Foreward

I know I have likely made mistakes in spelling, etc., but have done them as I see them. I have tried to read each Courier carefully and I hope I have not missed many births, deaths, marriages, etc. but I am sure that some were.

I would be glad to hear of any omissions or mistakes in spelling, etc. Note however that though many spellings for names may look incorrect, I have used the form of spelling given in the original notices.

I would like to thank the staff of the Isaiah Wilson Memorial Library for their co-operation and patience during the indexing of the Couriers. Without their help in ensuring the microfilm reader was available and making sure the film I was working on was there this project would not have been possible. To Trudy Amirault, Virginia Stoddard, Janice Boudreau and Rick Beharriell for believing in this project and encouraging me to continue. To the Western Counties Regional Library staff who have the job of getting each book ready for publication, thank you one and all.

Abbreviations and Notes:

There was only 1 missing issue, 23 Aug. 1901, and a few missing or torn pages during the period 1896-1907.

If an item appeared more than once in the paper I tried to indicate this by [2].

B=Birth D=Death M=Marriage Div.=Divorce Mem= Memorials
Bir=Birthday Ann.=Anniversary

Art.=Article which could include anything interesting which I found on various families from achievements to murders.

I also tried to add some interesting happenings from communities such as fires, discoveries, and local events as well as some shipwrecks under the names of the ships, but could not enter them all. This project started as just birth, deaths and marriages but I soon felt I had to give the feeling of how useful early papers were in telling family and community news.

Many of the obituaries, birth announcements and marriages appear as part of the community news and even if also found as separate notices, much more information as to family home for funerals etc. can be found in the community section.

When an on- going event occurred such as a murder, court case, etc., I have entered it for the first date that it appeared only, ex. Annie Kempton murder.

Memorials that appear yearly I have entered only once.
