FUNDY BAY SCALLOPS SUPPORT BIG INDUSTRY

Changes Position

FIRE PREVENTION IS THEME OF WEEK

By J. S. MACPHEAL

Mr. MacPheal is a technician of F. there is no apparent deterioration in the quality of the scallops even during summer months. To prevent heating of the scallops packed in ice, during long hot periods sea water is added occasionally.

Upon landing, the scallops are dipped from the large can with a mesh ladle into chilled 5-gallon containers in which they are transported to the processing plants.

The scallops are washed in a 3% brine solution and all foreign materials, such as particles of sand, bits of broken shell or part of the intestine which often adheres to the muscle, are removed. The meats are then packed in gallon tins, iced, and shipped to be released at more favorable prices.

The most important scallop beds on the New Brunswick shore of the Bay of Fundy are found on the eastern and southern sides of Grand Manan Island in depths of about 10 to 30 fathoms.

While there are exceptions, it may generally be stated that the boats used are the Cape Island type with wheelhouse and engine midships and well-deck aft.

Gear and rigging are Digby type with the exception that four or five drags are towed instead of the usual seven.

Catches compare favorably in size with those which would be made by comparable boats fishing on the Digby beds.

Records indicate that the scallop fishery in Lunenburg County is the oldest in the waters of the Maritime Provinces. Small beds are found in the inlets and among the islands from LaHave River to St. Margaret's Bay, N.S.

The boats involved in the fishery are small, 20 to 30 ft., inshore fishing craft powered with a 4 to 6 h.p., one-cylinder engine. The drags used are much lighter in construction than Digby drags, having only one scraping edge and the top of the bag made of twine. Three or four of these special Lunenburg County drags are towed at one time, each on a separate warp. Hoisting and boarding are done by hand.

Catches average 20 to 30 lbs. of meats per fishing day.

The history of scallop fishing in the Gulf of St. Lawrence has been one of many fluctuations in abundance of scallops and of discovery of new beds. Generally the fishery has been concentrated off the east coast of Prince Edward Island and in the Northumberland Strait where scallops are found in 10 to 15 fathoms of water on sand-mud bottom.

The irregularity of the abundance of scallops has resulted in a great variety in the size and design of boats. Decked ground-fish drags using Digby-type drags share the catches with small open lobster boats equipped with Lunenburg County type drags. In both instances the scraping edges of the drags are modified by the addition of teeth which fishermen maintain are more efficient in preventing the drags from clogging too rapidly with debris. The lobster boats use power gurdies for hoisting the drags but board them manually.

During periods of abundance landings are good with small craft catching 100 to 200 lbs. of meats per day and the larger boats 500 to 600 lbs.

The quarterly meeting of the Annapolis Presbytery of the United Church of Canada was held at Kingston on Tuesday. The churches in the Presbytery were well represented by both clergy and laymen.

The business transacted was largely of a routine nature and the highlight of the session was a report of the recent biennial session of the General Council at Sackville, N. B. It was given by Rev. Ross Robbins, of Middleton, who was the ministerial commissioner for the Annapolis Presbytery. He did not deal with the business of the Council — but he gave his personal observations, dealing particularly with the business of great interest to the clergy, and with financial matters concerning the church as a whole. He was listened to very attentively and was thanked for his very fine report.

P.O. G. Lyman Ramsay, of "Shearwater," spent the weekend with his family in Bear River.

Hon. Harold Connolly, Minister of Health, announced last Friday that under the Co-ordination of Rehabilitation of Disabled Persons Agreement, signed by the Federal Minister of Labour and the provincial Minister of Health, Frank G. Wellard, has been named as Co-ordinator of Rehabilitation for Nova Scotia.

Mr. Wellard, presently a resident of Armdale, Halifax county, was born in England in 1910. Early in his life his family moved to Canada and settled in Truro. He was educated at Colchester County Academy and Acadia University.

From 1941 to 1945 he saw service in England and North West Europe with the Royal Canadian Army Service Corps of the 3rd Canadian Division. He was discharged with the rank of captain, being mentioned in despatches in relation to his service.

In 1947 Mr. Wellard was appointed Executive Secretary of the Nova Scotia Tuberculosis Association, a position he held until he was named to his present post. His tenure of office with the Nova Scotia Tuberculosis Association was marked by a period of rapid growth and an exemplary consolidation and organization of the association and its affiliates in the province.

Mr. Wellard is married, has two children, and is a member of St. Matthews United Church, of which he is an elder.

Mr. Wellard has made many visits to Digby in the interest of the Nova Scotia Tuberculosis Association and has acquired a number of friends in the vicinity.

A Faithful Correspondent

The Courier marks with regret this week the passing of Mrs. Charles Smith of Barton who for more than thirty years mailed in each week the news notes from Barton over the familiar signature, "Miriam Bingley Smith".

For all those years Mrs. Smith was a faithful correspondent, a firm friend, a tireless worker for her church and community and a ceaseless advocate for the good things in life.

She will be missed by all who knew her and to her relatives and many, many friends the Courier extends the most heartfelt of sympathies.

Appointment Announced

The appointment of George E. Herman as Chief of the Nova Scotia Government Bureau of Information was announced last Friday by Hon. W. T. Dauphinee, Minister of Trade and Industry.

Mr. Herman, who has been in charge of the bureau since the death of T. J. Courtney, is a native of Dartmouth, a war veteran, graduate of Dalhousie University and has had wide experience in publicity work throughout the Maritime Provinces.

Joseph Baxter, of Belleville, Ont., is spending his vacation with his parents, Mr. and Mrs. Digby Baxter.

The Digby Fire Department opened their annual Fire Prevention Week here Sunday morning with a fire prevention parade to the local Salvation Army Citadel.

In the afternoon the department visited five hundred homes in Digby, distributing three thousand pieces of fire prevention literature.

Observance of the Fire Prevention program will be carried out through the week. Monday evening members of the department carried out inspection of various properties in the town and this will be continued through the week with all public buildings in the town included in the inspection.

A fire fighting demonstration was given Tuesday evening on the Cannon Bank when the department carried out drills in fighting various types of fires.

Fire prevention films are being shown every evening at the fire station and in community halls in the villages surrounding Digby. The public have also been invited to visit the fire station during the week where the members of the fire department will explain and demonstrate the various types of fire fighting equipment.

Sights Panther Near Mavillette

A rural mail carrier, Clarence Comeau, of Mavillette, has reported he saw what he believed was a panther dart on and off the road about ten feet in front of his mail truck last Friday at nearby Darling Lake.

He said he was travelling down the paved highway in his truck and was passing through a wooded area at Darling Lake when he saw the giant cat.

He said the animal came out of the woods and began to cross the highway, but when it spotted the mail truck it ran back into the woods again. Mr. Comeau, who said he was about ten feet from the panther, reported it was about six feet long, had huge paws and a "rather haggard appearance."

A similar convention for Eastern Nova Scotia was held two weeks ago at Amherst, with an attendance of 300 delegates. It is expected about the same number will attend the Halifax gathering.

Given 14 Days On Theft Charge

Sydney A. MacNess, Montreal, was sentenced here last Wednesday to fourteen days in the county jail after having been found guilty of the theft of a camera of a value in excess of twenty-five dollars, the property of the Kentville Publishing Co. Ltd.

In sentencing MacNess Magistrate H. B. Dickey stated he was taking into account the time he had already spent in jail. He was remanded for sentence on September 15th.

W.M.S. Thankoffering

"The Christian's Impact" and Influence in the churches in India, was the subject of the study led by Mrs. John Russell at the regular meeting of Grace United W. M. S. held at the church hall on Tuesday. Assistant Mrs. Russell were Mrs. Dickson Sabine, Mrs. Milton Atkinson and Mrs. Vincent Snow who dressed in saris in representation of Indian women.

The worship service was conducted by Mrs. Oakley Turnbull assisted by Mrs. Elton Arnold, around a table depicting the harvest season. Mrs. J. M. Wallis sang as a vocal number "A Little While." A poem, "Prayer To A Heart" was read by Mrs. James Brooks.

The Thank-offering amounted to thirty-four dollars and fifteen cents.

During the business session the president, Mrs. James Brooks, displayed copies of the Upper Room and World Friends. The particular issue of the Upper Room was printed in seventeen languages for the benefit of delegates attending the World Council of Churches at Evanston, Illinois.

Mrs. Brooks told the history of the Jr. Missionary Magazine, "World Friends" which celebrated its 25th anniversary in May of this year. It dates back to 1884. Mrs. Brooks said, when Miss Louise Ray organized the first Mission Band "The Reapers" at Brunswick St. Methodist Church in Halifax. They published a small paper called "The Sheaf" in 1885. Later it was changed by the Dominion Board to be known as "The Palm Branch" and still later in 1929 it became known as "World Friends." In 1917 Miss Lily Lathern became editor of the paper and since 1929 Mrs. E. Church.

Several visitors were present at Tuesday's Thank-offering meeting including Mrs. Hugh Vincent, president of the W. M. S. of the Digby United Baptist Church.

J. Pratt has been its editor. Subscribers to the magazine today number 50,000.

The Digby Fire Department is a voluntary brigade with a membership of 100 members. The department has been completely reorganized into two companies recently. Fire fighting equipment includes two pumpers and an auxiliary pump.

Recently the department moved into a newly acquired fire station. The members of the department have taken on the job of remodeling the interior of the new station and have equipped a large meeting room in the station for their monthly business sessions.

During the past several years the department has been active in raising funds through weekly dances, ice carnivals and other activities. These funds have been used by the department to purchase various pieces of needed equipment.

Included in the equipment secured by the department through its own efforts are an auxiliary truck, used for carrying extra emergency equipment; a resuscitator and a Scott air park Extra extinguishers and refills have also been purchased by the department in their efforts to improve their fire fighting equipment.

The department will have a series of special meetings the week of October 17th. The meetings will be evangelistic with the purpose of strengthening the spiritual life of the church and people.

The guest speaker at these services will be the Reverend L. R. Atkinson. Mr. Atkinson is the evangelist under the Board of Evangelism of the United Baptist Convention of the Maritime Provinces. He needs no introduction, as he is well and favorably known in these parts.

The services will begin on Sunday, the 17th, and continue through the following Sunday. There will be good music and a most profitable time is expected. All are invited to attend.

The minister of the church will conduct the services, assisted by the deacons. Mr. Atkinson will preach at all times.

A Home and School Rally was held in the Barton Hall on Friday, October 1st, the purpose of which was to create more interest in the local Home and School Association.

A large number were on hand to participate in the program which opened with a game, directed by Mrs. Beatrice Heigh.

A one act play was presented with the following cast: Mrs. Joe Specht, Mrs. Parker Lambertson, Mrs. Ben Mahar, Mrs. Lloyd Grant, Mrs. Ben Height, Gordon Campbell and Bernard Manzer.

A discussion was held on the theme "How can we improve our Home and School Association?" led by Gordon Campbell, of Weymouth.

Later the group joined in a singing, and were served refreshments.

A film "When All The People Play", was shown by Bernard Manzer.

Much of the credit for making this Rally such a success goes to Gordon Campbell, of Weymouth, who directed the entire program. Mr. Campbell is a member of last year's Folk School and takes keen interest in community activities around Weymouth.

Getting back to those leaves we find that a frost or two, some rain and a breeze, and down comes another free shower all spread for nothing except in the wrong places sometimes. Now you have a large pile in the yard and want to get them out of the way or the wind will soon spread them again.

If you have a cow they will make excellent bedding and nearly double the value of the manure. Without the cow then you will have to do the next best. It would be good to have them spread and plowed under but if that's impossible at this time then the best thing is to make compost. Compost is perhaps the most valuable material that we can add to the soil.

Next week we will find out how to make "good compost" but in the meantime, add to the pile of leaves and cover them with bags, boards or wire to keep them down.

Slightly Injured In Car Crash

Clifford O'Neill, local taxi driver, was slightly injured when the car he was driving was involved in a collision with a station wagon reportedly driven by Ralph O. Wright.

The accident occurred Tuesday evening at the intersection of Queen Street and Prince William Street. It is understood the O'Neill car was proceeding south on Queen Street and the station wagon was travelling east on Prince William Street when the collision occurred.

Mr. O'Neill received bruises and cuts about the body and both cars were badly damaged by the crash.

J. Pratt has been its editor. Subscribers to the magazine today number 50,000.

Several visitors were present at Tuesday's Thank-offering meeting including Mrs. Hugh Vincent, president of the W. M. S. of the Digby United Baptist Church.

Rev. Kenneth Sullivan, of Providence, R. I. (shown above) will conduct revival services at the Reformed Baptist Church in Havelock during the period from October 5th to 17th. Services will be held each evening at 7:30.

Rev. Mr. Sullivan, whose mother, Mrs. Ella Mullen, lives in Havelock, is a graduate of the Nazarine College in Wollaston, Mass., and is presently pastor of the Marine Church in Providence, R. I.

The guest speaker at these services will be the Reverend L. R. Atkinson. Mr. Atkinson is the evangelist under the Board of Evangelism of the United Baptist Convention of the Maritime Provinces. He needs no introduction, as he is well and favorably known in these parts.

Next week we will find out how to make "good compost" but in the meantime, add to the pile of leaves and cover them with bags, boards or wire to keep them down.

Getting back to those leaves we find that a frost or two, some rain and a breeze, and down comes another free shower all spread for nothing except in the wrong places sometimes. Now you have a large pile in the yard and want to get them out of the way or the wind will soon spread them again.

If you have a cow they will make excellent bedding and nearly double the value of the manure. Without the cow then you will have to do the next best. It would be good to have them spread and plowed under but if that's impossible at this time then the best thing is to make compost. Compost is perhaps the most valuable material that we can add to the soil.

About This and That

National Newspaper Week.

"Freedom's Forum" is the slogan for National Newspaper Week October 1 to 8. The word "Forum" as used today raises various meanings in the minds of readers and since we have not read why this particular slogan was chosen we are only going to venture that it was chosen because of its use as derived from the Latin meaning vestibule or door. Freedom of the press has opened the door to all other freedoms and practically all worth while freedoms today depend on freedom of the press.

A free and democratic country and government simply cannot exist without the fullest freedom of expression designed for public good and security. Democracy lives and functions on the free and correct communications furnished by press or other means. These communications form the basis for the opinions of many countrymen and influence their decisions on many important matters. It is extremely essential, then, that the press, a vital factor in communication, remain free and because of its tremendous bearing on public opinion it becomes the duty, not only of editors, but everyone to see that the "freedom of the press" is retained.

With these great functions of the press in mind no one should expect to use the press to their own advantage by offering untruths or one-sided bits of information for publication. Withdrawal of patronage because of difference of opinion expressed by any newspaper is an admission of unbelief in freedom of the press.

Freedom of the press like every freedom demands responsibility from everyone if it is to serve the purpose for which it was intended. The use or misuse of this freedom will depend entirely on the moral character of responsible parties.

A knowledge of these responsibilities for both producers of newspapers and readers can be derived from many of the articles in "The Journalist's Creed" written by Dean Walter Williams of the School of Journalism University of Missouri in 1917 and reprinted here:—

I believe in the profession of journalism.

I believe that the public journal is a public trust; that all connected with it are, to the full measure of their responsibility, trustees for the public; that acceptance of lesser service than the public service is betrayal of this trust.

I believe that clear thinking and clear statement, accuracy and fairness, are fundamental to good journalism.

I believe that a journalist should write only what he holds in his heart to be true.

I believe that suppression of the news, for any consideration other than the welfare of society, is indefensible.

I believe that no one should write as a journalist what he would not say as a gentleman; that bribery by one's own pocketbook is as much to be avoided as bribery by the pocketbook of another; that individual responsibility may not be escaped by pleading another's instructions or another's dividends.

I believe that advertising, news and editorial columns should alike serve the best interest of readers; that a single standard of helpful truth and cleanness should prevail for all; that the supreme test of good journalism is the measure of its public service.

I believe that the journalism which succeeds best—and best deserves success—fears God and honors man; is stoutly independent, unmoved by pride of opinion or greed of power, constructive, tolerant, but never careless; self-controlled, patient, always respectful of its readers but always unafraid; is quickly indignant at injustice; is unwayed by the appeal of privilege or the clamor of the mob; seeks to give every man a chance and, as far as law and honest wage and recognition of human brotherhood can make it so, an equal chance; is profoundly patriotic while sincerely promoting international good will and cementing world-comradeship; is a journalism of humanity, of aid for today's world.

Your stake in the search for Better Health

Everyone has a vital interest in science's efforts to help us live longer. But life insurance policyholders have a special stake in this work.

You see, certain important medical research projects are supported wholly or in part by funds from all the life insurance companies in Canada and their millions of policyholders. As a result, skilled scientists in many Canadian medical research centres can carry on their task of attacking some of mankind's deadliest enemies. Their names: cancer, heart ailments and virus diseases.

Other vital studies are supported in a similar way. These focus on obesity, blood clotting, nutritional and intestinal

disorders, hardening of the arteries and glandular diseases, to mention but a few.

Will all these efforts help you and your family to live longer, healthier lives?

Yes! Thanks chiefly to the advance of modern medicine, babies born today can expect to live about 20 years longer than those of 50 years ago. Many dread diseases have been banished or controlled. Ahead lies further progress that will surely benefit you and yours.

And, if you are a life insurance policyholder, you also have the satisfaction of knowing that you have participated in this program designed to bring the blessings of good health to all!

AT YOUR SERVICE!

A trained life underwriter—representing one of the more than 50 Canadian, British and United States life insurance companies in Canada—will gladly help you plan now for your family's security and your own needs in later years. Only on this!

Coconut Fudge Chiffon Cake

Sift into a bowl, 1 c. plus 2 tbs. once-sifted cake flour, 1 1/2 tbs. Magic Baking Powder, 1/2 tsp. salt, 1/2 c. fine granulated sugar; mix in 1/2 c. desiccated coconut (do not stir mixture). 1/4 ingredients and add in order given (do not stir mixture). 1/4 c. corn (sifted) oil, 2 unbeaten egg yolks, 3/4 c. plus 2 tbs. water, 1 tsp. vanilla, 2 1/2 tbs. unsweetened chocolate, melted and cooled. Stir liquid a bit, then stir in dry ingredients; beat until batter is smooth. Measure into a large bowl 1/2 c. egg whites (at room temperature) and sprinkle with 1/4 tsp. cream of tartar; beat until whites are very stiff—much stiffer than for meringue, etc. Add flour mixture, about a quarter at a time, and fold after each addition until batter and egg whites are well combined. Turn batter into an ungreased 8" angel cake pan, bake in rather slow oven, 325°, about 1 hour. Immediately cake comes from oven, invert pan and suspend cake until cold.

Support Local Industries**It Likes You****What Is A Railway Timetable Worth?**

A railway timetable is an exceptionally handy thing to have around as everyone who has needed one in a hurry knows — but only recently has anyone figured out the dollar value of its use. It came to light recently when the C.N.R.'s regional general manager at Toronto received one of the railway's timetables (out of date), an accompanying letter and \$25 cash.

"A few months ago before the close of last year," the letter read, "I made inquiries for some information about a railway station. I was told the name of the place and was also given a timetable so that I would not lose track of the name, although I was not going there."

"I was thankful for the information but did not think it right to have the timetable, and thought of returning it. But not until some days ago did I write the name of the station in question on paper. And now the timetable is out of date."

"That timetable may have been of some value if I had returned it in time. Kindly pardon me for not returning the timetable in good time and please accept the enclosed \$25 for the Canadian National Railways."

As the C.N.R. is pleased to provide timetables free of charge, it wishes to return the money. So if the remitter will identify himself and claim the money, it will be returned to him immediately — along with a new timetable.

Interest In Work Appreciated

A most enjoyable social time was held at the close of the regular meeting of Granville Division, No. 898, on Monday evening when members of the division showed their appreciation to Mr. E. R. Wade for his interest and faithfulness in the work of "The Sons of Temperance" since residing at Granville Ferry. Mr. Wade has gone to West Paradise to spend an indefinite time with his brother, Mr. H. Reg. Wade, and Mrs. Wade, Mrs. E. R. Wade, who suffered a shock last April and since that time has been unable to look after herself or her home. He is now a guest at a nursing home in Bridgetown.

The community in general regrets seeing the Wade home closed and trust Mrs. Wade will soon be on the road to recovery.

Mr. Wade was presented with a gift from the Division members, who hope to have him back with them again in the not too distant future.

DOUBLE SAVINGS!
Save on the deal NOW...
Then save when you drive!

Here's the easiest way to cut down the cost of commuting, but still keep the comfort and convenience of driving to work. Vauxhall, for all its economy, compares favorably with any car for nimbleness, for roominess, for smooth ride and for dependability. It's the only British car that was designed with the Canadian driver in mind. Ask for a demonstration drive at your dealer's today — find out how well Vauxhall meets all your driving needs.

Amazing Savings!

Vauxhall is exceptionally thrifty, even in a breed of cars that is noted for economy. High-compression ratios, combined with the ultra-efficient "Square" engine design, make Vauxhall do wonders on a gallon of fuel.

Tops for Traffic and Parking!

Vauxhall's great weight-to-power ratio means more nimble pick-ups for getting-away in city traffic. And its 38 foot turning circle and shorter length lets it slide into unusually small parking spaces.

WHEN IN THE WOODS

HUNT FOR MEAT — NOT MANSLAUGHTER

DON'T SHOOT BEFORE YOU'RE SURE!

The Law Says this: All persons who kill or injure another while hunting WILL LOSE THE RIGHT TO BUY A HUNTING LICENCE OR CARRY ANY FIREARMS INDEFINITELY.

This Law is rigidly enforced in Nova Scotia and in most cases "indefinitely" means a lifetime.

OF LANDS

If you are inexperienced DON'T go in the woods without a guide or experienced hunter. And if you are experienced yourself DON'T let familiarity with the sport breed contempt for the safety rules of common sense. Make sure that you and other sportsmen can hunt again.

WEYMOUTH GIRL OVERCOMES HANDICAP

Example of a man who overcame pain and great physical handicaps to make generous contributions to the happiness of fellow invalids has inspired a pretty 22 year old girl to shape a useful and rewarding life for herself. Miss Lorena Deveau, daughter of Mr. and Mrs. Nezeire Deveau, of Weymouth, who a short time ago looked forward to life as an invalid, barely able to hobble across a room on crutches, is now running the busy office of the Callow Veterans and Invalids Welfare League with a vigor which neither she nor her doctors thought would ever be possible again. "She may still be on crutches but her efficiency is a solid insurance policy against her ever losing her job," said her employer and inspiration for her two year fight for independence, Walter Callow.

Mr. Callow, blind, paralyzed and legless himself, has been giving his new office manager liberal doses of a medicine he recommends for everyone — patience and hard work. Lorena says that not only is the Callow remedy working wonders with her physical malady, arthritis, but her whole outlook on life has been changed. Instead of being an invalid always dependant on others, she now can look forward to a useful and rewarding life in which she is as independent as any girl she meets on the street.

But it was a long hard grind and Miss Deveau will admit freely she often had doubts she would ever come out on top. It began shortly after she left high school to help out at her home here. Within a few months she was taken to Soldiers' Memorial Hospital at Middleton for treatments. She returned home for a while and then went to the Victoria General Hospital, Halifax — a place she was to know intimately for the next 3 years. From May 1949 to 1952 when she left the hospital, her life was made miserable by constant pain, inactivity and boredom. Her hobby was reading. Her first bright spot came when she got a chance to see the famous apple blossoms in the Annapolis Valley through the windows of a Callow Coach. She never forgot this trip or others she made later. The first trip was no pleasant affair, from one point of view. Both her legs and her right arm were in plaster casts and any sudden movement made her shudder with

Grand Attendance Of 17,192 At Film Showings

A total of 396 showings of films with a total attendance of 17,192 was reported for the 1953-54 year of the Digby Area Film Council by Mrs. Eva Wendell, librarian and custodian. Mrs. Wendell's report was given at the annual meeting of the organization held at the Digby Regional High School on Tuesday evening.

Mrs. Elizabeth Bailey presented the financial statement which showed total receipts of \$572.42, disbursements \$535.58 and a credit of \$36.84. Further in her secretary's report, Mrs. Bailey reported that the main objective of the council was reached in January of the present year when a projector had been procured. This was made possible by membership fees and donations. The model purchased was a Victor Lightweight Portable for the amount of \$435.00.

Membership in the Film Council numbered 24 of which 16 were renewals and 8 were new members added during the year. Two projectionist classes were held during the year with a total of 35 receiving cards as qualified projectionists.

During the summer months, tourist programs for hotels and summer camps were conducted. A Basic Rural program was also organized in July which consists of 5 showings of films a week for three weeks spreading over a period of eight months. Advantages of the Rural programs were taken by groups including Digby town to Weymouth and Southville and on the Digby Neck route as far as Centreville and Sandy Cove.

The increase in membership and wide use of the films necessitated the borrowing of a second projector from the Department of Education. Since this projector is still in use by the local Film Council plans were taken on Tuesday evening to enquire into the purchasing of a second projector by the Council.

Expressions of gratitude for the excellent services of the president and secretary-treasurer were voiced by all members present at the annual meeting. In moving a vote of thanks Mrs. Wendell stated that not only did Mr. Turnbull and Mrs. Bailey carry out their own duties most efficiently but had also carried on duties beyond the scope of their own offices in order to make the year a success.

Mrs. Wendell, chairman of the Nominating Committee, brought in a slate of officers for the year 1954-55 which was adopted on motion. They are: President, Reginald Turnbull; 1st Vice-President, Ferber Marshall; 2nd Vice-President, V. G. Cardozo; Secretary-Treasurer, Mrs. Elizabeth Bailey; Librarian, Mrs. Eva Wendell; and Custodian, Dick Keen. It was recommended by the Nominating Committee that an assistant librarian be appointed. Acting on the Nominating Committee

tee with Mrs. Wendell were Dr. W. H. D. Vernon and Norman Wright.

County Baptists Hold Meet At Westport

The First District Meeting of Digby County United Baptist Churches was held in the United Baptist Church at Westport on October 6th and 7th with a good representation of the churches present.

The devotional, conducted by Rev. R. R. Winchester, were of a very high spiritual quality.

The theme carried out through all the sessions was Christian Education. The address on Wednesday evening was ably delivered by Rev. J. B. Wilson. The speaker stressed the fact that Christian Education is something that has not grown up suddenly, but began with the great teacher Jesus. The field of Christian Education is as wide as the world and we as Christians are all teachers.

The highlight of the morning session was a panel discussion on "Christian Education in the Church Program", chaired by Rev. E. C. Churchill. The following persons took part in the panel: Mrs. C. T. Olmstead, Mrs. J. J. Brittain, Rev. J. B. Wilson, Rev. Mollins, Rev. C. T. Olmstead and Rev. E. Miner.

The Westport Church choir rendered special musical numbers throughout the sessions, accompanied by their new electric organ.

A delightful fellowship supper was served by the members of the entertaining church, and the kind hospitality of these folk and their pastor, Rev. G. E. Sharpe, will long be remembered by the delegates and friends privileged to be present.

Flares Cause Excitement

Large, bright orange lights floating mysteriously high over the Bay of Fundy last Thursday evening caused a great deal of excitement locally until their origin was explained.

First seen shortly after dusk, the lights appeared sometime singly and at other times in pairs or groups. They seemed to flash into light, burn brilliantly with a flickering and then after about five minutes die out. As they died out smoke could be seen from them. They lasted until well after nine o'clock with a total of between twenty and thirty being seen.

Phone calls were made to local police and to Aircraft Detection headquarters in an effort to find out about the strange lights. Evidently they were also visible on the New Brunswick shore because at about eight o'clock radio news gave the information that the strange lights were phosphorous flares being used by aircraft from Greenwood in manoeuvres.

H. & S. Meets

The Smith's Cove Home and School Association held its regular meeting on Tuesday, October 5th, in observance of Fire Prevention Week.

It was learned at this meeting \$85.00 was required to buy the chemical toilets which the group hopes to have installed this fall. To help meet this commitment a pantry sale has been planned. It was also arranged to supply the pupils again this year with cod liver oil. It was also decided to join the Digby Area Film Council again this year.

The speaker for the evening was Mr. Tom Davis, of the Cornwallis Naval Base, who gave a very informative talk on the ways of putting out fires in the home, followed by a film.

At the close of the evening refreshments were served by the committee.

Finds Message In Bottle

Maynard Dakin and son, Elery, Halifax, formerly of Centreville, Digby Co., while visiting in this vicinity last week picked up a bottle on the shore at Deep Cove, near Culloden. In the bottle were two printed pamphlets from the Floating Christian Endeavour, 29 Howard St., Belfast, North Ireland, and dated May 30, 1954. One pamphlet printed in five different languages and bearing the number N.P.2, contained the following: "Dear friend — We hope you will enjoy reading our messages. Please write and state where and when you found this bottle. Also mention the initials and date marked on this note."

The other pamphlet was entitled "Farewell To Belfast" and contained the story of the departure of ill-fated Titanic from Belfast on her trials, April 3, 1912, and the story of "Capt. John Couts."

Arrangements for the rally were made by a committee headed by Ernest B. Tutts, President of the Digby Branch of the Legion. Chairman of the Zone meeting was Zone Commander Eugene Outhouse, M.M. of Tiverton.

At the banquet session a welcome was extended on behalf of the Town of Digby to the visiting delegates by Mayor Guy E. Morehouse, Victor Cardozo, M.L.A., extended a welcome on behalf of the municipality.

Guest speaker was Captain James C. Plomer, O.B.E., D.S.C., C.D., R.C.N., Commanding Officer of H.M.C.S. Cornwallis, introduced by Victor Cardozo, Captain Plomer took as his subject, "The Battle of the Atlantic."

Fourth Anniversary Services Weymouth Church Of Christ

At the morning service of the Fourth Anniversary Sunday of the Church of Christ (Disciples), Weymouth, the attendance was excellent and Mr. Sheets brought a Stewardship message stressing "Tithing" as obligatory for the Christian if he would live a full and worthwhile life. Christian living, said Mr. Sheets, is our vocation in life, what we do to earn a living is our avocation.

At the evening service the church was filled to capacity, chairs were placed to provide extra seating for a great congregation. The Weymouth Falls Baptist Church choir sang splendidly "Saviour More Than Life To Me", "Some Bright Morning", "Precious Memories", "Nearer Still Nearer" and "When The Roll Is Called Up Yonder", the hymns of the church. Mr. Sidney Cromwell, leader of the choir, sang a solo, "Have I Done My Best For Jesus". Mr. Sheets again brought a soul inspiring message on the theme "My Church, I Love It", pointing out the importance of the church in the world today. The speaker referred to the recent meeting of the World Council of Churches, of which he was a member, of the unity amongst the Christians of the world and the desire for greater unity and understanding.

The evening service was conducted by the minister of the church, Rev. John A. Carr. Rev. R. M. Johnston, Secretary Evangelist of the churches of Christ, in the Maritimes, read the Scripture lesson and led in prayer. Mr. Wilfred Cosman, clerk and secretary of the church, called the roll, to which there was a very favorable response.

Rev. Ervine Sheets, Secretary of the Pension Fund of the Disciples of Christ, with offices at Indianapolis, Ind., was the leader and speaker at a number of Stewardship Missions held in New Brunswick and Nova Scotia during the past ten days. The concluding Mission was held Friday, October 1st, in the Church of Christ, Weymouth. Members from Westport and Tiverton Churches of Christ were present. Mr. Sheets stressed the importance of Stewardship of all of life. The Stewardship of money had a distinct bearing on life as we live it, he said, and many a home has been saved from break-up by a real sense of the obligation of man to his God and his church.

The Church at Weymouth has, during the past year, increased its membership, interest and work, and looks forward to a very active period in the months ahead. This church lost one member by death during the year.

On Sunday, October 24th, this old and historic church will be re-dedicated. The service will be carried out in the evening at seven o'clock. Special music and addresses will be heard. The program will be in charge of the pastor, Rev. Mr. Young, Mr. D. B. Wright, of Middleton, will conduct the Harvest service in the evening.

The appointment of Mr. Clark is in keeping with the planning of the Department of Trade and Industry to diversify its media of publicity and provide greater concentration upon the industrial possibilities and tourist attractions that the province possesses. This diversity of publicity and concentration upon special features will provide information to a far greater audience of potential visitors and industrialists.

Indian Camps Destroyed

Fire of undetermined origin early Saturday morning destroyed the Indian camps at the Racquette.

The occupants had given up residence. It is understood, but a quantity of blankets and other household articles were destroyed by the flames.

The fire occurred some time before six o'clock in the morning and by the time the fire department received word the blaze was completely out of control.

Canadians Win Div. MMG Shoot

Korea.—The 2nd Battalion, The Black Watch has been proclaimed machine-gun champions of the 1st Commonwealth Division in Korea.

10 BATTALIONS
In a field competition among 10 infantry battalions of the four-nation division, two machine-gun crews from support company of The Black Watch placed first in a test of skill, speed and accuracy in handling the Vickers medium machine-gun.

The shoot, conducted by division headquarters, involved three tests. In the first phase crews judged on the number of rounds brought to bear on a target within two minutes after going into action. Two other phases of the competition involved firing at indicated target areas at ranges of 1500 to 1800 yards, points being awarded on the length of time required to engage the target successfully.

The Black Watch entries were drawn from the medium machine-gun platoon commanded by Captain Peter Hall-Humpherson of Digby, N. S.

A British and an Australian battalion placed second and third respectively.

First False Alarm Sounded

Digby's first false alarm in over twenty years last Thursday evening sent the fire department out on a wild goose chase to the Starlight Dine and Dance on the outskirts of the town. When the department arrived at the restaurant, which was closed, no one there knew anything about a fire or an alarm being sent in.

A check on the source of the alarm indicated it had been posted from a private telephone within the town.

Art Group Entertained

Fifteen members of the Digby Art Group held an outdoor painting session at the home of Mrs. J. Vian Andrews, North Range, this week, after which supper was served by the hostess and her daughter, Mrs. Thomas, both members of the group. This is probably the last outdoor painting for this season, weekly classes being scheduled to resume next Thursday at the Regional High School with Mrs. Marie Harney as instructor.

During the summer months the Art Group was also entertained by Mrs. Harney at her home in Belliveau's Cove. Mrs. Gordon Turnbull at Brighton, Mrs. Grace Edwards at Smith's Cove, and at a picnic at Margo, near Weymouth. These outdoor painting sessions have proved stimulating to the group and it is expected that there will be an active class of would-be artists in Digby this winter.

About This and That

Let It Be A Happy Hunting Season This Year

This week the 1954 hunting season opens in Nova Scotia. Efforts have been made this fall by governmental agencies to impress upon the hunting public the need for extreme caution and care in order to avoid those tragic accidents that each year bring down a pall of gloom on the hunting season.

We commend these efforts and urge upon all our readers who are hunters or who will frequent the woods during the hunting season that they conduct themselves in such a manner to ensure they cannot be responsible in any way for the causing of tragedy during this year's hunting season.

The problem of cutting down on accidents during the hunting season is an individual one. If each and every hunter will see to it that he obeys all of the rules laid down for the handling of firearms, will see to it that he has a full and plain view of his target before firing and will in all things conduct himself in a sane, safe and sober way while in the woods, the accident potential of the hunting season should be sharply reduced.

Attends Convention

Back from the history-making three-day national Chevrolet Outsmobile Dealer Convention in Toronto, which he described as "the largest and most significant convention in the history of the Canadian automotive industry," A. L. Robinson was interviewed by the Courier this morning. He was accompanied to Toronto by H. A. Nichols.

"Startling design and power changes in the completely revamped Chevrolet for 1955," Mr. Robinson reported, "will make this the most important model ever to be offered in the popular price field."

This was the unanimous reaction of 1500 dealers and department heads from points as wide-spread as Northern B. C. and Newfoundland, who gathered in Toronto for the record-shattering convention Mr. Robinson said.

The dramatic model changes were introduced in the first-day feature of the convention, a two-and-a-half-hour glamour review that high-lighted the cars on the largest indoor stage ever built against a background of costumed models, and specially-arranged music. Canada's top variety talent was enlisted for the Broadway-standard production.

The 1500 guests made a detailed tour of the company's new 47½-acre passenger car assembly

plant in Oshawa, largest in Canada or the Commonwealth, on the second day of the convention. The enormous plant, Mr. Robinson reported, gives General Motors a productive capacity of 1350 vehicles a day, by far the Canadian auto industry's greatest.

Third-day highlight was a trip to St. Catharines and the new "push-button" foundry of McKinnon Industries, a GM division. Steel men around the world regard the new foundry as the most modern in existence.

"The new model developments, combined with the greatly stepped-up productive capacity resulting from GM's 100 million dollar expansion program over the past four years," Mr. Robinson said, "have left me with the conviction that our buyers can look forward to 1955 as the most important year on record."

Horse-shoes by TIFFANY'S

AROUND THE END of the last century, when aluminum was practically a precious metal, a famous racing stable had one of its thoroughbred shod with racing plates of the weight-saving material. They were made at Tiffany's, the famous New York Jewellery house.

Nowadays it is standard practice for race horses to run on aluminum shoes. Since the turn of the century the price of aluminum has been reduced to the point where it is now one of the most economical of all materials, extensively used for things like barns and boats and bus bodies. We have so much to protect

This Canada of ours — is ours to enjoy at a price — the price of constant alertness.

We cannot take for granted our freedom to worship, to vote, to educate our children, or to order our home life as we please. All these freedoms are ours only as long as we are willing to do everything necessary to maintain and defend them.

All honour then to the Canadian Soldier — the steadfast guardian of all our free institutions. Without men like him, the Canada we love might cease to be.

We have so much to protect. Let us all do our part, without let-up, whatever way our duty lies.

HEAR U. N. SUMMER SCHOOL REPORT

The Bear River Women's Institute held their regular meeting on Monday afternoon, Oct. 4th. A report on the booth at the Digby County Exhibition was heard, also a report from Miss Marion Tupper on the session of the United Nations Summer School. The president, Mrs. Willis Buckler, was appointed as a delegate to the W. I. N. S. Convention with Mrs. Harry Woodgate as alternate.

A program on the origin, distribution and effect of Crime Comics was given by Mrs. Buckler, after which a short Thanksgiving program was enjoyed. At the close of the meeting refreshments were served by the committee in charge.

Some men do as much begrudge others a good name, as they want one themselves, and perhaps that is the reason of it. — Penn

it keeps me fit!

Yes, I'm a real booster for Wampole's Extract of Cod Liver. It builds me up, particularly in the winter months; gives me pep and energy. I suppose it's the vitamin "D", and the liver and the other tonic ingredients in it. At any rate, it's my standby for health, and a mighty pleasant one too!

"He charged nothing for his call... but it saved me lots of hard cash over the years"

"When I first thought of life insurance, I looked only at the size of the premiums I'd have to pay. Then a man from The Mutual Life of Canada said: 'Premiums aren't everything. A well-managed company pays its policyholders good dividends. Premiums less dividends — that's the real cost of your insurance.'"

"I studied the dividend record of The Mutual Life and decided to take all my insurance with that Company. It has certainly paid me. That helpful young man charged nothing for his advice — but it has saved me lots of hard cash over the years."

For the past year Mrs. Trask and found she had passed away. She survived by her son and her husband predeceased her his wife, three grandsons and a sister in the U. S. A. Mrs. Trask was in her usual health when she went to her room and as she did not join from the Little River United Baptist Church. Hymns sung were "Saviour Like A Shepherd Lead Us", "Nearer Still Nearer", "Take My Hand Precious Lord", sung by Deacon Shirley Todd. Pall bearers were Otto Frost, Earl Frost, Edgar Trask and Clyde Denton.

DIGBY AREA HOME AND SCHOOL RE-OPENS

The first meeting of the season for the Digby Area Home and School was held on Wednesday evening with the President, Mrs. J. V. Andrews, North Range, in the chair.

Other officers of the Association who were elected at the closing meeting in the Spring are: Vice-President, Baden Powell; Secretary, Mrs. Smith Harding; Treasurer, Mrs. Eva Wendell. Conveners of committees are: Program, Mrs. Frank Ross, Culoden; Health, Miss Marjorie Tupper; Education, Miss Thelma Girroir; Membership, Mrs. Donald Amoro; Ways and Means, Mrs. Allan Thomas; Publicity, Mrs. J. M. Wallis.

Delegates appointed on Wednesday evening to attend the Home and School County Council at the Regional High School yesterday were Baden Powell, Mrs. Wallace Handspiker, Wallace Hodgson, Mrs. J. V. Andrews, and Mrs. Thomas Sabine, Digby.

Discussion on the Adult Education classes resulted with tentative opening date set for Wednesday, October 27. During the discussion Baden Powell suggested that interest for men attending the Adult Education Classes might be aroused if classes including instruction on electric pumps, electric motors, lumbering, shingling and gas engines might be made available. The Adult Education committee, F. C. Purdy, Rev. E. C. Churchill and Mrs. J. M. Wallis were asked to look into possibilities of such classes.

Highlight of Wednesday evening's program was the report of the Provincial Home and School Convention which met at Antigonish in the summer and presented by Mrs. Eva Wendell and Mrs. Russell Atkinson, delegates. Extracts from the addresses of the President, Raymond Simpson, and of special speakers were given by Mrs. Atkinson. The convention, which was held in St. Francis Xavier University, was reported by the Digby delegates as being outstanding in Home and School Provincial conventions.

Over sixty registered for the 1934-35 session of the Digby Area Home and School which opened on Wednesday. After the singing of "O Canada", Mrs. Wallace Handspiker got the meeting away on a sound footing by reading the creed and aims of Home and School.

Many of the new teachers, as well as those who have returned to Digby, were present at the meeting on Wednesday night. The new comers were introduced and welcomed by F. C. Purdy, Supervisor of Schools, who also

advised the parents present not to be hesitant in bringing any problems or anxieties pertaining to school, to school authorities. The visitors, consisting of Hospital Board members and their wives, the doctors and their wives and members of the Ladies' Hospital Aid, were conducted through the building by Mrs. Hilda Cossaboom of the hospital nursing staff.

In the Nurses' Residence walls of the bedroom were redecorated in pastel shades and corridor floors were redone, both on the first and second floors.

The waiting and dressing rooms reserved in the hospital for patients receiving x-rays had been redecorated, new floor coverings laid and dressing booths recurtained. Walls and floors in the kitchen had been repainted. Wards, both on the first and second floors, were given a new look with their bright new curtains, bedspreads to match, and shining floors.

Chairs in the waiting room on the first floor were reupholstered and walls redecorated. The sunporch, which has on occasions been used for patient accommodation, was supplied with new curtains and had newly painted floors. Many private rooms had also undergone a facelifting and presented an attractive appearance to the visitors. Among these were rooms sponsored by the Kiwanis Club, Smith's Cove and Zelma Rebekah Lodge.

Afternoon tea was served, which provided an opportunity to meet with the nursing staff, when Mrs. Forest Elsner, President of the Ladies' Hospital Aid, and Miss Mary Letteney, Nursing Supervisor, received the guests. Presiding at the tea tables, which were daintily adorned with fall flowers and roses, were Mrs. L. F. Dolron, Mrs. M. S. Leonard, Mrs. A. J. Dillon and Mrs. E. J. Theriault, Assistant in serving were Mrs. L. M. Saunders, Mrs. Basil Porter, Mrs. Ralph Wright, Mrs. D. G. Black, Mrs. Dickson Sabine, Mrs. C. D. Snow, Mrs. George Winfield, Mrs. Ralph MacIntyre, Mrs. Joseph Hattie and Mrs. Hugh Vincent.

Many expressions of appreciation for the work accomplished by the Ladies' Aid were heard during the afternoon conversations. Particular mention was made of the untiring efforts of the President, Mrs. Elsner, and of the convener of the supply committee, Mrs. E. D. Lewis, under whose jurisdictions the work of redecorating was carried out.

Wharf Lighted

The new lighting system on the wharf and spur pier here was turned on for the first time Monday evening.

Fourteen fixtures of the new luminaire type have been installed and do an excellent job of illuminating the pier which until the new lighting system was installed, was very dark and because of this a potential source of danger to the many fishermen and others who use it.

Contract for installing the new lighting system was carried out by John Young. An automatic two way switching system will turn the lights on in the evening and extinguish them at daylight.

Trinity Women's Auxiliary will meet on Tuesday evening with Miss Louise Daley.

N. S. WEEKLY EDITORS HEAR GOV'T. SPEAKERS

Two prominent ministers in the Nova Scotia Legislature spoke before members of the Nova Scotia Weekly Newspaper Association, which held its Annual Meeting at the Nova Scotian Hotel, Halifax, on Friday and Saturday of last week.

On Friday the Hon. Wilfred Dauphinee, of the Department of Trade and Industry, was host to the newspaper editors and wives at a luncheon, when he revealed to his audience something of the aims and functions and problems of his department. One of their jobs, he said, was to encourage industry and to generate an optimistic note into the industrial outlook, but he also said that facts had to be adhered to, otherwise a man might establish an industry and be misled.

Our tourist literature has been considered by qualified experts, he said, as among the best put out anywhere, and he revealed further plans being undertaken for travel promotion. The Hon. Mr. Dauphinee introduced George E. Herman, recently appointed Chief of the Information Bureau and Earl Clark, Director of Industrial and Tourist Promotion for the province. The minister was thanked by the N.S.W.N.A. president, Robert Mills, Windsor.

Frank Burns, Kentville, congratulated Mr. Herman on his appointment and in reference to the minister's address endorsed the decision for expansion of travel promotion. He referred also to the Bar Harbour-Yarmouth Ferry and the Canso Causeway as a big asset to the tourist industry in the near future.

The Hon. R. J. Fielding, Provincial Treasurer, Department of

Municipal Affairs, was guest speaker at the Friday evening banquet. He briefly set forth ways in which Municipal Government might be improved and gave his audience an insight into problems pertaining to municipal affairs. He told the editors that they could do much to stimulate interest in and show the importance of municipal governments through the press and pointed out that they could be of much service by giving the public an account of the proceedings of town and municipal councils and in lending support to the mayor and councillors.

Members of the Newspaper Association were privileged to tour CBC radio station on Friday where Charles Albon, Springhill, Frank Burns, Kentville and Mrs. J. M. Wallis, Digby, were heard in interviews over Lionel Brown's 6 p.m. program.

The Dartmouth Free Press was admitted to the Association by unanimous vote, and a hearty welcome extended to its editor, Ralph Morton, by the president, Mr. Mills. The Dartmouth Free Press has been in operation since late Spring.

Officers elected for the 1934-35 term were: President, Frank Burns, Kentville; Vice-President, Fred Beattie, Bridgetown; Secretary-Treasurer, Jack Albon, Springhill; Editor, Robert Mills, Windsor; Executive, Waldo Davidson, Wolfville; Acadian, Fred MacPherson, Bridgewater; Bulletin, Robert Mills, Windsor; Hants Journal, Mrs. J. M. Wallis, Digby; Advocate, George Murray, Pictou.

Baptist Women's Groups Meet

The Baptist Women's Missionary Societies of Digby County held their Fall District Session on October 7th at the Westport Baptist Church at 2 o'clock with the District President, Mrs. E. Andrews, in the chair.

After the opening service Mrs. Campbell gave a welcome to the delegates and a fitting response was given by Mrs. Olmstead, of Little River.

The devotional was given by the Westport society, under the direction of Mrs. George Sharpe, President, with prayer by Mrs. Wickerson Lent, and a reading on the theme "Time", by Miss Lulu Repole, with references taken from Ecclesiastes and Malachi, and the service closed with the hymn "Take Time to be Holy".

A group of young ladies from the Westport church now delighted the congregation with a fine rendering of "Crimson" after which minutes were read and approved and the W.M.S. reports gave evidence of the continued interest in the Master's work.

Continuing the theme of the District Sessions, a trio of speakers then presented papers on Christian Education.

Rev. R. R. Winchester, Barton, presented "Christian Education in the Home"; Mrs. Harry Molins, of Centreville, "Christian Education in the Church"; and Mrs. Eric Miner, of Freeport, "Christian Education in the Community".

Each speaker ably presented the ideals of a life built on Christian education and character.

The President, in thanking the speakers, spoke briefly on Christian education as a worldwide issue, and the session closed with a beautiful rendering of "Softly and Tenderly" by the young ladies group, a hymn, and benediction by Rev. C. Olmstead, Little River.

During the afternoon the nurses and other officials visited the Digby Psychiatric Clinic where problems of mental health care were discussed.

Those attending the meetings were Mary Marshall, of Little Brook; Mary Kuchinak, Jean Thorber, Mrs. George Carter, of Yarmouth; Joan Palmer, of Shelburne, and Mary Blair, Digby.

Heads Hospital Drive

E. Scott Eaton has been named to head up a county-wide campaign for the Digby General Hospital which is scheduled to get underway on November 1st. It was announced here this week by the Board of Directors of the hospital.

Objective of the drive is \$10,000 and it has been made necessary because of heavy expenditures this year which have forced the bank overdraft of the hospital beyond \$8,000.

It is understood the campaign will be vigorously carried out and that in most areas a house-to-house drive will be made. Canvassers will seek cash donations and will also try to interest donors in a novel plan of contributory savings to help the hospital. This plan calls for the saving of ten cents a day by each donor over a full month, this saving to be donated to the hospital campaign.

Sponsors of the hospital drive feel confident that if every possible donor in the county fully realizes the plight of the hospital and the necessity for keeping its services available to the public of this area, the campaign will meet with needed success.

Lodges Welcome Official Visitor

A joint meeting of Zelma Rebekah Lodge No. 78, Digby, and Elita Lodge, Bear River, was held in the I.O.O.F. Hall, Digby, on Thursday, October 14th, for the purpose of welcoming Mrs. Charlotte Lavers, Vice-President of the Rebekah Assembly of the Maritime Provinces.

At seven o'clock some eighty members of the Order sat down to a banquet supper, after which the roll of Zelma Rebekah Lodge was called by Secretary Sister Eva Fleet. A special meeting of the Lodge was opened, presided over by Noble Grand Sister Ellen Cleveland, followed by an Obligation Service. Sister Florence McKay, of Smith's Cove, rendered a solo. Sister Lavers was introduced by Sister Ruby Roope, after which she gave a very helpful and inspiring address on the work of the Order, stressing the need for the promotion of the Polio project and Youth Work.

Sister Lavers was presented with gifts from Elita and Zelma Lodges, at which time she thanked all in a very gracious manner.

Sister Phyllis Read, N.G. of Elita Lodge, Bear River, was presented with a Certificate of Perfection, after which she spoke in a few well chosen words.

Guests were present from Fair Isle Lodge, Freeport; Sunrise Lodge, Tiverton; and Sapphire Lodge, Saint John.

Sister Lavers, during her visit in Digby, was an overnight guest of Sister Margaret Wyman and a dinner guest of Sister Ida Sabine, District Deputy President of Zelma Lodge.

Honour Departing Priests

A farewell party, in honour of Rev. Father McCarthy, O.M.I., Pastor of St. Patrick's Parish, and Rev. Father Murphy, O.M.I., Parish Priest, was held Sunday evening in St. Patrick's Parish Hall. Both Father McCarthy and Father Murphy leave this week to take up new duties elsewhere. They will be succeeded at St. Patrick's Parish by Rev. Father Luke Gaudet.

Mr. Elie Comeau, President-elect of the Holy Name Society, presided at the gathering which was largely attended. He presented, on behalf of the parish, illuminated addresses to both of the priests.

In making the addresses Mr. Comeau commended the Oblate Fathers for the excellent work they had done in the parish during their stay here. He expressed the regrets of the parishioners on the departure of Father McCarthy and Father Murphy and stated all the parish joined in wishing them every success and happiness and God's Blessing wherever their new duties took them.

Joseph D. Hattie presented, on behalf of the Women's Catholic Club and the Holy Name Society, farewell gifts to the two priests.

Deputy Mayor Victor Cardozo, M.L.A., expressed on behalf of the Town of Digby regrets at the departure from Digby of Father McCarthy and Father Murphy. He stated that, during their stay here, they had worked actively, not only in the duties of their own church, but also had cooperated in many community endeavours. He expressed the hope of the town they would enjoy success and happiness in their new spheres of activity.

In replying, Father McCarthy thanked everyone for their good wishes and for the presentation which had been made. He commended the people of St. Patrick's Parish for the cooperation they had given the Oblate Fathers during the time they had been in charge of the parish here and urged them to give the same full measure of support and cooperation to the new Pastor.

At the close of the formal ceremonies a lunch was served by the ladies of the Women's Catholic Club.

About This and That

Worthy Of Active Support

Last Wednesday evening marked the opening of the fall meetings of the Digby Area Home & School Association. The occasion was marked by a good attendance and a good deal of enthusiasm for the proposed winter's program was shown.

This organization, serving as it does the area served by the Digby schools, is worthwhile and is worthy of the active participation and support of the people of this district.

Through the Digby Area Home & School Association the people served by the local schools are given an opportunity to meet and discuss among themselves and with the teachers of the schools the problems which affect them as parents, as taxpayers and as people interested in the welfare of the area both educationally, socially and in all other ways.

One of the most significant points about the organization is that it serves as a meeting place, not for the people of one district or section, but for the people of ALL the districts served by the Digby Regional and Elementary Schools.

The important thing about this is that, through the work of this organization and the contacts that are developed, good relations are fostered that will bring and are bringing town and countryside together in closer cooperation and harmony.

We commend to all the people of the area active participation in the Digby Area Home & School Association and urge most strongly that every effort be made to enlarge and improve the work of this body that the feeling of rapport between town and country that is being developed through it might be more thoroughly cemented.

\$10,000 Is Needed

On November 1st the Digby General Hospital will launch a campaign throughout Digby Municipality in an effort to raise a minimum sum of \$10,000 to place the hospital in a sound financial position.

The current campaign for funds has been made acutely necessary because of the fact that several heavy and necessary expenditures have had to be made by the hospital Board of Directors over the past several months. These have had the result that the hospital is now in the unhappy position of having a bank overdraft of approximately \$8,000.

The expenditures referred to are the purchasing of a new and completely modern X-ray unit, valued at \$3,000, which was secured at a net cost to the hospital of \$5,400, and necessary summer repairs to the hospital building which amounted to over \$3,000.

These large capital expenditures, together with mounting operational costs, have placed the hospital in a position where a drive for funds has been made absolutely necessary if the hospital is to continue to provide the type of service to the people of this area that it has been supplying.

In commending this appeal by the Digby General Hospital we would point out to our readers several facts about the hospital that should be kept strongly in mind. First of all, the Digby General Hospital is OUR hospital. It is there, ready to serve us whenever it is needed, in any emergency, we can count on the services of the hospital and its staff. In a great number of cases these services and the fact they were here when needed has meant the difference between life and death and there are people in this Municipality who can truthfully and thankfully say that they owe their lives to the fact the hospital with all its services was at hand when they needed it most.

Secondly, there are factors about the operation of our hospital which we do not seem to be receiving the attention which they should. We refer to the provable fact that the Digby General Hospital, which served more patients during 1953 than any other hospital of comparable size in the province, operated at a lower cost than any other hospital in its class. We also refer to the fact that the Digby General Hospital has one of the smallest nursing and maintenance staffs of any hospital of its size and yet ranked with the largest local hospital in the province in the number of patients served.

The above facts, together with the fact that, despite continuing and increasing financial burdens due to the steadily spiraling costs of operation which have affected this hospital along with all other similar institutions, the Digby General Hospital has steadily improved and expanded its services to the people of this municipality over the years should be convincing evidence that the management of this institution are fully conscious of their responsibilities and are doing all in their power to give to the people a service which is adequate and of both real and great benefit to the area.

Some people say that if the hospital collected all its bills public campaigns for funds would be unnecessary. Only ignorance could prompt an attitude such as that. Even if the hospital collected 100% of its accounts it could not fully pay its way. Costs of all the services which the hospital renders to its patients, particularly those who are indigents and whose accounts must be paid through town and municipal sources, are not collectible and the difference between operating costs and income must be met through grants and public subscription. It must be remembered the Digby General Hospital is a public hospital — not a private business concern whose management can dictate its operating policy without regard to public welfare.

In summing up we would say that there is a superabundance of evidence that the Digby General Hospital is a necessary and worthwhile institution — that the continuation of its present services and their expansion to meet constantly improving medical knowledge is a vital necessity if the health and welfare of the people of this area are to be properly protected and that the management and directors of the hospital are doing everything in their power to place and keep the operation of the hospital on a sound business basis. These things being unquestionably true then it follows that it is the duty of every citizen of this area — even if only for the fact it is in their own interests — to support the current financial drive of the Digby General Hospital to their fullest ability. Remember — today the hospital needs you — tomorrow you may need it!

Digby General Hospital

NOVEMBER DRIVE -- OBJECTIVE \$10,000.00

"Support your Hospital - today it needs
your help - tomorrow you may need it"

Why We Appeal

1. The present bank overdraft of the Digby General Hospital is in the vicinity of \$8,000.00.
2. The imperative need for the installation of the new X-Ray equipment costing \$9,000.00 increased the bank overdraft by \$5,400.00.
3. Necessary summer repairs were in excess of \$3,000.00.
4. Salaries and wages have practically doubled in the past five years, although our nursing staff is still paid on a lower scale than other hospitals in our class.
5. Operation and maintenance costs have spiraled in recent years. Necessary drugs and surgical supplies have increased many times in cost.
6. Even if the hospital could collect 100% of its accounts this would not enable the hospital to pay its way. We collect approximately 65% of all accounts — the remainder must go for service to indigent patients and is for the most part uncollectible.
7. The Hospital Board must depend upon grants from the Province, civic governments and private benevolence for the difference between revenue and expenditures.
8. Our objective is \$10,000 and unless this money is raised the Hospital will be forced to drastically curtail its services to the Digby Area.

How You May Help

Our fund raising campaign is two-fold in nature based upon:

1. An immediate appeal for donations; and
2. A daily donation over a limited period.

Therefore, you may help your Hospital during this campaign by:

1. Making an immediate contribution in cash or cheque to our canvassers when they call at your door;
2. You may also help by accepting our donation boxes and systematically contributing a dime a day for 30 days.

Our Canvassers will call upon you shortly — Give Generously — that your Hospital may be there to serve you when you need it.

Bear River Extends School Facilities

At a special ratepayers meeting held at Bear River on Sept. 28th, it was decided to borrow the sum of \$6,000.00 to build two class rooms in the basement and provide a fireproof furnace room. Completion of the additional rooms will increase the number of rooms to eight and make it possible to accommodate an other fifty to sixty pupils. Any room which is still available after pupils from Bear River are taken care of will be allocated to pupils from sections outside Bear River who have no other means of attending school. Those from East Victoria are already attending and it is expected West Waldeck will be taken in when the rooms are all completed.

Work has already begun under the supervision of Mr. William Villore with a crew of local carpenters and it is expected the job will be finished in three or four weeks unless unforeseen delays occur. It is felt this is a step in the right direction and should add to the prestige of Oakdene and help in a small measure to relieve the existing crowded condition of our school.

Saving money... and writing cheques

A bank offers you two types of deposit account, Savings and Current.

If your main purpose is to save, to accumulate funds, it's good to have a Savings account.

The money you leave in a Savings account earns interest, and your bank book gives you an up-to-date, continuing record of your financial progress. If your funds are active, with frequent deposits and withdrawals, a Current account provides a special service; a monthly statement, together with your cancelled cheques—useful as receipts and a ready reference for budgeting, bookkeeping and other purposes.

If you write cheques frequently, you will like the many advantages of a Current account.

Fireside Chat With Doc. Quack

The first thing you will notice different about the compost pile is that it will settle to about half volume in a couple of weeks. It is not advisable to tramp on it but let nature do it the slow way. You can't beat nature's way you know.

The bacteria has begun to break down the leaves and other materials and later if you take a handful and smell it you will find it smells like rich earth or leaf mould. If the weather stays warm and moisture conditions are just right, the bacteria will have decomposed the contents so that in about three weeks you should "turn the whole pile upside down and inside out." This helps nature to do the job quicker and more thoroughly. Take a five or six tined fork and apply the elbow grease in the correct manner and turn the heap completely so that the outer edges are on the inside and vice versa. If you find the "inside too dry then you know that it needs more water. You will learn by experience as to the amount of rainfall is sufficient.

Some things that you must not add to the compost heap are these: chemicals, plaster, oil or grease unless the edible variety soapy water and other things of this nature as this would kill the bacteria by the billions. It has been estimated that only one ounce of "rich soil" contains several million "live animal bacteria." These are the farmer's and the gardener's free hired hands and therefore it can easily be seen why we should encourage their propagation.

You may still add to the heap such things as sour milk, spoiled food, skins of all kinds, as these will all go to make good soil from which they came.

Next week we will talk about the earthworm and its importance to the gardener.

We in Canada hesitate to inject ourselves into the furors which explode now and then in the States. As loyal and friendly neighbors we are inclined to ignore such situations, silently hoping and trusting that the squabble will evaporate without leaving a scar.

The current "hound dog on his haunches" political issue, however, causes us to remember, with a friendly twinkle in our eye, the campaign song of some 40 years ago in the States, which ended with the well-remembered couplet:

"Makes no difference if he is a hound,
You got to quit kicking my dog around."

All of which is, as the billy goat said while he was eating the looking-glass: "This is indeed food for reflection."

OBITUARIES

Ethel Robinson

Relatives and friends here were shocked on Monday, October 18, by the sudden passing of Miss Ethel Robinson after a short illness. She is survived by her mother, Mrs. Annie Robinson, and by one brother, James Robinson, of Digby, and one sister, Violet, (Mrs. B. Toren) of Montreal. Funeral service was held from Trinity Anglican Church Wednesday afternoon at 2:30 with Rev. H. Y. MacLennan officiating.

Roxanna Sabine

Funeral service for the late Roxanna (Rings) Sabine, wife of the late John Sabine, was conducted at the home of Joseph W. Sabine, Riverdale, on Wednesday afternoon at 2:30.

Mrs. Sabine, who was born at Barton, would have been 101 years old had she lived until Oct. 23rd.

Mrs. Sabine, who was active until less than a year ago, had been a bed patient since March and has been cared for by her daughter-in-law, Mrs. Joseph Sabine, and son, Joseph.

"Gram Sabine" as she was called by all in these nearby communities, had been a friend to all, always helpful to neighbors in times of sickness and troubles. She had great faith in her Lord and Saviour and left a great testimony of faith when passing to her reward.

Rev. D. C. Webb, pastor of the Reformed Baptist Church, Havelock, of which Mrs. Sabine was a faithful member, conducted the service, assisted by Rev. Norman Trafton, of Bethany Bible College, Yarmouth.

The hymns sung were, "The Old Rugged Cross," requested by her sons in Saskatchewan who were unable to be here, and "Meet Me There." Her grandchildren, their wives and husbands, sang "Jesus Will Walk With Me."

She leaves to remember a loving mother, two daughters, Mrs. R. J. Way, Markata, Sask.; and Mrs. A. C. Mullen, Beals, Maine; four sons, Harold, New Tusket; Percy and Bernard, of Neidpath, Sask.; and Joseph with whom she resided. Two sons, Rev. L. T. Sabine and Leslie Sabine predeceased her. Surviving also are a brother, Roland Ring, of Salem, Mass.; several nieces and nephews; thirty-four grandchildren, (four of whom are ministers); sixty great-grandchildren and three great-grandchildren.

The pall bearers were four of her grandchildren, Walter, Edgar, Fred and Earl Sabine.

Burial was in the family lot at Southville cemetery. Rev. and Mrs. H. C. Mullen, of Beals, Maine; Rev. Ralph Sabine, of Springhill; Rev. and Mrs. Ronald Sabine, of Brookfield, Colchester Co.; and Rev. and Mrs. Lawrence Mullen, of Yarmouth, and Mr. and Mrs. Fred Sabine, of Pleasant Valley, attended the funeral.

Mrs. Adolph Specht

The village of Barton was saddened on Thursday, Oct. 14th, by the death of Mrs. Lillie Specht, wife of Adolph Specht. She was ill only a short time and her death came as a great shock. She will be greatly missed as she was a community worker, helping in everything that pertained to the good of the village. She was an ardent worker in the St. Mary's Bay Baptist Church, having been president of the Sewing Circle for twenty-five years and for thirty-five years she sang in the choir.

She and Mr. Specht celebrated their golden wedding on December 14th, 1953.

Mrs. Specht was born in North Range, the daughter of Mr. and Mrs. Watson Haight. Besides her husband she leaves to mourn four sons, William of Saugus, Mass.; Harold of Gulliver's Cove; Edison of Digby; and Lloyd of Barton. Also four daughters, Minerva, (Mrs. Norman Taylor) of Barton; Sara, (Mrs. Henry Shortliffe) of North Range; Ruth of New Germany; and Margaret of Halifax. She also leaves fifteen grandchildren.

COAL is KING

because

IT IS MARITIME INDUSTRY'S BEST CUSTOMER

In addition to amounts spent in wages, taxes and royalties, the coal industry annually spends \$15,000,000 in purchases of stores and supplies. This expenditure of \$65,000,000 annually makes it possible for other manufacturing and retail businesses to maintain a high level of employment.

IT IS A GOOD FRIEND TO THE TRANSPORTATION WORKERS

Nova Scotia coal is responsible for the expenditure of \$8,000,000 annually with transportation companies. Without this business the companies and their employees would be adversely affected.

AND IT'S YOUR BEST FRIEND TOO!

Nova Scotia coal is the most economical, efficient fuel you can use. Dollar for dollar you get MORE heat from coal than from any other fuel.

IT IS THE GREATEST SINGLE FACTOR IN MARITIME PROSPERITY

According to Nova Scotia Government figures 20 per cent of the population of the province directly depend on the coal industry. Without a prosperous coal mining industry all Maritime welfare would be seriously jeopardized.

IT IS THE GREATEST SINGLE EMPLOYER OF LABOUR

The coal industry employs more than 15,000 wage earners. The industry annually distributes some \$50,000,000 in wages. Without this \$50,000,000 in circulation all business would be adversely affected.

"Guy! Give 'Vic' a kiss for this too"
Another 30 miles from Digby to
East Ferry paved in Nova Scotia

WARREN MARITIMES LIMITED
 HALIFAX NOVA SCOTIA

A Kiss From The Residents Of Digby Neck

The government officials, as guests of Victor Cardozo, M.L.A. for Digby County, are having an official opening of the thirty miles of new pavement on Digby Neck, which was started in 1953 and completed this year. Warren Maritimes Limited, who have paved many miles of road and streets in the Province during the past fifty-two years, were the contractors.

Under the leadership of the late Premier Angus L. Macdonald, the section from Digby Town line to Centreville was completed in 1953. In 1954 the late Premier, and then also Minister of Highways and Public Works, called tenders on the balance of the Digby Neck Route as far as East Ferry in order to fulfill the wishes of all residents on this route. Honorable Harold Connolly, Acting Minister of Highways, awarded the contract to Warren's, and the work has been completed under the supervision of the Honorable A. W. Mackenzie, now Minister of Highways and Public Works.

One of the very pleased residents of this county is Mayor Guy E. Morehouse, who operates a bus line on the Neck when not busy with the Town problems. The Victoria Bridge Division and two approaches to the Town of Digby were also paved this year and now join Trunk 1A and Trunk 17 with the completed paved route. In order to give a satisfactory paved surface to the entire route, the Department of Highways and the Town of Digby combined to resurface the main street of Digby, which also serves as an entrance into the Province from New Brunswick via the C.P.R. Ferry, which carries a large number of cars, especially those of tourists.

Who's brightening your future these 4 ways?

1 Some people are helping to bring your community a new shopping centre, highway, school, power plant or other useful projects. Who are they? Life insurance policyholders! Money from the premiums they pay is invested for them in ways that help finance improvements like these.

2 A longer, healthier life may be yours, thanks in part to life insurance policyholders. Life insurance companies contribute funds to medical research studies designed to free Canadians from the threat of many dread diseases.

3 Everybody shares in the prosperity which expanding industries bring to a community. Some industry in your community may have built a new plant and employed more workers because life insurance companies invested money in it on behalf of their policyholders.

4 Some day—perhaps soon—you may want a new home. If so, you may find yourself living happily in one of the thousands of new houses which have been built from coast to coast with the aid of money invested for policyholders by life insurance companies.

So, if you are a life insurance policyholder, remember—while you're providing security for your family and yourself, you're also helping to make Canada a better land to live in!

P.S. From your life insurance man
"Invested life insurance dollars earn interest that makes it possible for you and your family to enjoy the benefits of life insurance at such low cost. If you have any questions about how to make life insurance fit your own special needs, give me a call. I'll be glad to help you!"

PRECIOUS PEBBLE

BACK IN 1825 the Danish scientist Oersted produced the first pebble of metallic aluminum. Half a century passed before a technique was discovered for turning out the metal in quantity.

Modern processing of bauxite ore to make low-cost aluminum uses fantastic quantities of power. That is why Canada is one of the world's major aluminum suppliers. In Quebec province, smelters at Arvida, Shawinigan Falls, Isle Maligne and Beaudouin last year used nearly one-fifth of the country's total electrical output. And in British Columbia new sources of water power are feeding the pot lines of the new smelter at Kitimat. Aluminum Company of Canada, Ltd. (Alcan).

Celebrate Birthdays

Mrs. Margaret Wentzell, Ross-way, was 81 years old on October 13 and her granddaughter, Heather Williams, of Halifax, was 15 years old on October 13.

On Sunday evening twenty-seven relatives gathered at the home of her daughter, Mrs. Percy Harris, to congratulate Mrs. Wentzell on her birthday. Mrs. Wentzell is very active for her age. She knits, reads and loves to watch television.

Many gifts and cards were received by both. The evening was spent socially with Mrs. Norman Williams, of Halifax, showing many interesting pictures.

The dining room table was attractively decorated with tall white candles in crystal holders, a large bouquet of gladioli in

the centre and two lovely birthday cakes. Everybody formed a circle around the table and sang "Happy Birthday" to Mrs. Wentzell first and then to Heather. Pictures were taken of Mrs. Wentzell and Heather cutting their cakes.

Mrs. Norman Williams poured and three granddaughters, Mrs. Rodney Denton, Little River; Mrs. Donald Johnson, Halifax; and Miss Shirley Harris, Sandy Cove, helped serve the bountiful lunch.

Mrs. Wentzell has many grandchildren and great-grandchildren and to everyone she is known as "Grammie Wentzell." We wish her many more happy birthdays.

I'll take lumber for my building. Lumber's easy to use. It doesn't cost much to build with, and later fixing up isn't any great chore. Lumber makes a weather-tight building, too — keeps it warm in winter, cool in summer.

Attends Toronto Convention

Local businessman Ken Hankinson returned this week from the final session of the October 5 to 15 National General Motors Dealer Conventions in Toronto.

He described the record-breaking event, attended by 3,000 GM dealers and department heads from every province and the Yukon Territory, as "the greatest automotive convention in terms of attendance and range of activities ever staged in Canada."

Commenting on the mammoth convention, which he attended in company with his department heads, R. K. Cosman, Joe Ethier and Jarred Frankland, the Weymouth Pontiac-Buick dealer said, "The high point of the program was the preview of the 1955 models, which are still under a very close security screen. I may say that the new cars, which will be publicly announced later this Fall, have undergone the most complete re-designing in at least 15 years, and will offer startling improvements to drivers in the popular field."

The three-day Pontiac-Buick session, which concluded the history-making convention, was closely scheduled with a full table of events, Mr. Hankinson said.

Following the opening preview of the new cars, which were presented in a musical production starring ballet dancers and musicians, the program included guided tours by special trains to Oshawa and St. Catharines.

At Oshawa the dealer party inspected the vast new forty-seven and a half acre GM passenger car assembly plant, Canada's largest, by a great margin. Special guides at St. Catharines took the group through the most modern foundry in the world, one

section of the new Grantham Township plants of McKinnon Industries, a General Motors division.

Among a number of luncheons, banquets and receptions was a ladies' luncheon that included a fashion show of the latest stylings from New York and Paris.

On his return, Mr. Hankinson said, "The overwhelming success of this great convention was due largely to the powerful impression made by the advance showings of the 1955 models. My own view is that these cars will make as great an impression on the public in a few weeks' time as they did on the enthusiastic assembly of dealers in Toronto."

Hunters Get Deer Without Firing

Two hunters locally have captured deer this season without firing a shot and both of them claim it was an accident.

On Wednesday of last week Arthur MacKenzie, of Annapolis, got a nice one on the main highway at Mink Cove when the animal crashed into his car. The kill was legal, however, as Arthur had his license with him at the time and immediately put a tag on the deer's leg as required.

Last week, too, Edgar Sabine got his deer when it leaped aboard his truck as he was on his way to church. This one was a good sized buck.

Gets Game Without Effort

Loran Adams, Deep Brook, although at 86 years takes an occasional jaunt further afield in search of partridge, had the fortune of getting his game from the house roof this week.

Mr. Adams lives with his daughter, Mrs. Russell Harris. Mrs. Harris spied a partridge on the roof over the kitchen. In no time Mr. Adams took down the gun and had the partridge on the first leg of its journey to the roasting pan.

Naval Ratings Injured

Ronald Sullivan and James Ross, naval ratings, are patients in the Cornwallis naval hospital after suffering injuries when the car in which they were passengers went off the road at the Racquette.

It is understood the driver of the car was James Cecil Bowman, also of Cornwallis. The accident occurred about two o'clock Friday morning as the group were returning from a dance at Culloden.

Although the driver suffered no injuries, Sullivan and Ross were both badly injured about the head and limbs. Both men were taken to the Digby General Hospital and later transferred to Cornwallis.

Schedule Special Blood Donor Clinic

Because of a severe shortage of blood in the Blood Bank at Halifax an appeal has gone out for special blood donor clinics in the province.

J. J. Brittain, chairman of the Blood Donor Committee of the local branch of the Red Cross, has issued an appeal for all persons in the Digby area, capable of giving blood, to register for this clinic.

John Earl McCormack, who pleaded guilty to a charge of setting fire to a motor vehicle, was remanded until next week for sentence.

Forum To Open December 3rd

Decision to open the Digby Forum on December 3rd was made at a special meeting of the Recreation Commission, held this week.

Deanery Greater Chapter Meets

Nearly one hundred laymen and members of the clergy of Annapolis Deanery, comprising parishes from Weymouth to Middleton, met Thursday evening in the fall session of the Deanery Greater Chapter at Granville Ferry.

Supper was served by the ladies of the Granville Ferry church. Chairman of the supper meeting and the business session which followed was the Rural Dean, Rev. C. C. Veinotte, of Annapolis Royal.

Guest speaker was the Rt. Rev. Joseph Lofthouse, Lord Bishop of the Diocese of Keewatin, recently retired, who is assisting in Episcopal duties in the diocese of Nova Scotia.

Introduced by the Rev. W. E. Jefferson of Granville Ferry, Bishop Lofthouse gave an excellent address and related many incidents which occurred during his early ministry in the Canadian west. He urged the continuance and expansion of missionary efforts so that the means and the men might be available to fully promote the spread of the Gospel.

Following the address by Bishop Lofthouse a business session of the Greater Chapter was held. A report on St. Anne's Camp showed nearly two hundred young people had made use of the camp during the summer and that the camp had met its running expenses this year. The camp capital fund account was reported in good condition.

Considerable discussion was had on the matter of the Divinity Scholarship Fund being set up by the Greater Chapter. It was decided a committee of clergy and laymen, representative of all eight parishes and the one missionary in the deanery should meet and draw up plans for the collection and administration of the fund. These plans are to be presented to the spring meeting of the chapter for action.

S. H. Coward, of Bridgetown, was named as treasurer of the fund and the sum of one hundred dollars, collection at the Service of Witness in the summer, was ordered transferred to the Divinity Student Fund. This money had been earmarked for the fund at an earlier meeting of the chapter.

Bishop Lofthouse To Be At Trinity

On Sunday evening, October 31, Trinity Church is privileged to welcome a distinguished Churchman in the person of the Rt. Rev. Joseph Lofthouse, retired Bishop of Keewatin.

Bishop Lofthouse, nephew and namesake of the first Bishop of Keewatin, spent his entire ministry of 50 years in the missionary work of the church in the Canadian Northwest. During that period he served in many fields of missionary enterprise. From 1933 until his retirement in 1953 he was Bishop of Keewatin, a diocese which includes a quarter million square miles of Ontario and Manitoba.

For the past month Bishop Lofthouse has been rendering episcopal assistance to the Lord Bishop of Nova Scotia. On Sunday night he will confer the Sacrament of Confirmation on three adult candidates, and he will also be the Celebrant of the Holy Communion at 9:30 a.m. on Monday, Nov. 1st, which is All Saints' Day.

Bishop Lofthouse will return to his home in Hamilton on Monday.

HEAR SPEAKER ON MENTAL HEALTH

Lewis MacMillan, Berwick, president of the Kings Co. (N.S.) Branch of the Mental Health Association, was guest speaker on Wednesday evening at the Fall session of the Digby County Council of Home and School Associations held at the Digby Regional High School.

He said that mental illness is the cause for more lost time at work than tuberculosis, cancer and polio combined, and that Nova Scotia is lacking in clinics as compared with the other provinces. Although Digby is fortunate enough to have a psychiatric clinic this is only temporary and unless a mental health clinic is formed Digby will very soon be without its benefits.

MacMillan went on to relate what a mental health organization would do if established here. The first great duty would be to educate the public. The people must realize the need of a clinic then do something to start one. Psychiatrists and psychologists like to go where they feel they are needed and appreciated.

A mental health clinic would support and develop facilities for those who need them, he said, and would help in child guidance clinics. It would give marriage and family counseling and finally help patients when they are through to prevent relapses.

On the whole mental health clinics are established, he said, to help people out of their emotional troubles enabling them to meet life more capably and hopefully and even saving them from serious breakdowns.

At the conclusion of Mr. MacMillan's talk the Council divided into four groups for discussion with reports of each group given by Wallace Hodgson, Mrs. Morehouse, Dr. Vernon and Rev. Mr. Cameron. Mr. MacMillan was introduced by Dr. W. H. D. Vernon of the Digby Psychiatric Clinic.

Dr. Eric Cleveland also spoke briefly on County Homes and Hospitals.

Dr. L. A. DeWolfe, of Truro, gave a short talk on the need of interesting teenage children in Home and School meetings so as to prepare them for later years in H. & S. Associations. He also advocated plenty good com-

ic and other books to replace the crime comics which are now in so prevalent use among children.

Miss Dora Baker presented Chapters to Mrs. Austin 'Morg' house and Mrs. John 'Gidney' presidents of Sandy Cove and Rossway Home and School Associations respectively, on behalf of their associations.

A report on the Provincial Convention which met in Antigonish in the summer was given by the delegates Mrs. Eva Wendell and Mrs. Russell Atkinson.

The evening session closed with Folk Dancing directed by Jack Fox of the Digby Regional High School staff.

The afternoon session of the Council, presided over by Mrs. Owen Irving, president, dealt with general business. Mrs. Walters Comeau, Rossway, extended the welcome which was responded to by Mrs. Dan Hankinson, Weymouth.

Mrs. Hankinson was appointed convener of the Program Committee and Mrs. Don Gidney was appointed to secure new subscribers for the Canadian Home and School magazine.

A minute of silence in memory of the late Mrs. Charles Smith, Barton, was observed. Mrs. Smith had been a valued member of the Barton Home and School Association for many years and was active in the Council of Home and School. A letter of sympathy was also sent to Andrew Crook, Executive Secretary Nova Scotia Society Mental Health. Mr. Crook was unable to fulfil his engagement as guest speaker at the Council owing to the death of his father.

One of the highlights of the afternoon was a leadership training course conducted in various groups under the direction of Thomas Jones, Middleton, Mrs. W. R. Pell, Bridgetown, Miss Dora Baker, Truro, and Dr. L. A. DeWolfe, Truro. Reports of the discussion were presented by Rev. Mr. Cameron, Mrs. Gidney Campbell, Mrs. Nelson Merritt and Mrs. Edson Specht.

A vote of thanks was extended to members of the Rossway Association who were hosts to the Fall Council and who served a delicious supper to the delegates.

Mark Laymen's Sunday

A Corporate Communion service for the men of Trinity Parish was held Sunday morning to mark Laymen's Sunday in the Anglican Church.

Following the Communion service breakfast was served in the Parish Hall. Guest speaker at the breakfast was Dr. Eric Cleveland of the Digby Psychiatric Clinic.

In his address Dr. Cleveland told briefly of the work of the clinic and explained how Christianity and psychiatry are not opposed but work hand in hand for the benefit of mankind.

He explained the work of the newly organized Clergy-Clinic group and stated this was serving a good purpose in that it was bringing the two groups into a position where they could see and understand how their two spheres of work complemented each other.

Dr. Cleveland was introduced by Rev. H. Y. MacLean and the thanks of the gathering were expressed by Cecil Jones.

Hold Surprise Shower

A very enjoyable evening was spent at the home of Mr. and Mrs. Jeffrey White on Wednesday evening, October 20th, when a large number of relatives and friends assembled together and held a "surprise" shower in honor of their recent marriage.

Many and lovely were the gifts received by them.

Dainty refreshments were served and a bit of dancing was enjoyed by old and young, which created lots of fun.

At a late hour the guests departed with many good wishes for a long and happy married life for the newly weds.

Bear River Women Conduct Devotionals

Mrs. George Oickle, Mrs. Milton Morgan and Mrs. William Morine, of the Bear River United W.M.S., conducted the devotional service which opened the Annapolis Presbyterial Rally held at the United Church in Tupperville last Wednesday. The meeting was presided over by Mrs. J. A. Ruffee, Granville Ferry, president of the Annapolis Presbyterial.

Guest speaker for the afternoon was Miss Annetta Rose, missionary on furlough from Korea. Miss Rose went to Korea 33 years ago in 1921. In 1941 she came to Canada where she spent five and a half years in the Home Mission work at Montreal and Trinidad. She later returned to Korea and remained until coming home on furlough in the spring of 1954. Miss Rose told of her evacuation in 1950 when the communists came down to the North of Korea. She was among six hundred thirty-seven passengers who were put on a ship which ordinarily carried twelve passengers to Japan. Northern Koreans, she said, flocked to the South where small cities were forced to accommodate an extra 100,000 population. There are now about 400,000 orphans in Korea, Miss Rose said, with about 40,000 placed in orphanages. Some of these little children have had to seek accommodations in railway stations and other buildings with doors and windows missing and no protection whatsoever from the cold. Nevertheless Miss Rose told her

Digby Baptist Church Observes 115th Anniversary

The Digby Baptist Church was filled on Sunday evening when Rev. Harvey L. Denton, Pastor of the Germain St. Baptist Church, Saint John, was the special speaker. The occasion was the 115th Anniversary of the Organization of the Church. Dr. Denton, a native of Little River, brought a stirring message to the congregation. The service closed a day of special activities in connection with the anniversary occasion.

At the morning service the Pastor, Mr. Churchill, conducted the service. In his sermon Mr. Churchill reminded the congregation that it was fitting for any organization to pause now and again to honor those who were its founders. Especially was this true, he said, in the work of the Christian Church. Mr. Churchill reminded his listeners of the place of importance the leaders of the Digby Baptist Church had had in the building and carrying on of the work. At the same time, he pointed out, the Christian Church honors the nameless multitudes who are the followers, without whom the Church could not have been built, nor carried on its work. Mr. Churchill spoke of some of the hardships through which the founders of the Digby Church had gone in the early years of establishing Baptist work in the town of Digby. He emphasized that in the days when the work in Digby was beginning among the Baptist group, members of the Church counted it a privilege to be a member of the Church, and carried out their responsibilities with consecrated efforts in disciplining and watching over the spiritual life of the members.

At the evening service Dr. Denton spoke on "Unwilling to Heroism." Basing his remarks on the Song of Deborah in the Book of Judges, Dr. Denton pointed out that it was easy for the Church to accept attitudes of complacency, isolationism, indifference, and false security. Often with these motifs the individual Christian and the Church fails to challenge the forces of evil, and engage in a useful ministry to the community and world, the speaker said. He called for a renewed consecration in the work of the Church which required faithful service to Christ as Lord and Master.

Dr. Denton has filled an important place in the work of the United Baptist Convention of the Maritimes. The Church capacity congregation which greeted Dr. Denton at the Sunday evening service in Digby spoke of the esteem in which he is held by people of his native county. Representatives from many parts of the County were present at the evening service.

In the morning and evening special music was provided by the Senior Choir, under the direction of Organist and Choir Director, Miss Helen Kirkconnell. At the morning service the Junior Choir sang "Let All the World Sing" by Martin Shaw. Mrs. Furber Marshall was soloist at the evening service, singing "How Lovely Are Thy Dwellings".

Eighteen candidates from the parish of Clements and six from HMCS Cornwallis were presented by the rector, Rev. S. J. Armstrong, for confirmations at St. Matthew's Church, Tuesday evening, October 19th. The confirming bishop on this occasion was the Rt. Rev. Joseph Lofthouse, retired missionary Bishop of Keewatin, who is assisting in Episcopal duties in the diocese of Nova Scotia during October.

In his talk — he said it was not a sermon — His Lordship stressed three points before a capacity congregation: first was Renunciation; second, Affirmation of our Faith, and lastly, Pledge of Christian Service; when all were urged to live lives worthy of that great teaching and example.

The hymn "Come Holy Ghost, our souls inspire" sung in an attitude of prayer and led by a combined choir, preceded the Act of Laying on of Hands, as practised by the Early Church.

At close of this service, members of St. Matthew's Guild were hostesses at a social hour for the clergy, confirmees and their families at the home of Miss Evelyn Purdy.

Bishop Lofthouse was supper speaker at the Greater Chapter of the Deanery of Annapolis in Granville Ferry community hall, Thursday, and spent Friday in the Granville parish. On Sunday his Lordship officiated in parish of Rosette and Wilmot.

audience, these Koreans in all their misery and discomfort make every effort to help themselves and others. Their churches too are filled to capacity even though they sometimes meet in tents without floors, no heat in winter and the only seating is on the ground.

Mrs. Neil MacLeod, Annapolis Royal, gave a report on the (Please turn to page 5)

Mrs. Forest Eisner was elected President of the Ladies' Hospital Aid for the 4th consecutive year at the 30th annual meeting of the Aid held at the Court House on Monday afternoon.

Other officers elected were: 1st vice-president, Mrs. D. G. Black; 2nd vice-president, Mrs. M. S. Lewis.

The Supply Committee, with Mrs. D. E. Lewis as convener, was commended most heartily for the work it had accomplished. A total of 420 articles were made and it was pointed out that this figure included only articles which were actually made and not those bought outright.

The secretary reported 108 calls had been made at the hospital by members of the Ladies' Hospital Aid and 102% of the membership attended the meetings. She expressed appreciation for the effort of Mrs. Fred McBride in spreading Christmas cheer to the patients at the hospital during that season of the year.

Twelve folding chairs were purchased by a bridge club for hospital use as revealed in a report given by Mrs. Dillon.

The president, in her report, listed the work done by the Ladies' Hospital Aid and the help of auxiliaries in re-decorating and supplying furniture and other necessities at the hospital and Nurses' Residence. She mentioned the recent sponsorship of the children's ward by the Kiwanis Club and that the Digby Firemen had taken on the responsibility of sponsoring a room, which will be completely refurnished. Deanery Greater Chapter Meets

Nearly one hundred laymen and members of the clergy of Annapolis Deanery, comprising parishes from Weymouth to Middleton, met Thursday evening in the fall session of the Deanery Greater Chapter at Granville Ferry.

Supper was served by the ladies of the Granville Ferry church. Chairman of the supper meeting and the business session which followed was the Rural Dean, Rev. G. C. Vennote, of Annapolis Royal.

Guest speaker was the Rt. Rev. Joseph Lofthouse, Lord Bishop of the Diocese of Keewatin, recently retired, who is assisting in Episcopal duties in the diocese of Nova Scotia.

Introduced by the Rev. W. E. Jefferson of Granville Ferry, Bishop Lofthouse gave an excellent address and related many incidents which occurred during his early ministry in the Canadian west. He urged the continuance and expansion of missionary efforts so that the means and the men might be available to fully promote the spread of the Gospel.

Following the address by Bishop Lofthouse a business session of the Greater Chapter was held. A report on St. Anne's Camp showed nearly two hundred young people had made use of the camp during the summer and that the camp had met its running expenses this year. The camp capital fund account was reported in good condition.

Considerable discussion was had on the matter of the Divinity Scholarship Fund being set up by the Greater Chapter. It was decided a committee of clergy and laymen, representative of all eight parishes and the one missionary in the deanery should meet and draw up plans for the collection and administration of the fund. These plans are to be presented to the spring meeting of the chapter for action.

S. H. Coward, of Bridgetown, was named as treasurer of the fund and the sum of one hundred dollars, collection at the Service of Witness in the summer, was ordered transferred to the Divinity Student Fund. This money had been earmarked for the fund at an earlier meeting of the chapter.

Bishop Lofthouse To Be At Trinity

On Sunday evening, October 31, Trinity Church is privileged to welcome a distinguished Churchman in the person of the Rt. Rev. Joseph Lofthouse, retired Bishop of Keewatin.

Bishop Lofthouse, nephew and namesake of the first Bishop of Keewatin, spent his entire ministry of 50 years in the missionary work of the church in the Canadian Northwest. During that period he served in many fields of missionary enterprise. From 1933 until his retirement in 1953 he was Bishop of Keewatin, a diocese which includes a quarter million square miles of Ontario and Manitoba.

For the past month Bishop Lofthouse has been rendering episcopal assistance to the Lord Bishop of Nova Scotia. On Sunday night he will confer the Sacrament of Confirmation on three adult candidates, and he will also be the Celebrant of the Holy Communion at 9:30 a.m. on Monday, Nov. 1st, which is All Saints' Day.

Bishop Lofthouse will return to his home in Hamilton on Monday.

HEAR SPEAKER ON MENTAL HEALTH

Lewis MacMillan, Berwick, president of the Kings Co. (N.S.) Branch of the Mental Health Association, was guest speaker on Wednesday evening at the Fall session of the Digby County Council of Home and School Associations held at the Digby Regional High School.

He said that mental illness is the cause for more lost time at work than tuberculosis, cancer and polio combined, and that Nova Scotia is lacking in clinics as compared with the other provinces. Although Digby is fortunate enough to have a psychiatric clinic this is only temporary and unless a mental health clinic is formed Digby will very soon be without its benefits.

Mr. MacMillan went on to relate what a mental health organization would do if established here. The first great duty would be to educate the public. The people must realize the need of a clinic then do something to start one. Psychiatrists and psychologists like to go where they feel they are needed and appreciated.

A mental health clinic would support and develop facilities for those who need them, he said, and would help in child guidance clinics. It would give marriage and family counseling and finally help patients when they are through to prevent relapses.

On the whole mental health clinics are established, he said, to help people out of their emotional troubles enabling them to meet life more capably and hopefully and even saving them from serious breakdowns.

At the conclusion of Mr. MacMillan's talk the Council divided into four groups for discussion with reports of each group given by Wallace Hodgson, Mrs. Morehouse, Dr. Vernon and Rev. Mr. Cameron. Mr. McMillan was introduced by Dr. W. H. D. Vernon of the Digby Psychiatric Clinic.

Dr. Eric Cleveland also spoke briefly on County Homes and Hospitals.

Dr. L. A. DeWolfe, of Truro, gave a short talk on the need of interesting teen-age children in Home and School meetings so as to prepare them for later years in H. & S. Associations. He also advocated plenty good com-

ic and other books to replace the crime comics which are now in so prevalent use among children.

Miss Dora Baker presented Charters to Mrs. Austin Morehouse and Mrs. John Giffey, presidents of Sandy Cove and Rossway Home and School Associations respectively, on behalf of their associations.

A report on the Provincial Convention which met in Antigonish in the summer was given by the delegates Mrs. Eva Wendell and Mrs. Russell Atkinson. The evening session closed with Folk Dancing directed by Jack Fox of the Digby Regional High School staff.

The afternoon session of the Council, presided over by Mrs. Owen Irving, president, dealt with general business. Mrs. Waters Comeau, Rossway, extended the welcome which was responded to by Mrs. Dan Hankinson, Weymouth.

Mrs. Hankinson was appointed convener of the Program Committee and Mrs. Don Gidney was appointed to secure new subscribers for the Canadian Home and School magazine.

A minute of silence in memory of the late Mrs. Charles Smith, Barton, was observed. Mrs. Smith had been a valued member of the Barton Home and School Association for many years and was active in the County Council of Home and School. A letter of sympathy was also sent to Andrew Crook, Executive Secretary Nova Scotia Society Mental Health. Mr. Crook was unable to fulfill his engagement as guest speaker at the Council owing to the death of his father.

One of the highlights of the afternoon was a leadership training course conducted in various groups under the direction of Thomas Jones, Middleton. Mrs. W. R. Pell, Bridgetown, Miss Dora Baker, Truro, and Dr. L. A. DeWolfe, Truro. Reports of the discussion were presented by Rev. Mr. Cameron, Mrs. Gilden Campbell, Mrs. Nelson Merritt and Mrs. Edson Specht. A vote of thanks was extended to members of the Rossway Association who were hosts to the Fall Council and who served a delicious supper to the delegates.

Mark Laymen's Sunday

A Corporate Communion service for the men of Trinity Parish was held Sunday morning to mark Laymen's Sunday in the Anglican Church.

Following the Communion service breakfast was served in the Parish Hall. Guest speaker at the breakfast was Dr. Eric Cleveland of the Digby Psychiatric Clinic.

In his address Dr. Cleveland told briefly of the work of the clinic and explained how Christianity and psychiatry are not opposed but work hand in hand for the benefit of mankind.

He explained the work of the newly organized Clergy-Clinic group and stated this was serving a good purpose in that it was bringing the two groups into a position where they could see and understand how their two spheres of work complemented each other.

Dr. Cleveland was introduced by Rev. H. Y. MacLean and the thanks of the gathering were expressed by Cecil Jones.

Hold Surprise Shower

A very enjoyable evening was spent at the home of Mr. and Mrs. Jeffrey White on Wednesday evening, October 20th, when a large number of relatives and friends assembled together and held a "surprise" shower in honor of their recent marriage.

Many and lovely were the gifts received by them.

Dainty refreshments were served and a bit of dancing was enjoyed by old and young, which created lots of fun.

At a late hour the guests departed with many good wishes for a long and happy married life for the newly weds.

Bear River Women Conduct Devotionals

Mrs. George Oickle, Mrs. Milton Morgan and Mrs. William Morine, of the Bear River United W.M.S., conducted the devotional service which opened the Annapolis Presbytery Rally held at the United Church in Tupperville last Wednesday. The meeting was presided over by Mrs. J. A. Ruffee, Granville Ferry, president of the Annapolis Presbytery.

Guest speaker for the afternoon was Miss Annetta Rose, missionary on furlough from Korea. Miss Rose went to Korea 33 years ago in 1921. In 1941 she came to Canada where she spent five and a half years in the Home Mission work at Montreal and Trinidad. She later returned to Korea and remained until coming home on furlough in the spring of 1954. Miss Rose told of her evacuation in 1950 when the communists came down to the North of Korea. She was among six hundred thirty-seven passengers who were put on a ship which ardently carried twelve passengers to Japan. Northern Koreans, she said, flocked to the South where small cities were forced to accommodate an extra 100,000 population. There are now about 400,000 orphans in Korea. Miss Rose said, with about 40,000 placed in orphanages. Some of these little children have had to seek accommodations in railway stations and other buildings with doors and windows missing and no protection whatsoever from the cold. Nevertheless Miss Rose told her

Digby Baptist Church Observes 115th Anniversary

The Digby Baptist Church was filled on Sunday evening when Rev. Harvey L. Denton, Pastor of the Germain St. Baptist Church, Saint John, was the special speaker. The occasion was the 115th Anniversary of the Organization of the Church. Dr. Denton, a native of Little River, brought a stirring message to the congregation. The service closed a day of special activities in connection with the anniversary occasion.

At the morning service the Pastor, Mr. Churchill, conducted the service. In his sermon Mr. Churchill reminded the congregation that it was fitting for any organization to pause now and again to honor those who were its founders. Especially was this true, he said, in the work of the Christian Church. Mr. Churchill reminded his listeners of the place of importance the leaders of the Digby Baptist Church had had in the building and carrying on of the work. At the same time, he pointed out, the Christian Church honors the nameless multitudes who are the followers, without whom the Church could not have been built, nor carried on its work. Mr. Churchill spoke of some of the hardships through which the founders of the Digby Church had gone in the early years of establishing Baptist work in the town of Digby. He emphasized that in the days when the work in Digby was beginning among the Baptist group, members of the Church counted it a privilege to be a member of the Church, and carried out their responsibilities with consecrated efforts in disciplining, and watching over the spiritual life of the members.

At the evening service Dr. Denton spoke on "Unwilling to Heroism." Basing his remarks on the Song of Deborah in the Book of Judges, Dr. Denton pointed out that it was easy for the Church to accept attitudes of complacency, isolationism, indifference, and false security. Often with these motifs the individual Christian and the Church fails to challenge the forces of evil, and engage in a useful ministry to the community and world, the speaker said. He called for a renewed consecration in the work of the Church which required faithful service to Christ as Lord and Master.

Dr. Denton has filled an important place in the work of the United Baptist Convention of the Maritimes. The Church capacity congregation which greeted Dr. Denton at the Sunday evening service in Digby spoke of the esteem in which he is held by people of his native county. Representatives from many parts of the County were present at the evening service.

In the morning and evening special music was provided by the Senior Choir, under the direction of Organist and Choir Director, Miss Helen Kirkeconnell. At the morning service the Junior Choir sang "Let All The World Sing" by Martin Shaw. Mrs. Furber Marshall was soloist at the evening service, singing "How Lovely Are Thy Dwellings".

Confirms Eighteen

Eighteen candidates from the parish of Clements and six from HMCS Cornwallis were presented by the rector, Rev. S. J. Armstrong, for confirmations at St. Matthew's Church, Tuesday evening, October 19th. The confirming bishop on this occasion was the Rt. Rev. Joseph Lofthouse, retired missionary Bishop of Keewatin, who is assisting in Episcopal duties in the diocese of Nova Scotia during October.

In his talk — he said it was not a sermon — His Lordship stressed three points before a capacity congregation: first was Renunciation; second, Affirmation of our Faith, and lastly, Pledge of Christian Service; when all were urged to live lives worthy of that great teaching and example.

The hymn "Come Holy Ghost, our souls inspire" sung in an attitude of prayer and led by a combined choir, preceded the Act of Laying on of Hands, as practised by the Early Church.

At close of this service, members of St. Matthew's Guild were hostesses at a social hour for the clergy, confirmees and their families at the home of Miss Evelyn Purdy.

Bishop Lofthouse was supper speaker at the Greater Chapter of the Deanery of Annapolis in Granville Ferry community hall, Thursday, and spent Friday in the Granville parish. On Sunday his Lordship officiated in parishes of Rosette and Wilmot.

audience, these Koreans in all their misery and discomfort make every effort to help themselves and others. Their churches too are filled to capacity even though they sometimes meet in tents, without floors, no heat in winter and the only seating is on the ground.

Mrs. Neil MacLeod, Annapolis Royal, gave a report on the

About This and That

A Dangerous And Illegal Practice

Last week talk in the community was of three instances where it was claimed cartridges from the rifles of hunters had passed through either barns or houses in Digby County. In at least one of these instances it was claimed the shooting took place after dark.

This seems to us a deperately dangerous practice and one which should be stamped out as rapidly and as effectively as possible. It is not only dangerous but highly illegal to discharge a firearm in pursuit of game after dark and any person caught breaking the law in this respect should be punished to the fullest extent.

While on the subject of illegal and dangerous hunting practices we would also like to comment on the practice, all too common, of stalking game along travelled highways. While it may be that chances of getting game in such places are good, the chances of taking a human life in the process are also high.

As in the case of night hunting, the practice of hunting along travelled roadways is also illegal and should be stamped out by invoking severe penalties against those found guilty. Such action seems to be the only recourse against those who wilfully endanger the lives of their fellow men by such illegal and downright stupid conduct.

Letter to the Editor

To Editor, Digby Courier:

Long time ago, a Frenchman from Clare, came to Corberrie and New Tuskot with a story, saying: He and an Indian had been in the woods hunting and came to the northern end of a lake where there were whale bones. From there they travelled easterly until they came to a large spruce tree with a large root running out above ground like a seat.

After resting they went on easterly until they came to an upright ledge of rock and there was a large vertical crack. Looking into this crack they saw lumps of gold hanging down like gum drops. The Indian broke off several of the drops. They then returned to the spruce tree from which they had been gone only a certain length of time.

This man got two or three men to go with him to find the place. They went back to New France and easterly and came to the whale bone lake and on to the spruce tree with the large root. (Two truths). Then they went on searching in all directions but could find no cleft of rock.

They found a low outcrop of stone with a small streak of quartz. They went on until they came to Mr. McGinty's farm in West Caledonia, then came around the main road home.

Another Indian claimed he had seen a section of back bone setting on end like a stool and had sat on it.

I have often wondered if some scientist had ever hunted that section for skeleton of a mastodon.

Bear for Punishment

ALASKA'S GIANT Kodiak bear plays rough. But the people who run the Bronx Zoo have found the perfect toy for him. It's an aluminum beer barrel, which in his playful moments he can bang, bounce and generally maltreat without serious damage. Having seen barrels (filled) being tossed around trucks, we can understand why breweries have turned to these rugged, attractive containers. Another reason, of course, is that aluminum is an excellent protector for food and drink, preserving their purity and flavour indefinitely. Aluminum Company of Canada, Ltd. (Alcan).

A chimney fire was put out at the home of Mr. Herb Amoro on Friday afternoon. The fire caught in the down stairs part of the chimney and a section of the dining room wall had to be cut away so the fire could be put out. A number of men gathered to help and in no time everything was under control.

You can choose from two new sizes, too

6

Chevrolet also offers the last word in six-cylinder performance and economy! There's a new "Blue-Flame 136" teamed with Powerglide and a new "Blue-Flame 123" with either standard transmission or Overdrive.

Can't you tell just by looking that Chevrolet and General Motors have come up with a completely new idea about the low-priced car? The idea is this: to build a car that offers the very newest thing in styling, the most modern features, the finest kind of performance and the highest quality of manufacture — all at a modest price. It's something that took a lot of doing and that only the world's largest car builders could do. Everything's new in this Motoramic Chevrolet from its lower top right down to its tubeless tires. MARRIAGE

Boucher — Doucet

A wedding of interest to friends in the province took place on Saturday morning at 9 o'clock in St. Joseph's Church when the Rev. Delbe Comeau, P.P., united in marriage Mary Esther, daughter of Mr. and Mrs. Clifford Doucet, of Weymouth, and Lawrence Boucher, son of Mr. and Mrs. Edgar Boucher, of Kentville. In a double ring ceremony, Nuptial Mass was sung by the Rev. Sisters of St. Edward's Convent.

The bridal party entered the church to the strains of Lohengrin's wedding march with Mrs. J. D. Rice, church organist, at the organ.

The bride was charming in a ballerina-length gown of white lace and net over satin. The gown was fashioned with full lace skirt falling over pleated net underskirt, the fitted top being strapless with lace bolero having a long fitted sleeve. Her finger-tip veil was of scalloped embroidered edged net attached to a bridal halo of pearl. She carried an arm bouquet of red

roses. Her only ornament was a single strand of pearls.

Yvonne Amiralet, of Halifax, was bridesmaid and wore a gown of blue lace and net over satin, with feather hat and accessories of blue. She carried a bouquet of pink carnations.

Norman Saulnier, of Halifax, supported the groom.

Following the ceremony a wedding breakfast was held at the home of the bride for friends and relatives. During the evening a shower was held for the couple by their friends. Many useful and lovely gifts were received.

During the past year the bride has been employed in Halifax. They will reside in Kentville, where the groom is employed at Aldershot Camp.

Bishop Lofthouse

To Conduct Confirmation

On Thursday and Friday, Oct. 28 and 29, Confirmation will be held in the St. Thomas and St. Matthew's Churches respectively. The Confirmation services will be conducted by Rt. Rev. J. Lofthouse, who is visiting the Church of England Parishes in the Western end of the province on behalf of Bishop Waterman.

Among the oddities which we read of these days is a duck owned by Elias Sabine, Weymouth Mills, which has chicken feet (no webs). This duck swims, but very slowly. It is to be seen swimming in a pond near the house.

Mr. and Mrs. R. B. Lent, accompanied by their daughter, Mrs. Roy Durant, and Mary Ruth Durant, Dartmouth, were visitors in Weymouth on Friday.

Mrs. Melvin Tibert and son, Melvin, of Freeport, were weekend visitors of Mrs. Tibert's sister, Mrs. K. M. Hankinson, and Mr. Hankinson.

Chief P. O. Louie Melanson, of HMCS Cornwallis, is on leave for two weeks and is visiting his family here. On Friday, Oct. 22, Mr. and Mrs. Melanson celebrated their 5th wedding anniversary, enjoying a trip to Yarmouth where they were dinner guests at the Grand Hotel.

Miss Rosetta Jeddy spent the weekend at her home in St. Alphonse.

A weekend guest of P.O. and Mrs. Louie Melanson was P.O. Dominic Flinn, who is stationed at HMCS Cornwallis. Another guest at this home from Cornwallis, has been Mrs. Sam Iscoe, who was a dinner guest on Monday.

Thanks is extended to Mrs. Height, of South Range, for making the baby clothes for the nursery and for the Girl Guides Group in Weymouth who made the diapers for the nursery.

May we at this time thank the members of the Aid for their valuable assistance in raising the funds to provide these very necessary supplies for the hospital and especially Mrs. Elsner for her guidance and help with our projects. I might mention at this time that the Hospital Board has greatly appreciated the work done in the hospital and Nurses Home by the Ladies' Aid.

Fireside Chat By Doc Quack

Earthworms have no teeth, eyes, ears or legs, but soil scientists say it is doubtful if we could live without them. Now how can such insignificant things be so important? The fact is they are the best "undercover" agents we have. All they ask is food and water and their food is all waste as far as we are concerned. They turn this into soluble plant food. The cornstalks and other garden residue will be transformed into next year's plants mostly by the earthworms. They like cool dark places and if you pick up a board or a pile of old hay you will see them pull for down under in a hurry.

Earthworms to the fisherman are good bait, but there are many people who keep them for a hobby. They are kept in boxes of various sizes and you will be surprised to know that many people feed all their garbage to these worms. Say you have about ten thousand worms in a big wooden box with plenty of dirt, you just throw the garbage on the dirt and they do the rest. The red worms of Tennessee are the most widely used for this purpose. In the winter they are put in the cellar to keep from freezing. They will even eat bones. You see then, after a period of feeding the worms all your garbage, how rich the earth in the box must become. You can use this for transplanting and other uses where you have had little success before. It's wonderful for house plants. These red worms are not as good as our own native worms in the garden however. For some reason or other the Tennessee worms thrive better where there is an abundance of waste matter to feed upon. Our own are still worth a try and I have seen them turn orange skins, old fish and anything you can name into odorless rich earth in a few weeks. More about earthworms next week.

HOLD CONVENTION AT CENTREVILLE

The Digby Neck District Sunday School Convention was held in the Centreville Baptist Church on Tuesday, October 26, 1954, under the leadership of Rev. R. R. Winchester, pastor.

The afternoon session, which was attended by 25 delegates and other friends, was opened by the President, Mrs. R. Morehouse, with words of welcome. The worship was led by Rev. F. W. Mellins, Centreville, who took as his text the Convention Theme "Go Ye Therefore And Teach".

After a short business session, Rev. R. Cameron introduced the Convention Leader, Rev. R. R. Winchester. Mr. Winchester presented the MREC which sponsors the Convention. He showed two film strips entitled "The Child and the Bible" and "The Teacher Prepares", with a talk and discussion following.

Rev. C. T. Olmstead closed the afternoon session with prayer, after which a fellowship supper at the Baptist parsonage was thoroughly enjoyed by the delegates.

The evening session opened at 7:30 with the C.G.I.T. of Little River leading in the worship. An unrehearsed dialogue followed entitled "Let's Get Together", which was very well presented by Mrs. C. T. Olmstead.

Observe Synod Anniversary

Sunday, November 7, is being observed by the Anglican parishes of the Deanery of Annapolis as a special day of thanksgiving on the occasion of the 100th anniversary of the formation of the Synod of Nova Scotia.

The anniversary will be celebrated at Trinity Church at the 11:00 o'clock service on Sunday, when the preacher will be the Rev. C. C. Veinotte, Rector of St. Luke's Church, Annapolis Royal. The rector of Digby is to preach at Annapolis in the morning and at Round Hill in the afternoon.

The Synod of Nova Scotia owes its formation to the Rt. Rev. Hibbert Binney, fourth bishop of the diocese, who organized a "Church Assembly" made up of clerical and lay members from all parishes of the diocese. This met first at Halifax in the autumn of 1854, and was attended by 56 clergymen and 39 lay delegates. From this comparatively small beginning has developed the Diocesan Synod of Nova Scotia, which meets annually as the "Parliament" of the Church of England in this diocese. Its membership now includes approximately 150 priests and deacons and 250 lay members.

Celebrate 60th Anniversary

On Monday, October 25, Mr. and Mrs. Edward McKay, of Sandy Cove, quietly observed their sixtieth wedding anniversary.

Edward Hadden McKay and Janet B. Haines were married at Hainesville (now Hill Grove) by the Rev. A. T. Dykeman.

During the day many friends called to extend to them best wishes and enjoy a social call. In the evening members of the Church Guild, of which Mrs. McKay is a member, called and presented Mrs. McKay with a bouquet of flowers.

Mr. McKay, who is one of the oldest residents of the village, is still very active and only recently retired as postmaster, a position which he held for about forty-five years.

Mr. and Mrs. McKay are well known throughout Eastern Canada and the United States as host and hostess of "Bonnie Brae", their summer hotel, which they have only recently stopped operating.

Mr. McKay was one of a family of ten children as was Mrs. McKay. Of these twenty children, they are the only two living.

DIGBY NECK ROAD IS OFFICIALLY OPENED

Official opening ceremonies for the newly paved main road section of the Digby Neck Highway were carried out last Thursday afternoon at Centreville when the Hon. Henry D. Hicks, Premier of Nova Scotia, cut a silk ribbon stretched across the road and declared the highway "officially opened for traffic."

Prior to the opening ceremonies, which were witnessed by several hundreds, the band of H.M.C.S. Cornwallis presented a short concert.

Chairman of the opening ceremonies at Centreville was J. J. Brittain, President of the Digby Board of Trade, and taking part were Eugene Outhouse, M.M., President of the Fundy Board of Trade, and Mayor Guy E. Morehouse, of Digby.

Premier Hicks was introduced to the gathering by Victor Cardozo, M.L.A. for Digby Municipality, who prior to the

introduction stated that the day was a proud and happy one for him since the ceremony marked the completion of the first major project carried out by the provincial government in this constituency since his election in 1953.

Following the opening ceremonies at Centreville the official party, which included Municipal Councilors for the Digby Neck districts; Trade Board and civic officials; highway department officials; the Premier; Captain J. Hallowe'en Passes Quietly

Reports from all areas adjacent to Digby indicate that this year Hallowe'en was relatively quiet in this area. It is thought the heavy rain which occurred Saturday evening may have dampened the ardour of some of the more active pranksters.

Some damage by vandals who operated over Hallowe'en was reported, however. In Smith's Cove it is understood considerable damage was done to equipment in the school. An electric clock, record player and other equipment are reported to have been badly damaged and police have been called in to investigate.

At the Legion Hall in Digby some fifteen windows were smashed by vandals. This seemed to be the only real property damage done in the town.

Councillor Gordon Turnbull, chairman of the Streets Committee, reported work of re-capping the main street and sidewalks in the town had now been completed and that the cost of the work had been below estimates made before the work was started.

In view of the enthusiastic public response which set new fan-mail records, the humorous and tender stories of the Plouffes are being presented on the CBC-TV network in English, using the same cast. Above, are Mama and Papa Plouffe, with their four grown-up children, Cosette, Napoleon, Ovide, and Guillaume. The CBC-produced "Plouffe Family" may be seen on all TV stations in Canada.

"FOR HOME AND COUNTRY"

High Voltage

ALUMINUM CABLE from Canada was used in a Peruvian high-voltage power line, installed at altitudes of from 13,000 to 15,000 feet—the world's highest. Canada supplied not only the cable but also the technical assistance required on this record job. We imagine that aluminum's light weight was particularly appreciated by the llamas or whatever other beasts of burden were used to get the cable to the top.

In the rugged mountain country of British Columbia where Alcan's own huge Kitimat development is going on, the aluminum transmission lines used represent another record: they are the largest-diameter overhead power lines in the world. Aluminum Company of Canada, Ltd. (Alcan).

MARRIAGES

Ring — Fancy

The wedding of Margaret May Fancy, daughter of Mr. and Mrs. Ellis Fancy, Halifax, and granddaughter of Mrs. Stephen Fancy, Clementsport, to Dean Oscar Ring, son of Mrs. Guy Haight and the late William Ring, Waldeck East, took place on Saturday evening, Oct. 16, at the Baptist parsonage, Deep Brook. Rev. Francis Miller performed the ceremony.

The bride wore an afternoon dress of ottoman cord in light blue shade, with navy accessories and a corsage of pink carnations. The couple were attended by the groom's sister, Mrs. Albert MacKenzie, and Mr. MacKenzie. A number of immediate relatives were present for the service.

Following the ceremony a reception was held at the home of Mr. and Mrs. Herbert Bartheaux, the latter a cousin of the bride, and was attended by

over one hundred and twenty-five guests. The young couple were recipients of many lovely gifts.

After a camping trip spent at Millford Lakes, Mr. and Mrs. Ring will reside in Clementsport.

Everett — Haynes

The United Baptist Church at Victoria Beach, Annapolis County, was the scene of a pretty fall wedding on Saturday, Oct. 16, at 3 p.m. when Nina Mary, daughter of Mr. and Mrs. James Everett, was united in marriage to Leroy Haynes, only son of Charles Haynes and the late Mrs. Haynes, all of Victoria Beach. The church was beautifully decorated with vases of mixed flowers and potted ferns. The double ring ceremony was performed by Rev. R. W. Lindsay, pastor of the church, in the presence of a large number of friends and relatives of the bridal couple.

To the strains of the wedding march played by Mrs. R. W. Lindsay, the lovely bride entered the church on the arm of her father by whom she was given in marriage. She was a picture of loveliness in her floor length gown of white satin and tulle with jacket of chantilly-lace, and pearly collar, buttoned down the bodice with self-covered buttons and trimmed with seed pearls and iridescent sequins. Her veil was tulle illusion caught up to a halo of pleated satin with sprigs of lily of the valley. She carried a bouquet of shattered white carnations and sweetheart roses.

The charming bridesmaid, Miss Gladys Eldridge, R.N., of

Kentville, was dressed in a gown of pale green satin and lace, with fitted jacket and matching headpiece, and carried a bouquet of pink asters and sweetpeas.

Malcolm Everett, brother of the bride, was best man and ushers were Earl Ellis and Burton Halliday.

During the signing of the register Mrs. Orbin Everett sang, "The Lord Is My Shepherd."

Following the ceremony a reception was held at the home of the bride for about eighty guests. Those who assisted in serving were Mrs. Oscar Grant, Mrs. Charles Taylor, Mrs. Earl

Ellis, Mrs. Arthur Ellis, Mrs. Fred Ryan and Miss Lorna Ryan.

Mrs. Everett, mother of the bride, was dressed in dusty rose tulle with navy accessories and corsage of rose glad-toll and fern.

For travelling, the bride wore a brown tailored suit of wool serge with matching accessories, beige hat and gloves, and corsage of yellow roses.

The bridal couple left on a motor trip through the province. On returning they will reside in their new home at Victoria Beach.

The groom's gift to the bride was a beautiful compact; to the bridesmaid, a necklace; to the organist and soloist, each a

brooch; to the ushers, each a tie.

Guests from various parts were Mr. and Mrs. Oscar Grant, Lawrence town; Mr. and Mrs. Austin Cox, Canning, Bay, and Mrs. Claude Olmstead, Little River; Mrs. Arthur Ellis and two children, Salm John; Mr. and Mrs. Herb Thurland, Digby; the Misses Helen Littlewood, Benish Trask, June Newton, Katherine MacMullen, Hazel MacMichael, Margaret MacEachern, Mildred Bouffier and Mr. Allan MacKinnon, all of Kentville.

Mrs. Austin Hersey motored to Yarmouth with Mrs. Otis Stark, of Digby, recently.

COMPLETELY RE-STYLED CHEVROLET FEATURES V8 ENGINE

The futuristically designed 1955 Chevrolet, offering for the first time, a high-output 162 horsepower V8 engine as well as a more powerful six cylinder "Blue Flame" economy-leader, was announced across Canada today. Greatly increased comfort and driving qualities stemming from re-engineered frame and suspension

are enhanced by the first "dream car" styling in the low price field. The Bel Air Sports Coupe (above) illustrates the broad, low grille and hood treatment, greatly increased vision through the new sweep-back windshield, and the "fleet" look imparted to all 14 body styles by the longer, lower lines of the new models.

Kindness gives birth to kindness. — Sophocles.

When we are willing to help and to be helped, divine aid is near. — Mary Baker Eddy.

It is difficult to say which may be most mischievous to the human heart, the praise or the dispraise of men. — Mary Baker Eddy.

One today is worth two to-morrows. — Franklin.

Kindness in ourselves is the honey that blunts the sting of unkindness in another. — Lancelotti.

We cannot be just unless we are kindhearted. — Vauvenargues.

Every tomorrow has two handles. We can take hold of it with the handle of anxiety or the handle of faith. — H. W. Beecher.

That to-morrow starts from today and is one day beyond it, robes the future with hope's rainbow hues. — Mary Baker Eddy.

The sweetest of all sounds is praise. — Xenophon.

Neighbour of mine keeps bees. I asked him the other day, "How did your bees do this year, old man?" "Pretty good," he said, "Very little honey—but they stung my mother-in-law twice."

One place where they don't sting even mothers-in-law is Hicks's. Whether you're selling logs or buying lumber or other building supplies, you're safe at Hicks's—you won't get stung.

Know that for a fact. They've been around for a good many years. And business firms, like bees, die young if they go around stinging people.

Veterans Attend Divine Service

Members of the Digby Branch Canadian Legion, B.E.S.L., the Ladies' Auxiliary, of the Legion, the Reserve Army, Sea Cadets and the bugle band of H.M.C.S. Cornwallis paraded to Grace United Church on Sunday morning where they attended divine service.

The parade was one of the largest and most colorful in recent years and was participated in by nearly all of the veterans in the Digby area. The parade was led by a colour and firing party and martial music provided by the bugle band added much to the impressiveness. The presence of some thirty members of the Ladies' Auxiliary in the parade, together with the Sea Cadets and Reserve Army members in uniform also added colour to the affair.

In his address Mr. Brooks, pastor of the church, spoke effectively of the significance of Remembrance Day. He based his remarks on Hebrews II, verse 40, and said that sacrifice such as that made by those who died and whose memories were honored in the service, made possible freedom, faith, fellowship and fulfillment in the world of today in light of the sacrifice made for them.

Special music was rendered by the choir who sang the anthem "A Song of Peace" by Silas Flowers in the church were placed in memory of boys of the church who gave their lives. These were Gerald Ellis, Roderick Abramson, Stanley Spray, Ross Turnbull and George Wilson.

Westport Woman Celebrates 84th

Mrs. Minnie Welch, of Westport, celebrated her eighty-fourth birthday at her home one day last week.

Mrs. Welch received a number of callers and also entertained guests at supper, followed by a pleasant evening of playing cards.

Mrs. Welch, although on crutches, does her own work and is in fairly good health.

Picks Apple Blossoms

It may not be June in January but at least it's apple blossoms in November.

We refer to the fact Melbourne Hudson Sr., of Victoria Beach, last week picked a lovely spray of beautiful apple blossoms in his orchard and mailed them to the Courier.

The blossoms were perfectly formed, had a lovely colour and a perfume peculiar to the blossoms of the apple tree.

The Courier received on Monday a lovely spray of mayflowers which were picked by Keith Hubley, of Bear River on November 6th. Delicate in color, they had a sweet fragrance.

Eldridge Dugas, Weymouth Mills, sent the Courier this week a butterfly blossom which he picked near his home last week. Bright and cheery, it seemed to have survived all the dull, wet, depressing weather that marked the past several weeks.

Recognized For Long Service

Postmaster J. P. Littlewood, Granville Ferry, has been presented with a Long Service Badge in recognition of his many years' service in the Post Office Department. This badge, authorized in 1948, is awarded to employees with twenty-five years or more of faithful and meritorious service.

The badge itself is of silver and enamel. The background is a silver maple leaf on which are imposed the entwined initials C. P. (Canada Post-Postes Canada). This is surrounded by the Latin motto "Servire Populo" (to serve the people) and the whole design is surmounted by the Royal Crown.

During the past year by request of Divisional Chairman of First Aid Posts, a First Aid Post was set up at Barton and is in charge of Mrs. Benjamin Mahar. This post was sponsored by the Digby Branch Red Cross.

Mrs. B. H. Ruggles reported the gross receipts for 1954.

which began with a balance of \$299.59, to be \$583.20, disbursements \$344.55, leaving a credit balance of \$244.65. It was also reported at the meeting that the Barton Auxiliary had decided to cease operations, turning over the sum of \$25.00 to the Digby Branch and that several donations, in appreciation of the use of sickroom equipment, had been received. By regular motion these were put into a special fund for the purchase of new equipment so necessary to meet the demand. All equipment is efficiently handled by Delbert Forrest, convener.

In the report of Mrs. H. M. Warner, convener of the Work Committee, it was found that a total of 485 pieces had been made during the year, besides folding 1350 gauze wipes for the Blood Donor Clinics.

The report of Mrs. R. B. Lent for the Ways and Means, showed total receipts for the year of \$122.82.

An apron sale was also sponsored, proceeds of which are to be used to purchase yarn for knitting mittens, etc., for Christmas. Mrs. Warner, in announcing the apron sale, also asked for toys to be donated for Christmas Cheer.

Start Lobstering At Culloden

Although the lobster season in the district around Culloden opened November 1st, returns yet have been meagre. Some nine boats are fishing out of Broad Cove.

Catches so far have only been fair, according to reports, and fishermen have been hampered by heavy seas and windy weather.

Follows the regular meeting movies were shown and refreshments enjoyed.

The Digby Branch Canadian Legion were entertained by the auxiliary at a recent Halloween Hillbilly party. The evening was spent in dancing with about 65 members and guests present.

The Legion hall was gallily decorated for the occasion and refreshments served.

at end of ceremony which made Nova Scotia premier a Doctor of Civil Laws (Honoris Causa).

Hospital Drive Progressing

The current financial campaign being carried out by the Digby General Hospital is getting off to a good start, according to E. Scott Eaton, Campaign Organizer, and F. C. Purdy, Chairman of the Board of Directors of the Digby General Hospital.

A minimum objective of \$10,000 has been set for the campaign and it is the hope of the committee this objective can be met and exceeded. Several methods of securing donations are being used. Immediate cash donations and pledges are being received and householders are also being asked to make use of a novel form of collection "gadget" during the month-long campaign. This is a slotted tin into which the householder has been asked to place a dime each day for thirty days.

Thirty-five hundred of these cans have been distributed and it is the hope of the committee in charge they will meet with a popular response so that much of the hospital's campaign objective can be met through this means.

According to Mr. Eaton, all of the municipality has now been organized for the drive and organizers have been appointed in every community.

Three parishes in Clare have also been organized through the efforts of Dr. L. F. Doiron and J. Medrie Comeau.

Response to the appeal for campaign workers has been good, it was stated, and very few refusals have been met. In cases where criticism has been met it has been of the constructive variety and much appreciated.

W. M. S. Meets

The Rossway Women's Missionary Society held their monthly meeting last Tuesday evening at the home of Mrs. Willard Wentzell. There were ten members and seven guests present, including Rev. and Mrs. Molins, of Centreville.

Mrs. David Balseer, President, opened the devotional period with a hymn, followed by prayer by Rev. Mr. Molins. Mrs. Balseer read a piece on "Opportunity" at the close of her program on how youth may serve God. Rev. Molins then spoke a few words relating to the article read. He quoted there was great need, not only on the foreign field for mission work but in home missions there was great need and opportunity.

There were many ways one could render assistance and in this way do good work.

Mrs. Wentzell had charge of the evening's program which was carried out by several members taking part. The hostesses served refreshments at the close of the evening.

CHORAL GROUP PRESENTS CONCERT

The Digby Choral Group presented a musical program at the Digby Baptist Church Sunday evening under the direction of their leader, Rev. E. C. Churchill.

Prior to the musical program a short worship service was conducted by the Rev. James Brooks, pastor of Grace United Church.

Opening number of the program was the anthem "New Every Morning Is Thy Love" by Edward Miller, with Mrs. Ferber Marshall as soloist. This was followed by the anthem "Bless The Lord, O My Soul" by Slater, with Mrs. Marshall and Mrs. Shirley Clayton as soloists.

The choral group then presented the cantata "The Rolling Seasons" by Caleb Simper. Taking solo parts in this were Ferber Marshall, Mrs. Furber

Marshall, Mrs. Edith Wallis and Mrs. G. R. Weir.

Following an organ interlude by Miss Helen Kirkconnell, who acted as accompanist for the entire program, the bass solo "The Eyes Of All Wait Upon Thee", was presented by Paul Snow. Guy E. Morehouse sang a tenor solo, "Thou Openest Thine Hand" and a soprano and alto duet was presented by Mrs. Edith Wallis and Mrs. Shirley Clayton. The tenor solo "The King of Love" was sung by Wallace Hodgson and Ferber Marshall sang a bass solo. "Perverse and Foolish". Closing solo was by Mrs. Grace Edwards who sang "Thou Spreadst a Table". Final number by the group was the chorus "Thou Crownest the Year".

A capacity audience filled the church for the performance which was the first presented by the group this year.

Serious Plant Breakdown At Forum

Discovery of a serious leak in the tubing of the brine tank of the freezing equipment at the Forum has created a financial problem that has to be dealt with before the Forum can open this fall, it was learned here this week.

If it is understood the breakdown of the plant equipment at the Forum will necessitate an expenditure of some two thousand dollars in order to put the plant in running order again.

At a special meeting of the Recreation Commission it was decided to ask the Curling Club to make an all-out drive for membership funds so that this money might be turned over to the Commission immediately to meet the unexpected financial situation.

Mrs. A. J. Dillon thanked the hosts and their leader, Mrs. Alfred Marshall, for their hospitality and Mrs. Fred Grimmer, leader of the Intermediate group of the Digby Baptist Church, thanked all those who had attended the Rally.

The evening came to a close by a worship service, conducted by the Digby Baptist group. Taking part were Kaye Balseer, Ruth Atkinson, Marilyn Clayton, Sandra Franklin and Anne Brittain. An impressive service ended with a huge friendship circle and the taps.

Wins First Prize

Dickson Sabine, operator of Dick's Esso Service Station here, has been informed that he placed first in a contest held last May by the Imperial Oil Company for its stations in the district between Annapolis and Yarmouth.

The contest was to determine most efficiently and profitably operated station in the district, having regard to cleanliness, courtesy, efficiency of operation and other matters.

The awards were made last Tuesday evening at a gathering in the Royal Hotel in Yarmouth. Placing second was Bains' Service Station in Hebron, and third place was won by Clyde's Esso Station in Annapolis. Mr. Sabine, who placed first, has operated his station in Digby for the past three years.

Trade Board Meets

Concern about the effect of the new Bar Harbour-Yarmouth car ferry on tourist travel through the Annapolis Valley was expressed at the meeting of the Digby Board of Trade here Tuesday night.

It was stated at the meeting efforts should be made by Annapolis Valley Boards of Trade to encourage visitors landing at Yarmouth to use the Valley Route in their travels through Nova Scotia. Failure to take positive action in this regard might result in a serious drop-off in tourist traffic through the Valley, it was claimed.

It was decided to prepare a resolution to place before the next meeting of the Annapolis Valley Affiliated Boards of Trade asking that suitable signs or other advertising means be prepared for use in Yarmouth directing visitors to the Valley Route.

Considerable discussion was had concerning the matter of publicizing Digby on the main highway outside the town. It was felt the present luminous signs at the entrance to the town were good but that these should be complemented by others that would prepare strangers for the turn-off from the main highway into Digby.

The Tourist Committee, under James Richards, was asked to take action on this.

The meeting was assured a suitable sign would be erected near the C. P. R. dock welcoming visitors to the province. It was stated plans of the provincial Bureau of Information were to have this sign erected next year.

Donald Amaro, B. H. Ruggles and Irving McKenna were appointed a Nominating Committee to bring in a slate of officers at the annual meeting in January.

Construct More Fire Dams

Two more fire dams have been constructed in the Smith's Cove-Joggins Bridge area by the area fire department, it was reported at a special meeting of the department held Monday evening.

Decision to secure numbers for placing on all houses in the area served by the department was made at the meeting and it was decided a social would be held during the month to aid in securing the funds for this project.

Firemen from the Smith's Cove-Joggins Bridge district will take special training with the Digby Fire Department during the month of November, it was decided at the meeting.

One box of new clothing and one of good used clothing have since been shipped direct to Dr. Florence Murray in Korea. Dr. Murray is a cousin of Mrs. Milo and during her last furlough home was guest speaker at the Granville Ferry W. M. S.

MARRIAGE

Morgan — Parker

A pretty wedding was solemnized at the home of the bride's parents, Mr. and Mrs. Frank Parker, Bear River, on Wednesday, November 3rd, at 2 p.m. when Rev. C. S. Young, of Parker's Cove, in a double ring ceremony, united in marriage their only daughter, Barbara Irene, and Richard Darrell, son of Mr. and Mrs. Cecil Morgan, of Bear River.

To the strains of the wedding march, played by Mrs. John McLeod, the bride entered the tastefully decorated living room on the arm of her father, by whom she was given in marriage. She wore a street-length, princess style dress of midnight blue tulle with pink and navy accessories, and a corsage of pink carnations.

The bridesmaid, Miss Elizabeth Darras, wore a dress of coral corduroy with black accessories, and a corsage of white carnations.

David Parker, cousin of the bride, was best man.

The bride's mother wore a dress of blue bengaline with a corsage of red roses.

The mother of the groom wore a copper colored tulle dress with a corsage of yellow roses.

Those who assisted in serving were Mrs. Roy Snell, Mrs. Murray Rice, Miss Beverly Bell and Miss Marlene Thompson.

The happy couple left in a shower of confetti for Mr. Roy Snell's cabin at Lake Joli, where they are spending their honeymoon.

Liberal Women Meet

A meeting of the Liberal Women of Bear River and vicinity was held Friday evening, November 5th, in the Legion Hall, which due to short notice, prior engagements and a very rainy night, was not as largely attended as usual, but this was compensated for by the interest and enthusiasm of the fairly large number present.

The President, Mrs. J. H. Cunningham, called the meeting to order with a few well chosen words of welcome, and after the reading of the minutes by Mrs. H. E. Harris and the financial statement by the treasurer, Mrs. Charles Green, she introduced the speakers, Mrs. W. A. Hewat, Provincial 1st Vice President, and Mrs. Arthur James, both of Lunenburg. Mrs. James spoke briefly on the meaning and aims of Liberalism, stating it is a belief in the value of human personality, and a conviction that the source of all progress lies in the free exercise of individual energy. Liberalism involves a readiness to use the power of the State for the purpose of creating conditions within which individual energies can thrive, of preventing abuses of power, of establishing a real equality of opportunity for all.

Mrs. Hewat spoke on the importance of organization from the small groups or clubs up through to the larger associations.

Victor Cardoza, M.L.A., then addressed the meeting, rounding out and confirming the statements of the other speakers.

The evening closed with a social period and refreshments.

Fireside Chat With Doc. Quack

If your garden soil is as rich as it should be you will find approximately six earthworms to every shovel-full of earth you dig up. That is in the summertime of course. In winter they go down deep to keep from freezing, unless there is a big pile of hay handy and there you will find them plentiful even in cold weather. They are bent on eating the hay and if given time will consume the entire pile. Bacteria of course help break it down too.

Farm magazines are full of advice to leave a cover crop on the land for winter if possible, and the number of earthworms found are in direct proportion to the nature and density of the cover crop. Thus if you want your worms to spend the winter on top just spread a layer of hay on the garden. By spring much of the hay will have become a part of the soil, and added to its fertility and mostly because of the humble worms. For even better results spread manure or rockweed first and then cover with hay and much more will be added to your soil. If you plan to grow legumes or sweet peas, a

sprinkle of hard wood ashes or agricultural lime is good. Some crops will grow better without lime. With this fall preparation your spring garden work will be at a minimum and all that is necessary is some disking or shallow plowing and you are ready to plant.

Bare ground will hold little water but you can see what will happen if you keep your soil covered. Practically all the rain that falls will go straight down just where you want it for next August when it's dry. This will save you carrying water especially if you keep your plants well mulched in the dry season.

Earthworms also allow the soil to hold more water as they aerate by their continued activity. Thus we see that a good winter mulch will practically guarantee us a successful crop next summer. The water table rises and falls in accordance with the type of soil covering and since the plants draw moisture by osmosis then we can see how necessary it is to conserve all the rain that falls. Bare ground evaporates the water quickly and discourages the worms so "keep 'em covered".

About This and That

Bible Society To Make Jubilee Effort

The Nova Scotia Auxiliary of the British and Foreign Bible Society in Canada is making an appeal for \$50,000 in 1954 to carry on their important role in distributing the Word of God in Modern Braille, numerous translations for missionaries, and in special form for children. This special Jubilee effort in 1954 marks the 150th anniversary of the British and Foreign Bible Society. On March 7 of this year and after having reached a total distribution of 610,000,000 volumes of Holy Scriptures, the Society marked its third Jubilee.

The Society got its origin in the year 1804. While Napoleon, with an army encamped at Boulogne, was threatening the safety of England, a small body of men met in London and founded the British and Foreign Bible Society. The purpose of the Society was defined as being "to encourage a wider circulation of the Holy Scriptures without note or comment". A committee of thirty-six laymen was appointed, some of whom have left names of imperishable memory, both in the religious and the political world. At that time, there was a dearth of Scriptures in England and Wales, on the European continent and throughout the world. The aim of these men was to make the Bible available, to use Tindale's words, "to the boy who drives the plough". This upsurge of spiritual concern for Every Man spread to North America, and as early as 1812 an Auxiliary Bible Society was founded in Newfoundland, in 1813 three Auxiliaries in Nova Scotia, and in 1818, one in York (Toronto). Down through the years other Auxiliaries have been founded, until now, with the exception of the Yukon and the Northwest Territories, the whole area is covered by sixteen Auxiliaries. These sixteen Auxiliaries form one Bible Society, the British and Foreign Bible Society in Canada.

Total circulation in Canada during 1953, including colportage, was 381,530 volumes in 70 languages. 15,211 New Testaments were presented to active service personnel and 38 Bibles were placed in camps or on ships. The gift of a Gospel in their mother tongue welcomed 9,367 immigrants to Canada. The blind again received the Bible in Braille or on Talking Book Records at a price far below cost.

In addition to maintaining their missionary work in this country the Canadian Auxiliaries sent \$319,543.50 overseas as their yearly donation towards world-wide Bible Society work.

Last year the British and Foreign Bible Society added seven new languages to its list, to make a total of 825 out of a world total of 1,077. Four of the tribes to have the Gospel in their own tongue for the first time are one from Africa, one from Indonesia, one from the New Hebrides and one from India.

During 1953 the British and Foreign Bible Society distributed 5,879,218 Bibles, Testaments and Scripture portions, bringing the total number of volumes circulated by the Society since 1804 to over the figure of 610,000,000 as quoted above.

Total figures for world-wide circulation in 1953 are not yet available, but in the years 1949-1952 the United Bible Societies distributed some 21,700,000 copies of God's Word annually.

These figures bespeak a tremendous force for good when translated into the comfort, peace, assurance and power as derived by so many peoples from the Sacred Word.

The campaign which is now on in Digby and vicinity deserves every success so that the Bible Society is aided in carrying on this great effort so essential in a discontented and upheaved civilization.

Officers elected recently to the Digby Branch are President, M. C. Denton; Vice-President, Ralph Berwick, and Secretary-Treasurer, J. J. Wallis. Representatives are appointed from the various branches of the Protestant churches.

Remembrance Day 1954

Today all across Canada services will be held before cenotaphs, in front of simple monuments, in schools and in churches, in honour of those brave men and women who gave their lives that we might be free — that we might be able to enjoy the very things which they denied themselves in order to purchase that freedom.

Remembrance Day — a day set apart to honour the memory of the valiant dead — a day set apart each year to renew our sense of gratitude to those who died that we might live — a day set apart on which we should examine our own lives to see if the sacrifice made for us has been in vain or if we are honestly striving to hold fast the faith and so live that we may be counted worthy of the lives that were given in our stead.

On this Remembrance Day how do we measure up? Certainly we honour the valiant dead — on Remembrance Day. Certainly we recognize our sense of gratitude to those who died — on Remembrance Day. Perhaps we examine our own lives — on Remembrance Day. Is this enough, however? Must not the task of remembrance be an abiding one if we are to fully discharge our responsibility to those who died — must we not give more than lip service on one day of the year if we are to play our part in creating a world envisioned by those who gave their all that it might come into being.

In saying this we do not maintain that the matter of remembrance be magnified out of all proportion or to the exclusion of all else. What we do say is that remembrance of the sacrifices made for us should be a motivating influence in all our actions — should lead to a year-round quest for improvement in our own lives and in the world about us that through these things with God's help might come the lasting peace we all hope for and for which they died.

MARRIAGE

Morgan — Parker

A pretty wedding was solemnized at the home of the bride's parents, Mr. and Mrs. Frank Parker, Bear River, on Wednesday, November 3rd, at 2 p.m., when Rev. C. S. Young, of Parker's Cove, in a double ring ceremony, united in marriage their only daughter, Barbara Irene, and Richard Darrell, son of Mr. and Mrs. Cecil Morgan, of Bear River.

To the strains of the wedding march, played by Mrs. John McLeod, the bride entered the tastefully decorated living room on the arm of her father, by whom she was given in marriage. She wore a street-length, princess style dress of midnight blue tulle with pink and navy accessories, and a corsage of pink carnations.

The bridesmaid, Miss Elizabeth Darres, wore a dress of coral corduroy with black accessories, and a corsage of white carnations.

David Parker, cousin of the bride, was best man.

The bride's mother wore a dress of blue-bengaline with a corsage of red roses.

The mother of the groom wore a copper colored taffeta dress with a corsage of yellow roses.

Those who assisted in serving were Mrs. Roy Snell, Mrs. Murray Rice, Miss Beverly Bell and Miss Marlene Thompson.

The happy couple left in a shower of confetti for Mr. Roy Snell's cabin at Lake Joli, where they are spending their honeymoon.

The groom will leave on December 2nd for St. Hubert's, Que., where he is stationed with the R.C.A.F. The bride, who is on the staff of the Maritime Tel. and Tel. Co., will follow later.

Elta Rebekah Lodge held a very successful Pantry Sale at the Oddfellows Hall on Saturday.

On Thursday evening Mr. and Mrs. D. Purves entertained at a very delightful three table dinner bridge. The honors for the evening went to Miss M. Roehling, Mrs. T. Hood, A. B. Marshall and C. V. Snow.

Liberal Women Meet

A meeting of the Liberal Women of Bear River and vicinity was held Friday evening, November 5th, in the Legion Hall, which due to short notice, prior engagements and a very rainy night, was not as largely attended as usual, but this was compensated for by the interest and enthusiasm of the fairly large number present.

The President, Mrs. J. H. Cunningham, called the meeting to order with a few well chosen words of welcome, and after the reading of the minutes by Mrs. H. E. Harris and the financial statement by the treasurer, Mrs. Charles Green, she introduced the speakers, Mrs. W. A. Hewat, Provincial 1st Vice-President, and Mrs. Arthur James, both of Lunenburg. Mrs. James spoke briefly on the meaning and aims of Liberalism, stating it is a belief in the value of human personality, and a conviction that the source of all progress lies in the free exercise of individual energy. Liberalism involves a readiness to use the power of the State for the purpose of creating conditions within which individual energies can thrive, of preventing abuses of power, of establishing a real equality of opportunity for all.

Mrs. Hewat spoke on the importance of organization from the small groups or clubs up through to the larger associations.

Victor Cardoza, M.L.A., then addressed the meeting, rounding out and confirming the statements of the other speakers.

The evening closed with a social period and refreshments.

Fireside Chat With Doc, Quack

If your garden soil is as rich as it should be you will find approximately six earthworms to every shovelful of earth you dig up. That is in the summertime of course. In winter they go down deep to keep from freezing, unless there is a big pile of hay handy and there you will find them plentiful even in cold weather. They are bent on eating the hay and if given time will consume the entire pile. Bacteria of course help break it down too.

Farm magazines are full of advice to leave a cover crop on the land for winter if possible, and the number of earthworms found are in direct proportion to the nature and density of the cover crop. Thus if you want your worms to spend the winter on top just spread a layer of hay on the garden. By spring much of the hay will have become a part of the soil and added to its fertility and mostly because of the humble worms. For even better results spread manure or rockweed first and then cover with hay and much more will be added to your soil. If you plan to grow legumes or sweet peas, a

sprinkle of hard wood ashes or agricultural lime is good. Some crops will grow better without lime. With this fall preparation your spring garden work will be at a minimum and all that is necessary is some disking or shallow plowing and you are ready to plant.

Bare ground will hold little water but you can see what will happen if you keep your soil covered. Practically all the rain that falls will go straight down just where you want it for next August when it's dry. This will save you carrying water especially if you keep your plants well mulched in the dry season.

Earthworms also allow the soil to hold more water as they aerate by their continued activity. Thus we see that a good winter mulch will practically guarantee us a successful crop next summer. The water table rises and falls in accordance with the type of soil covering and since the plants draw moisture by osmosis then we can see how necessary it is to conserve all the rain that falls. Bare ground evaporates the water quickly and discourages the worms so "keep 'em covered".

Mr. Wright travelled light

WHEN THE Wright Brothers first took off at Kitty Hawk fifty years ago, weight-saving aluminum was already in on the act. Their tiny engine had a single cast aluminum crank-case and cylinder block. Aluminum has been growing with the aircraft industry ever since. Now strong aluminum alloys are helping to combat the heats and stresses of supersonic flight, and Alcan is busier than ever supplying aluminum for Canada's busy aircraft plants and other metals users looking for lightness and strength... at a fraction of the price that the Wright Brothers paid. DIGBY BRANCH RED CROSS REPORT

Fifteenth Annual Report Women's Work Committee

I beg to submit the fifteenth annual report of your Women's Work Committee from November 1st, 1953, to October 31st, 1954. This period has been one of more or less routine work for our committee, and although it does not produce as impressive statistics as some previous years, we are the more fortunate in that the period produces no major disaster requiring extra Red Cross work such as the flood relief programmes for the Netherlands in 1953 or Manitoba in 1952. True, the world was not entirely free from disaster during the past year, for there were severe earthquakes in the Ionian Islands and Turkey to which supplies were flown from our international stockpile, the League of Red Cross Societies Warehouse in Geneva, but this only illustrates the wisdom of the Red Cross Women's Work programme, whereby the clothing is made and stored in preparedness for trouble whenever and wherever it may arise. Those points, half a world away, sound very distant, and there are many prone to say, in effect, "It can't happen here," but this has certainly been disproved by our recent hurricane season, culminating in the Toronto disaster. In fact, little more would have been required to produce a major disaster. In fact, little more would have been required to produce a major disaster in Nova Scotia during "Hurricane Edna" so we may indeed consider ourselves fortunate that we did not find a local use for the Red Cross supplies made by our committee during the past year.

The total of articles produced by the Women's Work Committee of the Branch was as follows:

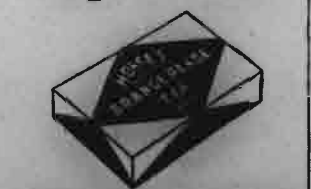

| | |
|-----------------------------------|-----|
| Quilts | 20 |
| Baby Blankets | 22 |
| Sweaters, Scarves, Mittens, Socks | 101 |
| Children's Clothing | 30 |
| Infant's Clothing | 190 |
| Towels | 93 |
| Stuffed Toys | 29 |
| Grand Total | 435 |

In addition to the above, 1350 gauze wipes were folded for the Blood Transfusion Service. Materials for all this, at a wholesale value of some \$300, were furnished by the Division at no cost to the Branch.

For this work, representing many hours in time and increasing many fold the value of the materials going into the quilts and garments, thanks are extended to each and all who assisted. To list them all would be impossible, and would also be a repetition of precious reports, for with a very few exceptions they are all our same faithful workers. Special thanks are again extended to the groups who have assisted us: to Roseway Auxiliary for quilting; to the Conway Ladies Club for quilt tops; and to the Smith's Cove Tuesday Night Club for knitting and sewing.

MORSE'S

ORANGE PEKOE
TEA in BAGS

Individually, special mention is due Mrs. T. W. Hodgson who continues to be our most faithful knitter with over 60 scarves to her credit for 1954; Mrs. Percy Wornell, Mrs. Jesse Jefferson and Miss Bertha Boggs, who have again knit many beautiful sweaters during the year; Miss Grace Chisholm who is still our star finisher of layettes; Mrs. Guy Dunn, Mrs. Curtis Young and Mrs. Oscar VanTassel who have kept us supplied with beautiful quilt tops; Mrs. Hugh Vincent whose collection of stuffed toys has again brought a special "Thank you" from Divisional Headquarters. One could go on to name each member of our sub-committees — Cutting, Sewing, Quilting and Afternoon Tea, all of whom have worked wholeheartedly, throughout the year, and together have made this report possible, for without them there would be no Women's Work Committee. Thanks are also extended to the Municipal Council for granting us the use of the Council Chamber for our meetings, also the room for storage space in the Court House. Without these, too, our work would be practically impossible. We are also grateful to Mayor Morehouse for free transportation of Red Cross parcels via the Digby Neck Bus Service.

Special events during the year included an Apron Sale in connection with last year's Annual Meeting, assistance at the Blood Donor Clinic in the Spring, and a farewell party in the summer

for Mrs. Mildred Pudsey who had been a faithful Red Cross supporter during her three winters in Digby. Assistance was also rendered to the Disaster Relief Committee on the many occasions requiring clothing and bedding for local families — one of our most important Red Cross services, and one in which our committee is deeply interested.

Although having no direct bearing in one respect, on the year's work of the Digby Branch, I nevertheless feel that my report for 1954 would not be complete without some reference to the privilege which was mine in May of attending the National Annual Meeting of the Red Cross in Toronto. Since there were only three delegates from Nova Scotia it was a great honor to have been chosen as one, and that honor should be passed on to the Digby Branch for its record with the Division. Had we not throughout the years done an outstanding job for Red Cross in this part of the province, this recognition would not have been accorded to a Digby delegate. My thanks are therefore extended to all for the privilege of having represented you at the meeting.

I only wish it were possible to bring you in a few words the inspiration which I received from the outstanding officials and speakers to whom I listened throughout those two-day sessions. Here in our own small town we are just one little group, working sometimes rather blindly at a very hum drum task. There often seems to be nothing glamorous enough about Red Cross even to attract many new workers in peace time. Then perhaps one goes as a delegate to a divisional meeting in Halifax, and there one sees beyond the one small group to the many such groups all over Nova Scotia, all working for the same cause, with larger opportunities for service in the larger centres, and one begins to feel a sense of accomplishment on the provincial level. But if one is fortunate enough to go on to Toronto, and see Red Cross on the national level, the horizon really broadens out and there one sees not only what is being accomplished all over Canada, but the picture becomes international in its scope and the Canadian Red Cross stands revealed as a potent force amid the world-shaking events which are being erected against that vast background. One had only to listen to the list of foreign places dropped casually into the various reports to realize how international has Canada's role become! We were told at the meeting that this new internationalism is the challenge of the Canadian Red Cross today and we, as its members, are its ambassadors of good will. Perhaps our part in all this as one small branch may seem pretty remote, but actually we do have our part to play. Junior Red Cross in our schools teach the small child to help the less fortunate; our blood, contributed to the Red Cross Blood Bank, means free transfusions for all, regardless of race or creed; crib quilts and toys made by our members find their way to the Port Nursery in Halifax, where a Red Cross welcome awaits every immigrant family entering our eastern shores;

REPORT OF THE DISASTER RELIEF COMMITTEE

Mr. Chairman, Ladies and Gentlemen:

The report of the Disaster Relief Committee covers the local charity work of the Digby Branch.

When there is a fire, leaving a family destitute, our committee are prepared to supply good used clothing, bedding, supplemented by new articles, to help the victims over the emergency period, until they can again care for themselves. We also work through the County Health Nurse, the Victorian Order Nurse, to supply used clothing for needy families recommended by them, besides which we also assist in clothing an occasional occupant of the

county jail who requires help. Another instance this past year we were called upon to supply a layette for a baby born in the Digby General Hospital another case a Welfare baby.

Altogether we have given aid to the following: 2 families burned out, 11 families in need, of these, one family had 11 children, one 10, and two others with 6, making a total of 14 adults, 54 children, 2 infants.

The amount of clothing given out was as follows: 35 coats, 53 pairs pants, 94 suits underwear and pyjamas, 50 jackets, 60 sweaters, 55 shirts, 63 pairs shoes, overshoes and rubbers, 60 dresses, 60 shirts for boys, besides socks, etc. We bought 2 pairs girls overshoes, 1 pair boys lumberman rubbers, 4 pairs socks, 2 pairs adult shoes, ladies underwear and nylons.

I would like to thank all the ladies of the town, Brighton and Barton, E. and G. Club and the Friday Night Club, Smith's Cove, for their generous donations of clothes. They are greatly appreciated — keep up the good work.

I move the adoption of this report.

Praise has different effects, according to the mind it meets with, it makes a wise man modest, but a fool more arrogant.

Judicious praise is to children what the sun is to flowers.

Respectfully submitted,
LOUISE M. WARNE,

Such is the vision which I was permitted to glimpse in Toronto and which I should like to pass on to you. I do hope enough others may catch something of its spirit to help strengthen the Digby Branch in carrying its share of this responsibility for the ensuing year.

Mark Golden
Wedding
Anniversary

Mr. and Mrs. James Woodman celebrated their golden wedding anniversary on Wednesday, November 10th, at their home in Conway.

Afternoon tea was served from 4 until 5 p.m. and during the evening they were at home to over fifty guests. Mrs. Harold Marshall was in charge of the guest book and Mrs. Vernon Rice received at the door.

Those who assisted in serving were Mrs. Durcan MacKay, Mrs. Arthur MacKay, Miss Sukie Nichols, Mrs. Chester Keen, Mrs. Austin Lutz, Mrs. Guy Adams, Mrs. Lloyd Adams, Miss Mary Marshall and Mrs. Neil Adams. Miss Blanche Woodman replenished and Mrs. Ralph Marshall poured.

Mrs. and Mrs. Woodman were the recipients of many beautiful gifts, including a Normandy chimes clock, trillight, two table lamps, linen, china and checks. A corsage of baby mums and a beautiful bouquet of yellow mums were received besides a great number of cards and phone calls. One telephone call was from Mr. Woodman's brother, Lemuel, and son Charles, of Somerville, Mass.

Mrs. Gladys Nichols and Mrs. Durcan MacKay, sisters of Mrs. Woodman, were also present at the wedding fifty years ago.

The Red Cross Society at Port Wade met on Wednesday evening at the home of Mrs. George Johns. One quilt top was completed and it was decided to put it in the frames at the next meeting at the home of Mrs. James Johns for quilting. Another nine block quilt is now started and work well advanced.

It was discussed also that in place of the Tuesday night sewing club, which has been held for a number of years and the collections from which were used for the cemetery upkeep, could be held jointly with the Red Cross every week. Sewing or work for the Red Cross would continue as usual and the collections taken kept for the cemetery fund, and at the end of the season the annual tea or supper be held to raise the balance of money needed for the cemetery fund. This was thought an excellent idea by all the ladies present.

Delicious refreshments were served by the hostess, assisted by Mrs. Alton Hayden. T.V. was enjoyed during the lunch.

Marks 95th Birthday

Miss Adeline Gaudet celebrated her 95th birthday at the home of her niece, Mrs. Hugh Amero, Acacia Valley, on Nov. 6th.

Miss Gaudet, who lived in Yarmouth and in Tusket, has been staying for the past two years with her niece. Although an invalid for most of the past two years, her memory is good and she enjoys telling stories of happenings many years ago. She vividly remembers the starting of the Digby Courier and its early years of publication.

On the occasion of her birthday she received many lovely cards and letters and enjoyed a beautiful birthday cake. She has one brother, Henry Gaudet, in Tusket.

Speaks At
Remembrance
Banquet

Rev. Callum Thompson, RCN, Chaplain at H.M.C.S. Cornwallis, was the guest speaker at the annual Remembrance Day banquet held by the Digby Branch of the Canadian Legion last Thursday evening at the Hotel Champlain.

Rev. Mr. Thompson is a veteran of the 19th Canadian Field Artillery and served overseas during World War I. Following the war he was the first Principal of the Canadian Army School of Religion. He later served as Minister of the United Church in Dundas, Ont., and while there served as Chaplain of Branch No. 36 of the Canadian Legion, R.E.S.L. He recently rejoined the active service and has been stationed at H.M.C.S. Cornwallis.

Introduced by Legion Branch President, Ernest B. Tufts, Rev. Mr. Thompson took as his subject "These were the Canadians". In relating a series of incidents which occurred while he was serving with the Canadian forces overseas during the war he outlined the Canadian character. He stated Canadians, as represented by their forces overseas, were essentially a free-hearted people, willing to sacrifice for the benefit of others; deeply religious, but not wearing their religion on their sleeve; possessed of a humor which stands them in good stead when the going is rough; not gloating in victory or unduly cast down in reverse.

The thanks of the meeting to Mr. Thompson for his address were expressed by F. C. Purdy, Past President of the Digby Branch. Also speaking briefly at the meeting was Eugene Outhouse, M.M. Zone Commander. The invocation was given by William Barton, Branch Chaplain. Head table guests included Mayor Guy E. Morehouse, Victor Cardoza, M.L.A., Lieut. Charles McBride of the Sea Cadet Corps, and Captain Donald Wilson of the local Militia Unit.

surprised and thanked the guests for the pleasant evening.

REMEMBRANCE DAY MARKED IN LOCAL COMMUNITIES

Again this year the "Act of Remembrance" was held last Thursday morning in the auditorium of the Digby Regional High School to honour the memory of those from this area who gave their lives in the cause of freedom.

The service began as in other years with a parade of the Officers by members of the Digby Branch of the Canadian Legion, R.E.S.L., and members of the Legion Auxiliary from the rear of the auditorium of the beautifully decorated stage.

The "Act of Remembrance" itself began with the singing of "O Canada", led by the massed choirs of the town, and the illumination of the altar. This altar was backed with simulated stained glass windows symbolic of the three services. The stage setting itself was a replica of the Peace Tower at Ottawa.

Following the illumination of the altar the names of those who gave their lives in the two World Wars were read by F. C. Purdy, Past President of the Digby Branch of the Legion. As the names of the First World War dead were read a poppy was placed on the altar in memory of each one by M. C. Denton. Poppies in memory of those who died in World War II were placed on the altar by Ernest B. Tufts.

As the last names were read the lights were dimmed and the "Last Post" sounded. A period of silence followed and then as the illumination of the altar was brightened "Reveille" was sounded. The Prayer of Remembrance was given by Lieutenant Birt of the Digby Salvation Army Corps. The recitation of

the beautiful lines, "They shall grow not old as we who are left grow old; age shall not weary them nor the years condemn. At the going down of the sun and in the morning we shall remember them", brought the "Act of Remembrance" to a close.

The Remembrance address was given by Rev. H. Y. MacLean, Rector of Trinity Parish, who spoke of the significance of the sacrifices which were being remembered and of the duties and responsibilities of Christians in these days.

Mayor Guy E. Morehouse congratulated all who took part in the "Act of Remembrance" and in the arrangements. He said he hoped the day would shortly come when the threat of war would be removed from the world and lives would no longer have to be sacrificed in the pursuit of freedom and in the protection of the free world from tyranny.

Ernest B. Tufts, President of the Digby Branch of the Legion, reported on the Poppy Fund campaign and congratulated the committee in charge of arrangements for the "Act of Remembrance". He also commended the Auxiliary and Legion members for the splendid turnout at church parade on Sunday.

Victor Cardoza, M.L.A., spoke briefly and stated the "Act of Remembrance" had a great significance, not only for those who remembered lost comrades but also for those not privileged to serve actively and for whom, as well as for their comrades in arms, those who died gave their lives.

Following the singing of the

National Anthem the program was brought to a close by a prayer of benediction by Rev. Father Luke Gaudet.

Hold Remembrance Day
Service at Freeport

A Remembrance Day service was held at the Baptist Church on Thursday morning conducted by the pastor, Rev. Eric Miner, who also read the scripture, Rev. George Sharpe, Westport, offered prayer.

The Remembrance Day message was given by Rev. J. W. Derby, Westport. Appropriate hymns and an anthem were sung by the choir.

After the service the Canadian Legion had charge at the cenotaph under Zone Commander Eugene Outhouse, of Tiverton. Two wreaths were placed by Eugene Outhouse and Mrs. Burdill Outhouse. After a two minutes silence and the singing of "The Queen", the gathering was dismissed.

Pay Tribute at

High School Student
Drowns At Rossway

Searchers early Monday morning found the body of sixteen year old Philip Thibault, son of Mr. and Mrs. George Thibault, of Rossway, on the beach near the head of St. Mary's Bay.

A search had been started for the lad late Sunday afternoon when he failed to return from a trip to the marsh at the head of the Bay. Fears were expressed he had fallen into one of the numerous creeks along the marsh and drowned. An extremely high tide and heavy seas Sunday afternoon increased the hazards of travel along the marsh.

Late Sunday afternoon the young lad's jacket was found by searchers and this increased fears he had been drowned. No trace of the lad's body was discovered, however, until early Monday morning when it was found in the mud along the beach at the head of the bay.

Although it will never be known how the boy, a brilliant and talented student of the Digby Regional High School, came to his death, it is felt he slipped while travelling along the edge of the beach, fell into deep water, and was overcome by the waves and tide.

Funeral service was held from St. Patrick's church this morning with a requiem high mass. Attending, beside grieving relatives and friends, were many of his former classmates from the Digby Regional High School. Floral tributes were many and beautiful, expressing the high regard in which the lad was held by all who knew him.

Miss Delaney

The November meeting of the Tiverton Home and School Association was especially interesting to parents of children in their first year of school.

The guest speaker, Miss Helen Delaney, Rural Supervisor, explained the methods now used to prepare the young pupils for learning the old familiar Three R's. She also drew attention to the free services of the Public Health Nurse, the Nutritionist, and the Psychiatric Clinic in Digby which are available to the parents of school children in this district. The parents from Central Grove and Tiverton attending this meeting received high praise from Miss Delaney for their success in the consolidation of their schools.

H. & S. Meets

The November meeting of the Smith's Cove Home & School Association, presided over by the president, Beth Bailey, was held at the home of Chief Petty Officer and Mrs. Tom Davis on November 9, with a good number present.

Hobby classes were lined up and an invitation extended to all who are interested in huck weaving, smocking, pottery, painting, photography and fly tying to join these classes beginning on January 12 at the home of Mrs. Beth Bailey.

It was learned also at this meeting cod liver oil capsules were being distributed to the pupils, the teacher-tots had been placed on the school grounds, and the swings repaired and the chemical toilets have been ordered.

At the close of the evening a social evening was enjoyed followed by refreshments. A free film will be shown at the hall in December.

Bear River Gives
Over 30% Of
Donations

Of the 168 blood donors who contributed at the clinic held at the Court House on Wednesday, 54 or over 30% were from Bear River. There were 64 donors from Digby and the usual number arrived from Brier Island and Long Island.

The Digby Branch Red Cross which sponsored the clinic served refreshments under the co-operation of Mrs. H. M. Warne.

Transportation for donors from the Islands was provided by Mrs. E. G. Bennett, Mrs. J. M. Wallis, James Ayer, Reginald Turnbull and J. J. Brittain. Transportation from Bear River was provided by Miss June Schmidt, Dr. D. S. Brennan, Mr. L. V. Harris, Mr. D. Purves, Mr. Aaron Darras, Rev. R. Humby, Mr. B. R. McCarthy, Mr. Wilbur Parker, and Mr. S. W. Sabine.

Given Appointment

The Provincial Government has appointed a native son to take charge of the Division of Fisheries in the Department of Trade and Industry. Brian I. Meagher, a native son of Canso, has been appointed by the Honourable W. T. Dauphinee as Director of Fisheries.

Mr. Meagher brings to his new post a wealth of experience and a personally gained knowledge of Nova Scotian problems. At an early age he was active in the Fishermen's Association operating out of Canso. He assisted in the formation of the first lobster marketing group in Guysborough County. This marketing operation was soon followed by eight years as an inshore fisherman out of the same port.

Later Mr. Meagher turned his activities toward the American industry and sailed on trawlers for two years out of Boston, Gloucester, and Portland.

In 1938, he became interested in education projects designed to help fishermen. After studying economics at St. Francis Xavier University in Antigonish, he associated himself with the Nova Scotia Department of Agriculture and Marketing.

In this capacity he spent ten years assisting fishermen with their marketings and providing guidance on educational matters. This intensive application to the study of fishing problems and their practical solution has given Mr. Meagher a real working knowledge of the processing, packaging and freezing of fish. It has also provided a familiarity with the U. S. markets for fresh and frozen fish. The work of shore fishermen and a knowledge of deep sea fisheries is the result of his personal apprenticeship to the industry throughout his life.

In recent years Mr. Meagher has been general manager of a commercial fishing firm with headquarters at Port Dover, Ontario. During his management the business increased to a volume of two million dollars in 1953.

Born in 1913 of fishing parents at Canso, Nova Scotia, the interest in matters pertaining to fish showed itself at an early age. At 13, Mr. Meagher was an active fisherman as both his parents and grandparents had been. In 1945, he married a girl from Yarmouth, Mae Silvia LeBlanc. They have three children, Michael 8, Peter 6, and Karen 6 months.

In his new post Mr. Meagher does not expect any pat answers or quick solutions to the fishing problems. On the other hand, he believes that the fishing industry of Nova Scotia can look forward to healthier markets and better conditions due to new demands and processing developments. There is an awakening interest in fish and fish products that can be seen across the country in the demand shown by super markets and shopping centers. This increase in demand will do much in the opinion of Mr. Meagher to give Nova Scotia fishermen a brighter future.

Dedicate Bible

On Sunday a beautiful pulpit Bible, given by Mrs. Edgar Handsaker in memory of her late husband, was dedicated at Grace United Church. The Bible was presented by Mrs. Handsaker and accepted on behalf of the session of the church by Kenneth Beckwith, Milton Turnbull, who accepted the gift on behalf of the Board of Trustees, placed the Bible on the pulpit after dedication by Rev. James Brooks "to the glory of God, for the enlightenment of the congregation and in the memory of the late Edgar Handsaker."

Mr. Brooks in a few remarks mentioned that this year was a most fitting time for such a presentation when the British and Foreign Bible Society was celebrating its 150th Anniversary. The first passage of scripture read from the Bible after its dedication was from the 1st chapter of the 1st Epistle to Peter. As a text Mr. Brooks chose the words "The grass withereth, the flower fadeth but the Word of God shall stand forever."

You can't go ALL-OUT If you feel ALL-IN

These days most people work under pressure, worry more, sleep less. This strain on body and brain makes physical fitness easier to lose - harder to regain. Today's tense living, lowered resistance, overwork, worry - any of these may affect normal kidney action. When kidneys get out of order, excess acids and wastes remain in the system. Then backache, disturbed rest, that "fired-out" heavy-headed feeling often follow. That's the time to take Dodd's Kidney Pills. Dodd's stimulate the kidneys to normal action. Then you feel better - sleep better - work better. Ask for Dodd's Kidney Pills at any drug counter.

This Week At
The Capitol

For the main attraction at the Capitol Theatre, Digby, this Friday and Saturday it's "THE DESPERADO", starring Wayne Morris as Sam Garrett, the west's most violent outlaw in a story of suspense, action and the old west as it really was.

Monday and Tuesday it's "DESSERT RAT", a story of suspense, action and daring deeds from the war scarred deserts of North Africa. Starring James Mason and Richard Burton, this movie brings to life one of the most outstanding battles of World War II.

It's daffy, it's delightful and it's a dilly of a comedy. Those are the only words that can describe "GENEVIEVE", the main attraction Wednesday and Thursday. For those people looking for an evening of fun and laughter "Genevieve" is the answer for this is a movie packed full of comedy from beginning to end.

NOVA SCOTIA COAL - THE THRIFTY FUEL

No. 18 Bankhead, Cape Breton

With a coal-burning furnace of modern design which is fed by an automatic stoker, a very steady heat can be obtained because there is always a fire burning in the furnace. Consequently, the temperature of the water in the heating system may be kept practically constant. A constant temperature may be obtained in the home if the system is provided with adequate controls. This constant temperature which gives a maximum of comfort is not obtainable from other fuels. Where fuels other than coal are used the fire is extinguished entirely when a pre-determined temperature is reached in the home. This results in a temperature variation of as much as six degrees with the attendant discomforts which such a variation causes. You can avoid this temperature variation by using Nova Scotian coals in the proper furnace.

Give your family the comfort of a steady heat in the winter months by using Nova Scotian coals.

BASIC ONE-RISING SPECIALTY DOUGH
Measure into a large bowl:
1 cup lukewarm water
2 teaspoons granulated sugar
and stir until sugar is dissolved.
Sprinkle with contents of:
2 envelopes Fleischmann's Active Dry Yeast
Let stand 10 minutes, THEN stir well, stir in:
1 1/2 cups lukewarm water
3 teaspoons salt
4 cups once-sifted bread flour

and beat until batter is smooth and very elastic.
Cream in a large bowl:
1/2 cup butter or margarine
Gradually blend in:
1/2 cup fine granulated sugar
Gradually beat in:
3 well-beaten eggs
Add to yeast mixture, about a third at a time, beating well after each addition.
Mix in:
3 cups more once-sifted bread flour
Divide soft dough into 3 bowls to finish as three specialties.

1. **Butterscotch Hot Buns** Melt 3 tablespoons butter or margarine in 8-inch square pan; brush sides of pan with fat; mix in 1 tablespoon corn syrup, 1/2 cup lightly-packed brown sugar and 1/4 cup broken walnuts or pecans. Combine in a shallow bowl 1/2 cup sugar, 1 teaspoon cinnamon and 1/2 teaspoon nutmeg. Cut out rounded spoonfuls of dough, coat with cinnamon mixture and place in pan; sprinkle with any remaining spiced sugar. Cover and let rise until double in bulk. Bake in moderately hot oven, 375°, about 35 minutes.
2. **Cheese Pull-Aparts** Line bottom of a greased 8-inch square pan with greased waxed paper. Cut half of dough into rounded spoonfuls; place in pan; sprinkle with 2 cups shredded cheese. Spoon remaining half of dough on top; grease tops. Cover and let rise until doubled in bulk. Bake in moderately hot oven, 375°, about 35 minutes.
3. **Seed Buns** Cut out rounded spoonfuls of dough and drop into greased muffin pans—each spoonful should about half fill a pan. Brush with melted butter or margarine; sprinkle with poppy seeds. Cover and let rise until doubled in bulk. Bake in moderately hot oven, 375°, 20 to 25 minutes.

Uncle Ed Says

Neighbour of mine says he can't stand dachshunds — you know, those long, low sausage dogs. "What is it about a dachshund that you don't care for?" I asked him. "Well," he said, "they make such a draft when they come in. They keep the door open so long."

If there are drafts around your house, it's most likely because you haven't got your storm windows and doors on yet. Or you haven't got enough of them on. Or you've got them on but they don't fit right.
Order storm windows and doors from Hick's right away. Better late than not at all.

Freak Accident

On Thursday morning while Mr. Fred Harris, of Bear River, was in the Deep Brook Post Office a loud crash drew his attention and that of Postmaster R. J. Vroom to the outside where Mr. Harris' car had followed him down the slope crashing into the corner of the Post Office, causing damage to both the building and car.

In this "atomic age" these modern cars just don't stay put like the old Model T's did.

Instructing The Blind

Miss Sutherland, who is herself without sight, has successfully overcome her handicap and has shown others that they can do the same. This home teaching course includes Braille reading and writing, print typing, a variety of handicrafts and general rehabilitation.

Blind persons who receive this instruction may avail themselves of the Institute library and handicraft materials.

To Spend Winter In Ontario

Mrs. Margaret Middleton arrived safely at the Soo and will spend several months with her son, Frederick, and Mrs. Middleton and family.

Before leaving Mrs. Middleton gave a pint of blood at the Denor Clinic in Digby. She left the same day for Ontario with no ill effects and was feeling thankful she had given her little bit to help those that are very much in need of it. Mrs. Middleton is known to have travelled thirty and forty miles to give her donation and she made sure she had this important matter taken care of before she left Digby for Ontario.

Reorganize C.G.I.T.

The "Merryteens" C.G.I.T. group of Deep Brook recently re-organized their weekly meetings for the winter months with officers elected as follows:

Leader, Mrs. Francis Miller. President, Miss Velma Bacon. Vice-Pres., Joyce Harvey. Secretary, Jean Harvey. Treasurer, Betty Long.

Fourteen members are in attendance this year with two new girls joining the group.

On Friday, November 12th, ten C.G.I.T. girls, together with their leader, attended the C.G.I.T. Rally held in the United Baptist Church, Bridgetown, where 150 C.G.I.T. girls and leaders thoroughly enjoyed a banquet, sing-song, skits, camp slides, talks on camp council, etc., under the direction of Mrs. A. Colpitts. The evening closed with a Worship Service, conducted by the Lawrence town group.

Home Nursing Classes Started

Special classes in home nursing for the students of the Digby Regional High School will get underway at the High School here tomorrow, it was learned this week.

Some thirty-eight pupils have enrolled in the classes which will be taught by Mrs. Victor Cardoza. Supplies, text books and other materials are being made available by the Red Cross Society.

It is expected the classes will be held twice weekly over a twelve week period. At the end of the course examinations will be held and Red Cross Home Nursing Certificates will be awarded to those who are successful in passing these.

Make Plans For Winter Season

Plans for the winter season at the Digby Forum were discussed at the meeting of the Digby Recreation Commission, held in the Town Hall on Monday evening.

It is understood that if progress on work at the ice plant in the Forum continues up to schedule the Forum may be ready to operate by December 3rd. Present plans are to have, if possible, the Curling Rink open by that date so that a planned opening bonspiel may be held.

Although plans for the hockey season are not yet finalized, it is understood a meeting of the Western Valley League has been held to discuss league plans for the winter. At present it appears that Bridgetown and Cornwalls are definitely planning to enter teams. St. Ann's, Digby and Annapolis are also planning, if at all possible, to enter the league this year.

Navigation School For Fishermen To Re-open

Local fish companies have received word from the provincial Department of Trade and Industry that the Fishermen's Navigation School at Lunenburg is to re-open shortly. They have also been asked to make available to all fishermen dealing with them information about the school, its program, allowances available to fishermen who attend and other details.

In Digby, Mr. E.-B. Richardson, manager of the Digby Branch of the Maritime National Division, National Sea Products Ltd., has had copies prepared of a letter from the Department of Trade and Industry giving all the pertinent information about the school and these are available to fishermen who are interested. In other sections of the county other fish processing and handling firms also have the information to give to the interested fishermen.

The Fishermen's Navigation School gives instruction in practical navigation, chartwork, magnetic compasses, rules of the road, signalling, mechanical aids to navigation and general seamanship. The department feels that these things properly learned can help fishermen to cut costs, increase earnings, bring about greater safety for boats and men and, of broader significance, mean modern skills to help Nova Scotia keep pace with modern fishing conditions on the high seas.

Any bona fide fisherman who is a resident of Nova Scotia may attend the school. The attendance is not restricted to captain and mates but is for all Nova Scotia fishermen. Lack of formal education is not a serious handicap. If one can read and write and has some knowledge of simple arithmetic attendance at the school can mean the gaining of a good deal of useful knowledge.

Allowances are paid fishermen who attend the school and every effort is made to see to it that the school provides the maximum service to the fishermen of which it is capable. The department is anxious every fisherman who can attend make an effort to do so so that the facilities of the school might be fully used and the knowledge and skills made available through the school spread out to the largest possible number.

This education forms the common mind; just as the twig is bent the tree is inclined. — Alexander Pope.

BOY SCOUTS HOLD INVESTITURE

The 1st Digby Boy Scout Troop held a colourful investiture ceremony at the Scout Hall here Friday evening when six new Scouts were invested into the troop. Five Scouts were also invested as Second Class Scouts and a number of proficiency awards made.

Three of the new Scouts came from the Digby Wolf Cub Pack and were given their Leaping Wolf badges, emblematic of the fact they had graduated from the Cubs into the Scouts. These three were Kenneth Abramson, David Brooks and Robert Beckwith. The three new entries into the Scout Troop were Glendon Milberry, Edward Ross and Clarence Wagner.

The five Scouts who were invested as Second Class Scouts were John Hawkins, Roger Murray, Donald Titus, Keith Churchill and Douglas Wright.

Proficiency badges in swimming were awarded to Rennie Turnbull, Donald Snow, Chester Rice, Kelly Barnes and Douglas Wright. Cyclists proficiency badges were awarded to John L. Young and John Hawkins. A proficiency badge in horsemanship was awarded to Douglas Wright.

Presentation of a plaque, awarded by Assistant Scoutmaster Rufus Connor, was

made by Mr. Connor to Donald Hazelton, patrol leader of the Beaver Patrol, who won the award by securing the most points during the year. Mr. Connor also presented individual members of the patrol with Scout diaries.

A welcome to the Smith's Cove Troop, who were present for the ceremonies, was extended by Scoutmaster Norman Wright and by Assistant Scoutmaster Gerald Hoate and Rufus Connor. Mr. Wright also complimented the Smith's Cove Scoutmasters Eric Kinsman and Harold Sullis on the fine turnout of their troop and the work they were doing for scouting in the Smith's Cove area.

Also present for the ceremonies was the Digby Wolf Cub Pack under the leadership of Arnold Trask. James Ayer, who is also assisting with the Wolf Cubs, was unable to be present as he was out of town.

The evening's program opened with prayer by the Rev. Dr. T. W. Hodgson who also spoke briefly to the boys and told them of the benefits they would derive from scouting and of the part their training as Scouts would play in their development as good citizens.

Mayor Guy E. Morehouse also addressed the gathering

Weymouth Academy Receives Dr. H. F. Munroe Cup

On Tuesday evening, November 16th, Dr. L. A. DeWolf and Miss Dora Baker, together with Inspector Crowell and representatives of the School Board, ratepayers, Home and School Association, teachers and clergy of Weymouth met together on the platform of the Community Theatre to present the Dr. H. F. Munroe Cup, a symbol of achievement in rural schools, presented in the province each year to those schools showing the most improvement. Mr. C. W. Marshall was chairman for the meeting.

The meeting opened by singing "O Canada." Inspector Crowell was introduced by the chairman, who in turn introduced Dr. DeWolf and Miss Baker, special speakers for the meeting. Dr. DeWolf, who is well

known through the province, having travelled it for many years in the interest of education, told of the great love of the late Dr. Munroe, who gave the cup to be presented here in the beauty of nature and of his desire to implant in the hearts of children a desire for beauty and education by keeping their school grounds attractive and so implanting in their lives a desire to make attractive in later years their homes and surroundings. What children see at school helps them in later years. He congratulated the School Board and general public for the work accomplished in this school, as given in the report of Inspector Crowell.

Miss Baker also spoke of the desire for beauty of Dr. Munroe, who loved children and learning and is the reason behind the presenting of the cup. She added her congratulations to those responsible for its coming to Weymouth, following which she presented the cup to

Miss Josephine LeBlanc, of the High School. Miss LeBlanc acknowledged and accepted the gift and in turn presented it to the senior member of the School Board, Mr. Newton Lewis, who replied, fittingly. Special mention was made of the work accomplished by Mr. Israel Melanson, who was not present at the meeting.

Mr. Crowell gave the following report on the work accomplished which won for this school the silver cup. Work began in 1946 and continued under the following trustees: Mr. K. M. Hankinson, Camille Mousse, Camille Comeau, Israel Melanson, Newton Lewis and Hartley Powell.

It consisted of a new foundation for the school with modern basement, a new furnace and water system, five modern toilets installed in the basement with new sewerage system, new seats installed in the school rooms and the division of two rooms.

Other speakers during the evening were Alain Dancet, for

mer principal, Dr. J. E. Comeau of the Home and School Association, R. J. M. Taylor of the Weymouth Board of Trade, and Fr. Delby Comeau and Rev. R. M. Cameron, clergy.

A short program was provided by Mrs. Wilfred Cosman, consisting of a school chorus "The Hunter's Horn," directed by Mrs. Charles DeLong, and a concert solo, "The Trumpeter" by David Hankinson, accompanied at the piano by Mrs. R. K. Hill.

The meeting closed by singing the "Queen."

To know the laws of God in nature and revelation, and then to fashion the affections and will into harmony with those laws — this is education. — Sylvester Seavey

Neither piety, virtue, nor liberty can long flourish in a community where the education of youth is neglected. — Peter Cooper.

SHORN SHEEP:

OUR OXIDE FRIENDS will be glad to know that in future they may be spared the undignified and chilly experience of being sheared of their wool to keep as warm. A new lightweight lining material for men's and women's clothes combines fabric and aluminum to give more than three times the insulating value of a similar weight of wool cloth.

Humans, too, will be glad if this hastens the end of heavy, bulky winter wear. The material can be dry-cleaned, drapes well and is sufficiently porous to let the body "breathe." Just one more example of the way Canadian manufacturers are combining aluminum and imagination for better, longer living. Aluminum Company of Canada, Ltd. (Alcan).

Fireside Chat With

Doc. Quack

A modern agronomist, was giving a talk on the advancement of science in the field of agriculture. "The time is coming," he said, "when you will be able to carry all the fertilizer necessary for an acre in one vest pocket." "Yeah," said an old farmer in the front row, "and when you can do that you will be able to carry all the crop in the other pocket."

Many nutritional scientists are getting worried about the vast quantities of poison chemicals that are annually spread on the farm lands of America. There are others too that don't bother their heads about it and say that the soil has nothing to do with our health. Since all our food comes from the soil directly or indirectly (except sea foods) then it is only reasonable to conclude that the condition of this soil plays a very important part in the health of those who cultivate it. The health of the citizens of this country depends essentially on the farmers who grow our food. I should not forget those who HANDLE the food before it gets to the table. Preservatives of all kinds are used to make our PREPARED foods look and keep better and it doesn't seem to matter whether there are any vitamins or minerals left in the final product or not. As long as it looks and tastes good that's all that matters. Just leave the rest to the doctors and they are really

Expects Many

Tourists

Saint John looks forward to a large number of tourists entering Nova Scotia via either Yarmouth or Digby, and departing via the opposite town to which they entered, declared Abe Star, Yarmouth merchant, following his return from a trip to Maine and New Brunswick. He was speaking before the Yarmouth Board of Trade.

The Board of Trade unanimously endorsed the idea of the establishment of a general committee, representing all organized phases of community life in the Yarmouth area, to plan a gala celebration in connection with the opening of the Yarmouth-Bar Harbor Ferry Service in 1955.

overworked as a result.

Our health comes from the soil and the better its condition the more nutritious will be its produce. You can prove this yourself in your own garden next summer. Simply divide your garden in two lots and try Nature's way on one side and the chemical way on the other. Most farm papers are full of chemical advice and you will have no difficulty in following instructions. On the other hand follow the old fashioned method of rockweed and manure and see and taste the difference. Vegetables grown Nature's way will keep and taste better because they are better. You can't beat Nature's way.

The Mystery Men who do you favours

There are millions of them all over the country. You pass them every day in the street without realizing who they are and how much they help you. In fact, even they don't usually know that they're doing anything important for all their fellow-citizens.

Yet, together, they pour more than 200 million dollars every year into a wide variety of projects that promote progress. They may help build new homes and schools, or roads, bridges and other public works.

Are all these people rich? Far from it! They are people in all walks of life, who are life insurance policyholders! And the money they lend for these purposes comes from their life insurance premiums. This money, invested by their life insurance companies, helps finance many projects that benefit one and all.

And they're helpful citizens in another way. Because they own life insurance, their families will never be completely dependent on others. So if you are a life insurance policyholder, remember — in all these ways you're helping to make Canada a better land to live in!

P.S. FROM YOUR LIFE INSURANCE MAN — "All these investments earn interest that makes it possible for you and your family to enjoy the benefits of life insurance at such low cost. If you have any questions about how to make life insurance fit your own special needs, give me a call. I'll be glad to help you!"

On the occasion of his 80th birthday, Sir Winston Churchill will receive as gifts two oil paintings — one a portrait of himself by Graham Sutherland, the other a Canadian painting which will be a present from the Association of Canadian Clubs. The presentations in both cases will be covered in actuality broadcasts on the CBC Trans-Canada network, starting at 10:00 p.m. on November 29th, the eve of the British Prime Minister's anniversary. Listeners will hear a Birthday Tribute to Sir Winston Churchill including the presentation by Dr. Sydney Smith, president of the University of Toronto and of the Association of Canadian Clubs, of the Canadian painting which will be accepted on behalf of Sir Winston by Sir Archibald Nye, the U. MARRIAGE

Ferguson — Bell

An arch of green myrtle and white wedding bells formed a setting for a pretty autumn wedding which took place at the home of Mr. and Mrs. Ceell Bell on Monday evening, Nov. 15th, when in a double ring ceremony Rev. G. D. Brydon, of Ganningsville, N. B., united in marriage their youngest daughter, Beverly Ann, to Percy David, only son of Mrs. Karl Ferguson, of Princeale.

To the strains of Lohengrin's wedding march, the bride entered the room on the arm of her father, by whom she was given in marriage. The bride looked lovely in a street length dress of blue embossed faille made on princess lines with accessories to match. Her corsage was of pink chrysanthemums. Her only ornament was a string of pearls, gift of the groom. She was attended by her sister, Miss Byrnis Bell, who wore blue smoked crushed taffeta with pink accessories and a corsage of pink and white chrysanthemums.

The groom was attended by Mr. Bernard Bell, brother of the bride. Little Hope Harris, who was flower girl, looked sweet and demure in pink permanent organza and carried a basket of mixed chrysanthemums and fern.

The bride's mother was dressed in navy faille with navy accessories and a corsage of dusty rose and white chrysanthemums. The groom's mother wore a dress of gray wool with black accessories and a corsage of yellow chrysanthemums.

Following the ceremony a reception was held for about forty guests, after which Mr. and Mrs. Ferguson left by car on their wedding trip through the Annapolis Valley. For travelling the bride wore a navy suit with blue accessories. They will reside in Truro.

The bride's gift to the bridesmaid was sterling silver earrings and to the flower girl a gold bracelet. The groom's gift to the best man was a tie pin set. The bride and groom were the recipients of many gifts, including furniture, linen, china, silver, and electric appliances.

UNCLE ED SAYS

Did it ever strike you that for the first twenty years of a man's life his mother says, "Where are you going?" and for the next forty years his wife asks, "Where have you been?"

If you say you've been up to Hicks's seeing about some new kitchen cabinets or a corner cupboard for the dining room or some plywood to finish off an attic room, she won't mind a bit. In fact, she'll be pleased. Especially if the home improvements materialize.

And did you know that, if you're a homeowner, you can pay for home improvements on Hicks's easy Home Improvement Finance Plan?

HOLD FAREWELL FOR CAPTAIN J. C. PLOMER

Captain and Mrs. J. C. Plomer of the Cornwallis Naval Base were guests of honour at a dinner sponsored by the Digby Board of Trade Tuesday evening at Hotel Champlain. Captain and Mrs. Plomer will leave Cornwallis next week for London, England, where the Captain will be stationed for the next year.

Presiding over the dinner meeting was J. J. Brittain, President of the Digby Board of Trade. Guest speaker was the Rev. Harry W. Rackham, Halifax.

Introduced by Victor Cardoza, Mr. Rackham gave a most interesting and at times over-whelmingly funny address on the subject, "Experience of a Parson in the Horse and Buggy Days." He told of many of his experiences in the work of the church in rural Nova Scotia before the days of motor cars and contrasted living today with the life of those days.

Commenting on modern education, Mr. Rackham said that tremendous strides had been made here as in other fields in modern days. He warned, however, that education could not be made "easy" and that the two essential requirements in education, good teachers and pupils with "want-to," were still as important today as they were years ago.

He said that with these two essential requirements education could proceed even without the fine examples of architectural achievement that seem so important today. He stated that, while he was in favour of equal opportunities in education for all, he felt that thought should be given to the capabilities of pupils in the educational program.

In closing, Mr. Rackham said that Canadians should inculcate into their youth positive beliefs in God, in the sanctity of the home and should examine carefully trends in education, in family life and in other aspects of this modern day if we are to successfully combat the growing threat of Communism. He said the Communists train their young that "you have no father, you have no mother, there is no God" and suggested that this could be positively met if we would teach our youngsters "to believe in God and honour their father and their mother."

Curling Club Holds Semi-annual Meet

The Digby Curling Club held its semi-annual meeting and banquet at the Hotel Champlain here Monday evening.

Attendance was good at both the banquet and meeting which were presided over by Kenneth Beckwith, President of the club.

James Ayer, club treasurer, presented the financial statement which showed the club's finances to be in good condition. It was reported the collection of dues for the current season had been most successful and had materially assisted the Recreation Commission in meeting a financial crisis.

Discussion was had at the meeting concerning plans for the season and opinions were expressed the club was off to a busy and successful season.

Decision to hold an evening of mixed curling Saturday evening was made and plans for this finalized. An opening bonspiel will also be held December 8th at which prizes for winners and runners-up will be awarded. This also is mixed curling only.

Given Surprise Party

On Wednesday evening, Nov. 24th, Mr. and Mrs. Israel Dukeshire, residents of Waldeck East, were tendered a surprise party by a large number of relatives and neighbors on the occasion of their 35th wedding anniversary.

The evening was pleasantly spent playing 45s. Mr. and Mrs. Dukeshire were presented with an electric tea-kettle and a dainty cup and saucer by Mrs. Clifford Jones, on behalf of those present. The lovely three-tier wedding cake was made and presented by their daughter, Mrs. Corey Long. The serving of delicious refreshments brought to a close a delightful evening.

Sincere wishes were extended to the guests of honor for many more years of happiness.

No legacy is so rich as honesty. — Shakespeare.

The thanks of the gathering to Mr. Rackham for his address were expressed by Mayor Guy E. Morehouse who also extended to Captain and Mrs. Plomer on behalf of the Town of Digby best wishes for continued happiness and success wherever Captain Plomer's duties took them. "We will not say good-by, he said, but God be with you 'til we meet again."

Hubert M. Warne, Past President of the Board of Trade, presented Mrs. Plomer with a gift on behalf of the Board. He commented on the excellent work Captain Plomer had done while he had been here, particularly in cementing relations between the towns in the vicinity of Cornwallis and the naval base. Mr. Warne said the work done by Captain Plomer and the base in developing and carrying on Sea Cadet work had been of great benefit to the area and he stated all were deeply grateful.

In replying to the presentation Captain Plomer stated he and his wife had greatly enjoyed their stay in this area, particularly for the fact they had made so many close friends during their stay. He said that the people of Annapolis and Digby had been most hospitable and understanding in their attitudes toward the ladies in training at Cornwallis and that this had greatly lightened the burdens involved in heading a training establishment such as the Cornwallis base. He paid special tribute to the work and attitude of the police officers in Digby and said they were held in high regard by all at the base. He closed by expressing thanks for himself and his wife to the Board of Trade for their presentation and said he would look forward with eagerness to the possibility of visiting this area again.

During the evening several vocal solos were rendered by Mrs. Ferber Marshall, accompanied on the piano by Mrs. Harold Nichols.

Included among the honour guests of the evening were Commander and Mrs. Madgwick of H.M.C.S. Cornwallis. Commander Madgwick will take over charge of the base until the arrival of Captain Stirling, the new head of the training establishment. It is expected Captain Stirling will arrive late in January.

About This and That

This Should Be Checked

On several occasions over the years we have commented editorially on traffic hazards and on ways and means in which these could and should be remedied.

This week we are again commenting on a traffic habit which creates hazard on the streets of Digby and which seems to be increasing.

We refer to the habit of careless parking on the main business street of the town. Almost every day of the week cars and trucks can be seen double-parked along the street, parked away from the curb and, in some instances, even left in the middle of the road while the driver runs in "for a moment" to the Post Office or some other business establishment.

This is not only a careless and needless habit but it is also a dangerous one as well and often contributes to near accidents in the business section of our town.

We realize that there are some cases and occasions when it is necessary for a truck to double park while deliveries are being made but on numerous occasions we have seen trucks and other vehicles parked away from the curb and in the way of traffic when there seemed to be absolutely no need or even excuse for it.

At peak hours it is difficult enough for traffic to proceed with safety along the main street of the town without being further hampered by cars and trucks being left by their operators willy-nilly along the road.

Here again is a problem which can only be solved through the cooperation of both motorists and traffic authorities. It is not enough for traffic authorities to cope with the matter on their own. If it is to be successfully dealt with — and the safety of both motorists and pedestrians is involved — then there must be the fullest cooperation between motorists and police in handling the problem. Surely, for their own welfare motorists should be willing to cooperate and equally surely traffic authorities must be disturbed about the matter and anxious to find a workable remedy.

What's new with Chevrolet? Everything!

Great new V8 — two new 6's
New "Turbo-Fire V8" delivers 162 h.p. with an ultra-high compression ratio of 8 to 1. There are two new 6's, too — the new "Blue-Flame 136" with Powerglide (optional at extra cost) and the new "Blue-Flame 123".

Easier steering, stopping, clutching
The new Chevrolet steers with ball-bearing ease, thanks to new Ball-Race Steering. New Swing-Type Brake and Clutch Pedals operate with a light pressure of your toe.

... and Chevrolet's got that long, low "let's go" look
Longer looking — and lots lower, the new Chevrolet has the spirit-like look of a sports car. There's plenty of glamor inside, too.

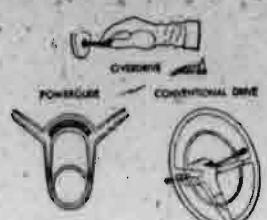

Tubeless tires as standard equipment
Proved tubeless tires give you a greater protection against blowout... deflate more slowly when punctured... and are much more resistant to other causes of tire failure.

And look what you see from the driver's seat
Chevrolet's new Sweep-Sight Windshield gives you a wider view of the road ahead. And you can see all four fenders from the driver's seat!

A ventilating system that really works
Chevrolet's new High-Air Ventilating System takes in air at hood-high level, away from road heat, fumes and dust.

New Outtrigger Rear Springs
Rear springs are longer — and they're attached at the outside of the frame — spaced wider apart, outtrigger-fashion, to give you greater stability in cornering.

Three drives, including Overdrive
Take your choice. Powerglide teamed with the new V8 or the new "Blue-Flame 136". New Overdrive teamed with the new V8 or the new "Blue-Flame 123". (Powerglide and Overdrive are extra-cost options.) Or a new standard transmission offered with either the new V8 or the "Blue-Flame 123".

THE BEL AIR 4DOOR SEDAN
A General Motors Value

Chevrolet and General Motors have started something — by taking a whole new look at the low-cost car. Here are young ideas that are all rolled up in the most glamorous package that ever wore anything like a Chevrolet price tag!

This is the car that began with a great idea — the idea that a low-priced car should be built that would have the style, the performance, the comfort and convenience features, and the fine quality "feel" of high-priced cars. Lots of car buyers have dreamed about such a car. But until Chevrolet and General Motors sat down and tackled the job it couldn't be done. It took a long time but they designed and built a car to fit the

dream... the motoramic Chevrolet for 1955. When you think about it, it makes sense that only the world's largest motor car producer could have done it. Chevrolet and General Motors have what it takes — plus a desire to make your dreams come true. Come in and meet the motoramic Chevrolet — more than a new car — a NEW CONCEPT OF LOW-COST MOTORING.

Have Close Brush In Collision

Municipal Clerk Rosen G. Handsaker and Mrs. Handsaker and their little son had a close brush with death here on Thursday when their car was involved in a collision with the equipment truck of the Digby Fire Department.

The accident occurred shortly after noon at the intersection of 1st Avenue and St. Mary's Street. According to reports the fire truck struck the Handsaker car broadside near the centre of the intersection, rolling it over.

Both Mr. and Mrs. Handsaker received severe cuts and bruises while their son suffered a broken arm in the accident. They were taken to the Digby General Hospital for treatment. Both vehicles were badly damaged in the collision which occurred as the fire truck was returning from a fire at the south end of town. Thomas McInnis, driver of the fire truck, received cuts about the head in the crash.

A Succession Of Twins

Seeming proof positive that twins run in families is the case of Mr. and Mrs. F. J. Wood, of Marshalltown, who last week celebrated the birth of twin girls.

Mrs. Wood is the fourth grandchild of Mrs. John Amoro to have twins. Mrs. John Amoro herself has twins and her four daughters also had twins.

On her mother's side also Mrs. Wood has a history of multiple births. Her maternal great grandmother, Mrs. Comeau, of Meteghan, had triplets, and her grandmother, Mrs. Timothy Gaudet, of Yarmouth, had twins.

Descended on her mother's side from the Comeau family, who landed in Annapolis from France in 1721, Mrs. Wood is a daughter of Mr. and Mrs. Hugh Amoro, of Acadia Valley, and is not herself a twin.

Girls Enjoyed First Party

Last Wednesday evening about forty-five or more girls from Digby enjoyed a dance and other recreation at the Recreation Centre, HMCS Cornwallis. Transportation was provided through the facilities of the Navy Base and the party of girls was sponsored by the Hostess Club formed recently by the Women's Auxiliary of the Digby Branch Canadian Legion No. 20. Chaperones from the Auxiliary for last week's party were Mrs. Seymour Denton and Mrs. Philip Woolaver.

Gets Trip For Christmas Gift

Mrs. Eldin D. Frost, Little River, left on Saturday by plane for Hollywood, California. Mrs. Frost's trip was a Christmas gift given to her by her friends, Mr. and Mrs. Thomas Helms, Hollywood.

California is not a new country to Mrs. Frost, for Mr. and Mrs. Frost and family lived at Burbank, California, until coming to Little River to make their home eighteen years ago.

Give Book Reviews

The local Home and School Association of Sandy Cove met Monday evening in the school house. Mrs. Emdon Morehouse, President, chaired the meeting. The minutes were read by the secretary, Mrs. Osborne Morehouse.

The Adult Education convention, Miss Helen Jeffrey, gave two interesting book reviews, "Jean Valjean" and "Kon Tiki" and made many suggestions for good reading for children and adults. Mrs. Nelson Morrill gave a report on Folk School activities held here recently.

An invitation for membership in the local is to be extended to outside villages.

Gets Handcraft Appointment At Cornwallis

Miss Ruth Elsenhauer, senior instructor with the Nova Scotia Dept. of Trade and Industry, Handcrafts Division, has just completed a class in silver jewellery at Digby.

It is interesting to note that Miss Elsenhauer, who is a graduate of Mr. Allison University in applied Arts and Crafts; student of Haus, School of Art, Boston; student under George Elmer Browne, famous artist of National Academy, with studies in New York and Paris, organized the first Jewellery class of the Dept. of Trade and Industry, which was held in Digby in 1946. Nova Scotia was the first province in Canada to organize this work.

The class just completed at Digby was her final class for the Nova Scotia Department. She has resigned her position to accept an appointment at HMCS Cornwallis as Handcrafts Director and instructor.

ADULT EDUCATION CLASSES CLOSE

Although inconvenienced by one of the worst storms of the season, a fair number arrived at the Digby Regional High School to attend the closing performance of the Adult Education Classes.

The Adult Education Classes were assisted in the program by a choral group from the High School, under the direction of Miss Helen Kirkconnell with Miss Kathleen Dakin presiding at the piano. The group sang the Wassail Song, Deck the Halls with Holly, Twelve Days of Christmas and Angels We Have Heard On High.

Miss Bonnie Wright also assisted by rendering a piano solo, "Sous La Feuille," by Thomas, and Miss Kathleen Dakin played "Romance," by Schubert. Miss Wright and Miss Dakin also presented piano duet numbers, "Sonatina" by Von Weber and the Norwegian Dance.

Sixteen members of the Folk Dancing Class, under the direction of Jack Fox, of the Regional High School Staff, were given hearty applause for their several fine Folk Dance numbers.

Four drama performances, staged by the class under the instruction of Mrs. Helen Anthony, were thoroughly enjoyed by the audience. Included in the cast were Mrs. Vian Andrews, North Range; Mrs. Parker Lamberton, Barton; Mrs. Ralph Wright, Digby; Mrs. J. A. MacLean, Smith's Cove; Mrs. Russell Shortliffe, Barton, and Baden Powell, substituting for Mrs. Louis Campbell, Culloden, who was prevented from being

present owing to the difficult travelling. The numbers presented were Shipmates, Modern Shakespeare, Lawyer At Home and Making Hay Hey.

Wallace Hodgson was chairman throughout the entire evening.

At the close of the program, F. C. Purdy, Supervisor of Schools, brought to the attention of those present the uncertain condition in which the Digby Home and School now finds itself. Lack of interest and attendance, transportation problems and other discouraging factors have led to question whether it is advisable to continue Home and School meetings for the Digby Regional High School Area. Some present voiced disappointment that such a step should be necessary, yet the fact that the organization was confronted with such problems had to be faced and given serious consideration. It was generally agreed that the President, Mrs. Vian Andrews, and executive members of the organization, along with the School Supervisor, should assemble in December to discuss the future of the Digby Area Home and School and make a survey of the area to find out the wishes of the parents. It was noted by members from within the school area that while the organization was formed with a purpose of the area people and town people meeting to discuss common problems etc., that more than 90 per cent of the attendance at meetings were from outside the town limits.

W. M. S. Christmas Program

The December meeting of the W.M.S. of the Smith's Cove Baptist Church was held on Thursday afternoon at the home of Mrs. Alex McLean, with the President, Mrs. Gordon Landers, presiding.

The meeting opened with the hymn "O Little Town of Bethlehem" followed by Scripture reading from Luke 2:1-20, and prayer by Mrs. Mary Snow.

A Christmas program, under the direction of Miss Sue Winchester, was carried out as follows:

Hymn, "Joy to the World", Prayer, Mrs. Snow. Solo, "Silent Night", Mrs. Scott McKay. Reading, "The Birth of Christ", Mrs. McLean. Scripture, Luke 2:40-52. Duet, "Away in a Manger", Mrs. Ruth Walker and Mrs. Oran Woodman.

Reading by Miss Sue Winchester. Hymn, "O Come All Ye Faithful".

Meeting closed with Mizpah Benediction.

A social half hour was enjoyed and refreshments served by the hostess.

Hold Missionary Meeting

The December meeting of the North Range W.M.S. was held at the home of Mrs. Hubert Shortliffe on December 2. The meeting was well attended and presided over by Mrs. J. Vian Andrews.

The theme of the service was built around the Christmas Story. In response to roll call the members repeated a scripture verse pertinent to the topic or gave Christmas readings. A very impressive story, "The Little Black Lamb" was read by Mrs. (Rev.) R. R. Winchester.

Mrs. Libby Cook had charge of the devotional period. Hymns sung were "Jesus My Saviour To Bethlehem Came" and "Joy To The World". Plans for the Christmas Sale were finalized.

During the social hour refreshments were served by the hostess, assisted by Mrs. A. D. Shortliffe.

Program Has Christmas Theme

Mrs. Burton Fleet conducted the worship service and program of Grace United Church Auxiliary held at the Church Hall on Tuesday. She was assisted by Mrs. Gordon Arnold and Mrs. James Brooks.

The worship centre depicted a Christmas scene and Christmas carols were sung. Mrs. Fleet presented a reading bringing out the Christmas theme in connection with Citizenship and Temperance.

Will Request French Radio Station

A resolution that the Canadian Broadcasting Corporation be asked to establish a French language station or relay station to serve western Nova Scotia was passed at a recent meeting of the Clare Board of Trade.

In discussing the matter in session the board stated that no French language programs or stations can be received consistently. It was also said that Nova Scotia stations can only be received in certain areas of the Clare and Argyle districts of Digby and Yarmouth counties.

J. Medrie Comeau, board representative of Clare, will present the request to the CBC board of governors sometime in January. Three representatives, Rev. Monsignor Nil Theriault, Vincent LeBlanc, both of Yarmouth, and Mr. Comeau, are preparing the case for the board.

A CBC French language station began operations in Montreal about a year ago but its signal is too weak to reach the western Nova Scotia audience.

The board felt that the station or relay unit, which could perhaps strengthen the Moncton signal, should be stationed in the Clare district where the population, mostly French, is over 8,200.

The board was advised that their requests for the setting of speed limits in the district have been met. Limits may be established in the near future in St. Bernard's, Bellevue's Cove, Little Brook, Comeauville, Meteghan River, Meteghan Center and Salmon River.

Melbourne Comeau, reporting for the Meteghan Tourist Bureau, reported a drop in the number of those seeking information. In 1953 over 2,300 persons inquired, while this year only 1,372 contacted the bureau.

The election of officers was set aside until the banquet which will be held tonight at Riverside Inn, Meteghan River.

Church To Celebrate Anniversary

On Sunday, December 12th, the South Range Church of Christ (Disciples) will observe the sixty-third anniversary of the dedication of the church building in which the congregation now worships.

The work of the Disciples of Christ is much older than the building, having had its start in the year 1851 when Elder Donald Crawford, of Prince Edward Island, came and preached in Digby County.

The first officers appointed were Benjamin Marshall, and Benjamin Sabean, Elders, Chas. Shortliffe and Albert Marshall were Deacons, and Andrew Marshall, Clerk.

The first minister was Elder H. A. Devoe, who gave consecrated leadership here and in other parts of the county for many years. Mr. Devoe preached the dedication sermon, taking as his text I Kings, 6:7 and Ephesians 2:19-22.

Due to the faithfulness of the members, and their unflinching efforts, the church has today a growing and active membership.

A special anniversary service will be held in the church on Sunday evening, December 12, at 7:30 o'clock, conducted by the minister, Rev. John A. Carr, Weymouth, N. S., who will preach from the same text used at the dedication of the church.

The Baptist Church choir of Weymouth Falls will sing the special, and special gifts will be made by the members in love and appreciation of their Christian heritage.

Visitors will be welcomed.

C.G.I.T. Has Candlelight Service

The Candlelight service, presented by the Baptist C.G.I.T. groups at the church in Digby on Sunday night, took the form of a youth service, when the C.G.I.T., Explorer, girls and boys and the Sigma C groups, in uniform, attended in a body.

Story readers in the program were Marilyn Clayton, Helen Harding, Audrey Ellis, Anne Brittain and Carolene Atkinson. Candlelighters were Louise Atkinson, Kaye Balser and Sandra Franklin. Program directors were Mrs. Alfred Marshall and Mrs. Fred Grimmer, leaders of the C.G.I.T. groups.

Mrs. Ferber Marshall sang "O Holy Night" to a most attentive congregation.

ACCEPTS RESIGNATION OF TOWN CLERK

The Digby Town Council accepted at its regular meeting on Monday night the resignation of Seymour Denton, who has been Town Clerk for the past seven years, having taken over the position on resignation of C. W. Smith. Owing to ill health Mr. Denton had been absent from the office during that period for approximately a year during which time town affairs in that connection were ably handled by Deputy Town Clerk Mrs. Margaret Appleby.

Mrs. Appleby remained as Deputy Town Clerk until a few weeks ago when she took a position in Toronto.

Mr. Denton, whose resignation takes effect on February 8, 1955, has recently purchased a well established business in town and has tendered his resignation in preparation for devoting full time to conducting affairs of his newly acquired business. Councilors expressed

regret at losing Mr. Denton's services.

By order of the Town Council on Monday night, Monday, December 27, was declared to be a Civic Holiday in Digby.

Building permits were granted to David C. Landers to erect two dwellings at the corner of Montague Row and St. Mary's St., according to plans and specifications presented. The buildings will face Montague Row.

Monday night's meeting endorsed a resolution submitted by the Yarmouth Town Council regarding steamship service on the Yarmouth-Boston route. According to the resolution the Provincial Government will be urged to give serious and immediate attention and exert every effort to have this service in operation if not by the "Evangeline" they will urge that other means be explored to maintain the service so vital to Yarmouth and Nova Scotia.

Rev. And Mrs. MacLeod Honored

Rev. Neil A. MacLeod, who has served as minister of the United Church of Canada, Annapolis-Granville pastoral charge during the past five years, preached his farewell sermon at Granville Ferry on Sunday evening, December 5th. A goodly number were present including members of other churches in the pastoral charge, namely Port Wade, Port Royal and Parker's Cove.

Following the service at Granville Ferry members of the pastoral charge gathered at the United Church of St. Andrew and St. George, Annapolis Royal, where a farewell party was held for Rev. MacLeod and Mrs. MacLeod. A sing-song of Christmas carols was enjoyed with Mrs. Allison Dalton at the piano.

Later Dr. J. B. Layton, on behalf of members of the charge, presented Rev. and Mrs. MacLeod with gifts. Mrs. MacLeod was the recipient of a lovely leather handbag and Rev. MacLeod was presented with a purse of money. Dr. Layton expressed the sincere regret of the members at the departure of Rev. and Mrs. MacLeod who have both taken an active part in the work of the church and interest in organizations of the town.

Rev. MacLeod has been an active member of the Order of Good Cheer, leader of the Boy Scouts, and served as president of the local Home and School Association at Annapolis Royal.

Mrs. MacLeod organized the Nita MacLeod Mission Circle, was active in the W.M.S., the Alice Borden League, and was leader of the C.G.I.T. group.

Rev. C. R. Armstrong was present and voiced the regret of members of the United Baptist Church at Rev. MacLeod's departure as did Rev. C. V. Cennette of the Anglican Church. Regrets were also expressed by J. A. Ruffee of the Granville Ferry Church, Mr. Albert E. Parker of Port Royal, Mrs. Gordon Snow of Port Wade and Mrs. Wilbur Robinson of Parker's Cove. All joined in wishing Rev. and Mrs. MacLeod and children, Condon and Donna Lee, God's richest blessing as they take up residence in their new charge at Hantsport.

The very pleasant evening was brought to a close, after delicious refreshments had been served, by singing "Blest be the tie that binds our hearts in Christian love."

Celebrates 102nd Birthday Anniversary

Mrs. Fidelite Sproule, of Clementsport and Deep Brook, celebrated her 102nd birthday anniversary on Thursday, Dec. 2nd, at the home of her son, Frank, with whom she makes her home.

During the day she received telegrams from Her Majesty Queen Elizabeth, Hon. H. Hicks, Premier of Nova Scotia, relatives and friends; many cards from far and near, gifts of money, fruit, etc. and personal calls from friends and neighbours.

Mrs. Sproule had her supper guests her niece, Mrs. Harry Ruggles, of Upper Clements; Mrs. Fred LeCain, of Clementsport and Mr. Roy Reynolds, of Windsor, N. S. A beautifully decorated birthday cake, made by her niece, Ethel, was enjoyed by all.

Mrs. Sproule was born at Ingallsville, Annapolis Co., a daughter of the late Amos and Mary Whitman. In 1873 she married David Sproule of Deep Brook, who predeceased her several years ago. She has one daughter, Mrs. Ross Bowly, of Daysland, Alberta; two sons, James of Brocton, Mass., and Frank with whom she makes her home; two grandchildren, Grant Bowly and Ethel Sproule.

She has a charming personality and is very happy in her apartment where she is tenderly cared for by her son, his wife and daughter.

Church Celebrates 60th Anniversary

A service to commemorate the 60th anniversary of the Union Church at Port Royal was held in the church on Sunday evening, November 28th. Rev. R. W. Lindsay, pastor of the Lower Granville Baptist Churches, had charge of the service, assisted by Rev. N. A. MacLeod, pastor of the United Church of Canada, Annapolis-Granville pastoral charge.

Dr. McGregor Fraser of Acadia University, was the very interesting guest preacher. The choir of St. Andrew's and St. George's United Church, Annapolis Royal, with Mrs. J. A. Dalton as organist, provided music throughout the service, rendering the anthems "Unto the Hills" and "Now the Day is Over."

Miss Dorothy Thorne prepared and read the history of the Union Church, giving the names of Baptist and Methodist (later United Church) ministers who had served the community in former years.

Following the service members of the choir and others enjoyed a social hour with a sing-song at the Baptist parsonage with Rev. and Mrs. Lindsay. Dainty refreshments were served by the committee in charge at the close of the evening.

Has Distinguished Visitor

Digby Baptist Church had a distinguished visitor and guest speaker on Friday night in the person of Rev. C. Devashayam, native field worker in India. Rev. Mr. Devashayam holds the same status as a missionary and in his particular fields is supervisor of 22 churches, 80 schools comprising of about 8,000 children and has under his supervision about 12,000 Christians in the area.

Mr. Devashayam is a graduate of Serampore University of Calcutta, having been a scholarship student under the Baptist W.M.S. He obtained his B.Sc. and B.D. winning first class honors in Theology and Science. He is secretary of the Indian Baptist Convention for the Canadian Baptist Foreign Missionary Board, has been secretary of South India Council of Christian Churches for three years and a member of the Senate of Serampore University.

The Rev. Mr. Devashayam has been making a speaking tour of all Baptist Churches in Canada under the Canadian Baptist Foreign Mission Board and will possibly return to Canada and the United States for further study.

His address in the Baptist Church here Friday was in general on the witness of the Christian Church in India today and he stated that it is not so much the work being done by missionaries today which is reaping results as the ground work which had previously been laid. Many Christians have been made, he said, because of Bibles and tracts which have been left with people and eventually they are led to follow the Christian way. He cited one particular case of a communist who had become a Christian in this manner.

Under the Baptist World Alliance Mr. Devashayam has visited and preached in all the Europe and Scandinavian churches and visited all the Baptist Theological Seminaries in these countries.

Hold Candle Lighting Service

The Women's Missionary Society of the United Church met for their December meeting with Mrs. H. E. Harris on Friday afternoon.

A Candle Lighting service opened the meeting with Mrs. Geo. Oickle as leader, Mrs. Wm. Morine, representing India, and Mrs. Milton Morgan, Canada. All members took part in hymns, Scripture readings and prayers.

A vocal duet by Mrs. Harris and Mrs. Lloyd Sanford, with Mrs. R. H. Purdy at the piano, was much enjoyed by all.

During the business session which followed, Mrs. Morine reported on packing two large cartons of clothing for overseas relief—one of children's wear to be sent direct to Dr. Florence Murray, Seoul, Korea. The report from the treasurer of the year's finances to date are very encouraging.

The slate of officers for 1955 was read and adopted. Mrs. Oickle thanked the members for their cooperation with her in this her first year as president of the society and presented each member with an appropriate and pretty little book mark for Bible or other devotional book.

The meeting closed with the Mizpah benediction.

Proof against RAIN and REVELLERS

ANYONE who ever visited London knows Piccadilly Circus, and the famous statue of Eros, God of Love, poised above its central fountain. This statue has taken a lot of punishment during the past sixty years, from both practical jokers and London smog. But because the sculptor cast it in aluminum — it was the first large statue to be cast in the "new metal" — it has come safely through the years. When it was cleaned up for the Coronation, it gleamed as freshly as ever. The enduring beauty of aluminum has meanwhile made it a favorite of modern architects, furniture designers, decorators too. PLYMOUTH OFFERS V-8 ENGINE FOR 1955

Plymouth for 1955 is lower, wider, and more than 10 inches longer than last year. All three Plymouth series (Plaza, Savoy, and Belvedere) offer improved PowerFlow six-cylinder engines while the Plymouth Belvedere also offers the 67 horsepower V-8 engine which incorporates the exclusive Chrysler-designed, dome-

shaped combustion chamber. Among the many new features this year is the full wrap-around New Horizon windshield, the PowerFlite selector lever mounted for ease of operation on the dashboard and a complete range of power-assist devices including power brakes and Coaxial Power Steering.

Hold Older Boys Conference

Several from Digby and district attended the Older Boys' Conference held recently at Annapolis Royal.

These conferences being held throughout the Maritime Provinces are open to all boys of Protestant Churches, having reached their 14th birthday, and they enjoy a few days of close fellowship and informal discussion of Christian life. The conference opened at 7:00 Friday evening in the Baptist Church.

This year Conference directors George Donnelly of Digby and Dave Flack of St. Stephen, N. B., took time out from their studies at Acadia University to contribute to this year's very successful conference. Four other capable group leaders were present, Rev. Mr. Winchester, Pastor of St. Mary's Bay United Church; Mr. Ray Higgins, teacher at Annapolis Academy; Mr. Clayton Spicer, teacher at Paradise Baptist Church and Mr. Eldon Hastings, teacher at B.R.H.S.; also a number of other church leaders and officials.

The theme of the conference was "So Send I You" St. John's 20:19 (verse), a challenge to all Christian people, young and old, to add even more in the spreading of Christian beliefs throughout the world.

The officers of the conference were: President, Dick Whitman, Bridgetown; Vice President, Gary Harding, Annapolis Royal; Secretary, Jim Price, Bridgetown; Treasurer, Ernest Haight, Digby.

Saturday was spent in a discussion of the Theme and some recreation at the school gym, with the annual banquet held in the evening at the Community Centre. After a delicious supper the guest speaker of the evening was introduced, Dr. Murray Armstrong, Gen. Secty. for United Baptist Convention of the Maritimes, who delivered an interesting address on the important work of M.R.E.C.

The first session of the conference was held Sunday afternoon at which time the minutes were read and the presentation of Top Notch square ribbons awarded to the best discussion group. Also at this session, two official representatives were elected to attend Older Boys' Parliament at Mount Allison University for ten days this Christmas. Those elected were Jim Price of Bridgetown, and Ernest Haight of Digby.

Mayor Hall Gets Appointment

Mayor George F. Hall, of Annapolis Royal, has been appointed honorary superintendent of Fort Anne National Historic Park, Port Royal Park and curator of the Fort Anne Museum, an Ottawa announcement says.

He succeeds Air Vice Marshal A. L. Morrice, who resigned the post in July because of pressure of duties with the Civil Defense Board.

A native of the province, Mr. Hall began his career with the Royal Bank of Canada in Halifax and later served in Calgary for an extended period with a large milling firm.

Following retirement, he moved to Annapolis Royal where he has lived for 13 years. He has served on the town council for 12 years with eight years as mayor.

Floyd is a graduate of the D.R.H.S. and was a valued member of the Soccer and Basketball teams. His many friends and classmates in the Digby area will be pleased to hear of his success.

Temperance Notes

Furnished by the Order of the Sons of Temperance

"If our French-speaking Canadians do not start practicing temperance and economy within the next ten years, they will cease to exist. Our people will know the aftermath of defeat if we do not conquer the two enemies attacking us at the moment — Intemperance and pursuit of pleasure. A people which spends nearly \$1,000,000 a year on alcohol and yet is too poor to eliminate shams, to better school system, to improve living conditions, for certain classes of society, is a people which has signed its death warrant." — Paul-Emile Cardinal Leger, Roman Catholic Archbishop of Montreal.

"My life today, as a professional skater, requires my attending many parties and social gatherings where smoking and drinking apparently play a major role. But not for me — I enjoy my orange juice, and no one seems to mind. And, believe me, the people who follow this pattern are the ones who have a better time and get so much more out of life. I say this sincerely, and certainly not to impress anyone. The world is a big, wide, wonderful place — chock full of people who are truly fine, and they don't need artificial habits to enhance their personalities." — Barbara Ann Scott.

"From 'Byways on the Road to Health,' Hygeia, the Health Magazine, published by the American Medical Association: "Do not be misled by any statements you may read that alcohol increases mental activity. Tests prove that even moderate drinking impairs mental efficiency. The person who drinks can never hope to maintain his full mental efficiency."

OBITUARIES

Emma M. Greene

The death of Emma M. Greene, widow of the late Joshua H. Greene, of Boston, Mass., occurred following a very short illness at Mt. Auburn Hospital, Cambridge, Mass., on Nov. 24.

For the past 13 years she had made her home in Weymouth, going to the U. S. A. to spend the winter months. She had been in Massachusetts about ten days when taken ill with meningitis which caused her death.

Born in New Edinburgh, Digby Co., N. S., in 1873, a daughter of the late Samuel and Mary Tooker MacCormack, she went as a young woman to the United States where she married. Following her husband's death in 1922, she was employed as a clinical executive at the Massachusetts General Hospital

in Boston, which post she held for many years. At the time of World War II she moved to Weymouth and she has been a highly respected and popular resident of this village. She was a devout member of St. Thomas' Anglican Church, active in all its endeavours. Until the past year she was an enthusiastic worker for the Red Cross Society, quilting and doing a great supply of knitting and having interest in all community activities. She was an annual canvasser for the British and Foreign Bible Society, finishing her work this year not more than two weeks before her death.

Surviving are two daughters, Katherine, (Mrs. J. A. Alajajian), Arlington, Mass., and Elizabeth, (Mrs. H. Blair Whitney), Peabody, Mass. Also two sisters, Mrs. Gwendolyn Young, Quincy, Mass., and Mrs. Elinor Matthews, Moncton, N. B.; one brother, Roy MacCormack, Niagara, Ontario, a brother and a sister predeceased her. There are two grandchildren and one

great grandchild.
The funeral was held in St. Thomas' Church on Wednesday afternoon, December 1st, with Rev. Dr. D. Forrester officiating, assisted by the rector, Rev. D. Trivett. Interment was in St. Peter's cemetery at Weymouth North.

William Daley Melanson

The death of William Daley Melanson, adopted son of Mr. Basil Saulnier and the late Mrs. Saulnier, occurred on Thursday, December 2nd. He was a life long resident of Weymouth and was 76 years old.

The funeral was held on Monday, December 6th, in St. Joseph's Church, the Rev. Delbe Comeau, P.P., officiating.

Interment was in the Roman Catholic cemetery.

Emma J. Wesley

The death of Emma J. Wesley, a resident of Weymouth North for many years, occurred at the home of Mr. and Mrs. Donald Manzer, Ashmore, on December 2nd, following a long

illness. She was the widow of the late Willet Wesley.
Born in Bear River, N. S., she was a daughter of the late Lenly and Sarah Isles Crosby and was 92 years of age. Twice married, her first husband was John Wesley, formerly of Smith's Cove, and of which marriage there were six children. Her second husband was Willet Wesley, a brother of John Wesley.

She was a faithful member of the Riverside Baptist Church, having affiliated with that church more than 60 years ago.

Surviving her are five children: Arthur, of the U. S. A.; John, Halifax, Alton, Toronto; Marjorie (Mrs. Loadman) Sask. and Evelyn, Lynn, Mass. Also a sister, Mrs. Marjorie Cotter, Dorchester, Mass., and a stepson, John Wesley, of Tut's Cove, N. S. One daughter predeceased her.

The funeral service was held in the Baptist Church on Saturday afternoon, Dec. 4, the Rev. Sidney Whitehouse officiating. Pall bearers were Arnold Lent, Donald Manzer, Willis Mullen and Victor Doty. Interment was in Riverside cemetery, beside the church.

Modern Poultry Farm

The following article from "The Modern Sunday Globe" was handed to us for its interest to poultrymen in this area and also because of the wide personal interest in Mr. Hayden. Mr. Hollis V. Hayden is the son of Mr. and Mrs. Abel Hayden, at one time of Grandville, N.H., but who later moved to Digby, N.S. Mr. and Mrs. Hollis Hayden, who have been a victim of polio and has been confined to a wheel chair for the past 15 years.

By BARBARA ELINORE HAYDEN

"Well I never!" I would have believed it!

These are some of the comments Hollis V. Hayden Sr., a stocky man with a ready smile and wit, has been hearing from visitors ever since he put his flock of 500 laying hens in individual laying cages.

And no wonder! What expect to enter a hen house and find all the hens in long rows of wire cages suspended at waist height by hangers from the rafters? Well, that's what you'd find at Meadowmere, the farm run by Mr. and Mrs. Hayden of Concord, N.H.

The Haydens, formerly lock smiths who had been farming since 1880, found "the" farm in 1930. It was a 75-acre tract—more or less—of rolling meadows and woodlands high on a New Hampshire hill.

Mrs. Hayden, a graciously smiling woman, freely admitted "It was the view that sold us." Then Hollis, with typical spirit, added, "It seemed pretty much the place we had in mind—and we decided it was new or never!" Thus did locksmiths become farmers.

Hens were not the first of their livestock ventures. As Hollis explained, while the family chimed in with cheerful details, "We had cows first. That is, we had one cow, Greta, a registered milking shorthorn that weighed 1700 pounds! Later we sold her and got two Guernseys. But finally we decided it would take too long to build up a herd, and that would better stick to a more short-term investment. . . . Thus the hens."

"The you . . . right into laying cages?" I asked.

"No, I'd had flocks of hens for years, which with a garden is about as close to farming as you can get in a suburban town. So we built a new story building and on the basis

of past experience put in two floor flocks. But there were the problems every poultry man runs into."

"You mean there were problems that putting hens in cages could solve?" I queried.

"Many of them yes. But come on out and I'll show you," he smiled, and strode off with me across the farmyard.

We entered the two-story gray building, insulated both on the inside and out, and were suspended by hangers from overhead wires in long double rows of cages.

Each hen peeped in her separate cage, turned a bright eye on us, shook her head, and then they all began to "sit." This low, penetrating cawing sound rose to a tremendous pitch, all but drowning out our voices. Hollis said this always occurred when he collected eggs.

"Don't they get cramped and need exercise?" I fairly shouted above the din. Then I noticed by the twinkle in his eye that I wasn't the first person to ask this.

"No, they don't seem to mind the fact that they get little exercise. But maybe that's because this way they don't have to fight for space at a feeder or waterer. See, this trough in front of them means each bird gets all the food she needs. And every block of four birds has access to a flow of clean water by way of these 'thimble' waterers."

As he explained, hens in the cages always compete and shove smaller and weaker hens away until they develop into runs or poor producers. Even worse, sometimes this can result in birds pulling others' feathers until they tear flesh, and finally actually kill birds. This is what is meant by the "peck order" and cannibalism, which are completely avoided in caged layers.

The cage bottoms, I noticed, were built on a slant toward the sides, and projected out to an upturned edge. In this groove were numerous eggs all ready for collecting. The ease of collecting them this way instead of from out of dark nest boxes impressed even me.

"That's right," Hollis agreed emphatically. "And not only that, it has other values too. You see this way the eggs roll down and begin to cool as soon as they are laid. This quality is assured even before they are collected and transferred to the cool egg storage room."

"Besides," he continued, "this way they seldom get stepped on and broken as they often do in nests. In the eggs this way are 95 percent clean without washing—which also affects quality." With a smile he added, "As you can imagine, this feature is well appreciated."

Hollis had filed the trough with mash using a scoop as we talked. The hens began feeding their heads rapping against the metal trough. While some fed,

others turned about to their cages and drank from waterers just large enough for their beaks. Then they too returned to feeding, sometimes stopping to cock a bright eye at us before pecking at their mash.

"How long does a hen stay in a cage?" I asked.

"That depends on the old girl herself," he answered, with a grin. To ease my confusion, he explained, "To be worth her feed and return a profit, a hen has to lay at least 50 percent on the average."

"And if she doesn't?" I persisted.

"Well, in that case she gets culled. That is, she is sold for meat goes into the frying pan or is put down in the freezer. It just isn't good business to keep free boarders—and in cages is the only way you really know."

Hollis slipped a card from above a cage and handed it to me. On it were two blocks of empty spaces, calendar style for two months, with check marks for the days the hen had laid. On one upper corner was mark of the month the hen was hatched, and on the other was the cumulative total of eggs laid in previous months. Thus the occupant of each cage has its own complete record.

Looking down the row of hens the bright red comb and wattles of a large hen caught my eye, and I remarked, "There's a fine looking bird."

Looking at her card, he grinned at me and said "Try again! She's slated to be culled this week—she's way below 50%."

Then moving along the row he pointed to a small bird with

bright eyes, but small rosy comb and wattles and an undistinguished air. "Now this hen's an excellent layer—about 70% for two months," I gave up on the spot—the answer was in the records.

I commented on the fact that Mr. Hayden really knew his hens as individuals, and he remarked, "Yes, both my wife and I do. It's good to have to check them individually each day. It doesn't take too long, and that way if a hen is 'wumpy'—or having any difficulty, we can treat her, or remove her from the flock, and replace her with a new hen."

That brought up the question of replacement hens. To show me how he managed this vital part of his program, Hollis let me off to the nearby barn. Here there were several separate, walled off pens with wire floors. In these were caged the pullets growing to maturity. They would replace the hens "culled" a few months hence. And in another part of the barn, where the hens already laying, and which were currently being drawn upon to replace hens culled each week.

I was enthusiastic about what I'd seen, and I couldn't refrain from asking why there were not more cages used in this area. For Hollis had told me they were being used a great deal in the South and West.

"It's partly a question of the slightly higher initial investment," he declared. "You see, you have to have a well-built, well-insulated building, which, of course, is always best in the long run. Then you have to have some heat in the most severe spells. I use a space gas heater with registers to my upper floor. But if a man is just starting, these do not cost a great deal more than do the conventional roosts, feeders, waterers, etc., which he must have anyway."

"But of course," he added seriously, "cages are slow to come into this area because of custom and tradition. Poultrymen are slow to accept new ways that seem to challenge the old—even though they do agree that cages are far more convenient and efficient."

As the Haydens talked enthusiastically in their bright

Department Issues Statement On Article

The following statement was made today by the Honorable Wilfred T. Daublin, Minister of Trade and Industry:

"The Department of Trade and Industry authorized the use of certain industrial information at the offices of the Arthur D. Little Company in Boston for an article featuring Nova Scotia. This material was not handed out but was made available in the normal manner of supplying background material to writers."

"It is regrettable that the writer of the article in Business Week was so ill-informed on Nova Scotia matters. With regard to the initiative of the people, he might have referred to the foresight that built the Macdonald Bridge and the Causeway. He might also have noted the formation of the Atlantic Provinces Economic Council for the purpose of planning a greater area development program."

"It is to be noted that the research by Arthur D. Little Incorporated was authorized for the specific purpose of assessing the potential of the province and finding a solution to the problems."

DIGBY, NOVA SCOTIA, THURSDAY, DECEMBER 16, 1954

VOLUME LXXXI, No. 15

TO RESTORE POWER TO ISLAND VILLAGES

Limited electric service will be restored on Long Island and Briar Island at the tip of Digby Neck, which have been without power since Monday due to a break in the cable across Peptide Passage carrying power to the islands, by late Thursday, it was reported here by officials of the Digby County Power Board.

The power failure on the islands first began on Sunday when service on Briar Island was disrupted. Power went off completely on both islands on Sunday. Investigation showed the cable across the stormy, tide swept passage was broken some six hundred feet from shore, making early repair impossible.

Contact was made by the Digby County Power Board with the Nova Scotia Power Commission and through the co-operation of this body two fifty kilowatt outfits have been shipped from New Glasgow. These were expected to arrive in Digby Wednesday night and will be taken to Long Island where they will be set up.

Special transformers needed for the emergency equipment have also been located in Bridgetown and these will be set up in order to put the system in operation.

It is expected a one hundred kilowatt outfit will be secured from the Power Commission and this will be added to the emergency set-up by the end of the week.

Power Board officials stressed the need for full co-operation from power users on the islands in curtailing use of power, especially during peak load hours, until full service can be restored so that the emergency equipment can carry the load.

Some fifteen hundred people are affected by the power failure as well as the fishing industry on the Digby Neck islands which supplies and processes most of the fish produced in Digby County. Many of the fish firms have been seriously affected by the loss of power due to the fact thousands of dollars worth of fish are in process in equipment dependent upon electricity for operation. Stores and households on the rather isolated islands are also seriously affected because of the fact many of them have laid in heavy stocks of perishable goods in coolers and freezers in preparation for the winter season.

Considerable trouble has been experienced with the cable carrying power to the islands over the years and some five years ago a break in the cable left the islands without power for some six weeks.

It is understood immediate efforts are being made by the Digby County Power Board to have a new cable secured for the passage and it is hoped the emergency equipment will be able to carry the load until this can be done.

The Christian Womens' Fellowship met in the Church of Christ (Disciples) on the evening of December 9, with a good attendance of 22 members present.

The meeting opened with a devotional period led by Mrs. Hubert Height.
Receipts of Mission Boxes were brought in, each member having saved during the year, a part for this purpose.
The Christmas program, under the direction of Mrs. Carr and Mrs. Wilfred Cosman, consisting of readings, organ selections, Bible quiz, recordings and carol singing, was presented. The Christmas Tree added much to the occasion and each member received a gift from her "secret pal".
The Missionary benediction closed this meeting after which refreshments were served.

Present Christmas Program

The Christmas meeting of the Granville Ferry United Church W.M.S. was held at the home of the Misses Pickup on Wednesday evening with a goodly number in attendance. The meeting was conducted by the President, Mrs. Walter Milo, and Mrs. H. C. Munro presided at the piano during the singing of Christmas carols.

Miss Doris M. Pickup was in charge of the program, which included a very impressive candle lighting ceremony centred around a manger scene, which was beautifully depicted on a nearby table.

Those taking part in the ceremony were Mrs. Milo, leader, Miss H. Laura Hardy, representing India, and Mrs. J. A. Ruffee, Canada.

All members took part in the hymns, scripture readings and prayers. A very pleasing duet was rendered by Mrs. Ruffee and Mrs. Milo and a reading, "Preparation for Christmas Giving", was most appropriate, by Miss Pickup.

Following the devotional period, which was led by the President, a business session was held, minutes of the last meeting were read by the Secretary, Miss Hardy, and the Treasurer's report, given by Mrs. C. N. Rice, was most gratifying. Mite boxes were opened and the offering exceeded former years.

Following the meeting members were invited to the dining room where choice refreshments were served.

HOLD REGIONAL MEET AT WEYMOUTH FALLS

Leaders and workers in the colored communities of Western Nova Scotia met Tuesday at the Weymouth Falls School for their semi-annual regional meeting. The purpose was to follow the suggestions made by Dr. William Cooper of Hampton Institute, Virginia, at the May meeting of the organization.

The program of the day opened with reports of activities in the various communities and was followed by discussions of various phases of the Cooper Report.

Mrs. Hazel Johnson, of Ingleside, gave an informative report on the Folk School held this fall at Sandy Cove, indicating the value of the experience to community workers.

The recreation of the day was under the direction of Mrs. Evelyn Jackson, of Ingleside.

Following the supper which was served by the adult cooking class of the Weymouth Falls community, the evening session was devoted to the organization of branches of the Nova Scotia Association for the Advancement of Colored People.

Officers and key committees were set up for the four communities of Greenville, Weymouth Falls, Acadiaville and Ingleside as follows:

Greenville: Mrs. Hazel Kelley, Ada Crawford and Jennie Johnson.
Weymouth Falls: Ralph Jarvis, President; Cecil Simmons, Secretary; Elmer Jarvis; Treas-

urer, Mrs. Sarah Cosman; Sybil Croxwell and James Langford, executive members.
Acadiaville: Ryland Walton, Rev. M. L. Anderson.

Ingleside: Mrs. Edith Cromwell, education; Thelma Clements, human relations; Hazel Johnson, employment; and Evelyn Jackson, membership.

The officers of the various branches of the NSAA.C.P. were installed by the provincial president, C. G. Wilson, Halifax. Members of the NSAA.C.P. headquarters from Halifax participating in the day's proceedings were S. M. Jones, secretary, and Rev. W. P. Oliver, chairman of the education committee.

The final address of the evening was given by Thomas Jones, regional representative of the Division of Adult Education. Mr. Jones reviewed the activities of the communities during the past two years and indicated courses of action that might be taken in the future. It was unanimously agreed that the winter months should be spent in the study of the Credit Union Movement.

The Nova Scotia Association for the Advancement of Colored People was organized in 1945 by church, fraternal and Canadian Legion members with a view of setting up an organization that would serve to improve the standard of living of the Negro in Nova Scotia. There was no intention on the part of its founders to become another (Please turn to page 10)

On Friday evening, December 10, the children of Grace United Church Mission Band presented their special Christmas program in the Church Hall, which was filled with interested parents and friends.

After giving all a hearty welcome in song, the program opened with a Christmas Candlelighting Service, conducted by 9 of the older girls. Recitations were given by many of the children and a play, "Building a Kindergarten", was staged during which mite boxes were presented and two carols by a group of the older girls, "A Polish Carol" and "A Candlelight Carol".

Ten Graduation Certificates from the Baby Band to the Mission Band were presented by Rev. James Brooks, on behalf of the Baby Band Superintendent, Mrs. Parker.

The program concluded with a play and tableau depicting what the "Coming of Christmas" has meant to the world.

The youngest children took part in the "manger scene" and all 48 children joined in singing "Joy to the World" and "The Wise Men Bring Their Learning". The play and tableau were designed to awaken anew the realization that all have a treasure which can be given to the Christ Child, no matter how poor they may be materially.

NOVA SCOTIA COAL - THE THRIFTY FUEL

No. 18 Bankhead, Cape Breton

USE NOVA SCOTIA COAL

With a coal-burning furnace of modern design which is fed by an automatic stoker, a very steady heat can be obtained because there is always a fire burning in the furnace. Consequently, the temperature of the water in the heating system may be kept practically constant. A constant temperature may be obtained in the home if the system is provided with adequate controls. This constant temperature which gives a maximum of comfort is not obtainable from other fuels. Where fuels other than coal are used the fire is extinguished entirely when a pre-determined temperature is reached in the home. This results in a temperature variation of as much as six degrees with the attendant discomforts which such a variation causes. You can avoid this temperature variation by using Nova Scotian coals in the proper furnace.

Give your family the comfort of a steady heat in the winter months by using Nova Scotian coals.

"FOR HOME AND COUNTRY"

Women's Institute Has Christmas Meeting

On Monday afternoon, Dec. 6th, the Women's Institute of Bear River held their Christmas meeting in the Legion Hall to which the local clergy were invited. The president, Mrs. Willis Buckler, presided and opened the meeting with the singing of "O Canada," followed by the flag salute and the reading of the creed in unison.

Miss Roehring, convener of Cultural Activities, reported she had secured a list of books from which the pupils of Oakdene would select reading material, from which to write a book review at the end of the year. Prizes will be awarded by the Institute in three different groups for the best review.

A contribution was voted toward the Christmas Treat for the children.

A brief outline was given of the origin and organization of the Women's Institute, also the motto and objectives and some of the accomplishments of the Bear River Branch.

A Christmas program was then presented, consisting of carols and readings, after which Rev. Mr. Armstrong spoke briefly to the members. Mrs. Armstrong also made brief remarks on the merits of Institute work. The members responded to roll call with Christmas hints.

At the close of the meeting afternoon tea was served by the committee in charge of refreshments.

Present Operetta

The Christmas meeting of the Oakdene Home and School was held in the auditorium on Monday, Dec. 13. After the regular business meeting the pupils of the school presented a Nativity Operetta and then Santa arrived and distributed gifts from a well laden tree. The distribution of gifts took the place of a sale. Each one present put a gift on the tree, then they were sold, unopened, for twenty-five cents each. Funds are for general use in the Home and School Organization.

Fireside Chat With Doc. Quack

The cow is a marvelous portable factory that turns green grass into white milk with apparently little effort. We take her for granted and many times neglect to give her proper care. However, most farmers take their stock quite seriously and really fuss with them. Clean bedding and food and water are the main essentials, not forgetting kindness, which also pays as with all animals.

The quality of the food naturally determines the quality of the milk and we can say without fear of contradiction that the milk of the cow is not one bit better than the food she eats. Since the fertility of the soil determines the food value in the plant, then we see that our health depends so much on the condition of the soil. Cows seem to do pretty well on rough pastures that have no other use and in some parts of Nova Scotia we wonder how they get around the rocks without scraping their shins. Other pastures are well cared for and full of lush knee-deep clovers.

Of all the pasture plants we think that alfalfa is still the best. This plant has the longest roots of any clover and 212 feet is the record I think. This was seen in a huge gravel pit in Saskatchewan. Alfalfa contains

all minerals and vitamins to make a complete plant food. Those long roots go down deep for the minerals and a drouth is no worry to this plant as the roots are well anchored in the water table. Alfalfa tea is sold in packages for those who like it and it's really a health drink. It is sometimes mixed with peppermint for better flavor. The state of Texas grows vast quantities of this plant and I imagine if we grew as much in Nova Scotia as they do we would find ourselves well mulched. If not completely covered with the stuff. The best variety is known as Rhizoma and will spread like couch and a pasture cultivated to this variety should last indefinitely. Alfalfa then is an all round farm plant for every member of the home and barn as well.

Asbestos roofing shingles were first made many years ago. I have never heard tell of any wearing out—looks as if they give you a lifetime roof.

Asbestos shingles don't rot or corrode, and, since they can't burn, think of the reduced fire hazard from flying sparks and embers.

Asbestos shingles are made in styles and colours to suit most any type of structure. Ask Hicks's to tell you more about them.

Regional Meeting

(Continued from page 1)
pressure group, nor did they desire to interfere with other agencies which might be working in the field of improvement. In the initial stages the objectives of the Association were rather general, that of advancing the status of the Colored People. In 1918 the Association received the support and co-operation of the Department of Education through its then newly organized Division of Adult Education. One of the policies of the Adult Education Division is to work with groups or agencies that are working on a provincial basis, and the Nova Scotia Association for the Advancement of Colored People fell within this category. Following conferences with the director, Mr. Guy Henson, and numerous personal interviews and meetings in the communities surrounding Halifax, it was decided that one of the outstanding concerns of the people was that of reading and writing. Thus a program of elementary education for post-school individuals was started and has continued until today there are many organized communities. There have been additional classes set up, such as woodwork, sewing, cooking and first aid. Other groups have made considerable progress in discussion methods and dramatics. Others have sponsored projects such as the planting of the highbush blueberry, reforestation, land clearing, the erection of new schools and the repairing of old ones, as well as the installation of facilities for household economies and manual training. The committee on Education and Community Action is making an effort to take credit for these hopeful signs of advancement, but is anxious to point out that four years of assistance from the Division of Adult Education is paying dividends, and that to the staff of the Division and the faithful leaders and workers in the various communities, there can go nothing but highest praise.

The Community Groups of Western Nova Scotia is an organization which is relatively young compared to the Nova Scotia Association for the Advancement of Colored People, having had its beginning some two years ago when the need was felt among colored communities in this area to get together in order to plan a program comparable to those of the Halifax area which were being carried out under the auspices of the Nova Scotia Association for the Advancement of Colored People.

Following study, this organization came into being and has during its two years of existence, met semi-annually for the purpose of carrying on its work.

This most recent meeting, outlined above, marks the amalgamation of this group with the larger organization representing the whole province.

Addresses H. & S.

The December meeting of the Weymouth Home and School Association was held on Monday evening, December 13, at the school. The president, Mrs. Curtis Hankinson, was in the chair. Due to the increased number of children carrying lunch at noon, ways and means as to ways of raising money to provide a hot drink for them was discussed. It was decided a sale of fudge would be held on December 20 and 21 at the entertainment being put on by the Drama Group.

The next film to be shown, "Alice in Wonderland," will be shown in January 7th. Mr. Hersey in a few chosen remarks introduced the speaker of the evening, C. B. LeGrow, a former inspector of schools in this district. Mr. LeGrow's talk was on education—Essentialism versus Progressivism. He compared the type of education in the little red school house when emphasis was on the 3 R's as the essentials. The more modern type with a wider range of subjects, which is becoming prevalent today especially in the newer schools, was presented under progressivism. The meeting was open for discussion.

Mrs. Cosman moved a vote of thanks to Mr. LeGrow for his informative and thought-provoking talk. Following the meeting refreshments were served.

The Digby team opened the scoring in the first when C. Rice tallied from B. Turnbull at 6:32 in the first. Church Point replied to tie it up at 9:01 when B. Genette netted one from G. Comeau. Digby took the lead again at 12:16 when Joudrey scored from W. Van Tassel. B. Turnbull widened the lead at 17:03 when he scored from G. Harris. C. Hawkins pulled the scoring in the first for the Digby team at 19:30 when he tallied from Lorimer Joudrey.

In the second period the Digby team scored again when Warren VanTassel scored unassisted at 2:04. He was followed by Joudrey from Hawkins at 8:43. Tallies for the Church Point team in the second were scored by B. LeBlanc unassisted at 1:06, M. LeBlanc unassisted at 2:40, and B. LeBlanc, assisted by G. Comeau, at 9:13. Church Point tallied two in the final frame when R. Dalcin scored unassisted at 6:32 and G. Comeau repeated at 18:40. Only tally for the Digby team came at 15:50 when Hawkins scored from Joudrey.

In the other game of the double-header Thursday, Centreville downed Bear River by a 6-3 score.

Centreville had the edge in this game right from the start and tallied four goals in the first without a reply from the Bear River squad. Scoring for Centreville in the opening period were C. Nesbitt from C. Westcott, 9:06; F. Handspiker from M. Titus and Dugas, 12:43; I. Titus from C. Westcott, 13:26; C. Nesbitt from I. Titus, 13:56. In the second period Centreville went scoreless and Bear River netted a lone goal. This went to Frazee unassisted at 4:12.

The third saw both teams take two each. Centreville banged one in thirty seconds after the opening whistle when C. Nesbitt scored off C. Westcott. Bear River replied at 2:41 when B. Peck tallied from D. Parker. Centreville same back for their second at 6:02 when F. Handspiker scored unassisted. B. Peck tallied the final goal of the game at 13:21 for Bear River from E. Hardy and Frazee.

Penalties were handed out quite freely with Bear River copping four and Centreville getting three. Two of the penalties handed out were majors.

Port Busy At Christmas Season

The Port of Digby has been extremely busy the past several weeks with cargo vessels being forced to wait several days out in the stream for their turn at the spur pier in order to take on cargo.

First of the cargo ships in the past two weeks to load here was the S.S. Otta of Bergen, Norway. The Otta was under command of Captain Elmer Hundell and was registered at 1053 net tons. She took on a cargo of 1,600 cords of pit props for Rotterdam, Holland. The pit props were shipped by the firm of Max Naffthal Ltd.

Following the Otta was the Motor Vessel Perth of Dundee, Scotland. The Perth, under the command of Captain W. Inglis, took on a cargo of 700,000 feet of spruce lumber for Southampton. This was shipped by the McKeen Lumber Co. Ltd.

While the Perth was loading the S.S. Brettenham of London, England, awaited her turn at the dock. Registered at 1,693 net tons and under command of Captain D. A. Nichols, she took on a cargo of 2,000 cords of pit props for Rotterdam.

Another freighter, presently loading in Weymouth was expected here Wednesday night to finish off her cargo. It is understood she took on some five hundred cords of pit wood in Weymouth.

The heavy run of cargo vessels in port over the past several weeks has made a great improvement in the financial situation of a great many workers in this area. Truckers have been extremely busy hauling the pit wood and lumber to the docks and stevedores have also been kept busy both loading the wood aboard the trucks for hauling to the wharf and stowing it aboard the ships.

BRINGS KIDDIES JOY FOR OVER 40 YEARS

When Willis Minard Tibbetts of Brighton makes his rounds this Christmas Eve with his pack of candy and toys for the children of Barton and Brighton it will be his forty-second trip.

On the Christmas Eve of 1912 Mr. Tibbetts put on his Santa Claus suit and started out with a sack full of candy and gifts. From 5 p.m. until 10:30 p.m. he visited the homes of Barton and Brighton giving gifts and candy to the children, telling stories, and doing tricks. From the Christmas Eve of 1912 to this Christmas Eve 1954 he has made forty-two trips, missing only one year. On the Christmas Eve of 1922 he was away in the United States.

So interested is he in the children's enjoyment at Christmas time that for a number of years he encouraged the people of the community to cooperate with him in his endeavor. He placed a large sack in Mr. Morehouse's store for those interested to place gifts for the children. On Christmas Eve he took along this sack with his own and delivered the gifts.

Mr. Tibbetts likes to tell how he got the idea of being Santa Claus. Being generous by nature, he shovelled a path through the snow to the door of a neighbour one Christmas morning before the children were up. When the children came downstairs in the morning and found the path broken through the snow they were convinced that Santa Claus had done it to get his reindeer through. When it was discovered that Mr. Tibbetts had made the path, while he was waiting for the teakettle to boil, the neighbours called him, "Santa Claus". "That is just who I'll be," he said one day, "I'll be Santa Claus", and he has been for more than forty years.

Not only does he make a visitation to the homes on Christmas Eve, but he acts as Santa Claus for church and school activities when candy and gifts are to be given out. Since 1912 to the present Mr. Tibbetts

All who would win joy, must share it; happiness was born a twin. — Lord Byron.

betts has made his rounds each Christmas season to be present at the undressing of the Christmas tree for the children at school and church parties and entertainments. He has officiated as Santa Claus at various times from Port Wade, Annapolis County, to Hassetts, in Clare Township. He has presented gifts and candy to the children at Christmas entertainments in Port Wade, Digby, Brighton, Barton, North Range, Plympton, Hassetts, and other places.

When he tells about these trips, he enjoys the look of astonishment that comes to one when he says that he has walked as far as twenty miles in one night. On various occasions he has made by foot from fifteen to twenty miles to play the role of Santa Claus at an evening program, and has not reached home until three o'clock in the morning.

One time at a Barton-Brighton school concert he gave the children quite a pleasant surprise. He came early before the program started and hid behind the Christmas tree. When it came time to give out the candy and gifts, Santa Claus crawled out from under the Christmas tree amid an uproar from both the children and adults.

So far this Christmas season Mr. Tibbetts is booked up to serve as Santa Claus at three entertainments, and although he is seventy-three years young his Santa suit is pressed and ready, and his sack is packed with candy, toys, and other good things, in readiness for his forty-second Christmas trip to bring joy to the children.

When he relates how kindly the families receive him into their homes, he says he doesn't know who receives the most enjoyment, the children, the parents, or himself.

Mr. Tibbetts is a retired Salvation Army Officer. For a number of years he has been Recruiting Sergeant. He has been a member of the Salvation Army for fifty-four years.

Sailor Killed In Car Accident

John Bell of Kingston, Ont., a Physical Training Instructor in H.M.C.S. Cornwallis, was killed last Thursday night in a car accident at Smith's Cove, some five miles from Digby. Four of Bell's companions from the training school at Cornwallis were patients in the naval hospital following the accident. Although details concerning the accident are meagre, it is understood it occurred shortly after eleven o'clock last Thursday evening as the group of sailors were on their way to Digby from the naval base.

In some manner the car left the road on a curve near Smith's Cove, swiped off a number of bridge posts and went over the bridge, coming to rest on the bottom of a creek some feet below.

Ald was summoned for the stricken men but before help could arrive Bell, who it is understood was pinned beneath the overturned car, passed away.

An inquest has been called into the fatality by Coroner Charles Ramsay of Digby and the jury convened and viewed the body Friday morning. The inquest was then adjourned until the other occupants of the car, who it is understood were the only witnesses of the accident, can appear.

To Broadcast Program

A radio program of interest to listeners in this area will be heard over CFBC, Saint John, Monday evening from 8:30 to 9 p.m. when "Joyeux Noel", a narrative program of French carols prepared and produced by Dr. Adelard Tremblay and Dr. Bernard Hebert of the Cornell Research Program will be broadcast.

The program of carols was originally prepared and produced for the annual Christmas party of the Cornell group. Here it met with such favor that arrangements were made to have it broadcast.

Also to be heard over CFBC on Christmas Day will be a broadcast of the Firemen's Parade and the visit of Santa to the Digby General Hospital. This will be heard from 1:00 to 1:15 Christmas afternoon.

Celebrate 54th Wedding Anniversary

Saturday will be the day of real celebration at the home of Mr. and Mrs. Joseph Hall on Queen Street. Not only will they celebrate Christmas but Saturday also marks the 54th anniversary of Mr. and Mrs. Hall's wedding.

Joining with Mr. and Mrs. Hall in their dual celebration will be their children, Mrs. Emily Abbott of Montreal, who has come to Digby to make her home with her parents; Mr. and Mrs. Sydney J. Hall, Mrs. Annie Amiraull, and Mr. and Mrs. George (Ella) Humphrey. Also joining in the festivities will be several of the popular couple's grandchildren.

Mr. and Mrs. Hall were married in England and came to Canada some years ago. Since their arrival here, they have made their home in Digby where both have been active in church and community affairs.

Twelve Days Of Christmas

Today few persons can name all of the "Twelve Days of Christmas," even if they are able to recite all verses of the old English Ballad about the Twelve Days from the "partridge in a pear tree" all the way to the "twelve lords a-leaping." First is St. John's Day, followed by Holy Innocents Day, New Year's Eve, New Year's Day, Holy Name Day, St. Genevieve's Day, St. Gregory's Day, St. Simeon's Day, and Epiphany, the last being the day on which most of us take down our Christmas tree.

DIGBY RAVENS TAKE FIRST TWO STRAIGHT

The Digby Ravens rode rough shod over Berwick in an exhibition hockey game here last Friday night, winning the game by a score of 19-2. The game was the opener for the season so far as the Ravens team was concerned.

O'Brien was high liner for the Ravens, tallying four goals. Theriault netted two as did Hawkins, Weatherber and Joudrey. Others scoring for the Digby team were Westcott, Barr, P. VanTassel, Titus, Upman, Oliver and Carey.

The two goals scored by the visitors were netted by Hempsey from Morse at 15:45 in the first, and by Morse from Lutz at 14:57 in the second.

Penalties in the game, which was handled by Webber and Beckwith, were few, with

only four being handed out. These were evenly divided between the two teams, with each drawing two.

The Annapolis Tigers, traditional rivals of the Digby Ravens, proved no match for the Ravens in an exhibition hockey match here Monday evening when the Ravens piled up a 21-4 victory over the visitors.

The Ravens took an early lead from the Tigers who, despite the acquisition of several new players, seemed unable to stem the tide which ran strongly against them.

Aided considerably by the new members of the Ravens' lineup, the local team played a strong game and showed promise of putting in a good performance when the league opens early in January.

Hockey Little League Gets Underway

Last Saturday, at 7:00 a.m. sharp, the Hockey Little League got under way and eight teams, totalling 56 players, fought out results in the three hours allotted by the Forum Management and the Recreation Commission.

The first game saw Coach Ed Bowers' "Canadians" on the wrong end of a 3-1 score against George Harris' "Maple Leafs". However, an official protest was registered by Coach Bowers, as due to a time keeping error his game only lasted 2 periods. After deliberations league officials declared the game no contest and a replay was ordered.

The second game saw Joe Amiraull's "Red Wings" drop a 3-0 decision against Don Hazelton's "Bruins". Goals being scored by: First period: Rod Frederick (Bruins). Second period: Wayne Handspiker. Third period: Rod Frederick. Penalties: First period, nil. Second period: Wayne Sabean. Third period: Wayne Sabean.

The third game ended with Wellington Halliday's "Black Hawks" losing 7-1 to Rod VanTassel's "Rangers". Goals being scored by: First period: J. Dugas (Rangers) 2, Phil Belliveau (Please turn to page 4)

Hold Christmas Parade

The Digby and Cornwallis Fire Departments held their usual Christmas parade through Digby Tuesday morning. Despite inclement weather the parade was a great success with decorated floats and other items that proved great attractions for the youngsters.

In the parade from the naval base were included a decorated fire engine topped by a team of reindeer complete with Santa in his sleigh. Following the engine were floats depicting rocket, space ships, helicopters, trains filled with Christmas gifts.

Accompanying the fire departments was the band from H.M.C.S. Cornwallis which played a short concert of Christmas music downtown and then went to the hospital where Christmas carols were played for the patients.

While the band was playing outside the hospital Santa visited the patients in the hospital distributing gifts to all of them.

During the morning the parade from Cornwallis visited Digby, Smith's Cove and Bear River and in the afternoon the parade went to Clementsport and Annapolis.

Merry Christmas

Christmas Music In The Churches

Christmas music featured the Worship Service at Digby Baptist Church on Sunday morning. A duet, "A Star and A Song" was sung by Mr. and Mrs. Ferber Marshall and the choir rendered the anthem "Arise Shiloh, For Thy Light Is Come", Elvey. The congregation joined in singing Christmas carols and Rev. E. C. Churchill preached on the text "No room in the Inn".

In the evening the church school conducted the service when exercises and pantomimes were presented. A special Christmas exercise was presented by the junior girls under the direction of Mrs. Shirley Clayton when gifts which will be sent to the Children's Hospital, Halifax, were laid under a Christmas tree. Included with the gifts will also be scrap books made by the girls early in the fall. The script for the exercise was arranged by Mrs. Clayton.

Christmas Services were held at the Hill Grove United Baptist Church on Sunday afternoon with special music by both senior and junior choirs. This was the first occasion when the junior choir sang. A pageant, "For Jesus' Birthday", was presented by the church school under the direction of the pastor, Rev. E. C. Churchill. Great credit is due both to the children and their instructor for the impressive message of the Nativity given in song and story, which was much appreciated by the large congregation present. At the conclusion of the entertainment by the church school a number of carols were sung by the congregation and a sermon by the pastor, preached from the Christmas Story. The service concluded with an anthem, "The Angel Song", and hymn, "O Come All Ye Faithful", by the senior choir, and benediction by the pastor. Next Sunday afternoon a two part women's cantata will be presented at Hill Grove.

The junior girls choir of Grace United Church, under the direction of Miss Ena Robinson, sang a Christmas anthem at the regular worship service on Sunday morning. In the evening the quartette, consisting of Elton Arnold, Norman Wright, Dr. D. G. Black and Ferber Marshall, sang two numbers, "O Holy Night" and "O Little Town of Bethlehem", and the congregation joined in the singing of Christmas carols. Flowers were placed in the church in memory of Mrs. W. R. Dickie and Dr. Dudley Dickie.

Grace United Church choir attended the worship service at Bay View on Sunday afternoon and rendered the anthem "Rejoice Greatly".

St. Ann's Downs Digby High

St. Ann's Academy defeated the Digby Regional High School hockey squad here at the Digby Forum by a score of 13-2 last Thursday.

Although the Digby team played a hard, strong game they were unable to overcome the superior squad from Church Point.

In the first period Merchant tallied two for the visitors, one at 2:21 and the second at 3:56. Clantier scored for St. Ann's at 4:15 and was followed by Gagnon at 4:52.

The second period saw Merchant open for St. Ann's at 10:54. He was followed by Derochers who scored at 12:24 and again at 17:18. Dupont tallied for the visitors at 17:31 and was followed by Merchant at 19:04.

In the final frame Bob Rooney scored three for the visitors while Bill Rooney tallied a single. Gagnon also scored for St. Ann's. The two goals scored for D.R.H.S. came at 17:34 in the last period when Don Out-house tallied. Frazer Handspiker wound it up for the Digby team and for the game when he netted one at 19:10.

Three penalties were handed out in the third. These went to Clantier of St. Ann's and to Carleton Forrest and Ed Bowers of D.R.H.S.

Digby has entered the Nova Scotia Headmaster's League and is hoping to make a good showing in the League under the coaching of Mr. Campbell.

Red Cross Holds Annual

The Bear River Branch of the Red Cross held their Annual meeting on Tuesday evening, December 13, at the office of the president, B. R. McCarthy. Reports from various committees were read including the Blood Donor, given by Mr. McCarthy. This report was most encouraging as over one hundred persons attended the two clinics. Cod liver oil capsules are bought through the Red Cross for distribution to the schools.

The work room report, prepared by Mrs. H. Cress and Mrs. G. Hubley, joint conveners, was also very encouraging for the year. A large number of articles were finished and sent in. Appreciation was expressed to the clubs, church societies and individuals who have helped so much in this work. Owing to circumstances it was deemed feasible to give out work to be done in the homes during the winter months and to re-open the room early in April when it is hoped a large number of ladies will avail themselves of the opportunity to help the Red Cross. All persons who contribute one dollar to the Red Cross automatically become members. It is hoped a large number will contact Mrs. Cress and Mrs. Hubley for their winter work in the Red Cross.

O.E.S. Entertains On Birthday

On Friday evening, December 10, the members of the Keith Lodge No. 16 and their wives and friends were guests of Cherry Blossom Chapter O.E.S. at their 3rd Birthday Christmas party held in the Masonic Hall.

After a few words of welcome by W.M. Isabelle Harris and W.P. Jos. Langley the program opened with everyone joining in the singing of Christmas carols. This was followed by a very impressive exercise, the Points of the Christmas Star, and the singing of "Star of the East." The program also included a pageant, "The Christmas Story"; a solo by Mrs. E. Seelye; a reading, "Let's Keep Christmas," by P.M. Ethel Dittmars. Two selections by a quartette, Messrs. F. Miller, F. Harris, M. Benson and Dr. Brennan, were very much enjoyed. These numbers were followed by the lighter side of the entertainment consisting of humorous readings, games, etc., after which the birthday cake was cut, refreshments served and a social hour enjoyed by all.

Merry Christmas

Most popular of the new Buicks in the Century Series is the stylish Riviera, unmatched in its field for advanced design, power and performance. The Century styling for 1955 features a completely new front end with a wide-screen grille, visored headlights and a roll-edge bumper with strikingly different dual wing guards. It has four ventilators instead of three as in the past, Buick's

panoramic windshield, and lower rear fenders with a swept-back tail light design. The Century, which last year was the highest powered car for its price in the auto industry, has increased its engine output to 236 horsepower for 1955. The distinctive wheel covers and Buick's sensational new variable pitch Dynaflo transmission are optional accessories at extra cost.

We bring you - THE 1955 BUICK New thriller in Style- Power-Performance

A General Motors Value

A BRIGHT NEW FRESHNESS greets your eyes and tells you: Buick's done it again. You see it in the bold distinction of that gleaming Wide-Screen Grille. You see it in the rakish sweep of the rear-end contours. You see it in the whole fore-and-aft newness of fleet-lined grace that marks Buick the beauty thrill of 1955.

New horsepower—up to 236

You learn more when you get the power story. Up to new peaks go the horsepower of every Buick V8 engine—a whopping 188 h.p. in the low-price SPECIAL—a mighty 236 h.p. in the CENTURY, SUPER and ROADMASTER.

And it's new, more responsive, far abler power you can literally feel as you go.

But even bigger Buick news for 1955 is some-

thing more than style and power. It's what the "variable pitch propeller" now had done for Dynaflo Drive.

Up goes performance—and gas mileage too. When you find it necessary to push the pedal to the floor board, you do more than call on the greatest high-compression V8 power in Buick history.

You do what a pilot does when he heads his plane down a runway.

You do in oil what he does in air—you cut down take-off time by using "variable pitch propellers."

In this case, the propeller blades are inside the Dynaflo unit. But they're engineered to swivel or change their "pitch" just like plane propellers

—and with the same result: one pitch for get-away, another pitch for gas-saving fuel efficiency. And what you get in the way of instantaneous safety-surge with absolute smoothness, you can only believe when you feel it.

This you have to try

Of course, we want you to come and see the trend-setting new Buicks—look into the betterments in gasoline mileage that add new thrills to these spectacular cars.

But this year, "seeing" is only the beginning. So—join the crowds viewing the new Buicks, and make a date to get behind the wheel as soon as we can have a demonstrator available. We promise you the thrill of the year.

HOPE THAT SUSTAINS THE WORLD . . . If there is anything more touching and inspiring than the sight of a little boy or girl waiting patiently for the arrival of his beloved Santa Claus, the world has yet to produce it. With boundless hope, after hanging up his stocking, he finally goes to bed, knowing as surely as he knows his own mother and father, that the Giftbringer will have been there when he awakens.

Christmas Card Idea Originated By Englishman

Christmas cards are so much a part of the modern Yule season that one seldom stops to wonder how the idea originated and by whom.

This simple idea of wishing your friends a Merry Christmas brought honor and knighthood to the originator, Henry Cole, a middleclass Englishman.

Cole mailed his cards on a December day in 1848. The cards depicted a Victorian family assembled at the festive board and the traditional Christmas custom of giving to the poor. They also bore the now-classic greeting: "A Merry Christmas and a Happy New Year to you."

He had a thousand of the cards struck off by a lithograph. They were such a success that plain Henry Cole subsequently became Sir Henry Cole.

The cards we send today, however, a far cry from those mailed by Cole. The cards you send and receive this year will be designed by famous names in contemporary art.

An American shopping for cards this year may select scenes painted by such famous people as Winston Churchill, Britain's prime minister and famed amateur artist, and Grandma Moses, one of America's most famous artists.

The demand for cards is so great that many companies spend their entire time in designing and producing them for the holiday season.

Most Beloved Carol Is 'Silent Night'

The most beloved carol of the many that are sung in all parts of the world is "Silent Night" that simple and tender German song.

Its origin was unknown for many years. Recent research, however, disclosed that it was written by Joseph Mohr, an assistant priest in Oberndorf in South Germany. The melody was composed by a schoolmaster, Franz Gruber.

The poet and the composer were part of the choir that sang the carol for the first time on Christmas Eve in the Oberndorf church in 1818.

The night it was sung the small church's organ was out of order and the choir sang to the accompaniment of a guitar.

Since then the carol has been sung to the tune of almost every musical instrument in the world and in the languages of nearly all men.

That Reindeer Is Becoming a Tradition

That reindeer is becoming a American tradition.

Once upon a time there was a reindeer with a built-in flashlight bulb for a nose. You know, Rudolph, the red-nosed reindeer. From a small beginning in 1939, the little animal with the built-in beacon has become as familiar as Humpty-Dumpty and Cinderella to youngsters everywhere.

First invented as a sales give-away promotion for Montgomery Ward by Robert L. May, Rudolph was featured in many free booklets before he became associated with Christmas. Songwriter Johnny Marks liked the title "Rudolph, the Red Nosed Reindeer," so he wrote a song about it. He was so sure he had a success that he started his own Publishing company, using "Rudolph" as his first release. Gene Autry made the initial recording, and that one record sold 2,000,000 copies.

Last year, there were 16 different recordings of the song for sale ranging from boogie-woogie by Sugar Chile Robinson to Bing Crosby, and cowboy singers.

CHRISTMAS PARTY HELD AT JOGGIN BRIDGE

Mrs. Alex Leighton was hostess on Monday evening to the Society of Friends for their annual Christmas party. Due to illness several members were unable to be present.

A program of games, contests and a short skit under the direction of Mrs. A. J. MacLean, was carried out and provided merriment. An exchange

Joseph Proved His Love for Mary, Mother of Jesus

Joseph, the bible relates, had to prove his faith in and love for Mary before they were married. It is one of the great love stories of all times.

When Joseph thought of Mary, he forgot the difference in their ages; she was the girl he had waited for, his beloved. They were espoused—which was almost as official as being married. His heart soared on wings of the approaching wedding day, and then . . .

What Mary insisted had come to pass, simply could not be! Joseph wanted desperately to believe Mary, but such things just didn't happen, and if they did, they happened to somebody else.

Much as he loved Mary, Joseph was a righteous and God-fearing man and while he couldn't even think of making her a public example, he had just about made up his mind to put her away privately. That is, he thought he had made up his mind. In his heart, he knew he couldn't; what would become of her . . . of her child . . .

Then one night, after he had exhausted himself with tortured thinking, he fell asleep and the angel of the Lord appeared to him in a dream, saying:

"Joseph, thou son of David, fear not . . . And when Joseph awoke, he did as the angel had bidden him, and took Mary as his lawful and cherished wife."

"Fear not," the angel spoke unto Joseph.

"Fear not," the angel had declared unto Mary.

"Fear not," the angel spoke unto the shepherds of Bethlehem.

Birth of the Savior Was Greatest Event In World's History

Pleasant as it is to dream of a "White Christmas" with its carols and gifts, feasting and merry-making, the sparkling eyes of children delighting in Santa Claus and the wonderful Christmas trees, these things never can symbolize the tremendous significance of the day.

The birth of the Saviour was the greatest event in the history of the world. In spite of all the backslidings, Christian peoples have pressed forward steadily.

However vicious and corrupt, the world today is far better than the world of pagan times; familiarity with the cross and crucifixion has abolished legal tortures and much cruelty—and, if given a chance, might shame us into banishing the curse of international viciousness for the sake of Him who became the Saviour of Man kind.

Puritans Outlawed Yule as Frivolous

The Puritan government of England outlawed Christmas in 1643. With the restoration of the Stuart Christmas customs and traditions were revived, but Christmas never regained its former prestige in England.

It is observed religiously in the churches and as a day for family reunions and social gatherings, in contrast to the lavish feasting and ostentatious merry-making of older times.

Merry-making and gift-giving came in for their share, however in December 26 which is Boxing Day. The origin of Boxing Day antedates Christmas and can be traced to the custom of gift-giving during the Roman festival of Saturnalia.

In Christian liturgy December 26 is observed as the feast of St. Stephen, the first Christian martyr, and during the centuries when journeymen and apprentices were in the habit of levying upon their masters' customers, "Christmas Boxes" were collected on St. Stephen's day.

of gifts from a prettily decorated tree gave more enjoyment which was followed by refreshments in keeping with the season.

Christmas Party Held

On Friday evening the annual Christmas Party was held at Port Wade by the local club members, which this year is jointly in session with the Red Cross Society.

The party was held at the home of Mrs. Willard Apple, where the rooms were decorated beautifully for Christmas, and a very pretty tree was decorated and lighted and held a supply of gifts for each member. Games, contests, and readings were enjoyed by all.

At the close of the evening refreshments were served by the hostess, assisted by her daughter Mrs. Margaret Spruce, Mrs. Gordon Snow and Miss Marion McWhinnie.

A joyous time was had by all.

Dr. and Mrs. Adelard Tremblay and family left Saturday to spend Christmas in Montreal. Dr. Tremblay will also visit Cornell University, Ithaca, N. Y. while he is away from Digby.

Present Christmas Program

On Tuesday evening the annual Christmas program of the Port Wade Baptist W.M.S. was held at the home of Mrs. Gerald Hudson with the societies from Victoria Beach and Port Royal as guests for the evening.

In the absence of the president, Mrs. Vandora White who is recovering from an illness, the meeting was presided over by Mrs. Marion McWhinnie. Mrs. Gerald Hudson was pianist and many beautiful Christmas carols were sung by all. Readings and prayers for Christmas and what it really means were given by Mrs. E. W. Lindsay, Mrs. H. Armstrong, Mrs. Howard Ellis, Mrs. LeRoy Haynes, Mrs. Chas. McWhinnie, Mrs. Alton Hayden, Mrs. James Johns, Mrs. Archie McGrath and Miss Marion McWhinnie.

The Christmas Story was read in unison and a closing prayer given by the pastor, Rev. R. W. Lindsay. After the devotional period a joyous time was had by all when a lighted Christmas tree was laden with gifts for each one present. The rooms were beautifully decorated with the Christmas colors of red and green and silver. The Port Wade Society served delicious refreshments at the close of the evening.

Legion Auxiliary Has Carol Sing

Singing of Christmas carols and exchanging of gifts provided the entertainment at the regular meeting of the Auxiliary of the Digby Branch Canadian Legion on Thursday night. Santa also made his appearance and delicious refreshments were enjoyed.

Christmas greetings were read from Legion Zone Commander Eugene Outhouse, of Freeport, and E. Tufts, president Digby Branch of the Legion.

Two new members were admitted, Mrs. Nora Abramson and Mrs. Annie Wambick. It was reported the hostess club had 66 members to date.

Lodge No. 18, LOHA and Loyalist Temple, Pythian Sisters, No. 13.

It's wonderful the things you can do with wood. You can build houses with it. You can span rivers with it. You can make toys with it.

You can put it through a chemical process and wear it. Through another chemical process and eat it.

With a piece of apple wood, you can find water. With a piece of elm, you can make an axe handle. With a match, you can start a fire.

To a small fir you can add trinkets and tinsel, and you'll have a Christmas tree. And that tree will be the very symbol of love and goodwill, and the top of the tree will be the shape of the cross. And it will remind you of the spirit of Christmas and the meaning of Christmas.

May you know happiness and peace of heart as you and yours gather round the Christmas tree this week.

to the heart of modern Christendom. With comfort increasing throughout the western world, the poverty of the Nativity scene simultaneously startles and fascinates us — as perhaps Matthew, the publican, was impressed by the story of the Wise Men; and Luke, who had been a ship's doctor and probably knew very little about shepherds, was charmed by the shepherds abiding in the field. There was no room in the inn that night, so Jesus was born in a stable; a place of shelter hewn into a rocky ledge of the Judean countryside. It was cold and dark and damp and Judean travelers — frequently "put up" in such caves — welcomed rather than disdained joint tenancy with beasts because the breath of the cattle and the heat of their bodies provided a little warmth, while the guests inside the inn had no heat at all. The cave, which was the birthplace of the Saviour, is now a grotto beneath Bethlehem's Church of the Nativity; and though fascinated by the simplicity of the original Nativity scene, Christianity has been unwilling to maintain its poverty and has covered the entire surface with costly ornaments.

At this happy season we join in wishing everyone a Merry Christmas and a Bright and Happy New Year.

We wish to thank you for your splendid patronage during 1954 and express the hope we may be privileged to serve you again in the coming year.

PUT CHRIST BACK INTO CHRISTMAS

The current issue of THE AMERICAN HOME tells the story of how one city, in an inspiring community project, "PUT CHRIST BACK INTO CHRISTMAS."

"NOW THE DARK STREETS SHINE" is the name of the article. Evanston, Illinois, is the name of the city.

In 1951 a roomful of young married couples, organized the Christian family Christmas Committee. Their idea was simple... to show love, tenderness and hope for all who had eyes to see.

And, they really succeeded. By November, volunteers had given 30 talks to various groups and 100 people attended a public meeting at Northwestern University. After that, the whole town pitched in and before Christmas Eve, 60 public Nativity scenes cast their spell over the community.

During the second year it was easier and last year letters poured in from all over the United States asking help in starting "Christ Back In Christmas" projects.

The full story is in the current issue of the American

Reduce Christmas Hazards

To avoid tragic Christmas accidents in the home, the Fire Protection Institute issues these precautionary tips:

—Use a flame-proof compound to spray wreaths and other pine decorations.
—Use materials which are marked flameproof for tree trimmings and home decorations if they are obtainable.

—Inspect Christmas tree lights and repair frayed wires or loose sockets.

—Never leave Christmas tree lights burning unless someone is around.

—Never unwrap gifts near an open fire or flickering flame. Dispose of paper and other inflammable wrappings immediately.

CHRISTMAS

A woman was heard to say disgustingly as she gazed into a store window which was decorated for Christmas in one of the larger cities of America, "They even have to drag religion into Christmas."

Poor soul! She did not know that there would be no real Christmas without Christ. Men are fast seeking to do away with the Christ in Christmas but wish to retain the day. The day serves as an opportunity to commercialize and become drunk "gluttons and winebibbers" describes the majority of men and women at Christmas time.

Christmas Candles Are Traditional For Many Peoples

To learn your luck for the year they

Burn a bayberry dip on Christmas day.
If the flame burns bright and the light shines clear,
Good luck will be yours through the year.

This old verse is believed in many lands around the world and is said to be one of the reasons that candles in homes are traditional around the world.

The custom is believed to have started in Ireland. As the Irish put it: "Who knows, on some Christmas Eve, Jesus and Mary and Joseph may come again, not to Palestine, but to the Holy Isle on the farthest edge of Europe." And it is the custom that the candle can only be snuffed by one named Mary.

Their first use for Christmas is not recorded in the annals of any nation, but that the "Christ Child Candle," burned in the window or Christmas Eve in, according to an old legend, places there to light His way if He makes an early visitation and in atonement for the night of His birth when there was no room for Him.

Guard Against Fire This Yule Season

Guard against fire in your home this Yule season.

The average Christmas tree can go up in smoke in only a minute or so, and that doesn't leave much time to call for help.

A live tree with roots packed in a bucket of earth is the safest. Be sure and keep the dirt moistened. A small tree is safer than a large one and festive trimmings can make up what is lacking in size.

Don't use lighted candles. (This may seem an unnecessary precaution in this day of electric lights, but lighted candles contribute to tragic fires every year.)

Check the wiring for the tree to see that it's not frayed and is in perfect condition. The switch for turning off and on electric lights should be at some distance from the tree. Don't plug or unplug lights beneath the tree.

Don't leave tree lights on when it isn't necessary and especially when the family is away from home. From time to time, check over the tree and see if needles near the lights are turning brown. If they have, move the lights.

Watch the calendar. New Year's is the day for the tree to go down. If you should extend the time, don't leave the lights on the tree for more than a half hour at a time.

Place the tree well away from stoves, radiators, and other sources of heat. When you smoke, stay away from the tree. Also be sure that the tree is secured in such a way that it cannot fall. Do not put it near a doorway where it might block an avenue of escape, should a fire occur.

Dr. Clement Moore Was Ashamed of His Famous Poem

Dr. Clement Clarke Moore was ashamed of his famous poem, "Night Before Christmas" and would not acknowledge that he wrote it for more than 20 years.

Today, the poem which begins—

'Twas the night before Christmas,
when all through the house

Not a creature was stirring, not even a mouse—

is one of the most beloved of all Christmas writings.

Dr. Moore was an aloof professor of Greek and Oriental literature in the Episcopal Seminary in New York. He wrote the poem on Christmas Eve 1822 and read it to his seven children.

He had not planned for the poem to go further than his own family, but a relative who was visiting the Moores put a copy in her diary. The next year the relative's father sent it to a newspaper.

Other newspapers printed the jingles and they quickly became known all over the country. The dignified Dr. Moore was embarrassed and considered it beneath a man of his scholastic standing to be the author of children's jingles.

Twenty-two years later, however, he finally publicly admitted authorship of the jingles and it was published in book form under his name for the first time.

Make Gifts Attractive

Make your Christmas package attractive because half of the pleasure of the gift is the wrapping and opening a beautiful package. Use plenty of ribbon and gay colored paper. Add bells and Christmas ornaments to the bows. Tie ribbon about the corners and put the bows off-center to make the packages distinctive. A little disguising by putting small boxes in larger ones before wrapping adds to the mystery of the gift.

CHRISTMAS GAME

Snapdragon was a favorite Christmas game in England more than 200 years ago. It is still played in modified form in England and America.

The original game called for a quantity of raisins to be deposited in a large bowl or dish. Brandy or some other spirit was poured over the fruit and ignited. The bystanders then endeavored to grasp a raisin, by plunging their hands through the flames. A carol, called "The Song of Snapdragon," accompanied the game.

Christmas Greetings

May your Yuletide glow brightly with that good old fashioned Christmas cheer that makes every heart lighter, every friendship warmer, every hour richer in happiness and contentment.

Christmas Message By Minister Of National Defence

Christmas, 1954, finds Canada strongly joined with other members of the United Nations and North Atlantic Treaty Organization in the preservation of world peace. Defence Minister Ralph Campney said today in a Christmas message addressed to members of Canada's Armed Forces serving in Canada and the United States, Europe, the Far East and Indo-China.

Text of the message, republished in all unit and formation daily orders, follows:

"This year we should celebrate Christmas with special thankfulness.

"For the first time in many years, over the whole earth the guns of war are silent. The world is troubled and uncertain, but at least we are being spared the awful horrors of war.

"Several thousand veterans from Korea will enjoy this Christmas with loved ones in Canada. For them, the warmth of the fireside replaces the rigors of the camp on foreign soil.

"In Europe, some of our soldiers, airmen and their families are enjoying the comforts of newly-built homes. They will raise the Christmas tree at their own hearth. Others are looking forward to occupying such homes early in 1955.

"This year, like the years before it, has been a year of uncertainty, but we approach the season of peace and good-will with continued hope. The growing strength of the western world is our best guarantee of lasting peace.

"Christmas, 1954, finds Canada strongly joined with other members of the United Nations and the North Atlantic Treaty Organization in the preservation of that peace. Canadian servicemen are helping to maintain peace in Europe, in Korea and in Indo-China and are manning our defence establishments at home.

"I am grateful for the splendid co-operation you have given me in 1954, and I am confident that the same spirit will continue through 1955."

"NISSON" VISITS DANISH CHILDREN

The Danish children do not have a Santa Claus, but instead a Christmas brownie, called "Nisson," a little old man with a long grey beard who, supposedly, lives under the ground.

The chief features of a Danish Christmas dinner are roast goose, rice and apple fritters.

When the storks have left their nests in autumn, boat-loads of coarse brown crockery in the shape of little pigs with a slit in the back, are brought to Denmark and bought by the children. They are savings banks into which the children

CHRISTMAS IS WHAT YOU MAKE IT

Be it ever so humble, it can still be a Merry Christmas. Abundance of love and gaiety—the spirit of sharing—is what counts.

No money for gifts? Wrap up a dozen delicious cookies, a loaf of home-made bread, jars of pickles or fruit. Pack a box with holly; give wreaths of cedar and Oregon grape or a Christmas tree from your own woodlot. Put a lovely fern in rich leaf mould, give rooted slips from favorite plants, envelopes of garden seeds you've saved. Rosy cheeked apples or nuts from your own trees will always be welcomed. And you'll think of many more "costless gifts" when you get started.

But if you haven't even any of these from which to give, there's still laughter, warm greetings, a hearty handshake. Tangible or intangible—it's the thought behind it that counts.

drop their pennies. The image is not broken until Christmas time.

CHRISTMAS SUPERSTITIONS

There is a Scottish belief that to be born on Christmas is to have the power to see spirits and even to command them. Sir Walter Scott says that the Spaniards attributed the haggard and downcast looks of Phillip II to the terrible visions he was able to see because he was born on Christmas.

French peasants believe that babies born on Christmas have the gift of prophecy.

In Silesia a baby born on Christmas will either become a lawyer or a thief.

In Middle Europe it is said that if a baby is born at noon on Christmas Eve, someone in the house will die within the year.

English mothers used to take sick babies to the door Christmas Eve midnight. Mary was expected to pass with the Christ Child. If the baby recovered, it was a sign that it had been touched by Christ, with healing fingers, and if it died, the Christ Child had called the baby to be His playmate in heaven.

FORTY ELEPHANTS ARE SLAIN FOR IVORY CHRISTMAS CARDS

A Christmas card worth \$2,000,000 ordered by a prince in India was the costliest greeting ever made. The 10 by 12 inch card was of ivory and 40 elephants were killed before the tusks of exactly the right kind were obtained to yield the thin card. On its surface four artists labored painstakingly for six months producing scenes from the life of the Hindu prophet, Buddha. Forty-four diamonds were set around its edges.

GIVING OF GIFTS

The giving of gifts was instituted by St. Nicholas, who was first considered an ascetic in Europe, when he appeared as an oldster with a white beard, on horseback, carrying gifts for the good children and switches for bad ones. Pelted with the demon world accompanied him, clad in a fur coat and carrying a switch. St. Nicholas or Nicholas was bishop of Myra in Asia Minor, in the fourth century. He is patron saint of Greece, Russia and the city of Naples.

Doggie IN THE Window

By LILLIAN MITCHELL

SANDRA sighed and slipped on her white fur jacket. Mabel laughed, her brown eyes twinkling at the corners. "Oh, well, maybe it isn't as much fun going out for New Year's Eve with a crowd of girls, Sandra, but, at least, look! Mabel's morning, we shall have something to tell at the office."

"I know, I know," agreed the 22-year-old Sandra. "Only, if I'd guessed how very few men there would be here in Enderbyton, I'd have chosen to stay in the City where I do know men—from school days. And I'd never in the world have bought this fur jacket on the so-called 'easy term basis.'"

Arm in arm they left the boarding house and hurried towards the bus stop where they were to meet two other girls. The air was fresh and icy and Sandra pulled the collar of the white fur jacket closely.

In the darkness, a small dog crossed the sidewalk, nearly tripping them in the dragging leash.

"Come on," Mabel said. "The girls are waving that a bus is coming, Sandra."

"That must be the doggie in the window," Mabel laughed. "That doggie must have a good home," Sandra chimed in. "What a coat! The golden fur drags on the sidewalk, for a fact."

The golden Pekingese looked up at her with enormous eyes and waited. Sandra stopped, looking closely at the collar that stated,

"I'm Tang, I live at 432 Euclid Avenue. Please take me home."

Sandra glanced up at the nearby house. "Well, Tang, you are home. Skip up those steps, Pup!"

"Come on. The girls are waving that a bus is coming, Sandra," Mabel said.

"I'll meet you at the corner of State and Broadway. I'm going to ring the bell and tell them their dog is loose," Sandra said.

"Oh, the dog will get inside, all right. Come along!"

But Sandra stooped again, swooped the tiny dog into her arms and ran lightly up the greystone steps. Her ring brought no one to the door although she could clearly hear the soft chime when she pressed the button. Opening the door that was unlocked, she called gently, "Here's Tang. Anyone at home?"

"Oh, come in, please," answered a silvery voice.

Sandra, still holding little Tang, moved along the hallway to an open doorway where a fireplace glowed and an elderly woman sat in a wheelchair. "Donny took him walking, my dear, and Tang must have got away, somehow."

"Ah, well, he couldn't have got himself lost," smiled Sandra. "He was right outside your door."

"Yes, but he chases cars. We even had him trained by a professional training school and they really trained him in everything except car-chasing—and with his leash dragging—" she sighed.

Then the door burst open and a tall, dark-haired young man rushed in. "Grandma! Tang—why, you little yellow rascal! You—"

"He's not yellow—he's golden!" interrupted his grandmother. "And I'll wager you took him in that convertible I got you for Christmas—and he jumped out—and this is the blonde girl who lives down at 666 on this same street—goes home every night with the brown haired girl at sixteen minutes after five. My grandson, Donny."

"How do you do," murmured Sandra, edging towards the doorway. "How in the world did you ever guess I lived at 666?"

"The lady who keeps it is a friend of mine, my dear. Me, I get to sit in the front window all the time because I fractured my hip ten years ago."

"Oh," said Sandra. "I am to meet some girls downtown—"

"How's for me driving you down, the boxes will all be jammed at this time—on New Year's Eve—and if your brown-haired girl friend will double date, I've a classmate home from the hospital—he's an intern where I am this year—"

"That'll be nice—and maybe I'll see the four of you on TV when I look on at midnight," said his grandmother. "Don't let me keep you," she urged. She heard the front door click and motioned to the dog to jump into her lap.

"Well, of pup, I never made a better trip down that hallway to the front door—in double quick time, too. That girl and Donny—they couldn't be righter for each other, eh?"

In the last few years it has become more and more popular to decorate doors and doorways with bells and trim ornaments instead of the conventional wreath.

Your door and window frames can be made bright and cheerful by framing them with ribbon and sprigs of holly. You can hang the ribbon in festoons across the curtains and tie at the sides in wide, soft bows for colorful effect.

RAISIN FRUIT CAKE

for a spicy holiday

(Makes 2 loaves)

- 4 cups seeded raisins
- 2 tablespoons grated lemon rind
- 1 tablespoon cinnamon
- 1 tablespoon allspice
- 2 cups liquid
- 2 cups chopped nutmeats
- 4 cups sifted cake flour
- 5 teaspoons double acting baking powder
- 2 teaspoons salt
- 14 cups sugar
- 1 cup butter or shortening
- 2 eggs, well beaten
- 2 teaspoons vanilla

Combine raisins, lemon rind, spices and water in a saucepan. Cover and simmer gently for eight minutes. Drain, pressing out as much liquid as possible. Measure liquid and add water or coffee to make one and one-half cups, and reserve. Grind nutmeats with nut meats.

Sift flour once, measure and add baking powder, salt and sugar; sift three times. Cream butter thoroughly, and add flour mixture, eggs, vanilla and reserved liquid. Stir until all flour is dampened. Beat vigorously for two minutes. Add raisin-nut mixture and mix thoroughly. Turn into two 9x5x3 inch loaf pans which have been greased, lined with brown paper and then greased again. Bake in a moderate (350°) oven for one hour and 15 minutes, or until done. Let stand five minutes on cake rack, then remove from pan, leaving paper attached until ready to serve. Cool. Wrap in a clean cloth and store in tin container to keep moist.

Small Towns First to Light Outdoor Trees

It was a small town that first thought of lighting an outdoor community Christmas tree.

Four communities are believed to have thought of the idea about the same time—as early as 1913. Two of them, McDonald and Germantown, were in Pennsylvania. Salem, Ore., decorated a large Sitka spruce. Riverside, Calif., illuminated a large evergreen, an Aracutia.

The first national Christmas tree was in 1924 and was sponsored by the American Forestry association. The event is now televised every year for all parts of the country to see.

The most spectacular outdoor displays in the United States are at the White House and Rockefeller Center in New York. The New York display is possibly the most elaborate in the world.

But it was the small towns that first thought of the idea.

Today, nearly every community in the land has some kind of Christmas decorations. Many communities string colored lights across the street and decorate light posts with evergreens. Many suspend bells and stars at street intersections and have dazzling community trees.

CHRISTMAS SPIRIT... Full of Yule good fellowship, "Blingle" tries to arouse some ditty in the feline heart of "Ginger." Ginger, goodwill season or not, can't get over her distrust of dogs.

Yule Seal Idea Was From Denmark

This year millions of Americans have received a letter from their local chapter of the National Tuberculosis association containing Christmas seals, the seasonal reminder of the never-ending fight to stamp out the disease.

The idea was conceived by a Danish postal clerk. He thought of the idea in 1903 while mailing Christmas packages and letters.

The clerk was Einar Holboell. He mentioned it to his fellow workers and they decided it would be a great help in defraying the cost of fighting tuberculosis. The idea reached King Christian, who approved, and the image of Queen Louise was placed on the first seals in 1904.

Jacob Riis, Danish-born American, heard about the idea and sold it to the American public in 1907 through a magazine article.

A Red Cross worker, Miss Emily Bissell, started the first American sales that year.

In the last few years it has become more and more popular to decorate doors and doorways with bells and trim ornaments instead of the conventional wreath.

Your door and window frames can be made bright and cheerful by framing them with ribbon and sprigs of holly. You can hang the ribbon in festoons across the curtains and tie at the sides in wide, soft bows for colorful effect.

Warwick Street, Digby

By SHIRLEY SARGENT

ON ACCOUNT of being the oldest in a big family, I've been baby sitting longer than I remember. Since I was twelve—that'd be four years now that I'm within hailing distance of my sixtieth birthday—I've been sitting for other people for pay. I've always welcomed jobs but tonight what I'd welcome is a date—go what happens? Four times I'm asked to our wall phone and four times I have to turn people down 'cause I already promised the Laytons. The Laytons are kinda odd to have Jennie, four, and Jimmy, six, but they planned it so their first two would be grown-up before they had any more.

Anyway, somebody calls me for a date, not that anyone does very often, so I'm off for an evening of fun and filiality. Baby sitting, have! They aren't babies, and try and sit with those two. For example, Jennie gnaws a fruitcake while I'm helping Jimmy with his train, they have two fights, Jimmy turns on all the lights as fast as I turn them off and finally Jennie knocks the Christmas tree over. It was a big tree with a standard and all, but she catches it with her jump rope.

Quick-like I run in and pull out the plug, thanking my stars that no fire started, then herd them up to bed. Three stories later they're both asleep and I hurry down to wash the dishes.

Tired now, I'm thinking of the good time my friends are having and wondering again why I don't have more dates. The hall mirror shows the same old reflection.

"Oh, please," his face is all eager, "stay. I hate to be alone."

Short brown hair, brown eyes and a big mouth that hides my crooked teeth, if I don't forget and grin. Soon's I have a little more money, I can afford braces.

Jennie yells and I wake her from a nightmare. By the time I'm back downstairs, it's nearly ten o'clock and I've still got that darned tree to set up. Like I say, it's a beautiful big tree, ceiling high, loaded with decorations. There I am half under the tree, trying to hold it straight and keep the globes on at the same time, when I hear the front door open. Somebody yells, "Anybody home?"

I'm so startled I let the tree sway, so this voice yells, "Timber!" and a long arm grabs for the trunk.

Looking up between the branches, I see a tall, dark-haired boy, neither handsome nor homely. "Thanks," I'm a little breathless.

"I'm Oliver Layton," he explains. "Isn't that a heck of a name?"

Pine needles are thick in the air. "Not so awful," I laugh back. "I'm Margie, the sitter. Your folks are out."

"I know. Look here, can't we do something about this tree?"

A few minutes later we collapse into chairs, staring at the still-lovely tree. "Thanks so much. Can I get you something to eat or anything?"

"Say, that'd be keen. Would you?"

Well, of course, I do and, while Oliver eats, he tells me how he's staying at a friend's this vacation but decided to come home and take his girl to a dance. "So I called her and came clear in by bus, but she didn't wait. She went with somebody else. Heck," he grins, "now I'm sorta glad she stood me up."

"I'd better be on my way now that you're here to baby sit," I say reluctantly.

"Oh, please," his face is all eager, "stay. I hate to be all alone."

Back in the living room then, he asks me all about the kids and about me until, to hear us talk, you'd think we were old friends. I like the way he talks, slow and quiet, and the way his grin lights up his whole face. He tells me about boarding school and his friends and what he wants to do. Suddenly, he jumps up. "Let's dance. We can roll up the rug..."

It turns out we're both such sad dancers, we have to take our shoes off so's not to hurt each other. But we laugh a lot and the radio sounds fine and I fit right into Oliver's arms. At midnight, he kisses me lightly on the cheek.

Well, it's the happiest sitter's eve I've ever spent and, from the look in his eyes, I can tell it's going to be a Happy Holiday.

CHRISTMAS TAX

Greeks in the southwestern part of their peninsula dive into the waters of the harbor to recover a wooden cross thrown in by the Archbishop. The villager who recovers the crucifix has the right to levy a small Christmas tax upon each home in the village.

Dorothy Boys Killan

YOUNG Mrs. Frank Sanderson hung up the telephone receiver and stared blankly at the beautiful set during table. The Santa Claus sized centerpiece filled with red and white striped candy canes, the sprig of holly at each place setting, the gleaming silver—was it all to be for nothing?

"I'm so terribly sorry," her mother had just said over the phone. "We simply aren't going to be able to make it for Christmas dinner. The roads are just a sheet of ice."

"Oh, Mother!" Eva had gasped. "It won't seem like Christmas at all without you here. And Frank and I were so excited about it being our first time to have the family."

"I know how disappointed you'd be," Eva's mother answered. "But Dad says it's just impossible."

"Oh, Frank!" Eva was close to tears. "It's going to seem so queer without Mom and Dad."

"I know how you feel, honey," Frank put an arm around her comfortingly. "And what's more,

"I know how you feel, honey," Frank put an arm around her comfortingly.

"What about all that food sitting around in the kitchen?"

"We'll just have to find some-thing to eat with us," Eva wiped her eyes and looked thoughtful. "Let's see, can you think of any of our friends here in town who haven't planned anything special for today?"

"Well," Frank said, "the Springers are eating with his folks, the Allrights left by train yesterday for Detroit, the McCalls—oh, you know as well as I do that every-body's dated up. You just don't leave Christmas dinner to chance."

"Frank! What about the Aarons-guards? You know that fisherman and his family who live in the cottage down by the docks?"

"You mean that tall, quiet guy with three or four tow-headed kids?"

"Yes; and I heard someone in the post office yesterday saying they've been having a struggle lately—the river's been so ice-blocked that he can't get his boat out to the lake, and there's nothing coming in for them."

"Honey, that's a swell idea!" Frank agreed heartily. "But what'll we tell them?"

"Why, just the plain truth, that our folks couldn't make it at the last minute and we'd be so glad if they'd substitute for them."

"Maybe they won't believe it," Frank said. "They've got their pride you know, people like that don't want charity."

"Just try anyway, Frank," Eva pleaded. "Go ahead and phone him right now."

"O.K., here goes." And Frank went to the phone.

A minute or two later Frank hung up the receiver and shook his head. "Just what I was afraid of," he sighed. "When I first started to talk, and wished him Merry Christmas he seemed tickled to death that we'd thought of them, but the minute I mentioned the invitation he froze up and said very politely that they had their own plans. He just didn't believe the story."

Eva looked crestfallen. But after a moment's silence she suddenly said, "Let me have that phone," and hastily dialed a number.

"Mr. Aarongard, this is Mrs. Sanderson. We're so sorry you can't come to dinner here, it would have meant a lot to us. But I'm calling this time to ask a favor of you."

"I understand that you go inland to Brinkville every week or so to deliver some fish orders. I just wonder if, the next time you go, you'd be kind enough to take my family's gifts to them—their farm is right on your way."

"Yes, all their things are under the tree here. We naturally expected them to pick them up when they came to dinner, but—"

Eva began to smile as she listened, and then said cordially, "Oh, fine, we'll expect all of you at about three o'clock. Good-bye till then." And she hung up the receiver.

"They guess they'll come after all, if we don't mind their changing their minds," she reported happily.

"You're a smart little wife if I do say it myself," Frank grinned. "Come on, let's shove that bird in the oven."

CHRISTMAS STOCKINGS

ONCE FEMININE TRICK

Christmas just wouldn't be Christmas to American boys and girls without a visit from St. Nick.

According to history, St. Nicholas in real life was the Archbishop of Myra and lived during the Fourth Century. In the Middle Ages, he makes his first traditional appearance in the legends of the Northland.

One legend concerns St. Nicholas eve, which was originally celebrated on the 6th of December. Young ladies, it seems, would hang up their stockings in hopes that St. Nicholas would fill them with dowries.

After a time, St. Nick and the shocking hanging custom was incorporated into the celebration of Christmas.

Another legend says that on Christmas eve the spirit of St. Nicholas rode across the land on a great white horse followed by the hosts of innocents slain in Bethlehem by the order of Herod. Children of the Northland filled their wooden shoes with oats for the Saint's horse, and set them outside the door; in the morning, providing the children had been good, the oats were gone and the shoes were filled with nuts and apples.

Eventually, the boys and younger children, the wives and husbands, and even the grand-parents, decided the girls were getting too much the best of things; so, they all joined the International Society of Stocking hangers.

Our ancestors brought St. Nick to America, where he has grown round and fat and jovial, traded his great white horse for eight magic reindeer and his pack-bulged bigger and bigger.

This year Santa's park may be minus a few luxury products and mechanical gadgets but that doesn't matter as long as there are mamma dolls, sleds and drums and picture books; toys for the children.

THE PROPHECY

Canadian Officer

Commended

A Royal Canadian Dental Corps officer has received high commendation from the Deputy Commander of American forces in Korea for his "untiring work" in assisting to rebuild the villages of Chilmokchong and Hwasan-Dong in the Canadian sector of Korea.

The Canadian officer is Lt. Col. W. M. Sinclair, of Halifax, who has just left Korea after serving as the commanding officer of 25 Canadian Field Dental Unit. His wife, Mrs. Gwen Sinclair, resides at 361 Spring Garden Road, Halifax.

The commendation, read at the formal opening of the newly built schoolhouse in Hwasan-Dong, said "The enthusiasm, sincerity and perseverance, which Lt. Col. Sinclair devoted to the rehabilitation of Korean settlement villages in the area of the 1st Commonwealth Division are worthy of the highest commendation. He deliberately extended his service in Korea so that the Hwasan-Dong school could be completed."

"Then, through his vigorous leadership and with the fullest cooperation of his associates, he succeeded in completing a fine three-room school in 27 days. This establishment is an enviable record for speed and quality of construction among all rehabilitation projects undertaken in the area of the 1st U. S. Corps."

THE CHRISTMAS CRACKER

As in Canada no Christmas party in Britain is complete without a box of "crackers," Christmas crackers were first made in Britain about seventy years ago. It was a confectioner and maker of ornaments for wedding cakes with the typical English name of Tom Smith who brought back from a holiday on the Continent the idea which evolved into the cracker.

He saw that a French confectioner made his sweetmeats more attractive by wrapping them in tissue paper. A few weeks before Christmas he set his assistants wrapping sugared almonds in this way. The cracker came a little nearer when he thought of making the package more entertaining by placing a loving message inside.

EVERY CHILD LIKES TO DECORATE TREE

Child development experts say that children will enjoy Christmas more if they help in getting the house ready for the coming of old Saint Nick. One of the most important duties, especially to a child, is that of decorating the tree.

A little boy or girl will love the opportunity to cut out cardboard stars, then dip them into a thick mixture of water and laundry starch and finally sprinkle them with artificial snow. Small gourds, seed pods and pine cones can be treated in a like manner, after they have been painted with quick-drying enamel or aluminum paint.

Much pleasure will be derived by a child if he or she is allowed to make strings of cranberries or small pieces of stale bread to hang on a special Christmas tree for the birds. Later children can string them about a shrub or tree in the front yard, and watch the birds enjoy Christmas, too.

LEGENDS ASSOCIATE MULE, GENTLE CAMEL OF JESUS WITH GIFT-GIVING CUSTOM

Syrian legends have associated the Magi Mule and the Gentle Camel of Jesus with gift-giving, for reasons that are at once different, and yet similar in their association with the Christ Child.

It seems a certain traveler tied his mule to a tree when he went into an inn for refreshment on Epiphany Eve. Just at midnight, when the boughs of the tree bowed down in homage to the Holy Infant, the mule was caught up on the rebound and found cradled high up in the branches by its returning master.

The youngest camel of the three ridden by the Wise Men was exhausted by the pressing journey and was blessed with immortality by the baby Jesus as it lay moaning near the Nativity scene.

Tennyson once refused an offer of £1,000 for a short set of verses for Christmas cards.

Uncle Tom's Column

To the Editor of The Courier:

Owing to a severe attack of "Farnhamitis" (?) — or whatever the doctor may call it — I have been unable to contribute my "Column" to the Courier, nor have I written to my many friends everywhere.

Please accept my best wishes for a Merry Christmas and Happy New Year to the readers of the Courier.

I will try and write more often in the future.

One of the Best Poems I Ever Read

At this season of the year with 1953 just around the corner, I always recall a New Year's poem, written by a Mr. Gallaher, and published in the Boston Post about fifty years ago. On reading this poem I was so impressed that I memorized it, and have repeated it every New Year's Eve since. The story is of old Father Time, his year's work at an end, all dressed up and reclining in the old arm chair waiting for little Jan to come and take over where he left off, and the conversation they had together. I hope your readers will enjoy it.

The Old Year And The New

"Beneath this great earth's outer crust,
Mid bedrock fragments and lava dust,
Watching the axes turning slow
The Old Year stood by the dynamo

In the power plant that Time maintains,
With numbered losses and figured gains,
"I've done quite well," said the aged sire,
"My records good as an engineer."

"I've kept things humming above — below,
Folks can't complain that I've been slow.
But I'll be through when midnight calls,
And he started doffing his overalls.

He washed his face, combed his hair,
And leaned far back in the old arm chair
In pensive mood, when a sturdy chap
Clamored up on the old man's lap.

And said: "You're sort of thinking of getting through,
Right you are, my young man,
Your task awaits you, little Jan.
So get into your duds and start right in.

And I'll wait here until you begin,
For I want to know if I rightly guess
Which of the levers you first press.
Jan marched up to the dynamo,
Passed the levers of want and woe, war and fame—
Pausing the while to read each name—

Then a handle grasped. As he turned to go,
The Old Year's face was all aglow.
"Twas the lever of love, dispelling gloom,
That Jan had touched in the engine room."

GOD BLESS CHRISTMAS

"There are many things from which I might have derived good, by which I have not profited, I dare say," returned the nephew. "Christmas among the rest. But I am sure I have always thought of Christmas time, when it has come around, as a good time; a kind, forgiving, charitable, pleasant time; and, therefore, uncle, though it had never put a scrap of gold or silver in my pocket, I say, God bless it!" — Charles Dickens, "A Christmas Carol."

MARRIAGE

Andrews — VanTassel.

A pretty wedding was solemnized at Trinity Anglican Church here on November 19 when Evelyn Elizabeth, daughter of Mr. and Mrs. Calvin VanTassel, became the bride of Gerald Andrews, son of Mr. and Mrs. N. L. Andrews of Toronto.

The bride, who was given in marriage by her father, looked charming in a floor-length gown of white satin with shoulder-length veil and halo of orange blossoms.

Maid of honour were the bride's sisters, Joan VanTassel, who wore a floor-length gown of yellow netting with matching halo, and Addie VanTassel, who wore a floor-length gown of pink netting with matching halo and mits.

Following the wedding ceremony a reception was held for some seventy-five guests at the home of the bride's uncle and aunt, Mr. and Mrs. William Jellison. Toast to the bride was proposed by the best man, Mr. Mullen, of the Communications School, H.M.C.S. Cornwallis, and responded to in fitting manner by the groom.

Among out of town guests were the mother of the groom, Mrs. N. L. Andrews, Toronto, and Mrs. A. W. Bennett, Saint John.

The bride and groom received many lovely and useful gifts. They will be leaving shortly to make their home in Toronto.

THE CHRISTMAS PUDDING

Take some human nature, as you find it.
The commonest variety will do;
Put a little graciousness behind it,
Add a lump of charity or two.

Squeeze in just a drop of moderation,
Half as much frugality, or less—
Add some very fine consideration,
Strain off all poverty's distress.

Pour some milk of human kindness in it,
Put in all the happiness you can;
Stir it up with laughter every minute,
Season with good will toward every man.

Set it on the fire of heart's affection,
Leave it 'till the jolly bubbles rise;
Sprinkle it with kisses, for confection,
Sweeten with a look of loving eyes.

Flavor it with children's merry chatter,
Frost it with the snow of wintry dells—
Place it on a holly-garnished platter
And serve it with the song of Christmas bells.

Merry Christmas

CHRISTMAS BOXES

Christmas boxes for the poor did not originate in America. They date back to the days of the ancient Romans, who held a yearly feast in honor of Saturn. At these feasts presents were boxed and distributed to the poor. This practice has been carried on through the ages and has become an important part of Christmas in this country. The plan has been developed and enlarged by religious, civic and other organizations in order to bring some happiness to hundreds of thousands who would otherwise be overlooked at Christmas.

In many overseas countries gifts are distributed on a day before or after Christmas, a day known as Boxing Day. In these countries Boxing Day is a legal holiday.

DOUBLE CHRISTMAS

By Lillian M. Mitchell

EVERYONE in the club thought it an excellent and unique idea: double Christmas! Wonderful! Two connecting rooms which would accommodate any number of members and guests—one room a really modern Christmas tree, the other an old-fashioned tree.

"All right, then," laughed the president when the clamor had died down. "It's voted, definitely. Now, for the two committees to handle the two trees. I'd like volunteers. I know how busy everyone is at this time of year and if I may have volunteers, I shan't be imposing on anyone."

Unfortunately, all those who volunteered wanted to trim the modern tree. No one offered to take the old-fashioned tree in the old-fashioned room. Linda Marby was almost as astonished as anyone when she said she would be responsible for it.

Outside in the clear, cool night she wondered why she had offered. She was a stranger in this community, and knew no young man who would put up the thirty-foot tree for her. A teacher of freshmen English in a small high school does not meet many young men.

At last she decided to let the putting-up of the tree wait and get the ornaments ready: mostly homemade. The Christmas committee had told her something like plenty of life, the tree must be. So she went into a grocery store and asked for popcorn. It was the same answer in five stores: usual.

"Popcorn!" his voice and blue eyes were both incredulous. "First time I ever saw a young lady running around in the dark for popcorn!"

By they had an excess of popcorn but now they were entirely out. Linda Lou was getting panicky-stricken by half past eight that night.

At nearly nine o'clock she saw a man in a small grocery store window reach up to pull out the light. "Oh, wait, wait, please," she said breathlessly as she pushed open the big door.

"Well, you must be really hungry!" laughed the tall, dark young man teasingly. "What'll it be?"

"Popcorn!" she said. "Popcorn!" his voice and blue eyes were both incredulous. "First time I ever saw a young lady running around in the dark for popcorn!"

So Linda told him all about the old-fashioned tree and how she had been unable to buy any popcorn which must be popped and strung and ready for the tree.

"They gave you little enough time," he grumbled as he went back to the shelf. "Whoever heard of getting up a thing like that in one day! I'd best help you, I think I'll pop tomorrow morning while you are in your school."

"But your job here?" "Oh, this isn't any job. I'm a newspaper photographer. Just came down to visit my aunt and uncle and helped out in the store while they went for a visit with a sick friend. Seems rather strange, doesn't it? I got time off which was unusual. Came down here although I could have gone for the holidays to any one of a dozen places. You offered to trim a tree. I have the popcorn—" he hesitated.

"—and you offer to pop it." Linda Lou added in her breathless fashion. "Why—it—it's like a story, almost. Isn't it?"

"It certainly is," he agreed, smoothing his black hair back as he stared down at her. "Now I never wrote a story in my life but I have noticed that in the stories, it all ends happily."

Linda felt the color rising in her cheeks. "Well, I'm sure it will make a very happy ending if that tree is up and trimmed in time for the party, the Christmas party."

"Ah, now, don't just use words to drag this out. Christmas party, indeed! Of course, they don't use Christmas trees at any time except Christmas. Well, I'll get the tree up and pop the corn and we'll color it pink. How does that sound?"

"It sounds wonderful," she murmured. "Yes, the whole thing sounds wonderful to me, too. With maybe a bit of mistletoe on a long, high branch."

Linda Lou only nodded. It seemed a part of a huge pattern, she thought. A pattern marked MERRY CHRISTMAS.

The SPELLING BEE

By Dorothy Kilham

IT WAS about eight o'clock on New Year's Eve when Jane Walters turned to stare out the kitchen window into the wintry darkness. She didn't want Don to see the tears in her eyes, but she hadn't been quick enough.

"It's a raw deal all right, honey," he said from the chair where he sat with one leg in a cast, propped up on a stool. I take you away from all your city friends and bring you back to Bensville to live, and then what do I do? Break my stupid leg during our first holidays together and leave you high and dry without an escort for the New Year's Eve party."

"You couldn't help it, Don." She tried to sound bright, but the truth was it did matter. She had found herself more homesick than ever with the coming of the holidays. This little town to which Don had come back as master of the grain elevator was like a foreign country to her. And, with the furnace acting up, here they were, alone in the kitchen of all places on New Year's Eve.

Jane sighed and turned slowly away from the window. "What kind of a party will Grandma Jenner be having?"

Don chuckled. "Oh, it'll be cozy, all right—no blaring trumpets. And yet, Jane, Don heard around and went on earnestly. I really think you'll enjoy these people if you'd wait, kind of let yourself go."

"Maybe so, Don. But I just have the feeling that they consider me an outsider. I—did you hear that scuffling noise? Sounds like somebody's in our back yard."

"Lots of somebody, I'd say," Don replied. There was a resounding thump on the back door. Jane opened it and stepped back, bewildered.

"Surprise, surprise!" a chorus of voices shouted, as a couple of dozen people trooped in. Grandma Jenner in the lead, swinging a huge granite coffee pot.

"You do look floored, my dear," she said, planting a peck-briskly on Jane's cheek. "But it's an old custom around here—when you can't come to a party, the party comes to you. Look at Don there, he doesn't seem too surprised."

Don grinned. "I was kind of hoping this would happen," he said. "But Jane hasn't gotten too well acquainted yet."

"I know," Grandma said quickly. "And it's mostly our fault. To tell you the truth, honey," she turned to Jane—"We were kind of afraid of you, you seemed sort of distant. But when you phoned that you and Don couldn't make the party, I heard the tremble in your voice, I suddenly realized that you're just as human as the rest of us. So here we are. New let's get on with the fun."

It seemed no time at all before Grandma called out. "We've just time for a spelling bee before midnight and refreshments. Get yourselves lined up folks while I put the coffee on to boil."

The crowd laughingly divided into two lines on either side of the big kitchen. As Jane hesitated, someone pulled her into position. "Spell the words, Mac," Grandma said to the school principal. "You're used to this kind of thing."

Mr. MacRay began giving out words. Amid shouts of praise for the successful spellers and hoots of derision for those who stumbled over a word, the game progressed until only Jane and Mr. Nichols were left.

The caller cleared his throat and, turning towards Jane, pronounced the word, "hospitable."

Jane hesitated and looked slowly around the room. She saw Grandma Jenner hovering over the coffee pot at the stove. Mr. Appleton gently adjusting the cushion under Don's outstretched leg, and Mrs. Ames just coming in from the pantry with a tray of apple pies.

"Yes, I can spell 'hospitable,'" she said. "B-B-A-N-T-V-I-L-L-E-E." There was a moment of silence. "Bravo!" several voices called out, and just then the kitchen clock began to strike twelve.

"Happy New Year!" Jane echoed with the rest as she looked around at her new friends and finally met the eyes of her beaming husband. It was indeed going to be a good year.

A New Year's Message

In 1953 one could detect a slight change in the public mind. One began to hope that war could be avoided. That thought has developed during 1954. It now seems generally accepted that the people of this small world must learn to live together, or else face possible annihilation. The events of the last few days are so uncertain in their implication that no one can be certain what will happen. Certainly, we will require courage, patience, and wisdom of a very high order, but at least we appear to be making progress towards that end.

In a material sense, Canadians realize more than ever that we are living in a land blessed by Providence and have more to be thankful for than most people of this world.

For 1955, we require both great determination and high hope, and above all faith. And so may I, at this time, wish each and everyone of you health, happiness and prosperity.

GEORGE C. NOWLAN.

Find Death Accidental

A Coroner's Jury, empaneled to inquire into the death of John Bell, of H.M.C.S. Cornwallis, who was killed near Smith's Cove last week when the car he was driving plunged over an embankment, brought in a verdict of accidental death here last Wednesday evening.

Foreman of the jury was A. Reginald Turnbull. Among those giving evidence at the enquiry were several naval ratings who were passengers in the Bell car the night of the fatal accident. Also giving evidence was Dr. Brown of the naval base, and Constable C. V. Smith, of the R.C.M.P.

The Captain, despite a very serious illness during the past summer, is very active again and walks to the post office and village stores each day. Mrs. Croseup is 87 her coming birthday, and still enjoys attending church each Sunday with the Captain and entertaining friends in their home.

Christmas Party Held

The annual Christmas party for members of the North Range Home and School Association and their guests was held in the school house on Wednesday evening, December 15. Each member invited a guest from the community, and D.R.H.S. students were special guests.

The program of games and humorous skits was planned and conducted by the program convener, Mrs. Allan Thomas.

Six high school girls produced and presented a skit entitled "Jingle Bells". The girls, as well as the "horse" in the act, gave a lively performance, which delighted the spectators. Taking part were the Misses Mae Height, Elaine Comeau, Marilyn Thomas, Lois Haight, Dot Ambrose and Shirley Thibideau.

A monologue, "The Proposal", was given by Mrs. M. Bragg, in costume.

Gifts from the tree were exchanged. Refreshments were served by the social committee under the direction of Mrs. George White.

WEYMOUTH PLAYS ARE WELL RECEIVED

On December 20 and 21 the Weymouth Drama Group presented two Christmas plays in the Legion Hall. They were assisted by members of the high school; Mrs. Don Trivett, Mrs. E.A. Ferguson and Mrs. Hilda Nickerson in charge of costumes and a stage crew of village boys, all being under the direction of Gordon Campbell.

The hall was decorated for the occasion in the Christmas spirit, with decorated tree and lighting. Colored lights highlighted the scenes as they were enacted.

The first play was Dickens' "A Christmas Carol," which was produced in nine separate scenes; the Spirit of Christmas (Reader) Helen Delaney presenting the story between each scene most effectively. The cast of characters for this play were: Scrooge, Lawrence Hersey; Bob Cratchit, Billy Comeau; Collector, Don Trivett; Nephew, Gordon Campbell; Marley, Pius Comeau; Ghost of Christmas Past, Joan Thurber; Young Girl, Josephine LeBlanc; Young Scrooge, Albert LeBlanc; Ghost of Christmas Present, Malcolm Smith; Ghost of Christmas Yet to Come, Louise Belliveau; Wife, Pat Comeau; Tiny Tim,

Charlie McNeil; Peter Cratchit, Butch Hogan; Cratchit Girls, Mary Fitzgerald and Edith Dahlgren.

The second play "Why the Chimes Rang" by E. A. McFadden was a religious story and so amazingly portrayed as to bring a tightness to the throat for the true Christmas Spirit it brings to each listener. The stage setting for this consisted of "the home of the poor family" and "the altar of a cathedral" and was the work of the Drama Group as were all other settings. The stage manager was Don Trivett.

Cast of characters for "Why the Chimes Rang" were: Steen, Mary Walker; Holger, David Hankinson; Bertel, Edward Rice; Old Woman, Emily Sabeau; Priest, Don Trivett; Lady Joan Thurber; Sage, Pius Comeau; Lady, Mary Fitzgerald; Courtier, Malcolm Smith; King, Gordon Campbell.

Costuming for each play was according to the times (18th Century) and very effective. In fact, this reporter can only say "It was a pleasure to be present" and to those who were unable to attend "you have missed a very fine performance."

Present Pageant

A Christmas Pageant "The Old, Old Story" was held in the United Church on Thursday evening, December 15th, under auspices of the teachers and children of the Sunday school, assisted by Mrs. R. K. Hill, as organist.

This pageant, considered one of the nicest of the Christmas pageants, was exceptionally well received and very beautifully portrayed. Those taking part were as follows:

The Angel, Joan Thurber. Mary, Ruth Hankinson. Joseph, David Hankinson. The Three Shepherds, Dudley and Delbert Bishop and Arthur Nickerson. The Three Kings, Jimmie Hankinson, Jerry Nickerson, and B. Journeay. Candle Bearers, Gladys Gates, Florence and Della Nickerson and Deanna Bishop.

Children's Chorus, Sandy Marshall, Roger Hankinson, Owen Hankinson, and Margaret Hankinson.

Children from many nations, comprised of other children of the Sunday School. Following the pageant a singing of Christmas carols was held after which the children received each a gift, a bag of mixed candies and nuts and an orange from the very lovely Christmas tree. All children present at the pageant were invited to come to the tree and receive a treat of candy and oranges. The evening closed with the benediction by the pastor, Rev. R. M. Cameron.

Tree Lights Stolen

Only case of vandalism to mar the Christmas season locally which has so far been reported is the theft of some seventeen coloured lights from decorated Christmas trees in front of the office of the Digby Dairy Ltd. on 1st Avenue.

It is understood the theft took place between ten and eleven o'clock Christmas Eve. The gaily decorated trees gave a festive appearance to that section of 1st Avenue and their untimely theft left the area dark and drab in appearance.

Another case of vandalism reported over the holiday weekend was the breaking of two windows in the rear of the Digby Regional High School.

These windows were evidently broken by revellers on their way home from some sort of Christmas celebration as an empty liquor bottle was found on the floor of the school where it had passed through the broken window.

It is understood an investigation is underway into both cases of vandalism.

Happy New Year.

To Hold Fishery School Again

The fishery school, operated here last year under the sponsorship of the Department of Trade and Industry, will be held again this year. It was learned this week from Captain Vanderzwan, who conducted the course in net making and repairing last year.

Captain Vanderzwan was in town this week making preliminary arrangements with fisheries department officials for the holding of the course, which is expected to get underway February 1st.

The course will be open to bona fide fishermen and the same rules regarding attendance and allowances will apply as last year, it is understood.

UNUSUAL CHRISTMAS CARD FROM WESTPORT VISITOR

A correspondent for a Boston paper had very original Christmas cards sent to his many friends. His rooming house is on the Long Wharf and so his card was designed with a drawing of the Long Wharf and at the bottom the inscription — From the Wharf . . . and turning the page one sees a rat with Phil Shea printed on its bow tie.

Mr. Shea is well known as he spends his summers when possible at his summer home here. Could a card be more appropriate for a fishing village?

It is more important to know where you are going than to get there quickly. Do not mistake activity for achievement. — Josiah Gilbert Holland.

New Year's Message By The Mayor Of N. S.

The year just passed has been notable in that it has marked the beginnings of a reassessment of various aspects of the economy of Nova Scotia.

The formation of the Economic Council of the Atlantic Provinces represents a forward step in an endeavor to ascertain the opportunities for future development. The Government of Nova Scotia undertook, also, preliminary steps along this line in the form of a survey of industrial possibilities, with the assistance of independent technical and research consultants.

We are also giving careful attention to the problems that face some of our primary industries. All these studies, I firmly believe, will form the basis of plans designed to increase the tempo of our economic growth. While our expansion has not been as rapid or spectacular as other parts of Canada, I think it is fair to say that our progress has been steady.

In the field of transportation three major projects representing an expenditure of approximately \$10,000,000 will be completed in the months ahead. The opening of the Canso Causeway, the Angus L. Macdonald Bridge, and the operation of the Yarmouth-Bar Harbor Ferry will bring added improvement to transportation facilities and assist greatly in the development of new markets for our primary producers.

We can be successful in our drive for economic improvement. If Nova Scotians show faith in their Province, that faith must be backed up by hard work. With the co-operation of Government at all levels, business, labour, and management, and citizens generally, we can achieve great things.

I should like at this time to express my personal good wishes to the people of our Province. I sincerely hope that the New Year will bring health, happiness, and prosperity to all.

Firemen To Hold Carnival

The Digby Fire Department will again hold an Ice Carnival at the Digby Forum this year. It was reported, following a special meeting of the department to decide on the matter.

It is understood the carnival will be held this year on January 14th, and plans are now underway to have skating entertainment from Halifax take part in the show.

As in last year's carnival, a costume parade will be held for which prizes will be awarded. A Carnival Princess will also be chosen. Last year's Princess was Miss Carol Morehouse, daughter of Mr. and Mrs. Guy L. Morehouse.

Committees have been appointed, it is understood, to take charge of the various activities at the carnival. In charge of the costume parade will be Mrs. Ralph O. Wright and Mrs. J. R. McCleave will head up the Princess committee.

THE STAR OF BETHLEHEM
As shadows cast by cloud and sun
Flit o'er the summer grass,
So, in Thy light, almighty One,
Earth's generations pass.
And while the years, an endless host,
Come pressing swiftly on,
The brightest names that earth can boast
Just gladden and are gone.
Yet doth the star of Bethlehem shed
A lustre pure and sweet,
And still it leads, as once it led,
To the Messiah's feet.
O Father, may Thy holy star
Grow every year more bright,
And send its glorious beams afar
To fill the world with light.

The Best
and Cheapest Fuel
is right at your
Back Door

When you buy fuels from faraway places you pay extra costs for handling, transportation, and insurance. Why do this when the best domestic fuel is here in the

Maritimes — right at your back door.

Fuel costs for Nova Scotia coal are

20 to 25 per cent below other fuels.

By using properly sized, washed

and dustless coals in automatic stoker-fed

furnaces, you save money and still have

maximum convenience in heating.

COAL BUILDS GOOD ROADS!

Without a prosperous coal industry, many of the things we now enjoy would not be so readily possible. For example, good roads depend upon tax revenues. Without prosperity in the coal industry, tax revenues would be reduced and road building affected. This, in turn, would adversely affect the tourist industry and reduce incomes and revenues still further.

The coal industry of the Maritimes annually provides \$50,000,000 in wages; \$15,000,000 in purchases; \$8,000,000 to transport companies, in addition to the large sums spent on taxes. A prosperous coal industry is essential to full Maritime prosperity.

TIMES SQUARE CROWDS . . . This picture was made from atop the marquee of the Hotel Astor looking southward along the "Gay White Way." Scenes like this are enacted every New Year's Eve in Times Square, called the crossroads of the world.

New Years and Superstition Go Hand in Hand

Manhood has always been superstitious about New Years. In olden times families south a glimpse into the future by the "dipping" custom. The head of the family, with his eyes closed, opened the family Bible and indicated a passage with his finger. The text, solemnly read and interpreted was indicative of the luck—good or bad—that was in store for them.

Probably one of the most widespread superstitions concerned the first person to cross the threshold on New Year's morning. Women and light-haired men were considered unlucky, as where people who walked pigeon-toed.

In some villages, the superstition was taken so seriously that a dark-haired man was hired to be the first-footer. Going from house to house, he would be the first person to cross the threshold, thus preserving the good fortune of the community.

Anglo-Saxons, believing that something might happen when the New Year occurred often climbed upon the roof on New Year's eve so as to have a good view of any such event.

We moderns make as much noise as possible, presumably because our primitive ancestors believed that noise would keep evil influences at a distance.

New Year in France Day Par Excellence

January 1, la jour de la bonne annee, is the day par excellence in France.

It is the day of gift-giving and of ringing doorbells. Besides friends who come to present gifts, tradespeople are accustomed to call to offer compliments of the day and receive, in turn, small sums of money.

The atmosphere is full of joy and gaiety and hospitality. Gifts are proudly displayed and callers come and go amid many compliments and the toasting of everyone's health.

Jour de l'an has its serious side, too. Many families visit the graves of departed members, since this day is considered an appropriate time to remember the dead as well as the living.

The churches generally are crowded on New Year's Eve, which is also the Vigil of St. Sylvester, an early pontiff and father of the Church. In various rural communities, the cattle are driven to the door of the village church where they are blessed by the priest who also says Mass for their protection during the New Year.

Egypt, Rome Observed New Years in Spring

Ancient Rome and Egypt celebrated New Year in the spring. Egypt used the overflowing of the Nile as a calendar and celebrated the New Year accordingly, in June.

The Babylonians began their year in March and the early Romans followed the Babylonian pattern.

Bearing this in mind, the custom of invoking the gods of fertility at New Year's time—the origin of which is lost in antiquity—seems logical and appropriate.

The Romans were accustomed to hanging tiny masks of Bacchus upon trees and vines, the idea being to impart fertility to every side of the tree to which the masks were turned by the wind.

Scottish lads always had a howling good time going about on New Year's Eve "switching the trunks of fruit trees and petitioning a "good howling crop."

Reflecting the fear of starvation peasant families in various parts of the world baked a special New Year's cake which they dashed against the door; member of the household hastened to pick up a piece and eat it, playful that neither hunger nor want should enter the house during the year.

New Year's Day Was Not Always On January 1

New Year's was not always celebrated on January 1. In fact, even today New Years comes on different dates for some peoples.

Prior to September 14, 1752, England and her colonies regarded January 1 with indifference because New Year's day was observed on March 25.

Today, many people who continue to use the Gregorian calendar still solemnize traditional feasts, including New Year, on different days. The Gregorian calendar was not presented to the world until 1582 by Pope Gregory XIII.

The Jews observe a 10-day New Year season at the time of the autumn equinox, beginning on Rosh Hashana and ends on Yom Kippur.

The Moslem calendar (dating from 622, A.D.) has 12 months of the year that begin with the approximate new moon without any intercalation to keep them geared to the seasonal equinoxes. As a result New Years and months retrograde through the entire year in about 33½ years.

The Year 46 B. C. Contained 445 Days

The longest year in calendar history was 46 B. C. and contained 445 days. This is how it happened:

Numa Pompilius supposedly created the Roman calendar in the seventh century B. C. It was revised several times, but by Julius Caesar's time it was two months behind the sun.

When Caesar's experts revised the calendar in the 16th century there was the problem of catching up with the sun. So two months were inserted between the months of November and December. As a result 46 B. C. contained 445 days.

There is no report of the confusion it must have caused, but it must have played heck with tax collections and the like.

NEW YEAR'S EVE . . . And a very lovely Eve, too, is this young lady as she warns you that time is marching on.

Pre-Red Russia Observed New Years

Before the revolution, New Year's was a gay and happy time in Russia.

In some cities the streets were decorated with flags and lanterns and thronged with merry-makers. The year was ushered in with a hundred shots fired from cannon.

One New Year's Day the Winter Palace was opened to society. Festivity reigned throughout the city, hospitality and charity were the watchwords from palace to cottage.

The mythical Oxen was supposed to be around about this time. He was usually depicted astride a bear, symbolically associated with the pork served for New Year dinner and the symbolism of Aryan descent.

Mr. and Mrs. Waters Cornau left Christmas Day via Saint John for Ottawa where they will attend the wedding of their son, Constable Eugene Cornau, RCMP. From there they will go to Toronto to spend the New Year with their daughter, Mrs. Eugene Shaw, and Mr. Shaw.

Mr. Stillman Freeman spent the weekend at the home of Mrs. Laura Height.

The above pictures show scenes in the rural sections of Canada's central province of Quebec at the Christmas season. These scenes are typical in many ways of the Christmas story throughout rural Canada where children and adults gather with gaiety and festivities to mark the anniversary of the birth of the Christ.

Hill Grove

(D. C. MacKay)

Christmas Day passed very quietly and pleasantly here with enough snow to make it a White Christmas. Santa Claus was his usual generous self, especially to your correspondent, who not only celebrated Christmas but a birthday as well.

Those present at the family reunion held on Christmas Day at the home of Mr. and Mrs. Perry Porter were Mr. and Mrs. Harry Trask and children, of Digby, Mr. and Mrs. Bruce Baxter and family, Councillor and Mrs. Gordon Turnbull and children, also of Digby, and Mr. and Mrs. Basil Porter, of Conway, and Mr. and Mrs. Eric Kinsman and children, Smith's Cove.

Miss Ethelyn Murley, of Montreal, and Miss Shirley Murley, who is teaching in Ontario, spent the Christmas holidays with their parents, Councillor and Mrs. J. W. Murley.

Mr. and Mrs. Ralph Marshall and daughter, Miss Mary Marshall, R.N., and Mr. Chester Keen, of Marshalltown, were guests at the home of Mrs. Goudy Nichols on Sunday.

Mr. and Mrs. Oscar Andrews

and family, of Roxville, and Miss Ellen Andrews, of Digby, were holiday visitors of their parents, Mr. and Mrs. Ernest Andrews.

Mr. Charles Hight, of North Range, was a guest of his son, Geo. Hight, and Mrs. Hight, on Monday. Mr. Hight, who has recently celebrated his 80th birthday anniversary, called on some friends and former neighbors the same day.

The regular afternoon service of the Hill Grove United Baptist Church on Sunday, December 26th, took the form of two part Christmas Cantata, "The Awakening", performed by the ladies of the senior choir under the direction of the pastor, Rev. E. C. Churchill, with Mrs. D'Arcy Rose as organist. All concerned deserve great credit for the splendid rendition of the cantata which was much enjoyed and appreciated by the large congregation in attendance.

We would like at this time to extend to all the readers of The Courier, the correspondents, and the staff who help to produce Nova Scotia's finest weekly newspaper, our best wishes for a New Year filled with Health, Happiness and Prosperity. May you Thrive in Fifty-Five.

50th Anniversary Of Christmas Seals

ORIGINATED IN DENMARK

Since 1904 thousands of lives have been saved because people all over the world have licked on the back of small stamps called Christmas Seals.

This year—the Golden Anniversary of the Christmas Seal—the thoughts of millions should go back to the year 1903 when a big-good-natured Danish postman was sorting his holiday mail at the post office in Copenhagen, Denmark.

The traditional rush was on. Parcels, bundles, letters and cards were stacked to the ceiling, but the postman—Einar Holboell—took time out to light his pipe. He happened to look out of the window and across the street he saw three pale children selling artificial flowers. Their tiny bodies shivered in the icy north wind and their thin faces and bluish hands stopped only a few of the busy Christmas shoppers.

Holboell had seen many such children on his daily rounds. He didn't like what he saw and something swelled within his big frame. Here he was, sorting glad tidings from thousands of happy people of many nations, all wishing each other well, while the sick children begged pennies in the street.

Suddenly he had an inspiration. Would not people who were willing to go to that much trouble to express good to that much trouble to do a little more for the sake of children with tuberculosis? Perhaps they would not mind buying an extra special one-cent stamp if they knew the money from the sale of the stamps would be used to help these less fortunate ones.

Encouraged by the enthusiasm he aroused when he bared his plan to his fellow postmen, he approached the postal authorities who expressed complete sympathy as well as offering to help him whip the plan into shape. The plan was next submitted to the King of Denmark, who was delighted with it; he promised royal support and suggested that in order to make their Majesties interest evident the first seal should, with Holboell's consent, bear the picture of the Queen. It was now too late to put the plan into effect for this Christmas, but Holboell could wait.

So it was in 1904 that the Christmas Seal idea was launched for the first time, anywhere. The seal bore the Queen's picture.

Two million seals were printed. They were sold through the post offices in Denmark at two ore—or one cent—from December 9, 1904, to January 6, 1905.

The response to the first seal was so great that the seals soon became scarce. Another two million were printed and sold. It meant an average sale of two seals to every man, woman and child in Denmark and brought about \$41,000 to the organizers.

The first tangible result of Holboell's vision came the following year when a site for a sanitarium was bought at Kolding, Denmark. It appeared on the seal of 1905 and was ready

for patients in 1910.

The sales of the popular seal increased every year. Many people bought large quantities—not because they used them all—but they wanted to pitch in.

Humorous objects, such as an old hat, a worn-out broom or a queer toy circulated from post office to post office. At each office the staff members, who sent the object in the first place added their Christmas seals to the unwrapped object and sent it on to the next point of mailing.

Holboell maintained that "letters without the stamp are simply no good." An old country-woman shared his belief: she received two letters without the seals and promptly returned them unopened to the writers with a note that she didn't care to know people who didn't use Holboell's seals.

Sweden and Norway didn't waste any time borrowing the idea and in 1907 Americans were introduced to it by a Danish-born philanthropist, Jacob Rills, who had received some seals from his homeland and found the scheme most effective. He urged that the seals be sold in the United States to raise funds for further study of tuberculosis and as a medium for educating the public to the fact that the white plague is preventable and needless.

A woman in Wilmington, Delaware—Emily P. Bissell—accepted the challenge. She was interested in an open-air cottage on the Brandywine River, where TB patients were finding health. Lack of funds threatened the closing of this hospital.

By the start of the first World War, Holboell's idea had become international. Scores of countries have successfully used it in an attempt to stamp out TB as killer number one. While his idea mushroomed and spread, the postman with the big heart wasn't forgotten.

She needed \$300, so why not try the Danish plan, she thought.

It worked, for with the co-operation of the Wilmington post office, women's clubs, newspapers and stores she raised almost \$30,000 in that first year.

In 1908 the American Red Cross took part in the campaign. Religious groups and clubs organized their workers and six thousand newspapers ran miles of campaign copy. The result was a neat \$135,000.

Since 1920 the National Tuberculosis Association has sponsored the sale of the double-barred insignia and sales have increased steadily.

Canada sold its first seals in 1908 through individual committees working separately from one another. In 1927 the Canadian Tuberculosis Association consolidated the Christmas seal in this country, making it a unified and national campaign measure.

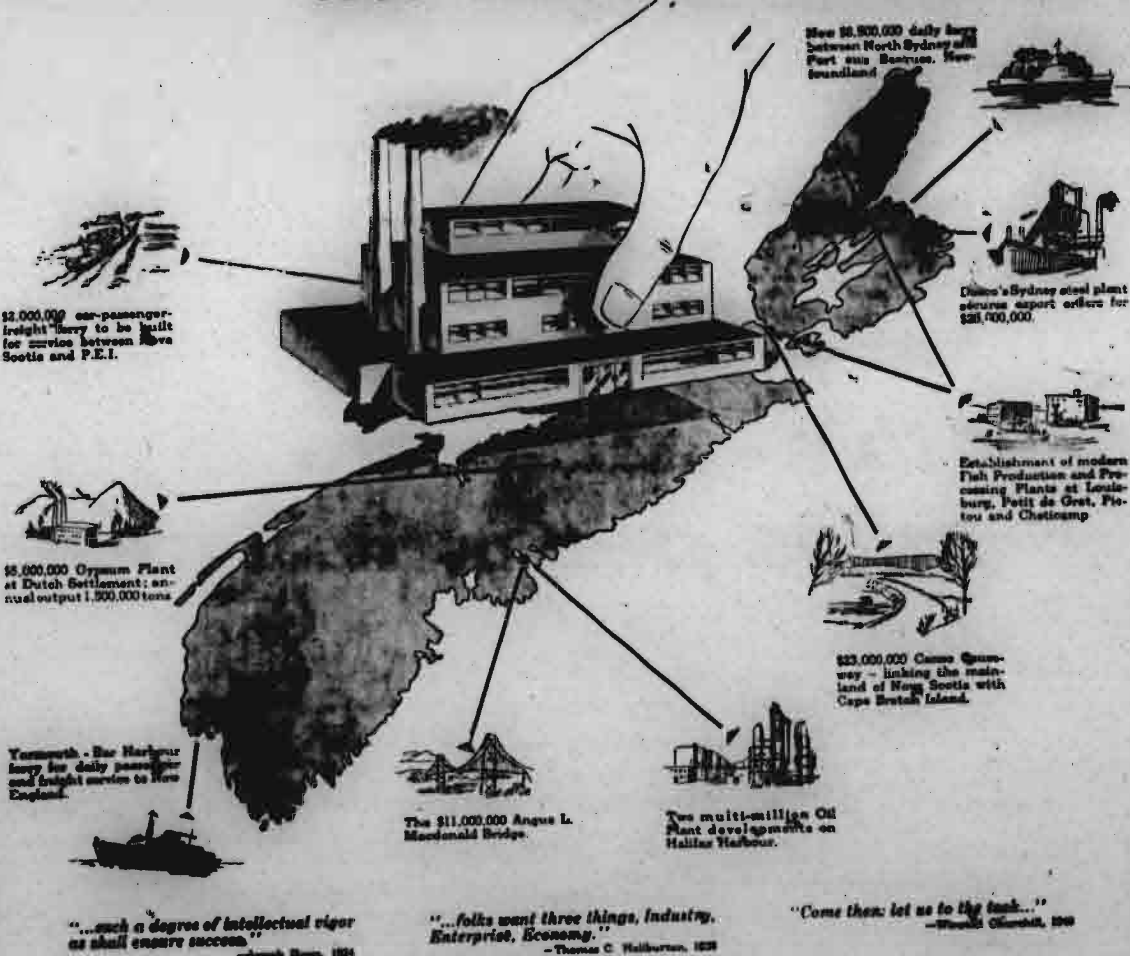

When the association was formed in 1900, TB was the leading cause of death in Canada, with a rate at around 200 per 100,000. At that rate today we should be losing something like 28,000 lives yearly, in fact there were less than 3,000 deaths caused by TB in Canada in 1952.

By the start of the first World War, Holboell's idea had become international. Scores of countries have successfully used it in an attempt to stamp out TB as killer number one. While his idea mushroomed and spread, the postman with the big heart wasn't forgotten.

In 1909 he was decorated by the King of Denmark and received the appointment of postmaster at Charlottenlund, where the King spent his summers. The King of Sweden and the King of Italy gave him decorations and America honored him in 1924 when he was guest at the National Tuberculosis Association's annual meeting. Holboell was the humblest and yet the biggest man on that day in Atlanta, Georgia. The Danish Christmas seal

of 1927 was not as merry as some of the previous ones. It bore the picture of the postman who became famous on all continents. Einar Holboell died February 23, 1927, but he lives on in humanity's symbol of true Christian giving. He was privileged to see not only Denmark aroused and in a winning battle against the dreaded plague, but to see his Christmas seals encircling the globe—the messengers of hope in more than 50 different countries.

Illustrated—Buick "Super" Riviera
A GENERAL MOTORS VALUE

All this - and more miles per gallon too!

Be sure to try out the phenomenal effect of "variable pitch propellers" in Dynaflo Drive!

MAYBE—among the current crop of new 1955 models—there's another car with an advance that can hold a candle to this one.

But we doubt it. We doubt it because nowhere—among the features of other cars that we've heard about, or seen—is there anything to compare with what's actually happened to Buick.

It all started with the fact that modern air liners get two big advantages because they can change the pitch of their propellers.

First, they get off the ground hundreds of feet sooner than they used to.

Second, they can stretch their gas-line by setting propeller blades at just the right "pitch" for cruising. So Buick engineers asked themselves—"If you can do it with air, why can't you do it with oil—the oil inside a Dynaflo Drive?"

And to make a long story short—they could, and they did.

They engineered the propeller-like blades inside the "stator" of a Dynaflo Drive so they can change their pitch as much as 75 degrees.

That provides one setting for more-miles-per-gallon, and another for an instant surge of power when it's needed.

All you have to do is push the accelerator pedal the last half-inch beyond the full throttle position—and a-way you go!

Of course, there's a lot more to make

a visit to our showrooms the "must" of the new-car year.

There's a step-up in styling as sensational as the step-up in power.

And the step-up in horsepower is this: 236 in the ROADMASTER, SUPER and CENTURY—188 in the SPECIAL.

But the thrill of the year is Buick's latest engineering "first"—and what it does for the man or woman who drives the latest and greatest Dynaflo Drive.

*Standard on ROADMASTER, optional at extra cost on other Series.

Pay-off on progress!

Buicks today go a lot farther on a gallon of gas, thanks to constant improvement in Dynaflo and in engine design. Even the 236-h.p. ROADMASTER averages more miles per gallon than Buicks of six years ago.

Thrill of the year is BUICK

Yes... '55 Pontiac gives you...

THIS magnificent choice of brilliant power teams, which was designed to fit any purse and purpose, is just the start of the Pontiac story for 1955. In fact, the 1955 Pontiac is changed in over a hundred exciting ways. Not for nothing is it being hailed as the one car that's entirely new from the ground up.

The tires are different! The chassis is different! The engines are different! The body, appointments, colors and styles are different! And when you learn how

different, you'll agree that nothing like this Pontiac has ever been available in the low-priced field.

After you've seen it, you won't be satisfied until you try it on the road. And we're so delighted with this breath-taking car ourselves that we urge you to put it to the test. We are supremely confident that a demonstration drive will completely convince you that your best new car investment is Pontiac—the truly new car for 1955.
