Digby Tax Rate Is Up

The Town Council fixed the rate of taxation at 3.85 per \$100, an increase of ten points over last year. Discussion of the estimates, and in this connection also of expenditures in protective works along the waterfront, the new sewer system, etc., made the meeting a long one, the business being still unfinished when Council adjourned at midnight. Mayor T. E. G. Lynch, president, Fritz Dakin, Charles Lindstrom and other ratepayers addressed the Council, strongly urging continuance of the concrete sidewalk along the eastern side of Water Street. Carl Eldridge requested a grant for the Board of Trade. Town officers for the year were appointed as follows: Special Constables, Harry E. Vassell, Fred Lawrence; Firewards, A. D. Daley, F. L. Anderson, W. S. Winchester; Boys of Fire Escapes, J. P. Milberry, C. E. Walker, W. E. Winchester, Weighers and Measurers, G. Cardosa, C. E. Armstrong, B. A. Roney, A. J. Dillon; Surveyors, W. Wood, A. A. Shortliffe; Kingsley Collins, J. P. Milberry; Cattle Reeves, Walter Marshall, Horton Stark; Poundkeepers, Baker, Horton Stark; Revisers of Voters List, R. Turnbull, J. P. Milberry, Angus McPhee; Medical Health Officer, Dr. W. R. Dickie.

The Courier Carrying Bear River's Story to the Premier

We noticed a letter in Wednesday's Halifax Chronicle, written by Alfred J. Porter, in which it was stated that a copy of the Courier had been forwarded to Hon. R. B. Bennett, premier of Canada. Mr. Porter wanted particularly to draw the premier's attention to an article referring to the Bear River. Street Lighting situation. "The people of Bear River are surely fighting for their rights on this question. Here's hoping that it is soon settled to their satisfaction."

Provincial Police Located in Digby

The Provincial police have established headquarters in town, and are at present located at the residence of Ed. Weber. It is understood that Digby County is to be divided into two police divisions with headquarters in Digby and Metegan in the county headquarters at Weymouth, as has been since their inauguration.

United Church Notices

The Digby County Social Service Convention has been postponed a week, and will be held in the Hall of the United Church, Digby, on Monday, April 13th, at 2.30 p. m. All churches and temperance organizations are asked to send delegates. Rev. H. R. Grant, D. D., provincial secretary, will be present.

The Measuring Social held by the Grace United Church choir last Friday evening was enjoyed by all present. About \$20 was realized toward the new hymn book fund.

There was a good attendance at the Soanetaka Class Social last week. Mr. Jones, of the "Lusitania" Concert Company, contributed two solos to the programme, and gave the class a few pointers on singing, which they much appreciated.

The Lusitania Concert Company will give an entertainment in Grace United Church Hall, on Saturday evening, April 18th, at 8 p. m. The members of the company are—Risca Williams, Welsh Baritone; and Idris Hopkins, organist and pianist. Mr. Williams is a survivor of the "Lusitania" and gives a thrilling account of this great tragedy. He has appeared before three thousand audiences in the United States, Canada and Great Britain, always creating a profound impression.

Special Easter music will be sung in the United Church at the morning and evening services next Sunday. The evening service will be largely musical. Mrs. Walker will sing: "Open the Gates of the Temple". In spite of the rain a large congregation was present at the United Church last Sunday evening. Arch Morehouse, of Bay View, spoke on the subject, "What Life Has Taught Me". He was listened to with great interest, and there were many favourable comments on the whole service. The singing of popular hymns led by the large choir, was a fine feature in the service.

A Good Friday service will be held in Grace United Church at 11 a. m.

Easter Day in Trinity Parish

8 a. m.—Holy Communion at Marshalltown.

9 a. m.—Holy Communion at Rossway.

11 a. m.—Choral Eucharist and Sermon, in the Parish Church.

3 p. m.—Children's Service in the Parish Church.

7 p. m.—Easter Cantata and Address in the Parish Church.

UNITED BAPTIST CHURCH

The services on Sunday will be as follows:

11 a. m.—Digby

7 p. m.—Digby

8 p. m.—Hill Grove

12 noon—Sunday School

Special Easter music on Sunday morning.

On Sunday evening the choir will give an Easter cantata, "Christ Victorious".

Meeting on Wednesday evening at 8 o'clock.

The Ladies' Sewing Circle will meet at the home of Mrs. George Peters, on Tuesday evening.

Sent Tinsell To The Digby School

G. H. Churchill, principal of the Digby Academy, received a letter and a parcel last week from Mrs. William J. Romans, of English Corner, Halifax County. The parcel contained a roll of tin foil. Mrs. Romans explained in her letter that she had read in the Halifax Daily Papers of the Digby school children collecting tin foil, which has some commercial value to help furnish a room in the New Digby General Hospital. She became interested, and sent what tin foil she had collected.

Shipping Mach Lumber from Weymouth

George O. Hankinson, of Weymouth, has shipped close to half a million feet of timber and lumber during the past week. The schooner E. P. Theriault cleared from that port on Tuesday with 225,000 feet, to be used in the construction of the new government pier under construction at White Head, Grand Manan, while the schooner Ullula has probably sailed by this time with 210,000 feet of lumber for Boston.

TALK OF THE TOWN

It is rumored that the Nova Scotia Liquor Commission will soon open a store in Weymouth in the part of the Dunbar Block now occupied by G. O. Hankinson.

Morse's Tea sells and sells. Yes, sells and repeats its sales wherever it is once introduced. No one who ever tries Morse's Tea but is glad to get it again. Ask your grocer if this is not so.

A splendid place of abutment has been put down in the rear of the Ocean Gardens and the Red Indian Filling Station. The work was done under the supervision of John C. Handspiker.

The Women's Auxiliary of Trinity Church are holding their annual supper on Thursday next, beginning at 5.30 o'clock, in the Parish Hall. Everyone is cordially invited to attend. Supper tickets, 40 cents.

Paul Yates made a trip to Saint John last week to get flash photographs in the hold of the Prince Helene, showing a large shipment of freight in leaving the East India docks via Canadian Pacific for Winnipeg—an unusual cargo to pass through Digby.

We wonder if "Billy" Bacon or any of the other progressive Ridge farmers have been doing any ploughing or planting these fine days of having the crops in and up long before the other farmers in this section.

The Brotherhood of the United Baptist church gathered in the vestry on Thursday evening last for a supper and social evening. The supper and entertainment were well handled by a committee consisting of Mr. Carby, Mr. Weir, and Mr. Hinman. After the singing of several hymns short addresses were given by Mr. Carby, Mr. Weir, and Mr. Bishop, which were greatly enjoyed. The next meeting will be in charge of George Peters, Seymour Denton and Vernon Franklin.

Roads Are Improving Rapidly

Although the roads in town are drying up wonderfully well, the roads in the country districts are reported to be in a very bad condition. It is said that the roads have been told of are the first three miles down the Digby Neck road, and out by the Archville. We are also informed that the road between New Tuxford and Weymouth is in a very bad condition. We can not help but wonder why at this time they are not doing something to improve the roads. This has been one of many sections during the spring thaw with excellent results, but, because the highway's board prefers to wait until the roads have dried up and the traffic has increased, keeping in mind the thrill they will give summer tourists in driving over our dangerous loose gravel roads.

What's The Idea Of Night Traffic?

There must be something up these days by the sound of the automobile traffic during the small hours of the morning. There is one son-of-a-gun in particular for whom we are holding a slight grudge for disturbing our slumbers, he persists in driving through town anytime after giving the town a cut-out of his horn, or without a muffler, or something, and makes enough noise to wake the dead. If these joy riders are on legitimate business, for heaven's sake, why can't they be quiet about it—if they are not, it is high time someone was investigating.

Cut Right Hand With An Axe

While Sinclair Thibodeau, 32 year old son of Mr. and Mrs. E. Thibodeau, of Saulimville, was chopping kindling wood in the yard of his home, Tuesday, the axe caught his right hand, he being left-handed, and severed a tendon. Dr. O'Brien, of Little Brook, attended to the injury and had the boy sent to the Yarmouth Hospital, where the wound is reported doing well.

Saint John-Digby Traffic Satisfactory

That the traffic outlook is highly promising, and that the Saint John-Digby traffic continues to show a substantial increase, was the optimistic statement given out following a monthly meeting of D. A. R. officials, held in the office of Vice-President and General Manager, G. E. Graham, on Tuesday.

Last Reel Daughter Of Revolution Dead

The United States is a very young country. This is proved by the death in Rockland, Mass., a week ago last Saturday of a Mrs. Hatch, who was a daughter—the last surviving daughter—of an American revolutionary soldier. Her father fought King George's army as a young man. At the age of 84 this daughter was born to him, and she died at the age of 84—not a very long stretch of years in the history of nations.

Digby Skipper Going Seining

After being in command of the steam trawler Gemma, out of Boston, for two years, Capt. Stephen Post, of Digby, has bought a managing interest in the motor vessel Jackie B., and is fitting her out at Gloucester as a mackerel seiner, and will soon be leaving with the rest of the fleet for Cape May, N. J. It is reported that Capt. Harry Ross, of Boston and Digby, also has a purchasing interest in the vessel. For three successive seasons previous to joining the Gemma, Captain Post prosecuted the mackerel fishery as skipper of one of the Gloucester seiners and was very successful, one season being second to the high line vessel. While in charge of the Gemma, he landed some big fares of fresh fish and on several occasions during the past winter was the highliner of the fleet arriving each time.

Much Work Being Done on Digby's Water Front

They are making excellent progress in the construction of Digby's new breakwater, under the supervision of W. L. Oliver. We note that they are also putting in a new cement platform in front of Westhaver's store. Workmen have commenced clearing the grounds in front of the Shreve house, at the corner of Queen and Warwick Streets, for the erection of the new Super Service filling station. The addition being built on the Universal Garage is commencing to assume shape, and by the end of this week will be ready for the roof.

The Ladies' Hospital Aid Sewing Circle will meet on Wednesday afternoon next, at the home of Mrs. A. S. Dickson. A cordial invitation is extended to all.

A reception of great interest to their friends in Digby County is to be held on Saturday evening, in honor of Mr. and Mrs. Chester McMahon. Mr. McMahon is the son of Mr. and Mrs. W. J. McMahon, of Digby.

Good Friday Sacred Cantata

The Cantata to be presented by the Trinity Choir in the Bijou Dream Theatre, to-night at 8 o'clock, will provide religious entertainment for music lovers. Percy Burgoyne, leader of the Masonic Choir in Halifax, and C. N. Whitman, of Annapolis, will sing the baritone solo parts. Miss Frances Phillips, after the opening scene of the triumphal procession into the city Jerusalem, pictures the beauty of that fair city in all the glory of its soaring towers. Her voice with wide range, suits this part admirably; as also the closing scene at Calvary, where Miss Phillips expresses with feeling "Drop Sacred Head."

"Upon that breast divine, The strife is o'er, The Victory is Thine."

The dramatic presentation of the Christ, "despised, forsaken and derided," by Mrs. Gorrage, will be another outstanding feature of the evening's programme.

C. N. Whitman has a well-rounded voice production, and shows up to advantage in the "words of Christ."

The cantata consists of twelve numbers, two quartettes as well as solos. Mrs. C. L. Bowby will be the accompanist for the evening.

Pictures will be shown illustrating the Passion of Christ, thus providing an atmosphere for a full enjoyment of the cantata. Come early, because the singing begins at sharp 8 o'clock.

The Racquette Garden Greenhouse

is now open to the public daily from 2 to 6 o'clock.

We shall be pleased to welcome any who wish to enjoy the floral display, especially at this Easter time.

MUSKRATS
 There is a great deal of money to be made in raising Muskrats in pens. You don't need ponds, lakes or streams. These pens are placed on dry land. The muskrats are easily fed and cared for. They will eat most any kind of vegetable. Records show that they will breed from three to five times a year, and have from four to fourteen young to the litter. You can buy Muskrats from us for breeding stock, with completely equipped pens and raise them on your farm. The Company will purchase your increase at an attractive price. Or we can ranch them for you, if you wish on attractive terms. The Company has now located on the Dutch Village Road, near Halifax, the largest and best equipped pen ranch in Canada. You are invited to call and inspect our ranch or write us for full particulars.

32 Physicians Report Findings on New Sargon

So remarkable have been the results accomplished by Sargon in helping restore health to countless thousands of people that during the past thirty days alone thirty-two leading physicians have broken the rule of a life-time and have come out openly and publicly to give it their unqualified endorsement. So startling have been the reports in many thousands of cases that several physicians in principal cities were expressly retained to study the Sargon formula and report their findings so that the public might know the whole truth. Outstanding among the number are: Dr. P. K. Drummond, plant physician for the Ford Motor Company, Detroit, for 12 years; Dr. C. J. Roberts, Philadelphia, Examining Physician for the Pennsylvania Railroad, for 26 years; Dr. W. W. Kern, Graduate McGill University Faculty of Medicine, Montreal; Medical Examiner for Sears-Roebuck, Detroit; Dr. G. Warburton, Graduate famous Bellevue Hospital Medical College, New York; Dr. Eugene Perkins, Physician for Western Electric Company, Philadelphia; Dr. W. W. Kern, Examining Physician for New York Life Insurance Company, and many others. In order that the public may receive the full benefit of the advice of these well-known physicians, their reports will be published in later issues of this paper. The statements of physicians of such standing are perhaps without precedent. Study their reports and profit by their advice. Sold by P. W. Holdsworth, Drugist, in Digby; and Bear River Drug Store, in Bear River.

SCOUT NEWS
 Come On Out!

The Scout meeting opened with the Horseshoe. During the Horseshoe a Tenderfoot was passed and received his badge. After passing, he took the usual journey through the hot-box. The other Scouts all enjoyed this, but then, the Tenderfoot didn't look so sad at that. After the Horseshoe Scout work was taken up. Five Scouts passed the Scout's Pace. The Scout's Pace is twenty steps running and twenty steps walking alternately. The person passing this test is required to travel a mile in twelve minutes, at Scout's Pace. After the work period patrol competitions were held. The Fox patrol was the final winner in these competitions. The competitions take the form of tests as to efficiency in Scout work. These competitions keep the Scouts well up in their work. When the competitions were over basketball was played for a while. The Scout meeting closed at about 9.30 o'clock with the Horseshoe. The meeting was well attended by the Scouts, all keeping the eighth Scout law. Cheerfulness.

BRITISH BOYS COMING AS FARM LABORERS
 Each year during the past few years, the Department of Agriculture has been bringing a good class of boys into the province to work on the farms. The Department has found a big demand for the lads from farmers all over Nova Scotia, and seem to prefer this class of help so much so that applications have been increasing each year. This year, however, due to the unemployment situation, the number to arrive will be somewhat reduced. A number of British boys however will again arrive this year during the months of April and May. These boys are to come with the intention of taking up farming and some day of owning farms of their own, so they all should receive a kindly welcome from our people. No doubt many farmers in the province would like to employ such a boy, and a letter to the Department will bring full particulars.

Further Votes Brought Down For Nova Scotia
 Further supplementary estimates brought down in Parliament at Ottawa for rivers and harbors in Nova Scotia total \$80,728.47. The largest amount is \$39,441.74, for dredging at Lunenburg and another large item is \$30,442.40 for dredging at Yarmouth. Other items are: Breen's Pond \$1,000.55; Lloyd's Cove, \$3,086.14; Meteghan, \$2,034.60; Meteghan Harbor Improvements, \$4,714.04.

KEMPTVILLE
 (Held over from last week)
 Mr. and Mrs. Victor Morton are receiving congratulations on the birth of a daughter, March 18th. Several of the ladies of North Kemptville, gathered at the home of Mrs. Merton Roberts, on the evening of March 19th, the occasion being her birthday. The evening was spent in playing games, and at the close refreshments of ice cream and cake were served. Mrs. Martha Travis has returned home after spending three months with her daughters, Mrs. Stephen Churchill, Overton; and Mrs. Joseph Baker, Sand Beach. Miss Myrtle Morton, R. N., was called to Yarmouth last week, to care for a patient at the Old Ladies' Home there. Clifford Hurlbert, who has been visiting his sister, Mrs. Andrew Gavel, Argyle, returned home on Tuesday. Miss Eva Dexter has returned to her home in Brandon. Mr. and Mrs. Edgar Hurlbert spent the week-end with their daughter, Mrs. Stewart Prime, and Mr. Prime, Carleton. We understand that Judson Hurlbert has purchased a farm here, formerly owned by Alvin Grey. Rumors of a wedding in the near future.

PORT WADE
 James Snow returned home on Friday from Eastport and Saint John. Miss Florence Clarke, of Hillsburn, is visiting her aunt, Mrs. Frank Gilliland. Roy Westhaver left on Monday to join the schooner Ethelwyn McFadden, Capt. Burrell, at Clementsport. P. R. Parker and his crew of men have arrived from the woods, after three months' work, and report a good cut of timber. Mrs. James Ellis entertained the Ladies' Aid Society at her home on Wednesday afternoon. Rita, the six year old daughter of Mr. and Mrs. Owen McGrath, fell recently, over the steps leading to the school room, breaking her arm just above the wrist. Dr. Sutherland, Annapolis, was summoned, and the little girl is reported to be doing well.

CLEMENTSPORT
 William Walker, of Bridge-water, was a week-end guest of his aunt, Mrs. Alfred Walker and Mr. Walker. Capt. Milton Rice left on Friday last for Danvers, Mass., to visit his mother, Mrs. Mary Rice, before leaving for New York to join his ship. Miss Bertha Potter spent the week-end in Annapolis Royal, the guest of her sister, Mrs. Blanche MacInnis, at the Hill-side Hotel. Mrs. George Potter entertained the young folks on Thursday evening of last week, some thirty guests enjoyed dancing and games, after which dainty refreshments were served. The club met in the vestry of the United Church on Friday evening, twenty-five members being present, to discuss the coming entertainment.

SCOUT NOTES

At last Thursday's meeting Patrol Leader Walter Read gave a very interesting account of his work at Truro in connection with the grain judging course which was recently put on at the Agricultural College. He reported that nearly seventy students from different parts of the province were in attendance at this short course. Walter expects to have the cup which he won for Annapolis county on exhibit here shortly.

On account of the special services in the churches during Easter week no meeting is being held on the regular scout night, but a big hike is planned for Good Friday.

On April 9, 10, and 11 Scout Commissioner Limbrey will be in Bear River conducting an evening Gilwell course for adults, and on the afternoons of the above dates a junior course for Troop and Patrol leaders and Seconds will be held. This junior course is quite new and only several scout centres in the province have yet had an opportunity of having them. At the senior course all adults interested in scouting are invited to attend and it is hoped that a good number will avail themselves of the opportunity of taking this very interesting course.

Last Friday a very interesting meeting of would-be wolf cubs was held in the school room. The scoutmaster and Mr. Hathe-way outlined the cub program and about twenty-five enthusiastic attendants signified their wish to enter a cub pack. Application forms are being distributed for the inspection of parents and as soon as these are signed and returned a regular organization meeting will be held.

OBITUARY

Mrs. George T. Tupper
The many friends of Mrs. George T. Tupper (nee Susanna Inglis VanBuskirk) heard with great sorrow of her death on Saturday evening last, after an illness of short duration. Born seventy-four years ago, the daughter of the late Jeremiah and Elizabeth VanBuskirk, she was a direct descendant of the VanBuskirk family prominent in the early history of New York, U. S. A., members of which were pioneer Loyalist settlers in Shelburne and Annapolis Counties.

The late Mrs. Tupper had spent all her life in Bear River where she will long be remembered for her cheery disposition and friendliness.

She is survived by her husband, George T. Tupper, son of the late Eliakim Tupper, M. P. for Digby County, and one brother, John, of Baltimore, five brothers having predeceased her. The funeral service on Tuesday afternoon, from the Tupper residence, was most impressive, the many lovely floral pieces silently but forcibly expressing the love and sympathy of a host of relatives and personal friends.

Rev. A. W. L. Smith, of St. John's Anglican church, assisted by Rev. F. W. Sawdon, of the United church, and Rev. C. P. Henderson, of the Advent church, conducted the service. By special request that beautiful hymn, "The Old Rugged Cross," was sung by Mrs. H. E. Harris and Mrs. Lloyd Sanford. Interment was in Mt. Hope cemetery.

"To live in hearts of those we love, Is not to die."

STREET LIGHTING

This question is still being vigorously pressed. Commencing April 1st the Public Utilities Board have given Middleton rates of \$12.50 per 60-watt lamp, and \$16 per 100-watt lamp. These rates include cost of maintenance and renewal of lamps on a 4,000-hour schedule. Middleton also has a minimum net bill for domestic consumption of \$1 per month, as against \$1.26, charged by the Annapolis Valley Electric Company, whose rate per 60-watt street lamp is \$20, that is 60 per cent. higher than the Middleton figure.

Mrs. George Chocup, who has spent the winter with her sister, Mrs. W. A. Chute, returned to her own home on Monday.

B. Y. P. U. BANQUET

The annual Senior-Junior banquet of the B. Y. P. U., of the United Baptist church, of Bear River, was held on Friday evening last, and was a most enjoyable function. After gathering in the auditorium, the guests were conducted to the vestry, where tables seating one hundred had been laid, the color scheme being yellow and white. A delicious supper was served, great credit being due the efficient committee in charge, consisting of Misses Melda Sullivan, Evelyn Stewart and Helen Harris. At the conclusion of the supper a list of toasts was given.

Dan McDormand acting as toastmaster: "The King" proposed by Dan McDormand, and responded to by the singing of the National Anthem; "Canada" proposed by John Evans, and responded to by the singing of "O Canada"; "The Church" proposed by Rev. A. MacLeod; "Our Town," proposed by Gertrude Harrow, responded to by Howard MacLean; "Our B. Y. P. U.," proposed by Walter Rice; "Our School," proposed by Rosalind Warren, responded to by Mr. Brown. On behalf of the guests of the evening, J. H. Cunningham expressed his appreciation, and the National Anthem brought to a close a very pleasant evening.

The Little Society met on Friday evening at the home of Mrs. Gordon Ruggles.

Mrs. Charles VanBuskirk is spending some time in Bear River, at the home of her sister-in-law, Mrs. George Tupper.

Rev. and Mrs. Hazenmore were guests of Mr. and Mrs. Arthur Jefferson on Tuesday.

Preparations are being made for an Easter entertainment, which will be given in the Union Hall, next Tuesday evening.

WEDDINGS

Wright-MacGinnis

A quiet but pretty wedding took place at Tremont on Thursday evening at 7 o'clock, when Miss Elsie Faye MacGinnis, daughter of Mr. and Mrs. James W. MacGinnis, became the bride of Lawrence Moody Wright, son of Mr. and Mrs. George H. Wright, of Pictou. Following the ceremony, which was performed by Rev. Horace L. Kinsman, pastor of the Kingston United Baptist church, a reception was held at the bride's home, there being sixty guests present.

Beneath an arch of evergreen and white crepe paper the bride looked very charming in a gown of eggshell felt crepe with accessories to correspond. The couple received many lovely gifts, including money, silver, china, linen, etc. The many showers given the bride show the esteem and popularity in which she is held. After a short stay at the home of the groom's parents, the happy couple will proceed to Beverly Farms, Mass., where they will reside.

Before Her
Baby Came

"I have used several bottles of Lydia E. Pinkham's Vegetable Compound and find it helps me wonderfully, especially before childbirth. I have five lovely children. After my last baby came I had a miserable pain in my right side so I bought another bottle of the Compound and I feel fine now. I work outside during the fruit season in addition to my housework."

Mrs. Charles Slingerland, R.R. #4, St. Catharines, Ontario.

Local and Personal

Special services were held every evening this week in the vestry of the United Baptist church.

Mr. and Mrs. Price, who have been the guests of Mrs. Thomas Copeland, returned to Boston on Friday.

Peter MacGregor started his farm work last week, has early ploughing and harrowing done, ready for the seed.

The Rev. and Mrs. E. J. Barrass left Truro on Friday of last week for Montreal, where Mrs. Barrass will enter the Royal Victoria Hospital for treatment. Her many friends here will join in wishing her a speedy recovery to health and strength.

Mrs. H. C. Anthony was the hostess on Monday afternoon at the Institute Hospital Sewing Party. These have all been well attended, and great interest has been shown in the work being done for the replenishing of linens, etc., for the Digby Hospital. The next meeting will be held at the home of Mrs. A. B. Marshall, on April 15th.

Mrs. Fred Dittmars received word this week that her brother, Paul E. Morse, and wife, had arrived at their home in Oakland, California, after spending three years at Paris, in the Federated Malay States. Mr. Morse has been engineering the building of dredges to get tin from the bottoms of the rivers. He has been granted six months' vacation, after which he will return to that country.

Holy week is being solemnised in Bear River by services in the United church, on Monday and Wednesday evenings, and in the Anglican church on Tuesday and Thursday evenings. On Good Friday at 3 o'clock there will be a united service in the Anglican church, with a series of addresses on our Saviour's Seven Last Words from the Cross, interspersed with specially chosen, appropriate hymns.

All are invited to join in these meditations on the sufferings and crucifixion of our Lord.

BEAR RIVER EAST

Mr. and Mrs. C. Jefferson and family, of Deep Brook, were the guests of Mr. Jefferson's parents on Sunday.

Mrs. Harold Fish, Pictouville, Mrs. Genos Sanford and Mrs. Maynard Brown, of Clementsport, were the guests of Miss Lucy VanBuskirk, on Wednesday.

Miss Bertha Trimmer, Greenland, was the guest of her cousin, Miss Ruth Buckler, last week.

Mrs. Charles Stewart and daughter, of Bear River, spent a few days last week at the home of Mr. and Mrs. Kenneth Sanford.

The Little Society met on Friday evening at the home of Mrs. Gordon Ruggles.

Mrs. Charles VanBuskirk is spending some time in Bear River, at the home of her sister-in-law, Mrs. George Tupper.

Rev. and Mrs. Hazenmore were guests of Mr. and Mrs. Arthur Jefferson on Tuesday.

Preparations are being made for an Easter entertainment, which will be given in the Union Hall, next Tuesday evening.

Quebec Orders Liquor Signs Be Taken Down

The Quebec Provincial Legislature decided last week that illuminated signs advertising liquor, with the exception of those that mark stores licensed to sell wines and beers, must come down by July, 1932.

Premier Taschereau, who introduced the bill, said complaints had been received from clergymen of all denominations, and that the signs gave a false impression to visitors.

INSTITUTE MEETING

The April meeting of the Women's Institute, will be held Monday afternoon, in the Masonic Reading Room, at 1 o'clock. The program will be the form of a "Shakespearean Afternoon", and all members are cordially invited to be present.

MISSION BAND CONCERT

The Mission Band of the United Baptist church, will hold an Easter concert on Sunday evening, in the church auditorium.

FROM GRAIN TO SACK
QUAKER FLOUR MUST
MEET THE HIGHEST
STANDARDS

EVEN wheat which grades the highest is not always good enough for Quaker Flour! Before it can be milled, every bushel must meet the tests of our chemists for its actual food value.

Then through every process of milling, Quaker Flour is hourly tested. Sample loaves are baked daily in our own kitchens. If the flour does not conform to the rigid Quaker standard it can not bear the Quaker name.

You can make delicious bread with Quaker Flour in half the time and with half the effort. No kneading or setting the sponge. Just follow instructions given in our booklet "The Quaker Method of Easy Bread Baking." A copy free if you write us... or ask your dealer. The Quaker Oats Company, Peterborough.

WHO'S WHO

Hon. O. P. Goucher

NOVA SCOTIA has as its Minister of Natural Resources Hon. O. P. Goucher, who has been closely identified with agricultural work for many years. He is also chairman of the Nova Scotia Committee of the World's Grain Exhibition and Conference.

Born in Annapolis County in 1865, Mr. Goucher graduated from the public and high schools and finished off his education at the Truro Normal School. For four years he was principal of the Lawrenceville High School and for another six years acted in similar capacity at the Middleton High School.

Entering commercial life in 1902 he became associated with the Manufacturers' Life organization and in 1925 assumed the general management of the company for the Province of Nova Scotia.

Mr. Goucher was elected to the Nova Scotia Legislature in 1925, and was called upon to enter the Government in 1930, taking the portfolio of natural resources.

For a number of years he was closely associated with the fruit growing industry of his Province, owning and supervising an apple orchard of considerable size in the heart of the Annapolis Valley.

"More Important . . . are the Family Councils"

"More important than all the deliberations of the industry are the family councils on the performance of cars, the atmosphere of service stations and the courtesy of salesmen. Millions of daughters, mothers, sons and fathers are writing the future of the automotive business around the fireside—with no one there to plead the case of the manufacturer, car or dealer. And the verdicts are final." Motor Magazine.

The verdict, with relation to cars priced between \$1290 and \$2900, is clear-cut and conclusive: . . . More than fifty out of every one hundred buyers of eights in this field choose the Straight Eight by McLaughlin-Buick, while the remainder divide their purchases among 14 other makes. And eighty-eight per cent. of McLaughlin-Buick owners—almost nine out of ten—return to buy McLaughlin-Buicks again and again.

Owing to their popularity the present models of 1931 McLaughlin-Buick Straight Eights will be continued throughout the coming summer and fall.

OBITUARY

Fairley L. MacKay—Friends and relatives in Acadiaville, were shocked on Friday last to learn of the sudden passing of Fairley Isidore MacKay, in the Civic Hospital, Ottawa, on Monday evening of last week. The deceased was the daughter of Mr. and Mrs. A. D. MacKay, of Moose Creek, Ont., who were former residents of this province, and is survived by one brother, Stanley, and one sister, Miss Olive MacKay, and her parents.

Mrs. Henry G. Turnbull—Mrs. Henry G. Turnbull, (nee Ella Louise Alden), died at the home of her son, Osborne Turnbull, Smith's Cove, on Monday last. She was born in New Brunswick, and she and her husband spent practically all their married life in Digby. She leaves to mourn their loss her husband; two sisters, a brother, Dr. Charles Alden, of Michigan; three sons, Osborne, of Smith's Cove; and Gerard and Fred, in California; one daughter, Ruth, in Florida; and several grandchildren. The funeral took place on Wednesday afternoon, with interment in Forest Hill cemetery, Digby. Rev. A. E. Gabriel officiating.

J. W. Tidd—Deacon J. W. Tidd, of Whale Cove, passed away Monday morning, at the age of 74 years. About two months ago he was operated on in the Yarmouth Hospital but has steadily grown weaker, yet his death came sooner than expected. For over forty years he has been a deacon in the United Baptist church at Little River. His wife only predeceased him in November. He leaves to mourn five sons, Shirley, Donald, Royal, Kemp and Alton, all at home; four daughters, Mrs. Wm. Frost, Jonesport, Me.; Mrs. Owen B. Morse and Mrs. Harry McDowell, of Grand Manan; and Miss Ethel Tidd, of Boston. Interment took place on Wednesday afternoon in the Little River cemetery, Rev. C. L. Chute, assisted by Rev. I. D. Harvey, officiating.

Mrs. A. W. Moody—Mrs. Augusta W. Moody, widow of Dr. James C. Moody, died Sunday night, at the home of her daughter, Mrs. E. Hart Nichols, 286 Robie Street, Halifax, after a long illness, in the 77th year of her age. She was born at Newburgh, New York, where her father, the late James Jones, was engaged in the manufacturing business. Mr. Jones was a native of Digby County and after retiring from business about 1860, returned to Digby to live. Here he engaged in shipbuilding for many years, in partnership with his brother, the late Hon. A. G. Jones. The firm built five large ships at the foot of Mount Street, opposite the Baptist church. In 1860 she married Dr. James C. Moody, who was a leading physician, and shortly afterwards Dr. Moody moved to Windsor, where for twenty-five years he was a leading physician, and his home at the corner of Ger and Gray Streets was one of the best known in that town, and was the centre of entertainment for the students of Edgell, King's College, in 1902, and Mrs. Moody moved to Digby, where she lived for a time. Surviving Mrs. Moody are one daughter and one son, Mrs. E. Hart Nichols, Halifax, and Frank W. Moody, of the Bank of Nova Scotia, Toronto. The funeral took place at Windsor, on Wednesday, after the arrival of the morning train from Halifax.

Celebrate Their 56th Wedding Anniversary

Two highly esteemed residents of North, Reading, Mass., Mr. and Mrs. George W. Potter, observed their wedding anniversary on Saturday, March 28. Congratulations were received from many friends, and among the day's visitors were their son, George Burdett Potter and wife, of Melrose, Mass., Mrs. Ward Wright, formerly of Clements, N. S., and the Rev. G. H. Gage, of North Reading, Mr. and Mrs. Potter were married in Clements, N. S., and went to the United States twenty-four years ago. These honored friends are enjoying good health and happiness in the midst of a large circle of friends who wish for them a full measure of the choicest gifts the Heavenly Father can bestow.

Revolver Found at Jackson's Crossing

A few more bones and a portion of a cap were found near Jackson's crossing on Sunday—some more remains of the unidentified skeleton found in January. The sun, most of the ground there, and when it disappears further search will be carried on.
Yesterday morning A. D. Dale found near where the remains were a .32 Smith & Wesson revolver which indicates that the unfortunate man committed suicide. The gun was badly corroded, and still contained cartridges.

Easter Services in Deep Brook Churches

A large congregation greeted the pastor, Rev. H. W. Habel, at the Baptist Church, Sunday morning for the Easter Service. The pastor preached a strong sermon from the text "I am the resurrection and the life; he that believeth in me, though he were dead, yet shall he live; and whosoever liveth and believeth in me shall never die" (John 11:25-26). At 3 o'clock in the afternoon, the community was well represented at the Anglican Church. The rector, Rev. A. W. L. Smith, conducted an impressive service in keeping with the season, the subject being: "The Story of the First Easter." The altar presented a beautiful appearance, adorned with Easter lilies and cut flowers, placed there as memorial gifts.

The crowning service of the day was the Easter concert, held in the Baptist Church, Sunday evening. The church was filled to capacity. The children did well in all their exercises and songs. Special music was rendered by the choir, D. B. Wright, of Acadia University gave a short, but very interesting talk to the children, about the resurrection of Jesus, illustrating his address with seeds and flowers. The committee in charge, Mrs. S. A. Spurr, Mrs. H. W. Habel with Mrs. Myrtle Jackson, as chairman, did very excellent work in preparing the programme.

Yesterday afternoon Preventive Officer Roy Snow, in company with Officer Brooks, raided the premises of William Christie, on the "new road" so called, located to Weymouth, and found a complete still, worn and old, which they confiscated and brought to Digby. The matter has been reported to Ottawa.

Welsh Concert Company Here Next Saturday

Two noted Welsh Artists, Riscia Williams, survivor of the "Lusitania" and Idris Hopkins, will give an entertainment in the United Church Hall, on Saturday evening, April 10th, at 8 p. m. The tragic and gripping story of the sinking of the "Lusitania" is now considered by the public as the standard account of the world's greatest sea tragedy. David Lloyd George says "it's the most thrilling story I ever heard". Following is the synopsis:—The mighty ship, size and speed, the great crowd of passengers, leaving New York, voyage across the ocean, sighting the Irish coast, the joy of hope, the fear on board, the plunging overboard, the struggle in the sea, the mighty ship plunging to her doom, the scenes afterwards, "Abide With Me", the rescue, scenes at Queenstown, the great revelation.
Following is the musical repertoire:—Baritone Solos: "Eri Is It Thou" and The Crean (Verdi) "The Deathless Army" (Trotter) "The Gallant Salamander" (Aston) "Vale" (Russell) "Land of Hope and Glory" (Elgar) "I Picked a Flower" (Helen Williams). Piano numbers: "Moonlight Sonata", in C sharp minor (Bethoven) "Liebestraum No. 3" (Liszt) "Sextete, Andante Finale, from Lucia di Lamermoor for left hand alone. (Leshetzky) Transcription on Last Rose of Summer, (Idris Hopkins) Concerto in Italian Style (J. S. Bach).

"Christ Victorious" Beautifully Rendered
It was a well balanced choir of sixteen voices that sang "Christ Victorious", a beautiful Easter cantata, at the Digby United Baptist Church, last Sunday evening. And though it was just the permanent choir trained by one of its own members and the concert in spite of interrupted rehearsals, the cantata was rendered smoothly and apparently without effort or nervousness on the stage. A number of the members were making their first appearance in individual parts.
In addition to numerous choruses, quartettes and trios, it comprised the following:
"Ride On In Majesty", a bass solo by Hedley Dakin.
"Go to Dark Gethsemane", by the choir.
"The Glory of the Cross", an alto solo by Mrs. Reginald Weir.
"How Calm and Beautiful the Sea", a bass duet by Messrs. Levy and Lewis.
"Hear the Story", a duet by Mrs. P. Snow and Mrs. R. Weir, with choir and trio.
"My Redeemer Lives", a soprano solo by Guy Morehouse.
It concluded with an inspiring final, "O Lord, Thou Art My God", by the full choir and organ.
Those who had never heard Mrs. Guy Morehouse at the organ were surprised at her familiarity with the instrument and her skill in adapting it to the voices. The organ never predominated, it was never inefficient, it seemed an actual part of the choir.
As an entirety it was an excellent performance much to the credit of the talented choirmaster, Hedley Dakin, and the organist, who divided honors with the rest of the choir in rendering a sacred concert which deserved wide advertising, and which will be repeated on Sunday evening for the benefit of those who missed it.

The Hospital Sewing Circle was entertained on Wednesday afternoon at the home of Mrs. A. E. Dickson with a large number in attendance. Mrs. Aynur will be the hostess next Wednesday, and all are invited to attend.
When a woman buys tea, she wants tried and true quality. That is why so many women are insistent on having Moore's which has stood the test in this community for over sixty years.

Last week W. H. Farnham received a request from the Islands urging him to use his best efforts in endeavoring to get the summer schedule for the Digby Neck mails put into effect at once. He wired H. B. Sher, at Charlottetown, and this has been done. Now the mail leaves Digby after the arrival of the train from Halifax, and goes right through to Charlottetown, and that schedule will be continued until bad weather sets in again.

Easter Services in United Church

The Easter services of the United Church in Digby and Bay View, were attended by large congregations. There was also a large attendance in the Sunday School, ninety-five being present. The communion services were the largest in recent years. The offerings were \$140.33. The music by the choir of twenty-four voices, was unusually good. Mrs. Walker's solo "Open the Gates of the Temple", being very beautifully rendered.

Jean and Earle Anderson spent Easter in Digby, having as their guests for the holidays, Miss Camilla Kinley and Dick Dobson, of Acadia University.

Victorian Order of Nurses

As announced previously, Paul Kollins assisted by local talent, will put on an entertainment on Friday evening, April 17th, at 8.15 o'clock, in the Trinity Parish Hall, for the benefit of the Victorian Order of Nurses. Paul Kollins needs no introduction to the Digby public as many have previously enjoyed his unusual talent of impersonation of character. The patronage of the public is solicited not only for a worthy object, but also for a pleasant evening of entertainment. Admission 50 and 25 cents. Home-made candy for sale during the intermission.
The monthly meeting of the Victorian Order of Nurses will be held on Tuesday afternoon, at 3 o'clock, in the Court House.

Ralph Morrell, of Freeport, and Councillor Edward Pugh, of Westport, were recent visitors to Digby.

ADVERTISERS TAKE HEED!

A correspondent sends along the following little story, the moral of which should not be lost on our town merchants:—

Mark Twain once edited a paper in Missouri. One of his subscribers wrote him he had found a spider in his paper and wanted to know whether it meant good luck or bad. This is what Mark Twain answered: "Old Subscriber: Finding a spider in your paper was neither good luck nor bad luck for you. The spider was merely looking over our paper to see which merchant is not advertising, so that he can go to that store, drink his web across the door and lead a life of undisturbed peace ever afterward."

It is undoubtedly true that the fate of many a business is sealed by lack of advertising, their existence being unknown to the buying public.

I Am The Newspaper

Born of the deep, daily need of a nation—I am the Voice of Now—the incarnate spirit of the Times—Monarch of things that are. My "cold type" burns with the fire-blood of human action. I am fed by arteries of drink that girdle the earth. I drink from the cup of every joy and sorrow. I know no death, yet am born again with every dawn—with every noon—with every twilight. I leap into fresh being with every new world's event. Those who created me cease to be—the brains and heart's blood that nourish me go the way of human dissolution. Yet I live on—and on. I am majestic in my strength—sublime in my power—terrible in my potentialities—yet as demure as the ragged boy who sells me for a penny. I am the consort of kings, the partner of capital, the brother of the poor, the inspiration of the hopeless, the right arm of the needy, the champion of the oppressed, the conscience of the criminal. I am the epitome of the world's conscience and tragedy. My responsibility is infinite. I speak, and the world stops to listen. I say the word, and the battle flames the horizon. I counsel peace, and the war-lords obey. I am greater than any individual, more powerful than any group. I am the dynamic force of public opinion. Rightly directed, I am a creator of confidence, a builder of happiness in living. I am the backbone of commerce, the trailblazer of prosperity. I am the teacher of patriotism. I am the hands of the clock of time—the clarion voice of civilization. I am the newspaper.

How Did The Day First Start?

Not since April 1st of last year, have people so good-naturedly laughed, and been laughed at as on Wednesday of last week, and at their own expense too, when both young and old April fooled one another. To be informed that your face is dirty, your stocking torn, or that you need a new hat, because the one you are wearing is falling apart, is no fun to the unsuspecting individual. Neither is it with the greatest of pleasure in the world that one is awakened early in the morning with the information that someone wishes to speak to you on the phone, or see you at the door, and you learn the joke's on you.

These are only a few of the jokes played upon one another and although generally taken in good spirit, it was undoubtedly with the greatest relief that one and all welcomed noon hour and the end of April Fool's Day, for another three hundred and sixty-five days.

Some wonder why the first day of April is known in many countries as April Fool's Day, but no satisfactory explanation has been given to the origin of this custom.

Certain theories however, trace it to Noah, who is said to have sent his dove on a quest such as those which usually pre-

vail on April Fool's Day, when the "Gowk" as he or she is known in Scotland, is sent on a bootless errand. Others connect the idea with the travesty of sending our Saviour hither and thither from Annas to Caiaphas, and from Pilot to Herod.

It has also been identified with the Hindoo festival of Huli which is celebrated on March 31, in a manner similar to our April 1st.

At any rate it is now an annual custom.

Don't Give A Dollar

"Don't give a newspaper a dollar." Such is the advice spoken by a well-known merchant over the radio recently. He was directing his remarks to business men in towns and small cities. "Don't give the newspaper a dollar," he emphasized. "Instead, buy twice as much advertising as you think you can afford for a period of one year. Then watch your business grow. 'The newspaper,' he said, 'is an accurate mirror of the town which it serves. If your town is a live town, one that can meet the intense competition of today, the newspaper will be filled each issue with snappy invitations to trade at the various stores of that town. Your newspaper is your weekly contact with the people of your trade territory. Use it liberally and you will be surprised at the results. The merchants in any community where a real newspaper is published could afford to pay the subscription of the paper for every resident within thirty miles—they would get their money back many times over by increasing contracts for advertising messages. Boost for your newspaper. It is always boosting the community, and the boost you give will pay you big dividends."

Getting Down To Earth

The garden path is clear of snow. Sere stalks poke themselves wraithlike through the mass of rotted leaves, and the stumps of the peonies, cut last fall, make little mounds where the leaves have matted about them. At one end of the plat iris shoots show, palely green. Along the wall crocuses bloom. Men—and women too, for that matter—like to dig in the dirt whether it be for radishes or tulips. To get down to the moist earth, with a trowel when the sun is warm upon one's back, and the robins are singing in the maples, mistily green with leaves the size of squirrels' ears, may not be any easier than shoveling snow, but it has a tang to it that the mere removal of massed white frosty crystals from concrete or brick never had—although there is something to be said, at the proper time, for the invigorating practice of wielding a snow shovel.

April is the month when the rake and the hoe and the spade come into their own. It is sweet to smell the fragrance of burning twigs and grass that have been raked from the garden batch; it is something lost if one never has turned a spadeful of snow-dampened earth warmed by the sun. Perhaps it has an atavistic effect, taking one back to that period in the history of the earth when men scraped the soil with rude stone implements and planted roots and seeds.

It is soothing to swing a rake rhythmically over the flower bed to remove the winter's debris and lay bare the soft brown loam. The practice is full of little adventures—what a thrill when a deft turn shows something with a glint of gold caught in the clod of wet leaves. You give the rake a shake and there is the cherished fountain pen you lost last autumn. Gayly colored beetles scuttle from around the roots of the rose bushes and a green fly buzzes and bumps against the cellar window. There are many ways of practicing humility. Hoisting the flower bed is one of them. Raking the lawn is another.

The Tree Of Knowledge

A bill has been introduced in the Tennessee legislature to repeal that state's celebrated anti-evolution law. The representative introducing it Robert M. Murray, of Carroll County, says that act "has never prevented the teaching of evolution," but "merely makes bootleggers of teachers of scientific information."

He argues further that whether anyone believes in evolution or not, everyone has a right to know something about

it, as a part of his education. So "there should be no limit to the acquisition of knowledge nor any bridge placed on the tongues of our educators."

The reference to bootlegging naturally leads to a comparison with alcoholic prohibition. Not that science need be compared with alcohol. But human nature being what it is, an embargo on evolutionary instruction makes students curious about it. There is a very ancient story illustrating the principle. We know what happened in the Garden of Eden when its residents were forbidden to taste of the Tree of Knowledge.

Telling Their Age

Great Britain is about to take a population census. It is said that all women will be compelled to give their correct ages. Without telling how this is to be accomplished, the news dispatch goes on to say that the authorities have promised to keep the information confidential and have provided severe penalties for anyone who unlawfully reveals a citizen's age.

Women members of parliament are thought to be responsible for the plan to thwart the curious and inquisitive. They understand a woman's natural reticence in this matter, and believe that keeping the information strictly confidential will help to acquire it in the first place.

Perhaps some day advancing years will bring no economic discrimination or other disadvantage, and then people will get over trying to hide their age.

SALMON RIVER

William Maillet, of Woodvale, and Mrs. Morris Melanson, who have been ill, are now convalescent.

Emile Frauten, of Cape St. Mary, was here Sunday, and assisted the choir.

Miss Annie LeBlanc is visiting Mrs. Irvin Melanson, of Lake Doucet.

Fred Melanson and his son Clifton, have taken possession of the hotel, the Salmon River Inn. They intend selling the property before returning to New York.

Doctor's Diet

To The Sick And Shut-Ins

"A man of sorrows and acquainted with grief," Isaiah 53:3. Our Lord's life was sorrowful. He was away from His Father's home, and from childhood He was full of thoughts. He could not utter. He has a constant struggle to convey spiritual thoughts to the selfish pleasure-seekers, and heavenly ideas to the earthly minded. He shrank from hypocrisy of the Pharisees and felt the sting of treachery towards Himself. At last they all forsook Him and fled. His sorrow's crown was when He was made sin for others and uttered the great cry "My God, My God, why hast Thou forsaken Me". When He took our sins upon Himself, that meant separation from God, for sin is separation from God—that is why He uttered the great cry.

Not only did our Lord bear sorrow Himself but He continually came in contact with it. "He was acquainted with grief". How much He sympathized with suffering and poverty we can imagine from His judging and condemnation of the Pharisees who "devoured widows' houses". We cannot forget that when He healed the deaf man with the impediment in his speech. He sighed as He said the healing word. As He approached the grave of Lazarus, He groaned in the spirit and wept.

The way Christ bore His sorrows is full of lessons for us. He spoke very little about them. Only twice in all His life do we hear Him mention them. But full often He spoke of His joy, for sorrow never robbed Him of that. I wonder do we follow Jesus here or are we for ever telling other people our troubles and pouring them out till our friends are tired of them? Is our outlook gloomy? Christ was the Man of Sorrows, but He was always thinking of His joy. I would that we might catch His spirit.

Then again, as sorrows increased, He increased much more in prayer. There is a verse in St. Luke which tells this regarding the agony in the Garden of Gethsemane. "Being in agony" He prayed the more earnestly. If our sorrows had that effect they would be well worth while. I see Jesus in His triumphal entry into Jerusalem. The crowds surround Him and make the air ring with palm branches and garlands. It was indeed a glad day for Him, but look, He is in tears. Why does He weep? He is thinking of the sorrows of others. No wonder God appointed Him to be the Saviour of the world, and anointed Him with the oil of gladness above His fellows.

We all have our trials—may we bear them as Christ bore His.

A. E. Gabriel.

CHURCH POINT

Emile Doucet has taken over his new duties as mail carrier. Emile LeBlanc and William Thibault have gone to Digby, where they will be employed helping to repair damages caused by the recent severe storm. Others from here expect to obtain employment at Digby.

Edward LeBlanc's auto bus has resumed daily trips from Weymouth to Yarmouth. The roads are now good except for a few spots which are being attended to by the road force.

Emile Amiraute, accompanied by Mr. and Mrs. Rene Comeau and Miss Antoinette, motored from Yarmouth on Sunday, visiting Capt. and Mrs. Lucius Belliveau, then proceeding to Weymouth, for a short visit to Mr. and Mrs. Edward Gaudet. Rev. Sister Eugenie, Superior of Church Point Convent, has left for Mount St. Vincent, Halifax, to attend the annual retreat. Sister Alberta has assumed Sister Eugenie's duties.

DEEP BROOK

(Held over from last week)

Mrs. J. R. Berry returned on Tuesday from a short visit with her daughter, Mrs. Aubrey Sanford and Mr. Sanford, at Torbrook.

Mrs. H. E. Snell returned to her home in Bear River on Friday, much improved in health, after a two weeks' of quiet rest with her sister, Mrs. L. E. Sherman.

C. V. Henshaw has arrived here from Sarasota, Florida, where he has been spending the winter months.

Mrs. William Bacon, of Hill Grove, has been a recent guest of her sister, Mrs. Jennie Marsters.

Mrs. Geo. Dittmars entertained very pleasantly the Dorcas Society on Wednesday afternoon. At a short business session, a bill for tables for the hall was approved. Refreshments were served by the hostess. The ice cream and cut pie sale held on Friday evening last with Mrs. Howard Adams as convener, was a success.

Mrs. John Adams spent last week at Smith's Cove, the guest of her sister, Mrs. Thomas, at "Out-of-the-Way Inn".

Mrs. Joseph Berry went to Torbrook on Thursday, to spend a few days with her daughter, Mrs. Aubrey Sanford.

Mr. and Mrs. J. A. Dittmars entertained a number of friends from Smith's Cove, on Tuesday evening.

Travel This Summer Will Be Good

While the steamship managers and tourist agencies are somewhat pessimistic regarding the volume of European tourist travel this year, they seem to be more sanguine as to domestic vacation travel. One of the most hopeful indications of this is found in the increased number of enquiries as to vacation facilities in Nova Scotia that have been received at the fine new Boston office of the Dominion Atlantic Railway, on Franklin Street, Vernon C. Kerr, the company's New England agent, informs the Courier correspondent that he has received a larger number of letters from prospective vacationists this spring than at the same time last year. Mr. Kerr recently visited New York and says that he found the railroad and tourist people inclined to believe that travel to the Maritime Provinces this summer will be at least fairly satisfactory.

There is no question that the erection of Nova Scotia's notable chain of splendid hotels will increase the volume of travel to the Provinces year by year. Incidentally, there is little doubt that Digby will get its full share of the 1931 tourist patronage.

Residence Is Again Robbed
A daring robbery was discovered at the residence of Mrs. Marguerite Page, Deep Brook, Thursday morning of last week, when the care-taker opened up the premises preparatory to the owner's return from Massachusetts. Burglars had gained admittance through the basement, working their way up through the building, where they did considerable damage and gathered up many valuable articles—dishes, linens, etc. This is the second time this home has been broken into since Mrs. Page closed it last autumn, but the first time the thieves did not meet with the same success.

LEGS TREMBLED; HEART THROBBED

Is Now Well and Strong as Ever — Helped by Dr. Williams' Pink Pills (Tonic)

"I wish from my heart," writes Mrs. Louise Mitchell, of Oak Point, Manitoba, "I could persuade every person who is run down in health to give Dr. Williams' Pink Pills a trial. About a year ago I was suffering from a run-down system. Any little exertion would cause my legs to tremble and my heart to beat so fast that I could not sleep a minute or walk fifty feet without being exhausted. Then I began taking Dr. Williams' Pink Pills and after taking only six boxes I am as well as strong as ever." The iron and other elements in Dr. Williams' Pink Pills (Tonic) increase the number of red corpuscles in the blood stream, they form and tone which tones up the nervous system. Be sure to say "Dr. Williams' so that the druggist will know exactly what you want."

EASTER PAGEANT AT SMITH'S COVE

A beautiful Easter Pageant, "I Am the Resurrection," was presented on Monday evening, to a large audience in the United Baptist Church, by the Mission Band and choir of that church.

The platform was decorated with green and many flowers to represent a garden, showing in the second scene the empty tomb. A number of the teen age girls and boys took part, also several young ladies, representing the virtues and their opposites. While impossible to speak of all the principal parts—Ruth, by Miss Sue Winchester, and Jairus, by Rev. H. W. Habel, deserve special mention. That of Rebecca, the daughter of Jairus, was sweetly enacted by Barbara Payson, while Mrs. Oakley Smith took well the part of Salome.

The stage with its setting of green and blooming flowers and the various costumes of the participants, presented an attractive picture. In addition to special musical numbers by the choir, solos were given by two of the children, Annie MacGregor and Randall Muise, while Ruby Woodman played an autoharp, accompanied for herself, Alice Woodman and Wilda Winchester. Several other children contributed recitations.

SMITH'S COVE

Rev. E. W. Forbes, of Digby, will give an illustrated lecture on the "Passion Play," Tuesday evening, in the Temperance Hall.

Miss Pauline Brenton spent the week-end with friends in Bear River.

Mrs. C. Chester Beals and daughter, Mildred, of Berwick, spent a couple of days with her parents, Mr. and Mrs. A. H. Weir, last week.

Mrs. A. H. Weir left last Thursday to spend the Easter holidays in Berwick with her daughter Mrs. Chester Beals, and Mr. Beals.

Mrs. Hurtle and children left last Thursday for Lunenburg County, to visit relatives.

Miss Mary Adams, who is taking a course in Beauty Parlor work, in Yarmouth, spent the Easter holidays with her parents, Mr. and Mrs. Fletcher Adams.

MUSKRATS

THERE is a great deal of money to be made by raising Muskrats in Ponds. You don't need ponds, lakes nor streams. These pens are placed on dry land. The Muskrats are easily fed and cared for. They will eat most any kind of vegetable.

Records show they will breed from three to five times a year, and have from four to fourteen to the litter. You can buy Muskrats from us for breeding stock with completely equipped pens, and raise them on your farm. The Company will purchase your increase at an attractive price, or we can Ranch them for you, if you wish, on attractive terms.

The Company has now located on the Dutch Village Road, near Halifax the largest and best equipped Pen Ranch in Canada.

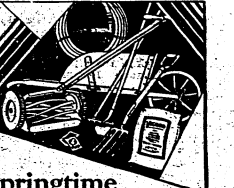

You are invited to call and inspect our Ranch or write us for full particulars.

Husband and Wife Find Them Very Beneficial

Read What Mrs. E. J. Arbeau
Says of Dodd's Kidney PillsNew Brunswick Lady Speaks Very
Highly of Canada's Foremost Kid-
ney Remedy—Dodd's Kidney
Pills

Upper Blackville, N. B., April 5 (Special).—What all women want is a reliable medicine that they can turn to with confidence in time of need. Miss Elmer J. Arbeau, of this place, has found such a remedy—Dodd's Kidney Pills. In the following statement she tells what Dodd's Kidney Pills have done for her. She writes:—

"After my second baby was born I had to wait the long, continual pain on account of my kidneys. I could not get any comfort and was unable to sit down. I was advised to try Dodd's Kidney Pills and after taking one box was greatly relieved of my distress. My husband also had a queer feeling in his side—a sort of dead pain. After taking half a box of Dodd's Kidney Pills the pain had gone. Thanks to Dodd's Kidney Pills. They are wonderful."

INSTITUTE MEETING

The April meeting of the Women's Institute was held in the Masonic Reading Room, on Monday afternoon, April 6th. Regular business was attended to, and committees appointed, after which the programme of the afternoon was presented.

Shakespearean Afternoon

Sketch—"The Life and Times of Shakespeare," by Miss June Schmidt.

Cutting from "Romeo and Juliet," by Mrs. L. J. Lovett.

Vocal Duet—"I Know a Bank," (from "Midsummer Night's Dream"), Mrs. Simons and Mrs. MacIntyre.

Try Magnesia for Stomach Trouble

To Neutralize Acidity and Fermentation. Prevents Indigestion, Sour Gassy Stomach.

People who suffer from indigestion usually have tried pepsin, charcoal, soda and various digestive aids and get little more than slight temporary relief—sometimes not even that.

But before giving up to chronic dyspepsia, just try the effect of a little Bismarck Magnesia—not the ordinary commercial carbonate, citrate or milk, but pure Bismarck Magnesia which you can obtain from any druggist in either powder or tablet form.

Take a teaspoonful of the powder or four tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy lumpy feeling that seems to follow most everything you eat. You can enjoy your meals without a fear of indigestion.

PORT WADE

Miss Anna Hayden and friend, Miss Ruth Blackadar, of Yarmouth, were guests of Mrs. R. R. Hayden, recently. Ralph Hayden was also home for the week-end.

SCHOOL ORCHESTRA—OAK- DENE SCHOOL

The people of Bear River, have, with just cause, always been proud of Oakdene School, and those who heard the concert given by the School Orchestra, on Wednesday evening of last week, had fresh evidence for feeling that their pride was not misplaced.

The members of the orchestra, the girls in white, the boys in blue coats and white pants, and all wearing ribbons of the school colors on their shoulders, presented an attractive appearance on the stage; and the programme they rendered, after only two months' practice, was a great credit to the school and the community, as well as to their leader, Mrs. Anthony.

The School Orchestra was organized the last of January, under the leadership of Mrs. Harry Anthony.

The officers are:—

EASTER PAGEANT IN UNITED CHURCH

In the United Church of Canada, on Easter night, a pageant called "The Beautiful City" was given by the choir and W. M. S. members. The church was beautifully trimmed with festoons of green and yellow, caught up with Easter lilies. The altar was banked in ferns and potted plants.

The Pilgrim was trying to find the way to the Heavenly city, and the Teacher was trying to show her the way. Temper was doing her best to lead her astray.

Mrs. Wm. Morine took the Pilgrim part, Mrs. Davidson, the Teacher; Mrs. H. Cress, the Temper. The choir rendered the music. Mrs. L. Sandford and Mrs. H. E. Harris gave the duet, "Jesus Will Keep Thee". F. R. Harris, the solo, "The Heavenly Home". An offering of over \$25.00 was received.

TUNE IN FRIDAY NIGHT ON "CANADA ON PARADE"

Sandy Cove's Progressive Club Closes for Season

The annual banquet of the Progressive Literary Club, of Sandy Cove, was held at the home of Mr. and Mrs. Amasa Eldridge, on Friday evening, March 20th, with every member who has been attending this winter present, also Miss N. Dakin, of Digby, and C. Edwards, of Cape Breton, teacher at Sandy Cove, who have added much to the entertainments by their literary aids.

Perhaps a resume of the winter's work would be of interest to some of the Courier readers as there are many old members away, who take the county paper, and still keep an interest in the club. There is a discussion of the week's news gathered from the newspapers or by radio. The meetings are held on Friday evening. Then follows a questionnaire, which gives work for idle minutes through the week, on any subject which will be instructive and interesting.

The book chosen for the reading is one by Sir Gilbert Parker, "The World for Sale" and was thoroughly enjoyed.

Each hostess has the privilege of choosing a subject for discussion, and this winter there have been wonderful evenings on the following: "Canada," "Indians," "Fishes," "Longfellow," "British West Indies," "Fish," "National Flags."

The all-Canada night was especially interesting, as was also the Longfellow night. His birthday being on that day. On the latter it was agreed that Longfellow had been a great help to Nova Scotia, through his poem, "Evangeline", which has stimulated the tourist trade.

The Gentlemen's night was held at the home of Dr. and Mrs. Rice. They entertained royally with readings, recitations, speeches, songs, etc. On Friday, the 13th, after the regular programme, they had a "Hoodoo" hour, each member telling some ghostly story or weird experience in his or her life.

The banquet was a great success as it always has been, and after the choice viands had been disposed of, a short literary programme was given. A speech from Mr. Edwards, who in a few well-chosen words expressed his thanks for a pleasant and instructive winter's course, followed by Miss Dakin, in a similar manner. Dr. Rice, in a short address appreciative of the good evening's spent together, moved a vote of thanks to the host and hostess, which was seconded and carried unanimously. Then followed "For They are Jolly Good Fellows", after which came "Auld Lang Syne", and then the club yell. "Progressive Club, in a Hub". So ended a pleasant series of Friday evenings, and the members are looking forward to another winter.

"Good baking goes hand in hand with good recipes and good materials," says Miss Helen G. Campbell, Director of the Chatelaine Institute. "This recipe has been tested and approved in the Chatelaine Institute kitchen."

*MAGIC HERMITS

¾ cup butter

1 ¼ cups brown sugar

2 eggs

1 cup chopped raisins

1 cup chopped walnuts

1 cup chopped dates

1 teaspoon vanilla

½ teaspoon nutmeg

1 teaspoon cinnamon

2 cups pastry flour

¾ teaspoon Magic Baking Powder

¾ teaspoon Magic Soda

2 tablespoons milk or water

Mix and stir together the dry ingredients. Cream butter, add sugar and well-beaten eggs and vanilla. Then add one-third of the flour mixture, fruit and nuts. Add more flour and liquid alternately until all are used.

up. Mix thoroughly. Drop by spoonfuls on a greased shallow pan and bake in moderate oven from 15 to 20 minutes.

This recipe and dozens of other equally delightful ones are listed in the new new Magic Cook Book. If you bake at home, write to Standard Brands Limited, Fraser Ave., Liberty St., Toronto, and a copy will be sent to you.

OBITUARY

Mrs. Sarah J. Emery—The remains of the late Mrs. Sarah Hayden Emery, widow of the late William Emery, who died in a Lynn, Mass. Hospital, following an operation, were conveyed to Fort Wade on Friday. A large circle of friends gathered on the arrival of the "Fort Wade", and interment was made in the United Baptist cemetery, by the grave of her husband, who predeceased her several years ago. The funeral sermon was preached by Lic. H. S. Hartin, pastor of the church. Mrs. Emery leaves to mourn two daughters, Mrs. Herbert Theriault, of Bloomfield, and Mrs. Bernard Gower, of Port Maitland. The latter, on hearing of her mother's illness, hastened to her bedside, but arrived a few hours after her passing. The deceased, who was in her 80th year, leaves one brother, John S. Hayden, of Lynn, Mass.; and a half-sister, Mrs. Hilda Johnson, of Leonardville, N. B., both of whom arrived at Fort Wade on Friday. Other relatives attending were Mr. and Mrs. Theriault, Mr. and Mrs. Gower, and Mrs. George Balsar, of Granville Ferry. The floral tributes were beautiful; a silent token to a faithful mother, sister and friend.

Mrs. W. A. Fillmore—A very wide circle of friends will regret to hear of the death, last week, of Mrs. W. A. Fillmore, wife of Major Fillmore, prominent Amherst citizen, after a lingering illness. Mrs. Fillmore had been in failing health for several years and within recent weeks it was realized that her hold on life was becoming less. She was an Amherst girl, Jennie Mitchell, daughter of the late Dr. Robert Mitchell and Mrs. Mitchell, and was born 66 years ago. Her marriage to Mr. Fillmore took place over forty years ago. Besides her husband, she is survived by one daughter, Miss Bessie, R. N., who had cared for her ever since her graduation, and two sons, Robert, in Amherst, but who had been a resident of Digby for the past few years, and Will, on the staff of the Malaga Salt Co., New Glasgow.

Charles Coggeshall—Word has been received by T. O. Morgan, Smith's Cove, of the death of his brother-in-law, Charles Coggeshall, which occurred on Tuesday, at Fall River, Mass., after a long illness. He was for many years on the police force of that city, but on account of ill health retired several years ago. He leaves to mourn his wife, who was Miss Rebecca Morgan, daughter of the late Mr. and Mrs. Richard Morgan, of Lansdowne.

Loran E. Adams continues to hold the record for early planting in Deep Brook, as he had potatoes and peas in the first of last week, and expected to add to the list by the end of the week.

Mrs. Abbie Morse, of Vancouver, B. C., who has been visiting her parents, Mr. and Mrs. T. R. Morehouse, Sandy Cove, has returned.

Corrected List of Masonic Officers

In the list of officers of King Solomon Lodge, as published in last week's Courier, two of the most important officers—the secretary and treasurer—were inadvertently omitted. Following is the corrected list:
W. M.—J. J. Wallis
S. W.—R. H. Lockward
J. W.—J. D. Casswell
S. D.—K. E. Collins
Secretary—James W. Merkel
Treasurer—P. W. Holdsworth
J. D.—H. J. Campbell
S. S.—Dr. W. R. Dickie
J. G.—Dr. S. B. MacGregor
I. G.—Forrest Eisner
Mar.—H. W. Bowles
Chap.—Rev. A. E. Gabriel
Tyler—G. E. Donnelly.

This week has been fairly active in shipping circles. Besides the regular trips of the Princess Helene, the Reo arrived from Lunenburg on Monday; the Seemak, Capt. Crouse, from Yarmouth, on Saturday; the Malbo, Capt. Crouse, from Yarmouth, on Saturday; the Marjorie E., Capt. Burke, cleared for Yarmouth Saturday; the Otis Wack, which has been in quarantine here, cleared in command of Capt. Taylor for Yarmouth, on Friday; and the Kipawo, which has also been in winter quarters, cleared in command of Capt. Trefoil, for Saint John, for its annual overhauling before taking up the Minas Basin route.

A five-palon keg of rum was seized on Saturday afternoon by Preventive Officers Snow and Christie. The keg was located on the Weaver Settlement Road, near Weymouth. Before making any arrests the officers are searching deeds at the recording office in order that they may find out on whose property it was found. This seizure was the second made by these officers during the past week in the Weymouth district.

Social Service Council Holds Convention

A convention under the auspices of the Social Service Council of Digby County, was held in the Grace United church hall last Monday afternoon. There were delegates present from Digby, Smith's Cove, Sandy Cove, Little River, Rossway, Centreville, Weymouth and Weymouth North.

The following officers were elected for the year:
President—J. J. Wallis, Digby.
Vice-President—Mrs. Wm. Lent, Weymouth North.
Secretary—Treasurer—Rev. E. W. Forbes, Digby.
These and the following persons constitute the executive: J. Hart Hayden, Bayview and Culloden; H. W. Cossaboom, Centreville; Floyd Jeffrey, Sandy Cove; Rev. F. D. Harvey, Little River; Ralph, Morrell, Freeport; Clarence Tibert, Central Grove; Mrs. H. P. Bowers, Westport; P. Sabert, New Brunswick; Dr. W. C. Harris, Barton; Wardens: J. Vian Andrews, North Range; A. J. Cornwell, Smith's Cove; Rev. A. J. MacLeod, Bear River.

Chairmen of committees were appointed as follows: Sabbath Observance, Rev. C. L. Chute, Little River; Gambling, (to be named by the executive); Temperance Education, Rev. P. C. Amery, Weymouth North. Steps were taken to promote an educational campaign. The provincial Social Service Council was present and addressed the convention on the progress of the province. The following resolutions were passed:

"Resolved, that this convention supports the Provincial Social Service Council in its endeavour to obtain an amendment to the Liquor Control Act to provide that an opportunity be granted to the counties at the earliest possible date to vote on the question of the prohibition of the sale of liquor within the limits of the county, and further resolved that the executive confer with the representatives of the county regarding their attitude on the question, and that we pledge support, irrespective of political affiliations to representatives who will vote for such an amendment."

Resolved that this Social Service Council and Temperance Alliance request the Federal Government to refuse any application that may be made for the granting of a license to establish a distillery in Berwick or elsewhere in the province and further resolved that the secretary thereof advise the Prime Minister, the Rt. Hon. B. Bennett expressing appreciation of his stand taken at the session of Parliament, March 1931, in opposing an increase in recent years of the number of distilleries in Canada."

Hospital To Open April 28th

The new Digby General Hospital will be formally opened for public inspection on Tuesday, April 28th. The present premises are to be vacated by May 1st.

The new hospital is one of the finest structures of its kind in this section of the Maritime Provinces. Beautifully finished and well planned inside and out, it is an institution that any town would be proud of. The thanks of the community are due those who first conceived the idea of a Digby General Hospital, and to those in the town and county, as well as other towns, whose generosity and support has made this beautiful new building a reality.

Appointments that have been made to date include Miss MacCormac, formerly of Halifax as housekeeper, and Kenneth Turnbull as janitor.

While speaking of the new hospital let us remind you of the Variety Sale to be held under the auspices of the Ladies' Aid, in the building next to the Royal Bank, one week from tomorrow. See the advertisement in another section of this paper.

Horace Torrie, in writing home from the airport at Port MacMurray, B. C., with which he is connected this week, says that the last mail flight of the season in which the planes for winter equipment of sleds for landing, took place on the 9th. The ice on the lakes is now too rotten to admit of that kind of landing, but it will be a month before they are sufficiently open for pontoons.

Lodge Holds Father and Son Banquet

Saint George Lodge, I.O.O.F. of Digby, marked their fortieth anniversary last Friday evening by a Father and Son banquet in their hall over the Bijou Dream Theatre. This lodge, founded March 12, 1891, by 28 charter members, is now one of the strongest lodges of the order in this section, and owns the valuable building in which they hold their meetings.

During the early part of the evening the members and their guests enjoyed a motion picture show put on especially for their benefit in the theatre, later assembling in the lodge room, where the tables were spread.

At the banquet the Noble Grand, Burton Fleet, presided as toast master, followed by a supper of chicken, pork, pie, cake, etc., on Friday evening, April 10th, in the Oddfellows' Hall. Over one hundred members and invited guests were present.

Following the supper a six-reel picture, "Lena Smith's Case" was put on especially for the guests, and was much enjoyed by all.

The members of committees, who had the anniversary social in charge are to be highly commended on its success.

"Our Town," proposed by Rev. E. W. Forbes, response by His Worship Mayor, T. E. G. Lynch; "Our Fathers and Mothers," proposed by G. H. Peters, response by Rev. F. E. Bishop. During the evening music was furnished by Digby Baxter's "one man orchestra," with piano accompaniment by William Turnbull.

Tiverton Oddfellows Celebrate 20th Anniversary

Rainbow Lodge, No. 113, I.O.O.F. of Tiverton, marked their 20th anniversary by a supper of chicken, pork, pie, cake, etc., on Friday evening, April 10th, in the Oddfellows' Hall. Over one hundred members and invited guests were present.

Following the supper a six-reel picture, "Lena Smith's Case" was put on especially for the guests, and was much enjoyed by all.

GOVERNMENT OWNERSHIP OF BREAD SUGGESTED

Government ownership of bread with "the staff of life" being distributed as freely as water by Canadian cities, is the interesting suggestion made editorially in the Ottawa Evening Citizen, a part of the largest newspaper chain in the Dominion.

"When bread is equally as free as water, civilized communities will at least be relieved of the shame of starvation," says the Citizen.

"Bread could be as free as water in Canada. It could be distributed from municipal bakeries with no more waste than water is distributed from municipal water works."

"Of course, such a proposed method of abolishing starvation would be better than as socialistic. It is no more socialistic than the municipal water supply. It may be regarded as visionary, but the present system of exploiting the public's supply of daily bread can hardly be accepted as the last word in human intelligence."

"While some people are starving in Canada, hundreds of millions of bushels of wheat are holed in elevators. Reports have come from the west of wheat actually being burned as fuel where farmers are without coal. Miners would be glad to dig coal in return for the wheat with which to get food."

"There may be less opposition to free bread when more people begin to doubt what may happen in the next period of lean years. Every recurring period is finding an increasing number of unemployed unwilling to suffer privation amid the resources of abundance."

PROGRESS

For more than 40 years, Mrs. Mary Gallagher, now 84 years old, has lived in the log cabin in the Pennsylvania hills where she settled as a bride. Recently she has come out to view the modern world for the first time. Visiting a niece in a big city, she has been amazed at automobiles, telephones, vacuum cleaners, electric lights, the radio and a lot of other things which the rest of us take pretty much for granted.

One day, while she sat chatting about some of the early incidents of her life, a horse-drawn wagon went past the house. Mrs. Gallagher jumped to her feet, and went from window to window in order to watch the horse as long as possible. "I always did like horses," she said.

We moderns like to amuse ourselves sometimes thinking about how we could amaze and thrill our ancestors of some generations by showing them all our up-to-date mechanical devices for labor-saving, comfort, convenience and entertainment. It's just possible that, unless we could at the same time show them modern improvements in happiness and peace of mind and strength of character, they might not be so impressed as we imagine.

THE JOY OF WORKING

By Bruce Catton

When Justice Oliver Wendell Holmes, on his 90th birthday, remarked that his work was not done yet, and would never be done as long as he lived, he aimed a shaft right at the center of one of the oldest of human dreams.

This dream—which all of us, in one way or another, nourish now and then—is the dream of somehow getting one's life work finished so that one can get out of harness and sit down somewhere to enjoy the evening of life in carefree idleness and repose.

Most of us, of course, are fated never to make that dream come true; but we keep on dreaming it, just the same, looking forward to some time in the future when we can stop working and take things easy. And it is just this that Mr. Justice Holmes will have none of.

"The work," says the aged justice, "is never done while the

power to work remains. It cannot be, while you still live. For to live is to function. That is all there is in living."

Perhaps this is something that applies only to those fortunate people who have found work for which they are especially fitted and which they especially enjoy. Mr. Justice Holmes, of course, falls into that classification exactly. Not all of us are that lucky.

Nevertheless, to a certain degree his remark has a universal application. And its truth rests largely on a little-understood but important fact, namely, that we enjoy life best, not when we are actually seeking happiness, but when we have completely forgotten about it and are working our heads off at the day's job.

Often enough this job is not particularly interesting. Often enough the man who is plugging away at it can think of many other jobs that he would enjoy a good deal more. But that is not the point. The point is that to plunge head-over heels into work—to lose one's self in the doing of something, so that all of one's energies and abilities are called into play constantly—is to know a completeness of living that can be known in no other way.

FAIR SEX FIGHTS FAT WITH WHEATEN DIET

Enquiries among restaurateurs in several Canadian cities suggest that the fair sex has found a new and better diet to preserve that sylph-like figure. Gone is the starvation menu—the slice of toast and the glass of water. Instead the modern Miss is slimming on whole wheat—usually in prepared biscuit form—with milk and fruit added.

The enquiries which were made of restaurant owners by the Canadian Shredded Wheat Company included the following question: "Are whole wheat foods of all types more popular with your customers than five years ago?" The reply was the most unanimous "YES" with the rider that while breakfast is still the big cereal eating meal, whole wheat items are becoming increasingly popular at other meals, particularly tea.

Asked for reasons for this change many replied that waitresses reported to them that customers had decided that whole wheat, fruit and milk was a slimming yet nourishing diet.

It is thought by the Canadian Shredded Wheat Company that the girls' new diet has been inspired partly by advertising but more certainly by continued medical advice through various channels emphasizing the complete food value of such a diet without increasing bodily weight.

To The Shut-In With Jesus

Philippians 4: 4-7—"Rejoice in the Lord Always. What reasons there are for rejoicing in our Lord Jesus Christ? What good news indeed is the Gospel? 'Christ died for our sins.' He was buried, and—He rose again the third day." 1 Cor. 15: 3-4. How dark life would be if there were no cross and no empty tomb. If there had been no empty tomb, we should never have heard of the cross; and if there had been no cross, we should never have wanted to hear about the empty tomb.

Let me explain: The resurrection is the most sublime proof of the fact of Christ. He was crucified between two thieves and in the place of a murderer by responsible officials of two nations. His disciples were dumbfounded, defeated, and dispersed. They "trusted that it had been he which should have redeemed Israel." Now their hopes were crushed. This should have ended the matter; the disciples should have returned to their former occupations; we should never have heard of the crucifixion of this Nazarene. But we have heard! How account for it? How can we account for the New Testament, for the church, for the whole body of Christian belief? How, indeed, but for the fact that this Crucified One became the Risen One.

But granting the resurrection which we cannot deny, who would want to be raised from the dead in his sins to stand in the presence of the holy and just God? Far better for us that there were no resurrection if there were no pardon, no cleansing, no healing of the sin wounds, no white garment. But, praise God, the resurrection reveals the cross, Christ died for us, "the

A very pleasant afternoon was spent in quilting, and a beautiful supper, at the close of the supper Mrs. Rogers was presented with a little gift, as a token of appreciation from the members. Mrs. Rogers was completely taken by surprise, but responded in a very pleasing manner. The evening was spent in binding the quilt.

Next to the boys playing marbles and the girls playing hop-skotch, the next best surest sign of the approach of summer is the unfeeling of awnings—and they are making their appearance.

"Drunk" Has Many Meanings

In recently commenting on the origin of the word "booze," the Boston Transcript clarifies the present prohibition situation by quoting from Roget's Thesaurus the various synonyms for "drunk." Unpleasant though these terms may be, they might well be brought forcibly to the attention of the youth of today who knows so little of conditions as they existed in former days. Here they are. Look them over:

Tipsey, intoxicated, inebriated, inebriate, in one's cups, tumbled, fuddled, mellow, cut, muzzy, fou, fresh, merry, elevated, flush, disguised, groggy, beery, topheavy, pot, valiant, potent, overcome, overtaken, whittled, screwed, tight, primed, corned, raddled, sewed up, lushy, nappy, muddled, muzzy, obfuscated, maudlin, crapulous, half-seas over, three sheets in the wind, under the table.

Magnesia Best for Your Indigestion

Warns Against Doping Stomach With Artificial Digestants

Most people who suffer, either occasionally or chronically from gas, sourness and indigestion, have no discontinued disagreeable diets, patent foods and the use of harmful drugs, stomach tonics, medicines and artificial digestants, and instead take a teaspoonful or four tablets of Bisulphated Magnesia in a little water after meals with the result that their stomach no longer troubles them, they are able to eat as they please and they enjoy much better health. Those who use Bisulphated Magnesia never dread the approach of meal time because they know this wonderful anti-acid and food corrective, which can be obtained from any good drug store, will instantly neutralize the stomach acidity, sweeten the stomach, prevent food fermentation, and make digestion easy. Try this plan yourself, but be certain to get Bisulphated Magnesia especially prepared for stomach use.

report of the Ladies' Hospital Aid, of Digby.

The past year, I believe, a milestone in the history of our society. It marks the end of the old and the beginning of a new era for the Digby General Hospital. For six years lack of a suitable building and equipment has hampered the work of the hospital, in spite of which each successive year has reported progress. Very few of us fully realize the difficulties faced by the hospital staff in carrying on in a building not erected for that purpose, and with an absolute minimum of conveniences and equipment. Too great credit cannot be given the originators of the hospital, who had the courage to face these years of hardship, the vision to see the creation of a hospital such as now nears completion, and the faith to believe that this would be accomplished through the united efforts of the town and county of Digby.

Since the organization of the Ladies' Hospital Aid, on April 15, 1925 our society has been active in raising funds to meet the needs of the hospital. This has been accomplished largely through the holding of benefit teas, bridges, dances, sales and collections, together with the annual summer fairs, in which our efforts are united with those of the Hospital Board and the communities nearby. With the exception of the large receipts from the fairs, amounting to two or three thousand dollars per year, the individual receipts have been comparatively small amounts, yet the continual effort expended is evidenced by the fact that over \$20,000 has been raised in this way during the six years.

Of this sum, approximately \$16,000 has gone directly to meet current expenses of the hospital, leaving about \$4,000 to have been expended through the Ladies Aid in its various branches. \$1,000 of this was contributed to the Hospital building fund and approximately \$3,000 for the purchase of a complete modern sterilizer equipment for the hospital, in addition to which we have provided for the hospital and also purchased our own equipment of dishes, silver, card tables, covers and playing cards required for the activities of the society. In spite of these disbursements

our books show a balance of over \$750 on our credit, at the present time, the largest balance yet reported.

Another exceedingly gratifying feature of our records is that each year's receipts show an increase over those of the preceding year. The treasurer's report for 1930-31 shows that the sum of \$899.41 has been received during the year, this being \$261.65 more than the amount received for 1929-30. In addition to this amount which has passed thru the treasury, we have as usual been instrumental in raising other sums which have passed through other channels. These should be considered, however, in reviewing our year's work, and are as follows:

Receipts from summer fair \$3,457.79
Receipts from Hospital clubs 109.33
Receipts from sewing circles approximately 50.00

\$3,617.32

Adding to this the \$899.41 previously mentioned, we find that in reality the sum of \$3,617.32 was earned during the past year. It is also gratifying to note in connection with this sum that it is about \$500 in excess of the corresponding amount reported in 1930.

During the past year the society has functioned as usual, the finance committee having organized three bridges, two suppers, two variety sales, one dance, one picnic, one tag day and one collection. The sewing circle has met weekly from January until a short time previous to the fair, and the bridge and sewing clubs have also met weekly from October until January. Eleven regular business meetings and one special meeting have been held with an average attendance of eleven members. The buying committee has purchased goods to the value of \$63.31 in connection with the hospital requirements.

These are the customary functions of the Hospital Aid. It is, however, the adoption of our enlarged programme for the new hospital which has been outstanding. We have undertaken, as our share in the furnishing of the hospital, the complete outfitting of a three-bed ward, which will be entirely kept up by our society. Moreover, we are also supplying the dishes, linens and blankets for the other wards. The hospital clubs, which were organized in 1929, have earned the sum of \$302.96 altogether. This is to be devoted to the furnishing of the obstetrical room, which will be equipped in absolutely the most up-to-date manner. The Finance Committee room, which was originally furnished by the group composed mostly of hospital aid members, is also to be refitted in accordance with the requirements of the new building.

Thus we bring to a close our work for the past year, our eyes already on the future opening up before us. It is a future of increased responsibilities and of greater requirements. Yet we welcome it with the assurance that the generous public which has given its support during these first difficult years, will continue to support this new product of its generosity.

Respectfully submitted,
Louise M. Warne

HAD TO KEEP FROM SCHOOL

Now-Well and Strong
Can't Praise Dr. Williams' Pink Pills (Tonic) Too Highly - Helpful in Spring

"Not Sick a Day Since"

"When my daughter was eleven years old," writes Mrs. James Riecker, R.R. 1, Martineau, N.S., "she became nervous and weak. So bad I had to keep her from school. I read about Dr. Williams' Pink Pills, and I bought a box. She took them and felt better. So she continued taking them and got well and strong—goes to school every day. This was two years ago, and she has not been sick a day since."

Look back over your life. How you suffered! Don't let your daughter make the same mistakes. Look at her. Is she pale? Languid?

The iron and other elements in Dr. Williams' Pink Pills increase the number of red corpuscles in the blood, improving the complexion, increasing body vitality. Any druggist will provide you with Dr. Williams' Pink Pills. Or write to Dr. Williams' Medicine Co., Brockville, Price 50 cents a box. 104

FRIDAY & SATURDAY SUGGESTIONS SHERWIN-WILLIAMS PAINT HEADQUARTERS

You need fewer gallons of SWP

Fine old SWP House Paint has such wonderful "body" that each gallon thoroughly covers more square feet of wall.

That is one reason why SWP House Paint costs no more than cheaper paint on your house. The saving on gallons does it—regardless of the price per gallon.

In addition you get the superior quality of SWP—the more beautiful, weatherproof color—the long service that saves 50% to 60% in repainting cost. All because fine old SWP is made of the finest materials, by the largest paint and varnish makers in the world.

Come in and let's do a little simple arithmetic before you squander money on cheaper paint.

Specify SWP and compare good painting

There's no paint bargain like good quality

And the time to paint is now. Your house, your garage, your fences, your shutters, screens, flower boxes—they all need the weather-resisting protection of SWP. You can buy cheaper paint, of course,

but, remember, there's no paint bargain like good quality. We know SWP to be the best paint bargain of all. That's why we recommend it as a leader on our Friday and Saturday Suggestions.

S-W Paint Products are sold the world over under this famous trade mark.

Don't 'Buy a Pig in a Poke'

The ever increasing number who come to us and ask for "Sherwin Williams" at the special house job price proves conclusively that there is saving and satisfaction in using it.

People find that the total cost of the job done with "Sherwin Williams" is less than a job done with paint which is cheaper by the gallon but takes more gallons, and this applies to inside work as well as outside.

SCOUT NEWS

The Local Troop has just completed the biggest week in its history, thanks to the presence here during the past few days of the Provincial Director of Scouting, S. J. Limbrey.

The Provincial Scout Council recently decided to put on short courses for Junior Leaders in addition to the courses along Gilwell lines which they have had for adults during the past few years. The Junior Course is an innovation, and Bear River is among the few towns first receiving the benefit of it. But its success to date has been so pronounced that it must soon become one of the recognized Scout activities of the province. The Course is open to Troop and Patrol Leaders and Second.

At Bear River the Junior Leaders assembled from Digby, Smith's Cove and Bear River to the number of about twenty. Afternoon courses were held on Thursday, Friday and Saturday from 4 to 6 p.m. Those successfully completing the course will be awarded a certificate from Headquarters. A similar course was held on the evenings of these days for the benefit of adults, and a class of about 25 was in attendance. Those completing this section of the course will be presented with a certificate, and three more such courses entitle them to a Gilwell certificate.

In addition to these activities, Mr. Limbrey found time to meet with the newly organized Cub Pack at their regular Friday afternoon session, and also to meet with the rank and file of the local troop at a special meeting which they held on Saturday morning. And to cap the climax he addressed a large gathering in the United Baptist Church on Sunday morning in the interests of Good Scouting. This gathering was attended by Scouts and Cubs from Digby, Annapolis and Bear River, to the number of about eighty. They marched in uniform from the Royal Bank corner to the church and occupied the front pews in the centre section of the church. Pastor MacLeod, who is also Rover Leader, was also assisted in the service by the Rev. Pearl Henderson, who on the previous evening had been admitted into the Scout fraternity and had been invested with the badge of a Scout. A large body of townspeople as well as a number of visitors from out of town were in attendance at the service.

Some of Mr. Limbrey's observations in connection with the local situation are very interesting. In the first place we were told that Bear River is the first place in the province to have a full and complete Scout unit. This unit consists of an organized Cub Pack, an organized Scout Troop, and an organized Rover Crew. We were also told that we had the most Scouty corners at our headquarters of any Troop in the province. Each of the three patrols have their dens or corners fixed up according to the best traditions of Woodcraft. The Beavers have their house, the Peewits have

WHO'S WHO

Hon. Lewis Smith

A SHIPOWNER and a farmer of many years' experience, Hon. Lewis Smith, Minister of Agriculture for New Brunswick, is one of the outstanding producers of his Province. His interest in the World's Grain Exhibition and Conference, Regina, 1922, is demonstrated as chairman of the Provincial Committee of New Brunswick. Mr. Smith was born at Lower Coverdale, Albert County, New Brunswick, fifty-one years ago. He was educated at the grammar school of Albert County and later attended the Ontario Business College at Belleville, where he received a commercial training.

For ten years he was a member of the County Council of Albert County and in 1927 was elected to the New Brunswick Legislature as representative of his native county. At each of the general elections since that time Mr. Smith has received the confidence of the electors and joined the New Brunswick Government as Minister of Agriculture in 1925.

CITIZENS' MEETING HELD

On Monday evening, April 13, a citizens' meeting was held to hear the reports of the Street Lighting and Fire Apparatus Committees.

The Lighting Committee reported on the progress they had made to date, and they had been instrumental in obtaining some reductions in lighting rates and hope to obtain still further reductions in the future.

The Fire Apparatus Committee reported the purchase of one complete Wajax Pump Unit together with 660 feet of Fire Hose. On motion this equipment was passed over to a Board of Trustees consisting of L. V. Harris, chairman, Dr. L. J. Lovett and B. C. Clarke, and the property vested in their names. R. R. Baxter was also appointed Fire Chief and given authority to recruit his own Fire Squad; and the meeting further authorized the newly appointed officials to go ahead and raise funds for additional equipment in any way they saw fit, and especially authorized them to sponsor the Cherry Carnival during the coming summer, provided they wished to do so, and to report concerning it on some date not later than May 1st.

their nest and the Foxes have their den. Photos of the corners were taken with the idea of having them reproduced in the official Organ of Scouting for Canada, the Scout Leader, and also in the Empire publication, the Scout.

All Scouts will look forward with interest to the next visit from Mr. Limbrey, when we will again have to learn something more about the "Greatest Game in the World".

C. G. I. T. PLAY

The play "Windy Willows" given on Wednesday evening of last week, in Oakdene Hall, by the C. G. I. T., of the United Church of Canada, with Mrs. H. C. Anthony, as leader, was a decided success financially, and greatly enjoyed by a large audience, in spite of weather conditions. The players were assisted by the Oakdene Orchestra, which greatly added to the enjoyment of all present.

The scene of the play took place in the little village of "Windy Willows" and centered in front of the village store which was kept by "Scarcely Nuff", the part being played wonderfully well by Anna Davis. The parts of Mrs. Llewellyn DePayster and her niece, Gladys, were well taken by Harriet Wamboldt and Alice Morine. Garnet VanBuskirk and Floretta Hazelton, as Carrie Tibbs and her brother, Hubbel, who invented a dishwasher, were well done. Freda Rice and Eileen Copeland as bank managers and Margaret Milberry as a detective in the disguise of a tramp, made splendid men and took their parts well.

Home made candy was sold between acts, and the proceeds of the play amounted to \$48.30. Following is the list of characters:

Hubbel Tibbs, a bashful country boy, who has a dishwasher—Floretta Hazelton.
Scarcely Nuff, a rube constable—Anna Davis.
Billy Fortune, a fake tramp—Margaret Milberry.
Donald McAdam, a young bank president—Freda Rice.
Glover McAdam, a bank president and Donald's father, Eileen Copeland.
Gladys Wellington, a young lady tourist—Alice Morine.
Carrie Tibbs, Hubbel's sister—Garnet VanBuskirk.
Mrs. Llewellyn DePayster, fashionable aunt of Gladys—Harriet Wamboldt.

Mrs. Harry E. Harris, Mrs. Litchfield, Miss Edwards, Miss L. VanBuskirk, Miss Hazel Purdy, Miss Harriott Marshall, Geraldine Purdy and Garnet VanBuskirk, motored to Bear River East to hear the concert on Thursday evening of last week.

TALK OF THE TOWN

Don't forget the Lusitania Concert Company's concert in the United Church hall, Saturday evening. They have had crowded audiences all through the province, and no one should miss them.

The Hospital Sewing Circle was well attended on Friday afternoon at the home of Mrs. S. S. Aymer. Mrs. H. F. Williams will be the hostess next Wednesday and all are invited to attend.

The April meeting of the United Church Brotherhood will be held on Tuesday evening, at 7:30 o'clock. This is the closing meeting for the season. It is Ladies Night and a good programme is being prepared.

You often hear people speak of the good cup of tea they get at the "Green Lantern", Halifax. No wonder, since the "Green Lantern" serves up with Morse's Selected Orange Pekoe and never with any other kind.

The quarterly business meeting of the Digby United Baptist church, was held on Friday evening last. Reports from the clerk and treasurer were encouraging, showing all bills paid and a balance in the treasury.

The residence of William York, on Mount Street, was totally destroyed by fire between 4 and 5 o'clock, yesterday afternoon. Mr. York had been burning off his land and the flames got beyond his control. Beyond a trunk and a few garden tools nothing was saved. The loss was total, there being no insurance.

The Canadian Teachers' Federation met in Charlottetown on Wednesday of last week. More than 450 teachers were in attendance. Dr. Davis, of Toronto, gave an inspiring address entitled "The Challenge to Canadian Schools". In the evening Paul Kollins gave a recital under the distinguished patronage of Maj. Governor Dalton.

On Sunday afternoon the First Smith's Cove troop of Boy Scouts with Scoutmaster Edward Payson and Assistant, Miss A. L. Jagger, paraded to the United Church at Smith's Cove, where the pastor, Rev. E. W. Forbes, delivered a very interesting address. A large reproduction of the "Tuxis Square" banner, beautifully painted by Miss Jagger, was on display in the church.

Four Generations in Two Families Attend Sewing Circle

The ladies of the Sewing Circle of the United Baptist church, of Westport, met in the vestry of the church last week for the purpose of quilting a fancy quilt. "Marie Irish, chair". At this gathering there were four generations of two families present, namely, Mrs. Margaret Cossaboom, of Tiverton; Mrs. Ernest Peters, Mrs. Harold Denton, and her little daughter, Elaine Denton, of Westport; also Mrs. Edward Sutherland, Mrs. Sinclair Cann, Mrs. Bernard Bowers and her little daughter, "Marie Joy", of Bowers. A bountiful supper was enjoyed, and after a strenuous evening's work, led by the president, Mrs. H. Bowers, the quilt was completed and taken from the frames.

IN MEMORIAM - In loving memory of our dear daughter and sister, Ruth Trimper, who died April 16th, 1930.

In the graveyard, softly sleeping, Where the grasses gently wave, Lies the one we loved so dearly, In her lonely, silent grave. Just one year ago, dear Ruth, Since we kissed your marble brow, When you passed to be with Jesus, Where no sorrow you can know, You will never be forgotten, Never will your memory fade, Loving thought will always linger, Round the grave where you are laid, From Father, Mother and sisters, Mrs. Valphine Pulley and Mrs. Emdon Starr. 37 11c

Scout Notes

During the past week the Patrol Leaders and their Second have been attending an instruction course conducted by C. J. Limbrey, Director of Scouting for Nova Scotia.

This course was held at Bear River and was attended by scouts from Digby, Smith's Cove, Bear River and Annapolis Royal, and was of great instructive value to those attending. Many of the valuable suggestions received will be incorporated in the running of the Digby Troop.

On Sunday last the Digby Troop went to Bear River where they attended service at the Baptist Church. The sermon at this service was given by Mr. Limbrey. His address dealt with the work of Scouts and the value of scouting to the youth. Mr. Limbrey gave the laws of the Wolf Cubs; Scouts and Rover Scouts and explained their true meaning. The Scouts all enjoyed hearing Mr. Limbrey's talk.

At the last Scout meeting it was decided at a Court of Honor trial that the Beaver Patrol would again be formed with the new boys who are anxious to join the Troop.

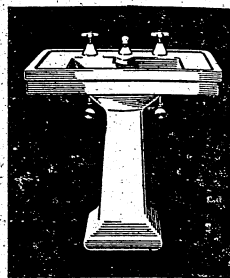

Patrol Leader Keen was presented with several badges, also with his King's Scout Card. Several boys are working to get their King's Scout rank. So far there are only two King's Scouts in the Digby Troop.

The April meeting of the Smith's Cove Women's Institute was held last week at the home of Mrs. George Austin, in that village. Plans were discussed regarding the county rally to be held in June. O. P. Woodman very kindly donated sunflower seeds to be given to each child who has a school garden; also two dollars, to be given for the largest sunflower.

The May meeting will be held at the home of Mrs. Edward Winchester, with Mrs. Winchester and Mrs. Walter Outhouse as joint hostesses.

"SUNWORTHY" WALLPAPERS

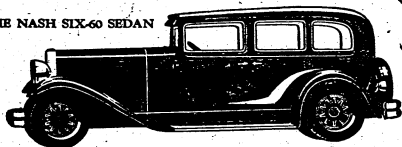

With ordinary wall papers you dare not move a picture from where you originally placed it because of the fading of the paper around it. "Sunworthy papers" are sun proof and do not fade. The patterns are the best and "Sunworthy" papers can be used in any room.

Woman Dies As Effect Of Burns, At Sandy Cove

The death of Mrs. Walter Collins occurred at Sandy Cove, under most distressing circumstances. Mrs. Collins, who, although for some time in poor health, was still able to be about her home, died from the effects of serious burns, received sometime during Saturday night.

She was in the habit of staying up late at night, and it was not unusual for her to remain up after the other members of the family had retired. On this night it is supposed she fell and broke a lamp, setting fire to her clothing. When found by her daughter in the morning in an almost unconscious condition, there was evidence that she had struggled and extinguished the fire by wrapping herself in a heavy coat, which had smothered the flames. It is supposed, she then fainted. Medical aid was summoned and everything possible was done to alleviate her sufferings, but she passed away on Monday morning as above stated.

The deceased was a daughter of the late Captain Reuben and Mrs. Crowell, of Sandy Cove. She is survived by her husband, Walter Collins, of Westport; one son, Percy Harris, in the United States, and one daughter, Mrs. Harry Gormley, of Lequille, Annapolis Co., by a previous marriage, and two daughters, Doris and Myra, by a second marriage.

S. W. Titus is visiting his son, Harry, at Moncton.

On Friday of last week there were thirty-five men at work repairing damage done by recent storms to the streets and abutments of the town and twenty-one auto trucks, and teams were hauling stone for filling. At that time approximately 2000 cubic yards of stone had been hauled and some 3000 more cubic yards were needed.

Tennis Club Benefit To-Night

The Digby Tennis Club ask your patronage to-night in the Bijou Dream Theatre, when they will present a varied and interesting programme. First of all Professor Roy Grant has a number of Magician Acts; then Mrs. Goran, who has lived for some years in the Holy Land, will impersonate Eastern characters and sing songs in Arabic and Hebrew as well as English. It is rumored that Amos and Andy are to be here to take part in this novel performance; and we are not leaving out the children, who have some nice songs to render for your approval. Others contributing to the evening's enjoyment will be Miss Marie Flemming, Mrs. Frank Hayden, Laurie Dickson, Phyllis Dakin and Rev. A. E. Gabriel. The young people are anxious to raise funds for the improving and extension of their Tennis Courts, so come tonight and help out a good cause.

TALK OF THE TOWN

Be sure to attend the Hospital Variety Sale, in the building next door to the Royal Bank, tomorrow.

The scarf and bag donated to the Ladies' Hospital Aid by Miss Scott, was won by E. F. Keith, of Wolfville.

The service in Grace United Church on Sunday evening will be largely musical. A number of the familiar hymns of Charles Wesley will be sung, and the story of the hymns will be told.

There has been much talk in Halifax of late about the excellent cup of tea that is served at the new tea room of the Wood Bros. Company. But would you expect anything else since the tea they use is Morse's Selected Orange Pekoe.

The closing meeting for the season of Grace United Church Brotherhood was held on Tuesday evening. There was a good attendance and the Ladies' Aid were the guests of the Brotherhood. A short programme of music and readings was rendered. The Brotherhood has had a very successful season, and looks forward to resuming its meetings when the summer is over.

Rev. H. N. Konkle, of Toronto, Secretary of the Mission to Lepers, will give an illustrated address on the work among the lepers, in the Baptist vestry on Monday evening, April 27th, at 8 p. m. An offering will be taken for the Mission to Lepers.

Mr. Konkle visited Digby two years ago, and has a very interesting story to tell. He will show a new lot of slides this time.

The Welsh musicians were much enjoyed in their concert in Grace United Church Hall on Saturday evening.

Mr. Hopkins is a wonderful pianist, and the audience was delighted with his selections. Mr. Williams gave a thrilling account of the sinking of the "Lusitania" which will never be forgotten by those who heard it. On Saturday evening Mr. Williams again spoke in the regular church service, his subject being, "Sincerity in Religion". He also sang two numbers, and Mr. Hopkins played the organ accompaniment.

THIS STRANGE OLD WORLD

(Ottawa Journal)

Who says that life has no variety? Here are just a few things we've noted in going over the news of the past few days:

Somebody in Ottawa stole an airplane; two youths in New Jersey proposed to marry the Atlantic Ocean in a large rubber ball; provided they can interest a baker; women in London are painting musical notes on their finger nails; a mah in Arizona sets an all-time cactus-sitting record; a woman in Cleveland sets fire to her bed while reading and smoking a corn cob pipe.

Bees in Tuscola, Ill., take over a 10-room house, driving the occupants to other shelter; apples in Kansas are baking on the bough; Coffins, Mich., relating the services of an official skunk hunter, in lieu of the usual grand jury; a child of six in New Jersey makes a miniature golf layout; ten thousand persons at a place called Rockaway tear up leaves when a reward is offered for the return of diamond; with the temperature in the late 80s, a team of men in Montreal beats a team of horses at running over a 211 mile course; over 1,100 home runs had been made in the big leagues by April 20, and manufacturers insist the ball has not been altered; a girl explorer sets up headquarters for a Polar dash.

A carpenter in Kansas shingles the wrong house, and a crew of wreckers in a nearby town tears the front from the wrong business building; a \$45,000 room of apartment in New York was finally rented.

THE LAST OF THE BOURBONS

King Alfonso was the last of the Bourbons to wear a crown. This historic family took its name from Bourbon l'Archambault, now a sleepy little township in the very middle of France. Ancient buildings and a little kingdom straddling the Pyrenees that finally split in two. The southern half went to Spain, the northern to France. Anthony was King of Navarre.

Anthony's son became King of France as Henry IV, one of the most picturesque figures of history, champion of the Protestant Huguenots during the time of the massacre of St. Bartholomew.

Henry's son was Louis XIII. He was father of Louis XIV, who reigned during the greatest age of French literature and French political influence in Europe. Then followed in direct line, Louis XV and Louis XVI, well known for his part in the French Revolution. The latter's brothers, on the Royalist restoration, reigned as Louis XVIII and Charles X, respectively—the last Bourbons to rule in France.

The first Bourbon to rule Spain was Philip V, a grandson of Louis XIV of France. His succession in 1746 was heralded by the historic War of the Spanish Succession. Since Philip's reign the family held the throne, precariously and with several breaks, until Alfonso XIII. The first of the Bourbons remain, but no principedoms.

Sweet young thing, (being shown through fox ranch) "And how often do you skin the cute things for their fur?"

Harvey, (fed up with questions) "Only four times, madam, more often and they would lose their temper."

Rev. E. C. Prime Named Pastor of Pawtucket Church

Rev. Egbert C. Prime, son of Mr. and Mrs. Seth Prime, of Freeport, who has been filling the position of associate pastor of the First Baptist church, of Pawtucket, R. I., since April, 1929, was unanimously elected pastor of the congregation at a meeting of approximately 150 members, held in the church rooms on April 9th.

Rev. Mr. Prime will fill the vacancy created last September by the resignation of Rev. Frank Rector, D. D., who held the pastorate of the church for more than 30 years. Mr. Prime is a graduate of Acadia University, of Wolfville, and the Newton Theological Seminary, of Newton, Mass. Upon graduating from the latter institution in 1924, Mr. Prime accepted the pastorate of the First Baptist church, at Fridgewater, Mass. During his pastorate of the Bridge-water church, Mr. Prime was prominent in church activities in that city, holding many offices including the presidency of the Bridge-water Council of Ministers, vice-presidency, presidency, Bridge-water Council of Churches, moderator, Old Colony Baptist Association, and secretary, Old Colony Bible Association, and editor of Old Colony Folks.

Old Clock Staged a Comeback

The editor of the Courier has recently installed in his hall an old clock, made by Eli Terry, of Boston some time between 1780 and 1785. It has not run for many years—possibly half a century. The editor, who likes to tinker with such things, overhauled the time mechanism, and the old clock has been ticking away keeping fairly good time, for some days. He did not touch the striking mechanism, and what was his surprise on Thursday morning about 2:30, to be aroused by a rather musical note, which was followed by another and another, before he placed the sound as coming from the old clock. He counted twelve, but the clock kept on, evidently trying to make up for a lost half century. It struck eighty times before the editor decided that he was going to get more sleep it would have to be stopped, and before he could reach it had reached 110. He removed the striking weight and stopped that portion of the mechanism. The weight was restored next morning but the clock was apparently satisfied, as it has not struck since.

Plympton Library Has Big Increase.

Early in March the Digby Courier published an account of the Plympton Library, telling of its growth and giving its history. A few days after the report was printed the librarian received notice that birthday cards had been taboed by her friends, and instead of cards books were to be sent—a shower of them. And there was not only a shower, but a deluge. True, most of them were second hand but they were in fairly good condition, although a little mending will have to be done in some cases. The books began arriving on the 16th of March, in packages of one, two and three—and sometimes more. Up to the present there have arrived 274 books, but by the end of the month the library now has 1238 volumes.

WESTPORT

Miss Dorothy Thompson has now opened up the Black-Kat Saloon, and is now ready to treat the public by serving sandwiches, pies, coffee, ice cream, etc. We wish Miss Thompson much success.

The Misses Margaret Tibert and Amy Johnson spent the week-end at their homes in Central Grove.

Miss Mildred McDermott returned home on Saturday.

Dr. Keith Barkhouse, of Melrose, Mass., arrived Friday last to visit his parents, Capt. and Mrs. Barkhouse.

Mrs. Llewellyn Outhouse has returned to Boston.

Mr. and Mrs. Francis Lent and son, Earle, and Mr. and Mrs. Walter Handsaker motored to Digby on Friday last.

Sinclair Cann spent a few days last week in Saint John.

Mrs. Albert Perry and daughter, Marie, of Freeport, and H. VanBarcom, of Boston, spent Thursday with Capt. and Mrs. C. M. Hicks.

Miss Alice Ball has returned from Saint John.

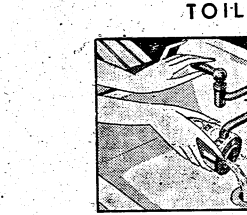

Victor Strickland has returned to Halifax.

Clyde Speights and Harold Mount were in town Friday, putting new transformers in on the hydro line.

G. W. McIntyre, who spent the past week at the home of friends here, has returned to Truro.

Amos Welch has returned to Somerville, Mass.

THE BUILDER

How great will be the thing that he builds?

Not quite so great as his dreams are great.

Not quite so high as his hopes are high.

And long he must build and wait;

But the glory is, if he build what he can

That all the while he is building a Man!

And what will he build as the years go by?

With store or steel on the might of a theme?

No mansion, we know, can he ever build

Out of a cottage dream.

But the glory is, if he builds at all,

That his soul can look o'er the high-est wall.

SCOUT NEWS

At last Thursday's meeting the Duck Patrol made its initial bow to the Troop and marshalled its numbers together with the new call which was heartily joined in by all the members.

On Saturday a hike was arranged to join up with some of the Smith's Cove Troop at Lansdowne schoolhouse. On account of the threatening weather a number of both troops failed to put in an appearance, but those that did attend had a very interesting time. With a plentiful supply of rope and staves there was

some very creditable work done in erecting and testing trestles for Bridge work. As a preliminary the ropes had all to be cut the proper length and the ends "whipped". When a shower threatened it was only the matter of a couple of minutes to put up a shelter. The hike ended with a tug-of-war contest.

On Wednesday evening the Leaders all met at the home of the Scoutmaster to make plans in connection with the proposed Jamboree to be held a little later. Further details will be given next week.

For the second time in the history of the Troop the members were called together to attend the funeral of one of their number. They first met at Headquarters and marched to the United Church for the service held for Scout George Langley, and afterwards accompanied his remains to the Mount Hope cemetery. A floral tribute showing the yellow Fleur-de-lis was left at the grave.

TRAGIC DROWNING OF TWO WELL KNOWN YOUNG MEN

The community of Bear River was greatly shocked by the tragic drowning of two of its well known young men, Cyril Burne, a young Englishman, and George Langley, the 16 year old son of Mr. and Mrs. Joseph Langley, which occurred supposedly late on Tuesday evening, April 14th. They were last seen on Tuesday evening, when they purchased supplies of food in town and returned to the river, en route to their fishing cabin, below the Creek.

Friends became anxious when they did not appear as customary, for supplies on Saturday night, and a large searching party, on Sunday afternoon, located their bodies in the river channel, near Cross-bay's Point.

Both young men were fine swimmers, but evidently the darkness and chilly water, and the strong wind which prevailed, were too much of a handicap.

An inquest, with Dr. Lovett as Coroner, and a jury of townsmen, was held on Monday morning, and a verdict of "accidental death by drowning" was returned. The witnesses were those who assisted in the search for the bodies of the unfortunate young men, and those who had last seen them alive.

A double funeral for both was held on Tuesday afternoon, from the United Church.

Much sympathy goes out to the parents, relatives, and intimate friends of the youthful victims of this sad accident.

PHILATHEA CLASS BANQUET

The members of the Philathea Class of the United Baptist Church, entertained the Men's Progressive Bible Class at a most enjoyable banquet on Thursday evening, April 16. The guests assembled in the church auditorium where they were met by the reception committee, consisting of Mrs. A. A. MacLeod, Mrs. R. A. Harris and Mrs. C. D. Rice. Later the President of the class, Mrs. Carl Miller, invited the guests to the vestry, which had been tastefully decorated in green and white by the committee in charge. Mrs. Fred Rice, Mrs. Walter Brown, Mrs. Chas. Green, and Miss Annie Annis.

Covers were laid for 40 and the tables were most attractively arranged in a hollow square, centered with blazing tapers, and laden with good things to eat. Mesdames: Cecil Bell, Lyle Stevens, Carrel Clarke, Freeman Rice, Ruby Seaman and Leary, were in charge of the catering, with very able assistants, and the serving was efficiently done by the C. G. I. T. girls, in their white middie and blue skirts.

After the dinner of the inner man had been amply supplied, a splendid toast list and programme were given, bringing to a close an evening long to be remembered.

The entertainment committee, Mrs. Avar Marshall, Mrs. Reuben Alcorn, Mrs. J. L. Warren, and Mrs. Harry Harris, are to be congratulated on the excellence of the programme.

The list and programme of the Toastmistress and responded to by all singing the National Anthem; Our Country, proposed by Mrs. Roy Snell and all singing "O Canada"; responded to by Mrs. John Harrow; Our Church, by Mrs. A. A. MacLeod, responded to by the piano; Our Homes, by Mrs. H. B. Kinney, and responded to by W. G. Clarke; Our Community, by Miss Marguerite Baird, response by Mrs. Chas. MacDormand; Our Guests, by Mrs. R. A. Harris, response by Stanley Sullivan; The Ladies, by J. L. Warren, response by Mrs. Carl Miller. The programme included a violin solo by Miss Marguerite Baird, a reading by Mrs. Waldo Harris, a reading by Mrs. R. A. Harris, a solo by Mrs. J. L. Warren, addresses by E. D. Murray, W. W. Clarke and Mr. McIntosh. The singing of "Blest Be the Tie That Binds", brought the evening to a close.

PORT WADE

Miss Lillian Johns is visiting her grandparents, Mr. and Mrs. Cosman, in Barton, this week.

Chas. Ewart, who has been spending the winter months with his mother, Mrs. Lucy Ewart, left on Monday to resume his work in Western Ontario.

James Morrison has returned from a business trip to Saint John. C. W. DeLong, of Acadiaville, was in town on Sunday.

Mrs. Arthur Chisholm left on Monday for Saint John, where she will visit her brother, Loran Conley, and Mrs. Conley.

Word was received this week of the marriage on Saturday last, at Lynn, Mass., of Chester Ellis, son of Mr. and Mrs. James Ellis, of this place. The bride was formerly Miss Patricia Knapp, graduate nurse of the Lynn hospital. After a short wedding trip, Mr. and Mrs. Ellis will reside in Lynn.

Schooner Elizabeth Jean, Capt. Ingles, sailed early this week for Grand Manan with a load of cord wood.

The schooner Lena E. Capt. Keans, is loading lumber for St. Stephen's, N. B. Both of these cargoes were shipped by the Port Wade Lumber Co.

They Have Been Tried And Found Excellent

Why Dodd's Kidney Pills Are So Popular

They Are Invaluable as a Preventive and a Help for All Kidney Ailments. Haut Paquetville, N. B., April 19 (Special).—"I was greatly afflicted with kidney trouble when my children were born. My mother advised me to take Dodd's Kidney Pills. I took several boxes and have had no trouble since; my husband has also used them. He has suffered with very bad kidney troubles and has been entirely relieved. He feels much better since taking Dodd's Kidney Pills." This letter comes from Mde. Stan. J. Aube, a resident of this place.

Dodd's Kidney Pills hold their popularity not because of the promises they make, but because of the good they do.

Dodd's Kidney Pills are purely and simply a Kidney remedy. They strengthen the kidneys so they can do their full work of straining the impurities out of the blood.

Pure blood coursing through the body carries to the different organs the nourishment they need to keep them sound and healthy.

Dodd's Kidney Pills can be obtained from all druggists, or The Dodd's Medicine Co., Ltd., Toronto 2, Ont.

OBITUARY

LANGLEY-BURNE

The auditorium of the United Church of Canada was filled to capacity on Tuesday afternoon, by members of the community, desiring to show their deep sympathy for the families plunged into sorrow by the regrettable accident on Tuesday night of last week, which caused the death of two of the promising young men of the town, Joseph Langley and Cyril Burne.

A private service was held at the Langley home, after which a joint service was conducted in the church; Rev. A. W. L. Smith, of St. John's Anglican Church, and Rev. P. W. Sawdon, of the United Church, being in charge. Music was furnished by the united choirs of the two churches, with Ralph Purdy at the organ.

The members of the Canadian Legion and Boy Scouts of the 1st Bear River Troop formed a part of the procession which accompanied their comrades to their last resting place on the hillside of Mount Hope cemetery.

George Langley was the eldest son of Mr. and Mrs. Joseph Langley of this town, and is survived by two brothers, Lewis and John; his grandparents, Mr. and Mrs. George Langley and three uncles, James, Herbert and Harold Langley.

Cyril Burne had resided in Bear River for the past five or six years, and is survived by his widowed mother, in England, and Major A. N. Simons, a distant cousin, living here.

The address of the afternoon was given by Rev. A. W. L. Smith. The floral tributes were very lovely, including those from the Scout Troop of which George had been a member, and a wreath from the Canadian Legion to which Cyril Burne had belonged.

The "Last Post" was sounded at the grave by one of the Legion. "In the midst of Life, we are in Death."

In other words if you wish to purchase a New Ford Car or Truck outright or "If you are in the Market for a Trade, and can realize that your used car is only worth as much to the prospective purchaser as you yourself would be willing to pay for it, should you be that prospective purchaser", then see the Digby Garage and Service Station. This applies especially to residents of Digby and vicinity. If you wish "Ford Service" this applies equally, as in addition to Mr. Edward Woolaver (who conducts a Service Station in connection with Digby Garage and whose reputation as a skilled mechanic is well known) Mr. Vernon Hill, a specially trained Ford mechanic also dispenses "Ford Service". And in the words of Mr. Henry Ford, "If Ford Cars and Trucks are properly serviced sales will take care of themselves".

New Digby Hospital Opened for Inspection on Tuesday

Condon's Get New Building Contract

Hon. G. S. Harrington, Premier of Nova Scotia, announced recently that the contract for the construction of the new infirmary building at Kentville Sanatorium had been awarded. M. A. Condon & Son, of Kentville, the Premier said, were the successful tenderers.

In making this announcement, Premier Harrington said: "Tenders for the new infirmary building at Kentville Sanatorium were opened and considered by the Government. The tenders are as follows: M. A. Condon & Son, Kentville, \$184,988.00. Gates Construction Co., Ltd., Kentville, \$197,554.35. Rhodes, Curry Ltd., Amherst, \$189,633.00. Redden Bros., Windsor, \$189,990.00. Brookfield Construction Co., Halifax, \$194,500.00. Robt. Ed. Co., Halifax, \$199,820.00. McDonald Construction Co., Halifax, \$201,100.00. D. K. McAulay, Windsor, \$220,351.00.

"The contract was awarded to Messrs. M. A. Condon & Son, Kentville, they being the lowest tenderer." The construction of the new infirmary at Kentville Sanatorium will enable the Government of Nova Scotia to extend the splendid work being done at that institution.

THE COUNTY COURT
Sittings of Courts in County Court District No. 3, Nova Scotia, including the Counties of Annapolis, Digby and Yarmouth.

On the 8th day of March, A. D. 1931, His Honour, the Lieutenant Governor of Nova Scotia, made the following Order:

The Governor in Council under the provisions of Section 26 of Chapter 215 of the Revised Statutes of Nova Scotia, 1930, The County Court Act, and on the report and recommendation of the Attorney General dated the 8th day of March, A. D. 1931, is pleased to order that a Proclamation do issue that the sittings of the County Court for District No. 3, be held at Digby, on the first Tuesday in November and the second Tuesday in May, shall hereafter be held at the times and places following, in lieu of the times and places hereinbefore mentioned, that is to say:

Town of Bridgetown, second Tuesday in October.
Digby, third Tuesday in May.
The following are now the dates for the sittings of the County Court in said District No. 3:

At Annapolis, second Tuesday of October.
At Bridgetown, second Tuesday of March and July.
At Digby, second Tuesday of February and Tuesday before the last Tuesday of September.

At Digby, third Tuesday of May.
At Yarmouth, fourth Tuesday of April and first Tuesday of October.
On the 18th day of November 1930, the Judges of the Supreme Court made certain changes in the sittings of the County Court. The following are now the dates for the sittings of the County Court in said County Court District No. 3:

At Annapolis, on the first Tuesday of November.
At Digby, on the second Tuesday of May.
At Digby, on the last Tuesday of September.

At Yarmouth, on the fourth Tuesday of June and on the Tuesday before the last Tuesday of September.

TALK OF THE TOWN

Gas pumps are being put in in front of Westhaver's Market. Talk of a chalet grocery in Digby again being heard. No doubt it will come, but when?

Rain and sunshine, sunshine and rain—with a little flurry of snow and hail—has been our lot this week. The quills ticked off at the Vane, City Sale was won by Elmer Morgan, Bear River, with ticket No. 107.

The Ladies Hospital and wish to thank all those who helped, in any way, to make the Hospital opening a success.

Considerable work is being done around the hotels, in readiness for the coming season, which promises to be a good one.

Up yesterday about 6,000 yards of rock had been dumped into the new section of Water street, and the work progressing favorably.

We hear that the Empress is being put into condition and will run as a second boat between Digby and Saint John during the summer.

The regular meeting of the executive committee of the County Society will be held in the Town Hall, at 4 o'clock, this afternoon.

Work on the Super Service Station at Saint John is progressing rapidly. The walls are now going up and the building is assuming shape.

The Digby Tennis Club will hold a dance in the Ocean Gardens on Monday night, May 4th. Admission 50 cents.—Come on folks and have a good time.

A three-act play by local talent will be put on in the Temperance Hall, Smith's Cove, on Tuesday evening. The proceeds are for the Public Library in that village.

The Keith Lodge, A. F. and A. M., at Bear River, will celebrate its eighteenth anniversary on Monday next, King Solomon Lodge, of Digby, is sixty-five years old this year.

Philip Fillet, of Weymouth, has been appointed Inspector in place of G. E. Torrie, who was pernanent about two years ago. Mr. Fillet expects to move to Digby in the near future.

The well known hostelry, the Myrtle Hotel, is having considerable work done on it. The southern L. of the hotel is having the roof raised and larger windows put in, increasing the capacity of the hotel by several rooms.

J. Westhaver's store has been completely renovated inside. The counters have been done away with, new lines for vegetables and bulk goods installed, and new shelving erected, thus giving much more room for its patrons.

Tuesday was a red letter day in the history of Digby as it marked the opening of the splendid new building of the Digby General Hospital. The doors were open to the public from 10 a. m. to 10 p. m., and hundreds from all sections of Digby County as well as a large number from Annapolis and Yarmouth County, took the advantage to inspect this, the most modern equipped hospital in the province. Not so large as some, but beautiful in its proportions and perfect in its interior appointments.

Not much more than a quarter of a century ago, when a patient from Digby needed to be taken to a hospital, the nearest one in Nova Scotia was the Victoria General, in Halifax. The next one to appear was in Yarmouth, and since then many of the incorporated towns in this part of the province, have erected hospitals.

In April, 1925, one of the many Digby summer hotels was rented as a hospital, and for six months was run under private registration, as a trial. The experiment met with considerable success, and the hospital was taken over by the town.

The doctors of the town, DuVerne, Read, Roberts and Dickie—soon began to talk of new hospital. Citizens of Digby interested in this work, called a town meeting to talk over the possibilities and sufficient grants were secured from the town and municipality to get the usual provincial grant.

Large Sums Raised By Voluntary Effort
From that time the doctors and the men and women of Digby who are interested in the welfare of the town, have worked unceasingly toward the realization of the fine new building which held its opening on Tuesday.

The new building has cost some \$45,000, the greater part of which has been paid by most liberal contributions, yearly bazaars and from excellent work of the ladies of the Hospital Aid. Doctor Read and Roberts both left the town too early to see the materialization of their plans, but Doctors Dickie, DuVerne and Harris have been tireless in their efforts.

The Ladies' Hospital Aid have completely furnished the Delivery room and the three-bed ward, and the Victoria room and the Dining Room, which were in the old hospital, will continue in the new. In addition, two rooms, in memory of their late father and mother, will be furnished by Warren and Kendall Bryant. (When this article was written, there was one private room left, and the furnishing of this room was guaranteed by our sister town of Annapolis Royal, last Friday—a gracious act which will cement the towns in a greater bond of friendship than ever.)

Hospital is Ideally Located
The hospital is situated on the crest of the "Town Hill" on Warwick Street. It is sufficiently removed from the road to be beyond the noise and dust of the town. The entrance of the semi-circular road leading in, is at the Hillcrest Hotel and the exit is at the foot of the road. From the old hospital, the new building is a fine example of modern architecture.

It is a very imposing and attractive Ivory colored building of old Colonial type, covered with Western shingles and finished with River-bank stone. The interior doors are of green and green shutters strike a colorful and artistic note. From its position on the hill it commands a magnificent view of the town and the bay.

The building is heated by two ideal boilers, and all patients' quarters have hot and cold water, supplied by a jacket heater and water boiler of 250 gallon capacity. It has modern laundry and the plumbing fixtures are all of the best chrome nickel.

The electric system is complete and up-to-the-minute, including five alarm, nine telephones, Bryant nurses' call system, besides the lighting fixtures. Provisions have been made for an X-Ray room and an elevator.

The interior doors are all slab doors in natural color and the patients rooms are fitted with special Rayco Hospital Hardware. The lower floor is of brick and all the concrete floors, the other two floors are of laminated construction covered with battisleep linoleum treated with Hippo. The walls are enameled with white hospital enamel.

On each floor there is a 75 foot 1/2 inch hose and there are eight 1/2 inch hose. The walls are enameled with white hospital enamel. The ventilation system throughout the whole building is modern and efficient.

Entire of 22 Beds Provided For
The operating room, sterilizing room, utility room and doctors' scrub-up room and all bathrooms have the best fixtures. The hospital is 32 beds; with 7 private rooms, 2 semi-rooms, 1 3-bed ward

Home Saved By School Pupils

Each room has a clothes closet, hot and cold water, bright light, bright light and nurses bell. The kitchen is complete with scullery sinks, utility sinks and frigidaire and opens into the diet kitchen.

The nurses' quarters are very home-like and cosy. The living room is most comfortable with even an open fireplace and leads into a compact little dining room. Each of the bed chambers is dainty and pleasing in every way.

Maternity Ward And Operating Room
The maternity ward and the operating room are the pride of the management. Complete in every particular and modern and perfectly appointed to the last fine detail, they defy comparison with any hospital in the province. Such a fine building, with such an excellent staff of doctors and nurses together, make an institution that the community has been needing for some time and of which the people can be justly proud.

Construction was started last summer, and as far as possible, local firms were given the work so as to insure the best workmanship and materials. Under the able supervision of M. C. Denison, the work has run smoothly and well. Although the fitting and the construction of the building have meant a tremendous expense and the board of management have been forced to raise money by a bond issue for \$15,000, it is to be hoped that after the pledges that are in arrears have been paid it will be a matter of only a short time before the debt is wiped out.

John E. Rowing was in town this week on business.

Home Saved By School Pupils

Great praise is given pupils of the South Range school for the action they put up in assisting to save the home of Mr. and Mrs. Albert Marshall, Tuesday afternoon, when their residence in that village was threatened with destruction by fire. A messenger was sent to alarm the neighborhood and also the school children some distance away. Jesse Marshall, son of Albert Marshall, residing about half a mile away, arrived with assistance. A bucket brigade was formed and the school children were most active in passing the buckets from the wells and up the ladders to the burning roof while others assisted in smoothing the fire in the bedroom. Albert Marshall, aged 27, fought the fire on his own roof, and in spite of his great age did remarkable work. While his wife, 56 years, passed buckets of water from the house to the home of the old folks was saved.

Considering the inclemency of the weather there was a good attendance at the Ladies' Hospital Aid sewing circle held at the residence of Mrs. R. B. Lent, on Wednesday. The next meeting of the circle will be held at the residence of Mrs. A. D. Merkel.

Thomas Burrage, who worked with H. H. Ruggles the past two years, is now doing business on his own account.

If Mahomet Went to the Mountain

IF he took it into his head to return to earth, and if he came to Canada, there is no doubt but that the Prophet would go to Mount Robson. For one thing, it is the loftiest and most majestic peak in the Canadian Rockies, and for another, Mount Robson would be known as the Mountain of Mahomet. Changes as miraculous as the moving of mountains have come to pass in the world since Mahomet's day, however, and the Prophet would be much impressed by the railway train—"The Confederation" or "The Continental Limited"—which carried him so swiftly and comfortably to his destination.

Canada has many wonders, as five and a half million tourists from the United States found out last year. Greater numbers of travellers are learning every summer that one of the first of them is Mount Robson. This year, the Canadian National Railways

Months, returned to Cape Dorset. Months passed with no word heard of them. A year ago the bodies of the children were found. Tundit and Inoocheak, two natives who made the discovery, declared the children's bodies were in a tent, lying face down on a bed of deerkins and frozen to the ground. They had died of starvation. Of the father and his wife no report was ever heard.

STEEL SCHOONER CHARTERED FOR PULWOOD TRADE

The steel tern schooner James William, 440 tons, Capt. Hardy, which for the past three months has been laid up at Wm. Law & Co.'s wharf in Yarmouth, arrived at Bear River on Saturday evening last. She has been chartered to carry nine cargoes of pulpwood from Bear River to Liverpool. This schooner, although hailing from Bridgetown, Barbados, was built in 1908 at New Glasgow, and is the only steel sailing vessel ever built in this province.

Interesting Links in Canada's History

Rum runners have enjoyed more or less publicity in recent years, but there was a time when money run- ners were a cause of trouble and an- xiety to the Customs authorities of the new-born Dominion.

Silver money from the United States was not always welcome in Canada. Once upon a time it had to pay duty or be smuggled in. One can hardly imagine the Customs-Excise Preventive Service today being enjoined to show "increased vigilance" to frustrate the schemes of those bent on bringing United States silver money into Canada. But Customs officers were so instructed in bygone years. Circular No. 51 dated at Ottawa, 15th May, 1869, and signed by R. S. M. Bouchette, then Commissioner of Customs and Ex- cise, tells the story.

It says in effect that, as large quantities of American silver coins were being brought into Canada without entry and payment of duty, the Collectors and their officers along the frontier were to exert in- creased vigilance to prevent smug- gling; that travellers were to be questioned as to their possession of any United States silver, and that the officers were to "seize and report any such silver which it may be at- tempted to smuggle." However, particular care was to be taken in discriminating between a clear de- sign to defraud the revenue and an unintentional breach of the law. It enjoined upon the officers of the "greatest circumspection and court- sly in the performance of this deli- cate duty."

A PACKAGE OF SEEDS

I paid a dime for a package of seeds And the clerk tossed them out with a flip. "We've not 'em assorted for every man's needs," He said with a smile on his lip. "Pansies and poppies and asters and peas! 'Ten cents a package! And pick as you please!"

Now seeds are just dimes to the man in the store And the dimes are the things that he needs; And I've been to buy them in sear- sons before But have thought of them merely as seeds; But it flashed through my mind as I took them this time, "You have purchased a miracle here for a dime."

"You've a dime's worth of power which no man can create, You've a dime's worth of life in your hand! You've a dime's worth of mystery, Which the wisest cannot under- stand. In this bright little package, now 'taint it odd? You've a dime's worth of some- thing known only to God."

COMMUNITY SINGING IN GREAT BRITAIN

The vogue for Community singing in Great Britain has given great crowds something to do when there is a lull in proceedings. Such an incident occurred at a football game attended by Trevor C. Wignell, a sport columnist of the London Daily Express. It set him musing on similar occasions in his experience.

Thinking that his article on it might prove interesting to readers of the Courier at this time, we herewith re- print his story.

"While a rainsoaked crowd at Swansea," he writes, "were waiting for a rainbow to appear in the sky 20,000 of them swept into the strains of 'Cwm Rhonda,' the hymn that for years past has had the right to be known as the sport anthem of Wales. I have listened to it in the most unusual places—on a sun-baked kopie in South Africa, for example, once in a side street near the docks at Marseilles; again on a wharf at Halifax, Nova Scotia; and last time of all, in the wilds of Pennsylvania.

Why this hymn has taken such complete possession of the sport- loving men and women of Wales is more than I can explain. It was reserved for funerals in some hill towns before the war and in those days the favored selections of the onlookers at football matches were 'Sospol Foch' 'Aberystwyth' 'Y Botol' and 'Dol Bach y Sojer.' Since about 1920 'Cwm Rhonda' has not only swept the board but the field. I saw it stop the Arsenal when winning a cup tie at Swansea several years ago, and I am willing to wager now that if I induced Ivor Walters to return from his concert party at Herne Bay for the purpose of collect- ing together other Welsh singers, such as Parry Jones, Watcyn Wat- cys, Ben Williams and Tudor Wat- cys, they would all be in the front row of 'Cwm Rhonda' if they were left unattended for more than three minutes.

And yet there is absolutely nothing in the lovely old hymn that is even faintly connected with sport. Here is the English version as I remember it:

Guide me, oh, thou great Jehovah, Pilgrim through this barren land, I am weak, and Thou art mighty, Hold me with Thy powerful hand. Bread of Heaven, Bread of Heaven, Feed me till I want no more, Feed me till I want no more.

It is when the fervent Welshman arrives at that first 'want no more' line that he reaches the top of his form. But what is it that makes the average Welshman, and especially the sporting Welshman, sing so eagerly and so quickly? I think I can supply the answer to that. It is usually be- cause it is too fine or too wet, too exciting or too tame, too gratifying, or too disappointing, or because he is too happy or too miserable. In other words he lifts up his voice be- cause he cannot help it. Welsh troops gloriously sang 'Cwm Rhon- da' just before they entered Mam- metz Woods—and that was no place for harmony. That is one of the gift troubles of the Welshman as I know him.

If he happens to be a tenor, and he is bowed down with depression or raised to the heights of joy, he looks around for a couple of bas- sones and gives them the first of whatever dirge happens to be in his mind. The Scot does not sing when he is encouraged or pre- vented, for the sole reason that he appears to suppose that he ought to be paid for it. The Irishman rarely hums in public seemingly because he finds it less than when he is sing- ing about for someone to tread on the tail of his pipe. The Englishman does not pipe unless he is urged to do so at a Cup final by a cheering, shouting newspaper—because he seems to feel that his well known dignity is being affected. But must together six Welshmen— for preference those who pass the evenings squatted on their heels with their backs to a wall in some dreary hamlet in a coal infested valley—and they will lighten the gloom as only angels are alleged to do.

The most remarkable singing oc- casion that Wales ever knew was on that day at Cardiff when the home International Rugby team defeated the New Zealanders, or, as they were called, the "All Blacks." As I recall it now it was a day of rain and the captain of the Tourists, who began the affair by instructing his men to become acrobatic as they rendered their war songs. There came a short pause after that. Then some one in a black suit whipped onto the field and with a leap conducted his coun- trymen in the most marvelous exhibi- tion of massed singing I have ever heard. It had as much to do with the downfall of the 'All Blacks' as the try scored by Teddy Morgan.

WINDOW SMASHED AND HENS STOLEN

Last Sunday three hens were stolen from Alfred Deveau, at Salmon River. This morning around noon that have been stolen since last summer. A week ago, around mid- night, windows were broken at Chas. Martin's, where there are two sick persons; at Peter Connor's and at Mrs. Celestine LeBlanc's stones were thrown from the road through the windows.

To The Sick And Shut-ins

"Peace I leave with you, My peace I give unto you," John 14:27. Of all the blessings which God so freely bestows upon His children there are a few more to be desired than peace. "Peace" says one, "is God's own child." And this the Son of God when about to leave His little flock, leaves with them a legacy to sustain them in all dangers and carry them through all temptations. His own peace, Peace was His last gift. Again after the Resurrection He seems to reiterate the same great legacy and thrice as He meets His disciples He says, "Peace be unto you."

How well He knew what blessing to bestow. In this great world, if there be one sound that is sweeter than others it is the sound of this word peace. If there is one thing which more than any other is only a sweet impossible dream to many, that thing is peace. How different are our fortunes. Some are living by God's great mercy in the sun- shine of joy and prosperity, others in the deep gloom of adversity and sor- row; some in the ceaseless, wear- ing round of toil; some in an unceas- ing whirl of giddy pleasures; others yet again numbering their weary days from the painful bed of sickness. And to all of us in our different de- grees peace is welcome; peace is sweet.

The world cannot bring peace, for peace is the gift of God. We cannot work it out for some other person nor for ourselves. The more we strive after it the less we have of it. We can work ourselves into a passion, into a fever by worry, but you can never work yourself into peace. It is God's gift, bestowed upon the trusting heart. "Thou wilt keep him in perfect peace, whose mind is stayed on Thee, because He trusteth in Thee."

Once our minds are stayed upon God, the Lord of peace, and things that were always happiness sometimes, peace always; peace which nothing can disturb, so still, so deep, so set- tled is it.

"Peace, perfect peace, in this dark world of sin, The blood of Jesus whispers peace within."

A. E. Gabriel

AT THE LAST

There is so little to be said Within the presence of the dead, Although so still and calm they lie, They know what friends are stand- ing by.

Whose eyes are filled with tears, and who Have hurried in the tasks to do. The year have taught them all these things: Who heeds the doorbell when it rings, Who kneels beside the bier to pray, Who is the first to come and stay; They know whose hands the flowers And if they didn't 't would be strange!

If love has prompted us to give Devoted service while they live, They know that we will carry on And still be true, although they're gone. They know we'll do the last sad tasks Which love or friendship ever asks. There is so little to be said Within the presence of the dead, For always in the silent room, Made lovely by a bower of bloom, Their peaceful faces seem to say: "I knew that you'd be here today!"

MOUNTED POLICE ANNUAL REPORT VIVID DOCUMENT

The inexorable demands of the Arctic upon the lives of those abori- gines whose day to day existence is beset with perils totally unknown to Canadians generally, are once more set forth in a government blue book which, from a human interest point of view, is one of the most in- teresting of the year.

The annual report of the Royal Canadian Mounted Police presents graphic pictures of the conditions of life in the Far North imposed upon the Eskimos; it relates incidents showing with what cheerfulness the natives accept their lot, and also with what resignation they succumb to the inevitable. Necessarily the reports are many months belated.

Gibson, a 70 year-old Eskimo, on Adelaide Peninsula, "afforded an ex- ample of the co-existence of old cus- toms and the new white man's law," records W. Gibson, a Hudson's Bay Company inspector in that remote region.

"As his strength was failing, he besought his sons to kill him. They came to me and mentioned this," Mr. Gibson continues, "I of course, forbade this, and took measures to see that they did not carry out his wishes."

Seven days later one of Kabala's sons, Mouna, reported the old man had died, and on examining the body Mr. Gibson found no traces of strangulation or other foul play, al- though it was rumored Kabala's family had killed their father in this fashion. Mr. Gibson says on this point:

"When the natives heard of the death they expected that his sons had murdered him by strangling, which is a native custom."

In another case of hopeless illness, Makhaluk, a 50 year-old Eskimo, at Coronation Gulf, and consequent- ly unable to hunt seals or caribou, hanged himself. Makhaluk, de- pondent and weary of living, induc- ed his wife, Kattuk, to attach a string to a pole across the roof of their igloo. He then crawled with difficulty to a snow bench and mak- ing a noose in the string put it around his neck and hung his head therein until death occurred.

The suicide was carried out in the presence of a native audience who remonstrated with the crippled Es- kimo but made no effort actually to prevent him.

A two-year-old tragedy near the Hudson's Bay Company post at Cape Dorset comes to light in the current report. A party of Eskimos proceed- ed inland to hunt for game but re- sults were disappointing. All but Aavallnektuk, his wife and three

You are PAYING for a New Roof

Change Your Roof Maintenance Costs Into Time Payments on A Beautiful J-M ROOF.

PERHAPS you, like this lady's husband, have thought a new roof too expensive. Get that idea out of your mind. It is your old roof that is too expensive. Apart from the serious damage that the first unexpected leak may cause, the cost of continual roof repairs will quickly exceed the cost of a new Johns-Manville Roof. And repairs to an old roof never cease. They keep getting more expensive.

A Dividend-Paying Investment

Look at it anyway you like—a new Johns-Manville Roof is a sound investment—an investment which you can make easily under the J-M Deferred Payment Plan. It will more than pay for itself by ending your present roof repair expense. It will stop all worry and assure your home perfect protection against fire and weather. It will give your home transform- ing beauty; and increase the value of your property. And it will do these things, at the lowest cost per year.

A J-M Roof for every home

Flaky Pie Crust

The secret of making good pie crust is to use Purity Flour—and keep the dough dry! Try this recipe—for 2 shells:

3 cups Purity Flour 1 cup lard
1/2 teaspoon salt 1/2 cup cold water

METHOD: Mix the flour and salt, cutting in the lard until the mixture is like fine meal, gradually add the water, being careful not to add a drop more. Use less water, if necessary, as the pie crust will be even flakier.

Roll on a hard very lightly sprinkled with Purity Flour, roll about 1/4-inch thick. Sprinkle with a little salt, and shorten over dough, fold again to required thickness. Bake in hot oven (450°).

SCOUT NOTES

With the advent of spring the thoughts of a number of Scouts are turning to gardening, and preparations are being made for the garden which will comply with the requirements necessary for Gardeners' Proficiency Badge. In addition to preparing a real garden which he has prepared, planted and cultivated himself, the Scout who qualifies must know about such things as Pruning, Manuring, Grafting, etc. In preparation for this work the Troop had a visit at their last meeting from B. C. Clarke, who gave them a talk on Tree Grafting, and also a demonstration of grafting, showing how the branch was prepared and the graft inserted, and then how the wax was applied to complete the job. After Mr. Clarke's demonstration, a very creditable piece of grafting was done by some of the boys of the Troop. A vote of thanks was passed to Mr. Clarke for his assistance.

At the last Court of Honor meeting, held at the home of the Scoutmaster, plans were completed for the jamboree to be held on Thursday, May 7th. The first part of the program will consist of a Cross-Canada Tour, illustrated and put on by Rev. F. Henderson. The second part of the entertainment will be entirely in the hands of the Scouts who have arranged a very interesting program and one that is sure to be enjoyed by every one. The proceeds from this entertainment are to be used to further complete the cabin at Eighth Lake.

Mr. and Mrs. E. B. Weir and S. J. Sully were in Middleton on Saturday.

Mrs. Charles Merritt and son, Donald, of Ashland, Mass., are guests of Mr. and Mrs. John Smith.

Mr. and Mrs. G. R. Weir and family, of Digby, were in the village on Sunday.

One of the chief features of the Bermuda Exhibition which closed last week, was the special exhibit of the Nova Scotia Government. Word received in Halifax indicates that the Nova Scotia Exhibit was eminently successful and attracted a great number of visitors. The exhibit was housed in a special building and emphasized the tourist and travel attractions of Nova Scotia as well as industrial products and natural resources. During the three days of the fair, hundreds visited the Nova Scotia building and many signed the register.

WHO'S WHO

Hon. W. M. Lea

HON. WALTER MANFIELD LEA

LEA has the distinction of being the first farmer premier of the purely agricultural Province of Prince Edward Island. He was called to this position in 1930 when the premier of that day was elevated to the Supreme Court Bench. He is chairman of the Prince Edward Island Provincial Committee of the World's Grain Exhibition and Conference.

Mr. Lea was born in Victoria, Prince Edward Island, in 1874, and received his primary education in his own home district. He has represented Prince County in the Prince Edward Island governing body since 1915 and entered the government in 1919 as Minister of Agriculture.

In the general election of 1923, Mr. Lea suffered defeat but four years later was re-elected and again went into the government as Minister of Agriculture. In 1930 he was called upon to assume the premiership.

Mr. Lea is a practical farmer and is also known as a breeder of pure bred Holstein cattle.

Local and Personal

The Church Point base ball team played the Bear River team on the Oakdene school grounds, on Thursday afternoon, ending in a win for the home team, 14-10.

Mrs. W. D. Sutherland and little son, Billy, motored from Lockport on Wednesday and were guests of Dr. and Mrs. L. J. Lovett over night, returning on Thursday.

The C. I. group of the United Church of Canada, with their leader, Mrs. H. C. Anthony, are entertaining the W. M. S. members this evening, in the United Church, at Acadia University.

James Hubley, student at Acadia University, spent the week-end at his home here. We are glad to report Gilbert Hubley on the road to recovery, after his recent illness.

Mrs. L. M. Butler was a visitor in town on Friday and Saturday, supervising the removal of their furniture by van to Halifax, where they have taken an apartment on Payzant Avenue.

The friends of Mrs. Ted Stevens, (nee Trudy Purdy) will be interested to know that she and Mr. Stevens and family have moved to their new home, where they will make their home.

A number of old landmarks of Bear River have recently been torn down, among them being the barn on Miss Blanche Purdy's property, opposite her house, Harry Anthony's warehouse from his wharf and the two buildings recently purchased by Lloyd Sanford, formerly part of Edward Rice's property, more recently belonging to the Harris estate.

PORT WADE

Mr. and Mrs. Hartly Ellis and little daughter, of Saint John, are enjoying a short vacation with relatives here.

Miss Delta White of New Glasgow, and her sister Miss Mildred White, of Yarmouth, were weekend visitors of their aunt, Mrs. J. W. McGrath.

The Women's Missionary Society met at the home of Mrs. Ansel Casey on Wednesday afternoon.

A number of the young people attended the concert at Victoria Beach, on Saturday evening, given by the Lower Grandville Sons of Temperance Division of that place.

During the gale Sunday night some of the power boats filled and sank at their moorings, while one belonging to Thomas Kilmorn came ashore and smashed up.

Miss W. Perkins motored to Clementsvale for the week-end.

Mrs. Weir and two children returned to Annapolis on Monday, after a short visit with her parents, Mr. and Mrs. Wm. Ellis.

Mr. and Mrs. Fred Adams and son, Harry, of Bay View, were Sunday guests of Mrs. Adams' mother, Mrs. John Snow.

Mrs. Theodore Beale, who has been spending a couple weeks in Lawrencetown, has returned home.

Mr. and Mrs. Beale, sr., of that village, accompanied her on her return and spent the week end at the home of their son.

JOHN EVANS LEAVING BEAR RIVER

It was with deep regret that the young people of the community heard of the intended departure of John Evans. Having resolved to take up engineering at life work, Mr. Evans has secured a position in Halifax which will open the way to further preparation at a later date. The weekly meeting of the B. Y. F. U. last Friday evening was in the nature of a farewell to Mr. Evans. He has been very active in the Union, being leader of one of the groups. After a short devotional period the following program was carried out under the leadership of Miss Evelyn Stewart:

Ford Factory Doctor Pays High Tribute To Sargon's Powers

"Sargon is one of the most powerful strengthening, reconstructive tonics and body builders I have known in the 30 years I have engaged in the practice of medicine," declared Dr. P. Drummond, for 12 years factory physician at the Ford Motor Co., Detroit, who was retained to examine the formula. "At this season of year especially, people who are in a run down condition, due to simple anemia, thin, watery blood, poor digestion or elimination should benefit richly from the Sargon treatment."

Dr. Drummond's straightforward endorsement of Sargon is typical of the unstinted praise it has received from scores of other outstanding physicians and explains why Sargon is having the largest sale of any tonic medicine of its kind in the world today.

Sold by P. W. Holdsworth, Drug Store, in Digby, and Bear River Drug Store, in Bear River.

FORESTRY PICTURES

On Saturday night, Mr. Fenerty, Nova Scotia representative of the Canadian Forestry Association, put on a motion picture entertainment in the Oddfellows' Hall, in support of the program now being carried out by the Lands and Forests Department at Halifax.

The program consisted of four reels, all of which were much enjoyed by the crowd, which packed the hall to the doors. The first reel showed the forest of tree life and the second all pieces of the Canadian wild game in action, while being "shot" with the camera. The second showed the damage and loss that occurs after the destruction of forests. The third dealt entirely with the life and habits of the Canadian beaver, and the fourth was a side-splitting "comic", to finish the evening.

C. B. Miller, the district forest ranger, presided, and between reels the audience was entertained by Rev. A. W. L. Smith, president of the Nova Scotia Fish and Game Society, Douglass Beach, chair of the Yarmouth, and J. H. Cunningham.

Mr. Fenerty expressed the opinion that no where could a more appreciative audience have been gathered for a subject such as he was presenting.

BEAR RIVER BOY IN THE LIME-LIGHT

L. L. Snell, well known Sydney, N. S., baker, and son of Mr. and Mrs. Howard Snell, Bear River, has caused quite a flurry in the Maritime provinces by his proposal of a "movement" to buy no more raw material from Toronto, but to divert trade to the Saint Lawrence Valley where some 20,000 tons of Nova Scotia coal are sold annually.

Mr. Snell's contention is that Ontario buys too little in the Maritimes in proportion to what other provinces, Ontario, he claims, could use its voting power in Parliament to provide tariff protection for Nova Scotia coal and sell the surplus to other provinces.

Foxes on the ranches in Prince Edward Island are getting Vitamine "D" in their diet, through the medium of fish. Twice a week sun-dried herring are fed to the foxes on the ranches. This new item on the menu was first tried last year and the foxes thrived on it; now they get it twice a week. The owners of the fox ranches in Prince Edward Island pay fishermen \$8 per hundred weight for the herring.

The following, taken from the Saint John Telegraph-Journal, of April 27th, will be of interest to many friends of Dr. and Mrs. A. S. Rogers, who began their married life here in Bear River: "A. S. Rogers, son of Rev. Dr. A. S. Rogers, pastor of the Centenary Church, Mrs. Rogers, who received his B. D. degree at the convocation of Emmanuel Theological College, Toronto, last week, preached twice at Lorneville yesterday. Mr. Rogers is to supply in Lorneville during the month of May. He will be ordained in the ministry at the June meeting of the Maritime Conference of the United Church of Canada, to be held at Sackville. Mr. Rogers arrived home Saturday from Toronto."

Royal Division, No. 37, Sons of Temperance, did honor to one of its oldest and most faithful members recently. Bro. Fred J. Dittmars has been a member of old Royal Division for many years. During a large part of that time he has been treasurer of the Division and chairman of the board of trustees. When the Division was not meeting he looked after the interests of the Division as if they were his own. Caring for the hall property, collecting rents and generally supervising the work in the interests of the Order. In view of his long and faithful service Royal Division, in regular session, unanimously elected him an honorary member of the Order for life, and also re-appointed him chairman of the trustee board. Last Monday afternoon a committee appointed by the Division composed of the worthy Patriarch (R. N. Harris) and Bros. C. P. Henderson and A. A. MacLeod, waited upon Bro. Dittmars at his home and presented him with a membership certificate. Brother Dittmars was deeply touched by this recognition and feelingly remarked that he considered it a great honor. What he had done had been as a labor of love, but to be thus thanked was a great joy to him. It is the hope of all that Bro. Dittmars be spared to continue his service to the Order. The committee also visited Sister Jane Dunn, another faithful member of the order and assured her of the interest and prayers of the members of the Division for her recovery. Sister Dunn although bedridden for almost a year, continues to face the future in a spirit of optimism and hope. She greets everyone with a smile and those going to comfort and encourage her come away always comforted themselves.

NASH

93% of all aviation motors in National Aircraft Show ...were Twin Ignition!

At the National Aircraft Show just held in Detroit, all but two of the aircraft were powered by motors with Twin Ignition (2 spark plugs per cylinder instead of one).

Nash, pioneer of progress in motor car design, brings the advantages of Twin Ignition to you. Both the Nash Eight-90 and the Nash Eight-80 have this superior type of power.

The Nash Twin-Ignition motor, with two simultaneous explosions per cylinder instead of one, burns the gasoline more speedily, more completely, more smoothly, more efficiently!

By actual engineering test of the same motor with Twin and single ignition, Twin Ignition produced 22% more horsepower, 5 miles per hour more top speed, and 2 extra miles of travel from a gallon of gasoline!

Of course you can get along without Twin-Ignition, but these cars—priced remarkably low—prove you don't get along so well!

Get the facts! Phone us—a Nash demonstrator will be sent to your door.

Gyproc Says "KEEP OUT" to Fire, Draughts, Rodents

GYPROC Wallboard that does not burn is the way of least expense when you desire to make alterations in your home, store, factory or on the farm. Use it for all walls, ceilings and partitions.

Gyproc is made from gypsum rock into sheets 4 to 10 feet long, 4 feet wide and 3/4 of an inch thick. It nails and cuts as easily as lumber with a minimum of waste or muss.

Gyproc is fire-resistant, easily and quickly erected, structurally strong and has insulation value. It is draught and vermin-proof as well as fire-safe.

Because it is ivory-coloured, it does not require decoration (when panelled) yet it is also a suitable base for Alabastine, Gypox or wallpaper.

Consult your nearest dealer to-day. He will gladly supply you with a direction sheet on Gyproc. Or write for the interesting, free booklet, "Building and Remodelling with GYPROC".

FACTS OF INTEREST ABOUT CANADA'S NEW GOVERNOR-GENERAL

Possibly one of the most intimate links connected with the life of the present Earl of Bessborough, Governor-General, with this Dominion, is that the fourth Earl, was succeeded by his eldest son who married twice, each time a daughter of a Governor-General of Canada. His first wife was the daughter of the Earl of Durham, to whom Canada owes so much, and his second wife was the daughter of the Duke of Richmond, who died in Canada as a result of an animal's bite and is buried in a Quebec church. This was the great-uncle of the new Governor-General. He had no sons and was in turn succeeded by his next brother and eventually by his third brother, the 7th Earl. Their third son married the Earl of Kerry, eldest son of the Marquis of Bessborough's mother, and was the aunt of the Marquis of Lansdowne, who was another popular Governor-General. The present Earl of Bessborough's mother was the eighth Earl, was a sister of the Liberal peer, first Lord Wimborne.

Now, if any British titles have a pleasant origin than that of the present Earl of Bessborough, head of the Penbury family in Ireland. The family dates back to the time of Cromwell and were in favor during the reign of Charles II. King George I raised the Penbury family to the peerage when they took the titles of Baron Bessborough and Viscount Duncannon.

The business ability of the present Governor-General has well been shown. He was a distinguished staff officer in 1915 and at the end of the war was a temporary major of the special staff.

He holds the Russian Order of St. Anne, 2nd class; Legion of Honor; Order of St. Maurice and St. Lazarus; Order of the Redeemer of Greece; and the Order of Leopold of Belgium and a number of British titles of honor and distinction. The Earl is 51 years of age and is married into an aristocratic French family. He has two children, Viscount Duncannon, aged 18, and Lady Diana Penbury, aged 15. Viscount Duncannon was a turn to England in the autumn to go to Oxford, and Lady Diana will be educated by her own governess at Rideau Hall.

WHO'S WHO

Hon. A. Prefontaine

A RESIDENT of Manitoba for fifty years, Hon. A. Prefontaine holds the portfolio of Minister of Agriculture in the government of that Province, and, in addition, is railway commissioner. He is a member of the Executive and Finance Committee of the World's Grain Exhibition and Conference, as well as chairman of the Manitoba Provincial Committee.

Though born at Upton, in the Province of Quebec, Mr. Prefontaine received his early education at Greenfield, Mass., U.S.A. From 1892 to 1896 he has been of the Municipality of De Salaberry and has presided over the Department of Agriculture since 1925. When he first joined the Manitoba Government he took charge of the Department of the Provincial Secretary.

Mr. Prefontaine is also the chairman of the Co-operative Marketing Board of Manitoba, and is thus brought into close contact with producers in his Province.

In 1890 he took up his residence in Manitoba and for the last twenty-three years has been president of the St. Pierre Trading Company.

TOURIST TRADE NO SECOND IN DUSTY

The second most important industry in Canada is the tourist trade, says Theodore Morgan, president of the Montreal Tourist and Convention Bureau, and he argues that everything possible may be done to entice the tourist across the border in order to enlarge Canada's revenue and compensate somewhat for the adverse trade balance with the United States.

It was Mr. Morgan's opinion that the tourist trade was more important than the exploitation of minerals and he hoped that before long the figures of 5,000,000 tourists would be greatly enlarged. In speaking of the attractions of Canada, as compared with other lands, Mr. Morgan said that in the Rocky Mountains alone we have 30,000 lakes, 10,000 mountains, and he described the beauties of Muskoka, Lake of the Woods, the Laurentians and the Maritimes and declared that the unexploited resources of Canada will eventually not only attract Americans to come to Canada for their vacations but also to build their summer homes here.

Another Jersey Sire For Digby County

The Digby Central Agricultural Society has added another high class Jersey bull to their list of breeding sires. This bull is sired by Harold, from the herd of J. R. Sample & Sons, Truro, N. S., probably one of the greatest Jersey herds in Canada.

This young bull is sired by Harold, from the herd of J. R. Sample & Sons, Truro, N. S., probably one of the greatest Jersey herds in Canada.

For a dam the Society's new herd sire has Bess of Valley View with a record of 11,513 pounds of milk and 533 pounds of fat. According to James Brimmer, Eastern Jersey Fieldman, Bess is one of three of the greatest Jersey full sisters in Canada.

The other full sisters of Bess are Queen of Valley View with two records over 600 pounds of fat and Bess of Valley View with 616 pounds of fat, the greatest Jersey cow and producer ever raised in the Maritimes, and so the Agricultural Society has every reason to be proud of their new herd sire and are looking forward to the time when they will have Jersey cattle second to none.

Lloyd MacNeill acted as purchasing agent for the society. The bull will be kept on B. W. MacNeill & Sons farm, Marshalltown.

The Digby Central Agricultural Society has added another high class Jersey bull to their list of breeding sires. This bull is sired by Harold, from the herd of J. R. Sample & Sons, Truro, N. S., probably one of the greatest Jersey herds in Canada.

This young bull is sired by Harold, from the herd of J. R. Sample & Sons, Truro, N. S., probably one of the greatest Jersey herds in Canada.

For a dam the Society's new herd sire has Bess of Valley View with a record of 11,513 pounds of milk and 533 pounds of fat. According to James Brimmer, Eastern Jersey Fieldman, Bess is one of three of the greatest Jersey full sisters in Canada.

The other full sisters of Bess are Queen of Valley View with two records over 600 pounds of fat and Bess of Valley View with 616 pounds of fat, the greatest Jersey cow and producer ever raised in the Maritimes, and so the Agricultural Society has every reason to be proud of their new herd sire and are looking forward to the time when they will have Jersey cattle second to none.

Here and There

Over 1,600,000 lbs. of salmon were caught in the coastal waters and rivers of Quebec last year, or 416,000 lbs. more than in 1929.

Potato shipments from Halifax are now over for the season and have been declared to be the biggest in the history of the port.

Illustrating the growth of tourist travel into Canada, 93,609 foreign cars entered Canada in 1929, while in 1930 the total was 54,009, 468.

At the end of February of this year, official registration of radio sets in Canada totalled 595,788, an increase of 31,615 over the similar period of last year.

Cadmium, a by-product obtained in the production of zinc, was produced for the first time in Canada early in 1928 at Trail, B.C. Used for plating purposes demand for it has increased very rapidly.

The Province of New Brunswick's largest bond issue was sold at the most favorable price in 25 years when a bid of 98 3/4 was accepted for \$5,215,000 4% per cent. 30-year bond issue, making the interest cost to the province 4.52 per cent.

New bridges to span the St. Lawrence and other rivers are to be built by the Quebec Government this year at a cost of \$4,000,000. They will be built at points that will link up the highways in the province into a whole.

First large cattle consignment to move east since November, 15 cars or 322 head of cattle for export to Great Britain, left Vancouver for the coast of Canada Pacific train which totalled 37 cars of stock, including 22 cars for eastern Canada points.

A single British Columbia Sitka spruce may contain 8,000 to 10,000 feet board measure of lumber. Lumber used in building an ordinary five-or-six-roomed frame house is estimated at 15,000 feet, hence two good-sized Sitka spruce trees would suffice for the house.

Crowds estimated at 50,000 people watched the Empress of Britain sail down the Clyde from her birthplace at Clydebank, to undergo trials. The ship was escorted by six tug, a police launch and six airplanes. This \$15,000,000 ship was built for a speed of 21 knots and has already done 26 knots in preliminary trials.

Ten minutes' formal stay at St. John's, Ontario, and a chance greeting between G. C. Hay and William Ardell, Canadian Pacific merchant, spanned 45 years of separation and silence between Ardell and his family. It appeared in conversation that Hay was Ardell's nephew, and that Hay was visiting his family in Vancouver where he has not seen for nearly half a century.

The Bay of Fundy's steamer, Princess Helene will have her first summer season this year and the opening is in June of the Lake-side Inn, new C. P. R. hotel at Yarmouth, heavy tourist traffic is looked for through Saint John from both the United States and Canada. The Cornwallis Inn at Kennebec and the Pines at Digby will also attract a large influx of visitors.

TORONTO BOASTS LARGEST CLASS OF BIBLE STUDENTS

The largest Bible Class in the world meets in Toronto in the Metropolitan Church, and is usually attended by about 2,000 people. The leader is Denton Massey, and his address is always the feature of the afternoon.

Denton Massey is a young man, and is big mentally and physically. He is superintendent of the Massey Harris plant and is known as a working man. He began teaching a Bible class in 1908, and now has a class which registers more than 2,300 with an associate membership of 500, a radio audience club of 8,000 registered members and an unattached audience of radio listeners estimated at 250,000.

Following the war Mr. Massey lived in Boston for a few years and in 1925 when he returned to Toronto his former class had been disbanded. He was formed again with only 18 members and has grown to its present proportions. It is conducted on business lines and all religious attendants, Jews, Protestants, Roman Catholics, Christian Scientists, Unitarians and Latter Day Saints and to be a member each one must attend one meeting out of every three.

Massey is intensely popular with his students and is a true sportsman. His talk every Sunday is on some topic of great human interest.

Personal Mention

Rene Ratto returned on Sunday from Halifax.
Mr. and Mrs. George Comeau were visitors in town on Sunday.
Mrs. Edward Mackay, of Sandy Cove, was a visitor to town last Friday.
E. M. Robertson, Jr., now of Saint John, has been a visitor at his old home here this week.
Mr. and Mrs. W. Comeau, of Meteghan, were guests of Mr. and Mrs. E. J. Theriault, on Saturday.
Little Francis Macdonald entertained a number of her friends at a delightful birthday party last Thursday.
H. J. Campbell and family moved yesterday from the Goucher house to Mrs. Roy's house on Queen Street.
Mrs. H. S. Hoyt, of Weymouth, Mrs. S. W. Titus and daughter, Mrs. Oscar Lane, are visiting in Moncton.
Dr. and Mrs. E. DuVernet, who have been visiting their son, Dr. E. O. DuVernet, in Vancouver, B. C., returned home yesterday.
Bishop LeBlanc, of the diocese of Saint John, was a visitor in town last Saturday, and was the guest of Mrs. Alex. Ross while here.
Mrs. Sara Cosselin, who has been spending the winter in town, has returned to her home in Smith's Cove, for the summer season.
Miss Beatrice Thompson, who has been away for some months, returned yesterday to resume her duties at the Maritime Fish Corporation.
Mrs. Victor Foster, who has been visiting in Saint Stephen, N. B., returned home on Tuesday. She was accompanied by Mr. MacNeill, who met her in Saint John, Monday.
Mr. Fraser, who has been one of the local D. A. R. staff here, since February, returned to Parrsboro on Wednesday, where he will take charge of the D. A. R. office there.
Rene Ratto succeeds Mr. Fraser at the local office.
Mr. and Mrs. V. T. Williams and daughter, Rosamond, of Bridgewater, were in town yesterday and Mrs. Williams left for Saint John. While in town they were the guests of Mr. Williams's brother, Harry Williams, and Mrs. Williams.
Capt. and Mrs. Ansel Snow, Mr. and Mrs. Roy Snow, Mrs. F. Hayden and Miss Edith Snow motored to Yarmouth on Friday, returning on Sunday, with the exception of Capt. and Mrs. Snow, who remained in Yarmouth until Tuesday, owing to the captain's illness.

A TEA TALE

A New Glasgow man recently sent a pound of tea to a relative in Boston. The tea reached her free of duty and probably so because of the unique message on the outside of the package which read as follows:
To the Customs Officials of the United States:
This package contains a pound of good tea, for a lady 89 years of age who is fond of GOOD tea, and you people have not been using tea that is fit to drink since that time when you dumped that lot in Boston harbour.
Please see that she gets this without delay.
"F. S."

The meeting on Friday opened with the Horseshoe. There was a good attendance. It is now the rule that the Scouts must attend meeting in full uniform, carrying staff and rope.
During the Horseshoe a Tenderfoot was passed and received his badge.
After the Horseshoe the Fox patrol gave a demonstration of fire lighting without matches. This was interesting as well as educational. Every patrol is required to give some demonstration in woodcraft. The Bear patrol gave their demonstration next meeting.
The patrol competition took the form of a tracking test.
During the week the entire Wolf patrol passed the Ambulance badge.
The meeting closed with the Lord's Prayer in the Horseshoe. A Court of Honour was held after the closing. This Court of Honour is a sort of secret business meeting of the Patrol Leaders and Seconds.

Improvements To Lour Lodge

C. J. Eldridge, proprietor of Lour Lodge, is to be congratulated on the wonderful improvement being made to that very popular summer hotel. Commencing a few weeks ago he took off the old roof with its sloping sides and numerous "valleys", raised the walls another story and put on a new roof. This makes the third floor of the hotel, probably the best in the building. The small rooms, cut up with corners and angles, sloping ceilings, and every inconceivable, have been replaced by large, square airy rooms, fitted with baths and running water, newly furnished, with every convenience. Carpenters, plumbers and electricians are all busy, and painting will commence work on Monday. This work will complete the entire renovation of the second and third floors, the second floor having been done over last year. It is Mr. Eldridge's intention to remodel the office and public rooms of the hotel in the near future, but possibly not this year. The added accommodation will increase the capacity of the hotel considerably.
While this work is going on inside the building, the well known, the well known gardener, who has been such a beauty spot of The Pines garden last year, is working on the beautiful grounds of the hotel and annex, and has hundreds of plants started ready to set out.

OBITUARY

Mrs. Mary E. Cossitt—The death occurred at Smith's Cove, early Tuesday morning, of Mrs. Mary E. Cossitt, at the home of her father, John L. Sells, where she has made her home since the death of her husband, Geo. Cossitt, six years ago. Though in poor health for a number of years she had overcome that condition and was able to enter into social activities. An unforeseen trouble developed suddenly, with fatal results. She is survived by her son Lawrence, who arrived from Montreal on Wednesday; also a sister, Mrs. Alonzo Yarrigle, of North Woburn, Mass.; a brother, Henry, at home. Mrs. Yarrigle died on Thursday at the home of the Cossitts, at Jostin Bridge. The services were conducted by Rev. H. W. Habel, pastor of the United Baptist church, of which she was a member. He was assisted by Rev. Chas. L. Snow.

WHO'S WHO

Hon. George Hoadley

HON. GEORGE HOADLEY, Minister of Agriculture for Alberta, has been a resident of Canada since 1890. He was born at Wetherall, England, and received his education at the Carlisle Grammar School and St. Bees College.

In 1902 Mr. Hoadley was a candidate for election to the North West Assembly as an independent farmer for High River. He was not successful, but was elected to the Legislature of Alberta in 1909, 1913, 1917 and 1921.

When the Greenfield Government was formed in August of 1921, Mr. Hoadley was invited to take the portfolios of Agriculture and Health. After assuming office he was re-elected by acclamation and in the general elections of 1921, 1925 and 1928 was again sent to the Legislature as a supporter of the United Farmers of Alberta.

Mr. Hoadley is chairman of the Alberta Provincial Committee of the World's Grain Exhibition and Conference, as well as a member of the Executive and Finance Committee.

OBITUARY

Charles Frederick Sypher—The death took place on Sunday last, at the residence of his son, Reginald W., of Sandy Cove, of C. F. Sypher, of Smith's Cove, at the age of 71 years. Mr. Sypher was born seventy years ago in Maitland, Queen's County, and was a son of Mr. and Mrs. Michael Sypher. He came to this country as a stage driver and for many years drove the "Neck" mail for the Stallings, of Digby; for eight or nine years he drove the Halifax-Chester coach, and was also on the Annapolis-Caledonia, and New Germany run. The advent of the motor coach put the old coach out of business, and for the past twenty years or more he has been engaged in farming. For many years he and Mrs. Sypher conducted the Village House, which was possibly the most popular of the "Neck" hotels of that period. His wife predeceased him by several years. He leaves two sons, Roy, of Digby, and Reginald, of Sandy Cove, and on daughter, Josephine, wife of Capt. George Hoadley, of Digby. The funeral took place on Tuesday afternoon and was very largely attended. The services were conducted by Rev. Mr. Forsythe, of Sandy Cove, United Church, and the interment was in the church cemetery there.

TALK OF THE TOWN

The Digby Meat Market is open every evening for your convenience. Next Sunday being Mother's Day, special services will be held by the Rev. Mr. Forsythe, at 12.15.

Schooner Phyllis C. Capt. Crocker, arrived from Freeport last Saturday with fish for the Maritime.

The official report of the proceedings of the Municipal Council will be published next week, we hope.

There will be special music, appropriate to Mother's Day, in the United Baptist church at both services, on Sunday.

The ladies of the United Church, Weymouth, have put the Bazaar Sale in the Beaton building, on Tuesday next. One day only.

G. W. Connell and E. J. Theriault struck pretty good luck on a trouting trip this week. Some of the catch has been on display in Connell's window.

The Nova Scotia Provincial Exhibition is to be held at Halifax, August 28th to September 5th, inclusive. A copy of the prize list has been received by this office.

Our "Civic Pride Club" adopts a popular slogan "Down with the Hideous Poles on Digby's Water Front!" The idea is discussed in another column of this issue.

The Sewing Circle of the Ladies' Hospital Aid, was well attended on Wednesday afternoon at the home of Mrs. A. D. McKel, Mrs. DuVerne will be the hostess next Wednesday.

St. George's Lodge, No. 55, I. O. F. will attend Divine Service at Holy Trinity Church on Sunday evening, May 10th, in observance of the 121st anniversary of the birth of the late President, George Washington. Visiting members in town are cordially invited.

The service station at Keen's Bridge, owned by Samuel Woodman, was broken into last Friday night, and a quantity of tobacco, etc., stolen. Two men—one colored, one white—were arrested this week and have confessed.

A lot of gravel is being placed on the main thoroughfares of the town. This is the work for which \$3000 was appropriated—\$1000 from the federal government, \$1000 from the provincial government, and \$1000 from the town.

She had just got back from the old country and was telling a friend about the things she enjoyed in London, that she had just tasted over there. I never found one to equal Morse's Selected Orange Pekoe.

In order to convince the town authorities that the so-called "rotten stone", so plentiful down the Neck is better for the town streets than gravel, Guy E. Morehouse brought a few yards at his own expense this week, and put it on the Bank of Nova Scotia corner. The experiment is being watched with interest.

This year, for the first time, annual school fairs in Nova Scotia, will be held and championships declared, not only in the counties of agricultural districts, but also in the province as a whole, according to Prof. W. B. Longley, of Truro, Director of Extension Service of the Provincial Department of Agriculture.

Honor Memory of
Reverend's Parents.

Two silver flags, suitably engraved, have been placed in St. Matthew's church, at Deep Brook, by the congregation, in memory of the late Mr. and Mrs. Walton George Smith, parents of the present rector. In addition to these there is a new silver pyx, for which part of the expense was met by a Sunday School class, conducted by Rev. S. B. Lindsay, of St. Simon's, Montreal, at Sea Breeze Hotel, during the summer of 1927.

The Red Raven Destroyed By Fire

The old building known as the Red Raven, ended its chequered career at an early hour Wednesday morning, when kindly flames removed what had become an eyesore and a bore of construction. Probably no business building in town has housed a greater variety of enterprises, or had a greater number of tenants than the Red Raven. It has been an ice cream parlor several times, a tea room on many occasions, a meat market, grocery store, laundry, printing and newspaper office (the "Canadian" was printed in that building) and what have you! But it seemed to be one of those business buildings found in almost every town, a "hoodooed" building, and we have never heard of a single business conducted in that building where the proprietor did not come out poorer than when he went in. The town acquired it a few days ago as a part of the improvement scheme being carried out on that portion of Water street, and some kind person saved the town the expense of moving it away or tearing it down. It made a spectacular blaze and conditions were ideal for it.

Poles Should Not Disfigure New Street

Some thoughtful citizens are worried about the poles for electric and telephone wires along the new Digby front. They assert, and with good reason, that these hideous disfigurements are an eyesore, a perpetual irritation to passers-by. They recommend citizens and town authorities to walk along those two squares and see for themselves, remembering at the same time that it will look still worse when the other trees are cut down.

This new water front, with an unobstructed view over the Basin, would be unsurpassed anywhere in the province—if the unsightly poles were out. Beauty is Digby's great asset—beauty of scenery and climate. People nowadays prefer to reside in towns where beauty is considered as important as utility. Our homes are tastefully furnished, with attractive surroundings, and our welcome summer visitors are always seeking the most beautiful spots for a vacation. Digby is growing more attractive every year, and now is our opportunity to eradicate those blotches on the sky, and enhance a lovely scene. Several plans have been suggested. Is there any reason why all poles between the Baptist Church and the Salvation Army Hall should not be placed on the opposite side of the street? This would give an open view. If this is impracticable, why not replace the clumsy, out-of-date wooden poles with iron ones, more or less ornamental? "Too expensive" somebody says. So are pavements and good roads, and sewer systems, but it's a safe bet that a referendum would show 75% against the old-fashioned poles. Let's tear down the "Beaurecrows".

100 Years Old And Going Strong

John Welsh, 100 year old railway veteran of Metegon, was a visitor to Digby a few days this week. Mr. Welsh, in spite of his years has maintained his faculties and travels alone. He has been spending a few days renewing acquaintances in Digby and Yarmouth. He was employed for some time on the old Intercolonial Railroad and the Nova Scotia Central and helped to build the Dominion Atlantic Railway between Annapolis Royal and Windsor, and was employed on the latter road until pensioned a few years ago. He left to return home Wednesday afternoon.

New Liberal Leader Speaks To Large Crowd

Angus I. MacDonald, leader of the provincial Liberal party, and the two Digby County local members, A. S. McMillan and J. W. Comeau, spoke at a public meeting here Wednesday night. Dr. I. J. Lovett, president of the Liberal Association of Digby-Annapolis, presided. It was the first appearance of Mr. MacDonald in Digby as leader of the party. He criticized the provincial Government and urged the Liberals to prepare for an election while a "Community" any time. There was a large audience made up of people from all parts of the county.

Boy Scouts Hosts To Brotherhood

The last Digby Troop of Boy Scouts entertained the Brotherhood of the Grace United Church, on Friday last. Rev. E. W. Forbes, pastor of the church, and a former scout master, presided at the gathering. Mayor T. E. Lynch awarded the certificates of merit to the troop leader and patrol leaders and seconds. The certificates were won at a recent Scout Assembly held in Bear River. Dr. G. V. Turnbull, master of the Cubs, gave a short talk on Scout work.

Scout Master O. Wright also spoke of his hope that before long the Scout law would be lengthened out to include a "Community" Club Room for the young people of Digby. Two readings were given by Victor Cardozo.

MOTHER

Dearest mother, every day
You are dearer still to me;
Looking back along life's way,
There is much I now can see.
All your teachings were so good,
When I needed to be taught;
Long before I understood
I was always in your thought.

Often I have heard you sigh
When childish whims were
bruised;
You were saddened more than I,
Over joys I was refused;
How your praise I won;
And how gently you did chide
If my tasks were left undone.

You were very quick to guess
All I needed, mother dear;
It was for my happiness
That you planned from year to year.

Though I bring you every day
Affection deep, and warm, and true
I can never hope to pay
All the debts I owe to you.

ONE RESULT OF UNEMPLOYMENT

The United States Department of Agriculture, who point out that there was an increase in farm population in January, 1931, as compared with the same month of the previous year, makes it clear that the rural life is not so dead as it is generally supposed to be.

The fact, however, that there was an increase is somewhat significant. The statistics show that in the whole country to the south of us this increase amounted to over 200,000, and while the inclination of the people to leave the country has not been so great as it was a few years ago, the unemployment situation, which undoubtedly is more acute in urban centres, probably accounts for more people being content to remain upon the farm.

There are many who predict that in the near future the man who owns a farm and is apt to be free from those economic disturbances, the latest of which has added so many to the jobless. Country life is different from what it used to be and every year it is becoming more satisfying to those who feel that they are shut off from all the enjoyment so convenient and incident to city residence. The extension of the telephone, the use of automobiles, better highways and the possibilities of radio have brought the country much nearer to the city. Unless owners and tillers upon the farms are too far removed from any large community they can always find opportunity to spend some portion of every week in recreation without neglecting the work which is so necessary for successful farm operation. Labor in the agricultural area is not so onerous as it used to be. Machinery has made it possible for men to direct instead of toiling from daylight until dark. Farmers have been quick to take advantage of modern methods and to adapt themselves to new plans of production and marketing. If unemployment has resulted in checking the movement from rural places to urban centres it has accomplished some good. Such sacrifices are often necessary to obtain results and it may be that those who have abandoned the old home places for uncertain employment and pleasures of city life have learned their lesson and concluded that they made a mistake.

Increased travel from the United States to Canada may be expected this summer, according to C. B. Foster, passenger traffic manager of the Canadian Pacific Railway, Montreal, who was in Saint John recently. Explaining the probability of a greater tourist business this summer, he said that C. P. R. passenger agents in the United States had received more enquiries about resorts and holiday centres in Canada this year than had been the case in past years. Concluding, Mr. Foster said:

"The Maritimes will get their share of this business. The advantages of the Maritimes are not forgotten by the C. P. R. agents in the United States."

No Hard Times According to Motor Registrations

Motor vehicle registrations in Nova Scotia up to April 15th, show an increase over comparative figures for last year. At April 15th, 17,469 passenger cars had been registered as compared with 16,804 at a similar date last year and 11,992 in 1929. In addition to the passenger cars, 3,730 commercial vehicles have been registered, 133 cycles and 132 tractors. The total registration for motor cars, therefore, this year at April 15th reached 21,464. This figure is approximately 1,000 higher than last year and 7,000 greater than in 1929. Of the passenger and commercial cars registered 1,484 are new cars.

SINGING IN THE SPRING

Driving through the country these spring days, one catches the old-fashioned odor of burning brush, and hears the plowman "gee-hee" and whistling as he turns up the soil. It has been said many times the last few years that there is no money in farming. And yet one sees the farmers hard at it, and working with old-fashioned good-will.

Just the other day this writer heard a conversation that constituted a very fine prescient. Some of those talking were discouraged. The matter of property values and their uncertainty was being discussed. Said a by-stander: "I know how you can restore and uphold the value of your homes. Continue to love them, keep them repaired and home-like."

That sounds like good advice. We've been quite material in our making in recent years. We may have lost sight of old-fashioned sentiments. Maybe that by-stander was right. Maybe it is our love for our homes and their community in which we live that makes real estate values.

In recent years the farmer has had a lot to contend with. But you can take a man's money from him and he still has his own ingenuity and talents with which to go ahead. But take his heart interest out of him and there isn't much left. For that reason, we believe it a good plan to hear the farmers whistling and see plows turning soil, some of which was never before sowed. It seems quite convincing proof that men still are hoping and planning and dreaming their dreams.

Recently the farmer has had a lot of people telling him how hard up he is. He's heard everything from pity to censure, but he's still plowing. He may have lost a lot of profits in the last few years, but he still has his heart interest.

THE COUNTY COURT

Sittings of Courts in County Court District No. 3, Nova Scotia, including the Counties of Annapolis, Digby and Yarmouth.

On the 21st day of March, A. D. 1931, His Honour, the Lieutenant Governor of Nova Scotia, made the following Order:

The Governor in Council under the provisions of Section 26 of Chapter 215 of the Revised Statutes of Nova Scotia, 1927, "The County Court Act," and on the report and recommendation of the Attorney General dated the 5th day of March, A. D. 1931, is pleased to order that a Proclamation do issue that the sittings of the County Court for District Number Three, designated in said Chapter to be held at Bridgetown on the first Tuesday in November and prescribed by Proclamation dated the 21st day of March, A. D. 1928, to be held at Clare on the second Tuesday in May, shall hereafter be held at the times and places following, in lieu of the times and places herein before mentioned, that is to say:

Town of Bridgetown, second Tuesday in October.

Clare, third Tuesday in May.

The following are now the dates for the sittings of the County Court in said District No. 3:

At Annapolis second Tuesday of March and July.

At Bridgetown second Tuesday of October.

At Digby, second Tuesday of February and Tuesday before the last Tuesday of September.

At Yarmouth, fourth Tuesday of April and first Tuesday of October.

On the 15th day of November, 1930, the Judge of the Supreme Court made certain changes in the sittings of the Supreme Court. The following are now the dates for the sittings of the Supreme Court in said County Court District No. 3:

At Bridgetown, on the first Tuesday of May.

At Annapolis, on the first Tuesday of November.

At Digby, on the second Tuesday of May.

At Yarmouth, on the fourth Tuesday of June and on the Tuesday before the last Tuesday of September.

week will become a "Be Kind to Animal Week."

In Nova Scotia during the past few years the province have been set aside as game sanctuaries. Here migratory game birds may rest and feed from the menace of sportsmen's guns.

This provision of sanctuaries indicates that the movement to protect our wild life is making considerable headway.

But birds are not the only wild life coming under the protection of these sanctuaries. Many forms of the game population of the country find in these places a refuge where they can roam unmolested by the hunter. It is expected that in these sanctuaries moose and many other forms of wild life which enriched our forests before the advent of the white man will find refuge.

All over the world men and women are giving thought to the preservation of wild life. The Belgium Congo is creating a sanctuary because of the decrease in the number of beasts and birds which threatens eventually the disappearance of wild life in that section of Africa. Representatives that protect have recently begun in the United States arousing interest in a sanctuary and a research station, and have received both moral and financial support.

It is not only in Canada and the United States, but in many parts of the world that wild animals are making a last stand against the onslaught of civilization. Increasingly in the future they will do so with humanity's sympathetic help.

TOO MUCH HINDU SOB STUFF (Chicago Evening American)

Rabindranath Tagore, Hindu poet and philosopher, was a guest of honor at a dinner to New York the other night. The function was attended by 350 supposedly sane Americans, who paid \$25 each to look at and listen to him.

The eminent Oriental was good enough to say in his speech that some things in America met with his approval. Then, as if he had the habit with gentlemen of his type, he went on to remark that "you of the western world have exploited those who are helpless and those who are weak."

There was more in that vein, and the sage concluded with the observation that: "The greatest part of the world suffers from your western civilization."

His hearers, 350 of them, applauded the sentiment.

This sort of thing is an old story, and nobody can blame Tagore or other celebrities from across the Pacific because they indulge in it. They have found that they can put it over with impunity—in fact, that a certain number of soft-headed Americans consider it "so spiritual" that they cheerfully pay real money for the privilege of being insulted by these visiting medicine men.

In behalf of the rest of the community however, it seems time that somebody called the bluff.

The vulgar, babys and pundits from highly civilized India, the sleek propagandists from the Philippines, the oily-tongued fakirs from half a dozen other tropical climes are beginning to be a nation-

al pest.

They represent rather less than half of one per cent. of the missions of Asiatics that they presume to speak for. They swarm up and down the United States like a plague of locusts. They retail a lot of eloquent claptrap about conditions in their own countries, not one tenth of which is true. They work on the sympathies of old ladies of both sexes.

Then they go back home with their pockets full of American cash, and their heads full of well-founded contempt for the gullibility of the American people.

Tagore, for example, has the colossal nerve to tell us what a wretched thing western civilization is for the oppressed races of the East.

His own India is kept from going to complete smash only by the power and the justice of Britain, as he knows.

His own people are fed in times of famine by the hated British.

His millions of Bengali brethren are saved from destruction at the hands of fighting Mohammedans solely by these same British.

His entire land is preserved from tyranny or anarchy only because Britain has the strength of character and the strength of empire to preserve it.

Then he comes here and wrings his hands—at \$25 a wring—about oppression.

THE VICE-REGAL FAMILY

Before they stepped ashore from the Canadian Pacific
liner Duchess of Bedford at Halifax on Saturday
April 4th, Their Excellencies and their children posed
for their first Canadian photograph.
Shown above as they waited in the Writing Room
of the Duchess of Bedford for the Prime Minister to
meet them, the party from left to right, Lady
Moyra Ponsonby, The Earl of Bessborough, the
Countess of Bessborough and Viscount Duncannon.

Fellow passengers on the liner said the Vice-regal
party took part very democratically in the ordinary
shipboard life. His Excellency presiding at the concert
in aid of Seamen's Charities and Viscount Duncannon
and his 13 year old sister, Lady Moyra, taking their
parts on the programme as elocutionist and pianist
respectively.

There will be no prayer service in
the United Baptist Church on
Thursday evening, and no young
men's Bible class on Friday evening
on account of the Quarterly District
Meetings being held at Smith's Cove
this week.

There was no meeting of the
Young Peoples' Service Club, of the
United Church, last week, as the
members are busily engaged practicing
for their play, "Down By the
River."

The annual roll-call service of the
Clementson United Baptist Church
was held on Wednesday, April 29th.
A goodly number gathered in the
church vestry at 8:30 p. m. When a
tasty supper efficiently served by
the ladies of the church, was enjoyed.
All then adjourned to the church
auditorium where the roll-call ser-
vice was held. Rev. H. W. Habel, B. A.,
pastor of the church, presided,
and also sang a gospel song in pleas-
ing voice. Rev. A. B. Williams, of
Annapolis, in a very happy manner,
brought greetings from the Annapolis
people to the church.

Bear River, preached the roll-call
sermon from the text, "For as many
as are led by the spirit of God, they
are the sons of God—and if children
they shall inherit the kingdom of
God." Rom. 8:14. A
generous offering was received for
the general expenses of the church.

Teachers Who Smoke
Barred From School

School teachers who smoke should
not go to Crooked Creek, in season
of employment, for they are certain
to be disappointed.

The Owsos Board of Education,
at a special meeting, has passed a
rule barring teachers who smoke
from teaching there. No distinction
was made between men and women
in the ruling, it merely being re-
ported out that smoking had an un-
desirable influence over pupils, espe-
cially the younger ones.

much of the binder twine factory
at the time, making canvas sacks on a
machine, but had to be on my feet most
of the time. Well, I would take a
sackful of binder twine, and I was
feeling very bad. I sent to the
drug store and got one box of Dr. Wil-
liams' Pink Pills. Before they were
finished I had received so much relief
I got three more boxes. I am married
now and have three fine, healthy boys.
The last and other elements in Dr.
Williams' Pink Pills (tonic) build up the

Man Is Buried Alive; Rescued

Joe Warren, of Annapolis, had a
very narrow escape Saturday, when
he was buried alive in the Jones
grave pit, at Jordantown, some four
miles from town. Young Warren,
who is about eighteen years of age,
was at work with a party of eleven
men hauling rock and gravel
for road work construction near here
when the accident occurred.

He was completely buried when
the whole side of the pit caved in,
and was saved only by the prompt
action of his fellow workers,
when taken out, was so suffocated
that he was unable to speak.

Other than a severe shaking up,
he escaped with a pair of badly
bruised legs, and is now able to get
around. He was taken to the home
of his sister, Mrs. Innes Munro.

The young man is a patient in
the local hospital up until a few
weeks ago, suffering from gunshot
wounds, caused by the accidental
discharge of a shot gun, while camp-
ing in the woods last February.

VICTORIA BEACH

Dedication of New Hymn Books

HILLSBURG UNITED CHURCH OF CANADA, BEAR RIVER

At the morning service on Sunday, May 3rd, a beautiful copy of the New Hymnary of the United Church of Canada, the gift of Frederick A. Milbury, was dedicated for the service of the Sanctuary. This book was inscribed "Presented to the Hillsburg Congregation of The United Church of Canada, by Frederick A. Milbury, in memory of his Mother, Louisa J. Milbury, a devoted member and willing worker, who had much love for this place of worship, May 3rd, 1931."

At this service the Hymnary was officially dedicated for the worship of the church and many expressions of appreciation of the beauty of the book were given by members. Rev. F. W. Sawdon, preached a sermon appropriate to the occasion which dealt with the hymnology of the church and the new book in particular. Two books are available to all in varying degree, the Bible and the Hymn Book. The first is a source of supreme inspiration, the second is a compilation of sacred song covering a period of more than two thousand years. Perhaps we do not realize that we are in a great measure, as we join in the ancient hymns of Christendom and that as we learn and popularize the best of the modern ones, we are helping to hand on a precious spiritual legacy to those who follow us. Next to the Bible, the common hymn-book of Christendom, has perhaps done more than any other factor to restore the soul, to rejoice the heart, to enlighten the eyes, and to sustain the faith and love of Christian men and women throughout the world.

Our word hymn is a word of Greek origin, and its meaning originally was an ode in song in praise of the gods or of the spirit behind natural things. In some such sense it is used by Coleridge in his Hymn to the Earth. But as we interpret the word Hymn it is verse set to music and intended for congregational singing. Its nature is devotional and it is either directed to God in thanksgiving, adoration, confession or petition, or it is for the exhortation and comfort of men in the presence of God. Think of a few hymns for illustration.

"For the beauty of the earth,

For the beauty of the skies,
For the love which from our birth
Over and around us lies,
Lord of all, to Thee we raise
This our sacrifice of praise.

For the beauty of each hour
Of the day and of the night,
Hill and vale, and tree and flower
Sun and moon and stars of light,
Lord of all, to Thee we raise,
This our sacrifice of praise."

This with its succeeding verses is almost entirely a hymn of thanksgiving.

We might turn to the beautiful hymn of Henry Scott Holland, 515, and find there a magnificent hymn of petition for the nation.

Judge Eternal, throned in splendour
Lord of lords and King of kings,
With Thy living fire of judgement
Durge this land of bitter things;
Solace all its wide dominion
With the healing of Thy wings.

333 by Francis Ridley Havergal, is a prayer of consecration in which all may join.

Lord, speak to me that I may speak
In living echoes of Thy tone;
As Thou hast sought, so let me seek
Thy erring children lost and lone.

351 by Horatius Bonar, is a splendid hymn expressive of what life ought to be:

He liveth long who liveth well;
All other life is short and vain;
He liveth longer who can tell
Of living more; for Heavenly gain.

Re what thou seemest; live they erred;
Hold up to earth the torch divine;
Be what thou prayest to be made;
Let the great Master's steps be thine.

Sometimes it is difficult to know whether devotional verse belongs to the class called hymns or to that of sacred poetry. Perhaps in this category we would place William Blake's beautiful words.

522 And did those feet in ancient time
Walk upon England's mountains green;
And was the Holy Lamb of God
On England's pleasant pastures seen?

And did the countenance divine
Shine forth upon our clouded hills;
And was Jerusalem builded here,
Among these dark satanic mills?

Bring me my bow of burning gold!
Bring me my arrows of desire!
Bring me my spear! O clouds unfold!
Bring me my chariot of fire!

I will not cease from mental flight,
Nor shall my sword sleep in my hand,
Till we have built Jerusalem
In England's green and pleasant land.

St. Augustine defined a hymn as a song of praise to God; but some would fail if judged by that standard and certainly modern hymnology is not content to keep within the limits of that definition. A hymn should appeal to both the intellect and heart. It should have a teaching office as well as a stimulating one.

The very essence of worship is that it is corporate. It has the quickening influence of an act done in fellowship together with others. This is true very largely of the way in which the Christian faith spread in the very beginning. "Christians" began with the joining of heart to heart. Eye looked into eye. The living voice struck upon the ear. And it is precisely such an action of personalities, such an action of man on man, that, ever since Jesus spoke, has effected the unending renewal of Christianity.

People ask sometimes why the old hymns are not sung. Can we sing today hymns in which are expressions in terms and metaphors which age that has gone by, terms which are an offence to the seekers after truth today. We have to remember "the thoughts of men are widen" and that in times past some hymns were used in Christian worship that would not be tolerated today. They have been expunged from our hymnology because they were so much out of harmony with our "larger thought of God."

But yet we have great links with the past and many of the great hymns of today come to us from the far distant past.

Jesus Thou Giver of loving hearts,
Thou Fount of Life, Thou Light of men
From the best bliss that earth imparts
We turn unflinching to Thee again."

Who would not join in that beautiful one. It is attributed to Bernard of Clairvaux, born 1091, but today it is thought to be of much earlier origin.

The Dology and our morning and evening hymns come to us from Thomas Ken, Bishop of Bathurst, 1663. They were written for the boys of Westminster School, but are now the heritage of the Church Universal.

From Palgrave 1824-97 we get:
Thou say'st take up thy cross
O man, and follow Me;
The night is black, the feet are sore
Yet we would follow Thee.

He was Professor of Poetry at Oxford, and it is one of the legacies of the Oxford Movement to which also belongs the hymn of Cardinal Newman, Faith and others.
What of the grand old Hymns and Canticles of the Church. Is there anything more sublime than the Te Deum?

"We praise Thee O God, we acknowledge Thee to be Lord,
All the earth doth worship Thee,
The Father everlasting."

It is when we read the hymn book we realize the truth of the words:
"We are not divided,
All one body we,
One in faith and doctrine
One in charity."

And as we think of the Church Universal with its song of praise ascending Sabbath by Sabbath, as we think of those who in generations come before have lifted their song of praise from various editions of the hymn book, we would say, realizing the continuity of the Church:
Their joy unto the Lord we bring;
Their song to us we commend."

She Suffered for Four Years With Sore Back

Then New Brunswick Lady
Used Dodd's Kidney Pills

Mrs. A. J. Ferlotte Found Relief
After Taking One Box
Archibald Settlement, N. B., May 3

Just why Dodd's Kidney Pills are so popular in the Province of New Brunswick is shown by the statement of Mrs. A. J. Ferlotte, a well known resident of this place. She writes:—
"I suffered for four years with kidney trouble and sore back. I got a box of Dodd's Kidney Pills and they gave me relief. Since that time I have never been without a box in the house. I have also used Dodd's Kidney Pills for headache and found them very good."

That Mrs. Ferlotte's trouble came from her kidneys is evidenced by the relief she got from Dodd's Kidney Pills. They are purely and simply a kidney remedy. Many men and women suffer periodically with aches, pains, and middle age approaches, the pain increases in severity. Rest may give temporary relief, but Dodd's Kidney Pills do much more than this. They get to the kidneys and remove the cause of the pain.

The Spirit who in them did sing
To us his music lent;
His song is in them, in us, is one;
We raise it high, we send it on—
The song that never endeth.

Ye saints do come, take up the strain,
The same sweet theme endeavour:
Unbroken be the golden chain;
Safe in the same dear dwelling place,
Rich with the same eternal grace
Bless the same boundless Giver.

OBITUARY

Miss Catherine B. Dishrow—The death occurred early Wednesday morning, of last week, at the Central Hospital, Saint John, of Miss Catherine B. Dishrow youngest daughter of the late Rev. James W. Dishrow, and the member of the Saint John. One sister, Mrs. Sophia Goddard, lives in New York, and several nephews and nieces also survive.

Miss Dishrow was a staunch member of the Church of England and particularly active in connection with the Young People's Society. She was one of the teachers in the Madras School when it was supervised by the late Canon Bistock, and many pupils of that church school will bear of her death with regret. After the death of her sister, Mary, a few years ago, Miss Dishrow entered the employ of the C. P. R. Steamship Co. as a bookkeeper, and continued in that capacity for four or five years. The funeral was held from Trinity Church.

Funeral services were frequent in Bear River, guest of Mrs. Alfred Porter and Mrs. Walter M. Romans, and many friends will regret to learn of her passing.

C. G. I. T. GROUP AT HOME TO W. M. S. MEMBERS

The C. G. I. T. group of the United Church of Canada, with their leader, Mrs. H. C. Anthony, were at home to the W. M. S. members of that church on Tuesday evening, May 4th. They opened the meeting with their regular business, after which a programme of music and readings were given. The topic was "Japan." At the close of the meeting Rev. and Mrs. Sawdon were each presented with a gift from the C. G. I. T. group. One was an engraved photo of the group, and the other a view of Bear River. They were both taken by surprise. Rev. Mr. Sawdon spoke very nice in return, how much the group had meant to him, pleasant memories of them, to take away with them in their new home. Lunch was served by the group.

Favorite Recipe for
TEA BISCUITS*

2 cups flour 1 tablespoon lard
4 teaspoons Magic Baking Powder ½ cup cold milk or salt milk and half water
¼ teaspoon salt 1 tablespoon butter

Sift flour, baking powder and salt. Cut in the chilled shortening. Now add the chilled liquid to make soft dough. Toss dough on to a floured board and do not handle more than is necessary. Pat out with the hand or roll out lightly. Cut out with a biscuit cutter. Bake on a buttered sheet in a hot oven, 450° F., 12 to 15 minutes.

This recipe and dozens of other equally delightful baking suggestions are included in the New Magic Cook Book. If you have a copy, write to Standard Brands Limited, Fraser Ave. and Liberty St., Toronto, Ont. Buy Made-in-Canada Goods.

Re-surface old walls and ceilings with Gyproc

HERE is a wallboard that does not burn, made from gypsum rock into sheets 4 to 10 feet long, 4 feet wide and 3/4 of an inch thick. It is used for interior walls, ceilings and partitions.

As well as being fire-resistant, it has structural strength, insulation value and is draught and vermin-proof. Use Gyproc Joint Filler for sealing the joints between the tall, broad sheets of wallboard.

When you are "doing over" any room in the house or adding new ones in the attic or basement, use Gyproc for walls and ceilings because you can nail it directly over the old surface. Gyproc is also an excellent base for Alabastine, Gypox or wallpaper.

Gyproc is Canada's pioneer non-burning gypsum wallboard. Ask your nearest dealer for full details and a Gyproc direction sheet. Or write us for the FREE booklet, "Building and Re-modelling with Gyproc".

ELECTED VICE-PRESIDENT

L. F. AVARD

Superintendent of Weighing, Canadian National Railways, Atlantic Region, who was elected Vice-President of the National Scale Men's Association for the year 1931-32, at the annual meeting of the Association held in Pittsburgh, Pa. The Association has a membership of 250 made up of scale and traffic men of the larger railways in the United States and Canada and also of traffic men from the larger industrial concerns in both countries. Mr. Avard was born at Great Shemogue, Westmorland County, N. B.

Come On Out!

At the meeting on Friday last the United Church Brotherhood was banquetted and entertained by the Scouts. On this occasion everybody present had a good time. Many games of an athletic nature were played. Members of the Brotherhood participated in these and had as good, if not better, time than the boys themselves.

It is surprising how agile some of the older men, or rather "boys" can become when playing in a real hot game of pole jumping. In some cases the after effects are noticeable—breathlessness, and all that—but, as a whole, they did pretty good for their first workout. After things had quieted down a little, demonstrations of Scout work were given. These were: knot tying and Scout laws. During the course of the evening Mr. Lynch, Mr. Forbes and Dr. Turnbull gave speeches. Mr. Lynch presented the patrol leaders with merit cards.

DEEP BROOK

Miss E. A. McClelland, who has been spending the winter in Liverpool, returned to Deep Brook on Thursday and will occupy her cosy cottage for the summer.

Mr. and Mrs. Leslie McFadden, of Clementsport Heights, were Sunday guests of Mr. and Mrs. Carl Nichols.

Mrs. S. B. Henshaw, and daughter, Frances Pat, arrived on Tuesday from St. Louis and will spend two months as guests of Mr. and Mrs. J. F. McClelland.

A number from our village attended the Sunday School District Convention at Clementsport, on Tuesday afternoon and evening; also the quarterly meetings at Smith's Cove, on Friday.

WEDDINGS

Hebb-Theriault — A wedding of much interest to the people of East Ferry and Bridgetown, took place at the United Baptist parsonage, in this town, last Thursday, when Miss Helene Theriault, daughter of Mr. and Mrs. Edgar J. Theriault, of East Ferry, and Bertram Aiden Hebb, of Granville Ferry, were united in marriage by Rev. J. E. Bishop. The wedding was a quiet one, only attended by the bride's parents and a few friends. The bride was prettily attired in independent blue tulle with matching accessories. Immediately after the ceremony a dainty luncheon was served at the Ocean Gardens, followed by a reception at the bride's home. The bride received many useful gifts, including silver, cut glass, china and linen, showing the esteem in which she is held by her many admirers. After spending a few days at East Ferry they motored to the groom's home at Granville Ferry, where they will reside. Their many friends wish them a long and happy wedded life.

which they had won at the conference in Bear River.

To close the happy gathering it was decided to have some singing, so the song books were distributed. The boys tuned up their vocal cords and began. From "The Bear Went Over the Mountain" they went to "Jingle Bells," thence to "John MacDonald's Farm" to "Noah's Ark," finally closing the meeting with "O Canada." The Scout hall was tastefully decorated with evergreens and flags. These formed a wonderful setting for the happy, smiling faces of all the boys—young and old—who were present.

Beach Strata Found in New Gravel Pit

A new gravel pit has been opened by the town of Digby, on Queen Street. Those who have examined it cannot but wonder at the unusual strata found there. The pit is several hundred yards away from the shore, and high above the level of the sea, yet the gravel taken from it is very much like would be found on any beach. About eight feet below the ground surface there is a marked strata of beach stones which goes to show that at one time, possibly thousands of years ago, this high part of the town was under the sea, giving strength to the popular supposition that the North and South Mountains, the Digby Neck and the Digby Gut were formed by some upheaval of Nature.

A new service station, owned, we understand, by Barton parties, is being built at Rossway.

Successful Play in Smith's Cove

"Madame Majesty", an amateur comedy, was presented on Tuesday evening, in the Smith's Cove Hall, by a cast of local talent. The parts were all exceptionally well taken, and the interest of the audience was sustained from beginning to end of the action. The play will be taken to Deep Brook next Tuesday night, and in the near future Digby may look forward to a treat when it is presented there under the auspices of the Ladies' Hospital Aid.

The cast of characters is as follows: Mrs. Jones Mrs. W. Outhouse The Madame Majesty of all cooks, past, present and future

John Rogers Elmer Weir Modern business man, whose business is everybody's, but his own

Sybil Rogers Mrs. Ed. Payson His flapper wife, who probably would mind her own business if she had any

Victorian Order Of Nurses

The Rummage Sale for the benefit of the Victorian Order of Nurses will be held to-morrow (Saturday), in the shop next the Royal Bank, as previously advertised.

The monthly meeting of the V. O. N. will take place on Tuesday, at 3 o'clock in the Court House.

Miss D. Cunningham, R. N., has taken over the duties of the Victorian Order Nurse, to relieve Miss MacFarlane, who was called to her home in St. Stephen's, on account of the illness of her mother.

Miss Cunningham will be pleased to meet the mothers with their babies on Friday afternoon, at the Well Baby Conference.

Don't forget to clean and punch holes in empty tin cans before discarding, and thus prevent the breeding of flies and mosquitoes.

NORTH RANGE

Mr. Crowe, of Bridgetown, was the guest of A. William Andrews, during the past week.

Miss Laura E. Andrews, of Melrose, Mass., who has been visiting her uncle, Frank Andrews, is spending a few weeks with her uncle, William Urquhart, in Yarmouth.

A number of our farmers have their potatoes planted, and some had their turnips in two weeks ago.

Mrs. A. J. Andrews is able to sit up after being confined to her bed for some time.

Mrs. Addie Height had a shock a week ago, while sitting in her chair, causing her to fall to the floor. Her grandson, Harry, who lives with her, was outside at the time. Calling help she was lifted to her bed and a doctor called. On examination it was found that a blood vessel had burst in her head and that she was blind.

She is now regaining her sight gradually.

A few of the young men from this place are employed in Digby for an indefinite period.

Newman and Thomas Andrews, who are employed in Digby, spent the week end with their parents, Mr. and Mrs. A. W. Andrews.

A sing-song by the B. Y. P. U. was enjoyed by the young folk at the home of Mr. and Mrs. Robert Short-life, on Sunday evening.

Plants and Shrubs Stolen From Gardens

There does not seem to be much encouragement in trying to "dollar" your grounds. We had the pleasure of looking over Harry Ross' beautiful grounds this week, but the gardener, Oscar VanTassel, was feeling very much put out. He had, with great pains, graded the portion next to the road and had it nicely raked and smoothed over, when some man, with little sense, went over it and deliberately trod it up. Children sometimes do tricks like that, but in this case it was a man—the tracks show it. Of the shrubs and flowerings set out several roses and hydrangeas have been stolen, possibly by the same nit-wit who walked over the graded portion. We have observed the same thing on the station grounds where the beds have been trampled up. It's discouraging, to say the least.

Taking of Census To Begin Shortly

In a few weeks the time worn jokes regarding census-taking will be renewed, for the census-takers will be at work in Canada again. The first true census was taken in Canada, in Quebec, known as New France, in 1665. Nova Scotia (Acadia) and Newfoundland followed suit. In the next century European nations began to take census but the early European counts were mainly to give the monarch of the day an idea of how many serfs he had and how much money he could extract from them. The first modern census was taken in Britain in 1801.

The census, taken every ten years, proves an interesting link in history. The exact population is ascertained, and especially this year it will prove interesting because it will show the actual number of unemployed.

Proceedings of Municipal Council, May Session, 1931

The Council for the Municipality of the District of Digby met at the Court House, Digby, on Tuesday, May 5th, 1931 at 2 o'clock in the afternoon; present J. V. Andrews, Warden and Councillors Chisholm, Marshall, Cossaboom, Lent, Pugh, Fitzgerald, Outhouse, Robbins, Woodman, Hillman and Hankinson. The Warden briefly addressed the Council, outlining the business to come before the meeting. The minutes of the previous meeting were read and approved.

A letter from Mr. A. Roberts, secretary Union Nova Scotia Municipalities, acknowledging receipt of resolution passed at the January meeting re dogs, was read and was also a letter from the Clerk of the Executive Council approving the passing of the by-law dealing with the appointment of a Hydro Committee; both these were received and ordered placed on file.

Bills from Mr. Arthur Lamberton and Mr. Wallace Wright for sheep killed by dogs were read and on motion referred to Finance Committee.

A letter from the Nova Scotia Light and Power Company was read as was also a letter to the Digby County Power Board by the same company; both these were dealing with the proposal of this company to purchase the holdings and undertakings of the Digby County Power Board and the Distribution system of the Municipality.

After discussion of the question it was moved by Councillor Marshall

that the offer of the Nova Scotia Light and Power Company, Ltd. for the holdings and undertakings of the Digby County Power Board be not accepted and that the action of the members of the Digby County Power Board be concurred in; seconded by Councillor Hillman and passed unanimously.

Moved by Councillor Marshall that the question of the borrowing of further funds for Municipal Hydro Distribution be left with the Hydro Committee; seconded by Councillor Hillman and passed.

A form of Rules and Regulations as drafted by the Warden, for the management of the County Home was read and on motion, left on the table for further consideration by those in authority.

On motion the Council adjourned until 10 a. m. Wednesday.

Wednesday, May 6th

The Council met at 10 a. m., all Councillors present, the Warden in the chair. Minutes of previous day were read and approved. Committee held a sitting; this Committee rose to report later.

On motion the Council resolved into Assessment Committee, Councillor Chisholm taking the chair. This Committee rose to report later.

Moved by Councillor Hillman that the Municipal Council support the rate payers of Mount Pleasant in their request to have the Town of Digby install a hydrant at Mount

Pleasant for purposes of fire protection; seconded by Councillor Fitzgerald and passed.

Moved by Councillor Robbins that Councillor Hillman be appointed to take up the matter of having a hydrant installed at Mount Pleasant, with the Town Council; seconded by Councillor Fitzgerald and passed.

On motion the Council considered the management of the County Home as dealing with the case of the band of Edward Cossaboom.

On motion the Council adjourned until 2 p. m.

The Council reassembled at 2 p. m. all Councillors present; the Warden taking the chair.

Resuming the discussion of the management at the County Home, it was moved by Councillor Fitzgerald that Councillors Chisholm, Pugh and Outhouse be appointed a Committee to interview the Keeper of the County Home, and any other persons they may consider it necessary to interview; this committee to report the result of their investigations at this session of the Council; seconded by Councillor Hankinson and passed.

The question of the cost of meals per day for the prisoners in the Jail was discussed; moved by Councillor Robbins that the amount allowed per meal for each prisoner be twenty cents in place of the twenty five cents; seconded by Councillor Fitzgerald and passed.

Moved by Councillor Marshall, seconded by Councillor Chisholm and passed that the following Rules and Regulations for the management of the County Home at Marshalltown be accepted:—

1. A sign board shall be placed at entrances to the Home from the main highway. Also an appropriate sign board shall be attached to the County Home giving the visiting days and hours as follows:—

Visiting Days:—Thursday in each week from 1.30 p. m. to 4.30 p. m. 1st and 3rd, Sunday in each month from 2 p. m. to 4 p. m. Christmas Day.

2. It shall be the duty of the Keeper to respectfully conduct such visitors as conditions will allow.

3. The County Home shall be open at all times to the inspection of the members of the Committee on Tenders and Public Property, the County Home doctor; any member of the Municipal Council and those who have authority under the Statutes of the Province of Nova Scotia.

4.—The Keeper shall not accept anyone as an inmate without an order signed by two Overseers of the Poor, or the Councillor for the District wherein the person has a settlement; or by an order from the Warden of the Municipality; or by an order from the Chairman of the Committee on Tenders and Public Property and one Municipal Councillor; or by an order from the doctor for the County Home and one Municipal Councillor.

A deposition of such inmate shall be given to the Keeper within ten days, which shall be placed on file and also recorded in the Recording Book of the Home.

5.—It shall be the duty of the Keeper to use necessary discipline for the control of inmates; also to see that the inmates are properly clothed and fed and cared for when sick.

6.—It shall be the duty of the Keeper when an inmate is seriously ill to immediately notify the nearest relation, if any, or Councillor for the District in which the inmate has a settlement; also to notify the clergyman of the church to which inmate belongs, and to allow such inmate all ceremonies and rites, which his or her church demands.

The Keeper shall allow relatives to give certain attentions to inmates if requested to do so.

7.—It shall be the duty of the Keeper, when an inmate dies, to notify the nearest relative and the Councillor for the District in which inmate has a settlement; or the Chairman of the Committee on Tenders and Public Property.

It shall be the duty of such Councillor or Chairman to ascertain the wishes of such relatives or friends, as the case may be, in regard to interment; if such relatives or friends are in a position to make representation for interment, or if they wish to assume full responsibility themselves.

If the body is not claimed by any relative or friend and no other arrangement has been made, it shall be the duty of the Keeper to make all arrangements for interment in the County Home Cemetery, and to make

provision for every inmate to have a Christian burial.

8.—The Doctor for the County Home shall have access to the Home at all times and shall record in a book for that purpose the date of each visit, and shall also record conditions at such date.

In case of illness or accident the Keeper shall forthwith notify the Doctor in charge.

In case of epidemic the Doctor may quarantine the County Home against the outside public.

In case of epidemic or serious illness the Keeper shall notify the Warden or the Chairman of the Committee on Tenders and Public Property.

When a child is born or an inmate dies the Doctor shall record the birth or death in the book kept for such records, giving dates and in case of death the nature of the disease.

The Doctor shall report unsanitary conditions to the Warden or Chairman of the Committee on Tenders and Public Property.

9.—The Keeper shall not allow any inmate to leave the County Home without the consent of the Warden and Chairman of the Committee on Tenders and Public Property.

The Warden or Chairman shall then notify the Councillor for the District in which inmate has a settlement.

10.—If an inmate escapes and the Keeper is not able to ascertain his or her whereabouts, the Keeper shall forthwith notify the Warden or Chairman of the Committee on Tenders and Public Property, and the Councillor for the District in which inmate has a settlement.

11.—It shall be the duty of the Keeper to keep a record of all inmates and the number of days they are under his care; to keep on file bills for all goods used during the year; to give an account at the end of each year of all hay, fodder, grain, vegetables, roots, etc. grown on the farm; also of all live stock on hand or sold or killed for the use of the farm, and together with the Chairman give an estimated value of all the above. He shall keep an account of all machinery and equip-

ment, and make a yearly report thereof to the Council at the annual meeting in January.

On motion the Council adjourned until 10 a. m., Thursday.

Thursday, May 7th

The Council met at 10 a. m., on Thursday, May 7th; all Councillors present, the Warden in the chair; minutes of the previous day read and approved.

Moved by Councillor Hillman that a copy of the Rules and Regulations for the County Home, as passed, be sent to each Councillor, and that two large copies be framed and one copy placed in the County Home and the other in the Office of the Municipal Clerk. Seconded by Councillor Pugh and passed.

On motion the bill of Mr. W. K. Hutchins, for sheep, was referred to the Finance Committee.

Moved by Councillor Pugh that an amount not to exceed One Hundred Dollars be expended by the Committee on Tenders and Public Property for repairs to the Court House.

Moved by Councillor Pugh that this Council place on record its protest at the delay by the printers in the publishing of the County Home and on motion the Council adjourned until 10 a. m., Friday.

Friday, May 8th

The Council met at 10 a. m., Friday, May 8th, all Councillors present; the Warden in the chair; minutes of the previous day were read and approved.

A list of properties against which rates were recorded was read, and certain properties offered to be sold.

On motion the Council resolved into Assessment Committee, Councillor Chisholm taking the chair; this Committee rose and Councillor Woodman read the report, which was on motion received and adopted.

On motion the Finance Committee held a sitting, this committee rose and Councillor Chisholm read their report, which was on motion received and adopted.

Moved by Councillor Hillman that two sheep valuers be appointed for the Municipality; one for Digby Neck and Island, the other for the remainder of the Municipality; and that all former appointments of sheep valuers be, and here are rescinded; seconded by Councillor Cossaboom and passed.

Moved by Councillor Hillman that Walter VanTassell be a sheep valuer; seconded by Councillor Woodman.

Moved in amendment by Councillor Pugh, that Norma Marshall be appointed, he being more centrally situated; seconded by Councillor Cossaboom; on being put to vote the

amendment carried.

Moved by Councillor Hankinson, seconded by Councillor Robbins, that Frank Height be appointed as the other sheep valuer. Passed.

Moved by Councillor Marshall that the two valuers appointed be forwarded copies of the Sheep Protection Act, and be instructed to acquaint themselves as to their duties in the carrying out of this Act; seconded by Councillor Pugh and passed.

Moved by Councillor Cossaboom that a separate account of dog tax collected and of monies paid out for sheep killed by dogs be kept; seconded by Councillor Marshall and passed.

Moved by Councillor Hankinson that copies of the Sheep Protection Act be secured from the Department at Halifax; for distribution; seconded by Councillor Cossaboom and passed.

Moved by Councillor Woodman, seconded by Councillor Marshall and passed, that an additional insurance be placed on the County buildings thirty thousand dollars; on the Alms House ten thousand dollars; on the Jail five thousand dollars.

Moved by Councillor Hillman that for this additional insurance the Council ask for tenders; seconded by Councillor Pugh. Moved in amendment by Councillor Marshall that this be left to the Committee on Tenders and Public Property. On motion the Council adjourned until 10 a. m., Saturday.

Saturday, May 9th

The Council met at 10 a. m., all Councillors present, the Deputy Warden in the chair.

Councillor Chisholm read the report of the committee appointed to interview the Keeper of the County Home; this report was on motion accepted. It was as follows:—

"We your committee appointed to investigate certain reports and charges against the Keeper of the Alms House find that the case of Edward Cossaboom was really a hospital case; we find that the Keeper was exceeding his authority in sending out the body without first receiving instructions from the Warden or the Councillor for the District in which said case was located. Regarding the charges of indecent exposure, it was through lack of thorough instructions given to the Keeper by Dr. Woodman, as to the manner in which the sheets were to be used in the hospital, that the party who delivered the great extent of the charges investigated have been exaggerated to a great extent and that there is no complaint of any one being ill used. Your committee would recommend

that lights be placed in the room used by clerestories at the Alms House, and that screens be provided that may be used in cases of serious illness where privacy is desired."

Moved by Councillor Hillman: "It is hereby resolved that this Council is of the opinion that the Keeper of the Alms House has been negligent in his duties; and further resolved that the resignation of the Keeper be demanded by this Council;" seconded by Councillor Woodman.

Moved in amendment by Councillor Hankinson that after hearing the report of the committee appointed to investigate charges against the Keeper of the Alms House, the Council is of the opinion that the Keeper, Mr. Balser, should be encouraged, and that he should not be asked to resign; seconded by Councillor Pugh. On being put to vote the amendment carried.

Moved by Councillor Hillman that the names be recorded of those willing for and against the motion; seconded by Councillor Pugh. Moved in amendment by Councillor Marshall, seconded by Councillor Woodman, that the names be not recorded; on being put to vote the amendment carried.

Moved by Councillor Marshall that the Committee on Tenders and Public Property investigate lighting conditions at the Alms House, and where necessary have lights added; also that the mortuary vault be repaired and that it be kept in its original purpose, and that a removable cover be procured for the vault in the room next the mortuary; and that the expense of repairs recommended by the special committee be provided; seconded by Councillor Outhouse and passed.

On motion the list of officers as left with the Clerk was read.

Moved by Councillor Lent that the Committee on Tenders and Public Property be authorized to procure necessary implements for the County Home; seconded by Councillor Chisholm and passed.

On motion the Council adjourned until 10 a. m., Saturday.

Sunday, May 9th

Council met at 10 a. m., all Councillors present, the Warden in the chair; minutes of the previous day were read and approved.

The following resolution was moved by Councillor Marshall and passed:—

"Whereas, it is among other things in effect enacted by Section 12 of Chapter 113 of the Acts of 1925, entitled 'An Act to Incorporate Digby'

HYDRAULIC BRAKES

ACCEPT NO LESS IN THE CAR YOU BUY

The marvel of Dodge brakes is that they are always equalized. Every time you press the brake pedal you get the same result—sure, even, easy, positive.

For Dodge brakes operate according to a scientific truth... the unchangeable law of hydraulics that pressure applied to a liquid is transmitted equally in all directions. Pressure at every brake drum is always the same.

Action is easy because the hydraulic method is the most efficient known way to apply great force. Dodge hydraulic brakes are fully enclosed—completely weather-proof. They require no oiling.

CONNELL'S

Proceedings of Municipal Council, May Session, 1931

(Continued from page 2)

County Power Board. That the Municipal Council of the District of Digby, where Council has appointed a member to the Digby County Power Board, or does hereafter appoint a member, shall for the purpose of providing a distribution system and for carrying out the distribution and sale of electrical power and energy within said Municipality under the provisions of said Act, have power to borrow money and issue debentures therefor in such form and containing such terms and at such rate or rates and in such place or places as the Council of said Municipality may determine.

And Whereas, by Section 1 of Chapter 123 of the Acts of 1927, entitled "An Act to Amend Chapter 113, Acts of 1926, an Act to Incorporate the Digby County Power Board" it is enacted as follows:

(1)—It is hereby declared that Chapter 113 of the Acts of 1926, entitled "An Act to Incorporate the Digby County Power Board" has taken effect and is regularly in operation in respect of the Municipality of the District of Digby, the Village of Weymouth and the Town of Digby, under and in accordance with section 14 of the said Act, and that the Council of the Municipality of the District of Digby, the Village of Weymouth and the Town of Digby, and the Council of the Town of Digby, have legally and duly appointed Harry H. Marshall, Louis Stehelin and Frank L. Anderson, respectively to be members of the Digby County Power Board;

And Whereas, by a Resolution passed by the Council of the Municipality of the District of Digby on the 23rd day of August, A. D. 1927, it was resolved that under and by virtue of Section 12, of Chapter 113 of the Acts of 1926, as amended, and the Municipal Debentures Act, the said Municipality do borrow the sum of Twenty Thousand Dollars for the purpose of providing a distribution system and for carrying out the distribution and sale of electrical power and energy within the said Municipality under the provisions of said Chapter 113, and do issue Debentures therefor;

And Whereas, by a Resolution passed by the Council of the said Municipality on the 18th day of January, A. D. 1930, it was resolved that under and by virtue of Section 12 of Chapter 113 of the Acts of 1926 as amended, and the Municipal Debentures Act, the said Municipality do borrow a further sum of Ten Thousand Dollars for the same purpose and do issue Debentures therefor;

And Whereas, by a Resolution passed by the Council of the said Municipality on the 6th day of May, A. D. 1930, it was resolved that under and by virtue of Section 12 of Chapter 113 of the Acts of 1926 as amended,

and the Municipal Debentures Act, the said Municipality do borrow a further sum of Twenty-two Thousand Dollars for the same purpose and do issue Debentures therefor;

And Whereas, it is deemed necessary to borrow a further sum of Six Thousand Dollars for the said purpose, namely for the purpose of providing a distribution system and for carrying out the distribution and sale of electrical power and energy within the said Municipality;

Be It Therefore Resolved that under and by virtue of said section 12 of chapter 113 of the Acts of 1926 as amended and the Municipal Debentures Act, the said Municipality do borrow the said sum of Six Thousand Dollars for the purpose aforesaid and do issue Debentures therefor;

That six Debentures of the said Municipality for One Thousand Dollars each be accordingly issued and sold.

That the said Debentures be numbered consecutively 1 to 6 both inclusive, to be dated the 2nd day of July, A. D. 1931, to be payable in thirty years from the date thereof at the office of the Municipal Clerk in the Town of Digby, and bear interest at the rate of five per centum per annum payable half-yearly at the said office, and shall be as nearly as may be in the form "A" in the Debentures Act, and that interest coupons may be in the form "B" in the said schedule.

That the Warden of the said Municipality do sign thereof and the Clerk do countersign the said Debentures, that they do seal the same with the corporate seal of the said Municipality, and that the said clerk do sign the interest coupons, or if the same be lithographed either sign the same or have them impressed with a facsimile of the Clerk's signature.

That a Sinking Fund in respect to such Debentures shall be and the same is hereby established, pursuant to clause (a) of Section 12 of said Chapter 113, as that clause is enacted by Chapter 130 of the Acts of 1922, entitled "An Act to Amend Chapter 113, Acts of 1926, entitled an Act to incorporate the Digby County Power Board, and Chapter 124, Acts of 1927, amending said Act, and that the amount to be paid annually into the Sinking Fund shall be one and one-half per centum of the aggregate amount of such debentures, and the first payment into the Sinking Fund shall be made within one year from the date of the Debentures.

BUY AT HOME

Every "country weekly" is expected to, and should, preach the good old "Buy at Home" gospel. We all know that putting our money into circulation in our town is bound to bring about more prosperous times; we also know that there is only one way of putting our money in circulation within our town, and that one way is by purchasing our goods from our local tradesmen, but are our local tradesmen giving those who have the inclination to buy at home a "square deal"?

Thousands of dollars of our money—which should be spent in our town—is now going out to the mail order houses, or to other firms in nearby cities and towns, but, is it right to pin the whole responsibility for this grave circumstance on the poor purchaser? Instead of consoling with the merchants should not some of the blame be placed on their shoulders?

Take for example food stuffs: One has only to glance at the circulars coming from Saint John and other places, or to read the advertisements of the merchants in nearby towns to discover the fact that Digby people are paying altogether too high local prices. There are some articles that haven't come down since the war—cheese is selling here for 35 cents a pound, yet in towns less than twenty miles away it can be purchased for about half that price. Why? Don't ask us! Bananas are selling here at 15 cents a pound, yet they are advertised in Saint John at 5 pounds for 25 cents. Again, why? We could cite many similar cases.

Unlike other towns where these articles are sold at lower prices, Digby is centrally located; it is a terminal, and freight to Digby should be lower than to these towns, yet, prices are higher.

When a Digby wage earner can save from \$3 to \$4 on a \$15 order, purchased out of town, can we blame him for sending his money away? Absolutely not. Yet, there isn't a local wage earner but who would be more than willing to pay a few cents extra for the privilege of buying from a local store where he could run a monthly account. But, should he be fleeced for such a privilege?

It is high time for a show down, the local merchant must come off his "high horse" in order to meet outside competition, or take the consequences. In fact, he has been tastering the consequences for a long time, and instead of blaming himself he has put the blame on the consumer—and taxed him for it. For Heaven's sake, wake up, you merchants, grocers especially.

This editorial is not written to promote "out of town" buying, or as an attack on our local stores. It is written from the point of view of the average citizen, including those who preach "buy at home" and purchase their own supplies elsewhere. We shall be glad to give space to any local merchant who desires to give his point of view.

Interesting Links In Canada's Story

The first collector of customs at the Port of Quebec was Thomas Knox. He was named a collector in 1722 while Quebec was made a port of entry in the same year and Montreal in 1831. Hon. John Young was the first master of the Trinity House in the ancient capital, which was established in 1805. At this date Francois Boucher was Harbor Master at Quebec and Gabriel Franchère at Montreal. L. Labluy was the harbor master in Quebec in 1813 and it is on record that he visited the Island of Anticosti, where supplies were landed and stored in wooden shanties or provision posts, erected by the provincial government for the use of shipwrecked crews. Mr. Lambly made the return journey in an open boat in 18 days.

In 1805 the Parliament of Lower Canada adopted a law regulating pilotage on the St. Lawrence, between Bic and Quebec, and established a fund for the benefit of firm pilots, their widows and orphans.

In the year 1848, 1,439 sailing ships arrived at Quebec from sea with a total tonnage of 574,208. As early as the year 1721 captains of all incoming vessels were obliged to come to anchor at Isle Aux Coudres and to report to the Quebec authorities as to the health of those on board their vessels before coming up the river. The Grasse Isle quarantine was first opened in 1832.

In 1785 plans for improving the navigation of the St. Lawrence by buoys and lights were submitted to the Governor by the Quebec merchants. In 1806 among other places there were several buoys and two beacons in Lake St. Peter, so named by Samuel de Champlain in 1608 as he entered it on June 29, St. Peter's Day.

ANNUAL ROLL CALL AT CLEMENTSVALE

The annual Roll Call of the Clementsvalle Baptist Church, was held on Wednesday last week. Names being read by the Treasurer, Mrs. Leslie Baird. Rev. C. P. Henderson, of Bear River, and Dr. J. Sider, of Kingston, were the visiting clergymen. Dr. Sider gave a most interesting address. In the evening an evangelistic service was held. Money received from collection and absent members amounted to \$150.

EASTERN STUDENT CONFERENCE AT DEEP BROOK

The Eastern Students' Conference will again meet at the Sea Breeze Hotel, Deep Brook. This year the convention will open at 4 o'clock on the afternoon of May 28th, and close at 11 a.m. on June 4th.

The Eastern Students' Conference is a convention of delegates from various colleges in the Maritime Provinces and puts forward the following ideas:

To discover the true meaning of life, especially as revealed by Jesus. To seek the Christian solution of some of the most urgent problems of our day.

To face the question of one's life work in the light of the mind and purpose of God.

To do these things in the company of a select group of students, representing varied points of view.

As in former years, the programme will be varied. The morning sessions will be spent in the informal discussion of subjects of common interest by small groups and forums. Afternoons will be given to recreation. During the evening sessions log fires will be lighted and in their warmth the Conference will listen to addresses from leaders of rich experience.

Among those who will take part in the leadership this year are: Rev. Hugh Martin, of England, noted writer and author, Manager, Director and Editor of the Student Christian Movement Press; Max Yergan, of South Africa, an outstanding American Negro, who is giving his life in service for the Negro students of Africa; L. M. Simms, of the T. S. Simms Co., Saint John, will share with the Conference his understanding of the application of Christian principles in business. Rev. S. Thompson, recently of Edinburgh, now of Pine Hill College; Rev. J. W. A. Nicholson, of P. E. I., a specialist in the problems of rural communities; Mrs. J. D. H. Hutchinson, Secretary for Women Students in the University of Toronto; Dr. C. W. Rose, student pastor of Acadia; Rev. W. S. Godfrey, of Mt. Allison University; Rev. T. M. Cunningham, Canadian Secretary of the Student Volunteer Movement; Dr. J. K. Arup, representing the United Church of Canada; Murray G. Brooks, General Secretary of the Student Christian Movement of Canada.

RIVERDALE

Mr. and Mrs. J. W. Sabine and family spent the week-end with friends in Port Maitland.

Mrs. Floyd Fulton and daughter, June, of Waltham, Mass., who has spent the winter with relatives here, left Wednesday last week for Nauviggauk, where she was called by the sudden death of her grandfather, Rev. H. A. DeVoe.

Mary Wagner left recently for Weymouth, where she will be employed for some time at the store of H. M. Mullen.

Grace Marshall, teacher of this place, accompanied by Marion Cosman, spent the week-end at her home in Marshalltown, last week.

Eva Sabine spent the week-end at the home of Rev. H. Mullen, Havelock.

Rev. and Mrs. Amery, of Weymouth North, accompanied by Mr. and Mrs. Moody Mullen and Mrs. Charles Hudson, of New Tuxet, called on friends here recently.

Floyd Fulton, Leigh, Burgess, and Dorothy Sabine, motored to Digby on Wednesday last week, returning the same day.

Swimming season which is here again, was hailed with delight Wednesday last week, by the young people of this place.

Leigh Sabine and sister Dorothy, spent Sunday with friends in Havelock.

Harold Sabine motored to Digby on business, recently.

Nevins Wagner celebrated his birthday Friday evening at the home of H. P. Sabine, where a good time was enjoyed.

ANAEMIA AND INDIGESTION

Needed a Spring Tonic. When Mrs. Rahn took Dr. Williams' Pink Pills (Tonic) she was much better.

"I Began to Gain Weight"

"When in my teens," writes Mrs. C. Rahn, 540 Queen St. S., Kitchener, "I was anemic, also troubled with indigestion and palpitation of the heart which caused shortness of breath. My appetite was poor. I was advised to try your pills, which I did. In three months' time my appetite was back and I began to gain weight."

The iron and other elements in Dr. Williams' Pink Pills (Tonic) increase the number of red corpuscles in the blood. They form a tonic which tones up the nervous system.

If you are feeling poorly this Spring—worried and down-hearted—perhaps go to a drug store today and get Dr. Williams' Pink Pills. Or write to the Dr. Williams' Medicine Co., Brockville.

Be sure to say "Dr. Williams' Pills" so that the druggist will know exactly what you want.

PARKER'S COVE

(Held over from last week)

Fred. Milner went to Saint John on the 4th, after spending the winter months with his father, Thomas Milner.

Miss Vera McGarvie, of Annapolis Royal, accompanied by her friend, Miss Helen Rafuse, of Granville Ferry, spent the week-end with her parents, Mr. and Mrs. Frank McGarvie.

Quite a number of the residents have been confined to their homes with very bad colds, on a mild attack of the flu.

Carmen Milner is having a new house built. Leander Hudson is superintending the work.

What might have proved a very serious accident happened here on Friday afternoon. Mrs. Austin Weir and Mrs. Hester Weir were coming from Granville Ferry. Nearing their home they started to go up the Mill Hill (so called), when the horse became unmanageable and backed off a steep embankment at the approach of the bridge, turning the occupants out, throwing the horse and demolishing the wagon. Mrs. Austin Weir

and baby received a shaking up, but Mrs. Hester Weir got hurt quite badly. No bones were broken but she will be confined to her home for some time. It was a miracle how they escaped from being instantly killed. It is a very dangerous place and should be attended to by the highwaymen as soon as possible, before more serious accidents happen. Mrs. Frank Poole, of Port Lorne, has since come to visit her mother, Mrs. Weir.

Miss Ella Hudson, of Hillsburn, visited her grandparents, Mr. and Mrs. David Milner, recently.

The Misses Myrtle McGarvie and Bernice Rice were guests very recently at the home of Mr. and Mrs. Howard Graham.

CLEMENTSVALE

Mr. and Mrs. Bernard Mailman, of Upper Clements, were the guests of Mr. and Mrs. N. D. Sanford on Sunday.

Mrs. A. Wambolt and Mrs. G. Cross spent Tuesday in Bear River.

Mrs. John Simpson, of Victory, was the guest of Mrs. Ralph Pierce

on Wednesday. Miss Nettie Fraser, of Princetown, was the guest of her aunt, Mrs. Leslie Baird, on Thursday.

Mrs. E. M. Potter was a recent guest of friends at Upper Clements. Mrs. Leslie Baird was a guest on Monday of Mrs. Robert Freeman, Princetown.

Some Improvement In Labor Conditions

Evidence that employment conditions in Canada are improving is being gathered, according to information collected by the Department of Labor. Employment figures show that increasing numbers of men are being absorbed in agriculture and industry.

Requests for direct relief in cases of distress owing to lack of work are becoming fewer, Hon. G. D. Robertson, Minister of Labor, states. This condition, it is felt, is due partly to an increase in work and partly to the restriction of immigration which has been in effect since last autumn.

AN OPPORTUNITY TO HOLDERS OF EARLY MATURING CANADIAN GOVERNMENT BONDS TO EXTEND THE TERM OF THEIR INVESTMENT IN THE PREMIER SECURITY IN CANADA

GOVERNMENT OF THE DOMINION OF CANADA 1931 CONVERSION LOAN

The Minister of Finance of the Dominion of Canada offers to holders of the undernoted Dominion issues the privilege of exchanging their bonds into longer dated issues, in the following terms and under the following conditions:

This offer affords to holders of bonds eligible for conversion, the same interest payment and tax-free privileges, for the life of and as contained in the present bonds, and the opportunity of extending the term of the investment at 4 1/4% per annum.

WAR LOAN 5% BONDS MATURING 1st OCTOBER, 1931—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1956, bearing interest from 1st April, 1931. The first coupon will be for six months' tax-free interest at the rate of 5% per annum payable 1st October, 1931; the second coupon will be for seven months' interest at the rate of 4 1/4% per annum payable 1st May, 1932; thereafter to maturity interest will be payable half-yearly at 4 1/4% per annum.

RENEWAL LOAN 5 1/4% BONDS MATURING 1st NOVEMBER, 1932—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1957, bearing 4 1/4% interest payable half-yearly from 1st May, 1931. There will also be attached to these bonds three adjustment-coupons payable respectively on 1st November, 1931, and 1st May and November, 1932, for additional interest at the rate of .1% per annum.

VICTORY LOAN 5 1/4% BONDS MATURING 1st NOVEMBER, 1933—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1958, bearing 4 1/4% interest payable half-yearly from 1st May, 1931. The first five interest coupons, being those to and including 1st November, 1933, will be tax-free. There will also be attached to these bonds five tax-free adjustment-coupons payable respectively on 1st November, 1931, and 1st May and November, 1932 and 1933, for additional interest at the rate of 1% per annum.

VICTORY LOAN 5 1/4% BONDS MATURING 1st NOVEMBER, 1934—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1959, bearing 4 1/4% interest payable half-yearly from 1st May, 1931. There will also be attached to these bonds seven adjustment-coupons payable respectively on 1st November, 1931, and 1st May and November, 1932, 1933, and 1934, for additional interest at the rate of 1% per annum.

Conversion applications in the terms of the foregoing are invited to a total of \$250,000,000. The Minister of Finance reserves, however, the right to increase or decrease this amount at his discretion.

Subscriptions will be received and receipts issued by any branch in Canada of any Chartered Bank and by recognized Canadian Bond Dealers and Stock Brokers, from whom may be obtained application forms and copies of the official prospectus containing complete details of the loan. Applications will not be valid on forms other than those printed by the King's Printer.

The subscription lists to the foregoing will open on 11th May, 1931, and will close on or before 23rd May, 1931, at the discretion of the Minister of Finance.

SMITH'S COVE

(Held over from last week) Mrs. Stephen Smith is visiting in Middleton, having been called there by the illness of her sister, Mrs. Hall. Mrs. Charles Merritt and son, Donald, spent the week-end in Yarmouth. On their return they were accompanied by Mr. Merritt, who arrived on Tuesday's boat from Boston, to spend his vacation with his parents, Mr. and Mrs. John Smith. S. J. Sully spent the week-end in Yarmouth the guest of Mr. and Mrs. Primrose Mackay.

Miss Josephine Winchester, who is teaching at Centerville, was in the village on Sunday.

Miss "Puss" Winchester, of Digby, spent Sunday with her parents, Mr. and Mrs. Edward Winchester.

Mrs. Alonzo Yarrille, of North Yarmouth, Mass., and Lawrence Goss, of Montreal, are guests of John L. Sully, having been called home by the death of Mrs. Mary Gossitt.

Mrs. Edward Winchester, of Digby, and Rev. P. C. Henderson, of Bear River, were in the village on Thursday, to attend the funeral service of Mrs. Mary Gossitt.

Mrs. Edward Winchester, of Digby, Walter Outhouse were in Annapolis on Saturday.

Mrs. Sarah Cossaboom, who spent the winter in Digby, returned last week, and has opened her home for the summer.

J. E. Steadman, of Shelburne, spent the week-end with his family here, at the home of Mrs. Wm. Cossaboom.

Miss Louise Cossaboom, of Digby, spent the week-end with her mother, Mrs. Sarah Cossaboom.

Mr. and Mrs. H. S. Ford, of Montclair, N. J., arrived Tuesday and will spend a few days with Mr. and Mrs. John Smith, before opening their home for the summer.

WEDDINGS

Thurber-Brady
A very pretty wedding took place recently, at St. Andrew's Anglican Church, Trail, B. C., when Audrey Jane, only daughter of Mr. and Mrs. Walter Brady, of Vancouver, B. C., was united in marriage to Borden Smith Thurber, son of Mr. and Mrs. E. J. Thurber, of Freeport, Rev. N. D. B. Lamont performing the ceremony. Gwilyn Jones played the wedding music.

The bride, who was given in marriage by her father, was charmingly attired in a dress of ivory satin, fashioned on long graceful lines. She wore a veil of heavily embroidered net held in place with Juliet cap of orange blossoms. White shoes and hose completed her ensemble. She carried a bridal sheaf of Easter lilies.

Miss May Page, as bridesmaid, chose a dress of pale pink floral chiffon, having full puffed skirt and short, jacket with elbow-length sleeves. With this she wore a close fitting white silk hat and white shoes and hose. She carried a sheaf of white, pink and rose carnations and fern.

The groom was escorted by James Calder. Harry Elvin acted as usher. Mrs. Brady, the bride's mother, wore a pale green printed chiffon dress and black hat.

Immediately after the ceremony a buffet lunch was served at the home of the bride's parents. Rose carnations were used in decoration. A beautifully iced two-tier wedding cake surmounted by bride and groom figures was the centerpiece.

For travelling Mrs. Thurber wore a green, flat crepe dress and a sand colored coat and hat, with accessories to match.

Immediately after the luncheon Mr. and Mrs. Thurber left by car for a honeymoon tour to the coast via Spokane. On their return they will take up residence on Topping street.

Cosman-Brown

Thelma A. Cosman, of 135-Brown St., Waltham, Mass., daughter of Mr. and Mrs. Joseph Cosman, formerly of Danvers, and Jack W. Brown, of Wellesley, Mass., were united in marriage at the parsonage, by Rev. Charles McLean, on Tuesday, April 14th. The bride was dressed in pink crepe and carried a bouquet of pink roses. After a short trip they will make their home at Roslindale, Mass. The presents were costly and numerous.

THE NURSE

The world grows better year by year because some nurse, in her little sphere, puts on her apron and smiles and sings, and keeps on doing the same old things; faking the temperatures, giving the pills. To remedy mankind's numerous ills, feeding the baby, answering the bells, being polite with heart that rebels; longing for home, and all the while wearing the same professional smile. Blessing the new born baby's first breath. Closing eyes that are still in death. Taking the blame for the doctor's mistakes. O dear what a lot of patience it takes. Going off duty at seven o'clock. Tired, discouraged and ready to drop. But called back on special at seven-fifteen. With we in her heart, which must not be seen; Morning and evening, noon and night, just doing it over and hoping it's right. When we lay down our caps, cross and bar, O Lord, will you give us just a little star? To wear in our crowns, with our uniforms new, in that city above, where the head-nurse is you?

Increased tourist traffic to Canada from the United States is foreboded by reports from Canadian Pacific passenger agents in the U. S., which show a very large number of enquiries from would-be travellers than in former years. C. B. Rogers, passenger traffic manager of the railway, stated recently in an interview at Saint John.

Canada said au revoir but not goodbye to their Majesties the King and Queen of Siam at the border station of Port, Saskatchewan, whither they had travelled by Canadian Pacific for their journey to New York. They were passengers of the Empress of Japan on that ship's record-breaking passage from Yokohama to Vancouver.

"It's not so much the captain as the chief engineer who makes speed records possible at sea," Captain Samuel Robinson, of the Canadian Pacific liner Empress of Japan, told the Vancouver Board of Trade recently, at a luncheon in his honor, after his ship had clipped another seven hours from her previous speed record across the Pacific. She had averaged 22.27 knots over the 4800 mile course from Yokohama to Victoria, a speed hitherto unheard of.

Largest and most powerful locomotive of its kind in the world and unique on this continent, Canadian Pacific Railway's "3800" type engine, product of Canadian brains and skill and composed largely of Canadian materials, has just been turned out by the Angus Shops of the company at Montreal, for use in the railway's Rocky Mountain territory.

Historic Wolfe's Cove Assumes New Aspect

The scene of the landing of General Wolfe, under the towering crags crowned by the Plains of Abraham and the City of Quebec, is about to become the setting for yet another important event in the history of Canada. On September 13, 1759, the British forces disembarked at what is now known as Wolfe's Cove, to capture Quebec. On June 2, 1931, passengers from the new 42,500-ton Canadian Pacific liner "Empress of Britain", on her maiden voyage from Southampton, will land within a few yards of the same spot and be taken by train, through a tunnel slightly over a mile long, under the historic battle-field on which the English hero lost his life, direct to the Canadian Pacific main line to Montreal.

This new traffic link, which is being completed by the company at a cost of some \$2,000,000, will eliminate the present journey through Quebec's terminals and materially shorten the running time from the ship's side to all important Canadian and American centres. A concrete quay-wall, 4,300 feet in length, with 40 feet of water at low tide, will provide berthing space for the new giants and her sister "White Empresses", and five railway tracks, converging into one at the end of the wharf and thence turning into the new tunnel, will serve to transfer passengers from the bosom of the St. Lawrence to their respective destinations. Disembarkation will be effected through a two-story shed, with stairways leading down to the trains. The pictures show: (1) Wolfe's army landing to capture Quebec, (from an old drawing); (2) The tunnel mouth near the riverbank, now under construction; (3) General Wolfe.

CHERRY CARNIVAL

At a public meeting held in Oakdene Hall on May 6th, it was decided to hold a Cherry Carnival in July, the proceeds to be used to purchase more fire-fighting equipment.

A committee was appointed which is to choose sub-committees and arrange further details. Now that Bear River has made a start acquiring fire-fighting apparatus, it seems opportune to use the proceeds of this year's carnival to procure further equipment.

It is hoped that every one in the community will feel that this is a worth while object to which to devote the money, and that each will realize his or her responsibility in making the Carnival of this year, the usual success. There is no assurance of success without the united effort of the community at large.

Louis Jack and Mr. and Mrs. McKay, of Bridgetown, motored to Bear River Sunday and were guests of Mrs. Scott Chute, Sisiboo Road. In the afternoon they, with Mrs. Chute, drove to Digby, where they visited some friends, also calling at Smiths Cove and Deep Brook.

Ask this mother what she thinks of Eagle Brand!

AND like hundreds of thousands of others she will tell you she owes her baby's life to it. If you are unable to nurse your own baby, or if he is not thriving on his present food, we suggest that you try Eagle Brand. Send us your name and address and we will mail you copies of our latest baby literature by return.

SCOUT NEWS

Last Thursday's Jamboree, in Oakdene Hall, was a great success, and the gross amount realized from it, including the sale of candy, contributions, etc., was \$33.98.

Scout Henderson furnished the first part of the program and presented a trans-Canada picture tour, which finished up with slides showing the last Cherry Carnival at Bear River. These latter were especially appreciated. The second part was made up entirely of exhibitions of Scout activities. The Cubs first came on and made their premier bow to the public, and conducted themselves well in the Grand Howl and the Dance of Kaa, and reflected much credit on the training of Cubmaster Hatheway for the short time he has had charge of them.

This was followed by Scout competitions demonstrating the uses of the staff, knot tying, first aid and compass. At the close of the program the Rev. F. W. Sawdon moved a vote of appreciation to the Scout Master for his efforts in connection with the work of the troop.

The secretary of the troop committee, L. V. Harris, then presented the Gilwell certificates to the Troop Leader and P. L.'s who recently completed, the short course put on here by Scouting Director Limbrey. These included Howard MacLean, Allan Harris, Gordon Rice, Walter Read, Watson Peck, Thelbert Read and Walton Snell. The thanks of the Troop are extended to all the citizens and the ladies who so kindly assisted with their presence and with their donations of home-made candy. The troop also wish to thank Scoutmaster Wright, of Digby, and Mr. Wightman, of Smith's Cove, for their generous contributions.

On Thursday next there will be a three-day trip to Eighth Lake for about eight members of the troop, in order to move in sufficient lumber to put on the cabin roof. The lumber will first be trucked to Lake Jolly and then taken by boat to the Sidewalk and from there carried by hand to Ninth Lake. It will be ferried across Ninth Lake on canoes and then carried again to Eighth Lake, where it will be loaded on canoes for the second time and taken to the camp landing. On Friday, which is being observed as Arbor Day in the schools, the Scouts who are in camp from school will do some practical forestry work in place of tree planting.

The generosity of Rev. F. W. Sawdon in presenting to the troop for use in the Scout Hall a three-burner oil heater is much appreciated.

W. M. SOCIETY RECEIVE LEGACY

The W. M. Society, of the Bear River United Baptist Church, held their monthly meeting Thursday afternoon at the home of Mrs. Chipman Harris. After the devotional period and business had been transacted the members were very much pleased to receive a check for one hundred dollars (\$100) from the executor of the estate of the late Miss Annie B. Carty, to be used for missions. Miss Carty had always been a regular attendant at the meetings of the society when health permitted, and took a keen interest in all work pertaining to missions. She is very much missed in the home society, who all regret her passing.

ANNUAL C. G. I. T. SERVICE

In the Baptist Church on Sunday the evening service was in charge of the Canadian Girls in Training. It was an inspiring sight to see the girls, about thirty-five in number, with their leaders, all dressed alike in the C. G. I. T. costume, march around the church and take their places in the choir and front pews of the auditorium. A large and appreciative congregation was present. Miss Grace Hubley, leader of the senior group, presided. With her on the platform were Miss Hazel Purdy, leader of the intermediate group and Miss Marion Frude, leader of the junior group. The girls had complete charge of the service. Their own choir led in the hymns and furnished the special music. Four of the girls gathered the offering. Following is the programme:—Opening anthem by the C. G. I. T. choir. Hymn. Responsive Reading, led by Miss Marion Frude. Prayers by Marjorie Harris, Evelyn Rice and Helen Harris. A solo was sweetly rendered by Miss Bertha Dukeshire. Miss Hazel Purdy gave a reading, "Mother's Day." The pastor spoke briefly on "What is the Programme of the C. G. I. T." The service closed with "The Star" sung by the girls and a vespers hymn.

PROGRESSIVE CLASS MEETING

The Progressive Men's Bible Class met for their monthly business meeting and social at the home of Rupert Harris, last evening. After a short devotional service and business session the following program was presented and thoroughly enjoyed by all present. Piano Solo, Mrs. Lotie Rose. Vocal Solo, Mrs. Waldo Chute. Victor. Miss Margarette Baird. The special speaker was Rev. F. W. Sawdon, pastor of the United Church. As Mr. Sawdon is leaving the Bear River charge on July, many took this opportunity to express to him best wishes and regrets at his going. Mr. Sawdon has always been ready and willing to assist the class from time to time. His illustrated lectures and addresses have always been enjoyed. The taking of the Baptist constituency for the class from time to time, pressing to him words of appreciation, and of wishing him continued success in the great work in which he is engaged.

OBITUARY

Haines—Mrs. John Roop, of Bear River, received a telegram last week from Boston, conveying the sad news of the death of her brother, James T. Haines, on May 5th, at his home in Everett, Mass. He leaves a widow, one daughter, the pastor's wife, and a brother, Ralph E. of Oklahoma, besides the sister in Bear River.

Dr. Roberts Rouses Public to Realize Sargon's Importance

So startling have been the results accomplished by Sargon, that scores of outstanding physicians have broken the rule of a lifetime and given it their unqualified endorsement. Dr. C. J. Roberts, M. D., of Philadelphia, graduate University of Pennsylvania and for 26 years medical examiner for the Pennsylvania Railroad, said: "After an investigation of the Sargon formula, for which I was expressly retained, I find that it is rich in those elements which help to bring revitalized vigor, strength and endurance to pale, tired-out, debilitated men and women. It enriches the blood of those suffering with simple anemia and is without a doubt, a highly valuable formula that the entire public should know about."

"The Sargon Pills are an important part of the treatment."

SERVICE IN THE UNITED CHURCH

The morning service in the United Church, last Sunday, was led by the C. G. I. T. girls, and the Golden Key group, of that church. The president of the C. G. I. T., Miss Alice Morine, conducted the service—all the members taking some part, as did also the Golden Key group. The leaders, Mrs. H. Anthony and Miss June Schmidt, each gave an address on their work, which was very interesting. The pastor, Rev. F. Sawdon, also spoke to the groups, as well as giving an address on "Mothers' Day." The church was very beautifully trimmed, the flowers being sent by Mrs. Harold Lovett in memory of her mother, a devout member of the church.

Short History of The Keith Lodge Bear River

Interesting Paper Read by the
Secretary of Lodge's 80th
Anniversary

The first knowledge of The Keith Lodge, No. 16, dates from May, 1851, when a dispensation to form the Lodge was granted by the United Grand Lodge of England. The infant Lodge worked under this dispensation until January 24th, 1854, when a charter was issued by the Grand Lodge of England. Most Worshipful Bro. Thomas Dundas, Earl of Zetland, being at that time Grand Master, the name of the Lodge as then set forth in the charter, being "The Keith Lodge, No. 911. The number was in 1863 changed to 628, and later, under the Grand Lodge of Nova Scotia, to 16. The charter members were Henry Blakeslee, William Freeman, John Edwin Vroom, John Gray, Harris and John Vroom Purdy, names still represented on our list of members by their descendants.

In Chapter 6 of the Acts of 1859, we find an act to incorporate the Keith Lodge of Freemasons, at Hillsburgh, N. S., which reads:

"Be it enacted by the Governor, Council and Assembly as follows:—
"1.—Henry Blakeslee, Wm. Marshall, Geo. Nichol, John Rice, Israel Chute, Stephen B. Hennigar, John Purdy and their associates, master masons, and messrs of the Grand Lodge, No. 911, on the registry of the Grand Lodge of England and such other persons as shall be members of the Lodge, according to the rules and by-laws thereof, are hereby incorporated under the name of Keith Lodge of Freemasons, Hillsburgh.

"2.—The Corporation may take hold and enjoy real estate to the value of £1,000 and may mortgage, sell, lease or otherwise dispose of the same as may be deemed expedient.

"3.—The Corporation may collect all arrears due them under the present by-laws of the Lodge."
The first Lodge was held in a room over the store of Bro. Henry Blakeslee, the first Worshipful Master, which stood near the present post office. The first move from there was to the Temperance Hall as temporary quarters, it being the intention of the brethren to erect a building of their own on the land now occupied by the residence formerly owned by the late Wm. R. Rice. The members of the Lodge soon assembled, but owing to reasons not stated, the Lodge sold both site and material to Mr. Rice. In 1857, Wm. Rice purchased from M. the present building in the town, which with the additions which have been added from time to time, has resolved itself into our present comfortable quarters, which the members are proud to call their lodge home. In reading the minutes of this past time we cannot but be struck by the similarity to the present—how the Lodge had in all times and prosperous times; sometimes the brethren were in arrears of dues; at others the Lodge suffered from a carver's lack of judgment, but through it all runs a spirit of "no surrender", which the secretary at that time records in the minutes, when Bro. W. C. H. Nichol, who was then Worshipful Master, better of patience with the small attendance, suggested that unless the attendance improved the Lodge had better surrender its charter. The secretary states that this led to a prolonged discussion which closed with the decision "no surrender". The Lodge was often visited by the Grand Masters and District Deputy Grand Masters, as well as brethren from the sister lodges. They usually celebrated St. John's Eve with a sermon and turkey supper. To the brother in trouble a helping hand was always extended, which is shown by the records of donations to brothers who had suffered loss by sickness, fire and other causes, and the numerous instances of a brother's funeral expenses being paid by the Lodge.

A spirit of harmony has always pervaded the working of the Lodge, the nearest to a break is where the secretary records that the Lodge closed, "it can't say in harmony."

Up to March, 1865, the accounts were in pounds, shillings and pence, when the change was made to dollars and cents. In 1865, the use of electricity in Bear River, the heating and lighting of the Lodge room was let by the year to some brother, the price ranging from 30c. to 58c. The light was by kerosene, oil, lamp chimneys and wicks, swept the room each night of meeting, and scrub it three times a year. In the early days of the Lodge the great business of the town was its shipping, and it seems when one looks at the old list of members, as if the whole membership were either seamen or master mariners, so frequently is this given as the occupation. Now another fact which is impressed upon one, as they read these minutes, is the number of the brethren so freely given their time and talent to the Lodge, evincing a faith in Masonry, which like a golden thread, runs through the years, and still holds on—a faith in the fraternity of which we are proud to be members, which nothing can dim. As evidence of that faith we have Bro. Henry Blakeslee, our first Worshipful Master, serving as Master eleven years out of the first fourteen years of our Lodge's history. Bro. A. B. Marshall, 42 years as treasurer. Bro. Geo. Nichol, 17 years as secretary. Bro. C. H. Purdy 20 years as secretary, and Bro. A. B. Marshall, Jr., now serving his 24th year as treasurer.

THE CONTEST PIANO RECITAL

The first of two contest piano recitals, between the Weymouth and the Digby pupils of C. G. Gates, was held in the Community Theatre, at Weymouth, on Monday evening, under the direction of Mr. Gates. The programme was as follows:

Lynes—"Night Nocturne"; Chopin—"Valse Op. 64, No. 2"; Frances McNeill.

GOD SAVE THE KING
Everyone taking part did remarkably well, and it was indeed hard to pick any for special mention.

The prizes are to be awarded after the final recital in Digby, at the B. I. on May 25th.

The piano used was a Mason & Rich, kindly loaned by G. R. McNeill, of Digby.

DANVERS
Miss Helen Wagner is spending the week with her aunt, Mrs. Chas. Amoro, of Weymouth.

C. Wagner visited his sister, Mrs. W. P. McClafferty, at East Ferry, last week.

C. A. Sabine and Mrs. Sabine, of North Range, spent one day with Mrs. Harry Lewis, recently.

Hubert Height and Mrs. Height, of Weymouth, were the guests of Mr. and Mrs. M. B. Wagner Sunday.

Amoro, of Weymouth, called at the home of Edith Wagner on Sunday, en route to Riverview.

Justin Marshall, who had the misfortune to fall from a tree while playing at the school house, hurting himself quite badly a few weeks ago, is slowly improving.

Mother's Day in
Deep Brook Churches

The annual Mother's Day service was observed on Sunday morning at the Anglican Church. Rev. A. W. L. Smith gave a well prepared sermon appropriate to the day.

At 3 o'clock in the afternoon Mother's Day was observed at the Baptist Church, special music being rendered by the choir.

The pastor, Rev. H. W. Habel, paid a high tribute to the mother in his address, choosing Proverbs 31:26-31 as the text for a strong sermon. The church was very prettily decorated with cut flowers and plants.

Also, in our eighty years of existence, we have had eleven members who have been masons fifty years and over. Of this number eight have answered the call of the Supreme Grand Master.

names being as follows:
Wor. Bro. J. H. Benson, 56 years
Wor. Bro. J. H. Purdy, 57 years
Wor. Bro. S. Kniffen, 52 years
Wor. Charles Leary, 59 years

Bro. Charles Brown, 55 years
Bro. Wm. Smith, 53 years
Bro. G. V. Vroom, 53 years
Bro. J. Munro, 50 years

Our present oldest living members are Bro. F. J. Dittmars, Albert Benson, and Wor. Bro. W. G. Clarke.

Bro. Dittmars was raised in Annapolis, N. S., March 1870, later dimitting and affiliating with the Keith Lodge; for a time he was secretary of this Lodge. Bro. Benson was raised October, 1877, and has been an active member ever since, having filled the various lower offices up and including that of Senior Warden.

Bro. W. G. Clarke was raised Nov. 1, 1880, and took a keen interest in Masonry arriving to the office of Worshipful Master, which he filled for two terms. His membership is large and enthusiastic, some fifty occupations being represented, all the way from clerkship to cordwainer, all meeting here on a common level for Masonry recognizes no distinction of class.

Unless an institution is a benefit to the community there is no reason for its existence. The Masonic Order, without perading its activities, can point with reasonable pride to its record in this particular.

Bro. Dittmars' record is but fair and true. The Keith Lodge has been and is a benefit to its members, and an uplifting influence to the community in which it is located.

Our Old System

A Prince Edward Islander who spent a year in Russia during the raising of foxes for pelts, reports that the state controls pretty nearly everything there and that the pay of everyone is the same: that is, the manager of a city bank and the worker on the street get the same money. The Islander seemed to think that this was a very odd arrangement. Perhaps so, but it is certainly not as odd as the system, or lack of system, under which we work in capitalistic countries. The United States for instance, where Mr. Rudy Vallee, "God's gift to women", whose crooning has been compared to the wailing of a black cat on a backyard fence on a moonlight night, gets \$300,000 a year, and Mr. Jackie Coogan, a youngster with no education and with no outstanding talent of any value, gets \$390,000 a year, five times the salary of the President of the United States, twelve times the salary of the Prime Minister of Great Britain and twenty times the salary of the Prime Minister of Canada, getting more in one week than any first class educator who has spent a lifetime in acquiring knowledge gets in forty-two weeks.

Use Your Head And Not The Horn

A popular song some years ago describing the "Sunday driver" and his car concluded the chorus with the assertion—"But the horn is working great!" The horn certainly has its uses but excessive blowing may prove serious. Children and animals are easily confused and have been known to be so startled by a sudden blast of the horn that they stood stock-still instead of moving out of harm's way. Even the adult alert to the sound of a warning, learns too often that before he has had a chance to move, the horn-blowing motorist has borne down upon him. The only way to play safe is to drive so slowly that there is no danger of striking some person or animal. The Safety Branch of the Department of Highways urges the automobile to drive not with the horn, but with the HEAD.

Weymouth and Vicinity

Douglas Mullen returned home on Friday.

W. R. Harris has received another carload of Ford cars.

G. D. Journeay, of Saint John, was in town last week.

Mrs. Susan Jones left recently to visit friends in Smith's Cove.

Mrs. Hattie Amero returned home from Yarmouth on Tuesday.

W. R. Potter spent last week in Annapolis Royal with his mother.

Joseph Comeau, of Bellevue's Cove, was in town on Thursday.

Mrs. Herbert Hallowell and Mrs. Westaway spent a day recently in Digby.

Dr. Torr W. Harner, of Chestnut Hill, Mass., is a guest of Dr. E. O. Hallett.

The ladies of St. Peter's Guild met in the Guild room on Tuesday afternoon.

Mrs. Alfred Johnson, of Weymouth North, spent last week with friends in Digby.

A. Melanson has had a radio installed in The Weymouth Bowling Academy.

Dewey Potter, of Quebec, is visiting his brother, Floyd Potter, and Mrs. Potter.

Miss Vera Mullen and Wallace Mullen spent the week end at their home in New Brunswick.

Mrs. H. S. Hoyt, who has been visiting relatives at Moncton, returned home on Thursday.

Councillors E. F. Hankinson and H. B. Fitzgerald attended the May sittings of the council in Digby, last week.

Municipal Councillor E. B. Pugh, of Westport, was an overnight guest of Councillor E. F. Hankinson, on Thursday.

Mrs. G. D. Campbell, sr., G. D. Campbell and Colin Campbell, went to Halifax last week, where they spent a few days, returning on Thursday.

J. O. Morse, of the staff of Johnson & Ward, Halifax, accompanied by his mother, Mrs. Nora Morse, of Dartmouth, are guests of the Misses Nellie and Gladys Morse.

Mrs. W. G. Blackadar, the Misses Katharine Blackadar, Dorothy Hankinson, and the Messrs. Jack Morse, Donald Blackadar and Hugh Potter, were visitors to Digby on Thursday.

Mr. White, local agent for the Lincoln Pulp Company, and Mr. Gordon, surveyor for the same company, were in town last week, on business in connection with the loading of the Norwegian steamer Slak.

Miss Katherine Blackadar and the Messrs. Jack Morse and Donald Blackadar, motored to Yarmouth on Friday. They were accompanied home by Miss Rae Hankinson, who spent the week end with her father, E. F. Hankinson.

Rev. W. and Mrs. Amery, Mrs.

Sadie Mullen and Mrs. William Lent were some of the delegates from the Riverside United Baptist church, Weymouth North, who attended the District Quarterly Meetings, held at Smith's Cove, last week. The Norwegian steamer Slak, when moving from Weymouth to the Edward Lloyd pier, at Weymouth North, on Thursday afternoon, ran aground on a mud bank, but was able to get off on the next tide, unassisted, with apparently no damage.

Mrs. H. J. Westaway, who has been visiting her parents, Mr. and Mrs. Herbert Hallowell for the past month, returned to her home in Roxbury, Mass. on Thursday. She was accompanied by her mother, Mrs. Hallowell, who will be her guest for a few weeks.

The Post Office at Weymouth North, is now being painted. During has been done on both the exterior and interior of this building, and, in addition, the interior has been new papered and painted. On the whole the building has been much improved in looks.

Dr. MacGrath, eye, nose and throat specialist, of Kentville, was a week end guest of Dr. and Mrs. H. J. Pothier, returning on Monday. He was accompanied by Mrs. MacGrath and Fred, who remained to visit her sister, Mrs. Pothier, for a short time. Mr. and Mrs. Albert Mombourquette, of Halifax, are also guests of Dr. and Mrs. Pothier.

The members of the Tennis Club are busily engaged in practicing for their minstrel show, which to all appearances will be something new for Weymouth, and well worth attending.

Mrs. E. M. Skidmore and the Misses Constance Carr and Annie Simmonds motored to Digby on Tuesday to meet Mrs. A. W. Carr, who was coming from New York to spend the summer at her home, "The Elms".

Olive Branch Rebekah Lodge, No. 100, met in the lodge room in the Ruggles Building on Tuesday evening. The next regular meeting will be held on May 20th, and it is hoped that a large number of the members will attend this meeting, as they wish to make plans for a Pantry Sale, to be held in the near future.

Poisoned in Garage

How many people realize the danger of running an automobile motor in a closed garage? The exhaust from a motor car contains Carbon Monoxide, which is both odorless and colorless and one of the most deadly of all gases. Despite many warnings issued from time to time deaths from monoxide poisoning are being continually reported. The Province of Nova Scotia has not entirely escaped. Two lives were lost through monoxide poisoning in 1930 and a number of persons were rescued just in time to be resuscitated. The Safety Branch of the Department of Highways would caution every automobile owner against running his motor with the doors of the garage closed.

The Annapolis Regimental Band

This summer in the town of Annapolis Royal, there will be a series of ten open air concerts, given by the Annapolis Regimental Band. Some enterprising business men in Digby are talking of raising a fund, for a few concerts here. It is a good proposition. The band is ready and eager to make engagements and the road music which they are able to furnish would be a drawing card for people all through the surrounding country.

This Annapolis Regimental Band recently became a Military Band and thus secures government backing. It is not a new organization but is an organization with an unbroken record of thirteen years, which, for a small town band, is indeed something of which they can be proud.

Mr. Yates has been appointed again this year as leader of the band. He has been appointed leader of the band for the past three years. He is a very capable leader and has been very successful in his work.

C. Ronald Gower, senior instructor in Chemistry and Advanced Mathematics at the University of Syracuse, N. Y., gave his Boston friends and relatives a pleasant surprise recently by paying them a short visit.

In addition to his other duties, Ronald has evidently been enjoying the New York University how Nova Scotians play the big games. He came to Boston as coach to a Rugby Team playing Harvard University two games on Saturday afternoon.

One game was won by each team—Harvard and Syracuse. After visiting friends in Somerville and South Boston, Ronald and his bunch of thirty-four players started from the Harvard University Club House, where they had been entertained, to motor back to Syracuse.

Ronald, who is the son of Mr. and Mrs. Elmer J. Gower, of Westport, is among the many Digby County boys who are doing good work in various places. He is a graduate of Acadia 29 and has been two years teaching and taking post-graduate work at Syracuse from which University he expects to receive his degree of "Master of Science" next month.

County Court held Session in Clare. The Clare term of the County Court opened at the Court House in Little Brook, on Tuesday of this week. His Honor Judge Grier, presiding. The Barristers in attendance were Mr. W. E. Landry, K. C., and F. Jones, K. C. There were only two cases on the docket, viz., the King vs. Raymond Deveau on appeal and VanRassel vs. Keen. The latter case was continued until the September Court.

The King vs. Raymond Deveau was tried and judgment reserved. This case arose out of a seizure of liquor made by Customs Preventive Officers, B. M. Christie and Roy Snow, upon the property on which the defendant, Raymond Deveau, resided, near Meteghan Station, Digby, on the 7th of February last.

The case was tried in March before Justice James H. MacKenna and Arnold Cossau, who convicted the defendant and imposed a fine of \$200.00 and costs. From this conviction Deveau appealed to the County Court. F. Jones, K. C., acted for the Customs Department, and R. W. E. Landry, K. C., was Solicitor for the Defendant.

Church Notices. In future the Courier will only publish church notices having to do with the actual religious services in the churches. Advance notices of plays, cantatas, socials, etc., will be considered as advertising and charged the usual rates. The Courier will be glad to have "write-ups" of these events after the affair has taken place for their news value, but as advertising is the paper's stock in trade, we cannot be expected to contribute free publicity with the intention of advertising them any more than we would be expected to give a merchant or travelling show company free write-ups.

Tennis Club Opening May 23rd. The weather permitting, tennis will start on Saturday afternoon. The court has been terraced with grass and looks in fine trim. Afternoon tea will be served.

Work on the second court is being held up until a sufficient number of members are baled. Please hand in your name to Mr. McCormick, at the Royal Bank.

The total quantity of all fish landed in Nova Scotia during the month of April this year was 13,029,900 pounds, valued at \$541,636, as compared with 20,060,000 pounds, valued at \$686,022 for April of last year.

Personal Mention

Orville Darrough, of Prince Edward Island, is in town.

Rev. Father H. M. Cody, of Saint Francis Xavier, and Mr. J. J. Walsh, attended a meeting of the Clare Teachers' Institute, at Church Point, on Tuesday.

Mrs. John Russell, who has been spending the winter months with her son, "Jack", in Ottawa, returned home on Tuesday. She was accompanied by "Jack" who expects to remain in Digby for some time.

Mr. and Mrs. V. A. Leigh have arrived from Boston to take up their residence here. Mr. Leigh will be the manager of the Super Service Station, on Warwick Street. He will be remembered as pitcher on the crack Middleton baseball team of a few years ago.

Mrs. M. R. Cowans and Mrs. Clare Robbins, of Revere, Mass., were the guests of Miss Tobin during the week.

Dr. and Mrs. Wilton Robbins, and Mr. Clark, of New Glasgow, were also guests of Miss Tobin during the week, returning to their home yesterday, accompanied by Mrs. Clare Robbins.

Obituary. Captain Robert Austin—The death of Captain Robert Austin, who has been postmaster at Smith's Cove since 1916, and who was a pioneer figure in the fish smoking industry, occurred at his home in Smith's Cove early Friday morning, at the advanced age of 89 years.

Captain Austin was born at Forrester, in Murrayshire, Scotland, in 1842, and was one of a family of ten to migrate to Canada, with their father, the late John Austin, in 1856. This family moved to Smith's Cove, where two years later, Mr. Austin, Sr., started to smoke finnan haddies, the first to be smoked for commercial use in Canada.

For many years Captain Austin went to sea, but during his time on shore, he, like his father, carried on a prosperous fish business. In 1884 he experimented in canning finnan haddies and took some of them to Denbora, where they found a ready market. On his return home he commenced to can finnan haddies on a large scale, under the registered trade mark, "White Star Brand".

Liberals of Digby Town Organize

Angus L. MacDonald, the new leader of the Liberal party in Nova Scotia, and the Hon. A. S. MacMillan, M. L. A. for Digby County, met a group of about one hundred Digby liberals in the Ocean Gardens, Cambridge, on Wednesday evening. Both Mr. MacDonald and Mr. MacMillan stressed the need of organization in their remarks. Other local members of the liberal party also gave short addresses.

It was decided that instead of having an organization for each ward to unite the two into one organization, with a president and two vice-presidents (one from each ward and one of the two to be a woman), three members of the executive from each ward, and a secretary-treasurer.

The following were the officers elected: President—C. F. MacBride. Vice-Presidents—Mrs. Fred Graham and W. L. Oliver.

Secretary—Treasurer—Garfield Davidson. South End Executive—Harry Baxter, Charles Armstrong and Kingsley Collins.

North End Executive—Boyd Milberry, P. W. Holdsworth and Leigh Peck.

"Fleeing The Tourists". (By the Rev. F. M. Kirkus, D. D.) One day during August, 1930, I attended a semi-public meeting held not very far from Digby, at which a visitor asked the question, "What is the chief industry of Nova Scotia?"

To this member of the gathering answered "fleeing the tourists". Of course this was intended as facetious pleasantry, and was received with laughter, but no more accurate response to the question was vouchsafed to those who attended the meeting, therefore, the impression remained that there was a sort of finality about the answer.

To me it came as a surprise. I fell in love with Digby in 1924 and have returned annually ever since. I have never felt that either I or my compatriots were being fleeced. In fact the picture of the "Lamb" falling victims to the skill and greed of organized "Bulls and Bears" at home has grown so familiar, that milder forms of fleecing are apt to escape our attention. But in justice to Nova Scotia it should be said that the average Summer resident or visitor fleeces himself. He believes that he gets good value for his money—a beautiful country, a delightful Summer climate, comfortable accommodations at moderate rates, all the courtesy and friendliness to which one is entitled, much more liberty than one finds across the border, and a certain quietude about the social atmosphere which is distinctly restful and refreshing.

There is a general impression abroad that the average United States citizen positively enjoys being humbugged. The leading shops in the big European cities are all prepared to indulge this predilection, and Canada, no doubt, profits somewhat from this same weakness. But on the whole, any community which is bent on "fleeing the tourists" generally comes out at the small end of the stick.

A special correspondent from Montreal, tells the readers of the N. Y. Tribune, that the United States Tourists in 1930 spent \$280,000,000 in Canada. That goes on year after year, and Nova Scotia's share of this business is steadily on the increase. As far as my knowledge goes the tourists are all "rooting" for this country. I can count dozens of our own friends who have come to Digby on our recommendation, and none of them has been disappointed. If it were true that the chief industry of Nova Scotia was fleecing the tourists, the crowds would very rapidly diminish. In fact the one adverse criticism that already tends that way is to the effect that Nova Scotia grows too much dust in our eyes. It is hard to see the road for dust, and the average American likes to see his way pretty clearly, especially when he is motoring. He is willing to pay a good price for good roads anywhere. The gasoline tax and the motor licenses have worked miracles at home, and in the long run good roads are a profitable investment for any modern community. Nova Scotia will discover this some day, just as its desolate towns and villages will learn that good drainage systems and other forms of Public Utilities are worth going in debt for, and ultimately save their constituents more money than their cost, to say nothing of the comfort and convenience they afford meanwhile.

Attempting to fleece the tourists is poor business. It invariably proves to be a boomerang. The jester who attributes it to Nova Scotia should think before he speaks. Americans have a definite impression that Canadians are honest and square, and imputations to the contrary should be resented.

A GOOD TIME TO BUILD

The Minneapolis Journal stresses the fact that this is a good time to build. Material is lower in price than for many years and practically all the expenses of construction are less than for some time.

Through a strange psychology, says the Journal, we actually build our homes when things are booming, when prices are high and rates above the average. Why it is that so few take advantage of dull times to build is not clear. The home is going to be built. It is a fond dream of the family, yet there is a hesitancy to begin operations until "things pick up." When things pick up, prices pick up also. Material is higher and labor costs are more. To-day a home can be built with less money than for a long time. "The year 1931 is a good time to build," says the Minneapolis Journal.

There is a shortage of houses in Detroit in fact it is hard for new comers to find a modern-equipped house to rent. It should be a good investment for someone with the necessary capital to build about a dozen houses here this summer. Every house vacated since last summer was quickly occupied at a good rental. Now is the time to build!

HIGHWAY SAFETY WEEK

IN NOVA SCOTIA

This week May 17 to May 23rd, is Highway Safety week in Nova Scotia. The Department of Highways are trying to do all in their power to make our highways safe both for motorists and pedestrians. Why not co-operate with them and try not only to make this, but every week a "Highway Safety" week for Nova Scotia.

A great many of the automobile accidents are caused not only by the careless or reckless driver, but by bad driving habits of the average driver. A few of the most common faults which are extremely dangerous and render the driver liable to a penalty under the Motor Vehicle Act are:

"Attempting to pass where there is no clear vision ahead, such as on blind curves or hills.

"Trying to 'cut in' with too close a margin for safety.

"Speeding up when another car attempts to pass.

"Excessive speed on approaching blind intersections."

Then there is the factor of excessive speeding, which is the cause of a large majority of the road accidents. In a recent report the National Safety Council discloses the fact that auto fatalities are decreasing in the larger centers and increasing in the rural districts. This is due no doubt to the fact that the open road looks inviting to motorists. It offers a chance to "open 'er up" and test the speed of the car.

Another thing is the excessive blowing of the horn. Although the horn certainly has its uses, excessive blowing may prove serious. Children and animals are easily confused and have been known to be so startled by sudden blasts of the horn that they stood stock still instead of moving out of harm's way. Even the adult, alert to the sound of a warning, learns too often that before he has had a chance to move, the horn-blowing motorist has borne down upon him.

During the Motor Courtesy Week, which was held in Cleveland, Ohio, there was not a single fatal traffic accident, when the weekly average for Cleveland is ordinarily anywhere between one to four fatalities. When a motorist tries to beat someone else at an intersection, fails to give the right of way or endeavours to honk his way through traffic, he is inviting accidents. If courtesy is so effective why not practice it upon our highways as well as in the drawing room or elsewhere.

When a person is stricken with a contagious disease and is a menace to others, he is quarantined. When a building is known to be a firetrap and unsafe, it is condemned or closed. These safety measures often cause inconvenience but are invariably accepted, as the life and health of the community is more important than the convenience of the individual. An automobile that is unsafe is a public menace, perhaps more so than a person having the small-pox, but very little consideration is given to condemning it, or having it properly repaired. Every unsafe car is a potential menace, and therefore keep your car in good mechanical condition at all times.

Next comes the question of faulty headlights. In addition to this being a violation of the law it is also the cause of a number of accidents, as every motorist is aware of the hazard caused by the "one-light" driver, particularly when that one head lamp throws a beam directly into the eyes of the oncoming motorist. This often results in personal injury and heavy property damage. Why not check up on the headlights?

Another thing, before allowing the sixteen-year-old high school boy or girl have the family car, why not ascertain how little or how much they know about traffic rules and safety measures, and not wait until they are involved in an accident. Parents feel responsible for their children's education in almost every line, why not feel the same responsibility in their knowledge of the working rules of the traffic laws of Nova Scotia. When the younger

generation is taught highway safety, a large part of the traffic problem of the future will be solved.

Art B. Hickox, the veteran racing driver, who has thrice been crowned with his exhibitions of speed, racing and trick driving; and who, if any one does know what it means to "take chances" is teaching his pupils, and co-operators, having been over half the American Continent in the past eight years, meeting all types of men and women drivers, for the purpose of objecting to the Traffic Rules as a means of preventing accidents, thus cutting down the injury and death rate. But safety legislation is the only way, and pedestrians continue in their habits of carelessness.

The fastest human being, running a hundred yards in less than ten seconds, can average only a mile in about two and a half minutes. Almost any car today can do a mile in one minute, and a very fast car then if your chances are less than two and a half to one that you can't do it? If you and a car collide your chances of coming out on top are indeed slim. At least in that home, for motor vehicle fatalities involve pedestrians and in many cases careless pedestrians.

Lastly, but by no means least, is the important factor of Carbon Monoxide, gas poisoning. Very few people seem to realize the danger of running a motor car in a closed garage. The exhaust from a motor car contains Carbon Monoxide, which is both colorless, odorless and one of the most deadly poisons. In 1930 two lives were lost in Nova Scotia and a number of persons were rescued just in time to be resuscitated. Every automobile owner should be very cautious to see that he does not run his motor with the doors of his garage closed.

For your own sake and the sake of others, the Safety Branch of the Department of Highways, is asking all drivers to correct their bad habits of driving; to use care, courtesy, and common sense; to drive slowly, not only with the horn but with the wheel and break, and above all, with the head; to think of others as well as self; to check up their lights; to satisfy themselves that youthful drivers have a good working knowledge of the Traffic Laws of Nova Scotia; to use caution against the running of cars in closed garages. The Safety Branch of the Department of Highways believe that if these safety measures are followed, and if pedestrians do their part in obeying the rules given to the pedestrians, of always walking on the left side of the highway, facing on-coming traffic, walking on the sidewalk where they are provided; and crossing the street only at street intersections; and always looking both ways for on-coming cars before crossing the street, it will go a long way in helping to reduce the automobile accidents, which are far too many in our province.

LITTLE RIVER

Joseph Trask left last week to visit his son, Oscar Trask, of Boston.

Mrs. Martha Denton left last week for Boston, where she will visit her daughter, Mrs. Alice Denton, also her brother, Edward Trask, who is convalescent after a serious operation.

Miss Helena Kelly, who underwent a serious operation at the Yarmouth Hospital, returned Saturday, accompanied by her parents, Mr. and Mrs. Nelson Kelly, also Mr. and Mrs. Shirley Denton.

The Philathea Class Social met with Mrs. Rupert Trask last week, and Mrs. E. J. Denton, who had a large number of guests present at both homes.

Mrs. Omer Denton, who has been spending a week with her sister, Mrs. H. M. Mullen, of Weymouth, has returned home.

The schooner Alta C., which has been hauled up for repairs, has been re-painted and overhauled and proceeded Tuesday for Belliveau's Cove, where she will load lumber for George Hankinson, for American port.

Mrs. Evelyn Denton, who has been visiting her aunt, Mrs. Roy Trask, has returned to her home at Westport.

Mr. and Mrs. Sydney Denton, accompanied by Mrs. George Frost, went to Yarmouth Friday, returning the same day.

Herbert Theriault, of East Ferry, while in the act of starting his engine, preparatory to going fishing, recently, caught the sleeve of his coat in the fly wheel and lacerated his arm to be badly torn and lacerated. Dr. Weir, of Freeport, and Dr. Rice, of Sandy Cove, were called and several stitches taken to draw the wound together. He is doing as well as can be expected under the circumstances.

KEMPTVILLE

Miss Eleanor Hopton, of Sand Beach, spent the week-end with Miss Atlanta Clark.

Mrs. Reginald Shand and baby, of Yarmouth, are visiting her parents, Mr. and Mrs. Judson Gray.

Eleanor Nichol, of Carleton, was a week-end guest at the United Baptist parsonage.

John A. Gavel, who has been ill with congestion of the lungs, is somewhat better.

Mr. and Mrs. George Brittain, of Pleasant Lake, were Sunday guests of the latter's parents, Mr. and Mrs. Randall Jeffery.

Miss Atlanta Clark spent a few days recently with friends at Barrington Passage.

Major Sabean, of Arcadia, spent Sunday with his parents, Mr. and Mrs. James Sabean.

LOWER GRANVILLE

The members of Scotia Division attended the evening session of Quarterly Grand Division, Upper Division, on May 14th. They report a very interesting and helpful meeting. Miss Primrose Elliott is visiting relatives in Carleton Place.

Miss Ruth MacNeil has gone to Lawrenceton for an indefinite time. Everett Tarbox and friend, of Bridgewater, were Sunday guests of Tarbox's mother, Mrs. Dora Hudson.

The teachers and children of the Island and Karsdale schools attended the Arbor Day exercises at Lake LeRose, on Friday last.

THE CENSUS OF 1931

By The Dominion Statistician

I am to speak to you for ten minutes or so on one of the most important things in the national life, namely, the Census year, the exact Census date being June 1 next. It may seem early to begin talking about it, and as a matter of fact the Government's main announcements regarding it will not be issued for another couple of months. But the Census is so big a thing that a preliminary word here and now in Ottawa, where the plans for it are being laid (are in fact completed and ready) will not be out of place as part of this radio program of the Professional Institute on important phases of Governmental administration.

First, the Census is a big affair as a mere piece of organization and mechanism. It has to reach every home in Canada, and every man, woman, and child in that home, for a careful and minute enquiry, and it must do so simultaneously in every nook and cranny of this enormous country of ours, three thousand miles across and nearly as much up and down. We have to appoint, instruct, and supervise over 15,000 people in the collection of the data. We have to map out every square yard that each one has to cover and plan his exact procedure therein. It needs three times as big an army to take the Census as Wolfe had when he took Quebec. Later on, we will employ seven or eight hundred clerks here in Ottawa for two or three years to compile and sort out the results. The bill will be \$2,500,000 for the first year's work alone. In the United States the corresponding bill this year is over \$45,000,000.

The real business of the Census, however, consists in the part it plays in the conduct of our national and private affairs. The Census is the great decennial stock-taking of the nation. We have all sorts of records of our social and economic activities, from day to day and from year to year. We could not move without them. We have all sorts of records of production, prices, wages, transportation, finance, and so on. Now, the chief object of the Census is to fill in the background, to all these records, and thus give them a real meaning. It provides, to vary the metaphor, the bed rock—the foundation on which all our other economic and social records rest. More particularly it measures the human element in the state—their numbers, their sex, their age, their conjugal condition, their nationality, their occupations, their religion, their race, and every human characteristic that has to be known and analysed if we are to have any true yardstick of progress in the country and to be able to direct the channels in which progress shall follow. For, unless you know all about the people of a country, your other knowledge about that country is in the air. When the government therefore counts and appraises the population every ten years through the Census, it is doing in effect what the business man does when he counts his cash, measures his assets, reviews his overhead, and so on at the end of his business term. There is no wealth, says Ruskin, but life.

The Census in fact is part and parcel of the common, every day life of the people. Every one of us uses the Census practically all the time. We may do it unconsciously, but we do it. Birth rates, death rates, marriage rates—very simple fact whose significance is realized by most of us—facts are of that order—depends on the Census. A good many of us in this matter are like the character in Moliere's play, who had not heard of "prose" and was astonished to find he had been talking "prose" all his life! But it is always the very big things that are so taken for granted that we forget all about them.

Thus, it will be "bad business" if anyone regards the visit of the Census-taker next June as a nuisance or thinks that the questions are trivial or impertinent to be treated jocularly. I am sure Canadians would not like to be thought less enlightened than, say, the Turkish people. Well, in Turkey, on the day the Census is taken, all business is suspended, every shop and factory is closed, the railways cease to run,

and the people are forbidden to leave their homes. The Census-takers which the enumerators are going through their rounds. Such is the seriousness they attach to the "Census in Turkey. There is no need for stringency in the case of this kind in Canada, but there is need that we absolutely ensure a comprehensive and accurate Census. Every other country in Europe and America at the present moment is putting forth the most strenuous efforts to this end. Also, there is a tendency to increase the frequency of Censuses. In Great Britain, whose example we rightly treat with great respect, they have virtually decided on changing from a Census once in every ten years to a Census every five years. The reason of course, is that the increasing complexity of modern life, the increasing demands upon governments, the steadily growing scope of social legislation, is reaching on the need for up-to-date and comprehensive economic information, without which policies cannot be determined nor the business of the country conducted.

Now, I think we should be able to presuppose a keen Canadian interest in the Census, because the credit of taking the first Census of modern times belongs to Canada. The year was 1666, and the Census was the Census of the little colony of New France. The last census before that, 3,000 souls, are still preserved in the Archives in Paris, and we have a transcript of them in Ottawa. I noticed the statement in a Swedish document recently that Sweden took the first Census in 1748, but this was not the case, Canada was eighty years earlier. Of course, there were some censuses taken before that—in China and Babylon three or four thousand years B. C. Again, Moses numbered the children of Israel about 1500 B. C. Then, again, we read in the First Book of Samuel that "Satan stood up and moved David to number Israel." This was about 1000 B. C., and the results were very bad. But I need hardly assure you that Satan has nothing to do with the modern Census. The Greeks and Romans also had Censuses, and there was the famous Census taken by William the Conqueror, which we remember from our school days as Domesday Book. But these were not real Censuses. They were primarily military and taxation levies. They were like the Registration which we took here in Canada during the War—not like our Census. It cannot be emphasized too strongly that the modern Census is purely scientific. It is not interested in the individual as such. It is the broad picture—the mass effect—that is sought. So true is this that it is against the law to use the data collected from the individual for any other purpose. A Census employee can be heavily punished if he can be put in jail—if a single fact relating to an individual is divulged to any one. Here, in the Bureau of Statistics, where the records are compiled and stored, we are forbidden even to make a search concerning an individual record. The only reason why names are taken down at all is that we may be able to rectify possible mistakes or omissions by numerators. The compilations are all made from punched cards which do not carry the names. Now, the Census of New France in 1666 was a Census of this true scientific character—and it was literally the first of its kind. That is why Canada may boast, in the bosom of the family, to have invented the chief statistical engine of modern civilization. Clearly, with such a history, we should have a national pride in our Census.

The forthcoming Census will be the seventh since Confederation. It is going to be a good one, the best yet, we think. I have no time to enter into its details here and now. These will be published in the press in due course. Beginning with April and May a considerable series of leaflets on its different phases will be issued. I can only say that it has been planned with utmost care in the light of every scrap of information on the subject that we could gather together the world over. Census-taking is not a simple matter. It literally bristles with difficulties, technical and practical. Whilst the 1931 Census will follow the main line of its predecessors, it has some important new features as well. As to new matter: first of all we are

going to obtain some additional information with regard to institutions, such as hospitals, asylums, reformatories, child-welfare institutions, and so on—social pathology we might call it—that will be of aid to social and other workers who are grappling with the manifold problems which these represent and which are daily becoming more pressing. Then we are going to devote a special section to the measurement of the unemployment situation as it has existed in Canada during the past year. Then we are going to collect some new data regarding wholesale and retail trading activities that will enable us to get a bird's

eye view of the great problem of distribution for the first time in Canada. These are all new features. The agricultural section of the Census will also be greatly improved—commensurate with the part played by this all important and basic industry in the economic life of the country. I said that we had tapped every known source the world over that offered to help us in planning the Census. In the case of the Agricultural section, the International Institute of Agriculture, which is representative of over 60 countries, has sent a staff at work for four years past, planning exactly what should go into an agricultural Census the

world over; in which connection they have had an expert visit every agricultural country in the world. Our agricultural schedule has been planned in the light of this investigation, coupled with advice from every outstanding expert on agriculture in our own Dominion as well. I mention this merely as an example. Then, too, the compiling and analysing of the results will be on a better plan, we think, than in any previous Census. All Census compilations are now carried out by machinery. The details with regard to each person are punched on a card. (Continued on page 5)

To the Holders of WAR LOAN AND VICTORY BONDS

A Statement by the Minister of Finance

»»

IN THE dark days of the War, Canadians loaned to the Government of the Dominion many hundreds of millions of dollars to enable the operations of the Allies to be carried to a successful conclusion.

When Canadians loaned their money to the Government, they received bonds which were promises to repay them the sum loaned with interest at the rate of 5% or 5½% per annum. On the 1st of October next, \$53,000,000 of these bonds become due; on the 1st of November, 1932, the maturity will be \$73,000,000; on the 1st of November, 1933, \$446,000,000; and, in 1934, \$511,000,000 must be provided for.

It would not be prudent, either in the interest of the security holders or the country itself, to wait until these loans become due before providing for their payment or conversion. Action must be taken well in advance of the due dates to protect the credit of the country. The Government believes this an opportune time to afford Canadians the opportunity to exchange the bonds, which they own maturing in the next few years, for new bonds of the Dominion of Canada carrying interest at the rate of 4½% per annum, which is a very attractive return. Prior to the maturity date of the present bonds, those who accept this offer will, of course, continue to be paid interest at the rate as provided by the bonds they exchange.

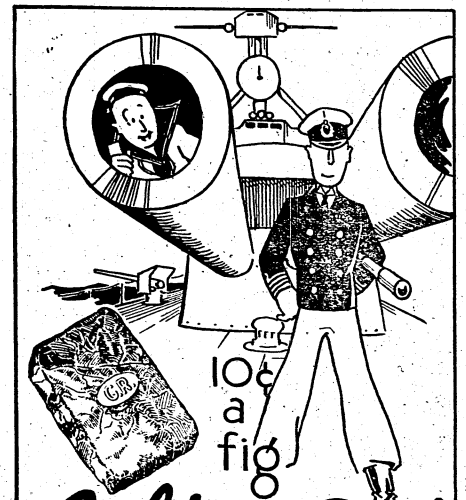

Canadians who have always shown confidence in their country are earnestly invited to exchange the bonds they now own for bonds of the new issue. By so doing, they will render less difficult the task of providing for the future finances of the country, will enhance its credit and will greatly assist the Government in the present period of worldwide readjustments.

No money will be asked for and no new bonds will be sold at this time. It is proposed to limit the present conversion to \$250,000,000, but the Government has the right at its discretion to increase the amount if Canadians indicate a general desire to continue their investments in the securities of their Dominion. The subscription books will close on the 23rd of May.

I earnestly seek the active support of my fellow Canadians in making this conversion, which is one of the largest financial operations our country has undertaken in recent years, creditable alike to Canada and its citizens.

WEYMOUTH PLAYERS PRESENT

"DOWN BY THE SEA"

A cast of Weymouth players presented a two act drama "Down By The Sea", in the Grace United Church Hall, on Friday evening. The play was exceptionally well staged, an excellent plot, and well put on. It is too bad that more of the people of Digby did not take the advantage of seeing it as they would have done had it been properly advertised. An extra two or three dollars spent in advertising could easily have resulted in an extra thirty to fifty dollars in proceeds. We hope to see this play repeated here in the theatre here before long and assure all that if it is, they will see something "really good".

Between the acts L. H. Foster rendered two beautiful solos, and Miss "Teddy" Warner played the piano accompaniment.

LITTLE RIVER

Mrs. Omie E. Denton entertained the ladies of the Epiphany Sunday School Class, of the Baptist Church, at her home on Friday evening.

There being twenty-eight members the usual hour's interesting discussion on the Sunday School lesson, led by the teacher, Mrs. Burton Fleet, after which a most enjoyable social hour followed. Mrs. L. D. H. very being the prize winner of the games. Refreshments were served by the hostess, and the guests dispersed, considering it one of the most enjoyable gatherings of the season. The collection for the evening amounted to \$3.60 which will go towards the class fund.

OBITUARY

Robert G. Ruggles—His many friends in Weymouth will regret to learn of the sudden death of Robert G. Ruggles, at his home in Dorchester, N. S., on May 20, 1931.

Mr. Ruggles was born in Weymouth in 1877, and was the son of Laura and the late William Ruggles. At an early age he moved to Boston and engaged in the printing business, where, by his diligence, he eventually became owner.

Only four weeks previous to his death his wife had passed away, after an illness of pneumonia. Mr. Ruggles leaves one son, Norman, also a daughter, Ruth, who graduates from Boston University next month.

Mr. Ruggles is also survived by his mother, Mrs. Laura Ruggles; sister Lizzie, and brother, Ashley, of Lebanon, N. H.; another brother, John, of New York; and a sister, Mrs. Alice Wigg, of Dorchester. Funeral services were conducted at his late residence, by the Masonic Lodge, of which he was secretary. The proceeds of the funeral were donated to the Weymouth North High School.

Funeral services were held at the home of the deceased, on May 21, at 10 o'clock. The casket was borne to the cemetery by the Weymouth North High School.

Interment was in Forest Hills cemetery.

SUMMER HOMES

should have this FIRE PROTECTION

Far from every hope of aid if a blaze takes hold, the inflammable construction of the average summer home makes it a source of danger and anxiety.

Minimize the fire hazard by lining inside walls and ceilings with inexpensive Gyproc Wallboard that does not burn.

This building material is made from gypsum rock into sheets 4 to 10 feet long, 4 feet wide and 3/4 of an inch thick. It nails and cuts as easily as lumber and with minimum waste.

Find out from your dealer how inexpensive Gyproc is; how easy to erect. Ask him for full information about its application or request a direction sheet from him.

Besides being fire-resistant, Gyproc has structural strength and insulation value. It is also draught and vermin-proof.

By panelling, you can save the expense of decoration, yet Gyproc is an excellent base for Alabastine, Gypox or wallpaper.

They Made Him Feel Ten Years Younger

Says Nova Scotia Man of Dodd's Kidney Pills.

Mr. J. E. Meekins Found Them to be Just the Remedy He Needed.

Lower Five Islands, N. S., May 17. (Special).

From all over Canada comes the same glad tidings, telling the same story of sufferers that suffer no longer, of the weak being made strong and healthy and of the good work that is being done by Dodd's Kidney Pills. People have learned the importance of keeping their kidneys in good shape, at all times. Always watching for the least symptom of Kidney Trouble and turning at once to Dodd's Kidney Pills because they know they have a remedy they can rely on.

Mr. J. E. Meekins, who lives at this place, comes forward with a statement that adds to the long list of grateful letters. He says: "I have used Dodd's Kidney Pills for kidney trouble. They did me a lot of good. I feel ten years younger after taking them. I like them fine. May they help others the same as they have helped me."

Last Friday, Arbor Day, being rainy, the teachers and pupils of Oakdene School had their celebration on Monday, when a picnic was enjoyed on the farm of Jesse Berry and a great many trees were planted.

The Bankruptcy Act

In the Estate of Harry C. Anthony, of Bear River, in the County of Digby, and Province of Nova Scotia, Merchant, Authorized Assignee.

NOTICE is hereby given that Harry C. Anthony, of Bear River, Digby County, did on the Ninth day of May, 1931, make an authorized assignment of all his property for the benefit of his creditors, and that Charles S. Pelton, Official Receiver, of Yarmouth, Nova Scotia, has appointed me to be Custodian of the Estate of the Debtor until the first meeting of Creditors.

Notice is further, given that the first meeting of creditors in the above estate will be held at the Official Receiver's Office, at Yarmouth, N. S., on Thursday the Twenty-eighth day of May, A. D. 1931, at the hour of three o'clock in the afternoon.

Proxies to be used at the meeting must be lodged with me prior thereto. And further take notice that at such meeting the Creditors will elect the permanent Trustee.

And further take notice that if you have any claim against the debtor for which you are entitled to rank, proof of such claim must be filed with me, or with the trustee, when appointed; otherwise the proceeds of the debtor's estate will be distributed among the parties entitled thereto without regard to your claim.

J. ARTHUR RICE, Custodian.
Bear River, N. S.
Dated at Bear River, N. S., this twentieth day of May, A. D. 1931.

SCOUT NEWS

Last week's trip to Eighth Lake camping ground was one of the most profitable trips the local scouts have ever made. Seven scouts in addition to the T. L. and S. M., left Bear River at noon on Thursday, with a thousand feet of lumber and canoes and full camping outfit. On account of the rain it was decided not to make camp at Eighth Lake that night but to spend the night at Lake Jolly. But this did not mean any loss of time because the lumber was all loaded and delivered at the sidewalk and carried across to Ninth Lake before dawn.

Owing to the kindness of Mr. Rosencantz, one of the Lake Jolly cottages was made available to the boys for the night. At 4 o'clock next morning the cooks were on the job making up a fire and preparing breakfast, and at 6:15 breakfast was completed, and everything cleaned up and packed up and loaded in canoes ready for the start across Lake Jolly.

By noon on Friday, the lumber and dunnage were all delivered at Eighth Lake Camp site. Then followed a busy day and a half. The roof lumber was put on the cabin and the rest of the day the boys are now looking forward to its early completion. At 7 p. m., Saturday, the party broke camp and returned to Bear River at 9:30 p. m.

At the Jamboree in Oakdene Hall, on Thursday, May 7, an invitation was given to any friends of Scouting to help some of the local Patrol Leaders attend the Summer Training Camp at Stewiack, during the first part of July. For some years a summer camp has been conducted for Training Scoutmasters, but there has never been anything of the kind before for the Junior Leaders. The instruction followed was very practical, and the lines given by Mr. Limbrey at the time of his recent visit here, only it will be much more complete. The course lasts for ten days, and the full cost for this period is only \$4.00 including board and all camping expenses. If anyone feels disposed to give a big boost to Scouting they can do so by making it possible for one of our Patrol Leaders to attend. Already an offer has been received to look after one boy but to get the best results, at least one boy from each patrol should be enabled to attend.

PHILATHEA CLASS MEET AT MRS. J. E. ROOP'S

The Philathea Class of Bear River held a most successful and enjoyable meeting at the home of Mrs. J. E. Roop, on Thursday evening. In spite of the damper spring weather a good attendance was present, the number being 67, but Mrs. Roop found room for all. Mrs. Carl Miller, president, opened the meeting. After the business a musical programme followed, which proved a most delightful surprise. Mrs. John Rice was the convener, and the following numbers were rendered:

Ladies' Chorus.
Reading—Mrs. Vernon McCormick.
Piano Solo—Mrs. Carol Clarke.
Reading—Miss Grace Hubley.
Violin Solo—Miss M. Bayd.
Current Events—Miss Hazel Purdy.
Piano Duo—Mrs. Clarke and Mrs. Roop.
Reading—Mrs. Waldo Chute.
Ladies' Quartette.
Piano Solo—Mrs. C. Clarke.
Reading—Mrs. Rupert Harris.
Violin Solo—Miss M. Baird.

Toward the latter part of the evening a collection was taken amounting to over \$7. Refreshments followed, the convener being Miss Hazel Purdy.

At a meeting of the Rural Deaconry of Annapolis in Chapter, assembled in Round Hill the day before the celebration of the 15th anniversary of the Rural Deaconry at St. Clement's, Clementsport. It was moved and seconded that "Our hearty congratulations be, and are herewith included to the Rural Deacon, the Rev. A. W. L. Smith, on the occasion of his fifteen anniversary as incumbent of the Parish of St. Clement's, and that his life of radiant service and self sacrifice in our midst will be continued for many years with increasing usefulness and blessing."

And further, knowing that his beloved wife shares in his every service we couple her name with his."

This motion was put by the secretary, Rev. Canon Underwood, and carried with the singing of "For He's a Jolly Good Fellow." More than eighty guests registered, thirty from Bear River. Lovely flowers and good wishes sent in were very much appreciated.

At the close of the evening a lovely cut glass bowl was presented by the congregation of St. John's Church, Bear River, Major Simons, one of the wardens, gave a fine address and made the presentation. The Rector and Mrs. Smith replied in suitable words, expressing their thanks and appreciation for the gift and love that prompted it.

The two ladies who received with Mrs. Smith fifteen years ago, at the time they came to the parish, were Mrs. Alfred Porter, Bear River, and Mrs. M. C. McCormick (now of Annapolis Royal) on this 15th anniversary, also two wardens of that day were present, Alfred Porter and M. C. McCormick.

The Deaconry of Annapolis was represented by Rev. S. J. Woodroffe and Mrs. Woodroffe, of Annapolis Royal, and Rev. A. E. Gabriel, of Digby.

Refreshments were served and an enjoyable time was spent by all. Mrs. Landley Shaw poured tea in the afternoon and Mrs. John Whitman in the evening. Mrs. W. M. Romans received with Mrs. Smith both afternoon and evening.

OBITUARY

Albert Robbins—The passing of Albert Robbins, who died at his home in Smith's Cove, on May 14, leaves another blank in the list of well known sportsmen of this county.

Mr. Robbins was born in Bear River, on January 14th, 1852, and was, therefore, seventy-nine years of age. He moved to Smith's Cove about twenty years ago, having purchased a property there, and resided in that village until his death.

He is survived by his wife (nee Mary Eliza Berry); four daughters in Nova Scotia and three in the United States; also two sons in the United States, Otis, in California, and Clifford, at home. Two children predeceased him, Roland, at the age of 22 years, and Valentine, who paid the Supreme Sacrifice in the Great War. Mr. Robbins was an ardent sportsman, a lover of the woods and open places, few knowing the habits of game and their haunts better than he. Nothing pleased him so well as to go away from the daily routine to his hunting camp on the Sissibou Road, and spend a few days in hunting or trapping. Only two years ago he shot his last moose, he then being 77 years old. He will be greatly missed in the communities of Smith's Cove and Bear River, by those who had the privilege of his acquaintance.

Amount expended for materials \$26. Having been a benefactor of \$30.2. This will be used for paying expense of painting furniture in Bear River Room, and the purchase of coverlets, blankets, etc.

Hurled In All Directions When Car Turns

Accidents in which two cars were wrecked and several men escaped death or serious injuries happened Saturday afternoon near Barton. The wrecking car from Digby Motors had responded to a call for assistance and on arriving on the scene proceeded at once to drag a coupe out of the ditch. This car had evidently met another auto and took the ditch for safety. No persons were injured but the car was badly damaged.

It was while the wrecker was engaged that a most peculiar accident happened. A large coupe was approaching from the Yarmouth direction and when about 100 feet from the wrecking car it was seen to leap in the air, turn over three times and hurl the occupants in all directions. The driver of the wrecking car hustled to the spot of the second accident but the four men occupants had picked themselves up. None of the men were injured seriously, but the car was very badly damaged of the woodwork in splinters. The Nova Scotia police were sent for and checked up on the accident.

Allen River School Receives An Organ

The girls and boys of Allen River school, Annapolis County, met with a truly happy surprise on Friday morning last, when they met in their school room and found an organ adorning one corner of their class room. Through the efforts of their teacher, Mildred B. Rawding, it had been placed there by lantern light on the previous evening in order to assist the pupils in carrying out their Empire Day exercises. After they learned it was theirs—a gift to their school—and the morning sun had been played and sung most heartily, the teacher read a letter which she had received from the Rt. Hon. R. B. Bennett—Canada's Prime Minister, stating that with all good wishes, he was responding to her appeal on behalf of her school, by enclosing the desired donation towards the fund for the purchase of an organ.

They take this opportunity of thanking Mr. Bennett, through the press, for his generous gift.

TWO MEN INJURED IN SHIP-YARD

An accident resulting in what are supposed to be mortal injuries to two men, took place in the Meteghan Shipbuilding Company's yard, yesterday afternoon at four o'clock, when one of the compressed air tanks exploded with terrific force. The injured men were Fred Deveau, foreman of the yard, and Richard Dugas. Both men were very badly injured, and little or no hope was held out for their recovery.

OBITUARY

Mrs. Laila Morse Spurr — The death of Mrs. Laila Morse Spurr, widow of the late Capt. John Digby Spurr, occurred at 7 o'clock, at Annapolis Royal, on Friday morning last, at the age of 70 years. Mrs. Spurr was the daughter of the late Harris Harding Morse and Margaret Eliza Morse, of Paradise. Her late husband was a well-known sea captain and later the popular proprietor of the Colonial Arms Hotel, at Deep Brook. He predeceased her by ten years. She is survived by one son, William Harding Spurr, and one daughter, Mrs. Warren L. Harris, with whom she has resided the past few years; also two sisters, Mrs. Alice Towler, of Wolfville, and Mrs. (Dr.) Crawford, of Brooklyn, N. S., three brothers, Arthur and Rev. Alfred Morse, of Paradise, and Rev. Alfred Morse, of Wolfville. Mrs. Spurr is mourned not only in this province but by a host of friends in the United States, who appreciated her warm heart and kindness at the "Colonial Arms." A largely attended funeral service was held Monday, at 2 p.m., at the Baptist Church, Deep Brook, of which Mrs. Spurr was a faithful member. Rev. H. W. Habel, pastor of the church, conducted the service, and sang a solo, "The Old Rugged Cross." Rev. A. J. Prosser, of Annapolis Royal, a personal friend, gave the address, Rev. A. W. L. Smith, rector of St. Clement's parish, offered prayer and gave a short address. The service was many and beautiful. Interment took place in the Clementsport cemetery.

Miss Fannie Welch—Miss Fannie Welch, one of the best known residents of Westport, died at the home of her sister, Mrs. Charles Gower, on Monday night, May 18th, aged 73 years. For over forty years Miss Welch was a teacher in the Westport schools, and endeared herself to all. She was a member of the United Baptist Church, and of the ladies' sewing circle, and will be greatly missed. She leaves to mourn a sister, Mrs. James Gower, of Westport, and several other relatives residing in Westport and in the West. The funeral was held from the United Baptist Church on Tuesday afternoon, the service being conducted by Rev. H. H. Phinney. About fifty-five scholars from the Westport schools, and other friends, accompanied the cortege to the grave with bows of white ribbon on their arms. A large number of Rebekahs of the Sunset Rebekah Lodge, of which she was a member, marched to the grave and conducted the burial service at the grave. The floral offerings were many and beautiful, testifying the love and esteem of her many friends.

Hanford Denton — Very many friends of the late Mr. Denton, who died at the home of his daughter, Mrs. George Nichols, Acaciaville, Carey River, on Friday morning, May 22nd, his death causes sincere regret among a wide circle of friends throughout the community. He was possessed of a bright and genial disposition, and will long be held in kindly remembrance by many associates by whom he will be greatly mourned. He leaves to mourn a sorrowing wife and three children, Lloyd, Fred, and Harold, of Westport. Mr. Denton was a valued and active member of the Westport United Baptist Church, and will be sorely missed. The funeral was held from his home in Westport, Sunday afternoon. The services were conducted by the pastor, Rev. H. H. Phinney. The floral tributes were many and beautiful. Sympathy is extended to the bereaved ones.

Carey Woodworth—There passed suddenly away, after a short illness, at the home of his daughter, Mrs. George Nichols, Acaciaville, Carey River, on Friday morning, May 22nd, a prominent citizen of Carey River, only moving away a few years ago to North Easton, where he was coming, coming back to Nova Scotia about a year ago. Mr. Woodworth is survived by eight children, five sons and three daughters: Rev. Arthur Woodworth, Harland, N. B.; William, Carey and Corning, of North Easton, Mass.; Pythias, in the United States; Mrs. George Nichols, Acaciaville; Mrs. Lorraine, Hillsburn; and Mrs. McColl, of Litchfield; also one brother, Capt. John Woodworth, Bear River.

Mrs. Madeline Thibedeau—Mrs. Madeline Thibedeau, of Meteghan, passed away at her home Friday evening last week. Deceased was over ninety years of age and until recently was very active for her age. She leaves one son, Maximilian, and one daughter, Mrs. Edouard Robichaud, both of Meteghan, at which place the deceased lived; thirteen grandchildren, two of whom are Sisters of Charity, one at Mount St. Vincent, and one at the Convent of Sacred Heart Academy, Meteghan. (In religion Sister M. Noela). Reverend Father Denis Robichaud, now a patient at the Infirmary, Halifax, is a grandson of the deceased. Two great grandchildren living in Danvers, Mass., also survive.

William A. Addington—The death occurred on Friday, May 22, at the home of his son, Nelson Addington, at Little River, of William A. Addington, in the 90th year of his age. He was a life-long member of the Baptist Church, and survived by an adopted son, Boyd Addington, of Greenwich. Rev. C. L. Chute conducted the funeral service Sunday afternoon.

Whit Sunday At Trinity Church

On Sunday morning last, had all the members of the Parish been with one accord in the choir, as on that first Whit Sunday, they would have heard an exceptionally fine address on the "Anglican Claims of the Church of England," by the rector, history and dates, "solid as the rock upon which the church was founded." Christ himself, being the chief corner stone. The evening address on "White Raiments" was also very fine and appropriate. After the service a splendid address was given by Miss Shaw, who has worked for years in the mission fields, telling of the wonderful work going on. The duet "Love Divine" sung by Rev. A. E. Gabriel and Mrs. Walker, was sympathetically and beautifully rendered. Mrs. Bowley very kindly playing the accompaniment.

Fred Wilson, who has been at Camp Hill Hospital, Halifax, for treatment, returned Thursday of last week, and is improving rapidly.

N. S. Power Commission Awards Contract

The Nova Scotia Power Commission announced Wednesday that it has accepted the tender of Frank Christie, of St. Margaret's Bay, Halifax County, for the clearing of 12½ miles of transmission line right-of-way between Trafalgar and Dean's, Halifax County. This line, when built, will form part of the extension which is being made by the Commission to serve that prosperous section of the County contained in the Musquodoboit Valley. Mr. Christie's tender was the lowest of twelve, which the Commission received. The Contractor will commence work immediately, and it is required that the clearing shall be completed within one month. The specifications state that, if obtainable, local labour shall be employed to the extent of 80 per cent. of the working force.

C. J. Holder, formerly of the staff of the Royal Bank here, arrived from Halifax on Saturday to spend the holiday with friends.

KILLING A NEWSPAPER

Smith Falls Record-News

Here are some very good instructions for killing a newspaper. Just take your subscription \$3. It's only a dollar or two—the publisher doesn't need it. If he asks you for it, get just as mad as you can, and tell him when you speak, it always says, "Yes, we have a little sheet, but it doesn't amount to much." Keep this up for a year or two, and you will have a dead set of merchants, and down—Profitable advertising, dear sir. You might also take the paper out of the post office regularly for six or eight months, or perhaps a year or two; then, about the time you think he has sent to him his bill, after he has sent it half a dozen times, put the paper back in the office marked, "Refused."

WEAKNESSES

By Frank B. Craig

Almost every one has heard the song the chorus of which ends with: "And that's my weakness now." That song was a satire on human frailties. All of us have weaknesses of some kind or other. Some of us admit the fact, others deny it, and still others are honestly ignorant of it. Some boast their weaknesses, some are ashamed of them, and still others are indifferent to them. This depends as much on our viewpoints as on the weaknesses themselves. No two people look at weaknesses in the same way, and all weaknesses are equally serious. But weaknesses we should all guard against are those that seriously affect character and reputation. Such weaknesses are generally habits, which we can correct if we really try to. They should be corrected for our own and others' good. Failure to do this stamps us weaklings. It's unbecoming weaknesses, mischievous in their influence, that proclaim we are lacking in moral strength and rob us of self-respect.

The Traffic Menace

Seventy-five per cent. of Canadians who drive automobiles never have an accident worth reporting. Twenty per cent. more do not average more than two or three accidents during their entire driving careers. The rest of the drivers, between four and five per cent. of the total, are responsible for 80 per cent. of the death and injuries caused by motor cars on all too common on our highways.

These are the figures of a traffic expert who has given years of effort to the collection and study of automobile accident statistics and reports. The figures seem to imply that there is a small percentage of our population unit to drive cars at any time. This must be the case if they are responsible for 80 per cent. of the accidents. There is no way at present to prevent such persons operating motor vehicles, therefore it is incumbent to clean them off the road as fast as a first or second accident proves them guilty of recklessness.

A reckless driver is reckless at all times, not just when he gets mixed up in an accident. And the fact that he is permitted to continue in his recklessness does not speak very highly of the service given by police and officials entrusted with the work of keeping our highways safe for travel. There is too much investigating after an accident has happened, and not enough severity exercised before it gets a chance to take place.

DIAMONDS

Diamonds are only chunks of coal that stuck to their jobs. You see, if they had petered out, like most of us, where would the diamonds be? It isn't the fact of making a start, it isn't the starting that counts, it's the fellow who knows not the meaning of fail, but hammers and hammers away. Whenever you think you have come to the end, and you're beaten as bad as can be, remember that diamonds are chunks of coal that stuck to their jobs. You see.

PUZZLE

A funny little man told this to me: "I fell in a snowdrift in June," said he. "I went to a ball game out in the sea. I saw a jellyfish float up in a tree. I found some gum in a cup of tea. I stirred my milk with a big brass key. I opened the door on a bent knee. I beg your pardon for this," said he. "But 'tis true when 'as it ought to be. 'Tis a puzzle in punctuation you see."

FINAL CONTEST PIANO RECITAL AT DIGBY

The final contest piano recital, between ten Weymouth pupils and an equal number of Digby ones, was held in the Elbow Theatre, Digby, on Monday evening, under the direction of G. C. Gates. The piano used, being a Mason & Risch, which came direct from the factory for the recital, and was kindly loaned by G. R. McNutt, of Digby.

A good sized audience, (although not as attentive as the youth audience) greeted the performance. The judges were: Mrs. Floyd Potter, of Weymouth; Father Murphy, of Annapolis; and Father Yessie, of Digby. The Town Clerk of Digby, Alfred Boden, Town Clerk of Digby, announced the prize winners.

In the first part the competition was very keen, there was no mark below 71 and all but one was over 80. The prize was divided between Miss Edith Snow, of Digby, and George Hankinson, Jr., of Weymouth, who tied with 82 and out of 100.

In the second part the average was all about the same, two being equal. The prize went to Paul Snow of Digby, who scored 90 points. In the third part the averages were very high, being 72, 84, 88, 91, 93 and 96. The prize went to Miss Frances McNutt, of Digby, whose playing was almost perfect, she having 96 out of the possible 100 points. The points were given for technique, personality, and memory.

Everyone taking part did remarkably well, and deserve credit. Great reflection is also shown on their teacher, G. C. Gates.

Miss Hankinson, on behalf of the Weymouth and Digby pupils, presented Mr. Gates with a five dollar gold piece.

"Evidence" of Hard Times

The Lunenburg Progress-Enterprise publishes this hard times evidence. The streets are full of automobiles, going as Will Rogers says, nowhere in particular, but on the whole, there is a lot of them; time is so hard it is difficult to find parking places for our automobiles on Saturday nights, times are so tough in winter that we only have about one car for every three of our population; if times were not so hard we would not doubt all have automobiles.

"There is no question about hard times, we are right up against it; we saw a girl the other day so hard up she did not have silk stockings, and rather than wear rayon, wore none at all; of the hundreds of girls in Lunenburg, it is almost unbelievable that one should have to do without silk stockings, but that is not all—the consumption of cigarettes increased only about 3,000,000 packages in Nova Scotia last year, as, everybody knows, it should have increased by ten times the amount. "Times are sure hard—government sale of liquor in Lunenburg and Nova Scotia has increased in the past six months, and that means that people have no money to waste. Yes, things are bad and to make matters worse, miniature golf courses are springing up all over the province."

"Yes, times are hard; the dealers can hardly sell any flour, beef or bacon, it takes all his time to sell canned goods; the only goods they can't sell are the goods they can't sell; the only goods they can't sell are the goods they can't sell."

"Yes, times (is) hard!"

Shipbuilding At Meteghan Good

The shipbuilders in the yard of Jules Robichaud, at Meteghan, Digby County, are now putting the finishing touches to a fine motor vessel which is building for D. B. Kenney, of Westport, Brier Island. The craft measures 78 feet in length by 18 wide and, for that measurement will be exceptionally burlesome. The vessel has accommodations and staterooms for the captain and engineer, while a large well fitted forecastle provides good room for three more berths, cook's quarters, pantry and galley. For power the craft is fitted with a 105 horsepower Laval-Bergerson motor, which is expected to give the vessel a speed of about ten knots. When launched the vessel will be christened Alva J. Kenney, named after one of Mr. Kenney's daughters. The craft will be used in freighting, in connection with Mr. Kenney's extensive dry and fresh fish business.

In addition to the above, Mr. Robichaud has on the stocks, his boat shop, a motor vessel, measuring 47 feet long by 11½ wide which he is building for Capt. Freeman Welch, of Westport, to be used by him as a ferry between that place and Meteghan. The craft is being exceptionally well put up and Capt. Welch expects to have it launched in about two weeks. When completed the boat will have two cabins, one forward, one aft, all beautifully finished in Douglas fir and fitted to give his many passengers every comfort. For power the boat will have a thirty-five horsepower motor which should give the craft a good speed and make it a very comfortable and comfortable boat in which to travel.

Life Challenges Youth

Mrs. (Dr.) L. J. Lovett Addresses the Young People of Bear River.

A week ago Friday evening the Senior B. Y. P. U. of Bear River, had the pleasure of hearing a paper by Mrs. (Dr.) L. J. Lovett, on the topic "Life Challenges Youth." This paper was of such an exceptionally high order that we have secured it for publication in full, in the hope that all the young people who see this paper will take the opportunity to read it for themselves. The paper follows:

Mr. Chairman:

As I face this audience of young people tonight, I feel, in the words of that famous broadcaster, Andy Brown, "in somewhat of a pickle." For I believe, Mr. Chairman, that the judgment of youth is far more critical, or perhaps I might truthfully say, merciless, than that of those older ones who have learned by living that words may sometimes betray one into giving a wrong idea of one's meaning. I would ask the young people present to be lenient in their judgment of what I have to say, and believe it is from my love of the youth of our town, and my sincere interest in their welfare.

They say "youth and age look at life from different ends of the telescope." Youth sees the way before it from the magnifying viewpoint, but to age, as life is presented it, in retrospect. Those long on life's journey have proved the truth of the saying, "all is not gold that glitters," but though many of their youthful dreams have not materialized, a comfortable philosophy has been developed that makes life still bright and worth living.

I have chosen as my subject tonight the fact that "life," especially as it is lived in the world today, challenges "youth" in various ways. It hinges at the feet of youth as a challenge to use its physical, mental and spiritual possibilities, for the greatest development possible to human beings. Under these three headings I am dividing my subject, but that is, to me, the order of their importance. One hinges inevitably upon the other, and though it is rare indeed to find perfect physical development, great intellect, and a deeply spiritual character combined in one individual, yet the change is to develop each other as far as possible, without imperiling the existence of the other.

Now, living as I do, among young people, I know that to a great degree, you are giving attention to your physical development. I see you pass on skis, with skates, on skis. I know of your Boy Scout sports and athletic competitions in your out door games.

The fondness for athletic sports is increasing. Every base ball match draws its crowds of enthusiastic fans, young and old. I am sure some of you can understand the small boy who had just returned from watching a game, and said to his mother, "Say, ma, do they play baseball in Heaven?" "Why, no, son; why do you ask that?" "Well, by golly! ma, that spools Heaven for me!" I realize what you perhaps do not, that the youth of today have many more opportunities for physical perfection than those of a generation ago.

The laws of health are taught your generation from early childhood, and you have not the excuse of ignorance that drew its crowds of enthusiasts. I realize that the college stress physical development to a great degree, and the athletic girl or boy who enters into tests of bodily skill and achieve success, very often become the idol of their fellow students.

Physical perfection is something to be proud of. Health is a great asset. A strong, well knit frame, and a general physical fitness, has won for many a young person the

position they coveted in the business or social world.

The "Good Book" tells us "our bodies are the temple of the living God," and we are the custodians of that temple. Do you think we should ever defile or destroy such a marvelous creation as the human body? Science, with all its miracles of performance, is powerless to create such a masterpiece of mechanics as the human machine, with its interwoven muscles and sinews, its tendons and nerves.

It is needless to tell you of the things that defile and destroy our physical well being. You have heard from the pulpit, from parents and teachers, of the evils of intemperance and vice that inevitably injure this precious possession. Evil seeds, planted in youth, may in later life bring a terrible harvest, and block all efforts to attain, business, intellectual or social efficiency. You have bright dreams of what life may bring to you. You dream, perhaps, of great achievement, of life challenges you to make and keep your selves physically fit, that your dreams may come true.

Again, life challenges you to "intellectual development." Baden Powell, beloved by all Boy Scouts, who, through his interest in youth, and his concern for them, has developed a wonderful grasp of youth problems, has said that the strengthening of mental character is the foundation of success in every line of life, and he is absolutely right. Not that it is necessary to become a learned student of languages, nor wise in scientific lore! That is the acquiring of knowledge, only one form of intellectual development. The real intellectual development comes from recognizing your special gifts and capabilities, and then intelligently developing them to the limit. Perhaps you young people, here tonight, may think the present tastes you are cultivating can be cast aside later on, and you can then adjust yourselves to what you wish to be and do.

President Hoover in a recent address on the 21st anniversary of the Boy Scout movement in America, said something like this: "Boyhood or youth is a period of development. By the time one comes of age, one has acquired in body, brains, and character, the tools one must use in later life." What he has said emphasizes the truth: that the time to build for your future life is NOW, now when the blood of youth is pulsing in your veins, and youth's high courage is in your heart.

The recognition of what you are most fitted for in life is a crucial test of your mental power. Environment and other circumstances may obscure your judgment. You must not, as some one has said, "confuse ambition and desire with real capabilities, for taste is not always an indication of talent." A young man or woman may aspire to, and have the longing to become a power in the field of finance or in the political world, but his or her talents may be those wholly unsuited to these pursuits. Too often, by parental influence or one's own ambition, one is driven into an occupation that will never be successful, because of its unsuitability to one's powers. Such a misfit never leads to efficiency and is a tragedy to the one concerned. Question yourself thoroughly as to your natural gifts and qualifications, and grasp the knowledge necessary to make them useful in your choice of occupation.

If you decide to be an agriculturist, make an intelligent study of the soil, the crops, the climatic conditions that effect this greatest basic industry.

If you decide to be a teacher, or college professor, study not only the prescribed literary training, but also human nature, for only by such a

knowledge can you make a success of this profession which touches and influences youthful lives at their most impressive period. If the young ladies here tonight enter the most honored profession

open to womanhood; that of wife and mother, study Domestic Science and Home Economics, that your homes may be attractive and efficiently conducted. In other words concentrate on your

choice of occupation and the intelligent acquisition of necessary details. There may be discouragements in any chosen walk in life, but courage (Continued on page 3)

The Census of Canada 1931.

In the opening weeks of June every family and every home in Canada will be visited by a representative of the Government for the great national purpose of taking the seventh census of Canada.

The census is really a stocktaking. That is, it provides the information to enable the Government and others interested in the development of the country to formulate progressive policies for the happiness, comfort and prosperity of our people.

All the information supplied is strictly confidential, and the officers of the Government are subject to severe penalty if they disclose any of the information which is given to them by residents in the country, to any other than the Government.

Furthermore, it has nothing whatever to do with taxation, or military service, or compulsory school attendance, or immigration, or any such matter; and the Government itself cannot use it except for statistical totals.

The Government representative will put the same questions to all, and it is your duty as a resident of this country to answer promptly and truthfully. The Government is very anxious to avoid forcing anyone to answer these questions, but it is empowered to do so in the few cases where individuals may refuse.

This can happen to you!
but THERE'S A STRONGER REASON
FOR BUYING A NEW J-M ROOF NOW

THE ever-present threat of leakage presented by your old roof is reason enough why you should talk over your roof problem with the nearest J-M dealer.

But there's an even stronger reason: A new J-M Roof will cost you actually less than the totals of repair bills on your old roof.

For when your roof is a J-M roof it will give you dependable protection (and beauty, too) at the lowest cost per year. It has back of it the name Johns-Manville—a recognized authority on roofs.

The dealer who supplies these roofs is himself an authority to whom you may turn with as great confidence. Call on him today. (His address is below.) Get him to show you examples of roofs of everlasting Asbestos Shingles—or of long-lived Asphalt Shingles. Both are fire-safe—both weather-resistant—both economical and both available in an almost endless variety of tones and blends. Ask him for a free roof inspection and for details of the J-M Time Payment Plan.

Don't patch. Re-roof with colourful, durable J-M Shingles. It is less expensive. Canadian Johns-Manville Co., Limited, 904 St. James St., Montreal.

Life Challenges Youth

(Continued from page 2)

patience and industry will go far to conquer every obstacle. One phase of intellectual development which should be combined with the special education necessary for your chosen work in life, the making of a citizen of the intelligent study of your duties of civilization as a Canadian citizen, or a citizen of any country in which you may be domiciled; study the national problems that confront it; know your country's needs; understand its domestic policy, its international relations, and as you would guard your home and solve its problems, give to the land in which you live and I hope it will be Canada, the same intelligent direction of its affairs through your franchise, and the same safe-guarding of its interests.

Canadian youths have great opportunities! Because you were born in this quiet little town, nestled amongst its everlasting hills; because, perhaps, you were not born to riches, or high lineage, or no barrier to your attainment of success. I may be looking this minute in the face of a future Premier of Canada, a college president, a lady member of the Senate, or a Henry Ford of finance. Some of the world's most noted figures have had humble origin. If you were in France they would tell you of the poverty-stricken Corsican soldier who became the great Napoleon.

In India, the idol of the hour and the man who holds the future of that great country in his hand, is Mahatma Gandhi, who sat in the tattered rags of a beggar.

Russia's great Lenin was an unknown and poor young man, and while we do not agree with his socialistic schemes we must admire his great intellectual qualities, and his concentration on what he considered his mission in life.

The United States idolizes its martyred president, Abraham Lincoln, who was in his youth a rail-splitter in his poor Illinois home.

One of the cabinet ministers in a recent Canadian administration, as a young man was a brakeman on the C. P. Railway, and one of the brainiest and best known newspaper men in Canada came as a stowaway from England. Neither boy nor girl can aim too high, or have unattainable ambition; and wherever you may go, or to whatever vocation you may attain, through intelligent development of your capabilities, sometimes you will think of this old home town, quiet and unassuming, though it may be, and count it precious as having seen the foundation laid for your success in life. With Longfellow you may say:

"Often I think of the beautiful town
That is nestled by the sea!
Often in thought go up and down
The pleasant streets of that dear old town.
And my youth comes back to me.

Strange to me now are the forms I meet.
When I visit the dear old town;
But the native air is pure and sweet
And the trees that overshadow each well-known street.
As they balance up and down,
Are singing the beautiful song.
Are sighing and whispering still.

And the old town woods are fresh and fair,
And with joy that is almost pain
My heart goes back to wander there,
And among the dreams of the days that were,
I find my lost youth again."

SAM LANGFORD GIVEN SECOND KO

Judge Michael J. Murray had a large audience one morning last week, in Municipal Court, at Boston, when Sam Langford stood at the bench and admitted that he had been knocked out for the second time in his life.

The ring veteran laughed as he said the K. O. was administered by an automobile, and not by fists.

Langford was the complainant against Joseph Ziskin, a West End business man. He said he was knocked down by the machine driven by Ziskin recently, and was quite badly shaken up, but he said he was back on his feet at the count of nine.

Ziskin was found guilty of negligent driving and appealed a \$25 fine. "I was struck with my back because I was turned," Sam told Judge Murray. "I can feel the pain yet. The auto knocked out the second in my career."

Sam, with a wide smile, continued: "The other K. O. came from Harry Willis, on April 14, 1918, and I never was able to get my leg back to count either, but I did."

Langford told Judge Murray that his eyes have failed him, that he is almost blind, but that good people of the West End look out well for him when he is crossing the streets. Judge Murray said that a man is not bound to stay in bed because his eyesight is failing him. "Pedestrians have rights on the street which motorists are bound to respect," he said. "The man driving an automobile in city traffic today has no right to consider that every pedestrian before him is capable of making a 40-foot leap to safety in an emergency."

(Sam Langford, born in Weymouth Falls, made a greater name for himself in the boxing game in the United States than any other person from the old home town. He was one of the greatest, best known and most picturesque boxers in America during the years before the war. Many people will remember when Sam used to step from the train at Weymouth with his retinue of trainers and sparring partners—the centre of an atmosphere of prosperity. Many a time admiring American tourists have travelled up to Sisseton to view him in his old home where Sam was born—but that was in the days when the whole sporting world knew the "Boston Tar Baby".)

Digging Back Into Prehistoric Times

The Digby Courier states that beach gravel has been found in a pit high above the present sea level and eight feet below the present surface of the ground. This quite supports the old geological assumption that St. Mary's Bay in ages past was the mouth of the Annapolis River, but that the glacier, which scoured out the Annapolis Valley found an outlet through a soft spot in the North Mountain which became Digby Gut.

The glacier then piled up between Digby and Weymouth, carrying with it very naturally, the beach stones that are only now exposed. It was perhaps the same glacier that extinguished the volcano at Sandy Cove.—Annapolis Spectator.

N. Y. Physician Tells Of Sargon's Powers

Dr. G. H. Warburton, Graduate Famous Bellevue Hospital Medical College, New York, was so convinced of the great good in Sargon that he recently declared:

"It is not what we eat that counts, but what we assimilate. Sargon helps us get more good out of our food, thus adding the natural building up of enduring strength, firmer flesh, calmer nerves, improved brain power and a sense of physical well-being. You eat with a keen appetite, sleep with a new peaceful soundness and wake up with a feeling of renewed strength and energy."

While those who actually benefit from the use of Sargon marvel at the results of this triumphant combination of the trained physicians who have been retained to examine the formula can understand why Sargon is now considered one of the greatest outstanding health giving remedies of the age.

Sold by P. W. Holdsworth, Drugist, in Digby; by Bear River Drug Store, in Bear River; and Bowman P. Collins in Little River.

OBSERVES EMPIRE DAY

Empire Day was observed Friday, in Oakdale school. A programme of patriotic songs, recitations by pupils from different class rooms, also selections from Oakdale school orchestra was presented. Speeches were given by Rev. F. W. Sawdon, Rev. C. P. Henderson and Rev. A. MacLeod.

"Puss" Winchester, of Digby, was a guest of her parents, Mr. and Mrs. Edward Winchester, on Monday. Mr. and Mrs. Brenton Merry spent Sunday at Matilda Bridge. Mrs. Alonzo Yarrige, who has been the guest of her father, John L. Sully, for the past two weeks, returned to her home last Thursday. Miss Holland, of Aylesford, spent Sunday with Mrs. L. L. Henshaw, at the home of Mr. and Mrs. E. B. Weir. Robert Parnell, of Liverpool, and J. E. Steadman, of Shelburne, spent the holidays with their families, at the home of Mrs. Wm. Cossom. Little Miss Mary Webber, of Digby, spent a few days last week at the home of Mr. and Mrs. McHugh. Richard Turnbull, Berry McHugh, Freeman Belder and Austin Payson were in camp at Porter's Lake, over the holiday.

Mr. and Mrs. Chester Beals and family, of Berwick, spent Sunday with Mrs. Beals' parents, Mr. and Mrs. A. H. Weir. Mr. and Mrs. Arthur Kelsall and son, John, of Annapolis, spent Sunday with Mr. and Mrs. E. R. Thomas, at the Out-of-the-Way Inn. Miss Louise McHugh spent the week-end with friends in Digby. The Digby male quartet rendered special music at the United Church service Sunday afternoon. Mr. and Mrs. T. O. Morgan and Mrs. Geo. Weir attended the funeral service of Mrs. John Spurr, in Deep Brook, Monday afternoon. Miss Mary Adams, of Yarmouth, spent the week-end with her parents, Mr. and Mrs. Fletcher Adams. A number from here attended the play "Madame Mabel", in Digby, Thursday evening. Mrs. L. L. Henshaw spent Monday with friends in Aylesford. Henry H. Sully is out again, after his long illness.

The May meeting of the Women's Institute was held at the home of Mrs. Edward Winchester, Wednesday afternoon, May 13th. Mrs. Geo. Weir, the president, in the chair. The regular routine business was transacted, and then a social time spent, during which Mrs. Winchester and Mrs. Walter Outhouse, joint hostesses, served lunch. The June meeting will be with Mrs. Taylor.

ROTHESAY DOWNS KING'S COLLEGIATE

In the annual track and field meet on Tuesday, with King's Collegiate School, of Windsor, Rothsay Collegiate School upheld the track prestige of the New Brunswick institution by defeating the Nova Scotians 441-2 points to 351-2, Tuesday afternoon. The games were staged at Rothsay.

The feature of the meet was the mile run, captured by Captain Lester Inch, of the Rothsay team. Richardson, of King's, gave Inch a great battle to the tape, the home athlete nosing him out. An unfortunate incident occurred in the quarter when Mathers, of King's, fell after taking a quick lead. His mishap thus left the two Rothsay men to run it out. Inch, with 14 points, and Romans, with 13, respective stars of winners and losers, engaged in a great dual for individual honors.

The summary:
100 yard dash—1st, Romans (K.); 2nd, Gladwin (R. C. S.); time 11 sec.
Running high jump—1st, Inch (R. C. S.) and Baird (R. C. S.) tied; height, 5 ft. 2 1/2 in.
220 yard dash—1st, Romans (K.); 2nd, Hannaford (R. C. S.); time, 25 4-5 sec.
Discus throw—1st, Creighton (K.); 2nd, Fisher (R. C. S.); distance, 89 ft. 8 in.
440 yard dash—1st, Alcorn (R. C. S.); 2nd, Inch (R. C. S.); time, 59 sec.
Pole vault—1st, W. McDonald (K.); 2nd, Crosby (R. C. S.) and F. McDonald (K.) tied; height, 9 ft. 5 1/2 in.
Running board jump—1st, Inch (R. C. S.); 2nd, Romans (K.); distance, 19 ft. 11 in.
120 yard hurdles—1st, Mathers (K.); 2nd, Armstrong (R. C. S.); time, 18 sec.
Short-put—1st, Maculay (R. C. S.); 2nd, Covert (K.); distance, 38 ft. 1 in.
Mile run—1st, Inch (R. C. S.); 2nd, Richardson (K.); time, 4 min. 59 sec.

WOMEN'S INSTITUTES TO HOLD RALLY

On Friday afternoon, May 22nd, representatives of Women's Institutes in the district of Annapolis-Digby, held an executive meeting in the Council Chamber building at Bridgetown, to discuss district matters, decide on place and date of annual Rally, and programme for Rally.

Miss MacDougal, Superintendent of Women's Institutes for Nova Scotia, was present, and Mrs. L. J. Lovett, District President, presided. Invitations from both Bridgetown and Bear River had been received for Rally, and by vote, Bear River's invitation was accepted, the date being fixed for June 26th.

An attractive programme for both morning and afternoon sessions was prepared, and will be published later. Dr. Munro, Superintendent of Education, and Dr. Cummings, of Truro, will be speakers, and Miss MacDougal will address the assembly on various phases of Institute work.

A number of Institutes are supplying features of the programme, and a large attendance is expected.

ARBOR DAY OBSERVED AT BEAR RIVER

Due to the rainy weather of Friday 15th, Arbor Day was observed in our school the following Monday. One of our local farmers, Jesse Berry, realizing the need and value of reforestation, willingly consented to the planting of fully 2,000 baby trees on his waste land, by the pupils of Oakdale School. This is the third successive year that they have planted trees on Mr. Berry's property.

The school was pleasantly surprised that about 80 per cent. of their previous plantings survived through drought of 1930. Much of this credit is due C. B. Miller, Forest Ranger for Digby County, who supervised this year's planting also.

Besides observing Arbor Day, the Oakdale pupils combined work with a school picnic under the supervision of its teachers.

DEEP BROOK

Courtney Purdy arrived home from Mt. Allison University on Thursday. His many friends will be pleased to know that he has accepted the position as principal of the Digby Academy, for the coming school year. He received the B. S. Degree at the recent Convocation at Mt. Allison.

Miss Ethel Purdy, of Freeport, is spending a few days at home, called here by the serious illness of her mother, Mrs. Ernest Purdy.

Mr. and Mrs. W. A. Spurr, of Kentville, were here on Monday attending the funeral of Mrs. J. D. Spurr.

Mrs. J. F. McClelland is attending the closing exercises at Wolfville College, and is the guest of Dr. and Mrs. C. E. A. Dewitt.

Miss Sara Specht spent the week-end at her home in Barton. Mrs. Sara Walsh returned last week from a pleasant two weeks spent with relatives and friends in Bear River. Mrs. Walsh will occupy Miss Jones' building for the month of June.

Mr. and Mrs. Loran Adams entertained very pleasantly on Saturday evening, the members of the high school, with their teacher, Miss Sara Specht, and other friends, in honor of the birthday of their daughter, Miss Freda. A very pleasant evening was spent, with refreshments served by the hostess, including an attractive birthday cake.

The play which was given in the Baptist Hall, on Tuesday evening, by Smith's Cove and Deep Brook talent, was a splendid success, and greatly enjoyed by all present. The community was glad to make another contribution to the Digby Hospital.

Mrs. Frank Rook, of Digby, spent the week-end at the home of her mother, Mrs. A. G. Sully.

ON POETRY

In looking over a book the other day, we chanced upon the following poem:

How To Read Poetry

A little bit of it every day
As earnestly as you would pray,
That you may feel the beauty it
brings.

You must read it aloud and slowly,
And know what you read though
the verses are few.
Let the dream of it sink deep into
your heart.

Become of it a substance and part.
Take its radiance and faith for
your very own.

Companion for times when you
are alone,
Retreat for your soul from it
worry and fret,
A comfort when troubles and sorrows
beset.

A sanctuary, of calm and peace,
A happy place for an hour's
release
From a thousand and one material
things—
Fly away from the sordid on poetry's
wings.

To the person who knows, understands and enjoys good poetry, belongs one of life's richest and happiest experiences. You may not be able to define poetry, or even to describe it, but you somehow know that Shelly was right when he said:

"Poetry lifts the veil from the hidden beauty of the world."

We read poetry chiefly for the enjoyment and delight it gives us; for the joy of discovering the "hidden beauty" in the world of Nature, the world of thought and the world of human experience. We read poetry to enjoy it, but we cannot enjoy it long unless strength or beauty or thought is there, to match loveliness of outward form.

A great poet once said, "Poetry is the breath and finer spirit of all knowledge." When we are learning to love poetry that is rhythmically beautiful, that flows with patterns of "word loveliness" that shines with the clear light of great thoughts, we are laying up priceless treasures for the years to come. It is a great joy to be of the fellowship of the wise and happy who are lovers of poetry; to live as one "whose mind is a mansion for all lovely forms, a dwelling-place for all sweet sounds and harmonies."

In the following sea poem by John Massfeld, does it not sing itself into your heart, and stir your imagination by the beat and rhythm of great waves; and make you part of the motion of ships and sea?

Sea-Fever

I must go down to the seas again,
To the lonely seas and the sky,
And all I ask is a tall ship and a
star to steer her by,
And the wheel's kick and the white
sail's shaking,

And a grey mist on the sea's face
And the grey dawn breaking.

I must go down to the seas again,
To that blue endless gulf of the sea,
Is a wild call and a clear call that
cannot be denied;

And all I ask is a windy day
and the white clouds flying,
And the flung spray and the sea-
gull's crying.

I must go down to the seas again,
To that blue endless gulf of the sea,
To the gull's way and the whale's
way where the winds like a
whetted knife;

And all I ask is a merry yarn from
a laughing fellow rover,
And a quiet sleep and a sweet
dream when the long trick's
over.

Apple Blossom Sunday will probably be May 31st. This promises to be the greatest bloom in the history of this "Land of Evangeline." Fortunately indeed will be those people who will be able to view this wonderful sight.

Have you enough Life Insurance?

No matter how large or how small your estate, it will suffer heavy deductions before it reaches your wife or family. Doctors, nurses, hospitals, undertakers, lawyers, etc., not to mention succession duties, if the estate be considerable, will reduce the net amount payable to your heirs by anything from 10% to 25%.

Take your pencil and try a simple sum in arithmetic, using an actual case as an example:

	Typical Case	My Case
Total face value of all my life insurance policies.....	\$5,000	\$.....
Estimated value of my real estate, securities and other assets.....	\$2,000	\$.....
Total.....	\$7,000	\$.....
Less 15% as indicated above.....	\$1,050	\$.....
Total estate (net).....	\$5,950	\$.....

Invested in good securities at 5% this should yield my family an annual income of.....\$297.50

TALK OF THE TOWN

The Sea Breeze Hotel at Deep Brook, Annapolis Co., N. S., opened to summer travel yesterday. The ladies of the Baptist Sewing Circle are holding a Pantry Sale at B. H. Ruggles' store, tomorrow afternoon.

Brigadier Tilley, of Halifax, will conduct a public meeting in the hall, tomorrow evening, at 8 o'clock.

Quality is the important factor in building the sale of Morse's Teas. It not only wins new customers but better still it keeps the old ones coming back again and again.

Commencing Monday, June 1st, the home-made Bread and Doughnuts that have been sold at Short-liffe's during the past two years, will be sold from my home, next to D. A. R. Station.—A. R. Cummings.

The C. G. I. T. girls, of the United Sunday School, are putting on an original concert in the United Church Hall, to-night. The proceeds are to go toward sending one or two girls to Pinehurst camp.

A car owned by Omer Blinn, of Grosse Coques, parked near the railway track on First Avenue, yesterday afternoon, was struck by the outgoing "Suburban" resulting in the right mud guard being demolished and the train did not escape damage as the steps on the front end of the passenger car will have to be rebuilt.

Leslie Johnson and Lawrence Jackson were tried before Judge J. A. Grierson, of the County Court, here on Tuesday. Jackson was up on two charges of breaking and entering and sentenced to two years in Donchester. Jackson pleaded "Guilty".

Johnson, charged with assisting Jackson in the Woodman store break, pleaded "Not Guilty", was found guilty and sentenced to two and a half years.

On Wednesday evening the Women's Auxiliary of Trinity Church, met at the home of Mrs. Charles Turnbull, where splendid reports were given by the delegates, Mrs. George D. Turnbull and Mrs. C. E. Walker, who recently returned from the annual meeting at Liverpool.

The President of the branch, Mrs. Lynch, gave a clever and inspirational resume of the whole meeting, which must have been of high order throughout.

The meeting opened with the Hymns. A great number of proficiency badges were given out by the Assistant Scout Master.

After the Hymns, the work period began. During this period the boys either pass tests or study preparatory to passing them.

When the work period had come to an end basketball was played. A number of stave races were also held. The tracking contest ended in a tie between the Fox and the Wolf patrols.

The Wolf patrol won the greatest number of points during the meeting. This gave them the honor of carrying the Troop Flag at the next meeting.

Visitor Thought Bermuda Show Disappointing

A recent visitor in Bermuda, who has just returned home, tells us of the Nova Scotia exhibition which was put on there by the Hon. O. P. Goucher, of Middleton, for the local government. The exhibition consisted of specimens of our fur-bearing animals and lumber and various beautiful examples of Nova Scotia hooked rugs. The exhibition was a trifle disappointing, inasmuch as it failed to enlarge upon many of Nova Scotia's important industries and resources.

Bermuda, we are told, is very beautiful and colorful, and hundreds of tourists arrive each day to enjoy its beauty and to play on its miles of sun-scorched beaches.

The crowds of tourists that frequent the islands, have earned it the name of "the biggest little place" and although its area is so small, there is so much to do and so much to see that very few of its visitors really get a chance to take in all of the charms which the islands have to offer.

District Division Held Annual Meeting

The L. W. Elliott District Division of the Sons of Temperance—made up of delegates from the subordinate divisions of Digby and Annapolis Counties—met in annual session at Granville Centre, on Tuesday afternoon. There was a large attendance. The following officers were elected:

New S. S. Charlottetown Launched

The steamer Charlottetown, built for the Dominion Government by the Canada Steamship Lines, leaving the ways of their shipbuilding yards at Lauzon, Quebec, on May 20th, after being christened by Mrs. Charles Dalton, wife of the Lieutenant Governor of Prince Edward Island.

The Charlottetown, the largest ship of her type ever built in a Canadian shipyard, will operate between Prince Edward Island and New Brunswick in the regular inter-provincial service of the Canadian National Railways and will accommodate 16 latest type railway cars, between 40 and 50 automobiles and 750 passengers, officers and crew. The contract for this ship, awarded to the Canada Steamship Lines, was the largest ever given to a shipbuilding firm. The designers were Messrs. Lambert & German, naval architects, Montreal.

Free Library Is Supported

The Plympton Free Public Library was founded by the Women's Institute in May, 1923, with a gift of fifty books by the convener. For some time this was known as the "Traveling Library" as the books were sent on to other Institutes. Some few years prior to the death of the late W. K. Smith he purchased a building and piece of land and donated both for a permanent home for the Women's Institute and Free Public Library. In December, 1929, just a few months after the deaths of Mr. and Mrs. Smith, their daughter, Mrs. J. Frank Fenton, of Lynn, Mass., had electric lights installed in the building in memory of her parents. Both Mr. and Mrs. Smith were untiring in their efforts for the good of the Institute. Rev. A. W. S. Garden, rector of Emmanuel Church, of Pittsburgh, Mass., and a summer visitor last year made a gift of over one hundred books to the library. Miss C. O. McGivern, of Saint John, who always summers in Plympton, has made a gift of nearly two hundred books. The number of books at the present time in the library number 1323, and all have been given gratis.

Mrs. Dedicinia Thomas, Librarian, has done much for the progress of the library and due to her efforts over three hundred books have recently been donated.

Obituary

Walter Dill—A very sudden death took place at Kentville, on Thursday morning of last week, when Walter Dill, one of the best known locomotive engineers of the D. A. R., passed away at his home. He was about 45 years of age and had always enjoyed the best of health. On Friday last Mr. Dill relieved Driver Arthur Palmer, on the west bound express from Kentville to Yarmouth, and returned to Kentville as driver on the outgoing express on Saturday morning. On Monday morning Driver Dill was summoned to take out the morning train from Kentville to Halifax, and as he was preparing for breakfast he suddenly collapsed and passed away before anything could be done or medical aid summoned. The news of the very sudden passing of Driver Dill came as a distinct shock to hundreds of persons all along the line of the D. A. R. for he was much liked and admired by a host of acquaintances everywhere. Mr. Dill is survived by his widow and three children, also a wide circle of relatives and friends.

Handford Denton—The funeral of Handford Denton, of Westport, was held on Sunday afternoon, Rev. H. H. Chisholm, of the United Baptist Church, conducting the services. Mr. Denton passed away at the Yarmouth Hospital, on Friday morning, after being there for medical treatment less than a week. He was 73 years of age.

The Summer Hotel Season Has Commenced

The local summer hotels are opening up for the season, and already tourists are commencing to arrive in Digby and the surrounding resorts. Fishing parties have been coming to Bear River and Weymouth practically ever since the trout season opened, while the first tourists for the season, a party of four, the Misses Jackson and the Misses Page, arrived at Hillcote Farm by bus, on Tuesday. The Sea Breeze Hotel, at Deep Brook, has been open since the 27th of last month. American license plates are becoming quite common on the Digby streets, and, in spite of the present depression in the United States and Canadian cities, Digby has every prospect for a good tourist season. Hotel bookings are good—in fact, some of the hotels are booked up better than they were this time last year.

The per capita consumption of tea in Nova Scotia is among the highest in the world. The quality always found in Morse's Tea has no doubt contributed largely to this high consumption record.

The road to North Range, along the "ridge" is undergoing extensive repairs at the present time.

Picnic At Porter's Lake

The C. I. C. Class of girls of the United Sunday School, gave a picnic to the Soangetahna Class of that School on Wednesday afternoon. There were about thirty of the young people present, and they were driven out to Porter's Lake where they spent the afternoon. They wish especially to thank Joseph Snow and Howard Watkins for so kindly offering their cars and their services.

Rev. Dr. VanAllen's Condition Grave

Physicians reported no change in the condition of Rev. William H. VanAllen, of Boston, a patient at Schwabinger Hospital, in Munich, Bavaria.

He was stricken with paralysis at Florence, Italy, fifteen months ago, but last April he thought he was strong enough to go to Munich to consult specialists. He had a relapse on the way and was taken to the hospital. Physicians say his condition is grave, but he has a chance for recovery.

Dr. VanAllen is a well known summer visitor to Digby and Smith's Cove.

Nova Scotian Meets Death

Word has been received here that Miss Dorothy Abbott, daughter of Mr. and Mrs. Harry Abbott, of Bridgetown, had been killed in a motor accident in Los Angeles, California. Miss Abbott was a trained nurse. Her mother and sister only returned home three weeks ago after spending the winter with the deceased lady in California. Lyman Abbott, of the Bank of Nova Scotia staff here, is a brother.

Baptist C. G. I. T. Picnic

The Watch Tower, C. G. I. T. group, of the United Baptist Church, went picnicking at Smith's Cove on Wednesday. Fourteen of the girls with their leader, Mrs. H. T. Warpe, went up on the morning train. They had dinner at Mrs. Sarah Cossaboon's and spent the afternoon exploring the Harbor View cabins and roaming around the point and through the woods. After supper they were driven home in cars offered for the occasion.

Oddfellows Entertain Grand Officers

A special meeting of the Oddfellows of this district, comprising St. George Lodge, Digby; Friendship Lodge, Bear River, and St. Thomas Lodge, Weymouth, was held in the local lodge rooms, on Monday evening, for the purpose of meeting the Grand Master and Deputy Grand Master, who were visiting this district officially. There was a fair attendance. The addresses of the visiting officers were very instructive and interesting.

War Vets Celebrate the Holiday.

The members of the Digby Branch of the Canadian Legion, with the members of other branches in Digby and Annapolis Counties, met at Annapolis Royal on Wednesday, where they took part in a base ball game. In the evening they went to the Colonial Arms, Deep Brook, where about one hundred of them sat down to supper, and spent the evening.

George F. Nason, of Brockton, Mass., is again with the Yates Studio for the summer. He first came to work here twenty years ago, and remained several seasons, taking an active part in Digby sport circles, being manager of the Hockey Team and coach of the Baseball Team. For several years he has been employed at the Rand Studio in Brockton. Many friends will be glad to see his genial face again.

CENTREVILLE

W. D. Morton, of the firm of Marden & Wilde, Boston, accompanied by Mrs. Morton and their daughters, Mrs. Weedon and Miss Barbara, arrived last week from Boston, and are guests of C. R. and Mrs. Morton. Mr. and Mrs. W. D. Morton will motor to Halifax and North Sydney before returning to the United States next week.

Mr. and Mrs. J. Ambrose Morehouse came via Yarmouth, from Boston, on Friday, and motored to Sandy Cove, where they have opened their summer home. They were accompanied from Yarmouth by Mr. and Mrs. Clarke Congdon, of South Ohio, who will spend a week at Sandy Cove, guests of Mr. and Mrs. Morehouse.

HELPING CRIPPLE CHILDREN

Probably no one type of human frailties carries such a strong appeal to the healthy individual of all sexes and ages, as does the cause of the Cripple Child. Hard indeed, must be the heart which does not open to the appeal for relief.

It may be a surprise to many that there are a great number of needy cases in the province which must go without treatment, unless the sympathetic support of friends of these unfortunate little ones be secured.

The efforts of the Nova Scotia Society for Cripple Children in its desire to co-ordinate and co-operate with every Society and Organization doing work of this nature is worthy of warmest commendation.

When one sees the wonderful transformations which are being brought about and allows their imagination to carry their thought to the still greater achievements which are sure to follow a more complete survey and enrollment of the cases many will be glad to take advantage of the privilege of becoming a member of the provincial organization and so assist in carrying on.

It is now apparent if the problem is to be effectively dealt with there must be full information about the children. Their number where they live—and what they need. The survey proposed will disclose the necessity for help such as can only be given by orthopedic surgeons, together with clinics and hospitals and full recognition given to existing resources.

To do such work requires money, but in order that every one may have a part, memberships are placed at "One Dollar" upwards, the higher the sum the greater the number of kiddies that can be helped. Schools and teachers are showing their interest, classes uniting to secure membership, entertainments given, the renewal of cards being given to help. Membership cards will be sent to every subscriber.

Various lodges, clubs and societies are manifesting interest in what is now being attempted. Organizations have come to recognize that they can live and grow, only through service.

If you desire an investment safe and one which guarantees big dividends in boys and girls given a chance to become what the Great Father of all intended them to be, come, here is your opportunity, in children found, enrolled, treated, and educated, converting liabilities into living assets.

The Modest Tulip
And Its History

The National Review says: Now that Spring is here and Canadian gardens are donning their gaily colored dresses, it is timely to recall some of the exciting history of the modest tulip, which became the storm centre of a financial crisis of Europe.

It is recorded in an interesting article which came to the editor recently, that the tulip was first brought into Europe late in the sixteenth century from Constantinople by Counsellor Herwaert, of Augsburg, Bavaria. These beautiful specimens quickly caught the fancy of the gardeners of Amsterdam, and from there interest spread to all the surrounding countries. This was about the year 1600. As the demand increased, prices rose. Every person of wealth wished to have some rare tulips to display; it became a badge of good form. People of modest means aspired to a tulip bed, and finally the very poor. By 1634 what is known in history as the "tulip craze" was in full swing, and for three years it raged across Europe.

The best known varieties were listed at large sums; a single bulb of the Admiral Liepink sold for 4,400 florins, the Admiral Van der Eyck sold for 1,260 florins, a Childer for 1,615 florins, a Victory for 1,000 florins, while the most precious of all, the Semper Augustus, easily brought 5,500 florins.

As a competition amongst collectors and traders increased, speculators joined in. Soon tulip prices were listed on the stock exchange and the public rushed in. As one writer put it, "Nobles, citizens, farmers, mechanics, seamen, servants of both sexes, even the poorest, dabbled in tulips." Houses were mortgaged, valuable property was exchanged for a handful of bulbs. One trader in the Netherlands is known to have given half of his fortune for a single bulb, while another man paid 100,000 florins for 40 bulbs.

THY GREAT BOUNTY

Because I have been given much,
I, too, shall give.
Because of Thy great bounty, Lord,
Each day I live
I shall divide gifts from Thee
With every brother that I see
Who has the need of help from me.

Because I have been sheltered, fed,
By Thy good care,
I cannot see another's lack
And I not share
My glowing fire, my loaf of bread,
My roof's safe shelter cheerfully
That he, too, may be comforted.

Because love, too, has been lavished so
Upon me, Lord,
A wealth I know that was not meant
For me to hoard,
I shall give love to those in need,
The cold and hungry and the aged,
Thus shall I show my thanks indeed.

Because I have been blessed with
A wealth I know that was not meant
For me to hoard,
I shall give love to those in need,
The cold and hungry and the aged,
Thus shall I show my thanks indeed.

Because I have been blessed with
A wealth I know that was not meant
For me to hoard,
I shall give love to those in need,
The cold and hungry and the aged,
Thus shall I show my thanks indeed.

Because I have been blessed with
A wealth I know that was not meant
For me to hoard,
I shall give love to those in need,
The cold and hungry and the aged,
Thus shall I show my thanks indeed.

WEYMOUTH HAS AN ESPECIALLY APPEAL FOR U. S. VISITORS

(The Halifax Mail, May 20, 1931)
Weymouth. When we see the name of the little village in print, we feel it renews a sweet memory of some little incident which is only a token of the typical warm hospitality of the village itself. One can scarcely believe the attraction Weymouth holds for the visitor who comes "our way" each year. As you approach us coming along the pretty St. Mary's Bay to the mouth of the River Sissibou, named for us so long ago by the Indians meaning "Three Crows" you behold a sight that can truly only be compared to Switzerland. Its hills, valleys, lakes, trees and cozy cottages abounding in a homelike hospitable atmosphere is what so strikes to the heart of the newcomer. No other little village in our province can exceed us in true friendship for our friends across the border—always and ever welcome.

Our river, lakes and streams afford sport for the fishermen—our travelling facilities are comfortable, and to mention our roads where you can speed along at forty-five in comfort. Many pretty drives are features of the little village—a radius of twenty miles of beautiful scenery—free camping sites—lodges and camps where you can be entertained by a competent guide, and excellent hotel accommodation at the "Goodwin Hotel". Many private homes too are ready and willing to take you in should the hotel be filled. Beautiful hooked rugs are sold reasonably. In many homes you will find the popular "antique" furniture, not to question the wholesomeness of your diet raised on our farms. Bus service is obtainable at your call and in Weymouth you are endangered by this mode of travel. Come and tour our country and you will want to come again next year.

SPRING IN THE COUNTRY

The fairest time of all the year, Of which all birds should sing; Is just the present time of year, The reign of "Miss Spring".

Go where you will, o'er vale or hill, In country districts wide, And there behold the handiwork, The art of Nature's pride.

In early spring the brooks will sing, Of their conquests at last, Of how they've broken winter's chains Off in the distant past.

Then slowly, very slow at last, But faster, faster now, The first green blades must appear On every green-leaved bough.

But swift and fast the days go by, And summer comes once more, While the first of June is near, As in the days of yore,—Leander Orman MacDormand.

District Division Held Annual Meeting

The L. W. Elliott District Division of the Southern Division, composed of delegates from the subordinate divisions of Digby and Annapolis Counties—met in annual session at Bear River, on Tuesday, May 26th. There was a large attendance. J. J. Wallis, of Digby, was in the chair.

Verbal reports were presented by the D. W. P. and D. W. P. encouraging reports were received from representatives of the following divisions: Clarence, Bear River, Smith's Cove, Granville Centre, Granville Ferry and Bridgetown. No reports were received from Paradise, Belle Isle, Acadia, Victoria Beach, later a report came from Southern Division. All divisions reporting showed an increase in membership. At this time 31 members were initiated into the Division.

The election of officers resulted as follows:
D. W. P.—Rev. A. A. MacLeod, Bear River.
D. W. A.—Susan Troop, Granville Centre.
D. R. S.—R. Harris, Bear River.
D. T. J. N. Wade, Granville Centre.
D. Chap.—Dorothy Wood, Granville Ferry.
D. Con.—W. J. Archibald, Bridgetown.
D. A. C.—Emily Newcomb, Bridgetown.
D. I. G.—Harry Bent, Granville Centre.
D. P.—Frances J. Austin, Smith's Cove.
P. D. W. P.—J. J. Wallis, Digby.

Rev. J. W. Hughes, the field secretary, addressed the meeting. He brought greetings from the Grand Executive, and said that he was living in a particularly trying time. There is a spirit of challenge in the world today. Because of this we need a spirit of loyalty in the members of the Order, to the cause which we hold dear. There is a certain slackness which should be removed. Our interests should be concentrated on our work. We believe in co-operating with other organizations with the same aims but our own beloved order should come first. Mr. Hughes read a statement of conditions and policy of the Grand Division, which was adopted by this District Division. He clearly answered all questions from the floor, and showed his gracious and statesmanlike handling of the problems that he was so right man in the right place.

The report of the Committee on the State of the Order was read and adopted. Discussion of the report was general. A District Division picnic was suggested. Older members of the Order should attend the meetings of the local divisions more regularly.

The following resolution growing out of this discussion, was adopted: "Resolved, that this L. W. Elliott District Division ask the Grand Division to take immediate steps towards the uniting of the total abstinence and prohibition societies of the province, with a view to securing co-operative action against the liquor evil."

After discussion and certain suggestions being embodied in the resolution as originally proposed, the final resolution as quoted above was unanimously adopted.

Further resolutions were passed, opposing the establishment of a distillery at Berwick, or elsewhere in our province; opposing the use of

WHO'S WHO

Ernest Rhoades

ATTENDING to the multitude of intricate details necessarily connected with world-wide organization in which agricultural Canada is vitally interested has become a habit with Mr. Ernest Rhoades, the Secretary of the World's Grain Exhibition and Conference to be held at Regina in 1932.

In 1924 he was in charge of the Dominion live stock branch exhibit at Wembley, England, and one of the two Canadian delegates to the second World's Poultry Congress at Barcelona, Spain. Mr. Rhoades was Secretary of the World's Poultry Congress held at Ottawa in 1927. He is now secretary of the world-wide grain show of 1932, and brings to bear upon his work not only secretarial experience in connection with this class of exhibitions but also fifteen years' experience in the Federal Department of Agriculture. For three years Mr. Rhoades was assistant agricultural editor of the Family Herald and Weekly Star.

In his work in the Federal Department of Agriculture Mr. Rhoades was assistant chief of the poultry division and included in his journalistic experience has been the editorship of the publications branch of the Federal Department of Agriculture.

Mr. Rhoades was born in Lincoln, England, in 1885, where he received his early education. After coming to Canada he graduated from Macdonald College, McGill, with a B.S.A. degree.

Rotary, the Regina Board of Trade and the Canadian Society of Technical Agriculturalists know him as an active member.

ASHMORE

Victor Prime visited his mother, Mrs. Flora Prime, in Danvers, one day recently.

Edna Marshall, of Brookline, Mass., is visiting her parents, Mr. and Mrs. Elvin Marshall.

Mr. and Mrs. Enslay Prime, also daughter, Marjorie, and son, Cecil, arrived home from Wolfville Friday, for the summer months.

Glady's Marshall arrived home from Wolfville on Friday for her vacation.

Byron Manzer is visiting his parents, Mr. and Mrs. Fred Manzer.

Mr. and Mrs. Elvin Marshall are on Friday evening, the occasion being a party for their daughter, Glady's.

Rebecca Marshall entertained her little friends at her birthday party Saturday afternoon. She received many gifts, and the stage remained empty while the Wanders Morning Song, sustained by a gradual crescendo, burst at last into the full harmony that belokened day. At this point the young graduate made her appearance and in well-strained vibrant notes took up the solemn strain, "Let us live to this day, yesterday is but a dream, tomorrow a vision; yet this day well lived will make every yesterday a dream of happiness, every tomorrow a vision of hope." Following on this dignified opening came the bright "Alleluia" from the Mozart motet "Exultate Jubilate," which with organ accompaniment was rich and full.

Then came the song of the Coquette, from "Carmen," "L'Amour est un Oiseau Rebelle," full of life and spirit. In this selection the quality of the accompanist is shown by Miss Marguerite McNeill, B. M., has both lightness and firmness in her touch which the selection from "Carmen" displayed to advantage. Indeed, her perfect interpretation

the provincial cost of arms on the liquor stores, and calling on the government to have them removed; approving the action of the federal government in re-affirming the prohibition of the export of liquor to the United States, and commending this action; and one asking that the liquor control act be amended to do justice to those communities which have voted against government control.

Mr. Hughes outlined the plan of the Extension Fund Committee to issue bonds which are to be sold to the members, for this fund. The district approved the plan.

The officers were installed by the retiring D. W. P., J. J. Wallis, and the new officers took over the division.

Further resolutions were passed as follows: one expressing thanks to Seymour Division for their kind entertainment and the use of their hall; one of thanks to J. J. Wallis and the retiring executive for faithful service rendered; one expressing appreciation for the visit of Rev. J. W. Hughes, and pledging him the support of the District Division in his work; one that the matter of the temperance picnic be left in the hands of the executive with instructions that they make arrangements for it.

Rev. C. P. Henderson, of Bear River, was recommended to the G. W. P. as District Deputy for this jurisdiction.

Following the afternoon session a most delicious supper was served in the hall by the sisters of Seymour Division, to which ample justice was done by the large number of members present.

A public meeting was held at 8 p. m. P. D. W. P., J. J. Wallis, presiding. The hall was filled to overflowing by an appreciative audience. Stirling temperance addresses were given by Rev. T. E. Maclellan, of the United Church, the Rev. C. P. Henderson, of the Anglican Church, Bear River; and the Field Secretary, Rev. J. W. Hughes. In addition the addresses a splendid programme of music and readings was rendered by the local division.

MINARD'S

"KING OF PAIN"

LINIMENT

throughout the programme was a complementary part of the afternoon's success. Miss Mary Montague gave great pleasure by her two beautiful violin selections: Love Scene (Miesch) and "Songs My Mother Taught Me" (Dvorak). Following this, Miss Melanson appeared in shepherdess costume and sang three charming numbers, "One Spring Morning" (Nevin) Chanson de Florian (Godard) and Staccato Polka (Muller). The first of these had an orchestral accompaniment; all three were dainty and sprightly. "Un bel di Vedremo" from "Madame Butterfly" with its haunting melody and poignant appeal was a beautiful contrast to the lighter group of songs and was very well rendered.

Following it came "The Wren" (Benedict) in which the high flute-like passages were sustained only by the exquisite tones of a single violin. This was, perhaps, the most difficult number on the programme and as such, won hearty applause. The interval between this and the Italian waltz song "Parla" was filled by two piano numbers by Miss McNeill, the Caprice from "Alceste" (arranged by Saint-Saens from Gluck) and the beautiful, fantastic "Danse d'Olaï" which Miss McNeill interpreted with a lightness and a nimbleness suggestive of the Fairy King and the Fireflies. Perhaps the biggest hit of

the afternoon was Miss Melanson's accompaniment of herself in Denmore's "Spring Fancy". The close of this exquisite programme was the "Ave Maria" set to Massenet's melody from Cavalleria Rusticana and sung with orchestral accompaniment. Floral gifts in abundance showed the appreciation of the audience, and the parents of the gifted young graduate received congratulations on all sides.

ANGLICAN CHURCHES "GET TOGETHER"

The "Get Together" of the men of St. Peter's and St. Thomas' Anglican Churches, held in the Guild Hall, Weymouth, N.S., on Wednesday evening, surpassed all expectations. The men of both churches turned out nearly 100% strong and the hall was filled to capacity. The evening took the form of an informal dinner with entertainment. The Rev. L. W. Mosher acted as chairman and delivered a helpful address on "The Investment of Influence", tracing the History of Influence through the various stages of man's existence. As regards the church, the speaker showed the influence not only of churchmen as a whole, but also of the individual churchman. Mr. Mosher spoke of the position in

which churchmen found themselves in that glorious heritage handed down by our forefathers, and what demands of those who are members of the Anglican Communion. The following numbers added to the success of the evening: Accordion Solo—Alex. Lombard. Reading—Cyril Brittain. Trio—Major Glidden Campbell, C. C. Nicholl, Rev. L. W. Mosher. Humorous Reading—Rev. L. W. Mosher. Comic Song, "Jonah and the Whale"—Fred Brittain. Comic Song, "What's Become of My Tin Hat"—Mr. Mosher. Between smokes the men enjoyed group singing of some well known songs, especially war songs. Refreshments were served by Cal Nicholl and Glidden Campbell. At the close of the meeting the men made plans for the formation of a Men's Club early in September.

R. Y. P. U. CHURCH SERVICE

The annual church service of the Baptist Young People's Union was held last Sunday evening, in the Bear River United Baptist church. A large number of the young people attended. Don. MacDormand, president of the Senior, presided, and offered the invocation prayer. A large choir of young people led the singing. Evelyn Rice, president of the Juniors, conducted the responsive reading. Hazel Oickle and Laila Robar offered prayers. Marion MacLeod and Rosaline Warren sang a duet. Evelyn Read and Aylne Coombs sang a duet. Lyman Warren read the Scripture lesson. Marguerite Baird played a violin solo, accompanied by Louise Harris. The pastor spoke on the topic, "Who Owns You?" Are you owned by material things, pleasure, habits and appetites, or do you own and control these things? In reality God owns you by right of creation and by right of purchase. "The devil says, 'if you follow your selfish inclinations you will be happy.' He lies. He goes further and says, 'if you follow me you will have a much better time of it.' He thus steals you from God. Later you come to realize you have been following a liar and a thief. Why wait until that time comes? Give Christ your life tonight. 'You are not your own—you have been bought with a price; you belong to God.'"

A Private Income of \$100 a month for Life

... from age 55!

\$100 A MONTH if in good health

Just picture it—At 55, while still well and vigorous, to come into a private income (over and above other revenues), guaranteed for the rest of your life, of \$100 a month.

You simply make yearly or half-yearly deposits of an agreed amount for a specified period, at the end of which you begin to receive a monthly income for life.

\$100 A MONTH if in ill health

That's only part of the story—If, meanwhile, through sickness or accident, you should become totally disabled, you cease paying premiums and receive \$100 a month during such disability. At age 55, the regular income of \$100 a month, unimpaired, comes into effect.

\$10,000 CASH in case of death

Look how your family is protected—Should you die at any time before reaching 55, your family receives \$10,000.

Fill in and forward this form (which involves you in no obligation) and exact figures suited to your individual need will be sent you.

AIR TANK BLAST KILLS TWO MEN AT METEGHAN

Hurled through the air and flung violently against the sides of the engine-room of the Meteghan Shipbuilding Company, Limited, Meteghan, while falling timbers crashed about them as a terrific blast rocked the building late Thursday afternoon of last week. Fred Deveau, 46, and Richard Dugas, 35, were killed, while the structure and engine in the plant were wrecked.

Rene Comeau, who was working a machine in the mill immediately adjoining the seat of the fatal explosion, was thrown a considerable distance in the blast which came suddenly and without warning as a large air tank burst, while the concussion was plainly felt over a wide area. Beyond shock and a rather severe skaling up Comeau escaped serious injury.

Accidental deaths, with no blame attached to the company, was the verdict of the coroner's jury, which probed the fatal explosion. Badly mangled and fractured practically from head to foot, the bodies of the two victims, engineer and assistant in the mill, were removed from the wreckage while Dr. Belliveau, of Meteghan, and Dr. A. Campbell, of Yarmouth, called to the scene, gave medical aid, but owing to the extent of the injuries nothing could be done, and they passed away within a few minutes of each other at 7.15 o'clock. That night, three hours after the blast, and without regaining consciousness. While no cause for the explosion was advanced at the inquest, presided over by Coroner Armand Comeau, it was the opinion of the jury that the deaths were accidental and no blame was attached to the company.

Following is the personnel of the jury: Henry Doucet, foreman; Willie Robicheau, C. Doucet, C. F. Robichaud, Willie LeBlanc, John Robicheau, Willie Robicheau, Louis Robicheau, John Deveau.

Fred Deveau is survived by his wife, five children, six brothers and a sister, while Dugas, who was unmarried, leaves an aunt with whom he resided.

The open season for the export of Clams commenced June 1st this year.

Annual value of forests products in Canada is placed around \$600,000,000 by the Canadian Government Forestry Service, and over 200,000 persons are employed in this work.

Total value of crude bullion gold in Ontario for the first two months of 1931 is placed at \$4,254,354 as compared with \$3,552,395 for the same period of 1930, an increase of nearly 20%. If this continues all previous records of gold output are likely to be exceeded this year.

Position of president of the Boy Scouts Association of Canada has been offered to and accepted by E. W. Beatty, chairman and president of the Canadian Pacific Railway, whose interest in boy welfare has long been recognized all over the Dominion.

John Minard, section hand with the Canadian Pacific Railway for many years and pensioned at age of 73, celebrated his 105th birthday April 2. He does not use glasses, eats well, does not use any life. He has no prescriptions for exceeding the century mark.

Sponsored by the Alberta Motorcycle Association, the Western Canada Motorcycle hill-climbing championships will be held at Banff in the Canadian Rockies on May 24 and will be followed the next day by the Banff annual regatta.

A shipment of \$80,000 salmon eggs has recently been forwarded to the Dominion Fish Hatchery at Flat Lands, Redoubt County to receive treatment prior to being deposited in the Nisqually River as a part of the 1931 programme for restocking New Brunswick fishing waters.

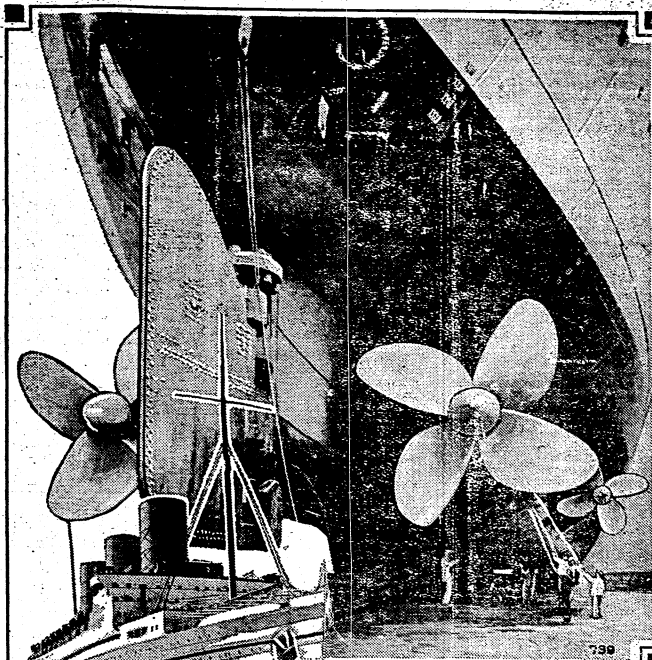

Canadians, from coast to coast, heard the voice of their Governor-General and Rt. Hon. R. B. Bennett, prime minister of the Dominion, May 11, in endorsement of the work of the Canadian Red Cross through stations linked by the radio broadcast transmission system of the Canadian Pacific Railway Company's telegraphs.

In the last analysis the railroad safety movement's success is traced largely to teamwork. Each railroad worker is constantly reminded that safety is paramount. Safety practices have become habitual, therefore they do not lessen efficiency. Railroad passenger service is now more efficient as well as safer than ever before, says a prominent United States newspaper.

The new 6 1/2 hour service between Montreal and Toronto, both ways, which came into operation on Canada Pacific lines end of April, has proved highly popular with travellers, and heavy traffic on these trains is reported. Ottawa has also been brought half an hour closer to Montreal and passengers for Quebec have had 15 minutes clipped from the time of the journey.

Popularity of the reduced weekend fares which went into effect May 1 on all Canadian Pacific lines was assured from the start, according to reports from traffic officials of the railway. They represent a saving of approximately 33% to the travelling public with reduced fares available from noon Friday noon Sunday and return portions up to midnight of the Monday following (14)

Drive 42,500 Tons at 25 1/2 Knots

The largest cast bronze propellers in the world are seen above in this unique view of the after end of the new 42,500 ton Canadian Pacific Liner Empress of Britain. These huge screws, the two larger ones each weighing 25 tons, and the smaller pair 17 1/2 tons apiece proved their ability during recent trials to drive this new palatial ship through the water at a speed of 25 1/2 knots.

Another outstanding feature of the picture is the huge rudder, which weighs 67 tons. This huge helm had to be transported to the builders' yard on a specially constructed truck. It was preceded during the journey by a construction gang which removed telephone poles and other obstructions encountered on the English roads. Lower left is an inset of the Empress of Britain as she steamed over the measured mile at the fastest speed developed by a new British liner since the war.

The Empress of Britain sails from Southampton May 27th, and is due to reach Quebec five days later.

CLARE DISTRICT SPORTSMEN CONDUCT FIELD DAY

Three baseball games were played at Meteghan, on May 25. The Mil Meteghan, on Monday. The Mil Meteghan squad defeated "Les Acadiciens" of Church Point, 14 to 4. In the afternoon Freeport took a 13 to 11 decision from Meteghan River and in the final tussle of the day the Les Acadiciens came back strong to shut out Bear River ball-players, 8 to 0. Foot races were staged in connection with the field day programme, the summary being as follows: 100 yards, open, won by Lawrence Hubley, Freeport; second, Oth Smith; third, S. Haines; 50 yard dash, sixteen and under, won by Herbert Divine; 2nd, Clifford Smith; 3rd, Watson Peck; three-legged race, won by Hubley and Parker; 2nd, Smith and Divine; 2nd, Miss Margaret Robichaud, Meteghan Centre; 3rd, Miss A. Muise, Yarmouth; Teacher's race, won by Margaret Robichaud; 2nd, Ron Doucette; 3rd, Cecile Theriault; three-legged race, girls under 10, won by Antoinette Belliveau, Celeste Comeau.

Attracting a record number of people from the surrounding country, the Victoria Day programme left a lasting impression in the sports annals of the Clare district.

CAR DAMAGES HOUSE AT WEYMOUTH NORTH

A Chevrolet coupe, bearing the number plates 41-303, and which we understand is owned in Kentville, (the driver declined to give his name to your reporter) while driving to Yarmouth on Saturday afternoon, coming down the Church Hill at Weymouth North, at a high rate of speed, in endeavoring to pass another car, (which was also travelling at excessive speed), at the corner where the three roads meet, was unable to make the turn, to go up Cosman Hill toward Weymouth, and instead took the turn to the right, going around the river road. After going at least 120 feet from the spot where it was alleged to have been crowded from the road, the car suddenly left the road and dashed across a ditch and into the side of a house owned and occupied by Mrs. Jennie Gaudet, doing considerable damage to the house and completely demolishing a new bicycle, which belonged to her son, which was standing against the house. The bumper and mud guard of the car were smashed and other damage done so that it had to be towed to the Ford Garage, Weymouth, for repairs. The driver had his chin quite badly cut and sustained several other minor cuts. Mrs. Gaudet's son and several other boys had been sitting in front of the house in the exact spot where the car crashed into the house, and had moved less than five minutes before the accident. Had they been there at the time they would undoubtedly all have been killed, or at least very severely injured.

BAPTISMAL SERVICE AT PORT WADE

Many from Bear River and vicinity attended the Baptismal and Roll Call services of the Lower Grandville group, Baptist Church, which were held at Port Wade last Sunday. Rev. A. A. MacLeod, of Bear River, officiated at the service, presiding at the administering of the ordinance to three candidates: Rev. H. T. DeWolfe, D. D., of Acadia University, preached the roll call sermon, basing his thought on the text, "You are God's Fellow-Workers." Pastor Martin presided and a large congregation was present. A service was also held in the evening, at which Dr. DeWolfe again was the preacher. Many visitors were present, including Mr. and Mrs. Stanley Sullivan, Miss Melda Sullivan, Mrs. John Fleming, Mrs. Rev. Benson, Mr. and Mrs. A. MacLeod, and Rev. and Mrs. A. MacLeod, from Saint John, and Mrs. A. MacLeod, of North Range. Mr. and Mrs. Norman Marshall, and daughter, Margaret, from Kingston, and many others.

Surprise Party In The 'Gym'

The Live Wire C. G. I. T. group, of the United Church, gave a surprise birthday party to Margaret Hawksworth, at the 'gym', on Tuesday evening. The group, with their

leader, Mrs. Arnold, met as usual at the 'gym' to play basketball, after which, a lunch, a birthday cake and a lovely presentation appeared miraculously from everywhere, before the wondering eyes of Miss Hawksworth. They played more games and everybody voted it a most enjoyable evening.

The lobstermen have pulled up their traps for the season, after two of the poorest seasons in years. We are informed that some of the fishermen in one Digby Neck village did not average 50 cents a day for three months' period. We trust that they will meet with better success in the shore fishery.

Three Bears and a Frenchman

"Three Bears and a Frenchman" may seem an unusual title for a newspaper article, but nevertheless this Frenchman was so closely associated with the little affair concerning the three bears that I feel obliged to relate them together.

Saturday, June 6th, Trueman Hamilton, of Bear River, accompanied by his son, Jack Hamilton, and cousin Award Robar, of Virginia East, proceeded toward Lake Tom Wallace to attend some bear traps which they had set out in that vicinity. While doing so the three met with rather an unusual experience, such as is frequently encountered in these parts. There were four traps in number, and each of the four had made a catch. Three of them contained medium sized bears, while the fourth held the unfortunate Frenchman.

As to the manner in which the man had stumbled into the trap, I am not fully acquainted, but apparently he had been fishing around the shores of the lake, and crossing an old trail was following it up for a short distance. His attention, attracted perhaps by the foul odor issuing from a small rock cavern on his left, he stopped. About the cavern had been placed some fragments of wood on two sides, making a neat pen, with one entrance at the front. The curious traveller, bent on investigation, stepped unobtrusively on a clear space of artificially laid ground. Instantly the steel trap concealed beneath, snapped, and held him fast. Unlike the bears, though, the Frenchman was not proving the forest alone, but had four or five companions, who immediately rescued him from his distressing plight.

Students' Christian Movement Convention Brought To Close

With representatives present from four colleges throughout the Maritime Provinces, the Eastern Students' Christian Movement convention of Nova Scotia, New Brunswick and Prince Edward Island was brought to a close on Thursday of last week, after a week of profitable meetings. Nearly fifty students were in attendance at the gatherings held at the Sea Breeze Hotel, at Deep Brook, which were held for the fourth year, and sessions were held every morning, afternoon and evening. Dalhousie, Acadia, Mount Allison and Prince of Wales, Charlottetown, were the institutions represented.

Murray G. Brooks, Secretary of the Students' Christian Movement in Canada; Mrs. Jean Hutchinson, Women's Secretary, University of Toronto; and Rev. J. W. A. Nicholson, of Prince Edward Island, were the leaders of the convention and each morning the delegates, divided into groups, gathered for a discussion of current problems. Later on in the morning general meetings were held and addresses were given by Rev. J. S. Thompson, of Pine Hill Divinity Hall; Prof. H. L. Stewart, of Dalhousie; Hugh Martin, of England, Secretary-Treasurer of the World's Christian Student Federation; and Max Yergan, an African missionary.

The afternoons at the convention were devoted to sport and the evenings were marked by other general meetings and sing songs.

Mr. A. O. L. Cameron, Remington Typewriters Limited, will be in Digby on Tuesday, June 16th. He will be glad to call on anyone wishing information regarding Typewriters, Adding Machines, Piling Cabinets, Mimeographs and Safes. Please leave message at the Waverly Hotel, and he will call.

WHO'S WHO

(By Gee)

Dr. J. H. Grisdale

DR. J. H. GRISDALE, B.Agr., D.S.C.A., Deputy Minister of Agriculture for Canada, is chairman of the Conference and Programme Committee of the World's Grain Exhibition and Conference and in this capacity is charged with one of the most important phases of the 1932 world-wide event.

Born at St. Marthe, Quebec, in 1870, the son of farming parents, Dr. Grisdale entered the Ontario Agricultural College at Guelph in 1896, and was an under-graduate student until 1902. He completed his studies at the Iowa State College and graduated in 1898 as a Bachelor of Agriculture.

Returning to Canada in 1899, Dr. Grisdale was given charge of the important position of agriculturalist at the Central Experimental Farm at Ottawa. In 1911 he became director of the Dominion Experimental Farms.

Practical knowledge of farming, technical training and a keenly analytical mind are the qualifications that make Dr. Grisdale the logical head of the Federal department experimental farm branch, the largest system in the world devoted to agricultural practice, investigations and research. While Director Dr. Grisdale was called upon to act as Dominion field husbandman from 1911 to 1929 and Dominion botanist from 1917 to 1919.

In 1919, when the position of Deputy Minister of Agriculture for Canada became vacant, Dr. Grisdale was appointed and he has held this position since that time, as well as having been acting commissioner of agriculture.

Dr. Grisdale acted as advisor to the Canadian Government in London, England, in 1922, conferring with the British Ministry of Agriculture regarding regulations incidental to the lifting of the cattle embargo, also as agricultural advisor to the Canadian delegation at the 1923 and 1928 Imperial Conference in England. In 1927 Dr. Grisdale headed the Canadian delegation to the Imperial Research Conference in London, and in 1929 represented the Canadian Government on the Imperial Agricultural Bureau Research Council. He is a member of the Canadian Research Council and joint chairman of the council's committee on tuberculosis, as well as of a committee appointed to study the important question of cereal rust. Dr. Grisdale is a Fellow of the American Association for the Advancement of Science, of the American Genetic Association and of the Canadian Society of Technical Agriculturalists.

TALK OF THE TOWN

Lakeside Inn, at Yarmouth, opens on Tuesday next.

England is again buying Canadian butter, an order for 20,725 pounds having been shipped. Last year none was exported.

Deacon Barton, of Acadiaville, will be in charge of the service in the Salvation Army on Sunday evening at 7.30 o'clock.

The Zelma Rebekah Lodge will hold a Public Quilting Tea on Monday next. Supper at 6 o'clock. Admission 35 cents.

The 1931 convention of the Dominion Commercial Travellers' Association will be held in Halifax, from July 20th to 22nd.

The term schooner, M. J. Taylor of Parrsboro, well known in Digby, which has been laid up at her home port for some time, is to be sold.

On Saturday, June 20th, the Salvation Army will hold their Home League Sale of Fancy Work and Home Cooking. Keep the date in mind.

That portion of Water Street which has been cut off on account of the construction of the new sewer, was receiving a top dressing of gravel yesterday.

M. C. Burns, of Yarmouth, has bought out W. H. Farnham's vulcanizing plant on Main Street, and is now open for business. See ad. in another column.

The schooner Arwana, Capt. Lewis, arrived from St. John last week with a general cargo for H. T. Warne, and sailed again for Port Lorne with a cargo of lumber.

Mackerel jumped from 5 cents to 13 cents per pound on the Boston market on Tuesday—the highest price in 10 years. The Yarmouth shippers are reaping a harvest.

It is announced that the annual Martins Winter Fair, at Amherst, will be opened this year on November 6th, and will run until November 12. The prize list is to be increased by \$300.

Tenders are being called for the erection of an artificial ice arena in Saint John which will also be used by the local exhibition as an adjunct for display purposes during fair time.

Middleton's First-of-July Celebration this year is to be better and bigger than ever. School Field sports will be an added feature, which promises to prove a strong attraction.

The Hospital Sewing Circle was entertained on Wednesday afternoon at the home of Mrs. H. T. Warne. No circle will be held next week, the meetings being resumed the following week.

Mackerel have been more plentiful than for years on the Yarmouth coast. The traps have been so full it has been impossible to take all the fish and hundreds of barrels have been released.

At the cheese auction in Saint John on Wednesday, 11 cents a pound was obtained for twins and 11½ cents for triplets. In all 81 boxes of twins and 599 boxes of triplets were offered.

Despite the new duty and increased Sales Tax, the price of Moore's Standard Tea (Red Label) remains at 8c. per pound, and the Selected Orange Pekoe at 80c. per pound. And the quality is guaranteed to be absolutely the same as you have enjoyed for many years.

Digby Motors Moves Into New Garage

Digby Motors, this week moved into their spacious new office and garage, in the re-modelled and enlarged Universal Garage, which was purchased by Mr. Eisener some years ago. The new premises are spacious, airy and light, and provide ample room for all the various activities of the business. Entering the front door, in the centre of the building, the first door on the right leads into Mr. Eisener's private office, a beautiful room, tastefully furnished as befits a modern executive's office. Immediately in the rear of this is the main business office, with standing desk, stationery and filing cabinets, etc., then comes a spacious stock room equipped with numerous shelves and lines for all the hundreds of parts which go to make up the modern motor car.

On the left, as one enters the front door, is the very attractive show room, with room for four cars. Here a lighted and tastefully decorated, it makes a beautiful setting for the cars handled by the Digby Motors. The garage proper is a spacious room with storage capacity for about sixty cars.

In the rear of the garage is the machine and repair shop. Here a number of men are employed in re-conditioning and repairing cars, and they handle any make or model of car.

The building is a credit to the town and Mr. Eisener is to be heartily congratulated on his enterprise.

Hold Procession of Corpus Christi

The Procession of the Most Holy Sacrament, commonly called Corpus Christi, was made at Salmon River, on Sunday afternoon, after Vespers. Three beautiful shrines or way altars had been erected along the way. The Sacred Host was carried by the Rev. Father A. Mallett. The order of the procession was, first, the cross with two acolytes; altar boys; members of the Sodality of the Children of Mary; ladies of the S. S. A. A. members of the mutual societies; Assumptionists and the Artisans; ladies not belonging to societies; flower girls; celerant; the Sacred Host; members of the choir; men not belonging to the societies.

Building permits issued in Halifax during the month of April ran to nearly a million and a half, or \$1,496,420 to be exact. This compares with \$220,485 in March and \$616,420 in April, 1930, according to the monthly report of the Dominion Bureau of Statistics.

PROVINCIAL PRINTERS

(Annapolis Royal Spectator)

In the Province of Nova Scotia the majority of the incorporated towns are each blessed with a printing office, most of which produce a weekly paper as well. There is one each in Liverpool, Bridgewater, Caledonia, Shelburne, Digby, Annapolis Royal, Bridgetown, Middleton, Berwick, Kentville, Wolfville, Springhill, Oxford, Pictou, Antigonish, Arichat and North Sydney. The larger towns like Yarmouth, Windsor and Lunenburg have each two, while in each of what we call the big towns: Truro, Amherst, New Glasgow and Glace Bay, there is a daily in addition to a semi-weekly. This besides the dailies in the cities of Halifax and Sydney. The weeklies in the small towns are for the most part individually owned because a company could not expect worth-while dividends from them and the editors would not be able to earn a living if they were not able to take off their coats and do all sorts of mechanical work in addition to editorial and business management. Nevertheless each printing plant represents an investment of some thousands of dollars and affords permanent employment to four or five hands. It may be that these hands do not get city wages, but they receive permanent employment because it is not possible in a small town to lay off a skilled workman when work is dull and get another when there is a rush. The same crew is therefore continuing, the office pays also taxes, insurance, and all other local charges and is quite a considerable asset to each town in which it is located. Take the seventeen small town weekly publishers and their help altogether and it is likely that they will average up high as respectable and desirable citizens. It is true that these publishers may not be all young and aggressive men. If they were they would be in the city life, as some of them have been, but older ones make up in experience what they may lack in ability to work twenty-five hours a day, and it is safe to say that there are no more hard-working, painstaking, careful men in any walk of life than the same seventeen. Every paper has a circulation of two or three hundred copies among natives now in the United States and it will be found the opinion of such readers, who are the most competent and independent critics, that the work shown in their old home-town papers is simply marvellous. The only sources of revenue for these publishers are from subscriptions, advertising and job printing. It is a maxim of publishers that the subscriptions pay five per cent of paper and ink it is doing well. The advertising is of two kinds, that which is of local origin and what is known as national advertising, put out by large manufacturers to keep the advantages of their products, such as shredded wheat, flour, tea, stoves, medicines, etc., before the public. If a publisher is lucky, he can get enough advertising to pay wages. Where, then, does he make his living? From the job printing, and it is no unusual thing to see the boss in any small town office putting on an extra tie with his apron on that he may pull out another five dollar bill. Under these conditions it is not natural that any publisher should view as a bit unpatriotic to home-town industry the sending away of orders for printing and stationery by his own town merchants and their failure to appreciate the value of the advertising medium which the publisher has worked so long and faithfully to create.

CANADA AND BRAZIL

The Maritime Merchant notes that Eastern Canada today has an especial interest in the financial health of Brazil, and not as might be suspected because some of us are "long" on "Bra-

zilian" in the stock market. The reason is this. Brazil in normal times is the world's largest consumer of dried codfish and if her present financial trouble could be straightened out quickly, the result would be practically an immediate advance in dried codfish price. Incidentally the world's production of dried codfish promises to be less than the world's normal needs during the present year. Canada's trade with Brazil in dried codfish is a very old one; in fact, it started shortly after the capture of Quebec by the British in 1759, when the first of the Robin family came out from Jersey and established fishing stations along the Bay Chaleur, and it has been going on ever since. Canada's sales to Brazil, however, are not now as large as they once were. Other fish-producing countries have to a large extent pushed us out. Incidentally the Brazil market demands a particular class of fish, and not all that we produce in Canada is suitable for it. But if our exports of dried fish to Brazil are not as large as they were, we are still very much interested in the Brazil market for if the Brazil market is strong it means that countries which largely supply her, will not need to see markets elsewhere, whereas, if it is weak, those countries will very soon be competing with us in other markets. The poor returns we are receiving from our shipments of dried fish to the West Indies today, have been brought about by this competition; fish that Newfoundland and Europe would ordinarily sell in large part in Brazil, are today being sent to Port Rico, Cuba, and even the British Islands of the West Indies. We have heard it said that one reason why we do not sell more dried codfish to Brazil is because of lack of transportation facilities. This is not so. At the present time all our shipments are going forward by direct sailings from Canada to Santos and Rio, but in addition there is a steamship service from New York to those points, and it is just as much open to us as to any American shipper, as any one who has examined the manifests of outward cargoes by these New York steamers previous to the inauguration of direct sailings from Canada will agree.

UPHEAVALS IN OTHER LANDS

A writer in a Western paper says: Canada has much for which to be happy. Considering the troubles that have beset other countries, Canadians have enjoyed a period of tranquillity. Take a look at the world and observe how many countries have had internal strife, that could not be settled by elections or other peaceful means. In South America there are: Honduras: Revolutions. Nicaragua: Banditry and revolt. Panama: Revolt. Peru: Revolt. Uruguay: Political upheavals.

Brazil: Revolt. Argentina: Revolt. In Europe there are: Russia: Revolt and chaos. Germany: Fascist and Communist troubles. Austria: Political upheaval and riots. Italy: National reorganization.

Protugal: Armed revolt. Spain: Republic declared and king abdicates. Rumania: Carol comes back to establish himself as king. Bulgaria: Macedonians revolt. Turkey: Social structure of nation reorganized. Besides there are: China: Civil war and banditry. India: Nationalist uprisings. Egypt: Political troubles and riots.

After you read over that list you can congratulate yourself that Canadians are sensible enough to try and settle their economic and political troubles in an orderly way and not through bloodshed that brings on only strife and unrest.

AEROXON FLY CATCHER

Gets the fly every time

It will soon be time for the Scout Camping trip to Porter's Lake. Plans are now under way, which will make this year's trip a more successful one than ever before. The camp is to be run on a patrol system by which each patrol will keep together as a sort of separate body. This system is used in many of the larger camps, and has proved, on the whole, a great success. It is expected that Mr. Limbrey, Commissioner of Scouting for Nova Scotia, will visit the camp for a few days.

The meeting on Friday was of short duration. The most important business was settled in the Horseshoe.

After the Horseshoe the Troop marched to the theatre, where they attended the Forestry pictures. These proved very interesting and the talks given by the various speakers, were particularly instructive.

On Sunday the Troop together with the Wolf Cubs, attended the United Church, where they were attentive listeners to a fine sermon by the Rev. E. W. Forbes.

MEMORIAL DAY

A little patch of color on a lonely mound of green;
A little flag above him, very new and very green,
And the Maytime breezes blowing through the grasses soft and sweet,
And the little children wondering why the drums so slowly beat.

They've been told there was a soldier, in the days before they came,
Who marched away to battle when the world was all aflame,
For they've heard us talk about him, and they've often heard us sigh,
But they have no understanding of the reason soldiers die.

Only those who've lived a wartime, know its anguish and its pain,
And the anxious weeks of waiting and the tears that fall like rain,
Only those who've lost a soldier understand Memorial day
And the bitter cost of freedom which the brave go forth to pay.

Now the children follow with us to the grave with pretty flowers,
And we try to teach them something of the memory that's ours,
But sometime when they are older they may come to understand
'Twas for them he went to battle in a far-off foreign land.

DOWN IN NOVA SCOTIA

Down in Nova Scotia
When the trees are blooming white
And all the brooks are running free
And moonlight is the night,
The air is scented sweetly
With the fragrance of the bloom,
Then, I'm satisfied completely
That Scotia is my home.

Down in Nova Scotia,
When the signs of Spring appear
All the flowers are budding new
And songs of birds we hear,
Which echo out so sweetly
And so softly in the tone,
Then I'm satisfied completely
That Scotia is my home.

Queer things sometimes get into print because human beings all make mistakes. Now and then a linotype operator blunders or a reporter writes copy carelessly, etc., etc. Here are a few of the "best bits" in such errors.

"Touches live wife; man hurled 35 feet".
"Wanted—Saleslady. Must be respectable until after Christmas".

"For rent. Lovely furnished room in private family with bath on the car line".

"Experienced sales people wanted. Male or female. No others need apply".

"The ladies of this church have cast off clothing of all kinds. They may be seen in the basement of the church any afternoon this week".

"For sale—A folding bed by a lady that shuts up and looks like a piano".

Gyproc Says "KEEP OUT" to Fire, Draughts, Rodents

GYPROC Wallboard that does not burn is the way of least expense when you desire to make alterations in your home, store, factory or on the farm. Use it for all walls, ceilings and partitions.

Gyproc is made from gypsum rock into sheets 4 to 10 feet long, 4 feet wide and 3/8 of an inch thick. It nails and cuts as easily as lumber with a minimum of waste or muss.

Gyproc is fire-resistant, easily and quickly erected, structurally strong and has insulation value. It is draught and vermin-proof as well as fire-safe.

Because it is ivory-coloured, it does not require decoration (when panelled) yet it is also a suitable base for Alabastine, Gyptex or wallpaper. Consult your nearest dealer to-day. He will gladly supply you with a direction sheet on Gyproc. Or write for the interesting, free booklet, "Building and Remodelling with GYPROC".

WHO'S WHO

John A. Mooney

BRINGING to bear upon the affairs of the World's Grain Exhibition and Conference a long agricultural experience, John A. Mooney is the managing director of this coming event to be held at Regina in 1932.

Mr. Mooney was born in Quebec Province and after leaving public school made his entry into the world of commerce by accepting employment in a sawmill. In 1895 he entered the Ontario Agricultural College and four years later, heading the call of the West, secured a homestead at Dauphin, Manitoba. He soon had 700 acres of heavy scrub land under cultivation.

In spare time Mr. Mooney devoted his energies to the study of agricultural matters and soon became recognized as a competent judge at seed fairs. In 1906 he travelled Western Canada on a "good seed" train under the auspices of the Federal Department of Agriculture, and in 1908 moved to the Regina district, where he operated a 480 acre farm.

Mr. Mooney established the Mooney Seed Company, distributors of good seed. He is closely associated with the Canadian Seed Growers' Association and with other producers' organizations.

ACADEMY PUPILS HEARD IN CONCERT

On Wednesday evening a concert was held in Boudreau's hall, Meteghan, at which more than 500 persons were present. The students of Sacred Heart Academy, who had the leading parts, included Irene Amirault, Marguerite LeBlanc, Elizabeth Gaudet, Marion Hubbard and A. Doucet. A beautiful drama was presented by the pupils of the Meteghan Public School. Rev. Father Doucet, P. P., was presented with a bouquet by little Mariette Belliveau, on behalf of the pupils of Sacred Heart Academy. Dr. P. E. Belliveau was also presented with a bouquet by his little daughter, Mariette, a pupil of the Sacred Heart Academy.

Piano solos were played by some of the Academy girls; Miss Madeline McKinlay, of Yarmouth, sang; Joseph Robicheau gave an impersonation, and little Miss Beatrice Côté gave recitations. After the concert an auction sale was held, the proceeds being for Sacred Heart Academy.

WHO SAYS WHAT'S

THE USE?

A young man ran for the legislature of Illinois, and was badly swamped.

He next entered business, failed, and spent seventeen years of his life paying up the debts of a worthless partner.

He was in love with a beautiful woman to whom he became engaged—then she died.

Entering politics again, he ran for Congress, and was badly defeated.

He then tried to get an appointment to the United States land office, but failed.

He became a candidate for the United States Senate, and was badly defeated.

Then he became a candidate for the Vice-Presidency and was once more defeated.

One failure after another—bad failures—great setbacks. He became one of the greatest men of America—Abraham Lincoln.

Who says "What's the use?"

THE BEAR RIVER WEEKLY COURIER

"For Home and Country"

Edited by Women's Institute, Bear River

INSTITUTE MEETING

The regular meeting of the Women's Institute was held on Monday evening, of last week, in the Masonic reading room. The regular business was transacted. A committee consisting of Mrs. L. J. Lovett, as convener, with the officers, were to meet and make plans for the Rally Day programme. Rally Day will be held at Bear River on Friday, June 26th. At that meeting, Dr. Munro, Prof. Cummings and Miss Helen MacDougall will be the speakers.

Mr. Eaton was in town several days recently.

SHOWER

A delightful shower was tendered Miss Hazel Purdy, vice-principal of Oakdene School, on Wednesday evening, at the home of Mrs. R. A. Harris. The color scheme was mauve and white, carried out in garlands, ribbons and lilacs. Thirty-five girl friends presented the bride-to-be with a Bedford China breakfast set. Refreshments were served. Miss Purdy's marriage to Guy McNinch takes place shortly.

Mr. and Mrs. John Benson returned from Yarmouth on Thursday.

SCOUT NOTES

The regular Thursday evening meetings have been discontinued during the summer months, but special meetings will be called from time to time as conditions require.

Another big stroke of work was done on the cabin at Eighth Lake last Saturday. On Friday afternoon nine Scouts left for Lake Jolly and spent the night there. Next morning they had breakfast and were away before six o'clock, and travelled by boat to the Sidewalk and hiked from there along the old Tram Road to Eighth Lake, arriving at the camp at 7.30. This is the first time this route has been followed and it proved to be an easy one, and will be useful in the case of rough water on the lakes, or for the use of the Scouts who are not experienced swimmers and canoe men.

Shortly before dark on Friday evening some of the troop had an opportunity of watching three young red foxes at play outside their den, while the old mother fox skittered around the woods nearby, looking on, and finally called them away.

The Provincial T. L. and P. L. Training Camp will be held this year at Chance Harbor, Pictou County. The camp will open on July 1st and will run about ten days. During this period the Rovers will also hold a meet at the same place. It is expected that several of the local troop will have the benefit of taking this training course through the generosity of some of the local friends of Scouting.

Mr. and Mrs. Allister H. Kempton, Helen and Victor, of Milton were guests of Mr. and Mrs. Boyd Rice over the week end.

Elmer Morgan, Clarence Morgan, Herbert Langley and Milton Morgan left on Monday for several days' fishing in the Valley.

Sunday in the United Baptist church, will be "Good Cheer" Sunday. All the "shut-ins" will be taken to church in cars.

Thought For The Week

"Neither let us be slandered from our duty by false accusations against us, nor frightened from it by menaces of destruction. Let us have faith that right makes might, and in that faith let us to the end dare to do our duty as we understand it."—Abraham Lincoln.

SHE WISHED HERSELF DEAD

Then she found joy in living. Gives credit to Dr. Williams' Pink Pills (Tonic) Helpful in Spring

"Became a New Creature"

"When I was a girl," writes Jessie J. Johnston of Rosneath, Ontario, "I was anemic, no life or energy to work or enjoy myself—often wished myself out of existence as it grieved me to see my schoolmates romp and play while I lacked strength and ambition."

"One day I noticed a small ad. about Dr. Williams' Pink Pills and asked mother if I could try them. Before I was finished my first box my appetite was gaining. The second box gave me interest in my books and friends. I was becoming a new creature."

Your own body isn't much good when you are nervous, anemic and run down. The iron and other elements in Dr. Williams' Pink Pills (tonic) charge your blood with red corpuscles—give color to your complexion, and a sense of vitality to your whole body.

"At any drugstore. Be sure to say 'Dr. Williams' so that the druggist will know exactly what you want."

WEDDINGS

Benson-Rice

A very pretty wedding took place on Wednesday of last week at the home of Mr. and Mrs. M. O. Rice, when their youngest daughter, Harriet Thelma, was united in marriage to John C. Benson, of Somerville, Mass., only son of Mr. and Mrs. Reginald Benson, formerly of Bear River. The ceremony was performed by Rev. A. A. MacLeod, in the presence of about fifty guests. The double ring service was used. The bride was given in marriage by her father, and was prettily gowned in a dress of white satin, with veil arranged in cap effect, with orange blossoms. Her bouquet was a shower bouquet of white carnations and white sweet peas. Little Maxine Rice, niece of the bride, was ring bearer, and was dressed in pink silk. The wedding march was played by Mrs. John Rupp, and at the conclusion of the ceremony, Mrs. Waldo Chute sang, "O Promise Me". The house was beautifully decorated with mauve and white lilacs, with festoons of ribbon. A buffet luncheon was served. The groom's gift to the bride was a diamond pendant; to the organist and soloist and ring bearer, necklaces. The bride's traveling dress was a blue silk ensemble, with fox fur and hat to match. They left for a short honeymoon trip to Yarmouth and later to Somerville, Mass., their future home.

The W. M. S. of the United church met on Wednesday afternoon at the home of Mrs. Harry Harris. Mrs. Patterson, of Annapolis Royal, gave the report from Branch, being the delegate from the Maritime Branch.

Have you enough Life Insurance?

No matter how large or how small your estate, it will suffer heavy deductions before it reaches your wife or family. Doctors, nurses, hospitals, undertakers, lawyers, etc., not to mention succession duties, if the estate be considerable, will reduce the net amount payable to your heirs by anything from 10% to 25%. Take your pencil and try a simple sum in arithmetic, using an actual case as an example:

Typical Case	My Case
Total face value of all my life insurance policies.....	\$5,000
Estimated value of my real estate, securities and other assets.....	\$2,000
Total.....	\$7,000
Less 15% as indicated above.....	\$1,050
Total estate (net).....	\$5,950
Invested in good securities at 5% this should yield my family an annual income of.....	\$297.50

He picked up after the First Feedings of EAGLE BRAND . . .

BABY DICK should have gained about a pound each month like other bottle-fed babies . . . but somehow the scales stood startlingly still. No food seemed just right. . . . Then the family doctor suggested Eagle Brand. Soon the indicator of the scales began to move forward notch by notch, away from the danger point—and each notch brought cheer to an anxious mother. Eagle Brand had won the day for Baby Dick—as it had for thousands of other babies. It's a wise rule—if you cannot nurse your baby—do not experiment—use Eagle Brand. It has proven unsurpassed for 74 years.

Fish Which Walk, Not 'Fish Story'

(Special from Monitor Bureau)
When "walking fish" were
billed as one of the stellar at-
tractions of a recent sportman's
exposition at Chicago, it sound-
ed at first like just another one
of those "fish stories".

But now that three of this
perfectly bona fide species of
aquatic life have "walked" their
way into the John G. Shedd
Aquarium, where they will be
"at home" after June 1, there's
not a shadow of doubt left as to
the existence of such a
strange species. Furthermore,
there are a number of them in
the Lincoln Park Aquarium.

Properly known as anabas
scandens, but popularly as walk-
ing fish, they are according to
museum authorities, fully de-
serving of that name, because
they have a way about them
that other fish simply don't
have. When taken out of the
water they don't flop around
like other fish, but remain up-
right. They can propel them-
selves on dry land through a
series of jerks, and they develop
a lung and breathe air like hu-
man beings, while they also
store up water before starting
out on a land trip.

Where they come from in In-
dia the streams often dry up
suddenly, so the fish set out in
search of a new river. That's
the way they learned to "walk".
The three specimens recently
acquired by the Shedd Aquar-
ium are three, four and five
inches long, respectively.

When the walking fish were
on view at the sportsman's show
at the Coliseum they would
"walk" up a little runway,
"dive" into their tank and then
come up again for a little bow.
That was all. That particular
family, when not on the road,
makes its home at the aquarium
of the Walker House Hotel at
Toronto.

OBITUARY

Carl J. Eldridge—Digby was shocked
last Friday, to learn of the death
of Carl J. Eldridge, well known
hotelman, which occurred in the
Digby General Hospital early that
morning. His death was due to
heart trouble following an operation
for appendicitis a week before.

The deceased, who was 43 years of
age, was the son of the late William
Henry Eldridge and Mrs. Caroline
Eldridge (Saunders), of Sandy Cove,
Digby County, in which village he
was born.

As a young man, after the death
of his father, he was contractor for
the Digby Neck Mail Service. He
moved to Digby several years ago
and went into the garage business,
later selling out that business (now
Digby Motors) to F. R. Eisner, to
take over the Lour Lodge, one of
Digby's finest summer hotels, from
the estate of the late Aubrey Brown,
and built up one of the finest resorts
in Western Nova Scotia. Only this
spring he added another storey to
the hotel building.

Mr. Eldridge seemed in the best
of health, until the morning when he
was stricken with appendicitis and
rushed to the hospital for an emer-
gency operation, and had been hard
at work making preparations for the
coming summer season.

The passing of Carl J. Eldridge is
one of the worst blows Digby and
the Nova Scotia summer tourist
business has suffered in years. The
late Mr. Eldridge has always taken
an active part in the welfare of the
community, he was a member of the
Town Council for a number of years
a hard worker on the Publicity Com-
mittee of the Digby Board of Trade.
He was also a member of the Mas-
couche Order and Oddfellows.

Besides his wife and mother, Mrs.
Caroline Saunders, of Sandy Cove
he is survived by one brother, L. B.
Eldridge, of Digby, and a sister, Mrs.
Morris, of Vancouver, B. C.

The funeral took place on Sunday
afternoon under the auspices of
King Solomon Lodge, A. F. & A. M.,
and was one of the largest funeral
ever seen in this section of the pro-
vince. Rev. A. E. Gabriel conducted
the service at the home, after which
the remains were taken to Sandy
Cove for interment. The floral of-
ferings were the most beautiful ever
seen here and testified to the great
esteem in which he was held.

Capt. Arthur Casey—in company
with Capt. Roland Wornell and Syd-
ney Isnor, Captain Arthur Casey left
port last Friday evening for the fish-
ing grounds to try their luck with
salmon nets. Near midnight, in the
midst of a heavy rain storm, the men
decided to return to Digby. The net
had been all hauled aboard and Is-
nor was in the wheel house and Wor-
nell in the engine room. Casey had
just finished fastening some ropes
and was on his way below when he
slumped to the deck. Isnor noticed
the plight of Captain Casey and
hastened to his assistance and with-
in a few minutes Wornell also as-
sisted. The boat returned to Dig-
by immediately with the remains
of Captain Arthur Casey who was
born in Leitchfield, Annapolis County,
and was about 60 years of age. He fol-
lowed the sea all his life and was
well known in many American ports.
He was for many years a deep sea
fisherman, had engaged in scallop
fishing and this summer had decid-
ed to try salmon fishing. He was a
man of vigorous physique and very
active. He is survived by his wife,
two sons, Gordon and Arthur; and
his daughter, Dorothy; of Hills-
mother, Mrs. John Halliday, of Hills-
burn, Annapolis County. The fune-
ral took place on Tuesday and was
largely attended. Interment was in
the United Church cemetery.

GUARDIAN OF TOWER BRIDGE

Has Held Post Ever Since Bridge
Was Finished.

Every Londoner and nearly every
visitor to London, England, knows
the Tower Bridge which opens to al-
low ships to pass beneath and then
shuts again to let road traffic resume
its normal way. But if you want to
make the acquaintance of the man
who looks after the bridge you must
climb eighty-six steps to his office
perched at the top.

Mr. John Guss, the superintending
engineer and bridge master, has held
his post ever since the bridge was
finished thirty-nine years ago. He is
now seventy-eight years of age and
will shortly be retiring. In the whole
of his long time on the bridge there
has not been a single accident. Be-
fore the war, when pleasure steamers
were more numerous, about twenty-
five boats a day were made, but now
the number is not more than about
sixteen.

The warning that a ship will want
the bridge raised is given as the
passage of a steamer is about a mile
away. Then traffic is stopped and
the actual hoist takes a minute and
a half.

THE BOYS' BRIGADE

Headquarters of Organization Moved
From Glasgow to London.

The Boys' Brigade recently cele-
brated its 47th birthday and the
headquarters of the organization was
moved from Glasgow to London.
At present the Brigade is probably
strongest in Scotland, and 10,000
have turned out to a Glasgow review,
while in London only about 5,000
were present for an important function.
The total number of members reported
at the recent annual meeting of the
council was 95,143.

The Boys' Brigade started in Glas-
gow in 1883, when the late Sir Wil-
liam Smith, M. P., was the inspirer
of the training and welfare of
youth, got together thirty boys. The
movement grew rapidly, and about
1890, the members of the Boys' Briga-
de served in the forces during the great
war, one of the New Army battalions
being composed entirely of old boys
of the Brigade.

To-day the Boys Scouts have rather
overshadowed the Boys' Brigade but
the movement is holding its own and
has a great record of service
behind it.

TIPS AND TIPPERS

London Head Waiters May Receive
25 a Week in Tips.

A tipping census has been taken in
England as a result of which official
information is at last available re-
garding the tips received by waiters
and waitresses. The census was con-
ducted by the head porters at hotels.
The information is contained in the re-
port of a Ministry of Labor inquiry
into catering trade conditions.

According to this report, head
waiters and head porters may receive
25 a week in this way, but 5s. to 10s.
is perhaps more usual. Tips are in-
cluded in the larger hotels, and in li-
censed restaurants. On the whole
Londoners tip fairly generously, us-
ing on the basis of 10 per cent. of
the bill, with threepence as a mini-
mum for a waiter and twopenny for a
waitress.

But waiters in other parts of the
country complain that tips are now
often on a diminishing scale, and
that American waiters, who at one
time gave too much, are now going
to the other extreme.

Exporting Tree Seed.
Canada is yearly planting a bigger
part in Empire reforestation. Fifty-
three per cent. of the tree seed ex-
ported from the Dominion has gone
to Great Britain, forty per cent. to
New Zealand and the remainder to
Australia, Ireland and other parts
of the Empire. During the past ten
years the British Forestry Commis-
sion has planted 140,000 acres of
seed woods, the greater part of the
seed having been sent from Canada.

Banks had established a wonderful
record of service, singing also in Pe-
terborough Cathedral, and for forty
years at Hereford Cathedral, where
his voice was heard as usual on the
Sunday preceding his death. He was
also leader of the choir for many
years, his first performance being with
"H. M. Pinafore", at the Old Theatre
Royal, in Edinburgh, in 1879. He was
founder, and for many years con-
ductor, of the Hereford Amateur
Operatic Society. The Hereford
papers, received this week, contain
long and interesting articles in honor
of this celebrated musician. At the
Cathedral, on the Sunday following
his death, high tribute was paid, not
only to the memory of his musical
work, but his spiritual fellowship.
At the evening service, the hymn,
"On the Resurrection Morning" was
feelingly sung, and Reginald H.
West, the organist, played Chopin's
"March Funere". (Mrs. G. Regi-
nald Weir, of Digby, is a niece of
the late Mr. Banks.)

WEDDINGS

Harris-Phillips

The Temple United Baptist
Church, Yarmouth, was thronged to
the doors on Thursday afternoon by
an interested congregation to wit-
ness the prettiest church wedding
seen in Yarmouth in many years.
The principals were Miss Hilda May,
elder daughter of Mr. and Mrs. Fred
L. Phillips, of Yarmouth South, to
Mr. Carl Balfour Bently Harris, el-
der son of Dr. and Mrs. W. C. Harris,
of Barton, Digby County. The pretty
sacristy was beautifully decorated
with pine and apple blossoms, all
done under the supervision of Miss
Phyllis Kinney. At the front of the
church a magnificent arch of pine
and apple blossoms had been erected,
and from its centre was a handsome
white wedding bell, trimmed with
lilies of the valley, under which dur-
ing the ceremony the bridal party
stood. The service was conducted by
the bride's uncle, Rev. S. S. Poole, D.
D., pastor of the German Street U.
Church, in Saint John, N. B. He
was assisted by Rev. O. N. Chip-
man, D. D., pastor of the Temple.

The wedding march was played by
Mrs. Frank Nauss, organist of the
church, and while the young couple
were signing the register, Miss Min-
nie Poole, of Saint John, cousin of
the bride, sang sweetly and effec-
tively, "I Love You Truly".

The bride in her handsome bridal
gown, was a true picture of girlish
loveliness as she entered the church,
accompanied by her father, who
gave her in marriage. She wore a
beautiful dress of white satin, plain,
with veil daintily arranged with a
bandeau of orange blossoms. Her
bouquet was a shower of white bride-
roses and sweet peas. She was at-
tended by her sister, Miss Ruth
Phillips, who wore a very becoming
gown of yellow chiffon, with hat to
match, and carried a bouquet of
yellow roses and mauve sweet peas.
Mr. Herman Harris, brother of the
bride, performed the duties of best
man. The ushers were Messrs.
Arthur and Lawrence Cosman.

Following the service the bridal
party, together with about sixty
guests, repaired to the home of the
bride's parents, where a reception
was held. Like the church the re-
sidence had been made beautiful
with pine and flowers of various
kinds. A pretty canopy, arranged in
the parlor, and it was under this
where the bride and groom received
the hearty congratulations and to
wishes of their friends. Refresh-
ments were served and Mrs.
Phillips was ably assisted by a bevy
of similar shade.

Among the out-of-town guests
were: Dr. and Mrs. S. S. Poole, and
daughter, Miss Minnie Poole, Saint
John; Dr. and Mrs. W. C. Harris,
Barton; Max Olive and Mack Black-
adar, of Halifax.

Among the guests were to be seen
many beautiful gowns. Particularly
was that so with the young lady
friends of the bride, who assisted in
the serving, and when grouped they
presented a wonderful picture. Mrs.
Phillips, mother of the bride, wore a
handsome dress of black chiffon un-
der black lace and a corsage bouquet
of roses and sweet peas. Mrs. Harris
the groom's mother, was gown in a
navy blue georgette dress, with coat
of similar shade.

RIVERDALE

(Held over from last week)
Mrs. A. A. McCullough has re-
turned home, after spending a few days
with her daughter, Mrs. D. Gates, at
Weymouth Mills.

Mr. M. L. Vidito, of Danvers,
spent the holiday, May 25, with Mrs.
Isaac Wagner.

Rev. and Mrs. H. C. Mullen and
son, Lawrence, of Havelock, accom-
panied by Mrs. E. Rowana, and Mrs.
J. W. Sabine, called on Mr. Mullen's
sister, Mrs. A. C. Wagner, one day
last week.

Mr. LeRoy Wagner is improving
after her long illness.

Mrs. Alpheus Marshall and Miss
Mary Wagner, of Weymouth, called
on friends and relatives in this place

of young lady friends of the bride,
viz.: Misses Etta Cosman, Frances
Allen, Sadie Churchill, Olive Cle-
ments, Winnie Allen, Mary Cleveland
and Minnie Poole. Later Mr. and
Mrs. Harris left by auto for the Evan-
geline Docks, where they embarked
on the Boston and Yarmouth line
steamship "Yarmouth" for Boston
route to spend a week or so at White
Mountain resorts. The bride for a
travelling costume wore a black
crepe dress with fur trimmings,
black and white hat with white fur
collar, and black and white hat. Re-
turning via Saint John, N. B., they
will probably proceed direct from
there to Halifax, where they will re-
side in the Westminister Apartments.

Both bride and groom are very po-
pular amongst a host of acquaintances
and that fact was strongly evi-
denced by the magnificent display of
wedding gifts which the bride re-
ceived, amongst which was a handsome
silver fox fur from the groom, a sub-
stantial cheque from the groom's
parents, purse of gold from her un-
cle, William Phillips, and Mrs. Phil-
lips, a new automobile from her
great aunt, Mrs. Amanda Haley, to-
gether with many other choice pieces
of silverware, china, cutglass and
other articles.

The groom's gift to the bride was
an onyx ring, to the organist a
crystal necklace, the soloist a com-
pact, best with a signet ring, and to
the ushers, stickpins.

Among the out-of-town guests
were: Dr. and Mrs. S. S. Poole, and

Veteran Skipper Again on the Bridge

Just 55 years after he had stood on the bridge as skipper of the first vessel to go through the Welland Canal, Captain Oliver Patenaude, veteran lake and river captain, stood on the bridge of the steamship Noronic, queen of the Upper Lakes and flagship of the Canada Steamship Lines northern lake fleet, as this great liner, set a new record for navigation through the series of locks connecting Lake Erie and Lake Ontario.

Captain Patenaude retired last year after 58 years' service and was the guest of his former employers

the Canada Steamship Lines, on board the Noronic, during her eventful trip.

In 1877 Captain Patenaude, then in command of the steamship Ontario, opened the Welland Canal for navigation. His trip from Montreal to the head of the lakes took three weeks and the little vessel he commanded carried a cargo of 100 tons of freight for the Hudson's Bay Company and supplies for the men who were building the right of way for the Canadian Pacific Railway. At that time the population of Fort William was almost entirely Indian.

The Noronic, largest Canadian passenger vessel on the upper lakes, on this, her first voyage from Lake Erie to Lake Ontario, when thousands of people lined the banks of the new Welland Ship Canal, set a new record for this great \$120,000,000 waterway. The Noronic is 6905 tons, 385 feet long and 58 feet beam, and carries a crew of 187.

Photographs show the steamship Noronic after passing under one of the Canal bridges; inset (left) Captain Patenaude; (right) Captain Peter McKay, skipper of the Noronic. (Canada Steamship Lines Photos.)

Appreciates Weekly Visits of Courier

To the Editor of the Courier: Sir—I am writing to express my joy that the "Courier" is still flourishing, and that I have the pleasure of reading it after more than twenty years' sojourn in a distant land. Memory is faithful to childhood years spent beside the rocky shore of Fundy Bay. To these happy years, to a father who steered his course many times over the deep waters, and who set sail upon his last journey three years ago, bravely and quietly, as he did everything, I dedicate this poem:

An Ode to Fundy Bay

Oh, thou rough and rock-bound shore,
Well I know thee as thou art:
The cruel rocks that thee environ
How they tear the years apart.

I have seen thee sparkling brightly,
With thy waters scarce impressed
By the gulls, that rode so lightly
On the smoothness of thy breast.

Known thee change with scarce a warning
To a furious, seething hell;
Seen men seek thee in the morning
Heard at night their funeral knell.

I have seen thy tides ascending,
Searching ruthlessly the shore
With a hunger never ending
And a mighty charging roar.

Oh, thou lovely chameleon!
Other memories may depart—
But the rocks that thee environ
Wrote thine image on my heart.

Thou art fickle, thou art cruel,
Yet—I have a love for thee,
Thou rough Nova Scotian jewel
Set in stony mystery.

Another Oratorical Contest at Sackville

The High School girls and boys of the Maritime Provinces are reminded that the second oratorical contest, sponsored by President Trueman and faculty, of Mt. Allison University, will be held this fall immediately preceding the opening of the university. The exact date will be announced later. Last year the contest was a decided success when 53 youthful orators from all over the Maritime Provinces participated. The winners were E. Brock Rideout, Saint John; Louis Tibert, Fredericton; and Miss Constance Tomkinson, Moncton. This year five prizes

WEDDINGS

Rogers—Jollymore

A quiet but very pretty wedding took place at Sackville, N. B., in the Mount Allison University Chapel at high noon on Monday, June 8th, when Anna Mae Hazlett, elder daughter of Mrs. James R. Jollymore, of Sydney, became the bride of the Rev. A. Allison Rogers, B. A., B. D., son of the Rev. Dr. and Mrs. A. S. Rogers, of Saint John. The ceremony was performed in the presence of relatives and immediate friends by the Rev. Dr. A. S. Rogers, father of the groom, assisted by the Rev. J. M. Rice, B. A., and the Rev. J. M. Rice, B. A., uncles of the groom. The bride was attended by Miss Sara McPhee of Sydney, while the groom was supported by the Rev. Enoch R. Stanway, M. A., B. D., of Sydney Mines. The bride looked very lovely in an orchid chiffon dress made on flowing lines with a short lace jacket of the same shade and shoes and hat to match. She carried a beautiful bouquet of kilnsey roses and lilies of the valley. Miss McPhee wore yellow chiffon with lace jacket and hat and shoes to match, and carried a bouquet of sweet peas in pastel shades. The chapel was beautifully decorated with spring flowers.

are being offered as follows: first, \$50.00; second, \$40.00; third, \$30.00; fourth, \$20.00; fifth, \$10.00. Mount Allison has always stressed debating. Her debating teams have won fourteen consecutive victories in the last ten years. Appreciating the value of debating and with the hope that public speaking may be encouraged among the boys and girls of the Maritime Provinces the university has instituted this contest. The contest is open to all High School students up to and including Grade XII. The contestants may choose their own subjects. They may speak from ten to fifteen minutes. They will be entertained during the contest as guests of the university. Information concerning the contest may be procured from Rev. W. S. Godfrey, Mount Allison, Sackville, N. B.

TOO LATE

I thought of a beautiful thing to say,
Of a tender word of cheer;
A thought that would brighten the weary way
Of a friend or a comrade dear.
I thought of a helpful thing to do,
Of an act I could employ.
Like a golden gleam in a sky of blue,
To fill some heart with joy.

I'll wait, I said, till another time,
I am so busy now—
And selfishness, with its sway sub-time,
Stood in the way, somehow,
Till tender word and helpful deed,
And comrade touch of cheer,
Were lost for aye to the hearts that bleed
To the lives forlorn and dear.

OBITUARY

Susie King—The news of the tragic death of Miss Susie King, of Wellfleet, Mass., which took place recently, came to the many relatives in Deep Brook as a great shock and deep sorrow. While out motoring with a party of young people, returning home, and within a short distance of her destination, the car skidded in making a curve. Miss King was instantly killed and other members of the party injured. The deceased was the only child of Mrs. Alice Gilliat King, whose early home was in Clementsport. She was a niece of Mrs. John Adams, of Deep Brook.

"For Home and Country"

Edited by Women's Institute, Bear River

A wedding of interest to many Bear River friends was that of Rev. Allison Rogers, B.A., B.D., son of Rev. Dr. and Mrs. A. S. Rogers, of Leicester St., Saint John, and Miss Anna Mae Hazlett Jollymore, of Sydney, daughter of Mrs. James R. Jollymore.

Miss Jennie Peck, of Needham, Mass., arrived on Saturday to spend her vacation with her parents, Mr. and Mrs. L. J. Peck.

Here is a New Pudding for Tomorrow's Dinner!

CREAM RICE PUDDING

4 tablespoons rice
1/2 cup sugar
1/2 teaspoon salt
2 1/2 cups St. Charles Milk
1 1/2 cups water

Wash the rice thoroughly, then add with the sugar and salt to the milk diluted with water. Pour into a buttered baking dish and add a sprinkling of nutmeg. Set the dish in a pan of hot water and bake three hours in a slow oven (300° F.) stirring several times the first hour to prevent the rice from settling to the bottom.

W. C. T. U.

On June 11th Mrs. John Roop attended the session of the Digby County W. C. T. U., at Weymouth North, at the home of its president, Mrs. William Lent.

The session was a very interesting one; its topic that day being, "Sabbath Day Observance", on which a splendid address was given by Rev. Dr. Adams, (Toronto); also several nice readings relating to that subject. A vocal solo was rendered by Rev. F. C. Amery, with Mrs. Amery as accompanist.

Mrs. Roop gave a report of her work in distributing Temperance Pledge cards in the Oakdene school, on June 8th, after which she gave a cordial invitation to the Weymouth W. C. T. U. (of which she is a member) to meet at her home in Bear River in September.

At the close of the meeting the hostess served refreshments. Whilst in Weymouth Mrs. Roop was the guest of Judge and Mrs. Grierson, returning to Bear River by train on Thursday.

B. Y. P. U.

Last Friday evening the regular spring business meeting of the B. Y. P. U. was held, preceded by a devotional period. The pastor presided and gave a helpful talk on the Christian life in relation to every day battles against temptation. It was decided to send two delegates to the B. Y. P. U. convention which will be held at Wolfville in conjunction with the regular convention late in August. Funds were voted to help defray expenses of these delegates. A committee was appointed to make final arrangements for the annual B. Y. P. U. picnic, which will be held in the near future. The Juniors are also arranging for their annual outing.

Rev. I. F. Barnes, D. D., of Boston, was the guest at the Advent Conference. Miss Florence Bartlett, of Massachusetts, was also one of the speakers at the Advent Conference.

Healey Auld

MR. F. HEADLEY AULD, Deputy Minister of Agriculture for Saskatchewan, is chairman of the Exhibition Committee of the World's Grain Exhibition and Conference and, like many other prominent westerners, was born in Prince Edward Island. He came to the West some twenty-eight years ago and in 1905 joined the Dominion Department of Agriculture, becoming associated with W. A. Wilson in the dairy branch.

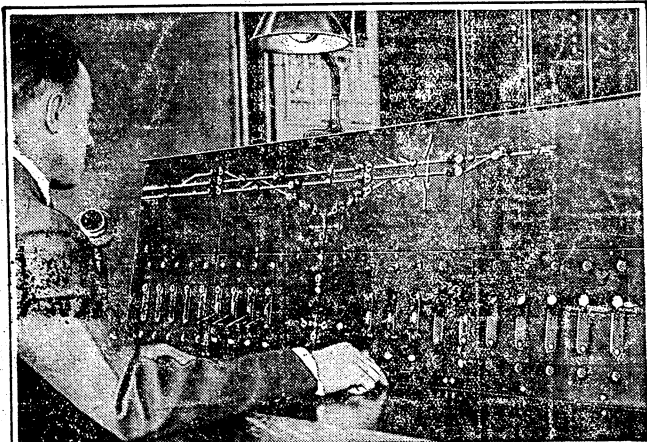

A year later Mr. Auld organized the statistical bureau of the Provincial Department of Agriculture and afterwards went to Saskatoon to take charge of the agricultural extension work of the University. For a short time he was a member of the Mooney Seed Company, 1914 returned to the Provincial Department of Agriculture, of the debt adjustment bureau. In 1916, when the late Frank Macdonald, Deputy Minister of Agriculture, went overseas, Mr. Auld became deputy and deputy upon the death of Mr. Mantle.

For the past two years, Mr. Auld has been president of the Provincial Exhibition Association. In 1928 Mr. Auld was named to the Royal Grain Inquiry Commission. He is a director of the Y.M.C.A., and has membership in the Canadian Society of Agriculturists, the Saskatchewan Live Stock Board, and the Saskatchewan Stallion Board.

Signalling Trains Through New Quebec Tunnel

Through a mile-long tunnel, under the historic Plains of Abraham, where Wolfe defeated Montcalm and won Quebec and Canada for Britain in 1759, passengers from the Canadian Pacific Railway Company's palatial White Empresses make their first entry into Canada, from the Wolfe's Cove docks, joining the main line of the world's greatest transportation system at St. Malo, thus saving a long trip through local terminals and speeding up their journey to Montreal and their respective destinations beyond. The signal system in connection with the new tunnel is of particular interest, for it not only handles trains through the tunnel and on to the main line, but covers tramline and railway crossings which are made on the way to the tunnel mouth at the land end. A signal cabin on the main line, at the outskirts of the city, houses the control system. The operator faces a board, shown in the top picture, which consists of a number of electric levers for opening and closing switches and also has 20 rotary buttons, for operating the lights of a like number of signals at various points on the trackage covered. By the same board the operator is able to locate his train or trains at any moment. It will be noted that the control board is practically a map of the tunnel tracks, the numbers on it corresponding to those on the signal posts. The line running down the board is the tunnel and the lines across the top of it represent the tracks of the main line. The signals to engineers from the posts are made by means of red, yellow and green lights, indicating "stop", "caution" and "proceed", respectively. The system was supplied by the General Railway Signal Company, and installed by the C. P. R.'s signal forces.

with Gyproc

HERE is a wallboard that does not burn, made from gypsum rock into sheets 4 to 10 feet long, 4 feet wide and 3/4 of an inch thick. It is used for interior walls, ceilings and partitions.

As well as being fire-resistant, it has structural strength, insulation value and is draught and vermin-proof. Use Gyproc Joint Filler for sealing the joints between the tall, broad sheets of wallboard.

When you are "doing over" any room in the house or adding new ones in the attic or basement, use Gyproc for walls and ceilings because you can nail it directly over the old surface. Gyproc is also an excellent base for Alabastine, Gypox or wallpaper.

Gyproc is Canada's pioneer non-burning gypsum wallboard. Ask your nearest dealer for full details and a Gyproc direction sheet. Or write us for the FREE booklet, "Building and Remodelling with Gyproc".

Worker in Binder Twine Factory Gets Relief through Dr. Williams' Pink Pills (Tonic)

"Has Good Health, Fine Children"

"About five years ago," writes Mrs. Joseph Penrose, 164 Sydenham Street, Bradford, Ontario, "I was troubled with weak kidneys, indigestion, and very yellowish skin. I was working at the binder twine factory at the time, and had to be on my feet most of the time. Well, I would take dizzy spells and have to return home, and my nerves were very bad. I sent to the drug store and got one box of Dr. Williams' Pink Pills. . . . Before they were finished I had received so much relief that I had more energy than I had for some time. I am now and have three fine, healthy boys."

The iron and other elements in Dr. Williams' Pink Pills (Tonic) increase the amount of haemoglobin (life-giving element). Don't get up or prolong your recovery by any delay. Be sure to get "Dr. Williams'" so that the druggist will know exactly what you want. 106

QUANT CUSTOMS IN SIKKIM

Communities Differing Widely From One Another In the Most Important Aspects of Life.

Sikkim is in the limelight at present, with its road reconnoitering to the temple to conquer the hitherto unconquered, writes G. F. Mansfield in the Illustrated Weekly of India.

Up beyond Gangtok, in the west of Kancheenjunga, and in La-chun, west of Kancheenjunga, are two communities differing widely from one another in the most important aspect of life, for in La-chun the custom of polyandry is practiced. The reason for this is a health test, and it is cheaper for a family of brothers to share one hearth and one wife than to live separately. Children are scarce in La-chun, and the normal custom of one man, one wife prevails, and children are as numerous there as anywhere in India.

In both villages there is a tremendous respect for the devil, and many are the devices to keep him away and to attract his attention from any particular person or place.

Devil-driving is an uncanny business. One night we heard a fearful noise, shouting, yelling, screaming laughing, as though the whole village had gone mad. The entire population streamed down to the road in front carrying a large, flat basket full of earth, sprinkled over with rice flowers, and with all eyes fixed on the road.

Sober merchants, affable men of affairs and charming, open-handed sportsmen.

They like the house I built for my life; It has, however, one drawback—The doors are too low—Too low to admit anyone with wings. No matter how high I make my doors Nobody with wings can enter. I have urged the winged to try. To bend this way and that, To fold their wings to left or right, "You see!" the wearers say, "Sorry, old man, but it can't be done!"

They step lightly back And unfurl the flashing glory of their wings. Crimson and gold and blue that shine and flash in the sun. I see them rise, from the curb of Main Street, Up and up, higher and higher, till they are lost in the sun.

I go back to my table, to my estimable guests, My merchants and sportsmen and affable men of affairs. I am very lonely.

THOUGHT FOR THE WEEK
If you have a helpful thought. Pass it on!
If for you some good is wrought. Pass it on!
Others weakened in the strife By the ill of human life, May be helped when wrong is rife, By your good thought— Pass it on!

Daddy—"I greatly disapprove of young Darrington, and one particular reason is his lack of interest in his calling."
Daughter—"Why father, his calling! He calls on the seven nights a week."

WHY?
Why send your damaged tires or tubes away to be repaired, when as good a job of

VULCANIZING
can be done in Digby as you can have done anywhere in Canada? The Digby Vulcanizing plant, in the Dunham Building, (near the railroad crossing), is now in charge of workmen who have a thorough mastery of the trade. All work is done promptly and is fully guaranteed. Send one or more tires or tubes as a trial—you will be fully satisfied.

CLEMENTS, A.

Mrs. Lavinia Barnes, of Clements, was the week end guest of her cousin, Mrs. V. A. Long.

Mr. and Mrs. Genos Sanford and Mrs. Walter Sanford were visitors to Halifax on Saturday.

Mr. and Mrs. Chipman Potter have been recent visitors at Auburn and other places in the Valley.

Rev. and Mrs. F. C. Hazemore have been visiting Mr. Hazemore parents, in Carleton, Yarmouth County.

Clifford Layte, of Lawrence's town, spent a few days last week at the home of Mr. and Mrs. V. A. Long.

The ladies' sewing circle met on Thursday afternoon at the home of Mrs. Ira Dukeshire, East Waldeck.

Mrs. William Sanford, Clements, entertained at a quilting party on Friday afternoon. Guests from this place were Mrs. Genos Sanford, Mrs. Bessie Sanford, Mrs. N. D. Sanford and Mrs. M. S. Brown.

Miss Helen Trimmer, of Paradise, has been a recent guest of Mrs. V. A. Long.

Deep Brook Society Holds Successful Meeting

The W. M. A. Society met on Wednesday, June 10th, with Mrs. Robert Spurr. Mrs. H. S. Vroom conducted the meeting. The programme prepared by Mrs. Robert Spurr and Mrs. John Adams, was very helpful and enjoyed by all. The special musical numbers by Mrs. S. A. Spurr, Mrs. B. H. A. Rice and Mrs. Robert Spurr, added much to the programme. The society is invited to meet with Mrs. Sara Walsh, at Miss Jones' bungalow, for the July meeting, which will be the annual meeting and mite box opening.

A CERTAIN RICH MAN
By Theodora Garrison
The house I built for my life Is not beautiful—it is magnificent; One walks on velvet, sleeps on down And drinks from golden goblets; And at my table sit worthy gentlemen.

Sober merchants, affable men of affairs And charming, open-handed sportsmen.

They like the house I built for my life; It has, however, one drawback—The doors are too low—Too low to admit anyone with wings. No matter how high I make my doors Nobody with wings can enter. I have urged the winged to try. To bend this way and that, To fold their wings to left or right, "You see!" the wearers say, "Sorry, old man, but it can't be done!"

They step lightly back And unfurl the flashing glory of their wings. Crimson and gold and blue that shine and flash in the sun. I see them rise, from the curb of Main Street, Up and up, higher and higher, till they are lost in the sun.

I go back to my table, to my estimable guests, My merchants and sportsmen and affable men of affairs. I am very lonely.

New C. P. R. Hotel Has Charming Location

Lakeside Inn, built by the C. P. R., a mile from Yarmouth opened its doors to the travelling public on Tuesday last. The site for the Lakeside Inn is particularly adapted for a summer hotel, being on a hill above the Milton Lakes (so-called).

An attractive rustic seat, with canopy over it, and a stone fence of rubble masonry mark the entrance to the grounds. The gates are broad and inviting. The stone piers have wrought iron lamp posts. The winding road which crosses the bridge separating the two lakes, is bordered by birch, maple and Lombardy poplar, shrubs, flower beds and lawns. The quaint old bridge, with its Union Jack railing, adds beauty and charm.

Nestled among the trees adjacent to the hotel, and overlooking the lake is a bungalow colony, and on the shores of the lake are boat and bathing houses wharf and swimming pool.

True to the old English type of architecture, the Inn is a low rambling structure of fireproof construction throughout. On the front elevation it is 200 feet long, and the dining room and kitchen extend 110 feet, at right angles to the main building. The foundations, columns, beams and floor slabs are of reinforced concrete, while the walls are of terra cotta tile and brick from

the plant of L. E. Shaw, Ltd., Chipman, Avonport and Elm-dale. New Minas quartzite, carefully shaped and laid in cement mortar, representing rubble masonry, has been used to finish the extension walls, up to the first story. The balance of the walls are of stucco with a coarse textured finish of pleasing colors. Waterproofed white cement from T. P. Calkin, Ltd., Kentville, and color from Brandram-Henderson, Ltd., Halifax, were used in this work.

Taking it all through the hotel is considered as one of the finest tourist hotels in Canada.

Mrs. Jones—"Why do you prefer Morse's to any other tea?"

Mrs. Green—"Because I like its flavor and it goes farther than any other tea I have ever tried."

HOSPITAL NOTES

The Ladies' Hospital Aid extends thanks to all who contributed in any way toward the recent Benefit Bridge, from which the sum of \$38 was realized. The prizes were donated and won as follows:

Ladies' Bridge—Donated by Ladies' Aid, won by Mrs. H. M. Warne. Gentlemen's Bridge—Donated by Mrs. B. Morse, won by J. A. Faust.

Ladies' Forty-Fives—Donated by Ladies' Aid, won by Miss McCrow.

Gentlemen's Forty-Fives—Donated by W. L. Holdsworth, won by W. J. Agate.

Lucky Prize—Donated by Mrs. C. F. McBride, won by Miss O'Brien.

The Ladies' Hospital Aid

greatly appreciate the recent donation of twenty-five dollars from the Digby school children. The money was raised for the purpose of providing something for the use of child patients in the hospital, and on the advice of the superintendent is to be expended for a crib, mattress, and as much bedding as can be purchased for that amount. This will be placed in the child's private room, where a crib is much needed, to replace the narrow hospital bed. The children of the Digby school are to be commended for their interest in the new hospital.

Mrs. C. L. Bowlby will be hostess for the Hospital Sewing Circle on next Wednesday afternoon. All are cordially invited to attend.

Prof. and Mrs. George Vassel, Prof. and Mrs. R. A. Pothier, and Mr. and Mrs. Cyril Comeau, of the College, at Bathurst, arrived in town yesterday and will spend the summer in and around Digby County, visiting relatives and friends.

Mrs. C. R. Sypher returned last week from Saint John, where she had been called by the death of her father. Miss Wilda Davis, who accompanied Mrs. Sypher to Saint John, will not return to Digby, having left on an extended trip to Vancouver.

Tomorrow the Salvation Army will hold their Home League Sale of Fancy Work and Home Cooking.

DIGBY, NOVA SCOTIA, FRIDAY, JUNE 26, 1931

VOLUME LVII, No. 47

The Millionth Ford In Town This Week.

The one-millionth Ford car made in Canada was displayed in Digby on Wednesday, by W. R. Harris, local dealer, and L. V. Windsor, of the Ford Motor Co. This car is a Town Sedan, finished in maroon, and is equipped with a Philco Radio.

The completion of the one-millionth Ford car made in Canada was made the occasion of a celebration at the plant of the Ford Motor Company of Canada, Limited, at East Windsor. Wallace R. Campbell, president, armed with a hammer and punch, stamped the serial number "CA-1,300,000" into the engine block and then drove the completed car off the assembly line.

The Ford Motor Company of Canada, Limited, which has been in business in Canada for 27 years, spent in Canada during the last ten years a sum aggregating almost \$300,000,000. On this huge total, \$95,000,000

was paid out in payrolls to the thousands of workers.

Another \$170,000,000 was spent in the purchase of materials and services going into the manufacture of the Ford car in Canada. This sum furnished employment to other thousands of workers in many industries. The company also paid in the last ten years to the government a total of \$30,000,000.

In addition, the manufacture by the company of Fords for sale in the British overseas Dominions brought new wealth in to the country. This trade last year resulted in expenditures in Canada of more than \$8,900,000, including \$3,200,000 for salaries and wages, \$4,175,000 for raw materials, \$200,000 for taxes, \$700,000 for freight and \$600,000 for ocean freight.

Under the present conditions in which we find our country it is interesting to note that every time a Ford car is sold it creates six to eight weeks' work for a fellow-Canadian in the Ford Motor Company of Canada, and for every ten cars a Ford dealer sells he has created one year's work for one man in the factories. Another interesting fact is that 75 per cent. of the cost of production of every car is paid out in wages to Canadians.

Miss Forsheimer is a guest at Lour Lodge.

TALK OF THE TOWN

C. E. Mount is having his residence on Birch Street, greatly enlarged and improved.

The ladies of the Digby United Baptist church are holding their annual garden party on Wednesday, August 12th.

The regular monthly business meeting of the Ladies' Aid will be held this afternoon, at three o'clock, in the Court House.

The Pines opened on Wednesday. All the summer hotels are now open with the exception of the Manhattan, and that opens on July 1st.

Clyde Height, of Barton, had a finger cut off in Thomas' mill, on Friday, just one week after his brother, Clarence, had three fingers cut off in the same mill.

The Digby General Hospital wishes to thank the Senior C. G. T. group, of the Bear River United Baptist church for the gift of a blanket comfortable and spread for the Bear River room.

The Hospital Sewing circle was entertained on Wednesday afternoon at the home of Mrs. C. L. Bowley, Mrs. H. L. Smith, Queen St., will be the hostess next Wednesday, and a cordial invitation is extended to all.

The Ladies' Hospital Aid acknowledges with thanks the receipt of \$15 from Robert Spurr and Walter Dittmar, this donation being the receipts from the presentation of the play, "Madame Majesty" in Deep Brook.

Middleton's big July 1st celebration is to include a track meet; baseball; aeroplane manoeuvres over the Athletic grounds at two o'clock, and flights all day; refreshment booths; meals served by the W. I.; and band music.

Last week George Wightman found he had one car too many. He took the spare car—a Sedan—to Capt. Morrell, of the Digby Garage, and presented it to him to be sold or otherwise disposed of, for the benefit of the hospital.

In a few hours tickets had been sold and the car had passed into the possession of Frank Robinson. The sum of \$50 was handed to the hospital.

The Salvation Army will hold its annual Sunday School picnic on Wednesday, July 1st, at Joggin Bridge. Cars will leave the hall at 9 o'clock. Everybody welcome! A charge of 10 cents will be made for those not belonging to the Sunday School. Brigadier Byers, of Toronto, will be in charge. An open air meeting will be held in the afternoon at 2:30; subject, "Picnic Religion."

The preacher at Grace United Church next Sunday will be Rev. Reginald Beach, of Annapolis Royal. He will also preach at Smith's Cove in the afternoon.

During the month of July the preacher will be Rev. R. S. Johnson, B. D. of West United Church of Canada, Toronto. He is exchanging during the month with the pastor, Rev. E. W. Forbes. His morning subject, July 5th, will be "Nation Building in Canada, the evening subject, "Co-laborers with God." Mr. Johnson and his family will occupy the parsonage and attend to all pastoral work.

On Thursday and Friday, July 2 and 3, Brigadier Byers, of Toronto, will have charge of the meetings in the Salvation Army Citadel. A prayer service will be held at 12:15 p.m., each day in the hall, and at 2:45 p.m. Bible Study in the United Church vestry. Thursday evening, at 8 o'clock, public meeting in the hall; subject, "Heaven to Earth and Return." On Friday evening a lecture will be given on "Crime, Criminals and Prisons." Brigadier Byers has had forty years' experience in prison work. Admission, 10 cents. Rev. F. E. Bishop will take the chair.

Moses Blinn and Miss Margaret Dugas were married in Church Point, on Tuesday. They motored to Digby returning to Church Point at night. While here they were the guests of Mr. Blinn's cousin, Mrs. George Muise.

Letters to the Editor

A Protest Which Is Fully Justified

To the Editor of the Courier:

Sir—May I occupy a little space in your paper to sound a protest against the want of politeness and disregard for people's property shown by some of the citizens of Digby in their travels through South Range and vicinity.

For a number of years farmers here have had their orchards entered by marauders of both sexes, and apples carried away by the bagful; one Digby Citizen was seen to have brought several meal or flour bags which he and his companions filled and carried away by car.

A few days ago a woman was seen to get out of a car with a bowl, evidently brought for the purpose, and go through a mowing field, evidently in search of strawberries; while a farmer has had to order out of his badly trampled grass, groups of Boy Scouts, searching for berries. Recently a truck load of young men, some of whom presumably were fishing, was parked in the roadway, and as church goers passed by they were faced with obscene writings and lewd drawings in the dust of the highway, while at the church a party of picnickers had monopolized the grounds.

The hunting season is even worse, sportsmen (?) seeming to have no regard for life or property.

These are only a few of many instances which do not speak very favorably for the politeness of townspersons.

One cannot feel that this is typical of all Digby citizens, as there have been a few polite requests on the part of the better classes, for use of property for picnics, etc., but to the careless, and often seemingly wanton, abuser of other people's property, this letter is addressed.

Such instances are not going to go unchecked in the future. A little politeness and courtesy costs nothing, wherever it may be directed, and also please remember, that personal liberty is permissible only when it does not infringe upon the rights of others.

Another Correspondent On the Shore Road

To the Editor of the Courier:

Sir—everybody will back up the sentiments of your correspondent, "Autobug", in last week's Courier. Let the Digby merchants tell you how many times every summer they are asked this question: "Where is the prettiest short auto ride we can take in an hour or less?"

It's dollars to doughnuts that their reports would total hundreds, and the reply would always be, "Why, the Shore Road to Point Prim, of course." IF—a big IF—the road were fit for anything but an ox team. IF the local authorities, or the road commissioners, or the county council would wake up. IF somebody had the nerve and the initiative to agitate the matter and keep it in the limelight until it becomes a public scandal. "Autobug" has started some. I hope he'll keep it hot.

He says that "This road offers some of the finest scenery in these provinces", and "It seems like poor business not to have this road in good shape". Garage men and taxi owners ought to be interested, for a good "shore road" would mean many and many a trip. What a delightful ride for an hour after tea!

A Reader

With the exception of the higher departments (now writing provincial examinations) the Digby Academy closed for the summer holidays on Friday, the staff returning to their respective homes: Miss Vera Mason, to Mahone Bay; Miss Ina O'Brien, to Noel, Hants Co.; Miss Dorothy Moses, to South Ohio; Miss Bertha Curry, to Wilmot; Miss Elizabeth McWhinnie, to Port Wade; Ellis Oakes, to Albany, Anna Co.

Betty—"I think I'll enquire what brand of tea that was we had at Wood Brothers' Tea Room."

Jana—"You needn't bother. I enquired some time ago and they told me it was Morse's Selected Orange Pekoe."

WHO'S WHO

(By Gee)

L. H. Newman

WHEN the time arrives to place the awards as set out in the competitive classes of the World's Grain Exhibition and Conference at Regina in 1932, L. H. Newman, Dominion Cerealists, will have completed the work assigned to him in this organization.

Mr. Newman is the chairman of the Awards Committee, and to him and those associated with him has been given the task of working out different awards, the classification for competitive exhibits and the hundred and one other things relating to competition which will make the 1932 world-wide event a successful undertaking.

Merrickville, Ontario, is the birth place of Mr. Newman. He was educated at the University of Toronto, receiving there a B.S.A. degree. He took special studies at the Iowa State College, the Cambridge University and Svalof, Sweden, in plant breeding. From 1905 to 1923 he was secretary of the Canadian Seed Growers' Association, being appointed Dominion Cerealists in 1923.

Disastrous Fire Sweeps Sand Point Terminals

West Saint John water front presents a desolate scene—a mass of ruins—the destruction of which amounts to approximately \$10,000,000, the Harbor Commission losing in the vicinity of \$3,500,000, which was not insured. The losses include sev-

enteen sheds, the immigration shed, the C. P. R. steamship Empress, the C. P. R. elevator, the harbor pilot boat Glooscap, a number of fishing schooners, a number of shing schooners, between 100 and 150 freight and refrigerator cars, some containing freight, a west side fire truck and several houses on Protection Street.

WORKERS AND WORKERS

One of the lessons which young people are slow to appreciate is that the capacity to do something better than others do is the key to unlimited success. Everywhere there are people who do their work in a careless, unenthusiastic fashion, who have never shown enough interest in their tasks to find out how better results could be accomplished. Such people are of no outstanding value to their employer. Some one can be picked out of the mob who can accomplish that task just as well. But the careful, observant, enthusiastic worker is always in demand. When someone is required for the big opportunity, he is there. He comes to the task naturally because he has been in training and can handle the task.

WHAT IS A COW?

Members of parliament now know what a cow is. They have been given an exact and scientific description of "the mother of prosperity," by Col. H. A. Mullins, livestock breeder and political wit from Manitoba. Hansard records the Colonel's little lecture, as follows:

Mr. MULLINS: Yes, I wonder if you know what a cow is? I have a clipping here and I will read it for the benefit of some hon. members opposite:

"The cow is a female—"

Some hon. MEMBERS: Oh, oh.

Mr. MULLINS: I have been asked foolish questions by some of those professional men on the opposite side, and therefore I want to read this article for their benefit. I asked one gentleman opposite a certain question in reference to a cow, and he looked at me with amazement and could not answer—no could not tell me which end of her got up first. So I am going to tell you what a cow is. This is an excellent article written by a student in a Minnesota college. I thought it was only right that some members here should know something about the cow so they would not ask such foolish questions about her. Let me proceed.

"The cow is a female quadruped with an alto voice and a countenance in which there is no guile. She collaborates with the pump in the production of a liquid called milk, provides the filler for hash, sausages and similar objects, and at last is skinned by those she has benefitted, as mortals commonly are."

"The young cow is called a calf, and is used in the manufacture of chicken salad, breaded veal and other uses of which no further knowledge is necessary."

"The cow's tail—"

I want you to know where it is mounted.

"The cow's tail is mounted aft and is a universal joint. It is used to disturb marauding flies and the tassel on the end has unique educational value. Persons who have come in contact with the tassel have vocabularies of peculiar and impressive force."

"The cow has two stomachs."

One of my honorable friends opposite did not know that she had two stomachs.

"The one on the ground floor is used as a warehouse and has no other function. When this one is filled, the cow retires to a quiet spot where her bad manners will occasion no comment. The raw material thus conveyed for the second time to the interior of the face is pulverized and delivered to the auxiliary stomach, where it is converted into cow."

"The cow has no upper plate."

Now, get that. I was asked by an honorable gentleman: How many teeth has she in her upper jaw? I said to him, "Don't you know?" Have you ever looked a cow over on the farm?" He said, "No; I looked over the fence at a cow and that is as near as I ever got to seeing her teeth."

The cow has no upper plate. All of her teeth are parked in

the lower part of her face. This arrangement was perfected by an efficiency expert to keep her from gumming things up. As a result she bites up and gums down."

He Wonders What's Coming Next

The Courier printed the following (or something like it) a few years ago, but a Seabrook reader has requested that we republish it, and we are doing so.

"I have been bawled out, balled up and held down; blackguard, walked on, cheated, squeezed and mocked. I have been stuck for war tax, per capita tax and dog tax, victory bonds, baby bonds, and the bonds of matrimony; Red Cross, green cross and the double cross. I have been asked to help the Y. M. C. A., the Y. W. C. A., the Salvation Army, the S. P. C. A., women's relief, men's relief, and stomach relief. I have worked stonewall, have gotten drunk—others drunk, gambled, lost all I had and part of my furniture, and because I won't spend or lend the little I earn and go beg, borrow or steal, I have been cursed and discussed, boycotted, talked to, talked about, lied to, lied about, held up, hung, robbed, damned and near ruined, and the only reason I am sticking around now is to see what in hell is coming next."

LITTLE RIVER

Miss Evelyn Denton, of Westport, has returned to her home after visiting her aunt, Mrs. Roy Trask, at Little River.

Mrs. Arnold Turnbull, who has been visiting her aunt, Mrs. Minnie Trask, has returned to her home at Digby.

The Philatelic Class met at the home of Mrs. Alfred Trask recently. A very enjoyable evening was spent.

Miss Georgina Denton left on Friday, via Digby, for Weymouth, to take the provincial exams.

Rev. I. D. Harvey, Mr. and Mrs. Bowman Collins, Rev. C. L. Chute and Hugh Collins attended the Association, at Westport.

Mr. and Mrs. Harrop (nee Blanche Trask) after spending two weeks with her parents, Mr. and Mrs. Roy Trask, have returned to their home in Halifax. They were accompanied by Mrs. Harrop's sister, Miss Doris Trask, who will remain a few weeks in the city, and also visit her aunts, Mrs. Fred Phalen and Mrs. Arthur Read.

Mr. and Mrs. McNeill and son Charles, have returned from visiting her parents at Oxford.

Hugh Collins has returned from Digby.

Mr. and Mrs. John C. Trask have returned from a trip up the Valley.

Mrs. Alonzo Morehouse, of Wolfville, has returned home for a week.

Those attending the Provincial examinations at Digby are Miss Verne Collins, and "B" and Margaret Kelley, Fred McD, Ardis Cheney, Gertrude Denton and Dorothy Thine.

Mr. and Mrs. Boliver and family have returned from a short visit to her old home in Bridge-water. Her sister returned with her.

What came very near being a drowning accident occurred on Sunday afternoon, when Elwood Denton, son of Mr. and Mrs. Clayton Denton, 9 years old, fell from the stern of his father's boat, lying at the wharf in front of his home. The screams of his little brother, Stanley, who was standing on the wharf, were heard by his father, who rushed into the water. He had great difficulty in reaching the little chap, who was being carried out by the swift tide and was going down for the last time. First aid was administered and he is now recovering from the effects.

Miss Ruth Cheney, who has been attending Normal School, at Truro, came home on Friday.

Mr. and Mrs. Byron Trask, accompanied by Ronald Trask and his cousin, Lila Trask, visited relatives in Berwick recently.

DRIVER OF AUTO FINED \$60

In the magistrate's court at Little Brook, Charles Doucet, of Church Point, pleaded guilty to driving a motor vehicle without a license, and was fined \$10 and costs. On a second charge of driving a motor vehicle recklessly and without due caution he was fined \$50 and costs.

Information on both charges was laid by Constable Rayne, after investigating an accident at Comeauville. Doucet's car collided with a sedan, doing considerable damage.

Closing Exercises of Saint Anne's College

The closing exercises of St. Anne's College, Church Point, were held in the spacious hall of the building last Wednesday afternoon and a large number of relatives and friends were present. The programme opened with a selection by the College Band, after which Father Robicheau gave out a list of prizes, which amounted to several hundred dollars.

A comedy in English was presented by the college boys. It was called "Peanut County Court," and it was greatly enjoyed by all those present. The cast of characters was as follows:

Judge Wigglebeard	F. Melanson
Cliff	O. LeBlanc
Lawyer Toppenbottom	P. Bourque
Lawyer Slipshod	E. Leane
Silas Milkweed	G. LeBlanc
Hiram Stubble	Ch. Aucoin
Luke Beezwax	D. d'Entremont
Oscar Shmultz	P. Boudreau
Jury—E. Gallant, L. Theriault, E. Comeau, A. Chaslon, E. Arsenault, Th. Belliveau.	

After the distribution of more prizes, and a selection by the band, another comedy in French, "Brouilles Depuis Verdun," was given, the following boys taking part: A. Duon, as Laval; P. Poirier, as Gaspard; G. LeBlanc as Mr. Ladouce; and J. Boudreau, as Concierge. The audience was kept in a roar of laughter during both these presentations.

There were four graduations with B. A.: Charles Aucoin, of Cheticamp, C. B.; Clarence J. d'Entremont, of West Pubnico; Edgar N. Farest, of Bourgeois Mill, N. B.; and Elderice J. Landry, of Moncton, N. B. The valedictory was given by Charles Aucoin, and Rev. Father Quelo, Superior of the College, in a very pleasing address, gave the graduates his expressions of delight, as well as those of his associates, for the manner the students had worked to accomplish their studies; and he expressed his best wishes for their future success.

Father Quelo paid a high and well deserved compliment to the School Inspector, Louis A. d'Entremont, for his zeal and interest in education.

In reply Inspector d'Entremont gave good advice to the four graduates, telling them to be always faithful to their

homes, their educational institutions and to their country.

The exercises closed with the band playing "Ave Maria Stella" and "God Save the King."

Among the many prizes given was one by His Grace, Edouard LeBlanc, Bishop of Saint John. This was the Honor Prize for the Seniors, and was awarded to Clarence J. d'Entremont. The Honor Prize for the Juniors, given by Ethelbert Hebert, of Woonsocket, N. L., was awarded to Guy Melanson.

A handsome medal, given by His Excellency, the Governor General of Canada, for Philosophy, was awarded to Raymond Melanson; and first "accessit" went to Charles Aucoin and second to Clarence J. d'Entremont.

Mrs. J. F. Cahan gave a prize in memory of her husband, the late Hon. J. F. Cahan, which was awarded to Jean Edmund, for greatest progress in French; and another medal, given by Dupuis Freres, of Montreal for excellence in French, was awarded to Edgar Farest. Another special prize, given by the St. Jean Baptiste Society, of Montreal, on Canadian history, was awarded to Louis Thibodeau. Several hundred books were given to the students as prizes in the various departments, and many of the boys left for home with their arms full of books and smiles on their faces.

OBITUARY

Mrs. T. E. Hankinson—Weymouth was greatly saddened on Tuesday, last week, (16th) by the sad news of the death of Gladys, beloved wife of T. E. Hankinson, of Middleton, formerly of Weymouth. She died very suddenly at the Soldiers' Memorial Hospital, in that town, after a brief illness of but a few days.

Deceased was the only daughter of the late Mr. and Mrs. J. G. K. Gates, of Weymouth, and resided there until she went to Middleton about seven years ago. There is left to mourn the sorrowing husband, and an only child, Helen, about two years of age; also four brothers, Harold, in Denver, Col.; Ephraim, Church and Perley, of Weymouth.

The funeral service was held at her late home in Middleton, on Wednesday afternoon, Rev. A. I. Higgins conducting the service, assisted by Rev. A. G. Pentz, of Aylesford, and Rev. Peter A. Walker, who had been her pastor in Middleton, the latter giving the address. The service was very largely attended, which bespoke the popularity of the deceased, and the beautiful array of flowers testified to the high esteem of the many friends in that town. Interment took place in Weymouth.

Mrs. Hankinson was very active in the social, musical and church life both in Weymouth and at Middleton. Two weeks ago she was the soloist at the recital given by Professor Newn-

ham and other artists of the staff of Acadia College. She was a C. G. I. T. leader, teacher in the Sunday School, and a valued member of the choir of St. John's United church, Middleton.

The Courier joins in extending sincerest sympathy to the bereaved ones.

Miss Miriam Ruggles—One of the oldest residents of Weymouth, died last Monday afternoon (June 15), at the home of Miss Nellie (Minnie) Ruggles. She was a daughter of the late William Robertson and Sarah Cutler Ruggles, of Annapolis Royal. Miss Ruggles, who was born in Annapolis Royal 87 years ago, had lived in Weymouth for forty years, with her sister, Mrs. William Jones, who predeceased her two years ago. Since that time she has lived with Miss Nellie Morse. She was the last surviving member of a family of five children; and has no surviving relatives, but will be mourned by a large number of friends. She had been in her usual health until Friday, when she was taken slightly ill and never rallied, growing weaker all the time until the end came late Monday afternoon. The funeral service was held on Wednesday afternoon with interment in St. Peter's (Anglican) cemetery, Weymouth North.

Mrs. Charles Dugas—Mrs. Eunice Dugas, widow of the late Charles Dugas, an aged and respected resident of Weaver Settlement, was found dead in bed on Sunday morning by members of her son, Mosus' family, who resided with her. Mrs. Dugas, who was 86 years of age, before her marriage, was Eunice Gaudet, a daughter of the late Charles and Mary Gaudet. She is survived by two brothers, Theodore and Charles Gaudet, and by five children, two daughters, Mrs. Desire Belliveau and Mrs. Louis LeBlanc, of Weymouth; and three sons, Mosus, Thomas and Charles, all of Weaver Settlement. Her late home on Tuesday, Rev. Father Melanson officiating, with interment in St. Joseph's cemetery, at Weymouth.

DIED

Cooke—At Prince Albert Hospital, Saskatchewan, June 1921, Frederick Earl Cooke, aged 28 years, son of George Tuttle Cooke and the late Mrs. Cooke, of Ethelton, Sask., formerly of Weymouth North.

World's Grain Exhibition and Conference

Farmers Will Win \$210,750.00 in Prizes

The World's Grain Exhibition and Conference offers Canadian farmers an opportunity to share in cash prizes amounting to \$210,750.00. Comprised in 56 competitive classes, open to the whole world, are 1,701 cash prizes. A few of the major awards follow:

\$2,500 a first prize for 50 pounds of wheat 30 pounds of oats.
\$1,500 for 40 pounds of barley; 50 pounds of rye.
\$ 800 for 10 ears of corn.
\$ 300 for 30 pounds of peas; 30 pounds of flax; 20 pounds of clover.

With this splendid opportunity before them, Canadian farmers should keep a watchful eye on their growing crops. They should mark for special care those areas that appear most promising. It should be understood that all seed and grain samples, if they are not already selected, will have to be found in crops of this year. All exhibits must be received by the Exhibition authorities on or before March 1, 1932.

Of vital importance to the advancement of Canadian agriculture will be the winning of World Championships in 1932 by farmers of Canada. Their seed and grain exhibits must demonstrate to the World the quality of Canada's field crops.

Select the classes from the prize list most suited to the crop you grow, then select your samples from the best you have.

It is best to make your entry NOW. Your sample for exhibit must be in the hands of the Secretary at Regina on or before March 1, 1932.

Valuable information relating to the preparation of grain and seed for exhibit may be secured by writing to the Secretary of the Provincial Committee, World's Grain Exhibition and Conference, care Department of Agriculture, your own province.

Show what you grow and share what you know
On application, the Secretary, World's Grain Exhibition and Conference, Imperial Bank, Montreal, will send you prize lists, rules and regulations governing competitive entries and all other information.

For almost a quarter century General Motors cars have been owned and driven throughout Canada under every conceivable road and traffic condition. The varied experience of almost three-quarters of a million owners has directed and aided General Motors of Canada, Limited, in the improvement of all its cars. This has aided in the determination of body styles, types and appointments. It has increased factors of safety, utility and comfort. By interpreting the needs and wishes of this owner public throughout constant expansion and development, General Motors is able to build cars of well-rounded completeness.

And thus a vast and far-flung owner experience makes its contribution to the outstanding values in General Motors cars. General Motors contact with the public is through a splendid body of dealers... men of substance in their respective localities. These men sell and service General Motors cars because they, experts in the automotive field, themselves appreciate General Motors Value. They extend to you the advantage of buying on time payments through GMAC, General Motors' own low rate plan, and pledge your continued satisfaction with the General Motors Owner Service Policy. PRESENTATION

The meeting of the Ladies' Aid of the United Church was held at the home of Mrs. Wm. Morine, on Tuesday evening, with an attendance of 36. After the regular business was transacted, a programme was given with Mrs. Ralph Purdy as convener, as follows: Reading, "In God's Garden," by Mrs. Geo. Croscup; Duet, "In the Garden," Mrs. Lloyd Sanford and Mrs. Harry E. Harris; Reading, "A Nickel's Worth of Trying," Mrs. Milton Morgan; Duet, "Down by the River," Miss Harriet Marshall and Mrs. Ralph Purdy. At the close, on behalf of the Ladies' Aid, Mrs. Cress, the president, presented Mrs. Sawdon with a silver sandwich plate. Mrs. Sawdon was taken very much by surprise, but thanked them all. They are soon leaving for a new field of labor.

CHARLES PAYNE DROWNED

A drowning accident occurred at Barnes' Lake, about two and a half miles from Bear River, on Sunday afternoon, when Charles Payne, eighteen years old, son of James Payne, lost his life.

The accident occurred about 3 o'clock. Payne, Lester Thomas, Kenneth Rice and Stewart Jacques were in a punt, only a few feet from shore. Another boy, Cleveland Rice, a good swimmer, was swimming near the punt and took hold of it, while he joked with the occupants. Releasing his hold suddenly the punt upset throwing the four into the water. None of them could swim, and all would have perished had not Percy Durland, who occupies a cabin near by, come to the rescue. He succeeded in saving Thomas, Jacques and Rice, but was unable to save Payne.

Payne's body was found about five o'clock, about ten feet from the shore, in about six feet of water. Several persons witnessed the accident.

A mother, father, three sisters and one small brother are left. Much sympathy is felt for the bereaved family.

The funeral was held on Monday—a short service at the house, followed by service in St. John's church, conducted by the rector, Rev. A. W. L. Smith. Interment was in St. John's churchyard.

HENRY ROMAN'S PRIZES

Henry Romans, son of Mrs. W. M. Romans, is to be congratulated on receiving the following prizes from King's Collegiate, Windsor, where he has been a student for the past year: Governor-General's Medal for Manhood, Learning, Gentleness. Rotary Club Prize for Proficiency. Whitehead Cup for best all round boy in the upper school.

Silver Cup and Medal for Track Sports and Senior Aggregate; also two medals were won at Rothsay in the Track Meet there.

MASONIC SERVICE

There was a good attendance at the Masonic service in the United Church of Canada, on Sunday evening. Besides the members from The Keith Lodge there were good representations from both Digby and Annapolis. The speaker was Rev. F. W. Sawdon, and he was assisted in the service by Rev. E. D. Murray. Both the reverend gentlemen are members of the fraternity. The music was of a high order. Miss Harriet Marshall presided at the organ, and a Masonic choir furnished the singing. A solo by F. R. Harris was greatly enjoyed.

CHURCH MARKS ANNIVERSARY

The 20th anniversary of St. Thomas' church, at Annapolis Royal, was observed on Sunday with a special address by the parish priest, Rev. Father Leo Murphy.

A special feature of the anniversary was a dedication of the new pulpit, made of beautiful oak, the gift of churchmen in Halifax, and exquisitely hand carved by Joseph Francis, a Micmac carpenter of Lequille. The carving of the design of crosses is beautiful in workmanship and simplicity. Special music was rendered by the choir.

SHOW STRANDED, MANAGER DISAPPEARS

The Nova Scotia police are after the manager of the play "Show Boat," which played in Bear River a few days ago. After leaving here they went to Annapolis Royal and played to two fairly good houses, but the manager disappeared with the funds, leaving the company on the rocks.

A number from Digby and Annapolis Royal attended the Masonic service in the United church on Sunday evening last. The address was given by Rev. F. W. Sawdon and the choir was made up of male singers.

OBITUARY

Mrs. John Amos Fraser—There passed away, at the home of her son, Albert Fraser, on Thursday of last week, Mrs. John Amos Fraser, at the advanced age of 83 years. Mrs. Fraser was a member of the United Baptist church, Clementsvalle, and was highly esteemed by all who knew her. Her death came as a shock to her friends as she was only 11 days. Her husband predeceased her ten years ago. She is survived by two sons, Albert and Elder, of Pictou; and one sister, Mrs. Adeline Rice, of Bear River. Her burial took place at Clementsvalle, Rev. A. W. L. Smith, of St. Clements' Parish, officiating.

HOW LITTLE IT COSTS

How little it costs if we give it a thought.

To make happy some heart each day.

Just one kind word and a tender smile.

As we go on our daily way.

Perchance a look will suffice to clear.

The cloud from a neighbour's face.

And the press of a hand in sympathy.

A sorrowful tear efface.

One walks in sunlight; another goes All weary in the shade.

One treads a path that is fair and smooth.

Another must pray for aid.

It costs so little, I wonder why We give it so little thought;

A smile—kind words—a glance—a touch.

What magic with them is wrought.

YOUTH LOSES LIFE

Jos. Robicheau, aged 15, was drowned, and his cousin, Leo Robicheau, was near death when his attempts at rescue failed, on Sunday of last week, while the two, with Lawrence Saulnier, were at a lake near Meteghan. Attempting to reach a dory in the lake, Joseph, plunged in and began to swim for the craft, which was a considerable distance from land, but tiring quickly he called for help. Answering the cries Saulnier took to the water but was unable to reach his chum and he swam back, exhausted. Joseph Robicheau was the youngest son of Elie and Mrs. Robicheau, of Meteghan, and he is survived by his parents, two sisters and a brother. The funeral was held on Tuesday morning.

Very Sick, Had to Lie on Camp Bed
Say Life Goes to Taking Dr. Williams' Pink Pills (Tonic)
"When I was the age of twelve," writes Mrs. Wm. Armstrong, 265 Wentworth St., Hamilton, Ontario, "I was a strong, healthy girl, but between twelve and fourteen I became very sick indeed. I had to stay indoors just lying on a camp bed. One day my mother bought Dr. Williams' Pink Pills for me. Well I grew stronger and stronger and I continued taking the pills for two years and eight months and I can safely say that my life is due to Dr. Williams' Pink Pills."
Your daughter needs rest, good food, exercise in the open air, a hobby or interest—and if necessary, a good tonic.
You can get Dr. Williams' Pink Pills from any drug store. Do so at once. Price 50 cents a box. Or write to Dr. Williams' Medicine Co., Brockville, Ont.

WON GOVERNOR-GENERAL'S MEDAL

Mr. and Mrs. F. Melanson, of Weymouth, went to Halifax for the closing of Mount St. Vincent last week. They were accompanied home by their daughter, Miss Pauline Melanson. Miss Melanson won the Bronze medal presented by His Excellency, the Governor General, for excellence in music (instrumental and vocal). She was a post graduate in instrumental music and won graduation honors in vocal music.

One feature of the programme at the closing was the musical programme, in which Miss Melanson had an important part. An account of this part, in the Halifax Chronicle, reads as follows:

"The program of the 57th Closing of the Academy of Mount St. Vincent was one of the most brilliant in the history of the Institution. Talent, beauty, and grace marked every feature of the afternoon's entertainment. The musical selections—both orchestral and vocal—showed an excellence of technique that was altogether remarkable and a variety surprising as well as charming. The versatility of Miss Pauline Melanson

was especially applauded, when this young lady not only played a brilliant organ solo but sang two songs very beautifully, and in the second song played her own difficult accompaniment. Miss Melanson, moreover, was the accompanist of Miss Mary Burel, who possesses a soprano voice of remarkable quality. Miss Burel's first song, "The Lullaby" from Jocelyn, was enhanced by the violin obligato played by Miss Eileen Joyce. "The Wren", a difficult coloratura song, was sung by Miss Burel with ease. Miss Eileen Joyce, who plays first violin in the orchestra, gave two fine solos which were heartily applauded.

Man Missing Two Days Finds Himself

Considerable excitement was caused in town on Sunday and Monday by the mysterious disappearance of a man named Collins, who had driven his car from Bridgetown, left it parked near Point Prim Light, and then disappeared. It was thought that he had either fallen off the cliffs or thrown himself off. A great many people joined in a search for him. On Tuesday morning the Nova Scotia police again went to the scene for the purpose of questioning more of the neighbors, but on their return to their car found Collins sitting in the back seat. He was in a dazed condition and could not give a coherent account of his travels. The unfortunate man has since been taken to his home.

Mrs. Beeler Head of Annapolis Hospital Aid

The first meeting of the Annapolis Hospital Aid for the new Digby Hospital was held on Monday afternoon, at the residence of Mrs. I. R. Sutherland, when the following officers were elected:

President—Mrs. Murray Beeler
Secretary-Treasurer—Mrs. I. R. Sutherland.

The linen to furnish the Annapolis room has been purchased and the members will make and have ready to place this week several contributions of sheets and towels, which have been received. The work is meeting with a splendid response.

Douglas Syda, who purchased the Clinton house a few weeks ago, is having extensive repairs made on it.

Record Held By Digby Girl

Salmon fishing at Greenfield, Queens County, during the past week, has been excellent. Miss Kay Graham, of Digby, has broken the season's record so far with a total of four good-sized salmon and three grilse to her credit. On Saturday she landed the first salmon ever taken from Mountain Falls, a 14-pounder, which led its captor a hazardous chase of 200 yards, in which an oar was broken and the boat barely managed and kept right side up by the guide, Lewis Freeman, until the fish could be brought in. Miss Graham's father, F. A. Graham, has so far, taken three salmon and four grilse. Mr. and Mrs. Graham have arrived home.

The Annapolis Regimental Band conducted by Paul Yates, bandmaster, and Cyde Slauenwhite, assistant leader, will begin its weekly open-air concerts at the band-stand in Fort Anne Park, Annapolis Royal next Friday evening. This is the 13th year of these concerts which are continued throughout the summer, the cost being met by appropriations from the town treasury. They have been very popular and the town authorities consider the expense fully justified by the favorable advertising given the town, and the enjoyable entertainment afforded townspeople and visitors alike. Digby might profit by the example. Such concerts would draw far larger crowds here.
