over the main door. When these Arabs saw the Arab-looking king bringing presents to the Infant Jesus they refrained from laying sacrilegious hands on the edifice built where He was born.

## Red and Green Decorations

The use of green at Christmas time is understandable when it is recalled that the idea of decking churches, houses, shops, etc., centers around the use of evergreen. This custom antedates the Christian era and apparently is a survival of the Roman Saturnalia when inhabitants of Rome ornamented their temples and dwellings with green boughs.

Red, which is regarded as the most cheerful of all colors, is said to react most quickly on the optic nerve. Decorations available at the winter solstice include holly, the berries of which are red

## A Christmas Carol

By Charles Dickens

AFTER dinner that night, Scrooge went home to bed. A disused bell that hung in the room started to swing. It was succeeded by a clanking noise as if some one was dragging a heavy chain over the casks in the cellar.

It came through the door, and passed into the room. It was Marley! Marley's chain was made of cash-boxes, keys, padlocks, ledgers, deeds and heavy purses wrought in steel.

The Ghost informed Scrooge, "it is required of every man that the spirit within him should walk abroad among his fellowmen; and if that spirit goes not forth in life, it is condemned to do so after death. It is doomed to wander through the world—and witness what it cannot share."

"You will be haunted by Three Spirits. Without their visits, you cannot hope to shun the path I tread. Expect the first when the bell tolls One."

Scrooge awoke and the curtains of his bed were drawn by a small elfish creature.

"I am the Ghost of Christmas Past," it said.

The Ghost and Scrooge went to a bare room where a lonely boy was reading near a feeble fire. Scrooge wept to see his poor forgotten self as he used to be, and glanced anxiously towards the door. It opened; and a little girl much younger than the boy came in and, kissing him, addressed him as her "Dear, dear brother."

"I came to bring you home, dear brother!" said the child. "Home, for good and all. Home, for ever and ever. Father has sent me in a coach to bring you."

MARLEY was dead.

Scrooge knew he was dead. Scrooge and he were partners. Scrooge was a tight-fisted hand at the grindstone, a squeezing, wrenching, grasping, scraping, clutching, covetous, old sinner!

Once upon a time—on Christmas Eve—old Scrooge sat busy in his counting-house.

"A Merry Christmas, uncle. God save you!" cried his nephew's cheerful voice.

"Bah!" said Scrooge, "Humbug!"

One day when asked to give to the poor for the festive season, Scrooge replied, "I help to support the poorhouses—they cost enough; and those who are badly off must go there."

THEY stopped at a warehouse door. It was Ferzweig's. A fiddler came and tuned like fifty stomach-aches. They danced and ate. Scrooge found himself by the side of a fair young girl.

"It matters little," she said, softly. "To you, very little. Another idol has displaced me; and if it can cheer and comfort you in time to come, as I would have, I have no just cause to grieve."

"What idol has displaced you?" he rejoined.

"A golden one."

"Spirit!" said Scrooge, "show me no more! Conduct me home. Why do you torture me?"

Scrooge had no occasion to be told that the bell was again upon the stroke of One.

Now his bed became the very core and center of a blaze of ruddy light, which streamed upon it when the clock proclaimed the hour. Living green so filled it that it looked a perfect grove.

IN EASY state upon this couch, there sat a jolly giant. "I am the Ghost of Christmas Present," said the Spirit.

"Spirit," said Scrooge, "conduct me where you will."

Perhaps it was the Spirit's sympathy with all poor men that led him straight to Scrooge's clerk. On the threshold of the door the Spirit smiled, and stopped to bless Bob Cratchit's dwelling.

In came Bob, Tiny Tim upon his shoulder. Alas for Tiny Tim. He bore a little crutch.

Master Peter, and the two ubiquitous young Cratchits, went to fetch the goose, with which they soon returned in high procession.

There never was such a goose. Bob said he didn't believe there ever was such a goose cooked.

"God bless us every one!" said Tiny Tim.

SCROOGE was taken from Cratchits by Christmas Present to another end of town.

It was a great surprise to Scrooge to hear a familiar hearty laugh. Scrooge recognized it as his own nephew's.

"He said that Christmas was a humbug, as I live!" cried Scrooge's nephew to the party. "He believed it too."

The bell struck again.

Scrooge looked about his bedroom once more, and beheld a solemn Phantom, draped and hooded. He went with the Phantom into an obscure part of the town, and into the presence of a man, just as a woman with a heavy bundle entered.

She explained that the blankets belonged to Scrooge, but being dead he was not likely to take cold.

Scrooge shuddered at the revelation that this would be his fate in retribution for his unkindness during life.

YES! and the bedpost was his own. The bed was his own, the room was his own. Best and happiest of all, the time before him was his own, to make amends in!

Running to the window, he opened it and put out his head, calling to a happy workman in the street.

"Do you know if the Poulterers have sold the prize turkey?" "It's hanging there now."

Scrooge had the turkey delivered to Bob Cratchit's. Scrooge then went to church and in the afternoon he went to his nephew's house.

"It's I. Your Uncle Scrooge. I have come to dinner. Will you let me in, Fred?"

Let him in! It is a mercy they didn't shake his arm off. He was at home in five minutes. Nothing could be heartier.

HE WENT to the office early the next morning. Bob was eighteen minutes behind his time.

"I am not going to stand this sort of thing any longer. And therefore," said Scrooge, leaping from his stool, and giving Bob a dig in the waistcoat: "I am about to raise your salary!"

Scrooge was better than his word. He did it all, and infinitely more; and to Tiny Tim, who did not die, he was a second father. He became as good a friend, as good a master, and as good a man, as the old city knew, or any other good old city, town or borough in the good old world.

## New Year's Eve Festive Occasion For Native Scots

Christmas never aroused much enthusiasm in Scotland—but on New Year's eve the Wassail bowl goes around, filled with savory liquid nostalgically fragrant.

Floating atop the Wassail bowl, apples stir memories of the "apple-bowling" when boys switched the trunks of fruit trees petitioning "a good howling crop": somehow, the "lamb's wool" (as the decoction of the Wassail bowl is often called) seems reminiscent of young folks rushing to the nearest spring at the stroke of 12 to drink the "cream of the well"—the first one so doing, might expect good luck during the ensuing year.

Handsel Monday—the Monday after New Year's, is traditionally the "big day" for Scotch boys and girls; and, in addition to being the Scotch day of gift-giving, it is a day of feasting and gaiety.

Small wonder, that families and friends gather on New Year's eve to "Drink a cup of kindness yet For Auld Lang Syne."

## Tell Me an Indian New Year's Story

The ceremonial for the snow has passed, when enemies are forgiven and harsh words forgotten, as a new trail has been blazed for all through the New Year's festivities.

The story-telling grandmother has taught the ancient chants and customs, through the beads of the strings of historic wampum; but now she again has time to entertain the children.

Gathered around her lodge-fire, they plead for another story with their bright eyes and shrill voices. To satisfy them, she tells an ancient legend about the clouds.

"Long moons ago when the world was first made, the sky at wintertime was cloudless much as it is on clear midsummer days. The ground was covered with white snow and the trees, except the pines, stood bare. The cold wind whistled around the bark cabins; and with a cloudless sky, everything above and below looked dreary.

"The children, too, missed the green leaves and changing colors over the landscape and they gave a wish that the sky might have clouds now and then. It is true, dark-gray, fierce-looking clouds came in great masses and covered all the sky and let down snowflakes to amuse the children. But the children also wished for bright clouds and the old bear in the sky heard their wishes.

"So the old bear blew his moist breath into the heavy clouds and broke them up; he even made humps in some of them, and held on to the corners of others, until when they passed over the village, each cloud had a different shape, some like bears, some like wild cats, some like hills and even some like funny people. Ever afterward, the clouds took these strange shapes to bring smiles and imagination to all children in midwinter."—Dr. E. A. Bates, Cornell.

## Traditional New Year's Gifts Were Sacred

The Druids distributed branches of the sacred mistletoe, cut with peculiar ceremonies, as New Year's gifts to the people and the Saxons observed the day with gifts and festivals.

The Roman custom of taking gifts to the emperor was introduced into England as early as the time of Henry III. Queen Elizabeth is supposed to have supplied herself with her jewels and wardrobe almost entirely from these gifts.

As late as 1892 the English nobility were accustomed every year to send to the king a purse containing gold.

Under the Tudors and the Stuarts it was the habit of all classes to give presents to friends with the best wishes for the New Year.

Ladies received presents of gloves or pins which were then expensive. Sometimes the gifts were wrapped in money and from this practice we have the term "pin money."

## President's Reception

It has been the custom from the beginning of the Republic for the President of the United States to welcome the New Year by holding a reception open to the general public.

On the first New Year's day after his inauguration President Washington opened his home to receive the people. Throughout the seven years which Washington lived in Philadelphia as the capital of the nation, he continued this custom.

**Merry Christmas**  
A DRIZZLING rain seeped through Mike Duncan's threadbare coat and soaked him to the skin. Snow had preceded the rain that afternoon and the going was pretty tough. He wearily trudged along, endeavoring to keep out of the way of reckless herds of last-minute Christmas shoppers who thought of him only as a bar to their progress.

Ordinarily Duncan would not have thought of his wet skin, his tattered clothes, or even of his empty stomach. They were all part of life on the road—but this night was different. It was Christmas Eve.

It must have been the holiday season—why else would someone thrust a fifty-cent piece into his hand and then vanish into the shadows? He could only murmur a grateful "Thank you, sir, and a merry Christmas to you" before the donor disappeared into the swirling crowd.

Duncan reached into his left pocket, pulled out two dimes and five pennies, laid them with the half-dollar in the palm of his other hand and stared at his entire fortune of seventy-five cents. He smiled sardonically when it occurred to him presently that the building in front of which he stood was the United States Mint. He turned and, with a laugh that had a hysterical ring to it, jingled his handful of coins. His mirth attracted the cop who had been standing on the corner watching him. The officer said to him in a brogue so thick that it could have been cut with a knife, "Move on, blashy ye!" Mike wandered off down a deserted side street, clinking his money.

After about an hour of aimless roaming through endless alleys, he found himself directly opposite a brightly decorated restaurant. He crossed over and from sheer curiosity looked in the window.

There were only two patrons inside—an elderly man and woman seated at a front table who were avidly devouring with much relish a whole roast turkey with all the side dishes.

Duncan's mouth began to water—his stomach seemed hollow—he felt his legs go weak, and his ever-present hunger was getting the best of him. Suddenly he remembered the seventy-five cents. He thought quickly. A bed for the night at a flophouse would cost fifteen cents—that would leave him sixty. He decided to go in and order a roast turkey sandwich. He gave his hat a few deft pats and opened the door. He hung his battered hat and coat where he could grab them in case of an emergency, and made himself comfortable at a table in a corner. Duncan knew that his appearance was none too prepossessing and that a waiter would not dash up to some one from whom he could not get a tip. After a while a vinegar-faced man deigned to come to him. "What'll you have?" he asked, stifling a yawn.

"A hot roast turkey sandwich," replied Duncan.

"On toast or rye bread?"

"Rye."

"Anything else?"

Duncan shook his head. "No, nothing else."

"Are you sure that's all you want?"

"Yes, that's all. Just a roast turkey sandwich."

The waiter returned with the order, placed it before him, shook his head wonderingly and withdrew. Duncan virtually devoured the sandwich in three bites. He delicately wiped his mouth with a napkin, then beckoned the waiter. "Check, please," he said.

"Check?"

"Yes, the check." Duncan raised his eyebrows.

"But there is no check."

"No check? What do you mean—no check?"

"There are none tonight. This is Christmas Eve. Didn't you see the sign in the window? Customers can order anything they want. It's on the house. You're the only guy who didn't order the whole darned menu. Well, merry Christmas," he added. Duncan's jaw dropped. His gaze fell on the half-dollar, two dimes and five pennies still clutched in his hand. Slumped in his chair, his eyes followed the back of the retreating waiter.

I BETCHA!

I betcha there's a Santa Claus  
I betcha there's a tree,  
I bet there's lots of things on it,  
An' most of them for me.

I betcha if they get so much  
The tree won't hold no more,  
I betcha that they'll clear a spot  
An' pile 'em on the floor.  
I betcha.

The thermometer may get very low at times, but thank goodness it's never vulgar.

The store with the Christmas spirit shouldn't necessarily mean the vendor's.

## Superstitions Told About New Year's In Many Lands

Good Luck Offered in Many Ways to 'Believers.'

New Year's Day affords everyone the opportunity to bring himself good luck throughout the year. At least that is supposed to be true according to several old superstitions concerning the beginning of a new year.

The "First Foot"—the first person to enter the house on New Year's morning—plays a significant role in the family's future fortunes. He must be a dark man to bring good luck, but if he also brings a gift and "carries in" more than he "takes out," then the house is assured peace and plenty for a whole year. The most auspicious gifts as luck-bringers are a lump of coal and a red herring.

Unmarried persons are advised to look out of the window on New Year's morning. If you see a man, it is a sign that you will be wed before the year is out. Should you see a horse, you can have a wish, and it will be realized within the year. To see a dog is lucky, but a cat foretells worry.

A little care will make it possible to bring oneself good luck for the entire year. Wear something new, if possible, on New Year's Day, but the garment must be put on when you first dress in the morning. Receipt of a gift is certain to carry luck. Wish everyone you meet "A Happy New Year," but remember when the greeting is given to cross your fingers for luck. Be sure to say "rabbits" as the first word when you wake before anyone has had a chance to speak to you.

Love's progress will be aided on New Year's Day if you are careful to put on the left stocking before the right. The potency of this charm is supposed to be increased if you do all things as far as possible left-handedly during the day.

To open a bank account on New Year's Day was considered lucky in Old England, the custom growing probably from the belief of many centuries that whatever you do on the first day of the year will be an indication of what will happen during the months that will follow.

In some parts of England and Scotland it is supposed to be unlucky to leave a house until some outsider has first entered it.

### New Year's Blessings an

#### Ancient Swiss Legend

According to Swiss legend, the Holy Family is abroad during the hour of midnight mass on Christmas Eve.

Therefore, a bowl of fresh milk is placed upon the dining table and each member of the household carefully lays his spoon upon the table cloth.

The person who, returning from church, finds his spoon has been moved may anticipate special blessings during the coming year: for surely Mary and Joseph have rested within the abode during their flight into Egypt and the Virgin used that spoon to feed the Infant Jesus.

#### Miracle Plays Still Held

Among more tradition - observing communities of the world, old-time miracle plays are still performed, often in the form of elaborate dances, in solemn, but lavish, settings against the colorful background of tropical foliage.

#### Author Unknown

"This coming year I'd like to be a friend to everyone;  
I'd like to feel each day well spent at setting of the sun;  
I'd like to know that I have done at least one kindly deed,  
Before I lay me down to sleep that I have given heed—  
To some one's cry for sympathy, or friendship or that I  
Have made the day seem brighter to some chance passer-by,  
And that the world is better still in just some little way,  
Because I've tried to live the very best I could each day.

"I'd like to be a ray of light when skies are overcast,  
I'd like to help some one who failed to blot out all the past,  
To start again despite the storms, and find the skies are blue,  
To know that in this good old world there's lots that's fine and true,  
I'd like to be the kind of person everyone will love,  
And make the world seem just a little more like heaven above;  
I'd like in all my dealings to be true and just and fair,  
That God will help me do these things shall be my daily prayer."

Along with the gifts tumbling out of your stocking are one many good wishes for a Merry Christmas and a Happy New Year.

## MARRIAGES

### Johnson - Hayden

A very pretty wedding took place at Lower Granville on Thursday afternoon, December 12, at 3 o'clock in the afternoon, at the home of the bride's father, Horace Johnson, when his younger daughter, Pauline Gertrude, was united in marriage to Alton Beattie Hayden, son of Mrs. Ralph Hayden and the late Mr. Hayden of Port Wade. Rev. E. A. Robertson, pastor of the Baptist Church, officiating. To the strains of the wedding march played by Mrs. Philip Robblee the bridal party entered the living room.

Given in marriage by her father, the bride looked charming in a floor length gown of white satin, with finger tip veil. She carried an arm bouquet of red roses and ferns.

Mrs. Ernest Bent, sister of the bride, was matron of honor, and was gowned in a floor length dress of blue crepe with coronet of pink flowers. Her bouquet was of pink and white carnations and fern. Arthur Hayden, brother of the groom, was best man. A reception was held after the ceremony. The groom's mother assisted in receiving, dressed in black crepe with turquoise trim and corsage of pink and white carnations.

The bride's table was most attractive, centred with a three tier wedding cake, topped with a miniature bride and groom and candelabra with white tapers.

Tea was poured by Mrs. Harvey Doane, sister of the groom and Mrs. Clifford McWhinnie, cousin of the groom.

Mr. and Mrs. Hayden left on a motor trip throughout the province. For travelling the bride wore a green coat with brown accessories.

The bride before her marriage was a popular school teacher. On their return they will reside at Port Wade.

### Port Wade

Mr. and Mrs. Hantford Johns and son spent ten days recently with the former's parents, Mr. and Mrs. James Johns.

The ladies of the Baptist Church held a 15 cent tea at the home of Mr. and Mrs. Archie McGrath on Wednesday evening.

Mr. and Mrs. Harvey Doane and family of Halifax and Arthur Hayden, Truro, were recent guests of their mother, Mrs. L. J. Hayden.

Mrs. George Johns spent a few days in Halifax this week.

The teacher, Mrs. Gerald Hudson and pupils are preparing a Christmas concert to be presented in the school room Friday evening, Dec. 20.

Wishing the Editor and staff a very Merry Christmas.

## Ancient Carols Of Christmastide

Christmas has been immortalized in the singing of carols since the Middle Ages. It was in 1562 that the first authorized number of carols was published. Many of these lovely old carols belonged to the "Lullaby" or "Cradlesong" group, some of which originated in Germany. France has also contributed some beautiful compositions, such as "Ceilons Ila Naissance" and "Chantons, Je Vous en Prie."

A great number of the fifteenth century carols, which have been preserved, were folksongs. The most celebrated of these was one about the Cheer tree, its first line being "Joseph was an old man." Other well known folksong carols were "I Saw Three Ships Come Sailing In", "The Holy Well" and "Tomorrow will be my Dancing Day." Camel and the Crane", "The Another carol, "The Boar's Head," is still sung at Queen's College, Oxford, though its form has been changed a little. It was first printed in

Miss Kay Durling of the teaching staff in Digby was the guest of Miss Jeannette Comeau of Comeauville.

Miss Cora Amiraault of New Edinburgh of the teaching staff of Mavillette School spent the week end at Little Brook with Miss Yvonne LeBlanc.

Major Paul Stehelin of Halifax visited his mother on Thursday. Mrs. Stehelin is quite ill.

Walter Merritt of Halifax arrived Thursday and will spend some time with Mrs. Merritt. Mrs. Merritt is aiding her sister, Anne to tend her mother who is dangerously ill.

Mrs. Edmond Melanson sprained her ankle on Friday while doing her housework. She was putting curtains in her kitchen and fell from a child's chair on which she was standing. Her mother, Mrs. Mary Rose Thibodeau, is helping at present with the housework.

1521. Among the English carols of a lighter vein is "God Rest You, Merry Gentlemen."

## Our Pagan Festival Tree

Most of the customs we associate with Christmas are not Christian customs at all. The early Christians in order not to offend their neighbors and perhaps also to attract them to their side, adopted many of the outward trappings of pagan worship.

Take the Christmas tree. Why should it be a Christmas symbol? A spruce or pine has no connection with the Holy Land. It does not clothe the hills with its sombre green "where shepherds watched their flocks by night." Our use of the evergreen conifers is borrowed from our Saxon and Scandinavian progenitors who celebrated the winter solstice by a festival to their god Thor with rejoicing and the giving of gifts which hung from a tree.

Holly was the common decoration for streets and the public buildings during the time of the Roman Saturnalia coinciding with the Christian's Christmas, while mistletoe was so definitely with the rites of the Druids of ancient Britain, and had such dismal associations for the early Christians that its use was condemned in the early British Church as savouring too much of pagan practices.

## Santa Not Always Stout Jolly Old Gent

Many fascinating stories are told of the evolution of Santa Claus. According to one legend, children of Lapland and Siberia thought of him dressed in furs and travelling in a reindeer drawn sleigh just as they did themselves.

To Dutch youngsters he was a saint who left them presents in their quaint wooden shoes. But they thought of him as a stern old man carrying a stick and loved and feared him at the same time.

Although Santa was a revered Christmas figure for centuries, no artist set out to paint him until 1884. Then he showed up as a tiny elf squatting next to a fireplace and smoking a wee Dutch pipe. Nineteen years after that first sketch, Thomas Nast the cartoonist who also supplied the conception of Uncle Sam, the G. O. P. elephant, and the democratic donkey, drew his notion of what St. Nicholas looked like.

This Santa was a rollicking chubby old boy who retained the Dutch pipe-smoking habit and was garbed in what looked like a night shirt with fur collar and cuffs. Since then he has grown taller and rounder, developed a fuller white beard and moustache, and—above all—added that super terrific red suit bordered in ermine.

## MARRIAGE

Deveau - Melanson

A pretty wedding was solemnized at St. Agnes Church, Quinan, on Nov. 26th, when Rev. Father Robichaud united in marriage Helena Melanson, daughter of Mr. and Mrs. F. Melanson of Quinan, and Elise Deveau, son of Mr. and Mrs. Philip Deveau of Lake Doucet.

To the strains of the wedding march, the bride entered the church on the arm of her father by whom she was given in marriage. For her wedding ensemble she wore a smart dressmaker suit of black wool with blue accessories and carried a white prayer book. Mrs. Joseph Boudreau was matron of honor and was attractively attired in a navy blue wool suit with black accessories. Joseph Boudreau supported the groom.

Following nuptial High Mass breakfast was served at the home of the bride's parents, after which the newlyweds left on a short motor trip, proceeding in the evening to partake of a delicious supper at the home of the groom.

Later the happy couple again motored to Quinan where their friends waited to receive them. Here they spent the evening at a dance in the parish hall. The wedding gifts were numerous and beautiful.

## DO NOT OPEN

### TILL CHRISTMAS

I reached for my coat in the closet. When a box came tumbling down. And my wife hastened to pick it up. "Don't look," she said with a frown.

Next I opened a drawer in the dresser. And saw new shirts, socks, and ties. I whistled, then tried to pretend. There was nothing to give me surprise.

And as I was hunting my shoes I peered underneath the bed. But in another moment Drew out a large box instead.

Then my wife came over to me. And her eyes had a queer little flicker. As she placed upon my eyelids A "Do not open 'til Christmas" sticker.

### A Christmas Recipe

Take a cup of thoughtfulness,  
Take a cup of love,  
Take the herbs that cheer and bless,

Drawn from stores above.  
Take a pinch or two of pains,  
And an ounce of wit,  
And of secrecy two grains  
Just to flavour it.

Cook at the fire of zest,  
Seek not your own.  
You will have the merriest  
Christmas ever known.

### CHRISTMAS BELLS

Clearly the bells are pealing,  
Telling in accents clear,  
Once again the story  
Millions love to hear.

Ring out, Oh, ye bells of

Welcome the Christ-child dear  
Bring to us the wondrous tidings  
Sweeter each passing year.

## "Merry, Merry"

### Millions

"Cheerio, old friend—we won't be meeting. To you at Christmas this merry greeting."

If you didn't find this message from the mouth of a penguin on any of your Christmas cards this season, you may, a year or two from now. To folks in the greeting card industry, Christmas of 1947 is just around the corner. They are scratching their heads for ideas today that will be in the stores a year hence.

This working ahead also applies to St. Valentine's Day and all other holidays and special events for which cards are in great demand.

The manufacture of greet-

ing cards is a tremendous industry in America. Half of its \$60,000,000 business is always concerned with Christmas cards. One manufacturer has sold an average of 90,000,000 cards annually for years.

Curiously, the greeting firms make the envelopes first. Envelopes are sent to an artist who draws a picture on a card that will fit the envelopes. After that card and envelope go to a verse writer who composes the lines appropriate to the picture. Then the printer takes over.

Antoine Comeau of Concession was in Digby on Friday en route to Sherbrooke, Que., where he will spend the winter with his sisters, Rev. Sis. St. Bernard and Rev. Marie Asparance.

## CHRISTMAS BOXES

Giving Christmas boxes is said to spring from an old custom of priests putting on board all outgoing ships boxes for alms. These were opened at Christmas time and masses said for the givers of the alms. The box was called a Christ mass box and from this comes the custom of Christmas boxes and gifts.

## St. Francis Was First To Popularize Custom Of Christmas Carols

St. Francis of Assisi is accredited as having been one of the first to popularize the custom of singing carols at Christmastime. He taught the faithful simple and tuneful melodies, and the saying goes that, overjoyed by the success attending his presentation of the first Christmas Crib in 1223, he burst into joyous vocal recitation of the gospel story.

Hymns in honor of the nativity were written as early as the 4th century, but these monotonous church chants neither properly nor musically ante-date our modern carols. Experimentation with modal and intervallic relationships during the 15th century, together with the folk songs and minstrelsy of the times, made definite contributions to the traditions and popularity of Christmas music.

Puritan England forbade public performance of carols; so for a while they traveled "underground" by word of mouth, and "broad sheets," printed annually, served to preserve the texts with a variance of accuracy.

When the restoration of English royalty voided the Roundhead Parliament's abolition of Christmas festivities, residents of colonial Boston placed lighted candles in their windows to welcome the Waits who, resuming the Old English tradition, went about the city singing carols on Christmas Eve:

"It came upon the midnight clear  
That glorious song of old . . .  
The world in solemn stillness lay  
To hear the angels sing."

### Yule Happiness

A locomotive, railway gun and tank-in-transit—all made of wood—delight the heart of this young man. It was just what he needed for his war games.

### Hawkers Bustle in Bethlehem at Xmas

In Bethlehem, the place of the Nativity, Christmas is also observed on January 6, and in peaceful years, it has one of the most picturesque of all celebrations. Tourists do not see in Bethlehem the reverence they logically expect to see. On the contrary, the most sacred spot in the Christian world on one of the most sacred days in the Christian year becomes a virtual fair-ground.

Sellers of miscellany cry their wares at the very door of the Church of the Nativity, built on the sight of the Manger. Hucksters of mother-of-pearl crosses hawk their goods among the throng of visitors. One-eyed beggars tell their tales of woe to would-be contributors while Moslems persuade pilgrims to buy bright-colored and sticky sweets brought from Damascus. In the throngs are Jews, hundreds of them.

The legend is that the Moslems left this church standing when they destroyed or converted all others in the Holy Land because of the legend of the Three Kings which was worked over the main door. When these Arabs saw the Arab-looking king bringing presents to the Infant Jesus they refrained from laying sacrilegious hands on the edifice built where He was born.

### Red and Green Decorations

The use of green at Christmas time is understandable when it is recalled that the idea of decking churches, houses, shops, etc., centers around the use of evergreen. This custom antedates the Christian era and apparently is a survival of the Roman Saturnalia when inhabitants of Rome ornamented their temples and dwellings with green boughs.

Red, which is regarded as the most cheerful of all colors, is said to react most quickly on the optic nerve. Decorations available at the winter solstice include holly, the berries of which are red.

#### Bear Gifts

Angels, sent by the Christ Child, bring presents to Hungarian children—that is, if they have been good. They believe the angels are listening long before Christmas. If the youngsters happen to find bits of tinsel on the floor they are certain of it, as this is angels' hair.

We suppose that this Christmas season there'll be some of the war time cake prevalent. The kind that defies the law of gravity—heavy as lead, but won't go down.

## New Year's Mummers Parade Big Event

The Mummers' Parade on New Year's Eve is to Philadelphia what the Tournament of Roses is to Pasadena—only the Mummers have a priority on tradition.

The earliest settlers in the vicinity of present-day Philadelphia were English and Swedes. The English cherished the traditional Mummer play "St. George and the Dragon," while the Swedes were fond of masquerading informally on New Year's Eve. The two customs had merged long before the Revolution and it was customary—even among the Quakers—to extend hospitality to the masqueraders or give them a role for refreshments.

After the Revolution, George Washington replaced St. George as the central figure of the festivities which continued along the path of spontaneity until 1886 when the parade was sponsored by the Silver Crown New Year's association.

The Municipal administration officially recognized the parade in 1901, and representative citizenry began turning out to watch and participate in the festivities.

The number of organizations sponsoring the parade, the divisions and elaborateness thereof increased through the years. On New Year's Eve in 1930, 12,000 participated in the line of march down Bond street and 300,000 spectators watched the parade which lasted from early evening through the wee hours of the New Year.

### COMES OUT FIGHTING

## Observe Holiday In Many Ways

The name January is derived from the two-faced god, Janus. He was originally the god of light and day, however, he gradually became the god of the beginning of things.

The beginning of the year was sacred to Janus and a festival in his honor called Agonia was celebrated. At the beginning of any important undertaking his aid and advice was sought.

He was worshipped as the guardian of trade and shipping and he was the inventor of agriculture.

In addition to secular celebrations, many religious denominations hold special services on New Year's Eve from 9 or 10 to 12 o'clock.

The Methodist Episcopal church was the earliest to adopt this cus-

### Last day of 1946.

tom and they are called "watch-night services."

In 1944, St. George's Methodist Episcopal church in Philadelphia held its 175th watch night service. The church was founded in 1769 and in 1770 held what has been called the first such services in America. Many other churches are holding such services today.

January 1 is a legal holiday in all of the states and the District of Columbia. It was not until after 1918, however, that the date became a legal holiday in Massachusetts.

With the exception of war time, the date is a legal reason for liberty for the sailor and soldier. Yes, army and navy regulations specifically state this fact.

To quote from the navy regulations: "The first of January—and such other days as may be designated by the President, including the day of national thanksgiving, shall be designated as holidays on board ships of the navy and all naval stations."

#### Apple Custom

Apples play a great role in Christmas customs. In parts of England they are pared and the peeling, taken off in one spiral, is thrown over the left shoulder. Tradition has it that the peeling will form the initial of the person whom the parer is destined to marry.

## Irish Tales Of Christmas Eve

Many strange and lurid tales there are about things that have happened on Christmas Eve in Ireland. Tales that would make your hair stand on end or maybe curl right up, for in the olden days, there was a superstition that at midnight, Christmas Eve, the gates of Paradise opened up, and anyone dying at the right time could pass in without going to purgatory. Grim stories have been told about people obviously dying, being boosted out of this world at the critical moment.

Lucky, too, the youngsters born on Christmas Eve now-days. Many years ago there was a firm belief that babies born a such a time would become werewolves, those fearful and strange creatures that lurked in dark places at night to claim their victims. In the daytime they would return to being ordinary people—but at night!

Another strange belief was one that existed for many years in many mining districts. It was held that High Mass was sung on Christmas Eve by invisible choristers in the mine that contained the highest lode of ore, and which was preternaturally lighted by them for the occasion.

While all these ideas have died out there is still one belief preserved—in the hearts of children at any rate. This is, of course, the belief in that beloved patron saint of youngsters, St. Nicholas. Ever since that benevolent old gentleman went about many years ago giving presents to the poor, he has been expected on Christmas Eve by children all over the world bringing his bag of toys aloft, descending the chimney from his reindeer drawn sleigh and leaving behind in the stockings of good little boys and girls gifts that will satisfy their heart's desire.

## OBITUARY

Charles F. Shaw

There passed away at his home in Centreville on Tuesday, December 10, Charles Frederick Shaw, a well known and reputable citizen. Born at Pennfield, Charlotte Co., New Brunswick, in 1867, he was the last surviving member of a family of seven. In 1891 he came to Centreville and in 1895 was married to Jessie Graham daughter of the late Miriam and Robert Graham. Mr. Shaw was a man of several trades, and while a good part of his life was spent in the fishing industry, he also engaged in work as a carpenter, painter and shoe repairer. As a young man he joined the United Baptist Church at Pennfield and was always interested in the spiritual life of the community. A man of sterling character, honest in his dealings, and beloved by all, he will be greatly missed in this community.

He is survived by his wife and six children, Gertrude, Mrs. N. C. Merrick, Saskatchewan; Winnifred, Mrs. J. Penn of Saskatoon; Edra, Mrs. Boyd Addington, Wolfville, N. S.; Rhena Shaw, Saskatchewan; Reginald Shaw, Saskatchewan; and Ernest Shaw, Annapolis Royal.

Two children, Lolo and Ray predeceased him.

The funeral was held from his late residence on Friday afternoon conducted by Rev. A. Thorpe of the United Church assisted by Rev. L. R. Atkinson of the Baptist Church with interment at Centreville.

Those attending from outside points included Mr. and Mrs. Ernest Shaw of Paspalagan, N. B.; Mr. and Mrs. William Goudy and son Lorne of Yarmouth; Mr. and Mrs. Floyd Jeffery of Sandy Cove.

## Christmas

## Suggestions

The outburst of Christmas cheer, the chiming of the bells, the worship, the feast, the fun and all that goes to make a Merry Christmas, are customs inherited from a long line of ancestors and from countries. Warm hospitality at this season is a tradition of long standing, so we gather our families, our friends, and those for whom we are making Christmas, to share the happiness of the day.

The home economists of the consumer section, Dominion Department of Agriculture, offer a few suggestions to simplify some of the homemakers' problems.

In keeping with the Christmas colour scheme the salad should be red. The choice is

between cranberries, tomato juice and beets. A jellied salad will be the easiest to prepare and serve since it requires only garnishing with greens and dressing at the last minute.

Dessert will probably be plum pudding, or mince pie, but it is wise to have an alternative dessert for children and for those who may have indulged rather heartily, in first course. An old time ice cream served with a red fruit sauce is just right. If home made vanilla custard the ice cream cannot be made at home, it may be purchased the day before Christmas if the weather is cold enough to keep it outdoors, or there is other suitable storage.

MERRY CHRISTMAS TO ALL

CHEVROLET • OLDSMOBILE • PONTIAC • BUICK  
CHEVROLET and GMC TRUCKS

Today, as never before, there rests with every merchant an obligation both to his customers and to the common good ... an obligation to justify confidence and goodwill and to co-operate unreservedly in the maintenance of a stable economy. We, General Motors dealers in this community, recognizing these obligations, will continue, in all our business dealings, to adhere to the following principles:

- ★ We will sell all New and Used Cars and Trucks at not more than the authorized prices.
- ★ We will do our best, under present conditions, to allocate all the New Passenger Cars and Trucks we receive, on the fairest possible basis, with special consideration to any Veteran of World War II who may require a car with special controls; to practising Physicians and Surgeons, and others whose urgent need is apparent.
- ★ We will make allowances based on an honest appraisal and a fair valuation to

purchasers who have cars or trucks to trade.

- ★ We will give purchasers the benefit of those accessories which are available, but delivery of a new car or truck will not be conditional upon the acceptance of accessories other than those desired.
- ★ We will charge only equitable prices for parts, accessories and services, and when requested will gladly provide advance estimates for the benefit of the customer.
- ★ We will, at all times, strive to serve our customers' needs—with efficiency, fairness and courtesy.

IN THE street crowded with holiday shoppers Mrs. Weston couldn't see the couple behind her out their words added to her mounting despair and fury. Overhead, the dingy placards exhorted to buy fur coats, diamonds, perfume. She shut her eyes to them but she could not shut her ears.

"That was one swell party last night," sighed the man. "Oh, boy!"

The girl squealed. Mrs. Weston cringed. The high laughter was like the whistle in Puppo, the rubber dog they'd given Harvey Jr. his third Christmas. Puppo had become more than a toy. He still lived in glory, a kind of household god enshrined in a kind of household in Harvey's room. "Love to Puppo," Harvey ended his letters. Puppo always topped the

"Lady, you have the wrong angle."

Christmas tree. There'd be no tree this year. It was worse than childish of Harvey to want one. She wouldn't have it. A package had been sent to Harvey Jr. overseas in October, but there'd be no Christmas at home.

Wicked, horrible, thought Mrs. Weston, that people are going through all the old motions of a Merry Christmas. No one has a right to be merry.

"You looked super last night," said the man. "You are super, honey. You're so beautiful," Mrs. Weston turned slightly and caught a glimpse of a fat pretty face surrounded by blond curls. "You rate orchids, honey," the man went on, "and you're goin' to have them."

The constant ache in Mrs. Weston's heart sharpened to a stab. For such fools her Harvey was risking his life. Another block of their chatter and Mrs. Weston would say, "The money squandered on orchids, young man, would buy a good many war stamps," or, "This is no occasion for whoopee."

"Jack thinks the Army is going to get him this time." It was the girl speaking. "And is he scared?"

The woman next her got off and another squeezed in. "Certainly going to be a big Christmas," observed the newcomer cheerfully. "Were you downtown Saturday? Worst jam I ever saw."

"I was not," Mrs. Weston felt compelled to explain. "I am going to town now only to select a wreath for my mother's grave."

Behind her the young people were still shrilling about Jack and the Army. "Tell him we'll give him a farewell party. Tell him if he gets shot he'll have a pretty nurse." The man was chortling. "Let's get off next corner, beautiful. You can buy me a drink."

Liquor, thought Mrs. Weston furiously. That explained their incessant giggling over nothing. She raised her voice. "I don't see how people can think about Christmas. How they can drink and laugh and waste money on silly things. Life is so terrible," her voice broke. Heaven, people were staring! "My son—somewhere in the Pacific," she added hurriedly in a low voice. "I'm thinking of him."

She felt a hand on her shoulder. "Lady you have the wrong angle." The man behind her leaned forward. Her eyes met compassionate blue ones in a face curiously pale. "It doesn't help your boy any for you to have no Christmas. Be as merry as you can. Like as not he'll be back, fit as a fiddle—like me." He lurched to his feet.

Something caught in Mrs. Weston's throat. He was limping to the door. The car jolted to a stop and the girl thrust a steady little hand under his arm. Drunk, thought Mrs. Weston, drunk with the joy of being alive. She sprang to her feet, without apology pushed through the crowd. "Wait!" But they were getting off.

She was halted by the crowds on the sidewalk. Standing on tiptoe she saw the couple turn in at the dairy bar. A drink. They'd laugh and make love over an ice cream soda. "Merry Christmas, soldier," she whispered. "Be as merry as you can."

Misty-eyed, she walked to the corner rimmed with Christmas trees. "A small tree," choked Mrs. Weston. She wiped her eyes and picked one up, testing its weight. "It must be strong," she told the vendor firmly. "Strong enough to hold up a good sized rubber dog, and—"

"POP." Maw Lewis called from the kitchen, "you get your lazy bones out of that chair and wash up! Dinner'll be ready in two shakes of a lamb's tail."

Pop managed to lift his six feet of bone and sinew to his feet and headed for the kitchen sink.

"Don't you go usin' that clean towel, neither," Maw admonished. "That's for company. Use the roller towel. Sakes alive, I do believe you'd wipe your dirty feet on the front door mat if I'd leave it out."

"What's a door mat fer," Pop flared, "if it ain't to wipe feet on?"

Pop gave the roller towel a vicious jerk. "Y'know tonight bein' New Year's Eve, Maw, you 'nd me ought to step out somewhere. They're having a big shindig over at the

"Jed Hafey's openin' a keg."

Corners store. Jed Hafey's openin' a keg."

"If it's anything like that keg he opened Thanksgiving, you ain't gettin' any nearer to it than you are right now. Pretty howdy-do, you comin' home six o'clock in the mornin' and shootin' off the shotgun through the roof so it leaks like a sieve. No, siree, you ain't even gettin' near enough to have a smell of any keg Jed Hafey opens," Maw said.

Suddenly Pop looked up from his plate. "Well, consarn! What you cryin' about, Maw?"

"I ain't cryin'," Maw denied. "I'm just thinkin'—thinkin' back fifty-two years. You was payin' attention to me and kind o' jealous like. I couldn't turn 'round but what you was kissin' me. You was jealous o' Jed Hafey—jealouser than anything."

Pop snorted disdainfully. "What'd I have to be jealous o' Jed Hafey fer? Tell me that."

"Plenty," Maw said, "I was going to marry him."

Pop dropped his fork. "You was a-goin' to marry Jed?"

"Sure. Only his folks wanted him to marry Edda Stout. She owned all the bottom land nearly in Clarke county. He couldn't marry me until he was of age, on account o' his folks wantin' him to marry Edda. In a year he figures he can get all her money and then divorce her and marry me. Meanwhile he said I might as well marry you, then when he got all Edda's money I could divorce you and marry him. Said you was about the most harmless male bein' in all Clarke county and no harm would come to me marryin' you. He said if I married anybody else I might fall in love with him and then he'd lose out."

"So that was the way o' things! I remember. Jed did divorce Edda a year or so later. How come you never told me this before, Lil? And how come you not to divorce me and marry Jed after he got his divorce?"

"How come?" Maw said. "Well, Pop, I guess maybe you was kind o' responsible for that. Ain't no tellin' how a woman looks at things until she's hogtied to a man. I just kind o' forgot about Jed. Money didn't matter so much, after all. I found out it was the man that mattered. You kind o' had good ways about you, Pop. Different kind o' ways, only they was the right kind. Made a girl think twice afore jumpin' from the fryin' pan into the fire. You was good enough for me, I found. If there was any better men'n you, I wouldn't have no way o' knowin', o' course. Everything was so nice I didn't think it could be any nicer, so I just decided to hang onto you and let Jed root for himself."

"By gum!" Pop exclaimed after a moment's reflection. "Now I am a-goin' to that keg openin' tonight if it kills me. And you're a-goin' with me, Lil. I won't have Jed thinkin' he didn't get cheated in the deal, consarn his danged hide! If I go without you he'll think I don't care none about you, and I want to make him feel right good and jealous."

"Jed jealous after fifty-two years?" Maw said incredulously.

"Well, if he ain't he ought to be! Happy New Year, Maw!"

"I'll go," Maw said, "but remember, Pop Lewis, if you get drunk tonight I'll break the mop handle over your head when we get home—that is, if I'm still able to tell a mop handle from a crowbar."

### A Te Deum For These Times

We thank thee, Lord,  
For mercies manifold in these dark days;  
For heart of Grace that would not suffer wrong;  
For all the stirrings in the dead, dry bones;  
For bold self steeling to the time's dread needs;  
For every sacrifice of self to Thee;  
For ease and wealth and life so freely given;  
For Thy deep sounding of the hearts of men;  
For Thy great opening of the hearts of men;  
For Thy close knitting of the hearts of men;  
For all who sprang to answer the great call;  
For their high courage and

self sacrifice;  
For their endurance under deadly stress;  
For all the unknown heroes who have died  
To keep the land inviolate and free;  
For all who came back from the Gates of Death;  
For all who passed to larger life with Thee,  
And find in Thee the wider liberty;  
For hope of righteous and enduring peace,  
For hope of clearer earth and closer Heaven,  
With unburdened hearts, but faith unquenchable,—  
We thank Thee, Lord!

## Have you heard what they say... about CHEVROLET?

FROM DOCTORS... from farmers... from businessmen... from salesmen... from fleet operators and men who drive a car for pleasure... from purchasers in every trade and occupation across the Dominion, comes praise of the new 1946 Chevrolet. To them, Chevrolet's Big Car Quality at Lowest Cost... its flawless, trouble-free operation... is an actual, proven fact. Throughout their letters, expressing their pleasure and complete satisfaction in the new Chevrolet, certain phrases occur again and again—"Unbelievable that such performance can come from a car as low priced as Chevrolet"... "The best Chevrolet yet"... "Definitely worth waiting for".

A PRODUCT OF GENERAL MOTORS

\* Excerpts from actual letters on file at General Motors dealers across Canada.

"I am very much pleased with my 1946 Chevrolet Sedan and have driven it over 28,000 miles. The performance of the motor, ease in driving, and quality of material and workmanship makes it a splendid car for taxi business."  
Jack Carter, Dartmouth, N.S.

"During our fifteen years in the taxi business, we have never had any car or cars that operated so economically and trouble-free as these 1946 Chevrolets are doing."  
Emile Lanthier, Ltd., Montreal, P.Q.

"I could name many features but will mention just one—quality of workmanship. When particular people drive with me, they invariably remark: 'You have a beautifully finished car.'"  
J. H. Irving, Lethbridge, Alta.

"I have been driving a 1946 Chevrolet Coach bought in August of this year, and am impressed with the speedy and reliable action of the brakes on my car."  
Harold Levere, Examiner for Driver's License, Winchester, Ontario.

"Our fleet of 1946 Chevrolets, used for our police work, has given us unsurpassed satisfaction. The Chevrolet steering gear has been found by our operators to be the smoothest they have come in contact with."  
J. J. Gagnon, Chief of Police, Quebec, Que.

"I am a seven 1946 Chevrolet mounting 30 feet or more and the mechanical equipment is the low-priced, found all such high. On rough roads you get a real, powerful ride."  
Holmes, Idage, Alta.

"The two-tone job that I have, dove grey body with royal blue top is smart. I still get a big thrill when people stop and stare. It is amusing to hear the remarks passed, and they are all in its favour."  
R. Knight, Winnipeg, Man.

"The men using these cars cover every part of the Dominion. In sending out a questionnaire, as to the performance and comfort in driving their new Chevrolet cars, the replies all have been 'SWELL.'"

**Chimney and Santa**  
It is reported that Santa's custom of coming down the chimney on Christmas Eve stems from an old English notion—that sweeping down the chimney at New Year's was necessary so that good luck could enter in.

**Christmas Brought Jesters**  
Medieval kings used to have fools and jesters to amuse them. Later however, the wearers of the cap and bells were not the exclusive right of kings and queens, princes, barons, counts and bishops for the fashion of keeping buff-

oons passed from sovereigns to corporations and private individuals. These jesters were then brought into requisition during the Christmas season and retained to help brighten up the hall and kitchen with their witty sayings and practical jokes.

Merry Christmas to All

## Chimney Holds Christmas Gifts

Now did you ever? Even Aunt Molly hadn't thought of this and she's always ready with something clever. It's a chimney to hold the gifts you gather for Christmas. Mother certainly will like it, for it's going to spare her extra house work.

Find a large paper carton. Cut off the top pieces that fold over and cover the box with red brick crepe paper. The side that rests against the wall need not be covered. Also if thumb tacks do the fastening, paper can be removed, folded and used again.

From white paper cut a border. The lower edge can be drawn, then cut to represent icicles. Fasten this to the top of your chimney. Looks almost real, doesn't it?

Now as you make your gifts wrap them, attach cards, and put them into the chimney. When it's time to give out gifts, there's no hurrying and scurrying to do. Your gifts are right at hand.

Russia is reported making demands on Turkey along with a lot of others at Christmas time.

## Christmas Stands Out Like A Jewel

The late Canon Allan P. Shatford, speaking one time at Montreal, said that Christmas stood out like a jewel to be held in esteem in the world as an emblem of God's coming down to earth to dwell in the hearts of His people. The Birth in Bethlehem brought a greater promise that persists through the generations. "God rest ye, merrie gentlemen, Let nothing you dismay"

The poets have vied with each other in singing the Nativity ever since the story was recorded in the inspired narratives. Apart from Milton's itself; and apart from Shelley's lesser poem, a dirge for the gods that fled from the folding star of Bethlehem, those gods—including even Olympian lore that "grew weak for killing Truth had glared on them"; apart from these and a few mighty poems, the lyrics of Christmas by the numerous singers of our own time maintain the high poetic standard of the great lyrists. Christmas is commonly associated with the thought of peace; and there never was a greater need of this Christmas disposition of goodwill among men; because the need is that the spirit be more widely prevalent and that it linger through the year to touch and soften all the contacts of life.

Many years have passed since Charles Dickens wrote "A Christmas Carol," with its merciless revelation of the soul cramping power of greed for wealth and its glowing picture of the mental and spiritual peace that comes to those whose sympathy for humanity finds outlet in deeds as well as in words. "And now

**CHRISTMAS TRADITIONS**  
If your Christmas tree is of balsam—and that is the loveliest kind of all, both for fragrance and appearance—then when you first light it a cheerful old superstition urges a glance at your shadow on the wall—if you dare. Should it appear headless you will not live to see another Christmas. Then, later, when the tree is burned, another tradition suggests keeping a partly burned stick to ward off lightning.

**Wrapping Small Gifts**  
An unusual way to wrap a number of small gifts that are to be given in a good sized Christmas box is to tuck each one in an envelope made of either plain, red, holly, silver or gold paper. Wrap each gift first in plain white tissue paper folded in envelope style seal the flaps of both the inner and outer envelopes with contrasting seals. Patterns for the envelopes can be cut from ordinary envelopes by tearing one apart and either enlarging it or trimming it down.

Parents sometimes believe that children are taught to write too early, and especially when they read the Christmas list of four pages drawn up by the youngster of seven.

abideth faith, hope, charity, these three; but the greatest of these is charity." This is the season of the year to take stock of our spiritual efficacy and take cognizance of our worldliness and similar shortcomings. At no time in the history of the world was the need of the Christian Churches and the preaching of the Kingdom of Christ more acute and urgent.
