

# 1877- 1978

[illegible]

## Credits

This project was made possible with assistance from the Nova Scotia Department of Tourism, Culture and Heritage through its Strategic Development Initiative. This initiative supports projects aimed at enhancing the self-sufficiency of the heritage sector throughout the province.

The Municipality of the District of Digby is the lead organization to spearhead this project. The Digital Courier is part of the municipal initiative to preserve the past and develop the future; Council is honoured to be part of the preservation of these significant historical documents.

## 1800's

- (1810) the first elections were held in the County.
- (1837) the County of Annapolis was divided to include the County of Digby.
- Old Post Road and rural school system improved.
- Weymouth Trading Post established.
- Ship Building is a major industry in the area.
- (1879) the District of Digby was incorporated.
- (1891) the railway (the missing link) between Annapolis and Digby was completed.
- Joshua Slocum sails around the world alone.
- Temperance Movement.
- Summer Tourism Industry develops.
- I.M. Singer invents the sewing machine.
- Canadian Confederation (1867)
- Klondike Gold Rush
- The Supreme Court of Canada is established
- Florence Nightingale takes London nurses to the battlefields of the Crimean War

## 1900's

- Poor Farm in operation
- Isaiah Wilson's Geography and History of the County of Digby Published.
- Prime Minister Sir Wilfred Laurier visits Digby.
- Marconi transmits wireless message across the Atlantic
- Queen Victoria dies
- The Boxer Rebellion breaks out in China.
- The Boer War in Southern Africa ends

## 1910's

- (1912) last race of the Brattain Cup in the Annapolis Basin.
- First motorized vehicle in the area.
- Communities collect cloths and money for the war effort.
- Spanish Flue kills many in the area.
- First Calgary Stampede
- Women in Canada get the vote
- Halifax explosion
- WW1
- The Titanic Disaster
- Norwegian Roald Amundsen becomes the first to reach the South Pole.

## 1920's

- Motorized vehicles becoming more common.
- Last wooden ship built in Bear River.
- Electric lights installed in villages.
- Motorized vehicles becoming more common
- Canadian Schooner "Bluenose" wins the International Fisherman's Trophy
- Agatha Christie launches her career as a mystery writer.
- George Carnarvon and Howard Carter unearth King Tutankhamen's tomb

## 1930's

- Economic Depression.
- Rural electric lines being installed.
- Electric lights installed in villages.
- Highway paving projects underway.
- First crossing of the Princess Helene Ferry.
- Rum running along the coast.
- Rum running in its heyday
- Dionne quintts born in Ontario
- Movie "King Kong" released starring Canadian Fay Wray
- WW II begins

## 1940's

- Digby home to WWII submarine base.
- CFB Cornwallis largest training base in the Commonwealth.
- Scallop Industry expands.
- Hog farming expands.
- Population decline in rural communities.
- Newfoundland enters confederation
- UN Formed
- U.S. planes drop atomic bombs on Hiroshima and Nagasaki
- Orson Welles' film Citizen Kane, premieres

## 1950's

- Bus service along the Digby Neck.
- Population in villages continue to decline. NORAD formed with USA
- National Ballet of Canada founded
- Bear River Power Plant built
- Korean War
- Smoking linked to lung cancer
- Sputnik launched
- Castro takes over power in Cuba
- Elizabeth II coronation - Queen of England

## 1960's

- Sissiboo Power Plant built.
- Kejimikujik Park established.
- Conners Brothers Fish Cannery Plant closes in Freeport.
- Fish Meal Plant opens in Mink Cove.
- Weymouth Industries closure.
- Bear River Village Fire.
- Canada celebrates 100th birthday
- Pierre Trudeau sworn in as Prime Minister
- Bay of Pigs invasion
- Thalidomide deformities revealed
- Cuban Missile Crisis
- John F. Kennedy assassinated
- Demonstrations against Vietnam War

## 1970's

- Evangeline Mall built.
- New CN Ferry Terminal built.
- Ground Hog Day Storm.
- Municipal Airport opens.
- Hwy 101 completed to Digby.
- First Computer used.
- Jones Bottling Plant burns in Weymouth
- War Measures Act invoked
- Pierre Laporte murdered
- Canada-Soviet Summit Series in hockey begins
- Quebec language legislation (Bill 101) passes
- Munich massacre at the Olympics
- Rock stars Jimi Hendrix and Janis Joplin die.
- At Kent State University in Ohio, protesting students are killed by National Guardsmen

### HYDRO DEVELOPMENT IS YEAR'S GREAT ACHIEVEMENT

Work of Board Commended on Every Hand and All Hope Big Things for the Future of Hydro

#### Councillor Hillman Will Ask for Re-appointment of Chairman Marshall

The outstanding achievement of the year 1927 for Digby County was the fulfilment of plans for hydro development to serve the county. Slightly over a year ago contracts for construction of transmission lines and installation of machinery were allotted by the Digby County Power Board and in April of last year Hydro was turned on. With success everyone knows—and it may be here remarked that the success achieved was due to determined effort, in the first place, of a small group of men, and then, when the soundness of the plan had been verified, by the hearty cooperation of all the authorities in town and county.

Chairman Marshall, of the Power Board, in conversation with the Courier, forecasted a reduction in the general rate for the Town of Digby from the first of April next. The service, in operation since April last, had shown remarkable growth in the town, and had earned a great deal more than was needed to meet all charges. The annual report of the operation of electric services in the town would show that more had been placed to credit of sinking funds than was necessary and other precautionary expenditures, pertaining to the reserve steam plant would not again need to be made. The operation of the Sissiboo plant had proven entirely satisfactory and the only stoppage of service which can be looked for are transmission line troubles, which would, if occurring, be repaired more quickly than steam could be raised in the reserve plant. With this in view the steam plant should be considered as out of existence and all money now used to maintain it, or to buy supplies of fuel, should be credited to rest account, in justification of a decrease in rates. Mr. Marshall indicated that as far as street lighting was concerned it was the desire of the Board that the streets should really be lighted, during all hours of darkness, and that the Board would be ready to consider any reasonable adjustment of the rates paid by the town for this branch of the service. He also said that if the town did not make application for reduction in rates that the Board would not be unready to do it for them; this, in view of the fact that the town is maintaining unnecessary plants and overhead.

In conversation with the Courier, Councillor Fritz Dakin, spoke of what had been gained by the town of Digby by the coming of hydro. He was pleased with what had been done, but felt that the year 1928 should see a still greater development of the service within the town. Several opportunities for building up the load offered and the spring of the year should see the town out after more customers, trying to give better service.

Municipal Councillor Hankinson, of Weymouth, was most

pleased that hydro is to be extended down Digby Neck and possibly to the Municipality of Clare. Service for the whole county had always been his idea of what hydro should be, and he was glad that the government had seen its duty in agreeing to place and care for the cables across Grand and Petite Passages.

Municipal Councillor, James Hillman, saw in the success gained by hydro the outstanding feature of the whole year. It showed what could be done, what industrial opportunities could be opened up in Digby, and what could be done to make Digby more attractive to visitors, to outside capital and, more important than either of these, attractive enough to keep the young people of Digby at home, and give them opportunities for employment. The members of the Digby County Power Board, particularly the Chairman, Mr. H. H. Marshall, deserved every praise for what they had accomplished. He had not always approved of their way of doing things sometimes, he had thought that more detailed information might have been given the Municipal Council, but he was satisfied with results, and great credit was due the Board for insisting that the provincial government undertake the laying of cables to carry the service down to Westport. Mr. Hillman intimated that when the Municipal Council discusses the report of the Power Board at its sessions next week, he would move a resolution of approval of the Board's services and the reappointment of Mr. Marshall as representative of the Municipality of Digby on the Power Board. Councillor Hillman thought that with this great development passing through a critical stage we should not "swap horses crossing a stream," but putting the welfare of the whole county as his sole consideration, he was of opinion that the present chairman of the Power Board should continue his work, and the lines be rushed down Digby Neck and through other sections of the county as quickly as possible.

#### Hydro is yours--Use it

#### False Alarm Pulled in New Year's Frank

The New Year came late for our motor party, who on Sunday A.M. pulled in a false alarm on the fire siren by way of ushering in the New Year. At three o'clock a Chevrolet car turned the corner by the Town Hall and stopped. Two men jumped from it, threw in the switch and jumped back into the car and made off at high speed.

#### Children's Aid Society Office Now Located in Digby

The office of the Secretary of the Children's Aid Society, Rev. A. I. Prosser, has been moved from Annapolis to Digby, and is now located in the Shreve block, next door to the Crown Prosecutor.

### SCOUT NOTES

There was an attendance of 30 at the meeting last Friday. Second class work was carried on in good style the boys working hard to get in shape for their tests.

Scouts Harry Cowan and Martin Barnes passed the Compass test successfully. The Beaver Patrol practised the mile run, and the Wolf and Fox patrols took up signalling and first aid work.

Billy Walker was admitted into the Troop and a place found for him in the Bear Patrol.

The several papers on the Wolf were very good. Gordon Burnham of the Wolf patrol carrying off the honors for the best. The subject for the next meeting is the Beaver.

The Scouts are waiting for ice so that they can have a hockey game or two with the Bear River boys.

The Troop are badly in need of a new flag. The Union Jack is the correct one. The last flag was presented to the Troop by the late Mr. H. E. Jones.

#### Visiting in Digby

Mr. F. G. J. Comeau, General Passenger and Freight Agent of the Dominion Atlantic Railway, with offices in Halifax, and Mr. O. C. Jones, of Bridgetown, manager of the summer hotel, The Pines, were visitors in Digby on Wednesday. Mr. Jones is more than pleased with the prospects of tourist business at the Pines for next season, in fact both gentlemen were of the opinion that next year would see tourist accommodation all over the province taxed to the utmost. As for freight and general traffic over the D. A. R. and the St. John-Digby services by the Empress, Mr. Comeau said that all records for previous years had been broken during the year 1927.

#### New Year's Fire was Chimney Ablaze

The firemen were called out Monday morning to answer an alarm sent in for a fire danger at the Phillips house on the Cannon Bank. The chimney had caught and the firemen let it burn out, watching to see that no further fire was set. The fresh snow made going heavy, but the apparatus made good time under the circumstances.

#### Week of Prayer

The Annual United Week of Prayer will be observed in Digby Jan. 8th to 13th. Following is a list of subjects, speakers and places of meeting: Monday, Jan. 8th "Fellowship with God in Love and Family Life," Rev. E. W. Forbes, Anglican Church; Tuesday, "Fellowship with God in Industry," Rev. F. E. Bishop, United Church; Wednesday, "Fellowship with God in Political Life," Rev. E. W. Forbes, Baptist Church; Thursday, "Fellowship with God in Science, Art and Literature," Rev. F. E. Bishop, Anglican Church; Friday, "Fellowship with God in Redemption," Rev. Wm. Driffield, United Church. All the services will begin at 8 p.m. and everyone, young and old, is cordially invited to attend.

### How About Your Feet?

Do you suffer with Pains in the Feet, Burning Sensations, Callouses, Fallen Arches and General Foot Troubles?

### Dr. Scholl's Foot Comfort Appliances

Will give you Relief.

Then we can fit you with proper fitting Shoes with Overshoes or Rubbers to keep your feet in a healthy condition. Come in and tell us your Foot Troubles and we will be pleased to show you these Scholl Corrective Appliances.

**A. J. DILLON**  
Dependable Footwear

#### Married at Grace Church

Rev. E. W. Forbes officiated on Friday at the marriage of Thomas Cowan, son of Chief of Police Cowan, and Miss Edith VanTassel, daughter of Mr. and Mrs. Stephen VanTassel, Carleton street. The couple were attended by Mr. Forrest Eisner and Miss Caroline VanTassel, eldest sister of the bride. "Tommy," as he is known to hundreds of the travelling public, who patronise the Waverly hotel where the groom is clerk, and his bride will have the best wishes of a host of friends.

#### New Ford is Viewed by Many

The first showing of the much talked of New Ford, product of the Ford Motor Company of Canada, at Digby on Friday last created much attention. Garage men, car owners, prospective buyers, and others, like the Courier man, who hope to have a car some day, looked the exhibit over, admired it and the lucky ones had a ride in it. We were lucky. Saturday morning Mr. O. S. McIntyre, who came over from the Ford offices in Saint John, to assist in demonstrating the car, took us out for a little spin, which showed us that the New Ford was as nice as it looked, more comfortable than the old style, rides easier and is much more easily handled.

#### To Lay Up Here For Winter

The Motor Vessel Kipawo, used on summer schedule between Wolfville and Kingsport and Parrabro, arrived in Digby Monday night and will lay up at the Maritime Fish wharf for the winter.

Mr. Harris, of Harris and Silver, Ford Dealers for Digby, was on the job and got signatures on the dotted lines for Spring delivery of several new models.

## A Hint To Digby

Newspapers contained the announcement last week of the appointment by the Cape Breton Tourist Association of a permanent secretary, at a salary of \$175.00 a month. The selection of a man for the post occupied the attention of a committee of careful business men, and their choice appears to have been determined only after careful investigation of the abilities of the several candidates offering and of the needs of the association. It is really unimportant to say how the salary is to be paid—sufficient that the association feels that a good man is worth the money, and that only by having a good man on the job twelve months of the year can results be secured.

This is a hint to Digby. The Courier has persistently advocated appointment of a permanent official to look after tourist promotion. It is a business, the chief business of the Town and County of Digby, and as such deserves considerable attention—attention which it cannot be given through the haphazard

efforts of volunteer workers. Those men who in the past have done all the work have reached the stage where they must pay some attention to their own concerns. Other men should not be asked to sacrifice their private interests to promote what is a general public matter, and the only way in which tourist business can properly be developed is by engaging a good man as permanent worker, paying him a salary that will attract the best, and then seeing that he does all there is to do.

And in this respect it must be remembered that the salary to be paid will be the smallest item of expense. There will be expense for postage, for printing, for travelling, for entertainment, for office hire and for a dozen and one incidental expenses and only if the man engaged is given funds to work with is it worth while to engage him at all.

A meeting of the Municipal Council will be held in Digby next week, and it is opportune for a committee of business men to appear before that body and ask for an appropriation towards payment of expenses as outlined above—with the provision that the grant will only be claimed if the Town Council vote an equal amount, and the man selected meet with the approval of the two bodies.

Let us, in this New Year, 1928, resolve to get down to business in the matter of tourist promotion and not depend altogether on what the railways and hotels and steamers do to bring people to Digby.

British Columbia's forest rangers and patrolmen report a reduction in forest fire costs of practically 80 per cent compared with 1926. The total loss this year was about \$214,000.

## Transportation And The Tourist Traffic

This is a fourth of a series of articles written for the Courier by Mr. Clarence Jamieson of Ottawa, Can.

The Courier, during many of its fifty four years of service, has held to the belief that in the tourist traffic, effectively developed, lies a great asset of Nova Scotia. It believes that the annual expenditure by the Provincial government of a reasonable sum, judiciously laid out to a great impetus can be given to that traffic; that no two or three localities can expect to monopolize the business, and that a hand-in-hand policy only, can really advance the interests of the Province in this regard. The business of attracting the right sort of tourist has become so large and complex, that no individual, no city or town, can hope to deal adequately with it single handed. Ontario and Quebec have recognized it as a provincial matter and have thereby greatly added to the prosperity of which they boast.

The government of Ontario, through its publicity department, has announced that over eighty millions of dollars were derived, during the past year, from the American tourist traffic. Over \$600,000 was received directly by the province on the sale of gasoline (a tax of three cents per gallon being imposed). The expenditure by the Province for publicity was slightly over \$160,000. Hotel people, towns and cities also did their share, but there are presently no figures as to their expenditures. No statement for the province of Quebec is yet available, but its revenues have been large. None who have visited those provinces will doubt their natural attractions, but none who have enjoyed a stay in Nova Scotia, during the holiday season, will question the fact that it can compare favourably with them in all respects, save perhaps, in some quarters, the matter of hotel accommodation.

When some years ago the late Sir Thomas Shaughnessy, then president of the C.P.R. and Mr. Matthews, one of the directors, were passing through the Land of Evangeline, they continually remarked upon the beauties of the countryside. Their outlook was unceasing and the variety of scenery was a constant pleasure to them. As curves and bridges were taken they discussed technicalities, and were doubtless amused at a question as to the meaning of the term "wheel base," not then, as in these days of many motors, in general use. As their special skirted the shores of the Basin, however they turned to the local fishery industry. No matter incident to this, from the cost of a modern fishing boat to the standard of living on our fishing schooners, failed to interest these men of great affairs, whose employees were to be numbered by the tens of thousands and who annually directed the expenditure of hundreds of millions of dollars.

At Digby Sir Thomas met, among others, Mr. W. S. Troop, Mr. O. C. Jones, the then station agent, and ex-mayor, the late Dr. Jones, to whom he expressed his delight with the territory served by the Dominion Atlantic, and to the latter stated his hope that the D. A. R. would, ere long, become a part of their general system. He was especially interested in the possibilities of the tourist traffic and like Mr. Matthews later remarked upon the confidence which these gentlemen evinced in the future of Western Nova Scotia. It is almost beyond question that; but for the disturbing influence of the war, which shortly followed, Sir Thomas would have implemented his implied promise. Like the late Sir William VanHorne, of the Grand Trunk Railway, he had profound faith in the value to transportation systems of "the holiday traffic."

The same possibilities which existed at the time mentioned exist today. It may be that individuals, singly, can do but little; undoubtedly governments can do more and transportation companies are usually willing to lend a hand, if the

## To Prepare Pilgrimage

William O'Dwyer, president of the Mayo Men's Association of New York, embarking with his wife recently on the Cunarder Scythia, bound for Ireland where he will make way for a pilgrimage from the United States in July to Croagh Patrick, the mountain from whence St. Patrick is supposed to have driven all the snakes out of Ireland. It is expected that hundreds of Irish descendants will join the excursion, which each year involves ascending the mountain on foot, part of the three-hour climb being done without shoes or stockings. The last Sunday in July is the date set for the ceremony.

right spirit be manifest. The old saying, "United we stand; divided we fall," is as true today as when first coined.

The St. John-Digby link is an important key to the tourist traffic in this section of the province. Adequate facilities for passengers and freight, not forgetting motor cars, would give a great impetus to the business.

The Courier stands for a policy of good will, and for industry, progress and prosperity, and it believes that, especially so far as Western Nova Scotia is concerned, "a pull; a strong pull; and a pull together," can do much toward the attainment of these ends.

Getting Ready  
Telegraph Journal

OUR NEIGHBOR, Maine, reminds us that the time has come to consider next year's advertising for New Brunswick and the Maritimes in the interest of tourist travel, and other advantages which may come in its train. The Maine Development Commission will spend \$30,000 in newspaper advertising, booklets and other publicity, beginning early in March. A part of this money is provided by the state and the rest by subscription. The proportion in which each contributes is not stated. Of course there are many other mediums of publicity besides the Commission.

Publicity of this kind is no longer regarded as a matter of private initiative. It is a matter to be taken up by municipal and provincial governments, and by the latter to an increasing extent. The city of Asheville, North Carolina, sets a fine example of what a municipality may do. Out of \$78,000 which the Chamber of Commerce of that city will spend for publicity purposes this year the city has granted no less than \$60,000. This has been done because the result of last year's and previous years' advertising has been entirely satisfactory.

The tide of travel toward the Maritime Provinces increases year by year. As we go on developing our resources there is always the possibility that a tourist may become an investor. This has been the experience to a notable degree in the State of Maine. The New Brunswick Tourist Association should be put in a position to carry on a larger campaign this year than last.

An air line between Halifax and New York city for freight, express and mail, is being considered by Halifax business interests, according to a report made to the United States Department of Commerce by Consul Einar W. Magnusson.

The Canadian Pacific Express Company has extended its service into the new gold field of north-western Quebec, reaching Rouyn over the recently completed extension of the Nipissing Central Railway. This extension provides a new and short route into the rapidly developing mining area.

Turkey raising is a coming industry in Alberta as a number of successes at various fairs would indicate. A recent move in this connection is the formation of the Alberta Bronze Turkey Breeders' Association, which is now active in promoting and extending the turkey breeding industry.

## A Compliment For The Courier

To the Editor of the Courier:  
Digby.

It is with much pleasure that I congratulate you on the great improvement made in the Courier during the last year or so.

It is now getting to be a paper with news in it—Keep on improving. The more improvement, the more circulation.

I noticed in your last issue that I was 86 years of age. Well, Mr. Editor I was born at Westport, Dec. 15th, 1845, so the columns of births and deaths in the family Bible show. Please correct age.

I will also take this opportunity of thanking my many friends all over this Continent for their kind birthday and Christmas greetings and would like to be in a position to answer them all, some 200 or more. If all do not receive an acknowledgment of card or letter, place it not to my unwillingness to do so, but to my inability. The old invalid of over 16 years at his age tries to do all he can, but nature refuses sometimes to co-operate with him.

Sincerely yours,  
E. C. BOWERS.  
Westport, Digby Co. Dec. 26th, 1927.

## Acaciaville

Held over from last week

Miss Marion Bacon of St. John is spending the Xmas holidays at her home here.

Miss Bessie Porter who is attending Normal College at Turro is spending the Xmas holidays at her home here.

Mr. James Roope left this week to spend a few months with her children at Presque, Maine.

Miss Stella Henshaw is spending the Xmas holidays with friends at Manchester N. H.

Mr. and Mrs. John Carr and family and Mr. and Mrs. James Driscoll and Mrs. Edna Amoro of West St. John were the guests of their parents Mr. and Mrs. John Amoro for the Xmas holidays.

Mr. and Mrs. Edward Croun of Hill Grove entertained a number of friends to a party on Monday evening. A very enjoyable evening was spent in music and dancing. Her sisters Mrs. Carr, Mrs. Driscoll and Mrs. Edna Amoro were present.

## Culloden

Held over from last week

Miss Ruby Campbell and Miss Frances Campbell of St. John are spending their holidays with their parents Mr. and Mrs. Enoch Campbell.

Brendon Stark of the steamer Disco spent Xmas with his family here.

James Trohor of Digby spent Monday with Mr. and Mrs. Wilfred Murphy.

Lloyd Campbell returned home on Friday from Gloucester Mass. to spend a month with his parents. Mr. and Mrs. Enoch Campbell.

Mr. and Mrs. Eugene Muise and Miss Louise Handsaker of Digby spent Xmas with Mr. and Mrs. Wallace Handsaker. Miss Muise's Handsaker accompanied them home to spend a couple of days.

Our teacher Miss Clark is spending her holidays at her home in Granville.

John Henderson of Sea Brook was the guest of John VanTassell on Sunday.

Fritz Porter of Sea Brook spent Xmas with Mr. and Mrs. Howard Daily.

James Ross and Roy Flaherty spent Saturday night in Mt. Pleasant with Mr. and Mrs. James Tidd.

Nova Scotia merchant remarked recently that he had been handling MORSE'S TEAS for over half a century, and that he had never bought and sold any line which had given him greater satisfaction. MORSE'S are indeed the teas that bring contentment to both the dealer and the consumer.

About 300 carloads of Christmas trees will be delivered to the trade from the Province of Quebec from the end of November onward, according to indications of traffic received at Canadian Pacific Railway headquarters. This will mean about 500,000 trees of a value of about \$150,000 to the farmers of this province. The average size of the trees for the New York and Boston markets is about 6 feet. They are mostly white spruce and balsam of the "breed tree" variety which is of prolific growth and little commercial value.

## Best Wishes For a Happy New Year And Thanks from The Christmas Seal Sale Committee

The Christmas Seal Sale has met with such a generous response from the citizens of Digby, that we would like to acknowledge the contributions individually. However, to write each purchaser would increase the amount to be deducted from our receipts. We think our friends will accept this public acknowledgment of their assistance, and thus allow the greatest amount of money possible to be spent in helping the tuberculous.

We also extend our thanks to the Billboard, Posting Company, the daily press, business houses and others who have so generously assisted in making our Campaign such a splendid success.

The Christmas Seal Sale Committee wish you all a very happy and prosperous New Year.

Mrs. William Dennis  
Chairman.

## Hydro Committees Meet

### With the Power Board

### Extension of Service Down Digby Neck to Westport Approved. Provincial Government Will Lay Cables

A meeting was held at Digby on Thursday evening, December 29th, committees representing the Digby County Power Board, Digby Town Council, Digby Board of Trade, The Village of Weymouth and Municipal Council, for the purpose of organizing in preparation for the building of the lines that will take the hydro electric down Digby Neck as far as Westport, and other sections within the Municipality.

At the meeting, the chairman of the Power Board notified the various committees that the cables would be laid across Petite Passage and Grand Passage. The cost of the cables will be borne by the Provincial Government. The chairman stated that it will now be necessary, according to the provision of the Digby County Power Board Act, that the ratepayers of the Town of Digby and the ratepayers of the Village of Weymouth at public meetings approve of the expenditure in connection with the building of the Digby Neck lines.

The meetings of the ratepayers will be held in the near future. It was also stated at the meeting that the question of extending the hydro lines as far as Meteghan or in the vicinity will be brought before the Council of the Municipality of Clare when that body is in session a few weeks hence. Unless a change is made in the plans, it is the intention of the Power Board to call for tenders for the construction of transmission lines that will break off from the main highway at the crossroad below the County Home, thence to the Digby Neck road and along through all the villages to Westport. The lines running down the Neck will be high powered, and when necessary to branch off secondary lines will be constructed.

At the meeting a report from Alfred Bodeg, Digby Town Clerk, was read, giving a resume of the operations within the town since the introduction of hydro, and it showed that despite the fact that the rate had been reduced to nearly one half of the old rate, the business was in a healthy condition.

A large number of new customers were using hydro and enjoying a 24-hour service, maintenance charges, interest and sinking funds taken care of, and a very promising outlook for the future. The town had benefited to a great extent from hydro, and also could boast of an excellent street lighting service.

Reports from Weymouth were along the same lines. More people were using hydro every month, all charges are being paid and the commissioners were very optimistic over the future of hydro in Digby County. Reports from the Municipality of Digby were very good. New customers were being added every week, and every new customer is a booster for hydro.

The chairman of the Power Board stated that for the first seven or eight months the operation of hydro throughout the county was a remarkable one, and he predicted the possibility of a lower rate next year.

All that remains now is for the ratepayers of Digby Town and Weymouth to meet and approve of the new development along Digby Neck and the lights from the Sissiboo will flash from one end of the county to the other.

The resolution, approving of extending the lines to Westport, was passed at the May session of the Digby Municipal Council.

## Navigable Waters Protection Act

### R. S. C. CHAPTER 115

EDWARD LLOYD LIMITED, a body corporate with its Head Office and principal place of business at 4-7, Salisbury Court, Fleet Street, City of London, England, hereby gives notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa and in the Office of the Registry of Deeds for the County of Digby, Nova Scotia, at the village of Weymouth a description of the site and plan of works at North Weymouth in the said County of Digby on lands owned by said Edward Lloyd Limited and situate on the right bank of the Sissiboo River near its mouth and in the said village of North Weymouth, the said works being a wharf or pier (known as the Campbell Dock) which was completely constructed prior to the 1st day of January, 1918.

AND TAKE NOTICE that, after the expiration of one month from the date of the first publication of this notice, said Edward Lloyd Limited, under Section 7 of the said Act, apply to the Minister of Public Works at his Office, in the City of Ottawa, for approval of the said site and plans and for approval of the said works so constructed.

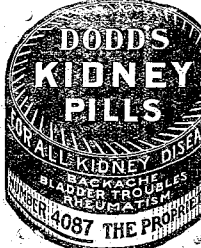

DATED Halifax, N. S., this 31st, day of December, 1927.

## Announce Important Appointments

Three appointments of general interest, which affect both eastern and western lines of the Canadian Pacific Railway, were announced recently from the Company's headquarters in Montreal.

W. M. Neal, who for the past three and a half years has been assistant to vice-president Grant Hall, with headquarters in Montreal, has been appointed general manager of western lines, succeeding Charles Murphy whose retirement was announced recently owing to ill health.

Although still a comparatively young man, Mr. Neal is regarded as one of the most capable and prominent in the service of the Canadian Pacific. He entered the service during his 25 years of employment with the company has been a succession of rapid promotions, owing to his capacity for hard work and intimate grasp of railway work. He entered the service of the Canadian Pacific Railway in January, 1902, as clerk in the superintendent's office at Toronto. In March of the same year he was transferred to the office of the general superintendent at Toronto.

Following his transference as clerk in the office of the Superintendent at Winnipeg in 1904, Mr. Neal occupied a number of clerical positions at various points principally on western lines. His first appointment to a Montreal office came in 1916, when he was appointed assistant superintendent of the car service department.

**War Board Work**  
He was appointed general secretary of the Canadian Railway War Board on October 23, 1917, in which capacity he did such notable work as to attract the attention of all having business to do with that important department during the latter years of the war.

In February, 1920, he was appointed assistant general superintendent at Montreal, and in April of the same year he was sent to Toronto to hold a similar position there.

Two years later in July 1922, he was appointed general superintendent for the Algoma district, with headquarters at

North Bay, which position he vacated to take up his duties as assistant to the vice-president.

Mr. Neal was born in Toronto in 1886, and was educated at the public and Wesleyan High Schools there. He was married in 1910 to Miss Frances J. Scott, of Renfrew.

**H. J. Humphrey**  
The position of assistant to the vice-president vacated by Mr. Neal is filled by the appointment of H. J. Humphrey who until now has been general superintendent of the Algoma Division with headquarters at North Bay. Mr. Humphrey is a member of the company's younger executives who has come forward rapidly. He also joined the company in 1902, at Calgary as a telegraph operator. He was later appointed chief dispatcher at Medicine Hat, later being placed in charge of fuel supply and car distribution in Saskatchewan with headquarters at Moose Jaw.

In 1915 he was appointed superintendent of car service at Winnipeg, later being transferred to Montreal in the same capacity. He became superintendent at Farnham, Que., in 1917, and after spending some time on the Brockville, N.B., and Laurentian divisions, was appointed superintendent of the Trenton Division and later assistant general superintendent at Montreal in 1924. He was appointed general superintendent of the Algoma district there, succeeding Mr. Neal, whom he again succeeds in Montreal. Mr. Humphrey is an outstanding railroad man despite his comparative youth, and he has been extremely popular wherever he has been stationed.

Mr. Humphrey is to be succeeded at North Bay by Andrew Halkett, now superintendent at Moose Jaw, Sask. Mr. Halkett was born in Ontario and went to Western Canada in 1897 in order to enter railroading. He started as a brakeman at Vancouver in 1897, and after filling various appointments on western lines, he became superintendent at Kenora in 1915. Since that date he has held various appointments. He has spent some time in Montreal during the past two years on special work in connection with labor negotiations.

For the school child's lunch box the best thing is a Vacuum Thermos bottle, pint size 69 cents at Jones' Drug Store.

## IN MEMORIAM

In loving memory of our dear mother, Mrs. Elizabeth Handsaker, who departed this life Jan. 1st, 1925.

Sleep on dear mother thy cares are o'er  
Thy loving hands will work no more  
We miss you most who love you best  
We know you're now among the best  
When you breathed your last farewell  
The blow meant more than words can tell  
You suffered much, you murmured not  
We watched you day by day  
Until at last with broken hearts  
We saw you pass away.

Inserted by her son and daughter.

What is home without a mother,  
What are all the joys we meet,  
When her low smile no longer greets  
The coming of our feet?

The days seem long, the nights are drear,  
And time rolls slowly on,  
And oh, how few are childhood's pleasures  
When her gentle care is gone.

Things we prize first to vanish,  
Hearts we love to pass away,  
And how soon, e'en in our childhood,  
We behold her turning grey.

Her eyes grow dim, her step is slow,  
Her joys of earth are past,  
And sometimes ere we learn to know  
Her, she hath breathed on earth her last.

Older hearts may have their sorrows,  
Griefs that quickly die away,  
But a mother lost in childhood  
Grieves the heart from day to day.

We miss her kind, her willing hand,  
Her fond and earnest care,  
And oh! how dark is life around us,  
What is home without her there.

Inserted by her daughters Rhoda and Eunice

## Power Board Report Shows Excellent Profit Over All

### BOARD OF TRADE RECOMMENDS EXTENSION OF MAIN TO LILY LAKE

#### Proposal for Eight Inch Line to Source of Supply as Remedy for Bad Water Ap- proved at Interesting Meeting

**Ratepayers Meeting Will Be  
Asked for Borrowing  
Authority**

At the request of President Dakin Major Lynch outlined to the Board of Trade at their monthly meeting Tuesday night proposals to extend the town water mains to the source of Supply Lily Lake.

His Worship went into the matter at length, presenting details of how the water situation had been a serious problem in Digby over a long period of years and, referring to a report made by a competent engineer as to feasibility of over-coming present difficulties by ex-tending the mains to the lake, said that this plan had been approved as feasible and calculated to over-come water shortage, by giving increased pressure and consequent faster flow through the mains, and also, drawing supply direct from the lake, would prevent the present discoloration of the water, a nuisance which had been more than usually prevalent during the past summer, and which had been com-plain-ed of by a great number of citizens and by summer visitors and summer hotel people. If Digby was to continue to spread out as a tourist resort every effort must be made to make it attractive to visit-ors, and, as all knew, there had been many complaints from visitors during the past year.

The engineer engaged by the Council had reported that the

of money to extend the line would not increase the water rate or in any way add to taxation, but that the increased efficiency and in-creased consumption from year to year would more than take care of added interest charges.

Mr. McBride discussed the matter from a view point of pro-gress. For a number of years the service had been growing less ef-ficient, due to growth of the town, and this growth would continue, increasing the demands on the service. He understood that three possible plans were avail-able for consideration. One an artesian well, which would cost \$10,000. The second the laying of a new main all the way from the dam, which would cost up-wards of \$50,000. The third the one presented to the meeting. This would cost \$10,000, and seemed the best solution of the problem. The artesian well pro-posal was a gamble, the laying of 8-inch mains would not overcome the fault complained of, and it was worth trying the third.

On motion of Mr. Paul Yates, seconded by Mr. McBride, the Board recommended to the Town Council the calling of a meeting of ratepayers to discuss the mat-ter and to grant authority to bor-row the necessary money to con-struct the main.

Other matters were discussed informally in preparation for the annual meeting of the Board to be held on the 14th of February.

Report Your Sale of Christ-  
mas Seals

Several remittances, proceeds of the sale of Christmas Seals in the different sections of the municipali-ty have been received by Mr R. H. Lockward, treasurer of the Digby Municipality Tuberculosis Council. Most of the reports are fair, but some sections have not reported. Please send remittances and all unused seals in at once, in order that the final report may be pre-pared and published.

Digby Legion Will Elect  
Officers

At the regular meeting of Digby Legion, B E S L held last Thursday considerable business was transac-ted. Arrangements were discussed for holding several social evenings during the winter and a committee will be appointed at the next meet-ing to arrange for a card party. It was decided to have meetings twice monthly during the winter months, on the first and third Thursdays. The Legion will meet next Thurs-day night when officers will be elected for the year. All members are requested to attend and assist in drawing up a new programme for the year. Payment of dues is also requested.

Death of Former Resident

Word was received this week of the very sudden death at Long Beach, California, on Dec. 15th of Joseph A. A. Cullen. The deceased was a former resident of Digby for many years being associated for a time with the newspaper L. Evan-geline which was published from this office. He then clerked for a time with H. G. Turnbull at the South End Grocery and then was book-keeper for nineteen years first with the firm of Turnbull & Co. and then with A. R. Turnbull. He married Sophia C. LaBillicois who survives. The deceased had many friends in Digby who will regret to learn of his sudden death.

### St. Patrick's Church Members Make Presentation of Gifts

#### Mrs. Landry Honored on Eve of Departure for Truro

Mrs. S. Landry and young daughter left yesterday for Truro to join Mr. Landry, who is employed there. Mrs. Landry, during the past week was the guest of honor at several functions held at the homes of members of St. Patrick's church. On Sunday last she was presented with gifts from the girls of the church and an address read by Miss Catherine McNutt.

On Tuesday night Mrs. Landry was "Surprised" at the home of Mr. and Mrs. George Trohon. The party gathered early in the evening and shortly after eight o'clock Mrs. Landry came, to leave with Mrs. Trohon a small parcel which she had been asked to bring down. Im-mediately she was surrounded by all present, about thirty-five in num-ber and escorted into the sitting room where she was presented with gifts from members of the church, from the St. Patrick's Forty Fives Club, from Father Graham and from the boys of the Sunday school. Mr. Clifford Beaton read the address which accompanied the gifts.

Following the presentations cards were played and refreshments served at eleven o'clock, the party breaking up at midnight with the singing of "For She's a Jolly Good Fellow."

### Four Team League Organized to Play for Dennison Cup

Mr Victor Turnbull, Edgar Jones and W. Eldridge represented Digby at a meeting held in Annapolis on Monday night to organize a league to play for the Dennison Cup. Rep-resentatives were present from Dig-by, Annapolis and Bridgetown, and Middleton sent word that any ar-rangements made would be satis-factory to them, providing they could get a team gathered up. In case Middleton cannot organize, Lawrencetown will enter a team.

Mr. Kenneth Edwards, of Annapolis was elected chairman, and general rules for play drawn up. Games will be played under 1928 rules. Each player must be a regu-lar amateur. Home teams will find the referee. Each team will play three games on home ice and three games away. The schedule is as follows:

Jan. 19 Annapolis Digby  
19 Bridgetown Middleton  
21 Middleton Annapolis  
24 Digby Bridgetown  
28 Middleton Digby  
Feb. 2 Digby Annapolis  
3 Middleton Bridgetown  
6 Annapolis Bridgetown  
6 Digby Middleton  
9 Bridgetown Digby

In case of play games being nec-essary the series will be two games out of three, home and home games with the third played on neutral ice.

### MUNICIPAL COUNCIL REVIEWS AN- NUAL REPORT OF POWER BOARD

#### Finances in Excellent Shape With Over- Draft Reduced. Council Turns Down Motion to Throw Out Culloden Rolls

The January session of the Council for the Municipality of the District of Digby opened at the Court House on Tuesday morning with a full attendance. Warden Saunders of Plympton district, presided, and there were present: Councillors Chisholm, Bear River, Woodman, Smith's Cove; Marshall, Marshalltown; Hillman, Culloden; Fitzgerald; Weymouth North; Hankinson, Weymouth; Pugh, Westport; Lent, Fregport; Outhouse, Tiver-ton; Cossaboom, Sandy Cove.

In his opening address the War-den congratulated Councillor Mar-shall for the success of the Power Board of which he is chairman. Hydro, he said, had become one of the greatest assets of the coun-try and the progress made during the year which had passed since construction began was not only good, but remarkable, particu-larly in respect to the great increase of rural consumption as com-pared with the estimates made at the time the hydro development was decided on.

The Warden spoke with feeling of the loss sustained by the Mun-icipality and the province as a whole in the death of the late Councillor, William Cossaboom, of Smith's Cove.

Councillor Elect William Cossa-boom, of Smith's Cove, was sworn in, to fill the vacancy caused by the death of Councillor Cossa-boom and Councillor Lent, Free-port, was elected Deputy Warden.

Reduction of the bank over-draft by one thousand dollars and generally satisfactory condition of the finances of the Municipality was noted in the report of the auditors, Messrs. Belyea and Mc-Neice.

Appointment of committees of the Council were as follows:

Poor and Insane—Councillors Lent, Cornwell and Woodman.

Finances and Public Accounts—Councillors Marshall, Hillman, Woodman, Lent and Cornwell.

Hydro Committee—Councillors

### Mr Short Is Better and Ex- pected Home

Latest word from Mr H. B. Short M. P., who just a month ago went to Halifax for surgical treatment, is most encouraging. He is rapidly recovering good health, and may be home tomorrow.

### Officers Installed of Zelma Rebekah Lodge

District Deputy President Mrs. Viola Muise installed officers of Zelma Rebekah lodge at their regular meeting on Monday night. The officers are:

Noble Grand—Mrs. Lillian Arm-strong  
Vice Grand—Mrs. Blanch Snow  
Rec. Sec.—Mrs. Bertha Peters  
Fin. Sec.—Miss Margaret Hand-spiker  
Treasurer—Mrs. Annie Lent  
Warden Miss Bessie Hooper, P. N. G.  
Conductor Mrs. Sadie V'ormell, P. N. G.  
Chaplain Miss Marguerite Van-Tassel  
R. L. N. G. Mrs. Evelyn War-rington  
L. S. N. G. Mrs. Lottie West-haver, P. N. G.  
R. S. V. G. Mrs. Norah Abrah-amson, P. N. G.  
L. S. V. G. Mrs. Sadie Turnbull, P. N. G.  
1-side Guardine Mrs. Annie Du-n, P. N. G.  
Outside Guardian Miss Edna VanTassel  
Junior Past Noble Grand Mrs. Leta Turnbull

### Some Expressions of Opinion

The people of Digby and surrounding district owe much to Mr Graham, General Manager of the D. A. R., for his persistent en-deavors to have a new summer hotel built in Digby—Mr Clarence Jameson, Ottawa.

"The new hotel will require every possible improvement in the town's water and lights if we are to give them the service such a hotel deserves and are to share in the benefits which such a hotel will give. We must be ready, even be-fore our utilities are needed, as a means of showing our appreciation of this important development of the tourist business by the Cana-dian Pacific Railway"—Mayor Lynch.

### FOR SALE

FOR SALE—Wolville, Hillside Hall furnished, Tourist hotel A. A. A. L. A. N. S. M. L. good electric, rent-ed during coll. 22 year as apartment, monthly rental \$170.00. Lot 151ft by 131ft 14 apple trees. apply Manager.

## WANTED!

(A gratuitous advertisement)

The coming year is going to be an important year for Digby. Tourist travel is expected to reach its highest pitch. Competition for this business is going to be keen and every town in Nova Scotia is going to be after business. Halifax particularly with the resources of the Canadian National and the Canadian Pacific behind it will do all it can to coax tourists to make it their headquarters.

There will also be water extensions and electric light extensions to look after, the Golf Club to be enlarged and made a better attraction; the water front to be developed; the freight car ferry project to be pushed to a successful issue. There is also a proposal to pave water street; maintain a parking place for cars and horses; a dozen and one things to be attended to.

How are they all to be done? Is it to be left to the Board of Trade?

Will the Town Council be able to look after all that is to do?

Will volunteer workers be expected to manage the tourist publicity and work out details of the Regatta?

Have a heart!

Digby needs a general handy man. Not a town manager because the town manager system had not always worked out well but a paid employee who will act as chairman of the publicity committee; be permanent Secretary of the Board of Trade; help dig up customers for the town lighting service and in

many other ways promote the business of the town

The present Town Clerk is not the man for the job. He has too much to look after as things are now but if he was given an assistant, a young man to train as successor and one who would be at the disposal of the Board of Trade to attend to the carrying out of all plans for the development of Digby he would more than earn his salary.

For instance Along the shore road to the Life Saving Station there are a number of houses and a dozen summer cottages which should be served by the town lighting system. The Chairman of the Electric Light committee of the Council cannot be expected to neglect his own affairs in order to drum up this business. Once again, There will be a thousand letters to write to inquiring tourists, a thousand and one details of tourist publicity to attend to. Shall we expect the private citizens, or some one's pay roll to steal time from regular employment to do all the things that someone should be paid to do?

The answer is simple—hire a man!

But who will pay him?

The Town!

## The Latest "Murder"

It's funny how rumours start. The other morning a friend came in with a big story. Some man, name unknown, had been lodged in the County gaol charged with the murder, or shooting, of another man. The tragedy had happened at or near Weymouth. It sounded like a real story, so we started the usual routine. Talked to Chief Cowan—had he any information? No, he had heard the rumour, but that was all. Called up the gaol, had they a man charged with murder or shooting. No. The gaol was empty, not even a drunk called up Weymouth—what did they know about a shooting or murder? Not a thing.

Seemed to be no murder, but perhaps the origin of the story would make good writing, so we started to hunt for it. Our friend heard it from a man who had heard two women talking of it on the train. The Chief wasn't sure where he heard it the first time but several people had spoken of it. Finally we hit upon a lady who said

## To Meet Chicago's Mayor Thompson?

LESLIE R. F. Paget, R.N.V.R., C.C.I., now visiting Canada and the United States, organizing teachers' tours to Great Britain via the popular St. Lawrence route. As master of the British mystery ship X 11 during the Great War he sunk U-boats in the Mediterranean and was made Cavalier of the Crown of Italy. "All United States teachers would be impressed by a visit to England," he declared to fellow travellers on disembarking from the Anchor-Donaldson liner Letitia recently. Will he meet the man who would purge U. S. literature of British influence?

that she heard the "victim" was a man named Melanson, and a chap named Doucette had done the killing, on Thursday after Christmas. The scent was getting warm and it might be a real story after all. So we called up Councillor Hankinson at Weymouth, who gave us some real news. He also had a man by the name of Doucette on the payroll. Melanson had been out of the woods for Christmas and went back to Grand Lake the day before. Doucette was in the woods.

So there was no murder after all. As we said before it's funny how rumours start. This time no one was hurt but some day a smart alec will start a rumour that will hurt some one and he will be mighty lucky if he does not land in court as defendant of a libel suit or worse.

## Grace Church Sunday School Annual Meeting

The annual meeting of the officers and teachers of Grace United Church Sunday School was held last Tuesday evening with a good attendance. The Secretary's report showed a membership of 137, with 50 members in Home Department and 12 on the Cradle Roll. Total membership 199. Average attendance 70. The total amount raised for the past nine months since April 1st was \$173.22. Of this \$94.00 was paid to the Maintenance and Extension Fund. The Treasurer reported all bills paid and a substantial balance on hand. The Board of Management accepted with much regret the resignation of Mr. Smallie from the office of Superintendent. Mr. Smallie has had a long and faithful term of office, and while not in office will continue to attend and take interest in the welfare of the school. The following officers were elected for the year: Superintendent Mr. Oakley Turnbull, Assistant Superintendent Mr. Chas. Armstrong, re-elected, Secretary Mr. MacN. Wallis, Treasurer Mr. A. R. Turnbull, re-elected, Superintendent Home Department Mrs. Chas. Armstrong, Superintendent Cradle Roll Mrs. A. R. Armstrong, re-elected, Assistant Miss Kathleen Graham, Supt. Missionary Department Miss Minnie Campbell, re-elected, Supt. Temperance Dept. Mrs. Budrow, Organist Miss Evelyn Cummings, assistant Miss Margaret Handspiker. Following are the staff of teachers: Miss Edith Lettney, Primary, Miss Louise Handspiker, Mrs. A. R. Turnbull, Mrs. Budrow, Mrs. E. H. Muise, Mrs. Chas. Carty, Miss Campbell, Mrs. Wallis, Soangetah. Mrs. A. J. Naufrts, Adult Bible Class. Steps were taken towards the improvement of the work of the school, and the outlook for the next year is very encouraging.

Giving seven children to Silver Thread Band of Hope the junior branch of the order. Six of them later to become members of Belleisle Division two of whom were charter applicants and one who today we are proud to know is the wife of a grand worthy patriarch of the Grand Division of Nova Scotia Rev. Bro. W. S. Young. And that whereas during all these years Sister Dodge's exceptional ability particularly along musical and literary lines have been most usefully given to assist in every possible way. Scarcely ever an entertainment without her playing a leading roll and her hospitable home always open for rehearsals and committee meetings of every kind. Therefore resolved that this Division, sincerely desire to place on record our deep appreciation of our good sister's long and faithful service exemplifying as she has the third cardinal principle of the order, fidelity, and to express the hope that she may be spared for many more years to move in and out among us and that as a slight recognition of the valued service she has rendered our society to place her name in the honorary list of our membership.

Miss Margaret E. Kliney of Auburn, Mass. spent the Christmas holidays with her sister Miss Viola Kliney of White Plains, New York.

One advantage to the dealer in selling MORSE'S T.F.F. is that he does not have to do any talking or for that matter any thinking about it. He only needs to stock it and it will sell itself. What an easy job retail merchandising would be if some thing could be said of all commodities.

## Corberrie

Held over from last week  
Mr and Mrs Elmer Doucette have returned to their home in Lynn, Mass. on Friday.

Anselme Lombard spent New Year's Day with his friend Miss Arneline Saulnier.

John Melanson of Meteghan spent the week end with relatives here.  
Augustine and Anselme Lombard and Louis Melanson were at the demonstration of the New Ford Car at Weymouth, on Wednesday last.

Carmen Dugas of Weymouth motored here on New Year's Day and spent the afternoon and evening with his friend Miss Frenie Melanson.

Dr. H. J. Melanson of Weymouth and his friend Miss M. Bideau of Halifax, were the welcome guest of his parents Mr and Mrs Simon Melanson on New Year's Day.

Roger Melanson was [to Church Point Station on business Monday.

Miss Emma Melanson and Miss Marguerite Lombard teachers at Meteghan Center and Saulnierville are spending the holidays at their respective homes here.

Miss Emilie Blinn, after spending the Festive Season with her parents Mr and Mrs Charles Blinn, has returned to Doucetteville on Saturday to resume her duties as teacher.

## Tiddville

Held over from last week

Lester Stanton is spending the holidays at Port Williams among friends.

We are glad to welcome back again Mr and Mrs Orlando Frost after spending the last three months with their son Chester at Beaver River.

Mrs Minard Osinger and family have returned from the West and is spending the winter with her mother Mrs Edward Tidd.

Mrs Byron Clifford, daughter Marion and son Wilfred of Tiverton spent Sunday with her daughter Mrs Kemp Tidd.

Mrs Chloe Stanton of East Ferry was the guest of Mrs Heli Stanton on Sunday last.

## Culloden

Held over from last week

Otas Middleton and son Roy of Yarmouth spent a few days at their home here.

Miss Dorothy Murphy of Digby spent last week with her parents Mr and Mrs Fred Murphy.

James Trobin of Digby spent Monday in this village with Mr and Mrs Wilfred Murphy.

Mrs Louise Handspiker of Digby is spending this week with her parents Mr and Mrs Wallace Handspiker.

Mrs Edmon Stark and children spent last week in Mount Pleasant with her parents Mr and Mrs Charles Trimpert.

## Agricultural College

The teaching staff at the Agricultural College has been increased during the three month period that the farm course students are in session, by the addition of two of the Agricultural Representatives Mr C. Eric Boulden and Mr Ernest L. Eaton, the representatives for the Counties of Hants, Kings and Annapolis with headquarters at Windsor and Lawrence town. Mr Boulden is teaching Animal Husbandry while Mr Eaton is taking up Farm Crops. They are alternating their work in the field with their teaching, week and week about. The placing of these men on the teaching force will aid in closely coupling up the work in the field with the work at the College and will give the students the benefit of the experience of two of the men who are out on the Extension Work of the Department and are in close touch with farm conditions on farms of the Province.

## Memoriam

In loving memory of Mrs. Catherine O'Neill who died on January 9th, 1921.  
Dear, loving Mother thou hast left us, Gone to that land so bright and fair, Where no pain or death or sorrow Ever dare to enter there.

Oh, dear Mother, how we miss you, How we miss your loving voice, But by the grace of God, we'll meet you, Yes, we'll meet you over there.

When the heavenly gates are opened And we see your face so fair, Oh, dear Mother, what a meeting, What a meeting over there.

Now, dear Mother we must leave you In our Heavenly Father's care To perform our earthly duties, Just to meet you over there.

Inserted by her children at Roxville.

It is here, **KING COLE Coffee**

For years you have been expecting KING COLE Coffee—you wanted it—even asked your grocer for it—just because you liked KING COLE TEA.

You will demand much of KING COLE Coffee—it must be different—more fragrant—more satisfying. You expect all that and more.

The same skill and care that have made the reputation of KING COLE Tea have been at work on Coffee too—and we are confident you will be pleased with the result.

at all Grocers—

—in the new "Ever fresh" tin—pounds and half-pounds.

## Joggin Bridge

Held over from last week

Little Virginia Woodman has returned from a visit with Mr and Mrs Frank Consett, Smith's Cove.

Among those entertaining at Xmas dinner parties were, Mr and Mrs W. E. Gilliat, Mr and Mrs O. P. Woodman and Mr and Mrs J. E. Woodman.

Mrs Harry Sillis and children accompanied by Miss Florence Berry of Smith's Cove, called on friends here on Wed.

Mrs Melve D. Woodman and family of Kentville were guests of her parents Mr and Mrs H. H. Woodman, for the Xmas holidays.

Miss Frances Austin of Smith's Cove was a New Year's guest of Mr and Mrs J. Frank Weir.

We are glad to report Samuel Rice who has been ill, is improving.

Aida, Vera and Donald Woodman of Conway were recent guests of their grand parents, Mr and Mrs John Woodman.

Mrs J. Frank Weir was a recent guest of Miss Burton Taylor of Victoria Bridge. Mrs C. Roy Sypher left last week for Digby where she will spend an indefinite time.

Miss Lucia Winchester and friend K. A. Ferguson were guests on New Year's day of Mr and Mrs B. Franklin of Acadiaville.

Among those attending the celebration of St. John's Day at Bear River on Tuesday evening the 27th were Mr and Mrs Frank Weir, Mr and Mrs Russell Woodman, Mr and Mrs Wm. Woodman, Mr and Mrs A. J. Cornwell, Mr and Mrs H. F. Consett, Mr and Mrs Edward Winchester and Mrs Burton Taylor.

Acknowledgement From County Home

Superintendent and Mrs. Thomas of the County Home, asked the Courier to publish in the New Year's issue, the thanks of the Home staff and of the inmates, to all who assisted in their Christmas Celebration. Gifts of cash are acknowledged as follows:

## LESSON No. 18

**Question: Why is emulsified cod-liver oil so needful for a child who is pale and losing weight?**

**Answer: It is food and tonic rich in vitamins and other nourishing factors that are particularly helpful to a weakened child.**

For your child—old reliable

**SCOTT'S EMULSION**

## SCOUT NOTES

## Do A Good Turn Every Day

The Bear River Troop has had Edwin Kempton with them as a visitor during the vacation season. Edwin's home is in Maitland, but he has been Patrol Leader of the "Owls" in Stewiack during the past few months. He now expects to spend the winter at Bear River.

"Turks Heads" made with leather are an addition to any Scouts uniform when worn on the neckerchief. Some of the boys have been wearing "Heads" which they purchased but others are now making up their own from instructions given in the handbook, and the home made ones look about as good as those purchased.

The weather during the vacation was not good for outdoor sports, but one big hike was held in spite of that. Last Thursday nearly the entire troop answered Roll call at seven o'clock in the morning fully equipped for winter weather and with a days provisions on their backs. They started out with the logging teams going back to Morgantown and paid a short visit to the woods where the men were chopping and logging and then kept on their hike to the "Big Stillwater" and arrived there in time for lunch. The Beaver patrol was particularly interested in looking for some new Beaver work reported there but on account of the high water and the strong current they could not get close enough to the dam to examine it.

Zero weather and a roaring fire gave everyone a good appetite for lunch and when this was finished the troop returned to Morgantown and rejoined the logging teams as they were returning to Bear River on their afternoon tips. The troop was accompanied on this trip by Dr. W. J. Wright.

## She Used Them to Purify Her Blood

So Says Manitoba Lady of Dodd's Kidney Pills

Miss Ella Scott Suffered From Boils And Pimples on Her Arms

Carman, Man. Jan. 9th (Special) "I cannot praise Dodd's Kidney Pills too highly," writes Miss E. Smith, a well-known resident of this place. "They have helped me so much. At one time I had thirteen boils and my arms were just covered with pimples, owing to my being in a run-down condition. I have used several boxes of Dodd's Kidney Pills and they have built me up again. I am quite well now. I always recommend Dodd's Kidney Pills to people."

Dodd's Kidney Pills simply strengthen and heal the kidneys. The work of the kidneys is to strain all the waste matter out of the blood. If the kidneys are out of order they fail to do their work, and the waste matter remains in the blood, causing serious diseases.

Sound kidneys mean pure blood. Pure blood means good health.

## With the Churches

## BAPTIST CHURCH

Rev. E. J. Barras, Pastor

Sunday morning 10.30 Preacher the pastor. Subject: "Forgetfulness"  
 Sunday School 11.30 Classes for all ages  
 Sunday evening 7.30 Preacher the Pastor  
 Subject "Rewards"  
 Wednesday evening 7.30 Junior Meeting  
 Friday evening 7.00 Junior Young People  
 8.00 Senior Young People

## C. G. I. T.

The "Busy Bees" group of the United Church C.G.I.T. had a jolly hike on Thursday afternoon, under their leader, Mrs. Harry Anthony. A picnic supper round the open fire completed the pleasure of the afternoons outing.

## W.M.S. of the United Church Elects Officers

At the annual meeting of the W. M. S. of the United Church held on Friday afternoon at the home of Mrs. Harry Harris, the following officers were elected.

Pres. Mrs. George Croscup  
 1st Vice-Pres. Mrs. Robert Benson  
 2nd Vice-Pres. Miss F. Vroom  
 Treas. Mrs. Thaddeus Davidson

## Local and Personal

Mr and Mrs W. W. Clarke returned on Wednesday from Montreal where they visited their sons during the holiday season.

Miss Katherine Desborough of St. John N. B. was the guest of Mr and Mrs Alfred Porter over the week end.

Mrs John Roup spent the week end with friends in Digby.

Frank Jones K. C. of Digby was the week end guest of his daughter Mrs H. C. Anthony.

Miss Mary Romans returned on Monday to resume her studies at Mount St. Vincent, Halifax.

The Annual Business meeting of the Ladies Aid of the United Church met on Tuesday afternoon at the home of Mrs. Ralph Purdy a report of which will appear later.

Fulton Parker arrived home on Tuesday after a couple of months absence in Boston where he underwent a very serious operation. His many friends will be glad to know that he is, now on the road to recovery.

We would like to call attention to the fact that it was Mr. Harry Anthony choir leader and Mr. Harry Purdy as appeared in our last issue who received the presentation at the United Church on Friday evening.

Announcements have been received of the marriage on Dec. 31st of Miss Janet Hazel Campbell, sister of Dr. A. B. Campbell, to Dr. Harold Stewart MacDonald of Detroit, Michigan.

## Local and Personal

Rev. E. J. Barras of the Baptist Church and Rev. F. W. Sawdon of the United Church exchanged pulpits on Sunday morning.

Mrs H. C. Anthony entertained a number of young people at the tea hour on Thursday afternoon in honor of her nieces Misses Robina and Mary Romans.

The Annual meeting of the St. John's Guild met on Thursday afternoon at the home of Mrs. L. V. Harris. A full report will appear in our next issue.

Mrs Andrew Thompson left on Tuesday to visit her son at Port Maitland, Yarmouth Co.

The men's bridge club were entertained on Tuesday evening by F. H. McNaught.

A wedding of interest to many friends and relatives in town took place in Schumerville, Mass. on Jan. 4th when Miss Vera Duxin was united in marriage to Alden Wamboldt. Both bride and groom were former residents of Bear River.

Cecil Jones of New Haven Conn. spent Xmas week end in New York with his sister, Miss Louise Jones.

Harry Harris was a visitor to St. John N. B. from Wednesday to Saturday of last week.

Mrs Arthur Ford left last week to visit her daughter, Mrs. Buerge at Grand Manan.

Miss Edith Lovett, nurse in training at Roosevelt Hospital, New York spent New Year's day with friends at Garden City, N. Y.

## More Eggs, Less Feed, Greater Profit

To get the biggest profits you must have maximum production. Feeding hens Ful-O-Pep Egg Mash is the certain method of getting most eggs.

Ful-O-Pep Egg Mash is a scientific balance of many ingredients with an oatmeal base. It provides the right amount of protein and carbohydrates necessary for heavy working hens. Bone meal and calcium carbonate supply the necessary minerals. All elements which the hen reproduces in eggs are fully restored, keeping her fit for heavy production. The Cod Liver Meal in Ful-O-Pep Egg Mash replaces the missing sunlight during shorter days, and its vitamins make other ingredients do better work.

Because finely ground, Ful-O-Pep Egg Mash is easily digested. No waste. All feed. Hens eat every bit of it. Cheapest feed you can use BECAUSE IT GIVES MOST EGGS FOR THE LEAST MONEY. Ful-O-Pep Egg Mash and Ful-O-Pep Scratch Grains form the ideal combination. Ask your dealer for them.

## Quaker FUL-O-PEP EGG MASH

Made by The Quaker Oats Company, Peterborough, Ontario. Manufacturers of Quaker Ful-O-Pep Chick Starter; Quaker Ful-O-Pep Growing Mash; Quaker Ful-O-Pep Chick Feeds; Quaker Ful-O-Pep Egg Mash and Quaker Ful-O-Pep Scratch Grains for Poultry. Quaker Dairy Ration for Milk Cows. Quaker Schumacher Feed for cattle, hogs and horses.

## New Chevrolet Goes On Display This Week

Claimed by its sponsors to be the most distinctive low-priced automobile yet offered to the public, a new Chevrolet goes on display for the first time here this week. Two achievements of volume production almost as outstanding as the car itself are indicated in the news that it is to be offered at a reduction in price and that Chevrolet dealers everywhere are able to promise prompt delivery.

Newspaper men privileged to attend a pre-view of the new car were particularly struck by radical improvements in its appearance. Built on a 107 inch wheelbase, the new Chevrolet is four inches longer than before and is impressively large, low and racy. From the massive new radiator—deepened in fashion reminiscent of the LaSalle—the lips of the car sweep back to blend into the graceful contours of the bodies. Sharp corners have been entirely eliminated, and in the closed models it was noticed that the roof curves into the rear quarters in unique manner.

A complete new line of cars is included in the announcement today, which follows immediately on the close of Chevrolet's greatest year, when its volume of a million units made it the world's largest builder of automobiles. Specifications show that the new Chevrolet incorporates all the advantages of the popular "most beautiful" model and in addition embodies a number of features that combine to produce what General Motors officials believe will be the sensation of the automobile industry in 1928.

The first official list of these features includes: massive, deep and beautiful radiator; four-wheel brakes, extended wheelbase, an improved engine that gives 34.6 per cent more power and five miles an hour more speed; longer and roomier Fisher bodies; new Duco color combinations; thermostat control of cooling; shock absorber springs; motor enclosure and indirectly lighted instrument panel.

Seven passenger cars, including five closed and two open types, comprise the line. Every driving requirement is cared for in the make-up and appointments of the various body types.

The Union services of last week were well attended. Most interesting addresses were given at the meetings by Rev. A. W. L. Smith of the Church of England, Rev. E. Barras and Rev. J. W. Smith of the United Baptist Church and Rev. F. W. Sawdon of the United Church of Canada.

The Union services of last week were well attended. Most interesting addresses were given at the meetings by Rev. A. W. L. Smith of the Church of England, Rev. E. Barras and Rev. J. W. Smith of the United Baptist Church and Rev. F. W. Sawdon of the United Church of Canada.

## for Nervous Exhaustion

## Bear River's Successful Sale of Tuberculosis Seals

The committee appointed by the Womens Institute for the sale of Tuberculosis Seals with convener, Mrs. L. V. Harris, Bear River, Digby Co., and Mrs. L. I. Lovett, Bear River, Digby Co., wishes to thank those who assisted in Sale.

The total amount sold was Bear River, Digby Co., \$23.44, Bear River, Annapolis Co., \$16.25. Total amount \$39.68

The B.R. Digby Co., proceeds were forwarded to Mr. R. Lockwood Sec'y-Treas. of the Digby Co., Tuberculosis Council and the Annapolis Co., proceeds to the I. O. D. E. Annapolis Royal.

Toronto.—An optimistic note with regard to the market for Canadian bacon was struck by A. J. Mills, representative of the British Ministry of Food in conference with packers here. He expressed the conviction that Canadian farmers would be very poorly advised to slacken in hog production at the present time, stating that an improvement in the British market was in sight, with many of the countries which had been flooding Britain with bacon during the past year being practically out of the business.

## Off to Chev Dealers Convention

Mr. Forrest Eisner, proprietor of Digby Motors, Chevrolet Agency for Digby County, left last week for Halifax to join a party of Chevrolet dealers enroute to Oshawa, Ont., to attend a Dealers Convention at the Chevrolet factory. They will go from Oshawa

to Detroit and inspect the General Motors Proving Ground, where all models are tested before being released to the public. Mr. Eisner will arrive back in Digby on Monday and will arrange to open an agency for Pontiac Cars, using the old Universal Garage, which will be operated under the name of Pontiac Motors.

Hydro is yours if you use it

## Culloden

Emond Stark of the steamer Dioco spent Sunday with his family here.

Mrs. John Ross, two grandchildren and Mrs. Herbert Daley were the guests of Miss Kate VanTassell at Mt. Pleasant on Wednesday.

Miss Clark of the school teacher has returned to her school after spending her vacation at her home in Greenville.

Judson Handspiker of the life saving station is spending a couple of days at his home here.

The Misses Louise and Muriel Handspiker entertained a number of their young friends on New Years Eve a pleasant evening was spent in games and music. At the close of the evening refreshments was served by little May and Gwendolyn.

Miss Louise Handspiker returned to Digby on Monday to resume her studies after spending the holidays with her parents Mr. and Mrs. Wallace Handspiker.

Mr. and Mrs. Herbert Daley held a party on Saturday evening for Miss Clark. A very enjoyable evening was spent by those present. Mrs. Wm. Daley and Mrs. John Daley assisted Mrs. Daley in serving refreshments.

## Mount Pleasant

Mrs. Gifford Handspiker and son Rocco spent a few days recently in Middleton with her brother Mr. and Mrs. Reginald Jefferson.

Miss Dorothy VanTassell who spent the Christmas holidays with her parents Mr. and Mrs. Walter VanTassell has returned to Truro Normal School.

Mrs. Nettie Munroe of Culloden spent the past week with Mr. and Mrs. George W. VanTassell.

Oscar Stark of Gloucester, Mass. spent the past week with his sister Mrs. Archie Handspiker.

Mr. and Mrs. Elsie Budd and two children of Sea Brook spent Sunday with Mr. and Mrs. George W. VanTassell.

Mr. and Mrs. Gordon McDonald spent Sunday in Culloden with her parents Mr. and Mrs. Hayes VanTassell.

A Card Party will be held in the Mt. Pleasant School house on Wednesday evening Jan. 18th. If stormy the party will be held the following evening.

## Harlem

Miss Bertha Mullen who is working at Weymouth spent Sunday with her parents, Mr. and Mrs. Fred Mullen.

Kenneth Smith and Ernest Hersey of Culloden spent the week end in Weymouth North with his uncle, Norman Burns.

Miss Amy Mullen, our teacher spent Sunday in Danvers with friends.

## Southville

A number of the young folk of Southville, Rivendale and Harlem attended the "Circle of the Southville Christian Church" Friday evening, Jan. 6th., which met at the home of the present, Erna Wagner, Rivendale.

Miss Flora Steele spent a few days with her sister, Mrs. Clarence Prime, Hassetts during the Christmas holidays. She also spent a day with her sister, Mrs. Elijah Wagner, Danvers.

Our teacher Bessie Mullen has returned after spending the holidays with her parents, Mr. and Mrs. Robie Mullen, New Tusk. Miss Mullen will be leaving at the end of the half year to attend Normal College, Truro.

Mrs. Simeon Gaudette and Mrs. Vincent Gaudette spent one day recently at the home of Mr. Ramie Beaudro, New Tusk. We are sorry to learn Mrs. Beaudro recently passed away. Much sympathy is extended to the bereaved ones.

Miss Pauline Gaudette left for Yarmouth recently where she will remain for an indefinite time.

Mrs. Simeon Gaudette and daughter, Marie spent Xmas with friends at St. Bernard.

Congratulations to Mr. and Mrs. Budd Lewis on the arrival of a baby boy Jan. 2.

Mrs. Elijah Wagner, Danvers spent one day last week with her parents, Mr. and Mrs. Howard Steele.

Harold Barr who is working in Corbierie spent the week end with his mother, Mrs. Ethel Manzer.

The concert which was held in the Southville school house Dec. 19th., was well attended and enjoyed by all. The sum of \$9.35 was realized.

## Railway First Aid Champions

First Aid-teams of the Canadian Pacific Railway made a clean sweep this year of St. John Ambulance Association competitions in which they were eligible. Outstanding among the trophies won by the various teams of the Company were the Montclair trophy, emblematic of the open championship among railways in Canada; the States of Maine and Michigan, which was won by the Sherwood Police Shield, for the highest honors in police competitions open to all uniformed forces in the Dominion. This trophy was carried off by the Angus Police Team No. 1 of the Angus works, Montreal.

In the photograph above is seen the team representing the Toronto Night Officers, holders of the Wallace Nesbitt Railway trophy. Members are, from left to right, top row: W. Warren, A. G. Shales, J. Pearce, first aid instructor of eastern lines; and A. T. Curle, Lower row: H. B. Brand, the team are also holders of the Grand Challenge Cup, representing the championship of the C.P.R. system, the Ontario Cup, symbol of the championship of Ontario district of the Company, and the Shagnessy Shield, representing the championship of eastern lines. The Wallace Nesbitt trophy is seen in the centre above, while below it is the Shagnessy Shield. At the right is the Grand Challenge Cup and, at the left, the Ontario Cup.

The various awards were presented to the Canadian Pacific teams in the board room of the Company in Montreal recently, in the presence of E. W. Beatty, Chairman and President of the C.P.R., and a large gathering of the officials; also officers of the St. John Ambulance Association.

A number of the Ladies from this place attended the W. M. A. s. which met at Mr. Charles Westcott's on Tuesday evening.

Miss Budd of Sea Brook who has been spending a few days with her friend Florence Westcott, has returned home.

Mrs. Haddon Westcott is visiting Mr. and Mrs. Frank Woodman, Conway.

## Gas in the Stomach

Is Truly Dangerous

Gas, Pain, Bloating and a feeling of fullness after eating are almost certain evidence of excessive hydrochloric acid in the stomach.

Too much acid irritates the delicate stomach lining, frequently causing chronic gastritis and dangerous ulcers. Food ferments and sour, forming a gas that distends the stomach and often seriously affects the heart.

It is genuine folly to neglect such a condition or to treat with artificial digestive aids that cannot neutralize the stomach acid. A better way is to get from your druggist some Bismarck Magnesia (powder or tablets) and take a little after each meal. This famous but simple and inexpensive stomach sweetener and antacid can be depended upon to prove its value in less than five minutes. In most instances, relief comes instantly. Pleasant and perfectly harmless to use—Bismarck Magnesia does give wonderful relief in nine out of ten cases. Ask your Doctor or Druggist.

According to Dr. J. B. MacDonald, Assistant Chief Inspector of the Ontario Provincial Department of Education, the operation of the Canadian Pacific school car in northern Ontario has proved a more successful venture than the Department had ever expected. He stated that the progress of the pupils during the year of operation has been remarkable.

The Western Canada Grain Pool contemplates spending \$1,000,000 during the coming year in extensions to facilities in country elevators and terminals in Western Canada, according to George H. Melver, General Sales Manager of the Pool, on a visit to Toronto recently. The building programme includes 100 or 150 country elevators in Alberta, 150 in Saskatchewan and 40 in Manitoba. At present there are 160 in Alberta, 200 in Saskatchewan and 50 in Manitoba.

## Mrs. Supper to be Held in United Church Hall

A Men's Supper will be held in Grace United Church Hall on Tuesday evening, Jan. 31st, at a quarter to eight o'clock for the purpose of organizing a Church Brotherhood. Rev. P.A. Walker of Middleton will be present and describe the work of the Middleton Brotherhood. There will be a musical programme. All the men or the congregation are invited to attend.

## Official Board Holds Meeting

The closing meeting of the year of the Official Board of Grace United Church was held Thursday evening Jan. 5th, and was well attended. A review of the work of the past nine months showed gratifying progress. The Sunday School has made a considerable gain in membership, and three C. I. T. groups and a Young Workers League have recently been organized. The W.M.S. have attained their financial objective. There has been a large increase in the membership of the church. The treasurer reported all bills paid and a small balance in hand. Steps were taken toward the organization of a men's brotherhood, and a strong committee were appointed to take to take the matter in hand. The full objective of the Maintenance and Extension Fund was reached.

## SEA BROOK

Mr. and Mrs. E. K. Budd and two children, Betty and Harry spent Sunday in Mt. Pleasant with Mr. and Mrs. Geo. VanTassell.

Maurice Gibbons has returned home from the U. S. A. where he has been for the past months.

The Messrs. Eather Budd and Martha Hutchins spent several days at Centerville last week.

Miss Kathryn M. Porter spent Sunday in Marshfield with her friend, Grace Marshall.

Miss Nina B. Budd left Tuesday for St. John where she is going to attend Business College.

Miss A. G. O'Brien returned to her school on Monday.

Harold Sals of Digby spent Sunday with his friend, Jim Budd.

## Acaciaville

Mrs. W. A. Bacon's visiting her mother, Mrs. Adams in Deep Brook.

Mr. and Mrs. Gundy Nichols were at home to quite a large family party on Jan. 3th.

Mr. and Mrs. Ansel Nichols, nee Ruth Gates, who were recently married in Needham, Mass. arrived home on Tuesday to spend a short honeymoon with her parents, Mr. and Mrs. Frank Gates. We extend our heartiest congratulations to them.

**SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN**

Any breaking out or skin irritation on face, neck or body is overcome quickly by applying Mento-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mento-Sulphur locally creases right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Bowles Mento-Sulphur may be obtained at any drug store. It is used like cold cream.

Jones Drug Store

## Smith's Cove

Miss Stella Weir is visiting friends in Milton, Queens Co.

Chester Brenton who spent last week visiting friends at Victoria, Annapolis Co. has returned home.

We are glad to see Mr. Elmer Weir around again after several weeks of quite severe illness.

Miss Pauline Brenton who has been visiting friends in Bear River, has returned home.

Surgeon Weir is spending a few days in Milton, Queens Co., visiting his daughter, Mrs. Warren Dexter.

Wm. Woodman, our new Councillor is in Digby this week attending the Jan. meeting of the Council.

Mr. and Mrs. Dean Clayton who have been spending the holiday vacation with Mrs. Clayton's parents, Mr. and Mrs. W. B. Snow, have returned to Bear River.

Carl Weir who has been residing in the United States is visiting his parents, Mr. and Mrs. Minard Weir.

Mr. and Mrs. Thornton of the Mount Pleasant Inn are spending the winter in Florida.

W. B. Snow, field agent for the Canadian Bible Society, who has been working in the eastern part of the province during much of the past year, recently spent ten days in Yarmouth in the interests of the Bible Society.

Electric street lighting has made a good start in our village. Mr. Thomas of the Out of the way Inn having placed five lights on Church Hill in the vicinity of their hotel grounds. These not only light up their beautiful grounds but the whole Church Hill as well. While Mr. Thomas has placed these lights as an added attraction during the tourist season, yet he shows fine public spirit in turning these lights on whenever there is any service being held in the church, or other gatherings in the community. This thoughtfulness is appreciated very much by the citizens of the place. We hope others will follow suit even though on a smaller scale.

## Start The New Year Right

Any home wishing to provide every member of the family, old and young, with a few hours' enjoyment every day during 1928, should read The Family Herald and Weekly Star of Montreal a regular weekly visitor. For two cents per week, or one dollar a year, every member of the family will receive a treat that will be appreciated. It is not only a world's newspaper, but a great family magazine unequalled on this Continent, and a farm journal that will bring value an hundred fold during the year. The Family Herald is read already by one million Canadians each week. It is a truly wonderful value, and every home receiving it is benefited by its weekly visit. 1928 will be happier for your home if you send one dollar for a year's subscription to the big 72 page paper.

A Benefit Bridge and Forty-five Social in aid of the Digby General Hospital, will be held in the Court House, Digby, on Thursday evening, January 19th. Admission 50c. Refreshments will be served. All are welcome.

**YOU CAN EARN \$6 to \$10 PER DAY**

## Municipal Council

continued from page one  
of Weymouth distribution system would also show a good year, with a balance of revenue on cost of operation.

Correspondence was dealt with, including a list of resolutions from the Union of Nova Scotia Municipalities, appeals from the Salvation Army for grant to the hospitals for unmarried mothers; from the National Institute for the Blind. The two latter were referred to the Finance Committee and the resolutions from the union of Nova Scotia Municipalities deferred until later for discussion. A letter was received from J. L. P. Robichaud, M. P. P., respecting danger at King's bridge. He suggested a resolution to the Railway Commission.

After recess Dr. DuVernet and A. J. Dillon appeared on behalf of the Hospital. A grant, \$500.00, was voted and the Warden elected a member of the Hospital Board.

When the Committee on Assessments, Cancellation and recording of unpaid taxes was agreed to. He claimed, the Board of Revisors had not followed the instructions laid down for them by statute. He read the section instructing the revisors to personally visit places to determine whether assessment was just. He was not objecting to the furniture being assessed but did object to the method used.

Councillor Hankinson remarked that the Board had performed its work. One member had gone into the district and had secured the services of John O. Turnbull, a former assessor. The present assessor had refused to assess furniture and it was right that the Board should see that all sections were assessed the same.

Councillor Marshall rose to discuss the matter from another point of view. The Council had just read over lists of cancellations. He was of opinion that assessors had not done as they should do, but had simply copied old lists.

If the names were left off, the municipality would not have to pay. In order to bring the matter to a head he seconded the Hillman's resolution as follows:

"That this Council refuse accept the report of the Revisors as it applies to the assessment of furniture in Culloden district."

On the vote being put by Chairman Pugh the motion was lost.

## Danvers

Miss Dorothy Wagner who has been spending her Xmas vacation with her parents Mr and Mrs Manly Wagner has returned to her school at East Ferry.

Miss Vida Mann who is teaching school at this place spent the week end at Riverdale.

DIGBY, NOVA SCOTIA, FRIDAY JANUARY 20, 1928

Six Pages VOL LIV Number 24

Municipality of Clare Joins Digby County Power Board

Wright's Fifth Annual Sale Opens on Tuesday

Special Offerings Are Made in This January Bargain Event

On the last page of this issue of the Courier is an announcement of Wright's Fifth Annual Sale, offering bargains in many lines, specially noted in the advertisement and through all the store, merchandise is marked down to corresponding prices. Careful buyers will note that Flanellette Blankets are to be sold at less than they cost today and the same close margins have been worked out on all the reductions, making it profitable to purchase goods now, even though not needed. Wright's Store has won for itself a standing for values and qualities which might well be envied by many city establishments and, as is well known, when Mr. Wright announces a Sale, it is a Sale.

That Culloden Assessment

Councillor Hillman, who introduced a resolution in the Municipal Council protesting the method of assessing furniture in Culloden district has been in receipt of many messages complimenting him on his stand. A dropped line, in the report of Council proceedings in last week's Courier made the report slightly confused, but Councillor Hillman's activities were so well known that he got the credit for it anyway.

Municipality of Clare Joins the Power Board

Gilbert Bellevue Named as Member of the Power Board for Clare

At the meeting of the Municipal Council of the District of Clare, County of Digby, advantage was taken of provisions of the Digby County Power Board Act, for that Municipality to enjoy the benefits of the Board's hydro system. Mr. Gilbert Bellevue of Bellevue's Cove was elected a member of the board to represent the Municipality of Clare.

This decision to join with the rest of the county in the development of the hydro service was reached only after considerable discussion. A delegation from the Municipality of the District of Digby, comprising Warden Andrews, Mr. H. H. Marshall, Chairman of the Board, and several of the Municipal Council, together with Mayor Lynch and Superintendent Campbell, attended the session of the Municipal Council of Clare on Thursday last and presented for their consideration the advantages which would accrue to the county if the service was extended all down the French Shore, and outlined the steps necessary to be taken in order for Clare to associate itself in the undertaking.

Mr. Phillip Theriault, of Landry, Potter, Theriault and Judge, barristers, of Digby and Yarmouth, was with the delegation which presented the matter to the Council and spoke very strongly in favor of the proceedings. He was proposed as representatives on the Board for the Municipality but declined, in favor of Mr. Bellevue.

This move gives the Power Board entry into a large territory, one which will considerably increase the demand for energy and which in order to serve the territory, will require the construction of some twenty five to thirty miles of main transmission lines and twenty odd miles of distribution systems. The success which was met with the first year of operation of the Digby Power Board was the determining factor in influencing the Municipal Council to join with the rest of the County in the development of the Sissiboo Falls power site.

Smith's Cove Women's Institute

Held its regular monthly meeting at the home of Mrs. McGinnis on Wednesday afternoon January 11th eight members present and one guest. This mid-winter conference involved a review of Christmas activities, and some plans for future usefulness of such kind as may be undertaken before the "Spring rush." The Institute sent out eighteen boxes of Christmas Cheer to invalids, elderly people, and children whose chimneys might be too small for Santa Claus to enter with a very large pack. The parcels contained fruit, nuts, candy and Christmas cards. The Committee took much trouble in making the gifts attractive, making the candy and cake, and decorating the wrappings; and were so economical with the small amount allowed them from the Treasury, that it may be safely inferred from their report that they supplemented it from their own generosity. In fact a portion of the appropriation was returned to the Treasurer; although more than eighteen people were remembered, including Greeting cards to absent members. Kindness of heart seems to have the faculty of multiplying itself. After the report, many letters of thanks and appreciation were read, from recipients.

Our Institute has undertaken to build new steps to the Division Hall of which the latter has been for some time in need, the old ones at the rear of the building being in a dilapidated condition. This matter was discussed, and the special committee having it in charge was re-appointed, to further the work as soon as weather and other circumstances may allow.

Our Institute took and sold about seven hundred of the Christmas Stamps for the Anti-Tuberculosis fund.

The Ladies of the Victorian Order will hold an Afternoon Tea and Pantry Sale at the home of Mrs. C. E. Dexter, the Elm, tomorrow, Saturday afternoon from three until five fifteen o'clock. A particularly choice selection of culinary art has been assured for this sale.

Mrs. Richard Dunn, who has been a patient in the Digby General Hospital has returned home.

FOR SALE—Auxiliary Schooner 25 tons, 35 feet over all, 14 foot beam, 1925. Heavy construction, sound and tight. Price low. Apply Frank Whelpley 118 Main St., Saint John, New Brunswick.

Miss Bernadette Oliver Married at Weymouth

Popular Digby Couple Will Make Their Home in Brighton, Mass

St. Joseph's Church Weymouth, was the scene of a brilliant marriage and one of unusual interest to a large circle of friends, on Thursday morning, January the 12th at 8:30 o'clock, when Miss Bernadette Oliver, R. N. younger daughter of Mr. and Mrs. Joseph Oliver, of Brighton, Mass. but formerly of Weymouth, and Dennis J. Melanson, son of Mr. and Mrs. Martin C. Melanson of Weymouth Mills, were united in the holy Bonds of Matrimony, in the presence of an assembled crowd of relatives and friends.

The church was resplendent in the decorations of the festive season and the soft light of the electric lights added beauty to the scene. To the strains of Lohengrin's bridal chorus, the bridal party entered the church and took their places in the seats reserved for them.

The marriage ceremony was performed by the Rev. Father Thibault, pastor of the church who also was the celebrant of the Solemn High Mass which followed. He was assisted by Rev. Father Blinn as deacon and Rev. Father Adolph LeBlanc, curate at St. Joseph's as sub deacon. Mrs. J. W. Cormier presided at the organ and the choir sang the Royal Mass. At the offertory Dr. and Mrs. Cormier beautifully rendered "Lambillottes Ave Maria."

The bride was becomingly gowned in light grey crepe-de-chene and blue and silver picture hat. She carried a shower bouquet of white roses and fern. She was attended by her sister Miss Marguerite Oliver, R.N., who wore a dress of royal blue georgette with golden blue picture hat and carried an arm bouquet of pink carnations and fern. Simon Melanson, of Detroit, brother of the groom was groomsmen.

After the ceremony the bridal party entered the sacristy where the register was signed. As they came down the aisle Mrs. Cormier played Mendelssohn's Wedding March. As they entered the waiting auto they were showered with rice and confetti and the best wishes of their friends.

They repaired to the home of the groom's parents where a sumptuous wedding breakfast was served at which were present members of the bride and groom's families and a few friends.

Both bride and groom are very popular. They left on the afternoon express for Yarmouth where they remained until Friday when they embarked on the Boston boat for Brighton, Mass.

The bride is a graduate of the Weymouth High School, a graduate of the Lynn General Hospital Training School, and a Post Graduate of the Corey Hill Hospital, Boston. The groom holds a responsible position with the R. Public Iron and Steel Company of Youngstown, Ohio, with which firm he has been connected for eight years. Mr. Melanson also served overseas for two years with the Forestry Battalion under Major Emile Stehelin.

The happy couple were the recipients of many useful and costly presents including a substantial cheque from the groom's father.

The groom's gift to the bride was a handsome seal fur coat, to the bridesmaid a white gold bracelet set with emeralds, to the groomsmen a white gold cigarette case and cuff links and to the organist white gold lingerie clasp pin.

After a few days spent at Brighton, Mass. Mr. and Mrs. Melanson will proceed to their new home in Youngstown, Ohio.

Church holds Annual Meeting

The annual business meeting of the Baptist Church, Deep Brook, was held Friday evening Jan. 6th. Rev. W. G. Hisler presiding. The pastor gave a full and interesting report of calls made and work done since taking up the work May 1st. The treasurer's report was presented by J. R. Berry. Report of S. S. was given by Mrs. L. E. Sherman, treasurer. The W. M. A. Society was presented by Mrs. Carl Nichols secretary. Dorcas Society was reported by Mrs. M. G. Hisler asst. secretary. All reports gave evidence of a good year. About \$1,200 has been raised for all purposes.

Officers and Committees for the year 1928 are:

Clerk Mrs. W. G. Hisler

Treasurer J. B. Berry

Fin. Committee W. W. H. Shaw, Augustus Purdy and Reg. Long

Trustees B. H. Rice, Reg. Long and W. W. Henshaw

Organist Mrs. Reg. Long

Parsonage Committee Mrs. M. Page and Reg. Long

200 Spectators Attend First Game of Season

Individual Play Features 9-1 Victory over Church Point Team

Two hundred spectators attended the opening game of the hockey season in Digby on Wednesday night and saw the Red Ravens take the long end of a 9-1 score from the Melanous of Church Point. Individual play, with slight attempts at team work marked the game, but the team showed promise of speed and sure shooting. With practice in team play they will be as good, if not better than last year. Goals were scored by Hysoa, S. Walker, 2, Daley and Raymond 1 each.

Eldridge appeared out in his new pads, filling up the nets, and Hyson and Raymond made a good defense combination. Raymond is fast as can be and will develop into a real player. The forward line was the same old Daley, Tupper and Jones and was good, if allowance is made for weakness in team work.

Flaming Forest a Picture of Canadian Mounted Police

Picture house patrons in Canada often wonder why so many pictures shown are of a foreign tendency, with scenes and story laid in the United States, or anywhere but in Canada. It is a fault common to many pictures, and the showing of The Flaming Forest, tomorrow night, is the interesting as it is a picture of Canadian Northwest at a time long before that vast country was opened up for settlers. It is a story of heroism of the North West Mounted Police, and of the lives and passions of the great men and greater women, who made the country. James Oliver Curwood wrote the story, and its screen adaptation is said to be a remarkable interpretation.

## What is Digby Going To Do About It?

This is a pertinent question. The Eastern Steamship Co. has put on one new boat, and the second will be operating this year. The Canadian National Railways system has commenced the construction of new terminals and Hotel at Halifax, to draw the overseas trade as well as inland traffic. The Canadian Pacific Railway has taken a share in the erection of the Lord Nelson at Halifax. And now, most important to Digby, the C.P.R., is going to build a new hotel to replace the Pines at Digby.

This new hotel will bring a class of tourists who are accustomed to the very best of everything. The hotel will be in keeping with the service it hopes to render, and will be of most modern design and type in every department. What is Digby going to do about it?

In an interview given the Courier last week Mayor Lynch said:

"The new hotel will require every possible improvement in the town's water and lights if we are to give them the service such a hotel deserves and are to share in the benefits which such a hotel will give. We must be ready, even before our utilities are needed, as a means of showing our appreciation of this important development of the tourist business by the Canadian Pacific Railway."

And he added: "I feel that Mr. Graham has been the main strength in accomplishing this purpose of building a new hotel to replace the Pines. He had been pressing it

for a number of years, and from the first opening of the Pines under the railway management, has held before him the idea of a bigger and better hotel to serve the very best class of tourists obtainable."

A start has already been made toward improving one of the town's services, the water supply. The Board of Trade has backed up this start

This refers to extension of the water mains to Lily Lake. But improvement of water service is not the only thing needed. The road from the corner of Birch street to beyond the Pines must be improved and sidewalk constructed. The electric light distribution service must be carried along on a permanent line. The Golf Club must be placed on a sound basis.

All this means work for the Council, and for the Board of Trade, to prepare ways of having it done. All of this means expenditure of Town money. The ratepayers will have to authorize expenditures of public money to perform all these services.

There should be no holding back in preparation for the expected development of the tourist business in Digby. Whatever seems necessary should be done. The Courier believes it will be done. No other investment will bring such sure and satisfactory returns

Mayor Lynch has outlined the programme for the new Council. His ideas should so meet with the approval of the ratepayers that he should be invited to perform the duties of Mayor for another term.

## MORE TOURISTS

Greatly as American tourist travel to Canada has grown, the Boston Transcript predicts that it will steadily assume far greater proportions. That newspaper remarks that the injunction to see America first is interpreted by many Americans as an invitation to see Canada first. As evidence of the rapid growth of travel northward, it cites the figures made public by the collector of customs at St. Albans:

"The number of motor cars crossing the Vermont border last year was 815,370. They carried 2,474,069 passengers. In 1926, the cars num

## Make Your Own SOAP and Save Money!

All you need is waste fats and  
**GILLETTS PURE FLAKE LYE**  
Full Directions With Every Can  
YOUR GROCER SELLS IT!

tered 589,661 and the passengers 1,939,622."

These figures cover travel in both directions; but, even making allowance for that, the totals are very striking and the increase over 1926 is remarkable. In speaking of Canada's attraction for the tourist the Transcript says:

"When it comes to the reason for these journeyings, it is easy to exaggerate that one which comes first in mind. It is true that Canada offers opportunity to slake the great American thirst. But interest in the Dominion is increasing on the part of many who look not up on the Canadian wine when it is red. The allure of the woods and fields and streams in the Canadian scene, the fascination of Quebec, the city, and the Quebec countryside suggestive of a bit of the Old World, the appeal of northern latitudes in summer months, have a compelling influence with a great many people. So, year by year the tide of travel increases."

The Transcript article is one more reminder that there is scarcely any limit to the number of visitors who will come to New Brunswick if publicity of the right sort is expanded and hotel and camping accommodation throughout the province extended. Our increasing dividends from this source afford welcome proof that the Tourist Association has done good work, and proof also that if its means are enlarged the returns will amply justify the larger investment.

The above is an editorial in the St. John Telegraph Journal. All it says applies equally to Nova Scotia to Digby. Spend the money in the right way and results will follow. Nothing could be more true; just as nothing could be more true than that if we do not attract the tourists they will go to places that urge them to visit their localities.

MORSE'S TEA is a brand of tea that shields the dealer from complaints for there is never any kick coming when he sells a package because there is never anything to kick about. For not only is MORSE'S TEA delicious but also it gives an extraordinary number of cups to the pound.

## SEVENTH ANNUAL MEETING OF VICTORIAN ORDER OF NURSES

Reports of Officers Show of Much Good Done By Society in Carrying Out Its Purposes. Nurse's Report Interesting.

The Seventh Annual Meeting of the Victorian Order of Nurses for Canada, Digby Branch, was held on Thursday evening, Jan. 12th in the Court House. A large number of representative people were in attendance. The President, Rev. F. Bishop presided in his usual pleasing manner. In opening the meeting he called attention to the extensiveness of the Order, and the work done. He felt honored at being President of such an organization.

After the various reports were read the election of officers to the Board of Management for 1928 took place resulting as follows:—

President, Rev. F. Bishop  
1st Vice-Pres. Mrs. Driffield  
2nd Vice-Pres. Mrs. Morse  
Secretary Mrs. Geo. D. Turnbull  
Treasurer Mrs. T. E. Lynch  
Supply Committee Mrs. H. Anderson, Mrs. Smith, Mrs. Tupper, Mrs. Jack.

Committee Mrs. A. Merkel, Mrs. W. Connell, Mrs. F. Nichols, Mrs. E. Robertson, Mrs. Kirkpatrick, Mrs. Walter VanTassel, Mrs. Carthy, Mrs. Walker, Mrs. Aymar, Mrs. Fritz Dakin, Mrs. F. Roop, Mrs. Hubert Wayne, Mrs. Dickie, Mrs. Lockward.

Following which short speeches were made by Mr. Andrews, Warden of the Municipality, Rev. Mr. Prosser, Rev. Wm. Driffield, Mayor Lynch and Mr. Boden, Town Clerk.

Rev. Mr. Prosser of the Children's Aid said he had listened with interest to the report and heard how the sick and needy were ministered to. He was sorry the Municipality had not provided a similar service for the rural communities. The Victorian Order, assisted in the work of the Children's Aid.

Rev. Mr. Forbes congratulated the Town on having such a live Victorian Order of Nurses, and was surprised that one nurse should be able to do so much work.

The Mayor was impressed with the amount of good being carried on in the Town, as it all meant service for others.

Mr. Boden had watched the growth of the Order since its inception, noting the increase of receipts and expenditure, and saw that the interest was well maintained. The work commended itself to the School Board, as of great benefit to the rising generation. The amount of good could not be told in dollars and cents, although it was a great saving to the Town. The Victorian Order Nurse could go where town officials could not go.

and cases were helped without being known.

A vote of thanks was presented to Rev. Mr. Bishop, Mrs. Turnbull, Mrs. Lynch and Miss Gulliver for the efficient work done.

The meeting closed with singing the National Anthem.

## Secretary's Report for 1927

Mr. President, Ladies and Gentlemen:

At the end of another year of progress, I beg to submit the seventh annual report of the Victorian Order of Nurses for Canada, Digby Branch:

During the past year the work for the nurse has greatly increased especially the nursing visits, as will be shown in her report. "Our first consideration must always be the provision for the care of the sick in their homes," says our Superintendent. She further adds, "One notable feature of our work, the past year has been the general increase of the service among those able to pay the cost of a visit. This is not alone that times are better, it indicates the increased demand for a visiting nursing service by a much wider circle. These cases are accepted on the same basis as are the free cases. The fully paid visit helps finance the others." This statement may be applied locally.

In 1927 twelve regular monthly meetings were held, with an average attendance of 12. The nurse, also, being present. 13 letters have been received and 13 written.

As Miss Boswell, our Eastern Supervisor has been recovering from a severe illness, Miss Campbell substituted, visiting this branch in April; following which a very satisfactory report of her visit was received from Headquarters.

Your Secretary was absent from February until the last of June, and again, as in the previous year Mrs. Read kindly took over her duties. May I say just here that the Local Branch have much to regret in the removal to Hamilton, N. Y. of Dr. and Mrs. Read, who were among the promoters of the Order in Digby, and were always loyal workers.

Last April the School Work done by the Victorian Order Nurses was officially recognized, by the School Board voting a grant of \$50 towards the expenses, and appointing a representative to our Board of Management. Miss Gulliver has not only spent much time in the school, but by her painstaking "follow up" visits in the home, has obtained excellent results. The Well Baby Clinics have been very popular, when weather permitted, being of assistance to mother and baby.

Through the efforts of our nurse, Miss Liggett was invited to come to Digby, and in March re-organized the Junior Red Cross among the school children. These have been doing a friendly act in supplying some of their less fortunate fellow pupils with glasses. The interest in the Mothercraft Classes have been sustained and in June eight girls were presented with diplomas.

As this Association was entitled to another representative besides Col. Edwards on the Board of Governors at Ottawa. H. B. Short M. P. was appointed as a second and consented to act.

Many demands have been made on the friends of the Victorian Order in the way of cooking for Sales, Teas etc., clothing and money, but no matter what the demand it is always cheerfully met. With so many willing workers and such a capable nurse, it is not surprising that this past year has been most successful, not only in expansion of work, but also financially.

Special kindnesses to the Order have previously been acknowledged

## "SALADA" ORANGE PEKOE BLEND TEA

No one dreamed 50 years ago that such a fragrant beverage as "SALADA" Orange Pekoe could be produced—pure as science can make it—fresh, superb in flavour—43c per half-pound—and all black tea. A treat indeed for tea lovers.

each month. We are also, greatly indebted to the Golf Club Management and to the Digby Courier and Mr. Wallington free printing and to all for assistance and friendly co-operation.

Respectfully submitted  
JESSIE S. TURNBULL

Secretary

## Report Of Other Special Activities

Four T.B. Clinics were held by Dr. Smith, one of the travelling Diagnosticians for Nova Scotia, when eleven patients were examined.

Miss McDougal of Tubercular Association of Halifax visited this district on November 21st, in regard to a patient who was afterwards accompanied to the Sanatorium in Halifax.

Miss Campbell, Acting District Supervisor, visited this district on April 7. Miss Allen, the Metropolitan Life Insurance Supervisor was here on October 7. I feel greatly benefited from both these visits.

Miss Liggett, Director of the Junior Red Cross, for Nova Scotia, was here on March 24, and re-organized a branch in our school.

Mothercraft class of seven girls gave a demonstration on their work at the Annual Meeting last year. They completed their course in May when they received their diplomas. On this occasion they gave a short programme and slides of the work of the Victorian Order throughout Canada were shown. Another Mothercraft class of twelve girls was organized in September.

Two of the school children had their tonsils and adenoids removed. We are indebted to our local Doctors for their kindness. Five were referred to Junior Red Cross for

## Local and Personal

Mr and Mrs T. Sandford of Sea Brook are guests of Mr and Mrs Lovett Harris.

The Ladies Aid of the United Church met on Tuesday with Mrs Lloyd Sandford.

Councillor Chisholm was at Digby last week attending the session of the Municipal Council.

Frank Ruddock of Bridgetown, was in town several days last week.

Mrs Joseph Steadman left on Monday to visit friends in Aylesford.

Harry Anthony was host to the Men's Bridge Club, on Tuesday evening.

The Bears Bible Class was entertained at the home of V. A. Efnor on Monday evening.

Karl Schmidt returned from St. John on Saturday.

Harry Harris with a crew of men is at his camp on Sissaboo Road.

A. G. MacIntyre left for Montreal last week after spending the holidays with his family here.

Among the visitors to St. John last week, were Mrs Harry Anthony, the Misses Louise and Margaret Purdy.

Mrs W. J. Wright was hostess on Friday afternoon at a very enjoyable bridge, a number also being invited at the tea hour. The prize winners were Mrs Fred Harris and Mrs A. G. MacIntyre.

Mr and Mrs Douglas B. Jones of Edmonton, are being congratulated on the arrival of a daughter on Jan. 10th.

## OPERATION LEFT HER VERY WEAK

Letter Tells of Wonderful Relief After Taking Lydia E. Pinkham's Vegetable Compound

Coniston, Ontario.—"After a severe operation and a three weeks' stay in a hospital I returned home so weak that I was unable to move a chair. For four months I was almost frantic with pains and suffering until I thought sure there could not be any help for me. I had very severe pains in my left side and suffered agony every month. One day when I was not able to get up my mother begged me to try your medicine. My husband got me a bottle of Vegetable Compound at once and I took it. I started a second bottle, and to my surprise and joy the pains in my side left me completely and I am able to do all my work without help. I am a farmer's wife, so you see I can't be idle long. In all, I have taken six bottles of Lydia E. Pinkham's Vegetable Compound, five boxes of the Compound Tablets, two bottles of Lydia E. Pinkham's Blood Medicine, and have also used the Sensitive Wash."—Mrs. L. LAJUNESS, Box 108, Coniston, Ontario.

## The Philathea Class

The monthly social of the Philathea Bible Class of the Baptist Church was held on Thursday evening January 12th at the home of Mrs John Rice, who was assisted by her daughter, Mrs Arnold Chute.

This being the annual meeting the following officers were elected for the coming year.

Teacher Mrs. E. J. Barrass  
 President Mrs. Carl Miller  
 Vice-Pres. Mrs. George Cickle  
 Sec-Treas. Mrs. C. D. Rice.

The different committees gave their reports on the activities of the year and special mention might be made of the work done in the distribution of Xmas Cheer boxes to the shut ins.

After the regular business the meeting was given over to the entertainment committee with Mrs. W. D. Chute convenor.

A splendid program was given consisting of piano and vocal solos, readings and selections by the class quartette.

After the program a social hour was heartily enjoyed during which a very dainty and delicious lunch was served by the hostess.

There were 60 present and all went to their homes feeling that a splendid evening had been spent.

The monthly gatherings afford a wonderful opportunity for the women of the church and congregation to meet and become better acquainted with each other.

## Friendship Lodge I. O. O. F.

Install Officers

Friendship Lodge No. 122 I.O.O.F. held their regular meeting on Thursday evening when Bro. O. A. Eisner P. D. D. G. M. installed the following officers:

N. G. Freeman Darres

V. G. Howard Suell

R. S. Fred C. Harris, P. G.

F. S. Rupert A. Harris, P. G.

Treas. L. V. Harris, P. G.

Con. J. O. Flemming, P. G.

Chap. Carl Miller, P. G.

R. S. Roscoe Campbell

L. S. S. Georg Wade

R. S. N. G. J. O. Harris, P. G.

L. S. N. G. William Morine

R. S. V. G. Harding Benson

L. S. V. G. Clarence Goodere

I. G. Vernon Peck

O. G. George Chute, P. G.

J. P. G. Howard Cress.

We are looking forward to a full year 1928

L. B. MORINE.

## Farmers to Honor Memory of Empire's Soldiers

Honor to the memory of the Empire's soldier dead will be offered by the members of the Canadian Farmer's Marketing tour which is now proceeding overseas under the auspices of the Canadian National Railways. A huge wreath, six feet in diameter, beautiful in design and bearing the crests of each province, intertwined with characteristic foliage, has been made in Montreal and will be deposited at the consignment in London this month during the party's visit there.

The picture shows the wreath being inspected by W. D. Robb, vice-president of the Canadian National Railways in charge of colonization and agriculture, before the departure of the party from Montreal.

**You Are  
Invited.**

A large group of young people joined us on January 4 to prepare for positions and you are invited to join them. The line of march is along the pathway of an interesting course of study whose steady mastery day by day will bring you closer and closer to your goal.

**Dull, listless, out of sorts,  
feeling half-sick**

Is it a cold coming on? Is it over-eating or what can it be? Probably it is Nature warning that your system is not functioning properly.

When you feel this way you should follow the treatment that has helped many, many other people. Even two weeks of it will make a difference in the way you feel.

A prominent New York physician says, "When my patients have that dull half-sick feeling I always prescribe Nujol and recommend at least two weeks' continued usage. Why? Because Nujol absorbs and clears away the toxic intestinal poisons that in most cases are the cause of the trouble. Further, Nujol is ab-

solutely harmless and can be taken by young babies or old people.

**Not like medicine**

Nujol contains no drugs or medicine. It's a natural substance unlike anything else. Can't hurt you. Others have benefited from taking it, why not you? This remarkable product is sold all over the world. Go to any drugist, get a bottle of Nujol and see for yourself what it will do. Only—don't delay. Do it now. Insist on the real Nujol. Perfected by the famous Chemical Products Division of the Standard Oil Company of New Jersey. Look for the Nujol bottle with the label on the back that you can read right through the bottle.

**Remarkable Growth And  
Prosperity Shown In Royal  
Bank Report**

Sure indication of the progress made during the past year in Canada, given in the Annual Report of the Royal Bank of Canada, recently published. The outstanding feature of the report is the increase in amounts on deposit with the bank, the amount being 110 millions of dollars greater than for the year 1926.

The Royal Bank, though comparatively young, having been established in 1869, has become a national institution of first rank. Its branches in Canada and in foreign countries total 900. The annual report of this institution, is therefore concrete evidence of the state of affairs throughout the country, and is a matter of interest, not only to shareholders and customers of the bank, but to the public generally.

**E. Hart Nichols Offers Flag  
to Boy Scouts**

The Courier is in receipt of a very pleasing letter from Mr. E. Hart Nichols, of Halifax, who writes: "In connection with the work of the Boy Scouts in Digby I understand a flag is needed by the Troop. I would be pleased to donate a flag for this purpose. I am asking that you communicate with the Scoutmaster and as certain if such a gift would be accepted."

Needless to say we immediately complied with the request and Scoutmaster Wright on behalf of the Scouts, welcomes Mr. Nichols' offer. The boys will be glad to learn that their work is not unappreciated, even by those of Digby whose business interests lie out of town, but who keep close touch with all local affairs.

Keep it hot keep it cold a pint size Vacuum Thermos bottle .69 cents at Jones' Drug Store.

**Here and There**

Evidence of reconstruction work in Yokohama is seen through the fact that a five storeyed steel and reinforced concrete hotel was officially opened recently. The building, known as the Hotel New Grand, is of fireproof and earthquake-proof construction and is modelled after the style of the best Canadian hotels.

Toronto.—The Province of Ontario is at the close of the greatest gold producing year in its history, according to officials of the Department of Mines, who forecast an increase in gold production this year of \$2,000,000 as compared with last year's output. In addition, the total mineral production is expected to be more than \$91,000,000—a gain of \$5,000,000 over 1926.

Halifax.—Boys' and Girls' Swine Clubs are now well established here. Calf Feeding Clubs are also on the increase and it is expected that in 1928 the latter will attain the same number in the province as the former. Egg marketing circles are also being organized and much good work is already reported. These should prove a valuable aid to the poultry industry.

Preparations for the Banff Winter Carnival, to be held February 4-11, are well under way. Canadian mushers are training and intend to make a strong effort to bring back to Canada the "Strongheart Trophy" which was carried to the United States by Warren Goring, of Ashton, Idaho. It is anticipated that there will be several teams from the United States competing again this year.

Saint John.—An epoch in the transportation of cargo between Canada and the United Kingdom was feted here recently when W. R. MacInnes, vice-president in charge of traffic of the Canadian Pacific Railway, W. A. Wainwright, assistant to the chairman, with other officials of the railway, inspected the C. P. fast cargo liner "Beaverburn," which recently docked here, completing her maiden voyage.

According to a report covering the activities of the past year of the Canada Colonization Association, a subsidiary of the Canadian Pacific Railway, 626 families, consisting of 3,432 persons, were settled on 162,982 acres of land by the association. The value of these transactions is in excess of \$6,000,000. Nearly 300,000 acres of land are ready for settlement and prospects for the current year are very bright.

Vancouver.—In an address before the Board of Trade upon the services rendered the Dominion by the late Sir William Van Horne, founder of the city of Vancouver and president of the Canadian Pacific Railway, C. A. Cottrell, general superintendent of the railway's British Columbia district, said: "The Canadian Pacific Railway is the largest taxpayer and the largest purchaser in the province; it spent last year \$20,000,000 in stores and supplies, taxes, wages, etc."

**Acids in Stomach  
Cause Indigestion**

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc. are due to an excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated, digestion is delayed and food sours causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist some Bismarck Magnesia and take a teaspoonful of powder or four tablets in water right after eating. The secret is the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Under an agreement reached between the Federal Government and the Nova Scotia Tramway and Power Company, a coaling plant owned by the company in Halifax will be converted and extended. The plant, which has been using American coal, will now use Nova Scotia coal. Under the provisions of the Domestic Fuel Act passed last session the company will get a subsidy equivalent to four per cent of the cost.

The purpose of the Domestic Fuel Act is to encourage the erection of coaling plants for the use of coal mined in Canada. It authorizes a subsidy of four per cent in the case of private companies and five per cent in the case of municipalities of the cost providing that at least 70 per cent of the coal used in the plant is mined in Canada.

**J. L. Woodman Back from  
Dodge Convention**

Mr and Mrs Herbert L. Woodman returned last week from a six weeks vacation in New York and the New England States. While away Mr Woodman attended the annual convention of Dodge Motor Dealers, held at the Hotel Pennsylvania, New York, and bring home with him the report that the Dodge Victory Six is the greatest triumph of automobile engineering of the year. It embodies unique features and is reported to be complete in every detail of riding quality, performance, appearance and comfort. It is the leader of three lines of cars, each in a different price class. Of the lower priced cars the outstanding feature is four wheel brakes on the four cylinder types. These brakes are controlled by a mechanism which prevents side thrust and are enclosed in a dust proof housing of the same design as on the senior Sixes.

Mr Woodman will have the new car on display toward the end of the present month.

EDWARD LLOYD LIMITED, a body corporate with its head office and principal place of business at 4-7 Salisbury Court, Fleet Street, City of London, England, hereby gives notice that it has, under Section 2 of the said Act deposited with the Minister of Public Works at Ottawa and in the Office of the Registry of Deeds for the County of Digby, Nova Scotia, at the village of Weymouth a description of the site and plans of works at North Weymouth in the said County of Digby on lands owned by said Edward Lloyd Limited and situated on the right bank of the Sissibou River near its mouth and in the said village of North Weymouth; the said works being a wharf or pier (known as the Campbell Dock) which was completely completed prior to the 1st day of January, 1918.

AND TAKE NOTICE that, after the expiration of one month from the date of the first publication of this notice, said Edward Lloyd Limited will, under Section 7 of the said Act, apply to the Minister of Public Works at his Office in the City of Ottawa, for approval of the said site and plans and for approval of the said works so constructed.

DATED Halifax, N. S., this 31st. day of December, 1927.

McLennan, Lovett and MacDonald of 35 Bedford Row, Halifax, N. S., for said Edward Lloyd Limited.

glasses. Four were fitted up, fifth child's general health had improved so much after having tonsils and adenoids removed, glasses were not required. Five children had dental work completed, two more partially completed through our School Board. A number of tooth brushes have been supplied to the needy children.

In conclusion I wish to take this opportunity of thanking the Medical and Dental Profession, the School Board, teachers and town agencies for their continued kindness and co-operation garages for their prompt service; the members of the Victorian Order Committee for their consistent and sympathetic support; and for the many kindnesses I have personally received since coming to Digby.

Respectfully submitted,  
CHARLOTTE E. GULLIVER.**Report of Supply Committee**

I think our town people pretty well understand, now, the nature of work done by the supply committee of the Victorian Order. This year the report is practically the same as made last.

During the year \$22.42 in cash was spent. Over half this amount was paid for milk the rest for fuel and food.

In the fall a complete layette was provided for an infant. Other things given were, 9 dresses, 4 prs bloomers, 1 slip, 1 coat, 1 suit for man, 1 hat, 2 nightdresses, 10 pr. stockings, 3 prs. shoes, 1 pr. over-shoes, 4 pillow slips, 2 quilts, 1 blanket.

At Xmas we had cash donations from Zelma Rebecca Lodge, Mr. O. W. Wright, Mrs. F. Anderson and Mrs. Morrell to be spent for Xmas cheer. Also generous contributions from the merchants of fruit, candy and nuts. Parcels were put up consisting of dresses, sweaters, underwear, stockings, shoes, rubbers, gloves, mittens, etc., also toys, confectionery, fruit, cakes and puddings. These were sent to 16 families in which were 55 children.

We wish to heartily thank all contributors. Also Dr. B. N. Tobin who kindly drove his car and with the assistance of the nurse and a Boy Scout delivered these parcels, thereby we hope, carrying a small measure of happiness and Xmas cheer to those homes.

Respectfully submitted,  
MARY L. MORSE,  
Con. Supply Com.

For the school child's lunch box the best thing is a Vacuum Thermos bottle, pint size .69 cents at Jones' Drug Store.

**Southville**

Roger LeBlanc of St. Bernards, and Dixon Gaudette of Belliveau Cove, who are working in the woods here, spent last week end with their parents.

Sorry to report Mrs. Herman Steele on the sick list at time of writing.

Durwood Abbott of Marshalltown is visiting his Aunt Mrs. Howard Steele.

Miss Flora B. Steele and Miss Bessie L. Mullen spent part of Friday afternoon and evening with their friend Marie Gaudette.

Miss Marie Gaudette entertained a number of friends at her home on Friday evening including: Adolphe LeBlanc, Willie-Amersil of New Edinburgh, Charlie and Dixon Gaudette of Belliveau Cove, Roger LeBlanc of St. Bernards, Charles Gaudette of New Tuxet, also Flora Steele, Bessie Mullen, Emory Sam and Carl White and Placide Gaudette of Southville. The party spent a very pleasant evening in playing games. All reported a very pleasant time.

Miss Flora Steele entertained Bessie Mullen, Sam, Carl and Emory White, Durwood Abbott, Peter and Placide Gaudette at her home on Saturday evening. A very pleasant evening was spent in playing "Pitt" and eating judic. All reported a very pleasant evening.

Playing "Pitt" is order of the times.

**Culloden**

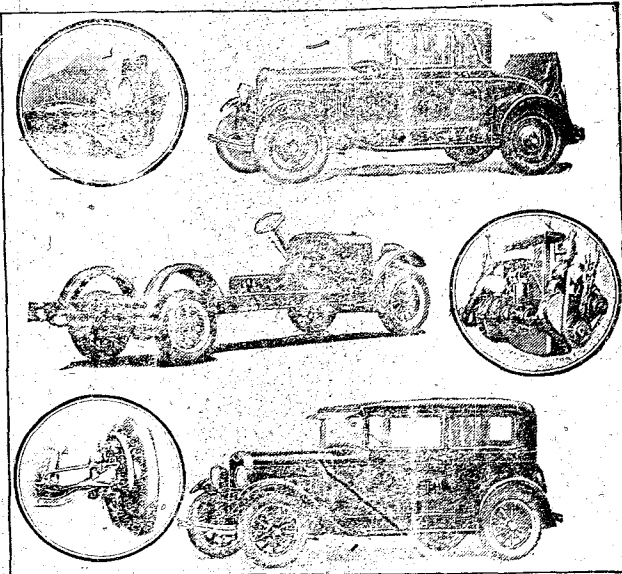

Mrs. Alex. Ross is spending a few days in St. Pleasant with her daughters, Mrs. James Todd and Mrs. Charles Van Tassel.

Roy Ross had the misfortune to cut his leg one day last week he had to be taken to the Digby Hospital.

Arnold Turnbull of Bay View was in this Village on Saturday.

Otus Middlebrooks has returned home from Yarmouth.

Miss Hilda Daloy entertained her young friends on Saturday evening it being her sixteenth birthday a pleasant evening was spent by those present during the evening dainty refreshments were served. We wish Miss Hilda many more happy birthdays.

That the interest aroused in the New Chevrolet has been well merited is indicated by these first photographs of this latest addition to the light car fleet. The smart sport cabriolet, with its folding seat and disc wheels, is shown in the upper right-hand photograph. In the centre in the sturdy Chevrolet one-ton truck chassis, while at the lower right in the coach model, the body of which is five inches longer than formerly. Insets are, upper left, the massive four-cylinder and heavy full crown fenders; right, the powerful and clean-cut motor of the new line, with two-port exhaust and complete enclosure; lower left, a view of one of the four-wheel brakes. The New Chevrolets, which are to be reduced in price, are to be available at once. They are larger and roomier than previous models.

## Making The New Ford Car From Start to Finish

at the  
**BIJOU DREAM THEATRE, DIGBY**

**WEDNESDAY, JAN. 25TH**

8 p. m. Admission Free

It is requested that children be accompanied  
by their parents.

Don't miss this wonderful opportunity of seeing the  
extreme care and accuracy with which the New Car  
is being built. Also the fine methods of construction  
used, which is making this car famous the world  
over. Principles which are found only in high  
priced cars and are bound to make it a popular car  
for performance and endurance.

Showing at Weymouth, Tonight, Jan. 20.

**Harris & Silver, Ford Dealers**  
Weymouth, N. S.

### Parkers Cove

Service in the Methodist Church on  
Sunday at 3 o'clock by the Rev. J. W.  
Dean.

Several of our young men have gone to  
Yarmouth to join the Dorothy Snow.  
Capt. Murphy for the halibut season.

Miss Myrtle McGarvie is a guest of  
Mrs Leech of Annapolis Royal for several  
days.

The weather of late has not been very  
favorable for our haddock fishermen.

Mat fever seems to be the order of the  
day.

Sorry to report Mrs Lewis Hudson in ill  
health at time of writing.

Mr and Mrs Lewis Ellis have moved  
back home from Victoria where Mr Ellis  
was employed in the lumber woods.

### Weymouth North

Councillor H. B. Fitzgerald attended  
the meetings of the Municipal Council in  
Digby last week.

The week of prayer was observed in the  
churches here last week. Monday and  
Tuesday evenings in the United Church,  
Weymouth, Wednesday and Thursday  
evenings in the Riverside Baptist Church,  
the speakers being Rev. A. G. Pentz and  
Rev. Morris Taylor. Friday evening in  
the Episcopal Church, Rev. M. B. Whit-  
man being the speaker.

Colin Campbell and Morrie Taylor who  
spent the Christmas vacation at their  
homes here, returned to Kings Collegiate  
School, Windsor, on Tuesday.

Miss Kaye Fitzgerald who spent a  
week with her sister, Miss "Gerry" Fitz-  
gerald in St. John returned home on the  
eleventh.

Chester Stevens recently returned home  
from Montreal where he had undergone  
an operation in one of the hospitals there.  
Mr Stevens' many friends will be glad to  
hear that he is much improved in health.

Mrs H. M. Mullen entertained a number  
of the young people at a very enjoy-  
able party on Monday evening.

### Westport

Miss Florence Coggin returned from  
St. John Thursday.

Miss Mary Morehouse visited friends  
at Freeport recently.

Rev. Johnson arrived from St. John  
Thursday and is holding special services  
in the Christian Church.

The Misses Doris and Dorcas Powell of  
Freeport called on friends Thursday.

William Shea of Parrishro is spending  
few days in town the guest of John Titus.

W. B. Bailey of Yarmouth who spent  
a few days with his parents Mr and Mrs  
A. R. Bailey, returned home Thursday.

Francis Lent has returned from Boston.

### Smith's Cove W.I.

continued from page 1

drive. This exceeded the record  
of last year, and meant faithful  
work, through snow and rain, on  
the part of our Committee.

A message was read from the Ag-  
ricultural Department of W. I. head-  
quarters, concerning new special  
prizes to be offered to school chil-  
dren for essays and gardens next  
spring. In this matter we missed  
the presence of our former Agricul-  
ture Convenor, now doing distin-  
guished work at headquarters.

As no genius has arisen in our  
midst to take her place, the matter  
was laid over till her return, or un-  
til her advice might be obtained by  
mail.

Pamphlets on the care of infants  
have been distributed by our home  
committee since last meeting. This  
is a good work and needed always  
in some parts of a community. Ser-  
ious mistakes are often made by in-  
telligent parents, merely through  
lack of information and instruction.  
Doctors cannot always give all the  
simple directions needed by inex-  
perienced mothers to meet unex-  
pected emergencies. This is the  
Age of Printing and while vastly  
overdone in many directions print  
is surely a Godsend in such cases as  
cannot always be reached quickly  
by hand and voice.

The Roll-call brought forth some  
poetic offerings; and plans for ren-  
dering our meetings somewhat more  
entertaining in this way instead of  
wholly given over to business, were  
briefly discussed.

After the business, Mrs. McGin-  
nis served the ladies delightfully  
with refreshments in form of After-  
noon Tea and delicious cake of sev-  
eral kinds.

Miss Caroline Jones, left on Tuesday  
for New York. She will visit friends in  
Cambridge before going on to her friend  
Miss Farnham.

Mrs A. R. Turnbull, friends will regret  
to learn is a patient in Digby General  
Hospital, having been admitted on Friday  
last week.

Misses Marion and Phyllis Roop,  
daughters of Mr and Mrs Frank Roop,  
returned on Wednesday, to their studies  
at Edgell School, Windsor. Both are  
fully recovered from operations per-  
formed at Digby Hospital.

Miss Ruby Gibson, of Digby and Rae  
Dugas of Marshalltown, motored to  
Weymouth on Saturday last and called  
on friends in Ashmore.

Mrs Charles Lindstrom left on Tuesday  
on a visit to friends in Boston.

### Gas Spoiled Sleep, Made Her Dizzy

"For years I suffered from gas and  
constipation. Used to get headaches and  
dizzy spells. The first dose of Adierika  
gave me relief. Now I rest well."—Mrs  
B. Brinkley. Just ONE spoonful of Adierika  
relieves gas and that bloated feeling so  
that you can eat and sleep well. Acts on  
BOTH upper and lower bowel and removes  
old waste matter you never thought was  
there. No matter what you tried for your  
stomach, Adierika will surprise you!  
Jones Drug Store.

Richard D. Halliday, 23 Orient St.,  
Arlington, Mass. a foreman at the  
Merrimac Chemical works, passed away  
at the Arlington hospital after a few days  
illness from acute indigestion. He had  
suffered a paralytic shock about a year  
ago. Mr Halliday drove to the hospital in  
his own car for an examination and was  
put right to bed as a patient.

The deceased was born in Somerville,  
Mass. 53 years ago, and went to Bear  
River, N. S. as a child with his people.  
He was educated there and returned to  
Malden 55 years ago. He lived with his  
wife and several relatives in this  
vicinity.

### PROPERTY DAMAGE RUNS INTO THE THOUSANDS

**Huge Seas Swept Over Wharves and Car-  
ried Buildings Out to Sea. Steamer  
Empress Held in Port**

Buildings blown to sea, motor fishing boats wrecked, scallop boats damaged, and lots of minor damage is the toll of the most prolonged and violent gale that whipped the Fundy Coast in years. The wind, blowing moderately at dawn Wednesday morning, increased to gale intensity within a few hours, delaying the steamer Empress two hours. Accompanied by heavy rain the storm raged all day, washing away the snow that meant so much to the farmers and lumbermen. The Empress cancelled the Wednesday trip and did not sail until late Thursday night for Saint John.

At Centreville and Tiverton the storm exacted heavy toll, the motor boats owned by O. Banks and L. Titus at the former fishing village were smashed to pieces at their moorings, and the scallop boats owned by E.M. Robertson Jr., and C. Morton, also at Centreville, suffered minor damage.

The gale at Tiverton was the most violent in years, the waves washing away an abutment and dragging into the sea, a two storey building.

The building, formerly a canning factory, and at one time owned by David Loomer, had been used for storing traps and fishing gear. The building was carried out Petite Passage and collapsed in the "Rip" known as the "Bull". Three fish-houses were also carried out to sea and disappeared in the storm. The gale was very severe in southwestern section of the province, and much damage was done along the Shelburne and Lunenburg coast.

### ROOP'S STORE TO HOLD BLUE TAG SALE

**Splendid Stock of Merchandise  
Marked at Reduced  
Prices in All Lines**

Commencing on Monday, January 30th., B. J. Roop's Store is offering the buying public an exceptional shopping opportunity in the form of a Blue Tag Sale, covering all lines carried in stock. ### Ladies Hospital Aid Monthly Meeting

The monthly meeting of the Ladies Hospital Aid will be held at the Court House on Wednesday afternoon, February 1st. A full attendance is requested.

### Commisson from Minutes of Council Prevents Hearing of Adjustments

The Board of Assessment Appeal met at the Court House, Digby this week to consider applications of persons desiring adjustment of their assessment. No appeals were presented.

The members of the Board are: H. C. Anthony, Bear River; E. C. Bowers, Westport and G. C. Hankinson, Weymouth.

Councillor H. H. Marshall appeared before the Board in accordance with permission granted by the Council in session to appeal from assessments of certain persons in Marshalltown district, placed on the assessment roll and who have no property or for other reason are entitled to relief. Councillor Hillman was also in attendance on a similar errand on behalf of Culloden district. He also had authority from the Council to attend.

Both gentlemen were advised by the chairman of the Board that advice had been received by the Board of Assessment Appeal in regard to their appealing on behalf of their districts and that no mention was made in the minutes of the Council authorizing them to appear. The Board could not therefore, consider their appeals. No explanation is apparent as to how the authority for these councillors to appear before the Appeal Board was omitted from the minutes of the Council. Inquiry into this matter could well be made. It is important that all matters affecting the payment of rates by residents of the municipality be carefully attended to and in this instance it appears that an unfortunate omission from the minutes of the Council prevented an adjustment which would have relieved the Municipality from payment of sums on Highway Rates which it cannot hope to collect.

### Defeat Annapolis By Six to One in Fast and Rough Exhibition

The Red Ravens opened the Western Counties League at Annapolis on Thursday night last, taking the long end of a 6-1 score from the Royals in a rough and tough game of hockey. The Ravens were up to old time tactics, giving their visitors all they had in the heavy work of the game, but in spite of playing seven men the Ravens brought home the bacon. Hyson and Raymond played the defence, with Jones, Daley and Walker on the forward line. Eldridge held the net, and kept out all the Cuckoos but one.

Hyson scored three goals of the six, and Jones, Walker and Daley got one each.

The Ravens showed much better team work than in their first game of the season, with Church Point, and as the scoring shows, the forward line kept up to its place. Walker showed up well substituting for Tupper, who was out of the game with an injured knee.

### Local and Personal

On Sunday next, after the evening service, Miss A. D. Masters will speak in Trinity Parish Hall. Miss Masters comes with the latest news from Honan, China, and will return to that field as soon as the authorities permit. All who are interested in the world movements in Asia should hear her.

Mrs. Paul Yates returned on Monday from a visit to Friends in St. John, having gone over on last Thursday's boat.

The Annual Valentine Supper and Bridge of Digby branch, Victorian Order of Nurses will be held at the home of Mrs. C. E. Dexter, The Elms, Mount St. on Tuesday evening, February 13th. A committee of the organization is already preparing for this event of the social year.

Mrs. Leonard Everett of Victoria Bridge has returned home after spending the past two months in Boston, where she went for medical treatment. Mrs. Everett was met at Warrmouth on her return by Mrs. Frank Wilson, who accompanied her home.

Lloyd McNeill, Marshalltown, delegate from the Digby Central Agricultural Society, left for Amherst on Monday to attend the meeting of the Provincial organization.

The annual Valentine Party of Zelma Rebeckah Lodge will be held at Oddfellows Hall on Monday evening, February 13th. Further notice later.

Mrs. Robert C. Mills, returned on Tuesday from a visit to her home at Springhill Junction.

Messrs Carl Eldridge, Frank Anderson, Mayor T. E. G. Lynch, and W. Saylor attended the Maple Leafs vs. All Nova Scotia game at Halifax on Saturday night.

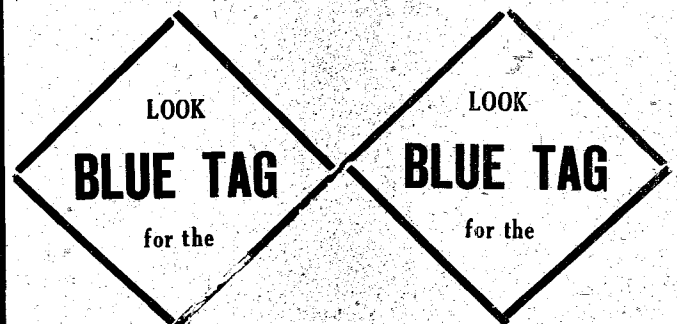

MRS. CLARENCE JAMESON

Formerly Miss Macdonald, R.N., daughter of the late Charles and Mrs. Macdonald, of Alexandria, Ontario.

## M. WEBBER

Digby, N.S.

## Proceedings of the Municipal Council District of Digby January 1928

The Council in and for the Municipality of the District of Digby met at the Court House Digby on Tuesday Jan. 10th. at 2 p.m. present the Warden, Councillors Chisholm, Marshall, Cossaboom, Lent, Pugh, Fitzgerald, Outhouse, Cornwell, Hillman, Hankinson and councillor elect Woodman.

Mr. Woodman was sworn into office, taking the oath of allegiance and of office of Councillor.

The Warden addressed the Council, speaking feelingly of the passing of Councillor W.M. Cossaboom of Smith's Cove, of the loss of the Council of a good and wise Councillor and to the whole County of a public spirited citizen whose place it will be difficult indeed to fill.

The Warden also spoke of the satisfactory development of Hydro and congratulated Councillor Marshall, chairman of the Power Board on the progress and development during the nine months of operation. He also welcomed Councillor Woodman as a new member of the Council.

The minutes of the previous session were read and approved as were also the minutes of the special meeting held Aug. 23rd.

Mr. C.W. McNeice, of Belyea & McNeice read the auditor's report for 1927, which was on motion received and left on the table.

Moved by Councillor Hankinson that Councillor Lent be appointed deputy warden, seconded by Councillor Marshall and passed.

On motion the committee on standing committees was asked to retire and make necessary changes in committees. This was done and their report was as follows: Committee on Matters pertaining to Poor & Harmless Insane, Councillors Lent, Cornwell, Woodman.

Committee on Finance and Public Accounts, Councillors Marshall, Hillman, Cornwell, Lent, Woodman. On motion this report was received and adopted.

Moved by Councillor Marshall that Councillor Pugh be appointed a member of the Hydro Committee, in place of the late Councillor Cossaboom; seconded by Councillor Lent and passed.

Councillor Hankinson read the report of the Committee on Tenders & Public Property, which on motion was received and left on the table. The report of the Keeper of the Alms House was also read and on motion received and left on the table.

The report of Dr. DuVernet, as physician for the Alms House for 1927 was also read and on motion received.

Moved by Councillor Marshall that the application of Dr. DuVernet for position as physician for the jail for 1928 be accepted, seconded by Councillor Hankinson and passed.

On motion the Council adjourned until 10 a.m. Wednesday.

Council met at 10 a.m. Wednesday Jan. 11th, all Councillors present; the Warden in the chair. Minutes of the previous meeting were read and approved.

The report of Dr. F.E. Rice, medical health officer for 1927 was read and on motion received and left on the table.

The application of Rr. Rice for the position of Medical Health Officer for 1928 was read and on motion accepted.

A letter from the Nova Scotia Society for the Prevention of Cruelty was read and on motion referred to the Finance Committee.

A letter from Hon. P.C. Black, Minister of Highways, re bridge at Keen's Crossing was read and on motion left on the table.

Letters from the Minister of National Defence and the Minister of Public Works re Break Water at East Ferry were read and on motion left on the table.

A letter from the Secretary of the Union of Municipalities of Nova

Scotia was read and on motion left on the table:

A card of thanks from Mrs. Wm. Cossaboom and family was read, expressing appreciation for flowers sent. On motion the Clerk and Councillor Hillman were asked to forward a letter of sympathy and condolence to Mrs. Cossaboom and family.

A letter from the Secretary of the National Institute for the Blind was read and on motion referred to the Finance Committee.

An application from Belyea & McNeice for the position as Auditors for 1928 was read and on motion left on the table.

A letter from the Maritime Representative of the Salvation Army was read and on motion referred to the Finance Committee.

A letter from Rev. A.J. Prosser, agent Children's Aid Society was read and on motion left on the table.

Moved by Councillor Hillman that Mrs. Mary Condon be allowed two dollars per week for maintenance, seconded by Councillor Cossaboom; moved in amendment by Councillor Pugh that Mrs. Mary Condon be allowed \$1.75 per week, seconded by Councillor Hankinson; on being put to vote the motion carried.

Mr. McNeice read the report of the Audit for the Digby County Power Board for nine months ending Dec. 31st, 1927, showing the Capital and Current Balance Sheets, the Construction Cost of the Municipality of Digby, Distribution System and Operating Cost and Revenue, and the Operating Statement.

Mr. Campbell read the Superintendent's report for the same period of time; these were received and ordered placed on file.

Councillor Hillman moved a vote of thanks to Councillor Marshall, chairman of the Digby County Power Board; and to Mr. H.J. Campbell, Superintendent; this was seconded by Councillor Hankinson and passed.

Mr. Marshall spoke on the development and growth of Hydro, and read a letter stating that the Provincial Government would aid in the expense of placing cables across Petite and Grand Passages if Hydro is carried to the Islands; and also spoke of the proposed extension into the District of Clare.

Moved by Councillor Marshall that the Warden and Councillor Hillman be appointed delegates to attend the meeting of the Council for the District of Clare on the afternoon of Jan. 12th, seconded by Councillor Hankinson and passed.

Council adjourned until 2 p.m.

Council reassembled at 2 p.m. All Councillors present the Warden in the chair.

On motion Dr. DuVernet and Mr. A.J. Dillon came before the Council as a deputation from the Digby General Hospital, asking for a grant of \$500.00 yearly from the Council. Dr. DuVernet told of the number of patients cared for, in all 240 in the past year, of these 154 were Municipal cases; the cost per patient per day was \$3.44. Mr. Dillon gave a financial statement, telling of sources of revenue and of the expenditures. The Warden thanked these gentlemen and assured them their request would receive consideration.

Moved by Councillor Lent that a grant of \$500.00 be allowed the Digby General Hospital for 1928, seconded by Councillor Pugh and passed.

Moved by Councillor Marshall that the Warden be appointed a member of the Board of Directors of the Digby General Hospital; seconded by Councillor Hankinson and passed.

On motion Rev. A.J. Prosser, agent Children's Aid Society came before the Council, telling of work done and asking for a grant of

Report of Committee on Tenders and Public Property

To the Warden and Councillors of the Municipality of the District of Digby

Gentlemen:

Your Committee on Tenders and Public Property begs leave to present the following report for the year 1927.

COURT HOUSE.

The present Janitor Mr. David Hazleton has been engaged for the year 1928. The salary to remain the same, forty dollars per month.

We had a few repairs such as New Glass put in windows and doors. Your Committee has had more or less trouble with the water supply at the Court House, at times can hardly get water through the pipes. Your Committee has had some of the old Pipes taken out and new put in but now find the cause of trouble is corroded pipes outside the building, and would recommend a new Main pipe from the street to the building.

The piping of the Steam Heating System is badly sagged in several places which needs to be lined up. This sagging is due to supports giving away and badly planned piping, etc. This is a strain on the Boiler which not wise to let it go any longer, as it will cause the tubes to burst and if that occurs will mean a new Boiler.

The orders issued during the year 1927 for Court House Maintenance, not including the Janitor's salary, amounted to \$942.80. The Janitor's salary of \$480.00 per month was paid by the Treasurer, amounting to \$480.00 for the year. Making

\$250.00 for the Society for 1928. Moved by Councillor Pugh that a grant of \$250.00 be allowed the Children's Aid Society for 1928, seconded by Councillor Chisholm, moved, in amendment that the matter be left to the Finance Committee, on being put to vote the motion carried.

On motion the Council resolved into assessment committee, Councillor Pugh taking the chair:

On motion this committee rose to report later.

On motion Council adjourned until 10 a.m. Thursday.

Council met at 10 a.m. Thursday; all Councillors present the Warden in the chair. Minutes of the previous day were read and approved.

On motion Mr. Campbell of the National Institute for the Blind came before the Council telling of work done by the Institute toward giving employment to the adult blind and asking for financial aid from the Municipality to aid in this work. The Warden thanked Mr. Campbell and told him his request would receive consideration.

On motion the Council resolved into assessment committee; Councillor Pugh in the chair.

On motion this committee rose to report later. The Warden resuming the chair:

On motion Mr. Willard Tebo came before the Council, asking for a rebate on the amount agreed by him to be paid for maintenance of Mr. John Mallett at the County Home.

Moved by Councillor Marshall that Mr. Tebo be required to pay \$1.00 per week for Mr. Mallett, this board to be paid quarterly, and from the time that Mr. Mallett entered the Home; seconded by Councillor Hankinson and passed.

Moved by Councillor Hankinson that Belyea & McNeice be appointed auditors for 1928 at \$75.00 per year, the audit to be complete before the first meeting of the Council Jan. 1929; seconded by Councillor Cornwell and passed.

Moved by Councillor Marshall that David Hazleton be appointed Court Constable for 1928, seconded by Councillor Cossaboom and passed.

Moved by Councillor Chisholm that Councillor Pugh be appointed a delegate to attend the meeting of the Council for the District of Clare

continued on page 3

the total amount for Court House Main-  
tenance for year 1927, \$4422.80. You  
voted for year 1927, for this service \$1200.  
00. Your Committee would recommend a  
vote of \$1400.00 for year 1928.

JAIL.

Your Committee had minor repairs to  
Jail building during year, such as Paper-  
ing, and Painting. This being done by  
Inmates of the Jail except the cost of  
material.

The orders issued during the year, not  
including the Jailor's salary, amounted to  
\$1061.67. The Jailor's salary being \$50.00  
per month was paid by the Treasurer,  
making a total amount of \$1061.67, for  
the year owing to three Insurance Policies  
falling due, Premiums amounting to \$270.  
00. Also several prisoners serving long  
sentences during the year.

You voted last year for this service  
\$1000.00. Your Committee would recom-  
mend a vote of \$1200.00 for year 1928.

OUTSIDE POOR.

Your Committee issued orders during  
year for the support of the Poor Outside  
the home, amounting to \$1728.08. You  
voted for this service for year 1927 the  
sum of \$2000.00. Your Committee would  
recommend a vote of \$2500.00 for the year  
1928, as this amount will be decreased  
during the year for the support of some  
children taken over by the Children's Aid  
Society.

ALMS HOUSE.

Your Committee carried out your in-  
structions by having a new covering put  
on the roof of the Home. This was done  
with an Asbestos and Cement shingle,  
bought from the Canadian Johns Man-  
ville Co. of Montreal, after securing  
samples of several different shingles. We  
now feel we have a roof that will last as  
long as the building stands.

We also carried out your instructions  
by having the Home wired for Electric  
lights. The Contract being awarded to  
Gordon Cossaboom at \$5.00 per outlet. This  
is a long felt want realized at last.  
This service was carried out at a total  
cost of \$1935.59. Your Committee would  
recommend an amount to be placed in the  
estimate for the year 1928 to paint the  
buildings and then we would feel that we  
have a home in the Municipality of Digby  
second to none in the Province of Nova  
Scotia.

Orders for \$4317.19 were issued during  
the year 1927 for the Poor and Harmless  
Insane inside the home. You voted for  
this service for the year 1927 \$4500.00.  
Your Committee would recommend a vote  
of \$4500.00 for year 1928.

Your Committee advertised for Tenders  
for supplies, wood and Medical attend-  
ance in two issues of the Digby Courier,  
for the year 1928 and on the 27th day of  
December, 1927 met in the Court House  
at Digby and the Contracts were awarded  
as follows:

Tenders for Flour and Feed, groceries,  
etc were received from A. A. Shortliffe.  
This being the only tender was accepted.

Tender from B. J. Roop for dry Goods,  
etc being the only tender was accepted.  
No Tender was received for Boots and  
Shoes. A. J. Dillon wishing to continue  
for year 1928 at same discount as last  
year.

Tender from Dr. Harris was received  
for Surg. and Medical attendance. This  
being the only tender was accepted.

Tenders for Hard and Soft wood were  
received from J. B. Drew and Isreal  
Winchester. The Tender of J. B. Drew  
being the lowest was accepted.

Your Committee finds during the last  
years the cost per day for inmates includ-  
ing their food, clothing, heat, light,  
medical and other attendance has been  
as follows:

1918	\$0.227
1919	0.203
1920	0.273
1921	0.300
1922	0.282
1923	0.280
1924	0.214
1925	0.209
1926	0.282
1927	0.246

Respectfully submitted E. F. Hankin-  
son

Signed  
W. THOMAS,  
Keeper of Alms House

To Committee on Tenders and Public  
Property

Centlemen:

I beg to report that the same stand-  
ard of efficiency which has characterized  
the management of the Alms House by  
Mr. and Mrs. Thomas has been main-  
tained during the year 1927. I inspected  
the building from time to time and always  
found things cleanly and in good sanitary  
condition. An outbreak of Scarlet Fever  
occurred in the women ward about the  
first of April, how the infection got in re-  
mains a mystery, there were two severe  
cases and several mild ones, but no fatal-  
ities.

There was one birth during the year,  
and five deaths among the old people.

E. DUVERNET M. D.

Navigable Waters Pro-  
tection Act

R. S. C. CHAPTER 115

EDWARD LLOYD LIMITED, a  
body corporate with its Head Office and  
principal place of business at 4-7, Salis-  
bury Court, Fleet Street, City of Lon-  
don, England, hereby gives notice that it  
has, under Section 7 of the said Act, ap-  
pointed by the Minister of Public Works  
at Ottawa and in the Office of the Regis-  
try of Deeds for the County of Digby,  
Nova Scotia, at the village of Weymouth  
a description of the site and plans of  
said County of Digby on lands owned by  
said Edward Lloyd Limited and situate  
on the right bank of the Sissiboo River  
near its mouth and on the said village of  
North Weymouth; the said works being a  
wharf or pier (known as the Campbell  
Lock) which was completely constructed  
prior to the 1st day of January, 1918.

AND TAKE NOTICE that, after the  
expiration of one month from the date of  
the first publication of this notice, said  
Edward Lloyd Limited will, under Sec-  
tion 7 of the said Act, apply to the Min-  
ister of Public Works at the Office in the  
City of Ottawa, for approval of the said  
site and plans and for approval of the  
said works so constructed.

Moved by Councillor Hillman  
that Heber Small be refunded \$2.24  
on 1927 rates, seconded by Councillor  
Cornwell and passed.

On motion this committee rose to  
report later.

On motion Council adjourned  
till 10 a.m. Friday.

Council met at 10 a.m. Friday  
Jan. 13th. All Councillors present,  
the Warden in the chair. Minutes  
of the previous day were read and  
approved.

On motion the finance committee  
hold a sitting, also the committee  
on matters pertaining to the Poor  
and Harmless Insane.

On motion both these committees  
rose to report later.

On motion the Council adjourned  
until 2 p.m.

Council reassembled at 2 p.m. all  
present, the Warden in the chair.

On motion Mr. P. W. Holdsworth  
came before the Council, speaking  
on the question of the Council  
granting a bounty on bears and on  
wildcats.

Moved by Councillor Lent that  
this question be left on the table  
until May; seconded by Councillor

Outhouse. Moved in amendment  
by Councillor Fitzgerald that this  
question be settled now seconded  
by Councillor Marshall on being  
put to vote the amendment carried.

After further discussion it was  
moved by Councillor Chisholm that  
in view of the fact that the Provincial  
Government intend establishing  
a game sanctuary in this County,  
the question of bounty be left  
until such time as it is known what  
steps the Government intend taking  
in the matter of the eliminating  
of bears and wild cats, seconded  
by Councillor Marshall and passed.

On motion the committees on  
finance and on matters pertaining  
to the Poor and Harmless Insane  
have leave to hold sittings.

On motion the finance committee  
rose to report later.

On motion the committee on  
matters pertaining to the Poor and  
Harmless Insane rose, and Councillor  
Fitzgerald read their report,  
which on motion was received.

On motion the Council resolved  
into Road & Bridge committee,  
Councillor Lent taking the chair.

This committee rose and Councillor  
Outhouse read their report,  
which was as follows: "We your  
committee on Roads and Bridges  
recommend that Joseph O'Brien,  
Charles Savary and Wallace Berry  
be included in road district No. 7,  
Hillsburgh for purposes of the Road  
Act, on motion this was received  
and adopted.

Moved by Councillor Hankinson  
that the Bank of Nova Scotia is  
authorized to charge any coupons  
of the Municipality presented for  
payment to the current account of  
the Municipality, these to be covered  
later by the Municipality's  
cheque, seconded by Councillor  
Chisholm and passed.

The question of the appointing  
of an overassessor was then discussed,  
each Councillor giving his  
opinion, no action was taken.

On motion the Council adjourned  
until 9.30 a.m. Saturday.

Council met at 9.30 a.m. Saturday  
the 14th Jan'y. All Councillors  
present; the Warden in the chair.  
Minutes of the previous  
day were read and approved.

Moved by Councillor Hillman  
that no overassessor be appointed,  
seconded by Councillor Cornwell  
and passed.

Moved by Councillor Hankinson  
that the bill of Lawrence Post at  
the Nova Scotia Hospital be left  
with Councillor Hillman, he to report  
on this matter at the May  
meeting of the Council, seconded  
by Councillor Chisholm and passed.

Moved by Councillor Chisholm  
that the auditors report as read  
be accepted, seconded by Councillor  
Woodman and passed.

Moved by Councillor Pugh that  
one dollar and mileage at the rate of  
five cents for distance travelled be  
allowed the Fire Wards for each  
meeting, seconded by Councillor  
Chisholm and passed.

The following resolution was  
moved by Councillor Lent seconded  
by Councillor Outhouse and  
passed. "RESOLVED that in the  
opinion of the Council of the  
Municipality of the District of  
Digby the Federal Government of  
Canada should take over and pay  
all Municipal indebtedness in Nova  
Scotia incurred because of assistance  
to those railways now forming  
part of the Canadian National  
Railways owned by the said Government."

Moved by Councillor Lent that  
the list of officers for the year for  
Hillsburgh, Brighton, Sandy Cove  
Freepoint, Westport, Weymouth  
North, Tiverton, Rossway, Smith's  
Cove, Plympton, Culloden, and  
Weymouth be received and adopted,  
seconded by Councillor Chisholm  
and passed.

Moved by Councillor Hillman  
that Councillor Marshall be appointed  
member of the Digby  
County Power Board for the Municipality,  
seconded by Councillor  
Hankinson and passed.

On motion the finance committee  
hold a sitting. This committee  
rose and Councillor Hillman read

## Quebec Dog Derby is Big Winter Event

February 20-22 will be the high  
light of the Quebec Winter sports  
when the Eastern International Dog-  
Sled Derby will be run over a course  
of 120 miles, which will take three  
days to complete. World-famous  
drivers such as L. Sepalla, E. St.  
Goddard, G. Chevrete, and eleven  
others took part last year, among  
them being Paddy Nolan, the five-  
year-old boy musher, who put up a  
sterling battle and was only de-  
feated by bad luck. Winner gets a  
purse of \$1,000 and custody for one  
year of the handsome gold cup.  
Last year the winner was St. God-  
dard.

The season lasts three months,  
from the end of December, and there  
are winter sports galore, including  
ski-ing, ski-joring, tobogganing, bob-  
sledding, skating, snow-shoeing,  
curling, hockey, and runs to places  
of interest in dog sleds. Manned  
balls, and outstanding events in the  
winter sport world are further fea-  
tures of the season, and all are with-

in easy reach or even just outside  
the Chateau Frontenac, one of the  
finest hosteries in America.  
Quebec is a colorful and romantic  
city and the quaint narrow streets  
are most delightful in winter when  
the picturesque buildings emerge  
from huge drifts of snow. Many  
of the cars and wagons are brilliant  
reds, yellows or blues, and houses  
are often equally gay. Bob-sledding  
on the old city walls is one of the  
romantic sports, and skiing over the  
Plains of Abraham where memorable  
battles were fought, is another.

Then, too, the triple-track toboggan  
slide is one of the fastest in the  
world.  
During the winter sports' season  
the Chateau Frontenac is the center  
of all gaiety, everything radiating  
from there. It is a tiny village  
within itself where the inhabitants  
are on pleasure bent, and those who  
seek, will find keen enjoyment in the  
winter sports and festivities. Que-  
bec with its old world atmosphere,  
its buildings of antiquity and its  
leisurely ways will lure one, after a  
first visit, time and time again.

their report which on motion was  
accepted.

The following resolution was  
moved by Councillor Hillman,  
seconded by Councillor Hankinson  
and passed.

"Whereas the Local Government  
has taken over the roads and bridges  
of the Province. Therefore be it  
Resolved that it is the opinion of  
this Council that the salary of the  
Keepers of the draw bridges of  
this Municipality should be paid by  
the Provincial Treasurer" and  
that a copy of this resolution be  
sent to the member of the County  
and the Minister of Highways.

Moved by Councillor Hankinson  
that the rate for 1928 be 3 per

cent, seconded by Councillor Hill-  
man.

Moved in amendment by Coun-  
cillor Chisholm that the rate be  
3 1/2 per cent, seconded by Coun-  
cillor Pugh on being put to vote  
the motion carried.

Moved by Councillor Lent that  
the same three members of the  
Board of assessment revision and  
appeal be re-elected, seconded by  
Councillor Chisholm; moved in  
amendment by Councillor Hill-  
man that these nominations be  
made individually, seconded by  
Councillor Woodman and amend-  
ment carried.

Moved by Councillor Lent that  
G. C. Hankinson be a member of

this Board, seconded by Coun-  
cillor Cossaboom and passed.

Moved by Councillor Pugh that  
H. B. Bowers be a member of  
this Board, seconded by Coun-  
cillor Marshall and passed.

Moved by Councillor Woodman  
that A. J. Cornwall be a member  
of this Board, seconded by Coun-  
cillor Hillman; moved in amend-  
ment by Councillor Marshall that H. C.  
Anthony be the third member of  
the Board, seconded by Councillor  
Pugh and amendment passed.

On motion Council resolved into  
assessment committee Councillor  
Pugh taking the chair.

On motion this committee rose  
and Councillor Hillman read their

report, which was on motion accept-  
ed.

Moved by Councillor Marshall  
that bills for attendance at meetings  
of Hydro committee be paid by the  
Treasurer on the authorization of  
the Secretary of this committee and  
one other member, and the expense  
be charged to Hydro distribution,  
seconded by Councillor Hillman  
and passed.

Moved by Councillor Marshall  
that the Digby County Power  
Board pay to the Municipality from  
funds collected, semi annually, in  
February and September, the  
amount of coupon interests due on  
Distribution Loan, seconded by  
Councillor Hankinson and passed.

On motion Councillor Hillman  
was appointed to arrange with the  
Clerk for the printing of the pro-  
ceedings of the Council in the  
Courier.

Moved by Councillor Hillman  
that this Council approve the  
appointment of a deputy clerk,  
such appointment to be left with  
the Clerk, seconded by Councillor  
Woodman and passed.

Moved by Councillor Hankinson  
that a bonus of one hundred dollars  
be allowed the Clerk for 1928, seconded  
by Councillor Woodman and  
passed.

Moved by Councillor Marshall  
that the by-law committee arrange  
the preparation of by-laws dealing  
with Hydro Distribution and re-  
port at the May meeting of the  
Council, seconded by Councillor  
Chisholm and passed.

On the number of days present  
and distances travelled being read  
the following were ordered paid:  
The Warden \$5-13 \$26.30; Council-  
lors: Chisholm \$5-11 \$26.10, Mar-  
shall \$5 \$25.00; Cossaboom \$5-16  
\$26.60; Cornwell \$5-8 \$25.80;  
Fitzgerald \$5-22 \$27.20; Hankin-  
son \$5-22 \$27.20, Hillman \$5-4  
\$25.40; Outhouse \$5-30 \$28.00;  
Outhouse \$5-30 \$28.00; Woodman  
\$5-5 \$25.50; Lent \$6-40, 2 ferrys  
\$34.50; Pugh \$6-42, 4 ferrys \$35.20

Minutes of this meeting were  
read and approved.

With the singing of the National  
Anthem the Council adjourned,  
sine die.

### Report of Assessment Com- mittee

Frank Gates	42.50
Fred Morhouse	4
Sydney Dighton	4
Carman Nae	41.50
Ernest Hains	32.00

## Keep youth longer!

## cleanse the system of poisons

Two of the great enemies to youth  
and vitality are delayed elimination  
and intestinal poisons. To keep your-  
self free from both these common diffi-  
culties will help you to stay young.  
With the use of Nujol you can do it  
too. For Nujol has a peculiar affinity  
for body poisons. Absorbs them and  
carries them off, because Nujol can't  
be absorbed by the body. Nujol also  
softens the waste matter and brings  
about normal evacuation. It is harm-  
less, contains no drugs or poisons.  
Perfectly safe. The Chemical Products  
Division of the Standard Oil Company  
of New Jersey.

You can take Nujol with perfect safety  
under any conditions. It won't cause  
griping pains, or affect the stom-  
ach or kidneys. Make sure you get the  
genuine. Look for the Nujol bottle  
with the label on the back that you can  
read right through the bottle. Don't  
delay, get Nujol today.

## Gas in the Stomach Hurts the Heart

Gas Pressure from a Sour, Acid, Upset  
Stomach is not only highly uncomfortable  
but some day may prove fatal!

When your meals are followed by bloar-  
ing, a feeling of fullness and pains around  
the Heart, you may be sure that  
STOMACH GAS is troubling and crowding  
upwards. That's the reason for the short-  
ness of breath and sharp shooting pains.  
To quickly banish this Gas, neutralize  
the acidity and cleanse the system, the  
simple use of Bismarck Magnesia (powder  
or tablets), which gives almost instant  
relief, pleasant, harmless and inexpensive.  
Bismarck Magnesia has been used and  
recommended by Doctors and Druggists  
for more than fifteen years. Any good  
druggist can supply you - try it today!

### LESSON No. 20

Question: Why is emul-  
sified cod-liver oil so  
very helpful as a vitamin-  
food for expectant and  
nursing mothers?

Answer: Because it  
provides an easily assimilated  
food rich in the  
essential vitamin that aids  
in building strong bones  
and good teeth.

Take pure, wholesome,  
pleasantly flavored

SCOTT'S EMULSION

Moved by Councillor Hillman  
that Councillor Marshall be appointed  
member of the Digby  
County Power Board for the Municipality,  
seconded by Councillor  
Hankinson and passed.

## Fainted the King

This is Richard Jack, R.A., who made King George sit still for 6 periods of 20 minutes each while he painted His Majesty's portrait. The artist's daughter, Doris, prefers the humble camera. Both posed two seconds on the 'Carnegie' liner Aurora, on which they came to Canada. Mr. Jack, it is said, will paint the Governor-General's portrait and perhaps one of President Coolidge.

## Culloden

Lloyd Campbell, Douglas Campbell and Oscar Stark left for Boston on Tuesday.

James Trohon of Digby spent a few days last week with Mr. and Mrs. Wilfred Murphy.

Emdon Stark of the steamer Disco spent Sunday at his home here.

E. C. VanTassel of Mt. Pleasant was in this place on Monday to see his brother who is very ill.

Roy Middleton, Louis Campbell and Angus Handsaker were passengers to Boston on Friday.

A number of the young folk of this place spent Wednesday evening at the home of Crawford VanTassel, Mt. Pleasant listening to the radio.

## Acaciaville

Miss Doris Goldsmith spent a few days last week in Digby, the guest of Mrs. McPhee.

Jack Franklin left on Tuesday for a trip to Boston.

A number from here attended a party at the home of Mr. and Mrs. Ben. Franklin on Saturday night.

A birthday Surprise Party was given to Basil Porter on Wednesday night. The usual round of games and music were much enjoyed by all. Refreshments of candy and cake were served. All united in wishing many more happy birthdays.

Mrs. Eliza McKay is confined to the house with an attack of rheumatism.

R. A. Bell and B. M. Goldsmith are also on the sick list. Hope to see them better soon.

## IN MEMORIAM

In loving memory of the late Lucy Jane Sillit, beloved daughter of Isabella Haight and Alveretta Haight, who passed away at her home in Rossway, Digby Co., N.S., January 21st, 1927.

She has gone but how we miss her  
'Tis in the land where she should go  
And on this earth she suffered so.

She was good and how we loved her  
We tried our best to make her well  
But 'twas the will of God our maker  
That she should go with him to dwell.

Five long months she bore up bravely  
Stood her suffering with a smile,  
She had her share of this world's sorrow  
But brave and courageous all the while.

We would love to have you with us  
But our Father He knew best  
You have earned your place in Heaven  
In that land of Love and Rest.

There's no sorrow in that land dear  
And your trials of life are o'er  
Now you've gone to meet your loved ones  
On that bright and happy Shore.

When our work in life is over  
And of sorrow we've had our share,  
And our Heavenly Father wills it  
Dearly Lucy we'll meet you there.

Interred by her bereaved parents,  
brothers and sisters.

On Wednesday evening, Feb. 1st a number of finely coloured lantern slides will be shown in Grace United Church Hall. These will deal with scenes and customs in India, and will be well worth seeing. A silver collection will be taken. They will also be shown at Mt. Pleasant, Friday, Feb. 3rd., at Smith's Cove, Mon. Feb. 6th., and at Bay View Tues. Feb. 7th.

## FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

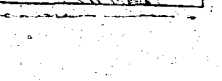

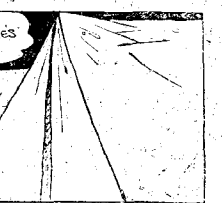

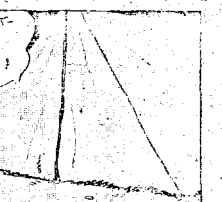

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Weyth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray disappears, but what delights the ladies with Weyth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

## Clean Kidneys By Drinking Lots of Water

Take Salts to Flush Kidneys if Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with water and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders. Jad Salts can not injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.

## THE LADY STRATEGIST.

A Case In Which the Longest Way Around Was the Shortest Way Home.

"HARK," she said, rushing back to the ticket window, "this dollar you gave me in change is counterfeit."

"Upon me, but I didn't give you a dollar in change."

"Yes, you did. I bought a ticket here at two minutes ago, and you changed a five dollar bill for me. It was all the money I had, so I couldn't have got this dollar any other way."

"You should have examined your change when it was handed to you. I can't make any correction now."

"I shan't budge from this window till you give me a good dollar for the bad one you tried to pass upon me."

"Let me see it."

"There."

"Why, this is a perfectly good bill. Here is another. I'm not afraid of it."

"No, I won't touch this bill. It's torn. Give me a new one."

"I'm sorry, but if you don't want that bill I'll have to give you your change in nickels."

"Thank you," she said, after counting the pieces of coin. "I wanted a dollar's worth of nickels, but I knew you wouldn't have that many if I asked for them in the first place."—Chicago Record-Herald.

## Can You Match Her?

"Was Charlie Spink whom Mabel said she'd marry if he went to war, wasn't it?"

"Yes."

"Did he serve?"

"Oh, yes. He said he'd prove he was a hero at any cost."

"Was Mabel surprised?"

"Very much so. She was sorry too."

"What did she do?"

"She wrote him a nice note saying that she didn't want him to go to war, and she regretted she had asked him to make such a sacrifice, because, anyway, she had just made up her mind to marry Tommy Green."—Cleveland Plain Dealer.

## What Could She Say?

Mrs. Valash (in Chicago)—John, I thought I heard a woman's voice at the door last night when you were having trouble opening it with your night key. Mr. Wabash—Yes, dear, you did.

"But, John, what did that mean?"

"Why, dear, you see the woman you heard talking was the fellowwoman who brought me home."—Yonkers Statesman.

## Puzzling Out Grandpa's Age.

Little Mary was sitting on her grandfather's knee one day, and after looking at him intently for a time, she said:

"Grandpa, were you in the ark?"

"Certainly I was," answered the astonished old gentleman.

"Then why weren't you drowned?"—London Standard.

## An Efficiency Test.

"The head of our concern decided to have everybody undergo an efficiency examination and apportion the jobs accordingly."

"How did it turn out?"

"The office boy won the manager's job, and the manager couldn't pass at all."—Louisville Courier-Journal.

## Rival Ambitions.

"What are you going to do when you grow up?"

"I haven't made up my mind," replied the small boy. "I'd like to be a good bridge engineer like my mother, and then, again, I'd like to be a champion tango dancer like father."—Washington Star.

## Nothing but Feathers.

"Have you seen 'Fine Feathers'?"

"What do you mean?"

"It's a play, a drama that you see at the theater."

"I've seen some fine feathers at the theaters for years. I generally get behind one."—Kansas City Journal.

## Similar Situation.

Arthur—Bertie says it costs him no more to live now than it did ten years ago.

Egbert—He's quite right. He was living on his father then, and now he's living on his father-in-law.—Philadelphia Bulletin.

## A Mistaken Raid.

"They fooled some cops the other evening at a tango dance tonight."

"How did they fool them?"

"Told 'em they had better ride the hell as a lot of dips were getting in their work."—Baltimore American.

## Appearances.

"Biggles is doing his best to appear youthful."

"Dyes his mustache and wears a toupee?"

"No. Puts on outing clothes and tries to look like a boy scout."

## Almost.

Freshy—Professor, is it ever possible to take the greater from the less?

Professor—There is a pretty close approach to it, when a conch is taken out of a freshman.—Philadelphia Ledger.

## Next Mover?

He—Since you love that bet I think I can claim the forfeit.

She—I really don't know what you mean. And, besides, some one might see us.—Yale Record.

## A Cruel World.

"Few of us get credit for our effort."

"True, I spent most of yesterday afternoon in an effort to get credit for a month's supply of credit."—Burlington Express.

## CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostril will open, the air passages of your head will clear, and you can breathe freely. No more hacking, snuffing, sneezing, headache, dizziness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Fly's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—relief comes so quickly.

## NOTICE

Dr. W. F. Wright's lecture on Africa will be given in the Green Lantern Hall on Monday evening, Jan. 30th at eight o'clock. Tickets Adults 35c, Children 25c, the proceeds for the Memorial Fund.

The committee in charge earnestly solicit the patronage of the public as this lecture promises to be most interesting. Dr. Wright having travelled extensively in Africa for three years, and the object to which the proceeds are to be devoted, should certainly receive the cordial support of all our citizens.

## SCOUT NOTES

At the last meeting William Kempton was received into the Peewit Patrol and John Sullivan was admitted to the Beavers.

At the Horseshoe ceremony Harold Shaw was promoted from Patrol Leader of the Peewits to the position of Assistant Scoutmaster and his place was taken by Edwin Kewton who now leads the Peewits.

A complete and interesting account was given of both Beavers and Peewits and each member of both patrols had something to say about the life or habits of the animal for which their patrol is named.

## Bear River Secures Continuous Telephone Service

For several years the citizens of this town and vicinity have been trying to secure a continuous telephone service as our Sundays and holidays they were often greatly inconvenienced.

The new service came into operation on Sunday last, and will doubtless be greatly appreciated by telephone subscribers and by our summer tourists, many of whom considered the lack of continuous telephone communications with outside places a serious drawback to their interests while in Bear River.

## Local and Personal

Mrs. Walter M. Romans left for Halifax on Saturday, to visit her brother Rev. Frank Milligan.

The new officers of St. Thomas Lodge, 130 O. F. Weymouth were installed on Monday evening by P. D. D. G. M. O. A. Isnor of Bear River.

Dr. L. Roop went to Halifax on Tuesday for a short visit.

Mr. and Mrs. S. A. Stevens are receiving congratulations on the birth of a son, James Alfred, on Jan. 12th at the Robinson Memorial Hospital, Brookline, Mass.

On Monday morning, Joseph LeBlanc

## EXPECTANT MOTHERS

Read Mrs. Menard's Letter. Her Experience May Help

Chatham, Ontario.—"I want to tell you how much good your medicine has done me. Before my baby came I felt so weak and run-down that I could hardly do my work. My head ached continually and I was so discouraged that I could cry from morning till night. I had another baby just one year and a half old and it gave me a lot to do. So I thought I would try Lydia E. Pinkham's Vegetable Compound, as I had read so much about it in the little books. I found a difference right away as my head was relieved and my tired feelings gone. My sister had been doing my washing and she continued doing it, as she said it might set me back if I started to do it again. It sure did help me and I had taken just two bottles when my baby came. He is a fine big boy, now nearly five months old. I am taking your medicine again and I am able to do my work all by myself now. I always recommend the Vegetable Compound to women, and especially to expectant mothers, as I believe they need help at those times."—Mrs. OLIVER MENARD, 24 Harvey St., Chatham, Ontario.

## Her Kidney Trouble Quickly Disappeared

### Ontario Lady Tells of Benefit Derived from Dodd's Kidney Pills

Miss E. Hannah Always Keeps Dodd's Kidney Pills in the House

Belleville, Ont., January 23 (Special). "I had a terrible backache," writes Miss E. Hannah, 100 South John St., Belleville. "I went to my Drug Store and got a box of Dodd's Kidney Pills. Before I had taken the whole box my back was better. From now on I keep a box of Dodd's Kidney Pills in the house. I find they help me wonderfully."

The reason Dodd's Kidney Pills have come to occupy such a prominent place in the house is that so many ordinary everyday ills come from sick kidneys.

Rheumatism, urinary troubles, backaches and heart disease can be traced directly or indirectly to sick kidneys. To be assured of good health the kidneys must be kept in good working order all the time.

Dodd's Kidney Pills can be obtained from Druggists everywhere, or The Dodd's Medicine Co., Ltd., Toronto, Ont.

### Death of Ramie Beaudro at New Tuskot

The death occurred on Thursday Jan. 19th., of Ramie Beaudro at the home of his daughter, Mrs. Frank Coudey. He had been ill only a few days with pneumonia, and kidney trouble. His wife predeceased him only fifteen days. He is survived by four sons and three daughters. Interment was in the R. C. cemetery, services conducted by Father LeBlanc.

Timothy Beaudro who came from Boston to attend the funeral of his father Ramie Beaudro returned home on Tuesday.

### New Tuskot

Mr. Stephen Sabean is spending some time with his daughter Mrs. Stephen Mullen who is ill.

Mrs. Herbert Sabean and Mrs. Ellsworth Green celebrated their birthday at the home of the former on Monday Jan. 23rd. We wish them many more years of health.

Sorry to report Mrs. H. R. Mullen ill at time of writing.

**AFTER ALL**

## Southville

Adolph LeBlanc and Willie Ameriault of New Edinburgh who are working in the woods here spent the week end at their home.

Charles Gaudette and Gordon Prime of New Tuskot who are employed at R. Taylors mill here, spent the week end with their parents.

Mrs. Florence Maunier of Hassett spent the week end with her mother, Mrs. Leslie Pierce.

Miss Marie Gaudette entertained the young folks of Southville at her home on Tuesday evening last. All reported a nice time.

Miss Flora Steele entertained the young folks of Southville at her home on Thursday evening last. A very enjoyable evening was spent by all. She also entertained a few of the young folks on Saturday evening. The evening was spent in playing Pitt.

Durward Abbot who has been visiting his Aunt, Mrs. H. Steele has returned to his home in Marshalltown.

Charlie Gaudette of Belleville Cove spent a few days in this place.

In these days of high cost of living it is good to know that there is at least one thing for which you do not pay too much. That thing is a package of MORSE'S TEA. There is probably nothing you buy in the line of food products that is better value for the money than MORSE'S TEA.

## Tiverton

Mrs. Stephen E. Outhouse has returned from her visit at Freeport.

Earle Outhouse, has returned from the Hospital at Yarmouth.

Miss Marion Clifford, teacher at Lake Midway, attended the funeral of her Uncle, the late Henry Outhouse on Jan. 18th.

Hubert Osminger, has gone to Yarmouth for medical treatment.

## Sandy Cove

The Whist Club met at the home of Mr. and Mrs. C. Saunders last Friday evening. A large number was present and a very enjoyable evening was spent. First prizes were awarded Mrs. Ingram Saunders and Arnold Morehouse. Consolation by Mrs. Frank Saunders and Warren Crowell.

Mr. and Mrs. Reg. Sypher spent the week end with Mr. and Mrs. George Morrell at Digby.

Barbara Crowell youngest daughter of Mr. and Mrs. Wm. Crowell, and Ray Stanton of East Ferry went to Digby on Jan. 19th and were recently married at the Baptist parsonage by Rev. Bishop. She was accompanied by her sister, Mrs. Hugh Morehouse.

## Deep Brook

Miss Janet Gregg of St. John was a recent guest of her sister Mrs. Ernest Purdy.

Rev. and Mrs. W. G. Hiseler returned on Friday from Halifax where they had accompanied the remains and attended the funeral service of Mrs. Hiseler's mother.

Mrs. Melbourn Purdy of Clementsport spent a few days of last week guest of Mrs. B. H. A. Rice.

Miss Margaret McClelland R. N. left here on Tuesday of last week for Boston.

after a pleasant month spent with her parents, Mr. and Mrs. J. F. McClelland.

Miss Ethel Clayborne returned home from Halifax last week where she had been spending the holiday season with relatives.

Miss Ada Rice is spending a few weeks with Mrs. James Dimtriss.

The many friends of Mr. and Mrs. W. E. Spurr will be glad to know that Mrs. Spurr is making a good recovery from her very serious illness of last summer. She is at the N. S. Sanatorium Kentville for the winter.

The death occurred on Monday Jan. 16 at the home of her daughter, Mrs. W. G.

Hiseler, Deep Brook, of Mrs. Margaret E. Noonan age 68 years, wife of the late Jesse J. Noonan of Halifax. Her death came very suddenly although she had been an invalid for the last two years. The funeral service took place at the home of her daughter Mrs. S. M. Zinck of Halifax, on Thursday Jan. 19th conducted by Rev. F. B. Dufrenoy, of the West End Baptist Church, assisted by Rev. W. D. Wilson of the Central Baptist Church. She is survived by four sons and two daughters, also two sisters and one brother.

# The NEW CAR

You will like its  
Fine Appearance.  
and marvel at  
its Performance.

The TUDOR SEDAN

Ridney comfort with tastefully selected appointments. Substantial coach work. Doors of liberal width with remote door latch. Complete equipment. Two color finish with choice of several colors.

Graceful body lines; a rich, lustrous finish, full crown fenders; full nickeled, acorn design headlamps and radiator shell — this is the New Car that will win your instant approval. But more important than all externals are its remarkable road qualities. Low-hung weight, positive steering control, instant acceleration and a balanced motor give

performance to a degree hitherto unknown in the light car field. To achieve this, quality in materials, practical design and manufacturing processes have been developed to an unprecedented degree. No worthy feature that contributes to exceptional power, flexibility and comfort has been omitted, including four-wheel brakes and hydraulic shock absorbers.

THE FORD MOTOR COMPANY OF CANADA LIMITED FORD ONT.

## "PERSON-TO-PERSON" LONG DISTANCE CALLS

When you ask the long distance operator to get a particular person in an exchange outside of Nova Scotia, and connection is established and you talk with the person called, the "Person-to-Person" rate applies.

This service requires a greater amount of operating effort and more circuit time than "Station-to-Station" service, because a particular person must be brought to the telephone before you can talk. The rate for such calls is about one-fourth greater than the "Station-to-Station" rate.

"Person-to-Person" service is the only class of service furnished for business between points within this province.

Again, when the calling party, in placing a call, names a specified time at which he wants to talk and the conversation takes place accordingly, the "Appointment" rate applies. Additional operating labor and circuit time have been required to make the appointment.

The "Appointment" rate is about one-half greater than the "Station-to-Station" rate.

If there is anything about our rates and practices you do not understand please call our nearest office for an explanation.

**MARITIME TELEGRAPH & TELEPHONE COMPANY LIMITED**

Do not be deceived—Insist firmly on getting "SALADA" Tea—No other tea has the same fragrance or flavour or is of the same value—Beware of dust and siftings in bulk tea—At all grocers—75c to \$1.05 per pound—black, green or mixed.

# "SALADA" TEA

## Here and There

**Saint John**—Almost 200 new Danish colonists were added to the settlement of New Denmark in the course of the past year, and the population of the colony is now 800. Colonists are prospering and a further increase in activity is expected in 1928.

**Morris Ackerman**, acknowledged as one of the young authorities on fishing and hunting on this continent, urges protection and a close season for Great Northern pike, grey trout and dore in Ontario and reduction of number allowed to be caught in a day below the figure of four specimens now permitted. Otherwise depletion will cause heavy loss in diminished tourist traffic.

**French-Canadian folk** songs are becoming more and more popular as was shown by the recent recital at the Jacob Sleppey Hall, Boston, addressed by J. Murray Gibson and illustrated by Charles Marchand, well-known singer of French-Canadian songs. Boston University students and many members of the Canadian Club and of Boston Musical societies attended the recital.

**Ottawa**—A shipment of six bacon type pure-bred swine from Canadian farms to New Zealand has recently been made. Three of the hogs were Canadian type Berkshires from Ridgeway, Ontario, and were prize winners at the Royal Fair. The other three were Tamworths from Ontario and Quebec breeders. This is the first year that hogs have been imported into New Zealand from North America since 1916. Other shipments are expected to follow shortly.

The annual dog-racing classic—the Eastern International Dog-Sled Derby—will again be run in Quebec City, February 20-22 next under the auspices of the Winter Sports association of that city. It will cover 120 miles in the three days and already some of the best known mushers in the United States and Canada are entered for the race which carries a cash prize of \$1,000 and custody for a year of a handsome gold cup.

**Calgary**—More than \$500,000 worth of cattle from the farms of the province of Alberta were exported to the United States between July 1st and November 30, 1927, according to the report of the American Consul at Calgary. The shipments include some 12,000 head, comprising stockers, feeders and butcher cattle. The American market at the present time are very inviting to stockmen in Western Canada and shipments have shown greater activity during the last six months than in any similar period since 1922.

**Canadian Pacific Express**, railway and steamships and finally an airplane were employed to carry two boxes of roses from Brantford, Ont. to Paris, France as a gift at Christmas. They were sent by Lt.-Col. J. B. Maclean of Toronto to Princess Carolyn de Faucigny-Lucinge and to Countess Odon de Lubeac and only the heavy snowfall that swept Great Britain at that time prevented them from being placed on these ladies' breakfast tables on Christmas morning. As it was, they arrived two days later, as fresh as though they had just been plucked.

**WOOD'S PHOSPHORINE.**  
The Great English Preparation.

Upper left: Ice Palace erected at Lachine, on the occasion of the 1927 Carnival; upper right: The Montagnard of Lewiston, Me., first ladies' snowshoe club to join the Federation of the Canadian and American Clubs; Centre: Mr. C. H. Lalonde, President of the Snowshoers' Convention Committee of 1928; Lower left: One of the clubs to take part in the Snowshoers' Convention which will be held in Montreal; lower right: Snowshoers' parade.

The Annual Convention of Canadian and American snowshoers will be held this year in Montreal on the 3-4-5 and 6th of February. Some 2,500 members of Canadian and American Clubs will attend the Convention and take part in costume in the big parade which is a yearly feature. The city of Montreal has issued a special invitation to the snowshoers and the General Committee of the Convention, presided over by C. H. Lalonde, has prepared an attractive program of receptions and sports.

On Friday, February 3, the outside snowshoers making the journey to Montreal on snowshoes will be received officially and will be presented with special diplomas. Some of the snowshoers will have travelled over a hundred miles on foot. At night, the Queen of the Carnival will be crowned.

On Saturday morning the snowshoers from the United States and different Canadian points will arrive in special trains, the majority of them travelling over the lines of the Canadian National Railways. At the station they will form ranks and headed by their respective bands and buglers will parade to the City Hall where His Honor Mayor Martin will present them with the keys of the city.

The snowshoe races for the championship of the world, including the

## OBITUARY

### HENRY OUTHOUSE

The little village of Tiverton was saddened on Monday morning, Jan. 16th, to learn that another good citizen had finished the fight and gone to his rest.

Although he had suffered with heart trouble for a number of years, yet his death was sudden and unexpected.

He retired about eleven o'clock Sunday night, feeling the same as usual, but in a short time, without warning, the beginning of the end came, the heart having become too weak to maintain the fight any longer he passed quietly away.

He was at the home of his daughter, Mr. Atwood Outhouse, where everything possible was done to save him, but the end came.

The call for Henry indeed came suddenly and unexpected, yet he was ready to meet his Pilot face to face, unashamed and unafraid.

He was a member of K. O. T. M. and I. O. O. F. Lodges, and in religion a Baptist, where he will live a long time in the affection of its members. He shall always be remembered as one who has been steadfast, immovable, always abounding in the work of the Lord.

All who knew him loved him. He made those about him happy with his kind and good disposition, and a life like this in any community makes a potent impression, and that life has gone on to a greater and higher service. "Well done thou good and faithful servant."

Funeral took place from the Baptist Church on Wednesday at 2.30 p. m. and conducted by Rev. P. Hamilton in his impressive and comforting manner. This was followed by the Oddfellows service, Noble Grand, Charles Howard and Chaplain, Merrill Outhouse officiating.

Beautiful flowers from loving friends were laid on the casket.

The body was placed beside his wife who predeceased him three years ago.

Thus tribute was paid to one whose many years with us had won respect and admiration for all his ways were pleasantness, and all his paths were peace.

He was 64 years of age, and leaves to mourn one daughter, Mrs. Atwood Outhouse, one son, Neil Outhouse, one grandson, Keith Outhouse, one sister, Mrs. A.

Ruggles, one brother, Frederick Outhouse, and a host of friends.

We extend sympathy to all who mourn the loss of one so well loved.

To know him was to love him. This grand good man has gone. From life on earth, to life beyond, eternal as the dawn.

We shall miss his kindly greetings, his hand shake, firm and true. His pleasant smile and friendly word. That cheered us through and through. His life was simple, grand, sincere. No glittering pretense craved. Upon his lasting memory "A Friend" will be engraved.

A worthy lesson to us all. This life reveals to me: What a world we're full of men. Who thought, and lived as he. And now farewell, our true kind friend. At rest on distant shore. Abiding in God's peace and love, Nay, and forever more.

## Westport.

Wm. Shea was a passenger to Yarmouth Thursday enroute to New York.

D.B. Kenney has gone to Boston for medical treatment.

Mr. and Mrs. Leander Hand-spiker and baby are spending a few weeks in Saint John and Digby.

We are sorry to report Miss Alice Cousins ill in the Hospital at Saint John. Miss Cousins underwent a very serious operation Thursday. Her many friends join in wishing her a speedy recovery.

The death of Walter Coggins occurred at his home on Thursday morning after an illness of about four weeks. He was 84 years of age. He leaves to mourn a sorrowing wife and one son Edward at home. Mr. Coggins was a member of the Westport United Baptist Church and will be greatly missed among his many associates. The funeral service conducted by his pastor Rev. H.G. Pinney was held from the United Baptist Vestry Sunday afternoon. We extend our sympathy to the bereaved ones.

## OBITUARY

### JOHN WILBUR ADAMS

The death of John W. Adams occurred at his home at Deep Brook on Sunday evening Jan. 8th, aged 69 years. He passed quietly away, after a painful and lingering illness which was borne with much patience and resignation, lasting over a period of more than two years. The deceased was the eldest son of the late Morris and Eliza Adams. His entire life was spent in Deep Brook. He was honest and upright in his dealings, a man of quiet retiring disposition, much devoted to his home and family. 39 years ago he was united in marriage to Mrs. Ella Gillitt Ritchie, of Clementsport. 25 years ago he was baptized by Rev. Ward Fisher and united with the Baptist church. For many years he served on the board of Trustees and was a valued friend of the church when in financial need.

Funeral services were held at his home on Wednesday afternoon Jan. 11th, conducted by Rev. W.G. Hissler, who gave a comforting message to the family and a large gathering of relatives and friends. The choir rendered three appropriate hymns, "In the Garden" by request, "I Am Nearer My Home" and "Asleep in Jesus." He is survived by his wife, two sons; Howard, of Deep Brook, and Kenneth, of Topsfield, Mass. Two brothers, Edgar and Loran, of Deep Brook, two sisters, Mrs. Howard Anderson, of Digby, and Mrs. Edward Winchester, of Smith's Cove, also two half sisters. Interment took place in the "Thomas Cemetery," Smith's Cove. A very large circle of relatives and friends extend sincere sympathy to the bereaved family.

### Deep Brook W.M.S.

On Wednesday Jan. 4th, the W.M.A. Society met for their first meeting of the New Year with Mrs. L.E. Sherman. The president Mrs. M.W. Page arranged a very interesting program. The study of the different stations with the Missionaries in charge were continued by Mrs. Margaret Bartheaux. Nmas Greetings from Mr. and Mrs. Gullison were read by Mrs. Sherman, this was followed by a very interesting letter from Mrs. Ralph Gullison read by Mrs. Robert Spurr. About \$18.00 was received from with boxes and offerings.

## ANNUAL MEETING OF DIGBY LEGION

Dr. G. Victor Turnbull Again  
Heads Soldier Organization

The annual business meeting of Digby Branch, Canadian Legion B.E.S.L. was held in their club rooms in the Iron Duke on Thursday night last. President Victor Turnbull presided. The reports of the different officers were received and passed on and other business quickly despatched prior to the election of officers.

The branch has had steady growth since organization and has been of value in assistance pensioners and others in securing attention from the different federal departments which have to do with soldiers' reestablishment. Its quarters in the Iron Duke are becoming more and more popular as the winter passes and the club can now be said to be in good financial condition and fairly strong numerically.

Following are the officers and committees for the year:

President—A. V. Turnbull  
Vice—W. Connell  
Secretary—R. W. Connor

The usual Scout meeting was well attended there being an attendance of 30 Scouts all on their toes to make marks for their Patrols.

Dr. Dickie spent an hour with us instructing the boys in First Aid work. This is the second successive evening that the Doctor has given to us and we are more than thankful to him. He comes up the next to examine the Scouts ready for First Aid tests.

The essays on the Porcupine were very good and the points were won by Scout Raymond Winchester for the Beaver Patrol.

The hockey team is well under way and Raymond Winchester was elected Captain. The boys have decided to sell Hot Dogs at the hockey matches Mr. Walker allowing them to do so. Thank you Mr. Walker.

The subject for next meeting's essay is the Skunk.

### "THE PORCUPINE"

By Raymond Winchester, Beaver Patrol.

The Porcupine is an animal of the rodent family. There are many different species of the porcupine, some of which are in the Old World. It is found in Europe, in Africa and India, is moderate in size and grunts like a pig. Its quills vary in length but those which do so much damage are about from five to ten inches long. Then there is the one which lives in Africa and Malacca, called the Tufted Tailed Porcupine. Its quills, instead of round are flat like a sword. The Canadian porcupine climbs trees by means of its tail and claws. It has been known for a hunter to cut the tail of a porcupine off with an axe while climbing a tree and it can go neither up or down. There is a porcupine in Brazil which has a tail like a monkey, and it swings through the trees just as a monkey does. The porcupine comes out of its hole at night and feeds on roots, plants and the bark of trees. The Canadian porcupine strips every particle of bark from a tree, hurting it and causing it to die. In some respects the porcupine is as useful as well as a destructive animal.

Tonight, weather permitting, Bridgetown plays here in the first home game of the series.

People wonder why Halifax is interested in new hotels. Many think that one new hotel will be enough, and among those people are many in Halifax. We wonder if they benefited from the lesson of last week end, when the Canadian Olympic Team played All Nova Scotia. It is conservatively estimated that Halifax got \$20,000 out of that game. Which is a lot of money for a town to take in over a week end. It goes to show how profitable it is to invest in ways of entertaining people, and is an example which can well be followed by many other towns in the province.

There is a treat in store for Digby, for the very Rev J. P. D. Lloyd, D. D. Dean of Nova Scotia, will lecture in Trinity Parish Hall on Friday, Feb 10th on "The Canadian of the Future". Further particulars will be given next week. Those who have already heard the eloquent Dean will make a point of attending.

H. L. Woodman was a visitor in Kentville on Friday.

Superintendent H. J. Campbell, of the Digby County Power Board was in Halifax several days this week on business connected with the Board's operation.

## Recreating Old France at Quebec

In one of the most colorful and striking functions ever put on in this continent, it was reserved for the old city of Quebec to rediscover herself in the historic ball recently given in the two halls of the Legislative Assembly in the Ancient Capital. Although four hundred years of costumes and personalities were covered by the ball, it was the eighteenth century that was most prominently featured and it was mainly French historical characters who were shown. Louis XIV, "le Roi Soleil," was im-

## ANNUAL MEETING TRINITY PARISH

Reports of Rector and Wardens Show Satisfactory Condition.

The 142nd Annual Meeting of Meeting of Trinity Parish, Digby was held on the day appointed by Statute and was well attended: The Rector presided.

The outgoing church wardens presented their accounts duly audited showing the funds generally to be in sound condition. During the past years a large and costly furnace has been placed in the parish church.

The Rector presented his report showing the usual number of services and other activities.

The Missionary and other societies of the parish furnished excellent reports, the extra parochial contributions being good. It was decided to place \$5000.00 additional fire insurance on the church.

A hearty vote of thanks was presented to the Rector, wardens and other officials, the Sunday School teachers and all the guilds and auxiliaries of the parish.

The church wardens and vestry were re-elected as follows:

Church wardens—T. E. G. Lynch and A. D. Daley. Vestry men—A. Boden J. Casswell F. Dakin Dr. DuVernet J. Hall L. Kirkpatrick J. Merkel G. R. Pinco Dr. V. Turnbull and C. E. Walker.

Auditors—Dr. DuVernet and F. Dakin.

Synod Representatives—A. Boden and G. R. Pinco.

Substitutes—T. E. G. Lynch and Dr. DuVernet.

The cemetery committee was re-elected as follows—Rector and wardens, Mrs. F. Dakin, Mrs. Tupper, Miss Stewart, Messrs. Boden, Dakin and Merkel.

The report of St. Paul's Chapel, Marshalltown was read and the appointment of S. Woodman and J. Woodman as chapel wardens and of G. L. Marshall as financial secretary was confirmed.

After adjournment the newly appointed Vestry held a meeting at which Dr. V. Turnbull was appointed Vestry Clerk.

## New C. P. R. Hotel for Town of Digby

From Parsboro Record

The constant discussion of tour traffic and hotel necessity, conducted by the Courier eventually attracted the attention of Clarence Jameson, Ex M. P., and was by him elaborated in a series of articles contributed to the Courier on the subject of C. P. R. development of its subsidiary steamship and Dominion Atlantic Railway, line between Saint John and Digby. This has gained the attention of Grant Hall, Vice-President of the C. P. R. and now bears fruit.

Vice-President Hall announced on Friday last that it was the intention of the Canadian Pacific Railway to undertake at once the construction of a fire proof hotel at Digby containing one hundred guest rooms, a site adjoining the Pines Hotel, already well known as an up-to-date tourist hostelry.

There seems to have developed out of the movement to aid in the construction of and to undertake the management of the new 'Lord Nelson Hotel' in Halifax, a plan to improve and augment the Saint John Digby Halifax features of Canadian Pacific promotion; and it would not be surprising soon to learn that a big new steamer for cross-the-Bay service is to replace the ferry steamer Empress now in use.

Running Rights over Canadian National rails between Saint John and Halifax is a very remote probability. Sir Henry Thornton doesn't entertain any opinions whatever about it as topic. Hon. Ralston at Amherst said it would be a matter for mutual arrangement between the two great railway companies, one giving way in one case for similar concession in another. That was a nice, easy, diplomatic means of disposing of the subject. Consequently there are only two other ways in which the Canadian Pacific can procure development in Nova Scotia. The first is to utilize the Saint John-Digby-Halifax line to the utmost of their development which means a big lot; and the other to construct a new line between Saint John and Halifax, all rail, and to become, as Clarence Jameson said about running rights over C. N. R. rails, self-competing and naturally a more or less indifferent user of its already splendid Dominion Atlantic service.

## SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back the Beautiful Lustrous Hair

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of Wyeth's Sage and Sulphur Compound, which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it diverts so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

## OBITUARY

## MRS. ELIZABETH MILNER

At the home of her daughter, Mrs. J. R. Dittmars, Sunday morning Jan. 22nd, Mrs. Elizabeth Campbell Milner passed away, age 71 years. She was the widow of the late Josiah Milner of Bear River East. The deceased had been a member of the Clements vale Baptist Church for 35 years; Funeral services were held on Tuesday Jan. 24th., at the home of Mr. and Mrs. J. R. Dittmars, conducted by Rev. W. G. Hisler assisted by Rev. G. C. Durkee of Clementsvale. The choir sang, Nearer my God to Thee and Asleep in Jesus. Mrs. Durkee rendered very sympathetically. Saved by Grace, She is survived by two daughters, Mrs. I. R. Dittmars of Deep Brook and Mrs. J. L. Curville of Ipswich Mass. One son, W. F. Milner of Wakefield Mass. Three sisters and one brother in Massachusetts, also one brother William Campbell of Bear River. The burial service was conducted by Rev. G. C. Durkee of Clementsvale where interment took place.

## FREEPORT

Herman Young, of Windsor, Ont., has been the guest of his parents, Mr. and Mrs. Harris Young for a few weeks, glad to report Mr. Young improving after a serious illness.

Mr. and Mrs. Albert Morse of Westport and little son Stanley spent Tues. with friends here.

Mr. and Mrs. Bernard Bouchie and baby daughter, has gone to Central Grove to spend the winter with her parents Mr. and Mrs. Elwood Tibert.

The storm of the 25th left destruction in its path, taking wharves, fish sheds and everything before it. In some places the streets

## If Your Kidneys Are Troubling You

Repd What Mr. Kendall Has to Say About Dodd's Kidney Pills  
New Brunswick Man Tells Why Dodd's Kidney Pills are a Household Remedy

Keswick, N. B. January 30 (Special)  
Right to the point is the statement Mr. Wm. L. Kendall, R. R. 1, Mouth of Keswick, makes with regard to Dodd's Kidney Pills.

"Dodd's Kidney Pills are the best medicine I have ever taken. I have used lots of others but Dodd's are the best. I could hardly straighten my back. After taking one box of Dodd's Kidney Pills I felt a great deal better. I bought another box and before I was half gone I could straighten up my back with ease."

Dodd's Kidney Pills are purely and simply a kidney remedy. They act directly on the kidneys, straightening them and putting them in condition to do their full work of straining the impurities out of the blood.

Dodd's Kidney Pills have restored sound health to thousands of troubled men and women. Give them a trial at once.

## Hydro is yours—Use it!

## Who Pays?

Editor Digby Weekly Courier

In the publication of the minutes of the recent session of the Municipal Council a motion by myself appears in reference to the appointment of a deputy clerk. The minute as published is incorrect and misleading, because the most important part of the motion is not published; that is referring to the expense of the deputy.

The motion should read that not only the Council approve of the appointment but that the expense of the deputy, shall be borne by the clerk, or in other words, when the deputy performs any duties, the expense in connection is not out of the municipal treasury. That was the intention of the motion and the intention of the Council, because under no other condition would a deputy be considered.

I thank you for the courtesy.

JAS. F. HILLMAN.

## A Public Meeting of Ratepayers of the Town of Digby

Will be held in the COURT HOUSE, Digby

on

Monday, 20th Day of February, A.D. 1928 at 8.00 p.m.

## To VOTE on the following Resolutions:

1. RESOLVED that the Town Council of the Town of Digby be empowered to borrow or raise on the credit of the Town a sum not exceeding Ten Thousand Dollars for the extension of a WATER MAIN from LILY LAKE to a point below the dam, and a further sum not exceeding Two Thousand Dollars to defray the cost of the Carleton Street Extension now completed, and that an ACT of the Legislature of the Province of Nova Scotia be obtained authorizing the Town of Digby to borrow the above sums for the purposes aforesaid.
2. RESOLVED that the Ratepayers of the Town of Digby hereby authorise and empower the DIGBY COUNTY POWER BOARD, from time to time, to borrow a sum of money not exceeding in all FIFTY THOUSAND DOLLARS and make and issue DEBENTURES therefor in accordance with the provisions of the Digby County Power Board Act, Chapter 113 of the Acts of 1926, such sum or sums to be used for the purpose of extending the transmission line down DIGBY NECK.
3. RESOLVED that the ratepayers of the Town of Digby hereby authorize and empower the DIGBY COUNTY POWER BOARD, from time to time, to borrow a sum of money not exceeding in all FIFTY THOUSAND DOLLARS and make and issue DEBENTURES therefor in accordance with the provisions of the Digby County Power Board Act, Chapter 113 of the Acts of 1926, such sum or sums to be used for the purpose of extending the transmission line within the MUNICIPALITY OF CLARE.

Only those persons whose names appear on the Rate Book for the year 1927 will be entitled to vote.

ALFRED BODEN

Digby 31 January, 1928

Town Clerk

## Joggin Bridge

Mrs J. Frank Weir has returned from a visit with friends at Moncton.

Mr and Mrs Hubert Wilson and son Louis have returned home from Cambridge, Mass. where they have been for the past few months.

John Marshall spent the week end with relatives in Marshalltown.

Mrs B. Franklin of Acaciaville was a week end guest of her parents Mr and Mrs J. R. Winchester.

Miss Irma Comeau spent a few days last week in Smith's Cove, the guest of Miss Helen McGregor.

Mrs O. F. Woodman was "at home" on Thursday afternoon and evening to a few of her friends, it being her birthday. During the evening the guests were entertained by a fine radio programme.

I. W. Wilson is visiting friends at North Range.

Jas. Robinson has been confined to the house with a broken arm and other injuries sustained while working at the gypsum plant at Deep Brook.

Mrs Wm. Berry and Mrs Harry Suls and children of Smith's Cove called on friends here on Wednesday.

Robert Winchester was a recent guest of his sister, Mrs. Franklin, Acaciaville.

Archie Taylor of Bay View visited friends here recently.

## Smith's Cove

Mrs Anthony Hubley returned on Friday, from a short visit at Round Hill.

N. T. Rockwell visited friends here last week.

Mrs Alex. Banks who has been quite ill, is much improved. She returned on Friday from a visit with her daughter, Mrs. Reg. Weir of Digby.

Mrs J. Frank Weir has returned from Moncton, where she was the guest of Miss J. H. Farwell.

We are glad to see Miss Jackson out again, after an attack of flu.

Miss Eaton and Miss Katherine Weir spent Sunday in Deep Brook, guests of Mrs Sherman.

A. A. Cornwall left on Friday for Roslindale, Mass. being called there by the serious illness of his sister, Miss Rachael.

We are glad to report that Mrs E. T. Payson who has been ill for some time is greatly improved and we hope will soon be about again, as she has been greatly missed by her many friends in and about the community.

Lionel Taylor, of the Winchester Poultry Farm left on Thursday for his home in England on a much needed vacation. He will be greatly missed here where he has taken an active interest in all community affairs, especially the Public Library of which execution he has been secretary for some time.

Home Division continues to hold some interesting meetings, new members being taken in each night. Preparations are being made for an entertainment on February 14th.

Little Miss Frances Weir is improving after a severe illness, and we hope will soon be out again.

## Simple Home Recipe For Bad Stomach Gives Swift Relief

If you are a victim of Stomach Troubles—Gas, Sourness, Pain or Bloating—you may have quick and certain relief by following this good advice.

Artificial digestants and starvation diets are seldom needed. Within reason, most folks may eat what they like, if they will keep their stomach free from souring acids that hinder or paralyze the work of digestion. And the best and easiest way to do this is to follow every meal with a little Bismarck Magnesia—a pleasant, harmless form of Magnesia—that swiftly neutralizes acidity and keeps your stomach sweet and clean.

A few days' trial of Bismarck Magnesia (powder or tablets), which any good druggist can supply at trifling cost, should quickly convince you that fully 90 per cent of ordinary stomach distress is absolutely unnecessary. Try Bismarck Magnesia today!

**Mr. Hubert Warne Back from  
Defiance**

Mr. Hubert Warne returned on Friday last from a short visit to Defiance, Ohio, home of the Defiance Truck, for which Mr. Warne,

is manufacturers representative for the Maritimes. While away Mr. Warne inspected the Defiance factory and attended the opening of the Motor Show at Detroit, where almost every make of Automobile transportation was represented.

### Digby School Standing For Second Quarter

During the half year which ended Jan. 7, the total number of pupils registered in the Digby Schools was 337. The average daily attendance was 275. School was in session 95 days. There were 57 pupils who missed 30 or more than 30 days, and 14 pupils who missed 50 or more days. With such attendance it is evident that progress in the classes is not what it might be.

Class leaders for second quarter are:

Miss Moses, Grade I Rena Baxter, Fern Stark, Alice O'Neil.

Miss Galloway, Grade I Ida Collins, Ada Webber, Roy Robinson. Grade II Elsie Theriault, Helen Saulnier, Claude Franklin.

Miss Turnbull, Grade III Joyce Baxter, Paul Snow, Lloyd Woollover. Grade IV Beatrice Cosman, Ronald Williams, Mildred Pyne.

Mrs. Waycott, Grade IV Arthur O'Neil, Vera Marshall, Edith Germain. Grade V Theta Winchester, Reginald Van Tassel, Merua Van Tassel.

Miss Curry, Grade VI Mildred Oliver, Victor Cardoza, Muriel Barnes.

Miss Lawlor, Grade VII Richard Lynch, Regina Woollover, Edgar Williams.

Grade VIII, Alan Wright, Muriel Snow, Patricia McPhee.

High School, Grade IX Mary Walker, Evelyn Cummings, Clyde Collins.

Grade X Lois Walker, Violet Woodman, Dorothy Hinman.

Grade XI Jean Anderson, Helen Morehouse, Louie Dakin.

### Do You Read The Ads?

Honest, the ads are the most interesting part of any paper. If you skip them you miss a lot. And Courier ads are particularly interesting. So interesting that they are often quoted in other papers. A short time ago Mr. T. F. Anderson, known to most everybody in Digby as Tom, sent us a copy of the Boston Herald in which was reprinted an advertisement from the Courier. And on Wednesday we got another page from him in which was reprinted Mr. Frank Jones' card to the Electors of Smith's Cove.

### Good Wishes From King's Old Boys' Association

Mr. A. C. Cunningham, former instructor at King's Collegiate School, Windsor, who has recently retired, and for the past few weeks has been the guest of his son, Mr. M. B. Cunningham and Mrs. Cunningham at Digby, was remembered by the King's Old Boys Association at the reunion on January 30th, receiving a telegram from the Association Secretary.

The telegram reads:

Windsor, January 30th, "Lieut Cunningham: Digby. Old Boys' of School assembled at reunion tonight send you their affectionate regards and best wishes as one of the great instructors of the school, a loyal friend of the association. Signed: H. B. Ross, Secretary."

Mr. Cunningham's retirement from the instructional staff of King's Collegiate came after the completion of nearly forty years of service.

### Mrs. Charles Holmes Died of Burns When Clothing Caught From Kitchen Stove

While fixing the fire to prepare the noon meal on Saturday Mrs. Charles Holmes, of Marshall's Town, was so badly injured by burns that she died at Digby General Hospital on Sunday morning.

In some way Mrs. Holmes' clothing caught and, excited, she rushed out of doors for aid. Then she rushed into the house and covered herself with bed clothes, but the fire had gained such headway in her garments that it spread to the bedding. Mr. Marshall, hauling hay from nearby passed the house and noticed the fire and immediately rendered assistance. The only other occupant of the house was Mr. Holmes' father, Whitfield Holmes, a man of over ninety.

Dr. Dickie was summoned and when he arrived found Mrs. Holmes to be terribly burned. Her clothing was destroyed, and her stockings and shoes charred. The bedding was all burned also. The suffering woman was rushed to Digby hospital where she died early Sunday morning. Her husband was working in the woods at the time.

The funeral, held on Tuesday, was attended by neighbors from all the surrounding district. Whose sympathies were touched by the tragic death of a member of their community. Rev. F. E. Bishop, of Digby Baptist church conducted the services at the house and grave side. Funeral arrangements were in charge of Funeral Director C. C. Nicholl, of Weymouth and interment was Marshall's Town Cemetery.

### Corberrie

Gabriel Saulnier of Little Brook was in the village on Friday.

Our teacher, Miss Madeline Comeau with her friend, Camille LeBlanc motored to Weymouth one evening recently.

Resther LeBlanc of Little Brook was on a business trip here on Thursday.

James M. Morehouse who is logging at Lake Wentworth, spent the week end with his family.

Miss Zitha Melanson is ill with La Grippe at time of writing.

After spending the week end with his wife, Edmund Melanson returned to New France where he is employed during the winter months.

Miss Esthrie Melanson spent Monday evening with her friend, Madeline Comeau.

Amedee Melanson is working in the woods with Charles Blinn.

### Plympton

Miss Alice Tibbitts has returned home from Centerville to spend the winter months with her parents Mr and Mrs David Tibbitts.

Miss Alice Cornwall of Rossway is spending a few days with her Aunt, Mrs Joseph Potter.

A quiet wedding took place in Digby Saturday, January 14th at the Baptist Parsonage by the Rev. Mr Bishop of Miss Agnes Amero and Edward Tibbitts both of this place.

Edward Comeau has returned home from Digby.

Jerry Amero spent the week end with his family here.

Mrs Joshua Potter is spending the winter with her sister, Mrs Delbert Treacy.

Gus Melanson of Digby spent the week end with his parents here.

### Town Council Holds Final Session

The last meeting of the Town Council for the 1927 term was held in the Town Hall last Monday evening. Mayor Lynch presided. All Councillors were present.

Accounts for the month were passed upon and odds and ends of work cleared away in preparation for the incoming Council. Mayor Lynch presented to the Council, the views expressed by the Board of Trade in regard to extending the water main to Lily Lake as a means of overcoming the faults found during summer months. Action was taken along lines suggested and a resolution passed calling a meeting of the ratepayers to ratify expenditures for the purpose. Another matter which will be presented to the meeting is the granting of authority to the Digby County Power Board to extend the transmission lines down Digby Neck and through the Municipality of Clgrave.

An advertisement calling the meeting is printed on page two of this issue. Its resolutions set forth the various amounts and which the Ratepayers are asked to authorize and the purposes for which they are to be used.

### Shortliffe, Cardoza and E. M. Robertson, Jr., Chosen as Councillors

Little interest was shown in the selection of a Mayor and Councillors to fill the vacancies caused by the expiration of the civic term.

As suggested by the Courier Mayor Lynch was prevailed upon to continue in the office and Messrs A. A. Shortliffe, G. C. Cardoza and E. M. Robertson, Jr. were induced to permit themselves to be nominated. Mr. Shortliffe has had previous experience in the Council. Mr. Robinson has been prominent as Assistant Secretary of the Board of Trade and Mr. Cardoza is new blood, imported from Ontario, and his position in the Council will mean that active efforts will be made to promote Digby as a manufacturing center.

### The Dodge "Victory Six" a Fine Car

H. L. Woodman, Representative of the Dodge Car for Digby County has the honor of being the first dealer in Nova Scotia to receive a model of the new Dodge "Victory Six." It came over from St. John on Thursday morning and was one of the first car load received in the Maritime Provinces. Even before it was fitted with its bumpers and accessories many called at Woodman's Garage to inspect it and all pronounced it a fine looking car.

The model on display is a blue finished four door Sedan. The outstanding features, on casual inspection appears to be the low built style. By new methods of hanging the car it is possible to bring the centre of gravity much closer to the ground, and the low lines are particularly pleasing.

It is interesting to note that two years ago the Dodge 4-cylinder Sedan sold in Digby for \$1995, and the new car is a Six, at \$400 less, certainly an indication of improved methods of manufacture. It is said that there are four hundred fewer parts to wear out than in the old models.

Mrs Hubert Warne returned from Bridgetown on Friday last.

**CONNELL'S CASH STORE**

Dean Lloyd, Dean of Nova Scotia, who was to have been in Digby on February 10th, to lecture at Trinity Parish Hall, has been obliged to postpone his visit until Monday, February 20th.

Mrs. G. B. Taraball will continue her Travelogue at Trinity Parish Hall Thursday evening, February 9th.

At the monthly business meeting of the Ladies' Hospital Aid held on Wednesday plans were started for the summer fair and the convensors of booths appointed. It was decided to have a sewing circle to meet every Wednesday afternoon the first meeting to be held at the home of the President Mrs. DuVernet on Wednesday the 5th inst. at 3 p.m. A tea cent tea is to be served.

For Home and Country

Edited by Woman's Institute Bear River

## Children's Colds

**Best Treated Externally**

That's why modern mothers prefer Vicks—It cannot upset delicate stomachs. Rubbed on throat and chest, it acts two ways at once:

- (1) Its healing vapors, released by the body heat, are inhaled direct to the air passages;
- (2) It "draws out" the soreness like an old-fashioned poultice.

**VICKS VAPORUB**  
OVER 15 MILLION JARS USED YEARLY

Capt. John Roop went to Halifax on Tuesday.

Frank McNaught returned from Halifax on Thursday.

Mrs. Charles Stewart and family have gone to Halifax to spend the winter. Mr. Stewart is employed in one of the granite works in that city.

Arthur Jefferson made a business trip to Annapolis on Tuesday.

Dr. Lionel Roop returned from Halifax on Thursday.

Ladies Aid of the United Church met on Thursday with Mrs. Wamboldt.

Mrs. Harry Harris returned from Kingston on Wednesday.

Mrs. Thaddeus Davidson was hostess at a dinner party on Friday.

Mrs. Fred Sawdon returned from Kingston on Wednesday.

Ralph Harris has a new radio, recently installed in his home.

Eber Balok is logging for H. T. Warner the Crouse lot, Lake Jolly road.

Mrs. Joseph Steadman has returned home from Aylesford.

G. B. Campbell of Weymouth was in town on business recently.

The Baptist Missionary meeting met on Thursday with Mrs. Ralph Purdy.

The Baptist Circle met on Tuesday evening with Mrs. W. W. Clarke.

D. Daley of the Telephone staff was in town recently.

Father Graham held mass in the Chapel Sunday and Monday morning.

Mrs. Blakey is a guest at the Commercial House.

R. E. Feltus of Lawrenceport is in town for a few days.

Letters received from friends in Boston report that the S. S. Prince George, Boston route, arrived on Jan. 25th, encased in ice above the Bridge, having encountered the heavy gale of the 23rd., and that she was 15 hours late. All her 93 passengers were ill with sea sickness as the result of the rough trip.

Dr. and Mrs. L. J. Lovett were in Annapolis on Wednesday last.

**Nothing Like It to Relieve Colds**

In formula and action, Buckley's is different from all other remedies. It literally "acts like a charm" in combating coughs and healing the inflamed parts. The result is a relief that follows the drug done is multiplied 48 times in a 7-cent bottle! "Buckley's" should be in every home. Your druggist sells it under a money-back guarantee.

W. K. Buckley, Limited,  
143 Mutual St., Toronto 2

## SCOUT NOTES

Saturdays like was the best yet, out the Sissiboo Road to Milford Corner then in the Union Road to Baines Lake Road arriving at the Lake at noon. The wind was easterly so a brush wind brake was put up near the shore and a fire built in front with the lake in full view. Seats were then "bushed" down and covered with warm blankets and dinner was started around the fire as soon as the kettle boiled. And oh boy! didn't the grub disappear. And then when everyone was full a couple of frying pans of hot pork and beans on top of that. There may be nicer things than such a meal under such conditions but is so they are hard to find. Some signalling and a game of "soccer" on the ice helped to settle dinner and worked up the circulation again. A call from a juvenile trapper on his way to tend traps found the hikers ready to join him and when this trip was over it was time to start for home.

Henry's knowledge of First Aid helped some when Bill got the ax-cut, and the bandage was ready in his pocket too. Nothing like living up to the scout motto "Be Prepared."

With so many expert hikers in the troop a good many are preparing to sled the name tenderfoot as well. By the end of February it is expected that a number will qualify as second class Scout.

In the Patrol Competition the Peewits are still leading with 156 points to the Beavers 153.

## Dr. Wright's Lecture Attracts Large Audience

Dr. W. J. Wright's lecture on "Africa" Monday evening was a great success, both financially and from the interesting subject matter and beautiful views, presented to his large and attentive audience.

Dr. Wright, having been in Africa for three years, spoke from personal knowledge of the many distinctive features of commercial development, natives and native customs, and the wonderful natural scenery of the Dark Continent.

It is hoped that Dr. Wright, will at some future time, give the citizens of Bear River another intellectual treat, as he has a number of other beautiful views not yet shown. The committee in charge wish to thank all those who assisted, and who by giving their services freed the proceeds of over forty dollars, from any deduction for expenses thus adding a creditable sum to the Memorial Fund.

## NOTICE

The W. I. regular monthly meeting will be held on Monday afternoon. Beside routine business a programme will be presented by the Health Committee in the form of a First Aid demonstration to which the girls of the High School and Preparatory are invited. Each member is requested to reply to their name at Roll Call, by some health maxim or suggestion.

As several local people are on the S. S. Gypsum Queen, Can. Gypsum Co. line, it will be of interest to friends here to know that she was scheduled to pass through the Panama Canal on Jan. 23rd, enroute to Chili, S. A.

Lionel Taylor who has for several years past been in the employ of the Winchester Poultry Farm, left last week for a visit to his old home in England. We wish him a pleasant trip.

## Kipawo at Digby

The Motor Vessel Kipawo has again been put into winter quarters at Digby. Capt. Treby and engineer Boston will likely stand by the boat during her lay up. This vessel had a very successful season, having carried upward of 6000 passengers and nearly 900 automobiles, besides much freight. She will be taken to St. John prior to 1st of May, there to be renovated and made efficient for the ferry services between PARSBORO, Kingsport and Wolfville during the season of 1928.

F. Eisnor and Curtis Denton were in town on Saturday demonstrating the new 1928 Chevrolet car.

## YOUNG WOMEN SUFFER MOST

These Two Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Ayer's Cliff, Quebec. — "I have been teaching for three years, and at the end of the year I always feel tired and have no appetite. I was a full sick each month, too, having pains in my back until sometimes I was obliged to stop working. A friend recommended Lydia E. Pinkham's Vegetable Compound to me and I heard many women telling how good it was so I thought it would help me. And it did. Now I take six bottles every year and recommend it to others." — DONALDA FANTHIE, Ayer's Cliff, Quebec.

"Unable to Work"  
Canning, Nova Scotia. — "I had irregular periods and great suffering at those times, the pains causing vomiting and fainting. I was teaching school and often for some hours I would be unable to attend to my work. Through an advertisement in the paper I knew of Lydia E. Pinkham's Vegetable Compound, and it has been of great benefit to me, the troubles being completely relieved." — LILLIAN J. BROWN, Canning, Kings County, Nova Scotia.

## Weymouth

Miss Ethel Saunders who has been  
employed, as stenographer and book-  
keeper, by George O. Hankinson, left on  
Friday for Boston where she has accepted  
a position. Her place at Hankinson's is  
being filled by Miss Allison Killam.

George O. Hankinson motored to  
Church Point on Tuesday on business in  
connection with his vessel, the Utilla,  
which is loading there.

Lloyd Burke, student at St. Ann's  
College, Church Point, who had the  
misfortune to dislocate his right shoulder  
and who for a while was a patient at the  
College Infirmary is recovering nicely and  
has resumed his studies.

Rev. Father Adolph LeBlanc returned  
from Corbierac on Thursday.

Mr and Mrs Herbert White who have  
been visiting Professor and Mrs Raymond  
Pothier at Church Point, have returned  
here.

Mrs. Rosalie Comeau, teacher at  
Groses Couques spent the week end at  
her home here.

Captain William Moore of the Schooner  
Utilla is spending a few days at his home  
here.

Miss Grace Brooks, manager of the  
local telephone office, taking a much  
needed rest. Her place is being taken by  
Miss Alice Campbell of Bridgetown.

Mr and Mrs R. W. Harris returned  
Tuesday from a trip that included New  
York, Detroit, and Montreal. While in  
New York Mr Harris attended the Auto  
Show held there two weeks ago.

Burglars were active in this place early  
Tuesday morning when the stores H. W.  
Taylor, H. M. Mullen, E. P. Theriault,  
H. M. Journeay and Max Ashkins were  
entered and a quantity of articles taken  
from each. The Post Office was also  
burglarized but the only damage done  
was the breaking of the handle of the  
safe.

Messrs Dennis and Fuis Theriault have  
purchased the garage and house occupied  
formerly by H. W. Stevens and are put-  
ting the garage in first class condition and  
will operate an auto accessories and  
repair department.

On Shrove Tuesday, Feb. 21st,  
the ladies of St. Patrick's, will hold a  
Pantry Sale and Supper at  
Eureka Cottage, Mrs. George  
Trohan's. Supper served from 5  
to 7 o'clock. Price \$3.00. During  
the evening an Auction 45 Social  
will be held, starting at 8 o'clock.  
Price 25c.

## Navigable Waters Pro- tection Act

R. S. C. CHAPTER 115

EDWARD LLOYD LIMITED, a  
body corporate with its Head Office and  
principal place of business at 4-7 Salis-  
bury Court, Fleet Street, City of Lon-  
don, England, hereby gives notice that it  
has, under Section 7 of the said Act, de-  
posited with the Minister of Public Works  
at Ottawa and in the Office of the Regis-  
try of Deeds for the County of Digby,  
Nova Scotia, at the village of Weymouth  
a description of the site and plans of  
works at North Weymouth in the  
said County of Digby on lands owned by  
said Edward Lloyd Limited and situate  
on the right bank of the Sissiboo River  
near its mouth and in the said village of  
North Weymouth; the said works being a  
wharf or pier (known as the Campbell  
Dock) which was completely constructed  
prior to the 1st day of January, 1915.

AND TAKE NOTICE that on the date of  
the first publication of this notice, said  
Edward Lloyd Limited will, under Sec-  
tion 7 of the said Act, apply to the Min-  
ister of Public Works at his Office in the  
City of Ottawa, for approval of the said  
site and plans and for approval of the  
said works so constructed.

DATED Halifax, N. S., this 31st, day  
of December, 1927.  
McInnes, Lovett and MacDonald, of  
35 Bedford Row, Halifax, N. S., for said  
Edward Lloyd Limited. J2 5c

The Annual Valentine Supper and  
Bridge of Digby branch, Victorian Order  
of Nurses will be held at the home of  
Mrs. C. E. Dexter, The Elm, Mount St.  
on Tuesday evening, February 14th. A  
committee of the organization is already  
preparing for this event of the social year.

### LESSON No. 14

Question: Why is emul-  
sified cod-liver oil so ef-  
ficient and so beneficial a  
food-tonic?

Answer: Because it is  
so easily assimilated and  
quickly builds up strength.  
Multitudes use it every  
day as in

## Weymouth North

Mrs. G. D. Campbell Jr and son  
Donald are visiting relatives in St  
Stephen.

The Pathfinder C. G. T. Group were  
entertained at tea at the home of their  
leader Mrs. M. B. Whitman on Friday.

Herbert, Nesbit of Centerville is a  
guest of his Aunt Mrs. Amos Hill.

The rain and wind storm of last week  
did considerable damage to the roads in  
this vicinity. Several of the fishermen's  
fish houses were smashed or washed  
out to sea.

Miss Evelyn Hill entertained a  
number of the young people at tea on  
Tuesday.

The C. G. T. Group intends holding  
a Valentine's Social in the Guild Hall on  
the 14th.

Rev. Mr. Whitfield of Kentville spent  
last week in this place as a guest at "Reck  
Knoll." He addressed the School on  
Friday afternoon, the Junior Auxiliary on  
Saturday afternoon and on Sunday  
morning preached in St. Peter's Anglican  
Church.

The annual Valentine Party of Zelma  
Rebekah Lodge will be held at Oddfellows  
Hall on Monday evening, February 13th.  
Further notice later.

A special lot of rubbers for men, in all  
sizes, 98c a pair at Dillon's Shoe Store.

## Here and There

Another barometer of the state  
of Western Canada's agricultural  
progress is the sale of school lands in  
the Prairie Provinces which in  
1927 were the best on record. In  
all 480,108 acres were disposed of  
for a total of \$2,983,897, represent-  
ing an average of \$18.70 per acre.  
The lowest price obtained was \$7  
per acre and the highest \$78.

Appointment was announced re-  
cently of R. F. Angus to be assistant  
superintendent of the C.P.R. Mont-  
real Terminal. Mr. Angus, who joined  
the Canadian Pacific Railway as  
a clerk in 1919; is the grandson  
of R. B. Angus, one of the creators  
of the system and nephew of Sir  
Vincent Meredith, chairman of the  
Bank of Montreal.

Ten-year-old John Wylie Bar-  
bour travelled recently alone from  
his aunt in Los Angeles to his  
father in Glasgow, Scotland, a  
distance of 10,000 miles, in care  
of C.P.R. train and boat officials  
from Chicago on. John thought the  
climate here was quite different to  
California and wore no overcoat or  
had left it packed in his trunk, but  
he changed his mind at Montreal  
where he struck subzero weather.  
He arrived safe and sound, and will  
come back in the spring.

A paradise for the outside camper  
will be ready next summer when the  
government finishes the new camp  
ground in the Rocky Mountains  
Park within half a mile of Banff, on  
Tunnel Mountain. The camp, which  
on its old site had fully accommodated  
11,000 persons, is especially popular  
among prairie farmers between  
seedling time and harvest. Charge is  
only a dollar for a party for three  
weeks, and running water, garbage  
removal, dinner shelters, electric  
light and even pay telephones are  
provided for campers.

Around ten thousand snowshoers  
and their friends will visit Montreal  
on the occasion of the 20th anni-  
versary of the founding of the  
Canadian Snowshoers' Association to  
be held in Montreal February 3-5.  
The convention is international in  
scope since it takes in the American  
Snowshoers' Association, with over  
1,000 members, the states of New  
Hampshire and Massachusetts, while  
there are also representatives from  
the Manitoba Snowshoers' Associa-  
tion and local bodies from all over  
the province of Quebec.

Making his second visit to Cana-  
da in 44 years, Seymour Hicks,  
noted British actor, with his wife,  
the equally well-known English  
stage favorite, Ellaline Terriss, and  
their daughter Betty, with a com-  
pany of 26, arrived at Halifax this  
month, played at Acadia there and  
three days at Saint John as the  
opening phase of a four months' tour.  
They will embark on the whole  
Frampton to Victoria and back. Mr.  
Hicks travelled C.P.R. and will con-  
clude his tour May 5.

The increased buying power of the  
Canadian people and the surplus  
funds in their possession for invest-  
ment in the last few years is ac-  
counted for by the increased pro-  
duction of the Dominion, substantial  
increases having been recorded  
since 1923 and a new record made  
according to estimates in 1927. The  
value of gross production in Canada  
in 1927 was \$4,546,600,000, in 1924  
it was \$2,262,000,000; in 1925 \$3,  
509,000,000; in 1926 \$5,556,241,524  
and in 1927, according to the esti-  
mate of the "Financial Post," \$7,  
755,796,700. Production in 1927 ex-  
ceeded that of 1926 by approximately  
\$210,000,000 and that of 1923 by  
\$595,000,000. Agriculture accounted  
for \$1,600,387,100; forestry \$465,  
408,000; fishing \$59,291,000; trap-  
ping \$19,785,000; mining \$292,750,  
000; electric power \$108,105,000;  
construction \$386,200,000, and manu-  
factures \$2,760,700,000.

## Canadian Roses for Paris Ladies

Upper Left—Type of airplane that conveyed the flowers to France. Upper Right—Specimen of the roses from the Dale Estate, Brampton, Ontario. Lower—Canadian Pacific liner Montreal on which left Saint John for Europe.

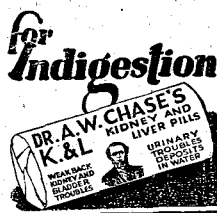

A gesture of courtesy that used as its means of expression the fragile flowers of the heart of summer conveyed by railway, steamship and airplane, over three thousand miles of land and sea, in the depth of winter, to two ladies in France, was chronicled in the information given out by the Canadian Pacific Express Company.

The flowers were two boxes of roses, grown in the huge greenhouses of the Dale Estate, Brampton, Ontario, and sent by Lieutenant-Colonel J. B. Maclean, president of the Maclean Publishing Company, of Toronto, to Princess Carolyn de Fausigny-Lucinge, who was a patient in the American Hospital in Paris, and to the Countess Odon de Lubersac. They were sent as a Christmas present to those ladies, but the weather intervened, and they did not reach their destination until some three days later. When they did reach their objectives, however, it was found that they were as fragrant and fresh as if they had been plucked a few minutes earlier from their bushes.

The Canadian Pacific Express Company was responsible for the handling of the roses from Brampton via Saint John and overseas on board the SS "Montcalm" to Liverpool. They arrived at the latter city

December 23, and were then shipped to the Croydon airfield, to be carried by airship to Paris. Their despatch from this country had been timed to the minute to decorate the ladies' breakfast tables on Christmas morning in Paris.

But the storm that struck Great Britain around the Christmas season had a say in the matter. The airfield was snowed under, and it was found impossible to send out an airship. The roses were held up and did not finally reach Paris until December 28, when they were delivered promptly. The disappointment was more to the sender and the express company who had strained every resource to get the flowers to their destination on time and who were only defeated by weather that was unprecedented in Great Britain, and that could not be foreseen and guarded against. What the recipients' reactions to the gifts were, are not chronicled, but it is fairly sure that they were delighted with these Canadian flowers from a Canadian gentleman, and impressed by the tour de force of their despatch, which disproved the words of their great national poet, who mourns in one of his best-known poems that the rose "endures but the space of a morning."

### Witness Scores Politicians' Interference

Persistent interference with fishery officers by politicians was notorious and had in the past been responsible in a great degree for the indifference of officers who are paid to protect the fisheries of this province, stated Allen G. McAvity, president of New Brunswick Fish and Game Protective Association, chief witness before the Royal Fishery Commission at St. John on Monday. He suggested that the appointment of all officers should be based on merit, rather than political influence. He also suggested that in New Brunswick, the Department accept nominations made by the New Brunswick Fish and Game Protective Association, or at least invite the approval of this organization.

Much good could be done, Mr. McAvity submitted, toward administering the laws in New Brunswick if a commission independent of political parties were formed. He suggested a body of five members, who would derive their salaries from the receipts through selling of licenses and the collection of fines.

### Men's Brotherhood

The Men's Supper held on Tuesday evening in Grace United Church Hall was much enjoyed by all present. The chief item on the menu was a clam chowder which was well cooked and generously served. Mr. Egbert Robertson was in charge of the commissariat department. After partaking of the supper a sing-song was held. The music was provided by the Harmony Five orchestra. The chairman, Rev. E. W. Forbes then introduced the speaker of the evening, Rev. P. B. Walker of St. John's United Church, Middleton. Mr. Walker gave a very interesting address. He called his talk "A Few Drops of Oil", and spoke of the way that friendship and helpfulness makes things go in life as the right use of oil makes a machine run without friction. At the close of the meeting twenty-four members were enrolled in a Men's Brotherhood. This is to have for its object the cultivation of friendship and the rendering of service to the church and community. It is open to all men in the congregation over eighteen years of age. The meetings will be held during the Fall and Winter months on the third Tuesday of each month. The following officers were elected: Hon. Pres. Rev. E. W. Forbes, Pres. Dr. W. R. Dickie, Vice-Pres. Egbert Robertson, Sec'y - Treas. Oakley Turnbull. Other members of the executive, A. J. Dillon, H. J. Campbell, W. C. Warrington. The next supper meeting will be Feb. 21st. Each of the members is expected to bring another member next month.

If a grocer should be paid in proportion to the work he does, how much gross profit do you think he should be allowed to make on slow selling teas as compared with his profit on MORSE'S? Would you say that twice as much was to much? You wouldn't if you were a grocer with long experience in tea selling.

## ON DISPLAY TODAY! AT WOODMAN'S GARAGE

### The VICTORY SIX BY DODGE BROTHERS

ON DISPLAY TODAY WITH THE SENIOR SIX AND AMERICA'S FASTEST FOUR

The Victory is radically new, radically different and thoroughly original—its literally years ahead of its time in many vital features.

It compares with no other car or class, because NO car, either here or abroad, provides features that are comparable. To enjoy these advantages you must buy THIS car, for elsewhere they simply do not exist.

### Revolutionary New Principles of Design

1. For the first time since the invention of the automobile, the chassis and body of The Victory are a single integral unit—the wide, deep Victory chassis frame, flush with the lines of the body, replaces the customary body sills. (Heretofore, the body was mounted on a sill and both in turn mounted on the chassis.)

2. For the first time in history, battle-ship construction (i. e., double steel walls) is here applied to the motor car.

### Spectacular Performance

The results of these, and other basic innovations are astonishing in their effect on every phase of motor car value: beauty, comfort, safety, strength and most impressive and important of all—performance itself.

With chassis and body a single unit, there are 330 fewer parts—175 pounds less weight—and an extremely low center of gravity.

The results are greater motor efficiency—increased power—quicker pick-up—reduced fuel consumption—greater stability and flexibility in relation to load—an easier car to handle—a faster car to drive!

Drive over cobbles and await the usual discomfort—it will never occur! The Victory is the smoothest riding car, for its type, ever built.

### A Serious Omission From Published Minutes of Municipal Council

Through one of those unfortunate happenings that are the result of last minute hurry an omission was made from the minutes of the proceedings of the Municipal Council in the Courier issue of January 20th. This was in reference to the motion for appointment of a Deputy Clerk. In last week's issue Councillor Hillman drew attention to the omission, and though we assured Mr. Hillman that the minutes were published according to copy, we find that it was not.

The paragraph referred to was printed as follows.

Moved by Councillor Hillman that this Council approve the appointment of a deputy clerk, such appointment to be left with the Clerk, seconded by Councillor Woodman and passed.

It should have been printed:

Moved by Councillor Hillman that this Council approve the appointment of a deputy clerk, such appointment to be left with the clerk and expense for the same to be paid by the Clerk. Seconded by Councillor Woodman and passed.

The Courier hastens to make the correction, with the explanation that the copy of the minutes as supplied us by the Clerk was worded as the correction is published.—Editor Courier.

### OBITUARY

JONAS W. RICE

The death occurred at Smith's Cove on Friday, January 27th, of Jonas W. Rice, one of the oldest and most respected citizens of that place. Although having passed the 85th milestone of his life he had up to less than one year ago enjoyed the best of health and was only laid aside a few months from active work. During these few months he had been a great sufferer, but bore it all with much fortitude, and looked forward with strong confidence to the rest and happiness of the life beyond.

He was the son of the late Capt. and Mrs. Eben Rice, and was born and lived his long life in Smith's Cove. When only about 17 years of age his father was lost at sea in the packet "Arrow". From thence the care of his widowed mother and the younger children devolved upon him, and faithfully did he fulfil that trust. During all these years he has always been a great lover of his home, and few more pleasant homes were to be found than that which he provided for his loved ones, first for his mother and sisters, and later for his wife and family. Many were the friends from away that were welcomed there, especially the Pastor and former Pas'ors of the Baptist Church of which he was the Senior Deacon and also for a number of years the Supt. of the Sunday School.

He is survived by his aged widow, one son George, and daughter Miss Jennie, both of whom reside at home, and from whom he received most devoted care in his sickness. Also by two sisters, Mrs. Cynthia Cossitt, of Smith's Cove, and Mrs. James Young, of Brighton.

The funeral took place on Sunday afternoon from his late residence and was conducted by his pastor, Rev. W.C. Heister with burial at the family lot in the Thomas Cemetery.

### Annual Meeting of Board of Trade An Important One

The annual meeting of Digby Board of Trade will be held in the Town Hall on Thursday evening, February 16th. It is important that every member, and every citizen interested in the welfare of Digby should be a member, be present. Reports for the last year will be presented and preparations for the coming year discussed.

Among other things there will be presented a resolution that the Board take more active part in the development of the tourist business, that an aggressive programme of publicity be undertaken and the full advantage of tourist business be derived.

A resolution is also to be introduced commending to the proper authorities the development of the St. John-Digby route, as a part of the Trans Canadian system, in order that access to upper Canadian markets may be given the shore fisheries of western Nova Scotia and to develop tourist traffic from land points.

It is likely that the suggestion of the Courier that an assistant Town Clerk be engaged by the town as tourist publicity man and propagandist generally will take form of a resolution from the Board of Trade recommending the appointment of such an employee of the town.

Regatta Day, improvement of town utilities, borrowing of money for purposes set forth in an advertisement calling a meeting of rate-payers and other matters will engage the attention of the annual meeting.

Any one of these subjects is important enough to demand the attendance of every male of 21 years of age resident in Digby, and it is hoped that the meeting will be well attended. The Board of Trade is on trial. If members are interested and want things done, the Board can be the means of getting them done. If members are not interested, but all adopt the "let George do it" attitude, then the best thing is for every member and everyone interested to attend and vote the Board of Trade out of existence, in order that we may not pretend to be what we may have no intention of being, a town wanting to develop itself for the benefit of those who make their living here. The Board of Trade, as such, must be aggressive. If it cannot be aggressive, then the best thing to do is to disband it. Which is the wise thing to do will be seen at the annual meeting on February 16th.

Miss Frances M. Clark of the nursing staff at the Nova Scotia Hospital has arrived home on sick leave. She has been very ill with pleurisy and will spend the spring and summer months at her home in Bear River to regain her usual health.

The Sewing Circle of the Ladies Hospital Aid will meet on Wednesday February 14th at the home of Mrs. H. F. Williams. A ten cent tea will be served and a cordial welcome is extended to everyone who comes, either for sewing or tea.

Owing to the inclemency of the weather the tableau which was to have been held in Trinity Hall, yesterday, Feb. 9 was postponed indefinitely.

### Sore Back.

Drive away the pain by massage with **Minard's**.

### Luke Vroom, Deep Brook, Appointed, Courier Sub- scription Representative

Commencing from February 1st, Mr. Luke Vroom, of Deep Brook, has been engaged by the Courier as subscription representative to solicit subscriptions and new business for the Courier. While Mr. Vroom will commence handy home his territory extends throughout the whole territory served by the Courier and he is authorized to accept payment of old accounts as well as new subscriptions.

Mr. Vroom has only recently returned from the United States to take up his residence in his own home country, and the Courier speaks for him all courtesies which may be given to the newspaper.

### SCOUT NOTES

Do A Good Turn Every Day.

### Mr. E. Hart Nicholls Presents Union Jack To Digby Boy Scouts

Presentation to the Troop by Scoutmaster O. Wright, of the Union Jack donated to the Troop by Mr. E. Hart Nicholls of Halifax, was the occasion rounds of cheering Mr. Nicholls, writing to the Courier when he forwarded the flag, said that the work of the Boy Scouts was in his opinion one of the best means of training future citizens and he was happy to be permitted to give them the flag.

Mayor Lynch was a visitor at the meeting taking an interest in the work, which was First Aid training, continued from the last week. He spoke to the boys briefly congratulating them on their progress and saying that their being good scouts was an example to other boys, and they should watch carefully over their conduct at all times.

A friend of Mr. Ernest Burnham, Mr. A.H. Holdsworth of Windsor Ontario, has presented the troop with a Troop Flag, and when next the boys turn out for church parade both new flags will be proudly born at the head of the parade. The last church parade was on Sunday, January 29th, when the Scouts attended morning service at Trinity Church, and where the Rector, Rev. Wm. Deifield, talked directly to the boys, giving them good advice, encouragement in the work and the example of christian life as their means of becoming good citizens.

Murray Barr, of the Beaver Patrol, won points on his essay on the Weasel. The next essay subject is "The Skunk."

### V. O. N.

The regular monthly meeting of the Victorian Order of Nurses, Digby Branch, will be held on Monday instead of Tuesday as usual, at 3 p.m. in the Court House. Miss Boswell, the Eastern Supervisor, expects to be in attendance at that meeting, and would like to meet all the members of the committee.

Do not forget to attend the Valentine Supper and Bridge on Tuesday at Mrs. Dexter's. See ad on back page.

## Invaluable Advertising For Digby

We refer this week an illustration of the new Lord Nelson Hotel, being built at Halifax under the direction, largely, of the Canadian Pacific Railway. It is referred to as an illustration of what the new Pines Hotel will mean to Digby in way of advertising to the tourist trade, and to show how nearly the Canadian Pacific Railway backs up its endeavors to promote the territory through which it and its subsidiary company, the Dominion Atlantic Railway passes.

The C.P.R. Press Bureau, with headquarters at Montreal, issued upwards of five hundred copies of this illustration to different news-

papers in Canada and the United States. Each newspaper was one selected because of its value as a tourist trade promoter and it is reasonable to suppose that each published the illustration, giving tremendous impetus to the trend of public thought to Nova Scotia as a tourist country.

When the Pines project develops to the stage which the Lord Nelson Hotel has reached similar illustrations of the new Pines and of Digby will be seen in every newspaper on the C.P.R. Press Bureau's list. The name and fame of Digby will be carried to every centre from which tourist may come, and all at no cost to the town. This is advertising of inestimable value, the greater because many newspapers will comment editorially upon the projected development of Digby as tourist centre by the Canadian Pacific Railway. It should be backed up by a well worked out scheme of tourist advertising by the Town of Digby in order that none of its value may be lost.

In this regard the Courier would again put forward the proposal for the appointment of an Assistant Town Clerk as tourist publicity man for the Town of Digby. Such a man is needed. Every letter from inquirers must be answered in detail, every piece of advertising matter followed through to its destination and a thousand and one things must be attended to which no man, or group of men, should

be expected to attend to without remuneration. Tourist business has outgrown the experimental stage. It is a real business, bringing hundreds of thousands of dollars to Digby each year, and it can be developed to beyond the present hope of a any person now engaged in the business of catering to tourists if it is taken seriously, as a business, and not left to the charitable and indifferent attention of volunteer workers.

## Provincial Publicity

(Mail and Empire, Toronto, Saint John Telegraph)

A group of Montreal citizens propose spending \$1,000,000 on publicity to attract tourist to that province. They expect to reap a hundredfold return. They probably will, for Quebec has many attractions, some of these peculiar to herself. But other provinces also have their attractions and will not be outdone in the matter of publicity. There need be no thought of competition in expenditures of this kind. From Atlantic to Pacific each of the provinces has some special feature in addition to those which are common to all, and will be justified in spending enough to make these better known outside of their own bounds.

Ontario stands first, not only in the gifts of nature, but also in case of access from great centres of population in the United States, and the provincial government should spend whatever is necessary to make them better known abroad. Everyone knows how frequent the thousands of tourists who came here last summer expressed surprise and candidly admitted previous ignorance. Everyone also can imagine how little our advantages are known to the one hundred million odd who did not come here. Our history is little understood by the majority of Americans, and it is probable that lingering traces of antipathy date back to the Revolution. One common misconception is that Canada, being within the British Empire, has to pay some sort of tax to England. It is the kind of error which dangerous men like Mayor Thompson of Chicago spread in order to stir up the prejudice of the foreigners who form so large a part of the population. If Canada were better known to the average American the intercourse between the two countries would be greatly increased.

Tourist traffic need not be confined to the summer months. Winter sports from their very novelty can be used to draw many thousands to this country. Log cabins in the national parks with plain but good accommodations would be a welcome change to jaded nerves of people from large cities. We are spending millions of dollars on our highways and tourist traffic, winter and summer. Advertising would increase the revenue on the heavy investment. The government will be justified in taking advantage of the inclination to travel, especially by motor, to enter upon a judicious but generous campaign of publicity for the province.

There is no healthier drink than MORSE'S TEA, and there is none, not only more refreshing. How comforting it is when you are tired to have a freshly made cup of your old reliable favorite tea; the tea that your family have been using for generations.

## The Ice Man Is Happy

Not altogether happy, but nearly so. Last week he decided to start cutting and from early Monday morning trucks and horse teams and ox-carts have been busy hauling ice from the ponds to the different ice warehouse of fish companies and private concerns. The ice is not very thick, averaging eight or nine inches, but is fairly clear and mostly free from top crust of snow. As many as twelve teams and four trucks were counted on First Avenue between Sydney street and the corner of Warwick street at one time.

## OBITUARY

## Death of Mrs. Margaret Wood

There died at Digby on Monday morning, January 31st, Mrs. Margaret Wallace Wood, widow of the late Sidney Wood and sister of the late William B. Stewart, former Clerk of the Municipality of the District of Digby. One sister, Mrs. George E. Corbett, of Annapolis, and a number of nephews and nieces survive.

Mrs. Wood was born in Digby and spent her life here.

The funeral was held last Thursday afternoon, Rev. Wm. Driffield of Trinity church officiating, with interment in Forest Hill cemetery.

## TO WOMEN OF MIDDLE AGE

Mrs. Wilson's Experience a Guide to Women Passing through the Change of Life

Hamilton, Ontario.—"I have taken several bottles of Lydia E. Pinkham's Vegetable Compound and I cannot speak too highly of it. I was the Change of Life and was all run-down and had no appetite. I was very weak and sick, and the pains in my back were so bad I could hardly move. I got very sad and at times thought I had not a friend on earth. I did not care if I lived or died. I was very nervous, too, and did not go out very much. A friend advised me to try a bottle of Lydia E. Pinkham's Vegetable Compound, and I did. I am a farmer's wife, and always worked hard until lately, I began to feel like a new woman after the first bottle, and I recommend it with great success. Also Lydia E. Pinkham's Liver Pills. I am willing to answer letters from women asking about your medicines, as I cannot speak too highly of them."—Mrs. EMMA WILSON, 471 Wilson Street, Hamilton, Ontario.

Sold by druggists everywhere. a

**Take PEPS for Coughs & Colds**

## To Saranac Lake to Recuperate

Mr. H. B. Short, M. P., accompanied by Mrs. Short, left on Tuesday of last week for Ottawa, where Mr. Short will register his attendance at Parliament before going on to Saranac Lake, New York, to recuperate after his serious illness. His health does not permit attendance at Parliament at the present time.

## Church Point Gives Digby a Great Game

Showing great improvement over their first appearance here, and flashes of real hockey that surprised Digby players and fans, the Church Pointers on Monday night gave the Red Ravens the best game of hockey they have played in this winter. The score, 6-2, is about an indication of the play, just as the score at the end of the first period was an indication of the game to that time. When the gong sounded at the end of the first frame the tally board showed two counts for the visitors and the Ravens hadn't laid an egg. Bits of team work, flashes of speed, back checking like veterans, poke checking and interfering as good as could be, the Pointers stopped the Ravens stiff for a glorious twenty minutes, and Eldridge had work to do all the time. The first goal was on a pass from Blinn to a forward and the second was a bit of the same sort of work. Blinn was the outstanding man of the team, and should be on the Ravens roster. We'll see to it next year if the Point people don't have a rink and enter a team in the league.

The second and third periods experience commenced to tell, the visitors had to use their spares to rest their line, and the extra years of hockey playing told. The Ravens got six goals, working for every one, and were kept out of many others by the sensational blocking of the Point goalie. He was "on" and needed to be.

The game we would like to see is Annapolis versus Church Point, right here on Digby ice. We bet on Church Point to beat them. Could it be arranged.

## Freeport

A gale of intense ferocity swept this community on Wed. last creating great havoc along the water front when part of a number of wharves were destroyed and many lobster traps and other gear etc. valuable to the fisherman were carried out to sea.

Miss Rene Perry and friend of Boston Mass. are spending a few days with the former's parents Mr. and Mrs. Loran Perry.

H. Young of Windsor, Ontario is home for a short visit with his parents Mr. and Mrs. Harris Young, Pleasant St.

Capt. Horace Thuber, Irving Thuber and W. Moran of the Sch. Firelight which recently returned from Gloucester, are spending their vacation at their respective homes here.

Capt. and Mrs. Charles Morrell entertained a large number of their friends at a party on Friday evening.

A regular session of Fair Isle Rebeccah lodge was held on Friday evening the 27th.

Capt. Horace Churchill who has been spending the past few weeks with his wife and daughter leaves on Tuesday for N. Y.

The weekly meeting of the B. Y. P. U. was held on Friday evening with the Misses Jennie and Wilhelmina Thuber as leaders.

The mens class held a Bean Supper in the hall on Thurs evening the 19th, at which a good number was present. Following the supper a splendid literary and musical programme was given with W. P. Morrell Pres. of the class presiding in the chair. A number of suitable selections were rendered by the mens choir bringing to a close an evening much enjoyed by all. A feature of special note on the evening programme was the reading of two poems in the French Canadian dialect by Mr. Rawleigh Brooks a former Freeport boy who, after an absence of several years in the Canadian West is visiting his parents Mr. and Mrs. W. Brooks.

The Annual Valentine Supper and Bridge of Digby branch, Victorian Order of Nurses will be held at the home of Mrs. C. E. Dexter, The Elms, Mount St on Tuesday evening, February 14th. A committee of the organization is already preparing for this event of the social year.

## "SALADA" ORANGE PEKOE BLEND TEA

Advertising unless true is wasted—We tell you "SALADA" Orange Pekoe is the best Orange Pekoe you can buy—and the most economical. A half-pound package is only 43c—Sold by all good grocers. Make a test in your own home.

## Victoria Beach

Mr. and Mrs. Geo. King are receiving congratulations on the arrival of a son Feb. 4th.

Sorry to report Mrs. James White on the sick list.

Chas. A. Boydread had the misfortune to cut his leg recently, but is better at the time of writing.

Miss Lillian Robart and Carroll Gates were week end guests at the home of Mr. and Mrs. C. A. Boudreau Feb. 4th.

Lobster fishermen are doing very good at the present time.

John McGraw Sr. returned last week from St. John, N. S.

## Grand Master Visits Bear River Lodge

The members of Friendship Lodge, I.O.O.F. and Elita Rebekah Lodge, assembled in large numbers on Thursday evening to welcome the Grand Master of the Maritime Provinces and Newfoundland, J.A. Murdock, of Saint John, N.B.

After routine business, P.D.D.G., A.O. Eisener, as chairman, gave a welcoming address, responded to by the evening's guest of honor, who stated he was making a special effort to visit the lodges of the direct railway route; and that Friendship Lodge has not been visited by a Grand Master for six years. Music, readings and refreshments, enlivened the social hour, and representatives present from other lodges, gave short addresses: viz., P.G.J.A. Farquhar, of Forest Lodge, Hyde Park, Mass., Mrs. G. Oickle, of Rebekah Lodge, Charleston, Mass., and Mrs. J. Dinmore, of Riverbade Lodge, Port Clyde, N.S.

Friday evening 7.00 Junior Young People 8.00 Senior Young People

## Institute Meeting

The monthly meeting of the B. R.W.I., on Monday afternoon was largely attended, the Institute having its guests the High School and Preparatory Dept. girls of Oakdene Academy

A large amount of business was transacted and important correspondence received.

The entertainment for the afternoon consisted of a three quarter hour demonstration of "First Aid" work put on in a very practical and interesting manner by two trained nurses, Mrs. John Harrow and Mrs. Joseph Steadman, both active members of the Institute, with little Marion Waggoer as a model patient.

Two primarily intended for instruction and benefit to the Oakdene pupils, the demonstration much enjoyed by the seniors in the audience.

The response to members names at roll call by witty and amusing health maxims was a feature of the meeting.

## Troubled With Lame Back Day and Night

### Dodd's Kidney Pills Relieved Him

#### Saskatchewan Man Has Not Been Troubled Since

Muenster, Sask. Feb. 6th (Special) "I was troubled very badly with lame back day and night," writes Mr. John Stell, a well-known and highly respected resident of this place. "I also had urinary trouble which caused me to get up many times during the night. Two years ago I took five boxes of Dodd's Kidney Pills which relieved me from this trouble till a year ago when I got a touch of it again. Two boxes of Dodd's Kidney Pills completely relieved me again and I have not been troubled since."

If you have any symptoms of Backache you may be sure your kidneys need attention. Neglected kidneys are the cause of more than half the ills to which mankind is heir.

Dodd's Kidney Pills act directly on the kidneys, making them strong and healthy. Sound kidneys mean pure blood. Pure blood means good health.

## Mother Goose China For Tiny Travellers

Special attention to kiddies, travelling with their parents on trains of the Canadian National Railways, has for some time been a feature of service on Canadian National dining cars. Nursery rhyme menus, illustrated with all the popular nursery rhyme characters, have been provided for the youngsters to select their own meals, and special meals, suited to the kiddies' tastes have been provided. Now another attraction for the children has been provided, with the placing on each of the diners of special china services for the children, each of the plates, cups, etc., being decorated with paintings from the nursery rhymes. The famous cow jumping over the moon and Miss Muffet shrinking in horror from the spider which "sat down beside her" are but two of the nursery rhyme characters illustrated in colors on the edges of soup and dinner plates, cups and saucers. High chairs for the convenience of tiny travellers who are still too small to be seated at the regular table, and special bibles to prevent soiling of pretty dresses, are part of the equipment of every standard dining car.

## Bear River Young

### Lady "Showered"

One of the largest and most enjoyable social functions of the winter was the Bridge and Shower given Thursday afternoon in honor of Miss Louise Purdy, daughter of Mr. and Mrs. Harry Purdy of this town, who is soon to become the bride of a young Western lawyer.

Mrs. Harry W. Anthony and Mrs. Fred R. Harris were the joint hostesses, and after a couple of hours of Bridge and the serving of refreshments, Miss Purdy was invited to open the gifts assembled in a beautifully decorated basket. These consisted of hand worked linens in great variety, china and silver, accompanied by the very cleverly and amusingly expressed good wishes of her many friends.

Miss Purdy's new home will be a large ranch near Regina, Sask.

## SCOUT NOTES

Saturday afternoon was a busy time for the local scouts at headquarters. For the past few months through the courtesy of the Pastim Club, they have been enjoying the use of one of the rooms, but the Club lease expired on the first of February, and new arrangements had to be made. The Scouts have now arranged to use the lower part of the Temperance Hall and on Saturday afternoon they met to put their new quarters in shape for occupation. A thorough cleaning was necessary, and a stove installed for heating. It will be a couple of weeks before the new quarters will be ready for use.

At the last meeting a first aid demonstration was given by the patrol leaders, Henry Romans and Edwin Kempton including bandaging for various injuries, and splinting for broken limbs. The dressings, when completed, were very neat, and had a real professional appearance.

The applications of Watson Peck and Winston Benson for admission to membership were voted on favorably.

The Patrol Competition has now swung in favor of the Beavers who have 166 points to the Peewits 163.

## Deep Brook

It is pleasant to hear from time to time of our young people who have gone away for employment. In a recent letter from Fred Purdy we learn that he has taken his final exams for the position of Chief Engineer. He now has his papers for Chief Engineer unlimited. He is the youngest son of Mr. and Mrs. Ernest Purdy.

Mrs. Loran Adams was a recent guest of her daughter Mrs. Willis Rice of Middleton.

Mrs. J.R. Berry spent last week with her daughter Mrs. Aubrey Sanford of Torbrook.

Miss Neva Masters of the Western Union office staff, of Bear River is spending a week with her mother Mrs. Jennie Masters.

Herbert Gregg, of Saint John, spent a few weeks recently guest of Mr. and Mrs. Ernest Purdy.

The Dorcas Society held a pleasant meeting on Wednesday Feb. 1st, with Mrs. I.F. McClelland. A committee was appointed to arrange for a Valentine Social to be held in the Hall Tuesday, Feb. 14th. Refreshments were served by the hostess.

There will be a public Missionary meeting held in the Baptist Church on Friday evening, Feb. 10th. The meeting will be addressed by Miss M. Estelle Eaton, of Gt. Linge Mission, Quebec. There will also be a pageant by the young women of the church.

## A Public Meeting of Ratepayers of the Town of Digby

Will be held in the COURT HOUSE, Digby on

Monday, 20th Day of February, A.D. 1928 at 8.00 p.m.

To VOTE on the following Resolutions:

- RESOLVED that the Town Council of the Town of Digby be empowered to borrow or raise on the credit of the Town a sum not exceeding Ten Thousand Dollars for the extension of a WATER MAIN from LILY LAKE to a point below the dam, and a further sum not exceeding Two Thousand Dollars to defray the cost of the Carleton Street Extension now completed, and that an ACT of the Legislature of the Province of Nova Scotia be obtained authorizing the Town of Digby to borrow the above sums for the purposes aforesaid.
- RESOLVED that the Ratepayers of the Town of Digby hereby authorize and empower the DIGBY COUNTY POWER BOARD, from time to time, to borrow a sum of money not exceeding in all FIFTY THOUSAND DOLLARS and make and issue DEBENTURES therefor in accordance with the provisions of the Digby County Power Board Act, Chapter 113 of the Acts of 1926, such sum or sums to be used for the purpose of extending the transmission line down DIGBY NECK.
- RESOLVED that the ratepayers of the Town of Digby hereby authorize and empower the DIGBY COUNTY POWER BOARD, from time to time, to borrow a sum of money not exceeding in all FIFTY THOUSAND DOLLARS and make and issue DEBENTURES therefor in accordance with the provisions of the Digby County Power Board Act, Chapter 113 of the Acts of 1926, such sum or sums to be used for the purpose of extending the transmission line within the MUNICIPALITY OF CLARE.

Only those persons whose names appear on the Rate Book for the year 1927 will be entitled to vote.

## OBITUARY

The death of Mrs Susan Fitzgerald widow of the late Charles H. Fitzgerald, and oldest resident of Weymouth North occurred at the home of her son Capt. H. B. Fitzgerald on Monday afternoon. Deceased who was in her 89th year of age had been in perfect health until about a week before her death, and had been a life long member of the Weymouth North Baptist Church.

The funeral service was conducted by Rev. M. B. Whitman and was held in the Riverside Baptist Church Wednesday afternoon.

The deceased is survived by one son Capt. H. B. Fitzgerald of Weymouth North, one brother Capt. Timothy Brooks of Wintrop, Mass., and one sister Mrs Angeline Whitmore of Gildersleeve, Conn.

## New Kind of Spectacles

1,000 Pairs to be Given Free

Toronto, Ont. — A new, clear-vision spectacle has been created, which is guaranteed unbreakable, cannot tarnish and is a great improvement over all other makes, as they will enable almost anyone to read the very smallest print, thread the finest needle, and see far or near. It is now taking the country by storm.

The manufacturers, Consumers' Spectacle Company, 28-33 Melinda St., Dept. N. W. 72, Toronto, Ont., are offering to send a pair on six days' trial. If you are not amazed and delighted, if you do not think their spectacles at only \$5.00 equal to those sold elsewhere at \$15.00, send them back. You won't lose a cent. They will also tell you how to get a pair for yourself without cost. Write them to-day.

## Racked by Rheumatism

"Fruit-a-tives" Brought Speedy Relief

MR. S. FLOYD.

Read this honest letter: Nantahaw, B.C. — "I had been suffering with rheumatic pains in my shoulder. Decided to try 'Fruit-a-tives'. In a very short while I had relief. Also had a touch of bleeding piles. 'Fruit-a-tives' worked like a charm. I think they are really marvellous." — Mr. S. Floyd. "Fruit-a-tives" is composed of fresh fruit juices intensified and combined with tonics. The easy, natural action corrects constipation, stomach, kidney and bladder troubles, rids the system of poisons, purifies the blood, and banishes rheumatism and kindred pains. "Fruit-a-tives" is sold everywhere. 25c and 50c a box. Test it—to-day.

## Belliveau's Cove

The sudden death of Louis C. Theriault occurred Saturday night. Deceased was 71 years of age. He was actively engaged at his usual work till his death. He passed away quietly while sitting on a chair by the fireside.

Mr Theriault was a highly respected citizen of the community and leaves to mourn his loss his wife, four brothers and a sister, Joseph C. St. Clair and P. A. Theriault of this place and Siffroi Theriault of Weymouth. Mrs. Augustin Belliveau of this place.

The funeral took place at St. Bernard's on Tuesday. Bishop LeBlanc of St. John officiating.

Mrs. August Doucett is dangerously sick. Her daughters Mrs John Belliveau of Halifax, Mrs Felix Melanson and Miss Lucie Doucett of Boston have been called home.

His Grace Bishop LeBlanc of St. John arrived Monday to visit his sister Mrs Louis C. Theriault.

Leo Blin is confined to his home on account of an injured hand.

Simile LeBlanc and Puis Belliveau are home from the States.

The Sch. "Edith Belliveau" is taking on board a cargo of lumber for the West Indies.

Francis Dugas was a visitor in town this week.

## Will Construct Building for Assembling Plant for Defiance Trucks

Construction of a new building to house the assembly plant for the Defiance Truck factory branch to be opened here by H.T. Warne will commence this month according to word from Mr. Warne. The plans are ready and the mill is getting out the specifications. Included in the plant will be quarters for the new Duco Paint shop, where old cars will be made like new. Purchasers of the Defiance Trucks last season have given the machine a good try out under winter conditions and reports of excellent service under all conditions are common. Mr. Karns, of the Defiance Company, is expected to return to Digby shortly to supervise the spring selling campaign.

### FOR SALE

FOR SALE — Boat suitable for Scooping or any other work. For particulars apply to H. B. Frankland, Little River Digby Co., N. S. F2-2c

## Weymouth

George O. Hankinson left on Friday for Boston on his annual business trip.

Miss Violet Cook was a passenger to Boston on Friday.

Dr and Mrs R. O. Bethune of Berwick arrived Friday to attend the funeral of the late Mrs (Dr) E. O. Hallett returning on Saturday.

Nathan Ashkies who arrived from the U. S. on Friday for a brief visit to his father, Mr Max Ashkies, returned on Tuesday.

L. H. Potter, manager of the Royal Bank of Canada here left on Friday for Boston where he will spend his vacation.

## Central Grove

Carl Titus has gone to Halifax for medical treatment.

Mr and Mrs Bernard Boushie and baby of Freeport are spending a couple of months with her parents Mr and Mrs Edward Tibert.

Sheldon Morrill of Westport was the week end guest of his Aunt Mrs C. M. Tibert.

## New Tusket

Misses Helen Sabean and Alice, Hudson spent Sunday afternoon and evening at the home of Mr and Mrs Harding Mullen.

J. M. Sabine and Mrs Wainmaker of Weymouth called at the home of Mr and Mrs H. Sabine on Sunday.

Mr and Mrs Fred Johns of Weymouth spent one day last week at the home of Mr and Mrs Minot Mullen.

Miss Beslie Mullen left recently for Truro where she will attend Normal College.

On Saturday evening a candy party was held at the home of Mr and Mrs C. F. Sabean. Altho the weather was stormy and the walking very slippery, a goodly number gathered. Those present were Misses Ester Minard, Freida Smith, Fannie Mullen, Helen Mullen, Ester Mullen, Nellie Lewis, Annie Greene, Eva Prime, and Messrs Russell Smith, Floyd Tidd, Everett, Thomas, Murray, Winston and Merle Mullen and Verne DeLong. The evening was spent in playing games and eating candy. The party broke up at a late hour, all reporting a good time.

Mr and Mrs Thornton Mullen of Cornerbie spent Sunday with relatives here.

Mrs Hollis Kimball left recently for St. John to join her husband. Mrs Kimball has been visiting her mother Mrs Asa Mullen since December. Mrs Mullen we are sorry to report is not in very good health.

Mr and Mrs Chester Stevens and daughter Gladys and Miss Ester Gaudett of Weymouth spent Sunday at the home of Luke Gaudett.

## Every Man Past 40 Should Make This Test

For Amazing and Lasting Relief From Middle-Age Ailments That Cause Daily Annoyance and Sap Vital Force

No longer need men near or past the prime of life put up with those painful and often embarrassing conditions brought on by overworked, sluggish Kidneys, Bladder Weakness and Prostrate Gland Trouble, with their distressing symptoms of Lamebacks, Pains in back and down through groin, scanty but frequent and burning urination, "Getting up Nights," Nervous Irritability and lack of interest because a ten day test of Dr. Southworth's URATABS will convince the most skeptical of the value of this special treatment for their particular case.

Amazing testimony of Physicians and users gives convincing proof of the power of URATABS to restore Health and Strength to a weakened, inflamed or irritated Bladder and Urinary Tract. A multitude of alarming symptoms seem to quickly disappear—and you see and feel a truly genuine improvement often within two or three days. "No more Backaches, no more pain, no more embarrassment or getting up nights," now sleep soundly, and get up in the morning full of pep, thanks to URATABS!

While new to the general public the wondrous value of URATABS has been thoroughly proven by nearly 40 years of successful use in the private practice of Dr. H. C. Southworth. And now any good druggist will supply them on a guarantee of satisfaction or money back. Try URATABS today.

A Jiggs Supper under the auspices of the Ladies Hospital Aid will be held in the Baptist Vestry on Thursday February 23rd starting at 5.30 o'clock. Tickets 50c.

### NEW COUNCILLORS AND MAYOR SWORN IN BY TOWN MAGISTRATE

**Inaugural Meeting of Town Council and Occasion for Addresses by All Members. Town Clerk Boden Complimented.**

On Monday night at seven o'clock the old Council, which for the past year has conducted the affairs of the ratepayers, met to welcome the Councillors elect and to permit the retirement of the members whose terms of office had expired and who were stepping down to give others their turn at civic duty. There were present, Mayor Lynch, Presiding Councillor Stanley Aymer, Councillors Dakin, Wightman, Eldridge and Turnbull and Councillors elect Shortliffe, Cardoza and Robertson. Magistrate Havey was in attendance to administer the oaths of allegiance and office.

Mayor Lynch took the chair and called the meeting to order. He had a word to say to the retiring councillors, thanking them for the courtesy and cooperation which had marked their year and expressing regret, which he felt sincerely, that they were going out. He then vacated the chair and Presiding councillor Aymer took his seat. Magistrate Havey administered the oaths of allegiance and office and Mayor Lynch resumed his place.

Welcoming the new councillors to the civic board Mayor Lynch said he felt that the cooperation and dispatch which had always marked the proceedings of the Council would continue. He and Councillor Shortliffe could recall the days when all was not peace and harmony at Council sessions, but he felt that the town business could be attended to faithfully without friction. Difference of opinion would of course occur, but he felt that the expression of opinion would not at any time retard the proceedings or detract from the dignity of the board. He then asked the new Councillors to be seated, having first requested Councillor Wightman to take the seat at his right.

Councillor Shortliffe took the seat he occupied when in 1910 to 1914 he served on the Council; the seat facing the Mayor.

This formality concluded His Worship called on the retiring councillors. All spoke briefly thanking the Mayor for the manner in which he had conducted business and not forgetting to give measure of thanks to Town Clerk Boden for the assistance which he had rendered each in the performance of his duties. Councillor Dakin particularly, desired that the incoming Council feel at liberty to call upon him for any information and assistance which might be required.

The continuing councillors, Messrs Wightman, Turnbull and Eldridge added their welcome to that of the Mayor and the new councillors were called upon. Each spoke briefly. They appreciated the honor which the ratepayers had conferred on them in entrusting them to assist in the management of town affairs and they would endeavor to fill the oath they had taken. Councillor Shortliffe recalled the days when he had served and hoped that the work of the town would continue to be performed as faithfully as it had been performed by the Council of 1926-7.

Mayor Lynch then presented a slate of committees which was adopted as a whole.

The continuing councillors, Messrs Wightman, Turnbull and Eldridge added their welcome to that of the Mayor and the new councillors were called upon. Each spoke briefly. They appreciated the honor which the ratepayers had conferred on them in entrusting them to assist in the management of town affairs and they would endeavor to fill the oath they had taken. The Mayor is a member ex-officio of all standing committees.

#### Former Digby Resident Guest of honor at Medford Church Reception

Upwards of five hundred members of the congregation of Medford, Mass. First Baptist Church attended a farewell reception at Medford in honor of Rev. and Mrs. Denton Judson Neily, former residents of Digby. Mr. Neily retired from the pastorate of the church after ten years of service, which was fittingly commemorated in the wording of two addresses expressing regret at Mr. Neily's removal from Medford and in the presentation to the guests of honor of a draft for \$600 on the Medford Trust Company.

Among the speakers were Dr. Hugh A. Heath, secretary of the Massachusetts Baptist Convention, Rev. S. J. Cann, Rev. Ernest A. Elwell, pastor of West Medford Methodist church and Rev. F. A. Cushing, pastor of Mystic Congregational Church.

W. F. Cushing, senior deacon of Mr. Neily's church spoke on behalf of the congregation. "Mr. Neily's pastorate has been the best ten years of this congregation," he said. "During this time the church has been entirely freed of debt and membership has increased."

Mrs. M. M. Papkee and Mrs. Leigh Cushing presented Mrs. Neily with a table lamp on behalf of the ladies societies of the church. The cheque was presented by Mr. James A. Bovey on behalf of the congregation and it was accompanied by an anonymous gift from a non-member whom Mr. Neily had assisted in a time of trouble.

Mr. Neily replied to the addresses and gifts in charming words eloquent of regret at leaving and of gratitude to the congregation for the assistance he had been given in the work of the church.

The church choir of forty voices assisted in the programme, which included a banquet in charge of a capable committee.

#### V. O. N.

The Victorian Order of Nurses, Local Association, held its regular monthly meeting in the Court House Monday, February 13th, the Rev. Mr. Bishop presiding.

There was a large representative gathering and reports of the work for the past month were presented by the Secretary, Mrs. Geo. Turnbull, the Treasurer, Mrs. Lynch, and the Victorian Order Nurse, Miss C. Gulliver, R.N.

Miss Mary L. Boswell, R.N., Field Superior was present. Comparing the growth of the work and the situation as it is and as it was on a former visit. Miss Boswell pointed out a few very telling facts, concerning the service in the last two years, which should be of great interest and very inspiring to those who give so freely of their time, thought and labor to maintain this service.

Referring to the reports Miss Boswell said that there were in 1926, 129 cases, while in 1927 there were 157 cases, an increase of 28 patients. Concerning nursing fees, the nurse drew, in 1926 the sum of \$371.75 and in 1927, \$594.40. There were in 1926, 29 free nursing visits, including 8 free confinements and in 1927, 142 free nursing visits, including 2 free confinements.

The Order exists primarily for the sick, poor, and we ask is not suffering lessened and conditions alleviated in such cases by the ministry of a qualified nurse such as the Victorian Order?

Miss Boswell also reviewed the volume of School work for 1927, a total of 88 defects were corrected. 150 home school visits were made; 9 children excluded, 9 referred to a physician and 13 group health talks were given. It is difficult to estimate the value of such work, for it is impossible to tabulate the benefits accruing through health talks and personal contact.

The committee acknowledged with thanks contributions from Mrs. Gilpin \$5.00, Mrs. Casswell \$2.00, Rev. A. J. Prosser \$2.00, Dr. and Mrs. G. V. Turnbull \$2.00, and Mr. and Mrs. Geo. Peters \$2.00.

The receipts from the Valentine and Bridge held on Tuesday evening at Mrs. Dexter's residence were \$104. Much credit is due Mrs. Dexter and her committee for their untiring efforts in providing such an excellent supper and a pleasant evening. The Victorian Order takes this opportunity of thanking the public for their patronage and all those who in any way contributed to the success of the occasion.

#### On Visit to Boston

Mrs. George Peters left on Tuesday for Yarmouth to take boat for Boston, where she will visit friends for several weeks. Mr. Peters will join her for a week's holiday before she returns.

#### Visiting in U. S. A.

Mr. James J. Walsh of Edmonton, Alberta, spent a week recently with his mother Mrs. A. Phinney at Cambridge, Mass. Mr. Walsh is a former Digby boy and before going west fourteen years ago was employed by Mr. E. T. Warner.

### JACOB W. GILLILAND DIED AT HOME OF DAUGHTER IN LYNN

**Remains Will Arrive Here Today and Funeral Services Will Be Held at Rossway On Sunday**

Word was received at Digby on Tuesday of the death, at Lynn, Mass., on Monday, of Jacob W. Gilliland, former resident at Waterford. Mr. Gilliland was in his 92nd year. The remains will be brought to Digby today and interment will be at Rossway on Sunday. Fred and Ernest Gilliland are sons and Mrs. Captain Powell, of Brighton, is a daughter. Mrs. Gilliland predeceased her husband several years ago.

Mr. Gilliland died at the home of his eldest daughter, Mrs. George Farnsworth, of Lynn, Mass., with whom he had made his home since the death of his wife in 1908. Before removing to the United States Mr. Gilliland lived at Waterford. He is survived by seven daughters and five sons, they being Mrs. Byard Powell, Plymouth; Mrs. Myeta Young, Newport; Mrs. Lillian Berry, Mrs. Frank Longley and Mrs. Farnsworth, of Lynn, Mass.; Mrs. Sophia Timpany, New York; and Mrs. Elizabeth Gavey, of Lynn. The sons are: Byron, of Farmingham; Ernest, Gloucester; William, Somerville; Frank, New York, and Frederick, of Rosindale.

#### Rebekah's Valentine Party

The many who on Monday evening attended the Valentine Social held by Zeina Rebekah Lodge in the I. O. O. F. Hall on Monday night enjoyed a delightful entertainment. The half hour farce, games and music by the Harmony Five Orchestra combined to make up a splendid evening of entertainment, which was topped off with the serving of delicious refreshments.

Mrs. A. E. Dickie spent the week end with friends in Annapolis.

## "Nova Scotia and the C.P.R."

W. H. FARNHAM, M.P.P.

Dear Editor:—

May I crave a small place in your column to express my views in the very important question confronting the province of Nova Scotia at this particular time. The entrance of the C.P.R. into closer relationship with the transportation problems of our life:

It seems to me there can be no question nor argument as to the benefits that must accrue from such action on the part of the greatest transportation system in the world.

I have read with keen pleasure the many articles published from time to time in the columns of the Halifax Herald and the Digby Courier and yet I know that those who have written some of those splendid letters as to giving the C.P.R. running rights over the C.N.R. from St. John to Halifax will bear with me if I cannot see from the same viewpoint as they.

I am not yet able to understand why the C.P.R. should be given

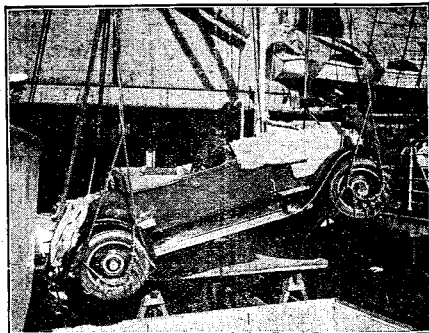

these rights when they already have through the D.A.R. and S.S. Empress a very much shorter and quicker route from Halifax to Montreal over its own lines. The C.N.R. is taking good care of the Eastern and Central sections of the province and it is up to the C.P.R. over its own and subsidiary lines in competition with the C.N.R. to look after the Western part of the province and Winter Port of Canada, Halifax.

If the C.N.R. have money belonging to the people of Canada to spend in double tracking their line from Halifax to St. John, let them first build their line into Guysboro County and give those people living there something in the shape of service for the taxes they have been paying all these years. I understand that a few years ago the C.P.R. had surveys and plans made and completed for a car ferry service across the bay from St. John to Digby in order to be ready for the day when traffic would demand such a service.

There can now be no question as to the volume of business which can and will be offered over this route providing the facilities are there to handle it. The past two years have shown very clearly that the time has come when the service across the bay is not adequate and far from being satisfactory to the business and travelling public or to the C.P.R. itself and the people of Western Nova Scotia are demanding that traffic conditions be bettered. This cannot be by double tracking the C.N.R. from Halifax to St. John, for while the old saying may in some cases be true, "That the longest way around is the surest way home." Surely in this case the longest way around is much too an expensive way home. The traffic will not stand a route of three or four hundred miles, when less than one hundred would do the trick.

There are many reasons why the Digby-St. John route should be developed. First the wonderful development of the fishing industry in Western Nova Scotia should have every facility placed at its disposal to enter the markets of Canada as quickly and cheaply as possible. Secondly the farmers of the Valley and western Nova Scotia are being entreated and urged by

## Europe Next!

Not content with even the excellent service provided by travel agencies in Europe, many Canadians take their own cars across with them. Note the precautions taken in lowering this tourist's roadster into the hold of the Cunarder Ascania on which he sailed recently for England from Halifax. To the right and above is a motor-driven lifeboat.

our Local Government through the Dept. of Natural Resources to increase the production of hogs, lambs, butter, eggs and poultry and it is preposterous to expect these products of the farm to travel all the way around by Truro to get to a market which is only a few miles away. Thirdly and perhaps the greatest reason is the strides of the tourist traffic. It is estimated that during the last five years this business has increased 200 per cent and it was worth \$10,000,000 in this province in 1927, it is no great stretch of the imagination to see a tourist business in this province in the next ten years of at least \$100,000,000. If the C.P.R. is expecting to take care of its share of this tremendous traffic it must develop and increase its service across the Bay. In other words it must have a car ferry. As already stated no double tracking of the C.N.R. will help out in the least as regards the tourist traffic. For the simple reason tourists will never put their automobile on a train to go from St. John to Halifax or vice versa they must have accommodations by water. If this is not provided they will not come here in large numbers and those that do come will go by Yarmouth.

Let me say further that I believe the effect of the C.P.R. going on its knees to the C.N.R. for running rights over that road would be very detrimental to the best interests of this province. The C.P.R. has already given a great impetus to the prosperity of this province by its action in subscribing to the Lord Nelson Hotel and perhaps to a greater degree by its announcement of a large fire proof hotel at Digby. The vision and foresight of this great Transportation Co., cannot help but reflect upon the people of this province and in fact this whole continent, and with the development of this car ferry service we may look forward to no very distant future when Nova Scotia will enjoy such prosperity as it so richly deserves. Let the people of this province back up this development on the part of the C.P.R.

W. H. FARNHAM, M.P.P.

There is a richness of flavor in MORSE'S SELECTED ORANGE PEKOE that is not found in other teas. It can be said without fear of contradiction that MORSE'S SELECTED ORANGE PEKOE is the very finest flavored tea sold in Canada.

Capt. and Mrs. H. H. Covert  
Are Honored

St. John Telegraph

Captain and Mrs. H. H. Covert, of Boston, who are spending the winter at Ten Eyck Hall, St. John, were honored by the other patrons of the house Tuesday evening on their 46th wedding anniversary. A surprise dinner party was tendered them and a speech of congratulation by Dr. Kirkland was suitably responded to by Capt. Covert. Solos were contributed by A. C. Lawrence, and the bride and groom of 1882 were made the recipients of a bouquet of roses, Mrs. Edward R. Bates, Jr., is a daughter of Capt. and Mrs. Covert.

Mrs. Covert is a daughter of the late Capt. William C. Warner, of Plympton.

## Frank Agate Under Emergency Operation at New York Hospital

Mr. Frank Agate, son of Mr. William Agate of the Waverly Hotel, residing in New York, was on Wednesday last taken to a hospital suffering with acute appendicitis. An emergency operation was performed on Wednesday evening and in the last letter received by Mr. Agate from his daughter, Miss Emily, her brother is resting comfortably and is making progress toward recovery.

## Bladder Weakness Getting-Up-Nights Quickly Relieved!

Pleasant Home Treatment Works Fine; Used by Doctor For Many Years

What a wonderful comfort it is to sleep all night and not get up once from Bladder Weakness and Irritation.

The daily annoyance, restless nights of misery, backaches and nervous irritability that result from Bladder Troubles are wrecking the lives of thousands who might otherwise be in the best of health.

To be at your best, you must have peaceful, health-giving sleep and freedom from daily irritation—that's why Dr. Southworth's URATABS give such wonderful satisfaction.

Made from a special formula and used in the Doctor's successful private practice for nearly 50 years—URATABS, now obtainable from your druggist for inexpensive home use, have brought quick help and comfort to many thousands.

No matter what your age may be or how many medicines you have used without success, if you want to forget your bladder and enjoy the rest of peaceful, unbroken sleep, try URATABS today. Your druggist will refund the small cost if you are not well pleased!

## Will Recommend Electrification of Point Prim Light

Mr. H. F. Morrisey, of Saint John, District Engineer of the Department of Marine, was a visitor in Digby last week, en route to Yarmouth on official business. While here he held a conference with Superintendent Campbell of the Power Board and went into details of electrification of the Point Prim Light and Fog Siren. The demand for energy will be in the vicinity of 600 kilowatts per month. Mr. Morrisey said he would recommend the change.

Construction of a distribution line to Point Prim, serving the Mountain Road section, can be proceeded with as soon as the change is approved by the department.

Hydro is yours if you use it.

## Clean Kidneys By Drinking Lots of Water

Take Salts to Flush Kidneys if Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts can not injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.

### Amery Travels 55,000 Miles

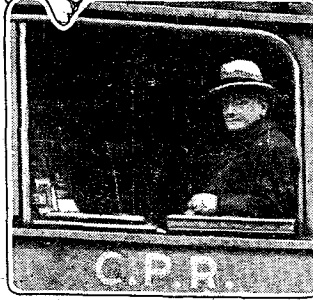

Upper left—Mrs. Amery after an inspection of the C.P.R. station. Upper right—Dispersing the belief that mountain air is colder than the plain. Lower left—Right Hon. L. C. M. S. Amery driving the engine which carried him across the Dominion.

Fifty-five thousand odd miles in twenty-two days! That will be the record of Lieut. Colonel the Right Honorable L. C. M. S. Amery, M.P., Secretary of State for the Dominions, when he returns to England after his Dominion-wide tour on February 11. During this period Colonel Amery has visited South Africa, Australia, New Zealand and Canada, and has delivered upwards of 380 speeches all told.

His speeches have covered a wide range and have been enthusiastically received by monster audiences throughout. He has been particularly happy in his references to the romance of the British Empire and, in his remarks concerning the economic position of the component parts of the British Empire, while in speeches touching on the Empire Marketing Board he has broken new ground with most satisfactory results.

In every speech delivered by Colonel Amery in Canada he stressed the findings of the Imperial Conference in 1926, which made known explicitly to the world, he stated, that every one of the Dominions was an equal imperial partner in the British Empire.

Colonel Amery landed in Canada from the S.S. "Aorangi" at Victoria on January 6, and will sail from Saint John, N.B., on February 3, on the Canadian Pacific liner, the "Montclair," for Liverpool. For the journey across Canada, where stops were made at 18 important centres, the Canadian Pacific Railway Company placed a special train at the disposal of the distinguished visitor and staff. On arrival at Banff, Alberta, the capital city of the Canadian Pacific Rockies, Colonel Amery threw all

cares of state aside and spent all the day of January 12 enjoying winter sports. The Colonel is an expert skier and took great pleasure in overcoming the difficulties of Tunnel Mountain. Throughout the tour Mrs. Amery, herself a Canadian girl, accompanied her gifted husband. Others to make the trip were Capt. W. Brass, M.P. for the Clithero Division of Lancashire and Parliamentary Under-Secretary for Health; G. G. Whiskard, Assistant Secretary at the Dominions office, and G. Huxley, of the Empire Marketing Board.

### Deacon W.W. Clarke Honored

The vestry of the United Baptist Church was the scene of a very pleasant occasion on Wednesday evening, that of the presentation to Deacon W.W. Clarke, of a massive silver "Loving Cup" suitably engraved in recognition of his thirty-one years of faithful service as Clerk of the church.

The vestry had been beautifully decorated and the program consisted of the presentation by the pastor, Rev. E.J. Barrass, music by the Philathea Quartette, and brief addresses by Deacon H.R. Kinney, O.A. Eisner and Ralph Harris.

Rev. Mr. Barrass stressed, in his address, the invaluable assistance given by Deacon Clarke, in all lines of church work, particularly his influence on the young people, as Supt. and teacher in the Sunday School for many years, and his thirty-one years of service as Clerk.

Mr. Clarke responded to the presentation in a manner showing his deep appreciation of the honor accorded him by his church associates.

In closing those present formed a circle and sang that beautiful old hymn "Blest be the Tie that Binds" which so well expresses the close relationship that characterizes church fellowship.

### SCOUT NOTES

#### Do A Good Turn Every Day.

We regret to report the illness of Patrol Second, Allan Harris. His presence with the troop has been very much missed, but we are hoping he will soon be with us again.

Hardly a day now without some of the troop passing their second class tests, and competition is keen to see which patrol will have the larger number of second class scouts by the end of the month.

The thanks of the troop are given to C.D. Rice for his generous assistance in fixing the doors and woodwork in the new Headquarters and to Walter Dukeshire for the work done on the walls and ceiling. It is expected the room will be ready for the Feb. 23rd meeting.

In the Patrol competition the Beavers have 196 points and Paws 188.

Plans are being made to start the "Wolf Cubs" going again in the near future.

### Bear River United Church Celebrates 69th Anniversary

Sunday was the 69th anniversary of the opening of the United Church edifice, formerly known as the "Hillsburg Wesleyan Methodist Church."

Unfortunately the early records of the church, and dates regarding the list of its members at time of opening could not be located in time to carry out as had been planned, the programme of Sunday's services.

Rev. P.A. Walker, of the United Church at Middleton, delivered impressive and inspiring sermons at both morning and evening services.

A very interesting extract from the "Wesleyan" of Feb. 3rd, 1859,

was read by the pastor, Rev. F.W. Sawdon, as follows:—

### The Wesleyan, February 3rd, 1859. Church Dedication

"The new Wesleyan Methodist Church in the village of Hillsburg, Annapolis Circuit, will be dedicated D.V., to the worship of God on the second Sunday of next month, Feb. 13th. The opening services will be also continued on the following day. Sermons will be preached on the Sabbath, in the morning at half-past ten by the Rev. Thomas Angwin, Chairman of the District, in the afternoon at half-past two, by the Rev. G.W. Tuttle, of Digby, and in the evening at half-past six by the Rev. Jas. G. Hennigar, of Horton.

On Monday Feb. 14th, the Rev. J.G. Hennigar will preach in the morning at 11 o'clock and in the afternoon, the Rev. Thomas Angwin will preach, services to commence at 3 o'clock.

A public breakfast will be held in the basement of the Church on the morning of Monday, the 14th at 9 o'clock, at which several ministers will be present, and no pains will be spared by the ladies to provide amply for their guest, by the ministers to make the season profitable to all present.

The kind attention of friends at a distance is requested to those services, and as there has been no appeal to other Circuits for aid in this erection of this commodious and beautiful House of Worship, a good attendance from other parts of the District is now respectfully requested to cheer those who are identified with their rising interest.

F. SMALLWOOD.

Plans are now being made to celebrate the 70th anniversary, next year, with many interesting features commemorative of those who labored to erect this beautiful house of worship.

Joseph Steadman entertained the Bridge Club on Tuesday evening.

Miss John Roop went to Clementsport on Friday.

W.H. MacLaren of Picton was in town for several days.

J.F. McD-nald of Montreal was in town.

### Philthea Class Social Held by Bear River Baptist Church

The Philthea Class held their monthly social on Thursday evening at the home of Mrs. John Purdy with fifty members present, the President presiding.

The opening song "Win Them One by One" was sung and the Lords Prayer repeated in unison. The class poem was read by Mrs. Roy Snell, then followed the regular routine of business after which the Convenor of the entertainment committee took charge of the program which was as follows.

Opening song Class  
Reading Mrs. Vernon McCormack

Instrumental duet Mrs. Roop and Miss Rufus

Reading Mrs. G. Oickle  
"Japanese Courtesy" by two small girls

Solo Bertha Dukeshire  
Reading Mrs. John Berry  
"An old fashioned Pantomime" assisted by the quartette

Closing song Class

As this meeting was a missionary night and most of the selections on that subject the collection of \$11.30 was handed over to the treasurer of the W.M.A.S.

Dainty refreshments were served by the joint hostess, Mrs. Purdy and Mrs. G. Oickle.

### Local and Personal

Frank Riddock of Bridgetown was in town several days.

Clifford Harris has spent the past week with his grandparents at Clementsport.

Rev. P.A. Walker of Middleton was the guest of Capt. and Mrs. George Crosscup, while in town.

Mrs. Harry E. Harris entertained at the tea hour on Saturday.

Baptist Circle met on Tuesday evening with Mrs. Fred Leary.

C.P. Nickerson of Yarmouth, manager of the Metropolitan Life Insurance was in town several days.

Mrs. Milton Morgan returned home on Monday from Grand Fre.

Mrs. Lloyd Sanford is on the sick.

Mrs. (Dr.) J. Dinmore returned to her home at Clyde River on Thursday.

Mrs. Florence Vroom entertained the Ladies Aid of the United Church on Tuesday afternoon.

William Lent arrived from Boston last Friday.

Miss Ethel Potter of Virginia is the guest of her uncle and aunt, Mr. and Mrs. Reginald Potter.

Mr. and Mrs. George Trimmer of Clementsport are being congratulated on the arrival of a son on Feb. 11th.

The many friends of Miss M. B. Purdy who left town about five months ago, will be much gratified to have any information as to her present whereabouts.

Mr. and Mrs. Harry Anthony entertained at Bridge on Thursday evening, the prize winner being Dr. W. J. Wright.

The home of Mr. M. G. Clark was the scene of a jolly little dinner and bridge on Friday evening.

Mrs. John Purdy and Mrs. George Oickle were joint hostesses on Thursday evening, to a largely attended meeting of the Philthea Class of the United Baptist Church.

The St. Johns Anglican Church Guild met at the home of Mrs. George Harris on Thursday afternoon.

Mrs. Howard Cunningham and Mrs. A. G. MacIntyre were "At Home" to a number of friends on Thursday afternoon.

A baby son arrived on Saturday morning, February 11th at the home of Mr. and Mrs. Daniel Marvill.

Dr. and Mrs. A. B. Campbell entertained at Bridge on Thursday evening.

Miss O'Grady Schmidt is home from Saint John where she has been taking a stenographer's course.

### School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

#### Not Like Medicine

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless, and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine. Perfected by the famous Chemical Products Division of the Standard Oil Company of New Jersey. Look for the Nujol bottle with the label on the back that you can read right through the bottle.

#### Don't Neglect Bronchial Colds

Pneumonia, "flu" and other dangerous diseases develop from common colds. To prevent trouble take Buckley's Mixture. It quickly relieves a cold, soothes the throat, loosens the chest, and removes the cause. Different from all other cold remedies, it is a safe combination of proven virtues. Sold by all druggists and guaranteed.

### Women's Institute Smith's Cove

Mrs. Robert Austin, assisted by her daughters Mrs. Loogworth and Miss Frances Austin, was hostess at her pleasant home for the Feb. meeting on the 8th inst. After regular business which included an interesting report from our local convener of "Home Industries" and letter from Mr. Prosser Childrens Aid Society, thanking our Institute for advising him of the shipment of a box of suitable garments for use in his work.

Enjoyable and helpful responses to roll call and plans for sending cheer with St. Valentine as the happy medium.

Refreshments were served bringing an interesting meeting to a close. Next meeting the second Wednesday of March at the home of Mrs. George Weir.

### Grand Old Man of Finance Passes

The late Mr. Isaac Ogden, Vice-President of the Canadian Pacific Railway, who died Saturday, February 4, in his 81st year, was born in New York on October 10th, 1844. Educated in local schools, he began his railway career in a New York mercantile house in 1860, subsequently entering the local banking firm of Fish and Hatch. He began his railway service as paymaster and accountant of the Chicago and Pacific Railway in 1871. He was auditor of the same road from 1876 to 1881. When he joined the Canadian Pacific Railway at its inception in 1881, he was made auditor of the Western Division, with headquarters at Winnipeg. There he remained until 1883, when he was promoted to a senior position as auditor at Montreal. In 1887, he became Comptroller, in December 1891, Third Vice-President, and in June, 1910, Vice-President. The accounting system established by Mr. Ogden is as near perfection as any human can make it be. All financial matters were under his direction. It was written that "Mr. Ogden's statements grew in bulk and value and meaning. He was precise to a cent. He was methodical to the minutest detail. He was a model for accuracy and precision and clarity. He made a study of the financial conditions in the United States and the Dominion. In the sweep of his financial regard he included the whole world."

hood when the American Civil War was raging. He saw Canada united by Confederation. He heard the cry of a country which knew that until it was bound together by steel rails the Canadian Pacific, which was to carry out that high task, through its early difficulties, saw it flung across the Dominion from ocean to ocean, filling the empty spaces of the West with prosperous settlers and mounting steadily with it up the ladder of success, was able at last to look upon it in the hour of its triumph, when it had grown into the mighty organization it is today. He was one of the very few men now remaining who had been on the pay-

### Bear River East

Herbert Jefferson who has been visiting his brother, Fred, returned to his home in Digby on Tuesday.

Mrs. Amanda Sanford has gone to spend the winter with her niece, Mrs. John Wright at Princetale.

Rev. Mr. Walker of Middleton preached a very interesting sermon in Union Hall on Sunday afternoon.

Mrs. Arthur Jefferson is slowly recovering after her recent severe illness.

### Deep Brook

Mrs. John Adams is spending a few weeks with her sister, Mrs. Gillatt at Granville Ferry.

Mrs. C. G. Harris is visiting her mother Mrs. Charles Potter at Clementsvale.

Mr. and Mrs. S. A. Spurr left here on Tuesday for Boston called there by the illness of their daughter, Mrs. Raymond Moore, who has been very ill in the Lynn Hospital.

Mrs. Augustus Purdy entertained the Dorcas Society of Wednesday, Feb. 8th. A very stormy day a good number were present. At the close of the working period a social half hour was spent and dainty refreshments served by the hostess.

The W.M.A.S. held a public meeting in the Baptist Church on Friday evening. The address given by Estelle Eaton telling of the work at Grande Ligne Mission Quebec was much appreciated. The pageant by the young ladies under the direction of Mrs. W. G. Hiesler, was well rendered.

### Port Wade

Miss Delta White is spending a few weeks vacation at her old home here.

After a months visit with her mother Miss Hattie Apt returned to Yarmouth on Monday.

Mrs. H. H. Reynolds was hostess at a Valentine Supper on Thursday evening. The proceeds were for church purposes.

Ralph Hayden and daughter Anna spent the week end at home returning to Yarmouth on Monday.

Mrs. K. L. Olliver of Granville Ferry spent a few days recently with her parents, Mr. and Mrs. Frank Mussels.

Mr. and Mrs. Robert McGrath entertained the Ever Faithful S. S. Class at a party on Thursday evening, about twenty of the young people being present.

Miss Lena Keane of Acadia spent a few days at her home here recently, returning to Wolfville on Monday.

The B.Y.P.U. held a very enjoyable social night at the home of Mr. and Mrs. Herbert Johnson on Saturday evening. A well arranged program of games etc., was carried out, followed by a delicious luncheon.

#### Will Conduct Evangelistic Campaign

Rev. H. N. McLean, D. D. Evangelist of the United Church of Canada will conduct an evangelistic campaign in Grace United Church, Digby, beginning Sunday March 24th. The following notice of his work is from the "United Churchman":

Dundak, F.E.I.—Rev. H. N. McLean, D.D., Evangelist, assisted by Miss Carolyn MacKinnon, who opened an Evangelistic Mission in Dundas United Church, Rev. D. McD. Clark, pastor—on Jan. 29. These meetings have already aroused considerable interest, and large congregations gather night after night. It is refreshing to see denominational barriers broken down and a community coming together to sing the gospel songs and seek the common salvation. Dr. MacLean insists that to make "Christ All in All" is the way of deliverance from every form of bondage. Miss MacKinnon has a wonderful voice, and every soul is listened to with warm attentions. Large results are looked for from these special services.

Sold by all druggists, or mailed in plain wrapper on receipt of price. New pamphlet mailed free. THE WOOD MEDICINE CO., TORONTO, ONT.

## The Great West Life Annual Statement

The Courier published last week the financial Statement of the Great West Life Assurance Company. The figures contained in the report show to what

stounding proportions Insurance business has grown in Canada during the past few years, and are an indication of national prosperity and thrift. Mr. George Peters, representative of the Great West Life for Digby and Annapolis, tells the Courier that the figures, \$75,391,761.00 in the statement, represents new policies which went into effect during the year 1927.

Of this amount \$224,899.00 was written in the province of Nova Scotia an amount which places the Great West Life well among the leaders of insurance companies doing business in this province.

The amounts placed to credit of undivided profits and reserve and to make provision for future profits, are sufficient to guarantee good earnings on all insurance carried. The company, founded in 1897, has attained front rank among the insurance companies operating in Canada. The splendid returns on matured policies make Great West Insurance a profitable form of savings investment and protection.

## This Modern Life!

Its Habits Produce Constipation, which "Fruit-a-tives" Corrects

MONTREAL, Que., — "After suffering many years from constipation, I was advised to try 'Fruit-a-tives.' All my ills are gone now." Mrs. H. Godin. Indoor work, soft, rich foods, lack of exercise impair our bodily functions. The most common evidence is constipation. Normal intestinal activity, denied to most of us by our way of living, is restored and maintained by "Fruit-a-tives," made of the juices of fresh, ripe fruit, blended with health-building tonics. 25c and 50c a box.

## Here and There

Winning — The British boy immigration scheme has been adopted by the Manitoba Provincial Government, and about fifty lads will be brought here this year for placement on farms in the province. Hon. A. Prentiss, Minister of Immigration, announced. First, the boys will be placed at the Manitoba Agricultural College for preliminary training in farm work.

Calgary — Two commercial airplane transport projects are being developed in Calgary. One calls for the use of airplanes carrying twelve persons each, to be used principally for passenger, freight and mail traffic between Calgary and Edmonton; the other calls for lighter machines, two or three passengers, for Calgary-Edmonton and mountain flight purposes.

All the way from Camrose, Alta., to Glasgow, Scotland, unaccompanied, a distance of approximately 5,000 miles is the record of Donald James Campbell, nine years of age. He took the All-Red route of the C.P.R. across the Dominion to Saint John, where he embarked on the liner Montclair bound for Glasgow. He is visiting his aunt, who lives in Buxby, Glasgow.

All previous records in connection with the westbound movement of grain to Vancouver over Canadian Pacific Railway line were broken during the first two weeks in January, according to E. Cotterell, superintendent of transportation. Western lines of the company. Deliveries at Vancouver by the Canadian Pacific during the fortnight in question totalled approximately 22,500,000 bushels of grain.

Calgary — Farm land values in Southern Alberta are tending to become firm as the result of the series of good crops, and more inquiries for farm acreage have been received in the last few months, according to real estate men, than in any similar period in the past five or six years. Farms offered for sale last spring at \$15 per acre and bringing no offers are selling now for from \$20 to \$25 per acre. The demand for farms both for purchase and rental is decidedly strong.

In recognition of the fine work by officers of the Canadian Pacific Railway and the Canadian National Railways during the last summer tour of the second triennial Empire Mining and Metallurgical Congress, presentations of gold and enamel cuff links were made recently to fifteen employees of both companies, at a dinner held in Montreal. Mrs. W. Sir Henry Thornton of the C.P.R. and Sir Henry Thornton of the C.N.R., were both present.

Snowshoe week in Quebec got away to a good start when several thousand members of the Raquette Clubs paraded the streets of the old city and later some 1,200 snowshoers in full winter festival costume made an attack on the walls defended by the garrison and illuminated by a brilliant fireworks display. The chief center of interest there is the International Dog Derby, which is to be staged shortly and for this, visitors from the entire Dominion and the United States are flocking to Quebec, taxing the Chateau Frontenac to its full capacity. (8)

## LESSON No. 16

Question: Why do growing children, particularly girls, need vitamin-rich nourishment to help them through critical stages of extreme tax on their strength.

Answer: Growing children, and particularly girls, need vitamin-rich nourishment to help them through critical stages of extreme tax on their strength.

Pleasantly flavored, easy to take, children like

## He Knows What To Do For Backache

## B. C. Man Tells About Dodd's Kidney Pills

Mr. John Innes Suffered With Aching Pains In The Small of The Back

New Westminster, B.C. Feb. 13 (Special) "I have proven Dodd's Kidney Pills to be all that they are recommended for," writes Mr. J. Innes, a well-known resident of this place. "I have taken them many times. My best trial of Dodd's Kidney Pills was some two or three years ago. My back ached so badly I could hardly sleep at night. I could scarcely move in bed and when I would stand in a bending position for a few minutes I could not straighten myself up because the pain in my back was so bad. In the newspaper I read about Dodd's Kidney Pills and got a box to try. After a few days all was O. K. When I get the slightest pain in my back now I take the good old remedy—Dodd's Kidney Pills."

Dodd's Kidney Pills work with nature by encouraging and assisting the kidneys to cast out everything impure or diseased. Obtain from druggists everywhere, or The Dodd's Medicine Co., Ltd., Toronto 2.

## Mount Pleasant

Misses Katherine Porter and B. Budd of Sea Brook spent one night last week with Mr. and Mrs. Walter VanTassel.

Mr. and Mrs. Fred Daley and children spent Sunday in Greenland with her parents, Mr. and Mrs. Frank Scragg.

Fred Daley spent a few days last week in Halifax.

Thomas Saulnier of Doucetteville and Mrs. Arch Saulnier of Concession attended the funeral of their sister, the late Mrs. James E. Handspiker.

Miss Jennie McDonald was a passenger to Saint John last Saturday.

## An Early Sweet Corn

For a number of years the Experimental Farms have been endeavoring to bring out improved varieties of table corn. By cross breeding the Golden Bantam with some earlier varieties, a new sort, called Bantam has been brought out, that is particularly adaptable to northern areas but equally useful in all parts of Canada. It not only possesses the delicious qualities of the Golden Bantam, but it has a longer season of growth, inasmuch as it can be brought to maturity two weeks earlier than the old variety.

Be Sure & Get A Box To-Day!

## ZAM-BUK

Ends Pain—Grows New Skin

## Plympton

Held over from last week

Vaughan Wainwright is home from the United States.

Edward Tibbitts of Smith's Cove spent the week end with his wife here.

Mrs. Mary Gosson is visiting Mrs. Walter Marshall, where she intends to spend the remaining part of the winter.

Miss Addie Morehouse of Centreville, is spending a few weeks here with Miss Alice Tibbitts.

Mr. and Mrs. Leland Elliott spent the week at their home here.

Mrs. Walter Marshall and daughter, Mrs. Ashton Henson, spent Sunday with Mr. and Mrs. William Wagner.

Miss Alice Tibbitts entertained the young folks of Plympton at her home last Saturday evening, the occasion being her birthday. A very enjoyable evening was spent with music and games, after which refreshments were served. All united in wishing many more happy birthdays.

Mrs. David Tibbitts spent a few days last week with her mother, Mrs. Aubrey Post of Mount Pleasant.

## Belleisle

Mr. and Mrs. Tom Mack of Bridge town were Sunday guests of Mrs. W. E. Scot.

Miss Margaret Troop is visiting her niece, Mrs. Dr. C. S. Peterson of Aylesford.

Mrs. Clifford Bent spent the week end at the Belleville Centre with her sister, Miss Helen Chipman.

Mrs. Susie Troop spent last week at Cranville Ferry with her aunt Mrs. William Abernethy.

Mr. and Mrs. Charles Beccels and Miss Florence Longmire arrived from Boston last week having been summoned here by the sudden death of Capt. Reed Longmire.

H. Borden Fraser, assistant station agent at Port Williams is spending his vacation with his parents, Mr. and Mrs. Alex Fraser.

Miss Phyllis McLean of Bridgetown is visiting her grandparents, Mr. and Mrs. R. L. Dodge.

Mrs. Robert Young of Pinery Cove spent last week with her daughter, Mrs. Lorne S. Young.

Mrs. Herman Calbeck of Manchester, Mass. is spending some weeks with her parents, Mr. and Mrs. Henry Troop.

The play entitled "Topsy Turvy" given by the members of Belleisle Division in Belleisle Hall Thursday evening was a great success. Although the evening was not very fair the hall was filled. The sum of \$30.00 being taken for hall purposes.

## Tiverton

Held over from last week

Miss Kathleen Thurber of Freeport visited her friend Miss Vivian Outhouse last week.

The Misses Freds and Vivian Outhouse visited relatives at East Ferry, recently. George McNeil of Freeport called on relatives here this week.

## Bisurated Magnesia Is Safe and Reliable

If you are a victim of Stomach Trouble—Gas, Sourness, Acidity, Flat or Bloating after eating, Bisurated Magnesia is made for you. At the nearest drug store, get a bottle of the powder or tablet—take a little and get instant relief. Keep your stomach sweet and strong—digestion perfect. It works like a charm.

## V.O.N. Valentine Supper and Bridge Was A Great Success

Reported by all attending to be the most successful charity social function ever held in Digby, the Valentine Supper and Bridge held by Digby Branch, Victorian Order of Nurses at the home of Mrs. C. E. Dexter, Mount street, on Tuesday evening, was a greatly enjoyed affair.

Supper was served to a gathering which taxed the spacious parlors, where the tables were set, and following this bridge and forty-fives were played at 18 tables.

The rooms were attractively decorated in Valentine novelties and were a perfect background setting for the costumes of the ladies. Mrs. R.H. Lockward and Mrs. Morse were the committee in charge of the cards.

Bridge prizes were won by Mrs. F. Anderson and Mrs. Carl Eldridge. Forty Fives prizes went to Mrs. Alcorn and Mr. Frank Roop. Miss Isabel Williams won the special prize.

The prizes were donated by Mrs. Lockward, Mrs. Roop, Mr. A.J. Dillon and Captain Morrell.

## ITCHING ECZEMA DRIED RIGHT UP BY THIS SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowles Mentho-Sulphur from any good drug-gist and use it like a cold cream.

## SCOUT NOTES

Do A Good Turn Every Day.

**Digby Boy Scouts Entertain Visiting Kentville Scouts In Royal Manner**

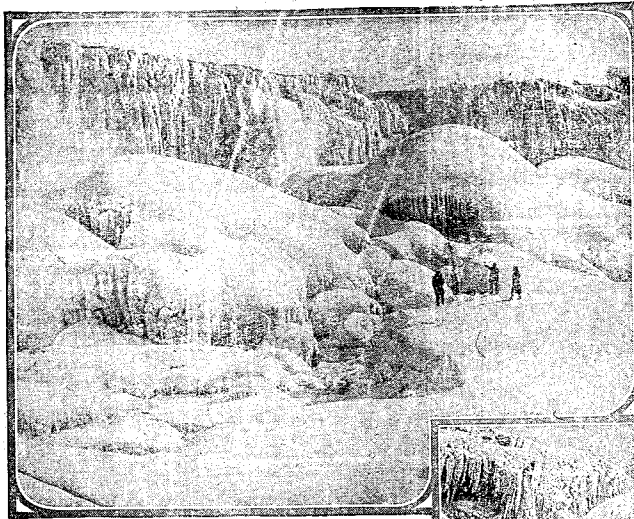

Digby Troop Toy Scouts entertained the visiting Kentville Scouts right royally on the occasion of their visit here to play a friendly game of hockey with the local exponents of the "Do a Good Turn Every Day" staff. The Troop met their guests at the train, escorted them to the Winchester, where they had dinner and afterwards took them out and showed them the town. All gathered at Scout Headquarters at 4:45 and from five o'clock until seven the visitors and scouts had a tuck-in. In real scout fashion, Scout Master O. Wright welcomed the boys and Mr. Webster, Scout Master of Kentville, replied on behalf of his lads. Rev. A.W. Forbes, pastor of Grace Church, entertained the lads with the showing of Weanby Jamboree and the different camps he had been connected with. He also gave the boys a short talk on Scout Ideals.

The Kentville Troop leader extended the thanks of the visitors to Mr. Forbes for his entertainment and to the Digby Troop for hospitality. Assistant Scout Master Jabez Appleby also said a few words. All joined in a Scouts' Vote of Thanks to Mrs. Wright and Mrs. Budrow for their assistance at the banquet.

After a sing song and frolic the session adjourned to the game and the Digby Troop saw their guests, and opponents off on the midnight for home.

The visitors gave the boys a tip. It is a secret yet, but in the summer—we'll have hopes for a clam bake under Troop auspices, with thousands and thousands of clams to be eaten.

## WINTER WONDERS OF NIAGARA

The wonders of Niagara Falls which have for years attracted sightseers from all parts of the world, are even more striking when the frosts of winter have played their part in beautifying this magnificent spectacle. The Falls are coated with ice in peculiar formations and are, perhaps, even more attractive than during the summer months when the water runs freely over their brink.

So great has been the interest in the winter appearance of Niagara

that a series of excursions have been arranged by the Canadian National Railways from American points such as Chicago, Detroit and intermediate cities. Special trains are being operated from Chicago, South Bend, Battle Creek, Lansing, Flint, Detroit and other points. It is anticipated that because of the facilities provided, thousands of tourists will make the journey to view the Falls in Winter.

A. B. Chown, General Passenger Agent of the System at Chicago,

states that enquiries from prospective visitors are pouring in from all directions.

## Mrs. Handspiker Dies Suddenly

The death occurred on Monday February 6th at her home at Mount Pleasant of Mrs. James E. Handspiker, a highly respected resident of that place. Deceased was a kind wife, loving mother and good neighbor. She had been in ill health for the past four years, but the end came unexpectedly.

She was a daughter of the late James Saulnier of Doucettville, Digby County, and after her marriage thirty-three years ago, removed to Digby.

She is survived by her husband, three daughters, Mrs. Digby Baxter, Mrs. Boyd Germain and Miss Faustenna of Mount Pleasant, and four sons. Frank, Angus, Nelson and Loran all residing at Mount Pleasant, also one sister, Mrs. Fred Amero of Plympton and two brothers, Archie Saulnier of Lower Concession and Thomas Saulnier Doucettville and eleven grandchildren.

The funeral, which was largely attended was held on Wednesday with services at St. Patrick's Roman Catholic church and interment in the Catholic cemetery, Rev. Louis Graham officiating.

The four sons acted as pall bearers. Gone but not forgotten by her children.

One precious to our hearts is gone. A voice we loved is still.

The place made vacant in our home can never more be filled.

No more her smiling face we'll see. Around our family fire. The angels beckoned her away. And bade her come up higher.

And if G-d wills our souls to cease. And the family unite again. They'll not forget the one who's gone. There sorrow never reigns.

For her spirit has gone to Heaven. And when life's work is o'er. We hope to meet dear mother again. On that eternal shore.

## Notice

Having sold my business with the intention of removing to the United States I would ask all persons owing me to immediately make settlement of their accounts. All bills outstanding after March First will be placed in a solicitors hands for collection, addition C. E. Woodman

Digby, Feb. 16th, 28

I have sold made-to-measure clothing for years and finally been appointed Sales Manager for the Maritime and given charge of the new store opened by my Company in Moncton. I want to increase our present crew of full time representatives giving each man exclusive agency one county or more, suits, overcoats, raincoats, shirts, ladies' wear. Best men may look to be appointed to chain stores now operating or later to open. If you are the right type send references. Sales Manager, 815 Main Street, Moncton, N.B.

## FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

## New Tusket

On Monday evening the young people of this place enjoyed a truck party to Moody Mullens' mill camp, Corberrie. There was sixteen in the party. The evening was spent in playing games. Refreshments of fudge and cake and sandwiches were served by Mrs. Mullens. The crowd left at a late hour all reporting a good time.

The Misses Helen Sabean, Eva Prime and Esther Mullen spent Saturday afternoon and evening at the home of Mr and Mrs Heber Greene.

Mrs. Brenton Mullen and daughter Marion, spent one day last week at the home of Mrs. C. F. Sabean.

A party of young people from Weymouth North motored to the home of Mr and Mrs C. F. Sabean on Monday evening.

The Misses Laura and Esther McAlpine of Hassetts are visiting at the home of Mr. and Mrs. N. Prime.

## Memoriam

In loving memory of our dear son and brother, Orbin Raymond who was drowned Feb. 9th 1924. Gone but not forgotten by mother, brothers and sisters. Feb. 7 1928

## Why Suffer

From Rheumatism when **MINARD'S LINIMENT** will bring soothing relief.

## Teacher's Union Will Meet Here Tomorrow

A meeting of the Teachers Union for this section of the province will be held in Digby tomorrow, when teachers from all sections are expected to be present. The president of the Union, Principal Fisher of Weymouth North, will preside.

## Much Sickness Among School Pupils

Colds, flu, whooping cough are taking toll of the school attendance this quarter, with most disappointing records to show for the term. At the end of the half year more than 3000 lost days were recorded on the grade registers.

## Windsor Plays Tonight

Windsor or Wolfville either way you take it, it is going to be a big game here Friday night. Writing this on Wednesday, and reading reports of the game in Windsor when the gypsum town boys came from behind to a one goal lead, it appears that whichever team comes it will be a toss up which is, the better aggregation. Both seem to be playing fine hockey and will give the Ravens a good work out from the game with the winners of the Halifax league. Even money, our boys are as good as either of the college towns teams. Which is Windsor came up from a three game handicap, which wins them a lot of credit, but the Wolfville lads are not too backward at the game either. The game on Tuesday seems to have been full of old time Windsor tactics. Blood, as much as the game, was the matter at issue, and the spectacle of fistfights, when the fans paid for hockey was not lacking.

King, of Wolfville and Bacon, of Windsor, seem to be outstanding players, and whichever comes will find Hyson waiting for him. MacDonald of Windsor also seems to be fast. We can match him twice, anyway. The goal minders seem to be about even. The Windsor correspondents report of the game gives both goalies credit for good work, so that's all right.

Whichever team comes, it will be a great game. Everyone in Digby will turn out to see it.

### Truro vs Digby In Championship Game Monday Feb. 27th

#### RATEPAYERS PASS BORROWINGS FOR WATER AND HYDRO LINES

**Vote is Unanimous After Full Discussion  
By Many at a Well Attended Town  
Meeting**

A visitor to Digby attending the meeting of ratepayers held at the Court House on Monday night would have been impressed with the general tone of progress which permeated through the discussions of resolutions authorizing the Town Council and the Digby County Power Board to issue debentures for the development of public utilities. Questions, freely asked, opinions freely expressed, and answers freely given, held interest from start to close, and even those who put forward opinions that the

Council was not proceeding in the right direction showed that their interests was for the betterment and progress of the town and prompted by no desire to prevent development.

Mayor Lynch presided and Town Clerk Boden was secretary. There were nearly seventy ratepayers present.

The resolutions were presented in order, the first being that authorizing issue of debentures for water service extensions to Lily Lake, and

to cover the cost of what has been installed on Carleton street, Mayor Lynch outlined the proposal. Poor water, slackness in supply, and the problem of meeting the need of summer service with clear and suitable water had brought about the investigation of methods of improvement. Mr. Jacques, of Round Hill, a competent water service engineer, had made a preliminary survey of the water shed surrounding Lily Lake and the storage dam, and approved the suggested plan of extending the main, through an eight inch pipe directly to main body of the lake.

#### Ladies Hospital Aid

The Sewing Circle of the Ladies Hospital Aid will meet on Wednesday, February 29th, at the home of Mrs. W.R. Dickie, First Avenue. A cordial invitation is extended to all to come for sewing or the Ten Cent Tea.

#### To California

Councillor and Mrs. George Wightman leave this morning for New York on the first lap of a winter tour to San Francisco. They will be joined at New York by their daughter.

#### St. Patrick's Ladies Held Big Supper and Social

Tuesday was Shrove Tuesday, "Pancake Tuesday" as it is popularly known and the ladies of St. Patrick's church observed the day by holding a supper and card social at the home of Mr. and Mrs. George Trohon, Eureka Cottage. Supper was served from five o'clock and after the tables were cleared the weekly card social was held. Nearly one hundred dollars was realized. The door prize was won by Mr. George Trohon, and Mrs. James Trohon won the chair prize. The card prizes were won by Miss Grace Fountain and Mr. George Trohon with the consolations going to Mrs. M. Raymond and Ambrose Doucette.

#### Digby Neck Mail Will Make Special Trips For Game on Monday

Everything is being made ready for a big crowd at the championship game. Guy Morehouse is going to run a special trip of the Digby Neck Mail Bus from East Ferry to arrive in time for the game and return immediately after. The regular train from east will bring the Annapolis county contingent, who will return on the night train. As for west-train service is not so good, but the Church Point crowd will be up to see their representative on the team working and will go home in the early morning.

Mr. Morehouse says that if the bus won't hold the crowd from the Neck, and he don't think it will, he will charter several trucks and fit them with seating accommodation. It will be a good idea to reserve seats early for the trip up. Unfortunately there is no reserved seat accommodation at the rink.

#### Another Supporter for the 'Short Haul Route'

The letter from Mr. W. H. Farnham, M.P.P. on the subject of granting running rights over Canadian National lines to the Canadian Pacific Railway, has created renewed interest in this subject and the Courier and Mr. Farnham have been communitated on the stand taken. It is generally to be regretted that press of routine business and prolonged discussion of financial phases of Digby Board of Trade prevented official endorsement of the project at the annual meeting of that body. It was felt that the existence of the Board and proper means of increasing the tourist business of the town was a question of paramount importance so that this matter of the railway to Saint John and many other matters of importance had to be left to a later date.

The Courier has given much space to publication of arguments pointing out the advantages which would accrue to the whole of Western Nova Scotia and to Canada generally by the development of the Halifax, Digby, St. John Montreal route as a part of the Trans Canada route of the Canadian Pacific Railway. In this it has had the support of Mr. Clarence Jameson, former Member of Parliament for the constituency. Mr. Jameson's several articles on the question pointing out the desirability of the Short Haul Route, have been quoted in more than one Nova Scotia and New Brunswick newspaper and the work is going forward. The first step of putting a stop to active agitation for handing over the C. N. R. to the Canadian Pacific has taken and it may be expected that Mr. Farnham will be heard from his seat in the local legislature in defense of the Short Haul Route if it so happens that the matter is brought before the local government.

While Mr. Farnham's letter coupled the Courier with the Halifax Herald, the stand taken by the Courier and Mr. Jameson is so well known to be against the side tracking of the D. A. R. in favor of running rights over C. N. R. rails by way of Moncton that it is only necessary to recall the articles in order to renew the clearly defined stand which the Courier and Mr. Jameson have taken, and in which they are now joined by Mr. Farnham.

#### DIGBY COUNTY POWER BOARD

#### Tenders for Electrical Transmission Line

SEALED TENDERS will be received at the office of the Digby County Power Board, Digby, N. S. until five o'clock p.m. Atlantic Standard time, March 1st 1928, for the construction of an Electrical Transmission Line from the existing Transmission line at or near Wilson's railroad crossing above Weymouth, crossing the Sissiboo River to Weymouth Falls Road and along said road to Weymouth; thence along the Main Highway to Belliveau's Cove, Church Point and Meteghan.

Tenders must be made on the blank proposal forms furnished by the Board and in accordance with the conditions contained therein.

Specifications, Drawings, Forms of Contract and other information may be obtained on application at the office of the Digby County Power Board, Digby, N. S.

Envelopes containing tenders must be plainly marked on outside as to contents.

H. H. Marshall,  
Chairman.  
Digby County Power Board  
Digby, N. S.  
February 22nd 1928

#### DIGBY COUNTY POWER BOARD

#### Tenders for Electrical Transmission Line

SEALED TENDERS will be received at the office of the Digby County Power Board, Digby, N. S. until 5 o'clock P.M. Atlantic Standard time, March 1st 1928 for the construction of an Electrical Transmission Line from the existing Main Transmission Line at Marsbaltown to the Digby Neck road and along Digby Neck Highway to East Ferry at Petit Passage, and from Tiverton to Freetown on Long Island.

Tenders must be made on the blank proposal forms furnished by the Board and in accordance with the conditions contained therein.

Specifications, Drawings, Forms of Contract and other information may be obtained on application at the office of the Digby County Power Board, Digby, N. S.

Envelopes containing tenders must be plainly marked on outside as to contents.

#### Ravens Won From Windsor in Semi-Final of Series

Digby 7	Windsor 0
Digby 3	Windsor 4
Digby 10	Windsor 4

That was the end of Windsor's aspirations for the championship of Nova Scotia and the play offs for the Maritime title. At Digby last Friday night the visitors were hopelessly outclassed. They had never seen a team that played the puck like the Ravens and could not get going. Where they thought to break even, at least, and hoped to take home a win, the attacking Ravens swept them off their feet at most times and Edridge was too good for them when they did get a clear shot. A blank in a play off series was too much to expect. The visiting team, going back on the night train gave credit to Digby for being "best". There were no alibies, no excuses, and several players conceded that they would have all they could do to prevent Digby from winning on Windsor ice, and that the Crescents, winners of the Halifax City League would not be able to do any better. The Crescents forfeited, it being impossible for them to get back from Newfoundland in time.

The reports of the Windsor game were colored favorably to the Eureka. Since we won the section there is no need to kick about it, and today we are in the finals, playing for the Nova Scotia League. The Bear Cats of Truro will be here on Monday night in the first game of the finals. The deciding game will be played away from home on Wednesday night and if Digby takes the bacon the Ravens will face the winners of the New Brunswick, P.E.I. series for the Maritime title.

No one will call it "luck" that Digby got into the finals. They won their league without a single

#### AGRICULTURAL DEMONSTRATION TRAIN IN COUNTY MARCH 1 AND 2

**Seed Cleaning Car Will be at Disposal of  
Farmers to Encourage Use of Home  
Grown Seed**

The Agricultural Demonstration Train, under the auspices of the Provincial Department of Natural Resources and operated through the cooperation of the railways of Nova Scotia, has commenced its season's work. It will be at Digby on March first, from 2:30 p.m. until 9:00 p.m., and at Weymouth on March second from 7:00 a.m. until 3:00 p.m., going from there to Meteghan where it will be from four o'clock until six, and 7:00 a.m. until noon on March third.

The train will not stop at Bear River or Acadaville this year.

Chief among the features of the train will be the seed cleaning plant which will be in operation for the

benefit of farmers who use home grown seed, and whose crops will be greatly improved by taking advantage of the seed cleaning equipment. In an article published in the government Service News this seed cleaning plant is commended as a means of promoting the use of home grown seed and so developing types of crops suited to conditions in this province. Mr. F. L. Fuller, who was in charge of the train last year and who is again in charge this year, in conversation with the Courier stated that the seed cleaning was the big feature of the train this year. Last year the train left a bit late to do its work properly but that this year it is expected that much more use will be made of the service.

#### RUBBER BOOTS FOR CHILDREN AND WOMEN

With Corrugated Rubber Soles and Solid Rubber Heels lined with warm fleece lining to give extra comfort.

## The Maritime Provinces

In no other part of Canada has there been as great a proportionate increase in the importance of the tourist trade as in the Maritime Provinces during the past year. An 85 per cent increase in a single year in the number of motor tourists gives promise of the beginning of widespread interest in the Maritimes as a summer resort. Tourists from the United States are spending about \$200,000,000 a year in Canada and catering to this trade is steadily becoming a more important industry. With a view to its further development, there has been a concerted effort to secure better hotels and to plan for better accommodation for the motor tourist in the towns on the main highways. The Maritimes are sufficiently attractive so that when they have provided satisfactory accommodations there should be no great difficulty in building a very large summer business of this type.

The above is an extract from the annual address of the Vice President and General Manager of the Royal Bank of Canada, Mr. C.E. Neill, delivered at the annual meeting of shareholders of the bank at the head office of the bank at Montreal on January 12th last.

Mr. Neill reviewed all industries and business conditions in the Maritime Provinces. The tourist business was the outstanding feature for optimism in his address. Of the fisheries he had to say that

conditions were bad. Lumbering was in the same fix. Coal mining had increased in production and sales. Other classes of mining show improvement, and manufactures on the upward climb. The tourist business, however, was the greatest business builder of the maritime provinces and it is well for us in Digby, the center of the tourist country, to consider just what Mr. Neill had to say about it.

The general manager of a great banking institution is not given to romancing in his statements. If he were he would not hold the responsible position which is his, and we may take it for granted that when he said the tourist business of Canada was worth Two Hundred Millions of dollars a year, and is capable of illimitable expansion, we may be sure that he is not urged by facts, but is saying only what he really thinks.

Two Hundreds of Millions of dollars is a large amount of hard money. Catering to such a trade may well be termed an important industry, and it is for Digby to see that no part of such sum which can be diverted to our pockets is permitted to go past our door. The Courier has not been shown any reason why it should change its estimate of \$300,000 as the amount of money left in Digby last year. Many have said it was not so much as that, but none have out forward any grounds for their opinions, and the Courier, so far from receding from its position is ready to say that \$400,000 is not too much to estimate as the probable revenue to the county which may be expected this coming season.

It cannot be set at this high figure unless some real effort is put forward to increase the traffic. Waiting for the building of the New Pines, and for the friendly assistance of the Dominion Atlantic Railway and the C.P.R. and of the several summer hotels and boarding houses operating in Digby and vicinity will not do.

To get a share of this \$200,000,000 of money the D.A.R., the Myrtle House, Lour Lodge, Excel Inn, Harbor View, Fairview, Hillcrest, The Waverly, The Winchestr, The Wightman House and all

the other hotels and summer boarding houses will spend probably \$20,000. They do their own advertising, do it fairly well, and send a fair percentage of what they hope to get. The general advertising done by the public under the auspices of the Board of Trade, from civic funds and contributions, is as nothing. Last year it was less than \$200.00. In 1926 it was about \$300.00 and in 1925 less than \$500.00. Which is to make a joke of our own business.

What are we going to do about it? Are we going to let another year go by without action, or are we going to take a hint from the General Manager of the Royal Bank, and try how much we can do to develop Digby, town and county, as a tourist centre? It is directly up to the general public, to the longshoreman, the boat owner and the handy man who trims lawns, as well as to the merchant and the hotel and boarding house operator. Each of us in Digby makes some good portion of our livelihood out of the tourist business and unless we each of us do a bit toward developing the business we are "dead heads" spongers on those who are making the business good.

## Promoting International Friendships

A Canadian statesman of great note recently stated during an address delivered before a highly cultured audience, that the agreeable relations existing between Canada and the United States of America were in no small measure due to the intermingling of citizens of the countries named, during visits which tourists and travellers made each to the land of the other. The statement was greeted with much applause, and telegraphed all over the continent, as well as being cabled to Great Britain. It was a sound statement and struck a true note, but so far as Digby goes it was not a new one.

In the address which the then mayor, G.I. Letteney, presented to their Excellencies the Governor General the Earl of Minto and the Countess of Minto on behalf of the town and county of Digby, upon the occasion of their visit to Digby in 1901, appeared this passage.

The advantages which Digby has long enjoyed, as a favorite summer resort, have brought yearly to its shores from the neighbouring Republic, many thousands of our American "cousins" and we are vain enough to think, that the consequent intercourse of the two people here, and elsewhere through out the Province, have had no small influence in promoting the agreeable relations which exist between Canada and the United States of America.

This feature of the address was commented favourably upon at the time by certain of the Maritime press, but probably the only authentic record of it now is to be found in the files of the Courier of that date.

It is in this spirit that the people of our province have always greeted the American "cousins" when they visit Nova Scotia and the friendly intercourse, upon both sides of the line, has gone forward almost unbroken for generations. It is by a continuation of neighbourly treatment and fair dealing, with Americans who during holiday season visit Digby and surrounding attractive summer resorts, that the business can be broadened and its permanency as a profitable seasonal industry can be doubly assured.

Upon the occasion when the address alluded to was presented to the Earl of Minto, there were many hundreds of Americans in and around Digby who attended the event. His excellency, himself a very gallant soldier, in replying to this paragraph was especially happy in his remarks observing that "if difficulty or danger ever threatened, there is nothing that I would prefer to have beside me, than an American ship or an American battalion." Fully one half of the Americans, who were latter present, declared themselves to be "American cousins", and their sen-

cerity was, attested by the large numbers which thronged to bid the Vice Regal party adieu, when, on the day following, they sailed for Saint John.

It is timely and well to hear our Canadian statesmen uttering such sentiments as those above recorded and better to find the press of both countries taking them up and enlarging upon them: but it is, from a local point of view, still more pleasing to know that the key note was struck in the address to Lord Minto, presented years ago at Digby.

## Completely Relieved After Using Two Boxes

Mrs. James Lynch Is Very Satisfied With Dodd's Kidney Pills

New Brunswick Lady Suffered With Pains in the Back and Has Not Been Troubled Since

Blackville, N. B. Feb. 20 (Special) Mrs. J. Lynch, a resident of this place, relates her experience with Dodd's Kidney Pills in the following brief letter. She states: "I was troubled with a severe pain in my back. After using two boxes of Dodd's Kidney Pills it was completely relieved. That was four years ago and I have felt no return of this trouble since."

Other sufferers of backache tell of pains relieved and health restored through the use of Dodd's Kidney Pills. They act directly on the kidneys. They strengthen the kidneys and put them in shape to strain the uric acid out of the blood.

Your health, strength and vitality depend upon the condition of your blood for it is through the blood that every part of your body is nourished and built up. To enjoy good health that blood must be kept pure.

Let Dodd's Kidney Pills do this work for you.

## Birthday of Digby's Most Famous Son

At his home in Fort Myers Florida, Thomas A. Edison, noted inventor, celebrated his birthday on Monday, February 13th, by gathering his annual interview to newspaper representatives. Mr. Edison is 81 years of age.

Mr. Edison may be called a son of Digby County. His parents lived at Marshall's Town, and the old family home is still there. They moved to the United States shortly before or shortly after the birth of their famous son. Particular information in this matter is hard to obtain. The Courier is informed from one source that Thomas Edison was born at Marshall's Town and from an equally reliable informant we learn the Edison moved to the United States before Thomas was born, his birthplace being under the Star, and Stripes

## BREAKS UP GAS IN THE STOMACH

Don't suffer from dangerous gas pressing around your heart, from sourness, acidity, bloating or pain of indigestion. Stop worrying. Whenever you need quick stomach relief, take a little Bisulphate Magnesium powder or tablets. It breaks up gas, neutralizes acids and keeps the stomach sweet and strong and digestion perfect. At good drug stores everywhere. Not a laxative.

## Twenty Five Attend Annual Meeting Digby Board of Trade

President Dakin presiding the annual meeting of Digby Board of Trade was held in the Town Council chamber on Thursday night last. The meeting convened at 8.30 and adjourned at 11.45, having taken recess to attend the fire at the Syda residence. Considerable discussion took place over matters affecting the welfare of Digby and the Board of Trade's functions in promoting progress of the town, and officers and committees were chosen for coming year.

Ex-Mayor F.L. Anderson, Vice President for 1927, was elected to the Presidency and Mr. H.M. Warne succeeded him as Vice President. Mr. Frank Nichols continues as Secretary Treasurer with Mr. E.J. Theriault as assistant.

The report of the retiring president reviewed the general activities of the Board during the past year. It touched on the work performed by the various standing committees and thanked the members for work they had performed. Mr. Dakin recommended that the election of officers taken as occasion for the introduction of new blood into the organization.

A nominating committee Messrs Lockward, Simmonds, H.T. Warne, McBride, Mayor Lynch then retired to draw up recommendations.

The report of the treasury showed a balance of \$201.71 in general account and \$136.00 in the special Regatta Fund.

The report of the nominating committees was approved as presented, with the addition of the assistant secretary, Mr. Theriault, to the Tourist and Publicity committee. A motion to permit withdrawal of one member of this was defeated.

On motion of Mr. E.M. Robertson, seconded by Mr. H.H. Marshall, the Board will hold a get-together banquet at an early date. At this banquet it is hoped many new members will be introduced. The entertainment committee also received a recommendation that a banquet be held at the May session of the Municipal Council.

Messrs H.T. Warne, Paul Yates, and others addressed the Board urging proper development of the organization's methods of promoting the tourist industry. Mr. Warne illustrated his ideas with references to his experiences while a "tourist" in the United States and said that if Digby Board of Trade took advantages of all the avenues of approach which the tourist business offered, and concentrated its efforts on giving

information to those intending to come to Nova Scotia and featured our resources and opportunities for investment, that much good could be done. He agreed with other speakers that volunteer workers would not do more than part of what was required to be done, but so far as building up an interested membership in the Board the best method would be to increase civic pride and instill in the minds of all business men that the Board of Trade was their organized method of development.

President—F. L. Anderson  
Vice President—Hubert Warne  
Secretary Treasurer—P. W. Nichols  
Asst. Secretary—E. J. Theriault  
In the absence of Mr. Nichols, E. J. Theriault carried on as secretary.  
Council executive—Dr. Bulcroft, A. A. Shortliffe, A. J. Dillon, P. W. Nichols, A. R. Turnbull, P. Dakin, C. B. Simmonds and H. T. Warne.  
Boat Slip—F. K. Hayden, J. W. Merkel P. Dakin

Civic Advisory Committee—A. J. Dillon, M. C. Denton, G. W. Connell Sports—A. McPhee, F. Dakin, P. McHugh, M. C. Denton J. J. Wallis, O. Wright.  
Tourist and Publicity—J. J. Wallis, C. J. Eldridge, S. A. Keen, E. J. Theriault.  
Transportation and Industries—A. Carozza, T. E. G. Lynn, F. McBride, H. T. Warne, Dr. W. R. Dickie, C. H. Churchhill. The principal of the Digby schools was admitted a new member.

## East Waldeck

Gifford Robbins who has been working in New Brunswick for the past month, returned home Saturday.

Archie Kennedy, who has been working in Morganville returned home Saturday.

Several from here attended the hockey match in Digby on Friday night, the score being 7-0 in favor of Digby.

Glad to report Mrs. Edgar Robbins who has been ill, recovering.

## Smith's Cove

Revival meetings are being held in the Smith's Cove Baptist Church at 7.30 every evening of this week by Rev. W. G. Hiseler.

Mr. and Mrs. Dean Clayton of Bear River are the guests of Mrs. Clayton's parents, Mr. and Mrs. Wm. Snow.

Mrs. Bernard Cossaboom of Digby is the guest of Mrs. Herbert Woodman.

Mrs. William Berry spent Friday in Annapolis with Mrs. W. S. Cummings.

A party in honor of Miss Grace Brooks was given at the home of her grandparents, Mr. and Mrs. R. Austin on Monday evening. The interesting feature of the evening was three tables of Progress Kootie. Prizes were awarded to Harriett Wentzell, Isabel Cossett, Theodore Beals and Kenneth Dukeshire. A very enjoyable evening was reported by all.

Little Virginia Woodman of Joggins Bridge spent a few days last week the guest of Mrs. Frank Cossett.

A Pancake Supper was held in the Temperance Hall on Shrove Tuesday evening, Feb. 21. Owing to the weather there was a small attendance, to eat the pancakes. Homemade candy was sold and there was a programme with "Aunt Jemima" as the main feature.

## Westport

Mrs. Allen Perry of Freeport was the recent guest of Mr. and Mrs. Leiswood Perry, Gull Rock Farm.

Miss Gertie Stevens of Freeport spent a few weeks with her sister, Mrs. Albert Moore, returning home Tuesday.

Miss Alice Bailey, entertained the C. G. I. T. Thursday evening.

Winford Garron Jr. entertained a number of his friends to a party at his home Tuesday evening.

Mr. B. Kenney was a passenger to Yarmouth Thursday.

Miss Adella McDormand, R. N. of Saint John spent the week end with her parents Mr. and Mrs. William McDormand, returning to Saint John Monday.

Walter Titus has gone to Boston.

Albert Bailey is spending a few days in Yarmouth the guest of his son, W. B. Bailey.

Mr. and Mrs. Edward Welch have returned home from Yarmouth.

R. V. Watkins and son Albert arrived home Saturday to spend a few weeks with his family here.

## Functions of Canadian Legion Service Bureau At Ottawa

The Service Bureau, operated as an integral part of National Headquarters of the Canadian Legion of the B.E.S.L. at Ottawa, serves the war veterans and dependents of Canada in a variety of ways. Its activities are unique and have no parallel in the capital city of Canada. The Bureau could well be described as "the watch-dog of war veterans' interests." The work of

the Bureau may be classified generally under two headings: adjustment of individual claims, and the development of proposals for legislation and regulations to remedy deficiencies in the existing statutes with the object of having provision, as of right, for all groups of deserving cases.

In the prosecution of individual claims for adjustment, the majority of the cases come under the following departments:—

Pensions—general  
Pensions—tuberculosis  
Pensions—Imperial

Pensions and treatment appeals  
Treatment—hospitalization  
Treatment—out-patient  
Pay and allowances for periods of treatment  
Returned Soldiers Insurance  
Appointments to the Civil Service under the preferential clause of the Civil Service Act  
Soldier Settlement  
Military pay and allowances  
Burials  
Burdials  
Tracing missing veterans  
Medals, plaques, and other decorations  
Clemency appeals  
Domestic relations  
Duplicate discharge papers  
Immigration and colonization  
Education and propaganda  
International relations (through parallel veterans organizations) etc.

## Freeport

Mrs. Fred Cossaboom, of Tiverton, has been spending the past with friends and relatives here.

Cecil Thurber has returned home after a pleasant visit with his sister Mrs. Hartley-Ellis in St. John.

Capt. Charles Teed was a passenger by the S.S. Keith Cann today to Saint John on a business trip.

Mr. and Mrs. Ronald Outhouse, of Tiverton, are the guests of their father Isaac Titus for a few days.

Herman Nichols and Earle Haines left on Monday for Prince Rupert to resume their work for the summer months.

We are sorry to report Capt. Charles Finizian and Lemuel Prime of this sick list.

A number of relatives and friends of Mr. and Mrs. C. J. Teed met at their home on Thursday evening, the occasion being Mrs. Teed's birthday. The evening was spent in playing games, singing old time hymns and the most enjoyable feature was the recitations by Mrs. Wm. Brooks. After delicious refreshments were served consisting of cake, tarts, coffee and etc. At a late hour the guests left for their homes all reporting a good time and wishing their hosts many more happy birthdays.

## Across a Continent

When Livingstone penetrated darkest Africa his mode of travel was native carriers and he had to find a route across. Today the railway penetrates into the interior of the country and the darkness, to a large extent, has been dissipated.

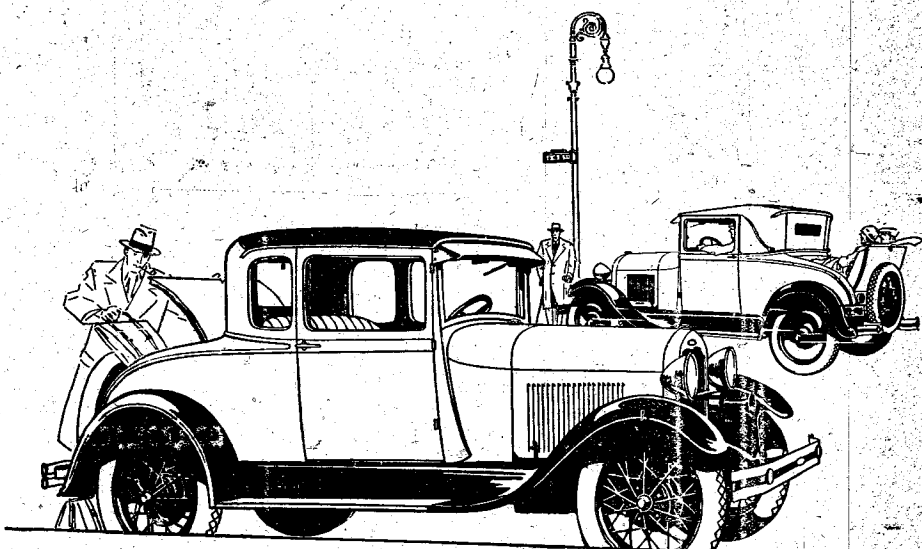

In the early days of Canada, before the coming of the railroads, travel was much the same as Livingstone's method and Alexander Fraser was the Livingstone of Canada. He penetrated into the interior of the country and came out on the Pacific side of the Continent. Today this same route is travelled over by fast trains of the Canadian National Railways, one of which, "The Continental Limited" makes the journey in remarkably fast time. This train carries a compartment-observation-library-buffet car radio equipped which makes the journey one of ease and delight.

Among the many interesting places to visit on a trip to the Pacific Coast is Alaska, that land of paradoxes, commonly known as the land of the Midnight Sun. This forms an off-shoot of a very delightful tour, the Triangle Tour, which commences at Jasper, in Jasper National Park, Canada's largest National playground, where is located Jasper Park Lodge, a world famous mountain resort, owned and operated by the Canadian National Railways with an equally famous golf course. From Jasper the route runs through the Fraser and Thompson River Valleys to Vancouver, from Vancouver to Prince Rupert via one of the palatial steamships of the Canadian National Railways, through sheltered scenic seas along the coast line of British Columbia, the Norway of America with its deep fjords; and from Prince Rupert back to Jasper. This tour takes in practically all the types of scenery to be met with in the Canadian Rockies and covers some of the most beautiful in that territory, in fact, when you have travelled over this route you have seen really all that the Canadian Rockies have to offer in the way of scenery. Snow-capped peaks, among which is Mount Robson, 14,397 feet, the highest in the Canadian Rockies; crystal lakes of mirror-like surface and sapphire blue, and rushing roaring torrents. Among the many holiday features to be enjoyed in a stay at Jasper Park Lodge are mountain climbing, trail riding, camping, fishing, swimming and hiking.

Beautifully illustrated booklets descriptive of the country traversed by the "The Continental Limited", of "The Triangle Tour" and Alaska may be had on application to any Canadian National Agent or by writing the General Passenger Department, Moncton, N. B.

# The NEW CAR

## In every detail just as you wanted it to be

### The NEW COUPÉ

Ideal for business or professional calls. The luggage compartment in the Standard Coupe is ample for ordinary needs. The rumble seat in the Sport Coupe provides room for extra passengers.

A CAR with speed that can be maintained mile after mile; power that takes you up a steep grade without effort; pickup that places you far ahead when the traffic signal flashes "Go". A car exceptionally easy to steer and stop, with riding qualities that carry you smoothly over the roughest road. (The new car embodies all these features,

including automatically equalized four wheel brakes and four hydraulic shock absorbers. (Its marvelous record of performance is evidence of the correctness of its design and the quality of its manufacture. (And its perfection mechanically is equalled only by its strikingly graceful body lines and lustrous two color finish.

FORD MOTOR COMPANY OF CANADA LIMITED FORD ONT.

"Seemed like one time as it was a flop on a job—without purpose in life—without a future. I'm now its different—I'm 'Hempill's' trained and Assistant Manager with a large firm. You too can be a success—earn big pay—master mechanics, battery, welding, vulcanizing, home wiring, brick laying, heating and heating, etc. Good positions now open. Valuable book free. Write Hempill Trade Schools, Limited, 128 King Street West, Toronto.

## Fill the Egg Crate Fast

Every true bird lover knows the dollar value of the egg. The faster you make eggs, the more you can do for PRATT'S, the real egg maker, and take the Pratt Food Co. of Canada, Ltd., Toronto.

## Pratt's POULTRY REGULATOR

A teaspoonful a day added to the feed is enough. It costs a cent a month per hen, or a cent a day for thirty hens. One extra egg a month gives you extra. It is the best for PRATT'S, the real egg maker, and take the Pratt Food Co. of Canada, Ltd., Toronto.

## EXPECTANT MOTHERS

Read Mrs. Menard's Letter. Her Experience May Help

Chatham, Ontario.—"I want to tell you how much good your medicine has done me. Before my baby came I felt so weak and run-down that I could hardly do my work. My head ached continually and I was so discouraged that I could cry from morning till night. I had another baby just one year and a half old and I gave me a lot to do. So I thought I would try Lydia E. Pinkham's Vegetable Compound, as I had read so much about it in the little books. I found a difference right away as my head was relieved and my tired feelings gone. My sister had been doing my washing and she continued doing it, as she said it might set me back if I started to do it again. It sure did help me until I had taken just two bottles when my baby came. He is a fine big boy, now nearly five months old. I am taking your medicine again and I am able to do my work all by myself now. I always recommend the Vegetable Compound to women, and especially to expectant mothers, as I believe they need help at those times."—Mrs. OLIVER MENARD, 24 Harvey St., Chatham, Ontario.

READ THE ADS!

**Ratepayers Ratify Borrowing**

continued from page one

This would give clear water, increased pressure would follow, and the whole plan seemed feasible. He then asked for discussion. Mr. Fritz Dakin and Councillor Carl Eldridge moved the adoption of the resolution.

Several ratepayers spoke on the subject. The argument put forward against its adoption was that it might lead to increased taxation, that it was not as good a scheme as installing an eight inch pipe from the storage dam into town, and that even if adopted it was not guaranteed to overcome the lack of pressure.

Mr. Boden read the report handed the Council by Mr. Jacques, Mr. H.T. Warne suggested that if some development of the town's services was not undertaken the town would not progress. He felt that those who said it would lead to increased taxes would be quick to see that metered service, as an alternative, would be direct increase in taxation. The Clerk reported that the service had been self sustaining, had paid off two of the serial bonds, and the present indebtedness for water service was a result only of failure on the part of the Council when the first bonds were issued to make provision for their retirement.

The question was put at nine thirty and passed by standing vote.

The second resolution, authorizing the Digby County Power Board to issue bonds to the extent of \$50,000 on the credit of the corporation, for the construction of transmission lines down Digby Neck. Its adoption was moved by Ex-Mayor Anderson, seconded by Councillor Shortliffe. It was explained to the meeting that the whole county was now a party to the Digby County Power Board and Mayor Lynch in pressing for a favorable vote remarked that the word "franchise" covering the whole county, was an item of untold value, and he spoke of the efforts of an America Corporation, worth millions of dollars, being particularly interested in hydro development in this section.

Mr. Frank Jones, K.C., ventured the suggestion that the affairs of

the Digby County Power Board should be public knowledge before the ratepayers were asked to ratify the resolution. He had not seen any formal report of expenses or revenues and when the matter in hand was the guaranteeing of money running into the hundreds of thousands it was a time to move slowly.

Mr. H.H. Marshall, chairman of the Board was requested by the Mayor to answer the question. Mr. Marshall said that any move to extend the service down the Neck had been preceded by request for service. The Board had 300 applications and the residents had secured from the provincial government a promise to lay the necessary cables. The whole subject of cost and revenue would have to be presented to the Utilities Commission at Halifax and approval gained for the undertaking before any authority to proceed would be obtained from that body.

Mr. Campbell, superintendent of the plant, reported consumption at peak load of 1114 kilowatts, and the plant could produce more than all Digby Neck and the Municipality of Clare could require for some time to come. The apprehension of water-shortage was based on the consumption of the pulp mill at Weymouth, a concern which developed 3000 horse power as against the Board's 380. No water shortage trouble need be anticipated.

The vote was then taken and passed unanimously as did a vote to ratify the resolution authorizing borrowings for construction of transmission through the district of Clare.

**Every Woman Needs**

"Fruit-a-tives" the sure way to regular health

MRS. A. PARENT.

Daily tasks rob many women of the priceless boon of good health, because constipation, biliousness, headaches, indigestion, backaches and kindred ailments, undermine their constitutions.

Read this sincere letter: Driscoll Lake, Sask.—"I have taken many kinds of medicine, but none proved as good as 'Fruit-a-tives' for me. It is the only medicine I take—I use it regularly and do not feel right if I do not."

"Fruit-a-tives" is universally successful because it is a natural medicine—made from the intensified juices of fresh fruits, combined with tonics. It will help you, too. 25c and 50c at all druggists. Buy a box to-day.

**READ THE ADS!****Help for farmers**

The Department of Natural Resources is bringing over a number of British and Scandinavian farm workers.

Farmers who will need help this year should speak for them at once so as to secure the kind they want. Types coming include (1) Experienced; who have worked five or more years on a farm. (2) Partly experienced; those with some practical experience. (3) Inexperienced.

Wives of married men will do household work when required.

**boys**

A group of boys, aged 12 to 17 years available to farmers needing inexperienced help.

Secure application forms from your postmaster, station agent, agricultural representative, or write:

**Farm Help Division**

Department of Natural Resources  
HALIFAX, N. S.

**Death of J. S. Hines of Seabrook**

The whole community was shocked and saddened with the sudden passing of J. S. Hines, well known citizen of Seabrook. The deceased who was 73 years of age had been apparently in his usual health until a few days ago, when he was suddenly taken ill. Everything that the best of medical skill and loving care could do did not avail, and he passed peacefully away at an early hour Tuesday morning.

His genial and optimistic disposition won for him many friends throughout the town and county. He was a friend to everyone, especially to those in need. Always foremost in all that pertained to the best welfare of the community, he

will long be missed by every one. Mr. Hines was for over fifty years a member of the Church of Christ, and lived a truly upright Christian life. A devoted kindly husband and father who brought his family up in the "nurture and admonition of the Lord". His home has always been one of kindly generous hospitality where friends and all who came were made welcome. His passing is a distinct loss to the whole community, but he has gone to that home which has been prepared for him by Him whom he loved and served so faithfully and well.

He leaves to mourn their loss, a sorrowing widow, one son Joseph at home, and four daughters, Miss Georgia, at home, Mrs. A.I. Millar, of Sedgewick, Alberta, Mrs. R. M. Johnson, of Findlay, Ohio, and

Mrs. A.N. McCullough, of Digby. One brother, J.H. Hines, of Ross, and a sister, Mrs. W.B. Cossa, of South Gardar, Mass.

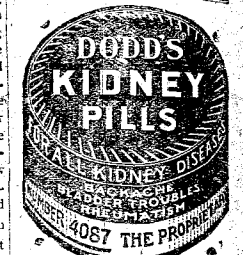

Twenty-seven members of the Men's Brotherhood were present at the brotherhood meeting on Tuesday evening. A number of new members were received. After supper a lively sing-song was led by Mr. A.J. Dillon with Mr. G. Begin at the piano. Then followed an evening of games. A violin solo by Mr. Marshall Schacht of Smith's Cove was much enjoyed. Arrangements were made for the brotherhood in March.

**Cook's Regulating Compound**

A safe, reliable regulating measure. Sold in three sizes: 1 lb. 1.00; 1/2 lb. .50; 1/4 lb. .25. Sold by all druggists, or sent by mail on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (Incorporated in Canada)

Householders of Digby received a welcome caller this week in the person of Mr. Charles Brice, district representative of the Salada Tea Company, who is promoting the use of this excellent brand in Nova Scotia. Mr. Brice is taking a "census" of tea users in the western section of the province and finds that many householders "already use 'Salada'". Wherever he called, whether Salada was their favorite or not, he left a sample package of tea, each containing instructions for the use of it. Now many good cooks will say that any one knows how to make tea, and that no commercial traveller can tell them anything about it, but the fact remains that each blend of tea requires different treatment, and Salada, being of the choicest blend of Ceylon leaves, requires

slightly longer brew in order to bring out the fullness of its delicate flavor, color and aroma.

**Hydro is Yours !!****Alteration and Clearance Sale**

We have bought the C. E. Woodman building on Water Street and will have to make extensive alterations to fit it for our business—Plumbing, Heating, Ranges, Stoves, etc. To do this the Stock of Paints, Varnishes, Phonographs, Records, Fancy Goods, etc., must be reduced—hence the following bargains:

**DIGBY, N. S.**

# "SALADA" TEA

One out of every five pounds of tea used in Canada is "SALADA"—the reason—it is more satisfying and better value than any other tea. Sales are the best proof. Brown Label Quality, 75c per lb. Orange Pekoe Blend, 85c per lb. Sold everywhere.

Being kept in with  
a cold is no joke

THERE are two other people who don't think it's so funny either. His mother who has to stay home with him and take

care of a cross and disappointed young son. And his teacher who has to help him catch up with the lessons he is going to miss.

The worst part of it is, he's one of maybe half a million children who are right now staying indoors for the very same reason. And a whole lot of them could avoid most of these colds if only their resistance was built up ahead of time. If your children seem to "catch everything that goes around", try giving them Nujol.

For Nujol not only prevents any excess of the body poisons (we all have them) from forming, but also aids in their removal. It certainly would do no harm, anyway, to try Nujol, would it?

Try Nujol for, say the next three months. Then compare their report cards with those they had last year. See how the absences from school have dropped—how the school marks have jumped. Nujol was perfected by the Nujol Laboratories of the Standard Oil Co. (New Jersey).

See for yourself if Nujol doesn't help build up healthy resistance to colds and resulting ills—as thousands of other mothers have discovered. Keep a bottle of Nujol handy and give it to them regularly. Contains absolutely no drugs or medicine. Be sure you get the genuine.

## Digby Ravens Piled Up 70 Goals in Western Counties League

Starting out in the semi finals for the championship of Nova Scotia in the winter sport, Digby Ravens go in without a single defeat chalked up against them. 70 goals are tallied on the credit side of the sheet and only 11 counts against them.

The goals by games were as follows:

Church Point	Digby	Opponents	Goals
Annapolis	6	1	1
Bridgetown	11	1	1
Middleton	9	2	2
Church Point	9	2	2
Church Point	6	2	2
Annapolis	12	2	2
Bridgetown	3	1	1
Middleton	14	1	1

India tea for strength; Ceylon tea for flavor and color; MORSE'S TEA for a combination of these two. MORSE'S TEA possesses great strength, it gives 240 cups to the pound, and in addition it is of a most delicious flavor and especially attractive in the cup.

## Harlem

The members of Saint Peter's Guild held an entertainment in the Guild Hall on Tuesday evening. They were assisted by the Junior Auxiliary who put on a Minstrel Show. This with music by the orchestra. Readings, Solos, Duets, Speeches, dialogues and dancing, formed the programme. This was followed by Shrove Tuesday pancakes and other refreshments. The piano which was recently given to the Guild helped a great deal towards the evening's entertainment.

## Rub Rheumatic Pain From Aching Joints

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Stop "dosing" Rheumatism. It's past time not one new remedy, internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never chaps, stings and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; cures rheumatism, lumbago, backache and neuralgia. Limber up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

## OBITUARY

MRS. IDA L. COOK

Recent letters to relatives in Bear River, convey the news of the death of Mrs. Ida L. Cook, which took place on Dec. 22nd, after a brief illness, at Long Beach, California, where she had lived for twenty years.

Mrs. Cook was the daughter of the late Capt. and Mrs. W. F. Marshall, formerly well known residents of this town, and was the only surviving member of that family, the older sister, wife of Dr. Canby Hatheway, of Saint John, N.B., pre-deceased her a number of years ago.

Mrs. Cook's first husband was Dr. James MacAllister, of Fredericton, N.B., where her two children Laila and Lulu were born. After Dr. MacAllister's death the widow and family moved to the United States, later making their home in California.

One daughter, Mrs. L. Dagenfetter, of Cripple Creek, Cal., and her husband survive her.

Dr. Henry K. Booth pastor of the 1st Congregational Church, Long Beach, conducted the funeral service, and interment was in Sunnyside Cemetery.

## THOMAS STILLMAN HENSHAW

The death occurred on Monday evening Feb. 13, at his home at Waldeck West, of Thomas Stillman Henshaw, one of the best known fur buyers in Eastern Canada, after an illness of many years duration. Although ill for so many years during the last four of which he had been confined to his home, he only took to his bed two weeks ago and up to the last day continued his interest in his work, grading his furs and planning the future operations of his business.

In his early life he followed the sea, and was owner of several schooners, also worked in the lumbering business, at one time running a mill which employed twenty five men, but for the past forty years had been in the fur business in which capacity he became well known throughout Eastern Canada.

He was the postmaster at Waldeck for twenty five years, where he had lived all his life. He was a son of the late Thomas Morgan Henshaw and his wife Keziah Hamlin Henshaw and had reached the age of 62 years. He became a member of the Clementsvalle Baptist Church in early life and always was a strong supporter of the work for which the church stands.

He leaves his wife who was Miss Blanche Rosecrants, two daughters, Stella, teacher at Acadiaville, and Alice in the Normal College at Truro; two sons, Russell and Ingram at home, also two brothers, Charles, of Waldeck and Curtis, of Deep Brook, and three sisters, Mrs. Jennie Osborne and Mrs. Lillian Ayers, of Waterbury, Vt. and Mrs. George I. Troxell, of Harding, Mass.

The funeral was held on Saturday afternoon February 18 from his late home, the service being conducted by Rev. George C. Durkee, who gave a comforting message to the family and a large number of friends. The choir from Deep Brook rendered three appropriate hymns "Asleep in Jesus" and "Sometime We'll Understand" and "Safe in the Arms of Jesus."

Interment in the family lot at Waldeck East.

The floral tributes were beautiful. One precious to our hearts is gone. A voice we loved is still. The place made vacant in our home Can never more be filled.

—ooo—

B. C. Clarke is a guest at the Grand Central.

## Local and Personal

Mrs. E. W. Robinson entertained at Afternoon Tea on Wednesday.

Mr. and Mrs. S. Robar of Kentville were the guests of the latter's mother, Mrs. George Curtis for several days recently.

Rev. J. W. Smith occupied the pulpit of the United Church on Sunday morning.

Mrs. John Yorke arrived from Boston on Friday.

Mrs J. Roop returned from Clements port on Thursday.

## Valentine Surprise Party

Tuesday evening, Feb. 14th at the home of Mr. and Mrs. B. C. Clarke a surprise party was given in honor of Miss Hazel Purdy who leaves shortly for Boston. About twenty of her friends were present. During the evening a hat box containing various travelling necessities was presented to Miss Purdy and a very fitting poem was composed and read by Mrs. Ralph Purdy who also made the presentation.

The box containing the gifts was most artistically decorated to represent a valentine.

As Miss Purdy unwrapped the gifts, much amusement was afforded. Special mention might be made of the beautiful evening dress with picture hat to match.

Before leaving very dainty refreshments were served by Mrs. Clarke and all who were present voted it a most delightful evening.

—ooo—

## Valentine Parties

Bear River was very active socially on Valentine Day a number of hostesses entertaining in various ways

Tuesday afternoon, Mrs. A. M. Simmons gave a delightful three table Bridge, with the decorations of the large living room, score cards and dainty refreshments in true Valentine style.

The successful prize winners were Mrs. A. G. MacIntyre and Mrs. Fred Harris.

Mrs. J. H. Cunningham and Mrs. A. G. MacIntyre were hostesses in the evening, where an equally jolly party was staged. The gay effect of hearts and cupids as decorations was increased by the pretty red and white crepe paper valentine hats, which were presented to each guest on arrival and worn throughout the evening. Bridge was played at three tables the prizes being won by Mrs. Fred Harris and Miss Catherine Marshall.

**WOOD'S PHOSPHORINE.**  
The Great English Preparation for the Nervous System. It is a new blood purifier. It cures all kinds of nervous debility, mental and brain worry, indigestion, loss of energy, palpitation of the heart, failing memory. Price \$2 per box, 3 for \$5. Sold by all druggists, or mailed in plain package on receipt of price. New pamphlet mailed free. THE WOOD MEDICINE CO. TORONTO, ONT.

**Don't dose a Child's Cold**  
CONTINUAL dosing upsets children's delicate stomachs. Vicks is applied externally and therefore cannot disturb the digestion. It acts in two ways: (1) The body heat releases the ingredients in the form of vapors which are inhaled. (2) At the same time Vicks "draws out" the soreness like a poultice.

**VICKS VAPORUB**

## Valentine Social at Deep Brook

The Valentine Social under the direction of the Deep Brook Dorcas Society of the Baptist Church which was held in the Hall on Tuesday evening, February 14th, was a success both socially and financially. The Hall was filled to capacity and all enjoyed the entertainment in charge of Mrs. W. G. Hiesler, consisting of readings and music. An old fashioned Singing School with Augustus Purdy as teacher made the hit of the evening. Miss Vera Hiesler's reading in costume, the farmer of yesterday and today was worthy of special mention. The decorations were in keeping with the Spirit of the day. At the close of the entertainment a social hour was spent and refreshments served in charge of Mrs. Howard Adams.

## Local and Personal

The world day of prayer and fellowship of intercession for every woman of every land was held on Friday afternoon, Feb. 24th by the W.M.S. in the United Church.

## Seven in Ten Men Past 40 Need This Special Treatment

Writer Explains Wondrous Value of Doctor Southworth's "Uratabs" and Invites All to Try Them Without Cost Unless Pleased

With middle age ailments attacking over two-thirds of those past 40, every man who notices such distressing symptoms as Lumbago, Pains in back and down through groin, scanty but frequent and burning Urination, "Getting-up-Nights," Nervous Irritability and Lack of Force—should at once try the amazing value of Dr. Southworth's URATABS.

While new to many, the truly remarkable value of URATABS has been thoroughly proven by more than 40 years of successful use in the private practice of Dr. H. C. Southworth. Reports from Doctors and Users alike offer convincing proofs: "I have never found anything to help my case until I tried URATABS." "URATABS are the best thing for Bladder Weakness and Irritation I have ever used." "No more backaches, no more pain, no more daily embarrassment or Getting-up-nights. I now sleep soundly and get up in the morning full of pep—thanks to URATABS."—This is amazing evidence!

No matter how long you have been troubled or how stubborn your case may seem to be, a two-day rest of Dr. Southworth's URATABS offers comfort and relief—and you can make the test with out risk of cost, for any good druggist will supply you on guarantee of money back if not satisfied. Try URATABS today!

—THE PERFECT TASTE—  
—THE PERFECT GIFT—

### Report of Publicity Committee

To The President and Members  
Digby Board of Trade:  
Gentlemen:

Your publicity committee during the past year has been to a great extent inactive. The sole reason being that there were no funds to work with. The only advertising done was a half page in the *Monor Guide* and a space in the *Tourist Edition of the New York American*. The total was \$180.00, which cleaned up the balance standing to credit of the committee. Our last edition of booklets was exhausted and we had none for distribution. The impression seemed to be that with the advent of the new boats on the Boston Yarmouth service the transportation companies would be forced to advertise Digby to an extent which would permit us to sit back and "let George do it." This was done. "George did it." with the result that Digby did not have as good a year as might have been.

Your committee cannot approve this false economy. Advertising our attractions can only bring best results if it is done consistently and continuously. Constant advertising will bring results which warrant expenditures.

We cannot see how any advertising campaign can be carried on for the coming season without the expenditure of at least One Thousand Dollars. Of this amount \$380.00 would be spent in newspapers advertising in the following newspapers: Boston Transcript, Philadelphia Ledger, Brooklyn Daily Eagle, Christian Science Monitor, Montreal Gazette, Toronto Mail and Empire, or other papers covering the territory and of equal standing as advertising mediums. \$25.00 would have to be allowed for making cuts for these advertisements. The necessary stationery for the committee which should have its own and which should be of high quality and distinctive, would account for \$80.00 to 100.00.

**BOOKLET**—A booklet, far more ambitious in design and appearance than the last issued, should be issued, to the extent of 25,000 copies. It is unlikely

that anything can be done with this matter this year, as it is too late to get it prepared and printed in time to distribute. The annual meeting is a month later than usual, which makes the time too short to attend to it properly. It would be May at earliest before the booklet could be ready for distribution. Such a booklet as is suggested would cost not less than \$750.00.

As an alternative we suggest the preparation of small cards and folders, containing condensed information. These, issued in 1000 to 2000 lots, would be distributed to inquirers and through various channels at Yarmouth, on the Empress, in Saint John and other entry ports. A quantity, with a suitable fee, could be put in the hands of someone at Yarmouth. The distribution of these cards would of course be principally to motor parties after they arrive in the province. A folder with list of hotels would answer inquiries of this nature. Another folder showing the drives about Digby, another on the town itself. They would for this year take the place of a booklet at considerably less expense, but at the same time with less puffing power.

We recommend that the incoming committee devote a large part of its energies during the year in preparing the copy and pictures for a booklet which will be a credit to the town.

**APPOINTMENT OF COMMITTEE**—Another recommendation which we would make is that the Publicity Committee, instead of being appointed at the Annual Meeting and serving from January to January, be appointed in September and serve a year from appointment. From the nature of things tourist advertising must be prepared in the Fall and winter, and a committee whose time expires in January, does not feel disposed to work hard on publicity matters with the possibility that they will be "fired" before the work is half done, and a new committee with other ideas be appointed who would discard all their predecessors had worked on. A committee working from September to September could plan their work and carry through from the end of one season to the end of the next.

R. Lockward Chairman  
R. C. Mills  
J. J. Wallis Secretary

### Corberrie

Ivan Blinn arrived home on Friday from the United States where he has spent the last two years.

Gustave Doucette and Gustave Theriault, of Little Brook, gave a pleasant call to their friend Alcide Blinn on Sunday afternoon.

Our teacher Miss Madeline Comieu was the week end guest of her friend Miss B. Melanson.

Mrs. Charles Blinn and son Alcide motored to Church Point on business on Monday.

Carmen Dugas, of Ohio, was visiting friends here on Sunday.

Volusien Theriault, of Lower Concession, was in this one day recently.

Miss Cerita Blinn is visiting her cousin Mrs. Catherine Lombard for a few days.

Melbourne, Bouquet, of Havelock, spent Sunday with friends here.

### Central Grove

Mrs. Willard MacDormand, of Westport, spent Monday with her grandmother, Mrs. Jean Thibet.

Mrs. C. M. Tibert entertained the W. M. A. S. at her home Tuesday, Feb. 14th. Mrs. Leslie Powell and Mrs. C. M. Tibert spent the week end with friends at Little River.

Mrs. Victor Finigan and little daughter Myrna spent a few days last week with her parents Mr. and Mrs. Leslie Powell.

### SEA BROOK

Mrs. William Hutchins and daughter spent one day last week with her sister, Mrs. Clyde Robar of Conway.

We are glad to report that Mrs. William C. Porter is able to be around again after her recent illness.

Miss Birdy Budd spent the week end with her cousin, Miss Cynthia Woodman.

Messrs Fritz and Clarence Porter spent Sunday in Culloden with Mr. and Mrs. Howard Dalry.

Mr. and Mrs. Frank J. Muise motored to Centerville last Sunday.

Claude Morrell is spending a few weeks with his cousin, William Hutchins.

Mr. and Mrs. Oscar Roberts and family spent Saturday in Lansdowne with her parents, Mr. and Mrs. George Banks.

#### LESSON No. 17

**Question:** Why is emulsified cod-liver oil so efficient a food for young children?

**Answer:** Rickets or weak bones are evidences of lime-deficiency. Emulsified vitamin-rich cod-liver oil helps Nature supply this deficiency.

Pure, pleasantly flavored, nothing quite surpasses.

**SCOTT'S EMULSION**

ASSETS at December 31, 1927	401,305,000
An Increase of \$56,054,000	

Dividends to Policyholders increased for eighth successive year

### EXTRACTS FROM DIRECTORS' REPORT

Substantial advances have been made in all departments during the year.

The total net income for the year exceeded one hundred million dollars.

The strength and resources of the Company have been further enhanced.

The high earning power of the Company's investments has been again demonstrated. The net rate of interest earned on the mean invested assets, after fully providing for investment expenses, was 6.47 per cent. This gratifying result has been made possible by dividend increases, bonuses and stock privileges accruing on many of the Company's holdings.

The wisdom of the investment policy which has been consistently followed in past years, in favouring long-term bonds and the stocks of outstanding and very carefully selected corporations, has been once more emphasized. The appraisal of our securities shows that the excess of market values over cost increased during the year by \$19,235,889.99. In addition, a net profit of \$5,028,033.20 accrued from

the redemption or sale of securities which had risen to high premiums.

The quality of the investments listed in the assets is testified by the fact that on both bonds and preferred stocks not one dollar, due either as interest or dividend, is in arrear for even one day, while the dividends accruing to common stocks are greatly in excess of the dividends payable on the same stocks at the time of purchase.

The surplus earned during the year amounted to \$38,511,029.67 from which the following appropriations have been made:

\$5,000,000 has been deducted from the market value of our securities as a further provision against possible future fluctuations, increasing the amount so set aside to \$10,000,000.

\$1,500,000 has been added to the account to provide for unforeseen contingencies, which now stands at \$12,500,000.

\$1,000,000 has been written off the Company's Head Office building and other properties.

\$500,000 has been set aside to provide for the greater longevity of annuitants, bringing the total provision under this heading to \$2,000,000.

\$50,000 has been set aside to provide for claims in respect of total disability as yet unreported.

\$11,090,056.61 has been paid or allotted as profits to policyholders during the year. In addition, \$6,205,573.00 has been contingently allotted to deferred dividend policies issued prior to 1911, and to five year distribution policies, to provide for profits accrued but not yet payable.

After making these deductions and allocations, \$11,269,330.89 has been added to the undivided surplus, bringing the total over all liabilities, contingency account and capital stock to \$45,280,896.14.

Your Directors are gratified to announce, for the eighth successive year, a substantial increase in the scale of profits to be distributed to participating policyholders during the ensuing year.

**TENDERS ASKED FOR HYDRO  
EXTENSIONS IN DIGBY COUNTY****Tenders for Construction of Transmission  
Lines Through Clare and Down Digby  
Neck Are Asked For**Advertisements appear in this  
issue calling for tenders for con-  
struction of main transmission lines  
to extend the Digby County ser-  
vice through the Municipality of  
Clare and down Digby Neck to  
Westport.The line through Clare will con-  
nect at Wilson's Crossing, cross the  
river and follow the Weymouth  
Falls road to join the main high-  
way at Weymouth, and extend  
through Bellevue's Cove and  
Church Point to Meteghan.The Digby Neck extension will  
make junction at the cross roads  
west of the Alms House, cross to  
Neck Road and follow this to its  
end, with cables across the Pass-  
ages. The cables are to be placed  
by the provincial government.Tenders will be opened at the  
office of the Board on March first  
and as soon as a contract is closed  
with the successful tenderer materi-  
als will be gathered together to  
commence operations.**On Winter Cruise**Major and Mrs. M.C. Denton  
left on Tuesday for New York,  
from which port they will sail on  
March 2nd, on the steamer Presi-  
dent Harrison, on a two months  
trip. The route is by way of  
Panama Canal, up the west coast  
as far as Victoria and they will  
return by rail, making a round trip  
of it. They will be gone about two  
months.India tea for strength; Ceylon tea for  
flavor and color; MORSE'S TEA for a  
combination of these two. MORSE'S  
TEA possesses great strength, it gives  
240 cups to the pound, and in addition it  
is of a most delicious flavor and especially  
attractive in the cup.**Ravens Won**

continued from front page

lost game. They won with a mar-  
gin of six goals over Windsor and  
Windsor was conceded able to beat  
any team in Halifax but the Socials.  
If there was any "luck" in it, it  
was all in the luck of the games  
coupled with the fact that the three  
best touted teams of the province  
the teams that have been doing the  
most shouting about how good they  
were, were all in one section, Aris-  
tocrats, like too, good to play  
with small town stuff. And that  
goes for any team that feels like  
wearing the cap.The Ravens have played good  
hockey. They have relied on  
home grown talent, without the ex-  
services of an expensive coach or  
even a paid trainer and rubber.  
They played the game for all it was  
worth and will give any team in  
Nova Scotia or for that matter in  
New Brunswick, a good run for  
their money on home ice. On a  
larger ice surface they may be a  
little at a loss, but after practically  
defeating Windsor in spite of an ex-  
tra player, an unsympathetic refer-  
ee and the spectators turning off  
the lights when it looked like a  
chance to win they don't need to  
take off their hats to any team in  
the league.Let's all go out to Monday's  
game and help the Ravens pile up  
a happy margin of goals against the  
final game of the series.Special car is being chartered for  
Truro.

Hydro is yours if you use it:

**SUBSCRIPTION BLANK**

The COURIER, Digby, N. S.

Please send Trial Subscription to the  
Courier commencing with first issue, to the  
following address:

NAME

POST OFFICE

I enclose Postal Note for \$1.00 to cover  
cost of trial subscription for six months. If to  
the United States add 25c for postage.

SIGNATURE

P. S. If three months subscription is preferred enclose Postal  
Note for FIFTY CENTS**A Piece on The Rink**The Ravens are playing for more  
than the championship of the  
province. They are playing for an  
addition of twenty feet to the rink,  
for a trainer, a coach and the back-  
ing that comes to championship  
material. Everyone loves a winner  
—and the Ravens have won the  
support of every one in town.  
Manager Walker of the rink put an  
addition on last year. The winter  
has not been a profitable season,  
but we venture to say that before  
next winter Mr. Walker will com-  
plete his plans for lengthening the  
ice surface, and give the boys a  
sheet larger than regulation size.  
It is already ten feet wider than  
wide enough to comply with the  
regulations, and another twenty  
feet in length will give an ice  
surface as good as any.Improvement of the spectators  
accommodation will be the next step,  
and perhaps a combination artifi-  
cial ice rink and refrigerator plant,  
such as has been suggested in  
Truro is a matter which is not too  
far away. Such a plant would be  
of service to fishermen in the sum-  
mer and in winter the plant could  
make ice for the boys.**SPECIALS !**

## Dennison Trophy to be Presented to Ravens Tomorrow Night

### AN HEROIC DEED THAT IS WORTHY NATION'S RECOGNITION

**Rescue of Tiverton Fisherman in August Gale a Feat of Heroic Devotion to the Traditions of Seamanship**

#### Appreciation

I wish in this way to express my gratitude to Captain George Crocker, Jesse Thurber, Nelson Thurber and Cleveland Prime all of Freeport, for saving my life in the great storm of Aug. 24th.

Words fail to show how much I appreciate their faithful efforts and the risk of their own lives in the storm.

Captain Crocker deserves great credit in the careful management of his schooner, the *Alta C.* in the heavy seas. I also appreciate the kindness of Capt. Homer Thurber and crew of *Schr. Firelight*, who did their best under the circumstances.

May He who hears in secret, reward them openly.

Heber J. Outhouse  
Tiverton, N. S.

The above card of "Appreciation," taken from the issue of the Digby Weekly Courier of September 2nd, 1927, is an epic of the sea

which shall live and be remembered as long as the people of the fishing towns of Nova Scotia go down to the sea in ships. It is the record of a man's heart spoken gratitude to heroes of the sea.

The deed is one which deserves recognition in a public way. At the time of its occurrence its heroism was overshadowed by grief over the loss in the same storm of three Tiverton fishermen, Stafford Pyne and Warren and Kenneth Ossinger, father and son. The body of Stafford Pyne was recovered and the whole village and many from miles around turned out to honor the dead and hold memorial service for the two whose bodies were never found.

Heber Outhouse was out fishing

in the early part of the storm. As the storm wind blew stronger he turned for port, but the seas, rising broke over his boat and disabled his engine. With the wind blowing on shore the boat and its occupant drifted steadily nearer to the rocks almost down to Freeport. The anchor, cast overboard to hold the boat off shore, failed to find holding ground and each sea swept the little boat near and nearer to the rocky ledges of the shore.

Word of the impending disaster reached Captain George Crocker and he with his engineer, Jesse Thurber and Captain Nelson Thurber who volunteered to go as third man, to assist in handling the boat, set out in the face of the gale to snatch the victim from the very teeth of the seas. It was a true feat of seamanship such as has made the fame of Nova Scotia fishermen; a time when every turn of the wheel meant safety or shipwreck in the trough of the pounding seas—and with the lives of the gallant crew and of the man they were to save, as the prize of victory. After hours of excellent seamanship they drew near to the drifting craft and cast a line. It fell fair across the boat, but Outhouse, cold and numb from the continually washing seas and exhausted from bailing, could not secure it to make it fast for a tow. Again and yet again the line was drawn in and cast across the derelict. Again and yet again Outhouse could not secure it. The two boats were by this time close in shore, right in the broken water swirling around the rocks. Onlookers gave up hope. Surely Captain Crocker would not venture closer to the wave washed rocks and mountainous waves crashing on the beach. But these men in the boat were men—they knew what they were about. Every chance there was to take they took in their last gamble with fate and a third cast of the line carried it right into Outhouse's waiting hands—to be caught secured to a holdfast and passed out over the bow for a tow. By this time the two boats were right into the breakers and the task of drawing clear might well have daunted men less fearless. Anything might happen, the least failure of the engine meant disaster for all four, but with engineer Jesse Thurber working over his engine Captain Nelson Thurber keeping an eye to the tow, and Captain Crocker at the wheel to turn and crest each advancing wave they made an offing, steadily drew away from the rocks and with their rescued boat in tow made port.

The way in which Captain Crocker handled his boat in this race with Death is something that will be remembered and talked of as long as the cliffs and the seas endure. A single mis turn of the wheel, a single error in judgment of the approaching seas and the boat would have been swamped and four lives added to the list of victims of the sea.

Peace, no less than war, has its heroes. In war such devotion would have won for all three men the Victoria Cross, "For Valor" and no less in peace such heroism is worthy of reward, which can only come from a nation's gratitude to the "men who go down to the sea in ships"

### Alfred Van Tassel Last from Schooner in the Bay

Alfred Van Tassel, aged 19 of Digby, N. S. returning from Saint John to Little River, N. S. from his first voyage as a seaman, was lost overboard from the coastwise schooner *Alta C.* in the Bay of Fundy below Minasquash at 6 o'clock Monday morning.

Just how the accident occurred is not known as the rest of the crew of four were below at the time, but the presumption is that the young sailor, who was at the wheel, heavy icy clad in winter clothing including an overcoat and sea boots, slipped on the icy deck and went overboard.

A heavy swell was in the bay at the time and the first intimation that anything was wrong came with the erratic movements of the small craft, noticed by the men in the cabin. Captain Darrell E. Chaney rushed on deck and found the wheelman missing. The schooner was turned about and after a fruitless search of the bay waters, was headed back for the port arriving at 11 o'clock with flag a half mast.

The schooner moored in South Rodney slip Monday with her signal of grief flying, was viewed by hundreds of ferry patrons. In the afternoon Captain Chaney visited the Customs House to report the tragedy.

Deceased leaves a widowed mother at Little River and a brother, J. I. Vantassel.

The *Alta C.* is a craft of 48 tons owned by Captain Chaney and was launched last September and engaged in carrying fish and general merchandise. She carried the following crew: Captain D. E. Chaney, Howard F. Frankland, mate, Whitefield Outhouse, cook and Alfred Vantassel, seaman.

### SCOUT NOTES

#### Do A Good Turn Every Day

#### Digby Boy Scouts Win Hockey in Kentville

Sixteen boys, members of Digby Troop Boy Scouts, including their team in charge of assistant scoutmaster, Jaber Appleby, went to Kentville on Tuesday morning and in the evening played the return game with Kentville Scouts. They were met at Kentville by the whole local troop and were given a royal time. They were entertained at a banquet at the Baptist church, where they were welcomed by Scoutmaster Webster. A representative of the Society for the protection on migratory birds also gave them an address on bird life.

Votes of thanks for the hospitality accorded the troop and for the lecture on birds were voted in usual scout fashion. Then came the game. The Digby lads won, showing that they are going to be good followers of the Ravens and after the game there was another little jamboeree, to while away the hours before the night train left, taking the scouts back home.

The meeting last Friday was well attended, the scouts making arrangements for the trip to Kentville. Three new members were taken on probation. Ralph Wright of Wolf Patrol, who points for his patrol with his essay on "The Weasel". This essay will be printed in the Courier.

### Bounties on Seals to be Discontinued After End of March

Fisheries Officer Torrie advises the Courier that instructions have been issued by the Fisheries Department that the bounty paid on hair seals will be discontinued after March 31st, the money appropriated for this purpose having been expended. This leaves a month in which to harvest seal bounty money and fishermen will no doubt take every advantage of the time left.

Particular attention is drawn by the department to the killing of the Harp Seal, which bears its young on the ice and which is frequently carried out into the waters of the Arctic stream and down around the Nova Scotia coast. The Harp Seal is not considered to be destructive to the fisheries and no bounty will be paid on seals of this species.

### Preparing For Spring

CConnell's Cash Store has long been known as Wall Paper Headquarters for Digby and this year Mr. Connell is making even greater preparation than last year to cater to this trade. The new spring lines are being opened up and will be announced in the next issue of the Courier. It will soon be wallpaper time, so Mr. Connell is going to be ready for it.

### TALK OF THE TOWN

Miss Chisholm will have an opening of the first Spring Hats, Wed. March 7th. For Saturday 3rd \$3.00 Silk Hats—All colors.

Miss Mildred Carry has returned from a recent visit to Kentville.

Mrs. Mayor who has been visiting Mrs. Kirkpatrick, has returned to her home in Toronto.

Mrs. J.E. Morse, of Bridgetown, is the guest of her daughter, Mrs. H.M. Warner.

Mr. and Mrs. Fred Robinson left on Tuesday for a month's visit in Boston.

Mrs. Robert C. Mills returned on Wednesday from Springfield Junction, where she has been visiting her uncle, H. A. McKinnis of the Lorne Hotel and her aunt, Miss Elizabeth McKinnis.

Mrs. L.H. Morse is the guest of her sister, Mrs. H. Kiney, Bear River.

Mr. W. Hope, of Detroit, is in town in connection with Defiance Motors.

Miss Kathleen MacAloney, of Wolfville was in town on Saturday calling on friends.

Mrs. Frank Wilson and daughter, of Point Prim, has been recent guests of Mrs. W. Holdsworth.

A very large and enjoyable meeting of the Ladies Hospital Aid Sewing Circle was held at the home of Mrs. W.R. Dickie on Wednesday last with an attendance of thirty-two. The circle will meet on next Wednesday at the home of Mrs. Faust, King Street and a cordial invitation is extended to all.

Invited to see Montreal by the hotels and the tourist and convention bureau of the city, 75 members of the Massachusetts Hotel Men's Association spent a week-end recently there and were given a royal reception. As their president, Emil Condon, said, "We came to sell New England to Montreal, but you have sold Montreal and Quebec province to us."

During the usually quiet immigration months of December and January the Canadian Colonization Association colonized 75 families who took up land to the extent of 22,754 acres. In 1927 the Canadian Pacific Railway, through its land department and its subsidiary (the C. C. A.) placed 2,654 families on Canadian farms, this including 626 families averaging 5 persons to the credit of the Association and 1,529 families in C. P. R. lands.

### BEAR CATS GIVE RAVENS GREAT GAME HERE ON MONDAY

**Ravens Put Up Great Game in Opening of Finals But Bear Cats' Machine Turned in 100 per cent Hockey**

Battling for sixty glorious minutes, in the fastest game of hockey seen in Digby rink, ever, the Ravens held the famous Truro Bearcats to three to one on Monday night and justified their right to be in the finals for the championship of Nova Scotia. It was glorious hockey, fast, clean, and scientific, with the locals playing every inch of the way and the Bearcats extended to their utmost. Manager Flemming of the Bearcats was quick to say that the Ravens were a snappy team, worth winning from and the Bearcats were not taking home any gift, but a game it took all their time to win. What it was in Truro, on bigger ice, is another story, but the Ravens Monday night was one between well matched teams, the Ravens being at home being more than off set by the heavier weight and team work of the visitors.

Both goal tenders turned in great games at net minding. Kuhn, for the visitors cage, had 27 stops and let one go by—the first real shot on his net. Eldridge connected with 36 and passed three, one in each period. Raymond and Tupper were outstanding men for the Ravens, Raymond with pretty rushes from defence position and a snappy get away with the puck on his shots. Tupper was right there with the attack and his puck carrying work was a feature of the game. Hyson was as fast as the fastest man on the Bearcats team but he was a marked man and whenever he started a rush got up against a five man wall which kept him out.

## School Attendance

With the school year more than half over the attention of pupils and teachers is turned towards the last of June and Grading Examinations. The results of the last quarterly examinations, handed to the School Board on Wednesday of last week, together with the reports of attendance, show a most disappointing and alarming condition. Out of an enrollment of 340 pupils, with a school day term of 95 days, more than 5950 school days have been lost, more than 20 per cent of the total. This has had a direct bearing on the standing of the schools and the examination results are unfair to teachers and to pupils.

Some part of the lost time is no doubt accounted for by sickness, winter colds, whooping cough and other school day ailments have taken their toll of attendance, but a great part of it cannot be traced to anything but neglect on the part of parents to see that the pupils start for school and get there each day. Truancy is not so much to blame as indifference of parents in seeing that children go to school. They are permitted to lose time on any or no excuse, and when the end of the school year draws near, and final examinations come in sight the pupils will suffer.

It is poor business to pay out large amounts of money to provide education for the children of Digby if the money is not used. The proportion of taxation which is applied to school purposes is by far the largest single charge on civic

The Municipal Council of Clare and all who had influence in making Clare a party to the provisions of the Digby County Power Board, are to be congratulated and commended for the vision of a united County which guided their decision to approve the extension of the transmission lines of the Digby County Power Board from Weymouth through Bellevue's Cove, Church Point, to Metaghan.

The linking of the two municipal districts together with strands of steel and copper carrying energy from the county power site at Sissiboo Falls is a bond that will be of far-reaching influence in moulding the destiny of

this county for generations to come. With common interest in the Probate Court, the Recording Office, the Court House, and now the hydro development, the two districts of the county become more and more closely connected. They have shared, in the past, in affairs which were but nominal in their benefits to the people of the two municipalities, and the common interest which the county hydro development creates is one of mutual profit. Each guarantees the other full enjoyment of all the benefits of hydro-electricity, produced under conditions which will guarantee to the consumer the utmost of service and value and which, with

continued on page five

financing, and to keep a staff of teachers, a building heated and ready for occupancy, and then to have that equipment working only part time, is criminal waste. The School Board urges that attendance regulations be complied with. Where health permits children are expected to be in school and it is the first duty of parents to support the Board in improving attendance and assist the teaching staff in making up for lost time so that the end of the term may not be a time of failure and heart breaks for children who need encouraging stimulus of "grading."

## A Great Canadian Company

A very remarkable record of expansion has been shown by the Sun Life of Canada in the past, and this great Canadian Company goes on from strength to strength, enlarging its activities and augmenting its huge resources. The Sun Life has grown steadily and constantly until today it stands in the front rank of Canadian financial institutions, with agencies all over the world; it is indeed, a world company, but essentially and always Canadian. To the already extraordinary story of its progress a new and even greater chapter has just been added, the

Declares War  
"Fruit-a-tives"—the Enemy of Dyspepsia

ST. URSULE, QUE.—"For ten years I could not digest food. Now I eat like a man. Fruit-a-tives relieved me completely."—Jos. Martin.

Our way of living lays most of us open to recurrent attacks of dyspepsia and kindred ailments. To remedy this, the regular use of Fruit-a-tives is highly recommended.

The gentle, natural stimulation of the bowels and digestive system by the fruit juice extracts and tonics in Fruit-a-tives soon banishes bothersome and painful digestion. Try it. Sold by all druggists—25c and 50c per box.

FOR SKIN DISEASES  
**Sootha-Salva**  
The Guaranteed  
Soothing Healing Ointment

statement submitted at the fifty seventh annual meeting yesterday showing the most notable gains in the history of the organization. The amount of Life assurance written during the year amounted to nearly \$350,000,000 the largest ever written by a Canadian Company. A million dollars of insurance for every working day in the year is an achievement which attests the strength of the Company, the vast scope of its operations, the zeal of its staff and the vigor and capacity of its management, without all these, no such result could have been possible. The magnitude of the business carried on from day to day by the Sun Life may be measured by the fact that the assurance now in force exceeds a billion and a half. This is unequalled by any other company writing ordinary business in the British Empire, while, taking life companies the world over, the Sun stands tenth and sixth among those companies writing ordinary business. The Company, since its inception in 1871, has paid out the enormous sum of \$300,000,000 to policy holders and beneficiaries. In the year immediately under review at the annual meeting living policyholders received nearly \$29,000,000 and an amount approximately \$13,000,000 was paid to beneficiaries. In this record year the total income of the Company exceeded \$100,000,000 the increase being nearly \$23,000,000 and the increase to undivided surplus more than \$11,000,000.

In the administration of the Company's affairs, a wise and productive investment policy has been followed for many years with the result that, as stated by the president, Mr. T. B. Macaulay yesterday, the net interest earned on the mean invested assets, after provision for investment expenses amounted to 6.47 last year. The story in this and in other respects indicates the strength which is to be found in all departments of the Sun Life's operations. That strength is something more than an expression of prudent and sagacious administration, it is an evidence of the potent influence for good which an association of this kind is capable of exerting in the upbuilding of Canada, an influence which has been exerted freely and fully in the past. The Sun Life's Canadian identity is a rich asset to the Dominion.

Legislative Council  
Votes Itself Out

Awaiting only the signature of the Lieutenant Governor, Hon. James C. Troy, to make it effective the bill abolishing the Legislative Council of Nova Scotia is an actuality as the result of its passage in the Upper House shortly after five o'clock Friday afternoon. Only two members, J. W. Comeau Digby and John A. MacDonald, Iona, opposed the motion made by Robert H. Butts, Sydney Mines, and seconded by A. L. Davidson, Middleton, that the bill be given its third reading. Eighteen members favored the motion made by the Leader of the Government Forces in the Chamber, and included in the number were two appointees of the late administration, J. George Mombourquette, Lower L'Ardoise, and Arthur W. Redden, Halifax.

A motion by J. W. Comeau seconded by J. A. MacDonald of Iona that the debate be adjourned until Tuesday was defeated.

## Further Repairs to Digby Wharf

Included in the estimates of general expenditure for public works in the province of Nova Scotia are included allowances for continuation of the repair work begun on government wharf at Digby last year. The recommendation that the wing be cribbed up and filled in, providing harborage for small vessels in the southerly wind, will also be complied with, this work to be included as a part of the repairs.

## Higher Salaries Urged For School Teachers

The annual report of the Superintendent of Education for Nova Scotia was tabled in the Legislative Assembly last Friday. It is the first report since the taking of office as superintendent, of Dr. H. F. Munro, former head of the department and political science at Dalhousie University. A review is given of the progress recorded in the reorganization of the education department whereby it is intended to improve the standard of teachers stimulate the interest of the people in the lives of their children at school and create a better understanding between teachers and parents. Progress was reported in the adoption by the three Maritime Provinces of uniform joint text books.

## Fertilizer For 1928

More attention is being given to soil treatment. Feeding the soil is necessary if satisfactory returns are to be obtained.

"Fifty cents worth of superphosphate, that is acid phosphate, added to a ton of manure makes it worth two tons of manure."

The Department of Natural Resources in sending out a "Better Crop Special" Demonstration Train aims to aid the fertilizer user in purchasing the RIGHT fertilizer in the right way.

Look over your farm, decide what crops and fields need the fertilizer; bring your problem to the fertilizer man on the train and talk over the matter.

Remember that the fertilizer used on a potato field may not be the best one to use on the turnip or grain field. Your clay land and sandy land need different fertilizers. Suit the fertilizer to the soil as the doctor selects the medicine for the patient; possibly your land needs no medicine but exercise which means cultivation.

A trip to the train may help you buy more fertilizer of the right kind and to use it in the right way. This means more profit.

NO LONGER  
A FAILURE

"Seemed like one time as it was a bump on a log—without success in life—often times without a job, now is different—'I'm Hemphill Trained' and Assistant Manager—'I'm a large firm'. The "Education Act" and  
Compulsory Attendance

With a view to improve the attendance at the Digby Academy the Board of School Commissioners desire to place before PARENTS and SCHOLARS the following extracts from the Education Act:

Section 120: (1) Except as herein otherwise provided, EVERY CHILD shall attend some school during school hours ON EVERY DAY on which school is open, unless such child is excused from such attendance BY THE BOARD upon the presentation to the BOARD of satisfactory evidence, showing that such child is prevented from attendance upon school, or application to study, by mental, physical or other good and sufficient reason.

The expression "CHILD" means any boy or girl between the ages of six and sixteen years living in the city or town.

Section 121. (1) Every parent or person in charge of any child SHALL CAUSE SUCH CHILD TO ATTEND SOME SCHOOL as provided in the next preceding section.

The expression "PARENT" means the father of such child, and if the father is dead or absent from the city or town, includes the mother of such child.

A "Guardian" or "Person Having Charge" of any such child, has the same liability in so far as seeing that the child regularly attends school.

The Board of School Commissioners wish to stress the point of REGULAR ATTENDANCE both upon parents and scholars, and again URGE the importance of complying with the Education Act.

By Order of the Board of School Commissioners

## SCOUT NOTES

Do A Good Turn Every Day

On Saturday eight of the Troop passed their Cooking and Firelighting Tests under difficult conditions. In warm summer weather these tests are comparatively easy, but on a cold windy day in midwinter, when dry wood is hard to obtain and when everything is covered with frost, it is another matter. To pass these tests, a fire has to be made in the open, without the use of either paper or birch bark to start it and not more than two matches can be used. A portion of meat and two potatoes have then to be cooked without using any more cooking utensils than a be ordinary billy can. All of the eight did a very creditable job and provided a choice of grilled steak and baked potatoes.

At the last meeting Watson Peck was admitted to the Peewits and Winston Benson to the Beaver Patrol.

The new headquarters have been completed, and present a very cosy aspect. The preparation of this room has called for real scout effort and practically all the work done on it has been done by the scouts themselves. They have scrubbed and calmsomed, and polished until everything is in ship shape order throughout and for the first time in their organization they have a rendezvous that they can regard as their own. The thanks of the troop are due to Mr. Burton Harris for his assistance in calmsoming the ceiling.

The quarterly patrol record now stands at 285 points for the Beavers and 226 points for the Peewits. This quarters competition finishes at the end of March.

**SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN**

Any breaking out of skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation. Mentho-Sulphur heals eczema ring, leaving the skin clear and smooth. It seldom fails to relieve the torment of disfigurement. A little jar of Rowles' Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.

## Annual Banquet of Bear River B. Y. P. U.

The annual B.Y.P.U. Banquet was held Friday, evening in the Vestry of the Baptist Church, which had been tastefully decorated in keeping with Saint Valentine's Day, the color scheme being red and white. This is an annual event and is eagerly anticipated by the members of the Union. The Banquet has educational, as well as entertaining value. After partaking of a sumptuous repast the toasts of the evening were proposed and honored. Rev. E. J. Barrass acting as toast-master.

The KING.

Our Country, responded to by Ira Harris.

Our Church, responded to by Miss Withrow.

Our Community, responded to by Ralph Harris.

Our Young People's Union, responded to by Fred Kempton.

Following the toasts a short musical program was rendered.

## NOTICE

The regular monthly meeting of the Women's Institute will be held in the Masonic building on Monday afternoon March 5th. The programme is in charge of the 'Home and School Committee' and promises to be very interesting. A large attendance is requested.

## Nothing's Worse Than An Aching Back

### B. C. Man Tells About Dodd's Kidney Pills

Mr. Herman Wewers, Suffered Severely With Pains In His Back

Mr. Herman Wewers, of (Special) About 25 years ago, in the States, when busking corn, I got a pain in my back, so bad I had to stop work. I said, 'The doctor was working for advised me to take Dodd's Kidney Pills. I did, and was soon able to work again. I always keep Dodd's Kidney Pills in the house and if my back gets sore I take a few and am soon all right again.'

Dodd's Kidney Pills purify the blood, and pure blood carried to all parts of the body means new health and increased energy all over the body. Dodd's Kidney Pills are an excellent tonic, and now is the opportune time to take them. During the long, weary winter months the system becomes weakened and gets in a run-down condition. Dodd's Kidney Pills work with Nature by encouraging and assisting the kidneys—to cast out everything impure or diseased.

## Bear River East

Mr. and Mrs. George Jefferson and son of Deep Brook spent Sunday with the former's parents, Mr. and Mrs. A. Jefferson.

Miss Emma VanBuskirk is confined to her home through illness.

Maurice Zwicker and Mr. Hartford Long left on Monday to accept positions in Morganville for an indefinite time.

Mr. and Mrs. Norman Sulis of Deep Brook called on their daughters, Mrs. Cleveland Jefferson and Mrs. G. M. Rugles on Sunday.

Rev. Mr. Durkee held his monthly service in Union Hall Sunday evening Feb. 26th.

It is extremely easy to spoil the best tea by careless brewing. Directions for proper brewing of tea are printed on the back of every package of MORSE'S TEAS. If you follow these directions you will always have a good cup of tea, and particularly so if you are always sure to use MORSE'S.

## Friendship Lodge Celebrates its 16th Birthday

Thursday evening the sixteenth anniversary of Friendship Lodge, I. O. O. F. was celebrated by a birthday party in its spacious lodge room, the members and their guests assembling in large numbers for the celebration.

A joint committee of Rebekah's and Oddfellows had prepared the evening's program of music, readings and dialogues, and at its close a social hour was spent in games and the serving of delicious refreshments, the special feature of the latter being the immense three tier birthday cake, with its sixteen candles.

The combined Oddfellow and Rebekah Lodges plan to add a number of new furnishings to its already well equipped assembly room making it one of the finest in the Province.

The complete program follows:—

Duet Miss Rafuse and Miss Marshall

Solo At Peace with the World, Mrs. Waldo Chute

Reading Cure for Rheumatism, Mrs. Chalmers.

Duet Sundown, Mrs. Harris and Mrs. Anthony

Reading The Braggart, L. V. Harris.

Solo Averd Marshall, Bells of St. Marys.

Reading Miss Marion Marshall Story W. M. Ramsay

Play Mrs. H. Criss and Miss Curtis, The Bride in the Butcher Shop.

Speech O. A. Eisner, History of the Order

Reading H. C. Trimmer Sax Solo Shirley Eisner

Reading Mrs. H. C. Trimmer, Old time days

Reading Mrs. George Oickle, Oddfellowship Revealed.

Greetings From W. S. Wright, Friendship Lodges' first N. G.

—o—

## East Waldeck

Miss Doris Eisner who has been visiting friends in Middleton returned home Monday.

Verdon Eisner and Earl Mount, of Digby, spent Sunday with Mr. and Mrs. C. Eisner.

James Robbins and Curtis Eisner witnessed the hockey game in Digby Monday evening.

Miss Gertrude Allen left on Wednesday for Digby where she will remain indefinitely.

George Miller spent the week end with Mr. and Mrs. Aron Sanford.

## Presentation to Mr. Harlow of the Royal Bank Staff

Bear River's citizens are expressing great regret at the removal of Mr. Reginald Harlow, who for over two years has been Teller in the local branch of the Royal Bank of Canada, and left on Saturday to take up his new position on the Göttingen St. Branch, Halifax.

Mr. Harlow, through his unfailing courtesy in his business capacity, and his participation in town affairs, has earned the respect of all with whom he came in contact.

Tuesday evening he was "host" to the Men's Bridge Club, of which he has been a member since its formation, and before leaving the Club presented him with a pipe and ten dollars in gold, as a token of their appreciation of his social and business qualities.

Mr. Harlow is a son of Mr. A. H. Harlow, resident manager of the Weymouth Pulp Co., Weymouth N.S.

—o—

## Weddings

A quiet wedding took place at the Baptist Parsonage, Deep Brook on Saturday evening, Feb. 24th, Rev. W. G. Hissler officiating, when Mr. Ira Rice, oldest son of Mr. and Mrs. Freeman B. Rice of Lunenburg, Digby Co. was united in marriage to Letta, only daughter of Mr. and Mrs. Clarence Wilson of Bear River.

The bride was prettily attired in a gown of navy blue satin and was unattended.

Directly after the ceremony the young couple left for Smith's Cove and other points in Nova Scotia on a weeks honeymoon.

—o—

Fulton Parker returned from Wilton on Saturday.

—o—

continued from page 1

side of the scoring territory. In the third period Melanson, the Newby Lalonde of Church Point gave an exhibition of hockey that alone was worth the money. His straight away rushes, hurdling over sticks and skates wall all hockey which could not be bettered and he was on the game all the time, right in his position, quick to see a chance and flashing in and out like an eel.

Murdock, the only member of the visitors team who had previous acquaintance with the Victoria ice, was in star shape, and fed well, but the boys were waiting for him and most of his rushes were blocked at outer defence.

There were only two penalties, Fraser, Bearcats, and Jones, Ravens, both two minute periods in the housegow for tripping. Both seemed to be accidental, but referee Lester Lowther wasn't letting the game get out of hand. Both he and his colleague, Merkel, with the other whistle, were sharp on offside plays and kicked pucks, which perhaps slowed up the game from a fanatics point of view but made for better hockey.

The first period ended one all, Ravens opened the scoring at four minutes, ten seconds when Jones took a pass from Tupper at center ice and whipped it away for a score. If fooled Kuhn completely and the first thing he knew the puck was being faced off at center ice. At 16 minutes of play Kuhn took a rush from Bearcats territory, drew the Ravens defence and whanged the rubber home. That ended the scoring. Both goalies were "on". Kuhn had 6 stops and Eldridge 8. Bearcats seemed to be playing a defence game, getting the bang of the rink and trying to tire the Ravens out.

The second frame opened faster than the first. Bearcats had uncorked a growl or two, but the Ravens matched it with as good. For seven minutes play went back and forth. Ravens had the edge of the territory but the combination work of the visitors broke up the rushes and carried the game clear. Finally Murdock got through on a run. He shot and Eldridge stopped but Kuhn bounced into the corner and shot across the front of the Ravens net. The puck glanced off Eldridge's skate and caromed in for the count. The game got faster. Bearcats were out to pile up a margin and Ravens were after an even score. But the net minding was too good. Kuhn saved the day with fifteen stops and Eldridge had to handle 8--making 21 stops for Kuhn and 16 for Eldridge.

Murdock got the goal he was after in the third frame. Both teams put in everything they had. With a goal lead against them the Ravens opened up to even the count, but the Bearcats had the game tucked away and played to keep it, playing stellar defence and sending their forward line on team work rushes. The machine was working good, but even with Jones in the housegow they could not penetrate the Ravens' defence to pile up score and had to be content with outside shots for the most part; all the while having their combinations turned into Ravens attacks. After twelve minutes of play Murdock got an opening. He blocked Raymonds rush at center ice swerved in a circle and drove straight in, past Hyson who was alone, fainted a shot to draw Eldridge over and whipped the rubber in the opposite corner. He had worked hard for it, and deserved it. It wiped out the memory of last year's game when he was star for the Wild Cats and could not make the grade. That ended the scoring. There was an anxious moment when four Bearcats and five Ravens were piled up in a melee in front of Eldridge's cage, and even the goal judge got so excited he had to use his hanky. It looked like a goal, but was not. Bearcats had a shooting session. Eldridge had a busy time with 18 shots fair on his nets. He got all but one, and don't need to worry. He put up the best game of the year and it was only matched by

the time he turned back fifty at Kentville. Kuhn had a fairly easy time. The Bearcats three man defence kept the Ravens out, and he had only five stops to make. In this frame the Bearcats showed what a difference team work and weight make on a hockey game and they worked for all they got.

Ask anybody. It was a great game, and if the Ravens had been in a league series with as good teams as they played on Monday night the Bearcats would have taken home the small end of the score. The boys have earned the rink and the coach they were promised and it up to the fans to that they get it.

**Digby General Hospital**

The regular monthly business meeting of the Ladies Hospital Aid will be held in connection with the Sewing Circle at the home of Mrs. J. Jaust on Wednesday, March 7th, at 3 p.m. A large attendance is invited.

The Ladies Hospital Aid wish to thank all those who contributed toward the success of the Jiggs' Supper held on Thursday and Friday of last week. Special thanks are due for the many generous donations and for the use of the Baptist Vestry where the supper was served. The committee in charge would be obliged if those having extra pie plates would return same to Mrs. Titus where they may be called for.

F. L. Anderson, H. F. Williams, C. J. Eldridge, Dr. Turnbull and F. K. Hayden accompanied the local hockey team to Truro for the playoff game.

Read the advt "Hids Invited" and if interested have a look over the fine farm to be sold at Middleton for what it will bring to close estate.

**Deep Brook**

Mrs. Howard Adams and daughter, Myrtle are visiting Mrs. Adam's parents Mr. and Mrs. S. Blandy at Lower Grandville.

Mrs. Henry Jacques of Middleton is spending a week with her sister, Mrs. Marguerite Page.

Mrs. W. G. Hiesler entertained the Dorcas Society, at the parsonage on Wednesday last. Refreshments were served by the hostess assisted by her daughter, Miss Doris Hiesler.

On Tuesday evening Feb. 21st occurred one of the pleasant social gatherings of the month when Mr. and Mrs. L. E. Sherman entertained all those who took part in the recent Valentine Social. Their large living room with the open fireplace made an attractive setting on a cold night for thirty matrons and maidens accompanied by their husbands and friends to spend a nice evening. Mr. and Mrs. W. Trethewey were guests of honor as they were leaving on Wednesday for Halifax. The programme consisted of games and music. Dainty refreshments were served by the hostess assisted by Mrs. J. F. McClelland, Mrs. Carl Nichols, Misses Vera and Doris Hiesler, Ethel Clayborne and Bernice Purdy. Mrs. Sherman spoke words of appreciation to all who entered so heartily in making the social a success. The evening programme closed by all joining hands encircling the room while they sang "God Be With You Till We Meet Again".

The movement of British youth to Canada promises to be considerably heavier than usual, due to new arrangements made with the British Government. Ontario is taking 500 boys, Manitoba 50 and the Maritime Provinces and Saskatchewan an indeterminate number, while some hundreds are to be moved by private organizations. In all it is estimated some 2,000 boys will probably be brought out under the new scheme this summer.

Another body of sportsmen are finding Montreal and Eastern Canada good places in winter as well as summer. The Appalachian Mountain Club, of Boston, picked the best period of the winter season to spend a week in the Laurentians mainly devoted to skiing, but with sleighing, dog-mushing and tobogganing thrown in. It was the first time they had ever visited this district in winter and they are going to repeat it.

Resignation of Colonel Walter Maughan as Canadian Pacific Steamship Passenger Traffic Manager was accepted by the board of directors of William Baird, who was assistant European Manager of the Canadian Pacific Railway in London, Eng. Mr. Baird's appointment is effective March 1, joined the Allan Line steamship company at Glasgow as a junior clerk in 1905 and came into C. P. service when that company took over the Allan Line in 1916.

Bee keeping in Saskatchewan made marked progress in 1927, there being an increase of 45 per cent in the number of colonies over those of 1926 and an increase of 191 per cent in the 1927 honey crop over that of the previous year. The number of spring colonies in 1927 was 3,803 which increased to 5,562 by the fall count. The production of comb honey for the year was 54,842 pounds and of extracted honey 436,932 pounds, making an average production per colony of 148 1/2 pounds.

Airplanes are now being used to herd vast numbers of reindeer in the big Arctic stock farms, according to Ralph Lomen, pioneer of the reindeer industry of Alaska. "It's a new idea and it's not being practiced regularly, but herding by airplanes seems feasible," said Mr. Lomen. "Our head herdsman went out recently and in two hours accomplished as much as would otherwise have required a week with six men. There is room for 12,000,000 reindeer in the northern tundra of Canada and such a herd would be worth \$50,000,000. It could be done in 50 years if Canada started now in a modest way."

**\$100 IN PRIZES FOR FISHERMEN**

First prize \$25; ten prizes of \$5 each; twelve prizes of \$2.50 each.

## Clare Votes to Remain in the Digby County Power Board.

### SPECIAL SESSION OF CLARE COUNCIL DECLINES TO BREAK WITH COUNTY

**A Victory for the People of Clare Which Will Bind County Together and Develop Industries**

Clare remains a member of the Digby County Power Board, and the resolution passed at the January session by which the Municipality adopted the provisions of the Digby County Power Board Act, stands a vindication of the business principles of the Council members. On Saturday last a special meeting of the council was held in an endeavor to have the Council rescind its previous motion. The session was marked by strong debate on both sides, and those in favor of withdrawing from the Digby County Power Board were most active until late in the afternoon when the tide of opinion turned to uphold their previous action. At six o'clock a motion to adjourn sine die carried by vote of seven to three, the Warden declaring the vote.

There must be general gratification that the action of the Municipal Council of Clare so clearly approved the principles of public ownership under which the Digby County Power Board is operated. By their action they have assured to the people of the Municipality of Clare all the advantages of electric energy produced at minimum cost, without any charges for profit, and when the lines of the County hydro development stretch down along the shore to Meteghan, the wisdom of this action will be proven.

The people of Clare and of the whole county must not let themselves be under any mistaken idea of what the Digby County Power Board means in the development of the whole county. The guarantees of bonds for the construction of plant, transmission lines and

distribution services does not mean a single addition to the tax rates, or to the total of the municipal debt. For every dollar of asset in plant and equipment and the whole hydro development is an asset which is of untold value to the county—not only to the people who live along the route of its lines, and along routes now authorized to be constructed, but the back sections, isolated houses where hydro may not come for years, because hydro is a public utility in Digby County. The Power Board bonds are considered an excellent investment, even more so than bonds of private companies in similar business, and the number of investment companies which have bid for each issue of the Board's bonds is adequate proof of the standing of the Board in financial circles.

The theory may be advanced that a private company undertaking such a construction would not place the Municipality under any guarantee, that the money expended on construction would be "new money". So far as the guarantees are concerned the Power Board assets more than cover the amounts which have been guaranteed by the two municipalities and the town of Digby and the village of Weymouth. The money derived from the sale of Power Board bonds will be new money, just as if supplied from the same sources by a private company. And under the Power Board the interests of users, of the municipalities and towns which are a part of the Board, will be so safeguarded under the conditions of the Act of incorporation that the energy generated and distributed will reach the consumer at lowest possible cost for capital and operation, and this without allowing for a single charge for profit.

Under the Public Utilities Commission private electric companies are permitted to earn profits on the undertakings up to ten or twelve per cent. That is to say that ten or twelve per cent is added to the cost of operation and the rate charged is based on the combined amounts. The Digby County Power Board under its Act of incorporation is not permitted to earn profits. All surpluses after allowing for necessary maintenance and capital charges must be kept at a minimum, and for this purpose the rates are subject to revision at any time.

With the whole county drawing energy from the Sissiboo Falls plant the full capacity of the generating system will soon be reached in demand and what will naturally follow is the development of the Meteghan River and linking both systems together to produce two or three thousand horse power and give the county industrial power at a price that will be so attractive that industries will develop and give increasing employment to the young men and women who now must leave their native province to find work in a foreign land.

### Prize is Offered for Largest Haul of Logs to Mill

**B. O. Baxter Hauls Record Load of Logs to Warne's Mill**

With the fine bauling given by the freshly fallen snow, teams from all over the county are busy bauling logs from their cuts to the Warne Mill at Digby. All roads, literally lead to the Warne mill these days, and on Tuesday fifty loads were landed on the mill brow. The record load for the day was hauled by B. O. Baxter, the scalers pronounced it the biggest for some time, if not the biggest this winter. Talk of it got the Courier interested, so we had a talk with Mr. Warne and have made arrangements with him to have accurate scale of every load kept on record. To be published each week. When hauling is over for the winter a prize will go to the teamster bringing in the biggest load. A ninety eight pound bag of Reinder Flour goes to the biggest load.

Come on you teamsters, widen the banks, add a few links to the binder chain and win, bring in the record. There are no limits. Haul as many big loads as you wish, pile 'em up. Use oxen or horses, trucks are barred. That is all. And the winner gets the half-barrel of flour.

### Death of California Pioneer at North Hollywood

**His Widow is a Sister of Mrs. Ernest Denton, Little River**

California papers report the death and interment services of William Huett Thomas, 78 years old pioneer of California's covered wagon days, who died at his home on Magnolia Boulevard, North Hollywood, California on February 15th.

Impressive funeral services were held in First Christian church, North Hollywood, on February 18th, Rev. S. A. Roberts, preaching the funeral discourse. The altar before which the body rested, was piled high with floral offerings and the body of the church thronged with friends. Interment was in Grand View cemetery. Mrs. Thomas, who recently undergone a

### V. O. N. Pantry Sale

The ladies of the Victorian Order of Nurses will hold an Afternoon Tea and Pantry Sale at the home of Mrs. Tupper Montague Row, on Saturday afternoon, March 10th. Contributions are requested to be sent to Mrs. Tupper's. Mrs. Tupper and Mrs. Smith are the convenors for this sale.

### Aching Feet.

Bathe and rub well with Minard's. It soothes and brings a contented feeling of rest.

Hydro is Yours!!

serious surgical operation was unable to attend her husband's funeral.

Mrs. Thomas is still critically ill according to reports received by her sister, Mrs. Ernest Denton, Little River.

Mr. Thomas had an interesting career. Born in Missouri in May, 1849 he inherited a pioneer tradition and at the age of 15, with his parents he joined a wagon train and started west. While on guard, watching for hostile Indians, word came to the camp of Lincoln's death. He arrived in Downey, California in 1865 and moved to Sacramento Valley 38 years ago to enter the employ of a big grain ranch west of Lankersheim's. Several years ago he removed to make his home in North Hollywood.

### Digby Legion Enjoys Chowder

The meeting of Digby Legion, held last Thursday night was attended by upwards of twenty members. Vice President Woodford Council presided. A number of matters of importance were brought to the attention of the meeting and discussed. After adjournment of the business session the house committee brought in a huge canteen copper of coffee and clam chowder for a regiment. These were flanked by several cakes, and for an hour the boys ate and told stories and sang army songs.

The next regular meeting is on Thursday, March 15th, when it is hoped there will be a good attendance as several committees are to report, and delegates to the National Convention at St. John will be chosen.

### SCOUT NOTES

### Do A Good Turn Every Day

Friday's meeting of Digby Troop Boy Scouts was attended by twenty six scouts, with Assistant Scoutmaster Appleby in charge. The meeting opened in usual manner and this was followed by Signaling and First Aid tests. The animal essay was won by Jack Nicholls, whose essay the Lynx won the points for his patrol.

Games and songs were enjoyed for the latter part of the meeting and after adjournment the usual Court of Honor was held.

Last Sunday morning twenty scouts attended corporate church service at Grace United church, where Rev. Forbes gave them an interesting and instructive address. The church parade was headed with the new flags, upheld on poles donated by Mr. Evan Dunn. The Scouts say "Thank You Mr. Dunn."

Next week's essay is on the Wolverine.

### Visiting in Halifax

Mrs. Aubrey Brown, of Manitoba, who has been the guest of Mrs. C. E. Dexter for several weeks has gone to Halifax where she will spend several months. Mrs. Brown was a guest of Mr. and Mrs. Clarence Jameson, of 87 McKay Street, Ottawa, enroute from her home to Digby and found Mr. Jameson much improved in health.

### DENNISON TROPHY PRESENTED TO RED RAVENS HOCKEY TEAM

**Mayor Lynch Makes Presentation after Second Period of Wolfville Game in Victoria Rink**

The Dennison Cup, donated by Mr. A. J. Dennison, former Digby boy and now manufacturing jeweler of Riverside, R.I., and which was won this year by the Red Ravens, was on Tuesday night presented to the Red Ravens by Mayor T. E. G. Lynch.

In presenting the cup, His Worship congratulated the team, collectively and individually, on their success in being the first to have their "mark" engraved on the silver. They had played the game as true sports and had well earned the trophy.

Captain Edgar Jones received the silver and the team acknowledged the round of cheering which followed the Mayor's speech.

The Courier, as trustee of the Cup, wishes to add its measure of congratulation to the team. Our thanks also to Mayor Lynch for his kindly offices in making the presentation. Mr. Dennison in writing about the Cup said he would be more than glad if the home team was first to have their name on it, and he will be pleased also at their success.

The visiting Wolfville players gave the Ravens a hard tussle for a win. How Windsor ever managed

to beat them out of the championship of their section is hard to figure out. They were faster, better shots and had better than the Windsorians, and for a time things looked as though there was going to be a game go out of town.

### Attending M. A. H. A.

C. E. Walker left for Moncton yesterday to represent the Ravens' Club at the meeting of M. A. H. A. being held in that city. Mr. Walker is instructed to ask for the Ravens for lost gate receipts, due to the failure of the Crescents to come here for scheduled in the Play-off series.

### IN MEMORIAM

In sad and loving memory of my dear son Milton G. Gower, died March 7 1927. You are not forgotten Milton dear, Nor will you ever be. As long as life and memory lasts, I will remember thee, I think of you dear. When I am all alone For memory is the only friend That grief can call its own. Gone but not forgotten by his mother.

## Standards of Size and Quality for Dry and Salted Fish

An interesting and instructive pamphlet has been issued by the department of Marine and Fisheries under the title of "Standard of Size and Quality for Dry and Salted Cod and Such Like Fish." The Courier proposes to print extracts from it in each issue, beginning with the issue of March 16th and would suggest that readers who are interested make a scrap book collection.

## Winter Sports in Nova Scotia

Manager Dennis of the Halifax Herald is deserving of the thanks of the people of Nova Scotia for his enterprise in having a hockey team from Western Canada play hockey in Halifax Sport, more than any other means gives a season the utmost of desirable publicity, and Nova should benefit largely from the events in which the best teams of the province met and defeated the famous Regina Aces.

In addition to bringing the attention of all winter sport lovers to the games the events provide the value of equipment for entertainment of visitors. The Forum, with artificial ice and seating

accommodation for nearly nine thousand is an asset to the city and province and it may be taken for granted that the games this winter are only the first of many which will be played with visiting teams. The Grads, Boston Varsity, Regina Aces. These are famous names. Their members are favorites not only in their home cities but all over the continent and having them play in Halifax was to bring Nova Scotia into the sporting lime light.

Mr. Dennis will permit us to suggest that in Nova Scotia there is an opportunity for development of other winter sports. We have not the steady winter conditions of Quebec or of parts of the mountain sections of New England, but we have conditions which are favorable to three and four day events, curling, skating, hockey, perhaps snow shoe and ski races, and in Halifax is the place to start them, so that the smaller towns may learn from the Capital City and in a few years branch out in the winter sports as a business proposition.

A toboggan slide and bob sled course could be constructed in Halifax at small outlay, and judging by the demand for accommodation at the hotels during the East versus West games there is no way which money can be better invested than by promoting a winter tourist season in Nova Scotia.

## Praise For Freeport

Editor of the Courier:

Good for Freeport and its proposed Old Home Week, next summer! Let's hope that every resident of the attractive town, and every absent son and daughter, will back up the idea with enthusiasm.

The institution of Old Home Week was established in New Hampshire some thirty years ago, and it sometimes has been the subject of cheap jokes from the Smart Ales

with whom we are afflicted now days; but the writer, after having spent several years in actively promoting the idea in Massachusetts, certify to its many benefits, social and material.

Now let Westport, Tiverton, Little River, Mink Cove, Sandy Cove, Centerville and the rest of the lovely string of pearls that adorn Digby Neck, get into line and make the 1928 home-coming observance unanimous! It would be a great waking up for every community along the "Friendly Road" and think what it would do for "Guy" and "By."

T. F. Anderson  
Boston, Feb. 25, 1928

## New Immigration Facilities At Halifax

With the opening of the new immigration facilities at the South Terminal, Halifax, on Monday March 5th, Canada has one of the most efficient units for the handling of immigrants on the Continent. The main building, into which immigrants pass directly from the ship is 1290 ft. long, while the customs baggage and ticketing building, to which those immigrants who have qualified for entry into the country and have been accepted pass from the main building, is 425 ft. The main building is equipped with hospital quarters and detention rooms, while both buildings have adequate feeding arrangements with dining rooms, kitchens and a canteen in the customs, baggage and ticketing building at which immigrants may purchase supplies of food, etc. The equipment of both buildings is modern in every respect. In the Customs, baggage and ticketing building quarters have been provided for the Red Cross and the representatives of religious bodies engaged in welfare work. A covered passage-way connects the buildings with the Canadian National Railways station. Immigrants pass to their trains direct from the customs, baggage and ticketing building, tracks running along-side. Cabin passengers pass direct from the ship to the Railway station through the covered passage-way.

The buildings were constructed by the Canadian National Railways and they form an imposing entrance into Canada for our future citizens. They will have a tendency to impress upon such citizens the magnitude of Canada and the opportunity for development. The buildings are constructed of steel, concrete and brick.

## Saw Lindbergh Fly

Boston Post

To the Editor of the Post:  
Sir—Some time ago someone wanted to know through the Boston Post if Lindbergh could possibly have been seen flying over Massachusetts on his flight to Paris.

Yes. It was possible. He was seen flying over Nova Scotia, right over here, at Meteghan River. I saw him myself and he was flying so low I could have taken a good snapshot of his plane, Spirit of St. Lewis.

He was reported to Halifax by our station agent, Mr. Belliveau.

MONICA DEVEAU,  
Meteghan River, N. S.

## The Capital of the Dominion

All roads lead to Ottawa; at least so far as Canada is concerned, being the centre of our political and national life.

Ottawa, apart from its being the capital of the Dominion, is also a beautiful city with a very fine hotel, Chateau Laurier, patterned after the chateaux that have helped to make France architecturally famous named after one of Canada's illustrious Statesmen, Sir Wilfrid Laurier. There are also the Parliament Buildings, themselves alone worth a visit, with their beautiful Victory Tower and its World famous carillon, one of the largest in the World. There is the Rideau Canal, a very lovely water trip, and many other interesting things and delightful places to see and enjoy. There is also a very fine National Museum with a wonderful collection of curious and other objects of interest.

The Canadian National Railways have arranged very convenient train services to the Capital, there being trains at a variety of times. For those coming from the Maritime Provinces there is a train making close connections with the "Ocean Limited". This train leaves Montreal at 9:45 a.m. arriving Ottawa at 12:45 p.m. on week days. Sundays 1:15 p.m. Additional services are leave Montreal at 10 p.m. daily except Sunday, arrive Ottawa 1:30 p.m.; leave Montreal 6:45 p.m. arrive Ottawa 9:50 p.m. week days, Sundays 9:55 p.m. leave Montreal 10:15 p.m. daily arrive Ottawa 1:15 a.m. For car accommodation can be had on all of these trains.

In addition to these train services there is a Motor Train service leaving Montreal at 9:25 p.m. daily except Sunday and arriving Ottawa 11:55 a.m.

For information as to reservations fares etc. apply to any Canadian National Agent, or F. W. Robertson, General Passenger Agent, Montreal, N. B.

## Scarlet Fever Left Her With Kidney Trouble

Nova Scotia Lady Highly Recommends Dodd's Kidney Pills

Mrs. E. Young Suffered Untold Agony From Her Kidneys  
Halifax, N.S. March 5 (Special)  
"I can truly recommend Dodd's Kidney Pills to anyone suffering from kidney troubles," writes Mrs. E. Young, who lives at 101 Barrington Street. "I was a girl of fourteen I was stricken with scarlet fever. On recovering it left me with kidney trouble. I suffered with untold agony. Doctor's medicine was of no avail. I could not walk. A neighbor said: 'Why not try Dodd's Kidney Pills?' My adopted parents got me some and I took three boxes. I found relief and all my sufferings with my kidneys as I did should use Dodd's Kidney Pills. I always recommend them when I hear of anyone suffering from pain in the back caused from kidney trouble."

There is no reason why anyone should continue to suffer when Dodd's Kidney Pills can be obtained from druggists everywhere, or the Dodd's Medicine Co., Ltd., Toronto 2.

## Plympton

Mrs. Roy Mallett has been spending a few days with friends in Digby.

We are sorry to report that Dorothy Melanson had to return to the hospital again. We wish her a speedy recovery.

Miss Alice Tibbitts who has been visiting friends has returned home.

Miss Nettie O'Neill who has been spending a few months in Digby, has returned.

Edward Tibbitts spent the week end at his home in Plympton.

Mrs. Gordon Morehouse and Mrs. Douglas Spates of Centreville, spent Friday last with Mrs. David Tibbitts of Plympton.

The last monthly meeting of the Women's Institute met at the home of Mrs. Wm. Warner on the 8th. After the regular business meeting a pleasant evening was spent with refreshments and music our popular teacher, Miss Agnes Chisholm presiding at the piano. At the meeting it was decided to hold a Supper on St. Valentine's evening at the Library which was a decided success. The sum of \$118 was made. Special mention should be made of the little waitresses the Misses Marie and Alice Cousens, Winifred Mallett, Alice, Catherine and Frances Tibbitts who looked very pretty in their Valentine costumes.

## Treat Colds 2 Ways With One Treatment

RUBBED ON throat and chest, Vicks does two things at once:  
(1) It is vaporized by the body heat and inhaled direct to the inflamed air passages, and  
(2) it stimulates the skin like an old-fashioned poultice and "draws out" the soreness.

OVER 12 MILLION JARS USED YEARLY

## Ski line view of Canadian Metropolis

Montreal, Metropolis of the Dominion of Canada, is so fortunate as to possess a great natural playground in the heart of the city so that it is but a few steps from the everyday matter-of-fact world of trade and commerce into sylvan retreats. Mount Royal possesses attractions in every season of the year and for every age. In winter time it affords numerous paths for the ski enthusiasts, providing level ways for the leisurely and swift runs for those who want thrills. Mount Royal has the further distinction of being forbidden to the automobile at all times. From the point where the camera man has found the ski path resting a wide view of the city and the surrounding district is obtainable. Manufacturing plants vie with the spires and just to the left of the middle distance the face of Notre Dame contrasts with a vast grain elevator. At the right may be seen the great Victoria Jubilee Bridge connecting the Island of Montreal with the South shore, crossing the St. Lawrence now covered with its winter mantle of ice and snow. (Canadian National Railways photograph.)

## Dr. Warren Journey Buried in Forest Hills

Funeral services for Dr. Warren W. Journey, 62 were held at the residence, 164 Huntington av. yesterday afternoon. Rev. Dr. Ernest Graham Guthrie of Chicago, for many years minister of Union Congregational Church Columbus av. which Dr. Journey attended, officiated at the services.

The music was by Mrs. Emma Redding Saunders, soprano, who sang with harp accompaniments, "In Summerland" and "The Beautiful Garden of Prayer". The pall bearers were Henry B. Estes of Lewiston, Me., Henry McCusker of Brantree, Leo Lewis of Hyannis Dr. George Bridges, William Bryant Parson of Millville, and Burton Van Maaren. Burial was in Forest Hills Cemetery.

Dr. Journey leaves his wife, Lydia Parnell Journey, 4 daughter, Miss Roberta Warren Journey; a sister, Miss Emma Journey and a brother Herbert Journey of Weymouth, N. S. where the deceased was born.

Boston Globe, Feb. 25, 1928

Hydro is yours if you use it:

**Come to the Carleton!**

It offers you the friendliest service, the finest food, the coziest rooms in Halifax. The most modern, the most fire-proof hotel in the City. 50 steps from the centre of the business district with in 5 minutes walk of the main points of interest and importance, but free from the uproar of teams and cars. 90 rooms, single and en suite, with and without baths.

## Grandmother finds way to grow old gracefully

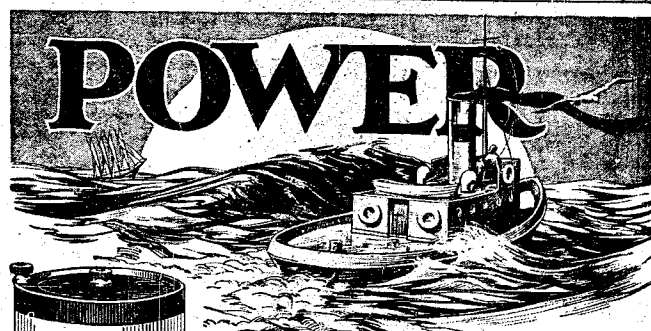

"I don't try to keep up the pace of the younger generation," says this 65-year-old woman. "I leave that to my grandchildren."

"But just because I lead a quiet life doesn't mean that I'm not perfectly well. I never felt better. Everything about me is normal and functions as it should. I make sure that by taking Nujol regularly, Nujol keeps me in good condition."

When people become less active, Nujol becomes even more important for good health. For Nujol not only prevents the excess of body poisons (we all have them)

from forming, but aids in their removal."

All of us—old and young alike—lead more or less sedentary lives. But Nujol helps make up for this lack of exercise. It keeps the body functioning as Nature intended. Even if you think you're perfectly well, try Nujol. It was perfected by the Nujol Laboratories of the Standard Oil Company (New Jersey). Take it for three months and just see if you don't feel better. Nujol can't possibly upset you! It contains absolutely no drugs or medicine. Be sure you get the genuine,

## For All Marine Uses

Eveready "Hot Shots" and Dry Cells are the choice of sea-going men everywhere, because they provide the most uniform power of any batteries made.

No other battery can give your engine the same vital power—the same energy and unfailing dependability. Eveready Hot Shots are protected by a heavy metal case, proof against water and damp. No danger of your batteries being ruined by exposure in rough weather, or when your craft is waiting in dock.

**Quickly Eases Irritated Throats**

Slowly swallow a spoonful of "Buckley's" and it brings to a sore, inflamed throat almost instant relief. The first throat sore should be without it. The first cold and cough should be without it. At all drug stores and guaranteed. At all drug stores and guaranteed.

**BUCKLEY'S**

W. E. Buckley, Limited, 112 Market St., Toronto

## SCOUT NOTES

On Thursday evening the new Headquarters were occupied for the first time, and the Troop turned out with a hundred per cent attendance.

After the regular business was transacted, all the members of the Troop who were ready for the First Aid tests were examined by Dr. L. J. Lovett. Right pieces of First Aid work for each scout constituted the test, and every variety of bandaging and splinting was employed. Dr. Lovett complimented the candidates on the skill and speed and neatness of their work and passed thirteen of the Troop.

As evidence of his interest in the work of the Scouts Dr. Lovett has awarded a five dollar gold piece, which is to be presented to the first Scout obtaining one of the special Proficiency Badges.

A number of the Troop have only one more test to pass in order to qualify for Second Class Scouts, and it is expected that some of these badges will be presented at the next meeting.

In the Patrol Competition the Beavers have 351 points and the Pioneers 261 points.

Telephone 90 Digby, Nova Scotia

## Two Doors To Every Business

Every progressive business today has two doors  
through which patrons bring their orders—the  
street entrance and the telephone.

Are these doors to your business wide enough?

No business man would have his street entrance so built that the passage of his customers to and fro is impeded. But some, unknowingly or with a false idea of economy, so narrow down their telephone entrance that customers are turned away time and time again.

And a customer so turned away will eventually take his trade elsewhere.

We shall be glad to make a study of your telephone service in this respect and advise you.

May we?

## MARITIME TELEGRAPH & TELEPHONE COMPANY LIMITED

## Acaciaville

The Misses Helen and Florence Bacon who have been visiting friends in Deep Brook, returned on Tuesday.

Quite a number from here enjoyed a sleighing party to So. Range on Monday night and were entertained at the home of Mr and Mrs Will Mallett.

Mrs Charlotte Foley and little grand daughter of Saint John are visiting her sister, Mrs Stuart Goldsmith.

On the evening of Feb. 29th the young folks gathered at the home of Orbin Minard to give a birthday surprise party and they certainly surprised him. The usual round of games were enjoyed and refreshments were served.

## Weymouth North

### Made in Canada Also

Most of us think of Wrigley's Gum as a product of the United States, which is natural. It originated in the United States, has been promoted by advertising methods which our American cousins are famed for, and which have so successfully built up more than one American institution to be a household word in Canada as well as in the land of its origin. But Wrigley's is also manufactured in Canada, at a large factory in Toronto and it is from this factory that the familiar Spearmint we see and chew comes.

## New Pontiacs Will be Shown in Motion Pictures at Weymouth Tonight

The past year has been an extremely successful one for the Pontiac six, and the fruits of this success are seen in the new series Pontiac, announced this week, which incorporates numerous improvements and refinements at no increase in price. The four models illustrated above indicate the graceful lines of the new car. At the upper left is the two-door sedan and at the upper right the rakish new sport roadster, with its convenient folding seat. A head-on view of the roadster, showing the deep, narrow radiator and two of the four-wheel brakes, appears in the centre panel. At the lower left is the beautiful cabriolet and to its right the new four-door sedan.

I am in perfect health, always energetic. I am happy to congratulate you on your medicine. I recommend it on every occasion."

—Mr. Emery Lemay.  
"Fruit-a-tives" overcome constipation in nature's surest way. The intensified juices of ripe, fresh fruit, combined with health-building tonics, gently and surely restore natural intestinal action. Be well with "Fruit-a-tives". Try a box—25¢ and 50¢ at all druggists.

### SCOUT NOTES

Do A Good Turn Every Day

#### The Weasel

An Essay by Ralph Wright

The weasel is white in color, it is a small animal with a long slender body and feeds on rats, mice, hens and tree buds.

It likes very much to rob bird's nests and will take rabbits out of snares.

The weasel family is a big one. The most famous o, the many kinds, is the Sable. This little animal has a brown coat in summer which becomes thicker, darker and glossy in the cold winter. Its fur is so precious that men go into the cold frozen wastes of Siberia to catch it and in seeking it they have explored and made maps of lands where civilised men have never been before.

The weasel family includes the Otter which swims and dives splendidly and catches fish.

The glutton which lives in the cold countries and is a terrible foe to the beaver.

The Stoat with his brown coat in summer and white coat in winter, and its everlasting appetite. This animal eats rats, mice and birds as the weasel does. If a stoat or weasel gets in a poultry run no chickens will likely be left alive.

Ralph O. Wright.

### Attended the Final Game at Halifax

H. H. Marshall, J. W. Merkel, P. R. Eisner, E. Webber, Frank Hayden, Frank Robinson, W. Eldridge, Edgar Jones were among the Digby fans who went to Halifax to see the Truro—St. John playoff for the championships of the Maritimes

### Cleaning up the West

Upper—The C.P.R. train of 25 cars carrying the record shipment of washing machines and pumps ever to be made in Canada. Lower—Plant of Beatty Bros. at Fern, Ontario. Inset—Ferry station, the Special C.P.R. Train about to leave.

Fern, a little Ontario town of 2,500 people is by Beatty Brothers in farm and rural communities. Fifteen hundred merchants in Western Canada participated in the shipment which was handled as a special train by the Canadian Pacific through to Vancouver. Cars were dropped at Winnipeg, Calgary, Saskatoon, Regina and Edmonton, distribution being fairly general. The large number of pumps going forward suggests that the Western farmer has decided to carry more water if his housekeeper will do no more washing.

### Surprise Party at St. John

An enjoyable evening was spent in Saint John on February 20th, when Mrs. John White entertained at a double surprise party. The occasion being the twenty six birthday of Myron Robichaud and the eighteenth birthday of Mrs. Robichaud.

Spring flowers were tastefully arranged in the living and dining rooms. The dining table was beautiful, centered with an essence pink rose in which was hidden a tea set of Chinkaramachi China, and at each side the birthday cakes, Mr. Robichaud's containing twenty six green candles set in pink roses and Mrs. Robichaud's pink candles set in pink roses. In a very pleasing manner Mr. and Mrs. Robichaud thanked their many friends for the remembrance.

The evening was spent in Auction Forty Fives, music and dancing until midnight. Mrs. White served dainty refreshments, assisted by Mrs. Roy Lakey, Mrs. Charles Conway and the Misses Beryl and Aileen White.

Those present were Mr. and Mrs. Myron Robichaud, the guests of honor, Mr. and Mrs. Fred Allan, Mr. and Mrs. Roy Lakey, Mr. and Mrs. Fritz Woodworth, Mrs. Charles Conway, the Misses Ella Rogers, Jessie and Mildred Wright, Frances Heniston, Marion McDonald, Mary Wilson, Vera Pye, Agnes Kelly, Alice McCray, Olive Wanamaker, Agatha Stark Beryl and Aileen White. Messrs. Henry Thibault, Len Blois, Percy Kerstead, John Rogers, William Sinclair, Harold Robichaud and J. M. White.

Mrs. White entertained again on the 21st, from four to seven in honor of her little son Rodimaer, covers were laid for fourteen, seven boys and seven girls. The afternoon was spent in games and music.

### The Disagreeable Season

It will not be long now before our Spring weather will be upon us, although there is still some cold weather. To be experienced before we can say good-bye to Winter.

Many will turn their thoughts to the bright, warm, sunny days of Canada's Pacific Coast or to the Southland of California, there to spend the intervening time amid the flowers and trees, or bathing in the salt water pending the return of Summer.

To such the Canadian National Railway offers easy means of access by standard all steel train, a de luxe equipment, smooth roadbed, and courteous attention. Should you decide to enjoy your winter vacation in Canada's winter-summerland the Pacific Coast of British Columbia, or in California, you will find "Canadian Journey" service available to make your journey pleasant and agreeable, and of full delight.

Full particulars as to train services, reservations, fares, etc., may be obtained from any Canadian National Ticket Agent or write E. W. Robertson, General Passenger Agent, Montreal, N. B.

### Deep Brook

Mrs. Robie Beals, of Midleton, spent the week end the guest of her sister, Mrs. Margaret Page, who has been ill for two weeks.

Mrs. J. M. Nichols entertained the Dorcas Society on Wednesday, Feb. 29th.

Clyde Hissler, of New York, is spending a short vacation with his parents, Rev. and Mrs. W. G. Hissler at the parsonage.

Mr. and Mrs. Wm. Trethewey and two sons left here on Wednesday for Halifax where Mr. Trethewey expects to take a position.

The many friends of Mr. and Mrs. George Dittmar will be sorry to know that their son Joseph, who has been ill with pneumonia is still in the hospital.

Mr. and Mrs. George Jefferson and little son spent Sunday with Mr. Jefferson's parents, at Bear River East.

### Culloden

Mr. Green of Smith's Cove, spent Friday with Mr. and Mrs. John E. Daley.

George Vantassel, of Mount Pleasant, spent a few days last week with Mr. and Mrs. Herbert Daley.

Mr. and Mrs. E. C. Vantassel, of Mount Pleasant, spent Sunday with his mother, Mrs. Emma Vantassel.

Mr. and Mrs. William Daley spent Sunday at Culloden with Mrs. Daley's parents, Mr. and Mrs. David Peters.

Mrs. Gertrude Vantassel spent a few days last week in Mount Pleasant with her sister Mrs. Charles Vantassel.

Misses Hilda Daley, Muriel Handsaker and Miss Clark spent Saturday with friends in B. J. View.

James H. Hissler spent Saturday with Crawford Vantassel, Mount Pleasant.

Mother of Eleven Children  
Praises Lydia E. Pinkham's  
Vegetable Compound

Her Interesting Experience

Buckingham, Quebec.—"I am the mother of eleven living children, and my baby is five months old. I am only 38 years old and I have taken Lydia E. Pinkham's Vegetable Compound for weakness and my nerves. I knew of it from my sister, Dame Edmond Bellefeuille of Ramsayville. For five years I was in misery and was always ready to cry. Now I am so happy to have good health. My daughter, who is 15 years old, has also taken it and will be happy to recommend it to all young girls." — Dame William Park, Box 414, Buckingham, Quebec.

Why suffer for years with backache, nervousness and other ailments common to women from early life to middle age, when Lydia E. Pinkham's Vegetable Compound will give you relief?

In a recent country-wide canvass of purchases of Lydia E. Pinkham's Vegetable Compound, over 25,000 letters were received, and 15,000 of them reported they were benefited by its use.

Rev. Wm. Driffield	Chaplain

### Grace Sunday School Presents Gift to Mr. Smallie

Twenty Years Service as Superintendent Honored at Sunday School Service

Last Sunday at the regular session of the Grace Church Sunday School Mr. R. C. Smallie, who retired from the office of Superintendent at the end of December was presented with a beautiful piano lamp by the school. The presentation was made by R. E. W. Forbes, pastor, who read the following address. Mr. Smallie was surprised and much pleased with this evidence of appreciation, and in a short speech thanked the school for their gift.

To Mr. Ross C. Smallie  
Digby, N. S.  
Dear Mr. Smallie:

For a long time past—twenty years or more—you have presided over Grace United Sunday School, and directed its activities with unfailing tact and faithful ness. During that long time you have seen a good many pupils come in through the Cradle Roll and go out by way of the Bible Classes. So fully have you been identified with our school that we have felt that it might be said of you, with few changes in the words, what Tenny son said of the brook:

Boys may come and girls may go  
But you go on forever.

It was therefore with a good deal of surprise and a great deal of reluctance that we were compelled to part with you as our Superintendent, when at the end of last December, you insisted on tendering your resignation. The only compensation we felt was in the fact that you will still be a member of the school and thus we can profit by your experience and advice. We were also glad that you were leaving behind such a worthy successor, one who has grown up in the school and enjoys the confidence and goodwill of all its members.

In parting with you as Superintendent we wish you to accept this token of remembrance. Let it always speak to you of our loving esteem and constant good wishes. It has been said that

"A thing of beauty is a joy forever,  
Its loveliness increases, it will never  
Pass into nothingness."

Of the highest form of beauty that is always true. The glowing colors on this lamp will fade and its gold and fringes grow frayed and dim. But let us all remember that the truest beauty is the cheerful radiance of a consistent Christian life. This is a joy forever. Of this the Bible speaks when it tells us that "The path of the just is as a shining light, that shineth more and more unto the perfect day." May you long continue to walk that path; throwing many a beam of light on the lives of others. As this lamp throws its radiance over the rooms of your home and on the faces of your loved ones so may "the light of the knowledge of the glory of God in the face of Jesus Christ" light up the place of your habitation. Our prayer for you is that God may abundantly bless Mrs. Smallie your daughter and yourself, ever guiding you by His unerring counsel, "until the day breaks and the shadows flee away."

From the Officers teachers and members of Grace United Sunday School.  
Digby N. S., Mar. 4th, 1928

### The Disagreeable Season

It will not be long now before our Spring weather will be upon us, although there is still some cold weather to be experienced before we can say good-bye to Winter.

Many will turn their thoughts to the bright, warm, sunshiny days of Canada's Pacific Coast or to the Southland of California, there to spend the intervening time amid the flowers and trees, or bathing in the salt water pending the return of Summer.

To such the Canadian National Railways offer easy means of access by standard all steel trains, de luxe equipment, smooth roadbed, and courteous attention. Should you decide to enjoy your winter vacation in Canada's winter-sunland and the Pacific Coast of British Columbia, or in California, you will find "Canadian National" service available to make your journey pleasant and agreeable and one full of delight.

Full particulars as to train services, reservations, fares, etc., may be obtained from any Canadian National Ticket Agent or write F. W. Nicholson, General Passenger Agent, Montreal, N. B.

### Notice

The semi-annual meeting of the Digby Agricultural Society will be held at the Town Council Chamber at Digby on Saturday, the tenth day of March at 2 o'clock in the afternoon.

A large attendance is requested, by order  
F. W. Nicholson, Secretary  
February 29th, 1928.

### Home From Europe

Mr. and Mrs. F. L. Anderson left on Tuesday by way of Saint John on a visit to Boston.

### Men Past 40 Should Read This!

Most Old Age Mean Torture, Annoyance Embarrassment Worry Bladder Weakness Nervousness Getting-Up-Nights?

It is claimed that 7 out of 10 men near or past middle life are subject to Bladder Weakness, which, if neglected, may mean years of suffering and daily annoyance. First signs of such condition may come in early life, but they are usually more noticeable after 40—pains in back, head, aches, nervousness, a feeling of weight in groin, itching, burning, painful urination, too frequent call and getting-up-nights.

While serious, if neglected—it is ordinarily a simple matter to relieve these troubles by the pleasant home use of Dr. Southworth's URATABS, which have been victorious in thousands of cases, after other treatments had failed.

No matter how serious or of how long standing your condition may be, you can quickly prove the value of URATABS without risk of cost—for any good drug-gist will supply you on an absolute guarantee of satisfaction or money back. If "URATABS" bring you quick and certain comfort, you will be greatly pleased. If they do not fully satisfy your use, you will cost you nothing. Try URATABS today!

### Local and Personal

Mrs. G. R. MacNutt returned home on Tuesday from a three weeks visit with relatives at Lower East Public.

William Uley of Yarmouth was a recent guest at the home of Mr. and Mrs. H. F. Williams.

Miss Seaborn, who has been the guest of her sister, Mrs. F. M. Robertson, has gone to Saint John, expecting to return to Digby after a two weeks visit in that city.

Harry Pelton of Boston was a recent guest at the home of Mr. and Mrs. H. T. Warner.

Mr. and Mrs. C. J. Eldridge have gone to Sandy Cove where they are the guests of the former's mother.

Mrs. G. D. Turnbull will continue her Travellers at Trinity Parish Hall next Thursday evening.

The combined business meeting and Sewing Circle of the Ladies Hospital Aid was held at the home of Mrs. Faust on Wednesday afternoon with thirty two members present. It was decided to meet next Wednesday the 14th inst. at the home of Mrs. A. J. Dillon Green St. and a cordial invitation is extended to all.

### DIGBY COUNTY POWER BOARD

## "WARNING"

We take this occasion to notify all persons living along the route of the DIGBY COUNTY POWER BOARD LINES that any person willfully interfering with the operation of the service will be prosecuted according to the provisions of the law. All are particularly warned not to throw hay wire and other conductors across the wires.

The main wires carry 11500 volts, and contact with any wire will cause instant death.

H. J. CAMPBELL,  
Superintendent

### BREAK CHEST COLDS WITH RED PEPPER

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out. Nothing has such concentrated, penetrating heat as red pepper, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Red Pepper Rub, made from red peppers, at the quick relief known. Always say "Rowley."

School Children Hear of Junior Red Cross Work in Many Lands

Miss E. Brown of Halifax, provincial organizer of Junior Red Cross branches, addressed a meeting of school children at the Bijou Dream Theater on Wednesday afternoon, interesting them in the work of Junior Red Cross organizations. Miss Brown's lecture was accompanied by an educational film showing Red Cross members in the city of Prague, Hungary engaged in collecting material for a Red Cross album to be sent to a school in Holland.

In the course of her address Miss Brown referred to the interesting work being carried on at the Children's Hospital at Halifax and told of the pleasure little patients had in receiving Valentine Cards and other remembrances from the school children of Digby.

Miss Brown addressed several of the classes in their school rooms before and since the lecture and it is hoped to organize several groups in Digby schools.

C.G.I.T. Group Will Conduct Service

The Sunday evening service March 18th in Grace Church will be in charge of the C.G.I.T. groups and a special form of service has been prepared. The pastor will give an address: "The Days of thy Youth." In the morning the sermon will be on the Jubilee of the Trinidad Mission of the United Church of Canada. At the close of the evening service lantern slides will be shown on "A Missionary in the Wilds of Thibet."

Bear River Man on Wrecked Steamer

The Warden a Visitor

Warden Andrews, of North Range, was a visitor in Digby last Friday, attending to Municipal business. The Warden, like many others, is suffering from a winter cold.

Debate the Liquor Question

The Soangetaba Class held an informal debate in the Church Hall on Monday evening on Prohibition vs Government Control. The speakers were: for Prohibition, Harry Durant, Vincent Snow, Kathleen Graham, for Government Control, Helen Syda, Jabez Appleby, Carlos Connell.

The cost of the Royal Commission of Fisheries for investigations held in Maritime Province towns \$51,845 according to press dispatches from Ottawa. This included charges up to January 31st.

Teachers Pensions and increased Government Grants are provided in a Bill introduced this week in the Provincial Parliament by Premier Rhodes.

Tenders For Hydro Construction Opened on Tuesday

Charles Wright, Wolfville, Gets Hydro Construction Contract

Tenders for the construction of 22 miles of main transmission line for the extension of the Digby County Power Board lines through the Municipality of Clare were opened at the office of the chairman of the Board on Tuesday. The members of the Board present were: Gilbert Belliveau, Clare, L. H. Porter of Weymouth and H. H. Marshall, Municipality of Digby. Mr. F. L. Anderson, representative of Digby Town is absent in Boston.

The tender of Charles Wright, of Wolfville, was accepted and contract will be drawn up immediately on Mr. Wright's return from Montreal, where he is visiting.

The tenders for construction of lines down Digby Neck to East Ferry and from Tiverton to Freeport, opened at the same time, have been held up for further consideration.

The line through Clare will join the present system near Wilson's Crossing above Weymouth, cross the Sissiboo River to Weymouth Falls Road and follow this road to the main highway at Weymouth and thence along the main highway through Belliveau's Cove, Church Point to Meteghan.

The line will be of same standard as the lines now in operation between the power house and Victoria Bridge, Bear River, with the exception of a change in the pole hardware, which will be of a type able to withstand exposure to salt air.

SCOUT NOTES

Do A Good Turn Every Day

A coasting party was the principal business undertaken at last Friday's meeting of Digby Troop Boy Scouts. There was an attendance of thirty scouts at the opening which was held with due form, Scoutmaster Wright in charge. Four visitors attended.

The essay on the Wolverine written by Alfred Dickie, won points for the Bear Patrol. After reading the essays the troop went coasting and after coasting returned to the hall and closed the meeting in usual form.

Court of Honor, attended by Scoutmaster, Assistant Scoutmaster, patrol leaders and scouts was held after adjournment. The Court of Honor conducts the Scout business. It prepares programmes and is the disciplining body of the troop.

Robert Robinson was admitted on probation and when he passes his tests will be admitted as a scout.

Evangelist Rev. H. N. Maclean, Ph. D. and his Gospel Singer, Miss Gladys McKinnon will begin special services in Grace Church on Sunday, March 25th.

French Warship Belge May Visit Digby in Coming Summer

M. Emile Gaboury, French Consul of Halifax, was a visitor in Digby on Wednesday and while here talked with Councillor James Hillman on a matter which Mr. Hillman had been in correspondence for some time. This was in regard to bringing to Digby during her summer cruise the French warship Belge, which is well known to the fishing fleets which ply the Newfoundland banks.

Mr. Hillman and M. Gaboury had some correspondence last year on this matter but it was taken up too late to change the route of the cruise. This year, however, it has been gone into earlier and M. Gaboury was able to tell Mr. Hillman that he had written the French Admiralty department and had no doubt that it could be arranged. At Mr. Hillman's suggestion he is again writing to the Admiralty, stressing the great desirability of a visit to this county of a French war vessel.

Mail Driver Takes First Holiday in Seventeen Years

Mail Driver James Handspiker, who for 17 years has been carrying the mails on the Culloden roads, has this winter been enjoying the first vacation since he took the contract. He was off the route for 14 trips, getting in his winter wood. He is again back on the job, feeling fine for the change. Seventeen years, six trips a week, is 5304 trips enough to make a man want a change for a few days.

H. B. Short, M. P., Back at Ottawa

Word received by Digby friends from Mr. H. B. Short, M. P., representing the constituency of Digby-Annapolis at Ottawa, reports him much improved in health after a period at Saranac Lake, New York, where he went to recuperate after his illness. Mr. Short is now back in Ottawa and has resumed his seat in Parliament. Mrs. Short, who accompanied him to Saranac Lake is in Ottawa with him.

Will Hold Concert

The Women's Missionary Auxiliary of Grace Church will hold a concert in the Church Hall on Wednesday evening, March 21st. A good program of music, drills and recitations has been prepared.

Inspecting The Pines

O. C. Jones, Manager of the D. A. R. Summer Hotel, The Pines, was a visitor in Digby on Wednesday and yesterday having a look over the hotel property to see how it fared through the winter. He returned to Bridgetown on the noon train.

Negotiations are underway between officials of the Western Union Telegraph Company and the Canadian National Railways for purchase by the latter company of all Western Union lines in Canada to be operated as Canadian National Telegraphs.

The total quantity of fish landed in Nova Scotia for the month of February was 5,284,200 lbs., valued at \$148,282.

NEW YORK-YARMOUTH SERVICE OPENS THURSDAY, JUNE 21st.

Eastern Steamships Announce Schedules of New Steamer Evangeline. The Yarmouth for Boston-Yarmouth Route.

Advance information received at the Dominion Atlantic Railway office indicates that the Eastern Steamship Lines, Inc., proposed inaugurating their new New York-Yarmouth service with the sailing of the S.S. "Evangeline" from New York to Yarmouth, on Thursday, June 21st. The sailings from New York are to be on Mondays and Thursdays at 10.00 a.m. and from Yarmouth on Tuesdays and Saturdays at 6.00 p.m.

This new service of the Eastern Steamship Line during the summer months will provide a new avenue for the free movement of summer travel from the big American metropolis to Nova Scotia.

The new S.S. "Yarmouth", sister ship of the S.S. "Evangeline" is to commence the three trip service between Boston and Yarmouth on Monday, June 4th, and the six trips per week will be established on Sunday, July 1st, with the S.S. "Prince George" alternating with the S.S. "Yarmouth".

While these schedules are given as advance information, they are considered to be quite accurate, although further announcements may be made before the final dates are decided upon.

Brotherhood Supper March 20th

The next meeting of the Grace United Church Brotherhood will be held in the Church Hall on Tuesday March 20th. The supper will be held at the usual hour, 7.15 p.m. The program for the evening will be a display of colored lantern slides of Canadian scenery. These are furnished by the advertising department of the C.N.R.R. They are also sending from Moncton a moving picture machine and films accompanied by an operator. These pictures will provide a delightful evening's entertainment. The latter part of the program, not the supper part, is open to the general public, who are cordially invited to attend. The pictures will be shown at 8.15 p.m.

## A Little Preparation

Although the New Pines, to be built in Digby is a part of the Canadian Pacific Railways summer hotel system, will not be completed this year it is advisable that Digby begin in the present season to prepare for the increased demand which will be made on its conveniences by the addition of a 300 guest hotel to its resources of entertainment for tourists. A two or three year programme of civic improvement and development should be mapped out this Spring and a commencement made this summer. A good start has been made in arranging for improved water service which will be completed before the end of June.

Improved water service is not the only improvement needed. Improved streets, permanent sidewalks, land roadway, improved street lighting in some sections, and, not least, improvement of the Golf Club and boating facilities of the town as a civic undertaking

## Always on top of his job

Star Salesman

THIS salesman's commission check is always bigger. He's a wonder! When he breezes into town he's always as fit as a fiddle. And just rarin' to go. How does he do it—snatching hasty meals—forever on the jump? A bottle of Nujol keeps body functions normal. Wards off the bad effects of change of water and climate. For Nujol not only prevents any excess of the body poisons (we all have them) from forming, but also aids in their removal. Take Nujol regularly. It contains no drugs or medicine. And if you're like other people it will do you a world of good. Be sure you get the genuine.

## NO LONGER A FAILURE

"Seemed like one time as I was a bump on a log without purpose in life—without a job, now I'm different. I'm 'Hempill', trained and equipped with a large firm. You too can be a success—earn big pay—no more mechanics, battery, wiring, plumbing, house wiring, bricklaying, masonry, and heavy culture work. Good positions now open. Valuable book free. Write Hempill Trade Schools, Limited 180 King Street West Toronto

A tried, tested and proved household flour, of many years high standing!

# SNOWDRIFT FLOUR

Weymouth Shipping Co.  
Weymouth, Nova Scotia

should all be included in the programme of development.

Assistance of the provincial Highway department has been secured towards rebuilding the Racquette brook crossing and this will help considerably towards giving residents in the outer sections of the town a share of the public utilities their taxation pays for. The intention of carrying the town's lighting distribution service along in that section will also be undertaken this year. The two combined make a good start, but there are other things to be done also. The roadway from Birch street to the Racquette Bridge needs attention, and a sidewalk should be constructed.

Along water street there is also improvement needed. The water front side of the street needs a sidewalk, running from the head of the Long Wharf right up to the Pavilion. Storekeepers on this side of the street are just as entitled to sidewalks as their competitors opposite, and residents and visitors are not expecting too much if they expect that the town shall give them opportunity to patronize and visit any store without having to wade through street mud or dust, and recross the street some four or five times in order to get from Wright's to Turnbulls to Mr. McPhee's to Dakin Bros. to Roop's and from there to the Pavilion.

All that expenditure means adding to the public debt, and on this ground will be opposed by some. Such opposition is unworthy citizenship, and can be discredited by pointing out that Truro is a model town. Truro has miles of permanent roads, miles of concrete sidewalks. It has the cheapest electric service in the Maritime Provinces. Borrowed money supplied everything that Truro has in the way of civic improvement and yet the tax rate of Truro is not so much higher than that of Digby. In fact it is much lower if one takes into account what the taxpayers get in return for the money they contribute, in comparison with what we don't get for what we spend in taxes in Digby.

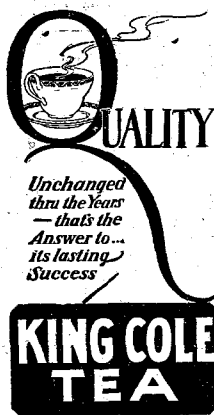

This, at least, is the Courier view. If we are wrong we are open to correction. Would anyone like to take the opposite side of the question and call it a debate?

## Digby's Fire Service

Members of Digby Fire Brigade, and all who have seen the brigade turning out to fires, will appreciate a word concerning Digby's need of improved fire fighting equipment. This year, as in years gone by the brigade has recommended to the Town Council purchase of motorized equipment.

Fire insurance companies, the Board of Fire Underwriters and all who have interest in the prevention of fires and reduction of fire hazard are unanimous in favor of modern equipment and motor equipment has been so perfected that it will operate under any condition which are likely to be met in Digby, or anywhere else in Canada.

Cost of equipment such as would fit Digby's needs is not great, under ten thousand dollars, and if installed and measures taken to improve the wiring in buildings and residences and have an inspector appointed to issue permits for electric wiring the insurance rate in Digby would be reduced immediately, and before long the saving in rates would more than meet any additional cost of taxation to cover

the installation of proper fire fighting equipment.

In the town of Parrsboro some few years ago this question of fire equipment became a vexed one. Opinions differed. The council could not see its way to make the expenditure. The upshot of it all was that the firemen quit. They did not go on strike. They simply resigned, and the Mayor formed a new brigade. But they got the new equipment, and now Parrsboro is not in any serious danger. Their insurance rate lower and their homes safer. Housekeepers and storekeepers sleep easy of nights, and all for the expenditure of a few thousand dollars.

## Wonderful For Indigestion!

When your stomach feels bad; when Gas, Sourness, Nausea or after eating pains make you feel miserable—a single dose of pure Bismarck Magnesia will bring you instant Relief!

For Indigestion, the prompt effectiveness of this special non-laxative BISMARK TED form of Magnesia is really wonderful. Even the most obstinate cases quickly respond. Pleasant and inexpensive to use. Ask your druggist.

## That Weekly Half Holiday

That hardy perennial, the weekly half holiday or closing afternoon, has again come to life and appears to be getting a great deal of cultivation. Clerks in stores are asking for Wednesday afternoon or some other afternoon off during the summer months.

Which seems hardly reasonable. Of course it is true that working six days a week gets tiresome during the summer, from 8.30 until 6.00 p.m. takes up the whole of every day, but on the other hand it gives patrons of stores the opportunity to spend their money, and in these modern days business competition is so keen that it is unfair to place any obstacles in the way of increasing the business strength of Digby.

Yarmouth has one closing day, Annapolis has another, Bridgetown another, Middleton another, Berwick another. If Digby takes another thing will be in a mix up. People who come here to spend their vacations, come to spend their money also, and they will not like being in a town with two Sundays a week.

Any number of good arguments can be put forward why the stores in Digby should not have an afternoon closing by law. No good reason can be put forward why they should. There is an opportunity for compromise, and that is by adoption of daylight saving time. Such would give a long evening, plenty of time for any recreation and sport, and would probably work out all right all round.

Whatever we have, don't let us have anything that will make Digby less attractive to tourists and visitors all over the province.

READ THE ADS!

## Prospects are Good for a Record Tourist Season

Mr. Kingsley Collins, assistant of Captain Gus Spurr, of the Myrtle House, has recently returned to Digby, from Boston and New York where he and Captain Spurr have been looking up bookings for the Myrtle House for the summer season. Captain Spurr left last week for Baltimore, Philadelphia and Washington, and will return to New York towards the end of March, and if the Spring is early, to Digby about the middle of April.

Prospects are bright for a splendid summer, according to the word Mr. Collins brings from the tourist agencies. On every hand inquiries are being made for accommodations at Nova Scotia hotels, and the reason is not far to seek. Tourists who have been coming to Nova Scotia year after year are not the least of boosters for this province and with improved steamer service and improved highways the season of 1928 promises to break all previous records, particularly as the cool summer of 1927 permitted many who otherwise would have been driven from their United States homes to remain at home are this year planning longer visits, to spend the time and money they saved up last year.

## A Unique Birthday Party

A pleasure that is not always enjoyed during a life time was that meted out to the friends of Mrs. Daniel Cronin on the evening of February twenty-ninth where they met at her home to celebrate the twelfth anniversary of her birth and also the fourth anniversary of that of her son John, he having been born on the eighth anniversary of his mother's birth.

The party was a complete success as it proved a genuine surprise. The evening was spent in music and social conversation. At the conclusion of refreshments the lights were turned low in the parlor and a huge birthday cake, lighted with birthday tapers, was carried in by one of the friends and presented to Mrs. Cronin as a gift from her daughter, Kathryn of Halifax, who was unavoidably absent. The cake was very beautifully decorated with white and pink frosting and written on the top was the inscription, "To mother and John". Later Mrs. Cronin was presented with a pyrex dish set in a nickel base from the friends present and John was also remembered with a nice fountain pen. The presentations were made by Mrs. W. E. Covert Jr.

The party broke up at a late hour, or rather an early one, they having come in February and left in March. All good wishes were extended Mrs. Cronin and John that they might enjoy many more such happy anniversaries. The guests from outside the neighborhood were Miss Isa Rooney and Miss Madeline Cronin of Annapolis.

Mrs. Cronin and John were also remembered with other nice gifts from friends who could not be present.

Hydro is yours if you use it:

## LESSON No. 20

Question: Why is emulsified cod-liver oil so very helpful as a vitamin-food for expectant and nursing mothers?

Answer: Because it provides an easily assimilated food rich in the essential vitamin that aids in building strong bones and good teeth.

## Halifax Broadcasting Station Will Hold School by Radio

On Monday afternoon, next, a "School by Radio" programme, along the lines of similar instruction given by English broadcasting stations, will be broadcast from station CHNS, the Carleton Hotel, Halifax, from three until five o'clock. Dr. A. H. Monroe, Superintendent of Education will give a short talk and classes in French, Natural History and Geography will be conducted by prominent teachers.

Also on Monday CHNS will broadcast Weather Reports as a test for the Dominion Department of Marine and Fisheries. These reports will be sent out at 8.00 a.m. and at 12.00 noon. This test is to determine what Nova Scotia station is best for broadcasting weather reports to the fishing fleets. It has already been started by St. John station.

A visit to CHNS on Monday evening last was a most interesting hour. Major Wm. Borret, in charge, explained the methods of broadcasting hockey matches, and studio programmes, and for our instruction picked up WGY and rebroadcast it for an hour. He also showed us a dozen or more letters and telegrams from Digby congratulating CHNS on the splendid broadcast of the Championship game at Halifax on Wednesday of last week. Among these was a letter from Dakin Bros, of which the Major was more than a little proud.

In order to broadcast a match at the Forum a line connection is made from the station. In the ice shed are installed a microphone and amplifier. Current passes through these to an amplifier at CHNS, then through another amplifier, through a modulator, through an oscillator and on the air. Between the first and second amplifiers at CHNS a line was taken to give the service to St. John, this line having an amplifier installed at Amherst.

## Canadian Movies?

Here is one reason why people are beginning to think that Canadian can produce their own motion picture films. Norma Shearer, now wife of Mr. Irving Thalberg, youngest film producer known. Norma is a Canadian girl who worked her way from her Montreal home through the vicissitudes of Hollywood to fame. She, her husband and Captain S. G. S. McNeill, skipper of the world's fastest ocean liner, the Canadian Mauretanian, are seen in a merry moment on that liner's decks before sailing for the Mediterranean Sea where Norma will begin her honeymoon about the big ship this spring.

## \$100 IN PRIZES FOR FISHERMEN

First prize \$25; ten prizes of \$5 each; twelve prizes of \$2.50 each.

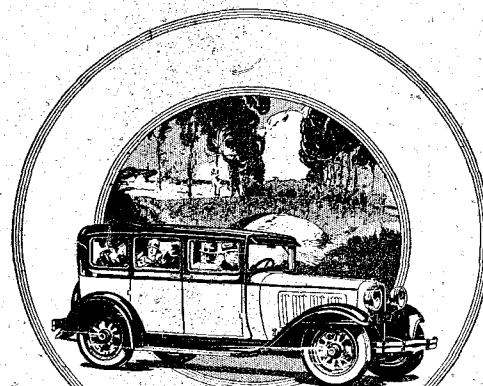

Given for the best accounts of experience with Coal Tar for preserving nets, lobster pots and other fishing gear.

Contest confined to Fishermen users in the Maritime Provinces and Newfoundland, so you have an excellent chance to win.

Send a post card for full details—addressing our Head Office at Saint John.

### Notice

The B. R. Woman's Institute wishes to announce that it has secured Prof. Burpee Balcom, of Acadia University, to lecture on Monday evening, March 26th, in the Oddfellows Hall auditorium.

Prof. Balcom is a very clever platform speaker, and it is hoped will be greeted by a large audience. His subject will be announced later with further details.

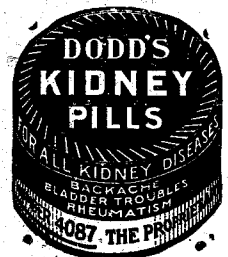

### Bear River Man is Badly Injured

Otto Long, of Bear River East, was badly injured on Wednesday afternoon while operating a wood sawing machine.

Mr. Long caught his left hand in the machinery, completely severing two fingers, partially severing the remaining two, and so badly crushing the hand itself, that several bones had to be removed. An effort is being made to save the partially severed fingers.

Mr. Long is at present doing as well as could be expected after such a serious accident.

Clifford Kelley of Yarmouth, M. B. Cunningham of Digby, F. L. Ruddock of Bridgetown were in town recently.

## Weddings

### ALCORN—HINXMAN

A very pretty wedding took place on Friday evening, March 7th, at the home of the bride's parents, Lansdowne, Digby Co., when Edith M. Hinxman, youngest daughter of Mr. and Mrs. William Hinxman, was united in marriage to Roy E. Alcorn, son of the late Mr. and Mrs. Frank Alcorn, of Bear River, the Rev. E. J. Barras, pastor of the United Baptist church officiating.

The bride looked charming in a gown of peking blue crepe satin, and was unattended.

Over twenty-five guests were present, a number of others invited not being able to attend because of bad state of the roads.

The presents were numerous and useful, consisting of cheques, gold coin, silver, linen and china.

Following the reception and supper, Mr. and Mrs. Alcorn, amid a shower of confetti and good luck emblems left for their new home, the Alcorn homestead at Milford Corner, a short distance from town.

## OBITUARY

### MR. JOSEPH EDWARD TROOP

Bear River lost one of her oldest and best known residents on Wednesday, March 7th, when Mr. Joseph Edward Troop passed away after a short illness.

The late Mr. Troop was a life long resident of this town, having been born in 1841 at the old Troop homestead, now occupied by Mr. John Chute.

He was the son of George and Susan Troop, a cousin of the late Hon. William Botsford Troop and Hon. Jared Troop, I. L. B. (speaker of the House) and was a descendant of one of the pioneer families of the Annapolis Valley.

Mr. Troop was first married to Martha Bent, of Bear River, then to Dora Balsor, of Hamley Mountain, Annapolis Co., and to a third wife formerly Mrs. Ada Lent, who survives him.

By the first marriage there were seven children, only two of whom are living, viz.—the oldest son William B. Troop, of Roxbury, Mass., and Mrs. H. D. Jones, of St. Louis, Miss. By the second marriage, two children, Mrs. Joseph Bailey, of Roxbury, Mass., and Chester, of New Jersey.

The funeral services were held from the Troop home on Saturday afternoon, the Rev. E. J. Barras, pastor of the United Baptist church of which Mr. Troop had been a member from boyhood, conducted the service, and beautiful music was rendered by the choir of that church, the interment being in Mt. Hope Cemetery.

## Local and Personal

Mrs. Wilson Jefferson left on Tuesday for Ottawa where she will spend a fortnight with friends, after which she will visit relatives in New York and Schenectady.

Mr. and Mrs. E. W. Robinson, and little daughter are spending several weeks at the farm during the absence of Mr. and Mrs. Wilson Jefferson.

Messrs. E. C. Wilson and G. C. Bliss of the Inspection Department of the Royal Bank of Canada spent several days in town last week.

W. A. Richardson of Middleton spent the week end in town the guest of Mr. and Mrs. Harry Purdy.

Miss Katherine Marshall left on Tuesday to visit her aunt, Mrs. James Brown at Taunton, Mass.

Dr. W. J. Wright entertained the Men's Bridge Club on Tuesday evening.

Last Thursday evening Major and Mrs. A. M. Simons entertained a few friends at Bridge.

Mrs. L. J. Lovet was "At Home" last Wednesday and a number of friends avail themselves of the opportunity to make a call.

On Thursday afternoon Mrs. J. H. Cunningham and Mrs. A. J. MacIntyre entertained a number of guests at the tea hour.

Mrs. MacLean, who has been the guest of her brother, Mr. J. H. Cunningham and Mrs. Cunningham returned to her home in Halifax on Saturday.

Mr. and Mrs. George Long of Clements vale are being congratulated on the arrival of a daughter, March 12th.

Shirley Eisner went to Saint John on Monday for several days.

Mr. and Mrs. Thaddeus Harris arrived home from Boston, where they have spent the winter months, on Friday.

Miss Margaret Purdy left for New York on Friday to resume her studies at Roosevelt Hospital.

The Men's Progressive Bible Class met on Monday evening with Mr. Charles Greene.

The Baptist C.G.I.T. girls are giving a concert in the Temperance Hall Thursday evening.

P. V. Pyre, Amherst, W. L. French Toronto, C. S. Gorgan, Peterboro; J. McCord, D. R. McDonald, Harry Barnett, of Halifax, and Jo Morgan of Saint John were recent guests in town.

Rev. F. Sawdon returned home from Prince Edward Island on Saturday.

The Ladies Aid of the United Church met on Tuesday with Mrs. Hubbard.

The Baptist Circle met on Tuesday evening with Mrs. F. Chalmers.

Wm. Troop of Roxbury and Mrs. Bailey of Boston arrived home on Friday to attend the funeral of their father, Edward Troop.

Mrs. Gus Watkins of Digby is the guest of Mrs. John York.

Mr. and Mrs. Andrew Thompson arrived home on Wednesday.

On Friday Mrs. A. Thompson had the misfortune to fall and dislocate her ankle.

Mrs. William Lent returned from Boston on Tuesday.

Walter Dukeshire and family spent Sunday at Bear River East.

Samuel Purdy, who has been a guest at the Commercial House, has returned to Deep Brook on Monday.

Mrs. Richard Baxter entertained a number of friends Wednesday evening.

Eber Peck who has been visiting relatives and friends in Boston and New York a couple of months has returned home.

## Bitter Enemies

### "Fruit-a-tives" the Foe of Constipation

NEW MILLS, N. B.—"I can honestly say 'Fruit-a-tives' are the best internal regulator I have ever used. Other remedies, and I have tried many, cause pain and griping, but 'Fruit-a-tives' always act easily and effectively. I most sincerely recommend them."

Mr. S. MacNair.

Made from the intensified juices of fresh fruits combined with tonics, "Fruit-a-tives" is a natural medicine. It strengthens the system to act naturally without the continuous use of laxatives—25c and 50c a box.

## SCOUT NOTES

### Do A Good Turn Every Day

The local Scouts have had another busy week on their out door tests. Practising Scout Pace over a measured mile, so that the mile could be covered in exactly the proper time, has required considerable judgement as weather and road conditions were changing from day to day. The time allowed for this test is twelve minutes, with half a minute leeway, travelling alternately, twenty paces walking twenty paces running, and no scout is allowed to carry a watch while making the test. On Thursday, the day set for the examination, the footing was very bad, but every one of the eleven trying the test, made it in the proper time, and six of them, made it in the exact twelve minutes.

At the regular meeting in the evening six Tenderfoot Scouts were elevated to the rank of Second Class Scouts. These were Boyd Gehue, Clayton Hirtle, William Kempton, Billy MacIntyre, Henry Romans and Alven York. Badges of the Second Class Rank were also presented to them.

In the Lovett Competition for Proficiency Badges it was decided to have all the Second Class Scouts work for the Foresters Badge, and have an examination will be the winning of the prize. Dr. W. J. Wright was selected as examiner, and has agreed to act in this capacity.

On Saturday five more members of the Troop passed their outdoor Firelighting and Coking Tests.

Edwin Kemton, Patrol leader of the Peewits, recently entertained some of his fellow Peewits at a birthday party.

In the Patrol Competition the Beavers have 556 points and the Peewits 412.

### Friendship Lodge I. O. O. F. Holds Social

Friendship Lodge, I. O. O. F., has added to its funds, the sum of \$87.50, proceeds of the very successful and jolly "Box Social" held in its hall on Thursday evening.

Both Rebekah's and Oddfellows were largely represented from all outlying sections of the town, in spite of the snowy roads.

The beautifully decorated boxes were readily sold, Messrs Murray Harris and Walter Dukeshire acting as auctioneers.

No set program was followed, the evening concluding with games and music.

The proceeds will be used to purchase additional furniture for the hall.

Alfred Parker spent the week end with his family, returning to Middleton on Monday.

## Government Control and Its Results

Some months ago the eyes of the Dominion were on the eyes of the Province of Ontario, when its legislature was seeking election on the "wet" issue. It won out on the question and after considerable legislation, in connection with the bill, had been put through Premier Ferguson put his rulings into effect and by so doing added another wet province to the Dominion. He did that despite the warnings of other provinces which in every instance were decidedly worse than they ever were in the days of prohibition or previously to going wet. Those warnings came from such Canadians as the Mayor of the City of Winnipeg, who stated conditions there were a thousand times worse. British Columbia and other provinces under "wet" laws sent similar warnings. Ontario's wet laws have now been in effect only five months and the results are best shown in the following article which under caption of "The Cost of the L. C. A.," appeared in the editorial columns of the Toronto Globe of recent date. The statements as presented, are taken direct from the legislature reports and show very plainly that the experiment in the first five months has truly been a costly one for Ontario.

"The people of Ontario are in a better position now to appraise the value of the Government's so-called liquor-control policy. They have the figures handed out at the Parliament Buildings disclosing the results of operations for the first five months under the Liquor Control Act, and they have the disillusionment offered in the statistics presented in the House by F. W. Wilson. They need nothing more to show the toll which the traffic is taking.

The total revenue for five months was \$17,805,824.61. This is the way the Government puts it, but in other words this is the amount of cash the people paid. The sum of \$11,166,243.10 was spent for wines and spirits; for beer and stout \$6,367,416.31, a total of \$17,533,659.41, which went into intoxicating liquors in less than half a year. There was paid for fees, fines and other items \$272,165.20, accounting for the gross receipts mentioned.

"It represents an expenditure of almost \$6 for every man, woman and child in Ontario. The money handed to the Liquor Control Board would have bought almost the entire output of machinery in the province for a year. It would have paid for all the fruit and vegetable canning and evaporating, with \$2,000,000 to spare; it would have taken the total output of the cotton yarn and cloth industry and left \$3,000,000; it would have paid for the products of all the men's clothing factories and left still more; it would have paid for all the boots and shoes manufactured in the province and left a balance of \$4,000,000; and it would have taken the year's output of condensed milk and left \$5,000,000. At the same rate, the amount of money collected in a year by the Government's liquor stores is greater than the value of the product of any industry in the province except automobiles, flour and grist mills, slaughtering and meat packing, pulp and paper, rubber goods, butter and cheese, electric light and power, electrical apparatus and supplies, castings and forgings, sawmills and hosiery knit goods and gloves.

"This shows the enormousness of the business which the Government has launched for the sake of extracting money from the people to keep its affairs running. If all

 Condensary - Truro, N.S.

these funds went into public improvements—roads, public buildings and other works which provide employment—the diversion from other industries might not be so serious. But the total cost of operating the business for five months was \$15,001,064.36, partly for salaries and store rentals, but far the greater part, however, for supplies. The net revenue to the Government was only \$2,804,716.25. Therefore, the distillers and brewers were the ones who gained from the traffic. The public spent more than \$17,000,000 to give the Government a revenue of less than \$3,000,000.

"Now comes the other side of it, as revealed in the address given in the Legislature recently by Frank W. Wilson, of East Windsor, who admitted no advocate of prohibition. Mr. Wilson showed under the Liquor Control Act there was more drunkenness and there were more breaches of the law than under the Ontario Temperance Act. He had figures supplied him by Chiefs of Police, both before and after the new law was introduced, from Leamington, Amherstburg, Essex, Ridgeway, Chatham, Toronto, Kingston, and Ottawa. In all cases there was found to be a considerable increase in drunkenness. Toronto showed an increase in convictions for drunkenness numbering 692. Guelph registered an increase of 200 per cent. in five months.

"Up to this time the Government has zealously guarded the extent of its operations in the liquor business. The report, however, had to come out, and the public now has a chance to think it over, to see what has happened in less than half a year, and to do a little multiplication in order to get an idea of the toll which will be paid during the normal life of the present administration. And convictions for drunkenness will be in proportion. The money will go from the homes, and misery and disgrace will be the return. Liquor's toll is of the same sort to-day as it has been in past decades. Ontario's people seemed to have forgotten at the time of the last Provincial election, but their memories are now refreshed by costly experiences."

## Deep Brook

Miss Bertha Lent, R. N. of Cambridge, Mass., is spending a few weeks at her home here. We are sorry to know that she is at present confined to her home with measles.

Mrs. John Adams is spending some time at Cranville Ferry called there by the illness of her sister, Mrs. Austin Gilliat, who passed away Thursday, March 8th.

Mrs. Marie Bonnell and Miss Kathleen Spurr returned last week from a pleasant visit of three weeks spent with friends in Saint John, Sussex and Hampton.

Miss Minnie Berry of Clementsport spent the week end guest of Mrs. L. E. Sherman.

Mrs. Marie Bonnell and Miss Kathleen Spurr spent the week end with friends in Bridgetown.

Mrs. Carl Nichols entertained very pleasantly a number of guests at a supper on Tuesday, March 6th, in honor of her daughter, Miss Nellie's birthday. The usual birthday cake with candles made an attractive centerpiece for the table. Music and games furnished the entertainment for the evening. The guests expressed many good wishes to Miss Nellie for many happy returns of her birthday.

## No-glaze

"The Finish that Endures"

### Four Hour Varnish

For your Floors, Linoleum and Oilcloths will save much inconvenience in the home. This is a high grade Gum Varnish which dries, as its name implies, in four hours and gives you a first-class durable finish. When used for furniture it can be rubbed down and will take a high polish.

### Flo-Glaze

### Thirty Minute Lacquer

will give you a quicker job and is splendid for light colored Floor Coverings, but on woodwork must not be used over new paint or over a Varnish the base of which is Resin.

The two finishes mentioned above will speed up the brightening up process and save much annoyance in the home where there are children.

## Sprained His Back Fifteen Years Ago

### Alberta Man Used Dodd's Kidney Pills With Good Results

Mr. J. Reid Now Recommends Dodd's Kidney Pills

Evansburg, Alta., Mar. 12 (Special) "The relief can be obtained from all kinds of kidney disorders by using Dodd's Kidney Pills as again evidenced by the testimonial received from Mr. James Reid, a well known resident of this place. "I sprained my back while lifting logs one winter some fifteen years ago. I tried Dodd's Kidney Pills and they helped me right away. I used about six boxes at that time and my back gradually got strong again. I can recommend Dodd's Kidney Pills to anyone for sore back."

Dodd's Kidney Pills are known all over Canada as the old, reliable Canadian Kidney remedy. They are known for the good work they have done.

You will find that Dodd's Kidney Pills will relieve kidney trouble, no matter where or in what form it is found. Ask your neighbors for proof.

Obtained from all druggists, or The Dodd's Medicine Co. Ltd., Toronto 2, Ont.

## New Tuskot

Miss Thelma Mullen of Hebron is visiting at the home of her father, Mr. Robt. Mullen.

The apoon social held at the home of Mrs. C. Hudson was a decided success. A small entertainment was given by the Willing Helpers Mission Band and the refreshments were served by the girls also. The amount of \$26.00 was realized. Proceeds are for missions. The band has already made Miss Helen Sabean a life member and we hope to make more life members soon.

Everyone come to the play and Basket Social Saturday evening. Proceeds for the school house.

Miss Edna Minard arrived from Caledonia on Saturday and will teach in Southville the rest of the term. She spent the week end with her sister, Miss Esther Minard.

## Culloden

Mr. and Mrs. William Daley spent Sunday with Mr. and Mrs. Jesse Jefferson, Shore Road.

Mr. and Mrs. Burton Stark spent Sunday with Mr. and Mrs. Freeman Hand-spiker, Mount Pleasant.

Mr. and Mrs. William Porter of Sea Brook were guests of Mr. and Mrs. Howard Daley on Sunday.

Mrs. Alfred Hand-spiker and Mrs. Ernest VanTassel and son of Mount Pleasant called on Thomas VanTassel on Sunday, who is ill.

Miss Mary VanTassel spent last week in Mount Pleasant with his sister, Mrs. Gordon McDonald.

Miss Ethel Campbell spent a few days last week with her sister, Mrs. Bernard Doanley at Digby.

Miss Mildred Stark and Miss Clarke spent Sunday with friends in Bay View.

## Bear River East

Miss Lucie VanBuskirk went to Truro on Monday of last week returning on Friday accompanied by her little nephew who will visit his grandparents. Mr. and Mrs. C. VanBuskirk for several weeks.

Mrs. O. Melville Ruggles attended the Stewart-Melville wedding in Bear River, March 1st.

Otto Long met with a very painful accident on Wednesday of last week, while operating a circular saw he completely severed two fingers on his right hand.

## Oddfellows Celebrate Anniversary

Rainbow Lodge, No. 113, I.O.O.F., celebrated its 17th anniversary on Friday evening, March 9, by holding an entertainment and lobster supper to which all residing Oddfellows and Rebekah's were invited.

Supper was served at 7.30 to about one hundred and twenty-five members and guests followed by a program given by members of Fair Isle Rebekah Lodge.

Rainbow Lodge has initiated into the fold about one hundred members, the present number being seventy.

Quite a number have gone away and are living in distant places, a few have severed their connection with the order, and a number by death; two of which were taken within the past six months.

The new I.O.O.F. Hall which is already for framing, will be resumed as soon as weather permits. We sincerely trust that the coming year will deal kindly with Rainbow Lodge and bring them every success.

## The Disagreeable Season

It will not be long now before our Spring weather will be upon us, although there is still some cold weather to be experienced before we can say good-bye to Winter.

Many will turn their thoughts to the bright, warm, sunshiny days of Canada's Pacific Coast or to the Southland of California, there to spend the intervening time amid the dowers and the trees, or bathing in the salt water pending the return of Summer.

To such, the Canadian National Railways offer easy means of access by standard all steel trains, de luxe equipment, smooth road bed, and courteous attention. Should you decide to spend your winter vacation in Canada's winter summerland the Pacific Coast of British Columbia, or in California, you will find "Canadian National" service available to make your journey pleasant and agreeable and one full of delight.

Full particulars as to train services, reservations, fares, etc., may be obtained from any Canadian National Ticket Agent or write F. W. Robertson, General Passenger Agent, Montreal, N. B.

## Weymouth North

Miss Evelyn Hill entertained the C.G. I.T. on Friday evening.

Miss Josephine Newcomb has accepted the Primary school for the remainder of the term. The pupils of the advanced and Primary rooms held a shower on Friday afternoon in honor of the former primary teacher, Miss A. E. Leary.

The W. C. T. U. met with Mrs. Minnie Rudolf on Wednesday afternoon.

The Pathfinder C.G.I.T. group enjoyed a hike to Sissiboo Mills and Sissiboo Falls on Thursday afternoon, visiting the school at both places. On their return they had supper at the Weymouth Cafe.

On Monday evening Mrs. Clarence Thurber was hostess at a party in honor of her sister, Miss Mable Saban. A very enjoyable evening was spent in playing games after which delectable refreshments were served. At the close of the evening Miss Josephine Newcomb on behalf of the C.G.I.T. girls presented, Miss Saban with a pair of towels and a poem was read by Miss Cora J.M. Parker. After which all wished Miss Saban many more happy birthdays.

Every Man Past 40 Should Make This Test

For Amazing and Lasting Relief From Middle-Age Ailments That Cause Daily Annoyance and Sap Vital Force

No longer men near or past the prime of life put up with those painful and often embarrassing conditions brought on by overworked, sluggish Kidneys, Bladder weakness and Frequent Glad Trouble, with their distressing symptoms of Lameness, Pains in back and down through groins, scanty but frequent and burning urination, "Getting up-Nights", Nervous Irritability and lack of force—because a ten day test of Dr. Southworth's URATABS will convince the most skeptical of the value of this special treatment for their particular case.

Amazing testimony of Physicians and users gives convincing proof of the power of URATABS to restore Health and Strength to a weakened, inflamed or irritated Bladder and Urinary Tract. A multitude of alarming symptoms can be quickly disappear—and you see and feel a truly genuine improvement often within two or three days. "No more Back aches, no more pain, no more embarrassment or Getting-up-nights. I now sleep soundly, and get up in the morning full of 'pep', thanks to URATABS!"

White now to the general public the wondrous value of URATABS has been thoroughly proven by nearly 40 years of success in the Urinary practice of Dr. H. C. Southworth! And now any good druggist will supply them on a guarantee of satisfaction or money back. Try URATABS today.

## Most feed Value for least Money

For all general livestock feeding, Quaker Schumacher Feed is unexcelled. It is the perfected carbohydrate ration—a scientific balance of corn, oats, wheat and barley feed, together with oilcake meal, edible bone meal and calcium carbonate—minerals so vital to the health of animals, and which are usually deficient in ordinary feeds.

As a base for a dairy ration, or as the sole grain ration for young stock, dry stock, bulls, hogs or horses, Quaker Schumacher Feed is most economical.

No waste, because of the perfect balance. Low moisture content, because kiln dried. Palatable, easy digested, and quickly assimilated. Quaker Schumacher Feed provides most feed VALUE for least money. Write us for free advice on your feeding problems. The Quaker Oats Company, Peterborough, Ontario.

## Director of Marketing Visits Digby Industries

Dr. M. Cumming, Director of Marketing of the Department of Natural Resources was a visitor in Digby recently, calling on Mr. H. T. Warne and Messrs Jack and Cardozo, and had a talk over the situation as it affects each of these industries. As a result of Dr. Cumming's visit he and Mr. Warne will shortly go to Boston to investigate the markets for turnips and potatoes.

Mr. Warne has decided that shipping vessel loads of turnips to the Boston market is not profitable under conditions as were experienced last year and he and Dr. Cumming will endeavor to work out a scheme which will send fair quantities over without gutting the market. Dr. Cumming while here inspected the stocks of vegetable stored in Mr. Warne's fine new warehouse and was very pleased with the stock and particularly the excellent warehousing.

The visit of the Director of Marketing to the Jack & Cardozo plant was in nature of a preliminary investigation into distribution problems. Dr. Cumming has long felt that Nova Scotians do not appreciate home products as they should and it is likely that some measure will be taken by his department to promote the sale of Nova Scotia manufactures among Nova Scotians as well as abroad.

## When Journeying to TORONTO-DETROIT-CHICAGO

When journeying to Toronto, Detroit or Chicago, you will find fast and comfortable service via the lines of the Canadian National Railways; operating through All Steel trains between these centres.

Convenient service is available from Maritime Province points via Montreal. The International Limited leaves Montreal real daily at 10.00 a.m. arriving Toronto 5.40 p.m. the same day Detroit 11.35 a.m. and Chicago 7.50 the following morning. There is through parlor car service between Montreal and Detroit. Connections from Maritime Province points to the "Ocean Limited" arriving Montreal at 9.10 a.m. daily. An additional all Steel, de luxe, through train service between Toronto and Chicago is by the Inter City Limited and the Maple Leaf, leaving Montreal at 12.30 p.m. daily except Sunday, and arriving Toronto 8.30 p.m., Chicago 9.10 a.m., the following morning. This service allows a little longer time in Montreal for passengers from the Maritimes.

For reservations, fares, and full particulars of these services apply to any Canadian National Ticket Agent or write or telegraph F. W. Robertson, General Passenger Agent, Moncton, N. B.

## A. R. TURNBULL

## Standard of Size and Quality for Dry and Salted Cod and Such Like Fish

Some time ago the attention of the Department was called to the need for establishing by law standards of size and quality for dry and salted cod, cusk, haddock and pollock.

It was pointed out that owing to the lack of welldefined standards on which sellers and buyers might base just and reasonable prices, the same price is usually paid for fish that are not well cured as for fish that are well cured. There are, of course, exceptions to this, as to any other method of trading, but broadly speaking, for this reason, fishermen who cure their own fish have little or no incentive to improve the quality of their products.

The Department was assured that dealers in these products are prepared to do their share towards encouraging fishermen by paying a higher price for fish of a higher class, provided they have some fixed standards to be guided by. Consequently a representative of this branch of the industry, and together drafted a set of standards of size and quality, which has now been made official by Order in Council dated November 29, 1927. It has therefore become part of the Regulations attached to the Fish Inspection Act, and may be made use of during the present year.

It should be clearly understood that while the established standards have been devised as what appear meantime to be the best for the trade to adopt and use generally, they are not to be looked on as final. After the first year's operation of the system, criticisms and suggestions that may lead to changes for the better will be welcomed.

For the information and guidance of fishermen and dealers, the standards are embodied in this pamphlet which is being distributed to all concerned by the Fishery Officers. Part of the Order in Council and the standards follow:—

His Excellency the Governor General in Council, on the recommendation of the Minister of Marine and Fisheries and under the authority of section 3 of the Fish Inspection Act, as amended by Chapter 48 of 1920, is pleased to order that dried, green salted, and boneless cod, haddock, hake, cusk and pollock be and they are hereby brought under the provisions of the said Act, provided that, as the inspection of the fish named herein is not for the present to be compulsory, the penalty clause for violations of the Act shall not apply.

His Excellency the Governor General in Council, on the recommendation of the Minister of Marine and Fisheries, made on the advice and with the approval of those in the fishing industry who deal in such fish, is further pleased, under the authority of section 6 of the Fish Inspection Act, to order that the following be and they are hereby established as standards of size and quality; these standards to be incorporated in the regulations governing inspection under the said Act:—

82. Standard of Size and Quality of Dry and Green Salted Fish when such are bought or sold subject to Government Inspection

Standard Size for Shore and Bank Dry Fish

Cod, Cusk, Hake—

Extra Large, 26 inches and up in length.

Large, 22 inch to 26 inches in length.

Medium, 18 inches to 22 inches in length.

Medium, 16 inches to 22 inches in length (pickle cured).

Small, 12 inches to 18 inches in length.

Small, 12 inches to 16 inches in length (pickle cured).

Snappers, under 12 inches: Haddock—

Large, 13 inches and up in length.

Small, under 13 inches.

Pollock—

# "SALADA" TEA

Never before has such care been used in preparing teas for the public. Never before has such a blend of high quality teas been made, as in "SALADA". This flavour, this unflinching deliciousness is bringing pleasure to millions.

Large, 15 inches and up in length: Small, under 15 inches.

All measurements to be from where the flesh joins the tail up the centre to the end of the flesh at the neck but not to include the flap of the neck.

continued next week

## The New Ford Smashes All Records Between Los Angeles and Phoenix

Clipping from the Los Angeles Times  
Average 58.29 miles per hour to Phoenix, Arizona, lowering running time 1 hour and 56 minutes for the Round Trip.

Speeding along desert roads at more than a mile a minute, a new Ford Tudor Sedan, absolutely stock and completely equipped, broke three Los Angeles-Phoenix road records. On the trip to Phoenix, by way of Yuma, the drivers

took the car over 145 miles of dirt and gravel roads that were rough and rutted, but maintained an average speed of 58.26 miles per hour, demonstrating the ability of the Ford Motor to sustain high speed hours after hour under grueling conditions. The time was 8 hours 14 minutes and 50 seconds, lowering the record 19 minutes 10 seconds.

The return trip to Los Angeles by way of Blythe, took the car over 234 miles of dirt and gravel roads even rougher than those encountered on the trip to Phoenix. The former record was lowered 1 hour, 30 minutes and 20 seconds, the running time being 8 hours, 50 minutes and 10 seconds.

Three Los Angeles Ford Dealers took turns driving. They were Bud R. Day of Laurence & Day, Inc. Jack Frost and Frank French of Frost and French.

The test was officially timed by West End Union.

## Here and There

Forty-five years of faithful service to the Canadian Pacific Railway was honored recently when George A. Fowler, former lumber agent of the company, was presented by George Stophen, freight traffic manager, with a purse of gold, contributed by Mr. Fowler's colleagues in the railway's freight traffic offices east of Chicago in the United States and east of Port William in Canada.

Fergus, a special train of 35 cars left for Vancouver and points en route the other day with over 1,000 consignments of sawing machines and barn equipment. This trainload, the largest of its kind ever to originate in Canada, is from the Fergus firm and was headed by the Canadian Pacific Railway as a special train, stopping at Port William, Winnipeg, Saskatoon, Calgary, Edmonton and other centres. Nearly all the consignments were for rural communities.

Immigrants are beginning to pour through the port of Saint John and en route to Ontario and the West. With the arrival of Canadian Pacific liners Montclair and Montcalm, in the neighborhood of 600 settlers of the best type have been distributed. Among these were British farm laborers going to selected farms under the scheme of the Canada Colonization Association, and many more will be coming in during the next few months.

Toronto.—In accordance with his promise to Western Ontario tobacco growers, Hon. W. R. Motherwell has appointed a commission to investigate all phases of the tobacco-growing industry, for which two of the commissioners have already been named. The probe will extend to every phase of the industry, from seedling to marketing, and one of the most important features will be the effort to ascertain the best method of operating a proposed co-operative marketing pool.

Port Arthur.—Eventually Canada will produce a 1,000,000,000 bushel crop of wheat and will have no difficulty in finding a market for it, predicted Hon. T. A. Ceraff, President and General Manager of the United Grain Growers Limited, formerly Minister of Agriculture for the Dominion. Referring to the development of Western Canada, Mr. Ceraff said there was no country in the world where so great a development had taken place. In the past few years and there was no country having such great possibilities.

In order to meet the increasing popularity of the Canadian Rockies among tourists, and also to aid in developing trans-continental travel, the Canadian Pacific Railway will run a quintette of trains across the Dominion from Montreal, Toronto and Chicago to the Rockies, Vancouver and West to this coming summer. These trains will be "The Trans-Canada Limited", "The Imperial", "The Mountaineer", "The Pacific Express" and "The Mountaineer". The "Trans-Canada" and the "Mountaineer" will be all-sleeping-car trains.

Vancouver.—"Maize," the famous white Leghorn hen owned by the University of British Columbia farm, officially known as Hen No. 6, the world's champion layer with 351 eggs in a year, is proving a substantial revenue producer for the University of British Columbia. Last year she laid 350 such "golden" poultry stock from Maize returned to the University \$2,225. Two of her cockerels fetched \$500 each when sold to Ohio poultry raisers, while another cockerel sold in New Jersey for \$300. The University receipts on sale of pedigreed British Columbia stock totalled \$7,222 for the year.

**CARRIED WIFE TO BED**  
Suffered So She Could Not Walk. Restored to Health by Lydia E. Pinkham's Vegetable Compound

Mineau, Ontario. "I am a practical nurse and I recommend Lydia E. Pinkham's Vegetable Compound to suffering women. For three months I was almost helpless and could not sit at the table long enough to drink a cup of tea. Many a time my husband carried me to bed, I would be so weak. Then he read in the paper of a woman suffering as I did who got better after taking the Vegetable Compound, so he went and got it for me. When I had taken three bottles I was just like a new woman and have had splendid health ever since. When I feel any bearing-down pain I always take it; sometimes a half bottle or whatever I need. It is my only medicine and I have told many a one about it. Any one wanting to know more about Lydia E. Pinkham's Vegetable Compound I will gladly write to her. I do all I can to recommend it for I feel I owe my life and strength to it."—Mrs. NEAL, Bowden, R. J. Mineau, Ontario.  
Do you feel broken-down, nervous, and weak sometimes? Do you have this horrid feeling of fear which sometimes comes to women when they are not well? Lydia E. Pinkham's Vegetable Compound is excellent to drink at such a time. It always helps, and if taken regularly and persistently will relieve this condition.

## Wright's Store Adds Men's Ready Tailored Line

This Spring marks the opening at Wright's Store, Digby, of a new Men's Ready Tailored Department, carrying men's Ready Tailored Suits and Top Coats and Boy's Wear. Mr. Wright has been "shopping around" among different makers of men's suits and coats for the past three years to determine what lines were best suited to the needs of his customers, would give the utmost of tailored finish, style and wearing quality value and the opening of the new department is marked by the placing on special display racks in the upstairs Show Rooms of 150 suits of Men's Ready Tailored Suits, in Serges, Tweeds and Worsted of the Kel-Son Blue Rib bon Line, in style cut to suit every taste. With these is a line of

Men's Tailored Top Coats in Cords, Gaberdines and Tweeds. Also a line of Oilproof Slickers and Rubber Raincoats.

The Boy's department is the famous "Armour Clad" tailored just as the men's wear is and with garments reinforced where the wear comes, at knee and seat at elbow and with all seams double stitched. A second line of Boy's Wear is the Robinhood line, which is slightly lower in price and which includes an assortment of Boy's First Longs.

**BOYD'S BICYCLES AT LOWER PRICES**

## Electrical Supply House Traders Busy in Digby

E. G. Townshend, representing the General Electric Company and Mr. B. Marshall of the Northern Electric Company's Sales staff were visitors in Digby this week, consulting with officials of the Power Board and with local bidders on the new construction for down Digby Neck.

## His Birthday Tomorrow

The Courier joins with many friends in extending congratulation and Birthday Greetings to Mr. Hugh McLean, who tomorrow celebrates his eightieth birthday.

Mr. McLean was born in Cape Breton and moved to Digby upwards of fifty years ago. He has been head gardener at the Bryant summer home, across the Racquette for a number of years and his delight is to be among his flowers.

Hale, hearty, Mr. McLean is as active as many men much younger than himself, and all will wish that his hope to reach the century mark will be fulfilled.

## North Range

On Saturday morning, February 14th death entered our community, with little warning, taking Aubrey, promising son of Mr. and Mrs. Alfred Height, in the thirteenth year of his age.

He leaves one brother and one sister. In the absence of pastor Whitney, an appropriate funeral service was conducted in the Baptist church by Rev. Mr. Peace on Sunday afternoon. Mr. and Mrs. Height have the sympathy of the entire community in their sad loss.

Alfred Height, Mrs. James Height, and Phyllis Blynn are on the sick list.

Mrs. Gordon Stragg is visiting her mother, Mrs. James Height.

## Keeping Physically Fit in Mid-Ocean

A gymnasium on board an ocean liner is no longer a novelty. The floating palaces of today which cross the mighty oceans between Canada and the Orient and Canada and Europe have gone one better than the best hotels. There are hotels in this country that can invite their guests to baths in private swimming-pools; but how many of them can offer the busy man or woman the use of a gymnasium? "How to keep fit at sea?" Board one of the famous "White Empresses", bound for the Orient from Vancouver, or cross from Quebec to Southampton by an "Empress of the Atlantic". These liners have gymnasiums on board, and you will have no reason to fear the consequences of a period of enforced leisure. On the Pacific the "Empress of Canada", "Empress of Asia" and "Empress of Russia", have gymnasiums which are in all respects like those of the three Atlantic Empresses. Spacious rooms, with excellent ventilation, and fitted with the latest equipment for almost every phase of athletic exercise. In addition, the Empress of Canada and the Empress of Australia have swimming pools, which are in the first rank of those to be found on land-sea-going ships.

The apparatus with which the gymnasiums of the ships of the Canadian Pacific line are fitted is varied and diversifying. The "horse" and the "camel" are perhaps the most popular among the machines. When travelling on the "Empress of Australia" and the "Empress of Scotland" to and from Canada this summer the Prince of Wales rode many imaginary miles on the comfortable back of the "horse" and also on the "camel's" hump. These beasts are electrically controlled, and when the current is switched on the "horse", which is properly saddled and has crupper and stirrups, proceeds to simulate the movement of a horse in motion, and gives the rider a real and pleasant sensation of horse-back riding. The speed can be increased from a walk to a trot, from a trot to a canter, and from a canter to a gallop; but the "horse" is always a gentle beast and never throws his rider. The "camel" machine is as popular as the "horse". The "camel" functions in a similar manner to the horse, but performs the rolling motion peculiar to the "ships of the Sahara". The "camel" usually works overtime when the Round the World and Mediterranean Cruise Empresses are nearing Egypt, the ladies especially being anxious to accustom themselves to riding on the hump of a camel.

There are bicycle machines in the gymnasium of the Empresses. These are fitted with dials which record distances travelled up to 500 metres. Bicycles are placed side by side, which offers the possibilities of racing competitions.

## Ladies and Gentlemen

### But most especially the Ladies!!

VOL. LIV Number 33

## Field Comforts Room in Digby Hospital Newly Decorated

The Field Comforts Room in Digby General Hospital, a room furnished following the war with funds left on hand, with the Field Comforts Committee, has been newly decorated and furnished. The ladies who were active on the Field Comforts committee have provided a new Congoleum square, new draperies and hangings and a new Jaeger rug for the bed. The walls have been tinted a restful shade and altogether the Field Comforts Room is as cosy and dainty as can be.

## Boston and Yarmouth Service

Advice has been received from the Eastern S.S. Co. to the effect that the S.S. "Northland" will replace the S.S. "Prince George" on the Yarmouth-Boston route, leaving Yarmouth, Friday, March 30th, and every Tuesday and Friday thereafter, until further notice.

## Saint Patrick's Supper and Sale A Great Success

The B. L. Club of Tiverton, held a Saint Patrick's bow social in Elliott's Hall on Saturday night, March 17th. The Hall was prettily decorated in green and white shamrocks, as were also the fancy and candy booths. After the fish pond, fancy and candy sales were completed, Mr. Hiram Outhouse very successfully auctioned off the envelopes containing the bows.

Lobster chowder, pie, cake, tea and coffee were served to the couples. Supper was also served to about fifty others. The sum of \$71.45 was realized which is to be used for repairs on the Christian Church.

The fishermen deserve much thanks for their liberal contributions of lobsters. The housewives also deserve much thanks in their contributions of pies, cakes, and candy and in the various ways in which they helped, and Mr. Goreham Elliott with his usual kindness gave the use of the hall for the occasion.

## Ravens Club Has Clean Balance Sheet at Season's End

The end of the season meeting of the Ravens Club was held in the Town Hall on Monday night. The President, Mayor Lynch, presided.

The financial statement, read by Secretary F. L. Andersen, showed a small deficit and a "tarpaulin muster" quickly disposed of this and left sufficient funds on hand to cover cost of engraving the Ravens' name on the Denison Trophy as winners of the 1928 league.

On motion of Mr. O. Wright, Captain Edgar Jones was given custody of the cup, and the club is to insure it against fire and theft for replacement value. The secretary was instructed to convey to Mr. Denison the club's appreciation of his gift of the cup for competition. A letter of appreciation was also ordered to be sent to the Truro Bear Cats, and to be published in a Truro newspaper, thanking the team and the citizens of Truro for the hospitality extended to Digby's team at the time of the play-off game in Truro.

The Managing Committee, with Mr. Anderson added, were appointed a committee to go into the matter of raising funds to provide a coach for next winter's team. Mayor Lynch promised that the club would be given the first opportunity to hold a tag day for this purpose.

Mr. C. E. Walker, delegate from the club to the annual meeting of the M.A.H.A. at Moncton, gave a very interesting report of the proceedings. The application of Digby for the compensation for the lost Crescent-Digby series in the semi-finals was discussed at this meeting. No action was taken. The Crescents presented the fact that they had gone to Newfoundland with permission and conditions there had prevented them returning in time to play the scheduled games. Mr. Walker, seeing that the general trend of the meeting was in favor of reinstating the Crescents without imposing any fine, consented to the action, and the matter was dropped. In future years teams eligible for finals and semi-finals will not be permitted to make tours.

The best news of the evening was Mr. Walker's advice that he was making preparations to add 22 feet to the ice surface of the rink.

## Active And Hearty at Ninety-four

Active and hearty, looking many years short of the ninety-four years he admits to, Mr. James S. Wright of North Range, was a visitor in Digby and called at the Courier Office on Monday. It was his first visit to Digby for nearly a year. That time he walked it, but on Monday he came by rail, his first trip on the train since the new station was built in 1920.

After completing his business at the bank and some odd shopping Mr. Wright walked home, fourteen miles, to North Range. A week before he had walked twenty miles to buy a yoke of cattle, and on Monday planned to walk after them and lead them back on Wednesday. He walks "for the good of his health" and the first fine day is going into the woods to get out some firewood.

Mr. Wright has one daughter, Mrs. Joseph Tibbets, of Gloucester, Mass. They have often invited him to take a holiday and go up to visit them, but he doesn't want to leave Nova Scotia. The weather suits him, the neighbors are to his liking and just to live on his farm, talk a little politics and enjoy long walks, suits him to a nicety.

Asked his prescription for long life and active years Mr. Wright said that he had a young wife and that was what kept him young.

## TALK OF THE TOWN

Mr. and Mrs. F. L. Anderson returned on Friday from a visit in Boston and Springfield, having been the guests of Dr. and Mrs. H. L. Roberts in the latter place.

There was an attendance of thirty at the Ladies Hospital Aid Circle and Tea held on Wednesday at the home of Mrs. A. E. Dickie, First Avenue. Mrs. Percy Wornell will be hostess for next week's meeting on Wednesday the 28th inst. and all are cordially invited to attend.

George Peters went to Westport on Wednesday to attend the funeral of Mrs. E. C. Bowers.

W. H. Farnham was in town over the week end.

The many friends of Mrs. Frank Hazelton will be pleased to learn that she is improving after her recent operation in the Digby General Hospital.

Mrs. Bert Taylor of Smith's Cove has been spending a few days in town the guest of Mrs. Campbell, Montague Row.

Mrs. C. F. McBride leaves on Friday for Boston anticipating an absence of several weeks.

Mrs. O. Wright and son, Robert who have been spending the past two weeks in Charlottetown, have returned home.

You can by Smoked Herring either by the pound or box at Smallie's.

Friends will be glad to learn that Mr. H. T. Warne continues to improve in health after his illness and will soon be able to be around again. Because of his illness Mr. Warne has abandoned his usual trip south.

Mrs. G. E. Torrie left on Tuesday for Hantsport to visit her father, Mr. Lawrence, who is in poor health.

At Miss Chapman's, Saturday, March 24th, a display of Children's Hats from 75c to \$3.00; also a nice line of Silk Hats at \$3.00.

Smallie sells 13 cakes of Pearl White Naphtha soap for \$1.00.

## Death of Mrs. Augusta Stalling

The death occurred on Monday, March 19th, at the home of Mr. and Mrs. A. J. Westhaver, of Mrs. Augusta Stalling, aged 89 years. Funeral services were held from the United Baptist church, of which she was a member, on Wednesday, the services being conducted by Rev. R. E. Bishop pastor of the church.

Mrs. Stalling is survived by a step-son, Ensley Stalling, of Belmont, Mass., and a niece, Miss Jessie Hopkirk, of Boston.

Mrs. Stalling was twice married. Her first husband was Capt. Jenkins, master mariner. After his death she married George Stalling, who predeceased her twenty years ago.

For many years Mrs. Stalling conducted a boarding house, known as Harmony Lodge, in Digby. For the last ten years she has lived with Mr. and Mrs. A. J. Westhaver, Montague Row. She had been in failing health for some time and death was not unexpected.

## Death of Mrs. Everett

The death took place at Point Prim of Mrs. Leonard Everett, daughter of Keeper and Mrs. Leander Ellis. She is survived by her husband and parents and four children. Interment was at Port Wade, the funeral being held on Wednesday.

The Children's Aid Society of Digby and Yarmouth is advertising for an agent to replace Rev. Prosser. The qualifications are that the candidate must be able to "acceptably present the claims of the society for public sympathy and support." One would think that ability to discriminate between right and wrong, to judge wisely and with humanity would be the first qualification.

## McHugh Buys Whoneda Cottage and Will Open This Season

Whoneda Cottage, Smith's Cove operated last year as an annex to Harbor View, has been acquired by Mr. W. F. McHugh, who has been associated with Councillor Carl Eldridge in the operation of Lour Lodge. Mr. McHugh plans on operating the Cottage this season, erecting two or three bungalows and placing a number of tents on the grounds. These tents are to be fitted up with sleeping accommodation and operated as a free camping ground for overnight parties.

Mr. McHugh is planning on development last year as an annex to Harbor View, has been acquired by Mr. W. F. McHugh, who has been associated with Councillor Carl Eldridge in the operation of Lour Lodge. Mr. McHugh plans on operating the Cottage this season, erecting two or three bungalows and placing a number of tents on the grounds. These tents are to be fitted up with sleeping accommodation and operated as a free camping ground for overnight parties.

This addition to the catering plant for tourists will be a welcome indication of progress. Mr. McHugh's years of experience in catering to the tourist trade was his inspiration in acquiring the cottage. He has watched the trend of "style" in tourist accommodation demand and the bungalow colony type was decided upon by him as being the nearest approach to the ideal. According to Mr. McHugh's theory the bungalow colony and the hotel proper, serve two distinct classes of visitors and his idea in featuring the free camping grounds, with furnished tent equipment is a unique feature in tourist traffic development.

## Destroying the Park Lands

Attention is called to advertisements in this issue warning against the cutting down of trees, destroying the properties known as the Park and the old Cricket Field. These plots of land are public property, held in reserve against the time when they will be developed into public parks and recreation grounds and the destruction of growth on them, is looked upon as vandalism, nothing less.

Similar depredations have been committed on the Trinity Church property, destroying the value.

This destruction is doubtless the work of people careless of public welfare and the warning should be sufficient to discourage them from further destruction.

## Death of Mrs. E. C. Bowers of Westport

The sad news was received over the wire at Westport on Monday, March 19th, that Mrs. E. C. Bowers had passed away that morning at the Infirmary, Saint John, where she was taken two weeks ago accompanied by Mr. and Mrs. H. P. Bowers, and underwent a very serious operation. Everything possible was done to hasten her recovery but it was all of no avail.

Mrs. Bowers has been a faithful member of the Baptist church for years. She had been president of the U.R.W.M.U. for fifteen years also president of the Sewing Circle. The home, the church, the community have sustained a serious loss. The deceased was large in her sympathies, kindly in her disposition and strong in principle. Our heartfelt sympathy goes out to the invalid husband for whom she has tenderly cared for for a number of years, also the other relatives and friends in their great sorrow. The remains arrived yesterday on the S.S. Keith Cann.

## Brotherhood Meeting

The meeting of the United Church brotherhood on Tuesday evening was a very interesting one. About fifty sat down to the supper table. The Red Raven Hockey team and its managing committee were guests of honour, Mr. Foster, School Inspector was also present.

## Country Roads Closed to Motor Traffic

Monday's Halifax papers contained advertisements of the Highway department ordering closing of provincial roads to motor traffic from that day. Many travellers caught unaware by the notice, were stranded with their cars. Some "took a chance" and continued to their destinations.

Incorporated towns have authority to close town streets to motor traffic at discretion of their councils.

## Trinity Ladies Will Hold Supper as Send Off to Missionary Bale

Next Thursday, March 29th, the ladies of Trinity Church will hold a supper in the Parish Hall. The articles for the Missionary Bale will be on display.

All are cordially invited to attend Supper tickets 35c.

Owing to sickness Evangelist McLean has had to cancel the mission announced in Grace Church Mar. 25. Further announcement will be made next Sunday.

## Why Pick on the Chief

The amateur Watsons and Sherlock Holmes experts are directing criticism at Chief Cowans because he had not picked up the burglar of last week.

Which seems hardly fair. Chief Cowans goes off duty at midnight. The first alarm of the burglar was turned in at four in the morning, when the Chief was in bed. He quickly reported on the job, and Mr. Dillon cannot say too much for his promptness. He searched everywhere, and so long as there seemed a chance to catch his man stayed with it.

As to getting the man next day, or since. That is quite a tall order. The man who did the jobs is the one Chief Cowans is after, and the only clue, if it can be called a clue, is that the breaks appear to have been the work of an amateur, one perhaps acquainted with the lay of the country. Mr. Dillon could give no description of the man he saw, and at the other houses he was not seen.

Chief Cowans puts in about sixteen hours a day. His hour of duty is completed at midnight, and from that hour until he comes on duty next morning the town is dependent on its good luck only. It is common knowledge, everywhere, that there is no policeman on duty after midnight, and far from criticizing the Chief, we in Digby should be

grateful to that Providence which has held us immune from similar attempts at burglary.

There are not many men who would take the job at the salary the Chief gets.

Hydro Down Digby Neck  
Interests Digby Folk  
in Texas

Galveston, Texas, March 7th, Dear Editor: Its a far cry from the shores of the Bay of Fundy—with its rough grandeur of cliff and mountain scenery and straight cut columns of trap, rising—steeply and aridly from the waters edge—to the sandy reaches of the Gulf of Mexico and a long call from the shores of rushing tides, to the waters of the Tropics, where the long, lazy rollers scarcely make a perceptible rise and fall of tide.

The weekly arrival of the "Digby Courier" is hailed with interest. Friday's paper reaches us on Tuesday evening; if sent by air mail, it would arrive on Sunday evening, which verifies the fact, that science and modern invention have conquered distance.

We note, with interest, the news of the coming extension of the Hydro Power to the municipality of Clare and down Digby Neck to Westport and also the proposed erection at Digby of a large modern hotel by the C.P.R. These are great strides in the progress of the county and will be large factors in its future growth and prosperity.

Never before has there been so much of mutual interest between the North and South. In these days of holiday makers and pleasure seekers, there is a large influx, during the Summer months, of the population of the heat stricken cities of the United States into Canada and especially is Nova Scotia with its delightful climate, and varied attractions, becoming a point of interest, to these seekers of comfort and health.

While on the other hand, more and more each year, do the people

of the northern latitudes hie to the "Sunny South" to escape the chilly winter winds of our "Land of the Snows".

In view of this interest between people of two almost extremes of latitude, may I be permitted to give a few impressions of several of the Gulf cities.

Galveston, the oleander and palm city of the South, is situated on Galveston Island, at the mouth of Galveston Bay, where the Bragors River empties its clay red waters into the Gulf of Mexico.

This Island is often called Treasure Island from the supposition that the celebrated pirate Jean Lafettes buried much of his ill gotten wealth beneath its sands.

As an export port, Galveston ranks second in the United States and as the State of Texas produces one fourth of worlds cotton crop, it is accordingly the largest export port for cotton in the world. Its immense warehouse and cotton presses, along the docks, cover many acres of ground.

It is also the logical export port for the Panama Canal trade. Sailors of every nationality and vessels from every port on earth may be seen at the Galveston Docks. A Russian ship just from the far East loading cotton for Murmansk, the most northern port in Russia is seen at one dock, today the sailors are basking in a tropical sun, in a few days they will in all probability, be breasting gales in the Atlantic Ocean, their next place of call will be Bergen, and from there on to the land of the midnight sun.

At the next dock a U.S. Army destroyer converted into a fruit carrier is discharging a cargo of bananas, from one of the West India Isles, a nitrate ship from South America; colliers and oil tankers all hatches and cranes and so on every country on the globe is here represented. There is a fine flavor of sea and a world of material available for fiction writers with the pen of a Marryatt or a Conrad.

Galveston is a city of wide paved oleander and palm lined streets, wonderful public and benevolent institutions, many of which are monuments to the worth and generosity of citizens who have long since passed to the Great Beyond.

The Causeway, an arched concrete structure three miles in length, over which pass, railway interurban and vehicular travel, connects the city with the mainland, and the seawall, a piece of protective work seven miles long on top of which is the famous sea wall boulevard, are great feats of engineering.

The climate during winter is ideal. Frosts are rare, and many winters are without frosts, bathing can be indulged in the year round, the waters of the Gulf being actually warmer during winter than the waters at many summer resorts are during the summer months. Many visitors take advantage of these conditions and Galveston is becoming more and more each year, a winter resort for northern tourists.

Events of international interest are here, staged on a magnificent scale. The Pageant of Pulehrude and ninth annual Bathing Girl Review, takes place from June 2nd, to 5th when the beauties of varied nations will compete for the title of "Beauty of the Universe".

Houston, which is connected with Galveston by a perfectly level concrete highway, is fifty miles distant.

This city, which has made a phenomenal growth during the last fifteen years, numbers a population of over 200,000 and is fast becoming one of the important ports of the South.

Its many tall buildings has given it the reputation of having a skyline resembling that of New York.

The residential section covers many miles of streets and is artistically laid out, the "forest primeval" only a few years back covered the ground where now, rise palatial homes and wherever possible the forest oaks and pines have been spared to aid in the scheme of civic beauty.

In a few months the Democratic

**TEA**

Convention will convene at Houston and already elaborate preparations to meet the requirements of this event are going forward. Then all eyes will be turned to ward the south. An army of news paper reporters will be among the delegates and the charms of the Gulf cities will be a fitting theme for the pens of many of the ablest writers of America.

They Keep You Free  
From Kidney Trouble

## B. C. Lady Used Dodd's Kidney Pills With Good Results

Mrs. S. D. Contes Was Relieved of Rheumatism and Backache  
West Demars, B. C. March 19 (Special)  
"I have used Dodd's Kidney Pills for Rheumatism and backache and cannot say too much in praise of this splendid medicine. I can conscientiously recommend it to anyone." So writes Mrs. S. D. Contes a well-known and highly respected resident of this place.

Rheumatism is not exactly a kidney disease. It is the result of kidney derangement. The acids and poisons commonly known as rheumatism are caused by uric acid in the blood. If the kidneys are doing their duty there should be no uric acid in the blood. But if the kidneys are tired, worn out, or out of order, the amount of this poison in the blood will increase daily. It crystallizes at the joints and muscles and then comes those agonizing pains so many people know and dread. The remedy is Dodd's Kidney Pills. They strengthen the kidneys so that they do their full work of removing the uric acid from the blood.

## Smith's Cove Womens Institute Meeting

The March meeting of the Womens Institute was held with the Pres. Mrs. Geo. Weir on Wednesday 14. Following regular routine plans were suggested and partially formulated relative to the carrying on of the Annual Autumn School fair, with the acceptance of the Chilean Nitrate Contest and the valued assistance of Mr. Spicer the County Agricultural representative. Enthusiastic interest is expected in the drawing contest arranged for and with prizes offered to school boys and girls by Mr. Thomas Cumming, in which the Institute heartily cooperates. Responses to roll call were enjoyed. The Sharrock was the interesting decorative feature during refreshments which followed a busy session.

The April meeting will be with Mrs. T.O. Morgan.  
Visitors always welcome.

Cullage shall consist of fish that are broken, sunburnt, slimy, dun, rough, sour, tainted and slinks.

continued next week

Funeral of Emden  
Hutchinson

The funeral of Emden F. Hutchinson, son, aged 38, who died at Digby General Hospital on Tuesday March 13th, was held on Thursday last from St. Patrick's church. Rev. Fr. Graham celebrated Requiem Mass and interment was in St. Patrick's cemetery. The funeral was attended by a host of friends, to whom his death came as an unexpected shock.

The late Mr. Hutchinson was the youngest son of the late Wm. and Minnie Hutchinson. He is survived by his mother, with whom he made his home, two brothers, Frank, of Digby and Thomas, in New Jersey, and by two sisters, Mrs. Mallett, of Plympton and Grace at home.

Mr. Hutchinson was admitted to hospital on the Sunday prior to his death, suffering from intestinal complications. He was operated on on Tuesday. The intestines were so badly affected that it was impossible for him to make a recovery and he died while being taken from the operating room.

Well known by many people in Digby Mr. Hutchinson was liked and highly respected. He was a carpenter by trade and a good workman.

His bereaved mother and family have the sympathy of all in their affliction. His father died in 1905 at Halifax, following a similar operation.

The Wrigley Swimming Marathon Trophy is a perpetual trophy to be competed for each year. The first Wrigley Marathon was held at Catalina Island, and won by George Young, of Toronto. The second Wrigley Marathon was held at Toronto and was won by Ernie Vierkoetter, of Berlin, Germany. The third Wrigley Marathon will be held in 1928, either in Canada or the United States. The Wrigley Trophy is a reproduction in sterling silver of the famous "Flying Mercury" modeled by Giovanni da Bologna. The position of the figure is changed to show Mercury presenting to Father Neptune a wreath, changed to show Mercury presenting to Father Neptune a wreath, changed to show Mercury presenting to Father Neptune a wreath, changed to show Mercury presenting to Father Neptune a wreath. The figure Mercury contains over 1,000 ounces of silver. In addition to the big trophy there will be provided annually a replica in sterling silver and bronze, to be presented to the city where the Marathon is held.

**Children's Colds**  
Best Treated Externally  
That's why modern mothers prefer Vicks—it cannot upset delicate stomachs. Rubbed on throat and chest, it acts two ways at once:  
(1) Its healing vapors, released by the body heat, are inhaled through the air passages;  
(2) It "draws out" the soreness like an old-fashioned poultice.  
**VICKS VAPORUB**  
OVER 12 MILLION JARS USED YEARLY

## SCOUT NOTES

### Do A Good Turn Every Day

Saturday's hike was the best yet! A good turnout, good weather and a good time all round, made it a day worth remembering. When it comes to a meal in the open, the Bear River Troop with all their expert cooks are now satisfied with nothing less than a piping hot meal. Hot potatoes, hot dog, hot beefsteak and hot chocolate, were all prepared along with sundry other things to fortify hungry stomachs on this fourteen mile hike.

After the midday meal at Big Stillwater the Troop lined up and crossed the ice to inspect the Beaver work. On the way to the house there was plenty of work to be seen along the banks of the still-water where all sizes of trees had been cut down by these clever little workers varying in size from small saplings to trees seven inches in diameter. And some of the cutting was so keen and smooth that it could easily be mistaken for axe-cutting. About three feet of the house was showing above the ice. It had been built between two juniper trees to anchor it and was formed of clay and branches solidly cemented together. On account of the ice covering the water there was no opportunity to observe the Beavers but it is expected there will be a chance later in the season.

Chester Isles and Leland Oickle passed fire lighting and cooking tests on this hike.

At Thursday's meeting Second Class badges were presented to Walter Read, Edwin Kempton and Don MacDormand. In less than five months Scouting the Troop now have a membership of over fifty per cent Second Class Scouts.

The thanks of the Troop are extended to Mr. F. H. MacNaught for the generous assistance he has given in furnishing the lighting for the Scout rooms. This helps materially in arranging for the months budget.

In the Patrol Competition the Beavers have scored 688 points and the Peepees 477.

### United Baptist C.G.I.T. Hold Annual Public Meeting

The "Loyal Workers" and "Wide Awake" Groups of the Baptist Church held their annual mid-week open meeting on Thursday evening March 15th in the Temperance Hall. A large number of people were in attendance, thus manifesting their interest in the work the girls are trying to carry on. Home made candy was sold during the evening.

An interesting program was given, under the guidance of the leaders, Mrs. A. G. MacIntyre and Miss Winifred Sullivan.

## Local C.G.I.T. Groups Conduct Church Service

The "Busy Beavers" group of C. G. I. T. conducted the service on Sunday morning in the United Church of Canada. The week of March 11th to 18th, being set aside as Maritime C. G. I. T. week.

The church was beautifully decorated with hemlock and flags making a pretty setting for the girls who were in their C. G. I. T. uniforms.

The following is the program of the service.

Processional—O Worship the King by Choir and C. G. I. T. Group  
Invocation—Opening Ceremony by group Hymn—Unto the Hills Around, Congregation

Scripture—Airs Marine, Margaret Milbury, Ellen Baxter  
Prayer—Rev. F. W. Sawdon  
Response—The Lord in His Holy Temple, Choir and group  
Announcements—Dorothy Stevens, President C. G. I. T.  
Offering—Hattie Wamboldt, Ethel Curtis, Anna Davis, Catherine Hittle  
Hymn—I Would Be Thine C. G. I. T.  
Hymn—Dear Lord and Father of Mankind, Congregation  
Paper—Origin and Work C. G. I. T., Mrs. H. C. Anthony  
Address—Rev. F. W. Sawdon  
Camp Hymn—C. G. I. T. group  
Closing Hymn—Father in Heaven Who Lovest All  
Benediction—C. G. I. T. and Rev. F. W. Sawdon  
Recessional—Choir and C. G. I. T. group.

The service on Sunday night in the United Baptist Church was in charge of the two groups of the C. G. I. T. and took the form of a Vesper Service. The girls in uniform formed a procession and marched in singing the Vesper Hymn, part of them filing into the choir loft, while the others occupied the front section of the church. The Scripture was read by one of the girls; two others offered short prayers and the offering was taken by four of the group. After the regular announcements, one of the leaders read a special C. G. I. T. notice concerning the work of the organization. The choir sang very sweetly "Lord, I want to be a Christian in my Heart", after which the Pastor, Rev. E. J. Barras gave an inspiring address on "Remember Thy Creator in the Days of Thy Youth." This was followed by a chorus by the girls, "I Would Be True." All the music was of an appreciated nature, the closing hymn being "Now the Day is Over."

## Bear River's Oldest Resident Celebrates Her 95th Birthday

March 16th was a "red letter" day in the life of Mrs. Rachael Chute, widow of the late Burton Chute, it being her 95th birthday.

Mrs. Chute, with the exception of deficient eye sight, is hale and hearty and very bright intellectually.

On Saturday afternoon, a number of her friends and relatives were entertained at the tea hour, by her daughter, Mrs. Thaddeus Davison, in honor of the great event.

The officers of the B. R. United Church Ladies Aid presented in person, a basket of fruit and candy and numerous other gifts, telegrams and letters were received from friends resident in town, and at a distance, contributing largely to the happiness of the guest of honor.

## Distressing Headache.

Bathe the forehead with Minard's. Also inhale. Brings soothing relief.

## East Waldeck

Miss Gertrude Allas of Digby spent the week end with Mr. and Mrs. L. Wright.

Wm. Ring arrived from Boston on Tuesday and expects to remain the summer with his family here.

Sheldon Sprouts of Middleton is visiting at the home of Mr. and Mrs. C. Eisner.

J. E. Robbins made a business trip to Digby, Tuesday.

Mrs. Ring of Clementsport spent the week end with her daughter, Mrs. L. McFadden.

Mr. and Mrs. Harry Potter spent Friday in Bear River.

About seventeen friends gathered at the home of Mr. and Mrs. Gordon Kennedy Saturday evening and rendered Mr. Kennedy a surprise, it being his twenty eighth birthday. The evening was spent very pleasantly by all. Delicious refreshments were served by Mrs. Kennedy.

Roscoe Dukeshire left for Boston on Tuesday.

Miss F. Phillips of Clementsvalle spent Wednesday with Mr. and Mrs. Wm. Brown.

Walter Berry of Clementsport spent Sunday with Mr. and Mrs. C. Eisner.

Rev. G. C. Durkee held service in the Baptist church Sunday.

Mrs. Alice Berry celebrated her eighty seventh birthday Friday. A number of friends gathered at her home in the evening where a pleasant time was spent.

## Most Men Past 40 Break Down Easy

Seven out of Ten Are Victims of Bladder or Prostate Weakness. Tells How Dr. Southworth's "URATABS" Bring Quick, Amazing Relief.

Overworked, sluggish Kidneys, Bladder Weakness and Prostate Gland trouble bring on so many distressing and often serious ailments that every sufferer from Lameness, Pains in Back and down through groin, Stuffy nose, frequent and burning Urination, Getting Up-Nights, Nervous Irritability or Weakness and Lack of Vital Force—should test the proven value of Dr. Southworth's URATABS at once.

Amazing testimony of Physicians and users gives convincing proof of the remarkable power of URATABS—a special prescription successfully used for more than 40 years in the private practice of Dr. H. C. Southworth. After only a few days use, a startling improvement is often noticed—as a multitude of alarming symptoms begin to disappear.

Through special arrangements and to benefit those who cannot personally call on the Doctor, URATABS can now be obtained from any good, local druggist on a positive guarantee of money back if not fully satisfied. So if you need a medicine of this kind, try URATABS today.

## Karsdale

Capt L. H. Porter, of the Munson Steamship Co., N. Y., has installed an Atwater Kent Radio in the home of his father, E. H. Porter.

James Snow, of Port Wade, has a fine lot of men, including timber from the hands of E. J. Jefferson and Mrs. Mattie Johnson.

We regret to hear that George B. Johnson of Port Wade is seriously ill.

Eddie Jefferson, of Victoria Beach, called on friends here Monday.

## Local and Personal

Miss Catherine Brown has returned from Boston and has resumed her position at the office of the Bear River Pulp Co. Ltd.

The Men's Bridge Club was entertained on Tuesday evening by Mr. Carol Clarke.

Mr. and Mrs. William Freeman, who recently purchased the Ezra Miller farm are being congratulated on the arrival of a son, Sunday, March 18th.

Mrs. John Harrow has arrived from Saint John, having gone to meet her nephew, Sydney Murray who sailed on the "Minidom" from Glasgow Scotland.

## Here and There

Work on the Royal York, new hotel of the Canadian Pacific Railway in Toronto, is ten days ahead of schedule and there is now every probability that it will be completed by May 1, next year. It will tower 355 feet above the sidewalk, being the tallest building in the Hotel Empire.

A. Allerton has been appointed general manager of hotels and bus-galows camps east of Port William, operated by the Canadian Pacific Railway; and H. F. Mathews, general manager of hotels and bus-galows camps from Port William to the Pacific. The appointments were consequent on the death of C. E. E. Usher, late general passenger traffic manager of the railway.

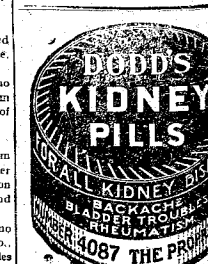

Palle Huld, 15-year-old Danish boy, who is travelling round the world in 46 days, passed through Montreal and the east of Canada recently on his way to Vancouver, whence he will sail by Canadian Pacific All-Red route to Yokohama. The exploit is in commemoration of the hundredth anniversary of the birth of Jules Verne, whose book "Round the World in 80 Days" has always been a favorite with boys.

Fort William.—Elevator capacity at Fort William will probably total 100,000,000 bushels by 1930. Present storage capacity of the twin cities is recorded as 72,540,000 bushels and between 9,000,000 and 10,000,000 bushels will be added before the 1928 crop is garnered. Expansion in the following two years will take about 20,000,000 bushels, one of the largest terminal building projects either in the history of the lake-head ports or any of the other centres of the continent.

Winnipeg.—So many applications have been received from farmers in Manitoba to ensure the services of youths who are being sent out of Great Britain under the Boy Lumberer scheme, that the Provincial Government has requested the authorities to increase the number from 50 to 100. Hon. Albert Johnston, Minister of Agriculture, said that 175 farmers have filed applications for boy help. It is expected that the first batch of young immigrants will reach Manitoba late in March.

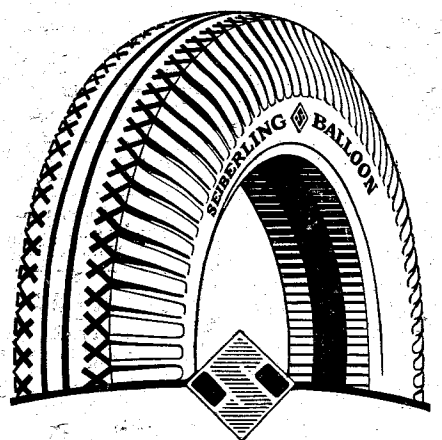

Substantial reductions in export charges on packages up to 15 lbs. in weight originating in Europe and with Canadian destination have been announced by the Canadian Pacific and Canadian National Express companies. These cuts run as low as \$1.47 and for the purpose of the charge Canada has been divided into three zones, Maritime Provinces and Quebec; Ontario; and Prairie Provinces and British Columbia. While in these zones charges are the same no matter how widely separated, points within them may be.

Wetaskiwin.—Wetaskiwin district has the distinction of being the home of a Short-horn cow which holds the record for all Canada in the production of milk and butterfat as a three-year-old. She is owned by E. S. Harvey in the northwestern part of the city, and a letter from Ottawa advises that the production of the cow has never been equalled in Canada. Gladys No. 20659 produced 10,504 lbs. of milk and 599 lbs. of butter fat in a test extending over 205 days. She is now undergoing her test as a four-year-old and is averaging about 55 lbs. of milk a day.

## Grandmother finds way to grow old gracefully

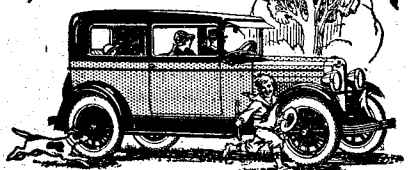

"I don't try to keep up the pace of the younger generation," says this 65-year-old woman. "I leave that to my grandchildren."

"But just because I lead a quiet life doesn't mean that I'm not perfectly well. I never felt better. Everything about me is normal and functions as it should. I make sure of that by taking Nujol regularly. Nujol keeps me in good condition. When people become less active, Nujol becomes even more important for good health. For Nujol not only prevents the excess of body poisons (we all have them)

from forming, but aids in their removal.

All of us—old and young alike—lead more or less sedentary lives. But Nujol helps make up for this lack of exercise. It keeps the body functioning as Nature intended. Even if you think you're perfectly well, try Nujol. It was perfected by the Nujol Laboratories of the Standard Oil Company (New Jersey). Take it for three months and just see if you don't feel better. Nujol can't possibly upset you. It contains absolutely no drugs or medicine. Be sure you get the genuine.

## BIGGER AND BETTER VALUE

CHEVROLET'S association with General Motors has given the "Bigger and Better" Chevrolet the advantages of the largest automotive research laboratory in the world. . . . the largest automobile proving ground in the world and the world famous craftsmanship of Fisher bodies.

And it has done more

It has made the "Bigger and Better" Chevrolet a BIGGER and BETTER VALUE . . . because of the vast purchasing power of General Motors . . . because of the economies of enormous production schedules . . . because all the resources and strength of General Motors are back of Chevrolet in making this most outstanding car the most outstanding value in the low-priced field.

See this "Bigger and Better" Chevrolet at its new and lower prices.

The G.M.A.C. . . . General Motors' own deferred payment plan affords the most convenient and economical way of buying your Chevrolet on time.

## St. George's Lodge I. O. O. F. Celebrates Thirty Seventh Anniversary

The thirty seventh anniversary of the institution of St. George's Lodge, I. O. O. F., Digby, was fittingly observed on Friday night last, when the members of the order, those of Zelma Rebekah lodge and a number of invited guests enjoyed a most pleasant evening.

The first part of the evening was spent in the Bijou Dream theatre auditorium where a motion picture programme, featuring the Atlantic Flyers, successful and un-successful, was presented. This was followed by a short concert by the orchestra as an interlude during the preparation of the stage for a camp number. This scene opened with Brother A. J. Dillon presiding over the camp fire, set in a cosy glen of spruces, most tempting reminder that Spring and Fishing are not far distant. Numbers of unsuccessful fishermen trooped in to report their bad luck to the cook, until Bro. J. J. Wallis, brought home a real catch. Big fellows, too big for the pan, and all ready cleaned and smoked. Then campfire song and story until the fire burned low. The number concluded with the singing of "Auld Lang Syne."

After this part of the programme the gathering adjourned to the banquet room where supper was spread.

Noble Grand Jas. Caswell presided and acted as toastmaster. In rising to propose the toast to the King Mr. Caswell made a short address, commenting on the history of St. George Lodge, its life and work, the interest which the brothers has always taken in Oddfellowship and the pleasure it was to have with the lodge at their anniversary supper the members of the sister Order.

The toast was observed in usual form, the orchestra playing the National Anthem.

P. G. Arthur Turnbull proposed the toast to the Order, coupling with it the memory of Thomas Wiley, its founder. J. J. Wallis responded, reading an excellent paper on the Life of Thomas Wiley, which was most instructive and appreciated.

Zelma Lodge was proposed by Bro. A. A. Shortlife and responded to by Mrs. C. E. Armstrong, Noble Grand.

Acting D.D.G.M., O. A. Eisner, of Bear River, was then called upon. He spoke his pleasure in being present and reviewed briefly the activities of Oddfellowship in this district.

Letters of congratulation and regret at being unable to attend the celebration were read from Grand Master James A. Murdoch, St. John, and J. L. Peters, who is wintering in California.

This concluded the set program and was followed by dancing in the main auditorium and cards in the recreation room until a late hour.

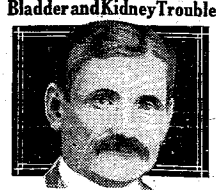

## When Journeying to TORONTO-TO-DETROIT-CHICAGO

When journeying to Toronto, Detroit or Chicago, you will find fast and comfortable service via the lines of the Canadian National Railways, operating through All Steel trains between these centres.

Convenient service is available from Maritime Province points via Montreal. The International Limited leaves Montreal daily at 10.00 a.m. arriving Toronto 5.40 p.m. the same day Detroit 11.35 a.m. and Chicago 7.30 the following morning. There is through parlor car service between Montreal and Detroit. Connections from Maritime Province points to the "Ocean Limited" arriving Montreal at 9.10 a.m. daily. An additional all Steel, de luxe, through train service between Toronto and Chicago is by the Inland City Limited and the Maple Leaf, leaving Montreal at 12.30 p.m. daily except Sunday, and arriving Toronto 8.30 p.m., Chicago 9.10 a.m., the following morning. This service allows a little longer time in Montreal for passengers from the Maritimes.

For reservations, fares, and full particulars of these services apply to any Canadian National Ticket Agent or write or telegraph F. W. Robertson, General Passenger Agent, Montreal, N. B.

## Finds Road to Health at Sixty "Fruit-a-lives" corrects Bladder and Kidney Trouble

"I am sixty years old and tried all kinds of medicines for bladder and kidney trouble, which used to keep me from work a month at a time, until I started taking 'Fruit-a-lives'. Thanks to 'Fruit-a-lives' I have worked steadily for four years without a sick day. I have never felt better than I do now," writes Mr. Thomas Graham of Oakawa, Ont. Because it is made from the juices of fresh, ripe fruits, intensified and combined with strengthening tonics, 'Fruit-a-lives' soon brings radiant health to those who suffer from constipation, bladder and kidney troubles. It works in nature's own way. You will find 'Fruit-a-lives' the very thing your system needs. 25c and 50c a box at all druggists. Start right away—to-day.

## Homeward Bound

Mr. and Mrs. J. A. Goodwin, of the Goodwin Hotel, Weymouth, the only two Nova Scotians making a trip around the world on board the Canadian Pacific liner Empress of Australia, are expected home the middle of April. Their ship is due at San Francisco on March 28 and is returning to New York via the Panama Canal after reaching the Pacific by way of the Suez Canal.

Cards, mailed in Pekin, were received from Mr. and Mrs. Goodwin this week by Fishery Officer Torrie and other friends.

## Magnesia Best for Your Indigestion

Most people who suffer, either occasionally or chronically from gas, sourness and indigestion, have now discontinued disagreeable diet, patent foods and the use of harmful drugs and stomach tonics, medicines and artificial digestants, and instead, following the advice so often given in these columns, take a teaspoonful or four tablets of Bisulphate of Magnesia in a little water after meals with the result that their stomachs no longer trouble them, they are able to eat as they please and they enjoy much better health. Those who use Bisulphate of Magnesia never dread the approach of meal time because they know this wonderful anti-acid and corrective, which can be obtained from any good drug store, will instantly neutralize the stomach acidity, sweeten the stomach, prevent food fermentation and make digestion easy. Try this plan yourself, but be certain to get Bisulphate of Magnesia especially prepared for stomach use.

## Bear River East

Mr. and Mrs. George Jefferson and son are spending a few days with the former's parents, Mr. and Mrs. A. Jefferson.

Mr. and Mrs. Cleveland Jefferson and daughter spent the week end in Deep Brook the guests of Mrs. Jefferson's parents, Mr. and Mrs. N. Suits.

William Jefferson of Digby called on his mother and brother on Saturday.

Miss Lucie Vanburskirk, who visited friends in Truro recently returned, home on Friday, accompanied by her little nephew, Le. Bvi.

## Cook's Regulating Compound

A safe, reliable regulating medicine. Sold in three degrees of strength—No. 1, \$1; No. 2, \$1.50; No. 3, \$2 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: COOK'S REGulating MEDICINE CO., TORONTO, ONT. (Formerly Windsor)

## LESSON NO. 14

Question: Why is emulsified cod-liver oil so efficient and so beneficial a food-tonic?

Answer: Because it is so easily assimilated and quickly builds up strength. Multitudes use it every day as in

## SCOTT'S EMULSION

## Mr. and Mrs. Maynard Denton Meet J. L. Peters in California

A telegram received by F. L. Anderson on Monday announced the safe arrival in California of Mr. and Mrs. Maynard Denton. They report meeting an old Digby friend in the person of J. L. Peters, who is spending the winter in California.

## Midnight Visitors Calls at Many Homes

A 'Pyjama Parade' in which Arch Dillon was the leading figure, featured the visit to Digby on Thursday night last of an amateur raffish. Along about four a.m. Mr. Dillon was awakened by unusual noises at the front door. Rising to investigate he saw the shadow of a man crouched against the doorway. Soft-footing down the stairway he found his visitor endeavoring to force an entry. Shouts scared the intruder away, and Mr. Dillon went up after his gun. Coming back down to see that all was safe he noticed his man at the side of the house. Slamming the front door and then rushing through the back of the house he found that Mr. Burglar was crouched down on the lower verandah. A bound and he was on the ground, his man in full flight, and A.J. after him. But the would be burglar had too much start and could not be recognized.

On Friday morning it was reported that four entrances had been made during the night. At Hersey's on Second Avenue entrance had been effected through the front door and a sum of money belonging to Mrs. Gesmer was taken from her coat pocket. The thief forced an entry into the home of Fishery Officer Torrie and got a small sum of money in Mr. Torrie's desk. He forced the cellar door and came up through the cellar entry. Ransacking the desk thoroughly all he got was two 25c. scripts. Here, as in the adjoining apartment he left a trail of candle grease over the dining room kitchen and hall. The Editor was soundly sleeping when his caller came. He made himself entirely at home and had a nice little supper. Sat himself down at the table and finished up a loaf of bread and a couple of dozen cookies.

Cash and etables appeared to be all he was after, and in Mr. Torrie's and at the Editor's he left things as they were, although many attractive pieces were right before his eyes.

In the opinion of the police the work was that of local talent.

—oo—

Nova Scotians are very fond of good tea and their per capita consumption of it is among the highest in the world. Another interesting fact is that the tea of which they use the most is branded MORSE'S, a blend of pure Ceylon and India teas. MORSE'S TEA has been a standard for quality in Nova Scotia for a longer period than almost Nova Scotians living today can remember.

## OBITUARY

THOMAS P. NICHOLS

With the closing of the Sabbath day, March 11, at the Clark Hospital, New Bedford, the death occurred of Thomas P. Nichols, of Edgartown, Mass., formerly of Brazil Lake, N.S. The deceased was 72 years of age and had been in failing health for the past two months but had kept about until the last week. Though his suffering at times was intense, he bore it with christian fortitude and patience. He is survived by a widow, four sons and two daughters, namely, Herman, of Freeport, N.S.; Thomas, of Middleboro, Mass.; Ralph and Ansel, of Needham, Mass.; Mrs. Richard Hines, of Carleton; and Mrs. Osborne Whitehouse, of Brazil Lake, also fourteen grandchildren and a wide circle of relatives and friends. Much sympathy is felt for the bereaved family who mourn the loss of a devoted husband and a kind a loving father. The remains arrived in Yarmouth by Friday's boat, accompanied by his widow and two sons Ralph C. Nichols and Ansel H. Nichols. Interment at Brazil Lake.

## Little River

A very pleasant evening was spent at the home of Mrs. Omer Denton a short time ago—where the young girls of her Sunday School class took her by surprise and presented her with a handsome serving tray, after which refreshments were served.

Mr. Harry Tresk has returned home from Philadelphia, after spending two months there.

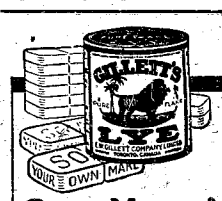

Bowman Collins made a business trip to Digby last week.

Vernon Jones, of Bear River, spent a few days here last week.

Mrs. Scott D'Arcy, of Yarmouth, is visiting Mrs. Ernest Denton.

Our community was shocked last Sunday March 11th, when it was learned that Daniel J. Morehouse had passed away. On Tuesday he walked a distance of half a mile and had been heard to remark that he never felt better in his life. He was taken sick on Saturday and died on Sunday afternoon. He was one of the oldest and best known citizens of this place being 82 years old and was a staunch Baptist having been baptized when a boy by Dr. John C. Morse first pastor of the church here. The funeral service was held on Thursday afternoon conducted by our pastor Rev. Chute, assisted by Rev. I. D. Harvey. He is survived by his daughter Mrs. James Shephard, Stafford Springs, Conn., who accompanied by her husband arrived Wednesday, also leaves two sons Charles and George, who reside on the homestead besides a granddaughter and grandson, in the United States who were unable to be present. Among the floral tributes was a beautiful spray of white Asters and Lilies, from Howard, a magnificent

wreath of white Roses from Mr. and Mrs. Shephard. A huge bunch of Calla Lilies and Cereuses from friends he made in the United States while there visiting his daughter three years ago.

## OBITUARY

### HARVARD OUTHOUSE

A deep feeling of sadness went over the little village of Tiverton on Sunday, March 11, when the message came that another of its citizens, Harvard Outhouse, aged 47 years, had been called Home. For the past few weeks he had been failing in health, but his final illness was of only a few days duration. On Friday, March 2, he went out lobster fishing as usual, but on his return home mentioned to his friends of not feeling well, and after retiring was taken suddenly in pain, which lasted until the end came.

On Monday, March 5, he went to Saint John to enter the Infirmary where it was found a very severe operation was necessary, which was performed. During his short illness he suffered much, and on Sunday, March 11 at 8.30 a.m. he passed away.

His presence will be greatly missed by all those with whom he came in contact, especially in the home where he is survived by his sorrowing widow.

A daughter, father and four brothers also survive. The daughter is Mrs. (Capt.) Hugh McMurry of North Head, Grand Manan, N. B.; the father, Simon L. Outhouse, Centerville, N. S.; the brothers, Orwell Outhouse, Centerville, N. S.; Charles, Eastport, Me.; Duffer, Waltham, Mass.; Nelson, Waverly, Mass.

The bereaved ones have the sympathy of the entire community, in the sympathy of the entire community in the loss of a kind husband, father, son and brother.

His many friends at Tiverton, Saint John and Grand Manan learned of his death with keen regret.

The remains, accompanied by his widow and daughter were taken to Grand Harbor, N.B., for burial, there to await the day when all things shall be made plane, and loved ones meet again.

We cannot keep our loved ones for ever by our side. We cannot hope to have them three always to abide. We cannot hold our dear ones when the call comes from above. But we still can feel their nearness, we can still live in their love. Though we for a time are parted, by the veil which lies between. We know that they are happy and are near us though unseen. And we can but wait with patience, grasping joys which pass our way. Till we're gathered with our loved ones, in the land of endless day.

SPRING DRESS LENGTHS AT WRIGHT'S

The Hospital Staff is Grateful

Miss Campbell, Superintendent of the Digby General Hospital, and her staff express their thanks to Mr. Clifford King for a contribution of newspapers, The Halifax Herald and Chronicle and the Weekly Courier.

NOVELTIES FOR EASIER AT WRIGHT'S

Get Seed Potatoes From H. T. Warne

Last year our experience with "Never Rot" Potatoes proved a great success. We have a quantity to dispose of for seed. So let us have your order early.

We were successful in securing several hundred bushels of government grown and inspected Green Mountain and Irish Collier for seed.

Every farmer in Digby County should try some of this seed, either variety, because they are good.

H. T. WARNE

Wetaskiwin—Wetaskiwin district has the distinction of being the home of a Shorthorn cow which holds the record for all Canada in the production of milk and butterfat as a three-year-old. She is owned by J. O. Harvey in the northwestern part of the city, and a letter from Ottawa advises that the production of this cow has never been equalled in Canada. Gladys No. 206989 produced 10,504 lbs. of milk and 609 lbs. of butter fat in a test extending over 105 days. She is now undergoing her test as a four-year-old and is averaging about 68 lbs. of milk a day.

### PAINS ALL OVER BODY

Two More Cases of Feminine Illness Relieved by Lydia E. Pinkham's Vegetable Compound

Barrington, N. S.—"I had terrible feelings, headaches, back and side aches and pains all over my body. I would have to go to bed every month and nothing would do me good. My husband and my father did my work for me as I have two children and we have quite a big place. I read in the paper about Lydia E. Pinkham's Vegetable Compound, and then got a little book about it through the mail, and my husband sent to Eaton's and got me a bottle, and then we got more from the store. I am feeling fine now and do all my work and am able to go out around more. I tell my friends it is Lydia E. Pinkham's Vegetable Compound that makes me feel so well."—Mrs. VICTOR RICHARDSON, Barrington, Nova Scotia.

### Dull Pains in Back

St. Thomas, Ont.—"I took four bottles of Lydia E. Pinkham's Vegetable Compound and found great relief from the dull, heavy pains in the small of my back and the weakness from which I suffered for five years after my boy was born. After taking the Vegetable Compound and using Lydia E. Pinkham's Sensitive Wash I am feeling better than I have for the past seven years and advise my friends to take it."—Mrs. F. JOHNSON, 49 Moore Street, St. Thomas, Ont. O.

## Weymouth North

Miss Dorothy Thurber entertained the C.G.I.T. group on Friday evening.

Miss Ada Dunkley of Weymouth was the week end guest of Miss Grace Trenholme, Bayside Farm.

Mrs. B. W. Lyons, who has been spending the winter in Halifax, returned home on Saturday.

The Pathfinder C.G.I.T. group held a service in the Baptist church on Sunday evening. The sermon from the text "In the Days of Thy Youth" was preached by the pastor, Rev. M. B. Whitman. The remainder of the service being in the charge of the girls.

The members of Saint Peters Guild held a shower in the Guild Room on Tuesday evening in honor of Miss Annie Leary. A very enjoyable evening was spent. Miss Leary was the recipient of many useful and dainty gifts. Delicious refreshments were served.

Rev. Morris Taylor intends holding a lecture on India in the Guild Hall on Monday evening March 26th. Admission 25c. The proceeds to go towards paying for the light on Tooker's Corner.

LADIES NEW SCARFS AT WRIGHT'S

Mrs. A. C. Beeler and son arrived home on Monday.

Mrs. W. S. Lent of Weymouth North is the guest of her sister, Mrs. Fred Smith.

Mrs. Donald Cossaboom is visiting friends in Digby.

Alex Simmons is the guest of his daughter, Mrs. William Berry.

Miss Stella Woodman is visiting in Kentville the guest of her sister, Mrs. Melvin Woodman.

John Banks of H. T. Warne's mill, Digby, is spending a few days with his parents here.

Charles Foster, lately of Colorado spent a few days here recently.

NEW SILK HOSIERY AT WRIGHT'S

Mrs. Roy Johnson has returned to the United States, after spending the past weeks with her mother, Mrs. J. S. Hines.

Mr and Mrs Frank Muise motored to Centerville on Sunday, spending the day with Mr and Mrs K. Lewis.

Mrs. Lottie VanTassel, who has been confined to the house by illness is out again.

The entertainment which was held in the Roxville School House last Friday evening was a great success. The sum of \$18.00 was realized.

On Sunday, March 25th there will be service held in the Roxville Baptist church at 3 o'clock. Preacher, Mr. Ramsay.

NEW SILK UNDIES AT WRIGHT'S

CARD OF THANKS

Mr. and Mrs. L. M. Ellis and daughter, Point Prim wish to thank through the columns of the Courier, all those who were so kind to help in every way in the sickness and death of their dear daughter and sister, Mrs. Leonard Everett, and to those who sent beautiful floral tributes.

CARD OF THANKS

Mrs. Sadie Harris wishes through the Courier to express thanks to all her friends for the many expressions of kindness and sympathy extended to her in her bereavement in the death of her fiancé the late Emden Hutchinson.

LADIES SPRING COATS AT WRIGHT'S

Substantial reductions in express charges on packages up to 15 lbs. in weight originating in Europe and with Canadian destination have been announced by the Canadian Pacific and Canadian National Express companies. These cuts run as high as \$1.75 and for the purpose of the Atlantic Canada has been divided into three zones, Maritime Provinces and Quebec; Ontario; and Prairie Provinces and British Columbia. Within these zones charges are the same no matter how widely separated points within them may be.

### Provincial Government Will Discuss Invitation to C. P. R.

In the House of Assembly on  
Wednesday Premier Rhodes introduced  
a resolution naming Hon.  
Percy Black, Frank Stanfield,  
Truro, and Percy Doull, Pictou,  
members of a committee to confer  
with the Legislative Council con-  
cerning the extending to the C.P.R.  
to enter Nova Scotia with its  
stamer and rail service and prom-  
ising cooperation of the provincial  
government.

In the debate on the motion Mr.  
W.H. Farnham, M.P.P. for Digby  
told the House that the C.P.P.  
was planning the construction of a  
new 200 room hotel in Digby and  
of the need for new steamer service  
between Digby and St. John, par-  
ticularly in respect to the trans-  
portation of automobiles.

Mr. Farnham spoke in appreci-  
ation of the work done by the  
Highways department following the  
August storm and commended the  
Minister of Highways for his policy  
of constructing permanent bridges  
in place of culverts on the high  
ways.

Mr. Farnham urges that the C.  
P.R. be urged to improve its steam-  
er service between Digby and St.  
John, with the placing on the route  
of a freight car ferry, and expressed  
the opinion that such development  
would be followed by the extension  
of the D. A. R. East of Halifax and  
probably into Cape Breton.

### SCOUT NOTES

#### Do A Good Turn Every Day

There was an attendance of 32  
at the Boy Scout meeting on Fri-  
day night. And four visitors, among  
whom was Chief of Police Cowan.  
Si-nalling and First Aid were  
practiced. On Saturday the scouts  
had an eight mile hike, with fire  
lighting and cooking tests.

Tonight Dr. Dickie is expected at  
the meeting to put the scouts  
through their First Aid Tests.

The Essay on The Moose, was  
won by Vincent Snow.  
It follows:

#### THE ELK, MOOSE OR MOOSE DEAR

The moose is the largest of the  
deer family, a native of Northern  
Europe, Asia and America. The  
American form of moose is sometimes  
separated from the European, but  
most naturalists find both specimens  
the same.

The moose has a short, compact  
body, standing about six feet  
in height at the shoulders, a thick  
neck, large, clumsy head, and horns  
which flatten out almost from the  
base into broad shovel like plates  
with numerous suags. In color the  
moose is grayish brown. Their  
flesh resembles beef rather than  
deer meat. For the most part  
they are inoffensive and so cautious  
they are approached only with  
difficulty. When chased it runs  
swiftly, with head up and horns  
flat down on back. It can swim  
splendidly and loves the water, ly-  
ing in it sometimes with only tip  
of nose in the air. In America  
the Indians and hunters are the  
most skillful moose hunters. The  
moose has a wide range in Canada,  
from Pacific to Atlantic and as north  
as the Arctic ocean. It feeds large-  
ly on tree or shrub roots, such as  
willow and maple; also on bark.  
Restrictions are made against its  
destruction.

#### Digby General Hospital

The annual business meeting of  
the Ladies Hospital Aid will be  
held at the Court House on Wed-  
nesday, April 4th at 3 p.m.

Miss Margaret Stewart spent the week  
end in Annapolis the guest of her aunt  
Mrs. Corbett.

### Certified Seed to Grow Cer- tified Stock is Secret of Success in Potato Raising

Prince Edward Island is the  
greatest potato growing country in  
the world. Its cooperative associa-  
tion, composed of growers, dispos-  
ed of one million bushels of potatoes  
of the crop of 1927 and of these  
600,000 bushels were sold for seed.  
The annual meeting of the P.E.I.  
Potato Growers Association was  
held recently and from reports of  
the secretary and others presented  
to the meeting it would appear  
that there is no limit to the  
market for certified stock, for seed  
and for table use.

Just a few years ago the furthest  
market to which P.E.I. potatoes  
were shipped was to Long Island,  
New York State, and last year po-  
tatoes were shipped to North Car-  
olina, to Virginia, and around the  
peninsula of Florida into the Gulf  
of Mexico. The demand was for  
seed potatoes of certified stock,  
and excellent prices on the whole  
were obtained.

There is a lesson for Nova Scotia  
farmers in the success of the Prince  
Edward Island potato growers co-  
operation in maintaining quality  
cooperation in arranging disposal of  
stock, cooperation in developing  
the best methods of preventing dis-  
ease and of transportation have  
built up for Prince Edward Island  
a tremendous industry.

It is seed potatoes from Canada  
that the demand is for. Virginia,  
the Carolinas, the Bermudas, can  
produce the larger part of the po-  
tatoes required in those territories  
for table use but the seed must be  
imported. Maine grows some, but  
climate conditions in Maine do not  
tend to favor growth to permit of  
transplanting to territories further  
south.

Dr. M. Cumming, Director of  
marketing of the provincial depart-  
ment of Natural Resources, was a  
recent visitor in Digby and while  
here expressed the opinion that  
conditions of soil and climate in the  
Annapolis Valley were favorable to  
the development of a tremendous  
area of potato fields, producing  
quality stock on a par with the best  
that P. E. I. can produce and  
which would find a ready demand  
at seed prices. He came here on  
the instance of Mr. H. T. Warne,  
who has been active in developing  
Digby as a potato raising section  
and who has made a good begin-  
ning towards that end. Mr.  
Warne has been impressed with the  
demand for certified stock. Scrub  
potatoes, like scrub cattle, will not  
bring the price either for seed or  
for table use, and the accessibility  
of American Markets to the farmers  
of Western Nova Scotia in his op-  
inion warrants a strong effort being  
made to grow potatoes here for ex-  
port trade. Not only for table use  
but for the higher priced seed mar-  
ket. And back up his theory  
has obtained quantities of govern-  
ment certified seed potatoes for dis-  
posal to farmers who are ready to  
undertake the development of this  
branch of agriculture. Some of  
the seed potatoes which Mr. Warne  
has for sale are locally grown and  
government inspected, and some  
are imported direct from other  
government inspected fields. Both  
Green Mountains and Cobbles  
have been selected. In his investi-  
gation into this matter of growing  
seed potatoes Mr. Warne discovered  
that in order to bring locally grown  
tubers up to government standard  
the process of three years selection  
and elimination would be required  
in order to free the stock from dis-  
ease. In order to jump this three  
year period he secured government  
inspected seed from another section  
and jumped straight into the final  
year. This acreage last year pro-  
duced a fair crop of seed up to gov-  
ernment standard and this stock  
was supplemented by importing  
quantities of inspected stock from  
other parts of the province, in order  
to assure ample stocks of seed po-  
tatoes for this season. It is an ad-  
mitted fact that potatoes grown  
year after year from the same ori-  
ginal stock on the same farm will de-  
cline in production value and be  
susceptible to disease; the ideal ro-  
tation being a change of stock, not  
necessarily of variety, every  
second year. Overlooking this fact  
has been the greatest drawback to  
the production of high grade pot-

continued on page 8

### Manager of Frank E. Davis Fisheries Strong for Freeport Celebration

C. W. Wells, of Boston, manager  
of the F. E. Davis Fisheries Lim-  
ited, was a visitor in Digby on Tues-  
day enroute to St. John and Bos-  
ton. While here he was the guest  
of Fisheries Officer G.E. Torrie.

Mr. Wells is greatly taken with  
the Old Home Summer scheme  
which is being organized for Free-  
port and intends, with Mrs. Wells,  
to be in Freeport during the cele-  
bration. An American citizen, Mr.  
Wells is greatly interested in busi-  
ness and progress in Nova Scotia  
and hopes some day to come to the  
province to live. And Freeport  
will likely be his dwelling place.

Mr. Wells says that in his travels  
he has met with a great number of  
people who b long down Digby  
Neck and he thinks that the Old  
Home Summer celebration will  
bring home more than even its  
promoters hope for, and many of  
them will stay for the summer.  
Publicity, all that can be obtained,  
is needed to carry the news of  
what is going to be done to every  
former Digby resident located in  
the United States, and in Mr.  
Wells opinion the assistance of the  
Dominion Atlantic Railway can be  
secured to assist in this work.

### OBITUARY

**MRS. LEONARD EVERETT**  
On Monday morning, March 19,  
the death occurred at Point Prim of  
Mrs. Leonard Everett, daughter of  
Mr. and Mrs. L.M. Ellis, of that  
place.

The deceased only 38 years of  
age was born in Bay View, and  
when married removed to Victoria  
Beach, Annapolis County. Several  
months ago she began to fall in  
health and upon the advice of  
her physician went to Boston where  
she underwent a serious operation  
in October for cancer. After re-  
maining there for three months she  
retained home apparently on the  
road to recovery, but the disease  
had made such inroads that it was  
only a question of time. She went  
back to the home of her birth in  
Bay View and there under the  
loving care of her parents and  
sister battled for weeks against  
death: The suffering she bore with  
patience and fortitude, and when  
the shadow passed over the home  
she was ready to go.

Possessed of a sweet disposition  
and loving manner, she was a true  
friend and ideal mother, and had

### Card of Thanks

To the Editor of Digby Courier:

Dear Sir—  
I, well knowing the great  
circulation of the Weekly Courier,  
would like through its columns to  
thank the many friends in the  
County and elsewhere for the warm  
words and tokens of sympathy sent  
me during the illness and after the  
decease of my beloved wife and  
assure them that the feelings ex-  
pressed are warmly received and  
take this opportunity to also remind  
them, that while I would like to  
answer each one in return that the  
number received makes it impos-  
sible.

The invalid of near two decades  
will miss her loving words and  
attention very much and I am sure  
that many of your readers will also  
miss her ministering influence and  
work at home and in the societies  
and services in which she always  
was ready to do her part.

E. C. BOWERS.

Westport, March 27th,

### Insulting the Dead

The desecration of the grave of  
Ezra Hutchinson, who lies at  
rest in St. Patrick's cemetery, has  
been reported to the authorities.  
The funeral was held on Thursday,  
March 15th. A host of floral  
offerings covered the grave, and  
hardly had the funeral cortege  
moved away before some person  
scattered the flowers, throwing one  
wreath into a nearby ditch and  
stamping it into the ground beyond  
recognition. As a beautiful floral  
piece. Such vandalism should not  
go unpunished. Mrs. Sadie Harris,  
whose wreath it was has been de-  
stroyed, reported the cowardly act  
to Chief of Police Cowans. All  
who held Ezra Hutchinson a friend  
will be glad if whoever com-  
mitted the desecration is discovered  
and brought to justice.

Leave your order for Hot X Buses at  
Smallie's by Monday, April 2nd.

MEN'S EASTER HATS AT WRIGHT'S

### The Spirit of Spring

Is Evident in Every Model of our  
Easter Footwear.

**Waterford**

Miss Mary Merritt of Sandy Cove, visited her aunt, Mrs. H. A. Vidito recently.

Miss MacLewen of Winnipeg, has taken the school for the remainder of the year.

Rev. I. D. Harvey of Little River, occupied the pulpit in the Baptist church here on Sunday, March 18.

Death entered our community on March 13th, claiming one of our oldest residents, Mr. Loran P. Blackford. He was seventy-four years of age and had been sick for nearly two years, during which time he was faithfully cared for by his wife. Mr. Blackford was born at East Ferry and removed from that village to this place about twenty five years ago. He was a member of the Baptist Church and always took a deep interest in religious circles, and was never absent from his place when health permitted. He leaves to mourn a widow and two sisters Mrs. Amanda McKay and Mrs. Margaret Sollows of Tiverton. The funeral which took place on Saturday the 17th was conducted by Rev. I. D. Harvey of Little River, who spoke from Psalms 117, 15 "As for us, I will behold Thy face in righteousness; I shall be satisfied, when I awake with Thy likeness."

**"Softer Than a Government Job"**

Looking over the files of the Courier of many years ago we find the following advertisement; one which is still interesting, still full of the humor which made Letteney's ads the most sought after part of the Courier. The office staff had a good laugh over it and the "devil" said it was good enough to pass along, so here it is:

**SOFTER**

You will find our underclothing both men's and women's softer than a Government job. Yes Sir and beside very much easier to get. You know how difficult it is to secure a Government position. You see boys stands a much better chance than one with none. Then there are so many after the place you see. You know there are many things which you are supposed to do that you do not wish to perform and you also are aware that you must leave undone things which you desire to do but with our underclothing you will find no difficulty in finding what you want when you want it and at reasonable prices and they are just as soft as soft can be, yes softer than a Government job.

S. A. LETTENEY.

## OBITUARY

### ROBERT ARMSTRONG BELL

It is with much regret that we chronicle the passing of one of the leading citizens of this county. We refer to the death of Robert Armstrong Bell, which took place on Friday morning, March 23rd at his residence at Hill Grove, after a lingering illness, which he bore with the utmost patience, at the age of 76 years and 11 months.

Mr. Bell, who was the son of the late Charles and Jane Armstrong Bell, was of good old United Empire Loyalist stock and is a direct descendant of one of the earliest families to settle in this part of the county.

For a wife he chose Mary, daughter of Charles MacNeill, of North Range, who passed away three years ago.

He leaves to mourn three brothers, Harry Bell, of Bear River, Thomas, of Boston, Mass., and Joseph W. Bell at home and one sister, Mrs. Margaret Blackadar, of Lynn, Mass., who through age and illness was prevented from visiting him in his last illness, as was the privilege of the brothers.

To religion the deceased was a Baptist having joined the Hill Grove United Baptist Church 57 years ago and has lived a consecrated and consistent christian life. On Jan. 23rd 1894 he was ordained a Deacon which position he has filled in a creditable manner until the day of his death.

Earlier in life he was a great worker in the Sunday School having for many years been Superintendent and a valued teacher of the Adult Class. He was also a regular attendant and often leader of the mid week prayer service and took a deep interest generally in everything pertaining to the welfare of the community. In politics he was a staunch Conservative and a great admirer of the late Sir John A. MacDonald, first Premier of Canada after Confederation.

The funeral services were held from his late residence on Sunday afternoon with the sermon at the Hill Grove Baptist Church. Rev. F. E. Bishop, pastor, officiating.

A large number of friends and relatives were present from different parts of the county to pay a last tribute of respect to one who had been held in such high regard by those who knew him best. He was laid to rest in the family lot in the old church yard amid pillows wreaths and sprays of bloom provided by loving friends as a last offering to one of whom it can be truly said, "They may rest from their labors and their works do follow them".

## "I am Free," she says:

### Kidney Trouble Ended by "Fruit-a-tives"

EVERETT, Ont.,—I was troubled for some years with dyspepsia, and kidney trouble from which it was impossible to get relief until I started taking "Fruit-a-tives." Now, thanks to "Fruit-a-tives," I am free from those ailments and able to do my work without pain or fatigue.

continued next week

## Just Right For Upset Stomach

For after-eating distress, gas, sourness and bloating, the quick and positive neutralizing action of Bismuth Magnesia has proved to be just right! Relief, certain and gratifying, almost instantly follows the very first dose—and a few cents worth obtainable from any good druggist lasts for a long time. This special Bismuth Magnesia, for Stomach Troubles only, does not act as a laxative. Ask your druggist!

## Smith's Cove

Mr. and Mrs. Charles Kaulback visited friends here on Friday.

Eugene Merry is visiting his grandparents at Port Williams.

A woodchopping frolic was given on Friday to Mr. A. J. Cornwall by the men of this place. There were sixteen men in attendance.

Mr. and Mrs. John Hubly arrived here on Tuesday to visit his parents, Mr and Mrs. Anthony Hubly.

Miss Elizabeth Woodman who has been visiting friends in various parts of United States, returned home on Tuesday.

On Tuesday evening, Mar. 27, the Smith's Cove School held an Ice Cream and Candy Social in the Temperance Hall. The sum of \$16.15 was realized and will be used towards a playground for the school.

The boys of the school deserve credit for working so diligently towards making a playground. They have already cut down the trees and cleared off the bushes. The proceeds of the Social will be used for hiring a team to plow and level the ground. The school wishes to thank those who so generously donated cream, fruit and candy for the Social.

## The Feeding of Babies

From time immemorial it has been recognized that babies thrive best when breast fed, and it is the ambition of every mother to nurse her baby. But since it frequently happens that this is not practicable for one reason or another, the young mother looks about most anxiously for the food which will best take the place of the natural food which is not obtainable. It is essential that the food should be absolutely pure, that it should contain all the necessary elements of nourishment for the child, and finally that it should be easily digestible. For three generations Borden's Eagle Brand Condensed Milk has been the standby of mothers who have been unable to nurse their babies. It is the leading infant's food more Eagle Brand being used than the combined total of all others. It measures up to the requirements of infants perfectly, and nearly all babies thrive on it from the first feeding.

## The Short Haul Route Again

There should be a general feeling of relief in Western Nova Scotia that so far as the General Manager of the Canadian National Railways is concerned there will be no diversion of Canadian Pacific Railway traffic by the granting of running rights to C.P.R. trains over C.N.R. lines between St. John and Halifax. Sir Henry, appearing before the Railways Committee of the House of Commons stated that his railway did not propose to grant running rights and had no intention of double tracking the C.N.R. for this purpose.

A resolution introduced into the Legislative Council by Councillor C. W. Lunn urges the provincial government to press for "the entry into this province of the Canadian Pacific Railway." A similar resolution was also passed by the Amherst Board of Trade.

Councillor Lunn is a former railway man who devotes himself to criticism and suggestions in railway matters. As "Links and Pins" in his own and in other newspapers he has engaged in his self imposed task for a number of years. In this case he has ignored the fact that the C.P.R. already has lines in Nova Scotia, with terminals in Halifax and Truro, over the rails of its subsidiary company the D.A.R., which with steamer connections at Kingsport, to Parrsboro and at

Digby, to St. John, gives Halifax and Truro the fullest advantage of competitive traffic rates and gives shippers all over the province the advantage of optional routing

The definite statement of Sir Henry that the C.N.R. does not propose to grant running rights, and looks upon such a possibility as a "calamity" will relieve apprehension in the western part of the province. Granting of running rights to C.P.R. trains over C.N.R. lines between St. John and Halifax would divert from the Dominion Atlantic Railway a large volume of traffic and would degrade the Halifax to Yarmouth into a branch line and would settle for all time any hopes of placing a ferry on the St. John and Digby service to augment the Empress in the handling of freight.

But the people of Western Nova Scotia must not take Sir Henry's repudiation of any running rights scheme as being the last to be heard of the idea. Interests in eastern Nova Scotia, particularly Halifax, are more than anxious that running rights shall be granted and they may be expected to move every influence which can be brought to bear to accomplish that end. In their desires they will disregard altogether the needs and rights of Western Nova Scotia in the matter of railway facilities and it is up to Western Nova Scotia to look after itself. Digby with the most to gain by inauguration of freight ferry service, and most to lose by the granting of running rights over C.N.R. lines, should be first to take definite steps to defeat the plans of the sectionalists and promote the "Short Haul Route" Halifax, Digby, St. John to Montreal, as a part of the Canadian Pacific Railways Transcontinental service.

In mileage, in convenience, in accessibility to central Canadian markets and in respect to development of Western Nova Scotia as a manufacturing territory the "Short Haul Route" has advantages which

**Ward off Flu and Pneumonia**

cannot be claimed for the Halifax—Moncton—St. John line. of the Canadian National, and it is only necessary to press forward the claims of Western Nova Scotia in order to defeat the running rights propaganda and keep open the way to inauguration of the Digby—St. John car ferry service.

## The Part the Railways Play

Not far from Digby on the comparatively narrow peninsula known as Digby Neck which lies between the Bay of Fundy and St. Mary's Bay is a deposit of a peculiar material known as diatomaceous earth or more technically—diatomite. Diatomite is a pure white to grey-colored earth material of a compact nature which under the microscope is found to consist of minute siliceous organic remains. This material has certain properties which give it a particular value in industrial uses such as a filtrant, as an insulator against heat, cold and sound and as a filler in the manufacture of certain products such as rubber, phonograph records, fertilizer, and certain kinds of brick. Recently a discovery has been made in regard to this material that it can be used to advantage as an admixture in concrete.

It is now three or four years since the Development Branch of the Canadian Pacific Railway in the progressive work which it is doing in bringing Canada's resources into utilization, made arrangements for Professor Flynn now of the Department of Natural Resources of the Provincial Government to make a survey of the resources along the Dominion Atlantic Railway. Professor Flynn at that time reported upon this deposit of diatomaceous earth and his conclusions were that it was the best material of the kind so far discovered in Nova Scotia. Later an official of the Mines Branch, Ottawa, Mr. Eardley-Wilmot made a further critical examination of the deposit and determined the quantities of diatomite available.

Since that time the Canadian Pacific Railway Dept. Development Branch has been utilizing in its efforts to assist the owners of the deposit in bringing it into practical utilization. It was through their efforts that Dr. Harvie and Mr. R. E. G. Burroughs first had this deposit brought to their attention. Mr. Burroughs went to Nova Scotia to look into the matter further and today there has been formed the Scotia Diatom Products Ltd. of Montreal who have acquired rights to operate the deposit and whose plans are well advanced for development. The Natural Resources Department of the Province of Nova Scotia are co-operating in every possible way and the Hon. Colonel Harrington, Minister of Public Works and Mines has been instrumental in arranging for the installation of special equipment at the Nova Scotia Technical College for making certain necessary tests of diatomite. The potential market for this material is a large and growing one both in Canada and the United States. In the latter country it is stated on good authority that today 90,000 tons are used per annum and that due to the new use of this material in concrete making this market is likely to increase both in that country and in this.

This promising development is an example of the practical value of the work which the Railway companies are carrying on in ascertaining the resources in different sections of the country and assisting to bring them into practical use.

## Nova Scotia Board of Commissioners of Public Utilities

In the Matter of the Application of the Digby County Power Board for Approval of an Issue of Debentures

## NOTICE

NOTICE IS HEREBY GIVEN that the petition of the Digby County Power Board for approval of an issue of debentures will be heard by the Board at a sitting to be held at its office, Technical College Building, Halifax, N. S. on Thursday, April 12 1928 at the hour of ten o'clock in the forenoon.

All persons interested will be given an opportunity of being heard at such sittings.

Dated at Halifax, N. S., March 22nd 1928.

By Order of the Board

L. B. TAYLOR

CLERK

## Her Kidney Ailment Has Now Disappeared

That's Why This Quebec Lady Praises Dodd's Kidney Pills

Madame T. Thurston Suffered With Kidney Trouble for Three Years—Dodd's Kidney Pills Relieved Her.

Acton Vale, P. Q. Mar. 26 (Special)  
"For three years I suffered from kidney trouble," writes Madame T. Thurston, a well-known resident of this place. "Having read your assurance for many years, I decided to give Dodd's Kidney Pills a trial. I only took five boxes and found relief. Today I am very well, but I always keep a box in the house. I recommend them to all my friends."

The relief that Madame Thurston found has come to thousands of other Canadian women through the use of Dodd's Kidney Pills. Only a few people realize the great importance of keeping the kidneys in good order at all times. The kidneys are the purifiers of your blood. If the kidneys become clogged with impurities they cannot perform their functions properly. The blood, instead of being purified, is poisoned, and, in turn, poisons the whole system, with the result that a condition may develop very serious.

## "Amateurs"

Mr. Abern, Sporting Editor of the Halifax Herald, is nothing, if not frank. Halifax, he says, should have the championship hockey team of the Maritime Provinces. The artificial ice rink and the business a winning team will draw, are reasons why. And he frankly says that Halifax can have the championship team if the business men of the city will go out and buy the "amateur" players to produce the goods. "There are lots of good hockey players in Ontario who will be glad to come to Nova Scotia if we guarantee them jobs," says Mr. Abern. He adds that the resident clause can be overcome by bringing the players here before the fifteenth of May.

## Raised on common sense

"Just the thing," said Doctor

THIS baby is being brought up on a plain, sensible kind of rule.

"Go ahead and use Nujol," said the doctor. "It's just the thing for the baby. Harmless. Safe. Contains no drugs or medicine. It's the most natural way in the world to keep everything normal. For Nujol not only prevents any excess of body poisons (we all have them) from forming, but also aids in their removal."

Why don't you try Nujol in your household? Nujol can't do anything—baby or grown-up—the least bit of harm. And so many people have found it beneficial. Be sure you get the genuine.

## Horatio C. Crowell Appointed Advertising Agent of Canadian National Railways

Mr. Horatio C. Crowell, former leader writer of the Halifax Chronicle staff, has been appointed Advertising Agent for the Maritime Division of the Canadian National Railways, with headquarters in Moncton.

The appointment will be most popular with newspaper men and with others who have followed Mr. Crowell's work, particularly in connection with tourist promotion publicity. Mr. Crowell, in the early part of the 1920's endeavored to organize a Nova Scotia Old Summer campaign for 1924 and his work, though it failed to accomplish the ideal he set before him, did much to cultivate an interest in Nova Scotia's attractions for summer tourists. The appointment is his well deserved reward.

Mr. Crowell is one of the best writers of descriptive articles among men of all Canada. Tourist editions of the Halifax Chronicle for years have carried the mark of Mr. Crowell's ability in this respect and he takes with him to his new appointment this qualification of inestimable value in promoting the province as a tourist resort country.

If politics had anything to do with Mr. Crowell's appointment it was one time when politics and good judgement went hand in hand.

## Don't Be Bill Show at Theater Friday and Saturday

A great double bill show, two feature pictures, is offered patrons of the Bijou Dream for the week end. Bob Custer, favorite Western Star, in "Beyond the Rockies" and William C. Fields, starring in the Pottery. This is a comedy feature produced by an independent company and released through the Maritime Motion Picture Company. It is filled with laughs showing the morning rituals at the Potter home, with Pa and Bili trying to shave at the same time before one tiny mirror. And a scene at the breakfast table where Pa misses out on cream, sugar and arguments.

The way Pa gets "hooked" provides an amusing sequence as the confidence man used every known and unknown method of separating him from his bank account.

The round trip on a detached pullman must be seen to be appreciated.

The tragic moment when Pa realizes that a million dollars have slipped through his hands gives Fields a chance to inject some real pathos.

## Agricultural Representatives

The Department of Natural Resources, Halifax, has asked the Courier to publish the information that Mr. Ernest L. Eaton, B.S.A. with headquarters at Lawrencetown is Agricultural Representative for the Eastern half of Digby County as well as for Annapolis. Mr. R. LeBlanc, with headquarters at Meteghan, is Agricultural representative for the rest of Digby County.

The Courier, in common with a great many people, was under the impression that Mr. Spicer was unofficially the Agricultural Representative for the Municipality of Digby.

## Road Work Started

Highways department trucks are busy spreading gravel on the worst spots of the roads surrounding Digby. It is good work to get the bad spots filled up early, while the ground is soft and will let the gravel mix into the road bed.

## Born in Ohio

A subscriber, Mrs. E. H. Patterson, of 87 Market street, Amesbury Mass., sends us information as to the birthplace of Thomas A. Edison. The "Answers" department of the Boston Post gives Mr. Edison's birthplace as Milan, Ohio.

FRAGRANT because protected by this Air-tight Package

**KING COLE TEA**

With all its goodness sealed tight in the clean metal-foil package, King Cole comes in perfect condition to delight you. Your grocer can supply you.

## Teachers Affiliate

The Digby County Branch of the Teachers' Union now includes the teachers in the Municipality of Clare. The Clare teachers voted to join the county organization last Friday, and appointed delegates from the combined body to the provincial convention.

## Spring Cleaning

House cleaning time means reducing the ads for hints on how to save labor, save money and save worry. It is the best way to make your Courier subscription pay a dividend.

Hydro is yours if you use it.

## VACCINATION !

The attention of parents who are intending sending their 6 year old children to school next term is called to the Public Health Act which requires all children to be Vaccinated before being admitted to school; a certificate of Vaccination from a Medical man must be presented when applying for admission.

By Order of the School Board  
**ALFRED BODEN**  
Secretary

## NEW TELEPHONE DIRECTORY

A new issue of the Telephone Directory for the Western District is in course of preparation, and lists will be closed on April 7th.

The Directory serves our subscribers in "The Valley" (including Brooklyn, Clarksville, Hantsport and Windsor in Hants County) and in Digby, Lunenburg, Shelburne, Queens and Yarmouth Counties.

Persons who wish to become Telephone Subscribers at this time and Telephone Subscribers who want changes made in their listings are urged to send in their orders to our nearest business office at once, and at all events not later than April 7th.

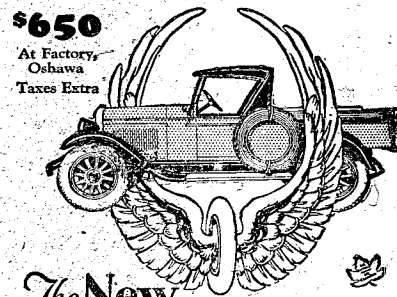

We cannot undertake to give effect in the new issue to orders received after that date.

Advertisers who wish to avail themselves of the opportunities for effective yet low priced publicity afforded by use of space in the new issue are requested to communicate with our nearest business office.

## MARITIME TELEGRAPH &amp; TELEPHONE COMPANY LIMITED

THE COURIER IS \$2.00 A YEAR

## SCOUT NOTES

### Do A Good Turn Every Day

Last Saturday's hike was scheduled for Langley's Maple Woods but the heavy frost of the previous night made it impossible to "sugar off" on that day so the hike was diverted to the Inbert Mill to make observations in connection with the Forestry tests coming on in a couple of weeks. One of the requirements of the tests is to visit a woodmaking plant, and be able to describe all the processes in the manufacture of some article made of wood. Logging operations had been visited earlier in the year, so the troop were already familiar with the work necessary in the woods in preparing timber for delivery at the mill. On Saturday they started at the log brow and followed the timber through all the various stages in the manufacture of nail keg staves. They watched the machines cutting off, bolting, sawing, jointing, chamfering, equalizing and crozing, then saw dried and packed and transported to the wharf and loaded on the steamer for shipment to Upper Canada. They also saw nail kegs made from Bear River wood that had come back to Bear River again from the nail workers, thus making a complete circle.

At the regular weekly meeting, District Forest Ranger, Carl Miller, gave the Troop a very interesting talk concerning the administration of Forest Lands in the Province.

and dwell at some length on the methods adopted for Fire Protection, explaining fully how fires are located by means of the observation towers that have been erected all over the Province.

Old Scout Fred Kempton is joining up with the Troop again and is going to lead a new Patrol, Fred was a member of the "Owl" Patrol and one of the few Second Class Scouts in the old troop, and he is going to build up the Owl Patrol to full strength again.

Gordon Rice of the "Pewees" has passed all the required tests and is now a Second Class Scout.

### Presentation to Leader of Baptist Church Choir

A very pleasant feature of the regular choir rehearsal on Wednesday evening was the presentation to its leader Mrs. L. Litchfield, of a beautiful fountain pen as a memento of her birthday and a mark of the friendship and cooperation which exists between leader and choir in this very important branch of church work.

Though taken by surprise Mrs. Litchfield expressed her appreciation of the gift by a short address.

### Elta Rebekah Lodge Initiates New Members

At the regular meeting of Elta Rebekah Lodge on March 19th, three new members were initiated, one being admitted by card from Annapolis Unity Lodge. The Lodge was also presented with a beautiful flag by Mr. and Mrs. Albert Fraser. At the close of the work a delicious lunch was served, completing a very enjoyable session of the Lodge.

## Notice

An Easter Cantata will be given in the Baptist Church by the Choir and Mission Band on Easter Sunday evening, April 8th, entitled "Where Grave Thy Victory" by Fred B. Holton.

Where Grave Thy Victory Choir Hail the Risen Lord Baritone solo Tell the Sweet Story Duet and Chorus My Savior Bass solo and quartette It Was For Me Soprano solo and chorus

Haste Ye to the Garden Choir with violin Fear Ye Not Choir Easter Day Duet Ring the Easter Message Duet and choir

## Local and Personal

Mrs. Reynolds Harris of Weymouth was the week end guest of Mrs. H. C. Anthony.

Sidney Murray of St. Andrews, Scotland arrived in Bear River last week and will make his home with his uncle and aunt, Mr. and Mrs. John Harrow.

St. John's Guild met last Thursday at the home of Mrs. Howard Rice. The afternoon was spent in sewing, and delicious refreshments were served by the hostess at the tea hour.

Saturday evening Mrs. Cunningham and Mrs. Macgregor entered in both of Mrs. Balcom of Wolfville. Bridge was played at three tables and Mrs. Reynolds Harris and Mrs. B. Anthony were the fortunate prize winners. Shortly after eleven a very delicious supper was served.

Friday evening Mrs. Anthony entertained a few friends at Bridge in honor of her guest, Mrs. Harris.

Mrs. B. C. Clarke is a patient at the Faulkner Hospital, Jamaica Plains, Mass., where she was successfully operated on last Saturday morning for the removal of the thyroid gland, and is making a good recovery.

Mrs. A. B. Marshall entertained on Monday at the tea hour in honor of Mrs. Balcom of Wolfville.

Mrs. Mary Morse of Digby is the guest of her sister, Mrs. Harvey Kiley.

Harold Nicholl was a guest over the week end in town. Mr. Nicholl has been absent for three months on the Steamer Gypsum Queen on a southern trip.

Mr. and Mrs. William Hearn are being congratulated on the arrival of a son on March 26th.

Mrs. E. B. Taylor of Smith's Cove is the guest of Mrs. Charles Greene.

Mrs. Joseph Steadman, R. N., has been absent for a few days on a case in Victoria, B.C.

Simon South, Smith's Cove was a visitor to town on Sunday.

On Sunday afternoon Dr. and Mrs. Lovett entertained a number of guests at tea in honor of Prof. and Mrs. Balcom.

Rev. John W. Smith had an unfortunate accident on Sunday, falling outside his home and wrenching his ankle.

Arnold Simpson of the Royal Bank staff has been absent from his duties this week on account of his father's illness.

The Baptist Circle met on Tuesday evening with Mrs. R. J. Anthony.

Mrs. Lovett Harris and son left for Torbrook on Friday.

Burton Frude left on Tuesday for Annapolis to join the vessel "Hankinson" as cook.

The Ladies Aid of the United Church met on Tuesday with Mrs. Harry Harris.

The Golden Key Group, with leader, Miss June Schuch, are giving an entertainment Friday afternoon in the vestry of United Church.

Mrs. Joseph Steadman gave a surprise party for Miss Vroom Thursday, March 22nd, it being her birthday.

Mrs. John York had her millinery opening on Saturday afternoon.

Fred Rice left on Monday for Kentville on a short trip.

T. E. Fowler of Sackville, A. W. Verity of Halifax, S. B. Kay of Saint John, C. E. Miller of Halifax and E. F. Keith of Wolfville, were in town during the week.

Mr. and Mrs. Norman McCintock arrived home from England on Monday, where they have spent the past six months.

J. W. Cross of Kentville, J. Morgan of Saint John, F. Bishop of Lawrencetown and Clinton Brown of Saint John were recent visitors in town.

Prof. and Mrs. Burpee Balcom of Wolfville were week end guests of Dr. and Mrs. W. J. Wright.

## BEAR RIVER UNITED BAPTIST CHURCH

BEAR RIVER, N. S.

Sunday morning 10.30 Preacher the Pastor. Subject: "Suffering"

Sunday School 11.30 Classes for all ages Sunday evening 7.30 Preacher the Pastor. Subject: "Almost"

Wednesday evening 7.30 Prayer Meeting Friday evening 8.00 Senior Young People

## Bear River Audience Hears Fine Lecture

Prof. A. Burpee Balcom's lecture on Monday evening was an intellectual treat, and gave his large and appreciative audience, many new viewpoints on "Maritime Problems" the proper solution of which means much to Nova Scotia.

A thoughtful politically unbiased survey of present conditions, induced by past "Canada-wide" courses was given by the speaker, and individual responsibility was

emphasized, as necessary, for laying the foundation of a prosperous future.

Prof. Balcom especially stressed the far too large percentage of mentally deficient in our own Province and made a strong plea to his audience to use concerted effort in supporting methods that would eventually work for a mentally and physically improved race of Nova Scotians.

As the lecture was under the auspices of the B.R.W.I., the Pres. Mrs. A. G. MacIntyre introduced

the speaker. Mrs. John Roop, Institute Pianist, presided at the piano, and the vote of thanks was moved and seconded by Institute members, Mrs. L. J. Lovett and Mrs. Joseph Warren (2nd Vice Pres.)

Mr. and Mrs. Fred Harris entertained at two tables of Bridge on Thursday evening.

Capt. John Roop returned to Halifax last Tuesday night and on Saturday he sailed in command of the C.C.M.M. Canadian Transporter for New Zealand. H. E. Eicker of Saint John was in town last week.

## Institute Notice

On Monday afternoon the Women's Institute will hold their regular April meeting in the Masonic building commencing at 3.30 and as Major Simmons will give a seasonable and very instructive talk on "Spring Gardening," should prove of interest to many. These meetings are always open to the public and it is hoped that many will avail themselves of the opportunity and come on Monday afternoon.

# FLOWER, GARDEN AND FIELD SEEDS

## The Bear River Trading Co., Ltd.

### PRICE LIST FOR 1928

Chantenay 12c. oz., 1.50 lb

### Parsnips

Hollow Crown, the best standard parsnip 12c. oz., \$1.60 lb

### Table Corn

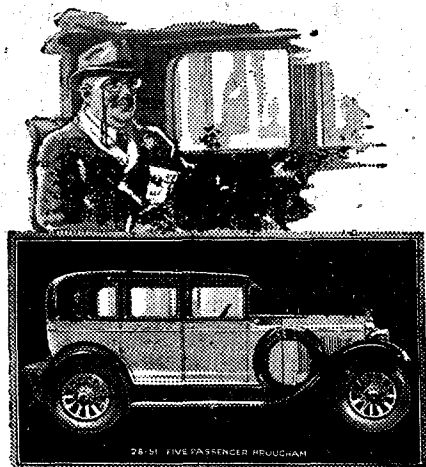

Golden Bantam 27c. lb  
The most famous sweet corn in the world today; it is the richest and sweetest of all corns—very hardy and can be planted very early.

Soliciting your seed and fertilizer business for 1928.

Yours truly,

THE BEAR RIVER TRADING CO., LTD.

Bear River, March 29, 1928.

FRIENDLY cushions, fashioned with the comfort of an easy chair, invite relaxation as your McLaughlin-Buick sweeps smoothly along.

**Comfort that invites Relaxation**

In the designing of McLaughlin-Buick for 1928, riding ease and comfort have been given unusual consideration. Lovejoy Shock absorbers on all four wheels absorb and cushion every road shock and rebound. Rubber Engine Mountings prevent vibration from reaching the car-body. Extra deep, resilient seat cushions, beautifully upholstered, are specially shaped and tailored to fit, like an easy chair. The lower body-lines have been attained without any sacrifice of headroom. And in finish and appointments, McLaughlin-Buick establishes a standard of luxury which vies with your drawing-room or club. The G.M.A.C. Deferred Payment Plan offers many advantages to buyers of McLaughlin-Buick cars.

## C.P.R. Seed Train Tours West

Upper—Specially-fitted lecture car used by the Canadian Pacific on the Forage Crops and Better Seed Grain Train. Windows of the car are equipped with colored transparent photographs depicting various phases of farming activities. Lower right—The Hon. C. M. Hamilton, Minister of Agriculture, stands from the left in the photograph, who opened the Better Seed Grain Train, photographed with F. Badley, Asst. Deputy Minister of Agriculture (left); D. T. Eldred, manager Regina Industrial Exhibition Association, second from the right; and George Williams, representative of the Canadian Pacific Agricultural Department. Lower left—Interior view of one of the cars containing seed cleaning machinery.

With a view to further promoting the best use of seeds and obtaining first-class results in addition to educating the farmers as to how to overcome seed grain and forage crop difficulties, the Canadian Pacific Railway has again placed a touring demonstration train on their lines, which visits all important farming centres in the West, Prairie Provinces and part of the East.

This train went into service at the latter end of last month, the opening being attended by a representative gathering of government officials and members of the Saskatchewan Wheat Producers. The value of such a train was stressed by the Hon. C. M. Hamilton, Saskatchewan Minister of Agriculture, who urged the farmers to make the best possible use of this splendid advantage offered by the railway. In addition to the lecture car, the train consists of two baggage cars carrying a number of seed cleaning machines and others to be used in demonstrating ways and means of treatment. Dairying will also be featured throughout the tour, lectures in this connection being given by R. B. Vogno, government dairy promoter.

In the towns already visited, the train has been greeted with enthusiasm with the farmers displaying an eagerness which speaks highly of the reputation of the seed and forage crop demonstration train. It is operated in conjunction with the University and extension service of the Saskatchewan provincial government, with all cars having been equipped at the Western Shops of the Canadian Pacific Railway at Winnipeg. Several of the cars are provided with motor-driven grain cleaning machinery of various types, while other cars are fitted with lighting picture accessories for the showing of various phases of grain activities, with still others for the purpose of exhibiting grain and grasses. The entire train is opened for inspection at the various stops, demonstrators being on board to explain the entire exhibit and to give advice on important points in seed selection.

## Parkers Cove

Service in the Methodist church on Sunday at 3 o'clock by the Rev. J. W. Dean.

Sch. Viola Pearl, Capt. Neaves sailed for Saint John the 27th this being her first trip of the season.

Mrs. David Miller and little grandson

Murray Weir visited her daughter, Mrs. Edward Hudson, of Hillsboro, several days last week and other relatives of the family.

Messrs Herbert Clayton and Wilbur Robinson have gone to Yarmouth to join the fishing vessel A. W. Longmire, Capt. Ansel Snow for the Halibut season.

Wilfred Hudson, of Granville Ferry, is visiting his father Leander Hudson.

Joseph Rice has gone to Boston, Mass., to join his brother's vessel, Capt. Milton Rice of which place she is loading for a Southern port.

Mrs. W. H. Anderson and sister Hettie visited friends in Hillsboro very recently.

Miss Thelma Halliday is visiting friends at Lake Jolly.

## TOWN COUNCIL PASSES ESTIMATES FOR CURRENT YEAR

**Tax Rate Set at 3.40 and Budget is Cut to Fit Mayor Warns That Budget is Not to be Disregarded**

Passing of Estimates for the year 1928 was the chief item of business transacted at the monthly meeting of the Town Council held on Monday night. Mayor Lynch presided and all councillors were present excepting Councillor Wightman.

Clerk Boden presented a tentative list of expenditure and revenue for the year, which was taken up in piecemeal. As first presented the estimates called for a revenue of \$29,005, which would have required a tax rate of 35 mills to provide for. Mayor Lynch deplored any advance in the rate, so the Council started paring. Estimated revenues were boosted from \$6,700 to \$7,000 and estimated expenditures cut from \$29,005 to \$28,355. The streets department and street lighting figures were cut to cover the difference.

Original estimates for the fire department were raised to \$1,100 and hospital grants were cut \$100. The Contingent Fund was done away with altogether, and Mayor Lynch served notice on all concerned that the estimates must be strictly adhered to.

A bank overdraft of \$2,252 was the stumbling block. This was a legacy from last year, and was due to adhering to the old rate by the Council for 1927. When the estimates were prepared last year a motion by Councillor Fritz Dakin provided for a rate of 35 mills in order to cover all estimated expenditures. This motion was defeated by a motion of Councillor Aymar that the rate be 34 mills, and the rate was so set, regardless of the fact that the estimated revenue would not cover needed expenditures. The same predicament faced the Council on Monday night, but rather than fall short of their estimated expenditures they cut the cloth to fit the figure.

Estimated Revenues and Expenditures for the year are:

Streets	3400
Fire including Hose	1100
Board of Health	100
Street Lighting	1500
Salaries Clerk 1,350	
Stipend ISO	1,500
Joint Expenditure	3,886
Town Hall	300
Police	1,030
Poor (Child Aid Grant)	250
Hospitals etc.	1,750
School Board	9,100
MISCELLANEOUS	
Highway Board	662
Truck	200
V. O. N.	300
Hospital	100
Assessors	100
Prig. & Advtg.	100
Auditors	75
Revisers	30
Bk. Overdraft	2,252
Bk. Interest	220
	28,355

## ESTIMATED INCOME FOR 1928

1926-27	
Taxes	500
Post Tax	750
Outside School	350
Municipal Grant	1380
Provincial	300
Dog Taxes	70
Fines & Fees	50
Licenses	500
N. S. Act	2000
Miscellaneous	1000
	7000

## ASSESSMENT

Real Estate	500,760
Personal	150,625
Income	10,900
	652,285

1927 Exemptions	837
1-2 per cent Discount	333
	1,170

A Rate of 34 mills would produce a net revenue of 21,347

## Council Orders Special Meeting to Discuss Electric Light Extension

On motion of Councillor Shortliffe a special meeting of the Town Council will be held on Wednesday April 4th, to discuss the matter of extensions of the town's street lighting and domestic distribution

service. The motion came as a closure of discussion of a proposal to ask for expenditures on capital account of amounts to provide for the installation of the service on Victoria street, down the Neck Road to Jackson's Crossing; rebuilding of the service from Carleton street to the Pines and along Lighthouse Road and up the Racquette Hill. And to construct primary and secondary lines to the Lighthouse at Point Prim and to serve the residences of Bay View.

Chairman Turnbull of the Electric Light Committee reported that he had made a personal survey of the present lines at the Racquette. Either the whole system should be rebuilt or a great deal of money spent on repair work, and he asked that the Council not consider throwing away money on temporary repairs. The line would have to be rebuilt within a year, and might as well be done at once.

Superintendent Campbell attended and showed the proposed development. The main lines along Water street would, he said, be insufficient to handle more than the expected load this year, and as a means of giving service to the North part of the town, and to extend the lines to Point Prim, it was proposed that a main line be extended from the lead in lines on Warwick street across Victoria street with a loop down Digby Neck road and continue across to serve the section beyond the Racquette bridge. Construction of new transmission lines and secondaries would continue from the end of the present system on Lighthouse road, to Point Prim Lighthouse and Bay View.

Mr. Campbell submitted an estimate of subscribers to the service if the whole plan were put into operation.

In the Victoria street section he figured on 15 consumers, some of them to be served by branches on Mount street, Church street and on the Neck Road.

The reconstruction of the Racquette section would cover any possible increase in demand from the new Pines and there are a dozen residences beyond the Pines who want service.

In addition to the Point Prim Light there are 12 to 15 applicants in Bay View section.

In view of there being nothing definite from the Pines management as to their requirements, nothing definite as to the Point Prim Light being electrified it was agreed that the matter could be left over for a week in order to give it fuller consideration at a special meeting.

## Freeport

William Hersey of Central Grove spent the week end with his sister, Mrs. Webster Titus.

Captain Charles Teed has gone to Meghan to have some repairs on his Schr. Eva L. before going on his summer route.

Capt. Horace Thurber, Schr. Firelight arrived from Saint John and is spending the week end with his family here.

Mr. and Mrs. Holland Titus spent Sunday with her parents, Mr and Mrs Arthur Campbell.

A large number from this place went to Westport on Sunday to attend the funeral of Mrs. E. G. Bowers, whose death took place in Saint John after a serious operation. Our sympathy goes out to the invalid husband in his great loss.

On Saturday evening quite a number of young people surprised Miss Helen Thurber, the occasion being her birthday. A very enjoyable evening was spent. She received quite a number of presents.

On Monday evening Miss Blanche Thomson was agreeably surprised at the home of Dr. and Mrs. Weir when the young people met to celebrate her birthday. The evening was spent playing games after which refreshments were served. She received a number of useful presents.

## Mount Pleasant

Lloyd Jefferson has returned home from the woods at Lake Jolly.

Congratulations to Mr. and Mrs. Charlie G. VanTassel on the arrival of a daughter, March 22nd.

Murray Rice of Bear River, spent one day last week with Mr. and Mrs. William Jefferson.

Kenneth Rice of Millford, Corner spent a few days recently with his sisters, Mrs. Charlie and Mrs. Iro VanTassel.

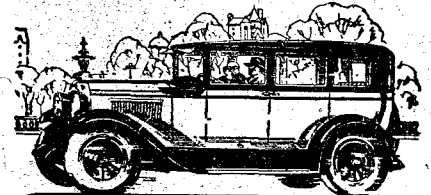

Walter Wright and Mrs. Alice Hand-spiker Digby spent Sunday, Mar. 18th with Mr. and Mrs. Gildford Hand-spiker.

The flour that bakes up today the same as it did yesterday or last week! Dependable

## John M. Justice Dies at Philadelphia Home

The funeral of the late John M. Justice, of Philadelphia, was held from his residence, 1345 Orthodox Street Philadelphia, on Friday afternoon, March 16th.

Mr. Justice, whose health has been poor for some time, was well-known and highly esteemed in Digby. For several years he and Mrs. Justice had been summer residents of Bay View, where their beautiful home, Pictou Lodge, was one of the landmarks of this attractive community. The house was built some years ago by Mr. Justice's father, the late Jefferson Justice, and is one of the finest summer homes in this part of Nova Scotia.

Mr. Justice was for a long period prominent in the insurance business in Philadelphia. He was a member of Rebooth M E Church and active in social and civil affairs. One of his hobbies was the photographing of lightning, and he had a remarkable collection of such photographs some of them having won him official recognition from representative societies of the craft. He was a member of the Camera Club of Frankford, Philadelphia.

Although his opportunities for enjoying his lovely Bay View home had been somewhat few during the past year or two, he never relaxed his interest in Digby and its summer joys. His genial personality will be greatly missed by all of his Bay View neighbors.

## OBITUARY

continued from page 1

the happy faculty of retaining all the friends she made. She will be genuinely missed by a large circle, who mourn sincerely at her untimely passing.

She is survived by her husband, four children, Vernon, aged 12, Richard, aged 10, Emma, aged 8, and Albert, aged 5, also her sorrowing parents, Mr. and Mrs. L.M. Ellis, Point Prim and one sister, Mrs. Frank Wilson also of Point Prim.

In religion deceased was a Presbyterian and a member of the Bay View church for years.

On Wednesday, March 21st, funeral services conducted by the Rev. Mr. Forbes, were held at Point Prim, and from thence the remains were conveyed to Victoria Beach, accompanied by her relatives. At the Baptist Church, Victoria Beach, services were conducted by the Rev. Mr. Hardy and the Rev. Mr. Forbes, and interment in the cemetery at that place.

## CERTIFIED

continued from page 1

atoes in this section of the province and it is one which must be overcome if Digby is to take its proper place in agriculture in the province as an offset to the declining activity in ship constructing and fishing. More and more we must turn back to the land, and the only way we can do this profitably is to make a proper start, producing the best quantities of whatever our soil and climate is best adapted for.

To farmers who are unconvinced of the need of changing their seed from season to season, M. Warne has an offer of one bushel of government inspected seed potatoes in exchange for two of uninspected stock on condition that the inspected seed will be grown separately and offered for inspection by the government inspectors when the crops are ready for gathering. This exchange to be potatoes brought here from other parts. Mr. Warne is frankly interested in the matter in the hope of profiting through the purchase and resale of next season's potato crop. Two years ago he disposed of a large quantity of potatoes in the United States, but last year he was met by a demand for improved quality, a quality he could not supply from Digby county and it is his earnest desire as a pioneer in many things which have aided the development of the western part of the province, to improve the quality of Digby County potatoes to the point where they will command a good price in any market, whether for table use or for seed.

Rev. W. R. Ramsay will preach at Roxville church on Sunday, April 1st, at 3.00 p. m.

Some very finely colored lantern slides on "Scenes about the Cross" will be shown by Rev. E. W. Forbes in Grace United Church on Good Friday evening. These pictures will also be shown at Smith's Cove United Church Monday evening, April 2nd, at Mount Pleasant Tuesday evening, and at Bay View on Thursday evening, next week. No one should miss seeing these beautiful and impressive scenes. There will be no admission, but a silver collection will be taken.

## TALK OF THE TOWN

Mrs. H.F. Williams has been spending a few days in Yarmouth.

George Peters leaves on Friday for Boston where Mrs. Peters has been spending several weeks.

MISSSES CHIC HATS AT WRIGHT'S  
Dr. and Mrs. DuVernet are leaving on Tuesday for Boston where they will spend Easter.

Percy Swan, of Oxford, arrived in town last week having taken a position as salesman for H.T. Warne.

A number of friends met at the home of Mrs. J.F. Milbury on Thursday evening. The occasion being her birthday.

F. L. Anderson was a passenger to Halifax on Monday, intending also to spend several days in Canso before his return home.

Thirty four applications were received by the School Board for places on the Digby Teaching staff. One application came from Florida.

Miss Hilda Campbell, who has been spending a few weeks at her home at the Racquette, left recently for New York, where she expects to remain for the summer.

A very pleasant and profitable afternoon was spent at the home of Mrs. P. Wornell where the Sewing Circle of the Ladies met on Wednesday of this week with twenty three ladies present.

BOY'S NEW CAPS AT WRIGHT'S

Salesmen from several Fire Apparatus supply companies were busy in Digby this week endeavoring to sell new hose to the fire department. Allowance was made in the estimate for purchase of an amount of hose.

Murray Small, a member of the Small Bros. Fisheries Firm East Ferry, and Mr. Morton, Jr. of Centerville, left on Tuesday for Boston. Mr. Small expects to be back in a fortnight and Mr. Morton will remain for a month's visit.

The annual meeting of the Ladies Hospital Aid will be held at the Court House on Wednesday April 4th. at 3 p.m. On the following week the Sewing Circle will be resumed. Mrs. A. Shortliffe being hostess for Wednesday, April 11th.

A resolution was passed at the meeting of the Town Council on Monday night asking for installation of a secondary fire alarm switch at the telephone office. The resolution was sponsored by the Digby General Hospital Board of Trustees.

MEN'S SPECIAL SUITS AT WRIGHT'S

Mr. and Mrs. G. E. Torrie received word this week of the death at Vancouver of their son-in-law, J. M. Lawrence, on March 22. He is survived by his widow, daughter of Mr. and Mrs. Torrie, and two small children, and by two brothers, John Lawrence, of Grand Pre and George Lawrence, Vancouver.

A number of little friends of Barbara Syde, niece of Mr. and Mrs. H. Syde, Water Street, were her guests at a Birthday party on Monday, in honor of her fifth birthday. The guests played games, enjoyed the wonderful Birthday Cake and had such a good time that they wish Barbara would be six next month.

The Nova Scotia Board of Fire Underwriters has asked the City Council of Halifax to increase the personnel of the fire department to 140 under continuous service system or 184 under the two platoon system. The Prince George Hotel fire prompted the demand for greater fire protection.

The firemen were called out on Sunday evening to a chimney fire at the home of Fire Chief Hersey. Wet shingles proven the spread of the fire before the fire men arrived and no damage was done. There were more to the fire than there were to church, which suggests that the churches should replace their Bells with Sirens.

At Easter you will like to have fresh flowers to brighten up the living room. Easter Tulips and Hyacinths, in pots. from Connell's Cash Store, answers this Easter problem. Mr. Connell has an assortment, which he has brought along, to bloom nicely all through the Easter season. But they are not many, so be sure you have ordered in time.

ARMOUR CLAD SUITS AT WRIGHT'S

Harold Sullivan, son of W. Sullivan, Warwick street, while engaged in his father's carriage factory, had a narrow escape from a horrible death on Monday. In some way his clothing became entangled in a revolving shafting and he was whirled round and round until his father, hearing his cries, stopped the machinery. He escaped with severe bruises.

Victim of accidental discharge of a shot gun, Wilfred Robichaud, South Range, was admitted to Digby General Hospital on Monday, suffering with a badly mangled hand. Robichaud walked half a mile after the accident, to the home of Herman Height where Dr. Harris, of Barton was called to dress the wound. One finger had to be amputated.

William Grant, Conway, and his family had a narrow escape from the fire which destroyed the Franklin Cottage at Conway on Monday night. The Grants had recently moved from the Cottage, leaving some of their personal belongings behind and on Monday night fire of unknown origin destroyed the house. High winds carried sparks far afield and for a time menaced the residence of Capt. Bob Russell, Bay Road Corner.
