

Welcome to the Digital DIGBY COURIER 1877-1978

100th Birthday

The hundredth anniversary of the Digby Weekly Courier has brought to mind some fond memories as recounted in the following historical chapter of the paper. For first, I want to congratulate the current editor of the Courier, Mrs. J.M. (Edith) Wallis, for a job well done over the years and still being well done, good service rendered with great fortitude.

According to my recollection, I have at hand, the Digby Courier, in one hundred years of publication, was controlled under the same family management for 42 years, 1836 to 1978, under the control of Wallis Print Limited. The late J.J. Wallis became editor of the Courier in the second time, in 1929, and at the latter time of the second time, in 1929, and at which he had been running for some time previously and which became Wallis Print Limited sometime between 1929 and 1931.

I well remember the last year of the twelfth when I worked in the office with the husband and father of the Digby Courier. Sometime in 1929 or early 1930, the late J.M. Wallis (Mac), son of J.J., engaged me to work every day after school hours, Saturdays, and for some months after for the office of work was in the building of the present Digby town hall on First Avenue. J.J. Wallis then worked occasionally at the print shop but mostly across the street at the Courier office which was then located on land in the general area where The Royal Bank of Canada is now.

Wallis Job Print operated in this building of four consisting of J.J. Wallis, J.M. Wallis, Miss Elva Haynes, who later became Mrs. George Kicop, and myself. I was in the staff in early 1929.

Mac's job was to run the staff in the left upstairs. J.J. occasionally printing plant but mostly at the Courier office. "Mac" worked nearly full-time at all the different jobs at the Job Print, and I worked at various duties most of the time being spent at operating printing presses.

We worked ten-hour days, six days a week. J.J. and "Mac" sometimes worked overtime. I worked only the regular hours being paid a weekly wage which was comparatively good for those times, and my lack of experience. I received five or five dollars a week for working after school hours to six o'clock and on Saturday all day, and nine dollars a week for half weeks after finishing school. A two or three dollar a week raise was offered to me in the fall of 1929 for me to stay on at printing, but I had made up my mind to enter a branch of the Royal Bank of Canada, starting salary of \$200. The bank salary started out about the same per hour as for the printing plant those days, and experience however short, were helpful and appreciated to me.

J.J. was very jovial in his occasional trip to the Job Print and did consider the kidding all in good fun. "Mac" was a witty person who noised in a good deal of sarcasm now and then for no reason or another. Elva must always had good answers to all the kidding she was called upon to take, and she usually held her own in a quiet sort of way, always in a setting type. We four all got along very well together. However, I do remember that some days all seem long and weary because of the transitory of some repetitious jobs.

In spite of the great demand for printing those last happy days of the twelfth, business generally being brisk, it looked in his that people had to work long and hard to make any decent profit. There was

however, trials and finger ends were used and I was sent back to work.

Now and then a printing job had to be put on a piece of paper which required a new kind of printers ink which smelled very bad some days. I always dreaded it when "Mac" would say that it was the largest press, it was at the factory as always spent an outside day in lower conditions on the construction.

One of the jobs I had to do, for the paper and printers devil on the staff, was to do a printing job and then, one day not long after I started my job at the printing plant, I decided to show the floor that apparently hadn't been cleaned in some considerable time.

"J.J." came along and said, "how are you getting on Vince?" I assured him that I thought I was beginning to see the floor. "J.J." laughed very heartily, he thought the remark pretty good and amusing.

Sometimes the gasoline engine or a piece of machinery would refuse to work, and the "Mac" the fix it man had patiently worked for a certain length of time to get it going again, without results. "Mac" would then stand back and cross over dramatically, then he would immediately start working. "Mac" would say, "all it needed was a bit of cleaning."

On other occasions when some piece refused to do its job and seemed to be broken, "Mac" would say, "use a little oil" and sure enough after that is all it took. How often since have I heard of the value of that remark and the actual need of oil in many life situations, applied at the right time, right place and, in the right way.

Other things that sort of stick in my memory and come to mind now and then are, like the time I told "Mac" of four teenage boys who in the spring month of 1928 got together just before dark one evening and decided to utilize the newly built outdoor Fern Hotel swimming pool which had just been filled with water. Clothes were taken off near the road just out of the pool, nobody else seemed to be around except the four boys, no thought or time for bathing suits up to the pool they went. They stood on the edge of the pool and looked at the chilly water, one soon jumped in. The rest quickly followed and across the pool they swam. "Mac" listened to the story and hardly said anything, but the next "Digby Courier" had a good story on the episode. The heading of the story went something like, "Four Boy Scouts Officially Open Pines Hotel Swimming Pool." Who were the boys? Many years later they are known as: the late Dr. Carl H. Anderson, veteran of two wars, second world and Korea; now prominent druggist, for many years in Digby; Clayton D. Snow, Digby wholesale hardware king merchant; and myself.

As a young teenager I used to like doing some writing about different events interesting to myself and mostly for myself. One day "Mac" said to me how about writing your version of the story told about "The Marooning of Jerome." I did it and read at least two somewhat different versions about the man who was (now) marooned on a beach in southern point on the French Shore of St. Mary's Bay, Digby County. When I read this man's tongue and been cut out and his legs quite freshly amputated, were surgically well dressed and bound. He was presumably left by some vessel before dawn one morning, all for some mysterious reason.

"Jerome" appeared to have been a man of some considerable social standing and, possibly, of some considerable wealth. However the way the man could or would ever say after being bound and cared for by some family in the French shore was, something that sounded like the most of Jerome. He either would not, or would not, write anything about who he was or why he was left there. Well, it was, and is, one of Digby County's best kept secrets, and, different ideas have been put forward over the years concerning this man. However, the name of "Mac" was, I felt no urge to write anything about different about this man. The story seemed to have been very well explained in the story of many people, and he was a sort of a legend of many people who visited where he was.

There were three print jobs that were quite interesting. One was a printing job for the street that had been closed for some time. The other was a printing job for the street that had been closed for some time. The third was a printing job for the street that had been closed for some time.

Digby 172 Years Ago

Compiled by David Lambert

From the files of the Courier of January 22, 1861, the following account has been compiled concerning Digby in 1840.

Among a number of old newspapers kindly sent to me by friends is a copy of the first issue of the Digby Courier of 1840, says the following and among other advertisements contained in the issue before us is one describing the town and furnishing of Digby, and offering for sale certain lots in the town. In this area we are told the township of Digby extends from the Gulf of Annapolis westward to the extremity of the province of Nova Scotia, and contains about 124,000 acres. The town plot is thus described:

"The Town Plot is situated at the east of the township just within the entrance to Annapolis Basin, and twenty miles from Annapolis Town, and six miles across. It is from the head of St. Mary's Bay. This land was then the water's edge, partly as land ground, and partly as the locality of a modern hill, dry and pleasant, and having with an eastern aspect, a view of the Annapolis Basin and its cultivated shores for twenty miles in where it terminates with the Fort and River's mouth of that name. It was occupied by Loyalists from New York in 1783, the most of whom went early to farm, or, moving to other countries, left the whole

side to be occupied by about who now reside detached, but meetings with and visiting, at some distance from the town. It has numerous spots of the most promising soil, and is ready to be from many circumstances, probability of plant of some significance, the West India a sheep and a of residents. This about in the December, 1840, was in 1840.

free trade with the U.S.A., especially with the New England States. The question was then debated by some Digby High School students one of which was J.J.'s daughter, Florence (now Mrs. Melvin G. Thibert, Freeport, Digby Co.). Some days after the debate a man from some part of Nova Scotia came to the printing shop looking for Florence, one of the successful debaters. I had the impression that this man was interested politically but, maybe I was wrong.

Well, I felt that I had learned considerable from my short experience at "The Wallis Job Print." I was learning to do beginner jobs, receiving some knowledge about things like embossing, stamping, perforating, counting, cutting and trimming paper stock, making ink for certain desired colors, and so forth, but, the only experience I had at setting type was just enough to make a "ye", the printers name for a confirmed fool.

There was a taste of trying to sell job printing outside the plant. Work was a little slack one early fall day and so "Mac" said to me, "how about trying your hand at taking orders for printed personalized Christmas cards?" I tried to make several calls around town, spent most of the time at one particular

Easter Services In The Churches

Taking his text from Philip-
plans "I count all things but
loss . . . that I may know Him,
and the power of His resurrec-
tion". Rev. James Brooks said
at the Easter service at Grace
United Church on Sunday that
the power of the resurrection
creates new life, makes our own
lives creative and inspiring to
others, conquers sin and death,
overcomes fear and kindles
hope. The choir sang the Easter
anthem "Lift Up Your Heads"
to a large congregation. Holy
Communion was administered
at the close of the service. The
church's beauty was enhanced
by baskets of flowers placed in
memory of departed members
by their families.

Grace United Choir was in at-
tendance at the Bay View church
on Sunday afternoon and ren-
dered an appropriate anthem.
Rev. Mr. Brooks took as his
subject for discourse "Looking
in the Wrong Place — Why seek
ye the Living among the Dead."
In memoriam flowers graced
the church.

On Good Friday the choir at
Grace United sang "The Won-
derous Cross" at a service held
at eleven in the morning. Rev. Mr.
Brooks spoke on the three men
and the three crosses and the
three attitudes. One cross was
that of rebellion which took the
man farther away from God,
one was a cross of repentance,
and the third was a cross of re-
demption. Everyone has a part
in the third cross which shows
how to meet life no matter what
life may bring. Our own at-
titude to Calvary, he said, deter-
mines our life.

On Tuesday the worship ser-
vice conducted by Mrs. James
Brooks at the W.M.S. meeting
was on the Easter theme. Mrs.
Milton Atkinson presented the
study on American churches.
Mrs. Burton Fleet presided.

Digby Baptist Church News

A capacity congregation filled
the Baptist Church at Digby on
Easter Sunday morning. The
Junior Choir led the singing of
the Easter music, and a selec-
tion was sung by the Male Quar-
tette. The platform was beau-
tifully decorated with flowers,
many of which had been pre-
sented as memorials. A pleasing
feature of this service was the
dedication of a new Pulpit Bible.
The Bible was presented to the
church by Mr. Maynard C. Den-
ton, a deacon of the church and
also its Clerk for the past 39
years. In memory of his son,
Seymour Denton. The dedica-
tion ceremony was conducted by
the pastor, Rev. H. S. Hartlin.
At the close of the morning ser-
vice the ordinance of the Lord's
Supper was observed.

Next Sunday morning at 10:00
a.m. a new Senior Young Peo-
ple's Class will be organized in
the church as a part of the
Senior department of the Sun-
day School. The class will in-
clude all young people from 15
years of age and up and mem-
bership is open to all who are
desirous of receiving religious
instruction.

Donald Whiteway led the
young people of the B.Y.P.U. in
a lively discussion at last week's
meeting and arranged them for
the debate into the form of a
model Parliament. On Wednes-
day evening of this week the
members conducted a "Come As
You Are" party, and on next
Tuesday evening will attend a
meeting and social gathering as
guests of the Hill Grove group.

The pastor is attending a two
day conference of the M.R.E.C.
Study Committee in Saint John
this week.

91st Birthday

Mr. Norman A. Robbins, for-
merly of Tiverton, celebra-
ted his ninety-first birthday at
the home of his daughter, Mrs.
Clarence A. White, at Burr's
Corner, N. B., with whom he
now lives.

Mr. Robbins is in fairly good
health and takes an interest in
everything. He enjoys reading,
and writes quite a lot of letters.
He enjoys hearing from old
friends. His birthday was spent
quietly with a few of his many
friends calling on him. He also
received a large number of
gifts and cards. He also enjoys
going to visit friends when the
weather permits.

His many friends wish him
many more happy birthdays.

Get Awards Of Merit

Recognition of Merit Awards
were presented on Wednesday
evening at the close of the Vo-
cational Evening Classes at
the Digby Regional High School.
The presentation was made by
J. H. McLellan, a representative
of the vocational education di-
vision, Halifax (shown left
above). Those receiving the
awards were Mrs. Violet Ro-
berge in shorthand and typing
(second to left), Miss Phyllis
Howland, bookkeeping and Clyde
Roop, acetylene welding (ex-
treme right). Miss Hazel Saul-
nier, who received the award
in home sewing, is absent from
the picture.

Mr. McLellan, in addressing
the class, stated that the voca-
tional evening classes began in
1907 with 21 classes in 3 cen-
tres. In 1937 there were 120 clas-
ses with 2500 students enrolled
in 10 centres. Today there are
296 classes with 5000 students
enrolled in 54 centres. Mr. Mc-
Lellan in forecasting the future
for vocational classes said there
were two main fields he believed
they would be asked to offer —
a field whereby technicians can
be trained for industry where
knowledge above the tradesman
is needed but not on the level
of the graduate engineer. The
other was short courses for
specialist training. He said that
it was important to keep the
vocational program flexible to
meet the needs of the com-
munity as they arise.

Other vocational institutions
are vocational high school where
the adolescent is trained in

Local Man Gets Appointment

Mr. Delbert L. Forrest has
recently been appointed by the
Unemployment Insurance Com-
mission as the commission's
agent in Digby, N. S.

Mr. Forrest's duties in this
connection will consist of inter-
viewing claimants and complet-
ing applications for benefit and
other related documents.

Mr. Forrest's services will be
free to all claimants who may
wish to avail themselves of this
service provided by the com-
mission.

Mr. Forrest will be available
at the Court House from 10 a.m.
to 4 p.m. Monday through Fri-
day of each week.

Rescue Truck Provided

A fully equipped rescue truck
has been provided for use in
Digby by the provincial civil
defence organization.

The truck was brought to
Digby last week by Roy Peters,
Robert Handspiker and civil
defence coordinator R. O.
Wright, who went to Halifax
to take delivery of the truck from
the provincial organization.

It is understood the truck will
be stationed in the town at the
fire station and a driver will be
elected from the fire company
to take charge of it. It is ex-
pected one of the fire company
members who took the rescue
course at Annapolis recently will
be placed in charge of the res-
cue truck.

Firemen Entertain

Members of the Digby Fire
Department and their wives
were entertained at the annual
firemen's dinner in the fire hall
Monday evening.

Following the dinner films of
the recent ice carnival, spon-
sored by the fire department, were
shown, as were other films of
local fire department activities.

Chairman of the dinner ses-
sion was Thomas Cleveland. A
presentation was made by de-
partment president A. Reg.
Turnbull to Mrs. Donald Cam-
eron in recognition of the work
she did in training and prepar-
ing the skaters who took part
in the ice show which was part
of the ice carnival. Mr. Turn-
bull expressed regret at the fact
Mrs. J. R. McCleave and Mrs.
R. O. Wright were unable to
attend the dinner. Both these
ladies gave valuable assistance
in handling the snow queen and
princess contest and the costume
parade at the carnival.

Mayor Victor Cardoza con-
gratulated the department on
their efforts during the past
year and stated their partici-
pation in community endeavour
in many fields was commendable.
The Digby fire department
stands high in the estimation of
the people of Digby, the mayor
said, and urged department
members to continue their good
work.

DFD ACTIVITIES

Many of the members have
been confined to the house and
to light duties as a result of the
flu epidemic that has been rag-
ing in the town these past two
weeks. This, along with the
many calls received for grass
fires, has kept the remainder of
the members very busy, making
it rather difficult to keep up
with things in general. Meetings
have had to be cancelled due to
sickness. It is the hope of the
department that all members
who have the flu are progress-
ing favorably and if they re-
quire anything that they contact
any member or the sick com-
mittee so that assistance can be
given.

Each year the department
makes an all out effort to burn
grass in different areas of the
town where it is considered
dangerous. A plea was made to
the public not to burn grass in
order that the men of the de-
partment would be able to do
this systematically and avoid too
much inconvenience. Knowing
that there was considerable
sickness, however, the public
evidently took this as an invita-
tion to set all the fires they
could, which has meant that
there has been many calls at
all times. When the alarm is
sounded it means that an emer-
gency exists with the result
that equipment and men are
being risked while these calls
are being answered. It is hoped
that in future more co-opera-
tion will be forthcoming from
the public and consideration giv-
en for the men who volun-
tarily offer their help in time of
need and who risk their own
lives and take time from their
work to assist.

Dakin's friends gathered at the
party to extend congratulations

Flu Bug Hits Hard

Digby and Digby county has
been hard hit by the influenza
epidemic which has been sweep-
ing much of Nova Scotia in the
past few weeks.

In town few homes have been
free of the bug and in many
households every member of the
family has been stricken, in a
number of cases all at the same
time.

Almost every community in
the county has also been hit and
on the Neck the villages of
Sandy Cove and Little River
were reported as severely af-
fected by the outbreak. The is-
lands also have fallen prey to
the flu bug and whole families
are reported as ill.

A number of cases in town
and in the county have develop-
ed into pneumonia and the local
hospital was reported as filled
beyond capacity with extra beds
being set up in every available
space.

A check this week seemed to
indicate the peak of the out-
break may have passed although
new cases are being reported
almost daily.

Home Destroyed By Flames

Fire believed to have started
from an oil burner being used
to dry dampness while a chim-
ney was being repaired, com-
pletely destroyed the house,
small barn and outbuildings
owned by Stanley White, North
Range, on Thursday afternoon.

Neighbours rallied in an at-
tempt to save the furniture but
little was salvaged because of
the flames.

Mr. White had been making
repairs on the house prior to
moving in when his family
would arrive in April from On-
tario.

Amount of loss has not yet
been determined. It is under-
stood some insurance was car-
ried.

The property was formerly
owned by Mrs. Ed. Bragg.

Investigate Breaks

Police are investigating two
recent service station breaks,
one at Woodman's service sta-
tion and the other at the White
Rose station on the outskirts
of the town.

It is understood charges have
been laid concerning a recent
incident in which a car smash-
ed into a plate glass window at
the front of Warner's service
station at the south end of town.
According to reports the car
involved failed to stop at the
scene but was later nabbed.

which followed the dinner ses-
sion a dance program was pre-
sented by Mrs. Frances Peters
and her dance pupils. Later in
the evening dancing and cards
were part of the program.

A Digby county resident has
a warm spot in his heart for
the honesty and prompt action
of a Weymouth person who re-
turned his vehicle permit and
operator's licence to him via the
Weymouth post office even be-
fore he knew he had lost the
documents.

The event happened last week.
The licence holder received his
new plates through the mail,
tore off the envelope containing
permit and licence and put it
in his pocket. Later in the day
he made a trip to Yarmouth and
on his return went to the Wey-
mouth post office to get his
mail.

In his post box he found
an envelope from the motor
vehicle department. He was not
sure what it was but looked at
it and found written across the
envelope a message stating it
had been picked up on the street.

Sure enough, when he checked
his pockets he found the envel-
ope was missing.

Heavy Penalty For Violators

In a press release which ap-
peared recently in the Provin-
cial newspapers and on the
radio, Highways Minister G. I.
Smith warned that the few
truck operators who feel that
they can disregard the weight
restriction regulations during
the Spring road closing period
will be liable to heavy penalty
under the law.

In conformance with the
above mentioned warning Mr.
Smith now announces that ef-
fective March 26th, 1959, the
penalties for overweight during
the Spring closing period will
be the same as the penalties in
force during other periods of
the year.

Obituary

Capt. Edward Keans

The death of Capt. Edward Keans, a highly respected citizen of Port Wade, Annapolis County, occurred at his home very suddenly on Monday, March 23. With the passing of Capt. Keans Port Wade has lost one of its most prominent residents and many suffer the loss of a warm and personal friend. His warm friendly manner drew many to him, and in his death there will be a widely created sorrow. Capt. Keans was 87 years of age, and lived about all his life in Port Wade where he operated a general store. He was the son of the late Mr. and Mrs. Andrew Keans and was born in Milford, Annapolis Co.

Capt. Keans pioneered the first auxiliary fishing schooner ever to be registered in Canada, the "Wilfred L. Snow", in 1905. He operated the Port Wade-Digby ferry service for many years, later running coasting vessels carrying lumber from Port Wade and Digby to various New England ports.

He was chairman of the Pilot Commission and Harbor Master for the Annapolis Basin. After retiring from the sea Capt. Keans retained his business in Port Wade and was agent for the Kings Mutual Fire Insurance Company. He was an active member of the United Baptist Church and also an Oddfellow and Mason.

Capt. Keans was twice married, his first wife being the former Minnie Whitman Keans, who predeceased him in 1934. Besides his widow, Mrs. Emma D. Keans, he leaves four children: the Rev. Lena A. Keans, M.A., B.D., of the South India Baptist Mission, who after completing 35 years in mission work there was scheduled to leave India March 25 to retire from her work as missionary; Mildred, wife of Howard L. Boggard, of Worcester, Mass.; Daphne J., wife of John J. Goucher, Annapolis Royal, N. S.; and a son, Harry Keans, of Westwood, New Jersey; also 3 grandchildren and 2 great grandchildren.

Burial was in the Port Wade cemetery, with service held in the Baptist Church, Rev. John MacLeod, pastor, assisted by Rev. H. S. Hartlin, Digby, officiating.

Resume Of Floyd W. White

Floyd W. White, a native of Nova Scotia, was elected for his fourth 3-year term as Selectman of Belmont, New Hampshire, on March 10, 1959. He is presently Chairman of the Board.

There have been numerous improvements to the town during his nine years as Selectman. A large building has been purchased and renovated, providing for town offices, police department, tax collector, town clerk, and large halls for recreation of the young people and for social functions. Also rooms for town meetings and state and national elections. Articles placed in the town warrant have been voted on for building permits, garbage removal, and also have the Division of Municipal Accounting at Concord, New Hampshire, audit the town's records. A new elementary school has been built at a cost of \$100,000. New water mains have been constructed and many of the town's roads have been re-surfaced.

Mr. White was born in Southville, Nova Scotia, September 6, 1891, son of Obed W. White and Ruey Stanton White, in the

house now occupied by Mr. and Mrs. Herman Steele, and later moved to New Tuskent. He attended schools at New Tuskent and Havelock. He went to the United States in his early teens. His first ambition was to secure employment and endeavor then to obtain additional education. One of his first positions was in a drug store at \$7.00 per week. He went to night school and later to the Christian Brothers Academy at Albany, New York. After completing his preliminary education he attended Colby Academy at New London, New Hampshire. Later he studied for two years at the Northeastern University Law School, Boston, Massachusetts.

He then became associated with the National Biscuit Company in New York City and remained with them for twenty-five years, rising from a salesman to become a Sales Supervisor over part of New York and New Jersey. Later he was appointed Sales Manager of one of the firm's largest branches in the United States. The company employs 28,000 people country-wide and has an annual payroll of \$138,000,000. It is one of the largest concerns of its kind in the world. During World War II he was appointed Building Control Director in the Borough of Queens, New York City. While in New York he married Miss Victoria Jensen of Grand Falls, New Brunswick. They have one daughter, Mrs. Milton N. Sanborn, and four grandchildren. In 1943 Mr. and Mrs. White purchased a 200-acre farm in Laconia, New Hampshire and due to illness Mr. White resigned from the National Biscuit Company in 1947.

Besides his Selectman's duties, Mr. White has served two years on the Budget Committee and is also Regional Counsellor in the Lakes Region, which seeks to have vacationers spend their holidays in this vicinity, which brings in about \$45,000,000 to this area yearly. Mr. White and his wife Victoria operate a cabin colony along with their real estate business, and Mr. White is also a Justice of the Peace.

Mr. White says that even though he is a citizen of the United States, he still has a very warm feeling for his native country, Nova Scotia, and its people, and enjoys vacationing there in the summer, and also at Grand Falls, New Brunswick.

All-Purpose Room Feature of Interesting Bungalow Plan

Architect R. T. Affleck, of Montreal, has emphasized open planning in the living area of this house. The living room overlooks the back garden and extends into an all-purpose area which can be closed off to become a study, a guest room, on occasion, or a third bedroom.

Closet space is plentiful throughout the house and there is a well-lighted clear area in the basement which could be made into a playroom. Cross ventilation has been provided in the bedrooms, which are well-separated from living area in the house.

The total floor area is 994 square feet and the exterior dimensions are 42 feet by 23 feet, eight inches. Working drawings for this house, known as Design 253, are available from Central Mortgage and Housing Corporation at minimum cost.

Letter to the Editor

928 So. 49th Street,
Philadelphia 43, Pa.
March 23, 1959.

To the Editor of
The Digby Courier.

Dear Editor:

Keep the Seiners out of
St. Mary's Bay!

Through my long experience in the fishing industry of St. Mary's Bay, I am compelled by a conscience to come to the defense of Mr. Clarence Denton in his desire to have the seiners kept out of St. Mary's Bay.

In the change of world events, the Canadian Government may have to revoke the law passed in President Cleveland's administration admitting the American Seiners inside of the three mile limit from the mouth of the Bay. Together with the Canadian seiners and all who fished and built weirs in St. Mary's Bay, fish of all kinds became almost extinct by the end of the 19th century.

There was a time in the remembrance of the writer that one could stand on the banks of the meadows and count as high as fifty schools of shad and mackerel. Each one could contain between two and three hundred barrels of fish. The shad caused a light streak on the water; the mackerel a darker shade.

In 1891 the Bay was so full of fishing craft of all sizes that one might say you couldn't look through the masts, and some of the farmers left their hay fields

to do some fishing to augment their income derived from the farm. My brother and I worked like two beavers to get the last load of hay in the barn, so we could get enough for the family at least. Purchasing a 300 foot long mackerel net in Digby, we managed to get it set before dark, and the next morning we were six hours finding it. It had sunk to the bottom with sixteen barrels of round mackerel. All but one barrel were shipped to the Boston, Rockland and Portland markets at \$12.00 per barrel, split and salted.

When I was a boy of nine, my father let me stay home from school one day, to see what kind of fish were in the weir. The herring had been running so strong that the meadows were strewn with them producing three tons of hay to the acre. 40 farmers had shares in the half-mile long weir and for a kid with 40 oxen and horse teams in line coming down the Timpany lane, it was a sight never to be forgotten. They all knew that it could not be herring for the sea gulls were like silver specks high in the Heavens. As the leader turned the hook of the inshore wing of the weir, looking down to the pond, he yelled, "It's Shad!" It might be a real fish story but those 40 teams, each with six to ten barrels of shad aboard, had to return to the weir the third time, and then there were still more shad when the incoming tide turned them back. They were 12 o'clock at night count-

ing them out: one share one fish, five shares five fish, etc. All of the shad were shipped to the markets before mentioned.

In the town of Digby there were drygoods stores, whose managers traded their goods for fish, which made it convenient to the farmers until they could harvest their crops. But the farmers up to the end of the 19th Century did not have to augment much of his income from fishing. In the winter time he was busy logging for the lumber industry, piling and cordwood for the American markets. Two vessels, the Moses Black, a two masted schooner, and the trim three masted Princess, owned by Captain John Ryan of Marshalltown, were constantly sailing out of the Bay for the United States markets. Much of the sea board cities and warehouses were built over the water atop the 35 foot piling cut from the woods along St. Mary's Bay. This industry is almost extinct now, and the fishing industry along St. Mary's Bay must be protected to give the people a living.

It also must be understood that the cost of building the fish weirs in St. Mary's Bay is a major problem, whose owners are but small farmers and depend on the weirs for their living. The writer on arriving in Philadelphia in 1907, was delighted to find the Boutellier and Morehouse of Centerville brand of smoked herring in the food stores, and was told they had been here for sometime.

It is now the duty of the Canadian and United States governments to again review this all important question and I am sure that in their friendly and understanding way, the seiners will be kept out of the warm shallow waters of St. Mary's Bay, the spawning ground of all species of fish, so the people along both sides of the Bay may erect again their canning factories, so they may have work and eat and be full as God demand.

The Editor,
Digby Courier,
Digby, Nova Scotia.

Dear Mr. Wallis:

I wonder if it could be possible for your paper (Digby Courier) to print more about sport around Digby. I was born and raised in the town of Digby, of which I am very proud. I like sport a great deal. When I was playing sport in Digby, we had a junior baseball team, which at the time was a good team. What ever happened to the sport around Digby? An old friend of mine started a junior baseball team back in 1947-1948 when Digby was a good baseball town. His name was Jack King. And I feel the same about hockey.

The Pee Wee write-ups are very good. But the young Pee Wee can not jump from Pee Wee hockey or baseball to Intermediate teams.

Since I joined the Army, I have been playing sport as each season comes around. But most of the thanks goes to gentlemen like Jack King, Dave Daley, Fred Cookson, and many others who helped myself and many others to play sport such as boxing, hockey, baseball, bowling

Publishes New Book Of Poems

Thomas G. A. Cumming (shown above), well known Smith's Cove resident whose poetry, written under the pen name of "Tag-a-Long", has delighted his many friends over the years, has just completed the publication of a second book of his collected poems.

Bearing the title "Speckled Thoughts and Other Thinking", the new book is in four parts. The first part deals with general topics while part two contains poems concerning personalities and hospital incidents. Part three is limericks and short poems and the final section contains republished poems from

his first book, "Occasional Verse".

The new book, printed by Wallis Print Ltd., carries the dedication, "This little book I dedicate to all good men who conquer fate, who seldom grumble, never whine but just declare that things are fine".

The poems contained in Tag-a-Long's new book range from hauntingly beautiful lines descriptive of the scenic wonders of the local area to little couplets concerning amusing recollections of the author. A number of the poems are tributes in verse to individual friends of the writer for acts of kindness.

and basketball.

I feel sure if there were more sports printed and more boys and girls praised in your paper for the good work they do in sports, Digby would have a good sport town, like it should be. Since the curling rinks have come to Digby the people that should be backing these teams curl all winter and talk about it all summer. I do hope you publish this letter to get the people of Digby moving on the idea of a good sport minded town.

My wife and I read the Courier each week and enjoy it very much. I thank you very much.

Yours truly,

Digby, N. S.

Editor, Digby Courier.

Dear Mr. Wallis:

Another Easter has passed, and I, as a layman of the church, with your consent, wish to publish something in regard to our Christian Faith, which I hope may be beneficial to some readers of the Courier.

In the course of conversation, I have heard different persons ask, what is truth? What is sin? Now, whether these persons knew the right answers to their questions, I do not know. I believe God is truth, and all truth originates with God; if we knew God as we should, through His word concerning His Son, Jesus Christ, we will then know if a thing, in a matter of righteousness, is true or false. I believe one true meaning of sin is, going against God in any way.

Two important facts of life are, namely, a man is either a slave, servant, or true Son of God, his creator, or he is a slave, servant or son of something or somebody else. Even though it was ordained by God, that mankind has dominion over other forms of life on earth, man does not have dominion over himself, even though he has a will of his own.

For purposes of this letter there are three types of humanity, in a matter of righteousness: (1) those who are born-again Christians, and who are living according to the Word of God; (2) those who were born-again Christians, who afterwards slipped back, and who do not now live according to the Word; (3) those who have never been born-again, spiritually.

I believe that any person who believes the Gospel of Jesus Christ, sincerely, and steadfastly desires and tries to live according to it, that person has continual spiritual growth, to a point where he or she will inherit eternal life by or through the Redeemer, Jesus Christ. I do not believe the growth has to be fast, but it must be steady, and the kind that lays up treasures in Heaven.

I believe that any member of the "fellowship of the concerned" (the true church) is best known to be such, through what is called the fruits of the spirit. If we have a true profession of faith, the good fruit or works will be seen in due seasons.

Now, so long as there is evil in the world, we need laws for protection. God's laws were given to us long ago, and still stand, always for the greatest good. Man-made laws change, are made, and some are periodically repealed, and made again. However, it is very helpful to have any particular man-made law on the side of the greatest

To Construct New Building

An expenditure of \$255,000 for construction of a two storey building at the Kentville Sanatorium has been announced by the Hon. R. A. Donahoe, Minister of Public Health.

Construction of the building, which when completed, will house a complete laundry, a garage, and a workshop, has already started.

The contract, held by Vernon C. Woodworth, Kentville, calls for the building to be completed by the first of September of the current year.

The past year at the Sanatorium has been the busiest experienced due in no small part to the closing down of all the Tuberculosis Units in Nova Scotia last April. In addition, Camp Hill Hospital closed out its Tuberculosis service for veterans and the Halifax Tuberculosis Hospital reduced its capacity to 35 beds. This has meant that chest surgery for Tuberculosis was concentrated at the Sanatorium as was the care for veterans with active disease or a repetitious assessment of out-patients whose disease was in the inactive stage.

During the past year the Sanatorium treated 795 patients compared to 619 the previous year. This included 134 veterans brought in for special complete assessment requiring from 3 to 7 days each. In all there were 11,003 more patient days of treatment provided during the current year than in 1957.

good, because it lessens the temptation for many to do evil; when the law is against a certain thing, as a general rule most people automatically think or feel that thing not to be good.

I believe, being saved by Grace, means that our lives or souls are led, strengthened, controlled and blessed by the Spirit of God (The Holy Spirit) which action or life takes place after we have come to know God, through proper and sufficient knowledge of Jesus Christ, through and by the scriptures and Holy Spirit, and in turn, have truly desired that God's Will be done in us, then by or through conscience, we obey the two greatest commandments, upon which depend all laws and the Prophets.

THIS WEEK in the LEGISLATURE

The Nova Scotia legislature prorogued last week as planned when the house opened on Feb. 4. Royal assent was given to 113 bills. It was necessary to hold several special sessions to process all the legislation but at no time were the committees under the heavy pressure of last year's session when so much intricate and important legislation had to be dealt with. The final sitting, traditionally, lasted beyond midnight but the Law Amendments Committee had completed its business well before midnight and the Private and Local Bills Committee had finished well in advance of that group.

From the opening of the session the Government established full control of the proceedings in the sense of proving its sound administration. The outstanding piece of legislation to be presented was Labor Minister Pyke's bill to amend the Workmen's Compensation act which provides better conditions and larger payments for many who need to seek aid or compensation under the Act. This bill alone adds much to the welfare of the people of Nova Scotia.

A record outlay of some \$76,000,000 with income also in tune originally called for a surplus in the vicinity of \$270,000. When Government efforts to have coal subventions increased by the federal authority succeeded, Premier Stanfield said he felt it only proper that the province should participate to the extent of \$500,000 in the overall increase of more than \$4,000,000 to aid the sale of 700,000 tons of industrial coal in new markets in Ontario. Paring of various departments plus much of the forecast surplus will reduce it to about \$30,000 but the major objective had been gained — a tremendous assistance over and above all other arrangements to help the coal industry.

The Premier and Mines Minister Manson are scheduled to visit Ottawa shortly to discuss long range plans for the provincial coal industry in an effort to seek a new and more stabilizing formula.

Tuesday March 24th, Testaments were presented to the Tiverton pupils by Rev. Derby and Rev. Ideson.

The Gideon Bible Society is noted for its gifts of Bibles and Testaments to Schools, hospitals, and its gifts of Bibles to each room in Hotels, Motels, and Prisons. They are a group of Laymen and women who give of their money and see to it that all these places are provided with the Word of God. Their headquarters for Canada are in Toronto.

THE BIBLE TODAY

The content of the Bible is "Explosive"! It is that. The Rt. Rev. Angus J. MacQueen, Moderator of the United Church of Canada, in thanking Bishop Chanda Ray of India for the address he gave at a Bible Society Meeting said:

"I remember when I was a student in College and taking New Testament Notes, I had a large grey-covered notebook and on this book for the New Testament I had written the initials N. T. on the outside cover. Some came along and just added T in front of the N. T. That's right, for that is exactly what the Bible is. It's T.N.T. It's an explosive force, it's something powerful and dynamic. The man who once said, 'A book may be more potent than a battle', may well have had in mind the Book we call the Bible or Holy Scriptures."

Suggested Scripture reading for next week:

April 5, I Samuel 3: 19-21, 7: 1-17.
April 6, Rev. 2: 1-17, Rev. 2: 18;
April 7, 3: 6.
April 8, I Samuel 8: 1-22.
April 9, I Samuel 9: 1-14.
April 10, I Samuel 9: 15-27.
April 11, I Samuel 10: 1-13.

Brown Sugar Or Beer?

For thirteen successive years the Cambridge (England) boat crew beat the Oxford crew in the annual race, between these two great colleges.

For these thirteen years the Oxford crew did everything except one thing to win over their rivals. During this time, while the Oxford team used beer, the Cambridge crew trained without beer; the Cambridge captain regularly recommended brown sugar as a stimulant together with good food and it worked!

But the sequel of this story is worth telling. The next two years the Oxford team cut out the beer, and for those two years the Oxford team won the race! The commentator who asserts that "Science is chasing alcohol off the map of human affairs" seems to be speaking from a common sense as well as a scientific point of view.

DIGBY, NOVA SCOTIA, THURSDAY, APRIL 9, 1950

VOLUME LXXXIV, No. 32

Begins Fourth Term

Floyd W. White, a native of Southville, Digby County who has been living in Belmont, N. H. for some years, was recently re-elected for his fourth term as selectman. He is at present chairman of the board.

Store Front Smashed

A runaway truck at noon Wednesday completely smashed the store front of Hood's jewelry store on Digby's main street.

Fortunately, no one was standing on the sidewalk when the truck, owned by Digby Dairy Ltd. and driven by Godfrey Griffiths, mounted the sidewalk, tore down two parking meters, sideswiped a car and smashed into the store front.

The accident occurred as the driver was bringing his truck into the curb. He applied the brakes but found they would not work. He then attempted to pilot the truck along the sidewalk but the fender hit the store front, smashing the plate glass window and tearing down the supports.

This is the second such accident in the immediate area within a few months. Some months ago a car driven by Mrs. P. C. Outhouse went out of control and smashed a window of Pyne's Market immediately next door to the jewelry store.

Civil Defence Program On April 23 & 24

A meeting of the Civil Defence organization of Digby, held at the Fire Department Hall Monday night was attended by representatives of the local organization who heard Major R. Douthwaite, deputy coordinator of the Province, brief them on the coming civil defence paper scheme to be run on April 23 and 24th.

The part that the Town of Digby will take in this scheme will consist of approximately two hours of Friday night, April 23rd, from 10:00 p.m. to midnight. Ham radio operated by Mr. Louis Darras, of Bear River and the RCMP radio of the Town will pass messages between the Local Headquarters and Nova Scotia Civil Defence Headquarters, Halifax.

Also at the meeting Monday night a lengthy discussion was held on the possible ways and means that a paid coordinator could be employed for Digby County. It was felt that if Civil Defence were to operate at all in the area that the County, as well as the Town, had to be organized, and this would take full time employment.

Digby B.Y.P.U. Entertained

Members of the Digby Baptist B.Y.P.U. were guests of the Hill Grove B.Y.P.U. on Tuesday evening. After the devotional service which was conducted by the young people of Hill Grove, the evening was spent in games and contests. Caroline Murley, President of the Hill Grove B.Y.P.U., welcomed the guests, and at the close of the gathering Ethel Embree, president of the Digby group, thanked the Hill Grove B.Y.P.U. for a very pleasant evening.

The pastor, Rev. H. S. Hartlin, spoke briefly on the splendid meetings conducted by both groups during the winter and the important place the B.Y.P.U. organizations have in the life of the young people.

Following the serving of refreshments the meeting was closed with the singing of a fellowship hymn.

Observe Nature Sunday April 12

On April 18, 1947, by an Act of Parliament, the Members of The House of Commons and Canadian Senators by a unanimous vote passed a Bill which created what is known as National Wild Life Week — a week when all schools in the ten provinces have been asked to stress the importance of Conservation of not only our Wild Life but all our natural God-given resources.

The week also acts as a living memorial to the late Jack Miner, Canadian Naturalist, whom Edgar A. Guest, the Detroit poet, always referred to as 'the best loved Christian in America'. The week is always to be observed on the week of April 10th — which was the birthday of the late Jack Miner.

Sunday, April 12th, this year, has been designated as Nature Sunday in the Churches of Canada and fifteen thousand ministers have been asked to preach on 'God's great out-doors' — 'God in Nature' — 'God the Creator' — or other similar topics and to dedicate and sing the great hymns of the church as a memorial to the late Jack Miner. Among Jack Miner's favorite hymns were — 'Rock of Ages Cleft for Me' — 'How Firm a Foundation' — 'Nearer My God to Thee' — 'What A Friend We have in Jesus' — 'Ava Maria' — and others.

Game Society To Meet

An ambitious program for the year is under consideration by the Digby East Fish and Game Association, it has been learned.

Efforts are underway to secure a lakefront property for use of the association to promote skeet shooting, archery, fly fishing and other sporting activities.

An all-out drive to promote membership in the association is underway and it is felt if membership can be increased greater interest in sport activities and game conservation can be developed.

A special supper meeting for members of the association has been planned for April 14th in the Digby Legion headquarters. Films will be shown and matters of real interest to fish and game enthusiasts will be discussed.

New Booklet Gives Facts On Hearing Health

How to detect and cope with possible natural hearing losses is subject of a new public service booklet entitled "Naturally You Can Hear Again". It is being offered free to all interested individuals by Mr. J. E. Ramsay president of Acousticon Maritimes. The Handsomely illustrated 16-page booklet not only details the working of the human ear but offers suggested solutions to the many psychological and physical problems that result from various hearing losses.

Particularly noteworthy is the fact that all the writing in the booklet has been adapted from a thoroughly medical point of view into easily understood, non-technical terms.

The various subjects discussed concerns: natural hearing;

Priest Native Son

The ordination of Hector J. Melanson, son of Mr. and Mrs. Vincent F. Melanson of Church Point, was solemnized at St. Mary's R. C. church with His Excellency Msgr. Albert Lemenager of Yarmouth officiating in the beautiful ceremonies. Rev. Hector Melanson is the twelfth young man to be ordained in St. Mary's Church of Church Point and of the twelve six are still living. Practically all were native sons of the parish of St. Mary's which comprises the villages of Comeauville, Little Brook, Grosses Coques, Little Brook Station and Church Point, all within a radius of four miles of the church.

St. Mary's church, with its beautiful interior, was decorated for the ordination. This church is the largest wooden building in Canada and the largest wooden church in North America. The pealing of its beautifully toned bells, of which there are three, the largest of which is over five feet tall, recalled the joy of the parish to see one of its sons being raised to the priesthood.

Colorful and solemn, the ordination was performed by Msgr. Lemenager. St. Ann's college choir was in attendance and persons from the four corners of the Municipality of Clare were among those who assisted in the religious services. Relatives attending were: Mr. and Mrs. Arnold Melanson, Wallaston, Mass.; Mr. and Mrs. Philip Melanson, Halifax; Mr. and Mrs. John Melanson and Miss Agnita Melanson, of Church Point; Arnold, Philip, John and Agnita were brothers and sister of the newly ordained priest. Mr. and Mrs. Adolph Melanson, Milton, Mass.; Mr. and Mrs. Mandel Melanson, Mass.; Celeste Morse, Dorchester, Mass.; Leonie Cormier, Waltham, Mass.; Mr. and Mrs. Frank H. LeBlanc, Mr. and Mrs. Sinclair Thibodeau, of Church Point; Mr. and Mrs. Louis Saulnier, of Saulnierville. Adolph and Mandel are uncles, Mrs. Frank LeBlanc, Mrs. Sinclair Thibodeau and Mrs. Louis Saulnier are aunts of the priest. Others attending were Mr. Fred Blinn, of Plaiston, N. H., and John Deale, of Halifax.

A reception was held at the home of the newly ordained priest's parents from two to four in the afternoon. He celebrated his first mass on Monday morning at 10 o'clock at St. Mary's church following which a banquet was served for immediate relatives and friends.

PERFECT CRIB HAND

Mr. Walter Titus, Sr., Westport had a perfect crib hand which was three fives and Jack of spades in his hand and five of spades turned up on the deck. The game was played in the store of Mr. Holland Titus, where men gather every night to play crib, etc.

natural hearing losses, their causes and how to detect them; how to best approach a solution to the problem if it exists. Included also is an entire section devoted to questions which when answered, give the individual insight to his personal hearing abilities.

Mr. J. E. Ramsay announced that he has a limited supply of these helpful and informative booklets which he will be glad to give free to anyone who writes, phones or stops in to see him personally at his office at 19 Argyle Street, Halifax, N. S.

Police Investigate Garage Break

An attempted safe breaking at the premises of the MacDonald Motor Co. Ltd. Sunday night is being investigated by local police.

Entry was made into the garage by breaking a window. The safe was drilled into, hinges sawed off and the dial smashed. A pop cooler and cash register were also molested. It is understood there was little cash in the safe.

A two tone 1959 car, evidently taken at the same time as the break, was recovered Monday undamaged at the rear of the municipal school bus garage.

It was learned shortly before press time that police have apprehended a suspect in the MacDonald Motor Co. Ltd. break. They have the man in custody and a charge has been laid. Hearing will be held Friday morning in magistrate's court here.

Mr. and Mrs. H. L. Woodman have returned from Lubec, Me., where they were called due to the death of Mrs. Woodman's mother, Mrs. Irving Zwicker.

Hear Reports On Library Service

Details concerning steps necessary to have a regional library service established in Digby were outlined by Mrs. Anne McCormick, of the regional library service, Halifax, and Miss McKay, Annapolis regional librarian, at a special meeting of the town council here.

In attendance at the meeting with the council were representatives of the municipal council and a number of representatives of districts in the municipality.

Mrs. McCormick stated the present library service in Annapolis, Kings and West Hants was at a peak and she felt would be unable to extend to include the Digby area. An area with some 40,000 population was considered necessary for the operation of a regional library service, she stated. To extend the library service from Annapolis, she said, would require additional staff there and also a further bookmobile.

With regard to costs Mrs. McCormick stated a bookmobile would cost in the vicinity of \$6,500. To this would have to be added the cost of book stock, the cost of operating the service, and salaries for driver and librarian. To assist in the costs, she stated, the province provides a grant of up to thirty-five cents on a per capita basis. Based on an estimated cost of \$22,300 to serve an area covering Digby and Yarmouth counties this would mean the province would provide \$6,504.15 and the local area \$15,345.85 or a total of 78 cents per capita.

Mrs. McCormick stated she felt the population of the town and municipality would not be sufficient to qualify for the regional library service and suggested contact be made with Yarmouth. It was also suggested the matter be discussed with the Annapolis Valley regional library board to see if some workable arrangement could be made with this board.

Some discussion was had concerning the possibility of providing a regional library service in the town. It was stated this would have to be tied in with an existing stock. It would entail costs for book stock, provision of quarters and staff. Mrs. McCormick stated.

At the close of the meeting it was decided a report of the meeting would be presented at the next meeting of the town and municipal councils and these bodies would be requested to set up a committee to secure further information on the matter.

Has Birthday Party

On Easter Sunday, 29 March, Julia Anne, daughter of Cpl. and Mrs. Gerald (Tony) Byrne, of Oromocto, N. B. and Digby, N. S., entertained at a birthday party to commemorate her 8th birthday, which falls on April 1st.

Twenty-one of Julia's little friends attended and she received many lovely gifts and cards. On 1st April Julia entertained one of her friends at dinner and made her traditional birthday telephone call to her grandmother, Mrs. Mary J. Saulnier, of Digby. Julia had a nicely decorated cake for each occasion.

Teaching Johnny To Read

What he seeks is "Why Johnny can't read." But what Charles Moore finds is that "Johnny can't read," with proper help. Giving this help is Charles Moore's job as head of the remedial reading program for the Vashon Island's elementary schools.

Moore spends his day working with students at the schools who have trouble reading, comprehending what they read, spelling and arithmetic.

A new approach to the teaching of reading in Island schools has also permitted him to help students with speech impediments and emotional problems. These students, although capable, have missed some fundamental in the process of learning, and it is Moore's job to find the source of trouble.

Under the heading of Special Education, Moore holds 40 minute classes alternating between Vashon and Burton, half a day each. His largest class is composed of six pupils and some get individual attention. He works with 37 students each day. Some of the students need only six weeks of the specialized teaching, and others need the whole school year, he states.

All of his students make progress, he states, although certain cases make him especially proud — like the case of the 6th grader who read at the 3rd grade level. The student is now in junior high, and receiving B grades.

"Just remove a few of these blocks and things clear up quickly," Moore says.

Moore has built up a library in his room of more than 200 books, which were intended for use by the children in his classes, to motivate an interest in reading.

Each classroom has its own library and reference material, but now many fast readers drop in to take out books when they exhaust their other sources. The books are especially designed to develop reader interest, and are purchased through the school's library fund.

Although principal of Vashon Grade School for 16 years, Moore prefers teaching to administration. He was born at Westport, N. S. son of the late Mr. and Mrs. James Moore. He has one brother, Capt. Albert Moore, living at Westport, and one half-sister, Mrs. Gordon Morehouse, living at Centreville. He was graduated from high school in Canada, and Bethany Normal, in West Virginia. He received a bachelor of arts degree from Seattle Pacific College, and has done post graduate work at the University of Washington.

Prior to moving to the Island in 1938, Moore spent several years in Alaska. He started the first school for white children on the lower Kuskokwim River at Bethel. He was the only teacher when the school began. It has now grown to a staff of 14. He also was superintendent of an orphanage for natives for 10 years.

Mr. Moore will retire in May and expects to visit his brother, Capt. Moore, at his old home at Westport.

When he moved to the Island he taught at Cove's Columbia School. When it became consolidated with the Vashon Grade he became principal.

A specialized piece of equipment for use with the reading and remedial programs was purchased this year. It is a 500-watt machine called a controlled reader, which throws stories on the wall, a line or phrase at a time.

The machine has different speeds and is used to help students learn to read faster and also phrases sentences so students can become familiar with correct reading habits.

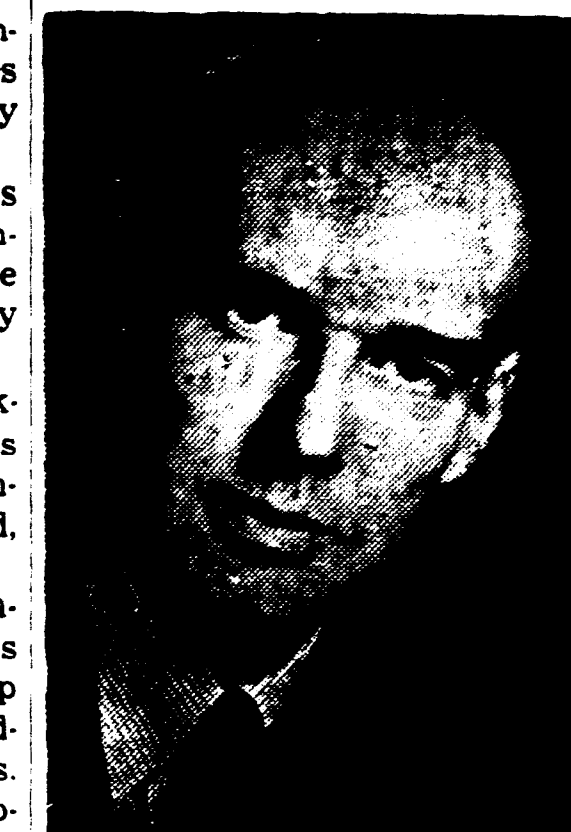

At the beginning of each film, vocabulary words — the first essential to comprehending a story — are shown and studied.

Get Unexpected Holiday

Pupils at the Digby elementary school got an unexpected extension on their Easter vacation this week when the heating plant in the old academy building broke down Wednesday morning.

Classes at the school, which resumed Monday after the Easter break, are not expected to be in operation until sometime next week, it is understood.

Premier Makes Statement

This year, April 5 to April 10, will be observed in Canada as National Wildlife Week.

April 10 is the anniversary of the birth of the late Jack Miner, the great Canadian naturalist who devoted his life to the cause of wildlife conservation. The great work which he began and developed is being carried on by the Jack Miner Foundation.

We owe a debt of gratitude to the man who forcibly brought to the attention of this nation the need for and the benefits which arise from a wise programme of conservation. We must carry on this and conserve the wildlife resources of Canada.

It gives me great pleasure to commend to all Nova Scotians the observance of National Wildlife Week.

To Landscape Cemetery

At the meeting of the Admiral Digby Horticultural Society at the home of Miss Dora Warne on Wednesday evening, plans were made to continue with the cemetery project at the plot on Warwick St., generally known as the Holdsworth cemetery. It is expected that K. V. Jankov, of the Experimental Farm, Truro, will be in Digby on April 21 to assist with the landscaping.

The Horticultural Society has been invited to participate in the Rose Show in conjunction with Annapolis Royal.

Plans were also made on Wednesday to hold the usual Spring Plant Sale.

DFD ACTIVITIES

At the regular meeting of the department held last Wednesday a considerable amount of business was transacted, including a decision to have a Peanut Day on May 22nd at which time the Planter's Peanut caravan will be in Digby. This project is carried on with the assistance of the Boy Scouts.

It was reported that there would be a civil-defence scheme on April 24th during which time Civil Defence authorities and the fire department would participate.

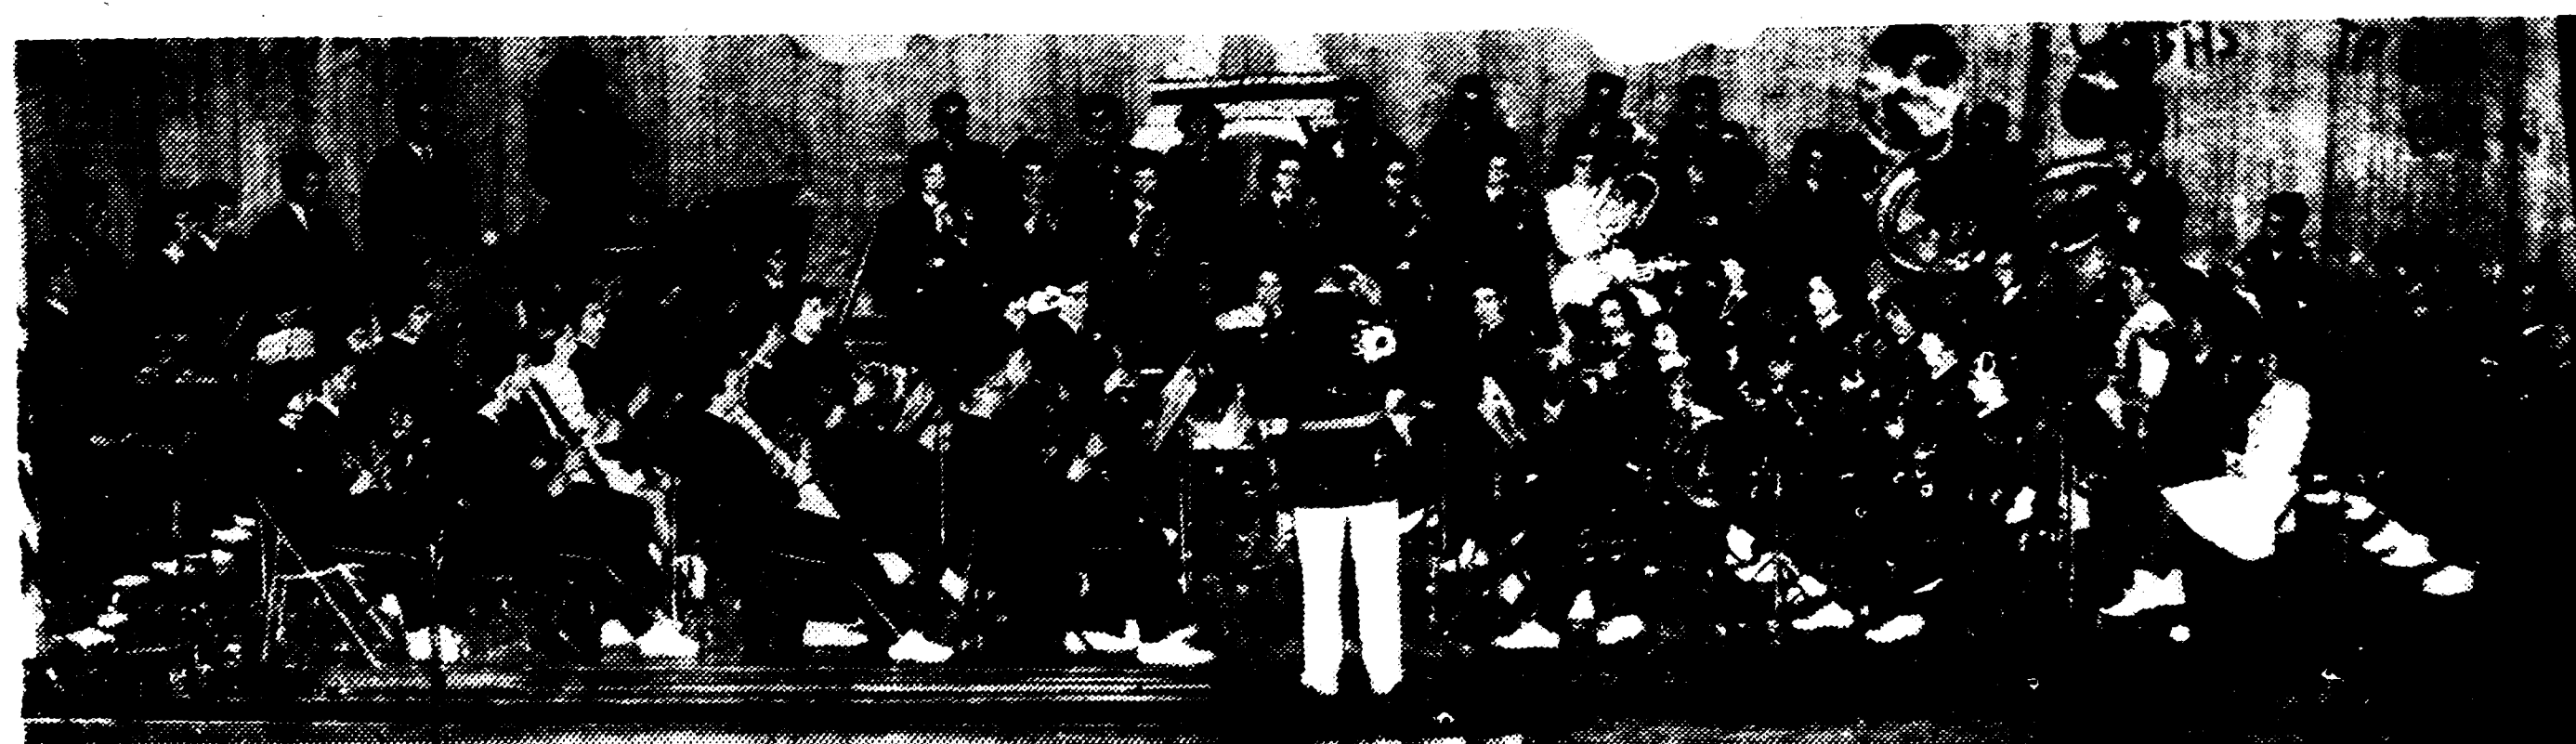

Decision was reached to purchase shoulder badges for uniforms for all members of the department. This will dress up the uniforms and identify the members. Lapel pins have also been ordered for those members who have placed their orders with the officers.

Reports were received from the sick committee regarding sick members and all were reported recovering, with the exception of Gerald Haye who has been in hospital with pneumonia. However, we understand Gerry is recovering at this time and we sincerely hope he will soon be out.

Tuesday evening the executive of the department met to continue from a previously cancelled meeting due to sickness. The purpose of the meeting was to draw up duties of different committees due to the fact that this had not been done on previous occasion, causing some misunderstanding as to the duties of each committee.

Classes begin next Wednesday on training from the new manuals and a film will be shown on the Chemistry of Fire.

Famed U. S. School Band To Visit

Above is shown the Winslow High School Band of Waterville, Maine. This noted band, composed of twenty four boys, forty five girls and a group of majorettes, will visit Digby on April 15th, during the course of a visit to western Nova Scotia.

The band will travel in two

school busses from their home school, crossing over to Nova Scotia on the M. V. Blue-nose. They will present concerts in Digby on the evening of April 15th, at the regional high school auditorium and also in Yarmouth and Annapolis Royal. While in Digby the members of the band and those accom-

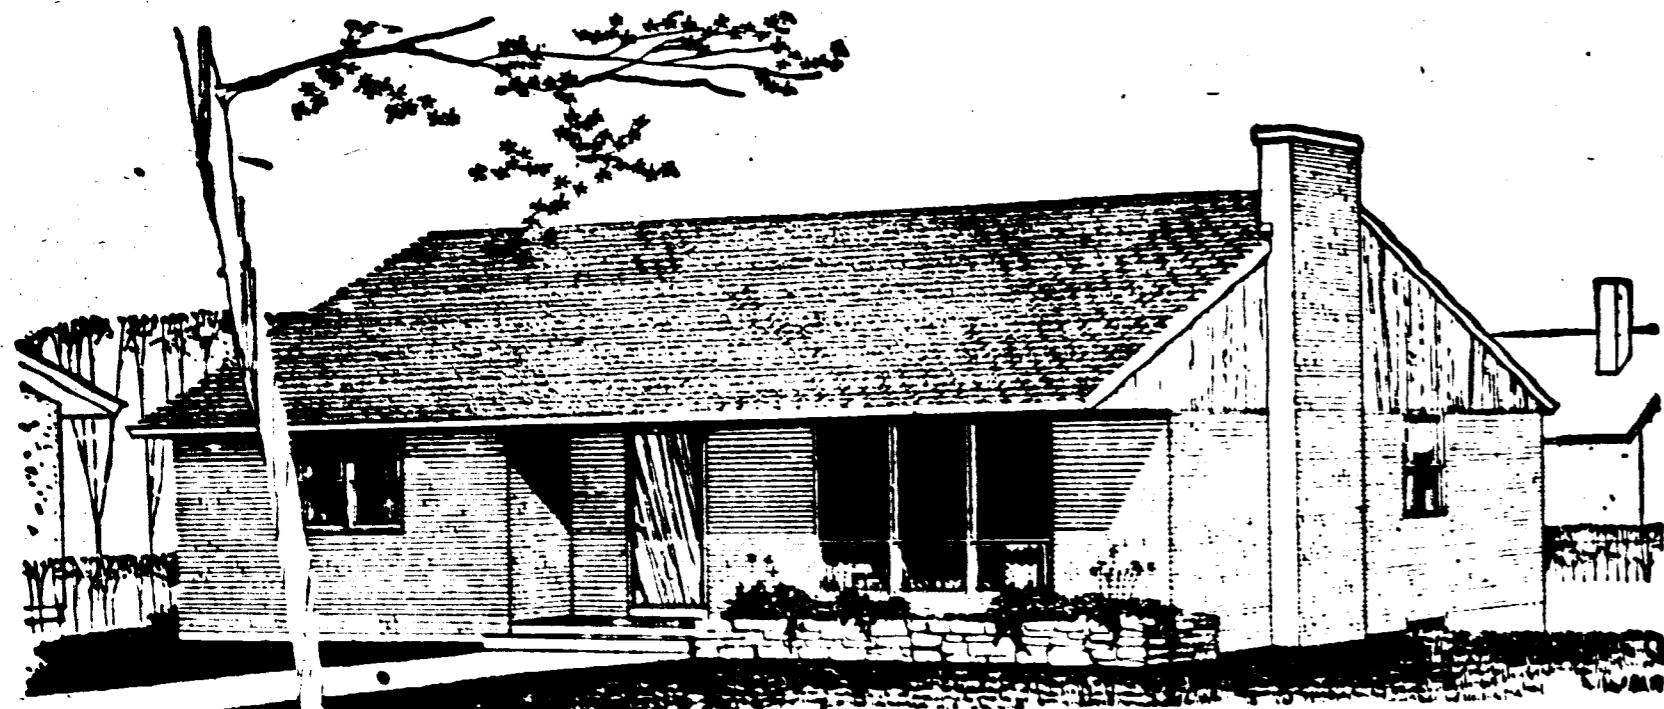

panying them will be guests of parents of pupils of the Digby regional high school. Accompanying the band will be a photographer who will take colour movies of the aggregation's trip to Nova Scotia. Director of the band is John S. Davidson.

The band is noted for its excellence and has a high reputation in high school band circles in the eastern United States. A varied repertoire will be presented at the concert here on the evening of April 15th, with well known marches, popular pieces and classics being featured.

Winslow High School from

which the visiting band is coming has participated in exchange programs with Nova Scotia schools and some years ago a number of pupils from the Digby regional high school attended Winslow high on an exchange basis.

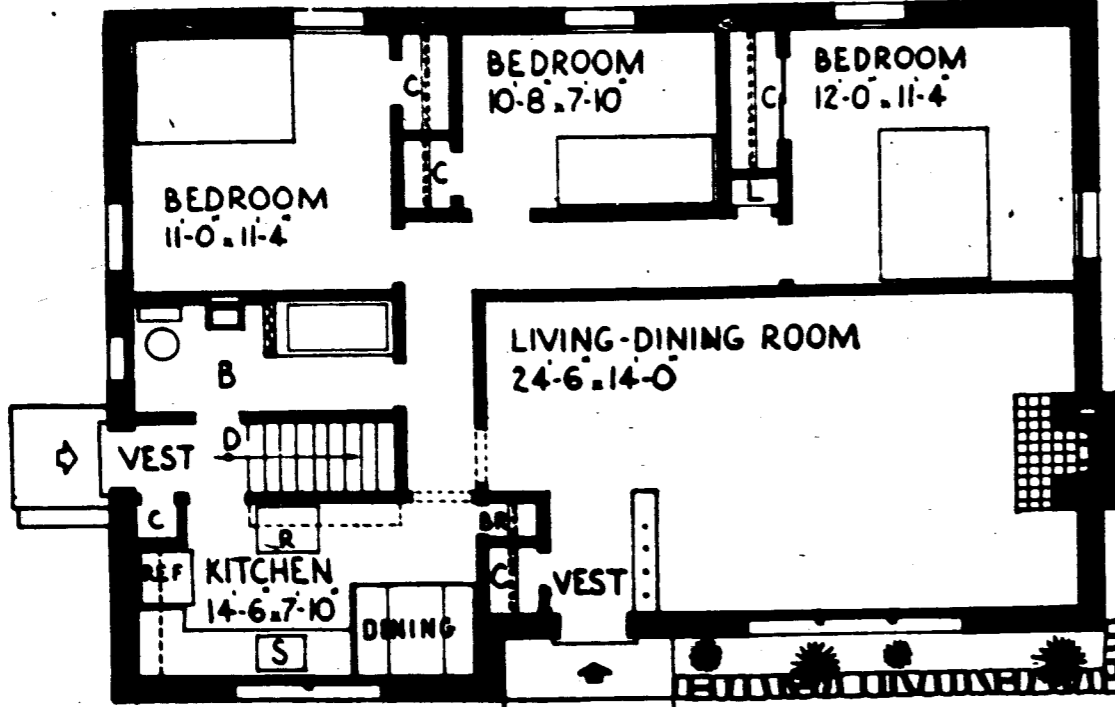

Appealing Bungalow Design Caters to Busy Housewife

Architect M. G. Dixon, of Ottawa, gave sympathetic consideration to the busy housewife when he designed this three-bedroom bungalow. He has concentrated his efforts in providing a well-arranged kitchen and work area in the house.

A handy dining nook and ample cupboard and shelf space are features of the kitchen. The convenient side service entrance, with vestibule and coat closet, as well as a second access to the bathroom will save the housewife many steps in looking after the needs of small children. Another highlight of the plan is the large combined living dining room with its long unbroken wall to facilitate the placing of furniture.

The total floor area is 1,295 square feet and the exterior dimensions are 41 feet by 30 feet. Working drawings for this house, known as Design 269, are available from Central Mortgage and Housing Corporation at minimum cost.

Hill Grove

Mr. and Mrs. William Roope who have been spending the winter at Fort Myers, Florida, returned on Saturday last after a very pleasant holiday.

Miss Reueta Kinney of Ashmore was a weekend guest at the home of Mr. and Mrs. Robin Minard.

Miss Irene LeBlanc of Digby was a recent guest at the home of Mr. and Mrs. John Griffin and P.O.2 class Billie Griffin of Halifax was also a visitor here.

Mr. and Mrs. Chester Keen and daughter, Genevieve, who were the guests of Miss Mary Marshall, R.N., who is taking a course at University of Toronto over the Easter holidays, returned on Saturday. They made the trip by T.C.R. plane.

Sea Brook - Roxville

(Mrs. Clarence Porter.)

Miss Edna Height and friend of Amherst were weekend visitors of her parents, Mr. and Mrs. Herbert White.

Mrs. Guy Porter and daughter Loretta and Miss Barbara VanTassel were Sunday evening guests of Mr. and Mrs. Patrick Collins.

Mr. and Mrs. Patrick Collins were Tuesday evening guests of Mr. and Mrs. Clarence Porter.

Prayer meeting was held at the home of Mrs. Guy Porter on Monday evening.

PASTOR REMEMBERED ON BIRTHDAY

The Ladies Sewing Circle, Freeport, sponsored a crokinole party in the Vestry on Friday evening. Prizes went to Mrs. Norman Perry and Mr. Ernest Haines.

At the close Rev. W. Ideson was called to the platform and was presented with a leather brief case by Victor Finigan, the occasion being Mr. Ideson's birthday.

Although taken completely by surprise Mr. Ideson thanked the gathering for their thoughtfulness and said it was one birthday he would not forget.

Delicious refreshments were served by the ladies including a decorated birthday cake.

Top Announcer

Topping the list in this year's Liberty Magazine All-Canada TV poll for "best announcer" was Bruce Marsh, 32 year old CBC staff announcer. In addition to his television duties, Bruce Marsh is regularly heard on the Trans-Canada and the Dominion networks of CBC radio.

1958-59 Family Allowances

In the fiscal year just ended, the children of Nova Scotia benefited by \$20,569,049 from Family Allowances. This was the province's share of the four hundred and fifty million dollars distributed last year by the Government of Canada under the Family Allowances Act.

At the end of March, benefits were going to 103,105 families on behalf of 258,684 children, giving an average payment per family of \$16.79, and \$6.69 for each child. In Nova Scotia, the program is growing at the rate of just about two percent a year. In 1958-59, the number of families on pay increased by 1,596 and the number of children by 4,971.

During the year, applications were received for 19,307 children, almost exactly the same as last year. Of these, some seventy percent, or 13,447, came as additions to families already in pay. The remainder were from families applying for the first time.

A special feature of the Family Allowance legislation is the fact that a parent has no right to allowances if a school age child does not satisfy the Provincial educational authorities with respect to school attendance. Through the cooperation of the Department of Education and the Department of Education, reports are forwarded to the Family Allowance office. This makes it possible to discontinue allowances for children illegally out of school.

Since April 1, 1958 a total of 1,490 children were so reported. Out of this number, 443 returned to school and so again became eligible for allowances. However, 494 were still out of school at the end of March. Over the past three years there has been a considerable drop in the number of children reported as in unsatisfactory attendance. This probably indicates an improvement in overall attendance, for there has also been a drop in the number of children found to be working for wages.

In a program such as Family Allowances, with payments going to a hundred thousand families a month, it is inevitable that some of the allowances will go to people who have no right to them. Generally speaking, this occurs when children are away from school, working, or absent from Canada.

In actual fact, the amount of overpayments is really very small, and most of it is collected through adjustments in future payments. At the end of the fiscal year, there was still outstanding just over \$6700. Most of this will be recovered, for only \$2400 has been classified as probably uncollectable. When viewed against the payment of twenty million dollars a year, this amount is certainly surprisingly small.

HOME DIVISION MEETS

Letter to the Editor

71 Morris Street,
Halifax, N.S.,
April 2, 1959

Mrs. Edith M. Wallis,
Editor,
Digby Courier,
Digby,
Nova Scotia.

Dear Mrs. Wallis:
We have heard people say "all I know is what I read in the papers". While essentially a cliché, the saying is oftentimes true. In the case of many organizations and agencies in our communities, the only knowledge the public has of them is through the newspaper, radio and television accounts of their activities.

For your faithfulness in presenting its "case" throughout the year, the Nova Scotia Division, Canadian Red Cross Society, wishes to thank you. Your valued contribution to the success of the Society was recognized at the recent annual meeting when President, Harvey R. Doane, proposed a resolution thanking the information media for their "excellent coverage and co-operation". Needless to say, his sentiments were enthusiastically seconded by Commissioner Charles L. Hilsley and all others in Red Cross.

For publicity given to the annual meeting, financial campaign, Women's Work, Junior Red Cross, Swimming and Water Safety Week, Blood Donor Clinics and all the business that goes on during the year, those of us who promote the Society's work from this end are most appreciative.

Our greatest wish is that this fine co-operation may continue throughout 1959.

Sincerely,
Marcella Brown,
Publicity Chairman,
N.S. Division,
The Canadian Red Cross Society.

This minister of finance says —

"Yes, we can afford it!"

Mother's decision has not been arrived at lightly. Her peek into her purse is anything but casual—for as family minister of finance she is also keeper of the budget. She weighs every important purchase carefully, because she has a dozen places to put every dollar . . . and only so many dollars.

The same problem—a dozen places for every dollar—is a familiar one to the Minister of Finance at Ottawa. His budget is around six billion dollars. This very large sum of money is spent through various government departments. It's no secret how the Minister of Finance obtains this money. He gets it largely in taxes from millions of Canadians like you. If he spends more than he gets from you, he must turn around and borrow from you the amount he has overspent . . . or else create new money.

The creation of new money is one factor that leads to inflation—when the dollar buys less and less. So, as a thrifty Canadian, you are wise to ask government only for those services you are willing to pay for . . . with taxes. Personally you try to pay as you go, to live within your income. It's important that government try to do the same thing.

You want to live well now and to realize all your ambitions for the best possible future. That future is tied up with a sound dollar—a dollar whose purchasing power you can depend on.

Report From Parliament Hill

Hon. George C. Nowlan.

March 30, 1959.

Parliament closed for its ten day Easter recess on Wednesday afternoon. That session had been a quiet one because once again the Members of the House of Commons were paying tribute to one of their colleagues who had died in the building the preceding night. Two deaths within a week reminded everyone of the uncertainty of life and particularly the pressure under which Members of Parliament were working.

But if the session itself was quiet a strong gale blew immediately afterward. During that session the Prime Minister had announced that the Government was carrying out the terms of the Royal Commission Report in making special grants available to Newfoundland up to and including 1962 and retroactive to 1957. These arose in this way. At the time Newfoundland entered Confederation no one knew exactly how it would be able to finance its affairs with respect to the rest of Canada and with particular reference to conditions prevailing in the Maritime Provinces. Therefore it was provided in the terms of union that at the end of ten years a Royal Commission would be appointed to study the financial affairs of the province and to make a report thereon. This Commission reported that for the five year period commencing in 1957 other Maritime Provinces at the additional grants varying in amounts from over six million

to over eight million a year should be paid to that Province. The Commission did not say that the payments should stop in 1962, neither did it say it should be continued. Therefore, the Prime Minister simply announced that they would be carried on to 1962 when the problems of Newfoundland would be reviewed in the light of existing circumstances at that time. This would appear to be a reasonable statement and certainly aroused no particular interest in the House when the statement was made.

But that night Joey Smallwood, the redoubtable little Premier of Newfoundland, put on an histrionic display which hasn't been equalled since the old Medicine Man of the original fairs used to sell the medicine that was good for everything from corns to toothache. He alleged that the Province had been betrayed and ordered all buildings draped in mourning, addressed the students of the University who promptly hanged the Prime Minister in effigy.

I suspect the Premier of Newfoundland aroused considerable sympathetic interest and probably support in that attitude which he had taken towards Labour Unions in that province. But I am confident that the whirlwind dervish act which he has put on during the last few days, which could only be found in a Barnum and Bailey circus, will arouse laughter rather than sympathy.

After all by 1962 the Province of Newfoundland will have received in direct financial grants to the Government of Newfoundland (exclusive of Old Age Pensions, Baby Bonus, etc.) over three hundred and sixty-two million dollars. This is hardly an amount which would prompt the Government of Newfoundland to secede from Confederation. It is also one, which if spent wisely, would probably put the Government services of that Province in a superior position to those of the Maritime Provinces which have not had such monies available to them. And after all that is the Newfoundland and to make a report thereon. This Commission reported that for the five year period commencing in 1957 other Maritime Provinces at the additional grants varying in amounts from over six million sure that the Government of

Canada will, as the Prime Minister said, give sympathetic consideration to the problems of that province in the light of conditions prevailing at that time.

It was also announced on Wednesday afternoon that the Budget would be brought down on the evening of Thursday, April 9th. The Kentville Lions Club will now know why it was suggested that a certain meeting be postponed for a week!! It would, of course, be desirable to be in the House when the Budget is delivered, but not at all necessary. But immediately prior to the Budget its provisions will have to be considered very carefully by the members of the Cabinet and this consideration may last for some days prior to April 9th. It, therefore, is necessary for all Members to be present during that period.

Of course, a great deal of consideration has been given to the Budget already. I think on another occasion I explained how every tax suggestion that came in from every organization, and any individual, was reviewed by officers of the Departments of National Revenue and Finance. Those reviews have been going on for the past two months. A columnist in one of the Ottawa papers wrote on Saturday of "Revenue Minister Nowlan and Finance Minister Fleming, together with their top aides working for weeks on proposed changes to the Budget". That work has been going on and is now, thank goodness, completed. But that does not envisage any substantial changes which might be made in Taxation by the Budget itself. These have to be kept a top secret, and would not even be discussed in a circle of fifteen to twenty top officials. The Minister and one or two senior officials, together with perhaps one or two close friends in the Cabinet, and with the Prime Minister has generally to consider the policy which he is going to follow. Is he to raise taxes, is he to lower them, or is he to hold the line where it is. Those decisions haven't been made, and careful estimates have been worked out as to the results which may be obtained, then these have to be approved by the Cabinet as a whole. Last April Mr. Fleming estimated a budget deficit for the year closing the 31st of March at seven hundred million dollars. The Opposition say that this will approximate a billion dollars but Mr. Fleming seems fairly confident that his estimate will not be far astray. But in any event one does not have to be a prophet to estimate that the deficit for the coming year will be very large, with even an expanding economy, and given the same tax rate as prevails at the present time. Speculation is rife here as to whether the Minister will raise taxes substantially, or only moderately, or hold the line and wait for expanding economy to overcome the deficit some time in the future. Certainly no one is prophesying reduced taxations at this time. Unless something unexpected happens, you will know the answers on the night of Thursday, April 9th.

KEEPING ON

Many years ago, Dr. Lyman Beecher preached to one hearer on a very stormy Sunday night, and the man went out before the minister could approach him. Twenty years afterwards, in a pleasant village in Ohio, a stranger accosted Mr. Beecher, saying: "Do you remember preaching some twenty years ago, in such a place, to a single person?" "Yes," said the doctor, grasping his hand, "I do, indeed, and if you are the man, I have been waiting to see you ever since." The answer came, "I am the man, sir; and that sermon saved my soul and made a minister of me, and over there is my church. The converts of that sermon are all over Ohio."

Never minimize the influence of a real saint of God. If you are that faithful witness, keep on. If you may be discouraged, thinking that no one is being helped or blessed, keep on.

God has his empowered men and women everywhere. They may not be many but even one with God is a majority.

We never know in what off-hand moment, a soul may be reached and saved for an eternal future. The very best thing we have to give others is the sincere testimony of what God has done for us.

Keep on keeping on!

A New Publication

The Editor last week received a copy of the first issue of a new church magazine, the Haliburton United Churchman, published by Rev. William Armitage, now pastor at Haliburton, Ont. but formerly in charge of the Weymouth United Church.

The new publication is an excellent one and reflects credit on its editor and publisher, Mr. Armitage.

In a pastoral letter contained in the first issue Mr. Armitage states the preparation of such a magazine has long been a dream of his and says he sees in it a great potential of Christian influence. He also expresses the hope it will create a deeper interest in the United Church and its doings in the Haliburton area.

Mr. Armitage also says in his letter that his new publication is a venture of faith and expresses the hope his official board will study the new paper and assess its worth to the charge. If they are impressed he says he hopes they will see fit to assist in its monthly preparation and publication.

AWAKENING

We can smell it in the air; the scent is in the breeze.

A chaffinch on the wing; the south wind in the trees.

A small, grey, twittering sparrow, hopping through the larksprays.

Soon helps us to forget the dark and melancholy days.

A new life now is opened and our joy we should renew.

The things that we have dreamed of winterlong should now come true.

So, off across the meadows we shall go with rod in hand

To find a shaded fishing nook, a school boy's wonderland.

Those bubbling brooks of Springtime, running with the melted snow.

Help us forget the frost and wind we had not long ago.

The chirp of new arrivals, in the hedge and in the sky,

Make certain to our hearts that winter has long passed by.

So, up with pick and shovel, to the garden's where we're bound,

And if we're needed anytime it's there we can be found.

For long have we awaited this day through ice and snow,

Our kind of toil, to till the soil, and make all new things grow.

Leigh H. Everett.

THE DIGBY COURIER

DEVOTED TO THE INTEREST AND
WELFARE OF DIGBY COUNTY.

TERMS: \$2.50 per year in advance; \$3.50 U.S.; Single Copies 6 cents.

DIGBY, NOVA SCOTIA, THURSDAY, APRIL 16, 1959

VOLUME LXXXIV, No. 33

Town Tax Rate \$3.14

Tax rate for the year 1959 in the town of Digby has been set by the town council in special session here at a total of \$3.14 per hundred dollars of assessment. Broken down the new rate, which is two cents above the \$3.12 rate for 1958, shows \$1.90 for general purposes and \$1.24 for education.

Total expenditures for the year were estimated by the council at \$149,801.70 with sundry revenue estimated at \$34,373.10, leaving an amount of \$115,428.60 to be raised by taxation. Total net assessment for the year is \$3,676,070.

In their expenditures for the year the council included the education appropriation of \$45,366.65 which is \$8,907.54 above the amount actually expended for education in 1958. The increase is accounted for by increased teachers' salaries and the effect of the Pugsley commission report.

Public works estimate for 1959 has been set at \$18,800.00. This is a drop of \$5,461.77 from last year's actual expenditures for public works. Last year's expenditures in this department were much higher than estimated due to a number of large expenditures which were not expected. These included purchase of extra dust layer, repairs to breakwaters and to the Racquette bridge.

Estimate for health purposes for 1959 has been set at \$7,220. This is \$2,737.43 below the actual expenditure of last year due to the hospital insurance plan. Social welfare estimate for 1959 is \$5,925.00. In recreation and community service an amount of \$6,177.50 has been estimated for 1959. This is \$2,473.10 below the actual figure for 1958.

Debt service charges for 1959 have been estimated at \$22,197.50 while \$2,000 has been estimated for provision for reserves. A figure of \$5,250 for capital expenditure from revenue has been estimated for 1959. This is an increase of \$4,648.66 over the actual expenditure for last year and was made necessary mainly because of the need to replace the heating plant in the elementary school.

Included in the 1959 estimates is provision for the deficit of \$1,798.26 in last year's operations.

An amount of \$5,000 has been included in sundry revenue estimates as a transfer of accumulated profits from the town's electric light utility.

Tennis Club Underway

An all-out effort to get the tennis season underway in Digby by the traditional opening day, May 24th, is being made by the members of the Digby Tennis Club, which was re-organized under the sponsorship of several interested adults in the community late last summer.

Last year one of the tennis courts on the property of the Hotel Champlain, made available to the club without charge by Mr. J. P. Richards, was put into shape, resurfaced and fenced and play was commenced August 5th.

This year the club hopes to put a second court into shape and also to establish a shuffleboard court. Much interest is being shown in the project, both by juniors and by high school pupils and adults.

A pantry sale was sponsored last week by the high-school members of the club at which \$57.00 was raised in order to help defray past expenses and assist in the preparation of the second court and the shuffleboard court for play this year. Other monies for the project have been raised by a series of small bridge parties.

A membership committee, under co-sponsorship of Mary Garden, has been set up and efforts will be made to enlist active members in the junior, high school and adult groups and also to enroll associate members in the club. It is anticipated some fifty members will be enrolled and following this play schedules will be worked out to provide maximum play time for all members. Instruction will be given by experienced members to beginners and it is hoped the club will provide outdoor summer recreational facilities for a large group of people in the community.

Addresses Meet In Digby

Flight-Lieutenant Harold T. Cox, Chaplain at R.C.A.F. Greenwood, took as his theme "Lengthen your cords, strengthen your stakes" when he addressed the annual meeting of the Woman's Missionary Society of the United Church of Canada held at Grace United Church, Digby, on Wednesday. Padre Cox said we are dealing with a new world and the church must take on a new vision with all mankind coming within its scope, a new fellowship embracing the world and a theology with a bigger conception of God to pass on to those who are nearest and dearest to us in the kind of world in which we live today. He said we must see God's book as the living word which when opened we come face to face with God in our own generation. The church must get in and lengthen her cords and strengthen her stakes.

Flight-Lieutenant Cox was introduced by Mrs. J. R. Parr, Middleton.

The following officers were installed by Rev. James Brooks, Digby:

Past President — Mrs. J. A. Ruffee, Granville Ferry.

President — Mrs. J. M. Wallis, Digby.

1st Vice-president — Mrs. G. W. Hawkins, Kingston.

2nd Vice-president — Mrs. Henry Foote, Cambridge Station.

3rd Vice-president — Mrs. Harry Foote, Woodville.

Recording Secretary — Mrs. J. A. Ruffee, Granville Ferry.

Corresponding Secretary — Mrs. C. H. Gough, Annapolis Royal.

Treasurer — Mrs. Elton Arnold, Digby.

Secretaries:

Christian Stewardship — Mrs. J. L. Fraser, Berwick.

Mission Circles & C.G.I.T. — Mrs. Harold Willett, Bridgetown.

Mission Band — Mrs. Harold Murray, Berwick.

Explorers — Mrs. M. G. Spicer, Berwick.

Associate Members — Mrs. William Morine, Bear River.

Supply Secretary — Mrs. Harry Bath, Middleton.

Community Friendship — Mrs. Robert Parker, Cambridge Station.

Missionary Monthly & World Friends — Mrs. Frank Seward, Berwick.

Citizenship — Mrs. Fred Simpson, Bridgetown.

Press — Mrs. D. B. Angus, Bridgetown.

Candidate Secretary — Mrs. Walter Milo, Granville Ferry.

The sessions began in the morning when Rev. Mr. Brooks, assisted by Rev. D. S. MacLeod, Bear River and Rev. Bruce MacMartin, Weymouth, administered the sacrament of Holy Communion.

Mrs. J. M. Wallis, Digby, president, presided throughout the morning and afternoon business sessions. Mrs. Burton Fleet, president of the Digby auxiliary, gave the address of welcome, which was responded to by Mrs. Ira Waterfield, Lawrencetown. Rev. Mr. Brooks brought greetings from the Annapolis Presbytery and Mrs. P. H. Roop, Middleton, president of the Presbytery W.A., extended greetings from that organization.

In the president's address Mrs. Wallis gave some of the highlights from the Maritime Conference Branch executive meeting and on the subject of recruitment for full and part time service dwelt on the necessity of having young people recognize early their missionary calling in the total work of the church as witnesses in their daily life and work. In deciding on their future it would then be a matter of where and how they can best serve the missionary cause. She emphasized the necessity of the W.M.S. to impress on the young people that being a Christian was in itself being a missionary.

The treasurer's report given by Mrs. Elton Arnold showed that the allocation of \$4,125 had been met and that \$100 had been voted to Gifts for Building Advance. A vote of appreciation was extended to Milton Atkinson, Digby, for auditing the books and also to Mrs. Arnold for mimeographing and distributing the departmental secretaries' reports. Health Minister Addresses V.O.N.

The Hon. Richard A. Donahoe, Minister of Health for the province of Nova Scotia and Attorney General, addressed the Victorian Order of Nurses for Nova Scotia at the third annual meeting on Tuesday, held at the Halifax Memorial Library and taking as his subject the Provincial Hospital Plan.

Mr. Donahoe said that it would not be possible without the aid of the federal government, which pays at present more than 50 per cent of the cost.

Regarding the provincial contribution paid by the direct sales tax effective January 1, 1959, Mr. Donahoe said, "It is too early to say what the yield will be, but I am satisfied that the demands of the plan will absorb all of the yield." He went on to say that any extra money would be used for capital grants to hospitals to extend their facilities.

Mr. Donahoe stressed the benefits received by out-patients by the inclusion of x-ray examinations, diagnosis, radio and physiotherapy and x-rays. He said that our government had gone further than any other province with these benefits for patients not in hospital.

Mr. Donahoe was introduced by the president, Mrs. George Reid, Halifax, and thanked by Mrs. J. M. Wallis, Digby.

Highlighting the annual general meeting were resolutions asking for a \$20,000 grant from the provincial government, a request that the VON be exempt from paying the hospital tax on their purchases, and that the national association approach the federal government asking that legislation be amended so that hospital insurance benefits might be extended into the home, were passed by the meeting.

At the board of directors meeting in the morning, the new executive brought in was: president, Mrs. George Reid, Halifax; vice-president, Dr. George Burridge, Yarmouth; corresponding secretary, Mrs. J. Arthur Roberts, Bridgewater; recording secretary and treasurer, Cyril J. Webb, Halifax.

The slate was presented by Arthur Parsons, Hantsport.

The local association directors of the VON for Nova Scotia for 1959-1960 include Amherst, Mrs. N. S. Sanford; Bridgewater, Mrs. J. Arthur Roberts; Dartmouth, Gerald S. Clark and Mrs. F. E. Chipman; Digby, Mrs. J. MacN. Wallis; Halifax, Mrs. George Reid and Cyril J. Webb; Kentville, George D. Walker; Liverpool, Frank Hiltz; Lockeport, Mrs. H. M. Smith; Lunenburg, Mrs. E. D. Bailey; New Glasgow, Mrs. L. M. Rhodenizer; Pictou, Mrs. John S. Talbot; Sydney, Dr. L. G. Israel and Mrs. C. H. Sutherland; Truro, Mrs. Douglas Baker and Preston J. Wilcox; Windsor-Hantsport, Arthur Parsons; Wolfville, H. K. Hiltz; Yarmouth, Dr. George A. Burridge; nurses-in-charge, Jean S. Forbes, R.N.; VON for Canada, Mrs. George Reid; regional director (ex-officio), Miss Ethel Shaw.

Mrs. George Reid was appointed Nova Scotia representative to the annual national VON meeting which will be held at the Queen Elizabeth Hotel, Montreal, April 28-29. Appointed as auditor was G. B. Jones, Liverpool, and as publicity chairman Mrs. J. MacN. Wallis, Digby.

Attending the meeting also from Digby was Mrs. John Russell, Miss Ethel Shaw, district supervisor, represented national office and extended greetings.

Closing her presidential report with the thought "There is no one to look after people but people" Mrs. Reid questioned where is the money to come from.

Mrs. Reid read letters from the organization to Hon. R. A. Donahoe, Minister of Health, requesting financial assistance from the hospital plan in return for the nursing services provided by the VON for the patients discharge from the hospital. The Minister of Health had replied that the problem would be reviewed, but that nothing definite could be settled until the plan had operated for a greater length of time.

She also reported that the Nova Scotia Division of the Canadian Cancer Society had been approached for remuneration, but that none was forthcoming.

It was reported at the directors' meeting that 76,000 visits had been made in Nova Scotia

Provide Supper

One of the most successful suppers held at Grace United Church hall in some time was held last week under the auspices of the men of the church. All of the food for the supper was solicited and prepared by the men of the congregation who also made all arrangements for the supper and served. Shown in the above photo are some of those taking part.

Hydro Use Shows Increase

An overall increase in hydro electric consumption in the county of Digby for the first quarter of 1959 over the same period of 1958 of 11.5% has been reported by the Digby County Power Board.

Largest increase in the period has been in the village of Weymouth where the figure is 28.2%. This is accounted for mainly by the resumption of operation by Weymouth Industries Ltd. which was out of operation during this period last year because of destruction by fire.

Increase for the municipality of Digby for the first quarter of 1959 over the same period last year is 14.8% while in the district of Clare the increase is 11.3%. In the town of Digby the increase is 9.3%. The total overall increase of 11.5% is 5.9% over the increase of 5.6% shown in the same period last year. To the end of March, 1959, 3,713,317 kilowatt hours of electrical energy was consumed in the county.

Varied Occupations Of Women

A national women's organization taking a look at what Canada's women are doing found among many occupations a lighthouse keeper, an auctioneer, a dog handler and an Indian chief.

Women in these jobs are among those listed in a survey compiled by the Canadian Federation of Business and Professional Women.

The off-beat jobs are listed, by provinces, under headings titled "honors and achievements."

The list — fourth compiled by the federation — is published in the current edition of the organization's official magazine, "The Business and Professional Woman."

"Horizons are widening for Canadian women in almost every sphere of endeavor except politics," states the CFBPW. There are only two women in the 265-seat Commons and only five of the current 96 senators are women.

High on the list is Mrs. Ellen Fairclough of Hamilton, Ont., Canada's first federal woman cabinet minister, who handles the tough portfolio of citizenship and immigration.

The survey found six women judges, six women in legislative assemblies, eleven women mayors — five of them in Ontario — and ninety-nine aldermen.

In the majority of the 10 provinces, the longest list of women's names is found under (Please turn to page 4)

during the year to include 42,000 free visits. Of the 16 VON branches in Nova Scotia, 11 operated with a deficit during the year. Total deficit for the year amounted to nearly \$12,000.

After discussion on the matter it was decided that association dues to the provincial order should remain the same as previous, \$5 for a nurse association and \$10 for an association with more than one nurse.

Plans were made to hold the semi-annual meeting in New Glasgow on October 19.

Muddy Roads Halt Traffic

The Annapolis county communities of Victoria Beach, Port Wade and Karsdale, with a total population of some five hundred, have been virtually isolated by muddy road conditions for the past week, it has been learned.

The three communities which lie on the north shore of the Annapolis Basin are connected by road with Annapolis Royal, which is their main shopping centre and from where mail, milk and other supplies are sent out. Some thirty high school pupils from three communities attend the Consolidated School in Annapolis.

On Sunday the school pupils, who have been unable to attend school since March 27, were taken to Digby and to the Port Royal Habitation by boat and from those points by car to Annapolis where they will be boarded until road conditions permit resumption of school bus service.

In the past week only two mail deliveries have been made to the three communities and these were made possible only through use of a tractor which has also been used to take milk into the isolated area. On Saturday the tractor was unable to get through the road. Oil deliveries are being made in makeshift containers taken over by boat from Digby.

Doctors from Annapolis have been unable to get to Victoria Beach and two women who were ill had to be taken by boat to Digby and from there by car to Annapolis. In one case the fisheries patrol boat Limanda took a sick woman to Digby.

Fish processors in Victoria Beach are being hard hit by the road conditions. Produce normally shipped by road now has to be loaded aboard boats and taken to Digby and there reloaded on trucks for other points.

It is not known how long the conditions may continue.

United Baptist Church News

A new class was organized by the pastor in the Digby Baptist Church last Sunday morning. It will be known as the Senior Young People's Class, and a fitting name for the class has yet to be chosen.

The class is open to all young people of 15 years of age and over, and will meet every Sunday morning at 10:00 a.m. for Bible Study and its application to the problems of young people.

Any young person up to age 25 is eligible. Nine young people were present at the meeting when it was organized with Mrs. Juliana Turnbull appointed as President, Larry Smith, Vice President, Miss Jean Trask, Secretary, Treasurer, and Donald Whiteway as teacher.

The pastor, Rev. H. S. Hartlin, explained the purpose of the class and its opportunities in providing young people with a more adequate knowledge of the Bible, the promotion of Christian fellowship, and as training for Christian leadership. He urged members to use their influence to encourage other young people to join the class and share in the fellowship, inspiration and study of the weekly meetings.

Town Ends Year With Deficit

The town of Digby ended the year 1958 with a deficit of \$1,798.26, according to the financial statement received at the regular monthly council meeting here. Excess of expenditures over revenue for the year amounted to \$7,887.83. Revenue was \$144,872.53 with expenditures of \$152,760.00.

Heaviest over-expenditure in 1958 was in the public works department where \$24,261.77 was spent, exceeding estimates by some \$5,000. Health service expenditures of \$9,957.43 were more than \$3,000 over the estimated figure of \$6,325.00. Welfare expenditures of \$6,414.68 were also some \$1,400.00 above estimates.

An over-expenditure of \$2,125.60 in recreation and community services was revealed in the annual statement. Debt charge expenditure of \$23,554.35 was some \$2,000 over the estimate made at the first of the year. Joint expenditure was also \$1,000 in excess of the estimate, as was general government expense.

In revenues for 1958 taxation receipts of \$115,992.38 were some \$3,000 above estimates and contributions, grants and subsidies of \$20,286.14 brought in over \$2,000 above the estimate. The total revenue was \$7,003.23 greater than estimated and \$10,762.96 greater than 1957. Total expenditure was \$14,891.06 greater than the estimate and \$11,019.41 greater than in 1957.

Pair Get Two Year Sentence

Franklin Frederick Sprung and Graham William McManus, both ex-naval ratings, were each sentenced to spend the next two years in Dorchester penitentiary when they pleaded guilty here Friday morning to charges of breaking, entering and committing an indictable offence.

The charges arose out of last weekend's break into the premises of the MacDonald Motor Co. Ltd. during which an attempt was made to break into the office safe. A car was stolen by the pair as well as a quantity of money from a vending machine. Total damages and loss arising from the break were in excess of \$400.00. It was stated in court Friday morning.

Sprung was discharged from the navy in March and has been unemployed since. McManus was discharged in November and has also been unemployed. Neither were residents of the province preceding their navy enlistment.

Plan Valley Meeting

Annual meeting of the Annapolis Valley Affiliated Boards of Trade will be held at the Cornwallis Inn Monday, April 20, starting with registration at 9 o'clock in the morning. It will be held in conjunction with the Canadian Chamber of Commerce and Maritime Provinces Board of Trade seminar on executive training scheduled for that time.

Announcement of the program was made by acting secretary C. E. Kitchen, Bridgetown, on behalf of the president, Ronald G. Simms, Kingston.

The combined program includes registration followed by three separate but concurrent sessions for presidents and vice-presidents, for secretaries and managers, and committee chairmen.

At the luncheon there will be no principal speaker, but certain projects or activities will be discussed at the various tables.

The seminar business sessions will be held from 1:30 to 4:00.

The annual business meeting of the Valley boards will be from 4:00 to 6:00 p.m., followed by a reception and at 7 o'clock the annual Valley boards' dinner. The speaker will be Padre Harold Cox, RCAF Station, Greenwood.

Valley boards include all those from Windsor to Weymouth inclusive.

At the business session there will be reports on air-line service, the proposed Blomidon park, New Minas Basin ferry, Digby car ferry and tourist promotion generally.

Hold Successful Game Meeting

One of the most successful meetings of the Digby (East) Fish and Game Association was held here Tuesday evening when one hundred and twenty-seven members were present for a fish chowder buffet supper and the business session of the organization.

The supper was provided by the social committee under chairmanship of Chester B. Murley with Burton Ellis as chef. The invocation was given by R. L. Taylor and the toast to the Queen proposed by Mayor Victor Cardoza of Digby.

Following the supper a business meeting was held. Vice President Aubrey Adams reported a trophy for annual competition had been presented by MacDonald Motors Ltd. of Digby to be awarded to the association member catching the largest trout during the season. Mr. Adams stated the trophy if won by any competitor for three times would be kept by the winner.

In accepting the trophy on behalf of the association President Jack Nichols stated a sum of \$25.00 had been donated by interested association members as an additional trout fishing award for this year.

W. L. Troop, district governor, reported on a meeting held by the association at HMCS Cornwallis. Mr. Troop stated naval personnel at the base were much interested in the sporting opportunities provided in the area and he said were anxious to become actively associated with efforts being made to conserve game and further develop fishing. He paid tribute to the hospitality provided at the naval base on the occasion of the meeting and said an invitation had been extended to hold regular meetings of the association there every other month.

Development of an area on the shores of one of the local lakes for the establishment of skeet and archery ranges and the provision of a clubhouse for the association was discussed by the meeting and it was decided to appoint the executive as a committee to make a study of this matter.

A letter was read from the fisheries department regarding a request of the association for the poisoning of Haines Lake and restocking with speckled trout. The letter pointed out investigation had shown such action to be undesirable from the point of view of cost and the fact the lake was considered unsuitable for speckled trout. It was decided the executive would check further into the matter.

Mrs. Reta Dugas of Digby and James O'Neil of Mount Pleasant were announced as first and second prize winners in a recent contest sponsored by the association.

The financial report, presented by the Treasurer, showed the finances to be in good condition.

The May meeting will be held at the Cornwallis naval base on invitation of CPO Paige and the Cornwallis members.

Supply Need Increases

Members of the Ladies Aid of the Digby General Hospital were informed at their regular monthly meeting, held at the home of Miss Mildred Cartwright with Mrs. Russell Stonehouse as co-hostess, that need for bed linen supplies at the hospital had greatly increased since the beginning of the year.

It was pointed out this increase had been caused by the increased use of the hospital due to the hospital insurance plan which went into operation on January 1st. A comparison of figures of this year with 1958 showed that in February 1958, 94 patients were admitted to the hospital. The figure for the same month in 1959 was 164. In March 1958, 140 patients were admitted to the hospital while in March 1959 this figure was 211.

Plans were discussed for the forthcoming Hospital Fair which this year will be operated entirely by the Ladies Aid. Committees were appointed for the fair and plans for possible entertainment outlined. It was reported a high power rifle had been donated to the aid by Mr. Fritz Dakin for use as a contest prize during the fair.

Results of a recent tag day held by the Ladies Aid were \$152.00, it was reported.

Trade Board Holds Meet

Plans for participation by the Digby Board of Trade in this year's Apple Blossom Festival were discussed at the regular meeting of the board here Tuesday night. Leigh Jayne, who headed the committee in charge of Digby's entry in last year's festival, was again named to head up a committee looking after this year's entry.

The meeting endorsed a resolution of the Sydney Board of Trade calling for a royal commission to investigate the liquor question in the province. The resolution calls for the government to appoint such a commission to present a report on their findings within six months.

It was decided that the board would renew its membership in the Atlantic Provinces Economic Council. Plans were also made for a representative from the board at the meeting of the Annapolis Valley Affiliated Boards of Trade in Kentville Monday. President Edward Towhig and Secretary Richard Levy were named as voting delegates with H. M. Warne and Mrs. J. M. Wallis as alternates.

Vincent Snow, chairman of the membership committee, reported board membership this year was now 121. This is the largest membership ever enrolled in the board, he stated.

A report was read from J. R. Fiske, provincial traffic engineer, concerning the highway approaches to Digby. The Digby board for some time has been approaching the government with regard to these and the report was prepared at the request of the highways minister.

In the report a number of suggestions were made for action by the board to improve the approaches. Among these were removal of all utility poles within the angles of intersection formed by the east approach from Digby; removal of all signs, landscaping of the area, relocate the welcome to Digby signs and erect signs a mile from each turnoff to Digby advising that these turnoffs are a mile ahead. It was also suggested the intersection and landscaped areas should be lighted.

With respect to changing the angles of approach to Digby at each of the intersections which had been requested by the board, the report stated both intersections are of the right-angled type and stated both contained design features which, at present levels of traffic volume, serve the safety purpose to a maximum. Mr. Fiske recommended that the physical features of the approaches remain in their present state until increased traffic volumes made a change desirable.

Complaint was registered at the meeting concerning the fact the local DAR station is not open prior to the arrival of the night train for Halifax. It was also stated the station platform was inadequately lighted at night. It was decided to write Mr. McQuail, manager of the DAR, requesting action on these matters.

A review of work being done in community beautification by the Admiral Digby Horticultural Society was presented at the meeting and it was decided to grant twenty-five dollars to assist in their project of beautifying the old Loyalist cemetery at the south end of town.

Chairman of standing committees of the board were appointed. They are as follows: Property Improvement, Mrs. H. A. Nichols; Transportation, John Woolaver; Membership, V. G. Snow; Fisheries, Russell Atkinson; Labour, J. R. Nichols; Tourists, H. M. Warne; Publicity, Mrs. J. M. Wallis; Industry, James Ayer; Education, F. C. Purdy; Finance, M. A. Davis; Entertainment, C. M. Levy; Civic and Public Affairs, J. J. Brittain.

A letter from the Nova Scotia Provincial Trust was read and it was decided to hold this over to a later meeting for fuller discussion. It was pointed out a program of restoration of historical sites in the area might be assisted by cooperation with this body.

It was decided to seek renewal of the trade board's lease on a portion of the Cannon Bank property which has been developed by the board as a park.

Letters to the Editor

April 10, 1959.

To The Editor,

Dear Mrs. Wallis:

Considering the interest Mr. Diefenbaker took in Pakistan, I was wondering if he brought back home with him the elephant he rode while on his recent world tour. If he did, then I was wondering if we could persuade him to take an elephant back ride over the eight-mile stretch from Lower Granville to Victoria Beach. If he would do that then perhaps he would be inclined to work out something under a "Colombo" plan in regard to our truly desperate transportation problem. Such are my thoughts. I am spending the night at Digby for the simple reason I could not get home to Victoria Beach. Yes, I mean could not. The road from Lower Granville to Victoria Beach at the time of writing is impassable. Yes, impassable.

I would not suggest that Mr. Diefenbaker attempt to motor over it. He could not make it. I do think though that he could do it on elephant-back. The pot holes are not quite big enough to submerge a full grown elephant. Perhaps he could get an elephant-built-for-two and take with him the Hon. G. I. Smith.

We realize the government of Nova Scotia has no money to spend on our road, hence the appeal for "Colombo".

Mrs. Edith M. Wallis,
Editor of Digby Courier:

On Wednesday, April 8th, two lobster fishermen, Ellery Merritt, of Mink Cove, and Richard McCullough, Sandy Cove, while tending their traps noticed a deer swimming about five hundred yards from shore. They went to the rescue and took it to shore where it landed safely. On Saturday two brothers, Lew and Lawrence O'Neill, of Mink Cove, guided one ashore about one mile further down the shore and the same day about an hour later Clarence Hersey, of Mink Cove, and Roy- al Tidd, of Sandy Cove, lobster fishermen, took another one ashore in the same vicinity.

Now the deer, all does, did not seem to have been bothered by dogs as they seemed to be fresh and strong in the water. Now perhaps somebody has an explanation for this.

I have noticed that along about this time of year they start swimming in the water and I have seen quite a number of them in the past few years. Perhaps Mr. Benson could give us an answer.

If you could find space in your valuable paper would you please print.
Thanking you, I remain
Yours truly,
Kenneth Merritt.

About This and That

The Purpose Of Music

Next week on April 20, 21 and 22 the Digby Music Festival will be held in Digby. It was with regret that we learned that Freeport and other Island villages were not participating to the extent of former years for music seems to be in the very souls of the Island people. Their enthusiasm, active participation and quality of performance has been an inspiration in the past years. While geographical barriers are difficult to overcome it is hoped that the music lovers from the Long and Brier Island areas will again see fit to enter the festival in future years.

As in former years we urge our readers to show an interest in this important annual event. The young people need the support that your presence and interest will give them in this important phase of their education. While all students do not study music to the same extent, yet the study of music is important to those who have a strong inclination toward music and music plays an important part for those who have stronger inclinations toward other vocations.

Music has always been a universal medium of expression and is as useful today for expression as it was to the Psalmists of old. The lullaby with its even rhythm expresses poise, calmness and contentment and was used in the years when women had time and patience to sing babies to sleep. While our purpose here is to promote good music yet the so called jazz and ragtime music has been more or less a sign of the times and a means of giving vent to restless and discordant young spirits during the post war days.

Music is necessary in the entertainment world but one of the greatest functions and purposes of music is as an expression of worship. This is found in the music of the churches used as a communication with God and is different in purpose entirely from the music for entertainment value only. Words become very important in the worship form of music and the church choir director has a responsibility to get the individual to think of the meaning of the words and sing the meaning into the song. This is important, of course, in any of the better type of music whether secular or sacred but we are happy to see that place is given on the festival program for church choir music which plays such an important part in the religious life of congregations of all denominations.

Another interesting feature on the festival program is the family entries. There was a day when family music was an important part of life but with the busy lives filled with such a diversity of interests in a family the family music seems to have disappeared with the mother's lullaby song. The festival committee is to be congratulated in making an effort to revive this custom and means of intact for family life.

We urge our readers to encourage the music festival participants and the study of music for the younger people. The study of music is educational and promotes moral, intellectual, social and spiritual happiness. It has the faculty of enriching, refining and beautifying life.

Do You Know What To Do — And When

Today, the greatest threat to the world is the Hydrogen Bomb — and because the Western Powers have it and are prepared to use it — provides us with the best deterrent to total war. Not a very pretty picture, is it? — but nevertheless, one that may have to be faced, sooner or later.

You should know the dangers — know what to do and when.

In a large city, the best hope, according to the present policy, is planned evacuation, and that's where the smaller centers, who have been designated as Reception Areas come into the picture.

Halifax has been designated as a Target City and Civil Defence planners have formulated their plans accordingly. As a Reception Center for evacuees from Halifax, the Town of Liverpool, for example has a definite role. Many evacuees will pass through Liverpool to the West during Phase "A" of the evacuation, but Queens County can expect to house 17,000 Phase "B" evacuees from the city should the constant threat become a reality.

This role in the general plan would over tax the facilities of any small town. Yarmouth, Truro, New Glasgow, Kentville, Digby and Liverpool are preparing for this emergency.

Learn what to do and when by joining your local Civil Defence organization.

Chamber of Commerce Week, April 12 to 18, is being observed across Canada and is designed to create an awareness in the minds of citizens of the valuable work undertaken by local Boards of Trade and Chambers of Commerce on behalf of the communities. Activities, meetings, special "nights" and such like that will take place during the "Week" will offer opportunity for the Boards and Chambers to bring before the public the many projects and future plans of the organization.

"Chamber of Commerce Week" heralds a busy period of activity within the Board and Chamber movement in the Atlantic Region over the next few months. In addition to the "Week" there is scheduled a series of five one-day Seminars on Executive Training during April, the annual visit of the President of the Canadian Chamber of Commerce in early June and the annual meeting of the Maritime Provinces Board of Trade in Saint John, N. B., June 14 - 16.

The Seminars on Executive Training will be jointly conducted by the Canadian Chamber of Commerce and the Maritime Provinces Board of Trade and are intensive one-day courses in leadership procedure and activity for key men in Boards and Chambers. Conducting the Seminars will be officers and staff members of the Canadian Chamber and M.P.B.T. and permanent managers of the larger Boards. The Seminars will be held in Summerside, April 15; Saint John, April 17; Kentville, April 20; Truro, April 22; and Bathurst, April 24.

POOR STARTING CAUSES
SHORT TEMPER

The most prevalent cause of poor starting is once again improper car maintenance. For instance, if your crankcase oil is too heavy you'll never get quick engine turnover. Or, if your battery is weak... spark plugs burned, dirty or incorrectly gapped... points set incorrectly — you'll always have trouble starting.

The same thing applies if you have wet or loose connections... wires that cause shorts in the ignition system... spark plug lead wires that are dirty or worn out... a weak ignition coil or shortened condenser... improperly adjusted choke or carburetor... plugged air filter or sticky valves. All of these minor maintenance problems can make your car hard to start — and your temper easy to lose.

Here at Weymouth Motors Limited you can have your car checked over by experts... experts who are familiar with all the causes of car "ailments", and check them all out before your car is returned to you.

So if your car has been hard to start lately or not otherwise giving you the performance you feel you're entitled to... I suggest you drop around and see us. Whether you just need a tune-up or mechanical repairs we'll see that your car is put back into "like-new" condition again.

Remember, regular check-ups will not only help you avoid grief but will save you expensive repair bills in the long run. And when the time comes to trade you'll find a well-looked-after car is worth far more money to you — and to us.

This minister of health and welfare insists on — The large economy size

Mother, as the family minister of health and welfare, knows the value of vitamins. She also knows that they cost money. So she has an eagle eye for the large economy size in vitamins, and many other things, when she shops. This way she keeps the family budget in line.

The Minister of Health and Welfare at Ottawa has a budget too. He uses it to pay for various important services. Among these are Family Allowances and Old Age Benefits.

Money for the Minister of Health and Welfare's budget comes through the Minister of Finance. This is true of other departments also.

It's no secret how the Minister of Finance obtains this money. He gets it largely in taxes from millions of Canadians like you. If he spends more than he gets from you, he must turn around and borrow from you the amount he has overspent... or else create new money.

The creation of new money is one factor that leads to inflation — when the dollar buys less and less. So, as a thrifty Canadian, you are wise to ask government only for those services you are willing to pay for... with taxes.

Personally, you try to pay as you go, to live within your income. It is important that government try to do the same thing.

You want to live well now and to realize all your ambitions for the best possible future. That future is tied up with a sound dollar — a dollar whose purchasing power you can depend on.

A SOUND DOLLAR MEANS A BETTER LIFE FOR YOU

THE FIGHT AGAINST INFLATION NEEDS YOUR ACTIVE SUPPORT

THE OLD LIGHTHOUSE AT TIVERTON
The old light at Tiverton, they're tearing it down today. The little spot where it used to stand, will soon be a spot of grey.

It's done its work for many a year. It was lighted through every night. It saved many a man from going ashore. They were guided in by light.

But the new one will take its place. In years that are to come. Then we'll look in years gone by. To think what the old one's done.

Time will tell about the new. How long that it will last. When we get the storms of wind and rain. And some of the wintry blast.

There was one thing, through wind and rain. The old was always lit. The cogs that turn the revolving light. They never made a slip.

But the new one has no cogs to turn. That is without a doubt. But the old one isn't there to take its place. When the hydro has gone out.

with the Royal Bank 2 Account Plan

Here's one good way to keep a firm grip on your savings . . . adopt the Royal Bank's "2-Account Plan". It works this way. You open a Personal Chequing Account for paying personal and household bills; keep your Savings Account strictly for saving. Having two accounts helps you avoid dipping into your savings . . . gives them a chance to grow with regular deposits and the interest they earn. It's sensible, businesslike and you'll find it works. Try it. **THE ROYAL BANK OF CANADA**

Premier Stanfield Endorses Week

I earnestly commend to all citizens of Nova Scotia the observance of Chamber of Commerce Week - April 12 to 18.

Our villages, towns and cities can become still better communities in which to live and make a living through the combined efforts of their local Boards of Trade and Chambers of Commerce, and the provincial and national federations of Boards and Chambers.

The Maritime Provinces Board of Trade is working to promote and maintain the economic and social welfare of this province. One of its most important functions is providing a means for business and community leaders to express views on provincial matters to your provincial government. In addition, through close co-operation with The Canadian Chamber of Commerce - the national federation of Boards and Chambers - good work is being done in assisting local Chambers with their problems and in encouraging them to act together for the good of all our people.

The Trinity W.A. will be held on Tuesday evening at the home of Mrs. A. E. Dickson, with Mrs. Freeman Wilson as co-hostess.

Mrs. James Ellis has returned to her home in Bay View after having been a patient at the Victoria General Hospital, Halifax.

Obituary

Annie Cummings

Annie Cummings, widow of Ralph Morse Cummings, passed away at her home in Digby early Thursday afternoon. She had been in failing health for the past two years.

Born at Bloomfield sixty-eight years ago, she was a daughter of the late John and (Jane Comau) John. She attended school at Bloomfield and at the age of sixteen moved to Digby. Following her marriage she moved to Hantsport where she resided a short time. On her return to Digby she operated a Lunch Room and continued to do so until ill health forced her to retire in 1952. Her husband predeceased her in 1953.

She was a charter member of the Elma Rebekah Lodge and of a Past Noble Grand. For many years she was an active supporter and worker of Grace United Church. Since 1952 she has made her home with her daughter, Mrs. Randy Ellis.

She is survived by two daughters, Evelyn (Mrs. Milton Reed), Westport, Mass., Edna (Mrs. Randy Ellis), Digby; a brother, Henry John, of Bloomfield; and sisters, (Lillian) Mrs. Maynard Melanson, Plympton, and (Ella) Mrs. William Amoro, Hamden, Conn., also survive. There are also five grandchildren and two great grandchildren.

The remains rested at Jayne's Funeral Home, Digby, N. S., until Saturday noon when they were taken to Grace United Church for service at 2 p.m. Rev. James Brooks conducted the service and interment was in Fairview cemetery, Digby.

In Memoriam

VANTASSEL - In loving memory of our mother, Lema Jane Vantassel, who passed away April 18, 1940. Somewhere back of the sunset Where loveliness never dies, She lives in the land of glory 'Mid the blue and gold of the sky. She was patient in her suffering When no hand could give her ease. God, the helper of the helpless, Saw her grief and sent her peace. - Inserted by her daughters, Mrs. Oscar Vantassel, Mrs. John Handspiker and Mrs. Minnie Handspiker. 33:1ic

On the Parisienne Scene

High fashion experts finally agree

Wonderful news . . . at last fashion experts are unanimous in their choice of the most glamorous creation of the year. It's the most exciting new look in ages . . . the 1959 Pontiac Parisienne! Daring Twin-Grilles are the focal point of this beauty—the lines are crisp, clean, fresh as a daisy. The rear deck is sculptured out to give a lower, sleeker look. Glass area goes up and down and all around—lets you watch all the heads turning as you sweep by. Interiors? Fabulous! Pontiac takes fine materials, dyes them all the colors of a summer sunset—mixes and matches them in the most exciting color trims and combinations of the year. How marvellous to show your new spring outfit off in interiors like these. And just to show you it's a woman's world, try driving this car. It's effortless—you float along.

A flick of the wrist and you're round the corner. A touch of your toe and you stop smoothly, steadily, surely. The Parisienne matches your love of luxury, flatters your fashion sense. Drive the Pontiac Parisienne soon. It does more for you than a hundred new hats.

Receives Award

A resident of Digby has been honoured in the recent awards of the Canada Council. Mr. Lionel Vallee, a member of the staff of the Western Nova Scotia Clinic, Digby, has been granted a senior scholarship to undertake advanced study at Cornell University, New York. Mr. Vallee's first association with Nova Scotia was in 1955 when, for a time, he was associated with the Sterling County project of Cornell University. In 1957 both he and Mrs. Vallee joined the psychiatric team of the Western Nova Scotia Clinic and simultaneously were appointed to the research staff of the Department of Sociology and Anthropology of Cornell University. Mr. Vallee, who is 27 years of age, is a Bachelor of Arts and a Master of Social Work of the University of Montreal.

Hold 9th Annual Music Festival

The ninth annual Digby Music Festival was officially opened here Monday afternoon by Mayor Victor Cardoza, Chairman of the opening ceremonies was Elton G. Arnold, president of the Digby Music Festival committee. Adjudicator for this year's festival is Mr. Leonard Mayoh, conductor of the Halifax choral society and director of St. James church choir, Armadale.

In opening the festival Mayor Cardoza reminded the audience that the Digby county council of Home & School associations had originated music festivals in Digby. He commented that the festival had been kept as a non-competitive affair and expressed the hope it would continue as such.

Because of the influenza epidemic and the fact the elementary school at Digby has been closed for more than a week because of a heating plant breakdown many entries registered for this year's music festival will not be competing, president E. G. Arnold stated at the opening ceremonies. He also stated no session of the festival would be held this year on the Digby Neck Islands, which will also cut the number of entrants.

Over two hundred entrants have been registered in the ninety-four classes in this year's festival. Included are piano solos and duets, vocal solos, unison and school choruses, Sunday School and church choirs, rhythm bands, family groups, both vocal and instrumental, and folk dance numbers.

To Address Kiwanis Meet

Mr. Eric W. Balcom, member of the provincial legislature for Kings North, is expected to be guest speaker at tonight's meeting of the Digby Kiwanis Club. The occasion is being observed as ladies night and guest of honour will be Miss Elra Davies, speech therapist at the Kiwanis speech therapy clinic.

Following the dinner a party and sing-song will be held.

Announcement Within Two Months

J. C. McCuaig, general manager of the Dominion Atlantic Railway, said an announcement by the C.P.R. on the Saint John-Digby car ferry project would be made within the next two months. This statement was made by Mr. McCuaig at the annual meeting of the Annapolis Valley Affiliated Boards of Trade held at the Cornwallis Inn, Kentville, on Monday. Edward Twohig, Digby, congratulated Mr. McCuaig and the D.A.R. on their improvements in railway service and expressed confidence that the C.P.R. would do all in their power to establish a car-ferry service on the Bay of Fundy from Saint John, N. B., to Digby.

In speaking on the resolution passed last fall by the AVABT requesting a ferry for points on the Minas Basin the Hon. E. D. Haliburton, M.L.A., Kings South, said he wondered if it was realized the Minas Basin ferry project would cost anywhere from six to twelve million dollars. He briefly reviewed the provincial department of highways study, and said that the piers alone would run into millions because they had to allow for a 50 foot rise and fall of tide. The road to Indian Brook on Cape Blomidon would also cost heavily, he said.

Mr. Haliburton said a survey would soon be instituted by the highways department near Shubenacadie to determine as near as possible the actual travel during the tourist season. Pointing out that he was expressing a personal opinion, the minister said he felt a tidal ferry should be considered with boats to run at top of the tide. He said he was very anxious to see the ferry established but felt there was a better possibility of having it as a tidal ferry, than the one now proposed.

In connection with the matter, it was resolved that the provincial government be commended for the surveys carried out and that should the present proposal and request concerning the establishing of such service prove to be impractical, that the affiliated boards urge both federal and provincial governments to establish a tidal ferry between Kingsport and Parrabrook.

Another resolution regarding a park at Cape Blomidon was also discussed and Mr. Haliburton reported that insufficient space, unnatural habitat for animals and other factors were objection to this location. Vincent Snow, of Digby, proposed that if the Blomidon location was unsuitable for a park because of those reasons then the Acadia Valley in Digby County would offer a suitable location for a park.

A resolution was passed on Monday that a royal commission be appointed to investigate the liberalization of existing liquor laws in the Maritimes. It asks the Maritime Board of Trade to adopt the resolution and submit it to provincial governments in time for 1960 legislative action.

S. E. Cochrane, Annapolis Royal, who made the motion, said it in no way committed anyone and that the report might go either way. He made the remark in reply to a comment that this was just another way of introducing cocktail bars.

Vincent Snow, Digby, one of the four voting against, suggested it would be much better if a royal commission was appointed to consider our alcohol problem, which he said was daily increasing.

Retiring president R. G. Simms, Kingston, presided over the meeting, which was attended by delegates representing 14 boards as far west as Weymouth and Westport.

Attending from Digby were Edward Twohig, president of the Digby Board of Trade; Richard Levy, secretary; H. M. Warne, Vincent Snow, Leigh Jayne, Mrs. J. M. Wallis and Mrs. Penny Gott. The Islands Board was represented by Rev. J. W. Derby, Tiverton.

New officers elected were president, Eric Parsons, Wolfville; 1st vice president, J. J. Brittain, Digby; 2nd vice president, H. Gordon Goucher, Middleton; 3rd vice president, D. J. Waterbury, Kentville; treasurer, Chester D. Kitchen, Bridgetown. The secretary will

Bear River Native Gets Award

Miss Florence Beryl Henderson, daughter of Mrs. C. P. Henderson, Bear River, recently was granted a coveted Ivy Leaf Award for outstanding scholarship at Aurora College, Aurora, Illinois, during the winter quarter. An Ivy Leaf is given for grades averaging between A minus and B. Four years of high academic achievement are recognized with a gold ivy leaf pin.

Miss Henderson was graduated from Oakdene High School in 1943 and has recently returned from missionary service in India.

be appointed by the incoming executive.

A letter was read from the Hon. G. I. Smith, Minister of Highways, regarding the approach to Victoria Bridge. No present commitments were made by the minister but interest in the situation was apparent.

The matter of the Shelburne-Digby road was left over for the Spring meeting.

Delegates were entertained by CFBC radio previous to the dinner.

Guest speaker at the annual banquet was F/L Harold Cox, Protestant chaplain at RCAF Station Greenwood.

F/L Cox took as his subject, "Here we stand, citizens in a nuclear age". He stressed the tremendous increase in power of nuclear weapons far beyond the imagination of the general public. He dreaded, he said, not only a planned war but also any accidental war if at any time wrong decisions were made by those handling the weapons. He emphasized that we must do everything to keep the power for peace and to try to understand our fellowman. Nations have, he said, power which makes us quell in the thought of what God has put in our hands.

Previous to the annual meeting a full day seminar was conducted by J. M. Fraser, Organization Service, Manager of the Chamber of Commerce, Montreal. Maves MacKenzie, manager of Dartmouth Chamber of Commerce, and A. T. Parkes, Moncton, executive secretary, Maritime Boards of Trade.

J. Charlontetty, general secretary Ghana Chamber of Commerce, which includes sixteen districts, is accompanying the seminar on its tour across Canada. This was his first appearance in the Maritimes. He is in Canada under auspices of the Canadian government to study operations of the Canadian Chamber of Commerce.

Rescue Truck For Digby

Ralph O. Wright, Director of Civil Defence for the Town of Digby announced recently that his organization had taken over a fully equipped Rescue Truck from Nova Scotia Civil Defence.

The truck, on loan from provincial headquarters, will be used by Digby for an extended period in the town for Rescue training purposes. The truck will be under the control of the Digby Fire Department who have several members trained in Rescue and they will advance their knowledge in this Civil Defence Service.

Civil Defence has gained a firm hold in Digby and a need is now seen for a full time Director for the County. The town and Municipal Councils will meet in the near future to study this plan.

The Digby organization will

Present Fine Band Concert

One of the finest musical performances heard in the local area for some years was presented at the Digby Regional High School Wednesday evening by the Winslow High School band of Waterville, Maine, which is making a tour of three western Nova Scotia centres, Digby, Yarmouth and Annapolis.

Under the capable direction of John S. Davidson, the band gave excellent renditions of well known marches, overtures, novelty numbers and modern rock and roll and calypso selections.

In every piece played, the performance of the band showed in its precision and skillful handling the excellence of the training received by the more than sixty youthful musicians who make up the aggregation.

A cornet trio, "Fantasy for Three", featuring Robert Dugal, Thomas Kiesow and William Glidden, drew prolonged applause from the more than capacity audience. Another number, the overture "Pique Dame", which presents a real challenge even for professional adult band groups, was skillfully rendered and drew praise from music critics in the audience. Audience applause was also prolonged for the presentation of the "Whiffenpoof Song", featuring vocal soloist David Huard.

A woodwind quintette, Jackie Davidson, Kay Homer, Ardra and Jane Thurlow and Carol Mosher, also delighted the audience with their swing rendition of "Dry Bones". Highlights from the musical comedy, "My Fair Lady", drew prolonged applause as did also the calypso numbers.

A feature of the evening's program was the performance of the majorettes under drum major Kay Homer, both in the well known Sousa march "King Cotton" and in a novelty cha-cha number.

The evening's concert by the Winslow band was sponsored by the student's council of the Digby Regional High School. Prior to the performance an official welcome to the visiting musicians was given by Digby Mayor Victor Cardoza; school supervisor F. C. Purdy, and student council president Shirley Potter. Mr. Wilbur Layton of the Digby school staff, was chairman of the committee in charge of the arrangements, assisted by Mrs. Eva Wendell and staff members and officers of the student's council.

At the close of the concert the band members were guests of the Digby high school pupils at an open house and the adult group accompanying the Winslow band were tendered a reception.

Proceeds from the concert which was presented without any charge by the visiting band, will be used to help defray cost of a baby grand piano being purchased for the Digby school by the student council. Band members and the adult group accompanying them were provided with overnight hospitality by parents of Digby school pupils and other local citizens.

Body Of Missing Woman Found

A province wide search for Mrs. George Welsh, who had been missing since she left her home in New Glasgow early last Wednesday morning ended on a tragic note Monday when the missing woman's lifeless body was found in a gully about one hundred yards off the Truro-New Glasgow highway. An inquest into the fatality will be held tomorrow evening at Truro with county coroner Dr. H. B. Havery presiding.

Mrs. Welsh, who was the former Olive Bailey, of Westport, was well known in Digby, having worked in the office of the Maritime National Fish Corp. here for some time. She had lived in New Glasgow where her husband was manager of the Norfolk Hotel for several years.

A search was first started for the 46 year old woman when her husband, who left New Glasgow in his car some twenty minutes after his wife, failed to catch up with her on the highway and, on arriving at East Ferry, found that she had not crossed the ferry. Mr. Welsh, who had arranged to meet his wife for lunch in New Minas, first became worried when he did not catch up to his wife at Windsor. He retraced his route to Shubenacadie and then returned to New Minas. Not finding her there he proceeded to East Ferry but, on finding she had not yet reached the ferry, retraced his route and at Kentville reported his wife to the RCMP detachment as being missing.

A province wide search was instituted and bulletins giving the woman's description, car licence number and description were issued. After several days intensive search had failed to reveal any trace of the missing woman the RCAF search and rescue squad was called in and other aircraft were brought into play to try to ascertain if her car might be located.

Late Monday afternoon an Otter aircraft spotted the missing woman's car in a deep gully about eight miles from Truro. So well was the car concealed from sight by rugged terrain that its resting place could have gone unnoticed indefinitely.

RCMP said. The car, police assumed, apparently came around a left hand turn in the highway and went off the left side of the road. There it struck the foundation of a demolished barn, jumped over a fence and gouged out a trail through a field. Travelling about fifty yards, it missed a spruce tree and plumed into a gully about thirty feet deep, coming to rest astride a stream.

When found, Mrs. Welsh's body was lying on the right side. The car's windshield was broken and the front end badly smashed. Police officers said there was no evidence of foul play and that Mrs. Welsh had apparently driven off the road. Her body was taken to Truro by ambulance where it was identified by High Stewart of New Glasgow, a friend of the family, who told the coroner's jury Mrs. Welsh had left New Glasgow to visit her ailing father in Westport.

A double funeral service will be held in Westport this afternoon for Mrs. Welsh and for her father, Herbert Bailey, who passed away late Tuesday. The former Olive Bailey, Mrs. Welsh is survived by her husband, a ten year old daughter, Marian, her aged mother and a sister, living in Brockton, Mass. She was a member of the 1st Baptist Church in New Glasgow.

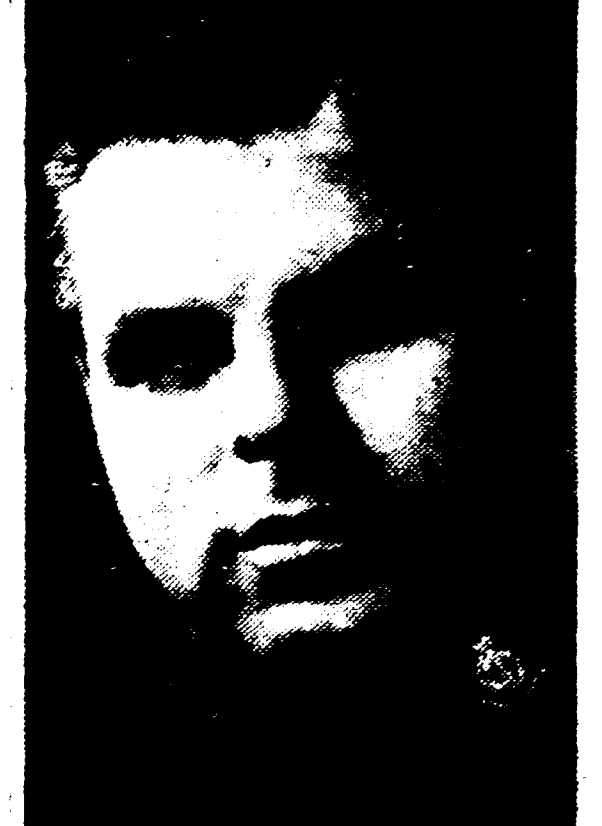

Mrs. Welsh went to New Glasgow in 1940 when her husband became associated in the operation of the Norfolk Hotel. Since that time she came to be widely known to the travelling public and had many friends in the membership of the Gyrette Club in New Glasgow.

To Visit Digby

Major Fred Waller (shown above) will visit the Salvation Army Corps in Digby this weekend. He will be accompanied by his wife. Major Waller was born in Limber Magna, Lincs., England, and after attending Keelby and Humberstone schools came to Canada in 1930.

He worked for a time in Saskatchewan and in 1934 was accepted for officership in the Salvation Army. After receiving his commission he held several appointments in the west. He married Laura Hatch of Winnipeg and during the war years they held charges in a number of western centres and were engaged in prison and police court work.

In 1947 Major Waller and his wife went to India where the major was in charge of the Indian officers' training school and a district of twelve corps. He also served as principal of a boys' boarding school and for five and a half years was business manager of the Evangeline Booth memorial hospital in Ahmednager, Bombay.

On his return to Canada the major held several appointments in Ontario and in June, 1958, was appointed as divisional young peoples' secretary for Nova Scotia. Mrs. Waller is divisional Guide and Brownie director for the Salvation Army in the province. A special feature of their work is the annual summer camp at Sutherland's River, "Scotian Glen".

During their visit to Digby Major and Mrs. Waller will feature a missionary night on Saturday at eight o'clock and will hold special services on Sunday at eleven and seven o'clock. A welcome has been extended to everyone to attend these services.

About This and That

Tourist Literature Contains Digby County Scenes

Readying for what promises to be a record number of visitors, Nova Scotia has printed an extra year's supply of tourist literature.

The prize-winning "Nova Scotia Camera Tour" is now in its last edition, to be replaced by a new book of color pictures of Canada's Ocean Playground.

Contained among the attractive colored pictures is one of Bear River's autumn glory entitled "Spectacle in Bear River". It is photographed coming down the hill into town by the Baptist Church. On the back cover is a picture of Digby Gap taken from the high stoney bluff by Point Prim Light. In the distance is the Princess Helene enroute to Saint John. The picture is entitled "Sea, Sky and Dreams — Digby Gap."

"Nova Scotia Tour Book", almost unrivalled on the continent, is always in demand and a new edition of this highway guide will soon be released. A sign of the changing trend as more and more tourists travel by car: the tour book now is car-pocket and not suit-pocket size.

Although not described as such the scene on the cover of the Nova Scotia Tour Book is recognized as Sandy Cove, on Digby Neck showing both sides of the highway in the centre of the village.

Nova Scotia's detailed accommodation guide, "Where to Stay in Nova Scotia", has a bright new cover picture in color. It shows Halifax's famed Northwest Arm with dozens of graceful sailboats in the background.

The province's 1959 Highway Map again appears, wearing the attractive and distinctive Nova Scotia Tartan. The map shows recent record construction of new paved roads and the increase of roadside facilities for camping and picnicking. The province now has a total of more than 2,500 miles of paved highways.

The distribution of this fine collection of tourist literature will do much to entice tourists to Nova Scotia in general and consequently to the County of Digby. Supplemented by tourist literature from our own area the government distributed publications should be a splendid boon to the tourist industry here as well as to all Nova Scotia.

SO YOU'VE GOT POOR POWER!
Here Are A Few Reasons Why . . .
Poor power, or poor acceleration if you want to call it that, is seldom the fault of the gasoline you use. It's generally caused by faulty combustion, which causes low output . . . or it's caused by low compression. Both of these ailments cause loss of power.

Here's what to look for: Spark plugs which are dirty, improperly gapped or which have poor insulators. Or it could be in your distributor. Perhaps the spark is over-advanced or retarded . . . the points burnt or not gapped correctly . . . the coil weak . . . or dirty or loose wiring in the distributor system.

Another major contributor to loss of power is the carburetion system. The mixture may be too lean, which means that your idle jet is set improperly . . . or there may be dirt in the jets. Both of these 'ailments' are causes of a lean mixture. On the other hand if the mixture is too rich the trouble probably lies in a clogged air cleaner or a high float level. Other things to look for include — a clogged fuel pump screen, sticking manifold temperature regulator, worn accelerator pump, faulty enrichment jet or leaks along the throttle plate shaft.

The other cause of loss of power — which is low compression — can be a result of stuck, burnt or warped valves . . . improper tappet clearance or worn piston rings.

At Weymouth Motors Limited these are the mechanical features that are checked on every used car before it is put on the lot. For the best selection of dependable used cars in town . . . drop in soon. Easy budget terms are available.

Marriages

Winchester — Marriott

A quiet but pretty wedding was performed on April 10th, 1959, when Carol Ann Marriott, daughter of the late Mr. and Mrs. Clarence Marriott, became the bride of Harry Roderick Winchester, son of Mrs. Stewart Winchester and the late Mr. Winchester.

Father Amirauc officiated. The bride's maid was Mrs. Frederick Hanson, cousin of the bride, and the best man was Ronald Winchester, cousin of the groom.

After a short trip to Yarmouth, the happy couple returned and will reside in Digby, where the groom is employed.

Wray — Dakin

A lovely wedding was solemnized at Trinity Anglican Church in Digby on Saturday morning, April 11th, when the Rev. James Pike united in marriage Kathleen Lorraine, daughter of Mr. and Mrs. Louis Dakin of Digby, and Barry Stewart, son of Mr. and Mrs. Ralph Wray, of Brockville, Ont.

Entering the church on the arm of her uncle, Mr. Russell Jackson, of St. Catherine's, Ont., by whom she was given in marriage, the bride looked lovely in a ballerina length gown of white nylon lace with matching long sleeve bolero. Her veil of nylon net was held by a tiara of pearls. She carried a white prayer book trimmed with red rose buds.

Mrs. Keith Trask, of Halifax, matron of honour, was dressed in pale blue nylon lace with matching headpiece. Her bouquet was yellow and white mums. The bride's mother wore dusty pink with navy and white accessories.

Best man was Keith Trask, of Halifax.

Following the ceremony a reception was held in the parish hall. The toast to the bride was proposed by Rev. James Pike and responded to by the groom. Miss Judith Robinson, of Halifax, formerly of Digby, was in charge of the guest book.

Marriage

Ellis — Grant

The United Church of Canada, Barton, N. S., was the scene of a beautiful wedding and one of wide interest on Wednesday evening when Joan, elder daughter of Mr. and Mrs. Lloyd Grant, Barton, became the bride of Richard Ellis, youngest son of Mr. and Mrs. Archibald Ellis, of Lighthouse Road, Digby. The double ring ceremony was performed by Rev. Bruce McMartin, Weymouth, pastor of the church, before about one hundred and fifty guests and many friends. The church was beautifully adorned for the occasion with daffodils, hydrangea, potted plants and ferns.

The bride, given in marriage by her father, looked radiant and lovely in a floor length gown of white chantilly lace and tulle with fitted lines graduating to a full skirt featuring a peplum effect. The square neck of the bodice was enhanced with sequins and pearls and the sleeves tapered to full length. Her finger tip veil, corresponding with details of the gown, fell from a tiara accented by sparkling sequins and studded with pearls. She wore a single strand of pearls, gift of the groom, and carried a cascade of red rapture roses.

The bride was attended by her only sister, Diane, who was dressed in a ballerina length dress of blue lace with full skirt and matching bolero. For headpiece she wore a bandeau adorned with sequins and she carried a colonial bouquet of yellow and white mums. Supporting the groom was his brother, Lloyd, and ushers were Wilfred Cosman, Weymouth, and Walter Murphy, Digby. During the signing of the

register Mrs. George Wagner, Weymouth, sang "Because", accompanied by Mrs. Joseph Specht, Barton, organist.

The bride's mother was dressed in a duster dress of blue with pink accessories and wore a corsage of pink carnations. The mother of the groom wore blue flowered crepe with white accessories and her corsage was of white and pink carnations.

Following the ceremony a reception was held at the Baptist Church Hall, Barton. Rev. R. R. Winchester proposed the toast to the bride, responded to by the groom.

For going away the bride wore a blue suit with pink accessories. Her corsage was pink carnations.

The happy couple will leave shortly to take up residence in Toronto where the groom is employed.

Choir practice will be Friday evening at 8:30 p.m. instead of Thursday evening.

The community of Comeauville grieved the passing of Mrs. Catherine Gaudet, aged 83 years, when death called on Sunday morning after a short illness. Requiem High Mass was cele-

brated at St. Mary's R. C. Church, of Church Point, on Wednesday morning at 9 o'clock, with Rev. Hector J. Melanson, newly ordained priest, officiating.

Mrs. Gaudet was a devout Roman Catholic and was esteemed by her many friends in the community and in the district of Clare. She was very well known as her husband who predeceased her over 15 years ago was road foreman for many years prior to his retirement. He was ever faithful in church work, was superintendent of the Sunday School for many years, was a life time deacon of the United Baptist Church and was church clerk for over 40 years. He was also magistrate and justice of the peace for many years, so his passing has left a vacancy that will be hard to fill.

On November 5, 1895, he married the former Alice M. DeLong, daughter of the late David and Elsie Ann (Messinger) DeLong, of Kempt, Queens Co.

Also surviving are three sons, Ernest, of Hanover; Dwight, of Yarmouth; and Kenneth, of New Tusket; two daughters, Helen (Mrs. Eldon Ford), of New Tusket, and Miss Bessie Sabean, of Waltham, Mass.

An outstanding member of the Sons of Temperance, he received his fifty-year jewel sev-

eral years ago. He was a member of the Canadian Order of Foresters and interested in youth and sports, member of the Baptist Church. One of his achievements was raising the money to place the Wadeville cemetery under perpetual care.

His wife, formerly Miss Lenore May Eaton, died two years and a half ago.

He is survived by one son, Donald, of Yarmouth, and by one sister, Mrs. Myra Duffield, of Laguna Beach, California, and three brothers, Fred, of Quebec City, Reginald, of West Paradise, Chester, of Tupperville.

O.E.S. Organists
The regular meeting of Cherry Blossom Chapter No. 46, O.E.S., was held on Monday evening, April 13th, with the Worthy Matron, Charlotte Ben-

son, presiding.

We were glad to welcome several members who had been unable to attend during the winter months.

After the regular routine of business a very impressive ceremony was enacted, honor-

ing our musicians who had faithfully served the Chapter since its institution, namely, Sister Edna Lent, present organist, and Sister Evelyn Winchester and Sister Geraldine Parker, past organists.

Gifts were presented to each. Refreshments were served by the committee in charge, with Sister Mildred Snell, D.D.G.M., as convener.

Several members of the Chapter enjoyed a visit with St. Mary's Chapter, Digby, Thursday evening.

Report From Parliament Hill

By George C. Nowlan, M.P.

he will be better because of it. The Budget was bound to show a substantial deficit, — the country as a whole was threatened with inflation, and some medicine was necessary. On the whole it was not as bitter as most people expected.

In fact, the situation was better than people thought it would be. Mr. Fleming himself had budgeted for an anticipated deficit of seven hundred million dollars. The Opposition critics had been proclaiming in gloomy terms that it probably would approach a billion dollars. Instead of that it was held to slightly over six hundred million. Of course, that was a whopper of a deficit but everything is relative. The fact that it was held to approximately six hundred million earned applause for Mr. Fleming, and as someone remarked it was the first time a Minister of Finance was ever applauded for having a six hundred million deficit.

There were many facts and figures in the speech and in the accompanying white paper which are worthy of careful study and thought. One of them is the extent to which the Federal Government is now contributing to the support of the Provinces. It is a far cry from Confederation when the Dominion treasury was supposed to operate on Customs duties and the Provinces had to fend for themselves. However, even those close to the picture had not realized what substantial increases had been made during the last few years towards the Provinces. We knew, of course, that there had been a special grant of twenty-five million dollars a year made to the four Atlantic Provinces. Of this, incidentally, the Province of Newfoundland received seven million five hundred thousand dollars a year. But the totals are staggering. For the year ending March 31st, 1957, the Dominion contributed to the Provincial Governments and Municipalities in unconditional and conditional payments, a total of six hundred and eighty-nine million dollars. For the fiscal year, which will end on the 31st of March, 1960, Mr. Fleming estimates that these payments will have increased to one billion, two hundred and twelve point five million dollars. In other words, in three years the payments to the Provinces, will have increased by virtually one hundred per cent. This, of course, includes the Dominion's contribution towards health insurance which by the end of this year is estimated to cost the Dominion treasury one hundred and sixty million dollars. For the past year, it cost us fifty-seven point eight million for that portion of the year in which certain provinces were receiving it.

A substantial part of the tax increase goes towards attempting to balance the Old Age Pension fund. Many people do not realize just how Old Age payments are supposed to be earned. When the system was instituted by Mr. McKenzie King, Parliament agreed that there should be a separate and self-supporting fund out of which people would receive pensions. In other words these were not to be handouts directly from the Dominion treasury, but should be paid by special taxation and thereby theoretically everyone would be earning his Old Age pension. Of course, that would not apply to older people who were going to receive it in the immediate future, but the theory was that over a period of years, as people became older, they would have had the satisfaction of knowing that they had themselves paid for their pension which they were to draw later on. The fund was set up on what was known as the 222 formula. In other words, there was to be a special tax of 2% which every individual who was taxable would have to pay, there was to be a special 2% income tax on all corporations, and there was to be a sales tax of 2%, and these taxes taken together would support the Old Age Pension fund. That was fine in theory but in practice it has failed to work out. Every year there has been a substantial deficit in this Old Age Pension fund. There was no point in pretending that we had an Old Age Pension fund if it had to continually borrow scores of millions of dollars from the Dominion treasury. Therefore, the Government decided to try to put the fund back in balance again. To do this the 222 formula was increased to a 333 formula. That is why there has been an increase in sales tax, and also why individuals in the lower income brackets will pay an increase in income tax of 1%. It may not make the pill any sweeter but at least it is reassuring to know that with this increase it is expected that by the end of the 1961 fiscal year the Old Age Pension fund will have been put in balance and thereafter should be self-supporting.

There are, of course, increased sales taxes, or excise taxes on liquor and on cigarettes. At least those who smoke and drink will have the unhappy satisfaction of knowing that they are contributing substantial monies to the national revenue. In fact one was over a local radio station in Ottawa on Friday morning cracked "the cost of living will go up fifteen cents a bottle." It has been suggested that the increased tax on cigarettes will result in substantial smuggling again. My officials do not believe that. They pointed out that when the cigarette tax was high some years ago there was a great deal of smuggling because of the relatively low price of American cigarettes. But in the meantime, although our taxes have remained more or less constant, the American taxes have been increased on several occasions so that now there is very little price differential between the cigarettes of the two countries. The difference is certainly not enough to justify the risks of smuggling which some people found profitable a few years ago.

Digby Baptist Church News

Eight young people received the ordinance of Baptism at the service last Sunday night in the Digby Baptist Church. The ordinance was administered by the pastor, Rev. H. S. A fine devotional service was conducted by the Smith's Cove group, following which an interesting evening was spent in singing, games and contests, and the meeting was closed with the serving of refreshments and the forming of a fellowship circle. Miss Ethel Embree and Miss Caroline Murley, Presidents of the Digby and the Hill Grove groups, respectively, thanked the young people of Smith's Cove for a very pleasant evening.

Firemen Battle Grass Fires

A run-away grass fire in Digby Sunday afternoon for a while menaced a garage and service station at the south end of the town.

The blaze swept through a large area of scrub land and then got into a number of old car bodies piled near the residence of Albert Smith. It then crossed the road and burned through part of Forest Hill cemetery.

For a while the flames menaced the B.A. garage and a large trailer truck belonging to Clyde Denton, of Little River, had to be moved to prevent its catching fire.

Old car oil used as a surfacing for the parking area about the garage was ignited by the flames and gave the fire depart-

"The \$20,000 offered represents one-fifth the amount reported to have been paid by ABC for U. S. rights," says H. G. Walker, director for Ontario and English networks. "Viewers can be assured that every attempt will be made to get the fight on Canadian television."

Whipper Watson Cooks Spare Ribs

Whipper Billy Watson, wrestling star of Thursday-night TV, is also an expert cook. His specialty is meats prepared with his own flavorings, which he likes to set off with a simple tossed lettuce salad, well-crisped, and served with a homemade dressing.

His recipe for Barbequed Spareribs is given in May Chatelaine. To make it you'll need:

1 cup ketchup
1/4 cup dark steak sauce
1/4 cup sugar
1/4 cup cider vinegar
1/4 cup water
1/2 tsp Worcestershire sauce
1 chopped clove garlic
1 tsp salt
4 1/2 to 5 lb. back spareribs

For the sauce, mix ketchup, steak sauce, sugar, vinegar, water, Worcestershire sauce, salt and garlic together. Let stand 1 or 2 hours to blend flavors. Cut ribs into serving pieces and spread them out in two large shallow broilers or roasting pans lined with greased foil. Roast at 350 degrees F. for about 1 1/2 hours. Pour off the fat and brush ribs well with the sauce. Return to the oven for 15 minutes. Turn the ribs over and brush again with sauce. Now turn the broiler on and broil for 2 or 3 minutes or until bubbly. Serves 8.

Let stand 10 minutes, THEN stir well. Add 1/4 c. lukewarm water and 1 tsp. salt. Add, all at once, 3 1/2 c. once-sifted all-purpose flour and work in with the hands; work in 3 the soft shortening. Knead on lightly-floured board until smooth and elastic. Place in greased bowl. Cover with a damp cloth and set in warm place, free from draft. Let rise until doubled in bulk. Punch down dough in bowl, fold over, cover and again let rise until doubled in bulk. Turn out on lightly-floured board and divide into 2 equal portions; shape each portion into a long roll about 1 1/2" in diameter. Cover with a damp cloth and let rest 15 mins. Using a floured sharp knife, cut dough into 2" lengths and place, well apart, on ungreased cookie sheets. Sprinkle rolls with cornmeal and let rise, uncovered, for 1/2 hour. Brush with cold water and let rise another 1/2 hour. Meanwhile, stand a broad shallow pan of hot water in the oven and preheat oven to hot, 425°. Remove pan of water from oven and bake the rolls in steam-filled oven for 1/2 hour, brushing them with cold water and sprinkling lightly with cornmeal after the first 15 mins., and again brushing them with cold water 2 minutes before removing baked buns from the oven. Yield—18 rolls.

Marriage

Langley - Mount

A wedding of widespread interest was solemnized in Grace United Church, Digby, when the Rev. James Brooks united in marriage, Betty Mildred, granddaughter of Mr. and Mrs. Charles Mount, and Eric Gordon Longley son of Mr. and Mrs. E. Gordon Longley, Bridgewater.

Mrs. Ferber Marshall sang The Lord's Prayer previous to the bridal procession and I'll Walk Beside You during the signing of the register. Miss Constance Kirkpatrick was organist.

The church was decorated with white chrysanthemums and daffodils. The pews were marked with sprays of lilies of-the-valley.

The bride given in marriage by her uncle, Mr. Lovett Dakin, looked lovely in a bouffant gown of white chintilly lace over satin fashioned with a vee-neckline and chapel length train. She wore an illusion veil and carried a bouquet of white chrysanthemums. Her ornament was pearl earrings.

Mrs. Charles Flitt was matron-of-honour and Miss Phyllis Hayward of Rochester, N. Y. was bridesmaid. They wore identical gowns of turquoise rayon acetate, styled with empire waistline, scoop neck and cap sleeves. Their headresses were of turquoise sprays of leaves ornamented with tiny flowers and shoulder length veil. They carried bouquets of pink carnations. Miss Susan Anderson, flower girl, wore a full length turquoise taffeta gown styled with scalloped over-skirt and peter-pan collar.

Mrs. Gordon Fraser of Halifax, was groomsmen and the ushers were Mr. William Hebb of Annapolis, and Dr. J. Douglas Hines of Middleton.

The bride's aunt, Miss Evelyn Mount, wore a gown of Taupe pure silk, brown and cream satin hat, mink jacket and matching accessories. She wore a corsage of pink carnations.

The groom's mother wore a Dior blue gown, Milen straw hat of matching colour, a mink stole and matching accessories. Her corsage was of white carnations.

Following the ceremony a reception was held in the church hall, where the bride's table was centred with wedding cake and tastefully trimmed with spring flowers. Presiding over the coffee and tea cups were Mrs. G. Victor Turnbull and Mrs. R. S. Longley, while friends of the bride assisted in serving.

A Thought Starter

Rev. Donald C. MacCormack,
West End Baptist Church,
Halifax, Nova Scotia.

WHEN LOVE IS WRONG

How can we say that love will ever go wrong? Its beauty and warmth ought always to bring blessings. Real affection is an outgoing thing and when turned it can be destructive.

A problem every man faces is that of self love. By word or attitude a person may imply that he is beyond the need of change, and beyond the need of helpful criticism. He builds a high fence around his proud self; and proceeds to pamper whims and exalt self importance. This person will be neither useful nor ornamental in any true sense. Such a one lives on a veritable desert island. He is alone with himself and with his desires, though other people may be near. All of life may be measured by what it will bring.

Better, is the Bible way, which says "Love thy brethren". Shakespeare caught this light when he said "Love thyself last". Self love is a most delicate feeling. A mere nothing will wound it, and nothing can kill it, that is, nothing but the power of God. Transforming faith, and it alone, will get a person's love off himself and on His Saviour where it belongs.

Real love is always outward, never inward.

Split Level World Of Gordie Tapp

For demonstrating a corned personality four times a week on CBC television, Gordie Tapp will earn about twenty-five thousand dollars this year. Personal appearances will bring in an extra ten thousand dollars. Yet Tapp is discontented with the label of country entertainer, according to an article by Jeannine Locke.

Cousin Clem, the disheveled hillbilly whom he impersonates on Country Hoedown, was born with television in Hamilton five years ago. "By the time I discovered I didn't want to be a country entertainer," says Tapp, "I was making my living at it."

Off camera, Miss Locke reports, "he bears as much resemblance to a hillbilly as Fred Davis does. Among his determinedly shaggy co-workers at the CBC, Tapp is an almost elegant figure in custom-made suits of the most fashionably quiet kind, unobtrusive ties carefully mated to socks, and shoes of the same lustrous as his Cadillac outside."

His wit is efficiently rapid, fire, and he is regarded as one of the hottest ad-libbers in the business. One stagehand recalls how "in six Country Hoedown rehearsals, Gordie varied each one so that we never got bored. We were as fresh for the show — and as unprepared for his lines in it — as the viewers."

Tapp commutes to the CBC from the family split-level in Burlington, Ontario. Occasionally his wife, Helen, joins the live audience at Country Hoedown or P. M. Party. Otherwise, she keeps a careful separation between their homelife and her husbands career.

A Thought Starter Tiverton

Rev. Ronald C. MacCormack, West End Baptist Church, Halifax, Nova Scotia.

AUTHORITY: WHY NOT?

By what right does the authority of God bind me? Why should I pay attention to ancient documents? Why should I be free of religious inhibitions. Such questions are being hurled at Church leaders by unbelievers with great frequency.

The authoritarianism of the Gospel is considered by many to be as horrible as slavery. Mr. Modern Man can't see himself living in obedience to plain commands of the Bible. He claims liberty to indulge in one sin after another; he defies the person who would warn him of a false concept of life and sets his goal for personal gain and comfort.

We are reaping the harvest of this system. Children are being allowed to live as they please. They have learned not to respect the word of parents, of law, or even of the Word of God. Juvenile problems are on the increase and growing irresponsibility is the source of amazement.

Lack of discipline leads to a terrible scattering of energy. The unbroken, wild horses of the prairie will romp and play and enjoy perfect liberty, but what does he accomplish?

When the horse is tamed, when his own will is broken, and when he humbles himself in submission to the teamster, then and only then will he get work done.

Authority is not a brutal spectre to be avoided. Rather,

DEPENDABLE MARRIED MAN

I want to talk to a responsible married man about the possibility of joining me in my business, which is growing quite rapidly. A man with good character references who will jump into the work with both feet, can, with a reasonable amount of experience, expect to earn from \$4,500 to \$6,000 a year. This knowledge and experience I have gained in the past few years in my business will be of great help to the man who fills this position. I will teach him how to be successful if he will work 8 hours a day. The man who applies need not have selling experience, and no investment of money is required. A good income is insured right from the start.

CARS ARE MY LIFE

KNOCK, KNOCK... WHO'S THERE?

People are too ready to blame engine knock on gasoline these days... but most of the time it has nothing to do with the gasoline at all. Check these common causes of knock and you'll see what I mean.

1. **ELEVATION** — a gasoline which performs well in the mountains may knock at sea level.
2. **HUMIDITY** — the drier the day the more likely knock will occur in your engine.
3. **AIR TEMPERATURE** — the higher the temperature the greater the tendency to knock will occur.
4. **ENGINE TEMPERATURE** — a bad thermostat, plugged radiator, faulty water pump, or loose fan belt, can raise engine temperatures excessively — and cause engine knock.
5. **CARBURETOR SETTING** — too lean a mixture is another factor which will cause knock in your engine.
6. **DISTRIBUTOR SETTING** — an overadvanced spark will cause knock... and at the same time waste power.

Some of these factors are uncontrollable... but when they do happen our expert mechanics are ready to correct them. To be on the safe side why not drop in to Weymouth Motors Limited now for a tune-up?

Marriage

Gass — Nickerson
A pretty spring wedding was solemnized in St. George's Anglican Church, McAdam, when the pastor, Rev. Malcolm Norman, united in marriage, with the double ring ceremony, Hazel Melvina Nickerson, daughter of Mr. and Mrs. Victor Nickerson, of McAdam, to Paul Ernest Gass, son of Mr. and Mrs. Ernest Gass, of McAdam.

Easter lilies decorated the church altar, and the guest pews were marked with small nosegays of pink and blue roses. Mrs. Dawson Greek, church organist, presided and rendered nuptial music, assisted by the choir of which the bride is a member.

The bride's attendants were her sisters, Miss Leota Nickerson, as bridesmaid, and Miss Nancy Nickerson, as junior bridesmaid. Carl Gass, twin brother of the groom, was best man and the ushers were Earle and Herbert Nickerson, brothers of the bride.

Given in marriage by her father, the bride was attired in a white ballerina length gown of lace over a bouffant skirt of lace and taffeta with a shoulder length veil falling gracefully in folds from a gathered net capulet, the brim of which was trimmed with iridescent sequins. She carried a bouquet of American Beauty roses.

The bridesmaid, Miss Leota Nickerson, wore a ballerina length gown of blue net over taffeta with a bandeau of matching flowers. Her nosegay was of blue and white carnations and 'mums. Miss Nancy Nickerson, as junior bridesmaid, was wearing a ballerina length gown of pink net over taffeta with a bandeau of pink flowers. She carried a bouquet of pink and white carnations and 'mums.

Mrs. Nickerson chose for her daughter's wedding a chemise dress of mint green and matching duster and white accessories complemented by a corsage of pink roses. The groom's mother wore a pastel blue rayon crepe dress with navy and white accessories and a corsage of yellow roses.

Following the ceremony, a reception was held in St. George's Memorial Hall, which

was tastefully decorated with pink and white streamers interspersed with white wedding bells. Serving the bridal party were the Misses Judy Craig, Darlene Taylor, Margaret Baltus, Shirley Watson, and Elaine McDougall. Serving the guests were Mrs. George Baltus, Mrs. Richard Lewis, Miss Fern Speedy, Misses Nancy Murray, Dianne True, Charlene Logan, Betty Charters, Gail and Goldie Scott. Rev. Malcolm Norman proposed the toast to the bride and the groom happily responded.

For travelling to points in northern New Brunswick and Quebec the bride donned a dress of teal blue linen with white organza trim, white feather hat, and matching accessories. On their return they will reside in McAdam where the groom is employed with the C.P.R. The bride holds the "Crown" and title of "Miss Harvey" after being chosen Queen at the Harvey Community Hospital Fair held at Harvey Station during the past summer.

Out of town guests included Charles Hayes, grandfather of the bride, and Ross Hayes, cousin of the bride, of Weymouth, N. S.; Mrs. Amanda Wood, great aunt of the bride, Tusket Falls, N. S.; and Henry and Judson Russell, of Chamcook, N. B.

Pays Tribute To Educator

The regular meeting of the Digby Neck Home and School Association met in the auditorium on Thursday evening, April 9th, with the President, Rev. C. T. Olmstead in the chair.

The meeting opened with the singing of "O Canada" followed with the Aims read by Mrs. Stanley Denton. A sing-song, led by Rev. D. I. McClare, was much enjoyed.

The President spoke briefly on the life of Dr. L. A. DeWolfe, one of our Nova Scotia Home and School founders, and then asked the audience to stand with bowed heads for several minutes in silent tribute to the late educator.

The program was turned over to the health convener, Mrs. Bailey Gidney, who described the Schafer method of artificial respiration with a practical demonstration by Mrs. Owen Irving and Mrs. Elmer Lewis, followed by a 3 group discussion on what a person could do in the case of a number of emergencies. This was led by Mrs. Nelson Merritt. Some very interesting facts were given.

The President gave a vote of thanks to Mrs. Bailey Gidney for her program.

SEVEN SYMPTOMS OF CANCER

The Canadian Cancer Society was organized in 1938 at the request of the Canadian Medical Association. One of its main functions is to teach Canadians that early diagnosis of cancer depends on the early reporting of suspicious symptoms to a doctor. It also supports cancer research and gives assistance to cancer patients. The seven symptoms that may indicate cancer are:

- (1) Unusual bleeding or discharge.
- (2) A lump or thickening of the breast or elsewhere.
- (3) A sore that does not heal.
- (4) Persistent changes in bowel or bladder habits.
- (5) Persistent hoarseness or cough.
- (6) Persistent indigestion or difficulty in swallowing.
- (7) Change in a wart or mole.

Mrs. Stanley White, Sandra and Robert, arrived home from Matawer, Ontario on Tuesday.

Letters To The Editor

Dear Editor:
If you have the space I would like to tell Mr. Douglas Foley that I agree with recently published road letters. Our road is bad, but are not all gravel roads bad this time of the year? I don't think many men have missed getting to work and getting home at night. They may have had to walk a little, but after all, we have not always had cars.

We have had the same thing to contend with for a good many years, but I don't remember reading any letters by Mr. Foley about the road until the government changed. We have needed something done to this road for some years, but until the present government took office it wasn't even put up for tender. Now it is under contract to be made ready for paving. So, why not be patient? At long last we are getting what most of us have wanted for years.

Surely after all these years of bad roads, we can stand another one or two until it is paved. I say, give credit where credit is due.

Lloyd Balser.

Karsdale, Annapolis County.

April 17/59.

To The Editor:
In your issue of The Digby Courier yesterday you carried a letter from Douglas Foley, of Victoria Beach, regarding the road conditions in that area.

May I now have a small space to congratulate Mr. Foley on his initiative in this respect; also for his humorous manner of writing. There is only one regret. Why didn't some one start the ball rolling twenty years ago? The roads are not much worse now than they were then. However, better late than never.

Just another Good-roader.

Aladdin "never had it so good"

Aladdin figured out many a chore for the slave of his magic lamp — the "genie" — fetching gold and jewels, silks, rare food and drink, and such-like.

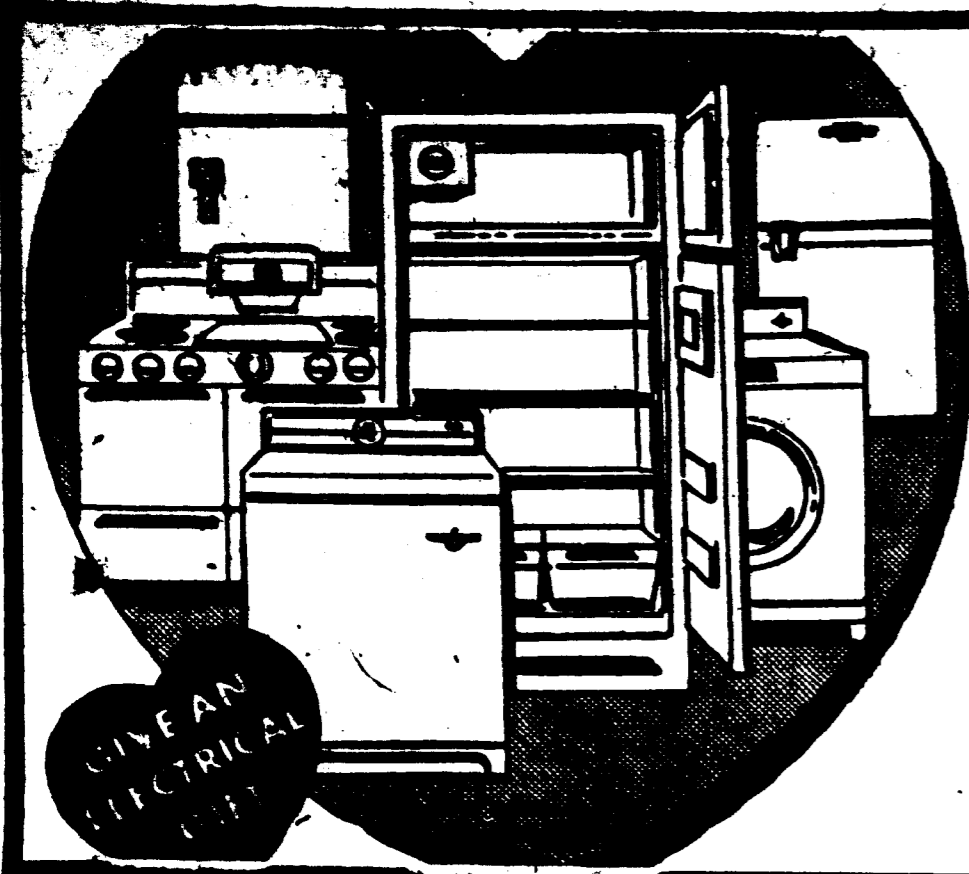

But did he think of the telephone? No!

With all that wealth at his command, he couldn't call his pals Long Distance in Alkalas or in, say, Bagdad or Damascus. No handy book, either, for looking up the butcher or baker or merchant to order his larder loaded up. No way to check on the next train departure, or find out why his best turban hadn't come back from the laundry.

Come to think of it, our telephone is pretty magical itself, isn't it? What a world of errands it runs for us! What comfort and protection it brings, day and night, year-in, year-out! Certainly, no other modern convenience delivers so much for so little. Isn't the telephone truly, for business, for pleasure, a terrific bargain?

Garden With A Future

"Color is the essence of success with a garden", says Helen O'Reilly, gardening expert. She feels that starting a garden from scratch, which may seem an enormous problem to a beginner, is, in actual fact, a golden opportunity to have exactly the border and blooms you want with no mistakes inherited from the past.

Miss O'Reilly has found over-planting with expensive bushes and trees a very common error. Foundation planting can make an attractive small house look lost in surprisingly few years.

Too many trees can render a garden flowerless.

How a border will be enjoyed should be the first consideration when planning its position and timing, whether from the windows of the house during spring or fall, or from terrace or porch in summer.

Flowers and colors are very much a matter of personal preference, Miss O'Reilly believes, but in any case "it is the reiteration of a striking color that makes a garden stand out."

She favors daffodils, clumps of red tulips offset by white candytuft, big single Japanese peonies in shell-pink tones and the spectacular Floribunda roses. For a mass of color through-

COUCH GRASS CONTROL

One fairly effective approach to couch grass control in eastern Canada involves a combination operation dealing with chemicals and cultural practices. J. S. Leefe of the Kentville Regional Research Station outlines a control program.

(1) If the land is in sward, out the summer she plants hybrid petunias and zinnias in glowing colors.

A flowering tree or bush placed wisely in the yard or patio is a good investment. It's blooms can be enjoyed year after year from the window and its leaves form a shady spot as summer follows summer.

plow it in the fall.

(2) The following spring, as soon as 6 to 8 inches of new couch growth appears spray with Delapone (Dowpon), twelve pounds per 100 gallons of water. Use enough spray to thoroughly wet the grass.

(3) After the tops of the grass have died, usually 2 to 3 weeks, disk the land thoroughly.

(4) Follow with a field cultivator at 2-week intervals. These cultivations will kill any couch roots that survived the spray. The last cultivation should take place during the driest part of the summer.

(5) In early September sow the land to a winter cereal, which can be plowed down the

following spring prior to planting out.

Couch grass will be suppressed sufficiently to allow growing annual crops following Step 3 but there will be considerable build-up during the growing season and the chemical by itself will not eliminate couch grass.

Hospital Beds Urgent Need

A strong plea for early action toward meeting the need for additional hospital accommodation for the Digby area was voiced at the May meeting of the Digby Town Council by F. C. Purdy, president of the Digby hospital board, and E. B. Richardson, chairman of the board's finance committee.

In a brief presented at the meeting it was stated the hospital board is convinced an immediate building program should be undertaken to provide not less than an additional 75 beds over existing facilities. This opinion, it was stated, is endorsed by the hospital medical staff and is in line with recommendations of the provincial hospital commission.

The seriousness of the present situation was stressed and it was stated that if the local area should be hit by a serious epidemic or large scale disaster it would be impossible to cope with it with present hospital facilities.

It was pointed out that under national regulations the capacity rating of the Digby General Hospital is 28 beds and 8 bassinets. At present the hospital is operating with 40 beds and 14 bassinets. So serious is the overcrowding, it was stated, that in an emergency on April 28th when there were 17 admissions to the hospital in a 24 hour period it was necessary for a short time for two patients to occupy the same bed. This incident, the brief stated, serves to indicate the seriousness of the situation, especially when the hospital is forced to operate to capacity with a large waiting list and no reserve beds for emergencies.

Mr. Purdy stated the board did not want to appear alarmists but the gravity of the situation could not be ignored. There can be no question, he said, present hospital facilities are inadequate for the needs of the area and if the people of this district are to be assured of benefits under the Nova Scotia Hospital Insurance Plan then it is imperative immediate action be taken by the hospital board, medical staff, town and municipal governments and citizens generally to ensure that new hospital construction begin in 1959.

Cost to the local area served by the Digby General Hospital for the proposed new construction may exceed \$500,000, the brief stated. This would be borne jointly by the town and adjacent municipalities based on patient days. A breakdown of patient days for the first four months of 1959 showed Digby town to have 17.5% of the total; Digby municipality, 56.3%; Clare municipality, 9.1%; Annapolis municipality, 12.8%; HMCS Cornwallis, 3.6% and outside areas, 6%.

Busman's Holiday

Joseph J. Horan (left), president of the National Association of Travel Organizations and Director of the New York State Travel Bureau, made a quick tour of Halifax during his visit here to address the Hotel Short Course sponsored by the Department of Trade and Industry. His guide was Leo Charlton, Director of the Halifax Tourist Bureau.

Kiwanis Sponsors Free Clinic

Forty-four children have been enrolled for the free orthopedic clinic being sponsored here by the Digby Kiwanis Club. It was learned this week.

The clinic, which will be held on May 7th, will be in charge of Dr. J. Acker, noted orthopedic surgeon of Halifax. Dr. Sinclair, professor of orthopedics at Dalhousie medical school, and Dr. Coward, well known Halifax pediatrician.

During the past five years the Digby Kiwanis Club has provided free clinical treatment for more than four hundred youngsters in this area. It has been learned. Treatments have been provided through crippled children's clinics and through the speech therapy clinics operated here by the Kiwanis Club.

The proposal put forward in the brief presented to the council with respect to hospital construction was that the town and municipal councils give "immediate and serious consideration" to the question of public support of hospital construction through annual capital grants to the Digby General Hospital adequate to underwrite all construction costs in excess of those available from grants through provincial and federal health departments.

It was asked if this proposal was not considered feasible because of legal consideration, the council should submit a counter proposal free of legal obstacle. The brief stated it is considered advisable for the Digby General Hospital to issue debentures guaranteed by local civic councils. In order to proceed in such fashion, however, it was suggested changes may have to be made in the structure of the hospital board, perhaps making it a commission.

Speaking of the effect of the proposed hospital construction on the local economy, Mr. Purdy said that in 1958 hospital expenditures totalled \$105,000 and it is expected 1959 figures will approach the \$150,000 mark. An increase to a 75 bed hospital will have a favorable effect on the area economy, he said.

Ladies Aid Meets

Regular meeting of the Ladies Hospital Aid was held Monday evening in the nurses' residence. Hostesses were Mrs. Grace Edwards, Mrs. Hilda Cossaboom, Mrs. W. H. Eldridge and Mrs. Fred Stoddard.

It was reported a total of \$56.40 had been raised at the recent pantry sale sponsored by the aid. Receipts from the baby supply cabinet operated under auspices of the ladies aid at the hospital amounted to \$16.00 to date. A number of donations of articles for this cabinet were reported. Articles of baby clothing and other baby supplies donated are sold from the cabinet and funds used to help the aid in securing supplies for the hospital.

Business College Holds Graduation

The annual commencement exercises of St. Patrick's Business College were held in St. Patrick's Church, Digby, on Sunday, May 3rd, at eleven o'clock. Those participating in the ceremony entered the church and proceeded up the main aisle as follows: Cross Bearer, Floyd Amero; acolytes, David Wood and Danny O'Neill; Master of Ceremony, John Amirault; the Business College graduates; Rev. J. Beaton of St. Anne's Church, Church Point; and Right Reverend W. Leo Murphy, who was the guest speaker. The girls of the graduating class were clad in white gowns and caps and they took their places in the sanctuary for the Mass which followed immediately.

The Mass sung was the Mass Number One by Diorix. The choir was conducted by Rev. Luc Gaudet, Pastor, who was accompanied at the Con Artist organ by Mr. E. J. Theriault, Q.C., organist at St. Patrick's Church.

Mayor Victor Cardoza, Mrs. Cardoza and daughter, Elizabeth, were present at the ceremony.

The sermon was preached by Right Rev. Monsignor W. Leo Murphy, Pastor of St. Stephen's Church and Dean of Halifax. Monsignor Murphy is well known in Digby, where he was pastor from 1930 to 1946. It was during his pastorate here that the present St. Patrick's Church was erected, and St. Patrick's School and Business College was founded. In April, 1958, Monsignor Murphy was named a Domestic Prelate in the Household of His Holiness the Pope. In October of the same year he was appointed Dean.

Taking for his text the words of St. Paul to the Galatians (6:14) 'God forbid that I should glory save in the cross of Jesus Christ', Monsignor Murphy reminded the graduates of 1959 that the Cross is the symbol of Christ's suffering, the emblem of salvation, the hope of the future. He explained that at the Cross of Calvary there were three groups; one beside the Cross (the friends of Christ); another beneath the Cross (the enemies of the Lord); the third beyond the Cross (the pagans the disinterested, those who were in ignorance of the meaning of the Cross).

In our modern world when Christianity is threatened from so many sides, the young Christian graduate must be prepared to take his or her place beside the Cross; must be ready to give witness to his belief; must be prepared to do battle in its defense. He recalled the passage from Exodus 32:20 where Moses, angered by the infidelity of the Israelites who had erected a golden calf, ground it into fine powder and mixing it with water forced his penitent people to drink thereof. This he reminded the graduates is but a symbol of the punishment God metes out to those who disobey His Divine Law, and he exhorted those who were today going out into life to bring with them the Law of God, the Commandments, as their charter, their guide for the future.

At the conclusion of the Mass, Monsignor Murphy congratulated the graduates, and after wishing them every success in their new work, presented the following diplomas and prizes:

Business College Honor Diplomas: Joan Evelyn Wheatley, Patricia Anne Comeau, Margaret Rose MacDormand, Miriam Vera Grant, Elaine Florence Keen, Zella Madeline Harrington, Sheila Marie McCafferty, Phyllis Louise Cox, Muriel Dixie Anna Weir, Dianne Nancy Graham, Mona Jean Jay, Pass: Yvonne Marie Smith, Marie Doreen Theriault, Janis Irene Andrews, Lucille Anne Comeau, Sharon Faye Foster, Joyce Gertrude Harvey, Marie Ann Vroom, June Lucinda Rice, Marion Estelle Addington, Grace Marion Lewis, Flora Anne Stanton, Sheila Elizabeth Baxter, Evelyn Jean Ritchie, Carol Gertrude Trask.

The following awards were announced: Class Leadership Prize, awarded by Rev. Luc Gaudet to Joan Evelyn Wheatley. Shortland Prize, for Proficiency in Shortland at 100 words per minute, awarded by Rev. Donald Amirault, to Patricia Anne Comeau.

Bible Society Elects Slate

The Digby Branch of the British and Foreign Bible Society in Nova Scotia elected the following slate of officers at the annual meeting held at the Baptist Church hall on Wednesday evening --

President -- J. J. Brittain. Vice President -- A. E. Dickson.

Other Vice Presidents -- the Clergy. Secretary-Treasurer -- J. O. Turnbull.

Campaign Chairman -- Burton Ellis.

The above officers were given power to add to the executive a representative from each of the points Smith's Cove, Bay View, Deep Brook and Culloden.

The meeting which was presided over by the Vice President A. E. Dickson, was opened by prayer led by Rev. James Pike. Rev. John L. Denchfield read the scripture.

Mr. Turnbull reported the proceeds for 1958 to be \$517.40. In reporting the campaign results for the county, Vincent Snow stated they amounted to \$1290.17 which was \$335.32 more than the previous year. It was reported that on per capita basis of Protestant population, Digby was the highest in the province in the campaign.

Mrs. Oakley Turnbull gave a comprehensive report on the meeting of the Nova Scotia Division of the British and Foreign Bible Society held in Halifax recently.

Mr. Snow also reported on the meeting and Mr. Snow was congratulated on receiving a life governorship. Mr. Snow reported that life governorship had been advanced from \$100 to \$200 and it was left with the executive as to what service should be rendered to obtain the same. Life memberships were raised from \$25 to \$50.

Council Endorses Highway Request

A resolution, passed by the Yarmouth town council, asking that Route No. 1 between Halifax and Yarmouth be made part of the Trans-Canada highway was endorsed by the Digby town council at their regular meeting here.

Permission was granted at the meeting to Gerald Hoare to build a modern home on his property on King Street.

A request from A. E. Wentzell and Mrs. Mary Dakin for sewer facilities for their property on Queen Street was referred to the sewer committee.

The local branch of the Navy League was granted permission to hold a tag day in support of Sea Cadets.

The Digby Lions Club was given a permit to sponsor a travelling carnival show in Digby during the first part of August. Permission was also granted the fire department on request of the Lions Club to arrange a parade here on July 1st as part of the Dominion Day celebrations which are being sponsored by the local Lions Club.

Councillor Earl VanTassell, chairman of the light committee, reported that a number of requests for additional street lights approved by the committee would be met as soon as light fixtures were available.

Elected Zone Commander

Ralph O. Wright, for three years president of the Digby branch of the Canadian Legion, was the unanimous choice of a zone meeting here last Tuesday evening to succeed Eugene Outhouse of Tiverton as Zone Commander for Zone 11 of the Legion.

Barn Destroyed By Fire

A flash fire Friday afternoon totally destroyed a large barn, farm machinery and a large stock of fertilizer on the farm of Donald Woodman at Conway, about two miles from Digby.

The fire, believed to have started when a tractor backfired, quickly swept through the big barn and within a matter of minutes the whole structure was aflame.

Quick efforts by neighbours were successful in getting the cattle out of the barn but it was not possible to save any of the farm machinery or several tons of fertilizer stored in the barn.

The Digby fire department was called and prevented the spread of flames to nearby buildings. Fortunately only a light wind was blowing and this was away from Mr. Woodman's house only a few yards from the burning barn.

Loss is estimated in excess of four thousand dollars. It is understood some insurance was carried.

This is the second barn to be destroyed by fire on the farm of Mr. Woodman. Another burned some 27 years ago when a threshing machine backfired.

Mr. Woodman was away at the time of the fire Friday on his part time job of driving a school bus.

Council Opens Spring Session

"The matter of hospital accommodation for the people of this area may be the most urgent problem facing our district today", stated Warden Ronald Morehouse at the opening session of the semi-annual meeting of the Digby Municipal Council here Tuesday afternoon.

Warden Morehouse stated since the provincial hospital insurance plan had come in to effect it has provided not only benefits for the people but also brought problems to those whose responsibility it is to provide hospital accommodation.

Already, he said, the Digby General Hospital is "bursting at the seams" and a long waiting list exists. The local hospital, the Warden stated, is filled to near double its registered capacity and the waiting list is increasing.

The matter of local hospital accommodation is one which must be carefully thought out, the Warden said, and a problem in which all areas and levels of government must play their full part in solving.

The Warden warned against "stop gap" measures in dealing with the problem and said care must be exercised so that necessary financial commitments are properly apportioned at all levels, taking into account "ability to pay".

Digby municipality "already has been taxed by the provincial government on a per capita basis some \$9,000 this year toward anticipated capital outlay to be made by the province for the hospital plan, Warden Morehouse said, and "the amount will be greater next year". This tax, he said, has no direct application to solving our own local hospital accommodation problem which must be dealt with by local authorities as our own.

Speaking of assessment, Warden Morehouse said that before the next annual council meeting the newly adopted system of full assessment in the municipality will be in operation.

Catches Huge Trout

Earl VanTassell was proudly displaying a huge speckled trout on Monday which he had caught in Digby county waters. The big fish weighed just one-half ounce short of three pounds and was 19 inches long. The fish had some peculiarities which for a time created some doubts as to it being a speckled trout but consensus of opinion confirmed that it was. The flesh was beautifully pink and the head and outward appearance that of a speckled trout.

"You mean to say— just 3-a-day may send backache away!"

Sounds good! Logical, too! You see the normal job of the kidneys is to remove excess wastes and acids — so often the cause of backache—from the system. Dodd's Kidney Pills stimulate the kidneys in this function and so may bring you that welcome relief from backache they have many others. Try just 3-a-day. You can depend on Dodd's—in the blue box with the red band.

POOR MILEAGE CAN BE YOUR FAULT

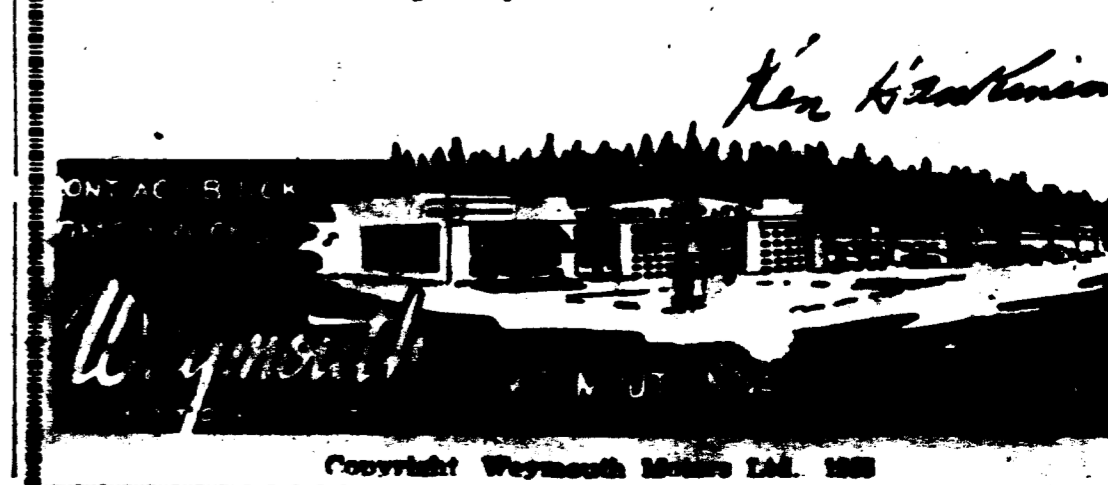

When you complain about poor mileage don't blame your car or the gasoline you're using, because chances are the blame generally lies in improper car maintenance or improper driving habits.

Under-inflated tires, for instance, can decrease your mileage, as well as prematurely wear out your tires. It's the same with a dirty air filter that can starve your mixture and consequently cut mileage by as much as 10%. Other factors can be a faulty manifold heat control valve ... improperly adjusted choke ... faulty spark plugs ... incorrect plug or point settings ... a plugged or bent tail pipe ... a faulty radiator thermostat that causes slow warmup ... or even the crankcase oil being too heavy.

Your personal driving habits can also be to blame. Sustained driving at 60 miles per hour, or greater, increases gas consumption by 10% to 15% — over driving at 50 miles an hour. City driving is also hard on gasoline. If you pace your driving to traffic and to traffic lights to avoid unnecessary stops you can save one gallon out of four.

Fast stops and starts, jackrabbit get-aways and traffic weaving are other gas wasters. So drive intelligently. It's safer ... easier ... and more economical.

At Weymouth Motors Limited you'll find that all of our used cars have been thoroughly checked for these gas-robbing faults. They're all ready to give you miles and miles of dependable ... economical transportation. The other factors are up to you.

The Town Hall, New York, gave the city its first look at James Metcalfe's 90-minute travel documentary, "The Sunrise Province — Nova Scotia," and the capacity audience of about 1,100 people liked it very much at its Thursday night screening.
In the audience were 100 guests of the Nova Scotia Department of Trade and Industry, including travel editors, wholesale tour operators and representatives of the Canadian Consulate-General, the Canadian Government Travel Bureau and local offices of TCA, CPR and CNR.
During intermission items of merchandise made in Nova Scotia, gifts of Nova Scotia Tartan, Ltd., were awarded as door prizes. Each member of the audience received a copy of "Nova Scotia Camera Tour." Several operators of Nova Scotia all-expense tours also distributed their folders.
Town Hall, which sponsored the lecture, said it was one of the most enthusiastic audiences to attend this year's series of travel lectures. It was also one of the largest crowds. Town Hall is affiliated with New York University.
In his commentary, Mr. Metcalfe acknowledged the efficient cooperation he had received from the staff of the Nova Scotia Department of Industry.

Little League Banquet Held

Close to one hundred and fifty little league hockey players, parents and guests were present for the league banquet held in the Digby Regional High School Friday evening.

Chairman of the evening's proceedings was Arnie McCallum, who coached the teams and worked during the year to make little league hockey through the Digby public schools a success. The banquet was catered to and served by the members of the DRHS Hi-Y under their leader, Mrs. Eva Wendell, assisted by Mrs. Wallace Hodgson.

Guest speaker for the banquet was Forbes Kennedy of Charlottetown, well known national hockey league player, who has been playing for the past two years with the Detroit Red Wings.

Mr. Kennedy, who was introduced by Arnie McCallum, answered many questions put to him by the young hockey enthusiasts concerning major league hockey. He told of the records of various well known national league stars and explained requirements for entrance into the league.

In his address Mr. Kennedy paid tribute to the work being done in Digby to promote little league hockey and commended Arnie McCallum and those others responsible. He said an interest in hockey should be developed early in life and stated the value of training in sportsmanship, clean living and the fundamental playing rules could not be overestimated.

The speaker was thanked by Mayor Cardozo who also paid tribute to all those responsible for the little league program. He contrasted sports facilities available locally at present with the lack of such opportunities some years ago.

Wallace Hodgson gave a report on the year's activities in little league hockey and pointed out the fact the youngsters had carried on their sporting activities in this field as an extra curricular effort. Saturday mornings had been devoted to little league hockey, he said, with the program starting first of all at seven in the morning and later at the "more civilized" hour of 8:30. He said not too many were aware of the sacrifices being made by the parents in getting their youngsters out for hockey play and practice at such an hour on Saturdays.

One hundred and sixty-five Wolf Cubs and fourteen Cub leaders attended the annual Wolf Cub rally for the Digby district at HMCS Cornwallis Saturday. Cub packs represented at the rally were from Bear River, Digby, Tiverton, Cornwallis, Clementsport, Smith's Cove.

The Bear River Cub pack won the shield presented for annual competition by the HMCS Cornwallis group. Tiverton and Cornwallis "A" pack tied for second place in the shield competition.

During the day's program a sports tabloid was held in which teams of twelve members from each pack competed. Requirements were that each team should have at least half its membership of Cub's under twelve years of age.

Included in competition were such events as knot tying, standing broad jump, somersaulting, softball throws, skipping and plank walking.

At the close of competition swimming events were held and then the Cubs were entertained at supper in the Cornwallis Scout hall. The day's program ended with a campfire program.

Five new members, Joseph Turnbull, Harry MacPherson, Joseph MacLean, Reginald Walker and Albert Manning, were installed at the meeting.

Reporting on the year's activities, President VanTassel stated the club's project of securing a new car for use by the local Victorian Order nurse was progressing satisfactorily. He stated tenders for purchase of the new car would be called for within a short time.

Mr. VanTassel also stated the "bank of light" project, in which the club is soliciting old eye glasses and frames for shipment to under-developed countries where need exists for eyeglasses, was now underway. He solicited full support of all club members in the Lions club project of carrying out the annual July 1st fair in Digby and stated the first five hundred dollars of net proceeds of this affair would be presented to the Digby Recreation Commission for their use to meet stated obligations regarding the Digby Forum.

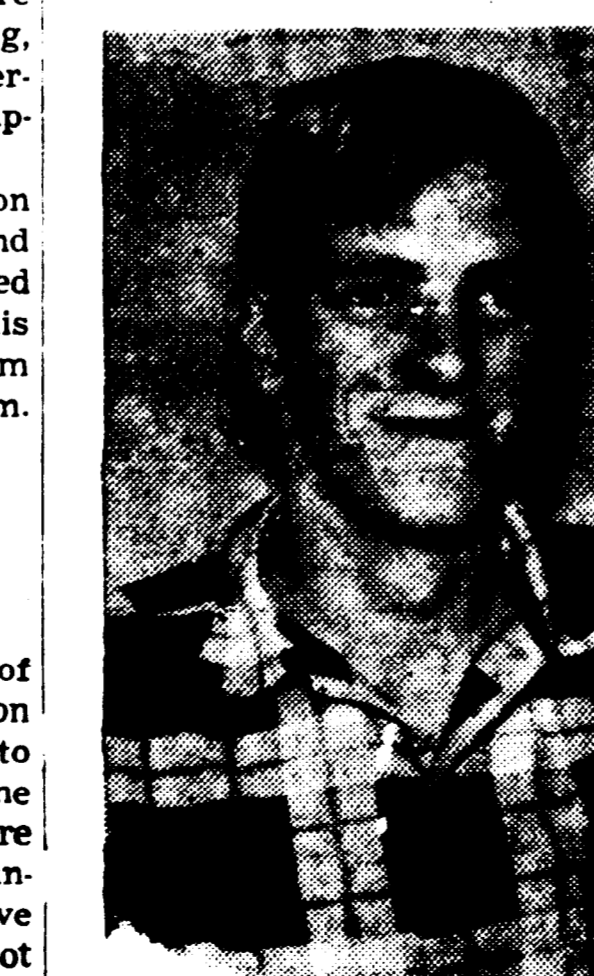

It was reported this year the Lions club will sponsor a travelling show in Digby in order to raise funds for several projects. The club will also hold its annual auto show in the Forum in the fall. A donation was made at Tuesday night's meeting to help in expenses of sending a number of Little League hockey-ists to the hockey school in Kentville.

Lions Club Take On V.O.N. Car Project

A new car for the local association V.O.N. by early July is the project set by the Digby Lions Club, it was learned at a meeting of the V.O.N. on Tuesday. If their present project realizes more than necessary for the car the surplus will be put to other charitable projects according to Earl VanTassel, president of the Lions Club and they hope to maintain interest in worthwhile organizations including the Victorian Order. Thanks was expressed at Tuesday's meeting for the generous undertaking of the Lions Club on behalf of the V.O.N.

Red Cross Advised Civil Defence Plans

A welfare organization prepared to feed, clothe, house, register and supply personal service such as religious and psychological needs for 8,000 people in case of necessity should be set up in Digby, Major Perie, Welfare Officer of Civil Defence, Halifax, told members of the Digby Branch Red Cross last Wednesday. Of these the Red Cross is capable of three, viz., feeding, clothing, and also supplying medical services because of their nursing and first aid program. Civil Defence plans in Nova Scotia entail the evacuation of about 200,000 people from Halifax and Dartmouth in case of disaster. Eight thousand would be designated to Digby. The Red Cross, the speaker said, is trained for small disasters but vast problems must be faced in dealing with masses and greater coordination and training is necessary. The federal government pays expenses to train key people to deal with situations and these people will train others in such things as out door cooking and handling of equipment and other problems which might be met in disaster.

In case of disaster, Major Perie said that the government would freeze all stock of food and ration it out as there would probably be no replenishment of stocks for ten or twelve days. It is planned that each person would receive 3 lbs. of food per day. Each person leaving a disaster area is instructed to take with them seven days supply of food but plans must be made as if they brought none. Clothing would be supplied not by style and color but only from the standpoint of clothing for the body. It is estimated that (Please turn to page 10)

Receive NOMA Certificates

Early in January the students of St. Patrick's Business College entered the Noma Spelling Project, which was conducted by the Halifax-Dartmouth Chapter of the National Office Management Association.

This International Spelling Project was not a "spelling bee". It was not intended to sift out the best speller in the class. Instead, this activity was designed to help the students become better spellers.

The Noma Official Spelling List consisted of 600 words. After a test of 100 words, taken from the entire list, Noma Spelling Certificates for 100% accuracy were awarded to: Patricia Anne Comeau, Sharon Faye Foster, Yvonne Marie Smith.

After the next test of the same 600 words, Noma Spelling Proficiency Certificates for 100% accuracy on another 100 words were presented to: Patricia Anne Comeau, Sharon Faye Foster, Janis Irene Andrews, Phyllis Louise Cox, Diane Nancy Graham, Zella Madeline Harrington, Sheila Mary McCafferty, Joan Evelyn Wheatley and Miriam Vera Grant.

Mr. A. M. Phillips, Chairman of the NOMA Education Committee, Halifax, has sent his congratulations to the ten students who earned these twelve certificates on their most commendable showing.

Speak On Civil Defence

Above are shown, left to right, R. O. Wright, civil defence director for Digby, and Major Perie, welfare officer with the provincial civil defence organization, who spoke last week to the Digby branch of the Red Cross, the town and municipal councils on matters concerning civil defence. The above photo was taken following their address to the Digby Red Cross.

(Staff Photo)

Meet With Civil Defence Official

Major Perie, a welfare officer of the civil defence organization for Nova Scotia, met last week with the Digby Town Council to explain and outline in detail the civil defence organization at the provincial and municipal levels.

A full discussion of local civil defence matters was had and a number of problems aired both by the council and the local civil defence director, R. O. Wright.

Mayor Cardozo pointed out that, contrary to rumours that seemed to be circulating, the council had given full cooperation to the local civil defence organization and had acceded fully to requests made by the local director. He stated a councillor had been appointed as liaison between the council and civil defence group as requested and that this councillor had taken an active part in the recent civil defence exercise. He also reminded the visitors that the meeting with the provincial deputy co-ordinator had been arranged by the council and marked the first occasion when a representative of the provincial organization had met with the council to outline the requirements of the organization.

The matter of the appointment of a full time paid director of civil defence for Digby county was discussed at the meeting. Major Perie pointed out the need for the development of a strong civil defence organization in the county and expressed the view it might be too much to ask of a volunteer to take on the task of seeing that such an organization was fully set up. He pointed out that in the event of an atom bomb threat to Halifax eight thousand evacuees would be sent to Digby and this would pose a serious organizational problem locally.

It was decided to leave the matter of the appointment to the regular meeting of council and it was pointed out Major Perie was meeting with the municipal councils of Clare and Digby later in the week. It was felt a town council committee could be appointed to meet with municipal council representatives to further discuss the matter.

LATER: It is understood the municipal council in their semi-annual session tabled the matter of the request concerning appointment of a full time paid director of civil defence for Digby county.

To Conduct Special Services

Special services will be held on Sunday at the Salvation Army Hall, conducted by Bandsman & Mrs. Earl Robinson of Halifax. The "Robinsons" are natives of Saskatchewan, where both have been aggressive workers and have held Local Officer's positions in The Salvation Army.

Every Charge In Presbytery Increased M & M

Annapolis Presbytery of the United Church of Canada met in the Annapolis Royal United Church May 5th with a good attendance of ministers and lay representatives. Rev. C. H. Gough, president, Rev. R. N. Jackson, Aylesford, led the opening devotions.

A call was presented from the Kingston Charge for Rev. Morris A. Barss, of New Germany. The call was sent on to the Settlement Committee of Conference.

Rev. James Brooks for the Missionary & Maintenance committee reported that Annapolis Presbytery was one of three in the whole church in which every charge increased its givings last year. He also reported that the givings this year are running a little ahead of last year. Attention was called to the fact that the average givings per member for the whole church is only 14 cents per week. The amount taken in at the local liquor store is eight times more than the combined budgets of the four largest Digby churches. It was stated there is need to practise Christian Stewardship that our souls might live and God's work be done.

A new slate of officers was elected for the next conference year as follows:

Chairman — Rev. F. C. Burdick, Berwick.

Secretary and Statistical Secretary — Rev. D. S. MacLeod, Bear River.

Treasurer — Mr. Milton B. Atkinson, Digby.

Mr. Atkinson becomes Treasurer at once.

Rev. B. D. MacMartin, Weymouth, is the new chairman of the committee on Information and Stewardship.

Delegates to conference were named from Digby and Kings- ton. Mrs. J. M. Wallis and Mrs. G. W. Hawkins, respectively. The delegates from other charges will be named later.

Will Attend Tourist Course

H. M. Warne, chairman of the Digby board of trade's tourist committee, was appointed at Tuesday night's board meeting to attend a course being sponsored by the provincial department of trade and industry for tourist information bureau operators. The course will include a trip to scenic spots in the province including the Cabot trail.

It was decided the transportation committee of the board would meet with the town council with respect to recommendations made by Mr. Fiske, provincial traffic engineer, concerning improvement of highway approaches leading into Digby at Conway.

Renewal of a lease from the Dominion Atlantic Railway on a portion of the Cannon Bank improved by the trade board as a park site was acknowledged at the meeting. Approval was also given to the Digby branch of the Canadian Legion to use the park site as location for a travelling show being sponsored by the legion.

Receive Degrees At Mount Allison

William Howard Brooks, son of Rev. and Mrs. James Brooks, Digby, and Jean Snow, daughter of Mr. and Mrs. Vincent Snow, Digby, were among the graduates from Mount Allison University, Sackville, N. B., on Tuesday. William graduated with a B.A. degree and Jean received a B.A. degree with a degree in education. Also among the graduates was Carolyn Joan Walsh, New Glasgow, daughter of Mrs. Walsh and the late K. C. Walsh, formerly of Smith's Cove, N. S.

Honorary degrees were conferred on Rt. Hon. John Diefenbaker, Canada's prime minister; Rt. Rev. Angus MacQueen, United Church Moderator, London, Ont.; Col. Charles Perry Stacey, Ottawa; Dr. L. J. Morrell, visiting professor at Mt. A.; Dr. Anne Dickson and Mrs. Christine McInnes. Both Dr. Dickson and Mrs. MacInnes are well known among those who were former students at Mount Allison. In 1949 Dr. Dickson became dean of women at Mt. A. and has been serving in that capacity until the present time of her retirement. Mrs. MacInnes who also retired has been registrar at Mount Allison since 1948. Mrs. MacInnes is known to many here in her work with the W.M.S. of the United Church of Canada and as editor of the W.M.S. page in the United Churchman.

To Undergo Heart Surgery

John Stark, eleven year old son of Mr. and Mrs. Loran Stark, of Mount Pleasant, left Digby with his parents last week for Boston to undergo a rare and delicate heart operation in an effort to correct a congenital heart condition.

It is understood young John will enter the Children's Medical Centre in Boston where he will undergo a series of tests before surgery. The operation will be performed by internationally famed heart specialist, Dr. Gross, who two years ago successfully performed a similar operation on Billy Patterson of Digby.

Funds to assist young John with expenses involved in the correction of his heart ailment are being supplied from a reserve in the "Heart for Billy" fund which was organized by the Digby branch of the Canadian Legion in order to help Billy Patterson when he had to go to Boston for surgery.

Attend W.M.S. Meeting At Bear River East

Attending the Baptist District meeting on Tuesday, May 12th were members of the W.M.S. at Clementsville and Mrs. Geo. Jefferson, Mrs. Marshall Wheelhouse, Mrs. Gordon Ruggles, Willis Buckler.

Lodge Notes

At the regular meeting of Zelma Rebekah Lodge Monday night the charter was draped in memory of Sister Bessie Hooper and Brother Henry Marshall.

Following this impressive ceremony final plans were made for the District Meeting being held at Freeport Monday, May 18th, where lodges from Weymouth, Bear River, Annapolis, Digby, and the Islands will meet for a report of the year's work. Anyone wishing to attend these meetings are asked to contact Jeap Raymond, Noble Grand, for transportation.

Due to the charter being draped the Pink and Green contest now being held will be postponed for a month. However, attendance, dues, etc., will still be tallied.

CORRECTION

In the story "Business College Holds Graduation", which appeared in last week's issue of the Courier, ladies of the Catholic Women's Club convening at the Graduation Dinner should have included Mrs. Paul Winchester instead of Mrs. Carl Winchester.

A GOOD LOOKING FARM IS A MORE EFFICIENT FARM

Successful farmers know that you can generally tell a good farm from a poor one — just by looking at it.

You know how you feel when a neighbour looks over your farm. You feel proud, or you figure perhaps you could do with better outbuildings or your drainage needs attention. Perhaps you figure it's time you had a new house — or what about that barn or the silo?

Well, it will pay you to find out how Shaw brick, tile and lightweight thermocrete will speed construction and give you all these things at surprisingly low cost.

For fine appearance, lasting endurance and safety from fire, you just can't beat Shaw.

WOODLAND HARVEST KEEPS FORESTS GREEN

Canadian Forestry Association Promotes Better Woods Use

Harvest the trees and conserve the woodlands. This is forest management. It is like farming. Modern forestry practices require that the young trees be protected and, like other crops, harvested at maturity before they die and rot. Without the harvest, young growth is held back. And it is the young growth that keeps the forest green.

It was this concept of forest management that was discussed at the 58th annual meeting of the Canadian Forestry Association held recently in Ottawa.

The CFA, a national organization supported by the public, promotes the development, protection, and utilization of the woodlands. It provides services, including the operation of two railway conservation cars, it conducts 4-H and Junior Forest Warden programs, and manages the Tree Farm Movement, of which many farmers and other woodland owners are members. The CFA is a service organization dedicated to increasing the forest wealth of the nation.

Another forest fact of increasing concern discussed at the Ottawa meeting was the waste caused by forest fires. In 1957, there were 6,000 forest fires in Canada of which 5,000 were caused, directly and indirectly, by humans. Smokers and campers alone accounted for more than 2,000 fires. Altogether, almost a million acres of timber were destroyed.

A YOUNG TREE FARMER learns about forest management. That is, trees like other crops, must be harvested before they die and rot, thus providing a cash crop and making way for new growth. The Canadian Forestry Association, through the Tree Farm Movement, assists farmers and others to manage their woodlands profitably.

"Fire is the greatest single preventable enemy of the forest," said C.F.A. manager J. L. Van Camp. "All the larger companies operating in the forests manage their woodlands on a perpetual yield basis," he said. "At the same time, the forest industries create four billions of dollars annually in national income." "Forest fires, far from generating benefits for Canadians," he continued, "not only devastate the woodlands destroying millions of trees annually, but make the soil unfit for new growth for several years."

These Ships Won't Sail The Sea

By Willard Richardson, Times-Globe Staff Writer
Saint John, N.B.

A diminutive 17-year-old Saint John boy who left his native Holland eight years ago is today a builder of ships.

A blond-haired lad with Nordic features and a quick, spontaneous smile, Benny Verburgh, son of Mr. and Mrs. Gary S. Verburgh of 123 Highland Road, builds mostly sailing craft of a bygone era.

But they won't feel the restless wash of the Fundy; nor will a brisk sea wind spank their open sails. Benny's ships are miniature models.

When the Second Annual Southern New Brunswick Boys' and Girls' Hobby Show opens April 30 to May 2 inclusive in the Saint John YMCA, Benny's ships will be on display vying for honors and prizes.

In last year's hobby show, Ben entered three sailing craft and walked off with first place and second place ribbons and a prize. "It was the first time I displayed any models," he said.

Ben was born in Nijmegen, Holland, a city about the size of Saint John. He was nine years of age when his family moved to the fishing village of Westport, N.S.

He lived there three years, and then came to Saint John where his family has made its home during the past five years.

He likes Saint John but says his heart belongs to Westport. It was there he glimpsed his first fishing boats. And there, too, an old man taught him the skills and technique of building models.

He has never tried model

ship-building before. At home in Holland there were scows and barges on the Waal Canal, but they were drab and unexciting; they had nothing to fire the imagination of a boy, he recalled.

Benny, who said he would like to be a carpenter when he finishes school, has put together about 50 model boats during the past half dozen years. He is at work now on a Nova Scotia two-masted fishing schooner. He thinks she will be the best yet.

He said he usually has no master plan on paper when he starts. It's all in his head. And when he needs information on rigging he gets it out of books.

It takes about two months in his spare time for Ben to complete a miniature schooner. Later on he would like to build miniature models of famous sailing craft.

He will enter two boats in this year's hobby show — both two-masted schooners used in days gone by. He has put together three-masted schooners, a square-rigger, modern models of handliners, seiners and lobster boats.

The old man in Westport who taught Benny the skills of boat building was a retired fisherman — Frank Shaw. He built all types of sailing craft. "He showed me plenty," Benny said. "I used to go to his place all the time."

Ben has another big interest in Saint John. It's the YMCA, where he is a member of the Swim Club, the Intermediate Leaders and the Junior Gym Club.

Although he does not swim in competition, he is a versatile diver, and won the senior diving event at the Maritime Inter-Y Swim Meet at Halifax a week ago.

He got his first introduction to a Young Men's Christian Association in Saint John. He's there every day now — even does some boat building in the crafts shop.

He's looking forward eagerly to the hobby show. "My boats are better this year," he said.

The recently constructed models look like they might have been plucked from a fishing fleet a half century ago, and that any day now might go with the tide, back to the fishing grounds. — (Evening Times Globe)

Man To Man

It looks as though Canadian males will be getting a fairer share of the air-waves from now on. Since radio began, there always have been lots of programs devoted to women's interests, but nothing designed specifically for men. Rod Conybeare, above, will be helping correct the balance with his new show Man To Man which deals with masculine interests only — women, clothes, food,

cars, sports and business. Contributions to Man To Man will also come from free-lance writers and interviewers all over Canada. It's our guess the fairer sex also have an interest in men's interests and that lots of them will be tuning in to CBC Radio's Trans-Canada network each Monday evening for this close up of the Canadian male.

TALKS ON LEPER MISSION

A meeting of special interest was held in the Centerville Baptist Church on Wednesday evening, April 29, at which time Mr. Zane Mack, of the Mission to Lepers, was guest speaker.

Rev. D. I. McClure introduced Mr. Mack, who read the Scripture, Matthew 10:18, one of the passages where Jesus gave the command to "cleanse the Lepers".

Mr. Mack gave a brief summary of the Mission to Lepers, which now serves in many countries, Canada has but one Lepers Hospital in Tracadie, N. B. It has only nine patients.

Mr. Mack showed films en-

titled, "Chandkhuri's Children" and "Haven of Hope". The first film showed how children of leprosy parents are rescued, cured of leprosy if they have it or kept getting it if they haven't already. The second film showed how the leper home became a "Haven of Hope" for those who are accepted. The patients are given opportunity to attend school while they are receiving treatment. The outstanding feature of the Home is the fine Christian teaching and atmosphere of Christian fellowship.

An offering was received which will go toward leper work. Deacon Loran Shaw dismissed the congregation with prayer.

Provide Driver Education

The Nova Scotia Department of Education has adopted a policy which permits local school boards to provide driver education for high school students.

Hon. M. S. Leonard, Minister of Education, said today.

Mr. Leonard said the move is in response to interest expressed throughout the province, and

results from a careful study of what is being done in other areas, together with a two-year experimental program at Digby Regional High School.

"Experience indicates that such a policy is an effective way of cutting down traffic accidents," said Mr. Leonard.

"There is evidence that a course in driver education need not interfere with the regular school program," he said.

Local school boards which offer a driver education course in their high schools will receive an assistance grant of \$10. for each pupil who successfully completes the course. Conditions under which the

course must be taken! It must be given under the direction of the local school board and staff.

Time allotted for the driver education course must not conflict with the regular academic classroom schedule.

The course must meet the minimum standard of 30 hours of classroom instruction and six hours of behind-the-wheel instruction per pupil.

Instructors must be classroom teachers regularly employed on the high school staff. The instructor or instructors must be properly qualified to instruct in the field of driver education.

Pupils taking driver education must have the written consent of their parents.

Pupils, before taking behind-the-wheel instruction, must hold a Beginner's License.

The car used for behind-the-wheel instruction, must be equipped with dual brake and clutch controls.

The major automobile manufacturers co-operate to the extent that they are willing to provide a grant to any local dealers who makes a car available for an approved course in driver education.

All instructors of driver education classes in high schools must complete an approved course for such instructors. Such courses are sponsored each summer by the Ontario Safety League and could be given in connection with the Nova Scotia Summer School for teachers.

age on June 26. Her husband predeceased her fifteen years ago.

Born at Kempt, Queens Co., she was the daughter of the late Frederick and Henrietta (Tracy) Wentzell.

Mrs. Harris and her husband lived in Bear River for more than fifty years and were highly esteemed in the community.

Mrs. Harris was a faithful member of the United Church of Canada taking keen interest in the work of the Ladies Aid and was a regular attendant until her illness.

Surviving her are several nieces and nephews. Mrs. John Lewis of Kempt and Mr. T. S. Wentzell, shoe merchant, Annapolis Royal, Mr. Robert Wentzell of Halifax, sister-in-law Mrs. Harris, Nictaux and other relatives in the U. S.

The body is resting at Darling's Funeral Parlors, Annapolis Royal.

Funeral services were held on Wednesday afternoon at 2:30 o'clock from the United Church of Canada where the friends paid their last tribute to Mrs. Harris. Service was conducted by Rev. D. S. MacLeod. Interment will be at Mount Hope cemetery, Bear River.

The increase in literacy throughout the world challenges the people of the more literate countries to help to supply books worth reading. Books are so precious to the new literates that the woman quoted above keeps her Bible in the breadbox so that it will never rot away.

Questionnaire On Mental Health

The theme of World Health Day being that of Mental Health, the Health League of Canada, a Canadian Citizens Committee for the World Health Organization puts forward this questionnaire to aid you in taking your mental health pulse. The list was drawn up by Dr. William C. Menninger, President of the Menninger Foundation of Topeka, Kansas, United States of America.

1. Are you ALWAYS worrying?
2. Are you UNABLE to concentrate because of unrecognized causes?
3. Are you CONTINUALLY unhappy without justified cause?
4. Do you lose your temper EASILY and OFTEN?
5. Are you troubled by REGULAR insomnia?
6. Do you have wide fluctuations in your moods, from depression to elation, back to depression which INCAPACITATE you?
7. Do you CONTINUALLY dislike to be with people?
8. Are you UPSET if the routine of your life is disturbed?
9. Do your children CONSISTENTLY "get on your nerves"?
10. Are you "browned off" and CONSTANTLY bitter?
11. Are you afraid WITHOUT REAL CAUSE?
12. Are you ALWAYS right and the other person ALWAYS wrong?
13. Do you have NUMEROUS aches and pains for which no doctor can find a physical cause?

The conditions chartered in these questions are the major warning signals of poor mental health in one degree or another. According to Dr. Menninger, help is necessary if your answer to any of these questions is definitely "yes".

Choosing Hearing Aid Is Personal

One's attitude toward the wearing of a hearing aid is strictly a matter of personal preference and taste.

Some hard of hearing people do not care if their hearing aid is obvious, in fact they have gone on to make it a personal trade mark. Others, and these

are in the majority, prefer to have their hearing aid as inconspicuous as possible to avoid calling attention to their loss of hearing and the conversation that they imagine follows.

Acousticon's remarkable Private-Ear meets both of these requirements. When worn by men, it is neat, comfortable, efficient and as inconspicuous as modern engineering is able to make it. It fits snugly behind the ear and the women can easily cover it with their hair styling.

Ultra-miniaturized and powerful.

erful, it has a volume control and on-off switch and gives positive hearing correction where needed, and only a whisper of help to those with only a slight hearing loss, which may only by an inability to understand words properly.

The cost of a Private-Ear initially and its maintenance amounts to very little when compared to the joy of restored hearing it provides its wearer.

Slow Down And Live

An OLD ARABIC verse was quoted by John J. Fitzgibbons at the Famous Players Western Conference as a favorite of Calvin Coolidge:

"Nothing in the world can take the place of persistence.

"Talent will not; nothing is more common than unsuccessful men with talent.

"Genius will not; unrewarded genius is almost a proverb.

"Education will not; the world is full of educated derelicts. "Persistence and determination alone are omnipotent."

In tendering his resignation Mr. Woodman thanked the Rector and members of the congregation for the cooperation given him during his lengthy tenure of office.

Annual report given at the meeting indicated the finances of the church were in a good position. It was reported a new furnace had been installed in the church during the year and the cost of this fully met. The roof of the church will be reshingled this spring. Plans were discussed at the meeting for a strawberry festival to be held in June.

At the election of officers Ralph Marshall and Austin Lutz were elected wardens and Chester Keen elected clerk.

Loses Finger In Pulley

David J. Daley, well known Digby electrician, suffered a painful injury Tuesday when his right hand became caught in a pulley while he was repairing machinery at the Municipal Home in Marshalltown.

As Daley was making repairs to the machine his hand became caught in the whirling pulley. He attempted to pull it loose and was successful except for the second finger which was torn off at the base.

He was rushed to hospital in Digby where ten stitches were required to close the wound. Despite the loss of the finger he returned to Marshalltown and completed repairs to the motor.

Gets 8 Months On Theft Charge

George Willard Cotton, of Albany, P. E. I., a former naval rating, was sentenced to eight months in the county jail by provincial magistrate H. B. Dickey in court here yesterday morning when he pleaded guilty to three charges of theft.

The event out of which the charges arose occurred on May 12th when Cotton allegedly stole a car from in front of a Digby hotel and also sums of money from a guest at the hotel. He was apprehended and arrested the following day by members of the local detachment RCMP after the stolen car had been found wrecked on the outskirts of town.

Cotton was sentenced to eight months on each of the three charges with the sentences to run concurrently.

Interest High In Baseball

Interest in baseball for the coming season in Digby seems to be running high. At a recent baseball meeting it was reported that some twenty five young men in the community have already indicated their desire to play this year.

The meeting, which was chaired by baseball club vice president Phillip Woolaver, heard that new uniforms for the Digby Ravens baseball team would be secured in time for the opening of the season this year. It was also reported Arnie MacCallum of the teaching staff of the Digby Regional High School would act as playing coach of the team.

Plans were also discussed for fixing up the baseball field and making repairs to the fence. It was stated so far only two communities plan teams in a local league. These are Digby and Weymouth. It is understood efforts will be made to arouse interest in other communities so that a strong league may be developed.

To Hold Blessing Of Fleet

A ceremony traditional in many parts of the globe will be performed for the first time in Nova Scotia on May 24th when the blessing of the fishing fleet takes place at Meteghan at 1.30 p.m.

A parade of more than sixty decorated scallop druggers, longliners, fish druggers and lobster fishing boats will be part of the ceremony and flags are expected to be flying from mast tops throughout the district of Clare for the occasion.

The event has been organized by the Meteghan Lions Club and his excellency Albert Lemanger, bishop of the diocese of Yarmouth will perform the ceremony, assisted by Monsignor E. Bourneuf, Father T. Castonguay and Father Louis Comeau.

Among distinguished guests attending will be Hon. R. A. Donahoe, N. S. Minister of Health; representing the provincial government; Fulton Lege, M. P. for Yarmouth-Sheburne-Clare; Senator J. Willie Comeau; Dr. P. E. Belliveau, M.L.A. for Clare. The Clare District High School choral singers under direction of Alain Doucet will sing and a band will also play.

Heart Operation Is Success

Word has been received in Digby that eleven year old John Stark, son of Mr. and Mrs. Loran Stark, of Mount Pleasant, has come successfully through a rare and delicate heart operation performed in the Children's Medical Centre, Boston.

Young John went to Boston with his parents a short while ago to undergo the operation in an effort to cure a congenital heart condition. Performing the operation was Dr. Cross, internationally known heart specialist, who two years ago performed a similar operation on another Digby boy, Billy Patterson.

Financial assistance to help John Stark secure the needed heart surgery was provided from monies still remaining in the "Heart for Billy" fund sponsored by the Digby branch of the Canadian Legion at the time young Billy Patterson underwent his heart surgery.

Fire Department Quell Blaze

Prompt action by the Digby fire department late Tuesday afternoon prevented what might have been a serious blaze on the property of the former H. T. Warne Ltd. mill in the south end of town.

Young children playing with matches allegedly were the cause of the blaze which started in a heavy coating of shavings in a field on the mill property.

High winds fanned the fire and it spread rapidly. Because of the depth of the shavings the fire proved a stubborn one but was finally extinguished without damage.

MAKES HIGH VOLTAGE TRANSMISSION EXTENSION

The Nova Scotia Power Commission has completed the first stage of its 69,000 volt transmission line expansion in Digby County which forms part of the new Sissiboo River Hydro Electric Power Development.

The new transmission facilities consisting of a high voltage line extension from Sissiboo to Weymouth Falls and the relocation of a main step down substation were placed in service recently. The new line will supply electric power to the western portion of Digby County. The Nova Scotia Power Commission's line crews worked over the weekend to complete the change over from the old system while loading was light to avoid power interruption.

The new line will ultimately be used to interconnect the existing transmission system with the new Weymouth Falls plant now under construction and which forms part of the 35,000 H.P. Sissiboo River Hydro Development. The high voltage extension was built in advance to immediately improve service to electric power users in Digby County. It is designed to handle a loading far in excess of existing requirements to assure an ample supply of electric power in the area.

Visitors over the holiday weekend at the home of Mr. and Mrs. Bruce Baxter were Mr. and Mrs. Reginald Barer, Musquodoboit, and Mr. and Mrs. William Hopgood, Halifax.

Endorse Need For Hospital Increase

The Digby town council in special session here Thursday gave approval in principle to "the need for the enlarging of present hospital facilities" in Digby and also moved that "steps be taken by arbitration with other municipalities and government agencies to arrive at an understanding as to the ratio of monetary responsibility in capital expenditure" for the proposed expansion of the Digby General Hospital.

The council also decided that the whole question should be placed before the people "at the appropriate time" in the form of a plebiscite or ratepayers' meeting.

Thursday's action by the council was in response to a brief submitted by the board of directors of the Digby General Hospital in which the need for immediate action to meet the need for additional hospital area was stressed.

The board's brief pointed out registered capacity of the Digby General Hospital is 28 beds and eight bassinets but at present the hospital is operating with 40 beds and 14 bassinets. The need for increased accommodation has been greatly aggravated by the hospital insurance plan, the brief stated, but overcrowding had existed prior to the introduction of the hospital plan. Since the hospital first was established in 1925 there has been an overall increase in beds of over 300% due to area growth without the effect of the hospital plan.

Need for urgency in dealing with the matter was stressed by the board's brief which stated the hospital is now operating at 100% occupancy with no beds for emergencies and a large waiting list. Concern was expressed as to what might happen should the area be hit by an epidemic or a series of accidents requiring hospitalization of victims.

At their semi-annual meeting here in Digby Municipal Council also dealt with the matter of the hospital brief. The municipal group decided to authorize the members of their council, whom they had previously appointed to work with representatives of other councils and the hospital and medical boards on the development of some solution to the hospital problem, to continue their efforts in this connection.

Plans have now been finalized for the opening of the Digby Tennis Club court for play on Monday, May 25th, it was learned following a club meeting here.

At the tennis club's annual meeting, held last week at the home of Mrs. H. J. Anthony, Donald, Snow was re-elected president. Other officers re-elected included Donna Levy, vice-president; Jean Robinson, secretary-treasurer.

Elected to the membership committee were Mary Garden, Rod Hartill, Joan Hall, Galen

Propose Joint School Board

Preliminary action was taken at the meeting of the board of school commissioners of the Town of Digby Tuesday evening toward the setting up of a consolidated school board to administer the affairs of the elementary and primary schools of the town.

It was pointed out at the meeting of the town board that at present some 58% of the operating costs of the elementary and primary schools in the town is being met by the municipality due to the fact this percentage of the pupils attending these schools comes from the municipality.

To the present there has been no provision for municipal representation on the town board and opinion was expressed at Tuesday's meeting that arrangements should be made for this.

It was stated, in order to accomplish this a consolidated school board would have to be created with town, municipal and provincial representation. Such a board, it was stated, would administer the affairs of the primary and elementary schools within the town so long as a "major consolidation program" continues.

The town board of school commissioners would continue, if the new proposal meets with approval, and will meet to deal with the annual town school budget and other matters directly affecting the town's interests in the schools.

After a thorough discussion of the whole matter town school board chairman J. W. Christie and school supervisor F. C. Purdy were named a committee to further develop the proposal.

At a meeting of the Digby Regional High School board later in the evening the proposal was again discussed and board members R. G. Handspiker and Dr. L. F. Doiron were named to act with the members of the town board who had been appointed to present the proposal to a meeting of the municipal school board.

Railroads Essential

Canada's railroads will be running for a long time to come says a top officer of one of them. D. V. Gonder of Moncton, vice-president and general manager of the Canadian National Railways Atlantic region, said here the day of the trains is by no means ended.

He told a CNR family safety meeting over the weekend that as far as could be seen into the future railways would continue to be the most important transportation medium in Canada and throughout the world. The railroads are "absolutely essential" to commerce and industry, defence and communication — neither can they be overlooked when it comes to travel for relaxation and enjoyment.

Mr. Gonder spoke at ceremonies during which the CNR's New Glasgow division, directed by Superintendent L. G. Stirling, received the system safety award for the second consecutive year. The division also captured top safety honors in the Atlantic region for the third year in a row. One of six other division component winners was the Sydney car department, which had worked for more than 3,000 days without a lost-time mishap.

Asserting that the scope of the CNR was national and it existed "for the good of all", the railway official said the railway must adapt to change. The CNR could not stay healthy, let alone grow, without progress.

Report From Parliament Hill

Hon. G. C. Nowlan

A stranger sitting in the gallery of the House of Commons this week would have thought that very little progress was being made. In some degree he would be right because the progress was slow. We were again plodding rather wearily through those constitutional procedures which were set up many, many years ago. Before Parliament became supreme the King was able to tax almost as he saw fit. As Parliament exercised more and more power, it developed certain procedures which had to be followed before the people could be asked to bear heavier taxation. Perhaps for a moment or two one could develop that

procedure now. Everyone looked upon the budget speech of the Minister of Finance, of course, as the highlight of the session. In many ways it is. Here the taxpayers learn what they will be expected to do during the coming year. But the speech is only the preliminary step in matters affecting taxation. One might call it the grandstand play. After that comes the hard work.

In the budget speech the Minister of Finance outlines what he proposes to do with respect to taxation. This year there were changes in Customs, and in Excise taxes, and in Income Tax. Before these taxes can be implemented into legislation, resolutions must be introduced into the House of Commons recommended by the Gov. General, asking Parliament to approve of detail the exact changes which are proposed to be affected in the various taxing statutes. These resolutions are discussed in what is known as "Committee of Ways and Means". This actually is the whole House of Commons sitting in Committee rather than as a House. The only difference the stranger in the gallery can tell is that when the House is in Session the Speaker is in the chair and the mace is on the table. When the House is in Committee the mace is under the table, the Speaker's chair is empty and a chairman of the Committee is sitting in the Clerk's chair. But there is a substantial difference insofar as the procedure of the House is concerned. In the House one is only allowed to speak at once. One has no right to ask questions, and having spoken for a second he is precluded from speaking again on that particular matter. In Committee, however, one can speak as often as he likes. He can ask questions, criticize or emphasize the answers which he has received, and then ask more questions. The debate in Committee could be interminable and it drags on through detail after detail. Once the Committee has finally approved of the resolutions, then again they have to be introduced into the House of Commons as Bills, a Bill amending the Income Tax Act, a Bill amending the Customs Act, a Bill amending the Excise Tax Act. These again are debated and discussed, but, of course, as I said before, when they are in the House one can only speak once, and the preliminary work, the real time consumer is in Committee on those resolutions. During this last week we have been dealing with the resolutions in Committee, and finally the Minister of Finance piloted them through the Committee and this coming week the Bills themselves will be introduced. In addition to that, the Minister of Labour was able to have the estimates of his department approved by the Committee of Supply. So actually although time consuming, and not exciting, yet the House did make reasonable progress during the past week.

To some extent it is like a man lost in a swamp or in the woods. He gets caught in the thicket and he has to clear his pathway foot by foot and as long as he keeps going in a straight line, suddenly he will get out of the woods and see blue sky ahead of him and then can make rapid progress. At the moment the legislation is passing through the thickets and the swamps. It is something like the first war — when you have to fight your way from one barbed wire entanglement to another. The only difference was in that war one very rarely broke through, but in the legislative encounters, after a reasonable amount of time, one does have the time consuming debates behind them and can make real progress. That is why I am still optimistic enough to think that the House of Com-

mons might easily prorogue on July 1st when Her Majesty visits Canada.

Last week the Special Committee on Broadcasting was organized and will start regular sessions this week. This committee will deal with broadcasting in all its ramifications, including the operations of the Canadian Broadcasting Corporation, private broadcasting and the Board of Broadcast Governors. In this connection my role is somewhat of an ambiguous one. I have no direct control over broadcasting whatsoever and yet have the responsibility of reporting to Parliament for the Corporation and the Board of Broadcast Governors. In some respects I may be likened to the Post Office which will carry messages from the Corporation and from the Board of Parliament and its committees. This means that insofar as possible I should attend the sessions of the Committee which will probably be sitting two or three times a week right up until the end of the session. Over one hundred Members asked to be appointed to this committee, and the membership was enlarged from their regular twenty members to thirty-five members. Of course, each of us knows exactly what is wrong with the CBC. The only trouble being no two can agree on their diagnosis. I suspect the sessions will be long, interesting sometimes quite heated.

Speed Is A Killer

To Conduct Contest

Construction of more than 400 new homes will be started this year in Nova Scotia under co-operative housing schemes in which the province and federal government participate, the Nova Scotia Housing Commission said recently.

This number of housing starts will represent an increase of more than 100 per cent compared with last year.

Fraser MacDonald, the commission's housing manager, said the present program, when completed, will provide accommodation for more than 2,000 persons. Most houses will be bungalows.

Communities in which co-operative housing schemes are underway include Dartmouth, Truro, Amherst, New Glasgow, Antigonish, Kentville and Belliveau's Cove on the mainland of Nova Scotia, and Sydney.

New Waterford, Glace Bay, North Sydney and Sydney Mines on Cape Breton Island.

The commission, together with Central Mortgage and Housing Corporation, grants loans to groups of individuals who wish to build houses on a co-operative basis.

Until a few years ago, only the province supplied government funds for loans but a portion now is provided by CMHC. Co-operative housing had its start on Cape Breton Island.

At a two-day meeting last week the commission decided that a Homes and Gardens competition, a feature of the commission's work for some years, will be held this year.

Members pointed out that this annual event encourages owners to take greater pride in the maintenance of their property.

Mr. MacDonald advised the commission that several housing communities had completed their mortgage repayments.

This brought satisfaction to the commission, which is seeing the work of earlier years bearing fruit. Each year, he said, there is a growing list of those who have fully discharged their obligations to the province and own their own homes.

C. D. Committee Appointed

The appointment of a Civil Defence Advisory Committee for Nova Scotia was announced by Premier R. L. Stanfield in the Province Capital today.

The new committee will be headed by Hon. E. D. Haliburton, Minister Responsible for Civil Defence in Nova Scotia and members are Hon. G. I. Smith, Minister of Highways and Hon. R. A. Donahoe, Attorney-General.

This committee will fill a long felt need and will be the policy making body for Civil Defence in the Province.

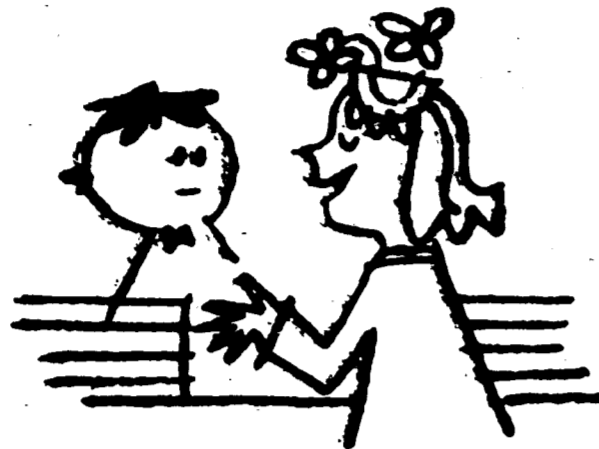

Hon. E. D. Haliburton announced today that in future Municipalities will be required to contribute only 10 percent under the Civil Defence Financial Assistance Program. The Province's share under the new set up is 15 percent. This policy is retroactive to April 1st, 1959.

Previously to Prime Minister Diefenbaker's announcement that the Federal Government would take over 75 percent of Civil Defence costs instead of 50 percent, the Province contributed 25 percent and the Municipalities 25 percent. Now the Province's share in the program has been divided 15 percent and 10 percent.

This step is considered a progressive one and Civil Defence officials feel that it will be a stimulus for more Municipalities to enter into the program.

The Holy Spirit is a divine gift to one and we should depend on its power to lead us to a higher Christian experience. This miraculous visitation should be read by every one and we should think deeply of the effects it would have in our lives.

Stone quarry owner rates Chevrolet the toughest truck going

"Put a Chevy out there and it stays!"

At the Snyder Stone Quarry, you see Chevrolet trucks of all ages. "They get better and better every year," Mr. R. G. Snyder says. "My '59's keep going with no downtime at all for major service . . . moving more material at less cost per mile than any other make of truck I've had!" The grades are steep from quarry to crushing mill, the loads are big and punishing. That's why Mr. Snyder specifies Chevrolet. "Put a Chevy out there and it stays," he says.

"You never do wear one out. You just get tired of looking at it and get a new one".

The truck you see up above is taking on a mountain of a payload — yet Mr. Snyder states, "It moves over the road like a light truck".

That kind of performance is a specialty of the house. Chevrolet turns out heavy-duty trucks that keep their poise no matter what you put in them. They're beating the big, oversized rigs at their own game, showing that precision-engineered chassis components and super-efficient V8 power make up for a locomotive-looking build any day of the week.

Today you sure can't assume that because a truck is trimmed and good looking it doesn't work every bit as hard as

those old-styled steam rollers. Put a Chevy on your run and see what a little pure efficiency can do. Your Chevrolet dealer will arrange the details.

Cuts gas costs by 20% on multi-stop schedule!

This bakery firm is sold on Chevrolet's "easy driving and fuel economy". Their Chevies keep at it 10 hours a day, averaging 78 stops, covering about 3,500 miles a month!

No job's too tough for a Chevrolet truck!

SMOKEY THE BEAR COMES TO NOVA SCOTIA
As you travel near the woodlands this year you will come upon Smokey the Bear posters. You will see these tacked up at camp sites and picnic spots. With some 3,000 posters distributed throughout the Province, along with thousands of cards and calendars, carrying fire prevention messages, Smokey is likely to become a familiar figure.

The Department of Lands and Forests has invited Smokey to come to our Province each year, starting this summer, to help in the forest fire prevention program. The Department feels confident the people of Nova Scotia will welcome Smokey in putting across his messages about care with fire.

Smokey the Bear is a familiar figure in other parts of North America. By way of introducing him to Nova Scotia his story which is a true one follows.

"It all started in one of our great western forests. It was hot that May. I remember seeing the deer bed down in the shade of the pines. The trout hid along the cool streambanks. I remember particularly a little brown-colored bear cub that would leave his mother while she was dozing. He liked to play in the green meadow. As the month of May wore on, the green grass turned brown in the dry heat. Sticks and pine needles were so dry, they snapped like popcorn under his feet. Even the shade of the forest was no longer cool. Then the wind began to blow. It blew strong and hot and dry. The forest was ripe for a disaster.

"Then it happened. Some careless person flipped a lighted match or left his camp fire burning or forgot to crush out his cigarette! One careless person plus one little spark started the whole thing.

"Suddenly the little spark became a flame. Quickly it spread — until the flame became a roaring forest fire.

"The man in the lookout spotted the rising smoke — and he quickly pinpointed the blaze. Then he called the fire station. Firefighters and heavy equipment rushed to the scene. But the going was pretty rough. When they arrived the bulldozers plowed wide firelines trying their best to stop the onrushing red fury. But the wind blew burning brush across the fireline — and the fire crossed the line.

"Birds and animals panicked as the flames roared along. In the heat and smoke some were confused — so confused that they ran straight into the fire. Others tried to hide from the flame — but in vain.

"More equipment and men were needed to stop the fire. Ranchers and woodsmen joined the firelines. Soldiers were brought to fight the great blaze. They were all there fighting to end the work of just one careless person.

"Then another near-tragedy occurred where twenty-four fire fighters were battling a section of the flame. But the wind began to increase. Then the fire jumped into the trees and surged toward them. They ran to a rockslide and lay there face down. To keep from smothering, they put wet handkerchiefs over their faces. They lay there for almost an hour, as the fire raged by. Miraculously, all twenty-four survived the flaming ordeal.

"Looking around, the only other living thing they saw was a badly burned bear cub. He was clinging, terrified, to a charred tree limb. Gently, they helped him down. The men carried the little cub through the burned-out forest that was once his home. On his way out, the little cub saw the burned and disfigured trees that would never again offer cool shade to deer and other wild creatures. There was no grass left. No grass to feed animals or pro-

tect the soil from the heavy rains that would soon come. The trout no longer had a place to swim. The streams were choked with debris. Wood ash lye burned their mouths, poisoning many. The little cub saw many of his friends who were not as lucky as he.

"So they took the small cub from his ruined home. Forest rangers, veterinarians and wardens treated his wounds and burns. Day by day the kind treatment paid off — he was getting better. Then the little black bear cub got a name — Smokey — the name stuck.

"Since his home was destroyed, Smokey was put on a plane and flown across the country to the capitol. When he landed at the airport, he was met by press photographers and reporters. People crowded around to see Smokey — SMOKEY THE BEAR.

"Someone put a forest ranger hat on him — just like in the posters, and Smokey posed for some more posters, the results met with his approval. The posters were everywhere — in forests, in schools, on the street — everywhere you looked there was Smokey looking at you. He even became a star of radio, and on television too.

"As Smokey grew up, he had something to tell folks — and he still tells them the same thing. Smokey tells them how he hates forest fires. How they destroy his animal friends. How they burn up timber that could have been used to make new homes — or have gone into furniture — or to make paper. And Smokey tells how fire destroys good clean water that we need to make things live and grow.

"Smokey wants to make sure everybody is careful in the forest with matches — BREAKING THEM. That every camper puts out his fire — DEAD OUT. That no cigarette is tossed on the ground — but is CRUCHED OUT.

"If we listen to Smokey, no other cub will suffer the way he did — orphaned, burned and made homeless by a fire. Let's all remember what Smokey says — 'Only YOU can prevent forest fires.'

THE BIBLE TODAY

The most recent translation of the original Hebrew and Greek of the Bible into English is progressing in England under the leadership of Professor C. H. Dodd, Chairman of the Joint Committee on the Translation of the Bible. Dr. Dodd has said that three or four years were still needed before the new Testament would be on sale, and at least eight or

nine years before the whole Bible would be available. This indicates the deep research and scholarship being brought to integrity of the translation will be assured.

Superlative!

Imagine... golden crusted tender rolls made with tangy sour cream! Easy? Definitely, when the yeast is Fleischmann's Active Dry! If you bake at home, bake a pan of these distinctive dinner rolls.

Sour Cream Finger Rolls

1. Scald 1/2 pint (1 1/4 cups) commercial sour cream. Stir in 3 tablespoons granulated sugar, 1 teaspoon salt, 1 tablespoon butter or margarine. Cool to lukewarm.
2. Measure, measure into large bowl. 1/2 cup lukewarm water. Stir in 1 teaspoon granulated sugar. Sprinkle with contents of 1 envelope Fleischmann's Active Dry Yeast. Let stand 10 minutes, THEN stir well.
3. 1/2 teaspoon baking soda. Into lukewarm sour cream mixture, then stir mixture into yeast. Stir in 1 1/2 cups once-sifted all-purpose flour.
4. Knead dough until smooth and elastic. Work in an additional 1 1/2 cups (about) once-sifted all-purpose flour.
5. Turn out on floured board and knead until smooth and elastic. Place in greased bowl. Grease top. Cover. Let rise in a warm place, free from draft, until doubled in bulk—about 1 1/2 hours.
6. Punch down dough. Turn out on lightly-floured board and knead until smooth. Divide dough into 3 equal portions. Shape each portion into a 12-inch roll and cut into 12 equal pieces. Shape each piece of dough into a roll about 3 inches long. Arrange, about an inch apart, on greased cookie sheets. Grease tops. Cover. Let rise until doubled in bulk—about 40 minutes. Bake in a hot oven, 400°, about 14 minutes. Yield—3 dozen finger rolls.

Enters Religious Order

Miss Lorna Connell, daughter of Mr. and Mrs. Claude Connell, has become the first Digby girl in many years to become a member of a religious order of the Anglican church.

Miss Connell entered the mother house of the Sisters of St. John the Divine in Toronto last September after teaching for three years in an Anglican mission school at Fort George, Que. She received her clothing as a novice on March 5th.

The Sisters of St. John the Divine are a community of hard working women. Their work is both spiritual and physical. At the Mother House in Toronto they do church embroidery and make Communion breads.

The Sisters also operate a convalescent hospital of 211 beds and a home for 34 aged women. They run a school for girls in Regina which takes the students through high school courses. In Edmonton they have a home for girls who are unmarried mothers.

Extensive work is done by Sisters among the poor and unfortunate in Montreal where they also run St. Michael's Mission. Here they have had great success in their work among derelict men, whose respect they command.

Rev. Sister Rosemary Anne, SSJD, assistant superior of the Mother House in Toronto, says "our chief work is prayer. We assemble seven times daily for prayers and we pray for the world. We are the prayers of the church. It is our job. We use the daily newspaper as a manual for prayer, there is much in it needing prayer."

Sister Rosemary Anne describes the religious life as one fundamentally the same as that lived by any practising Christian. Primarily it is a vocation, and because of nominal Christianity in the world it is necessary to struggle for the Christian life.

The three fundamental principles on which the religious life is built are poverty, chastity and obedience. On entering the sisterhood of St. John the Divine a girl must take three vows and must serve as a novice for three years and seven months before final vows are taken.

Sister Rosemary Anne says, "We expect a girl to be able to make up her mind about what she wants to do by the end of the first six months. If she feels she cannot remain, she may leave; if members of the community think she is not suitable she is asked to leave."

After the final vows are taken and if for some reason a Sister may wish to leave the community there is a chapter in the rule that provides for such an emergency. The group in the community can release a Sister, but like marriage vows, her vows have been made for life and should she marry after leaving the community, she would be violating her vows, just as a partner in marriage would do, if after obtaining a legal separation, he or she should marry again.

The Sisterhood of St. John the Divine is the only order of Nuns of the Anglican church in Canada, of Canadian foundation. Other religious communities of the church working in Canada are from England and the United States. There are more than sixty Anglican religious orders.

The Rev. Sister Rosemary has been a Nun for twelve years. She has been at the Toronto Mother House for nine years and spent three years in Montreal where she was Sister-in-charge of St. Michael's Mission. She was technical advisor to the CBC during the filming of a program on the "This is the Life" series last December.

Gets Painting Awards

Friends of Mrs. Robert Smith will be interested to know that she is becoming quite successful as an artist. In a recent exhibition of over five hundred paintings in Burlington, Ontario, Mrs. Smith won two first prizes, one for a painting from memory of a swimming pool at Deep Brook, N. S., and another first on a self portrait. As an extra award the painting of the self portrait was chosen by the judges to be exhibited at the Canadian National Exhibition in Toronto in September.

Mrs. Smith is the former Maxine Berry of Deep Brook, daughter of Mrs. Beulah Berry and the late Hiram Berry of that village.

Joins High Commission Staff

Ernest Haight, of the Department of External Affairs, Ottawa, spent a week at the home of his parents, Mr. and Mrs. Ralph Haight, Brighton, before proceeding by air to New York on Saturday.

He sailed for Plymouth, England, on board "Le Flandre", of the French Line, on Monday, to join the staff of the Canadian High Commission to the U. K. Hon. George Drew is the High Commissioner. Ernest's tour of duty is for 3½ years.

Ernest is a graduate of Digby Regional High School and attended Acadia University.

Royal Party To Visit Digby

The 1959 Apple Blossom Queen and her Princesses and attendants and other members of the royal party will pay an official visit to Digby Monday afternoon, June 1st.

The party will arrive in Digby at five o'clock Monday afternoon and will stop briefly at the band stand near the tourist bureau where a welcome will be given by Mayor Cardoza and Reigh W. Jayne, chairman of the Digby Board of Trade's Apple Blossom Princess committee.

Following the welcome the party will travel by motorcade through the business section of the town to the headquarters of the Canadian Legion where they will be guests at a reception and tea.

Awarded Scholarship

At the Convocation Exercises of Acadia University, President Kirkconnell announced that the D. F. Higgins \$140.00 Scholarship in Mathematics, awarded to the Sophomore who had made the highest average in Mathematics during his Freshman and Sophomore years, was awarded to Keith Churchill of Windsor, N. S. Keith is a graduate of Digby Regional High School and is the son of Rev. E. C. Churchill, former pastor of the Digby Baptist Church and Mrs. Churchill.

Dignitaries At Blessing Of Fleet

Dignitaries who participated in the blessing of the fleet at Meteghan Sunday included, left to right: Attorney General R. A. Donahoe, special speaker at ceremonies; Msgr. Emile Bourneuf, who blessed the ships and crews; and Senator J. W. Comeau. (Bob Brooks Photo)

Honoured At Party

Mr. and Mrs. Hantford A. Marshall, Barton, N. S., have returned home from a visit with their daughter, Mrs. Milton E. Larrabee, and Mr. Larabee, Danvers, Mass.

While there they were pleasantly surprised at a party given in honor of their fiftieth wedding anniversary. Many nice gifts were received.

Delicious refreshments were served by the hostess, Mrs. Chester Kaminski and Mrs. Perley Goodale poured.

Among those present were Mr. and Mrs. Burpee Marshall, Methuen; Mr. and Mrs. Harry Sutherland, Lawrence; Mr. and Mrs. Herbert Cassidy, Belmont; Mrs. Violet Gibson and daughter, Mrs. Dexter, of Waltham; also Mr. and Mrs. Avard Wright, Saint John, N. B.; Mr. Perley Goodale and Mr. Chester Kaminski.

which told the story of an Anglican girl entering a religious community.

In describing life in a religious community Sister Rosemary Anne says it is not a life of dreams, it is a life of sacrifice and poverty, but the Sisters know some freedom and joy too, and one is free to go where and when one is needed. In making their vow of complete poverty, the members of the religious community give up all personal possessions and renounce the desire to possess. In their vow of absolute chastity they give up all earthly affection, but they are a sister (Please turn to page 12)

Engagement Announced

The engagement is announced of E. Ruth Wallis, younger daughter of Mrs. Wallis and the late J. MacNaughton P. Wallis.

SOCIETY OF FRIENDS HOLD MEET

On Friday evening, May 22nd, Mrs. Amma MacGregor was hostess to the Joggin Bridge Society of Friends, for their regular meeting.

Following the brief business period a short program was conducted by the president, Mrs. Marshall Turner, after which the hostess invited the guests to the dining room where a social hour was spent around the charmingly appointed table, with a centerpiece of yellow and white narcissi and forsythia, and laden with delicious and tempting food.

Community Spirit Again Shown

The village of Weymouth, which evidenced a splendid display of community spirit when the whole community united in an all out effort to secure the restoration of a furniture and shipbuilding plant in the village after it had been destroyed by fire, is again the scene of real community cooperation.

This time community spirit is being shown in work being done to beautify the grounds of the splendid consolidated high school in Weymouth.

On Monday evening some sixty people gathered at the school together with ten trucks, two tractors, a bulldozer and a loader in a voluntary attack on the problem of beautifying the school grounds.

Instigated by the school trustees with the cooperation of the local Home & School, the effort was a real success and a great deal of work was accomplished on the school grounds Monday night. At the close of the evening the ladies served refreshments to all the workers.

"So pleased with their work were the group of volunteers and so anxious to see it fully completed that they decided to repeat the program next Monday evening, June 1st.

Couple Showered

Mr. and Mrs. C. E. Daniels, Joggin Bridge, were hosts to neighbors and friends on Wednesday evening, May 20th, who met to extend good wishes and shower their son, Wayne, and his bride, the former Patsy Mills, of Granville Centre.

The gift table was covered by a hand embroidered cut work cloth and the centerpiece was a replica of the couple's trailer home, surrounded by real flower gardens with miniature occupants on the lawn.

The gifts were presented by Mrs. Marshall Turner, who also assisted the couple in opening them. Both expressed their appreciation in a few words.

A sing-song followed, with Clayton Woodman at the piano, and a bountiful lunch was served by the hostess and members of the family.

Among those present were

Editor,
 The Digby Courier,
 Digby, N. S.
 Dear Sir:

Information and clippings from the Whig Standard, Kingston, Ont., were forwarded to my parents at Victoria Beach, Nova Scotia, and then mailed to me regarding the escape and capture of Clovis Everett from Collins Bay Penitentiary, April, 1959.

The correct name of the above mentioned convict is "Lorne Edward McGrath", whose home is at Victoria Beach, Anna, Co. N. S., and who was brought up directly across the highway from me. This person is serving a prison term under my name and except for this one offence, throughout his life of criminal activities he has used his legal name.

This news has been a burden to my family and has affected their social standing in the community, as my parents are well known in your area. Further that it is believed that there may be doubt in the minds of people who knew me in the past as I have been away from that district for the past ten years. I was formerly a member of the RCMP in Eastern Canada and Ontario and a member of the City Police at Sault Ste. Marie, Ont.

Collins Bay Penitentiary and The Whig Standard have been notified regarding this matter. It would be appreciated if your paper would advise the general public that the Clovis Everett, Collins Bay Penitentiary and the Clovis Everett from Victoria Beach, Nova Scotia, are not one and the same person.

Given Three Months

Charles Aaron Hawkins, 22, of Joggin Bridge, was sentenced to three months in the county jail by Justice L. D. Currie here Tuesday when he was found guilty by the petit jury at the supreme court hearing of a charge of break, entry and theft.

In finding the accused guilty the jury under foreman A. Sypher Morrell, recommended leniency.

The offence out of which the charge arose occurred on February 24th when a window was broken in the Digby liquor commission store and some eight bottles of beer stolen from cases piled within reach of the window.

ber of the City Police at Sault Ste. Marie, Ont.

Collins Bay Penitentiary and The Whig Standard have been notified regarding this matter. It would be appreciated if your paper would advise the general public that the Clovis Everett, Collins Bay Penitentiary and the Clovis Everett from Victoria Beach, Nova Scotia, are not one and the same person.

Yours truly,

Clovis B. Everett,

LOVE AT ITS BEST

When all of man's achievements have crumbled into dust and ashes, one uncommon tract will still stand. The Bible declares "Love never drowns it". Love never stops hoping. The affection which God bestows upon His creatures is for the purpose of their salvation, however low they may have fallen. Love is completely trusting. It does not harbour doubt, jealousy, nor suspicion. It means that we take God at his word. It means that we always believe the best about other people. Love is a force which keeps

NOSTALGIA

Love does not pile up the memory of wrong. It does not let us store up the reminders of contention and strife. Rather, it helps us to forget and forgive.

Love finds no joy in doing wrong, or no delight in seeing others fail. It is a queer characteristic of human nature that many prefer to hear or repeat bad rather than good about another.

Love does not boast. True love will be more impressed with self-unworthiness than with self-praise.

True love is a rare jewel to be sought after and prized. It is to be held as a gracious gift of God.

May, and the wild birds' songs, The lilac budding near; The haze of spring hangs o'er the hills, But you're not here. The wild-cherry tree Is dressed in blossoms white For you to come and see. The sun sinks low, And adds its lonely twilight touch; A robin calls; he seems to thrill your name In wistful tones, he misses you so much, A nostalgic air the wind Is singing to the sea, Because it's May and you're not here To meet the spring with me.

Speed Is A Killer

To Margaret Lydia Ross

We the Members of the Department of Transport, and in particular the Telecommunications Branch, join in paying tribute to you on your retirement at the age of 92 from the time-honoured profession of a Morse Operator. Go the Government of Canada and to the public, you have given 60 years of splendid service and have attained the distinction of being the oldest Morse Operator in North America.

Since 1898, when the Government Telegraph and Telephone Service was established in your home in North East Margaree in Cape Breton's beautiful County of Inverness, your contribution has ever been one of conscientious and painstaking devotion to duty, and the high integrity you have displayed in your work has reflected much credit to the Government you have served so well.

During the 60 years of service you have given your country, there have been great developments in Communication and Transportation. It has been your privilege to meet some of the great men whose names are forever linked with early days of wireless and aviation.

For the leadership you have shown in community activities, you are to be commended, and when war clouds gathered you steadfastly carried on with all your responsibilities while your sons and husband served their country with the armed forces.

You have set an example of service which all should be proud to emulate, and your fellow operators in both Government and commercial services are proud to join the Department in paying you this tribute for your years of long and faithful service.

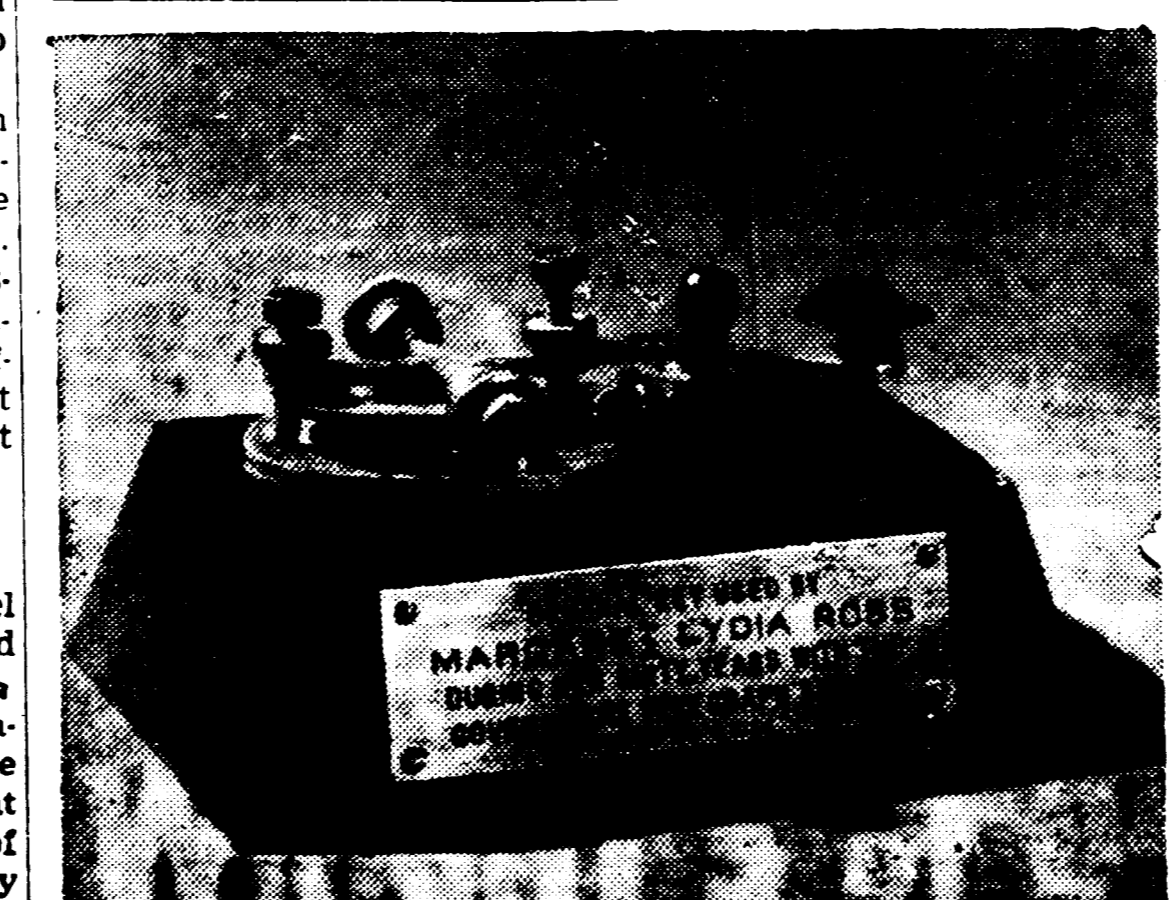

George Hees
MINISTER OF TRANSPORT

Reproduction of scroll, signed in North East Margaree, Cape Breton, which is to be presented on May 21 to 92 year old Margaret Lydia Ross at her home.

Transport Minister George Hees, in his office in the Parliament Building, Ottawa, signs the scroll addressed to 92 year old Margaret Lydia Ross of North East Margaree, Cape Breton, expressing government appreciation for her 60 years of devoted service. Standing behind the Minister are R. S. "Bob" MacLellan, M. P. for Inverness-Richmond (left) and Superintendent of Telecommunications W. E. Connelly (right) who will present scroll to Mrs. Ross.

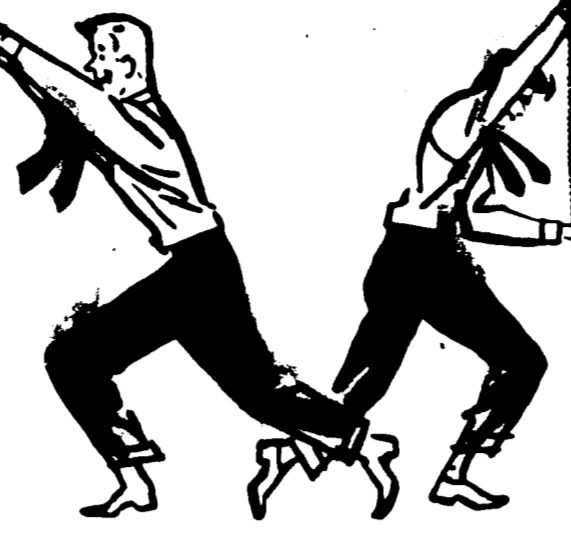

It costs less to own a mongrel than to purchase a purebred dog, says The Canadian Kennel Club. One reason is that reliable breeders stand behind the sale of a puppy. Another is that you know the background of the puppy, and are more likely to have a healthy youngster which has been given a good start in life with initial inoculations against distemper and hepatitis.

Original telegraph key used by Mrs. Ross during her sixty years service with the Canadian Government Telegraph and Telephone Service. This has been suitably mounted and inscribed for presentation back to Mrs. Ross.

Almost anything goes into this one...

especially fine quality!

The Vauxhall Estate Wagon is a wonderful vehicle... because it
carries so much more for so little and looks so good doing it! And
the rear seat folds flat to give you even more loading space. Pile
in your luggage... Vauxhall just keeps stowing it away.
There's wonderful quality here too... you can see it in the classic,
straight-through lines... you can feel it in the way the Victor
handles. Vauxhall has the important knack of combining a fine-car
styling with superb engineering.

See the Victor Estate Wagon at your local Vauxhall dealers — soon!

For real action this weekend Paul Newman will appear in LEFT HANDED GUN, the real story of the strange young desperado known as Billy the Kid. A short, "Boyhood Daze", on the same bill. Once in a while a picture comes along that the management feels no one should miss and just such a picture in AN AFFAIR TO REMEMBER, showing Monday, Tuesday and Wednesday of next week. One show nightly at 8 p.m. AN AFFAIR TO REMEMBER stars Cary Grant and Deborah Kerr and is in Cinema-Scope and Technicolor. It's a long picture so there will be no shorts, so be in by 8 p.m. and enjoy it from the very start.

CHEVY GIVES YOU 7 BIG BESTS!

Take it, not from us, but from the published opinions of outside, independent experts and from on-the-record facts and figures: Chevrolet gives you these 7 big bests over any other car in its field!

BEST BRAKES

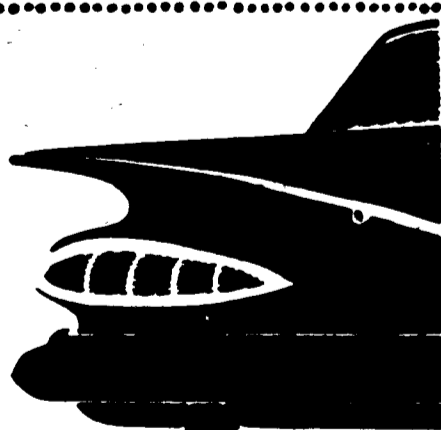

In direct competitive tests of repeated stops from highway speeds, conducted by NASCAR*, Chevy was rated best in its class - and why not? Chevy brakes are larger for up to 66% longer lining life.

*National Association for Stock Car Advancement and Research.

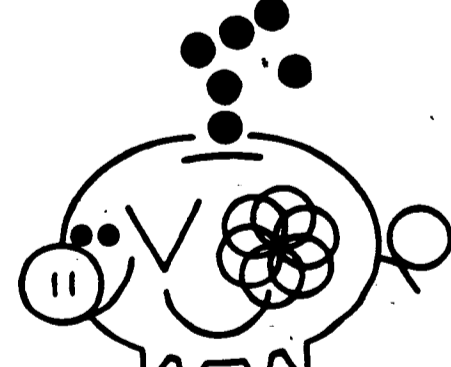

BEST TRADE-IN

Chevrolet's quality Fisher Body construction, smooth, more economical engines, rugged transmissions and sleek modern design hold resale value higher than others in its field... bring you more money at trade-in time.

BEST STYLE

As summed up in POPULAR SCIENCE MAGAZINE: "The fact is, in its price class the Chevy establishes a new high in daring styling..." It's the car that's unmistakably '59 in every modern line.

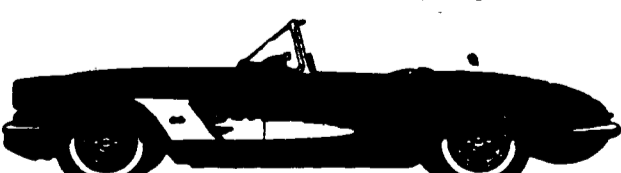

BEST ECONOMY

No doubt about this: two Chevrolet Sixes won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car.

BEST ROOM

Official figures on all car dimensions make this clear. For example, Chevy front seat hiproom is unsurpassed... almost six inches wider than one of its competitors.

BEST ENGINE

Every motor magazine has given Chevy's V8's unstinted praise. As SPORTS CAR ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."

BEST RIDE

You'll be able to tell this yourself, instantly. But MOTOR TREND magazine expresses it this way: "... the smoothest, most quiet, softest riding car in its price class."

PLUS THESE TREMENDOUS TRIFLES

Who'd want to do without Chevrolet's extra luxuries? Like the protection of full wraparound bumpers, crank-operated ventpanes, the convenience of single-key locking, a real overhead curved windshield, oil-bushed hydraulic valve lifters in every standard engine for quieter running, a bigger luggage compartment with full side-wall lining.

No wonder more people are buying Chevrolets than any other car!

to all. In the vow of obedience,
they vow obedience to God, sub-

community and submission of
will to those in authority.

There is no set age at which
a girl may enter a convent, but
she is encouraged to finish her
education before doing so. A
girl under 21 must have her
parents' consent. There is a
place for girls of all occupa-
tions and professions. Social
workers, teachers, nurses, cler-
ical workers and kitchen help-
ers are all needed.

If a Sister is considered suit-
able for higher education and
she is needed in some particular
work she may be sent to a
university. The choice is made
by the Mother Superior.

As in all walks of life there
is need for some periods of
relaxation for the Sisters dur-
ing the year. This period is
called "rest time" and they have
a house at Port Sidney in the
Muskokas where they go when
the Superior feels they need
rest. Some of the Sisters go to
visit relatives and parents.
"They are told they must not
go into society or keep late
hours. They must live quietly
and always remember that they
are a Sister", Sister Rosemary
Anne said.

Novice Lorna Connell will
visit her parents for the month
of July. In August it is expected
Sister Rosemary Anne will also
visit Digby.

The annual musical tea sponsored by the St. Mary's Chapter Eastern Star was held on Thursday last. The tea table centred with a vase of brilliant colored tulips was presided over for the first hour by Mrs. William Whitman, Bridgetown, and Mrs. Roger Beckwith. During the second hour Mrs. Aileen Woodman and Mrs. Eva Wendell presided. Sprigs of apple blossoms and small flowers graced the attractively arranged tables for the guests and branches of apple blossoms adorned the tea room.

The musical program was arranged by Mrs. J. J. Wallis and consisted of piano duets by Mrs. Wallis and Mrs. Herman Olsen and also by Mrs. K. M. Hankinson, Owen and Patricia, of Weymouth; piano solos by Miss Carolyn Arnold, Miss Margaret Black and Miss Bonnie Wright. Mrs. Elton Arnold played two violin solos, accompanied by her daughter, Carolyn. Mrs. Arnold also accompanied on the violin a vocal selection by Mrs. J. M. Wallis, while Miss Janet Corkum presided at the piano. Other vocalists were Mrs. Lewis Daley and Stewart MacLean.

The guests were received by Mrs. John Russell, Worthy Matron, and refreshments were in charge of Mrs. Clarence Gould. Special guest was Mrs. Douglas Horton, Yarmouth, District Deputy Grand Matron.

Approximately \$35.00 was realized.

Re-Affiliates With W.M.S.

An interesting program was presented at Grace United Church hall on Monday evening when the Flamingo C.G.I.T. affiliated with the W.M.S. of the church. Also entertained at the same meeting was a Women's Missionary group from Centreville United Church.

Mrs. Burton Fleet, president, presided at the meeting and conducted the worship. Miss Constance Kirkpatrick, C.G.I.T. leader, conducted the affiliation service assisted by Miss Sheila VanTassel and Miss Carolyn McCleave. Mrs. Fleet, on behalf of the W.M.S., accepted a gift of money from the C.G.I.T.

The C.G.I.T. presented a chorus, "Steal Away", with Misses Carolyn Arnold and Margaret Black taking the solo parts. Miss Kirkpatrick showed a film, "Dick's Recovery". Misses Marilyn Atkinson and Maeling Chan received the offering.

A study on Mexico was presented by Mrs. James Brooks, including the geographical location, history, education, health and evangelism.

Fashion Show Draws Crowd

A capacity audience thronged the auditorium of the Digby Regional High School last Thursday evening for the annual fashion show and physical education demonstration by the pupils of the school.

A welcome to the large audience was given by Dorothy Outhouse as the program opened. Following this there was a demonstration of children's garments made by the Grade IX pupils. A demonstration of blouses and skirts made by the Grade VIII girls followed.

A feature of the evening's program was a number of choral selections by the high school choral group. Included in these were the beautiful numbers, "Tammy" and "Santa Lucia" as well as the lovely "It's Always Tomorrow". In this number the soloist was Pat Dukeshire.

A demonstration of dresses and jumpers was given by the pupils of Grade X and Grade IX girls demonstrated dresses they had made. Dresses and suits made by the pupils of Grades XI and XII were modelled by girls. A feature that brought prolonged applause was the demonstration by the Grade X pupils of clothes of the future. Included in other entertainment was a square dance by the pupils of the senior high school. Precision physical drill was a feature of both the girls and boys physical education demonstration.

Commentators for the evening's program were Lila Clayton and Carolyn Arnold.

Mrs. Herman Olsen and Mrs. Earle J. Anderson accompanied a number of school age boys to Kentville on Saturday where they attended the Interscholastic Relays.

Celebrates Anniversary

Grace United Church, Digby, will celebrate its 98th anniversary on Sunday morning when guest speaker will be Rev. W. B. Taylor, B.A., B.D., Chaplain at H.M.C.S. Cornwallis. The senior choir will provide special music for the occasion.

Junior Choir Provides Music

The Baptist Church at Little River was the scene of an inspiring service last Sunday morning.

The minister, Rev. Claude T. Olmstead, preached from Jonah, chapter 1, verse 3: "He paid the fare, and went . . .". He reminded his congregation that they have to pay well if they run away from God. He challenged all to pay well for Him who paid it all on Calvary.

Mr. Olmstead was assisted by Hugh A. Trask, who read the Scripture, Lesson, Psalm 122. Also assisting was the Junior Choir, who sang very sweetly the anthems, "The Church in Which I Worship" and "Thine Own To Be". Mrs. Lindsay D. Raymond, the church organist, presided at the organ.

The Junior Choir of the church, under the direction of Mrs. Raymond, meets on Wednesday nights for rehearsals and sing the fourth Sunday morning of each month. Their service is highly appreciated by all concerned, and Mrs. Raymond is very faithful in her work as organist, playing for all three choirs of the church.

Set Fair Date

August 19 was set as the date of the Digby Hospital Fair at a meeting of the Ladies Aid held at the home of Mrs. E. J. Theriault on Monday evening. This is the first year the Ladies Hospital Aid is managing the Fair and extensive plans were made at Monday's meeting for interesting and attractive booths. An addition to the booths will be a Book Booth in charge of Mrs. Gladys Budrow.

It was reported on Monday that \$27.65 had been realized for the Aid at a recent bridge party. A white stole was won by Loran Campbell.

Co-hostesses with Mrs. Theriault was Mrs. Clinton McInnis.

Hill Grove Roll Call

The Annual Roll Call Services of the Hill Grove Baptist Church will be held on Thursday afternoon and evening of June 11th. Deep interest is manifested in this annual occasion each year when members of the congregation as well as a host of friends of the church gather for inspiring services.

At the afternoon service, which begins at 3 o'clock, the Roll of Members will be called by the Clerk, Mr. Lloyd MacNeil, and the sermon will be preached by Rev. Donald Calkin, minister of the Waterloo Street Baptist Church, Saint John. A supper will be served in the Church Hall following the afternoon service.

The evening service will be held at 7:30 p.m. with the pastor, Rev. H. S. Hartlin, presiding, and Mr. Calkin will again deliver the message.

Special music, under the direction of Mrs. D. Roope, will be provided by the choir and at the evening service the Male Quartette of the Digby Baptist Church will sing several selections.

Arrangements for this gathering have been made by the Advisory Board of the Church with Mr. Duncan MacKay attending to many of the details.

Plead Guilty To Charges

Harold Barton, of Acaciaville, pleaded guilty to a charge of break, enter and theft before magistrate H. B. Dickey here Wednesday morning and sentence was postponed for a week. The charge arose out of an offence at Fundy Motors last week when the accused was found on the premises and turned over to RCMP who were called.

A juvenile and another local girl both pleaded guilty to a theft charge. The juvenile was sentenced to two years in reformatory while the other girl's case was held over pending further investigation.

Blossom Queen And Party Visit

Queen Annapolis XXVII, her royal Princesses and an entourage of nearly one hundred, including Mayors of a number of Annapolis Valley towns, apple blossom festival officials and other dignitaries, visited Digby Monday afternoon on their tour of valley communities.

An official welcome to Digby was extended at ceremonies held at the town's band stand by Mayor Victor Cardoza. In his remarks the Mayor referred to Digby as the western gateway to the Annapolis Valley and stated he and the people of Digby were pleased the Apple Blossom Queen had seen fit to visit this part of her domain. He presented the Queen with a beautiful bouquet as a token of the appreciation of the town's people for the Queen's visit.

Mr. Reigh W. Jayne, chairman of the Digby Board of Trade's apple blossom festival committee, also extended a welcome on behalf of the board of trade, to the Queen and her party. Mr. Jayne stated Digby was proud of its own Princess, Miss Avril Gozma, and said her beauty, poise and conduct during the festival had brought much credit to the town. He presented Miss Gozma with a bouquet on behalf of the trade board.

In response, Miss Gozma thanked her sponsors, the Digby Board of Trade, for making it possible for her to participate in the festival as Digby's princess and said the occasion would always remain a memorable one. She thanked also the festival officials; Mayor Gladys Porter of Kentville, the official chaperone; the Queen and the other princesses for their kindness and courtesy to her.

Mayor M. Spencer Horsburgh, of Berwick, general chairman of the apple blossom festival, paid tribute to those in Digby responsible for the community's entry in this year's festival. The Digby princess, he said, acquitted herself well and won praise and admiration from all who met her.

In his remarks Mayor Horsburgh expressed his thanks to members of the armed forces for their assistance and co-operation during the tour, to the navy for their provision of the band which played a short concert prior to the welcoming ceremonies and to the RCMP for providing such efficient escort to the royal party during its valley tour.

Mr. Alec Buchanan, chairman of the festival parade committee, presented Mr. Jayne with a silver cup, emblematic of the fact the Digby float, "Offshore", in the apple blossom parade, had won first prize in the "most original" section.

In accepting the trophy Mr. Jayne paid tribute to Mr. and Mrs. Philip Dondale, Mr. and Mrs. R. O. Wright, Mr. R. B. Lent and others who had been responsible for preparing the float.

The princesses accompanying the Queen on the royal tour were introduced to the large crowd at the bandstand for the welcoming ceremonies by Mr. Seymour Gordon, chairman of the festival princesses committee.

Mr. Gordon also introduced Queen Annapolis to the assemblage. In her remarks the Queen expressed her pleasure in visiting Digby and stated how much she had enjoyed her association with the Digby princess and the other princesses during the festival.

Following the welcoming ceremonies at the band stand the Queen and her princesses and the members of the royal party were guests at an afternoon tea at the headquarters of the Canadian Legion. Pouring for the tea were: Mrs. G. V. Turnbull and Mrs. Victor Cardoza, assisted by Mrs. Roy Wyman and Mrs. Howard Patterson. Serving were members of the ladies auxiliary of the legion under direction of Mrs. David J. Daley, auxiliary president.

Seiners Active In St. Mary's

New Brunswick herring seiners are reported carrying out extensive operations in St. Mary's Bay along the Digby county shore.

Some seventeen seiners, many from Wilson's Beach in New Brunswick, have been operating in the bay and have been accompanied by carrier craft used to take the herring catch to processing plants in New Brunswick.

According to reports, catches of herring have been heavy with several boats getting close to a hundred hogheads or 100,000 pounds in a day. Twenty to thirty hogheads a day per boat is said to be average. Price of the herring is reported to be \$20.00 a hoghead.

Residents of Brighton at the landward end of St. Mary's Bay reported on Tuesday the seiners were operating within a short distance from the head of the bay and appeared to be getting good catches.

Herring weir fishermen in St. Mary's Bay and the Bay of Fundy along the Digby shore have long protested the operation of the seiners both in the Digby county coastal waters of the Bay of Fundy and in St. Mary's Bay. Their claim is that the seiners ruin fishing for the operators of the weirs which cost from \$3,500 to \$5,000 to build and once constructed are fixed in position.

Last year a delegation of Digby county weir fishermen went to Ottawa to protest the operation of the seiners in Digby county waters but their efforts were evidently unsuccessful.

Storm Does Damage

Considerable damage was done in Digby by the heavy rainstorm which swept the area Tuesday night and early Wednesday morning.

A number of catch basins on the town's street system were blocked by the rushing water and streets were gullied out by the overflow.

At the Digby Baptist Church the basement of the church hall was filled with water when a culvert under the railway on Mount Street became blocked sending a torrent of water across the church lawn into the hall basement. At one period the spacious lawn had the appearance of an ornamental lake.

So heavy was the run off of soil from the town streets and the land area that the waters of the basin were bright brown for several hours after the rain ceased.

Declare War On Mosquitos

Oil spraying of a number of low lying, swampy areas in Digby suspected as mosquito breeding sites has been carried out by the town's public works department in an effort to cut down on the mosquito menace, it was reported at the June meeting of the town council.

Mayor Cardoza said he had been approached on the matter by the town's public health officer, Dr. D. E. Lewis, and arrangements had been made through the cooperation of local service stations and the works department to have as many of the suspected mosquito breeding places as possible sprayed with oil. A former ice pond thought to be an ideal hatchery for the mosquitoes had been opened up and drained, he reported.

Opinion was expressed at the meeting that mosquitoes were no more plentiful in Digby than in many other parts of the province but there seemed an unusually large number this year. It was stated it was not possible to deal with all the areas in the town and adjacent district suspected as mosquito breeding places but efforts were being made to keep the accessible ones under control.

A letter was read at the meeting from James R. Ayer, complaining about the mosquitoes and suggesting means of destroying the larvae before hatching.

Authorization was given the streets department to make necessary repairs to the road leading to the town dump. The public properties committee was also authorized to call for tenders on repairs and redecorating of the town hall property.

A letter from the Lions Club asking for a lease on the Scout Hall property on Queen Street was read. It was reported this property was held by the Mayor in trust and that a renewal of a lease held by the fire department had been made early in January.

The Council went into committee to receive a report on progress of negotiations regarding proposals concerning a new hospital for Digby. Following the committee session it was decided the town would take no further action on the matter until further information was received regarding action taken by other groups concerned.

A request was received from D. C. Landers and Earl Anderson for a sewer to service their properties on Third Avenue. This matter was turned over to the sewer committee. Clifford Melanson was granted a permit to build a house on property on Montague Row.

Marriage

Mount — Walker

A pretty wedding took place in the Trinity Anglican Church on Cogswell Street in Halifax, Monday, May 18th when Melissa Mabel Walker, daughter of Mr. and Mrs. W. Evans Walker, of Halifax, became the bride of George Milton Mount, son of Mr. and Mrs. Harold E. Mount, of Digby, N. S.

Canon F. A. W. Heffler performed the double ring ceremony. Mr. George Smith was organist and Mrs. A. E. Pillow was the soloist.

The bride, who was given in marriage by her father, looked

charming in her floor length gown of chantilly lace over taffeta and net, styled over the wrists. The back of the dress fell to the floor in a soft train of unpressed pleats. Her fingertip veil was held by a crown of lace trimmed with seed pearls. Her bouquet was of white roses. Her jewellery was a heart shaped locket with earrings to match which was a gift from the groom.

Mrs. Walter Savery, sister of the groom, was Matron of Honor. She wore a powder blue nylon chiffon over taffeta gown styled on princess lines with three quarter sleeves. On her head she wore a white feather band. She wore short white gloves and carried a nosegay bouquet of white mums with ribbons matching her dress.

Miss Marjorie Walker, sister of the bride, and Miss Slemar-

Davidson were bridesmaids. They wore dresses identical to that of the Matron-of-Honor, in yellow and green respectively. Their headdress, gloves and bouquets were also the same as the Matron-of-Honor's.

Miss Ora Walker, sister of the bride, was flower girl. She wore a dress of nylon sheer over taffeta with matching gloves and headdress. Her bouquet was of mixed yellow and white mums.

Donald Jackson was the best man and Raymond Hamilton and Joseph Ratto were the ushers.

Mrs. Walker, mother of the bride, wore a pale blue dress of silk jersey with white accessories. Her corsage was of pink carnations. Mrs. Mount, mother of the groom, wore a dress of azure blue silk shantung and navy duster and white accessories. Her corsage was of red and white carnations.

Following the ceremony a reception was held at the I.O.D.E. rooms on Spring Garden Road. Mrs. M. G. Baird poured, and members of the First Halifax Guide Company were servers.

For a wedding trip through the province the bride wore a navy wool suit with white accessories and a corsage of pink roses. On their return the happy couple will reside at their new home at No. 7 Harris Street in South Woodside.

WHY SO MANY CHURCHES
Is it that Christians don't love one another, that they don't all attend the same church? Why do communities have several denominations, a variety of small congregations, and as many different ministers?
I have thought about this for years and wondered if a disunited Christendom leads to efficiency and to unity. Personally, at this point it now appears that diversity leads to strength. The total work being done by many groups is undoubtedly greater than the work which would be done by one super-church.
Above all, the Gospel makes men free to believe as the Spirit of God directs. They are not subservient to an organization, big or little. One great church might become dictatorial, and it

The appointment of Dr. J. D. Wright to the position of chief provincial geologist for the N. S. Department of Mines was announced today by Hon. E. A. Manson, Minister of Mines.
Dr. Wright will be responsible for compiling and assessing basic geological data from work of the Geological Survey of Canada and private sources. This information will be supplemented by field and laboratory studies.
"The results of these studies, as they are published, will emphasize economic features of the geology of the province and should draw attention to features warranting through investigation by private interests," said Mr. Manson.
Dr. Wright graduated in geology from Acadia University in 1927 and received his Ph.D. in economic geology from the University of Toronto in 1933.
He has specialized in field exploration throughout the northern part of Canada and in the Western United States.
Mr. Manson said another full-time geologist will be added to the staff during the summer.
Indications are that exploration within the province, using modern techniques for screening overburden covered areas, will be at a high level during the 1959 field season.

Marriage
Brown - Cunningham
A spring wedding of local interest took place at the Brighton Avenue Baptist Church, in Allston, Mass., on May 16th, when Miss Norma Allee Cunningham, daughter of Mr. and Mrs. Atwood E. Cunningham, of Brighton, Mass., became the bride of Carlton Nickerson Brown, son of Mr. and Mrs. Edwin W. Brown, of Ballardvale, Mass. Rev. Leslie W. Irving, pastor of the Brighton Avenue Baptist Church, officiated at the double ring ceremony.
The bride was escorted to the altar by her father. She wore a gown of silk organza with a fitted bodice and Chantilly lace inserts with a bouffant skirt and chapel train. Her veil of silk illusion was attached to a tiara of pearls and sequins and she carried a white Bible and a cascade bouquet of white roses, sweet pear and stephanotis.
Mrs. Geraldine Hagar, of East Weymouth, Mass., sister of the bride, was matron of honor. She wore a ballerina length gown of blue taffeta with white over lace and with matching picture hat and carried a Colonial bouquet of yellow marguerites.
The bridesmaids were Miss Marie Smith of Newton, Mrs. Philip Shepperson of Allston, Mrs. Edward Austin of Charlestown and Mrs. Dexter Laton of Chelmsford, a cousin of the bride. They wore ballerina length gowns of yellow taffeta with white over lace and matching picture hats and carried Colonial bouquets of blue marguerites. Miss Anne Brown of Lexington, niece of the bridegroom, was junior bridesmaid, and wore a gown of blue taffeta and carried a Colonial bouquet of yellow marguerites with a matching head band.
Philip Byron Brown of Lexington, brother of the groom, was best man, and the ushers were Elliot Palmer of North Andover, Ernest Dole of Lawrence, Robert Brown of Ballardvale, a nephew of the groom and Richard Brown of Ballardvale, also a nephew of the groom. Ronald Hagar of Weymouth, a nephew of the bride, was junior usher.
Miss Jean MacKenzie of Middleton, Nova Scotia, was the soloist, and sang "The Wedding Prayer", "Because" and "O Perfect Love".
The bride's mother wore a blue lace gown with matching accessories with a Colonial corsage. The groom's mother wore a Platinum lace gown with pink accessories and a bouquet of pink roses.
Following the wedding a reception was held in the church vestry.
After a two weeks vacation in Florida the couple will reside in Arlington, Mass.
Mr. and Mrs. Brown have many relatives and friends throughout the province of Nova Scotia.

The NSPC New Finance Plan
The Nova Scotia Power Commission announced the introduction of a new Finance Plan effective May 1st, 1959. This is a non-profit plan which provides long term credit with small monthly payments. Loans are available to a maximum of \$500.00 with up to 60 months to repay. All customers of The Nova Scotia Power Commission having a good credit rating are eligible to participate in this plan. Homeowners only may obtain wiring finance and tenants may benefit from the plan if the owner of the home will sign an agreement for payment in the event that the tenant should vacate the premises.
The Finance Plan covers the cost of WIRING. (1.) Increase capacity of service entrance to 100 amps or greater. (2.) Installation of Range, Water Heater, Dryer and Washer-Dryer combination. (3.) Improvement in wiring to Red Seal Standards. Maximum Contract for any Single Residence is \$350.00.
APPLIANCES - 230 volt electric range installed. 230 volt electric water heater installed. 230 volt electric dryer installed. Maximum contract for any customer is \$350.00.
COMBINATION WIRING and Appliances - Maximum contract for any customer is \$500. All electrical contractors and appliance sales outlets doing business in the Nova Scotia Power Commission territory will have received full details of this plan prior to May 1st and customers wishing to obtain financing need only to contact the electrician or appliance dealer of his choice. They will provide the forms which must be completed before financing is granted.
More than 70 percent of all the homes in Canada are inadequately wired and are unable to utilize the many modern appliances on the market today.
Homes wired twenty years ago for lighting and small appliances cannot cope with the increased loads imposed by modern electrical appliances. In an effort to operate these appliances on the existing wiring, the capacity of the fuses is increased instead of the wiring facilities. This makes for unsafe wiring which could result in serious fires and possible loss of life.
In an effort to help relieve this situation, the Nova Scotia Power Commission has designed this Finance Plan which places adequate wiring and major electrical appliances within reach of all its customers. Statistical reports show that Nova Scotia lags far behind many parts of Canada in the use of electricity, particularly in those areas served by the Nova Scotia Power Commission. In the interest of service to its customers and to encourage them to make greater use of electricity, the Commission has embarked on an overall promotion program, an important part of which is this Finance Plan.
The Commission is presently making personal calls on its customers instructing them on the proper use of electricity.
Meetings are being held with Home and School groups, Women's Institutes and other such organizations. Demonstrations are conducted showing the proper use of cooking, washing and other types of electrical appliances.
The Nova Scotia Power Commission has been one of the prime movers and contributors to the formation of the Electric Service League of Nova Scotia. This League was formed a little less than a year ago for the purpose of making Nova Scotians more aware of the importance of adequate wiring in the home.
Electric Service Leagues have been in operation in most provinces throughout Canada for the past several years. These Leagues, in association with the Canadian Electrical Manufacturers and Utilities, and others associated with the electrical industry, combine to form the National Body, the Electrical Bureau of Canada.
Finance Plans are not new; many utilities sell appliances and provide their own financing while other utilities provide only financing for wiring and appliances. This finance plan, in addition to helping homeowners, will serve to help farmers to increase the capacity of their present wiring, and thus enable them to utilize more fully the many labor saving devices now available to make farming more profitable and to make the farm home more modern.
The Nova Scotia Power Commission supplies power directly to more than 60 percent of rural Nova Scotia. In addition to the 32,000 customers served directly and who are eligible to participate in this finance plan, it supplies indirectly to various towns and municipalities and power boards a further 50,000 customers. The territory served includes all of rural Cape Breton Island with the exception of the industrial area surrounding Sydney and Glace Bay, all of Eastern Nova Scotia bound generally by the Truro-Halifax highway on the West, and on the North by a line from Truro to Pictou County Power Board territory, and the New Glasgow area. The Commission supplies St. Margaret's Bay area as well as most of Western N. S. commencing at Mahone Bay and continuing around Deep Brook in Annapolis County. Some of the towns and municipalities supplied by the Commission who have their own distribution systems are as follows: Town of Antigonish, Town of Canso, Pictou Co. Power Board, Digby Co. Power Board, Town of Digby, Town of Bridgewater, Town of Liverpool, Town of Lunenburg, Hydro Electric, Town of Mahone Bay, Town of Shelburne, Liverpool Electric, Villages of Weymouth, District of Clare, Town of Truro, Municipality of Digby, Town of Yarmouth, Nova Scotia Light and Power Co. Ltd., Northern Division. The Commission generates approximately one-third of all the electricity in Nova Scotia and its total production last

CARS ARE MY LINE
by Ken Hankinson
"WHY DON'T YOU GET A HORSE?"
Remember that cry? It's quite a few years since it was in its hey-day, but most of us are familiar with the era when it was the standard gag for the local wag. Even if you're not you can picture the little gasoline buggy faltering down a muddy street with the chances an even 8 to 5 that it would reach its destination under its own steam. In those days it was a rich man's toy... and the only impression it made on the average man was that it was a perfect subject for ridicule and jokes.
Today, however, there are probably enough 'horseless carriages' around to give every man, woman and child a ride at the same time. And to get them to their destinations without having to 'get out and get under'. Which all leads up to the fact that cars today are no longer a plaything, but a basic form of transportation... a part of our way of life... and to many even a means of livelihood.
What has been responsible for this great change in such a short period of time? Namely, it has been research by the leading car manufacturers. Research that has resulted in all the modern improvements that we all take so much for granted in today's cars.
That's why, today, used cars are such a good buy. Because in the last five years automobile manufacturers have been building in more and more good and lasting features to make cars last longer and operate better.
And at Weymouth Motors Limited you'll find a handsome selection of these good, late model used cars. Each one has been mechanically checked and inspected to give you true value for your dollar. Drop in soon. You'll be glad you did.

REVIVAL OR RUIN

Ninety percent of our population does not attend church regularly. Those who do occupy a pew are often unmoved by the plain teachings of God's Holy Word. Spiritual values are collapsing. Morals are considered unnecessary. Family life is breaking down, and divorces and juvenile problems are on the incline.

Even our hard-won political freedoms are lightly held. In free nations where voting is a privilege, few bother to go to the polls.

We are raising a generation of those who know little of the years of bloodshed which preceded our right to speak and worship without being molested.

This dangerous drift can only be headed off by old fashioned repentance before God, and we will really pray for revival they need to humble themselves and cast themselves upon God who can bring back days of Grace Christians.

There must be prayer and concern at any cost. It will mean determination and holding on 'til the answer comes.

Revival is in the hands of a praying minority. These are not discouraged but are mightily burdened. This concern and alertness must come to all true Christians.

Marriage

Parker — Harris

The Bear River United Baptist Church was the scene of a pretty spring wedding on Saturday afternoon, May 30th, at three o'clock, when Sheila May, second daughter of Mr. and Mrs. Ira M. Harris, was united in marriage to Donald Landers Parker, elder son of Mr. and Mrs. Carlton B. Parker, all of Bear River, Nova Scotia.

The double ring ceremony was performed by Rev. J. W. Scott, pastor of the church, against a background of apple blossoms and tulips. The guest lists were marked with dainty rosebuds of lily of the valley and forget-me-nots.

The bride, given in marriage by her father, looked lovely in a street length dress of white lace over taffeta with shoulder length veil of sheer illusion net and embroidered border, held in place with a "hearts-of-happiness" tiara of seed pearls and crystal beads. She carried a cascade bouquet of red roses and lily of the valley and wore a necklace of pearls, the gift of the groom.

The bride was attended by Miss Judith Marshall, of Halifax (formerly of Bear River), as bridesmaid, who was attractive in pink nylon over taffeta with flowered bandeau to match. She carried a colonial bouquet of white and yellow shasta daisies.

Allan Parker, brother of the groom, acted as best man.

The wedding music was beautifully rendered by Miss Judith Buckler, of Halifax (formerly of Bear River).

The ushers were James Harris, brother-in-law of the bride, and Elmer Porter, brother-in-law of the groom.

During signing of the register, Mrs. J. Harris, sister of the bride, sang very sweetly "The Lord's Prayer".

The bride's mother wore a blue flowered dress and matching hat with white accessories and a corsage of white shasta daisies, while the groom's mother wore a dress of beige and green tones with beige accessories and a corsage of yellow and white mums.

The groom's boutonniere was a white gardenia, while the best man, ushers and fathers of the young couple wore boutonnieres of white shasta daisies.

Following the ceremony a reception was held at the home of the bride's sister, Mrs. James Harris, where approximately forty guests gathered. The bride's table, centered with a beautiful three tier cake, was attractive with white satin streamers and white bells. Those assisting in serving were Miss Nancy Parker, sister of the groom, Miss Judith Buckler and Miss Jeanette Briffett. Miss Linda Harris, young sister of the bride, was in charge of the guest book.

The happy couple left amid showers of confetti and good wishes, on a motor trip through Nova Scotia and Prince Edward Island, including the Cabot Trail.

For travelling the bride chose a suit of beige linen with matching gold and green flowered hat and beige accessories. She wore a corsage of yellow and white mums.

Mr. and Mrs. Parker will reside in St. Hubert, Quebec, where Mr. Parker is stationed with the Royal Canadian Air Force.

To Publish Pamphlet

Authority was given at Tuesday night's meeting of the Digby Board of Trade for publication of five thousand copies of a tourist folder for distribution to tourist visitors in the Maritime area this summer, advertising the scenic beauties of Digby and giving information about the town and district.

H. M. Warne was named as a delegate from the Digby trade board to the annual meeting of the Maritime Provinces Board of Trade in Saint John later in June.

Considerable discussion was had concerning the matter of signs and improvements at the highway approaches to Digby. It was finally decided to contact Mr. Fiske, the provincial traffic safety engineer, and have him meet with board representatives to draw up proposals concerning the improvement thought necessary at the highway entrances to the town.

Prominent Digby Merchant Passes

Frederick John May, prominent and widely known Digby merchant, died Sunday evening at his home after a brief illness. His passing came as a severe shock to his family and a wide circle of friends throughout the Maritimes, upper Canada and the United States.

Since the early 1920's Mr. May had operated a bookstore in Digby and was widely known, not only by local people but also by tourist visitors to Digby. A staunch Liberal, Mr. May took an active part in politics. He took a keen interest in local civic affairs and his opinions on these matters were held in high regard. His store was noted for many years as a discussion centre where matters of local and wider interest were dealt with and public opinion on matters of concern formulated.

A native of Yarmouth, Mr. May was the son of the late Captain William Benjamin May who came from England to Yarmouth, and Mrs. Margaret Ellen May. He was 70 years of age. Prior to making his home in Digby, Mr. May travelled widely in the United States where he lived for nineteen years. Early in his career he became an accomplished foundry pattern maker but the loss of a leg forced him to give up this trade.

He is survived by his wife, the former Jessie Swallow, of Torbrook, Annapolis County, and one daughter, Helen, teaching in Quebec province. Also surviving are three sisters, Laura (Mrs. Norman Boutillier), Bedford; Etta (Mrs. William H. Brown), Yarmouth, and Helen (Mrs. H. MacCallum), Halifax. A number of nieces and nephews also survive.

The body rested at Jayne's Funeral Home, Digby, until Wednesday afternoon when the funeral was held from Grace United Church at 2 p.m., conducted by Rev. James Brooks, assisted by Rev. T. W. Hodgson. Interment was in Fairview cemetery.

Speaks To Driver Class

Cpl. Bryant of the local detachment of the RCMP spoke to the driver education class of the Digby Regional High School Wednesday morning at the school.

In his address Cpl. Bryant dealt with the need for close and careful observance, not only of the rules of the road, the motor vehicle act, but also of common sense behaviour while in control of a motor vehicle.

He also outlined in detail some aspects of police work in relation to the motor vehicle act.

Injured In Truck Collision

Gerald Walker and Llewellyn Robicheau of Waterford, Digby Neck, received severe cuts and bruises when their truck was involved in a collision with a gravel laden truck on the Digby Neck highway.

The accident occurred about noon on Saturday as the Walker truck came over a hill. The truck was badly damaged by the collision. Walker and Robicheau were rushed to hospital in Digby where their injuries were treated. Occupants of the gravel truck, which was only slightly damaged, were uninjured.

\$200,000 Loss In Weymouth Blaze

A disastrous blaze, reported to have started in the kitchen of a restaurant owned by Lennie Ford, swept through six of the village's business establishments Friday evening, causing damage estimated at upwards of \$200,000. There was no loss of life or injuries in the blaze.

Reported to have started following an explosion in the restaurant, the fire quickly spread to the adjoining store of Greta Journey on the one side and to Larry's Meat Market, owned by Larry Lombard; the Weymouth Supplies store, owned by Grantham Bell; a vacant restaurant, owned by Jack Burton; and the H. M. Mullen store, operated by Willis Mullen.

The fire broke out about 6:30 p.m. and raged for well over two hours before being brought under control. Shortly before nine o'clock it was thought the fire had been confined but a blaze in the Mullen grocery store proved stubborn and for a while it was feared the fire might get out of hand again.

Early in the fight against the flames the firemen were hampered by a lack of water as the tide in the river, from which water had to be pumped to the fire, was down. Later as the tide rose this problem was eased. Fire departments from Digby, Meteghan and Saint Bernard aided the Weymouth department in fighting the flames. A call from Fire Chief Doug Trefry of Yarmouth, offering aid from his department, was received during the fire but at the time it was felt the blaze was sufficiently confined to make this extra aid unnecessary.

Also assisting at the fire was the civil defence rescue truck and crew from Digby. A powerful portable lighting plant on the truck provided much needed illumination while power was disrupted in the fire area.

Friday night's fire marked the second time in thirty years the business section of Weymouth has been badly hit by fire. In a blaze thirty years ago practically all the village's business section was destroyed. On February 6, 1938, the village's only major industry, Weymouth Industries Ltd., was completely levelled by fire.

In the fire Friday night it was feared for a while the flames could not be stopped before they reached the river. Fortunately, however, there was very little wind blowing and this aided the firemen in their battle. Stores on the opposite side of the street were endangered for a time from the intense heat and most of them had plate glass windows badly cracked by the heat and streams of water which were used to cut temperature below the combustible level.

Four stores were completely levelled by the flames and the stores of H. M. Mullen and Greta Journey entirely gutted by the fire. At the height of the blaze exploding ammunition and paint in the Weymouth Supplies store created geysers of flame, sparks and flying embers which flew high into the air.

Power and telephone cables were cut by the flames and for some time after the fire was under control the lower section of the village was without power. This was restored later in the evening, however.

Many Attractions Air Force Day

Air Force Day at RCAF Station Greenwood will be held on June 27th, with open house to the public, beginning at 1:30 p.m. until 5:00 p.m.

Featured on this year's Air Force Day in Greenwood will be the famed Argus Aircraft. The Argus will be doing a flying as well as static display.

Another feature attraction will be the Aerobatic team of the Golden Hawks. This team will do formations aerobics and solo performances.

To give a comparison of present day flying machines and that of yesteryear, we will also have on display the much talked about replica of the Silver Dart. Not to be left out are the many and varied ground displays to be shown in the various hangars at Greenwood.

The public are cordially invited to attend this 13th annual Air Force Day at Greenwood. Come, bring the kiddies and enjoy a real day of adventure and thrills. Remember: It is your Air Force.

Music must rank as the highest of the fine arts. — Herbert Spencer.

Before And After In Weymouth

Shown in the top photo above is a view of the business section of the village of Weymouth which was destroyed by a disastrous fire on Friday evening.

The photo shows the area as it was prior to the fire. The lower photo shows the same area the morning after the blaze. All that remains of the tightly knit

business area is a pile of smoking rubble and the charred remains of the two buildings left standing.

Naval Chaplain Addresses Congregation

Taking as his text Exodus 4, v. 2, "And the Lord said unto Moses, what is that in Thine hand?", and he said "a staff".

Rev. W. B. Taylor, B.A., B.D., chaplain at H.M.C.S. Cornwallis

... the sermon at Grace United Church on Sunday morning. The occasion was the 96th anniversary of the church.

Rev. Mr. Taylor spoke of the ordinary talents which can be used in service for others and referred to other Bible stories which also answer the question "What is in Thine hand?" including the widow's mite, the five loaves and two small fishes and King Saul and the Philistines. He challenged the congregation to use their talents as individuals and as a church to make strong the city of God.

The service was conducted by Rev. James Brooks and the choir sang two special numbers with Mrs. Gerald Wilson as soloist. Miss Constance Kirkpatrick presided at the organ.

Given Two Years

Harold Barton of Acaciaville was sentenced to two years in Dorchester penitentiary on each of two charges in provincial magistrate's court here Wednesday morning. The sentences will run concurrently.

Barton had previously pleaded guilty to each of the charges, one of break entry and theft and the other of theft of a bicycle. The break and entry charge arose out of an incident at the premises of Fundy Motors in Conway when the accused was apprehended in the premises by the owner.

Missionary Group Organized

The ladies of Bethel Tabernacle, Queen Street, met Tuesday evening at the home of the pastor, Rev. Thomas Davies to organize a women's missionary council group.

Mrs. Thomas Davies was elected president of the new group, Mrs. Kenneth Peters as vice-president and Mrs. Joseph Duncan, secretary treasurer.

Some business matters were discussed after which a lunch was served by the hostess, Mrs. Davies.

Speaks On Ethiopia

"Canada is playing a great part in the redevelopment of Ethiopia", stated Dr. Edgar Spinney Archibald, of Sandy Cove, Digby County, in an address before a meeting of the Digby Neck Home & School Association last Wednesday evening.

Dr. Archibald, who spent nearly four years in Ethiopia, first with the United Nations Food and Agriculture organization and later as special advisor to the Ethiopian Minister of Agriculture, had high praise for Ethiopian Emperor Haile Selassie, whom he labelled a "very wise man".

The Emperor, Dr. Archibald said, is determined no one nation or culture is going to dominate the pattern of Ethiopia's redevelopment so the various aspects of the redevelopment program are each under the guidance and direction of a different one of the democratic nations.

Through its work in the field of education particularly, Canada is playing a big part in the redevelopment program, Dr. Archibald said, and already more than one hundred Canadian teachers are teaching in Ethiopian schools and advertisements are appearing in Canadian newspapers for still more.

A number of the top ranking civil servants in the education and agricultural departments have been trained in Canadian colleges, Dr. Archibald said, and the knowledge and education they have secured is being passed on to the Ethiopian people through instruction in more modern methods of farming, business and the like.

One of the ventures in which he was engaged during his first two year stay in Ethiopia, Dr. Archibald said, was the promotion of the idea it would be good business for the Ethiopian government to subsidize young men to come to North America to further their education in various fields which would be beneficial to Ethiopia on their return.

Because of the program adopted by the Ethiopian government a considerable number of young Ethiopian men and women are and have been taking courses at Cornell, Columbia, University of British Columbia and other such schools in North America.

Injured In Fire

Three men received serious burns Thursday afternoon when fire destroyed one of Bear River East's oldest establishments, Jefferson's Sawmill. Two others escaped injury.

The fire broke out at 1:30, just after the five men had returned from dinner. An exploding gas engine was believed to have been the cause of the fire. The sawmill was levelled within 10 minutes.

Carol Dukeshire, 22, of Bear River East, was the most seriously injured of the three. He received burns to his arms and hands. Carl Wamboldt and owner George Jefferson also received burns to their arms and hands.

Fire departments from Deep Brook and HMCS Cornwallis fought the blaze.

A shift in the wind was credited with saving a small canton across the road, which for a while was threatened by the fire. Firemen managed to prevent the flames from spreading to nearby buildings.

The sawmill had served the community for years. It manufactured firewood and building products. The sawmill was not covered by insurance.

Society Meets At Hedley House

A most enjoyable meeting of the Admiral Digby Horticultural Society was held last week at the Hedley House in Smith's Cove. Hostesses for the session, which was largely attended, were Mrs. Currie and Mrs. Gott of the Hedley House.

Present for the meeting was Mr. N. V. Jankov of the Department of Agriculture, who gave valuable advice of plant and shrub culture and on landscaping.

Further plans for the participation of the society in the rose show in cooperation with the Annapolis Royal Garden Club were discussed, as were the Digby society's two projects, the gardens at the entrance to Digby near the government pier and the beautifying of the old Loyalist cemetery in the south end of the town.

were received in the membership of the Church on transfer from the Stevens Road Baptist Church, Dartmouth, at the Communion service on Sunday morning.

Has Narrow Escape

Billy Drake, two year old son of Mr. and Mrs. Robert Drake (nee Marguerite McNeill, daughter of Mr. and Mrs. Ralph McNeill, North Range), of Framingham, Mass., had a narrow escape from drowning recently when he fell into a deep creek near his home.

His mother heard his screams and rushed to the brook near which the little lad had been chasing his pet dog. She saw the lad struggling in the water and plunged in to rescue him. Both the boy and his mother were exhausted from their ordeal but neither suffered any serious after effects.

SPEAKS ON ETHIOPIA

(Continued from page 1)
Many mistakes were made, Dr. Archibald said, in the early days of Ethiopia's redevelopment program. Some of these were through the provision of stocks of heavy farm machinery without the follow-up of training and demonstration programs in their use; the promotion of inflation through influx of too much money into the country.
Over a million dollars worth of farm machinery, sent into Ethiopia, was kept under lock and key, Dr. Archibald said, and he was in the country six months before he even saw it and a year and a half before he had an opportunity to demonstrate to the native population how it should be used. He said it took him a while before he could convince the Ethiopian authorities he could undertake demonstrating the machinery without "losing caste".
Primitive methods are the rule in farming, Dr. Archibald said, and where education has brought modernization, results in increased crops are startling. Generally yields are low but as a result of education crop yields of sixty bushels to the acre have been made possible. Dr. Archibald stated he concentrated much of his effort on trying to convince the Ethiopian farmers of the need for good seed and clean seed. Much of the low yield is a result of poor seed and a heavy weed infestation. Where this is corrected improved yield is the result.
Many years ago Ethiopia was almost entirely denuded of trees which were used by the native population as fuel. King Menelik, a predecessor of Haile Selassie, brought in experts to deal with the problem of reforestation and as a result it was decided to plant eucalyptus trees as a fast growing variety. An edict was issued that every person had to aid in the reforestation program by planting a seedling, which was supplied by import from Australia, or be fined. As a result, Dr. Archibald said, stands of trees have so increased that limited cutting privileges have been granted. Addis Ababa has been made most beautiful through the tree planting program, he said.
A country of 400,000 square miles, about the size of Quebec province with a bit of Ontario thrown in, Ethiopia has a population of sixteen million. Dr. Archibald said. He said cattle are raised in Ethiopia in number about 18 million; there are

12 million sheep and 14 million goats. This is in sharp contrast to the numbers of these animals raised in Canada, he said. Cattle and coffee are the two biggest agricultural products of Ethiopia, he stated.

Dr. Archibald said the Ethiopian people deserved credit for their efforts at improving their economy and said their Emperor, Haile Selassie, is providing great leadership in developing a truly democratic system of government. The Ethiopians, he said, are a very religious people, mostly Christians belonging to the Coptic church and many of their national celebrations are religious in nature.

Prior to leaving Ethiopia Dr. Archibald was honoured by the Emperor with the awarding of the order of the "Star of Ethiopia", an honour conferred on few non-Ethiopians.

Dr. Archibald illustrated his address at Sandy Cove Thursday evening with coloured slides which he took in Ethiopia. He was introduced to the meeting by H. S. president, Rev. C. T. Olmstead, and thanks were expressed by municipal warden Ronald Morehouse.

Following the address Mrs. Elmer Lewis, newly elected president of the Digby Neck Home & School Association, and other officers, were installed by county council president Victor Cardoza, of Digby. Refreshments brought the evening to a close.

ELLIOTT — In loving memory of our dear husband and father, Andrew Elliott, who drowned June 8, 1956. It isn't the tears at the moment shed. That tell of the heart that is torn. CARS ARE MY LIFE
by Ken Hankinson
THEY'RE NOT BUILDING CARS LIKE THEY USED TO. TRUE? or FALSE?
According to a recent newspaper report the answer is false... in fact, the new 1959 models are the sturdiest yet. To prove this statement, leading car manufacturers have pointed out the tremendous improvements that have been incorporated into the new cars.
For instance, the Automobile Chamber of Commerce has stated that the average life of vehicles scrapped has jumped from 6.5 years and 25,750 miles in 1925 to 11.1 years and 104,000 miles in 1956. Even more interesting are the facts uncovered by a recent independent survey made in the automotive field. From this survey the above figures were projected to determine the life span of the 1959 models... and they worked out to be over 14.7 years and 125,000 miles.
What is the reason for this increase? It's easy. Right now car manufacturers are adding durability factors to their newer models. For example, they're featuring paints that need no polishing or waxing under normal conditions for at least three years. They have incorporated better dyeing, stamping and inspection methods... better lubrication... and better and more durable metals that will actually increase the usable life of the automobiles.
Another durability factor is the employment of rust-preventatives on the panels under the doors, the underbody and wheel wells. There's also a greater use of stainless steel on exterior trimmings to eliminate pitting - and the use of anodized aluminum to eliminate paint chipping and corrosion.
So you can see why the new cars will last longer... and why the new cars at Weymouth Motors Limited are a better buy than ever.

Report From Parliament Hill

By George C. Nowlan, M.P.

June 8, 1959.

The human interest story, of course, from Parliament Hill, was the appointment of the Honourable Howard Green as Secretary of State for External Affairs. Certainly when so many people had the opportunity of meeting him a few weeks ago in Kings County, they never thought they were addressing the future Secretary for Foreign Affairs. For that matter neither did Howard nor myself.

One of the most interesting factors in this appointment is that although it came as a complete surprise to most people, yet it has been remarkably well received.

There are probably two reasons for this. The first is the popularity of the Minister himself. Members of the House of Commons express their applause by tapping on the desk covers in front of them. Sometimes there is a more perfunctory rapping of desks. Sometimes the desks are vigorously pounded and the applause becomes almost like the roar of the sea waves. On this occasion, when the announcement was made, from all sides of the House there arose not the conventional tapping of the desks, but a roar of sound which rose to a crescendo, died away, rose again, and this was repeated for a period of three or four minutes. I have never seen anything in the House which approximated this applause, and at that particular time I had guests in the Diplomatic Gallery from the Australian Parliament who told me that they had never seen anything like it in their lifetime. It was a heart-warming experience and one which greatly moved the Minister who found it very difficult to reply for a moment or two. It expressed as nothing else could the respect, the admiration, and the sincere regard which Members from all sides of the House have for the Minister.

Another reason why it has been so well received is that the public generally have suddenly realized that the role of a Secretary of State for External Affairs has greatly changed during the last few years. Back in the days of Disraeli or Palmerston, the Prime Minister or his Secretary, or the Ambassador went away and were on their own for weeks at a time. Even when Mr. Pearson started as Under-Secretary of State for Foreign Affairs, he was often on his own, subject only to communication by telegraph, and that not too frequently. But today, with the radio, the almost instantaneous telephone connections around the world, to say nothing of the aeroplane, a Secretary of State for External Affairs must accept responsibility for Foreign Affairs, whether this be Great Britain, Australia or Canada, and whether it be the President of the United States, or the Prime Minister of Germany. Now due to the modern media of communication and transportation, the control of the Government is much more direct than it ever was before.

The new Minister would be the last to profess any great training in the field of diplomacy as it was formerly practised. But he does have a profound knowledge of Canada, the confidence of the Canadian Government and the Canadian people, and he possesses also the strength of character, as well as the physical strength, to enable him to deal with the onerous tasks with which he will be confronted, either in foreign capitals, or behind his own desk. And speaking of "behind his own desk", there is another problem which the Minister will have to face and deal with in the immediate future. Our Department of External Affairs has grown like topsy during the past two decades. We now have legations and embassies scattered all around the world. The Secretaries of State for External Affairs in the past have been too busy dealing with, or attempting to deal with, the prob-

CNR Announces Summer Ferry Schedules

Summer schedules for two passenger-auto ferries operated by Canadian National Railways in the Atlantic region which play an important role in the Maritimes' tourist trade have been announced.

The M.V. Abegweit, recently back in service after annual refit at Montreal, goes in summer operation between Borden, P.E.I., and Cape Tormentine, N.B., beginning June 16. Serving with the Abegweit will be the S.S. Prince Edward Island. Respectively, these ships have accommodation for 125 and 80 vehicles.

There will be 10 round trips daily in this service, with departure times from either terminal being 7 a.m., 8:25 a.m., 10:05 a.m., 11:30 a.m., 12:50 p.m., 2:15 p.m., 3:40 p.m., 5:25 p.m., 7:30 p.m. and 9:15 p.m. All times listed are standard.

The summer schedule for the Northumberland Strait ferry service will remain in effect until November 15.

The M.V. Bluenose, operating between Yarmouth, N.S., and Bar Harbor, Me., makes her inaugural summer run June 20 and will continue in daily summer schedule until Sept. 14, leaving Bar Harbor 8 a.m., EDT, arriving Yarmouth 3 p.m., EDT, leaving Yarmouth again at 4:30 p.m., EDT, and arriving Bar Harbor 9:30 p.m., EDT.

Facilities on the 6,000-ton Bluenose include a limited number of day cabins, two lounges, cafeteria, lunch counter and newsstand. She has accommodation for 600 passengers and 150 automobiles.

Indications are that the tourist traffic this summer between Maine and Nova Scotia is going to be exceptionally heavy. The number of passengers handled by the Bluenose last month was 10 per cent greater than for the corresponding period last year, the respective figures being 2,508 and 2,227. On May 22, 1959, a record for that date was established when the ship accommodated a total of 171 passengers.

Indications are that the tourist traffic this summer between Maine and Nova Scotia is going to be exceptionally heavy. The number of passengers handled by the Bluenose last month was 10 per cent greater than for the corresponding period last year, the respective figures being 2,508 and 2,227. Also during the past week there has been visiting Ottawa my opposite number in the Government of Australia, Sir Patrick McGovern, C.B.E., the Commissioner of Taxation for the Commonwealth of Australia. It has been my pleasure during the week to meet him at various social functions at which different ones were hosts in his honour. The Australian system is apparently somewhat different from our own, where I as a Minister am responsible for the enforcement of the taxation laws. Sir Patrick has nothing to do with the Customs Law, which apparently is administered by a Minister of the Crown as I administer it. However, with respect to Income Tax, Sales Tax, and various other forms of taxes unknown to us, they are all vested in him as Commissioner. He is not a Minister of the Crown, he is not a Member of the House. As far as I can understand it, he is somewhat comparable to our Civil Service Commissioner and is, therefore, a servant of Parliament as a whole, rather than as a responsible Minister of the Government. He at least must be relieved from the pressure of Members of Parliament who are always making representations on behalf of their constituents whom they claim are being wronged by the taxation officers of the Department. I doubt if our Canadian people would accept an administration such as that, which is absolutely removed from Parliamentary control, but I must say it has its appeal to the Minister who has the difficult task of explaining that he must carry out the law no matter how unpleasant it sometimes is.

During the week Parliament cleared up the Energy Bill, and also on Friday passed all of the estimates of the Department of Public Works. This was a compliment to Howard Green, and was an expression of goodwill on the part of the House of Commons who wished to make it easier for him to take over the responsibilities of his new office. Usually the estimates of the Department of Public Works take a week or more to pass, as every Member of Parliament wants to make a plea for a post office, a wharf, or some other consideration for his constituents. It is a record which I fear no other Minister of Public Works is likely to attain in the foreseeable future.

Excursions Again This Summer

Two Canadian National Railways vacation excursions which each year attract hundreds of holiday travellers are promising to be extremely popular again this summer.

These vacations on wheels, offered at specially reduced fares, bring Canadians now living in western Canada back to their native Atlantic seaboard home cities and towns, and take westerners now residing in the Atlantic Provinces to their birthplaces on the prairies and Pacific coast.

The eastbound and westbound trips are organized by Edmonton, Alta., business men and former Maritimer J. V. Dodds, who says reservations are still being received for both full-fledged excursions.

The nationally famed Blue-

Special, which made its first eastward trip to the Maritimes in 1948, leaves Vancouver July 10 this year. It will arrive at Halifax July 16, after detouring along the way passengers bound for points in New Brunswick, Prince Edward Island, Nova Scotia and Newfoundland.

The westward trip to Winnipeg, Regina, Saskatoon, Edmonton, Calgary, Vancouver and Victoria leaves Halifax July 14 as the CNR Overlander. Returning, this special train leaves Vancouver July 29, arriving at Halifax August 4. This year marks the eighth anniversary of this unique excursion.

Charles Baxter, of Plympton, was in Digby on Wednesday where he attended the funerals of the late F. J. May and Henry Stark.

Former Maritimer Mother A former Maritimer associated with the transportation business for nearly a half century and prominent member of west-Canada's tourist and travel fraternity has retired at Winnipeg. Roy H. Powers, Saint John, was the central figure at a retirement reception last week in the Fort Garry Hotel, tendered by travel officials. Vice-chairman of the Canadian Passenger Association since 1945, Mr. Powers was named secretary of the Railway Association of Canada in 1942 after 29 years of service with the CNR passenger traffic department in Winnipeg.

Driver Course Ditched By Board

A high school course in driver education, launched in the Digby Regional High School in the fall of 1957 as an experiment supported jointly by the provincial education and highways departments, will be dropped from the school curriculum beginning next term, it was decided at the regular meeting of the Digby Regional High School board here Monday night.

Decision to drop the driver education course came when a motion to continue the course, made by school commissioner Dr. L. F. Dolron, failed to find a seconder.

Since its beginning in 1957 the driver education course has been operated at the regional high school here without cost to the local board, expenses being met by provincial authorities. A policy statement was issued by the provincial education department on June 4th of this year bringing an end to this situation, however, and providing that a grant in aid may be paid by the minister toward the cost of driver education courses.

The directive provides that, effective August 1, 1959 "regulations made pursuant to the education act on July 10, 1958, are amended by adding after regulation 56 the following: "The Minister may pay to a school board a grant at a rate not higher than ten dollars per pupil for each pupil who successfully completes a driver education course that has been provided by the school board in a manner satisfactory to the Minister and in accordance with such conditions and requirements as the Minister from time to time prescribes".

It was estimated at Monday night's school board meeting the total cost of a driver education course at the Digby Regional High School next year might amount to \$1,000. Four hundred dollars, it was stated, would have to be paid the teacher who takes on the carrying out of the course and six hundred dollars would be required for other costs. With an estimated successful enrolment of twenty pupils the provincial grant would be a maximum of two hundred dollars leaving \$800.00 to be met locally. Of this amount \$600 would have to be met by the municipality and \$200 by the town of Digby on the per pupil basis of cost sharing in effect here.

In 1957 forty-one pupils graduated in classroom instruction in the driver education course and seventeen completed both phases, securing their provincial driver's licences. This year twenty completed the classroom instruction and ten both phases. The number graduating was less this year due to the fact a car was not available until the first of January.

The course as operated at the Digby Regional High School provides each pupil with seventy hours of classroom instruction in safe driving methods, basic education regarding motor mechanics and other information and eight to ten hours of road instruction in the safe handling of a motor vehicle.

The first year the driver education course was in operation at the Digby school Clinton McInnes of the school staff acted as instructor for both phases of the course. Prior to the opening of the 1957-58 school year he underwent an intensive training course to qualify as an instructor. For the past year Mr. McInnes has been assisted by Norman Hines of the school staff who has been in charge of road instruction.

The Digby Regional High School was chosen as the locale of the experimental driver education course by the provincial education and highways departments in 1957 because of "previous progressive steps in education taken successfully by the board and supervisory staff of this school". Mr. Douglas of the highways department who was present when plans for the driver course were finalized by the Digby board in 1957 paid tribute at that time to the board and supervisor for their "progressive pioneering in the field of education".

Another prize winner at the convocation exercises was David Hankinson, formerly of Weymouth. David received his Grade IV certificate in cornet and was winner of the alumni prize.

97 Years In Between

The oldest resident of Wolfville, Mrs. Charles (Theodosia E. Denton), was born in Little River, Digby Co., N.S., on June 7, 1859. Her 100th birthday was spent quietly with her family and friends at her home, 98 Main Street, where she was the recipient of letters, cards, gifts, telegrams and flowers including an orchid from the florist, Mr. G. C. Pickford. A special gift from her life-long friend and former schoolmate, Mrs. Howard (Cynthia) Denton, who celebrated her 100th birthday at Little River in February of this year, was much appreciated. Mrs. Denton spent most of her life in Little River and until recently returned to her native home each summer. She is the only surviving member of the family of the late Deacon Peter and Lucinda Frost. A member of the Little River Baptist Church, and of her three sons one survives, Mr. G. D. Denton, with whom she now lives. Mrs. Denton has one grandson, Dr. G. Douglas Denton, three great grandchildren. Richard, Nancy and Margaret (Peggy) Denton, also living in Wolfville. Although many of

her activities have been curtailed due to a recent accident, Mrs. Denton enjoys very good health, listens to her favorite radio programmes, takes occasional motor drives in the Valley and perhaps most of all, she enjoys frequent visits from her great grandchildren. Refreshments were served by Mrs. G. D. Denton, assisted by Mrs. Ronald Keirstead, Mrs. Douglas Denton and Miss Nancy Denton. The tea table was centered with a decorated birthday cake, a gift from the Berwick Bakery. Special greetings from the Wolfville Baptist Church presented personally by a Deacon of the Church, was accepted by Mrs. Denton with much feeling and sincere appreciation. Congratulatory telegrams were received from Her Majesty the Queen, Prime Minister John Diefenbaker and The Honourable G. C. Nowlan, all of which contributed greatly to a very happy birthday. Among those extending personal greetings to Mrs. Denton were visitors from Yarmouth, Sandy Cove, Halifax and Hammonds Plains.

Returns Home After Surgery

John Stark, eleven year old son of Mr. and Mrs. Loran Stark, of Mount Pleasant, who recently underwent a delicate heart operation in Boston, returned home on Tuesday with his parents.

Reports from the hospital indicate John's operation was a complete success and although he suffered a slight upset that delayed his return home slightly, he appeared fit on his arrival in Digby Tuesday.

John and his parents were greeted on their arrival in Digby by Legion President Edward Murphy, Zone Commander R. O. Wright and Mayor Carozza of Digby.

Financial assistance toward John's heart surgery was provided from funds in the "Heart for Billy" fund raised through efforts of the local Legion branch to help another Digby lad with a similar operation.

Presented With Merit Awards

Above are shown three members of the Digby branch of the Red Cross Society who were honoured at the closing tea of the society with awards for service marking ten years faithful service to the local Red Cross branch. Receiving the awards, which were presented by Dr. T. W. Hodgson, branch president, and Mrs. H. M. Warne of the provincial executive, were Mrs. Alan Harris, Mrs. Alan Stark and Mrs. Daniel Comeau. In the photo from left to right are Mrs. H. M. Warne, Mrs. Alan Harris, Mrs. Alan Stark, Mrs. Daniel Comeau and Dr. Hodgson.

To Hold Exercises Friday Night

Murray W. Campbell of Windsor, Inspector of Schools, will be guest speaker at the annual graduation exercises of the Digby Regional High School here Friday evening.

The valedictory address at the graduation exercises will be given by Neil MacLean of the graduating class, and vocal selections will be rendered by Stewart MacLean.

New President Weymouth Native

Rev. A. Frank MacLean, B.A., B.D. (left below), now of Trinity United Church, Charlottetown, P. E. I., was elected president of the United Church Maritime Conference at the annual sessions held in Sackville, N. B., last week. Rev. Mr. MacLean succeeds Rev. J. D. MacLeod, Scotsburn, N. S. (right below).

Rev. Mr. MacLean is known to many in Weymouth, Digby Co., where he was born. He is son of the late Daniel Hugh MacLean and Harriet Hankinson MacLean, formerly of Weymouth. Mr. and Mrs. Daniel MacLean moved from Weymouth to Hopewell, Pictou Co., Mr. MacLean's native county, in 1912, where they were engaged in the grocery business and where Mrs. MacLean still resides. John Hugh MacLean, a brother of Rev. Frank MacLean, continues to operate a grocery business and a mail route in the Hopewell village. Two other brothers also entered the ministry of the United Church and are Rev. George M. MacLean, B.A., at Knox Church, Glace Bay, Cape Breton, and Rev. Ward H. MacLean, B.A., who is pastor at J. Wesley Smith Memorial Church, Halifax. The MacLean family were a devoted church people, the father having been elder of the church and Sunday School superintendent for many years.

The new president who has served in the pastorates of Andover, Sydney, Fredericton and Edmundston and now at Charlottetown, received his education at Dalhousie University and Pine Hill Divinity Hall. Two of the president's sons are students for the ministry and his daughter is the wife of Rev. Robert Crooks, United Church minister in Elmsdale, P. E. I. Mrs. MacLean was the former Margaret Fraser of Hopewell, N. S.

More than 900 congregations from the Maritimes were represented at the business sessions of the conference. Highlighting the conference were the services on Sunday when twenty students were ordained in the morning and three young women were Sent Forth Missionaries in the evening. The young women were Miss Erna Leach, R.N., Miss Laurie Helene Manning and Miss Stella Jean Windsor, B.A., who is known in Weymouth and other Digby County areas through her connections with the Maritime Religious Education Council.

The Right Reverend Angus J. MacQueen, B.A., B.D., D.D., LL.D., Moderator of the United Church of Canada, was guest speaker in the morning when an estimated more than a thousand persons were in attendance. The moderator used as his text "To whom shall we go, Thou hast the words of eternal life." He stated that because there is truth in all religions does not say that all religion is truth. There is no substitute for the revelation of God in Jesus Christ, no substitute for the doctrine of salvation and no substitute for the gospel of hope.

Plans For July 1st Underway

Two Digby County communities are planning gala programs for the Dominion Day holiday.

In Digby the Digby Lions Club are heading up an all-out program to make July 1st a memorable day in Digby this year.

A parade has been scheduled featuring the usual galaxy of decorated floats and cars and other entries and led this year by the noted bugle band of the Kings County Academy with their majorettes who took first prize in the band section of the Apple Blossom parade in Kentville.

Prior to the parade in Digby a program of water sports has been planned. This will include demonstrations of canoe tilting, log rolling, canoe and boat races. A program of land sports, particularly for the youngsters, will also be featured. In the afternoon and evening a program of games and entertainment will be held in the Forum where the drawing for the boat, motor and trailer will be held.

The Weymouth July 1st program will feature a parade led by the Halifax Rifles band in the morning, baseball game, chicken barbecue, evening dance and pony rides for the youngsters. A midway with all its attractions will also be featured. This year the Weymouth July 1st program is being sponsored by the Weymouth Kiwanis Club in aid of its work for children.

Floral Displays Demonstrated

A highlight of the recent meeting of the Admiral Digby Horticultural Society, held at the Hedley House, was a splendid demonstration of floral arrangements by Mrs. Evelyn Cameron. Commentary for the demonstration was given by Mrs. Eva Wendell.

A goodly number from the Admiral Digby society responded to the invitation extended by the Weymouth Garden Club last week to attend a meeting of the Weymouth club at which Mrs. M. M. Gardner, president of the garden clubs of Nova Scotia, was guest speaker.

The Right Reverend Angus J. MacQueen, B.A., B.D., D.D., LL.D., Moderator of the United Church of Canada, was guest speaker in the morning when an estimated more than a thousand persons were in attendance. The moderator used as his text "To whom shall we go, Thou hast the words of eternal life." He stated that because there is truth in all religions does not say that all religion is truth. There is no substitute for the revelation of God in Jesus Christ, no substitute for the doctrine of salvation and no substitute for the gospel of hope.

Rev. George M. Young, D.D., Fredericton, N. B., was guest speaker in the evening and took as his subject, "Yesterday, Today and Tomorrow", basing his remarks on the words "Things that are seen are transient, things not seen are eternal. Mr. Young is over ninety years and has not missed a Maritime Conference for 71 years.

Sessions began on Tuesday afternoon. On Tuesday evening the retiring president preached the presidential sermon and the sacrament of the Lord's Supper was administered. Encouraging comments were made throughout the business sessions which continued throughout the week. In the presentation of the Missionary and Maintenance report it was learned that Annapolis Presbytery, with Rev. James Brooks as M. & M. convener, was one of four Presbyteries throughout Canada in which an increase of givings from every pastoral charge was noted. The other Presbyteries were Yarmouth, N. S.; Burin and Hudson Bay.

The report on Colleges and Schools showed that an extensive building program will be launched at Mount Allison University when three new residences, a chapel and athletic

Above is shown Dr. T. W. Hodgson, president of the Digby branch of the Red Cross Society, congratulating Mrs. George Humphrey to whom he presented a Red Cross medal emblematic of the fact she has donated more than thirty pints of blood to Red Cross blood donor clinics. The presentation was made at the closing meeting and tea of the Digby branch, held last Thursday afternoon at the Court House.

Plan Membership Campaign

A membership campaign for the Western Nova Scotia Mental Health Group Inc. is being planned. It is expected the campaign will get underway in July and efforts will be made to conduct canvasses in most of the county communities.

The membership campaign is being planned in order to increase interest in the work of the Western Nova Scotia Mental Health Group Inc. and also to aid in raising funds needed to meet obligations of the group toward assistance in financing operations of the Western Nova Scotia Clinic in Digby.

The Western Nova Scotia Clinic, which is the title of the former psychiatric clinic, was established in Digby in 1950 by Cornell University as a part of a large research programme in social psychiatry.

As a compensation for the right to pursue research in this area Cornell University undertook in 1956 to place the clinic on a full service basis but retained the privilege of continuing their research work and appointing staff for that purpose.

Because of the efforts of Cornell University the Western Nova Scotia Clinic in its service aspect ranks as a regional clinic under the policy of the provincial government to set up such clinics at selected points throughout the province.

Although by far the greater part of the monies needed to operate the clinic are derived from government sources it is held that the area served by such a clinic must show support of the clinic in two ways: first, by making use of the facilities that have been provided; and secondly, by making a reasonable but substantial contribution to the cost of operation.

Of recent years both the research and service aspects of the Western Nova Scotia clinic have suffered some disruption from staffing difficulties. The volume of work undertaken both at Digby and Yarmouth, however, continues to increase. In 1958 when only one psychiatrist was available the total of interviews for the year exceeded by 20% the figure for 1956 when two psychiatrists were on the staff.

Over a three year period from 1956 until June 30th, 1959, Cornell University has made annual contributions of some thousands of dollars to the western Nova Scotia clinic on behalf of the people of Digby. At the end of this period no further allocation of funds for this purpose can be made by the university and the task of raising the necessary added financial support to meet this loss rests with the people of this area.

The purpose of the membership campaign is to enrol the public of the area in the group so that interest in the need for funds may be developed and an organized effort to meet the need arranged.

In the Nova Scotia Headmasters Zone Meet at Bridgetown next year.

Track and Field has never been a Digby County forte. It is hoped by the Physical Education Department of the Digby Regional High School that this Junior High School Track meet may be the birthplace of interest and keenness in this sport.

Without doubt Track and Field competition is the only sport which gives the individual a chance to measure his fitness and ability against others.

No other sport promotes to the same degree physical fitness, for this is the only sport which typifies the adage, "The fitter the performer, the finer the performance".

WOMEN MEET AT CENTREVILLE

The June meeting of the Centreville United Baptist W.M.S. met at the home of Mrs. Ronald Morehouse on Monday evening with the president, Mrs. John Tibbets, presiding.

The devotional was given by Mrs. Ronald Morehouse and was on the topic "God Assured Victory".

The program was on rehabilitation. Redemptive Homes was read by Mrs. Loran Titus; Maritime Home for Girls, by Mrs. William Titus; Inter-provincial Homes for Women, by Mrs. Roy Cameron.

Delegates were appointed to attend the district meeting and the association.

Mrs. Charles Wharton, Annapolis Royal, spent the weekend with her sister, Mrs. Ida Sabine.

The Courier may be obtained at the following addresses: C. M. Levy's; F. J. Shaw's; R. L. About This and That

Objective \$1,500

According to the committee in charge of the membership drive for the local association Victorian Order of Nurses an objective of \$1,500 has been set for 1959. This objective is greater than that set for any previous year but it is the opinion of the committee that the need is much greater than previously. According to officials, the association has been running an over-draft of several hundred dollars for the past few years with the tendency of being greater each year. This is due mainly to rising costs in the operation of the association. Because of this rise in cost and their firm belief in the need of an association of this type they are appealing for greater support than ever.

V.O.N. has been a nursing service much in demand in Digby for more than thirty years and has had a fine history of service in Canada since 1897. When the first big band of settlers came to Canada after Confederation, there were not enough doctors or hospitals to care for the sick and the need of nursing care was acute. Nursing had to be done in the home. Practically the same situation exists today. Today, more than ever people are seeing the necessity of more medical supervision and greater attention to preventive care. Hospitals are crowded and again we face the necessity of using the home for the place of convalescence or nursing care.

Indeed, it has often been thought that home care in case of chronic illnesses or illnesses of the aged was much more satisfactory for the patient. With the span of life increasing, many more older people are needing this type of nursing care than ever before. Because people live longer there has been an increase in the number of persons suffering from illnesses of long duration as heart, stroke, rheumatism, arthritis, or other chronic ailments. The acute communicable diseases such as diphtheria have been exchanged for diseases of the older. This type of visit takes longer and costs more to serve it is generally understood, making costs of operation to increase.

While the pattern of V.O.N. nursing service has changed considerably since its inauguration there is still carried out the program of care for mother and baby, the preventive care for the pre-school child and the health supervision of school aged children.

It is generally considered that the Victorian Order still serves a vital need of the town of Digby. The committee in charge of the 1959 drive is asking the public to study the program of the V.O.N. service, consider the needs and give accordingly to the raising of \$1,500.

New, Modern Motel Opens at Deep Brook

THE Digby Courier

THURSDAY, JUNE 18, 1959

PREVENT FOREST FIRES.

The Ladies' Sewing Circle met with Mrs. Gerald Budd on Wednesday evening.

Mr. Jared Banks was in Ross-way on business on Saturday last.

Brydons Open New Motel

A beautifully modern ten unit motel has been opened by Mr. and Mrs. G. D. Brydon on their property at Deep Brook.

The new motel, whose units have individually controlled heating and are completely modern in every way, has been added to the Brydon Tourist Home venture, operated by Mr. and Mrs. Brydon for the past two years.

Some two years ago this couple purchased the former M. A. Condon property at Deep Brook, one of the noted beauty spots of the area. They immediately set about readying it as a tourist home and making necessary improvements and alterations to enhance not only the beauty of the property but

also its qualities as a tourist resort.

So successful were their efforts that last fall it became obvious a motel would have to be added to the operation to provide a needed increase in available accommodation. Work was started and this week marks the official opening of the new project.

Located in a most scenic spot, the new motel provides a truly wonderful view of the Annapolis Basin for its occupants. It is also far enough off the main highway which passes the Brydon property so that the motel guests cannot be disturbed by traffic.

Fully modern throughout, the ten units in the new motel all feature private baths, wall to wall carpeting, modern box springs and mattresses, smartly modern lighting and an attractive and restful decor.

Hold Annual Roll Call

The Annual Roll Call and fellowship service of the Hill Grove United Baptist Church were held on Thursday with afternoon and evening meetings. The guest speaker for both services was Rev. Donald S. Calkin, B.A., pastor of the Waterloo United Baptist Church of Saint John who gave two very timely, helpful and thought provoking messages.

The afternoon service was opened by the pastor, Rev. H. S. Hartlin, with a short Hymn Sing invocation and prayer. Scripture reading was by Rev. Mr. Calkin who read the story of the Good Samaritan found in Saint Luke's gospel, chapter 10 verses 25 to 34. After this the Choir rendered the Anthem "He Careth For Thee". The church roll of members was then called by the clerk, Lloyd B. MacNeill and was responded to in person or by letter quoting a favorite verse of scripture. The flowers on the communion table were given by Miss Marion Bacon of Saint John in memory of her parents, Mr. and Mrs. William A. Bacon.

After being introduced by the pastor Mr. Calkin gave the afternoon address which was much appreciated by those who were privileged to be present. At the conclusion of the afternoon service the congregation was invited to make its way to the church hall near by to partake of a very delicious and appetizing supper prepared by the social committee under the direction of Mrs. Perry Porter.

and Miss Susie Nichols, and to enjoy a very pleasant social made more pleasant and enjoyable by being able to meet informally our guest preacher, Mr. Calkin and the other clergyman present, Rev. R. R. Winchester, Barton, and Frank Smith of Deep Brook. The evening service opened with a hymn sing conducted by Rev. R. R. Winchester in a very pleasing manner. The theme chosen for the evening message by Mr. Calkin was "The Marks of a Christian" using Galatians 6:17 as his text, "For I bear in my body the marks of the Lord Jesus". This eloquent and challenging discourse was listened to with deep interest by the large congregation present.

The Digby Baptist Male Quartette consisting of Messrs Wallace Hodgson, Guy Morehouse, Jack Brittain and Paul Snow added much to this service by giving three beautifully rendered selections with Miss Atkinson as organist. At the conclusion of the service the Benediction was pronounced by Rev. Sidney Whitehouse of Deep Brook. The offering received amounted to \$614.41 which was the largest ever received here in a service of this kind. The beautiful June sunshine and the happy co-operation of all concerned served to make this a day to be long remembered. We would like to register our appreciation to the ladies of the church for their satisfying supper, to our guest preacher, Mr. Calkin, and to the members of the Digby Quartette and to our pastor, Mr. Hartlin, for making this our 43rd annual Roll Call an outstanding success. This goes also to the Wallis Print of Digby for the splendid print job given on our letters which created much favourable comment.

IGNITION TROUBLE
TROUBLE YOU?

Every so often I like to show off my technical knowledge in this column. Of course it's more than that... at least, I like to think that what I have to say will be of some help to a reader or two who might be having the particular difficulty with his car that's being discussed. So today I'd like to talk about ignition trouble and one cause that could be to blame. And that's oil vapor.

You see, not infrequently auto-ignition trouble is the result of vaporized crankcase oil condensing on the breaker plate of the distributor. This induces arcing and rapid burning of points. There are two main reasons for oil vapor causing ignition trouble.

One is when the distributor shaft is worn, allowing vaporized oil to travel from the crankcase to the distributor. Or secondly, it may occur when the cap on the oil-filler pipe is clogged... restricting passage of air.

Now, if the cap is just clogged it can easily be cleaned with gasoline. But if the trouble lies in a worn distributor shaft there's only one answer. That is either the shaft or bushings will have to be replaced to correct the trouble. And this is a job only for an experienced mechanic.

Whether you're having ignition trouble or any other mechanical troubles with your car — we have the most experienced mechanics around. You can be sure the trouble will be located and corrected to give you "peace-of-mind" driving enjoyment.

And, of course, the time to have repairs attended to is before trouble starts. Save yourself a costly repair bill before some real damage is done. I hope you're not having car trouble... but if you are we'll be glad to take care of it.

Receives Degree From U.S. College

Neil Doucette, of New Edinburgh, has graduated from the Gallaudet College, Washington, D. C., with his Bachelor of Science in Education. He has spent the last five years at this college and prior to his entering there attended the School for the Deaf, Halifax, and Weymouth and Church Point schools.

Mr. Doucette will be taking a teaching position at the Louisiana State School for the Deaf at Baton Rouge. He is twenty-three years of age and is the son of Mr. Philip Doucette and the late Mrs. Doucette.

He is wished success in his new profession.

Retires After 30 Years Service

Rev. Egbert C. Prime, D.D., retired on May 10, following a ministry of thirty years in the First Baptist Church of Pawtucket, Rhode Island, and was made pastor emeritus on June 8th. He will continue to live in Pawtucket and engage in interdenominational work.

The church honored him on the occasion of his thirtieth anniversary and retirement at a social event attended by over 300 people from the church and community, and presented him with a most generous check.

Dr. Prime is a native of Freeport, Nova Scotia, a son of the late Mr. and Mrs. Seth V. Prime. He is a graduate of Acadia University and the Newton Theological Institution. His only other pastorate was in Bridgewater, Mass. In Pawtucket he succeeded Dr. Frank Rector, who served the church for thirty-three years as pastor and pastor emeritus.

Last April Dr. Prime was elected to the Board of Trustees of Benedict College, S. C., from which he received his doctorate in 1949. He was elected for a third three-year term as a member of the Board of Managers of the Foreign Mission Society of the American Baptist Convention at Des Moines, Iowa, in June.

Choirs Enjoy Outing

The senior choir of the Digby Baptist Church, their husbands and wives and twenty-seven members of the junior choir of the church enjoyed a most delightful outing Saturday afternoon and evening when they were guests of Mr. and Mrs. G. R. Weir and Mrs. Herman Olsen, leader of the junior choir, at their summer camp on Mallett's lake.

After an afternoon spent in swimming and races the youngsters had a picnic supper and wicker roast outside the cabin while the adults enjoyed supper inside.

During the evening the group toasted marshmallows and enjoyed a chat before returning to their homes.

Following the supper session a presentation was made to Mrs. Herman Olsen by John Brittain on behalf of the junior choir in recognition of the work being done by Mrs. Olsen in training the choir and keeping the organization actively interested in church music.

As Dominion Day, July 1st, falls on Wednesday, it is requested that all advertising and news reach the Courier Office one day earlier than usual. Your cooperation would be greatly appreciated.

Hold Graduation Exercises

The largest graduating class in the history of the Digby Regional High School received their diplomas at exercises held in the school auditorium last Friday evening.

General chairman of the evening's program was Dr. J. R. McCleave, chairman of the regional high school board. The valedictory address was given by Neil MacLean. Music for the processional and recessional marches of the graduates was provided by Mrs. R. R. Winchester at the school piano.

During the evening's program two vocal solos were excellently rendered by Stuart MacLean, accompanied at the piano by Mrs. Winchester. A violin and piano duo was also presented by Mrs. Elton Arnold and her daughter, Carolyn.

Guest speaker for the graduation exercises was Murray W. Campbell, of Windsor, school inspector for Hants county. Introduced by Mayor Victor Cardoza, Inspector Campbell gave the graduating class a number of words of advice which he said he felt might be of help to them in the future. He said the advice he was giving was a result of many years of experience in the field of education and based on his observations over the years.

In speaking, Mr. Campbell said he felt there was a growing lack of responsibility and dependability among people. This, he said, was a serious trend and stated he felt graduates should measure their success by the way in which they measured up to the responsibilities which they were called upon to accept and their dependability in carrying out tasks that were their lot in life.

He urged the graduates to keep learning to improve their own efficiency; to give full value in whatever they did; to concentrate on being dependable and responsible and to do always what is right and just.

The thanks of the gathering were expressed to Mr. Campbell for his remarks by Warden Ronald Morehouse.

Reports on the year's activities in the field of education locally were given by school board chairman J. R. McCleave and by school supervisor F. C. Purdy. Mr. Purdy stated he had been invited to participate in summer school at Mount Allison University as a lecturer on education and had accepted.

Mr. Purdy reviewed the work of the Digby schools over the past year and stated this year there was the highest percentage of passes in grades XI and XII in the regional high school's history. Space would have to be found for three more high school classes outside present school accommodation when classes resumed in the fall. Mr. Purdy said, and this matter was receiving close attention by school authorities.

Following the presentation of reports awards were presented to members of the graduating class. School Supervisor F. C. Purdy presented the DRHS memorial cup to Shirley Potter and the Legion memorial cup and scholarship award to Lois Wagner.

The Mayor's Cup, symbolic of highest academic standing, was presented by Mayor Cardoza to Larry Smith. The Digby Home Furnishings bursary and Mount Allison Scholarship were also presented to Larry Smith by School Commissioner Dr. P. C. Outhouse.

The Major E. H. Anderson memorial shield awards were presented to Sharon Richard and Gary Gesner and the citizenship award was won by Lloyd Paul. Gerald Sanford was winner of the athletic award and a new trophy, the current events cup donated by Mrs. Eva Wendell, was presented by Mrs. Wendell to Ray Riley. Miss Betty Walker was winner of the Birks gold medal and MacLean's magazine awards went to Neil MacLean and Larry Smith. Provincial Normal College bursaries were awarded to Margaret Gorman and Anne LeBlanc.

After the presentation of awards a special presentation was made by Digby school board chairman J. W. Christie to Miss Anna Marshall who is retiring this year after thirty-nine years spent in the teaching profession, many of them in Digby.

The evening's program closed with the singing of the school graduation song and the recessional march of the graduates.

Digby Post Office will be open on Wednesday, July 1, from 9 to 11 a.m. for general delivery and stamps. There will be no rural mail carrier.

Hardware Meet At Pines Hotel

Business sessions of the 60th annual meeting of the Maritime Wholesale Hardware Association concluded here at noon Tuesday with the announcement of the association's new executive officers. R. L. Emerson, of Saint John, N. B., was named president, and Hector Sutherland, of North Sydney, N. S., is vice-president. Directors are George Rogers, Charlottetown; Martin Fraser, Moncton; Gordon Neal, Fredericton; J. M. Pipe, of Amherst; and Lou H. Manuel, past president; R. L. Simmonds and Robert Horne, all of Halifax.

More than 200 delegates and their wives from the Maritimes and from Montreal, Toronto and Winnipeg attended the association meeting at the C.P.R.'s Digby Pines Hotel.

During the morning's session delegates heard brief addresses, all of which sounded notes of encouragement for the concerted efforts toward improved conditions and prosperity in the Maritimes.

D. F. Cornish, Montreal, Anacota-American Brass, said that ore deposits in the Bathurst, N. B., area, one of the largest known deposit fields in the world, would be worked and would be a boon to the Maritimes in the lifetime of many attending the convention. Mr. Cornish spoke of the increasing industrial demand for copper and said that this metal and others from Bathurst area ore fields would be produced in time. Present-day economics are factors which have forced production elsewhere, he said.

R. F. Tilley, National Carbon Ltd., Toronto, lauded the role of the wholesaler in the economy of the Maritimes and said he particularly noted the optimistic business outlook in the region. He spoke of sales research, sales study and the importance of proper sales direction in wholesale operations. He declared that the Maritimes was assured of definite prosperity and growth if the current portable spirit and drive persisted.

T. H. McEvoy, Montreal, vice-president in charge of sales for the Dominion Steel and Coal Corporation, told the assembly of plant improvements and expansions being conducted by Dosco. Sixty millions will be spent in the construction of a flat-roll mill in the Montreal area, he said, and improvements have been made to establishments at Saint John, N. B., and Sydney, N. S. Basic steel requirements for the new Montreal mill will be supplied by the Sydney plant, he added.

Mr. McEvoy also spoke of the damaging results of particular imported hardware goods which, if manufactured in this country, could have maintained Canadian labour and plant production for many months.

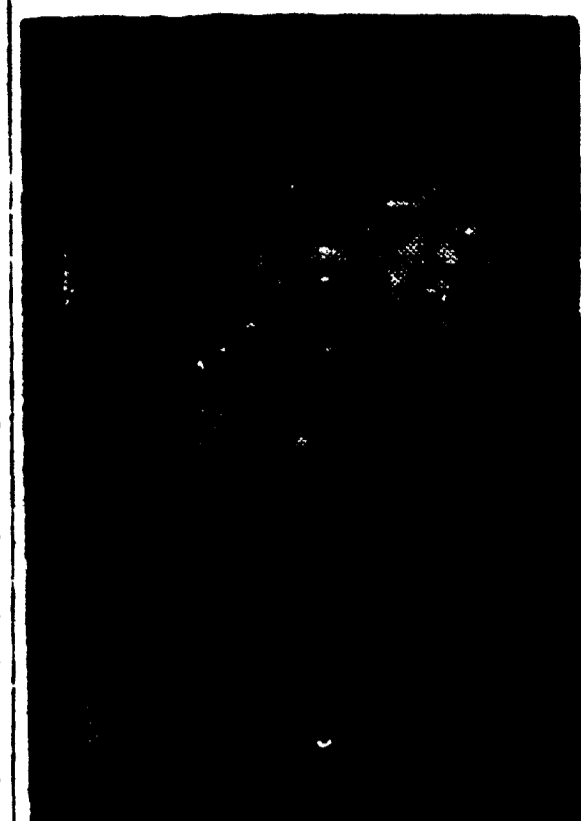

J. H. Ashdown, of Winnipeg, most westerly delegate to the M.W.H.A. meeting, also addressed the group and extended congratulations on the 60th anniversary of the association's activities.

Guest speaker at Grace United Church on Sunday morning was Mrs. J. M. Wallis, who reported on the Maritime Conference of the United Church of Canada held in Sackville from June 9 to June 14.

Premier Here

Premier Robert L. Stanfield was in Digby Wednesday when he met with executive members of the local Progressive-Conservative party organization and ward chairmen for this constituency.

It is understood the Premier was accompanied on his visit to Digby by other top ranking P.C. party officials. The meeting with local workers was held at Budd's Hall, Marshalltown.

To Meet In Digby

A meeting of Young Progressive Conservatives will be held in Digby June 26-27, when five members of Parliament are expected to be present. The meeting, which is expected to include 100 representatives from the Atlantic Provinces, will be held at the Digby Pines.

Expecting to attend are Douglas Jung, M.P. from Vancouver Centre, National President of the Y.P.C., Justice Minister E. Davie Fulton, Frank McGee (Toronto - York - Scarborough); Wallace Nesbitt, former parliamentary assistant to the Prime Minister and the late External Affairs Minister Sidney Smith, and Walter Dinsdale (Brandon-Souris), former parliamentary assistant to Veterans Affairs Minister Alfred Brooks.

Hotels Again Offered

In a move which came as a surprise to the western Nova Scotia area the Canadian Pacific Railway last week again offered their three Nova Scotia hotels, the Digby Pines, Yarmouth Lakeside Inn and the Cornwallis Inn at Kentville, for sale.

Advertisements covering the three hotels were placed in the provincial daily press for each of the three hotels separately.

In a later story which appeared in the provincial press it was stated railway hotel officials had announced the CPR would continue to operate the three hotels until a sale was made.

The Digby Pines opened over the weekend for the Maritime Hardware Dealers convention and this weekend the Young P.C.s are scheduled to meet at the Pines.

To Choose New Scallop Queen

The annual Digby Scallop Queen Ball at which the Scallop Queen for the year is chosen will be held Tuesday evening at Harbour View Hotel, Smith's Cove. Music for the ball is being provided by the Troubadours.

Arnie MacCallum, chairman of the scallop queen committee, states entries for the contest will close on Saturday. A good number of entries have already been registered and it is expected competition will be keen.

The Scallop Queen Ball is part of the July 1st festivities in Digby being sponsored under the general leadership of the Digby Lions Club. The Queen, who will be chosen at the ball Tuesday evening, will preside over the program Wednesday and will also represent Digby at next year's Apple Blossom Festival.

On Wednesday the day's program in Digby will include water and land sports, pony rides, a grand parade and midway attractions. Included in the land sports are sack races, entries for which are in charge of Bob Beane, and a pie eating contest in charge of which is Hyman Webber. Attractive prizes are being offered for both events.

Funds from this year's July 1st fair in Digby are going to help defray indebtedness of the Digby Recreation Commission; to help with the Digby Lions Club community work and also to help in the Lions Club project of securing a new car for the V.O.N.

V.O.N. Gets New Car

Some months ago the idea of a new car for the Victorian Order of Nurses Local Association seemed a remote possibility. It was at that time the Lions Club, headed by Earl VanTassel, was approached about the subject by the V.O.N. president, John Nichols, and members of the V.O.N. Finance Committee.

Before long the Lions Club had launched a project "A car for the V.O.N." and had set to work earning the money.

It was announced by Mr. VanTassel this week that the club had purchased a 1959 Consul from Belliveau Motors, Belliveau Cove, and would present the car to the V.O.N. within a short time.

Drive Still \$500 To Go

The Red Shield Drive in Digby County has \$500 more to go before it will reach its objective of \$1750.00.

This was the report given by Captain Joan E. Vaughan of the Digby Salvation Army Corp. According to Captain Vaughan there is every hope that the objective will be reached as several districts within the town and also in the rural areas are yet to turn in their reports.

The need is still great, the type of work made possible by the donations is that of mercy to those whose lives are burdened and unfortunate. Captain Vaughan feels she can rely on the generosity of those less burdened and more fortunate to relieve the suffering.

Large Circus Comes To Digby

Advance sale of tickets for the Clyde Beatty-Cole Bros. Circus, which will be sponsored by the Digby Kiwanis Club on Wednesday, July 22, at Larche's Field, now is underway, according to Kiwanis officials.

Various civic leaders are being solicited by telephone 714 to purchase tickets for Children's Groups. Circus headquarters is over Pyne's Block on Water St. Clyde Beatty will appear in person at the event. Circus officials, who point out that this is now the World's Largest Circus under the big top say that prior to the merger of the two organizations last November the Beatty Show alone has played to an estimated 6,000,000 persons in the last two years.

Many performances have been sponsored by civic groups and charitable organizations which have received about \$800,000 from receipts during the two years. Proceeds of circus day here will go to the Digby Kiwanis Club to carry on their program for children of the town and community.

To Hold Annual Camp

The Anglican church of the deanery of Annapolis, which covers the valley area from Weymouth to Middleton, will hold its annual summer camp for children at Gibson's Lake again this year.

The camp at Gibson's Lake, some ten miles from Annapolis on the Dalhousie Road, has a very high standard and has been developed over the years through the cooperation of the parishes of the deanery, working through the Greater Chapter. It is a member of the Nova Scotia Camping association and each year undergoes a thorough official inspection prior to its opening.

Included in the camp program are the usual activities of handicrafts, games and camp fires. Religious instruction is provided and a well balanced program carried out under qualified leadership. An excellent program of water safety and swimming instruction is part of the camp activities and a safe bathing and swimming area provided.

Although the camp has been established and developed by the Anglican deanery of Annapolis, children of all denominations are eligible to attend. The camp program for this summer opens June 29th when the junior boys, 8-14 years, will enter camp, remaining until July 8th. Junior girls, 8-11, will enter camp July 9th, remaining to July 18, and senior girls will start their camp July 20, remaining until July 29.

Camp director is Rev. Alan Sagar of St. Clement's parish, and camp manager is Miss Harriett Graves, of Smith's Cove. Children who wish to attend camp sessions have been asked to register with the Anglican clergyman in their community.

"Aunt Ada" Mourned

Mrs. Ada McGrath, who would have marked her 102 birthday this August, died at the home of her daughter, Mrs. Burton Halliday Tuesday evening. Mrs. McGrath was the widow of Henry McGrath, who died 60 years ago. She was a lifelong resident of Victoria Beach, Annapolis County.

In her younger days she was a practical nurse, better known then as a midwife. She helped to bring a great many children into the world, including some of her own descendants. Known to all who knew her as "Aunt Ada", she retained all her faculties to an exceptional degree.

Mrs. McGrath is survived by two sons, Trueman of Port Wade, and Harry of Galt, Ontario, and four daughters, Bertha, (Mrs. Joseph Everett); Annie, (Mrs. George Everett); Almeda, (Mrs. Walton Casey) and Myrtle, (Mrs. Burton Halliday), all of Victoria Beach. She is also survived by a total of 100 descendants, including 17 grandchildren, 47 great grandchildren and 30 great-great-grandchildren. Among these are eight sets of fifth generation.

The body is resting at Chisholm's Funeral Home at Grandville Ferry awaiting funeral arrangements.

No power is strong enough to be lasting if it labors under the weight of years. — Cicero.

Present Gifts

Above is (left) Norman Wright, president of Grace United Church Choir, presenting a gift to Miss Amy Smith, on behalf of the choir. Miss Smith, who has been on the staff of the Digby schools for six years, is a valued member of Grace United Choir. She will take up her duties at Westphal School, Halifax Co., after vacationing at her home in South Brookfield, Queens Co., and attending summer school at Dalhousie University. The presentation was made on Wednesday evening at a choir social evening at the home of Dr. and Mrs. D. G. Black, Queen Street.

At the same time a gift was presented on behalf of the choir by Rev. James Brooks (right) to Miss Margaret Griffiths, Miss Griffiths, who has been with the Department of Welfare in Digby will be leaving to take up duties in Halifax. Miss Anne Keith, of Annapolis Royal, will fill the vacancy made by Miss Griffiths' transfer.

Pays First Visit In 70 Years

Dr. James T. Letteney, 87 year old retired veterinary surgeon of Middletown, N. Y., paid a visit to his native town this week for the first time in seventy years.

Dr. Letteney, who is a son of the late John William and Rachel (Quinn) Letteney, of Digby, left the town of his birth at seventeen to follow his trade of blacksmithing and horse shoeing.

He first worked with James Buckler, a blacksmith in Annapolis, and then went on to Halifax where he worked with Thomas Robinson who had a livery stable, blacksmithing, woodworking and paint shop.

At Thomas Robinson's Dr. Letteney's chief work was shoeing harness race horses and so adept did he become at this he went to the United States where he was employed to take care of this task by a number of racing stables.

After some time at this work Dr. Robinson felt he did not know enough about horses and the ill to which they were subject to do a thorough and proper job of even caring for their feet so he decided to return to Canada and enter a veterinary school where he could study to become a veterinary surgeon.

He enrolled in the Ontario Veterinary College, which was then in Toronto, graduating with the degree of D.V.S. in 1906. After this he returned to New York state and entered general practice.

Dr. Letteney says he found this very tough work in which he had specialized while in college, the diseases and abnormal conditions of the feet of horses.

This brought him again in contact with racing stables and until he retired eight years ago he "followed the track" throughout the years. Many of the horses which he treated were famous in harness racing circles and among these was the famed "Dan Patch".

Dr. Letteney now lives in retirement in Middletown, N. Y., where his only son, Edward, operates a supermarket. He says that for many years he contemplated visiting his native town but this year was the first he felt he could actually make the trip.

He said in an interview with the Courier that the Digby of today bears little resemblance to Digby as he remembers it 70 years ago. As a boy here he said he remembers a few people owning fast horses which they raced in harness. Among these was a Mr. Bidden. His own home, he said, was somewhere on the higher levels of the town but he could not recall any street name. He said he attended school in the old Digby public school which used to stand directly across from what is now St. Patrick's Academy.

Dr. Letteney told the Courier his parents were of Loyalist ancestry and he admired the fact these ancestors showed they had the courage of their convictions when they left the states for their loyalty to the Crown. This same determination to "do what is right within the law" has motivated Dr. Letteney throughout his lifetime, he stated Tuesday.

DFV ACTIVITIES

Last week a new service was put into operation in connection with the Digby fire alarm system which should greatly help in getting word of the fire location to the members of the fire company and increase the number of men turning out for an alarm once the new system is in full operation.

The new service operates as soon as a fire call is received at the local telephone office switchboard. A call is immediately placed to radio station CFBC in Saint John and the fire information placed on the air at once. Anyone listening to the station knows immediately where in Digby or vicinity the fire is located and thus the flood of calls for information to the local exchange should be cut considerably.

In the first case in which the new system was in operation, which was for a blaze at the MacDonald Motor Co. Ltd., the information was on the air over CFBC in three minutes and those firemen and others involved who were listening were able to proceed to the fire or take other necessary action without having to call the local operator for information as to location of the fire.

The efficacy of the radio information system was demonstrated at the time of the recent fire in Weymouth when Digby firemen were kept informed as to the blaze and progress in fighting it by radio bulletin.

The new service in Digby is being brought to members of the department and the public through the cooperation of Wright's of Digby Ltd. who are providing the service at their own expense. Their cooperation is most appreciated and it is hoped the service being so generously provided will be found most helpful.

Award Contract For Meteghan

A contract for \$117,575 has been awarded to T. C. Gorman (Nova Scotia) Limited, of Halifax, N. S., for breakwater improvements at Meteghan, N. S. It was announced today by the Minister of Public Works. The company submitted the lowest bid on the project in response to the Department advertising for public tenders. Specified completion date is June 10, 1960.

Work under this contract will consist of placing a rock talus along 840 foot section of the harbour side of the breakwater and along the top. The breakwater provides protection for the fishing boats using the harbour at Meteghan.

Plans and specifications were prepared by the Halifax District Office of the Harbours and Rivers Engineering Branch, Department of Public Works.

The good judgement of some people will never wear out — they don't use it often enough.

Obituaries

Mrs. W. Arthur Crowe
Mrs. W. Arthur Crowe, of Bridgetown, passed away Friday at the home of her daughter, Mrs. Victor Cardoza, in Digby, after a short illness. She would have marked her 72nd birthday on Saturday.

Born in Halifax, Mrs. Crowe was the former Hattie Hilda Dauphinee and was a daughter of Norman and Mary (Mosher) Dauphinee, of Halifax.

After a period of residence in Halifax she moved with her husband to Bridgetown and had lived there since that time. Active in church and community affairs, she was a life member of the Canadian Legion Auxiliary and was past president of the Bridgetown Legion Auxiliary. She was also a past Noble Grand of Autumn Leaf Rebekah Lodge, of Bridgetown.

For many years she was a leader in the work of the CGIT in Bridgetown and was a past president of the Philathea class of the Bridgetown Baptist Church and was active in other church organizations.

She is survived by her husband, one daughter, Eileen (Mrs. Victor Cardoza), Digby, one grandchild, and two sisters, Grace (Mrs. Herbert Higgins), Philadelphia, Pa., and Miss Olive Dauphinee, Halifax. A number of nieces and nephews also survive.

Final tribute was paid to Mrs. Crowe at funeral services on Monday. A family service was held at her late home at 2:30 p.m. followed by service in the Bridgetown Baptist Church at three o'clock. Rev. B. R. Hamilton, pastor of the church, conducted both services. Hymns sung were "Abide With Me" and "Unto The Hills". The floral emblems were many and beautiful, testifying to the high esteem in which Mrs. Crowe was held. Officers and members of the Bridgetown Auxiliary of the Canadian Legion, of which Mrs. Crowe was president for eight years, attended the service in a group, as did officers and members of Autumn Leaf Rebekah Lodge.

Interment was in the family lot, Riverside cemetery. Pallbearers were Norman and Seymour Rodgers and Clarence and Gordon Higgins, all of Halifax, nephews of Mrs. Crowe.

On Sunday evening a beautifully impressive Rebekah service was conducted at Mrs. Crowe's home by the officers

and members of Autumn Leaf Rebekah Lodge, under direction of Sister Gladys Marshall.

W. Cleveland Jefferson
Friends and relatives were shocked to learn of the sudden passing of Wallace Cleveland Jefferson at his home in Deep Brook on Sunday evening, June 14th.

Although he did not enjoy good health since retiring a few years ago after twenty-five years service as a section man on the D.A.R. line, he had been able to work around his place and in his flower garden, a hobby which he enjoyed and one which gave him satisfaction for his efforts.

Mr. Jefferson was born in Bear River East, son of the late Mr. and Mrs. Arthur Jefferson, and was 60 years of age.

Surviving are his wife, the former Dorothy Sillis; 1 daughter, Marjorie (Mrs. Stanley Webb), of Upper Clements, Anna, Co.; four sons, Donald, with the Canadian Army in Germany; Gerald, with the Canadian Army in Fredericton, N. B.; Clyde and Warren, at home; one sister, (Minnie) Mrs. Walter Dukeshire, of Bear River; one brother, George Jefferson, of Bear River East; four grandchildren and several nieces and nephews.

Funeral services were held from Deep Brook United Baptist Church on Wednesday afternoon with Rev. Sidney Whitehouse conducting the service, assisted by Rev. Frank Smith, who delivered a reassuring and sympathetic message. Mrs. Geo. Brydon rendered a solo, "We'll Say Good Night Here But Good Morning Up There". The choir rendered "The King of Love" and "Sun of My Soul".

Underbearers were Messrs. George Winchester and William Berry, former fellow workmen from Smith's Cove, Howard Adams, Eric Adams, Fulton Stark and Joseph Tanner.

Many beautiful floral tributes expressed the sympathy of relatives and friends. Interment took place in Clementsvale cemetery.

Several attended the service from Smith's Cove, Bear River and Bear River East.

The eldest son, Donald, who is serving overseas in Germany with the Canadian Army, was unable to get home.

Today nothing seems to succeed like the appearance of success.

Marriage

Barr — Farnsworth
The Havelock Reformed Baptist Church was the scene of a very pretty wedding on June 10th when Lorraine Lavina Farnsworth, foster daughter of Mr. and Mrs. Harvey Mullen, New Tuskent, became the bride of Donald Allan Barr, son of Mr. and Mrs. Hector Barr, Weymouth. Rev. D. C. Webb, pastor of the church, performed the ceremony.

To the strains of the wedding march played by Gail Summers, Bethany Bible College, the bride entered the church on the arm of her foster father, by whom she was given in marriage. She wore a floor-length gown of white nylon net and lace over satin. The fitted bodice featured a rounded neckline embroidered with cup sequins and simulated pearls, with long tapering sleeves. Her shoulder length veil of nylon net and sequins was held in place by a tiara of pearls and sequins. She carried a bouquet of red roses.

She was attended by her sister, Mrs. Iver Mullen, as matron of honor. She wore a pink nylon gown with full skirt and carried a nosegay of carnations.

Miss Carol Barr, sister of the groom, acted as bridesmaid. She wore a pale blue nylon gown with full skirt and carried a nosegay of carnations.

Miss Joyce Goudey, cousin of the groom, also acted as bridesmaid. She, too, wore a pink nylon gown with full skirt and carried a nosegay of carnations. The groomsmen were Iver Mullen and the ushers were Charles Grant and Ross Campbell.

Immediately following the ceremony the reception was held in the New Tuskent Community Hall for more than 200 guests. The bride and groom received many lovely and useful gifts, including linen, silver, electrical appliances and a sum of money.

Following the reception the happy couple left for a short trip through the province. The bride chose, for travelling, a light blue suit with cream and white accessories. Her corsage was yellow roses.

On their return they will reside in Yarmouth, where the bride is on the staff of the Maritime Tel. & Tel. Co.

John spent the weekend with her parents, Mr. and Mrs. Bernard Robbins.

Dr. P. C. Outhouse, Digby, was in town Sunday.

HONORED BY FAREWELL PARTY

On Thursday evening, June 18th, the members and congregation with the local clergy and wives met in the Vestry of the Bear River United Baptist Church for a social evening and farewell reception for Rev. and Mrs. J. W. Scott who will soon be leaving for their new pastorate in Dartmouth.

As the guests entered the vestry which was tastefully decorated with beautiful flowers, they were met and welcomed by Deacon Kaulback.

The meeting was opened by Deacon Snell who also extended a cordial welcome to all. Hymns were sung with Mrs. C. Dukeshire at the piano. Rev. C. Bentley of the Christian Advent Church offered prayer.

A very fine program consisting of readings, music and games convened by Mrs. Chester Kaulback was much enjoyed. On behalf of the Church members and congregation Deacon Snell presented Mr. and Mrs. Scott with a gift of money and Mrs. Scott with a bouquet of flowers.

Deacon Snell stressed the fact that Mr. and Mrs. Scott with their four lovely children will be greatly missed, not only by the people of the church but by the community as well as their Christian fellowship had extended beyond the church and was felt in many places of the community life.

Rev. and Mrs. Scott thanked their friends for the gift and flowers and very feelingly spoke of their four happy years in Bear River and although they regretted leaving, they felt that God had called them to a new field of labor.

Rev. D. MacLeod and Rev. C. Bentley spoke briefly and a letter was read from Rev. W. Farmer who could not be present because of illness.

Refreshments were served, after which all joined in singing "Blest Be The Tie That Binds".

ROLL CALL SERVICE

The regular service was held at the Baptist Church, at Bear River, on Sunday morning when Rev. Mr. Scott spoke on "Blessed are they which are persecuted, for righteousness sake" with scripture Matthew 5:10 and in Luke.

A solo was rendered by Laurence Henshaw. The annual Roll Call service was held in the evening opening with a hymn, singing followed by calling of the roll. Many answered with a testimony or a verse of scripture.

The choir rendered a special anthem and a duet by Mrs. G. Harris and Mrs. J. Harris. The special speaker was Mr. Lloyd Leadbeater of Parker's Cove and he spoke on the Christian Witness, taking as his scripture Matthew 10: 32, 33. Roll Call offering received was \$488.35. The Ladies' Circle met at the home of Mrs. Neva Rice on Tuesday evening.

Graduation At Westport
The third annual graduation class of Westport met at the I.O.O.F. Hall along with a large number of parents, and other local residents. The hall was beautifully decorated in the school colors of yellow and blue. The pupils from Grades VII to XII marched in to music played by Mrs. Richard Welch. The invocation was given by Lic. Carl Pierce, a few words were spoken by the principal, Mr. Everett Pugh. The class activities were outlined by Gary Titus who spoke of the uncertainty of a new school or extensive repairs on the school which held up the plans, neither resulted. The screen was purchased for the projector and more equipment added for the gym. Guests on the platform were Mrs. Loran Swift, Edgar McDormand, Walter Titus, Lic. Carl Pierce and Everett Pugh. The class prophecy for Grades XI and XII was given by Miss Sharon Clements. Twenty-eight pupils were in the graduation class. Nine girls of the advanced department sang "He". The speaker, Mr. John Loche of the University of Toronto, was introduced by Mr. Everett Pugh. He spoke of the growth in this century which was beyond all the expectations of grandparents, the change in ways of earnings have increased as has the standard of living, great strides have been made in health education and more interest is shown in people in other countries through TV and fast travel. He went on to say that a person only needed ambition and there were possibilities of achieving anything if one works for it. At one time education was for people with money and in society, but now the majority recognize the need for it, every child has the right to what education he wants, in this day specialists are needed to keep up with the complexities of the age, the young either choose to make a better or a worse world. He continued, "Develop concern for moral responsibilities, one man for another in the light of the Christian teachings of Jesus, accept the responsibility of shaping the world, continue studying." He stated that education is the process of living. When one ceases to learn, they cease to grow, create a desire to the highest heights from books and experience. Education gives a person greater prestige, core earning power, as well as satisfaction. He challenged parents to guard the right of their children and all children to encounter the world with eagerness and self reliance and to dedicate themselves anew to education to prepare the rest of their lives. Diplomas were given to Grade VII pupils by their teacher, Mrs. Loran Swift, a trophy to Stephen Derby for highest average and the diplomas for pupils in Grade VIII to Grade XI were presented by Mr. John Loche, trophies going to Lindsay McDormand for highest average in Grade VIII, Gail Kenney for Grade IX, Karon Derby, Grade X; Gary Titus, Grade XI and Alan Welch for Grade XII. A proficiency prize was given to Gail Kenney, for great progress to Charlene Swift and Sandra Powell and best project and progress, Edward Welch. "Wish Us Luck" and "My Best To You" were sung by the girls. The principal spoke a few words saying the pupils had earned their rewards, also stated the rules of family allowance in regards to school attendance. The Home and School helped finance the graduation, helped pay rent on a film projector and purchased dictionaries. Thanks was given to Mrs. R. Welch, Mrs. L. Swift, Lic. C. Pierce, Messrs. E. McDormand, W. Titus and J. Loche. Leland Lent and Gerald Frost were given gifts by their teacher, Mrs. Loran Swift for perfect attendance.

Digby District Scout Job Week
"Excuse me Ma'am, but have you a job I can do for you, so that I can earn some money for our District Campsite?" That pretty well explains Digby District Scout Job Week. It is a realistic attempt by the scouts to earn a little money each to help buy a District Campsite at Lake La Marchand behind Bear River. The stress is on earning, for Scouts are always bound by their rules to give service to others as a good turn or if they have a financial need, to give service for payment to help them buy camping equipment and other necessary things. A Scout, in your locality, will during the last week of June, knock on your door and ask for a job within his capabilities. You may employ him, perhaps, to paint a fence, cut the lawn, baby sit, wash the dishes, go on an errand to the store, take the dog out, clean out the basement and in fact to do any reasonable task. On completion of his task you pay the Scout whatever you wish — what you consider a fair reward — and please sign the work slip he will present. By doing this you will be helping a boy to realize the value of honest labour and at the same time, you will be enabling the District Association to buy a permanent, safe, well controlled campsite for our Scouts and Cubs now and in the future. This campsite will mean better camping, more camping, and the opportunity to Pool our best District Scout Leadership. Thank you for doing your good turn in this experiment. We hope you will enjoy it as much as the boys will. For those who are unfamiliar with the Scout movement, there follows is a summary of the Scout Law. If you want to help beyond the Scout Job week — you can become a Scout or Cub leader. Please ask your local leader about this.

School Opening September 8th
The first school day of the 1959-1960 term in Nova Scotia will be September 8, the Department of Education announced June 18th. In the past it has been the practice to open schools on the Wednesday following Labor Day. This year they will open a day earlier to allow more time for Christmas vacation. If schools were to remain closed a day longer in September, the full year of 190 teaching days could only be provided by allowing the minimum of five regular school days for Christmas vacation in addition to Christmas and New Year's days. Parents with children of school age and teachers in the public schools who expect to be away from home during the latter part of the summer should keep in mind the fact that school begins the day after

TV MIDGET WRESTLING

at St. Anne's COLLEGE ARENA

Wrestling's sensational midgets direct from Toronto's Maple Leaf Gardens, will perform at St. Anne's College Arena at Church Point on the night of Wednesday, July 8th, at 8:30 p.m.

They will appear in a tag team match with Sky Low Low and The Mighty Shultz going against Little Beaver and Tiny Tim.

The midgets are tops in the wrestling world and the four mentioned above are the top midgets now performing before large audiences around the world.

Little Beaver, the colorful Indian, is rated the greatest showman of the four. He is a colorful performer and performs feats of magic along the ropes as well as in the ring.

Tiny Tim looks like a miniature Hollywood film idol and on top of his good looks is an accomplished wrestler.

Sky Low Low was the original midget wrestler and has a style of his own that brings cheers and laughs. The Mighty Shultz is a powerful man despite the fact he weighs less than 100 pounds.

Besides the midget tag team bout, best two out of three falls to a finish, there will be a heavyweight match in which the redheaded Paul DeGalle of Paris, France, meets Maurice Lapadula, of Quebec City. LaPointe you have seen on your television screens while performing at Toronto.

Weymouth Day Program

Weymouth Day on July 1st will be sponsored by the Kiwanis Club of Weymouth with proceeds going toward the Children's and Youth Activities program of the Club. The day will feature a grand parade featuring bands, decorated floats, children's fancy dress parade, decorated bicycles, with cash prizes for all classes.

Other items planned are a free-for-all horse and ox pull with \$260.00 in prizes. Contests to start at 1 p.m. There will be a midway, pony rides for children, baseball game at 2:30 p.m., a gigantic fireworks spectacle and dance in the evening.

The Kiwanis Club expects everyone of the area to come to their assistance by attending the great day program. The club has sponsored a free teaching of youngsters program which has met with great success at Journey's Lake, a short distance from Weymouth. They have engaged a qualified swimming instructor who will teach the youngsters to swim. This program includes children from the district of Clare along St. Mary's bay shore up to Church Point and children from the Municipality of Digby in Digby County.

A great amount of work was done by the Kiwanis Club at Journey's Lake to make it an ideal spot for the youngsters with a nice beach with safety barriers. This beach was made, the surrounding area along with brush, gravel was spread on the beach and suitable buildings erected for hot dog stands and canteen to make Journey's Lake one of the best entertaining spots for miles around. A road was constructed to reach the beach and area surrounding, which is a short distance from the main road. The beach is situated on the St. Bernard - Weaver Settlement road.

Last year was a very successful one for the Kiwanis Club of Weymouth with their youth program. It was the first year that their youth program was able to function in grand style and many youngsters had their first lessons in learning to swim at Journey's Lake. Special days were set aside for various districts to receive swimming instructions. At the Kiwanis watersport day last August, a demonstration was given by the swimming instructor and a group of youngsters to show the parents how their children were taught to swim.

It is understood that the Kiwanis Club of Weymouth will again sponsor a watersport day at Journey's Lake in August. Much credit must be given to this group for the immense work they have accomplished in so short a time in organizing their youth program.

Hospital Institute Planned

A two day institute for senior personnel of hospitals in Nova Scotia will be held in Halifax in September, Hon. R. A. Donahoe, minister of health, said today.

Mr. Donahoe said four representatives of each of the 47 hospitals in the province are expected to attend the institute which will be sponsored by the Nova Scotia Hospital Insurance Commission.

"The institute is designed to bring hospital trustees, administrators, accountants and medical members of standards committees up to date on the most recent developments in the hospital insurance field," said Mr. Donahoe.

The institute will take the form of a workshop. Panel discussions will be held and addresses will be given by experts in the fields of hospital administration and medicine, from both inside and outside the province.

Sessions will be held in the auditorium of the Victoria General Hospital.

Mr. Donahoe said a similar institute was held in April, 1958 which was the first of its kind in Canada. All hospital personnel attending this initial institute found it most helpful in preparation for the hospital insurance program which was to become effective Jan. 1, 1959.

One of the purposes of this year's institute is to clarify any misinterpretations that may have cropped up since the plan came into being.

Personnel attending the institute will be the chairman of the board, chairman of the medical sub-committee, administrator and accountant of the 47 institutions.

The dates and agenda for this year's institute have not yet been set. A planning committee has been set up to prepare for the September sessions.

Chairman of the committee is C. H. Kennedy of Halifax. He is director of the division of hospital standards and administration, Nova Scotia Hospital Insurance Commission.

Other committee members: Sister Catherine Gerard, superintendent, Halifax Infirmary, Halifax; Dr. Carl Betune, superintendent, Victoria General Hospital, Halifax; Dr. H. F. McKay, superintendent, Aberdeen Hospital, New Glasgow. J. G. Hare, director, division of hospital accounting, NHIC;

Observes Second Anniversary

The Meteghan Lions Club celebrated its second anniversary with a banquet at the Riverside Inn, Meteghan River, attended by over one hundred members and friends. Members of Lions Clubs from Kentville to Yarmouth were special guests.

Special speaker for the evening was Eric Kinsman, of Kentville, who spoke concerning the growth of the Lions Club in Canada, comparing it with the growth of the nation itself. "The growth of the Lions Club is somewhat similar to the growth of Canada," he said. "Starting out with a modest six clubs in Chicago, it has become a world wide organization with over 14,000 clubs in 92 countries."

He described the Lions International's concept of unity and dedication to the betterment of the community as a "good example of what can be done by groups with frank discussions and planning. "It is an agency wherein persons from different countries may sit down together to discuss their problems," he said. "It is an example of what may be accomplished by men of good will throughout the world."

Denis Soucie, retiring president of the Meteghan Lions Club, outlined some of the accomplishments of the local club during his two years in office. Among the achievements he mentioned were: the restoring

of the sight of Mrs. Regine Comeau of Meteghan River by sending her to Montreal for successful operations, the installation of street lights in the business section of Meteghan, repairing of the baseball field, the construction of an open-air rink for youngsters, and the payment of expenses to enable a Clare District High School student to attend the United Nations Summer School in Sackville, N. B.

He also cited the local club's organization of the first mass blessing of the fishing fleet of Clare along St. Mary's Bay, and their donation to the Springhill Disaster Fund as significant achievements.

Both Mr. Soucie and Denis Comeau, retiring treasurer of the Meteghan club, were presented with fountain pens by their fellow members.

Dr. Robert Belliveau was elected president of the club, while Frank T. Jubis, Louis Robichaud, and Dr. Julius Comeau were elected vice-presidents. Denis Soucie and Hantford Glavin were elected to the positions of secretary and treasurer respectively.

Clary Allen of Kentville acted as master of ceremonies at the banquet.

The box of used clothing for refugees has been sent and the old nylons for Japan are ready to be sent. A new project has been started with each month each one bringing a small item to be used in school work and at the hospitals on the mission fields. After a period of time this will be packed and forwarded.

The women of the various C. W. F.'s of the Maritimes will have a women's retreat at Johnson's Christian Park from July 25 to 27. A new book, "Makers of A Nation," has been started for Bible study.

Fish Landings Greater
 The output of the fishing industry of the Maritimes during the month of May was normal for the season with some improvement in lobster landings and values over those of last year. The total value of fish landed up to the end of May was the highest recorded in 3 years. The total volume landed, by contract, was the lowest in the same period. These facts were released jointly by the Dominion Bureau of Statistics and the Department of Fisheries today.

The fish landed in the three Maritime provinces in May was recorded at 61.4 million pounds and valued at \$5.4 million. These were above landings by 19 million pounds and higher in value by \$2 million. Lobsters and flatfishes in each of the three provinces and herring in New Brunswick contributed to the increase. The lobster increase coincided with the opening of the fishing season in eastern Nova Scotia, northern New Brunswick and most of Prince Edward Island. The only major decline occurred in haddock which was down from the April catch by 12 million pounds to 5.7 million pounds.

The performance of the industry was just slightly better than it was in May 1958. Landings were higher by 1 million pounds and the value of landings were up about \$733 thousand. The improvement occurred principally in groundfish and shellfish. Herring landings were bet-

ter than those of May last year but the landings of mackerel and alewives declined by 1.4 and 1.8 million pounds respectively.

The cumulative landings recorded in the Maritimes at the end of May have declined each year below those of 1957. They stood at 174.4 million pounds in 1957, at 171.7 million pounds in 1958 and at 160.3 million pounds in 1959. While there was also a decline in value in 1958, the situation was reversed in 1959 and at the end of May, the cumulative value of landings was approximately \$1 million higher for 14 million pounds less fish than was landed two years ago. The additional value was contributed principally by groundfish. Shellfish landings so far this year are 3.7 million pounds below those of 1957, but their value has remained relatively unchanged.

The Bible Today
 The Annual Report of the Japanese Bible Society records that from 1946 to 1958 a total of 23,282,002 Scriptures were circulated in Japan. The increase in 1958 distribution of 134,027 volumes made the total for that year, 1,901,737.

The new Kogotai (colloquial) version accounted for \$1,737,630 Bibles, Testaments and Gospels, thus demonstrating the increasing use of this Japanese version in popular speech. It has been recently said by a prominent Japanese Christian, "I am not so optimistic as to suppose that Japan will be Christianized in the near future. Japanese traditional ideas and customs that have been preserved for more than ten centuries will not yield to new ideas so easily; but I can say with assurance that amidst changing circumstances the Bible has been read by many Japanese, and has been changing the mind of the people."

Newspapers Best Advertising For Super Markets

"Newspapers are the number one advertising medium for the super markets sponsored by the Red & White Corporation," stated Robert Parker, advertising director of the Corporation, at the annual convention of Red & White wholesalers executives in Chicago, which was attended by J. H. Mesheau of Atlantic Wholesalers, Limited, Sackville, N. B., and R. B. Forde of Atlantic Wholesalers, Limited, Moncton, N. B.

"Only after an adequate newspaper advertising program has been planned, do we consider other media to supplement newspapers," said Parker.

His statement was made at the 38th Annual Red & White Convention, at the Drake Hotel, Chicago, at the May 12th afternoon session on advertising.

"Newspaper advertising," said Parker, "allows us to list and illustrate our merchandise and to highlight feature items. However, radio and TV makes a good media for institutional advertising, consumer contests, and ale announcements."

"The Red & White wholesale grocers, who prepare the newspaper advertising at local level for Red & White Food Stores, Super Duper Markets, Lucky Dollar Stores and other affiliated store groups, use approximately 50 million lines of newspaper advertising yearly in the United States and Canada," Parker estimated.

"We emphasize newspaper advertising because survey after survey indicate that women shoppers turn to the daily newspaper's food pages for help in deciding what she will buy before her trip to the store. In making comparison with other media we note that 62.5 percent of the shoppers read newspaper food store advertising as compared to 17.6 percent of the shoppers who hear radio food store advertising."

The Red & White Corporation is the headquarters of Red & White Food Stores, Super Duper Markets, Lucky Dollar Stores, and certain other affiliated groups. It is a voluntary group type of operation, that is, the wholesalers and retailers are independently owned, but they operate together. The wholesaler franchises stores in a given area. The wholesaler does the advertising for his stores; he offers service to retailers as personnel training, store engineering, merchandising promotions, central accounting, a meat and produce program, etc. In return the retailer concentrates his buying at this wholesale house and devotes his time to selling. Essentially it is a chain type of operation for independents and enables them to be truly competitive in the market place.

Red & White was founded in 1921 and operated in 31 states and every Canadian province. It has an European affiliate, SPAR Internationale.

"Red & White is sponsored in this part of the Maritimes by Atlantic Wholesalers, Limited, whose managing director is Carman F. Dixon of Sackville, N. B. This organization sponsors three groups: Save Easy Supers, Red & White Stores and Lucky Dollar Stores."

Mr. J. Harvey Mesheau, Advertising and Sales Promotion Manager, states that the "Red & White programme" is a flexible plan for retailers of all sizes in either urban or rural locations. Only by affiliation with a strong group programme can a retailer large or small continue to survive today against the growing influence of the corporate chain. One of the greatest necessities for the success of a voluntary group is an effective advertising programme at a minimum cost, newspaper advertising dominates as the most effective media in this regard," Mr. Mesheau said.

DIGBY, NOVA SCOTIA, THURSDAY, JUNE 25, 1959

VOLUME LXXXIV, No. 43

Report From Parliament Hill

Rev. George C. Nowlan.

June 15, 1959

Last week Parliament was concerned largely with the routine matters of passing esti-

mates, and the week was highlighted only by the results of the Ontario election. I think the results could be described as satisfactory to the Government, rather pleasing to the Liberals and very disappointing to the CCF. It was realized, of course, that the Government was bound to lose some seats in view of the tremendous majority which

was won in the last election. The question was where those seats would go. The Liberals had a new leader and had not fought a very aggressive campaign. The CCF conducted a colourful campaign and were depending largely on the support of labour organizations. The new party which has been prophesied, a combination of the CCF and Labour Unions, had not yet been officially created, but there was no doubt that behind the scenes the labour organizations were giving the CCF candidates their full support and in view of the highly industrialized nature of this province, the CCF had the great hopes that they would become official opposition. Instead of that the Liberals increased their membership by eleven and the CCF by only two. More than that, the CCF party actually polled fewer votes than they did in the last election. One wonders if the marriage will be proceeded with?

During the week also there were constant references in the press to the problem of Canadian defence and reports were carefully scrutinized of debates taking place in the American Congress. Defence insofar as Canada is concerned means defence of this country itself. It is assumed that if war breaks out for the first time in history this continent will be under direct attack. How best to defend it? Today the attack would probably come from man-flown bombers. Within two or three years the attack would probably come by inter-continental missiles, with the possibility of bombers participating as well. Originally, Canada intended to defend itself against bombers by producing the CF-105 interceptor aircraft. That is a familiar story. The costs spiralled,

production was delayed until finally it appeared that it would not be until 1962 that we would have CF-105's in production. By that time they would in all probability be obsolete because the missile, if not already in existence, would be immediately over the horizon and the CF-105 was absolutely useless against missiles. The Americans, of course, were concerned with the same problem. In fact our airforces for the defence of this continent had been integrated so as to operate as one unit in the defence of both Canada and the United States.

If an attack should come, presumably from the north, it would pass over Canadian territory, and then attack the American cities. The Americans were just bringing into production a very fast interceptor, which could do all of the work the CF-105 could do and do it now. The American airforce was also developing the Bomarc, a ground flare missile with a range of four hundred miles which presumably by means of radar and other electronic devices could seek out within that range hostile aircraft and des-

troys them. Therefore, it was announced that Canada would install the Bomarc for partial defence of this country in co-operation with the American interceptors and other forms of defence.

But in the United States a tremendous struggle has been going on between the manufacturers of different forms of weapons.

The American Airforce was committed to the Bomarc as the best possible weapon to be used for defensive purposes. The American Army was committed to the Nike-Hercules as the best weapon in its opinion. Under the American system of Government each of the armed forces appears before committees of both the Senate and Congress and airs their opinions and demands. Naturally each arm of the service is fighting for the largest amount of money possible and the inter-armed quarrels which have gone on between the three armed forces of the United States have been a matter of comment in other countries for years. Under our system of government it would be impossible to have generals and admirals criticizing each other and the government in the way which is necessary under the American committee system. Therefore, one cannot judge as to results through the newspaper headlines. It often happens, for instance, that a committee of Congress may decide on one policy, a committee of the Senate may decide on another policy and then neither committee report will be accepted by the respective parliamentary body. Then if there is a conflict in the final decision of each house of the American congress, then that conflict has to be resolved by consultation and compromise.

This is the situation in Wash-

HOLD ANNUAL MEET

The annual Crusade meeting of the Smith's Cove Baptist W.M.F. was held in the church on Wednesday evening, June 10.

Invitations to thirteen societies were sent out. Owing to unavoidable circumstances only eight were able to attend. Those contributed to the program in song, readings and an interesting quiz.

The president, Miss Sue Winchester, officiated with Mrs. Ruth Walker giving the greetings.

A social time with lunch took place in the vestry.

ington at the moment. Each of the armed forces is advocating its own views before its own committee and in the end some decision will be arrived at which will probably be a compromise of all of the views expressed. One can have some sympathy for the Secretary for Defence in the American Cabinet who is trying to work out an agreement between the competing services. He pointed out last week that the only sure defence was the power of retaliation. In other words, our countries must possess striking force sufficient to guarantee that no matter when we are attacked, we will have the strength to retaliate and therefore this knowledge will prevent the attack ever taking place. Neither the Bomarc nor the Nike-Hercules is an answer to the missile in which we will be threatened in the years to come. Mr. McElroy apparently is suggesting that we proceed with the defence of this continent in providing both Bomarc and Nike-Hercules weapons in limited numbers where as at the same time conducting an extensive research program in the hopes of discovering a defensive weapon which will meet the threat of the missile.

The Red Cross Group met on Wednesday evening in the Hall. Refreshments were served by the hostess, Mrs. Ralph McGrath and much enjoyed.

The annual business meeting of the Port Wade Cemetery met in the Baptist Church on Tuesday evening. The same officers were re-elected: George Johns as Manager and Treasurer and Dorothy Snow, Secretary and the same committee.

There is a very good balance to carry on with and the annual Memorial Service will be held July 19 unless something unusual in the schedules of the ministers occurs.

Men who make big money are careful with their small change.

Marriage

Ellis — Donald

A pretty wedding took place in St. Mark's Anglican Church, Milford Bay, Ontario, Saturday, June 6 at 7 p.m., when Gail Ann, daughter of Mr. and Mrs. Lloyd Donald was united in marriage with John Malcolm, son of Mr. and Mrs. Howard Leland Ellis, formerly of Victoria Beach and Port Wade.

Rev. Cannon W. R. Hankinson performed the double ring ceremony.

The bride, given in marriage by her father, was lovely in a street length dress of white satin in orchid design, her finger tip veil fell from a small, white hat, and carried a bouquet of red roses. Her two attendants wore dresses in similar design and material. Miss Bestwithrick of Toronto was maid of honor and wore pink orchid design dress, and Miss Carol Donald, sister of the bride, wore a dress of aqua orchid design, and matching accessories. Both carried white carnations.

Jack Smith, Hamilton, Ontario, was the best man. Both groom and best man wore blue dress uniforms.

Garth Clifford and John Donald were ushers. The mother of the bride wore a blue dress with matching duster coat and white accessories.

The mother of the groom wore turquoise dress and white accessories.

A reception for 82 guests was held at the Bay Cliff Hotel, at Milford Bay following the wedding.

Rev. Hankinson proposed the toast to the bride. For going away the bride wore blue and white dress and white accessories. After a week with the groom's parents at Kentville, N. S., the couple will reside in Barrie, Ontario. The groom is stationed at Camp Borden, Ontario.

THE BOOK THAT STANDS

Great books have been written, read and forgotten. Books die because their authors die. There is one ancient book which has not died because its author never dies. That book is the Bible, the Word of God.

Some people live as though God were dead and to them the Bible is a dead book. This is a pathetic and dangerous position to be in.

God cannot lie. He cannot even make mistakes. That is why this Book stands solid and why it can help those who will take it by faith.

There is a dangerous drift away from the authority of the

Bible. People who love it are often timid about standing up for its message. Some are getting slack about reading it and in letting their lives be governed by its pages of power.

The modern attitude seems to be that the simple-hearted folk can get something from this supreme Book, but smart people can find the truth in some better way.

May I say that the truth is found here and not elsewhere. In John 17, Jesus, in praying to the Father, says, "Thy word is truth". The word of God is the real solid, undeniable and unshakable truth which will stand after all else is destroyed. Isaiah 40:8 "The grass withereth, the flower fadeth, but the word of our God shall stand for ever."

This is the book which has brought us out of savagery. If

we abandon it we are on our way back to barbarism. Already there are signs of sophisticated savagery in the so-called civilized world.

Where the Bible fails to transform people and society it has not been sufficiently tried.

This young lad is really going places. He knows the value of a dollar - because he worked hard over the past year to buy this pony. He saved every penny and nickel by doing farm chores for his Dad.

While the Minister of Agriculture's budget at Ottawa runs into millions of dollars, he has to justify his expenditures down to the last cent.

His money comes through the Minister of Finance who gets it largely in taxes from Canadians such as you. When he spends more than he takes in, he must borrow from you ... or else create new money. The creation of new money is one factor that leads to inflation - which means your dollar buys less and less.

The government has been spending more than you have been paying in taxes. To narrow the gap between income and expenditures, new taxes have been imposed.

You can encourage the government to live within its income by asking only for those services you are willing to pay for with taxes. Tell your M.P. at Ottawa that since you are trying to save, you expect government to do the same.

You also help when you save more by means of life insurance, savings deposits, and the purchase of government bonds. Your savings help to create a SOUND dollar; and this, in turn, helps to create job security for you and more jobs for other Canadians.

A SOUND DOLLAR MEANS A BETTER LIFE FOR YOU

NEW LOOK BEDFORD VAN

...with a host of brand new features!

FOUR NEW "FACTORY FINISHED" COLORS
The new Bedford is available either in prime as standard equipment, ready to be painted locally by your dealer in the color of your choice ... or factory painted at slight extra cost in four attractive new colors ... Mist Grey, Cherry Red, Field Blue or Honey Beige.

All these new features make Bedford the obvious answer to low cost delivery. The moment you start running a Bedford Van, costs come down and efficiency goes up. Sliding doors mean the driver can get in and out from either side - make deliveries in tight spots where other vans can't go. The rear doors open flush with the sides, giving much easier access to the loading platform. The new Bedford is simple to park and terrific in traffic (it has an incredibly small 34 foot turning circle). Find out just how much you'll save in initial and operating costs. DIGBY FOOD STORE MODERNIZES BUSINESS PREMISES

One of Digby's oldest grocery stores, Shortliffe's Grocery Ltd., has recently completed a job of remodeling, renovating and completely modernizing its store premises.

The Shortliffe store, which since its beginning has enjoyed a reputation for the quality of the products carried on its shelves and the variety of produce handled, has now under capable direction of its present proprietors had a complete "face lifting" which will make it one of the most modern and up-to-date food stores in this area.

Besides a thorough job of redecorating and relighting throughout the store, the interior arrangements of the structure have been changed so as to provide much more convenience for its customers and a far better and more attractive display of the large variety of foodstuffs carried.

As a result of the complete rearrangement of the interior appointments of the store, customers will be able to shop on a "self service" basis, paying for their purchases at a checking-out counter near the store entrance. Large display stands for foodstuffs have been constructed which not only supply attractive display but also are most convenient for customer use. Foods have been arranged on the display shelves using the section method so that customers may save steps in shopping, finding allied items close to each other in the display stands.

A wide use of refrigerated display, both for meat and fish products and for fruits, vegetables, dairy products and other produce is a feature of the new store layout. The latest in refrigerated display cabinets and stands has been secured so that meats, fish, fruits and vegetables are kept fresh, crisp and tasty even though openly displayed for convenient customer choice. Frozen foods are also a highlight of the newly remodel-

led store and the latest in display cabinet is in use to merchandise these popular foods. The meat department of the Shortliffe store has been completely remodelled so that it now is a separate part of the store, fronted by a refrigerated display cabinet. Electric meat cutting equipment has been installed and refrigeration storage increased to provide facilities for storing under ideal conditions quantities of meats. The meat department has been remodelled in gleaming white which, together with the scrubbed cleanliness of the cutting blocks gives the whole area a most appetizing appearance.
