This project was made possible with assistance from the Nova Scotia Department of Tourism, Culture and Heritage through its Strategic Development Initiative. This initiative supports projects aimed at enhancing the self-sufficiency of the heritage sector throughout the province.

The Municipality of the District of Digby is the lead organization to spearhead this project. The Digital Courier is part of the municipal initiative to preserve the past and develop the future; Council is honoured to be part of the preservation of these significant historical documents.

1800's

- (1810) the first elections were held in the County.
- (1837) the County of Annapolis was divided to include the County of Digby.
- Old Post Road and rural school system improved.
- Weymouth Trading Post established.
- Ship Building is a major industry in the area.
- (1879) the District of Digby was incorporated.
- (1891) the railway (the missing link) between Annapolis and Digby was completed.
- Joshua Slocum sails around the world alone.
- Temperance Movement.
- Summer Tourism Industry develops.
- I.M. Singer invents the sewing machine.
- Canadian Confederation (1867)
- Klondike Gold Rush
- The Supreme Court of Canada is established
- Florence Nightingale takes London nurses to the battlefields of the Crimean War

1900's

- Poor Farm in operation
- Isaiah Wilson's Geography and History of the County of Digby Published.
- Prime Minister Sir Wilfred Laurier visits Digby.
- Marconi transmits wireless message across the Atlantic
- Queen Victoria dies
- The Boxer Rebellion breaks out in China.
- The Boer War in Southern Africa ends

1910's

- (1912) last race of the Brattain Cup in the Annapolis Basin.
- First motorized vehicle in the area.
- Communities collect cloths and money for the war effort.
- Spanish Flue kills many in the area.
- First Calgary Stampede
- Women in Canada get the vote
- Halifax explosion
- WW1
- The Titanic Disaster
- Norwegian Roald Amundsen becomes the first to reach the South Pole.

1920's

- Motorized vehicles becoming more common.
- Last wooden ship built in Bear River.
- Electric lights installed in villages.
- Motorized vehicles becoming more common
- Canadian Schooner "Bluenose" wins the International Fisherman's Trophy
- Agatha Christie launches her career as a mystery writer.
- George Carnarvon and Howard Carter unearth King Tutankhamen's tomb

1930's

- Economic Depression.
- Rural electric lines being installed.
- Electric lights installed in villages.
- Highway paving projects underway.
- First crossing of the Princess Helene Ferry.
- Rum running along the coast.
- Rum running in its heyday
- Dionne quintts born in Ontario
- Movie "King Kong" released starring Canadian Fay Wray
- WW II begins

1940's

- Digby home to WWII submarine base.
- CFB Cornwallis largest training base in the Commonwealth.
- Scallop Industry expands.
- Hog farming expands.
- Population decline in rural communities.
- Newfoundland enters confederation
- UN Formed
- U.S. planes drop atomic bombs on Hiroshima and Nagasaki
- Orson Welles' film Citizen Kane, premieres

1950's

- Bus service along the Digby Neck.
- Population in villages continue to decline. NORAD formed with USA
- National Ballet of Canada founded
- Bear River Power Plant built
- Korean War
- Smoking linked to lung cancer
- Sputnik launched
- Castro takes over power in Cuba
- Elizabeth II coronation - Queen of England

1960's

- Sissiboo Power Plant built.
- Kejimikujik Park established.
- Conners Brothers Fish Cannery Plant closes in Freeport.
- Fish Meal Plant opens in Mink Cove.
- Weymouth Industries closure.
- Bear River Village Fire.
- Canada celebrates 100th birthday
- Pierre Trudeau sworn in as Prime Minister
- Bay of Pigs invasion

Town Council Approves Electric Light Extension

In accordance with the motion of Councillor Shortliffe, passed at the regular monthly meeting of Digby Town Council a special meeting of the Council was held on Wednesday night to consider proposed improvements and extensions of the town electric light distribution service. Mayor Lynch presided and all Councillors excepting Wightman were present. Mr. Campbell, superintendent of the Power Board was also in attendance.

Before discussing electric light matters the Council considered a letter from the Department of Public Health, Halifax, drawing attention to requirement that the town supply a copy of their proposals for water service extensions to the Governor in Council. The Clerk was directed to get in touch with an engineer and plans will be made.

Councillor Turbull presented application of five residents on Digby Neck Road and non residents living beyond the Town limit, asking for water extension to the Town line, with permission for non residents to continue the pipe line at their own expense. The matter was deferred until a formal proposal is submitted. The cost of the extension would not cover sinking funds and operation in the opinion of councillors present.

Superintendent Campbell presented schedules of cost and estimated revenue for reconstructing the Racquette section of the distribution service, for extending a line across Victoria street, and for extending the lines to serve Bay View and the Point Prim Light. There was extended discussion of these. Councillors were opposed at first to any increase in capitalization for electric light service, but finally, after the whole matter had been thoroughly gone into, it was decided to call a ratepayers meeting to grant authority to borrow a sum of about \$15,000 for electric light purposes. The meeting will be held on April 23rd.

The proposed extensions will give service to residents at the back of the town link up the service two ways, to obviate breakdown and will place the Racquette section in the same standard as the rest of the system. Residents beyond the Pines Hotel will also be given service if the deal goes through.

It was pointed out to the Council that the improvements would be in the nature of preparation for better business. The extension to Bay View could be calculated on to pay its way, and the Point Prim Light would be a good customer. Municipal Councillor James Hillman, and Mr. H.H. Marshall, Chairman of the Power Board, addressed the Council, urging the development.

The Council adjourned at eleven o'clock.

Crooked Lawyers

An Associated Press dispatch, carrying a New York dateline, says that crooked lawyers are run smugglers' worst enemies. It gives Biff McCoy, former "king of run row" as authority. It quotes McCoy as saying: "A terrified run runner who has escaped from the Treasury department and revenue officers, or has got away whole skinned from the pirates, finds himself in the meshes of the lawyers with a fifty-to-one shot that he will lose his money, his ship and his liberty."

TALK OF THE TOWN

Miss Mary Marshall, teacher at Edge hill, will spend Easter in Boston.

Rev. Fr. L. L. Graham was a visitor to Digby on Tuesday.

Mrs. H. F. Williams returned on Saturday from a visit in Yarmouth.

Mrs. Reading of Truro is a guest of Mrs. Ralph Cummings.

Miss Nina Budd, who has spent the past three months in Saint John, has returned to her home at Sea Brook.

Mrs. Marvin H. White of Halifax is the guest of her grandparents, Mr. and Mrs. C. H. Holdsworth.

Miss Mabelle Holdsworth is spending the Easter holidays with her sister Mrs. C. F. Lewis, Saint John.

Miss Eva Haines left yesterday to spend Easter with her sister Mrs. Bacon at Victoria Beach.

Rev. W. R. Ramsay will preach in the Roxville Baptist Church on Sunday, April 8th at 3 p.m.

The Sewing Circle of the Ladies Hospital Aid will meet on Wednesday, April 11th at the home of Mrs. A. A. Shortliffe.

Mr. and Mrs. W. E. Farnham returned from Halifax on Saturday and have reopened their house in Montague Row.

Miss Phyllis Dakin is expected home from Halifax to spend the Easter-Holidays with her parents, Mr. and Mrs. Fritz Dakin.

Dakin Bros. display a new line of C.C.M. Bicycles is a centre of interest to small boys these days. Every youngster wants a bike.

Inspector Ira Cox was a visitor in Digby this week, arriving Wednesday. Rev. D. K. Grant, Chief Inspector, was expected to arrive on Wednesday also, but did not arrive until yesterday afternoon.

Cheaper than grain, better than grass. Feed Turnips, while they last at 10c a bushel. Order quickly from H. T. Warner. They will go like Hot Cross Buns at this price.

Wm. Hope of Detroit, who has been making his headquarters at the Waverley has been a patient at the Digby General Hospital for the past week, suffering from blood poisoning.

Miss Lavinia Wilson who has been ill for some time at the home of her sister, Mrs. F. L. Anderson, entered the Digby General Hospital on Tuesday to receive treatment.

Messages from Major and Mrs. Denton state they have reached Victoria after a most enjoyable voyage and are now on their homeward trip across the continent. They will visit Banff and other points of interest en route.

Miss Ruth Bishop who is attending Acadia University is expected home on Thursday to spend the Easter vacation with her parents, Rev. and Mrs. F. E. Bishop. Carl Bishop of Fredericton will also spend the holiday with his parents.

S. Aymar, District Deputy Grand Master of the Masonic Order, for this district, installed officers in Annapolis and Bridgetown lodges on Tuesday and Wednesday night. Mr. Aymar was accompanied by Mrs. Aymar.

The teaching staff of the Digby School have gone away for the Easter vacation. Principal Churchill will attend the School Union. Miss Moes and Miss Lawlor have gone to Yarmouth. Miss Curry to Wilmet. Miss Swallow to Torbrook, and Mrs. Waycott to Halifax.

Word was received on Wednesday of the death at his home at Jordan Mountain, Shelburne, of Mr. Herbie Holder, former chef at Kiley's Cafe. Many friends in Digby will regret that the disease which forced him to give up his position in Digby in order to make a fight for life, could not be overcome. In his youth Mr. Holder was injured in the spine. Development of this injury was the cause of death. He died on Sunday and the funeral was held on Wednesday.

SUMMER DRESS LENGTHS AT WRIGHT'S

Annual Meeting Ladies' Hospital Aid

A large number were present at the annual business meeting of the Ladies Hospital Aid held in the Court House on Wednesday, April 4th, at three o'clock. The yearly reports were a highly satisfactory effort, showing that the untiring efforts of the ladies have been well worth while.

Committees were formed to take charge of the work for the ensuing year and the election of officers resulted in reappointment for another term as follows:—

President—Mrs. E. DuVernet
1st Vice-Pres.—Mrs. H. F. Williams
2nd " " —Mrs. W. R. Dickie
Secretary—Mrs. H.M. Warner
Treasurer—Mrs. A. J. Dillon.

At the close of the meeting a vote of thanks was extended to the officers for their work during the past year and the hope expressed that their labors would be crowned with as great success in the year to come.

THIRD ANNUAL REPORT OF THE LADIES HOSPITAL AID FOR THE YEAR ENDING APRIL, 1928.

As we conclude the third year since the organization of the Ladies Hospital Aid and look back over our records, it is with a deep feeling of gratitude for the widespread support which has been responsible for our success. The past year has been one of progress along every line. Our membership has grown, our financial returns have increased, the general efficiency of our work has improved during the year. For all these things we extend our thanks to the town and community which have thus shown their appreciation of the work of the Hospital, by such splendid co-operation with our society.

The most outstanding proof of success is in the money we have earned the past year. An Entertainment Committee was formed at our last annual meeting with the object of raising funds by at least one form of entertainment per month. The net financial results,

The Spirit of Spring
Is Evident in Every Model of our Easter Footwear.

Pumps and Strap Slippers
In Patent and Kid, and the ever popular Skinner's Satin. They have Cuban and Spanish Heels.

Eylet Ties
In Patent Calf and Kid. These models have Cuban heels and rubber lifts, and contrasting ties add to the charm of the shades of brown.

For the Children we have Easter Footwear in Oxfords and Strap Slippers. And perhaps the best range of Men's Boots and Oxfords, we have ever shown.

A.J.DILLON
Dependable Footwear

together with the convenors for each month may be tabulated as follows:—		February "Jiggs Supper", Mrs. Titus	\$4.00
		March Collections, returns not yet in	
			\$371.25
		This sum is particularly encouraging when compared with the total of \$3012.18 taken in for the year 1926 showing an increase of \$699.26.	
		Previous to June of this past year, a very large percentage of our funds went directly into the Hospital Board Treasury. In June a motion was carried that all monies earned by the Ladies Aid be kept in our Treasury, to be paid over to the Hospital Board as required, thus giving us a record of our earnings. At our annual meeting last year we had a balance on hand of continued on page 8.

Not Like the Old Days

"The ingenuity of rum runners in Florida waters to defeat prohibition enforcement was disclosed to the prohibition bureau," says a Washington Associated Press dispatch, "when the bureau was advised that a rum-laden under-sea craft had been seized. It was described as a peculiar, cigar-shaped, motorless vessel that floated by an arrangement of air cells underneath the water on a towline from a speedboat. In case of pursuit the towline was disconnected, and when the surface boat was overhauled there was no liquor aboard. Later the rum runners would attempt to recover their submerged cargo."

When rum runners are compelled to resort to underwater craft to land their cargoes, it is an indication that their calling is becoming more and more precarious and that safe landings are becoming less frequent. Bootleggers and rum runners have also resorted to use of the airplane to carry their contraband across the border. Quite different from the old days when solid trains of beer cars were a familiar sight on our railroads! And yet some people pretend to believe that there is as much liquor being sold and drunk today as in those days of license.

Burglar Suspects Arrested and Landed in Digby Gaol

Two Trohon brothers were lodged in Digby gaol yesterday afternoon, charged with burglary. They were brought here by detective Currie, of the Attorney General's Dept., Halifax.

It is reported that at the time of their arrest they were in possession of a suitcase filled with merchandise.

On Sunday morning burglars broke into the store of H. B. Warner, Barton, getting a quantity of goods. Mr. Warner informed the Attorney General's Dept. and Detective Currie was sent to town.

At noon yesterday Constable Anson L. Warner, Plympton, picked up Charles Trohon at his home and Oscar Trohon at a camp in the woods.

A preliminary hearing will be held next Wednesday morning.

While operating a shingle machine at his home at Marshalltown on Wednesday afternoon Reuben Apt. lost four fingers of his right hand. His foot slipped on a slippery board and in recovering his balance Mr. Apt. allowed his hand to get into the saw. He was brought to Digby General Hospital where he is receiving treatment.

Easter--The Joyous Season

With the advent of Easter everything takes on a new appearance. Nature assumes new colorings and there is a general desire to make home and personal appearance correspond to them.

Ladies' New Spring Coats

Board of Trade Failed to Ask
for Tourist Grants

Examination of the estimates for the Town of Digby for the year 1928 will disclose that no provision has been made, as in past years, for contribution to the publicity and celebration funds of Digby Board of Trade. This is to be regretted, but no blame can be placed upon the Council for the omission. No application was made to the Council for any grant, and while Councillor Eldridge commented upon the usual custom while the estimates were being considered the opinion of the Council was that since the Board of Trade had made no application no grant should be considered.

At the annual meeting of the Board of Trade a resolution was passed that the Town Council be asked for a contribution of \$500 to cover Regatta Day expenses and the publication of tourist publicity. The committee to present the matter to the Council was not named, but it was generally understood that the officers of the Board would make an appearance.

The Town Estimates for 1928 have now been passed and the tax rate set. No application can now be made for a grant, and the Contingent Fund, which is generally provided to permit expenditures of this nature, has been done away with. Which means that Digby will have no Regatta Day, and no

tourist promotion work in 1928 unless the citizens of Digby make direct contributions to funds opened for this purpose. It is a situation to be deplored, the more so that this year is the most important year in the history of Digby from a tourist point of view, and should have been a year for concentrated effort to increase the tourist business.

That Closing Day

The Courier has been taken to task for not boosting the proposal to close the stores of Digby on an afternoon each week during the months of July and August. What business it is ours, is asked.

Just by way of giving the opinions of other people engaged in catering to the tourist trade we quote from articles in the Dry Good Review.

"Not only has the motor car tended to transform the buying habits of the public, but it is effecting the internal management of retail business in more ways than one. In many communities it has been the custom of closing on an afternoon each week during July and August—when the tourist business is at its height. Now the motor car is bringing thousands of tourist into the country and there is a definite agitation against the half day closing and many in the trade are looking for something to take its place.

A Guelph, Ont. merchant says: "Having in view the tremendous shopping factor of the motor car it is our opinion that stores should be open every day of the year except public holidays. Grocery stores are usually solid for the half holiday, but we must not overlook the fact that these stores commence business early and stay open late. Factories too, seem to favor the half holiday. But the interests of all should be considered, and what would suit one business might be very unfair to another line of business. It must be taken into consideration that staffs as a rule are allowed two weeks holidays in a

year, and at least one week is paid for, besides which they are compensated in part for lost time through illness.

Chapple & Son, Ottawa, close Saturday afternoons during July and August. It is the custom in Ottawa.

At Owen Sound the sales staff of one store favored the half holiday, the company was opposed. "In view of changing conditions and the amount of trade to be secured from motorists, stores should be open every day."

Mr. J. C. Mallette, of Windsor Gae, favored a shorter day. At his store the hours were from nine in the morning until five-thirty in the afternoon. The scheme has been given several years trial and had worked out well.

General merchants of Guelph, Ont., have petitioned the City Council to rescind the half day closing law. Their petition sets forth:

"Do you know that many retailers in Guelph are forced to close their stores half a day each week for eleven months of the year, while other retailers who carry competitive lines are not obliged to do so?

"Do you know that because other cities are closed for 3 1-2 months as compared to Guelph 11 months is rapidly losing ground as a shopping center?

"Do you believe that Guelph, as a city, is making such progress as to be able to close up the shopping center of the city and disregard business?

"Do you know that the American Tourist business of Guelph, while not large, is increasing?

These are some arguments advanced by business men in many cities of Canada. Is Digby to disregard the trend of business and say that we know it all?

"Short Haul Route" Finding
Favor in Eyes of
Parliamentarians

Mr. W. H. Farnham, M. P. P., returned on Saturday from Halifax, where he had been attending the sessions of the Provincial Parliament. The sessions prorogued on Friday.

Mr. Farnham spoke of the approval expressed by the Valley Members of the House of the St. John-Digby car ferry proposals advocated by the Courier as a means of developing the industrial and agricultural activity of Western Nova Scotia. The introduction of a resolution to invite the Canadian Pacific Railway to enter Nova Scotia with its steamer and rail services took the members to some extent unawares. Such a resolution was not expected as soon as it came, but the Valley members, R. T. Caldwell, George C. Nowlan, representing Kings County, quickly followed the lead set by Mr. Farnham and urged the House to suggest development of the Halifax to Digby—St. John section of the Dominion Atlantic Railway as being a better calculated to assist in the development of the Western part of the province and as a beginning to the extension of the D.A.R. system east of Halifax.

Mr. Caldwell, in his first address to the House this session, said that the people of the Valley took pride in the Dominion Atlantic Railway. He knew that all classes in Nova Scotia would join in extending an invitation to the Canadian Pacific Railway to increase its services in this province, and he took the position that the Dominion Atlantic Railway as a subsidiary of the Canadian Pacific already gave that system an entry into the Port of Halifax, and the operation of a car ferry between Digby and St. John would constitute a link in the Trans Canadian service and place the Dominion Atlantic Railway in a first class position as a section of the main service.

In conversation with the Courier after his arrival in Digby Mr. Farnham expressed the opinion that the double tracking of the Canadian National lines in Nova Scotia as a means of bringing the Canadian

Women Approaching
Middle Life
Find "Fruit-a-tives" of
Great Benefit

MRS. O. GODIN.
Paquetville, N.B.—"I am giving this testimonial, hoping it will benefit every woman suffering as I did at the change of life. I was obliged to go to bed, had terrible dizziness and felt extremely weak. 'Fruit-a-tives' were really a God-send to me. Now I am in perfect health."
—Mrs. Onesine Godin.
This stage of life takes heavy toll of woman's health unless stomach, kidneys and bowels are in first-class condition. "Fruit-a-tives," in a natural, gentle way, keeps the whole system toned up to withstand this trying experience. Made from the intensing juice of ripe, fresh fruit and health-building tonics. 25c and 50c a box at all druggists.

Pacific to Halifax was a scheme which would never be fulfilled. Although only the Valley Members had urged the development of the Halifax to Digby—St. John to Montreal route in the House, many had commented upon the proposals after adjournment and seemed impressed with the idea. The logic of opening up an alternative route for transcontinental traffic was so apparent that no objections could be made to it. The invitation of Parliament to the C.P.R. should be backed up by unanimous cooperation on the part of Valley towns to interest the Canadian Pacific in further investigating the feasibility of the car ferry proposals, and Digby should take a lead in seeing that public action along this line be taken.

Stomach Troubles
That Are Dangerous
CUT THIS OUT

Some forms of stomach trouble, if neglected, often lead to dangerous conditions—ulcers or cancers—then, a surgical operation is about the only hope. For this reason, even the most simple stomach ailments should be given prompt and careful attention. So, do not neglect acid stomach, sourness, gas or bloating! And don't waste time with unknown or unreliable treatments. At the very first signs of distress, go to any good drug store and obtain a few cents' worth of pure Bismarck Magnesia. This special Magnesia Compound is safe and pleasant to take—does not act as a laxative. Be sure and ask for BISMARCK Magnesia for stomach trouble only.

LESSON No. 16
Question: Why do growing children, particularly girls, need emulsified cod-liver oil?
Answer: Growing children, and particularly girls, need vitamin-rich nourishment to help them through critical stages of extreme tax on their strength.

Pleasantly flavored, easy to take, children like

TALK OF THE TOWN

Miss Helen Leeson, of Springhill, a student at Acadia University, is spending the Easter recess in Digby, a guest of Mrs. Frank Nichols, Queen street.

Miss Florence Wallis, daughter of Mr. and Mrs. J. J. Wallis, who is attending Provincial Normal College, Truro, is home for the Easter holidays.

LADIES SPRING COATS AT WRIGHT'S

Mr. and Mrs. Roy Sypher, who have made their headquarters at the Waverly during the winter are reopening their summer home at Sandy Cove.

Harold Nichols, Acadia, and Seymour Denton, also of Acadia University, are home for the Easter vacation. Mr. Denton is guest of Mr. Nichols at the home of his parents, Mr. and Mrs. Frank Nichols.

If you hurry you may still get a bloom from Connell's supply of Easter flowers. A fresh bloom on the breakfast table Easter morning is a fitting way to welcome Spring, and will brighten up the whole room. And if you are wise, you will get several, one for each room in the house.

MISSIES SPRING HATS AT WRIGHT'S

Of all the items in your daily diet which is the one you would find it hardest to do without? Most people will answer TEA. Life would not be the same to a lot of people in Nova Scotia if they had to start the day without their morning cup of MORSE'S TEA. How thankful we should be that this beverage was discovered and also that we are sure of getting the best quality of tea when we buy MORSE'S.

Preparations are being made for the annual Spring Bridge and Pantry Sale of the Victorian Order of Nurses. It will be held this year, as last, at the home of Mr. and Mrs. Lindsay Kirkpatrick, Hawthorn Villa, Queen street, on Saturday April 14. In addition to Afternoon Tea and Bridge, there will be held a sale of Pantry products, contributed by the finest cooks in Digby. Mrs. Kirkpatrick and Mrs. Geo. Turnbull are convener in charge of the affair.

SPECIAL SILK VESTS 79c. AT WRIGHT'S.

Outdoor taste is well catered to in the April issue of Rod and Gun and Canadian Silver Fox News which is just published. The latest issue of this sporting magazine contains an interesting collection of stories of hunting, fishing and camping as well as many useful and informative articles concerning the various phases of outdoor life. Helpful articles on the special subjects are included in Fishing Notes, edited by G. P. Sladen; Guns and Ammunition, edited by C. S. Landis, and Kennel, edited by C. G. Hopton and L. E. L. Taylor. The Canadian Silver Fox News section also contains useful articles both in English and French on the latest developments of the industry and the care and management of foxes.

Rod and Gun and Canadian Silver Fox News is published monthly by W. J. Taylor Limited, Woodstock, Ont.

The Route to Toronto, Detroit and Chicago

Toronto, Detroit and Chicago typify the phenomenal growth of New World cities. Not so many years ago they were trading posts in the wilderness; today they are trading posts on a far larger scale, ranking with the great cities of the World.

As trading centres they are visited frequently by business men who find convenient and fast means of travel there to via the train services of the Canadian National Railways.

The International Limited leaves Montreal daily at 10.00 a.m., arriving Toronto at 5.40 p.m., Chicago 7.50 the following morning. This is a standard high class, all steel, train carrying a library-observation car, radio equipped. Another convenient and fast service is via The Inter-City Limited—The Maple Leaf, leaving Montreal at 12.30 p.m. daily except Sunday, arriving Toronto at 9.30 p.m., Chicago 9.10 the next morning. Connections with both services from the Maritime Provinces is via the Ocean Limited.

For reservations, fares, etc., apply to any Canadian National Ticket Agent, or write or wire F. W. Robertson, General Passenger Agent, Moncton, N. B.

Easter Music at Trinity Church

The following music will be sung at Trinity Church on Easter Day at the 11 and 7 services.

Rev. C. S. Mason D.D. of Wolfville, spoke in the Baptist church Sunday afternoon. While here he was the guest of Mr. and Mrs. F. C. Raymond.

New Tusket

Harvey Mullen spent the week end in Yarmouth with his father, Levi Mullen who is in the Yarmouth Hospital. Mr. Mullen is improving.

Laurie Thompson of Bear River spent the week end at the home of Mr. and Mrs. C. F. Sabean.

A surprise party was held at the home of Mr. and Mrs. C. Hudson on Tuesday evening for their daughter Leota. They are all leaving for the United States soon, so the young people decided to meet with Miss Leota once more. She was presented with a Mission Band Life member Certificate.

The evening was spent in games. Refreshments of candy and cake were served by the young ladies present. All reported a good time.

Word has been received from Miss Beattie Mullen who is attending Normal College, Truro, that she is ill with measles. We wish her a speedy recovery.

At Miss Chisholm's for Easter, the newest style in veils, also a good line of trimmed Millinery.

Patrol Boat G. Has New Owner

The Patrol Boat G., used in the government fisheries service has been bought by H. B. Syda, who intends fitting her up as a scallop dragger.

Visiting Yarmouth

Mr. Fred May was a visitor in Yarmouth on Tuesday, keeping an appointment with a traveller for a novelty supply house.

Sweat Shop Girl Madge Bellamy's Latest Star Role

Madge Bellamy, who scored a tremendous hit in "Sandy" and "Summer Bachelors" will be shown at the Bijou Dream Theatre tomorrow night in "Bertha, the Sewing Machine Girl".

In this Irving Cummings production Miss Bellamy is said to have found one role precisely suited to her personality.

It is an intensely human story of a girl who finds love and happiness in a great metropolis after a long and perilous struggle.

Bertha, finding herself in a sweatshop with two girl companions, decides to improve her condition by seeking a finer outlet for her talents.

She knows she can draw well, for there is an artistic strain in her make-up; and she yearns for an opportunity to prove what she can do.

This opportunity comes when a position is offered Bertha in the offices and display rooms of the Diana Lingerie Company.

With the opportunity, however, there appears the ugly suggestion of night life and forced gaiety.

Bertha, a common sense girl, is tempted again and again but, through the help and guidance of Roy Davis, whom she accepts at his face value—as a shipping clerk—she triumphs over the man who seeks her company and finally aids Roy in sending this man to prison on charges of criminal conspiracy.

She then discovers that Roy is not a clerk, but is the son of the owner of the company.

Annual Meeting Digby Golf Company Held on Monday

Of twenty-seven shareholders of the Digby Golf Club resident in Digby only twelve members attended the annual meeting held in the Town Hall on Monday night. President Mayor Lynch presided.

Present were: Mr. Lynch, C. J. Eldridge, Fritz Dakin, Fred Mc Bride, O. C. Jones, A. Boden, W. W. Hayden, R. H. Lockward, P. Nicholls, P. Vates, R. Mills, W. P. McHugh.

The president regretted the small attendance. Indifference to the success of the club and of its value as a drawing card for tourists seemed apparent, but he felt that it was a serious mistake to be so indifferent to so important a matter. Indications of a larger number of tourists than ever before were seen for the coming summer and the only means of entertainment which was properly equipped for their pleasure. A greater increase would be expected in 1929 and this year was an important year for Digby and the Club.

The Club and the town had lost a valued citizen and member in the departure of Dr. W. F. Read, who for many years was secretary of the club. His departure had faced the directors with the necessity of securing a successor and the directors desired that their appreciation be spread on the minutes of the assistance which Mr. Boden and Mr. Lockward had given in assuming the duties of secretary and treasurer.

In spite of continual wet weather during the season the course had been greatly improved, but some arrangement must be made to relieve the secretary and officers of the task of directing the works.

The annual reports read by Mr. Boden and Mr. Lockward showed an increase in the number of visitors. Dues and fees for the year amounted to \$2341.50, with other revenue to bring the total to \$2693.24. Of this amount \$300 was an advance from the Royal Bank. Total disbursements were \$2283.11 leaving a balance to credit of \$410.13. Five hundred and thirty-seven visitors registered at the club during the season, an increase of seventy-five over the previous year. Of these the majority were single day registrations, but the system of registration prevented duplication of names.

Election of directors to fill the places of retiring members resulted in the reelection of Mr. Lynch and Mr. W. E. Tupper and the addition to the Board of Mr. C. J. Eldridge and Mr. F. Dakin.

Resolutions of appreciation were passed thanking Mr. Boden and Mr. Lockward for the excellent reports and for having filled the breach at the time of Dr. Read's withdrawal.

Immediately after adjournment of the shareholders meeting an organization meeting of directors was called. Mr. Lynch was reelected President, Mr. Nicholls was reelected Vice President, Mr. Dakin assumed the duties of Secretary and Mr. Lockward continues as Treasurer.

Mr. O. C. Jones was requested to secure the services of a Manager Pro, he to look after maintaining the greens and generally supervise the operation of the club, to relieve the directors of detail supervision.

The Greens Committee is as follows: Mr. McBride, Mr. Lockward, Mr. Lynch, Mr. Boden.

The First Tourist of The Season

One swallow does not make a summer, and one tourist does not make the season, but the first tourist party of 1928 arrived in Digby on Tuesday, Mr. and Mrs. F. J. Rogers, of New York. They arrived in Yarmouth by steamer and motored here. Registering at the Waverly they stayed until Wednesday's boat to St. John.

The monthly meeting of the V. O. N. will be held on Tuesday afternoon next at 3 o'clock in the afternoon.

Warts.

Daily application of Minard's will dry up warts. Also excellent for callouses, corns and bunions.

Captain Morrell Has Sold the Schooner Alpaca To States

Captain George Morrell was a visitor in Yarmouth on Tuesday completing the transfer of the auxiliary schooner Alpaca to United States owners. The Alpaca will sail this week, under command of Captain Donovan and will engage in trade between the islands of the Caribbean Sea.

The Alpaca was built at Shelburne last fall and is one of the finest fitted up sailing vessels launched in some years. She carried large auxiliary crude oil engines.

The sale of this vessel disposes of the last of Captain Morrell's fleet, and he is already arranging for the construction of a new hundred footer, with auxiliary engine, as a coaster.

Five Days Horse Racing at Halifax in August

A five day horse racing program with purses aggregating close to \$3,000 will be one on the feature attractions offered by Nova Scotia's re-established Provincial Exhibition when it opens its doors to the public late in August for the first time since the plant was demolished by the explosion in 1917.

Details of the racing program were settled Tuesday by the Speed Committee of the Exhibition Commission. Members of the Commission in Halifax to transact routine business in connection with the opening, visited the grounds Tuesday and made a thorough inspection of the new plant. There the Speed Committee with the assistance of D. R. Nicholson, of Coxheath, Cape Breton, and Spurgeon Gammon, of New Glasgow, two of the Province's best known horsemen, the racing programme was mapped out.

Many other details in connection with the opening were discussed at a meeting.

Captain B. Melanson and Captain Gilbert Melanson, of Gilberts Cove were visitors in Digby on Tuesday.

Dr. E. DuVernet and Mrs. DuVernet left on Tuesday for Watertown, Mass. They will be away from Digby until May First. While away Dr. DuVernet will study the latest advancements in surgery at Boston Hospitals. Dr. DuVernet's office will be closed during his absence.

Miss Ethel Snow returned home Tuesday after spending the winter with her sister in Belmont, Mass.

Mrs. Carrie Raymond, who has been visiting her daughter in Rosindale, Mass. returned home Tuesday accompanied by her son, Ernest Raymond, of Centerville.

Don't let the Joker give you the Merry Ha-Ha!

LOOK out for the joker in the cheap paint can.

Cheap paint cost less per gallon than Sherwin-Williams House Paint. But it takes a whole lot more of the cheap stuff to cover the surface. And it lasts about half as long as SWP.

You'll save money by selecting SWP for the job. You'll get greater coverage. You'll get finer appearance. And you'll get a real long-lived job that will outlast the "cheap" finish by several years.

Look at the little diagram shown here. See the "joker" in the cheap paint proposition. Steer clear of that low price per gallon "appearance." Bring your paint problem to us. We carry SWP and will show you how this finest of all House Paints saves you money over the counter and on the job.

OBITUARY

WILLIAM VROOM

Mr. Wm. Vroom one of the landmarks of Deep Brook passed away at his home here on Sunday evening, April 1st, aged 76 years, after an illness of six months. In October he went to the V.G. Hospital in Halifax for treatment, but it was found that nothing could be done. Since then he kept getting gradually weaker till his death. Mr. Vroom was one of St. Matthews congregation, an honorary member of the Orange Lodge, a good citizen and a true neighbour.

A largely attended funeral service was held at St. Matthews church on Tuesday afternoon conducted by the rector Rev. A.W.L. Smith.

He leaves to mourn their loss, his widow, Theresa Gregg Vroom, a sister, Mrs. Dunbrack, of Meaghe's Grant, Halifax Co., and one brother, Mr. George Vroom, of Deep Brook.

The underbearers were George Dittmars, J.R. Berry, Frank Dittmars and Carl Nichols. Interment took place in St. Edwards Cemetery at Clementsport.

Richard Talmadge in Fine Picture

When a young man overhears some plans concerning a mysterious future being made for him, very naturally delightful and exciting consequences follow. This is exactly the situation in Richard Talmadge's newest picture for F.B.O. called "The Merry Cavalier" which will be shown at the Bijou Dream Tuesday. The picture abounds in action, intrigue and humor, and is graced with a beautiful romance. There are also some new Talmadge stunts which are not only breath taking, but absolutely different from any

'40'—The Danger Age For Most Men

Much Ill Health of Later Years Due to Neglect of Conditions First Noticed in Middle Life.

With middle age ailments attacking over two-thirds of those past 40, it is true every man who notices such distressing symptoms as Lameness, Pains in back and down through groins, scanty but frequent and burning Urination, "Getting Up-Nights," Nervous Irritability and Lack of Force—should at once be the conscious value of Dr. Southworth's URATABS.

While new to many, the truly remarkable value of URATABS has been proven by many years of successful reports from Doctors and Users alike offering convincing evidence: "I never found anything to help my case until I tried URATABS." "URATABS are the best thing for Bladder Weakness and Irritation I have ever tried." "No more backaches no more pain no more daily embarrassment or "Getting-up-nights" I now sleep soundly and get up in the morning full of pep—thanks to URATABS!" This is amazing evidence!

No matter how long you have been troubled or how stubborn your case may seem to be, a ten-day test of Dr. Southworth's URATABS offers comfort and relief—and you can make the test without risk of cost, for any good druggist will supply you a guarantee of money back if not satisfied. Try URATABS today!

thing that has previously been seen on the screen. The story and continuity were written by Grover Jones, and the production was made under the direction of Noel Mason. The cast includes Charlotte Steves, William H. Tooker, Joseph Harrington, B. O'Farrell and Jack Richardson.

Cream of Tomato Soup

2-1/2 cups canned or fresh tomatoes
1-2 small onion, sliced
stalk celery, minced
1 tablespoon minced parsley
1-2 bay leaf
2 whole cloves
1 teaspoon salt
1-8 teaspoon pepper
1 teaspoon sugar
1-4 teaspoon soda
2 tablespoons butter
2 tablespoons oil
1-4 cups Borden's St. Charles Milk
1-2 cups water

Add seasoning to tomatoes and simmer fifteen minutes, strain.

Melt butter in saucepan, stir in flour, Dilute milk with water, pour slowly into butter and flour, stirring until it thickens. Continue to cook five minutes. Just before serving, add soda to tomatoes to white sauce, stirring constantly, serve immediately.

Do A Good Turn Every Day

Three visitors attended at Friday night's meeting of the Boy Scouts. Dr. Dickie, who has been training the boys in First Aid, put them through their tests at the meeting and eleven were awarded proficiency badges.

The essay on the Buffalo was won by Edgar Williams, of Wolf Patrol. The Squirrel is the animal chosen for subject of the next essay.

At the Court of Honor held after the regular meeting it was decided to hold a social on April 25th.

Twenty five Scouts turned out to the monthly church parade on Sunday. They attended the Baptist church, where Rev. F.E. Bishop preached a sermon especially for the boys. After church they dispersed to their various Sunday schools.

Felt More Like Work After Taking Them

Says Ontario Lady After Using Dodd's Kidney Pills

Mrs. C. Shank Suffered With Backache and Tired Feeling

South Cayuga, Ont. April 2 (Special)

"I had not started taking Dodd's Kidney Pills I am sure I should have had to stay in bed," writes Mrs. C. Shank, a well known resident of this place. "I had no life in me and did not care whether I worked or not. I am always very busy having three young children. I would get so tired and would not know how to keep going. After taking Dodd's Kidney Pills I felt more like work. I have great faith in them and always keep them on hand. I can recommend Dodd's Kidney Pills for backache. I know what they have done for me."

Winter is the season of ill health. Your resistance is lowered through continual cold, chill winds, snow and rain. Unless you keep your vitality up to "concert pitch" you will surely fall on easy victim to Rheumatism, Colds, Grippe or General Debility. Take Dodd's Kidney Pills and safe guard your stamina.

Plan Campaign of Education

Approximately \$750,000 of a \$1,000,000 five-year fund to educate the public toward prohibition was pledged at a banquet concluding the convention of the Anti-Saloon League here, says a Washington despatch. Sebastian S. Kreege of Detroit, promised \$500,000, payable when an equal amount shall have been raised by the league. Offered by the diners, he told them he would use his influence in trying to raise the other \$500,000 among business men of the country.

The pledges followed an announcement by Dr. Ernest H. Cherrington that during the next five years a fund of \$10,000,000 will be sought by the league of education and publicity. The need for the first year's program of education is \$1,000,000. The Kreege pledge was followed by a pledge for \$50,000 by W. H. Cochran of Baltimore. An anonymous pledge for \$60,000 was vouched for by the Rev. Howard H. Russell of Westerville, O., founder of the league. F. M. Jackson of Birmingham, Ala., and Daniel C. Roper, former commissioner of internal revenue, pledged \$500 each. Additional sums of \$5000 and \$1,000 were offered by others present.

Dr. Cherrington, head of the newly created Department of Education, Publicity and Research, who will direct the expenditure of the \$10,000,000 fund, believes "Prohibition will not be settled by the next general election but by the next generation." He holds education is more important than enforcement. Prohibition, according to him, is not an end but a means to an end. Suppression of alcoholism is the end in view. Teaching of the truth as to the effects of alcoholism is the vital duty of all temperance organizations he believes.

"Industrial, social, moral and economic results of prohibition will establish it firmly," Dr. Cherrington says. "The law might be changed and even the entire Constitution might be changed and would be changed if public opinion so decreed it. Both by education and political activities public sentiment should and will be held to keep prohibition and to extend it to all other countries. The liquor traffic cannot exist in this day of electricity, airships and radio. It belongs to a lower and slower civilization."

"Strictest enforcement will not guarantee the permanency of prohibition; that can come only through observance of the law by the people because of their belief in and devotion to the principle which the law is intended to express. The most important function of organized movements against alcoholism is not direct action in legislation, enforcement and the realm of politics. It is rather indirect action by the dissemination of truth and the creation and organization of public sentiment."

Dr. Cherrington has not yet formulated a definite program. A plan of education for prohibition in the public schools was laid before the executive committee of the League by Richard J. Hopkins judge of the Supreme Court of Kansas, but no action was taken on it.

The plan proposed by Judge Hopkins is based on the view "that the best road to world-wide prohibition of the beverage liquor traffic is through the schools and colleges. The school teacher must be brought face to face with the fact that no moral effort in history compares with prohibition."

Dreams of Visiting Old World Countries Come True.

Upper left—Old Westminster Abbey, London Eng. Upper right—The Arch of Titus in Rome. Lower left—Along the waterfront of Venice, Panchia. Lower right—Fishing under the Bridge of Rialto in Venice, Italy. Centre right—The G.P.S. Express in France.

Travelling in Europe for about ten dollars a day, putting overseas travel on a par with a normal holiday at home, is made possible for the American tourist by the happy combination of Tourist Third Cabin Class on the magnificent Atlantic fleet of the Canadian Pacific Steamships and the tours arranged in the old world by the Arts Crafts Guild of Chicago. It is shown by the figures released by these companies. The creation of this new class of ocean travel on Canadian Pacific vessels has made travel possible for many thousands who have been unable to consider fulfilling their hopes, and during the past few years economy effected by this class of ocean passage makes a comprehensive European tour possible for every traveller, who during the Atlantic voyage enjoys surroundings and comforts equal to those until recently associated only with first class accommodation. State rooms are above the water line, each with hot and cold running water, and the public rooms—card rooms, drawing rooms, smoking rooms, dining saloons, are commodious and tastefully furnished. Orchestras are carried for special entertainments and dancing. These take place on the broad promenade decks or within doors.

Itineraries ranging from thirty-two to seventy-three days in extent, including the ocean passage, are possible for the traveller under the Continental Collegiate Tours organized by the Arts Crafts Guild of Chicago. The charm of these tours is realized right from the start, for during the thousand mile journey down the mighty St. Lawrence and through the Gulf the boats pass scenery rivaling that of any river trip in the old world for beauty and picturesque.

Once overseas there is nothing of importance or interest missed by the tours of the Guild. In England they include the Shakespeare country and London; in the "Low Countries," the best of Belgium and Holland; in Germany, the Rhine and her great centres; in France, Paris—of course—and the lovely Riviera with Monte Carlo in its midst; in Switzerland, the Alps; to the south the cities of sunny Italy and romantic Spain; and to the north, in the "Land of the Midnight Sun," Norway and Sweden. Everything in fact that the traveller is anxious to see may be visited on these tours.

We meet all Mail Order Competition

BEAR RIVER TRADING CO., LTD.

Bear River, April 2, 1928

SCOUT NOTES

Saturdays hike took the Troop to Langley's Maple Woods and they were well repaid both inwardly and outwardly for the trip. All the operations in sugar making were followed. The trees were first visited and thirst quenched with new sap. Then they returned to the evaporator house and saw the sap being turned into syrup and finally the sap being boiled down to sugar. And best of all came the treat as the newly made cakes of sugar were handed around. The Troop then thanked the Langleys as emphatically as they could for their hospitality and generosity. An invitation from Mr. Langley to come prepared next time to make "flap-jacks" and have them doctor-ed up with maple syrup was very cordially received by the boys.

At Thursdays meeting a further talk on Forestry was given by Mr. W.G. Clarke and at the close of his talk Mr. Clarke offered a prize of a dollar to the one who could name the biggest list of things made from our native woods. Paper and pencils were then put to use and ten minutes allowed for the test. Boyd Gehue led by naming fifty seven articles and received the prize.

Since last meeting the following have qualified as Second Class Scouts, Chester Isles, Leland Oickle and Allan Harris;

In the Patrol Competition the Peewits pulled up strongly and the points stood at 726 for the Beavers and 720 for the Peewits.

An organization meeting was held for the Wolf Cubs during the week and Mr. L.V. Harris late Cubmaster of the Bear River Pack attended and demonstrated Cub work with the boys and had them giving the "Grand Howl" in a very creditable

OPERATION LEFT HER VERY WEAK

Letter Tells of Wonderful Relief After Taking Lydia E. Pinkham's Vegetable Compound

Coniston, Ontario.—"After a severe operation and a three weeks' stay in a hospital I returned home so weak that I was unable to move a chair. For four months I was almost frantic with pains and suffering until I thought sure there could not be any help for me. I had very severe pains in my left side and suffered agony every month. One day when I was not able to get up my mother begged me to try my medicine. My husband got me a bottle of Vegetable Compound at once and I took it. I started a second bottle, and to my surprise and joy the pains in my side left me completely and I am able to do all my work without help. I am a farmer's wife, so you see I can't be idle long. In all, I have taken six bottles of Lydia E. Pinkham's Vegetable Compound, five boxes of the Compound Tablets, two bottles of Lydia E. Pinkham's Blood Medicine, and have also used the Sanative Wash."—Mrs. L. LAFRANCE, Bear River, Coniston, Ontario.

Local and Personal

Mrs. John Roope went to Digby on Tuesday.

A surprise party was given to Miss Annie Annis at the Commercial House on Monday evening, the occasion being her birthday.

Bernie Purdy 1st prize
Walter Claybourne 2nd
Nellie Nichols 3rd prize
Clayton Long 4th prize

Royal York Fast Reaching Skyward

Upper—Rapidly towering skyward to obtain the title of the tallest building in the British Empire. Lower Right—How the Royal York Hotel will look when completed. Photographed from a scale model. Lower Left—Showing the thickness of the heavy iron girders, said to be the heaviest used in Canada.

Work on the Royal York, the new Canadian Pacific Hotel being erected at Toronto is at least ten days ahead of its schedule. It was only in September that the razing of the old Queen's Hotel and the other buildings on the property began, and a battery of steam shovels were turned in on the task of taking out the excavation. The latter was no small job. The area of the hole required was about 340 yards by about 194 and its depth averaged somewhere between 23 and 24 feet while the soil excavated amounted to over 50,000 cubic yards. There is now every hope that the building will be completed by May 1st, 1929. It will rise 395 feet above the sidewalk, thus being the tallest building in the British Empire, that title now being held by the Royal Bank of Montreal which towers 392 feet above the street. The furnishing and equipment of the hotel will set a new standard, and a small army of designers are busy preparing plans for the decorations and furnishings. The tunnel entrance to the hotel from the Union Station will open on the floor immediately under the concourse and will be opposite the passage-way through which arriving travellers leave the trains.

It will pass under Front Street to the south-east corner of the hotel entrance the building on what might be termed the ground floor, although its floor level is slightly below that of the street. The main feature of this floor will be a large exhibition arcade which will be one of the outstanding features of the hotel. Here will also be a coffee room, grill and barber-shop, and around the sides will be a number of shops each with a display window on the street. In the south-east corner will be a bank, and the remainder of the space will be taken up with store-rooms and service equipment. The main, or lobby floor will have the main entrance of the hotel on Front Street, and another entrance on the east side. In the centre of this floor will be a large lobby containing the hotel offices and ten passenger elevators. To the right will be writing rooms, cafe and news stand, and to the left a large lounge opening on to the main dining room which will extend pretty well the entire length of the hotel's frontage on York Street. This room, like the lounge and lobby will be two stories in height with the galleries of the dining room floor above.

THE MODERN SPIRIT

in a Low Priced Car

THE most recent trend of automobile design is strikingly exemplified in the "Bigger and Better" Chevrolet. The high, narrow radiator... of the long, low bodies... the stylish blending of the line colors in finish and upholstery... these distinguish Chevrolet as unmistakably new and fashionable. In power, in speed and snap, the "Bigger and Better" Chevrolet is no less modern and vigorous. Countless refinements in engine and chassis give Chevrolet a performance as dependable as it is brilliant. The "Bigger and Better" Chevrolet, alone among low-priced cars, has truly caught the modern spirit.

The G.M.A.C. General Motors' own deferred payment plan affords the most convenient and economical way of buying your Chevrolet on time.

Standard of Size and Quality for Dry and Salted Cod and Such Like Fish

continued from last week

Standard of dryness.

The standard of dryness for both shore and Bank fish shall be such as is generally recognized in the trade as suitable for export.

Standard of size and quality for pickle cured, green salted shore fish for the boneless fish trade.

Standard of size.

Extra large, 26 inches and up in length.

Large, 22 inches to under 26 inches.

Medium, 16 inches to under 22 inches.

Small, 12 inches to under 16 inches.

Snappers, under 12 inches.

Standard of quality.

Extra-Whitened No. 1 shall consist of fish that are:—

- 1 Sweet and sound.
- 2 Of whiteness
- 3 Bled or of the same whiteness as if the fish had been bled.
- 4 Of even and clean surface and of fair thickness.
- 5 Free of blood spots or other

discoloration.

- 6 Perfectly split.
- 7 Thoroughly salted.

Whitened No. 1 shall consist of Extra-Whitened No. 1 fish that have slight imperfections.

Whitened No. 2 shall consist of whitened fish not fit to be classed as Extra No. 1 or No. 1, but free of broken, rough, sour or tainted fish and skins.

Blacknaped Fish shall be of the same standards as the foregoing except that they shall not be whitened.

Standard size for kench cured fish sold for drying purposes

Cod, Cusk, Hake—

Extra Large, 27 inches and up in length.

Large, 23 inches and under 27 inches in length.

Medium, 19 inches and under 23 inches in length.

Small, 13 inches and under 19 inches in length.

Snappers, under 13 inches.

Haddock—

Large, 14 inches and up in length.

Small, under 14 inches.

Pollock—

Large, 16 inches and up in length.

Small, under 16 inches.

The standard of quality for pickle cured and Kench Salted Green Cod, etc., sold for drying purposes shall be the same as for cod, etc., pickle cured for the boneless trade, except that it need not be so heavily salted.

Further, in order to provide such inspection as may be required in connection with the establishment of the foregoing standards, His Excellency the Governor General in Council is pleased to make the following regulations and they are hereby made and added to the aforesaid regulations:—

83. In the event of a fisherman or other producer or a buyer or dealer having agreed to sell or buy fish in accordance with the standards set forth in the preceding section, either of such shall have the privilege of requesting the services of a duly appointed inspecting officer to inspect such fish and decide whether the fish are in accordance with the various standards herein established, and with the contract so made between the seller and buyer at the place of delivery, or such other convenient place as may be agreed on by the seller, buyer and inspecting officer.

84. The inspecting officer when called to inspect such fish shall, with the help of the seller or buyer or their employees, conduct the inspection in such a manner and by such method as will entirely satisfy him as to the size, grade and quality, and shall on completing the inspection give both the seller and buyer a written report of the inspection.

It will be seen by section 83 of the foregoing that inspection of such fish as are named therein is not compulsory. The purpose is simply to provide a means of guarding alike the interests of the fisherman and the dealer, when the former agrees to sell and the latter to buy dry or green salted fish in accordance with any of the established standards, at a price conditional upon the fish at the time of delivery being such as the standard agreed upon requires. Both seller and buyer, therefore, have an equal opportunity, when the occasion may call for such to directly request the nearest fish inspection officer to inspect the fish in question free of charge, and decide as to whether or not they are up to the standard agreed on.

The Department, in placing this means at the disposal of the trade as a step in the direction of improving these products, hopes that it will be taken advantage of to such an extent by both fishermen and dealers as to render anything in the nature of compulsory inspection unnecessary. Any further information that may be desired by anyone will be gladly given on application for such to the Department.

Ottawa, January 12, 1928.

Dodge Introduces the Standard Six

Toronto, Ont., March 29. After over two years of intensive development work, Dodge Brothers (Canada) Limited, announces the Standard Six line of passenger cars, priced from \$1160 to \$1385 and superior in speed and acceleration to any cars selling at or near their price, in these new cars, it is claimed, exceptional riding comfort, economical performance and ability to travel at sustained high speeds have been combined with the sturdiness and dependability for which Dodge Brothers motor cars have always been so well known.

The new cars will be on display through out Canada on April 14th. The factory is now building the Standard Six in three body types, the coupe, sedan and deluxe sedan, finished in a number of different attractive color combinations.

The Canadian West

The immense possibilities for development in Canada are strike emphasized by the rich prairie lands of the great Canadian West awaiting the settler. It is comparable to a mighty ocean, being about one thousand miles across its extent. This vast area is a tremendous storehouse of national wealth and has as yet been scarcely tapped. To see these prairie lands of the great Canadian West is an education in itself and a sure cure for national pessimism. Beyond the prairies lie the foothills of the Canadian Rockies which rise gradually until they culminate in snow clad peaks forming the Great Divide.

A trip across Canada is a delightful experience as well as an education and the experience is further enhanced by a stay at Jasper Park Lodge, located in Jasper National Park, in the heart of the Canadian Rockies. Here one can really get to know Canadian Rockies, and enjoy their beauty and majesty. Jasper Park Lodge is a well known mountain resort, owned and operated by the Canadian National Railways, with a World famous golf course. Jasper Park Lodge is the start of a point of a tour, The Triangle Tour, which embraces practically every type of mountain scenery to be met with in the Canadian Rockies, and covers the Nor'west scenery of the coast line of British Columbia. From Jasper Park Lodge the tour extends to Vancouver by rail, thence by Canadian National steamship to Prince Rupert and back to Jasper Park Lodge. An off-shoot of this tour is to Alaska, the land of the Midnight Sun.

The trip across Canada is made easy of accomplishment via the lines of the Canadian National Railways. All transcontinental tickets are good to stop-off at Jasper Park Lodge. The Continental Limited, a high class, standard all steel train, with radio equipped compartment library observation buffet car, leaves Montreal daily at 10.15 p.m. for points in the Canadian West and Vancouver and Victoria.

Illustrated booklets describing the country traversed by The Continental Limited, also the Canadian Rockies, The Triangle Tour, and Alaska may be had on application to any Canadian National Railways Agent or from the General Passenger Department, Moncton, N. B.

SUMMER DRESS LENGTHS AT WRIGHT'S

Being kept in with a cold is no joke

THERE are two other people who don't think it's so funny either. His mother who has to stay home with him and take

The worst part of it is, he's one of maybe half a million children who are right now staying indoors for the very same reason. And a whole lot of them could avoid most of these colds if only their resistance was built up ahead of time. If your children seem to "catch everything that goes around", try giving them Nujol.

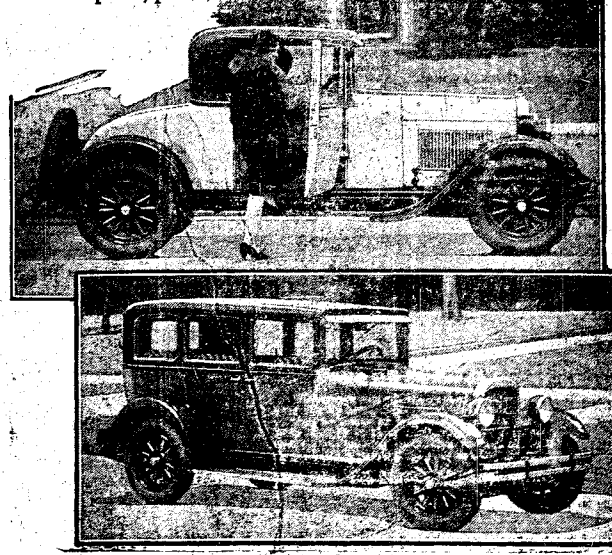

For Nujol not only prevents any excess of the body poisons (we all have them) from forming, but also aids in their removal. It certainly would do no harm anyway, to try Nujol, would it?

Try Nujol for, say the next three months. Then compare their report cards with those they had last year. See how the absences from school have dropped—how the school marks have jumped. Nujol was perfected by the Nujol Laboratories of the Standard Oil Co. (New Jersey).

See for yourself if Nujol doesn't help build up healthy resistance to colds and resulting ills—asthmas and so forth—mothers have discovered. Keep a bottle of Nujol handy and give it to them regularly. Contains absolutely no drugs or medicine. Be sure you get the genuine.

care of a cross and disappointed young son. And his teacher who has to help him catch up with the lessons he is going to miss.

Whisky By Slot Machine

A London news story appearing in the Cleveland Plain Dealer says that some daring distillers in England are seriously considering a novel method to defeat the law which restricts the hours of sale of whisky in public houses. The plan is to dispense whisky by slot machine. They get their tip from cigarette dealers who by law are not permitted to sell cigarettes after eight o'clock at night. Certain storekeepers, however, discovered that although their stores could not be kept open for the sale of cigarettes after eight o'clock, there was apparently no law to prevent them from installing an automatic machine outside, and allowing would-be purchasers to obtain all the cartons they needed by just dropping a coin in the slot. The government fought against the innovation, but the courts declared it legal, and now every cigar store has its machine outside after 8.00 p. m. Hence the saloonkeepers are now asking themselves why they should not do the same thing on precisely similar ground.

It was this tendency on the part of liquor dealers to defeat and violate every regulation governing the manufacture and sale of liquor that hastened prohibition in the United States. Evidently the saloon-keepers and distillers of England are of the same stripe as our own who were outlawed by the Eighteenth Amendment. They consider valid no law which interferes with their business, and no law interfering with their business will be respected by them if there is any way for them to evade it.

Where the Malt Goes

According to Michael J. Donnelly, counsel for the National Malt Syrup Manufacturers Association, the American home brewer is now the smallest source of income to the malt manufacturers. The statement was made before a meeting of the manufacturers association recently held in the Hotel Sherman, Chicago. Mr. Donnelly said, "So many new uses for malt syrup and malt extracts have been found in the last few years that malt for the manufacture of beer is now the smallest item on our production list. Malt is now used in breakfast foods and washing linens."

Oh, Bishop!

An Irishman was quite a problem for the priest, who was continually lecturing him on the evils of drink and bad habits.

One day he met the priest in the street.

"Father," said Pat, "what is the cause of lumbago?"

The priest, thinking this an excellent opportunity to bring his charge to serious thinking, replied: "Why, that is caused by keeping too late hours and drinking too often. Had you taken my advice and stuck to the straight and narrow path, you would not be in this dreadful condition."

"Oh, sure 'taint me what's got it," returned Pat. "I was only wondering what caused it. I saw in the paper where the Bishop was suffering from lumbago."

Government

Sale in Ontario

In his opening address at the annual convention of the Ontario Prohibition Union, the President, Dr. F. H. Gisborne, K. C., of Ottawa, gave a masterly analysis of the defense of Government Control in Ontario made in the Legislature by the Attorney-General of the Province and also made an appeal for moderation and courtesy on the part of his fellow-prohibitionists in pressing their argument with citizens.

Dr. Gisborne felt that in the face of the fact that an enormous sale of liquor was in progress in Canada, there was no need of overstatement on our side or of any straining after effect. In so called Government Control provinces of the Dominion \$90,000,000 was being spent annually for something that could not have any value and the money was thus diverted from cultural and commercial uses.

Ontario was starting off at a rate which bade fair to outdistance all the others, selling \$17,500,000 worth of liquor in the first five months of Government sale. In a great majority of families this money was being taken out of slim pockets. His aim was the well being of the children, and for their sakes he was a prohibitionist.

The convention, held at Massey Hall, Toronto, was large, enthusiastic and representative of the province, with 386 delegates attending for nearly two days.

The address of the secretary, Rev. A. J. Irwin, D. D., touched on some of the phenomena attending Government sale. Referring to perjury in liquor cases, drinking by minors, the presence of liquor at dances and games and the frequent use of flasks, Dr. Irwin said that there was no evidence of Ontario's having escaped from the evils so bitterly complained of in the campaign against the Ontario Temperance Act.

On the other hand, new evils were being encountered, such as the increase of sanctioned social drinking and the menace of traffic accidents. The secretary noted three major effects of liquor control: first, the increased quantity of liquor consumed; secondly, the increase of drunkenness, as shown by police reports of various cities; thirdly, the increasing entrenchment of the liquor traffic by mergers, stock sales and alliances with European consolidations.

The report of the Union's treasurer, D. D. McTavish, showed that an exhausting campaign had made severe demands for cash, while political animosities had made it hard for the Union to reach its constituency in the churches; yet careful management had brought them through the year without a deficit.

Digby Vulcanizers Will Re-open for Business Next Week

Mr. W. H. Farnham, M.P.P. returned from Halifax on Saturday last and has been busy this week getting the Red Raven ready for opening up the Digby Vulcanizers.

Opened last year the Digby Vulcanizers filled a long felt want in Digby. Motorists and other users of rubber found the repair service of great value, and tourists especially, were pleased not to have to be held up while a tire was sent away from town. The outlook for this year should be encouraging.

Waldec West

Harold Apt left on Monday for Saint John where he will undergo treatment.

Miss Lottie Steadman spent Thursday afternoon at the home of Ethel Cresc.

Mrs. Samuel Apt is spending a few days in Deep Brook.

Mr. and Mrs. Clarence Cross spent Sunday with Mrs. Lorne Wright of Waldec East.

Miss Lillian Adams spent the week end in Smith's Cove, the guest of her parents Mr. and Mrs. Fletcher Adams.

Local and Personal

Mrs. G. E. Torrie, who has been visiting her father, Mr. Lawrence, at Hantsport, returned to Digby on Saturday last. Mr. Lawrence is improved in health.

Mrs. A. McPhee received word on Wednesday of the death of her mother, Mrs. Goldsmith at her home in Perrot Settlement. Mrs. McPhee left yesterday to attend the funeral.

Mrs. Shaw and niece, Miss Barlow, Deep Brook, were passengers on Monday from Saint John where Miss Barlow has been undergoing special treatment for her throat, and her many friends will be glad to hear of her steady improvement in her condition.

In preparation for Spring, business and to make display room, and sales counters for new lines of goods in the Ladies' Wear and Dry Goods Department, alterations have been made at B. J. Roop's which will be convenient for customers and sales staff. The partition between the Dry Goods and Men's Department has been partly removed and a boarder counter set up. The alteration has been commenced as a decided improvement.

B. H. Ruggles has completed moving from the Holdsworth block to new quarters in the Woodman Block, which he has purchased. Two show windows give opportunity for excellent display of wares, and the selling department in the front of the building is large. The repair department is conveniently laid out in the rear, with a skylight opening in the Battery Charging and Service department. There has been a great run of business in this department during the past few weeks. Warm days promise opening of the highways, and car owners are getting ready for the first run out to camp and lake.

Annual Meeting

continued from front page

\$60.86. Since that time we have met all incidental expenses, paid over a large amount to the Hospital Board, including the net receipts from the Bazaar, and have a bank balance of \$485.96 to our credit. This amount is now being applied toward the purchase of much needed Sterilizer Equipment for the Hospital, costing \$510, which has already been ordered and will be placed in the Hospital in our name.

In addition to the above mentioned amounts, approximately \$50 was raised by the Sewing Circles and Ten Cent Teas held during the winter and spring months of the year. The money went directly into the purchase of materials for the Bazaar and did not pass into the Aid Treasury. Similar Sewing Circles and Ten Cent Teas are being held weekly at the present time, the proceeds being directed toward the 1928 Bazaar.

A Buying Committee consisting of Mrs. H. Anderson, Mrs. Titus and Mrs. W. W. Hayden was appointed at our last annual meeting for the purchasing of Hospital Linen. The articles supplied during the year are as follows:—

2 1/2 dozen O. R. towels
 1 1/2 " abd. binders
 1 " O. R. sheets
 9 gowns
 1 dozen night shirts
 1 " draw sheets
 1 1/2 " large sheets
 1 2 " bath towels
 1 " T binders
 10 prs. pyjama suits.

In October of last year "Ho pital Jam Week" was observed, resulting in over 100 bottles of jam, preserves and pickles being donated for the use of the Hospital. There were also donations of miscellaneous articles sent to the Hospital from the two Variety Sales.

During the year twelve regular business meetings have been held with a total attendance of 183, giving an average attendance of 15.25. This shows a decided increase over the preceding year when the average attendance was 11.6. The largest number present at one meeting was 32, as against 17 for the preceding year.

All of these records testify to the increased interest and activity in the Ladies Hospital Aid. Again we thank all those who have made this possible for the year 1927 and solicit their co-operation toward a similar increase for the ensuing year.

LOUISE M. WARNE, Secretary.

Prohibition a Big Factor

The American Banker, the well-known New York banking daily, says that in many of the centers of population the corner saloon has been succeeded by a bank, and that this has happened so often as to excite comment. The American Banker thinks it may be impossible to, exactly determine "the influence of prohibition in building the savings bank totals, but that it has some bearing will be admitted even by those who do not particularly favor the Prohibition amendment." On the other hand, the Savings Bank Journal, while reporting statements from bankers gives conditions under prohibition credit for the development of this particular kind of thrift, does not think prohibition has contributed much to the increase of savings deposits. That journal argues the general prosperity of the country with resultant higher wages is responsible for piling up billions in savings banks.

But is not prohibition a factor in the general prosperity?

An annual saving of \$2,000,000,000 which formerly went over saloon bars, fully as great saving in time worse than wasted, greater efficiency which means greater productivity, greater buying power which in turn means more work for a greater number of people, for these facts you have to hand it to prohibition.

CERTIFIED SEED POTATOES

Having the only field of Potatoes in Digby Co. to pass Government inspection for Certified Seed in 1927, it is fortunate for this county I have been able to secure a car of the same strain of Certified Seed from which mine were grown. This is the only car of these 100 p. c. Potatoes to be distributed in N. S.; all others from this strain being quickly bought in the American Market.

These are acknowledged the best which can be produced. Order immediately \$1.00 bbl. Cash with Order, F.O.B. Kentville Irish Cobblers and Green Mountain.

READY for SPRING

There's more than a hint of Spring in the new numbers of COATS and DRESSES. In fact the spirit of freshness and of sprightliness which speak of Spring itself are featured in every garment.

In style these Coats and Dresses are more distinctive than ever—in Workmanship expertly tailored, as always with Wright's garments—and in Fabrics quality of cloth and appearance are outstanding features.

Come in and see them before buying elsewhere.

MAXIMS OF A MERCHANT
Merit is not all. Appearance counts for much when a woman is being judged.

Triangular Silk Scarves are new. We have them.

Captain Arthur Casey and Scallop Crew are Missing

Digby Scallop Dragger Last Seen Late Wednesday Afternoon, Heading Off Shore, Far Out

Grave fears are held for the safety of the Digby scallop dragger Harvey and Ralph, Captain Arthur Casey, missing since Wednesday. The crew are:

Captain Casey
Gordon Casey, his son
E. Everett
Charles Small

Captain Casey put out with the scallop fleet Wednesday morning. Towards noon an easterly breeze came up fresh and some of the boats made for port. The early ones got in around one o'clock. Late in the afternoon it freshened up to a gale and when the Harvey and Ralph did not show up other scallop crews began to question who had last seen the boat. The Life Station was notified to stand by and word sent to Point Prim Light to keep a look out.

During the night the wind worked around to the south east. Yesterday morning no further word had come to hand and all day yesterday phone and telegraph messages were sent down shore and to the other side of the Bay asking for information. Up to nine o'clock last night there was no word.

Trohon Brothers Committed for Trial on Burglary Charges

Oscar and Charles Trohon, arrested last Thursday by Constable Anson Warner, were given preliminary hearing before Stipendiary Magistrate Taylor in the Municipal Court on Wednesday and after evidence of several witnesses had been given the accused were committed for trial.

Mr. Frank Jones, Crown Prosecutor, appeared for the Crown. The prisoners were not represented by counsel.

H. W. B. Warner, of Pictou, was the first witness called. He gave evidence that on the night of Sunday, April first, he had been at his store around eight o'clock. During the night the store was broken in to and goods taken. He searched all day Monday for clues and on Tuesday notified the Attorney General's Dept. Detective Currie was sent down and he, with Constable A. Warner searched Charles Trohon's home. They found nothing. Later they picked up Oscar Trohon, and brought him to Charles Trohon's home. Charles was in the woods, and while the officers went to locate him the witness said, "what did you want to break into my place?" The accused Oscar, admitted the break, but blamed Charles for being the principal and of having most of the stuff. Charles had admitted the break and blamed Oscar for being the ring leader.

Evidence was also given by Constable Warner, Detective Currie, Frank Haight, Perl Wagner and Miss Daisy Comeau. Wagner and Miss Comeau testified to having been given things by the accused.

The prisoners were not asked to plead at the opening of the hearing, and offered no evidence on their own behalf. They were committed, and will likely be tried at the June session of Supreme Court.

Visiting in Halifax

Mrs. A. D. Merkel and Miss E. Wright were passengers to Halifax on Monday. Mrs. Merkel is visiting her daughter, Mrs. A. D. Merkel and Miss Wright is the guest of her aunt, Miss Fanny Smith. Mr. Merkel, who is manager of the Canadian Press Maritime Division, left for New York on Monday on the trial trip of the new Motor Vessel, Gripsholm of the Swedish American Line, which made its first call at Halifax on Sunday.

Home for Easter

Mr. Quinton Condon, of Roxbury, Mass., spent the Easter holidays a guest of his brother, Mr. Joseph Condon, Bay View. He returned to his home on Tuesday.

TALK OF THE TOWN

Mrs. A. E. Dickson entertained at two tables of Bridge on Wednesday evening.

A. J. Westhaver left Tuesday on a visit to friends in Kentville and Wolfville.

Gilbert Belliveau, of Belliveau's Cove, attended the Red Raven's Club Easter Dance in Digby.

Mr. G. R. Frost, of Little River, was a visitor in Digby on Wednesday.

Mr. and Mrs. Stanley Aymar have been spending the week in St. John.

Mrs. Sidney Melaney was called to St. John on Monday by the illness of her mother.

Miss Effie Adams, of Birch street, is having her residence wired for electricity, the work is being done by Arthur Robinson.

A quilting party was held in the Rebekah rooms on Monday last, a very enjoyable supper being served at the close of the afternoon.

Miss McWhinnie returned from Port Wade on Monday, having spent the Easter holidays at her home there.

Miss Helen Higgins, of Lawrence town, spent the Easter holidays with her grandparents, Mr. and Mrs. Jonathan Letteney.

Lloyd Hersey, of Bridgewater, spent the Easter holidays with his parents, Mr. and Mrs. Harry Hersey.

Mrs. Chas. Smith who has been a guest of Mrs. Dr. Dickie for a few days, has returned to her home in Barton.

Mrs. Raymond Lent expects to leave on Tuesday next for her home in Newburyport, Mass., for a month's vacation.

Frank Anderson returned from Canso on Monday where he has been on business for the past two weeks.

Delancy Cesner spent the Easter holidays with his wife and young son at the home of Mr. and Mrs. Harry Hersey.

Mr. and Mrs. H. T. Warne left on Thursday for Boston, where Mrs. Warne will visit her sister, Mr. Warne proceeding to Detroit on a business trip.

Mrs. M. B. Cunningham, accompanied by her two children, has gone to Windsor to spend a month with her parents, Mr. and Mrs. Carey Dimock.

The Variety Sale in aid of the Hospital will be held the last Saturday of this month, April 28th. Every one interested in the hospital is asked to think of the Variety Sale while they are housecleaning and lay aside the many things they do not need which could be sold at this sale.

An Unusual Patent Slipper

In Sizes from 4 to 8

The stout foot may be properly fitted in this line of Patent Slippers. In EE width, cut extra wide at the instep to fit the fleshy foot trimly. Military heel with rubber top lift. A three-button cut-out strap model of pleasing appearance combining style with comfort.

\$5.00 a pair

A. J. DILLON

Dependable Footwear

Myrtle House Proprietor Home

Captain Gus Spurr, and Mrs. Spurr, of the Myrtle House, returned on Tuesday from a winter visit to the United States. While away Captain Spurr visited the principal tourist booking agencies all down the Atlantic coast and finds that the prospects are very good for the coming season. The winter season in the Florida resorts was poor last winter, because of disagreeable weather, and this will all act to the advantage of Nova Scotia.

Digby County Roads are Open

Mr. W. H. Farham, M.P.P., for Digby informs the Courier that he has received advice from Halifax that all trunk and secondary highways in Digby County are open for motor traffic. The bus was lifted on Wednesday. Officials of the Highways Department have made a survey of Digby roads and find them in much better state than a month later last year.

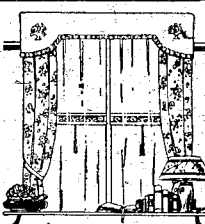

Motor Constable Ritchie arrived in Digby on Wednesday morning.

He reports Digby county roads east as fine. The bad spot at Larchie's has been filled in, and is now good.

Between Clementsport and Upper Clements there are several bad spots.

Also at Round Hill, and Brickton in Annapolis County.

In Kings the spots to be watched are at Kingston, to the Eastward, and from here to Windsor there are several bad patches, principally at Kentville, at the east town limit, between Grand Pre and Hantsport the road is bad in spots. East of Windsor there are also a few bad spots.All these places are better than they were, and are daily improving. Road work crews are out, looking after the worst spots and the heavy tractors are on the job. One is working east from Weymouth. Two are at Middleton working East and West. On Monday a tractor left Kentville, working east to meet a tractor out on the Windsor—Halifax Highway. Home After Five Years' Absence Fred Muise, former Digby hockey star, returned to Digby last Friday after an absence of five years in the United States. Mr. Muise is giving the home town the once over, and if it keeps on looking good to him he will stay here, and be on the line-up next winter. Annual Dorcas Tea Held in Trinity Church The members of the Women's Auxiliary of Trinity Church held their annual Dorcas tea in the Parish Hall on Thursday, March 29th. The display of articles for the Missionary bazaar was even larger than that of former years. It included a complete outfit for a boy in the Onion Lake School, many gifts for members of the staff, a beautiful array of clothing, made and given by Miss Bessie Turnbull for the children of the missionary at Onion Lake, and a part of the outfit for an Indian girl at the Sioux Lookout School, contributed by the Juniors. During the afternoon two quilts were quilted. The proceeds of the tea amounting to \$32.80 will be used towards the Dorcas work of the W. A. On the following afternoon the ladies again gathered at a third quilt was quilted. The bale which weighed 150 lbs. was then packed and shipped to the Onion Lake School, Saskatchewan. Mrs. Lillian Jones was a visitor to Weymouth this week.

An Investment in Progress

Ratepayers of Digby are to be asked to meet on April 23rd to vote on resolutions authorizing the issue of bonds on the security of the town of Digby to provide \$15,000 for the purpose of extending and improving the town's electrical services.

It is proposed to run across Victoria street to the Racquette, reconstruct the Racquette, service residents along to the Pines Hotel and cut Lighthouse road and to extend the service, with transmission and secondary circuits to serve the Point Prim Light and also to make an extension along the Shore road to serve summer and permanent residents beyond the Pines.

The total cost of these extensions and improvements is estimated will be in the vicinity of \$15,000. When they were considered at a special meeting of the Town Council the chief point was whether the work should be done this year or next year. Perhaps the present service to the Pines could "get by" for another year, and if so it could be deferred until another season.

These arguments are sound so far as they go. But it must be

taken into consideration that when authority was given to reconstruct the town transmission service the ratepayers beyond the Racquette bridge as well as those in the centre of the town, agreed that it ought to be done. The first year's programme of reconstruction has proven that it was a good investment to do the work. So will it be a good investment to do more work this year.

To complete the whole program drawn up by the Power Board Superintendent this year will be to place the town in a position to develop business. The more business the town can get for its distribution service the better it will be for the town and the whole county. More customers, more consumption of electricity, more revenue for the town, for the Power Board, and less cost to the individual user.

There can be no reason for not granting the authority. To date the electric light service has been self sustaining, and according to estimates of consumption and of cost on capital account and to provide for maintenance, the new development will also take care of itself and be a revenue producer. Even if for the first year or two it was not, it would be good business on the part of the town as a distributor, to be ready to give the service. The Point Prim Light, the new Pines Hotel, present non-users beyond the Pines and a new section of country to be opened up in Bay View, warrant any plan of development which will even come near to meeting operation costs for the first year. The whole expenditure should be looked upon as an investment in progress, and supported as such by all who have the interest of Digby's development at heart.

Canada has been wasting her forest capital and today only 27 percent remains

Forest Fire Prevention

The people of Canada can hardly realize how fast fire and axe have eaten into Canada's forest resources during the present generation. Forestry experts state that of what was a primeval forest no farther back than 1810, practically untouched by the axe, little more than one quarter now remains.

In Eastern Canada comparatively little timber of really prime sawmill quality is left and it is stated that 70 per cent. of such timber in Canada now stands in British Columbia. In this province also the work of devastation and waste is going on at a much faster ratio than the annual growth.

A great area of forest land still remains to the north of the populated parts of most of the provinces, but this forest consists largely of spruce and other woods required for the great pulp and paper industry. This forest of recent years has come to feel full force of the United States demand for newspaper paper. It provides a very big factor in our list of profitable exports, but foresters point out we are cutting and burning at a rate that will exhaust our accessible timber supplies in twenty five years.

These experts say that with proper regulation as to cutting, reforestation and protection from fire, it is possible for Canada to have her forest industries in perpetuity. Fire has always taken greater toll than the axe. Fire prevention, the forestry men say, is the only salvation.

Forest fire fighting methods are being improved. The aeroplane has been called into requisition to locate fires at their first outbreak and thus prevent fire spreading beyond control. But experience has proved to Canada's cost that fire fighting is not nearly as simple as fire prevention. Every single individual whose business or pleasure takes him or her into the woods, must, while there, be impressed with one idea above all others and that is to prevent forest fires.

To that end the Hon. Charles Stewart originated an annual Canadian Forest Week in order to provide educational emphasis at the beginning of the dangerous dry season.

When a man who is not used to the woods lights a match and later throws it on the ground, he expects it to go out. But when an experienced woodsman is through with his match it is out. He does not leave it to expectation. He knows.

The New Pines Hotel

Tenders will be called this week for construction of the New Pines Hotel, according to what we gathered from a conversation with Mr. Graham, General Manager of the Dominion Atlantic Railway at Truro on Sunday. Mr. Graham was enroute to Montreal to look over the plans and pass on them as they are now prepared.

The Boston and New York offices of the Eastern Steamships and the Dominion Atlantic Railway are being kept more than usually busy answering queries as to accommodation and other information and other information of interest to tourists, and the prospect for the summer is away beyond expectations, even though they were most rosy.

The placing of the Evangeline on the direct run between New York and Yarmouth is expected to tax the capacity of the province in tourists accommodation and every means ought to be taken to provide for the expected thousands. With this in view it is suggested that all who can take one or several summer boarders should make preparations for them, and that the Board of Trade, or some public body should prepare a list of such boarding houses.

Fire destroys the green standing timber leaving dead trees to dry out as kindling for the second and third fires which generally follow. Thus young growth doesn't get a chance. Human carelessness accounts for most fires in the woods. Only carefulness will save Canada's remaining forests.

Arranging Tours For Vacationists

Mr. G. M. Robinson, of Halifax, was a visitor in Digby on Tuesday, enroute to New York. Mr. Robinson is arranging a series of motor and railway tours through interesting sections of Canada during the summer, in continuation of the tours organized last year. The tour planned is a ten day trip from Halifax to Toronto at the time of the Canadian National Exhibition, taking in Quebec, Montreal, Ottawa, Niagara and Toronto. Among other tours, Mr. Robinson hopes to have a number of motor tours to circuit the province, visiting Cape Breton.

Rheumatism And Pains In The Back Relieved

Says Quebec Lady After Using Dodd's Kidney Pills

Melle, Jeannette Thibault Always Keeps a Box in the House
St. Catharines, P. Q., April 9 (Special)
"For five months I have suffered with Rheumatism. I have taken your Dodd's Kidney Pills and they have relieved me," writes Melle J. Thibault, a resident of this place. "I took your Dodd's Kidney Pills last year for pains in the back which I was hardly able to endure, and found great relief. I assure you I am never without Dodd's Kidney Pills in the house."

Dodd's Kidney Pills act directly on the kidneys. They have become a family remedy all over the world, because people have tried them and found them good. They are purely and simply a kidney remedy. They help Rheumatism, Lumbago, Lane Back and Urinary troubles. Because all of these are either kidney diseases or are caused by the kidneys failing to do their work.

Dodd's Kidney Pills can be obtained from Druggists everywhere, or the Dodd's Medicine Company, Limited, Toronto 2, Ontario.

OBITUARY

MARGARET ELLEN CHUTE

Miss Margaret Ellen Chute, 8 month old daughter of Mr. and Mrs. Douglas Chute, of Battle Creek, Michigan, died at her parents' home Saturday morning at 8 o'clock, March 31. Beside her parents she is survived by her grandparents Mr. and Mrs. W. O. Chute, of Dorchester, Mass. A grandmother, Mrs. Glen Wolf and two great grandmothers, Mrs. Nehemiah Chute of Bear River and Mrs. Lewis Hill, of Grand Rapids, Michigan. Funeral services were held in Battle Creek, Monday, April 2nd in Hebbles Chapel at 2 o'clock in charge of Rev. W. B. Oldt. Burial was in Bedford Cemetery.

Douglas Chute will be remembered by his many friends as he spent his boyhood in Bear River.

Don't dose a Child's Cold

CONTINUAL dosing upsets children's delicate stomachs. Vicks is applied externally and therefore cannot disturb the digestion. It acts in two ways:

- (1) The body heat releases the ingredients in the form of vapors which are inhaled.
- (2) At the same time Vicks "draws out" the soreness like a poultice.

Weddings

STONE—CROWELL

An Easter wedding and one of great interest to friends and relatives in different parts of Nova Scotia and United States was solemnized on Wednesday afternoon 2:45 o'clock, April 4th, when Sylveia Emma only daughter of Mr. and Mrs. Ralph C. Crowell, became the bride of Raymond Francis Stone, travelling salesman and eldest son of Mr. and Mrs. Alfred Stone, of Oxford, Mass. The ceremony was performed by the Rev. P.G. Placy, pastor of the First Baptist Church at 114 Newton street, Marlboro, Mass. The double ring service being used. The bride was attired in white silk flat crepe with streamers from shoulders and veil of tulle with embroidered points caught with orange blossoms and a coronet of rhinestones. She carried a shower bouquet of white roses and valley lilies. The bridesmaid Miss Louise Stone, nurse at Worcester, City hospital and sister of the groom was gowned in beige silk georgette and carried a bouquet of sweetheart roses and maidenhair fern. The groom was attended by A. L. Stone, an Oxford Student. The groom's gift to the bride was a necklace of pearls, to the bridesmaid a white gold bracelet and to the best man, fountain pen and pencil set.

Following the ceremony a sumptuous repast was served at the bride's home to which only the immediate relatives of the contracting parties were present. The dining-room was tastefully decorated for the occasion with potted plants and cut flowers.

Mrs. Stone's "going away" gown was of pilot blue with coat and hat to match. The presents were numerous and costly, showing the high esteem in which the young couple are held. After an extended tour to Montreal and Vermont they will reside at Walden Street, Mass.

Deep Brook

W. H. Spurr spent Easter with his wife at Kentville.

S.A. Spurr is in Annapolis on business for a few weeks.

The Extra Stamina You Need for Spring Driving

Equipping with Gum-Dipped Tires is an investment in extra safety, speed, comfort and economy. That is why thousands of motorists throughout the country use these tires. On wet, slippery streets and highways—around sharp turns—maneuvering in and out of traffic—stopping suddenly—you can always depend on the powerful Firestone non-skid tread to hold without slip or skid.

Supporting this safety tread is the special Gum-Dipped carcass, built of cords dipped in a rubber solution which saturates and insulates every fibre of every cord with rubber. This minimizes the friction and heat of high speed service, and strengthens the whole structure of the tire to withstand heavy strains.

No one can foresee the demand you may have to place on your tire equipment in some emergency. But you can prepare now—and be sure of a fighting chance in any situation—by having the nearest Firestone Service Dealer apply new Gum-Dipped Tires all around. He will save you money and serve you better.

Miss Vivian Outhouse spent Easter Sunday with friends at Little River.

Miss Mildred Elliott, who is teaching school at Kempville, spent her Easter holidays with her parents, Mr. and Mrs. Herman Elliott. She was accompanied by her friend Miss Gates of Kempville.

Miss Viola Worthylake, teacher at Westport, was the guest of Mrs. Atwood Outhouse during the Easter holidays.

Mrs. Kempt Tidd is the guest of her parents, Mr. and Mrs. Byron Clifford.

W. A. Pugh of Westport was in town last week.

Ruel Outhouse was a passenger to St. John this week for medical treatment.

Little Harold Bates of Freeport spent the Easter holidays here, the guest of his grandmother, Mrs. S. E. Outhouse.

Earle Leeman and Bride (nee Miss Kathleen Thurber) returned from Freeport last week.

Calvin Ossinger has gone to Port Maitland to spend a few months.

Mr. and Mrs. Romaine Perry of Freeport are visiting her parents, Mr. and Mrs. F. Outhouse.

Congratulations to Harvey Denton, student at Acadia College who occupied the pulpit in the Baptist church here on Easter Sunday. May the coming years bring him great success. He was assisted by his grandfather, Rev. I. Harvey of Little River.

Miss Isabelle Ruggles of Truro is spending her holidays with her parents, Mr. and Mrs. Irvin Ruggles.

Going Fishing?

Minard's is a reliable first aid for sprains, cuts and bruises. Also good for insect bites. Put a bottle in your kit.

Air and Sea

Showing Iolo Fernie, 23-year-old Rumanian girl who, although speaking no English, came to America to fly in May with her husband from New Jersey to Bucharest—4,000 miles across the Atlantic! On her left is Capt. W. Stafford, D.S.C., R.N.R., Commander of the Canadian Navy during the Great War and now master of the Curamir Ansonia, on which the pretty aviatrix crossed the Atlantic to America. "I don't think the ocean spreads as far as it seems to," she said to the Ansonia's skipper, through her interpreter at Halifax, N.S.

Acaciaville

Miss Marion Bacon of Saint John and Miss Bessie Porter from Truro spent the Easter holidays here.

Mrs. James Roop who has been spending the winter with her children in Maine returned on Wednesday. She was accompanied by her son, Boyd and his wife and son, who expect to remain for a visit.

Frank Gates was on a business trip to Paradise last week.

Stewart Goldsmith attended the funeral of his mother at Ferret last week.

Quite a number of the young folks attended a birthday surprise party for Lloyd McNeil at his home in Marshalltown on March 30th. A very enjoyable evening was spent and all wished Lloyd many more birthdays.

A very fine Easter Service was held in the Hill Grove church on Sunday. The sermon by the pastor, Mr. Bishop, was one of his best, and special music was rendered by the choir. The Easter Lily brought by Mrs. Clarence Roop and the hyacinth by Miss Marion Bacon also helped to make the church attractive.

Special services are being held in the church this week with the help of Rev. E. J. Barras of Bear River.

Our teachers, Miss Mallett and Miss Henshaw spent the Easter holidays at their homes in South Range and Walpole.

OBITUARY

J. TROOP McCLELLAND

J. Troop McClelland, a highly respected citizen of Lunenburg, passed away April 6th at his home after a long illness. Mr. McClelland was well known in both Digby and Annapolis Counties having been in the meat and provision business in Annapolis for a number of years. Moving to Lunenburg about fifteen years ago. He was twice married, his first wife being Miss Bertha Lent, of Deep Brook, who predeceased him twenty five years ago. His second wife was Miss Sarah Wright, of Clementsport. He leaves nine children, all by his second marriage. Evangelina, North Wilmington, Mass.; Constance, Philadelphia; Jean, Pauline, Lucy, Phyllis, Irene, and two boys, Jared and Horden at home. There also survive, four sisters, Mrs. Charles North, Chicago; Mrs. Robert Spurr and Miss Emma, Deep Brook; and Miss Emma, Boston, also three brothers, George, Clementsport; Frank, Deep Brook; Howard, Saskatchewan, Sask. The deceased was the son of the late David and Jane McClelland, and was born at Greywood, Annapolis County. The burial took place at Bear River on Monday April 9th. The Oddfellows of Annapolis and Bear River officiating.

Smith's Cove

Three converts were Baptized and received as members of the Baptist Church on Easter Sunday.

Misses Ruth Woodman and Elizabeth Caldwell, of Kentville spent the Easter holidays here, the guests of Mrs. H.H. Woodman.

Mr. and Mrs. Gordon Cossaboon are spending a few days in their home here.

Miss Harriett Wentzell spent the Easter holidays in Halifax.

The Misses Isabel Cossett and Mildred Jackson spent the Easter holidays at Miss Jackson's home in Berwick.

Mr. Pearson and daughter, of Port William have been spending Easter holidays here the guest of Mrs. B.L. Merry.

Mary Adams spent the Easter vacation with her cousin Miss Marjorie Woodman.

Vernon MacGregor spent the Easter holidays in Kentville.

Harold Beels, of Berwick, spent the Easter holidays at the home of his grandparents, Mr. and Mrs. A.H. Vein.

The work on the school playground is progressing rapidly.

Pauline Brenton spent Easter in Bear River visiting her aunt Mrs. Maurice Benson.

Mr. and Mrs. John Hubley left for their home on Friday, April 6.

Mrs. John Adams, of Deep Brook, is the guest of Mrs. E.R. Thomas.

Mrs. Jerry Potter and son were visiting friends here on Tuesday.

Not every woman makes a good cup of tea and yet to make one is a simple process. First of course, you must have a tea of assured quality such as MORSE'S and you must put as responsible of it in the teapot for each member of the party and as the saying goes, an extra one for the pot. After that, you add the hot water. Now here is where failures in tea making are sometimes made. People do not use water that has just come to the boil. That is a fatal mistake. Avoid this error when using MORSE'S TEA and you will have a drink that is fit for the king.

SEA BROOK

Miss Christine O'Brien who spent the Easter holidays with her sister, Miss Queenie O'Brien, of Port Williams, has returned to her school.

Mr. and Mrs. Johnson Bruce, of Bridgetown, spent Easter with her parents, Mr. and Mrs. Thomas Gibbons.

A very pleasant surprise party was held at the home of Mr. and Mrs. E. K. Budd for their eldest daughter, Nina, who has been for the past month attending Business College, Saint John. Games were played and refreshments served. All reported a good time.

Mr. and Mrs. George Banks, of Lansdowne, spent Sunday with their daughter, Mrs. Oscar Roberts.

Fritz and Clarence Porter spent Easter holidays with friends in Bridgetown.

Miss Martha E. Hutchings is spending a few days with friends in Centreville.

Basil Lewis spent Easter with his aunt, Mrs. Mary Muisse.

Mr. W. R. Ramsey will preach in the Roxville Baptist Church Sunday April 15th at 3 p.m.

Clarence J. Ross spent Sunday with Mr. and Mrs. Charlie Larimore, of Mount Pleasant.

Frank Williams, of Montreal, has returned home to spend a few months with his mother, Mrs. H. Lowe, (nee Mrs. J. Williams.)

Mrs. E.K. Budd spent Friday with Mr. and Mrs. Heber Small of Roxville.

STEELE BRIGGS SEEDS

The Dog Sentry

The motorist who is compelled to leave his car for a time can seldom do better than leave it in charge of a dog.

An amusing situation was caused recently when a dog mistook another car standing near for the one left in his charge, and vigorously opposed the right of owner when he tried to take it away.

For a long while the man endeavored to gain possession, but was unsuccessful until accidentally he touched his head, looked at the car, and then with an eloquent look of apology trotted off and lay down beside the right one.

It is generally acknowledged that dogs quickly learn to recognize the sound of car-horns, and often a dog lying in front of a fire will jump up at the sound of his master's motor-horn, even though hundreds of other cars may have passed the house during the day.

Like a New Car!

That's what every owner says who has his car done by our new Duco Pressure Method of car painting. Duco is hard surfaced, lasts well, and keeps its gloss even under the most trying conditions.

For frightening a horse by throwing a cat on its back William P. Steadman was fined \$10 in Caerphilly, Wales, recently.

Because of the success of the tour for schoolboys, 25 girls, chosen from various public schools in England, will visit Canada next August.

Horse drawn vehicles will be required to show lights in Nova Scotia, after November 1.

When the Big Guns Shelled the French Capital

Interesting Facts Concerning the Guns That Threw Shells into Paris a Distance of 78 Miles—The shells Weighed 200 pounds and 350 Persons Were Killed.

No doubt there are many people who believe that "Big Bertha," the German monster cannon that dropped shells in Paris, was just a fancy of somebody's imagination and to be classified with many a rumor and unsupported charge that were received as solemn truth while the war raged. "Big Bertha" was an actuality, and this was revealed officially the other day when the Army Bureau of Ordnance issued a detailed description of the gun, accompanied by photographs. This gun was built primarily for the shelling of Paris and the imagination that the Germans valued it for its effect upon French morale rather than on account of the damage it was likely to do. This damage, however, was not negligible, though out of all proportion to the cost of the gun and the attention it needed. Two hundred and fifty six persons were killed and 620 wounded, most of them being civilians, women and children alike being among its prey. Three hundred and three shells were discharged and of these 183 fell inside the city. The life of one of the "Big Berthas" was fifty shells and the Germans built seven of them. The Allies never were able to capture a single gun though airplanes sought diligently for them. They were destroyed by the Germans when it became evident that the war was lost and when they began to fall back upon their own border.

The maximum range of the "Big Berthas" was seventy six miles and from this distance shells were actually dropped in Paris carrying death and destruction with them. In order to reach this terrific distance, which is twice as far as any existing gun can carry, the shell had to rise twenty-four miles in the air. When this fact is considered and also the fact that the Germans had no previous experience or training in handling such monsters, the marksmanship must be accounted good, though Paris was no small target. The muzzle velocity of the shell was nearly a mile a second and the projectiles weighed 264 pounds and were six and a half feet long, including the fuse cap. The guns were built in two sections, the longer being 98.8 feet and the forward section 19.7 feet. A special crane had to be devised for handling them and special cars built for their transportation. They were mobile in the sense that they could be quickly taken apart and moved back, but to set one of them up was an operation requiring weeks.

LARGEST TUNNEL IN ASIA.

Bore in Japanese Mountains Taking Twelve Years to Make.

Five years more will be required for the completion of the longest tunnel in Asia, it is stated, says the Christian Science Monitor. The tunnel, which lies between Atami and Numadzu on the Tokyo-Kobe main line, burrows under the whole of the vast Hakone mountain range, one of the principal playgrounds of Eastern Japan. It will shorten the running time between Tokyo and Kobe by three hours. Work has already been in progress for eight years and the entire sum originally estimated as its cost has been expended. The Hakone Mountains are dotted with hundreds of hot springs and geysers. In running the tunnel through them, these hot springs were encountered time and again, adding greatly to the difficulty of the work.

£1,756,000 IS LOSS ON WEMBLEY SHOW

Deficit Stated in British House, But Exhibition Was Successful.

LONDON—There was a deficit of £1,756,000 in connection with the British Empire Exhibition of 1924-25, according to Captain Douglas Hacking, M. P., parliamentary under-secretary of state for the home department, who was asked about the matter in the House of Commons today by Minister of Commerce for the day. Captain Hacking said a large proportion of the guarantors of the exhibition implemented their guar-

FIVE DAYS HORSE RACING HERE IN ATLANTA

Provincial Exhibition Commission Completes Speed Programme

A five day horse racing programme with purses aggregating close to \$3,000 will run one of the feature attractions offered by Nova Scotia's re-established Provincial Exhibition when it opens its doors to the public late in August for the first time since the plant was demolished by the explosion in 1917.

\$30,000 Fire at Hantsport

A disastrous fire occurred on Tuesday morning at 2 o'clock, which completely wiped out the beautiful residence, three barns and garage of J. M. Hancock, "Ashlawn Farm," along with their contents, including about forty-five head of cattle, four horses and a pony. A very small quantity of furniture was saved. The origin of the fire, which started in the barn, is unknown. A gale of wind was blowing from the west, carrying sparks a long distance. The barn of Rev. J. G. Bigney caught fire but was extinguished before any damage was done. The Hantsport fire department worked vigorously, but the fire had made such headway and the wind blowing at such a rate they could not set it under control. The loss estimated at \$30,000 is partially covered by insurance.

RATTLESNAKE BITE IS FATAL FOR MISS ELLA ALLAN WHO HAS RELATIVES IN N. B.

Mr. and Mrs. James Ryder, of St. John, N. B., have received word of the death of their granddaughter, Miss Ella Allan, who passed away in Lodi, California, on March 23. While picking wild flowers Miss Allan was bitten by a rattlesnake and died 17 hours afterwards. She was a nurse in training in the hospital at Lodi and would have completed her course this year.

Drink Hot Water To End Indigestion INSTANT RELIEF

Thousands of unfortunate people suffer almost daily from stomach acidity, gas, sourness and indigestion after eating. If they would start the agreeable practice of taking a glass of hot water containing a teaspoonful of four tablets of pure Bismarck Magnesia, they would soon find their stomachs so strengthened and improved that they could eat the richest and most satisfying meals without the least symptom of indigestion.

Nearly all digestive troubles are caused by an excess of acid and an insufficient blood supply in the stomach. Food ferments and sours before digestion can take place. A glass of hot water draws the blood to the stomach and Bismarck Magnesia neutralizes the stomach acids and keeps the stomach strong, sweet and healthy and promotes normal painless digestion. Bismarck Magnesia is not a laxative, it is harmless, easy and pleasant to take and can be obtained from any well stocked drugstore in either powder or tablet form. Try this today and enjoy your meals in peace.

SALMON BRINGS \$2.15 A POUND

BANGOR, Me., April 1.—The first salmon taken from the Penobscot river after the opening of the season today was landed at Bangor pool by Robert Blair of Orrington.

It weighed 15 pounds and was bought by a market for \$2.15 lb. With most of the pool already free of ice, conditions for fly casting were better than usual for the opening of the season, which extends to July 15—Boston Post.

AFTER 2,000 YEARS.

Two beautiful galleys of Imperial Rome, which have been lying on the muddy bottom of Lake Nemi for nearly 2,000 years, are to be restored to Rome by an arduous piece of engineering.

High-powered electric pumps are expected to accomplish the task which has baffled Roman engineers for five centuries. They will pump the lake dry, the water being conveyed to the neighboring Lake Albano by a pipe line.

The galleys lying on the higher part of the lake's bottom should be visible in September this year, while it is estimated that the entire work of salvage will take nearly a year.

N.F.L. ASSEMBLY TO BE OPENED MAY 2, NEXT.

St. JOHN'S, Nfld.—The Newfoundland government decided to call the Legislature into session May 2.

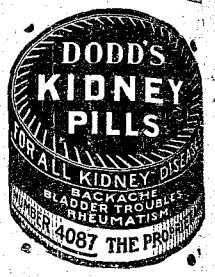

It has been expected that the Legislative Assembly might be dissolved and a general election ordered early in the summer, as Premier Monro's government has a majority of only one member in the Assembly, exclusive of the Speaker. The calling of a May session was interpreted as indicating that the election would be deferred until the autumn.

CUNARDS TO BUILD LARGEST PASSENGER VESSEL.

The Cunards have decided to build a new liner to cost thirty million dollars, and to be the world's largest and fastest passenger vessel. It is to be more than one thousand feet long and will carry five thousand passengers.

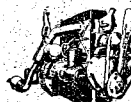

FAMINE IN W. BULGARIA.

SOFIA, Bulgaria, March 29.—Famine conditions prevail in certain sections of Western Bulgaria, according to reports which have reached here. Several persons are reported to have died of starvation.

The all-round feed for all seasons

Quaker Schumacher Feed is the year-round friend of the live stock owner. A perfectly balanced carbohydrate feed, used as the sole grain ration for all live stock, or as a base for a special dairy ration.

Contains more carbohydrates—to make fat and energy—than any other feed at the same price. Grain ingredients include corn, oats, wheat and barley. To these are added oak-bark meal, edible bone meal and calcium carbonate, providing needed minerals usually deficient in ordinary feeds.

All live stock relish Quaker Schumacher Feed. No waste, because they eat it clean. Low moisture content because kiln dried. Easily digested and assimilated. Sold under approved Government analysis. Write us for free advice on your feeding problems. The Quaker Oats Company, Peterborough, Ontario.

Quaker SCHUMACHER FEED

Also Quaker Dairy Ration, the best feed for dairy cows, and Quaker Full-On-Pop Feeds for Poultry.

Otto Tobin of Lynn, Mass. is the guest of Mr. and Mrs. Chas VanBuskirk.

Mrs. R. H. Howard and two sons, who have been visiting her mother, Mrs. G. Ruggles for a few days returned to their home in Berwick on Monday.

Miss Elra Buckler of Bridgetown spent the Easter holidays with her parents, Mr. and Mrs. M. Buckler.

Mr. and Mrs. Fred Jefferson are spending a few days in Round Hill guests of Mrs. Jefferson's parents, Mr. and Mrs. Charles Tupper.

Mrs. Hugh Blackadar who has been visiting her daughter, Mrs. Harry Trimper at Paradise, returned home on Friday.

Miss Winifred Sullivan returned home on Monday from Cambridge, where she spent the past week.

Missionary Meeting at Bear River

The regular monthly meeting of the Women's Missionary A'd Society of the Baptist Church was held in the Vestry Thursday afternoon April 5th. A large number attending. It being the Easter meeting the service was conducted in keeping with that great event. After the devotional and business period the meeting was addressed by Miss Stella Eaton, Missionary from Grande Linge on furlough, which she is spending at Smith's Cove and Granville, who gave a very interesting talk on her work at the 'Feller Institute' at Quebec which all enjoyed. The Easter offering was received which amounted to \$87.50. Tea and refreshments were served and a social hour spent which was enjoyed by forty members and guests.

Bear River United Church Aid Society Hold Successful Sale

The Ladies' Aid of the United Church held a most successful Pantry and Apron Sale in the Harris Sample Room on Saturday afternoon.

The room was very prettily decorated with yellow, white and green, and the appetizing eatables and pretty aprons found ready purchasers.

Afternoon tea was also served at tables centered with large bouquets of Easter lilies, and having dainty appointments of linen and china.

The proceeds amounted to \$36.70.

The Ladies' Aid is in a very flourishing condition, having over seventy members paying monthly.

It has recently installed new electric wiring and fixtures in the parsonage, and still has a substantial amount in the treasury, a condition which reflects much credit on its capable executive.

Four Bear River Stores Burglarized on Monday

Showing evidence of being the work of experts, or at least a carefully planned amateur performance, four stores of Bear River were victims of midnight visitors on Monday night. The loss was limited to about forty dollars in cash, a watch, several windbreakers, and a quantity of merchandise. It is thought that the unlawful visitors were motorists, at least two men, perhaps more.

At the Bear River Trading Company a glass in a back window was cut out permitting entry. The till was ransacked, giving up loose change, and a quantity of stock was taken from the shelves. At O. A. Eisner's the glass cutter was brought into use on the plate glass window of the front door. Here the till gave up \$12.00, and since it was a cold night the marauders took several windbreakers. At A. B. Marshall's a window was cut, a straight edge being used to guide the cutter, and shoes and golf hose were taken. Also a watch.

At Oran Rice's store up at the head of the tide, a quantity of tobacco and odds and ends of eatables were lifted. Entry into the Rice store was effected through a back window. A glass was cut out and the catch snapped back.

Information has been sent to the Attorney General's department at Halifax, with a request for a detective to be sent down to investigate the breaks.

This is the most serious of a series of breaks which have been epidemic in Digby county during the past month. No apparent clues were left at any of the stores visited.

On Friday last Mr. Alfred Porter left for a holiday of two or three weeks, during which he will visit his sons, Horace A. Porter and family of Saint John, and Cecil G. Porter and family of Montreal.

Local and Personal

W. E. Miller of Yarmouth was a guest in town for a few days.

Winnie Gehue is on the B. R. Steamer, taking Fred Carey's place.

Mr. Misard of Yarmouth was in town several days recently.

Miss K. Henderson spent the Easter holidays with Mr. and Mrs. Green.

Miss Ethel Potter, Clementsvale is the guest of Mr. and Mrs. Reginald Potter.

Reginald Harlow, Halifax spent Easter in town.

Wm. Henshaw has purchased the Manford Campbell home and property.

The Men's Progressive Bible Class met on Monday evening with Wilfred Chute.

The Ladies Aid of the United Church met on Tuesday with Mrs. W. A. Chute.

The proceeds from the United Church Easter Apron and Pantry sale was \$35.70.

Courtney Harris was home for the holidays.

Harry Harris left for Saint John on Tuesday for a short trip.

Frank Harris of Montreal was the week end guest of Mr. and Mrs. Byron Harris.

Graham Corbett of Saint John was a guest of Mr. and Mrs. F. Dittmars.

Miss Evelyn Chute arrived home from Halifax on Tuesday.

G. R. MacNutt, Digby was in town last week.

Frank Ruddock of Bridgetown was in town several days this week.

Randal Cashman was home for the holidays.

Mrs. Norman McIntosh spent several days in Deep Brook with Mrs. Carl Nichols.

Misses Rafuse and Marshall, teachers of Oakdene School left on Thursday for their homes.

Alfred Banks has purchased the Wm. Henshaw home and property on the Bell road.

Vorheis Dittmars of Saint John spent the Easter vacation with his parents, Mr. and Mrs. Fred Dittmars.

Tom McDormand, student of Acadia spent Easter with his parents, Mr. and Mrs. Chas. McDormand.

The Philathea Class entertained the Men's class in Oddfellows hall on Tuesday evening.

The Misses Verna and Ruth Parker left on Thursday for their home in Avondale.

John Nichols and son, Maurice, who have spent the winter at the Commercial House have returned to their home.

Frank Jones K. C. of Digby, was the week end guest of his daughter, Mrs. H. C. Anthony.

Mrs. Lovett, Mrs. Harris and Mrs. Allison arrived home from Torbrook on Monday.

E. A. Grant of Saint John, M. B. Denton of Digby, W. Williams of Saint John, F. O. Grimmes of Bridgewater, were recent guests in town.

Don't forget "Romantic Mary" in Temperance Hall on Thursday evening April 19th. The C. G. I. T. of United Church are putting this on.

Mrs. Clara Brooks a former resident of Bear River was operated on for gall stone at the Harley Hospital, Dorchester, Mass. She is doing nicely and her many friends wish her a speedy recovery.

The remains of the late Troop McClelland were brought here on Monday and buried in Mount Hope Cemetery. The funeral was conducted by Friendship Lodge 87, I. O. O. F.

Burglars visited the stores on Monday evening of T. Co. A. B. Marshall, and O. Eisner, breaking plate glass windows, taking cash. The guilty ones should be caught.

Easter Cantata Presented by W.M.S. of United Church

Monday evening the W. M. S. of the United Church, observed its annual "Easter Thankoffering Service" by giving a Sacred Cantata in the auditorium of the church.

Women representing Oriental Nations were presented to the audience in appropriate costumes, each section introduced by the "Prolocutor" Mrs. L. J. Lovett.

The final grouping was most effective, with white robed "Heralds of the Dawn" carrying lighted candles, accompanying black robed "Pilgrims of the Night" in the Processional; — a charming background being formed by the "Angel Choir", with their white robes, silver crowns and sheaves of Easter lilies.

A duet, "Is it N-thing to You?" was beautifully rendered by Mrs. Harry Harris and Mrs. Lloyd Sanford and a "hidden choir" led by Mrs. H. C. Anthony. Mr. Ralph Purdy presiding at the organ, gave musical selections throughout the Pageant.

Mrs. George Croscup, Pres. of the W.M.S. gave a recitation in her usual pleasing manner.

Perhaps the prettiest feature of the Pageant was wee little Margaret Henshaw, who, as an "angel" posed

BOYS CAMP IN THE MARITIMES CAN BE MADE BIG TOURIST FEATURES

The Canadian National Railways is encouraging the establishment of boys' and girls' camps in the Maritime Provinces. They are becoming the big future of tourist development not only in the amount of capital invested in them and money distributed during the season, but as a foundation for future tourist business. Every boy and girl is a prospective summer resident, when he or she attains and success. There are views of Camp Bonaventure at New Mills, New Brunswick, typical of the yearly increasing number of such camps throughout the Maritimes.

LESSON No. 17

Question: Why is emulsified cod-liver oil so efficient a food for young children?

Answer: Rickets or weak bones are evidences of lime-deficiency. Emulsified vitamin-rich cod-liver oil helps Nature supply this deficiency.

Pure, pleasantly flavored, nothing quite surpasses **SCOTT'S EMULSION**

WOOD'S PHOSPHODINE.

Sold by all druggists, or mailed in plain package on receipt of price. New pamphlet mailed free. THE WOOD MEDICINE CO., TORONTO, ONT.

Netherlands Market For Canned Fish

Despite its comparatively small population, and the fact that it is itself a maritime and consequently a fish-producing country, Holland imports annually substantial quantities of canned fish and particularly those which it does not itself produce, such as salmon, sardines, pilchards and lobsters, writes Trade Commissioner J. C. Macgillivray, Rotterdam, in the forthcoming issue of the Commercial Intelligence Journal.

The Dutch are fish eaters and the per capita consumption is large. The trade is shared by producers in Canada, the United States, Norway, France, Portugal and Siberia, and conservative estimates place its value above the half million mark. The market for canned salmon is divided between Canada and the United States, the former country shipping to Holland in 1927 salmon to the value of \$85,409 and the latter country salmon valued at \$114,470. Siberian salmon has lately made inroads on the market held by the Canadian and American canners. Canadian canneries have been introduced into the Dutch market and have made a good start. Canned lobsters have an import duty of 20 percent ad valorem which coupled with the high cost and competition from Japanese crabs have restricted sales in Holland.

When will Canada learn that her forests must be "cropped," not "mined"?

New Tuskert

Mrs. Moody Mullen and Mrs. Harvey Mullen spent the week end in Yarmouth with Mr. Levi Mullen who is in the hospital.

Mr. and Mrs. Charles Hudson and daughter left Monday for Boston.

Dwight Sabean left Monday for Carleton where he is engaged with the Cedar Lake Lumber Company.

The Misses Helen Sabean and Alice Hudson and Dwight Sabean spent Sunday at the home of Mr. and Mrs. Herbert Sabean.

Rev. and Mrs. M. B. Whitman spent the week end at this end of the field. Owing to the terrible rain on Sunday afternoon, we had no service until evening when we had our Easter sermon.

Misses Edna and Esther Minard who are teaching here spent the holidays at their home in Galesburg.

Miss Lucy Mullen who is teaching at Lake Annis spent the week end at the home of her parents, Mr. and Mrs. F. B. Mullen. Merle Mullen who is going to school in Weymouth spent the week end also with his parents.

Camera Hunter To "Shoot" Game in Jasper Park

New York City, April 12. The moving picture camera and not the tooth spitting rifle, is the weapon of Major A. Rudy Dugmore, well known wild animal photographer of England, who has reached America after an extensive expedition through the wilds of Africa, during the course of which he recorded on film the habits of animals ranging from the nimble and elusive gazelle to the ponderous and fiery rhinoceros.

To round off his experience of game photography on four continents, Major Dugmore is considering spending the coming summer on a two or three month journey by pack horse through the mountains of Jasper Park, Alberta, where he will be able to "shoot" Mountain sheep, goat, caribou and bear. Along the Snake Indian, the Smoky and the Brazeau rivers, in the northern and eastern regions of this 5200 square mile game preserve, the abundance of wild life overflows into adjoining territories, where, each fall, it lures many hunting parties.

Major Dugmore would probably commence his journey from Berg Lake, at the foot of Mount Robson, (11,972 feet), the highest peak in the Canadian Rockies. With him will be his wife and daughter, "Bobe" Dugmore. The latter is as keen a camera enthusiast as her father. Since her fourteenth year, she has been with him on his quest of game photography.

When he was seventeen, Major Dugmore had hunted with his rifle in Africa, Asia and America. He, however, holds no brief for the slaughter of game with firearms. The camera, he states, offers better sport, provides more effective and durable trophies and demands greater skill in stalking. The man who is taking pictures must be able to creep close to his quarry and remain there, watching, waiting and unobserved.

The proportion of camera hunters going into the mountains in Jasper Park is steadily increasing. So much is this the case that Stanley Clark, guide and outfitter at Entrance, Alberta, now supplies each trail party leaving his "duke ranch" at that point with a moving picture camera with which they may film a record of their trip and of the wild life they encounter along the way.

Hydro is yours if you use it:

Mount Pleasant

Miss Dorothy VanTassel of Truro is spending her Easter holidays with her parents Mr. and Mrs. Walter N. VanTassel. She is accompanied by her friend Miss Jean Rudolph.

Mr. and Mrs. Frank Handsaker spent Easter with her parents, Mr. and Mrs. John Mailing, Bear River East.

Mrs. Brenton Chipman of West Saint John is the guest of her parents, Mr. and Mrs. Howard Forrest.

Mrs. William Graves of Saint John is the guest of her grandmother, Mrs. Lucy Woodworth.

Mrs. Gordon McDonald and children spent a few days with her parents, Mr. and Mrs. Hayes VanTassel at Culloden.

The Misses Kathleen and Frances Thibault of Liverpool spent Easter with their grandmother, Mrs. Aubrey Post.

Miss Ella Bain spent the Easter holidays with her brother, Mr. Edman Bain at Port Wade.

Miss Fanny Hutchinson is spending a week with friends in Digby.

Corberrie

Ernest Melanson spent Easter Sunday with his friend at Concession.

Our teacher, Miss Madeline Comeau, after spending the Easter holiday with her parents at Weymouth, has returned to resume her duties.

Misses Emma Melanson, Marguerite Lombard and Emilie Bibeau, teachers at Meehan Centre, Sault Ste. Marie, and Doucetteville enjoyed the Easter vacation at their respective homes here.

Ben Gaudet and his daughter Margaret attended the Holy Week Services at Concession.

C. F. Sabean, Dwight Sabean and Louis Gaudet of New Tuskert passed through here on Monday enroute to Forest Glen.

Mr. and Mrs. Roger Melanson and daughter, Therese motored to Comauville on Saturday to visit her parents, Mr. and Mrs. Zozime Comeau.

Martin Lombard arrived home on Wednesday. Mr. Lombard was employed at Oxford, the last four months.

Frank Binn motored to Weymouth on business on Friday.

Minot Mullen and his son were in the village on Friday.

Culloden

Mrs. Gordon McDonald and children of Mount Pleasant spent a few days this week with her parents, Mr. and Mrs. M. H. VanTassel.

Our teacher, Miss. Clarke spent the Easter vacation at her home in Granville. She was accompanied by Miss Mildred Stark.

Miss Lizzie VanTassel of Mount Pleasant spent the week end with her aunt, Mrs. Howard.

Miss Doris Ross spent Monday with Miss Kate VanTassel, Mount Pleasant.

Miss Mary VanTassel spent last week with relatives in Mount Pleasant.

Must Men Fear Middle Life?

If Past Forty Years Old You Should Read This

It is claimed that practically 65 percent of all men past middle life are afflicted with Bladder Weakness or Inflammation, Urinary Irritation and Prostatic Troubles.

These conditions are now the accepted cause for many of the annoying ailments commonly associated with advancing years—such as aches to back, feet, legs and down through groin; frequent but scanty and painful urination; getting-up-urges; nervousness and loss of vitality.

While it is true that these bothersome, often embarrassing and frequently painful ailments do come to a large majority of men past middle life—it is not true that this is a natural handicap of advancing years, and here's a simple home test to prove it!

Without slightest risk of cost unless pleased with results, obtain from your druggist a package of Dr. Southworth's "URATABS" (a wonderful prescription used in the Doctor's private practice for over 40 years) and take them regularly according to directions for the full 10 days. Then, if you are not satisfied "URATABS" are just what you more than anything you have ever used—the drug that who supplied you is authorized to cheerfully return the small price you paid. If "URATABS" bring you swift, certain, lasting comfort—your supply will be pleased. If they do not satisfy, they cost you nothing.

RED ROSE TEA "is good tea"

The Orange Pekoe, at a little extra cost, is extra good
In clean, bright Aluminum

Port Wade

Miss Margaret Lant, teacher at Port Wade, spent the Easter holidays with Mrs. Robert McCraith.

Visitors here for the week end were Miss Elizabeth McWhinnie of the Digby teaching staff at the home of her sister Mrs. Watson Anthony; Miss Anna Hayden, accompanied by Miss Wymann of Yarmouth, visiting Mrs. Ralph Hayden.

James Snow, who has been to Saint John on a business trip, returned on Friday.

After a short vacation with Mr. and Mrs. Edward Bain, Miss Ella Bain left on Monday for her home in Saint John.

A church Social was held on Tuesday evening at the home of Mr. and Mrs. Howard Burke.

Miss Lena Keans of Wolfville has been spending a week with her parents, returning to Acadia on Thursday.

An Easter Concert was given in the Baptist church on Sunday evening, by the younger members of the Sunday School. The gladness of the Easter season was characterized by the children in exercises, recitations and choruses. The closing program by twelve young ladies, showed careful preparation and received favorable commendation. The choir also assisted with three fine selections. The Easter offering was given for Foreign Missions.

Oil to Defiance Factory

Mr. H. T. Warner, who controls a factory branch agency of the Century Motor Co., manufacturers of Defiance Trucks, is off to Ohio this week to visit the factory and arrange for shipment of regular orders of trucks, so that orders can be quickly filled. Mr. Warner will visit Detroit also, while away, Mr. Hubert Warner has opened an agency for the Whippet car in Digby and Mr. Warner Sr. will visit that factory in Detroit.

Canadian National Railways Earnings

The gross earnings of the Canadian National Railways for the period ended March 31, 1928 were \$7,234,125.00 as compared with \$6,771,247.00 for the same period of 1927, an increase of \$462,878.00 or seven percent.

Local and Personal

Mr. and Mrs. Paul R. Morgan, Salmon, B. C. announced that their daughter arrived safely home from Babyland, March 27th, weight 8 3/4 lbs.

Carelessness in the woods has cost Canada untold millions through forest fires, which have destroyed 60 percent of the original forest.

Mrs. G. E. Torrie left on Monday for Hantsport, called there by the illness of her father, Mr. Lawrence. Mr. Lawrence has been suffering from poor health all during the winter, and Mrs. Torrie had only recently returned from a visit to him at which time his condition was much improved.

It takes a saw log half a century to grow. Better protect the trees we have until mature, then start new trees from seedlings after the present remaining forests have been destroyed.

Scattered showers on Easter Sunday did not spoil the Easter Parade. Morning services at all churches were bright with new hats and costumes.

The "Old Bus" has a good engine, the upholstery is in fine shape, there isn't a knock or a squeak anywhere, but the fuses isn't what it might be. Problem—Will we buy a new car, or will we give it a coat of Duco. Guess we'll try Duco. Saw a couple of jobs that they did down at Warner's and they're fine. Look like this season's models. Nice and bright in the day time, and they don't look bad at night. It don't cost much either, considering what it is worth to have the "Old Bus" going good, and perhaps it better be done right now, before the roads are opened up good. Better call up Warner's and have their service men take a look at the car.

USE IZAL

Farmers use IZAL disinfectants in their barns. IZAL is the official disinfectant of Health of Animals Branch Department of Agriculture, Ottawa. Order now from authorized dealer.

YOUNG WOMEN SUFFER MOST

These Two Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Ayer's Cliff, Quebec.—"I have been teaching for three years, and at the end of the year I always feel tired and have no appetite. I was a full sick each month, but having pains in my back until sometimes I was obliged to stop working. A friend recommended Lydia E. Pinkham's Vegetable Compound to me and I heard many women telling how good it was so I thought it would help me. And it did. Now I take six bottles every year and recommend it to others."—DORLEA FANTAUZ, Ayer's Cliff, Quebec.

"Unable to Work"
Canning, Nova Scotia.—"I had irregular periods and great suffering at those times, the pains causing vomiting and fainting. I was teaching school and often for some hours I was unable to attend to my work. Through an advertisement in the papers I knew of Lydia E. Pinkham's Vegetable Compound, and it has been of great benefit to me, the troubles being completely relieved."—LAURA J. EATON, Canning, King's County, Nova Scotia.

Best for all household purposes
Quaker Flour
Always the Same Always the Best
Highest quality proven by milling and baking tests. Preferred by all home bakers who know it, for they can depend upon it.
Money back if Quaker Flour does not give you the utmost satisfaction.

THE DODGE STANDARD SIX
GETS AWAY QUICKER AND GOES FASTER STAUNCH AND DEPENDABLE

Flashing suddenly into the American market, the Dodge Standard Six has swept instantly forward to spectacular success. . . . Not alone because it is the fastest Six in its price class, but also because it possesses more style, luxury and roominess.

And because it is Dodge-staunch and Dodge-dependable; built to carry one horsepower for every 47 pounds of car weight! A fact that explains its amazing speed, pick-up and power on the hills.

Drive this remarkable car today and you will understand why its performance is the talk of the country.

Preparations for the Scouts Spring Social were made at the regular meeting of Digby Troop on Friday night. It was decided to hold the social on April 20th.

The general business of the Troop proved most interesting to two visitors who attended, and they were most interested in the tests. Two scouts were passed for their running test. Guy Morehouse had the winning essay on the Squirrel, for the Beaver patrol. Next week's essay is on the Puma.

Webster Dunn and Stanley Videto were admitted as probationers, to be taken on the strength when they pass their tests.

She Missed It

House Cleaning Time is the Time for New Floor Coverings

Just at house cleaning time Roop's have received the Spring shipment of Dominion Oilcloths and Linoleums. The packages were opened up on Wednesday and are now ready for display. The patterns, both in linoleum squares and turning yards follow the new vogue for colorful floors, bright, attractive patterns predominating, in both floral and block designs.

MARRIED At the Methodist Parsonage on Wednesday April 11th, Rosalie Vianette Elzner to Benjamin B. Thibault.

Power Board Crews Are Busy**Survey Starts on Digby Neck Hydro Line**

Engineer McCullough in charge of construction of the Digby County Power Board, who has been surveying the pole lines for the Clare extension of the Power Board service, has completed that section of the work and this week commenced the survey of the pole line down Digby Neck. He and his assistants are being welcomed as the first visible sign that the line is really going to be built, and their appearance on the ground has laid a number of rumors, directed at the Power Board, that there was no likelihood of the work being done this year.

As soon as the survey is made, setting out the poles will commence, and the work will be rushed along in hope of having electricity to Freeport in time for Old Home Week.

Full House At County Gaol

For the first time in five years gaoler Smith has had a full house at the County Gaol. On Tuesday night in addition to three prisoners two men applied for refuge.

Digby Agricultural Society Gets New Jersey Bull

A new Breeder for Digby dairy herds was landed at Digby yesterday, Roseland Silver Dollar, a pure bred Jersey from Roseland Farm, Edward Rose, Farmouth. The breeder will be kept at the farm of Curtis Young, Lighthouse Road.

The new bull comes well recommended. He is T. B. Tested. His dam milked 50 lbs. per day as a four year old and has a milk production record of 10,000 lbs. Her milk test is 5.34 butter fat.

This new bull should prove a valuable addition to the herds of the County. It was bought by the Digby Central Agricultural Society.

Digby Gets A New Family

In the removal to Digby of Mr. L. W. Hudgins, of Kingston, Digby receives an addition to its population. Mr. Hudgins has located here to carry on his painting and decorating trade and his family will join him about the first of May. As a painter and decorator Mr. Hudgins is acknowledged to be a first class workman. Already many Digby homes have shown the touch of his master craftsmanship, notably the Faust bungalow up on the hill, the pride of the owners and the envy of their friends. Mr. Hudgins has also for many years, done the principal decorating at the Pines Hotel. The departure from Digby of Mr. C. E. Woodman was looked upon by Mr. Hudgins friends as an opportunity for him to settle here in a good town, and he abided by their judgment.

Local and Personal

Mr. Fred Robinson, of Art's Spa, returned on Tuesday from a winter visit to Boston, where he was accompanied by Mrs. Robinson. Making their headquarters with their daughter, Mrs. Turnbull, they took side tours through New England and New York State and down to Philadelphia. Mrs. Robinson will be home about May 1st.

Mr. and Mrs. W. K. McKee, of New River, N. B., who have been the guests of Mr. McKee's parents, Mr. and Mrs. Stephen VanTassel, are rejoicing over the birth of a daughter.

The Ladies' Hospital Sewing Circle was held at the home of Mrs. A. A. Shortliffe on Wednesday, where an enjoyable 10c tea was served to the 24 ladies present. The next circle will be held at Mrs. Oswald Wright's, King Street.

Canadian National and Halifax Hotel

Board Believes it Acted Wisely to Protect Company's Interests.

The following official statement on Halifax Hotel situation was recently issued at the Canadian National headquarters, Montreal: "In 1926 a plan which had been privately promoted for the erection of a modern hotel at Halifax was presented to the Board of Directors of the Canadian National Railways for consideration. The plan proposed was found to be unsatisfactory in its method of finance and was rejected. The need of more modern hotel facilities at Halifax was, however, apparent to the Board, and it was recognized that with the establishment in the winter of 1927-28 of the new and important services of the Canadian National steamships between Halifax and the West Indies, this need would become still more pressing. Protracted negotiations ensued between Halifax financiers and the National Railways in an effort to arrive at a satisfactory plan whereby the Canadian National Railways might participate in the promoters' undertaking, although the inclination of the Board was that the Railway should construct and own its own hotel at Halifax. After negotiations had been in progress for some time the Canadian Pacific Railway was invited by the promoters to participate in the enterprise, but no decision was reached by the Board of that Company until September 26, 1927, when the Canadian Pacific decided to take up \$350,000 of the preferred stock of the hotel enterprise. More than two months prior to this action by the Canadian Pacific—on July 14, 1927—Col. J. L. Ralston, Minister of National Defence, had announced that the possibility of the Canadian National Railways participating financially in the building of a hotel by Halifax promoters had been considered by the Cabinet and that approval would not be forthcoming for the purchase by the C.N.R. of minority shares in a privately financed hotel without the direct authority of Parliament. On July 20, 1927, the Canadian National Railways announced that an appropriate amount would be included in the annual Railway Budget to be submitted to Parliament for the provision of hotel facilities at Halifax. On Sept. 23, 1927, further representations that the Canadian National Railways should purchase preferred shares in the privately promoted Halifax hotel were considered by the Cabinet, and Col. Ralston announced that the decision of the Cabinet had been reached on July 14th and emphasized that the Canadian National Management to include in the provisions for 1928 a railway terminal hotel at Halifax. The decision of the Canadian National to take up the preferred stock of the Hotel Company was made by the Executive Committee of that Railway three days later. The new combined station and hotel of the Canadian National Railways at Halifax, upon which foundation work is proceeding, is admirably situated to serve the transportation needs of the community, being on the ocean terminals, and immediately adjoining the present station site of the National System. Ample land was available without additional cost. The hotel is to have one hundred and sixty rooms with an intimate capacity of three hundred rooms. Authority is asked this week for the expenditure of \$1,250,000 and the Board of the Canadian National Railways believes that it has acted with wisdom and followed that course which was essential for the protection of the Company's interests."

Vendor - Recovered From Illness

Vendor Rufus Conners, who has been confined to his home suffering with recurrence of a war time disability resulting in temporary loss of speech is so far towards recovery as to be able to be out again.

In order for pupils to make satisfactory progress and entitle them to promotion at the end of the year, regular attendance and careful home preparation of work must be observed. Parents who desire their children to "pass" must be willing to see that these regulations are carried out during the present quarter.

Delegates to National Liberal Women's Convention At Ottawa

Mrs. F. A. Graham and Mrs. L. J. Lovett, Bear River, left on the Empress on Saturday enroute to Ottawa to attend, as delegates from Digby County, the National Convention of the Liberal Women's Association. They were visitors in Montreal over Sunday.

Mrs. Lovett will go to New York from Ottawa to visit friends before returning home.

Board of Trade Meeting Adjourned Lacking a Quorum

A regular meeting of Digby Board of Trade was called for Tuesday night. Six members responded to notices issued by the Secretary. Lacking a working attendance the meeting was not called to order and no business was done.

Time For Road Machine

The high winds have thoroughly dried out the surface of Digby streets and a few days work with the road machine would soon put them into good shape. Most of the streets are rough and rutted.

Home From Winter Cruise

Major M. C. Denton and Mrs. Denton returned on Monday from a winter cruise to the Pacific Coast. Leaving New York their steamer went through the Panama Canal and up the coast to San Francisco and Victoria. There they left the ship and came home overland, arriving from Saint John on Monday.

Arrived! Tamarinds at Smallie's.

Mr. and Mrs. Goodwin Return From World Cruise

Mr. and Mrs. J. A. Goodwin, of Weymouth, who were on a round the world cruise on the Canadian Pacific Railway's steamship Empress of Australia, arrived in Yarmouth from New York Tuesday morning and proceeded by the D. A. R. to their home. Mr. Goodwin told of a few instances of the wonderful trip which both he and Mrs. Goodwin had so greatly enjoyed. Had it lasted until the 19th inst, they would have been absent from home exactly five months and during the trip they covered approximately 45,000 miles and were in twenty-nine different countries. They spent eight days in China, visiting Canton and other cities and were there just after the massacre of several weeks ago. He told of instances seen in that country which very much revealed the horrors of that affair and Mr. Goodwin remarked that the destitution there was decidedly deplorable.

Speaking of the weather and climate Mr. Goodwin stated that for about nine weeks when in Egypt and India it was terrific and many of the over 300 passengers on the ship suffered more or less severely therefrom. The temperature during the day was never below 110 degrees and at night it would drop to 80, but even then it was very difficult to get a comfortable night. Leaving the Far East the ship sailed for Hawaiian Islands and Mr. and Mrs. Goodwin were delighted with Honolulu and its surroundings. The climate there, Mr. Goodwin said, was only a degree or so warmer than we experience here, and the islands were among the most beautiful seen on the trip. From there the ship proceeded to San Francisco and other Californian ports, thence to the Panama Canal, from which place it proceeded direct to New York. Both Mr. and Mrs. Goodwin were this morning in exceptionally good health and Mr. Goodwin during the conversation remarked that they had been very fortunate throughout the entire trip. Even in the hot countries, where many of the passengers had been afflicted, they had been able to enjoy the whole time without the slightest inconvenience from illness of any kind.

At Weymouth Home For Summer Months

M. Jean de Peiffer, who for many years has been spending his summers at Weymouth, is expected to arrive from Boston today to open his summer home. M. de Peiffer is one of the early comers, always, and stays almost till the snow flies.

Waldec West

Mr. and Mrs. James Rosencrantz who have been spending the winter Mount Pleasant have returned to their home here.

Miss Alice Henshaw returned to Truro Wednesday to resume her studies at Provincial Normal College.

Miss Ethel Cress is spending a few weeks in Deep Brook.

Our teacher, Miss Adams spent the week end in Deep Brook with Mr. and Mrs. John Rawding

Miss Bessie Cress spent Saturday in Bear River

Alarm Over Scallop Dragger Was Unfounded

The Digby scallop dragger, Harvey and Ralph, Captain Casey, over which an alarm was felt because of her failure to return to port last Wednesday and for whom the Government steamer Arleux was ordered to make a search, was on Friday last reported as being at Mispec, on the New Brunswick coast. She has not yet returned to Digby.

It appears that Captain Casey had planned on going over to the New Brunswick shore to endeavor to locate new beds and the alarm over his non return to port with the fleet last Wednesday was unfounded.

"Come Out of The Kitchen" A Real Laugh

The amateur production of the farce comedy, "Come Out of the Kitchen" being prepared by a cast of local talent to be presented under the auspices of the Ladies Hospital Aid, is progressing well in rehearsal. Director Dillon has a splendidly selected cast, and the score is filled with laughs. It will be presented early in May, after Digby housewives have completed Spring cleaning, and are "Out of the Kitchen". Mr. Dillon takes the part of a Millionaire Northern, South for the winter, and he has been taking lessons from Mr. H. T. Warner on how to act the part.

Highway Board Tractor Grader Working Near Digby

The Highway Board tractor grader, which left Weymouth last week working east, started grading the roads leading to Digby this week. On Wednesday the section along Keen's bridge was being graded up, making a finished job from Yarmouth to Digby. District Engineer McKay is with the crew operating the grader.

Ray Holdsworth Loses Car

Ray Holdsworth lost his car in a fire on Tuesday night, when the engine backfired through the carburetor. Mr. Holdsworth and a companion were taking a little spin down the Neck Road. Near Jackson's crossing the engine started to act bad and about half a mile beyond the car burst into flames.

The fire was the final of a series of accidents. He crashed Bear River bridge once, had several collisions, and now the fire has solved the problem of whether to trade in or fix up the old one.

From New Zealand

The Editor acknowledges with thanks receipt of a pleasant letter from Mr. John Walters, of Hurworth, New Plymouth, New Zealand. Mr. Walters is our "farthest south" subscriber. The Courier comes to him weeks after its date of issue but is a welcome and eagerly looked for visitor. Mr. Walters' paper goes as a rule, to England and from there is forwarded by regular mails.

A remittance to cover "paid in advance" subscription was not the least enjoyed part of Mr. Walters' letter.

Mrs. E. C. Sollows was a visitor in Digby on Tuesday returning from Liverpool where she has been spending the winter.

Dependable Footwear

Soangetaha

The mid week meeting of the Soangetaha young people's group on Tuesday evening, was one of real interest and enthusiasm, there being considerable business on hand, many plans to be laid for future progress, and an excellent program.

After the conclusion of the business period the president Mr. Durant turned the program over to the leader of the Devotional Department, Miss Graham. The subject for the evening being "Clean Speech" the scripture reading was from Matt. 12 beginning at verse 33 and the hymns and prayers were along the same line. The President gave an interesting talk on "The danger of Slang and Cheap Talk."

Vincent Snow then made a well worded speech on "Which is the more harmful, to inflict a physical wound or to tell a false story about a person?" His treatment of the subject showed evidence of careful thought and received a round of applause.

This was followed by a reading "A Friend to Man" by Miss Evelyn Snow, and a few words of comment and a talk on "Honor" by Mrs. J. J. Wallis.

The program for May 1 is in the hands of Carlos Conell.

The Class Sing Song on Sunday evening at the home of Mrs. Wm. Snow was well attended as usual.

FRIDAY, APRIL 20, 1928

The Weekly Closing Day

There is a petition of Digby merchants filed with the Town Council asking that the Council arrange for a weekly closing afternoon during all the months of the year excepting July, August and December. In order to make such a regulation effective a bye law of the town would be required, this bye law to make it obligatory for all merchants to comply with the regulation. Exceptions can be made in the case of such stores as the Council may deem fit. A penalty for non observance would be required, else the bye law would be ineffective.

As compared to the proposals to close during the summer months this alternative scheme has many advantages. It leaves the stores open to serve a growing class of tourists and motorist trade, and at the same time provides for shop keepers and their staffs a number of pleasant afternoons off.

The proposal should be generally supported. Conversation with a number of merchants finds them favorable to the scheme and even the ones who signed the petition for

the summer closing would prefer this.

Care must be taken, if any more is to be made in this direction, that the regulation is approved by a large majority of shop keepers before it is given effect as a law. If it is unpopular the onus of its enforcement would cause friction and dissatisfaction and place upon the Council the responsibility of putting through a regulation contrary to the wishes of the people most concerned, and whose business would be directly affected. The buying public should also be concerned. Do Digby people do their shopping in the morning or afternoon? Do out of town customers come in for their supplies in the mornings, or do they come after dinner? What day would be the most suitable all round?

The Commercial Travellers' Association endeavors to get the store keepers to adopt Friday as the closing day. Travellers like to get home early for their week end, and if stores are closed anyway on Friday they do not miss much business. They, however, are not the principal ones to be considered. Wednesday appears to be the most acceptable day. Being in the middle of the week it makes an even break, gives staffs a mid week chance for recreation and perhaps is the day which would mean the least loss of business on one hand and the least inconvenience to customers on the other.

Given careful consideration it would appear that some scheme could be worked out which would be acceptable to all concerned.

TOWN OF DIGBY
A Public Meeting of the Rate-Payers of the Town of Digby
Will be held in the COURT HOUSE, Digby
on
Monday, 23rd April, A.D., 1928
at 8.00 o'clock, p.m.

To VOTE on the following Resolution:
"That the Town Council of the Town of Digby be empowered to borrow or raise on the credit of the Town a sum or sums not exceeding in all FIFTEEN THOUSAND DOLLARS for the following purposes, namely, for the payment of \$4,700 already expended on ELECTRIC LIGHT NEW CONSTRUCTION; \$3000 to complete the LOOP from WARWICK Street to the PINES HOTEL and LIGHTHOUSE Road and renew the existing line; and a further sum of \$7,300 to extend the line to POINT PRIM LIGHTHOUSE, and further extensions as may be deemed necessary by the committee.

Only those whose names appear on the Rate Book as Ratepayers for the year 1927 will be entitled to vote.

ALFRED BODEN
Town Clerk.

Digby, 10 April, 1928

Canada Forest Waste

Canada's forests are going fast. Yet how many people in this country betray any concern?

As long as Canadians pay no attention to forest facts, the mischief will go on.

Sixty per cent. of Canada's original forest wealth has been destroyed by fire!

Thirteen per cent. has been cut by axe and saw!

Twenty-seven per cent. is left as the capital to supply an increasing and an insatiable demand for lumber and paper and other products!

Twenty-seven per cent. In a few generations we have reduced our capital to 27 per cent. of the original. And what have we to show for it? We have some cleared agricultural land which once was forest, but this in the case of the best farming regions at least, was chiefly hardwood forest. Our cut-over coniferous forest area is largely rough, sandy, rocky land of little use except where minerals may have been deposited.

Canadians should think over these things. "Canadian Forest Week" is an effort to have them do so. It means much to the future of this country. Unless the remainder of our forest capital can be protected and wisely used, in twenty-five years, at the present rate of destruction by fire and axe, we will have used up all our valuable timber.

Forestry experts claim that if fire can be kept out, Canada's forest growth each year will provide all the timber and pulp wood required. The chief problem, however, is not how to fight fire, but how to prevent it. Every man, woman and child who goes into the woods should know the danger and feel the responsibility.

Hon. Charles Stewart, Minister of the Interior, is doing a national work in organizing the fight against forest fires. The people of Canada could do infinitely more, however, by exercising care to prevent them.

The Vote for Electric Light Improvements

On Monday evening a ratepayers' meeting will be held in the Court House to vote on a resolution authorizing the borrowing on the credit of the Town "a sum, or sums, of not more than fifteen thousand dollars." This amount to be used, as set forth in the resolution to: "Payment of \$4,700 already expended on electric light new construction.

\$3000 to complete the loop from Warwick street to the Pines Hotel and Lighthouse road and renew the existing lines.

"And a further sum of \$7,300 to extend the lines to Point Prim Lighthouse and further extensions as may be deemed necessary by the committee."

The three items are lumped together to cover a total of not more than \$15,000, and are commended to ratepayers as being necessary and of advantages if the full development of the Town's distribution system is to be attained.

It must be understood that the issue of debentures by the Town for this purpose will not add in any way to the existing tax rate or increase the expenditure of town funds to any extent beyond the difference between the cost of the present street lights beyond the Racquette bridge and those which it is intended to install. The \$15,000 will be a charge against the earning power of the electric light service, and of that only. The new development will be self sustaining, or nearly so, and no resident of Digby will be called upon, as a tax payer, to contribute a single cent towards the financing or maintenance of the new or improved service. Users of the lights, as at present, will pay for it. This should be clearly understood.

The amount of \$4,700 to cover payment for work already done needs no elaborate explanation. When the system was reconstructed the amount of salvage did not come up to expectations and in order to make all of one standard the estimate over ran by that amount. This was considered in setting the rates for service and to date charges for oper-

KING
COLL
Coffee
at all Grocers
7-27-50

ation, maintenance and sinking fund have been provided for, with a balance to credit of electric light account which almost warrant a decrease in the rate.

The amount set out as to be used for construction of a loop from Warwick street to the Pines Hotel and Lighthouse road and to rebuild the present lines is clearly a necessity. The loop will run across Victoria street, giving a two-way feed line to the section of the town reduce possibility of accident shutting off the service. It will give direct service to the Pines Hotel and Lighthouse road section, revealing the main line load and in every way be an improvement. Reconstruction of the Lighthouse road section was planned for when the work of reconstruction was begun. It was not included in the first estimate as it was felt that too much should not be undertaken in one season. It is now time it was done, so that the Pines and other users beyond the Racquette Bridge will have service equal to users in town. They pay equally and are entitled to it.

The extension to Point Prim Light is a development which the Town can best look after. The Lighthouse will be equipped with electric light and electric fog alarm and will be a good customer. Along the route are sufficient users to warrant the line being run and particularly from Bay View there are a large number of requests for service.

According to figures worked out by Superintendent Campbell the increased consumption of electricity will more than cover interest and other charges in connection with the construction of the whole scheme is recommended to favorable consideration of the ratepayers.

In the interest of civic development, as a mark of progress and for the good name of the Town it is to be hoped that a large attendance of ratepayers will ratify the resolution in order to give the Council a clear understanding that all are in favor of every possible means of improving the public utilities of the corporation.

Local and Personal

Miss Helen Blackford, R. N. of Tiverton is relieving Miss Gulliver, Victorian Order of Nurses, district nurse, who is visiting in Saint John.

Members of the Legion are holding a special meeting tonight, when a "Chicken Drawing" will be held. The regular meeting, scheduled for last night was postponed.

C.P.R. steamer Empress, of the Saint John-Digby ferry route is undergoing annual inspection. She is replaced on the service by the Prince George. Captain McKinnon is in command.

Miss Florence Wallis, who has been spending the Easter recess at the home of her parents, Mr. and Mrs. J. J. Wallis, returned to Provincial Normal College, Truro, on Monday. She was accompanied by her brother, Mr. MacNaughton Wallis, who spent several days in Truro and Halifax before returning home.

A most enjoyable Afternoon Bridge and Pantry Sale was held at the home of Mr. and Mrs. Lindsay Kirkpatrick, Hawthorn Villa, on Saturday afternoon, under the auspices of the Victorian Order of Nurses. Tea was served from five until six o'clock. The proceeds of the affair amounted to nearly forty dollars. Mrs. Kirkpatrick and Mrs. George Turnbull, convenors of the committee in charge were ably assisted by a number of the ladies of the Order.

A Well Earned Honor

Patrons of the Dominion Atlantic Railway will join with the personnel of the Road in extending to General Manager George E. Graham on his election to the Vice Presidency of the Dominion Atlantic Railway Company. Mr. Graham's new title is Vice President and General Manager, and it is hoped that large powers will enable him to carry out his ideas for the development of the roads. Coupled with the announcement of Mr. Graham's election is that extension rebuilding of the road bed will be undertaken during the coming summer and heavier class of rails laid to replace present equipment.

This will make the Dominion Atlantic Railway road bed equal in standard to that of the main line of the Canadian Pacific Railway, and is perhaps the first start on connecting the Land of Evangeline Route as a part of the Trans Canada system.

In line with tourist traffic development the contract for the New Pines will be set shortly and in this programme is included the improvement of the Grand Pre Park.

All combine to promise a busy season of construction along the whole line of the railway and make a happy inauguration of Mr. Graham's new duties.

MORSE'S TEA can now be obtained from your grocer in 2 lb. tin canisters. These canisters are especially made for J. E. Morse & Co. and they will be much prized by housekeepers who are looking for a tea container that is the very last word in its class. There should be a very large sale for this new 2 lb. tin. The price is the same as in packages.

On His Way Home

J. L. Peters of Digby, who has been spending the winter in California, is visiting relatives and friends in Boston and expects to be home in the course of two or three weeks.

Mr. Peters made his headquarters in Los Angeles, enjoying side trips to Santa Barbara, Hollywood, San Diego, Catalina Island and other places in Southern California, and reports that his visit was a thoroughly enjoyable one. He returned to New York on S.S. "Manchuria" by way of the Panama Canal, a sixteen days' trip.

Weymouth North

Mrs. Frank Toomey and family of Kentville are visiting her parents, Mr. and William Amoro.

Mr. and Mrs. G. D. Campbell who spent the winter with Mr. and Mrs. G. D. Campbell Jr. have returned to their own home.

Mrs. Gladden Campbell and little daughter Margaret, recently returned from a visit to Saint John.

Capt G. W. Brooks and Robert Hankinson spent the week end at their homes here.

The Pathfinder C.G.T. group met with their leader, Mrs. M. B. Whitman on Friday evening.

Miss Constance Carr, who spent the winter in New York has returned and opened her home "The Elms" for the summer.

Colin Campbell and Morris Taylor who spent the Easter vacation at their homes here returned to Kings College school, Windsor to renew their studies.

Miss Helen Sabean of New Tusk, returned on Friday.

Mr. and Mrs. Leslie Ruggles are receiving congratulations on the birth of a daughter on April 12.

The Ladies Auxiliary of the Baptist church held a five o'clock tea at the parsonage on Tuesday afternoon.

Gas in the Stomach Is Truly Dangerous

Gas, Pain, Bloating and a feeling of fullness after eating are almost certain evidence of excessive hydrochloric acid in the stomach.

Too much acid irritates the delicate stomach lining, frequently causing chronic Gastritis and dangerous Ulcers. Food ferments and sours, forming a gas that distends the stomach and often seriously affects the heart.

It is genuine folly to neglect such a condition or to treat with artificial digestive aids that cannot neutralize the stomach acid. A better way is to get from your druggist some Bismarck Magnesia (powder or tablets) and take a little after each meal. This famous but simple and inexpensive stomach sweetener and anti-acid can be depended upon to prove its value in less than five minutes. In most instances, relief comes instantly! Pleasant and perfectly harmless to use—Bismarck Magnesia does give wonderful relief in nine out of ten cases. Ask your Doctor or Druggist.

Waterford

Mr. and Mrs. Wallace Raymond have arrived home from Los Angeles, where they have been spending the winter.

Quite a number of people from here attended the baptism at Little River, Easter Sunday.

Mr. and Mrs. Elwood Tibert of Central Grove, spent the week end in this place, where they attended the funeral of the latter's mother, Mrs. Frances Sanderson.

Mrs. Frances Sanderson passed away April 12 at the ripe age of 89 years. She is survived by a large family of children, grand children and great grandchildren. Her husband predeceased her many years ago. Possessed always of a cheerful disposition her cheery words and kindly smile will long be remembered by her friends and neighbors. We extend sympathy to the bereaved ones.

Little River

Harvey Denton of Acadia University spent the Easter holidays with his parents Mr. and Mrs. Thomas Denton.

Howard Morehouse who has been in Boston for the past two years will spend three weeks with his parents, Mr. and Mrs. Charles Morehouse here.

5 Mrs. Omer Denton was "at home" to a large number of friends on Tuesday evening. A pleasant time was had by all.

Mrs. Hamilton Nulien who spent a week with her sister, Mrs. Omer Denton, has returned to her home in Weymouth.

Miss Kinsman our teacher spent the holidays with her parents at Port Lorne.

Fred Tibert has returned from Saint John.

Mrs. Timothy Denton went to Digby Monday and returned the same day.

Mrs. Lloyd Denton and son Allison who spent Easter with her parents, Mr. and Mrs. William Denton, have returned to their home at Westport.

Millions and millions of dollars' worth of wealth belonging to the people of Canada have been lost because men thought camp fires would burn out by themselves. Sometimes they do. But if they don't we pay dear for it.

Brother George Murray, Nova Scotia's oldest Good Templar (and one of the oldest in continuous membership in the world) remembered the editor with an Easter Card and also a snap shot of himself, for which we return our thanks. Bro. Murray, who is 87 years old, writes that he is interested in The Templar each month and that old Athena Lodge No. 1, is still holding its own.

The new Estonian Government has decided to fight energetically against liquor smuggling and to enforce strictly the provisions of the international convention of Helsingfors for the repression of smuggling. It desires, moreover, to come to an agreement with Finland for the supervision of suspicious vessels in the Gulf of Finland. A similar arrangement exists between Finland and Sweden for the supervision in the Gulf of Bothnia.

The Working Man's Enemy

I say here, as a Labour representative, that but for drink being the mistaken medium of hospitality, the delusive sign of personal generosity, it would have been as much denounced, abandoned, or tabooed as surfeit gluttony and abuse in other things have secured in the minds and at the hands of cultured people. The drinking habits of the poorer classes have everywhere contributed to their political dependence, industrial bondage, personal debasement, civic inferiority, and domestic misery. The tavern throughout the centuries has been the ante-chamber to the workhouse, the chapel of ease to the asylum, the recruiting station for the hospital, the rendezvous of the gambler, the gathering ground for the goal. There is no class in ancient, nor any section of modern society on which the evil of drink or the scourge of drunkenness has so mischievously impressed its destructive effect and sterilising influence than on the class who can least resist it—the industrious poor, the working classes, on whom the lot of manual labour falls. Of all sections of society, the working class, the most important, because the most numerous, feels with cumulative effect, because otherwise burdened, the terrible handicap that drink imposes on them in the race of life. "Slow rises worth by poverty depressed" under the best conditions. With Bacchus as their friend, and Silenus as their guide, there is but one path for the poor to follow, and that the downward one. "Drinking is bad enough in the prosperous well-fed and ignorant upper classes—who can mitigate its heavy drain upon their health, strength, and resources by rest, change, and counter-attractions. But on the poor it is an additional load piled upon their own backs, too often by their own hands, and nearly always at the time they are least able to bear it. From their strength as a class, from their powers of endurance as individuals, and from their capacity as craftsmen it is a never-ending drain. Every workman ought to decree that liquor is useless and dangerous and ought to be abolished. For let him look what it does—John Burns, ex-M. P.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back its Beautiful Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur changes its appearance a hundred-fold. Don't say gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Weyth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

An Oatmeal Feed!

Just what Baby Chicks should have

No wonder baby chicks thrive so heartily on Quaker Ful-O-Pep Chick Starter. The base of this remarkable feed is good pure oatmeal—just the thing for tiny, tender crops. Combined with the oatmeal are Cod Liver Oil and Cod Liver Meal, together with essential minerals and other valuable ingredients. All thoroughly and accurately mixed! All ready for feeding, just as it comes from the sack.

Chicks grow faster, stronger, and resist unfavourable weather when you give them this wholesome oatmeal-base feed.

Where the New Dodge Standard Six Is Produced

Prohibition to Stay

There was no doubt whatever that Prohibition had come to stay in America, and no matter what movements were going on in the United States for its abolition, the 18th Amendment would never be got rid of, said the Right Rev. F. L. Deane, D. D. Bishop of Aberdeen and Orkney, on 12th March, in an address delivered at a luncheon of the Glasgow Branch of the National Commercial Temperance League.

Employers of labour in America favoured Prohibition, even if they did not practise it, because of the effect it was having in increasing production and efficiency; tradespeople approved of it because of the expansion of trade which had followed its introduction; and the women of America, who exercised a great influence on public opinion were on the side of Prohibition not only because it made their womenfolk more manageable but because it gave them better husbands, sons and brothers. With one great and one minor exception the churches favoured Prohibition, and the politicians, who were not all teetotallers, might be depended upon to vote in the orthodox fashion for Prohibition because they dare not do otherwise. And, last of all, the people connected with the bootlegging industry were Prohibitionists because their industry depended upon it. Whatever view might be taken as to the wisdom of Prohibition, said the Bishop, no one could regard it as a failure.

THE BLACK SIDE

There was another side to Prohibition, he continued, and it would be disingenuous on their part if they ignored it. There was largely in the country a contempt for the law which grated upon British sensibilities, and there was a good deal of hypocrisy. In America a visitor noticed at once that people were more afraid to express their opinions than they were in this country, and more especially with regard to Prohibition. He would not give anyone away, but it was rather a shock to find people drinking whiskies and sodas in a bedroom before a public luncheon, and this was a very common thing everywhere. There was also the existence of one law for the rich and another for the poor. In Chicago they had "Big Bill" Thompson, the Mayor, defended by soldiers and anti-aircraft guns because he had quarrelled with one faction of the bootleggers. There were a million of America's youth at the colleges; with all the flamboyant spirit of youth they had a good deal of drinking among young men and women.

When they came to strike a balance as between the evil on the one side and the good on the other, he could not help thinking, said the Bishop, that at the present moment the balance did lie most strongly on the good side. Everyone interested in Temperance must be encouraged by the one fact alone that the whole of the Anglo-Saxon Western world had condemned the drinking bar and swept it away.

Millions and millions of dollars' worth of wealth belonging to the people of Canada have been lost because men thought camp fires would burn out by themselves. Sometimes they do. But if they don't we pay dear for it.

SCOUT NOTES

Do A Good Turn Every Day

Thirty three scouts attended the Social held in their headquarters last Friday night. The first part of the evening was devoted to indoor sports, novelty races, running races and three legged race.

Supper followed and then came songs selected by the groups.

After this Mr. Wallace Seantlebury, of Charlottetown, gave an exhibition of Indian Club swinging, mat work and trick rings.

The last item of the program was a basketball game between selected teams. Then came a feast of fruit and the meeting closed in regular form.

The Scouts felt that they learned a few wrinkles from their visitor's exhibition and extended their thanks.

SEA BROOK

Alton Gibbons has gone to the United States for several months.

Rev. W. R. Ramsay will preach in the Roxville Baptist Church on Sunday April 22nd, at 3 p. m.

Edward Budd spent Sunday with William Forter.

Mrs. Frank J. Muise spent several days last week with friends at Centreville.

Mr. and Mrs. William J. Hutchins and little daughter Gwendolyn, spent Sunday in Gulliver's Cove the guests of Mrs. Chester Haight.

Mr. and Mrs. Oscar A. Roberts and children spent Sunday at Lansdowne, the guests of her mother Mrs. George Banks.

We are glad to report Mrs. Lotie VanTassel is now able to be around again.

Miss Nina B. Budd has returned to Saint John to spend a week.

Dame Rumor says wedding bells will soon be ringing in this place.

LADIES' SPRING COATS AT WRIGHT'S

WRIGLEY'S
The cool, comforting flavor of WRIGLEY'S Spearmint is a lasting pleasure.
It cleanses the mouth after eating—gives a clean taste and sweet breath.
It is refreshing and digestion aiding.

East Waldeck

Arthur Johnstone, who has been working in Middleton the past month, returned home last Friday.

Mr. and Mrs. Harry Potter left for Brookline, Mass., on Monday.

Mrs. Weir, who has been visiting Mr. and Mrs. J. E. Robbins, returned to her home in Digby on Monday.

Mr. and Mrs. Charles Eisner spent Sunday with their daughter, Mrs. Walter Berry, Clementsport.

Sorry to report Mrs. George Brown ill at time of writing.

Curtis Eisner spent last Thursday in Digby.

J. E. Robbins made a business trip to Digby on Wednesday.

Alfred O'Neill and Max Piggott, of Digby, were recent guests of Curtis Eisner.

Miss May Chute and James Robbins spent Saturday in Granville Ferry.

Mr. and Mrs. Gordon Kennedy spent Sunday in Deep Brook.

Freeport

Mrs. Belle Haines and daughter Maud, who spent the winter in Boston, has returned home.

Miss Evelyn Finigan, who has been attending College, spent Easter with her parents, Mr. and Mrs. Leslie Finigan.

Mrs. Gilbert Bates and Mrs. Emma Thurber spent Easter with friends at East Ferry.

Mrs. Ronald Outhouse has been spending the week with her father, Isaac Titus. Also Mr. Outhouse was a guest at the same home for the week end.

Kenneth Ellwell, of St. John, is the guest of Mrs. Charles Teed.

Mrs. J. York, of Bear River, was in town this week.

Sherman Thurber who is attending Business College in St. John, spent Easter with his parents, Mr. and Mrs. Horace Thurber.

Ralph Perry who has been spending the winter with his mother, Mrs. Seretha Perry, has returned to New York.

Mr. and Mrs. Bernard Bouchie who has been spending the past few months in Central Grove, has returned home.

Sorry to report Charles Haines and Mrs. Arthur Moore on the sick list, we wish them both a speedy recovery.

The death took place on the 2nd, of David Sullivan at the age of 77 years, he leaves to mourn one daughter, Mrs. Errom Thurber and one son William, with whom he resided, both of this place.

Also on the 9th Lemuel Prime passed away at the home of his son Charles. He was 89 years old and leaves to mourn five sons and four daughters who have our deepest sympathy in their great loss.

Every Man Past 40 Should Make This Test

For Amazing and Lasting Relief From Middle-Age Ailments That Cause Daily Annoyance and Sap Vital Force

No longer need men near or past the prime of life put up with those painful and often embarrassing conditions brought on by overworked, sluggish Kidneys, Bladder, Weakness and Prostate Gland Trouble, with their distressing symptoms of Lameness, Pains in back and down through urination, "Getting-up-Nights," Nervous Irritability and lack of force—because a ten-day test of Dr. Southworth's URATABS will convince the most skeptical of the value of this special treatment for their particular case.

Amazing testimony of Physicians and users gives convincing proof of the power of URATABS to restore Health and Strength to a weakened, inflamed or irritated Bladder and Urinary Tract. A multitude of alarming symptoms seem to quickly disappear—and you see and feel a truly genuine improvement often within two or three days. "No more Back aches, no more pain, no more embarrassment or Getting-up-nights. I now sleep soundly, and get up in the morning full of pep," thanks to URATABS!

While new to the general public, the wonderful value of URATABS has been thoroughly proven by nearly 40 years of successful use in the private practice of Dr. H. C. Southworth. And now any good druggist will supply them on a guarantee of satisfaction or money back. Try URATABS today.

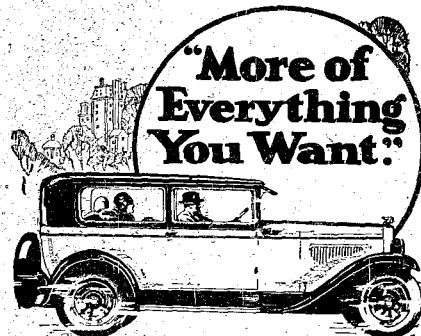

A pail of water costs nothing in Canada as a rule but the trouble of dipping it up, Put out your camp fire and help save Canada's diminishing forests. Twelve million dollars worth of timber is being burnt up every year simply for lack of a few pails of water at the proper time.

Dominion Atlantic to Improve Line

At the close of the annual meeting of the Dominion Atlantic Railway Company, held at Montreal last Thursday, it was announced by Mr. Grant Hall, President, that Mr. George E. Graham, General Manager of the line, had been elected Vice-President of the Company, and that hereafter his title would be Vice-President and General Manager.

This action, Mr. Hall explained, had been taken in recognition of the efforts of Mr. Graham and his associates, on the building up of an efficient and smoothly working transportation machine, under somewhat unusual and trying conditions, and also to strengthen his hand in the handling of the various matters coming up from day to day in operating a property somewhat isolated from general headquarters.

Mr. Hall further stated that it was the intention of the management to continue to extend and improve railway facilities, and that this year it was hoped to lay thirty miles of heavy rail and do considerable ballasting, also erect a new paint shop at Kentville, as well as a number of new stations. At Grand Pre the Gate House was to be enlarged and accommodation provided for tea and rest rooms. The interior of the Memorial Chapel will also be completed and arrangements made for the display of Acadian relics. A new station is also to be erected at that point.

The contract for the erection of the new hotel at Digby will be let shortly, and the work of the construction pushed forward vigorously during the season, in order that it may be ready for the reception of guests for the summer season of 1929.

The action of the Company, said Mr. Hall, in conclusion provides further evidence of its continued faith in the future of the Maritimes.

The Emperor of Japan is a staunch teetotaler. No liquor of any kind is served on the royal banquet table. His influence is having a good effect upon the young men of Japan. Three hundred special policemen, whose duty is to guard the palace precincts, have all taken the pledge, and nearly all palace employees are total abstainers.

OVER 75 YEARS OF SUCCESS

Poteen-Making

Forty persons were imprisoned and ninety fined for poteen-making in the Free State in 1927. The number of detections and seizures of illicit "stills" and the number of persons prosecuted were greater than in 1926.

The excise duty on whisky is a great temptation to the small farmers and others in the mountains and glens of the west and northwest of Ireland and the islands off the coast to try their hand at whisky-making. The heavy fines and imprisonment are now beginning to tell against that temptation.

Under the licensing act of 1924 certain areas are scheduled, and the sale of materials that could be used in the manufacture of poteen has to take place under license from the police. Nevertheless, the peasants manage to get supplies of raw material and to fit up new stills when their equipment is confiscated but police vigilance is making their task ever more difficult. Experience has shown the police that christenings and weddings are often preceded by a "run" of poteen for the celebration, and they are on the watch when any such event is expected in the scheduled areas.

By watching the travelling tinkers they also find out replacement of equipment and make seizures. The fact that the number of seizures is much greater than the number of detections is due to the ingenuity of the poteen makers, who select bogs or other common property for their operations so that ownership cannot be established. They are as ingenious as bootleggers, but their occupation is becoming more and more difficult with church and state against them.

If pipe ashes burn the palm of your hand they are hot enough to set fire to the bush. Watch out. It doesn't take much to start a million-dollar fire some times and places. Once burnt over a forest area may be useless for generations.

Unusual Situations In "My Best Girl"

Mary Pickford's latest film offering, "My Best Girl," which comes to the Bijou Dream Theatre next Monday and Tuesday has dozens of unusual features that should commend it to picture fans. Some of these are:

The shortest street railway in the world—25 feet long.

A huge "downtown" street scene, covering two blocks, in which nearly a thousand extras were employed.

"Close-ups" of almost stereoscopic quality—an effect produced by the "Rocher-Kiss Portrait Lens," invented by the star's cameraman, Charles Rosher.

A mammoth 5-and-10-cent-store scene, in which 20 truckloads of typical "five-and-dime" merchandise, representing more than 300,000 individual articles were used to adorn the store counters and shelves.

The stock clerk in the film, William Courtright is the only "covered wagon" pioneer in pictures, having crossed the plains in 1855 with an ox team.

An exact duplicate of the famous Willard Straight home in New York, said to be the finest example of Georgian architecture in the country, was built and equipped with Colonial furniture, including some of Miss Pickford's own historic pieces.

Centreville

Mrs. Tuttle Graham, who spent the winter with her daughter, Mrs. L. Everett, Dorchester, Mass., has returned home.

Mr. and Mrs. Fred Morehouse are receiving congratulations on the arrival of a son recently.

Mrs. Alma Titus arrived home from Halifax last Wednesday and will spend the summer with Mrs. Rachel Morehouse.

Mrs. A. Gidney who spent the winter with her son in Texas has returned home.

Miss Ruth Little of Chagoggin, Principal of the school here, has resigned and Mrs. T. A. Whitman of Annapolis has taken her place.

Boyd Wentzel of Rosway and Miss Pauline Cossett of this place were united in marriage on Saturday evening the 14th at the Baptist parsonage, by Rev. R. M. Ray. They were attended by Mr. Kenneth Cossett, brother of the bride and Miss Ruby Morehouse.

Misses Reta and Helen Morehouse have gone to Sandy Cove, where they are employed for a few weeks.

Allison Morehouse spent Easter at Sandy Cove with relatives.

Austin Morehouse of Sandy Cove spent a few days last week with relatives here.

We are sorry to report that Miss Rena Shaw who has been teaching at Riverport had to give up her school on account of ill health.

Mr. D. Farnsworth passed away at his home on Friday morning 13th, after an illness of two years. He leaves to mourn, a widow, five sons, Walter, Wilfred and Elwood of Prince Albert and Leigh at home, and Harold of Toronto; one daughter Mrs. Oakes of Lynn, Mass., one sister Mrs. Celia Hall and one brother, George, both of Lynn, Mass.

TO WOMEN OF MIDDLE AGE

Mrs. Wilson's Experience a Guide to Women Passing through the Change of Life

Hamilton, Ontario.—"I have taken several bottles of Lydia E. Pinkham's Vegetable Compound. I cannot speak too highly of it as I went through the Change of Life and was all run-down and had no appetite. I was very weak and sick, and the pains in my back were so bad I could hardly move. I got very sad and did not have a friend on earth. I did not care if I lived or died. I was very nervous, too, and did not go out very much. A friend advised me to try a bottle of Lydia E. Pinkham's Vegetable Compound, so I did. I am a farmer's wife, and always worked hard until lately, and was in bed for two months. I began to feel like a new woman after the first bottle and I recommended it with great success, also. Lydia E. Pinkham's Liver Pills. I am willing to answer letters from women asking about your medicines, as I cannot speak too highly of them."—Mrs. Emma Wilson, 411 Wilson Street, Hamilton, Ontario.

Sold by druggists everywhere. O

Nervous and Miserable Through Constipation "Fruit-a-tives" Restores Vigorous Health

MR. D. DUFURON.

The drowsy, fatigued condition that usually goes with constipation is a serious handicap. Overcome it. Be healthy by taking "Fruit-a-tives." Read this letter: "Maxville, Ont.—The results are marvelous. That nervous, tired feeling has completely gone. 'Fruit-a-tives' has made a new man of me!"

—Mr. Donald Dufuron.

"Fruit-a-tives" is the intended juice of ripe, fresh fruit, blended with stimulating tonics. It is the sweetest natural food of constipation. Gentle, natural and positive in its action, it builds the system to function properly without the constant use of laxatives. 25c and 50c at all druggists. Try it—to-day.

The Remus Case

The Remus case long since became a public scandal. George Remus, after spending a term in prison for bootlegging, came home and shot his wife. The fact was not denied. The only defence made at the trial was that he was insane at the moment he committed the crime. An amazed and smiling public read the account of the trial, and thought that of course the jury would not be misled by such a plea. But the jury was actually convinced by the playing of Remus and declared that he was not guilty on account of insanity. There were women on the jury who warmly congratulated the murderer and said that they thought he had already suffered enough. The country was agast at such a farce. A few more such asinine juries and the jury system would be seriously threatened.

Remus was taken at once to the asylum for the criminally insane, while his bootlegged millions paid the lawyers to institute proceedings to declare him sane. Of course, he was sane, and the fight could not be kept up long. Recently the court which apparently had delayed action as long as possible, was finally compelled to bring in the verdict that Remus was sane. He will probably be soon set at liberty. There is talk of appealing the decision. Even if the appeal is granted, no self-respecting court even for the sake of poetic justice can long stultify itself by declaring that Remus is insane. He must inevitably be set at liberty ere long. We shall soon witness the amazing spectacle of a confessed wife murderer at liberty on the streets. Remus announced his future life mission as the abolishing of prohibition and the Volstead Act.

Assuming that Remus will be soon set at liberty, this case constitutes one of the worst abortions of justice ever seen in America. Suffolk juries have been thought to be the bane of unfitness, but this Ohio jury snatches away the palm from them. Maudlin, silly judgment has saved a brutal wife murderer, and the courts of Ohio are impotent to remedy this astounding failure of justice.—The Gloucester Times.

If every man, woman and child in Canada would realize the danger of fire, practise carefulness at all times, and back up the fire ranger in his efforts to control fire outbreaks, Canada would save millions of dollars' worth of timber every year.

Ailing Men and Women Need This Tonic

Poets sing of Spring, but practically-minded people, everywhere, turn at this time to the Doctor and the Druggist for help to build up run-down constitutions. And no better remedy can be taken than Buckley's TRU-BLOOD.

TRU-BLOOD, as its name implies, is a true blood tonic and a safe, sure, powerful corrective for all blood disorders, and rheumatic conditions as well.

But "TRU-BLOOD" is more than a blood purifier—it is an eradicator of the outward evidences of impoverished blood, such as pimples, boils, eczema, blotches and all other skin affections.

Buckley's OINTMENT, used in conjunction with Buckley's TRU-BLOOD, heals magically and leaves the skin smooth and soft.

Especially during the adolescent age, pimples and various forms of skin eruptions are likely to appear. They arise from the complexion and cause untold anguish. The combined TRU-BLOOD and Buckley's OINTMENT treatment promptly corrects the condition and leaves the skin clear, smooth and colorful.

Most druggists can supply you with these proven Buckley products.

TRU-BLOOD
Tones the Blood
Clears the Skin

Lecture on Africa

A lecture under the auspices of the Bear River Women's Institute will be given by Dr. W. J. Wright next Monday evening at 8 o'clock in the Oddfellows Hall. This lecture on Africa will be a continuation of the one given by Dr. Wright in February and with new slides and a good machine the illustrations will be clear cut and well defined which we regret was not the case last time, owing to the condition of the machine in the Movie Hall. The admission will be 35 and 25, the proceeds to be used for Institute purposes.

Class Social

The Philathea Bible Class of the Baptist Church held their monthly social Tuesday evening, April 10th, in the Oddfellows Hall when they entertained the Men's Progressive Bible Class. About one hundred and fifty were in attendance. Meeting opened by singing class songs, "Win Them One by One."

The Vice President Mrs. George Oickle then welcomed the guests.

A splendid program was prepared by the Entertainment Committee of which Miss R. F. F. was convener, consisting of music both vocal and instrumental, readings and a one act play "April Showers" by four ladies.

Especially would we mention the Monologue given by Miss Hattie Marshall and the violin solo by Marshall Schacht.

Meeting closed by singing "Blest Be The Tie That Binds."

The Social Committee served delicious ice cream, cake and cookies.

Mrs. L. J. Lovett left on Saturday for Ottawa where she attended the Women's Liberal Convention which convened there on Tuesday and Wednesday. On Thursday Mrs. Lovett went on to New York for a week's visit with relatives before returning home.

KING COLE TEA

SCOUT NOTES

Do A Good Turn Every Day

Last Saturday's hike was for the purpose of Free Identification in connection with the Forestry Tests. At this time of the year identifications is not as easy for young Foresters as it might be because no leaves are yet in evidence. However they made an excellent showing and named thirty eight wild trees and shrubs.

In the Patrol Competition the Pegwits won out by a small margin with a total of 790 points to their credit. The prize in this contest was a Patrol Cooking set consisting of Billy Cans and Prying Pans awarded by the Scoutmaster.

Dr. A. B. Campbell has shown his interest in the Scout work by offering a prize of five dollars in gold to the Second Class Scout who first wins his full number of Proficiency Badges. The largest number of these Badges that a Second Class Scout can wear is six. In order to qualify for more than this number he must first become a First Class Scout.

The following candidates have been accepted on Probation for the Owl Patrol. Donald Cousin, Maurice Balcom, Lester Thomas, Hugh Miller and Billy Ellis. They are all making good progress in their Tenderfoot Tests and will probably complete them within the next week.

Big preparations are now going on for the Jambouree on April thirtieth.

Dinner and Bridge

Last Friday night the men of the Thursday Night Bridge Club entertained at Dinner and Bridge at the Grand Central Hotel. Shortly after seven o'clock the hosts and their lady guests twenty eight in all, marched to the dining room where a long table attractive with rose candles flowers and place cards awaited them. The very delicious course dinner most attractively served was thoroughly enjoyed by all, the ladies showing their appreciation by singing "For He's a Jolly Good Fellow." The dining room was then cleared for Bridge which was played at several tables, and at 12:30 the prizes were awarded. A dozen beautiful carnations were presented to Mrs. W. J. Wright, highest lady, and a pack of cards to Dr. Lovett. Dr. Rupp the winner of the seasons high score, received a Bridge Set. Altogether it was a most delightful evening and the gentlemen proved themselves ideal hosts.

A pail of water costs nothing in Canada as a rule but the trouble of dipping it up, put out your camp fire and help save Canada's diminishing forest. Twelve million dollars worth of timber is being burnt up every year simply for lack of a few pails of water at the proper time.

TON-MILE ECONOMY

The Reason You Need this CHEVROLET Truck

THE lowest Ton-Mile Cost in the world (that is, the lowest cost of transporting one ton for one mile, or its equivalent) is the one big reason why truck-users in all lines of business are choosing the Chevrolet Ton Truck. Added to this economy are amazing speed and dependability; exceptional performance, never before offered in a low-priced commercial car; ruggedness, strength and modern design undreamed-of in a truck so low in price.

Whether you need a truck for fast delivery on city streets or for steady transportation of ton-loads over all sorts of roads... you can find the right type of body available on the money-saving Chevrolet Ton-Truck Chassis. Ask your Chevrolet dealer.

The G.M.A.C. General Motors' own deferred payment plan affords the most convenient and economical way of buying your Chevrolet on time.

BEAR RIVER TRADING CO., LTD.

Bear River, April 19, 1928

Upper—Rapidly towering skyward to obtain the title of the tallest building in the British Empire. Lower Right—How the Royal York Hotel will look when completed. Photographed from a scale model. Lower Left—Showing the thickness of the huge iron girders, said to be the heaviest used in Canada.

Work on the Royal York, the new Canadian Pacific Hotel being erected at Toronto is at least ten days ahead of its schedule. It was only in September that the razing of the old Queen's Hotel and the other buildings on the property began, and a battery of steam shovels were turned in on the task of taking out the excavation. The latter was no small job. The area of the hole required was about 340 yards by about 194 and its depth averaged somewhere between 22 and 24 feet while the soil excavated amounted to over 50,000 cubic yards. There is now every hope that the building will be completed by May 1st, 1929. It will rise 325 feet above the sidewalk, thus being the tallest building in the British Empire, that title now being held by the Royal Bank of Montreal which towers 302 feet above the street. The furnishing and equipment of the hotel will set a new standard, and a small army of designers are busy preparing plans for the decorations and furnishings. The tunnel entrance to the hotel from the Union Station will open on the floor immediately under the concourse and will be opposite the passageway through which arriving travellers leave the trains. It will pass under Front Street to the south-east corner of the hotel entering the building on what might be termed the ground floor, although its floor level is slightly below that of the street. The main feature of this floor will be a large exhibition arcade which will be one of the outstanding features of the hotel. Here will also be a coffee room, grill and bar-ber-shop, and around the sides will be a number of shops each with a display window on the street. In the south-east corner will be a bank, and the remainder of the space will be taken up with store-rooms and service equipment.

The main or lobby floor will have the main entrance of the hotel on Front Street, and another entrance on the east side. In the centre of this floor will be a large lobby containing the hotel offices and ten passenger elevators. To the right will be writing rooms, cafe and news stand, and to the left a large lounge opening on to the main dining room which will extend pretty well the entire length of the hotel's frontage on York Street. This room, like the lounge and lobby will be two storeys in height with the galleries of the mezzanine floor above.

Curtis Halliday of Parkers Cove, Accidentally Killed

In some way entangled in the hoisting gear of a scallop boat, Curtis Halliday, 45, of Parkers Cove, Annapolis County, was instantly killed on Saturday morning while engaged in scallop dragging. His skull was crushed and his body badly broken.

The drags had been overboard and hoisting had begun Halliday was tending the winch guiding the

cable. His son, John Halliday and cousin Prim Halliday, were at the stern, with their backs to the gear. Stopping of the winch caused them to turn forward and they saw the master of the little vessel entangled in the hoisting gear—dead.

The scallop boat of which the victim of the accident was the owner, was built last year and joined the scallop fleet in September. Mr. Halliday is survived by his widow and five children.

Here and There

(50)

Victoria. — The area of forest land in British Columbia dedicated to future timber production is 5,560,000 acres, according to a Government report.

Calgary. — Plans are actively under way by the Calgary Terminal Grain Company to build a seven hundred thousand bushel elevator at Vancouver. It is announced by A. R. Belts, manager of the company, Mr. Belts said that an eminently suitable site had been secured on the north shore, approximately opposite Spillers elevator.

Five special trains carrying around 1500 pilgrims passed through Montreal recently on their way to Quebec City and the shrine of Ste Anne de Beaupre also visiting the shrine of St. Joseph in Montreal on their return trip. They were from the church of St. Adrien, Jersey City and under the care of Father Thomas M. Curry, parish priest, were on their annual pilgrimage to these shrines.

Shipments of freight destined to points in the north-west of Canada via Port McNicoll, Ont., on the Canadian Pacific and rail route will now be accepted, the earliest date being April 5. There will be five steamers in the company's lake service between Port McNicoll and the head of the Lakes during the coming season. Through passenger service will be resumed this season from Owen Sound May 7 and from Port McNicoll, May 15.

Installation of Mack Tractors and Lapeer Trailers for rapid movement of freight from Canadian Pacific depots to and from outlying terminals has now been completed in Montreal and will shortly be in use in Toronto. The tractor is immediately attachable to one or more of these trailers which each can hold up to 15,000 lbs of freight and can be as swiftly disconnected. They are expected to immensely expedite the movement of C. P. freight.

Immigrants are flowing into Canada at record rates since lately and Canadian Pacific steamers from Great Britain and Europe are bringing them over at the rate of thousands of close on a thousand per ship. The majority are farm laborers of British and North European stock and are mostly going to the land in the Prairie Provinces with a fair proportion going to Ontario and the Maritime Provinces.

Winnipeg. — Despite the heavy movement of immigrants to the West during the past two weeks, more positions are open on western farms than the railways and employment agencies can fill. Immigration and employment officers said. Thousands of vacancies, the officers said, had been reported. Likelihood of an earlier commencement of seeding operations is generally expected in the West, they added, and unless immigration continues at its present high peak the opening of operations on the land may find western farmers short-handed.

As the result of a conference between members of the Sheep Breeders' Association, financial representatives and members of the Winnipeg and Brandon Boards of Trade, a movement is under way for the placing of 100,000 sheep annually on Manitoba farms. These will be sold in groups of fifty to each farmer, somewhat similar to the plan now in operation in North Dakota. J. D. McGregor was appointed temporary chairman of a committee to make further arrangements for the carrying out of this plan.

The Arleux in Port

The Canadian Government steamer Arleux Captain Cousins, arrived in Digby on Saturday afternoon, to remain over Sunday. The Arleux was at Shelburne, on passage to the Bay of Fundy ports when she was ordered to make a search for the scallop dragger Harvey and Ralph which did not return to port with the scallop fleet on Wednesday.

After searching the mouth of the Bay and off Grand Manan the Arleux was advised that Capt in Casey's boat had been reported at Misepic, and he therefore headed for Digby.

This is his first visit here since Armistice week, last November, when a detachment from the Arleux paraded to church with the local Legion.

Captain Cousins, his officers and crew were warmly welcomed back.

It was just a year ago that the Arleux was ordered out of Digby to search for the American fishing schooner Commonwealth, leaving here in a blinding snow storm.

James Rice Won Log Hauling Contest

Mr. H. T. Warne, before his departure to the United States on a business trip, advised the Courier that Mr. James Rice had won the log hauling contest and he had handed over the half barrel of Reindeer Flour as arranged for by the Courier.

The snow going off prevented many teamsters from getting in their best loads, but Mr. Rice earned the bag with 1589 scaled feet. This is a real load which would take some beating.

The Courier will open its hauling contest early next winter, and make it a real fight to see who will win the prize.

Mr. Warne tells us that the teamsters were interested, and some of them landed at the mill bow after dark, with their record loads. At least one big load got caught out by the snow going off and had to be hauled to the mill on wheels, it taking three wagon trips to bring it in.

This is the third hauling contest which Mr. Rice has won.

LESSON No. 18

Question: Why is emulsified cod-liver oil so useful for a child who is pale and losing weight?

Answer: It is food and tonic rich in vitamins and other nourishing factors that are particularly helpful to a weakened child.

For your child—old reliable

SCOTT'S EMULSION

Sandy Cove

An aged and respected citizen, Mr. E. H. Timpany passed away on April 2nd. Deceased had been confined to his bed for 8 months and was tenderly cared for by his aged wife. He was in his 83rd year. Besides his widow he leaves one son George, of Schenectady, Mass and several grandchildren.

Mrs. Edna Morehouse and Mrs. Amos Outhouse spent Easter in Bridgetown with Mr. and Mrs. E. L. Crowell, returning home on Tuesday.

Mr. and Mrs. Dutton are receiving congratulations on the birth of a daughter on April 1st (Freda).

Fred Sypher spent the week end in Digby by guest of his daughter, Mrs. Morrell.

Mr. and Mrs. Scott Sypher are receiving congratulations on the birth of a son April 2nd, weight 13 1/2 lbs. Eric Lawrence. A baby boy also arrived at the home of Mr. and Mrs. Ernest McCullough on April 4th.

Mrs. Wagner Crowell spent Thursday last week in Digby, the guest of her aunt, Mrs. Guy Morehouse.

Miss Helen Morehouse of Centerville is stopping for an indefinite time with Mrs. Violet Gidley.

Miss Mildred Perkins who has been staying at the Sypher House for the past few months, has returned to her home in Bear River East.

Mr. and Mrs. George Merritt spent the week end with Mr. and Mrs. Arnold Morehouse.

A number attended the Baptism at Little River, Easter morning.

Finds Great Relief In Old Canadian Remedy

Says Nova Scotia Lady of Dodd's Kidney Pills

Mrs. B. L. Jamieson Used Them for Backache and Kidney Trouble

North Wallace, N. S. April 16 (Special). — Every corner of Canada holds at least one person who swears by Dodd's Kidney Pills. They have been relieving kidney troubles all over this vast Dominion for more than thirty-five years. They are specialists. They relieve only kidney trouble and those diseases that spring from disordered kidneys. That's why they are so popular today. The following statement from Mrs. B. L. Jamieson is short, but to the point. She writes: "I have used your Dodd's Kidney Pills and find them great relief for Backache and Kidney troubles."

Dodd's Kidney Pills purify the blood, and pure blood carried to all parts of the body means new health and increased energy all over the body.

If you have seen anyone suffering with kidney trouble you will do all in your power to prevent this terrible ailment getting the upper hand with you. The one sure safeguard is Dodd's Kidney Pills—Start today.

Obtained from all druggists, or the Dodd's Medicine Co., Ltd., Toronto 2, Ont.

Signs of Spring and Spring Cleaning

With the coming of warm days thoughts turn to Spring cleaning. House keepers are busy with mop and broom and the Town Fathers could take a tip. Some work has been done but more could be done. Spring is the time for the annual suggestion that garbage cans be placed along Water street, especially near the Post Office. The amount they would cost could be taken from the Streets Department appropriation. If cans of this kind were placed at intervals along the street—and the regulations forbidding throwing of trash on the roadway enforced, the town would look better, be healthier and nicer. People would soon learn to use them and the streets department could clean them out once or twice a week in place of having to keep a man always on the job picking up rubbish.

Metal containers, bolted to the sidewalk, would not cost much and would save their cost in labor and in the tidiness of the town.

Congratulations

To the Editor of the Courier

Dear Sir, Please find enclosed Two Dollars, \$2.00. Postal Note for subscription to Courier, and I wish to take this opportunity to congratulate you on the improvement of your paper during the past few months.

Yours truly, Ralph B. Eaton, 1390 Granville St., Vancouver, B. C.

Engineer Making Survey of Pipe Line

Mr. E. Foster, of Halifax, has been engaged this week in making a survey of the proposed pipe line extension from the dam to Lily Lake. Mr. Foster will prepare plans to be submitted to the Governor in Council in accordance with the Board of Health regulations governing proposed water sewerage extensions.

If pipe ashes burn the palm of your hand they are hot enough to set fire to the bush. Watch out. It doesn't take much to start a million-dollar fire some times and places. Once burnt over a forest area may be useless for generations.

TALK OF THE TOWN

Louis Stehelin, of Weymouth, was a visitor in Digby yesterday.

E.M. Robertson Jr., has gone to Halifax for a few days.

Mrs. Forrest Eisner leaves today on a fortnight's visit to friends in Boston.

Mrs. Lindsay Kirkpatrick entertained the Trinity Sewing Circle on Monday afternoon.

Mr. and Mrs. E.C. Sollows were guests at the Grand Hotel, Yarmouth on Monday last.

Mrs. H.E. Jones left on Friday's boat from Yarmouth to visit her daughter, Miss Caroline, in Boston, for a fortnight.

Miss Phyllis Dakin has returned to Halifax to resume her studies, having spent the Easter holidays with her parents.

Mrs. C. Ernest Walker left on Tuesday for Boston, where she will be guest for a short vacation of Mrs. Osborne Turnbull.

Wm. L. Ramsey, Funeral Director and Undertaker, of Clements-ville, was a visitor in town on Wednesday.

Mrs. Curtis Young was called to Granville on Tuesday, owing to the serious illness and subsequent death of her sister's husband, George Amberman.

Misses Phyllis and Marion Roop who spent the Easter holidays with their parents, Mr. and Mrs. Frank Roop, returned to Edgell School, Windsor, on Tuesday.

In Saint John on Saturday April 14th, the death occurred of Mrs. Margaret McLane, mother of Mrs. Sidney Melaney, all the family being present at her bedside before her death.

Miss Marshall, of the Edgell Church School teaching staff, spent the Easter holidays with friends in Boston. Returning to Digby on Friday last she was the guest of her parents, Mr. and Mrs. H. H. Marshall over Sunday.

The Boy Scouts "put one over" on the rowdies this week. They published their social for this Friday and held it last Friday, fooling the gang of youngsters who planned to create a diversion outside. Leave it to the Scouts for being smart.

The April meeting of the Grace Church Brotherhood will be held on Tuesday evening 24th inst. The supper will be held at 7.15 o'clock. The entertainment will consist of an address by Mr. Robie W. Tufts of Wolfville, on Native Birds. This will be illustrated with moving picture and lantern slides. It will begin at 8.30 p.m. and will be open to the public. A silver collection will be taken for Brotherhood funds.

Weddings

WENTZELL-COSSITT

A very quiet but charming wedding took place at the Baptist Parsonage, Centreville, April 14th, when Pauline Hilda, oldest daughter of Mr. and Mrs. Lewis Cossitt was united in marriage to Boyd Morse, youngest son of Mr. and Mrs. John Wentzell, of Rossway.

The bride was charmingly arrayed in a powder blue crepe de-chene dress. The maid of honor was Miss Ruby Morehouse and best man Kenneth Cossitt, brother of the bride. Quite a number being present, relatives of bride and groom.

The happy couple Mr. and Mrs. Boyd M. Wentzell will reside at Rossway. We all wish them every success and happiness in life. The marriage was conducted by Rev. Walter Ramsey.

Millions and millions of dollars' worth of wealth belonging to the people of Canada have been lost because men thought camp fires would burn out by themselves. Sometimes they do. But if they don't we pay dear for it.

TALK OF THE TOWN

Miss Casswell has been confined to her home with a severe cold.

L. V. Harris, Bear River, was a visitor in Digby on Wednesday.

Look! Smallie sells 13 cakes of Pearl White Napha Soap for \$1.00.

O.C. Jones, Manager of the Pines spent several days in Digby this week.

Miss Sulis, of the Edgell School staff spent the Easter holidays in Digby.

Mrs. Will Ross, of Culloden, who has been spending the past week visiting Mrs. W. W. Hayden, has returned to her home.

*Mrs. Martin White who has been visiting her grandparents, Mr. and Mrs. George Holdsworth, has returned to her home in Halifax.

Mr. and Mrs. Stewart Raymond left on Saturday on a visit to the Islands. They will be away for a fortnight.

Among other passengers to Boston on Tuesday was Mrs. Raymond Lent, who will spend two months at her former home in Newburyport, Mass.

The Highway Board Tractor Grader graded the road right in as far as Hillcrest, while grading up the Provincial Highway beyond the Town limit this week.

If you have a good general purpose horse, one that is a good worker and driver, a For Sale Ad in the Courier will find a customer quicker than any other means.

Mrs. Potter, of Malden, Mass., who has been visiting her sister, Mrs. Winchester, at The Winchester, plans on leaving today for her home.

Miss Edna Warrington, of the local telephone exchange staff, left on Tuesday for a visit of several weeks in Brooklyn, New York, where she will be the guest of her brother, Harris Warrington.

The Ladies Hospital Sewing Circle met at the home of Mrs. Oswald Wright this week. There were 24 ladies present and a very delicious lunch was served at the tea hour. The circle will meet next at the home of Mrs. Kirkpatrick. On Monday several of the ladies met at Mrs. W. W. Hayden's and a quilt was started and finished before they left for their homes that evening. Mrs. Hayden with her usual hospitality, served a bountiful supper. Anyone wishing to have a quilt made would help the good cause along by telephoning Mrs. Hubert Warner, and having the Hospital Circle do work.

Honored at Pine Hill Convocation

Among the honors conferred at Convocation at Pine Hill Divinity College, Halifax, on Monday night was the degree of Doctor of Divinity conferred on Rev. Frederick Arnold Wightman, pastor of the United Church at Milltown.

Dr. Wightman is a brother of Mr. George Wightman and of Mrs. R.A. Abramson, of Digby.

V. O. N.

A most successful Afternoon Bridge and Pantry Sale was held at the home of Mrs. Lindsay Kirkpatrick on Saturday afternoon. The receipts were \$35.00.

The house was tastefully decorated with hyacinths, jonquils and daffodils and was beautiful. Mrs. F. L. Anderson poured tea and Mrs. VanBlarcom was in charge of the Pantry Sale.

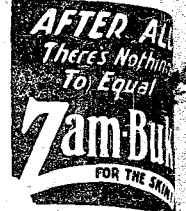

The prizes were donated by Mrs. Kirkpatrick, Mrs. F. W. Nichols and the V. O. N., and were won by Mrs. W.E. Tupper, Miss Moses and Mrs. W. R. Dickie.

The thanks of the Order are extended to Mrs. Kirkpatrick for the use of her beautiful home.

Back Home

Mrs. G. E. Torrie returned home from Hantsport, where she has been in attendance on her father, Mr. George Lawrence. Mr. Lawrence accompanied her and will be the guest of Mr. and Mrs. Torrie until his health warrants a return home.

WRIGHT'S

Back From Winter Tour

Councillor and Mrs. George Wightman returned on April 24th, from a two months visit to different parts of the United States and Western Canada. They left Digby on February 24, and proceeded to New York. From there they went to Niagara, down to Colorado, to Los Angeles, to Seattle, Victoria and Vancouver. Then to Banff and at Portal, Alberta, reentered the United States, going to New York by way of Chicago.

A former Digby resident whom they met was Mr. G.I. Letteney, who was interested in hearing of Digby and of Digby people.

Bounty on Hair Seals Will Be Continued

The bounty paid for the destruction of the Hair Seal will be continued during the present year according to information given the Courier by Fisheries Officer G. E. Torrie. The bounty is \$3.50 as last year, and will be paid upon proof of the destruction of a seal. The snout, with sufficient of the surrounding skin to make identifications positive, is required to be sent to the Fisheries Officer when making a claim.

No bounty will be paid on the Harp Seal.

Town Electric System Beats All Previous Earnings

A most interesting series in connection with Digby distribution of electricity under the Digby County Power Board development is that presented to the ratepayers meeting by Town Clerk Boden on Monday night. During the last year of the old steam generated system the gross production was 66,000 kilowatt hours, produced at a cost to the town of \$11,039.63. At the end of the first year of hydro operation the town took 153,000 kilowatt hours, at a cost, for all charges, of \$40,073. The increased demand was nearly three times the production in the year ending April 31, 1927, and the cost was \$966.63 less. This in spite of a reduction in rate from 18 cents per kilowatt hour to 13.5 cents, and after providing for all charges to cover the capital investment for reconstruction of the distribution system.

In the first month of hydro service the demand meter at the town connection registered 8,500 k. w. hrs. This dropped 1,000 k. w. hrs. in May and from that date each month showed an increase over the first figures. The peak load was registered in December, 1927, with the meter 18,100 k. w. hrs. The total demand registered for street lighting and domestic service for 12 months ending March 31st, was 189,910 k. w. hrs. Demand registered for the first three months of 1928 showed 45,000 k. w. hrs, with a consumption of 33,548 k. w. hrs.

Street lighting for the year 1926 cost the ratepayers \$1,388.00. This amount increased under the new system, with a much improved service, with larger lights and more of them, and a much better lighted town, to \$1,157.45 for the twelve months ending March 31st, 1928.

When it is considered a new bond issue of \$10,000, an overdraft of \$4,637 and an increase in cost of street lighting service had to be provided for in the year ending March 31st, it might be supposed that the electric account would not show any balance of revenue over expenses, particularly when it is thought of that the rate was reduced. Such is not the case. The electric light account for the past three years shows that even under reduced rates the system has been well able to take care of its obligations and leave a slight margin to provide for contingencies. In 1926 the bank balance was \$1,398.68. In 1927 to December 31st, the balance of cash on hand was \$1016.19. For the twelve months ending March 31st 1928 the balance of cash on hand was \$1,022.30. These figures show how equitably the rate was set and how splendidly the system has grown since the inauguration of hydro.

The most interesting set of figures in Mr. Boden's report is that of monthly consumption for the last twelve months.

MONTHLY CONSUMPTION—POWER SUPPLIED

April 1927	8,500 K HRS
May	7,500
June	8,800
July	12,800
August	15,800
September	14,200
October	14,300
November	16,000
December	18,100
January 1928	15,600
February	16,100
March	13,900
Total for 12 months	158,000 k hrs. do
Street Lighting	\$1,910

It is also interesting to note the

War on Forest Fires

Hon. Charles Stewart
Minister of the Interior, whose department is focusing public attention on the need of preventing forest fires.

difference between the figures of demand and consumption. In the first three months of 1928 the demand was 45,500 k. w. hrs. Consumption during the same period was 33,548, a difference of 11,952. Much of this was line loss, due to weak points in the system, beyond Snow's Corner (the section which will be rebuilt under authority granted by the ratepayers on Monday), and to imperfect wiring of houses and stores, permitting leakage. Practically every building on Water street has been tested and it nearly every one some losses have been recorded. Some went registered high, and some low. The total is surprising, and measures must be taken to have the faults corrected.

Taking everything into consideration Digby may congratulate itself upon the excellence of its distribution service and the hydro development generally. The surest proof of appreciation was expressed on Monday night when the Council was given a practically free hand to develop and extend the distribution system as it saw fit, and this appreciation extends not only to the Council but to the men who proposed and carried through in the face of many difficulties, a scheme of hydro development which may be taken as a model for the support of projects of public ownership of utilities of this nature.

By the winter of 1928-29 the Digby County Power Board hydro system, including main transmission lines, municipal and town distribution service, etc. will total upwards of 135 miles of lines, and will have exceeded the most optimistic expectations.

Hydro Will Be Shut Down Sunday Afternoon

The Digby County Power Board plant at Upper Falls, Sissiboo River, will be shut down Sunday afternoon, to permit change of a governor wheel. While the power is off, the sub station at Weymouth will also have some work done to it. Superintendent Campbell tells us that the lights will likely be off most of the afternoon.

Canadian National Officials Visitors in Digby

Mr. E. C. Thompkins, of the Passenger Traffic Department of the Canadian National Railways, Atlantic Region, with headquarters at Moncton, and Mr. Horatio C. Crowell, newly appointed publicity man for the Canadian National in the Maritimes, were visitors in Digby on Thursday, enroute to Yarmouth. In conversation with the Courier these gentlemen expressed the opinion that both rail and motor visitors to Nova Scotia and the whole Maritime Provinces would be taxed to the utmost during the coming tourist season. Mr. Crowell, who knows his province well is making a tour to gain a new view point of it, from the standing of a railway official, and was particularly impressed with Digby's beauties as a tourist to visit. During the morning a motor drive to the Pines, across the Golf links and out to Harbor View opened up to them a portion of Digby's beauty spots. The golf course was particularly interesting as a means of attracting tourists and Mr. Thompkins, himself a golfer, said he had heard much about the course from a friend in Moncton who came here last year and for several years past, for the sole purpose of playing on the course.

Grace Church Brotherhood Holds End of Season Banquet

Forty members attended the end of the season banquet of the Grace Church Men's Brotherhood on Tuesday night. Messrs MacNaughton Wallis and Eugene Muise, in charge of the catering, served up a lobster chowder that came in for many repeats and this was followed by offering from the best cooks in town, in pie and biscuits. In the absence of the president, Dr. Dickie, who only managed to catch the last call for the dinner, Rev. E. W. Forbes presided.

Following supper a sing song of old favorites was enjoyed with Miss Cummings at the piano.

At eight thirty the guests adjourned to the church where Mr. Forbes "filled in" for the expected speaker, Mr. R. W. Tufts, of Kentville, who was to have given an illustrated address on Bird Life. Mr. Forbes was more than a little interested in an illustrated travelogue, taking this audience to England for the Wembley Show, with scenes from the Scout Jamboree and the Empire Pageant, and through a section of France to Paris, of which was shown in illustrations of features of outstanding beauty and historical interest. The lecture was particularly appropriate to Empire Shopping Week.

Following the lecture a meeting of the Brotherhood Executive was held to prepare plans for the coming to Digby on May 16th, of a noted entertainer and dramatist, Chief Dyocah, a chief of the Iroquois Nation, who will give a concert in Grace Church Hall on that date.

The section of provincial highway from the town line to Aymer's Corner is in the hands of the road section men. A two horse grader is dragging the roadway while men with rakes are removing the loose stones. The road is in excellent shape.

Popular Footwear

SCOUT NOTES

Do A Good Turn Every Day

Troop Leader Daley, Patrol Leaders Morehouse and Anderson were appointed a committee to arrange a Scouts Base Ball team at the regular Scout meeting on Friday night. The Scouts have the material for a good team and on them depend development of a town team in the future. The lads hope to turn out a nine of ability to meet all comers in their class.

Other business transacted at the meeting was the presentation to Scout Sypher of a Registration Card. Scout Robinson was duly initiated into the Troop.

The Scouts race test was passed by six boys, and classes in signalling were conducted. Games were played.

The essay on 'The Puma' was won for the Fox Patrol by Scout Roy Sulis.

The next essay is on 'The Woodchuck'.

Noted Entertainer Coming

Mr. Chas. A. Cooke, Chief Deyoka, Indian Concert. Basso and Entertainer will give a recital in Digby Wednesday, May 16th. The entertainment will be in Grace United Church under the auspices of the Brotherhood. Mr. Cooke is a graduate of the Bradford Indian Institute and is well known all over Canada. He will appear in Indian costume. Following is a press notice:

"Rarely does an entertainer succeed so well in pleasing an audience as did C. A. Cooke, Canadian Indian Entertainer, who appeared for the first time in Dutton before a large audience in the Memorial Hall. Mr. Cooke's repertoire embraced a range from the grave to the gay. Not only by his splendid singing, his delightful recitations, his humorous stories and his masterful impersonations but also by his deportment and charming personality did he completely win his audience." The Advance, Dutton, Ont.

Mr. George Graham, Vice President and General Manager of the Dominion Atlantic Railway, with Mrs. Graham, went through to Yarmouth on Tuesday in Mr. Graham's private car, the Nova Scotia, attached to the down express.

Dress Lengths

We are making a Special Showing during the next few days of a beautiful line of Dress Lengths, in Celandene, Broad Cloths, Rayons, Printed Silks, Fugis, Boralco, and other attractive goods. They come in all the new Spring shades and are wonderful values.

Prices from 40c to \$2.00 per yd.

Coatings

New Coatings—Donegal Tweeds—in all the late shades, are also on display.

Amateur Hockey

With the approach of May first interest of hockey fans turns to the "residence clause" and its effect on the personnel of next winter's hockey team. For good reason the rules call for residence in the town or city where the player is to perform of not less than six months before the opening of the season, and May first is set as "moving day."

There has been talk in many towns, more prominent in hockey circles than Digby, of importing "amateurs" to fill up the gaps and to strengthen the weak spots. Gee Aherm, Sport Editor of the Herald, comes straight out and says that Halifax can have a championship team if Halifax is prepared to put up the jobs. We learn, also, that the Kentville team is signed up intact for another season. Truro Bears will have the same winning stuff, and other towns have welcomed a few newcomers with reputations as stick benders and all round players.

All this is very well. It complies with the residence clause, but it gives a poor show to the little towns that are trying to build up winning teams with local talent. How to overcome it is a problem. Digby cannot absorb many newcomers. Summer jobs are available, but in winter—that is another story. Many of our town boys have to go somewhere else to find employment for the season after the nets close and the fishing is over.

Strictly speaking amateur hockey is a business proposition. Members of winning teams have to devote so much time to playing hockey that their value as members of business or manufacturing organizations is more or less question-

able, and it seems just about time for a new deal in "amateur" sports.

"Pro"—"Semi-Pro" is that the answer? And if it is just where will the small towns fit?

Digby, at least, has not the population to draw from to give the "gates" needed to support a paid team. The risk is not big enough if we had the population and even with the utmost optimism in estimating the number of people within twenty miles of Digby who would like to see hockey matches there must always be taken into account the difficulties of winter travel.

If straight amateur is to be the rule Digby has a look in. If the game is to be a professional affair Digby will have to drift back to the ranks of the small towns and give up its aspirations for the championship.

With that in mind it will be advisable for all interested in hockey to keep an eye on the methods used by other towns in building up their hockey team strength and so far as is possible emulating them, but only up to a reasonable limit.

Canada's Forest Week

Clearing land in Canada was once an industrial habit. Eastern Canada was a forest, and the first thing to do was to clear land to grow wheat, potatoes and hay. The forest was the enemy to be routed. Today, the people of Canada are awaking to the fact that the forest they once regarded as an enemy is Canada's second best asset, and furthermore, that it is a rapidly disappearing asset.

White pine was once the most commonly used lumber in this country, and a generation ago it was comparatively plentiful and cheap. Not so today. The original stands of white pine are nearly all gone. For sawmill timber we now depend largely on spruce and fir. Seventy per cent of the timber in Canada of sawmill quality stands in British Columbia! Eastern Canada, once a forest, is now buying lumber from the Pacific slope.

The accessible forests of Northern Canada today are chiefly valuable as sources of spruce pulp for paper making. How long they will last subjected to the present rate of exploitation plus the ravages of forest fire has been calculated, and the resulting figure is not at all reassuring. In twenty-five years, unless Canada wakes up soon, her forest industries, her lumber mills and paper mills and wood-work factories, will be closed up. Because her forests will be gone.

Canadian Forest Week calls attention to this situation and to the obvious remedy. If we can prevent forest fires, the natural growth from year to year, forestry men say, will provide for the demands of axe and saw. The Canadian people as a whole must realize the great and increasing value of the forests of Canada which remain, and each individual must do his or her best to prevent forest fires. Carefulness and good management will save Canada's forest industries in perpetuity.

Hon. Charles Stewart, Minister of the Interior views forestry work as one of his most important tasks, and not the least important part of his effort is to make the people of Canada realize that forest fires can and must be prevented.

A Ratepayer's Meeting Eight Years Ago

In the issue of the Weekly Courier of April 23rd, 1920, there appears a report of a meeting of ratepayers called to vote on the construction of a new school for Digby. The resolution read:

"Resolved: that the town of Digby expend a sum not exceeding \$90,000 for the purpose of purchasing a suitable lot of land and erecting thereon a modern school building containing not less than ten class rooms, principal's room, teacher's room and assembly hall, and that an act of legislature be obtained, authorizing the said town of Digby to borrow the said sum of money for the purpose aforesaid."

The meeting, as is well remembered, since the new school was not built, turned the proposal down. All speakers on the motion agreed that the school building then in use—the same one as now—was unfit for the purpose, had never been fit, and was never likely to be fit, that no rebuilding could make it so.

Messrs. H.B. Short, H.T. Warner, J. L. Peters, Dr. DuVernet, P.W. Holdsworth, School Inspector Foster, F. L. Anderson, Dr. Read, John Daley, John Russell, Rev. Wm. Driffield, and many others spoke to the question. Mr. Short characterized the building as "an abortion." Dr. DuVernet favored the resolution. "We have a law compelling our children to go to school and it is fair to compel them to go to an institution which is unsatisfactory. The town can finance it and wanted to be placed on record as a friend of the children. He would support the new school."

Objection was taken that the money market and the materials market, and labor market, in fact every market was too high. It would cost too much to build in five or ten years would depreciate in value to a great extent because of falling values everywhere.

As it turns out the objections were well founded. Prices of materials are lower, and money is much easier to borrow. Interest rates are down and the credit of all municipalities is in better shape.

Which brings up the question as to whether this is not the time to build a new school. Classes must be held with the aid of electric light in many of the rooms and it is a common story that rats so infest the building as to be a menace, let alone a nuisance. (Rats are carriers of bubonic plague and many other fearsome diseases.)

The Courier would appreciate opinions from members of the present school board, as well as from the men who discussed the question eight years ago, as to the present suitability of the building and as to the timeliness of building a new school.

There is a richness of flavor in MORSE'S SELECTED ORANGE PEKOE TEA that is not found in other teas. This is admitted by all who use it. If you desire to secure a tea of an especially rich flavor you should always ask for MORSE'S SELECTED ORANGE PEKOE.

Campaign for the Blind

It was announced recently at the Headquarters of the Central Executive of the Campaign to raise a \$300,000 Endowment Fund for the Adult Blind of the Maritime Provinces and Newfoundland, that the fund itself will be held by the Maritime Foundation for the Blind, a body corporate under the Nova Scotia Statutes of 1928. All of the Maritimes and Newfoundland will have representation on the Board of this body. A meeting is to be held within the next few days to effect its organization.

It was also announced that the chief purpose of this Campaign is to enable the blind men and women of this region to become self-supporting. These unfortunate long to earn their own living and already many are successfully employed. A survey of occupations which are possible for the average blind person is being made and already it has been discovered that a surprising number of activities may be engaged in by the sightless.

To Hold Fall Fair at Lawrence town

At a well attended meeting of the Exhibition Committee of the Annapolis County Farmers' Association, held at Lawrence town on Friday evening in the Demonstration Building, and presided over by President W.B. Bishop, it was decided to hold the County Exhibition at this place on September 19, 20 and 21. The matter of building accommodation which had received considerable attention was gone into detail, and it was unanimously decided to defer erection of a large building this year. A building committee, consisting of C.G. Foster, V.B. Leonard, and E.L. Eaton, was appointed, and bids for the construction work will be received. Plans were made for the revision of the prize list at an early date, and indications point to an even better display in all the departments than last year.

Acids in Stomach Cause Indigestion

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea etc. are due to an excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated, digestion is delayed and food sours causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist some Bisurated Magnesia and take a teaspoonful of powder or four tablets in water right after eating. It sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

It Was Like This

Noticing a machine parked on a street where "No Parking" is the rule, an officer pulled up to investigate. He found the driver in the back seat making vague motions with his hands as he evidently sought something along the edge of the seat in front of him.

Being questioned by the officer, the man requested an examination of the car.

"What's the matter with it?" the officer said, seeing nothing wrong with the machine.

"Well, it was like this," the inebriate replied, "the car stopped and I got out for a minute to see what was wrong. When I got back in again, I found somebody had stolen the steering wheel!"

He was removed from the back seat of the car and taken care of by the officer—B. D. M.

Forest Pest Control

'Set a thief to catch a thief', is the method being adopted in some instances for the protection of forests from the onslaughts made by insect pests. This is one of the great works being conducted by the Entomological Branch of the Department of Agriculture.

Some years ago the larch sawfly stripped the leaves from tamaracs and larches in Eastern Canada. This was repeated for three or four years, and eventually the larches over millions of acres and practically over the whole of Eastern Canada were almost wiped out. The sawfly has since spread to the Prairie Provinces. In 1912 the late Dr. Hewitt imported from England a parasite of the larch sawfly. Some of these have been used in Manitoba and last year the sawfly cocoons collected showed parasitism to the extent of 88 per cent. In 15 years the parasite has become thoroughly acclimatized and established.

This parasite known amongst entomologists as *Mesoleius tenth redinis* Morl., is extremely active in search of its host. It moves rapidly along the branches of the larches and the second it sees the larvae of the sawfly it darts in and deposits an egg.

Larvae and cocoons collected in Manitoba are now being sent to the east for the purpose of introducing the parasite that has been the dominant factor in checking the larch sawfly in the Prairie Provinces. The Dominion Entomologist states that the introduction of these parasites offers the chief hope of a permanent relief from this injurious pest.

The magnitude of the work of protection of our forests against the ravages of insect pests may be better understood when it is pointed out that existing forests in Canada cover approximately 1,227,000 square miles, or one third of Canada's total land area.

Little Bobby Nelson, who plays the important "kid" role in "Building Pluck" which stars Bob Custer for FBO is regarded as one of the most promising youngsters engaged in screen work. He has played in several Bob Custer pictures and is seen in his latest role in "Building Pluck" showing Saturday night at the Bijou Dream Theatre.

Subscribe for the Courier.

Riding, roping and daring feats of the most surprising and thrilling nature are contributed to the screen by Bob Custer in his latest starring vehicle, the FBO picture "Building Pluck" which comes to the Bijou Dream theatre tomorrow. Though Custer's talent in this direction has been frequently demonstrated in the past in screen work, this latest picture is said to be literally packed with thrills of the most breathtaking nature.

Smith's Cove

Dean Clayton of Bear River spent a few days here last week.

Mr. Webster was in Port Williams one day last week.

A meeting of the ratepayers of the section, held a special school meeting on Monday evening, April 23. The result was the voting of one hundred dollars to be spent on the school grounds. In addition to this, several men offered free labor and teams for the work. In this way the men of the place are showing a true spirit of sportsmanship by making a real job of the work commenced by the school.

New Tusket

H. DeLong and Laurier Thompson spent the week end at the home of C. F. Sabin.

Mrs. Nelson Sabin, Miss Helen and Messrs Walter and Harrison Sabin of Weymouth North spent Sunday at the home of Mr. and Mrs. C. F. Sabin.

Miss Alice Hudson who has spent the past few months at the home of Mr. and Mrs. C. F. Sabin left Monday for Annapolis.

If pipe ashes burn the palm of your hand they are not enough to set fire to the bush. Watch out. It doesn't take much to start a million-dollar fire some times and places. Once burnt over a forest area may be useless for generations.

Weddings**WINFIELD-LEARY**

St. Peters Church, Weymouth North, was the scene of a wedding of interest to a wide circle of friends at 1:30 p.m. Tuesday afternoon when Rev. Morris Taylor, rector of the parish, united in marriage Miss Annie Ellison Leary, of that place and Rev. James Abbot Winfield, of Kentville. The church was prettily decorated for the occasion with potted and cut flowers. The bride who was given in marriage by her nephew Jack Morse, wore a travelling costume of navy blue with hat to match and carried a shower bouquet of carnations and maiden hair fern.

Little Miss Bessie Ruggles was flower girl, wearing a frock of pink silk and carrying a basket of sweet peas of different shades and maiden hair fern. The groom was attended by Carl Eldridge, of Digby. As the bridal party entered the church Mrs. Emma Skidmore, organist of the church played the bridal chorus from Lohengrin. While the register was being signed the choir sang "O Perfect Love". As the bridal party left the church the organist played Mendelssohn's Wedding March.

After the ceremony the happy couple left amid showers of confetti and congratulations for a honeymoon trip to New York.

The out of town guests were, Mr. and Miss Winfield, of Halifax, Mr. and Mrs. Carl Eldridge and Mrs. Lillian Jones, of Digby, and Mr. and Mrs. Caroline Saunders, of Sandy Cove.

The bride has been tendered several showers during the past few weeks and was the recipient of many beautiful and useful gifts.

Digby Man Takes Bride in Vancouver

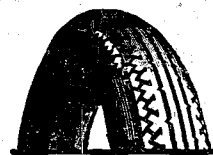

At the home of Mrs. F. S. MacKenzie, 1686 Georgia street, Vancouver, was the scene of an interesting ceremony on Wednesday evening, April 11th, when Miss Emma M. Haines, R.N., youngest daughter of the late Mr. and Mrs. Robert Haines, of Woodstock, N. B., became the bride of Mr. Percy W. Beaman and the late Mr. Beaman of Digby, N.S. Rev. P. T. Pilkey of St. John's United Church officiating. Mrs. Hector McKinnon contributed the nuptial music.

The bride, who was given in marriage by Mr. Robert Mackenzie, was becomingly attired in white crepe-back satin fashioned in bloused effect and carried a sheaf of Ophelia roses. Miss Mary Pennington, of New Westminster, as bridesmaid, wore French blue crepe-de-chene, while Mr. Hector McKinnon supported the groom.

Only immediate friends attended the ceremony. After a buffet supper Mr. and Mrs. Beaman left for a tour of the coast, and will later return to Stewart to reside, where the bride was matron of the hospital for the past year.

**Why
Gum-Dipped Tires
Cost Less "Per Mile"**

The demand from car owners for Firestone Gum-Dipped Tires has given Firestone Dealers a large increase in volume that enables them to sell these tires to you at the lowest prices in the history of the industry.

The Firestone Balloon Tread, scientifically designed three years ago, and unchanged today has the wear-resisting qualities that give thousands of extra miles.

This tread must be placed on a carcass that has the qualifications to withstand terrific flexing. The Firestone carcass is made of cords dipped in a rubber solution which not only saturates and insulates every fibre of every cord, but unifies sidewalls with carcass, eliminating any possibility of separation under the extreme flexing of low-pressure tires.

The Firestone Dealer in your locality will gladly explain the Gum-Dipping process, the scientifically designed tire tread, and other advantages that only Gum-Dipped Tires can give. See him today.

DODGE BROTHERS STANDARD SIX

THE FASTEST AND FINEST CAR IN ITS PRICE CLASS

A broad statement—but one that has been checked and rechecked by stop watch—confirmed and reconfirmed by the public and by Dodge Brothers.

In short—a FACT.

For the Dodge Standard Six provides more horsepower per pound than any other car in the world.

The way it leaps from the traffic line and glides on up to rocket speed—utterly without effort—reminds you of the costliest cars you have driven. And gear shifting is reduced to a new degree of simplicity.

A BIG good-looking car. Staunchly built! Typically Dodge Brothers! Materials of such ruggedness that Standard Six performance is doubly enjoyable because you know it is doubly safe!

A BUY if there ever was one!

Now on display—here and everywhere.

Electric Light System Will be Extended, Improved

Ratepayers Ratify Borrowing Resolution

An attendance of twenty ratepayers on Monday night ratified a resolution authorising the Council to borrow or raise money on the credit of the town of Digby a sum or sums not exceeding \$15,000 for the purposes of improving and extending their civic electric light distribution service. The meeting was called to order at 8.15 and the vote taken at 9.45.

Mayor Lynch presided. Outlining the purpose of the meeting His Worship said that the first amount mentioned in the resolution was to cover amounts already expended in excess of the first loan for reconstruction. The Council which had the work in hand at that time had, most wisely he thought, done more than was first planned for and had put the system in excellent shape so far as they went. Two engineers had estimated on the cost. Mr. Lorne Allen, who set the figure at \$12,000 and Mr. W. I. Snook, who had estimated \$10,000. The work done, was different than was called for in either estimate. It was a better construction, and the amount of line salvaged from the old system had not figured out as much as the estimate.

The second sum, to construct a line from Warwick street across Victoria street and reconstruct the Racquette Bridge section was needed. The engineers had not included this in their first estimate. The question as whether the work should be done this year or left for a while, and cost of repairs had been considered. It seemed advisable to start at once and put the whole system on one standard.

Construction of a line to Point Prim Lighthouse was the third item. In this regard he wanted it to be perfectly understood that unless the revenue would meet the cost he would not permit it to be built while he was Mayor.

The resolution was moved by Councillor Robertson and seconded by Councillor Turnbull.

There was considerable discussion. All appeared to be in favor of voting the amount to cover present over expenditure.

Most speakers were in favor of rebuilding the Racquette bridge section but there was some objection to going out of town. Mr. Harry Raymond asked if the intention was to extend the street lights on Church street. Residents along this street were ratepayers and were entitled to consideration. Mayor Lynch asked if Mr. Raymond would see the lights. Mr. Raymond would not say he would. If the street lights went along he might think of it, but he wanted the street lights first.

W. H. Farnham, M. P. P. addressed the meeting. He congratulated the Council on the excellent showing, and then made his criticism. The over run on first estimate appeared to suggest that there would be a similar condition in the future. He would have preferred a large estimate if there was any possibility that the amounts being asked for would not cover the work. This criticism was answered by Councillor Turnbull who said that a margin of \$2500 had been provided. The amount required to cover sums already expended was not all difference between estimate and cost but more than half of it was difference between work which was first proposed and which had afterwards been found advisable to do.

Other speakers spoke pro and con and at 9.45 the vote was called. The items were voted on separately. Each had a majority of votes cast in favor of the expenditures and on the suggestion of Ex-Mayor Anderson a blanket vote was passed, unanimously, authorizing the Council to proceed with the work in accordance with the test of the resolution.

Millions and millions of dollars' worth of waste belonging to the people of Canada have been lost because men thought camp fires would burn out by themselves. Sometimes they do. But if they don't we pay dear for it.

Spring Planting Starts in Digby County

Spring planting has already commenced in Digby County, the Ridge farmers, as usual, being in the lead. Because the frost never settles very deeply in their lands, these farmers are generally a fortnight or so ahead of the other farmers in the county. On April 7 William Bacon, of Hill Grove, planted a quarter of an acre of early green peas, and will sow for his first crop of peas thirty-five pounds of seed. Mr. Bacon usually raises three crops of peas in a season. He also has a quantity of cabbage, cauliflower, tomatoes and peppers sown. Besides catering to the summer hotel trade, Mr. Bacon supplies the C. P. steamer Empress with fresh vegetables.

Most Men Past 40 Break Down Easy

Seven out of Ten Are Victims of
Bladder or Prostate Weakness.
Tells How Dr. Southworth's "Uratabs" Bring Quick, Amazing Relief.

Overworked, sluggish kidneys, bladder weakness and prostate gland trouble bring on so many distressing and often serious ailments—that every sufferer from Lamebacks, Pains in Back and down through groins, Scanty but frequent and burning Urination, Getting Up-Nights, Nervous Irritability or Weakness and lack of Vital Force—should test the provisory value of Dr. Southworth's URATABS at once!

Amazing testimony of URATABS and users gives convincing proof of the remarkable power of URATABS—a special prescription successfully used for more than 40 years in the private practice of Dr. H. O. Southworth. After only a few days use, a startling improvement is often noticed—as a multitude of alarming symptoms begin to disappear.

Through special arrangements and to benefit those who cannot personally call on the Doctor, URATABS can now be obtained from any good, local druggist on a positive guarantee of money back if not fully satisfied. So if you need a medicine of this kind, try URATABS today.

Send Postal Order for 50c and address of any former resident of any locality on Digby Neck, and we will send the Courier weekly until Sept. 1st.

THE FREEPORT "OLD HOME WEEK"

will attract many former residents of Digby Neck. Help the committee in charge by sending the Courier to some person you know in other parts of Canada, or the United States.

The Courier is going to boost the Freeport "Old Home" Summer celebration, with news of the activities of the committees in charge of the work.

50c sends the Courier to any address until Sept. 1st, 1928.

"OLD HOME WEEK" COMMITTEE DRAWS UP PROGRAM OF EVENTS

Sports on Land and Sea Will Feature Great Celebration at Freeport in Last Week of July, With Many Prizes Offered.

The committee in charge of events for Freeport's Old Home Week, the last week of July, has prepared a tentative program of events on land and sea which promise several days of splendid sport for the celebration.

In Athletics the committee has allowed for the following events:

- 100 yards dash
- 220 yards dash
- 440 yards dash
- 1 mile race
- 5 mile race
- Shot Put
- Running board jump
- Running high jump
- Quoit and Tennis Tournaments

A Base Ball Game, (it is hoped to have a team from Yarmouth.)

The Water Sports will include, Motor Boat and Rowing Races, and other aquatic events.

Mr. Wells, Manager of the Frank E. Davis Fisheries has promised a cup for the Motor Boat Race and has also offered to secure prizes for several other events. A complete program of the sports, outlined for the different days will be published within a few weeks.

Freeport

Mr. Clinton Stevens, son of Mr. and Mrs. Fred Stevens, died on Monday of Influenza after an illness of only two days.

The lobster catch has been very light in Freeport. High winds have prevented the lobstermen from setting or attending their traps. When the boats can put out they only get a fair number of lobsters.

The Freeport Dramatic Club is preparing to present "Safety First" on May 12th. This is a three act farce and the cast is working hard to make it a real show. They will be assisted by the Harmony Quartette.

BOYS' NEWEST CAPS AT WRIGHT'S

Hydro is Yours !!

Death of Well Known Young Lady of Belliveau's Cove

Miss Yvonne Theriault, daughter of Mr. and Mrs. Edward E. Theriault passed away at her home Thursday morning, April 19. The deceased was 24 years of age, and had been in ill health for the past three years. She was recently removed from the Massachusetts General Hospital, Boston, where she had undergone an operation.

Miss Theriault was a student at Sacred Heart Academy, Meteghan, from 1919 till 1921 and had graduated at the Provincial Normal College, Truro, in 1924. After 6 months teaching she was stricken with the flu, spring 1925 after which she spent 4 months at the Sanatorium, Kentville, where she received beneficial treatment. A few months afterward other troubles developed, and she was taken to the Victoria General Hospital, Halifax, in January, April and June of year 1927, previous to her being removed to the Massachusetts General Hospital, in Boston.

Since her return home, she was a great sufferer, necessitating the services of a trained nurse. During her illness she was a model of patience and cheerfulness, her sunny disposition having won her many friends.

Besides her parents, she leaves three sisters, Catherine, teacher at Comeauville; Marie and Cecile, at home, and two brothers, Gustave, of Boston, and Eugene, at home.

All the family were present at the funeral which took place on Saturday morning at St. Bernard's, Father Bourneuf officiating.

Storm Delays Boston Boat

The regular express to Halifax did not bring passengers off the Boston boat on Tuesday, the steamer having been several hours late arriving in Yarmouth. A special train, first class coach and buffet-pullman arrived in Digby at 1.10 with passengers for points on the D. A.R., off the boat.

BOYS' LONG PANTS WRIGHT'S

Where Newspaper Editors will Meet

The Macdonald Hotel in Edmonton has grown in popularity as the meeting place of important conventions, during recent years, so it was not surprising, when the members of the Canadian Weekly Newspapers Association considered the holding of their 1928 annual convention in Western Canada, that their choice should fall upon the Macdonald Hotel at Edmonton, as their meeting place.

The hotel in its name perpetuates the memory of Sir John A. Macdonald who headed a group of far-sighted men in the efforts to weld all the provinces of Canada into one united Dominion. It occupies a commanding site on the bank of the Saskatchewan river, and occupies also, a commanding place in the life and in the development of Edmonton, the Capital of the province of Alberta.

All that a great metropolitan hotel has to offer its guests is found beneath the pinnacled and turreted roof of the Macdonald, which is of the high standard of Canadian National Railways hotels in every particular. Its rooms are restful and full of sunlight; its broad rotunda is thronged by out-of-town people and by Edmonton citizens who make this the headquarters for many interests; its convention halls and public rooms are spacious and delightful, and its cuisine and service are of the Canadian National standard which has become so well-known and popular with people travelling through Canada.

After their convention at Edmonton, the weekly newspaper editors will travel to Jasper National Park, Canada's largest and finest game sanctuary.

Forest Fires Last Year At Lowest Level

Forest fire losses in Canada during 1927 were the lowest in recorded annals. In all, 3,766 fires were reported in Canada during the last calendar year and these burned over an area of 481,373 acres. The total damage and loss sustained being placed at \$1,396,055. This low record is equal to about 20 per cent of the loss suffered in 1926.

Although weather conditions had a large influence in the favorable fire season experienced in Canada last year, improved protective organization and the increased care taken by the general public in the handling of fire in the forests were undoubtedly most important factors. The heavy snowfall of the preceding winter followed by copious rainfall and cool weather through the spring months, practically did away with the usually dangerous period that occurs in the month of May. Thereafter the heavy growth of vegetation and frequent showers during the summer combined to produce a phenomenally favorable year in so far as fire hazard was concerned. In the northern parts of Alberta and Saskatchewan and the valley of the Mackenzie river the summer season was very dry and considerable areas were burned over but with these exceptions Canada enjoyed comparative immunity from coast to coast.

Sandy Cove

Mr. and Mrs. Arthur Mitchell of Middleton spent the week end with his mother, Mrs. C. Mitchell.

Mrs. Warren Bates is visiting relatives in Tiverton.

Warren Bates who is employed in Centreville spent Sunday at his home.

Treat Colds 2 Ways

With One Treatment RUBBED on throat and chest, Vicks does two things at once:

- (1) It is vaporized by the body heat and inhaled direct to the inflamed air passages, and
- (2) It stimulates the skin like an old-fashioned poultice and "draws out" the soreness.

VICKS
VAPORUB
OVER 14 MILLION JARS USED YEARLY

Why has the world lost its brightness?
Why do our hearts ache today?
Why does the old pain hurt so,
As we go about our way?

No one knows but the stricken;
For they alone understand
The hunger of hearts that are waiting
For the touch of a vanished hand.

She went away in the Springtime
When the April air was chill
And ever since then our hearts ache
When spring approach is near.

We never shall forget her,
For time can never heal
The sorrow of our aching hearts
Or the loneliness we feel.

We think of her in silence,
No eyes can see us weep,
But still within our aching hearts
Her memory we shall keep.

We still mourn for our mother,
But not with outward show,
For the hearts that mourn silently
Mourn silently and low.

As we loved her so we miss her,
In our memory she is dear,
Loved, remembered, longed for always,
Bringing many lonely tears.

Our lips cannot speak how we loved her,
Our hearts cannot tell what we say,
But too only know how we miss her,
And long for her every day.

The prayers we send in silence,
To the place where her spirit has flown,
Are just a relief for the heartaches
And sorrows that we have known.

Time may pass and bring its changes,
Fresh with every coming year,
But her memory will be cherished
In the hearts that held her dear.

Sadly missed by her family.

WOOD'S PHOSPHODINE.
The Great English Preparation.
It cures and invigorates the whole nervous system, makes new blood, restores old veins. "Fruit-a-lives"—The Enemy of Dyspepsia

ST. URSLIE, QUE.—"For ten years I could not digest food. Now I eat like a new man. Fruit-a-lives relieved me completely."—Mrs. Martin.

Our way of living lays most of us open to recurrent attacks of dyspepsia and kindred ailments. To remedy this, the regular use of Fruit-a-lives is highly recommended.

The gentle, natural stimulation of the bowels and digestive system by the fruit juice extracts and tonic in Fruit-a-lives soon lessens both the discomfort and painful digestion. Try it. Sold by all druggists—25c and 50c per box.

USE IZAL

Farmers use IZAL disinfectant in your barns. IZAL is the official disinfectant of Health of Animals Branch Department of Agriculture, Ottawa. Order now from authorized dealer.

An Unsightly Skin Needs This Corrective

"It is working marvels with me," wrote a grateful man who, suffering from painful and disfiguring eczema, got complete relief, and regained a clear and healthy skin, by using TRU-BLOOD.

As its name implies, TRU-BLOOD is a true blood tonic. It removes the underlying cause of eczema, pimples, blackheads, itching rashes, boils, carbuncles and every other skin trouble due to impure or impoverished blood.

So many have benefited from taking TRU-BLOOD, you should try it. Get a dollar bottle at your druggist's today, and prove, for yourself, its worth.

Buckley's OINTMENT is highly recommended for speeding up the healing and softening of the skin. TRU-BLOOD drives out the poisons—the ointment heals magically. Try the combination treatment.

Tones the Blood
TRU-BLOOD
Clears the Skin

"Romantic Mary"

In the Temperance Hall last Thursday night "Romantic Mary" was presented to a capacity house by the "Bosy Beavers" C.G.T. group of the United Church of Canada under the direction of their leader, Mrs. H. C. Anthony.

The youthful players were well suited to their different roles and each memorized and played her part in a way to excite the greatest admiration and applause from their friends present. The play also was a great success financially. The proceeds being \$37.00. The cast was as follows:

"Romantic Mary"—Eileen Baxter
"Eleanor Winn"—Dorothy Stevens
Mrs. Winn—Ethel Curtis
Jennie, the maid—Anna Davis
Oliver Orde—Harriet Wamboldt
Henry Hastings—Floresta Hazeltin
Doctor Milman—Avis Morine
Andrew, the valet—Margaret Milbury.

Lecture

A fairly large audience gathered in the I. O. O. F. Hall on Monday night to see the views of "India," presented by Dr. W. J. Wright.

The pictures were beautifully clear and Dr. Wright having spent three years in India graphically described each scene.

The proceeds \$26.20 go to the Women's Institute, who are grateful to Dr. Wright for his very generous donation, also to Rev. F.W. Sawdon who so kindly loaned and operated his lantern for showing the slides.

Millions and millions of dollars' worth of wealth belonging to the peoples of Canada have been lost because men thought cash was worth more than themselves. Sometimes they do. But if they don't we pay dear for it.

Public Meeting Discusses Proposed Lighting Rates

A public meeting of the citizens of Bear River called by the Bear River Board of Trade was held in the Masonic Kitchen on Friday evening, April 20th, to discuss the proposed lighting rates for Bear River. Mr. Stoneman, representing the Annapolis Valley Electric Company, very clearly outlined the new scale of rates and gave valuable information on any questions asked. A committee was appointed to represent Bear River at the hearing before the Board of Commissioners and Public Utilities in Annapolis on Wednesday, April 25. Committee appointed:—Dr. L. J. Lovett, F. R. Harris, J. H. Cunningham.

They Gave Wonderful Relief At Once

Says Ontario Man of Dodd's Kidney Pills

Mr. H. E. Lewis Highly Recommends Dodd's Kidney Pills for All Kidney Troubles

"I have used your Dodd's Kidney Pills to some extent and find them to be all you claim," writes Mr. Herb E. Lewis, 77 Cathcart Ave., Rondon, Ont. "They take away all irritations and at once give wonderful relief. I would also recommend Dodd's Kidney Pills for any kind of kidney trouble."

The road to good health lies through the kidneys. If they are kept strong and well, all the impurities are strained out of the blood. If they are weak and out of order, the impurities stay in the blood and disease is the sure result.

Dodd's Kidney Pills are purely and simply a kidney remedy. They strengthen the kidneys and enable them to do their full work of straining the impurities out of the blood. Healthy kidneys make a healthy body.

There is no reason why anyone should continue to suffer when Dodd's Kidney Pills can be obtained from druggists every where, or from The Dodd's Medicine Co., Ltd., Toronto 2.

SCOUT NOTES

Do A Good Turn Every Day

Last week's meeting was devoted largely to Song practice, in preparation for the Jamboree on April 30. The first part of the program will be an illustrated talk by Dr. W. J. Wright and after that there will be demonstrations of Scout work and also Scout stunts and games.

The Scout movement is spreading around Bear River and the local troop is now taking in new members from the Millford Corner district. During the past two weeks second class scouts have visited the new candidates there and given them instruction in their Tenderfoot Tests.

At Clementsvale a new Troop was organized a short time ago under the leadership of Rev. George Durkee. The colors of this Troop are Gold and Crimson and the neckerchief in these colors is very attractive.

The regulation Scout Posters from headquarters are dandies and should be a big help in boosting a big turnout. The Jamboree is to raise funds to provide additional Scout quarters and to improve the decorations in the gymnasium and purchase some new equipment.

WOMAN COULD HARDLY WALK

Mrs. Horn Tells how Lydia E. Pinkham's Vegetable Compound Restored Her Health

Hamilton, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and would not be without it now. I had a female trouble so badly, I could hardly walk and I was all run-down and could hardly get around to do my housework. I would be in bed three or four days at a time. I was told by a friend to try your Vegetable Compound. I did, and in one week I was beginning to get around again. I took ten bottles in all, and now I am all right again and doing my own work. I have six grown-up boys to work for, so I have plenty to do. I also used Lydia E. Pinkham's Sanative Wash, and I think it is good. But I owe my health to the Vegetable Compound, and I think if more of it was used women would be better off. I would not be under any more of these troubles."

Mrs. Nellie Jamieson, 805 East Canon Street, Hamilton, Ontario.
Do you feel broken down, nervous and weak sometimes? Lydia E. Pinkham's Vegetable Compound is excellent to take at such a time. It always helps, and if taken regularly and persistently, will relieve this condition. Q.

Local and Personal

Mr. and Mrs. Irvin Dondale and family spent Sunday at Princetown.

The Ladies Aid of the United Church met on Tuesday with Mrs. Howard Cress.

Father Graham held service in the Chapel on Sunday and Monday morning.

Born to Mr. and Mrs. Harold Trimmer a son, April 23rd.

BEAR RIVER TRADING CO., LTD.

Bear River, April 26, 1928

Speeding up Freight Service

The recent installation of Mack Tractors and Lapeer Trailers by the Dominion Transport Company Limited, for the transfer of L.C.I. freight between the Canadian Pacific Place Viger freight sheds and their outlying terminals in this city, was demonstrated before C. W. Bosty, Chairman and President, and other executives of the railway outside the Windsor Street Station.

Mr. Bosty was specially interested in the mechanism by which the trailer is connected up with the tractor. This is done by the simple operation of backing the tractor slowly into the trailer. Unloading is actuated from the tractor by the simple moving of a lever. The President had these operations performed several times and expressed his appreciation of their simplicity.

Lighting and uncoupling of the trailer is operated by means of a mechanism known as a fifth wheel which is bolted to the tractor frame and upon which the front end of the trailer rides, interlocks itself mechanically with the trailer through the use of railroad type double locking jaw couplers. Brakes of both the tractor and trailer are applied individually and separately by the driver and are at all times under his control. Were it possible for a trailer to become disconnected from a tractor at any time when in motion, the brakes of the former are automatically applied bringing it almost immediately to a stop.

Through the use of a "Dolly" which consists of a fifth wheel mounted on a pair of road wheels, two more attendants trailers may be attached to one tractor thereby forming a tractor train and by so doing much increasing the total load capacity. With the addition of extra trailer wheels the total weight of the vehicle and load is divided over a greater road surface area, thus overcoming the deteriorating effect of heavily loaded trucks on the highways and city streets.

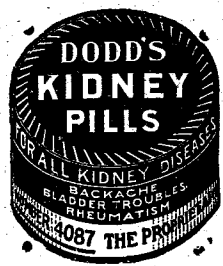

The capacity of the trailers used is 10,000 to 15,000 pounds with an inside dimension of approximately 40 feet long, 6 1/2 feet wide and 7 feet high. The tractor is of the internationally known "Bulldozer" type and its draw-bar pull is far in excess of anything that will be required of it, but was deemed advisable to use in view of the heavy road conditions prevailing in Montreal during the winter months.

While this tractor is of standard Mack design, the chassis is so in the case of the trailer, the body being built and finished in the Transport com-

pany's plant in Montreal. The body is of oak throughout with a sheet metal covering and the whole equipment is highly finished in dark blue with red wheels and undergear, the standard colors of the company, making a very handsome appearance. The centre side panels or sliding doors of the trailer as well as the panel doors and front panel are decorated with the Maple Leaf and Beaver, insignia of the Canadian Pacific Railway. The doors of the tractor bear the same crest. The Dominion Transport Company have at present nine trailers in operation and will increase this number to twelve in the next few weeks. Similar automotive equipment has been ordered for use in Toronto by the company.

Mack Tractors and Lapeer trailers represent the latest and most efficient method of handling freight. It consists of spotting one or more trailers at strategic points where freight is to be picked up. When the trailer is loaded the tractor calls for each in turn, taking them to their respective destinations under what is known as the Shuttle System. By this method no time is lost by full trailers waiting to be moved, as they are operated on an hourly schedule between each of the outlying freight depots and the central station, thereby giving the merchants and manufacturers of these outlying districts the same despatch with their freight as those who are more centrally located.

Former Digby Resident Died at Yarmouth

Benjamin Phinney, aged 71, a native of Campbell, N.B., died at the Yarmouth Hospital on Sunday morning. He was admitted to hospital several weeks ago.

Mr. Phinney, for many years lived in Digby, and will be remembered by many of the fishing people. He was of the old school fisherman.

Hydro is yours if you use it:

Restricting Filling Station Permits

The Town Council of New Glasgow is taking action to restrict the number of gasoline filling stations. In New Glasgow such stations have to obtain a permit and the method of control is to refuse permits to applicants.

Millions and millions of dollars' worth of wealth belonging to the people of Canada have been lost because men thought camp fires would burn out by themselves. Sometimes they do. But if they don't we pay dear for it.

Chimney Fire

The firemen were called out on Monday in response to an alarm for fire at Kiley's Cafe. Use of hand chemicals prevented the spread of fire from the chimney to the building.

A dozen school fairs will be held in Cumberland County this summer. They are being organized by the local agricultural representative. Seventy schools will be represented.

Sentenced to Dorchester

Charles and Oscar Tronon, who entered a plea of guilty before Mr. Justice Grieson on Saturday under the 'Speedy Trials Act'; Charles was sentenced to three years in prison and Oscar to two years. The charge was of burglary of the store of H. W. B. Warner, at Barton.

If pipe ashes burn the palm of your hand they are hot enough to set fire to the bush. Watch out! It doesn't take much to start a million-dollar fire some times and places. Once burnt over a forest arduous may be useless for generations.

More Autos Than Ever

"More than a million motor cars will be using the highways of Canada this coming summer" was the statement made by W. R. Campbell, vice-president and treasurer, Ford Motor Company of Canada, Limited, when queried by the press regarding motoring prospects for the coming season. "The Dominion Bureau of Statistics at Ottawa" continued Mr. Campbell, "Furnish us with figures which indicate that there will be more motoring, and more tourist travel by motor than ever before. Highway Departments of the various provinces have already issued their traffic regulations for spring motoring, with Special reference to truck loading limits."

"The light fast car and its ability to annihilate distance is increasing the range of motoring", said Mr. Campbell. "This means that highway traffic will be heavier than ever with the consequent necessity of greater service. Carrying out our service school plans on the new car," concluded Mr. Campbell and he added, "All dealer points in Canada are prepared to render service on the Model A."

As pioneers of the service school idea, the Ford Motor Company of Canada, Limited, immediately following the announcement of the new car set about training and instructing dealers, mechanics and service men throughout the Dominion of Canada and the overseas territories; on the problem of servicing the new car. Mr. Campbell pointed out that it was this service that was appreciated and looked for by the public.

In concluding the interview Mr. Campbell said, "Accessible service is one of the most vital factors in motoring efficiency. The confines created by country-wide service on Ford products is responsible in a great measure for their popularity and demand."

Questioned about production on the new car Mr. Campbell replied, "We are making daily deliveries in all sections of the country. The Toronto Police department recently received 12 phaetons for traffic work. Police departments throughout the country are taking deliveries regularly. Splitting our production with overseas territories has of course cut down our domestic deliveries."

A Great Mystery Picture

For gasp-provoking action, spooking suspense, clean comedy and tender love scenes, "The Bat", famous mystery picture showing at the Bijou Dramatic theatre on Monday and Tuesday is in a class by itself.

Roland West, genius of mystery melodrama, has taken the Mary Roberts Rhinehart and Avery Hopwood stage success and made it into what critics pronounce the year's biggest "surprise picture". Audiences are kept on the edge of their seats from the opening scenes to the startling finish, when the mask is torn from "The Bat" and he is disclosed as one of the least suspected characters.

The weird settings and unsurpassed photography in "The Bat" make it one of the artistic as well as outstanding dramatic triumphs of the last ten years. Although the plot of the stage play has been followed, new complications have been introduced to baffle even the hundreds of thousands who saw the spoken drama.

The all-star cast has eminent players such as: Jewel Carmen, Jack Pickford, Louise Fazenda, Emily Fitzroy, Tulio Carmichael, Robert McKim, Eddie Gribb, Andre de Beranger, Lee Shumway, Charles Herringer and Edwin, famous portrayer of Oriental types.

Here and There

(68) Completing her 28,000-mile cruise around the world in the course of which she visited 18 countries and 27 ports, Canadian Pacific flagship Empress of Australia docked at New York April 12, from which port she sailed December 2 last. She was carrying 320 passengers, including prominent society and banking leaders of Montreal, Toronto and other Canadian and United States cities.

Winnipeg—Over a thousand new homesteads have been filed in the four western provinces during the month of January and February this year, being 1,006 as compared with 629 for the same two months' period of last year. By provinces, Manitoba reports 74 homestead entries as against 11 last year, Saskatchewan 430 as against 336, Alberta 602 as against 218, and British Columbia 30 against 9.

Raymond—According to a cable from London, England, discoveries likely to be important for the Canadian beet sugar industry have been made at Oxford. A means has been found to dry the sugar beet and thus allow the manufacture of sugar to be continued throughout the year, and it is even believed that a method of treating the resulting effluent in such a way as to free it from poison has also come to light. The discoveries are a result of four years' research work.

Vancouver—I am satisfied with the progress of Canadian products in the Chinese trade field and prospects for the increase of trade are extremely good," Col. Moore Coarive, Canadian Government Trade Commissioner to China, said here on his arrival from the Orient. "Canadian products of all kinds and especially those from British Columbia are being very well received in China now. There is no real boycott against Canadian goods; the Chinese merchant knows his prices and knows where to place his orders."

Announcement has been made from Canadian Pacific Railway headquarters that a "Remembrance Tour" is being organized for the coming summer for ex-soldiers, their relations and friends to visit the scenes of battles in France and Flanders during the Great War. The tour will leave Montreal July 13 next, on board Canadian Pacific liner "Duchess of Bedford", one of the new cabin class steamships which will be placed by the company on the St. Lawrence route this year.

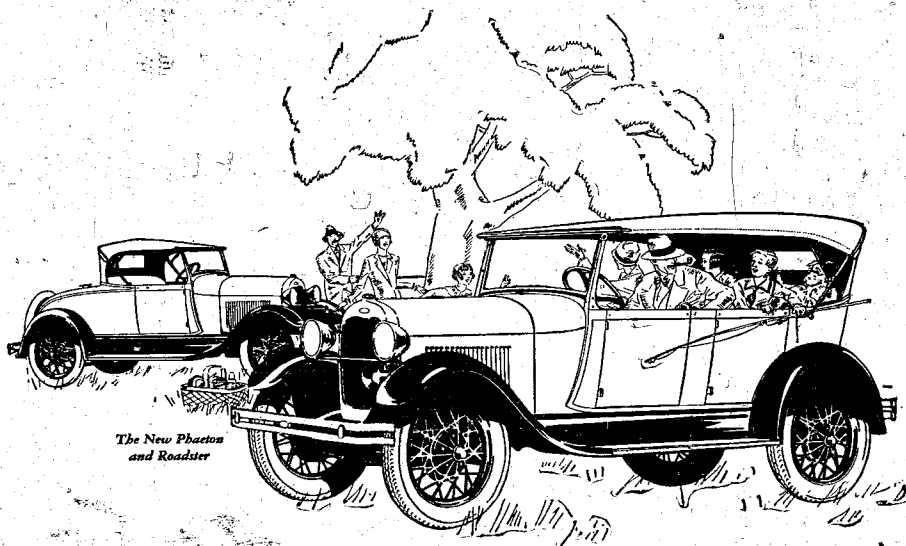

A nineteen-year-old youth, Arthur Cleland Lloyd, of Vancouver, was the winner of the \$1,000 prize for orchestral suite composed for the Musical Festival to be held at Quebec May 24-28. Three other prizes were awarded and a further \$2,000 for a cantata will be given later. The prizes, which totalled \$2,300, were the gift of E. W. Beatty, chairman and president of the Canadian Pacific Railway. The contest was open to all the world and compositions were received from Great Britain, France, Hungary, Denmark and the United States as well as Canada.

Ottawa may conceivably be selected for a future meeting of the Council of the League of Nations and Rt. Hon. W. L. Mackenzie King, Prime Minister of Canada, should attend the next assembly of the League in appreciation of the honor paid Canada by her election to the council of the 14 leading powers of the League of Nations was the statement of Sir Herbert Ames, for seven years financial director of the Secretariat of the League, when interviewed on the Windsor street C. P. R. station here recently.

The NEW CAR

Performance Comfort & Safety Equal to Every Demand

THERE is a satisfaction in driving the New Ford Car. You are impressed with the remarkable ease with which gears are shifted; the smoothness of starting as the clutch is engaged; the vigorous acceleration.

You ride in deep upholstery. Wide seats and ample leg-room ensure comfort even on a long drive. Flexible springs and four hydraulic shock absorbers protect you from the shocks of the road.

Your hand on the steering wheel finds an instant response to the slightest turn. Your foot on the brake pedal brings the car to a quick, safe stop. Steel bodies with narrow pillar posts and a shatterless glass windshield add to your safety.

And when your drive is over and your car stands in front of your home, you feel the same pride in its handsome appearance that you derive from its mechanical excellence.

TALK OF THE TOWN

Mrs. Fred McBride returned on Tuesday from a visit to Boston.

Mr. and Mrs. Joshua Heikert are receiving congratulations on the birth of a daughter.

Mrs. Forest Eisner was a passenger to Boston on Friday of last week.

Miss Edrie Titus returned home on Thursday after spending the winter in Moncton.

Miss Kathleen Robertson is a guest of her brother, E. M. Robertson Jr. and Mrs. Robertson.

Master Vincent Baxter spent Sunday with his aunt, Mrs. David Hazelton, Mount Pleasant.

Mr. Douglas Daley is a patient in Digby General Hospital, suffering with an infected hand.

Dr. and Mrs. DuVernet are expected home on Tuesday next, having spent the past few weeks in Boston and vicinity.

J. L. Peters is expected home on Saturday, accompanied by his sister, Mrs. Clark who arrived in Yarmouth on Tuesday.

Mr. William Hope of the Century Motors, who has been in Digby for the past two months returned on Saturday to Defiance, Ohio.

Miss Margaret Stewart has reopened her home on Queen street which has been closed for the winter months.

Mrs. A. D. Merkel, who has been visiting at the home of her son, Andrew D. Merkel of Halifax, returned to Digby on Monday.

Little Barbara Baxter, who has been suffering from a bad attack of whooping cough is improving and her little friends are glad to see her out again.

Mrs. Jerry Peters and Mrs. Forrest Eisner, who are visiting in the United States, were guests on Sunday of Mrs. John A. Farnsworth, Pleasant street, Melrose, Mass.

Mrs. A. E. Dickson entertained recently at a most enjoyable children's party in honor of the sixth birthday of her little daughter, Frances.

Dr. DuVernet, who for the past three weeks has been in Boston acquainting himself with the newest methods in surgery will return to Digby next week and his office will be open again on May first.

Mr. and Mrs. Samuel Cosman are removing from Digby to Brighton, to occupy the farm they purchased last Fall from Mrs. Robinson. Mr. Cosman, who is millwright at the Warne Mill, will motor to and from work in town.

Mr. and Mrs. George Peters returned on Tuesday from a vacation spent in Boston and other New England cities. Mr. Peters has been absent since Valentine's Day, and Mrs. Peters has been away a month.

A very pleasant afternoon was spent at the home of Mrs. Kirkpatrick on Wednesday of this week, when she was hostess for the Ladies Hospital Aid Sewing Circle and Tea. Twenty four ladies being present. Mrs. W. H. Farnham will entertain the circle next week, the monthly business meeting being held in connection with this meeting.

Mr. and Mrs. E. H. Nichols were visitors in Digby for several days this week. They leave today for Ottawa, where Mr. Nichols will plead before the Supreme Court of Canada, a case on appeal from a decision handed down in this district. Mrs. Nichols will go on to Toronto, where her mother, Mrs. Moody is visiting.

Notice

The semi annual meeting of the Council for the Municipality of the District of Digby will be held at the Court House, Digby, on Tuesday May 1st 1928 at 2 o'clock in the afternoon.

Margaret Stewart
Municipal Clerk

IN MEMORIAM

In loving memory of our dear mother Catherine B. Bremner who passed away April 26th, 1927.

Days of sadness still come o'er us
Tears in silence often flow
Memory keeps her ever near us
Though she died one year ago
No one knows the silent heartache
No one only those can tell
Who have lost their best and dearest
And have said their last farewell.

Her daughter and sons

Why Forest Fire Prevention?

Because Canada's annual forest harvest provides employment for over one hundred thousand of her citizens.

Because fifty per cent. of her industries are dependent on wood as a raw material.

Because nature will grow timber profitably on soil unsuitable for any other purpose.

Because The timber limits of Digby County provide employment and profit to half our population.

These are but four of the many reasons why, for our own good, we must prevent forest fires.

Municipal Council Holds Its May Sessions

Council Visits Poor Farm Considers Proposed Alterations

The last regular session of the Council for the Municipality of Digby before the elections in the Fall convened in the Court House on Tuesday. Warden Andrews, North Range, presided and there were present: Deputy Lent, Freeport; Councillors Pugh, Westport; Outhouse, Tiverton; Cessaboom; Little River, Hillman, Culloden; Chisholm, Bear River; Woodman Smith's Cove; Marshall, Marshall town; Fitzgerald, Weymouth North Hankinson, Weymouth.

In welcoming the Councillors to their duties the Warden said that among other important business to be presented for consideration was a resolution in connection with payment of monies to the provincial government. The resolution would ask that the time of payment to the government departments be changed from July to October, in order that the municipality would have already collected the rates and not be obliged to borrow at great expense.

The Warden was warm in his praise of the hydro development and hoped it would continue to expand.

The Council considered a set of blue prints for a proposed new station on the D.A.R. at Smith's Cove. Councillor Woodman was appointed a committee to report on the proposed location, which he did, and the Clerk was instructed to advise the Railway Commission that the Council approved the plans and location.

Committee work occupied Wednesday morning and in the afternoon the Council adjourned as a committee of the whole to visit the Municipal Home at Marshalltown.

Yesterday the Council assembled at the usual hour, when Poor Farm matters were taken up and other business transacted.

Nova Scotia Board of Commissioners of Public Utilities

NOTICE

NOTICE IS HEREBY GIVEN that the application of the Digby County Power Board for leave to issue sixty of its debentures to the par value of \$200.00, forty of the par value of \$1,000.00 each and twenty of the par value of \$500.00 each, will be considered by the Board at a sitting to be held at its office, Technical College Building, Halifax, N.S., on Friday, May 11, 1928 at the hour of ten o'clock in the forenoon.

All persons interested will be given an opportunity of being heard at said sitting.

Any objections to the granting of this application may be filed with the undersigned, in writing, on or before May 10, 1928.

Deputy G'd Master Visits King Solomon Lodge

Fellowcraft Degree Conferred on Two Candidates at Meeting

An official visitation to King Solomon Lodge, No. 54, A.F. & A.M., was paid at their regular monthly communication on Tuesday evening, by R. W. Bro. F. E. Rice, Deputy Grand Master, R.N.S. The D.G.M. was introduced to the lodge by R.W. Bro. Stanley Keen, and was escorted by a number of Past Masters. He was welcomed in form by the presiding officer, W. M. W. H. Farnham.

Visiting brothers included: V. W. Bro. Dr. Roop, V. W. Bro. Horace Moore, Bros. F. H. McNaught and Murray Harris, all of The Keith lodge, Bear River, and Y. W. Bro. S. Fream, of Red Deer, Alberta.

The Fellowcraft Degree was conferred on two candidates.

Addressing the lodge the Deputy Grand Master congratulated the brethren on the work of the degree staff. He took his hearers back to the early days of Freemasonry in North America, speaking of the early marks of Masonry as found by historians' search through old records, and said that the first traces of Freemasonry on the continent were to be found at Goat Island in the Annapolis Basin. His discourse was interesting and in structure, especially to the novitiates in Freemasonry who had been initiated into the first stages of its principles.

Following adjournment refreshments were served and speeches by visiting brothers enjoyed.

Belliveau Schooners Victims of Storms

The schooner May Anne Belliveau, owned by the Belliveaus of Belliveau's Cove, was towed into Shelburne by an American vessel. The May Anne Belliveau was bound for Boston, laden with lumber. Going out of the Bay of Fundy she ran into a storm and was dismantled. She was not insured.

Another Belliveau schooner was towed into a Maine port this week, with her sails gone and a third is long overdue.

Evangelists Will Conduct Services at Baptist Church

Rev. D. Merrick Walker and Evangelist W. Gordon Hunter, of Edinburgh, Scotland, will conduct a series of Evangelistic services at Digby Baptist church from Friday May 4th until Monday, May 7th, inclusive. Week night services will begin at 8 o'clock and Sunday services at 11.00 a.m. and 7.00 p.m. There will be special musical features, particularly on Saturday evening. A Children's Service will be held on Saturday afternoon at 3.30 o'clock. Messrs Walker and Hunter will conduct the services at Hill Grove Baptist Church on Sunday afternoon at 3.30 p.m.

A surprise social was held on Friday evening April 27th, by the United Church choir at the parsonage. The guest of honor was Mrs. Samuel Cosman whose long and faithful services as a member of the choir were recognized in the presentation of a pair of candle sticks and bowl from the choir and some friends in the congregation.

SCOUT NOTES

Do A Good Turn Every Day

Thirty boy scouts attended the monthly camp parade on Sunday last. Service was at Trinity church where the rector, R. V. W. Driffeld, addressed them on topics appropriate to the occasion. The parade was in charge of Scoutmaster Wright.

On Friday evening the regular meeting was held. The thirty who attended took up first and second class work. Service Stars were presented. Troop Leader, Daley being presented with his Seven Years Star.

There was some discussion of a Summer Camp and this matter will be gone into further as the time for camps draws near. A ball game is being arranged with the Bear River scouts, to give the new team a tryout.

The essay on 'The Woodchuck' was won by Scout Earl Anderson. Next weeks essay is on 'The Otter'.

Came Home Through Canal

Mr. J. Lorne Peters arrived in Digby on Saturday returning from spending the winter in California. Mr. Peters left in December and spent the Christmas holidays in Massachusetts. Leaving Boston he took the Southern Pacific route to Los Angeles, going through New Orleans, and spent the winter on the Californian coast.

Starting east he took steam from San Francisco, came back through the Canal and disembarked at New York.

SILL KNICKERS \$1.19 AT WRIGHT'S

TALK OF THE TOWN

Mr. and Mrs. S. Titus moved up to 'Hillcrest' on Thursday.

J. R. Green, of St. John, is the guest of Mr. and Mrs. H. F. Williams Queen St.

Rev. E.W. Forbes will hold a service in the school house Mount Pleasant on Friday evening, May 11th.

Dr. and Mrs. DuVernet arrived home from Boston on Tuesday last. Friends will regret to hear that Mrs. DuVernet is now confined to the house with a severe cold.

Mrs. M. B. Cunningham and two little daughters returned on Tuesday from Windsor where they have been the guests of Mrs. Cunningham's parents for the past two weeks.

Twenty-eight ladies were present at the Ladies Hospital Aid Sewing Circle which met at the home of Mrs. W.H. Farnham on Wednesday last. The next meeting will be at the home of Mrs. E. M. Robertson Jr., on Wednesday the 9th inst.

There are thirteen miles of streets in Digby. Nearly as many miles of side walks, and no one knows how many acres of open fields, and yet there are a lot of people who seem to think that the Post Office steps are the only place to park when they want a bit of gossip with a friend. And they invariably pick mail time to block the gangway.

The death occurred at Weymouth, on Monday, of Samuel McCormick, Registrar of Deeds for Digby County. Mr. McCormick, who was born in Ireland in 1843, was appointed Registrar of Deeds in 1919. He came to Nova Scotia when he was 17 years of age and settled in Weymouth forty years ago. His widow and several sons and daughters survive. The funeral was held on Wednesday with interment at Yarmouth.

Pretty Ponies and Horses and Charming Women the Feature of BARNETT BROS. Circus

The Manager of BARNETT BROS. CIRCUS which exhibits in DIGBY on May 23rd, prides himself on two things, namely, his ability to judge blooded horses and his ability to select charming ladies to ride them. The public will have ample opportunity to view both maidens and horses in the Gorgeous Street Parade which leaves the show grounds promptly at noon, Circus day. The performances this season are on an even more pretentious scale than those of former years and will commence at 2.00 and 8.00 p.m. The doors being opened one hour earlier for the reception of the public and entertained by BARNETT BROS. CIRCUS BAND. BARNETT BROS. COMESTO DIGBY with very strong advance notices. The

public will be assured of seeing a performance that is very rarely seen under a big white top and is positively the first and only Motorized Circus that has ever Exhibited in CANADA and is a NOVA SCOTIA Institution. Watch for the GORGEOUS STREET PARADE at Noon One Day Only.

The Digby Neck Bus will run through to East Ferry daily, commencing on May first. The old bus will continue on the route for a week or two, until the new bus is in commission, and will then be held in reserve for Circus day and celebrations. The new bus is a sixteen passenger model, manufactured by General Motors and is reported to be as fine a machine as in use anywhere in the province. The genial 'Guy' is determined to give the best service popular and the Digby Neck Bus is a well patronized institution. Under the direction of the Morehouse family it has seen many changes, from the days of the old stage coach

Empress Back on Route

The Steamer Empress, which had been replaced by the Steamer Prince George during a period of lay-off for annual inspection and overhauling, returned to the Saint John-Digby ferry route yesterday morning.

Leaving the dock on Wednesday afternoon the Prince George said her good byes with prolonged blasts of her siren.

The Empress has been decorated inside and out, and has had considerable repairs made to engine and hull.

Will Organize Committee

A meeting is to be held in the Town Hall this evening of all interested in the work of improving the condition of the adult blind of the Maritime Provinces. Eev. E. W. Forbes has been active during the week securing the consent of those willing to work on a committee to form part of the provincial organization to raise an endowment fund for the education of adult blind, and it is hoped that there will be a large attendance at the meeting.

There is a factory in Halifax where adult blind are given employment and it is for the purpose of training blind persons in wage earning tasks, making them self supporting, this fund of \$200,000 is being raised.

The Rev. J. Abbott Winfield will be the preacher at All Saints Church, New York, on Sunday next. The Rev. and Mrs. Winfield are spending a few weeks in New York the guests of Mr. and Mrs. E. C. Leary of the Savannah Steamship Co., and expect to return to Weymouth about the 18 inst.

The New Pines and the Car Ferry

With tenders opened for the New Pines Hotel and preparations under way for construction, things are looking up in Digby. The train service between Yarmouth and Halifax on the D. A. R. will this year be increased by the addition of a train to connect with the New York boat, and generally the tourist situation is most promising.

A study of the Canadian tourist business shows that interprovincial traffic is not as great as it could be. It is estimated that 150,000 residents of Quebec, Ontario and the Canadian West spend the summer vacations in American resorts, principally within sight and sound of the ocean. The mountain resorts have attraction for some, but the great exodus is to seaside resorts. There is a lesson for Nova Scotia in this fact. No portion of the North American continent is more favored of nature than Nova Scotia. New Brunswick has its attractions, Maine has its charms, the New England States have a fascination of their own, but Nova Scotia has more miles of sea coast, more varied beauties and more change of

scenery than any or all of the rest of the eastern coast section of the continent.

As far as development of tourist traffic from Central Canada is concerned, the difficulty is one of transportation time. It takes longer to get from Toronto to Halifax than it takes to get from Toronto to Boston, and this handicap can only be overcome by improvement of train services. Much has been done. The Canadian National and the Canadian Pacific have placed faster and additional trains on the route to cater to summer business. A step in the right direction. There is another move to make. Inauguration of a car ferry system between Saint John and Digby would cut hours off the travel time. It is feasible according to similar undertakings which are in operation or have been in operation in various parts of the world and can be accomplished if a reason is shown why it should be done. Its cost is of consideration only as it is compared with probable revenue of saving, and the Prince Edward Island ferry may be taken as an example of what may be expected. When the Cape Tormentine to Port Borden car ferry service was inaugurated its opponents said it would never pay. Its conditions would prevent operation in the winter and dire disaster was prophesied. Actual operation has shown how mistaken the pessimists were. Stoppages because of ice conditions have been rare, and the amount of traffic carried has been so great that a second ferry service is now being promoted as a means of relieving congestion of freight and other traffic.

The St. John-Digby car ferry could be expected to meet with similar success. The mileage is short in comparison with the mileage of ferry services between the mainland and Vancouver Island and on some of the Great Lakes

KING COLE Coffee

at all Grocers

routes. Tide conditions are not more of a handicap than the tidal conditions in the English Channel, across which a car ferry was operated during the war.

Any way you look at it, as a time saver, a traffic builder, an encourager of industrial development in western Nova Scotia, the proposed car ferry fills the bill, and Digby should be the first town to get out and work for its fulfillment. We have more to gain immediately than any other town or city in the Maritimes, and should take the lead.

Inauguration of a car ferry service is a logical sequence to the construction of the New Pines.

Letter to the Editor

Dear Mr. Editor:

I noticed on April 20th, in the columns of your valuable paper, that Mr. James Rice had won the log hauling contest. I don't consider it much of a contest where he hauled his logs from. I think that a good pair of collie dogs would have done the trick that he did with his horses, bringing a load of timber from the level out here down the Town hill to the mill. What I call winning a contest of hauling logs, is to go into the woods to a brow such as down Digby Neck or on the Shelburne road, and haul them to Digby, up hill and down, such as it might be. But not do as Mr. Rice did, to have another team accompany him into the woods, hauling the biggest half of the load, and when he gets pretty near the Town hill, where the road is level, slip the two loads on to one set of sleds and bring it down the hill to the mill, with one team. I would call that contest won by two double teams, not one double team. I would like to see Mr. Rice go down to Hutchins' mountain and put on twelve hundred and seventy feet of green spruce timber, the same as Mr. B.O. Baxter did and bring it to the mill. I imagine if he put that much on, he would be sitting there in the spring when the snow went off.

JOHN BAXTER,
Digby, N.S.

Waldec West

Held over from last week

Mr. and Mrs. Clarence Cress spent Sunday in Smith's Cove.

Miss Alvena Shaw spent Tuesday in Bear River.

Miss Doris Gaudet spent Sunday in Deep Brook with her cousin, Miss Mary Tooker.

Miss Ethel Cress spent Sunday with her parents, Mr. and Mrs. Clarence Cress here.

Hydro is Yours !!

Campaign For Blind

The central executive of the campaign to raise an Endowment Fund \$300,000 for the Maritime Division of the Canadian National Institute for the Blind, has been receiving very encouraging reports from all sections of the Maritimes and Newfoundland. Wm. M.C. Orr, General Chairman of the campaign, announces that to date the following Local Chairmen have been secured: Dartmouth and Impey, John S. Misener; Antigonish, R. B. Pethick; Mulgrave, Dr. Joseph S. Breen; Guysboro; C. L. Godfrey; Boylston, Stephen Pyle; Kentville, G. E. Graham; Windsor, W. J. Hun; Sydney, Arthur S. Burchell; Bridgetown, H. B. Hicks; Middleton, Rev. Gerald Eaton; Annapolis Royal, Claude C. King. In Prince Edward Island, Walter S. Grant is the Provincial Chairman and the following are the local leaders: Charlottetown, H. Frank McPhee; Summerside, J. Frank Arnett; Kensington, Dr. A. A. Lockhart. In New Brunswick the following Local Chairman have been enlisted: Saint John, T. H. Estabrooks; Hampton, J. Wm. Smith; Welsford, Wm. H. McCrackin; Sussex, Percy Bolton; Chatham, S. D. Heckbert; Bathurst, F. P. MacKay. In ten other communities committees have been formed and they will select their Chairmen within the next few days. The task of organizing close to 150 communities throughout the Maritimes and Newfoundland is a formidable undertaking but rapid progress is being made, and the Central executive has found that in every community where its representatives have been, the people evidence a very friendly feeling toward the movement and it has not been difficult to secure the right leadership.

Chairman Orr states that there seems to be a slight misunderstanding among some people regarding the purpose of the campaign. The Endowment Fund is not being raised for the Halifax School for the Blind. That institution is largely supported by Government grants and no appeal is being made for it at this time. The purpose of the Fund now being raised is to finance the work among the adult blind. This group includes graduates of the School for the Blind and others who are past the school age.

Among the blind, as among the sighted, most individuals must gain their livelihood by manual occupations. It is obvious that to one who is deprived of vision most of the ordinary occupations are closed. Most, but not all. There are certain well-known trades in which the blind can do and are doing expert work. But even in these trades the blind operatives must compete with sighted, and therefore, their more fortunate competitors. This simply means that the work of such blind manual operatives must be subsidized, and this is one of the reasons for the appeal now being made.

LESSON No. 20

Question: Why is emulsified cod-liver oil so very helpful as a vitamin-food for expectant and nursing mothers?

Answer: Because it provides an easily assimilated food rich in the essential vitamin that aids in building strong bones and good teeth.

Take pure, wholesome, pleasantly flavored

Empire Farmers' Tour in Great Britain and Ireland

An opportunity for Canadian farmers to make a comprehensive tour of the Old Country and Europe between seedling-time and harvest, is offered by the announcement of the British National Union's Empire Farmers' Tour commencing as a party in London on June 4th and closing in London on August 17th. The Continental tour will commence on August 18th and, visiting Holland, Germany, Switzerland, Italy and France will finish in London on September 4th.

Many farmers from the Dominion are expected to join this tour and by leaving Montreal on May 25th by the Canadian Pacific liner Montclare, will reach Liverpool and London on June 2nd, two days before the departure of the escorted tour.

The enterprise is the outcome of three successful visits to and from South Africa, organized by the South African National Union, now affiliated to the British National Union. The executives of the Union desire by these visits to link up every Dominion and Empire and about November 1929 it is proposed to organize a tour to Australia and New Zealand by 100 to 150 persons representing every other part of the Empire. This tour will be followed in 1930 by a visit to Canada and in 1931 to South Africa.

The tour of the British Isles which starts in London on June 4th will offer facilities for seeing the best of British and Irish agriculture, and for meeting in conference representatives of all the principal markets, including wool, meat, fruit, dairy produce, etc. H.R.H. Prince of Wales has signified his intention of receiving the party at St. James' Palace on the day of arrival. King George's farm at Windsor will be visited, as well as the Prince of Wales' Stoke d'Acre farm in the Duchy of Cornwall. The party will be taken to Epsom on Derby Day and, in addition to the Dublin Horse Show, the three great national Agricultural Shows of the year—the Royal at Nottingham, the Highland Show at Aberdeen and the Welsh Show at Wrexham—are included in the itinerary. Three days will be spent at Cambridge after which the party will divide into four sections, Norwich, Ipswich, Colchester, Reading, Winchester, Salisbury, Bath, Marlborough and Swindon will be visited by the first section; the second will go to Spaulding, Peterborough, Northampton, Leicester, Bedford, Exeter, Cardiff, Wincanton, Bath and Bristol; the third section will proceed from Cambridge to Lincoln, Hull, Brighton, Chichester and Madison, while the fourth section will visit North Wales, Liverpool, Preston and the Lake District, Birmingham, Hereford, and Worcester. Each section itinerary for the three weeks the tour will be divided covers a great deal of territory providing much opportunity for the study of the different counties and districts and their enterprises in agriculture and industry. The whole party will meet again at Matlock and will proceed to visit Nottingham, Leeds, Bradford, Halifax, Sheffield, Aberdeen, Balmoral, Braemar, Perth, Stirling, Edinburgh, Glasgow, Belfast, Portrush, and Giant's Causeway, Killarney, Dublin, Holyhead, Liverpool, Wrexham and back to London, where a conference will be held from July 13th to 17th, when the tour will break up. The Montrose from Southampton on July 19th, the Montclair from Liverpool on July 20th and the Montclair from Southampton on July 24th will bring many back to Canada, the Canadian visitors of this comprehensive tour.

There is probably nothing in which the people of the Maritime Province have a greater confidence than in MORSE'S TEAS. They have learned by long experience that MORSE'S TEAS are always of the highest quality and that they make the largest number of cups to the pound of any teas they can buy.

Why Firestone Tires Give You Most Miles Per Dollar

The greatest enemy to tire life is not the harsh grind of city streets or rough roads but heat which is created inside the tire by internal friction. Heat not only weakens the fabric, but also softens the rubber causing blowouts and tire failures.

The exclusive Firestone Gum-Dipping process prevents internal heat. Every fibre of every cord is insulated and impregnated with rubber, which prevents internal friction and at the same time binds the cords together by a stronger union of rubber, thus giving greater strength and flexibility to the tire.

Take advantage of the Gum-Dipping process to lower your tire costs this year. Your local Firestone Dealer not only supplies you with these better tires that cost no more, but also gives the better service that enables you to benefit from every extra mile built in at the factory.

"Features that make a Great Car Greater"

LOVEJOY & FOUR WHEEL SHOCK ABSORBERS BRAKES

LAST year a great car, now a host of added features make Pontiac Six greater than ever. To Pontiac's proven dependability have been added the enthralling beauty of new Fisher bodies, and new high radiator; the new safety and security of positive four-wheel brakes; the new ease and comfort of Lovejoy Shock Absorbers; a new pride of ownership in a car that is essentially modern, up-to-date.

Ask about the amazingly low prices of the New Series Pontiac Six.

Ask your dealer about the G.M.A.C. Deferred Payment Plan which makes buying easy.

"How did you ever think of such a charming color combination?"

"Oh, that was easy, I found it in the new B-H Booklet, 'Color Harmony in the Home.' It's a gold mine of lovely color schemes and it tells the right finish for every surface. I just can't stop until I've done the whole house and the paint man says that B-H 'English' Paint will last for years and years."

DAKIN BROS. DIGBY

Acaciaville

Mrs. Hannah Bell is visiting her daughter, Mrs. H. H. Marshall of Digby.

The ordinance of baptism will be observed here on May 20th.

The Special Meetings have closed. Rev. Dr. Camp of Saint John assisted Mr. Bishop for several nights. The lecture accompanied by his lantern slides on Bolivia was much appreciated.

Tiverton

Mrs. Jessie Powell of Freeport, is visiting her sister, Mrs. Israel Outhouse.

Deima Outhouse of Wolfville is in town last week.

Mrs. Warren Bates, of Sandy Cove is visiting her sister, Miss George Sollows.

Sorry to report Mrs. Atwood Outhouse confined to her home with rheumatism.

Joseph Ossinger was a passenger to Saint John on Monday for medical treatment.

Harry Clifford and bride of Saint John arrived here Thursday last to spend the summer months.

Rainbow Lodge No. 113 I.O.O.F. held their regular service in the Christian church Sunday 29th. Rev. P. Hamilton officiating. Music rendered by the Male Quartette of Freeport was enjoyed by all.

Not All Bible Students

Editor Courier:

An item in the Halifax Chronicle dated April 26th, says that eighty names signed a petition addressed to the Right Hon. Mackenzie King, Prime Minister of Canada in protest to the cancellation of the broadcasting of programmes of the International Bible Students Association and that the signatures represent about every household in the village. There are about sixty-five householders and of these: twenty-five or more are Baptist, twenty or more Methodist beside Catholic and Anglican's. Centerville has not such a strong hold of International Bible Students as represented. The petition must have been signed by all members of the International Bible Students family instead of householders

S.S. "Yarmouth" Replaces S.S. "Northland"

Advice has been received from the Eastern Steamship Lines, Inc., to the effect that the new S.S. "YARMOUTH" will replace the S.S. "NORTHLAND" on the Yarmouth-Roseton service, with the first sailing out of Yarmouth, Tuesday, May 8th.

Deep Brook

Mr. and Mrs. Wm. Johnson Jr. left here on Monday for Hamilton, Ont., where they expect to make their home.

Miss Anna Rice spent the week end with her parents, Mr. and Mrs. B. H. Rice.

Kenneth Adams and son of Boston are guests of Mrs. John Adams for the summer.

Mrs. George Jefferson and son left here on Friday to visit relatives in Bonaventure, Mass.

We are pleased to see Joseph Dittmars home again after his long and serious illness.

Mr. and Mrs. Elburn Berry have moved and taken over the property owned and occupied by Mr. George Vroom.

Mrs. Margaret Barteaux is at home again after a month spent with relatives and friends at Nictaux.

Mrs. Abner Woodworth returned home from Middleton on Sunday after a pleasant three weeks spent with her daughters, Mrs. Beals and Mrs. Jacques.

Mr. and Mrs. H. E. Snell and sons, Chester of Bear River and Lawrence of Sydney were guests of Mr. and Mrs. L. E. Sherman on Thursday.

Mrs. Lora Adams spent a few days of last week with her daughter, Mrs. Willis Rice at Middleton. She was accompanied by her grandson, Cyril, who has been spending some weeks here.

The W.M.A. Society held a public meeting in the Baptist church Friday evening. An interesting programme was given under the direction of Mrs. W. G. Hiesler consisting of readings and dialogues by the children and young people and a payment by the ladies of the church \$10.00 was added to the treasury for missionary work.

Belleisle

Mrs. Will Morse, of Port Lorne, is visiting Mr. and Mrs. Albert Marshall.

Chester Bent and Russell Young left for the West a short time ago. We wish them every success.

Miss Cora Parker spent the past two weeks with her sister, Mrs. Wallace Covert Jr., at Karsdale.

Mr. and Mrs. Wallace Covert and son Fred, motored from Karsdale and spent Sunday with Mrs. A.W. Parker.

Mrs. Avar O'Brien and two children, of Calgary, are spending the summer with her parents, Mr. and Mrs. Henry Troop.

Dr. and Mrs. Davidson, of Aylesford, were Sunday guests of Mr. and Mrs. Archie F. Troop.

Dr. and Mrs. M. P. Nichols, of Aylesford were guests on Sunday at Mrs. Nichols' mother, Mrs. I. J. Parker.

Mr. and Mrs. Eugene Parker, of Halifax, and Mrs. L. Vaughn Nichols, of Aylesford, were the Sunday guests at the home of Mrs. I. J. Parker.

The many friends of J. Norman Wade, who went to Boston four weeks ago for medical treatment, will be glad to know he is improving and is expected home this week.

Miss Flossie Keenan has been engaged to teach at Belleisle school for the coming year. This will be her third term and we feel the trustees have made no mistake in securing this efficient teacher.

A Friend Advised Him To Give Them A Trial

Quebec Man Restored to Health By Taking Dodd's Kidney Pills

Mr. Joseph Roy Suffered With His Kidneys for More Than a Year

"Having met a friend who had obtained great relief by taking Dodd's Kidney Pills I decided to try them," writes Mr. Joseph Roy, a well-known resident of the place. "I took a few boxes and they have done me much good. I strongly recommend Dodd's Kidney Pills. They have saved my life and restored my former health."

Availing oneself of the best information, the broadest and most practical system of relief in the world today, is the one in which the sufferer ascertains for himself the nature of his disease, and then choose the most certain means of healing; this has been known for the past thirty years as the Dodd's Kidney Pill treatment.

All that is claimed for Dodd's Kidney Pills is that they are a kidney remedy. They have been successfully used as a treatment for Rheumatism, Backache and Urinary troubles for over a third of a century.

Westport

Mrs. L. Thurbur of Freeport was the week end guest of Mr. and Mrs. John Churchill.

Mrs. Percy Thurbur of Freeport spent Sunday with her parents Mr. and Mrs. S. Garron.

Mr. and Mrs. Darcy Spionev and family of Dayton, Vt. Co. arrived Friday to attend the funeral of the late Mrs. Edwin Ellis Jr.

The B.V.P.U. of Freeport entertained the Westport B.V.P.U. in the vestry Friday evening with the following programme.

Duet - Calvary
Dialogue - What Missions Do
Quartet - Have Thine Own Way Lord
Solo - Tell Me The Old, Old Story
Speech - Ralph Merrill
Speech - Rev. H. H. Phinney
Speech - Ios Thompson
Quartet - The Saviour's Hand
Male Quartette - Just Outside The Door
Closing Prayer - Rev. P. Hamilton

Very many friends will learn with deep regret of the death of Effie A. wife of Ed. win Ellis Jr. which took place in Freeport on April 24th, after a short illness. She leaves to mourn, a sorrowing husband, father, John Peters, one sister, Mrs. Darcy of Yarmouth Co., one brother Dalton Peters and two half brothers, Edward and Frank Cousins of Westport, besides a host of other relatives and friends. The remains accompanied by her husband, arrived Friday and the funeral was held Sunday afternoon from the Christian church of which she was a member. The service was conducted by Rev. A. Stott, assisted by Rev. H. H. Phinney. We extend our sympathy.

USED CAR Quality the Result of New Car Popularity

AN unusually good selling season in the new car market always reacts to the benefit of the Used Car buyer. That holds true of the present situation. On account of the exceptional sales volume of the new Chevrolet, we find ourselves with an extra number of really good used cars on our floor. To reduce our stock without sacrificing anything of the reputation won by our new car dealings, we have put all these cars into sound condition and are offering them at prices that compel public interest. Now is the most advantageous time to buy a good Used Car from a reputable Chevrolet dealer. Let us show you some extra attractive values.

THE BEAR RIVER WEEKLY COURIER

For Home and Country

Edited by Woman's Institute Bear River

Bear River Tennis Club

The Annual Meeting of the Bear River Tennis club was held last Tuesday evening in the Customs office with a very good attendance.

The retiring President, Mr. H. C. Anthony, was in the chair, the minutes of the last meetings were read and the various reports were received and adopted, after which came election of officers resulting as follows:

President—L. V. Harris
Vice President—J. R. Moore
Sec. Treas.—Miss Catherine Brown
Tea Comm.—Mrs. W. M. Romans
Miss A. M. Rice, and Mrs. J. R. Moore.

Dr. L. J. Lovett was the new trustee appointed. The officers are already on the job and the courts are being put into shape and will be ready for an early start.

Four Children Died of Burns

The many friends of Mr. and Mrs. Harold Farley (nee Hazel Pinkney) of Presque Isle, Maine, will be deeply saddened by the news of the terrible tragedy that has come to them. Mr. Farley's brother who was spending some time with them in starting the kitchen fire, by mistake used gasoline instead of kerosene as he supposed it was, consequently an explosion followed, in which three of the small children were killed instantly the fourth and only one left passed away before reaching the hospital. Mrs. Farley and her brother-in-law are in the hospital both in a critical condition. Mrs. Farley is a daughter of Mr. and Mrs. George Pinkney who were residents of our village for many years. They moved to Wakefield, Mass. about six years ago. The deep and sincere sympathy of their many friends in Deep Brook is extended to them in this time of great sorrow in the loss of all their children and their new home.

Buckley's OINTMENT, used in conjunction with Buckley's TRU-BLOOD, heals magically and leaves the skin smooth and soft.

Especially during the adolescent age, pimples and various forms of skin eruptions are likely to appear. They may be the consequence of cause and effect. The combined TRU-BLOOD and Buckley's OINTMENT treatment promptly corrects the condition and leaves the skin clear, smooth and colorful.

Most druggists can supply you with these proven Buckley products.

Good Seed Ensures Good Crops

SCOUT NOTES

Do A Good Turn Every Day

Monday's Scout Jambouree was a big success in every way. At the first of the programme Dr. W. J. Wright gave Lantern Talk entitled "Scouting in the Tropics." These pictures were full of scenes showing all phases of peacetime scouting. They illustrated travel on foot and by elephant, camel, donkey and tepoy, and showed the equipment required and preparations that had to be made to ensure safe travel over desert places and through wilderness and jungle.

In the latter part of the program the local scouts gave demonstrations showing their activities. Messages were sent and received by semaphore, various knots were tied and their uses explained, and patients were treated for broken arms, collar bones and legs and improvised stretches used to carry the patients. Expert opinion in the audience agreed that the splinting and bandaging was of a very high order. Competitive stunts and games also filled a large place in the program which closed with songs around the campfire.

Of special interest was the announcement that the Scoutmasters of Annapolis Royal, Digby and Bear River had joined in an application to the Crown Lands Department for a lot of Crown Land for the use of Scouts similar to that granted at Waverley for the use of the Halifax Scouts. The application is favored by the Chief Forester and is now having the attention of the Local Government.

The sum of twenty seven dollars was realized.

In the recently organized Scout Ball Team the following is the line up: Harry Romans p. Fred Kempton c. Clayton Hirtle 1st base. Don McDonald 2nd base; Don Cousins 3rd base; Wilton Peck s.s. Walter Read c.f.; Billy MacIntyre r.f.; Edwin Kempton l.f.

There is a match game on with the Digby Scout Team Saturday afternoon, May fifth.

OBITUARY

WILLIAM ALCORN

William Alcorn passed away very suddenly at his home on Monday morning April 23rd, aged 76 years. Heart failure was the immediate cause of his death. He was the son of the late Thomas and Amaret (Berry) Alcorn and had lived all his life in Bear River. He is survived by his wife, Melinda Beals Alcorn and one daughter, Mrs. Robert Yorke, two sisters, Mrs. Albert Yarrigle, Mrs. Thaddeus Harris, also five brothers, Leander, Charles, Edward, Benjamin and Reuben all living in Bear River.

The funeral was held from his late residence Wednesday afternoon and was conducted by Rev. F. Sawdon pastor of the United Church. The service at the grave-site was in charge of the members and officers of Keith Lodge A.F. & A.M. of which deceased was a prominent member. Interment was in Mount Hope Cemetery.

Mr. and Mrs. Howard Snell had as their guest for a short time their son, Lawrence Snell.

Always have the magic WRIGLEY'S package in your pocket. Soothes nerves, allays thirst, aids digestion.

Backache, Bladder Troubles, Rheumatism, Gravel, etc. Dodd's Kidney Pills. 14087 THE PROPRIETOR.

Bladder Weakness

Getting-Up-Nights

Quickly Relieved!

Pleasant Home Treatment Works Fine; Used by Doctor For Many Years

What a wonderful comfort it is to sleep all night and not get up once from Bladder Weakness and Irritation.

The daily annoyance, restless nights of misery, backaches and nervous irritability that result from Bladder Trouble, are wrecking the lives of thousands who might otherwise be in the best of health.

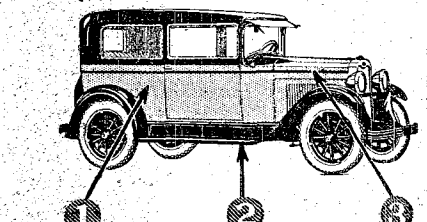

To be at your best, you must have peaceful, health-giving sleep and freedom from daily irritation—that's why Dr. Southworth's URATABS give such wonderful satisfaction.

Made from a special formula and used in the Doctor's successful private practice for nearly 50 years—URATABS, now obtainable from your druggist for inexpensive home use, have brought quick help and comfort to many thousands.

RED ROSE TEA

Red Rose Orange Pekoe is supreme In clean, bright Aluminum.

THE HIDDEN PLACES WHERE QUALITY COUNTS MOST

Body The emblem "Body by Fisher" stands for modern styling, safe, substantial construction... lasting beauty, and a score of important contributions to your comfort.

Chassis Compare the "Bigger and Better" Chevrolet Chassis with any other car in the low-price field. Look at its rugged, 4 1/2" deep steel frame, its sturdy cross members, its long semi-elliptic, shock-absorber springs, its safety gasoline tank in rear, its one-piece, built-in type rear axle of enormous strength and ready accessibility. Check the four-wheel braking system and the independent set of emergency brakes.

Engine Look beneath the stylish hood of the "Bigger and Better" Chevrolet. See that sturdy, valve-in-head engine (the most powerful type of automobile engine yet designed), fully enclosed and protected. Note the AC Oil Filter, the AC Air Cleaner, Crankcase Breather System, Oil Pump. Notice the new alloy "invar-strut" system... the high grade electrical equipment.

The G.M.A.C. General Motors' own deferred payment plan affords the most convenient and economical way of buying your Chevrolet on time.

R. E. Thurber is New Magistrate

Mr. R. E. Thurber of Edson has been appointed Police Magistrate in and for the province of Alberta. The appointment is popular and we feel that Mr. Thurber is very well fitted by reason of his ability and character to fill this responsible position.

Mr. Thurber was born in Digby Co., Nova Scotia. He attended high school at Freetown, Horton Collegiate Academy, Wolfville, and Normal College at Truro. He taught school for fifteen years prior to coming west. He was principal of the Edson High and Public school for six years when he resigned to take up insurance work with the Sun Life company.

Mr. Thurber has been prominently connected with various societies in Edson. He is secretary of the Board of Trade, president of the Agricultural Society, and ex-president of the Edson Labor party. Whatever position Mr. Thurber has held he has always commanded the respect of those for whom he has acted. Men of Mr. Thurber's calibre add prestige to any public position they are called upon to occupy and we feel confident that Mr. Thurber will fill the position of Police Magistrate with dignity and credit to the citizens of Edson.

Mr. Thurber was principal of Bridgetown school for four years and was also principal of Oakdene school Bear River for two years before going west. He will be remembered by many people in Digby, who will join in congratulating him on his appointment as Magistrate for the province of his adoption.

Racked by Rheumatism

"Fruit-a-tives" Brought Speedy Relief

MR. S. FLOYD.

Read this honest letter:
Nashville, E.C.—"I had been suffering with rheumatic pains in my shoulders. Decided to try 'Fruit-a-tives'. In a very short while I had relief. Also had a touch of bleeding piles. 'Fruit-a-tives' worked like a charm. I think they are really marvellous." —Mr. S. Floyd.
"Fruit-a-tives" is composed of fresh fruit juices intensified and combined with tonics. The easy, natural action corrects constipation, stomach, kidney and bladder troubles, rid the system of poisons, purifies the blood, and banishes rheumatism and kindred pains. "Fruit-a-tives" is sold everywhere. 25c and 50c a box. Test it—today.

Weddings

ENDERWICK—FROST

A very quiet wedding took place April 9th, 1928, at the Methodist Episcopal Church, Nashua, N.H., when Neola Frances Frost was united in marriage to Thomas Enderwick, of East Saugas, Mass., by Rev. Frankland Smith. The bride was tastefully attired in a white bridal dress of georgette crepe and silver lace trimmings, and head trimmings of orange blossoms and carried a bouquet of roses, carnations, sweet peas and maiden hair fern tied with a bow of white satin ribbon.

The bridesmaid Mrs. Helen Dineen, wore a dress of peach colored satin trimmed with over lace and carried a bouquet of sweet peas. Dorothy Redding, cousin of the bride, ring bearer was charmingly dressed in a dress of blue satin. The best man was B. W. Dineen, brother-in-law of the groom.

Following the ceremony a reception was held at the home of the bride's aunt and uncle Mr. and Mrs. M.C. Redding, 20 Newhall st., East Saugas, Mass.

The house was prettily decorated with potted plants and ferns for the occasion. Only immediate friends and relatives were invited.

The groom is widely known and has been employed at the General Electric for six years.

The bride and groom left on a honeymoon at Washington, D.C.

Former Digby Lady Heroine of Philadelphia

Fire in the Philadelphia Bulletin of April 12th was published the account of heroism of two Episcopal Nuns, Sister Catherine and Sister Margaret of the Order of St. Marks, in rescuing crippled inmates of the House of St. Michael and All Angels, in a fire which damaged the building in the early hours of the morning. Sister Catherine is a daughter of the late Rev. John Ambrose, former Rector and builder of Trinity Church, Digby, and will be remembered by many of the parish and by townspeople generally. The account published in the Bulletin was sent to the Courier by Miss Edith Hughes, a former resident of Digby. It follows:

Two Episcopal nuns, assisted by two crippled workers, carried twenty crippled children from the girls' building to the House of St. Michael and All Angels, a home for crippled colored children, 605-607 N. 43d st., when fire damaged the home at 1.50 a.m. today.

The girls, helpless without support, were wrapped in blankets by Sister Catherine and Sister Alice, of the order of St. Margaret, and carried from their second floor dormitory through the snow to the boys' house, at 609 611 N. 421 st., across a wide lawn separating the two houses.

Eleven of the girls rescued range in age from two to six, while the others are from six to sixteen. The younger children sleep in a dormitory adjacent to the room of Sister Catherine, who is the supervisor. She is sixty-six, while Sister Alice is seventy-six.

The fire was discovered by Catherine Stewart, twenty-two, who works in the home. She is crippled, and has been at the home sixteen years. She, with Blanche Simmons, thirty, also a cripple and inmate of the home, who assisted the others in carrying the children out, sleep on the third floor with three other workers.

Smelling smoke, Catherine Stewart ran to the room of Sister Catherine, and after locating the fire on the first floor directly under the dormitory, roused Charles Derby, the janitor. Sister Catherine notified the Electrical Bureau and Engine Co. 65, 54th st. and Haverford ave., just back from another fire in West Philadelphia, was sent to the scene.

The Rev. A. J. Langlois, chaplain of the institution, who sleeps in the boy's building, threw open the house to the rescued children. Sister Alice, despite her advanced age, carried down the smaller children. After getting all downstairs they were carried across the lawn by neighbors, who had been aroused. There was little confusion, the nuns calming the children.

After getting all the children out, Sister Alice's first thought was for her pet canary, "Dickie" a gift of the inmates five years ago.

The rescuers had great difficulty groping their way through the smoke. Five trips were made by each of the women before all the children were out. Thomas, a policeman of the 39th st. and Lancaster av. station, assisted in carrying the children to the adjacent house.

When firemen arrived, smoke was pouring from all windows in the home and immediately an alarm was sounded, bringing out several more engine companies, coming to the fire on their return from the other fire, which destroyed a three story dwelling at 3723 Mt. Vernon st., occupied

Freeport

Fred Stevens and family arrived from New York where they spent the winter. Miss Eunice Tourber who has spent the winter with her sister in Worcester has returned home.

Mr. and Mrs. A. Bert Moore and son, Stanley of Westport spent Sunday here also Mr. and Mrs. Thibert and son, Eddie of Central Grove to attend the funeral of the late Clinton Stevens.

The funeral of the late Clinton Stevens whose remains were brought from New York last week took place from the Baptist church on Sunday afternoon. The hymns sung were "Nearer My God to Thee," "A Land That is Fairer Than This." The service was conducted by Rev. P. M. Hamilton. The church was filled with sorrowing relatives and friends to pay their last respects to one they loved. Our heartfelt sympathy goes out to the sorrowing ones.

Little River

Mrs. Minnie Trask motored through to Halifax and was the week end guest of her niece, Mrs. Fred Eakin.

Our teachers, Miss Kathleen Denton and Miss Charlotte Kinsmen are attending the Teacher's Institute at Weymouth.

Miss Blanche Trask of Halifax arrived home Friday and will spend a few months with her parents, Mr. and Mrs. Roy Trask here.

Mrs. Darrel Chaney and little daughter who have been spending a month with her mother, Mrs. MacIsaac at Parrsboro, have returned home.

Mrs. Omar Denton and daughter who have been spending two weeks with her sister, Mrs. H. M. Mullen at Weymouth has returned home.

Waldec West

Rev. G. Duicke held his regular service here on Sunday.

A very interesting programme was given by the school children on Friday.

Miss Mary Tooker of Weymouth is spending a few days with her cousin Miss Doris Goddett.

Miss Doris Goddett leaves on Friday for Weymouth where she will remain for the summer months.

Mrs. William Cress returned home on Tuesday after spending the past few years in the United States.

Mr. and Mrs. Wallace Trimmer are receiving congratulations on the birth of a daughter born Monday April 30th.

East Waldeck

George Milner spent Saturday in Victoria.

Rupert Cress spent Sunday in Prince Dale.

Mr. and Mrs. Wm. Johnson left on Monday for Toronto.

Mr. and Mrs. Gordon Kennedy spent Sunday in Clementsvale.

The Sewing Circle met at the home of Mrs. Othello Dukeshire, Wednesday.

Oscar Morgan of Smith's Cove made a business trip through here Friday.

Otto Long of Bear River East was calling on friends here, Thursday.

Miss P. Phillips of Clementsvale spent Sunday with Mr. and Mrs. Wm. Brown.

Mr. and Mrs. Albert Catty of Deep Brook spent Sunday with Mr. and Mrs. O. Floyd.

Vernon Eisner and Eustace Dunn of Digby visited at the home of Mr. and Mrs. O. Eisner.

Smith's Cove

Miss Marjorie Tupper of Digby was visiting here last week.

Mrs. Burton Taylor has returned home from Bear River.

Mr. McHugh and family of Digby are residing in the place now.

Mrs. Sara Cossaboom arrived home from the U.S.A. on Tuesday, May 1st.

Mr. and Mrs. E. A. Thornton of Mountain Gap Inn have returned home from Florida.

Mr. and Mrs. Baile Cossaboom and family returned home from the United States on Tuesday.

Mr. and Mrs. H. A. Chellis of Boston have returned home where they will reside in their bungalow at Joggie Bridge.

A Forestry programme was given in the Smith's Cove School on Friday afternoon. A special address was presented to the pupils by Miss A. L. Jagger.

The Friendship Class of the Baptist Sunday School held an Ice Cream Social in the Temperance Hall on Monday evening. The sum of eight dollars and eighty cents was realized.

A Farewell party was given to Kenneth Dukeshire of Smith's Cove on Friday evening April 27th. He left for Windsor on Saturday where he will spend the summer. Music and games were enjoyed by all. Refreshments were served and everyone bid Mr. Dukeshire "Good Bye."

The Ladies Hospital Aid wishes to thank both collectors and contributors in the recent Membership Collections, the returns from which are \$104.75 with one district yet to hear from. Thanks are also due those who helped along the success of the Variety Sale, the net receipts of which are \$91.00. The articles sold by ticket at the Variety Sale were won as follows:—Quilt ticket No. 54, Mrs. H. Buckler, Bear River, doll ticket No. 39, Mrs. Eliza Ellis, picture ticket No. 5, H. F. Williams.

WOMAN SO SICK COULD NOT WORK

Helped by Taking Lydia E. Pinkham's Vegetable Compound

Grainland, Sask.—"I am glad that I heard of that good Lydia E. Pinkham's medicine and I will not be without it again. I was so sick that I could not work at all and could not see on the machine. My aunt told me of Lydia E. Pinkham's Vegetable Compound and now I am telling all of my friends how good it is and I will answer all letters I get from women."
—Mrs. MARY SCHULTZ, Grainland, Sask.

TALK OF THE TOWN

George Turnbull, Bay View, was in Deep Brook last week.

LADIES' SPRING COATS AT WRIGHT'S

The town road machine was busy this week scraping out the hills and hollows on principal streets.

Miss McMullen returned to Digby on Tuesday and has reopened her house.

Mrs. E. M. Robertson, Sr., is expected home from Lockport next week.

Mr. and Mrs. Eber Turnbull returned home on Tuesday from Halifax where they have been spending the winter.

The teaching staff of the Digby school motored to Weymouth on Wednesday afternoon to attend the Teacher's Institute.

Miss Dorothy Moses and Miss Bertha Curry were the guests of the farmers brother, J. S. and Mrs. Moses, Bridgetown, on Sunday last.

NEW KNITTED DRESSES AT WRIGHT'S

George A. Haines, Brighton, and Sarah J. Pierce, of New Tuskent, were married at the Baptist Parsonage on Thursday, May 3rd, by Rev. F. E. Bishop.

Mrs. J. Stabb returned to Digby on Wednesday after spending the past few months in Halifax, and is the guest of her daughter, Mrs. W. Dickie, First Avenue.

One of the features of the United Sunday School Concert on Thursday evening, May 10th, will be a mock trial put on by the Scouths Class and boys' classes of the school.

Engineer McCulloch, of Halifax, who has been to Tiverton and Freeport surveying the road for the electric poles left on Monday for East Ferry to start his work on the Neck Road. While at Tiverton he was the guest at the home of L. E. Sollows and at Freeport at the home of W. V. Perry.

WOOL JESERY DRESSES AT WRIGHT'S

Patients admitted to the Digby General Hospital last week are the following:—Mr. Douglas Daley, Tawn; Mr. Wm. Warner, Plympton; Mrs. J. Height, town; Earl Sancy, Milford; Lloyd Wollaver, Town; Doris Gosson, Plympton. Patients discharged this week are Mrs. J. Height and baby.

Visitors to Yarmouth will have noticed the attractive lighting effect on the Soldiers Memorial, an effect obtained by the use of flood lights from nearby buildings. Just picture what an attraction it would be to have the Digby Memorial similarly lighted, and then see that your friends on the Council have it done. Hydro is only of use when it is used.

Chief Deyokah is well named the "Indian Basso" and no testimonials can do adequate justice to his voice. His exposition of Indian life and recitations add immensely to his wonderful programme. I can say to any committee—"Here is the man who will captivate and hold any audience with clean items in marvelous voice and whose repertoire is practically unlimited and who at the same time is a prince of good fellows—who leaves a good wholesome impression everywhere." He is a direct acquisition to the professional artist of the day.—Rev. Andrew McLaughlin, B.A., B.D.

SEA BROOK

Harold and Sonny Sulis spent Sunday with James Budd.

M. E. Hutchins is visiting friends in Centreville.

Fritz Porter spent Sunday with Joe Jefferson of Mount Pleasant.

Our old friend the Bear has been seen again by people.

Mrs. Alfred McCulloch spent Wednesday with her mother, Mrs. Alice Hines.

Miss Cynthia Woodman of Conway spent Sunday with Miss Bertha Budd.

Thomas Rowlett, the Road builder of this place has commenced working.

Frank Musie has purchased a new fishing boat and is fishing out of Centreville.

We are sorry to report W. R. Ramsey has reached his farewell terminus to Rexville.

Mrs. Mary Wilson who has spent the winter with Mr. and Mrs. John Henderson has returned to home.

Miss Esther Budd and Miss Martha Hutchins spent the week end in Gulliver's Cove the guests of Mrs. Chester Haight.

Nina Budd who for the past months has been attending Business College, St. John, has returned home to spend the summer.

"The Salvation Army"

Digby Corps

Dear Friends:

No doubt you are all well acquainted with the Evangelistic and Social work carried on by The Salvation Army. This work has been carried on with gratifying results for many years, which has only been made possible by the hearty financial response of our numerous friends.

The time has come when we must once again appeal to you for assistance.

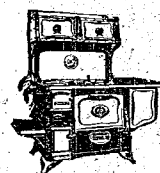

This God glorifying and man benefiting work must not cease, so kindly assist us when the collector calls upon you.

Thanking you in anticipation of a hearty response.

Yours faithfully

PARSONS, ED, MONCTON CONTRACTORS GET THE PINES HOTEL CONSTRUCTION

Work of Preparing Ground Begins Monday
and Job Rushed to Completion. Stucco
Finish Must be on When Frost Comes.

Mr. Parsons of the contracting firm of Parsons, Ed., Moncton, arrived in Digby on Tuesday with his superintendent of construction, Mr. Beck of Halifax, and made arrangements to get started on construction of the new Pines Hotel.

Mr. Parsons left on Tuesday night for Moncton while Mr. Beck remains here.

In conversation with the Courier Mr. Beck said that work would begin on Monday, clearing the ground and making ready for the foundation.

Local labor will be employed as far as is available and much of this will be needed as the construction of the building requires overall scaffolding, construction of concrete forms for every section and pouring.

Carpenters will be in demand in excess of local supply and Mr. Beck is at present arranging for board for such men as must be brought here.

Mr. Beck is delighted with the location of the new hotel, and says that when the job is done Digby will have as fine a hotel plant as exists anywhere in Canada of its kind. The view from the public and private rooms of the new building will be much better than from the present Pines and the whole plant is excellently designed to take advantage of the ground.

It is the intention to use electricity to operate mixers, saws and other machinery used in construction, this to do away with the noise of gasoline engines and to give greater proficiency. The Electric Light Committee of the Town Council has been asked to provide 45 horse power to be available as required.

County Court in Session at Little Brook

An appeal on behalf of Mrs. Agathe Belash, Little Brook, was entered before Mr. Justice Grier, at the session of County Court held in Little Brook this week. The appeal was from a conviction before Stipendiary Stehelin on contravention of the Excise Act, section 185, of having in possession liquors upon which duty had not been paid.

Mr. E. J. Theriault appeared for the appellant and secured a reversal of the Stipendiary's decision.

Mr. R. W. E. Landry appeared on behalf of the appellant in the appeal Boudreau vs. Melanson, an action over a shipment of pork.

In the original case, before Magistrate Stehelin, Boudreau sued Melanson for value of a pork carcass, shipped to Weymouth.

Evidence was offered that the defendant was not advised of the shipment and had not known of the freight being there until after the pork had gone bad. The shipment was delivered by a truckman but payment refused.

No appearance was put in by the defendant in appeal and the appeal was allowed with costs.

Today is Arbor Day, When Schools Will Plant Seedlings

Sixteen hundred Spruce seedlings, a gift of the Nova Scotia Forestry Department, will be planted today, Arbor Day, on the old school house lot, by the pupils of Digby Academy. This tree planting on Arbor Day is being encouraged by the department as an important part of forest conservation plans and included in the ceremony will be addresses on the need of forest conservation.

Sub Forest Ranger, Perley Gates, who was a visitor in Digby on Tuesday, told the Courier that tree planting would be conducted at schools all over the province today.

Rural Deanery of Annapolis Held Meeting

The Clergy of the Annapolis Rural Deanery, comprising the parishes of Digby and Annapolis Counties, held a chapter meeting at Digby, on May 1st, and 2nd.

The Rev. W. Driffield, Rural Dean, presided and the following rectors were present:—Rev. Canon Underwood, Secretary; Revs. M. Taylor, S. J. Woodroffe, R. A. Neish, A. W. L. Smith, R. A. Miller and J. D. Townshend.

The opening service was held in Trinity Church on Tuesday afternoon, when the Rev. S. J. Woodroffe preached a sermon ad clerum and the appointed portion of Greek Testament was considered, with a critical and devotional paper by the Rural Dean.

On Tuesday evening Evenson was sung and all the clergy took part in the service, the preacher being the Rev. J. D. Townshend, rector of Rosette. A good congregation was present and the music was good.

On Wednesday morning the official Deanery service took place when the Rural Dean celebrated the Holy Communion, assisted by Canon Underwood.

During the sessions the usual business was transacted and papers were read by the Revs. M. Taylor, A. W. L. Smith and Canon Underwood. Each paper evoked a good discussion.

A hearty vote of thanks was passed to all who had extended hospitality.

Beautiful weather added to the enjoyment of a very pleasant and profitable gathering.

Tennis Club Meeting Next Friday

A meeting of all interested in Tennis will be held in the Town Hall next Friday evening at 8:00 p.m., to discuss plans for the summer season. All tennis players, whether members of the Club or not are invited to attend.

FRILLED CURTAINS 75c UP AT WRIGHT'S

Mr. Charleton, of Halifax, has been in Little River this week auditing the accounts of the Centreville Shore Cooperative Society, which is being wound up.

TALK OF THE TOWN

W. R. Mathers, of St. John, was a visitor in Digby on Wednesday.

T. W. R. Ellis, of Halifax, formerly of Digby, was visiting old friends here this week.

Mr. Higgins, accountant of the firm of Belyea and McNeice, was in Digby this week making the regular audit of the Power Board books.

Albert E. MacCollam, of the Entomological staff, of Annapolis, was the week end guest of Mr. and Mrs. Goudy Nichols, Acaciaville.

Mr. E. Hart Nicholls returned today from Ottawa, where he was attending session of the Supreme Court, entering appeal on behalf of a client.

Mr. W. R. E. Landry, senior member of the law firm, Landry, Pottier, Judge and Theriault, was a visitor in Digby on Tuesday afternoon, conferring with his junior partner.

Mr. St. Clair Ruggles, formerly "in the cage", Bank of Nova Scotia here, but now located at Aylesford, spent the week end in Digby and on Monday went to Freeport to spend his vacation.

Mrs. D. Thomas, of Pine Bluff, North Carolina, arrived at Plympton last week and opened her summer home there. Many friends will welcome Mrs. Thomas back to Nova Scotia.

St. George's Lodge, I. O. O. F., will celebrate the anniversary of their Order on Sunday by attending services at Trinity Church, where the rector, Rev. Wm. Driffield, will preach the anniversary sermon.

Mr. and Mrs. Samuel Gidney, of Mink Cove, were visitors in Digby on Wednesday. Mr. Gidney has made applications to the Board of Public Utilities of a new scale of rates for the Digby—Westport Telephone Company.

Miss Mae Dugas, of Marshalltown, spent last week in Doucetteville, guest of Mrs. H. Melanson, Mrs. T. Saulnier and Miss Augusta Amero. On Monday Miss Amero, Miss Dugas and Mr. Leo Saulnier were visitors in Digby.

Mr. George Nicholls, of Acaciaville, who has been spending the winter with relatives in Boston, returned home on Tuesday. Mr. Nicholls' health was not good when he went away last fall, but he is now greatly improved, to the pleasure of his many friends.

Chief Deyokah is clean and wholesome in his humor and his songs bright and refreshing. Coupled with this his work is well done and is supported by an engaging personality and stage appearance which makes him an immediate favorite. To churches, colleges and other organizations seeking the services of an entertainer, I would unhesitatingly recommend him as one who would give eminent satisfaction and further as a Christian gentleman.—W. Arthur Perry, Sec'y College of Organists, Canada.

Mr. and Mrs. Kenneth McKee and infant daughter, who have been visiting Mrs. McKee's parents Mr. and Mrs. Stephen VanTassel, Carleton street, left on Monday for their home in New River, N. B. They were accompanied by Mrs. McKee's sister, Mrs. T. C. Cowan, who will spend the summer with them.

Amateurs Score Real Success in Little River Play

The timely title "An Old Fashioned Mother" was sufficiently inviting to attract a bumper house to witness "Walter Ben Harris", fascinating dramatic parable of a Mother's love given in the Little River Hall on May 5th.

The make up and delineations of the various characters was most faithfully portrayed, and the wholesome lessons which this wonderful human interest play teaches, were driven home in the most forceful and entertaining way.

Mrs. Walter Denton in the little role could not have given a more sympathetic and artistic portrayal of a difficult part.

The role of the inimitable "Jerry" played by Mr. William Denton provided oceans of fun. When the play brought tears to the surface, they were dashed aside by the drolety of this Merry Heart that was always on the look out for "swaps".

Mrs. Roy Trask was assigned the most amusing part enacted by any lady in the company, and capped the climax of applause in the second act when she brought the handsome "Jonah Inackenhush" to his knees, only to be rejected.

Every member of the company merits the special mention that lack of space forbids.

The following is the cast:

Deborah Underhill—A Mother in Israel, Mrs. Walter Denton
Widder Bill Piddle—Leader of the choir, Mrs. Minnie Trask
Miss Lowry Loving Custard—Plain Mrs. Roy Trask, sewing and gossip
Isabel Simpson—The Village

Book Lovers' Club Hold Last Meeting

The Book Lovers' Club of Tiverton held the last social evening at the home of Mr. and Mrs. Norman Robbins. The winter months were made pleasant to the club members by those social gatherings where books were exchanged and greatly enjoyed by all. The evening was spent in rehearsing the play, "A Southern Cinderella," which is to be presented on May 7th. At the close of the evening a delicious chicken supper with all its fixings was served. Although the meetings are discontinued until the winter months, the club members are busy with plans to enlarge the fund already started for the purpose of repairing the church.

Miss Kathleen Denton—Hawaiian Guitar
Miss Elsa Collins—Banjo Ukelele
Miss Florence Collins—Mandolin
Miss Ruth Cheney—Banjo Ukelele.

DAKIN BROS. DIGBY

Central Grove

Mrs. Jessie Powell is visiting friends at Tiverton this week.

Wm. Sanderson, of Waterford, visited his sister Mrs. Elwood Tibert recently.

Sheldona More, of Westport, was the week end guest of his friend, Miss Rose Delaney.

Mr. and Mrs. Alfred Cason spent Sunday with Mr. and Mrs. Mendie Bates at Freeport.

The W. M. A. S. met at the home of Mrs. Burton Shortliffe Tuesday afternoon May 8th.

Israel Outhouse, of Tiverton, spent a few days last week with his daughter, Mrs. Lewelyn Delaney.

Ritchie Delaney who has been working in St. John the past few months, returned home last week.

Belliveau's Cove

The report of the arrival of the "Edith Belliveau" at Cuba was welcome news here.

Father Bourneau our parish priest has announced his intention of holding a Religious Service at the old Acadian Cemetery, Pointe a Major, the last Sunday of May.

The wrecked schooner "Rose Anne Belliveau" arrived here from Shelburne Friday night. The vessel was towed here by a government boat and was accompanied by Capt. R. Comau. Messrs B. Belliveau & Co., her owners, will remove the lumber yet in her hold and the vessel will be repaired here.

The death of Miss Rosaline LaBlanc of St. Bernard's, daughter of Mr. and Mrs. Siffrid LaBlanc took place at her home on Saturday. Miss LaBlanc was 78 years of age and had been sick for the past year. She spent the winter at the Kentville Sanatorium and returned home two months ago. She leaves to mourn her loss her father and mother, three sisters, Laura, Mrs. Amelid Ducrest and Regina, two brothers, Wilfred and Ira. The funeral took place at St. Bernard's, Fr. Bourneau officiating.

Culloden

The men in this section are busy making good roads.

Edgar Murphy, of Bay View, spent Sunday with Mr. and Mrs. Russel Small.

Miss Louise Handspiker is spending a couple of days this week with friends in Digby.

Mr. Burton Stark and Miss Rhoda Handspiker spent Sunday with friends in Bay View.

Roy Ross, of Yarmouth, spent a few days last week with his parents Mr. and Mrs. Alexander Ross.

Mr. and Mrs. William Daley and family spent Sunday in Gulliver's Cove with her parents Mr. and Mrs. David Peters.

The Misses Louise and Muriel Handspiker and Barbara Ross were guests of Mr. and Mrs. James Hillman on Sunday May 6th.

Mr. and Mrs. Wallace Handspiker entertained a number of their friends from Bay View and Culloden on Tuesday evening May 1st, in honor of their daughter Miss Louise. A very pleasant evening was spent by all.

Deep Brook

Miss Alice Bell is spending a few days here.

Kenneth Adams and son, Kenneth Jr. left here on Friday for Boston.

C. V. Henshaw recently returned from Florida where he spent the winter.

Mr. and Mrs. Frank Nichols of Boston are guests of Mr. and Mrs. Lorin Adams.

Mr. and Mrs. Edward Saulnier have rented Gilbert Potters house for the summer.

Miss Nera Marsters is the guest of her mother, Mrs. Jennie Marsters for a few weeks.

A number from here attended the Roll Call service at Clementsvale on Thursday afternoon and evening.

Rev. and Mrs. W. G. Hiseley, Mrs. J. R. Berry and Mrs. M. W. Page spent Tuesday at Fort Wade, delegates to the Quarterly Meeting in session there.

"I came to Canada from the Old Country about thirty years ago," declared Mr. Robert Robertson on his arrival at Halifax on the White Star Liner Doric recently, "and think Canada is one of the finest countries in the world. There are thousands of old country people who would do well to come to Canada and make homes for themselves. I am what you would call a booster for Canada, and believe thoroughly in the country."

Mr. Robinson gave three sons to Canada during the late war, and himself enlisted in a battalion from Edmonton in 1914, serving in France where he was shell-shocked and invalided home early in 1918. When confined in the Duchess of Cornwall's Hospital at Cliveden, England, he was visited by King George and Queen Mary, who expressed sorrow over his injury, and King George assured him he would be well looked after when he got back to Canada. One of his sons is a rancher near Edmonton, and another is just about to take his M.C. degree in the University of Alberta. A daughter is a high school teacher in the Canadian West. Mr. Robinson took up a ranch near Edmonton in the early days, but now lives in the City of Edmonton.

Mr. Robinson is also a booster of the Canadian National Railways over whose lines he is travelling to Edmonton. He made many friends on board the boat and gave prospective settlers valuable advice on how to establish themselves successfully in their new homes.

Mr. G.R. Veits, formerly of Digby, and now manager of the Bank of Nova Scotia branch at Sackville, N. B., who has been visiting friends here, left for Sackville on Tuesday.

The Street Committee of the Town Council is ordering a quantity of Calcium Chloride as a dust preventer. This is the material used last year and which was most satisfactory.

The fire siren turned the brigade out on Tuesday morning for a roof fire on Eber Turnbull's Garage. The fire caught from a spark from a fire of rubbish in the yard. Several buckets of water prevented serious damage and the fire was out when the reel arrived.

A practical method of forest conservation has been put into practice in the H. T. Warne lumber operations. Mr. Warne has cut large quantities of hardwood during the winter, and instead of burning everything as "chips," all wood which was big enough for firing was salvaged and brought in on motor lorries to fill the wood yard. This was made possible by the low operating cost of the Deane Trucks, and the saving is being passed on the users in lower prices for both stove and furnace wood.

Bear River East

Mrs. M. Nichol of Bear River is visiting her sister, Mrs. G. Ruggles.

Miss Hattie Varrigle left on Saturday to visit Mrs. Robin Skinner at Westport.

Miss Emma VanBuskirk spent Sunday with her parents, Mr. and Mrs. Charles VanBuskirk.

Mr. and Mrs. Cleveland Jefferson have taken a bungalow in Deep Brook and are leaving this week for their new home.

Mr. and Mrs. C. Ruggles are receiving congratulations on the birth of a son on April 30th weighing 10 lbs.

Westport

Stagley Sullivan is visiting relatives in town.

Edwin Ellis Jr. has returned to Everett, Mass.

Mr. M. Spiny was a passenger from Saint John Thursday.

Mr. and Mrs. Darcey Thompson and family returned to their home in Yarmouth Tuesday.

The many friends of Miss Adelle Welch who has been a patient at the hospital in Saint John were glad to learn that she is recovering from her recent operation.

Mrs. Braddish Morrell and daughter, were passengers to Saint John, Wednesday where Miss Cynthia engaged the infirmary for an operation and we are glad to report her on the road to recovery.

On Friday evening Miss Dorothy Thompson was hostess at a very jolly birthday party held in the L.O.O.F. hall. The hall was decorated very beautifully with many colored streamers, dolls, and balloons, interwired across the ceiling and interspersed with colored lights. Miss Thompson, wearing a charming evening gown of rose silk welcomed her guests which numbered about fifty-one and proved herself a delightful hostess.

Several games of Rook were played, and dancing was enjoyed to the music provided by W. G. Strickland and Clarence Titus. The young people were charmed by the hostess' mother, Mrs. Albert Thompson and her two sons, Mrs. L. V. Baily and Mrs. Randolph Gower. At eleven thirty refreshments were served, of ice cream, cake, and chocolates. Those assisting were Miss Esther Buckman, Mrs. E. McDermott, Mrs. J. Swift, Mrs. L. Fygh, L. V. Baily and J. Swift. Among the guests present were Miss Bernice Thompson, Miss Bernice Campbell, Miss Perry, Miss Thurston and Richard Stevens of Freeport, Capt. G. Gilbert, Mr. McLean of Portland, Capt. L. Kirby, of Boston and Capt. G. Jameson of Portsmouth. Miss Thompson received many beautiful gifts, and we wish her many more happy birthdays.

Bladder Troubles

Bother Many Past 40

Seven out of Ten Are Victims, But Write "Talks" How "Uratabs" Bring Swift, Amazing Relief With Renewed Vital Force

"No one knows better than I, the horror of joyless days and sleepless nights. There have been times when I felt hopeless and helpless, and when my weakness caused me the most intense humiliation. Only those who have gone through such tortures can possibly realize my great satisfaction when Dr. Southworth's URATABS brought me quick relief. URATABS are truly wonderful, and I give them full praise. Such amazing evidence serves as convincing proof of the power of URATABS to relieve those distressing ailments so often a handicap to those in middle life.

Overworked, sluggish kidneys, bladder weakness and prostate gland trouble bring on so many distressing ailments which so often lead to serious diseases that every sufferer from Lamebacks, Pains in back and down through groins, scanty but frequent urination, "Getting-up-Nights," Nervous Irritability and Lack of Force—should try the amazing value of Dr. Southworth's URATABS at once! Any good druggist will supply you on a guarantee of satisfaction or money back.

Summer Schedule at Bijou Dream Theatre

Manager Walker of the Bijou, Dream Theatre, has had the theatre newly decorated in preparation for the summer season and has arranged his bookings also. Pictures will change on Monday, Tuesday, Wednesday, Friday and Saturday, giving five programmes each week.

Mr. Walker has endeavored to obtain permission from the Nova Scotia Board of Censors and Theatres, to make some changes and improvements in the building, but the restrictions are such that if any improvement is made the whole theatre will have to be practically rebuilt.

The Wednesday-Thursday programme will be selections of the best features obtainable, all in the class of Best Geste and such high quality showings. Saturday night will be "Western Night", of course, and the other programmes will range through every variety of programme, giving patrons a choice, every week of love, drama, comedy, tragedy, western.

We also handle marble and granite monuments and all kinds of floral pieces.

By Using the Telephone The Housewife Gains More Time For Recreation

With the advent of the Spring weather the housewife experiences an increased dislike to the irksomeness of letter writing.

But she forces herself to the task; for she imagines that her intimacy with her friends at a distance will diminish if she does not periodically take pen and ink and indite epistles to them.

The intimacy would be fostered with the minimum of effort, if, instead of writing letters, she were to go to her Telephone occasionally and have a talk with her friends over the Long Distance lines.

A talk is, at all times, so much more appreciated than a letter.

When the housewife, in place of writing, Telephones—she not only gratifies her friend more, but she saves more of these fearful Spring days which she may devote to health-giving recreation.

"SALADA" TEA

Appeal

Say not that your blind brother is out of the race, even though your feet are swifter than his feet! In the trackless dark he finds the trail you have missed. You may turn the corner before him; but invariably your path and his will meet. His sight will stab your heart, his hand, help him to feel his manhood and equal comradeship.

Swift is the wind, but so is the breeze that gives it birth, and sleeps

in its breast. Your strength is in your eyes; but seeing is of the mind, and your blind brother has not lost inner vision.

The mother eagle soars beyond the mountain peak. The fledglings cannot leave their nest high up among the crags unless the mother bird takes them on her wings and teaches them to fly and find their way in boundless space. Even so must the brother who sees give confidence to his brother who is blind until he can bear his burden alone in the dark.

Come, brother, come! The day is bright for you, the race is straight ahead, you have a fair chance to win

The race is for the right to live. It is good, saith the wise man, to live and let live; but it is better to live and help others to live. The battle goeth not always unto the strong, nor the race unto the fleet. Lend a hand then, all you who see, lift from your blind brother his soul-benumbing load of useless days, give him light through work and a man's place in the heart of the world.

(Signed) HELEN KELLER.
Forest Hills, L. I., N. Y.

Sunday School Convention to be Held at Bear River

The annual M. R. E. C. Convention (Sunday School Convention) for the Digby and Bear River District will be held in the Bear River Baptist Church, on Wednesday afternoon, May 16th. This important and helpful session will open promptly at 2 o'clock p. m.

The visiting Secretary is Rev. A. Gibson.

Owing to a special evangelistic campaign which is being held in that church, including the Convention date, there will be no evening session. All delegates,

however, are cordially invited to remain to the evening service. The evangelists under whose leadership the campaign is being conducted are evangelists Hunter and Walker.

We hope that all Sunday School workers in the district will determine to make this Convention the most successful one that we have ever held.

There are several items of great importance to its success: (1) that all superintendents and pastors be present, together with as many teachers and other members of the Schools as can possibly attend; (2) that every School prepare a report, either to be sent to the District Secretary-Treasurer or to be given by one of the delegates; (3) that the contribution from each School that has not yet contributed be sent in before May 14th.

Let us be diligent in the Master's service even in this busy season of the year.

HAZEL M. CLAYTON,
District Secty.-Treas.

TALK OF THE TOWN

Mr. and Mrs. Wightman spent a few days in Wolfville this week.

G. I. Letteney has returned to Digby after spending the winter in Los Angeles, Calif.

SUITCASES AND BAGS AT WRIGHT'S

Percy Lawson arrived from Lynn on Tuesday to visit his uncle Walter Wright for the summer.

Mr. and Mrs. J. R. Warrington and family were recent guests of Mr. and Mrs. W. C. Warrington, Birch Street.

Dr. and Mrs. Dickie motored from Halifax via the South Shore on Tuesday, where they had been spending a few days.

MATS OF ALL KINDS AT WRIGHT'S

The Ladies of the Hospital Aid met for sewing on Wednesday afternoon at Mrs. A. J. Dillon's with a good attendance. Next Wednesday they will meet at Mrs. H. Anderson's.

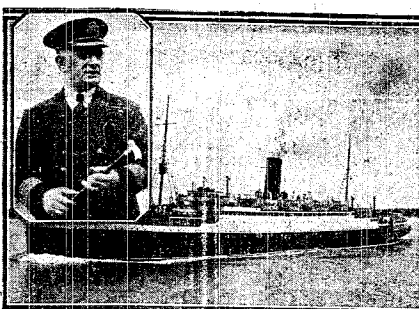

Arthur Casey, who is employed as steward on the S.S. "Lake Elliptope," arrived home from Boston, on Tuesday to visit his parents, Capt. and Mrs. Arthur Casey, Second Ave. He will leave today for New York to rejoin his ship.

The members of St. George's Lodge No. 55, I.O.O.F., will attend Divine Service at Holy Trinity Church on Sunday evening in observance of the 100th anniversary of the Order. The members of Zelma Rebekah Lodge will probably also attend.

FLOOR COVERINGS PRICED LOW AT WRIGHT'S

Fire broke out late yesterday afternoon at the residence of H. J. Campbell, Montague Row. The blaze started in one of the out-buildings adjoining the house. Owing to the prompt response of the firemen it was extinguished before gaining much headway.

Won by a Nose

Although leading by 150 miles in the race of six passenger liners to open the St. Lawrence 1928 season, the Cunarder Aurania had to anchor 60 miles north of Quebec due to ice and darkness. By morning other liners had caught up and the Cunarder won only by a few minutes. Here is the gold headed cane presented him by the Quebec Harbor Commission in honor of the liner's victory on April 22.

Nova Scotia Board of Commissioners of Public Utilities

In the Matter of the Public Utilities Act

In the Matter of the Application of the Westport & Digby Rural Telephone Co. for Approval of an Amendment to its Schedule of Rates for Telephone Service

NOTICE

NOTICE IS HEREBY GIVEN that the application of the Westport & Digby Rural Telephone Co. for approval of an amendment to its schedule of rates, for telephone service will be heard by the Board at a sitting to be held at its office, Technical College Building, Halifax, N. S., on Monday, June 11, 1928 at 10 a.m. Commencement of sitting will be at the hall, at Centreville, Digby County, N. S., on Thursday, June 7, 1928 at 10 a.m. to receive any evidence tendered in support of or in opposition to the application.

All persons interested will be given an opportunity of being heard at either of the sittings above mentioned.

A copy of the proposed schedule of rates may be seen at the offices of the company at Westport, Freeport, Tiverton and Mink Cove.

Dated at Halifax, N. S., May 1, 1928.

Money back if Quaker Flour does not give you the utmost satisfaction

Good Things to Eat

more nourishing when made with **St. Charles Milk**

If you analyzed whole bottled milk just as it came from the cow, you would find it contained water, protein, fat and other solids. Charles Milk is the very same cow's milk, except that most of the water has been removed. When milk is evaporated in this way it keeps perfectly in a sealed tin. Also it is creamier, doubly-rich, hence, better for every milk use.

DELICIOUS WHITE SAUCE RECIPE

3/4 cup Borden's St. Charles Milk; 1/2 cup water; 1 1/2 tblspns. butter; 1 1/2 tblspns. flour; 1 point half tspn. salt; high seasoning of pepper or paprika. Melt the butter in a small saucepan, stir in the pepper and salt mixed with the flour and stir until well blended, away from the heat. Then gradually stir in the milk and water mixed, preferably using a wire whisk, and taking care that all of the liquid is thickened before a further amount is added. Let boil a moment or two, then add the vegetable and let stand over hot water for ten minutes to become thoroughly heated. Serve with asparagus, string beans, peas, Brussels sprouts or potatoes.

STEAMED SALMON WITH WHITE SAUCE

1 slice salmon, about 2 pounds; use the recipe for white sauce as printed at left; 2 hard cooked eggs; parsley. Wrap the salmon with a damp cloth; lay it on a well-oiled plate, dust lightly with salt and pepper, and steam for thirty minutes. Then carefully remove the skin, transfer the fish to the center of a medium-sized platter, surround with white sauce and garnish with the egg cut in sixth, and the parsley.

The Centenary of Henri Dunant

The Red Cross? How much do we know of it? The average person has an idea that it was organized at Geneva many years ago, that its flag has something to do with Switzerland, and that it was organized to take care of the wounded in time of war. We know too, that since the last war its functions were enlarged to include peace time activities in the promotion of public health. Mention Henri Dunant and, we wonder who he was and what he had to do with it.

And yet to Henri Dunant the world owes the Red Cross Society as it is today. In tribute to his great work for humanity fifty nine nations on Tuesday celebrated the centenary of his birth. As was most fitting, the celebration centered around the Red Cross Societies of every land.

Henri Dunant was born in Switzerland on May 8th, 1828. As a tourist in Italy he witnessed the battle of Solferino, a battle in which forty thousand men were killed or wounded on the field. Austrians, Italians and French, intermingled in the dreadful carnage of the battle. The military medi-

cal organizations were wholly inadequate. Hastily organizing bands of women and men from nearby villages Henri Dunant attempted to care for the wounded. Nationality was forgotten. In improvised hospitals, in churches in barns, in houses, in open fields and streets, the wounded were placed and cared for.

Returning to Switzerland in 1862 Henri Dunant wrote of his experiences in that battle. His pamphlet, "Un Souvenir de Solferino" discussed all the horrors of war. "Would it not be possible," he asked, "to found and organize in all civilized countries permanent societies of volunteers which in time of war would succour the wounded without distinction of nationality?"

"Un Souvenir de Solferino" aroused great feeling wherever it was read and M. Gustave Moynier, President of the Society of Public Utility of Switzerland, organized a "Committee of Five" to work out feasible means of putting M. Dunant's suggestions into effect. This committee extended a general invitation to various European countries to a conference, and in Geneva, on October 26th, 1863, representatives of fourteen nations and six charitable societies met in response to the call. Although the conference had not official standing it prepared a code for international enactment, in which was set out the status of sanitary officers attached to armies in time of war. Ten resolutions covering neutrality of wounded, the repatriation of war prisoners and the neutrality of medical workers were passed. The Conference recommended the organization in each country of a committee to work with the militia, occupying itself with the preparing of hospital supplies, training of nurses and during wars furnishing aid to the wounded.

In 1864 "the Convention of Geneva" was formerly signed by representatives of sixteen nations, giving effect to the resolutions passed at the first conference. In compliance to Switzerland the Swiss flag, reversed, was adopted as flag of the organization, a Red Cross on a white background.

The first Red Cross Society was organized in Wurttemberg in 1864. The movement spread quickly. Stage after stage of development was gone through, each followed by changes in the articles of the Convention, and on the outbreak of the great war each of the belligerent nations had its Red Cross auxiliary to its regular military hospital units.

All know of the work of the Canadian Red Cross Society during the war. In every town and city, in almost every village branches of the organization were formed. Even the soldiers who benefited by the work of the branches cannot estimate fully how much they owe to the organization.

With the end of the war a peace time programme was drawn up. The machinery of this great organization was converted to peace time uses—to be ready for time of national disaster, to promote public health, to prevent disease. Junior Red Cross Societies were formed as being in the opinion of the Council "A specially valuable means of securing the education of the coming generation in matters of public health."

Henri Dunant died on October 31st, 1910. He lived to see his labors bear fruit. His monument is a living organization, The Red Cross.

Please Don't

Correspondents are asked not to send poetry for publication in the Courier, excepting verses accompanying In Memoriams. The editor is not a poet, knows very little of meter or rhythm, and is not competent to judge what is good or what is bad. Therefore we have a rule that poetry goes into the waste paper basket. Most of it belongs there anyway.

The "Army's" Appeal

This is the time of year of the annual Self Denial Fund campaign undertaken by the Salvation Army for the purpose of recuperating its funds and enlarging its opportunity for service. It is an appeal which will touch the heart strings and purse strings of all classes of people; which will leave none untouched and which will result in the strength ening of the Army's ability to reach the fallen and the wayward. The Salvation Army's work is unique. The familiar bonnet and sweater goes into sections which other social workers do not reach. Its strength is to a large extent in its unique qualities, the poor helping the poor. For it is from among those who have suffered most that the Army recruits its workers. It is an organization whose aim is practical Christianity, and since the days of its founder's first activity it has grown in strength, developed in service and has reached out into many lands.

The demands upon the Army have kept pace with its growth in service, and this year, greater than any before, its need of funds should be met with hearty and generous response.

We in Digby are apt to judge the Army by the little band of workers whom we see daily. Such judgement is just, for it is the work of such little bands, in home land, in small towns, in big cities and in many foreign countries, that do the noble work that the Army alone seems to be able to do in its own particular way.

The New Provincial Tourist Booklet

The department of Natural Resources has issued an attractive Tourist Booklet, which is accompanied by a list of hotels and boarding houses in the province. The booklet is filled with illustrations of beauty spots from pictures selected from all over the province and offers to intending visitors a wide range of scenery from which to choose. The two center pages are devoted to a road map of the province, with fishing, golf and other attractions marked.

On the whole of the booklet is a great improvement of the one issued last year, but when compared to the booklet issued by the province of New Brunswick falls far short of containing much information which tourists and other travellers invariably look for.

The listing of hotels and boarding houses is, of course, in alphabetical order. Some of the detail is an enlargement on the truth, no doubt, but it is hardly likely that the department is responsible. For instance, several of the Digby places listed in the book are shown as having dancing pavilions, tennis courts and so on, things they have not and never claimed to have. How the information got mixed is a problem.

Golden Wedding in Quincy of Mr. and Mrs. George B. Sabean

Boston Globe
QUINCY, May 1.—Mr. and Mrs. George B. Sabean of 74 Curlew road, Adams Shore section, among old-time friends and acquaintances last night, celebrated their golden wedding at their home. All of their nine children were present.

The home was decorated with golden tinsel, the electric lights were inclosed in great golden lotus flowers and in the parlor, where Mr. and Mrs. Sabean received, was a huge golden ball.

Assisting Mr. and Mrs. Sabean in receiving, with their nine children, were Mr. Sabean's brother, Stanley of Rockland, his wife and their daughter, Mrs. Walter Dunbar, and Mrs. Sabean's sister, Mrs. W. E. Glover of Somerville and her husband.

Among those who called to offer their best wishes was Rev. Frank T. Littorio, pastor of the Central Baptist Church of which Mr. Sabean is a deacon. The members of the church sent a big basket of cut flowers.

Friends were present from Waltham, Melrose; Everett, Brockton, Somerville and Quincy.

Mr. and Mrs. Sabean were married in Weymouth, Nova Scotia April 30th 1878, by Rev. J. W. Bancroft of the Baptist Church. Mrs. Sabean was Miss Anna Mullen. They moved to Somerville 23 years ago and to Quincy 17 years ago.

Their children are Chester B. Harley O., Earle E., Wallace E. and Jason B. Sabean, Mrs. Daniel Worcester, Mrs. George E. Babbitt and Miss Mattie E. Sabean of this City and Mrs. Frank Malcolm of Glen Ridge, N. J.

Praise for Digby's Hospital

THE CENTURY MOTOR TRUCK CO., DEFIANCE, OHIO.

Dr. Walter Dickie, Digby, Nova Scotia, Canada.

Dear Doctor:

Having arrived safely at my destination, I take this opportunity of thanking you for your very excellent services rendered to me during my recent illness.

I am enclosing a check to the Digby General Hospital as a small appreciation for the kindness and courtesy that they showed me and allow me to say at this time that the town of Digby can be justly proud of their Institution and I cannot say too much in support of the wonderful work that they are doing.

Will you kindly see that they receive this and again thanking you and trusting that this letter finds you in the very best of health, I am
Yours sincerely,
W. S. HOPE.

April 25th, 1928.

Mink Cove

Held over from last week

Mr. Foster, Inspector of Schools, visited our school on Thursday last.

Harry Saunders and Spurgeon Jeffrey spent Sunday afternoon at Mrs. Albert Gidney's.

Mr. and Mrs. Warren Crowell and Whalen Raymond spent Saturday evening at Mrs. Albert Gidney's.

We are pleased to note that Miss Adelaide Theriault, who has been seriously ill, is now able to be out again.

Mrs. Conrad Gidney, Mrs. Eustace Eldredge and daughter Dorothy spent Sunday afternoon with Mrs. Edwin Gidney.

Mr. and Mrs. Eldredge Gayer and family of Central Grove, are visiting Mrs. Gayer's parents, Mr. and Mrs. George Hersey.

Mr. and Mrs. Lester Stanton, of Tidville, spent Sunday evening at Mrs. Stanton's parents, Mr. and Mrs. George Merritt's.

Mr. and Mrs. Preston O'Neill, who spent the winter with their daughter, Mrs. Herbert Titus have returned to their home here.

Mr. Dunn and Mr. Hersey, of Digby, are wiring Albert Gidney's house for electric lights. It is hoped that the hydro will soon be on Digby Neck.

A. W. Penchard, who has been appointed Investigator and prosecuting Officer of the Nova Scotia Board of Optometry was a visitor in Digby on Monday. Mr. Penchard, with his new duties will be unable to spend several days in Digby each month and is forced to limit his office hours here to one day only, the first Tuesday of each month. On Monday morning he was at several points in Clare, investigating alleged practice of optometry in contravention to the Act. The case was that of an unqualified person attempting to prescribe glasses. Mr. Penchard says that many people have been injured by this class of people, with serious injury to their vision. A prosecution of the case investigated is likely to follow.

St. Charles Cooked Salad Dressing

- 1 1/2 cups Borden's St. Charles Milk
- 1 1/2 cup water
- 1 3 cup vinegar (not)
- 1 teaspoon mustard
- 1 teaspoon salt
- 2 tablespoons sugar
- 2 tablespoons flour
- Dash of cayenne
- 2 tablespoons butter
- 2 egg yolks

Dilute milk with water and bring to scalding point in a double boiler. Thoroughly mix dry ingredients. Add egg yolks. Blend gradually with dry ingredients. Pour hot milk slowly over the mixture, stirring constantly. Return to double boiler, add butter, cook until thickened. Pour in heated vinegar gradually, strain and cool.

Firestone
Tread is Scientifically Designed

When Firestone engineers were developing the Balloon Tire they found it necessary to design a tread altogether different from that required by High Pressure Tires.

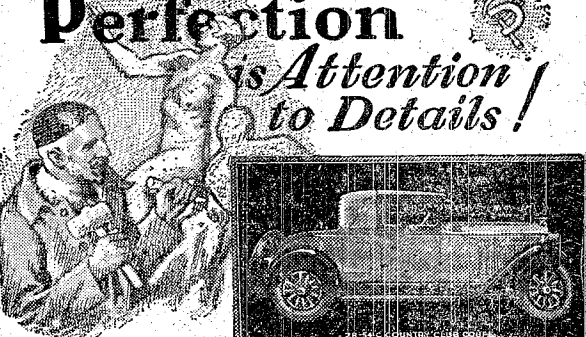

The Firestone tread was not designed with large, massive projections for appearance or to make plausible sales argument. On the contrary, the projections of the cross-and-square tread are small and the side-strips narrow, permitting the tread to yield to irregularities and cling to the road, giving the greatest non-skid surface. This tough, pliable tread has the wear-resisting qualities that give thousands of extra miles of service and save you money.

Your nearest Firestone Dealer will gladly supply your needs and give you the better service that goes with these better tires.

A Triumph of Engineering Genius!

UNDERLYING the smart styling of Pontiac's Fisher-built bodies, you will find the master touches of skilled craftsmen and designers . . . the unmistakable evidence of engineering excellence.

The big, husky Pontiac Six engine—with its GMR "blue-streak" cylinder head, its crankcase ventilation system, its oil filter, air-cleaner, etc. . . . is the result of the skill and experience of Pontiac engineers, plus General Motors' great engineering and research laboratories!

The fuel-pump system (replacing the vacuum-tank) . . . the Lovejoy Shock Absorbers . . . the sure acting mechanical Four Wheel Brakes . . . these too are developments of Pontiac plus General Motors.

General Motors' resources make Pontiac Six a triumph of engineering genius, just as they make it a revelation of six-cylinder value.

Ask your dealer about the G.M.A.C. Deferred Payment Plan which makes buying easy.

Larkin Not Selling Salada Tea Business

Officials of the Salada Tea Company, Toronto, have informed this paper that the Hon. Peter C. Larkin, Canadian High Commissioner in London has cabled a denial to the rumor that he was selling his Salada Tea business. "There is not a grain of truth in it," he said. "We have had numerous offers for the business since I took office under the Government, but I would not entertain the idea of parting with any of the business interests of myself or my son, neither would my son."

Hon. Mr. Larkin said he hoped to return to Toronto to resume his former life there when the Canadian Government no longer requires his services in London. His son, Gerald R. Larkin is president of the Salada Tea Company, which is one of the largest tea companies in the world, with branches in principal cities all over the North American continent. The Salada Tea Company was founded by the Hon. Peter C. Larkin in 1892 and has attained such remarkable success because Mr. Larkin was the first in North America to sell a tea of guaranteed quality—packed in a sealed metal package in pound and half-pound sizes. The Salada Tea Company supplies a quarter of all the tea used in Canada.

Prince Edward Island Lady Tells of Dodd's Kidney Pills

She Says There are Many Kinds of Kidney Remedies, but None to Equal Dodd's Kidney Pills

Richmond, P. E. I., May 7. (Special)

"I am totally unable to express my thanks for the marvelous benefits and relief I have obtained by taking Dodd's Kidney Pills," writes Mrs. James D. McDonald, a well-known and highly respected resident of this place. "I suffered for years from a sore back, weak legs and pains in my arms and shoulders. My legs and ankles would swell up and my head was dizzy. If I would stoop, I could hardly straighten with pains in my back. At night I would experience dreadful dreams. My suffering was terrible. My Mother got me Dodd's Kidney Pills and in two weeks I felt the good they were doing. There are many kinds of Kidney Pills but none to equal Dodd's. My honest advice to all sore back sufferers is—use Dodd's Kidney Pills—they have no equal."

Dodd's Kidney Pills can be obtained from druggists everywhere, or The Dodd's Medicine Co., Ltd., Toronto 2 Ont.

Little River Scout Troop Organized With Eighteen Members

Organized with a membership of eighteen the Little River Troop Boy Scouts, is taking an important place in the life of the boys of that place. Rev. Clarence Chute is Scoutmaster, and he has three assistants, Messrs. L. B. Collins, Floyd Trask, Herman Trask. Lawrence Trask is leader of the Seal Patrol and Eric Morehouse Patrol Leader of the Wolf.

The Troop meets in Community Hall on Monday nights. Four meetings have been held to date, and all the Scouts have passed their tenderfoot tests. They are now working for certificates as second class scouts, and are doing famously.

Much interest is taken in the boys by Mr. Burroughs, to whose interest in the young people of Little River is really due the formation of the Troop.

With three Scout Troops in the eastern section of the county it is suggested that a field day be held in Digby as a part of this year's Dominion Day celebration.

Local and Personal

Mr. Hance J. Logan, of Amherst, was a visitor in Digby on Saturday.

Mr. and Mrs. Hazleton who have been visiting in the United States, returned to Digby on Monday.

Mr. and Mrs. George Muise entertained the St. Patrick's Card Club on Monday evening, at six tables. A most enjoyable evening was spent. The prizes were won by Mrs. William Theriault, Mr. Phillip Dugas, Mrs. Alex Ross and Mr. Alfred O'Neill. The Card Club will meet next Monday at the home of Mr. and Mrs. C. Beaton.

First Cod and Haddock of Season Taken in April

The first cod and haddock fishing of the year was begun in April when 50,000 pounds of cod and 30,000 pounds of haddock were taken by fishermen of Digby county. In spite of unseasonable weather fair catches of fish and shell fish are reported. The total catch of all fish for the month was valued at nearly \$60,000.

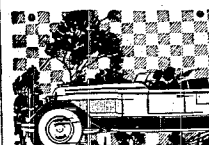

Scallop draggers shipped 4,820 gallons shucked scallops at an average value of \$2.50 or \$12,550. 1836 gallons and 177 barrels of clams were shipped, at a value of \$1700. Since the opening of the lobster season the catch in Digby has been below average. Weather conditions have prevented the boats from operating. The number caught was 115,909, valued at \$32,878.

Maritime Provinces tea drinkers have learned by long experience that MORSE'S TEAS can be depended upon for purity of quality, maximum of strength, and that richness of flavor which appeals to the palate of everybody who likes a good cup of tea.

The May "Rod and Gun"

Another interesting article on the practical planning of trout fry by John Gall of Toronto, is one of the May issue, of Rod and Gun and Canadian Silver Fox News which is just published. Besides this is the usual full complement of fishing and hunting articles and stories by popular authors of the magazine and in the regular departments on angling, guns and ammunition, outdoor talk and kennel.

Bonnycastle Dale, well-known outdoor writer, contributed an interesting article on where to fish in the maritimes this year. The approach of the fishing season also occasions the appearance of much interesting material in G.P. Saden's department. The conversation campaign of the magazine is supplemented this month

Add to the joy of the open road—this pleasure-giving refreshment.

by a worthy article on fish and game conditions in Alberta by C.A. Hayden of Calgary. The Canadian Silver Fox News section also contains several practical articles.

Rod and Gun and Canadian Silver Fox News is published monthly by W. J. Taylor Limited, Woodstock, Ont.

Here and There

Quebec.—When the 1928 shipping season opened here April 2nd the Canadian Pacific St. Lawrence fleet supplied fifty per cent of the steamers that docked with S.S. Montclair, Montreal and Melita. The three ships carried in round figures 2300 immigrants aboard mostly of British stock and destined to farms in the West.

International Advertising Convention and Exposition to be held at Detroit, July 8-12, is already attracting wide notice and will contain under one roof everything relating to organized advertising in every phase. Advertising men from overseas will attend and bookings are being made on Canadian Pacific liners from Great Britain and Europe well ahead of time in view of the large demand for travel that will arise.

Sixty-five miles of salmon fishing in the Cans River, New Brunswick, were enjoyed recently by five anglers from Chicago and the U. S. Middle West and by a party of New York newspapermen, including W. McGeehan, internationally known New York Herald-Tribune sports writer. Both parties were staying for about a fortnight in the care of Harry Allen, well known New Brunswick guide. They travelled Canadian Pacific to their fishing destination.

Okanagan.—Word is received from Washington that the Okanagan project during the last year, had a higher per acre yield of apples and a consequent higher acre return to the grower, than any government irrigation project in the United States. The local project, with 3,567 acres in apples, has a yield of 35,172.750 pounds, or 9,842 pounds to the acre, a yield which brought the growers a return of \$1,030,454, or the high return of \$289 an acre. On the Yakima project the average yield was 9,802 pounds to the acre or at the rate of \$246.16 per acre. The nearest approach to the Washington record was on the Sun River project in Montana, where the average was \$153.22 an acre, followed by the Boise project, with a price of \$142.

Ottawa.—The Department of Agriculture has issued a report showing how the Canadian "North" plan is combating wheat rust, how the Canadian Air Force, the Federal Department of Agriculture and the Dominion plant of the Manitoba Agricultural College at Winnipeg are uniting to fight the enemy. The report says: "The work consists mainly in the exposure of slides at different altitudes and at different locations. These aeroplane exposures attempt to collect from altitudes of from 1,000 to 5,000 feet the date of the earliest appearance of rust spores, the region over which the first appear, the rate at which the spore count of the slide increases over various regions, the visibility of spores caught at these higher altitudes and the relation of certain environmental and climatic factors to the rate of development and spread of rust. Tightly stoppered bottles are used, containing wooden paddles to which are attached microscope slides lightly smeared with vaseline. These slides are exposed for 15 minutes at varying altitudes; the slides replaced in the bottles and then returned to the Government laboratory at Winnipeg."

A FINE SPECIMEN

—(Photograph courtesy Canadian National Railways).
Mr. and Mrs. J. D. H. Webb and family of eleven children, including the twin babies, Peter and Patrick, arrived Halifax, Nova Scotia, on the White Star liner "Doric" Saturday last. They are a fine specimen of British settler stock being brought out to Canada under the 3,000 Families Empire Settlement scheme. This is the first party arranged for by the new Birmingham office of the Canadian National Railways, which was opened recently for the purpose of securing suitable British settlers in the Midlands district. Mr. Webb is intending to settle on a farm near Regina and left for Canadian National Railways train for his destination.

Circus Coming May 23rd

No doubt you are aware that a "Real Honest To Goodness" Circus is the greatest entertainment of all amusements. A visit to a circus is a day of joy, for old and young. It is a day that the "Kiddies" always remember, and the older folks never forget. Barnett Bros. Circus is the first and only Motorized Circus ever seen in CANADA, and carry with them Marvelous trained Ponies, Posed and Dancing Horses, Educated Dogs, a collection of trained Goats, Sheep and Pigs, Bareback riders on pure white fleet of foot Arabian Horses. A group of educated Baboons, Monkeys and Apes, Trained Bears, Performing Birds. There will be a menagerie of circus animals rare and strange. The circus is an eternal joy to all ages and the only form of childhood amusement. Its lure is perpetual. It is a bright spot in a rather dull world. Never in the History of the Amusement Going public of DIGBY has such a MOTORIZED CIRCUS

been seen. Watch for the Gorgeous Street Parade at Noon. One day only

BE PRETTY! TURN GRAY HAIR DARK

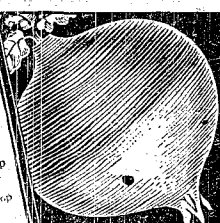

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wetly's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

Greatest Thrill in Flight Alone

Solo Trip Gave Byrd Bigger "Kick" Than Being One of First Men to Zoom Over North Pole.

Being one of the first men to fly over the North Pole was not as great an event in the mind of Commander Richard E. Byrd as his first attempt to fly alone. "First flight alone is probably the greatest event in an aviator's life," relates Byrd in his newly published book, "Skyward." "Never again does he feel the same thrill, the same triumph as when he first eases back the controls and lifts his airplane clear of all natural support. Then there is that special and extra sensation when one banks and lands alone for the first time. It is at this point that the new hand so often loses his nerve

or lets his judgment slip and crashes. Nowadays such accidents happen less frequently. Much more instruction is given before soloing. But in the war I have known pilots to hop off alone with less than three hours in the air.

Struck Surface With Splats "For what seemed a long time I flew straight ahead. It was too good to be true. I was flying at 15,000 feet. I glanced down at the water. It looked dark and sparkling. In the fresh sea breeze just picking up. The station seemed very hard and dead by comparison. Quickly I glanced at my instruments. Nothing was wrong yet.

"I began to think what I'd do next. I concluded that I should try some landings. After all if I could land safely I might call myself a flier. Anyone could get a plane up into the air. I nosed down gradually. But when I leveled off I was going too fast. As it had been drummed into my head not to lose flying speed I was taking no chances. I struck the surface with a splash and porpoised—that is, leaped out some distance beyond where I hit. But I didn't smash anything, which was a comfort. I tried three more landings in quick succession. In all I kept it for an hour and 20 minutes at that first flight. But when I finally taxied up to the landing I felt a confidence that was the pleasantest sensation I had ever known. The big thing about flying is to come down safely.

Because of their small size, horses raised in Iceland are being shipped to coal mines of England and to small farms in Denmark.

Some people are so disagreeable that even their own climate doesn't agree with them.

A Reverie For Mother's Day

"A Love that will not let me go." MY MOTHER'S LOVE was the first love that nestled me, nourished me and suffered for me. From first to last she has loved me whether I was lovely or unlovely. Such love calls me to remembrance this Mother's Day.

My Mother's Voice was the first message of love that sounded in my ears. I did not understand those first endearing words, but I could never heed the love tones and was glad. Other voices have flattered and derided me, praised and condemned me without love, but whether her voice rebuked or heartened me, it was always in love. I shall not fail to lift my voice in love of her this Mother's Day.

My Mother's Hand labored for me long before I could provide for myself. If they now are wreathed in lace and white with wear, they merely bear the cost-marks of love of me. Never did she spare herself when I needed her, nor will I now deny myself the high privilege of serving her with gracious love, especially on this Mother's Day.

My Mother's Tears moistened her pillow and mine when I knew it not, nor cared. My selfish, heedless, careless, loveless ways and words often made those tears burning and bitter. When I grew very tall and self-sufficient, again she hid her tears and prayed that I might be spared the harvest of folly. Those tears are now pearls in my crown of manhood. Only God and mother know what those pearls cost them. I am certain the only tears she would have me shed now are tears of joy for such a mother to love and honor this Mother's Day.

My Mother's Smile was my first glimpse of heaven. If I had heaven I experience along the way and find at the end of my journey has in it as little censure and as much mercy, as little regret and as much joy as little despair and as much hope, as I found in her smile, that will be heaven indeed. Nothing I can ever do can fully repay the love she shed abroad in my life except I walk the way she taught me and meet her at heaven's gate wearing the smile she brought me. I am resolved to begin now and wear it and try to be worthy of her this Mother's Day.—Rev. Claude A. McKay, D.D.

PEACE AT GRAND PRE.

(Christian Science Monitor)

One of the lasting impressions borne away by the visitor to Evangeline Land is that of repose and peace. All nature, land and sea, cattle-dotted meadows, pine-clad hillside, crystal-clear stream, seems harmonized here. There is never a jarring note and as twilight descends the broad seagirt meadows of Grand Pre after the sun has at last disappeared behind the farther ridge of the valley of the Corvallis, as a datter of day is stilling, such a silence falls as seems to induce the gentle-toned converse of contemplative leisure.

Here is an ideal of beauty truly tropical. One speaks of the peace of an English countryside, of the sweet tranquility of a sunrise in mid-ocean, of the soft ripple of a quiet, forest-bordered stream. These and a hundred others are oft-used similes for what is contentful and happy. Each finds its justification at Grand Pre. For here is a charm that lies in the beauty of the sunset in twenty lands; yet here, too, is something more, that indefinite, indescribable appeal that is the essence of fair Acadia's lure. Yet the beauty of coloring in the western sky is definite enough, clear and vivid in its blended shades as the hues of the rainbow and as delicate. Rose and mauve yield to orange and gold and finally to a sort of iridescent glow which overspreads the west like a sunset over the Golden Gate. Sweet content seems to sit smiling upon the great heart of the world.

WHAT OTHERS THINK.

The American Bankers' Magazine, in the following no uncertain terms, outlines the duties of business men of every town to its newspaper. It says: "No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This applies to all kinds of business and professional men. It does not mean you should have an entire page, half, or even a quarter page ad. In each issue of the paper, but your name and business should be mentioned. If you do not use more than a two-line space. A stranger picking up a newspaper should be able to tell what business is represented in a town by looking at a paper. This is the best possible town advertisement. The man who does not advertise his business does an injustice to himself and the town. The man who insists on sharing the business which comes to town, but refuses to advertise his own, is not a valuable addition to his town. The life of a town is dependent upon the live, wide awake and liberal advertising business man."

COWFISH MILKED BY BERMUDA FARMER.

HAMILTON, Bermuda. May 4.—Robert S. Masters, while fishing off Pearl Island, caught an unusually large cowfish, which survived and is now thriving at Olive Island Farm. The cowfish is being milked daily along with the cows. The milk of the cowfish, which is claimed, will cure rheumatism, is selling at a shilling a quart.

UPSTAIRS TO BED IN SLEEPING CARS.

Attic Put in New Sleepers on the Canadian National—Double Beds on "Ground Floor."

MONTREAL—An attic has been put in a new sleeping car of the Canadian National Railway. According to an article appearing in the April issue of the Scientific American, passengers will now go upstairs to bed, much as they would do if they were at home. The car, however, is still in an experimental stage.

Ernest Flagg, well-known designer and architect of New York city, is responsible for this innovation in night travel. Its effect is to give added comfort with no increased cost.

The new car is divided into compartments, seven with double beds on what may be called "the ground floor," and 16 single berths overhead in pairs. In the lower compartment during the daytime a couch and easy chair form the furnishings. At night the couch is pulled out and, uniting with the first, is made into a double bed.

Entry to this compartment is obtained through a door opening into a passageway extending along one side of the car, at the end of which a lounge is provided. From this same allway eight stairways leads up into the upper berths, which, in pairs, face one another, taking up the space between the roof of the car and the enclosure which during the day holds part of the double bed below.

The passage between them contains a washstand, adequately screened, and offers sufficient room for the passenger to stand erect.

The new scheme ensures greater privacy for the occupants of the lower berths, who have a compartment entirely to themselves, and greater comfort to those of the upper berths. It has replaced berth curtains and cramped quarters with walls and ample roominess.

D. A. R. REFRIGERATOR CAR SERVICE FOR MEATS.

Effective May 15th, the Dominion Atlantic Railway will establish an iced refrigerator car service for handling of fresh meats for the Halifax market.

This car will pick up shipments between Annapolis and Kentville on Tuesday of each week and between Kentville and Halifax on Wednesday. Overhead racks with an adequate supply of hooks will ensure fresh meats of all kinds reaching Halifax market in good condition.

Shippers and receivers alike will appreciate such a service, more particularly in view of the necessity of keeping fresh meat shipments free from dirt and dust and under an even temperature from shipping point until delivered at destination for placing in the refrigerators of the various meat dealers.

Federal Leaders Engage in Heated Controversy

After a fortnight in the doldrums the house broke last week into a storm reminiscent of the exciting days of two years ago. It was a debate which saw the two sides of the house in angry altercation. It saw Hon. R. B. Bennett, Conservative Leader, protesting that the Prime Minister had "dragged" the name of Lord Willingdon into a controversy to influence a vote, saw Premier King as sharply denying the charge; it saw Conservatives, Progressives and the U.F.A. voting together in support of a Conservative amendment which was defeated by a majority of only eleven. It was all over a vote of \$150,000 for the residence of the Governor General in Quebec Citadel.

Hon. J. C. Elliott, Minister of Public Works, explained that renovation was to cost \$80,000; furnishings and fittings \$70,000.

Hon. J. D. Chaplin, Conservative, Lincoln, then moved that the vote be reduced by \$70,000 or the amount of the furnishings and fittings. Mr. Chaplin said there were rumors that their Excellencies were to be provided with a residence in British Columbia and he wanted to know where it was all going to end. Hon. H. H. Stevens, Conservative, of Vancouver Centre, thought it preposterous that \$70,000 should be spent on furniture, lace curtains and the like. J. S. Woodsworth, Labor, of Winnipeg North Centre, declared there was no need to set up a new kind of feudalism in the country.

WHAT IS A WORLD, MY BOY?

A little rain, a little sun,
A little shore where ripples run,
A little green upon the hill,
A little shade, a little rill,
A little day with skies above,
A little night where shadows move,
A little work for men to do,
A little play for such as you,
A passing night, a coming morn,
A coming love, a passing scorn;
Of blackest cloud a little bit,
With silver on the rim of it,
A little trouble, lots of joy,
And there you have a world, my boy.
—Douglas L. Durkin.

WOOD'S PHOSPHODINE.
It tones and invigorates the whole system, makes new blood, drives out old virus, cures Nervous Debility, Mental and Brain Weakness, Loss of Energy, Fatigue of the Heart, Failing Memory. Price 25¢ per bottle. Sold by all druggists or sent by mail on receipt of price. New pamphlet mailed for the WOOD MEDICINE CO., TORONTO, ONT.

THE DODGE STANDARD Six

GREATEST PERFORMER IN ITS PRICE CLASS

Don't miss the experience of driving this remarkable new Six by Dodge Brothers!

And set your hopes HIGH—for here is the fastest and finest performer in its price class. With the fastest acceleration AT ALL SPEEDS! And the most astounding power on hills you've ever experienced.

1 horsepower to every 47 pounds—an engine that in all moderation can be called SENSATIONAL. With the ruggedest Dodge chassis ever built; and Midland Steeldraulic four-wheel brakes to control the car's flashing action.

A long, smart, extra-roomy Six available in three fashionable body types: the Coupe, the 4-door Sedan and the DeLuxe Sedan.

Drive it a day and you'll drive nothing else!

Traded in before their time

—That Means

BETTER VALUE for You

THE irresistible attractiveness of the "Bigger and Better" Chevrolet has induced many motorists to part with the cars they were driving, long before they intended to do so. Hence we have a fine selection of Used Cars, literally traded in before their time . . . better used cars than we have ever had before. Yet, used cars are now lower in price than they have ever been before . . . which means better value for you, as a glance at these representative cars will show.

Sad Accident to Mr Harry Chute

The home friends of Mr. and Mrs. W. A. Chute were very much grieved recently on learning of the sad experience of their son Harry in Edmonton, when after seven months of treatment it was found necessary to amputate his leg just above the knee.

Mr. Harry Chute has been with the same firm in Edmonton for the past ten years and when removing a box from a high shelf found it heavier than he had thought and it swinging against him, the corner struck against the side of his knee. At the time it seemed only a minor injury but after a few days grew worse and finally after other treatment the leg was put in a plaster cast and was kept in a cast for nearly seven months, but in spite of all efforts the injured place refused to heal absolutely and finally amputation was considered necessary. Mr. Chute has a wife and two small children who with his parents have the sympathy of a wide circle of friends who hope for him a speedy return to health and usefulness.

Institute Meeting

Monday afternoon the Institute met with a large attendance in the Masonic Building. After the regular business had been disposed of, Rev. E. J. Barrass gave a very entertaining and instructive talk on Bird Lore showing the eggs of a number of birds and drawing some very interesting comparisons between the birds of England and Canada and stating that while the birds of England were not so gaily plumaged or numerous as to species they were vastly greater as to numbers and wonderful songsters. Tea was then served by the Committee.

Local and Personal

Movies every Saturday night from now on.

H. E. Harris spent Wednesday at Middleton.

F. H. McNaught was in Saint John last week.

Mr. Wallis of Digby was in town on Monday.

J. Arthur Rice spent several days in Saint John last week.

Harry E. Harris spent several days in Saint John last week.

Peter McCreger was a passenger to Saint John on Thursday.

Dr. I. J. Lovett and guides came out of the woods on Monday.

Chief Deyckah is giving a concert in I.O.O.F. Hall on Tuesday night.

Proceeds from the Box and Pie Social in the Oddfellows hall were \$65.00.

The Philthia Bible Class met on Tuesday evening with Mrs. George Oickle.

Mr. and Mrs. Lloyd Sanford and Mrs. H. Harris motored to Digby on Friday.

Miss Alta Grant of Yarmouth is the guest of Mr. and Mrs. Charles Greene.

The Ladies Aid of the United church met on Tuesday with Mrs. Emma Ford.

Mr. and Mrs. R. R. Baxter and L. Schmidt motored to Yarmouth on Tuesday.

Rev. V. Sawdon went to Aylsford on Wednesday to attend Annapolis Presbytery.

Mr. and Mrs. M. C. Foster and daughter Margaret are guests at the Grand Central.

Miss Lemona VanBuskirk spent the week end at Digby, guest of Dr. and Mrs. Tobin.

B. C. Clarke arrived home from Boston on Friday, where he has spent the past three weeks.

Miss Nattie Landers is our new telephone operator. She has taken Miss Marsters place.

Rev. E. J. Barrass gave a very interesting talk on Bird life to the Women's Institute on Monday afternoon.

W.M.S. of the United church met on Wednesday evening in the vestry of the church. A programme was given.

Mrs. C. A. Nunford, Miss Marjorie Munford and Miss Olga Armon of Middleton were in town recently.

W. M. Luce of Saint John, J. Morey of Saint John and Bruce Simpson of Toronto were recent guests in town.

Mrs. Don Sylvester, who has been the guest of her aunt, Mrs. Wm. Alcorn, returned to Westfield, Maine, on Friday.

Dr. and Mrs. Phinney of Yarmouth were in town on Saturday and Sunday, guests of Dr. and Mrs. Campbell.

Rev. and Mrs. Joseph Hutton of Grand Manan were week end guests of Mr. and Mrs. Forman Rice, Millard Corner.

Sorry to lose Miss Neva Marsters from the Telephone office, but we know she is to take an important part in an event in the near future.

Saturday is Tag Day, the C.G.I.T. girls and Boy Scouts will be around with tags. The proceeds go to Cruelty to Animals. It will be a house to house canvass.

Some of the citizens of the town collected a sum of money and presented a purse of gold to Miss Neva Marsters as an appreciation of her services in the Telephone office.

The Keith Lodge No. 19 A.F. & A.M. met on Monday evening in the Lodge rooms. They had with them Deputy Grand Master right worshipful brother F. E. Rice of Sandy Cove.

Thelma Beavers group of C.G.I.T. with their leader, Mrs. H. C. Anthony walked out to Langley's on Saturday where after gathering quantities of may flowers they were entertained by Mrs. Langley.

Bitter Enemies

"Fruit-a-tives" the Foe of Constipation

NEW MILLS, N. B.—"I can honestly say 'Fruit-a-tives' are the best internal regulator I have ever used. Other remedies, and I have tried many, cause pain and griping, but 'Fruit-a-tives' always act easily and effectively. I most sincerely recommend them."

Mr. S. MacNair.

Made from the intensified juices of fresh fruits combined with tonics, "Fruit-a-tives" is a natural medicine. It strengthens the system to act naturally without the continuous use of laxatives—25c and 50c a box.

SCOUT NOTES

Do A Good Turn Every Day

The Scout Ball Team made their bow to the public on Saturday afternoon and gave a splendid account of themselves. There was a match game on with the Digby Scout Team played at Bear River. Both teams are new and gave a good exhibition of ball considering that they have only been working together a short time. The game was interesting throughout but was not won until the end of the ninth inning when the local boys won their lead accompanied by a wild burst of enthusiasm from the home rosters. Captain Henry Romans is to be congratulated on the showing of his team and also for his pitching during the entire game. The final score was Bear River 12, Digby 9. The good sportsmanship of the Digby boys was freely commented upon and an excellent Scout spirit was in evidence on both sides. In fact the Scouts have set a very high standard of sport which might be followed with advantage in all competitive games.

Seven second class Scouts sat in for the final examination for Forestry Tests on Monday afternoon. The examination was conducted in Oakdene School with Dr. W. J. Wright as examiner. All the candidates who pass these tests will be awarded the Scout Proficiency Badge in Forestry. At present there is not a single Forestry Badge held by Nova Scotia Scouts. The candidate making the highest marks in this test will also be awarded the five dollars in gold recently donated for this purpose by Dr. L. J. Lovett. The result of the examination will be known at the end of the week. In making the papers the identity of the writer is not known to the examiner since each paper is given a number known only to the writers and to the Scoutmaster.

William Kempton of the "Pee-wees" has the good wishes of the Patrol upon his return home to Maitland and we look forward with pleasure to having him back again next year.

LESSON No. 14

Question: Why is emulsified cod-liver oil so efficient and so beneficial a food-tonic?

Answer: Because it is so easily assimilated and quickly builds up strength. Multitudes use it every day as in

SCOTT'S EMULSION

Dr. and Mrs. W. J. Wright Honored

Last Friday evening after a short absence Dr. and Mrs. W. J. Wright entered their home to find it literally over-run with guests, who immediately surrounded them, entangling them with paper streamers, and then presenting them with a beautiful sterling silver sandwich plate. After the hilarity had somewhat subsided Bridge was organized at six tables and a couple of hours passed very happily, the prize winners were Mrs. L. V. Harris and Mrs. Fred Harris. Mrs. Harris' gift being a beautiful bouquet from the bride's anniversary bouquet. The bride and groom were then escorted to the central table and two huge cakes with ten candles each, set before them, which they cut and passed with ginger ale to the guests.

The following original and amusing poem by Mr. L. V. Harris was presented with the plate.

May fourth, nineteen twenty eight was such a consequential date, We all agreed it would be great To present you with this plate, Ten years since Will did Nellie win, And so our gift should be of tin, But tin at best is very thin, While this may pass so "next of kin." Along with this goes wishes true For health, for wealth, to both of you For happiness, for troubles few, All of this and a lot more too, And in the many years to come, We hope that you will stay "to hum," Nor wander round north India's sun, Nor chase the elephants with your gun, But live among Bear River's hills, Enjoy its lakes, and rippling rills, And may you bring new thrills In future years at Nell and Bill's.

You will demand much of "KING COLE" Coffee. Yet it will satisfy you completely. At your Grocer's Now.

"Accident"

A very serious and sad accident took place on Saturday afternoon, when Mr. Thaddeus Harris was blasting rocks for Chipman Harris. He had lit the fuse and thinking it had not caught went back to see just as the blast went off. It threw Mr. Harris about 10 feet right some-what. Neighbours saw the accident and ran to help. He was taken to Mr. Chipman Harris' house and a Dr. summoned. On Sunday he was taken to his own home. It was feared his sight is about gone, besides being hurt all over. Dr. W. Phinney, of Yarmouth, eye specialist was called at once. At time of writing Mr. Harris is resting quite easy.

Indian Day Celebrations at Banff

Upper: The day of the parade when Indians of all tribes came for the inspection. Lower left: Squaws receiving their food and salmon. Lower right: An Indian of today draping one of a hundred years ago.

No section of Canada can claim a monopoly of Indian Summer, but, to Banff, Alberta, belongs Indian Days. Indian Summer occurs in the fall and may last two or three weeks; Indian Days occur in July and are only three in number; but, for those for whom they are named, there is more real pleasure crowded into that short time than they experience during the other three hundred and sixty-two days of the year.

For three days the Indian is a "King of Banff." He pitches his teepees under the steep cliffs of Cascade Mountain, known to the Indians from ancestral days as "Stoney Chief." Close to "Stoney Chief" and still known by its original name stands "Stoney Squaw." The latter is a pretty mountain, much smaller than its neighbor, but with an appealing feminine dignity all its own. The reason, then, for the Indians' original choice of names is obvious to all.

The hotel manager at that time and Tom Wilson, the famous Rocky Mountain guide, then put their heads together and decided to invite up the whole Stoney Indian Tribe from the Morley Reserve to make friends with the visitors.

What is today the main road to the hotel was on that occasion staked off as a race track, the winning post being placed at the hotel entrance. Every form of race and sport known to the Indians was held, in addition to many suggested by the white spectators. Altogether the visit of the Indians was a marvellous success, and it ultimately led to the establishment in 1907 of an annual Indian Day, which in time grew into the continent-wide advertised Indian Days. The Indians look forward to these days with the greatest enthusiasm and early on in the year start counting "only so many days now till we go to Banff." The Indian village of a hundred teepees is, as said before, located at the foot of Cascade Mountain for this festival, and is semi-circular in form, each band of the tribe having a section to themselves. Rations are served directly by the Indian village in its shape. The Government donates three buffalo annually to the Indians, and the first one of these is then shot by a game guardian and quickly cut up by the resident hunters. So skilled and speedy are the few Indian butchers employed, that within thirty minutes after the shot is fired, there is not a vestige left of what was once a lordly animal weighing approximately one ton.

MINARD'S
"KING OF PAIN"
LINIMENT

Freeport

A very enjoyable entertainment was held in the Temperance Hall on Saturday evening May 5th, under the management of Mr. Ernest Haines. The program was as follows:

Instrumental—Violin, banjo drum, bones and piano

Opening—Mrs. Ernest Haines

Chorus—O Canada

Recitation—Evelyn Thurber Tide: The Isle of Bays

Quartet—My Moustache

Dialogue—The Servant Problem Part I

Solo—Are You Lonesome Tonight, Lennie M. Thurber

Dialogue—Part II

Piano solo—Phyllis Crocker

Recitation—Bradford Finigan

Duet—Side by Side, Edwin Haines and Jennie M. Thurber

Quartet—Don't Count Your Chickens

Du.—Georgia Lullaby

Play—Not on The Program

God Save The King

They were greeted by a full house and the proceeds of the evening amounted to \$61.73 which will go toward the Old Home Week fund.

Weymouth North

Mrs. Warren Lent spent last week with relatives in Smith's Cove.

Arthur Titus and friend are visiting his mother Mrs. Bertha Titus.

Mrs. Jesse Wright, of North Range, is a guest of Mr. and Mrs. Charles Ford.

Mr. and Mrs. H.M. Mullen and son Willis spent Sunday with relatives in New Tusket.

Miss Mary Tooker returned home from Deep Brook on Friday. She was accompanied by cousin Miss Doris Goddard.

Miss Sadie Hankinson was called to Port Maitland last week by the serious illness of her aunt Mrs. Henry Taylor.

Capt. and Mrs. H. B. Fitzgerald and family and V. A. Fisher, motored to Little River on Sunday returning in the evening.

Mr. and Mrs. C.D. Campbell, Sr. and son Glidden Campbell returned home on Friday from a motor trip to Halifax.

Mrs. A. W. Carr, of New York, arrived on Saturday to spend the summer with her daughter, Miss Constance Carr at The Elms.

Mr. Anderson, who has been spending the winter with his daughter Mrs. F. H. Lent and Mr. Lent recently for Halifax to visit his son.

The Misses Carrie Brooks and Evelyn Moore who are attending Sacred Heart Convent, Meteghan, spent the week end at their home here.

Mrs. Grace Minda, of Ayre, Mass., and Miss Annie Oakes R. N., of Providence, R.I., arrived last week and have opened their cottage for the summer months.

Rev. M. B. Whitman exchanged pulpits on Sunday with Rev. P. M. Hamilton, pastor of the Freeport Baptist church who is assisting him with the special services being held in the church here.

The W. M. A. S. of the Baptist Church met at the Parsonage on Tuesday. At this meeting the "Earn a Dollar" poems were read. Each member brought a friend, and supper was served after the meeting.

PALM SUNDAY IN

JERUSALEM, 1928.

The Far and Near Press Bureau has received the following cables from Jerusalem regarding the meetings of the International Missionary Council:

"Palm Sunday was celebrated here by the delegates from fifty countries making a devotional pilgrimage to Jerusalem from Bethany over the route Christ followed. Appropriate hymns were read by Dr. MacInnes, Bishop of Jerusalem."

"The united spirit of the meeting has been fully maintained during the first week. With the second week the delegates will begin to frame findings and resolutions. These will deal with the problems of evangelism, the new industrial situation in the East, racial problems, and the relations between the older and younger Churches."

—o—o—

ENGLISH A LA INDIAN.

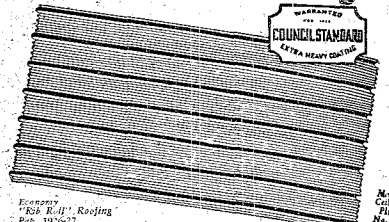

BOMBAY—The wonderful things that the Japanese and Chinese do to the English language have been surpassed by an Indian medical student. Told by a doctor in charge of a hospital to keep close watch over a rare sun whose condition was critical he kept a report of the case which he handed in the next morning. This is what he wrote:

11 p. m.—Patient very dangerous.
1 a. m.—Patient in the sick.
3 a. m.—Patient flitting.
5 a. m.—Patient out.

SAVE MONEY — ROOF WITH

ECONOMY

"Rib-Roll" Roofing

ECONOMY "Rib Roll" is the permanent roofing for barns, houses, sheds, garages, etc.

Low in initial cost—comes in big sheets—easy and quick to lay—permanent—leak-proof—handsome in appearance. Prevents fires—increases value of property. Ideal for re-roofing over old wood shingles or felt roofing. Made of the famous "Council Standard" and "Superior" Galvanized Sheets.

Write us for estimate and free sample giving dimensions of roof including length of ridge and eaves.

Local agents wanted in the Maritime Provinces. Good proposition for hardware dealers, ironmongers, general merchants, dealers in lumber and building supplies, contractors and independent agents.

Also metal ceilings, metal siding, metal shingles, metal lath, corrugated roofing, eave-covers, condenser pipe, and other sheet metal building products.

Work Starts on Clearing Site For New Pines Hotel

Superintendent Beck of the
Parsons Ed Contractors got away
to a good start on Monday morning
and quickly had a crew of men
clearing away the timber from the
site of the new Pines Hotel. Other
men were busy removing three cot-
tages which were in the way and on
Tuesday engineers were running
the levels in preparation for mak-
ing the excavation.

By yesterday nearly half a hun-
dred men were on the pay roll and
this number will be increased as the
work progresses. Mr. George
Graham, Vice President of the
Dominion Atlantic Railway came
down in the Nova Scotia, attached
to the night train on Wednesday,
to inspect the work.

The timber from from the clear-
ing is being peeled to be used in
construction of a five hundred foot
boat slip, to be built about quarter
of a mile outside of the old slip.
This slip will have an eight foot
floor and extend right out to deep
water, permitting boats to land at
all stages of the tide.

Several teams and men from
Bear River have moved in to Dig-
by to work on the job.

Contractor Charles Carthy has a
crew of carpenters employed build-
ing new cottages in the hollow in
out of the old Pines to replace
those being torn down. Material
salvaged from the old cottages is
being utilised.

An Apology

Correspondents and readers are
asked to judge kindly this week
because of the shortage of news of
the villages. Publication of the
Minutes and Reports of the May
meeting of the Municipal Council
forced out a whole gist of corres-
pondence.

New Junior at Royal

Mr. Gerald Tupper, Teller at the
Royal Bank branch here, is spend-
ing his vacation, being relieved in
the cage by Charles Walker. Mr.
Pratt, of Maitland, Hants County,
has been taken into the service as
"Junior". Mr. Tupper will likely
be missing from next winter's line
up of the Ravens.

The official opening of Art's Spa
will be held tomorrow when several
"Specials" will be featured on the
restaurant and Ice Cream Parlor
menus. The Spa is a popular place
during the summer months and on
special days, like Circus Day man-
ager Robinson tries to give every
service possible.

New Buson Digby Neck Mail Route is Fine Looking Car

Guy Morehouse's new motor bus,
the "Arcadian" went on the Digby
Neck Mail route on Tuesday and
proved satisfactory and more than a
little popular with patrons of the
route. The bus has a G.M.C. motor
and chassis and the sedan type
body was built in Digby, a product
of Mount's Garage.

The interior is twin seats, finish-
ed in brown leather finish, with ac-
commodation for sixteen passengers.
Controls are within easy reach of the
driver's seat, making for safety and
comfort. The lighting includes red
and green running lights forward
and rear.

The most comforting part of the
bus layout is the baggage and mail
locker or berth at the rear end. It
extends across the full width of the
bus and has a separate entry, this to
do away with inconvenience to pas-
sengers when loading or unloading
baggage or mail, and to give their
luggage protection from dust.

Taken all together the bus is a
credit to Mr. Morehouse and the
builder, and is the fulfillment of
Guy's promise that the "Digby
Neck Mail" would always give the
best service that he could furnish.

Next Wednesday, Circus Day,
the bus will make an extra trip if
passengers desire it, and the old bus
will be ready to go for the route also
if required.

Mr. C.B. Simmons, manager of
the Bank of Nova Scotia branch
here, was called to Charlottetown
this week to attend the funeral of
his brother, who was killed in a car
accident. He was accompanied by
O. Wright, who drove him over,

Vets Visit Digby Farms And Test Cattle for T. B.

Veterinaries, operating under the
provisions of the Restricted Area
policy, commenced operations in
Digby County last week and are
making fairly good progress. Up
to yesterday only three cows were
reported as having reacted to the
test, all other tested having passed
without trace of bovine tuberculosis.

This, coupled with the statement
of the Federal Minister of Agri-
culture, Hon. Mr. Motherwell, that
any change in the schedules of
compensation by the provincial
government would be equivalent to
a breach of agreement and would
cause endless troubles in other
provinces, seems to have taken the
ground cut from under those who
endeavored to make the tests a
political issue.

At present, and for the immedi-
ate future, hardship may fall on
some farmers whose react to the
test, but since agriculture is an
industry which is steadily growing
in importance, one which builds up
for generation after generation, no
obstacles should be placed in the
way of improvement.

Dr. Cumming, Provincial Direct-
or of Marketing, was in Digby this
week, returning from Ontario and
Boston. In conversation with the
Courier he said that the progress of
the tests was viewed with great
satisfaction in the Boston market,
where certified cream and milk
products from Nova Scotia will find
ready sale once the province is all
cleaned up.

State health authorities are de-
termined that no dairy products
from untested areas will be per-
mitted to be sold in the State of
Massachusetts after June first, and
the tests in Digby County will
place our farmers in a position to
ship without restriction.

NEW CLOTHES DRESSES \$7.50 AT WRIGHT'S

Larche's Dairy Herd Tests T. B. Free

Testing of dairy herds commenc-
ed in Digby this week. Larche's
herd of thirty Jersey-Guernseys was
tested on Thursday and passed the
test with flying colors. Dr. Catt,
who made the tests, complimented
Mr. Larche on his excellent herd
and advised him to keep on with
the same breed as he was now.

In conversation with the Courier
before the tests was made Mr.
Larche said he was not too uneasy.
He had always fed well and kept
his cattle in good shape, but if
there were any T.B. cattle in the
herd he wanted to know—and know
positively. He prided himself on
selling good milk, rich in butter fat
and vitamins, and his idea of
dairying was that milk was a most
important food and if it was impure
he would not want to handle it.

He is naturally most pleased with
the results of tests of his herd, and
gives credit to good feeding and
taking proper care in keeping barns
and cattle clean, always.

A number of young calves in the
herd were also subjected to the test
and these also proved T.B. free.

Jesse Jefferson's herd of thirty
head and Guy Dunn's herd were
also tested on Thursday and are
reported passed without any diffi-
culty.

The testers spent this week test-
ing the herds of small owners and
results to date show very few
reactors.

Annual Meeting of Digby General Hospital

The Annual Meeting of Digby
General Hospital was held at the
Town Hall on Monday evening.
President F.C. McBride presiding
Reports were pre-ented and approv-
ed.

Mr. A. J. Dillon, for the past
year Treasurer of the board and for
two years prior to that filling the
office of Secretary Treasurer, was
permitted to retire. Mr. R. H.
Lockward, who has been Secretary,
will combine the duties of Secretary
and Treasurer. Mr. Dillon was
added as a member of the Hospital
Board, which in other personnel is
the same as last year.

Following are the officers elected:

President—C. F. McBride
Vice President—W. W. Hayden
Sec'y Treas—R. H. Lockward.
Managing Committee—A. A. Short-
liffe, W. J. Hayden, F. L. And-
erson.

The Hospital Board now com-
prises: C. F. McBride, W. W. Hay-
den, A. A. Shortliffe, F. L. And-
erson, M. C. Denton, Dr. E. DuVer-
net, Dr. W. R. Dickie, A. J. Dillon,
H. M. Warne, Dr. F. E. Rice,
Warden J. Van Andrews, appoint-
ed by the Municipal Council; J. W.
Merkel, appointed by the Provin-
cial Government, S. M. Raymond,
appointed by the Town of Digby.

Collector McMahon Gets Assistance in Customs

Mr. Graham, special inspector of
the Customs Department was in
Digby on Thursday last making a
special inspection of the accounts
of Digby Customs Office, to deter-
mine the amount of business hand-
led by the office. He found that
the business done in the past year
was fifty per cent greater than any
other year, and immediately tele-
graphed his report to Ottawa.
Prompt action followed and In-
spectors McMahon was advised that
Mr. H. H. Betts, of Halifax Customs
staff, would report for duty as
temporary assistant pending a
permanent appointment.

Examinations for candidates for
this appointment were held in Dig-
by on two occasions the last being
during last year, when several
candidates qualified, among them
being Clifford Beaton, W. J. Merkel,
Harry Kirkpatrick, Garfield Hay-
den. The first two were preferred
candidates under the Civil Re-
establishment Act.

Eastern Student Conference Will Meet at Sea Breeze Colony

The sessions of the Eastern Stu-
dent Conference, conducted by the
association of the Student Christian
Movement, open at Sea Breeze
Hotel and bungalows on Thursday
May 24th, and continues until June
first. The Sea Breeze bungalow
colony was chosen for the place of
the Conference last year, and so well
were those attending treated by Mr.
Dunn and his staff, and so pleas-
antly did the accommodation suit the
needs of the Conference, that ar-
rangements were made at the close
of the last conference to hold it at
the Sea Breeze again next year.

TALK OF THE TOWN

Mrs. Fred Robinson and her
daughter Mrs. Cronan, of Boston,
are expected to arrive on Tuesday.

Farmers' Limited, Halifax, have
installed an Electric Ice Cream
Cabinet in the White Aster Tea
Room. The Slogan is "Taste the
Difference."

Little Joyce Baxter, daughter of
Mr. and Mrs. Frank Baxter, met
with a very serious accident on
Thursday afternoon of last week,
having her ankle badly cut and
bruised. Dr. DuVernet, summon-
ed to attend the injury, had to take
several stitches in the wound to
close it.

George Winfield, proprietor of
the Cherry Tree Stand, next to the
station, has got all ready for sum-
mer with everything spic and span.
The refreshment and rest rooms
have been newly decorated and are
most attractive. A new Kelvinator
Ice Cream Cabinet was installed
this week, and will be kept filled
with the popular Farmers' Limited
Ice Cream in the wanted flavors.
If you want to spend a quiet half
hour, to write a letter or have an
ice cream, just drop in at the
Cherry Tree Stand.

OBITUARY

MRS. LIZZIE R. STANTON

The sudden death of Mrs. Lizzie
Stanton at the home of her husband
Benjamin Stanton, at East Perry took
place on Tuesday, at 1:30 a.m. May
1st, at the age of 53 years 4 months
and 26 days. She died of heart
disease.

Mrs. Stanton was born in Ross-
way and was a member of the Baptist
Church in that vicinity. She leaves
to mourn, a sorrowing husband, five
sons and daughters, four brothers,
one sister and five grand children.
The children are Mrs. C. A. Trask,
Mrs. G. F. Trask of Rosinade,
Mass., Cora Mae at home, Mrs.
George Thomas, Salem, Mass., Cur-
tis and Burrell Stanton at home,
Benjamin Haight, Marblehead, Mass.,
Isiah and Leslie Haight of Ross-
way. Besides the sorrowing family.

She was a devoted wife and
mother and will be greatly missed
by all.

The deepest heartfelt sympathy
goes out to the sorrowing ones.

The funeral was held from her

late home on Friday at 1 o'clock,
the services being conducted by Rev.
Mr. Chute, assisted by Rev. I. D.
Harvey of Little River.

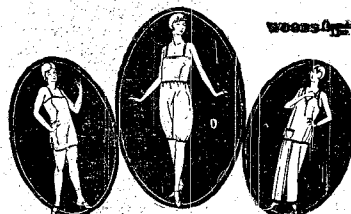

The hymns, "Does Jesus Care"
and "Sometime We All Understand
Rock of Ages" were beautifully re-
ndered by Mrs. B. P. Collins, of
Little River.

Interment took place in the Bap-
tist Cemetery in Little River.

The loyal tributes were beautiful.
The pall bearers were Harry
Harris, Arthur Harris, Donald
Denton and Harley Threlkott.

Fond thoughts will linger around
our hearts
And tears may often flow
And to that one dear lonely spot
Our thoughts will often go.
Thank God for the faith that teaches
When the struggles of life are over,
We shall meet our own, our loved
ones, And shall know them all once more.

We are prepared to take orders
for cut hard or soft wood delivered
within four miles of Digby for
a. heard of prices, let us quote you
the price and secure your order.
H. T. Warne.

At Last -- Lingerie That Stays Lovely

MANY a wise virgin dresses on
half what the foolish virgin re-
quires. The foolish virgin buys and
regrets. The wise virgin thinks and
buys. Always she is the more me-
tropolitan in her selection. She is not
tempted by impractical luxuries, be-
cause she knows where to get practi-
cal ones. In lingerie, she invariably
chooses LAVENDER LINE, whether
she wants pyjamas, a vest and
knicker set, or a teddy. They come
in delightful shadings, skillfully tail-
ored; from a closely knitted lustrous
fabric. The sleeping garments re-
main amazingly unrumpled. They
are attractively smartened by slash
trimming in contrasting colors.
They all wear endlessly and wash
like grass in the dew, to a gleaming
freshness.

About Fires

Did you go to the fire on Tuesday of last week? If you did, you were certainly sorry for the man whose garage was on fire. And even more sorry for the firemen. They didn't have a chance.

Some folks say there is no such thing as luck; but if it wasn't luck that drew attention to the blaze in time for a few buckets of water to douse the flames, what was it? Digby certainly is lucky.

The fire was within a hundred yards of the town hall, yet before the firemen could reach it men had put up ladders and fortunately were able to subdue the flames.

What if it had been the roof of Oddfellows Hall?

What if it had started along about two a.m.? Say four a.m., or along about the time when the morning train comes in. A spark from a bonfire won't set a fire any quicker than a spark from a railway engine.

Digby certainly is lucky!

But what if it had been a mile

from the fire station, away up on the hill? Wouldn't you pity the firemen who haul that antiquated junk around for \$10.00 a year.

Just think it over, and then ask yourself if there isn't an oversize "heart" in every member of the fire brigade. Would you under-take to leave your warm bed at any hour, to quit work, or play, just to haul the hose reel to any fire alarm sounded for?

Isn't it working citizenship and public spiritedness to death to expect them to do it?

Just between ourselves, the editor wouldn't be a fireman in Digby for a great deal. The days of slavery are supposed to have gone out of style with the American Civil War, but the practice of men doing work that can be done better by machinery, doesn't seem to have gone out of style in Digby.

This twentieth Century is called the "Mechanical Age". Most everyone who can afford a car and a great many people who maybe can't afford one, have one or just the same. Individuals borrow money, sign notes, put a mortgage on the farm or the house, sell their government bonds and go without a great many things, just to own a car. They get a lot of pleasure out of it, and it is worth the money and sacrifice but the Town Fathers don't dare ask for authority to give the fire department decent motor drawn equipment because they are afraid of that old bugaboo, "taxes".

Four thousand dollars, five thousand dollars, ten thousand dollars. What if a motorized equipment with chemical, hose reel and ladders, does cost all of this last amount? How much would that add to the tax rate?

About five cents per head for ten

"Now don't forget to bring me Dr. Chase's Nerve Food. I am feeling so much better I don't want to miss a single dose."

Dr. Chase's Nerve Food

years, or less time. And if it cost a dollar a head—wouldn't we get the worth of it?

It looks that way from Water Street—When you come to think that hand reels for fire departments are as out of date as hoop skirts and crinolines.

Taking one thing with another, Digby certainly is lucky.

A Clean Up Campaign

With July less than two months away the summer hotels are preparing for the opening of the tourist season. Cleaning up lawns painting, trimming hedges and making all nice for the season, is occupying the attention of those who enter to the summer visitors.

There is a good example in this for all householders of Digby. Back yards, out buildings, front lawns, houses, all need the touch of rake and paint brush, and particularly on the main streets and places where visitors gather to pass their time.

It has been suggested that the Board of Trade take up the matter of Clean Up Week, with a view to making the effort to improve appearances generally. In Saint John this has been done, and has also been a success in many smaller towns. It looks like a good thing for Digby.

If householders make a start, and the town gets busy also, much can be accomplished. Wouldn't it be a good idea? Mayor Lynch thinks so, and is almost ready to call a special meeting of the Council to proclaim a special Clean Up Week. Let us have it, so that all hands and the cook will be set a good example.

There is a lot of cleaning up to do along the water front, and in this connection, wouldn't it be a good idea to prevent old fish being thrown over the cannon bank?

When Do We Eat?

From the Newbery, Ore., Graphic

Behold! The lodge lodgeth together—and they eat. The club clubbeth together—and they eat. The church has a social—and they eat. The young people elect officers—and they eat. And even when the missionary society meeteth together—they eat. But this latter is in a good cause, because they eat in remembrance of the poor heathen who have not much to eat.

Behold! Hath man's brains gone to his stomach, and doth no longer regard intellectual dainties that thou canst no longer call an assembly to get together a quorum or even a "baker's dozen" except that thou hold up the baker's dainties as bait? Be it true, that the day cometh that to get a crowd at prayer meeting the preacher must hold up a biscuit?

Yea, verily, thou hast heard of the child races of the world. But behold, it is nigh thee, even at the door. For as one calleth unto the child and sayeth, "Come hither, sweet little one, and I will give thee a stick of candy," even so must thou say to his grown-up papa and mama, "assemble ye to together—and we will serve refreshments!" And lo, they come like sheep in a pen. Which is perhaps a hint to the Board of Trade:

PROCEEDINGS OF MUNICIPAL COUNCIL, FOR MAY, 1928

The Council for the Municipality of the District of Digby met at the Court House Digby on Tuesday May 1st at 2 p.m. present Warden, Councillors, Chisholm, Marshall, Cossaboum, Lent, Pugh, Fitzgerald, Cornwell, Woodman, Hillman, Hankinson. The Warden took the chair, calling the Council to order at 2 p.m. After welcoming the Councillors the Warden gave a brief outline of the meeting of the Union of Nova Scotia Municipalities, of which he attended a meeting of the executive at Halifax in February.

The minutes of the previous meeting were read and approved.

A letter from G. E. Graham, general manager of the Dominion Atlantic Railway Company was read asking that the blue print accompanying the letter and showing the proposed site for the station to be erected at Smith's Cove be considered and approved by the Council; on motion this was received and left upon the table for further information.

Moved by Councillor Marshall that Councillors Woodman and Chisholm be appointed a committee to make a personal inspection of this proposed site and report at the next meeting of the Council; seconded by Councillor Hankinson and passed.

Moved by Councillor Hillman that the payment of four dollars to C.Y. Young be approved, this amount being due for board for Mrs. M. Conden previous to Jan'y; seconded by Councillor Fitzgerald and passed.

The question of the collecting of outstanding rates was discussed; it being proposed to appoint one constable to take all the warrants for the Municipality; no action was taken.

On motion the Council adjourned until 10 a.m. Wednesday.

Wednesday May 2nd

Council met at 10 a.m. All Councillors present, the Warden in the chair. Minutes of the previous meeting were read and approved.

Councillor Chisholm gave the report of the committee appointed to inspect the proposed site of the station to be erected at Smith's Cove. Moved by Councillor Woodman that this Council go on record as approving the proposed location for the new station to be built by the Dominion Atlantic Railway Company at Smith's Cove and also of the proposed plans for the station, as set forth in the blue print submitted; seconded by Councillor Pugh and passed.

On motion the Council resolved into assessment committee, Councillor Pugh taking the chair. This committee rose to report later, the Warden taking the chair.

Matters concerning the County Home were discussed, it was decided that the whole Council proceed to the Home immediately after the noon recess.

On motion the Council adjourned until 2 p.m.

Council reassembled at 2 p.m. All Councillors present. The Council proceeded to the County Home, where the afternoon was spent.

Council adjourned until 10 a.m. Thursday.

Thursday May 3rd

Council met at 10 a.m. All Councillors present, the Warden in the chair. Minutes of the previous day were read and approved.

The Warden gave a report of visit

to the County Home.

On motion the Council resolved

into assessment committee, Councillor Pugh taking the chair. This committee rose to report later, the Warden taking the chair.

Matters concerning the County Home were discussed, it was decided that the whole Council proceed to the Home immediately after the noon recess.

On motion the Council adjourned until 2 p.m.

Council reassembled at 2 p.m. All Councillors present. The Council proceeded to the County Home, where the afternoon was spent.

Council adjourned until 10 a.m. Thursday.

of Council to County Home, they having met Dr. Harris there and Dr. Harris having recommended that additional rooms be added to the Home, which is now over crowded and there being no accommodation for the care of sick or bed ridden patients. On motion it was recommended that this question be left until January 1929; as there were no funds in the estimates for building purposes.

Councillor Lent gave a verbal report for the committee appointed to overlook conditions at the Home; this committee having reported that they found conditions satisfactory on motion the report was accepted.

Moved by Councillor Hillman that Councillor Cossaboum be appointed a committee of one to take up with the Minister of Public Highways the matter of the speeding of motor vehicles through villages; seconded by Councillor Hankinson and passed.

Moved by Councillor Marshall that the Clerk be instructed to address a letter to the Inspector of Schools, asking that he take up the matter of having speed limit notices posted at all schools throughout the Municipality; seconded by Councillor Cornwell and passed.

Moved by Councillor Marshall that the Warden be appointed a delegate to attend the meeting of the Union of Nova Scotia Municipalities; seconded by Councillor Lent.

Moved in amendment by Councillor Hillman seconded by Councillor Pugh, that if a delegate is appointed no expenses be paid by the Council. On being put to vote the motion carried.

On motion the Council resolved into assessment committee, Councillor Pugh taking the chair. This committee rose to report later.

On motion the Council adjourned until 2 p.m.

Council reassembled at 2 p.m., all Councillors present, the Deputy Warden taking the chair.

On motion the assessment committee resumed their sittings; Councillor Pugh in the chair. This committee rose and Councillor Hillman read their report, which was on motion accepted.

On motion the finance committee held a sitting. Moved by Councillor Woodman that Councillor Pugh be appointed a committee of one to investigate the price of clothing and shoes charged for the Municipality at the Nova Scotia Hospital, his report to be placed before the January meeting of the Council; seconded by Councillor Fitzgerald and passed.

On motion the finance committee rose to report later.

The question of the borrowing of \$20,000.00 for Hydro distribution purposes for Digby Neck and Islands was here discussed, Mr. F. H. Nichols solicitor for the Municipality being present.

Moved by Councillor Lent, seconded by Councillor Hillman and passed that the following resolution be accepted:

"Whereas it is among other things enacted by Section 12 of Chapter 113 of the Acts of 1926, entitled "An Act to Incorporate Digby County Power Board" that the Municipality of the District of Digby, whose Council has appointed a member of the Digby County Power Board, or does hereafter appoint a member, shall for the purpose of providing a distribution system and for carrying out the distribution and sale of electrical power and energy within said Municipality under the provisions of said Act, have power to borrow money and issue Debentures therefor in such form and containing such terms and at such rate of interest, and payable at such times and in such place or places as the Council of such Municipality may determine:

And WHEREAS by Section 1 of Chapter 113 of the Acts of 1927, entitled "An Act to Amend Chapter 113, Acts of 1926, An Act to Incorporate the Digby County Power Board" it is enacted as follows:

1. It is hereby declared that Chapter 113 of the Act of 1926, entitled "An Act to Incorporate the Digby County Power Board" has taken effect and is, regularly in operation in respect to the Municipality of the District of Digby, the Village of Weymouth and the Town of Digby, under and in accordance with section 14 of the said Act, and that the Council of the Municipality of the District of Digby, the Commissioners of

the Village of Weymouth and the Council of the Town of Digby, have duly and legally appointed Harry H. Marshall, Louis Stebbins and Frank L. Anderson, respectively to be members of the Digby County Power Board:

And WHEREAS by a Resolution passed by the Council of the District of Digby on the 23rd day of August A.D. 1927, it was resolved that under and by virtue of Section

12 of Chapter 113 of the Acts of 1926, as amended, and the Municipal Debentures Act, the said Municipality do borrow the sum of Twenty Thousand Dollars for the purpose of providing a distribution system and for carrying out the distribution and sale of electrical power and energy within the said Municipality under the provisions of said Chapter 113, and to issue Debentures therefor, And WHEREAS it is deemed continued on page three

Firestone Dealers

Guaranteed to contain Brandam's Genuine B-H White Lead and Pure White Zinc, combined in the ideal proportions of 70 to 30, forming the strongest covering pigment known to science.

DAKIN BROS. Digby, N. S.

A Lovely Skin of Soft, Smooth Texture

Soft, glowing color and velvet smoothness are the skin's reflections of "blood health" within.

TRU-BLOOD, the pleasant-to-take blood tonic, by acting directly on the blood and driving out impurities, corrects the underlying causes of skin affections and gives natural color and beauty to the complexion.

When taking TRU-BLOOD use Buckley's OINTMENT as an external treatment. This magic Ointment does wonders in correcting skin blemishes, in softening and beautifying the skin.

Read what these users say. One writes: "Tru-Blood is working marvels with me. Another says: 'I recommend Tru-Blood to my husband and they find it better than any preparation they have ever used.' Still another writes: 'I cannot praise it enough. As long as I live I will never be without Tru-Blood.'"

You will find its praises, too. Go to any good drugstore for these proven "Buckley's" products—and acquire "The Skin That Glows."

Bear River, N. S., May 8, 1928.

Masons Meet

Eureka Chapter No. 5 Royal Arch Masons held their regular meeting at Bear River this month by special dispens on for the purpose of conferring the Mark Master degree on nine candidates, Dr. Campbell, J. L. Warren, H. E. Harris, A. B. Marshall, E. G. Harris, J. E. Farquhar, M. Y. Harris, R. N. Purdy and J. R. Moore.

After labor, refreshments were served in the banquet hall to about 45 of the Craft, a good representation being present from Bridgetown, Digby and Annapolis.

Mount Hope Cemetery

Much appreciation is due Mr. Paquet for time and labor given in procuring and planting over 200 spruce trees along the entrance and front of Mount Hope Cemetery. A marked improvement is noticeable.

Splendid Services

The Musical Missionaries, Rev. Dr. Merrick Walker, R. N. and W. Gardener Hunter, from Edinburgh, Scotland, will sing, speak, and play their special instruments on Friday and Saturday at 8 p.m. and on Sunday at 10:30 a.m. and 7:30 p.m. On Saturday Mr. Gardener Hunter will give an original Musical Message entitled "Crown or Crucify Him," and will sing in every service.

On Sunday the Rev. Dr. Merrick Walker will preach. Morning subject "By Hook and By Crook" and evening subject "Now or Never". Mr. Gardener Hunter is offering his hymn book "Cross and Crown Melodies" containing hymns and choruses of his own composition and published at 60 cents, for 50. To be had at the close of week night services.

OBITUARY

WILLIAM R. VANBUSKIRK

The death of William R. Van Buskirk occurred at his home in Bear River, on Friday May 11th. The deceased who was 60 years of age was a son of the late Jeremiah and Elizabeth VanBuskirk. He leaves to mourn his loss a sorrowing widow, the daughter of the late Major Wallace Harris, and seven children, to whom goes the sympathy of the whole community. He is also survived by two brothers, John of Baltimore and Charles of Bear River East and one sister, Mrs. G. T. Tupper, Bear River.

The funeral which was largely attended took place on Sunday afternoon, with interment in Mount Hope Cemetery. The Services were conducted by Rev. A. W. L. Smith and music furnished by his choir. Mr. William Sandford sang beautifully a solo, "Beyond the Hills".

If a man is smart he can catch on, and if he is wise he knows when to let go.

Local and Personal

Orvie Moore arrived from Boston on Tuesday.

Walter Frizze arrived home from Boston on Monday.

Reuben Alcorn is having an addition built on his house.

Reginald Harlow was the week end guest of F. H. McNaught.

Mrs. John Roop left for Boston on Tuesday for a month's visit.

Rev. and Mrs. F. Sawdon motored to Halifax one day last week.

Mr. and Mrs. Fred Chalmers arrived home from Boston on Friday.

Mrs. W. W. Clarke went to Montreal on Wednesday to visit her sons.

Mrs. B. Taylor, Smith's Cove is the guest of Mr. and Mrs. Chas. Green.

Mr. and Mrs. Lu Price of Dorchester, are the guests of Mrs. Tom Copeland.

The Ladies Aid of the United Church met on Wednesday with Mrs. R. Baxter.

Mrs. Sherman, Deep Brook, was the guest of her sister, Mrs. Howard Suel.

The smoke stack of the Pulp Mill is being taken down 20ft. as it was found unsafe.

Lewis Walker of Granville was the week end guest of Mr. and Mrs. George Tupper.

Saint John's Guild met on Thursday afternoon at the home of Mrs. W. M. Rounney.

Mr. and Mrs. B. H. Rice, Deep Brook were the week end guests of Mr. and Mrs. Frank Dunn.

Mrs. Tom Copeland arrived home from Boston on Tuesday where she spent the week end.

Mrs. Gwenn Newell of Clarke's Harbor is the guest of her son, S. Newell at Mrs. R. A. Harris.

Mr. and Mrs. Lloyd Sandford spent several days at Maitland, guests of Mr. and Mrs. C. Merry.

Great Sympathy is felt for wife and children of Richard Van Buskirk in their recent sad bereavement.

Mrs. Lillian Hubley of Neepawa, Manitoba, is the guest of her parents, Mr. and Mrs. John Berry.

The same skill and care that made the fine reputation of "KING COLE" Orange Pekoe Tea are behind "KING COLE" Coffee too.

Rev. D. Merrick Walker and Evangelist W. Gordon Hunter are the guests of Mrs. R. A. Harris while in town.

Mr. and Mrs. Arch Wartou and Mr. and Mrs. Roy Wartou of Maitland, were the guests of Mr. and Mrs. Lloyd Sandford on Tuesday.

R. H. Purdy, Fred Harris, Vernon Harris, William Morine, Harry Anthony and Henry Rounney spent the week end at the big Lake. All came back well repaid.

J. M. McLaughlin of Bridgetown, L. H. Berton of Saint John, A. M. Weston of Providence, R. I., L. L. Wainwright, J. A. Harris and H. B. Cassidy of Halifax, H. C. Rice of Kentville were recent guests in town.

Mr. and Mrs. J. R. Romans entertained delightfully at six tables of bridge last Thursday evening when the fortunate winners of the prizes for highest scores were Mrs. Fred Harris and Mr. W. G. Clarke. The drawing rooms were attractively decorated with a profusion of jonquills and forsythia. At eleven o'clock the hosts served delicious refreshments carrying out the spring color scheme of green and yellow.

When needing a "taxi" call Waldo Chute.

Smith's Cove

Mr. Marshall Schacht left on Tuesday for Brookline, Mass.

Mr. and Mrs. Gordon Cossaboom are spending a few days here.

Mrs. Minard Weir left on Friday to visit relatives in the United States.

Mrs. H. J. Woodman who met with an accident last week is improving.

We are sorry to report Clayton Woodman, our class reporter on the sick list.

Mr. James Clayton of Young's Cove, is visiting his brother, Dean Clayton.

Miss May Cornwall who has been visiting friends in the United States has returned home.

Mrs. Matilda Cornwall who has been spending the winter in Annapolis has returned home.

Mrs. Arthur Kelsal of Annapolis who has been visiting at the home of Mrs. E. K. Thomas, has returned home.

Rev. Charles Snow who has been visiting his brother, Mr. W. M. Snow of this place returned to the United States on Tuesday.

CARD OF THANKS

Mrs. Richard Van Buskirk and family wish to thank the many friends who have been so kind to them through the illness and death of husband and father.

Every Woman Needs

"Fruit-a-tives" the sure way to regular health

MRS. A. PARENT.

Daily takes rob many women of the precious boon of good health, because constipation, biliousness, headaches, indigestion, backaches and kindred ailments, undermine their constitutions.

Read this sincere letter:

Driscoll Lake, Sask.—"I have taken many kinds of medicine, but none proved as good as 'Fruit-a-tives' for me. It is the only medicine I take—I use it regularly and do not feel tight if I do not."

—Mrs. A. Parent.

"Fruit-a-tives" is universally successful because it is a natural medicine—made from the intensified juice of fresh fruits, combined with tonics. It will help you, too. 25c and 50c at all druggists. Buy a box to-day.

—Mrs. A. Parent.

James Mussells left for Boston last week.

Sch. Valdars is at the pier loading lumber for St. Stephen, N. B.

Archie McGrath returned to his work at Cumberland Co. on Tuesday.

H. H. Reynolds left on Monday for a week with friends in Hants county.

Mr. and Mrs. Archie Kendall who have been spending the winter in Massachusetts, returned home on Friday.

Miss Hattie Ait came home from Yarmouth on Saturday last for a short visit with her sister, Mrs. Archie Morrison.

Many people from here attended the baptism of six young converts at Victoria Beach on Sunday.

Several of the people present left in cars for the Island where a similar ordinance was administered to seven other candidates at 4 o'clock the same afternoon.

Philathea Class Hold Monthly Social

The Philathea Bible Class met on Tuesday evening for their monthly Social at the home of Mrs. George Oickle, with Mrs. Steadman, Mrs. Herman Harris and Mrs. Vernon McCormack associate hostesses.

After the usual opening exercises the entertainment committee provided a very enjoyable programme, consisting of musical selections, vocal solos, duets and readings.

There were sixty present. The hostesses served refreshments.

Handicraft Exchanges

At the instigation of the Women's Institute Branch of the Department of Natural Resources, five Women's Institute Exchanges have been organized in the Province and will open for business on or about July 1st.

These exchanges are organized for the purpose of selling rugs and other articles made by Nova Scotian women in their homes during their spare time. As ninety per cent of such articles are sold to tourists entering our Province, the Exchanges have been organized through Institutes located along the main highways of travel, namely at Port Maitland, Grand Pre, Amherst, Bridge water and Upper North Sydney.

Any saleable, non-perishable articles can be sent in to these Exchanges this year. Every effort will be made by those in charge to sell all goods sent to Exchanges, but as there is little sale for such articles as the crocheted slip and nightdresses, yokes, quilts, etc., the sending of same to Exchanges is discouraged.

At the present time there is a brisk demand for hand-hooked rugs, the old fashioned, hand made quilts, fir balsam pillows, and even materials for winter bouquets now so popular in the United States and Canada; it is to these articles we shall look for big sales the first season. In other years it may be possible to work in to other lines of handicrafts that are

strictly of Nova Scotia origin; articles that would suggest Nova Scotia when purchased here and removed to the homeland of the purchaser.

To help establish and defray the expenses of these Exchanges, the first year, all articles will be sold for patrons on a percentage basis. A ten per cent (10%) commission is

charged Institute members. For all goods sold on a twenty per cent (20%) commission charged those who are not members of Institutes in the Province.

Articles sent to the Exchanges should have prices attached and are to be sent transportation prepaid by the sender.

Local Material and Supplies Will be Used on the New Pines

Montreal, May 14.—The contract for the construction of the new 100 room hotel of the Dominion Atlantic Railway at Digby, Nova Scotia, has been awarded and signed by Parsons, Ed Company Limited of Montreal, and work will start immediately. It was stated this morning by the Engineering Department of the Canadian Pacific Railway, of which company the Dominion Atlantic is a part.

Local sub-contractors, materials, and supplies will be employed as far as possible by the general contractors in the construction of the new hotel and swimming pool to be erected beside the present "Pines" it was stated. The present building will not be demolished until the new hotel is completed, which will be by April 1, next year, and may even be retained temporarily as an annex, it is understood. Parsons, Ed Company have already sent their superintendents to examine the site and have shipped equipment to Digby preparatory to starting work at once.

The hotel will over-look a fine swimming pool to be constructed at the same time, and the sea beyond. The pool will be protected by glass partitions on one side and equipped with dressing rooms under the terrace backing on the hotel. The water will be obtained from the sea and will be warmed, filtered, and purified although retaining the saltiness and buoyant qualities of sea water.

The building will be of four storeys with approximately 100 rooms, nearly all with baths. Its architecture will be in keeping with the surroundings, and the construction will be completely fireproof and of concrete and terra-cotta tile with stucco exterior trimmed with local rubble and with a slate roof. The front of the building will overlook the wide vista of Digby basin, and the general style of the building has been designed to fit in with the contour of the surrounding grounds and to take advantage of the views of the countryside as well as to allow for future extension.

Modern decorative ideas will prevail throughout. On the first floor will be the rotunda and a wide lounge looking out over the Basin. Open fire-places and a beamed ceiling will be features and directly connecting will be check rooms and the usual offices, while access to the main dining room will be provided by means of an easy stairway going down. The large and airy dining room with kitchen and offices will be on the ground floor. On the first floor will be ladies' rest rooms and other facilities and some bedrooms. The two upper floors will be given over entirely to bedrooms, all of which will be commodious in size and decorated in

Easy to make good bread with **ROYAL YEAST CAKES**

FULL DIRECTIONS ON EVERY PACKAGE

E. W. GILLET CO. LTD. TORONTO, CAN.

modern summer hotel style. Like the bathrooms they will be fitted with every modern convenience. The present putting greens will be enlarged and a new bowling green will be constructed. A garage will be erected nearby.

The appropriation for the hotel was approved by Mr. E. W. Beatty, president of the Canadian Pacific Railway, in January, and announced by Mr. Grant Hall president of the Dominion Atlantic. The building of the hotel, in conjunction with the erection of the "Lord Nelson" hotel at Halifax is an important step forward in tourist traffic development in the Maritimes. The growth of tourist traffic development in the Maritimes. The growth of tourist traffic development in the Maritimes. The growth of tourist traffic development in the Maritimes.

A GIGANTIC WAVE.

It takes an accident like that which happened to the Leviathan on her last voyage to testify to the enormous strength of water. A huge wave 85 feet high struck the liner unexpectedly, "climbed aboard" did damage in a few seconds which it will cost \$40,000 to repair, and then dropped off, fortunately causing no injuries to passengers and crew. It snapped off a broken crane, a man might break a twig on a garden bush. It smashed four lifeboats, a ventilator, a searchlight and a companionway, which looked like debris after a bomb explosion.

Man has developed extraordinary abilities as a destroyer, but sometimes nature proves that it can do more than man. The freak wave that hit the Leviathan was, however, a minor matter as compared with floods and earthquakes. It is when nature hurls one of these catastrophes that we realize how puny even human beings can be as smashers and breakers.

The window of a suburban house bore this legend: "Piano for sale. The window of a next-door neighbor's house also bore a sign: "Harrah!"

An Attractive Book

The value to Digby's tourist industry of Canadian Pacific Railway and Hotels as a means of drawing trade is excellently demonstrated in an attractive booklet, "Atlantic Coast Resorts," recently issued.

The general appearance of the booklet catches the eye, and the information within covers a range of choice in almost every seacoast town in the Maritimes and New England.

The Nova Scotia section is well illustrated with views of Digby, Bear River, through the Land of Evangeline and other sections. A large scale map shows rail and steamer routes from Central Canada and the United States. While detail sections suggest the charm of the Annapolis Basin, the upper reaches of the Bay of Fundy and of Halifax Harbor. Fifty tourist hotels, camps and boarding houses within twenty miles of Digby are included in the listings.

When it is considered that the C.P.R. hotels could not possibly care for all the people to be C.P.R. train and steamer service handle, it will be realized what benefit Digby derives from its key position in the chain of C.P.R. rail and hotel service, will derive from circulation of C.P.R. publicity.

Her Troubles Very Quickly Disappeared

Nova Scotia Lady Tells of Benefits Derived From Taking Dodd's Kidney Pills

Mrs. Edgar Estabrooks Suffered With a Lame Back

Amherst, N. S., May 14 (Special). That quick relief can be obtained from all kinds of kidney disorders by using Dodd's Kidney Pills is again evidenced by the testimonial received from Mrs. E. Estabrooks, 14 Cornwall Avenue, Amherst, N. S. "I was troubled with my kidneys and had a lame back for some time. I had come to go to the doctor, but a friend of mine told me to try Dodd's Kidney Pills, which I did. I have taken six or more boxes and they have helped me wonderfully. I can now do my work and my kidneys are better than they were."

Dodd's Kidney Pills are known all over Canada as old reliable Canada Kidney remedy. They are known for the good work they have done. You will find that Dodd's Kidney Pills will cure kidney trouble no matter where or in what form it is found.

Port Wade

Held over from last week

Mrs. Thomas Wood of Canning is visiting her mother, Mrs. Margaret Westhaver.

Mr. and Mrs. Edward Johns are home from an extended visit in New Jersey and Massachusetts.

Fred Ramsey and son, Sherman, of Marlboro, Mass. have been spending this week with Mr. Howard Burke.

Ralph Hayden and Miss Anna Hayden motored from Yarmouth for the week and they were accompanied by Mr. and Mrs. Clayton Prosser.

Mrs. Claude Olmstead who with her husband, has been visiting friends in Fredericton, made a short visit to her old home here last week returning to Fredericton on Monday. Mr. and Mrs. Olmstead leave this week for New York.

The Annapolis county districts meetings convened with the Port Wade section of the Lower Granville United Baptist church on Monday and Tuesday of this week. Rev. J. G. W. Guion of Middleton was the speaker on Monday evening delivering a stirring address on the Stewardship of Life. This was followed by a consecration service conducted by Rev. P. H. Hayden of Bridgetown. On Tuesday afternoon the women's meeting was held with Mrs. H. Freeman of Lawrencetown, with other visitors taking a part in the programme. Dr. E. S. Mason gave a very impressive discourse to a large congregation on Tuesday evening. Many delegates were present from the various churches in the county, and a fine spirit of Christian fellowship prevailed.

Tiverton

Held over from last week

Alden Elliott made a business trip to Yarmouth last week.

Schir, Phyllis, Capt. Crocker of Freeport was in port the 7th.

Cleveland Elliott returned from a trip to Saint John on Saturday.

Charles LeBlanc of Saultville, spent Sunday last with friends here.

Miss Eunice Thurber of Freeport is visiting her sister, Mrs. Earle Leman.

A number of people from here attended the funeral of the late Mrs. B. Stanton at East Ferry, Friday 4th.

Elwood Outhouse has returned from Grand Manan and is spending a few weeks at his home here.

A large number attended the play "An Old Fashioned Mother" at Little River on Saturday evening, May 5th.

Mrs. Simondson Outhouse, Mrs. James Outhouse and Miss Myrtle Ruggles called on friends at Westport on Tuesday.

A comedy drama "A Southern Cinderella" by the L.C. Club in Elliot's hall Monday evening 7th, was enjoyed by all.

SCOTTISH CURLERS ARE COMING

Old Country Team to Visit Nova Scotia.

MONTREAL, May 5.—A curling team from Scotland will tour Canada and the United States in 1929, according to word received here today by Bruce Stewart, a prominent Canadian curling official, and a member of the Council of the Royal Caledonian Curling Club.

The general outline of the tour is contained in a letter sent to Mr. Stewart, by the Secretary of the Royal Club, Edinburgh. The letter states that the provinces of Saskatchewan, Manitoba, Ontario, Quebec, New Brunswick and Nova Scotia will be visited.

The team will leave Scotland between Christmas and the new year. They will return by way of the United States as the guests of the North West Curling Association and the Grand National Curling Club of America.

FAMOUS BIBLE IN PITTSFIELD

Printed in 1582 during Elizabeth's Reign.

PITTSFIELD—A Bible printed in 1582 is the prized possession of Charles McKernon of this city, brother of Edward W. McKernon, superintendent of the eastern division of the Associated Press.

Mr. McKernon, who consented to show the treasured work to newspapermen recently, explained that it is the Geneva version commonly called the "Breches Bible," printed in London by Christopher Barker during the lifetime of William Shakespeare and Lord Bacon.

The Bible gets its name from the translation of Gen. 37—"Then the eyes of them both were opened and they knew that they were naked and they were scared, for they were together and made themselves breeches."

Smiths' Cove Institute

The May meeting of the Women's Institute met at the home of Mrs. J. H. Smith on Wednesday of last week with the usual attendance.

The Agricultural Committee reported the distribution of seeds to school boys and girls for their gardens, also the distribution of Nitate of Soda for their treatment, the nitate being supplied by Mr. Emslie, Canadian delegate of the Chieftan Nitate Committee. Excellent results are anticipated. Mr. Eaton, our agricultural representative, will give a short talk to the boys and girls relative to the garden contest etc.

The Home Industries Committee wish to draw attention to the newly established handicraft exchanges for the purpose of selling hooked rugs and other saleable articles made by women in their homes. Digby women who wish to take advantage of this opportunity may write to the Secretary of Women's Institute, Port Maitland, Yarmouth County.

The completion of two good sets of steps leading to entrances of public hall was a gratifying achievement

A short programme concluded the meeting. Meetings during the summer months will be held at the home of Mrs. George Austin. Visitors welcome.

The several requests heard for the receipts of our hostess' cake would indicate the deliciousness of the refreshments served by that lady after close of meeting.

Despite the keenest competition the sale of MORSE'S SELECTED ORANGE PEKOE TEA is constantly increasing; it was bigger last year than in the previous year, and it will be still bigger this year. This increase in sales strongly evidences the desire that many people have to get the best of everything no matter what the price. If you want the very best there is in tea always ask for MORSE'S SELECTED ORANGE PEKOE.

Westport C.G.I.T. Holds Big Mothers' Day Party

The C.G.I.T. of the Westport Baptist church held a Mothers Day banquet in the vestry on Friday evening and as the mothers entered the door a Mothers Day badge and pin were fastened to their dress. The decorations were in pink and white. The tables were set to form a square and each member with her guest, which numbered about fifty one were seated on the outside of the tables, while centre square was filled with potted plants, ferns and baskets of flowers. At each place set, a place card, menu and programme card was placed from a large white bell hung in the centre of the ceiling pink and white streamers were attached to the tables which were beautifully decorated with white table cloths, pink and white trays on which were placed the tarts, candles with a carnation attached to each holder, the pink wells which held the gifts for the guests made the tables very attractive. The menu was as follows: Lobster salad, Russian dressing, rolls, biscuits, pie, egg tarts, assorted cake, coffee, ice cream and chocolates, which was nicely served by six young ladies. After supper the following toasts were given. Toast to the King, proposed by Pearl Thompson and responded to by the singing of the National Anthem. To the Mother, proposed by Nina Gower, responded to by Mrs. Chas. Gower. To the Home proposed by Mary Hicks and responded to by Mrs. E. C. Coggins. To the Church proposed by Helen Coggins, responded to by Rev. H. H. Phinney. To the Community proposed by Elaine Welch and responded to by Mrs. H. P. Bowers. To the School, proposed by Mae Lent, responded to by Miss Beatrice Hicks. To the C.G.I.T. proposed by Alice Bailey, responded to by Mrs. H. H. Phinney. Each guest then had a gift from the wells. While the waitresses were getting their supper the C.G.I.T. sang several selections from their song book, a devotional and business meeting then followed, after which the roll was called and the following programme was given.

Chorus—Mother
Reading—Mother Ina Thompson
Trio—Mother Mae Lent, Helen and Florence Coggins
Recitation—Mother Pearl Thompson
Duet—Mother's Prayers Have Followed Me Alice Bailey, Elizabeth Kenny
Recitation—Tis Mother Alva Kennedy
Solo—I Saw My Mother Kneeling Nina Gower
Reading—The Mothers Strike Ret Dakin
Duet, violin and organ—Leona Welch, Mildred Denton
Recitation—The Mother Alva Garrowin
Solo—Elaine Welch
Reading—Mother Mary Hicks

DODGE BROTHERS VICTORY SIX

**How do YOU
test
a motor car?**

Is speed the first test you apply to a motor car? ... Then drive The Victory Six, for no car in its class is so fast.

Is acceleration a major consideration? ... 5 to 25 miles in 7 1/2 seconds - 10 to 45 miles in 13 1/2 seconds - tell the unparalleled story of Victory pick-up.

Are you interested in economy? ... 21 miles per gallon at 25 miles per hour is average gas consumption for this famous Six.

A hill climber? ... For the Victory, hills do not exist! More power per pound is the answer. A body with only 8 major parts - lighter by 175 pounds - yet sturdier!

A smooth traveller? ... Dash over railroad tracks - over old cobble pavements - and you'll marvel! For the Victory Six is different. No body sills - no body overhang - chassis the full width of the body - a lower center of gravity. Sideways, bouncing, rear wheel chatter magically absent.

Roomy? ... Headroom equal to any - superior to most - in its class. Wider seats - more leg room. Big!

And a beauty! Rakish and trim in line, richly upholstered, beautifully lacquered in smart hues - tomorrow's style with Dodge dependability.

A car that you should try out - now - yourself at the wheel.

Tune in for Dodge Brothers Radio Program every Thursday night at 8 (Eastern Standard Time) thru WEA - NBC Network

Making Good Progress at New Pines Hotel Job

The second carload of equipment for the contractors at the New Pines Hotel arrived in Digby on Tuesday and was unloaded and hauled to the plant. Storage and warehouse sheds were being erected this week, while teams and men were engaged in levelling up the site, removing stumps and rocks and generally getting ready for the real work to start.

Sixty men and eight teams were on the pay roll on Wednesday with more waiting to be engaged. By the end of next week the work will be well under way with a fairly full crew employed.

The ground in front of the site is being cleared also, giving promise of the wonderful view that will be obtained from the hotel on its completion.

On Sunday hundreds of people visited the work, inspecting progress made and forming their own opinions as to the suitability of the site. As seems inevitable, there were some who said, "I would have put it somewhere else" and so on, but those kinds of people are always present.

President Grant Hall of Dominion Atlantic Inspects New Pines Hotel

President Grant Hall of the Dominion Atlantic Railway, accompanied by other officials of the Canadian Pacific Services, and with Mr. George E. Graham, Vice President and General Manager of the Dominion Atlantic, paid a visit of inspection to Digby on Tuesday. They came from Kentville in Mr. Graham's private car, the Nova Scotia, attached to a special train and went through to Yarmouth where they inspected the terminals. Returning to Digby they arrived at noon, and inspected the work at the New Pines.

Mr. Hall and the C.P.R. officials went to Saint John on the Express enroute to Montreal. Mr. Graham returned to Kentville.

Mr. Parsons, of the Parsons Ed Contractors, was in Digby when the railway officials arrived and conducted them over the work. Mr. Hall expressed himself as more than pleased with the success of all endeavors to get a new hotel for Digby and with the progress to date.

Steamer Canadian Volunteer Loaded Barrel Shooks at Digby

The steamer Canadian Volunteer Captain Corkum, Bridgewater, in command, arrived in Digby Roads, on Saturday and moved to berthing wharf on Sunday to load molasses barrel shooks for the West Indies. She took cargo of 5000 packages.

The Volunteer is the first of the Canadian National Steamships boats to make port in Digby. She arrived here from Saint John and after taking on cargo proceeded to Halifax to complete loading.

KHAKI PANTS AT WRIGHT'S

Made alive to the importance of having good fitting and facilities for aeroplanes the Town of Pictou is having competent advice on whether Pictou could be made an air port. Halifax, also, is taking steps in that direction. At Sydney a flying Club has been formed. Digby was given the first boost in this matter by Mr. Rufus Connon who at his own expense has made a start towards preparing a landing field and hangars. Air transportation is the coming means of travel and Digby is right on the main travel routes.

Digby Amateur Players Score Splendid Success

Digby Amateur Players, under joint direction of Miss Isabel Williams and A. J. Dillon, scored a splendid success at the Benefit presentation at Bijou Dream Theatre on Thursday night last of the three act comedy "Come Out of the Kitchen." The cast was well chosen, and the new members won themselves laurels and praise for their work.

The outstanding work was that of Lawrence Dickson, as Charles Dangerfield. He was good, no doubt about it. In the first act he proved himself possessed of a fine dramatic talent coupled with imagination, and as the boot boy through the other acts upheld his character in fine style.

The play opened with a family gathering of the Dangerfields discussing money problems, with Mrs. W. R. Dickie in the leading role, as Olivia, Miss Mildred Carty as Elizabeth, Mr. Harry Kirkpatrick as Paul and Lawrence Dickson as Charles. The interpretation of the parts placed the whole situation nicely before the audience and until the final curtain interest was well sustained. Miss Isabel Williams, as "Amandy," the Dangerfield black mammy, was the outstanding character in the female parts; and was closely followed in merit by Mrs. Waycott, as Mrs. Faulkner, dowager guest of Burton Crane, a Northern Yankee with a hatred of niggers and a sense of humor. Mr. Dillon in this part was in character from the first to the last. He carried it well and proved himself to be capable of dramatic as well as comedy parts.

Mr. E. J. Theriault as Solon Tucker, with his "long and varied experience at the bar," could not have been improved upon.

It was the second act which gave the cast their best opportunity for display of talent and each member took full advantage of the lines and business.

Between the first and second acts Miss Frances MacNutt gave a very pretty Chinese dance, which brought an encore and between the second and third acts Victor Carroza gave a well liked recitation "Just a Boy."

The whole evening, including the candy sold between the acts was well worth a repetition, and it is to be hoped that the cast will not disband until they have again presented "Come Out of the Kitchen."

CAST OF CHARACTERS

Olivia Dangerfield, alias Jane Ellen Mrs. W. R. Dickie
Elizabeth Dangerfield, alias Araminta Mildred Carty
Mrs. Falkner, Tucker's sister Mrs. Waycott
Cora Falkner, her daughter Bertha Curry
Amanda, Olivia's black mammy Isabel Williams
Burton Crane, from the North A. J. Dillon

Solon Tucker, Crane's attorney and guest E. J. Theriault
Paul Dangerfield, alias Smithfield Harry Kirkpatrick
Charles Dangerfield, alias Prindleberry Lawrence Dickson
Randolph Weeks, agent of the Dangerfields Rice Kinney

Vice President of Assembly Will Visit Zelma Lodge

Officers of Zelma Rebekah Lodge are repairing for the reception and entertainment of the Vice President of the Rebekah Assembly, Mrs. Elizabeth MacEachern, of Charlotte town, who will pay an official visit to the lodge are requested to arrange their engagements in order to permit of attendance at lodge on that evening.

Pipe for New Line Moved to Mountain

The eight inch pipe line for the water service extension to Lily Lake has been unloaded and shifted up to the ground where it is to be used. Ox teams were used to transport it to the high ground.

The work will be started as soon as the plans have been approved by the Lieutenant Governor in Council.

Fifteen Days Lobster Season Extended

Advice has been issued to Fishery Officers that the Lobster season in this section has been extended fifteen days, to June 15th.

The Royal Commission on Fisheries recommended that no extension be granted, but the season was such that the government was induced to grant an extension.

First word of the change in the closing date was received in Digby from Boston lobster buyers.

Provincial Highway Board Will Take Over Sections Of Digby Streets

Engineer of the Provincial Highway Board have completed arrangements with the Town of Digby whereby sections of Digby streets will be maintained under joint expenditure by the Town and Highway Board. The business section, which for the purpose of the arrangement is defined as extending from the Myrtle House corner to the corner of Carleton and Birch streets, will not be included in the arrangement.

The sections to be done will be from the town line to Montague Row on Warwick street, and from the corner of Birch and Carleton streets to the town line on the Mountain road. This will greatly improve the standard of streets and is in accordance with an agreement entered into between the government and the Union of Nova Scotia Municipalities, given effect by legislation at the last session of the House. It is the outcome of years of agitation and will be welcomed as an act of justice.

Digby Girl Married in British Columbia

At Greenwood, British Columbia, on May 9, Vernon G. Greeno, of Trail, B. C., youngest son of Mr. and Mrs. Allan Greeno, of Bridge town, N. S., was united in marriage to Miss Annie E. Morehouse, daughter of Mr. and Mrs. Embree B. Morehouse, of Centreville, Digby County.

The bride was attended by Mrs. A. T. Scott and Mrs. P. A. Patterson, of Grand Forks, B. C.; A. T. Scott, of Grand Forks, supported the groom.

Rev. Andrew Walker, pastor of Greenwood United Church, performed the marriage ceremony in the presence of a few intimate friends of the contracting parties.

Mrs. Greeno was, during the last five years, a successful teacher in the public schools of this Province.

Following the ceremony Mr. and Mrs. Greeno motored to Grand Forks. They will make their home at Trail, B. C., where Mr. Greeno holds a responsible position with the Consolidated Smelter Works Company.

What it means to change a small village, quiet and easy in its ways, to the site of a great industry, is illustrated by the change which has come over Milton, near Liverpool. So many men are being employed on construction of the new pulp and paper mill that it is hard to find lodgings or houses.

SCOUT NOTES

Do A Good Turn Every Day

A great Scout Church Service is to be held at Annapolis on Sunday, May 27th, when the Scout Troops of Bear River, Bridgetown, Lawrence town, Middleton, Annapolis and Digby will hold a joint church attendance. Arrangements for the participation in the service of Digby Troop were completed at their meeting on Friday night. All the scouts are going by motor. Many offers of cars to transport the troop to and from Annapolis have been received, and the scouts appreciate much this indication of interest being taken in their work.

Friday night's meeting was opened in due form and after preliminary business adjourned to attend the illustrated forestry lecture given by Mr. H. M. AnCoin, M. P., in the Bijou Dream Theatre. They were most interested and the talk on forest preservation reached receptive ears.

WORK SHIRTS AT WRIGHT'S

The Board of Railway Commissioners has asked the railways to supply a list of dangerous level crossings; where accidents are likely to happen. There are several in Digby which should be included in the list. And at the same time the Municipal Council could remind the Commissioners about the danger at Kent's Crossing, which while not on the "level" is still a dangerous spot for motorists.

Quality and Service—Our Motto

The Crowning Glory

It used to be said that a woman's crowning glory was her hair—but no one can dispute that a man's crowning glory is his hat. We have just put in a splendid variety of

The Fire Brigade

Quite a few people have spoken of the Courier's editorial on the Fire Department, and some want to know what we are going to do about it. To answer, we will just keep hammering away. It takes time to get things done, and we can only hope that it won't take a fire, destroying half the town, to start Digby toward adequate fire equipment.

One reader gives us the Dickens about it. "You go talking about the state of Digby's fire fighting apparatus and the first thing you know we will be having the insurance people 'down here adding to the rates' was his idea of why we should never mention fire brigade matters. All very well, but what about the opposite side of the question. Wouldn't the rates be reduced if Digby had proper fire fighting equipment. You may be sure they would, and any property owner who carries the amount of fire insurance he should carry would

save more than enough on the reduced fire insurance rate to pay the few cents extra he might have to pay in taxes.

That is not guess work, but the pleasant experience of people in other towns.

The Courier does not propose to compare Digby with Halifax, or Truro, or New Glasgow in matters of fire equipment. Conditions in big towns are different, and more people get protection and help to pay for it. But what about Oxford. It isn't any bigger than Digby, and Oxford has two Motor Pumps. Digby should have one. A make believe, home built contraption won't do. It would be cheaper at the start, but a fire would prove its worthlessness, and we wouldn't be any better off than we are now.

Digby General Hospital

Progress made by Digby General Hospital during the years since the hospital was founded shows how vital is the place which the hospital fills in the life and need of the town and county of Digby. The most adverse critic of the hospital cannot withhold a measure of praise for the institution and its staff, and for those men and women who have served so faithfully and well in founding and maintaining the institution.

The financial report of the hospital, published in this issue of the Courier, is an indication of what work has been done, not only by the hospital itself, but by the ladies in raising money for the building fund.

The building fund is now over \$4000. Which brings up the question of building, or buying. Which would be better?

On this question there is some difference of opinion. To buy might be satisfactory, and there are several properties offered. The Shreve property on Warwick and Queen streets, seems to lend itself to the purposes of such an institution: A fine large house, which with slight remodeling and installation of new heating plant, would be large enough for the present purpose of the hospital and lend itself to enlargement. Spacious grounds, assuring quiet and pleasant surroundings. Little more could be desired, and it is conveniently situated. Perhaps it is too close to

the main highway, but that difficulty is not serious.

With the funds on hand, and generous grants from the town and municipality the Hospital Board would be warranted in going ahead with their building plans. The building used at present is not satisfactory and some change must be made.

As to cost of purchase of the Shreve premises, alterations and equipment, the total should not exceed ten or twelve thousand dollars, and although the hospital would not be likely to earn a cash dividend on such investment, the return in health giving attendance, in saving of life, and in every other means, would be such as would warrant the expenditure. Take the present hospital away, close it up and make it necessary for the sick and injured to go to St. John, to Halifax or to Yarmouth for treatment and the place the hospital fills would immediately become apparent, so apparent that public interest and sympathy would raise the funds within a week to build and equip a new building.

In common justice to those who have labored long and well to give Digby its present hospital the rest of us should do our share and enable the Hospital Board to complete plans for giving the hospital a permanent home.

Japanese Government Interested in Car Ferries

There passed through Moncton on Tuesday last courier to New York via Montreal, from whence he will leave for the Pacific Coast and embark for Japan, Mr. Y. Hasegawa, Marine Engineer of the Imperial Government Railways of Japan.

Mr. Hasegawa has been studying matters connected with Railways in Canada and the United States on the behalf of the Imperial Japanese Government Railways and has been looking over the car ferry system of the Canadian National Railways between Cape Tormentine, N. B., and Borden, P.E.I., making an inspection of the terminals on both sides of Northumberland Strait.

He stated that in connection with the Railway system in Japan, the Imperial Government operated an ice-breaking ferry service, which carried passengers and cargo only, between Hokkaido, an island north of the Japanese Mainland and the Island of Karafuto, which formerly belonged to Russia. The Island of Karafuto, lies ninety miles north of the Island of Hokkaido. Between the Japanese Mainland proper and the Island of Hokkaido four car ferries are operated, the largest of which accommodates passengers. This ferry has capacity for 25 fifteen ton freight cars and eight hundred passengers. The distance between the two islands is 60 miles, and there are no ice conditions to contend with. The Imperial Japanese Government Railways also operate a passenger service between the Japanese Mainland and Chosen, formerly Korea, the distance across being 122 miles.

Mr. Hasegawa was much impressed with the Maritime Provinces and upon interrogation with regard to prospects for trade between Canada and Japan stated that they are very good, particularly with regard to wheat.

Mr. Hasegawa is a graduate engineer of the Imperial University of Tokyo, and has just recently arrived from England and the Continent, studying Railway matters there.

He travelled to Montreal via Canadian National Railways, and was greatly interested in the radio installation on the library observation cars, remarking on the clarity of reception. Mr. Hasegawa states that his Railways have no, yet installed radio on their trains, but had experimented in that connection, adding that there were four broadcasting stations in Japan.

Chief Deyokah

The entertainment given by Mr. Chas. A. Cooke, of Ottawa, (Chief Deyokah) under the auspices of the Grace Church Brotherhood Wednesday evening was very successful. A good audience was present and every number on the program was thoroughly enjoyed. Mr. Cook is an Indian of the Iroquois nation son of the late Rev. Angus Cook, a chief. During the war he was chief recruiting officer among the Indians and held a commission in an overseas battalion. He was organizer and director of the largest male choir (1800 voices) that Ottawa ever had, and a member of some of the most famous male quartettes in Eastern Canada. As a soloist he had the honor of singing before His Royal Highness, the Duke of York, now King George, also before the Prince of Wales, and all the Governors General of Canada. He is an elder in the St. Andrew United Church, Ottawa. He is a Mason, Oddfellow, Elk and Orangeman.

TALK OF THE TOWN

Mrs. F. R. Eisner returned last week from a visit to friends in Boston.

Mrs. Raymond Lent has returned from a visit to her former home in Massachusetts.

Let us have your order for shingles, our truck will deliver at Saint John prices. H. T. Warne

Mrs. Boardman of New York was the guest recently of Mrs. Geo. Morrell, Watwick street.

G. I. Letteney, who spent the winter in California, has returned to Digby. Enroute home Mr. Letteney visited relatives in Ontario.

Our prices are so low on wood that you get the wood and legal title for about the price of handling. H. T. Warne Co.

Miss Winifred Dunham of 82 Bird street, Dorchester, Mass., has been visiting her cousin, Miss Edna Wright at the Digby House, Queen street. She expects to return home today.

Miss Thelma L. Bowe is visiting friends in Boston, New York, and Washington. Before returning home she will visit some of the southern states. While in Washington she will be the house guest of Dr. and Mrs. P. M. Ludd.

Byron Blackford of Tiverton, was a visitor in Digby on Tuesday of last week looking none the worse for his hard winter operating the ferry boat on Petite Passage. He returned in the afternoon in time to take the first through mails of the season over to the Island.

Mr. Kendall, of Port Wade, returned last week from spending the winter with friends and family in different parts of Massachusetts. He reports that Mrs. Henry A. Covert, formerly of Port Wade, but now living near Boston, is planning on removing to California to be with her sister.

Old Engines Return to Nova Scotia

Returning to the scene of their original labors, where they were almost the first "Puffing Billies" used in Canada, two old locomotives the "Samson" and the "Albion", reached Moncton on May 4th last over the Canadian National Railways from the International Boundary, and after remaining over there until Monday following being inspected by Premier E. N. Rhodes of Nova Scotia on his way to Montreal, and by Railway officials and the citizens of Moncton, they proceeded on their way to Halifax. The locomotives, which were in possession of the Baltimore and Ohio Railroad and which formed part of the exhibits at the fair of the Iron Horse at Haleshorpe, Md., during last summer, are being returned to Nova Scotia for presentation to the Nova Scotia Government as links with the early Railroad history of that Province at the time of their first entry into Canada. These locomotives were among the mechanical wonders of the world, The Railway on which they operated between the Albion Mines near Stellarton and the loading ground on East River, Pictou Harbor, was opened in 1839 by a company called the General Mining Association, which secured the mining lease that had been given to the Duke of York by his brother King George IV. The Association imported the locomotives from England and used them in hauling coal, these being the last engines used on this Railway. The company finally disposed of its mines and all of its properties were eventually acquired by the Acadia Coal Company. Records show that this Company tore up the rail and disposed of the engines and cars, which apparently found their way into the United States, and were exhibited at the Centennial Exhibition at Chicago and later to the Baltimore and Ohio Exhibition which por-

Millions of people have been converted from using ordinary common teas—They now use "SALADA"—Do you know why? A trial package will answer the question—All grocers sell "SALADA". Brown Label Quality, 75c lb. Orange Pekoe Blend, 85c lb.

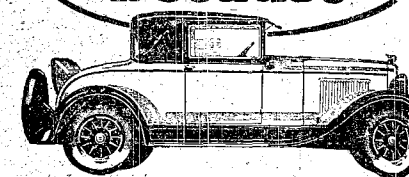

"SALADA" TEA

trayed one hundred years of railroad development.

At the close of the Haleshorpe display the Baltimore and Ohio opened negotiations of the return of the locomotives to Nova Scotia and the formal presentation of them to

a Successful Six

A Successful Six because.

SINCE the introduction of the "New Series", Pontiac Six has shattered all its own high records of success! Why?

Because here is all Pontiac's proven dependability . . . all Pontiac's well-known strength and stamina . . . all Pontiac's economy . . .

Rev. E. W. Forbes will hold a service in the school house at Mount Pleasant on Friday evening June 1st at 8 p.m.

Mrs. J. Russell returned to Digby on Tuesday after spending the winter in Ottawa with her son who is with the Royal Air Force.

Mrs. William Snow returned this week from Halifax where she attended the graduation of her son, Alton, in Commerce at Dalhousie University.

Announcement was made in the issue of the Evening Mail of May 16 of the engagement of Miss Elsie A. Barnes, niece of Mrs. A. Laver's, 67 Shirley St. Halifax and William Alton Snow, son of Captain and Mrs. Wm. Snow of Digby. Mr. Snow graduated this year in Commerce at Dalhousie University. Miss Barnes was in the graduating class '26, department of speech, Acadia.

OBITUARY

SARAH MAY HINXMAN

The sudden death of Mrs. Sarah May Hinxman, of Marshalltown, N. S., took place on Friday morning in the 61st year of her age.

Mrs. Hinxman was born in Digby and was a member of St. Paul's Church at Marshalltown and a member of the W. A. of Trinity Church in Digby. Besides her husband James C. B. Hinxman, she leaves to mourn a son by a former marriage, Aubrey A. Turnbull, her mother and one grandchild besides sorrowing family.

Beloved by all who knew her for her kindly disposition and unselfish nature. She gave her life for the happiness of others.

Heartfelt sympathy is extended to her grieving family.

Funeral services were conducted by the Rev. Wm. Driffield from St. Paul's Church at Marshalltown and interment took place in the Church of England Cemetery in Digby.

Corberrie

Rev. Father E. Bourcoul, St. Bernard's was here on a fishing trip last week.

Rev. D. C. Melanson, of East Chezzetcook, motored here and spent a few days with relatives.

Messrs George P. Comeau and Sifford Theriault, of Weymouth, spent Sunday in the village.

Ernest and Louis H. Melanson motored to Concession on Sunday and spent the day with friends.

Camille LeBlanc, of Lower Concession, spent the week end with his friend, Miss Madeline Comeau.

Mr. and Mrs. N. J. Saulnier were the over Sunday guests of the latter's parents Mr. and Mrs. Joseph Thimot, Saulnierville.

New Tusket

Miss Eva Price left recently for Digby

Mr. and Mrs. Dennis Doucet of Weymouth were in town Tuesday

Mrs. Arthur Beaudou and daughter left last week for their home in New Hampshire.

Mrs. LeRoy Wagner of Riverdale spent a few days recently with her father, Mr. Levi Mullen

Miss Helen Sabean of Weymouth North spent last week with her parents, Mr. and Mrs. Sabean.

Dwight Sabean of Forest Glen spent the week end with his parents, Mr. and Mrs. C. F. Sabean

Mr. and Mrs. Harold Sweeney and daughter and Thelma Mullen and Arnold Winters of Hebron spent Sunday here.

On June 3rd a Roll Call service will be held in Union Temple at 8 o'clock. Rev. E. S. Mason will preach in the Tabernacle in the morning and Union Temple in the afternoon and evening. The offering will be for denominational work.

Central Grove

ALFRED BODEN

22, Digby, 1928.

Town Clerk

Use the Telephone

And Make More of the Minutes

In these high-pressure days, one must not fail to realize the value of the minutes.

It is becoming unusual to find a Business Man, who, in order to lay a proposition before a prospect, will call in his stenographer and dictate a wordy epistle to be sent to the prospect.

He realizes that the minutes spent in dictating the letter may be just the amount of time necessary to let a competitor in ahead of him.

So instead of enlisting the services of his stenographer, he disregards her, seizes his telephone and puts a call through to his prospect.

In a few words of straight talk, instead of in a long winded letter, he explains his proposition to his prospect, and, as like as not, makes an agreement with him.

If necessary, a confirmatory letter can be sent later.

So far, nothing invented equals the telephone as an effective means of Long Distance bargaining.

Look to the Blood for Beauty's Secret

THE source of skin beauty is in
the blood. To acquire "The
Skin That Charms" you must cor-
rect whatever faults of impurity
or deficiency exist in the blood.

A doctor, prescribing for his
patients, first proved the great
value of "TRU-BLOOD" in im-
proving the skin's texture and
smoothness; in giving it healthful
clearness and color.

TRU-BLOOD promptly corrects
faulty conditions in the blood, then
works its magic on the skin and
complexion.

Used in conjunction with TRU-
BLOOD, Buckley's OINTMENT
works further wonders in clearing
the skin of blemishes. Pimples,
blackheads, blotches and
roughness are quickly banished.

Your druggist can supply you with
these proven "Buckley's" products.

**TRU-BLOOD Tones the Blood
Clears the Skin**

Campaign for the Blind — People of the Maritimes and Newfoundland

Preliminary organization work in pre-
paration for the drive for funds for the
work among the adult blind of the Mari-
times and Newfoundland has been about
completed in Digby and the local canvass-
ers will meet in the Council Chamber on
Friday evening, 25th inst. at eight o'clock
to select the names of the people on
whom they will call for contributions.
The canvass will be made next week and
everybody in Digby will be personally
called on to help in this most important
and most worthy work. The objective
named for the town of Digby by the cen-
tral committee in Halifax is \$250.00
while this may seem a large amount, and
perhaps too large for our community, it
is the purpose of the local committee to
do their utmost to secure every dollar
that can be collected. They feel that
they can start with the assurance that
every man and woman with a spark of
humanity within them sympathizes with
these unfortunate who live within the
valley of the shadows; that they feel for
them and will want to help them.

The appeal to be made generally
throughout the Maritimes and Newfound-
land is not for the Blind School for the
Blind, which is supported largely by
Government grants, but it is for the Mari-
time Division of the Canadian National
Institute for the Blind for work among
the blind adults in this territory, of which
there are approximately 1,300.

Stocking Trout Streams

Mr. Robie Gates, Superintendent
of the Fish Hatchery at Bridgetown
and Mr. G.E. Turrie, Fishery officer
for Digby, spent Thursday morning
of last week on the streams between
Digby and Weymouth setting out
trout fry to increase the fishing
grounds in that area.

One can of fingerlings was releas-
ed in streams leading into Haines
Lake, two cans released in streams
emptying into Porter's Lake and two
cans were released in the headwaters
of the Sissiboo River. There were
a good many thousand of these fish.
Which were about an inch and a
half long, and in a year or two there
should be much better fishing along
these waters.

A Reliable Antiseptic.

daughter, May 15th.

Mrs. L. J. Lovett returned from
New York on Thursday where she
has spent the past month.

Mr. and Mrs. Howard Cunn-
ham went to Wolfville on Saturday
to attend the closing exercises.

Dr. Trueman, of Mount Allison,
will be the speaker in the United
Church Sunday morning May 27th.

Mr. and Mrs. H. C. Anthony,
Digby, Mrs. W.M. Romans and
Henry, motored to Bridgeport on
Sunday.

J. Morgan, St. John; M.P. Neilly,
Middletown; E.P. Haydes, Toronto;
Harry A. Barratt, Kentville, were
in town.

Mr. and Mrs. A. Williams, Mrs.
Whitman, Mrs. Saunders, H. Mc-
Laughlin, Bridgetown, were guests
in town.

Miss C. F. McDonald, health
nurse for the Indian department
is visiting the Indian reserve while
in town.

T.R. Miller, Truro; A.S. Pallitto,
Truro; Harold Eaton, Annapolis;
E. Hancock, Montreal, were recent
guests in town.

The Oddfellows Lodge will march
to the United Church for Sunday
evening May 27th. Rev. Dr.
Thomas, of Toronto, will give the
address.

Mr. and Mrs. W.D. Lockett,
Jack Lockett, of Bridgetown, Mil-
dred Lockett, R.N., of Mass, were
guests of Mr. and Mrs. H.C. Harris
on Sunday.

The Rev. Morris Taylor, of Wey-
mouth and A.H. Whitman, of Hal-
ifax, will be special speakers at St.
John's Church on Sunday afternoon
in the interest of D.D.E.

On Mother's Day Mrs. John Mc-
Ewan received a telegram from her
son Richard in North Adams,
Mass., with greetings. It is just a
reminder to all the boy's away.

H.C. Bendall, Kentville, W.S.
Trask, Yarmouth; F. Gates, Wey-
mouth; D. Gruer, Quebec; S.A.
Grimes, Middletown; R.H. Goudy
and wife, Miss Thelma Goudy,
Miss Saunders, Yarmouth, were
recent guests in town.

Last Friday afternoon Mrs. L.V.
Harris entertained delightfully at
four tables of Bridge when the
prizes were won by Mrs. W.J.
Wright, Mrs. Fred Harris and Miss
B. Anthony. Several other friends
called at the tea hour and the
table looking most attractive with
spring blooms was presided over by
Mrs. Wright assisted by Miss B.
Anthony, Miss Catherine Brown
Miss Catherine Marshall.

"I am Free," she says

Kidney Trouble Ended by "Fruit-a-tives"

EVERETT, Ont.—"I was
troubled for some years with
dyspepsia, and kidney trouble,
from which it was impossible to
get relief until I started taking
"Fruit-a-tives". Now, thanks to
"Fruit-a-tives", I am free from
these ailments and able to do my
work without pain or fatigue.
Mrs. Thos. Evans.

"Fruit-a-tives," by the gentle
natural action of intensified
fruit juices and tonics, restores
normal action of kidneys, stom-
ach and bowels, and gives relief
from backache, rheumatism,
lumbago, neuritis and head-
aches. 25c an 150c a box.

Do A Good Turn Every Day

In the Forestry test held last
week all the candidates passed
successfully and the First Bear
River Troop has the honor of re-
ceiving the first seven Forestry
Badges granted in the Province by
the Scout Association. Those re-
ceiving the Badges are Allan Harris
Clayton Hirtle, Edwin Kempton,
Don McDormand, Billy Mac-
Intyre, Henry Romans and Walter
Read. In addition to obtaining his
Badges Billy MacIntyre also won
the five dollar gold piece awarded
by Dr. L.J. Lovett for the one
making the highest marks in the
examination.

Work has also been started by a
number of the Scouts on further
Proficiency Badges including Gar-
deners, Cyclist, Naturalist, Ambu-
lance Man etc. The following new
members were initiated in the Owl
Patrol, Woodford Davis, George
Langley and Malcolm Parker.

A final report was made for the
gathering to be held in Annapolis
Royal on Sunday the 27th inst.
Divine Service will be held in the
United Church and will be attend-
ed by the Troops from Digby, Bear
River, Annapolis Royal, Bridge-
town. The various Troops will
meet on the Academy grounds at
2.30 and march from there to the
Church in time to start the service
at 3 p.m.

Lame Back Is Now a Thing of the Past

**Writes New Brunswick Lady
After Using Dodd's
Kidney Pills**

Mrs. Stanley Parker Suffered With
Pains in Her Back and Shortness
of Breath

Hillsboro, N.B. May 21 (Special)
"I cannot recommend Dodd's Kid-
ney Pills enough for what they have done for
me," says Mrs. S. Parker, a highly re-
spected resident of this place. "I
suffered from pains in my back and lower
back and became very short winded. I limped
only a very short distance could
I would have to sit down for a while, and
I decided it was my kidneys that were
wrong and said I would try Dodd's Kid-
ney Pills. I found after taking two boxes
that they helped me wonderfully. I have
used them for over a year now and al-
ways keep a box in the house. I am the
mother of three children and do not
know what it is to have a lame back any
more."

Dodd's Kidney Pills are sold by all
druggists. The Dodd's Medicine Co.,
Ltd. Toronto 2, Ont.

Mr. and Mrs. Roy Miller accom-
panied by Mrs. D. C. Hillis, presi-
dent of the executive of the Women's
Institute were visitors in town on
Saturday afternoon. They were
motoring from Carleton, Yarmouth
Co. enroute to Wolfville.

He Wasn't Called

Editor Digby Courier:

Permit me to use a space of your
worthy paper for the purpose of
making an explanation publicly to
the people of Bear River for my
failure to appear there last night
(May, 15th) at an entertainment
held under the auspices of the
United Church there.

At a certain hostelry in Petitco-
diac, N.B., where I was a guest, a
call failed to be given me at three
o'clock yesterday morning which
resulted in my not being able to
catch the train for St. John where
I could have made connections
with the Digby boat. It was no
fault of mine and unfortunately was
practically impossible by any means
to reach Bear River from that place.

I feel that an explanation from
me is due to the members of the
United Church and to the patrons
of the concert.

I wish to thank you for the
courtesy and kindness shown me in
allowing me to use a space of your
valuable paper.

Yours very truly,
CHIEF DEVOKAH,

Digby, May 16th, 1928.

Nova Scotia Board of Commissioners of Public Utilities

In the Matter of the Public
Utilities Act

In the Matter of the Application
of the Westport & Digby Rural
Telephone Co. for Approval of
an Amendment to its
Schedule of Rates for
Telephone Service

NOTICE IS HEREBY GIVEN that
the application of the Westport & Digby
Rural Telephone Co. for approval of an
amendment to its schedule of rates for
telephone service will be heard by the
Board at a sitting to be held at its office,
Technical College Building, Halifax, N.S.,
on Monday, June 11, 1928 at 10 a.m.

Commissioner Colpitt will sit at the
Hall, at Centreville, Digby County, N.S.,
on Thursday, June 7, 1928 at 10 a.m.
to receive any evidence tendered in sup-
port of, or in opposition to the applica-
tion.

All persons interested will be given an
opportunity of being heard at either of
the sittings above mentioned.

A copy of the proposed schedule of
rates may be seen at the offices of the
company at Westport, Freeport, Tiver-
ton and Mink Cove.

Dated at Halifax, N.S., May 1, 1928.

By Order of the Board
L. B. Taylor

**Valve-in-head
Supreme**

**-in the Sky
-at the Speedway
-on the Road**

Lindbergh, Maitland, Chamberlin,
Byrd—all of the famous flyers of the
day—use engines employing the Valve-
in-Head principle in their record-break-
ing flights.

Practically every racing car entered in
all the major speed classics of the
past twelve years, as well as every winner of
every important event, has also been
Valve-in-Head equipped.

The famous McLaughlin-Buick Valve-in-
Head Engine, developing more power than
any other automobile engine of its size, has
given conclusive proof of leadership in all
elements of performance over a period of
twenty-four years.

Choose McLaughlin-Buick—powered by the
famous Valve-in-Head Engine—supreme in
the sky, at the speedway, on the road!

"It's really too good
for the kitchen now.
Isn't it marvellous
how Permalak trans-
forms things?"

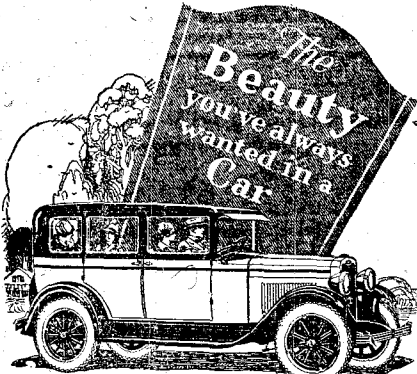

The beauty of
Permalak lies not only
in its color, but in
its soft satiny finish.
The colors are beau-
tiful—the whole wide
range of them. And
the finish is beautiful
too, so rich and
lustrous.

The easiest of all
finishes to apply.
And it dries in no
time.

BRANDRAM-HENDERSON

DAKIN BROS. -- Digby, N. S.

NOT only is the "Bigger and Better" Chevrolet
a finer car mechanically . . . not only does it
offer more thrilling performance and more deli-
cious riding comfort—but it is infinitely more beau-
tiful and more superbly styled!

Every one of the seven new models is worthy of
detailed comparison with cars costing hundreds of
dollars more—not only in brilliance of design and
execution, but in completeness and richness of
appointment as well.

The new Fisher bodies are artistically beaded and
paneled—with long, racy lines. The new genuine
Duo colors are modish and smart.

Interiors, too, are impressively luxurious—rich
upholsteries, wide, restful seats and a beautiful,
new, completely enclosed instrument panel.

Come in and see for yourself the beauty you've
always wanted! We'll gladly place a car at your
disposal for an actual road demonstration.

The G.M.A.C. . . . General Motors' own deferred payment plan affords
the most convenient and economical way of buying your Chevrolet on time.

Grace Sunday School Concert

A concert and entertainment was given by the Grace Sunday School on Thursday, 10th inst, which was well attended and much enjoyed. Following was the programme: Orchestra, Kitchen Band, Solo, Edith Snow, Mock Trial, "Soange-tah Class vs. John Ab Sent for failure to attend Class sessions", piano duet, Frances Appleby and Eleanor Wallis, Orchestra, force "Farm for Sale", Mrs. E.H. Muise, Mr. McN. Wallis, Mr. Oakley Turnbull, Chorus, "Only And Old Bit of Bunting", Duet, Helen and Eileen Melanson, Reading, Frances Appleby, Duet, Mary Holdsworth and Eleanor Wallis, Orchestra, Kitchen Band. Ext-acts were given from the poets of the school describing how they earned the money they brought in toward the pay-ment for the curtains for the school hall. The proceeds were \$56.29, Mrs. J. J. Wallis was chairman of the programme committee.

Here and There

(68) Actual sales of Canadian Pacific Railway farm lands for the first three months of the year ending June 30, 1928, will be well in excess of \$30,000,000 if the activity continues, according to a statement from the Provincial Department of Mines, just issued.

Quebec, Quebec. — The mineral production of the Province of Quebec for the fiscal year ending June 30, 1928, will be well in excess of \$30,000,000 if the activity continues, according to a statement from the Provincial Department of Mines, just issued.

Vernon.—For the first time in the history of bee-keeping in British Columbia one bee-keeper in the Okanagan Valley has exported a full carload of honey from his own hives. His 250 colonies gave him an average of 175 pounds of honey per colony.

Ottawa.—A survey will be made this year for a Canadian air mail route between Montreal and Winnipeg. This will consist of determining the best routes and locating landing fields. Recent announcement of four air mail contracts between points in Eastern Canada forecast more extensive operations along this line at an early date.

Midland, Ont.—For the first time in the history of this progressive town, a through Canadian Pacific train left here early in May for Toronto, and the first C. P. R. through train arrived from Toronto later in the day. A bottle of champagne was broken across the fender of the C. P. R. locomotive as it pulled out of Midland.

Ski-ing in July and August will be a prominent feature of the combined winter and summer camp to be operated in the Canadian Rockies under the shadow of Mount Assiniboine by Marquis N. de la Riviere. The winter sport is made possible by the fact of a huge glacier that runs down the slopes of the mountain. Summer sports of variety will also be possible at the camp, which is one of the beauty spots of that part of the Rockies traversed by the Canadian Pacific.

Toronto.—Premier G. H. Ferguson announces that the Government has signed a contract with the Canadian Pacific Railway for the supplying of two additional cars to be used as "travelling schools" in the outlying districts of the province. The cars will be equipped in Winnipeg and both will run out of Fort William, operating between that city and Superior Junction. The present two cars are in operation, both in Northern Ontario. Not only children of trappers and railway workers, etc., receive instructions in these travelling schools but night classes are arranged for adults.

"A GREAT TONIC," SAYS MRS. RUSSELL

After Taking Lydia E. Pinkham's Vegetable Compound

Fenwick, Ont.—"I am taking Lydia E. Pinkham's Vegetable Compound during the Change of Life for nervous feelings, loss of appetite and to gain strength. It is a great tonic and I have taken a dozen bottles of it. It was recommended to me by a friend and now I recommend it to all women for such troubles as come at this time."
—Mrs. W. V. Russell, R. R. No. 5, Fenwick, Ontario.

COUNTRY CORRESPONDENCE HELD OVER FROM LAST WEEK'S ISSUE

Tiverton

Mrs. Eldridge Outhouse left for Marble Head, Mass. to visit her sister, Mrs. E. Gale. She was accompanied by Mrs. Judson Robins. Mrs. Outhouse was present at the Yarmouth Hospital a year ago and has been ill since that time. We trust her stay in the United States will help her to regain her health.

Deep Brook

Mr. and Mrs. E.H. A. Rice spent Sunday with friends in River. Mrs. L. E. Sherman spent the week end at Deep Brook guest of her sister Mrs. H. E. Suel.

Miss Alma Rice who is attending high school at Deep Brook spent the week end at her home here.

Veterinary inspection for Tuberculosis has been going on here this week. The animals here have a high record, only two having been found affected.

Mr. and Mrs. J.R. Berry and son Douglas, spent the week end in Turbott guests of their daughter, Mrs. H. E. Suel.

Mothers Day was observed at the Churches here with appropriate sermons at both Anglican and Baptist. Malcolm Suel, of New York, sent flowers to be placed on the Pulpit at the Baptist Church in memory of his mother Mrs. Page.

The W. M. A. Society met on Wednesday at the home of Mrs. Carl Nichols. The president conducted the meeting. Very interesting reports from the quarterly meetings at Port Wolfe on May 12th and Tuesday, were given by Mrs. W. C. Hiesler, Mrs. J. R. Berry and Mrs. Page.

Weymouth North

Mrs. Clarence Thurber left recently for Montreal.

V. A. Fisher spent the week end in Port Maitland.

Eben Sabean spent the week end at his home here.

Miss Esther Buckman of Westport is a guest of Mrs. G. L. Coggin.

Mrs. Fred Smith of Smith's Cove is a guest of her sister, Mrs. Warren Lent and Mr. Lent.

Miss Mabel Sabean left last week for Port Maitland, where she has accepted a position.

Mr. and Mrs. Gordon Morehouse and family of Centreville, visited relatives here on Monday.

The Improvement Club of the school here after tea in the Guild Hall on Monday. The sum of \$17.00 was realized.

The Misses Carrie Brooks and Evelyn Moore, who are attending Sacred Heart Convent, Metegash, spent the week end at their homes here.

Mrs. A. W. Carr, Mrs. Emmeline Skidmore and the Misses Constance Carr, Annie Simpson and Rosa Jones, motored to Halifax on Monday.

The body of Mrs. Henry Taylor was brought home from Port Maitland on Friday. The funeral service was held in St. Peter's Anglican church.

Rev. M. P. Hamilton and Rev. H. H. Phinney, who have been assisting Rev. M. B. Whitman with the special services being held in the Baptist church returned to their homes in Freeport and Westport on Wednesday.

Freeport

Mr. Trainer of Yarmouth was in town last week doing dental work.

The Messrs. Webber of Digby were in town several days last week.

Capt. Oscar Outhouse of Beaver Harbor, N. B. called on friends here on Friday.

Mrs. Fred Cossaboom of Tiverton is spending a few days with her daughter, Mrs. Reuben Haines.

Mrs. Willie Stevens, who recently had an operation performed on her throat at the Yarmouth Hospital is home much improved in health.

Charlie Haines was a passenger to St. John on Monday for medical treatment. He was accompanied by Mrs. Haines, son Reuben and daughter, Mae.

Mrs. E. B. Tibert and Earl of Central Grove, Mrs. A. E. Moore and son of Westport, also Mr. and Mrs. Lewellyn Delaney of Central Grove were the guests of Mr. and Mrs. L. Stevens on Sunday.

Claire Whitcomb, who has been spending the winter in Brockton has returned home. He was accompanied by his cousin, Mr. Elmer Buck, who will remain a few weeks with his daughter, Mrs. Clinton Stevens, who is in ill health.

Dalton Stevens and Emerson Thurber of Port Maitland, arrived here on Saturday night in their motor boat to spend Sunday with friends. Mr. Stevens with his parents, Mr. and Mrs. L. Stevens, while Mr. Thurber proceeded to Central Grove, his former home.

Sixtieth Anniversary

Mr. and Mrs. Johnson of Rossway quiet ly celebrated the sixtieth anniversary of their marriage on Monday, May 17th. They were married at the Baptist parson age at Sandy Cove, by the Rev. Dr. John Chipman Moore in 1908.

Both are hale and active, although Mr. Gidney has passed his eightieth birthday and Mrs. Gidney is 84.

Mr. Gidney has retired from active farming, which he prosecuted together with Elmer Gidney for many years, but he still looks after his garden and keeps his little place in order.

Mrs. Gidney, who is a great lover of flowers, attends to her flower garden, does all her housework and has until toward time this winter to make two large book-eds rugs.

In the recent contest of the Halifax Daily Star for the name of the grand mother of the greatest number of living descendants, Mrs. Gidney ranked fourth

Culloden

Cleveland VanTassel has returned home from the United States.

Mr. and Mrs. William Daley and family spent Sunday in Culloden.

Herbert Handspiker and sister, Muriel spent Monday in Bay View with Mrs. James Hillman.

Mr. and Mrs. Enoch Campbell were the guests of Miss Kate and Crawford VanTassel on Monday.

Miss Louise Handspiker was a passenger on the St. John on Friday enroute to Matine where she intends to spend the summer.

Rev. Mr. Bryant of Sandy Cove preached in the United Church here on Sunday and took dinner at the Sea View Cottage also Regina's Sypher.

Mink Cove

Whalen Raymond left on Friday last for the United States.

Mrs. Gilbert Merritt and little son, visited Mrs. George H. Leroy on Monday.

Elsworth Carby, who has been ill with the measles is now able to be out again.

Mr. and Mrs. Lester Stanton spent Sunday afternoon at Mr. and Mrs. Geo. Merritt's.

The Sunday School Convention met here Monday night and Mrs. Amasa Eldridge of Sandy Cove was the guest of Mrs. Martha Denton.

Rev. C. G. Chute accompanied by his wife and children left Tuesday for Halifax where she will remain, and he will return on Saturday.

Messrs. Nelson Kelly, Rupert Trask, Harry Trask, Ernest Frost left on Monday for Quebec where they will be engaged in the Geodetic Survey work for the summer months.

Miss Helen Frost, who has been attending Business College at Fredericton is home for a few weeks. We are pleased to congratulate her on receiving her diploma as a first class stenographer.

At the close of the play entitled "An Old Fashioned Girl" given here last Saturday evening Dr. Harvey of Montreal presented our pastor, Mr. Chute with an engraved picture of the Baptism that took place here on Easter Sunday. It was somewhat of a surprise and Mr. Chute responded in a few well chosen words and with much feeling of gratitude.

Former Keeper of Westport Light Died at Wolfville

Died at Wolfville, April 30th; Frank Southern, aged 72 years.

Mr. Southern was born at Westport, Digby County, a son of the late Deacon Joseph Southern. He lived most of his life in Westport and for years was in charge of the Lighthouse and Fog Alarm. Retiring thirty years ago he moved to Wolfville to reside with his sister, Mrs. F.P. Rockwell, now the only surviving member of the Southern family.

There he lived a care free life, and though in delicate health attended all the games and sports, of which he was a great lover. Mr. Southern spent several winters in the south, but latterly preferred to stay in Nova Scotia and take in the hockey games.

This winter, during the absence of the Rockwells, he made his home at the Royal Hotel, where he was well acquainted with all the travelling public.

Mr. Rockwell found him in usual health on his return home in April and he was preparing to remove back to Acadia Villa on the return of Mrs. Rockwell, when he was suddenly stricken. He became unconscious and passed away without the least suffering.

Mr. Southern was a member of Westport Baptist church, a humble and consistent Christian. He was slow to make friends, loving deeply those nearest to him. His passing is deeply mourned. The funeral was held from Acadia Villa with interment in the Rockwell family lot at Wolfville.

Cut away section of a Gum-Dipped Tire showing one cord withdrawn into 15 strands. Every fibre of every strand is insulated with rubber.

Why Gum-Dipping Increases Tire Life

A tire in use is being constantly bent backwards and forwards by road action. Such movement generates friction and heat that has a deteriorating effect unless the tire is built to withstand it.

In the carcass of a Gum-Dipped tire there is less friction to generate heat because Gum-Dipping puts a coating of new live rubber around each separate cord that keeps it from rubbing against the cords that lie next to it. It stays cooler and therefore lasts longer.

Hot Dogs Ahoy!

German eats and German beer tickled hundreds of palates, in Montreal, when this German freighter, the Lahn, ended her maiden Atlantic voyage in May and opened the North German Lloyd Company's new Canadian freight service to German ports. Guests were loud in praise of Captain Alfred Lehr (last) skipper of the Lahn, and his fine new craft. She is 12,500 tons deadweight, has luxurious officers' quarters, does 19 knots per hour, has 9 hatches and is right out after the Canadian trade with other liners of the German company. Goodwill and efficiency overwhelmed the most ardent guests, as they heard Captain Lehr's address in clear English. He was formerly of the German air force.

RUNNING WATER

With Hydro lighting your country home, the next thing is to put in a water system. Have running water for kitchen, bath and barn.

CRANE AUTOMATIC WATER SYSTEM

gives you running water at all times. Just connect the pump to your well, the motor to the hydro, and turn on the taps. This system, with all installations, is remarkably reasonable in cost.

We will be glad to prepare estimates on installing a Crane Automatic for you.

TALK OF THE TOWN

Seymour Denton arrived home from Acadia yesterday.

Miss Ruth Bishop, who is a student at Acadia, arrived home yesterday for the summer.

Mr. and Mrs. James Merkel have got settled in their new home on the farm, Victoria street.

Mr. Godsoe Superintendent of Canada Pacific Telegraph systems, was a visitor in Digby on Tuesday.

Miss Agatha Stewart of 129 East 6th street, New York has returned to Digby for the summer months.

Miss E. B. Woodrow, who has been spending the winter with friends in Cambridge, Mass returned to Digby on Monday.

Harold Nichols, who is a student at Acadia is spending the Victoria Day week end with friends in Springhill and is expected home on Monday.

Mr. Frank Wightman, son of Councilor and Mrs. George Wightman, who is studying at Acadia University, Wolfville is here for the summer.

Thomas Cowan, of the Waverly Hotel staff, spent the week end with Mrs. Cowan, who is visiting her sister, Mrs. McKee at New River, N. B.

Summer is coming, and soon the boys will discard boots for the popular sneakers. A. J. Dillon has just opened up his supplies of the new Re-Ly-On Sole Sneakers and hircuts for all ages.

WORK GLOVES AT WRIGHT'S

Mrs. E. Hart Nichols, her sister Mrs. Boyd and her mother, Mrs. Moody arrived home on Monday and have opened up their summer home on Warwick street. Mr. Nichols arrived on Wednesday to spend the holiday with them.

An exceptionally low tide on Saturday enabled Charles Morton of Centreville to salvage a fishing boat engine lost in the gale of August last. The engine was part of the fittings of Mr. Martin's scallop dragger which was wrecked off Centreville in the big gale of last year.

Employees of the streets Department were busy this week putting a concrete curb along the sidewalk from Dakin Bros store to the Soldiers Memorial. Extension of the curb along to the Lindstrom block would add greatly to the appearance of this attractive garden plot.

WORK SUITS AT WRIGHT'S

Digby Board of Trade should follow up the visit of the Canadian Volunteer and see if it is possible to get business through Digby to Warrington more tramp steamers coming here. It seems that there ought to be some way of developing Digby as a port of call for freighters.

The Eastern Conference of the Student Christian Movement, opens at the Sea Breeze Hotel and Bungalow colony, Deep Brook tomorrow. Arrangements have been made for a larger number of students in attendance this year than last year and a special program of lectures and entertainment has been prepared.

The truth about MORSE'S SELECTED ORANGE PEER TEA is that it does cost a little more than ordinary tea, it really is not so very much more expensive in the end. The reason is that it is of a higher quality it takes less of it to make a pot of good tea than it takes of ordinary tea. The users of MORSE'S SELECTED ORANGE PEER TEA are increasing in numbers every day.

The Myrtle House opened for the season yesterday Manager Gus Spurr has had the house renovated from cellar to attic, with seven new baths installed and the beautiful grounds, the pride of the whole of Digby, are in splendid shape. While south for the winter Manager Spurr booked business enough to keep the house full all through the season and he expects that this summer will break all records.

Digby Captain Leads Fishing Fleet

Captain Stephen Post, of Digby, youngest of all the Nova Scotia skippers sailing Boston and Gloucester craft this season in the mackerel fishery is leading the old-timers as a "mackerel killer" this year. Last year, Captain Post, who commands the auxiliary Betina, was in at New York twice with good hauls. The first time with a catch of 20,000 pounds of fresh mackerel and on his second run into that port landed 32,000 pounds. Only one other craft hailed for a larger single fare, but that craft was out ten days while the Betina made two landings in a week, consequently Captain Post's total for the week was ahead.

Most of Capt Post's crew are men from Digby and Yarmouth, who were halibut fishing with him last winter. His home is at Culloden, a suburb, where his parents, Mr. and Mrs. Aubrey Post, live. Last year he had the Betina in the mackerel fishery with the same crew and when the season was over, Captain Post was third in the race for high-line honors.

ALFRED BODEN

Auditor

Report of Patients Admitted
During Year

The number of patients admitted during the year, May 1st, 1927 to May 1st, 1928 was 253. At times the accommodation of the hospital was taxed to capacity.

There were 13 births at the hospital and 6 deaths during the same period.

Several tourists and other visitors to Digby were treated at the hospital and all of these spoke in praise of the institution, its equipment and nursing staff, claiming it to be equal to hospitals in many towns much larger than Digby.

Stocking Trout Streams

Mr. Robie Gates, Superintendent of the Fish Hatchery at Bridgetown and Mr. G.E. Torrie, Fishery officer for Digby, spent Thursday morning of last week on the streams between Digby and Weymouth setting out trout fry to increase the fishing grounds in that area.

One can of fingerlings was released in streams leading into Haines' Lake, two cans released in streams emptying into Porter's Lake and two cans were released in the headwaters of the Sissiboo River. There were a good many thousands of these fish. Which were about an inch and a half long, and in a year or two there should be much better fishing along these waters.

Mount Pleasant

Sorry to report Harry VanTassel on the sick list.

Mrs. William Graves has returned to her home in St. John.

Burtos Fleet and Venning Hand-spiker spent Sunday in Bridgetown. Quite a number from this place attended the Baptism at Hill Grove on Sunday.

Mrs. Ernest VanTassel and Mrs. Oscar VanTassel spent Sunday in Culloden, calling on friends.

Mr. and Mrs. Wm. Jefferson and three sons spent Sunday in Middleton with Mr. and Mrs. Reginald Jefferson.

Mr. and Mrs. John Daley and baby accompanied by Mrs. Nettie Munroe, of Culloden, spent Sunday with Mr. and Mrs. George VanTassel.

Power Board Has Arranged for Demonstration of Electrical Appliances

The uses of electrical household appliances, the convenience of electricity as an aid in household tasks and the real economy of hydro will be given a four day demonstration at Digby on Monday, Tuesday, Wednesday and Saturday June 11th, 12th, 13, and 16th. The demonstrations will be in charge of Mr. Otto A. Gibbins and Miss A. McLean, of the Northern Electric Company. Miss McLean is Honor Graduate of Acadia University in Household Science and Hospital Dietetics, Lectures and demonstrations will be given from two to four o'clock in the afternoon and from seven thirty to eight thirty in the evenings. Actual home conditions will be copied, and practical work will be done with the Gurney Electric Range, the Gain-a-Day Electric Washer, the Gray Bar Electric Ironer and the Gray Bar Electric Vacuum Cleaner.

The demonstrations will be held in the Warner Block, next door to the Post Office where many electric appliances will be on display. It has been arranged by the Digby County Power Board as a means of educating people in the use of hydro, and will show how cheaply electricity can be made to serve the housekeepers. Particular attention will be paid to recording operating costs in order that visitors to the demonstration may judge accurately how much it will cost them to operate the different appliance in their own homes.

Miss McLean will also demonstrate these appliances at the Community Theatre, Weymouth, on Thursday and Friday, June 14th and 15th, the demonstration having been arranged by Messrs. Brittain and Hallett, Electrical Dealers of Weymouth.

CHILDREN'S DRESSES AT WRIGHT'S

Mail for the Hudson Bay

Advice has been received from Ottawa that the Ice Breaker Montcalm will sail on June 15th for Hudson's Bay to take mail and supplies to Hudson's Bay expeditions.

Mail may be addressed in care of Officer in Charge Hudson Bay Expedition, Ottawa, Canada. If mailed to reach Ottawa by June 9th it will be sent on the Montcalm.

Horace Torrie, son of Fishery Officer and Mrs. G. E. Torrie is flight mechanic with the detachment at Port Burwell.

Benjamin N. Goldsmith Pioneer Lumberman Died At Hill Grove

There died at the home of his nephew, at Hill Grove on Friday, May 25th, one of Western Nova Scotia's pioneer lumbermen, Benjamin N. Goldsmith, aged 81 years. The funeral was held on Monday, from the home of Mr. and Mrs. Stewart T. Goldsmith, with service at the home conducted by Rev. F. E. Bishop. The remains were taken to Annapolis and interment was in the Goldsmith family plot at Perrotte Settlement, where his wife and two children are buried. Service at St. Luke's church and at the grave site were conducted by Rev. Woodroffe assisted by Rev. Bishop. Western Star lodge, I. O. O. F., Annapolis, of which Mr. Goldsmith was a member for upwards of fifty years, held their funeral service at the grave, paying last tribute to a departed brother.

Mrs. Goldsmith died in 1902. One son, Charles R. Goldsmith, of Belle Isle Annapolis County and Wakefield, Mass., survives, and his nephew, Stewart T. Goldsmith, Hill Grove, with whom he made his home.

Mr. Goldsmith was born at Perrotte Settlement, and a son of the late Benjamin N. Goldsmith. He learned his trade in his father's mill at Ten Mile Brook, operating an old up-and-down saw. Later he joined with Lawrence Delap in the days of ship building at Annapolis. He then moved to Digby and operated a mill for Lockward and Burnham, at Acadiaville. When this firm closed down he and a brother set up these sawyers, operating a portable mill in many parts of Digby and Annapolis counties. The brothers sold their mill to H. T. Ware, to become the nucleus of the present "Warre Mills and lumbering activities.

After disposing of the mill Mr. Goldsmith opened up a repair shop at Hill Grove and built up a nice little business and many friendships which he maintained until taken ill last fall. For the last nine years he has made his home with his nephew. His son returned from Wakefield to attend the funeral.

President of Rebekah Assembly Here Next Thursday

Mrs. Elizabeth Wright McEachern, of Charlottetown, President of the Rebekah Assembly, will pay an official visit to Zelma Rebekah Lodge on Thursday next. The lodge is completing plans for her entertainment and all members are requested to be in their places.

Good Progress Being Made On Pines Hotel Contract

The New Pines Worth A Dollar A Pound to Digby

Work on the Pines Hotel contract is commencing to assume shape. Teams have made good progress with excavating for the main building and swimming pool and carpenters have erected the cement filling station and are getting the concrete forms ready. Roadways have been cut and generally the preliminary work is under way. The new road to the beach, cutting across in front of the Indian encampment, is for teams hauling gravel. A rotary screen with washing plant and storage bin is to be erected on the beach and teams will fill under the bin chute.

Near the oil tank siding a D. A. R. section crew is installing a siding, of three cars capacity, for the contractors. The switch will be at the outer end. This will relieve congestion at the town siding and shorten the haul to the job. Several carloads of materials and equipment are already on the ground, together with a large quantity of stuff which came by water freight.

Kennedys of Bridgetown are engaged in driving a well to supply drinking water. This well will be in the boiler house. On Wednesday the drill was down thirty five feet.

The high tower in the back center of the site is for the cement elevator. Cement from the mixer will be carried to the top of this elevator and flow by gravity to storage bins at vantage points on the work, and from these carried in barrows to fill in the forms. This method, rather than spouting right to the forms, is deemed to be the best except for walls of great thickness. The small platforms at three places on the job are for use of Mr. Paul Yates, who is engaged to take "progress photos" of the work, and have no relations to the finished job.

A start was made on excavating for the swimming pool on Monday. The pool is to be opposite the town side wing of the main building and its roof will be level with the hotel terrace, with stairs leading down.

Mr. Parsons, senior member of the contracting firm which has the job in hand, told the Courier that the figure experts could have a lot of fun figuring out the miles of terra cotta and light wiring, pipe, sewerage etc. in the building. He didn't go into details, but we gathered that the New Pines will be worth just about a dollar a pound to Digby, counting money spent locally for labor, materials, board and so on. And since the building will weigh some 160,000 lbs when finished, that looks like a lot of money.

Mr. Hayes, of the Canadian Pacific Railway Company, is inspector of the work.

Accident Victim Buried at Culloden

The funeral of Charles Edgar Murphy, victim of the automobile accident at Culloden on Saturday night, was held from the home of Russel Small a half brother of the deceased, on Wednesday afternoon, with interment in Culloden Cemetery.

Murphy was 33 years of age, a son of James and Celestia Campbell Murphy.

Mrs. C. F. Lewis of Saint John is visiting her parents. Mr. and Mrs. G. H. Holdsworth, Carleton street.

SCOUT NOTES

Do A Good Turn Every Day

Boy Scouts of Digby and Annapolis Counties Attend Church At Annapolis Royal

Thirty two members of Digby Troop, twenty members of Bear River Troop and representatives of Scouts troops of Bridgetown, Digby Middleton, Clementsvale and other towns of the two counties, attended their 1st annual, joint church service at Annapolis on Sunday. Nearly one hundred scouts were present, all in uniform and presenting an attractive turnout. The Bear River Troop were conveyed to Annapolis by Dr. Wright, Principal Steadman, Robert York and Waldo Chute. Digby Scouts were driven up by Mrs. Wright, Miss Cary, Mr. F. L. Anderson, A. J. Dillon, Mrs. George Morrell, Frank Wightman, C. E. Walker, and Scoutmaster Wright. They left Digby at 1:30 and arrived back at 5:00 o'clock.

The parade formed up at the school ground, and headed by the Annapolis Scouts Band marched to the United Church where Rev. DeWolfe, assisted by Scoutmaster, the Rev. Durkee of Clementsvale, conducted a special service.

The scouts were seated in the

centre aisles while the remainder of the church was over full of friends and relatives of the boys.

Mr. D. Wolfe's address to the boys was most interesting, and instructive. He urged that they live as scouts, remember the scout motto and the scout pledge, that they might always be good boys and good men.

Following the service the parade reformed and marched back to the school grounds where it was dismissed.

Many complimentary remarks were passed upon the appearance of the scouts, their manliness, their good marching and the well drilled appearance of the troops. Scoutmaster Wright, who was in charge of the Digby Troop, is particularly proud of his lads, and says that the scouts in this part of the province are as well drilled in marching and as fine looking bodies of boys as will be seen anywhere in the province.

The only members of Digby Troop Boy Scouts who did not attend the church service at Annapolis on Sunday was Patrol Leader Vincent Snow, who is recovering from an operation.

The Troop is all excited over prospects of a Scout Camp this summer. Councillor Wightman is endeavoring to arrange for a fortnight's outing for the scouts, and the boys are planning a jamboree to raise funds to make the camp a success.

The Fire Whistle Blew
It was last Wednesday, about half past five. The Fire Whistle Blew! It made more commotion than the steam callopie, more noise than the elephants, and the hundreds of visitors to the circus turned out to witness the free show. Fortunately the worst was a chimney fire down at South End. About half a mile from the fire station. Firemen quickly responded to the alarm. The first toot brought some to get the reel out, to get the chemicals ready and "make time" to the fire. Twenty minutes late, the apparatus got under way. And through no failure of the department in answering the call. The hose reel was packed away in the rear of the Town Hall with the Town truck backed in on it, and no one could start the truck. It simply would not stir. Finally the Town chauffeur took it in hand. He was used to its contrary ways and soon had the engine spinning. But not until nearly twenty minutes had been lost. And twenty minutes means something—means everything—in a fire.
The writer has seen the Spring-

"Now, don't forget to bring me Dr. Chase's Nerve Food. I am feeling so much better I don't want to miss a single dose."
Dr. Chase's Nerve Food

It's marvellous how a little paint can transform a home—
Happiness and good cheer inevitably follow the proper use of paint. The new B-H book "Color Harmony in the Home" opens the way to more beautiful homes for all. It's so easy to use, too, for there is a B-H finish to protect and beautify every conceivable type of surface.

DAKIN BROS. -- Digby, N.S.

hill Fire department turn its first stream on a fire within four minutes of the first toot of the siren. Truro claims the record. Halifax is proud of the efficiency of its fire department. But here in Digby—well here in Digby we trust to a hand reel that should be on the junk pile, and to Providence. And Providence does too well by us. Fortunately the last fire was a chimney fire. So was the one before. Some day a real blaze, like that which nearly wiped out the Warne Mills, will hit town on a thirty mile breeze and it will take all the fire apparatus from Yarmouth to Windsor to stop the spread of flames. Then Digby will wake up to the need of proper fire fighting apparatus and the Fire Brigade will be given what they have so long asked for in vain.

A Neglected Opportunity
Friends of Digby's hydro system will learn with real regret that the extension of the Digby Electric distribution system will not be completed in time to permit of use of electricity by the contractors in charge of the new Pines Hotel construction. Delay after delay, with difficulty in securing poles at reasonable prices is responsible for this unfortunate circumstance and during the summer months the town will be a loser of a great deal of business. The Digby County Power Board is also a loser, the more so that the generating plant at Sissiboo Falls is every hour producing more energy than is required, and with the town system completed to give service to the new Pines, to Lighthouse Road and to residents along Victoria street, and the Digby Neck project under way, the Power Board would earn sufficient extra revenue to cover its operating charges.
It is too late now to worry over failure to get a start on rebuilding of the Racquette bridge section and the Victoria street loop but it is not too late to prevent a second misfortune such as has deprived residents in those sections of service and the town of revenue.
The Parsons Ed Company is installing steam to take the places where they were going to use motors. That does not say that no other users will require the service, and earn the revenue, and so permit of early revision of the rates, effecting a still greater saving than that which the inauguration of hydro effected in the pockets of the majority of citizens.

Colonel the Hon. J. Layton Ralston, Minister of National Defence, and Mrs. Ralston will leave after the closing of Parliament on a two months holiday in Europe.

Why Folks Paint Up
A friend said to us recently that he had to take his hat off to the paint manufacturers for the way in which they have "put over" the paint habit on the people. His reference, of course was to the "save the surface" campaign; which he regarded as a great advertising triumph. We have no wish to minimize the value of this campaign but we think it is correct to say that it was not the only factor in bringing about the increased demand for paint.
Two other factors as well must share the credit. One, the increase in aesthetic interest which was already spreading among the people when the campaign was inaugurated, so that the seed fell on prepared soil, but perhaps even more important than this, the daily increasing competition between individuals and between communities to make their immediate environment more attractive for business reasons.

In the merchandising world competition was never more keen than it is today. To increase his trade every merchandiser is now compelled to think of things that did not seem necessary ten or fifteen years ago. The shopping opportunities of the average person have been widened by the invention of the motor car, which has also widened the area of the average store's customer prospects. As a result, merchants have found they must do more than they formerly did to make their stores attractive and this incidentally has led to a greater use of paint.
And today, there is competition between places. Towns are vying with one another in an effort to make themselves attractive to the eye. In the old days it did not matter much, from a local business standpoint; whether a town looked well or not, for not only was there little civic pride in this respect, but the strangers who visited a place were few in number. The order of things has completely changed in this respect. There are a hundred or more visitors to every town nowadays for every one that the place had in the days before the motor car, and it is the consciousness of this fact, very largely that induces the average citizen to grow flowers, to encourage civic improvement and to have his premises painted.
The "save the surface" campaign, of course, stressed the value of paint from a protection standpoint and no doubt this effort left its mark, but the feeling we expressed to our friend was that the chief reason why paint sales were increasing was an aesthetic one and that this was based on a growing appreciation of the delight that is found in beauty and the dollar and cents value of beauty as a help to making sales.—The Magistrate Merchant.

Director of Publicity for Fisheries Department
Despatches from Ottawa contain announcement of inclusion in supplementary estimates of amounts to cover the appointment of a Director of Publicity for the Department of Fisheries.
The new appointment will in all likelihood go to Mr. Ward Fisher, Inspector of Fisheries at Halifax, who has been in Ottawa for the past few months engaged in the work of the department. Mr. Fisher is an old newspaper man and in writing of a number of special articles on the fisheries from time to time has kept in touch with the newspaper world as well as up in his own duties. The appointment will be popular.
Increased Service Between Yarmouth and Boston
Commencing Monday, June 4th, the service between Yarmouth and Boston will be increased to three round trips a week. The S.S. "Yarmouth" will leave Boston on Mondays, Wednesdays and Fridays at 2.30 p.m. Daylight Saving Time, returning, leave Yarmouth at 6.30 p.m. Atlantic Time, on Tuesdays, Thursdays and Saturdays.

Roll Call of Little River Church
The Digby Male Quartette, Messrs Hedley Dakin, Arch Morehouse, Hart Hayden and Guy Morehouse, will assist in the musical program of the Roll Call Services at Little River on Sunday. The pastor, Ernest Chute, will be assisted by a visiting clergyman.
Service will be at Little River at 2.30 o'clock, Sunday afternoon and at Sandy Cove in the evening.

Little Sickness in Digby
The report of the Medical Health Officer, Dr. E. DuVernet, presented to the Council at their meeting on Monday night took up the matter of payment for repairs on sewers. The report recommended that the work be done by the town and the owners of property served be charged with the cost.
Only six cases of infectious diseases were reported. Chicken pox, measles and German measles, none of the virulent.

Victoria Day Was Wet
Fishermen and parties were disappointed with what the weather man offered for the holiday, but the farmers were pleased. The rain did a lot of good to ploughed ground and seeded plots; starting the growth. Grass land too, showed a wonderful improvement after the rain.

Road Building Materials for Freeport
Truckman Frank Robinson moved a load of squared timber to Sea Wall on Monday for use of the road making crew. He also took a blade for a tractor grader, which was forwarded to Freeport to be used on the tractor operating on the Island.

H.M.S. Dauntless Will Visit Digby
A Communication from the Deputy Minister of National Defence addressed to the Mayor and Council announces the visit to Digby of H.M.S. Dauntless, which will be in port at Digby from August 17th to Aug 21st. Suitable arrangements will be made for the entertainment of the ship's company during their stay here.

GOOD ADVICE FROM MOTHER OF SEVEN
Recommends Lydia E. Pinkham's Vegetable Compound
Toronto, Ont.—"I began taking Vegetable Compound for nerves and other troubles and I must say I felt different after the first dose. I have been told this last six months that I look twenty-five, although I am now forty-seven and have had seven children. I have taken the Vegetable Compound regularly for some time and sleep well, rise early and feel young."—Miss McKee, 18 Laurier Ave., Toronto, Ontario.

Digby Academy Empire Day Exercises Well Attended
There was a large attendance of friends and parents of pupils of Digby Academy present at the Empire Day exercises held at the Bijou Dream Theatre on Wednesday morning of last week.
The exercises opened with a Chorus "The Empire is Our Country" sung by grades seven and eight, and closed with the singing of the National Anthem. Short addresses were made by Mr. W. H. Farnham, M.P.P., Rev. Wm. Driffield, Rector of Trinity church, Rev. F. E. Bishop of Digby Baptist Church, Rev. F.W. Forbes, Grace United Church, and by Mayor Lynch.
The numbers of the programme showed care in preparation and were a credit to the children and to their teachers.

The programme was as follows:
Chorus—The Empire is Our Country by grades VII & VIII
Remarks by Mr. Farnham M.P.P.
Chorus—Little Bugalo Man; Grade I
Flag Drill—Grades III & IV
Remarks by Rev. Mr. Driffield
Chorus—My Own Canadian Home, Grades I & II
Remarks by Rev. Mr. Forbes
Chorus—Union Jack Grades IV & V
Exercise—Canada East and West, Grade VI
Remarks by Rev. Mr. Bishop
Japanese chorus—Grade I
Concert Recit.—Canadian Born, Grades IV & V
Chorus—Rule Britannia, Grades VII & VIII
Recit.—The Banner of Saint George, Lois Walker
Remarks by Mayor Lynch
God Save the King.

Grocers say they like to handle MORSE'S TEAS. The reason for this is that MORSE'S TEAS are easy to sell. No urging is necessary to induce people to buy them. How pleased the average retailer would be if the same thing were true of all the lines he carries. If it were, there would be more profits made in the retail grocery business. There are retail grocers who turn over their stock of MORSE'S TEAS twelve times a year.

Streets Department had Busy Month
The report of Streets Superintendent Hayden, presented to the Town Council at their meeting on Monday night. The Boat Slip was repaired and sections swept out by the gale last summer replaced. Four granite posts were set on the corners of the old cemetery at South End, improving the appearance of the lot.

A catch basin to carry off surface water, was installed on Water street near to Dakin Bros. store, and the appearance of the Monument plot was improved by the setting down of a concrete curbing from Dakin Bros. to McPhee's, a distance of 94 feet.

One new water service was installed during the month, to the residence of George Dunn, on Racquette Road Hill.

The ten ton tractor of the Provincial department of highways was employed for several days scraping and grading the streets of the town and did good work.

Storm Disrupts Telephone Communication
An electrical storm circulating over the Halifax district on Monday put long distance phone lines out of commission during the afternoon.

"SALADA" TEA
One out of every five pounds of tea used in Canada is "SALADA"—the reason—it is more satisfying and better value than any other tea. Sales are the best proof. Crown Label Quality, 75c per lb. Orange Pekoe Blend, 85c per lb. Sold everywhere.
Setting Fire, No Permit Costs \$50
Antoine Comeau of Concession, Digby County, who set a fire on May 15 without a permit, was brought before Stipendiary Magistrate Taylor of Digby, and fined \$50 and costs.
F. S. Trask of Yarmouth, Chief Forest Ranger for Yarmouth, Digby and Shelburne Counties, prosecuted the case.

5 of the reasons why McLAUGHLIN-BUICK will serve you Better and save you More!
NOT only does today's McLaughlin-Buick excel in smart, low, dashing lines—in vivid new color harmonies—in luxurious upholstery and appointments—but it sweeps far ahead of its field in those vital engineering factors which mean greater comfort—greater performance—greater economy—and greater value.
In Most Cars—the springs have to serve a double function—to drive the car and to cushion the load.
In McLaughlin-Buick—the springs have only one function—to cushion the load—and naturally are designed to provide much finer riding qualities.
In Most Cars—water, mud and dirt are forced into the engine absolutely prevent these troubles. All vital parts are enclosed in dirt-proof, dust-proof, water-tight housings.
In McLaughlin-Buick—the scientifically designed Valve-in-Head Engine, counter-balanced crankshaft and finely balanced units throughout result in performance vibrationless beyond belief.
In Most Cars—quality is often sacrificed for price, or price advanced to permit fine quality.
In McLaughlin-Buick—the dealer's delivered price, including the delivery or handling charge, to the buyer—is not rigidly fixed by the factory behind the car.
In Most Cars—the lowest possible delivered price, including the delivery or handling charge is definitely established by the McLaughlin-Buick factory. Thus McLaughlin-Buick quality is provided to McLaughlin-Buick owners everywhere at lowest cost.
It Pays to Buy McLaughlin-Buick!

TALK OF THE TOWN

Mr. and Mrs. Fred Moxon and two children, of Annapolis, were visitors in Digby on Tuesday.

The ladies of the Digby Baptist church will hold their annual Garden Party on the Parsonage grounds, Wednesday, Aug. 8th 1928.

Miss Mabel Marshall, daughter of Mr. and Mrs. H. H. Marshall, First Avenue who has been spending her vacation in Boston Springfield and New York, returns home today, accompanied by her sister, Miss Rachel Marshall, R. N.

Halifax is rejoicing in the letting of a contract for the construction of a cold storage plant to cost \$2,000,000. The plant will be in four sections, divided for fish products, apples, vegetables and the last section for the ice making plant. With one thing and another the building programme in Halifax this year rounds out more than \$10,000,000. Halifax will need that cold storage to keep itself cool.

Port Wade

Cyril McWhinnie left for Parrsboro on Tuesday.

Sch. Valdaire sailed for Saint Stephen, on Saturday.

Miss Alice Barnes is visiting her grand parents, Mr. and Mrs. A. B. Kendall.

Mr. and Mrs. George Kingdom of St. John and Avar Johnson of Montreal, have been summoned home to see their father who is seriously ill.

Mr. and Mrs. Ralph Hyden and family have moved to Yarmouth to remain indefinitely. They will be greatly missed in church and social circles, and their departure is much regretted.

Mr. and Mrs. Edward Keane and Mrs. Keane enjoyed a motor trip to Wolfville to attend the anniversary exercises at Acadia; on their return they were accompanied by Miss Lena Keane of the graduating class.

C. A. Keane is receiving treatment at the Digby hospital this week. Much sympathy is felt for him and Mrs. Keane. Because of the sudden death of their granddaughter, Miss Juanita Hives, of Everett, Mass., formerly of Digby.

Digby Stores Will Close on Holiday

Sunday, June third, is the King's Birthday. The holiday will be celebrated on Monday, June fourth, when Digby stores will observe the holiday. Householders are advised to remember this when making up their week end lists of groceries and supplies, although as usual, the grocery stores will be open during the morning.

Illustrated Lecture

Mr. A. J. Brace, of Toronto, Canadian Secretary of the Student Volunteers for Missions will give an illustrated address on China and Tibet in the Grace United Church Hall on Friday evening at 8. Mr. Brace has been attending the Student Conference this week at Deep Brook.

A patriotic programme was given in the Smith's Cove School and the bronze plaque was placed in the hall while the pupils saluted the flag above it.

"The Skin that Charms"
The quest and love of beauty—the desire to be personally attractive—is today a dominating trait in men as well as women. Especially in the younger generation not ashamed that it wants and tries to be healthier, happier, and better-looking.

You can be all three of these if you will take Buckley's TRU-BLOOD to eradicate impure and impoverished blood. You can have a clear and colorful complexion, a healthy and healthy complexion. And this is its value and appeal—that those who possess "TRU-BLOOD" complexion may possess "TRU-BLOOD" complexion with greatly enhanced effectiveness.

With TRU-BLOOD you can Buckley's OINTMENT. It "acts like magic" in relieving the skin, in relieving itching and soreness. Sold at all Drug Stores.

Tones the Blood
TRU-BLOOD
Clears the Skin

The Beauty of Spring in the Land of the Maple Leaf

Spring is a resurrection of nature, and human nature also awakens to new hopes. A story of a benign season is given when the rising of the sap signifies the budding of the tree, when the rivers sing a song of freedom and the birds add their voices to the voices of little children in streets and country lanes. Though Spring and beauty can be found anywhere, it is in the country that it is ideal. Here one can watch the tilling of the soil, the plowing and planting that the earth may yield for the needs of man. Nova Scotia is delightful, for there the bustle and stress of our modern era does not exist. It is a part of that ancient country of Acadia, and it is one of the most beautiful provinces in the Dominion of Canada. There is no part of Nova Scotia more particularly during the Canadian Folk Song and Handicraft Festival, to be held this year from May 24-26. At the Chateau Frontenac one is transported into past decades, seeing the work of the habitants as they ply their shuttles of distaffs. The musical programmes are those of the early French Canadians, habitant melodies, brought over originally by the French of early days. It is refreshing in this age to have a little of the peace of the old world, and Quebec is impregnated with an atmosphere of romance and pastoral beauty. Spring days quicken the wanderlust, and with the first notes of the meadow lark and robin the country attracts, and "Only the call of the long white road to the far horizons" lures and beckons to the unknown places, beautiful in Spring.

Bay View

Miss Margaret Marshall spent the week end with friends in Port Wade.

Miss Dorothy Ellis of Victoria Beach, spent the week end at her home.

Mr. and Mrs. W. L. Holdsworth of Digby were guests at Point Prim on Sunday.

Burton Harris of Bear River spent last week papering Mrs. James Hillman's new residence.

Mrs. Gerald Syda of Digby, was the guest of her mother, Mrs. Laleah Condon a few days last week.

O. V. Kennedy of Bridgeport has finished drilling a well for Messrs Rigger & Rider and has moved the machine to the Racquette, where he will drill one for the new Pines Hotel.

Mr. and Mrs. Loran Adams and daughter, Bernice, with Mrs. Hart Hayden and son, Roy, motored to Waterville on Saturday to visit Mr. and Mrs. Anthony Bowles. They returned Monday.

Smith's Cove

Kenneth Dukeshire of Windsor spent the 24th of May at his home here.

We are sorry to report that Mrs. Sarah Cosaboun sprained her ankle last Saturday.

Mrs. Herbert Woodman, who spent a few days in Digby last week, has returned home.

Louis Dukeshire of Boston is spending his vacation at the home of his parents, Mr. and Mrs. T. E. Dukeshire.

A three act comedy entitled "Mrs. Briggs of the Poultry Yard" was presented in the Temperance Hall on Monday evening, May 28th by members of the Division. Those taking part were Mildred Jackson, Ada Winchester, Helen MacGregor, Verda Dukeshire, Aileen Woodman, Hanchie Woodman, Harriet Wentzell, Eugene Dexter, Harold Suits, Donald MacInnis and Stanley Smith. The sum of \$38 was realized to be used for Division purposes.

CARD OF THANKS

The family of the late Benjamin N. Goldsmith wish through the Courier to extend their heart felt thanks to many friends for kindness shown him during his illness and also to all for many expressions of sympathy and kindness shown his family in their loss. They especially thank the members of Western Star Lodge, L.O.O.F., Annapolis, for the tribute of respect paid their late brother.

Mr. and Mrs. Charles Goldsmith.
Mr. and Mrs. Stewart C. Goldsmith

Constipated? Tired Out? No Energy? "Fruit-a-lives" gives perfect health

Montreal, Que.—"I was always constipated, bilious and weary until one day I met a traveller who recommended 'Fruit-a-lives'. I procured some. You would not know me for the same person. I am in perfect health, always energetic. I am happy to congratulate you on your medicine. I recommend it on every occasion." —Mr. Emery Lemay.

"Fruit-a-lives" overcome constipation in nature's surest way. The intensified juices of ripe, fresh fruit, combined with health-building tonic, gently and surely restore natural intestinal action. Be well with "Fruit-a-lives". Try a box—35c and 50c at all druggists.

Report of S.S. Convention Held In Bear River

The Annual Convention of the Digby and Bear River District M. R. E. C. met in the vestry of the Bear River Baptist Church on the afternoon of May 16th. Owing to special evangelistic services which were being held in that church the evening session of the Convention was omitted, but all delegates were invited to remain to the evening meeting.

Rev. E. J. Barras, pastor, led the devotional exercises. Prayer was offered by visiting evangelist, Rev. Merrick Walker, R. N. of Scotland.

The president, R. C. Smallie, of Digby, and the vice president, J. A. H. Nichols, Acaciaville, both being absent, Rev. Mr. Barras acted as Chairman and introduced the visiting secretary, Rev. A. Gibson. Mr. Gibson replied by telling of whom the M. R. E. C. is composed, explaining its work and its advantages.

The minutes of the last session were read and approved. Then followed the Treasurer's report which was encouraging indeed. Ten schools contributed this year, whereas only six did so last year. Amounts were as follows:

North Range Baptist	\$1.50
South Range Dilexes	1.50
Digby United	6.00
Acaciaville Baptist (African)	1.00
Hill Grove Baptist	8.00
Smith's Cove Baptist	3.00
Smith's Cove B.Y.P.U.	1.60
Bear River Advent	2.00
Bear River Baptist	6.00
Smith's Cove United	1.00
Digby Baptist	5.00
Collection at Convention	2.35

\$38.95

The allotment for the district was \$30 and we were proud to know we had gone over the top considerably. The secretary has the minutes for the Conventions of the last six years and never before in that time has the allotment been raised before the Convention date.

Another encouraging item to be noted is that seven schools in the district either sent delegates or written reports or both. Others had been heard from recently with regard to numbers of scholars etc. This was in contrast to other years. Last year only three schools reported. The United Church Sunday School at Smith's Cove has been reorganized after eleven years. It was represented by delegates.

It is regretted that the Sunday School at Barton has ceased to exist for a time but we hope it may soon be able to carry on its important work. Mr. J. Vian Andrews, superintendent of North Range School gave a very interesting report. He stated that the superin-

Monthly Meeting of Women's Institute

The regular monthly meeting of the Women's Institute will be held in the Masonic Kitchen on Monday afternoon, June 11th at 3.30 p.m. instead of June 4th., it being a holiday. A special programme is being prepared by the committee. Everyone welcome.

tendent was chosen by ballot and then each class chose its teacher in a similar manner. Another interesting feature with regard to this school is that each Sunday an entertainment is given by one of the classes, each class taking its turn. Sometimes through the year all unite and have a concert.

Mrs. D. E. Clayton, Chairman, Miss A. L. Jagger, and Mr. Dukeshire were chosen as the Nominating Committee. They retired from the room and upon returning reported the following officers nominated for the succeeding year: President, J. Vian Andrews, North Range; Vice President, J. J. Wallie, Digby; Children's Work Superintendent, Miss A. L. Jagger, Smith's Cove, and Secretary-Treasurer, Mrs. D. E. Clayton. This report was received and adopted.

It was with much pleasure that the Convention listened to a talk from Rev. Merrick Walker, Scotland's representative to the World's S. S. Convention to be held in Los Angeles. Mr. Walker is also a delegate to the Conference which is to be held in Toronto. He spoke of some branches of S. S. work in Scotland such as "The Young Worshipper's League", "Children's League of Prayer for World Peace", week night organizations, parents' socials, dedication of infants and the teaching of Bible in the public schools.

Rev. Mr. Gibson then addressed the Convention on How Shall We measure the Success of Our Sunday Schools? He mentioned several indications of a successful School. The teachers and superintendents should get together once a month to make all arrangements with regard to the devotional period, etc. for the succeeding month. The children must be taught to be reverent and worshipful. Many do not even bow their heads or close their eyes during the prayer.

The home and the Sunday School must cooperate. Before the child is old enough for S. S. he must be trained in the home. First he learns his prayers at mother's knee; then he hears grace at the table. When he is old enough and goes to Sunday School he hears prayer. The home and Sunday School are partners in his religious education.

In many homes this spirit does not exist. The children never hear the name of God except in an oath. They receive no training in the public schools, and sometimes where S. S. is closed during part of the year their Sunday School training amounts to only about fifteen minutes a week. These same children, however, will be the future citizens of our fair country. Many fathers and mothers take the children picnicking or visiting on Sunday instead of sending them to Sunday School. These same parents would not think of keeping them out of day school.

Following this address a discussion was held in which all might participate.

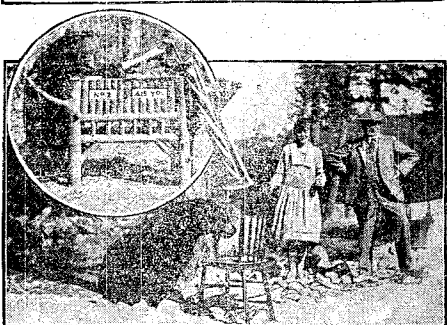

Evangelist Hunter of Scotland favored us with a solo.

This encouraging and helpful session was closed by prayer.

Hazel M. Clayton
District Secretary-Treasurer

Horace A. Porter, of Saint John, was the over night guest of his parents, Mr. and Mrs. Alfred Porter last Thursday, having attended the preceptory of Knights of Templars at Bridgetown. Mr. Porter accompanied by his wife leaves on Friday June 1st, for England to attend a Privy Council case.

When Bruin Makes Friends

Visitors to Jasper National Park, which is Canada's largest and finest national playground, situated in the heart of the Rocky Mountains, have a splendid opportunity of studying the habits of wild animals. For Jasper National Park is a game sanctuary in the finest sense of the word, and guns and hunting dogs are forbidden within its boundaries. It is of interest to observe the manner in which the animals recognize this. Though it is only comparatively few years since this great sanctuary was set aside, the shy deer and mountain sheep are no longer shy, the black and brown bears have become daily visitors to village and to hotel grounds, and the animal population of the park is increasing by leaps and bounds.

However, it is Bruin who demonstrates perhaps most forcibly, how the animals

have come to regard man as their friend instead of as their enemy. Now it is a daily event to have one or more bears visit the Lodge grounds in search of the berries which they know tourists love to feed to them. Nor is it unusual for a golfer playing over the magnificent scenic course which has been laid out in the Athabasca Valley, to meet a bear at the turn of the fairway, or to find a shy deer viewing him with interest as he gets down to line up his putt on one or another of the greens.

A short time ago, it was estimated that the mountain sheep population of this 5,300 square mile national park was over 10,000, with an equal number of deer, while the bears are numbered in thousands and are seen at almost any turn of the road. And when once a bear cub has developed a taste for sugar, he is a confirmed visitor to the Lodge grounds—Canadian National Railways photograph.

Rates Hearing Adjourned

A hearing of application for schedule of rates of the electric light company serving Bear River began at Halifax on Wednesday was adjourned until yesterday afternoon. John Preston, Harold Lumsden and Harold S. Johnstone, called as experts, gave evidence at Wednesday's hearing.

June 10th

Mrs. H. C. Anthony and Mrs. W. M. Romans motored to Bridgetown last Thursday and on their return were accompanied by their brother Rev. F. M. Milligan of Halifax, who was their guest over night. Mr. Milligan left on Friday for New Brunswick.

Do A Good Turn Every Day

May 24th's hike had Barnes Lake for its destination. In the morning a part of the troop went out to the Lake for a fishing trip and were joined by others in the afternoon. The weather was anything but fine, but comfortable quarters for supper were soon fixed-up, with a fire built in front. Fried trout and fried egg sandwiches formed part of the supper menu. With hunger satisfied the boys gathered around the fire for stories and songs until 8 o'clock and then started on the return hike home.

OBITUARY

STANLEY RICE

The death of Stanley Rice occurred at the Digby Hospital Saturday morning May 26th. Mr. Rice had been very ill for some time. In the Fall he was at the Victoria General, Halifax for treatment, but came home and never rallied. His sons took him to Digby for help, but he soon passed away.

The deceased was a son of Mr. and Mrs. Charles Rice of Millford Corner. He leaves to mourn an aged mother, one brother, Percy, and sister, Estella, a wife and ten children.

Funeral service was held from Keen's Undertaking Parlours, Digby, Tuesday afternoon, conducted by Rev. Mr. Forbes, and at the grave by Rev. L. F. Sawdon, pastor of the United Church. Interment in Mount Hope Cemetery.

Sons of Temperance Elect Officers

The District Division of the sons of Temperance for Annapolis and Digby Counties held its regular semi-annual meeting in the Seymour Division Hall at Upper Granville, N. S., on Tuesday of last week. District Worthy Patriarch, Harry G. Parker was in the chair.

A good number of delegates were present at the afternoon session and many matters were discussed, such as the closing of the export houses of the Province and the alleged failure of Government Control.

The matter of establishing more Bands of Hope and increasing the interest in those already in operation was urged.

To create a greater interest and enthusiasm among the Divisions, a grand picnic was proposed, and a committee appointed to carry out the wishes of the District some time in the summer.

The following officers were elected for the ensuing year:

District Worthy Patriarch—Rev. Walter J. Dean, of Granville.
Worthy Associate—Cora Parker.
Scribe—D. C. McKay.
Treasurer—J. M. Wade.
Chaplain—Rev. Mr. Hartlen.
Assistant Scribe—Susie Troop.
Conductor—Rupert Troop.
Assistant Conductor—Wallace Covert.
Sentinel—Harry Bent.
Superintendent of Young People's Work—Francis Austin.
Deputy—Arthur J. Cornwall.

After these officers were duly installed the question of offering prizes to the pupils of the High Schools and to the lower grades was discussed, and a motion was put through that all Divisions should offer prizes for the best essays written on the subject of Temperance and the evils of strong drink. The District voted a sum of money for a prize to be given to the one whose essay is judged to be the best for the whole region.

In the evening, the newly elected Worthy Patriarch stressed the matter of visiting schools and addressing children along these lines, and made a strong educational campaign for all classes of people.

The veteran, Mr. Elliott, of Clarence, spoke on this and made an appeal to the younger generation for devotion to the cause of the sons of Temperance.

Mr. Eaton, of the Agricultural Department, also addressed the evening audience.

Mr. Hartlen and Harry Parker followed with a few words of good of the Order. The ladies of Upper Granville served supper to the visiting delegates.

Quantity of Liquor Seized At Comeauville

Two hundred five gallon kegs of Black Diamond rum with a duty paid value of fifteen thousand dollars were seized at Comeauville, Digby County last Friday.

Preventive Officer B. M. Christy, had seen suspicious activity in the vicinity of the wharf and was lurking about watching. He went back to investigate that section and found a vacant store near the wharf which was locked. The owner of the building has been away some time, and Christy forced the lock and entered. He took up the floor and searched carefully about and soon found that beneath a floor of gravel under the floor a cache had been made in which quantities of liquor were stored.

Preventive Officer Christy sent to Yarmouth for Preventive Officers Captain E. B. Nickerson and Clarence Burrill, who went to his assistance and it was found that 200 kegs of rum were located in the cache, all of which was in new kegs, and the hands were not rusted, hence it is stated the liquor had been placed in this carefully prepared underground chamber within the last few days. The rum was loaded on trucks and by night o'clock was stored in the Yarmouth Customs House.

Investigations are now on foot to discover the owners of the booze.

Mr. E. C. Sallows was a visitor in town Monday enroute to Saint John.

Mr. and Mrs. Roy Stanton spent the week end with her parents, Mr. and Mrs. Willie Crowell.

Mrs. Newcombe, of Rosway, is spending a few weeks with her aunt Mrs. Margaret Timpany.

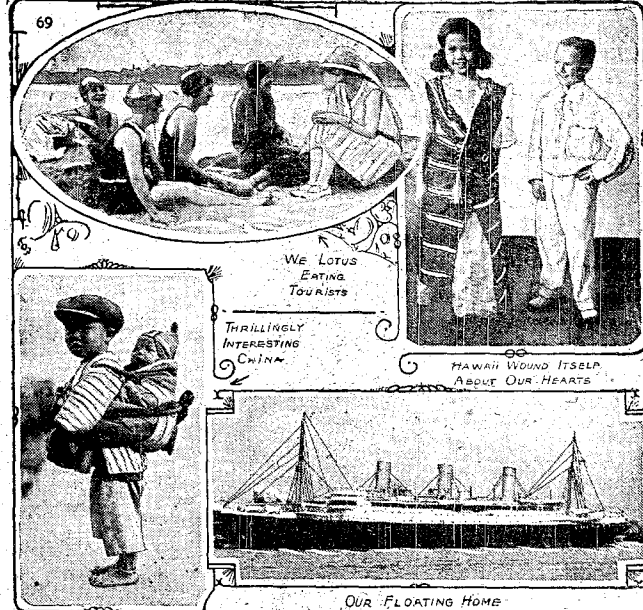

Harry Saunders and Elmer Gidney are through scallop fishing for the season and are home for the summer.

Mrs. Hugh Morehouse and children spent a week with her sister, Mrs. Roy Stanton at East Ferry.

We regret to say Mrs. Warren Crowell and daughter Vera are both confined to the house with measles also several others and the disease also quite prevalent at present.

LESSON No. 17
Question: Why is emulsified cod-liver oil so efficient a food for young children?
Answer: Rickets or weak bones are evidences of lime-deficiency. Emulsified vitamin-rich cod-liver oil helps Nature supply this deficiency.
Pure, pleasantly flavored, nothing quite surpasses.
SCOTT'S EMULSION

Seven Seas Traversed

We passed in luxurious comfort, free from any care or irritating responsibility and absolutely without one disturbing incident from continent to continent," stated Lady Williams-Taylor on her return from a world cruise on board the Canadian-Pacific liner, the "Empress of Australia," during which tour five continents, twenty-one countries and twenty-six ports were visited and seven seas traversed.

"With sheltered ease," continued Lady Taylor, "we had unfolded to us the real penetrating magnificence and the somewhat repellent fantastical conditions of India and disarray, yet ever thrillingly interesting. We steamed up and down the dangerous Pearl River, and saw first-hand the devastation of Canton. Mysterious Java, and almost untouched Sumatra, held us spellbound. Singapore and its surrounding docks amazed us, and lovely Ceylon enchanted us. But Hawaii wound itself about our hearts and, to its haunting 'Aloha Oe,' we saw it fade away through regretful tears. Not only are the islands more than fascinating, but the Royal Hawaiian Hotel would tempt any traveller to return."

"After such a wonder tour of 133 days," concluded Lady Taylor, "we 'Letus Eating Tourists' have once again, to face the realities of ordinary existence without the unifying supervision and perfect organization of the mighty and far-reaching Canadian Pacific Railway and Steamship's protection and care of us. It was, indeed, with hearts full of gratitude and appreciation for our splendid captain, his staff, and for the constant and devoted attention of the cruise directors, that we finally bid farewell to our floating home—the 'Empress of Australia.'"

It was, indeed, with hearts full of gratitude and appreciation for our splendid captain, his staff, and for the constant and devoted attention of the cruise directors, that we finally bid farewell to our floating home—the 'Empress of Australia.'"

Here and There

(73) The Rocky Mountain Lakes fishing season was opened recently with a catch of a thirty-two pound lake trout by George Andrews of East, in Lake Minnewanka. A number of others of not such a great weight were caught by guests of the Banff Springs Hotel.

The month of April was the most successful so far this year from the standpoint of families settled, according to a statement issued by the Canada Colonization Association. During the month 81 families were settled throughout the Dominion on 19,249 acres of land, bringing the total of settlements from the first of the year up to 224 on 46,207 acres.

There are in Alberta today 77,192 farmers who have 844,324 horses in use and 10,225 tractors. In Saskatchewan records show 116,762 farmers with 1,199,628 horses and 24,367 tractors. Manitoba has 51,200 farmers with 356,480 horses and 10,833 tractors. The survey would indicate that while the horse is yet far from being a back number on Western Canadian farms, the day of the tractor has definitely arrived.

Miss Jean Cameron, who came to her parents from England at the age of four, at ten commenced trapping in the district of her father's homestead. Today, at the age of 21, she finds it quite a lucrative and congenial pursuit, and quite superior to any occupation which would keep her in the city. She follows a trap line within a ten mile radius of her house and her catch includes coyote, lynx, weasel and fox.

A record passage by a freighter and one that has only been expected of a passenger ship was recently accomplished when the Canadian Pacific Cargo steamship Beaverbarn docked at the Surrey Commercial Docks, London, nine days after leaving Montreal. The trip was the first out of Montreal since the new "Beaver" vessels and this record will be eclipsed by from twelve to fifteen hours now that the Beaverbarn and vessels of her class are routed via the Straits of Belle Isle.

Seed growing is one of the latest industries of Vancouver Island of steadily increasing importance. Vancouver Island sweet pea seed sells on the English market from three to four shillings per pound more than the California seed. The largest sweet pea seed farm is at Duncan, which produces yearly about two tons. From 15 to 20 women are employed each year to pick, wash and pack the seed, the excellence and high quality of which is becoming world-famous.

AN the sport of fishing with a minimum of destruction of fish was realized recently when a party of four members of the local Walton League of American enjoyed a fortnight's salmon fishing on the Cans River, New Brunswick. The party took 150 salmon and returned them all to the water except twelve. The fish ranged from 25 pounds to an average of fifteen lb. and were taken with barbless hooks and streamer flies. Very fine sport was enjoyed but the fish were in no way injured, and were returned to their native stream.

Tiverton

Charles Green of Bear River is in town for a few days.

Simon Outhouse of Centreville was in town last week.

Radio 11, Capt. John Clifford sailed for Gloucester, Mass. 29th.

George Outhouse has returned home from Sandford, Yarmouth Co.

Mrs. Lawrence Snow visited her son D. C. Outhouse at W. H.ville last week.

Charles LeBlanc of Saultville arrived this week to spend the summer months.

Mrs. Byron Clifford is visiting her daughter, Mrs. Kempt, Tidd, at White Cove.

Mrs. Viola Outhouse, and Emerson Outhouse, were passengers to Saint John on Monday.

Harvey Denton of Little River occupied the pulpit in the Baptist church here on Sunday.

TALK OF THE TOWN

Harold Nichols, who since the closing of Acadia has been visiting in Springhill returned home on Tuesday.

Mrs. Charles Robichaud, of Sea Wall Hill, was a visitor in Digby on Thursday and a caller at the Courrier Office.

Special at Small's—10 bars of Surprise Soap and a nice Shopping Basket—all for 90c. Come and get yours early.

Robert Jones of Bridgetown was a visitor in Digby several days last week, with his father, O. C. Jones, manager of the Pines Hotel.

Mr. and Mrs. Chester Haight and son, and Mr. and Mrs. Isaiah Haight and son of Rosaway, spent Sunday in Centreville the guests of Mr. and Mrs. Isaiah Haight Jr.

Mrs. G. E. Torrie left on Wednesday for Hantsport to visit her father, Mr. George Lawrence, who is again confined to his home by illness.

The saws are still humming ten hours a day and H. T. Warner is still turning out firewood in stove and furnace lengths. Call them up and ask about the special reduced price.

Mr. and Mrs. L. W. Marshall, of Weymouth North, who have been visiting in the United States during the winter, are expected to return on Monday. Mrs. Marshall, Mrs. Vincent, Mrs. Vincent is their daughter.

SILK UNDIES AT WRIGHT'S

Mrs. Chester Haight of Rosaway leaves today for Kentville and will accompany her sister-in-law, Miss Pearl Haight home from the Sanatorium where she has spent one year. We are glad to see her much improved in health.

Rev. Wm. Driffield, Rector of Trinity church, leaves for Halifax on Monday to attend the session of the Anglican Synod, which opens at Halifax on Tuesday. Other delegates from Trinity are Mayor T. E. G. Lynch and Dr. DuVerne.

Mrs. Almon Hensley arrived from San Diego, California recently and has opened her summer home, "Journey's end," Boston. Mrs. Hensley's publishers have just finished the printing of a new book from her pen, "The Way of a Woman," a collection of poems.

W. C. McKenzie, of Kansas City, a regular summer visitor to Digby for a number of years, occupying Major Daley's house on Queen street, will not come to Digby this year. McKenzie having arranged to spend the summer in Scotland. The Daley house, completely furnished, will be available for another season.

Fresh Salmon and Mackerel at the Digby Meat Market. Phone 70

The Pines opens its season on June 22. Manager O. C. Jones has a staff working on the new boat slip, getting it fairly well along to low water, and on Monday the house staff starts getting the hotel in shape for the season. Contractor Carthy has the two new cottages pretty well closed in and these also will be ready for the opening of the season.

The parking question is the next problem which Digby has to look into. Even now a busy day finds the streets crowded with cars, and the waters are selling Dodge and Chevies and Pontiacs and Essex every day. Not to mention that most of the tourists who come here in the summer motor down. All one side parking will have to be the rule if traffic accidents are to be prevented. So the day "red lining" will strike Digby and the job will be done right.

CHILDREN'S HATS AT WRIGHT'S

Lou Lodge, in the hands of decorators and plumbers for the past two months, will open for the season on Monday. Manager Eldridge has put a great deal of improvements on the plant this year, installing hot and cold water, service in all the rooms of the main building and installing a number of private baths in main building and in the annex as well. All the buildings have been given a coat of brownish stain with white trim and look fine.

The death of Herbert Thubert, a well-known and highly respected citizen of Freeport occurred at his home at an early hour Tuesday morning. His death was due to influenza which terminated in pneumonia. He was well and had been fifty nine years of age in June. Mr. Thubert leaves a widow, three daughters living in the United States and one daughter, Mrs. Percy Stevens of Freeport. He is survived also, by one brother, Rudolph and two sisters, Mrs. C. A. Haines, and Mrs. W. Ring, all living in Freeport.

SUMMER UNDERWEAR AT WRIGHT'S

The rain of the last few days, coupled with yesterday's lovely sunshine, fetched the apple blossoms into full bloom and tomorrow are due the blossoms will be perfect. Sunday is "Apple Blossom Sunday," the annual turn-out to feast on color and sweetness of the orchards of the Valley. No special trains will be running this year as in the days before the autos became popular. It will be a day for motorists, with hundreds of cars on the roads. The night train from Halifax will stop at all stations to pick up or set down passengers.

The crew of men under Major Denton, who are working on the Racquette bridge have finished one side and are now rebuilding the crib work on the upper side of the crossway. The culvert has been made larger to avoid trouble like that which washed out the bridge last year and the roadbed widened. It is now thirty one feet from rail to rail, making a good road with plenty room for cars to pass. A sidewalk may be put in on the upper side if funds last out. The work will be paid for jointly by the town and the provincial government. Mr. W. H. Farnham, M.P.P., was active in securing the cooperation of the department.

Little River Scouts Took in The Circus

Through the kindness of Mr. Burroughs in placing a truck at their convenience Little River Troop Boy Scouts attended the circus in Digby on Empire Day. Floyd Tresk drove the truck and gave the scouts a great ride. The boys had a fine time and at the circus, took in the "big top" and the side shows and then left about five o'clock for home. They are certainly grateful to Mr. Burroughs for his kindness in providing transportation to town.

Have you seen Old King Cole on your grocer's shelf, smiling from a tin of "KING COLE" Coffee? A most delightful coffee

Taken ill on S.S. Empress

Colonel Weatherbie, of Halifax, enroute from Florida to Halifax, after spending the winter in the south was taken ill on the steamer Empress yesterday morning and on arrival of the steamer here was admitted to Digby General Hospital, suffering with ptomaine poisoning. Mrs. Weatherbie who accompanied him, is a guest at the Myrtle House during the Colonel's stay in hospital.

Mr. and Mrs. H. S. Ford returned to Digby last week, and have opened their summer home at Smith's Cove. They motored down, coming over on the Empress.

May be purchased in Yarmouth County from
Mr. Harry R. Brown
Merchant, Port Maitland
We recommend this Remedy to long-sufferers from Asthma.
Price—\$2.00 a bottle.
Prepared by Carewe & Fraser, Drugs & Chemicals, New Glasgow, N.S., Apr 3/28

Asthma

Yields to Minard's. Spread on brown paper and apply to throat. Also inhale.

Church Point College and Church Will be Lighted With Hydro

Contract for installation of electric lighting equipment for Church Point College and Church has been awarded to Arthur Robinson, electrical contractor of Digby. Work will start the middle of June, after the end of the College term.

The contract calls for 400 outlets in the college and 40 outlets in the church with the furnishings to be of modern design according to up to the minute systems of illumination.

Conduit wiring, conforming to insurance requirements will be used.

Included in the scheme of electrification are specifications of seven motors, to be used to operate different equipment of the college.

In Boston for Treatment

Mr. Douglas Daley, superintendent of Digby Electric Light Service, who suffered blood poisoning in his hand, is undergoing treatment at a Boston, Mass., hospital. When the hand was first examined at the institution it was feared the whole hand would have to be amputated, but in agreement with Mr. Daley's protests the doctors endeavored to save it and treatment promises that it will be possible to do so.

During Mr. Daley's absence the town meters have been read by the Power Board employees and bills will be mailed from the Town Office, where payment should be made. A notice requesting this is published in this issue.

Preparing Wrecked Yacht

Repairs are being made to the American yacht which was wrecked in the storm last August during the visit of the Cruising Club of America fleet. A new shoe, of cast iron weighing two tons has been fitted to the keel and the boat is being made water tight and painted. Thirty years old, the wood work is still staunch and strong.

Mr. Dunn is also building a yacht for Mr. Power to replace the one lost in the same storm.

Cars Damaged in Collision

Two cars were badly damaged in the collision last Saturday night near the South End Grocery corner. David Daley, making the turn, was struck by a car driven by Wagner, of Weymouth. Neither driver was hurt.

Golf Pro Reports for Duty

Mr. Wilfred Pratt, formerly Golf Pro at Brightwood Club, Halifax, has been engaged as Pro for Digby Golf Club this summer and reported for duty on Saturday. He and Mrs. Pratt have taken rooms at A. J. Westbaver's for their stay here.

The formal opening of the season will be on Monday's holiday, June 4th.

Digby County Social Service Council

The following amounts have been received for the work of the Nova Scotia Council for the year ending May 1928 and forwarded to the Treasurer in Halifax. I wish to thank those who acted as collectors.

Defiance Truck Demonstration Postponed A Week

The road demonstration planned by Mr. H. T. Warne, which was to have been held this week, has been postponed for another week or two. But it is only postponed. The two carloads of Defiance Trucks which were to have been used for the demonstration have been delivered to their buyers and the plan is now to wait until three more carloads, now enroute, arrive. The demonstration, when held will include Defiance Speed Trucks, Whippets and Willy-Knight cars and will be a real parade.

Mr. Warne was in Halifax this week engaging warehouses to display the cars on arrival there and visiting his several sub-dealers in Yarmouth, Kings County and Halifax.

Mr. Sydney Small, of Gloucester, Mass., is visiting with her sister Mrs. Harry Harris, of East Ferry.

TALK OF THE TOWN

Rev. Mr. Driffield is in Halifax attending Synod.

R. MacKendrick of Saint John was in town last week.

Rev. Mr. Forbes is at present attending a conference at Sackville.

Fred DuVernet left for Moncton on Monday to join the Geographical Survey.

Frank Coombs of New York is visiting his sister, Mrs. George Wightman.

Nineteen children received First Communion at St. Patrick's church on Sunday last.

Men's Storm King length Rubber Boots, sizes 6 to 10, Special \$6.00 a pair at Dillon's.

We regret to learn that Mrs. W. H. Farnham is still confined to the house through illness.

Mr. and Mrs. Morrell and Mr. and Mrs. Frank Nichols returned recently from a motor trip to Liverpool.

We are pleased to know that Mrs. George Turnbull is recovered from her illness sufficiently to allow her to get out around again.

Mrs. T. C. Shreve and daughter, Miss Edith, who have been in the United States during the winter, arrived home on Wednesday and have opened their home for the summer.

Mr. and Mrs. L. D. Payzant of New Glasgow, who are on a motor trip thru Montreal and Albany, were recent guests of Mrs. Payzant's brother, Dr. W. R. Dickie and Mrs. Dickie, First Avenue.

Colonel the Honorable J. Layton Ralston and Mrs. Ralston have taken a house at Yarmouth for the summer months, and will not go to Europe as has been reported. They will spend the summer in Yarmouth and the province.

Gardner VanTassel has been busy this week improving the station grounds of the D.A.R. They are now an example for all property owners and present an attractive appearance to arrivals by rail. Section men have cleaned up the railway yards also, and all is spic and span for the summer.

Dick Dakin, who has been spending a fortnight with his mother, Mrs. Outram Dakin, the Racquette leaves today for his home in Los Angeles, where he is in the freight department of the Union Pacific Railway. Mr. Dakin has had a busy fortnight renewing old acquaintances. His brother, "Ted" returned from Boston on Tuesday.

Mr. Harris of Harris and Silver, Ford Dealers for Digby County, was a visitor in Digby on Wednesday to get three new Fords for delivery to customers. Mr. Harris says that they are selling quite a few and deliveries from the factory are better than early in the Spring. They have sold one car by telegraph order, to Mr. Miller Wilson of Jacksonville, Florida who wired for delivery of a Ford to be made immediately on his arrival in Nova Scotia. Mr. Wilson is a regular summer guest at Harbor View.

TALK OF THE TOWN

H. M. Warne motored to Lockport on Wednesday.

Mr. and Mrs. Fritz Dakin motored to Halifax for the 3rd of June.

Charles Mallett of South Rang, was a visitor in Digby on Wednesday.

June 17th is Father's Day—See the assortment of Men's Ties at B. J. Roop's

M. C. Denton, W. H. Farnham and H. T. Warne motored to Halifax on Monday of this week.

Miss Marjorie Rafuse of New York is the guest of Mrs. Ennis Munroe for the month of June.

Miss Mable Hawker of Saint John, was a guest of Mr. and Mrs. C. F. McBride for the week end.

Guests of Mrs. L. H. Morse for the holiday were Miss Ruth Robinson of Saint John and Eric Morse of Halifax

We are pleased to report that Miss Bessie Hooper, who has been ill for the past three weeks, is improving in health.

Chief Forest Ranger Trask of Yarmouth and Perley Gate, district Forest Ranger, were visitors in Digby on Wednesday, prosecuting violations of the Lands and Forests Act.

Mrs. Edward Patterson of Amherst, and little daughter, Betty, and Miss Amy Westhaver, are home to spend the summer with their parents, Mr. and Mrs. A. J. Westhaver, Montague Row.

It's a great country down in Centreville. On Wednesday we received our first gift of strawberries this year, a cluster of wild ones picked by Miss Elsie Denton of Centreville. Pretty early for this delicious fruit, isn't it?

The Annual Digby Hospital Fair will be held as usual on the third Wednesday of August, August 15th at Victoria Rink. Arrangements have already begun to make the Fair the best ever and many new features are being planned.

Mrs. G. Howard Johns and son, Howard Jr. and Mrs. Charles Hilton of Philadelphia, and Captain Oscar Lane of Warwick, Maryland, who have been guests at Hillcrest, Digby, left on Wednesday via St. John, for their homes. They will motor up through Quebec, and Ontario, crossing the border at Niagara Falls. Mrs. Hilton will return to Digby when her husband returns from a voyage to South America, to take his first shore leave in eight years.

In the House of Commons last week Mr. H. B. Short, Member for Digby—Annapolis, criticized the appointment of a non resident as an assistant clerk in Digby Customs House. Mr. Short advocated the appointment of a Digby man. The Minister of Customs, Hon. Mr. Euler, replied that the candidates who had successfully passed the examinations would make them unsuitable as officers of the department. The charges were being investigated. Mr. Short replied that the only "serious charge" could be that the men referred to had probably voted for him at the last election.

TALK OF THE TOWN

Eustace Dunn Committed for Trial in Connection With Death of Charles Edgar Murphy

On the completion of a hearing before Magistrate Taylor, at which a number of witnesses were examined, and which lasted for four days, Eustace Dunn, charged with the death of Charles Murphy, was committed for trial by a superior court.

Mr. Frank Nichols represented the defendant and Frank Jones, K. C., Crown Prosecutor, conducted the case for the Crown.

Personal bail was increased and that of the bondsmen reduced to one thousand dollars each. The defendant was required to give bond not to operate a car during the time elapsing before the case comes to trial.

Nine members of the Acadiaville Guernsey Calf Feeding Club met at the home of their president, Frank Gates, Jr., on Tuesday afternoon and were instructed by Messrs Steele and Eaton, of the Federal Department of Agriculture and the Provincial Department. Mr. Eaton is Agricultural Representative for Digby.

The president presided and Miss Esther McKay, secretary, kept the records.

Each member reported progress, telling how the calves were being fed and cared for and following this the meeting adjourned to the fields where practical instruction in animal judging and selection was given by Messrs Steele and Eaton.

On June 15th the club will motor to Yarmouth to hold a field day with Yarmouth clubs, when an inter club judging competition and other sports will be held.

Prominent agriculturists in the Acadia Valley are back of the club, supporting it to the utmost as being a great thing to teach the younger people what farming means.

SCOUT NOTES

Do A Good Turn Every Day

The Scouts ball team had the team of Yarmouth Troop as their guests on the holiday. The game played in the afternoon resulted in a win for Digby Scouts by a score of 16 to 4. The local battery was responsible for the victory, holding the visitors to one hit.

Summer Camp is still the big talk at scout meetings. The boys are out to earn money to make their equipment and to help out the lads who may find it hard to get away. Through the courtesy of Mr. Walker of the Bijou Theatre the boys will sell home made candy each Saturday evening. So when you go to the pictures take along an extra dime and buy your Sunday sweets.

Mr. Harris of Harris and Silver, Ford Dealers for Digby County, was a visitor in Digby on Wednesday to get three new Fords for delivery to customers. Mr. Harris says that they are selling quite a few and deliveries from the factory are better than early in the Spring. They have sold one car by telegraph order, to Mr. Miller Wilson of Jacksonville, Florida who wired for delivery of a Ford to be made immediately on his arrival in Nova Scotia. Mr. Wilson is a regular summer guest at Harbor View.

The regular monthly meeting of the Victorian Order of Nurses will be held on Tuesday afternoon next in the Court House.

Resolution of Approval Passed After Members Spoke in Favor

New Rubber Coats and Hats Purchased and Smoke Helmet and Recuperator Ordered, Is Report of Chief.

Two new members, Fred Barr and Frank Baxter, were taken on the strength of Digby Fire Brigade at their regular monthly meeting on Wednesday night, to replace the vacancies caused by the withdrawal of Fred Thibault and Oscar VanTassel.

New equipment for the Brigade has been ordered by the Town Council as reported by Chief Hersey. Three rubber coats and three hats have been supplied and a smoke helmet and recuperator are on order.

Editorials on Digby's lack of fire fighting equipment, which appeared in the Courier during the last month or two were presented to the Secretary to be read. They were received with approval and after considerable discussion a resolution of endorsement was passed by unanimous vote. During the discussion it was brought up that the Town had repeatedly been asked by the department to make provide in the annual estimates for new apparatus but each time no action had been taken. The Town truck had been made available to

draw the hose reel, but that was all that had been done.

The motion as put ordered that the resolution be spread on the minutes of the meeting and a copy forwarded to the editor of the Courier in appreciation of the newspaper's efforts to promote the best interests of the town. The resolution follows:

WHEREAS: The members of Digby Fire Department are interested in the safety of the town from fires, and have for years urged upon the Town Council the need of securing adequate fire fighting apparatus, and

WHEREAS: The Weekly Courier in its editorial column has been supporting the efforts of the fire brigade to secure more up to date equipment,

Resolved: That the fire brigade in regular meeting voice its approval and commendation of the Courier's efforts and asks that the newspaper continue its program to secure adequate apparatus, in keeping with the importance of fire protection and its effect upon the safety and security of life and property.

Conference of the Student Christian Movement at Deep Brook

Deep Brook has recently been the scene of another Student Conference. Representatives were present from N. N. B. Mt. Allison, Dalhousie and Acadia. This Conference included also a number of graduate students from the Maritime Colleges and elsewhere. One of the outstanding leaders was Dr. Bruce Curry, who led the entire conference in Bible Study. The theme of the Conference was Finding Life. Many excellent lectures were given along the line of the theme. Dr. Davis from Acadia, spoke from the viewpoint of education, Prof. Haverlock gave an address in the old Greek and Roman Cultures, Dr. Thomas of Toronto addressed the Conference several times and added much to worth and interest of the meetings. Mr. Brace gave an address on

Missions. Mr. Murray Brooks and Miss Gertrude Rutherford, travelling Secretaries of the movement in Canada were present. They were largely responsible for making the conference a success.

Although the conference was greeted at first with the customary rainy weather it did not mar the enthusiasm of the Students. They were delighted with the place and with the hospitality which they received from Messrs R. V. Dittmars and Son, proprietors of the Sea Breeze Hotel, where everything contributed to their comfort during their stay. All left on Friday for their several homes hoping to return to another Student Conference in Deep Brook.

Mrs. Robert C. Mills, who has been visiting at her home at Springhill Junction during the illness of her uncle, H. A. MacKenzie, returned to Digby on Sunday.

FRIDAY, JUNE 8, 1928

A Million Dollars for a Car Ferry

Times certainly change. Not so many years ago the people of Pictou and Charlottetown, and all over Prince Edward Island, were opposed to the inauguration of a car ferry service between Prince Edward Island and the mainland. It would hurt the port of Pictou. It would hurt the port of Charlottetown, and wouldn't work any way. There was too much ice in the Straits. There was no use talking, people wouldn't travel that way. Freight on cars would be too risky a venture when set to sea in the Northumberland Straits.

But men with vision boosted the car ferry. They saw in it an opportunity to develop the farms and business of the Island, and the car ferry was accomplished. All this was less than twenty-five years ago.

The car ferry between Cape Tormentine and Port Borden has been the salvation of Prince Edward Island. Everything has been carried on it from "million dollar foxes" to ballast trains, until the time has come when a second car ferry is needed in order to handle the business. Parliament has voted a million dollars for the additions necessary to the Prince Edward Island ferry service. Charlottetown would not go back to the old days. Now Pictou, that lost the main steamer service, on which the steamer Empress, now running between Digby

and Saint John used to operate. Pictou has another steamer, and finds that she gets as much business as ever.
All this is good news. It is a lesson for Digby. No doubt some of the hesitation in backing up the Digby-Saint John ferry scheme is fear that Digby will not get the business. Some are afraid that Digby will not get the business. Some are afraid that if the car ferry is put into commission all the men on the government wharf will be out of employment. People remember that the gypsum plant did not come to Digby but is located at Deep Brook and are afraid that Digby might be passed by.
Which seems ridiculous. Car ferries take a lot of water. To operate successfully in the bay of Fundy the wharves would have to be located where the ferries could dock at any stage of the tide, and that prevents the wharf being built very far from Digby.
Anyway, Digby is only one small part of this province. A car ferry service between this side and New Brunswick would be the means of opening the Canadian market to the farmers and fishermen of all western Nova Scotia and no selfishness should prevent Digby from taking the first step toward the accomplishment of the scheme.
Let's go after it strong, and take our chances of having the most suitable location for the terminals. The Courier believes that a car ferry would work. The handicap of tides is not impossible of overcoming, and we venture to bet that the day will come when one is built, and that the day is not far distant. Deep water extends from the government wharf to Point Prim, miles and miles of it, and a ferry wharf could be located within that area and avoid any difficulties in the nature of depth of water or construction. Let Digby be up and doing and not sit back and not let the Short Haul Route be side tracked in a way freight line altogether. If we don't, there are those who will force the matter of running rights between Saint John and Halifax on the C.N.R., and then we will wake up and take notice.

NEPTUNE IN MODERN GARB VIEWS QUEBEC

Now that Shakespearean productions are staged in plus fours, evening clothes and khaki there does not appear to be any solid objection against Father Neptune discarding his traditional garb of seaweed in favor of seaboats and sailors' tops, and the Canadian National Railways photographer recently found the son of Saturn and Ops gracefully lounging in Quebec City as depicted above. It will be noted that the old gentleman retains trident and helm but has adopted a modern steering wheel in place of horse and dolphin. This particular effigy may be found on Mountain Hill and appears to replace one which up to 1850 had place of honor over the entrance to the "Old Neptune Inn" then a noted coffee house in St. Peter Street frequented by sea-faring men. Time was when carved wooden figures frequently marked hostilities and commercial establishments in Quebec and Montreal but only a scant few have withstood the advancing years.

The Trawler and the Hand Liner

It is not difficult to see the position of the shore fishermen as regards the steam trawler. The trawler is a big producer, gets the fish, makes quick trips and in every way has the advantage over the hand line and small operator. But it is not so clear that the exclusion of the trawler would solve the difficulties which face the inshore fishermen. The trawler is not only a Canadian problem; it is an international problem, and to exclude the steam trawler from Canadian operation would not force it out of business, it would only force it to the United States, to operate from American ports. And this would not help Nova Scotia fishermen a particle. The duty on fish imported into Canada is one cent per pound, and even operating trawlers our fish dealer, the Maritime Fish Corporation, the National Fish Company and the Leonards, cannot put fish into Montreal or Toronto in competition with the United States' fleets. This covers the whole ground, excepting that the trawler, operating at certain seasons of the year, enables the Canadian fish dealer to fill the cold storage plants and gather too much stock, so that when the hand line and inshore season opens there is no market.

BAKE YOUR OWN BREAD WITH
ROYAL YEAST CAKES
The standard of Quality for over 50 years

twenty years, is poor business and will never rebuild the fishing towns and the fishing fleets of the Maritime Provinces.

The Royal Commission, majority report, minority report, whichever you like to take—you can find plenty arguments in favor of the side you choose,—but the rott of the whole matter is not the exclusion of the trawler. Control of the trawler is what is required so that two or three firms cannot control the fishing industry of the whole Atlantic seaboard.

Free Field Inspection—Certified Seed Potatoes, Lists. Close June 15

The Division of Botany, Central Experimental Farm, Ottawa, will list applications for inspection, free of charge, plots planted with Certified Seed potatoes with a view to certification. Application must be made, on the proper form provided, and be received for listing not later than June 15, in order to receive free inspection.

Applications received after that date cannot be guaranteed inspection. Where possible, inspection may be granted late applicants, but only on their agreeing to pay all costs incurred by the inspector in connection with his visits.

Application forms may be obtained from Mr. W. K. McCulloch, District Inspector, Laboratory of Plant Pathology, Kentville, N.S., and will be accepted at the same address for listing for inspection.

It is not the chief purpose of the Department of Agriculture to encourage growers to plant certified seed with a view to having their crops inspected for certification purposes, because every potato-grower has not the necessary patience and the time, or suitable location and equipment for growing certified seed. The object rather is to have growers plant the best seed obtainable for their commercial crop, and to help to keep down to a minimum destructive plant diseases with their resultant serious effect on yields. It is desirable to obtain greater acre-yields and so to reduce the cost of production. The use of certified seed on many farms would double the yields now being obtained.

SCOTT'S EMULSION

OBITUARY

MAXIMILLIAN ASHKINS

In the death of Maximillian Ashkins, which occurred at his residence at eight o'clock, Thursday evening, May 25th, Weymouth lost one of its best known and highly respected citizens. A patient sufferer from the dread disease, diabetes, Mr. Ashkins retired from active business participation four years ago. He visited the larger cities in the United States, England, France and Italy in pursuit of health and special treatment, returning to New Jersey after a year's absence. He arrived in Weymouth about a year ago, apparently delighted to be back in his home place. For a while after his return he seemed to gain, surrounded as he was by familiar faces and familiar things. But as time passed it was noted that he was gradually failing. A few months ago he suffered a severe heart attack, which, coupled with his other ailment was the cause of his death.

Born in Warsaw, Poland 60 years ago, the late Mr. Ashkins after receiving his education in the higher seats of learning of his native land, emigrated to this country and settled in Saint John, where for a time he was engaged in the practice of optometry. He came to Weymouth 38 years ago and opened a small general store, which soon developed into one of the largest and most flourishing business establishments of the place. The success of his business was due in a large measure to his efficiency and capability. Always generous of heart he was a public spirited citizen of the first class and a booster of the highest order. He married Miss Esther Ross of Saint John, who predeceased him about a year and half ago, her death taking place in a private Ladies Sanatorium at Newark, N. J. He is survived by two sons, Nathan of Minneapolis and Edward of Michigan, U.S.A., one brother, David, of Caledonia, and one sister, Mrs. Dr. Tompkins of Calicut, N. J. The late Mr. Ashkins was a member of the Masons, Oddfellows and Independent Order of Foresters.

Death of Mrs. John A. Havey

News has been received by relatives in Digby of the death at her home in West Roxbury, Mass. on May 31st, of Daisy Kate, wife of John A. Havey, Mrs. Havey was born at Freeport, Digby, Co., N.S., in August 1871, and was a daughter of the late Capt. and Mrs. George Crocker. Of a large family only three brothers remain, Joseph A., of Freeport, Arnold of Port Maitland, Vermont Co., and Howard, of Halifax.

Mrs. Havey had a great capacity for making and holding friends. At Freeport, where she resided until her marriage, she was greatly loved, and on entering life in her new home in Roslindale, Mass., she quickly won to herself friends of sterling worth. Notwithstanding a busy life in her own home, she held a large place in the life of the church and community in which she lived and many turned to her for advice and sympathy.

For the past two years Mrs. Havey has been steadily failing in health, and for a few months has been completely invalided. Besides her husband, two sons and four daughters are sorely bereaved, she leaves a large circle of relatives and friends to whom life seems the poorer for her passing.

Mount Pleasant

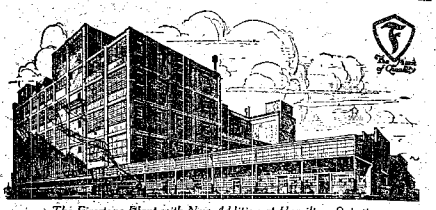

Mr. and Mrs. Samuel McGrath, of Digby, spent Sunday May 26th, with Mr. and Mrs. Isaac Everett.

Miss Ida Kinney spent a few days this week in Digby the guest of Mr. and Mrs. John G. VanTassel.

JASPER PARK IS POPULAR

The National Parks of Canada are growing in popularity, both with Canadians and with visitors from other countries, according to a report from the Canadian National Railways hotel department, based upon the number of visitors accommodated during the season of 1927 at Jasper Park Lodge, the railway hotel which is situated in Canada's largest National Park in the heart of the Canadian Rockies. Not only are the numbers of United States citizens greater than in previous years, but the registration figures show a growing tendency on the part of Canadians themselves to take advantage of the magnificent playgrounds which have been set aside for them. Of total registrations for periods longer than one day, numbering 6,500, approximately 2,600 registered from points in Canada, a greater registration of Canadians than in any previous year.

Of the 6,500 guests who registered at the Lodge during the 1927 season, 3,600 were from points in the United States, the state of California leading with 840 registrations. Other states largely represented were Illinois with 400; New York State, 348; Minnesota, 251; Ohio, 208; Pennsylvania 161 and Michigan 85. Of those registering from Canada, 278 were from Quebec; 978 from Ontario; 455 from Manitoba; 395 from British Columbia; 358 from Alberta; 231 from Saskatchewan and the balance from the Maritime provinces. There are several reasons for the growing popularity of Jasper Park Lodge, according to A. S. McLean, General Superintendent of Canadian National Hotels. The building of additional highways and trails in the park, making the distant beauty spots more accessible to visitors, the construction of chalets at such beauty spots as Medicine and Mal-

igne Lakes and the spreading fame of Canada's finest scenic golf course being among them. At Medicine and Maligie Lakes—the latter the largest glacial lake in the Canadian Rockies, chalets have been built for the convenience of trail riding parties and trails have been improved so that the journey of sixty miles through the mountains is delightful and without hardship. There is also the fact that during the past season the area of the park has been extended to 5,300 square miles by taking in the magnificent Columbia Icefield section, one of the finest big game territories in the Rockies and comprising the largest icefield in Canada. At the conclusion of their convention at Edmonton this year, the members of the Canadian Weekly Newspapers Association will visit Jasper Park Lodge and will spend a short time in this magnificent mountain playground.

Acaciaville

Mrs. Samuel Peck is visiting her daughter, Mrs. John Banks at Bear River.

Mrs. Charles Hixman is visiting her daughter, Mrs. Levi Peck at Bear River.

Miss Gertrude Mallett spent the holiday with friends in Canaan, Yarmouth Co.

Miss Margaret Goldsmith, R. N. is specialising a case at the Digby General Hospital.

Mrs. Lyman Whitman, a former teacher here, was the week end guest of Mrs. Goudy Nichols.

A pie social was held in the Hill Grove school house on Friday evening. Proceeds amounted to \$20.00.

Mr. and Mrs. Leigh Marshall and family, Mrs. Hannah Bell attended the Collins-Marshall wedding at the home of Mr. and Mrs. H. H. Marshall Saturday evening.

Freeport

Rev. Mr. Ambrose of Halifax occupied the pulpit here on Sunday.

Mrs. Thomas Jeffery of Kentville is the guest of her mother, Mrs. Doris Nickerson.

Mrs. Munn of Cambridge, Mass., is visiting her parents, Mr. and Mrs. Harris Young.

Fred Stevens was called to New York last week owing to the serious illness of his son, Ernest.

Mrs. Harris Young and Mrs. Charles Morrell have returned home after attending the closing at Acadia, they were accompanied by Mrs. Young's son, William, of Kentville.

Mr. and Mrs. C. A. Haines and daughter, Mae, have returned from Saint John, where Mr. Haines has been for medical treatment and we are sorry to report he is not improving as we would like to see him.

Mrs. Charles Stevens, Mrs. Peterson and Mrs. Stanley Gillis of Somerville, Mass., were called home owing to the illness and death of their father, Herbert Thubert, they were accompanied by Mr. Stevens who will spend a few weeks with his parents.

The funeral of the late Herbert Thubert took place on Friday afternoon from his home here. The service was conducted by Rev. P. M. Hamilton, the hymns sung were "In the Garden" and "We'll Never Say Good Bye in Heaven". The bearers were W. P. Leonard and Albert Perry, and William Moran, brothers-in-law of the deceased. The floral offerings were beautiful. We extend our sympathy to the widow and daughters in the loss of a kind and loving husband and father.

Little River

Mr. Wightman of Digby was in this place on business Monday.

Miss Pauline Denton of Digby spent Tuesday with Miss Freda Tidd.

Mr. Burroughs has purchased the house owned by C. L. Denton and is moving in.

Mr. and Mrs. Douglas Denton and his mother, Mrs. Theodora Denton of Halifax spent the week end with relatives here.

The Digby Choir of the Baptist church assisted our choir at the roll call service on Sunday afternoon. A number of their friends also accompanied them. There were large crowds from the neighboring villages that attended the service.

Mr. and Mrs. Leland Stanford of New York spent the week end with her sister-in-law, Mrs. Wilfred Trask and Mr. Trask. They returned on Monday, motoring to Yarmouth accompanied by Mrs. Trask, her mother Mrs. Sydney Denton.

Harvey Denton of Acadia University, is spending a few days with his parents, Mr. and Mrs. Thomas Denton, before taking up a summer pastorate at Mount Hanley Annapolis Co. At a recent track and field meet held at Sackville, N. B. he established a new Mar time Intercollegiate record for the mile run.

Weddings

MARSHALL-COLLINS

On Saturday evening June 2nd, at the home of Mr. and Mrs. H. H. Marshall, Digby, Miss Florence Marshall, daughter of Mr. and Mrs. Leigh Marshall, Hill Grove and Kingsley Ernest Collins, son of Mr. and Mrs. Ernest Collins, Digby, were united in marriage in the presence of immediate relatives, by Rev. F. E. Bishop, of the Digby Baptist Church. Following the ceremony refreshments were served.

Mr. and Mrs. Collins will reside on Warwick Street, Digby, N.S.

OUTHOUSE-OUTHOUSE

At the Germain Street Baptist Parsonage, Saint John, N.B., on May 23, Miss Lola Mae Outhouse, daughter of Mr. and Mrs. George J. Outhouse, and Mr. Emmerson Newton Outhouse, son of Mr. and Mrs. Merrill P. Outhouse, both of Tiverton, N.S., were united in marriage by Rev. L. L. Poole.

The bride was dressed in blue flat crepe with blue coat and hat to match. The double ring service was used, and the couple were unattended. The happy couple will reside in Tiverton, N.S.

Before and After Prohibition

(By Admiral Mark Kerr, R. N.)

(The White Ribbon and Wags)

While I was in Newfoundland, Canada, and the States, I had a good opportunity of studying the results of Prohibition as I had been in all the countries before the time when the law was generally enforced. It was not usually known that Prohibition had existed in some of the States of America for many years. It was originally brought into the Southern States because it was found that the negroes on the plantations did not work well so long as they could obtain alcoholic drinks, and it was found impossible to prevent them from getting them unless Prohibition was brought in for everybody. Other States then began to realize the wonderful prosperity that came with the absence of drink, and several more of them voted for Prohibition.

PROHIBITION IN NEWFOUNDLAND

The first place where its benefits were brought home to me was in Newfoundland, where I had been twice before the War, and had seen the Colony in its drinking days. St. John's, the capital, was not a pleasant place when the fishing or sealing fleets returned from their voyages. Sobriety was not existent, or hid itself, and the results were poignantly seen in the homes of the poor people, both outside and inside the town. There was no comfort, no luxury, and the children looked bloodless, ill-clothed and underfed. The next time I visited Newfoundland, in 1919, it was under the ban of Prohibition, which had been instituted during the War, and had been in force over four years. Never have I seen such a difference in a place in so short a space of time. Drunkenness was unknown, the houses were comfortable, many having pianos and gramophones; the children were well

fed and happy, and many people were keeping small cars, where previous to Prohibition all was wretchedness and poverty. They had got out of the vicious circle, which one so often hears about in Great Britain. This vicious circle continues in the Mother Country, but has been broken in the United States of America, and during the War in Canada and some of the Colonies.

PROHIBITION IN THE UNITED STATES AND CANADA

The results are very wonderful, and at the same time natural. Instead of burning the candle at both ends, they save it, for, in addition to the wife getting the wages which formerly went down the sink of iniquity, the average work of the men in the United States of America has increased 10 per cent. since Prohibition came in. The saving is enormous, for the drink bill of the United States was formerly estimated at five thousand million sterling per annum; and as drink making and consuming is unproductive labour, which they have now done away with, some of the money must be added to the ten per cent. increase of work of every able-bodied man in the United States of America, to get the total gain which is resulting economically from Prohibition. But this does not exhaust the good, for in those States where it has existed for some time, such as Kansas, or Oregon, lunatic asylums and poor houses are unknown, and the common lot of people who formerly were poverty-stricken. One of the richest men in Kansas (Mr. Robert Walchman) told me that they had not had a man in the State prison for seventeen years, and the office of Sheriff had been abolished. This gentleman had also been Governor of Ellis Island, New York, for fifteen years, and it was his duty to inspect and go into the medical history of all immigrants. During this period he had investigated the percentage of all people of weak intellect who tried to get admission to the United States of America, and he said that practically every case was shown to be the result of alcoholism in both parents. It will no doubt take time before smuggling can be stopped, especially in some of the eastern seaboard towns. In one part of Canada where I stayed, the younger men of the town, having been under age before the War, had grown up without having tasted liquor, and with no desire for drinking. The result on the sobriety of the town was most remarkable, and this also has been found in different parts of the States, where Prohibition has been in force for sufficient time. Drink is an acquired habit, and I know of no one who liked it when they began to drink it, as I also know of few people who like to leave it off when they have once established a taste for it.

Winipeg.—According to statistics recently collected from 248,182 farms, there are 102.8 horses to each farm in Manitoba and a tractor to every 4.6 farms in the province. Each Saskatchewan farm has 18.2 horses and there is one tractor to every 4.7 farms. In Alberta there are 10.8 horses to each farm and one tractor to every 1.5 farms.

Ottawa, Ontario.—Employment stood at a higher level in Canada in April, 1928, than in any April as far back as records go. Returns from 6,191 employers of labor with working forces aggregating 842,940 persons, showed the employment index standing at 102.8, as compared with 96.2 in April, 1927, and 84.1 in April, 1926.

Winnipeg.—Homestead entries in the four Western Provinces for the first quarter of the year totalled 1,816, as compared with 1,030 in the first quarter of 1927. Filings in Manitoba were 107, as compared with 138; in Saskatchewan 655 as against 513; in Alberta 982, as compared with 967, and in British Columbia 72, against 12.

Earnings and expense statement of the Canadian Pacific Railway for the month of April, issued from headquarters of the company, show net profits up \$150,944.85 as compared with April of last year. Net profits for the four months to end of April are shown increased by \$1,802,617.71 as compared with the same period of 1927.

The English Rugby League Football team, at the present time touring Australia and New Zealand, are scheduled to arrive at Vancouver on R. M. S. Niagara, September 14, and will play a game there next day, leaving on the Trans-Canada afterwards for Montreal where another game will be played September 20, before sailing for England on the Duchess of Atholl next day.

Free scholarships to C. P. R. apprentices or employees under 21 or to minor sons of employees of the company covering five years' tuition in Chemical or Civil Engineering at the Ecole Polytechnique of the University of Montreal and four years' tuition at the Montreal School for higher commercial studies are announced by circular order of the directors of the C. P. R. The scholarships are two in number, one at each of the institutions of learning mentioned and are awarded by highest standing in competitive examination.

Drink is an acquired habit, and I know of no one who liked it when they began to drink it, as I also know of few people who like to leave it off when they have once established a taste for it.

Winipeg.—According to statistics recently collected from 248,182 farms, there are 102.8 horses to each farm in Manitoba and a tractor to every 4.6 farms in the province. Each Saskatchewan farm has 18.2 horses and there is one tractor to every 4.7 farms. In Alberta there are 10.8 horses to each farm and one tractor to every 1.5 farms.

Ottawa, Ontario.—Employment stood at a higher level in Canada in April, 1928, than in any April as far back as records go. Returns from 6,191 employers of labor with working forces aggregating 842,940 persons, showed the employment index standing at 102.8, as compared with 96.2 in April, 1927, and 84.1 in April, 1926.

Winnipeg.—Homestead entries in the four Western Provinces for the first quarter of the year totalled 1,816, as compared with 1,030 in the first quarter of 1927. Filings in Manitoba were 107, as compared with 138; in Saskatchewan 655 as against 513; in Alberta 982, as compared with 967, and in British Columbia 72, against 12.

Earnings and expense statement of the Canadian Pacific Railway for the month of April, issued from headquarters of the company, show net profits up \$150,944.85 as compared with April of last year. Net profits for the four months to end of April are shown increased by \$1,802,617.71 as compared with the same period of 1927.

The English Rugby League Football team, at the present time touring Australia and New Zealand, are scheduled to arrive at Vancouver on R. M. S. Niagara, September 14, and will play a game there next day, leaving on the Trans-Canada afterwards for Montreal where another game will be played September 20, before sailing for England on the Duchess of Atholl next day.

Free scholarships to C. P. R. apprentices or employees under 21 or to minor sons of employees of the company covering five years' tuition in Chemical or Civil Engineering at the Ecole Polytechnique of the University of Montreal and four years' tuition at the Montreal School for higher commercial studies are announced by circular order of the directors of the C. P. R. The scholarships are two in number, one at each of the institutions of learning mentioned and are awarded by highest standing in competitive examination.

Bear River United Church C.G.I.T. Holds Successful Banquet

Friday evening "Mother and Daughter" Banquet in the Vestry of the United Church, Bear River, put on and carried out by the C. G. I. T. group. Mrs. Harry Anthony, Leader, was a credit to those in charge.

The beautiful table decorations of apple blossoms and lily of the valley in silver vases, and brass candlesticks with pink candles, added to the enjoyment of the beautiful menu, which was served in courses, from soup to nuts, bouillons and coffee.

A program of "Toasts" and responses followed the banquet. Miss Hattie Wamboldt, acting as toast master, viz—

"The King"—response, National Anthem.

The Church—A very fine response by Mrs. Joseph Langley.

Our Guests—responded to by Mrs. L. J. Lovett.

In appropriate words Mrs. Richard Baxter voiced appreciation of the wonderful work Mrs. Anthony had done in giving so much training of the group, and proposed a toast to her as Leader.

Mrs. Anthony replied by outlining the work the groups had accomplished, its financial condition and expressed the hope that a camping trip would be possible later, beside sending one or two of its members to the official C.G.I.T. camps at Wallace, or Pichebust, N. S.

The singing of a number of C.G. I. T. songs, completed a most enjoyable evening for the mothers and substitute mothers who were the guests.

Seven in Ten Men Past 40 Need This Special Treatment

Writer Explains Wondrous Value of Doctor Southworth's "Uratabs" And Invites All to Try Them Without Cost Unless Pleased

With middle age comes a weakening of the body. Every man who notices such depressing symptoms of Lamebacks, Pains in back and joints, sluggish action, scanty but frequent and burning Urination, "Getting-up Nights," Nervous Irritability and Lack of Force—should at once try the amazing value of Dr. Southworth's URATABS.

While new to many, the truly remarkable value of URATABS has been thoroughly proven by more than 40 years of successful use in the private practice of Dr. H. C. Southworth. Reports from Doctors and Users alike offer convincing proof: "I have never found anything to help my case until I tried URATABS."

URATABS are the best thing for Bladder Weakness and Irritation. I have ever used. "No more backaches, no more pain, no more daily embarrassment or Getting-up-nights. I now sleep soundly and get up in the morning full of pep—thanks to URATABS."—This is amazing evidence!

No matter how long you have been troubled or how stubborn your case may seem to be, a ten day test of Dr. Southworth's URATABS offers comfort and relief—and you can make the test without risk of cost, for any good druggist will supply you on guarantee of money back if not satisfied. Try URATABS today!

The June session of Supreme Court will open on Tuesday next. There are two civil cases and four criminal cases on the docket. The criminal cases are: The King vs Vigneau; the King vs Howell, both charged with violation of the Excise Act; the King vs Leut, assault, and the King vs Dunn, manslaughter.

Substantial progress towards Prohibition is being recorded in Ceylon. A comparative statement compiled by the Colombo Total Abstinence Central Union indicates that the total number of liquor licences, which amounted to 2138 in 1918, has been now reduced to 1032. During the decade the number of arrack taverns has been reduced from 690 to 159, toddy taverns from 737 to 164, and foreign liquor licences from 711 to 709.

THE BEAR RIVER WEEKLY COURIER

For Home and Country

Edited by Woman's Institute Bear River

Monument to Heroic War Nurse

Mount Edith Cavell, in Jasper National Park, which will be visited by Canadian Weekly Newspaper editors and their wives after their Edmonton convention is one of the most strikingly beautiful peaks within easy reach of Jasper Park Lodge, and it is easily reached by means of the Cavell motor highway, which, after skirting the scenic golf course for which Jasper Park is now world-famous, climbs from the Athabasca Valley to the very foot of the Glacier of the Angels. Mount Edith Cavell was named in honor of Britain's heroic war nurse, and a visit to Jasper National Park inspired the following article by Thomas Arde Clark, Dean of Men, University of Illinois, which was contributed to the Chicago Daily News.

"When Simon Garvey died—that was a good many years ago—he left a considerable sum of money to put up a monument to his memory. It was an imposing structure, as monuments went in our community, of sandstone and attracted attention.

"I saw it a few weeks ago when I visited the old cemetery. Time has ravaged it. Rain and hail and frost have eaten into it, and the foundations, none too firm at the beginning, are gradually crumbling. Fifty years more, and it will be a wreck, and Simon Garvey's name will have been forgotten.

"Every normal human being cherishes the thought that he will do something during his lifetime that will cause him to be remembered.

"Our friends have the same feeling about us, and it is that feeling which fills cemeteries with monuments to the dead. Some of the most beautiful and wonderful structures of the world were built in honor of individuals—the Taj Mahal in India, the pyramids in Egypt, and the tomb of Victor Emmanuel in Rome, and that most beautiful monument in our own country, the memorial to Lincoln at Washington.

"In modern times, at least, we have given much honor to the man who won distinction or gave his life in war. The tall shaft that rises high in the midst of Trafalgar Square keeps Nelson's achievements always before the minds of the busy Londoner. But these monuments, glorious as they are, seem insignificant and tawdry when compared with the monument which the Canadians have dedicated to a woman—Edith Cavell.

"It rises 10,000 feet or more, towering above the surrounding peaks, one of the most beautiful of the beautiful mountains in the Canadian Rockies, grown-out even in mid-summer, its Great Glacier hanging like a nun's veil over its glorious head.

"One cannot keep his eyes off it. There are other beautiful mountains near by, but always one comes back to Edith Cavell. As long as the world it will stand, when the pyramids have crumbled into dust and the Taj Mahal is a forgotten memory, it will still rear its snow-capped head to the heavens, the most glorious monument ever devised to the memory of a noble woman."

Port Wade

Mrs. James Johns who has been visiting in Wolfville has returned home.

James W. Snow made a business trip to Eastport this week, returning on Thursday.

Mrs. Vandora White, of Yarmouth, is spending the week with her mother, Mrs. Jane Litch.

The President, from Charlotte, town, P. E. I. visited the Rebekah Lodge on Monday evening. Degree work was put on. Lunch was served.

Mr. and Mrs. Alfred Porter entertained a few friends at Bridge on Wednesday night. Mrs. Cunningham was the prize winner for the highest score.

The tennis tea last Thursday, the first of the season, was most successful in spite of the weather with about twenty-five or six members present. The courts are in splendid condition and some very good tennis was enjoyed. Tea was served shortly after six by the tea committee, Mrs. W. M. Romans, Miss A. M. Rice, Mrs. J. R. Moore assisted by Henry Romans.

This Modern Life!

Its Habits Produce Constipation, which "Fruit-a-tives" Corrects

MONTREAL, Que., June 7.—After suffering many years from constipation, I was advised to try "Fruit-a-tives." All my ills are gone now," Mrs. H. Godin. Indoor work, soft, rich foods, lack of exercise impair our bodily functions. The most common evidence is constipation. Normal intestinal activity, denied to most of us by our way of living, is restored and maintained by "Fruit-a-tives," made of the juices of fresh, ripe fruit, blended with health-building foods. 25c and 50c a box.

Lovely Northern

Visitor Honored

Mrs. Robert Best entertained with a bridge luncheon at her home on Merrill street, Boston, on Wednesday complimentary to Mrs. Reginald Benson of Bear River, Nova Scotia, who has been the house guest of her sister, Mrs. George O. Tessier, for the winter. Covers were laid for Mrs. John Quinn, Mrs. W. D. Rhodes, Mrs. Al Moriarity, Mrs. D. E. Horning, Mrs. C. W. Tessier, Mrs. George Tessier and Mrs. O. R. Meister.

Mrs. Benson left Thursday for Los Angeles, where she will meet friends and accompany them to Boston before returning to Nova Scotia. While here she was made the inspiration for a number of interesting affairs.

Mrs. R. Benson of Bear River, Nova Scotia, was guest of honor at a bridge dinner given Wednesday evening by Mrs. Lena Whitney at her home on North Eleventh street. Besides the honor guest, covers were laid for Mr. and Mrs. G. D. Tessier, Mr. and Mrs. Harold Humphreys, Mr. and Mrs. C. R. Mieser, and Kenneth Webber of Flag staff, Ariz.

OBITUARY

ALFRED L. THOMAS

Alfred L. Thomas of Columbus, Montana, died May 3rd. He was the son of the late John V. Thomas of Bear River and was very successful in the sheep business in Montana. He is survived by his wife who was Miss Marion Otto, and two sons, also one brother, Malcolm Thomas of Bear River and one sister, Mrs. Melita Dunn of Dorchester, Mass.

Arizona Republican

MRS. EDWIN MILLER

Last week friends at Bear River received news of the recent death of Lucy, widow of the late Edwin Miller, in Philadelphia.

Mrs. Miller was eighty two years of age and leaves to mourn three daughters, Jennie, Hettie and Nellie, with whom she had made her home for a number of years.

Settlers for Maritimes

The incoming tide of settlers to the Maritimes Provinces is continuing to increase. Recently 63 new settlers arrived at Halifax for the Maritime Provinces by the Colonization Department of the Canadian National Railways at Moncton, which is in charge of F. C. Biette, Superintendent of Land Settlement, Maritime Division.

They were brought to Canada through the efforts of these Railways and are a fine class of immigrant, being made up mostly of Danes and others from the Scandinavian countries.

Several were placed in Nova Scotia. These settlers are a decided asset to the Maritime Provinces, being thrifty, industrious, and they stay in the Maritimes, where they find conditions suitable to their type, and where the prospects of making a success are as good, if not better, than elsewhere in Canada.

Tours Across Canada

Among the great wheat producing areas of the Empire the Canadian West holds first place. In fact, it ranks among the greatest of the world's sources of wheat and millions of bushels are exported annually. Much has been written about the Canadian West but to visit it is a revelation and an education in itself. The vast open spaces covered with waving grain stretch for miles as far as the eye can see with farm houses, barns, and elevators scattered over the landscape.

Another of the attractions of the Canadian West are the Rocky Mountains with their snow-capped peaks rising thousands of feet into the air and glistening glaciers.

The Pacific Coast of British Columbia proves an irresistible lure for many with its deep fjords and other Norwegian scenery and the cities of Vancouver and Victoria.

Alaska, the Land of the Midnight Sun, is another of those places where the visitor is enchanted with the strangeness and beauties of the landscape and the romance of gold rush days. The view of the sun at midnight is an experience not soon forgotten by those who have seen the spectacle.

And yet the cost of a trip of this kind is not prohibitive, especially when taken under the guidance of one of our personally conducted all expense tours via the lines of the Canadian National Railways.

On July 12th the Adam's Personality Conducted All Expense Tour will leave Montreal for Western Canada visiting enroute the Canadian Rockies, Jasper Park Lodge (Canada's largest national playground) Banff, Lake Louise, the coast line of British Columbia between and including Vancouver and Prince Rupert, Victoria, Vainwright, Buffalo Park and taking in the Great Lakes Cruise. The fare which includes all expenses, is \$320.00 and up per person, according to accommodation desired. The tour terminates at Montreal on August 4th.

On July 4th, from Toronto, another personally conducted All Expense Tour starts for the Canadian West, under the auspices of the Kerr-Bryson Tours, which covers territory similar to the Adam's Tour and includes also Seattle and Nainok. The rates for this tour are \$324.00 and up per person. An extension of this tour includes Alaska, the rates for this being \$395.00 and up per person. The former tour terminates at Toronto on July 26th and the latter on July 30th.

Full particulars of these tours, with illustrated booklets descriptive of the country visited, may be obtained from Mr. F. W. Robertson, General Passenger Agent, Canadian National Railways, Montreal. N. B. or C. A. Adams, B. A., Gamby, Que., in connection with Adams' Tour, and Martin Kerr, B. A., 4 Brough Avenue, Hamilton, Ont. or A. E. Bryson, 44 Silverthorne Avenue, Toronto, 9 Ont. relative to Kerr-Bryson Tours.

A Lovely Skin of Soft, Smooth Texture

Soft, glowing color and velvet smoothness are the skin's reflections of "blood health" within.

When taking TRU-BLOOD use Buckley's OINTMENT as an external treatment. This magic Ointment does wonders in correcting skin blemishes, in softening and beautifying the skin.

Read what these men say. One writes: "Tru-Blood is working marvelously with me." Another says: "I recommend Tru-Blood to my neighbors and they find it better than any preparation they have ever used." Still another writes: "I cannot praise it enough. As long as I live I will never be without Tru-Blood."

You will find its praise, too. Go to any good druggist for these proven "Buckley's" products and acquire "The Skin That Shines."

30,000 Men Beg the Chance to Supply Fish Market

Regarding the report of the Royal Fisheries Commission and newspaper articles relative to it, Austria E. Nickerson, Yarmouth fish merchant, in behalf of the fishermen of Yarmouth County and adjoining sections, has issued the following statement:

"The fishermen and the shore fishing industry of Nova Scotia are strongly in favor of the majority report. So far as the lobster fishermen are concerned, there is no dissatisfaction. The fishermen know that the catches are dwindling, year by year, in spite of the increasing number of traps, and all appear willing, and we might say pleased, to know that there is to be a size limit. Even the factory owners are practically unanimous in the opinion that it is the best thing that could be done for the future of the industry.

"As to the beam trawler, it seems as though the trawler operators and their association, the so-called 'Canadian Fisheries Association' are making a great hullabaloo about the majority report. It should be called to the attention of the Canadian public, as well as to members of the Cabinet, and members of Parliament, that the Canadian Fisheries Association is not, a representation of fishermen, and does not, in any way, represent the fishermen of Nova Scotia. The official organ of this association, the 'Canadian Fisherman,' in its issue of November, 1927, states 'The day of the steam trawler is coming. It looms black and forbidding on the horizon; forbidding because of the losing fight that will be put up against them.' There will always be a place for the shore boat fishermen but that place will be at the wings of the stage, not the centre."

"In its editorial of the same date, it states that the fishermen's organizations should turn their attention to other means for remedying their situation and not make a fight against the trawler. The first remedy they suggest is a 'boon' on fishermen's boats; the second, 'subsidies on their gear, gasoline and

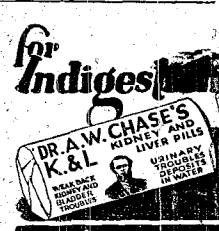

other supplies'; and the third 'let the trawler alone' doesn't sound much like good business sense does it? They then go on to say that the trawler is an economic necessity if our industry is to achieve its place in the sun with other members of 'big business'."

"The last statement is misleading, though quite true. Their industry is not the Nova Scotia fishing industry, it is the beam trawler industry, which is directly in opposition to the Nova Scotia fishing industry and as stated by the report of the Commission 'one or the other must go'."

"The title of the journal is misleading, for it does not represent any Canadian fishermen, that we know of, but it does represent a body of Canadian business men, from practically all the large cities of Canada. So far as we know, there are no Nova Scotia members of the Canadian Fisheries Association, except men interested in the beam trawler industry. Therefore, the Association and its official organ are in favor of beam trawlers."

"Conditions in the fishing industry of Nova Scotia are serious. Some change must be made and made quickly. We believe the government fully realized that, last year, when the Royal Commission was appointed, and things have not improved any since then."

"The claim that the trawler is a necessity is all rot. If we once let our thousands of fishermen know that we have a market for our fish, we will soon show the country all the fish they require. There is already much talk of larger boats and more boats. There are some thirty-odd thousand fishermen in the Maritime Provinces, and these men are fairly begging for a chance to go fishing and supply the Canadian market. They don't want to live in poverty, when the waters all around their shores are swarming with fish that can easily be caught, but under present conditions can not be sold. This country does not need, and cannot use, the fish produced by the trawlers, without taking away a large part of the livelihood of the native fishermen. On the other hand, the only Nova Scotians who derive any benefit from the trawlers are the highly salaried officials of the three com-

panies, who operate them, and the hundred people they employ.

"In a recent newspaper article one trawler operator mentioned fifteen Canadian trawlers. We'd like to ask him where these can be found. Not on the Atlantic coast, we are sure. But that, like some more of their statements is simply few misleading the general public."

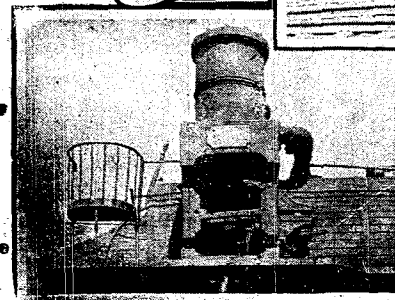

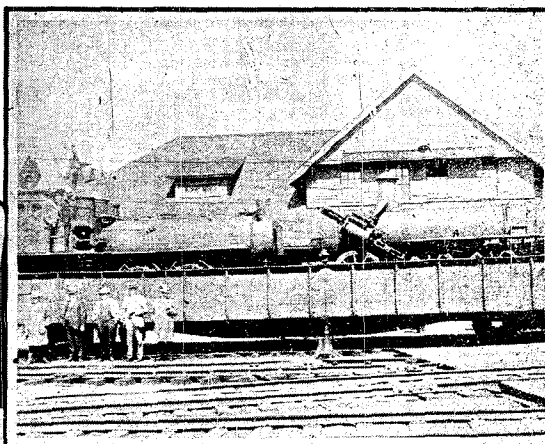

"The shore fishermen of the Maritime Provinces must be given the opportunity to provide a fair living for their families, and they can not do this under present conditions, because the country is flooded with beam trawler fish. In offering haddock, in Montreal, we were informed that the National and Maritime were selling haddock at \$3.60 per hundred pounds, delivered in Montreal. That would net them about \$1.25 per hundred weight. Anyone will know that they cannot break even at those figures, and unless they are greatly overstocked, we cannot see why such low prices exist."

"HELPED ME WONDERFULLY"

Woman Strengthened by Taking Lydia E. Pinkham's Vegetable Compound

Port Colborne, Ont.—"After having an operation, I was very miserable, weak, nervous and very near unto to work. I saw Lydia E. Pinkham's Vegetable Compound advertised and tried it and believe it helped me wonderfully. I have no weak spots any more, the pains have left me and my nerves are much better. I feel safe in saying Lydia E. Pinkham's medicine have helped me wonderfully."—Mrs. Wm. H. Bissett, Box 143, Port Colborne, Ont.

THE RETURN OF THE EXILES

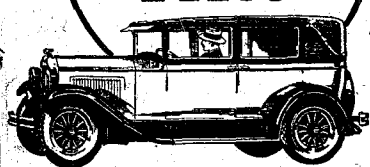

Timothy Hackworth
**New Shildon
DURHAM**
Built 1838

LOVE is pictured the old locomotives "Samson" and "Albion" as they looked when passing through Moncton on their way to Halifax where they will be presented formally to the Province of Nova Scotia by the Baltimore and Ohio Railroad, in whose possession they have been for some years, on June 1st. The centre inset is a facsimile of the brass plate on one of the cylinders of the "Samson" as shown at the left. The "Albion" was constructed at Newcastle on Tyne, England, in 1851, by Rains and Burn. The picture at the lower right shows the old coach drawn by the "Samson" and constructed by Timothy Hackworth. The coach was known as "The Bride's Coach," due to its having transported the bride of the then Governor General of Nova Scotia to her new home. The Governor General was married the day following his arrival in Nova Scotia, he was married on the same ship that brought the coach from England, where it was built. A tradition sprang up in connection with this event to the effect that if any unmarried girl in the coach for ten minutes without speaking, she would be married within a year. Sir Henry Thornton, president of the Canadian National Railways, agreed to transport the locomotives from the international boundary to Halifax, and to care for them there until such time as they are formally presented to the Province.

A Better Car than Ever at its Price

THE New Series Pontiac Six was designed and built in the belief that everybody admires style in a motor car.

So, in Pontiac Six, everybody can enjoy it. Beautifully-proportioned bodies that tell their Fisher craftsmanship at a glance. . . Long, low lines and deep, massive radiator design. . . Rich harmonies of color in exterior Duco and interior trim. . . Delightful evidence of luxury in upholstery and appointments. . . PLUS the smoothness of Pontiac's powerful "Six" engine. . . the safety of Four Wheel Brakes. . . and the comfort of Lovejoy Hydraulic Shock Absorbers.

WHEEL BRAKES—LOVEJOY Shock Absorbers

No wonder the New Series Pontiac Six literally leads its field in style and refinement. Prove it all for yourself by a demonstration.

Not a Trade—An Economic Desolation

The men engaged in the liquor traffic are fond of referring to it as "The trade." It is not a trade. A trade is an exchange of commodities, value given for value received. What value does the bar give to its customers in exchange for the money it gets? None! The patrons of the bar would be better off if they spent the money without consuming the goods. They would be better off if they got nothing at all for their money. What kind of a trade is it that leaves its patrons better off if they left the place after paying the money without taking along the goods? The patrons of the bar would be better off if they sent the money to the bar by mail or express, and left the goods barrelled and bottled under cork and bung. It is not a trade.

AN ECONOMIC DESOLATION

They call it a business. The Czar of Russia called it "an economic desolation." What is it that makes good business, keeps labour employed, factories busy, and wages high? Orders! Orders for immediate and future delivery. The commercial traveller is out for orders. He represents the manufacturer. The manufacturer depends on the retailer, and the retailer depends on the customer with needs to supply and money to buy. The gambler who takes your money and gives you nothing in return is a saint compared with the licensed bar.

When a man goes into a gambling den he either gets something for nothing, or nothing for something. A man who gets something for nothing is a thief; a man who gets nothing for something is a fool; but the liquor traffic takes your money and gives you worse than nothing in return.

IT IS NOT A BUSINESS

What is business? Business is a service rendered for profit. The men engaged in the grocery and dry goods and furniture lines of trade are rendering you a service and are entitled to legitimate profit. You want the goods more than you want the money; they want the money more than they want the goods. You exchange values for a legitimate profit. That's business. A man can engage in that without sacrificing his religion, without damaging his character, and without losing his self-respect. He does all three when he runs a bar. And they call it business!

BUSINESS IS A SERVICE RENDERED FOR PROFIT;

charity is a service rendered without profit. What is the liquor traffic? Profit without service, and profit without service is a crime. The liquor traffic is a crime. It not only takes exorbitant profit without service, millions of dollars every year, which would be a crime if it gave nothing in return; but it gives to society, in return for the money it gets, poverty, disease, insanity, idiocy, impurity, criminality, corrupted politics, wrecked homes, and destroyed manhood. It takes millions of dollars from the pockets of the people, and it costs the people other millions every year for what the liquor traffic gives them in return. The liquor traffic robs a man of his money, and commits an assault upon his person, his character, his family, his home, his country, and his God. It is a national criminal on the highway of this Christian Dominion.—Clinton Howard, Alberta.

What fragrant freshness in the new "KING COLE" COFFEE

Here and There

(79) The Rocky Mountain Lakes fishing season was opened recently with a catch of a thirty-two pound lake trout by George Andrews of Banff, in Lake Minnewanka. A number of others of not such a great weight were caught by guests of the Banff Springs Hotel.

The month of April was the most successful so far this year from the standpoint of families settled, according to a statement issued by the Canada Colonization Association. During the month 81 families were added throughout the Dominion on 19,349 acres of land, bringing the total of settlements from the first of the year up to 224 on 46,207 acres.

There are in Alberta today 77,159 farmers who have 324,324 horses in use and 10,225 tractors. In Saskatchewan records show 116,762 farmers with 1,190,668 horses and 24,367 tractors. Manitoba has 51,200 farmers with 356,480 horses and 10,833 tractors. The survey would indicate that while the horse is yet far from being a back number on Western Canadian farms, the day of the tractor has definitely arrived.

Miss Jean Cameron, who came to her parents from England at the age of four, at ten commenced trapping in the district of her father's home. Today, at the age of 21, she finds it quite a lucrative and congenial pursuit, and quite superior to any occupation she would keep her in the city. She follows a trap line within a ten mile radius of her house and her catch includes coyote, lynx, weasel and fox.

A record passage by a freighter and one that has only been expected of a passenger ship was recently accomplished when the Canadian Pacific Cargo steamship Beaverbush docked at Sorey Commercial Docks, London, nine days after leaving Montreal. The trip was the first out of Montreal of one of the new "Beaver" vessels and this record will be clipped by from twelve to fifteen hours now that the Beaverbush and vessels of her class are routed via the Straits of Belle Isle.

Seed growing is one of the latest industries of Vancouver Island of steadily increasing importance. Vancouver Island sweet pea seed sells on the English market from three to four shillings per pound more than the California seed. The largest sweet pea seed farm is at Duncan, which produces yearly about two tons. From 15 to 20 women are employed each year to pick, clean and pack the seed, the excellence and high quality of which is becoming world-famous.

All the sport of fishing with a minimum of destruction of fish was realized recently when a party of four members of the Frank Walton League of America enjoyed a fortnight's salmon fishing on the Caine River, New Brunswick. The party took 150 salmon and returned them all to the water except twelve. The fish ranged from 25 pounds to an average of fifteen lbs and were taken with barbed hooks and streamer flies. Very fine sport was enjoyed but the fish were in no way injured, when returned to their native stream.

CURTAIN MATERIALS AT WRIGHT'S

Local and Personal

Men's Straw Hats in hard straws and soft models, also men's Linen Outing Hats at B J Roop's.

Rev. E. W. Forbes will hold service in the school house at 8 p.m. Pleasant on Friday, June 15th at 8 p.m.

Mr and Mrs Marvin A White, of Halifax, motored to Digby on Saturday and are the guests of Mr and Mrs G Holds worth.

MEN'S STRAW HATS AT WRIGHT'S
Starting on its three trips a week schedule on Wednesday the Boston boat brought 180 passengers to Yarmouth on Wednesday.

Miss Edna Warrington returned Tuesday from a visit to Brooklyn, N.Y. She was accompanied by Mrs Harris Warrington and daughter, Eleanor, who will spend the summer here.

Miss Vera Brooks and friend Miss Margaret Keim of Saint John who have been visiting the former's cousin, Mrs Paul Yates returned home on Monday. Mrs Yates accompanied them, returning to Digby on Wednesday.

LADIES' DRIVING GLOVES AT WRIGHT'S
Never throw away a pair of shoes because they are faded. Bring them down to Hardy Bent for a coat of dye and an application of good shoe dressing. Well shined shoes make a world of difference in your appearance.

A very interesting slide on China and Tibet was given last Friday evening in the United Church Hall by Mr. A. F. Brace, Secretary of the Canadian Student Volunteers, who was in attendance at the Students' Conference at Deep Brook.

The tea business of J. E. Morse & Co. has been built on quality. Never in its close to three score years of service has it ever supplied a pound of tea to its customers that was not the best obtainable for the money. Today it is reaping the reward of this long sustained effort to give value in the largely increased patronage which the tea buying public most willingly bestows.

J. J. Wallis and son, Mr. McNaughton Wallis were visitors in Yarmouth on Wednesday, going down to see Mr. Wallis' sister, Miss Theodosia Wallis off to Boston. Miss Wallis will enter a Boston hospital for an operation and will probably make her home with sisters there after her recovery. The Wallis home in Yarmouth is to be closed. Mr. Wallis' daughter, Mrs. Gordon Robinson, is expected home today.

SILK HOSIERY AT WRIGHT'S
Our Acaciaville correspondent reports rhubarb sales from W. Bacon's farm at half a ton on Tuesday. On Thursday Mr. Bacon sold two hundred weight in Digby, making a total of 1200 pounds; Mr. Bacon still has a number of strong tomato plants for those who like to plant their own. The garden truck is coming along fine also, and Bacon's spinach and lettuce will be on sale today.

During the past week the canvass for the Endowment Fund for the Adult Blind of the Maritime Provinces and Newfoundland was conducted in the town by the following committee, Mrs. Eber Turnbull, Mrs. Chapman, Mrs. Walter Van Tassel, Mrs. Green, Mrs. Forbes, Miss M. Stew art, Miss I. Williams, Mrs. L. H. Morse, Mr. Harry Kirkpatrick, Mr. Frank Anderson, Mr. A. I. Dillon, Dr. Dickie, Mr. T. E. Lynch, Mr. F. Dakin, Mr. Sim mons, Mr. A. Boden, Mr. Oakley Turnbull. The canvass has resulted in pledges to date of \$774.00. The work has not yet been completed, and the aim of the committee is to bring the amount up to \$1000 for the town and some nearby places. The canvassers have put in a lot of faithful and careful work, and deserve credit for the way they have carried out the effort.

Those old White shoes can be made nice and neat if you bring them to me. Or any other shoes that are scuffed and faded. New dye makes them look like new boots—Hardy Bent, The Courier Stand

New Tusket
Dwight L. Sabean spent Sunday at his home here.

Herbert Sabine who is engaged in Southville spent Sunday with his wife and family.

A large number of people from Weymouth North attended service here Sunday evening.

Prominent Halifax Business Man Optimistic of Future

Mr. Pearl O. Sulis, President and General Manager of the Sulis Typewriter Company of Halifax, was a visitor during the week at Digby and at Smith's Cove, the home of the Sulis family. Mr. Sulis is on a tour of the province, and has visited eastern Nova Scotia, including Cape Breton, and on leaving here went to Yarmouth to go up the South Shore back to Halifax.

Business generally, he finds, is greatly improved. Not only are provincial business houses optimistic for the future, but actual present day conditions, all over the province, are better, showing good day to day progress with future business well in hand to keep staffs and equipment up to the top notch. While Mr. Sulis was in Digby the announcement was made that the Canadian National Railways estimates, including a vote of \$1,146,000 for a combined terminal and hotel for the Canadian National at Halifax had passed Parliament before prorogation. In conversation with the Courier Mr. Sulis said that the news was the best which had been heard for many days. It was an indication of sincere belief on the part of the great transportation systems that the Maritimes were on the eve of a great industrial and business development is interest, and the locating in Halifax of large business houses, together with the enlargement of Moirs', extension of the Imperial Oil plants at Imperoyal, all indicated a new activity in business, and the building of railway terminals, hotels, refrigerating plants, would place Halifax ready to play its part in the development of the Maritimes and the extension of Canada's Overseas trade.

The time is not far distant, in Mr. Sulis' opinion, when Halifax should rank with Vancouver as a Canadian Ocean Port. The same interests which developed Vancouver as the greatest shipping port on the Pacific coast now turn their attention to Halifax, and the logical expectation is that the Maritimes generally would progress in proportion to the growth of the chief eastern seaport of Canada.

Unique in the history of Halifax was the number of steamers scheduled to make their terminal during the summer season. One hundred and twenty sailings are on the regular list, a number equal to normal winter business.

In air service too Halifax will play an important part. Mr. Sulis expressed the expectation that the Air Port at Halifax would be developed and quick transfer made of mails to and from steamers by airplane schedules operating between Halifax and Montreal.

Everything, in Mr. Sulis' opinion, points to an era of tremendous development in the Maritime Provinces, and his only fear was that the people of the Maritimes would not be up and doing, in order to keep pace with its progress.

Premier Rhodes Will Visit The County

Mr. W. H. Farnham, M. P. P., has been advised by Premier Rhodes' secretary that the Premier will be in Digby County on June 25th. Mr. Rhodes will be accompanied by Mr. Montgomerie, president of the Provincial Conservative Association.

Owing to the continued illness of Mrs. Farnham, Mr. Farnham did not accompany the delegates from King, Seldonia, and the Annual Communication of the Grand Lodge of Nova Scotia meeting in Halifax this week. Mrs. Farnham is making fair recovery from an attack of influenza.

TALK OF THE TOWN

The ladies of the United Church will hold their Annual Tea and Sale on Thursday, July 26th.

Mrs. A. W. Reed, of Malden, Mass., arrived in Digby last week and is visiting her father, Hugh MacLennan, the Rector of the United Church.

Mr. and Mrs. S. Aymar, were visitors in Halifax this week, during the sessions of the Grand Lodge of Nova Scotia A. F. & A. M.

Mrs. Robert C. Mills who returned to Digby last week was called to Springhill Junction on Wednesday. When her uncle, H. A. MacKenzie was taken to hospital dangerously ill.

Messrs Stanley A. Keen, Dr. F. E. Rice of Sandy Cove were visitors in Halifax this week attending the annual communication of the Grand Lodge of Nova Scotia A. F. & A. M.

Business men of Springhill have settled the dust for the summer. Co-operative purchase of calcium chloride, and application of it by town employees settled the matter and the dust.

Miss Connie Nicholls, daughter of Mr. and Mrs. B. Hart Nicholls, arrived home this week from Windsor where she is attending Edgill School for Girls. She will spend the summer here with her mother.

The girls of the Live Wire group C.G. I. T. are holding a Fancy Sale at Eugene Muise's Tailor Shop tomorrow afternoon. The proceeds to be used to send one of their members to the C.G.I.T. Summer Camp at Pischurst.

MEN'S WORK PANTS. AT WRIGHT'S

Perhaps the Minister of Inland Revenue would be interested to know that the clock on Digby Post Office and Customs Building, appears to have joined the ranks of "indefatigable" when it should strike four o'clock on a summer but, and so on through the hours.

Mr. A. Milne Fraser, who retired from business due to ill health, is succeeded by Mr. A. C. L. Cameron, Kensington Typewriter Limited, who will be in Digby on Tuesday, June 19th at the Myrtle House. He will be glad to call on anyone wishing information regarding Typewriters, Adding Machines, Carrels, Mimeographs or Addressing Machines.

Charles Amesdon and Frank Prior, of Dundas, Ont., were the guests over the week end of Councillor and Mrs. Lordox and on Monday left for Saint John to attend the National Convention of the Canadian Legion. On his return to Dundas, Mr. Prior will leave on a three month trip to forty home in England and will visit well remembered scenes in France and Flanders.

Air-tight Tins preserve all the freshness of the new "KING COLE" Coffee

J. E. Barry, driving his Reo "Flying Cloud" from Moncton to Digby, a distance of 325 miles in one day on Tuesday last, was the guest of Paul Yates for several days. Mr. Barry, now retired, was formerly Eastman Kodak representative for all of Eastern Canada. He states that the Nova Scotia roads are fine as compared with New Brunswick roads, and comments most favorably on the white painted road marks on stones and posts everywhere on his trip. He says the road signs are so distinct and frequent that "the Wayfarer man, though a fool, need not err there."

MEN'S WORK GLOVES AT WRIGHT'S

Inauguration New York-Yarmouth Service

Advice has been received from the Eastern Steamship Lines, Inc. to the effect that a New York-Yarmouth Service will be inaugurated with the first trip of the S. S. "Evangeline" sailing from New York, at 12 Noon, June 21st, due to arrive Yarmouth the following day at 2.30 p.m. The sailings thereafter will be every Monday and Thursday from New York.

A special D.A.R. train, known as "The New York" will leave Yarmouth at 3.30 p.m. on Tuesdays and Fridays, carrying parlor cars, cafe car, day coaches and baggage car, and arrive Halifax same evening at 10.40 p.m.

Westbound, the "Evangeline" will leave Yarmouth at 6.30 p.m. on Tuesdays and Saturdays, and will arrive New York the following evening at 7.30 p.m.

Passengers leaving Halifax on D. A. R. train No. 93 at 7.15 a.m. (Standard Time) on these days will make connections at Yarmouth with the S.S. "Evangeline" same evening.

MEN'S POLICE BRACES AT WRIGHT'S

"No Bill" Found By Grand Jury in Dunn Case

Spring term of the Supreme Court opened at Digby on Tuesday with Mr. Justice Melish, of Halifax, presiding. Four criminal cases, Dunn, manslaughter, Veniot, and Howell, violations of the Inland Revenue Act, and Lent, charged with committing bodily harm, were on the docket and Barr versus Lent and Wormell versus Trohon in the civil list.

The grand jury found true bills in the cases of Lent and Veniot and found "No Bill" in the Dunn and Howell cases.

The Veniot case was the first for trial. The Crown was represented by Mr. Frank Jones K. C. and Daniel Owens, and the defendant was represented by R. W. E. Landry with Mr. Theriault as junior counsel.

Four witnesses were examined for the Crown, Messrs H. W. B. Warner, A. W. Brooks, collector of Customs of Weymouth, Mr. Comeau and Inspector Cyrran of the Gauger's department Halifax.

The jury was out four minutes and returned a verdict of "Not Guilty."

The case of the King versus Lent was next called. R. W. E. Landry defended and Frank Jones prosecuted. Evidence was given that during an argument over the construction by Lent of a fence across a way which had been open for many years the accused struck Barr with an iron wrench, inflicting harm. A verdict of "guilty" was returned and sentence was a fine of \$40.00, the defendant being bound over to keep the peace for two years.

The Grand Jury reported disagreement on the Dunn case and were further instructed by the presiding judge. On Wednesday morning, after hearing additional witnesses they reported "No Bill." The Crown was represented in this case by Mr. Jones and the defendant by Frank Nichols and L. A. Lovett, of Halifax. The foreman of the jury reported to the judge that one member was too deaf to hear the evidence given.

It is possible that the Crown may introduce the case at the Fall term at Clare, on technicality. The physical defect of one jurymen and relationship of others to the defendant being sufficient grounds for such action. Advice will be gained from the Attorney General's department on this matter before action is taken.

In the civil list the first case was Wormell vs Trohon, action for infringement of patent rights on a scallop dragger. Mr. Theriault appeared for the appellant and Mr. E. Hart Nichols for the respondent. Technical evidence was given by both sides and judgment was reserved, with privilege to counsel of filing additional briefs.

The case of Barr vs Lent, action over construction of a fence was still in progress yesterday afternoon.

Received Diploma in Domestic Science

Misses Marion and Phyllis Frank, daughters of Mr. and Mrs. Frank Roop, returned this week after the closing of the term at Edgill Church School for Girls, Windsor. Miss Marion was awarded a diploma in Domestic Science at the school graduation exercises.

Among those who attended the closing were Mrs. Roop, Mr. and Mrs. A. A. Shorttise and Miss Hooper, who brought the girls home in Mr. Shorttise's car.

Pines Hotel Will Open on June 28th

Although several parties are booked at the Pines Hotel from June 26th the official opening of the hotel will be on June 28th, when the last season of the old building will begin. Manager Jones and his staff are busy getting ready for the season and carpenters are rushing outside work to get cleaned up before the hotel opens. Two cottages have been completed and three more are about ready. The boat slip also is nearing completion and will be all cleared away before the end of the month.

Wednesday, July 4th—7th, the Canadian Hardware Men's Association will hold their convention for the ninth time at the Pines and several other group tours are booked during the season. Owing to lack of accommodation it has been necessary to refuse booking to many conducted tours. This is a condition which will be overcome by the new hotel and Digby will have its

full share of tours and parties in future years.

An important convenience for guests is to be a direct private phone connection between the hotel and the Canadian Pacific Railway Telegraph office, enabling guests to transact their telegraph business without delays and insuring prompt delivery of incoming messages.

Home From Ottawa

Mr. H. B. Short, M. P. and Mrs. Short returned this week from Ottawa where Mr. Short has been attending Parliament. Both Mr. Short and his lady are greatly improved in health. Leaving here in February they went to Saranac Lake for a short stay, that Mr. Short might recuperate from his illness.

Major Stuhlin, and Mr. R. W. Cottors represented Digby Legion at the National Convention of the Canadian Legion, B.E.S.I., which met this week in Saint John. Major Stuhlin stayed in Saint John during the convention and Mr. Cottors commuted on the Empress, to enable him to attend to "business as usual"

TOWN OF DIGBY

The Fire Brigade and Fire Equipment
That the Courier staff took pleasure and pride in the approval given its talks on fire fighting equipment by the Digby Firemen is only natural. We would be less than human if we were not appreciative of the marked approval expressed by members of the Brigade at their monthly meeting and incorporated in the resolution published in last week's Courier.

It is needless to say that the welfare of the town, its protection from the ravages of fire and its proper consideration of the duties of citizenship performed by the firemen, was the inspiration of the editorials approved of, and that the Courier is instructed by the firemen to continue to work for the fulfillment of the programme of giving Digby proper equipment for combating fires is not the least appreciated part of the whole resolution.

It is the duty of the newspaper to advocate such things. All that is the business of the whole citizenry is the particular business of the newspaper and in renewing the discussion of Digby's lack of proper fire fighting equipment it appears desirable that it be understood that no blame is spoken or implied as to past neglect. By-gones are by-gones. It is the future we must consider—and the present, and daily fire hazard is sufficiently serious without there being any need to recall the past.

Motivated equipment for the fire department is Digby's outstanding need. A combination hose and ladder wagon with chemical reservoir is manufactured by several makers of such equipment and will fit the need. The water supply, with some care during dry months, is adequate and the pressure will be

improved by the installation of the eight inch extension to lily lake. According to an old insurance diagram of the Town of Digby the fire equipment of Digby consists of 1000 feet of hose, 19 fire plugs with an average pressure of 60 to 70 pounds, 2 hose reels, 10 tanks or wells, 1 steam fire engine. The personnel consisted of 20 men.

There have been changes in the equipment since the diagram referred to was made. The steam fire engine is in the discard. More hose has been added and probably a few more fire plugs. In some sections the water pressure is greater, in some places less. This will be improved when the pipe line extension is complete.

Will the ratepayers of Digby endorse the Fire Brigade? Not with resolutions of approval, nor with just words. Will they get "down to brass tacks" and vote to purchase proper equipment? It is time now to take action. The Fire Brigade has brought the matter to an issue and unless the townspeople as a whole back up the firemen we are failing in our duty and are afraid to do justice to the men who are devoting their time and labor to protect the lives and the properties of the town from the fire fiend.

Weymouth has a better fire apparatus than has Digby. The town of Oxford, no bigger than Digby, has two if not three motor chemical pumps, Parrsboro has a motorized ladder and hose truck. Are these towns wrong, wasteful of public funds, in protecting property, and Digby right; or is it that we in Digby are going to trust to luck always? From Sydney to Vancouver the cry is "Save the Forests". Forest fire prevention is the slogan of the day. Let us change the wording to read—"Make Digby Safe From Fires." And let us get proper equipment to fight the menace when it does break out.

An Hotel Man's View of Government Control

If prohibition, the present Nova Scotia Temperance Act, was really effective, the Courier would probably have nothing to say on the matter of Government Control as it is applied to the sale of liquor in the provinces of New Brunswick, Ontario and Quebec. It must be admitted by even the most partisan prohibition advocates that prohibition is a name rather than a state, a theory rather than a fact, and such being the case, are we not

Finds Road to Health at Sixty "Fruit-a-tives" corrects Bladder and Kidney Trouble

MR. THOMAS GRAHAM.
"I am sixty years old and tried all kinds of medicines for bladder and kidney trouble, which used to keep me from work a month at a time, until I started taking 'Fruit-a-tives'. Thanks to 'Fruit-a-tives' I have worked steadily for four years without a sick day. I have never felt better than I do now, writes Mr. Thomas Graham of Oshawa, Ont. Because it is made from the juices of fresh, ripe fruit, intensified and combined with strengthening tonics, 'Fruit-a-tives' soon brings radiant health to those who suffer from constipation, bladder and kidney troubles. It works in nature's own way. You will find 'Fruit-a-tives' the very thing your system needs. 25c and 50c a box at all druggists. Start right away—today."

pandering to a theory in place of looking things fairly in the face.

In the province of New Brunswick prohibition had been replaced by government control. In Ontario also, and in Quebec. These three provinces are forging ahead as tourist provinces with such strides that the industry is becoming the chief occupation of a larger number of residents each year. At Halifax last week Major S. J. Robbins, Managing Director of the Canadian Hotel Association, who is touring the province with a party of hotel men, said, "Since the Liquor Control Act went into effect in Ontario last year we have had easily a fifty per cent increase in our tourist traffic and we even anticipate a much larger increase during the present year."

In Toronto this year the hotels have 151 national conventions signed up, each averaging 800 delegates—something which they never would have been able to do without some form of liquor legislation to provide hospitality for their guests.

If government control means a fifty per cent increase in the tourist business of Ontario, and Major Robbins can be taken as competent authority that it does, then similar control would equally increase the tourist business of Nova Scotia, and without making any material difference in the actuality of 'prohibition'. In fact, government control, with severe penalty for infraction of the law, would tend to promote respect for all law, which under prohibition is becoming in danger of contempt.

Scouts Attend Service at Grace United Church

Digby Troop in full membership attended morning service at Grace United Church on Sunday morning. Rev. E. W. Forbes gave them an inspiring address, selecting his text from the teachings of St. Paul. The illustration was St. Paul's likening life to the races of the famous Olympic Games, as presented in the epistle to the Corinthians, and was strikingly applied.

Training, decision to enter and the will to win were the three factors which the preacher stressed as being necessary to athletics as well as to Christian life. Of the three essentials the "will" was emphasized as being most important. Determination, the will in control of the body, keeping it in order and to its task, meant success and winning, in the athletic race as well as in the race of life.

The lives of famous athletes, Lydell of England, Johnny Miles, and several others, winners in sports and stirring examples of Christian life were cited as illustrations of what the "Will to Win" could do for a man, and the preacher urged on the boys that they choose to run the "Race for Christ" and so run to win the Eternal Crown.

Mr. J. O. Kaubach, of Halifax, Field Commissioner of the Boy Scouts organization in Nova Scotia, who arrived in Digby on Friday, marched with the boys to church.

On Friday evening Mr. Kaubach attended the weekly meeting and gave the boys an hour's talk on scouting and scout craft.

Another Pioneer Called Beyond in the Death of A. L. Thomas

Columbus Wisconsin News
Another struggle was won by Death at the Stillwater Hospital yesterday morning, after a valiant battle against dropsy, A. L. Thomas closed his eyes for the last time. He had been on the decline for several months but was brought to the local hospital from his Billings home a short time ago. Intubation will be made in the local cemetery tomorrow. Friday afternoon at two o'clock with services conducted at the Congregational Church, all the business houses will be closed at this time.

Alfred L. Thomas was born in Bear River, Nova Scotia on May 18, 1864, and was 64 years old at the time of his demise. He spent his boyhood in the land of his nativity, but at the age of 17 moved west to locate at Seattle first, and in 1887 came to the Lake Superior country to enter the sheep business. Strangely enough it was W. L. Shanks, at present a resident of Columbus, who "turned out" to Al and his brother, Cab Thomas, their first band of sheep. The boys prospered at the business, and finally dissolved partnership, A. L. taking the west portion of the accumulated acreage around Battle Butte and west, continuing in the business until at one time he owned 73,000 acres of land, 50,000 head of sheep and other valuable chattels that brought his aggregate wealth to almost a million dollars, the richest man Stillwater County ever produced. In 1912 Mr. Thomas sold out the business that he really knew and liked, and moved to Columbus: The vagaries of Dame Lady Luck in the past years worked havoc with his wealth, and at the time of his death he owed the Columbus State Bank building and Columbus Garage and News block here and the Camp Apartments and Colonial Apartments in Billings, as well as equities in extensive oil timber lands in various localities.

At Livingston in 1918, he was wed to Miss Marion Otto and to the happy union were born two sons, Clarence Eugene, aged 7, and Bernard Alfred, aged 9. He also leaves to mourn his loss, Mrs. Thomas; two sisters, Mrs. A. P. Dunn, of Boston, and Mrs. Hoyt, of Seattle; a brother, Welcome, of Bear River, Nova Scotia, and a nephew, Arthur Harris, of Crow Agency.

Columbus owes much to Al Thomas. It was Mr. Thomas who installed the first water system for Columbus, and maintained the Columbus Irrigation pipe-line that for years made a productive and beautiful area of the tracts adjacent. It was Al Thomas who was influential in the organization of the first bank of Columbus, the present Columbus State Bank and he was its president for ten years. It was Al Thomas who was Santa Claus to a struggling village in its embryo state of development, striving to become a city of contented homes and clean, liveable environment. And this meant a few thousand for the new Congregational Church; a thousand for a hospital; free rental for the Commercial Club, when they didn't have money to pay, and a generous donation (ever gladly given) for every project that spoke of community development and enterprise. Marrying rather late in life, Mr. Thomas proved a loving and devoted husband and father, and his heart's place was a shrine of happiness and contentment. To the end he was generous, kind and trusted to the last degree his fellow man. At had no enemies—what more need be said, save, tomorrow, as the long cortège moves to the cemetery, which he had chosen for his final resting place, how many will really realize and recall the merits of the friend they are burying?

To Mrs. Thomas and the two boys, the News, who are the members the deceased when we first saw him, and admired him over thirty years ago, and whose generosity helped us operate this paper in early days, extends its heartfelt sympathy.

Canon Underwood at Trinity

Rev. Canon Underwood, rector of Bridgetown, took the services at Trinity church, Digby, on Sunday, in the absence of the rector, Rev. Wm. Driffeld, who was in Halifax. Canon Underwood spoke on behalf of the Diocesan Mission Board, under special instruction of His Grace the Archbishop of Nova Scotia, urging support in offerings for the provincial and home and foreign missions. The financial handicaps which attended men in the ministry were, he said, preventing many from entering the ministry. And this not because of their personal fears, but because of the discouragements placed before them by friends who had their material welfare at heart.

At both services Canon Underwood urged serious and prayerful consideration of the needs of the church for funds to carry on its work with in the province and in its western Canadian and foreign missions, that each would sincerely feel that some share of duty rested on all members of the Body of Christ.

While in Digby Canon Underwood was the guest of Mrs. A. D. Merkel Queen street.

Western Crop Prospects Reported Good

With the exception of a few localities in Saskatchewan and Southern Alberta, the West benefited from rain during the past week and crop conditions are brighter than they have been at this period for some years, according to the fifth weekly crop report of the Canadian National Railways. In Northern Alberta and over the whole of Manitoba, the rainfall was heavy, thorough meeting urgent requirements and building up a valuable reserve of moisture. Saskatchewan generally did not fare as well, though most points were visited by showers, which relieve the anxiety which was being felt. Areas around Saskatoon, Roseto and Coquett in Saskatchewan and the southern part of Alberta could do with more rain, though there is no present danger from lack of moisture. Warm, bright weather succeeded the rains, furnishing ideal growing conditions generally, and the general outlook at the moment is highly satisfactory, and a tone of optimism is present in all reports throughout the West. In the area from Muir to McCready and in the Oakburn district, cut worms are reported

but they have done no damage as yet. Cut worms have also been found at Star City, Sask., and grub worms under the soil near Valparaiso, but these points also report no damage. The few points that reported frost also added no damage had been caused. Seeding is now completed and wheat is as high as seven inches above ground. Fall rye is doing well, and pasture land is in splendid condition. Some samples of Fall rye as high as eighteen inches have been secured in Manitoba and Saskatchewan.

A STATEMENT RELATING TO THE FUTURE OF THE CHRYSLER CORPORATION and DODGE BROTHERS, INC.

The widespread public interest in recent events affecting the Chrysler Corporation and Dodge Brothers, Inc., deserves an authentic and official statement and an assurance regarding the future of these two corporations.

Subject to the approval of stockholders, Dodge Brothers, Inc., will be acquired by the Chrysler Corporation, the plan of amalgamation having been recommended by their respective boards of directors.

Each of these great institutions will retain its identity, and will continue, as heretofore, to produce and market its own product in accordance with the high and progressive standards from which motor car buyers the world over have previously benefited.

Each will benefit from the consummation of a plan which unites such tremendous resources in material, manufacturing facilities, financial power and manufacturing genius.

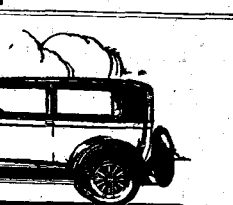

Dodge Brothers will continue to be Dodge Brothers, and Chrysler will be Chrysler. Their products will be separate and distinct and will be continued in production without interruption. Their sales organizations will be unrelated except as they shall mutually share in the advantages of the consolidation.

Both public and dealers may look forward to the greater benefits which the consolidation of such tremendous resources will produce—and the men identified with these businesses may be assured of a stable and definite future, inspired by the progressiveness which has been responsible for this uniting of two great companies.

MINARD'S
"KING OF PAIN"
LINIMENT

T. B. Cattle Shipped to Moncton

Collected all the way from Hectanooga to Digby, cattle which reacted to the tuberculosis test were gathered up on Friday and shipped on the night train on their way to Moncton. There were 36 head all told, in two cars.

At one farm nine head were taken cleaning out the farmer's herd.

The reactors from Digby Neck and a few yet to be tested along the main line will be sent in the next shipment, which will clear up the country.

The number of cattle shipped is only a very small percentage of the number tested and proves that the fears of those who said that the test would clean out all the herds was unfounded.

Mr. J. W. Merkel and P. A. Saulnier, representatives of the provincial department of Natural Resources, collected the animals and made the shipments.

Death of Mrs. Joseph Weir

In the death of Mrs. Joseph Weir, who died at the home of her son, Spurgeon Weir, of Walcott West, there passed to the Great Beyond one of the old time residents of Digby County. Mrs. Weir was a daughter of the late Deacon Aaron Chute and joined the Clements' Baptist Church in her girlhood. About twenty years ago, following the death of her husband, she transferred her membership to Smith's Cove Baptist Church. and was there a faithful attendant and follower of Christ.

A good wife, a faithful and affectionate mother and friend, she filled her place in the community with Christian zeal. She bore a large family, four of whom survive her. They reside in Smith's Cove.

A year ago Mrs. Weir sat for a group photograph of five generations, her eldest son, Spurgeon Weir, her grand daughter, Mrs. Leroy Harris, of Cambridge, Mass., her great grand daughter, Mrs. Leslie Purdy, of Cambridge, and great great grand son "Jonny" a son of Mr. and Mrs. Purdy.

Death came in her 95th year. On the morning of June fourth she arose as usual, ate a hearty breakfast and walked out on the veranda. Returning to the kitchen she sat in her favorite chair, where she passed away in only a few minutes.

The Trinity Church Garden Party will be held Wednesday, August 1st, on the Rectory grounds as usual.

Dr. and Mrs. H. I. Roberts, who removed from Digby last year to Long Meadow, Mass., where Dr. Roberts practices, are visiting friends in Digby for a week.

Captain A. A. Daltzell, of Grand Manan, formerly of Digby, has been transferred from the command of the United-Fruit Company's passenger liner, Metapan to the Calamores, one of the company's largest passenger boats, and took her out on Saturday on her regular trip to Havana, Cristobal and Port Limon.

AN IDEAL HOME, beautifully situated five minutes walk from center of town, on Gulf Links. Place contains seven acres, full and ornamental trees. Ten rooms, furnished or unfurnished, running water. Good barn, which can be used for garage. Everything in first class repair. For further particulars apply to Cervantes F. Dunn Digby, N. S. 3M60

Seven out of Ten Are Victims of Bladder or Prostate Weakness. Tells How Dr. Southworth's "Urnatabs" Bring Quick, Amazing Relief.

Most Men Past 40 Break Down Easy

Seven out of Ten Are Victims of Bladder or Prostate Weakness. Tells How Dr. Southworth's "Urnatabs" Bring Quick, Amazing Relief.

Overworked, sluggish kidneys, bladder weakness and prostate gland trouble bring on so many distressing and often serious ailments that every sufferer from Laurens, Pains in Back and down through groin, Scanty but frequent and burning Urination, Getting Up at Night, Nervousness, Headaches, Backache, Loss of Vital Force—should try the proven value of Dr. Southworth's URNATABS at once.

Assuring testimony of Physicians and users gives convincing proof of the remarkable power of URNATABS—a special prescription scientifically used for more than 40 years in the private practice of Dr. H. C. Southworth. After only a few days use, a startling improvement is often noticed as a multitude of alarming symptoms begin to disappear.

Through special arrangements and to benefit those who cannot personally call on Dr. H. C. Southworth, he has decided to obtain from any good, local druggist on a positive guarantee of money back if not fully satisfied. So if you need a medicine of this kind, try URNATABS today.

Deep Brook

George Curphy is home from Wolfville.

Mr. and Mrs. W. A. Spurr of Kentville were week end guests of Mr. and Mrs. A. Spurr.

Mrs. Chalthe Sulis of Annapolis spent several days last week guest of her mother Mrs. A. G. Sulis.

Mr. and Mrs. Robert Vroom have moved into the cottage of Mr. H. A. Vroom for the summer.

Miss Alma Rice and her River Academy Spent the week end with her parents, Mr. and Mrs. H. H. Rice.

The Misses Vera and Doris Hieck spent the week end guests of Mrs. Herbert Woolman at Smith's Cove.

Jesse Berry and Benjamin Alcorn of Bear River were in the village on Friday calling on relatives and friends.

Members of Smith's Cove Division gave a three act play entitled "Mrs. Briggs of the Poultry Yard" under the direction of Miss Frances Austin, in the Baptist Hall on Tuesday evening June 5th. The parts were well taken. Miss Harriet Wentzell who took the part of Mrs. Briggs, was especially good. \$10.00 was realized for division and church work.

Mrs. W. G. Hieck entertained the W. M. A. Society at the dining room on Wednesday, June 13th. The members of Smith's Cove Society were special guests. A very nice program was arranged for the evening. Mrs. M. W. Page, many members have returned after being away for the winter months. At the conclusion of the program a social hour was enjoyed and refreshments served by the hostess, assisted by Mrs. Carl Nichols, Miss Margaret Jones, Vera and Doris Hieck.

THE BEAR RIVER WEEKLY COURIER

For Home and Country

Edited by Woman's Institute Bear River

Local and Personal

Dr and Mrs H.S. Dickson and two daughters were guests of Dr and Mrs A.B. Campbell on Tuesday en route from Hawaii to Dr. Dickson's old home at Sydney, N.S.

W.M.S. of the United church are holding an All Home on Thursday afternoon at the home of Mrs. Thaddeus Davidson. The C.G.I.T. girls are asked. A program will be read.

Acaciaville

Mrs Jane Andrews of North Range is visiting her daughter, Mrs Perry Porter.

Mrs D. Thomas of Plympton spent the week end with Mrs Janet Minard.

Mr and Mrs Ainsley Marshall and family of Imperial, Dartmouth, motored here on Tuesday to attend the Roll Call.

A large number from here attended a Community Sing at the home of Mr and Mrs Will Mallett, South Range, on Sunday evening.

The Annual Roll Call which was held on June 7th was very successful in every way. We had the privilege of having Mr Mason of Wolfville and Mr Barras of Bear River. The choir rendered special music at both services. We were pleased to have a number of absent members. Collection amounted to \$159.

Mrs. Fred Leary is visiting in New York.

Look to the Blood for Beauty's Secret

THE source of skin beauty is in the blood. To acquire "The Skin That Charms" you must correct whatever faults of impurity or deficiency exist in the blood.

A doctor, prescribing for his patients, first proved the great value of "TRU-BLOOD" in improving the skin's texture and smoothness; in giving it healthful clearness and color.

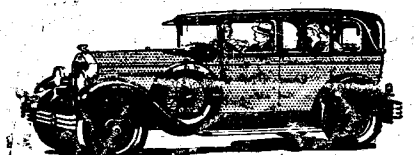

TRU-BLOOD promptly corrects faulty conditions in the blood, then works its magic on the skin and complexion.

Used in conjunction with TRU-BLOOD, Buckley's OINTMENT works further wonders in clearing the skin of blemishes. Rash, blackheads, pimples, blotches and roughness are quickly banished.

Your druggist can supply you with these proven "Buckley's" products.

TRU-BLOOD Tones the Blood
Clears the Skin

WHEN BETTER AUTOMOBILES ARE BUILT—McLAUGHLIN-BUICK WILL BUILD THEM

The Only Car with a Sealed Chassis
—fully guarded against dirt, dust and moisture—and offering protected performance

IT is the fashion of the day to place first importance on motor car beauty; and for this the alluring beauty of McLaughlin-Buick's smart, low-swinging bodies by Fisher is largely responsible. But keep in mind that you get many things besides beauty when you buy a McLaughlin-Buick. You get unequalled riding ease—vibrationless performance—and above all the unique reliability of the world-famous McLaughlin-Buick Sealed Chassis and Triple-Sealed Engine.

Every vital part of the McLaughlin-Buick chassis is enclosed in dirt-proof, dust-proof, water-tight housings to assure reliability and long life.

And McLaughlin-Buick's proved Valve-in-Head Engine is fully guarded by crankcase ventilator, air cleaner, oil filter and gasoline strainer.

McLaughlin-Buick is the only car offering this twin feature as well as protected performance under all road and weather conditions.

Admire McLaughlin-Buick beauty—but insist upon McLaughlin-Buick dependability. It's a wonderful thing—even in these days when all cars are assumed to be dependable.

The G.M.A.C. Deferred Payment Plan offers many advantages to buyers of McLaughlin-Buick cars.

Bear River's Cherry Carnival

Bears are expressed that the Bear River Cherry Carnival, an affair which for upwards of twenty years has been an annual feast of pleasure in Bear River, may not be held this year. The Courier ventures to hope that the event will not be allowed to go into decline, and that the very fears of its being held will become an incentive to make it a bigger and better day than ever before.

The returns to be made on the day cannot alone be measured in dollars and cents actually received by the committee in charge. In the amount of publicity alone, which accrues to Bear River and all of Digby, through the thronging in of visitors and through publication of reports of the event, the effort is well worth while, and even if in one year the committee manages only to "break even" the extra business which the day brings to store keepers and vendors of cherries and refreshments and novelties, is well worth the work which the carnival entails.

A public meeting is to be held this evening under the auspices of Bear River Board of Trade, at which the question of holding the Cherry Carnival will be discussed. President, Dr. Lovett, asks that there be a large attendance at the meeting and that all come prepared to present their views, both for and against the plan to hold the Carnival this year, in order that the real wishes of the people of Bear River may be carried out.

The Courier understands that in past years the Carnival has been a money producer for its promoters, quite apart from the general increase of business in stores during the day, and as much as seven hundred dollars was cleared by the Oddfellows one year when the lodge had charge of it.

For the good of the whole county it is to be hoped that Bear River will decide not to let the Cherry Carnival lapse. It is an event looked forward to by all residents of western Nova Scotia, and as an instituted feature of summer's pleasure is almost the duty of Bear River to hold it.

An Error

Dr. D. Gruer tested 532 cattle in Bear River, Co. of Digby and found NO reactors in the district, instead of 60 as it read in the last issue.

Bear River Women's Institute June Meeting Program

Business.
Ten minute paper on L.M. Montgomery. Mrs. Wm. Morine.

Cutting from one of her books. Mr. A.B. Campbell.

Chorus. Six ladies.

Ten minute paper on Gertrude Huntley. Mrs. J.R. Moore.

Roll Call—answered by a favorite quotation.

The above program of Canadian literature and music proved most interesting and instructive to the ladies present and the July meeting will be a social afternoon at the home of Mrs. A.B. Marshall.

OBITUARY

MRS. MARY SOCHIA SAUNDERS

The funeral of the late Mary Sophia Saunders, of Truro, took place on Monday afternoon June 11th, from St. John's Church, Bear River, with interment in Mount Hope Cemetery.

The service was conducted by the rector Rev. A. W. L. Smith, with the choir in attendance.

Mrs. Saunders who had been a semi-invalid for several years had reached the advanced age of eighty six years and six months, and is survived by one daughter, Miss

Saunders who accompanied the remains from Truro.

Older residents of Bear River will remember Mrs. Saunders, as she and her sister were brought up by the Barr family who lived in what is now the G.W.V.A. building.

Mr and Mrs R. S. Burleigh, Mr and Mrs L. E. Burleigh of Ellerslie, P.E.I., are guests of Rev. and Mrs. F. Sawdon at the United Parsonage.

The Excel Inn Ready for
Summer Business

One of the most delightful beauty
spots of Digby this year are the
grounds of the Excel Inn, Manag-

er Bernard Cossaboom takes pride
in the appearance of the hotel and
this year has spent extra effort in
making the grounds attractive. Ivy
has been trained over the old
trees, covering the bare trunks and
the new shrubbery, roses and other

Most feed Value for least Money

For all general livestock feeding, Quaker Schumacher Feed is unequalled. It is the perfect carbohydrate ration—a scientific balance of corn, oats, wheat and barley feed, together with oilcake meal, edible bone meal and calcium carbonate—minerals so vital to the health of animals, and which are usually deficient in ordinary feeds.

As a base for a dairy ration, or as the sole grain ration for young stock, dry stock, bulls, hogs or horses, Quaker Schumacher Feed is most economical.

No waste, because of the perfect balance. Low moisture content, because kiln dried. Palatable, easy digested, and quickly assimilated. Quaker Schumacher Feed provides most feed VALUE for least money. Write us for free advice on your feeding problems. The Quaker Oats Company, Peterborough, Ontario.

Quaker SCHUMACHER FEED

Also Quaker Dairy Ration, the best feed for dairy cows, and Quaker Ful-O-Pep Feeds for Poultry.

S&R

BUY QUAKER FEEDS IN STRIPED SACKS

flowering types have been set in the
walk border leading from the street.
Near the veranda a circular walk
has been cut in the turf and edged
with flower beds to charm the eye.

At night the grounds are lighted
with electricity concealed in the
foliage of the trees and vines,
making the scene noteworthy to
passers by.

The inside of the hotel, too, has
received its share of attention. The
rooms, ensuite, on the ground
floor, overlooking the lawn and
the Basin, have all been redecorated
and renewed and are now in
keeping with the quality of the rest
of the house. The whole is home-
like and cheerful and host Cossaboom
and his lady make the stay
of visitors enjoyable from arrival
to departure.

With the comfort of guests pro-
vided for, in attractive surround-
ings, the joys of the table are not
overlooked and the chef this year
is "a jewel". The dining room is
finished with green wallcovering
with furniture in natural woods,
and with snowy linen and shining
glass and silver entices the eye and
charms the appetite to feast on the
good things from the kitchen. The
fame of the Excel Inn is wide-
spread, but to fully appreciate how
well deserved it is one must try it,
drop in of a Sunday or a week day,
with a friend or guest, and partake
of the Inn's hospitality. No greater
pleasure could be enjoyed by
those who are fond of good things
well served, and in no other way
can one so happily entertain one's
friends who come to visit during
summer months.

Bay View

Isaac Ellis has joined the crew of the
Parrot Boat for the summer season.
Mrs. Elisabeth Turnbull spent the week
end in Greenland, the guest of Mrs. John
Peck.

Mrs. Frank Wilson and daughter Betty
were guests of Mrs. W. L. Holdsworth a
few days this week.

Eber Turnbull and Miss Miriam Turn-
bull motored from Bear River and spent
Sunday with Mrs. Elizabeth Turnbull.

Arnold Turnbull and Gordon Ellis motored
to Waterville Saturday night and
spent Sunday with Mr. and Mrs. Aubrey
Bowles.

Train Whistle Problem Set- tled in Wolfville

WOLFVILLE, June 7.—The
shrill whistle of the D.A.R. fast
freight bound from Halifax to Yar-
mouth, and which passes through
Wolfville, at Midnight, blowing at
two crossings in the heart of the
town will continue to disturb the
gentle slumbers of many. On the
other hand, people about to travel
over the said level crossings, either
on foot, or in teams or motor cars,
will receive due warning that the
crossings are soon to be occupied
by a D.A.R. locomotive, with
freight and passenger cars, and that
all who pass on it at that period
are in danger of their lives.

This question was definitely de-
cided upon at the monthly meeting
of the Wolfville Town Council,
Wednesday evening, when a motion
introduced by Councillor P. W.
Davidson, went down to defeat.
The meeting was presided over by
Mayor Balcom, with all Councillors
present as follows: Freeman Leslie,
R. W. Wolfe, C. A. Brown, P.
W. Davidson, W. C. B. Harris,
and C. A. Spinney.

Councillor Davidson, in introduc-
ing the subject of railway whistles,
said that last year, a resolution had
been passed, prohibiting the blowing
of whistles during the night
hours. A copy of the by-law had
been forwarded to the Board of
Railway Commissioners and they,
after due consideration, had replied
suggesting that the proposed by-law
be amended, so that it would read
that the whistle would only be
blown in case of danger, and also
that the railway would not be liable
if anything occurred on account of
the omission. Councillor Davidson
moved an amendment embodying
these terms. This was seconded
by Councillor DeWolfe.

Councillor Harris objected, stat-
ing that one of the crossings was
particularly dangerous, and that it
was better to have the whistles
blowing than to take a chance of
an accident.

Councillors Spinney and Leslie

spoke against the by-law and after
considerable discussion the amend-
ment was defeated, and the subject
of prohibiting train whistles thereby
automatically ceased.

Prospects for Record Tourist Season

All records for the number of organized
tourist parties to the Maritime Provinces
will be broken this year, according to in-
dications at the Regional headquarters of
the Canadian National Railways.

These tours include Canadian, Ameri-
can and British parties, and are composed
of people of very wide range of interests.
From French Acadians lured to Acadia
through sentiment, to members of the
British Imperial Parliamentary Association
who are touring Canada for the purpose
of further acquainting themselves with
the empire, and parties of British Boys
and girls, selected students from the
schools and colleges of the motherland,
who have received travelling scholarships
for the purpose of visiting Canada.

There are four tours arranged under
Canadian National auspices from Wash-
ington to Montreal; thence to New
Brunswick, including a visit to the
Point du Chene beach near
Moncton. The various tours and parties
will be entering these provinces through
the various gateways where connections
are made with the National system. For
instance, via Montreal and Levis, via
Fredericton and Saint John, or by way
of Boston and Yarmouth, and the Cana-
dian National south shore route to Halifax,
and by way of Pictou and thence to Hal-
ifax, or through Halifax travelling westward.

The first of the Washington tours will
leave Washington July 1st, and the last
will conclude its tour September 15th,
practically embracing the two midsummer
months. These parties will visit Moncton,
Point du Chene, Halifax, Kentville,
Grand Pre, and Yarmouth.

The American Express Company are
sending a party of about 90 people, who
will visit Halifax, New Glasgow, Pictou,
Sydney and Saint John.

A party of American Engineers will ar-
rive at Halifax from Boston via ship of
the Furness Withy Line, on September
8th, and they will visit Truro, New
Glasgow, and Pictou, visiting the coal
and salt mines. Returning to Halifax,
they will then proceed to New Brunswick
by steamer and after visiting in the
"Ancient Colony" will return to Canada
via North Sydney, thus giving them an
opportunity of visiting the great coal
fields of that section of Nova Scotia.
They will then proceed to Boston by
Canadian National via Truro and Moncton.

What is to be known as the Catholic
Tourists of America will start from New
York August 3rd and proceed by way of
Fall River and Boston to Yarmouth,
where they will be taken over the Cana-
dian National Halifax and Southwestern
Lines along the Atlantic Coast to Halifax.
They will then proceed to the "Land of
Kwangeline", returning to Halifax and
proceeding to Charlottetown, P.E.I.
Returning to Moncton, they will then
proceed to Quebec via Canadian National
and there make a visit to St. Anne de
Beaupre.

The Frost Steel and Wire Company
will send a party to visit Moncton, Char-
lottetown, Digby and Saint John.

Besides these purely travelling tours
there will be a number of national conven-
tions held in the Maritime Provinces this
season. The first of these will be the
convention of the Canadian Legion of the
British Empire Service League which
opened in Saint John on June 14th. This
will be closed followed by the Canadian
Medical Association Convention to be
held in Charlottetown, P.E.I. June 18th
to 23rd.

On August 5th there will arrive at Que-
bec the party of young men and women
from the schools and colleges of England,
who have been given the title of the
"Young Ambassadors of the Empire".
After seeing Quebec they will leave for
Moncton, arriving here August 6th.

thence proceeding to Truro, Halifax; from
Halifax to Pictou, Pictou to Charlottetown,
Charlottetown to Moncton, and
return to Quebec, after which they are
to tour Canada through to the Coast.

Culloden

Mrs. Alex Ross spent a few days last
week in Mount Pleasant and Digby.

Mrs. George Bain and daughter, Sylvia
of Saint John are visiting Mrs. Ross a
Handspiker.

Mrs. James Handspiker spent Satur-
day with Mrs. Charles Adams who is sick
at the home of her daughter, Mrs. Rimer
in Digby.

Mrs. Wilfred Murphy and children
spent a few days this week with her par-
ents, Mr. and Mrs. Weston Crawford,
Lighthouse Road.

Mr. and Mrs. James Hillman and Mrs.
Matilda Turnbull and Gordon Turnbull
of Bay View were the guests of Mr. and
Mrs. Wallace Handspiker on Sunday.

Family Gathers at Birthday Party

Mrs. Rachel Morehouse, of Centreville, enjoyed her 33rd birthday, June 9th, when a number of her relatives and friends gathered at her home in the evening and presented her with a bedroom cabinet, purse of money and birthday cakes.

Among those present were three daughters, Mrs. E. D. Morehouse, Mrs. Beecher Morehouse and Mrs. Orwell Outhouse, two sons, Fred and Leonard, two sisters, Mrs. Eltra D'Arcy and Mrs. Embree Morehouse. Other relatives were Mrs. Ida Cossaboom, Mrs. Fred Morehouse, Mr. and Mrs. Ingram Dakin, Mr. and Mrs. Emdon Morehouse, Mrs. Hugh Morehouse, Mrs. Alma Titus, Amy and Ruby Morehouse and one grandchild, little Gloria Morehouse. Embree Morehouse, Beecher Morehouse, Mrs. J. Whitman, Miss Armstrong and Kenneth Cossett.

Of Mrs. Morehouse's immediate family two daughters Mrs. George Holdsworth and Stewart Gates and one son Wilbur, who are living in the United States unable to attend.

After presentation of gifts and the serving of refreshments a pleasant evening was spent with games and music.

Interesting Town History Comes to Light

Searching the records to arrange the purchase of the Dunkam building, Mr. W. H. Farnham, M. P. P. unearthed some interesting side lights on the history of the town. It will be noted that the address of the Digby Vulcanizers is given as Birch Place, and in explanation of this Mr. Farnham told the Courier that the "flat iron" was at one time the property of the town, an open space, dedicated to the use of citizens as a park. When searching the titles of the property he did not go back to the original deed or grant whereby the land became the property of the town, nor did he discover how it passed to private owners. In early deeds the flat iron is known as "Birch Place", and Mr. Farnham proposed to renew the old name as a matter of historic interest.

Purchase of the property from the Dunhams was completed a month ago and Mr. Farnham has rearranged the interior to make it a two storey building, with Smallie's Grocery in its old quarters and the Digby Vulcanizing plant in the north side—now ready for business. Vulcanizing service is becoming more popular every day and car owners are readily taking advantage of the opportunity to have repairs made promptly and satisfactorily.

Business Was Good

The Scouts, like many others entering merchandising, did not properly realize the demand there would be for their goods when they placed candy on sale at "the pictures" on Saturday night, and were quickly out of supplies. This week they will have plenty, and all who have a "sweet tooth" will be satisfied. Mr. Walker in giving the boys permission to vend their wares during the Saturday night show, was prompted by a desire to help them to help themselves, and so earn funds to finance their summer camp, to which it is planned to take every member of the troop. The boys have earned the outing and patronage on Saturday evenings will help them realize their hopes.

Reserve Thursday, June 28th for the Hospital Benefit Dance at Ocean Gardens Casino. You're sure to have a good time with Rippey's Orchestra and novelty dances.

Miss Lois Porter, of the housestaff of Acadia University, has been appointed head waitress at the Pines hotel for the season. Miss Porter will report for duty before June 26th.

PLEASANT TO TAKE Scott's Emulsion

Hotel Men Visit, Digby on Maritime Tour

Members of the Canadian Men's Association, touring the maritime provinces were visitors in Digby on Wednesday and were guests at a special luncheon at the Pines Hotel, the guests of Mr. O. C. Jones and the Dominion Atlantic Railway management.

The party of visiting hotel men included E. M. Carroll, manager of the Carls-Rite Hotel and Walker House, Toronto; John Davidson, manager of the Windsor Hotel, Montreal; Major J. S. Robbins, secretary and manager of the Dominion Hotels Association and of the Ontario Hotel Association; A. C. Cox, manager of the Seaview Hotel, Souris, P.E.I.; H. C. Brown, manager of the Victoria Hotel, Charlottetown, P. E. I., and past president of the Maritime Province Hotels Association, and F. L. Dougan, of the C.N.R., Halifax.

The party was met at Annapolis on Tuesday by Mr. Jones and were guests at the Hillside House. Leaving there they motored to Yarmouth, where they put up for the night at the Grand Hotel, and where a banquet was held in their honor. Returning east they motored to Digby, arriving shortly after noon and were taken to the Pines for lunch. While at the Pines they inspected the site and plans of the new hotel and were afterwards taken for a sight seeing trip around Digby.

The visitors were greatly pleased with all about Digby, its location, the views of the Basin and surrounding hills, and particularly the golf course. To most of them this was their first visit to Digby and each had a word of praise for its beauty. All is best summed up in the remarks of Major Robbins, who declared it to be unequalled by any summer tourist resort he had ever visited. Being practical hotel men the visitors were naturally most interested in the development of the Pines and congratulated Manager Jones upon the fortunate selection of site for the new hotel. After general inspection of the plans and progress made the visitors pronounced the whole scheme ideal, one which would not be outclassed by any institution of its kind anywhere in Eastern Canada. The feature which most appealed to them was the matter of a commodation and extension for the future, by which the New Pines would keep pace with the increase in business as the tourist traffic grows. In conversation with the Courier both Mayor Robbins and Mr. Carroll gave generous praise to Mr. Jones for his ability in producing the results which warranted construction of the new hotel.

TALK OF THE TOWN

Miss DuVernet, who has been visiting friends in Saint John, returned home on Wednesday.

The annual fair and sale held by the ladies of Zelma Reckah Lodge, will be held on July 25th.

Mrs. O. C. Jones accompanied by Mrs. C. L. Figgott of Bridgetown, spent several days in town last week.

Children's 2 wheeled carts, the thing for the beach or play, 25c to 75c at H. Ruggles, The Plumber.

The Ladies of the United church will hold their annual Summer Tea and Sale on Thursday, July 26th.

Douglas Daley returned this week from Boston where he has been having treatment for an infected finger.

Mrs. F. A. Robinson returned on Tuesday from the United States, where she spent the winter with friends. She was accompanied by her daughter, Mrs. Cronan.

Mr. and Mrs. David Welch, of Boston, arrived on Wednesday, motoring through Maine and New Brunswick, and are at their cottage at Barton for the summer months.

Miss Mary Marshall, of the staff of Edgemoor Church School for Girls returned to Digby this week and is visiting her parents, Mr. and Mrs. H. Marshall, First Avenue.

James MacMillan, General Superintendent of the Canadian Pacific Telegraph System has engaged the S. B. Townshend cottage at Rattling Beach for the summer and will occupy it during July and August.

Luck and the Digby Fire Brigade

An example of efficiency was given yesterday morning when an alarm was sounded for fire at the house of M. Denton. A spectator noting the time carefully states that it was exactly one minute and fifteen seconds from the blow of the siren until the hose reel was under way to the fire, drawn by Shortliffe's truck.

This illustrates the Courier's wisdom in advising new and better equipment for the firemen. It was only luck that Shortliffe's truck was close at hand. It was only luck that the fire was a slight one. When a real fire starts will luck be with us? Annapolis had no luck and it went into ashes. Windsor had no luck and it went into ashes. Imagine a fire under way on Water Street anywhere yesterday morning in that high wind. Would luck save the town? Digby has surely been lucky, but it's only luck, aided by a mighty active bunch of volunteer firemen who seem ready to risk their lives with miserable equipment. It's high time this town woke up to the wisdom of better fire protection. Is it a square deal to ask this husky lot of fire fighters to work themselves to death in a real fire with nothing but luck and a pile of junk to help them?

It might be added that it was Bad Luck that a leaky "chemical" spilled its contents all over the floors and furniture of the house.

Boy, 14, Saves Smaller Lad

Murray Mount, a little son of Mr. and Mrs. Charles Mount, Birch Street, was saved from drowning Monday afternoon. When playing around H. H. Syda's boat slip alone he fell off into a considerable depth of water. He was seen by Hartney Ellis, who pulled the lad out of the water. Hartney is a fourteen-year-old son of Mr. and Mrs. R. C. Ellis, Maiden Lane.

Fisheries Patrol Boat Being Put Into Commission

Captain Baker of Yarmouth arrived in Digby this week to resume command of the Fisheries Patrol F1, which was laid up at Digby for the winter. The boat is now being given finishing touches in preparation for going back into commission.

King Solomon Lodge, A.F. & A.M., Digby; Annapolis Royal Lodge of Annapolis Royal and the Keith Lodge of Bear River will combine in attending divine service at Bear River on Sunday in commemoration of St. John the Baptist's Day.

SILK HOSE AT WRIGHT'S

Digby Students At Normal Listed With Graduates

The annual closing exercises at Provincial Normal College, Truro, and presentation of diplomas, were held yesterday.

Among the names of successful students were published those of Digby County students attending the training college for teachers:

Awarded First Rank Diplomas Mary Alda Comeau, Belliveau's Cove Florence Cecilia Dunn, Bear River Jessie Myrtle Porter, Hill Grove Virgie Eleanor Silver, Deep Brook Dorothy Valentine VanTassel, Digby Florence Euphemia Wallis, Digby

Awarded First Rank Diplomas, conditional on fulfilling requirements of age and experience, meanwhile Awarded Second Rank Diplomas

Marie Frances Duggett, Belliveau's Cove Evelyn O'Dell Fifeigan, Freeport Angèle Robichaud, Meteghan Isabelle Marie Ruggles, Tiverton

Awarded Second Rank Diplomas Courtney Ray Harris, Bear River Elsie MacKinnon, Weymouth Alice Edna Henshaw

The Pines Opens Next Thursday

The Pines Hotel at Digby, N. S., will officially open for summer business on Thursday, June 28th, final preparations are now being made to handle the heavy tourist traffic expected this summer. The management have added two cottages adjoining the present building. The hotel will remain open until September 12th.

To Undergo Further Treatment

Mr. A. D. Daley, who returned home last week from Boston after undergoing treatment for an infected hand, has found it necessary to return to Boston for further treatment. He left last Friday.

Digby Schools Will Open September Fourth

At a meeting of Digby School Board, held this week it was decided that schools would open for fall term on Tuesday, September 4th, in place of August 27th as was previously decided on. Vacation begins today. Pupils of High School, who are to write the Provincial Examinations, begin on Monday.

The Ladies' Hospital Aid Sewing Circle will meet at the home of Mrs. Caswell next Wednesday afternoon at three o'clock.

American Scallop Dragger in Port for Shelter

The American scallop dragger "Stranger" Captain William Meed, registered at Newport, R.I., arrived in Digby at sunset Saturday night and docked at Cann's Wharf. She was visited there by Fishery Officer G.E. Torrie and Fishery Inspector H. H. Marshall, who examined her papers and took a statement from the master.

Captain Meed said that they left Yarmouth on Saturday morning and proceeded up the Bay of Fundy. They made one set of their drags off Belliveau's Cove. Their propeller shaft being fouled with a piece of cable they put into Digby in distress. On arriving here they had about half a gallon of scallops.

While the fisheries regulations prohibit American ports being entered or used as a base by fishing vessels during "close season" and the Stranger was therefore liable to seizure, the regulations also stipulate that vessels in distress are allowed to enter any port for shelter or repairs and the Stranger was therefore free to enter and depart. Her papers being in order she was therefore permitted to proceed.

The Stranger is 96 tons register. Schooner rigged and has a 110 horse power full diesel engine capable of sending her along at ten knots. She carries a crew of eight men. Her scallop drags are not built in sections as are the drags used by Bay fishermen but are one piece, ten feet long. When dragging she uses two, one off each side. She had fifteen tons of chopped ice in her hold. A feature of the vessel was a generator and storage battery electric lighting plant, with lights in the cabin, wheel house and hold and flood lights on deck, enabling operations to be carried on at night.

Wm. Simms, formerly of Digby, was a member of her crew.

Captain Meed said that the vessel had been fitted up as a scallop dragger this year. They had made two trips off South Shoals, Nantucket Light and made the trip up the Bay of Fundy to see what they could strike. They had heard of the extensive scallop beds off Digby and wanted to give them a trial.

EDITORS' NOTE—Although Inspector Marshall has repeatedly pointed out to the department that the close season regulations on scallops did not prevent American boats from fishing in the Bay of Fundy beyond the three mile limit, no international agreement has been effected to prohibit them doing so, and the spectacle of Digby scallop boats being kept in port while Americans fish the beds is illustrated as a possibility by the visit of the "Stranger."

For Dominion Day

C. E. Walker and Paul Yates are making an effort to persuade the Harley Reagh band and orchestra of Boston to give Digby a little music for Sunday night July 1st, and Monday morning, Dominion Day. Mr. Reagh is a superb cornetist and a pupil of Herbert Clarke, the greatest cornetist of recent times. His organization is small, but the expenses would be heavy, and the cost would probably have to be borne by private subscriptions. Digby should have a little something in the way of celebration for that day, but Mr. Yates, a personal friend of Mr. Reagh, does not feel confident of success in securing this little aggregation of fine players because of the expense, though good inducements are being offered them.

Weddings

EISNOR—GEHUE

On Wednesday evening, June 21, Miss Flossie Eisnor, daughter of Mr. and Mrs. Clarence Eisnor, of Digby, and Reginald Gehue, son of the late Mr. and Mrs. Boyd Gehue of Bear River, were united in marriage by Rev. Mr. Forbes, of Digby, at the United Church parsonage. The bride and groom were attended by Mr. and Mrs. Benj. Thebaud. The bride was prettily gowned for the occasion. They will reside in Digby.

And Still the Fire Equipment

Judging by the number of people who have commented upon the action of the Fire Brigade in endorsing the Courier's editorials on Fire Equipment, the time is ripe for a ratemakers meeting to be called to vote on the purchase of motorized combat ladder and hose wagon and chemicals.

A lady living in South End told the Courier that in discussing need of motor equipment, which in her opinion was needed, we were perhaps forgetting that there were one or two smaller matters also to be attended to, and which would help to improve the service. The whistle isolation after four o'clock in the afternoon, distance of many parts of the town from any

equipment, all came under review. Come to think of it the lady is right.

Let us suppose that tramps break into Victoria Park for a night's lodgings. They make a little fire and it spreads. Along about midnight the fire is noticed. How is anyone going to get to the fire alarm box in time to turn out the brigade?

The fire hall is closed at four o'clock when the Town Clerk calls it a day. Chief Cowan is in and out during the evening, but his duty is mainly on the street, and in any case he goes off duty before midnight. For all practical purposes the fire alarm box might just as well be over at the Pines or down on the Cannon Bank, so far as its accessibility is concerned. The only means of sounding an alarm for fire in South End is to ring central and get the operator to waken someone who lives near the Town Hall, and have that person dress and go to the fire station and pull the switch. Figure out how many minutes that will take. How much headway would a fire get in that lost time? So much that the firemen would arrive at the fire in time to "save the cellar" but not much more.

When the present fire alarm signal was talked of it was proposed to place an auxiliary switch in the telephone office so that the night operator could pull the switch whenever anyone called up to report a fire. For some reason the plan was not carried out. The Courier understands that the fire brigade did not recommend it, but asked for installation of several alarm boxes at different parts of

the town, so that all sections would have access to them. This is the system in vogue in larger towns. And in addition to this, arrangement is made that "central" will call the fire hose and the alarm post. Some modified scheme could be worked out to improve the alarm system in Digby either by installing a switch in the telephone office or by installing the alarm boxes. Both would be better.

Then comes another matter. The whistle. As installed now it is not always heard in distant sections of the town. The cap roof of the hose tower acts as a muffler and the sound vibrations are not free to circulate. The firemen have suggested that the cap roof be cut off, or the siren set on top of the roof so that the field of sound will not be interfered with. Should something of this nature be done? All very well to say that the siren is readily heard at Deep Brook and often at Weymouth, but it is in Digby that the firemen live, and it must be acknowledged that the siren is not always heard in Digby.

The minor changes are necessary, but they do not dispose of the handicap of poor equipment. Even if no time is lost in sending in an alarm for fire, and even if the siren wakens every man, woman, child and dog in town, there still remains the handicap of the man drawn reel. A good athlete can run a mile on a cinder track in something less than five minutes. There is no known mark for running even one hundred yards with a hose reel, although hose reel team events are prominent on every firemen's tournament program. In any case the members of the fire brigade are not athletes. They turn out for duty equipped with rubber boots and coats and spanners. Which is mighty poor equipment for road racing.

Let's forget about the hose reel and let's get some real equipment, so Digby will have proper fire protection and not trust only in luck.

Little River

Rev. I. D. Harvey left on Saturday for Freeport.

Miss Marie Elderkin of Pictou is visiting her sister, Mrs. Lydon Collins.

Capt. and Mrs. MacIsaac of Pictou are visiting Mrs. Darrell Cheyney.

Mr. and Mrs. Earl Frost are receiving congratulations on the birth of a son.

Mr. and Mrs. Bowman Collins are attending the Baptist Association at Middleton.

Mr. and Mrs. Shirley Todd have returned from a very enjoyable trip to Liverpool.

We are pleased to welcome Mr. and Mrs. Douglas Denton back after their winter in Halifax.

On Sunday June 17, Guy Morehouse took a party to Middleton to attend the Baptist Association.

On Sunday, June 10, seven young girls were baptized and received into the church by the pastor Rev. Clarence Chute.

Rev. Clarence Chute has motored to Halifax and will return with Mrs. Chute and two children who have been visiting friends there.

Mr. and Mrs. Fenton Trask motored to Yarmouth on Saturday to meet Mr. and Mrs. Carmen Trask of Boston who will spend a vacation with their parents, Mr. and Mrs. Byron Trask.

Road Being Repaired

The people of Digby Neck have long been dependent upon the one road, and as they are without rail communication, and in winter without a boat service they are pleased to understand that at last they are to have a highway, worthy of the name.

The work was begun last Fall but owing to the unfavorable weather little was accomplished; this spring the new equipment of road building machinery, tractor, grader and motor trucks is being used; the road bed is being widened to the standard width of a main trunk road and is being made ready for a heavy coat of gravel. If all the plans are carried out we should soon see a fine road from East Ferry to Digby.

Donald Burnham, who has been visiting his parents, Mr. and Mrs. E. E. Burnham, left last Tuesday for Hamilton, Ont. where he has accepted a position

The Legion Wants to Know

At the regular meeting of Digby Legion held on Thursday evening last a resolution was introduced asking that the Customs Department advise the Legion the nature of charges made against two returned men, Clifford Beaton and J. W. Merkel, in the matter of appointment to the local customs office.

It was said at the meeting that the applicants, who headed the lists of successful writers of the examinations, had been the subjects of personal interviews by a representative of the Customs Department at Ottawa, who had indicated the nature of charges made against them.

Most of the men in attendance at the meeting spoke in the debate on the resolution and the secretary was instructed to advise the department that the men had never been engaged in any occupation or practice which would bar them from entering the service of the government. Delegates to the National Convention of the Legion were instructed to place full information before the legislative committee that the matter might be taken up direct with the department by the Dominion Command.

"How Wonderful You Look!"

We all like to be told how well we look. And the nice thing about it is that you can easily feel and look so well that your friends will be sure to notice it.

TRU-BLOOD, the highly recommended blood tonic and purifier, has remarkable efficacy in any run-down condition that displays itself in fatigue, sluggishness, lassitude and in all conditions that cause skin blemishes, blotches, blackheads, pimples and disgusting rashes. And you'll find TRU-BLOOD easy to take. Its taste is pleasant.

TRU-BLOOD acts directly on the blood, cleanses it thoroughly, revitalizes it, then cleans and tones the skin, giving it a healthy smoothness and the natural glow of health. Buckley's EXNER'S T. applied externally, has a magical effect on the skin and skin blemishes. Its use in conjunction with TRU-BLOOD is strongly recommended.

TRU-BLOOD is \$1 a bottle. Buckley's Ointment \$1c a tin. Most drug stores have them.

Weddings.

SPROULE-EISENER

A very quiet wedding took place at the home of Mr. and Mrs. Charles E. Sproule, Waldorf East, when their youngest daughter, Miss Marie Sproule, was united in the holy bonds of matrimony to James Sheldon Spruill of New Brunswick. The ceremony was performed by the Rev. Geo. D. Dube of the Baptist Church after which the wedding supper was served. Just the immediate members of the family were present. The gifts were numerous and useful. The happy couple left for their home in New Brunswick, among the good wishes of their many friends.

New Steamer Evangeline Opens New York Yarmouth Today

A new era in the development of tourist travel service in Nova Scotia will be ushered in today, June 22, with the arrival at Yarmouth from New York of the 7,000 ton twin-screw oil burner "Evangeline" of the Boston and Yarmouth Steamship Company, Ltd. There is particular significance in the arrival of the tourist laden steamer, it inaugurates a new steamship service and a direct line of travel to Yarmouth from New York, and it will witness the inauguration of new train services between Yarmouth and Halifax via the Canadian National Railways and Dominion Atlantic Railways.

When the new steamer arrives in the Nova Scotia port, this Province will be linked with the United States by what is said to be the most de luxe steamship service on the Atlantic coast of America. Her sister ship, the S.S. "Yarmouth" now operates regularly on the Boston-Yarmouth route. Both steamers not only have larger passenger accommodation and more luxuries accommodation, but they are built to afford the most modern facilities for motor transport, and for development of trade, such as providing cold storage for perishable products.

Furthermore the new steamers are so built and have been so placed that they will achieve schedule from Halifax to New York, by rail to Yarmouth and by boat from there, of thirty-three hours, a time never before attained between these cities by land or by sea.

The new Dominion Atlantic Railway special passenger train, to be known as the "New Yorker," and which will connect at Yarmouth with the steamer "Evangeline" from New York is to come into operation on June 22, and will run through to Halifax on Tuesdays and Fridays leaving Yarmouth at 3.30 p.m. and arriving in Halifax at 10.40 p.m., stopping at any point en route to lapid passengers.

Beginning on June 21 with the departure of the liner from New York the "Evangeline" will make regular trips to this Province, leaving New York on Mondays and Thursdays, and Yarmouth on the return trip on Tuesdays and Saturdays.

The "New Yorker" to be operated by the D.A.R. commencing with the first arrival of the "Evangeline" will thereafter operate on the following schedule:

Leave Yarmouth 3.30, arrive Digby 5.40.

Leave Digby 5.45, leave Annapolis 6.25, leave Bridgetown 6.49, leave Middleton 7.14, arrive Kentville 8.04.

Leave Kentville 8.14, leave Wolfville 8.28, leave Windsor 9.04, leave Windsor Junction 10.05, arrive Halifax 10.40.

A new standard sleeping car train will be operated by the Canadian National Railways over the South Shore route two days a week commencing with the first arrival of the "Evangeline" from New York. The train, which first commences operation on June 21 and continues until September 1, is scheduled to leave Yarmouth on Tuesdays and Fridays at 7.30 p.m., arriving in Halifax at 5.30 a.m. The train will leave Halifax on the return trip on Mondays and Thursdays at 9.30 p.m.

The history of steamship transportation between Yarmouth and the United States ports, for the last forty years, is the story of one of the most extraordinary occurrences in existence. From the earliest days of the Hon. I. E. Baker's association with the Yarmouth Steamship Company, when he saw the possibilities of tourist travel to Nova Scotia, up to the present time, the route has been a favorite one with the American public who were at all interested in coming to Nova Scotia. The result of this has been that there has been a steady increase in travel by these boats in the summer, even despite the popularity of motor cars and the improvement of highways leading out of the United States and into the Maritime Provinces.

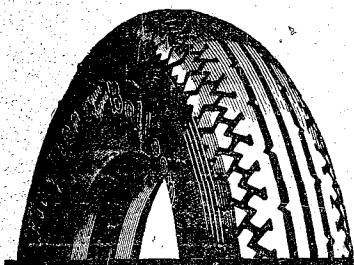

In the matter of accommodation for motor cars, some of the principal facilities which the Boston and Yarmouth Steamship Company strove to have put into their new ships, the result has been as great a capacity as was possible to install. The result has been that the Yarmouth and Evangeline, the two de luxe liners, are each equipped to handle anywhere from seventy-five to one hundred motor cars.

Through all the years there has been a steady increase in the freight carried between the United States and Yarmouth via Boston, and this increase was continued in the face of increasing number of steamship lines linking up Nova Scotia with

With similar pledges of superiority you are now invited to try KING COLE COFFEE. The fact that KING COLE TEA has given you so much pleasure should inspire you to try this new coffee today.

New England and Boston. To meet the future expansion of the trade and to give greater opportunity for its development, the new ships are equipped with a very large capacity of cold storage, a very serious lack of which has been in all other ships that had covered the routes previously. The cold storage facilities have already proved to be a very material advantage on the Boston Yarmouth route and with the establishment of the new route between New York and Boston the advantage will be equally as great.

WOOD'S PHOSPHORUS

Sold by all druggists, or mailed in plain package, receipt of price. New pamphlet mailed free. THE WOODS MEDICINE CO., TORONTO, CAN.

Scientifically Designed Balloon Tire Tread

The Firestone tread was not designed with large, massive projections for appearance or to make plausible sales argument. On the contrary, the projections of the cross-and-square tread are small and the rider strips narrow, permitting the tread to yield to irregularities and cling to the road, giving the greatest non-skid surface.

By means of the exclusive Firestone Gum-Dipping process every fibre of every cord is saturated and insulated with rubber, to withstand the extra flexing of the Firestone tread.

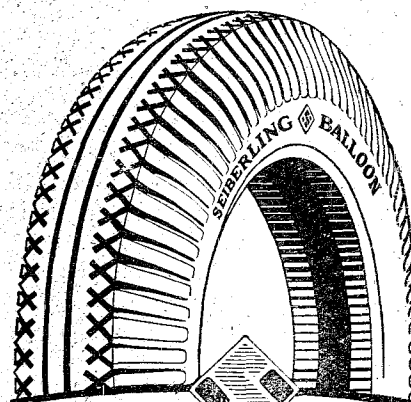

If you want the economy, comfort and safety of Gum-Dipped Tires—see the nearest Firestone Dealer.

THE BEAR RIVER WEEKLY COURIER

For Home and Country

Edited by Woman's Institute Bear River

Board of Trade

Holds Meeting

A meeting of the Bear River Board of Trade was held in the Masonic Reading Room Friday evening, June 15th to appoint committees to carry on the annual Cherry Carnival to be held in July. The committees will report back to the Board as soon as possible, when a date will be named on which the carnival will be held. The meeting also considered a communication from the Board of Public Utilities re. electric light rates.

An "At Home"

Mrs. Harry E. Harris and Mrs. Lloyd Sanford were joint hostesses at an "At Home" on Wednesday afternoon, June 13th. The rooms were prettily decorated with English buttercups, iris and bridal wreath flowers. They were assisted in receiving by Mrs. Norman McIntosh. The tea table was presided over by Mrs. Fulton Parker. The dainty luncheon was served by Mrs. R. Baxter and the Misses Hazel Purdy and Lemma Van-Buskirk, to a large number of guests, which was enjoyed by all.

SCOUT NOTES

On Monday night the First Bear River Troop were the guests of the Clements' Troop at a jamboree held in Dukeshire's Hall. The Annapolis Scout Band was also in attendance and furnished the most of the program. Several stunts were put on by the Bear River boys. The trip out and back was a jolly one with a crew of twenty one aboard Ern Davis' truck.

Patrol Leaders Henry Romans and Edwin Kempton cycled to the Jamboree and on the way came across a case requiring First Aid and had the Doctor on the ground within a quarter of an hour after the case was brought to their attention.

Patrol Second Alven Yorke has been promoted to Troop Leader and the vacancy caused by his appointment has been filled by Don MacDormand.

The Owl Patrol has now worked up to full strength and Woodford Davis has been selected as Second to Patrol Leader Fred Kempton.

A new Union Jack and Patrol

Flags in the Patrol colors have been added to the Troop equipment.

The Court of Honor meetings require rather lengthy sessions these days to deal with all the matters coming before them, chief of which of course is the making of plans for the summer camping trip.

It has been decided to hold a Church Parade for the Troop on Sunday morning July 8th, at 10:30. A further announcement will be made later.

Mr and Mrs Charles Green and Mrs. J. Dunn were delegates to the Baptist Association which met at Middleton. They left Saturday returning Sunday evening.

Local and Personal

James Hubley spent Sunday with his parents here.

NASH presents a New and Finer Motor Car

New Twin Ignition Motor New Salon Bodies

"The three new Nash Series, which are being introduced everywhere today, achieve the ambition of my manufacturing career.

"They represent an entirely new type of motor car, priced moderately, but offering you all the beauty and quality and performance heretofore exclusive to very expensive automobiles.

"To create such a car we had to develop an entirely new type of design and invest over \$2,500,000 in dies and machinery alone.

"Both the Salon bodies and the high compression motors which power these new models exemplify the most radically modern advancement in body craftsmanship and engineering.

"Naturally space precludes the full listing of all features but I do want to draw your attention to a number of the outstanding attractions such as—

"—Twin ignition, high compression, Bohalite aluminum alloy pistons

with Invar-struts, 7-bearing crankshaft with hollowed crankpins, Bijur centralized chassis lubrication, Houdaille and Lovejoy shock absorbers, Billex-Nash bumpers and bumperettes, chrome plating over nickel for all exterior metal ware, double-drop frame, one-piece Salon fenders and longer wheelbase lengths.

"This new-type engineering of the '400' motors makes them by far the best performing cars I have ever built.

"I don't think anyone will ever want to use all the speed and power they deliver.

"Equipment is absolutely complete at the factory list price and you need buy no extras except a spare tire.

"If my judgment is worth anything you will find it well worth while today to examine this new automobile development with the greatest care."

C. W. Nash
President, The Nash Motors Company

Bigger Milk Profits

well fed cows mean well filled pails

Feed Quaker Dairy Ration. Its protein produces the maximum quantity of milk, because it stimulates the milk producing organs and rebuilds tissue.

Abundant carbohydrates, too, the body builders. Minerals which tone the blood and keep up health, and which are usually deficient in ordinary feeds.

All in perfect balance. Its grain feeds, cottonseed meal, oil-cake meal, gluten meal, and edible bone meal are in the proportions which assure heaviest milk production over long lactation periods.

Quaker Dairy Ration is economical because it PRODUCES MORE MILK FOR LESS MONEY. No waste, because of perfect balance. Low moisture content, because kiln dried. The advice of our experts is free. The Quaker Oats Company, Peterborough, Ontario.

Quaker DAIRY RATION

Also Quaker Schumacher Feed for cattle, hogs and horses, and Quaker Ful-O-Pep Feeds for Poultry.

Parish Priest of Weymouth is Called By Death

The death of Rev. Father Philip C. Thibault occurred at St. Joseph's Glebe, Weymouth, at 12.15 o'clock Thursday morning. He had been ill for the last three months. His condition was favorable until three weeks ago, when it was apparent he was failing, gradually growing weaker. The cause of death was tuberculosis.

The late Father Thibault was born at Church Point, forty-five years ago, the son of the late Mr. and Mrs. Celestine Thibault. He was educated at St. Anne's College, Church Point, from which institution he graduated in 1904. He entered Holy Heart Seminary, Halifax, in the fall of 1904, and was ordained to the Holy Priesthood on June 29th 1908, by Archbishop McCarthy. He was assistant to the late Father Misan, of Amherst, for one year after his ordination, following which he was appointed parish priest of Plympton.

At Plympton, he spent fourteen years during which period he devoted himself with zeal and zest to the spiritual welfare of his flock. During his incumbency at Plympton, he had also charge of the missions of Doucetteville, Marshalltown and Seawall, and built a new chapel in the basement of St. Croix Church. The beautiful Church of the Sacred Heart, at Doucetteville, is a monument to his devotion to the parishioners of that mission. The church, when completed was entirely free of debt, as a result of his untiring efforts.

He was appointed parish priest of Weymouth five years ago.

As pastor of St. Joseph's, Weymouth, his devotion and zeal manifested by the beautiful shrine of St. Theresa of the Child Jesus, which he had completed only last summer.

Never possessing robust health, he nevertheless continued in the performance of his priestly labors.

The body was transferred to the church at ten o'clock Thursday

morning, where it was in state till Friday evening, when it was taken to Church Point, where the funeral was held.

There was solemn requiem high mass on Friday morning at 2.30 o'clock at St. Joseph's church, at which Rev. Augustus Blinn, a classmate of Father Thibault, was the celebrant, as listed by Rev. Father J. M. Donat, of Plympton, as deacon, and Rev. Father Adolphe LeBlanc, curate at St. Joseph's, since last fall, sub-deacon. There were vespers for the dead chanted at seven o'clock, Friday evening at St. Mary's Church, Church Point.

At the funeral Mass, Saturday, at Church Point, the celebrant was Mons. D. H. Comeau, of Sea Brook, assisted by Rev. Father Dennis Comeau, of Middle West Pubnico, the predecessor of the deceased as parish priest of Weymouth, as deacon, and Rev. Father Catreau of St. Anne's College, as sub-deacon.

The sermon was preached by Rev. Father Bourneuf, of St. Bernard's also a classmate of Father Thibault. Burial was at Church Point.

The late Father Thibault is survived by one brother, Joseph, of Church Point, and one sister, Sister Mary of the Redemption Convent of the Holy Family, Sherbrooke, Que. His last will, opened and read, bequeaths a \$100 for the propagation of the faith, and after disposing of a few personal bequests the residue of his estate is left to St. Anne's College for the education of Acadian youth.

The death of Father Thibault marks the passing of the second Acadian priest of Western Nova Scotia, the death of Rev. Father Thernault, taking place 18 months ago.

Rev. Emile Bourneuf of St. Bernard's and Rev. Father Sebllet, superior of the College, are executors of the will.

SCOUT NOTES

Do A Good Turn Every Day

Scout L. Mount of the Beaver Patrol won points for the best essay, it being on the "Caribou". The patrol competition is near a close. The leading patrol are the Beaver and the Wolf. Scout Videto and Robinson were awarded their membership cards. Scoutmaster Wright led the boys in a sing-song which was enjoyed by all. Two boys, H. Hewitt and H. Webber were given the chance to become members if they can pass their tests in four weeks. Meeting closed at 9.30. "Everybody happy?" Well I should smile.

The boys are busy getting ready for camp which will be under supervision of Mr. Geo. Wightman.

The following is the essay by Scout Lloyd Mount.

THE CARIBOU

The Caribou is a flat-headed member of the deer family. The full grown Caribou weighs 475 pounds and stands about four feet high. The coat consists of a thick felt like covering of fine hair and coarser outside coat. The legs are thick and strong and the hoof is broad and flat. It lives chiefly in Arctic regions and eats moss and plants. Of the nine species of caribou there are two main classes, the barren-ground and the woodland. The woodland caribou is found in the forests from British Columbia to Nova Scotia and Newfoundland, and the barren-ground caribou are much farther north. The antlers of the barren-ground caribou are longer than that of the woodland caribou but they have fewer points.

One of their most common habits is migration. They travel in great herds at regular times usually North in Spring and South in Autumn. Caribou supply the chief source of food of the Indians. Their legs are strong and they are good runners. The skins furnish materials for the wigwags, harness for the dogs and other purposes. Alaska caribou are commonly called reindeer and are raised on ranches for their flesh which is shipped to the United States.

Bennett to Tour the Maritimes

Hon. R. B. Bennett K. C. leader of the Conservative party in the Federal Parliament, will spend from three to four weeks touring in the Maritime Provinces this summer according to word brought from Ottawa Saturday by M. P. returning from the parliamentary session.

Hon. Mr. Bennett's itinerary has been tentatively set to begin possibly in Nova Scotia on July 25, and calls for an extensive trip through all sections of the three provinces with addresses to be given by the leader and prominent Conservatives at different points in the course of his four week's stay. The program for Hon. Mr. Bennett's trip through his native province of New Brunswick is being drawn up by Hon. George B. Jones M.P. for Royal and Thomas Bell M. P. for Saint John-Albert.

The Kicker Has a Kick

He kicks because store-keepers along the water front throw rubbish, paper, straw and paste-board boxes out of their back windows onto the beach to be washed up and strewn along the shore until God sends a high tide some day to wash the stuff away. Why the deuce don't they get no sense?

He kicks because autos drive daily on the main street at 20 to 30 miles an hour, in spite of town regulations limiting speed to 15 miles and some of our most prominent townspeople are the worst offenders. Haint they got no sense?

He kicks because some idiot blames the policeman for not being at the wharf when he ought to be on Queen street and for not being on Water street when he ought to be at the R. R. Station. How the blues can a man be in all the necessary places all at the same moment? That man has the busiest job in town.

He kicks because some skunk is killing cats and dogs—by poison or gun. Why don't that animal rely on nature's weapon and let his stink be sufficient?

He kicks because he's got a grouch any how and wants to make somebody mad. He'll make them mad all right when he gets personal.

New Tusket

Miss Gladys Mullen returned to Boston
on Tuesday.

Congratulations to Mr and Mrs Ephraim Gaudet on the arrival of a son, June 18, Harold Ephraim.

Miss Clara Sabean returned to Saint John on Tuesday last, after spending two weeks with her mother, Mrs A. J. Hobbs. Mr and Mrs Herbert Sabean and family motored to Harris on Sunday where Mr Sabean's son Stanley is Fire Tower Tender.

Miss Helen Mullen was rushed to the Yarmouth Hospital last week for an operation for appendicitis. We wish her a speedy recovery.

If you know the satisfaction of drinking "KING COLE" Orange Pekoe Tea, give yourself the pleasure of using "KING COLE" Coffee too At all grocers.

Roy Mullen of Waltham, Mass. and Misses Gladys and Ella Mullen of West Newton, were called home on account of the illness of their sister, Helen Mullen.

Miss Jeanette Sabean and friend of Iowa, who have been touring Nova Scotia called at the home of C. F. Sabean, the first of the week. Miss Sabean is a daughter of Mr Edward Sabean, formerly of this place. She was looking for information concerning the Sabean family.

TALK OF THE TOWN

Pleasure boats are again making their appearance on the Basin.

Horace Dickie of Kentville, has been spending a few days in town this week.

CHILDREN'S DRESSES AT WRIGHT'S

A. J. Dillon has been confined to his home by sickness during the past few days.

Dr. and Mrs. Dickie left on Monday for Charlottetown where a Medical Convention is now in progress.

Mrs. L. H. Morse was among those who attended the Baptist Association services at Middleton on Sunday.

It is said that the Evangeline, from the river coast to Yarmouth, is booked to capacity for the first three trips.

Mr. and Mrs. H. M. Warne were week end guests of the latter's parents, Mr. and Mrs. J. E. Morse, Bridgetown.

LADIES' RAYON DRESSES AT WRIGHT'S

Construction crews have been working on the railway a few miles east and west of Digby during the past few days.

Rev. F. E. Bishop left on Wednesday for Toronto where he will attend the Baptist World's Alliance to be held in that city.

A new house is being erected on the river road to Bear River, the first new house on that road in over a quarter of a century.

The many friends of Mrs. E. M. Robertson, Sr. will learn with pleasure that she is making rapid recovery from her recent operation.

CHILDREN'S 3-4 STOCKINGS AT WRIGHT'S

Dr. and Mrs. H. L. Roberts left on Saturday for their home in Long Meadow Falls, after spending the week as guests of Mr. and Mrs. S. L. Anderson.

Miss Miller, of Andover, N. B. who has been the guest of Mrs. A. E. Dickson returned on Wednesday to Saint John, where she will visit friends before going on to her home.

Two traffic cops of the Provincial Highway Department stood on the corner of Sydney and Water streets Wednesday night and stopped every passing car. No violations of the law were found.

Mr. and Mrs. Fritz Dakin have received word that their daughter, Phyllis, who has been attending the Maritime Business College in Halifax, has received her diploma and won two medals, a bronze and a silver.

CHILDREN'S SHORT SOCKS AT WRIGHT'S

In another column there appears an appeal from the Mayor to the Citizens of the town for their cooperation regarding decoration Dominion Day it is hoped a special effort will be made to give the town the appearance of that day.

A. M. King & Son of Annapolis Royal, Leaders in Boys' and Men's Wear are sponsoring a 5 Mile Road Race on Dominion Day in that town. A special invitation is extended for boys of about age to take part. The winner will be given a 10 days outing at Pinchurst Boy's Camp, July 1st to Aug. 1st. For particulars write A. M. King & Son.

The Little Art Gallery is planning an innovation by exhibiting some beautiful art productions in the near future. A well sign "Nothing but our own work sold in this studio" will have to come down. The studio has never sold anything but the pictures made by Mr. Yates in person, but he modestly admits that he can exhibit something better, and is going to try out the taste of Digby by showing some art novelties not often seen here.

There died at All Saints Cottage Hospital, Springfield, on Sunday June 17th, Harry A. MacKenzie, proprietor of the Lotus Hotel, Springfield Junction. Funeral services were held at the home on Monday night and the remains were taken to Mr. MacKenzie's birthplace, Sherbrooke, Quebec County, where interment was made on Tuesday afternoon. Mrs. Robert C. Mills, a niece of the deceased, was in attendance on her uncle during his last illness.

Change of Date

Rebeah's garden party will be held July 19th instead of 25th July as announced last week.

His Picture Published

In a group of "Charming Young Canadians from Coast to Coast," published in the Toronto Saturday Night of June 23rd, is included a picture of Robert, son of Mr. and Mrs. Oswald Wright, Digby, taken at the age of two and one half years. The photo is by Rayer of Charlottetown.

Port Wade

Miss Alice McWhinnie of Lyon is visiting her sister, Mrs. James Shaw

Mr. and Mrs. Frank Wood of Digby have been spending a few days with relatives here

The community was saddened on Sunday morning to learn of the death of Mrs. Margaret Westhaver, a highly respected and beloved citizen of this village. The deceased had been in failing health for several months, but a stroke of paralysis early in the week rendered her unconscious and she passed away in the 72nd year of her age. The funeral services were conducted on Tuesday afternoon by her pastor, Rev. W. J. Dean with interment in the United Church Cemetery. She leaves to mourn six children, Mrs. Thomas Wood of Canning, Mrs. W. R. Reed of Lunenburg, Mrs. Frank Munnell and Roy, all with her when she came; also Mrs. Lila Apt and Wm. Westhaver in Mass. en route. There are also many grand-

children, her husband having predeceased her several years ago. Mrs. Westhaver was of a kind and motherly disposition, a friend in sickness and trouble and will be greatly missed in the community

Mr. and Mrs. Carmen A. Trask and Mr. and Mrs. George F. Trask, who have been spending their vacations with their father, Mr. Ben Stanton of East Ferry and Mr. Byron Trask of Little River, motored to their homes in Roslinville, Mass., making the trip of one thousand miles in 40 hrs. Their machine being a 1927 Chevrolet coach. The Trask brothers say the best roads they found on their trip were in Nova Scotia

Engagement

Mrs. Ada V. Denton, of Digby, announces the engagement of her daughter, Phyllis Evangeline, to Mr. Francis Eugene Daniels, son of Mr. and Mrs. Honer Daniels, Lawrencetown. The marriage will take place in August.

Son of Capt. and Mrs. Wm. Snow Marries Halifax Girl

A very pretty wedding took place at St. George's Church, Halifax, on Wednesday, June 20th, when Elsie Alberta, daughter of the late Mr. and Mrs. George Barnes, and niece of Mrs. A. Lavers, 67 Shirley St., Halifax, became the bride of Mr. William Alton Snow, son of Capt. and Mrs. William Snow, Digby.

Rev. Professor A. Stanley Walker, of Dalhousie University, officiated and Miss G. Briel was organist. The full choir was present at the ceremony which was choral. The church was thronged with friends of the contracting parties.

Immediately before the entrance of the bridal party Miss Gabriel played the Wedding March, Lohengrin, The Voice That Breathed O'er Eden was rendered during the entry and at the signing of the register "O Perfect Love."

The bride was lovely in a gown of white chiffon and silver with French Mohair. Her bouquet was a shower of Ophelia roses and sweet peas. She was given in marriage by her uncle, H. W. Mosher, and was attended by Miss Francis Whitman, of Lawrenceton, in a gown of coral pink chiffon with picture hat and bouquet of sweet peas in shades of pink.

Mr. William Heppenstall was groomsmen.

The ushers were Clyde Mosher and Stanley Cook, class mates of the groom.

Little Miss Betty Snow, in a dainty frock of yellow crepe, made a charming little flower girl. She carried a basket of sweet peas.

The ceremony was followed by a reception at the home of Mrs. Lavers, which was lavishly decorated with flowers.

After receiving the congratulations of those present the bride and groom left by motor for Kegamakogee, where the honeymoon will be spent. The bride's travelling costume was of silver with appointments in the same color.

Many beautiful and valuable gifts expressed the good wishes of a host of friends. During the fortnight preceding the wedding Miss Barnes was guest of honor at a number of social functions. These included "Showers" given by Mrs. B. K. Snow, the Misses Evernia and Marion Jensen, Miss Marjorie Mosher and Murray Division, S. O. T.

Interest in the wedding was not restricted to Halifax: Miss Barnes was a graduate of Acadia University in Arts, and Mr. Snow graduated this year from Dalhousie in the faculty of Commerce. Fellow students all over the Maritime Provinces will rejoice in their happiness.

Subscribe for the Courier

Class Leaders of Digby Academy

Digby Academy closed on Friday last and teachers and pupils are all enjoying the vacation. The members of the teaching staff left on Friday afternoon and eight for their several homes, while the grade pupils set about getting the most out of the two months' holidays, and the high school scholars tightened up on the study hours in preparation for writing the Provincial Examinations, which started on Monday.

The Class Leaders in the different grades are:

Miss Moses, Grade I, Doris Robinson, Marjorie Holdsworth, Doris Oliver.

Miss Swallow, Grade I, Gerald Muise, Ada Webber, Carl Winchester.

Miss Swallow, Grade II, Claude Franklin, Lucille Cornack, Helen Franklin.

Miss Turnbull, Grade III, Audrey Holdsworth, Joyce Baxter, Harry Haynes.

Miss Turnbull, Grade IV, Alice McCullough, Ronald Williams, Ada Turnbull.

Mrs. Waycott, Grade IV, Vera Marshall, Arthur O'Neill, Edith Germain.

Mrs. Waycott, Grade V, Merna VanTassel, Reginald VanTassel, Harriet Turnbull.

B. H. Curry, Grade VI, Mildred Oliver, Victor Gordon, Essie Kinney.

Dominion Day

It is a matter of general regret that Digby is not this year to celebrate the anniversary of Confederation. The enjoyment which all had in last year's celebration seemed to insure that such an affair would be an annual event, as it should be.

At the annual meeting of the Board of Trade, however, the gentlemen who for years have borne the brunt of labor in connection with celebrations and regattas, served notice that they would expect other shoulders to take up the task this year, and as a result all plans for celebrating Dominion Day and even Regatta Day, were at a discount.

No criticism can be directed at the gentlemen who declined to continue to do the work. Public gratitude should rather recall the success of their efforts in the past and in no wise forget that it was only by sacrifice of their leisure time, by neglect of their personal affairs and by fulfilling in highest degree their duties of citizenship which made for the success of past affairs of the kind and which had they again consented to act on a celebration committee, would again require of them more in time and effort than they should properly be called upon to give.

The Courier in time past has urged that the general public had no right to expect of volunteer workers too much sacrifice of their time and services. Amusements, just as tea and sugar and gasoline are a public necessity and if entertainment is to be provided our own people and our annual summer guests we should look upon the labor entailed in preparation for such events as being worthy of reward. No business man, in these days of sharp competition can afford to neglect the business which means his livelihood.

It is not to be expected that he should, and if Digby, either this year or in future years, is to celebrate the anniversary of Confederation, it is to hold a Regatta Day, or to make progress in any direction which is for the general good of the whole of the population, then Digby raterayers should find the means to provide payment for services required and in that way contribute each his or her share towards making Digby a better and more prosperous community.

The need is plainly apparent. The method is to engage a competent man as permanent secretary and manager of all committees in charge of celebrations, through the medium of the Board of Trade and Town Office. The means are for the citizens to provide, and it is the duty and privilege of the Town Council to so place the matter before the ratepayers that any reasonable demand upon public funds will be met cheerfully and willingly.

The result is obvious. With such a paid employee the carrying out of detail work in connection with celebrations would be assured, coordination of the town's tourist publicity measures would make for efficiency and profitable results, and the whole business of civic progress could be looked after properly, to give ample return on the money invested in various civic undertakings.

The Coming of the New Yorker

It is necessary in commenting on the opening of the direct New York to Yarmouth service by the new steamer Evangeline of the Eastern Steamships Company, and consequent placing on the summer schedules of the D.A.R. of new traips, to comment also on the seeming indifference of the general public to the significance of these important innovations in tourist service.

The wonderful development of the tourist business in Nova Scotia has been in spite of, rather than because of the efforts of the general public of Nova Scotia. Even those most interested, the operators of summer hotels, were for many years blind to the opportunities which the business offered. The railways, too, were indifferent. Our visitors came because the natural attractions were sufficient to offset the inconveniences of poor connections, tiresome travel, in different service at hotels and stores and inferior highways.

Today much of this is changed. The railways have done their part. The summer hotels have been improved and increased. The highways are second to none of their kind on the continent. It is a pleasure to travel down to Nova Scotia. It is a pleasure to stay at

the hotels. It is a pleasure to travel over the splendid roads. The result is that more tourist business is done each year. As a matter of fact the transportation companies have kept ahead of the provision to cater to those they bring. The handicap of hotel accommodation is being overcome. Present summer hotels are being enlarged and improved. The Canadian National Railway and the Canadian Pacific Railway are devoting their efforts toward increasing the hotel accommodation and in many communities, on the seashore and inland, more people are fitting their homes and premises to cater to summer tourists.

The chief lack at the present time is a general campaign of newspaper and other publicity to attract still more summer residents to the province. New Brunswick has taken a lead in this direction, and the province of Nova Scotia could well do the same. In parts of the province it is being done. Along the Atlantic coast from Yarmouth to Halifax the "South Shore Tourist Association" is doing splendid work. In Cape Breton the Cape Breton Tourist Association is also doing much to popularize the attractions of that beautiful island. But in the birthplace of the tourist industry, the Land of Evangeline, what are we doing? Mighty little. We are leaving it to the hotel men, to the railways, to the steamer companies. We are content to sit back and take what comes, when we ought to get down to business and make of Digby a centre for the whole tourist business of the Annapolis Valley. For every visitor that now comes to spend a vacation along the shores of Bay of Fundy we should bring two or three more. It can be done by cooperative effort, by pooling the resources and cash of Bear River, of Weymouth, of Sandy Cove, of Freeport, of Annapolis, of Bridge town, of Middleton and Berwick and Kentville, until the whole was made a perfect organization for the increasing and handling of the tourist business.

Half hearted proposals of this nature have been advanced from time to time. They have been met with criticism and opposition. Sectional selfishness has prevented their fulfillment. "Let the hotels and the railway do it all" has been the attitude. It is time such excuses for neglecting our best money making opportunity were cut out and every possible means taken to promote the best paying business proposition which has been offered to Nova Scotia in all its history. Talk about industry! The Tourist Industry is the most profitable of all.

The Digby Board of Trade should take the lead, and extend to the Boards of Trade and other bodies in the Valley towns an invitation to discuss the matter at a series of conferences to draw up a programme of mutual benefit. It can be done if it is undertaken in the right spirit, and the results to be obtained from it are incapable of limitation.

Edmund S. White and Herman Gaudet, of Woburn, Mass., and formerly of Weymouth, accompanied by Frank Height, also of Woburn, and formerly of Digby, have arrived here in a Ford car, which they purchased for the vast sum of \$25.00.

The boys left Woburn at 3 p.m. Thursday afternoon, June 14th, and arrived at 3 p.m. Saturday, doing 800 miles in forty-eight hours. They stopped five hours for sleep while en route.

They say that "Lizzie" came along fine, and only gave them a little tire trouble, and that not until after they reached Amherst.

"Now don't forget to bring me Dr. Chase's Nerve Food. I am feeling so much better I don't want to miss a single dose."

Here and There

(89) Half a million automobiles from the United States and the provinces of Canada, carrying a million and a half persons, will enter Montreal during the coming tourist season, according to the estimate of the Montreal Tourist and Convention Bureau.

The use of the combine is expected to be more general than in the 1928 harvest. In 1927 there were 178 combines in the Prairie Provinces, 148 being in Saskatchewan, 26 in Alberta and 2 in Manitoba. In 1927 there was a total of 530 in Saskatchewan, 221 in Alberta and 23 in Manitoba, 74 in all.

There is considerable tree planting activity along the Maritime division of the Canadian Pacific Railway. At Shagbush along twenty-five bundles of small trees were received the other day from the Forestry Branch at Indian Head, Saskatchewan, and all are now planted. Claret and water villages are competing actively.

Equaling the speed across the Atlantic ocean made by passenger liners of medium size, the five 12,000-ton vessels of the "Steamer" class have been achieving records in oceanic freight transportation for the Canadian Pacific Steamships. The speediest of the company's fleet this year and have been running on the route between Montreal and Europe as many passenger boats.

Chicago. "Smiling Billy Hogan" veteran C.P.R. conductor, took "The Mountaineer" Canadian Pacific flyer from Chicago to Vancouver over its initial run of the season this year. The train is one of the "Big Five" C.P.R. trains de Luxe operating from Chicago and the east of Canada across the continent during the summer. Conductor Hogan says the "Big Five" line in 1885 as stock on the old Wisconsin Railway, and is to-day one of the veterans of the company.

Montreal. A new era in Canadian trans-Atlantic passenger history, has been inaugurated in Montreal, where the fine new liner "Duchess of Bedford" docked recently. The new 10,000-ton vessel, the largest to ascend the St. Lawrence to Montreal, is the first of four cabin class sister ships of the new "Duchess" type, which will supplement the Canadian Pacific's trans-Atlantic and winter cruise services. The new line is expected to be a great success, and will be a real after her maiden voyage which ended the occasion as an event of national significance.

The Feast of St. John the Baptist, greatest of French Canadian religious spectacles, will be celebrated throughout the province of Quebec shortly. The Montreal baseball stadium, which will accommodate 25,000 persons, will be crowded by spectators of a French Canadian oratorio, to be followed by a spectacular fireworks display. On the Sunday afternoon, thirty floats, depicting French Canadian scenes, many bands, and over 10,000 singers and minstrels, will come together in a procession several miles long through the streets of Montreal.

A Lovely Skin of Soft, Smooth Texture
Soft, glowing color and velvet smoothness are the skin's reflections of "blood health" within.

TRU-BLOOD, the pleasant-to-take blood tonic, by acting directly on the blood and driving out impurities, corrects the underlying causes of skin affections and gives natural color and beauty to the complexion.

When taking TRU-BLOOD use Buckley's OINTMENT as an external treatment. This magic ointment does wonders in correcting skin blemishes, in softening and beautifying the skin.

Read what these men say. One writes: "Tru-Blood is working marvelously with me. Another says: 'I recommend Tru-Blood to my neighbors and they find it better than any preparation they have ever used.' Still another writes: 'I cannot praise it enough. I feel it is a great blessing to me.'"

You will find its praise, too. Go to any drug store or to these genuine Buckley's products and acquire "The Skin Tonic."

Clears the Skin

Great Welcome Given the Evangeline on First Trip From New York to Yarmouth

The town of Yarmouth was en fête on Friday last to celebrate the inauguration of the direct New York to Yarmouth steamer service of the Eastern Steamships Company and to welcome to Nova Scotia's western gateway the fine new steamer Evangeline on her maiden voyage.

Special trains over the Dominion Atlantic and Halifax and South Western, carried distinguished guests of the railway companies to Yarmouth on Thursday night to assist in the celebration. Among them were:

H.R. Arenburg, Lunenburg; J.H. Doan, Truro; Mr. Black, Middleton; James Power, Halifax; George Farquhar, Halifax; George Clements, Liverpool; David Gregg, Moncton; W.R. MacAskill, Halifax; F.W. Robinson, C.N.R. General Passenger Agent, Moncton; F. Dougan, C.N.R. District Passenger Agent, Halifax; F.G.J. Comeau, General Passenger and Freight Agent, D.A.R. Halifax, and H.C. Crowell, C.N.R. Press Representative, Halifax.

On Friday morning the visitors were guests of the Town of Yarmouth at a sight seeing trip to points of interest and on the arrival of the Evangeline were guests of the Eastern Steamships Company at a luncheon served on board.

Landing in Yarmouth on the Evangeline were C.E. Graham, Vice-President and General Manager of the D.A.R., and F.R. Perry, General Agent of the C.N.R., New York; Ben Deacon, United States Press Representative of the C.N.R.; V.I.M. Henshaw, Yarmouth; R.U. Parker of the Eastern Steamship Company, and E.R. Cullings, Schenectady, N.Y.

The new Evangeline is the "last word" in steamer construction and was designed especially to meet the needs of the Nova Scotia-United States service. Her automobile carrying capacity is exceptional and the carrying of fish and other perishable products is provided for in adequate refrigerator storage. Naturally, the tourist traffic is the chief business catered to, and the passenger accommodation is in every respect equal to that of many of the finest ocean liners. "Ocean service on coastwise trade," seems to be the ideal on which the Evangeline, and her sister ship, the Yarmouth, on Boston to Yarmouth route, were designed.

These points were touched on in an address given at the luncheon to the newspaper men on board the Evangeline by Captain Eugene O'Donnell, President of the Eastern Steamships, Inc. In welcoming the guests Mr. Perry said that the decision to inaugurate a direct New York to Yarmouth service had been influenced by the ever increasing tourist traffic between United States points and the "Ocean Playground of the Continent." Nothing less than the best that could be given in transportation accommodation and facilities was worth the consideration of the travelling public and in the new Evangeline, plying between the United States metropolis and Nova Scotia's Western Gateway, the Eastern Steamships, had given the public all that could be devised for comfort, for speed, and for their comfort and accommodation.

The newspaper men were generous in their praise for the new steamer and predicted that the new direct New York to Yarmouth service would fulfill all expectations in the development of tourist traffic and filled an established need in transportation between Nova Scotia and United States points.

Mrs. Capt. Iver Carlson and Mr. and Mrs. Fred E. Peck of Gloucester, motored to Cambridge and spent the day with Mrs. B. C. Peck, Huron Avenue.

Fred Snow, son of Capt. and Mrs. Ansel Snow of Digby, was the week end guest of Mr. and Mrs. F. E. Peck, Gloucester.

Tea

The popularity of KING COLE TEA is due to the fact that it pleases people who are difficult to please.

The same achievement is expected of KING COLE COFFEE for it has been selected, roasted and prepared with that end in view.

New D. A. R. Train, New Yorker, Brings Passengers To Digby on First Trip

Steaming into Digby right on the minute of her schedule, the new D.A.R. tourist train, the New Yorker, brought 27 passengers to Digby on its first run from Yarmouth last Friday afternoon. The New Yorker was put on the schedule to connect at Yarmouth with the arrival of the steamer Evangeline, on the New York-Yarmouth service, and is as handsome and well fitted a train as the importance of the service entails. The engine is painted a deep maroon, with gilt trim, and carries the Land of Evangeline crest on each side of its tender and its title. "New Yorker" in gold in front. The train consists of baggage and express cars, two day coaches, buffet parlor car and standard parlor car. Leaving Yarmouth at 3:30 o'clock it arrived in Halifax at 10:40, clipping one hour and ten minutes off the regular express train schedule.

On board were 27 passengers for Digby, 2 for Annapolis, 1 for Bear River, and a number of newspaper men, guests of the Dominion Atlantic Railway management. Mr. F.G.J. Comeau, General Passenger Agent of the Dominion

Graduated With Honors

Miss Lillian Peck (Jimmie), granddaughter of Mr. and Mrs. J. W. Peck, graduated from St. Ann's School with high honors, Sunday, June 27. She received an A. M. Palmer diploma for writing. Miss Peck will enter Gloucester High in September, where she will take a Commercial Course.

OBITUARY

JESSIE S. CROUSSE

At 2055 Columbus Ave., May 11, Jessie S. Crousse, wife of George D. Crousse entered with rest, age 79 years. Funeral service at the home May 14, at 11 o'clock. Burial at Dorchester, Mass.

Mrs. Harry Harris is a niece of Mr. G. D. Crousse.

"No Cherry Carnival 1928"

"At a public meeting held in the music kitchen on June 24, it was decided that no Cherry Carnival be held in Bear River this year 1928 but that it be put off until 1929. Although the Carnival has become almost an institution in Bear River the general feeling seemed to be that it would be inadvisable to attempt it this year hence its cancellation for 1928."

The Philathea Bible Class held its regular monthly social at the home of Mrs. Arnold Chute, June 24. After the necessary business was passed a splendid program was given consisting of readings, solos, and instrumental selections. Delicious refreshments were served by the hostess. Fifty-five members were in attendance.

Mr. W. D. Ryerson of Canton, Mass., an annual summer visitor to Bear River for the past ten years, arrived on Tuesday to spend three months in Nova Scotia. Mr. Ryerson was a guest at Mrs. Trobin's overnight in Digby and arrived in Bear River on Wednesday. On his return to the United States Mr. Ryerson will reside at 95 Lansdowne, St. West R. R., Mass.

C. G. I. T. "At Home"

The Wide Awake group of C. G. I. T. of the United Baptist Church, held a very successful "At Home" on Tuesday afternoon at the home of their leader, Mrs. A. G. MacIntyre.

The rooms were decorated with a profusion of flowers, pink and white peonies, and syringas.

The guests of the afternoon, who were the mothers of the girls, were received by Helen Green, Pres. Ethel Read, Vice Pres., Bertha Dukeshire, Sec. Treas., and Mrs. MacIntyre. Geraldine Purdy opened the door and the ladies were ushered to their seats by Evelyn Rice and Louise Harris. A short program was rendered.

Welcome—Helen Green
Piano duet—"Dancing Flowers"
Louise Harris, Evelyn Rice
Chorus—"The Keys of Canterbury"
Reading—Castor Oil, Nancy MacIntyre
Vocal solo—"Mother Machree"
Bertha Dukeshire
Chorus—Old King Cole.

Tea was served in the dining room, where the table was centered with pink wicker. Mrs. J. L. Warren presided, assisted by Jennie Alexander, Rosalind Warren and Florence Benson.

About thirty guests were present.

Local and Personal

Mrs. C. F. McDermott left Tuesday for Orono Park, Maine, where she will spend a few weeks with the guest of her sister, Mrs. A. C. Archibald.

Mrs. A. B. Clarke, and family arrived in town Monday and will spend the summer months at her home here.

Mrs. Fred Rice will be at home Wednesday afternoon, July 4th from 3 to 5 o'clock.

Ira B. Clarke of Montreal arrived home Monday and is the guest of his parents, Mr. and Mrs. W. W. Clarke, for a few days. He will leave shortly for England to meet Mrs. Clarke who is spending the summer with relatives.

Mrs. and Mrs. Otho Rice and Mr. and Mrs. Stanley Sullivan are spending several days in Beesport.

Mrs. and Mrs. W. H. Rice of Middleton spent Sunday in town the guests of Mr. and Mrs. Thebert Rice.

Mrs. Clarence Hubley who has spent the past month with her parents, Mr. and Mrs. John Berry returned to her home in Neepawa, Manitoba, Monday.

Miss Adelaide Rice from California arrived home Saturday and is the guest of her sister, Miss Myrtle Rice at Lansdowne.

Rev. and Mrs. Schurman of Caledonia spent Saturday in town guests of Mrs. Cordelia Rice and other friends.

Alfred Marshall arrived home Saturday from Newburyport and is the guest of his parents, Mr. and Mrs. Avar Marshall.

Mrs. Fred Leary who has been spending a few weeks with her brother and son Forrest Leary in New York returned to Bear River Friday via the New York steamer, Evangeline. She reports a pleasant trip.

The Ladies' Circle of the Baptist Church was entertained Tuesday evening at the home of Mrs. John Purdy.

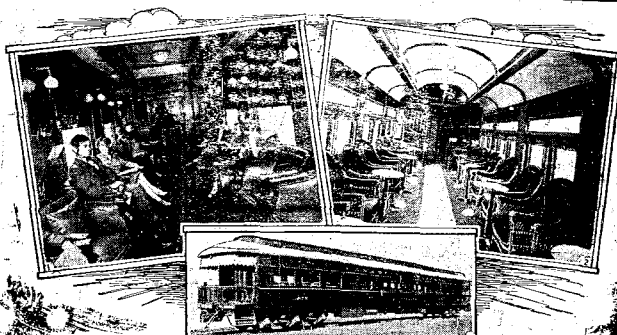

Carl Parker, of Boston arrived home Tuesday and is visiting his parents, Mr. and Mrs. Murray Parker.

The teachers of the Oakdene staff have returned to their homes. Miss Rafuse to Parkdale, Lunenburg Co.; Miss Marshall to Springfield; Miss Hatfield to Port Greville; Miss Withrow is visiting her sister, Miss Flossie Withrow R.N. in New York.

The B.Y.P.U. held their annual closing social on the tennis grounds Thursday afternoon June 28th. A large number attended and a delicious fish chowder was served.

Mrs. G. W. Thomas and daughter, Edna of Allston, Mass. arrived in Bear River Tuesday and will spend the summer months at the home of Capt. and Mrs. George Croop.

Latest Comforts on Maritime Trains

Radio on the railway train has ceased to be a novelty; but it has not ceased to be of interest to every man and woman who travels on the main line trains of the Canadian National Railways, the first railway system in America to make this a feature of everyday train service. Whether the passenger is a business man desirous of keeping in touch with the developments in the world news or a holiday-seeker who finds the time of travelling hang somewhat heavily on his hands, the radio, which is installed in the library-observation cars attached to the Ocean Limited and other crack trains of the National System, is equally welcome. By means of either headphones or loud-speaker, the passenger is able to listen to many splendid programmes broadcast from the leading stations on the Continent, and as well to special broadcasts which are made from stations of the Canadian National chain for his benefit.

The observation-library-radio car, with its comfortable chairs and its wide windows on either side, provides comfort for the traveller whether he desires to read, to write, to listen to the radio or simply to sit back and enjoy the scenery.

There are other comforts on the Canadian National train as well. The club car, which is operated on the Prince Edward Island run is a convenience for those passengers as also are the parlor-buffet cars used on the Halifax Southwestern and the Halifax-Sydney lines of the system. In placing these cars in service, the endeavor of the railway management has been to give the people of the Maritime Provinces the best of equipment for their railway journey.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by adding at any drug store for a bottle of "Weyth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Weyth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of youth.

The Ladies Aid of the United Church was entertained Tuesday afternoon at the home of Mrs. Hubbard.

Reginald Harlow of Halifax was the guest of Miss Brown and Mr. Frank McNaught over the week end.

Mrs. W. M. Romans returned Friday from Halifax where she attended the graduation of her daughter at Mount Saint Vincent.

Mrs. and Mrs. Charles Coombs are receiving congratulations on the arrival of a daughter on the 18th.

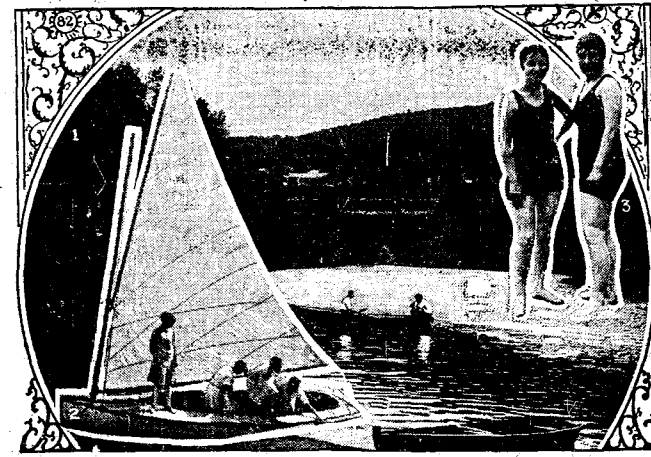

Miss S. M. Hennigar of Cambridge, Mass. is in town and will occupy her home for the summer.

Miss Ada Beals of Lawrence town is a guest at the "Oaks".

Miss Catherine Brown, Mrs. Romans and Henry and Mrs. Hubbard motored to Kentville on Saturday.

Mrs. Lydia Clarke and daughter have arrived to occupy their cottage on the River Road for the summer months.

THE LURE OF THE LAURENTIANS

(1). A section of the North River at Piedmont. (2). Off for the day on the wings of the cool breeze. (3). Enjoying the best sport of all.

The Spring Floods in the Laurentians have in no way affected the fishing in that district, sportsmen returning to Montreal have stated, adding that the fish are bringing better than previous years and that the catch has exceeded their past records.

The Laurentians, so popular during the winter for skiers, enjoy in reality a year round favour in some particular attraction to offer. At present the fishing is bringing many sportsmen up into the mountains, and as usual this is proving to be of the best.

The Mont Tremblant district is perhaps the most attractive and interesting in the Laurentians. This mountain was known to the Indians as "Montion Ewiche-Saga" signifying, the "Mountain of the Dread Manitou," and the legendary dominating power of the range, beneath whose wrath the whole district trembled.

Weddings

RICE-MARSTERS

A wedding of interest took place at Deep Brook, Wednesday, June the twentieth, when Neva Viola, the only daughter of Mrs. Jennie Marsters became the bride of Fred Melbourne, the youngest son of the late Mr. and Mrs. Melbourne Rice Lansdowne.

The Baptist church, where the wedding took place, had been previously decorated by friends of the bride and presented a charming scene with its many flowers, ferns and potted plants. To the strains of Mendelssohn's wedding march, artistically rendered by Miss Harriett Marshall, of Bear River, the bride entered the church on the arm of her brother, Wilfred, and was given in marriage by her mother. The Rev. Mr. Hyster, pastor of the Baptist church of that district, performed the ceremony, the double ring service being used. The bride looked most attractive in a gown of white satin crepe, with the conventional veil and orange blossoms and a crown of pearls. She carried a bridal bouquet of white carnations. The bride's mother wore black satin with hat to match. The ushers, the Misses Melja and Winnifred Sullivan of Bear River wore gown of rose and poudre blue crepe-de-chene with picture hats of the same. The bride's travelling dress was a rose beige ensemble with lot of corresponding shade.

At the conclusion of the ceremony a reception in honor of the young couple was held at the home of the bride's mother. The bride, who for the past several years, has been the popular Western Union operator at Bear River, was the recipient of many a costly gift including several checks and pieces of gold. The gift of the bride to the organist was a pearl-pin and the groom's gift to the ushers were amethyst pins and his gift to the bride was a substantial sum in gold.

At noon Mr. and Mrs. Rice left on a motor trip through the Annapolis Valley. On their return they will reside in Lansdowne.

Their many friends wish for them all possible happiness and success throughout the coming years.

Restoration of Bluenose Fast Passenger Train Service

The Dominion Atlantic Railway announces the Bluenose Fast Passenger Train Service between Halifax and Yarmouth, through the Land of Evangeline will be inaugurated on Monday, July 2nd, and continue up to and including Sept. 15th.

The "Bluenose" leaving Halifax at 9.05 a.m. Atlantic Standard Time, daily except Sunday, will maintain connection at Yarmouth for Boston via Boston & Yarmouth steamers and at Digby with S.S. "Empress" to Saint John, N.B., for Saint John, N.B., for Montreal and Western points.

Passengers leaving Boston at 2.30 p.m. Daylight Saving Time, will connect at Yarmouth with the Bluenose Train and arrive at Halifax at 4.25 p.m. Atlantic Standard Time the next day.

Leaving Montreal at 12.30 p.m. via Canadian Pacific, passengers will connect at Saint John with S.S. "Empress" next morning, and reach Halifax via Dominion Atlantic Railway at 4.25 p.m. Atlantic Standard Time.

Observation Parlor and Cafe cars will be carried on each Bluenose Train between Halifax and Yarmouth, and the popular parlor car service will be maintained between Yarmouth and Truro again this season.

The daily Express Trains, known as 95 from Halifax and 98 from Yarmouth, will continue on present schedule, i.e., daily except Sundays.

No checked baggage will be handled on Bluenose trains Nos. 123 and 124 between Halifax and Yarmouth. Baggage will be handled on regular express trains Nos. 95 and 98.

Particulars as to tickets, reservations, etc., can be obtained by applying to City Ticket Office, 117 Hollis Street, or any Dominion Atlantic Railway Agent.

Mrs. Arthur Harris of East Ferry was in town Sunday.

IN MEMORIAM

In loving memory of our dearly beloved daughter and sister, who entered her Heavenly home July 1st, 1927.

To our memory comes a vision That our hearts can never forget It's the voice of our dear Violet It still remains, we hear it yet.

How we miss you Violet darling Every day and more and more But God send some day we'll meet you On that beautiful, heavenly shore.

When the evening shades are falling And we are sitting all alone In our hearts there comes a longing If our Violet could come home. Oh! and don't our thoughts go wandering To your grave so far away. Where they gently lowered your body Just one sad year ago.

Sadly missed by your loving mother, brothers and sisters.

C. N. R. Officials Win Paper Chase to Please a Lady's Whim

Merely to satisfy a woman's whim, officers of the Atlantic Region of the Canadian National Railways were engaged yesterday by one whole afternoon in the search for a slip of paper containing some memoranda, made by a lady, a passenger on a Canadian National train enroute Halifax, to embark for the Old Country. As a result, however, of the service given, a letter has reached the regional headquarters, Moncton, which the incident is referred to by the lady in question as a "marvel in efficiency."

The story is that the lady reported the loss of the slip of paper at noon on the day she was to sail from Halifax. At 4:45 that afternoon, the paper had been found, and restored to the lady, just as she was to leave the dock.

The location of the paper engaged the attention of General Manager W. U. Appleton, Traffic Manager J. F. Tompkins, Chief Clerk J. Pirie, General Car Foreman, Halifax, and H. J. Crudge, Building Engineer. They engaged them the whole of the afternoon. Something like sixteen miles were covered in motor cars, and the search spread from the Dominion Terminal to Pier 2 at Deepwater terminals and thence to the nearby yards at Rockingham, but at least the memoranda was found.

When the complaint of the loss was made, Traffic Manager Tompkins offered to make inquiries, and accompanied the lady to the Sleeping Car Department to ascertain whether such a document had been turned in. Records indicated nothing, but the lady insisted upon which the search was continued. She was not aware of the car number, or name. But however, a search was made of the sleeping cars in the yard, without result. It developed, however, that one car was missing, and further inquiries ascertained that this car had been switched some seven miles to Pier 2 main passengers for another train.

The Railway official hastened by

motor car to this point, only to learn that the car had been switched to Rockingham, about five miles distant. On advising the lady of this fact, she went to the conclusion that it was a hopeless task. Her name, and the number of her stateroom on the ship was ascertained, however, in the event that the memoranda might be located later.

Following upon this the services of H. E. Shirley, Chief Clerk, Divisional Freight Office, Halifax, were enlisted, and he proceeded to Rockingham and searched the car. This proved successful, and the memoranda was delivered on board ship a short time prior to its sailing from Halifax.

In due course, a letter arrived at the Regional Headquarters, Moncton, which gives expression of appreciation for the extraordinary tenacity exhibited by the Canadian National officials. The letter is as follows:

"I must try and make some acknowledgment to you of the paper which you so kindly returned to me. I am very glad that I made enquiries there to satisfy a whim than in the expectation of ever seeing the paper again. After all, it was only a piece of paper from a writing block and the way you managed to identify it is a marvel in efficiency to me."

I would like you to come way to make known how you hunted in empty carriages for this paper with such success, as I think that such prompt and obliging service should be commended."

Yours gratefully,"

It will be noticed that the lady herself admits that it was merely to satisfy a whim that she asked for the return of this paper. In other words she challenged the efficiency of the National System. The challenge was accepted, and the letter speaks for itself.

Hotels Must Keep Pace With Development of Tourist Traffic by Railways

"In my opinion, the most important factor in any community of these provinces today is the hotel industry, rather than the most important factor is the realization of the opportunities that are now offered to him and his community." This statement was made by Mr. F. Tompkins, Chief Manager of the Atlantic Region, Canadian National Railways, on occasions when the members of the executive of the Dominion Hotels Association were visiting the Maritime Provinces.

Mr. Tompkins, in the course of his address given at Moncton, pointed out that the Maritime Provinces were now provided with excellent transportation facilities, but that there was need of improvement of accommodation in the three provinces, because the Railway could not afford to bring people to a community where they did not receive comfortable and pleasant accommodation.

This was just as important to the various communities because if the Railway brings visitors to those communities, and they go away dissatisfied with the accommodation, they exceedingly poor advertisers for those places.

The hotel in a town, he emphasized, should be made a community center, as where one finds a good hotel, there is usually found a progressive community, the citizens of which stand behind their hostelry.

The Dominion Hotel Association as represented by S. J. Robbins, Managing Director, E. M. Carroll, Manager of the Walker House, and the Carlsberg, two well-known Toronto Hotels, John Davidson, Manager of the Windsor Hotel, Montreal, one of the foremost hotel men of this continent, represented D. J. Mulligan, President of the Association. They were accompanied on part of their tour through the Maritime Provinces by Arthur Leger, of Bathurst, President of the Maritime Provinces Hotel Association.

They visited Moncton, Charlottetown, New Glasgow, Halifax, Kentville, Annapolis Royal, Digby, Yarmouth, returning from Yarmouth to Digby, they crossed to Saint John, and went up the Saint John valley to Fredericton and Woodstock, practically making a circle of the Maritime Provinces.

They are preaching the gospel of organization of hotel men into the association for their self-benefit and self-protection, and higher standard of service to the public.

There is no doubt their visit to the Maritimes will stimulate higher development and improvement, because they were received in the most cordial manner by the local hotel men, who entertained them most hospitably. These gentlemen expressed everywhere they went their pleasure at the high standard of many of the hotels they visited. They were practically struck with their reception in Prince Edward Island, where they were received by Lieutenant Governor Heist, and tendered a luncheon at which the Lieutenant Governor was present, together with Hon. Walter Lea, Acting Premier, Ex-Premier Stewart, Mayor Yeo of Charlottetown.

TIRED, WEAK, NERVOUS WOMAN BENEFITED

Praises Lydia E. Pinkham's Vegetable Compound

Asbestos Mines, Quebec.—"After the birth of my second child, I was always feeling tired, nervous and weak and had headaches, backaches and terrible pains every month. I suffered two years before I tried Lydia E. Pinkham's Vegetable Compound. I got four bottles at first and it did me a world of good. I would not be without it in the house now, and have another six bottles. I recommend it to every woman I know."—Mrs. T. BARRITT, Box 114, Asbestos Mines, Quebec.

After the ceremony the friends gathered at the bride's home where a reception was held in honor of the young couple. The bride who has been for several years the popular operator at the Western Union in Bear River, was the recipient of many and costly gifts, including several checks and pieces of gold. The bride's gift to the organist was a pearl pin and the gift of the groom to the ushers was amethyst pins and his gift to the bride was a substantial sum in gold.

At noon Mr. and Mrs. Rice left on a motor trip thru the Annapolis Valley and their return they will take up their residence at "Lansdowne". Their many friends wish them every possible success and happiness throughout the coming years.

OBITUARY

MRS. E. F. HANCKINSON

There passed away at Weymouth, June 10th, Eunice Hearty Saunders, wife of E. F. Hankinson and daughter of the late Robert and Mary Saunders of Sandy Cove and granddaughter of the late William and Margaret Bishop of Digby leaving a husband and three children. Rae at Normal School, Mary and John at home. One sister, Mrs. Floyd Snow of Digby, two half sisters, Mrs. R. S. Small of Tiver who was called to her bedside but could only stand beside her for God had called her home. Mrs. Hankinson a few years ago fell on the ice hurting her spine but had been active up to her death which ended in a stroke.

She was a devoted follower of the Methodist Church, but was buried in her husband's family lot in the Baptist cemetery.

We shall miss her but not forget. There will be a glorious dawn. We shall meet to part no more. God take her restful journey.

- Clear vision front pillar posts
- All exterior metalwork chrome plated over metal
- Shorter turning radius
- Longer wheelbase
- Easier steering
- Body rubber insulated from frame
- Biflex-Nash bumpers and bumperettes

Gum-Dipped Tires Save You Money

Gum-Dipping is an exclusive Firestone process. It insulates and impregnates every fibre of every cord with rubber and prevents the cords from chafing against each other.

In ordinary tires these cords are uninsulated. In flexing they chafe against each other, causing internal heat and friction which softens the rubber, causing blowouts and tire failure.

These better tires cost you no more, yet they give thousands of extra miles. See your nearest Firestone Dealer.
