100th Birthday

1877-1977

Now and then a printing job may be an important paper which required a large kind of posters, ink which smudged very easily now days. I always dreaded it when "Mac" would let that job be the largest given. In spite of the fact that we always spread an outside door to lessen troubles on the customer.

One of the jobs I had to do, besides painting and grouting the floor, was to... I finished one and then... One day not long after I started to get to the grouting plant, I decided to clean the floor that apparently hadn't been cleaned in some considerable time.

"J.J." came along and said, "How are you doing out Vince?" I assured him that I thought I was beginning to see the floor. "J.J." laughed very heartily. He thought the remark pretty good and said:

Sometimes the gasoline engine is a piece of machinery would refuse to work, and the "Man" if a man had patiently worked for a certain length of time to get it going again, without "Ma," "Ma" would then stand back and come out dramatically then he would immediately start working. "Ma," he would say, "all it needed was a bit of easing."

On other occasions when some papers defined duty for the end, seemed to be broken. "Man" would say, "use a little oil" and sure enough, after that all it took. Now often since, have I heard of the value of that remark and the actual need of "oil" in many life situations, applied at the right time, right place and in the right way.

Other things that sort of stick in my memory and come to mind now and then are like the time I told "Mac" of four teenage boys who in the spring season of 1958 got together just before dark one evening and decided to estimate the newly built outdoor Pearl Hotel swimming pool which had been filled with water. Clothes were taken off near the road just out of the pool; nobody else seemed to be around except the four boys, in thought or time for bathing suits, as to the pool they went. They stood on the edge of the pool and looked at the chilly water, one soon jumped in. The next one followed and across the pool the stream

rest quickly followed and across the pool. "Mac" listened to the story and hardly said anything, but the next "Digby Couriers" had a good story on the episode. The heading of the story went something like, "Four Boy Scouts Officially Ope Pines Hotel Swimming Pool." Who were the four? Many years later (they are known as the late Dr. Carl H. Anderson, veteran of two wars, island world and Kurem), was awarded the Victoria Cross, Squire L. Smith, now prominent druggist, for many years in Digby; Clayton D. Snow, Digby wholesale apothecary, and myself.

As a young teenager I used to like doing some writing about different events interesting to myself and mostly for myself. One day I was asked to write about writing your version of the story told about "The Marooning of Jerome". I had heard and read at least two somewhat different stories about the man who was found marooned on a beach in southern part on the French Shore of St. Mary's Bay, Duxbury County. When I read this man's tongue and feet cut out and his legs quite heavily amputated, were surgically well dressed and bound. He was presumably left by some vessel before dawn one morning, all for some mysterious reason.

"Jimene" appeared to have been a man of considerable social standing and, possibly, considerable wealth. However the only thing he could or would ever say after being found and cared for by some family in the French state was something that sounded like "On either, could not, or, would not, who he was (or why he was left there) it was, And in, one of Digne County, and, different ideas have been expressed."

...and different ones have very different
...concerning this man. However,
"Mae" was, I felt, no more like a
different about this man. The
have been very well explained
people, and he was a sort of
people who lived where he lived.

Comment by David Sanford

From the files of the Chamber of January 22, 1967, the following account has been copied concerning Dwight D. Davis:

Among a number of old newspapers kindly sent to us by friends is a copy of the *Salem Times-Tribune* of May, 1881, says the *Tribune* and among other advertisements contained in the issue referred to is one mentioning the town and forwarding of Daply, and offering for sale certain lots in the town. In this ad we are told the ownership of Daply "rests from the fact of Annapolis appearing in the extremity of the province of Nova Scotia, and contains about 100,000 acres." The town plot is there described.

The Town Plot is situated at the east of the township just within the entrance to Annapolis Bay, and twenty miles from Annapolis Town, and six miles distant from the head of H. Mary's Bay. This land, and not from the water's edge, partly is level ground, and partly on the declivity of a modern hill, dry and pleasant, and having on an eastern aspect a view of the Annapolis Bay, and its cultivated shores for twenty miles in extent, it terminates with the Fort and River's mouth at that name. It was secured by Leyden's tract, New York in 1642, the land of which went nearly to Britain, or, moving to other countries, left the shore

free trade with the U.S.A., especially with the New England States. The question was then debated by some Digby High School students, one of which was J.J.'s daughter, Florence (now Mrs. Morton of Tibet, Prescott, Digby Co.). Some days after the debate a man from some part of Nova Scotia came to the printing shop looking for Florence, one of the successful debaters. I had the impression that this man was interested politically but, maybe I was wrong.

Well, I felt that I had learned considerable from my short experience at "The Wallis Job Print." I was learning to do beginner jobs, receiving some knowledge about things like embossing, stapling, perforating, coaming, cutting and crumpling paper stock, mixing inks for certain desired colors, and so forth, too. The only experience I had at setting type was just enough to make a "go," the printers name for a completed mass.

There was a taste of trying to do it all inside the plant. Work was a little slack one early fall day and so "Mac" said to me, "how about trying your hand at taking orders for printed personalized Christmas cards?" I took it, made several calls, spent most of the time alone particularizing orders, and got an order, but

More On Curling

Typists are accustomed to having newspaper copy on one side of the paper only. In following that custom last week one page of copy was missed from the story of the Digby Ladies' curlers' annual meeting. In reporting the trophies presented and the play-offs, it was mentioned that the Junior Prize Playoff was won by the team skipped by Winifred Bennett. Included on the team should also have been Babs Gould, Ann King and Arlene Wentzell.

The Salvia Trophy was won by Joyce Neville, skip; Grace Vincent, Nora Saunders, Rosalie Ernest.

The drawing for the Mohair throw was won by V. Minney, Kentville, N. S.

It was decided that a preliminary meeting be held next October or November to discuss rules and regulations for the coming year.

The nominating committee submitted the following list of officers for 1961-62:

President: Iva Dillon. Vice Pres.: Kiki Nichols. Secretary: V. Stonehouse. Treasurer: W. Brittain.

Match Com.: Ellen Ayer, Jean Beattie, Jean Brittain. Bantam Com.: Fern Webber, Helena Wrightman, Babs Gould, Jean Turnbull.

MOREHOUSE — In memory of Clayton Lloyd Morehouse, Weymouth, who was lost at sea, April 7th, 1957. He is gone but not forgotten. And as dawn another year In our lonely hours of thinking, Thoughts of him are always near. Days of sadness will come o'er us, Friends may think the wound is healed, But they little know the sorrow, That lies within the heart concealed. — Remembered by loving wife Barbara, Ronnie, Sandra and Marlene. 32:1ip

Presents Cantata

On Sunday evening a capacity congregation was present at the Church of Christ Disciples, Weymouth, to witness a cantata, Peter and the Resurrection, presented by the Senior Choir.

A filmstrip of 24 pictures illustrated in colour the major events of the life of Christ from Palm Sunday to His Ascension, as seen through the eyes of Peter. Rev. Lorne B. Nethercott, as the narrator, used words which were largely taken directly from the scriptures. As each scene

was filmed the choir rendered hymns also illustrating the events.

Choirs and music were directed by Mrs. Lorne Nethercott with Mrs. Frank Lewis as organist. Mr. Jared Frankland was the projectionist.

Prior to the cantata Rev. Nethercott conducted the hymn sing and read scripture from John's gospel, the Resurrection of Christ. Following the evening prayer the Junior Choir sang a special section.

Flowers adorning the sanctuary were placed by Mrs. Ethel Wagner of Weymouth North.

APPEALS

(Continued from page 1)

It was announced that an engineering student, Max Paul Miller, Newport, Hants Co., was available to survey the water and sewer system in Digby during the summer. This system will then be superimposed on an aerial contour map shown to the town council last week by D. J. Bird, director of planning with the Department of Municipal Affairs. Mr. Bird and his assistant will supervise the survey.

Irving Oil Co. Ltd. advised the council that they were contemplating replacing pipe lines from the wharf near the Racquette to their lot by a larger 10 inch line. They requested permission for the laying of the line. Permission was granted to Wallace Amersy to erect a barrier for safety measures around the street where he was tearing down the former Winchester Hotel.

It was announced that the Annapolis Apple Blossom Festival dates had been set for May 26-29, inclusive. The town was again approached for assistance by selecting a princess to enter the contest. The themes for floats attending the princesses last year were to be in keeping with the Planters' Celebration. This year the theme of each float is left to the imagination of the entrants. It was decided by the council to bring the matter up to the Digby Board of Trade which body had been in the habit of sponsoring a princess and float and the usual grant for the same would be forthcoming from the town if they decided on the project for this year.

Ten complaints had been lodged with the police according to the report presented by Councillor Earl Morrell. Five needed further investigation, two resulted in court action, both under the Nova Scotia liquor act.

It was recommended by the town auditor that to save costs it would be a wise move to take care of the town's share of the capital cost of the annex for the Digby Regional High School through the reserve fund. It was decided to proceed with steps toward this move. No action was taken on a recommendation to transfer parking meter accounts to the general account as the meter account is earmarked for street purposes.

Services At Weymouth

Churches of Weymouth joined together in worship during Holy week throughout the district. The services were held Monday through Friday in Barton - Brighton United Church, Weymouth Falls United Baptist, St. Thomas' Anglican, Southville Church of Christ and Riverside United Baptist Church. The speakers in the respective churches were as follows: Rev. A. M. Rogerson, Rev. R. R. Winchester, Rev. E. C. Irwin, Rev. W. P. Clayton and Rev. R. J. Knock. The minister of the church where the service was held was in charge while various ministers assisted. The choirs of each church brought special music supplementing the personnel by members of the churches in the communities.

The week of services brought the congregation in closer relationship with Jesus Christ and made the Easter experience more real and meaningful. The offering taken at the services will be used by the newly formed Weymouth Ministerial Association for the Christian work approved by the organization.

Oh, To Live In Trujillo

In a letter Mrs. Harold Hirtle, Deep Brook, received from her son, Stanley, who was recently married in Trujillo, Dominica Republic, he writes of doing their shopping at 6 a.m. along with other shoppers, as the heat is too intense after noon, and these are some of the prices he paid: 2 lbs. carrots, 16 cents; 2 lbs. green beans, .20; 1 piece of squash, .05; 4 good sized tomatoes, .10; 2 cukes, .16; 1 head lettuce, .15; 1 large cabbage, .20; 3 bunches radish (.12), .10; 25 good sized oranges, .20; 2 large grapefruit, .05; 1 small pineapple, .10; and good bananas are plentiful for 1 cent each. Potatoes are from 7 to 10 cents per lb.

Just an interesting comparison from the tropical country of Trujillo, Dominica Republic.

Attend Presbyterial

Miss Marion Thomson, Toronto, field secretary with the Dominion Board of the W.M.S. of the United Church of Canada, led discussion groups at Kingston last Thursday when the Annapolis Presbyterial of the W.M.S. and the Presbyterial W.A. held joint meetings. Her topics were Ecumenical Movement, Programming and the new organization, United Church Women.

The meeting opened with Holy Communion administered by Rev. Morris Bess, minister of the Kingston Church, after which the president of the W.M.S., Mrs. J. M. Wallis, Digby, presided, conducting the W.M.S. business and Mrs. Thelma Banks, Kingston, vice president of the Presbyterial W.A., conducted the business of the W.A. Officers of both organizations for the year were installed by Rev. Calder Fraser, Bridgetown, Presbyterial chairman, who also brought greetings from the Presbyterial.

Delegates were welcomed by Mrs. R. S. Lank, Kingston, and Mrs. R. H. Hughes, Digby, responded.

The W.M.S. treasurer's report was presented by Mrs. Elton Arnold, Digby, and Mrs. J. A. Ruffee, Granville Ferry, presented the secretary's report.

The W.A. report was presented by Mrs. Arthur Steele, Middleton.

Members of the W.M.S. appointed to the Presbyterial Provisional committee to plan for The United Church Women organization are Mrs. Elton Arnold, Digby; Mrs. Jean Neely, Middleton; Mrs. Henry Foote, Woodville; Mrs. Harold Murray, Berwick, and Mrs. J. M. Wallis, Digby. Members from the W.A. are from Annapolis Royal, Bridgetown, Aylesford and Kingston.

Further Plans On Centenary

A second meeting of the centenary committee of Grace United Church was held last week when further plans for the 1961 Centenary program were made.

It was decided a historical booklet would be prepared to send to members and adherents of the congregation. The centenary week will begin with a program on Sunday night, June 18, by the Junior Choir of the church and other young people's organizations. The Young People's group will have a concert in May to raise money for the centenary year. On Wednesday, June 21, a centenary supper for the public will be held by the W.A. A program featuring outside talent will be presented in the church on Thursday, June 22, and the centennial church services will be held on Sunday, June 25, when Dr. A. E. Kerr, of Dalhousie, University, will be guest speaker.

Ministers of the congregation since 1855 were: Reverends R. A. Chesley, G. W. Tuttle, W. McCarty, J. Taylor, S. F. Huestis, W. C. Brown, James England, Elias Brettell, Robert Wasson, William Ainsley, W. H. Hertz, Robert McArthur, J. M. Fisher, J. W. Prestwood, William Phillips, W. H. Evans, A. B. Higgins, G. W. F. Glendinning, Leander Daniel, Robert McArthur, William I. Croft, William Phillips, Arthur Hockin, W. H. Watts, J. Appleby, E. W. Forbes, Thomas W. Hodgson, James Brooks and R. H. Hughes.

Information or pictures of the above ministers would no doubt be of interest to those preparing the history of the church.

Good Friday Service

On Good Friday evening a concert was held in the Baptist Church Vestry, Westport, under the leadership of Mrs. Logan McLellan and Mrs. Earl Webber.

Recitations and songs were heard from the children of the Sunday School. The Mission Band group sang a song, also a duet by Mary Webber and Marilyn Titus.

A pantomime, "Scenes at the Sepulchre", by Mrs. McLellan's class, was very much enjoyed.

Presented Trophy

Lezin Comeau, of Comeauville, was presented with a trophy by Basil Belliveau, secretary of the Fish & Game Association of Clare, for landing the largest trout registered at the store of Armand Comeau, of Comeauville.

The trout weighed one and a half pounds.

The presentation took place at the annual banquet held at the Riverside Inn with the president, Mr. Deveau, presiding.

AT CHURCHES

(Continued from page 1)
ter anthem. In his sermon, the rector, Rev. James Pike, reminded all of the great blessing that is now ours through the resurrection of Jesus. Now people need only be passing sorrowful in the presence of death as they look forward to the day of joy and reunion with their loved ones and Jesus Himself.

At Grace United Church, Digby, on Sunday morning, Rev. R. H. Hughes, minister of the church, took as his subject "Confronted by the Risen Lord" from the gospel of St. John. That Jesus came and stood in the midst is the whole resurrection symphony of John's Gospel, he said. Man could crucify but only God could raise from the dead. The resurrection continues, and the teachings of Christ cannot be fastened down. Christ calls the people today to humility and service. Special Easter music was rendered by the choir.

Flowers were placed in the church in memory of the late Mr. and Mrs. George Turnbull by their granddaughter (Donna) Mrs. Gerry Marino, Mr. Marino and Christina, Ottawa; Mr. and Mrs. Albert Trohon by son, William, and Ethelyn; Fred May by sister Laura and husband; William Graves by wife Dorothy and family; Dr. Dudley Dickie and Dr. W. R. and Mrs. Dickie by Elaine and David; Mrs. John Russell by her husband.

A special Easter Thank offering meeting was held by the W.M.S. on Tuesday. The meeting was conducted by Mrs. Burton Fleet. Mrs. J. M. Wallis sang "I Know That My Redeemer Lives". Service was conducted by Rev. Mr. Hughes at Bay View in the afternoon on Sunday when Grace United Choir, under the leadership of Elton Arnold, provided the special Easter music. Miss Carolyn Arnold presided at the organ and Mrs. J. M. Wallis was soloist. Flowers were placed in the church in memory of Dickey Wilson.

Digby Baptist Church was filled to capacity on Sunday morning when the minister, Rev. H. S. Hartlin, chose as his Easter message The Life Everlasting. Special music was rendered by the choir. Mr. and Mrs. Bernard Bell were received into the membership of the church and communion was administered during the morning service. Flowers which graced the church were in memory of departed friends, relatives and church members.

Easter services at Hill Grove Baptist Church were well attended and the minister, Rev. H. S. Hartlin, again gave an inspiring Easter message.

On Easter Sunday the evening service at the Church of Christ Disciples, Westport, was under the leadership of the women. Mrs. Guy Thompson led the devotional, followed by recitations by the children of the Sunday school. A pageant, "Were You There", was put on by some of the women dressed in pastel coloured sheets of yellow, pink, blue, green and white.

Mrs. Neil Burt was the soloist and sang "Were You There When They Crucified My Lord". Mrs. Harold Swift was organist.

Those taking part were Mrs. Harold Thompson, Mrs. Albert McDormand, Mrs. Charles McDormand, Mrs. Edgar McDormand, Mrs. Albert Welch, Mrs. Lou Bailey, Mrs. Harold Swift and Mrs. Neil Burt.

Collection was taken by Mrs. George McDormand and Mrs. E. B. Pugh.

A Battleship Pose

A battleship pose is caught in this photograph of a destroyer escort as she buries her bow in a long Atlantic swell. The ship is HMCS St. Croix, one of seven Restigouche class destroyer escorts comprising the Fifth Canadian Escort Squadron. Although the photograph was taken at an earlier date, it reflects the scene now occurring as ships of the squadron join in WINGED GEAR, a series of exercises involving most of the Atlantic Command's 5,000 officers and anti-submarine warfare ships. The RCN and RCAF program finished March 1961. (Defence Photo)

Distribute Palms

The service in St. Thomas' Church last Sunday included the traditional Blessing and Distribution of palms. The service took the form of Holy Eucharist at which the celebrant was the rector, the Rev. E. C. Irwin. In the sermon, which was on the meaning and place of Palm Sunday in the Lenten pilgrimage, Mr. Irwin pointed out that from early times the palm has been the symbol of triumph and victory. To see the meaning of Holy Week in our Lord's life, he stressed that we must look at Him, not as God, but as Christ the Man, preparing to ascend the Cross and having passed along that road of obedience and faith Himself as Man. He has there by made the way easier for His followers who come after. It is then on the Cross, that Christ as God, carries the work to its completion, doing what, as Man, He could not do.

At the close of the Eucharist, the palms were blessed, and distributed to the congregation.

Presented Lamp

At the evening service in the Church of Christ Disciples an organ lamp was presented through the interest and concern of the church board. Mrs. Frank Lewis presided at the organ and "The Palms" was sung by the Senior Choir. The Junior Choir sang "The Children's Hosanna". The Rev. Lorne Nethercott, in his sermon, used the theme, "The Sifting of Men" in which he said that circumstances have a great deal to do with the sifting of men. The disciples were sifted through denial and betrayal, and after the resurrection and ascension they were tested and proven to be true. Mr. Nethercott said the secret of courage to get through the sifting, was that they had been with Jesus — and only by us being closer to Him can we, ourselves be proven.

Tell Meaning of Palm Sunday

Canon H. L. Puxley, president of the University of King's College, has announced that the 1961 Morris scholarship has been awarded to Rev. Donald C. Ruggles, of Weymouth North. Mr. Ruggles has also won the Owen scholarship for this year.

Robert H. Morris, of Boston, founded the Canon W. S. H. Morris scholarship in memory of his father, a scholar and Anglican minister of the Diocese of Nova Scotia for 40 years.

The scholarship, worth \$1,500, enables the recipient to travel overseas.

Mr. Ruggles was born in Weymouth North and is the son of Mr. and Mrs. Clare R. Ruggles. Before entering King's he received his early education in Weymouth North and Weymouth. In 1958 he received his BA from the University of King's College and was ordained deacon in 1960. He will receive his L.Th. this May, at King's convocation.

While still a student, Mr. Ruggles spent three summers serving in the parish of Port Greville, and last summer worked in the mission field at Fort George, Que. After graduation Mr. Ruggles will go back to Fort George for three years and in 1964 will take up the Morris scholarship for travel and study in Great Britain and Europe.

New Organ Dedicated

The congregation of Bethel United Baptist Church, Ashmore, gathered on Sunday evening for the dedication of their new Lowry Electric organ which has just been installed in the church. Many friends from the area were present for the service, at which the Rev. Dr. R. E. Whitney, Supt. of Home Missions, Wolfville, officiated. Dr. Whitney used as his message, "The Ministry of Music", which was appropriate, and inspiring. Mrs. Scott Kinney, organist of the church, played the new instrument, and the choir was augmented by choirs from New Tusket and Riverside Baptist Churches. The choir sang "The Cross was not Greater than His Grace" during the offering, and Mrs. George Wagner rendered a vocal solo, "Christ of the Cross". Rev. A. M. Rogerson is minister of the church.

Improvement In Design To Aid Economics

Improvement in the design of manufactured articles might help provide a way out of the economic cellar for the Atlantic Provinces. Murray Barnard, a Toronto newspaperman, told Weymouth Kiwanis Club this week.

He suggested that an Atlantic Provinces design council or provincial design council be set up to advise manufacturers on the design of their products. It might be financed jointly by the provincial governments and the participating manufacturers.

The design of most articles manufactured in the Atlantic Provinces and in the rest of Canada is very poor at present, he said. Too much attention is given the mechanism of production, sales and advertising, and not enough to simply making an article of good design and good material.

In many respects good design in Canada and United States has been a result of mass production techniques,

although there can be good design in mass produced articles and deplorable lack of design in hand made articles. There are notable exceptions but a great deal of Nova Scotia and New Brunswick handicrafts, for example, show a pathetic ignorance of design.

For the most part the poor design in articles manufactured in the Atlantic Provinces has come from copying articles mass produced in the U.S. and central Canada for mass marketing. One of the perennial complaints of this region is that it has no economically accessible mass market, and hence little or no mass producing manufacturing industry.

"I think we shall have to accept this as one of the facts of our industrial life, and make the best of it," he said.

In the drive to develop more manufacturing industry in the Atlantic Provinces the regional market must not be overlooked, but it may be wise to forego dreams of mass production and concentrate on helping small industry make articles of good design for a select market.

Sweden, Denmark, Italy, West Germany and France in recent years have all invaded

U.S. and Canadian markets selling more than anything else, good design. Instead of producing low-cost goods for a mass domestic market, they produce high quality articles of good design for a comparatively small and select market in many countries.

"We are in a position at present where it may be more sensible to train craftsmen for small industry at home than to try and train technicians for the technological revolution now troubling mass producing industry in central Canada and the U.S.," Mr. Barnard said.

"High quality products of good design cost no more to ship than poor ones," he said, "and as the Scandinavians know, the prices are better."

A native of Saint John, N. B., Mr. Barnard was introduced by Geoffrey Journey, Elde Theriault, Kiwanis Club president, was chairman. Several members of Digby Kiwanis Club attended the Weymouth Kiwanis meeting Monday evening in the Goodwin Hotel.

Winds Up Service

Smith Mahoney has given his lunch box away and his wife, Mrs. Mahoney, will no doubt recover from the headache she says the lunch box gave her for more years than she cares to remember. Mr. Mahoney, an engineer with Dominion Atlantic Railway has earned his lunch box over one-and-a-half million miles since he joined the railway Oct. 17, 1910. He is to retire April 1 after more than 50 years service, much of which has been spent shepherding passengers and freight between Kentville and Yarmouth.

But Mr. Mahoney's record is impressive that of the family as a whole must be even more so. Four Mahoney brothers and their father have given almost 200 years service to rail transportation in the province. Father, Charles Mahoney, who retired about 1920, worked on the railroad for more than 40 years. The late Charles Russell Mahoney had about 20 years to his credit. William served 15 years before his retirement, and Arnold, who is still at work in Kentville, has already completed about 30 years.

Smith Mahoney is a quiet man. He doesn't talk much about himself. But one series of incidents he did recall. That was the time around 1920, he was involved in four

train crashes in four months. No one was hurt. Smith was a fireman at that time and each crash involved a different train and a different engineer. But in the 25 years he has been an engineer, he has never been involved in an accident.

He says that if he had his life to live all over again he'd still be a railroad man. "Working conditions are vastly different today than when he was a boy. With the replacement of steam engines by diesel the engineer has much more working conditions."

He described driving a diesel train as being similar to driving a car or truck. No more steam and coal dust.

But he regrets the passing of the steam locomotive. "These old engines had a personality of their own," he said. "You could almost hear them talking to you out of the smoke and you felt you had something under your hand."

Now Smith Mahoney, who has worked under five different general managers and 7 master mechanics, is looking forward to the extra time he will have to follow his favorite pursuits: fishing, gardening and hunting.

Mr. Mahoney is known to many in Digby where he worked with the D.A.R. for a number of years.

Endorsed Library Week

"A good book," wrote John Milton, "is the precious life blood of a master spirit, embalmed and treasured up on purpose to a life beyond life." Books have been the best means for handing down, from one age to another, all that has been most valuable in man's thought and aspiration. It is hard to know how civilization would have developed if books had not provided a record of past wisdom and present achievement. Books enlarge the mind, stir the imagination, please us in our leisure hours and help us in the serious business of life.

Today books are not alone as media of communication but books have been, and remain indispensable. It is the aim of Canadian Library Week to remind us of these basic truths and to hope that the reading of good books by Canadians will steadily increase.

John Diefenbaker,
Prime Minister.

Drowns In Reservoir

A coroner's jury inquiring Monday into the weekend death of seven-year-old Brian Allen Gnatik attributed death to accidental drowning.

The boy's body was discovered by a naval search party in a water reservoir near the Cornwallis naval base. Naval ratings and RCMP had carried out a 20-hour search after the boy was reported missing by his parents, Mr. and Mrs. William Gnatik, HMCS Cornwallis, Sunday morning. The boy had gone out to play and had not returned.

Annapolis County coroner, Dr. G. R. Mahoney, presided at the inquest.

Besides his parents, Brian is survived by two young brothers. The funeral was held at St. George's Chapel Wednesday afternoon, conducted by Rev. Earl Sigston, RCN. Interment was in the Clementsport cemetery.

Helene Off April 22 - May 8

Regular Canadian Pacific steamship service between here and Saint John will be interrupted for two weeks after sailings of April 22, when Princess Helene will enter dry dock at Saint John for annual inspection.

An announcement by K. R. Perry, Canadian Pacific superintendent, said the vessel is expected to resume regular sailings Monday, May 8.

While the Helene is in dry dock, a routine inspection of the ship's internal workings, including boilers, turbine and pumps will be made, along with the exterior painting of the hull and superstructure.

Spring Is Really Here

Despite the contradictory weather, Springtime is here and the blooms and birds choose to agree with the calendar. Willie Potter, Clementsville, picked a nice bouquet of Mayflowers on Monday. His little granddaughter, Nancy Burrill, had Mayflowers for the teacher, Miss Frances Long, instead of "an apple for the teacher".

Swallows are here, according to V. G. Cardozo. With Mayflowers and swallows here, Spring weather can't be too far behind.

Half a fact is a whole falsehood. — Elias L. Magoon.

Branch Reports Activity

The Digby Red Cross Branch held its April business meeting at the Court House last week in conjunction with its usual Women's Work session devoted to quilting.

The President, Mrs. R. B. Lent, called for reports from the various committees. Women's Work reported a recent shipment to Red Cross Headquarters of 61 articles, including 14 quilts. New materials to the value of over \$130 had been received in March for knitting, sewing and quilting carried on by the branch. Mrs. Warner further reported that quilts had been received from Little River, and from a new group of workers recently organized at Culloden through the good offices of Mrs. Oscar VanTassell. Mrs. Loran Hayden was welcomed back to the meeting, together with an assortment of her beautiful knitting done at home this winter.

Mrs. George Winfield, reporting for the Disaster Relief Committee, stated that clothing had been given out during the past month to five families requiring help in out-of-town districts. Thanks were extended to those who had assisted in the past. Mrs. Winfield is preparing for next year's Christmas boxes, a good supply having already been made ready.

Although no complete report of the financial campaign in this area was yet available, the President stated that according to information from both Mr. Elie Comeau, Town Chairman, and Mr. Grimmer, Rural Chairman, it was progressing satisfactorily and all returns would be in at an early date.

The meeting concluded with the formation of a Clinic Room Committee for the Red Cross Blood Donor Clinic, being held this week under the sponsorship of the Digby Lions Club. Over 50 dozen cookies were sold among the Red Cross members for serving at the clinic, and the following workers recruited: Mrs. Ralph Berwick, Mrs. G. R. Weir, Mrs. Alfred Marshall, Mrs. F. J. Thibault, Mrs. Sydney Hall, Mrs. Elliott Tassell, Mrs. Allen Star, Mrs. B. H. Ruggles, Mrs. Grace Hicks, Mrs. Loran Hayden, Mrs. Elton Arnold, Mrs. R. B. Lent, Mrs. Daniel Comeau, Miss Daisy MacKinnon, Miss Louise Daley, Mrs. H. M. Warner and Messrs. Elie Comeau and Delbert Forrest. Under the chairmanship of the Red Cross Nursing Committee, Mrs. D. G. Black, Mrs. Paul Snow, Mrs. Jack Keen and Mrs. Richard Baxter would serve as nurses in the clinic room.

Preparing For Dial

It will take weeks to do it but Miss Pauline Woodworth, of the Maritime Telephone and Telegraph Co., is busy calling customers by phone. Miss Woodworth is acquainting the telephone patrons with the seven digit numbers which will be used for stationery and advertising but of which only five numbers will be used in dialing. There are places in the province where all of the seven numbers are used in dialing. In Digby only five are used.

The change over to the dial system will take place on Sunday night, June 4. Miss Woodworth acquainted the customers with the busy signal and the dial tone. She explained how to call the operator for long distance but added that before too long it is hoped that customers will be able to dial from one city to another.

Lions Sponsor Blood Donors

One hundred and thirty-two responded to the appeal for blood donors when the clinic sponsored by the Digby Lions Club, was held at the Lions Club Hall on Monday.

Seventy-nine of these were from Digby, forty-one from Bear River and twelve from outside districts. The total was approximately seventy less than each of the last two B.D. clinics held in Digby.

The Digby Branch Canadian Red Cross supplied workers for the clinic.

Sees Good Future For VON

Miss Laura Wall, Regional Director of the V.O.N., is at present visiting Digby and addressed the Digby Branch of the Victorian Order of Nurses at the April meeting held on Tuesday, April 11th.

The Victorian Order of Nurses for Canada has a very adjustable program, Miss Wall stated, and this program can be changed to meet the needs of the country. The Federal Government is now conducting research projects in Home Nursing Care and the V.O.N. is taking an important part in these research projects. The services rendered by the V.O.N. are important to the community and some branches are amalgamating so that the expenses are carried over a larger area. We are going through an adjustment period at the present time but when the situation has stabilized itself the V.O.N. can still carry on in the future as it has done in the past, said Miss Wall.

Mrs. J. W. Christie thanked Miss Wall, and an interesting discussion of the services rendered by the V.O.N. was held after her address.

Mrs. A. Cornwell, convener of the Fund Raising Committee, reported that the Public Sale had been successful and the committee comprising Mrs. A. Cornwell, Mrs. D. G. Black, Mrs. G. Conrad, Miss Louise Daley, Mrs. T. Deveau and Mrs. Fred McCallum held a R. amage Sale in May.

Miss Squance, nurse-in-charge, reported that the home visits for March totalled 100, 227 of the visits were for nursing care, 767 for health instruction and 27 were for service calls. 10 health instruction visits were made to expectant mothers, 57 to new mothers and their babies, 6 to older infants, 2 to school children and 2 to adults. 13 hours were spent in school work, 149 pupils were seen. Child Health Conferences were not attended due to unpleasant weather, and 19 new patients were admitted to V.O.N. service. One out of town visit was made at the request of Dr. J. R. McCleave.

Fire Does \$2,000 Damage

A fire causing \$2,000 worth of damage to the home of Mr. and Mrs. Ira McCormick, Bear River, was discovered at three o'clock on the morning of March 22.

Mrs. McCormick advised the Courier that they were awakened at three by smoke and heat at which time the fire had been burning in one corner of the kitchen and was gaining some proportions. In telling her story Mrs. McCormick said:

"I rushed downstairs without even stopping to put my slippers on, dressed only in pyjamas, while my husband at least got hold of his clothes and managed to dress in the front yard. We both got out all right the first time, but after I was outside, I realized that the only hope we had of saving anything was to go back in and use my own telephone to call the fire department. I went back in and called the night operator, Irene Gates, and she blew the fire siren and called most of the firemen personally. I started out again, and discovered that my dog was still inside the house, and that he could not be coaxed to go out by himself. By this time I had to drag him forcibly through the fire, and on that trip I got badly burned myself. Fortunately, all the burns are practically healed now.

Just ten minutes from the time the telephone call was made the fire department arrived with all their equipment, and by breaking both kitchen windows, and directing a stream of water through each, they quickly had the fire under control."

The fire loss was covered by insurance.

Finds Bottle

Aaron Hawkins, of Joggin Bridge, reported to the Courier that he had found a bottle which had been released by the Fisheries Research at St. Andrew's. N. B. The bottle number 19513 was found on April 10. Mr. Hawkins looks forward to collecting his dollar and finding out where the bottle was released.

FIGHT CANCER!

Addresses Kiwanians

F. C. Purdy, president of the Digby General Hospital Board, was guest speaker at the Digby Kiwanis Club on Thursday. Mr. Purdy said the question he has been asked on the street about the delay in the construction of the new hospital is a legitimate question. In answer to that question he told the Kiwanians about the time consuming problems which confront the committee, particularly on the Commission level. First, he said, there was the preparation of a tentative set of plans by the architect. These were examined and approved by the executive committee on plans, by the plans committee, the medical staff, the superintendent and radiologist. The architect, E. J. Turcotte, Montreal, then went ahead with the final draft of the preliminary plans. These final plans had to go to the Nova Scotia Hospital Commission for examination and approval before construction could start. Previously the Hospital Commission had given approval in principle to the construction of a 35 bed hospital.

In his address, Mr. Purdy, who was accompanied by his wife, Mrs. F. C. Purdy, outlined the action of the board to be based on sound financial principles. He informed the audience on three different areas: the availability of capital funds, the estimated cost of the hospital, and the estimated cost of the hospital. He pointed out that the action of the board to be based on sound financial principles. He informed the audience on three different areas: the availability of capital funds, the estimated cost of the hospital, and the estimated cost of the hospital.

Further, Mr. Purdy endeavored to show his audience how the building of the hospital would be an asset to the economy of the area and would ease the unemployment situation in the immediate future and during the winter months. The long term asset of an "industry" in town was also noted.

Mr. Purdy was introduced by Dr. J. R. McCleave and thanked by Dr. P. C. Outhouse.

To Address Supper Meeting

At a meeting of the Men's Project Committee of the Baptist Church of Digby it was decided to hold another Fellowship Supper meeting in the church hall on Saturday, April 15th. An invitation is being extended to all men of the congregation, including Hill Grove church, with their wives as guests. Rev. Ivan Smith, of Bear River, will be the guest speaker.

Arrangements are being made to hold a special youth service in the Hill Grove church on Sunday evening, April 23rd. The meeting will be attended by the young people from both the Hill Grove and Digby churches. Rev. L. R. Atkinson will give the address. The young people will assist in carrying out the service.

At a meeting of the members of the Hill Grove church held last Sunday, it was decided to extend an invitation to the Baptist churches of Digby county to hold the next District Meeting in the Hill Grove church. The meeting takes place sometime in May.

To Australia

Miss Electa MacLennan, director and associate professor of nursing at Dalhousie University, will be among 70 Canadian nurses next week attending the 12th congress of the International Council of Nurses in Melbourne, Australia.

The Canadian delegation will join about 2000 nurses from 23 other countries for discussion on professional problems.

Many of the Canadians are taking world tours, studying health and hospital services, while travelling to and from Australia.

Canadian nurses will have a leading role in the congress, first in the Pacific area, and will be bidding, along with Britain and West Germany, to play host to the next meeting in 1965.

Miss MacLennan is known in Digby where she made official visits to the V.O.N. while she was district supervisor in the area.

Construction By Late Summer

"It is safe to say the construction of the new Digby General Hospital will begin in late summer or early fall", F. C. Purdy, president of the Digby General Hospital Board said at a meeting of the Hospital Planning Committee held on Tuesday evening.

Full representation from all areas involved in the construction of the 90 bed hospital was in attendance at the meeting, including municipalities of Digby, Annapolis and Clare; the town of Digby, the Digby General Hospital medical staff and the hospital board. Mr. Purdy gave a run-down of the progress made to date by the planning committee for the hospital. The report was well received, meeting with the complete satisfaction of all areas concerned. The committee was urged to proceed further with as much vigor as possible in order to get actual construction underway at an early date. It was thought this would be late summer or early fall.

Mr. Purdy also advised that area representatives that negotiations were continuing with the Department of National Defence but to date no final decisions have been received upon. The estimated cost of building the 90 bed hospital was in the vicinity of \$1,200,000. Of this the town of Digby had signed an agreement to pay \$80,000, the municipality of Digby to pay \$160,000, the municipality of Clare \$20,000 and the municipality of Annapolis \$10,000. Estimated provincial grants were \$600,000. It was also expected that a federal contribution re HMCS Cornwallis would be given but as mentioned above these negotiations had not yet been terminated. The amount to be met by the Hospital Board.

Ways and means of financing the Hospital Board share were discussed thoroughly at the annual meeting of the Hospital in February and were considered feasible.

Win DuVernet Trophy

Mrs. Margaret Wyman and Mrs. Nancy Denton were presented with the DuVernet Memorial Cup at the close of the Marathon Bridge on Tuesday evening at the home of Mrs. E. H. Anderson. The presentation was made by Mrs. A. J. Dillon, president of the Ladies Auxiliary of the Digby General Hospital. The trophy was given by Mrs. E. DuVernet, Digby and Fredericton, in memory of her late husband, Dr. E. DuVernet, who practiced medicine in Digby for many years. More than \$170.00 was realized for the Ladies Hospital Auxiliary.

The marathon began early in January, under the direction of Miss Gertrude Budrow, convener; Mrs. D. G. Black, Mrs. E. H. Anderson and Mrs. James Ayer. Forty-five couples were in play with four groups of mixed and one of women playing to the finals. Those competing for the cup on Tuesday evening were Dr. and Mrs. G. V. Turnbull, Mr. and Mrs. David Daley, Mr. and Mrs. Arnold MacCallum, Mr. and Mrs. Ira Davis, Mrs. Margaret Wyman and Mrs. Nancy Denton, and Misses Eileen Swallow and Geraldine Syda.

Funds For Garden Club Projects

A special presentation climaxed the April meeting of the Annapolis Horticultural Society, held at the home of Miss Dora Warner, when Mrs. Stanley Paxton was called in and awarded the Thayer chocolate cake donated by "Hedley House" for fund-raising purposes. Mrs. Daniel Comeau, chairman of the Ways and Means Committee, reported that the sum of \$31 had been realized from this project, and after the lucky ticket had been drawn by the Honorary President, John Russell, and the winner summoned to the meeting, Mrs. H. A. Nichols made the presentation to the accompaniment of popping flash bulbs. A hearty vote of thanks was moved to Mrs. Josephine Curry of "Hedley House" for her generous donation.

The subject of fund-raising loomed large at the meeting after the reading of a letter from the Honorable Mr. Manion advising the Society that the government allotment for the care and maintenance of the "Welcome to Nova Scotia" sign had been reduced from \$100 to \$300 for this season, and would decrease annually and discontinued at the end of three years. After considerable discussion as to ways and means of carrying on, it was decided to ask the support of the Board of Trade, again bringing this matter to the attention of the Department of Trade and Industry, in view of the fact that the Nova Scotia government had originally placed the Welcome Sign in Digby at the request of the Board of Trade. In spite of the possibility of having to operate on a reduced scale, the Board of Trade decided to have one of their members, Kenneth Beckwith, agree to renew his contract for the gardening at the Cannon Bank this summer, this area having been much improved under his care last year.

After allowing the necessary club funds for the upkeep of the old Loyalist Cemetery, further discussion followed as to whether or not the Society could continue to maintain the Hanging Basket project undertaken last season. It was finally decided to try to carry on at a minimum cost by having all the work done by, and plants contributed by, the members. The chairman, Miss Louise Daley, offered the use of her home for the work party to be held for this project.

An invitation was received and accepted from the Jardine Garden Club of Meteghan to attend a District Garden Club Meeting at the Clare High School, Meteghan River, on April 19. It was reported that Lt. Cmdr. Norris, of Halifax President of the N.S.A.G.C., would be present for the meeting, together with Dr. A. Roland, Messrs. Gordon Kinsman, R. Horsburgh, N. V. Jankov and A. Morton, of the provincial Dept. of Agriculture, as speakers. The Annapolis Digby Society was requested to present a report on its projects of the past year, and arrangements were made for a large representation at the meeting. An invitation was also accepted to hold the next regular meeting of the Society at "Hedley House", where films will be shown.

At the close of the business session the usual social hour was enjoyed, and refreshments served by the co-hostesses, Mrs. F. J. May and Mrs. Kenneth Beckwith.

Reclamation Of Marshland

Victor Cardozo, M.L.A., said he had received word from the Hon. E. D. Halliburton, Nova Scotia minister of agriculture, that it was expected the federal share of the work of reclaiming several hundred acres of marshland at the head of St. Mary's Bay in Digby county would be started and completed this year. Mr. Halliburton said in a letter to the Digby member that an agreement with the St. Mary's Bay marsh body had been signed in September, 1959.

In answer to a question during a sitting of the provincial Legislature Mr. Halliburton indicated work on the marshland reclamation project could not be proceeded with because of lack of agreement with the local people.

Golf Club Elects Slate

The annual meeting of the Digby Golf Club was held in the Town Hall on Thursday, April 6, with a good representation in attendance.

The president reported that the past year had been a very successful one with a large increase in membership and it was hoped that the membership could be further increased this year. Several new trophies have been donated for club play.

Mr. Laurence d'Entremont, of the Digby Pines, informed the meeting that the course would be open for play as soon as it was fit for play and would close on September 30. Officers for the year are: President, Leigh Jayne; Vice President, Arnie MacCallum.

Secretary, Ray McCleave; Treasurer, Marty Barnes. Chairmen for the other committees are: Membership, Dr. P. Outhouse; Match, Vince McCleave; Handicap, Ray McCleave; Ways & Means, Ilynie Webber; Entertainment, Arnie MacCallum; Publicity, Charles Rhodes.

Visits Digby

Revenue Minister for Canada, Honorable George Nowlan, was a visitor of M. S. Leonard last week. The Honorable Mr. Nowlan was in his home constituency where he addressed the annual meeting of the Annapolis West Progressive Conservative Association at Annapolis Royal and came to Digby after the meeting.

Mr. Nowlan's speech dealt generally with taxation, unemployment and the expanding economy. Discussing his recent visit to Washington, Mr. Nowlan had high praises for President Kennedy. He said he appreciated the opportunity to speak from the floor of the U. S. Senate but that he did not take it as a personal tribute, rather as a tribute to Canada from the United States.

Speaking of the development of the causeway at Annapolis Royal the minister said that it undoubtedly would add much to the tourist industry in Nova Scotia.

Attend A.Y. In Truro

Those representing the Digby by Allied Youth group at the annual meeting of the provincial organization held in Truro last week were Gerald Hand-spiker, Brian Robarge, Misses Bernice VanTassell, Margaret Snow and Carolyn Arnold. They were accompanied by Mrs. Eva Wendell.

About 500 delegates from the province attended and heard speakers who emphasized and demonstrated the fact that parties and gatherings could be fun without the use of alcoholic beverages. Dr. J. S. Munro, mayor of North Sydney and chairman of the sponsoring committee, urged delegates to "tell the story of A.Y. and let it spread." He forecast a bigger membership for the organization throughout Canada.

D. R. Gilchrist, secretary of the Nova Scotia Allied Youth sponsoring committee, said that teenagers must learn to play and have fun with their parents. He said parents were frightened to be with their children because they felt they were not wanted. Youngsters who let this happen, he said, "have in losing this contact with their parents, lost something very vital and worthwhile."

The meetings were held in St. Andrew's United Church hall and at the 1st Baptist Church. Guest speaker at the banquet was Dr. Watson Kirk, president of Acadia University. Also present were Premier Robert Stanfield and B. M. Fielding.

At the business meeting Miss Helen Cormier was elected president, with John Shuh, Truro, and Caryl Billard, North Sydney vice presidents. During the sessions a talent show was presented, when Miss Carolyn Arnold sang "How Great Thou Art", accompanied by Miss Margaret Snow.

Receiving the degrees will be Rev. A. Frank MacLean (above), formerly of Trinity United Church in Charlottetown and now of Chalmers United Church in Ottawa.

Mr. MacLean, who served pastorates in all three Maritime provinces for 30 years before going to Ottawa earlier this year, has two brothers in the ministry and three sons candidates.

Mr. MacLean is known in Digby County where he has relatives living in Weymouth and vicinity. He was the son of the late Daniel Hugh MacLean and Harrie Henderson MacLean, formerly of Weymouth.

Rev. J. W. Eberhart was a member of the first class to graduate from Pine Hill after the 1925 formation of the United Church of Canada. He has served at Canning for the last 10 years.

Word was received here this week of the passing of Rev. Mr. MacLean's mother, the former Harriet Henderson of Weymouth.

Freighter In Port

The Swedish freighter Skagcrack from Helsingborg, loading pulpwood in Digby, cleared port on Tuesday evening, making room for the Finnish motor ship Margareta, which was waiting off stream for the berth. The Norwegian freighter, S.S. Madsraa, from Oslo, loading pulpwood at Weymouth, left on Wednesday morning and is presently waiting for the berth now occupied by the Margareta, in order to complete her load. The Skagcrack sailed for a port in England.

Interesting Material

The Digby Courier is grateful to Miss Bessie McMullen for an article reprinted from The Sunshine Service News on the Thomas A. Edison home at Ft. Myers, which was dedicated to the city by Mrs. Edison to her death as a memorial to her husband. Miss McMullen also informs The Digby Courier that she was Mr. Edison's night nurse when he had an operation on his ear. The Courier is grateful to Mrs. McMullen for the copy referring to the great inventor who had connections in Digby and also for copy referring to Trinity Church, Digby, and of Royal personages.

Digby Co. Folk Get Together

A pleasant event took place very recently at Restaurant "Pier 21", Houston, Texas, when Mr. and Mrs. John Vernet, of Cossaboom, formerly of Tiverton but now long time residents of Houston, entertained former Digby County folks at a dinner and talkfest of old times.

Guests were Mr. and Mrs. George C. Cossaboom, of Grand Pointe Farms, Michigan (George was formerly of Digby), Mr. and Mrs. Pierre F. de Reynier, of Houston (Mrs. de Reynier was Jessie Cossaboom formerly of Digby), Mr. and Mrs. Donald R. Cossaboom, of Houston (Donald was formerly of Tiverton and Mrs. Donald Cossaboom, formerly of Halifax, Mr. and Mrs. Victor Denton (Victor was formerly of Westport).

About This and That

What To Promote

We look at our calendar of events to see what we are supposed to promote during the week of April 16th to April 22 and we find comparatively few events in relation to those of the following week or previous weeks. So far as we can see the list contains only Mother-in-Law Day, April 16. (Even the editor could be honored with a couple cards for that day); Do-It-Yourself Week, Bike Safety Week; National Library Week; National Garden Week (and all the cold and snow and wet); Free World Friendship Week; Chamber of Commerce Week; Hardware Week and Arbor Day (who said that is a day of the past?). Then, of course, in our own area we can add Music Festival Week and Cancer Campaign month.

Of all the events mentioned the most pressing is the Cancer campaign. Cancer presents one of the greatest medical challenges of the 20th century. Cancer attacks any age. So far there is no known drug that will permanently cure cancer but cancer is not necessarily a hopeless disease. The fact is that people are still skeptical and confused about what can be done for cancer. People are still unaware of the danger signals. It is therefore most necessary that a wide educational program on cancer be carried out and that money be made available for research in control and cure of the disease. We draw your attention to the appeal made by Bernard Manzer in another part of this issue of The Digby Courier.

Chamber of Commerce Week

World Friendship and Bike Safety are both worthwhile topics but we shall leave those for this week other than to draw to your attention their importance.

By the time you read this editorial the Digby Board of Trade will have had its meeting for April (or February or March) and we hope that the attendance will have been such that a Chamber of Commerce Week in Digby will be unnecessary. Our fears are that such will not be and so we continue to bring to your attention that Chamber of Commerce Week begins April 16. We hope every business man and woman in town will rush to the treasurer of the Digby Board with a membership fee. The purpose of Chamber of Commerce Week is to bring about a greater understanding and appreciation, at the local level, of the role of the Chamber of Commerce movement in developing a sense of citizenship responsibility and in building Canadian communities for the national good. It stands for good citizenship, good government and good business and you can play a part by supporting the Digby Board of Trade or whatever board happens to be in your locality.

We are living in a period of change. The rapid changes which are taking place in Europe, Asia and the rest of the world have caused and will continue to cause repercussions which will be felt in our own country. Great and rapid technological changes are affecting and will continue to affect the productive ability of a great many countries which had heretofore looked to the highly industrialized economies for things which they can now produce economically and efficiently. We find ourselves faced with an unemployment problem and are concerned about rising production costs far in excess of productivity increases.

In the face of these and other problems it is imperative that in every community there be established a strong group of community leaders. Leaders with vision to see and willingness to do the things which will make that community a living part of the necessary growth and development which must take place.

Through the provincial organization of Boards and Chambers, the unified views of community and business leaders can be brought to bear on provincial problems.

Through the national federation of more than 800 Boards of Trade and Chambers of Commerce from Vancouver Island to Newfoundland — The Canadian Chamber of Commerce — the Federal Government is made aware of the thinking of Boards of Trade and Chambers of Commerce from one end of Canada to the other.

It is not too much to say that as the Chamber of Commerce movement grows democracy becomes a revitalized and growing force in this country of ours.

Music Festival

We draw the attention of our readers to the Digby Music Festival during the coming week. Much time and effort has been put into the festival up to this point. The syllabus had to be drawn up. This is not done in any hit or miss haphazard manner. Suitable music for each age and grade has had to be chosen. A music festival has a purpose. It is planned for education, for skill and for appreciation. For this reason, the highest class of music must be chosen for highest attainment of skill and appreciation. Still, the music must be chosen to be enjoyable, to stimulate and to not be too difficult for the children. Standards will be set and will be maintained for the festival and appreciation.

The Music Festival does not mean to be a competition. It is a festival. It is a time when we can all enjoy music. It is a time when we can all learn something. It is a time when we can all have fun. The committee has not many preliminary details to attend to. They will be busy people during the festival days. In many cases the committee members make facilities participating or participate themselves. The days ahead are busy days for the committee and participants in the festival. However, their services are happily given for they know that pleasure which can be obtained both from listening to and rendering good music. Music is just another avenue through which the human can serve. The committee members of the festival are opening more avenues of service through music. The public can do its share by attending to the festival and lending its support in encouraging those who are assuming responsibility for its success.

Don't Waste It

We were just about to take exception to "Ann Advocate" in the Pictou weekly newspaper for advocating that we continue this "outdated" idea of Spring and Fall housecleaning. As for us we like the all round year idea which "Ann" doesn't like. However, this morning we found another use for Spring all-out housecleaning. Why, it's a money making game. The Lions Club, Digby, advised us this morning that shortly they'd be placing advertising and having posters done for a big auction. Bridgetown did it last year and it was a big success. Digby Lions are going to do it this year. In the meantime the "old" lady asking housewives to hold on to all these "of no value" articles they come across in the Spring housecleaning. Remember an article that is of no value to you may be of some value to someone else. Besides here is a chance to get rid of "that old thing" without hearing your conscience say "Waste not, want not." The Lions Club will arrange to pick up the articles, we understand. So hold fast to your would-be-cast-aways. The Lions Club wants them. Don't waste them.

Canadian Library Week

Just a week or so ago someone mentioned at our office that you only missed good books to read when they are not available — just like missing water when the well runs dry. Our visitor said that while she lived in Digby books seemed to be available to her through her own source but she can now readily see why some navy wives used to complain so much about the lack of a library in Digby. Our visitor continued, "I don't know what I would do now without the city library."

The importance of reading good literature cannot be over estimated. The importance of having good literature available is most important, too, for people are known to read more if the material is placed before them. In announcing Canadian Library Week, Dr. William Kaye Lamb points out that "many more books are being written, published and sold than ever before. More books are being consulted, borrowed and read than ever before. . . . Experience shows that when better library facilities are provided, the public will make use of them — will indeed, soon tax them to capacity." But a warning is added — "In spite of striking advances in many places in recent years, library facilities in Canada — public, university and special — are still far short of what they should be."

The importance of books is well stated in the endorsement of Canadian Library Week by Prime Minister John Diefenbaker on another page of this issue.

Just In Passing

"And they say we do nothing for youth in this town!" Such was a passing remark by someone around the Town Council table at the last regular meeting of the councillors. The remark was heard after the report of the Digby Recreation Commission. Often a "just in passing" remark bears more weight than a planned address. Our children are our greatest asset and are worthy of all the needed attention we can give them but who could justly criticize the town of Digby in doing nothing for youth. We too make the passing remark "And they say we do nothing for youth in this town!" A similar remark might be made regarding those who say there is nothing to do in this town. Take Thursday night of this week for instance. Right now we can think of four meetings which were advertised — Mental Health Association, Minor Baseball Meeting, Maple Leaf Agricultural Meeting re municipality tax payers and the Fish and Game Association. There is always something to do in Digby for those who want to interest themselves.

Another passing remark at the Council meeting was "It might be time to count the cost for our reputation of being the 'cleanest cleared of snow town in the valley.'" We do have that reputation and the remark was made in passing after the report for 1960 snow removal in Digby, \$3,405.11. At least it is something for people to think about before they impatiently dial the number for the streets department after the snow falls of next winter.

Talking Shop

We just couldn't imagine so much interest could be created by talking about ourselves. It reminds us of the proprietress of the new bakery in Digby when following some Easter advertising in The Digby Courier she said, "I just couldn't imagine we'd have that much business." By the way, we are very happy to see that new business doing so well and we congratulate them.

But now back to Talking Shop. One of the questions arising was "Do advertisers control your news?" Our answer is "Not one single bit." Our news columns are open to advertisers and non-advertisers alike. We draw the line only on free advertising that is dressed up to look like news. For example, we had some very nice copy this past winter about a new brand of tooth paste. It was accompanied by a sample tube for the editor. We didn't use the copy. We just couldn't imagine any tooth paste company getting all that advertising they had on T.V. free for one tube of tooth paste. So why in a newspaper? Then, for instance, if there should be a mail office in town wanting "free publicity" on some achievement of sales, etc., would it be fair for us to give it when the people who advertise would lose sales just because that name was mentioned? You can't mention any firm's name without bringing its business to the prospective customer's attention, you know. We could have loads of copy for . . . soups, . . . cereals, . . . sewing machines, . . . encyclopaedias, . . . magazines and what not all written as a feature or news story but, of course, there is no neglecting to mention the brand name. They know only too well the value of newspaper advertising to leave that out. Now smarten up, ye tourist conscious people! The latest publicity coming to the office is from a town in Maine. It is in the form of newspaper fillers advertising the merits of the town as a tourist resort. See you next week when we'll tell you why we like pictures but what they cost us in financial outlay.

Campaign Chairman

Bernard Manzer

The Canadian Cancer Society is launching its campaign for funds during the month of April. The Nova Scotia Division needs \$97,000 for its work in 1961. Our objective in Digby Municipality is \$1,750.

During the month of April a volunteer canvasser will call at every home for a donation. It will be the privilege of all to help fight cancer with their dollars.

This money will be used for research in cancer, cancer education and welfare.

Before a definite cure for cancer can be found it is necessary to find the cause. It is important to improve methods of finding cancer early. There is also the need of training specialists in the treatment of this disease. It is necessary, therefore, that new research units be set up for full time investigation in this work.

Through education the Cancer Society is aiming to acquaint everyone with the facts about cancer, and that many types of this disease can be cured if early treatment is given. This year-round program to save or prolong life is producing encouraging results. Each year more cases of cancer are diagnosed early, and treated successfully. Much has yet to be done in this field of activity and the Society requires your help to expand its efforts in that direction.

Through the Society's welfare program volunteers have their traditional place in helping the sick and relieving suffering. Women volunteers make and distribute more than 25,000 dressings in Nova Scotia annually.

Patients are visited, transported to and from treatment, supplied with sick room equipment and supplies, and helped in many other ways. Many patients in Digby county have benefited from these welfare services.

This is our opportunity to support the efforts of the Cancer Society in research, education and welfare, when a volunteer canvasser calls to all of us. Let us all fight cancer. Give now, to guard your family and yourself.

Mr. Manzer is chairman of the campaign.

Old Map Marks Home

According to a map printed in 1861, property near the Joggins Bridge is marked as belonging to William Edison. The map is one owned by Mrs. Curtis Porter, Hill Grove, formerly Laura Bell Savary. The map was originally the property of Alfred Savary, Judge of the County Court and former federal member for Digby. The map was given to Mrs. Porter by her father, John Dean Savary.

Interest in the map has again been aroused because of the interest created in the story of restoring the Edison property belonging to relatives of Thomas Edison, the inventor. The map of Mrs. Porter is made in minute detail showing every business establishment, public places, churches, homes, etc., with names. The map includes the whole county of Digby.

Mr. Preston Harris, Acadiaville, a man past 80 years, has advised this newspaper that he knew of a William Edison, colored, who lived across the road from where the New Conway school now stands. The family consisted of his wife, Charlotte, a daughter, Coellia, and two sons, Joshua and Ned. The daughter married Mr. Harris' brother.

Stories of Edison families are being stirred up to throw some light on Edison properties in the Digby vicinity and to clarify the site of the property of John Edison, great grandfather of Thomas Edison the inventor.

The story of restoring the John Edison property has brought to the mind of Mrs. K. M. Hankinson, Weymouth, a Bible which she had found in a house on the now Savary property near the Joggins Bridge.

At the time the property was unoccupied and the house open to easy access. Mrs. Hankinson, then a teenage girl,

Miss Eleanor Wallis, Mrs. Jack Castle, then Patricia MacPhee and Mrs. James Christie, then Mildred Raymond, decided while on a hike to explore the old house. They found a Bible bearing the name Renee Edison. Miss Wallis had written to Thomas Edison and had a courteous reply from Mr. Edison's secretary who stated that Mr. Edison was quite interested and her letter would be answered by Mr. Edison when he recovered from an illness. Unfortunately, the illness caused Mr. Edison's death, as Mrs. Hankinson recalls.

If Burning, Burn Early

Nova Scotians planning to burn brush or trash near woodlands are warned by the Department of Lands and Forests to do their burning as early as possible or they may not get a chance to light their fires until after the middle of June.

Urging that the brush and trash be burned as early as possible prior to April 15, Lloyd S. Hawboldt, director of extension for the department, said if conditions warrant, the issuance of burning permits may be discontinued from the first of May until the middle of June. This could apply to all except industrial burning which includes burning of blueberry culture, he said.

Although general country-side conditions at this time are not suggestive of any great danger from forest fires, it does not take long for the overwinter trash to dry out Mr. Hawboldt said. The accumulation of dead grass, twigs and leaves provides highly combustible fuel material and the fire hazard it poses especially dangerous during May, lasts until the new growth comes out.

Many people, each year, leave spring burning until late April or May, he said.

Bush and trash fires have ranked as the third major cause of forest fires during the past 10 years and because they often are lit near buildings, homes and barns have been lost and livestock have perished. Last year 57 fires were caused by the spring cleanup.

The department also cautions blueberry growers in their operations.

Fire breaks should be established before burning blueberry fields and men and equipment should be on hand to meet any emergency.

Blueberry fields should be burned as early as possible — the longer it is put off the greater are the chances for the fire to run out of control and also the drier the conditions the greater the possibility of doing damage to the blueberry plants themselves.

Under the Department of Lands and Forests Act a permit, issued by a Forest Ranger, is required between April 15 and October 15 for the burning of slash, edgings and trash within 990 feet (60 rods) of any woods. This also applies to burning for the purpose of clearing land or similar reasons within the same distance from wooded areas.

VOLUME LXXXVII, No. 34

General Tax
Rate Down,
School Rate Up

The town of Digby has set the tax rate for 1961 at \$3.28. This is an increase of eleven cents on a hundred dollar assessment over 1960. The rate was struck at a special meeting of the Town Council on Friday night.
The increase in rate over the \$3.17 levy of 1960 came in the school tax. Actually, it was learned that the general tax rate for the town was decreased from \$2.08 1/2 to \$2.01 1/4. The school tax increased from 1.08 1/2 in 1960 to 1.26 1/2 in 1961.
Total expenditures for 1961 have been estimated at \$161,076.22. The total net assessment is \$3,860,260, which will yield \$2,882,233 from real and \$33,623.60 personal property. It is expected, at the new rate of \$3.28, that the town will yield \$1,700. Expected revenue other than taxes, \$288,353.99. Estimated to be collected from parking meters is \$3,300. Grants are expected to bring \$21,084.22.
Of the estimated expenditures, \$18,836.27 is appropriated for education; \$10,725.00 for social welfare; public works, \$19,520; protection to persons and property, \$20,680; health, \$6,500; joint and special expenditure, \$9,795. Total estimate for debt charges is \$22,815.00, which includes \$14,730.00 for school debt retirement.
Current taxes paid before May 31, 1961, will have allowed a discount of two per cent. After July 31st an interest charge of six per cent will be charged.

Made Honorary
Member

Hon. E. C. Plow, Lieutenant Governor of Nova Scotia, has graciously accepted an honorary membership in the Digby East Fish and Game Association according to a letter read at the regular meeting of the association held at the Fire Hall (Cannon Banks) on Thursday night. The Hon. Mr. Plow is looking forward to attending a meeting in the near future.

The Digby East Fish and Game Association is building a new lodge at Haynes Lake. It was decided on Thursday evening that the lodge would be called Defaga Lodge, using the last letter in each word in the name of the association and pronounced De-Fa-Ga. The name of the lodge also happens to resemble an old Indian word (Defaga), which means Good Fellow or Good Sport. The appropriateness was noted since the motto of the Digby East Fish and Game Association is Be A Sport.

Consider VON
Expansion
Program

Miss Laura Wall, district supervisor V.O.N., and Miss Valerie Squance, nurse-in-charge at Digby, were guests at the Smith's Cove regular meeting of the Women's Institute held at the home of Mrs. O. F. Woodman on Thursday. Miss Wall, in briefly addressing the women, told how the V.O.N. had originally become organized, what the program consists of and that some of the service undertaken at one time is now carried on by the Public Health Nurse.

Miss Wall's and Miss Squance's visit on Thursday followed deliberations by correspondence in regard to extending the service of the Digby Association to include Smith's Cove. The Digby association had contacted the Institute regarding the matter and the Institute had also approached other organizations in the village regarding the service. Miss Wall felt that the service would have to be set up more or less on a six months experimental basis, otherwise it would be difficult to know whether the people needed the V.O.N. and whether or not the people wanted the service. It was further suggested by Miss Wall that should Smith's Cove affiliate with Digby a proposition might be worked out to assist in fund raising. A representation from Smith's Cove, will, it is felt, attend a regular meeting of the Digby V.O.N. local association.

The regular business meeting was presided over by Mrs. Aven Sanford. Mrs. Gordon Landers introduced the guests. Mrs. A. McLean was secretary.

Extensive Clean
Up Campaign

At the regular meeting of the Fire Department held recently Chief Humphrey reported two alarms for February, one being a chimney fire and the other an out of town call. No damage was reported in either case.

A financial report of the Fire Department was given by the Secretary, however, this was not complete as there were some outstanding bills to be paid. A final statement would be made at the next meeting.
It was recommended by the meeting that painting of the front of the Fire Station be considered and that if the paint was available that the department would see that the work was carried out. An inquiry into obtaining letters for the front of the building is being made and an effort being made to have these ready when the front is painted.

A committee is expected to give a report on a new body for the recently purchased equipment truck by the department. Plans and quotations are expected at this report at the next meeting.

Many of the members of the department were absent from regular meeting and were playing hockey with the department team at Yarmouth in a home and home series. It is not certain just who won the trophy in this series. The local team claim they did, at

Special music will be provided by the Hill Grove young people.

A Junior Choir has been started at the Hill Grove church with Mrs. D'Arcy Roop as director. The choir meets for practice on Friday afternoons.

Protest Date
Tax Interest

A resolution voting a protest against the action of the Digby Municipal Council in imposing an interest charge on current taxes unpaid as of June 30 of the current year, was passed at a meeting of the ratepayers of the municipality held at Conway last Thursday. A copy of the resolution was ordered to be forwarded to the warden and council of the municipality bearing a further request that the council take immediate action to void interest charges on current taxes after June 30 and change the date to not earlier than October 30 before interest charge is made on unpaid current year taxes. Should the council not take action in regard to the interest as requested plans were made at Thursday's meeting to go in mass before the May session of the council. It was decided to have an appointed spokesman to present the case of the ratepayers to the council.

To Keep
Struggling

Because of matters of importance which might require the attention of the Digby Board of Trade, those who arrived at the Town Hall last Wednesday night expecting to attend the regular Trade Board meeting decided that the present was no time to disband the Digby Board. Two important matters needed immediate attention. They were the Bay of Fundy Ferry service and the Apple Blossom Festival princess sponsorship.

Despite the fact that it was impossible to conduct business because of a lack of quorum on Wednesday evening, the president, John Nichols, advised the secretary, Mrs. M. P. Gott, to write the Mayor of Saint John, Harry L. Ford, asking that a delegation from Digby might be present when the Saint John Council and the Annapolis Valley Affiliated Boards of Trade meet with the Canadian Pacific Railway officials in regard to a ferry service across the Bay of Fundy from Saint John to Digby.

Rough Jayne, chairman of the Apple Blossom Committee for the Digby Board of Trade, last year was asked to pursue the possibilities of sponsorship of a princess for the present year.
Seven were present for the meeting on Wednesday but this number did not constitute a quorum. On other occasions weather and general disinterest seemed to have the same result on attendance. It was considered that there was a possibility that the Digby Board would be forced to discontinue this year marks the 60th anniversary of the Board of Trade in Digby and Mr. Nichols expressed deep regret that such profound disinterest should be shown this particular year.

Former Digby
Co. Woman Dies

Mrs. Alfred Deveau, 48, of Aldershot, died in hospital at Perwick, St. John's, on Monday night from injuries received two hours earlier in a highway accident.

Her husband was also taken to hospital, but was expected to be released later this week. The car in which they were driving was involved in a collision with a car driven by 16-year-old Bernard Harty at an intersection near Woodville Corner.

Mrs. Deveau died about half an hour after she was taken to hospital.

One of the two passengers in Harty's car was also taken to hospital, but was released shortly after.

An inquest into the accident was adjourned until April 24.

Born at Church Point she is survived besides her husband, by her father, Lawrence Belliveau, Church Point; daughters, Mrs. Angus Comeau, Boston, Mrs. Louise Zwicker, Sackville, Mrs. Yvonne Schofield, Star's Point, and Shirley, at home; four grandchildren; a sister, Mary (Mrs. Gerald Saulnier), Weymouth; brothers, Roger, Boston, Gustave, Bridgetown, William, Montreal, Dennis, Digby, and Louis, Aldershot.

Funeral service will be held from St. Joseph's Roman Catholic Church, Kentville, to day at 9 a.m. Burial will be in the family plot, Holy Cross cemetery.

Princess Helene
Not Off

Due to unforeseen circumstances it has been learned the CFS Princess Helene will postpone her entering dry dock indefinitely.

This ship, which operates daily, except Sunday, between Saint John and Digby, was scheduled to enter dry dock this weekend and would have been out of service until May 8th.

Prayer Book
Century Old

Miss Susie Winchester, Town Bridge, brought to The Digby Courier a Common Prayer Book of the Anglican Church printed in 1836. The book was given to her great grandfather, James H. Roope, on July 27, 1860, by I. C. Edison. The Prayer Book had been handed down to Miss Winchester's father, the late James Roope Winchester. The Winchester family are connected with the Edisons and Roops by Marcellus Edison (relative of the inventor Thomas Edison) marrying Susanna Roope, daughter of Jacob Roope, who was the first Sheriff of Digby County.

The Prayer Book contains the order of service and the Psalms for singing, with as high as 72 stanzas or more in some of the Psalms.

Eleventh Annual Digby To Have
Music Festival Minor League
Baseball

Stars of the eleventh annual Digby Music Festival will participate in a concert to be held at the High School Auditorium tonight. This is the customary festival closing concert when participants are chosen both for the excellence in performance and also with the purpose of making a concert of variety and enjoyment.

The festival will continue on Monday morning with opening remarks by the president of the Festival Committee, Rev. Lorne Nethercott, Weymouth. Mr. Nethercott, in welcoming the parents and visitors, expressed the hope that they might be inspired by listening to the music and that those participating might get help and inspiration.

His Worship Mayor V. G. Cardoza extended greetings to the festival and remarked that the festival was serving a good purpose in endeavouring to advance music appreciation and ability in the town and county of Digby. He paid tribute to those who worked so ardently during the months preceding the actual days of the festival. It was on November 30, 1949, when plans were first laid at the County Council of the Home and School Association to have a Music Festival for Digby County. Mr. Cardoza said he was happy to realize that he had a part in those plans.

Fund Raising
Chief Topic

Chief topic of the Digby Branch Canadian Mental Health Association, held at the Psychiatric Clinic rooms on Thursday night, was the matter of fund raising. Dr. R. A. Armstrong, in charge of the clinic, gave an estimation of the funds needed by referring to the previous year's expenses. Apart from the salaries, which are paid by the provincial government, after September of this year, expenses for running the clinic will be raised by the Association. Based on last year the expenses will run in the vicinity of \$157,775. Andrew Crook, Halifax, executive director of the Nova Scotia Division Canadian Mental Health Association, gave suggestions on conducting a campaign and gave an estimation of funds needed to meet the Digby share of the national obligations. A campaign manager was not named but a committee consisting of Dr. R. A. Armstrong, Mrs. E. A. Ferguson, Weymouth; V. G. Cardoza, Digby, and Greg Gilliat, was named to investigate possibilities for a manager and methods of campaigning.

Fourteen members attended the second meeting of the group on Thursday evening. Furthering a wider range of representation the following were named to the executive: Elton Arnold presided over a sing song. It was decided to make the May meeting a ladies' night.

About 33 were present. The meal was excellent and a happy time was had by all.

Rev. E. C. Iwain, of Weymouth, was the guest speaker.

To the left (above) is Hon. W. S. K. Jones, Minister of Public Welfare who spoke at the conference. Also specially deficient children were discussed. The king was F. R. MacKinnon, deputy minister of Public Welfare, who discussed the adoption, child neglect, foster home finding, delinquency and the umbrella of the child welfare division. Recent legislation regarding mentally retarded children was studied noting that obsolete terms for mental deficiency had been replaced by three degrees of "mentally retarded".

About This and That

No Decision Has Yet Been Made

"No decision has been made in regard to the C. P. R. using this town as a ferry terminal. The project would be extremely costly and 2 or 3 trips a day would be necessary if it were to be profitable." That was the statement made in a news story which appeared in the Annapolis Spectator and the Bridgetown Monitor last week. The town referred to was Annapolis Royal. We weren't too sure what to entitle this editorial, the one we have entitled it or "Yolpin Blue Murder!" One of the pressing questions to have come before the Digby Board of Trade which was to have been held Wednesday night was about the C. P. R. ferry. Unfortunately there wasn't a quorum. The remark we heard was "The very ones who go 'yolpin blue murder' about nothing being done regarding the ferry are not here. We do congratulate the officers of the Board for going ahead on their own in requesting a place at the meeting when the Saint John Board meets the A.V.A.B. of T. in Saint John regarding the Bay of Fundy ferry service. No doubt the C. P. R. officials will make up their own minds about the ferry. They can scarcely be pushed, nevertheless, an active Board of Trade with a large representation from the business heads of the town showing interest might make a successful impression.

Just what kept the Board of Trade members otherwise occupied on Wednesday night we do not know. We know there were several smaller group meetings in town and had the meeting been on Thursday night there definitely would have been an excuse. The Board of Trade members on Thursday night could have been involved in all or any of the meetings including minor baseball, hockey banquet, Kiwanis, Fish and Game, Mental Health, a tax payers meeting or probably others.

Even though we wrote about Board of Trade or Chamber of Commerce last week, we think the organization important enough to mention the second week. In fact, the Board of Trade should be one of the most important and thriving organizations in any town. Progress of a community oftentimes reflects the proportionate zeal and zeal of Trade Board members of that community. Each and every person in the community can benefit from the success of the Board or they can be deprived by its failure. On the other hand, the success or failure of the Board is also depending on the interest and concern of those same people.

We understand that serious thought has been given to dissolving the Digby Board of Trade. Would this be the time for such a thing to happen? We are not asking that question, because this is Chamber of Commerce Week or because this year is the Digby Board's financial jubilee. These are but promotional schemes to look at themselves. Whether our people are disappointed or not at the end of the year and every year for the next 50 years is important still. Think it over.

Digby Princess

Another matter which should have come before the Digby Board of Trade on Wednesday night was whether or not the organization would sponsor an Apple Blossom Princess. The Board of Trade with financial assistance from the town has usually taken care of this matter and time is fleeting. Boards of Trade are known to be promoters of tourism and entering a princess in the Apple Blossom Festival draws a certain amount of publicity toward the town. Particularly is this so when the princess is fortunate enough to be chosen queen as has happened on several occasions.

It is in the interest of the town as well as a personal achievement and honor for the princess to be chosen queen. Every assistance toward that end should be given to a princess who enters the contest. If the princess is not supported in encouragement in coaching, etc. by those she represents it can hardly be expected of opposing elements to do it. They are busy supporting their own. Truly there is a committee or a chaperone or someone qualified to instruct and advise the contesting princess and while young girls are not expected to have all the poise and graces in the world, it is surprising how quickly they can adjust and "catch on" to meet the circumstances with a bit of tutoring and especially with encouragement. All too often, we fail to let the princess know we are interested, that we are rooting for her. Just a few telegrams or other messages of best wishes, success and encouragement can make the difference in confident poise or not. We can help at the attempt to bring honor to Digby by a few thoughtful and kind gestures towards a Digby princess if one is sponsored.

Talking Shop

It is comparatively easy for this newspaper to get pictures of worthy-of-picture events in the town for the editor can grab a polaroid and slip out in a few minutes to get what is needed. It is a bit different with villages not so near to the editor. Here the editor must depend on the correspondents to get pictures from families or friends or advise the editor beforehand if there is an occasion requiring a picture. We want to remind our correspondents that we welcome pictures from the villages when a story warrants such. For instance, Uncle John or Aunt Jane might be 90 or 100 years old next month. How about having a picture in advance so that it can be published along with the account of the birthday? There are not so many occasions in the villages for pictures as their are in the towns but quite frequently important events pass by without the proper attention through pictures. We like pictures. They tell a story so readily. They attract the readers attention to a particular event. They dress up the paper; not only the front page but they also attract attention to the inside pages where our customers have advertising. And right here, we might also mention that real pictures of real people make the best kind of advertising and in some places this type of picture is used in commercial advertising of products in newspapers. It might be worth a try sometime.

Now after encouraging our correspondents to send us pictures we are going to turn around and tell you what they cost. We do this as it was just a week or so ago someone town town was amazed to think that they cost us any more than the film and bulbs. Sad to say, we are not in a position to do our own engraving and so the cuts we use in printing the paper are made by a firm in Halifax. We send them the picture and they prepare the cut of the same for the paper. The cut can be made any size we wish from any size picture but the cost varies with the size of the cut and not the picture. A one column width cut cost approximately \$1.00, two columns about \$7.00 and three column about \$8.00. These prices vary with the length of the cut. We expect to have to spend money to improve the paper but our garments must also be cut according to our cloth and in using pictures is one area where we must carefully watch the cloth. It is for this reason that we make a charge for wedding and engagement pictures. Weddings and engagements happen somewhere in the county every day. It can readily be seen that to print a picture of everyone would soon cut the garment bigger than the cloth. So that no one is offended we make the charge. We also like good pictures and pictures that depict important occasions to make the expense worthwhile but WE LIKE PICTURES.

Motor Vehicles & Power Lines

Do you know that a vehicle coming in contact with a broken power line can spell disaster for the occupant? Should your car come in contact with broken power lines here are a few simple rules to observe:

1. Never make yourself part of an electric circuit between a live wire and the ground.
2. You are perfectly safe from electrical shock if you remain in your car.
3. Wave others away who stop to help. Ask them to phone the Power Company and the police. If you must leave the vehicle jump completely clear so that your body does not touch the car and the ground at the same time.

Dig The Digby Dip

Dips are always popular at a party. In fact they're a welcome addition to almost every kind of social gathering. A tasty one which doubles as a pancake filling is the Digby Dip, so called for its most distinctive ingredient, Digby Chicks.

For the uninitiated, Digby Chicks are herring fillets which have been salted and then smoked to a rich deep brown color. They are full flavoured and inexpensive.

DIGBY DIP

- 1 1/2 large chick
- 1 large onion
- 1 1/2 pint dairy sour cream

Chop herring, onion and pickle as finely as possible, then mash together with a fork to form a thick paste. Blend in cream gradually until a smooth mixture is obtained. Serve as a dip for chips or make thin pancakes, blintz or crepe style. Just before serving, spread each pancake with a tablespoon of the mixture and fold over.

How about working it into menus for tourists?

Not For Us, Either

We at The Digby Courier are in full accord with the Ridgefield Press of Ridgefield, Connecticut. In our editorials, our news, our conversations, we are in accord with their policy when they say "Don't use big words. . . . In promulgating your esoteric cogitations, or articulating your superficial sentimentalities and amicable, philosophical, or psychological observations, beware of platitudinous ponderosity. Let your conversations possess a clarified consciousness, a compact comprehensibility, coalescent consistency, and a concatenated eugency. Eschew all conglomerations of flatulent garrulity, jejune babblement, and asinine affectations. Let your extemporaneous descantings and unpremeditated expatiations have intelligibility and veracious vivacity, without redemptive profundity, pompous prolixity, sectaceous vacuity, ventriloquial verbosity, and grandiloquent rapidity. Shun double entendres, purulent jocosity, and pestiferous profanity, obscurant or ap parent."

"In other words, talk plainly, briefly, naturally, sensibly, truthfully, purely. Don't use slang; don't put on airs; say what you mean; mean what you say, and avoid big words."

PROTEST DATE

(Continued from page 1)

Approximately seventy-five, including one municipal councillor, Walter Wood, Barton, attended the meeting. Imposing a six per cent interest charge on delinquent taxes was not opposed by the gathering. It was noted that the people of the municipality are in large part farmers, fishermen and people in the tourist industry and in view of the fact that these people depend on the summer months for a large part of their cash income for the full year, and that in many cases it is impossible for the people to find the money to pay taxes before the fall season.

Since Thursday's meeting it is understood arrangements have been made with Walter, Ronald Morehouse to meet the council on Monday, May 1, in the afternoon. Digby municipal ratepayers have been advised of the appointment.

The question of interest on taxes as imposed by the municipality first was made a public issue at a meeting of the Maple Leaf Agricultural Society held at Conway on March 20. It was at the time decided to call such a meeting as that of Thursday night. It was noted at that time that an assistant tax collector for the municipality had been appointed in the person of Frank Miller, Smith's Cove. It was understood by competent authority that Mr. Miller had resigned his position within a month from appointment according to expression of opinion at Thursday's meeting. A decision to appoint an assistant tax collector instead of individual collectors for each district was planned at the municipal council meeting in January. Delinquent taxes at that time were reported to have been in the vicinity of \$100,000. It was also at the January meeting when the imposition of interest on taxes was passed, which is causing the protest at the present time.

In general discussion at the meeting particular items in the municipal financial statement were reviewed. Methods of handling the tax situation in other municipalities were

presented and a general discussion on matters within the municipality ensued. These included the matter of municipal taxpayers being given an opportunity to share in any business which might be forthcoming from the municipal government and the matter of vacant school buildings not being permitted to be used for community purposes such as libraries or other cultural purposes. The general impression was that one or two such meetings of the taxpayers during each year to discuss municipal affairs would be beneficial to the taxpayers and the municipality in general. The meeting was brought to order by Lloyd Jefferson.

Why should you remember cancer's warning signals, and have a health checkup every year?

You should, because by so doing, cancer's toll could be reduced.

Remember cancer's warning signals, there are seven:

1. Any sore that does not heal, particularly about the tongue, mouth or lips.
2. A lump or thickening in the breast or elsewhere.
3. Unusual bleeding or discharge from any body opening.
4. Persistent indigestion or difficulty in swallowing.
5. Any change in shape, size or colour of a mole or wart.
6. Persistent hoarseness or cough.
7. Any change in normal bowel habits.

If your warning signal lasts longer than two weeks see your doctor at once.

It may not mean that you have cancer. But if it should, remember - many cases can be cured if treated in time. Early discovery leads to recovery!

He said in his talk that tight economic conditions and increasing competition were factors detrimental to the success of retail cooperative stores.

Vernon Rice, field director for Maritime Cooperative Services, Moncton, spoke on merchandising and stressed the need to concentrate on effective merchandising to meet competition.

It was decided at the meeting to continue to concentrate on the retail store operation and the purchase of seed, fertilizer and farm supplies instead of attempting to develop marketing services through the cooperative. Because of economic conditions it was decided to refrain from expansion for the present time.

In preparation for the coming Clean-up campaign a committee volunteered for this purpose and have had one meeting to draw up plans for this annual fire prevention event. It is the feeling of this committee that considerable effort should be put into this campaign this year and that if necessary drastic measures taken to reduce fire hazards in the town.

To Be Honored

Two prominent engineers will receive honorary degrees, doctor of engineering honoris causa, at convocation exercises of Nova Scotia Technical College May 10, acting president, Dr. G. H. Burchill, announced. Receiving degrees will be Rev. W. E. Jefferson (above), retired chief engineer of the Maritime Telegraph and Telephone Company, Ltd., and J. R. Kaye, P. Eng., senior partner, Engineering Services Co., Halifax.

The convocation will be held in Dalhousie gymnasium. Mr. Jefferson, 69, a native of Moschelle, Annapolis County, graduated from the college in 1915 and taught at Mount Allison University and University of King's College before joining the telephone company in 1921. He held many positions with the company and was responsible for planning and engineering many of the early dial systems in Nova Scotia. He developed a special telephone set to communicate with the entombed men at the Moose River mine in 1936 and supervised arrangements for sending telephotographs of this event, the first time this was done between Canada and the United States.

For many years during his engineering career Mr. Jefferson took a keen interest in theology and attended classes at King's College when time was available. He was granted a year's leave of absence in 1953 prior to his retirement and this period was used to further his theological studies. In April, 1953, he was ordained a deacon in the Anglican Church and later in the year was ordained a priest and assigned the parish of Granville Ferry.

The car for people who like boats
A Volkswagen will cost you a thousand dollars less than most conventional cars, and half as much to run. You'll save enough to buy a boat and trailer. (Or a trip to Europe, or the best part of a backyard pool.)
The car you'll get to go with it is designed and built to meet the needs and fit the pocket of the average family. Big enough for two adults, three growing kids and luggage. Small enough to park where other cars can't.
Because we don't believe in costly style changes, we can build more quality into the car. A VW doesn't date and it doesn't deteriorate. It just keeps running around, year after year, looking as up to the minute as the ones in the showroom.
You can expect to get 38 miles from a gallon of gas under normal driving conditions. You'll never need oil between changes.
You can cruise all day in the sun, or dawdle for hours in the jam. The Volkswagen can't bail over because its engine is air cooled. It's far from unusual for a Volkswagen to go 60,000 miles without a major repair.
If you'd like to buy a boat (or anything else) for a thousand dollars, see your Volkswagen dealer. He'll show you the car that will raise your standard of living.

Fisheries Important

R. E. Matthews, of Toronto, President of the Fisheries Council of Canada, told nearly 300 industry leaders that plans are being put into action to have the fisheries play a much more important part in combating hunger around the world.

Speaking to the 16th Annual Meeting of the Council, Mr. Matthews said it was probably hard for Canadians, living as they do in a land of plenty, to realize that a great number of people in the world today are only half fed, or in dire need of protein foods.

Citing figures compiled by North American fisheries experts, Mr. Matthews said it took about a million years for the first billion human beings to appear on earth but only 100 years to double that number. Another doubling of the population to four billion is expected by 1980.

Two-thirds of all human beings are underfed, Mr. Matthews said. The minimum number of calories required daily for the average human is 2550. Before World War II the average ration was 2380; in 1950 it had fallen to 2260. Mr. Matthews said it had been found that the ocean is as fertile as the best farmland and it was apparent that scientists were looking to the sea to nourish the world's increasing numbers.

The President of the Fisheries Council, dealing at length also with the domestic situation, said the continuing low per capita consumption of fish still has to be overcome and said there is an urgent need to educate the Canadian consumer about the advantages of eating protein-rich Canadian fish and shellfish products.

Mr. Matthews called for the immediate removal of the 12-mile restriction on large Canadian fishing vessels "as more and more nations are turning to the North Atlantic to find food for their expanding populations and it is only right and proper that Canadian fishing vessels should not be barred from waters which are open to foreign vessels."

Later, the subject of the 12-mile limit also was raised in an address by Federal Fisheries Minister J. Angus MacLean.

Said Mr. MacLean: "Section 55 of the Fisheries Act - the provision which prohibits large Canadian trawlers fishing inside a 12-mile zone off the Canadian mainland Atlantic coast - has been in the legislation for many years. It is, I think, unnecessary for me to review the historical background of the legislation and the bitter controversy which was generated about the use of trawlers in inshore waters, because I am sure these aspects are familiar to most of you. I do wish to say, however, that during the past three years careful study has been given to finding a solution to the problem which would make it possible to propose an amendment to Section 55 of the Fisheries Act."

Mr. MacLean added that he was hopeful that "before the current session of Parliament is over I shall be able to introduce an amendment to the Fisheries Act which will bring about a greater element of justice to the situation in which a number of Canadian trawler operators find themselves as compared with foreign trawlers, and yet at the same time protect the rights and interests of inshore fishermen in smaller boats."

Assessment Course

A three-year correspondence course leading to a certificate will be offered to assessors in Nova Scotia this fall. Dr. A. E. Kerr, President of Dalhousie University, announced that the organization of this course, with active cooperation of the Department of Municipal Affairs, has been completed by the University's Institute of Public Affairs.

Hon. N. Layton Fergusson, Minister of Municipal Affairs, pointed out that the importance of assessment function in municipal government has led to an increasing demand for fully-trained assessors. "We believe," said Mr. Fergusson, "that this course will enable many assessors to add to their present skill and experience and thereby benefit municipal bodies throughout Nova Scotia."

The course will be completely new and adapted to Nova Scotia conditions. Besides dealing with valuation and assessment, it will give assessors general knowledge about the historical and general background of municipal government, an introduction to municipal law, the assessor's place in local government, legal aspects of assessment, local government finance, and a review work."

VOLUME LXXXVII, No. 35

Celebrates 99th Birthday

Mrs. Edward M. Potter, Deep Brook's Grand Old Lady, was 99 years "young" on Saturday, April 22, 1961.

Mrs. Potter celebrated her birthday on Friday evening at the home of her son-in-law and daughter, Dr. and Mrs. Allen Purdy, Deep Brook, with her three children and other members of her family present.

Mrs. Potter was the recipient of three birthday cakes, flowers and other gifts. Cards were received from all parts of Nova Scotia, Ontario, Florida, New York and other points in the U.S.A.

Mrs. Potter was the former Scaphine Berry, of Walpole, and was born in 1862, eldest daughter of Thomas Charlton and Mary Esther (McCaig) Berry. She was married to Edward M. Potter, youngest son of David and Elizabeth (Raeon) Potter, Clementsvale. A decade or so ago she moved from her farm in Clementsvale to live at "Hay Crest Farm", Deep Brook, where she now has her own apartment in the home of her grandson, Robert A. Purdy, Jr.

She enjoys good health and when the weather is fine, walks a good deal, to visit her neighbours. She is a popular member of the Sewing Circle and is said to be one of the best with needle and thread. Her long life might well be attributed to hard work and plenty of it.

Recently Mrs. Potter spent a day and evening at a neighbor's home working on a quilt for the "Neighborhood Club, 'Grannie Potter', as she is known to many, is as alert mentally as she is active physically. She is interested in conversation and has a wonderful memory for names and dates of events.

Mrs. Potter's children are Stewart Potter, Clementsvale; Mary (Mrs. Manning Potter), Meadowsdale; and Winifred (Mrs. Allen Purdy), Somerville, Mass. She also has 16 grandchildren and 29 great grandchildren.

Her husband died in 1937, and two sons, David and Roland, in 1921 and 1914, respectively.

Have Supper Meeting

The Earn and Give group of the W.A. of Grace United Church, Digby, provided a supper for the combined groups at the church hall on Tuesday evening. The supper was followed by worship led by Mrs. A. J. Dillon, assisted by Mrs. Emerson Graham and by business, presided over by the president, Mrs. Elton Arnold. The evening closed with a parcel post sale by the Earn and Give members.

It was reported at the business that redecorating had been done at the parsonage under the convenship of Mrs. Reginald Holdsworth.

An expression of sympathy was sent to Mrs. Jas. Brooks, Scotsburn, Pictou Co., whose brother passed away recently in Moncton, N. B.

Polio Clinic Tonight

A large crowd is expected to attend the Polio Clinic at the Digby Lions Hall tonight to receive booster inoculations. It is learned from reliable sources. According to the number who received two and three polio inoculations at the clinics last summer, there should be a busy evening for the doctor and volunteer nursing staff. This clinic gives those who had the inoculations last year an opportunity to complete the series by the necessary booster dose. The clinic is from 7 to 9 p.m.

Dedicate Organ

The newly acquired organ at the United Church of Canada, Smith's Cove, was dedicated on Sunday afternoon by Rev. Stuart Russell, minister of the church. During his sermon Mr. Russell said that some might wonder why an organ which had already been dedicated in another church should be dedicated again. He said that it was not so much dedicating the organ as dedicating ourselves (congregation) as a body of believers to God and might come closer to God and recognize Him in fellowship with others and by using the instrument of music. Worship, the speaker said, makes recognition of God, that there is a God that matters and is real; it is recognition of brotherhood, the fact that the church arises out of the need of man to express himself in fellowship with others; it is also recognition of ourselves, by coming to God in worship man becomes enlightened and his way of life is moulded. Man becomes convicted and sees himself as he is and why Christ went to the Cross for mankind, Mr. Russell said.

Taking part in the service was Grace United Church Choir, Digby, under the direction of Elton Arnold and with Miss Carolyn Arnold presiding at the organ. The choir rendered three anthems as special selections. Mrs. J. J. Wallis, church organist, was in charge of securing special music for the dedication service.

The organ was purchased by the Woman's Auxiliary of the church from the Smith's Cove Baptist congregation, who recently purchased a new electric organ.

Three hundred and forty dollars was realized at the St. Patrick's card party and Penny Sale held at the Church Hall on Wednesday evening for the benefit of St. Patrick's Convent Graduation.

Mr. Alvie Titus, Centreville, won the pink stole and the door prize went to Mrs. True-nan VanTassel.

Conveners were Mr. and Mrs. Dennis Saulnier and Mr. and Mrs. Carl Winchester.

Everett Again Heads League

The annual meeting of the Digby Industrial Hockey League was held at the Digby Fire Station on Tuesday evening, with a good attendance.

Arthur Everett was elected president for the second consecutive year. Other officers elected were: vice president, Lawrence Hayden; secretary, Murray Baxter (re-elected); treasurer, Wellington Halliday.

The league enjoyed a good year with all bills paid and small balance left on hand, it was reported.

Operating as a five team league last year, the Industrial Hockey League is considering the possibility of expanding to a six team league for the 1961-62 season. A number of junior players will be added to each team.

It was reported that two additional trophies will be offered for annual competition, bringing the number to six.

In order to maintain interest it was decided to continue league meetings during the summer.

Offers Swimming Pool Facilities

Jack Nichols, president of the Digby East Fish & Game Association, offered the facilities of the swimming pool at Haynes Lake for children when addressing the Digby Kiwanis Club on Thursday, April 13.

In tracing the growth of the Digby East Fish & Game Association during the past seven years, Mr. Nichols told of the lodge building project last year when they purchased land and also had a donation of fourteen acres from H. M. Warne at Haynes Lake. The lodge, made of logs, is 70 x 30 ft. and is completed except for the fireplace.

The project to be attempted this year by the association is a swimming pool for the children. The pool will be a closed, in area at the lake made by a u-shaped wharf. The pool will be a safe depth for younger children and will be protected from operating boats. Mr. Nichols said the facilities of the pool would be open to the Kiwanis Club for the children if they would arrange transportation for the children. In former years the Digby Kiwanis Club maintained a swimming pool at the Racquette but it is understood that because of possibility of undermining the bridge this project had to be abandoned. Signs are being erected by the Digby East Fish & Game to mark the route to their lodge at Haynes Lake.

Camping facilities at the lodge grounds have also been offered to the Boy Scouts.

Questioned on the success of the pheasant project, Mr. Nichols said that the first three years in the developing of the project were most successful. After an incubator was installed and they decided to raise their own chickens the effort proved a failure.

Mr. Nichols was introduced by Charles McBride and thanked by Karl Young.

Career Day

Some thirty persons, representing businesses and professions were at the Digby Regional High School on Wednesday to address more than six hundred students and the teachers when Career Day was held.

Attending the meet was John Ross, Halifax, of the Guidance Division of the Provincial Department of Education, who gave a general talk on the necessity to choose the right career. He stressed the need to choose a career which will be of service to others, which will bring happiness and welfare to others and to oneself. Skilled training was advocated by the speaker as a boon to employment. He urged the students to seek out the career to which they were suited, prepare for it and then to get established. Mr. Ross was introduced by Mrs. Eva Wendell, Guidance Teacher at the Digby Regional High School. The program was chaired by Clinton McInnis, principal.

Further account of Career Day will be published in next week's issue.

Turn To Dial June 4th

The large extension to Digby's Telephone Building is being equipped with the complex installations required for a modern dial system and the enlarged Long Distance Centre to serve Digby and its surrounding exchanges. Installation work is progressing on all three levels of the new building with power and batteries on the lower level, dial equipment and long distance equipment on the first level and the switch board on the top floor. It is expected to require another month of work before the thousands of electrical connections are completed to fit this entire complex together.

The exhaustive testing required by the dial system is self-explanatory and is expected to start shortly after the last of May. A program of customer instruction on the dial telephones has been carried out during the past few weeks and is now nearly completed, allowing Digby subscribers to become familiar with the sounds and operation of the system before the June 4th cut-over.

Outside the Central Office, wires and cables stretching in all directions have been enlarged and extended to provide additional facilities for the new system. A maximum of ten customers per line on party line service is mandatory with dial service and this requirement has necessitated considerable increasing of the lines in outlying areas of the exchange.

At the same time that Digby converts to dial operation, Annapolis Royal will also start dialing. Long Distance service for Annapolis subscribers is to be provided from the Digby switchboard. This arrangement calls for a large increase in the number of trunk lines between the two exchanges and for this reason, the trunk cable to Cornwallis is being extended to Annapolis.

The end of a long and complicated job of planning, installing and testing is in sight and as of early Sunday morning, June 4th, Digby will join Maritime Telegraph and Telephone Company's growing list of dial exchanges.

It is necessary to have an organization to carry on Little League Baseball. The coaches are chosen with care as the character of the players depends on the character of the coaches. He must be old enough to instill in their minds authority, sportsmanship, etc. Rules must be learned and strictly adhered to by all concerned. He cautioned against starting games before school had closed and advised that they be closed before school opens in the fall. An other warning given by the speaker was not to try to do too much for too many.

Rev. Father Durno gave a sermon down on the history of Little League Baseball and reviewed a few of the rules. He advised well balanced teams. Practice is important, he said, but there are rules and regulations as to how hard the boys can be worked in the game. Approval of parents must be obtained and insurance should cover the boys during practice and play. Mothers, he said, could often be used as score keepers and in many ways help in promoting the sport for the boys.

Rev. Father Durno has been parish priest in Kentville for more than twenty years. He is chaplain of the Kentville Fire Department, is president of the Kentville Rotary Club and has been particularly interested in recreation for youth.

Joseph Hattie reported at Thursday's meeting that more than thirteen hundred dollars had been received to date by the Easter Seal Sale, an increase over last year by approximately thirty dollars.

Upwards of thirty five guests from North Range and Bloomfield attended and many useful gifts were received.

After the gifts had been opened by the hosts, the guests expressed their appreciation in a brief speech.

Mr. and Mrs. Thomas were married in Halifax at St. David's Presbyterian on April 8th and have just returned from a trip to Virginia, U.S.A.

They will reside in Halifax, where both are on the staff of the Halifax Chronicle-Herald.

They have the best wishes of their many friends.

Mayor and Mrs. V. G. Carrozza and daughter, Elizabeth, are on a vacation trip to Ithaca, N. Y.

WHY ?

Why should you remember cancer's warning signals, and have a health checkup every year?

You should, because by so doing, cancer's toll could be reduced.

Remember cancer's warning signals, there are seven:

- (1) Any sore that does not heal, particularly about the tongue, mouth or lips.
- (2) A lump or thickening in the breast or elsewhere.
- (3) Unusual bleeding or discharge from any body opening.
- (4) Persistent indigestion or difficulty in swallowing.
- (5) Any change in shape, size or colour of a mole or wart.
- (6) Persistent hoarseness or cough.
- (7) Any change in normal bowel habits.

If your warning signal lasts longer than two weeks see your doctor at once.

It may not mean that you have cancer, but if it should, remember — many cases can be cured if treated in time. Early diagnosis leads to recovery!

Please remember, April is cancer month. When your neighbour calls — give generously to the Canadian Cancer Society, for Cancer Education, Research, and Welfare Services. Fight Cancer!

Live A Borrowed Life

The Baptist Church at Hill Grove was filled nearly to capacity last Sunday night on the occasion of the Youth Rally. The congregation was made up not only of young people from the Digby and Hill Grove churches, but many adults were also in attendance.

The meeting opened with words of welcome by the pastor, Rev. H. S. Hartlin, followed by a song, a video led by Miss Joan Britton. The church group of the Digby church led the choir. Responsive reading was led by Benjie May, and the Scriptures were read by Vicky Franklin. Two musical numbers were given by young people of the Hill Grove church, with Mrs. D. Hoop presiding at the organ.

An interesting part of the service was the feature, "Live A Borrowed Life", based upon the use of Biblical characters, and presented by Digby young people with the pastor as Director. Miss Joan Britton, Britton and H. S. Hartlin took the parts of Biblical characters who were to be identified by the panel made up of Jackie Woodley, Lawrence Banks, Allan Smith, Bernice Van'tes and Juliana Turnbull.

The message was given by Rev. L. R. Atkinson, Maritime Baptist Convention Evangelist. Mr. Atkinson brought a forceful and effective message on the topic "The Square Life", and called upon the young people to measure their lives by the standards of the Gospel of Christ rather than the standards of the world. He closed his address with an appeal for decisions to which there was an encouraging response.

The offering, which was generous, was contributed by the young people of the Hill Grove church toward the purchase of a slide and film strip.

Honored By Acadians

One of Canada's most outstanding political careers was paid a tribute recently when "L'Ordre de la Fidélité Acadienne" and a gold medal were presented to Senator J. Willie Comeau by the "Association Acadienne d'Education de la Nouvelle-Ecosse."

Senator Comeau served his constituency in Clare and western Nova Scotia in the Legislature, Legislative Council and the Canadian Senate. His political career dates back to 1907.

Rev. Jules Comeau, pastor at Cheticamp and Rev. L. d'Entremont, president of St. Ann's College, Church Point, made the presentation.

Born in Comeauville, Digby Co., in 1875, he was educated in the community and for some years taught at Saint Ann's College before entering politics. After being chosen assistant commissioner at the 1900 World Exposition in Paris he organized a boat building company and a lobster factory.

First elected to the Nova Scotia Legislature in 1907, he was re-elected on several occasions and remained in the house until 1927 when he was elevated to the Legislative Council. From 1933 to 1945 he was minister without portfolio. In 1948 he was appointed to the Canadian Senate by Prime Minister Louis St. Laurent.

Pope Pius XII conferred upon Senator Comeau the Order of Saint Gregory the Great in 1955 for his outstanding contribution to both the moral and political life of his country.

More than 150 members attended the supper meeting presided over by Alphonse Doyeau, Salmon River, president of the association. Dr. Julius Comeau, of Meteghan, was master of ceremonies.

Wille Belliveau, of Belleville's Cove, read the eulogy prior to the presentation.

How do I save?

When it comes to saving here's a trick worth knowing. Avoid writing cheques against your Savings Account. Impossible? Not at all! Just open a Personal Chequing Account at the "Royal" and use it for paying bills.

Then you can keep your Savings Account strictly for saving. The bank calls this the 2-Account Plan—a sure-fire way to save. It makes sense. It's business-like. And it's easy... Why don't you give it a try?

children were visiting a neigh-

She rushed home and rescued
the other child, sleeping in
the kitchen.
Annapolis Royal Fire De-
partment fought the blaze,

Attempts To Locate Property

Mrs. Hazel Clayton, Smith's
Cove, who is having a history,
"Story of Smith's Cove and
Her Neighbors", printed, has
been searching for information
on the John Edison homestead.

According to an article by
Judge A. W. Savary, which
was printed in the "New Eng-
land Historical and Genealogi-
cal Register", volume 48, April
1894, John Edison, great-
grandfather of the inventor,
Thomas A. Edison and a Loy-
alist, owned Lot #15 in the
North Range of the Hatfield
Grant, 200 acres; #49, Middle
Range, 200 acres; and half of
Lot #25, South Range, 100
acres. (These were wilderness
lots, five to ten miles from
the town or village of Digby
and shore settlements, accord-
ing to Judge Savary). Judge
Savary also stated "There are
descendants of Edison women
in Digby, but the only rep-
resentatives of the name are
colored people, descendants of
a negro whom the first Edison
brought with him from New
York."

A photostat of an old map
of the town of Digby shows
that John Edison had Lots 3
and 4 on King St., near St.
Mary's St. The land grants
which we have are not suf-
ficiently detailed in description
to locate the Edison property.

Action Rescinded On Tax Interest

Just before going to press we were informed that the Digby Municipal Council in session on Wednesday afternoon passed a motion to rescind the action they had taken last January in regard to interest on uncollected taxes. Instead of interest being charged after June 30th the date has been extended to October 30th, after which a six per cent interest rate will be charged on uncollected current taxes. The two per cent discount on taxes paid before June 30 remains as in the motion of January 1961. Events leading up to Wednesday's decision are found elsewhere on this page.

Plans leading up to the closing of the Municipal Home at Marshalltown were also made on Wednesday afternoon. Preliminary story to this is also found in this issue.

At the morning session on Wednesday a resolution was passed whereby the Provincial Government will be petitioned to amend the Nova Scotia Power Commission Act to permit taxation by the municipality of the property of the Nova Scotia Power Commission situate within the Digby municipality. The reason for the petition as stated in the resolution was that the Nova Scotia Power Commission has recently acquired and will probably further acquire substantial holdings of lands as well as assets of the Digby County Power Board hitherto taxable and has also made large expenditures for the construction and development of hydro electric plants, and because of this a considerable loss of revenue would be suffered by the municipality.

Clean-up Week Proclaimed

May 14 to May 20 is proclaimed Clean-up Week in the town of Digby as decided at the regular meeting of the council presided over by Mayor V. G. Cardoza on Monday night.

A lengthy discussion was held on the condition of the town dump. Complaints were made about paper blowing around and a general lack of supervision over the dump. It was decided to take proper steps to see that the property is kept in better order and to have better cooperation from citizens in preparing waste matter for disposal.

The action of Clean-up Week was taken after reading a letter from the Digby Fire Department requesting an effort be made to clean up dangerous fire hazards. Although the firemen stated that conditions had improved greatly over the past years, a number of unsightly or existing fire hazards were pointed out.

Gets Decoration

Air Force Headquarters recently announced the awarding of the Canadian Forces Decoration to F/L Jim Wheelhouse, son of Mr. and Mrs. M. Wheelhouse, of Bear River, N. S. Group Captain H. R. Studer, AFC, CD, Commanding Officer of RCAF Station Gimli, Man., presented the decoration which is given for 12 years of meritorious service.

Flight Lieutenant Wheelhouse enlisted in the Air Force in January, 1949, and has served in various RCAF Stations, mostly in the Maritimes. He is presently serving as an Aero Medical Officer at RCAF Station Gimli, Manitoba.

Generous Contractor Passes

Harry Falconer McLean, the man who gave \$10,000 to build a Digby General Hospital nurses' residence, passed away at his home in Merrickvale, Ontario, on Sunday night at the age of 78. The nurses' residence, a useful, comfortably homelike structure, has been an asset to the town for approximately twenty-five years and will stand as a monument to Mr. McLean's generosity for years after the completion of the proposed new hospital.

Born in Bismarck, N. D., of Canadian parents, McLean worked his way through business college by selling newspapers and began his construction career as a waterboy. Later he formed his own companies — Dominion Construction, Grenville Crushed Stone and the H. F. McLean and Sea-board Construction Company which handled \$100,000,000 in contracts and made him among the richest of Canadian contractors.

From the 1930s onward he was Mr. X who tossed money from railway cars and from hotel windows.

The rich stranger handed out cash to hotel bell-boys, servicemen, waiters, and to anybody he thought was in need of money.

To Halifax dockyard worker and part-time cabbie, Roy Whelan, of Timberlea, he showed particular generosity. Hearing about the taxi driver's five-month-old son, Roy Kenneth, he signed a cheque for \$2,000 and handed it to the boy's young mother — to pay for her son's education.

He carried out similar acts of generosity in Toronto service hospitals and in Windsor, Ont. When he was eventually identified he told reporters: "I have all kinds of money and it's a lot of fun to distribute it. It's really the way to make people happy."

Talks On Game Preserve

Merrill Rice, Middleton, N. S., was guest speaker at the Digby Kiwanis Club last Thursday. Mr. Rice used a film to illustrate scenes of shooting and the use of holding pens at the preserves. Speaking of the preserve near Middleton, he said there were 1700 pheasants released, 1,000 were shot down during the season and 2,500 birds were shipped to Montreal for market. Due to unforeseen circumstances last year, a number of events did not materialize but it is anticipated that many more of the American people will participate in game at the preserve this coming summer which gives a more promising outlook.

The meeting, which was held at Chan's Restaurant, was presided over by Leigh Jayne. Dr. P. C. Outhouse introduced the speaker and Dr. L. F. Doiron thanked him.

of summer so she can pick strawberries. She has 4 grandchildren and 6 great grandchildren. We wish this grand old lady many more happy birthdays.

Limit Taxi Licenses

Taxi licenses within the town are set at a limit of 11 for the year 1961 according to information received at a meeting of the Digby town council on Monday night. Complaints were laid to the council of taxi drivers not having a town license for taxi service operating in Digby. It was brought to the attention of the council that a license to operate assures the public of proper taxi service available and that people of good character are at their service. It also provides the licensed taxi men protection against encroachment on their business by the unlicensed. The police committee, the license committee and licensed taxi drivers were asked to co-operate so that summer visitors and residents were assured of proper service in this regard.

Vincent Snow appeared before the council in regard to the abutment between the Margolian store and Turnbull Bros. on Water St. According to information the property in question is in need of repair and discussion as to whether the responsibility was that of the owner, the town or jointly had previously been discussed. In appearing before the council, Mr. Snow said that the shore property had been used by fishermen for painting and repairing boats and he had not asked remuneration for the same as he felt it was serving the fishing industry to some extent and was of benefit to the town in this respect. For this reason Mr. Snow felt that the repair on the lower part of the wall which is strictly Mr. Snow's property should be on a 50-50 basis. The discussion concluded with Mr. Snow asking the town to repair the wall and Mr. Snow would bear the expense of the lower wall in question.

First NOMA Certificates

Early in April the students of St. Patrick's Business College entered the NOMA Arithmetic Project, which was conducted direct from the National Headquarters of NOMA at Willow Grove, Pennsylvania.

The NOMA Arithmetic Program is not a contest, it is, instead, a teaching aid designed to help create a desire on the part of students to strengthen their abilities in this area. Employers of office personnel frequently criticize employees for their inability to handle basic arithmetic and to solve simple arithmetic problems.

To qualify for the NOMA Certificates, the students had to solve correctly all of the problems comprising the tests. After the first Test, NOMA Arithmetic Certificates for 100% accuracy were awarded to: Linda Adams, Carl Comeau, Donna Gillespie, Carole Handsaker, Darrell Mailman, Effie Morton, J. Arthur Surotte, Carol Wells, C. Murray Winchester, Margaret Woolaver.

The winners of the second Test, with 100% accuracy were: Linda Adams, Carl Comeau, Brenda Denton, Carole Handsaker, Darrell Mailman, Vera Parry, Judith Saulnier, Marjorie Tidd, and Diane Wade. Four of the above named students won the two certificates and thus earned the NOMA Arithmetic Proficiency Certificate. They are: Linda Adams, Carl Comeau, Carole Handsaker and Darrell Mailman.

Mr. A. M. Phillips, Chairman of the NOMA Education Committee, Halifax, has sent his congratulations to the school and to the four students who earned the two certificates on their most commendable showing. He also praised the nineteen students who are the first in Canada to merit these NOMA Arithmetic Certificates.

A Digby and Weymouth Area Teachers' Institute was held at Digby Regional High School on Thursday afternoon when Miss Elizabeth Murray of the Adult Education Division of the Department of Education, was guest speaker. Miss Murray, a music counselor, took as her topic "Music from Primary to Grade VI". The speaker had many helpful suggestions for the teachers and was able to solve many of the problems which confronted the teachers in imparting musical knowledge and in arousing an appreciation and enjoyment for the students in school music.

The institute which was part of the in-service training program was directed by F. C. Purdy, Digby, and L. D. Stockdale, school supervisor, Weymouth. Inspector E. C. Edwards was also present.

Two New Oil Storage Tanks

Permission was granted at the regular meeting of the Digby town council on Monday night to the Irving Oil Co. Ltd. to construct two bulk storage tanks on their property at the north end of the town.

According to the plans revealed at the council meeting the tanks will hold 7,500 barrels and 10,000 barrels. Construction is expected to start immediately.

Further, the Irving Oil Co. was given permission to install a ten-inch pipe from the company wharf to the storage depot to replace a six inch line which at present is in use. The ten inch pipe, it is understood, will facilitate loading so that the full load will be accomplished with one tide.

Helene Off For Two Days

Annual drydocking of Canadian Pacific's Bay of Fundy steamer Princess Helene was cancelled for this year, it was announced in Saint John by railway Superintendent K. R. Perry.

Mr. Perry said that in lieu of drydocking, the Saint John Digby ferry will be taken out of service during Monday and Tuesday, May 15 and 16, for machinery inspection and repairs. The vessel will resume regular schedules on Wednesday, May 17.

Plan For Convention

More than four hundred fifty newspaper people from all over Canada are expected to convene at the Nova Scotian Hotel, Halifax, August 13, 14, 15 and 16, for the annual meeting of the Canadian Weekly Newspapers Association. The weekly association has not met in Halifax since 1946 and a typical Nova Scotia program is being devised for the benefit of the visitors. A visit to Government House, outing to Hubbards, a visit to Uniacke House and a naval cruise are on the program. A special request has been made for souvenir Digby scallop shells for the visitors. Typical Lunenburg prizes were also requested. The theme of the convention will be Order of Good Cheer and a special program on the subject will be featured. Convention manager is Frank Burns, Kentville, assisted by Ralph Morton, Dartmouth, president of the N. S. W. N. A. Mrs. Morton convenes the committee for ladies' entertainment and Mrs. George Murray, Pictou, will moderate a ladies' panel discussion. A flight to St. Pierre, Miqelon, had not been finalized. Other alternatives were a Cabot Trail tour or Deep Sea Fishing.

Besides the convention plans, two other matters which came before the semi-annual meeting of the Nova Scotia Weekly Newspapers Association held at the Nova Scotian Hotel on Friday were government printing and the N. S. liquor laws re advertising. Mrs. J. M. Wallis represented The Digby Courier at the meeting.

Reaffiliates

The Digby C.G.L.T. of Grace United Church reaffiliated with the W.M.S. of the church in an impressive service held by Mrs. C. C. MacInnis, C.G.L.T. leader. Those taking part in the ceremony were Miss Margaret Black, president of the C.G.L.T., Miss Marilyn Atkinson and Miss Melting Chan, treasurer. Mrs. Hutton Fleet represented the W.M.S. of Grace United and Mrs. J. M. Wallis represented the Annapolis Presbyterial.

The W.M.S. program was presided over by Mrs. Fleet with Mrs. Philip Kaye and Mrs. C. B. Parker presenting the study. Mrs. Kaye's topic was the union of churches in India and Mrs. Parker entitled her talk "Are Missionaries Necessary?" Her message was particularly addressed to the C.G.L.T. girls, vividly portraying the life and service of a missionary and stressing the importance of unlabelled missionaries.

Municipal Council Hears Ratepayers

An approximate two hundred ratepayers of the Municipality of Digby attended the opening of the spring session of council at the Court House on Monday when Roy Laurence, of Annapolis Royal, presented their argument protesting an imposition of interest on taxes not paid by July 1. Action on the matter was deferred until a later meeting by motion of Councillor Roy Snell and seconded by Councillor P. K. Gates. At the January session of the Municipal Council a resolution was passed whereby current taxes would have a two per cent discount if paid before June 30 and unpaid current taxes by July 1 was to have a six per cent interest charge. The ratepayers had held two meetings between the January council sitting and Monday when the interest on taxes was thoroughly discussed and it was decided to have a spokesman present the case. In presenting the complaint Mr. Laurence said that the interest charged by July 1st created a real problem for the farmers, fishermen, etc. (Please turn to page 5)

About This and That

Rogation

(By Rev. Harold A. Kay, B.A., L.Th.)

Rogation time means asking time. It is the time when the farmer, and all those who work on the land, ask for God's blessing on the weather, the pastures, the growing crops, and the whole agricultural industry. The farmer, at the most critical time of the year, acknowledges his dependence on God. The debt we owe to the farmer is immense. And here is one way in which we can show our practical sympathy. Those who live in towns, as well as in villages, even if they cannot always go in procession round the fields, can at least ask for God's blessing on the work of the countryside. In the true Christian community man works in full cooperation with God; and the more he asks for God's help the more he knows he will get it. On Sunday congregations will ask God's blessing upon our land and upon those who work to produce the harvest.

Brighten Up The Countryside

"There is one matter we do need to give serious attention to", says Mr. Grant, secretary of the Maritime Federation of Agriculture, "and that is, the general tidiness of our countryside. In some cases, little improvement is needed, but in all too many areas, disgraceful disorder and untidiness are all too often the order of the day. Old bottle dumps, fallen barns and outbuildings, and even more disgraceful, reasonably good buildings with roadside and yards littered with the accumulation of generations. In cities and towns, there are probably municipal ordinances which can require owners to keep their premises reasonably clean. Perhaps some rural municipalities have similar regulations. If so, it seems evident there is a wide discrepancy in putting them into effect."

Whether regulations are the answer or not — and, at some stage, of the game, there is generally a need for legislation to bring those in line who hold back progress — it seems evident to Mr. Grant that the most potent factor to ensure progress is an aroused public.

"If our farm organizations, our Boards of Trade, churches, teachers, County Councils and similar organizations fully realize the importance of an orderly countryside in developing our tourist industry", said Mr. Grant, "we could make some real progress to that end."

"What about making it a project for our county and district federations of agriculture for the coming season? No group has more at stake in promoting the tourist industry. No one can take away from us our outstanding potential in the tourist industry; and, it is of as great or even greater importance to agriculture than to any other group in our economy."

"We cannot afford to ignore its growth possibilities any longer . . ."

Battle Of The Atlantic

Battle of the Atlantic Sunday, in honour of those who served and gave their lives at sea in the Second World War, will be observed on Sunday, May 7.

Special services will be held in naval establishments and ships of the fleet, and in many churches across the country, in memory of the men who went down to the sea in ships to take part in the war's longest battle.

Twenty years ago, in May, 1941, the first Canadian corvettes joined in the struggle with the U-boat. Seven of these little ships, each named after a Canadian community, arrived at St. John's, Nfld., to form the vanguard of the Newfoundland Escort Force.

Throughout the grim days of 1941 and 1942 the corvette was the backbone of the North Atlantic convoy escort system. More than 100 of these small, uncomfortable, but highly manoeuvrable ships eventually were built in Canada and manned by Canadian sailors. Eleven corvettes were lost during the war in the North Atlantic and Mediterranean.

Battle of the Atlantic Sunday marks the opening of Navy Week, sponsored by the Navy League of Canada. During this period, May 7-13, Royal Canadian Sea Cadets, Navy League Cadets and Wrenettes will be on parade, and in many communities the Sea Cadets will hold open house.

The Navy League has sponsored Navy Week in Canada for the past 20 years. Its aim is to focus attention on Maritime affairs and the importance of the sea and of the Navy to Canada's security.

Child Safety

(By A. J. Sands, Shelburne, N. S.)

Sunday, May 7, is "Child Safety Day" — a day on which every citizen would do well to reflect on the facts about childhood accidents in this country. The Nova Scotia Federation of Home & School Association states accidents claim the lives of over 2,000 children every single year. They happen on streets and highways, in the public playground, and, most often, in the home.

The purpose of "Child Safety Day" is not, of course, to relegate year-round responsibilities to one day only, but to focus our attention on the glaring facts, and stimulate our action. Pious comments are not sufficient tribute to pay. We must look long and hard at ways that we, as individuals and parents, can see that our children reach adulthood.

On the home front, where a large proportion of the deaths occur, this means each parent owes it to his children to take a good look at potential accident hazards in his own home and remove them. Repairing hazardous steps, skid-proofing scatter rugs, installing stair-gates, improving furniture layout and lighting, can do much toward ensuring against fatal falls.

Cleaning away oily rags, flammable fluids from the catch-all basement, inspecting wiring, fuse-box and heating plant, and impressing smokers with their responsibility, is the best fire insurance of all.

Making sure baby's toys have no small parts he can swallow, that there is no thin plastic film in the house which could suffocate him in seconds, that he is not encumbered with a pillow or left with a bottle propped in his crib, will tackle the main hazards responsible for the yearly 300 infant suffocations in our midst.

Poisoning, not just from medicine, but from household cleansers under the kitchen sink, cosmetics and insecticides, takes its greatest toll of young life under the age of six. Surely, no precaution is too inconvenient for parents, during this danger period.

Without our decisive action, hundreds of our children are destined to die this year from these few causes alone. With it, they can live to grow up. This is what it means to participate in "Child Safety Day", May 7.

Mental Health Week

(Contributed by Mrs. R. A. Armstrong)

This week is Mental Health Week and it may be that the public is not acquainted with the aims of the Canadian Mental Health Association, a branch of which has recently been formed in Digby County.

These aims are fourfold:

(1) Educating the public in an appreciative attitude towards the problems of those mentally sick or emotionally disturbed. When one considers that at least one person in every ten in Canada has, or has had, need of treatment to a greater or lesser degree, it is extremely important that we should all have some knowledge of the subject and do all we can to help in the work of curing or alleviating mental illness in our community.

(2) Service. In this area where there is no mental hospital near, the main service is the financial support of the Community Clinic, which is a Centre for counselling and treatment. Patients are not required to pay for treatment and the running expenses of the Clinic must be met out of funds raised locally by the Mental Health Association. By joining the local branch of your Canadian Mental Health Association, you will be helping in this work.

(3) Rehabilitation of patients discharged from mental hospitals by accepting them back into society and helping them to lead useful, happy lives.

(4) Research. The Canadian Mental Health Association has recently provided \$50,000 for this work, which is essential if the scourge of mental illness is to be properly dealt with.

Mental sickness, like physical sickness, is something which strikes at all levels of society. It is our duty to do all we can to help fight it.

Conclude Convention

Jehovah's Witnesses of the western Nova Scotia congregations concluded their three-day convention at the Annapolis Royal Regional Academy on Sunday, April 30th.

The convention began Friday evening with Mr. Louie Saumur, District Supervisor from Toronto, using as his opening address the convention theme: "Walk in the Name of Jehovah Forever". His remarks and those of the speakers that followed showed the necessity of first learning the Divine Will and then acting on this knowledge by doing it constantly.

On Saturday afternoon following the discourse on "Dedication and Baptism" by Mr. Saumur, twenty persons symbolized their dedication as ordained ministers of God by water immersion. The Saturday evening program was devoted to discussions and demonstrations on the subject of "Examining and Reaching for Completeness in our Ministry". Among the speakers on the program were F. Tadei, W. J. McKenna, T. Holmes.

The main feature of the convention was the public discourse at 3 o'clock Sunday afternoon when Mr. Saumur spoke to an audience of 535 on the timely subject, "The Twentieth Century in Bible Prophecy". In his opening remarks he stated: "The scientific advancement in this twentieth century has caused many people to look to science to open a bright future for the human race in this 'space age'. But in doing this they have been led to put all their faith in this, rather than God's Word, the Bible." He further pointed out that throughout the centuries men have tried to peer into the future to determine what lies ahead for mankind but have failed miserably. All should now realize that the only source of true prophecy is the Bible which has accurately foretold a great series of events due to be fulfilled in our day. We can believe these when we recall that so many others in the past were exactly fulfilled, such as those concerning the life of Christ Jesus on earth. He too pointed to our day when he said at Luke 21:36: "Keep awake then, all the time making supplication that you may succeed in escaping all these things that are destined to occur and to hold your position before the Son of Man."

The convention was brought to a close with scriptural counsel by J. Federchuk and D. Bevan, followed by Mr. Saumur's concluding remarks on the subject, "Dwelling Together in Unity".

Former Smith's Cove Man Runs Restaurant

In Bouckville, 18 miles east of Cazenovia on U.S. route 20, is a rambling white house noted as one of the finest restaurants in Central New York. Recommended by Duncan Hines, Gourmet, Esquire, AAA and The Patrons' Club of Canada, this dining place has been famous for fine food since Earl and Mildred Cossaboom opened for business 13 years ago in the nearly-150-year-old house. A few changes have been made, of course, the major one being the addition of a spacious sun room across the front and down one side of the building, which now serves as the main dining room. Polished oak floors and soft wall lights add to its attractiveness. Fresh and airy, with windows open to the cool summer breezes, it is surrounded by beautifully scenic countryside.

A shell running the entire length of two walls holds Mildred's antique plate collection, and these are all gifts from friends and customers. Another fine china collection of demi-tasse and cocoa cups is on display in a handsome china cabinet near the Red Room, which is used mostly for private parties. The intimate bar and cocktail lounge are particularly appealing, with the house's original telephone in its special niche along with Earl's "Grandfather Certificate" which grants him the privilege of bragging about his 10 grandchildren.

Earl was head chef in his father's Harbor View Hotel, Smith's Cove, Nova Scotia, when he was only 19, so to say he grew up in the business is hardly necessary. He was associated, for many years with the Howard Johnson restaurant chain, serving as general manager, and has also managed the University Club of Syracuse.

Soothing Beameast music adds to the charm of dining at Cossaboom's. The atmosphere is summed up wisely by Mildred: "The thing that is most outstanding about this place is the fact that it is 'Home' to so many people who come here."

Earl is a son of the late Mr. and Mrs. William Cossaboom, Smith's Cove. (Extract from Syracuse Herald and Post Standard.)

Guided Tours Popular

Guided tours are becoming an increasingly important part of the tourist industry in Nova Scotia.

This year, more than 100 guided tours will bring several

thousand visitors into the province. Dan Wallace, director of the Nova Scotia Travel Bureau of the department of trade and industry said all-expense tours to Nova Scotia were steadily increasing and "we look forward to a continuance of this trend in 1961". Last year, he said, a record number of tours visited the province.

New motels, additional camping and picnicking facilities, an expanded road and bridge building program, development of salt-water sport fishing, more events for visitors to attend, were some of the measures being taken to make a holiday trip in Nova Scotia more enjoyable, he said. The old favourites — pleasant, temperate summer climate, many historic sites, varied scenery, and warm hospitality continue to welcome every traveller, he said.

The Junior Choir of the United Baptist Church, which has been receiving training by the organist, Mrs. Darcy Roope, furnished the music for the regular Sunday afternoon service.

The Women's Auxiliary of the Baptist Church held their regular meeting at the church hall on Wednesday evening with a good attendance. Mrs. Rene Richard is the president. Plans were discussed for activities during the summer season.

New motels, additional camping and picnicking facilities, an expanded road and bridge building program, development of salt-water sport fishing, more events for visitors to attend, were some of the measures being taken to make a holiday trip in Nova Scotia more enjoyable, he said. Report From Parliament Hill

Brighton

Willis Tibbitts returned last week from visiting his two brothers, Percy Tibbitts, Beverly, Mass. While there the twins celebrated their 30th birthday.

Dr. R. A. Armstrong is on a business trip to Phoenix, N. Y.

Mrs. Lillian D'Amico and son, Donald, left recently for the house where they have secured employment.

A donation to the Canadian Cancer Society is an investment in health.

Honourable George C. Nowlan
April 17, 1961.

The House of Commons resolved itself into committee of supply to consider the estimates of the Department of Agriculture and spent most of the week on this important, but not exciting undertaking. Before the week was over, the Agricultural Estimates had finally been approved and the Committee had dealt extensively with those of the Post Office Department.

However, if the activities in the House itself were rather monotonous, there were many matters outside the House which maintained one's interest and excitement.

In the first place there was the announcement of the by-elections which are to be held on May 29th, four in all — one in Prince Edward Island, one in New Brunswick, one in Ontario and one in British Columbia. All four of these constituencies were held by P.C. Members at the time the vacancies occurred. Although, with respect to the one in P.E.I. and the one in New Brunswick, they had consistently returned Liberal Members prior to 1957. By the same token, the Ontario constituency, and the one in British Columbia, had been consistently electing Conservative Members.

I had the opportunity of addressing a nomination convention in the constituency of Hastings, and it reminded me very much of the ones which we held in Digby-Annapolis-Kings. The only difference was that in this constituency there was a spirited contest for the nomination, and delegates had to appear with credentials to be seated, and moreover it took an hour and a half to get the convention organized before the balloting could take place.

Also during the week, my predecessor as Minister of National Revenue, the Honourable Donald McEwen, passed away, and together with his Deputy Ministers, I went out to Renfrew and attended the funeral service. Also at the service was the Honourable Mr. St. Laurent, who had come from Montreal to pay a

tribute to his former Cabinet colleague. I was delighted to see that Mr. St. Laurent seemed to be in the very best of health, and was as active and energetic as he was in the days when he sat in the House of Commons.

Also, during the week, there was tabled the first volume of the Report of the Royal Commission on Transportation, probably to be known in the future as the McPherson Report, because Murdo McPherson, Q.C., a former Nova Scotia, was Chairman of the Commission. This report will undoubtedly arouse much controversy and much discussion during the coming months. In short, the Commission finds that the railways are being strangled by having to operate uneconomic lines, both for freight and passenger service. It recommends that the railways be free to discontinue many of these services, but that the shock be cushioned by a fairly long period of adjustment. The Commission recommends that subsidies of over ninety million dollars be paid to the railways during the first year of the adjustment period. These are to be gradually reduced over a five year period so that at the end of that time the subsidy will be less than twenty million, and in the meantime the railways are presumed to have divested themselves of many of these unprofitable services, and from there on will be able to operate efficiently and well. The report of this Commission may have some implications insofar as the threatened strike is concerned on the 15th of May. At least the Government will have to give careful consideration to this whole matter in the immediate future, and the problem obviously is not one lending itself to easy solutions.

One of the most striking fields in which changes have taken place in the last few years is that in the diplomatic area of discussions between Heads of Government or Heads of State. A few years ago all such discussions took place between Ambassadors, and as a matter of fact, until fairly recently Canada had Ambassadors, called Commissioners, in the Commonwealth countries and an Ambassador at Washington. Today we have diplomatic posts all over the world. Despite that fact, due to air transportation, it is now the custom to have exchange visits between Heads of Government, rather than to carry on these conversations through the Ambassadors being instructed by telegram or telephone.

Last week is one good example of the way this practice has intensified in the last few years. At the first of the week, the Right Honourable Mr. Macmillan, Prime Minister of the United Kingdom, spent three days in Ottawa. He is an old friend, of course, and comes in and out like an old friend with a minimum of pomp, circumstance and protocol. He had long conversations with the Prime Minister and the Secretary of State for External Affairs, and in addition spent some time with our Cabinet in which he discussed many of the problems with which the world was confronted. Almost before he left, the Prime Minister of Greece arrived, and also carried on discussions with the Prime Minister, the Secretary of State for External Affairs, and others, concerning common problems affecting our two countries, as well as the problems of NATO. Also during the week, Mr. Tom Mboya, probably one of the leading figures in the drive of African Nations towards independence, was in Ottawa, and had discussions with various people here. The invitations are already out for receptions which are to be held for the President of Tunisia, who will arrive here within the next few days. And so it goes, week after week, with hardly an interval between the arrival of one distinguished statesman and the departure of another. It certainly makes for a hectic life insofar as the Secretary of State for External Affairs, the Prime Minister and other Ministers are concerned, who have

to deal directly with these visiting leaders. It also, of course, goes to prove, if proof were necessary, the important place which Canada plays today in the affairs of the world.

Also during the week, my predecessor as Minister of National Revenue, the Honourable Donald McEwen, passed away, and together with his Deputy Ministers, I went out to Renfrew and attended the funeral service. Also at the service was the Honourable Mr. St. Laurent, who had come from Montreal to pay a

Marriage

Springue — McCauley

Sacred Heart Church, Digby, was the scene of a lovely spring wedding on April 29th, when Miss Mary Ann Springue, daughter of Mr. and Mrs. George Springue, Digbyville, and George J. Springue of Miramichi, N.B., were united in marriage to Mr. William A. McCauley of Church Point, Riverview, P.E.I. The bride, wearing a lovely white gown with a full skirt and a full train, was escorted by her father, Mr. George Springue. The groom, wearing a dark suit, was escorted by his best man, Mr. William A. McCauley. The ceremony was performed by Rev. Father Devine, parish priest, in the presence of relatives and friends. The wedding march was played by Sister Superior of St. Mary's Church, Digby. The bride was a picture of loveliness as she walked down the aisle to the altar. She was wearing a white gown with a full skirt and a full train. The groom was wearing a dark suit. The ceremony was performed by Rev. After receiving of the church the best wishes of their many friends, the bride and groom were taken to the home of the bride's parents, where a wedding breakfast was served by friends of the bride to about 75 relatives and friends.

During the day the bride and groom were entertained at the home of the bride's parents, where a buffet lunch and a dance was held in the evening for about 150 invited guests. The hall was tastefully decorated with paper streamers and wedding bells. A table was arranged at the front of the hall, where the

white flowers and streamers were used to decorate the hall. **Old Paper
Describes
Bear River**

Mrs. Earl C. Potter, Bear River East, has sent to The Digby Courier copies of old papers. One is the May 18, 1917, issue of The Gold Hunter published at Caledonia, Queens County. She wanted the foreman of the Courier staff, Vernon Bent, to see The Gold Hunter as he was at one time a staff member of that paper. The Editor-manager was George E. Banks, the late father of Mrs. Henry D. Hicks and also of Althen Banks, who was one time a nurse on the Digby General Hospital staff. Little of the news and advertising in that particular issue seemed to be of a local nature.

The other paper sent by Mrs. Potter was the 21st anniversary number of The Bridge-town Monitor at the time when R. S. McCormick was manager. It was an issue of April 1894, just 67 years ago, and sold for 10 cents per copy. In that issue one whole page was devoted to Bear River. It contained a short history of Bear River by the late W. A. Calneke, stating that some few years before an attempt was made to complete the divorce between the two sections of the town by giving to each a distinct name, that part on the Annapolis County side of the river being called Bridgeport, and that on the Digby side, Hillsburg. But, it went on to say, this attempt to divorce what nature had joined together proved abortive and the names are now seldom used. It told of the fact

framed house erected by one Captain O'Sullivan Sutherland and stood nearly midway up the slope of the eastern hill and adjacent to the present residence (1894) of Captain J. Harris. The housewarming given on the occasion of its completion was a merry-making of no ordinary description, so the history states. Among the guests were the Demolitors, the Hertricks, Kyshes, Calnekes, Vrooms, Dilmarses, Boehlers, Purdys, Joneses and others. It was around this time that the Clarkes, the Millers, the Troops, Dodges, the Rices, the Chutes, and the Harrises bought lands and settled in the district, a course they were induced to take in the belief that wheat and other cereals could be produced in larger quantities and of finer quality there than could be raised on the same sized area, elsewhere in the County.

Bear River, the account says, has sent from its ship yards many vessels, some of large tonnage, constructed by such efficient master-builders as Mr. Thomas Rice, Captain John Benson, the Lents and others.

Pictures on this special Bear River page included James O. Roop, merchant of Clementsport who began business there in 1862. He was also president of the Acadia Steamship Company, and was post-master at Clementsport.

Wallace W. Clarke and Willard G. Clarke were pictured. They were born in Bear River, Digby County, in 1854 and 1857 respectively. They were descendants of Colonel William Clarke, a native of York shire, England. In 1880 Wallace and Willard formed a partnership and began business under the name and style of Clarke Brothers.

The picture of R. J. Ellison, M.D. of Bear River, appeared. Pictures of special interest to Bridge-town and Midleton appeared on the pages of the anniversary number. Among them was that of A. E. Sulis who was born at Smith's Cove, Digby County, in the year 1853. He was the second son of Captain George Sulis. He was employed with the Annapolis Organ Company for two years. He went to Bridge-town and with others established the Acadia Organ Company for the manufacture of parlor organs.

Of interest to Digby readers would also be the names of John B. Mills, M.P., born at Granville Ferry, son of the late John Mills, merchant and shipowner; W. H. Weather- spoon, born at Granville Ferry; Elwood H. Armstrong, formerly of Granville Ferry; F. B. Wade, Q.C., born at Granville Ferry, who became a leading barrister in Lunenburg and who was general manager and an owner of the Nova Scotia Central Railway from Middleton to Lunenburg; and S. W. W. Pickup, born at Granville Ferry, ship owner, director of Bay of Fundy Steamship Company and Acadia Steamship Company, also director of the Valley Telephone Company.

Newspapers have changed in content in the past fifty to seventy years it appears from the above copies sent to The Digby Courier and also by those which can be seen in the files of The Digby Courier. It is also noted that advertising rates have changed in those

years as have the prices of commodities advertised in the columns of the newspapers. According to an advertising and job printing account book of a Nova Scotia Weekly paper found on the premises of The Courier, an advertising contract from Woods-Norris Ltd. (advertising agency), Toronto, paid six and two-thirds cents per column inch for advertising in a weekly publication in 1913. By 1914, the price had been raised to seven cents per column inch according to a contract that year from The International Hosiery Co., Dayton, Ohio. It is noted that the same weekly has a rate now of 84 cents per column inch.

Baptism Service Study On At Digby Baptist Calves & Trees

Twenty-one candidates for church membership received the Ordinance of Baptism last Sunday night at the Baptist Church of Digby. Two of these were from Smith's Cove, and all the others were from the Digby and Hill Grove area. The service was conducted by the pastor, Rev. H. S. Hartlin, with Rev. L. R. Atkinson assisting. A large congregation attended the service. The organist, Miss Rosalie Ernst, sang the solo, "My Task", accompanied at the organ by Mrs. Jean Olson. Those who received Baptism will be welcomed into the fellowship of the church at the services next Sunday.

At the meeting of the Baptist Youth Fellowship of Hill Grove, held on Tuesday evening, plans were made to welcome and entertain the members of the Baptist Youth Fellowship of the Acadiaville church next Tuesday evening. It was also decided to continue youth meetings for the season until the first week in June.

Members of the new Junior Choir of the Hill Grove church occupied the choir loft for the first time at the worship service last Sunday. Under the direction of Mrs. D. Roop they sang an anthem in addition to leading the singing of the regular hymns.

(By Peter Dickie)
Saturday, April 21th, the "Green Meadows" 411 Club held an enjoyable meeting at the Maple Leaf Agricultural building in Conway at 8:00 p.m. The meeting, conducted by Vice-President Peter Dickie, was opened with the club pledge, with 17 members present.

Plans were made for the group to go to the farm of Mr. Lloyd Jefferson, Digby Neck to learn to lead calves properly. Mr. Donald Brown showed pictures on Forestry and how to cut down Christmas trees and trim them so they will grow again. He also showed a movie on the St. Lawrence Wildlife Park, that had all kinds of animals and birds. After watching the movie and discussing them Mr. Brown was thanked by the club leader, Greg Dickie, and the meeting adjourned.

Drive Began Monday

The Salvation Army's annual Red Shield Appeal is being held during the month of May in the town of Digby. Having commenced on Monday, May 1st, there is every evidence of success again, according to the General Campaign Chairman, Mr. Philip Woolaver.

The objective of \$1,800 will make possible the continuance of Salvation Army services in the community for the next year. The National Objective is \$2,715,000.00 this year. It is absolutely essential that this amount be realized to meet operating deficit on the Army's social service institutions caring for all kinds of human need, and sheltering thousands of less fortunate Canadians.

Lieutenant MacPherson expressed confidence in the local citizens, feeling certain they will stand by The Salvation Army in a practical way again this year and help put the campaign over the top.

With one Father, even God, the whole family of man would be brethren. — Mary Baker Eddy.

employees books so they would be eligible for Unemployment Insurance Benefits under the Fishing Regulations", Mr. Hartley said.

It was apparent during the year that some magistrates were taking a very serious view of all methods of tampering with the Unemployment Insurance Fund, and penalties on the whole were somewhat higher than in the past, Mr. Hartley said.

One claimant found guilty of obtaining approximately \$200 illegally was fined \$50, and costs, plus seven days in jail. Another claimant found guilty of four infractions received three months in jail without the option of a fine. Among the women fined for infractions, were several found guilty of drawing benefits while they were patients in maternity wards.

With employers, the most common type of infractions were failure to keep records as required by the Unemployment Insurance Regulations, failure to keep current insurance books for employees, failing to renew insurance books, and failing to return employees' insurance books to the nearest local office of the Commission when employees were separated from their employment.

"It was also found that there were several cases of collusion between employers and employees. The most serious one found the employer guilty of placing unearned stamps in

Attend Scout Ceremony

A guard of honor was formed by the Scouts of the Halifax region at the Nova Scotia Hotel door April 22nd, 1961, as the Lieutenant-Governor, E. C. Plow and his party entered to present certificates to 126 Scouts as they each in turn, marched to the front, gave their Scout salute and hand shake.

The Lieutenant-Governor spoke briefly to the Queen Scouts on the importance of the Commonwealth and "to be trustworthy, to work and be cheerful" in support of the Scout laws.

Ten Scouts gave the Scout laws while all the Scouts repeated the Scout Promise and sang "O Canada".

Both parents and friends with the Scouts stood in honor of the Lieutenant-Governor and his party as they left the room.

Later in the day the Council was host to the Queen Scouts at a banquet in the Commonwealth Room where Rear Admiral H. F. Pullen welcomed the guest speaker, Rear Admiral K. L. Dyer, and Provincial President, E. J. Gillis, welcomed the Scouts and the Scouts' guests.

A sing-song was enjoyed. Then the Scouts were asked to stand so the guests could see how many there were and how nice they all looked in their Scout uniforms. The Scout Masters were also asked to stand for the same reason.

Guests attending the ceremony and banquet from this District in honor of Queen Scout Donald Maling, 1st Clementsport, were his Scout Master, Pat Carr, Mrs. Carr, his mother, Mrs. F. Maling, his grandmother, Mrs. Earl Potter and also Mr. and Mrs. Edward Harris, of Dartmouth.

The Council meeting was also held the same day when officers were elected and reports read. One report showed where 219 bronze arrowheads and 51 silver arrowhead certificates had been presented to Scouts.

Apple Blossom Princess

Miss Patricia Surrette, 1960 Digby Apple Blossom Princess, will be crowned at the Apple Blossom Festival on Saturday of the same week. Two important measures taken during the session were the decision to close the Municipal Home at Marshalltown and the decision to rescind a motion made in January to charge a six per cent interest on current taxes not paid after June 30. This date was changed to November 1st. A motion to give a discount of two per cent on current taxes paid before June 30 remained as made in January. Another decision made was to request the provincial government to amend the Nova Scotia Power Commission Act to permit taxation by the municipality of commission property in Digby County.

The council in session also decided to make a two per cent charge to the incorporated villages in the municipality for collection of the village supply taxes for these villages. In previous years the taxes were collected by the municipal tax collectors in each section who received a four per cent fee for their work which was charged back to the villages by the municipality.

After the municipality by-laws being in existence since 1934, it was decided to have them repealed and a complete new set adopted. This was done at the May session of the council. Many of the by-laws were outmoded and some rules which were in the by-laws had not a single action entered regarding them in their years of existence. These latter were deleted. Among the changes was one which changed the term "overseers of the poor" to "welfare officers".

Get Degrees

Those from Digby and area who received Bachelor of Arts degrees at Acadia University this week were Patricia Ann Potter, daughter of Mr. and Mrs. Keith Potter, Plympton; Peter Richard Nichols, son of Mr. and Mrs. H. A. Nichols, Digby; and Malcolm Neil Parker, Bear River. Also receiving a B.A. degree was Keith Gordon Churchill, son of Rev. and Mrs. E. C. Churchill, Windsor, N. S., formerly of Digby. Keith was valedictorian at the closing.

David Malcolm Leonard, son of Mr. and Mrs. M. S. Leonard, Digby, received his Bachelor of Education, as did Gordon Palmer Campbell, Weymouth North.

Miss Bonnie Lorna Leonard, daughter of Mr. and Mrs. Ralph Wright, received her Licentiate in Music.

Pat Potter, head of the students awards committee, and Dr. Erik Hanson, presented gold and silver A's to students at Monday's Class Day exercises. Miss Potter and Keith Churchill were among those receiving Silver A's.

Heads Yacht Club

Ernest B. Tufts was elected Commodore of the Western Nova Scotia Yacht Club at the annual meeting held at the clubhouse last week. Charles McBride was elected Vice Commodore and Percy Weir Rear Commodore. Mrs. Evelyn Cameron was elected Secretary and Harold A. Nichols, Treasurer.

The year's reports were heard, showing a successful year. Finances were in good standing and many activities had been engaged in. It is expected to increase the program of activities with the Annapolis and Clementsport clubs which proved so successful last year. More races, regattas and cruises are on the program for the 1961 summer. Other improvements and expansions are to be made on the property of the Yacht Club. These include installation of a barbecue pit, extension of wharf abutments, installation of a new fireplace in the club house and clearance of the beach area for picnicking and family outings.

No human being no matter how seemingly hopeless, appeals to The Salvation Army in vain.

End Municipal Council Session

The May session of the Digby Municipal Council, which opened on Monday of last week, closed on Saturday of the same week. Two important measures taken during the session were the decision to close the Municipal Home at Marshalltown and the decision to rescind a motion made in January to charge a six per cent interest on current taxes not paid after June 30. This date was changed to November 1st. A motion to give a discount of two per cent on current taxes paid before June 30 remained as made in January. Many of the by-laws were outmoded and some rules which were in the by-laws had not a single action entered regarding them in their years of existence. These latter were deleted. Among the changes was one which changed the term "overseers of the poor" to "welfare officers".

Hospital To Get Bequest

It was learned Monday night at a regular meeting of the Digby General Hospital Board that the Digby hospital has been mentioned in the will of the late Owen F. Oakes to the extent of \$17,000. Two thousand dollars was earmarked for the nurses' residence, \$5,000 for general purposes and \$10,000 for the endowment of a room in memory of Owen F. and Marion B. Oakes.

The late Mr. Oakes and Mrs. Oakes, whose home was in Derry, New Hampshire, are well known in the vicinity of Weymouth, N. S., where they also resided and in Digby where they have made friends during their summer visits.

C. C. MacInnis Addresses Kiwanis

C. C. MacInnis, principal of the Digby Regional High School, was guest speaker at the Digby Kiwanis Club on Thursday evening. Mr. MacInnis stressed the need for education as preparation for future occupation. In the light of present day conditions, with jobs becoming almost obsolete, qualifications for jobs rising, etc., the necessity that education be carried to the highest possible level by each individual student, is most important. The speaker said Mr. MacInnis gave some ways in which the Digby Regional High School tries to meet these changing trends in employment conditions. One means is by holding career days when the students have an opportunity to meet personnel with experience in careers of interest to themselves. Mr. MacInnis traced the development of career days at DRHS which resulted this year in 520 students being involved in the day of 26 discussion groups directed by 22 counsellors. Plans with some modifications are now underway for the year 1962.

Mr. MacInnis was introduced by Kiwanian F. C. Purdy, and thanked by C. M. Levy. Guest speaker at Kiwanis tonight is Mrs. Penny Gott, secretary of the Digby Board of Trade. It is understood that the meeting is open to Board of Trade members who are interested in procuring tickets for the dinner.

James Dunn Wins Road-e-o

James Dunn, son of Digby's Police Chief, Webster Dunn, and Mrs. Dunn, was the winner of the Digby Lions first Teen-Age Safe Driving Road-e-o. James scored the maximum points in his written test and the four skill test driving exercises held at the Ball Park on Saturday last.

The many spectators on hand were impressed as Digby's Teen-Age boys and girls demonstrated their abilities. To drive a straight course forwards and backwards; to negotiate a serpentine course forwards and backwards; their ability to decelerate and stop on a given line and their ability to park parallel.

The second place winner was Reginald Sabean, son of Mr. and Mrs. Lawrence Sabean, from South Range. The third place winner was Harold Hawkins, son of Mr. and Mrs. Aubrey Hawkins, Mount Pleasant. The young drivers were the best out of the 23 contestants who took part in the Road-e-o. Crests were awarded to the top ten at the Ball Park. The first and second place winners will be awarded the Earl VanTassel trophies on Wednesday night at the Lions Club supper meeting, May 10.

Digby's top winner advances to the Provincial Championships to be held this year at Fredericton. He will be sponsored by the Imperial Oil Company.

Judges for the various events last Saturday were Clinton MacInnis, James Haystead, Ray Langlois and Harry Meisner. The chief judge was J. MacLean. W. Hodgson was the Course Steward. A. MacCallum was Chief Steward and R. Douglas was Recorder.

The automobiles were provided by Jack's B.A. Belliveau Motors, MacDonald Motors, Mr. Forrest Eisner and W. Hodgson.

Various Lions officiated as runners and assistant judges. It was felt by all concerned that the Road-e-o had achieved all its objectives. It drew the attention of Teenagers to the need for safe operation and consideration for others, both in and out of the car. It demonstrated the skill of our Teen-Agers in their behind the wheel operation of a vehicle.

Entertained At Hedley House

Members and friends of The Admiral Digby Horticultural Society were guests of The Hedley House, Smith's Cove, for their May meeting, which combined a regular business session and social evening with several Smith's Cove residents as visitors.

During the business session reports were heard from the chairman of the Society's various projects. It was decided to enter all four of the club's projects in the Annual Rose Bowl contest namely: the gardens at Admiral Digby Park, and Cannon Bank, the Old Loyalist Cemetery, and the Hanging Flower Baskets. Miss Louise Daley, chairman of the Basket Committee, reported on her efforts to locate basins to be used under the baskets and was directed to purchase same in addition to any required planting materials. Any one having geranium slips were requested to contact Miss Daley as many of these will be needed to fill the baskets, donations from non-club members will be much appreciated. Two work parties were arranged the first to prepare the soil and fill baskets, the second to do the actual planting. It was hoped that nature would be more cooperative this summer than last year and that the flower baskets would be in full bloom by the time of the annual meeting.

Addresses were given by the Very Reverend E. B. N. Cochran, B.A., L.Th., D.D., Dean of Nova Scotia; The Right Reverend R. H. Waterman, B.A., D.D., Lord Bishop of Nova Scotia; M. J. J. Scanlon, Secretary of Missionary Personnel of Dominion Board and devotional was led by Rev. Canon A. S. Hart of Dartmouth. A religious drama, "Everyman", was presented on Wednesday evening.

St. John Ambulance Instructor. The name of Rev. W. Ideson, Freeport, Digby Co., is among the list of certified First Aid Instructors in Nova Scotia for St. John Ambulance, released from headquarters in Halifax recently.

To the Editor:—
Now that the controversy, over whether or not those who are delinquent in the payment of their taxes to the Municipality shall be charged 6% on July 1st or at some date later in the fall, is over it might be well to look at this whole matter in a little saner manner.
It would appear that for many years the Municipal Council has had to borrow money in order to meet its commitments until such time as the tax payers, the taxpayers, has paid his yearly taxes. These loans are, of course, subject to interest at the rate of 6%.
Now where does the Municipal Council get the additional money with which to pay the interest on its loans? From just one source. The tax payers. This year they decided not to pay this interest money, on a pro rata basis from all the tax payers, that they would charge it to just those tax payers who did not pay their taxes by June 30th. — they being the ones who were responsible for the making of the loans.
Subsequently, as you know, this move was frustrated by an organized body who marched upon the council chamber while the Council was in session and presented a petition, signed by upwards of 500 persons. The 3,000 odd other taxpayers in the Municipality, being apparently satisfied with the action proposed by the Council, did not march.
With the clearing of the smoke of battle where do we now find ourselves? The tax payers who do not propose to pay their taxes until late in the fall have improved their financial position. What about the tax payer who is willing to pay his taxes when they are due? He finds himself in the position where he is contributing towards the payment of the bank interest actually

owned only by the delinquent tax payer. True he can obtain a 2% discount from the Municipality for paying his taxes on the due date. On the other hand he can obtain an equal amount by just leaving his money in the bank where it will also be available should an emergency arise.
But apart from the dollars involved an even more serious situation has appeared. The citizen who is prepared to willingly carry the load of his own responsibilities, by paying his bills when they are due, finds himself more than ever engulfed in the ever-increasing position where he is forced to subsidize the more delinquent and more vocal of his team mates. Added to this the Municipal Council has formed a precedent for being railroaded, by any minority group who may wish to march upon them, into decisions which they do not favor. I suggest that they have quite enough troubles as it is without this.
Taxpayer.

Special Night At
Home Division
Home Division, Sons of Temperance, of Smith's Cove, held a special meeting Friday evening, May 12th, at which time the members were honored to have as their guests a number of National and Grand Division officers from Halifax.
The business session of the evening was conducted as usual with the Worthy Patriarch, Sis. Ruth Walker, in the chair and the complete slate of officers present.
The Most Worthy Patriarch of the National Division, Rev. R. R. Winchester, of Barton, was presented to the division, being royally welcomed and honorably seated.
At the arrival of the guests the Past Grand Worthy Patriarch, Bro. L. W. Kileup, and the Grand Scribe, Sis. Gertrude Nickerson, were also escorted to seats of honor.
Special welcome was expressed to the Past Most Worthy Patriarch of the National Division, Bro. Harold Nickerson; Sis. L. W. Kileup and Sis. Moulton of Halifax.
The business part of the meeting closed with the hymn "Blest Be The Tie That Binds".
Program for the evening commenced with a vocal solo by Bro. Stewart MacLean.
On invitation Bro. Harold Nickerson spoke on the recently relaxed liquor laws.
Bro. L. W. Kileup brought special greetings from the Grand Worthy Patriarch, Bro. H. W. McDonald and Sis. Gertrude Nickerson, who stressed the unique fact of four generations being present. These were: Sis. Mary Snow, her daughter, Mrs. Hazel Clayton; her daughter, Sis. Helena Comeau; her daughters, Sandra and Pamela Comeau. She also discussed the relaxing of the present liquor laws.
Sandra and Pamela Comeau rendered a vocal duet, "Do Lord", followed with remarks by Sis. Kileup and Sis. Moulton.
The M.W.P., Bro. Winchester, complimented Home Division on placing the altar in memory of Bro. William B. Snow, who was a Grand Division member. Bro. Winchester closed his remarks with a report of the Bands of Hope, of which he is the present Grand Patron.

THE CONSTANT FACTOR
One step won't take you very far;
You've got to keep on walking.
One word won't tell 'em who you are;
You've got to keep on talking.
One inch won't make you very tall;
You've got to keep on growing.
One little ad won't do it all,
You've got to keep them going.
The constant drop of water
Wears away the hardest stone;
And by constant gnawing, Towsers
Masticates the toughest bone.
The constant, cooling lover
Carries off the blushing maid;
And the constant advertiser
Is the one who gets the TRADE!

It is understood the early Greeks were among the first to organize their feelings toward motherhood, directing their affections to Cybele, mother of the gods.
With the advent of Christianity, the people transferred their veneration to the Madonna who symbolized the goodness, patience and suffering of all motherhood, with devoutness and dignified devotion. By the 17th century, Midlent Sunday — fourth of the penitential period — had taken on a special meaning.
It was known as "Mothering Sunday" and is observed as a Christian demonstration today. On that day people visit their mother, church and visit and look gifts to their earthly mothers as well. Paying such visits were known as "going a mothering."

Water Safety
It is a fact that in the sports field there is a host of dangers and a solemn duty rests upon the shoulders of those who know how to prevent them from ever stopping trying to learn more.
Now that the summer season is almost upon us, many of our children will get out of their homes and into the water. They've spent the winter and spring months indoors, swimming, water skiing, and other water sports.
It is not that they do not follow the athletes' advice and learn how to protect themselves and how to get out of a jam. They're all confident they are "good swimmers." They're "good" water skiers, and they're "good" water safety rules. Statistics show that 90% of the drownings are shown as well as non-swimmers.

The Canadian Red Cross has for many years been trying to reduce the great number of drownings in our country through a program of water safety services and by National Water Safety Week, which is May 14-20 this year.
This newspaper wholeheartedly endorses and supports the Red Cross effort to save lives.
We hope the readers will support this cause, too, by obtaining water safety information from your local Red Cross Branch.
Tragically, last year 900 men, women and children lost their lives in Canada through drowning. Don't become a part of these statistics yourself.
Do as the athletes do. Don't take chances. And learn the water safety rules.

It is also noted that both the Red Cross and St. John Ambulance are sponsoring a safety week during the next week. The St. John Ambulance call their promotion "Save A Life Week" and stress learning artificial respiration in case of a water accident. "Lives could be saved if more people knew what to do when they are pulled from the water". A. S. Latham, Provincial First Aid Instructor for St. John Ambulance says.

Frustratin'! No Less!
To be grandmother for the very first time in all your whole life should call for a picture on the front page of the local press! Who ever knew of anything quite so important? Why to be a grandmother... well, to be a grandmother... well, gosh, there just hasn't been anything so important for "ages and ages" as being a grandmother! Sure as anything the editor should have his picture on the front page! But, gee, golly, no, there have been and still are those who have been grandmothers for the first time! What a deflating thought! And suppose each one wanted her picture on the front page! The best the editor can do is use the editorial column, I guess.
By the way, if it happens to be a matter of any significance at all, Mr. and Mrs. Keith Chappell (nee Ruth Wallis) are the parents of a baby girl, born Saturday, May 6. Name -- to be announced. It could be Andrea or it could be Kimberlea or it could be... well anyway, how frustratin' can this get to be? Grandmothers, just don't choose names for grandchildren -- not even for the first one.

An Act Of Mercy
One of the qualities that goes toward sustaining human life is that of hope. Inspire a man with hope and he has something to look forward to; something to live for. Doctors and nurses confirm this theory and put it into practice. They know that health and even life depend largely on the measure of hope within a patient and the progress he or she is likely to make.
Up and down our land there are people who need the inspiration of hope, which is akin to faith. They are people who have come through a trying period of adversity, meet with some frustrating experiences, or have been discouraged in the long hard climb of life. They need the friendly word, the helping hand.
Probably the Salvation Army has done more for this class of people than any similar body of welfare workers. Its members are well versed in the art of helpful counsel, they know the hard knocks that life can give a person, and they understand the deeper needs of the human heart. They are, too, a helpful people, they despair of none -- and are capable of inspiring others with hope.
No matter whether marching the streets with bands and banners, dealing with the alcoholic, visiting the prisoner in his cell or the sick in hospital, or serving the people in any capacity whatsoever, the Army radiates its gospel of hope and cheer and is the encouragement and support of all citizens.
It is an organization that is an asset to any community. This is the organization which is now conducting its Red Shield Drive. This is the organization to which if you give you are doing an act of mercy encompassing every phase of human need. Men and women, old or young, irrespective of creed, race or colour, turn to the Salvation Army in time of need.

About This and That
May 7-13th
National Hospital Week

With the advent of the Hospital Insurance Plan, provincial and federal assistance has virtually removed the cost of hospitalization from the local level in so far as operation costs are concerned. It is true, however, that local units must continue to finance a fairly substantial portion of construction costs. Nevertheless, even in the field of hospital construction, the federal and provincial governments are undertaking fairly heavy commitments. Indeed, between these two authorities approximately 70% of all construction costs are absorbed, leaving an amount slightly in excess of 30% to be provided from local resources.

Under the new Hospital Insurance Plan for our Province much of the financial burden has been removed from local hospital boards and the facilities and standards of patient care immeasurably improved because boards now have adequate monies to provide the best in patient care. This has eased the heavy burden that formerly rested upon voluntary organizations. Nevertheless, a large degree of local autonomy exists and it is the Commission's avowed policy to encourage and protect this local autonomy. Greater freedom in hospital management naturally implies added responsibility. Hence, while hospitals under the Hospital Insurance Plan have experienced greater autonomy, the collective and individual responsibilities of board members has intensified. Concerted local effort is necessary and it is essential that this effort in support of hospitals should remain largely voluntary in nature. There is a growing tendency to regard hospital support as being entirely a matter of provincial concern and responsibility and that citizens at the local level need not be concerned unnecessarily over the problem of financing hospital projects. There is an increasing evidence of a widespread attitude that the government will pay the 'shot' so why should we worry. Let us not deceive ourselves for if we are to have the maximum in hospital facilities and services for the Digby Area, it will be necessary for our citizens to exert an even greater effort than in the past.

A hospital building program for the Digby Area, costing some \$1,250,000, is presently well advanced in the planning stages. Provincial and federal grants will provide some \$610,000, in the form of assistance grants, while Civic Councils have pledged another \$300,000, leaving approximately \$350,000, to be raised by our Hospital Board and through voluntary effort. The Hospital Board is confident that this obligation can be met, providing that board members may rely upon the unqualified support of all citizens in the area served by the Digby General Hospital.

We understand that citizens are becoming impatient over the delay in getting hospital construction underway. Progress is slow and this is unavoidable. Construction cannot possibly start until such time as we have clearance from the Nova Scotia Hospital Commission and the Federal Department of Public Health. To even contemplate such a move would be the greatest folly for such action would jeopardize all federal and provincial assistance grants. Approval of plans takes time, and we must await our turn. Preliminary plans have been filed with the Commission and have been reviewed. We now await the pleasure of the Commission in order to discuss revisions with our architect in attendance. Following approval we may then proceed with the final draft and this again is time consuming. It would be a most irresponsible statement were one to suggest that we may expect construction to get underway in the immediate future. However, this editorial is not intended to serve as an apology for delay but rather to reassure our citizens that the business of hospital construction is proceeding according to plan.

Let us then during this National Hospital Week, think hospital, talk hospital, serve our hospital and visit our hospital on Friday afternoon at which time the Digby General Hospital will be open for inspection and the public welcomed at the Nurse's Home for afternoon tea.

Family Emphasis
Stewardship in the family is the emphasis placed on Family Week, celebrated from May 7 to 14 in many Canadian and American Churches. Climaxing the week will be Sunday, May 14, when Christian Family Sunday or familiarly known as Mother's Day will be celebrated. Today with so many interests tending to separate members of families from fellowship with one another it is well to observe a family week or a family Sunday in order to bring stability within this important institution of life. The keynote of a family should be "togetherness". This must be maintained if society is to progress for it is in the Christian family where begins the Christian democracy of the whole nation. It is in the family where each member should first learn to accept discipline and authority, to live in peace and happiness. It is in the family that the child who grows to manhood and womanhood, should first learn the discipline of unselfishness, kindness, cooperation, responsibility and respect for others. This is then carried into the community made up of individuals, into the nation made up of communities and into the world made up of nations.
Observance of Family Sunday got its beginning, as we said, in what was first observed as Mother's Day.
Mother's Day, as we know it, is only a little more than 50 years old, but long before the present century there were countless days set aside to pay tribute to mother and motherhood. Our modern celebration resulted from the untiring efforts of a Philadelphia woman named Anna Jarvis who conceived the idea for such a tribute while arranging a memorial service for her mother in 1907. Quickly recognizing the universal beauty and appeal of an annual dedication, she brought it to the attention of church people and leading citizens.
Spurred by Miss Jarvis' speeches and correspondence, the observance was broadened to pay tribute to living as well as deceased mothers, and quickly spread to other cities across the U. S. and into Canada.
In the years that have passed, the observance of the day has spread from the U. S. and Canada, to all parts of Europe, Japan, Mexico and many other countries.

Special Services At Havelock

It was announced Sunday by Lie. Marvin Durling that special services will be held in the Reformed Baptist Church at Havelock, beginning on Sunday, May 11th. Services will continue through May 28th. Special speaker for the services will be Rev. Roy T. Sellick of Oxford, N. S. Mr. Sellick has had pastorates for 17 years, serving charges in Nova Scotia, Prince Edward Island and New Brunswick. He has also served as an evangelist for the Church of the Nazarene for many years, preaching through many parts of U.S.A. and Canada. Mr. Sellick is well known and much appreciated by the people of Havelock, where he has held successful campaigns in the past.

Also in the campaign will be Song Evangelist Cedric Landers. He is a son of Mr. and Mrs. Percy Landers, of Sandford. He is a graduate of Belfany Bible College and is now in full time song-evangelist. Cedric is a soloist, as well as accomplished musician, playing the piano, piano accordion and Hammond organ.

These meetings, open to the public, will be held each evening except Saturday.

Many Dressings

Report of the Deep Brook Neighbourly Club Cancer Dressing Group from January 1st to April 30th, 1961, shows that number of dressings made by Neighbourly Club and other volunteer workers were 2,532; number received from Willing Workers, of Waldeck West 1,320. Total, 3,852. Sent to headquarters, 3,168; to local patients, 180.

Cancer dressings are supplied to patients free of charge as part of the welfare program of the Canadian Cancer Society.

Reports also showed that \$130.50 was collected in the Deep Brook area during the recent fund raising campaign of the Canadian Cancer Society, with membership of 68 (those who gave \$1.00 or more). The canvassers, Mrs. Frank Adams, Mrs. James Johnstone, Mrs. Harold Hirtle, Mrs. Borden Fountain and Mrs. Dorothy Jefferson wish to thank all who responded to this worthy cause.

The hand of The Salvation Army shines in the darkness of human need, fluorescent with mercy.

To the disillusioned, disheartened and distressed, The Salvation Army offers, through its many social institutions, hope, encouragement and practical assistance.

Guarantees Jobs

"The New Party is the party of full employment. In its conduct of government, it will guarantee jobs for all willing and able to work. Jobs will be at fair terms. Jobs not there now will be created," said Ralph Loomer, chairman N. S. Committee for the New Party, speaking at a public meeting sponsored by Annapolis West New Party organization at Community Hall, Clementsport, on Thursday evening.

"The New Party will keep this pledge of full employment through its program of economic planning. This will mean action by government to increase production and distribution of goods and services that are needed for modern living for every Canadian family. The new program that will go before the founding convention of the New Party, in Ottawa on July 31st, calls for a 'Guaranteed Employment Act'. This act will provide the right for every jobless Canadian to claim a job as a social right by applying to the local employment office."

"Election of New Party governments will mean renewed prosperity and rapid growth of business and industries in the Atlantic provinces. A tidal power development will be undertaken that will make these provinces the greatest cheap water power region in the world. The recent proven use of the bulb turbine, makes the headwaters of the Bay of Fundy tides the greatest power potential on earth."

He urged rapid organization, careful study of New Party proposals and a full quota of delegates from Nova Scotia to the founding convention. The New Party convention gives us in the Maritimes our first chance to make our case clear and have policies for the development of our provinces made part of the nation program of the party." He explained that the Nova Scotia Committee will be prepared to help with some expenses of delegates who can not get there without special help. "We want a hundred strong delegation to the New Party founding convention, to make sure Nova Scotia people and resources take their full place in the future of Canada."

He announced an Atlantic Provinces New Party Seminar being arranged for at the Lord Nelson Hotel on June 10th and 11th. The key note of this seminar will be discussion of proposals for the good of the Atlantic region to go before the founding convention. Premier Douglas is expected to be at the Seminar and will address a public meeting on Saturday evening.

Mr. Loomer briefly touched the unemployment problem in the Atlantic Provinces, whose 100,000 unemployed are costing the country approximately \$20.00 per head per day. The prosperous country of Sweden was placed as an example of what can be done right here in Nova Scotia, as well as in other neighboring provinces. Questions and discussion followed Mr. Loomer's interesting address. Several attended from Digby Co., Deep Brook, Clementsport and Granville Ferry.

ENTERTAINED

(Continued from page 1)

display prove more successful. A vote of thanks was extended to Mr. A. Weyhe for his donation of a scrap book to be used to compile a permanent record of the Society's activities and to Mrs. Penny Gott for her donation of a rubber name stamp of Admiral Digby Horticultural Society for use in preparing tickets, entry tags, etc. A very enthusiastic vote of thanks and appreciation was extended to Mr. Elie Comeau for donating so generously of his time and labor in making a salad bowl set. This very lovely three-piece set, bowl and servers, of Honduras mahogany finished so beautifully by Mr. Comeau, an expert craftsman, will be on display at The Rexall Drug Store and will be used as a further fund-raising activity to help finance the Society's gardening projects. Tickets will be available from any of the club's members.

Plans were made for the construction of a sign to be placed in the Old Loyalist Cemetery with Mr. Daniel Comeau and Mrs. Ralph Wright appointed a committee in charge of construction and painting. Mrs. Wright also demonstrated, with sketches, her plans for the Bear signs to be used in conjunction with the trash cans at the Admiral Digby Park and Cannon Bank. In reporting on the Admiral Digby Park project Mr. Russell stated the workmen had started demolition of the building and suggested that once this was finished it might be possible to make some arrangements for provision of a more convenient source of water supply for the gardens. It was decided that the committee in charge of the Annual Flower Show, under the chairmanship of Mrs. Keen and Mrs. Wright, would meet later this month and prepare the entry lists so that plans for the August Flower Show could be finalized at the next regular business session.

During the social hour which followed the bountiful refreshments provided by Mrs. Gott and Mrs. Curry were greatly enjoyed by the members and guests present. Visitors for the evening included Mr. and Mrs. Cecil Raymond, Mrs. Walter Flett, Mrs. Stan

Dedicate Digby Kingdom Hall

The culmination of over a year's planning and work was reached on Saturday evening when the new Kingdom Hall of Jehovah's Witnesses was dedicated for use as a Bible education centre in Digby. The dedication address was delivered by Laurier Samuiri, District minister of Jehovah's Witnesses.

In his remarks, Mr. Samuiri emphasized that the building was only a means to an end. "That the building would remain dedicated only as long as it was used as a centre of education by ministers of Jehovah. That if for any reason it is no longer used by dedicated ministers of Jehovah, it would just be another building in the community."

From start to finish all labour was volunteered. The design was prepared by Thomas Holmes, now presiding minister of the Digby congregation. Other members of the congregation supplied their talents as carpenters, electricians and plumbers.

Many firms, on hearing of the use of the building were very liberal in discounting stock. Other items, such as radiators and seats were bought second-hand and refinished. Throughout the building program, much cooperation was in evidence through the community. The entire project was financed by Jehovah's Witnesses.

The care and maintenance of the Hall will be the responsibility of the local congregation. Besides for attending the five weekly meetings the Hall will be used by the Witnesses as a centre for their activity of house to house preaching and teaching.

The name "Kingdom Hall" is used to denote the association of the building with the Witnesses' chief service program, that of giving witness about God's Kingdom.

District Meet At Hill Grove

Twenty-one new members were received into the membership of the Baptist churches of Digby and Hill Grove last Sunday. Two of these were by transfer from other churches and all the others were received following baptism on the previous Sunday.

At the meeting of the Christian Youth Council of the Baptist Church of Digby held last Sunday evening, plans were made to have two of the young people of the church attend Leadership Training Camp at Chipman, N. B., this summer. It was also agreed to ask the church to purchase a number of stacking chairs for the Primary and Nursery departments, and also to purchase a supply of hymn books for use in the Sunday School and youth groups.

On Tuesday evening of this week members of the Hill Grove B.Y.F. entertained the young people of the Acaciaville church. About 35 young people gathered in the church hall for this interesting event. Following the devotional service and a welcome given by the President, Benjie Marshall, to the guests, the evening was spent in games and contests and stunts. Following refreshments, the gathering was brought to a close with the fellowship circle, and the singing of "Blest Be The Tie That Binds".

The final meeting for the season of the Baptist Youth Fellowship of the Digby church was held on Wednesday evening. Following the meeting the young people were served refreshments at the Parsonage.

The District Meeting of the Baptist Churches of Digby County will be held all day Tuesday, May 16th, in the Hill Grove Church. The social committee of the church is making preparations for entertainment of the delegates.

Family Day services in the Digby and Hill Grove churches will be held next Sunday with the Junior Choirs in charge of the music. A special program is being used for these services.

Refreshments were served by Mrs. Russell Cosman and Mrs. Clyde Cosman.

Letter to the Editor

Editor, Digby Courier,
Digby, N. S.
Dear Editor:

There have been many rumors re the building of a new school in Freeport for the pupils of Long Island. Some time ago a meeting was held in Tiverton re consolidation and a vote was taken under dictatorial rules as there was only one way to vote, the people had no choice what to ever, only for full consolidation. Now it is rumored that there is to be only partial consolidation. At the meeting the people were told that the school would be built in Freeport because of the pupils coming from Westport. However now the Westport people refuse to have anything to do with this proposal and are going to have their own school.

Meanwhile a plot of land has been suggested for the new school in Freeport but there are many complaints about this spot because it being near a swamp and brook it would make a hazardous area for school children, also it isn't central, and it would be a poor area for a playground.

Before this school is built, it is going to be most of the Islanders feel it would be better to build it in Central Grove, as many of the pupils of Freeport have miles to walk if it is put in the proposed area. And if it were built further up the Island toward Tiverton then they could ride by bus.

Another factor is why close a big four room school with modern heating and plumbing like the Tiverton school. People in Tiverton feel they have been trampled on and pushed aside by fast talkers and strong men. We feel that it isn't too late yet and the School Board should think twice before rushing headlong with such a costly mixed up school as has been suggested.

They first talked full consolidation and voted for it. Now it has boiled down to a sample one and the use of the old dilapidated school in Freeport for the small grades. If this is to be why not use the better school in Tiverton for the smaller grades from Tiverton and Freeport.

The majority now feel that it would be better to use schools in both places as they are at present or each place operate independently as in past years, i.e. the teaching of all grades. Teachers could be procured in Tiverton if they were allowed the same amount of cash over the regular amount as has been offered to Freeport to get theirs.

In view of the high jump in taxes, unhealthy labor situation and the general feeling of ill will towards the consolidation problem, it is felt that the proposed school be shelved for such a time as a real school could be built in a central area.

Many reporters, magazine writers, teachers and other learned men have come to the conclusion that the new schools and their way of teaching is not as solid as the schools of the past.

Think it over and fight to keep your school as is.
Signed:
Wonderer,
Tiverton, N. S.

Taking as his text Romans 10:1, Rev. Lanctin gave a stirring account of the needs of his people, the French Canadians, and of the work being done to reach them with the Gospel of Jesus Christ. Rev. Lanctin challenged everyone to pray for his people that they might be saved.

Rev. and Mrs. Lanctin sang the hymn "Face to Face", first in French, then one verse in English.

Rev. Lanctin showed some slides of Camp L'Allee Verte, a summer camp for children, which is a part of the La Paroisse Nouvelle Mission work.

Rev. Lanctin, a commercial artist by trade before entering the ministry, illustrated the hymn "Jesus Saviour Pilot Me", by means of a drawing with colored chalk. The finished picture is a beautiful sunset on the water with an old fashioned sailing ship silhouetted against the sky, the spray splashes over the jagged rocks in the foreground. Mr. Lanctin presented the picture to the church.

The meeting closed by singing a verse of "Jesus Saviour Pilot Me" and prayer by Rev. Spencer.

While in Centreville, the Lanctins were guests at the parish home.

Mr. Henry Reynolds, Clyde River, N.S., called on Mr. and Mrs. W. Fred Robbins Tuesday last.

More Than One Way To Catch A Cat

What is the old saying, "There is more than one way to skin a cat"? Sydney Westcott, of Waterford, Digby Co., has found more than one way to catch a cat. At least his special method is easy. Just get rid of the rats by a dose of commercial poison. If there's a wildcat near maybe he'll eat the rats and then you've caught the cat.

Unintentional though it was, that was what happened on Mr. Westcott's farm. Having caught the large sum of nine rats he tossed them without respectful burial to the earth. They seemed to disappear rapidly. In their place he soon discovered another animal - also dead. It was a wild cat over three feet in length.

VALEDICTORY

(Continued from page 1) even though they may not be there. He said the graduating class owed the university a great deal, and that they would realize this more fully later in life. He said they owed the university, at least, their continued loyalty and that, even though they may move far from the campus, they should not forget their responsibilities as alumni.

"When we arrived here, we were green, unlearned freshmen," he said, "and if we are honest with ourselves we will have to admit that, as we leave, we are not too far removed from this state. Four years and 20 university courses do not make one all wise."

He said that as they graduated they realized they had only begun to explore the vast universe of knowledge. If there was one thing above all else that Acadia had taught them, he said, it was how little they really knew. But, he added, this did not mean that something had been lacking in the curriculum. He said the university had fulfilled its responsibilities by patiently introducing them to the many fields of knowledge yet to be explored. He said the university had provided a "flash of spirit."

Cathy Wetmore, presenting the history of the graduating class, said that though their history was perhaps not glorious, it was one they would remember whenever they heard Acadia mentioned. She said their biggest year was 1960-61. "As seniors," she said, "we saw the university take a big step forward with new buildings and a larger enrolment. Acadia goes big time, was the theme of the year."

Keith will be remembered in Digby where he attended Digby Regional High School and was active in young people's, church, school and community affairs. His parents are Rev. and Mrs. E. C. Churchill, who lived in Digby, where Mr. Churchill was minister of the United Baptist Church.

Guy Morehouse Night

A special night to honor Guy Morehouse, Digby, was held in the Sandy Cove hall, Digby Neck, on Monday night. The night marked 50 years of continuous mail driving service for Mr. Morehouse, which began on the Digby Neck route from Digby to Westport, the extreme Western Point of Nova Scotia.

It was in January of 1911 that DeMille Dakin, Carl Eldridge and Mr. Morehouse took on the mail driving contract for that route. Mr. Morehouse continued with the service and in 1951 went in partnership with his son, Paul, to form a registered company. Paul and his father have continued on the Neck mail route ever since. Paul resides in East Ferry and his father in Digby, the town of which he was Mayor for 6 years and where he and the late Mrs. Morehouse brought up a family of seven children. Mr. Morehouse was born in Sandy Cove, eighty years ago tomorrow. He was a son of the late Captain Daniel and Helen Denton Morehouse, of Sandy Cove. He married Jessie Saunders, of the same village and two years ago Mr. and Mrs. Morehouse celebrated their 50th wedding anniversary. Since Mrs. Morehouse's death, Mr. Morehouse has been residing with his daughter, Mrs. David Daley, Mr. Daley and family. When first married Mr. and Mrs. Morehouse lived at Sandy Cove but in order to take advantage of better educational facilities moved to Digby in 1921.

Mr. Morehouse's children are: Theta (Mrs. Edward Spielman), Long Island, N. Y.; Nancy (Mrs. Seymour Denton), Digby; Helen (Mrs. David Daley), Digby; Guy, at Windsor, N. S.; Edith (Mrs. Fred Cookson), Toronto; Laura (Mrs. Donald Deming), Yarmouth; Paul, at East Ferry. Mr. Morehouse has 16 grand children and great grand children.

The program on Monday night was chaired by Emerson Cook, of the Digby Post Office staff. Mayor V. G. Cardoza, Digby, with whom Mr. Morehouse had been associated in town affairs during his term of Mayorship, spoke of the high esteem in which Mr. Morehouse is held and gave some of the highlights of Mr. Morehouse's mail driving experiences as told to him at various times. He said that while the mail previously had been handled by horsemen it was on April 28th, 1911, that the first motor car in the province of Nova Scotia had been used in the mail service. This was on the Digby Neck route. It was not until the end of the year that the Postal Department of the government gave approval for the contract by car. The type of car used was the Russell.

Motor car could be used only from May to October in the early years as the road between Digby and Westport was unpaved and narrow. Mr. Morehouse noticed that when snow had fallen they kept the snow drifts back and so he devised a snow fence by this means. He engaged Leslie Sabeau to cut trees near Waterford for his snow fence. After sending a picture to the government he was sent a cheque of \$50.00 to pay Mr. Sabeau. Snow fences have been used ever since for keeping snow drifts from the highways in the province and Mr. Morehouse by the early discovery was able to use his car later in the winters. He also devised a steel snow plow in later years which he attached to his car and for 3 years it was used to keep the roads open daily on the 44 mile route.

Mr. Cardoza said in his talk that over the 50 years Mr. Morehouse was more than mail driver for the Digby Neck people. He also served willingly in making purchases in town for the Neck people delivering the same enroute. On the route he has seen many changes. He has seen the quantity and handling of mail change. He has seen children grow up to take their place in the world and their children to do the same. Mr. Morehouse has won the admiration, respect and love of all the people on Digby Neck by his ever willingness and cheerfulness in performing his duty as mail driver for fifty years. Mr. Cardoza finished his talk with a suitable poem written by Oheria Cossaboom about Mr. Morehouse in 1914. It was (Please turn to page 10)

Addresses Kiwanis

Mrs. M. P. "Penny" Gott said in addressing the Digby Kiwanis Club on Thursday that we are all fighting World War III. It is not an atomic war but a war of trade, barter and economics, said Mrs. Gott. It is a war involving mind and soul and the Board of Trade should be concerned, the speaker remarked in her address on "Advantages of the Board of Trade". While the Kiwanis Club is essentially a service organization, the Board of Trade is a cohesive coordinating body in industrial and economic concerns, Mrs. Gott told Kiwanians. The Board of Trade is the economic "watch dog" in a community to help hold business intact and attract and spur new industry to progress and growth. Interest in this type of organization in Digby, Mrs. Gott tried to arouse. Mrs. Gott admitted to the many organizations which are demanding on time but reminded that a decision must be made on "what first?" It is so easy, she said, to do the easy thing. She reminded her listeners that we are standing at the crossroads in communities just as the world stands at the crossroads. She charged to keep the Board of Trade a healthy body, a cohesive body in economics and spiritual values and not let decay, stagnation and slavery come about by doing too little too late.

Mrs. Gott was introduced by president Leigh Jayne and thanked by Edward Twohig. Mrs. Gott was born and educated in Portsmouth, England, attended University of London where she finished two years in pre-medicine. She served with the Intelligence Division overseas and with the Free French. After the war she toured Canada and arrived at Woodman's Cabins in Smith's Cove, which she bought and established the well known Hedley House. Mrs. Gott is secretary of the Digby Board of Trade, takes an active part in the Annapolis Valley Affiliated Board and is active in the Nova Scotia Innkeepers' Guild.

Arthur Robinson of the Annapolis Valley Affiliated Boards of Trade also spoke. He pronounced it pathetic that children grow up, get educated and then move away. He said communities cannot grow without our smart, young people. Something must be done to keep our young people here. This cannot be done by individuals but only by organizations like the Board of Trade. There must be concentrated effort to get things done. He said the A.V.A.B. of T. had taken on the Bay of Fundy Ferry as their number one project.

John Nichols, in discussing the Digby Board of Trade, depicted its degenerated state and said "We must get behind ourselves and push". H. R. Donne, Halifax, former governor of Kiwanis and on the council of the Halifax Board of Trade also spoke. He particularly noted the part that Kiwanis plays in the citizenship program. He commended Mrs. Gott for her citizenship comments, which she made following her scheduled address and said that Kiwanis, in places where many new comers arrive, welcome the new comers on the day they receive their citizenship, hold regular social evenings and invite them to Kiwanis meetings.

Chester Levy announced that a school for parents of children with cerebral palsy would be held at Mount Allison University in Sackville, N. B. The Kiwanis Club is providing transportation for a parent from Digby.

Order Road Machine

At a special meeting of the Digby town council on Monday it was decided to order a grader, suitably equipped for town road needs, from the Department of Highways of Nova Scotia, Mayor V. G. Cardoza and Deputy Mayor Vernon L. Bent, motored to Halifax on Friday to view the machine and reported on the make and condition.

At the same meeting permission was given to Wallace Hodgson to erect a house on Oheria Cossaboom about Mr. King St. and to Clifford Melanson to build a garage on his premises.

Digby Lionettes entertained Yarmouth Ladies recently when an enjoyable meeting and social hour was held. Mrs. Richard Baxter presided. Prizes were given for the most original paper hat.

Among the Yarmouth Ladies were Mrs. Clifford Tinkham, Mrs. Edgar Roberts, Mrs. Larry Mott, Mrs. Michael Surette and Mrs. Arthur Goodwin, Jr.

Revive Board

Hopes to revive the Digby Board of Trade after a winter of dormancy are high.

President John Nichols has plans afoot for a dinner meeting for Board members and wives at Hotel Champlain in the near future. Definite date of either May 23 or May 30 will be announced pending confirmation of a speaker. It is expected that Hon. G. I. Smith, Minister of Highways for Nova Scotia, will be available for the meeting.

Westport Times

Drafted by 3 columns width and hectographed, the Westport Times has come out in its tenth issue, Volume I. It is published, as noted by the Thompson Press and Gordon Thompson, age 11, son of Harold Thompson, is responsible for the Times. It can be bought for five cents a copy or seventy-five cents a year.

While the paper does not resemble a newspaper so much in appearance, the editor does have a sense of news and knows how to set it on paper in news fashion.

We note that land has been bought for the new school at a cost of only \$500 according to the news column of the Times. The editor in his editorial column says that the school inspector, when he was on the Island, said that the students at Westport should have a chance. They should be given a better place in which to work. But comments the editor, "At the moment it doesn't look very good to us." The editor of The Digby Courier issues an invitation to editor Thompson to visit the newspaper plant in Digby.

Dam Repaired

Fourth Lake Dam on the Sissiboo River, some twenty miles from Weymouth, has been repaired, according to reports. It is understood that a diver was sent down to complete repairs. Experts in soils and construction were brought in to view the situation and repairs were being made by running off water to relieve pressure and by forcing cement into a fissure in the rock bed which 'was causing the trouble.

The leak began nearly three weeks ago at an approximate rate of 200 gallons per minute. For some time it was feared that the dam might collapse causing a flood. Business houses and homes near the river banks were notified of the conditions as precautionary measures. Radio and helicopter were standing by in case of emergency. Repairs were completed during the past week and all anxiety relieved according to reports.

Florence Nightingale Day was celebrated last week at Digby General Hospital during National Hospital Week. The day began when visitors were given a tour of the hospital from two to four p.m. Tours were directed by Mrs. G. R. Weir, Mrs. B. Franklin, Mrs. E. J. Theriault, Mrs. William Eldridge, Mrs. Harold Sulis and Miss Dora Warner. Following the tour of the hospital visitors were entertained at the nurses' residence where the Florence Nightingale Tea was held.

Top picture, left to right, are Mrs. C. D. Snow and Mrs. Gerard Connolly, each serving as Florence Nightingale; Mrs. Ralph McIntyre, Mrs. Wallace Hodgson and Mrs. Charles Hersey, who assisted; Mrs. V. G. Cardoza, Mrs. Sydney Smith and Mrs. Hilda Cossaboom.

It is understood this is part of the program to reclaim lands bordering the Bay of Fundy formerly awash at high tides for agricultural purposes.

Marshes in six Nova Scotia counties will be reclaimed.

Clare Board To Sponsor Deep Sea Fishing

The Cape St. Mary's Anglers Association held its first directors' meeting of the new season at the home of Dr. Julius Compton, of Meteghan, Friday evening to formulate plans for the coming deep sea fishing season. This will be the second year of operation of the organization which is sponsored by the Clare Chamber of Commerce for the purpose of introducing deep sea sport fishing in Clare.

The association has already received inquiries regarding deep sea fishing and it would appear that this area will receive its share of sports fishermen this season. It is known the sport fishing in our salt water shores is practically new but the association is endeavoring to entice fishermen to our shores. A small group of fishermen are willing to try to develop deep sea sport fishing in Clare and some advance in this line has been made.

The fact that Cape St. Mary's has had one of the best tuna grounds in Western Nova Scotia in recent years with thousands of the large bluefin caviors off the Cape in season is well known. It is only during the last two years that tuna fishing has been exercised by sport fishermen when 75 were caught in 1959 and 39 in 1960. The amount of tuna landed does not actually indicate the quantity of tuna that were known to be schooling at Cape St. Mary's especially in 1960.

The Cape St. Mary's Anglers Association is endeavoring to encourage deep sea sport fishing for cod, pollock, haddock and other numerous fish that abound in St. Mary's Bay. It is believed that deep sea fishing can be developed in Clare and the association is aware that it will take time to do so but it is willing to do

everything possible to assist the local fishermen.

The association insists on clean boats, well painted and with modern facilities. Improvements will be insisted upon to bring the service to the sports fishermen to a high degree which will make him want to return to our beautiful waters. A satisfied fisherman is the best advertisement that the Clare association can receive and it is with this object in mind that the association will set its sights.

Officers elected for the new season: President, Albert P. Melanson, Church Point; Vice President, Herman Doucet, Cape St. Mary's; Secretary, Denis St. Lo, Meteghan; Directors: Dr. Julius Compton, Dr. Robert Beliveau, Denis St. Lo, Capt. Alphonse Compton, all of Meteghan; Capt. Melbourne Deyean, Salmon River; Capt. Benoit Compton, Herman Doucet, Capt. Pierre Beliveau, Cape St. Mary's; Bernard LeBlanc, Beliveau's Cove; A. P. Melanson, Church Point; J. Melrie Compton, Meteghan River.

The Purdys were among the first settlers in Deep Brook, which was in their time called Lower Dutch Village Shore and also Clements.

Marriage

Burns — Halliday
A pretty wedding took place at Rossway Baptist Church, Rossway, April 22nd, at 7 p.m. when Eileen May Halliday, daughter of Mr. and Mrs. Donald H. Halliday, Rossway, was united in marriage to Douglas Arnold Burns, son of Mr. Norman Burns, Rossway.

The bride, given in marriage by her father, was charming in a blue ballerina length dress. The lace bodice was fashioned with small collar and long sleeves which came to points over the wrists. The skirt was made with two tiers of lace over taffeta. Her shoulder length veil was held in place by a tiara of simulated pearls. She wore a corsage of pink roses.

Miss Dorothy O. Melanson, Rossway, bridesmaid, wore a ballerina length dress of mauve nylon over taffeta and a white hat. She wore a corsage of white carnations and yellow mums.

Clarence Orton Guler, Tiddville, was best man.

Following the wedding a reception was held in the community hall. Serving were Mrs. Lee Wentzell, Mrs. Donald Halliday, Mrs. William Baker and Mrs. Roy Harnish. Many beautiful gifts were received.

After the wedding the couple went on a short honeymoon trip to Hillsburn, Annapolis County.

The bride and groom will reside at Rossway.

Independence Granted Recalls Church History

The 150 year old British West African colony, Sierra Leone, was recently granted its independence and has raised its new national flag. Sierra Leone has been much in the news for the past few weeks and so the history of Grace United Church took on new significance as read before the church's centenary committee which met at the home of Mrs. D. G. Black on May 8th.

The history was prepared by John Russell, assisted by Mrs. J. M. Wallis and Milton Turnbull. According to the history prepared colored people had been given grants of land at Conway or Brindley Town, having come here after assisting British forces in the American revolution. In 1785 two evangelists of the Methodist Church visited Digby and established a church of 78 members, 66 of whom were colored people. Because they had a difficult time wrestling a living from the soil many of these people returned to the United States. The colored people would have been under difficulties in returning to the U.S. so the British government assisted them to a new home in Sierra Leone. About twenty years later another man visited the area and found a Methodist church had been established by these people in Sierra Leone and had one hundred followers.

The church which had been established in Digby also survived even though many of its members had been removed in that same year of 1792. This year 1961 the Grace United Church as it presently stands is celebrating its 100th anniversary. A special program for the week of June 18 to 25 is being carried out and Dr. A. E. Churches By The Sea

By M. Allen Gibson, Chronicle-Herald

On May 12, 1810, Israel Potter, Sr., a farmer and fisherman of the township of Clements, wrote a letter in which he told of a wonderful religious revival which, starting in the lower part of the district, soon spread throughout the entire area. The result was the organization of the First Clements Baptist Church with sixty-five members, further additions expected and Mr. Potter as its first minister.

A veteran of the American Revolution, the new pastor was almost sixty years of age when, about 1822, he was formally ordained to the divine vocation which was to occupy his time and talents until his death on August 17, 1847, at the age of eighty-three. Also, in 1822, another period of gracious revival was visited upon the township. New members were added to the Church and, in 1823, those residing at Bear River covenanted to form the Second Clements Baptist Church. Deacons elected at that time were David Whitman, Israel Rice, Warren Potter and James R. Purdy.

In 1842, evangelistic fervour again evidenced itself all the way from the Sissiboo River to the Bear and along the length of Digby Neck. Many of those who then united with the Second Clements Church at Bear River lived in Smith's Cove and they, desiring to be a separate congregation, were, by mutual agreement, organized into an independent body on March 16, 1844, under the name of the Second Hillsburgh Baptist Church. At the same time, the Bear River fellowship dropped its Second Clements

Baptists Hold District Meet

The District Meeting of the Baptist churches of Digby county was held in the Hill Grove church on Tuesday of this week. Rev. H. S. Hartlin, district chairman, presided at all sessions. The morning session began with a devotional service led by Rev. Ivan Smith, Bear River. An interesting part of the program included two addresses given by Rev. Logan McLellan, of Westport, who spoke on some of the Basic Baptist Beliefs, and Rev. W. Ideson, Freeport, whose message was on the subject "The Spiritual Life Of Our Baptist Churches". A helpful discussion followed these addresses.

At the business session it was decided to approve in principle a change in the District and Association organization structure.

The afternoon session was in charge of the Women's Missionary Societies of the district, with Mrs. Vian Andrews, district president, presiding. The devotional service was conducted by the Hill Grove society. Guest speaker for the occasion was Miss Lois Knowles, retired missionary who served for many years in India and who is now the Corresponding Secretary for the United Baptist Women's Missionary Union of the Maritimes.

The evening session opened with a song service led by Rev. R. R. Winchester. The sermon was preached by Rev. L. R. Atkinson. A welcome into the District was extended to Lie. Dale R. McFavish, the new pastor of the Smith's Cove and Deep Brook churches.

The following officers were appointed: — Chairman, Rev. Ivan Smith; Vice-Chairman, Rev. Logan McLellan; Secretary-Treasurer, Rev. R. R. Winchester.

Digby Man Minister Of The Year

National Revenue Minister George Nowlan, born at New Tuskot, Digby County, and federal member for Digby, Annapolis and Kings, recently received a special award from a group of Conservative backbenchers in the Commons and was crowned "minister of the year."

The award, a mounted lobster, was given to the federal minister who effected the greatest economy and efficiency in his department and will be awarded for the same reason annually.

Mr. Nowlan is the first winner.

A group of backbenchers decided after the 1958 election that they would devote their efforts toward improving efficiency and economy in government departments.

Surveys had been requested by the ministers of defence production, external affairs, finance, fisheries, justice, mines and technical surveys, national defence, national revenue, northern affairs, post office, public works, trade and commerce, and by the ministers responsible for operation of the National Energy

Have Stork Shower

On Friday evening friends gathered at the home of Mrs. Leonard Garrison, Westport, for a stork shower in honor of her daughter, Mrs. Glen Welch.

The evening was spent in playing canasta, rook, par-chessi.

Delicious refreshments were served by the hostess, assisted by Mrs. Richard Swift, Mrs. Lloyd Frost and Mrs. Charles McDormand.

Following, Mrs. Welch opened her gifts, the cards being read by Mrs. C. McDormand. She received many useful gifts.

The guests left at a late hour, all having had a wonderful evening.

Board, the House of Commons, and the Unemployment Insurance Commission.

Estimated measurable annual savings, brought about as a result of these efficiency examinations, had resulted for the most part, in savings of between \$2,490 and \$10,000 in the departments.

But in Mr. Nowlan's department, the saving was listed by the division as approximately \$1,500,000 a year. Last year it was over \$2,000,000.

The presentation of the trophy, a lobster mounted on driftwood and with sea shells on its base, garbed in Nova Scotia tartan, and holding a broom, signifying a "good housecleaning job", was presented to the honourable member.

Mr. Nowlan then explained how he had achieved the savings. He had found "ancient practices" in his department. Labor-saving devices were brought in and computers were installed. Huge collections of reports, in duplicate and triplicate, which arrived in his department were dutifully sorted, wrapped and stored in rooms in his department, some of them never to be used again.

Mr. Nowlan felt that this space could be saved by putting the records on microfilm, and money could be saved if a person's time was not consumed wrapping and sorting the documents.

Then, he installed an income tax computer centre in his office, rather than having them scattered through several buildings.

With elimination of overlapping of jobs and work, there have also been savings on the payroll. No persons were fired, but when they retired, or resigned, their jobs were not filled. The machines did the job and employees were transferred.

Mr. Nowlan admitted that he is still looking around his vast department for other economies and measures of efficiency. Some of his moves have already resulted in speedier processing of income tax returns filed by Canadians and, in turn, speedier refunds where these are warranted.

Canada's Forests Bid Winter Goodbye

New Life Begins As Pulpwood Crop Sails Downstream

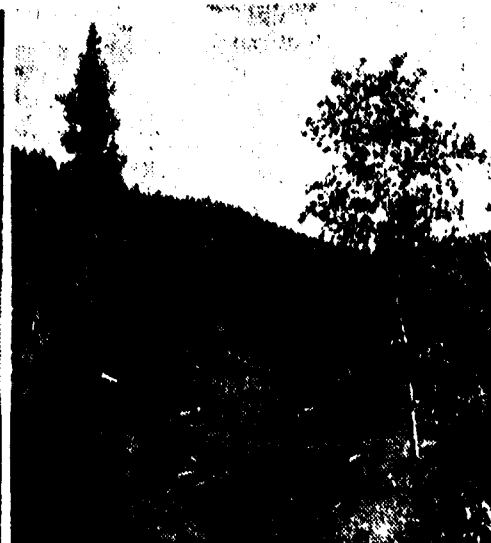

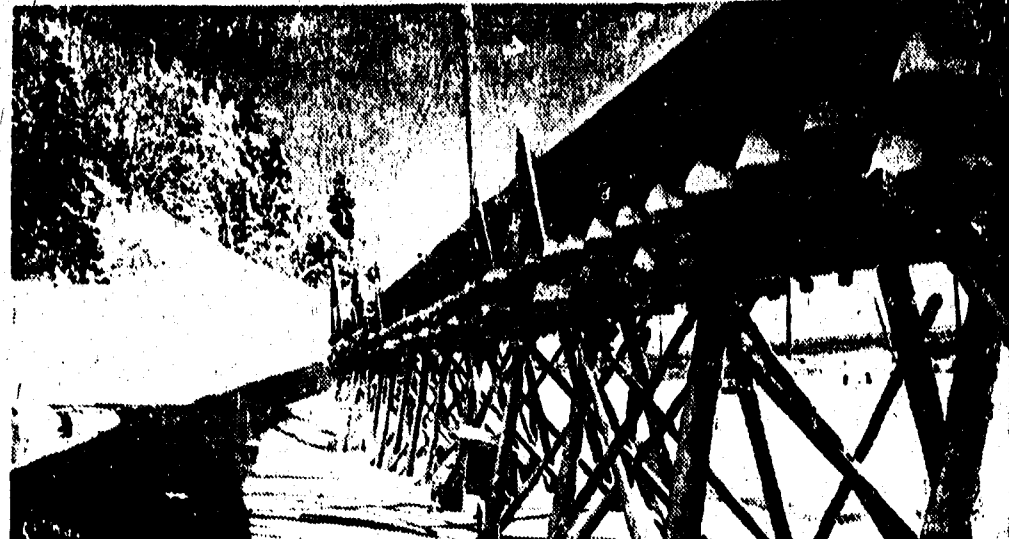

Winter gives way to spring this month, and in Canada's forests the season of new life is also the time for bringing in the harvest.

Pulpwood flumes shrug off a blanket of snow to resume their job of ferrying logs by the hundreds of thousands from the holding grounds to the pulp and paper mills. Throughout the woodlands, the warm sun awakens young spruce buds; and in the icy waters of countless rivers swollen by the runoff, the winter crop of pulpwood begins its trip downstream.

Pulpwood is Canada's most important crop. On it depend the operations of the nation's most valuable industry. From it flows, directly or indirectly, at least one in every eight dollars of the income of all Canadians.

This year's pulpwood crop will come to some thirteen million cords. Most of it will be floated for several months, sailing steadily by sea, by lake, and by river to reach the mills in late summer or early autumn. There it will go to the great cone-shaped piles, to await its turn at the grinders or the chippers and then to become part of the \$1½ billion of new wealth that flows each year from Canada's pulp and paper mills. Most of this production is shipped all over the world.

Foresters who met recently in Montreal for the 43rd annual meeting of the Woodlands Section, Canadian Pulp and Paper Association, said that this year's crop of pulpwood was

P.M. Commends Efforts

Rt. Hon. John Diefenbaker.

The observance of Forest Conservation Week brings another warning to all Canadians of the ever present danger of forest fires, which annually devastate some two million acres of our valuable forest land.

In view of the great significance of our forest and forest industries in the national economy, forest fire losses are a matter for increasing concern and I fully endorse the Canadian Forestry Association's programme to ensure that due care will be exercised by all who have occasion to go into the woods, for business or pleasure.

I commend the efforts being made by governments, by industry and by the Canadian Forestry Association to protect our forests.

Receive Degrees And Prizes

Hon. E. C. Plow

Rev. Donald Clare Ruggles, N. B. Weymouth North and Bernard Edward Gesner, Granville Ferry, were among those who received degrees, diplomas and prizes at the University of King's College convocation last Thursday. A licentiate in theology was granted to Rev. Mr. Ruggles who also received the Canon W. S. H. Morris scholarship and a book prize. The Biney bursary went to Mr. Gesner.

Addressing the graduates was Lieutenant Governor E. C. Plow, who was conferred the honorary degree of Doctor of Civil Law at the convocation. His Honor said in his address that the British Empire and Commonwealth of Nations is not breaking up but is developing an entirely new form. To ensure the Commonwealth remained intact, he said, members had to continue in their efforts to make it of value to the group of nations.

The trouble in the Afro-Asian colonies existed, he said, only in countries where the white men came first, the natives were brought in later, and the local white people refused to relinquish control. This was denying immigrants their full rights as citizens because they were colored.

"The only way to be just with the people of a country," he said, "is to give them all equal opportunities irrespective of their color."

"Equal rights cannot be granted immediately, but as long as equal opportunities are available with target dates set for equal rights, and if this is done fairly, then I am certain that in the long run the people of all races will be satisfied."

"SOME LIKE IT HOT"

GUY MOREHOUSE Wins Assistantship
(Continued from page 1)
published in a booklet "Thoughts In Rhyme".

Highlight of the evening was the presentation to Mr. Morehouse of a purse of money. The presentation was made by Orrie Specht, Waterford, who has served continuously as postmaster there for 30 years. Mr. Specht this month will be 83 and is still doing a noble job at serving the public in the capacity of postmaster. In the presentation, Mr. Specht paid tribute to Mr. Morehouse's service and his friendship through the years. In his reply Mr. Morehouse thanked the people for the gift but said that he valued their friendship even higher and if he had his life to live over again he would choose the very same work. Mr. Morehouse also reminisced on the days of horseteam mail driving when they went as far as Sandy Cove one day and continued to Westport the next. The home of Orrie Specht was always open, he said, if they couldn't get through. There the horses were fed and the mail cared for. In fact he could stop at any house on the Neck and get a meal. Mr. Morehouse took great joy in recalling an instance when for a joke they went through a ceremony of swearing in a man as road-master. Immediately roads through the village were kept open beginning the very next morning at dawn. Mr. Morehouse recalled the days when all the mail from the Neck was carried in one small rubberized bag. Those were the days before parcel post and when no daily newspapers were going to the Neck. He remembered incidents of his horses which had received broken legs and had to be shot, of the difficult coburny roads, of Sawdust Hill where planks had to be used to get his horses out of the mud.

Russell Harris, Digby postmaster, also spoke a few words in appreciation of Mr. Morehouse's service and read a letter from District Director of Postal Service, Mr. O'Brien, Mr. O'Brien in his letter remarked on the unusually long and good quality service given by Mr. Morehouse over an extremely long route including ferry transportation. He sent congratulations to Mr. Morehouse and expressed appreciation of the patrons in arranging the gathering in Mr. Morehouse's honor. A letter was also read from Mr. Clark, area superintendent.

Ghosts were from Digby through to Westport and a musical program was provided by numbers from various communities. Those participating in vocal selections were Mrs. Evelyn Crocker, Miss Sharon Prime, Freeport; Miss Janet Sollows, Miss Sandra Outhouse, Tiverton; Anne Young, Tiverton; Miss Carolyn Outhouse and Cheryl Elliott, Tiverton; Mrs. Wilfred Trask, Little River and Mrs. Carl Small, East Ferry and Mr. Herman Morehouse, Little River. Accompanying the vocalists were Mrs. Robert Ruggles, Tiverton, and Mrs. Bernard Denton, Little River. Miss Sharon Cook, Digby, played a piano solo and Misses Peggy and Laura Daley, Digby, grandchildren of Mr. Morehouse, played a piano duet. Mrs. Chester Outhouse, Tiverton, did a musical skit. After refreshments, birthday greetings, etc., Mr. Morehouse rendered "A Perfect

Day" in his usually fine voice. The poem referred to above, read by Mr. Cordoza, is —

DIGBY NECK MAIL DRIVER, 1914

We would speak a word that's cheery
Of a soul who's often weary,
And we choose to do it now
While he is here,
Not reserving all our roses
And our compliments and
posies
So that sometime we may heap
them on his bier.

He's an ideal public servant
Kind, obliging and observant,
And emerges with a smile
from every wreck,
Whether serving prince or
peasant.
Always courteous and pleasant
Is the driver of the mail on
Digby Neck.

When his auto's bones are broken
No impatient word is spoken,
Just proceeds at once to diag-
nose the case,
Then with lint and splints and
plaster
He repairs the sad disaster
And the injured parts are
quickly put in place.

Good luck we hope may ever
attend him
And loyal friendship may de-
fend him
While his weather eye is glued
to curve and track,
Now we'll say no more about
him,
'Cent we could not do without
him.
And we say this to his face or
to his back.

"Thank you" often is belated
Yet he's much appreciated
By the many-sided public
whom he serves,
And we hope sometime to
meet him
Where no baulky cars will
greet him
In a land where each one gets
what he deserves.

Made Honorary President

Executive officers, directors and committee chairmen for the coming year were elected by the delegates to the third annual meeting of the Nova Scotia Association for Retarded Children held at Halifax. Guest speaker at the luncheon was Hon. W. S. K. Jones, Minister of Welfare for Nova Scotia. Dr. Denis Howell, of Halifax, was reelected President of the Association for a second term. Mrs. E. C. Plow, wife of the Lieutenant Governor of Nova Scotia, has consented to act as Honorary President. Delegates from many parts of the province attended the sessions.

In his address, Hon. Mr. Jones complimented members of the Association on the Brief which has just been presented to the Nova Scotia Cabinet. He suggested one of the primary objectives of the Association should be the organization of branches or parents' groups in every county of the province. "Your Association would thus become completely representative of the province and you would have a working group in every county as well as in the larger centres. You would be able to make a greater impact upon public opinion and could illustrate more readily the needs of our retarded; you could assist both parents and children in those areas where there is no organization at present. No matter what government may be able to do, an additional measure can be achieved in every community which has an active group of interested and informed citizens."

Referring again to the recommendations contained in the Association's Brief, Mr. Jones suggested a variety of reasons why the government should attempt to carry them out: "I am sure," he said, "that some very practical individuals would be impressed by the wonderful results you have achieved through the appointment of a Rehabilitation Officer. Others would be impressed because what you suggest would prevent crime. There are many such facets in your brief. I hope you will not lose sight of the most convincing argument of all; that we should do these things because of compassion and because our society is built on the principle that the strong should help the weak."

Plans For Festival

The Acadian Festival at Clare is expected to be the best to date as the central committee finalizes the program. A meeting of the committee was held recently at the residence of Dr. Julius Comeau at Meteghan to continue its work in completing the program. Several meetings have already been held and will continue until every detail has been considered.

The parade of floats and decorated cars will be featured after being cancelled last year. The committee has agreed that the parade is possibly the greatest attraction and is an outward manifestation of the festival.

The annual Acadian Festival takes place in Clare, Digby County. Clare is a district of the county which extends from Weymouth to Beaver River and is settled by a French

speaking population. The main highway is commonly called the longest main street in North America, stretching from Weymouth to Beaver River, a distance of over forty miles.

The Acadian Festival was organized in 1956 for the purpose of making the Clare District known to the tourist. The program for 1961 appears to be an interesting one with the Acadian Ball opening the festivities. It will be held at the Clare District High School Auditorium at Meteghan River on August 10 and at the hall, the Evangeline and Gabriel will be selected to reign throughout the entire festival which will terminate on August 15.

Friday, August 11, will see the presentation of the play "Evangeline" at the Clare District High School auditorium. Saturday will be focused around Pointe-a-Major at Bellevue's Cove near the first Acadian cemetery. A chicken barbecue will be featured in

the afternoon and evening and the planning committee expects to put on an amateur show during the afternoon and evening as a special attraction. Open air dancing of folk dances will be held in the evening with an old time orchestra in attendance.

Sunday, August 13th, will see the parade of historical and religious floats as well as decorated cars wend its way along the "longest main street" to terminate at College St. Anne's campus grounds. It is expected to have a band concert on the college grounds at Church Point in the afternoon.

Monday is reserved for the Richelleu Club banquet at College St. Anne, Church Point. At 11:30 it is proposed to have midnight Mass in St. Anne's College which will be preceded by torchlight parade.

An idea, to be suggestive, must come to the individual with the force of a revelation. — William James.

Nicholson Addresses Kiwanis

Peter M. Nicholson, Annapolis West M.L.A., in addressing the Digby Kiwanis Club on Thursday, stressed the importance of interest and participation in political affairs by the public. He said that it is of great interest to men and women associated in the business world to take their part in political life. "In our system, he said, the public chooses its politicians and has the power to improve their quality if this is necessary. Part of the difficulty in getting members of the public to interest themselves in politics is that they do not realize that in a democratic state the public is all important. The supreme importance of the public in a democracy will continue unless the public annals its function and chooses not to take advantage of its right to control the destiny of its men and its affairs. Mr. Nicholson said. He stated that in the totalitarian state if the nation fails, its people can blame their leaders but if a democracy should fail the people of that democracy would in the end have only themselves to blame.

Today the public is much dependent on government in our complexity of modern society the speaker said. Demands are greater and consequently there is a greater expenditure of public money. Mr. Nicholson remarked. He said that today the various levels of government in Canada spend a total of some \$800.00 per year for every man, woman and child in the country. "One dollar out of every three earned or produced in Canada is spent through some level of government and the proportion is growing," he said. In Nova Scotia, for instance, he said, the total expenditure by the provincial government for the fiscal year 1956 was 64 million dollars. For this reason, for one, he said, people should think intelligently and interest themselves in politics.

In scoring the lack of interest generally in politics, Mr. Nicholson stated that the business man was probably the worst offender and most detached from political interest. Mr. Nicholson felt that one reason for this was that the business man so often feels that interest in politics is "just for business". Mr. Nicholson did not feel that this was either true or the right attitude. He knew of many successful business and professional people who were actively engaged in town, municipal, provincial or national politics without any detriment to themselves personally or to their business.

Importance Of Church Role In India Told

Right Rev. Kenneth Annand, Bishop of the Diocese of the Anglican Church in Annapolis, gave a detailed description of the work of the Anglican Church in India in delivering the sermon at the Trinity Church in Digby on Sunday night. The bishop spoke of the wonderful heritage in beautiful churches in this country and compared them with the churches in India where he said few of the finest compared with the simpler ones here. He said great zeal and devotion must have caused such churches to be built. He also said that their numbers of 25,000 Anglicans out of a population of 22,000,000 in an area of 144,000 square miles in the northwest of India were few but progress was being made and the influence of the church was powerful. Bishop Annand said they find that Christianity is becoming more and more acceptable in India. Thousands are attempting to learn Christianity in many ways; reading the Bible, correspondence courses or other means so that they might get the right perspective on life. Even non-Christian leaders frequently refer to the Bible. Men of high positions, the speaker said, passed through Christian schools and are showing an attitude of sympathy toward Christian schools and churches. This will have a direct influence on the policy formation and attitude toward the Christian church in India in later years. The aid of the church in Canada by prayer and material assistance has helped bring about the powerful influence of the church in India. More missionary personnel is required, though, the speaker said and they are trying to send more Christian boys and girls into the schools in India as an influence to the non-Christian student. A nucleus of 150 is planned. This will cost about \$60 per year for each child.

The influence of the Christian hospitals in India was also related by Bishop Annand. He related their efforts to rehabilitate the refugees from Pakistan and Tibet. He implored the people to "Remember us". He said the church must be even more alert and persevering in the proclamation of the gospel among the people. Relating his discourse to the season of Pentecost, he said the Christian cannot take credit for the work but the Spirit of God which works mysteries.

The service was conducted by the rector of Trinity parish, Rev. James Pike. Others who assisted were Rev. Eric Irwin, Weymouth; Rev. Louis White, Bridgetown; Rev. W. A. Trueman, Yarmouth; and V. G. Cardozo, lay reader, Digby. Members of Anglican church choirs from Middleton and Annapolis Royal assisted.

Accompanying the Right Reverend Mr. Annand was his wife. A reception was held at the close of the service in honor of the distinguished couple, when many from the Anglican Annapolis Diocese were present and visitors from other Digby denominations.

Ratepayers Meet

Approximately 40 ratepayers from widely scattered points of Digby County met at the Maple Leaf Agricultural Building on Thursday, May 18, to discuss matters of interest to such a body and to take steps to form a ratepayers association for the county. Harold Sullis, Smith's Cove, was chairman of the evening and many participated in discussions. It was the consensus of opinion that as ratepayers they had been too prone to neglect and too lazy in taking a direct interest in municipal affairs. They admitted they were so willing to let someone else do the job and then to grumble after it was decided an association should be formed and a meeting called on May 31 to elect officers and formulate objectives.

Named Vice President

E. W. Outhouse, Tiverton, was named first vice-president of the Provincial branch of the Canadian Legion at the 25th annual convention held in Dartmouth this week. C. A. Doane, of Yarmouth, succeeds T. A. Young, of Sydney, as president. Other officers named include J. W. Tattler, Truro, second vice-president; J. J. MacInish, Dartmouth, treasurer. Maj.-Gen. E. C. Plooy, lieutenant governor of Nova Scotia, was named the first honorary president of the Nova Scotia command.

Among the zone commanders elected was R. O. Wright, Digby, Zone 11. One item for intense discussion was objection to the new Canadian Legion badge brought out last fall by the Dominion Command.

The badge features a red maple leaf on white background and poppies on the bottom. Around the crest are the words "We will remember them" in Latin. Chief objection to the design was the omitting of the Union Jack. Delegates said the removal of the Queen's colors, the flag under which many fought and died, would show lack of appreciation of Her Majesty's act.

Another objection was the omitting of the word royal. The Queen recently granted permission to the Canadian Legion to designate their organization as the Royal Canadian Legion.

Ron MacBeth, third vice-president of the Dominion command, outlined background of the crest. He said he was not trying to sway the convention, but would give some of the factors that were taken into consideration when the badge was designed.

He said the committee designing the badge could find no legal entitlement to use the Union Jack within the badge. It was also found incorrect to superimpose the maple leaf over the Union Jack.

The British Legion and several other ex-service men's organizations throughout the Commonwealth did not include the Union Jack in their badge, he said.

Following Mr. MacBeth's address, a resolution stating that the badge of the legion be made to contain the Union Jack and "Royal Canadian Legion" was passed by the convention.

The badge's design will be discussed at the national convention slated for Halifax in June, 1962.

Honest John

There is more than one "Honest John" in Canada. John Comeau, Conway, Digby County, can also be termed "Honest John". Last week Mr. Comeau came to the Courier office to advertise a roll of money he had found on the sidewalk just outside Trask's Barber Shop. The roll, unopened by cover of any sort, contained five twenty dollar bills.

Several approached Mr. Comeau to find whether or not it might be their lost cash but Mr. Comeau being not only honest but also wise was determined to be satisfied that the rightful owner was found. On Saturday Ray Tidd, of Whale Cove, was a happy young man when Mr. Comeau had plenty of proof that he was the owner. Ray, who is a hard working but, handsome fisherman, said he had asked his father, Kemp Tidd, to take care of the money for him until he had an opportunity to get to the bank. When that opportunity presented itself, Ray decided he would have a hair cut also. On arriving at the bank he discovered he had lost the money but had no idea where it might be. He retraced his steps to the barber shop vicinity but got no clues. That Ray's happy smile was reward enough for "Honest John" could well be noted as the two men stood at the Courier office counter, but Ray was as determined as John that things be done right. Result — John, reluctantly walked away with a nice reward after staunchly refusing the first offer.

The cards which will be distributed to all phone users has one important bit of advice in case of fire. It is — remain calm.

Right From California

Frank Kempton, Strathmore, California, brought the editor an orange grown on his own ranch at California. Unique about the orange was its size — 13 inches in circumference. Although Mr. Kempton had also brought one to Nova Scotia measuring 15 1/2 inches. Sweet and seedless, the orange was perfect in quality and spent for two breakfasts.

The oranges which they brought to Nova Scotia as samples of their product sell to retailers at from ninety cents to \$1.20 per dozen. The Kemptons have 36 acres in oranges and 8 acres in plums. They have their own packing house where oranges are graded and packed. About This and That

Technical Training Week

Canada is planning to observe Commonwealth Technical Training Week from May 29 to June 4, 1961, at the same time as similar observances are taking place in a number of other Commonwealth countries.

Originally suggested by His Royal Highness, The Duke of Edinburgh, the purpose is to focus attention on the importance of technical vocational training and education in the world today, and to encourage young people to prepare for careers with expanding opportunities. The theme will be "Training Today for Tomorrow".

Much has been written by heads of governments, leading men in university, high school and industry to convince young people of the necessity of planning a career and staying in school until graduation. They have tried to make youth understand the importance and value of education to a person's future employment security. Parents too, have been urged to instruct their sons and daughters on this important issue in their lives. Hon. R. L. Stannfield, Premier and Minister of Education for Nova Scotia and the Hon. Michael Starr, Minister of Labour for Canada have issued a plan and concise message to parents on this matter of Education Training and Employment.

As these men have said during the last few years, a revolution has been taking place in Canada—a revolution in employment which is almost certain to affect the future of your children.

The introduction of more and better machines, and improved methods of doing things, have been gradually wiping out thousands of jobs which require little education or training, so that unskilled and semi-skilled jobs now represent only 30 per cent of all employment in Canada. At the same time, employment opportunities continue to increase proportionately for graduates of apprenticeship programs, institutes of technology, high schools, vocational schools, trade schools and universities.

What this means to the future of the young people in your family is obvious. Early drop out from school could mean being cut off from 70 per cent of the jobs in Canada, being limited in their earnings for life, a closed door to the better training opportunities in industry, often being restricted to dead-end jobs, and possibly a lifetime of insecurity and long periods of unemployment.

Because of this situation it is extremely important that we do everything within our power to encourage our children to stay in school and graduate and to seek training which will fit them with useful skills.

Of course parents cannot force careers on their children, but certainly we can emphasize the necessity of thinking and planning ahead, and give them an early and lasting appreciation of the value of a sound education, formal training and good citizenship.

Parents too often feel their children should pursue only the academic side of education and by so doing, cause them to overlook the excellent career opportunities which exist through technical and vocational high schools, technical institutes, trade or other occupational training and apprenticeship programs.

The importance of education and training to the future security of your children cannot be exaggerated. They will be entering a world of work which will continue to see great changes in individual occupations and the whole pattern of occupations. They will need to have the flexibility which comes from good fundamental education and training.

Encourage them to equip themselves as well as they possibly can with useful skills and knowledge before seeking their life's work.

What You Should Know About Fallout

Fallout contaminates everything it settles on.

When a nuclear bomb bursts near the ground, masses of soil and debris go up in an enormous cloud of radioactive dust. Large particles in the cloud soon come down, but fine particles floating in the air may drift hundreds of miles and settle in vast areas.

Fallout is what settles out of the cloud of deadly radioactive dust.

Fallout dust particles give off rays that may injure or kill humans and animals. Some of the particles may burn the skin; others may get into the body and cause internal damage.

Fallout is odorless and may be invisible; the rays cannot be detected except by operators with special instruments.

Fallout may settle on land and water, crops and livestock, buildings and equipment, clothing and food.

Fallout may be dangerous even in remote parts of the country.

Fallout reaching the ground soon after a burst is highly radioactive; what comes down more slowly may lose much of its radioactivity before it lands. Two days after an explosion the fallout has lost most of its deadly power, but where fallout is heavy it may still be dangerous.

Fallout is a mixture of many radioactive elements. Some give off injurious rays for several months. Some of them lose radioactivity quickly. Some lose it slowly, and radioactive strontium, gives off harmful rays for many years. There is no known way to prevent fallout from giving off rays, or to speed up the rate at which the radiation dies away.

If a hydrogen bomb explodes on a clear day many people miles away will see a blinding flash and the great ball of fire that will rise in the air with the vast mushroom-shaped cloud of dust and debris containing the fallout. People who see the mushroom-shaped cloud, or any dust cloud after a nuclear explosion, should get ready to go into a shelter in case fallout comes down in their area.

A Canadian broadcasting plan involving many of the existing radio stations will be put into operation, and radio will be the principal means of warning the public of fallout. As there may be a power breakdown, every home should have a battery radio.

Celebrates 83rd Birthday

Mrs. William Johnstone, of Waldec West, Annapolis Co., celebrated her 83rd birthday anniversary on Monday, May 22nd, at her home, where she and her husband live.

Mrs. Johnstone came from Scotland several years ago with her family and they settled in Waldec. She does all her own cooking and housework for her husband and herself. She has 8 children living from a family of 11. Several settled in Ontario and two sons, James and Joseph, live in Deep Brook and Waldec.

Mrs. Johnstone spent the day quietly at home, receiving cards, messages and gifts on this happy event. We wish her many more.

What's A Coypu?

What's a coypu? We had never seen one until someone came to the Courier from visiting the C.P.R. express office on Saturday and insisted that we go up there and see this strange animal. "Well, what is it like?" "Judging from its tail it is very like a cat, judging from its hind feet it is very like a goose, judging from its face it is very like a rabbit. Its coat is white with coarse bristly fur."

And so we went to see the two animals directed from Canadian Nutria Ltd. in Toronto and consigned to A. VanBuskirk, Bloomfield. We could not reach Mr. VanBuskirk by phone to hear his story but we found in the dictionary that there is a South American aquatic rodent (Myocastor coypus) with webbed hind feet, relation to the otter, which produces fur called nutria. We also learned the fur is used to trim ladies' coats. Maybe there's a new business in progress for Bloomfield.

Reading Institute At Bear River

Approximately seventy-five teachers, principals and supervisors of Annapolis and Digby Counties attended the Reading Institute held at Bear River Tuesday afternoon and evening, May 9th. The conference was presided over by Miss June Schmidt, Bear River, President, Annapolis Council of the International Reading Association, which sponsored the Institute. The afternoon program included seminars under the leadership of Mrs. Mary Whitman, Middleton Elementary School (primary grades), and Mrs. Marion Jubien, Principal of the Bridge-town Regional Elementary School (elementary grades). Miss Elizabeth Orchard, Supervisor of Curriculum with the Department of Education provided leadership on the junior high school level. She was also guest speaker on the subject "Development of the Comprehensive in Reading". "An efficient reading program," Miss Orchard stated, not only educates children to read, but also to use their reading to solve problems and to draw conclusions. She discussed techniques in the development of a sound reading program.

C. E. Edwards, Inspector of Schools, in addressing the teachers, emphasized the importance of and the great need of books in the classroom. "Next to the need of the teacher," he said, "comes the need of books, both in adequate supply and in wide variety in order to meet the reading interests of boys and girls." He further stated that the development of a good reading program goes far beyond the teaching of techniques. It includes habits and attitudes, and if the habit of reading widely by oneself is not established by the time a child enters junior high school, he said, the chances are it will never be established. He was critical of reading programs where teachers emphasized phonetics and structural skills in word study to the exclusion of reading for meaning and enjoyment, as well as those reading programs which do not provide time and place for reading and general exploration of books.

During the sessions books were on display, many of which were brought in by the teachers themselves who recommended them on the basis of their use in the classroom. A special feature was a book display provided by the Book Society of Canada, Ltd., Agincourt, Ontario, under the direction of their representative, Miss Clara McAuley, Moncton. Displays were also provided by W. J. Gage & Co. Ltd., Scarborough, Ontario; Ginn & Co., Toronto, and Copp Clarke Publishing Co. Ltd., Toronto.

How do I save?

I'm a working girl, so saving isn't the easiest thing in the world. But I've found how to make it easier... I use the "Royal's" 2-Account Plan. I like the way it keeps my saving and my spending quite separate.

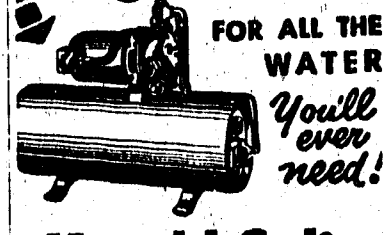

I use a Personal Chequing Account to pay bills. My Savings Account is strictly for saving. I'm really getting ahead, now I've stopped dipping into savings. They're building up, earn interest too... it works!

Weymouth Board Tricked By Deceit

The Weymouth Board of Trade held its regular meeting at the Guild Hall in Weymouth North on May 18, and after dealing with several subjects relating to correspondence on hand, one of the topics which was very thoroughly discussed centred around what was considered to be persistent cold shouldering which the Weymouth district has been receiving from the Digby Municipal Council.

After the negative attitude of the Municipal Council with reference to a proposed establishment of a fire area and the consequent raising of a small sum to improve fire fighting facilities in Weymouth district, there now came before the Board the fact that the Municipality, from newspaper reports, apparently has turned down the request to assist in the construction of what was considered an inexpensive project like the building of a piece of sidewalk in the vicinity of the Weymouth Consolidated School. This was proposed two years ago to protect the lives of the children using the Weymouth school facilities and the idea originated from all over the Consolidated School area.

These matters, it was learned, will now be taken up with higher authorities since it was the feeling of the Board that the lives of the children are much more important.

BYF Conference At Smith's Cove

The Spring Conference of the Baptist Youth Fellowship of the churches of Digby County was held in the Smith's Cove church on Saturday, May 20th. Hugh Trask, Little River, and president of the county organization, presided at the sessions.

The conference was opened with a devotional service led by the President. Following a business period the theme of the Conference, "The Young Christian and His Church", was introduced by Rev. H. S. Hartlin, who organized and led the discussion. Bernice VanTassel, of Digby, led the group in a period of recreation.

Following the supper hour a sing-song was conducted. Rev. L. R. Atkinson showed some interesting slides of Newfoundland and Western Canada. The message of the conference was given by Mr. Atkinson, who urged the young people to see the greatness of Christian living, and to become strong in Christian character, conviction, and in service.

The conference was brought to a close with the forming of a fellowship circle.

Officers appointed included: President, Stewart MacLean; Vice-President, Robert Forest; Secretary, Cheryl Tidd; Treasurer, Gilda Kempton; Conference Counsellor, Rev. A. MacLellan.

Visit Hawaii

Mrs. Otis Rice and Mrs. Helen Burrage, both of California, U.S.A., and former residents of Bear River, have just returned from a delightful tour of the Hawaiian Islands.

Their trip was by air from California and they made many trips around and in the islands.

They especially enjoyed the trip to historic Pearl Harbour, the pineapple, banana and sugar cane plantations, as well as the famous tour through Dole's Pineapple canneries, the largest in the world, and an especially interesting trip to the Waioli Tea Room Gardens, where Robert Louis Stevenson's grass shack is located, where he spent so much time in writing, etc.

Much could be said about the endless succession of happy gay life, not forgetting the Hula Girls and all the many attractions of the lovely tropical islands.

Aloha from Hawaii.

Have you noticed those who go to college and never get out are professors?

Vice-President, Robert Forest; Secretary, Cheryl Tidd; Treasurer, Gilda Kempton; Conference Counsellor, Rev. A. MacLellan.

Joseph Comeau Trial On

The trial of Joseph Antoine Comeau, Toronto, 25 year old native of Salmon River, Digby County, had been underway at Digby but a short time at time of going to press yesterday afternoon. Comeau was charged with murder following the discovery of the body of Joseph Henry Robicheau on what is known as the Bear Cove Road about eight miles from a camp owned by the late Mr. Robicheau. Mr. Robicheau, whose riddled body was found, was also a native of Salmon River.

On Tuesday morning a grand jury had brought in a true bill in the murder indictment against Comeau and the trial got underway before Chief Justice J. L. Hsley, shortly before noon after a satisfactory jury of twelve had been completed.

The deceased had been working in Ontario and returned to Nova Scotia on November 14, 1960, to go on a hunting trip. He was last seen on the evening of the same day.

Prosecuting lawyer in the case is E. J. Theriault, Q.C., Digby, and for the defendant, Philip R. Woolaver.

Called to the stand for cross examination at the opening of the trial before noon yesterday was Dr. I. D. Maxwell, pathologist, Halifax, who testified that he believed damage to the heart was the cause of death. When he first saw the body the face was covered with blood and badly bloated but when the face was washed revealed little injury. The body lying on the front brought the blood to flow to that part of the body causing the face to look more swollen. It appeared according to Dr. Maxwell's statements that the blast went through the wrist to the chest by the victim trying to ward off the blast by the wrist.

Also on the stand were Mr. Deveau, funeral director, Mrs. Pauline Comeau and William Roy Haines, RCMP.

Mrs. Pauline Comeau, of Medford, Mass., was formerly of Meteghan. According to her statements she had arrived on the Princess Helene ferry from Saint John to Digby and had ridden from Digby to Meteghan with Robicheau and the accused Comeau. A friendly atmosphere was apparent at the time of meeting and during the ride by answers to questions directed by the defendant lawyer.

Photographs were displayed to the jury and identified by Mr. Haines which revealed bullet holes and blood stains on parts of the camp.

A postponement until the fall term of the Supreme Court was granted on Tuesday morning in the indictment of Alton Harvey Munroe, of Victoria Beach, charged with manslaughter after a highway accident last fall at Marshalltown.

Home Needs Faith Of Fathers

A return to the Faith of our Fathers in building strong home influence was the theme of an address given by the Rev. L. R. Atkinson, Bay View, to the Digby Kiwanis Club on Thursday last. In his opening remarks Mr. Atkinson said that one of the nation's weakness lay in the home. The home used to be the main place of practical teaching in the life of the child, but today too many parents are too busy with other affairs to spend the necessary time in understanding and training the child. Great advances have been made in education where every child has chance to acquire knowledge; churches of all faiths have enlarged their Christian education programs and secured leaders to further their work. These are important and we are thankful for such agencies and yet this in itself is not enough. The home must cooperate and put in practice the things learned. Herein is much of our failure today, the speaker said. In many homes the parent hardly knows the child and the child hardly knows the parent. There is no time to discuss with the child the problems because of the pressure of other things which make parents too busy. Oftimes parents will take pride in the fact that the child has everything it needs. Give a boy a hot-rod and he is content; a girl her

One picture, Nova Scotia Saga, showed historical and beauty spots of Nova Scotia, another depicting the tuna fishing was entitled Bluefin Rodeo and another, Lobster Unlimited, dealt with that industry and the life of the lobster fisherman and his family.

Mr. Anderson divided his talk into three parts — the philosophy of approach, appeal and challenge in tourism and related these to the part the Digby Board of Trade can play. Change To Dial On Sunday

Digby's 17-year telephone history takes another important step early Sunday morning when the exchange will switch to dial service. At 9 a.m., the manually operated switchboard is to be discontinued and the new dial switching equipment will take over to serve the 1700 telephones in the town and surrounding area.

At the same time a new installed Long Distance switch board goes into operation to serve not only Digby but three other dial exchanges. These include Annapolis Royal where dial service is being inaugurated at the same moment. The new switchboard will also continue to serve as Toll Centre for Bear River, Sandy Cove and Freeport.

All these changes form the climax of a project which began last year with the large extension to the Maritime Telephone & Telegraph Company's building on Water Street. This two-story fire proof structure has, since its completion, been the scene of a complicated installation job as the various units of equipment have been set up and wired into the complex that goes to make up a modern dial central office and Long Distance Toll Centre.

The basement contains batteries, charging equipment and other telephone power systems including a completely automatic power generator. On the first floor level, the dial switching equipment and all the Long Distance line equipment necessary to fill Digby's role as an important junction on the telephone network which serves the Atlantic Provinces.

On the second floor, the Toll Operating Room contains the new switchboard as well as facilities for the Chief Operator, Miss Evelyn Mount, and her supervisors.

Business Office operations will continue to be accommodated in the older section of the building where Service Representative Miss Edna Turnbull, will have enlarged facilities following the removal of the old switchboard. The remainder of the building will be devoted to staff facilities and a work centre for the installation and repair staff under Exchange Service Foreman Aubrey E. Hawkins.

See Bounty, Hear Coggins

While Outside Broadcasts producer Jack McAndrew was on location in Tahiti filming "Bounty In Tahiti", telecast date June 3, 6 p.m., A.D.P. he met an American named Nick Rutgas, who acted as interpreter and liaison man. McAndrew learned later that Rutgas is the son-in-law of the widow of James Normal Hall who co-authored the famous account of the Mutiny on the Bounty and its aftermath.

The half-hour documentary, "Bounty In Tahiti", was not an easy assignment for OB producer Jack McAndrew and freelance photographer Gary Meyers. McAndrew explains, "There is a wonderful Tahitian expression, 'feu', which means 'bored' or 'fed up'. If a Tahitian is 'feu' he quits whatever he is doing and does something else or nothing at all and no blandishment, threat or bribe can sway him in the slightest". This attitude of the Tahitians was, quite strongly demonstrated while the two man team of McAndrew and Meyers was filming the Tahitian dance, Tamure. They had their group lined up and ready to perform when some of the natives started drifting away. The explanation for their behaviour was that they were "feu" and wanted to go for a swim.

One of the highlights of the film will be the preparation of the festive meal in the traditional manner and the dancing of the Tamure by the natives. The Tamure is the national dance of Tahiti. The background music for the film will be authentic Tahitian.

Some of the interviews McAndrew has recorded include the Bounty master, Ellsworth Coggins, of Weymouth, N.S., and crew members Roy Boutillier, Dartmouth, N.S., Jim Johnson, Guysborough Co., Wayne Dewar, Hantsport, and Ivan Zwicker, Lunenburg.

It seems that mothers are glad there are such things as school.

The bride and groom will reside in Digby. The groom is employed at Cornwallis Naval Base.

Pres., Ralph Jarvis; secretary, Arnold Jarvis.

Choose Site For Plaque

Stewart Anderson and John MacIntyre, of the Nova Scotia Travel Bureau, who addressed the Digby Board of Trade and guests on Tuesday evening, travelled to Westport on Wednesday to choose a site for a plaque to be placed in memory of Captain Joshua Slocum. The plaque will be unveiled June 22nd just preceding the Yarmouth Centenary celebrations. The plaque, they said, would be a major attraction to Westport and should induce many visitors to the islands.

Joshua Slocum was born at Wilmot, 1844, son of Mr. and Mrs. John Slocum. He moved with his family to Westport where he helped his father in boat making until he was 14 years of age and then took to sea. He is noted as being the first man to sail around the world alone. Westport, his boyhood home, was his first international port of call. The plaque which arrived from Boston last July commemorates his solo voyage of 1895-1898. Slocum and his sloop, "The Spray", were lost at sea in 1909.

AWAIT VERDICT IN MURDER TRIAL

People in Digby, the entire county and in parts of Toronto, Ontario, await the decision of the jury in the trial of Joseph Antoine Comeau, Toronto, a native of Salmon River, Digby County. At time of preparing for the press run of this issue yesterday afternoon Chief Justice J. L. Hilsley was presenting to the jury instruction on the law and making a summary of the facts of the case. He charged them to give the accused a fair impartial decision, weighing carefully without prejudice all the evidence. "You are the sole judges," he said to the jury, "without influence from any other you must use your own recollection of facts to come to a fair but firm decision". He reminded the jury that a man is innocent until he is proven guilty and that a great responsibility lay on the jury and the judge but it was a responsibility which must be faced.

Joseph Antoine Comeau, 31, an unemployed truck driver, was charged with the murder of Joseph Henry Robicheau, Meteghan, whose shot-riddled body was found by a roadside in November of 1960 on what is known as Bear Cove Road, some eight miles from the victim's hunting camp near Meteghan. Comeau pleaded not guilty to the charge last week and the trial began on Wednesday, May 31, at the Supreme Court held in Digby before Chief Justice Hilsley, E. J. Theriault, Q.C., is crown prosecutor, and defence lawyer is Philip Woolaver. This was the first murder trial to go before a grand jury in Digby for over 50 years.

Evidence concluded yesterday morning early after the opening of the court at ten o'clock, when Sergeant Cyril Goodyear and Corporal E. J. Baptiste, of the Meteghan RCMP detachment, were on the stand for a continued cross examination.

The evidence on Wednesday morning centred in the first part around a conversation which had taken place in the Digby County jail when Sergeant Goodyear and Corporal Baptiste conversed with Joseph Antoine Comeau. Woolaver questioned Sergeant Goodyear if he had heard the accused say during that conversation "You are trying to say I killed Joe." The Sergeant replied that he had given evidence to the best of his recollection but he did not recall those particular words. When asked the same question by Mr. Woolaver, Corporal Baptiste said he heard the words clearly. On further questioning Baptiste said the room was about 10 x 10 ft. and there was no partition to interfere between him, Sergeant Goodyear and the accused in conversation. Questioned on who took fingerprints of the deceased, Corporal Baptiste said this was a routine thing, a matter of duty which they were required to do and that he could not remember whether he had taken them or someone else. Mr. Woolaver also questioned the Corporal if when he went to the camp with Frances Robicheau whether he felt that Joseph Henry Robicheau might have met a violent death to which the Corporal responded that he did not and had by no means been convinced that he (Robicheau) was dead. When he looked at the camp he thought an animal might have been killed or a fight taken place but he did not suspect that Joseph Henry Robicheau was killed. Clothing was exhibited during Wednesday's evidence and Corporal Baptiste identified them as having been taken off the accused at the jail in Little Brook, that he believed they had been examined in Sackville, N. B., by an RCMP chemist for blood but none was found.

Mr. Theriault questioned Corporal Baptiste on when he first had anything to do with the investigation and he replied on the evening of November 20 and at that time he merely knew the deceased had not been seen since the day he arrived from Toronto. When he went to the camp on the 23rd he did not know where he was (the deceased), whether away or in the area. After the above evidence was completed the crown rested and Mr. Theriault and Mr. Woolaver addressed the jury.

Gets Congress Prize

Brian Gates, senior Mr. and Mrs. Arthur Gates of Hill Grove, student at the Digby Regional High School won a twenty-five dollar County Prize in the Canadian Mathematical Congress contest held in Nova Scotia May 5. First prize of \$100 went to Michael Miles, Sydney, N. S., and the \$50 prize went to Michael Curry, Windsor, N. S.

The total number of candidates who entered the contest in N. S. was 279 representing 41 schools. On the basis of the actual scores, the highest of which was 91, students were ranked and each school received the rank of its candidates. The top 25 percent received the actual rank and the remainder were ranked in second, third or fourth division; each division having 25 percent of the candidates. The competition was in the Grade XI class.

The objectives of the Congress are to encourage research and promote more in-depth mathematical education to encourage high school students to pursue university honours courses; to help offset the shortage of Canadian university mathematics staffs; and to assist students by providing financial aid for attendance at meetings of mathematics.

Mathematics is the foundation of research in Physics, Chemistry, Engineering, Astronomy, Meteorology, Actuarial Science, Statistics and is a basic tool in other subjects and in many applications in business and industry. Thus mathematical research is fundamental to our way of life.

To Clean Up Unsightly Spots

The Digby Town Council on Monday night took action to prepare proper legal notices to be served on owners of unsightly properties in town. This action was taken at the regular meeting of the council which convened at the town hall when a number of items, besides the routine reports, were attended to.

Mayor V. G. Cardozo reported that he and Mrs. Cardozo had accompanied the Digby Apple Blossom Princess, Miss Patricia Surrette, to Kentville and had the honor of introducing her. Mr. Cardozo said that Miss Surrette was a credit to the town and district. She had a pleasing, competent and dignified manner throughout the entire festival which provoked much favorable comment from the public.

Form Ratepayers Association

Harold Sulis, Smith's Cove, was elected provisional president of the newly formed Ratepayers Association when ratepayers from Digby County met at the Maple Leaf Agricultural Building last Wednesday for the purpose of forming such an organization. Mrs. Penny Gott was elected secretary and the following are provisional directors:—

Weymouth, Elmer Jarvis and Ralph Jarvis. Weymouth North, Mr. Tremblay. Plympton, Walter Thibault, Gilbert Cove. Allan Thomas, North Range. Smith's Cove, Frank Wightman. Bear River, Burtis Freeman.

Sandy Cove, Wilfred Gidney, Rossaway, George Thibault, Culloden, Frank Hazelton, Marshalltown, Lloyd McNeil and Harold Simms. Plans were made to meet in September when a new set of officers would be elected, a set of by-laws adopted and the aims and objects of the organization set forth. It was decided that meetings be held in the various districts. There was no representation from the Islands and it is hoped that one of the early meetings will be in that locality.

Change To Dial Marked By Dinner

Gordon Archibald, vice president and general manager of the Maritime Telephone and Telegraph Company Ltd., addressed a dinner meeting at Hotel Champlain on Monday night to mark the establishment of dial telephone service for Digby and area, the most modern in Nova Scotia. Mayor V. G. Cardozo placed a call to the president of the company, J. E. Richardson, Halifax. Guests included the Mayor, members of the town council and clerk; the Warden, members of the municipal council and clerk in area served; representation of Trade Boards from area and members of the staff.

J. D. Marshall, district manager, who presided at the function, said that there were now 1,100 subscribers who feel that the change to dial is an important mark in the development of the town and area just as the telephone company feels that the occasion is one of wide interest and marks a highly progressive step. He said the change over at 4 o'clock on Sunday morning was most successful with remarkably few problems encountered.

Mr. Archibald in his address traced the history of telephone service in Digby from the time of the Valley Telephone Company which first operated in Digby in 1896 not too many years after telephone was invented. By 1917 there were 117 telephone subscribers here, in 1945 there were 575 and today it has trebled to almost 1,500. Since 1945, he said, the telephone as a means of communication has really caught on.

The change to dial, Mr. Archibald said, was the second major change in Digby telephone service in 14 years. Fourteen years ago the magneto system was discarded in favor of the common battery. In 1941 a radio cable connecting Digby and Saint John was also laid.

Of the 11,900 shareholders of Maritime Tel. and Tel., 82% are Nova Scotians, 15% in Canada other than N. S., 1% in U.S.A., and the Bell Telephone Co. owns 6%. Operators and staff also are mostly Nova Scotians.

Mr. Archibald said there are now 71,000 telephones in Nova Scotia with a prediction of 202,000 by 1965. Twenty-three out of 100 Nova Scotians have telephones.

The 1960 expenditure to modernize and expand Maritime Tel. and Tel. facilities was \$8,000,000. Employees number 1,800 with an approximate payroll of \$6,000,000. The sad part of turning to dial in some cases is that employees have to be transferred and in cases relieved. Such was not in Digby where all employees were utilized in operating the long distance switch board serving dial exchanges of Digby, Annapolis Royal, Bear River, Sandy Cove and Freeport. The speaker cast a view into the future when direct dial between Digby and Vancouver would be used. He told of a town in the U.S.A. at present where the magnificent equipment permits an automatic switch over of telephone calls from one home to another where a person is called.

Memorial Gift Unveiled

A memorial book and suitable stand, given by the family in memory of the late Arthur R. and Lilla M. Turnbull, were dedicated to the glory of God and for use and adornment in Grace United Church on Sunday morning. The memorial was unveiled by their son, Reginald, and presented by their son, Milton. Rev. R. H. Hughes conducted the dedicatory service, assisted by Rev. Douglas Jennings, missionary on furlough from India. Flowers were placed in the church on Sunday also in memory of the late Mr. and Mrs. Turnbull.

A gift to missions was also given on Sunday in memory of the late William A. Wilson, Lighthouse Road, by his wife, Freda, and nephew, Sonny.

Dunn Fourth In Road-e-o

Digby Lions Club Soft Drive Road-e-o attracted James Dunn, placed fourth in a field of 24 entries in the Maritime Provinces Soft Driving Road-e-o. This Road-e-o sponsored by the Junior Chamber of Commerce and the Imperial 64 Company, was held in Fredericton last weekend.

Jammy's feat is all the more laudable insofar as only 13 points separated the first 4 contestants and he was held from third place by the narrow margin of one point.

The Provincial Road-e-o, differed from the local one slightly. There were three practical skill tests only. The third and fourth parts of the test consisted of the written test and a skill check in actual traffic conditions.

All Jammy's expenses were borne by the Imperial 64 Company of Canada. The expenses of his trip to Lion Weston Dunn were a problem of the Digby Lions Club.

All the contestants at the Provincial Road-e-o received a Parker Pen and Penicils of Road-e-o contest prizes.

His estimate of the Lions Soft Driving Road-e-o prize for the year 1961. It is hoped that it will be repeated next year when the attention of all in the community can be again focussed on the skill and safe driving habits of our teenage drivers.

Camping Subject Of Address

Mrs. Helen Anthony, town councillor, and well known proprietor of the girls' camp, Camp Arcadie, took as her subject camping when she addressed the Digby Kiwanis Club last week. Mrs. Anthony, in speaking of her own camp, said that it provides a reason for a few adults to visit Nova Scotia as in many cases the girls are accompanied to the camp by their parents and the parents spend several days visiting in the vicinity. With the girls coming from many parts publicity for Nova Scotia is widely spread through the girls who come from Washington, New York and upper Canadian cities. Often the girls from Washington come from families of European diplomats.

Private camping is different from a service camp. Mrs. Anthony said, and knew whereof she spoke for she had experience in both types. Mrs. Anthony had had forty years of camping experience, 27 of which were in her own Camp Arcadie. In 1920 she started her camping with Girl Guides and C.G.T. and later helped with camping in the United States, parts of Canada, including Cape Breton Island. She also worked at camping at Colonial Arms, but it was while she was in New York that she first got the idea for Camp Arcadie at Sandy Cove and opened up in 1931 with 6 campers and two on the staff. By 1936 she had 12 campers and 3 staff. Today she has 100 campers and 16 staff, including qualified university graduates from Canadian and American universities. Mrs. Anthony described a day at camp at the time she opened when she had to start from "scratch" with not even a road to drive to the camp and also a day at camp as it will be in 1961.

Mrs. Anthony was introduced by E. C. Purdy, Reigh Jayne presided.

Hears Missionary From India

Guest speaker at Grace United Church on Sunday morning was Rev. Douglas Jennings, formerly of Musquodoboit, N. S., but who, with Mrs. Jennings and family, has spent the last five and a half years in India as a missionary at the United Church of Northern India. Mr. Jennings is making a preaching tour of the Maritimes before returning to India in September.

Mr. Jennings said that in coming from India in the village where he was stationed and where people lived on off seasons on a marginal line of starvation it was amazing to see all the riches in Canada. He also looked back to some five years ago in Canada when times were not so good here and he himself had worked in the lumber industry for a very small sum per day. He was amazed to see the easy going, comfortable attitude of the people who have just taken for granted all the good things which God has provided and appear as if the acquisition of money has become the most important thing in their lives. He said he was amazed at the waste in this country where seventeen and a half million people live on a land double the size of that lived on in India by four hundred million. These, he said, are days of judgment and days of blessing. The world will not tolerate conditions as they are to day; it cannot be "half slave, half free". In speaking of the church he said that when a church ceases to be missionary it ceases to be. Even if every one gave ten cents per year more to the missionary enterprise it would be a tremendous help. This, he said, is an opportune time for the renewal of the church in the world.

Rev. Mr. Jennings did contrast his mission field in India when Rev. Alexander Campbell worked there in 1876 and as it is found today with a large hospital of 150 beds, other hospitals, high schools and technical schools. He spoke highly of the work of Rev. and Mrs. John Whaling who went to the area in 1951 but who had to return because of ill health. Because of the rainy and hot seasons it is difficult to progress rapidly in the work there he said. Mr. and Mrs. Whaling had found too few preachers to do the work, young people had no future because of limitation of land area, people were totally ignorant of sanitation and disease control, taking disease as the will of the gods. These and language barrier were detrimental to progress. Because of these hindrances the Whalings had started a training school where young people between the ages of 18 and 25 could learn to read and write, study sciences and also be influenced in the faith of Jesus Christ. These people would then be sent out into the rural areas to represent the school. Classes were often conducted in these areas during the evening by aid of lanterns for lighting. Even of greater need than the schools in India is the assistance in agricultural means. Whether Christian or non-Christian something must be done about the food shortage.

Mr. Jennings said that the people are mistaken if they think they can stay in this country as they are. The gospel must be spread with new direction, new zeal and fervor. Days of pioneering in Canada are over but pioneering for Jesus Christ are only begun. God sends us forth today, Mr. Jennings said, not with any set religion, not to press the people into any set mold of the church or doctrine but just to "go tell the things we see and hear". If we do not, God, himself, can take away our treasures across the sea and to Him will be the praise, the speaker concluded.

Odd "Green Back"

Normie Wright, local merchant, who is a collector of old coins and paper money as well as old pictures, took delight on Monday in showing the staff at The Courier an odd "green back" he had in his possession. It seems the lack of the green back was due. A one dollar bill, it was pointed green on the front, but evidently the blue ink used for \$5 bills was used on the back of the \$1.00 bill. The issue was 1951.

Also in Mr. Wright's possession was a Royal Bank of Canada \$5 bill of the first issue, January 2, 1901.

AWAIT VERDICT

(Continued from page 1)

Mr. Theriault reviewed the evidence and pointed out certain facts which he considered of outstanding importance but cautioned that all evidence was important. He realized that this was a long and tiresome session, that much evidence was confusing and there were many exhibits (80 or more) to which the jury had been exposed but he placed the facts simply to enable them to come to a just decision.

Mr. Woolford repeatedly reminded the jury of a man's innocence until he is proved guilty and stated that this man, Joseph Antoine Comeau, came into the court an innocent man and only one thing could make him guilty and that was proof.

Cross examination yesterday morning made the seventh day that evidence was given in the case.

Appearing on the stand last Wednesday, May 31, was Dr. Ian D. Maxwell, associate professor of pathology at Dalhousie University, who had made a post mortem examination of Robicheau and had found a large shot gun wound on the chest of the body. Death seemed to have taken place about 10 to 12 days earlier. There seemed to be no marks to indicate a fight.

Mrs. Pauline Comeau, Medford, Mass., formerly of Meteghan, testified to travelling across the Bay of Fundy from Saint John to Digby and to Meteghan with Robicheau and Comeau, the accused, on November 11. A friendly atmosphere existed.

Const. W. R. Haines, RCMP identification branch, gave evidence that what appeared to be bloodstains and shot gun pellet marks were found at the camp of the deceased Robicheau. Corporal E. J. Baptiste produced and identified organs which had been taken from the dead man.

Conflicting statements given by the accused seemed to be revealed as the trial progressed. On Thursday of last week Malcolm Melanson gave evidence that Joseph Antoine Comeau told him that Joseph Henry Robicheau had not returned to Nova Scotia but had remained in Toronto. The accused said, according to the witness, that he had bought Robicheau's car and that Robicheau was going to buy another.

On the same day (Thursday) Mrs. Francis Robicheau was brought to the stand. Mrs. Robicheau, sister-in-law of the deceased, told the court that the deceased and the accused had been at her home on the afternoon of November 14 and left with her children for a camp on what is known as the Bonang Road. After returning the children the two men again left for the camp. The accused came to her home on the 16th. When the deceased's mother asked where Joseph was, the accused said he had gone to the home of Nick Boudreau in Hectanooga.

(Later in the trial Nick Boudreau denied that either the deceased or accused had been to his home. Mrs. Francis Robicheau said that Robicheau got a shot gun from the porch.

Eli Comeau, Digby, was interpreter for nine year old Annette Comeau who was brought to the stand. The child who speaks only French, told of picking up a piece of paper in the yard. This was found to be a driving permit which Mrs. Raymond Comeau, Annette's mother, said the accused had asked for. She pointed out to him that it was not his name on the permit.

Madame Roland Rouen, RCMP chemist, testified she had examined the stomach and its contents, taken from the deceased at the autopsy, and found no alcohol. She said the sample of brain examined contained .007 grams of alcohol per 100 grams. The blood sample tested was group O and .07 parts alcohol per thousand. She said this amount of alcohol in the blood and brain would have no effect.

Under cross examination Madame Rouen said some slight putrefaction had taken place in the samples of blood, brain and other organs tested and this could account for the presence of the alcohol.

Madame Rouen testified she had found human blood, group "O" on linoleum taken from the floor of the camp of the deceased. Human blood of the same group was also found on seat covers taken from the car of the deceased and from a chrome table leg from the deceased's camp. Human blood was found on stair boards taken from the deceased's camp, but as an attempt appeared to have been made to wash this, it could not be grouped, Madame Rouen testified. She said paint samples taken from a tire iron found in the deceased's car were the same as those taken from the outside window frame of the camp of the deceased.

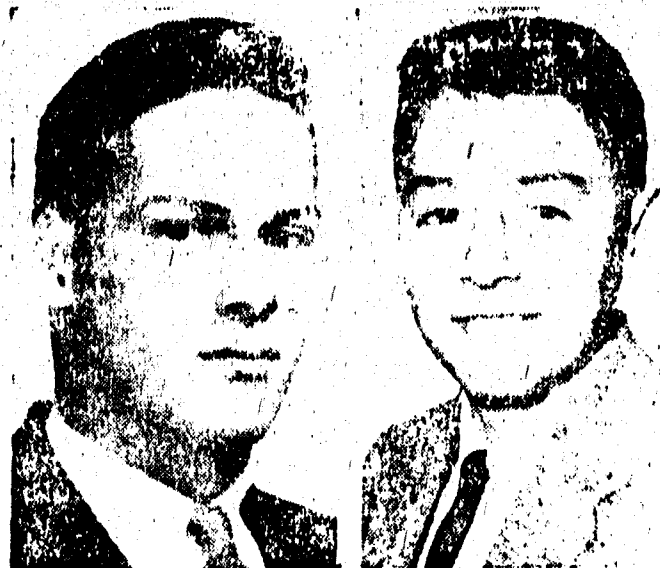

Madame Rouen told the court under cross-examination that she had examined a number of articles of clothing taken from the accused and had found nothing of significance. Other witnesses on Thursday testified concerning drinking parties and places visited by the accused.

On Friday, Monette Robicheau, age 11, daughter of Mr. and Mrs. Francis Robicheau and niece of the deceased, was on the stand. According to her evidence she had gone to her uncle's hunting camp with her uncle, the accused and her three brothers on November 14, the last day that her uncle was seen alive.

Her brother, Raymond, took a shot gun from behind a couch in the hunting cabin and showed it to Comeau, she said. Comeau looked through the barrel and commented that her father did not keep the gun clean. Her uncle found some shells in a bottle.

Raymond, Monette's ten-

Win In Public Speaking

Pierre Alphonse Lombard, Corberie, Digby County, was named intermediate winner of public speaking contest held at Bridgetown. A student of Clare District High School, he is a son of Mr. and Mrs. Augustin Lombard. Mr. Lombard is shown left above.

Richard Saulnier, Saulnierville, right, was winner in the junior division of public speaking contest. Also a student of Clare District High School, of Meteghan River, he is a son of Mr. and Mrs. John Saulnier.

year-old brother, said that the shot gun was behind the couch on the floor. Under cross-examination, he said he knew the shot gun was there because he went hunting with his father, Francis Robicheau, and saw him put it there.

Corporal Peter Gaze, firearms expert from the RCMP laboratory at Sackville, on the stand said that an expended No. 6 Dominion 16 gauge shot gun shell found in the yard of the camp had been fired by a shot gun exhibited and found in the camp.

The Corporal said there were no powder burns around the wrist wound on the body, or in the area of the chest wound. He had carried out tests with the shot gun found in the hunting camp which indicated that the fatal shot had been fired from a distance of from four to eight feet.

Others on the stand on Friday were Arthur Joseph Devau, half brother of the accused, Francis Robicheau, brother of the deceased, Benoit Robicheau, also brother of the deceased and Mrs. Irene Devau, sister of the accused. On November 15, the accused wanted to sell a gun to the husband of Mrs. Irene Devau according to her statement. He told her that Joseph Henry Robicheau had returned to Toronto. To Benoit, according to his evidence, the accused had replied to a question asked, "Don't worry about Joe. He's all right." To Francis the accused had said when asked a question by Francis that Joseph was with Clifford Boudreau in Hectanooga. Francis also told of accompanying RCMP Corporal Baptiste to the camp and they saved the lock off the door. They found bloodstains. The shotgun was behind the couch. To Arthur Devau the accused said that Robicheau had returned to Ontario.

On Saturday and all day Monday the jury was excluded from the courtroom while the counsel tried to come to a conclusion on the admissibility of certain police evidence. This evidence was later ruled admissible.

Evidence which concluded on Wednesday was started on Tuesday when Sergeant Goodyear testified regarding the conversation at the Digby jail between Corporal Baptiste, himself and the accused and also their trip later to Meteghan. He said the accused directed them along the Bear Cove dirt road to a spot where he told them to stop. According to his testimony the accused pointed to a spot on the left side of the road in the bush. They went to the spot, and the accused pointed to a body which was that of a man lying face down in the brush and grass. The witness stated the body was wearing brown trousers, blue pattern socks and no shoes. The clothing on the upper part -- a sweater, plaid shirt and undershirt, was pulled up over the head.

Sergeant Goodyear stated that after the accused had pointed out the body he and Corporal Baptiste and the accused drove to another spot on the same side of the road as the body, indicated by the accused. They did not stop, but were directed by the accused to the Robicheau camp on the Bonang Road.

At the camp, the witness testified, the accused directed them to a spot in the bush to the right of the camp. Here, the witness said, the accused kicked or moved with his feet a covering of leaves at the base of a tree and uncovered a tweed cap, which he picked up and handed to the witness. Sergeant Goodyear said he examined the cap and found it was saturated with what appeared to be blood.

The accused indicated another spot outside the camp. The witness stated that the next day he and Staff Sergeant Ronald Goodyear searched this spot, and found an expended 16-gauge Canuck shot gun shell. They found no other expended shells around the camp in searching.

A piece of wood resembling a match stick jammed in the lock of the camp door had been removed by Corporal Baptiste who was the next witness on the stand. Reference had been made by the accused to this piece of wood when questioned by the police in Meteghan. In his evidence Corporal Baptiste said he first saw Joseph Antoine Comeau when he questioned him at Little Brook after he was arrested on a charge of stealing a shot gun belonging to the deceased's brother. Baptiste stated that the accused told him that on the way from Toronto to Meteghan he had given Joseph Henry Robicheau \$200 as a part payment of \$200 in the purchase of the car of Robicheau's.

The witness said that when the accused was asked about the permit for the car, he first said it must be in the car, and later said Robicheau must have it. The accused said the paper found by Annette Comeau in her father's yard the day after the accused had visited there, was his own chauffeur's license and not the car permit.

Loss By Fires

The garage of Harry Blaser, Conway, was levelled by fire on Friday noon when two gasoline drums, stored near the garage exploded. It is understood that Mr. Blaser was using a welding torch near the garage when they suddenly exploded and he rushed into the burning building to save the house. Other than damage to the house, a post office building, the car and a few things, the loss was not great. To his wife and children, he said, he was able to save the house.

At Weymouth on the previous Friday a number of fires were extinguished by the Weymouth department.

In the morning they assisted at a bad chimney fire at the home of Mr. J. Hill, Bellefleur's Cove. A short time after returning, residents noticed a large cloud of smoke and flames rising in the woods just on the outskirts of the village, in an area between the cricket field and the home of Mr. and Mrs. Charlton Gower. By using a nearby well, firemen were able to bring this fire under control and watched it until the Forest Ranger arrived on the scene and took over. About the middle of the afternoon, the Weymouth Department again went to the assistance of the Bellefleur's Cove Fire Department in fighting a fire which levelled the home of Mr. and Mrs. Simon Doucette at Doucette Point. Although unable to save this house, the fire was prevented from spreading to nearby homes and also a fire started in woods some distance away by flaming debris carried by the high winds was put out before a camp owned by Mr. and Mrs. J. Hill was ignited. The department from Little Brook also assisted at this fire.

SITE OF 1961 CWNA CONVENTION — Headquarters for Canadian Weekly Newspapers Association 1961 convention will be literally swept by salty Atlantic breezes. For Canadian National Railway's Nova Scotia Hotel stands at the edge of fabled Halifax harbor, deep in the heart of Atlantic Canada, Halifax is within easy distances of picturesque fishing villages, ocean swept sand beaches and a countryside steeped in the history of Canada's beginnings where all the charm of old-world culture mingles with the new. The Nova Scotian, largest and most up-to-date hotel east of Quebec, lies squarely at the Atlantic terminus of CN's main trans-continental line. Last year the extended Nova Scotian attracted more than a million dollars in convention business to Halifax — a Maritime record. Its facilities proved to be a boon to more than 1000 delegates and their attending conventions in the historic port city scheduled their vacations to begin after the meetings, awaiting themselves of an opportunity to travel through the fascinating world of the "down easters". The CWNA convention, being held this year from Aug. 14 to 16, was held in Nova Scotia once before, some 10 years ago. (CN Photo)

Six Ways To Avoid Arthritis

The Canadian Arthritis and Rheumatism Society says there are six simple rules the public can adopt to minimize their chances of getting arthritis, the nation's worstcrippler.

They are: (1) when you injure a joint, get prompt medical care; (2) Avoid sudden and repeated strain on joints; (3) Warm up muscles before engaging in hard work; (4) Avoid overweight; (5) Avoid excessive exposure to dampness and cold; (6) Avoid tension and anxiety.

You can't be sure of avoiding arthritis by adopting these rules, says the Society, but you can lessen the risk. Besides, all six rules are good ones to follow in the interests of general good health. The CARS supports a nationwide program of research designed to find, eventually, both causes and cure of this ancient malady.

Home Destroyed

Fire destroyed the home of Simon Doucet, on Major's Point, in Bellevue's Cove, on Friday afternoon during the winds of gale force that were prevailing at the time. It is believed that a spark from the chimney was the cause of the fire. The roof was the first to catch on fire and had such a headway when it was first discovered and since it was being fanned by a hard blowing southerly wind, it burned fast.

The fire department of Bellevue's Cove and Weymouth were unable to save the dwelling but they were able to save the barn, which was situated but a few hundred feet in back of the house. It did catch on fire several times but the fire department was fortunate in extinguishing it in time. A small camp owned by the Hills was destroyed, despite the fact that it was three-quarters of a mile away from the burning home.

The heavy winds drove sparks from the fire a great distance and when sparks from the burning home landed on the camp roof, it immediately caught fire and before the fire fighters could reach the camp it was too late.

The Little Brook fire department was called when it looked as if the flames would spread from the camp to the nearby trees and threatened to get out of control. Although the latter fire department answered the call on the mutual aid system established some years ago, they were not required and stood by in case of emergency.

ACTIVITY ON CN DEVELOPMENT — A crew from Donald Inspection Limited tests the soil in the first signs of activity at the site of Canadian National Railways multi-million-dollar Moncton development. Purpose of the tests is to determine what kind of soil conditions can be expected when construction begins in a few weeks. The inspection crew is shown drilling one of four test bores. They also dug two 10-foot test pits. The development entails construction of a new office building and station for the railway, and a commercial and entertainment centre complete with mall. The development is being directed by Terminal Centre Corporation and Comm Investments Limited, who have leased 10 acres of railway property in the heart of downtown Moncton. Final point of the development is the striking, new seven-story CN office building. What the two companies have in mind for the remainder of the area is a multi-level complex of buildings, transportation, parking and recreation facilities, banks, shops, restaurants and bowling alleys. For many years, McCormick Rowley's only barber, turned to painting for relaxation. Currently on his easel at his Burke Ave. studio is a winter scene of a New Hampshire covered bridge. McCormick has many plans for future canvases, some to be of strictly Rowley flavor, and as they are completed, undoubtedly more will be exhibited.

Mr. McCormick is a brother of Mrs. Howard Cress and Mr. Earl McCormick, of Bear River. Before going to the U.S.A. he worked with the late Valentine Barr who carried on a barber business for several years.

Causing much favorable comment is the oil painting of the historic Platts' Bradstreet house, loaned by the artist, James McCormick, to the Rowley branch of the Ipswich National Bank, U.S.A.

This true study, a 22"x30" production, represents many hours of labor by McCormick. The home of the Rowley Historical society is portrayed in all its stateliness, a large central tower and a colorful porch free to the side.

The late Joseph Luke Dodge, a noted painter himself, commented that the right place for this painting is in the Platts' Bradstreet house, according to McCormick.

Another McCormick work is currently displayed at the Platts' House with shop at the intersection of Rts. 131 and 134. This depicts almost to the life atmosphere of the two quaint fishing vessels.

No newcomers on the horizon of local art, McCormick, an amateur with no professional instruction, has exhibited in the Newburyport Art show each year since 1955 and has been honored in the field of oils. His first entry sold almost immediately and since then more than 70 of his works have found ready markets.

McCormick paintings also have appeared in Hamilton Art shows. There will be exhibits at the annual Newburyport show scheduled for the first 21 days of August this year.

CHANGE TO DIAL

Continued from page 1: son might be visiting, the equipment changes its own trouble and takes it or types its troubles on a teletype so that they can be noted and remedied. It all the electronic and automatic movement, the speaker said, we must guard against overlooking people — it is still the people who determine the quality of workmanship and give personality to the undertaking. He complimented Allan Marshall and Aubrey Hawkins who supervised the installation of the dial system in Digby.

Mayor Cardoza, in addressing the audience, said that this was not only a great occasion for the Telephone Company but also for Digby and area which can now boast of the most modern of telephone service and equipment. It adds greatly to potential for new industry.

Mr. Cardoza recalled the history of telephone in Digby to go back further than the speaker, Mr. Archibald, had mentioned. He said that Fred McBride had reminded him of the service in 1886 between Yarmouth and Digby known as the Maitland Telephone Line. It had one customer, the D.A.R. Station, and Mr. McBride as a boy used to run messages to people in the community. Later the exchange was located over the Printing and Publishing Co. building when the wife of the late R. S. McCormick, founder of the paper, was first operator.

Mr. Cardoza paid tribute to those who supervised the change over, the operators and those who had done such a commendable job at the fire alarm system which had been operated through the telephone office.

After the dinner the guests were taken on a tour to inspect the new office and equipment. Laurie Bent, Yarmouth, formerly of Digby, explained the operation of the power room where the dial tone originates and noted the emergency diesel apparatus on hand. Gerald Hoare explained the emergency generator ready to take over in case of failure in commercial electric power. The toll and local cables were shown by Mr. Hawkins, and Roger Spidle drew the attention of guests to the test and repair centre. A dial demonstration was set up so that guests could trace the process of operation as each of the five and seven digits on the telephone number was called. The calling telephone controls the operation as demonstrated by Furber Marshall. He also showed the switch selecting a wrong number dialed. Mr. Hawkins again took over in the demonstration of the intricacies of the automatic toll dial system and selection route. Miss Pauline Woodworth explained the clocking of calls and other duties of operators at the desks.

SOUTHVILLE

Joan McCullough of Riverdale, and Norma Lee Ayer were guests of the Misses Comeau on Monday.

Dr. Rogers To Shelburne

Dr. Thomas L. Rogers, well known in Digby, a practicing dentist in Yarmouth and who last Friday was elected president of the Nova Scotia Dental Association at the annual meeting, will be leaving Yarmouth for Shelburne. Dr. Rogers has signed a contract with the trustees of the MacKay Memorial Dental Clinic of Shelburne and will go there at the end of July.

Dr. Rogers practised in Digby prior to World War II and served in the Royal Canadian Dental Corps from 1943 to 1946. Following the war he opened a practise in Yarmouth.

A son of Mrs. A. Burns Rogers, Yarmouth, Dr. Rogers was educated in the public schools of the town Acadia University, and graduated from Dalhousie Dental School in 1938.

His wife was the former Jean Anderson of Digby, daughter of Mrs. Frank Arber, and the late Mr. Anderson. They have three sons, David, Peter and Thomas.

Dr. Rogers is an ardent fisherman, and operates his own motor boat for salt water fishing. Dr. Rogers is a former town councillor, a member of the Board of Stewards of Central United Church and chairman of the Board of Trustees.

For a number of years he was district Scout Commissioner for Yarmouth Town and County, and stepped down from that post to return to the post of Cub Master with the Fourth Yarmouth Cub Pack. He has that rare ability, as a youth leader, to step down to the level of even the smallest children, and at the same time command their interest and respect. To those who have watched him work with Wolf Cubs, the youngest branch of Scouting, his efforts have always been such as to marvel at.

Dr. Rogers has been particularly outstanding for his work on behalf of the children. For years he was the mainstay of the Y's Men's Club free dental clinic.

The MacKay Memorial Dental Clinic is the only one of its kind in all of Canada and in addition to being in charge of the clinic, Dr. Rogers will spend part of his time in private practice. Dr. Rogers and family will take up residence

Further Study In Surgery

Above is Dr. D. G. Black, B.Sc., M.D., Digby, who leaves this month for New London, Connecticut, where he will take a post graduate course in surgery.

Dr. Black graduated from Mount Allison University, Sackville, N. B., before he entered Dalhousie University, Halifax, from where he graduated in medicine in 1941. He served for a time with the Royal Canadian Air Force and then practiced in Bear River from 1946 to 1949. During the twelve years in which Dr. Black has been in Digby he has taken an active part in town activities, having served a term on the Town Council. He is an active member of the Kiwanis Club and enjoys curling and a game of golf. He has served on boards of Grace United Church and is a valued member of the church choir.

Mrs. Black, Margaret, John, Barbara and Donald, will spend the summer in the United States and will return in the fall for school opening. Dr. Black intends to return to Digby after the one year course. Taking over his practice for the year is Dr. Donald Folkins, Moncton, N. B.

To Practice In Digby

Above is Dr. Donald Folkins, B.Sc., M.D., son of Dr. and Mrs. Stewart Folkins, Moncton, N. B., who will practice in Digby during the absence of Dr. D. G. Black, who leaves for the United States to further studies in surgery.

Dr. Folkins graduated from High School, and attended Mount Allison University in Sackville, N. B., from where he obtained his B.Sc. degree in chemistry in 1955. He took his course in medicine at Dalhousie University, Halifax, from where he graduated this past Spring after interning in Halifax, Fredericton and Saint John, N. B. At Dalhousie Dr. Folkins was president of the Phi Rho Sigma Medical Fraternity in 1958.

As a hobby Dr. Folkins had studied piano in his early years and played the clarinet and saxophone in various bands and orchestras while attending university.

Dr. and Mrs. Folkins arrived in Digby two weeks ago and are living on Warwick Street. Mrs. Folkins was the former Ilze Bulins, of Riga, Latvia, who with her parents came to Cornerbrook, Nfld., in 1947. She graduated with a B.Sc. degree from Dalhousie University in 1960.

Tour Province

J. D. Gibson, general manager of the Bank of Nova Scotia, and Mrs. Gibson, Toronto, have been making a tour of the province of Nova Scotia. They were visitors in Digby last Saturday and Sunday, accompanied by D. A. Y. Merrick, Superintendent of the Bank of Nova Scotia, Halifax, and Mrs. Merrick, and visited at the home of Mr. H. C. Morton, Bank of Nova Scotia manager, and Mrs. Morton, Queen Street, and at the home of Mr. and Mrs. M. S. Leonard, Birch Street. They were also visitors in Freeport on Sunday. From Digby they went to Yarmouth where a banquet was held in their honor.

Society Reports Spring Activity

A showing of garden films provided an entertaining and instructive program for the members of the Admiral Digby Horticultural Society and their guests at the June meeting of the society held last week in the projection room at the Digby Regional High School. The films were produced by the Spray Gun Co. of California and showed breathtakingly beautiful gardens in Scotland, Belgium and even in Iceland, also large professional rose gardens in California, with instructive material on planting and caring for roses, including the use of the latest in spray gun equipment for feeding and spraying gardens. When the lights came on following the films, a new glint was apparent in the eyes of the amateur gardeners present as they resolved to go out and do likewise with their own gardens at home.

Proceeding the pictures, a short business session was held with the president, Mrs. H. A. Nichols, presiding. Reports were received on the society's beautification projects, which again this year include the Admiral Digby Park, the Loyalist Cemetery and the Hanging Baskets. It was reported that the baskets are planted and will soon be up in the business district. The President congratulated Wilfred Comor, chairman of the cemetery project, on the appearance of the cemetery, which is beginning to show the results of the work done there during the past two years.

V.O. Nurse Has Busy Month

Washburn were read at the June meeting of the Digby Branch of the V.O.N. held at the Court House. The Annual Report of the V.O.N. for Nova Scotia was also summarized. A unanimous vote of thanks was extended to both Mrs. Weir and Mrs. Washburn for representing the Digby branch at the Annual Meeting held in Toronto.

The Fund Raising Committee for the months of July and August consists of Mrs. C. Hersey and Mrs. R. Holdsworth, Co-conveners. Mrs. W. K. Ganong, Mrs. R. Weir, Rev. Mr. Hughes and Capt. O. MacPherson. This committee plans to hold a tag day at the end of August.

Miss Laura Wall, Regional Director, will be visiting the Digby Branch from June 28th to June 30th.

The Car Committee, Mr. Stanley MacDonald, convener, Mr. H. Webber and Mr. A. Robinson, were placed in charge of the float for the July 1st parade.

The Digby Branch expressed thanks to the Digby Lions Club for their donation of clothing, etc., to be used for a fall rummage sale.

Miss Squance reported a busy month for the month of May. A total of 135 home visits were made, one visit to Smith's Cove, 24 nursing care visits were made to adults, 1 to a child, 85 health instruction visits were divided as follows: 12 to expectant mothers, 61 to newborn babies and their mothers, 21 to infants, 1 to a pre-school child and 3 to adults. There were 3 no service calls and 2 on behalf of patients. 41 patients were admitted to the V.O.N. order, and 111 children were immunized at the 4th school immunization clinic on May 25th. 15 hours were spent in school nursing and 12 attended the weekly Child Health Conferences.

Verdict— Guilty

"My Lord, I am an innocent man" were the calm and clear words of Joseph Antoine Comeau addressed to Chief Justice J. L. Hilsley of the Nova Scotia Supreme Court. This was the reply of Comeau on Thursday last when asked by Mr. Hilsley if he had anything to say before sentence was passed. A twelve man jury had earlier in the day brought in a verdict of guilty against the 32 year old Comeau charged with the murder of Joseph Henry Robicheau, of Meteghan. By request of defense lawyer Philip Woolaver each man on the jury was asked to state his conclusion individually. Each stated "guilty". The chief justice passed the death sentence and ordered that the accused "be taken from whence you came and there he kept in close confinement until Thursday, the tenth day of August, 1961, and upon that date that you be taken to the place of execution and before the hour of four o'clock in the forenoon that you be hanged by the neck until you are dead, and may God have mercy on you, soul".

Thus ended a ten day trial in Digby, the first in Digby, it is understood, on a charge of murder, for more than 50 years. The charge came out of the death of Joseph Henry Robicheau whose shot-riddled body was found on what is known as Bear Cove Road, near Meteghan, Digby County, on November 26, 1960. The accused had been the last to see Robicheau alive on November 14. They had both travelled from Toronto in the same car earlier. Comeau was a native of Salmon River, Digby County. Both men had been living in Toronto.

Mr. and Mrs. James Ayer, King Street, entertained the Grace United Church choir at their home on Wednesday night in honor of Dr. D. G. Black. Dr. Black, who has been a valued tenor in the choir for the past ten years, leaves this month for New London, Connecticut, to take a post graduate course in surgery.

A Paper Mate pen was presented to Dr. Black on behalf of the choir by Mrs. J. M. Wallis. In the absence of the president, Mrs. Emerson Graham, a letter of appreciation from Mrs. Graham on behalf of the choir was read by Mrs. Earle Anderson. Refreshments were served by choir members.

How To Interest The Public

Dedicate Parsonage

Rev. L. R. Atkinson, Bay View, secretary of the Baptist Maritime Convention Board of Evangelism, performed the act of dedication on Sunday afternoon when the newly acquired parsonage of the Acaciaville and Weymouth Falls African Baptist Churches was dedicated at Conway. Deacon Bradford Barton welcomed the guests and Rev. H. S. Hartlin, B.A., M.A., led in the prayer of dedication. A duet, "Bless This House", was rendered by Mrs. Christine Gray and Randolph Upshaw, of Windsor, N. S., accompanied by Mrs. Beulah Jarvis, Weymouth. Following the dedication service a reception followed when Mrs. Mable Parker and Louise Barton, Acaciaville, and Cynthia Langford and Mrs. William Sparks, Weymouth Falls, were in charge of tea cups.

Preceding the dedication a service of worship was held at the church when Rev. Mr. Atkinson was guest speaker. He took as his topic "Lengthening the Cords", from the text in Isaiah: "Enlarge the place of thy tent... lengthen thy cords and strengthen thy stakes." Excuses do not lengthen stakes, the speaker said. By excuses the cords must be shortened. Each one must be willing to strengthen the stakes in the work of the Sunday School, the youth groups, men's groups at home and in the mission fields. God wants His people to lengthen the cords and strengthen the stakes by dedicated lives and then God will add the increase to the tent.

Mr. Atkinson told of the progress of the Maritime Baptist (Please turn to page 10)

Trade Board Revives

The Digby Board of Trade revived somewhat on Thursday night after a winter of dormancy when thirteen members were present for a regular meeting at the Town Hall. H. M. Warner and L. M. Saunders were named to the nominating committee to bring in a slate of officers for the remainder of the year. A committee earlier in the year was unsuccessful in obtaining a slate for the annual meeting.

John Nichols, president, and J. J. Brittain were appointed voting delegates to attend the Annapolis Valley Affiliated Boards of Trade annual meeting held in Kentville yesterday. Edward Twobig was named a delegate to the Maritime Board of Trade meeting to be held in Summerside, P. E. I. Nominations placed by the Digby Board for representation from the province on the National Board of Directors of the Chamber of Commerce were A. L. Robinson, Digby; J. D. Shaffner, Kentville and J. L. Kenney, Yarmouth.

His Worship Mayor Victor Cardoza and Mrs. Grace Edwards of the management staff of Digby General Hospital volunteered to prepare mimeographed brochures or directories to be placed in leading hotels and places catering to summer visitors. Mr. Cardoza will prepare information as to history, places of interest, where to stay and where to buy. Mrs. Edwards will take care of the mimeographing. John Nichols will undertake the distribution of the finished product.

It was decided not to appoint a membership committee (Please turn to page 10)

Gets Cheque For Suggestion

Emerson Cook, a Postal Officer No. 1 at the Digby Post Office, was presented with a cheque and certificate on Thursday in recognition of a suggestion he made and which was accepted by the Suggestions Awards Plan of the Public Services of Canada. Above is Mr. Cook being presented the award by Russell Harris, post master at Digby. Others in the picture are postal employees (left to right) Thomas Davis, Carl Franklin, Victor Comeau, Aubrey Chisholm and Harold Hewitt.

Mr. Cook's suggestion was that on the chart containing denominations of stamps and money orders that a horizontal list of denominations be placed through the middle of the chart between numbers 25 and 36 on the Money Order 17 and on P. S. 23. The committee

agreed with Mr. Cook that the eye has a tendency to look upward instead of downward as the chart presently is designed. The presentation was made by Mr. Harris on behalf of the District Director, M. D. O'Brien and the Suggestions Awards Plan Committee of which he is the chairman. Congratulations were extended to Mr. Cook.

In the commercial field of journalism, in the printed word or spoken word, a system of supplying what the public wants, of supplying what will interest the average person, has been worked out, said Dr. Fraser Bond, of Annapolis Royal, in addressing the Digby Kiwanis Club on Thursday on the Basic Factors in Communications.

Dr. Bond (see photo above) was introduced by Edward Twobig, eighth, and flanked by Karl Young, left in the picture. Dr. Bond was educated in the cities of Halifax and Toronto and has lived in New York City and in Newfoundland. His first major job in journalism was on the Toronto Daily Star and he was also on the editorial staff of the New York Times. He had attended Columbia University and later was assistant professor in journalism at Columbia and professor of journalism at a New York university. Dr. Bond was a member of the Committee of Awards in Journalism, he is a member of the Board of Regents of Mount Allison University from where he was honored by being given a Doctor of Laws. He has published eight different works, biographies and plays and has written a text book on journalism. After retiring he moved to Annapolis Royal last year.

In order to interest the public, the speaker said, journalism must contain an element of novelty, a direct appeal, a sense of pace and stir the interest by variety.

Even if you have to say the same things inject novelty by saying them a new way, Dr. Bond advised.

Writing and speaking must be tied down to a sense of directness. Much is lost in the value of writing and speaking because it has no precise aim. Particularly in advertising, the speaker said, there is a trick to refer to readers as you. Ask questions, he said. That gives a sense of directness and curiosity.

Speakers and writers, the speaker said, must keep up with the pace which the listeners and readers live. To keep the interest a change must be made to the modern style of everyday language and conversation. Today, he said, we use "and, but, then" and not "nevertheless, albeit and notwithstanding". Writing must contain active verbs for copy misses five in the passive form.

On the topic of variety, Dr. Bond said there must be variety in style, in words, in sentences and paragraphs in order to stimulate the interest of the reader and listener. The page or the screen must be made visually attractive. Advertising, he said, which is jammed full of copy is unattractive and unread and the advertised product is neglected. The appearance of the advertisement must be appealing to the eye and the basic part of the message arranged to strike the visual sense, the speaker remarked.

Plans were made on Thursday to enter a Kiwanis float in the July 1st parade. This was left to the Business and Public Affairs committee consisting of Reigh Jayne, Joseph Hattie and Edward Twobig, with volunteer assistance.

Hospital By-laws Approved

A set of by-laws drawn up by the provincial hospital commission for the Digby General Hospital were approved at a special meeting held at the Digby Regional High School, Monday evening. Former by-laws were repealed and the new set will again go before the commission and will come into force if and when they are passed by the commission.

The new by-laws, although basically similar to many respects to the former, have two major changes. One is in the representation, on the Board of Trustees and the other in administration. Under the new by-laws the Board of Trustees to manage the affairs of the corporation and the hospital will be selected by one each being appointed by the Lieutenant Governor in Council, the Municipal Council of the Municipality of Digby and the Municipal Council of the Municipality of the District of Annapolis. There will be two from the town council of Digby, four from the Municipal Council of the Municipality of Digby and one from the Ladies' Auxiliary of the hospital. Nine will be elected by and from the members of the hospital corporation. This provides for a wide representation and it corresponds with the interests invested by the various bodies in the hospital.

The other major change is to be in administration. Previously the hospital had a manager but the new by-laws call for an administrator. The duties of the administrator as set forth in the by-laws are to prepare and submit to the Board of Trustees for approval a scheme of organization of the personnel concerned with the operation of the hospital; to prepare a budget of receipts expected and expenditures required; to submit reports to the Board of Trustees showing professional service and financial activities of the hospital; to select, employ, control and discharge employees.

Officers, committees, agendas and general rules were included in the by-laws passed.

The meeting was presided over by F. C. Purdy who brought the members up to date on progress of construction plans. The preliminary plans had been finished, presented to the commission and revised by the construction committee. The architect has been instructed to make the necessary revisions and it is hoped that these will again come before the commission in June. A final draft will then be drawn and submitted for approval. If the "go ahead" signal is given by the commission it is possible that the construction of the hospital could start this fall.

A meeting of the Hospital Board followed the general meeting.

Successful In Course

Mrs. Grace Edwards, of the Digby General Hospital managing staff, was successful in completing and passing the course in hospital administration and management, it was learned. Mrs. Edwards and her mother, Mrs. Edith George, have just returned from a vacation spent in Maryland, Washington, D.C., and other American cities. At Annapolis, Maryland, they attended the graduation of Mrs. George's grandson, James George, who attended the United States Naval Academy there.

On June 3rd, 1961, nineteen Scouts met at the Clements-port Hall, all excited to be on their way with their Assistant Scoutmaster to look for the "markers" left earlier by the Scoutmaster, showing them the way to the camping grounds.

Then followed the games, passing test and a wicker roast followed by "story time" around the camp fire before

Special Parish Communion Service At Weymouth

A special Parish Communion service was held on Sunday in St. Thomas' Anglican Church at Weymouth, in which a number of features of it may be noted. Other services throughout the parish, a large congregation gathered.

Dominant throughout the service was the theme of worship, beginning with the Invitatory Psalm No. 95 sung in procession in place of a processional hymn, as the combined choirs of the parish and clergy entered. Assisting the rector E. C. Irwin at the altar was Rev. Dr. H. H. Walsh, former rector, who is now on the teaching staff of the Montreal Diocesan Theological College. At the Gradual the senior choirs sang the lovely anthem, "O Come, Ye Saints of the Lord", by Christopher Tye.

Two little ceremonial acts, quite new to the parish, helped individual worshippers present to relate themselves more personally to the worship of the church. Firstly a Birthday Thankoffering took place at the time of announcements when members of the congregation having birthdays during the week were invited to make a special thank offering to God, and as they knelt at the altar rail, the congregation was asked to pray as they rededicated themselves to Christ's service.

At the offering a second new feature was the Offertory Procession, led by a server carrying the cross and servers bearing lights, the sidesmen brought up the palms of the people, followed by the wardens of the parish, bearing the bread and wine which would be used at the consecration. As these were offered at the altar, the choir sang "All Things Come of Thee, O Lord", showing that the whole was an offering of the people, symbolic of the offering up of the whole creation to God for His consecration for the use and service.

In his sermon on the subject of worship, Rev. E. C. Irwin drew attention to the need of considering the whole of our lives as an act of worship as with our actions, even in our daily life, we show how really we value God.

It is expected that in the services of this type will be held at intervals in the future.

Norman Saulnier of Windsor spent the weekend at his home here.

Handicrafts Display At School

The Weymouth area Home & School sponsored a fashion show and display of woodwork on Friday evening in the school auditorium. Principal L. A. Stockdale opened the occasion with remarks regarding the displays and Mr. Gifford Lewis, president of the Home & School Association welcomed the audience, and the students and teachers and all those helping to make the evening successful.

The stage was tastefully decorated by the girls with an archway covered with apple blossoms and other floral arrangements. Miss Wendy Blynn, a grade VII student, gave a brief talk on "Why I Like Home Economics", and was followed by the girls from grade VIII displaying their blouses and skirts. The emcee for the evening was Mrs. Allan Irvine, one of the high school teachers. Joyce Melanson rendered a vocal solo, "Around the World", and was accompanied by Mrs. Clarence Thurber, Grade XI girls then displayed their dresses, which were made mostly of cotton materials. Miss Margaret Hankinson played the lovely "German Waltz", by John Thompson as a piano solo, and this was followed by the fashions made by grade X students, which were mainly dresses or two piece dresses from accessories and cottons. Following a vocal duet "Sail Along Silvery Moon", by Dorena and Sharon Colwell, who were accompanied by Ruth Hankinson, grade XI showed their work, comprised of lovely summer and fall suits. Mrs. Irvine commented on the work entailed throughout the year, by both the girls and their teacher, Miss Marie Muise. Following another solo by Joyce Melanson and the singing of The Queen, the parents were served a light lunch by the Home Economics class.

The Industrial Arts work was displayed at the rear of the auditorium and showed detail beauty in lines and good workmanship. Mr. Courtney Adams is teacher in this department and along with the boys is to be congratulated on their fine work.

CGIT Conducts Service

Miss Marilyn Atkinson gave the address on Sunday morning at Grace United Church when the CGIT, under the leadership of Mrs. C. M. (Mc) Innis, conducted the service.

Miss Atkinson took her remarks from a letter by Leslie E. Newbigin, Bishop of South India. In quoting the bishop, Miss Atkinson said that there is not rivalry but cooperation of missionaries and traced the beginning of the present ecumenical movement back to 1840. The word missionary, she said, means something different from what it meant in the 19th century. In the African and Asian churches the missionary often turns out to be a paid agent of some missionary society but men and women of many walks of life from many races. Our church is with the gospel for all of all men, and ecumenical means the gathering together of all who are in any country.

Atkinson said that the whole church is the church.

Mrs. M. Innis led the worship service. Miss M. Innis and Mrs. C. M. Innis were the sponsors and Mrs. C. M. Innis was the secretary.

Mrs. C. M. Innis, who is a member of the church, was the one who presented the service.

Shark In Weir

A fifteen foot mud shark weighing 1,500 lbs., was caught on Wednesday morning in a weir at the bar in Digby Basin. The weir belongs to Kenneth Golden and Ronald and Lloyd Donnelly.

A shark of a different variety was caught in the weir belonging to the same men last year. The shark found this year is not the vicious type. When found he was about to swallow a porpoise. The shark is not recommended for animal food because it is too fat, but it will probably be used for fertilizer.

The worst feature about the shark in the waters here is that the herring will now probably have been driven away.

Each succeeding year unfolds wisdom, beauty, and holiness. — Mary Baker Eddy.

Following the religious service at which the couple received their wedding vows, a reception was held in the parish hall for over one hundred friends and relatives. Captivated By Jene Wood

Interviewed by Jene Wood at the "Time For Juniors" show at Deep Brook (top picture) are Becky and Bobby Merritt ready to perform with their parrots. They are children of Mr. and Mrs. Glen Merritt, Deep Brook.

Jane Fraser, daughter of Mr. and Mrs. Bernard Fraser, Bear River (middle picture), was one of those completely captivated by Jene. Jane, looking winsome as ever, takes delight in chatting with Jene after she has finished with the first number on the evening's program.

Glenden Pulley, of Smith's Cove, appears right "at home" on the stage as Jene converses with him before his song.

Jene Wood Guest At Parish Hall

The Parish Hall at Deep Brook was filled to capacity on Friday evening when a "Time For Juniors" show, with Jene Wood, from CHSJ-TV, Saint John, N. B., as guest, was successfully presented.

Over 60 children taking part in the show were from Bear River, Smith's Cove, Clementsport, Cornwallis and Deep Brook, along with 7 of Mrs. Frances Peters' class of Majorettes from Digby.

Little Jennie Fraser, daughter of Mr. and Mrs. Bernard Fraser, of Bear River East, opened the show. Rev. Harold Kay, rector of the parish, welcomed and introduced Jene Wood to the audience.

The program consisted of piano and vocal solos and duets, chorus and group singing. Sandra Hodgkins, of Cornwallis, presented the "Irish Jig" in tap dancing; Pamela Carr, of Clementsport, did the Sword Dance, attractive in a Highland costume, and Gail Hodgkins, of Cornwallis, presented "The Sailor's Hornpipe", attired in sailor's uniform. The seven attractive Majorettes from Digby presented two outstanding numbers. Blain Henshaw did a piano accordion solo.

The children all took part in a charming, simple manner,

forgetting shyness and formality in the delight and excitement of taking part in a show with "Real Live" Jene Wood, T.V. idol of New Brunswick and Nova Scotia children. It was for many of the smaller tots a dream come true.

Five year old Kim Baxter, daughter of Mr. and Mrs. Bernard B. Baxter, of Deep Brook, "stole the show" when she approached Jene and offered to play the song "Jesus Loves Me" on the piano if Jene would sing it! Jene invited the juniors to sing to Kim's accompaniment and Kim proudly played the verse and chorus (all on the same notes!) to the hearty applause of the audience.

Under the supervision of Mrs. Harry Wallis, of Upper Clements, Mrs. W. H. Spurr, of Deep Brook, and Jim Sanford, of Clementsport, the show proved a real success.

Jene expressed the pleasure of she and her husband (Bill Stewart) in being invited to conduct the "Time For Juniors" show.

Mrs. Walter Lett, of Bear River, presided at the piano for several vocal numbers. Baskets of white lilacs and

bright tulips decorated the stage, with boughs of apple blossoms and evergreen trees in the background.

Several attended from Digby, including Mrs. Edith Wallis, Editor of Digby Courier, from Smith's Cove, Bear River, Clementsport, Cornwallis, Upper Clements and Deep Brook.

Simone Deveau. The proud winner of this group was Marie Deveau, of St. Alphonse.

The second group was composed of Beatrice Deveau, Georgette Maillet, Linda Myers, Julie Myers, Victor Deveau, Edward Foley and Lawrence Spinney. Julie Myers, of Cape St. Mary, was the winner of this group.

The third group consisted of Judith Comeau, Pauline Geddy, Madeleine Deveau, Octave Geddy, Cecil Comeau and John O'Brien. John O'Brien, of St. Alphonse, was the winner of this third group.

Mrs. Clarence Comeau, principal of Notre Dame School, presided.

The judges were Rev. E. Theriault, parish priest, and Raymond Deveau, representative Dept. of Welfare (old age pension division). Rev. Theriault, before announcing the winners, thanked all those who had taken part in the contest. He pointed out the good that comes out of such competition. He stressed the fact that these boys and girls would be the citizens of tomorrow, and that contests of this nature were good during their formative years.

The twenty-three girls who belong to the Sewing Club had their sewing on display during the evening and Miss Chaisson, travelling sewing teacher for Eastern Nova Scotia, was present to judge the many items presented by the pupils. Simone Deveau, of Mavillette, won first prize. A number of paintings, done by the pupils of all grades, were also exhibited during the evening.

Dear Mrs. Wallis:

A history of the Bible Society in this Province is now being prepared by Mr. Justice Doull, of Halifax. The Nova Scotia Society celebrates its 150th Anniversary in 1963, and publication of the history will be made for that occasion.

If any of your readers has old letters, reports, newspaper cuttings, etc., concerning the early years of the Society here, such material would be helpful to the writer, and should be sent to the Canadian Bible Society, Nova Scotia District, P. O. Box 183, Halifax. A list of the items sent should be enclosed, and it should be stated clearly thereon if the sender wishes them to be returned after use. Some of the reports and books received may be placed in the Nova Scotia Archives for permanent record.

Open Pool At Bear River

On Sat., June 17, the people
of the Bear River crossroads
gathered at the newly built
swimming pool where guest
of honor, Mr. Harvey Chis-
holm, former warden of Dig-
by Municipality, cut the rib-
bon to celebrate the opening
of the pool. Mr. Chisholm con-
gratulated the people of the
community and said they
should receive a lot of credit
on their accomplishment as
it was evident that a lot of
time and work was put into
the building of the swimming
pool. Mr. Chisholm also said
the pool was among some of
the nicest from here to Hal-
ifax.

The swimming pool which
was built by members of the
Bear River Road community
under the name of the Bear
River Road community club
is approximately 28 by 44 ft.
deep on one end and 28 by
14 ft. deep on the other end.
Water for the pool is piped in
from a nearby brook. The
pool is equipped with a sun-
off valve which enables the
pool to fill with water, then
shut off and release when
it is necessary to change the
water.

Money for the swimming
pool was raised by the club
members by making and sell-
ing fancy works and by pan-
try sales. By placing the trail-
er, which was also built by
the club in the town of Bear
River on Saturday nights, and
selling hot dogs and by sell-
ing fancy work, home cook-
ing, quilts, hot dogs, etc., at
the Bear River carnivals and
exhibitions during the past
three years, a "goodly" part
of the money was raised. The
actual work on the pool was
started in the summer of 1960
when the men of the commu-
nity gathered nights after sup-
per and began clearing the
land. By winter the property
didn't look like the same
place, trees had been cut and
rocks moved, and bulldozed
and the pool built and ready
for a smooth coat of cement
as soon as weather permitted.
Then ladders were built, one
on each end of the pool lead-
ing into the water, picnic
tables built and all ready so
that on Saturday when Mr.
Chisholm cut the ribbon there
were many splashes and
squeals as children and the
grown-ups alike dove into the
water.

Proceeding Mr. Chisholm's
speech Mr. Arthur Isles, the
chairman of the pool com-
mittee thanked Mr. Harvey
Chisholm for the use of his
property on which the pool
is built, and Mr. Chipman
Chisholm for the use of his
truck and tractor and to all
those who gave their time
and labor or helped in any
way to make the building of
the pool a success. After an
afternoon of swimming and
chatting a picnic supper and
weiner roast was enjoyed, and
there were treats of candy
and peanuts for the children.
This summer the Bear Riv-
er Road community club plan
to improve the appearance by
building a cement walk ar-
ound the pool, erecting a rest
room, dressing rooms and dy-
ing board and other things
which will add to the enjoy-
ment and appearance of the
pool and area.

Observes 100th Birthday

Grace United Church on Sunday observed its 100th anniversary when Rev. Dr. A. E. Kerr, B.A., B.D., D.D., LL.D., president of Dalhousie University, Halifax, was guest speaker at the morning and evening services. Before he was associated with Dalhousie University, Dr. Kerr was principal at Pine Hill Divinity Hall, Halifax.

At the morning service Dr. Kerr based his remarks on the 2nd Book of Kings, 19th chapter, on the fall of the Assyrian camp by the visit of the plague, and the 16th Psalm written in celebration of the release of the city of Jerusalem. "God is our refuge." He made it a point to say, "He maketh wars to cease." He still, and know that I am God." These passages, he said, were relevant for today. Peace must be our more persistent will and we must work unceasingly for it but we cannot be willing to be exploited for evil purposes. Today war is more terrible than ever before, it is more costly than ever and it is the problem of men today to deal with the question of war and try to put an end to it, the speaker said. He spoke of the many hungry people of the world, of the sorrow and stated that men need to be converted and show loyalty to the Prince of Peace.

Rev. Dr. Kerr's evening discourse was on the subject "What Must I Do To Be Saved?" from Acts. He said no one can be saved and live for himself. He must bring richer life to those around him. There is nothing so compelling in presenting Christian religion, he said, as the life of a Christian man.

Special music was rendered by the church choir for the occasion. Charles Fitt rendered the vocal selection "How Lovely Are Thy Dwellings" at the morning service.

A reception was held at the close of the evening service when Mrs. A. J. Dillon and Mrs. D. G. Black, newly appointed to the Board of Stewards of the church, presided over the tea table. Mrs. C. C. MacInnis, of the Social Committee, was in charge of the tea.

The anniversary cake was cut by John Russell and his sister, Mrs. Bessie Edmiston, now of Oxford, N. S.

His Worship Mayor Victor Cardoza brought greetings from the town. Other greetings were brought by Rev. James Pike, Trinity Church; Rev. H. S. Hartlin, United Baptist, Digby, and Rev. T. J. Davies, Pentecostal.

A presentation was made to Dr. Kerr by Rev. Mr. Hughes on behalf of the church and Mrs. Elton Arnold, also on the Board of Stewards and president of the W.A., presented a picture of Digby Gap.

Mental Health Association Meets

Andrew Crook, Executive Director of the Nova Scotia Branch Canadian Health Association, visited the Digby association on Thursday night and gave a short talk to the members. He noted that the White Cross Volunteer Work was not as heavy in this area as in the bigger cities but he also noted that the smaller branches had an obligation to assist the more concentrated areas because of patients from the outside districts. He specified assistance in fund raising, providing articles for social rehabilitation and the Christmas present project.

Mr. Crook complimented Mrs. Fergusson, Weymouth, on the work she had done in collecting clothing for the apparel shop and plans were made to conduct a solicitation for good used clothing for this purpose.

Mrs. Fergusson gave a progress report on the campaign raising plans. She paid tribute to various mediums through which education had been channelled and the results which were so readily noticed by the education in mental health. Mr. Crook paid special tribute to the local press agencies in this regard.

The meeting was presided over by V. G. Cardoza, president, who also reported on the Nova Scotia division meeting in Halifax and of the operation of the association at the provincial level in relation to the branches. In dealing with the Digby branch in particular, Mr. Cardoza mentioned not only the financial aspect of the local association but also the humanitarian service rendered. The clinic, he said, is concerned with many phases of assistance to families such as family counselling, child guidance, assistance to the disturbed person as well as the mentally ill.

Mrs. Vernon Denton, Little River, was named to the executive of the Digby Branch of the Mental Health Association.

New Conway School Into Urban System

At the Digby Regional High School graduation exercises on Friday night, June 16, F. C. Purdy, supervisor of the Digby Area Municipal Schools, informed the audience of the development last year of the complete integration into the urban system at Digby of the New Conway School.

Mr. Purdy said that for some years the Digby Municipal Board has been disturbed over the lack of proper educational facilities at the New Conway School, a school attended by colored children. Early in the new year the ratepayers of the Conway section were given the opportunity to decide upon the future status of their school as to whether they would remain segregated or integrate with other schools of the area. Following several meetings with Mr. C. E. Edwards, inspector, the ratepayers expressed the wish that their children should be admitted to the Digby Public School system. The Digby Municipal School Board directed a formal request to the Board of School Commissioners of the Town of Digby to provide educational privileges for the New Conway students. This request was approved by the Digby Board and arrangements are now complete for the integration of the New Conway School into the Town system beginning with the new school year in September 1961. This marks an advance in our socio-economic relations with our colored community, the speaker said, a step that ultimately will prove advantageous to all groups concerned.

Joint chairmen of the meetings held in the Federal Building, Digby, were District Protection Officer J. H. Thibault and Field Protection Officer G. W. Smith.

A climax to the conference was a retirement luncheon held at the Hotel Champlain in honor of Fishery Officer P. E. Filleul, of Weymouth, who is retiring from the Department after 31 years meritorious service. A suitable gift was presented to Mr. Filleul by Mr. J. H. Thibault on behalf of his fellow officers, and Mrs. Filleul was presented with a bouquet of roses.

Speakers at the luncheon were Mr. Forest Watson, Department of Fisheries, retired, of Kentville, Mr. Rod Churchill, Department of Fisheries, retired, of Port Maitland, Fishery Officer G. M. Bullerwell, Annapolis, Mr. E. A. Horne and Mr. A. P. Fitzgerald, Halifax, Fishery Officer G. W. Smith, chairman, D.P.O. J. H. Thibault, Digby, N. S.

Uses Text Of Ordination

A text of the ordination of Dr. Roy was read by the pastor, Rev. H. S. Hartlin, at the ordination of Dr. Roy, which was the minister on June 25, 1911. Dr. Roy, who is a graduate of Acadia University and Newton Theological Seminary, spent most of his ministry in the New England States. He was pastor of the Baptist church in Worcester, Mass., for 23 years prior to his retirement and he became an outstanding leader in his denomination and a dynamic and forceful preacher. Acadia University conferred on him the degree of Doctor of Divinity, in addition to distinctions accorded him from other educational institutions. He was also prominent in the Masonic Order, and was the Grand Master of that organization in the State of Massachusetts.

At the service on Sunday morning, Dr. Roy was introduced by the pastor, Rev. H. S. Hartlin, Mr. Scott Eaton, on behalf of the congregation, presented Dr. Roy with a framed photograph of the Digby church, and Miss Edith Mullen, one of the surviving members of the church at the time of Dr. Roy's ordination, presented Mrs. Roy with a bouquet.

Dr. Roy spoke from the text, "I am determined to know nothing among you except Jesus Christ and him crucified." This was the same text he used in his first sermon following his ordination in 1911. Special music for the service was provided by a women's trio, and an anthem by the choir.

The Masons attended this service in a body. At the evening service, the ordinance of Baptism was administered by the pastor to two young men from HMCS Cornwallis. The sermon was preached by Rev. Mr. Hare, Naval Chaplain at the base.

The gowns were presented by Mr. Russell and dedicated and received on behalf of the church by Rev. R. H. Hughes. Present for the dedication were Mr. Russell's brother, Douglas, and his sister, Mrs. Bessie Edmiston.

The gowns, some twenty in number, include both men's and women's. The women's are completed with white collars and white tassels on the matching hats.

Call Emergency Meeting

An emergency meeting of the Digby General Hospital Board was called on Tuesday evening to consider the reply from Hon. Douglas Harkness, Minister of National Defence, regarding a request by the board for \$100,000 towards construction of the proposed new hospital.

According to Mr. Harkness, Digby does not qualify for a grant because of HMCS Cornwallis similar to that which was given for the construction of the new hospital at Middleton in relation to Greenwood. In order to qualify, the population during the last five years should have increased by ten percent, it is understood.

Despite the disappointment regarding the expected grant from National Defence the Hospital Board has decided to carry on with its original plans for an early start on construction as soon as commensurate clearance has been given. If revision in financial responsibilities is necessary the board will accept this rather than delay construction. In any case, it is understood, there will be no change in financial obligations to the town and municipalities concerned.

Leaves Australia For Home

Miss Edith Lynch leaves Australia for her return to Digby on the maiden voyage of the Camberra after spending the past several months travelling in that country. Miss Lynch visited New Zealand and travelled from Tasmania to the Great Barrier Reef and has been greatly impressed by both Australia and New Zealand.

The Camberra arrives in Vancouver, B. C., on July 15, when Miss Lynch will continue her trip home to Digby.

Mission Band Picnic

The boys and girls of the
Mission Band of Westport
Baptist Church held their pic-
nic under the direction of their
leaders, Mrs. Logan McLellan
and Mrs. Earl Webber.
During the afternoon games
and contests were enjoyed by
all. The program included an
enthusiastic peanut scramble,
sack races, wheelbarrow races,
three-legged races, crab
races, and other sports. Rev.
L. C. McLellan directed these
events.
At the close of the after-
noon a picnic lunch was served
to over forty children and
several adults. Everyone had
a fine time.
This brings to a close the
Mission Band programs until
after the summer vacation.

Ceremony on Radio and TV

Coverage of the Royal Canadian Navy's colorful sunset ceremonies will be one of the special Dominion Day (July 1) programs on CBC Radio and Television.

Originating from Ottawa, it will be seen on television at 7:00 p.m. and broadcast on radio at 9:30 p.m. Byng Whittaker will be the commentator for both programs.

Participating in the ceremony will be a 48-man guard, a 43-piece band and two gun crews of 32 men each. Members of the guard and gun crews are new entry seamen who have just completed their basic training at HMCS Cornwallis, Cornwallis Nova Scotia. Climax of this traditional Sunset Ceremony, which first took place several hundred years ago, is the lighting of the White Ensign to the accompaniment of the orchestral Sunset Call. This is a ceremonial version of a daily custom which is observed in all naval shore establishments and ships in harbor.

School Closing At Sandy Cove

The closing exercises of the Digby Neck Consolidated School took place on Thursday morning at 10:30 o'clock.

The invocation was given by Rev. Pierce of the Centreville Pentecostal Church. The students were addressed by Lie. Hopkins, of the Reformed Baptist Church, East Ferry. Lie. Hopkins was thanked by Mrs. Dickie Todd, Grade III teacher.

The children presented an interesting programme of musical numbers and recitations. Each teacher presented her pupils with their certificates and prizes.

The principal, Mrs. Stanley Denton, thanked pupils, teachers, parents and friends for the year's cooperation. Following "God Save The Queen" the benediction was pronounced by Lie. Hopkins.

Weymouth

Graduation at Weymouth High

During the processional, "War March from Athalia", played by Margaret Hanksin, the graduation class of Weymouth Consolidated High School took their place on the platform of the auditorium. The girls of the graduating class wore gowns of white bengaline and the boys, gowns of black bengaline. These were worn for the first time this year. Mr. A. E. Jones, J. P., Secretary of school trustees, welcomed the audience to the graduation exercises.

L. A. Stockdale, B.Sc., gave the principal's report in which he noted the increase of pupils in the consolidated school and the gradual closing of smaller schools saying that he felt along with other educators that the larger schools with teachers specializing in one grade were more advantageous to the complete education of the pupil than the little country schools where so many classes are taught by the same teacher. He mentioned the advances made in art, music and other creative activities in the elementary and primary grades this year and emphasized the need for these to create imagination in the individual student in the future. Mr. Stockdale stated that parents and pupils should aim at full time attendance at school in order that the pupils may attain the best possible education. A number of teachers are leaving this year and replacements have been made in the elementary schools, but the high school still has a shortage. An eight room addition is to be provided to accommodate the increase of pupil enrollment.

Mr. Stockdale said that so many failures in school are due to the neglect of school ability, that reading is one of the keynotes of education. He quoted "A person who CAN read, and who does NOT, is not better than a person who CANNOT read". In closing he thanked the staff, parents, the student activity groups, and all those who had assisted in making the school year a success.

Vice Principal J. R. Doucet, B.A., introduced the special speaker of the evening, Mr. Edwin K. Ford, B.Sc., Ed.M., of Yarmouth. Mr. Ford, in his address, told the graduates of the many opportunities open today for specialized work, and that education plays such a great part in the world today. He said that the graduates must have confidence in themselves and in their abilities to face the future. He congratulated the students and wished them well in all things. Mr. Ford was thanked by Mr. G. Lewis, president of the Home & School Association.

Joyce Goudy was selected to read the class prophecy for 1961 which was enjoyable to all there.
