

Welcome to the Digital DIGBY COURIER

1877-1978

100th Birthday

The hundredth anniversary of the Digby Weekly Courier has brought to mind some fond memories as contained in the following historical chapter of the writer. But first, I wish to congratulate the current editor of the Courier, Mrs. J.M. (Edith) Wallis, for a job well done over the years and still being well done, good service rendered with great fortitude.

According to any record, I have at hand, the Digby Courier, in one hundred years of publication, was controlled under the same family management for 42 years, 1931 to 1973, under the control of Wallis Print Limited. The late J.J. Wallis became editor of The Courier the second time, in 1929, and at the same time of the business, which he had been running for some time previously and which became Wallis Print Limited sometime between 1929 and 1931.

I well remember the last year of the twenties when I worked in the office of the son with the husband and father of the late J.J. Wallis, the Courier. Sometime in 1928 or early 1929, the late J.M. Wallis (Mac), son of "J.J." engaged me to work every day after school hours, Saturdays, and for some months after finishing school. The place of work was in the building of the present Digby town hall on First Avenue. J.J. Wallis then worked occasionally at the print shop but mostly across the street at the Courier office which was then located on land in the general area where The Royal Bank of Canada is now.

Wallis Job Print operated in 1929 with a staff of four consisting of J.J. Wallis, J.M. Wallis, Miss Eva Haynes, who later became Mrs. George Kicup, and myself. I was engaged as a printer in the left

Eva's job was to run the printing plant but mostly at the Courier office. "Mac" worked nearly full time at all the different jobs at the Job Print, and I worked at various duties, most of the time being spent at operating printing presses.

We worked ten-hour days, six days a week. "J.J." and "Mac" sometimes worked overtime. I worked only the regular hours being paid a weekly wage which was comparatively good for those times and my lack of experience. I received four or five dollars a week for working after school hours to six o'clock and on Saturday all day, and nine dollars a week for full weeks after finishing school. A two or three dollar a week raise was offered to me in the fall of 1929 for me to stay on at printing, but I had made up my mind to enter a branch of the Royal Bank of Canada, starting salary of \$300. The bank salary figured out about the same per hour as for the printing job. Nevertheless, the congenial atmosphere of the printing plant those days, and, experience however short, were helpful and appreciated by me.

"J.J." was very jovial in his occasional trip to the Job Print and did considerable kidding all in good fun. "Mac" was a witty person who mixed in a good natured sarcasm now and then for one reason or another. Eva most always had good answers to all the kidding she was called upon to take, and, generally held her own in a quiet sort of way, always busy setting type. We four all got along very well indeed. However, I do remember that some days did seem long and weary because of the monotony of some repetitious jobs.

In spite of the great demand for printing those last boom days of the twenties, business generally being brisk, it looked to me that people had to work long and hard to make any decent profit. There was

including treatment of the hands. However, nails and finger ends were used and I was soon back to work.

Now and then a printing job had a dose on parchment paper which required a special kind of printers' ink which smelled very bad those days. I always dreaded it when "Mac" would do that job on the largest press, in spite of the fact that we always opened an outside door to lessen the effects on the constitution.

One of the jobs I had to do, being the junior and printers' devil on the staff, was to clean up now and then. One day not long after I started my job at the printing plant, I decided to clean the floor that apparently hadn't been cleaned in some considerable time.

"J.J." came along and said, "how are you making out Vince?" I assured him that I thought I was beginning to see the floor. "J.J." laughed very heartily, he thought the remark pretty good and suitable.

Sometimes the gasoline engine or a piece of machinery would refuse to work, and after "Mac" the fix-it man had patiently worked for a certain length of time to get it going again, without results, "Mac" would then stand back and cuss quite strenuously, then he would immediately start working. "See," he would say, "all it needed was a bit of cussing."

On other occasions when some gadget refused duty for me and, seemed to be broken, "Mac" would say, "use a little oil," and sure enough, often that is all it took. How often since, have I thought of the value of that remark and the actual need of "oil" in many life situations, applied at the right time, right place and, in the right way.

Other things that sort of stick in my memory and come to mind now and then are, like the time I told "Mac" of four teenage boys who in the spring season of 1929 got together just before dark one evening and decided to initiate the newly built outdoor Pines Hotel swimming pool which had just been filled with water. Clothes were taken off near the road just east of the pool; nobody else seemed to be around except the four boys; no thought or time for bathing suits up to the pool they went. They stood on the edge of the pool and looked at the chilly water, one soon jumped in, the rest quickly followed and across the pool they swam. "Mac" listened to the story and hardly said anything, but the next "Digby Courier" had a good story on the episode. The heading of the story went something like, "Four Boy Scouts Officially Open Pines Hotel Swimming Pool." Who were the four? Many years later they are known as: the late Dr. Earl H. Anderson, veteran of two wars (second world and Korean), was awarded the Victoria Cross; Sidney L. Smith, now prominent druggist for many years in Digby; Clayton D. Snow, Digby wholesale lobster king merchant; and myself.

As a young teenager I used to like doing some writing about different events interesting to myself and mostly for myself. One day "Mac" said to me "how about writing your version of the story told about 'The Marooning of Jerome'." I had heard and read at least two somewhat different stories about the man who was found marooned on a beach at some point on the French Shore of St. Mary's Bay, Digby County. When found this man's tongue had been cut out and his legs quite freshly amputated, were surgically well dressed and bound. He was presumably left by some vessel before dawn one morning, all for some mysterious reason.

"Jerome" appeared to have been a man of some considerable social standing and possibly of some considerable wealth. However the only thing the man could or would ever say after being found and cared for by some family in the French shore was, something that sounded like the word "Jerome". He either could not, or, would not, write anything about who he was or why he was left the way he was. Well, it was, and is, one of Digby County's mystery stories, and, different ideas have been expressed over the years concerning this man. However my response to "Mac" was, I felt no urge to write anything more or different about this man. The mystery seemed to have been very well explored in the mind of many people, and, he was a sort of curiosity for many people who visited where he lived for many years.

Three years later I was quite a young man, and I was back in the street that I had lived in, and I was clanking my powered up car, and I was thinking of "Jerome", and as I remember it, I was thinking of "Jerome". "J.J." was noted for his sense of humor and his ability to make people laugh. In 1928 during the time Mr. Wallis was editor of the Scott Act (Prohibition Law) he was about and advocated by some people, and he was a very popular figure in the community.

Digby 172 Years Ago

Compiled by David Sanford

From the files of the Courier of January 23, 1867, the following account has been copied concerning Digby in 1800.

"Among a number of old newspapers kindly sent to us by friends is a copy of the Saint John Gazette of May, 1802, says the Telegraph and among other advertisements contained in the issue before us is one describing the town and township of Digby, and offering for sale certain lots in the town. In this area we are told the township of Digby extends from the Gulf of Annapolis westward to the extremity of the province of Nova Scotia, and contains about 130,000 acres." The town plot is thus described:

"The Town Plot is situated at the east of the township just within the entrance to Annapolis Basin, and twenty miles from Annapolis Town, and six miles across land from the head of St. Mary's Bay. This laid out from the water's edge, partly on level ground and partly on the declivity of a modern hill, dry and pleasant, and having with an eastern aspect, a view of the Annapolis Basin and its cultivated shores for twenty miles in where it terminates with the Fort and River's mouth of that name. It was settled by Loyalists from New York in 1783, the most of whom went early to farms, or, moving to older countries, left the whole

free trade with the U.S.A., especially with the New England States. The question was then debated by some Digby High School students one of which was some Digby's daughter, Florence (now Mrs. Melvin O. Tibert, Freeport, Digby Co.) Some days after the debate a man from some part of Nova Scotia came to the printing shop looking for Florence, one of the successful debaters; I had the impression that this man was interested politically but, maybe I was wrong.

Well, I felt that I had learned considerable from my short experience at "The Wallis Job Print". I was learning to do beginner jobs, receiving some knowledge about things like: embossing, stapling, perforating, counting, cutting and trimming paper stock, mixing inks for certain desired colors, and so forth, but, the only experience I had at setting type was just enough to make a "pi", the printers name for a confused mess.

There was a taste of trying to sell job printing outside the plant. Work was a little slack one early fall day and so "Mac" said to me, "how about trying your hand at taking orders for printed personalized Christmas cards?" I tried it, made several calls around town, spent most of the time at one particular house, and got an order, but, it was much time and got an order, but,

The first time wireless telegraphy was used in Digby was in 1911. The equipment was sent from the U.S. and was used for the first time on December 23, 1911. The new high powered transmitter was put in place on January 15, 1912. The old lighthouse was used for the first time for wireless telegraphy on January 15, 1912. The new transmitter was sent from the U.S. and was used for the first time on December 23, 1911.

Loss of the ship "W. C. Quinn" is a tragedy. The ship was a 100-ton schooner, built in Digby, and was on its way to St. John's, Nfld. It was last seen on December 15, 1911. The ship was carrying a cargo of fish and was crewed by a crew of 10 men. The ship was lost in a storm off the coast of Nova Scotia.

A story from the past. The story is about a man who was a very successful businessman in Digby. He was a very kind and generous man, and he was very popular in the community. He was a very successful businessman, and he was a very kind and generous man, and he was very popular in the community.

Health In Spring.

Spring is the season when your system needs toning up. In the spring you must have new blood just as the trees must have new sap. Nature demands it. Without new blood you will feel weak and languid; you may have twinges of rheumatism or neuralgia, occasional headaches, variable appetite, pimples or eruptions of the skin, or a pale pasty complexion. These are signs that the blood is out of order. A tonic is needed to give new blood. Dr. Williams' Pink Pills are the best tonic in all the world. They make new, rich blood—your greatest need in spring. They clear the skin, drive out disease and make tired, depressed men and women bright, active and strong. Mrs. John McAnley, Douglastown, Que., proves the great value of Dr. Williams' Pink Pills in building up people who have been weakened and run down. She says: "Dr. Williams' Pink Pills have been of great help to me. My blood was weak and watery and I was badly run down. But through the use of the pills my health was fully restored. I always recommend them to my friends who may be suffering from weakness." There are fraudulent imitations of Dr. Williams' Pink Pills and to protect yourself see that the full name "Dr. Williams' Pink Pills for Pale People" is printed on the wrapper around each box. Do not take any other so-called pink pills. If your dealer has not got the genuine send to Dr. Williams' Medicine Co., Brockville, Ont., and get the pills by mail at 50 cents a box or six boxes for \$2.50.

Perhaps you are skeptical about GIN PILLS. So was Mr. Brown. He had been told by many things for his kidneys, without getting any better, that he had just about made up his mind that he couldn't get well.

When he first read about GIN PILLS he laughed. The second time, he thought. The third time, he said, "I would write for a sample just to see if there was any chance of getting well."

He wrote a pretty strong letter, and over that box of GIN PILLS. They have paid \$2 a box for the second box necessary. The dizziness, headaches, pains in his back and legs, and all the other troubles, he felt better than he had for years.

THE MEDICINAL VALUE OF FRESH FRUIT JUICES

One of the Greatest Wonders of the Age

Hundreds Have Been Made Well by Taking Advantage of an Ottawa Physician's Discovery.

Everyone knows how beneficial fruit is, when eaten regularly. Fruit is nature's laxative—the finest kidney regulator—and the ideal skin tonic. Unfortunately, the medicinal principle of fruit occurs only in minute quantities. In order to consume enough fruit to relieve Bilelessness, one would also consume a large amount of woody fibre or pulp, which would upset the stomach and impair digestion.

An Ottawa physician discovered a way to get around these difficulties. He pressed the juice from apples, oranges, figs and prunes—and then forced out every atom of the bitter principle from the discarded orange peels, into the concentrated juices. This formed a new compound, having all the curative effects of fresh fruit—and in a highly intensified degree. Then valuable tonics and internal cathartics were added and the whole pressed into tablets.

These are "Fruit-a-tives" the wonderful Liver Tablets you hear so much about. "Fruit-a-tives" cure the most obstinate cases of non-action of the bowels, biliousness, headaches, sleeplessness, nervousness, kidney trouble, rheumatism, eczema and neuralgia. They are the greatest blood purifying medicine in the world, while their action on the skin, in clearing and beautifying the complexion, is nothing short of marvelous. Ask your druggist for "Fruit-a-tives" and see that you get them. 50c a box, 4 for \$2.00. By mail, postpaid, from Fruit-a-tives Limited, Ottawa.

PASTOR AND PEOPLE PRAISE PSYCHINE

(PRONOUNCED SI-KEEN)

A Marvelous and Triumphant Record of Victory Over Disease.

No medicine has ever effected as large a number of wonderful and almost marvelous cures as Psychine. It has had one continuous record of victory over disease of the throat, chest, lungs and stomach. Where doctors have pronounced cases incurable from consumption and other wasting diseases Psychine steps in and rescues hundreds of people even from the very verge of the grave. Coughs, Colds, Catarrh, Bronchitis, Chills, Night Sweats, La Grippe, Pneumonia, and other like troubles, all of which are forerunners of Consumption, yield quickly to the curative power of Psychine.

Mrs. Campbell, one of the many cured, makes the following statement: "I cannot retain from my mind the joy of my remarkable recovery with Psychine. In April, 1902, I caught a cold which settled on my lungs and gradually led to consumption. I could not sleep, eat, or do any kind of work. My lungs were diseased, my doctor pronounced me incurable. After I was in bed for three weeks, I was told by a friend to try Psychine. I bought a box and after using Psychine for a short time I ate and slept well, my cough stopped and my chest felt better. I continued to use Psychine and in a few days I was able to get up and do my usual work. I am now as well as ever. I have no more cough, no more chest trouble, and I feel as good as new."

PSYCHINE never disappoints. PSYCHINE has no substitute. There is no other medicine "Just as good."

Bill Nye's Cow Advertisement.

Bill Nye, the humorist, once had a cow to tell the story goes, and advertised her as follows: "Owing to my ill health, I will sell at my residence, in township 19, range 18, according to the government survey, one plump raspberry cow, aged eight years. She is of undoubted courage and gives milk frequently. To a man who does not fear death in any form she would be a great boon. She is very much attached to her present home and a stay chain, but she will be sold to any one who will agree to treat her right. She is one fourth Shorthorn and three-fourths byrn. I will also throw in a double-barrel shot-gun, which goes with her. In May she usually goes away for a week or two and returns with a tall, red calf with wavy legs. Her name is Rose. "Jim" has a way all his own for catching orders. Where others fail he invariably lands his man. He leads his victim stealthily on by his tactfulness and strokes when he is too much for the character. When he was a little fellow, the following story is told of him: "Gran'ma," said Jimmie, "how old are you?" "About sixty-six," said the grand-mother, fondly smiling at the yellow hair. "You'll die soon, won't you, gran'ma?" "Yes dear, I expect to."

"And when I die, gran'ma, can I be buried side of you?" "Yes dear," she said, as her heart warmed towards the little one, whom she folded in her arms. "Gran'ma," softly whispered the little rogue, "give me 10 cents."

Little Paragraphs Which Tell of the News Around Town

Death of Mr. Thomas S. Robinson

AN OLD-TIME PRINTER, PASSES PEACEFULLY AWAY.

The death of Mr. Thomas S. Robinson occurred at his home in Barton at five o'clock Tuesday morning, after a long illness. He was an old-time printer, having learned his trade with the late Mr. J. W. Robinson, who was the proprietor of the Digby Press when it was published at Bridgetown many years ago. Later he came to the United States, where he served in the Civil War and was wounded while active duty. He was second Lieutenant in the same regiment that the late Capt. Augustus Annand served in, and was very popular among his comrades. A number of years ago he returned to Nova Scotia, purchased property at Barton, Digby county, and resided in that village until his death. He was a man of a charitable disposition and was much loved by all who knew him. He was survived by a widow (this second wife) and a grown-up son, Mr. J. W. Robinson, who is a successful business man. The remains were buried in the cemetery at Barton, Digby county, on Wednesday afternoon. The funeral was held at the residence of Mr. Robinson, who was the proprietor of the Digby Press when it was published at Bridgetown many years ago. The funeral was held at the residence of Mr. Robinson, who was the proprietor of the Digby Press when it was published at Bridgetown many years ago.

Repairs to Holy Trinity Church.

Holy Trinity church was reopened on Tuesday day after the repairs had been made to the church and sanctuary, at the expense of Mrs. Annand. The church was closed for some time on account of the repairs. The church was closed for some time on account of the repairs. The church was closed for some time on account of the repairs.

How to Avoid Red Ink.

If our delinquent subscribers do not remit within a few days we will again be compelled to use our red ink. We know it is not pleasant to see the red ink and we would be pleased for them to cash up and avoid our red ink. We know it is not pleasant to see the red ink and we would be pleased for them to cash up and avoid our red ink.

Death at North Range.

Died at North Range, March 28th, of heart failure, Mr. Thomas C. Cole, aged 67 years and ten months. He was survived by a sorrowful widow, seven children, five sons and two daughters, 32 grandchildren and two great-grandchildren and one sister, who resided in Gloucester, N.S. The funeral was held on Sunday at North Range, and was conducted by Rev. Mr. Hawkin, pastor of the Methodist church, of which he was a member. He will be greatly missed by all who knew him, and his death is a great loss to the community.

Mills Have Started.

(Weymouth Gazette) B. M. Goldsmith has started his mill at Saint-John's and is saving his S. C. & H. Jones. This firm will keep this mill running until the fall. C. O. Jones, postmaster of Saint-John's, started his rotary mill on Monday and yesterday put on a night crew which will remain on until he completes his cut of upwards of 60,000 feet for the same firm. The Campbell Lumber Company's mill started operation on Monday.

Will Test Their Rights.

Friday's Annapolis Spectator says:—Messrs. W. Purdy and Dittmar, of Deep Brook, have been in Grand Falls a couple of days marshalling the forces of those interested in the claim factory around the Annapolis Basin. The close season imposed by the government will be coming to a close and the landholders will have an opportunity to test whether the rights granted to them are valid or not.

Farmers' Meetings.

It was decided at a recent meeting of the Directors of the Digby County Farmers' Association to hold a series of meetings to be addressed by local talent in the Digby county. The meetings to be held at Acadiaville on Saturday evening, the 20th inst. The meeting will be addressed by Messrs. Albert Trevor, Charles Sealey, H. E. Jones and Byron McNeil. All these local meetings will be held at Acadiaville on Saturday evening, the 20th inst. The meeting will be addressed by Messrs. Albert Trevor, Charles Sealey, H. E. Jones and Byron McNeil. The Emerald Gardens.

The manager of the Emerald Orchard and Nursery, Weymouth, is now advertising his stock in our columns. He has placed his nursery in a long position in advance of the ordinary and producing excellent stock free from any scale and is now offering a fine selection of fruit trees, etc. We wish our new advertiser every success.

Mr. Dyke Leaves Digby.

Being unable to make satisfactory arrangements for the lease of a suitable store in Digby, Mr. Charles F. Dyke, jeweler, has moved his stock to Yarmouth. He says he appreciates the support given him while in town and expects to return sometime in the future. It is reported that Mr. Dyke, owner of the Bear River, will open a branch office in the Dufferin building erected by D. B. Jones.

Deep Water Well at Mink Cove.

Mr. Samuel Digby intends erecting a deep water well off Mink Cove to capture a portion of the heretofore neglected water which flows from Grand Manan has been engaged to construct the well. Mr. Digby is an enterprising owner will meet with success, thereby making a most extensive investment a profitable one.

Death of E. E. Lewis.

Edward Brown Lewis died at his home in North Range, Sunday night after a lingering illness. He was well known in his native village. He leaves a widow and nine children. The funeral was held on Wednesday at the residence of Mr. Lewis, who was the proprietor of the Digby Press when it was published at Bridgetown many years ago. PAINS

CANADIAN WOMEN FIND RELIEF

The Case of Ellen Walby is One of Thousands of Similar Cases. See the Testimony of Mrs. Walby.

How many women realize that it is not the plan of nature that women should suffer so severely?

Ellen Walby

Thousands of Canadian Women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medicine, and it is an inestimable boon to women who suffer from the various ailments which cause so much discomfort and pain.

Ellen Walby, of Wellington Hotel, Ottawa, Ont., writes:

"Your Vegetable Compound was recommended to me by a friend for the severe suffering which I endured every month and with which I had been a sufferer for some time. I was so much distressed and I was so discouraged by doctors and their medicines I determined to try Lydia E. Pinkham's Vegetable Compound, and I am glad to say that I have found it to be a most reliable and effective remedy. It has given me relief from all my troubles and I am now a healthy and happy woman."

Women who are troubled with painful irregular periods, backache, bloating or flatulence, displacement of organs, inflammation of the uterus, "bearing down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediately to ward off serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and thus write to Mrs. Pinkham, Lynn, Mass., for further advice. She will send you a free copy of her book, "The Women's Friend," and for twenty-five years has been advising women free of charge. Thousands have been cured by so doing.

Safest Medicine for Women's Complaints

Women certainly do neglect themselves. They work too hard—over-tax their strength—and then wonder why they suffer with diseases peculiar to their sex. Most cases of female trouble start when the bowels become inactive—the kidneys strained—and the skin not cared for. Poisons, which should leave the system by these organs, are taken up by the blood and inflame the delicate female organs.

Fruit-a-Lives

Remove the CAUSE of these diseases. Fruit-a-Lives sweeten the stomach—make the bowels move regularly every day—strengthen the kidneys—improve the action of the skin—and thus purify the blood.

"Fruit-a-Lives" take away those distressing conditions, headache and burning down the back, and make women well and strong. "Fruit-a-Lives" are fruit juices, integrated with tonic and antiseptic qualities. Sold in 25c and 50c bottles. Get it from Fruit-a-Lives Ltd., Montreal.

The Death of Rev. Dr. Morse

ONE OF THE OLDEST CLERGYMEN IN THE PROVINCE PASSED AWAY FULLY AWAY.

(Special to the Courier.)

At the time of his birthday party only a month ago, the Rev. J. C. Morse, D. D., displayed an intellectual vigor that so completely disguised his physical weakness, most of those who were present were under the impression that he was likely to remain with us for years to come. But it seems that on March 15th he experienced a serious increase of the heart trouble with which he had been afflicted for several years, and notwithstanding the valiant resistance of his strong constitution all that could be done by a skillful physician, and the tender nursing of his loved ones, the disease made steady progress, the end coming at 2:30 Sunday afternoon, April 21st. His moments were brightly illumined by that strong faith, which, for more than sixty-nine years, had been the controlling principle of his life. His final words to the writer being "Preach the Gospel!"

This noble child of Christ was born at Paradise, Annapolis Co., March 22, 183

Great Distress in Sea Throat.

Not uncommon experience was that of Dr. H. H. Harris, a doctor failed, till a quick cure was found in "Catharine's" pills. A most distressing case of sea throat, on damp days I would have great difficulty in getting my food down. I used all kinds of medicines but didn't get permanent relief till I used Catharine's. It is a most reliable remedy for sea throat and made me entirely well. Release substitutes for the one that has been tried and found to be the best. Catharine's in 25c and \$1.00 sizes.

An Act Relating to Highways

Be it enacted by the Governor

and Assembly as follows:

1. This Act may be cited as "The

Highway Act."

2. Every male person of more

than sixteen years of age

shall pay annually such poll

tax as is fixed by the Council, not

to exceed one dollar and not

more than two dollars, for the

main-tenance of the public roads

within the municipality in which

he resides.

3. The additional sum required

for the maintenance of the public

roads of the municipality shall be

determined by the Council at the

annual meeting, and shall be

paid by the ratepayers in

advance of the assessment roll.

4. The assessment roll shall be

made up of the total valuation of

property in the municipality, and

shall be subject to appeal.

5. Male persons over sixteen

years of age assessed in respect to

property shall be liable for the

poll tax according to the assess-
ment roll.

6. All persons who are unable to

perform labor on their own prop-
erty shall be exempt from the

poll tax, but shall be liable for

the maintenance of the public

roads.

7. In case any real or personal

property is sold or mortgaged

the owner or mortgagee shall be

liable for the poll tax on such

property.

8. The Council may, in its discre-
tion, exempt from the poll tax

any person who is unable to

perform labor on his own prop-
erty.

9. The Council may, in its discre-
tion, exempt from the poll tax

any person who is unable to

perform labor on his own prop-
erty.

10. The Council may, in its discre-
tion, exempt from the poll tax

any person who is unable to

perform labor on his own prop-
erty.

Headaches Mean Your Blood Is Poisoned

If your bowels, kidneys or skin are not ridding the system of waste-matter, the blood is laden with impurities, which inflame the nerves, and cause irritated nerves that make the head ache.

Powders and pills won't cure, they merely drug the nerves into unconsciousness and relieve for a short time.

"Fruit-a-lives" cure Headaches, Neuralgia and Nerve Pains because they purify the blood. They directly on the three great eliminating organs—Bowels, Kidneys and Skin—and restore them to healthy action, thus ridding the system of all poisons.

"Fruit-a-lives" are fruit juices chemically changed, by the process of combining them into a far more effective medicinal compound than the natural juices, e.g., a box of Fruit-a-lives is all that is needed from Fruit-a-lives Limited, Ottawa.

Tired, Nervous Mothers

Make Unhappy Homes—Their Condition Irritates Both Husband and Children—How Thousands of Mothers Have Been Saved From Nervous Prostration and Made Strong and Well.

One of the most valuable relics that will be exhibited on board the vessel, when she has been placed under her new commission, will be a handsome china water urn, which was presented to the frigate by the citizens of Philadelphia in 1797.

The bowl, which will hold about half a gallon, is of fine white china, and is decorated with the coat of arms of the State of Pennsylvania, and on the other with the inscription, "Presented by the City of Philadelphia to the Constitution."

Many valuable paintings and reproductions of the old vessel will hang upon the walls of her cabins when she is ready for her sea trip.

Another historic trophy aboard will be the umbrella or ledge anchor, one of the two said to have been used by the Constitution in escaping from the British on July 17th, 1793.

The frigate, which is a long pole and when covered with canvas and opened, is like a huge umbrella. It was on a certain morning July 17th, 1793, the Captain Hall of the Constitution sailed into a ship of the Britishers, accompanied by four frigates. They were all becalmed, and it appeared that the Yankee captain was about to lose his "six-built" ship, when his wit came to his aid.

He ordered out the boats of the frigate, and the big umbrellas attached to the shrouds, being lowered, the frigate was enabled to escape without damage.

While one was being hoisted in by the captain, the other was being carried farther out, with the result that the British frigate was thrown into the water.

nuisance in connection with the Sunshine.

Because the Sunshine is fitted with a dust free (see illustration).

When you rock down the ashes (no back-breaking shaking with the Sunshine) what dust arises is drawn from the ash-pan to the dust-due, then

across the fire-pot to the smoke-pipe, as shown in illustration, where it immediately accords to the outer air.

Only two things to remember in connection with this operation — open both the dust and direct draft dampers.

Sunshine is just the cleanest, simplest, easiest managed, greatest labor saving furnace that you can buy.

After Doctors Failed

DR. WILLIAMS' PINK PILLS CURED A SEVERE CASE OF ANEMIA AND WEAKNESS

"Anemia—poor watery blood—is the cause of most of the misery which afflicts mankind. The housewife especially falls an easy prey to it, and long and tedious confinement necessary in performing her household duties saps her strength. She becomes run down and suffers under the influence of the 'pink pills' as the housewife's friend. They make new blood—lots of it—and pure blood banishes all women's ailments. Mrs. J. M. German, wife of a carpenter, of the firm of John de Chailions, Quebec, found new strength through Dr. Williams' Pink Pills. She says:—'A year ago I was extremely weak. I suffered from dizzy spells; my head ached; my blood was poor; I had a bad cough and the doctors failed to bring me into consumption.' I followed their treatment some time but without relief. I grew discouraged and finally gave it up in despair. I was strongly advised to try Dr. Williams' Pink Pills so I procured a box and began to take them. I felt relief. The headaches and dizziness became less frequent and I felt a little stronger. I continued the pills for a couple of months and the pains had left me; my appetite was good and I felt as strong and well as ever I did. I cannot say too much in favor of these pills. They have helped I certainly owe my good health to them."

Sunset.

Non mountain peaks are topped with fire,
The vales lie dark below;
Cool even breezes from the hills
Blow downy come and go.

A bright glow hangs above the range,
The sun, in parting rays,
Has left his golden crown behind,
The sequiphere of days.

STEAMER HONOLULU REPORTS A NEW RECORD IN THE CAPE RACE.

SIDNEY.

SIDNEY, June 6.—This morning at 2 o'clock the steamer Virginia, Lakeland, left Honolulu for San Francisco. Minnie Tice, which was lying in the stream. The damage amounted to \$2400 and was paid by the captain of the vessel.

Mr. H. Ritchie and company, Alliance agents, have a number of passengers booked to leave the Virginia at North Sydney on Sunday morning at 11 o'clock. At North Sydney on the 11th if the favorable weather continues.

Capt. Fraser, of the steamer Bignonia, which arrived in port last night, reported that in late 1830, long 23.30 on June 4 at 3 p. m. the Bonanza passed and spoke Norwegian bark Westland, which wished to be reported all along the coast. The four other barks all bound westward of one of the bergs were sighted between St John's and Cape Race, during the past season.

It is reported that the Herald will

The woman in the hospital, the man in the office, the boy or girl in the street, the man or woman in the Dr. Williams' Pink Pills. These pills actually make you rich, rich blood and good blood builds rheumatism, general debility, kidney troubles, and those aches and pains caused by overwork or overstudy; good blood builds up the tired, unstrung nerves and makes pale thin cheeks rosy and healthy. The Dr. Williams' Pink Pills come in a box or six boxes for \$2.50. Buy all medicine dealers or by mail from The Dr. Williams' Medicine Co.,

Indian Agent in Nova Scotia.

ARCHAIC, June 6.—A. J. Boyd, of River Bourgeoisie, has been appointed superintendent of Indian agencies for the Province of Nova Scotia. He will all the agencies in the province and reports on the condition of the Indians and suggest methods and means for their improvement. His salary for this position is a newly created one and the salary is said to be \$2,000 yearly. He is a native of Nova Scotia and a candidate in the local by-election in this county in December, 1904. He is a man of education and as far as some of the boys are capable of filling any position.

When You Eat Too Fast

You have indigestion, perhaps cramps, or in any case the system is overloaded with matter that should be eliminated. The face is red, the eyes lock dull, headaches are frequent.

Do not get cleansed and purify the whole system. Take a course of the best cathartic, cleanse the blood and assist your overloaded digestive system to get rid of its burden.

Phyl's, their action is most gratifying. In every case they give the exact assistance, the ailing system needs. They are pleasant to take, give relief, sleep like a top, have a clear color, and are the best medicine for the stomach and bowels. Dr. Hamilton's Food. Price 25c per box.

Bowel Troubles

Liver pills, cathartics, mineral waters, often make Constipation worse. They merely irritate the bowels and force them to move—stop taking purgatives and the bowels become "tight" again.

"Fruit-a-lives" are the one certain cure for Constipation

because their action is upon the liver, "Fruit-a-lives" are a liver tonic. They stimulate the secretions of bile by the liver, this bile causes the bowels to move in the natural, regular way and completely cures Constipation.

"Fruit-a-lives" are fruit juices with tonic and antiseptic added. In "Fruit-a-lives" one atom of bitter replaces one atom of sweet in the fruit juices, forming a new compound which is many times more active, medicinally than the fruit juices could possibly be. 50c. a box—\$2.50 for 6 boxes. At all dealers."

Life is too short to be overshadowed by gloom. Let us live bravely and cheerfully, as well as industriously and dutifully. The true heart recognizes the duty of helping others.

There were two men with certain serious gastric troubles who were cured by the use of Dr. Coderre's Infants' Syrup.

When we quench the innocent joy of a fellow creature by a word or a glance, we are deliberately destroying a part of the most precious treasures.

Digby, June 28, 1907

The production of iodine from kelp is an industry which is largely carried on by the British Chemical Company of Glasgow, Scotland. The kelp is obtained from the Hebrides and other islands in the north of Scotland. Nearly fifteen thousand dollars were distributed in the island of Tiree alone last year, and considerably more in other islands. The amount of labor involved in gathering it is said not to be very great, and that an average family can extract it during the winter months. The supply of kelp on our shores is almost unlimited, it is rich in iodine but no attempt has ever been made to extract it. Among the wild, native plants on our coasts is a very fine quality of Caragane or Irish moss. It is collected in a small way, bleached, dried and sold in the American market. It is used for puddings, jellies, etc., as a food for invalids and in the preparation of cod liver oil emulsion. It grows in quantities along the shores in our country, especially in the Gulf of Bay. We gather and ship a good deal of it. It finds a ready market in the United States when shipped in good condition, and the money obtained for it is forwarded to the poor of the province, and the many families. In some places old grass is gathered, washed, dried and sold for stuffing mattresses. On the whole we do not make all we ought to from this source. Many valuable substances are allowed to go to waste or used only as a fertilizer. There are other assets also that we possess which if they were looked after and utilized would prove a source of profit.

Telephone Operator Receives a Picture from the Subscribers.

Miss Mabel Hildesworth, head telephone operator at the Digby Central Exchange, was greatly surprised yesterday evening when Mr. A. J. West, having called at the office, was told by her that she had a picture of him. She was told that the picture was a portrait of a man, and she was told that it was a portrait of a man.
