## NOT FORGOTTEN!

Today Remembrance Day has become a symbol of a time when there will be no more war. . . when nations will live together in harmony and peace. It is fitting that on this November 11th, we salute those who have given their lives to hasten that day . . . and to breathe a prayer that their sacrifice has not been in vain.

Quote — Facts —

"Where are you going boys and girls?"
"Nowhere sir, just walking — why you asking?" "Just after the facts, that's all. Why are you carrying those big shopping baskets—what have you in them?" Nothing sir, just carrying them, that' all. No harm in that is there Sir??

"Come on now, give me the facts. All I want is the facts,"

"Well Sir, it's like this Sir — We are going to CONNELL'S to do some Christmas shoplifting before someone else gets the goods first. No harm done yet Sir. You got's nothing on us. We ain't done nothing yet Sir. Your car't arrest us yet. Why don't you leave us alone? We only got 30 days left to shoplift before CONNELL is stole from wall to wall, including the fixtures."

Ah — Hal Now we are getting somewhere. If I had waited a few moments I would have caught you with the goods — Didn't. I see you last year going to the same store?—CONNELL'S that is.— Now what's the facts? Give me the facts, that's all."

"Well Sir, we ain't done nothing yet—but the time has come to steal one of those wonderful Ledo Record Players at. CONNELL'S before they're gone! You got to let us go Sir. The 30 days are dragon and we ain't eyet.

Christmas gifts are a natural part of Christmas, They are based on another theligious practices, that we mortals exchange gifts to remind us of the greater gift that God sent to the world those

Christmas joys are brighter because we do exchange gifts,
giving is an exhiterating experience; the receiving is a hearts

istems, we will keep Christ-in-Christmas.

Christmas, we will keep Christ in Christmas. Let us then, as this Christmas approaches; resolve in our hearts to keep and observe the true spirit of Christmas; to remember always in our festivities, in our giving and in our receiving of Joys at Christmastide to keep ever before us the Christ without whom there would be no Christmas. nearis to keep and observe the true spirit of Christmas; to remember always in our feativities, in our giving and in our receiving of joys and christmastide to keep ever before us the Christ without when there would be no Christmas.

# . Happy New Year!

After a more or less forced vgcation for several months the assignant manager and ceitor is back at work just in time to extend the New Year Greetings and to wish all our reaties, and vertisers and correspondenta of lapiny and Prospectus 1851. It is with gratefulness that we look back to your services and patronage during the past year-raid we look forward to continued pleasant relationships during the coming veets.

year-and we look forward to continued pleasant relationships during the coming year:

Looking over the files of the Courier for 1933, we note it has been a very general sort of year in Digby County, bringing to some clease for reloting and to others, their measure of sorrow. Not many get nearer the hearts of the Digby County beople than phose who hape part in recording the hispenings in our various, communities, so, we at the Courier have shared deeply through the year not some and the sorrows of others. It was with deepest regree we had to record in 1933 the deaths of two of our long time and fairful correspondents, the late Mrs. Entest McGruht, Port Wase, and the late Mrs. Ernest Haines, Freeport.

Two elections in 1933 made life "heetigally" busy for a while it the Courier, as it did in many other ricries. For those of our bard the one willingly "stuck to the grain" during those heavy seasons we have every admiration and extend to them our warmest appreciation. To "J. "J." and the staff who have carried on since August, the assistant manager and editor personally says "thank year". She also thanks those who were so kind to the family and herself at the interfact of their car accident at Truro in August and extends for all her Christmas remembrances.

"Pote 24 and everyone—"A HAPPY NEW YEAR!".

Christmas remembrances.
To each and everyone— "A HAPPY NEW YEAR!".

THE variety and high quality of cohsumer goods and other products made in Nova Scotla would probably surprise the average buyer.

The artist's illustration here of Nova Scotia products is by no means complete, but merely suggestive of the many good things that come from the great sea about us, from our rich and fertille land... products that flow from the skilled hands of Nova Scotian manufacturers and craftsmen.

A greater volume of locally produced goods sold over provincial counters will bring new energy to our economy.

Greater demand on your part for Nova Scotian goods will mean d production

increased production.

Support of local products can mean new and expanded industry, greater employment, higher wages, and more Nova Scottan money kept in Nova Scotta.

As an indication of the size of this business, figures compiled this

As an indication of the size of this business, figures compiled this year show that retail sades in Nova Scotia run to approximately \$389,000,000 annually. And to show the rapid growth, this figure spresents a 145% increase over 1945. Some guide as to the amount of our local production may be had from the gross value of our manufactured goods, which amounts to roughly \$289,000,000 yearly. A part of this, of course, is exported, so there is plenty of room for Nova Scotians to share more of this valuable "home market".

Here is how you can perform a great service to Nova Scotia:

- Storekeepers can feature "made in Nova" Scotia products".
- Householders and all consumers can ASK for Nova Scotia brands.

 Businessmen can use Nova Scotia materials and goods in their operations.

Nova Scotla products have long been recognized for their excellence and high quality. They are as good as the imported brand ... and in many cases, better. And they cost no more.
