Welcome to the Digital DIGBY COURIER

1877-1978

100th Birthday

The hundredth anniversary of the Digby Weekly Courier has brought to mind some fond memories as contained in the following historical chapter of the writer. But first, I wish to congratulate the current editor of the Courier, Mrs. J.M. (Edith) Wallis, for a job well done over the years and still being well done, good service rendered with great fortitude.

According to any record, I have at hand, the Digby Courier, in one hundred years of publication, was controlled under the same family management for 42 years, 1931 to 1973, under the control of Wallis Print Limited. The late J.J. Wallis became editor of The Courier the second time, in 1929, and at the same time of the business, which he had been running for some time previously and which became Wallis Print Limited sometime between 1929 and 1931.

I well remember the last year of the twenties when I worked in the office of the son with the husband and father of the late J.J. Wallis, the Courier. Sometime in 1928 or early 1929, the late J.J. Wallis (Mac), son of "J.J." engaged me to work every day after school hours, Saturdays, and for some months after full time. The place of work was in the building of the present Digby town hall on First Avenue. J.J. Wallis then worked occasionally at the print shop but mostly across the street at the Courier office which was then located on land in the general area where The Royal Bank of Canada is now.

Wallis Job Print operated in 1929 with a staff of four consisting of J.J. Wallis, J.M. Wallis, Miss Eva Haynes, who later became Mrs. George Kicup, and myself. I was in the staff in early 1929.

Eva's job was in the left up-stairs. "J.J." occasionally printing plant but mostly at the Courier office. "Mac" worked nearly full time at all the different jobs at the Job Print, and I worked at various duties, most of the time being spent at operating printing presses.

We worked ten-hour days, six days a week. "J.J." and "Mac" sometimes worked overtime. I worked only the regular hours being paid a weekly wage which was comparatively good for those times and my lack of experience. I received four or five dollars a week for working after school hours to six o'clock and on Saturday all day, and nine dollars a week for full weeks after finishing school. A two or three dollar a week raise was offered to me in the fall of 1929 for me to stay on at printing, but I had made up my mind to enter a branch of the Royal Bank of Canada, starting salary of \$300. The bank salary figured out about the same per hour as for the printing job. Nevertheless, the congenial atmosphere of the printing plant those days, and, experience however short, were helpful and appreciated by me.

"J.J." was very jovial in his occasional trip to the Job Print and did considerable kidding all in good fun. "Mac" was a witty person who mixed in a good natured sarcasm now and then for one reason or another. Eva most always had good answers to all the kidding she was called upon to take, and, generally held her own in a quiet sort of way, always busy setting type. We four all got along very well indeed. However, I do remember that some days did seem long and weary because of the monotony of some repetitious jobs.

In spite of the great demand for printing those last boom days of the twenties, business generally being brisk, it looked to me that people had to work long and hard to make any decent profit. There was

including treatment of the hands. However, nails and finger ends were used and I was soon back to work.

Now and then a printing job had a dose on parchment paper which required a special kind of printers' ink which smelled very bad those days. I always dreaded it when "Mac" would do that job on the largest press, in spite of the fact that we always opened an outside door to lessen the effects on the constitution.

One of the jobs I had to do, being the junior and printers' devil on the staff, was to clean up now and then. One day not long after I started my job at the printing plant, I decided to clean the floor that apparently hadn't been cleaned in some considerable time.

"J.J." came along and said, "how are you making out Vince?" I assured him that I thought I was beginning to see the floor. "J.J." laughed very heartily, he thought the remark pretty good and suitable.

Sometimes the gasoline engine or a piece of machinery would refuse to work, and after "Mac" the fix-it man had patiently worked for a certain length of time to get it going again, without results, "Mac" would then stand back and cuss quite strenuously, then he would immediately start working. "See," he would say, "all it needed was a bit of cussing."

On other occasions when some gadget refused duty for me and, seemed to be broken, "Mac" would say, "use a little oil," and sure enough, often that is all it took. How often since, have I thought of the value of that remark and the actual need of "oil" in many life situations, applied at the right time, right place and, in the right way.

Other things that sort of stick in my memory and come to mind now and then are, like the time I told "Mac" of four teenage boys who in the spring season of 1929 got together just before dark one evening and decided to initiate the newly built outdoor Pines Hotel swimming pool which had just been filled with water. Clothes were taken off near the road just east of the pool; nobody else seemed to be around except the four boys; no thought or time for bathing suits up to the pool they went. They stood on the edge of the pool and looked at the chilly water, one soon jumped in, the rest quickly followed and across the pool they swam. "Mac" listened to the story and hardly said anything, but the next "Digby Courier" had a good story on the episode. The heading of the story went something like, "Four Boy Scouts Officially Open Pines Hotel Swimming Pool." Who were the four? Many years later they are known as: the late Dr. Earl H. Anderson, veteran of two wars (second world and Korean), was awarded the Victoria Cross; Sidney L. Smith, now prominent druggist for many years in Digby; Clayton D. Snow, Digby wholesale lobster king merchant; and myself.

As a young teenager I used to like doing some writing about different events interesting to myself and mostly for myself. One day "Mac" said to me "how about writing your version of the story told about 'The Marooning of Jerome'." I had heard and read at least two somewhat different stories about the man who was found marooned on a beach at some point on the French Shore of St. Mary's Bay, Digby County. When found this man's tongue had been cut out and his legs quite freshly amputated, were surgically well dressed and bound. He was presumably left by some vessel before dawn one morning, all for some mysterious reason.

"Jerome" appeared to have been a man of some considerable social standing and possibly of some considerable wealth. However the only thing the man could or would ever say after being found and cared for by some family in the French shore was, something that sounded like the word "Jerome". He either could not, or, would not, write anything about who he was or why he was left the way he was. Well, it was, and is, one of Digby County's mystery stories, and, different ideas have been expressed over the years concerning this man. However my response to "Mac" was, I felt no urge to write anything more or different about this man. The mystery seemed to have been very well explored in the mind of many people, and, he was a sort of curiosity for many people who visited where he lived for many years.

Three years later I was quite a bit older and was working in the street that I loved back and forth, led a boat clanking noise, powered by a small engine, and a "plur", and as I remember it, it was a "plur". "J.J." was noted for his sense of humor and his sense of humor.

Years ago, during the time Mr. Wallis was editor of the Scott Act (Prohibition Law) in the town of Digby, I attended a boys' conference in the town of Digby.

Digby 172 Years Ago

Compiled by David Sanford

From the files of the Courier of January 23, 1867, the following account has been copied concerning Digby in 1800.

"Among a number of old newspapers kindly sent to us by friends is a copy of the Saint John Gazette of May, 1802, says the Telegraph and among other advertisements contained in the issue before us is one describing the town and township of Digby, and offering for sale certain lots in the town. In this area we are told the township of Digby extends from the Gulf of Annapolis westward to the extremity of the province of Nova Scotia, and contains about 130,000 acres." The town plot is thus described:

"The Town Plot is situated at the east of the township just within the entrance to Annapolis Basin, and twenty miles from Annapolis Town, and six miles across land from the head of St. Mary's Bay. This laid out from the water's edge, partly on level ground and partly on the declivity of a modern hill, dry and pleasant, and having with an eastern aspect, a view of the Annapolis Basin and its cultivated shores for twenty miles in where it terminates with the Fort and River's mouth of that name. It was settled by Loyalists from New York in 1783, the most of whom went early to farms, or, moving to older countries, left the whole

side to be bought proved by about who now reside detached, built dwellings with orchards, and some fishery and. It has communal parts of the communal provisions in a cheap, built readily to be from many circumstances, probability of place of some shipbuilding, the West India a cheap and of residence.

This advertisement, dated at Digby, December, 1802, were to be a No. 100.

free trade with the U.S.A., especially with the New England States. The question was then debated by some Digby High School students one of which was some Digby's daughter, Florence (now Mrs. Melvin O. Tibert, Freeport, Digby Co.) Some days after the debate a man from some part of Nova Scotia came to the printing shop looking for Florence, one of the successful debaters; I had the impression that this man was interested politically but, maybe I was wrong.

Well, I felt that I had learned considerable from my short experience at "The Wallis Job Print". I was learning to do beginner jobs, receiving some knowledge about things like: embossing, stapling, perforating, counting, cutting and trimming paper stock, mixing inks for certain desired colors, and so forth, but, the only experience I had at setting type was just enough to make a "pi", the printers name for a confused mess.

There was a taste of trying to sell job printing outside the plant. Work was a little slack one early fall day and so "Mac" said to me, "how about trying your hand at taking orders for printed personalized Christmas cards?" I tried it, made several calls around town, spent most of the time at one particular house, and got an order, but,

Saint Patrick's Sunday School Entertained at New Year's Party

St. Patrick's Church Sunday School with their teachers, and the Junior Sewing Circle, were entertained on New Year's night at the home of Mr. and Mrs. Clifford Beaton, Carleton street. Mrs. Beaton was assisted by her sister, Miss Addie MacKinnon.

The evening was spent in games and singing of old fashioned songs and music. Each child received a little gift from a beautiful Xmas Tree and then came the feast, comprised of all the nice things children like, cookies of all kinds, cake, sandwiches and cocoa.

This being out of the way Chester Keen, assisted by Miss Flora Theriault, presented to the teachers, Mrs. S. Landry and Mrs. Grace Fountain, gifts from the classes. The ladies replied most suitably, thanking their small friends for their remembrance.

At a later hour all took their departure, to find the teachers waiting at the door to give each a bag of candy and fruit and to wish all "A Happy New Year."

On Christmas Eve the choir of St. Patrick's presented Mrs. Beaton, who is organist, with a handsome writing folio.

Oranges From Virginia

Mr. C. E. Walker, manager of the Bijou Dream Theater, has presented the editor with a sample from a Christmas Box of Oranges received by Mrs. Walker from Mrs. MacGrady, a friend in Crescent City, Virginia.

They were huge juicy ones, just as nice as ever an orange could be, and were greatly enjoyed by us. They came from Mrs. MacGrady's plantation from a tree which Mrs. Walker has picked oranges from often.

Wolverines Are Not So Good

The much touted Wolverines Hockey Team of Halifax are either not so good or else have been badly over rated. Montreal Victorias trounced them and then the Kentville Wildcats went at them and nailed their belts on the cage to the tune of 9 goals to 2.

Kentville has a stronger team than last year, and it is working like a machine.

Christmas at The Hospital

The patients at the Digby General Hospital were glad to find that Santa Claus had not forgotten them, for on Christmas morning he appeared in person with the traditional white whiskers, red suit, and best of all, a pack containing a gift for each patient, candy for the ladies, smokes for the men, and fruit for all.

This bit of Christmas Cheer was provided by Mr. Hall who played Santa through the Digby streets on the day before Xmas. During the course of his travels up and down the streets he collected a little from this one and that one, whom he met for the benefit of the sick at the hospital, and at night he was able to fill his pack from the money gathered.

Such an example of the real spirit of Christmas as was shown by Mr. Hall and those who contributed toward his worthy cause was greatly appreciated by nurses and patients alike, as well as by all those who have the welfare of hospital at heart. It is hoped that someone may find it in his heart to again distribute such cheer to those of us who may be in need of it at the next Xmas season.

In addition to Santa's visit, each hospital patient had a bedside Christmas tree with decorations and fruit which it is the custom of the Ladies' Hospital Aid to provide.

Land of Evangeline Tourist Association Organized

A meeting of the newly formed Land of Evangeline Tourist Association was held in the Cornwallis last week for the purpose of completing organization and other business.

Those present were C. C. King, President of the Association; L. E. Shaw, E. Graham of Wolfville; J. A. S. Wilson, of Berwick; Professor W. S. Blair, C. L. Baker and W. E. Porter of Kentville; W. Parker of Hortonville, and A. T. Smith of the D. A. R. Passenger Department, Halifax.

Letters were read from Thomas F. Anderson, formerly of Digby, but now Secretary of the Seaside and Leather Corporation of Boston, and R. U. Parker, formerly of Kentville, now Passenger Traffic Manager of the Eastern Steamship Lines, New York; also S. P. Challoner, of Sydney, Secretary of the Cape Breton Tourist Association and J. S. Brignell, President of the South Shore Tourist Association offering suggestions and help of the new body.

Letters of regret were also read from Emile Stehelin, of Church Point; J. F. Wallis, of Digby; F. B. Armour of Middleton, all members of the executive, who were unable to be present at the meeting.

C. L. Baker, W. S. Blair and L. E. Shaw were appointed a committee to draw up the constitution and by-laws. On motion of C. L. Baker the Association endeavored to raise \$5,000 and will publish 10,000 copies of a booklet of 48 pages.

C. C. King was appointed Secretary-Treasurer for two months to start on January 1st, while the drive for funds is being made.

It was moved by J. A. S. Wilson and seconded by W. S. Blair, that the Association apply for incorporation and a committee of Messrs. Blair, Wilson and Knowlton were appointed to look into the matter.

SCOUT NOTES

The last meeting of Digby Boy Scout Troop for 1928 was held last Friday evening in Scout Hall. There was an attendance of 31 Scouts and three visitors. The meeting opened with the patrols in their corners and the Horse Shoe formed to open the meeting.

Points were awarded for tests passed and for best uniforms. The Scouts passed a vote of thanks to Frank Wightman for the use of his car in delivering Christmas Toys.

The essay, on the Apple Tree was read by Gordon Cowan and won points for his part.

Routine business being concluded the real business of the evening began, centering in the Christmas Tree and Shindig. A well decorated and heavily laden tree was ready for the festivities and the smallest of the Scouts, who were distributing the gifts, each Scout received a bag of candy and nuts and orange and pop corn chips.

After the distribution of gifts the Scouts were given for Miss Mildred Sals, Mrs. Frank Coombs and Mr. Frank Jones, donors to the Christmas Tree Entertainment and for Scoutmaster O. Wright.

Then followed games and patrol and individual competitions and the meeting closed in musical way.

Victorian Order of Nurses

The regular monthly meeting of the Victorian Order of Nurses, Digby Branch, will be held in the Court House on Tuesday, January 8th at 3 p.m. Through error the name of Mildred Oliver was omitted from the list of graduates of Mrs. Gulliver's Mothercraft Class.

Municipal Council of Digby Meets at Court House on Tuesday

The Council for the Municipality of the District of Digby opens its annual session at the Court House Digby on Tuesday next. Many important matters will come before the Councilors for consideration, and in order to get a line on what was likely to be discussed the Courier talked this week with Councillor James Hillman, representing Culloden district.

Councillor Hillman says he will once more urge that the provincial authorities undertake to keep the highways open during winter months. It is done in other provinces and he thinks Nova Scotia should not be behind Quebec. Also he will urge that the Highways department, since it controls the maintenance of bridges, should also pay the bridge tenders.

The matter of building a new wing on the County Home will also have Councilor Hillman's consideration. He will ask that action be deferred until any legislation respecting payment of Old Age Pensions which may be introduced into the legislature be disposed of.

Mr. Hillman says that the question is one which both political parties are agreed on in principle and it is not "talking politics" to introduce the matter in Council.

Digby General Hospital

Thanks are extended by the Ladies' Hospital Aid to all those who contributed toward the success of the Benefit Bridge and Forty-Fives held in the Court House on Wednesday evening, from which the sum of fifty dollars was realized. The prize winners were as follows: Bridge—Mrs. W. R. Dickie, Mr. Theriault, Forty-Fives—Mrs. Geo. Trohon, Mr. McGraw.

The prizes were kindly donated by Mrs. W. W. Hayden, Mrs. H. M. Warner, Dr. DuVernet and Mr. C. F. McBride.

NOTICE

NOTICE is hereby given that the assessment roll for the town of Digby upon which the rates will be levied in and for the said town for the present year 1929 has been filed in the office of the undersigned, the town clerk, and that the said roll is open to the inspection of the ratepayers of the town.

And further take notice that any person, firm, company, association or corporation assessed in such roll, who claims that he or it is over-assessed in such roll, may on or before the tenth day of February next, give notice in writing to the undersigned, the town clerk, that he or it appeals from such assessment in the whole or in part, and shall in such notice state particularly the grounds of objection to such assessment.

And further take notice that if any person assessed in such roll claims that any person, firm, company, association or corporation has been assessed too low, or has been omitted from or wrongfully inserted in such roll, he may on or before the tenth day of February, give notice in writing to the undersigned the town clerk, that he appeals in respect to the assessment or non-assessment of the said person, firm, company, association or corporation, and shall in such notice state particularly the grounds of his objection.

Dated at Digby this 2nd day of January 1929.

ALFRED BODEN,
Town Clerk.

The only person really worried about this mild weather is the ice man. Two years ago the Maritime Fish Corporation started filling their ice houses on the day after Xmas. This winter, for, there is hardly enough ice to talk about.

New Night Nurse For Digby General Hospital

Miss Laura Lane, graduate of the L.M. Hospital, Natick, Mass., has been appointed Night Nurse at Digby General Hospital and entered in on her duties on New Year's Day.

Miss Lane is from Hantsport, and is a niece of Mrs. G. E. Torrie Queen street.

A Letter From

Rev. E. R. Grant

We are indebted to the Editor of the Courier for the report given in the issue of December 20th on my address at the Digby County Social Service Council meeting on December 12th. It is very gratifying that the Courier, supports the statement that under prohibition "there is less drinking, less poverty, less drunkenness."

Permit me to make reference to the following paragraph of the report—"On the other hand Dr. Grant stated that the number of convictions and fines under the N. S. T. Act was steadily increasing year by year. This does not indicate that the bootlegger is being driven out of business."

Allow me to throw further light on the fact that the bootlegger is being driven out of business. While for the fiscal year 1926 there were 22 bootleggers sent to jail as a result of more energetic enforcement of the Act there were 49 sent to jail in 1927. There are more to follow.

The number of convictions and fines imposed on bootleggers in 1927 increased as a result of the work carried on by the Inspector-in-Chief and his deputies. In addition to this work he did much to encourage, stimulate and improve the work of local inspectors. The number of convictions and fines imposed on bootleggers increased in 1927 because there was failure in parts of the province in 1926 to provide proper enforcement of the Act.

Now, with reference to the question "why the resolution for the appointment of a Deputy Inspector for the County"—notwithstanding the work that has been accomplished there is yet much to be done. Vigilance is required in Digby County as in other parts of the Province, if there is to be complete suppression of the business of the bootlegger. The Deputy Inspector is needed to assist capable inspectors or to carry on the work in municipalities where the local inspector falls to do his duty.

It may be well to repeat figures given to show how prohibition has been a factor in reducing drunkenness in the City of Halifax. Comparing the period 1904-1916 under license with the 12 years 1916 to 1928 under prohibition, there was a reduction in the number of convictions for drunkenness of 3736, and a reduction in the number of

Christmas Greetings From British Columbia and South Africa

The Courier's Christmas mail contained two very happy remembrances from far distant on the day after Christmas.

From Mr. B. L. Thurner, a Courier subscriber in Johannesburg, South Africa, came a handsome copy of the South Africa Annual, a magazine filled with information of the country, beautiful photographs and the advertising of many business houses, to illustrate the wonderful variety of industry which has grown up in that great land.

Another greatly enjoyed Christmas box was a gift of Holly from Mr. K. F. Hughes, of Victoria, B. C. The holly came from Mr. Hughes' own garden, and was accompanied by Christmas Greetings from Mr. J. L. Peters, who visited Mr. Hughes while in British Columbia last winter. A sprig of the holly was for Mr. Peters also. Mr. Peters, by going South before Christmas, missed his share of the Holly for the Christmas season, and the Greetings are forwarded in this personal letter.

To both our friends the Editor expresses his warmest thanks. They made the Christmas season more happy.

convictions for all offences of 6632, which makes an average annual decrease under prohibition of 311 offences for drunkenness and of 552 for all offences.

What is true of Halifax is true of the Province. Under prohibition court records show a steady decrease from year to year in offences for drunkenness.

A Task for the New Year

At Kentville on Thursday last organization of a working committee of the League of Evangelical Tourist Association was formed to conduct the affairs for the association until such time as funds warrant a further extension of its activities. The President, Mr. Claude King, of Annapolis, was appointed temporarily to act as

secretary manager of the association to take up his duties immediately. Mr. King will supervise the assembling of information and photographs for the publication of a booklet and his duties will also include the soliciting of funds for the work.

A minimum of \$5,000 was set as the object of the association for the present and Mr. King's first task will be to get the cash.

To fully carry out the aims of the association this sum must be raised without too much delay. The work must begin at once in order to be of value for the coming season, and much as some may feel that the association is not sufficiently ambitious in its schemes, it should receive hearty support on all sides.

Again the schoolboy outgrows his clothes. Publishing circles report the expenditure by the Family Herald and Weekly Star of close upon a half a million dollars for huge new printing presses to cope with their fast growing subscription list. At their new low subscription rate of three years for \$2, one is prompted to ask "How long before they outgrow this one?"

Canadian National Railways Transcontinental Broad Cast

One of the greatest feats in the realm of radio was accomplished Thursday night last, when fifteen stations were tied in in the Transcontinental hookup of all the broadcasting stations of the Canadian National Railways, in the special anniversary programme. The program commenced at 9.00 o'clock p.m., Eastern Standard Time, and continued two hours or more.

Reports of reception indicate that the special broadcast was received with amazing clearness from coast to coast.

CNRM, Montreal, was the key station in the chain and to effect the tie-in 15,000 miles of land wire were used. The programme was heard also by passengers travelling on the radio-equipped trains of the Canadian National Railways.

In the Maritime Provinces stations CHNS, Halifax, CFBO, Saint John and CFNR, Fredericton, were tied in with CNRA, Moncton.

The feature of the hookup was the address of Sir Henry Thornton, K.C.B., Chairman and President of the Canadian National Railways. Sir Henry was followed by W. D. Robb, Vice-President, who spoke in French.

Among those attending the New Year's Evee at Government House, Halifax, was Mr. E. Hart Nichols of Digby.

Port Wade Boy Taken Bride in Brookline

The marriage took place at Brookline, Mass., on December 22nd, of Miss Mary MacLeod, of Brookline and Mr. Gordon Ryder, formerly of Port Wade.

On Christmas night a very enjoyable reception was held in honor of the newly married pair at the home of the groom's sister, Mrs. Ray McGrath, 26 Laurel street, Roxbury. Many friends of the couple attended to offer congratulations and good wishes. Christmas festivities, games, music and dancing were enjoyed and refreshments served.

Tax Collections

Town Clerk Boden and Chief of Police Cowan are testing from their labors of getting in tax revenues for the year 1928. In some cases drastic measures were resorted to, but they got results, collecting 97.5 per cent of all outstanding taxes for the year.

Town finances will make a fairly good showing for the year, with some departments over-running the estimates.

Settlers for Nova Scotia

Extension to the Maritime Provinces of the activities of its land settlement organization, and plans for the recruitment of British and Scandinavian families for the vacant farm lands in the Eastern Provinces, are announced by Dr. W. J. Black Director of Colonization and Agriculture for the Canadian National Railways. Recruitment of British families under these plans has already commenced in the old land, and active steps are now under way in the Scandinavian countries to bring settlers from there adapted to farm life in the Maritimes.

An official of the Railway Company, who for the past six months has been engaged in work in the Maritimes, and who is a native Dane, is now in Europe organizing the work to bring over the new settlers. The recent survey conducted by Dr. Black's Department was carried out by F. J. Freer, Superintendent of the Department of Land Settlement, work in the West Mr. Freer is known as one of the most expert land settlement officials in Canada, and his survey, extending as it did through out all three of the Maritime Provinces, revealed many splendid opportunities for family settlement. The efforts of the Railway company's organization for this work will now be directed towards compiling all details in connection with the work for land settlement in the Maritimes, and placing families upon these lands under as favorable circumstances as possible. The Land Settlement Association of the Canadian National Railways was organized in 1925, and has been successful in placing many hundreds of families on land in Western Canada.

With the extension of the activities to the East, the Railway Company hopes to increase the settlement of a very desirable type of settler from the old country during the coming years.

Coach for Red Ravens Arrived on Wednesday

"Hec" Grinley, recently engaged to coach the Red Ravens hockey team through the 1929 season arrived in Digby Wednesday afternoon and with the cold snap on Thursday it looks as though he might be able to start right in on ice training.

The Ravens had a turnout on the ice pond on New Year's Day and played up good so far as conditions permitted. A host of small boys gave the players a run for it, and boasted that Charlie Elyson was the only player who could "go through them."

The ice pond was fairly good, a little creek; in spots, but no duckings were reported.

All members of last year's ladies hockey team are ready for a new team this winter according to the Red Ravens. Last winter the girls had a lot of fun out of the game and are going to organize again this winter, and "Hec" will have a splendid look after when they get ready for the ice.

OBITUARY

MR. HARRY SANFORD

The tragic accident at Rood's Hollow Bridge, Bear River Road, on Friday night, resulting as it did in the instantaneous death of Harry Sanford, has cast a gloom over the town of Bear River where he was well known and had many friends.

Mr. Sanford was born at Prince George, Vancouver, B.C., thirty years ago, the son of Mr. and Mrs. Zenas Sanford, and has always resided at Princetown or lately at Clementsvalle. He was of a bright, cheerful disposition and a great favorite with his associates and friends and his passing has occasioned much sorrow and deep sympathy for his immediate relatives.

He leaves a wife, formerly Miss Bessie Wright, daughter of George Wright, of Princetown, Anna, Co., and three young children, his father and mother, Mr. and Mrs. Zenas Sanford, two sisters Mrs. Harold Fisu, Princetown, Mrs. Genos Sanford, Clementsvalle, and four brothers, William, Clementsvalle, Chester, Princetown, Norman and Clifford, Clementsvalle.

The largely attended funeral service was held on Monday afternoon at Mr. Norman Sanford's residence, conducted by the Rev. George Durkee, pastor of the Central Baptist church, assisted by Rev. A.W. Smith, of Clementsvalle, and interment was in the cemetery at Clementsvalle.

The Philathea Class held their social evening in the vestry on Thursday evening.

Long on Promises

The Packer, produce paper, calls attention in a recent issue to a concern in New York which is circularizing growers in the Southeastern States. The circular is to producers of potatoes and other produce crops. Potatoes are to be contracted for at \$6.50 per barrel for No. 1 and \$5.00 per barrel for No. 2. There is a membership fee and it would appear as if the concern is interested in picking up this membership fee of \$5.00. The street address given by this concern does not even exist. Apparently the concern is still many suckers left to lie with the hopes of getting something for nothing. Only last spring, orders for seeds were taken by an individual operating under a firm name in this Province. In some instances these orders were not filled, in others they were partially or improperly filled. Stock has also been sold by this so called firm and there were many takers in the Province—Department of Natural Resources News Bulletin.

The Most Reliable Remedy for Backache

Mrs. E. Taylor Strongly Recommends Dodd's Kidney Pills

Newfoundland Lady Benefits Greatly By Their Use

Boat Harbor, Nfld. Dec. 31 (Special) "I have found in Dodd's Kidney Pills a relief for Backache," writes Mrs. E. Taylor, a well known resident of this place. "They have helped me at different times when nothing else would. I can recommend Dodd's Kidney Pills to anyone. They are most reliable."

What Mrs. Taylor states is all that has ever been claimed for Dodd's Kidney Pills—that they are good for sick kidneys. The road to good health lies through the kidneys. If they are kept strong and well, all the impurities are strained out of the blood. If they are weak and out of order the impurities stay in the blood and disease is the sure result.

Dodd's Kidney Pills keep the kidneys in good condition to do their work of cleaning and purifying the blood. Weak, nervous, run down women should give Dodd's Kidney Pills a trial at once.

Bi-Lingual "Chanty" Sea Discovered

RALPH CONNOR

Ralph Connor, the well known Canadian novelist, collected recently from a half-breed voyageur in the Canadian Northwest, a highly interesting folksong which will be sung at the Vancouver Sea Music Festival next January by Ulysses Paquin, of Montreal. This song is half French, half English, the first part being the story of a habitant Colin while the chorus is an English sea chanty. "Blow ye winds of morning," the bi-lingual song appears to have been popular many years ago at a time when white pine was exported in large quantities on the old sailing ships from Quebec which carried overseas the logs rafted down the St. Lawrence from the Ottawa River. The word "chanty" is considered by some authorities as connected with the "shanties" of the Quebec lumberjacks who frequently were sailors as well as woodmen, and always sang at their work. According to Ralph Connor, the half-breed or metis from whom he secured this song was a handsome chap with beautiful voice and manners and was a first-class seaman. A number of purely French lyrics which were sung well will be sung by Ulysses Paquin, at Vancouver, as the intention is to make this Sea Music Festival as Canadian as possible.

Mr. and Mrs. Carl Nichols, Mr. and Mrs. D. B. Wright and Mrs. J. E. Sherman attended the entertainment on Thursday evening of Keith Lodge at Bear River in celebration of Saint John's Day.

Mr. and Mrs. H. E. Snell of Bear River, Lawrence Snell of Sydney and Carol of Acadia University spent Monday guests of Mr. and Mrs. L. E. Sherman.

Mr. and Mrs. C. G. Harris entertained a family dinner party on Christmas Day.

Frank Adams, Charlie Ray, J. E. Rawling and Garfield Curtis were home for the Christmas holidays returning to Liverpool on Wednesday.

Mr. and Mrs. S. A. Spurr left Friday for Boston where they will spend a few months with their two daughters in Lynn.

The Christmas concert given by the Deep Brook School under the direction of their teacher, Mr. Garret Wright, was held in the Baptist Hall on Thursday evening, Dec. 10th. The hall was filled with a large number of interested people. Mr. Robert Spurr of the Board of Trustees acted as Chairman. The songs, dialogue and readings were all good and much credit is due to those who took part therein, and the teacher who spared no pains in training the scholars. The Christmas tree was well filled with gifts for all which were distributed by Santa himself. The silver collection taken amounted to \$10.00 which will be used to purchase books for the School Library.

Fatal Accident at Bear River

Friday night a truck belonging to Genos Sanford, Clementsvalle, Anna, Co., and driven by Harry Sanford, also of Clementsvalle, plunged through the rail of Rood's Hollow Bridge, falling a distance of over fifty feet to the bed of ravine and instantly killing the driver, who was found about midnight, pinned under cab of truck being apparently instantaneous.

Mr. Sanford was alone in the truck which was empty, and accident was probably due to the dangerous curved approach to bridge and slipping condition of road.

Dr. A. B. Campbell, of Bear River, accompanied the men who were first on the scene, and in his evidence given at the inquest held Saturday morning, stated he believed death was instantaneous, judging from the wounds on head.

The jurv at inquest brought in a verdict of accidental death, and recommended that the Highway Board take measures to correct dangerous curves at approach of Bridge.

Missionary Society Meeting

The Women's Missionary of the United Church held their first meeting of the year at Mrs. Robt Benson's.

The society have reached their allocation having raised during the year \$113.80 and remitted to headquarters \$102.00.

The Study Book has been very interesting and much enjoyed at our meeting.

We have sustained a great loss by the death of our Life Member, Miss Florence Vroom. We shall all miss her from her accustomed place at our meetings. There have been two new names added to our membership, making a total of twenty-two members.

We are looking forward to another year of service in His work.

Tree and Entertainment

A Christmas tree and school entertainment was held in Oakdene Hall on Thursday evening, Dec. 20th. The entertainment, consisting of a Cantata, Pantomime, recitations, dialogues, and a one act play was much enjoyed by all. At the closing of the program gifts were distributed from the large and beautifully decorated tree. Much credit is due all those who took part therein, and the teachers who spared no pains in training the scholars.

The proceeds of the entertainment will be used for school purposes.

HIGH PRODUCTION AT ANGUS

Here is shown one small corner of the Angus Shops. Inset, a section of the great machine shop. Lower left, transportation within the shop and right, setting the wheels for a new 3100 locomotive.

Canada's increasing agricultural, industrial and commercial prosperity is making more and greater demands upon transportation and the country's railways must always be a long way ahead of the times in order to keep up with them. That, in a town within a city, sixty-five hundred men with a monthly pay-roll little short of a million dollars will be engaged all winter building, equipping and repairing rolling stock for one Canadian Company reflects not only the immediate benefits of a record crop year, but the encouraging and inspiring confidence of its directors in the continued prosperity of the country. This is particularly true when one realizes that the Angus Shops of the Canadian Pacific which employ these sixty-five hundred men and through them support, say, a community of at least twenty thousand within the city of Montreal, is not engaged in the actual construction of its freight cars and locomotives, that the frames for the passenger equipment are purchased outside and that these shops alone do not handle the whole of the repair work of the system, there being other shops in the west.

The present volume of work and the probability of further increases are due to the orders for rolling stock that have been placed with various Canadian steel and construction companies. The steel frames are built at Hamilton and other points in Canada and are taken to Angus where the finishing is carried out. One hundred and six passenger cars, including sleepers, diners, first class coaches and other equipment will have to be handled shortly by the Angus shops, while at present the construction of 40 cabooses, 7 snow ploughs and 2 rail hoists is going on. At present, also, eleven freight passenger cars and 120 freight cars are being turned out daily, and every five-hours and forty-five minutes, shop time, an overhauled and repaired locomotive is returned to service.

The Angus shops of the Canadian Pacific Railway, situated on the eastern outskirts of Montreal, are the largest diversified railway shops maintained by any railway on the continent. They cover 300 acres of ground and handle each year upwards of 25,000 railroad cars of various sorts and descriptions. The first two of the 3,100 type of locomotive, the largest in the British Empire, were built at Angus by the company's own employees and from its own design.

When visitors from Ontario come to Nova Scotia, they almost invariably remark how much they like the tea we drink down here. The reason is that our teas are thick, luscious, and of the standard MORSE'S, which has been the standard tea in the Maritime Provinces for nearly 60 years.

BUTTERICK PATTERNS AT WRIGHT'S

Mrs. J. W. Henshaw, formerly of Newton Highlands, Mass., has returned to Nova Scotia and is making her home at Riverdale.

The New Year was welcomed in right manner by a dance at the Ocean Grand Casino on New Year's Night. Ripley's Orchestra provided the music.

Coupons in the first Ampliphonic Contest will qualify for the prize if left at the Courier Office not later than Monday night.

SILK AND WOOL HOSE 79c AT WRIGHT'S

Ray Bishop who has been employed at the Pulp Mill at Liverpool returned on Monday.

Dr. and Mrs. W. J. Cormier and child of Weymouth spent Sunday in town guests of Mr. and Mrs. C. J. Beaton.

Miss Ruth Bishop, Miss Jean Anderson, David Daley and Frank Wightman who spent the Christmas holidays at their homes in Digby have returned to Acadia University, Wolfville.

NEW FLOOR OILCLOTHS AT WRIGHT'S

A peculiar thing was responsible for the shut down at the Sissiboo Falls power house last Sunday night. As fast as the water froze the wind broke it up and it filled into the turbine, choking it with snow like particles. It was necessary to shovel it all out before the turbine could operate.

Mr. and Mrs. H. B. Titus and family spent the Christmas holidays in Digby with Mr. Titus' parents, Mr. and Mrs. Stanley Titus, Ellereet, and returned to Moncton, where Mr. Titus is in the civil engineering department of the Canadian National System, on New Year's Day.

Mr. and Mrs. Gerald Merkel of Chicago who spent Xmas with Mr. Merkel's mother Mrs. A. D. Merkel, spent the New Year in Halifax, guests of his brother, Mr. A. D. Merkel, of the Canadian Press, and Mrs. Merkel.

John McCormack of Weymouth was a visitor in Digby on Friday last.

Elwyn Morton who spent the Xmas holidays with his parents, Mr. and Mrs. C. R. Morton, Centerville, returned to the United States on Friday.

Mrs. M. Thériault of North Range was a visitor in Digby on Wednesday.

Dalton MacKinou of Yarmouth was a visitor in Digby on Tuesday enroute to Saint John.

Mrs. R. B. Veniot of Lawrenceton is visiting friends here.

Leger Comeau of Weymouth spent Sunday in Digby.

Just when we in Nova Scotia are getting our skates ground and our snow shoes ready for winter sports, the clothing and furnishing magazines are full of advertisements of next Summer's bathing suits and beach caps. Comforting thought—winter cannot last too long.

Mr. and Mrs. Harry Corbett home from the West visiting the former's parents, Mr. and Mrs. George Corbett, Annapolis. They will later come to Digby where they will be the guests of Mrs. Corbett's sister, Mrs. W. E. Tupper.

Fred DuVernet and Harold Nichols have returned to Halifax to resume their studies at Dalhousie University.

Miss Edith Lynch returned to Montreal on Tuesday after spending the vacation with her parents, Mayor and Mrs. Lynch.

Miss Louise Daley entertained at three tables of Bridge on Tuesday evening, the prizes being won by Miss Edith Wightman and Messrs Victor Turnbull and Geoffrey DuVernet.

Mr. and Mrs. H. T. Warne leave today for Florida where they will spend the winter months. H. T. Warne is accompanying them to Boston on business.

Mrs. Harry Williams left last week for a visit to Montreal.

OVERALLS OF ALL KINDS AT WRIGHT'S

Mrs. H. M. Warne leaves today for Bridgetown where she will be the guest of her parents, Mr. and Mrs. J. E. Morse.

Friends will regret to learn that Mrs. F. E. Bishop is confined to the house with an attack of flu.

Anoted English Clergyman says the world would be better off if the newspapers would suspend publication for a month. According to him it would give people a rest from too much to think about. The Halifax Chronicle asks what the theatre people, the governments and the business world would do without newspapers for a whole month. They might also ask: "What would that English Cleric do, if for a whole month there were no newspapers to publish his fool notions."

Miss Helen Smallie gave her home folks a pleasant surprise on New Year's Day by dropping in on them for New Year's Dinner. Miss Smallie had been over from Saint John for the Christmas holidays and returned the day after Xmas. She was not expected back for New Year's but shortly after the Empress docked on New Year's Day, Mr. Smallie, busy in the store, heard someone come into the shop, and turning to wait on the customer, as he supposed, found Miss Smallie had arrived. She returned to Saint John in the afternoon.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns
Gray, Faded Hair Dark
and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get the mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wright's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

IN MEMORIAM

In loving memory of our dear mother who passed away Jan. 1, 1926, gone but not forgotten by her daughters.

A face that is ever before us
A voice that we cannot forget
A smile that will linger forever.
In our memory we see it yet.
A dear loving mother
Always so patient and kind
One of the best God gave us.
But the memory you leave behind.

Miss Theta White of the Maritime Business College Halifax, who has been spending Xmas week with relatives here left Monday for Yarmouth.

Archie McGrath who has been visiting his mother for a few days, returned to his work in Cumberland Co on Thursday.

Many of their friends assembled at a surprise party on Saturday evening at the home of Mr. and Mrs. Harry Reynolds to celebrate fifteen years of wedded life. Music and games were indulged in and many gifts bestowed accompanied by the good wishes of their friends.

Miss Anna Hayden after spending the Xmas season with her grandparents, left Monday for her home in Yarmouth.

The Neva is still lying in a precarious position and after futile attempts to float her has at length been abandoned, Capt Tupper is salvaging the sails and gear this week.

Wedding anniversaries have been in evidence during the month of December. Mr. and Mrs. Edward Johns celebrated their forty-fifth on the evening of Dec. 26 in the presence of about 75 guests. The bride pair who entered the parlor to the strains of the Wedding March were assisted in receiving by Mrs. Johns' mother Mrs. John Covett, their daughter Elizabeth and grand daughter, Miss Lilian Johns, making four generations. The gifts were numerous including nearly \$100 in cash and a very enjoyable evening was spent. The splendid repast served by their young friends was second to none. The company parted at a late hour wishing the couple many happy returns of the day.

Alex Morash and Morton Allen who have been visiting their parents in Lunenburg returned Wednesday.

Mrs. John McGregor Died at Melrose and Her Daughter Died Four Days Later

The family of the late Mrs. John McGregor will have the sympathy of all in the double bereavement which they have suffered in the death of their mother, who died at the home of her daughter, Mrs. O. F. Gerouard, Melrose, Mass., on Friday last, and of their sister, Mrs. Shannon Blackford, also of Melrose, who died on Monday. In both cases death was result of pneumonia.

Mrs. McGregor left Digby in the Fall to visit her daughters in Melrose. She was taken ill at the home of Mrs. Gerouard just after Christmas and died on January fourth. Her daughter, Mrs. S. Blackford had a slight cold, but did not seem seriously ill. She was better on New Year's Day but running back and fourth between her own home and that of her sister, to visit the sick room of her mother, contracted more cold and on January second the doctor ordered her to bed. She was ill just five days.

Mrs. McGregor was the daughter of Mr. and Mrs. John Rice who settled on the Lansdowne Road, one of the first settlers in that section of the county. She is survived by two sons, Arthur, of Bridgetown and Hugh of Kentville, and two daughters, Mrs. Oliver Gerouard, and Miss Elizabeth, who lives with her brother in Bridgetown. She was 66 years of age. Miss Elizabeth was also visiting in Melrose and accompanied the remains to Digby. In the absence of Rev. E. B. Bishop the funeral services on Wednesday afternoon were conducted by Rev. E. W. Forbes and interment was made in the Baptist cemetery.

Mrs. Blackford is survived by her husband and two children. Her funeral was held yesterday afternoon in Melrose.

Weddings

JEFFERSON-LANGILLE

The marriage took place on New Year's Day at the residence of Mr. and Mrs. G. Handpiker, of Digby, of Helen Ernestine, daughter of Mrs. L. Langille, and the late C. C. Langille, of West Dublin, N.S., to Mr. Harry A. Jefferson, of Digby, N.S. The house was beautifully decorated for the occasion, the bride and groom with their attendants, Miss Connie Woodman and Mr. Stillman Handpiker, standing under an arch of green entwined with pink and white roses. The ceremony was performed by Rev. Forbes of the United Church of Digby.

The bride's dress was of peach colored satin and lace, with the conventional veil and orange blossoms.

The bridesmaid was dressed in pale yellow and rose colored taffeta. Both bride and bridesmaid carried bouquets of roses.

Amid showers of confetti and rice the bridal couple left on their wedding trip. On their return they will reside at Mt. Pleasant, Digby.

Mrs. Steward M. Raymond received the sad news on Monday of the death in Hospital at San Francisco, California, of her brother, Boston Judson Threpper, U.S.N. Mr. Threpper was born at Freeport and was for thirty years in the United States Navy. He saw much service in the Arctic and Behring Seas and was famed as the man who knew more of the Arctic than any other in the United States Navy.

Morrell's New Baby Trawler A Fine Looking Fishing Boat

Captain George Morrell on Saturday brought his new baby trawler, the Symore, into port, to complete rigging. She is lying at the Maritime Fish wharf, Jew Cove and her crew is busily engaged in getting all ready for fishing. Mate Harold Targeson is fitting the trawl purse and Captain Allen has his crew putting on the last minute touches that are always required before getting ready for a trip. Capt. A. Morrell expects to take the Symore out tomorrow to try out the drags. If the run of fish in the Bay continues the Symore will make several trips out of Digby, fishing for the Maritime Fish Corporation.

Captain Allen, who will command her, hails from Lunenburg. Harold Targeson is Mate, Warden Wamboldt is engineer and Clarence Allen is cook. Her crew, nine all told, all hail from Lunenburg.

The Symore is 92 feet over all length, 20 feet beam and draws 5 feet. She is fitted with a 6-cylinder 150 horse power Standard engine and is equipped with every mechanical device for lightening the work of handling the trawls and fish. She has electric pumps.

Captain Morrell says she is a "sweet" boat, can sail faster than the Alanca or his other trawler and slips through the water as nice as you could wish. Coming up from Yarmouth against an ebb tide all the way she sailed as nice as could be. They left Yarmouth at 8:00 in the morning made a good run all the way. "When her engines get worked out she will develop still more speed."

Notice of Meeting

Clementsvale Man Dies in Seattle

Frank Munro Burrell, third son of the late S. P. Burrell of Clementsvale, passed away very suddenly at the Providence Hospital, Seattle, Wash., after what was thought to be a very successful operation. Relatives were planning his return home when suddenly he became very ill and died within a few hours.

Mr. Burrell was forty-six years of age, had been a resident at Seattle for five years moving there from Saskatchewan.

To mourn his loss he leaves a wife, one son Gerald, three sisters and two brothers, Perry E. Burrell, of Tate, Sask., Charles E. Burrell, of Portmouth, N.H., Mrs. Hugh Corrigan, Tate, Sask., Mrs. C. W. Varrall, Portmouth, N.H., Mrs. J. C. Heden, Hartford, Conn.

Interment was at Forest Lawn Cemetery, Seattle. Rev. Burgess conducting the services.

If Food Disagrees Drink Hot Water

With Magnesia to Neutralize Acid and Stop Indigestion Gives Instant Relief

When food lies like lead in your stomach and you have that full, uncomfortable bloated feeling, it is because of insufficient blood supply to the stomach, combined with stomach acidity and food fermentation. In such cases try the plan now followed by thousands of former sufferers from indigestion by simply taking a teaspoonful of pure Bismuth Magnesia in half a glass of water, as hot as you can comfortably drink it. The hot water draws the blood to the stomach and the Bismuth Magnesia, as any physician can tell you, instantly neutralizes the acid and stops the food fermentation. Try this simple plan and you will be astonished at the immediate feeling of relief and comfort that always follows this simple, harmless restoration of the normal process of digestion. People who find it inconvenient at times to secure hot water and travelers who are obliged to take heavy meals upon "preparation" should always take two or three grain tablets of Bismuth Magnesia after meals to prevent food fermentation and to neutralize the excess acid in their stomach.

Where Are The Amateurs?

Officials of the M.P.B.A.A.U. are getting a lot of publicity lately over their statement that the "residence clause" and other amateur rules will be strictly enforced in Nova Scotia in the hockey season of 1929. It is strange that these officials should wait until the New Year before making any statement of this nature, particularly as the playing roster of many clubs reads more like a list of members of a globe trotter's club than it does of a strictly amateur sport organization. Halifax Wolverines, Halifax Socials, Kentville Wildcats, Truro Bearcats. Look over the list of players and you will find players from Ottawa, from almost anywhere but Nova Scotia. Glennie, of Oxford, is on the Kentville roster, as one example, and a press despatch published only last week reported negotiation for a player from Ottawa to come and give the Wildcats a hand.

Now Glennie may be playing with Kentville just for the fun of the game. His town mate March-

ant may also be playing for glory on the same outfit. And all the other "tourist" players may be wearing uniforms just for the love of hockey. But somehow we don't think so.

It looks from the penalty box as though the best thing that the M.P.B.A.A.U. could do would be to cease to function so far as most teams in Nova Scotia today are concerned and for the next few years devote itself to building up some real amateur hockey among the young fellows.

OBITUARY

MRS. RACHEL BROOKS

Mrs. Rachel Brooks, widow of Harding Brooks passed away on December 29, 1928, at the home of step-daughter, Mrs. Burton L. Bruce, on Pond street, Avon, Massachusetts. Funeral services were conducted by the Rev. E. S. Harrison, at the Sampson Funeral Home in Brockton, Massachusetts. The body was laid to rest at Weymouth North, N.S., her girlhood home where she was born ninety one years ago. She was married to Harding Brooks of Weymouth North and mothered his ten small children with love and devotion. Tender, kind, sympathetic and helpful her great heart went out to her step-children, winning in return their love and respect. Mrs. Brooks kept the youthful spirit until the very last, in the personal affairs of her many friends among whom her loss will be deeply felt. Her long life has been an inspiration to all who were privileged to know her. She is survived by seven step-children, thirty-five grandchildren and twenty great-grandchildren.

SCOUT NOTES

Earl Anderson won points and his proficiency badge and Scout Keen won points for passing his cooking tests at last week's meeting of Digby Troop Boy Scouts.

The scouts who missed out on the Christmas Tree Soirée, got their gifts at the meeting.

No special scout work was done. The essay on the Pear Tree, was written by Scout Cowan.

After scout meeting dismissed most of the scouts went to the rink.

Patrol Leader Earl Anderson, of Beaver patrol, went to Halifax on Friday to take his tests to pass as one of the scouts selected to represent Nova Scotia at the Big Jamboree. There were only four scouts from Western Nova Scotia. One from Kentville, one from Bridgewater, Annapolis and Digby. The Kentville candidate held 15 proficiency badges. Tests in camp cooking, work and other scout requests were conducted. Earl says he did pretty well.

He returned home on Monday afternoon.

Veteran in D.A.R. Service Dies at Kentville Home

William W. Clarke, for 47 years as employee of the Dominion Atlantic Railway, and senior ranking conductor, prominent citizen of Kentville and a Past Grand Master of the Grand Lodge, I.O.O.F., of the Maritime Provinces died at his home at Kentville at 3.15 o'clock, Sunday afternoon, at the age of 64 years a victim of influenza and pneumonia.

Mr. Clarke, who had been conductor on the D.A.R. train, operating daily between Kentville and Halifax for the past few years, was taken ill on Thursday, December 20, but although there was an unusual amount of traffic during the days that followed stuck to his position until the day before Christmas. His condition steadily became worse, and the flu developed into pneumonia. For several days, his life was despaired of. With the coming of cold weather, on Friday, he rallied and hopes were entertained for his recovery but with the change again Saturday night, in the weather, his condition became steadily worse.

Conductor Clarke, as he was known to everyone, was not only esteemed in Kentville where he had resided the later part of his life, but by and down the D.A.R., from Halifax to Yarmouth. To Truro and Windsor, and wherever his duties called him, he was because of his courteous and obliging manner, and of his eagerness to assist and do everything within his power to make the travelling public more comfortable, also highly esteemed. The manner in which he carried out his duties did much to make the D.A.R. popular with its patrons.

Mr. Clarke's long service on the railway made him a leader in the new, as well as the old school of conductors of which, he, with Norris Margeson, now retired; William Herbert, still on duty, and the late Joe Edwards, are best remembered by people living along the D.A.R. at present.

Because of his prominence in the I.O.O.F. he was also well known throughout the Maritime Provinces. In the Grand Lodge he has held every office including that of Grand Master. He attended many conventions of the order, held in all parts of Canada and the United States, and one of his chief hobbies was his collection, numbering over 1500 of Odd Fellows' convention badges, gathered from all parts of the world.

William Clarke was born in Hantsport, on August 23, 1862, the son of the late J. L. Clarke, who was himself a conductor on the old Windsor and Annapolis Railway, and later on the Dominion Atlantic Railway, being one of the first conductors in the history of the road. He served, altogether, slightly over fifty years, making the record of service given by him and his son, to railroading on this line approximately 100 years.

When William was in his early teens the family moved to Annapolis Royal and on March 17, 1881, he entered the employ of the old Windsor and Annapolis Railway, as water boy. He rose rapidly in the train service, and many years ago received the appointment of conductor.

He was a member of the Truro Branch of the Order of Railway Conductors, of Hiawatha Lodge, No. 57, I.O.O.F. of the Kentville Lodge, A.F. and A.M. No. 58.

The intense interest that Mr. Clarke always manifested in his duties is best described by an incident that occurred during his last illness, during which he constantly discussed railroad matters. Several nights ago, while delirious, he insisted that he must go out on his run, and refused to be quieted until an order signed by the despatcher had been given to him, cancelling his run for the day.

Mr. Clarke is survived by his wife who was Miss Gertrude Holmes, daughter of the late Capt. Geo. Holmes, Hantsport; one twin brother, Wilbert Clarke, Halifax; a sister, Mrs. Nellie Thomas, St. John, N.B., and a step-sister, Mrs. Asoph Newcomb, Hantsport. Mrs. Charles Harris, Kentville, is an aunt.

The funeral services were held at 1.45 o'clock, Tuesday afternoon, from the family residence, with Rev. C.W. Rose, officiating. Interment will be at Hantsport.

Red Ravens Get First Work Out on the Ice

The first ice work out of the Red Ravens Club was held at the rink on Friday night and again Saturday night. Coach Gimley is confident that he took over a bunch that will make a hockey team if the promises of the work out hold good in actual hockey.

No question about the goal—Big Bill Eldridge is there to stick, and there is another for substitute.

Four applicants for defense positions showed up and from these two good ones will be available.

For the forward line Hyson is likely man for center with Babrik Mayer, Muise, Walker, Casey, McDowell and Raymond to complete the line.

The soft weather following Friday's cold snap knocked the bottom out of the rink, so nothing more can be done but Coach Gimley hopes to get another practice or two this week and will be able to pick the line up for the first game by Thursday night.

Babrik is a left winger, comes from Moncton, and Mayer is a Halifax lad who is on the right wing. The rest of the gang everybody knows, since they all played hockey here before.

"State Street Sadie" Cyclone of Thrills

"State Street Sadie" is the thrilling successor of "The Girl from Chicago" which won such clamorous approval for the three featured players, Conrad Nagel, Myrna Loy and William Powell, the capable trio seen in "State Street Sadie" in the exciting aftermath of a bank robbery in which a member of the police riot squad has been shot.

Myrna Loy, daughter of the murdered cop, set forth to capture the assassin, and her suspicions gravitate between Nagel and Russell in a series of hair-raising adventures which culminate in the discovery of the perpetrator of the robbery party in the midst of a wild life in which gangster and officers of the law clash.

Other members of the cast are those two masterly interpreters of the tough gang—Fred Stone and Fat Harrigan. There are of course a large number of supernumeraries which add to the picture of Chicago's "Loop" district, which is locale for the sensational crime picture.

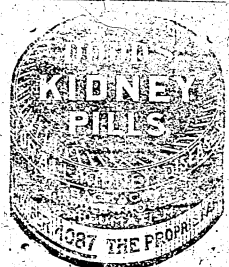

Melville Crossman wrote the story of "State Street Sadie" and the screen adaptation was made by the clever E. T. Love Jr. Directed and given over to Archie Mayo, who has acquitted himself splendidly.

"State Street Sadie" is coming to the Bijou Theatre Tuesday night.

Greta Nissen, Evelyn Brent Featured in Meighan Picture

From Cuba to New York came Capt. Dan Kirby and his beautiful bride, Maria. Winter had settled down on the city and its great crowds frightened Maria. Then when on their first night in a new land, her husband mysteriously disappeared, everything seemed to turn up side down.

With but a limited knowledge of English to aid her, Maria didn't know where to turn. The Bureau of Missing Persons was unable to locate him. Then, the description of an unidentified man appearing in a newspaper, sent Maria out hopefully to a Park Avenue hospital. Not trusting her feet to get her there, she summoned a taxi. She hailed a taxi. Stepping in, the pair of hands drew Maria to the floor, gagged her mouth and darkness fell.

That's the way Thomas Meighan's latest Paramount production, "Blind Alley," starts. Greta Nissen is the bride and Evelyn Brent, the other woman. Curious to know what happens to "Tom" who Greta's abductor, and "Blind Alley" will be at the Bijou Theatre tomorrow night.

Now You Can Get Delivery On The Famous "Four-Twenty"

ROGERS Batteryless RADIO

Only \$165 Complete (except Speaker)

The Biggest Value in the Whole Field of Electric Radio

It would have been nice, of course, to have had a Rogers in time for the Holidays—but even some of the folks who ordered sets early were disappointed this year. The flood of orders from those who wanted Batteryless Radio was more than the Rogers factory—even with its enlarged facilities—could take up temporarily. Now, however, you can get delivery on practically any of the new 1929 Models—including the famous "Four-Twenty" Model shown above.

This Model "Four-Twenty" Rogers is, just as our heading states, "The Biggest Value in the whole field of electric radio." The model that preceded it was first introduced to the public in 1926 and outside all other electric sets in 1927 at \$225! The present price of \$165 is only possible because of Rogers' greatly increased production and you can rest assured that if any other comparable electric radio could be sold at this price you would soon hear about it.

Ask Us To Show You...

Test this famous model as to distance, selectivity, volume, tone-quality (and every wish) in your own home at our expense. If it doesn't perform to your entire satisfaction send it back. It does—and it will—we make it easy for you to keep it.

King Mithridates' Flour Mill—2,000 Years Ago

THE original genius who put water power to work is unknown—but to Rome goes the credit for bringing the invention to light. It was by the spoils of war that the Romans first discovered the horizontal, water-wheel flour mills near

the castle of King Mithridates of Pontus in the year 65 B.C. The Romans brought these small mills to Rome and erected them on their aqueducts.

After the watermills, came windmills, then mechanically driven flour mills. But it is a far advance from the flour mills of even the beginning of the present century to the modern marvels which produce Maple Leaf Flour—a product so expertly milled and so carefully tested that a guarantee of uniformity and satisfaction is given with every bag. Try it for your next baking.

Report of the Year's Work of The Ladies' Aid of The United Church

I beg to submit the following report—

The Ladies' Aid of the United Church has a membership of 71. Have had 8 new members added to our roll this past year. One removed by death. The average attendance is from 18 to 35 members. Have held 50 regular meetings. In April we had a Apron and Pantry Sale, proceeds \$35.75. In July served supper to the Masons, proceeds, \$75.00. In Sept., a corn supper, proceeds, \$25.00. In December our annual chicken supper and sale, it was a success, proceed, \$76.92. Our Aid picnic was held at Morton's Point July 10th, with an attendance of 28 members. The sick and visiting committee have done splendid work have reported 470 calls during the year. In March we adopted the Sunshine Bag, and it sure has carried a bit of sunshine into a number of homes. 15 dozen of oranges and 9 lots of ice cream have been sent to the sick. Besides cards of sympathy to our members. In the Sunshine Bag we have had, 13.94 in pennies and paid out \$13.94 and still have 3 pennies on hand. Have made 5 little puffs and sent to the little wet strangers. Quilted two large wool puffs for a party during the year. We have rewired the parsonage and bought new fixtures, besides other work. Also have what we call a Flag drill every second Tuesday of the month, from which we earn a little extra money. At Xmas six baskets of fruit were sent to the sick ones. Also 20 Greeting Cards were sent to our absent members and shut in's. Have raised \$462.81, paid out \$247.08 and have on hand \$210.40. The officers and members have worked to make 1928 The Banner Year.

Respectfully Submitted,
FLO. I. HARRIS,
Rec. Secy.

Beware of the "Flu"

Practically all Nova Scotia is just now in the throes of a widespread epidemic of influenza though fortunately it is generally a very mild type. Health authorities in some sections fear it will become more virulent, which makes necessary the utmost precaution. The United States Health Service, which is doing much to warn the people not to trifle with the disease offers the advice in light vain to "take the flu" lying down. Go to bed at once and call physician in the general admonition.

Industries and public services every where are heavy sufferers from such epidemics. Hundreds of workers in telephone and transportation and other occupations are off duty. Fortunately, however, the death rate to date is practically nil, and pneumonia cases not frequent.

Nurses are busy, while the hospitals are more or less taxed as a result of the epidemic. Though the doctors say there is a general spread of the disease in this town and county it is not serious, although there appeared to be very many persons ill with the flu, but not one is serious. It is well to allay alarm, but it surely was to induce care and caution and to take such action as prevent spread as only officials can take.

Surgeon-General Cunnningham of the United States has issued a series of recommendations for the general public which are worth the attention of every one, as follows:

1. Avoid needless crowding. Walk to work with purpose.
2. Take advantage of sunshine.
3. Sleep with windows open.
4. Avoid people who are coughing, sneezing or snuffling.
5. Wash your hands before eating and do not put your fingers in your mouth.
6. Do not use napkins, towels, spoons, forks and drinking cups unless they are clean.
7. Use plenty of clean water, both inside and outside the house.
8. Keep away from houses with influenza.
9. Avoid undue chilling of the body.
10. Avoid dust and overworked rooms.
11. In case you do contract the disease, go to bed as soon as symptoms develop and remain there until thoroughly recovered. Call a physician at once.

Twenty years ago large part of the world was swept by a serious "flu" scourge, resulting in great loss of life. It is time to be careful now, that there should be no repetition of that event.

Nova Scotia Lady Used Dodd's Kidney Pills

Mrs. S. A. Crowe Suffered With Kidneys and Rheumatism
Stewiack, N. S., Jan. 7 (Special)
"I was suffering with what the Doctor said was sluggish liver and kidneys and a little Rheumatism," writes Mrs. S. A. Crowe, a well known, well respected place. "I took three boxes of Dodd's Kidney Pills and was much better. I am now able to do my work. I am 65 years old and can assure you that Dodd's Kidney Pills are a great medicine. I keep them in the house all the time."
It is on account of the good work that Dodd's Kidney Pills do that they occupy such a prominent place in the family medicine chest. So many of the ordinary everyday ills come from sick kidneys, rheumatism, backache, lameness, urinary trouble and heart disease can be traced directly or indirectly to sick kidneys.
Dodd's Kidney Pills can be obtained from druggists everywhere, or the Dodd's Medicine Co. Ltd., Toronto 2, Ont.

To Check Flu-Grip

Fight the Germs with Vapors Before They Can Get a Start

Treat All Colds Promptly But Be Careful Not to Disturb the Digestion With Too Much Dosing

While Flu is so prevalent everyone should take precautions to prevent its further spread. Flu is generally accompanied by a headache, burning eyeballs, and aching joints. But it begins so many times with just an ordinary cold.

Too often, the colds are neglected until they have lowered the vitality and permitted the lurking germs of influenza, or pneumonia to "get a foothold."

The only safe plan is to attack a cold at the very start. A hot bath, a laxative, and a vigorous application of Vicks VapoRub on the throat and chest at bedtime, will usually break up a cold overnight.

External Treatment Best For hours after Vicks is applied its ingredients, time tested remedies, such as camphor, menthol, eucalyptus, thyme and turpentine, are vaporized by the warmth of the body, and inhaled right to the inflamed air passages. At the same time, the ointment acts

'Fruit-a-tives'—Stopped Pain and Terrible Dizziness

Mrs. GORDON

It seems almost a miracle—the way "Fruit-a-tives" benefits women suffering at the change of life. "I was obliged to go to bed because of the terrible dizziness, pain and weakness," writes Mrs. Gordon. "During this trying time 'Fruit-a-tives' proved a godsend to me, and now I am in perfect health. Every woman should follow my example and take the 'Fruit-a-tives,' and they would surely get the wonderful relief that I did." Try it. Your dealer has this wonderful fruit medicine—25c and 50c a box.

Three Team Schedule Will Play for Dennison Trophy

Digby: Red Ravens, Royal Annes, Annapolis, and the newly organized Church Point. "Acadians" will comprise the western loop of the N. S. A. and will play for the Dennison Trophy presented for play by Mr. A. J. Dennison of Riverdale, R.I. and won last winter by the Red Ravens.

"Les Acadians" are a new entry into hockey league circles, and will play their home games on Digby ice, their plans for an enclosed rink at Church Point this year not having materialized.

Church Point's club was organized last week with R. Fother as President, V. C. Melanson Vice President and Coach, A. P. Melanson Secretary and Manager.

Coach Melanson is a "flying Frenchman" on skates and when a member of the Red Ravens Club was a whirlwind. He knows a lot about the game and if he can make the Pointers see things his way the ice is going to have a lot of work to beat them.

A meeting was held in Digby on Monday night to draw up a schedule and the list will have to go to them to be approved, but it will make the game here tonight—Les Acadians and Red Ravens.

Les Acadians and Red Ravens

This old-fashioned, pure, and wholesome food medicine is a preparation of the finest cod liver oils, scientifically blended with other valuable ingredients by specially designed apparatus. This is why it is easily taken up, even by a weak and nervous system, and really builds new strength to fight off colds and coughs. It soothes and heals the breathing passages. Its gentle laxative effect helps to drive out impurities and its pure blood elements build new flesh and strength. It is safe to take because it is guaranteed free from alcohol and dangerous drugs.

Miss Frances Clarke who for the past years has been confining at her home here, after a severe attack of pleurisy which she contracted while a student nurse at the N.S. Hospital, Dartmouth, N.S., has regained her usual health, and joined the Yarmouth Hospital nursing staff recently. Her many friends wish her good health and success.

She was married in June, but did not go homekeeping until September. And do you know the first thing she did in her new home? The first thing she did was to boil the kettle, and make herself a cup of MORSE'S TEA. That was a good sensible thing to do, wasn't it?

The Women's Institute held its regular monthly meeting at the house of Mrs. George Austin Dec. 12th. The two matters chiefly dealt with at this meeting were plans for entertainment at the Social Evening or annual Open Meeting to be held this year at the Seventh Birthday celebration of our Institute, two days later on Dec. 14th; and the arranging for and appointing a special Committee for Christmas Cheer to be sent to invalids and shut-ins.

The evening of Dec. 14th Friday, the Institute members and their families and invited guests, met at the home of Mrs. T. O. Morgan, our Institute's unfailing reliance in the matter of hospitality. The chief entertainment ladies music, was a Spelling Match, which we had tried once before with pleasurable success. There is no better means of shaking together a mixed gathering of ladies and gentlemen, and as nobody is a perfect speller, all well beyond school age, than the old-fashioned spellingmatch, with a leader and two captains previously appointed; the choosing of competitors, one by one for each side, and the trying to win all pupils over onto one side. Finally the "spelling" of the winners, one side, reducing the winners to two—Mrs. E. J. and Jojo. prize. Mrs. William Woodman took the first prize. The amusement is unfailing; and as nobody is a perfect speller, those least expected are likely to get caught. This was followed by the entrance, in state, of an imposing Birthday Cake in three tiers topped with seven candles. This was served, after ceremonious touting with delicious coffee and sandwiches; and the evening ended with a heartfelt singing of "God Save the King" expressing in the minds of all a real prayer for His Majesty's recovery from illness.

The following week the Christmas Cheer Committee met at the home of Mrs. George Austin, and prepared fourteen boxes of fruit, candy, and other special dainties suited to special cases, each accompanied with a Christmas Greeting Card. The boxes were prettily decorated and much pains taken to make the packages attractive. Greeting cards were also sent to absent members, as well as one to Miss MacDougall our superintendent. The recipients of the boxes of cheer included not only actual invalids, but elderly people and honorary members, and some who while not actually ill are prevented by conditions of health from attending meetings or taking part in Institute activities, some being former active members. The boxes were delivered in person the week before Christmas.

SOOTHING HEALING ANTISEPTIC

Miss Elsie McLuhan of Weymouth, a noted reader and impersonator, will give a recital in Grace United Church Hall next month. Following is a notice of her work from the Calgary Herald: "Over eight hundred Calgarians greeted the noted impersonator and dramatic reader, Elsie McLuhan at her recital in First National Church. This artist has a charming stage presence and a beautiful voice capable of expressing all phases of human emotion from deepest pathos to lightest humor. Her diction is faultless, and the suggestion of her personality commands her audience's undivided attention." Miss McLuhan was at one time a resident of Smith's Cove and has many friends in this part of the country. She will doubtless have a large audience when she comes to Digby.

Alterations at Bijou Dream Theater Begun

Carpenters this week commenced work on the alterations in the Bijou Dream Theater. The new booth will be ready for Tuesday's program and then the old booth will be taken down and the balcony started.

The work is being done under the direction of Major Denton while the electrical installations are in charge of Art. Robinson, using armoured cable.

Under the insurance and theater regulations the booth is constructed of fire proof wall board covered over with tin, and the only opening into the theater auditorium is through a small trap door to permit the projection of pictures. To this is attached a fireproof drop door which is to be attached in such way that it would be dropped in place in the event of fire.

Short Course at Meteghan

The short course held at Meteghan, Digby County, January 2nd to 4th was a decided success. A section for women was added this year and proved the feature of the course in that the women attended better than the men. The two evening meetings were well attended by all. The men in many instances were kept from the day meetings due to the work in ship building yards. Raymond LeBlanc, Agricultural Representative, was assisted by C. Eric Bouden, Agricultural Representative, Windsor. Prof. W. S. Blair, Superintendent of the Dominion Experimental Farm, Kentville; and Misses Ceneth Thomas and Hazel MacMullen of the Women's Institute Branch, Truro. Short courses are also being planned at Salmon River and Little Brook.

Thirty Men Laid Off at Warne's Mill

The seasonal lay off at Warne's Mill began this week when thirty men were laid off the pay roll. This will be a matter of several weeks, and is serious for those affected.

Grace Church Brotherhood With Their Ladies Celebrate First Anniversary

The first anniversary of the Men's Brotherhood of Grace United Church was most pleasingly celebrated on Tuesday evening when the members and their ladies enjoyed a well balanced programme of refreshment for the mind, the musical and dramatic taste and the inner man. The programme was arranged by the Vice President, Principal Churchill and the Secretary, Mr. J. A. Appleby. There was an attendance of half a hundred.

In the absence of the President, Dr. Dickie, Mr. Churchill presided. The program was as follows:

Trumpet Solo Earl Anderson
Piano Solo Eric Armstrong
Choruses Mr. Theriault, Piano, Mr. Dillon, Song Leader
Recitation Miss Edith Burnham
Address "My Trip to Home" Town Clerk Boden.
Banjo Solo Lawrence Dickson, accompanist, Miss Phyllis Dakin
Recitation Miss Burnham
Piano Solo Mr. Armstrong
Orchestra Numbers Miss Dakin, Piano, Mr. Dickson, Banjo, Mr. Lawrence McPhee, Traps
Trumpet Solo, the National Anthem, Earl Anderson.

Each number was heartily applauded.

Mr. Boden's address was most interesting. Naturally he was restricted to "high lights" of the trip, for who could pack a three months vacation and a journey of some six thousand miles into a twenty minute talk. But his selection of incidents, of places which he had seen, and one notable incident which occurred while he was away, was most interesting. It took his hearers from Halifax to Newfoundland, across the Atlantic by the northern route to Liverpool, up to London Town and down to Eastbourne, to Dover and Boulogne, and to New Haven and Dieppe, then back to London and up to Manchester, to Birmingham, to Nottingham and to Mr. Boden's boyhood home before coming back again to London to take train for Southampton and the trip back to Canada. The talk included short descriptions of historic places, The Tower of London, Westminster Abbey, the Cenotaph and Buckingham Palace were briefly described in a manner that brought them clearly forth to those who had never seen them and to those who had not, gave a new mind picture to link to these names in their memories.

A vote of thanks to Mr. Boden for his splendid address was moved by Rev. E. W. Forbes and seconded by a round of applause which conveyed to the speaker of the evening the thanks of all present.

Miss Louise Daley and Miss Gertrude Oliver were joint hostesses at six tables of bridge on Thursday last at the home of the former, the first prize being won by Miss Frances Casswell and the second by Miss Marion Shreve.

Captain Morrell's new baby trawler, the "Symore" was taken out on Wednesday to try out her drags, and made a most successful trip. Not many fish were taken, but not many were expected. The gear worked fine, and the engine good. Captain Morrell is more than pleased with the new boat and her crew.

Mr. Frank Anderson of the Maritime Fish Corporation accompanied Captain Morrell on the trials. He told the Courier that the new boat is certainly a beauty. The Bay was a bit rough but the Symore couldn't have behaved better. She is a dandy sailor and steady.

Course in Appreciation of Art

An effort is being made in Digby to organize a class in the Appreciation of Art under the new Adult Education policy of Acadia University. The plan has been adopted by other of the Valley towns, and a course of five lectures, beginning February 10th, is to be given by Mr. Stuart Dick, formerly official lecturer with the National Art Gallery of London and extension lecturer at Oxford University.

The lectures, one of which would be given each week of the course, deal with Art in Daily Life or the art which surrounds us in our homes. The good and bad qualities of house structure, design, furnishing, decoration, types of pictures and their frames, and the art of dress and deportment are each given consideration and illustrated by objects that slides.

In order to bring the course to Digby it is necessary to secure an enrollment of twenty members. Mrs. Hubert Warne being in charge of this part of the arrangements. It is to be hoped that the required number may be secured as Digby needs more opportunities like this of an educational nature. If this course is successful a further opportunity will be given for a course in Appreciation of Literature.

Red Ravens Win Both Games

Red Ravens won both their home games in the opening of the league series.

On Friday the new entry, Les Acadians were the opponents, and Ravens won by a score of four to nothing.

On Wednesday night the old rivals, The Royal Annes came over for their share of the festivities and went home with an 8-3 score against them.

Tonight's game, Annapolis vs Church Point has been postponed. The Ravens are showing results of coach Grinley's training. In the opener they played strictly according to instructions—up, shoot and drop back;—up, shoot and drop back. It was fairly good hockey, with the Church Pointers trying hard.

Wednesday night's game was not so good team work. The old rivalry got the better of the training and individual work was more in evidence. It turned out against Annapolis but would not be so good against a well organized defense.

But at that you have to hand it to the boys for trying hard and making the expenses of the coach worth the money.

Mrs. Frank Nichols and Mrs. George Morrell left last Friday for Boston for a weeks visit.

Mrs. Durkee and Two Children Evade Police Net and Arrived Safe in Digby

Digby figured in the sensational headlines of provincial and United States papers this week over the reported kidnapping from the Protestant orphanage at Nashua, New Hampshire, of Lillian and Churchill Durkee, children of Wallace Durkee, formerly of Digby.

The story as reported is that the children were picked up on the way to school by a woman, supposedly their mother. When the alarm was raised Mrs. Clarence Holt, wife of a police captain in Nashua, reported that she had seen two children on Amherst street, near the orphanage. A woman had caught up the children and run down Cushing Avenue. Before Police Captain Holt could get ready to make pursuit the woman and children had disappeared.

State authorities immediately broadcast a description of the children and of Mrs. Durkee, supposed to have spirited them away. A police net was set at all outboard ports and railway stations and Mr. Durkee prepared to come to Nova Scotia in search of his children.

Mrs. Durkee's story of the flight is simply typical, an illustration of how weak at best is all the web of the law in picking up a wanted person. She simply took the children, went to Nashua station and bought a ticket for Calais, Maine. From there a few minutes took her over to St. Stephen on the Canadian side, where she sent a telegram to Digby, and bought tickets over the C.P.R. to Saint John. Just like that, while the police of seven states were watching for her.

Mr. Durkee left Digby several years ago, having separated from his wife. The children were left with their mother. There is also an older daughter. In November 1927 the Children's Aid Society became interested in the children, who were found to be growing up without attending school. Custody of the children was sought. Mrs. Durkee at that time lived in the South End. She sent the children to school, and on November 17th, the Children's Aid Society having obtained authority, Lillian and Churchill were taken from class by police constable Bowles and taken to Yarmouth, where Rev. Prosser, agent of the Society, took charge of them and took them to their father in Nashua.

Mrs. Durkee endeavored to ob-

Son of Curtis Denton Died Following Operation

Friends of Mr. Curtis Denton were shocked to learn on Tuesday that his young son Russell Denton, had died following an operation at Digby General Hospital.

The boy was taken to hospital on Sunday afternoon suffering with appendicitis. An operation was performed immediately.

He died on Monday night.

Mrs. C. R. Sypher and her sister, Miss Davis left Tuesday for Saint John expecting to spend a month with their parents. She did!

State authorities and officials of the Orphanage are credited with a determination to regain the children and have them restored to the institution. Charges of contempt of court, and of kidnapping are threatened. The arrival in Digby was heralded by a telegram from Mrs. Durkee to her sister, saying she would be here on the Empress and Mrs. Baxter met them at the boat.

Rev. A. J. Prosser, former agent of the Children's Aid Society, and who was instrumental in having the children sent to their father, arrived in Digby yesterday armed with special authority from the Digby and Yarmouth Society.

The Durkee children say they are happy with their mother and glad to be back in Digby. Life in an orphanage apparently had few attractions for them. They say that Mrs. Durkee came to see them often and their father only on Sundays.

Both children are well dressed, and have obviously been well cared for. They are bright, cheerful and happy again with their mother.

The next step will be awaited with interest. Mrs. Durkee says she will fight to keep the children, and the authorities of New Hampshire threaten dire proceedings, of which contempt of court is the least serious. For the present the Children's Aid Society, according to the present agent, will take no action. They have, however, advised the State authorities where the children are.

The Courier learns that Mr. Durkee is likely to arrive in Digby today from Boston.

The Board of Trade

One of the most important events to take place in Digby this year is the annual meeting of the Board of Trade, to be held on Tuesday night next, January 22nd.

Support of the Land of Evangelical Tourist Association, the organization of local publicity program, hydro, civic affairs and many other important matters may properly be discussed at this meeting and it is important that every member attend.

During the past year the Board of Trade has not been active. Not lack of interest but lack of funds has been the reason for this inactivity, and the Courier must plead guilty to having been reasonable in part for this. From time to time in this editorial column the Courier has discounted the equity of levying upon the few for

the good of the many, the collection of subscriptions from Water street merchants to raise funds for purposes which are the business of every citizen. We have urged that that all monies devoted to the purposes of exploiting the tourist industry, and such like purposes should be provided from civic funds and should be included in the general operation expenses of the town.

Up to now the only result has been abandonment of other means of raising money, and the next step is to impress upon all taxpayers that any action by the Town Council in granting funds is to prepare proper method of promoting civic welfare and advancement.

Nova Scotia at the Sportsmen's Show

There should be general satisfaction that the provincial government has this year decided that Nova Scotia shall not be unrepresented at the Sportsmen's Show in Boston, the greatest event of its kind in North America and offering the greatest opportunity for tourist advertising that could be found anywhere on earth.

Last year New Brunswick had a splendid exhibit, at the show and got wonderful results and the same results are to be expected from the Nova Scotia exhibit this year.

Critics suggests that Nova Scotia should be sufficiently well known in Boston not to need any further advertising. But this is not the case. There are thousands and thousands of people in the New England States, not to mention those who come there occasionally, who know no more of Nova Scotia than we do of South Africa. And those who do know of it need to be reminded often that we have the greatest tourist country anywhere on earth. No land is more ideally suited as a summer holiday playground than this province, and the oftener we tell people about it the more we show them about it, the greater will be the returns on

money invested in the tourist business and the more money flow into the pockets of all here in Nova Scotia.

There is no business which has more general effect on the revenues of the whole population of this province as the tourist business has. And to place an exhibit at the Sportsmen's Show is advertising of the finest sort. It should be followed up with a permanent exhibit and an information bureau located in the heart of Boston.

Teachers Union Hears Address on Capitals of Europe

Principal business of the meeting of the Teachers' Union, which met in Digby on Saturday last was an address by Miss Jaeger, of Smith's Cove, on "Capital Cities of Europe". Miss Jaeger gave an interesting talk on the subject, speaking from first hand knowledge of their beauties, their historic interests and their places and customs.

The President of the Union, Miss McWhinnie, vice principal of Digby Academy presided at the meeting at which there was an attendance of 21.

The visiting teachers were guests of the local teaching staff at lunch at the Waverly Hotel.

"How I got Rid of Sleeplessness"

Mr. Alex. Dupuis, R.R. No. 1, Renfrew, Ont., writes:

"Some years ago I became completely run down, was unable to do my own work and could not sleep. I used Dr. Chase's Nerve Food with such splendid results that I was soon much stronger, able to do my own work, sleep well at night and get up in the morning rested and refreshed."

OVER FIFTY YEARS IN BUSINESS IN THE ONE STAND IN DIGBY

Son Succeeds Father and Carries on Business Under the Same Trade Name.

Dakin Bros. Digby, is an institution. To most of us it always was there and always will be, and it is interesting, therefore, to know just when it started, who started it and what the business was in those "good old days" just after Confederation and before Digby, as an incorporated town, was in existence.

In the year 1878 one Milton Anderson conducted a tinmithing shop in Digby. Whether because he was growing old in years, or for personal reasons, he sold his business Two brothers, Charles A. Dakin and Henry William Dakin, son of Jacob Dakin were the purchasers. Charles was the elder, in his 30th year and Henry was two years younger. Charles had learned something about the tinmithing business in Boston and with the tools bought from Mr. Anderson the brothers started in to manufacture stove pipe, make stove drums, repair kettles and pots and pans and generally to conduct a tinmithing establishment. The agreement of sale between Milton Anderson and "Dakin Bros" was drawn up by R. C. Munroe, a lawyer located in Digby and bears date the 22nd day of August, 1878. The boys paid \$760.00 for the business, "stock tools and good will".

They went right after business too. A stock of stove pipe, drums and other tinware used to be made up in slack times and when a sufficient quantity had been gathered together the boys, perhaps one, perhaps both together, would load it all in an ox cart, pack a couple of stoves in the back and start off down shore or up Bear River way and sell their manufactures from house to house.

The old cash book of the firm, opened on August 23rd, 1878, shows that the firm started off on the right side of the ledger. Cash takings for the first three days were \$1.85 and the amount paid out was 30c. On December 7th 1879 the firm had a cash balance of \$347.00. In 1881 the firm opened an account in the government savings bank, at the post office, and deposits during the years that accounts were active ranged from as small as 40c to as high as \$77.00.

Many old familiar names are recorded in the old ledgers of the years 1878, 1879 and 1880. And among them are those of Wade and Vein, vessel owners—Capt. C. M. Hughes—Captain James Raymond—R. S. Fitzrandolph—E. Burnham and Co., General Store—Henry C. Richards, Dentist—Wesley Peck—E. R. Oakes, Trout Cove and Smith's Cove—Canning Factory—John G. Rice, Carriage Maker—The Schooner Lillian, J. Walsh and C. Everett, Owners—F. G. Stone, General Merchant—W. B. Hawkesworth & Co., Tanners—Daniel Hawkesworth, Tanner—Charles Aymar—Keen & Veits—E. R. Oakes, Trout Cove factory—Burns and Longstaff—E. W. Plunkett, Western Counties Railway.

Trinity Church Sunday School, New Trinity Church, Courier Publishing Co., Richard McCormick, G. Stalling and Co., Coach owners—Mrs. Frank Smith, Digby House—Geo. P. Burke, Postmaster—The Brigantine Edmund and Owners—Rev. John Ambrose, Rector of Trinity—George Savary—Rev. J. P. Fulem, Weymouth Temperance Hall Company—Commissioners Digby County Gaol—St. Clair Ruggles, Tiverton.

And many other names of people who in those days were prominent and whose families are still prominent in the life of Digby Town.

The entry of the Digby Courier Publishing Co. is not hard to picture. One Charles Parrham was an employee of the Courier on Jan. 13, 1880 and he got an order on a merchant for goods to the amount of his pay. Dakin Bros. honored the order and sold a zinc pan, for 75c.

Another interesting item is that of the Commissioners of the County Gaol. They must have had two prisoners in the lockup for the purchase was two tin mugs and two tin plates. That was on Dec. 9 1880. And next October they bought two more of the same sort.

On Nov. 17, 1879 Captain John Raymond bought a Victor Stove, complete with iron kettle, boiler, fry pan and bake pan the bill being \$36.00. Which would make the stove worth about \$20.00. The same stove today would cost about \$30. A damper for the stove pipe was 25c and you can buy them at the same store for

Merchants from whom Dakin Bros. bought their supplies were naturally located at seaport towns. There are entries showing goods purchased from John Stairs, Halifax, now Stairs Son and Morrow. From D. Spence & Co., Annapolis Foundry, for castings; James Robertson, Saint John, now James Robertson Ltd. with branches all over Canada, from Burnett and Johnson, Yarmouth, stove founders and makers of the line which Dakin Bros. stocked. This firm is not now in existence.

The good showing of the first year's business steadily continued. The Emmett and Johnson stoves were put in stock along about 1880, and thirty-five years ago, in 1885 they put in equipment for fitting up pumps. When the town water works was installed Dakin Bros. brought in a plumber from Newfoundland, one Shaw, and the plumbing business was a steady worker until about most houses in town were equipped. This branch of the business was sold in 1927 to B. H. Ruggles.

In 1900 the business expanded. A small line of shelf hardware was put in stock and as business customs changed this department gradually crowded out the other departments.

1904 Henry Dakin retired from the partnership and opened up in business for himself, in the store now occupied as an antique shop, under Haylett Sylla's flat. Charles Dakin carried on the business under the same name, Dakin Bros., and in 1907 his son, Fritz, the present owner, who had been a clerk after leaving school in 1899 was taken into a partnership. On the death of his father in 1924 he was sole owner.

The plumbing and tinmithing department was disposed of to B. H. Ruggles in 1927. Radio had become an important feature of the business and this line has been steadily pushed until it is a leader. The premises in which Dakin Bros. was under lease for a number of years and was finally purchased from its owners the McMullens. When the firm started the office was in the front of the shop, and many changes have been made. Dakin Bros. are distributors in Digby of Brandram Henderson's paints, and they practice what they preach in their paint advertising. The store is always bright and fresh, well painted inside and out and is an example to all business houses in Digby.

Not only in the management of an up-to-date business house has Mr. Fritz Dakin contributed his share of service to Digby Town and County. He served on the Town Council for several terms, and was chairman of the Electric Light Committee of the Council during the installation of hydro service. He has been president of the Board of Trade and active in all matters of public interest in the promotion of Digby's civic and commercial life.

Time was when his yacht was his great hobby and even the new car does not take all his attention from this form of recreation. We believe that he has never yet played golf, but that did not prevent him from having acted on the management committee of the Digby Golf Club as a community enterprise and attraction for tourists.

The Courier joins with many friends in congratulating the firm and Mr. Dakin on many years of service; and expresses the hope that Dakin Bros. will continue for many years to be one of the important business houses of Digby.

Sun Life Policyholders To Receive Special Bonus

In addition to regular dividends in 1929 of approximately \$17,500,000

Office of the President,
MONTREAL, January 8, 1929

To Our Policyholders:

We have just completed another wonderful year, with profit earnings never before equalled. Our Directors have therefore inaugurated the principle of allowing a Special Bonus on maturing participating policies. The basis for 1929 may be summarized as follows:

On policies ten years in force, maturing by death or (on "reserve dividend" policies) by the expiry of the reserve dividend period, a bonus of 10 per cent of the reserve, increasing yearly to 15 per cent on policies in force twenty years or longer; on endowments, at maturity, a bonus of 10 per cent of the face value of policies ten years in force, increasing yearly to 15 per cent on policies in force twenty years or longer.

Details will be given in the forthcoming annual report.

This special bonus is in addition to, and independent of, the usual annual profit distribution, the scale for which, for the ninth consecutive year, will again be increased.

We congratulate our members on this happy announcement. It has been made possible only by the large profits earned on the securities selected for the investment of the Company's funds.

As ninety-five per cent of all surplus earned by the participating assurances accrues to our policyholders themselves, they enjoy practical mutuality, combined with the enterprise and stability of stock management. The effect of this combination is evidenced by the results:

T. B. Macaulay,
President.

The Death of Mrs. Johnathan Letteney's Loss to All of Digby

In the death on Friday last at her home on Carleton street, of Mrs. Johnathan Letteney, Digby has suffered a loss which will be felt in every part of its activity and particularly in the circle of Grace United Church of which she was a faithful and beloved member.

Mrs. Letteney was born at South Range, Digby County, on May 6th, 1849, a daughter of the late Joseph and Eunice Haines Marshall. She was twice married, her first husband being the late Capt. Milberry, by whom she had one son, Mr. Joseph Milberry, 2nd Avenue, Captain Milberry was lost at sea in the Brigantine "Banner" in the gale of 1873.

To her union with Johnathan Letteney two daughters were born, Miss Edith at home, and Mrs. (Rev.) Higgins of Lawrenceville. They had an adopted daughter also, Miss Mary Letteney, who is on the nursing staff of the Kentville Sanatorium.

Miss Mary came home to nurse her mother during her last illness and Mrs. Higgins and her husband arrived in time for the funeral, which was held on Monday, with interment in Fairview Cemetery. The services at the house and graveside were conducted by Rev. E. W. Forbes, pastor of Grace United Church, who chose his text from the comforting words: "Blessed are they who die in the Lord for they rest from their labors."

The opening hymn was "Who Are These Arrayed in White" Mrs. Fillmore sang as a solo, "Sleep on Beloved" and the closing hymn was "Peace, Perfect Peace."

Among the floral offerings were wreaths from the Official Board of Grace Church, from Grace Church Sunday School and from the Women's Missionary Society.

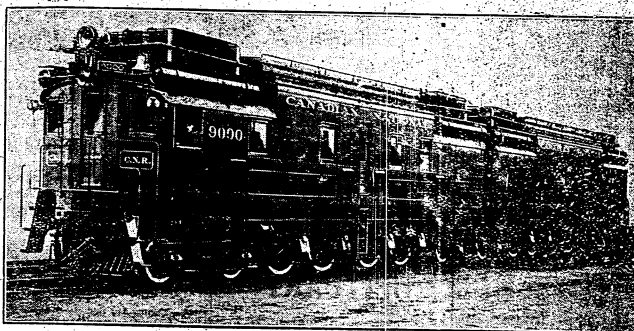

Mrs. Letteney was the exemplification of Christian life. To her, Grace Church owes much for her personal work and for that of which she was joined by her husband. Right up to her last illness she was actively interested in all that pertained to its welfare and in her daughter, Miss Edith, she had an able assistant and co-worker.

Canadian National Engineers Design Oil-Electric Locomotive

Radical economy in operating costs forms the prime objective of the Canadian National Railways newest design in locomotives, representing a revolutionary departure from present standards and practice, which has just been placed in service on the main line between Brockville and Belleville, forms a distinctive offering on the part of Canadian engineers towards the solution of the transportation problems of this continent. As the National System was the pioneer three years ago in placing in service the first oil-electric car of 200 horse-power rating, its engineers have maintained leadership by the introduction of this locomotive, new in character and design, for fast passenger and freight service.

The new locomotive is the further practical application of the use of fuel-oil in railway transportation in which an oil engine is used to drive a generator for supplying electrical energy to the propulsion motors. Power and speed are obtained at costs far below those of coal-fired steam-driven locomotives.

The power developed by the oil engine is converted into electrical energy by the generator, transmitted to the traction motors geared to the driving axles, where it is utilized in developing traction. The locomotive will develop a tractive effort of 100,000 pounds during the accelerating periods. The electrical system of transmission utilizes full engine horse-power over a wide range of speed and the tractive effort without a change of engine speed or shifting of gears.

Plympton

MRS. GEORGE COMEAU

We are sorry to hear of the death of a former resident of this place, Mrs. Geo. Comeau (Annie O'Neill) which occurred at Smith's Cove, Thursday 10th, from broncho-pneumonia. The funeral took place Saturday 13th, Rev. W. G. Heiser conducted the services. Mrs. Comeau was the daughter of the late Samuel O'Neill. She is survived by her husband and fourteen year old son, Arnold. Also her mother, Mrs. A. Post of Mount Pleasant and one sister, Mrs. David Tibbitts of this place who attended the funeral with her sons John and Bernard. Also Miss Agnes Chisholm and Capt. J. K. Smith. A large number attended and beautiful flowers were a token of the esteem which friends and neighbors bore for the departed. Interment took place in Smith's Cove Cemetery.

Mead Treffy was home for the holidays and we understand he plans to go to Vancouver, B. C. to take a position.

Congratulations to Capt. and Mrs. W. K. Smith on the fifty fourth anniversary of their marriage which took place at Margaretsville, Annapolis Co., Jan. 15, 1875. Capt. and Mrs. Smith are very active for their years, both being members and taking active part in the work of the Women's Institute. They spent the evening quietly at home but plan to spend their fifty fifth anniversary with their children in Lunenburg.

On the evening of December 27th the ladies of the Plympton Women's Institute met at their rooms in the Library Building to hold their annual Xmas Tree for the school children. It was prettily decorated and held sixty bags of goodies and a few extra for shut ins. Santa was there and pleased the children and ladies present. Between fifty and sixty school children were present to greet Santa, and sample his wares. After the children had departed the Institute members had a sing song after which a luncheon was served and the National Anthem sung, all departed for their homes. Here I would like to add, that although they are few in number they are carrying on a noble work. In a number of cases where someone has been sick and unable to pay taxes it has been taken care of for them. Medicine has been purchased and distributed to children that were badly in need of it. They also keep up a room in the Digby Hospital known as the Plympton room. Later a full history will be given of the Plympton Institute, of what they have done and what they are planning to do.

Sorry to report the illness of Mr. and Mrs. Joseph Melanson with the Flu Mrs. Melanson who is president of the Women's Institute being unable to attend at the Library Building, the ladies met at her home. Important business finished, a collation was served by the members.

Miss Agnes Chisholm, our school teacher, who has been spending the holidays in Boston has returned home to spend the winter with his family.

Mrs. Roy Mallett and two daughters, spent a few days recently with her mother Mrs. Hutchison at Digby.

Maritime Provinces' people have every reason to be proud of their taste in tea. It is the taste of a connoisseur, the taste of one who knows how to put the best of the world together in a way that retains all the good qualities of each. Such people are not to be satisfied with a thin liquoring tea, they demand such a tea as MORSE'S, which not only possesses a most delicious flavor, but has 'body', worth while, in the cup.

Monthly Meeting of Men's Bible Class

On Monday night in the Vestry of the United Baptist Church the Men's Progressive Bible Class held their monthly meeting.

After routine business was disposed of, a resolution was adopted expressing regret at the absence of Pastor Barrass from the meeting on account of illness.

A varied program was then presented by the Entertainment Committee consisting of vocal and instrumental music, readings etc., followed by an illustrated travelogue on the Holy Land by Mr. Pearl Henderson. This feature of the program was especially appreciated and a vote of thanks was extended to Mr. Henderson for his part in the program.

Appetizing refreshments were then dispensed.

Held Meeting

The Golden Key Group of the United Church held their quarterly business meeting in the Vestry Friday, January 11th. Two new members joined the club bringing the membership up to twelve. The following officers were elected for the next four months:

Eleanor Sawdon President
Garnet VanBuskirk Secretary
Mildred Sawdon Treasurer
Eileen Banks Keeper of the Chest
Entertainment Committee: Blanche Morine and Ruth Hazelton

SCOUT NOTES

At the last Scout meeting a report was presented showing all bills paid to date including cost of repair and redecorating and also cost of all supplies used for Xmas purposes. And there is on hand quite a supply of material useful for the workshop.

A letter of thanks was received from one of the new settlers families to whom a Xmas box had been sent expressing the grateful thanks of all the family for the various gifts.

The overnight hike at Barnes Lake participated in by eleven of the Scouts was most successful. This was a real hike and called for both resource and endurance on the part of the boys. After the blankets and grub and cooking utensils were all shouldered each hiker had a full load. And no canned food was carried on this trip. The food for all the meals had to be prepared in camp and everything was served piping hot. The Troop expressed their thanks to Mr. McNaught for the loan of his camp which helped to make the stay at the Lake so comfortable.

Miss Lavinia Irving returned to Saint John on Tuesday.

Institute News

On Monday afternoon in the Ma-onic Reading Room, the regular monthly meeting of the Women's Institute was held, the President, Mrs. A.B. Marshall in the chair. After the regular business was transacted, Rev. F.W. Sawdon gave a very interesting paper on "The Cathedrals of Evangelism". The Entertainment Committee then served tea.

OBITUARY

GRACE ROBAR IRVIN

Grace Robar Irvin, wife of Cosby Irvin and daughter of Thomas and Mrs. Robar, passed away at the age of sixty two years. She has spent her entire life in Bear River. She is survived by her husband, Crosby Irvin, one son Lloyd, of St. John, two daughters, Mrs. Smith, of United States and Levinia, of St. John. The funeral was held from her late home Wednesday afternoon, conducted by Rev. E.J. Barrass of the United Baptist Church, assisted by Rev. F.W. Sawdon of the United Church and C.P. Henderson of the Adventist Church. Interment in Mount Hope cemetery.

Here and There

(213)
Ojibway Indians of the Nipigon district will not touch bear meat because they are mostly members of the Bear Clan, says Ozark Ripley, the well known sporting writer. They are averse to killing the bear and on hunting parties relate having to forego eating bear steak and having to bury a bear's carcass because their cook refused to touch the meat.

A trout weighing eight pounds was caught reported last summer by William McNaught, of the neighbourhood of Banff, Alberta. "My record for the season is 336 fish," he writes, "all caught on rod and line within easy reach of Banff. Recently at Wapta I caught two six pound rainbows and several cutthroat weighing from two to three and a half pounds."

A record was hung up beside the Christmas stockings of the employees of the Canadian Pacific Express Company on Christmas Day when, from coast to coast, every Christmas package was delivered to its destination, except where there was no one to receive them. According to T.E. McDonald, president of the company, express traffic was unusually heavy this season and was well handled.

Many enquiries for Reward wheat, one of the early ripening varieties evolved by the Canadian Government Central Experimental Farm, Ottawa, are being received by the Dominion Cerealists. The farm will have 10,000 bushels of this new wheat for distribution, and the 350 growers who were allowed to grow Reward in 1928 will have a surplus of 2,000 bushels making available 12,000 bushels for seed in 1929.

Production of agricultural implements and machinery in Canada amounted to \$42,996,282 in 1927 according to the Bureau of Statistics, as compared with \$38,269,214 for the previous year and \$24,776,216 for 1925. Of the 65 firms reporting, 45 were in Ontario, 12 in Quebec, 4 in Manitoba, 4 in Alberta, one in Saskatchewan and one in Prince Edward Island.

Having successfully completed for her trial off Scotland the new Canadian Pacific British Columbia coastal steamer "Princess Norah" will arrive shortly at Victoria, Vancouver Island. The new ship is the seventeenth "Princess" of the company's fleet and is equipped with bow rudders to facilitate navigation in the narrow channels of the west coast.

Canadian seed wheat is in considerable demand in South America according to officials of the agricultural department of the Canadian Pacific Railway at Winnipeg. A ton of seed wheat was recently shipped from Brandon to Peruvian wheat ranchers, and it is expected that further orders will come from the South American republic.

Less than a minute was required to launch each boat when the life saving equipment of the Canadian Pacific liner "Duchess of Bedford" received its regular test at New York recently before embarking its Christmas cruise of the West Indies. "The finest and most efficient boat lowering apparatus I have ever seen," was the comment made by John J. Grady, head of the United States Steamship Inspection service, who was present at the test. The "Duchess of Bedford" is one of four sister ships of the new "Duchess" class all of whom are speedy oil burners and equipped with the same efficient life saving apparatus for use in an emergency.

Local and Personal

Miss Nadine Landers is on the sick list.

The many friends of Miss Olive Barr are glad to see her resume her duties at the post office, after a two weeks illness.

R. R. Baxter recently attended a meeting of the Metropolitan Life Insurance Co. at Yarmouth, returning home on Saturday.

Miss Ordell Peck has returned to the United States after having spent some time with her parents here.

The Ladies Aid Society of the United Church met with Mrs. W. A. Chute on Tuesday afternoon.

Miss Lemma Van Buskirk was the week end guest of her parents, Mr. and Mrs. Charles Van Buskirk at Bear River East.

Mrs. L. E. Sherman of Deep Brook was in town on Friday.

Mrs. Janie Ray who has been visiting her sister, Mrs. R. A. Harris returned to her home in Cambridge, N. S. last week.

The Golden Key group of the United Church were entertained one afternoon last week at the home of their leader, Miss June Schmidt.

Our teachers, Misses Methrow, Marshall, Rafuse and Hatfield have returned after the holidays and school reopened on Monday of this week.

If Stomach Hurts Drink Hot Water

Neutralize Stomach Acidity,
Prevent Food Fermentation,
Stop Indigestion.

"If those who suffer from indigestion, gas, wind, or flatulence, stomach acidity, sourness, gastric catarrh, heartburn, etc., would take a teaspoonful of pure Bismarck Magnesia in half a glass of hot water immediately after eating they could soon forget they were ever afflicted with stomach trouble, and doctors would have to look elsewhere for patients." In explanation of these words a well known New York physician stated that most forms of stomach troubles are due to stomach acidity and fermentation of the food contents of the stomach combined with an insufficient blood supply to the stomach. Hot water increases the blood supply and Bismarck Magnesia, which can be readily obtained at any reliable drug store in either tablets or powder, instantly neutralizes the excessive stomach acid and stops food fermentation, the combination of the two, therefore, being marvellously successful and decidedly preferable to the use of artificial digestants, stimulants or medicines for indigestion.

The Latest in Sleeping Cars The "Chambrette"

THE latest development in sleeping cars is the "Chambrette" or single room compartment cars. This type of car was first introduced in Canada by the Canadian National Railways and it is proving very popular. The "Chambrette" is similar to the regular compartment cars but contains a single bed and the space is somewhat smaller with a corresponding lower rate. They provide a very inexpensive mode of comfortable travel.

MORE precious than gold,
When Belisarius
Saved Rome
from Famine
1,400 Years Ago.

Fourteen hundred years ago, when the besieging Goths destroyed the aqueducts which supplied the water power for the Roman Flour Mills, Belisarius, the great Roman General, set up vertical water wheels on rafts in the Tiber River—and thus saved Rome from famine.

The cave-man's Bullen Stones, the Roman Queen, the Grecian Grinding Stones and the

Roman Watermills—all of those milestones in the history of flour milling present a striking contrast to the modern mills where Maple Leaf Flour is made.

Here, Flour Milling reaches its highest development, resulting in a flour so expertly milled and so carefully tested that a written guarantee of uniformity and satisfaction goes with every bag.

An attractive portfolio containing this complete series of historical advertisements is free upon request. Maple Leaf Milling Co. Limited, Head Office, Toronto.

Listen!

Have you heard about Peps? Peps is a scientific preparation put up in capsule form, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles. Peps contains certain medicinal ingredients, which when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs. While no liquid or solid can get to the innermost air passages, these Peps fumes get there direct, and healing commences.

Died in British Columbia

The death took place on Christmas Day at his home, 1216 Hamilton street, Westminster, B. C., of Angus Gidney Winchester, a former Digby County man. Death was due to pernicious anaemia.

He was 49 years of age, a son of the late Charles and Alma Winchester. He is survived by his wife and four daughters and two sons—all at home.

The funeral was held at ten o'clock on the morning of December 28th with interment in the Catholic Cemetery.

Most Men Past 40 Break Down Easy

Seven Out of Ten Are Victims of Bladder or Prostrate Weakness. Tells How Dr. Southworth's "URATABS" Bring Quick, Amazing Relief.

Overworked, sluggish Kidneys, Bladder Weakness and Prostrate Gland trouble bring on so many distressing and often serious ailments—that every sufferer from Lumbago, Pains in Back and down through groins, Scanty but frequent and burning Urination, Getting-Up-Nights, Nervous Irritability or Weakness and Lack of Vital Forces—should test the proven value of Dr. Southworth's URATABS at once!

Amazing testimony of Physicians and users give convincing proof of the remarkable power of URATABS—a special prescription successfully used for more than 40 years in the private practice of Dr. H. C. Southworth. After only a few days use, a startling improvement is often noticed—as a multitude of alarming symptoms begin to disappear.

Through special arrangements and to benefit those who cannot personally call on the Doctor, URATABS can now be obtained from any good local druggist on a positive guarantee of money back on first box purchased if not fully satisfied. So if you need a medicine of this kind, try URATABS today.

OBITUARY

MARY BLAIR BREWSTER.

Granite State News

Mary Blair Brewster was born in Digby, Nova Scotia, September 18, 1866, the oldest daughter of Henry B. and Mary E. (Stark) Hawksworth. In 1888 she came to Wolfboro and in 1889 was united in marriage with George L. Brewster of this town. For the greater part of their married life they lived on the old Brewster place, King Hill Farm. Four children were born of this union, George F., Robert C., Evelyn, and Nathaniel B. All are residents of Wolfboro with the exception of George F., who makes his home in France.

Mrs. Brewster was of an active and energetic nature, and led a life of great usefulness. She was faithful always to her many duties—a true wife and helpmate through times of sickness and adversity, a devoted, self-sacrificing mother, and in later years a loving and helpful grandmother. To an unusual degree she possessed a spirit of courage and cheerfulness and her gay

laugh and natural sense of humor undoubtedly helped herself and others over many a hard place in the road.

Mrs. Brewster died on Saturday, December 15th, after a year's illness. For the last six months of her life she was helpless, and from the first of September to the end she suffered intense pains. During this long illness her valiant, courageous spirit was a constant marvel to her family and her wide circle of friends. Her keen enjoyment of life stayed with her to the edge of the dark waters.

The funeral services were held in the First Congregational Church, of which Mrs. Brewster was a member, on Tuesday, December 18th. Rev. J. E. MacMartin conducted the service and spoke most fittingly. Interment was made in the Brewster family cemetery.

Besides her family she leaves a sister, Mrs. Elizabeth Warrington, of Digby, and two brothers, Dr. F. E. Hawksworth, of Saratoga Springs, N.Y., and J.H. Hawksworth, of Newport, Hants Co., N.S., to mourn their loss.

Life carefully planned

ASK any of the boys who've made good and they'll tell you it didn't just happen by a lucky break. Their success was the result of careful planning. Hard work. Night school, perhaps. And above all, always attending strictly to this important matter of health.

"I had no time for outdoor exercise," is the story you'll hear. "I couldn't afford one of those gymnasium courses. But I figured I could keep myself in first rate condition then by taking Nujol. Nujol is not a medicine. It's just a pure, natural substance that helps your system to function as Nature

meant it to under all conditions. Normally. Regularly. Easily.

It not only keeps an excess of body poisons from forming (we all have them), but aids in their removal. Nujol can't possibly upset or disagree with you, because it contains absolutely no medicine or drugs. It is simply a pure natural substance. Perfected by the Nujol Laboratories, 26 Broadway, New York.

Start Nujol today. Give it a fair try—for the next three months, anyway. By the end of that time—even before then perhaps—see if you don't feel much more all round fit. You can buy Nujol at all druggists for a small sum. Worth trying, isn't it? Nujol is sold in sealed packages only. Stop and buy a bottle on your way home tonight.

McCoy Here in Australian Thriller

Using boomerang and bullwhip, national weapons of Australia, in a series of thrilling adventures, Tim McCoy is starring in one of the most interesting of his Metro-Goldwyn Mayer productions at the Bijou Dream tomorrow night. This is "The Bushranger," first all-Australian picture ever filmed in America, and a vivid story of the Australian plains. McCoy plays a bushranger in a series of thrilling escapes and encounters, and the Australian swags add a touch of novelty to the thrills.

Marion Douglas is heroine and a notable cast includes: Russell Simpson, Richard R. Neil, Arthur Lubin, Rosemary Cooper, Dale Austin, Billy Francis, Frank Baker and many others of note.

The story is an original by Madeline Ruthven. Among the thrills are McCoy's disarming an enemy with a revolver while the flying lash of his whip; the sensational escape from the crocodones; and a house rang hurled into the lights and other stirring and characteristic bits.

Miss Josephine Winchester who has been spending her vacation at the home of Mrs. Ben Franklin returned to her school in Centerville.

Miss Patricia McPhee of Digby visited Miss Doris Goldsmith last week.

The Misses Besie and Millie Porter visited friends in Bear River during the holidays.

Albert MacCallum of Saint John was the Sunday guest of Mr. Goudy Nichol's enroute to Wolfville where he will be engaged in hunting for brown-tail moths.

Arthur McKay and Basil Porter were passengers to Boston on Friday last to spend a few weeks.

Mr. and Mrs. W. A. Bacon and daughter Catherine were New Year's guests of her sister, Mrs. Marsters, Deep Brook.

D. C. McKay who has been ill is up and around again.

Here and There

For the first time in history, an airplane has been carrying furs from the wilds of Northern Manitoba to the Winnipeg market. Hollick Kenyon, aviator, left Cranberry Portage for Brockton settlement recently, taking Del Symonds, veteran trader, whose firm was to beat all competitors who take a month to travel by dog team.

During 1928 between 5,600 and 5,700 Prince Edward Island faxes have been shipped abroad, an increase over the 4,250 shipped the preceding year. These have been handled without a single known casualty. Since the middle of October faxes have been shipped to Norway, Sweden, Scotland, Germany, Czechoslovakia, Bavaria, Finland, France, Holland, Switzerland and Japan.

Forty-two years of service with the Canadian Pacific Railway without having broken any of the company's rules or ordinances earned a mark against himself is the unique record held by Arthur W. Savage, engineer, who has just retired on pension. Mr. Savage, who is well known throughout the Eastern Townships, fired the train that laid the first steel on the line between Sherbrooke and Parkeboro.

The old English Yuletide Festival held recently at the Kings Hotel in Victoria, B.C., proved to be one of the most popular events of last year. Carols and yuletide music were rendered, and a Christmas tree, decorated with lights and ornaments, was the centerpiece. The festival culminated in a ball at which some seven hundred persons attended. It is believed that plans are already being made for a larger and better celebration next year.

A change in telephone numbers has drawn attention to the train inquiry office in the great Windsor Street Station of the Canadian Pacific Railway in Montreal. The girls who are on duty there handle each on an average of 200 calls an hour, and as many as 800 an hour during rush times. They carry most of the information in their heads and seldom have to refer to a time-table. They are asked queer questions sometimes. Recently someone asked, "When does the afternoon begin," and the old power turned up. "What time does the four o'clock train leave?"

Dr. Knochel, a farmer residing about four miles east of Souris, Manitoba, has about 6,000 bushels of Reward wheat which he is going to ship out all over Western Canada in two-bushel lots, as seen on the list of addresses arrives from Ottawa for the project is under the supervision of the Dominion Government. As is pretty generally known, Reward wheat matures about a week earlier than Marquis and it is for this reason, says the farmer, that it is so popular. This early ripening means, roughly, that a new strip of country 75 by 1,000 miles, is made available for wheat growing.

Felt Different After Taking Two Boxes

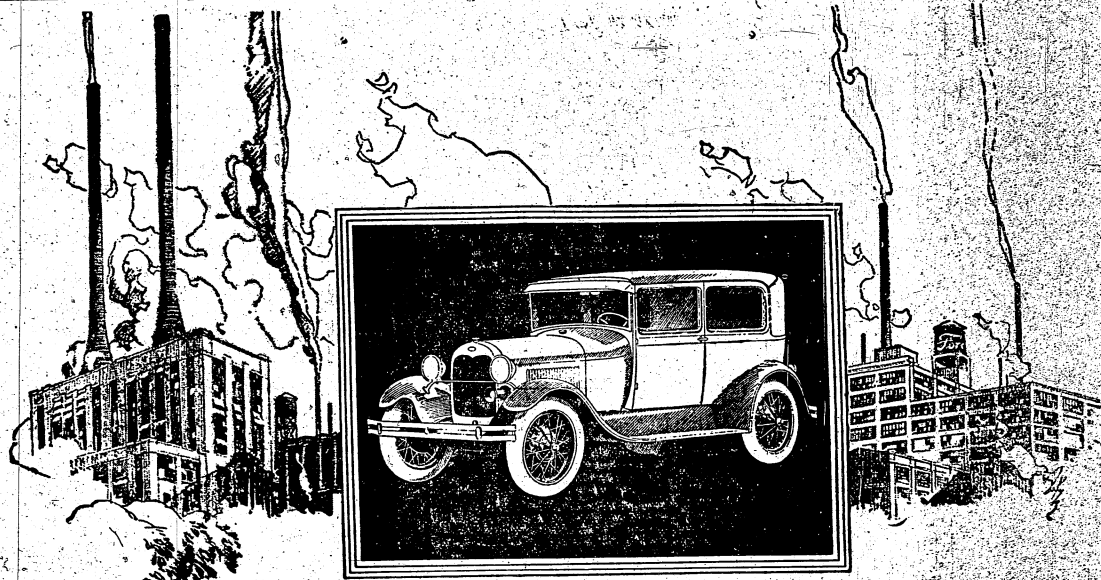

Mrs. D. T. Wagner is Very Satisfied with Dodd's Kidney Pills

Nova Scotia Lady Was Bothered With Pains in Her Back

Bear River East, N. S. Jan. 14 (Special) "For three years I was bothered with Kidney Trouble," writes Mrs. D. T. Wagner, a well-known resident of this place. "My back would be so sore and I could hardly straighten up, decided to take Dodd's Kidney Pills and can say I felt very different after taking two boxes. I recommend these pills to all who suffer with their kidneys."

Ninety per cent. of the ills from which women suffer come from weak or diseased kidneys. They are the organs that strain all the impurities out of the blood. If they fail to do their work, the impurities remain in the blood and are deposited all over the body.

Weak kidneys are not confined to grown people. The are too often found in children, sowing the seeds of future ill unless the kidneys are strengthened and put in condition to do their full work.

A PROMISE FULFILLED

WHEN the New Ford was promised to the motoring public our reputation, established by twenty-three years of undisputed leadership, came to the test. Restrictions as to price, raw materials and labour did not exist. The new car should be a masterpiece—the contribution of its makers to the automotive history of the age. Practical idealism would fashion it into the fleet, sturdy, beautiful car of today.

It was promised. Curtains of rumour and uncertainty cloaked the months. It appeared. One year on the highways of the world proved its speed, power, endurance; one glance, its beauty. The promise is fulfilled.

You have seen Ford cars glide by, moving into traffic, manoeuvring, taking the lead. ¶ Now drive one yourself and feel the superabundant power at your command. ¶ Any Ford dealer will be glad to give you a demonstration.

If you prefer to buy out of income, you will find the authorized time payment plan offered by all Ford dealers most attractive.

Church Point Scores Goal Against Ravens

Digby Ravens ran wild with the Church Point team in a league fixture on Monday night and piled up a 10-2 score in three frames of fair hockey.

Coach Grimley sent his men out to show their stuff and they came along fine. Team work, the stuff that wins games, was the orders, and the Ravens played according to rules.

Five goals were placed on the target sheet in the first session and in the second 2 more tallies were counted.

In the third period Les Acadians got away to their stride and with Edie Melanson and A. Doucett did the shooting for the Point and got two tries past the Raven guardian. The line up:

Church Point—Goal, A. Melanson; defence, A. L. Melanson, J. M. Blinn forwards, J. B. Melanson, A. Doucett, E. Melanson, D. Belliveau, W. Belliveau and LeBlanc.

Digby—Goal, W. Eldridge; defence, Raymond and Muise; forward Babikir, Hyson, Mahar; Walker and Holdsworth.

Monday night Church Point and the Royal Annes play a league game at Digby and the local fans should turn out and give the teams a good game.

WESTPORT AND DIGBY COUNTY OSE A CITIZEN OF GREAT QUALITIES

Edward C. Bowers, For Years an Invalid, Wielded Great Influence in the Life of His Town, Church and Community.

There passed a way at Westport on Jan 19th at the age of 83 years one of the outstanding figures of Digby County in the person of E.C. Bowers. Born at Westport on Dec. 15, 1845 and always residing there he filled a large place in the community. He founded, and for years carried on the General business now known as "The E.C. Bowers Co. Ltd" for years he was a Magistrate, Notary and Commissioner. He was a member of the Christian Church and gave largely of his means toward furthering the interest of that body. He was also a member of the Masonic Order and when health permitted was in attendance at all the meetings of Freeport Lodge. In 1891 he was chosen by the Liberals of Digby Co., as their representative at Ottawa. He served five sessions and was offered renomination in 1896 but refused on account of business reasons. In Feb. 1911 a fall so injured his spine that he has been confined to his bed ever since. He took deep interest in the affairs of the world at large. He had a nation wide correspondence and kept in touch with persons in many lands. The gift of poetry seemed to come to him in his affliction and many were cheered by the verses he would send to children and other friends. He also made scrap books on a variety of subjects which have been widely distributed. The death of his devoted wife in March of last year, his failing eyesight and the inability to work have all been contributing causes toward his gradual decline. Mr. Bowers is survived by one nephew, H.P. Bowers, three nieces Mrs. H. A. Edgihofner, of Saskatoon; Mrs. William Hartman, of New field, N.J., and one grand nephew C. Bernard Bowers, who have the sympathy of the community.

The funeral services were held from the Christian Church Tuesday afternoon, conducted by the Masons, and assisted by his pastor Rev. Stott.

An Example of Friendship

People may say that there are no real Christians, and that violation of the temperance laws is the chief occupation of the majority of people all over the North American continent, but every little while some practical example of Christian principle crops up to prove that folks are better than they get credit for being.

Recently Mr. George Outhouse of Tiverton was dogged by ill fortune and lost a sum of money, about \$50.00. He has a large family and things are not too bright just at this season of the year, so he was feeling pretty blue about everything. Friends hearing of his loss soon "passed the hat" and from among his friends, some of them not too well fixed with worldly possessions, an amount equal to his loss was made up. Mr. Outhouse has asked the Courier to express his sincere thanks and appreciation. Which the Courier is very glad to do, and at the same time to congratulate him upon having so large a circle of sincere friends, friends who know the true meaning of the word friendship.

His friends will be glad to learn that Dr. Dickie is improving after the attack of influenza from which he has been suffering for the past week.

Tuesday is Nomination Day for Town Councillors

Holding strictly to the letter of the law the town authorities are not advertising in the Courier for Nominations for Town Council vacancies.

Nomination day is Tuesday next and election day the Tuesday following.

The retiring councillors are: Wightman, Turnbull, Eldridge and Robertson. Mr. Robertson's seat being vacant under absence from residence rules.

Street gossip is that the Councilors retiring will be asked to accept renomination and that Major Denton, J. M. Milbury or A. J. Dillon will be prevailed upon to accept nomination for the fourth vacancy.

Thanks From the Fire Victims

My heartfelt thanks are in this manner expressed to the Digby Fire Brigade, and to all who assisted in the removal and salvage of my furniture and family on the occasion of the fire last Thursday night.

It was due to the untiring efforts of the people of Digby that my property was saved very well, and Mrs. Fillmore and myself are more than grateful.

We acknowledge also the Christian kindness of Rev. and Mrs. Foster in extending in shelter in our need and to all who have added to their practical assistance, many words of kindest sympathy.

Gratefully and faithfully
R. M. FILLMORE

Fire in DuVernet House Puts Newcomers Out of House

Alarm of fire was sounded at 8.55 last Thursday night for a fire in the DuVernet house, Queen street, occupied by Mr. and Mrs. Fillmore newcomers to Digby, and their family.

The fire had gained much headway, working in between the partitions and made a particularly hard fire to get at.

The first line of hose was turned on in fairly quick time and at ten o'clock the third stream was playing on the blaze.

The stream, from the hydrant on Sydney street, did the work, a good force of water simply driving the fire back on itself, but it was not until midnight that all was over, and by that time so much had been destroyed, that insurance adjusters wrote the building as a total loss.

The Fillmore's had insurance on their furniture.

It was a piece of good luck that help was on hand. Mrs. Fillmore was entertaining the choir of Grace church at weekly practice. At the Maase the Quarterly Board was in session and down in the church hall the C.G.I.T. was holding its weekly meeting. All quickly responded to calls for salvage volunteers and most of the furniture was saved the loss being of bedding and clothing on the upper floors.

The children were taken to Grace Church Maase, where the family has been staying until arrangements can be made to obtain a new home. This has been secured at the South end and the Fillmore's are now getting moved.

Children's Aid Society Discussed Case of Durkee Children

At a meeting of the Children's Aid Society held in the Court House on Tuesday afternoon the case of the Durkee children was discussed.

The meeting was attended by Judge Blois of the Juvenile Court, Halifax, Director of Child Welfare for Nova Scotia, Rev. Prosser, of Annapolis and Rev. Burnett, Yarmouth, Agent of the Society for Digby and Yarmouth Counties.

Following the meeting President, Rev. F. E. Bishop, gave the Courier the following statement:

The Society has delegated Judge Blois to act for them and discuss the situation with Mrs. Durkee's solicitors. These solicitors, Messrs McInnis, Lovett and MacDonald, of Halifax, are a reputable firm and society feels that the situation can best be handled by discussing the matter with them. Until Judge Blois reports nothing further will be done.

The Society is not concerned in any criminal charges which may be preferred by the State authorities of New Hampshire. It's sole interest is in seeing that the children, its wards, are provided for and educated, and that they grow up in proper surroundings.

Grace United Church, Digby, N.S. Report 1928

There are 155 families and parts of families in the congregation, 12 at Bay View, 130 at Digby and 13 at Smith's Cove, with 538 persons in them under pastoral oversight. There were 33 baptisms during the year, 9 infants, 6 adults. There were 11 marriages, and 8 burials. 234 pastoral calls were made, 28 were received in profession of faith and 7 by letter, 2 were removed by death and 5 by letter. Present membership 220, 183 resident, 37 non-resident. Increase 28. There are 2 Sunday Schools, one at Digby and one at Smith's Cove. The latter has been reorganized during the year. Total membership 207. In addition there are 12 members of the Cradle Roll and 18 of the Home Department. There is one C.G.I.T. group with 23 members. 1 W.M.S. with 37 members, 1 Mission Band with 20 members, 1 Ladies' Aid with about 30 members, 1 Brotherhood with 50 members. Number using weekly envelopes 60. 17 of these give weekly to the M. & M. Fund.

Financial report. Raised by Digby Sunday School, for local purposes \$222.00. For Missionary and Maintenance \$100. for Rally Day \$6.87. Raised by Smith's Cove Sunday School \$35. Raised by C.G.I.T. \$52. by Brotherhood \$131. by W.M.S. \$131. Mission Band \$17. Ladies' Aid \$49. Bay View Church \$200. Smith's Cove Church \$80 receipts Digby, envelopes \$542.90 loose \$704.44. By special efforts and subscriptions \$580. For Missionary and Maintenance Fund \$456.00. The church closes the year with a deficit of \$283.00. Part of this is due to the purchase of a new furnace for the church and stove for the Sunday School hall at \$234 and a debt of \$300 carried over from 1928. Total amount contributed from all sources \$3135.

The annual meeting of the Board of Trade was held in the Town Hall on Tuesday evening. The Editor forgot about it and so did many others who equally with himself should have been there. The eleven who showed up, old standbys and regulars, are giving the rest of us another chance, and the election of officers and other business will be held next month.

Feb. 14th is Valentine's Day. Send a Valentine from May's Book Store, it up.

The Sewing Circle of the Ladies Hospital Aid met on Wednesday afternoon at the home of Mrs. Hubert Warner. The next meeting will be at the home of Mrs. W. R. Dickie and a cordial invitation is extended to all to attend either for the sewing or the Ten Cent Tea.

H. E. Williams of Defiance, Meadon is on a business trip to Halifax and Stewart. Mrs. F. W. Nicholls has returned from her recent trip to Boston. Valentine—Comics and pretty ones, it up at May's Book Store.

The Fire Whistle Blew

The Fire Whistle Blew! Fortunately early in the evening, and more fortunately under circumstances which enabled the fire victims to receive much needed assistance from people who usually would not have been on hand.

What of the Fire Brigade? It worked nobly, under all sorts of difficulties and, managed to fight a good fight against the encroaching flames.

Within a week or two the new Town Council will take office. Their first duty, while memory of the fire is fresh in the minds of the minds of the ratepayers should be to call a public meeting to discuss needed fire protection for Digby.

Man power isn't enough. Water pressure isn't enough. Pulling a hose reel by hand, or even with the make shift of a truck or an automobile to draw the reel to the scene of the fire isn't enough.

What is needed is proper apparatus. The equipment to fight fires with. Accommodation hose cart, and chemical, with proper ladders, proper hurricane lanterns, proper hand appliances and proper equipment of other sorts.

Digby has played with the fire fighting question far too long. Luck can only last so long, and

some day, a real fire will break out. Not in a building separate from all others as in the case of the fire in the DuVernet house, but down on Water street, in one of the buildings packed close together in the main business district.

Then what?

Nothing much, perhaps, and then again perhaps a lot. Perhaps the whole business district burned out. Perhaps Digby destroyed as Annapolis had been destroyed and as part of Digby was destroyed years ago.

As we said before, luck won't last forever, and it is a duty of every Town Councillor, every business man, every property owner, every resident in a rented house, to see that Digby gets proper fire fighting equipment.

We will save the cost of it in reduced insurance rates. If we do not have it, we will find ourselves paying the cost of it in increased insurance rates.

This is one time when Digby must spend money to save money, and the job cannot be started too soon. Apparatus, truck, hose, chemical, everything such as Digby should have, would not cost a great deal of money. Not nearly so much as many people seem to think, and it would be the best investment in civic protection and civic progress that Digby ever made or is likely to make in a century.

Good Price for Town Bonds

Town Clerk Boden has advised the Courier that the issue of \$12,000 of bonds of the Town of Digby has been purchased by Messrs H.M. Bradford & Co., of Halifax, at a slightly better than par. The tender was for \$100,38.

This is an excellent indication of how well Digby's financial condition is considered by bond houses and financiers.

Roberts of Sanguis, Mass., Mrs. E. Blackford of Tiverton and Mrs. Stewart Small of Central Grove; also twenty five grand children and seventeen great grandchild ren.

The funeral was held on Saturday, Jan. 19th from the Baptist church and a very impressive service was conducted by Rev. Mr. Greenwood, Interment was in Rising Sun Cemetery.

THOSE WHO WORK HARD

Need the Strengthening, Nourishing Food Elements in Father John's Medicine

Men and women who work hard, who go home tired from their day's labor, often find that they catch cold easily, that they run down, and that this is because their food is lacking in certain body-building elements. What they need is really a special food tonic rich in nourishment to restore the strength, energy and tissue which is lost during the day's labor.

Father John's Medicine has proved its value to thousands of people who work hard. It gives them the strength which they do not get from their regular food. Father John's Medicine is a scientific blending of cod liver oil with other ingredients which has been so successful for more than 70 years that it has come to be known as the greatest body builder. The scientific method of preparing Father John's Medicine divides the cod liver oil into such small particles that these are readily digested to build up the weakened system.

Among those entertaining at rock parties last week were Mr. and Mrs. Albert Moore, Mr. and Mrs. Odour Wain and Miss Mary Morehouse. At the close of each evening refreshments were served and an enjoyable evening spent by all.

Capt. A. E. Moore and Jesse Peters arrived home Tuesday for the winter.

Mr. Burnette of the Children's Aid Society was in this place Monday on business.

Dwight Sabean spent the week end at his home here.

Mr. and Mrs. Chester Stevens of Weymouth North spent the week end at the home of Mr. and Mrs. Clifford Gaudet.

Glad to report Mr. Louis Gaudet improving after an attack of flu.

Sorry to report Mr. and Mrs. Albert Marr still very ill with typhoid fever at time of writing.

Letter of Sympathy

Editor the Courier

Please publish this letter for me concerning the death of Mrs. John McGregor also her daughter, Mrs. S. Blackford, of which I read with deep regret. Mrs. McGregor was my aunt and was one whom the fullest confidence could be placed. She was always willing to help and comfort those around her. She was always a great Christian. Mrs. Blackford was a good neighbor, kind hearted, a pleasant disposition.

God love them, as they meet in Heaven from the cares of this world and we the undersigned extend our sympathy to those who are left behind. Besides her daughters are sons she leaves two brothers Samuel Rice of Smith's Cove, and Thomas Rice of Vermont.

A Greater Picture Coming to the Theatre Tuesday Night

You can take our word for it that Man age Walker has got a real picture for Tuesday's program. Red Grange, the idol of football fans in the United States broke into pictures after he won fame in his great football game, and the picture is a football offering worthy of the great football star.

We saw it in Truro, then again in Amherst, and we are going to see it again on Tuesday night.

Grange makes an outstanding success of the leading role showing surprising facility as an actor. Mary McAllister is a delightful heroine and the supporting cast is well chosen.

George Wilson, former Washington University football star leads the opposing team in the gridiron scenes and the whole picture is one you will talk about for weeks.

Mr. and Mrs. W. H. Farnham left on Tuesday for a two months visit in New York where they will be guests of their daughters, Misses Ellen and Etta of New York and their son, Dale, electrical engineer of the staff of the Public Service Corporation, New York. Their address in New York will be 125 West 10th street.

Why is it that MORSE'S TEA is so highly recommended by all grocers? Because, mostly, sixty years the grocers have been handling MORSE'S TEA and have never had a displeased customer. For a tea that has unusual quality of flavor, the one to buy is MORSE'S SELECTED ORANGE PEKOE.

For the first time in history, an airplane has been carrying furs from the wilds of Northern Manitoba to the Winnipeg market.

Hollick Kenyon, aviator, left Cranberry Portage for Brocket settlement recently, taking Del Symonds, veteran trader, whose aim was to visit all competitors who take a month to travel by dog team.

During 1928 between 5,000 and 5,700 Prince Edward Island foxes have been shipped abroad, an increase over the 4,200 shipped the preceding year. These have been handled without a single known casualty. Since the middle of October foxes have been shipped to Norway, Sweden, Scotland, Germany, Czechoslovakia, Bavaria, Finland, France, Holland, Switzerland and Japan.

Forty-two years of service with the Canadian Pacific Railway without having broken any of the company's rules or otherwise earned a mark against himself is the unique record held by Arthur W. Savage, engineer, who has just retired on pension. Mr. Savage, who is well known throughout the Eastern Townships, fired the train that laid the first steel on the line between Sherbrooke and Farnham.

The old English Yuletide Festival held recently at the Empress Hotel in Victoria, B.C., proved to be one of the most popular events of last year. Carols and yuletide music were rendered, the "Mystery of the Magi" staged, and Dickens' "A Christmas Carol" was produced. The festival culminated in a ball at which some seven hundred persons attended. It is believed that plans are already being made for a larger and better celebration next year.

A change in telephone numbers has drawn attention to the train inquiry office at the South Endor Street Station of the Canadian Pacific Railway in Montreal. The girls who are on duty there handle each on an average of 200 calls an hour, and as many as 300 an hour during rush times. They carry most of the information in their heads and seldom have to refer to a time-table. They are asked queer questions sometimes. Recently someone asked, "When does the afternoon train go?" and the old poser turned up "What time does the four o'clock train leave?"

Dr. Knechtel, a farmer residing about four miles east of Souris, Manitoba, has a lot of 6,000 bushels of Reward wheat which he is going to ship to the Western Canada in two bushel lots, as shown as the list of addresses arrives from Ottawa for the project is under the supervision of the Dominion Government. Reward wheat matures about a week earlier than Marquis and, for this reason, can be grown further north. This is a saving means, roughly, that a new strip of country 75 by 1,000 miles, is made available for wheat growing.

Report Chairman of Committee on Tenders and Public Property

1928

To the Warden and Councilors of the Municipality of the District of Digby Gentlemen:

Your Committee on Tenders and Public Property beg leave to present the following report for the year 1928:

COURT HOUSE

Your Committee has not re-negotiated the present janitor for the coming year and has left this matter to be dealt with by the full Council.

The old trouble with the water supply in the Court House has been remedied and a new pipe laid from the street direct to the building instead of the old way of coming in from the Jail Building.

Along in November we had trouble with the boiler that heats the building. Certain sections burning and pipes blown out just at the time of year when it made it very unpleasant for the people that had offices in the building.

This matter was taken up by your Committee and repairs made as soon as possible. Your Committee also had all the steam pipes covered and also top of boiler, which should be some saving on coal.

Your Committee had the roof of the building leaked quite badly and quite a number of the bricks crumbling etc. and would recommend that this matter be taken up at this session of the Council.

The orders issued during the year 1928 for Court House maintenance, not including the janitor's salary, amounted to \$1471.19, the janitor's salary being \$40.00 per month was paid by the Treasurer, amounting to \$480.00, making a total amount for the year 1928 of \$1951.19.

You voted for this service for the year 1928 \$1500.00. Your Committee would recommend a vote be placed in the estimates for the coming year for repairs to Building also the amount of \$1000.00 for the regular running expense of the building.

JAIL

Your Committee had very little repairs to the jail building during the year, just some painting and papering done. The amount of orders issued during the year including the prisoners kept amounted to \$663.82, the jailor's salary being paid by the Treasurer, \$50.00 per month amounting to \$600.00 making a total amount of \$1263.82 for full maintenance for the year 1928. You voted for this service \$1000.00. Your Committee would recommend a vote of \$1200.00 for the year 1929.

OUTSIDE POOR

Your Committee issued orders during the year for the support of the poor outside the Home, to the amount of \$2776.40. This department seems to be increasing every year, due to the number of children boarded out in different families, also certain families being helped by the overseers of the poor districts, which is cheaper than taking them to the Home. You voted for this department \$2000.00. Your Committee would recommend a vote of \$2400.00 for year 1929.

INSIDE POOR

The amount of orders issued during the year for the support of the poor inside the Home inside the Home amounted to \$3645.99. On account of ill health, on July 1st, your Committee received the resignation of Mr. William H. Thomas and the matron, his wife, to take effect on the 1st day of October, 1928.

The resignation was accepted by your Committee and the Chairman ordered to advertise in the Digby Courier for a Keeper and matron for the Home.

This was done and on August 13th this Committee was called to open the two tenders received, which were not accepted by your Committee. The Chairman was then ordered to call for new tenders in the Halifax Herald, Morning Chronicle and Digby Courier for Keeper and Matron.

A number of tenders were received and the tender of Helen B. Balser of Smith's Cove being accepted at the rate of \$600.00 per year and on Oct. 1st Mr. Balser and his wife took charge of the Home.

Your Committee has been advised by the Inspector of Human Institutions some additions and changes must be made at the Alma House. Your committee took this matter up with the Architect Mr. Leslie Fein of Aylesford and plans will be submitted by him for your approval. Your committee would recommend a vote be placed in the estimates for this work.

Your Committee did not paint the buildings this year, thought better to wait until after the new additions were made. Your committee would recommend a vote of \$500.00 for the upkeep of the Home during the year 1929.

Your committee advertised for tenders for supplies, wood and medical attention for the year 1928 in two issues of the Digby Courier and the contracts were awarded as follows:

Tenders for Flour groceries etc. were received from A. B. Turnbull, H. T. Warne

and A. A. Shortlife, all of Digby; The tender of H. T. Warne being the lowest, was accepted.

Tenders for Dry Goods etc. were received from H. T. Warne and B. J. Roper; The tender of B. J. Roper was accepted.

Tenders for Boots and Shoes were received from H. T. Warne, this being the only tender was accepted.

Tender from Dr. W. R. Dickie was received and was accepted.

Tenders for Hard and Soft Wood were received from I. Winchester, Ruwa Connell and J. B. Drew; the tender of J. B. Drew being the lowest was accepted.

Your committee finds during the last ten years the cost per day per inmate including the food, clothing, heat, light, medicine and other attendance has been as follows:

1918	\$0.38
1919	0.73
1920	0.300
1921	0.282
1922	0.280
1923	0.217
1924	0.220
1925	0.209
1926	0.282
1927	0.246
1928	0.69

Respectfully submitted

Nova Scotia Lady Found Relief in Dodd's Kidney Pills

Mrs. S. Hirtle Also Found Them Good for Nervelessness and Sleeplessness

New Germany, N.S. Jan. 21st (Special). Just why Dodd's Kidney Pills are so popular in the Province of Nova Scotia, is shown by the statement of Mrs. S. Hirtle, a well known resident of this place. She writes:

"I have suffered with Rheumatism for a long time and was terribly discouraged after trying several kinds of liniments. I was advised to try Dodd's Kidney Pills and found them a great remedy. I have also found them good for nervelessness and sleeplessness."

"That Mrs. Hirtle's trouble came from her kidneys is evidenced by the relief she got from Dodd's Kidney Pills."

Dodd's Kidney Pills are purely and simply a kidney remedy. They act directly on the kidneys, strengthening them and putting them in condition to do their full work of straining the impurities out of the blood. Dodd's Kidney Pills have restored sound health to thousands of troubled men and women; Give them a trial at once.

MONKEY AND PICKANINNY VIE.

NO—the little figure is not an effigy of Pan playing his pipes to inveigle the wood-nymphs; it is a young monkey who consented to pose for the official photographer on the Canadian Pacific cruise to South America and Africa last year. "The camera-man, somewhat irreverently, titled his picture, 'Boy, page Mr. Darwin.'"

"Monkeys, delightfully dressed Zulu rich boys, frightfully undressed Zulu belles and completely undressed pickaninnyes vie with the rushing, roaring, Victoria Falls, with Pao de Assucar—more familiarly known as the 'Sugar Loaf'—from which a marvellous view of Rio de Janeiro is obtained; with the tomb of Cecil Rhodes, mighty Empire-builder from which, carried in the living granite of a huge boulder topped with a bronze slab the spirit of the founder of Rhodesia can survey his handwork; with the stranger sights, sounds and smells of the bazaars of Port Said and the majesty of Vesuvius frowning on the fateful city of Naples famed for the gaiety of its life despite the ever-present menace of the world's most famous volcano for supremacy in the memory of the voyagers when they sit back in their easy chairs at the end of the voyage.

Wherever the 'Duchess of Atholl' calls her passengers will see new sights, their ears will meet strange sounds and they will gather impressions that will endure of many of the different races and countries of which this world consists.

And when it is considered that the cruise, starting from New York January 22nd, 1929, will visit Jamaica, Trinidad, Brazil, Argentina, Uruguay, South Africa, Tanganyika, East Africa, Kenya, the Sudan, Egypt, Italy, Monaco, France, Gibraltar and England, the sights depicted above are not really needed to indicate the 'infinite variety' of this 'cruise of contrasts.'

The visit of the R.M.S. 'Duchess of Atholl' during the three months of the cruise will provide an opportunity for citizens of ports in these various countries to see the new 20,000-ton Canadian Pacific liner—and to realize the strides the great Dominion is making. The ship is equipped with an individually controlled ventilation system which makes it ideal for tropical climates.

Windmills came with the Crusaders—600 Years Ago

INVENTION moved the minds of men in Palestine. They saw power hidden in the wind and captured it with giant windmills, to grind their grain.

When the Crusaders were driven from the Holy Land, they brought back to Europe this idea of the wind-driven flour mill.

From the first windmill, which was stationary and would run only when the wind was in the right direction, to the wind-vane invention, which constantly turned the great wings full into the breeze—there was little improvement until comparatively recent years.

Then in rapid succession came new methods of flour milling, finally developing into the marvellous machinery used for milling Maple Leaf Flour.

This superior flour is so expertly milled and carefully tested that it is sold under a written guarantee of uniformity and satisfaction. Try a bag for your next baking.

An attractive portfolio containing this complete series of historical advertisements is free upon request.

Constant daily testing and blending of the world's choicest teas give Red Rose Tea its inimitable flavor and never-varying goodness. Every package guaranteed.

RED ROSE TEA "is good tea"

RED ROSE ORANGE PEKOE is extra good

Port Wade

Lovett and Evangeline Bohaker of Stony Beach have been spending a few days with their sister, Mrs. Wm. Chisholm.

Ralph Apt who has been spending a few days with friends here, motored to his home in Kentville Sunday.

A Ice Tea was held on Saturday evening at the home of Roy Westhaver. An enjoyable evening was spent and a nice little sum raised for church purposes.

On Thursday evening several friends of Mr. and Mrs. Will Chisholm gathered for a house warming and general good

time. The evening was passed away pleasantly with games and music, and later a luncheon was served by the ladies. Early in the evening an original and humorous poem was read, which contained some local hits and provoked much mirth. This was responded to by the host who also thanked those present for giving him and Mrs. Chisholm such a splendid welcome to the community.

Miss Katherine Brown, of Halifax, spent the week end in town, guests at the home of F.H. McNaught.

Arthur Sulis, of Smith's Cove, was in town on Friday.

Not what you do, but how you do it, that counts

EVERYONE knows the story of Gen. Tunney. How he fought his way up, until at 30 he has retired, undisputed heavy weight champion of the world. From the very beginning of his career Tunney never once let himself get out of condition.

"I started taking Nujol internally seven years ago. The first month Nujol brought remarkable changes in my physical condition. My elimination became active and normal. Since that time I have taken Nujol about five nights a week. If I discover that I have taken an excess I stop its use for a couple of days, when I resume my daily practice of taking a swallow from the bottle before retiring. I have found during my seven years' experience with Nujol that it is not habit-forming, or in any way unpleasant or harmful."

Nujol contains no medicine or drugs. It is simply a pure natural substance (perfected by the Nujol Laboratories 26 Broadway, New York). It not only keeps an excess of body poisons from forming (we all have them) but aids in their removal.

Buy a bottle of Nujol today. Sold only in sealed packages.

OBITUARY

MRS. ORILLA POTTER

The death occurred on Wednesday, Jan. 16th, of Mrs. Orilla Potter, aged 77 years. Mrs. Potter had been in failing health for a number of years.

She is survived by one son Harold at home, and one daughter Mrs. Florence G. Norton, of Holbrook, Mass., also three sisters in the United States, one sister, Mrs. Charles Harris and one brother Wm. S. Harris, of Bear River. The funeral service was conducted by Rev. E.J. Barrass, on Saturday afternoon, interment being in Mt. Hope Cemetery.

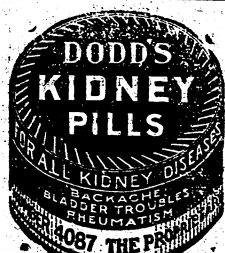

WM. G. PURDY

The death of Wm. G. Purdy occurred at Deep Brook on Thursday morning, Jan. 17th, aged 64 years. The deceased was a son of the late Cerezo and Mary Jane (Ditmars) Purdy. When a young man he attended school in Halifax for several years, where he made many friends. He was always pleasant and genial, keen of intellect although being handicapped from birth by being deaf. The committal service took place on Saturday afternoon at Clementsport at St. Edward's Cemetery. The funeral services were held on Sunday afternoon at St. Matthew's church, Deep Brook, conducted by the rector, Rev. A.W.L. Smith. The words chosen for the address were from Corinthians 15-22, "For as in Adam all die, even so in Christ shall all be made alive." "Rock of Ages" and "Nearer My God to Thee" were sung by the choir. He is survived by three brothers, John D. and Augustus, of Deep Brook and Robert W. Purdy, of Windsor.

Mrs. B.H.A. Rice Honored on Birthday Anniversary

A very delightful and largely attended birthday party was held at the home of Mrs. B.H.A. Rice on Monday evening. Many expressions of pleasure and congratulations were presented to Mrs. Rice on this anniversary of her birth but lady like no mention was made of the age of this young and charming matron. Rev. W. G. Hisler on behalf of those present presented in well chosen words a beautiful electric table lamp as an expression of appreciation, good will, friendship and regard for Mrs. Rice. A very enjoyable evening was spent in fellowship and in games, music etc. After refreshments were served, and the midnight hour approached, the guests departed for their homes surprised that the hours had passed so quickly away.

St. John's Guild met with Mrs. Alfred Porter on Thursday afternoon.

Here and There

Boys at Red Deer, Alberta, earned Christmas pocket money by trapping. They brought in nearly 400 weasel skins in less than a fortnight and also coyotes, rabbit, squirrel and cat skins.

Further experiments with superphosphate from the smelter at Trail, B.C., will be conducted in 1929 by the Alberta Department of Agriculture in conjunction with the Dominion Experimental Farms and C. P. R. experimental farms. An abundant quantity of this fertilizer will be available to meet demands.

Upwards of four millions of dollars will be expended this season in effecting alterations, improvements, and extensions to the Pacific Hotel at Calgary, Alberta, and the Empress Hotel at Victoria, British Columbia. E. W. Beatty, chairman and president of the Canadian Pacific Railway has just announced. Four additional floors will be added to the former and an entirely new wing will be extended from the latter, bringing these two famous hosteleries even more up to date.

A Negro preacher walked into the office of a Southern newspaper and said: "Misto Edito; they is forty-three in my congregation which subscribe to yo' paper. Do that entitle me to have a chuff notice in yo' Salday issue?" "Sit down and write," said the editor. "I thank you." And this is the notice the minister wrote: "Mount Memorial Baptist Church, the Rev. John Walker, pastor. In the morning and evening. In the promulgation of the gospel, three books are necessary: The Bible, the hymn book, and the pocketbook. Come to-morrow and bring all three."

Twenty head of holstein cattle from Alberta pure bred herds have arrived at Vancouver over Canadian Pacific Railway lines for shipment to Japan. These cattle were collected for a Japanese buyer by deputy minister of agriculture Craig. Quite a few such shipments have passed through this port recently. The purchase of the stock for Japan was made through the Alberta government and the cattle were selected from various herds in the province. Several of the animals or their immediate ancestors have records of 20,000 pounds of milk per year and all of them are from high producing dams.

A monster black bear weighing over 400 pounds that stalked upright through the woods seeking what or whom it might devour and which had no forepaws, has just been trapped in New Brunswick according to Dave Ogilvy, well-known guide and outfitter. The beast used to rifle all the garbage dumps and refuse heaps in the neighbourhood of Plaster Rock, on the line of the C. P. R., and was caught by means of a trap hidden under dead leaves and some old paint tins. Examination of the body showed that its forefeet were crippled, either by a deformity at birth or by an accident, and that it must have walked about on its hind feet. Only tracks of the rear paws have been found and considerable mystery existed as to the murderer. Seymour Traflet and Jack Ogilvy caught the bear, whose skin measured over seven feet in length.

On account of the illness of Rev. F. W. Swadon, the services of the two churches were united on Sunday, Rev. E. J. Barrass taking both morning and evening services.

The annual business meeting of the United Baptist Church took place on Wednesday evening with a fairly good attendance. After the business was transacted refreshments were served by the Social Committee.

On Monday evening the Elita Rebekah Lodge held the annual Installation of Officers in the I. O. O. F. Hall.

The Folly of Taking Digestive Pills

Warns Stomach Sufferers. Neutralize Dangerous Acids in Stomach with Hot Water and Magnesia.

"Never force the digestion of fermenting food, your stomach simply to get temporary relief from indigestion," says a well known authority. The habit of taking digestive pills after meals makes chronic dyspepsia of many thousands of men and women because artificial digestants, drugs and medicines have practically no influence upon the excessively acid condition of the stomach contents which is the cause of most forms of indigestion and dyspepsia.

The after dinner pill merely lessens the sensitiveness of the stomach nerves and thus gives a false sense of freedom from pain. If those who are subject to indigestion, bloating, gas, sour stomach, belching, heartburn, etc., after eating would get a little pure Bismarck Magnesia (either powder or tablets) from any reliable druggist and take a teaspoonful of the powder or two of the tablets in a little water after meals, there would be no further necessity for drugs or medicines because the Bismarck Magnesia instantly neutralizes stomach acidity, stops food fermentation and thus insures normal, painless digestion by enabling the stomach to do its work without hindrance.

Four years development Over 1,000,000 miles of Testing

DURING the last four years, over a hundred six-cylinder motors—of every conceivable type—were built by Chevrolet engineers and tested on the General Motors Proving Ground, before the present motor was developed and pronounced correct.

At the same time, the frame, springs, brakes, wheels, axles, steering mechanism and other parts of the car were being developed, so that the entire chassis represents a finished product of balanced design—to which Fisher Body craftsmen have added the smartness and luxury of handsome new body designs.

Some 200 of the thousand head of buffalo in Elk Island Park, east of Edmonton, have been slaughtered during December in order to keep the size of the herd within the carrying capacity of the park pasture. It is expected that most of the meat thus secured will be shipped north in the form of pemmican to provide food for Eskimo inhabitants of the Northwest Territories as a result of the growing demand from this source following the trial shipments made last year.

Supplies for the 150 inhabitants of the lonely little island of Tristan da Cunha in the southern Atlantic not far from St. Helena are being collected by Montreal dispatchers of the I.O.B.E. and will be delivered in February by the Canadian Pacific liner "Duchess of Athol". This great liner, making a cruise of South America and Africa, is one of the few vessels to call at this isolated point. The visit is one of the unique features of the cruise for the passengers and the event of the year for the inhabitants of the island.

Resolution Passed at the Town Council Meeting on Jan. 28th.

"That the Town Council of the Town of Digby is willing to sell the Electric Light line as established outside the Town limits from a point near the corner of the Light-house Road, to the Municipality of Digby AT COST and also to supply CURRENT BY METER at the same point at COST—if the Municipal Council wishes to take this over to supply the district of Gulloden and Bay View." This resolution was passed unanimously at a full meeting of the Town Council, after hearing what the delegation from the Municipal Hydro Committee had to say about the matter.

The Town Council could not see that it would be a proposition that would be at all profitable for the Town to undertake the extension necessary to supply the districts mentioned, but they would not stand in the way of the Municipal Hydro Committee, if they desired to make the extension.

The Mayor wishes it to be clearly understood that the money of the Town of Digby could not be used outside the town, unless there was a reasonable probability of it paying or at least breaking even.

Back From the Motor Show

Mr. W. R. Harris, Ford Dealer for Digby County, returned this week from Montreal, where he was attending the Motor Show. There were certainly some wonderful cars on display, but nothing finer for the price than the new Ford.

A carload of new cars, trucks, tudors and light delivery arrived this week and are now on display in the Weymouth show rooms. All models are available for the market.

Mr. Eugene Comeau has been added to the sales staff of the Ford agency for Digby and will look after the needs of car purchasers for Mr. Harris.

First Meeting of the Year

The first meeting of the Ladies' Aid of Grace United Church was held yesterday afternoon at the home of the President, Mrs. C. A. Carty, Queen Street. A quilting party was held and refreshments served by a committee of the ladies assisting Mrs. Carty.

Many members attended to congratulate their president on her recovery from the injuries which have kept her on the sick list for some time.

Visiting in Digby

Mr. and Mrs. Lindsay Kirkpatrick have with them as their guest Mr. Kirkpatrick's sister, Mrs. Saxton, of Boston. Mrs. Saxton has just come from Pittsburg, Penn., where she was the guest of her son, Professor Saxton of Grove City College, and after a visit in Digby will go on to Liverpool to spend the rest of the winter with her daughter, Mrs. Harry Sawyer, wife of Customs Inspector Sawyer, of Liverpool.

Delegates to Farmers' Convention

Mr. D. A. Roop, Hill Grove, representing the Digby County Association and Mr. Walter DeLong representing the Digby Central Agricultural Society are in Truro this week attending the annual session of the Farmers' Convention being held at the College of Agriculture.

There will be no services at Trinity Church on Sunday.

Conway Store and Post Office Burned but the Mails Were Saved

Fire in Edgar Warner's store, Conway, on Tuesday morning did \$2000 damage to the stock and premises. The mails in the Post Office were saved by Mr. Warner. There is \$500 insurance.

Mr. Warner waited on several customers during the morning and then went over to his home, across the road. Returning he found that fire had broken out behind the stove and flames were running all up the wall. He called for help and tried to save the building by forming a bucket brigade. Scarcity of water was a handicap.

In an effort to save the mails Mr. Warner got in through a window and when he did not return the fire fighters followed him in to find him lying on the floor overcome by smoke. He had the mail, which was saved with him.

Nova Scotia Farmers' Association in Convention At Truro

The thirty-third annual convention of the Nova Scotia Farmers' Association opened at Truro on Monday with a large number of delegates in attendance, and many more registered on following days.

The convention was opened with an address of welcome by Dr. J. M. Trueman, Principal of the college.

The address of welcome was responded to by Wallace L. Cooke, Vice-President of the Association at Yarmouth. Mr. Cooke, on behalf of the farmers, expressed the appreciation for the welcome and good wishes of the college principal. At the evening session President H. J. Eadie presided.

Addresses were also given by Hon. J. F. Mahoney, Minister of Natural Resources for the Province, and Miss Helen J. MacDougal, Superintendent of the Women's Institute of Nova Scotia. Both addresses were well received by the farmers in session. The Minister of Natural Resources declared the policy of his department towards the farming industry and expressed his sympathy in the progressive attitude of the agriculturist in an endeavor to better conditions in the rural districts. Matters referred to his department by the farmers would receive every consideration, he said, and he concluded his address by expressing his best wishes for the success of the conference or convention.

On Tuesday morning at 9.10 o'clock the business sessions of the convention opened. President Eadie giving his address as the first item on the extensive programme to be carried out before the convention closes.

Besides the delegates to the convention there are also in attendance all the County Agricultural Representatives, who concluded a two days' conference this afternoon, and a number of the directors of the Maritime Egg and Poultry Exchange. Also several prominent agricultural officials of the Federal Department and the Canadian National Railways were in attendance.

New Service Building for Defiance Trucks Will be Erected at Warne Mill

A five thousand dollar concrete building to house the servicing equipment of the Defiance Trucks Agency held by H. T. Warne will be constructed as soon as weather conditions permit.

The building will be 75 feet wide and 200 feet long, and will house a fully equipped machine shop, carpenter shop and paint shop. The paint shop will have pressure apparatus for applying a factory finish. The machine shop will be in addition to the present shop used for mill purposes.

This new building will give Warne's the equipment of servicing an ever growing fleet of Defiance Trucks in operation all over the province, and will mean a considerable addition to the pay roll staff.

Decision to erect the service plant was reached recently, during the visit of Mr. H. T. Warne and Mr. Hubert Warne to Boston, where they met Mr. Nate Robinson, President of the company which manufacture Defiance Trucks.

Have Taken House in Miami

Mr. J. L. Peters, who with his sister and her husband, left Wintrop, Mass., recently on a motor trip to the Southern States, have taken a house at Miami, Fla., for a month. Last Sunday they were guests of Mr. and Mrs. H. T. Warne, of Digby, who are wintering in Florida.

Two million trout and salmon spawn have been placed in the troughs at the new fish hatchery at Lake George, Yarmouth County. This hatchery is said to be the largest in Eastern Canada.

Condition of James Saulnier Unchanged

No change is reported in the condition of James Saulnier of Digby, victim of stroke while engaged at Leigh Marshall's wood camp back of Marshalltown.

Mr. Saulnier was engaged cutting cord wood. On Tuesday morning he arose and walked towards the door, when he was stricken. The state of the roads prevent moving him in a wagon or sleigh and the camp is too far back in the woods to make it possible to carry him out.

SCOUT NOTES

Fox patrol gained points at last Friday's meeting of Digby Troop Boy Scouts, winning on payment of dues, attendance, and uniforms. The meeting opened with 28 scouts, one officer and one visitor in attendance.

Tenderfoot Melvin Spittle passed his tenderfoot tests and was admitted to Wolf Patrol. Cheers greeted the new member of the troop and the patrol got points for his successful passing of examinations.

Scout Lynch of Beaver Patrol wrote the winning essay on the

"Plum Tree." The next essay will be on the rubber tree. Fox patrol earned 25 merit marks because one scout failed to bring his essay.

Wolf patrol won points for being the first patrol to give the Ten Commandments correctly. One of

the Commandments was acted. Beaver patrol won the final game of the basket ball series.

Scout meeting adjourned at 9.30 in regular form and a Court of Honor held following, discussing affairs of the troop.

A New Hospital For Digby

We have been advised that the Digby General Hospital Board are organizing to put on a drive within a few months to raise funds to build a new hospital. Plans are being assembled and discussed and it is the general opinion that a twenty bed hospital would best meet the needs of Digby Town and County. Such a hospital can be built if the people give it the support which it deserves and work with determination to put it over.

While the present building has served a good and useful purpose and has been instrumental in putting the hospital organization on a solid foundation, it has become apparent to all who have been connected with it that the time has arrived for a new and well equipped building to meet the growing demands of hospital care and hospital treatment.

For the past ten years thousands of dollars have gone out of Digby Town and County in drives to raise money for other institutions, now the people will be given an opportunity to show their patriotism and give to something that will be of great and lasting benefit to themselves, and the whole community—something that they can see where their money has gone and something we feel sure that they will be glad to know that they helped build.

The Courier is glad to present this matter to its readers. It is one which the Courier is only too happy to support, and one, also, which should, and no doubt will, receive the support of all residents of Digby County.

The V. O. N.

Those who attended the Annual Meeting of the Digby Branch Victorian Order of Nurses last Thursday night were given a striking insight into the amount of work which this Order carries on in the Town of Digby and the unlimited, seemingly, capabilities of the nurse, Miss Gulliver.

As to the manner in which the business of the meeting was conducted, it was an example of efficiency and despatch which if copied by all other semi public bodies would make for interest and increased attendance. No part of the work was skipped, all was placed before those attending in most illustrative manner, and yet from the opening of the meeting until its close was only just over an hour. During this time reports of all departments were presented and adopted and officers for the new year elected.

The Victorian Order of Nurses occupies a distinctive place in the community. Some may think, and some do think, that its work is in a part a duplication of the work of the hospital, but careful consideration of the work done in the past year by Miss Gulliver discloses the error of such opinion. The work of the V.O.N. is largely among those who must look to some source of aid in their need and the assisting of these classes is peculiarly the work of the Victorian Order. It was founded as a semi official organization for assisting the needy and sick, for the education of the young in health practices and for the giving of prenatal and childbed attention to mothers and babies.

How splendidly the Digby branch fulfills all of its objects is clearly seen in the annual reports presented at the meeting. The nurse, Miss Gulliver, reported many visits to pre-confinement and confinement cases and also a great deal of work done in the schools, where the interest of the children was aroused and intensified by Mothercraft classes in addition to making medical examinations of practically every pupil.

In a future issue the Courier will publish detailed reports of the work done during the year and commends these to the careful attention of all readers, in order that many who could not attend the annual meeting of the Order may discover for themselves how very great is the usefulness of this institution.

Joseph I. Melanson Dies In Swampscott, Mass.

Swampscott, Mass., Jan. 24, 1929—Following illness which had been prolonged throughout the past year, Joseph I. Melanson, Sr., died today in Swampscott. He was widely known for his long connection, covering about forty-five years, with the shoe business, as a manufacturer of children's shoes, and was head of J.I. Melanson Sons' Corporation, with a manufacturing plant in North Adams, Mass.

Mr. Melanson, who reached the age of sixty-four years on Oct. 24, last, was born in Saulnierville, Nova Scotia, where he lived until about the age of twenty, when he came to Massachusetts, living first in Boston and later in Lynn, where his firm was J.I. Melanson & Brother. The plant was removed to North Adams about four years ago, because of labor troubles in Lynn.

Mr. Melanson was a member of the National Shoe Manufacturers' Association, the Boston Boot and Shoe Club, Oxiard Club in Lynn, Tedesco Country Club in Swampscott, Salem Country Club in Salem, and Kingswood Country Club in Wolfeboro, N.H. He was a life member of the Tin Whistlers of Pinehurst, N.C.

Surviving Mr. Melanson are his wife, Mrs. Beatrice A. Melanson; four sons, Lionel, Joseph L., Jr., Gregory and Emilie Melanson; and a daughter, Mrs. Blanche Morrow, all of Swampscott with the exception of Lionel Melanson, who resides in North Adams.

The funeral was held from the residence in Swampscott, Jan. 26;

Frank Cousins is spending the winter at his home here.

C. B. Crowell and son of Port Maitland spent the week end with R. J. Gower.

James Gower, one of the best known residents of this place, died at his home here Thursday night, aged 86 years. He had been ill for some time. He was a deacon of the Westport Baptist church and was a valued member. He is survived by a widow, two daughters, in the West and Eden at home, also three sons, Charles and Elmer of Westport and Gordon in the West. Funeral took place from the Vestry Saturday afternoon and was conducted by his pastor, Rev. H. H. Phinney. We extend our sympathy to the bereaved ones.

Sandy Cove

Mr. and Mrs. Scott Sypher have the sympathy of the community in the sudden death of their one month old son, on Jan. 28.

The death of Mr. Mosier occurred suddenly on Friday at the home of her daughter, Mrs. Bryant, at the Methodist parsonage. Mrs. Mosier had been confined to her bed for a long time. The remains were sent to Avondale for burial on Saturday. Much sympathy is felt for the daughter.

Mrs. Warren Crowell and son, Harold, have been very ill, but are recovering.

We are glad to welcome Hydro at last.

Mrs. Harry Jensen has returned home after a long visit in Swampscott with her daughter, Mrs. Chester Jackson.

DODGE BROTHERS SIX

EVER SINCE the first Dodge Brothers car made its appearance some 15 years ago, the name of Dodge Brothers has enjoyed commanding prestige.

Hence, in acquiring the Dodge Brothers Corporation, and in undertaking to plan, produce and protect the future products which will bear the Dodge name, we are mindful of our profound personal obligation to the vast Dodge Brothers public and the host of Dodge Brothers dealers throughout the world.

We are utilizing all of the elements of progressive engineering, scientific manufacturing and outstanding value which have contributed to the success of all Chrysler-built cars and to the progress of the Chrysler Corporation.

We have embodied such value, such performance, such engineering supremacy and so much of originality, beauty and luxury that by every comparison, the intrinsic value of Dodge Brothers cars will remain unchallenged.

The new Dodge Brothers Six furnishes unassailable evidence of the unlimited capabilities of the great, organized forces of the Chrysler Corporation when marshalled to full strength in any enterprise.

We are proud to be the creators and sponsors of the new Dodge Brothers Six—and present it in the sincere conviction that it offers the high value, dependability and distinction which a discriminating public expects of Dodge Brothers.

COME IN AND SEE THE NEW DODGE BROTHERS SIX

Also See THE NEW DODGE SENIOR—Chrysler inspired, the new Dodge Senior combines the finest custom style with big roominess and road-catch. It is the largest, handiest, and finest of all Dodge Brothers cars.

Four Acclamations for Town
Council Vacancies

Tuesday was nomination day for
the fying of papers nominating
candidates to fill the places of re-
tiring members of the Town Council
of which there were four. Coun-
cillor Wightman, Eldridge and
Turnbull had completed their terms
and the seat of Councillor Egbert
Robertson was automatically
vacant, due to his prolonged
absence from town.

Under pressure of associates
Councillors Wightman and Eldridge
accepted renomination. Councillor
Turnbull would not consider serv-
ing again. Which left two vacan-
cies to be filled. After diplomatic
work Mr. A. J. Dillon and Major
M. C. Denton were prevailed upon
to permit their nomination papers
to be filed and there being no more
nominations than number of vacan-
cies all are therefore elected by
acclamation.

The Courier takes the liberty of
congratulating all four gentlemen.
Service in the Town Council for the
most part unappreciated, and this
year the duties of Councillors will
be made the greater by the number
of matters of civic progress which
will come up for consideration.

It is almost certain that an in-
crease of tax rates is to be looked
for, to begin with.

Councillor Wightman will com-
plete the unexpired portion of
Councillor Robertson's term.

Gas in the Stomach Is Truly Dangerous

Gas, Pain, Bloating and a feeling of ful-
ness after eating are almost certain evi-
dence of excessive hydrochloric acid in
the stomach.

Too much acid irritates the delicate
stomach lining, frequently causing chronic
Gastritis and Ulcers. Food ferments
and poisons, forming a gas that distends
the stomach and often seriously affects
the heart.

It is genuine folly to neglect such a
condition or to treat with artificial di-
gestive aids that cannot neutralize the
stomach acid. A better way is to get
from your druggist some Bismarck Mag-
nesia (powder or tablets) and take a little
after each meal. This famous but simple
and inexpensive stomach sweetener and
anti-acid can be depended upon to prove
its value in less than five minutes. In
most instances, relief comes instantly!
Pleasant and perfectly harmless to use—
Bismarck Magnesia does give wonderful
relief in nine out of ten cases. Ask your
Doctor or Druggist.

OBITUARY

MRS. HIRAM OUTHOUSE

Death entered our village Monday
morning Jan. 21, taking as its vic-
tim, Ethelyn, wife of Hiram Out-
house, aged 52 years.

She had been ill but a short time;
yet her death was not unexpected.
Left to mourn are a husband, three
sons, Lawrence, Otis and Floyd of
Tiverton, two sisters, Mrs. William
R. Bourie, Poplin Beach, Maine;
Mrs. Roy Morse, White Head, G.
M. three brothers, Whitefield Nic-
holls, Eldred of Tiverton.

She was a member of the Chris-
tian church. Funeral took place
Tuesday, Jan. 22nd, from the Baptis-
tist church, Rev. Mr. Greenwood
attended the service.

Hymns which were tendered by
the pastor were "In that City Four-
square", "Some Sweet Day" and
"Sometime We'll Understand"

To all who mourn sympathy is
extended.

MRS. LENA PYNE

A gloom was cast over the village
of Tiverton, on Monday morning,
Jan. 21, when Irvin Pyne received
the sad news that his mother, Mrs.
Lena Pyne, had passed away at
Somerville, Mass., on Sunday, Jan.
20th, death being due to heart
trouble.

Mrs. Pyne went to Boston about
a year ago and after a visit with re-
latives, went to 71 Cross St. Somer-
ville, where she has since made her
home with Mrs. Martha Wilson.

Her body arrived Tuesday, ac-
companied by her son Albert, who
was by her bedside when she
passed away. She was a member
of the Baptist Church and Compa-
nion Court, Ivanhoe, I.O.F. of Tiv-
erton. She was 63 years of age.

Left to mourn are a husband,
Mr. John Pyne, at Portland, Me.,
one daughter, Mrs. Harry Norton of
Hartford, Conn., two sons, Irvin of
Tiverton, and Albert in the United
States, two sisters, Mrs. Gertrude
Cobb, Hartford, Conn., Mrs. Wil-
liam Delaney of Central Grove, and
two brothers, Warren Powell of
Boston, Leslie Powell of Central
Grove.

Mrs. Pyne was a devoted mother
to her children and will be greatly
missed by them.

Her youngest son, Stafford, lost
his life in the August Gale 1927,
from which she never fully recover-
ed. Funeral takes place from the
Baptist Church today, Rev. Mr.
Greenwood officiating.

The community joins in extend-
ing sympathy to the bereaved ones.

Rest for the toiling hands,
Rest for the anxious brow,
Rest for the weary way-worn feet,
Rest from all sorrow now.

When they leave this world of
changes.

When they leave this world of care,
May they find this loving mother,
In the Father's mansion fair.

CHILDREN'S COLDS

are doubly dangerous
after Flu

Physicians advise that the chief danger in this epidemic is AFTER influenza. Then, more than ever, colds attacking a child's weakened system may lead to bronchitis, pneumonia, sinus trouble, abscess of the ear, mastoiditis, or even the dread meningitis.

Check Colds Without "Dosing"

A peculiarity of influenza is that its toxins leave the digestive system upset. Too much "dosing" further disturbs the digestion and lessens the appetite, just when the child needs nourishment more than ever. Internal medication should therefore be avoided, except on the advice of a physician.

As Vicks VapoRub is applied externally, it can be used freely at the first sign of a cold with no fear of upsetting even the most delicate stomach. Just rub it on the throat and chest at bedtime.

Vicks Acts 2-Ways at Once

(1) Its medicated vapors, released by the body-heat, are inhaled direct to the inflamed air-passages, loosening the phlegm and easing the difficult breathing.

(2) At the same time, Vicks acts through the skin like a poultice, "drawing out" tightness and soreness, and thus helping the vapors to break up the congestion.

Of course, Vicks 2-way action is just as effective for adults' cold-troubles as it is for those of children.

SCOUT NOTES

Last week's meeting was the largest for some time and a new course of instruction was started in Signalling and First Aid. All the Tenderfoot Scouts are preparing their Second Class Tests and the

Second Class Scouts are preparing First Class Tests.

A resolution was passed in connection with next summer's camp making it necessary for any Scout wishing to go to camp to meet the following two requirements. First he must at least be a Second Class Scout and he must have Camp proficiency badge.

A Morse Telegraph Key has been added to the equipment of the Troop to permit them to practice the Morse Code in the Scout room.

Second Class Scout Walter Read was presented with his Dairymen's Proficiency Badge. Other proficiency badges are to be presented next week.

During the Horseshoe formation a very pleasant surprise was given to the Scoutmaster. The Troop Secretary came forward with a red package in his hand and presented it with the best wishes of the troop. Upon being opened it was found to contain an official Scout Flashlight. On account of its unique design this flashlight can be used in many ways that an ordinary flashlight cannot be used.

What Mr. I. Wright Says About Dodd's Kidney Pills

Prince Edward Island Man Highly Recommends Them to All Sufferers

Howlan, P. E. I. Jan. 28th (Special)
The following is one of the many letters of praise which we are continually receiving. It comes from Mr. I. Wright, R.R. No. 1, Howlan, P. E. I. He writes—

"I cannot say too much for Dodd's Kidney Pills as they have worked wonders for me. I had backache for some time and could not get anything to help me. I had heard what Dodd's Kidney Pills have done for others, so I tried two boxes and now I am feeling great. If I am ever troubled again I will take more of them for they did me such a lot of good. I am a laboring man 33 years old and I recommend Dodd's Kidney Pills to all kidney sufferers."

Dodd's Kidney Pills can be obtained from druggists everywhere, or The Dodd's Medicine Co., Ltd., Toronto 2, Ont.

OBITUARY

WILLIAM CHUTE

There passed away at his home in Bear River, Wednesday morning, Jan. 23rd, William Chute, son of the late Obediah and Mary Chute, after a short illness from pneumonia, at the age of 62 years. He has been a watchmaker and jeweler of this town for years; having inherited the business from his father. And has lived his entire life in this place. He is survived by one sister, Nettie, at home and two brothers, Frank and Maxwell Chute, of Somerville, Mass. The funeral was held from his late home Saturday afternoon, conducted by Rev. F.W. Sawdon of the United Church assisted by Rev. Pearl Henderson of the Advent Church. The United choir sang, Asleep in Jesus, Sometime We'll Understand, Rock of Ages. Interment in Mount Hope Cemetery.

GEORGE E. BEELER

After a somewhat prolonged illness, Mr. Beeler passed away at his residence in Clementsvale Sunday morning, Jan. 27th, aged 72 years, and leaves to mourn his passing a devoted wife and two sons, Kenneth, of Annapolis Royal, and Murray, residing at home.

Mr. Beeler was one of a family twelve children of the late John James Beeler, two only of whom survive him, Mrs. Corey O. Long, of Clementsvale, and Mrs. Thos. Pyne, of Princeville.

Mr. Beeler had lived an active life, having been interested in lumbering, milling and machinery, and filled a large place in his community. Of genial disposition, upright character and winning personality, he leaves a rich legacy to those who mourn his demise.

He was an ardent Mason and a member of the Keith Lodge A.F. and A.M. of Bear River for many years. Interment at Clementsvale 29 inst. with Masonic honors.

The music in the Baptist Church on Sunday morning will be rendered by the Junior Choir.

Weddings

SMITH-YARRIGLE

On Saturday afternoon Jan. 26th the marriage of Miss Hattie Yarrigle, daughter of Mr. and Mrs. Albert Yarrigle, of Bear River, to Bernard LeRoy Smith, son of Mr. and Mrs. George Smith, Acaciaville, took place quietly at the home of the bride with Rev. G. C. Durkee, of Clementsvale, officiating. The bride who was given away by her mother was gowned in blue silk canton crepe with silver trimmings, and was attended by Miss Blanche Woodman, gowned in rosewood silk crepe. The groom was attended by Mr. Wade Woodman. After the ceremony a dainty luncheon was served, attended only by the immediate relatives of the bride. Mr. and Mrs. Smith will reside at Bear River.

Notice

The regular monthly meeting of the Women's Institute will be held on Monday afternoon at 3:30 in the Masonic Kitchen. A fine program has been provided and a large attendance is requested.

The ladies of the Baptist Circle intend holding a Bazaar Sale on Saturday afternoon, March 30th.

GENE TUNNEY may have put off the gloves for good. But he's too wise a man to give up the price-less habits of physical training that stood him in such good stead in his profession.

Just before his last fight, Tunney said:

"I started taking Nujol internally seven years ago. The first month Nujol brought remarkable changes in my physical condition. My elimination became active and normal. My appetite increased and a desire for intensive training was created. Since that time I have taken Nujol about five nights a week. I have regulated myself to the amount necessary to keep my elimination normal. I have found during my seven years' experience with Nujol that it is not habit-forming, or in any way unpleasant or harmful."

Nujol is not a medicine. It contains absolutely no medicine or drugs. It is simply a pure substance—perfected by the Nujol Laboratories, 26 Broadway, New York. It not only prevents an excess of body poisons from forming (wealthy have them but in their removal). In sealed packages only. Buy a bottle of Nujol today.

Ice Harvest Coming In
Cutting of the winter's ice har-
vest began on Monday. The ice is
of fair thickness and is particularly
clear of snow. Trucks and teams
have been making a regular pro-
cession along First Avenue to the

Maritime Fish Corporation ice
house at the Racquette, getting it
filled up.

Flour Making Through the Ages

A Cave Man's Flour Mill 8000 Years Ago

LONG ages ago, a prehistoric
man, making his way through
a growth of wheat, stopped to con-
sider the waving heads of apparently
wild grass.
He sampled a plump pelf of grain.
A vague thought stirred in his mind.
Gathering an armful of wheat, he
brought it to his mate. She ground the
kernels between two rocks to make
them easy to eat. There in that pre-
historic field, the story of flour began.
Those first crude grinding devices,
now known as "Bull's Bones,"
one shaped to fit the hand, the other
a boulder hollowed on the top—
were the world's first millstones.

They were the keys which unlocked
the door to Nature's greatest food-
treasure—flour.
Down through the ages man's appre-
ciation of flour has steadily increased.
His methods of preparing it have
been perfected until, today, we have
MAPLE LEAF FLOUR—an unex-
celled product of selected Canadian
hard wheat—so expertly milled and
so accurately tested as to make pos-
sible its sale under a written money-
back guarantee of uniformity and
satisfaction.
For your next baking, try a bag of
Maple Leaf Flour. Maple Leaf Milling
Co. Limited, Head Office, Toronto.

Digby High School Wins

Digby High School hockey team were victors over the visiting Saint Anne's team at the Victoria Rink on Wednesday. It was good hockey from start to finish, and the final score was 6-2.

Acadia University hockey team was the first of the Valley League play downs on Wednesday. The team from Wolfville town team by a score of 2-1. Acadia is favored to win the section and will then play in the next stage, probably against the Digby Ravens. Truro Beavers won from Halifax Socials at Truro, score 4-2. This gives Truro a better chance for tying for second position and getting into the section finals.

Red Ravens Beat the Royal Annes

We see by the papers that Digby and Annapolis played a "4-4 tie" in Annapolis last Friday night, which account is not as close to fact as might be expected. The final score was 4-3 in favor of the Ravens, and would have been different if Digby had played team hockey in place of a series of individual exhibitions.

But no matter. Call it 4-3, or call it 4-4, it wasn't as good a game as the Royal Annes' versus Church Point affair on Monday night, when Les Acadians, took the long end of the score, and incidentally presented the best exhibition of hockey seen in Digby this winter.

Hopes to See Digby and Truro Play for Championship

Jack Learmont of Truro, who travels for high explosives, was a visitor in Digby on Wednesday and dropped in to talk hockey. He doped it out that Truro has an even chance to get into the finals, and looks to see Digby Ravens cleanup on everything to meet Truro Beavers in the final games for the trophy.

Either way, the Beavers would like a game with the Ravens and even the expense of a long trip down isn't going to keep them from it. Digby would rather play Truro than any other team on the continent. The Beavers were good sports when they were here last winter and the game in Truro is still something to talk about.

Bladder Weakness
Troublesome Nights
Swiftly Relieved

If you are troubled with a burning sensation, Bladder Weakness, frequent, daily annoyance, getting-up-nights dull pains in back, lower abdomen and down through groin—you should try the amazing value of Dr. Scott's "Uratabs" and see what a wonderful difference they make! If this grand old formula of a well known Physician brings you the swift and satisfying comfort it has brought to dozens of others, you surely will be thankful and very well pleased. It does not satisfy the druggist that supplied you is authorized to return your money on first box purchased. This gives you a ten day test of "Uratabs" without risk of cost unless pleased with results so, if you would know the joys of peaceful, restful sleep and a normal, healthy bladder, start the test today. Any good druggist can supply you.

Roop's Cash Discount and Remnant Sale Continues One More Week

An opportunity for careful buyers is offered in the Cash Discount and Remnant Sale, being conducted by B. J. Roop's Store. This sale began on Saturday last and continues one more week; which still leaves time to take advantage of the reduction offered.

Those shoppers who know the stock at Roop's will quickly see the great advantage to be gained by making purchases while the special prices are in effect. Outstanding in values among the various lines are the Prints and Gingham, Linens, Sheetings and Pillow Cottons, for the home and in personal wear the Silk Underwear, Ladies Hosiery, Sweaters, Corsets and Corsetlets, Pyjamas and Kimono Flannelette, regularly priced at 35c and 38c and selling at 27c and 30c is an example of the values offered in all marked down lines.

The stocks offered are all new goods, regular stock and in seasonable and stylish weights and patterns—all afford ing opportunity for substantial savings.

There was a large attendance at the Ladies' Hospital Aid Circle and Tea held on Wednesday afternoon at the home of Mrs. W. K. Dickie, Mrs. Geo. Morrell will be the hostess for next week's meeting, which will include the regular monthly business meeting together with the usual Sewing Circle and Ten Cent Tea. A cordial invitation is extended to everyone to attend.

Splendid success seems to be following the endeavor to secure a million dollars for Mount Allison University. Several towns already report having obtained their quota. The total amount reported is over one hundred thousand dollars.

An advertisement appears in this issue of the Courier of Percy P. Trask, Fleet of Yarmouth. Mrs. Abbott, proprietress of the White Aster Tea Room, has been appointed local agent of this company and is prepared to take orders for any floral pieces.

TALK OF THE TOWN

Ben Webber left for Boston on Friday last.

Mrs. M. Theriault left on Thursday to visit her mother in Ashmore, who is ill.

Mr. and Mrs. J. Gaudet of Little Brook were visitors in town on Wednesday.

Max Cope spent the week end in Halifax.

Cyril Cousseau of Weymouth was in town Monday.

Mrs. D. J. Hewitt spent the week end with her parents in Lawrencetown.

Mr. and Mrs. Leges-Cousseau of Weymouth were visitors in town on Monday.

Forrest Elsom and E. Webber were passengers to Halifax on Monday.

H. E. Williams returned on Friday from a business trip to Halifax.

The annual Valentine Bridge of the V.O.N. will be held in the Court house on Thursday evening, February 14th.

Miss Adie McKinnon who has been visiting her parents, Mr. and Mrs. H. McKinnon, returned to Lynn on Tuesday. She was accompanied as far as Yarmouth by her brother-in-law, W. Wilkins.

Valentines—comic ones, cutouts, pretty ones—you will find a good assortment at May's Book Shop.

Fred Graham, who is making his home in Halifax during the winter, was in Digby yesterday on business.

Mrs. T. E. G. Lynch was the delegate from Trinity Church Women's Auxiliary to the convention, in Halifax this week, of the Women's Auxiliary of the Diocese of Nova Scotia.

We regret to learn that Mrs. Oswald Wright has been obliged to cancel her plans for the cruise on which she was to have left this week, she and her family being confined to the house with influenza.

Mrs. H. F. Williams returned home on Wednesday after a month's visit in Montreal.

Mrs. George Turnbull, who left Digby on Christmas Day, has reached "Naples" reporting a very rough passage.

Mr. and Mrs. H. B. Short expect to leave on Saturday for Ottawa. Dr. and Mrs. Margeson, who have been their guests, will spend the remainder of the winter with the latter's sister, Mrs. Churchill in Hantsport.

Mr. and Mrs. R. Fillmore and family, who were rendered homeless by the recent fire in the DuVernet cottage, have moved into the house on Montague Row formerly occupied by Mr. Cardona.

February 14th is Saint Valentine's Day—remember your sweetheart with a pretty Valentine from May's Book Shop.

Miss Mary Lynch is visiting relatives in Halifax.

Miss Helena White R.N. of Yarmouth is spending some time with her friend, Mrs. Frude.

A Valentine Supper will be held on Tuesday, February 12th, in the Vestry of the Baptist church. The ladies of the church are preparing to make this supper even better than the last one.

Press despatches from London yesterday announce that General Bramwell Booth has secured a court injunction preventing the High Council of the Salvation Army from depositing him and appointing a successor.

During the experimental stage of the air mail service between Halifax, Saint John and Ottawa, all mail by air service will be carried at regular mail rates. Special covers, marked "Air Mail" will be used when the higher air mail rate is prepaid on both ordinary and registered letters.

No people in Canada are so particular about the quality of the tea they drink as the people of the Maritime Provinces. This explains why when visitors from other parts of Canada come to the Maritime Provinces, they almost invariably remark upon the deliciousness of MORSE'S TEA which is especially made to suit the tastes of Maritime Provinces' people.

A meeting of the School Board was held on Wednesday night to discuss the serious situation in Digby schools. There is a high percentage of absentees and with the third quarter opening the teaching staff is alarmed at the lack of progress being made by the classes.

Orbin B. Sproule, Former Mayor of Digby Died at Edmonton, Alberta

Orbin B. Sproule, former Mayor of Digby, and at one time head of Sproule Brothers, Fish Dealers of Digby, died at his home in Edmonton, Alberta, on January 25th. Word of Mr. Sproule's death was received in Digby on Monday.

Death came suddenly, as up to within a few days of his death he had been in usual good health. He was 72 years of age. He is survived by two sons, Ernest and Harry, of Edmonton, and an adopted daughter. A sister, Mrs. Wesley Turner, of Lynn, Mass., and two brothers, John, of Paradise, Anna, of California, also survive. His wife died several years ago. Mrs. F.W. Nichols and Mrs. M.C. Denton are nieces.

Mr. Sproule was an outstanding citizen of Digby and Nova Scotia during his commercial life in Digby. With his brother he conducted the fish company and general store at end of Birch street, D, and O. Sproule, and was interested in fishing and shipping.

They were exporters of fish and potatoes, building up a good connection in the West Indies and Cuba. Among their vessels were the "Quickstep," and the "Daisy Linden."

Mr. Sproule was a member of the first Town Council of Digby and served for two terms, 1902 and 1903 as Mayor.

He left Digby 27 years ago to settle in the west, and for the past twenty years has resided in Edmonton.

Weymouth Development Association Holds Card Party

The first Card Party to be held under the auspices of the Weymouth Development Association, was held in Hankinson's Hall on Monday last. Another will be held on Monday, February 11th, the last before Lent. Bridge and Forty Five's will be played and lunch served.

The motto of the association is "Watch Weymouth-Grow" and the association is not only watching, it is working, which counts most.

Unhindered by great splashes of publicity or boasting Weymouth has been steadily forging ahead, with many thousands of dollars expended in construction and development in the last year. A drive is being made for funds to be spent on Tourist Promotion and community betterment, particularly in regard to the streets and public utilities. The association has been in communication with the Department of Natural Resources advocating the suitability of the district for Danish settlers and Mr. Sandford, newly appointed officer of the Department has already been down to inspect the farming sections and is preparing a report.

The many friends of the Rev. Mr. Driffield will be pleased to learn that his health is now improving, after his recent illness.

Quarterly Examinations at Digby Academy Reveal Serious Conditions in Schools

Disappointment is general in the homes of Digby today. The quarterly reports of Digby Academy are out, and they tell a tale that is easy to read for those who know. Poor attendance, tardiness and indifference to studies are translated into low averages, heart breaking for the members of the staff and disappointing to parents and pupils.

"Well it is only after Christmas," some may say. But Principal Churchill and the teachers don't look at it that way. There is a great deal of new work to be studied still, and the term is too far along to have to take time to review work that the classes should be up in.

In the opinion of the authorities the "flu" scare was taken advantage of to let children stay home from school without real reason, and the end of the term will see many failures and much disappointment. Of course the teachers will be blamed then, but they are not responsible.

They earn their salaries, which cost the greater part of the town taxes, but they cannot give value if they do not have full classes.

What can be done by regular attendance and attention to home and school studies is shown by the good marks of class leaders.

New Councillors Sworn in and Standing Committees Appointed

A Special Meeting of the Town Council of the Town of Digby was held in the Council Chamber, Town Hall on Wednesday evening when the Mayor T.E.G. Lynch Esq. presided, and there were also present the full Council with the exception of C.J. Eldridge.

The Town Clerk presented his report of the recent Election which in motion was accepted and the Stipendiary Magistrate Havelly administered the Oath of Allegiance and office to the newly elected Councillors G.W. Wightman, M.C. Denton and A.J. Dillon.

The Mayor shortly thanked the retiring Councillors for the able assistance they had rendered during the past year and extended a very hearty welcome to the new Councillors, who all responded.

Councillor G. W. Wightman was re-elected Presiding Councillor and the Standing Committees were appointed.

Mayor: T.E.G. Lynch Esq.

Councillors for the year 1929
Wightman G.W.; Eldridge C.J.; Shortliffe A.A.; Cardoza G.C.; Denton M.C. and Dillon A.J.

Presiding Councillor G.W. Wightman.

STANDING COMMITTEES

SCHOOL — Wightman, Dillon and Ex-Mayor F.L. Anderson.

FINANCE AND TENDERS — Denton, Wightman and Cardoza.

PUBLIC PROPERTY AND STREETS — Wightman, Denton and Dillon.

POOR AND TEMPERANCE — Dillon, Cardoza and Eldridge.

FIRE, WATER AND SEWERS — Shortliffe, Wightman and Eldridge.

POLICE — Shortliffe, Eldridge and Cardoza.

REVISERS OF JURY LISTS — Cardoza, Eldridge and Dillon.

ASSESSMENT AND APPEALS — Dillon, Eldridge and Wightman.

ELECTRIC LIGHT — Denton, Wightman and Eldridge.

ARBITRATION — The Mayor and Councillors Eldridge and Wightman.

The Mayor is ex officio Member of all standing committees.

First Lists of Voters Has Been Posted, Second Revision is on February 20th

Are you old enough to vote? If you are your name should be on the list of voters posted in three places in the town of Digby, at Milbury's Grocery Store, the Racquette, the Post Office and the South End Grocery. These lists will remain up until February 20th, when the second revision of the lists will be made. Final changes will be made on or before March 5th.

The Revisors of Electoral Lists are A.R. Turnbull, Joseph Milbury and R.C. Smallie. The first revision of the list took off a great many names of non-residents and deceased voters and many new names were added. Others are still to be put on.

In order to place a name on the voters list it is necessary, now, to make personal application with affidavit that the person whose name is to be put on is a British subject of 21 years of age and been a resident in the polling district for six months prior to January 1st, 1929.

If your name is not on the list it

is your own fault. Don't leave it to party workers or chance, or the goodness of the revisors, but see that it is on, and avoid what happened last year when many persons who should have had a vote did not because their names were not on the list. And don't forget that just because your name was on the list last year does not say that it is on this year. Look and See!

Thanks From the Hospital

Thanks from the Digby General Hospital are conveyed to generous donors. Mrs. Roger Ainsworth, for a gift of bath towels; Mrs. W. Morehouse of Lynn, Mass., for a number of face towels; and to Mr. Carey Morgan, Landowne, for a bushel of carrots.

Mr. and Mrs. C. J. Eldridge motored to Halifax on Wednesday.

Will Represent Digby Branch of the Victorian Order of Nurses

Mr. H.B. Short, M.P. and Mr. A. Short, left on Saturday last for Ottawa, where Mr. Short represents the constituency of Digby—Annapolis in Parliament.

Mr. Short and Colonel Edwards of Ottawa, were appointed Members of the Board of Governors of the Victorian Order of Nurses for Digby Branch of the Order, at the annual meeting of the Branch held two weeks ago. The annual meeting of the Board of Governors is held in Ottawa during the early Spring.

Mr. and Mrs. W. F. Webber were recent visitors in Halifax.

A Flock of New Hotels

None more than the people of Digby will rejoice with those of Kentville that the Dominion Atlantic Railway is to construct a new hundred room hotel at the railway town.

Nor is this the only new hotel. American capital has been interested and a hundred thousand dollar hotel will be built near Yarmouth as a summer annex to the Grand Weymouth interests are considering a 75 room hotel to be constructed on the point facing the open Bay.

At last it seems that the handicap of "insufficient hotel accommodation" is to be overcome.

But that opens another problem. One of advertising for business. Right now representatives of the Canadian Pacific Railway Company are studying the attractions of Cape Breton in order to get a share of the rail traffic to that section a traffic engineer and promoted by the activities of the Cape Breton Tourist Association, whose work last year was so successful that the trend of tourists to the eastern section of Nova Scotia was the talk of the transportation world.

All this has a peculiar meaning for Digby. We in this county have the plant for the finest tourist playground on the North American continent. We are already years in advance of other sections, but if we do not always keep our attractions before the people we will find that more energetic sections are getting their own share and a large part of ours also.

A get-together dinner of the Board of Trade will be held soon and will be followed by a business meeting to discuss a programme for 1929. One of the subjects which must be considered is Digby's part in the Land of Evangeline Tourist Association. Is the association going to be made use of to boost Digby, or is it going to be left severely alone to work for the rest of the Valley only. A write in the Kentville Advertiser says that the

association was organized "to work for this county first, then for the rest of the Valley." If that is the attitude taken by the executive of the association then Digby will better paddle her own canoe. The Courier cannot believe that this is the attitude of the executive. It was certainly not the ideal which was promoted by the Courier in advocating that organization and we are sure that those who attended the organization meeting had no thought of sectionalism when they completed their working arrangements.

But even if the net results is that the new organization works only for the upper section of the Valley the law of averages and attractions will give Digby a share of the benefit and we will do well enough.

Acids in Stomach Cause Indigestion

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try taking Magnesia (in powder or tablet form) with each meal. It is tested and gets from any druggist some Bismarck Magnesia and take a teaspoonful of powder or four tablets in water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

OBITUARY

HOWARD A. SPECHT

Revere, Mass., Jan. 28—Howard A. Specht, 63, well-known resident of this city for the past 33 years, died today at his home, 22 Shirley Ave., after a long illness.

Mr. Specht was born in Digby County, N.S. He was a member of Revere Men's Club, Seaview Lodge of Masons Square and Compass Club of Revere, Revere Lodge of Elks, United Commercial Travelers, Boston 44.

He leaves a wife, Ida May Specht, ex-president of the Revere Women's Club; a son, Frank A. of Medford; his mother, Mrs. A. L. Specht; a sister, Mrs. Ernest Sparrow of Seattle, Wash., and a brother, A. R. Specht, of New York.

Funeral services will be conducted Thursday afternoon at 2.30 in the First Baptist Church by Rev. Dr. Nelson S. Burbank. Burial will be in Woodlawn Cemetery.

BENJAMIN SABEAN

After a lingering illness, on the morning of Jan. 24th, at his home in South Range, N.S., there passed to his eternal reward Benjamin Sabean, aged 78 years and 4 months.

Bro. Sabean was an active member of the Christian Church and as long as he was able, faithfully performed the office first of deacon and later of elder of that church.

He was loyal to the church and ready to help in every good work. He was generous, kind and obliging and very hospitable in his home.

He leaves to mourn a loving wife, three sons, Joseph, of South Ohio, N.S., Isaiah, of North Bend, Wash., and Clarence A. at home, who with his wife helped to tenderly care for him through his prolonged illness; and three daughters, Mrs. Lennie Porter, Mrs. Hanford Marshall, of South Range, and Mrs. Harry Lewis, of Danvers, N.S., also two brothers Malcolm of South Range and Hiram, of Seattle, Wash., and one half sister Mrs. Arthur Sabean, of Waverly, Mass., besides a number of grandchildren, great-grandchildren and friends.

The funeral services which were attended by many sympathizing friends and relatives, were conducted at the house by Rev. W. J. Johnston who gave a very touching and impressive address from Rev. 20:4. The hymns used were "Jesus Love of My Soul" "Sweet Bye and Bye" and "Nearer My God to Thee." After the services the body was laid to rest in the South Range Cemetery. Blessed are the dead who die in the Lord.

Promotions in C.N.R. Legal Dept.

With the approval of Sir Henry Thornton, Chairman and President of the Canadian National Railway, General Knud, Vice-President of legal affairs, has issued the following circular:

"Consequent upon the much regretted demise of William Craig Chisholm (formerly General Counsel) who was an officer of unusual ability, of sterling worth, and a universal favorite, the following changes in staff are made, taking effect immediately:

"Reginald H. M. Temple, formerly Assistant General Counsel, is promoted to General Counsel.

"Alistair Fraser, K.C., formerly Commission Counsel, is promoted to Assistant General Counsel.

"The position of Commission Counsel is abolished."

Mr. Temple (left), joined the Canadian Northern Railway, twenty-three years ago as a member of the Accounts Branch of the Construction Department. Later he became Claims Agent and from that position he was transferred to the Legal Department, subsequently becoming General Solicitor at Toronto. In April, 1919, Mr.

Temple was appointed regional counsel with headquarters at Winnipeg. In May, 1926, Mr. Temple was appointed Assistant General Counsel on the promotion of the late Mr. Chisholm to the position of General Counsel.

Mr. Temple is a native of Toronto. On the occasion of the outbreak of the South African War he enlisted with the First Canadian Contingent under the then Col. Otter. He served in various capacities and was afterwards Commissioner of the Heidelberg District. Mr. Temple has the South African medal with four bars.

Major Alistair Fraser, M.C., K.C. (right), was born at New Glasgow, and is a son of Hon. D. C. Fraser, former Lieutenant-Governor of Nova Scotia, and created King's Counsel in 1921. He enlisted at the outbreak of the War in 1914, and served with the 17th Battalion, P.C.C.I., and the 15th Battalion. He was afterwards A.D.C. to General Currie, Commander of the Canadian Corps. In 1919, he was appointed General Solicitor to the Canadian National Railway and Commission Counsel in 1923. Mr. Fraser will continue to deal with Railway Commission matters.

Here and There

A skin game—Two young boys living 30 miles northwest of Edmonton started a coyote farm in 1927 by digging young coyotes out of the ground and confining them in a pen. They got 140 young animals and when their skins were mature sold them for \$12 each.

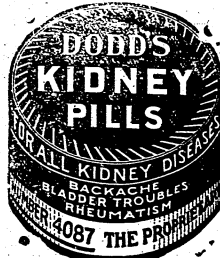

A southern packing plant specializes upon horse meat for shipment to parts of Continental Europe where it is very popular. It has been suggested that the nondescript horse carcasses straying about Southern Alberta be herded for packing purposes. It is a pity someone could not figure out a similar way of consuming some of the old motor cars that are loose on the highways.

Twenty old burners, measuring overall 97 feet in length and weighing 725,000 pounds have been ordered by the Canadian Pacific Railway and will be in passenger and freight service through the mountains this summer. Each of them will do the work of two or more of the lighter locomotives. They are the largest in the British Empire and will revolutionize transportation in the west, it is predicted.

Victoria is having a mid winter golf tournament open to members of the local clubs and to guests of the Empress Hotel, and the players won't have to play in mittens and fur coats, either. In the east they have a game called winter golf that they play with bow and arrows on skis or snowshoes, but the golf in Victoria is the legitimate article. The game is played the year round in the equable climate of the Pacific coast.

Unique and luxurious cars, differing from anything operated in this country before, will be carried by the two crack trains of the Canadian Pacific Railway, the Trans-Canada Limited between Montreal, Toronto and Vancouver, and the Mountaineer, from Chicago to the Pacific coast, it has been announced. The cars will have bath rooms, valet service, lounge and smoking space, and a solarium, with vit-a-glass windows.

The sea is constantly productive of tales of adventure. A recently told story is that about Commander S. Robinson, O.B.E., of the Canadian Pacific liner Empress of France who turned his ship into the face of a hurricane and went 500 miles out of his course to take aid to injured seamen on a storm tossed Japanese freighter. The great liner waited beside the freighter, which had been badly battered by the huge waves and some members of whose crew had been injured, but found it impossible for boats to compose between the two ships to convey a doctor. After waiting for half a day the master of the Japanese ship reported that he could make port, and the Empress of France continued on her interrupted voyage.

Deep Brook

Mrs. John Roop, of Bear River, was a week end guest of Mrs. L. E. Sherman.

Dr. L. J. Lovett was in our village on Monday in the interest of the Red Cross drive which is being put on.

We are sorry to note the sudden death of Mrs. Otis Robbins who passed away in Vancouver, B.C., where she had been visiting her sister Gertrude. Mr. and Mrs. Robbins were residents of Deep Brook for a number of years, moving to the Canadian West about 16 years ago.

Mrs. Edward Saulnier was called to Digby on Monday of last week by the serious illness of Mr. James Saulnier who passed away on Saturday.

Mrs. Lilla Rice is a guest at the home of Mr. and Mrs. L. E. Sherman for the winter.

Mr. and Mrs. Carl Nichols and family spent Sunday with Mrs. Nichols' parents at Clementsport Heights.

Mrs. Harry Burrell entertained the C.G.I.T. Group on Tuesday evening Jan. 29th, in honor of her daughter Lillian's birthday. A pleasant evening was spent in games and music. Dainty refreshments were served, including a birthday cake by the hostess.

A Nova Scotia sea captain recently returned from a voyage which lasted eighteen months, and which took him to many countries, told a friend of his in Halifax that somewhere he had tasted a cup of tea to equal MORSE'S SELECTED ORANGE PEKOE. This is not surprising, for nowhere else would he be likely to be given the same blend of Ceylon and India teas.

New Tusket

Mrs. Clarence Gray and Miss Victoria Crowell of Kemptville, Yr. Co., are spending a few days with Mr. and Mrs. Guy Prime.

Miss Gladys Sullivan was taken to the Yarmouth hospital on Sunday and underwent a successful operation for appendicitis on Monday.

Sorry to report Mrs. George Will Prime and Mr. and Mrs. Guy Prime, and family all ill with the flu.

A number of the ladies enjoyed a quilting party at the home of Mrs. Alfred Hobbs on Thursday.

Glad to report Albert Marr, improving after his recent illness.

When Egypt made Flour 6000 Years Ago

implements that were used 6000 years ago by the Egyptians.

The Egyptian miller first pounded his grain in the mortar with a "peste" (or club), in order to break it down into a coarse flour. This flour was then sifted by hand to eliminate the coarser particles of meal, broken stone and grit.

An Excellent Remedy
for Kidney Diseases

Mrs. A. Targett Speaks Very Highly About Dodd's Kidney Pills

New Brunswick Lady Suffered With Swollen Feet and Legs, Also Rheumatism

Ford Bank, N. S., Feb. 4th (Special) "I have taken a good many boxes of Dodd's Kidney Pills," states Mrs. A. Targett who resides in this place. "I had terrible swollen legs and feet and found Dodd's Kidney Pills good for this trouble. I have also taken them for them for a good lot and praise them to all I know."

The reason Dodd's Kidney Pills have come to occupy such a prominent place in the home is that so many ordinary everyday ills come from sick kidneys.

Rheumatism, urinary troubles, back aches and heart disease can be traced directly or indirectly to sick kidneys. To be assured of good health the kidneys must be kept in good working order all the time.

Dodd's Kidney Pills can be obtained from Druggists everywhere, or The Dodd's Medicine Co., Ltd., Toronto 2, Ont.

Dakin Bros, DigbyTelegraphed for on Friday—
Delivered on Saturday

Ford does not only sell cars—it sells service. Mr. W.R. Harris, Ford Dealer for Digby County was a visitor in Digby on Saturday last. The Courier of Friday carried his announcement that the new 1929 models were on display, and before Mr. Harris returned to his headquarters he had sold two new pleasure cars. He says the "ad" certainly helped.

But that was not what we started to talk about. On Friday Mr. Harris telegraphed to Saint John for a factory built cab for a heavy duty truck. On Saturday the cab came over on the Empress to be unloaded and fitted to the truck. The truck was placed on display at the Digby Garage, where many interested in automobiles came to see it and admire its appearance. It was delivered to the purchaser on Saturday night and is now having a body fitted to enter the lumber carrying for James McNeil, Weymouth.

The first shipment of Ford models is sold! Another is on the way.

The Digby Garage and Service Station Representatives in Digby of the County Agency for Ford cars, have secured one of the new coupe models. It also was delivered this week.

Port Wade

The Woman's Missionary Society met on Wednesday afternoon at the home of Mrs. James Ellis.

Several of the young people enjoyed a sleighing party on Saturday evening, and while at Lower Granville were entertained by Mrs. Albert Angier. They returned in the wee small hours.

Mr. and Mrs. Ralph Haydon, of Yarmouth, and Mrs. Vandora White motored to Port Wade on Sunday, for a brief visit with Capt. David Hayden who is quite ill. They returned the same evening and were accompanied by Mrs. Hayden's mother, Mrs. James Morrison.

Mr. and Mrs. Ansel Casey recently entertained the Woman's organized S.S. class with their husbands, about twenty in all. The evening passed pleasantly with games, music and refreshments. An ode to the class of 1928 was read by a former teacher, and at the close three cheers were given the president for a very enjoyable evening.

Mr. and Mrs. Arch Morrison are receiving congratulations on the birth of a son.

SULPHUR SOOTHES UGLY, ITCHING SKIN

The First Application Makes Skin Cool and Comfortable

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Menthio-Sulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Rowles Menthio-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.

On Tuesday evening, Jan. 22nd several friends of M. O. Rice gathered at his home in celebration of his birthday. After an evening of 45's, the hostess served refreshments including a lovely birthday cake.

A Cake and Pastry Expert says:

"Since Purity is a strong, rich flour, with great expanding qualities use 1 tablespoon less per cup if your cake recipe calls for ordinary pastry or soft wheat flour. If it calls for milk use half milk and half water (lukewarm) with Purity."

And for light, flakey pastry use 2 tablespoons less per cup of Purity Flour and 1 level table spoon more of shortening. Roll it dry. For extra rich pastry use half butter and half lard.

Visiting Bear River

Mr. Frank Fraser who has been Sr. Canadian Trade Commissioner for Ireland for the past two and a half years, arrived in town Monday accompanied by Mrs. Fraser and children, to visit Mrs. Fraser's father, Mr. W. G. Clarke.

Mr. Fraser has been transferred to the important post of Canadian Trade Commissioner for the Island of Jamaica, B.W.I., in connection with the development of the recently established Trade Route to the W.I., and will shortly assume his new duties, taking up residence in Kingston, the capital.

Mr. Fraser is a graduate of Mt. Allison University, a volunteer for service at the outbreak of the Great War, and was seriously wounded in France.

Both Mr. and Mrs. Fraser (nee Nan Clarke) will be warmly welcomed back to Canada by their hosts of friends.

Bear River United Baptist Church Closes Successful Year

The yearly business meeting of the United Baptist Church of Bear River, pastor Rev. E. J. Barras, was held in the Vestry Wednesday evening, Jan. 23rd, and a most satisfactory condition of finances was disclosed by the reports from the various departments of the church organization, nearly all showing credit balances.

Amount of collections from all departments totalled \$5109.95, contrasted with collections of \$5056.67 for the previous year.

Ten distinct departments of church work had been carried on and were in a flourishing condition, evidencing capable management by the officers of the different organizations.

Trouble Signs For Those Past 40

Bladder Weakness, Nervousness, Headaches, Frequent, Painful, Scanty Urination, Getting-Up-Nights

The embarrassing annoyance and genuine misery of Bladder Weakness, often brings "discomforts of old age" to those who really ought to be in the prime of life.

Countless thousands, perhaps seven out of ten, of folks near middle life are pitiful victims of bladder weakness. Nervousness, pains in back and down through groins, frequent but scanty and painful urination—getting-up-nights.

While serious if neglected—it is ordinarily a simple matter to relieve these troubles by the pleasant home use of Dr. Southworth's URATABS, which have been victorious in thousands of cases, after other treatments have failed.

No matter how serious or how long standing your condition may be, you can quickly prove the value of URATABS without risk of cost—for any good druggist will supply you on an absolute guarantee of satisfaction, or money back. If URATABS bring quick relief and certain comfort, you will be greatly pleased. If they do not fully satisfy, their use will cost you nothing. Try URATABS today and see what a difference they make.

Beeler, a highly esteemed resident and native of this place, at the age of 72 years. He was a millwright by trade, and well known in this place and the entire country side. He was a life long conservative, a member of the Anglican Church and a valued member of Keith Lodge; A. F. & A. M. Bear River.

Besides his widow (formerly Miss Jeannette Floyd) he leaves two sons, Kenneth, with the hardware firm of H. A. West, Annapolis, Murray of Boston, who has been home with his father during his illness; also two sisters, Mrs. Corey O. Long of this place and Mrs. Florence Pyne of Saskatchewan.

His funeral, which took place on Tuesday was conducted by Rev. Mr. Durkee of the local Baptist church assisted by Rev. A. W. Smith rector of Clementsport. There was also the full Masonic service led by Dr. L. B. Roop, W.M. of Keith Lodge and music by the Masonic male quartette. The pall bearers

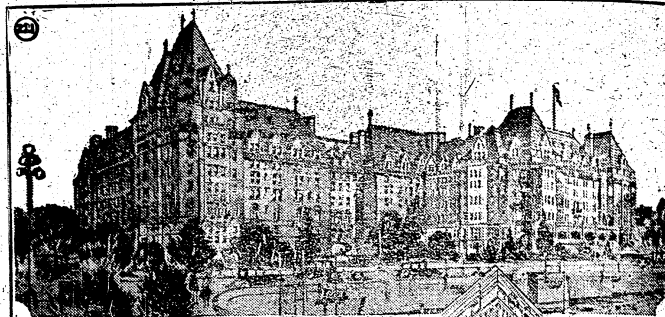

FARMER'S WIFE GETS STRENGTH

PALLISER AND EMPRESS EXTENSIONS.

Over the signature of E. W. Beatty, chairman and president of the Canadian Pacific Railway, has come the announcement that large extensions are to be made to the Palliser Hotel at Calgary and the Empress Hotel at Vancouver and that the additional accommodation will be ready for occupancy before the peak of the present year tourist traffic. This is good news, not only to the two cities more directly concerned where a total of more than four million dollars will be spent in the work, but to a vast legion in all corners of the earth to whom the Canadian West is a lodestone.

When Calgary read of the four additional floors which will add 200 rooms with bath to the city's accommodation it thought of Stampede week, and the thousands who pour in from all points of the compass, clamouring for accommodation and joining the mill of cowboys, Indians and old-timers who for one week drop back to the color, romance, gaiety and sport of the early 80's.

Calgary is a steadily progressive city. Its trade and commerce continue to expand. It is a great city of the plains and the Palliser will be as spacious and beautiful as is fitting to city and the times.

The "Empress" addition of 270 rooms with bath shown above will also be appreciated by an ever-increasing number to whom the quiet English city of the Pacific coast holds annual appeal. The new wing will be a beautiful structure carrying out the chateau type of architecture exemplified by the old building. When, however, its walls become ivy clad and its stone lines and traceries are covered by the foliage

it will lose nothing and fit still more with the background of holly hedges and box-wood trimmings. When these two extensions are completed, Canadians may take still more pride in a chain of Canadian owned and operated hotels which extend from coast to coast and in point of view of service, comfort and appointments is second to none in the world.

MUSHER MAD

"Quebec," says Sara Hamilton Birchall, in "Country Life," "goes musher mad." Every year, and this one more than ever. Go to Quebec between February 21st and 23rd. All you will hear is dog, dogs, huskies, mushers, St. Godard, Nolan, Chavrier, Sappalal—a come of other mushers. You will look at the big board in the Chateau lobby whereon the odds are shown, and you will wonder what it is all about. And then, perhaps, an enthusiastic soul will get you in a corner and tell you how on the third day of the last derby, the man who was considered in the running only for second place was held up by a freight train so long that his dogs shivered and began to stiffen, but won the 120 mile three day grind by a short minute or so; and how he was cheered and chaired, and how they come these mushers, from all parts of the North Country, with their dogs and hounds and huskies. You will pick your dogs, Siberians, Alaskans, or just plain dogs, and before the last entrant has started on the first lap on the first day, the fever will have caught you. You will see the first team drive panting home the next and the next, the heroes

of Nome, the trail-dogs from Le Pas, fuzzy animals who know the Quebec woods trails and teams of dogs bred, reared and trained for this one great derby, dogs you wouldn't want worth hundreds; dogs you could love, but who only know a trainer's hand, and will give allegiance but to him; dogs in fours and fives and sixes, straining eager, panting dogs with forty miles behind them and eighty before. Then you too are musher mad, and the rough, shaggy individual in fur and wool, whose moccasined feet had not yet fitted into your own ideas of things becoming, is invited in the arena of here and a knight. You scream his name as he mushes past. You hold your breath as the minutes tick before the next arrival. A team of mastiffs, greyhounds or mongrels, swings round a corner into sight. Their time is close. They have one minute in which to reach the goal, and win the first lap. You too, are musher mad. You watch the bulls in boards with excitement and wordily exchange the gossip of the racing stable. Then, when the great exhibition of strength and endurance is over, you can perhaps settle down to enjoy Quebec herself and the winter sports in which you are permitted to take a personal if not more strenuous part.

Monte Blue in "One Round Hogan," comes to the Bijou Dream Theatre next Tuesday. "One Round Hogan" is a fight film and incidentally a love story, lovely Lela Hyams supply the motivation for "One Round Hogan's" cyclonic performances during several ring scenes, which the directorial genius of Howard Bretherton have made unbelievably realistic. Blue has never been better than in his red-blooded fighting play, which offers him a part so well suited to his virile personality. Best fight film of the year.

**Clara Bow Shows Skill as
Dancer in Latest Comedy!**

An amusement park fortune-teller informed her that fame and fortune were to be found as a dancer--so she staged a "boxing ballet" called the act "Rough and Ready" and was a success. From the start! That's one of the side-lights discovered in Clara Bow's new Paramount starring vehicle, "Rough House," which reaches the Bijou Dream Theatre tomorrow.

The star is an east side girl, who falls in love with a handsome prize-fighter, but temporarily deserts him for a society scoundrel. The latter offers her wealth, culture, and all the things which her fiancé doesn't possess. Naturally, she has a hard time deciding who her true love really is and in the interim, laughs, thrills and dramatic punches pile up--all culminating in a big smash at the middle-weight championship bout.

IN MEMORIAM

In memory of our dear mother Mrs. James Handsaker who died Feb. 6th 1928. Gone but not forgotten by her children.

Dearest mother one year has gone since thou has left us. Here thy loss we deeply feel, but to God that hath bereft us, He can all our sorrows heal.

Peaceful be thy silent slumber, Peaceful in the grave so low, Thou no more wilt join our number. Thou no more our aches shalt know.

But in heaven we hope to meet you. When the day of life has fled, Then dear mother with joy we'll greet you. Where no farewell tear is shed.

Inserted by her loving daughter, Mrs. Digby Baxter.

Wonderful Winter Days

We have read about glaciers and the beauties of the snow capped peaks of the Rockies, and have longed for the price to join the winter pleasure makers at St. Moritz, Switzerland. But we don't think that anywhere on earth could be found a prettier delight than morning, with its hardwoods all covered with hoar frost and the sun shining down to chase away the fog.

**Injured While Coasting at
Waterford**

Thomas Sabean, on a party coasting on the hill at Waterford suffered a compound fracture of his left arm and a fractured thigh on Tuesday night when the sled on which he was coasting turned into the ditch on the side of the road. Dr. F.E. Rice of Sandy Cove was called to attend the injured youth and on Wednesday Dr. DuVernet was called to assist in setting the fractured bones.

Other members of the party escaped without injury. Late reports are that the injured lad is resting comfortably.

**Sixty Two Tons of Ice Hauled
in One Day By A Defiance
Truck**

Sixty-two and a quarter tons, weighed in and checked, was the record days work on Wednesday of last week of E. H. Raymond's Defiance Truck, hauling ice from Franklin's Pond to the Maritime Fish Corporation ice house.

The truck is a two and a half ton model with a Warne built body, and the only reason the truck didn't take more on each load was because it wouldn't go on.

Good smooth roads were a factor in the work, but even so the overload made surprisingly little difference in the riding qualities of the truck. It sounds remarkable, so much in one day's hauling, but it is a fact, and Mr. Raymond says that only a Defiance Truck could do it. The truck was supplied through Warne's agency for this company.

Rex Versus Crowell Bigamy Case Adjourned to Hear Another Witness

The case of Rex versus Asa Crowell, on a charge of bigamy, being heard under the Speedy Trials Act before His Honor Judge Grierson, of Weymouth, was heard on Tuesday and continued at request of the Crown due to the absence of a witness. All the evidence for the Crown, with the exception of this witness was heard before adjournment.

Asa Crowell, defendant, is a native of Barrington Head. He has been a resident of Weymouth for some time. Jane Wortham of Shag Harbor, was wife Number One. They have been living apart from each other for upwards of five years under agreement of separation.

On January 26th last Crowell went through a form of marriage with Mrs. Annie Nickerson, a widow, at Weymouth, Rev. M. B. Whitman, Baptist clergyman of Weymouth, performing the ceremony. On Monday, January 25th, Mr. Free Melanson, father of wife Number Two, laid an information against Crowell on a charge of bigamy. He was arrested.

Mrs. Nickerson was also charged with bigamy but was acquitted.

Mr. E. J. Thierault appeared for the defence and Frank Jones, K. C., is acting for the Crown.

Citizens Want Bear River To Be Made Town

Meeting of the citizens of Bear River was held on Friday evening to discuss the possibility of incorporating their village under the Nova Scotia Town's Incorporation Act. A committee comprising Dr. L. J. Lovett, chairman, L. V. Harris, secretary, Alfred Porter, J. Fulton Parer and Dr. W. J. Wright were appointed to set up a resolution to be brought before the coming session of the Legislature requesting that the ratepayers of Bear River be allowed to vote on the question shortly.

In Bear River the issue is street lighting. Since the purchase of the Bear River and Digby Electric Light Heating and Power Company by the Annapolis Valley Electric Company early last year, the problem has been a serious one in the minds of the people of Bear River and in corporation appears to be the only solution. Previous to this purchase, the Bear River company made their own arrangements for street lighting.

The proposed street lighting rates of the new company are a net charge of \$11.00 per year per 75 watt lamp and a proportionately higher rate for larger lamps. To properly illuminate Bear River streets, fifty lamps are required and their upkeep is estimated at about \$250 and \$300.

A special concession was made by the Public Utilities Board and the Annapolis Valley Electric Company on behalf of Bear River, providing for their street lighting last April, until the matter could be brought before the Legislature.

Bear River is a prosperous village with a population of some 1200. Lumbering and farming are the chief industries. Because of the peculiar geographical position of the village incorporation is considered a more or less complicated affair. The river flowing through the center of the village divides it so that one half is in Digby County while the other half is in Annapolis County.

Digby Versus Acadia University Play-Off on Monday and Wednesday Night's

Mr. I. Logan Barnhill, secretary of the N.S.H.L., in response to an inquiry from the Courier, advised on Wednesday that the play-offs between Digby Ravens and Acadia University will be played on Monday and Wednesday nights of next week.

The first game will be played at Wolfville and the second at Digby.

This gets the play offs started. Mr. Barnhill did not say what sections the winners of the western section would play, but it is likely the winners of the Bears—Wolverines fight will play the Pictou County winners and the Western winners will play the winners of the Northern sections.

Then come the finals, and if we are to take the word of Coach Grimley the Ravens will be "among those present."

Truro Bears are favored to win from Wolverines. According to Sport Writer Foley the winners of the Wolverines—Bears series will be Nova Scotia champions, which sounds all right, but we will try to make him out a poor prophet.

Ontario Liquor Board Profit is \$7,019,944

The profit and loss account of the Liquor Control Board of Ontario shows sales of \$48,995,591.19 for the last fiscal year. The report was tabled in the Legislature this afternoon. It showed a gross trading profit of \$9,868,020.12 and a net trading profit of \$7,019,944.39. The net profit surplus, after the Provincial Treasurer had been paid \$7,225,000, was given as \$607,484.57.

The total sales were made through Liquor Control Board stores, warehouses, breweries and brewer's warehouses.

Believe it or not! There is the pictured evidence of actual performance. The photograph of E. H. Raymond's Defiance Truck, taken during a halt in the trip from Franklin's Ice Pond to the Maritime Fish Corporation ice house, on Wednesday, January 30th, shows five and a quarter tons on one load. The Defiance Truck is built to carry two and a half tons, but the actual working load, as shown in the picture is five tons. This was not a special load just for taking the picture but was a regular day's work load, the totals of which for the day were just over 62 tons.

OBITUARY

ALEXANDER MCKAY

The death occurred at his home in Tiverton on Monday, Feb. 11, of Alexander McKay. He had been failing in health for a number of months and death was not unexpected.

He leaves to mourn a widow.

Funeral took place Tuesday from the Christian Church, Rev. A. A. Stott officiating.

MAREA OUTHOUSE

With sadness we report the death of little Marea Outhouse aged 6 years, youngest daughter of Mr. and Mrs. Hampton Outhouse, Tiverton, N.S., which took place on Friday morning, February 1. She had been ill about 3 weeks, suffering much as she neared the end. Marea was a bright child, well loved by her School Teacher, Sunday School Teacher, neighbors and friends.

She is survived by her parents, one sister and three brothers.

Funeral took place from the Christian Church Sunday afternoon, February 3, and the service which was very impressive was conducted by Rev. Mr. Greenwood.

"Precious Jewels" was sung by her little class mates, and so at hearted men and women who shed tears, were seen to drop a tear as they took the last look at the wee form in the little casket. Burial took place at Pleasant Hill Cemetery where the little one will await the coming of Him who said "Suffer Little Children to Come Unto Me."

Sympathy is extended to any who mourn.

God needed one more angel. To make a shining band. And so he stooped with tender touch And clasped Marea's hand.

Fold her, oh Father in thine arms And let her henceforth be, A message of love between Our human hearts and Thee.

Why has the sun lost its brightness, O tell me, my heart, today? Why does my heart seem to hurt so When I see other little girls play?

I only write for the stricken For they alone understand. The hunger of hearts that are waiting.

For the touch of a vanished hand. Only a wee face is absent As we walk out on the street. Only Marea is missing As other children we meet.

Thou in the grave on the hillside The form of this little one sleeps. God has commissioned his angels Watch o'er our loved one to keep.

Mr. and Mrs. William Westhaver leave today on a three weeks trip to Boston and New York. While they are away their daughter, Dorothy, will visit her grandparents, Mr. and Mrs. A. J. Westhaver.

Hospital Board Meeting Discussed Drive for Building Fund

At a regular meeting of the Digby Hospital Board, held on Monday evening, there was an informal discussion of ways and means for the direction of a new hospital, as outlined in a recent issue of the Courier.

No definite program was adopted, but the Board will endeavor to get the matter organized and prepared for a Building Fund Drive to begin in May of this year. It is hoped that sufficient money will be raised to enable the construction of a modernly equipped building to replace the present one.

Armistice Day to be Preserved to Honor Heroes

Ottawa, Feb. 13—Thanksgiving Day and Armistice Day will continue to be celebrated in Canada as two distinct features of national life—the one in acknowledgement of the bounties of Providence and the other in homage to the memory of Canada's sons and daughters who gave their lives in the Great War.

This was affirmed today when the House of Commons rejected a resolution introduced by F. W. Gershaw (Labor, Progressive, Medicine Hat), the purpose of which was to combine both Thanksgiving and Armistice Days into one holiday on November 11, annually.

Gershaw declared that his resolution had the endorsement of the Canadian Legion, many branches of which had approved the suggestion.

Baptist Churches of Digby District Will Meet to Discuss Fund Raising Campaign

An important meeting of the United Baptist congregation of Digby District will be held at Digby on the afternoon and evening of Tuesday, February 19th, next week. Baptist churches in the District are requested to send delegates and these will be entertained by the Digby church.

This meeting is called to consider ways of raising funds for the Home Mission Board Campaign.

Informal discussions will be held in the afternoon, and in the evening there will be a platform meeting, addressed by Rev. Dr. E. S. Mason, Chairman of the Home Mission Board, of Wolfville, and by Rev. E. J. Barras, pastor of the Bear River Baptist Church, and by Rev. F. E. Bishop of Digby church.

Information regarding entertainment of delegates and any other matter may be had from Rev. E. Bishop, pastor of the Digby United Baptist church.

Booth Deposed By 52 to 5 Vote of High Council

Edward J. Higgins, of England, was elected Commanding General of the Salvation Army's worldwide organization tonight, succeeding General Bramwell Booth.

The High Council's choice of a new General followed action earlier today, when General Booth was adjudged unfit to continue as head of the Army. The vote against General Booth was 52 to 5.

The election of Gen. Higgins, heretofore a Commissioner of the Army and Chief of Staff, marks a new phrase in the long struggle to relieve the organization with its property assets, from control by members of the Booth family. Four members of the Booth family were included in the five minority votes against the act of depriving General Booth of office. They were Mrs. Bramwell Booth, her two daughters, Catherine and Mary Mrs. Lucy Booth-Hallberg. Commissioner Allister Smith made the fifth.

Getting Down to Business

The tourist season of 1929 is only a few months off. It promises to be the greatest year ever experienced by the people of Nova Scotia and first result of the inauguration of a Maritime Tourist and business bureau in Ontario will be an increase in tourist traffic from central and western Canada, to the Maritimes and particularly Nova Scotia.

Digby is fortunate in its association with the Canadian Pacific Railway in the matter of tourist business promotion. The New Pines is being extensively advertised, not only in Canada but in the United States, and in the latter country to an extent far greater than ever before. In cooperation with the Eastern Steamship Company, the Dominion Atlantic Railway and its parent company, the C.P.R., is concentrating its advertising on the Pines Hotel, and early indications are that the hotel will be filled from its opening until the end of the season.

Lour Lodge, operated by Mr. Carl Eldridge, Whoneta Lodge, the

FOR
Nursing Mothers
Scott's Emulsion

new house operated at Smith's Cove by Mr. Fred McHugh, the Myrtle House, Harbor View, and all other summer resorts are now issuing their advertising matter. Recent word from Captain Spurr is that the coming season is going to be the best that the Myrtle House ever enjoyed. All this is cheering news.

But it is off set by news of what other sections are doing. Cape Breton is making a great drive for tourists. Pictou Lodge, operated by the Canadian National System, will not be behind its competitors in its search for business and the South Shore Tourist Association. The New Brunswick Tourist Association are all pushing the attractions of their respective territories, supporting the advertising of the hotel people in no uncertain manner.

Digby, to date, has made no move to support its hotel people. By common consent, we appear to be letting anyone else do it but ourselves, and it we are not careful the efforts of the other sections of the province where the hotels people are getting a share of public support, will take from Digby much of what is expected in the shape of tourist traffic.

What are we going to do about it?

Gas in the Stomach Hurts the Heart

Gas pressure from a Sour, Acid, Upset Stomach is not only highly uncomfortable but some day may prove fatal! When your meals are followed by bloating, a feeling of fullness and pains around the Heart, you may be sure that STOMACH GAS is pushing and crowding upwards. That's the reason for the shortness of breath and sharp, shooting pains.

To quickly banish this Gas, neutralize the acidity and cleanse and sweeten the stomach—nothing is better than the simple use of Bisurated Magnesia (powder or tablets), which gives almost instant relief. Pleasant, harmless and inexpensive Bisurated Magnesia has been used and recommended by Doctors and Druggists for more than fifteen years. Any good-druggist can supply you—try it today!

Early History of Digby Contained in Gift of Photographs of the Original Plan of Township

The Archives of the Town of Digby have been enriched by the gift from Mr. G.E.E. Nicholls, of Ottawa, a brother of Mrs. T.E.G. Lynch, of a photograph of the Original Plan of the Township of Digby, bearing dates of 1765 and 1783, and showing the lay out of the Township as a sub-division of the earlier Township of Conway.

Alexander McNeil, James Clarke, Michel Clarke, Anthony Henderson and Sebastian Zuberbuckler in the year 1765 received a Grant of 125,000 acres called the Township of Conway, which included the Township of Digby.

In 1783 Amos Botsford arrived in Digby and acquired the rights of settlers under the Conway grant and laid out the Township of Digby for the purpose of locating United Empire Loyalists. The rights of three settlers, Wm. McDormand, Archibald Hamilton and William Fitzgerald, settlers under Conway Grant, were purchased by Botsford, "for valuable consideration" and Botsford was reimbursed by the collection of sums from the settlers then coming in.

On the plan of the Township of Digby is a description of the history of the section up to the time when Botsford took it over, all of which was confirmed by Grant from the Crown in 1784 to the persons then located on the land. The description reads:

"PLAN OF THE TOWN OF DIGBY"

"The Town Plot of Digby is bounded by a line beginning at a stake in the Racket and thence Southerly by the Magnet 100 Chains to a stake in Privateer's Cove in the Little Joggan, and thence running by the Shores of Annapolis Basin to the stake first mentioned, and actually laid out improved and held agreeable to this plan. It is divided into 35 blocks containing, exclusive of public grounds, 760 lots.

"It appearing to the Board that the said persons were promised by Mr. Franklin 100 acres each (in fee) whereever they improved, he purchased from them their respective rights (as it is said) under Mr. Franklin, for a valuable consideration and received their needs (to him) which rights the said Botsford held in trust for the Loyal Settlers coming to Digby and he proceeded to lay out, under cover of these Deeds) the Town Plot of Digby.

"At first the plan was different from the present but adjusted by general consent as it now appears. To reimburse Mr. Amos Botsford for the money paid to McDormand, Fitzgerald and Hamilton he received sums from each person to whom he assigned Town Lots. But it being doubted whether the titles under this assignment were legally good, a Grant was taken out to 301 therein named—which grant was taken out the 20th, February, A.D. 1874 and conveyed for the Crown 65,000 acres within the Township of Digby in the aforesaid Township of Conway."

The original Description has been in the possession of Mr. Nicholls for a number of years. He loaned it to the Archivist of the Dominion of Canada, and it was considered of such value that Mr. Nicholls had a hard time to get it back. He did not get it back until the department had taken several photographs of it for the Archives.

The plan sets out all the present streets of the Town of Digby with Water Street running all along the shore from the North to the South of the Town. Much of this street, particularly along the "Cannon Bank" and along the South end, is under water at the present time, washed away by the encroachment of the tides. It is still there, however, and some day the Town may reclaim this area and build a boulevard all along the water front excepting where business houses are built on the shore side of the street.

Large cargoes of wheat are being shipped from Japan and the Orient through Vancouver these days. It seems like sending coals to Newcastle to send flour to "The Flowery Kingdom."

Some foundation for the old nickname "woolly" west is found in the report that Alex. MacNeil's wool outfit for 1928 amounted to 3,033, 181 pounds. Altogether the Dominion produced over eighteen and a half million pounds.

Steel is replacing wood in freight service on the Canadian Pacific Railway as 7500 box cars now on order for the company will be of steel construction. They will have a capacity of about 2,000 bushels of grain and a load of 120,000 pounds.

Fur-farming is developing many branches, one of the most recent being the organization in Manitoba of the Manitoba Muskrat Breeders' Association. The body plans to study muskrat breeding conditions and to investigate all phases of the industry.

In a recent speech at Kitchener, Ontario, E. W. Beatty, chairman and president of the Canadian Pacific pointed out that the average freight rate per ton per mile in Canada is about 5 1/2 per cent lower than in the U.S. and that the average of Canadian grain rates is 40 per cent lower.

The Trans-Canada will cross the continent in an hour and a half less time, according to an announcement made by the company. This does not mean that the train has got any smaller, but that the Canadian Pacific Railway is running the famous flyer on an improved schedule.

Penny postage, inaugurated at Christmas, is working well and bringing about a notable increase in letter mails from Canada to the British Isles, according to federal postal officials. It is estimated that the increase in the course of a year would be such as to offset the \$200,000 estimated reduction in revenue by the penny rate.

In Manitoba, there is one tractor for every 4.6 farms; in Saskatchewan, one for every 4.7 farms; and in Alberta, one for every 7.5 farms. If all the tractors were hitched together, how long could it take a garage mechanic to reach the moon.

For the sixth successive year Dean Sinclair Laird of Macdonald College, Ste. Anne de Bellevue, Quebec, will conduct an all expense tour across Canada and back, starting from Toronto on June 22, and lasting for 21 days. The party travels in a special train with a baggage car filled up as a sixty-foot dressing-room.

Equipped with a bow-rudder, a new device that will aid in navigating the harbours of Victoria and Vancouver and the waters of the British Columbia coast, the Princess Norah has arrived on the Pacific seaboard to join the fleet of the B. C. Coastal services of the Canadian Pacific Railway. She is the eighteenth ship to be built for this work and has just been constructed at the shipbuilding yards on the Clyde in Scotland.

Woman Praises Lydia E. Pinkham's Vegetable Compound

Sarnia, Ont.—"I am willing to answer letters from other women, to tell them of the wonderful good Lydia E. Pinkham's Vegetable Compound did me. I cannot be thankful enough for the benefit I received during the Change of Life. I do housework and my troubles made me try to work. A friend advised me to try the Vegetable Compound. I felt great relief at once, began to regain my appetite, and my nerves got better. I will recommend you immediately to all who trouble like I had."—MRS. JOHN BENSON, 162 N. 1929 Directory of Products Includes New Features

The 1929 edition of the Nova Scotia Trade Directory, prepared by the Department of Natural Resources, is available for distribution. This edition so far surpasses previous numbers and combines within its covers so much information covering so many phases of Provincial activity that it is difficult to convey to our readers a true impression of its value.

Previous numbers of the Trade Directory contained chiefly a list of the industries in the Province with their products and the name of the firms manufacturing each product. The new Directory again contains that valuable information but in addition has added a Directory of Manufacturers by towns. In this way it is possible for a reader of the Directory to turn up any town in the Province and determine what products are manufactured in that town.

There is also a list of importers, exporters, produce brokers and wholesalers doing business in Nova Scotia; a list of co-operative societies, a list of Farmers' Associations, detailed information as to the officers of all agricultural societies, a list of Boys and Girls Clubs, a list of livestock breeders in Nova Scotia, trade organizations, technical and professional organizations, labour organizations, women's institutes, Boards of Trade, exhibitions and fairs, builders and contractors, cold storage establishments, power companies and undeveloped hydro resources.

Transportation facilities in Nova Scotia are also outlined in the new Directory. There is a list of railroad lines, steamship services and important transport facilities. Bank and financial houses are reviewed, foreign consuls are set out. All public facilities are outlined including a list of newspapers and periodicals, a list of Government Reports and Publications. Included in the Directory is also valuable information as to the incorporation of companies and co-operative societies. There are synopsis of the Workmen's Compensation Act, the Nova Scotia Factories Act, a digest of Nova Scotia mining regulations, and abstract of Collection laws, a resume of Dominion taxes and regulations, abstract on the Canadian Bankruptcy Act and other Federal Acts.

Concluding the book is a special feature which will be found to be of more than usual interest. It is a section dealing with interesting facts and figures about Nova Scotia. All manner of information and statistics is contained in this section.

Enough has been said to indicate the tremendous amount of information contained in the new Trade Directory. In short, it is an encyclopedia of Provincial information and will prove of the greatest possible value not only to residents of this Province but to outsiders who desire information about Nova Scotia.

John Deveau Died at New Edinburgh, N. S.

Once again the shadow of death has entered our neighborhood, taking as its victim, one of our most highly respected residents of New Edinburgh, in the person of Mr. John Deveau, at the age of 72 years.

His death came as a severe shock to his many friends, and will always linger in the memory of all those who knew him. He was of a bright and admirable disposition and was much liked by all who knew him. He leaves to mourn a widow, who was Agnes Burrows Ashmore, two daughters, Mrs. Arthur McCormack, Mrs. Henry McCormack of New Edinburgh, three sons, Thomas, John and Henry all of whom were at his bedside caring for him with loving devotion until the end, which came February 3, at midnight.

He also leaves one sister, Mrs. Benjamin Watt of Lyon, one half sister, Mrs. Mary McCormack of Weymouth, N. S. Funeral took place from his late residence to St. Peter's church at Weymouth North, of which deceased was a member.

Our heartfelt sympathy is felt for his bereaved wife and family in this their hour of sorrow.

Where as it has pleased the Almighty to remove from our circle one who has been so very dear to us. Therefore be it,

Life carefully planned

ASK any of the boys who've made good and they'll tell you it didn't just happen by a lucky break. Their success was the result of careful planning. Hard work. Night school, perhaps. And above all, always attending strictly to this important matter of health.

"I had no time for outdoor exercise," is the story you'll hear. "I couldn't afford one of those gymnasium courses."

But I figured I could keep myself in good shape by taking Nujol. I've taken it ever since. And it's helped as much as anything to keep me fit and on the job every day."

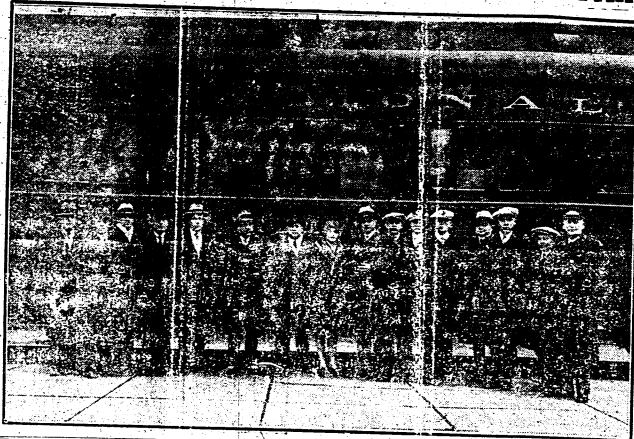

There's no easier way to keep in first rate condition than by taking Nujol. Nujol is not a medicine. It's just a pure, natural substance that helps your system to function as Nature

meant it to under all conditions. Regularly. Easily. It not only keeps an excess of body poisons from forming (we all have them), but aids in their removal. Nujol can't possibly upset or disagree with you, because it contains absolutely no medicine or drugs. It is simply a pure natural substance. Perfected by the Nujol Laboratories, 26 Broadway, New York.

Start Nujol to good shape for the next three months, anyway. By the end of that time, even before then perhaps, you'll feel much more all round fit.

You can buy Nujol at all drugstores for a small sum. Worth trying, isn't it? Nujol is sold in sealed packages only. Stop and buy a bottle on your way home tonight.

STEAM UP FOR LONDON

This model, a perfect working miniature of one of the Canadian National Railways' grand 6100 North-eastern type locomotives, is now on its way to London, England, where it will be exhibited in the European offices of the National system. John E. Wood, of Winnipeg, constructed it in his spare time, and it took him fourteen months of diligence and skill. The main frame and some of the other parts were made by

apprentices in the Fort Rouge and Transcona shops. The model is correct in all external details and will work under the purposes of exhibition a motor was placed in the oak base to drive the wheels through a worm gear on the main driving axle. The overall length of the model is eight feet, six inches, while the overall length of the original 6100 is 94 feet six inches. The model weighs approximately 275 pounds and the super-locomotive 325 tons.

tion of the landing at Port Royal of the Sir William Alexander settlers.

The event is one which should be incorporated in all advertising of the Annapolis Valley, as an attraction for tourists, and one which should be of substantial benefit to Nova Scotia as a drawing card for more of this profitable business in the year.

The Courier has from time to time suggested that providing amusement and entertainment for our summer guests was a matter in which we were neglecting things, and it is more than gratifying that Annapolis is at the one time to give summer visitors amusement and celebrate an event of historic interest.

It is unlikely that the Digby's Annual Regatta Day, which was missed out of the schedule last year, will be put on this year, and the Annapolis celebration will be a great substitute for it.

If Digby can assist in the celebration its services should be offered, to aid in making it a memorable and highly successful affair.

RAW IMMIGRANT YOUTH WINS HIGHEST PLACE

Sidney Wrightson, 18 years old, an unemployed miner with a mother and two brothers to aid in supporting in Durham County, England, was brought to Canada in 1927 by the Canadian National Railways Colonization Department, and placed on the farm of James Bell, near Kingston, by the British Immigration and Colonization Association. Never having seen a farm before he set to work in earnest to "learn the game", with such success that this year he stood highest in the agricultural judging contest in the county of Frontenac among 55 competitors, in connection with the Ontario Government plan to take 500 boys to the Royal Winter Fair.—Canadian National Railways photograph.

Purity Fruit Cake

How to get Better Results in all Cake Baking

A baking expert says: "Purity is a strong, rich flour with great expanding qualities. Your cake trays call for ordinary pastry flour, but Purity flour has per cup of Purity, and it is called for use half milk and half water (brown), as milk alone tends to make the cake dry.

For pastry that melts in your mouth use 2 tablespoons less per cup of Purity flour and 1 tablespoon more of shortening. Roll it dry, for extra rich pastry use half butter and half lard.

Being milled only from selected Western hard wheat, Purity Flour has the strength and quality to make it "best for all cake baking."

School Attendance

The Courier has been taken to task for its editorializing the condition in Digby schools. We are told that pupils are showing up as well in their studies as at any time in the past few years, and that there is no reason for alarm. The end of the term we are told, will find as many high marks made as in previous years, with just as many pupils making the grading mark.

We hope that this opinion will be borne out by results at the end of the term. From conversation with members of the teaching staff we doubt it, and our doubts are supported by perusal of the quarterly examination results.

Below is a record of attendance for the second quarter:

Teacher	No. Reg.	No. Att.	Per cent
Miss Moore	45	45	69.1
Miss Swallow	50	49	78.0
Miss Turnbull	50	49	78.0
Miss Hogre	46	45	80
Miss Carney	46	40	78.5
Mr. Oakes	46	45	78.5
High School	54	51	78.6

Surely these figures indicate something! But what? Sickiness? Indifference?

We are told by those who should know that there is no serious epidemic in Digby. The "Flu" scare was only a scare, and apart from the usual number of colds sickness should not be held responsible for the percentage of absentees.

What then is the reason? At the first of the term there is commonly a number of pupils absent from school because they are not back from their summer holidays, and at Christmas time the same condition may apply. This, however, cannot account for so large a percentage of absences.

Are the teachers responsible? Hardly. They do their duty when they teach those who attend and try to get reasonable excuses for tardiness and being absent.

Which leaves only one source to which we must look for the trouble. Right in the homes. Do parents really care whether their children go to school or not? It appears that they do not.

The province of Nova Scotia, the Town of Digby and each ratepayer and taxpayer, contributes much of their income towards education. The highest charge on civic revenues is for education. Are we getting the worth of our money? Modernists tell us that the teaching system is all wrong. We should have a different method of teaching. We are told. But whatever method of teaching is adopted whatever subjects are included in the curriculum, they will fall down if the pupils are not present at the classes.

Don't wait until the end of the term, and then blame the teacher, but start now to see that your children go to school. Regular attendance can be translated into successful school work for the year and it is not too late now to begin.

Steel Cars Now for Freight Service

Steel is replacing wood in freight service and seventy-five hundred of the new freight cars now on order for the Canadian Pacific will set a new standard in grain and general freight service. These cars are not in replacement but in addition to the wood cars already in use, and will furnish a greater margin of safety, more speed and longer service while eliminating leakage.

They will have a capacity of 2,000 bushels of wheat and will considerably speed up the movement of grain. Rivetting of all joints and connections will reduce to a minimum possibility of loss of grain and the car itself will be more solid and will possess greater rigidity. The roof of the car will be made of steel.

Additional safety will be provided by a new type of truck having a cast steel frame. These truck side frames which represent a new standard of Cana-

dian-Pacific equipment, are one integral casting. Elimination of parts in the car proper is another noteworthy feature.

Dimensions of the car are 40 feet 9 inches in length, 8 feet 7 inches high, and 8 feet 7 1/2 inches wide. They will have 5 foot side doors and a capacity of 120,000 pounds.

The new cars represent an important advance in railway freight transportation on this continent and with the development of the west. In recent years crop acreage has increased. Car loadings have increased in speeded up delivery to the rails and necessitated still more efficient handling on the part of the railway companies.

Delivery of the new cars will be made in ample time for the harvest of 1929 and the Canadian Pacific may be expected to again break the record of crop

English Boys Settlers for Canada

London, Ont., February 13.—Plans for the settlement of British boys in Canada under joint auspices of Dominion, Provincial and British Governments were outlined today in an address given to the London Canadian Club by Robert J. C. Stead, Director of Publicity of the Federal Department of Immigration and Colonization. The plans not only call for a period of training on Canadian farms, but also, with respect to a number of the provinces, make provision for the establishment of the boy settler on a farm of his own when his period of training is completed.

The speaker pointed out that large numbers of British boys, many of them from excellent homes and with good cultural backgrounds, are each year reaching the point where they must decide what course in life they are to follow. In many cases this course will call for migration to some other land, and Canada is desirous of obtaining the major share of that movement, as she already obtains the major share of general British migration. The value of the British boy migrant to Canada has long been established by the experience of the Juvenile Branch of the Department of Immigration and Colonization. Between 1868 and 1927 juvenile immigration societies or other agencies brought to Canada approximately 85,000 children. The juveniles fit readily into Canadian life, and by the time they attain manhood are to all intents and purposes Canadians.

The new plan which is to secure for Canada a larger share of the growing boys of the Mother Country provides for the selection of the boys in the United Kingdom by Dominion officials and representatives of the province in which they will settle. Having been found suitable from all points of view, boys between the ages of fifteen and twenty, who will undertake to engage in farm work for a period of three years, are brought to Canada free of all transportation charges, their fares being paid by the British and Canadian Governments.

The boys come forward in parties and go at once to the distribution farm maintained as an adjunct to the Boy Settlement Plan in each of the provinces co-operating. In Ontario the distribution centre is Vinny Ridge Farm, close to the city of Guelph; in New Brunswick a distribution farm is located at Lower Gagetown; in Nova Scotia at the Agricultural College at Truro; in Manitoba the Manitoba Agricultural College is utilized for this purpose; and in Saskatchewan the Agricultural College at Saskatoon. Boys for Quebec and Eastern Ontario may move under the auspices of the British Immigration and Colonization Association, which has headquarters in Montreal.

The Province of Alberta is not participating in the general reception and distributing farm scheme, but has a scheme for providing a month's free training for young men from the United Kingdom who are later placed in selected farm homes by the Land Settlement Branch of the Immigration Department. Negotiations looking toward an agreement for the settlement of British boys in British Columbia are under way, but have not yet been completed.

After the boys have arrived at the distribution centre they are, with as little delay as possible, distributed among farmers of the province who have made application for boys of this class. All farm homes must be approved for this purpose as suitable homes in which to

place a boy. The minimum wage is \$10 a month, but this is regarded as a minimum only; boys are paid, larger sums as their earning power increases.

When the boy has attained a practical knowledge of farm work and livestock, has become twenty-one years of age, and has saved up the sum of \$500, the Dominion, Provincial and British Governments under a joint agreement will grant him a loan of \$7500 for the purchase of a farm of his own. The saving of \$900 is required as evidence of the boy's industry and thrift. The loan of \$7500 is to be repaid over a period of twenty years with interest at five percent. The provinces which so far have agreed to participate in the boy settlement scheme are Nova Scotia, New Brunswick, Ontario and Manitoba. As yet arrangements have not been completed with the other provinces.

Griddle Cakes

Who doesn't like griddle cakes? From father to the youngest member of the family, every one enjoys them for more when they are tasty! Here is a tested recipe:

- 1 cupful Borden's St. Charles Milk
- 1 cupful water
- 2 tablespoonfuls melted butter
- egg, well beaten
- 3 cupfuls whole flour
- 1 teaspoonful salt
- 3 teaspoonfuls baking powder
- 2 tablespoonfuls of sugar

Combine the milk and water, add the shortening, sugar, and the egg, and beat in the dry ingredients which have been sifted together. Beat thoroughly and fry as usual on a slightly oiled griddle, or on an ungreased aluminum or soapstone griddle. If very thin cakes are desired, add two more tablespoonfuls of St. Charles Milk and water. For further interesting recipes write for the Borden Cook Book, addressing The Borden Co., Ltd., Dept. B, 140 St. Paul W., Montreal.

Finds Them Excellent for General Debility

Says P. E. Island Man of
Dodd's Kidney Pills

Mr. J. M. Cameron speaks very highly of Dodd's Kidney Pills. Richmond, P.E.I., Feb. 11 (Special). "I must speak about a thing as I find it," states Mr. J. M. Cameron, a well known and highly respected resident of this place. "I must say that for any internal or body ailment, Dodd's Kidney Pills are excellent. Any sufferer can try them and be convinced. I have used them for General Debility, Sore Back, Cramps and heart disease, can be tried and many other ailments. I had tried other pills but there are none to equal Dodd's Kidney Pills."

The reason Dodd's Kidney Pills have come to occupy such a prominent place in the home is that so many ordinary everyday ills come from sick kidneys. Rheumatism, urinary troubles, back aches and heart disease can be traced directly or indirectly to sick kidneys. To be assured of good health the kidneys must be kept in good working order all the time.

Assessment Appeal Court Meets February Twenty-sixth

Petition of William Oliver against the assessment of the New Pines Hotel will be the item of chief interest to be discussed at the meeting of the Assessment Appeal Court which opens in Digby on February 26th next.

Mr. Oliver appeals from the present assessment of the Pines Hotel on the ground that it is too low.

Another appeal in which the Pines figures is that of W.S. Troop, who appeals from the valuation of his property as being too high in comparison to the assessment of the Pines.

There are several other appeals to be heard.

Inquiry by the Courier brings out the basis on which the Pines was assessed for the present year. The assessment was a preliminary one, the amount, \$38,000 being fixed as a progress assessment, and taking into consideration the fact that the hotel is only under construction and will not be fully completed and furnished this year. The Assessors also, apparently, took into consideration the value of the Pines to Digby as a drawing card for tourists. As one gentleman expressed his opinion to the Courier, "The New Pines Hotel means that Digby will get more advertising from the Dominion Atlantic Railway and the Canadian Pacific Railway than the Town itself will ever spend in all its history. It will bring more people to Digby than the hotel itself can possibly take care of and will mean much to all the tourist interests of the town."

Here is another opinion. "I find the D.A.R. come to the town before it made a move to construct, and asked for a fixed rating over a period of years it would have given most favorable consideration. I believe that a fixed assessment of \$50,000 for ten years would have been approved by the ratepayers, and to 'put one over' on the railway now, and assess the hotel at anywhere near the amount at which it could be assessed, would be a mistake, a breach of ethics and a wrong to the best interests of the town."

There is much to be said both for the opinion expressed above and for the attitude of the appellant against the present assessment of the New Pines. All that is said in favor of the present assessment is quite true.

The D.A.R., the C.P.R., and the associate company, Eastern Steam,

ships, spend large sums each year in advertising Digby.

The combined systems cover the whole world and draw clients for their hotel system from many lands, lanes out of the reach of ordinary business organizations, and for this reason the New Pines is entitled to favorable consideration.

But the consideration must be qualified by the rights of other people in the same line of business, and when the assessment is fixed it must be in such manner as will take into account the comparative valuations of other hotel properties.

Church Men's Brotherhood Sees Pictures Along the National Way

Twenty four members of the Men's Brotherhood of Grace United Church sat down to the supper tables at 7.30 o'clock on Monday evening at the monthly meeting of the organization. President Dr. W. R. Dickie presided and opposite to him at the foot of the table sat Rev. E. W. Forbes, pastor of the church, who asked the Blessing. Until eight o'clock the business of the meeting was eating, and then, their numbers added to by numbers of townspeople they enjoyed a motion picture presentation of scenes taken along the famous "Triangle Tour" of the Canadian National system, from Jasper Park to Prince Rupert, by boat to Vancouver and then back to Jasper Park. Another was the Blanc Bec Trail in winter and a third picture of Nova Scotia's South Shore. The films were shown through courtesy of the Canadian National System Advertising Department and were projected by Mr. Dunbrack, of the Halifax office of the railway, who is official lecturer of Nova Scotia.

Votes of thanks to Mr. Dunbrack and the National Systems and to the committee in charge of the supper arrangements were endorsed by generous applause.

Acadia University Extension Course in the Appreciation of Art

At the Court House at eight o'clock this (Friday) evening will be held the first of five lectures on the "Appreciation of Art", given by Mr. Stewart Dick under the auspices of the Adult Education Department of Acadia University. The remaining four lectures of the course will be held on the ensuing Friday evenings at the same hour and place.

In his lecture this evening Mr. Dick, who for seven years was the official lecturer with the London Art Gallery, will give an introduction to the course, dealing with what art really is and how close it is to daily life. He will also define the standards of art and give illustrated examples of its good and bad forms: The following lectures will deal with the House as a Unit, studying Structure, Furnishings, Decorations, and Interiors, the last named taking up Costume and Deportment.

Although a goodly number have enrolled for the course, there is still an opportunity for any others who wish to join to do so at the original fee of Two Dollars for the entire course. A special consideration, not at first available, now makes it possible to allow single admissions at the rate of fifty cents each.

Plans are now being made for another course, to begin at the conclusion of this one, on the Appreciation of Literature. The lecturer in this case will be [Mr. J. C. Newlands, for twenty five years Professor of the Vocal Interpretation of Literature at New College, Edinburgh. In order to bring Mr. Newlands to Digby, it is necessary that twenty enroll at an early date for this course. Those interested may enroll thru Mrs. H. M. Warren, phone 29, who is in communication with Dr. Patterson of Acadia University in regard to the matter.

Druggists Observe Buckley's Cough Mixture Week

The week of February 28th to March 6th is being observed by the retail druggists of Canada as "Buckley's Cough Mixture Week".

This week has been arranged by the Retail Merchants' Association of Canada and the Provincial Boards of the Retail Merchants' Association, in cooperation with Messrs W. E. This product has been on the market for many years and because of its rapidly increasing favor with Canadians during the last few years, "The Week" is being featured this season to focus additional attention on this fine cough remedy.

It will be learned with regret that Geo. Hamilton, popular agent with the D.A.R. is to be transferred to Saint John.

RED RAVENS COME FROM BEHIND TO WIN PLAY-OFF FROM ACADIA TEAM

Record Crowd of the Year Sees Grimley's Gang Run Wild in Scoring Feast to Overcome Three Goal Lead of Visitors.

Starting out with a three goal lead to overcome, having lost on Wolfville ice by a score of 4 to 1, Hec Grimley's Ravens on Wednesday night gave the hockey fans the treat of their lives and Acadia a trimming that will be long remembered in hockey history in Digby. The game ended 5-1 in favor of Ravens. A hard fought battle, hockey from the first bell to the final second of the very last minute, and a game that kept the visitors going for all they were worth to prevent a higher score.

For 57 minutes the Ravens played offensive hockey of the finest kind, on the rubber all the time and playing team work that showed up what Grimley has done to earn his wages.

Acadia drew the first shot. Ryan intercepted a pass from Hyson to Babkirk and snapped the rubber back of Bill's skates for the counter. This was the first, last, and only time that the rubber found the Digby net, with the exception of one off-side goal.

Meagher, former Crescent player, was the star of the evening. He played such hockey as will lose him to Digby for the big circuit and astonished even those who knew him best. He got the first Raven's tally when he slammed one past Bishop after ten minutes of play.

Then came the second frame Goals even and three to catch up. The Ravens were getting their second wind and for twenty minutes the play was all in Acadia Territory, except when the puck was brought back to a face off after a score. Raymond scored the first goal after five minutes of play and four minutes later poked in another.

Then Hyson got going and scored number four. Making it four one, and the count for both games even. Seven hundred grown up people and a hundred small boys went crazy.

Two periods of good hockey, but that was nothing. The third was a whirlwind. Attack, back again. Attack, back again. Acadia was holding for all they were worth and Ravens pressing, every man, and every minute. The "break" had to come, and it came for Ravens when Walker picked up a pass from Hyson on the visitor's blue line and snail! It was in for the winning goal of the series.

Then the real hockey started. Grimley ordered a defense, and a defense it was. Perfect, time killing. Nothing much to enjoy, there was too much at stake. A weak second meant a score and the job to do all over again, and Acadia was trying its best. But no use. Came the welcome whistle and the game was over. Digby had won into the finals in a magnificent revenge.

The line-up:
Acadia—Goal, D. Bishop; defence, D. McLean, G. Cain; forwards, J. Wilson, J. Buckley, R.W. Johnson; subs, Ryan, Payzant.

Digby—Goal, Bill Eldridge; defence E. Meagher, D. Raymond; forwards E. Walker, C. Hyson, E. Babkirk, subs, F. Muise, R. Holdsworth.

Referees, Beazley, Keith.

OBITUARY

HUGH MACLEAN

Hugh MacLean is dead. In his eighty first year, hale and hearty until the last, and until the last a worker in the gardens which he loved.

Death came to him at his home on the Shore Road, the place in which he lived for fifty years in Digby and where his family, three daughters, were raised through girlhood to womanhood.

Mr. MacLean was born in Cape Breton and came to Digby upwards of half a century ago. For the last 27 years he was gardener and keeper of the grounds at Mrs. Bryant's summer home and his work there made of a wilderness a place of abiding beauty. Flowers were his hobby, his true love, and the love of a man for his work was shown in every line of carefully planned flower plots, of beautiful border rows and well kept lawns.

Until the approaching winter of 1928 put an end to outdoor work Mr. MacLean was busy in the grounds, preparing the seed beds for another spring. With the approach of winter Mr. MacLean's health failed him and since Christmas he has been confined to his home. His daughters were sent for on Tuesday they arrived, too late to greet their father, who had passed away on Monday morning.

At the funeral services at the house, held on Wednesday and conducted by Rev. E. W. Forbes, a host of friends gathered to pay last respect to one whom all called friend; a man who in eighty years had never made an enemy, of whom no ill remark was ever passed and who in his association with men was a truly one of Nature's Gentlemen. Flowers covered the casket in unspoken tribute of love and beauty.

Mr. MacLean was twice married. His first wife was Miss Georgina Ellis, of Digby, who died some years ago, and his second, Miss Margaret MacLean, formerly a resident of Cape Breton. She survives him as do three daughters, Mrs. A. Reddy, Mrs. B. Robinson and Mrs. Alfred Humphrey, all of Boston, who arrived home for the funeral.

When old country people come to Nova Scotia, one of the things they discover with great satisfaction to themselves, is the delicious quality of MORSE'S SELECTED ORANGE PEKOE TEA. It is both a pleasure and a surprise to them that this tea is so superior to the tea they had been drinking at home. Is it any wonder that the sales of MORSE'S SELECTED ORANGE PEKOE show a steady increase in volume from year to year.

Special Services at Army Citadel Over the Week End

Major Robert Tilley of Halifax will conduct special services at the Army Citadel over the week end. Commencing Saturday night and continuing until Monday night, the Major will hold services at eight o'clock each evening in the Army Hall.

Digby County Baptists Pledge \$1400.00 for Home Missions

Interesting discussions of the needs and uses of the Home Missions Fund from the Baptist Churches in Digby County culminated in the pledging of \$1400.00 for Home Missions purposes of meetings held in Digby Baptist Church on Tuesday afternoon and evening. Delegates were present representing the Churches of Bear River, Smith's Cove, Centreville and Weymouth North, while other churches in the District sent regrets that they were unable to send delegates and promises of support in any work undertaken.

In the afternoon a Round Table discussion of Home Mission work was conducted by Rev. Dr. E. S. Mason, Chairman of the Home Mission Board of the Baptist Church. This discussion was led along by question from the delegates and brought out a flood of information as to the amount raised in other years, the uses to which it had been put and the work which had been accomplished.

In the evening a platform meeting was held. Speakers were Rev. F. E. Bishop, Pastor of Digby Baptist Church; Rev. E. Zarraz, Pastor of Bear River Church; and Dr. Mason.

Mr. Bishop's address dealt with the contributions of the weaker churches to the life of the nation. Those churches which had been formed and continued through assistance from Home Mission funds had been the gaining of ground for many men who had become stalwart workers in the church, following the trend of migration from rural to urban centres these men and women too, trained in the faith and members of the church in their early youth in rural sections, had taken to the larger towns a valuable contribution of citizenship and in associating themselves with the churches there had helped their growth into strong organizations, capable of self support and contribution to the smaller ones.

Mr. Bishop welcomed the delegates most heartily. It was good, he said, to get together to plan for cooperative action on a matter so important to the welfare of the whole country and in Dr. Mason's presence with them they had an opportunity to get at the base of the whole question of Home Mission work and funds.

Mr. Barras continued along similar lines, stressing the continuation of Home Mission Churches to the life of the rural community.

Dr. Mason spoke on the Romance of the Home Mission

The Symore Will Arrive Today With Full Fare of Fish

Captain Morrell's new trawler will arrive in port this morning with a good fare of fish caught on S. b's Island Bank and LaHave Bank. Capt. Morrell received word from Capt. Allan yesterday morning from Lunenburg that he had a good catch in the holds and asking for instructions, whether to sell at Lunenburg or to bring the fare to Digby. The boat will come to Digby and discharge to the Maritime Fish Corporation.

Capt. Morrell is elated. The Symore was only fishing four days, and is bringing a good catch, which will give the Maritime people their first real fare from this vessel.

OBITUARY

GERALD MANZER

Gerald Manzer passed away on Feb. 9 aged 20 years and 11 months at the home of his grandmother, Mrs. Isabel Manzer. He was the eldest son of Mr. Lloyd Manzer, Avon, Mass. Besides his father, he leaves to mourn a step mother, three brothers and a half brother Wilfred, Colin, John and Ronald, also three sisters, Eva, Josephine and Muriel.

Gerald was baptized April 1925 by Rev. I. D. Harvey, Little River, and united with the Weymouth Baptist Church and he adorned his profession.

Funeral service was conducted by Rev. M. B. Whitman pastor of the Weymouth Baptist Church. Interment was at Riverside Cemetery.

His father arrived home for the funeral, "Church". His topic covered the trials of the rural congregations, the opportunities for service which these afforded and told something of the real joy which lies in such service.

The meeting closed in aspiration of optimistic faith in the future, and of determination to contribute a full share of the county church's obligations in the Home Mission sphere.

NOTICE

Rev. Mr. Gabriel of Halifax will conduct the services at Trinity Church on Sunday next, February 24th.

The Pines Hotel Assessment

At the risk of appearing officious the Courier begs to suggest that the present assessment on the Pines Hotel be permitted to stand for a year at least.

In making this suggestion we have in mind the actual value which the Pines is to Digby. Not only in our own mind, but from the expression of opinion of men long established in Digby and who know the history of the tourist business from its inception.

Mr. W. F. McHugh, proprietor of Whoneda Lodge, Smith's Cove, who was for years associated in the management of Lour Lodge, should be sufficiently well versed in the tourist business to be able to speak with authority on all matters pertaining to it. In Mr. McHugh's opinion the Pines Hotel assessment should be as low as is reasonably possible. Not because the Pines buildings are not worth a great deal of money. Not because the Pines will not have a large number of guests, nor for any reason except that the Pines is a drawing card, an attraction, which brings to Digby more people than the Pines can possibly handle, and the small hotels, which have not the facilities for advertising extensively, reap the benefit of all the advertising done by the Canadian Pacific Railway and by the Eastern Steamship Lines.

Mr. McHugh speaks from experience. Last year a large part of his patronage was from people who were attracted to this section by the advertising of the Pines Hotel. Some patrons he got from the hotel management, sent by Mr.

Jones because the Pines was full, and some came to him from the Pines, people who found the attraction of Smith's Cove to their taste, and who on coming to Whoneda Lodge, found it all that they could ask.

At a conservative estimate the combined tourist advertising account of the Pines Hotel, the D. A. R., the C. P. R. and the Eastern Steamships, will amount to nearly \$25,000 for this year, for Nova Scotia alone. Every dollar's worth of it will be of benefit to Digby.

Is not this sufficient reason for leaving the present assessment as it stands for at least a year?

When this matter of assessment reaches its final analysis there are few, if any, parcels of real estate which could be placed upon them. Strictly, according to the letter of the law, real estate is supposed to be assessed at its full market value—what it would bring if sold after reasonable notice. How many properties in Digby are so assessed?

Very very few. The Courier has scanned the assessment rolls of last year and could not find any that was assessed at what it would bring.

"One of the Best Advertising Mediums for the Maritime Provinces"

Most gratifying reports of the Sportsmen's Show, held in Boston from January 16th to 26th of this year, are reaching the Regional Headquarters of the Canadian Railways at Moncton.

It appears from these reports that New Brunswick's Exhibit was considered an exceedingly interesting feature of that great show, and that it has aroused most widespread interest in this Province.

The Press of Massachusetts gave the New Brunswick Exhibit a very large amount of space and attention, not only in merely reporting the event and the exhibit as a feature, but in pictures of the various phases that made the New Brunswick exhibit of such prominence and interest.

It is quite evident that this exhibit appealed to the American public as a great spectacle of wild woodland life, and it was an instance that proves that the Maritime Provinces can easily popularize themselves with the American public, if they present their resources in the right manner.

Whoever was responsible for the exhibit evidently had in mind that advertising today is as competitive as anything else, and that to attract people, particularly of a country where advertising has reached such a high standard of spectacular display, they must present the novel and the unique.

The Canadian National Railways played a considerable part through their co operation given to the New Brunswick Government, through J. D. Black, Director of the Bureau of Provincial Information and Tourist Travel, who has just received from all sides expressions of appreciation of the exhibit, of which he was in charge.

One report received by officials at Moncton from a gentleman who was present, reads as follows:—

"From personal observation, I have no hesitation in saying that this Sportsmen's Show is one of the best advertising mediums that the Maritime Provinces can obtain so far as tourist traffic is concerned."

Armistice Day and Thanksgiving Day

Parliament has decided that the celebration of Armistice Day and Thanksgiving Day will not be fused into one day of holiday and thanks giving, and that Armistice Day will be kept separate and apart altogether from any other celebration.

On the face of the matter this seems wise and likely to more strikingly bring to the minds of the public just what sacrifice was made, just what homage is due to those Hero Dead who sleep in soldiers' graves, and to those Living Heroes who remain to play their part in

the continuation of the work which the war only began.

But will this decision work out to what it is hoped for?

With all deference to the opinions of Veterans, organizations the Courier is inclined to the opinion that a mistake has been made.

Thanksgiving Day comes on the second of May in November, generally. It is a day fixed by Parliament each year and comes on no set date. Some years the two celebrations will come together. Other years they will be but a day or two apart, and established custom will rule which will be given more attention.

It had been better, we think, had the two been combined into one day of celebration. Business, private means, anything you want to mention, will not stand the strain of two idle days in a week. Competition is too keen. The demand on the private purse is too great, to permit of two idle days at that season of the year, and the net result will be that Thanksgiving Day will be celebrated and Armistice Day observed only by a formal raising of flags, a "Two Minute Silence" and perhaps a Veteran's Banquet and Get-Together.

For the time being the matter is disposed of, but it will be advisable for the Veterans organizations to mark well the trend of public sentiment in the matter, and at a proper time urge on Parliament that which they now have successfully asked shall not be done.

"Girl From Chicago" Stars Conrad Nagel and Myrna Loy

"The Girl From Chicago," a Warner Bros. production, costarring Conrad Nagel and Myrna Loy comes to the Bijou Theatre next Tuesday. The cast includes William Russell, Carroll Nye, Paul Panzer and Erville Alderson. Ray Enright directed. This brilliant melodrama of the underworld is based on the story of Arthur Somers Roche and the scenario was executed by Graham Baker. It recounts the hair raising adventures of a Southern girl, who leaves her father on the old plantation to come to the City for the purpose of freeing her brother from the gang whose machinations have placed him in the shadow of the chair.

"The Girl From Chicago," is one of the authentic melodramas, which have power to hold the imagination and thrill the spines of beholders. But there is glamour, too, and humor, and warm humanity. You'll be satisfied.

When the Raw Days of Spring Arrive

The spring season will soon be upon us with its rather disagreeable climatic changes and this is a very nice time to take a trip to the sunny coast of British Columbia to California.

There are convenient train services via the Canadian National Railways from points in the Maritimes to British Columbia and to California. The Continental Limited leaves Montreal every day at 10:15 a.m. for Vancouver and Victoria, B. C. This train carrying a compartment library observation car, radio equipped, Those going to California have the choice of two routes, either via the Pacific Coast or through Chicago. Either way travelers will find Canadian National service at their disposal.

For fares, reservations, etc., apply to the nearest Canadian National Railways Agent or F. W. Robertson, General Passenger Agent, Moncton, N. B.

The anonymity deposits in the Lake George district of New Brunswick are the largest known in the British Empire and prospects are very bright for their very considerable development.

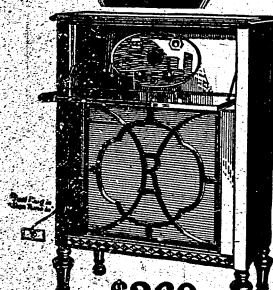

Conscience of some people are evidently very acute these days, for on one day alone since the beginning of this month, there were reported from the Halifax office of the Canadian National Railways no less than eight definite remittances of conscience money. They were all for small amounts, one as low as one dollar, but totalling a sum of eighty six dollars.

Hungarian pheasants, very similar to the native Nova Scotia partridges, which of recent years have become somewhat decimated, were introduced into the Province by a few Halifax sportsmen a few years ago. They are multiplying rapidly. It may not be long before they will be an open season for such birds.

The Saddle Stones of Egypt 5000 Years Ago

THE modern flour mill measures its ancestry from a day 5000 years ago when an Egyptian slave—perhaps by accident, perhaps by design—discovered today's basic principle for grinding flour.

Placing some broken grain or meal on a rough saddle-shaped stone, he used a smaller stone to rub and roll the meal into a finer flour. This combination of rubbing and rolling, while done today by machinery, still follows the same principle discovered by that lowly slave of Ancient Egypt.

While Maple Leaf Flour is milled by following a principle similar to that used 5000 years ago—it is vastly different from the product of that time. Maple Leaf Flour is made from selected Canadian Hard Wheat, so accurately milled and so carefully tested that a written guarantee of uniformity and satisfaction goes with every bag. Try it.

\$100,000,000 Bulwark Protects Investments of Sun Life Company

Unique Financial Position of Company Discussed by President Macaulay in Annual Address.

MONTREAL, February 14.—The phenomenal growth and success of the Sun Life Assurance Company of Canada lends widespread interest each year to the annual address of the President, Mr. T. B. Macaulay.

The annual meeting, which has just been held, disclosed a continuation of this expansion, but it was more noteworthy still for an announcement, most startling in character, by Mr. Macaulay regarding the financial strength of the Company. He stated that so carefully had the directors anticipated every possible adverse contingency in the money market that even a panic which would reduce the value of the assets by one hundred millions of dollars, would still leave untouched and unimpaired the shown surplus and reserves of the Company.

Mr. Macaulay dwelt as well in a most interesting and illuminating manner upon the relative merits of the varied securities in which insurance companies invest their funds, and of how traditional views on investment have altered owing to the changed conditions of modern business. He said in part:

"It is a great pleasure to move the adoption of this report, for the record it sets forth is a remarkable one.

"A more statement of the increases over the figures of the previous year is impressive. In income the increase is \$41,972,000; in assets \$37,650,000, in surplus \$9,157,000; in new assurances \$112,336,000; and in total in force \$408,925,000. A company with total business equal to these increases would be a large and powerful institution. It is but three years since we rejoiced at passing the mile-stone of \$1,000,000,000 of assurance in force, and yet already we are nearing \$2,000,000,000, while at this moment our assets exceed \$500,000,000.

"But there is another feature even more striking and important. Advance figures indicate that the increase over the previous year in the new business written by the combined life companies of the continent was approximately 8 per cent., and the increase in the combined total in force approximately 9 per cent. Against these percentages let me place the figures of the Sun Life: our new assurances increased 34 per cent., while our total in force increased 27 per cent.

"I need not further emphasize the rapid expansion of our business. It is but a continuation, though in accelerating degree, of our normal condition. That the Company is extraordinarily popular with the insuring public is evident. But people will hardly show so pronounced a preference without a reason. That reason unquestionably is the great strength of the Company, and its unusual profit-earning power. The earnings announced in the report are slightly in excess of \$40,000,000; but it is clearly intimated that had we desired to do so we could have taken credit for a much larger amount. We however, follow our usual conservative policy. We always have before our minds the possibility of a business depression, which might occasion heavy shrinkage in market values on all classes of securities. Mortgage securities may at such a time become totally unsalable, but that fact is not patent; while every fluctuation in the prices of such stocks and bonds can be turned into immediate cash is quoted on the Stock Exchange.

SECURITIES HEAVILY UNDER-VALUED.

"I have decided to take our policyholders into our confidence in the most complete way, so that they may realize how fully our directors have provided against any contingency of this kind. You will notice that we say that the values quoted are those given by the government department or lower. There is much in those two words. They mean that the values given in the report are approximately \$22,500,000 less than the actual current values of these securities on the Exchanges. We have had an additional deduction from market values of \$20,000,000, referred to in the report, and also the special contingency reserve of \$15,000,000. These items total \$55,000,000, and our unlisted assets and other margins raise the amount to \$100,000,000.

"This means that the market val-

ues of our securities could shrink by \$100,000,000, without reducing our surplus by one dollar. Such a shrinkage is of course almost inconceivable. I indeed doubt very much if even the catastrophe of another world war could produce so drastic a depression. Supposing it did, we would still have intact our undivided surplus of over \$54,000,000. We are hardly likely, I think, to be criticized for lack of conservatism. I do not know any other financial corporation which has its assets so protected. I imagine we are more likely to be told that we have been too conservative; if so, that is a criticism which we must entertain. Our safety margins may perhaps be unnecessarily large, but safety must be of paramount consideration; and if, as we confidently anticipate, the margins prove not to be required, they will in time be available for distribution among our policyholders. And what possibilities for our policyholders do these margins represent!

PRaises CANADIAN LAW.

"But let us look further into our earnings power. There are many contributing factors: energetic and cautious management; careful selection of risks; conservative investment policy; a considerable proportion of our earnings to build up protect reserves; and, above all, special attention to the safe and profitable investment of the funds.

"Our investment policy is in fact a distinguishing characteristic of the Company. Our development and prosperity would have been impossible but for our investment policy, and our investment policy could not have been possible but for the wise investment provisions of our Canadian Insurance Law. That law stands before the world as a monument to the wisdom of our nation's Parliament. Companies of many other lands are either permitted a wide freedom, or are hampered by restrictions, equally unwise, which prohibit investment in many of our most desirable securities. The Canadian Act, by contrast, permits reasonable freedom to the company, while fully safeguarding policyholders.

INVESTMENT PROVISIONS.

"It may be timely to summarize briefly the provisions of our law. They permit investments in—first, mortgages (up to sixty per cent. of the appraised value); government and municipal bonds; corporate bonds; and, by mortgage, preferred stocks of corporations which have paid dividends for the preceding five years; and common stocks of corporations which have paid dividends for the preceding seven years, such dividends being not less than four per cent. per annum, or \$500,000 per annum in amount. These provisions avoid the extreme both of unwise freedom and of harmful restrictions. To my mind they are a masterpiece of wisdom.

"Our list of assets shows that we own securities of large amount in all classes authorized by the Act.

"Within the great growth of the Company, the problem of investing its constantly increasing fund becomes more and more important. What avenues are open to us? As for mortgages, we are most unwilling to establish agencies in distant centres, whose real estate values, conditions and dangers we know nothing. That would be to entrust the safety of our investments to a large extent to the honesty of strangers. Government and municipal bonds yield but low rates of interest. As for bonds of corporations, we must face the fact that interest from occasional railway and public utility issues, the strongest of which, alas, rapidly declines. We are therefore, no longer need to borrow. Desirable bonds, therefore, represent a constant drain on our funds.

"For a very considerable part of our investments we must, consequently, look to those classes of common stocks which are authorized by our Canadian Act. Fortunately, when the same degree of care as is necessary for safety in selecting mortgages and bonds is applied to the selection of common stocks, especially within the conservative limits laid down by the Act, these selections are not only safe, but also of the highest quality. The thoughtful and well-informed, among the choicest and safest of all investments are, by far the most profitable and desirable.

NO MAGIC IN 'BOND.'

"Consider mortgages. What company has not suffered from them? Sometimes very heavy losses, on its mortgage investments? As to bonds, some people seem to consider that there is magic in them. They are hardly likely, I think, to be criticized for lack of conservatism. I do not know any other financial corporation which has its assets so protected. I imagine we are more likely to be told that we have been too conservative; if so, that is a criticism which we must entertain. Our safety margins may perhaps be unnecessarily large, but safety must be of paramount consideration; and if, as we confidently anticipate, the margins prove not to be required, they will in time be available for distribution among our policyholders. And what possibilities for our policyholders do these margins represent!

dividends on the stocks. In the very unlikely event of the dividend on any such choice stock being reduced, it would be certain to be far more than offset by increases in the dividend on our own average. The average interest rate has been steadily mounting year after year, due solely to increased dividends and bonuses payable on those stocks beyond the price we paid for them. As an illustration, take the common stocks purchased by us in 1913. The actual cash yield from these in 1918, represented a return of 2.38 per cent. on the purchase price greater than the dividends paid on these stocks at the time of purchase, while the average value of the rights and bonuses received during the intervening five years has amounted to a further .38 per cent. per annum.

ONLY TESTED SECURITY'S PURCHASED.

"Our Canadian law wisely excludes stocks of all companies that do not have a long record of dividend paying and prosperity. But we go much further than that. We limit ourselves almost entirely to outstanding financial statements with good reserves and resources already established, that supply some product or service essential to the life of the community, and the usual of the nation itself. The nation cannot grow and prosper without the production of such goods. The operations of such corporations can hardly fail to expand, and their profits to increase, surely and steadily. And this is another way of saying that the stocks of such selected and outstanding corporations can hardly fail to be of greater intrinsic value, ten and twenty years hence than they are today.

"Let me repeat what I have already said on many occasions. We do not speculate. We buy to keep. We never sell the stock merely because it has risen to a high figure. Stock exchange quotations influence our decisions as to whether we should buy a security, but not as to whether we should sell. If quotations are high, we can ignore them, and, in fact, do ignore them.

POLICYHOLDERS' PROFITS AGAIN INCREASED.

"There is no department of a Company's business which deserves closer scrutiny and investigation than the investments of its funds. Additional department will give such a generous return for the attention devoted to it.

"It is to its investments that our Company owes its impregnable position, and the magnitude of the profits in which the shareholders rejoice. Many years ago we expressed the hope that I would be able to announce an increased scale of profits year after year for many years. We now make that announcement for the ninth successive year, and I certainly cannot say that I expect the increase to stop. That this is not a mere boast, but a statement of fact, is evidenced by the report. And, as I have said, our policyholders may consequently anticipate even greater benefits in the future.

A COMPANY WITH A SOUL.

"But there are other features to which my mind reverts with pleasure. One of the most delightful compliments I ever received was when I was introduced to an audience as the president of a corporation that had a soul. That this is no mere phrase is shown by the sympathetic comradeship that exists between all ranks of the Company's service, both in head office and in the field. It is seen also in the enthusiastic support accorded us by our policyholders. Their relationship with them is more than that of mere business cooperation. The sense of mutual confidence and aid is the reward of our long and successful service. It is so strong as to be akin to friendship, and it is as our friends I like to think of them. This delightful relationship is the reward of our long and successful service. It is so strong as to be akin to friendship, and it is as our friends I like to think of them. This delightful relationship is the reward of our long and successful service.

THE BILL BEFORE PARLIAMENT

"I will now say a few words about

the Bill we have before Parliament. There has been so much misunderstanding and misrepresentation about it that I think it would like a plain statement of the facts.

"The original Charter, granted in 1871, authorized the Company's capital at \$4,000,000. An amendment Act passed in 1871 contained a somewhat ambiguous clause, which has been interpreted in some quarters as limiting the capital to \$2,000,000. Five eminent legal authorities to whom we submitted the question assure us that the original authorization was affected by the amendment, but advised us that it would be well to have the matter put beyond doubt by a brief clarifying Act of Parliament.

"We do not ask that the capital be increased; we merely ask that our right to issue stock up to the amount originally authorized be freed from legal ambiguity by a simple declaratory clause.

"That we do not desire a larger capital than the present \$2,000,000, chiefly for two reasons:

"(1) Because the present capital is manifestly out of all proportion to the magnitude of the Company's operations. It is absurd that a company, whose assets are already \$500,000,000, should be restricted by a capital of \$2,000,000.

"(2) Because we wish to ensure that this great Company shall never fall into undesirable hands. We cannot alter the status of our existing shares, but we can impose restrictions on the transfer of the new shares which will be an effective safeguard.

"It has been said that such an increase would divert from the policyholders' profits property belonging to them. This is the exact opposite of the truth. The Act allows stockholders to receive ten per cent. of the profits distributed from the participating branch. Our stockholders, who are already receiving their share to five per cent. All our contracts for thirty years past have been made on the agreement that the policyholders should receive ten per cent. of the profits distributed from the participating branch. Our stockholders, who are already receiving their share to five per cent. All our contracts for thirty years past have been made on the agreement that the policyholders should receive ten per cent. of the profits distributed from the participating branch.

"We do not speculate. We buy to keep. We never sell the stock merely because it has risen to a high figure. Stock exchange quotations influence our decisions as to whether we should buy a security, but not as to whether we should sell. If quotations are high, we can ignore them, and, in fact, do ignore them.

POLICYHOLDERS TO BENEFIT BY BILL.

"The amount of profit accruing to shareholders cannot be increased or in any way affected by higher capitalization. It is impossible that an increase in capital could injure the policyholders; on the other hand, every additional amount paid in by the shareholders gives additional security, and no additional capital will be issued except in return for actual cash.

"The percentage of profit allowed to the stockholders is their share or commission for guaranteeing and managing the Company. These boys are taken from a big city

into the jungle and find themselves in dangerous situations, containing liars, cannibal chiefs and hula girls. The cannibals are the biggest and most ferocious men Sammy and Ted had ever imagined, and they wear the most elaborate head-dress and carry enormous spears. But the girls are more intriguing, two in particular, for whom the boys brave every danger against the cannibalistic odds.

Through strategy 'a' in a blackbottom they completely capture the entire island. The savages dance this dance until they are caught by the rhythm of it and thus prove they are advocates of modern jazz as well as the tomtom.

Cast in the featured romantic roles with Cohen and McNamara are Sally Phipps and Nick Stuart.

Philathea Class Holds Annual Meeting

The Philathea Bible Class of the United Baptist Church, Bear River, held its annual meeting Thursday evening at the home of Mrs. H.R. Kinney. The officers appointed for the year were—

Teacher—Mrs. E.J. Barriss
President—Mrs. Carl B. Miller
Vice Pres.—Mrs. Roy Snell
Sec. Treas.—Mrs. C. D. Rice.

The reports read from various officers and committees showed a most successful year of work accomplished and a good balance of cash in the Treasury.

The members enjoyed a well balanced program of refreshments for the mind, the musical taste and the inner man. The program was arranged by Mrs. J.D. Harrow assisted by Mrs. John Rop.

There was an attendance of thirty five.

Mrs. Carl B. Miller, President, presided.

The program was as follows—

Chorus—Sweet Sunny Smiles
Reading—The Mother Watch (Edgar Guest) Miss Rafuse
Vocal Solo—Your Song from Paradise Mrs. E.J. Barriss
Reading—The Old Wooden Tub (Edgar Guest) Miss Hatfield
Reading—The Last Hymn, Mrs. I. H. Steadman
Piano Solo—Mrs. Carol Clarke
Reading—Aunt Mary's Bread and Butter, Mrs. John Berry
Reading—Then and Now, Mrs. J. D. Harrow
Chorus—We'll Keep it Rolling Round the World.

Each number was heartily applauded. Meeting closed with singing, "Blest be The Tie That Binds."

James Ameriault, of New Edinburgh, was a recent visitor in town.

Street Lighting Committee Calls Public Meeting

The committee appointed to consider measures to provide street lighting for the town of Bear River, has held a number of sessions through this week, and on Friday evening will present their report to a public meeting of the citizens of the town. The town is not seeking incorporation as a "town" (as was erroneously reported in the papers) but seeks authority from the Legislature to enable them to procure adequate street lighting if a majority vote of the citizens in the area proposed to be lighted, can be secured.

Home Economics Course at Truro, N.S., Attractive

At the last meeting of the Bear River W. I. the question was discussed re. the possibility of financing or partially financing the expenses of some young girl of the town or vicinity, wishing to attend the "Short Course in Home Economics" offered at the Agricultural College, Truro, March 5th to 25th.

Unfortunately, the finances of the Institute would not permit the financing, but all information as to railway fare, board and other attendant expenses will be gladly given by the Institute Cor. Secy. Mrs. J. H. Cunningham.

Tuition is free, and the course covers such practical fields as "Table Setting and Serving," Nutrition, (food values and Chemistry) Dressmaking, Millinery and Home Nursing. Lectures will be given on "Poultry Raising," "Gardening" and "Dairying." A wonderful opportunity to receive instructions at a small cost.

Wm. Freeman, who is engaged in lumbering at DeLong Settlement, Queens Co., accompanied by his son Allister and Laurie Thompson, motored here Saturday to spend the week end with his family here.

Lecture Courses

Bear River has been fortunate enough to secure one of the University Courses now being held in different parts of the Maritime Provinces. About 25 have already signified their intention of taking the Literature Course, which will begin on Thursday afternoon, Feb. 28.

The Lecturer is Mr. R. V. Wilson, who is a member of the University of Toronto Extension Faculty, and has been very successful in his work.

There will be five lectures in the course, covering the full range of Literature—Prose, Poetry and Drama, and the Course throughout will be illustrated by the reading of selected Masterpieces.

The Course is open to anyone in the community who wishes to join.

SCOUT NOTES

At last meeting a number of proficiency badges and service stars were distributed and it looks as though there would be more proficiency badges to be granted in the near future.

EVERYONE knows the story of Gene Tunney. How he fought his way up, until at 30 he has retired, undisputed heavyweight champion of the world. From the very beginning of his career Tunney never once let himself get out of condition.

"I started taking Nujol internally seven years ago. The first month Nujol brought remarkable changes in my physical condition. My elimination became active and normal. Since that time I have taken Nujol about five nights a week. If I discover that I have taken an excess I stop its use for a couple of days, when I resume my daily practice of taking a swallow from the bottle before retiring. I have found during my seven years experience with Nujol that it is not habit-forming, or in any way unpleasant or harmful."

Nujol contains no medicine or drugs. It is simply a pure, natural substance (perfected by the Nujol Laboratories, 26 Broadway, New York). It not only keeps an excess of body poisons from forming (we all have them) but aids in their removal.

DIVIDENDS TO POLICYHOLDERS INCREASED FOR NINTH SUCCESSIVE YEAR

The Company has also inaugurated the practice of paying a special maturity dividend on participating policies, ten or more years in force, terminating by death or maturity.

EXTRACTS FROM DIRECTORS' REPORT

After deducting amounts re-assured, the total assurances in force now amount to \$1,896,915,934.57, an increase of \$408,925,454.48. Policies in force number 633,240, and in addition 136,293 certificates of assurance are held by employees of corporations and firms under the group plan.

While every field of operation contributed its full share to these impressive advances, the rapid development of our business in Great Britain and the reception of our Company in countries served by powerful domestic institutions is particularly gratifying; as testifying to widespread appreciation of our record and services.

The amount paid to policyholders since organization, together with the amount at present held for their security or benefit, exceeds the total amount received from the premiums by \$111,370,229.10.

The strength and resources of the Company have been still further enhanced.

The net rate of interest earned on the mean invested assets, after making provision for investment expenses, has risen to 6.58 per cent. Dividend increases, bonuses and stock privileges, accruing on the Company's holdings, contributed substantially to this gratifying result.

A net profit of \$11,028,854.59 has been realized from the redemption or sale of securities which had risen to high premiums.

The securities listed in the assets have been valued at figures substantially below the value placed on them by the Government. This undervaluation of our securities represents an important safeguard against possible adverse market fluctuations, additional to the reserves specifically provided against that contingency.

We are again able to report that on the bonds and preferred stocks listed in the assets, not one dollar,

due either as interest or as dividend, is in arrear for a single day. While the dividends accruing to common stocks exceed by several million dollars those payable on the same stocks at the same of purchase.

The surplus earned during the year, based on the values given in the accounts, amounted to \$40,264,088.52.

\$10,000,000 has been deducted from the already heavily marked-down value of securities, as additional provision against possible fluctuations, increasing the surplus to \$50,264,088.52.

The special amount set aside as a liability to provide for unforeseen contingencies has been maintained at \$12,366,000.

\$15,822,399.83 has been paid or allotted as profits to policyholders during the year.

\$9,157,966.34 has been added to the undivided surplus, bringing the total to \$54,423,662.48.

The continued prosperity of the Company enables your Directors to announce, for the ninth successive year, a substantial increase in the scale of profits to be distributed to participating policyholders during the ensuing year.

In addition, your Directors have inaugurated the principle of setting a Special Dividend on participating policies maturing after having been in force for ten years or longer.

This new bonus will enable policyholders of beneficiaries whose withdrawal is conditioned by the maturity of policy contracts, to participate in the accumulated surplus which it has not as yet been considered prudent to divide.

The effort to provide life assurance at the lowest net cost obtainable has been increasingly appreciated. Our policyholders will be gratified by this further evidence of our desire that the Company's prosperity shall be fully shared by its members.

SUN LIFE ASSURANCE COMPANY OF CANADA

Mariners Family Home

Situated on a hill, overlooking New York Harbor, on Staten Island is the Home, who has sheltered over three hundred women in the past seventy five years of its existence. On entering the tall and stately brick building of a grey color, to one it looks gloomy from the outside, but on entering a surprise greets you within its walls. You are at home with its old fashioned furniture and carpeted floors.

It takes you back to the old days, especially when from its large and spacious rooms, comes forth the silver haired old ladies, who greet you with a smile and wishing you a hearty good morning, they invite you in to have a chat with them. At present there are thirty inmates in the Home under the care of the workers and Board of Managers. The Home was founded in 1843 for aged wives, mother's, sister's and daughters of seamen. The inmates come from all parts of the world, England, Ireland, Scotland, Austria and America. The Home is supported by a tax on all sea faring men and Benevolences which are gratefully received as the Home is in need of funds constantly during the past year. Three of the inmates passed away, their vacancy soon being filled from the waiting list. The Home has its own burial lot in the Moravian Cemetery, a beautiful spot not far from the Home. Regular services are held in the Chapel every Sunday afternoon and special services at other times. The family has no Chaplin but receives a most helpful cooperation from pastors and societies of churches on Staten Island who have helped in no small way. The oldest lady in the Home is ninety eight years old. Born in England she came to this country while in her teens, married and settled on the Island. In conversation with her she points from her window to the surrounding hills and relates how they were inhabited by wild goats and pigs, in her early days, which now are built up with beautiful houses on the sides of the hills, but with all the changes the good old days are good enough for her. She reads the daily papers and says these times are very wicked and wonderful. In speaking of the Aeroplanes she says she witnessed Dyrus Green when he went up in his flying machine but he soon came down again, now her great pleasure is to meet Lindburg who has made a success of it.

There are two other ladies in the Home in their ninetieth year, both of American descent, born in New York state, they take care of their own rooms and often go down to the village, shopping.

Very interesting are the tales of the old ladies telling their experience in other days for many of these women are steeped in the lore of the sea as their husbands, for not a few once sailed as stewardesses on ships of every nation. One having experienced being ship-wrecked off Yarmouth, Nova Scotia losing all her worldly possessions including the ship. She entered the city of New York through the British Consul and took up her old occupation of nursing to earn her livelihood.

Some of their husbands are still living and having retired from the sea are living at Sailors Snug Harbour on the North Shore of the Island in a Home of their own. They visit the Home frequently and although being separated they live in peace and contentment knowing that each are well cared for in their declining years.

Quebec, Montreal and Ottawa are easily reached from the Maritime Provinces via the lines of the Canadian National Railways. Application to the nearest Canadian National Railways Ticket Agent or to F. W. Robertson, General Passenger Agent, Moncton, N. B. will bring full information as to these sports, fares, etc.

Winter sports are being indulged in to a greater extent each year and many avail themselves of this opportunity to spend a winter holiday.

The cities of Quebec and Montreal are two of the centres where this form of holiday is proving very popular, their facilities in that regard being of the best. Among other forms of sport may be mentioned skiing, snow-shovelling and tobogganing. Skating and driving are also numbered among the sport activities to which the winter season lends a zest. In the evenings there is dancing at the hotels and other forms of amusement, the rondalles being filled with color and gay laughter and happy parties ready for any fun after a day spent in the crisp, keen air of a clear winter's day.

Ottawa, the Capital City, also affords splendid opportunity for winter sports, the famous Chateau Laurier, one of the system hotels of the Canadian National Railways providing an ideal centre therefor.

Quebec, Montreal and Ottawa are easily reached from the Maritime Provinces via the lines of the Canadian National Railways. Application to the nearest Canadian National Railways Ticket Agent or to F. W. Robertson, General Passenger Agent, Moncton, N. B. will bring full information as to these sports, fares, etc.

Truro Will Go After Tourists

Truro has awakened to its opportunities which it possesses for the attraction of tourists and at the annual meeting of its Board of Trade, held recently, it was decided to go after the business strong. Politics, petty civic affairs, even the stock market, will be entirely neglected and the whole strength of a strong organization be devoted to increasing the town's business from the travelling public in the summer months.

Truro has in its golf course, an attraction which it will do well to advertise extensively. The experience of Digby has been that no charm of scenery, no facility for boating or fishing has been so good a drawing card as has the golf course opened as a community enterprise some years ago.

Centrally located on the main lines of railway, and on the main lines of highway, Truro stands to reap an enormous benefit by attracting tourists for other parts of the province to break their journey with a day or two of rest and recreation at the Hub.

Simple Home Recipe For Bad Stomach Gives Swift Relief

If you are a victim of Stomach Troubles—Gas, Sourness, Pain or Bloating—you may have certain relief by following this good advice.

Artificial digestants and starvation diets are seldom needed. Within reason, most folks may eat what they like, if they will keep their stomach free from souring acids that hinder or paralyze the easiest way to do this is to follow a meal with a little Bismarck Magnesia (powder or tablets), which any good druggist can supply at trifling cost. It should quickly convince you that fully 90 per cent of ordinary stomach distress is absolutely unnecessary. Try Bismarck Magnesia today.

A few days' trial of Bismarck Magnesia (powder or tablets), which any good druggist can supply at trifling cost. It should quickly convince you that fully 90 per cent of ordinary stomach distress is absolutely unnecessary. Try Bismarck Magnesia today.

Valentine Bridge Held by V. O. N. Was a Splendid Affair

Twenty three tables of Bridge and Forty five were filled at the Annual Valentine Bridge and Forty five held on the evening of Saint Valentine's Day, Thursday, February 14th, by the Victorian Order of Nurses.

Valentine decorations of heart and cupid were festooned around the walls of the Council Chamber of the Court House and the score cards were white cards with red cupid, all in tasteful keeping with the spirit of the day.

Play began at eight thirty o'clock and continued until eleven, when dainty and delicious refreshments were served by the ladies of the committee in charge.

The prizes were won by Miss Turnbull and Mr. G. E. Torrie for the highest scores for Bridge and by Mr. Shortliffe for the high score in Forty fives. Mrs. G. E. Torrie won the lucky prize.

All who attended had a most enjoyable time and many compliments were paid to the committee, of which Mrs. R. H. Lockward and Mrs. Tupper were the convenors. So well was the affair organized that no person seemed to have a great deal to do, yet it was all done and smoothly.

Nova Scotian is Champion Fish Cleaner

Ray Sabean, who first went fishing out of Digby, his native place, and later, like many other Nova Scotians, fished out of Gloucester and Boston, is now recognized as the champion fish cleaner of that great port, the Boston fish pier, if not the champion of the world.

Sabeen, who is yet but 23 years of age, has been employed on the pier for some time and the other day he cleaned and prepared for shipment seven hundred pounds of fresh codfish in exactly thirty-three minutes, about a third the time that such a task usually occupies.

Sabeen was being taunted by some of his friends and he took up the challenge just to show what he could do and when the job was over he was congratulated by those friends and about all of the heads

of the various firms doing business on the pier.

Only once before, it is said, has this feat been accomplished, in less than an hour. It was at Yarmouth several years ago that 700 pounds of fresh fish were cleaned in forty minutes by an employee of one of the Yarmouth fish firms. It was the Yarmouth occasion that Sabean's friends had in mind. Then and there, Sabean waged he could perform the same feat in thirty minutes. While he did not finish within the time stipulated, Sabean beat the standing record and thereby won half of the bet.

Sabeen was born at Seawall, a fishing hamlet four miles from Digby, and left school when very young to go boat fishing with his father, and later joined the larger vessels out of Digby.

One is now able to obtain a very comprehensive idea of the fine proportions of the Canadian National Hotel (The Nova Scotia) and the new station at Halifax. The steel frame is practically completed for the hotel and a large part of the station and concrete and stone work is now being pushed forward. At the same time work on the demolition of the two or three blocks of buildings, which stand between the present station site and Barrington Street, is rapidly nearing completion and one can now visualize what a magnificent port Canada will have on its Atlantic seaboard. When the end of the rail is linked with the ocean docks by an hotel, the traveller will, alight from his train, pass into a modern hotel, and when he is prepared to leave for any part of the world to which he may be sailing by ship from Halifax, he will pass by a covered way to the landing docks and to his ship.

Harbor Commission for a very large extension to the already notable shipping facilities. Among the world's famous men who have given his opinion of the facilities being developed at Halifax was Col. House, the late President Wilson's "mystery man" who, when he arrived at Halifax a few months ago, declared that the leading facilities, immigration, facilities, and everything that is provided for the reception of passengers enroute to Halifax, were the finest in America.

The death of Mr. Alonzo Morehouse occurred on Saturday morning Feb. 19th. He was 71 years of age. He leaves a widow, five daughters, Mrs. Hugh Denton, Mrs. Rupert Trask, Mrs. August Denton, Mrs. Wm. Frost and Miss Eunice Morehouse, one son, Mr. Geydon Morehouse of Centerville. The funeral was held on Tuesday.

Capt. Shirley Tidd and Ernest Denton of Digby spent the week end at their respective homes here, returning on Monday.

Our pastor, Rev. C. L. Chute, assisted by Rev. I. D. Harvey are holding special meetings at Sandy Cove this week.

The B. V. U. held a Valentine social in the Community Hall on Valentine's Day.

Congratulations to Mr. and Mrs. Wilfred Trask on the birth of a daughter.

Mrs. Robert Denton of Sandy Cove spent the week end with friends here.

The Philanthia Class held their annual meeting at the home of their teacher, Mrs. Burton Frost last week. After the business period a social hour was spent during which refreshments were served.

Mr. and Mrs. Alfred Trask entertained a number of the young folks last week in honor of their daughter, Miss Lenora Trask, who expects to leave next week to enter Normal School at Truro.

Allie Denton left Friday for Boston.

Winter Sports

Winter sports are being indulged in to a greater extent each year and many avail themselves of this opportunity to spend a winter holiday.

The cities of Quebec and Montreal are two of the centres where this form of holiday is proving very popular, their facilities in that regard being of the best. Among other forms of sport may be mentioned skiing, snow-shovelling and tobogganing. Skating and driving are also numbered among the sport activities to which the winter season lends a zest. In the evenings there is dancing at the hotels and other forms of amusement, the rondalles being filled with color and gay laughter and happy parties ready for any fun after a day spent in the crisp, keen air of a clear winter's day.

Ottawa, the Capital City, also affords splendid opportunity for winter sports, the famous Chateau Laurier, one of the system hotels of the Canadian National Railways providing an ideal centre therefor.

Rev. Dr. Greenwood, occupied the pulpit, in the Baptist Church on Sunday morning, Feb. 17th.

Here and There

In 1921 the Canadian Pacific paid out \$2,000,000 from interest revenue in loss and damage claims. In 1927 it paid \$700,000, a decrease of \$1,300,000, although in the same period the gross freight revenue had increased by \$15,000,000. Better freight handling did it.

The stonework and most of the partitioning of the Royal York Hotel have been completed, and there appears every likelihood that the great building will be open to the travelling public by June 1. This hotel is the largest and tallest in the British Empire.

Some idea of the world-wide area over which the Canadian Pacific operates may be gathered from the fact that in making out its monthly balance it is necessary to turn fifty-nine different foreign currencies into dollars in order to get an accurate result in Canadian money.

Wireless is now being used to aid in the protection of forests against fire. The Ontario Provincial government planes are equipped with the latest apparatus with a radius of 400 miles, so that the headquarters may be readily communicated with and immediate steps taken upon the discovery of an outbreak.

"The principle of rapid freezing has such qualifications that there seems to be little room for doubt that it is going to revolutionize the fishing industry," stated W. A. Found, deputy minister of fisheries. "We intend to make these experimental stations at Halifax of the utmost value to the whole industry."

W. J. C. Madden of Calgary, is making arrangements with the Canadian Pacific Express Company for the transportation of whitefish caught in Great Slave Lake from Edmonton to Chicago. It is intended that the distance from the fishing ground to rail head will be covered in winter by five-ton trucks operating upon the thick ice of the Slave and Athabasca Rivers, traversing country that would otherwise be difficult to cross.

A new and strange form of wild-fowl is being imported into Alberta by the Calgary Fish and Game Association, which has arranged to secure 2,000 Mongolian and Chinese ring-necked pheasants. The birds are to be liberated this summer throughout the southern part of the province, where 1800 were placed last season as part of the Game Association's plan for re-stocking Alberta's game bird supply. With all these Oriental birds loose the ancient Yellow Peril seems more imminent.

Clipping as much as an hour and a half off her schedule eastbound, and half an hour westbound, the Trans Canada Limited, crack flyer of the Canadian Pacific Railway running between Montreal, Toronto, and Vancouver, will be further remarkable this summer by reason of a "solarium" car, containing bunks and a special sun-room, that will be included in her luxurious equipment. The Mountaineer, another speedy summer train, running between Vancouver and Chicago will also have "solarium" cars, and run on faster time. The Trans Canada makes its first run on May 10, and The Mountaineer on June 10. The former train makes 140 trips during the summer season covering a distance equal to about fifteen and a half times around the world.

Deep Brook Team Defeats Clementsport

On Saturday, Feb. 16th the Deep Brook hockey team scored a second win over the Clementsport team.

Both teams have improved since their opening game and play at times was fast and interesting. The final score being 5-2. A large crowd gathered to witness the game.

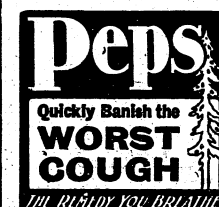

A marked feature of the game was the combinations and fine passing of the Deep Brook team to combat the good rushes of the Clementsport forwards.

Clementsport—Forwards, Carl Ring, Coley Burrell and John Lowe. Defence, James Ring, Roscoe Pothier, Goal—Malcolm Purdy.

Deep Brook—Forwards, Walter Dittmars, Eric Adams and Garret Wright. Defence, Robert Spurr and Douglas Berry. Goal, Wilfred Marsters. Subs—Geo. McKern, and Wellington Dittmars.

Referee—Rev. A. L. Smith, Goal Umpires, Capt. H. Rawling and Geo. Wilson. Time keeper, Robert Spurr Sr.

We are sorry to report that Mrs. E. DuVerne is confined to the house with a severe cold.

TALK OF THE TOWN

Friends will regret to learn that Mrs. Harry Marshall is confined to the house thru illness.

Mrs. Romans of Bear River was a guest at the home of Mr. and Mrs. A. D. Daley during the week.

Frank Wightman was among the rooters who accompanied the Acadia hockey team to Digby on Wednesday.

Mrs. George Wightman returned home on Tuesday from Sydney where she was called owing to the illness of her father.

Mr. and Mrs. F. W. Nichols and Mrs. G. M. Morrell left on Thursday for Halifax, whence they sail Friday night for a month's cruise on the S.S. "Lady Drake".

Mrs. B. E. Reedtz, Mrs. A. Humphrey and Mrs. B. E. Robinson who were home to attend the funeral of their father the late Hugh MacLean, return to Boston today.

Advertising is a great thing. The other day an exposed roll of film was picked up on the street and taken to Mr. Paul Yates, who specializes in the development of amateur films. It is there awaiting an owner for instructions as to developing it if that is what is wanted done.

On Thursday evening a number of the friends of Mr. W. J. Agate gathered at the home of Mr. and Mrs. Harold Ricker for a pleasant surprise party, the occasion being Mr. Agate's birthday. The guest of honor was presented with a travelling case, together with the best wishes of all those present.

The Sewing Circle of the Ladies' Hospital Aid was very pleasantly entertained on Wednesday afternoon at the home of Mrs. Lindsay Kirkpatrick. Mrs. H. F. Williams will be the hostess on Wednesday afternoon of next week, and a cordial welcome will be extended to all those who can attend, either for the customary sewing or the Ten Cent Tea.

In spite of a blinding snow storm there was a fair attendance at the Jigg's Supper held under the auspices of the Ladies' Hospital Aid last evening. The Vestry of the United Baptist Church was offered to the ladies for their use and was nicely fitted up with tables at which all good things were to eat. Jigg's favorite Corned Beef and Cabbage for the hearty ones, while those who, like Maggie, do not approve of such plebeian fare, there was other as nice and tasty as could be. A feature of the affair were the very attractive hand drawn posters, the work of Mrs. H. M. Warrick, which showed Jiggs with his famous "Corned Beef and Cabbage Smile". It was one time he did not balk at putting on his dress clothes. Which may be a tip for wives who find it hard to get their men folk into their tuxedos.

Junior Hockey

Yesterday afternoon the Junior Red Ravens had a hockey match of their own at the Victoria Rink, thru the courtesy of Mr. Walker, their opponents being the Royal Knights. The score was 2-0 in favor of the Royal Knights.

The line up for the Ravens—Goal, Bub Mount. Defence, R. VanTassel, Allan Pyne, Forwards, C. Turnbull, H. Watkins, Ernie Wilson.

Royal Knights—Goal, Sydney Hall. Defence, Charlie Gormain, Billie Walker, Forwards, R. Robinson, Harry Cowan, Reg VanTassel.

IN MEMORIAM

In loving memory of my husband, William Henshaw, who died on Feb. 13th 1928.

Today recalls the memory of a loved one gone to rest. Those who think of him today, are those who loved him best. He will never be forgotten. Though on earth he is no more But in memory will be with us As long as we live.

Inserted by his wife and family.

The Pines Hotel Assessment

AN EDITORIAL

The Courier has endeavored to give a reasonably correct report of the views expressed before the Court of Assessment Appeal on Tuesday in the matter of the appeal of Mr. William Oliver against assessment of the New Pines Hotel. It is greatly to be regretted, in our opinion, that the criticisms were in part directed against the integrity and honor of the Board of Assessors, and the Courier feels that in fairness to the assessors and in fairness to the rest of the ratepayers of Digby, this matter of the Pines assessment should be reviewed from the beginning.

We repeat that had the C.P.R. and the D.A.R. come before the ratepayers of Digby with a request for fixed taxation covering a period of years that the people of Digby would have welcomed them and would have acceded to any reasonable requests, even to the extent of Free Taxation if such a thing were made possible by the laws of this province. Such a request was not made.

The old Pines had outlived its usefulness to the railway and to the Town of Digby and a new building was designed. A building not alone for a year or two, but of construction and design that will make it of service for many years to come. Drawbacks of climate, of temperature and what-not were taken into consideration and one feature is a salt water swimming pool which solves a pressing problem in advertising our ocean resort facilities. We do not know if the courtesies of the pool will be extended to other than Pines Hotel guests, but we do believe that many visitor guests at other hotels will join with their friends at the Pines in enjoying it just the same.

So much for that part of the question.

At the end of September 1928 the old Pines hotel, its personal assets and furniture went out of existence. A new building was in course of construction and nothing remained of the old. New furniture would come with the new building, everything new from attic to cellar. What then, was there to assess? On the 15th day of November there was just this—A building under course of construction. It was worth—well who could say? When completed it might be worth a great deal—but as it was—How much? This was a problem for the assessors. They were pledged

to do their duty as they saw it, and in the opinion of this newspaper they did it in a manner which has certainly not earned for them any innuendo or hint at malpractice.

The Assessment Act, it has been emphasized, stipulates that assessment shall be on the basis of value, what the property would bring at auction after reasonable notice.

What are we offered? they must ask, for four unfinished walls and a jury roof? For this was all there was to assess, and they took many things into consideration—the interest of the town, the value the finished building would be as a drawing card for tourists, the revenue which the town and the people of the town had received from the wages of the employees. And they set a figure of \$38,000. They did mighty well. Remember they were not assessing the Pines as it is now, or as it will be in June, or next year, or any other time than that date, November 15th, or thereabouts, and they could only go by what they saw in front of them.

Is Mr. Maynard Denton likely to underestimate the value of an unfinished building? He was built too many to make a mistake.

Is Mr. Arthur Turnbull likely to yield to anyone is his loyalty to the Town? He has been a ratepayer of this town long enough for not to know that Mr. Turnbull is a faithful

Is Mr. Walker a man who would deliberately violate his solemn pledge? Mr. Walker's English breeding makes his word his bond in the opinion of all reputable citizens.

These three gentlemen are the men on whom devolved the task of estimating a fair value on the work under construction. Because they considered the spirit as well as the letter of their obligation and, taking into consideration the needs of the town and the rights of the property owners, not excluding other hotel owners, they are charged with having performed a "rash and absurd act."

The Pines of today is different from the Pines of last November and considering that the valuation was placed in November of last year, we and a great many other people have trouble in discovering either the "rashness" or the "absurdity."

Town Council Adopts Poll Tax Exemption in Recognition of War Services

A matter which has engaged the attention of the Town Fathers for some years was finally disposed of at Monday's meeting of the Town Council when a resolution was adopted exempting ex-soldiers from the payment of poll tax in future.

The matter had been urged by the soldiers organization from year to year, and a year ago Mayor Lynch promised that another year would see something done. It has been done, and Mayor Lynch and the Council are to be congratulated.

In future ex-service men will be freed from any fear of a call from the Chief of Police.

This is little in return for what sacrifices have been made, and although it is all that Digby as a town can do, it is none the less appreciated. We do not know of any other town in Nova Scotia where similar action has been taken and coming so many years after the war is over is the more a matter for congratulation to all concerned.

Supplies for the Fire Department

Four firms are submitting prices on supplies required by Digby Fire Department according to word given out at Monday night's meeting of the Council. Included in the list of articles requested is a truck for the fire apparatus.

Ravens Will Be Supper Guests of Hon. A. S. MacMillan in Halifax Tonight

According to Manager Webber of the Red Ravens, Digby has found "another real good sport" in the person of Hon. A. S. MacMillan, Member for Digby in the Provincial Parliament.

On Tuesday Mr. Webber received from Mr. MacMillan an invitation for the team to be his guests at supper at the Halifax Hotel after tonight's game at the Forum, when they play the final round in the Nova Scotia Championship series.

The boys accepted "With Cheers" and win or lose tonight will mean a happy time as guests of the Member for Digby.

The team will be the regular line up—Eldridge, Raymond Meagher and Maise; Forwards Walker, Bab Kirk, Hyson and Holdsworth. Manager Webber will go to look after the team and coach Grimley will have charge of ice tactics.

Town Council Has a Busy Week

Organization of Digby Town Council was effected at the regular monthly meeting held in the Town Hall on Monday night. First business was the swearing in of Councillor Elect Eldridge, who had not been present at the previous meeting, and then the Council got down to business.

Organization of civic services was completed with officers as follows:

Superintendent of Streets and Water—W. W. Hayden at a salary of \$90.00 per month

Auditors—Messrs Belyea & McNeice

Chief of Police—A. G. Cowan \$80.00 per month

Legal Vendor—W. E. Van Blarcom \$50.00 per month

Medical Health Officer—Dr. W. R. Dickie, \$100 per year.

Revisors of Voters Lists—A. R. Turnbull, A. McPherson, J. F. Milbury

School Board met on Tuesday night.

The Assessment Appeal Court met Tuesday morning. It met again on Wednesday and has still to meet to make a decision on matters submitted to it at Tuesday's session.

Who wouldn't be a Councillor and do all that work for the sake of the town?

Ravens Play Great Game and Lose to Hard Fighting Wolverines in Play-Offs

Handing it to Bill Eldridge as a great goal minder, still write Foley of the Halifax Chronicle gave Digby Ravens a well deserved share of credit for their showing against the Halifax Wolverines in the play off series at Digby on Wednesday night. Foley says that the real star of the game was not Bill, and Hyson and Meagher were next in effectiveness. Good ice for the first period, made for good hockey that gave the fans all of their money's worth, and for the rest, bouncing rubber and slush prevented anything like team play.

It was a great game nevertheless and the Wolves had to stretch their toes to win. Ravens were poking away every minute, playing the puck and forcing the play and only the wonderful work of Kuhn in the Wolves net stopped a Ravens victory.

The first score came from the Wolves. Doggie Kuhn got a pass from Brophy and slammed the pill past Eldridge for the count. Then Brophy took a pass from Kuhn and but for a ruling from the goal judge, would have tied the score.

Fourteen minutes of play sagging back and forth, both goalies keeping busy, until Raymond hounded one from the blue line that Skeet didn't handle. That made it 1-1.

In the second period Ferguson played with Lady Luck and slipped one goal wards. It was rolling wide, and Bill went out to make sure of it, when it was a twist and rolled into the drapery.

The ice was getting heavy, and heavy still in the third frame. No score for 19 minutes. A two

one victory for the Wolves looked like all that could be done; when Beazley slashed at the puck and it bounced in for the third Wolves counter.

Meagher was off the ice for seven minutes in the third session. He was struck over the head with a stick and retired for repairs. He came back after first aid had been administered and played great hockey.

Kuhn had 38 stops and one score and Eldridge 40 stops and three scores. Tell us that wasn't great hockey and we'll call you some thing. It was the greatest game ever seen in Digby. Barring none. We have had the Bearcats down, we have seen the Wildcats perform, but last year's Ravens were nothing alongside of Hec Grimley's gang and the Wolverines knew they were in a real hockey match.

Tonight, with good ice, a bigger rink, and all that Halifax may say of being on their home field, the chances are that the Ravens will pull up a victory. They play their best from behind, and like they did to Kuhn, they are out to show the Wolverines where the word hockey originated.

We'll all be cheering for them: The line-up:

Wolverines—Goal, Kuhn; defence, Malloy, Lane; forwards, Kuhn, Brophy, L. Beazley; subs, Ferguson, Martin.

Digby—Goal, Bill Eldridge; defence, E. Meagher, D. Raymond; forwards, B. Walker, C. Hyson, E. Babbirk, subs, F. Maise, R. Holdsworth, L. Hayden.

Referee, F. Glidden Campbell of Weymouth was a visitor in town Wednesday.

The Work of the Maritime Trade Commissioner

The Courier is in receipt of a letter from Mr. R. W. E. Barnaby, newly appointed Trade Commissioner for the Maritimes, located in Toronto, setting forth Mr. Barnaby's views as to the scope and duties of the new office in central Canada.

Mr. Barnaby is particularly desirous of ascertaining the products of Nova Scotia which now find a market in Ontario and what products manufactured in the Maritimes are suitable to the consumer demand of that section of the Dominion.

Mr. Barnaby sees in the opening of the Maritime Trade Bureau in Ontario an opportunity for the development of a tourist industry from central Canada, and it is that portion of his duties which is stressed in his letter to this newspaper.

In view of the general interest which Nova Scotians must have in all that Mr. Barnaby writes of we are taking the liberty of publishing his letter, and feel sure that any

correspondence directed to the Maritime Trade Bureau at Toronto will receive Mr. Barnaby's immediate and effective attention.

"This office has been established for the purpose of developing greater markets for Maritime products and Tourist traffic to the Maritimes. Its establishment is the result of conferences and recommendations of representative men from each of the Maritime Provinces and has the support and co-operation of the three Governments and the Maritime Provinces Association of Toronto. The work here is to be carried on under the supervision of a Board of Control, composed of two business men from each Province and six nominees of our Toronto Association.

I am anxious to get in touch with outstanding Maritime men who could advise me on market and tourist problems in various parts of the Maritimes. I am writing you, therefore, to ask if you will be good enough to advise me with information on the items listed below. I can assure you that any information you desire to keep in confidence will be so regarded by me.

1. Re Maritime products now sold in Ontario. Would you please give me names of firms in your district now marketing in Ontario, the types of commodities they sell; information as to whether they are selling direct or through salesmen, jobbers, brokers or wholesalers, and your opinion as to whether this business has been satisfactory to both buyer and seller. The purpose of this enquiry is in part to discover the present interprovincial marketing relations and in part to find out where we can be of service to firms now selling in Ontario.

2. Maritime products not now sold in Ontario. Would you please enumerate for me commodities produced in your district, together with the name of manufacturer or selling agency for which you think an Ontario Market might be found; the quality and quantity of present and possible supply; the efforts that have been made to market these goods in this province; the names and addresses of persons and firms from whom whom further information can be secured.

3. Possibly new industry in the Maritimes. Keeping in mind the raw material produced in your province, the power and transportation facilities available and the local market demands in the Maritimes, would you indicate any types of industrial development that you think should be attempted in any one of the three provinces.

4. Information about Ontario markets. Is there any information on Ontario markets or sales methods that this office might obtain for your use or for the producers or your community?

The program of this office will be formulated in very large part by the needs and wishes of Maritime men. Although I am fairly well acquainted with all the Maritimes, I am taking as my initial task, collection of information and data from men who are intimately in touch with Maritime life, and I shall be very glad to receive any suggestion or information, other than those outlined above, that would assist me in forming the policies and program of this office. I would like you to feel that this is your office and that its staff is here to serve you.

The possibilities of this Commission are enormous and we are not underestimating the difficulties that

have to be overcome. With the co-operation of men like yourself and others behind this movement, I am confident that great things will be accomplished for Maritime Canada.

Thanking you in advance for your help in this important work, and assuring you of my best services, I am

Yours sincerely,
R. W. E. BARNABY,
Commissioner.

Nova Scotian Will Give Recital in Grace Church Hall

Lovers of Historic Art will welcome the coming visit of Elsie Hall McLuhan, reader and impersonator.

The Western Annual Tour of this Daughter of the Maritimes has become a triumphal march.

The dramatic critics of all the important Western papers vie with each other in singing her praises.

In a letter to a friend in Halifax, Mrs. McLuhan writes—"It was not until the success which has attended my efforts before Western audiences had reached a state of permanency, that I could muster the courage to face the critical audiences of my homeland. I feel however if I give my best, the great people down by the sea will not deal too harshly with me."

Mrs. McLuhan need have no cause for alarm regarding her Eastern Tour. She is just one more of our Sons and Daughters who has done her bit to add to the undying fame of the Maritimes. As such she will be warmly welcomed upon her first Professional Tour among the people of her birth.

Elsie Hall McLuhan formerly Miss Elsie Hall was born in Kingston, Kings Co., N.S. She was a pupil of Alice Leane Mitchell, and a cousin of Mr. W. L. Hall, Attorney-General of Nova Scotia.

The C.P.R. and the Weymouth Development Association

Dear Sir:

When any special scheme of development is under consideration it is important that all circumstances concerning it should be correctly known.

The C.P.R. are considering a colonization scheme, which purports to give all necessary information to Danish settlers or others who are skilled farmers, as to the possibility of acquiring suitable farms in Nova Scotia. Through Mr. P.L. Sanford, Asst. Supt. of Colonization C.P.R. (Kentville) the W.D.A. has come into touch with this movement is endeavoring to put the claims of Digby County before the C.P.R. as a part of Nova Scotia, with possibilities of development. In conversation of Mr. Sanford the president of the W.D.A. learned that the way to proceed would be for the W.D.A. to provide the C.P.R. with a list of farms available for purchase in the district of Weymouth, especially farms within reach of the Weymouth Creamery truck. So this letter is to invite owners of farms to send in a description of their farms, amount of pastureable land, size of farm, location, etc. to the President W. D. A. Weymouth North Post Office, Digby County, N.S., as soon as possible, when this information has been received it will be forwarded to Mr. Sanford at Kentville.

There are certain facts to be remembered. The intending settlers are not rich men, they are not being financially assisted either by the government or by the C.P.R. They are essentially workers who can pay from \$1000 to \$1500 for farms, for the opportunity of continuing their work in a new country, with perhaps a prospect of greater development than would be possible in a country with a limited area, such as Denmark or any of the older countries of Europe. Farmers sending in a description of their farms are requested to state whether they desire to sell for cash down in full or whether a certain amount of cash would be required and the balance in installments. There would be no harm in owners of more valuable farms sending in a description of their farms also, on the chance that some of the more wealthy newcomers might like to buy.

After Mr. Sanford has received the list of farms from the W.D.A. this list will be forwarded to the Danish authorities, who it is presumed will send an agent to look over the properties and report to his own people.

As will be seen everything is at present in the initial stage, it is an attempt to provide Nova Scotia with such settlers as intend to stay on the land and work, in the hope that by industry and thrift they will be able to make a good living without expecting to become rich in a short time. A large country, more scope in, a new country. Combined with a fair return for their labors is what they desire.

Yours truly,
MORRIS TAYLOR,
President W. D. A.

Drink Hot Water To End Indigestion

INSTANT RELIEF

Thousands of unfortunate people suffer almost daily from stomach acidity, gas, sourness and indigestion after eating. If they would start the agreeable practice of taking a glass of hot water containing a teaspoonful or four tablets of pure Bismuth Magnesia, they would soon find their stomachs so strengthened and improved that they could eat the richest and most satisfying meals without the least symptom of indigestion.

Nearly all digestive troubles are caused by an excess of acid and an insufficient blood supply in the stomach. Food ferments and sours before digestion can take place. A glass of hot water draws the blood to the stomach and Bismuth Magnesia neutralizes the stomach acids and keeps the stomach strong, sweet and healthy and promotes normal painless digestion. Bismuth Magnesia is not a laxative, is harmless, easy and pleasant to take, and can be obtained from any well stocked druggist in either powder or tablet form. Try this today and enjoy your meals in peace.

An Errand of Mercy Over A Rough Road

On Feb. 18th 1929 the first automobile that traveled on the O'Neil's road, so called, from St. Mary's Bay back to the North Range road to Mr. Wm. W. Height's, got there O.K. and returned in first class condition.

The trip was made on account of sickness at Mr. Height's, Mrs. Height being very ill, and her daughter, Mrs. Edward J. Amerault, wishing to see her mother, and just getting out around again from Bronchi Pneumonia, was unable to walk down the railroad track to see her, was one of the party, accompanied by her husband, Edward J. Amerault, and foster son, Eugene Amerault (nee Earl F. Cooper) his brother, James Height, also Mr. and Mrs. Donald Theriault of North Range, owner of the car, that made the most wonderful trip that could ever be made with an auto, as the road is hardly fit for an ox team to travel on. Although it has been travelled over ninety years, there are large stones and hummocks in the road all the way; but it was the only way they could get there.

But in summer it would be impossible to make the trip with an auto or horse and carriage.

This is not the only disadvantage we have of travelling to and from our homes at O'Neil's Crossing, as there is a mole station at the outer end of the road and as family next to St. Mary's Bay Road have gone so far as to forbid people to travel the road.

We are tax payers and have always paid road tax, as well as the others, and yet no road to travel on. I can't understand what we are paying road taxes on. Its about time the government work up to the fact that we must have a road and have it right away. There are six families at O'Neil's Crossing, five of them property owners trying for years to get the road worked thru, and it could be done for very little cost to the government, even if its not in first class condition the first year or two, just so we can travel it without being hampered at, and have it possible for the good old Ford and it doesn't have to be a paved road either for the Ford to get over it.

Goodspring, and plenty of stones in road made the trip very pleasant. Anyway we enjoyed the trip immensely.

Thanks to the good Old Ford and its owner and thanks very kindly for the space in your paper.

Respectfully yours
MRS. E. J. AMERIAULT

Prominent women of Halifax, enrolling themselves as members of the Halifax branch of the Canadian Red Cross, are doing a national work at the Ocean Terminals in Halifax, where they have extensive facilities for caring for immigrant women and children.

When these buildings were erected by the Canadian National Railways, they having since been turned over to the Halifax Harbor Commission, a suite of rooms was set aside in the large passenger ticketing building, and furnished for the particular work that these Red Cross women desired to do. The suite contains a dormitory and nursery combined, where women and children may rest, a large lounge room, where children have a nursery, where their mothers and fathers may read and write, and also have light lunches. They also have lavatories and toilet rooms where children may be bathed and cared for, and they are also equipped for rendering first aid and giving light hospital may see these sisters of the Red Cross working day and night.

The above is a group of these ladies taken on the occasion of a recent musical on that was given under their auspices in the Canadian National building in order to raise funds for the continuance of their work.

March Rod and Gun

Featured in the March issue of Rod and Gun and Canadian Silver Fox News are several splendid stories and articles dealing with all kinds of outdoor life in Canada. Among these are: "The Nelson River Trail" gives a wonderfully descriptive picture of the trials of a party of amateur trail breakers on a trip by dog team in the far North. The regular participants on guns and ammunition, trapping, angling, dogs and the silver fox industry are full of authoritative material. J. W. Wilson, popular writer on natural history, this month commences a new series of articles on the smaller mammals. Rod and Gun and Canadian Silver Fox News is published monthly by W. J. Bodily Poverty

Build Up Your Power of Resistance with Father John's Medicine

This is the time of the year when the body is in the poorest physical condition. After being subjected to the rigors of winter, the blood is often poor and the weight below normal. When this condition exists, the system is fertile soil for disease germs.

The natural and easy way to avoid such danger is to build up your weakened system and increase your powers of resistance by taking Father John's Medicine. This pure food medicine is both body-builder and tonic. Its basis is the finest and liver oil, blended with other valuable ingredients by specially designed apparatus. It builds up the body cells, enriches the tissues, and thus gives to the whole system the fighting power to resist disease. For more than seventy years, Father John's Medicine has been the standard family food- and tonic in thousands of homes and is safe for young and old. It is absolutely free of alcohol and dangerous drugs. Try it!

PREVENTS RICKETS Scott's Emulsion

"Through with the Ring" but still 100% fit

GENE TUNNEY may have put off the gloves for good. But he's too wise a man to give up the priceless habits of physical training that stood him in such good stead in his profession.

Just before his last fight, Tunney said: "I started taking Nujol internally seven years ago. The first month Nujol brought remarkable changes in my physical condition. My elimination became active and normal. My appetite increased and a desire for intensive training was created. Since that time I have taken Nujol about five nights a week. I have regulated myself to the amount necessary to keep my elimination normal. I have found during my seven years' experience with Nujol that it is not habit-forming, or in any way unpleasant or harmful."

Nujol is not a medicine. It contains absolutely no medicine or drugs. It is simply a pure substance—perfected by the Nujol Laboratories, 26 Broadway, New York. It not only prevents an excess of body poisons from forming (wealthy men but also in their removal. In sealed packages only. Buy a bottle of Nujol today.

Celebrates Nintieth Birthday

Joshua Stark, of Granville Ferry, celebrated his nintieth birthday on Monday. Time has dealt very kindly with Mr. Stark; the infirmities of age have passed him by and he is able to, and does live a very active life. Besides spending many hours each day in his office repairing and regulating clocks and watches, he frequently spends an evening in his workshop engaged in making a clock case. Mr Stark is making this particular case of cherry wood but he has decided that he will choose for the next case he makes a wood somewhat easier to work upon. He has two other clocks in his home, the cases of which he has made himself.

One of Mr. Stark's outstanding characteristics is his interest in the cause of Temperance. He was largely instrumental in the re organization of "Granville" Division in Nov. 1927.

He and his daughters, the Misses Annie and Alberta Stark were guests for dinner, on Monday, at the home of Austin Gilliatt, and his daughter, Miss Alice Gilliatt. In the afternoon Rev. W.J. Dean, pastor of the United Church, and three officers of the church, James Rhodes, A.L. Troop and S. Pickup called on Mr. Stark and extended congratulations on behalf of the Church.

FOUR FESTIVAL FOR GREAT WEST

Is the folk song, dance and handicraft festival developing into a permanent feature of life in the Prairie Provinces of Western Canada? It would seem so. The remarkable success of last year's festival at the Royal Alexandra Hotel, Winnipeg, raised the hope that it would become an annual event, and the announcement of this year's festival to take place at Regina, March 20th to 23rd, has been generally welcomed as an indication of the establishing of the Festival in the artistic life of the prairies. Those who witnessed the last year's festival will never forget it. National costumes formed a riot of color, and national dances in movement, while the music, both vocal and instrumental, was of such a standard as to set a high mark for future festivals. The programme already arranged for the Regina Festival will be thoroughly representative of the various races that make up the Canadian West. Eighteen racial groups will contribute their national songs and dances, and there will be French-Canadians, many colored national costumes will form a series of brilliant pictures.

All four countries of the British Isles will participate and European races that comprise these new Canadians will include Hungarians, Czechs, Ukrainians, Serbians, Poles, Danes, Norwegians, Dutch, and Germans, while the older Canadian races will be French-Canadians, and the Department of Indian Affairs is arranging an exhibit of the handicrafts of the Indians of the west.

OBITUARY

ALBERT YARRIGLE

The death of Albert Yarrigle on Sunday after a long period of ill health, removed from Bear River a highly respected and well known citizen.

The late Mr. Yarrigle, the son of John and Sarah (Rice) Yarrigle, was born and lived his seventy eight years of life in Bear River and vicinity, residing on his farm about a mile from the town at the time of his death.

He leaves the following immediate relatives, his wife, formerly Miss Mary Jane Alcorn, daughter of the late Thomas Alcorn, one daughter, Mrs. Bernard Smith, at home with her parents, and three sons, William, Bear River; Charles, California, and Roscoe, New Hampshire.

The funeral services were conducted at the family residence on Tuesday afternoon by Rev. F. Sawdon, pastor of the Bear River United Church, assisted by Rev. George Durkee, pastor of Clementsville Baptist Church. The choir of the Bear River United Church rendered appropriate music at the services, and interment was in Mt. Hope Cemetery.

The young people of the community were out in full force, with a goodly number of older people. A good supper was served by the young men, assisted by the C.G.I.T. group. \$37.00 was realized for hockey equipment.

Died At Mink Cove

The death of Adelaide Theriault occurred at her home here on Sunday, February 17th.

Death was due to an attack of pneumonia.

Miss Theriault was 49 years of age and was the daughter of the late John Theriault. She is survived by her mother, two sisters, Mrs. Louise Gaudet of White's Cove and Mrs. William Raymond of Mink Cove and three brothers, William, Walter and Randolph, all of Mink Cove.

The Advantage of "Purity"

Since Purity is a strong, rich flour with great expanding qualities, use 1 tablespoon less per cup if your cake recipe calls for ordinary pastry or soft wheat flour. If milk is called for, use half milk and half water (lukewarm) when using Purity Flour as milk alone tends to make the cake dry.

Use 2 1/2 cups Purity Flour, 3/4 teaspoon salt, 1/2 cup shortening, 1/2 cup cold water. Mix thoroughly, cut in the shortening, add the water. Roll out thin, keeping it dry. Bake in a hot oven. For corn meal pastry use half butter and half lard.

OBITUARY

R. K. NEWCOMBE

The funeral of the late Robert Kinney Newcombe was held at Riverside Baptist Church on Friday Feb. 22. Rev. M.B. Whitman conducted the service assisted by Rev. M. Taylor, who at the request of the deceased, gave the address:

L.H. Potter rendered a beautiful solo "City Four Square."

The bearers were N. L. Ruggles, Darrell Thubber, Arnold Lent and H. M. Mullen. Interment was made in Riverside Cemetery.

Many beautiful floral tributes were received.

In the passing of Mr. Newcombe at the age of 72 years, Digby loses one of its most widely known and highly respected citizen.

In his younger years he conducted a trucking business in Yarmouth; was also a stage coach driver in pre railroad days. Latterly for many years he had conducted a taxi service and was a familiar figure at the D.A.R. Depot where he met the daily trains.

He also served many years as secretary of school trustees for Weymouth North.

Mr. Newcombe was of singularly bright and cheery disposition, and will be greatly missed in this community.

Besides his wife, who was formerly Miss Christina Hankinson of Weymouth, he is survived by two daughters, Mrs. B. W. Lyons, of Montreal, and Josephine, primary teacher at Weymouth North school; two sons Roy, of Delaware, and Daniel, of Quincy, Mass. The latter and Mrs. Lyons arrived home before their father's death.

Mother and Daughter Banquet of C.G.I.T.

The C.G.I.T. Group of Grace United Church held a Mother and Daughter Banquet on Feb. 22nd in the Church

GROWING GIRLS
NEED
Scott's Emulsion

Had with about forty five present. This was the first banquet held since the group was organized about a year and a half ago and reflected great credit on the girls and their leaders.

The tables were very prettily decorated with streamers of C.G.I.T. colors, white and blue, and the button-hole favors were of the same. Very dainty bon-bon holders of white and green with white sweet peas attached with blue ribbon were at each place.

Following was the programme—C.G.I.T. Grace, Tonia, "The King" proposed by the toast-mistress, Frances Appleby. "The Church" proposed by Bernice Abramson, responded to by Rev. E. W. Forbes, "Our Mothers" proposed by Patricia McPhee, responded to by Mrs. John Abramson. Solo "An Old Fashioned Mother" Frances Appleby, Exercise "The Three Links" (Love, Service, Gratitude) Virginia Budrow and Margaret Hawksworth; Piano Solo, Frances MacNutt; Address, Miss Allen, C.G.I.T. Organizer; Reading, Frances Appleby; Candle-lighting ceremony, showing the spirit of Love, Comradeship, Confidence, Trust, Patience and sympathy, by Patricia McPhee, Edna Cummings, Lillian Watkins, Gertrude Abramson, Mildred Oliver and Alda Turnbull, Games and a Sing-song concluded the programme. Miss Allen gave a very fine address, telling the story of "The Cedar Box" Jesus present to his mother, prompted by gratitude and love.

Mrs. E. H. Muise, one of the leaders who left last week for her home in Toronto, was presented, before her departure, with a parting gift of a bible. She will be much missed by the group for whom she has done some fine work. But the girls are fortunate in securing as her successor, Mrs. Robert Fillmore, who will be associated with Miss Margaret Hand-spiker in this work for the future.

OBITUARY

KATHLEEN LEWIS

With sadness we report the death of little Kathleen Lewis age 10 years, oldest daughter of Mr. and Mrs. Harry Lewis, Danvers, N. S., which took place on Wednesday, morning January 23. She is survived by her parents, three sisters and five brothers. Sympathy is extended to those who mourn.

God needed one more angel

To make a shining band,
And so He stooped with tender touch
And clasped Kathleen's hand.
Fold her, oh Father in thine arms,
And let her henceforth be
A message of love between
Our human hearts and Thine.
Why has the sun lost its brightness,
O tell me, ray bearer, today?
Why does my heart seem to hurt so,
When I see other little girls play?
Only a wee face is absent
Oh how we miss her, the little empty bed.
Her place at the table is vacant,
The form of little Kathleen's sleep.

PETITE

O' what's in a name of a place or a man
If it lives in the heart like the Creed of a
Clan?
Why not make it famous? Why not
make it fine?
When such memories it brings to this
fond heart of mine.
Petite, is the name I would write with
my blood,
I see you in dreams with your tide at its
flood;
The boats at their moorings, back home
with their spoil,
From their day in the Bay they rest
from their toil.
O' the fair summer mornings of child-
hood's brief span,
When I played along your shore with the
rest of the clan,
From some big rock or boulder we'd
create a home,
Or just take any boat if abroad we would
roam.
Then we'd hear the stern warning from
some man on the shore
"Look out for the Bull and look out for
the Boar!"
Should we float past Mack's Point or out
by Boar's Head?
We'd meet the wild waters that all boat-
men dread.
How bright then the morning, how spark-
ling the tide,
With her sunburst of diamonds befitting
a bride;
We laughed at the warning in proud
childish scorn;
What knew we of fear, wasn't Life at its
Morn?
O' swift running tide, on your bosom one
day

From that gay childish freedom you bore
me away;
Away to a land I had long sought to
reach,
So eager to learn what life had to teach.
Yet, yet I am hearing that voice from the
shore,
"Look out for the Bull and look out for
the Boar!"
And ever I'm trying my frail bark to
steer
Away from Life's whirlpools into waters
more clear.
O' Passage Petite, with your rise and
your fall,
I hear your bold surges, I hear your love
call;
And my last prayer shall be, ere they
shovel the clod,
May my Soul Pass Petite on the way to
its God.

READ THE ADVTS

Thirty days from Halifax to British Guiana and back to Saint John on the beautiful new liners of the Canadian National Steamships, provides one of the most varied tours that anyone can take within so short a time. For thirty days the ship is the passenger's floating hotel. It is his constant home while on the trip. What used formerly to be four days between Halifax and Bermuda has been cut down to less than two and a half, and between Bermuda and St. Kitts there is a miniature new world, and the experience is repeated with the delightful opportunity of renewing acquaintances made on the way South, when the ship is on her Northbound route.

The scenes above are those of the interior of one of the Canadian National Steamships and the activities on the deck.

- No. 1. Shows the interior of a lounge.
- No. 2. The dining saloon.
- No. 3. Playing deck quoits.
- No. 4. "Horse-racing" on deck.

And the central feature is one of the ships herself.

Appeal Court Hears Case Against Pines Assessment

The appeal of William Oliver against the assessment of the Pines Hotel at the sum of \$38,000 was the chief item of interest dealt with at the meeting of the Town Assessment Appeal Court, which met in Council Chambers of the Town Hall on Tuesday morning. Councillor Wightman presided as chairman and the members were Councillors Dillon and Eldridge.

Mr. Oliver entered a formal appeal in writing, which was supported by a lengthy address. His address was a criticism of the assessors with violation of their oath of performance of their duty and negligence and indifference to the town's interests. In his opinion the assessment set was a "rash and absurd act." The assessment should be at least \$225,000 on the real property and the personal property should be assessed according to its actual value.

Mr. Oliver cited the Assessment Act as follows:

"All property shall be assessed at its cash value—what it will bring at auction after reasonable notice."

Mr. Frank Jones, K.C., had permission to address the court. Mr. Jones felt that the Pines, that is the say the C.P.R. was entitled to a great deal of consideration. He felt that the new hotel would bring a great deal of business and a measure of prosperity to Digby and he was in favor of giving to the railway "advantages and facilities" and would as a taxpayer be prepared to shoulder a portion of the burden of which the railway might be relieved. But he did not agree with the present assessment. He was in a position to know that the hotel alone was worth \$12,000 to \$15,000 and the building, according to common rumor meant an expenditure of a great deal of capital. An assessment of \$100,000 he thought, would be fair.

Mr. W. S. Troop also addressed the Court. He protested against the assessment as being anything but equitable and fair to the other hotels. Much could be said for the Pines as to its value to Digby, but the railway company was not a philanthropic institution, and were doubtless expecting a revenue in keeping with their investment. The C. P. R. had received many concessions, not only in the rest of Canada but in Digby, and should be obliged to carry a fair share of the burden.

Mr. Troop charged favoritism was being shown to the C. P. R.

Mr. O. C. Jones spoke in support of the figure set. It was true that the Pines Hotel, or any hotel in Digby, and any other real estate in Digby, was not assessed according to the strict letter of the Act. It might not be law, but it was only equitable that earning capacity should be considered, and in any case there was a question of whether the Pines did not contribute more indirectly to Digby than was apparent. The advertising program of the railways for Nova Scotia was this year \$38,000 and every line of the advertising practically helped Digby. He referred to the opinion expressed by Mr. W. F. McHugh as to the benefit the other hotels gained by the Pines advertising and said "Mr. Troop got some people from 'Mr. Troop'—Not one you could keep from us."

Mr. Jones submitted figures from other towns showing the treatment accorded similar hotels—particularly the Algonquin Hotel, Saint Andrews, a Summer Hotel representing a capital investment of three and half million dollars, with 240 acres of land, and all assessed for tax purposes at \$60,000, and the contract covering up to the year 1942.

The Admiral Beatty, Saint John, was also given concessions in taxation and other hotels in the chain of C. P. R. operated hotels.

His company had nothing to hide in the matter. He would not attempt to say that the New Pines did not mean the expenditure of a large amount of money, but he did say that the cooperation of the town with the Railway if the New Pines was a benefit to the town, and which he did not doubt would be acknowledged, would mean a willingness on the part of his principals to continue a development of which the hotel was only a beginning. The shortness of the summer season prevents any summer hotel earning money if its overhead was high, and the New Pines was not expected to make a profit for years to come. It could

KING COLE
TEA and COFFEE

not do so, but it ought to be given a chance to make at least a fair showing.

Decision in the matter was reserved and the court proceeded to hear other claims.

Digby delegates to the district convention of the McLaughlin Buick Sales Representatives in the Maritimes, this week at the Lord Nelson Hotel, Halifax, were Mr. Forrest Eisner, proprietor of Digby Motors and Mr. Curtis Denton, of the sales department of the company. Addresses and instruction in "Service to McLaughlin Buick Owners" were big features of the convention, which lasted from Monday until Tuesday night.

Mr. and Mrs. M. C. Denton left on Tuesday on a month's visit to the United States where they will visit friends.

Don, J. W. Comeau, M.P.P. was a visitor in town on Tuesday enroute to Halifax.

Mrs. C. F. Lewis of Saint John, who has been visiting her parents, Mr. and Mrs. G. H. Holdsworth, Carlton street, returned home on Monday.

TALK OF THE TOWN

Mr. and Mrs. William Webber left on Friday last for New York where they will remain a few days.

Kenneth and Harold Syda of Boston who have been visiting their mother, Mrs. John Syda, returned to their home on Friday.

B. H. Ruggles who has been on a business trip to Saint John and Sackville returned home on Sunday morning.

Rev. Fr. Graham of Annapolis held services in St. Patrick's Church on Sunday at 9 a.m. and left afterward for Bear River where he remained over night.

Mrs. D. J. Hewitt spent the week end with her mother in Lawrencetown.

Mrs. Alex. Ross of Colleen spent a few days in town this week visiting relatives.

B. F. Webber who has been visiting home on Tuesday.

Mrs. R. H. Edwards left for Halifax on Monday where she will remain a few days.

Mr. and Mrs. A. T. Spurr of the Myrtle House, were last heard from in Chicago, where they were enjoying part of the winter and promoting Digby as a tourist center. They are expected home early in April.

Snow Plow Only Used Twice

The report of Streets Superintendent Hayden presented at Monday night's meeting of the Town Council reveals that only twice this winter has it been necessary to use the snow plow. Three days ago the plow was in breaking roads, but on the whole the town got off very lightly on its streets' maintenance this winter. Only three men had been engaged on the streets pay roll.

There are drinks and drinks intoxicating and otherwise, but for the person who is feeling weary, tired and wants a quick "pick me up", there is none to compare with the cup of freshly made MORSE'S TEA, the favorite beverage of Nova Scotia people for nearly 60 years.

Mount Street Residents Ask for Water Service

A petition carrying upwards of one hundred names of tax payers was presented on behalf of residents of Mount street at the session of the Town Council on Monday night urging the extension of the service to houses in that section of the town. The petition was favorably received, Mayor Lynch and several Councillors speaking in support of the plea. It was pointed out that revenue which might be obtained at present would not cover charges on the investment, but that as a means of opening up the street for prospective home builders the expenditure might be justified. The petition was referred to the Water Committee for a report as to cost, and it is likely that a meeting of ratepayers will be asked to authorize the work.

Paul Yates Jr. of Boston is visiting his parents.

Trout Fishing Season Does Not Open Until May First

Anglers are reminded that a change has been made in the fishing laws and the season for trout fishing does not open until May first instead of April first as in former years.

W. S. Troop Enters Appeal Against Valuation of Pines

Decision in the matter of the Appeal of W. S. Troop and W. S. Troop against the valuation of the New Pines Hotel, as set by the Assessors was arrived at by the Board of Assessment Appeals and the valuation of assessment purposes set at \$70,000 for real property and \$3,500 for personal property.

Formal appeal against the decision of the Appeal Court has been filed with the Town Clerk by Mr. W. S. Troop, who appeals against the decision of the ground.

"The real property is valued at only one seventh of its actual cost and the personal property at only one third of its value."

The appeal covers two pages of closely typed matter and goes into detail concerning the investment at the Pines with the investment in the Manhattan Hotel, both for real property and personal effect.

Mr. Troop cites his own assessment of \$2,500 on personal property as compared with an assessment of \$3,500 on Pines Hotel fixtures, as an indication of the inequity of the valuation.

According to the workings of the Assessment Act, the appeal will be considered by the next term of the County Court, which meets in Digby in September.

In setting the valuation of the New Pines at \$70,000 the Appeal Board, as was their duty, took into consideration the added value as from the time the assessors placed their figure on it, due to progress in construction. They also took into consideration the probable value of the property to a purchaser. The Board was composed of two practical hotel men, Councillor Carl Eldridge of Low Lodge and Councillor Wightman, proprietor of the Wightman House, with Councillor Dillon as the third member. It was agreed that the capital investment at the New Pines was much greater than could be expected to be got for the property in the event of forced sale and a figure was arrived at to the probable value of the property as a paying concern. From this figure the Board of Appeal arrived at a fair basis of assessment. It was agreed among them that even this figure, \$70,000 was one on which only exceptional business would give an investor a fair return on his money and seemed to them to be equitable.

Night Nurse at Digby Hospital Resigns

Miss Laura Lane of Hantsport, who has been night nurse at Digby Hospital since January last, rendered her resignation from the staff to take effect on March first and on that day left for her home, where she will visit for a short time before returning to Boston to write the State Nurse's examinations. During her short term of duty at the hospital Miss Lane made many friends among staff and patients and her leaving was greatly regretted.

Miss Fillett, of Weymouth, is on duty as night nurse pending the appointment of a permanent member to the staff.

Report Lobstermen Doing Well From Season's Opening

Fishery Officer C. E. Torrie returned yesterday from a visit down Digby Neck, where the opening of the lobster season has made much activity among fishermen.

The open winter, it is claimed, is responsible for a much larger catch of lobsters at the opening of the season and prospects are bright for a good catch. There is practically no shore ice and the water temperature being warmer the lobsters have struck in shore much earlier than in former years. It is estimated that not more than fifty per cent. of traps are in the water to date, and the peak will not be reached until along in April.

Twelve Thousand Dollars, Cash Money for Town Treasury

One of the most welcome pieces of mail which has been received at the Town Hall for some time came on Monday when Mayor Lynch received from Halifax the proceeds of the sale of Town Bonds to cover the extension of the water service from the storage dam to Lily Lake. The cheque, including premium and accrued interest, amounted to \$12,147.52 payable at par at Digby.

The premium of the bonds amounted to \$45.60 and accrued interest was \$101.92 to make up the total.

This was applied to an amount carried as a special overdraft at the bank, negotiated for the purpose of paying for supplies and construction of the extension, which is now disposed of and the cost charged up to capital expenditure.

Captain Longmire's Scallop Boats Again Figure in Painful Accident

An open flame lantern igniting fumes from gasoline being poured into the gas tank of the engine on board one of Captain Bernard Longmire's scallop boats on Tuesday morning caused an explosion which started the frame work all over the vessel and seriously burned Floyd Everett, a member of the crew. The scallop dragger is owned by Captain Bernard Longmire and operated by his nephew, Harry Longmire.

The boat was around at Hayden's wharf in the Racquette, being prepared to put out for the scallop beds. Fumes from the gasoline tank filled the forecastle, and when Everett went down forward with an open flame lantern these fumes ignited, causing an explosion which lifted the deck of the forecastle and loosened up the seams of the boat. Everett received serious burns on his face and arms and was lucky to escape with his life. His wounds were dressed and he was sent to his home in Hillsburne, where he is reported as resting comfortably.

The Symore in With 30,000 Pounds of Cod and Haddock

Captain Morrell's trawler, Symore, Captain Allen Master, arrived on Monday morning and discharged 30,000 pounds of cod and haddock to the Maritime Fish Corporation. There was only a small quantity of cod and the haddock were all of uniform size. The catch was taken on the Western Bank and represented two night's fishing. She sailed on Tuesday morning and is expected back early next week.

All of the haddock was turned into Finnan Haddies, filling the smoke houses.

Digby Ravens Lose to Wolverines at Halifax Forum

Outclassed by a team gathered from all over Canada, Digby Ravens on Friday last sustained a 10-2 trimming before a thousand people in Halifax Forum to witness the final game of the Nova Scotia championship series. The Wolverines were right at home on their own ice and played to make doubly certain that no accident would keep them out of the money making New Brunswick versus Nova Scotia series for the Maritime Championship.

At that Digby showed Halifax hockey as it should be played and Coach Mette of the Wolverines marked Walker on the Ravens' Wing and Eldridge, goal keeper as two of the finest hockey players he had seen in Halifax this winter. Bill was "on" and presented a wonderful exhibition of net minding.

Ravens' scores were got by Walker and Hyon.

Following the game the team and fans to the number of fifty were guests at a supper tendered in honor of the team by Hon. A. S. MacMillan, M. P. for Digby, at the Halifax Hotel. The defeat of the evening had no effect in lessening the spirits of all who attended and speakers at the banquet, of whom there were many, gave a united voice to the Ravens for their exhibition of good hockey and to their host, Mr. MacMillan for his fine example of good sportsmanship. Manager Webber, on behalf of the team, expressed the formal thanks of the team to their host, saying that it was the first time that Digby Ravens had ever been so complimented.

Welcoming the gathering Mr. MacMillan said that he thought the Ravens the finest strictly amateur team he had seen perform this winter. He pointed out the inequality of placing a small town team against one organized for the purpose of winning a championship for the provincial capital, and intimated that another winter would see a change in the way of doing things.

Hon. J. Willie Coleman, colleague of Mr. MacMillan in the Provincial Parliament also welcomed the team to the city and conveyed his unmeasured congratulations to all connected with the Ravens for their games.

The affair was a most enjoyable one and was a fitting climax to a successful winter's sport.

Engineers Prepare for Straightening out Road at Raymond's Bridge on Bear River Road

Engineers of the provincial highways department were in Bear River this week making an examination into the condition of the highway leading from Bear River Bridge to Bear River, with a view of putting into effect the recommendations of the Coronor's jury at the inquest into the death of Harry Sanford on December 29th, last, when the truck he was driving plunged over the bank of Raymond's bridge.

A survey of the road is being made and the work straightening out this dangerous curve approach to the bridge will likely be included in this year's highway's construction programme.

Loyal Workers C. G. I. T. Give Entertainment

In Oakdene Hall on Thursday evening a large audience greeted the Loyal Worker's C.G.I.T. of the United Baptist Church, Miss Raluse, Leader, and thoroughly enjoyed the program provided by its members.

Outstanding features were the English Country Dance, "Gathering Peasblossoms," and the one act play, "Miss Prim's Kindergarten," the latter a jolly parody on an old time country school, with a "stuttering boy" (Miss Evelyn Stewart) and a mischievous urchin, (Miss Mary Oickle) as the star actor.

The audience received a special treat in the fine violin selections generously given by Mr. R.V. Wilson, of the "Acadia University Extension Course," with Miss Harriet Marshall, accompanist.

The proceeds \$31.00 will be used for C.G.I.T. work.

THIS BABY HAD A BAD COUGH

But Father John's Medicine Relieved it After Others Failed

"I am sending a picture of my little girl who has been troubled with a cough for a long time. I had tried lots of cough remedies. Nothing seemed to help her until I made up my mind to give her Father John's Medicine. I began giving her the medicine over two years ago and it was very good for her. She will always take it when she has a cough." (Signed) Mrs. J. Dumais, 14 Crawford St., Fall River, Mass.

No better proof of the value of Father John's Medicine for colds, coughs, and a boy-builder can be given than the experience of thousands of mothers who have proven throughout the history of more than seventy years' success that Father John's Medicine is the safe medicine. Remember it is guaranteed free from alcohol or dangerous drugs in any form.

Local and Personal

Charles D'Armond spent the week end in town the guest of Mr. and Mrs. Decker MacCormick, returning to South Brookfield on Sunday afternoon.

The Junior Red Cross Organizer, Miss Brown, will spend several days in town this week organizing new Junior Branches in the vicinity of Bear River.

Mrs. L. M. Butler, wife of the new manager of the Royal Bank, Bear River Branch, arrived in town on Saturday and is a guest at the Grand Central.

A son of Albert Wamboldt, Clementsport, had the misfortune to cut his foot quite badly while in the woods. He was brought out to his home for medical treatment.

F. Fraser, Trade Commissioner, at Jamaica, spent the past week in Halifax on business connected with his new post and will shortly sail for Jamaica, to take up his duties as commissioner.

Mr. and Mrs. Reginald Goodday, who have resided in Halifax since leaving Bear River, are removing to Saint John, Mr. Goodday, having taken a position in a Brokerage house in that city.

BREAKS UP GAS IN THE STOMACH

Don't suffer from dangerous gas pressing around your heart, from sourness, acidity, bloating or pain of indigestion. Stop "suffering". Whenever you need quick stomach relief, take a little Bismarck Magnesia powder or tablets. It breaks up gas, neutralizes acids and keeps the stomach sweet and strong, and digestion perfect. At good drug stores everywhere. Not a laxative.

Bear River's Hockey Team Hold Supper

The Bear River Hockey Team, Carl Parker, Captain, held a successful "Clam and Bean Supper" on Friday in the Harris' Sample Room, proceeds \$35.00 to be used for club equipment.

The boys received generous response from the town ladies who donated estates, and were only too glad to help promote the financial success of the local team, and encourage its members in the clean sport of hockey.

Deep Brook

Mrs. Carl Nichols and son were recent guests of Mrs. Nichols' parents at Clementsport Heights.

Mr. and Mrs. W.W. Henshaw entertained the Dorcas Society on Thursday evening February 28th.

Mrs. J. B. Berry spent last week the guest of her daughter, Mrs. Aubrey Sanford and Mr. Sanford at Yegbrook.

Mrs. Jennie Masters entertained the C.G.I.T. group on Tuesday evening Feb. 26th. The evening was enjoyed by all.

We are happy to know that Mr. and Mrs. Howard Adams have recently bought the property formerly owned by the late Walter Payson and will take charge early in April.

Mrs. Margaret Hinman Died in Wilmington

Word has been received by relatives here of the death of Mrs. Margaret Hinman, wife of Charles Hinman, at the age of 83 years on Feb. 27, 1929.

Mrs. Hinman was the daughter of the late Israel Rice. About forty five years ago the family of Charles Hinman moved to the United States where they have since resided.

She is survived by one sister, Mrs. Ida L. Thomas, of Medford, Mass., four sons and two daughters.

GOOD ADVICE FROM MOTHER OF SEVEN

Recommends Lydia E. Pinkham's Vegetable Compound

Toronto, Ont.—"I began taking Vegetable Compound for nerves and other troubles and must say I felt different after the first dose. I have been told this has been the best medicine I have had since I was twenty-five, although I am now forty-seven and have had seven children. I have taken the Vegetable Compound regularly for some time and sleep well, am early and feel good."—Mrs. J. B. Lewis, Toronto, Ontario.

WITH all her developments in art and architecture, it was but natural that Greece should show some evidence of inventive genius. Her contribution to the progress of flour-making was two circular stones—the top one laboriously turned by hand... by slaves... passing the handle from one to the other to complete the turn... and feeding grain into a hole in the stone to be ground into a rough form of flour. This simple device represented thousands of

Where it is so accurately milled and so carefully tested, that a written guarantee of uniformity and satisfaction is given with every bag. Try it. When You Buy Bonds

You consider the security as well as the price. When you buy trees to plant an orchard, you are making a permanent investment where safety and security are equally of first importance. Your orchard can never be better than the trees you plant. Your house is no securer than the foundation it rests on. Start right; build securely.

We offer Annapolis Valley orchard planters a fine stock of the money-making varieties of Fruit trees, as good as we ever grew, budded from our own profitable bearing trees, (we are fruit-growers too); and every tree is sold under a Government certification, true-to-name.

Tell us what you need and how many and let us quote you the delivered cost of Smith Stock direct from the actual grower and sold to the planter at prices free of agent's and dealer's profit.

Course in Appreciation of Art

"Architecture" was the subject of the second lecture of the series on "Art in Daily Life" given by Mr. Stewart Dick under the auspices of the Adult Education Dept. of Acadia University at the Court House last Friday evening. As in the preceding lecture introducing the subject of Art as a whole, Mr. Dick illustrated his remarks very fully by slides on the delineation.

The different forms of Architecture were studied, from its primitive origin, through the historic development of the Greek, Roman, Norman and English periods, finally culminating in the American skyscraper of modern times. Consideration was given to the materials employed, the advantages and disadvantages of the various types of structures and the modern effort toward standardization. The lecture concluded with examples of modern homes.

The third lecture of the series will be given this evening at the Court House at eight o'clock, the subject being House Furnishings.

Amherst and Annapolis Back Digby and Sydney in Tax Rebate Matter

The resolution passed at the last meeting of Digby Town Council, asking for a refund to incorporated towns of a share of the taxes received by the province on automobiles owned within such towns, was endorsed at meetings of the Amherst and Annapolis Royal Councils recently.

Amherst passed a strong resolution favoring a refund to towns of a fair share of these taxes. At the same session the Council voted to ask authority for a grant of \$15,000 to Highland View Hospital, Amherst, to assist in the restoration of the hospital after the fire which destroyed the old building.

RADIO MAY AID MAN IN STUDY OF WILD LIFE

Do animals converse? Harry Allen, famous New Brunswick guide says they do, and he speaks from the experience of a lifetime spent in the woods which flank his seventy-eight mile lease of the Cains River. Within certain narrow limits, he insists, the language of the wilderness is counter-fitted by man with such skill that it deceives the animals themselves. Thus, the call of the cow moose in the mating season is more often than not a successful lure in bringing the bull to the hunter. The cry of the hunting wolf and the honk of the migrating goose are easily imitated by the initiate and are easy of interpretation. There is, however, nothing particularly new in this. What is new, is Mr. Allen's claim that animals communicate with one another by sounds inaudible to the human ear. That they do converse and communicate one with the other is demonstrated in a thousand ways each day. What our well-known guide suggests is that radio will eventually solve the question and be the means of interpretation of the animal communication. That the human ear is sensitive to but a very narrow and limited range of vibrations is in fact certain. What Mr. Allen hopes to prove shortly is that all animals are sensitive to, and make use of, "wave lengths" outside the range of mankind. "It is a common occurrence in the woods to see a cow moose leave her calf, or a deer her fawn," says Mr. Allen by way of example. "I have seen it hundreds of times. Every time the mother animal has instructed her young, in a language inaudible to human ears, not to stray. That language was quite intelligible to the young, but although I have sometimes been within touching distance, I have never heard the faintest sound, beyond at most, the blowing out of air from the nostrils which had no apparent significance. The young of the moose or deer will remain exactly as its mother left it, even though she be gone for half an hour at a stretch. More than that—in case of extreme need it will cry to its mother without apparent sound. "I have experimented on the problem many times. In each case it has been the same. I have waited until the mother has gone some distance; then have approached and stroked the young animal. Beyond a slight twitching of the skin, it has not moved, but it must have sent out a call, for almost immediately I would hear the crashing return of the mother through the undergrowth. At such moments I would not pursue my investigations further."

Mr. Allen has cited many other "demonstrations" of members of the Tourist Department of the Canadian Pacific Railway who are encouraging him to develop his theory still further as he engages in the role of guide, philosopher and friend to the fisherman and the hunter.

Preparing the Town Budget for 1929

The Finance Committee of the
Town Council will be busy next
week preparing the estimates for
the different departments of the
town in readiness for the monthly
meeting of the Council which will
be held on Monday evening March
25th. At this meeting the rate for
the year will be set after the
assessment roll and the estimates
are approved by the Council.

No reduction in the tax rate is
likely. For the past two years the
rate has not provided sufficient
revenue to cover the ordinary
expenses of carrying on the town's
affairs and the possible increase in
assessments this year will at best
only permit catching up on the
shortage of the past year or so.

The assessment of the town for
this year, covering real and per-
sonal property and income, is
\$722,955.00, an increase over last
year of \$60,620 which at 3.40 will
yield an increase revenue of \$2,000.

Current overdraft is \$5,068.
This represents the accumulation of
six years deficit on operation. An
attempt was made two years ago to
raise the tax rate to 3.50 but this
was defeated.

In 1921 the town had a small
credit balance and the tax rate was
reduced from 3.50 to 2.75. From
that year deficit has been gradually
increasing until it now stands at
the present figure. An effort must
be made this year to reduce it.

As regards the rate of taxation,
leaving out of consideration
altogether the proportion of assess-
ment valuations, Digby enjoys a
very good position in comparison
to many other towns in the province.

The rate in Truro is 3.40,
Mahone Bay is 3.50, Annapolis is
3.80, Yarmouth is 3.75, Springhill is
4.50. Very few towns are less
than 3.50.

Practically Digby's rate was re-
duced two years ago, when an
average of ten per cent was taken
off the assessed valuation of prop-
erties.

The overdraft of \$5,068 is partly
due to a policy of paying for per-
manent improvements out of cur-
rent revenues. Some of the over-
draft should properly have been
covered by bond issue, but it is
hardly probable that the Town
Fathers will now proceed to issue
bonds to cover the different items,
but will attempt to reduce the
overdraft by degrees.

Barton Lady a Graduate of Washington School of Art

Mrs. Ida Mae Wright, of Barton,
who has recently graduated from
the Washington School of Art has
just received her diploma, which
was accompanied by the following
letter of congratulation from President
Arthur Lurche, President of the
School,

Mrs. Ida Mae Wright,
Barton, N. S.
Dear Mrs. Wright:
On this the eve of your graduation
from our school, I extend to you
my heartiest congratulations.
You have won your diploma through
hard study and are thoroughly
deserving of it.

Life itself is a school in which
we are students. As you journey
along life's highway of commerce
you will find each day bringing you
a new lesson. If you will study
and profit by them as you have
done with the lessons on your
course of study with our school,
I predict a brilliant future for you.

It is with a great deal of pleasure
that I am sending you your diplo-
ma. Looking forward to your
carving your name with those of
the leaders in your chosen pro-
fession, I remain.

Cordially yours,
ARTHUR J. LURCHE,
President Washington School of Art

South End Versus North End in Thrilling Hockey

The old Mason and Dixon line
was responsible for a thrilling game
of hockey Tuesday afternoon when
the Blues and the Greys fought out
sixty minutes of thrilling hockey
with a win for the South by a score

Cooms in Appreciation of Art

The third lecture on "Art in
Daily Life" by Mr. Stewart Dick
was held in the Court House last
Friday evening, the subject being
Home Decoration.

Mr. Dick divided his subject
into two parts, the first half deal-
ing with lighting and color, and
being illustrated by the delineas-
cope slides.

The second half, treating of
pictures, was made exceptionally
interesting by the fact that the
lecturer exhibited a collection of
etchings, some of which are valued
very highly, and which are owned
by the Canadian National Art
Gallery, especially for this course.
From the Mr. Dick illustrated the
difference between the various
types of etchings steel engravings,
wood cuts and mezzo tints. There
was also on exhibition one of the
lecturer's own paintings, Mr. Dick

One View of the Pines Assessment

Discussion of the assessment of the New Pines Hotel centers on the appeal of Mr. W. S. Troop against the valuation placed on it by the Court of Assessment Appeal. The Courier has heard much comment in approval, of the action of the court, the view being taken that the members of the court were very fair in their valuation. Up to the present we have heard no arguments advanced in support of Mr. Troop's contention that the assessment should be higher, and the opinion is general that the present valuation is as great as should be placed upon the property at any time.

In conversation with the Courier this week Mayor Lynch expressed the view that the town and the hotel owners should be quite satisfied. The valuation will yield to the town a revenue which will permit the improvement of the road-way leading to the Pines and enable the town to give the Pines valuable return for their contribution to civic finance.

This seems a most proper view to take of the matter. The road leading from Birch street across the Ragoquette is in anything but good condition and requires a great deal of work done upon it, in grading, in the building of side walk and in preventing the dust nuisance during the summer months. This not only for the benefit of the Pines and its patrons but for the use of the many other ratepayers of the town who live in that section and others whose Sunday constitutional take them out to view the beauties of that lovely spot.

Years ago, before the encroachments of the tide washed the bank away, there used to be a very pretty walk along the water's edge. It is not likely that the town will ever rebuild this bank and replace the walk in its original position.

but, something must be done to give comfort and safety to pedestrians. Can the revenue from the Pines be devoted wholly to this purpose? It seems reasonable that it should be.

Any who have walked over to the Pines of an evening or a Sunday afternoon have experienced the discomfort of having to take to the ditch in order to escape from passing cars and have found themselves covered in clouds of dust. A remedy can be found for all of this and the town will give full value for its money in devoting a part of its revenues to developing the civic utilities in that section.

A Letter to the Editor

Editor of the Courier:

At a recent meeting of the Community Club of Annapolis Royal the matter of extending the Lower Granville Post Road from Charles Budreau's along the Fundy Shore to Thames Cove Road where it would connect with the road to DeLaps Cove, or further, was discussed and a resolution favoring the project was passed unanimously and strongly endorsed by several speakers.

It revived a memory to me of a very interesting kind. While a member of the Municipal Council of Annapolis County I moved a resolution urging the construction of such a road, which was strongly approved and a committee was appointed to lay out the same and fix the land damages. This was done and the damage paid. The minutes of the Council will show this to be the case. Afterwards I induced the government to expend a sum of money each year on the said road. After my retirement I think it was lost sight of and nothing further was done.

The value of such a road cannot be over-estimated, viewed from a humane of commercial grounds. All along the said road there is hardwood timber growing in profusion, which could be conveyed to market very easily. Fish caught along the shore could be conveyed very readily to a market. All along this ironbound coast no means exists for the saving of human life should a shipwreck occur. Some years ago Captain Hatfield of Cumberland was driven ashore at Flat Rock in November during a gale of wind and snow storm. The vessel was bound for Boston with lumber and all on board were drowned except the Captain who divested himself of his rubber boots and managed to follow the main boom which swung ashore. Getting on land he found the mud quite deep. The only covering on his feet was a pair of socks. He managed to follow the shore towards the Gut and with great difficulty got as far as the home of James White, where he was cared for and revived. The body of a sailor found near the wreck was conveyed through the woods to the home of Daniel Ellis and was buried in Victoria Beach cemetery. Much suffering and inconvenience might have been saved had the road been in existence then. I trust Mr. Editor that the influence of your paper will be devoted to bringing about the construction of this much needed public work.

Digby should be interested in the work for reasons that will appear without anything further being said.

Yours sincerely,
R. H. PORTER.

Minister of Highways Talks on Spring Road Problems

Hon. Percy C. Black, Minister of Highways has authorized the following statement concerning the closing of the roads this year:

"In accordance with Section 7, Chapter 77, Revised Statutes of 1923 'Load of Vehicles' Act, the public highways of Nova Scotia are closed to motor vehicle traffic as from March first and remain closed to June first. Under the Act, however, the Minister of Highways has the power to open any section,

or all sections, at any time during this period to any class, or all classes, of motor vehicle traffic. It has been our policy in recent years to reduce the length of the closed season to a minimum, but to avoid irreparable damage to the road surface we must safeguard the roads during the critical period when the frost is coming out; otherwise, many roads even if not entirely ruined, would be defective during the subsequent open season. This would mean inconvenience to the travelling public and a far greater expenditure on maintenance account. Every Spring we have to face the inevitable task of closing the roads, which is annoying both to the public and the Department.

The public generally recognizes the necessity of closing roads and co-operates willingly with our officers. However, there are always those who will, if possible operate motor vehicles even if it means ruin to the highway.

Owing to the lack of snow and apparently early approach of Spring, this season is a difficult one to deal with. In those years at this period there has been no necessity of enforcing the Act, as the roads have been frozen or covered with snow and no damage could be done by the traffic. However, from reports received, considerable damage is already being done in some sections due to the operations of heavy motor trucks by thoughtless persons who have no regard for the damage they are inflicting upon the roads.

The Department desires to leave the road open to traffic as long as possible and I wish to make a personal appeal to the travelling public to co-operate in this regard. I ask that motor vehicles keep off the highways at the present time when they are soft, and I particularly ask that heavy trucks be not operated except when the roads are frozen and they do absolutely no damage.

As the season is still early we may have before us a considerable period of cold weather when the roads will be frozen and no damage will occur. It is the desire of the Department to allow the public the use of the roads at such times but we can do this only with the co-operation of motor vehicle owners.

Our officials have been instructed to advise us to use of roads and damage done, and if these reports show that roads are being injured, instructions will be issued to close such roads and all offenders will be prosecuted.

The Late E. C. Bowers—An Appreciation

It was with great regret, and I think I might say sorrow, that I learned a few weeks ago that Mr. Bowers was sinking rapidly. I had written him my usual Christmas letter. For the first time in years no word arrived from him. A little later I received a brief letter from a friend of Mr. Bowers at Westport informing me that when my letter had arrived Mr. Bowers was scarcely in a condition to realize what it was or what it meant.

And now I am informed that he passed away about three weeks ago.

I last saw Mr. Bowers early in September of last year. I then saw a great change in his condition, and particularly mentally, as compared with the way he had seemed to me on my previous visit in 1925. He did not readily recognize me last September. After some explanation, however, he did recognize me, and we talked about a number of things of mutual interest for probably a half hour. And then, after some obvious uncertainty on his part, he asked me my name.

I was therefore somewhat prepared for the news of his rapid falling later in the year and for the sudden news of his passing more recently.

And yet I had somehow tried to hope that he might rally and recover and so be spared to those who love him, a little longer at least.

But it could not be so,

And so I, with many others, have lost a friend. Indeed, we have lost more than that: We have lost an inspiration. No, I shall take that back. We have not lost inspiration. That remains. The tomb can not claim the inspiration which he radiated to me and many others who knew him as I knew him. I shall return to this subject of the inspiration of his life a little later in this tribute.

I first wish to go on record concerning his friendship to me.

I first knew Mr. Bowers personally, in only a very slight way, when I, as a young man, worked for two summers at Westport. I used to see him at his store and upon the village streets. I also recall with pleasure even yet the impression made upon me by his gardens and flowers. To that time his was the most beautiful and attractive home surroundings I had seen. I have been larger and more elaborate since. I think, however, that I have never since seen any that have made a deeper nor more lasting impression upon me than did his in those earlier days.

I had, however, in those days no intimate relations with Mr. Bowers. I knew him well enough so that I could

speak to him briefly, passing the time of day or the familiar "how do you do". And he reciprocated the simple courtesies.

Time passed. I spent two years in the high school at Freeport and six at Wolfville. During all that time I can not recall having met or seen Mr. Bowers.

Then in the summer of 1909, after having been graduated at Acadia College, and before leaving for Yale, at New Haven, Conn., it was my very good fortune to meet Mr. Bowers in two different circumstances, both of which made for some degree of intimacy of personal relations, and which gave rise to the rich friendship and the inspiration to which I have alluded above.

The first of these circumstances was associated with my becoming a mason, I was that summer initiated, passed and raised by the Freeport lodge. Mr. Bowers was the master of the lodge at the time.

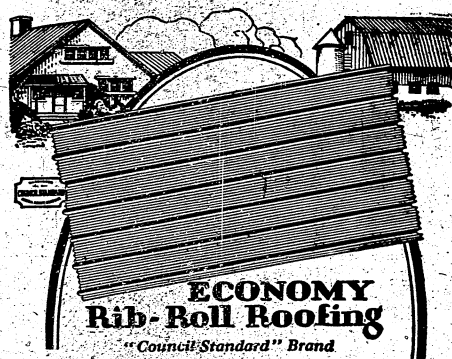

Some time in the latter part of that summer a political convention was held at Weymouth. Mr. Bowers was at that convention. I was sent there by Eastern Star Division, not for political purposes. That night Mr. Bowers and I occupied the same room at Captain Marshall's at Weymouth North. Next day we returned to "The Islands" on the same boat.

On that trip home from Weymouth Mr. Bowers asked me what my plans were for the then immediate future. I told him I was planning to go to Yale University in September of that year.

It was then that Mr. Bowers did the unexpected thing—unexpected on my part. I learned later, however, from

Beauty and Performance

BEAUTY finds a new expression in the Ford car. Perfect proportion serves to mould its low lines in pleasing harmony. Graceful, full crown fenders, acorn type headlights and full-nickled radiator shell and appointments set off its dignified appearance.

Performance in the Ford car implies more than smooth speed, flexibility, getaway and instant response to the brakes. The word covers inbuilt quality, precision methods of manufacture, and inherent balance—all of which make for many thousands of miles of carefree motoring.

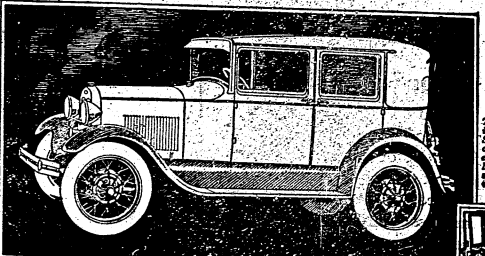

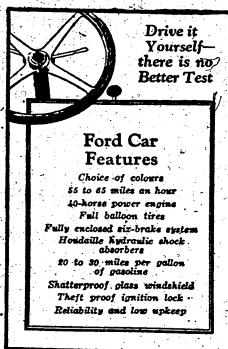

ECONOMY—Month after month, as you have the opportunity to test this Ford car of yours, the realization grows that it costs very little to operate. You find that you get over twenty miles to the gallon of gasoline in city driving; nearer thirty on the open road. It is sparing on oil. Tires last longer than you anticipated, because the car is light and braking smooth and even. Ford labour and parts are low and Ford service is available everywhere.

LONG LIFE—Your Ford car is not outstayed from year to year. You can drive it as long as you like and it will hold its own in any company. Rather than creating yearly models, the Ford Motor Company's policy is constantly to make improvements which can be incorporated with your car at low cost.

SAFETY—The fully enclosed six brake system grips the flying wheels with silent power. The windshield is of shatterproof glass. A steel body gives maximum protection. Even at high speeds the perfect balance of the Ford car and its unique and effective transverse springs hold it firmly on the road. These features contribute to both physical and mental comfort.

SIMPLICITY—Behind the whole plan of the Ford car is a basic principle that has been followed to the letter. It may be expressed in the words: "Make it better—make it simpler."

TIME PAYMENT—If you prefer to buy out of income, you will find the authorized time payment plan offered by all Ford dealers most attractive.

The handsome finish of the Ford Sedan is comparable to that of a custom built car. Note the leather seat and door-mounted arm-rest.

Dr. L. B. Roop Leaves Bear River

Bear River's citizens regret the departure this week of Dr. L. B. Roop, for his new field of work in Kingston, Ontario.

Dr. Roop is a Bear River boy, the son of Capt. and Mrs. John Roop and has successfully practiced Dentistry here, since his graduation, but the larger city field called him, and though Canada does not lose him as a citizen, the town loses a young man who will be much missed from social and business circles, and who promised to be one of its foremost citizens.

The Men's Bridge Club was entertained by Dr. Roop at his residence Tuesday evening when he was presented with a sterling silver cigarette case, Dr. W. J. Wright making the presentation, and impressing the regret of his associate members that Dr. Roop was leaving town, and the Club affiliation.

Earlier in the week the Keith Lodge A. F. & A. M. No. 16, had presented Dr. Roop with a Past Master Jewel, he having just completed his term as Worshipful Master of that Lodge.

C. G. I. T. Busy Beavers Group Conduct Church Services

Sunday last was a busy day for the Busy Beavers Group C. G. I. T. of the Bear River United Church.

The morning service was conducted entirely by them, with the exception of an address by the pastor Rev. F. W. Sawdon.

The afternoon service attendance at St. John's Anglican Church had to be cancelled, as Rev. A. W. L. Smith was prevented from reaching Bear River by the heavy snow drifts on the Deep Brook road.

In the evening the Busy Beavers Adwent Church, there also taking a part of the service, which was completed by the pastor Rev. P. Henderson, giving a most interesting story "of life" in a great city slum, illustrating this by fine lantern slides.

The Busy Beavers Group has fifteen members and is doing good work in its various departments, under the efficient leadership of Mrs. Harry Anthony.

Mrs. Chas. J. Blinn, and children visited Mr. and Mrs. Daniel Gaudet, Havelock, for the past three weeks, returned to her home on Sunday.

Miss Flora Melanson, who has been visiting Mr. and Mrs. Daniel Gaudet, Havelock, for the past three weeks, returned to her home on Sunday.

A few accidents occurred during the past week, here in the woods; Norman Sander, contractor for the Annapolis Royal Lumber Co., fell from a lumber pile and fractured his left arm; also, Rodolph Doucette of Concession sustained a broken leg; Irvin Gaudet a badly bruised finger and Leance Melanson cut himself on the leg while felling a tree.

Smith's Cove

Russell Woodman spent the week end at home.

Bernard Smith was a visitor in this village last week.

An old fashioned sing was held at the home of Mr. and Mrs. John Woodman on Tuesday evening.

The Women's Institute is holding an entertainment in the Temperance Hall, Monday, March 18th. Admission 35c.

A Pie and Candy Sale was held at the home of Mr. and Mrs. Spurgeon Weir on Tuesday evening under the auspices of the Baptist Sewing Circle. Almost \$6.00 were realized for church purposes.

"Beware of Married Men" Proves Riotous Comedy

Irene Rich again proves her gift for light comedy in "Beware of Married Men" a sly, modern comedy on the subject of man's propensity to gallivant and women's ability to outwit him and wind him about the proverbial "little finger". The mixup has to do with young Helen Martin's infatuation for a married wanderer whose wife in applying for a divorce, has retained the services of a lawyer, Gilbert by name, whose secretary is a sister of the impressionable Helen. It is a clever scheme of big sister's which straightens the crooked path of the wanderer and an hilarious one: "Beware of Married Men," starring Irene Rich, a Warner Bros. production, comes to the Bijou Theatre on Tuesday.

Newspaper Advertising Helps in Collection of Canada's Tax Revenues

Once again, Hon. W. D. Euler, Minister of National Revenue, is using newspaper advertising to assist taxpayers in complying with the requirements of the Dominion Income Tax Act.

In this issue an advertisement appears reminding the public of the law which stipulates that certain information must be in the office of the Income Tax Inspectors by March 31 next. This information is required from employers, corporations, and trustees or persons acting in a fiduciary capacity. It applies to year ending December 31, 1928.

For instance, employers have to file a return giving the amounts paid each person in salaries, bonuses, commissions, and fees where the amount was \$1,000 or more, or where the salary or wages was at a rate of \$15,000 or more. Corporations have to file the names of those who were paid dividends, whether in cash or stock, and the amount of each. Persons acting in a fiduciary capacity, such as assignees, executors, administrators, receivers, trustees are required to file details of the trust they represent, together with the names of and amounts paid to beneficiaries.

Those mentioned in the act as having to produce this information are asked to secure the proper forms from the nearest Income Tax Office, fill in their forms according to instructions, and mail them to the Income Tax Inspectors at these offices before March 31. These forms are known as T3 for persons acting in a fiduciary capacity; T4 for employers and T5 for corporations. Each form contains complete instructions about what the law requires. These are information forms only, and no cheques are sent with them.

Officials of the Department fully appreciate the trouble required in making out these forms, but are doing everything in their power to facilitate matters by reminding the public in plenty of time respecting the demands of the law.

The total collections under the Income Tax Act for last year are some millions of dollars ahead of the year before, in spite of a ten per cent reduction in the tax. Mr. Euler attributes this increased collection to three things:

1. More efficient method of collection.
2. The increased prosperity of the country.
3. Advertising.

Here and There

237 To meet increased trade and passenger traffic on the waters of the Pacific coast, two new vessels of the "Princess" type for night service between Vancouver and Victoria have been ordered by the Canadian Pacific Railway. It has been announced by Captain C. D. Verout, manager of the British Columbia Coast Steamship Service.

A new carrier and telephone system for Canadian Pacific properties will shortly be in operation across Canada; it was stated recently in Winnipeg by Mr. John McMillan, general manager of the Canadian Pacific Railway Telegraphs, who was on a tour of the west. This greatly supplements the facilities already used.

Since the world war the Canadian Pacific has constructed 1,180 miles of new railway track, most of which opened up new territories for settlement and industrial activity.

An average of twenty-seven pounds of butter is consumed each year by every man, woman and child in Canada; it has been disclosed by federal statisticians making the Dominion the largest consumer of butter in the world. The per capita consumption is ten pounds greater than that of the United States. It is thought to be due to the number of acres of land buttered by hungry Canadians.

The sweetest news received in Canada for some time was the report from the British Industries Fair in London that twenty minutes after its opening an order had been placed for \$50,000 worth of honey.

Santa Claus must be establishing a stable somewhere in this country as it is reported that a consignment of 300 live Spanish Reindeer was recently shipped to Canada. It was the largest shipment of these animals ever to be made.

The recent announcement that a new Dominion Atlantic Railway hotel is to be built at Kentville has been received with enthusiasm, not only among commercial men but the general travelling public as well in Nova Scotia. At the same time the Dominion Atlantic Railway is the object of a good deal of favorable feature and the part it is playing in developing the Scotia as a tourist ground and the Annapolis Valley.

A taxidermist must be a skilled sculptor and a student of anatomy, said G. L. Pap, well known western taxidermist and sportsman who visited Montreal recently.

To give a true and life-like appearance to specimens of all kinds of game is first constructed from this a plaster cast is made and a paper-mache model formed in turn from this. The final shell over which the skin of the animal is carefully glued shows every feature and conformation of the animal's body.

V. O. N. Pantry Sale and Tea

Netted More Than Thirty Dollars

One of the most delightful social events of the winter was the Afternoon Tea and Pantry Sale held

under the auspices of the Digby Branch Victorian Order of Nurses at Hawthorn Villa, home of Mr. and Mrs. Lindsay Kirkpatrick, Queen Street, on Saturday afternoon.

A total of more than thirty dollars went to swell the funds of the branch and all who attended had a most enjoyable time, quite compensating them for having faced the inclement weather. Mrs. Kirkpatrick came in for many well deserved compliments on the beauty of her rooms, which were laid out with lovely tea tables set off with yellow jonquils and greenery in a subdued lighting to match the color of the flowers.

Upwards of seventy ladies attended for the Tea and many of them patronized the well laden pantry tables, on which were displayed examples of culinary art, cakes, cookies, bread, Boston Baked Beans and fresh cream and eggs. All were sold, leaving the table bare as the proverbial cupboard.

Why is MORSE'S TEA the popular
tea among the people of Nova Scotia?
Because it possesses in marked degree
those qualities which appeal to tea con-
noisseurs. It has a great strength, deli-
cious flavor, and in addition it has what
is technically known as "thickness in the
cup." A tea possessing all these qualities
is bound to be appreciated by those people
who are tea drinkers in the fullest sense
of the term.

Power Board Plant Reaching Limit of Capacity

At a meeting of the Digby County Power Board held in Digby this week and attended by representatives of the different sections of the county served by the Board, representatives were advised that the limit of the capacity of the plant would be reached this year, and that further installations must be undertaken before the end of six months time in order to care for growing demand for service.

This timely notice should prepare for any approval by the ratepayers of the County to authorize such expenditures.

Large Shipments of Lobsters From Weymouth

Municipal Councillor William Pugh was a visitor at the Courthouse on Wednesday, being in town attending to some of the hydro committee of the Municipal Council. Councillor Pugh tells us that the report of lobster fishermen at Westport and Freeport is that the catch is "fair", which report seems to be conservative to say the least.

On Tuesday there were shipped from Weymouth 44 packages of lobsters to the Boston market shipments including 18 cases and 26 barrels. The total weight was approximately 3000 pounds. Another large shipment is expected to go forward to Yarmouth today for shipment on the steamer "Yarmouth".

Dr. Crossley is Sick

Many in Digby will learn with sympathetic regret that Dr. Crossley, noted evangelist, was taken ill with a heart attack while engaged in revival services at Sydney Mines and forced to go to his home in Toronto, where he has been ordered a complete rest from all activity by his physician. Mr. Leonard, his gospel singer team mate, continued the schedule of services at Sydney Mines and later left for Toronto, where he has joined Evangelist R.H. Whiteside.

Dr. Crossley's many friends in Digby will wish for a speedy recovery from the illness which has removed him from the work he does so well. It will be recalled that when a reference was made to his age Dr. Crossley admitted to being "seventy six years young" and it is to be hoped that this cheerful view of life will have not a little effect in enabling his full recovery.

Digby General Hospital

The Annual Business Meeting of the Ladies' Hospital Aid will be held at the Court House on Wednesday, April 3rd, at 3 o'clock. A full attendance is requested. The usual Sewing Hour and Tea and Cent will be held at the conclusion of the business meeting.

Magnesia Best for Your Indigestion

Most people who suffer, either occasionally or chronically from gas, sourness and indigestion, have now discontinued all agreeable diet, eat food and the use of harmful drugs, stomach tonics, medicines and artificial digestants, and instead, following the advice so often given in these columns, take a teaspoonful or four tablets of Disusted Magnesia in a little water after meals with the result that their stomach no longer troubles them, they are able to eat as they please and they enjoy much better health. Those who use Disusted Magnesia never dread the approach of meal time because they know this wonderful anti acid and food corrective, which can be obtained from any good drug store, will instantly neutralize the stomach acidity, sweeten the stomach, prevent food fermentation, and make digestion easy. Try this plan yourself, but be certain to get Disusted Magnesia especially prepared for stomach use.

Increased Assessment Does Not Prevent Increase in Tax Rate

An increase of nearly \$40,000 in the assessed valuation of real and personal property in income for the Town of Digby for the year 1929 is noted in the figures of estimated revenue and expenditure brought down in the civic budget determined upon at Monday night's meeting of the Town Council. Last year the combined amount on which the tax rate was set was \$662,335. This year the total assessment for tax purposes, after deducting all exemptions, is \$701,530.

In spite of this increase in assessment the Council found it necessary to increase the rate by one quarter of one per cent, making the rate 3.65 in place of 3.40. This rate it is estimated, will yield a revenue to the town of approximately \$25,000 after discount for prompt payment of taxes are deducted.

As will be seen by an advertisement in another column the Council decided to ask the ratepayers to authorize the funding of amounts in the Bank Overdraft, which are chargeable to capital account. In addition to the funding overdraft the ratepayers are to be asked to authorize expenditures on capital account for streets, building of breasted works to protect town property, and to extend the water system in response to a petition presented by residents on Mount Street. The total amount asked to be authorized is \$13,000.

Estimated expenditures for operation of civic utilities to provide for streets maintenance and improvements, water extensions, fire department and so on total more than \$25,000.

Following are extracts from the budget showing estimates of revenues and expenditures for the year:

ESTIMATED INCOME	
Back Taxes	\$ 500
Outside School Fees	320
Dog Taxes	80
Licenses	400
Fines and Fees	100
Academy Grant	300
County Grant	1,400
Funding Act.	8,000
Refunds	400
Vendor and N.S.T.A.	1,200
Sundries	200
Total	13,766

TAX INCOME	
Real Property Assess.	\$ 562,605
Personal Property	149,950
Income	10,400
Less Exemptions	\$ 722,955
	21,425
	\$ 701,530

\$701,530 at the tax rate of 3.65 yield a revenue of \$25,605.

From this must be deducted the amount of discounts for prompt payment of taxes, which will leave just enough for requirements.

ESTIMATED EXPENDITURES	
Streets and Public Property	\$7,500
Fire Department	14,500
Board of Health	100
Street Lighting	2,000
Salaries	1,500
Joint Expenditure	4,500
Town Hall	300
Police Department	1,030
Poor and Charities	2,000
School Board	9,650
Miscellaneous	9,028

In the miscellaneous account is included grants to:

Children's Aid Society	\$ 250
Digby General Hospital	500
Victorian Order of Nurses	200
Land of Evangeline Tourist Association	150
Highway Tax	700
Bank Overdraft	5,068

The Bank Overdraft is one of the items to be funded.

Visit Boston During The Easter Season

Boston offers special attractions during the Easter Season and the city is climaxed the season with the newest plays and it is just time for sight-seeing, visiting libraries, Harvard and other Universities, Art Galleries and enjoying delightful Concerts. Boston is also noted for its many fine stores and the women folk especially will find visits to these and the specialty shops at this season of the year a real treat.

The ideal, quickest and most direct route to Boston is by D.A.R. to Yarmouth, thence on the new fine liner "Yarmouth" of the Boston and Yarmouth Steamship Company. D.A.R. trains make connections on Tuesday and Friday, connecting at Yarmouth with steamer leaving at 6.30 p.m. due to arrive in Boston the following morning at 9.30 a.m. Any D.A.R. agent will be glad to issue you a through ticket and arrange for your reservation.

First Seal Bounty Claim

The first seal bounty claim presented to Fishery Officer Torrie was received on Wednesday from Mr. Darrell Morton of Centreville, who sent along a snout as proof of destruction of a seal and to claim the bounty of \$2.50 for destruction of this fish eater.

City Style Offerings Are Equalled by Dillon's

A. J. Dillon returned from Halifax on Wednesday morning and in conversation with the Courier said that he had been particularly interested in the Easter day plays of Halifax (postcard) and had been no better than could be seen right here in Digby, and featured just the same lines that are this week displayed in Dillon's window.

OBITUARY

JEAN E. DEPIEFER

Friends in Digby have received the sad news of the very sudden death of Jean dePieffer, which occurred on the 20th inst. at his home at 146 Massachusetts avenue, Boston. Mr. dePieffer had been ailing for some days, from a cold, but appeared to be recovering and no serious concern was felt. On the evening of the 19th he retired as usual, but during that night he passed away whilst he slept. Mrs. dePieffer being previously shocked to find her husband, the following morning, dead in his bed.

Mr. dePieffer was a native of France, but had lived in America for a long period. Several years ago, with Mrs. dePieffer he came to Nova Scotia and settled at Weymouth, where he acquired considerable property and they have ever since spent their summers there. Mr. dePieffer was a gentleman of the broadest type and during his sojourn at Weymouth he made a very wide circle of acquaintances throughout Digby and Yarmouth Counties. In consequence the sympathy of many friends will be extended to Mrs. dePieffer in her very sudden bereavement.

A good bet for others

MANY a man has failed to land the job he went after, just because he looked seedy. The Boss looked him over and probably figured that a man who'd let himself slump would let his job slide, too.

"That experience brought me up short," the wise ones declare afterwards. "That very day I started on a whole new scheme of living. Say, you'd never have known me for the same man six months later. I'm betting on myself now, all right. So is the outfit I'm working for."

"There are thousands of people in this condition. Half-hearted. Down on their luck. And don't quite know why. Yet, the answer is so simple. A slowed-up, sluggish system—an excess of poisons in the body.

Regular treatments with Nujol start things functioning again as they should. Nujol not only keeps an excess of body poisons from forming (we all have them), but aids in their removal."

**Start now to take Nujol regularly.
Keep it up for the next three months.**

At the end of that time we'd be willing to bet your stock has gone way up. That you're worth more to the people you work for—and to yourself.

Nujol can't possibly upset you. For it contains absolutely no medicine or drugs. Nujol was perfected by the Nujol Laboratories, 26 Broadway, New York. Sold in sealed packages only. Get a bottle today.

Drive it Yourself—There is no Better Test

Ford Car Features

- Choice of colours
- 55 to 65 miles an hour
- 40-horse power engine
- Full balloon tires
- Self enclosed six-brake system
- 4 Hydraulic hydraulic shock absorbers
- 20 to 30 miles per gallon of gasoline
- Shatterproof glass windshields
- Their proof ignition lock
- Reliability and low upkeep

The Ford car is a great car to drive in traffic because of its quick acceleration, easy steering, short turning radius, and the safety of its four-wheel brakes. Gears shift easily and silently because of the seven ball and roller bearings in the clutch and transmission.

The Ford car is a great car on the hills. You face the steepest grades with confidence, knowing you have power to climb them all without gradey reduced speed, without strain, or unnecessary shifting of gears.

The windshield of shatterproof glass affords protection to the driver. A unique feature of the Ford car is the convenient location of the gas-tine tank. The driver need not move from behind the wheel to see gas and oil replenished and caps properly replaced.

This interior view of the Ford Sedan (the car shown above), illustrates its features of luxury and comfort. It has been built to last five years. Note the generous room between front and rear seats and the convenient arm rests in the rear lounge seat.

The Ford Sport Coupe is distinguished by its smart new lines and air of simplicity. All appointments fully nickel-plated—all appointments in quiet good taste. Wide, deeply cushioned rumble seat is standard equipment.

Smart and Dependable

P EOPLE who buy only fine things select the Ford car because it is correct in every graceful line and because it is absolutely dependable. They recognize Ford quality, not only as the highest degree of excellence at a fixed and moderate price, but also as an expression of the ideal of its builders.

The Ford car is a tribute to superb craftsmanship which has brought to its highest point the modern method of standardized manufacture. This means that every Ford car is made by precision machinery more accurately than it could be fashioned by the hand of man. And those who are in a position to judge true worth are among the first to take advantage of this economic situation, that places the finest light motor car in their possession at a very low price.

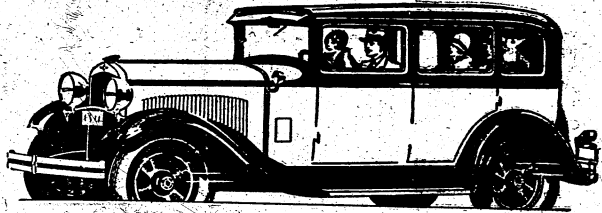

BEAUTY—The beauty of the Ford car is of the thoroughbred type—quiet, dignified—that grows upon you and never tires the eye. For there

is not a hint of over-embellishment or suggestion of attention-seeking display in the entire car.

SERVICE—No matter where you live or where you go, every Ford dealer is your dealer—specially trained and equipped to provide prompt, intelligent, forward-looking service that will lengthen the life of your car and give you many more miles of pleasant, enjoyable motoring.

TIME PAYMENT—If you prefer to buy out of income, you will find the authorized time payment plan offered by all Ford dealers most attractive.

OBITUARY

MRS. WILLIAM MULLEN

The community was shocked by the sudden death of Mrs. William Mullen, of Brighton, age 36 who was ill only a few days with pneumonia. She leaves besides her husband to mourn their loss, seven children, Barbara, 17, Hilda, 15, Kathleen, 13, William, 6, Blain, 5, and twin daughters Mary Louise and Marion Edith, age one year. Also her mother, Mrs. George Smith, of Newton, Mass., two brothers, Carl and Moses Dakin and one sister Mrs. T. T. McKenna, all of the U. S. A.

The funeral took place Monday afternoon, March 18th, at 2 p.m. interment at Barton Cemetery.

Much sympathy is extended to the bereaved family.

WEBSTER TITUS

The death took place very suddenly on the 16th, of Webster Titus. He was fifty-nine years and seven months old and had been troubled with his heart for some time so his death was not unexpected. He leaves to mourn his widow, two brothers Isaac and John, of Freeport, two sisters, Mrs. Ellen Thurber, of Weymouth North, and Mrs. Alberta Robson, of Saint John. The funeral took place from the Baptist Church on Monday, the services being conducted by the Rev. Mr. Greenwood at the Church and by the Oddfellows at the grave. The hymns sung were his favorites, "In the Garden" and "Asleep in Jesus". The bearers were Horace Thurber, Gordon Titus, Percy Stevens and Irvin Thurber.

"Blessed are the dead that die in the Lord".

Across Canada By All Expense Tour

The suggestion of a trip-across Canada seems at first glance an expensive undertaking to the average person, when he or she stops to consider the distance covered and the cost of rail fare, hotels and incidental expenses. Yet it is not necessarily an excessively expensive proposition, while under the All Expense Tour it can be made at a comparatively small expense.

This year the Adam's Tour will undertake its fourth, and the Kerr Bryson its fifth annual All Expense Tour.

The Adam's tour will leave Montreal Thursday, July 11th for the Pacific Coast, visiting enroute Toronto, Minaki, Winnipeg, Saskatoon, Calgary, Banff, Lake Louise, Edmonton, and through the Canadian Rockies to Prince Rupert and the Pacific Coast, where a palatial Canadian National Steamship will be boarded for a trip through sheltered scenic seas to Vancouver. From Vancouver the party will start on the return journey and will visit Jasper National Park, Canada's largest National Playground. From Jasper National Park the party will visit the buffalo park at Wainwright, and from there will proceed on their homeward journey to Port Arthur, enroute at that point on a vessel of the Canadian Navigation Company, the "Corporal" of Digby, and pay for a trip through the Great Lakes to Sarnia, reaching Montreal Saturday, August 3rd.

The Kerr Bryson tour commences at Montreal Wednesday, July 24th, and includes a trip to Victoria, B. C., leaving there August 8th, on the return journey. The tour ends at Toronto August 14th.

An All Expense Tour is one of the most enjoyable and least expensive ways of making a Transcontinental tour. The rates for the Adam's tour, from Montreal, are from \$330.00 per person up, and for the Kerr Bryson, from Toronto, \$322.00 up, according to the class of accommodation desired.

Full information with regard to both tours may be had from any Canadian National Agent, or from F. W. Robertson, General Passenger Agent, Montreal, N. B.

Essex the Challenger Features a Standard Equipment Includes:

Patented Super-Six advantages eliminating vibration—4 hydraulic shock absorbers—New type double action 4-wheel brakes uniformly effective in all weather—Above 70 miles an hour—40 all day long—Starter and electric gauges for fuel and oil on dash—Greater operation economy—Radiator seats, front and rear—Weatherproof doors, rattie proof windows, rigid body construction—All bright parts Chromium-plated—side lamps—windshield wiper—rear-view mirror—electrical controls on steering wheel.

With Super-Six owners by tens of thousands, repeating on Essex, the most spontaneous welcome ever extended a 6-cylinder car has brought hosts of car owners from every price and size field to Essex the Challenger.

Its acceptance is the talk everywhere. Again and again the largest production ever planned by Essex has had to be increased to meet this remarkable demand.

The results of Challenger Week by nation-wide proofs—in performance, reliability and economy—have extended the advantages of this big, fine car with the force of universal appeal.

With its open challenge, that exceeds no car—

—with its 24% greater power and 70-mile-an-hour performance—

—with its greater beauty, adult-size capacity, riding ease and economy—

—and with its brilliant chassis quality and fine, large bodies—

Essex establishes also an outstanding leadership in obvious VALUE. It offers an ensemble of

fine car equipment identified only with costly cars, and available, when at all, only as "extras," at extra cost on cars of Essex price. In Essex the Challenger—a complete, fine big "Six"—these items of course are standard.

They represent several hundred visible dollars' worth of additional value, and are another reason for the enormous success which Essex the Challenger has enjoyed from the outset.

Helping Digby's Biggest Business

One of the most commendable pieces of business transacted at the meeting of the Town Council on Monday night was the voting to the Land of Evangelical Tourist Association the sum of \$150.00 towards the expenses of operating the tourist promotion organization.

Digby, more than any other town in the Annapolis Valley, derives a great deal of its revenues and business from summer tourists and for this reason all that helps in developing the tourist business is a good thing for Digby to take a hand in and assist. The Town Council, in voting a sum towards the operation of the Association has done the proper thing and through this action all who derive profit and employment from the tourist business will pay an equal share in providing for Digby's proportion of the expenses of the organization. We hope it has established a precedent in the maintenance of all such semi-public organization, so that in years to come, when the state of the town's current liabilities and revenues permit, future Town Councils will act on the example set up and vote to Victorian Order of Nurses, the Children's Aid Society and all such bodies, amounts equivalent to the annual collection of funds for the purpose of these bodies. Some day will adopt the "Community Chest" idea of providing the means of operation of these bodies and when that is done we hope that the Town Council will take the position that all should contribute in proportion to their means and include in their list of grants sums for each of these bodies. It is the only fair way of carrying on these bodies. It is a cheaper, more satisfactory and in every way more suitable method than the present custom of taking up collections, and would conserve the energies of the members of these bodies, and permit them to devote their whole strength to carrying on their work.

What the Hotels Contribute to Town Finances

Since the matter of assessment of summer hotel properties has been raised, it may be interesting to know just how much of Digby's assessable property comes under the category of summer hotel property, just how much revenue the town obtains from such sources.

There are seven summer hotels and as many more cottages operated in Digby catering to the summer trade, in addition to a large number of private homes which take, on two, three or more summer boarders or let rooms to the hotels to care for the overflow during the height of the season.

Then there are two commercial hotels which operate the whole year round, and which handle some tourists in summer.

The total hotel and rooming accommodation of Digby for summer tourist traffic is estimated at not less than 1000 persons per day. This estimate may be a shade generous, but is a fair figure on which to estimate the number of tourists which comes to Digby and on which to estimate the revenue which the town receives from such sources, and on which to figure the value of the tourist industry to Digby.

Below is a list of the major hotel properties with the amounts at which they are assessed, and the estimated revenues which the town receives for real and personal property taxation.

Lour Lodge	\$ 18,500
Fair View	4,100
Excel Inn	3,150
Myrtle House	8,425
Hillcrest	3,045
Eureka Cottage	850
Acadia Cottage	1,790
The Wightman House	2,756
The Manhattan	14,450
Tue Winchester	4,500
The Waverley	3,600
	\$65,160

At this year's rate of taxation the hotel properties of Digby make a contribution towards the operation of town utilities of \$2378.34.

The Courier is not concerned, in this article, in the inequalities which may exist in the assessment of the different properties enumerated above, neither is it concerned in this article in the amount of revenue which the town will receive in water taxes or from the sale of electric energy. It is the purpose of this article only to show how vital the tourist industry is to Digby and to confirm our statements from time to time that the tourist business is responsible for a large portion of the town's revenues from taxation.

"Caterpillar" Fifteen Ready \$1500!

The Caterpillar Tractor Co., San Leandro, Calif., and Peoria, Ill., announces the "Caterpillar" Fifteen as ready for delivery, price \$1500, f.o.b. Peoria.

The Fifteen completes the "Caterpillar" line of small tractors, giving the farmer and contractor three sizes aimed to fill his need for a truck type tractor.

From the engineering standpoint, the Fifteen is a duplicate of the Ten, which has just gone into production at the new Peoria factory and is being bought faster than a double shift of skilled workers can turn them out for farmers throughout the world. Just a little bigger than the Ten, it is a replica of it except in size and power. In fact, when the three—Ten, Fifteen and Twenty—were lined up in order at the recent Peoria convention for the dealers' observation, they made a harmonious line of power for any job within that range.

Thus, the farm has year round power regardless of the weather, for the first time in history. B. R.

Ice Box Cookies--new idea

Make the dough in a roll and keep it overnight in the ice box or a cool place . . . next day you can slice it quickly for baking, without extra flour to keep it from sticking.

Try This Purity Cookie Recipe
1 cup butter, 2 cups brown sugar, 2 eggs, 3/4 cups Purity Flour, 2 teaspoons baking powder, 1/2 cup raisins, chopped (optional).

A Hint from Baking Expert
"Purity is a strong, rich flour with great expanding qualities . . . if your cake recipe calls for ordinary pastry flour use 1 tablespoon less per cup of Purity. If milk is called for use half milk and half water (lukewarm), when using Purity Flour, as milk alone tends to make the cake dry."

Of all the Ingredients
In a recipe, Flour is the most important. Buy Purity and be safe. It is unexcelled in quality because it is milled with particular care from selected Western hard wheat . . . a perfect flour for pastry, cakes, breads and bread.

Players of Note Appear in Latest Billie Dove Film

One of the most notable and best backed supporting casts ever used in a First National film offering supports beautiful Billie Dove in her latest starring picture "The Yellow Lily," coming to the Bijou Dream Theater on Monday only.

In the principal roles alone, eleven notable players appear. But there has been no distinction made between minor and major roles in the selection of players. Historic ability and fitness to type were the sole factors governing their selection.

Clive Brook plays opposite Miss Dove in "The Yellow Lily," which is an adaptation of Lejos Biro's play of the same title. Gustav von Seyffertitz has one of the best historic opportunities of his career as a Mephistopheles-like, sardonic valet of the hero.

Jane Winton, wearing a blonde wig, portrays a notorious actress of Budapest, and sweetheart of the hero. Nicholas Soussanin enacts an effective and very dramatic role as the heroine's brother. Marc MacDermott and Rodil Rosing are the Hungarian Archduke and Archduchess respectively. Charles Puffy plays a comedy role as mayor of a small mountain town in Hungary.

Other colorful and important roles are enacted by Paul Vincent Lucian Partos.

"The Yellow Lily" was adapted from the famous play by Lejos Biro, and it deals with love and intrigue in Hungary. Alexander Korda directed the picture.

Tiverton Oddfellows Celebrate 18th Anniversary With Turkey Supper

Rainbow Lodge No 113, I.O.O.F. celebrated the anniversary of its founding on Saturday night, March 23.

Five tables were set to which a large number of Oddfellows, Rebekahs and invited guests were seated.

Turkey, fresh pork, cake, pie, tea, coffee and ice cream were served. Following the supper games, music, card playing and dancing was enjoyed.

The value of "Safety First" campaigns is illustrated by statistics contained in the tenth annual report of the Canadian National Safety League which are summarized in the Toronto Mail and Empire. The fatalities per thousand automotive vehicles in Toronto in 1913 were 6.0, but in 1928 they were reduced to 0.7. It is estimated that there would have been 548.8 fatalities in 1928 if the ratio for 1913 had continued but the actual number was only 64.

Guns Were Stylish and Necessary in 'The Good Old Days'

When the wearing of a particular garment becomes the style everyone who can adopt it, regardless of how it looks. Thus, in the glamorous days when there was no established government in the West a revolver—or, better still, 'two of them'—was such a necessary part of a man's attire that he would never think of appearing in public without this wardrobe accessory.

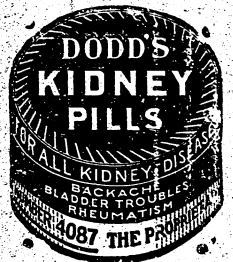

The reason why guns were considered stylish is depicted in "Gun Gospel," a First National Picture starring Ken Maynard and produced by Charles R. Rogers, which is the offering at the Bijou Dream Theatre Saturday.

"Gun Gospel" is an adaptation of W. H. Hoffman's famous novel of the same name, and deals with the fading of the Western gunman. It has a tremendous

romantic appeal in that it is authentic history, and its characters are carried in true verisimilitude so that all the elements of the time and period are maintained to advantage. Maynard, who is renowned for his spectacular and daring stunt riding, far surpasses anything he has done to date.

"Gun Gospel" was directed by Harry J. Brown. The cast includes Virginia Brown Faire, Noah Young, J. P. McGowan, Bob Fleming, Slim Whitaker, Romaine Fleming, Jerry Madden, and last but not least, the beautiful animal, Tarzan, the wonder horse.

Railway Accidents

More than twenty-five per cent of the accidents at Railways and highway crossings on the Canadian National Railways, during 1928, were caused by drivers of automobiles and other vehicles running into the side of engines and trains rather than by these vehicles being struck by the trains, is shown by a study of

the crossing accidents report of the Operating Department of the National System. A total of 614 accidents at highway crossings were caused by automobiles, wagons and other vehicles driven into the side of trains while the latter were standing at or moving over the highway crossings. In some cases, with a perfectly clear vision of the track on both sides of the highway, and with loco-

motive whistle having been sounded and bell ringing, automobiles were driven into the side of cars as far back as twenty to thirty cars behind the locomotive. In crossing accidents over the entire Canadian National System during 1928, 129 persons were killed and 332 injured.

King Mithridates' Flour Mill—2,000 Years Ago

THE original genius who put water power to work is unknown—but to Rome goes the credit for bringing the invention to light. It was by the spoils of war that the Romans first discovered the horizontal, water-wheel flour mills near the castle of King Mithridates of Pontus in the year 65 B.C. The Romans brought these small mills to Rome, and erected them on their aqueducts.

After the watermills, came windmills, then mechanically driven flour mills. But it is a far advance from the flour mills of even the beginning of the present century to the modern marvels which produce Maple Leaf Flour—a product so expertly milled and so carefully tested that a guarantee of uniformity and satisfaction is given with every bag. Try it for your next baking.

Strict United States Immigration Laws Enacted

The Act of the Congress of the United States, approved March 4, 1929, and designed to discourage illegal entry into the United States and prevent overstay of leave by persons who enter as temporary visitors, is one of the severest measures dealing with immigration which has been enacted by Congress. It provides in part as follows:—

Aliens who have been arrested and deported pursuant to law, are mandatorily excluded from admission into the United States, whether exclusion took place before or after the enactment of the Act. The grounds upon which the alien was deported are immaterial. After temporary visitors who have over-

stayed their visits and have been ordered deported, for example, now are permanently barred from the United States. Any alien ordered deported, whether before or after the enactment of the Act who has left the United States shall be considered to have been deported in pursuance of law. This brings within the mandatorily excluded class mentioned above aliens who have been ordered deported and have been permitted to depart voluntarily in lieu of deportation. The entry or attempted entry of such aliens to the United States after the expiration of sixty days from the enactment of the Act is made a felony punishable by imprisonment for not more than two years or by a fine of not more than one thousand dollars, or by both fine and imprisonment.

Persons excluded from admission at ports of entry are barred from applying again for one year, unless the Secretary of Labor consents to their reapplying for admission.

Hereafter, illegal entry or entry obtained by a wilfully false or misleading statement or the concealment of a material fact is made a misdemeanor punishable by imprisonment for not more than one year or by a fine of not more than one thousand dollars, or by both fine and imprisonment.

The excluding provisions of the Act are effective at once

A YOUTHFUL SETTLER

This youthful Briton, Master Francis Harcourt, nine years old, set out from Southampton, Eng., on a five-thousand mile journey all on his own to join his parents at Woodstock, Ont. The photograph shows him on arrival at Halifax, N. S., where the Cunard line placed him in charge of Canadian National Railways officials, over whose lines he is travelling to Woodstock.

the subsidy otherwise payable for the trip or trips so missed through accident to machinery, or the vessel, a deduction shall then be made from the subsidy to be paid under the agreement, said deduction to be made on a prorata basis, the number of days so missed to be taken as fractions of the month.

contract will be entered into by the successful tenderer or tenderers for a period of five years, but the tenderer must quote a price per month for the charter of each boat operated for a period of at least from five to six months in each year; commencing on or about the first day of July. Tenderer will, at his own expense, equip, maintain and operate boat and pay for the services of the crew necessary to carry on the work required to the satisfaction of the Deputy Minister of Fisheries or his representative.

Each tender must be accompanied by an accepted cheque on a chartered Canadian bank for the amount of \$500.00, in favour of the Deputy Minister of Fisheries, which cheque will be forfeited should the successful tenderer decline to enter into a contract in accordance with his tender, or fail to carry out the work in accordance with the specification prepared by the Department. Cheques accompanying unsuccessful tenders will be returned.

The Department does not bind itself to accept the lowest or any tender.

Tenderers must submit full details and specifications of boats offered.

The Smith's Cove Women's Institute

Patrick Entertainment

The Women's Institute gave a St. Patrick's Day entertainment the evening of Monday the 18th, in the Hall. The programme was as follows:—

1. Chorus—"Killarney"
2. Reading—Mrs. George Austin
3. Solo—Mrs. William Woodman
4. Brief Address—"Who Was St. Patrick?" Miss Jagger
5. Male Quartette
6. Two Songs—Miss Austin
7. Reading—Miss Cossaboom
8. Trio of Irish Songs—Miss Jagger
9. Chorus—"The Kerry Dance"
10. Play—"Love and an Onion"
11. Chorus—Melody of Irish Songs "God Save the King"

Nearly all of the numbers were of Irish character. The music was well-rendered. The chorus was composed of twelve voices. Mrs. Austin's reading of "Dennis and the Owl" waked up the children. Mrs. William Woodman's charming voice found pleasing expression in the pretty song—"A Little Bunch of Shamrock". To those who did not already know, or whose memories were a bit rusty on the subject, that orator was a real and very devoted Christian Missionary who lived in the fourth and into the fifth century, that he was a Scotchman and not an Irishman, and that his own conversion took place while he was a captive of an Irish chief, when a boy of sixteen—like Joseph in Egypt, and that thirty years later he returned to Ireland as the first notably successful Christian missionary among the Irish people, whom he lived, the talk on this good man whose name has been given to the day under celebration, called fresh attention to these facts, and others concerning him; the interesting items having been largely culled from our friend Dr. Henry O'Verder's charming book called "Christian Epoch Makers".

The Male Quartette, comprising Messrs. Wm. Woodman, Frank Weir, Harry Smith and Henry Sullivan, rendered "The Low-Backed Car" by Samuel Lover, and an encore.

Miss Austin, our all-around dependence as musician, teacher, accompanist, soloist, and the chairman of the Entertainment Committee, to whom the success of the whole performance was largely due, gave the two popular Irish songs, " Kathleen Mavourneen," and "The Minstrel Boy," to the accompaniment of her sister.

The two poetic recitations by Miss Florence Cossaboom were both of humorous Irish character, and pleased every body.

The three additional Irish songs, rendered by Miss Jagger, were—"Widow Macree," (also one of Samuel Lover's), "Pat Malloy," which used to be a familiar favorite in the days of our parents' youth, and "Kitty Trevel," an old ballad harmonized by Glover.

The chorus was followed by a delightful little play, which was a farce of the lightest and most humorous description, the seven parts in which, both male and female, were perpetrated by all Institute members, whose characterizations were greeted with unfeigned amusement by the enthusiastic audience.

The chorus concluded the performance with two Medleys of rollicking melodies, Irish and otherwise, all more or less familiar.
