GREAT Whitewear Sale **GRAND OPENING**

February 12, 1907, and Following Days.

BEFORE the recent heavy advance in price of Cottons, Lawns, Laces and Embroideries, a well known manufacturing company placed grantic orders for cash to keep its factory running at full capacity during the dull season. The garments produced were priced just to cover cost. Hearing of this, and always on the lookout for just such a chance, we lost no time in securing our share at prices not otherwise possible. The quantity of each line is limited, so do not delay, but call and see them now. Come, telephone, or write. Dainty styles, good materials, well made and manufactured under the most sanitary conditions.

GREAT Whitewear Sale! **GRAND OPENING** February 12, 1907, and Following Days.

BEFORE the recent heavy advance in price of Cottons, Lawns, Laces and Embroideries, a well known manufacturing company placed gigantic orders for each to keep its factory running at full capacity during the dull season. The garments produced were priced just to cover cost. Hearing of this, and always on the lookout for just such a chance, we lost no time in securing our share at prices not otherwise possible. The quantity of each line is limited, so do not delay, but call and see them now. Come, telephone, or write. Dainty styles, good materials, well made and nanufactured under the most sanitary conditions.
