MPORTED ... So what?

Side by side on the merchants' shelves— Candilan misterials and "imported" goods. Do you get my advantage when you go fee "imported" products?

In sextiles, at least, the answer is simple. Canadian mills turn out fabrics and yares then masch or better the production of easy other teasile country of the world in quality.

They are made by Canadians who are paid good Canadian wages; they are designed to please Canadian tastes, meet Canadian needs.

This is no plea to shun 'imported' materials. They should be considered along with domer products by every Canadian consumer, but on strict what-do-l-gst-for-my-dollar basis.

The Government's feckless venture into the rabbit business represents—perhaps as well as any single example—the kind of initiative and leadership this Province has had in the last twenty years in developing new industry. The folly at Folly Lake speaks for itself. Twenty years of inaction, indifference and incompetence are the root, of our-present problems. A coal mining industry hungry for markets. Export markets declining. Lumber markets declining. Lumber markets lost Freight rates continually rising. Traffic in our ports declining. For the lack of a growing home market. Nova Scotia has fallen behind all Canada in agricultural production.

On May 26 Cast Your Ballot for

The Liberal Candidate in Digby Municipality

- A man of action, who will work for the best interests of the people.
- A man who has proven by his long record of public service he has a real and active interest in the people of Digby Municipality.

In asking you to vote for VICTOR G. CARDOZA we urge you to study the record of the Liberal Party,

which he represents, and contrast it with the sorry record of the Tory party---

Liberal Record

- Old Age Pensions
- Pensions for the Blind
- Free Treatment for Tuberculosis and Mental Illness Expanded Mothers' Allowances

- Expanded Mothers' Allowances
 1,500 Miles of Paved Roads
 \$2,000,000 in Aid to Industry
 \$2,000,000 in Aid to Fishermen
 Six Million a year for Public Health
 Ten Million Dollars for Education
 Sound Financing 15 surpluses in 20 years

Tory Record

- No Old Age Pensions (they refused to pay them)

- No Free Treatment for T.B. or Mental Illness
 No Mothers' Allowances (except for widows)
 No Paved Roads (they said we couldn't afford them)
 75,000 on relief after six Tory years
 Only I Million for Public Health

- Less Than 1 Million on Education
- 8 Deficits in 8 years—Increased debt by \$8,000,000

Look at the record and decide---do not be fooled by Tory promises---they made them all before and failed to keep them, even when they had the chance.

All the Benefits we now enjoy were brought to us by LIBERAL Governments--they will continue with a LIBERAL Government.

For Sound Progress, the continuation of Liberal policies, and the election of a man of his word, a man really interested in the welfare of the people of Digby Municipality - - -

To All Those Who Voted Progressive-Conservative:

I'rogressive-tuniservalure:

I wish to take this opportunity at thank all these who supported our Party by voting for me on May 26th. Especially do I wish to thank all our workers who volunteered their time and energies and who worked so fathfully. While we narrowly missed victory, a moral vetory was won in that our entire campaign was clean and the issues of 1838 were truinfully placed before the people by those of our Party who are interested in Better government and who meant what we said and said what we meant. We shall continue our efforts and eventually the victory shall be ours.

Newspaper Advertising Preferred

A hard, business-like look at advertising has been taken in the Senate tourist traffic committee by D.Leo Dolan, director of the Canadian Travel Bureau.

Mr. Dolan's advertising budget runs to \$1,033,000 and he has this way:

For newspayers and bither forms of the durable printed-word medium of advertising, \$998,000; for radio, \$35,000.

His reason for this frankly one-sided split in his public relations budger.

"We thut," he reported bluntly to the committee, "that our newsproper advertising ... is far more profitable and productive of
