Airman's Body Discovered Off Brier Island

Our Westport correspondent, Mrs. Randolph Gower, very promptly telephoned us Wednesday evening of the finding of the body of an airman, Walter Hamilton Lillie, of Newton, Mass., in the waters off Brier Island, about four miles from the village of Westport, by two shore fishermen, Captain Guy Thompson and Lou Bailey.

The headless body was badly decomposed, and was only identified by means of a pilot's license found in the pocket of the unfortunate man's leather coat. In the pocket, there was also a photograph, supposedly of himself. Because of its condition the body was buried at sea, weighted down with coal and other weights taken from nearby boats. The pilot's license in the man's pocket expired in May of this year.

According to press reports in yesterday morning's papers, Walter H. Lillie, a wartime pilot and salesman, had hired a monoplane at Boston on the morning of May 5th, and headed over the Atlantic Ocean. Evidently he knew the plane carried little fuel. When he hired the plane, Lillie said he was going to take "a short flight," but his uncle, W. H. Reynolds later expressed the opinion that he had flown the plane over the ocean until the fuel was exhausted, with suicidal intent.

LITTLE RIVER

William Denton, who has undergone two operations at the Victoria General Hospital, at Halifax, and after visiting his daughter, Mrs. Fred Phalen, a few weeks, returned home this week, accompanied by his other daughter, Mrs. Arthur Reed and her son and daughter.

Mrs. Freeman Smith and son, of Yarmouth; also Mr. and Mrs. Arch Thurber, of Freeport, were recent guests of Mr. and Mrs. John Trask.

The Westport fishermen who picked up the body of the airman and then buried it at sea, lost a chance of making a good day's wages. Banks and insurance circles have been looking for the body for identification purposes.

The Masonic Lodges of Annapolis Royal, Bear River and Digby, marched to Trinity Church, Digby, on Sunday evening last to commemorate St. John, the Baptist Sunday. A special sermon for the occasion, was preached by the Rector, Rev. A. E. Gabriel.

It is wise to bite your quarters these days—there are some money ones in circulation. We were victimized with one the other day, and we heard of a local store taking one in over the counter. These quarters, although battered, look like the real thing. They bear the image of Queen Victoria.

O Canada!

O Canada! Our home and native land!
True patriots love in all thy sons command.
With glowing hearts we see thee rise,
The True North strong and free;
And stand on guard, O Canada,
We stand on guard for thee.

O Canada! Where pines and Maples grow,
Great prairies spread and lordly rivers flow!
How dear to us our broad domain
From East to Western sea!
Thou land of hope for all who toil!
Thou True North strong and free.

Obituary

Mrs. Flora D. Shortliffe

On Saturday afternoon, June 18, Mrs. Flora D. Shortliffe, wife of Professor James Melbourne Shortliffe, head of the Economics Department at Colgate University, Hamilton, New York, was the victim of an accident which occasioned her death the following Tuesday morning in the Good Shepherd Hospital, in Syracuse, N. Y. Professor and Mrs. Shortliffe were driving towards Syracuse when it was noticed that the engine was running somewhat warmer than normally. Then a noise occasioned by a poorly adjusted fan belt which frayed to pieces developed. Instinctively and impulsively, Mrs. Shortliffe reached forward for the door handle; the heavy front door hung in the centre of the car, once unlatched, swung open and Mrs. Shortliffe was instantly thrown to the ground. Mrs. Shortliffe was the only child of her elderly parents, Mr. and Mrs. Howard Denton, of Little River, Digby County. She was educated in the public schools of that Province, at the Ladies' Seminary of Acadia University, and at the Normal Art School in Boston. She was a very successful school teacher and she was always a lover of small and unspooled children. Her artistic ability found expression in charcoal work, water colors, clay models, stencils, tooled leather, and rich oil paintings. For a time she was engaged in commercial portrait work. In June 1911, she married James Melbourne Shortliffe, then a graduate at Yale University. Mrs. Shortliffe developed a keen interest in diet and exercise. Despite rather serious physical handicaps, she was remarkably effective in gaining for herself an unusual degree of health and vigor. When active in public affairs, as in wartime relief in Hanover, N. H., and in the Home Bureau in Hamilton, N. Y., Mrs. Shortliffe's executive ability was evident and noteworthy. In the latter connection, she was largely responsible with the co-operation of others, in securing playground equipment for the Hamilton school children. As a home lover, Mrs. Shortliffe gave herself to the working out of dreams. She took joy in associating with her friends and neighbors and in giving help when it was needed. To her husband, Mrs. Shortliffe was a trusted counsellor, and a constant source of strength and assurance. Telegrams and letters came from all directions. Many friends travelling long distances to join in paying the final tribute of love and esteem on Thursday at three o'clock. The floral offerings were many. The service itself was beautiful in its simplicity and appropriateness. The Reverend Franklin D. Elmer, former pastor of the Hamilton Baptist Church, now of West Hartford, Connecticut, came gladly to speak words of comfort, sympathy and appreciation. Passages from the Bible, and Tennyson's "Crossing the Bar" were read by the Rev. Samuel Burhans, Rector of St. Thomas Episcopal Church. A

One thing holds firm and fast—
That into his fateful heap of days

Aaron Wright

Aaron Wright, of Clements, died at his home last Friday evening, after a comparatively short illness. Mr. Wright was 85 years old, was the son of the late William and Mary (Miller) Wright, and was born at Clements, Pictou Heights. He was the last of a family of twelve. As a farmer and mill owner he was well known in that section of the country. He leaves to mourn their loss, his widow, one son, Warren S., of Carleton, Yarmouth Co., and one daughter, Mrs. Ralph Long, of Clements Pictou Heights, and nine grandchildren. The funeral took place Sunday afternoon from the Clementsvale Church, Rev. F. C. Haynes, officiating. He joined that church on his 16th birthday and has been a faithful member ever since—was a deacon for over forty years, as well as a teacher in the adult class in the Sunday School.

ADVERTISING AND ADVERTISING

The other night we went into a well known restaurant, and, sat down at a table for a little "Mug-up". The waitress passed us a nicely printed menu card, from which we were to select our "gats".

The card was a four page affair, very attractively "gotten up", on the two inside pages was the printed menu; on the front and back covers were the advertisements of local merchants.

We wondered just how much these merchants paid for those spaces. We wondered how in they expected to get any results from this sort of advertising. We haven't doped it out yet.

Had it not been for the fact that we were printers and were admiring the "job" we'll wager that we would not have noticed the advertisements at all—the card was handed to us with the menu pages opened; we chose what we wanted, and—well, had we been anyone else, we doubt very much if we would have even given the front and back covers half a look, let alone read any of the advertisements.

Yet these same advertisements were designed to pay for the menu cards, and to show a little profit for the advertising promoter.

Strange as it seems, many advertisers bite at almost any advertising scheme that comes along—some far less practicable than this one we have described; others are real goods—and still more, in our humble opinion, absolutely worthless!

And yet, these same people, when they invest a couple or so dollars in their local paper, will put up a howl that "advertising don't pay" if they don't sell a thousand dollars' worth of goods with that same ad.

The Courier reaches 2,100 homes and each and every advertisement is read and digested with the news matter. Our regular advertisers have proven that statement to their satisfaction. Let us go back to the menu card again—possibly one person in six will read those advertisements and one in sixty will remember them after they leave the restaurant. One in six hundred might purchase something as a result. Compare this with newspaper advertising. You can't! There is no comparison!

A—"Do you know your wife is telling everyone you can't keep her in clothes?"

B—"That's nothing. I bought her a home and I can't keep her in that either."

PRACTICAL FORESTRY

To the Editor of the Courier,
Dear Sir—I have just received a letter from a country-loving Canadian, and as it concerns a matter of public welfare, I am handing you a copy of my reply to the same with the name left blank.

"Dear Sir:—

Your letter of the 11th. instant was forwarded to me in Toronto and caught me enroute to British Columbia. Your suggestion that I buy the 3,000 acres of forest area in Quebec for \$50,000 as an experimental forest reserve appeals, of course, very strongly to me, as you know it would, but "have a heart", man. I have already spent more than a quarter of a million dollars in my forest conservation work during the past twelve years. I have recently expended fifty thousand dollars in saving some of the Big Trees of Vancouver Island for posterity and am now enroute there to save another of these rapidly disappearing remnants of the once magnificent forest that crowded that Island down to its shores.

One man cannot do it all and I feel that the saving of these few remaining irreplaceable and priceless specimens of trees, trees that have been growing up to a thousand years or more, is more important than preserving the smaller growth in Quebec that can be replaced in a hundred years, such as I would desire to save both.

Cannot this paper company be induced to donate this small tract to the cause of forest conservation as a slight monument to the millions of dollars that they have removed from the former forests of Canada.

In case of the failure of this plea, the Government of Quebec should procure this tract. It would be a very simple matter to save that amount of money out of some of the unnecessary expenditures that Governments indulge in. If both of these pleas fail, which would seem to me is unthinkable in either case, then I appeal to some patriotic private citizen to donate this small area for the good of Canada and the Empire. It cannot, of course, be possible that I am the only man in all Canada who is willing to donate \$50,000 to the cause of forestry. If I am, then all I can say is that the forest situation is hopeless indeed.

If I had sufficient wealth I would buy up every acre of forest that remains in Canada and not allow another tree to be cut except under the most intensive, scientific forestry management, making slash disposal compulsory, before we lose our remaining forests by fire. I would employ the best practical foresters to be found and plant all bare areas that are not producing naturally, and are not suitable for other purposes than raising trees. If I had sufficient wealth to follow out such a program for five years I would by that time have become the richest man in Canada through the increase in timber values that will accrue before that period, as well as the greatest benefactor that this continent has ever produced; the former would not interest me, as I have ample for this world and money will have no value in the world to come, but to be a benefactor to humanity, physically and spiritually is my compelling thought from 6 a. m. until midnight of the six working days of every week. Please make these appeals at once and let me know the result. A letter addressed to the Empress Hotel, Victoria, B. C., will reach me for the next two weeks. Fraternally yours,

Frank J. D. Barnjum.
P. S. In order to save valuable time I have decided to make this an open letter to the press, leaving your name blank and thereby making it a public appeal at once.

LET'S GO HOME

Let's go home—the wand'ring starling
Has a nest he calls his own;
Put your hand in mine, my darling,
Let's go home.

Let's go home—I hear you calling
Far across the ocean's foam;
When the shades of night are falling,
Call me home.

Let's go home—to loved ones waiting,
And in waiting, dearer grown;
Place where love knows no abating,
Let's go home.

Let's go home—where Heav'n's blue ceiling
Seems to lift a higher dome—
Where the streams of life are healing—
Let's go home.

SHE LOST 18 lbs.

Here is a lady who writes:—"I am most thankful I saw your announcement 'Lose Ugly Fat'. The recipe she read about was such a simple one—just that almost magical morning dose of Kruschen Salts.
16 weeks ago to reduce weight. I then weighed 140 lbs., and now 122 lbs. I am anxious to get down to 112 lbs., and suppose I will be in time. Kruschen Salts have done me good all round. Am most thankful I saw your announcement 'Lose Ugly Fat'.—Mrs. V. W. C.
Unlike most salts, Kruschen isn't simply a laxative. When you take Kruschen Salts you not only stimulate your liver and kidneys to function naturally and perfectly, but you supply every internal organ, gland, nerve and fibre in the body with Nature's own revitalizing and rejuvenating minerals. Get a bottle of Kruschen Salts today, and take one-half a teaspoon in a glass of hot water every morning before breakfast.
Before the bottle is empty you'll feel ten years younger—eyes will brighten—step grow sprightlier—nerves steadier—you'll sleep sound, enjoy your meals, and after a hard day's work you'll be ready for whatever recreation—some million women already know all this.

ORGANIZATION OF THE HISTORICAL PAGEANT MAKING RAPID PROGRESS

Mr. Desire J. Bourque, who is producing the Digby and Annapolis counties Historical Pageant, has already started to organize and is meeting with great success.

Groups of the cast have already been organized in Digby, Bear River, Smith's Cove, Weymouth and Belliveau's Cove, and some of these have already had a rehearsal.

Mr. Bourque is more than pleased with the general interest shown in all parts of the two counties and predicts this Pageant to be one of the biggest he has ever produced.

The most prominent part in this Pageant is the Pageant Queen, and to name the Queen a contest is being held promoted by members of the cast in all parts of the two counties. Each group nominates their candidates and the voting is by ballot published in newspapers of the two counties.

A voting coupon appears in this issue, so save while you await the announcement of your local candidates.

PRAYER IN A JUNE GARDEN

Dear God, your roses bloom so very sweetly.

Your shadows lie so softly on the grass!

The very singing winds that try to pass

Must linger in this lovely place—

Completely.

Your presence here is felt, this tender garden

Is all your own, each fragrant flower head.

Is rising like Your voice. Each mossy bed

Is like a psalm that breathes of peace and pardon.

—AMEN.

AT HOME AT BEAR RIVER

A very lovely "At Home" was given on Tuesday afternoon, June 21st, at the pretty home of Mrs. Harry E. Harris. Friends adorned the reception room. Pink and white lupins centered the beautifully appointed table, at which Mrs. William Spurr and Mrs. R. B. Baxter presided. Mrs. Spurr was gowned in white satin and black hat and Mrs. Baxter was gowned in blue velvet and black hat. The rich lace cloth and handsome china and silver, made the table the focus of all eyes as the guests entered the dining-room. Here the guests were served by Mrs. Sam Parker and Mrs. R. Seamone. Mrs. Parker wore white crepe de chene and Mrs. Seamone, black and green crepe. Mrs. Norman McIntock, wearing blue chiffon, received the guests at the door. Mrs. Harris looked charming in a gown of white silk crepe. About 100 guests were in attendance in the afternoon.

The same evening a reception was given to Mr. and Mrs. Harry E. Harris in honor of their 21st anniversary. To the strains of the wedding march rendered by Mrs. F. Burridge, the bride and groom entered the room and received congratulations. During the evening music was given by Mrs. Burridge and Miss Harriett Marshall. Mrs. R. H. Purdy and Mrs. C. L. Blanchard presided over the tea cups. Mrs. Purdy was gowned in yellow velvet and Mrs. Blanchard was gowned in white silk. Mrs. Lloyd Sanford and Mrs. S. Parker, and Miss Olive Barr, served. Mrs. Sanford was dressed in yellow flowered crepe. Mrs. Parker, in pink crepe, while Miss Barr wore white flowered crepe. Others assisting were Mrs. S. Marshall and Mrs. Ford. Rev. C. L. SUNSHINE SUNDAY

The annual "Sunshine" Sunday of the United Baptist Church was observed last Lord's day. About fifty guests of the Church were conveyed by cars and occupied seats in the centre of the Auditorium.

A strong committee has been working for more than two weeks to make this service a success. More than eighty members of the congregation, who through age or other infirmity, were unable to attend the services regularly, were interviewed. Cars were provided by members of the congregation to convey the guests to and from the Church.

A committee consisting of J. L. Warren, Mrs. Lottie Roop, Mrs. Boyd Rice, Mrs. J. H. Cunningham and Mrs. Carl Miller, welcomed the guests at the Church. A sermon of special interest to the guests was preached, touching the great theme of Life, Death and Eternity. The ordinances of the Lord's Supper was observed at the close of the service, more than a hundred taking part. This annual service was first suggested by Mrs. Lottie Roop some years ago, and has become an event in the lives of the aged and shut-in of the congregation. It is suggested that the last Sunday morning in June be definitely set aside for this purpose each year. Many who were present at the service last year were missed. Several have been called to higher service during the year. Among those unable to come this year was Mr. Judson Chute, the oldest male member of the congregation, who was too ill to be present.

LUMBER SCHOONER LOSES RACE TO BEAT TAX

Losing in a race to reach port before the new tax on lumber became effective the three-masted schooner Minas Prince, Capt. W. H. Smith, arrived yesterday at Boston from Alma, N. B. Southwesterly winds and foggy weather delayed the vessel. On Monday she was off the Isles of Shoals but was unable to make headway. The vessel much lumber. Delay in arriving cost the consignees \$1392, the amount of the increase in the tariff on the lumber. There is no duty on the laths. The cargo is consigned to a Neponset firm.

Other lumber carriers from the Provinces which have not arrived are the schooners Ena Parsons and Vilda A., from Apple River N. S., and the Mary B. Brooks, from Weymouth, N. S.

The schooner Frank Brainerd, from a Nova Scotian port for Boston, put into Eastport and made formal entry before the tax on lumber went into effect (Boston Globe, June 23, 1932.)

Peckem: "But my dear, I'm sorry to say you lack the courage of your convictions."

Mrs. Peckem: "Now, what in the world do you mean by that, Henry?"

"You say there's no use talking, then you go right ahead and talk some more."

40th. ANNIVERSARY OF SALADA TEA COMPANY

Forty years ago this month in an unpretentious little building on Front Street in Toronto, the Salada Tea Company packed its first pound of tea. Founded in 1892 by the late Honourable Peter Larkin, the business progressed very rapidly and by 1895 a branch had been opened in Montreal. Two years later the United States market was invaded and an office opened in Buffalo.

In Eastern Canada, as elsewhere, growth in popularity of "SALADA" Tea came quickly. From Quebec its fame spread to the Maritime Provinces where 'quality' in tea is considered above price, thence to many foreign countries.

New enlarged tea blending and packing warehouses at the focal points became necessary long in advance of anticipations. To-day, three of the largest and finest warehouses in the world, devoted exclusively to the packing of tea, stand as a memorial to the founder—located in Toronto, Montreal, and in Boston (the scene of the memorable tea party which precipitated the Revolutionary War.)

The Canadian market was then controlled by China and Japan teas—the largest sale being China tea of poor quality. These teas were being sold from chests, exposed to air, dust, dampness, foreign odours, and so forth, all detrimental to the quality of tea. In England, which was, and still is, the greatest tea-drinking country in the world, Ceylon and Indian teas of fine quality had practically displaced China teas, and it occurred to Larkin that Canadians also would prefer these finer teas. He consequently introduced a Ceylon and Indian blend to this Continent.

He then conceived the idea of packing it in metal packages, in order that it would reach the consumer intact, with its flavour and quality unimpaired by dampness, store odours, etc. This step revolutionized the tea market on this continent.

He sought a name for his product and decided on "SALADA" which was the name of an old Indian tea garden. All that was left now was to tell the public about it. He wisely decided that the quickest and cheapest way to do this was by means of the newspaper. The result was so gratifying that he continued to use the newspapers as his chief advertising vehicle from that day.

He strove always to give the public the finest quality tea he could at the price and then advertise it for all he was worth. His achievement is the largest package tea in North America.

JAIL AND FINES FOR SETTING FOREST ABLAZE

The teeth of the forest protection laws are clamping down this year on those who carelessly burn the timberlands. Many fines of \$25, and costs have been imposed on fishermen and jail sentences have also visited those convicted of reckless conduct. The Canadian Forestry Association states that education in respect to fire precautions has won over the great majority of Canadian citizens, but there remains a minority that insists upon defying the provincial laws and the rights of others.

The bridegroom was embarrassed; the bride was self-possessed.

"If it were only over!" he whispered, excitedly. "I know I'll do it wrong."

"It won't take long darling," she answered, consolingly. "You haven't much to say."

Suddenly there came to the ears of the bridegroom the voice of the minister.

"Kindly change places with the bride."

The bridegroom tried to do so, but stepped on the toe of her shoe, and, raising his arm, caught his cuff button in her veil.

"Do be careful!" she implored. The minister began the ceremony. The bridegroom became more and more embarrassed.

"If any person knows any just reason," said the minister, "why these two should not be joined together let him speak now or forever."

"I will!" shouted the bridegroom.

Tom—"If you are in doubt about kissing a girl what do you do?"

Jim—"Give her the benefit of the doubt."

THOUGHT FOR THE WEEK

Keep a little smile. For friends who have the blues. Keep a little cheer, to give to those who lose. Keep a kindly word of cheer to drive away the sorrow. Keep a pleasant look And wear it all tomorrow.

Patriotic Sermon

On Sunday evening, June 26, the Rev. W. H. Forsythe, of Sandy Cove, delivered a very inspiring address to the congregation of the United Church at Centreville.

Basing his text on Proverbs Chap. 22, verse 28; and St. Matthew, Chap. 22, verse 21, Mr.

Forsythe, in part, referred to the Dominion, the birthday of which is celebrated this week; what it means to us as Canadian citizens and our duty toward it; also the influence of the United States on Canada through the medium of newspapers, magazines, radios, telegrams, travel, etc. Towering above all this, however, Mr. Forsythe reminded his audience, was the Church, the Torch of Life and Light, the Old Landmark throughout the ages, built on the foundation of Jesus' blood and, as the speaker said in conclusion, "Even though we render unto Canada the things which are Canada's we must render unto the Church the things belonging thereof: Loyalty, Devotion, Self Sacrifice and Service."

TORONTO MEN TO TOUR CANADA: ADVOCATING "BUY BRITISH"

Making his third trans-Canada motor trip, N. T. Bowman, of Toronto, passed through Digby, on Monday, enroute to Saint John. An ardent Imperialist and a United Empire Loyalist, he is carrying a double message on his car, "Buy British" and "See Canada First". Mr. Bowman, who called on the Editor on Monday, is accompanied on his distinctly Canadian venture by Mrs. Bowman, their son, Granville R., Mrs. R. E. Bosch and daughter, and a three-year-old Irish setter, Patricia. The party left Prince's Gate, Canadian National Exhibition, Toronto, on June 14, and motored through to Halifax.

The total mileage which he estimates will be covered is 10,729. The entire trip will be within the borders of Canada and the journey is being made in three parts. The first leg was from Toronto to Halifax and totalled 3,427. Campbellton was the first New Brunswick centre they visited.

The second jaunt is from Halifax to Vancouver and will cover approximately 3,209 miles. The final lap is to be from Vancouver to Ottawa, a journey of 4,093 miles. Mr. Bowman expects to spend two days at the Imperial Conference. It is hoped to complete the entire trip in from 53 to 60 days.

The Bowman party were the guests at "The Locusts" at Smith's Cove.

Kiwanis Clubs Celebrate Field Day at Pines Hotel

On Friday of last week, representatives of the Kiwanis Clubs of Halifax, Yarmouth, Liverpool and Digby, met at the Pines Hotel with their wives and friends, to celebrate Kiwanis International Field Day, and at the same time, opening this beautiful hotel for the summer season of 1932.

About 85 sat down to the mid-day luncheon. The morning and afternoon were enjoyably spent on the Pines Golf Course, deep sea fishing excursions, motor trips, and some enjoyed a dip in the Pines Pool.

There were about 150 persons in attendance at the banquet in the evening. Special features were vocal solos by Dr. L. M. Morton and Miss U. A. Gardner, of Yarmouth. V. C. Pothier, president of the Kiwanis Club of Yarmouth, presided over the gathering. M. C. Denton, president of the local club welcomed the guests, and spoke highly of the splendid service which had been rendered by the management of the Pines.

After the banquet, dancing was enjoyed in the lounge room of the hotel, music being furnished by the hotel orchestra. The meat was sponsored by the Kiwanis Clubs of Yarmouth and Digby.

Two new members, A. Douglas Cossaboom and E. A. Thornton, of Smith's Cove, were received as members of the Digby Club at their regular luncheon in the Kiwanis dining-room at the Pines Hotel on Monday. At this luncheon vice-president P. W. Holdsworth, District Trustee O. Wright and James J. Wallis read short synopses of the convention of Kiwanis International, now in session at Detroit, Mich. This city is the birth place of Kiwanis, and at this convention, Joe France, the first Kiwanian, welcomed the delegates. Harry Cochrane, of the Pines orchestra, presided over the piano at this luncheon. In the evening a number of the members of the Digby club met at the home of Kiwanian Churchill Sollows, where they spent an enjoyable evening. At 10:15 they tuned in on the Kiwanis Convention at Detroit.

We are holding over until next week a lot of country correspondence which owing to the holiday, we are unable to find room for.

Digby Academy Closing Exercises

The closing exercises of the Digby Academy were held in the Bijou Dream Theatre yesterday morning, with the pupils of the school and a large number of citizens in attendance. A. J. Dillon presided over the meeting, and introduced the speakers of the morning.

Mr. Boden gave a most inspiring talk to the graduating class of 1932, after which Geoffrey Dillon presented him with a very handsome smoking set on behalf of the Academy pupils.

F. C. Purdy, principal of the school gave an excellent detailed report on the year's progress for the school year 1931-32, which met with much applause. Over Half Town Taxes Collected

With 51 per cent. of the town's taxes for the year 1932 collected at the end of the tax discount period ending July 1, 1932, Mayor P. W. Holdsworth has expressed himself as very well pleased with the condition of things.

Not only has more than one-half of the taxes been collected to date, but the collections show an increase of \$1,164.51 over the same period of 1931, and this, in view of the so-called depression, and hard times, is indeed a surprise, and is considered a very good sign.

Horace Torrie Is Killed In Plane Crash Far North

Digby was shocked Tuesday when a brief message was received by G. E. Torrie, announcing that his son, Horace, had been killed in the Canadian north in an airplane crash.

Horace Torrie was 35 years of age and was employed by the Canadian Airways Ltd., as engineer. He was with that company for two years. Horace was a member of the Canadian air force during and after the Great War.

He was flying for a few years in Texas and had been on the government survey at Hudson Straits. He was with the McAlpine Exploration Company until that firm was absorbed by the Canadian Airways.

He was killed north of Fort Rae on June 30, and word was received at Winnipeg only Tuesday.

He was the last surviving son of Mr. and Mrs. G. E. Torrie, of Digby, and besides his parents, leaves one sister in Vancouver.

The Associated Press despatch story of the disaster, dated July 5th, is as follows:

Debonair Andy Cruikshank, a slim, straight Briton who knew the aerial byways of northwestern Canada as only a few men do, a war-time pilot, a hero of the spectacular MacAlpine party rescue in 1929, lies dead tonight in the treacherous Arctic he made his playground.

Intrepid Andy, whose name in northland air annals was linked with such famous figures as "Wop" May and "Punch" Dickens, died in his plane, as he knew he would, and two air engineers met death with him. They were Horace W. Torrie and Harry King.

Bodies of the three were found with Cruikshank's wrecked plane at Lake Mazenod, 200 miles south of the Arctic circle, on the air trail into—radiating from—Bear Lake. They had been dead five days, presumably killed instantly when their machine crashed into the side of a hill.

From Fort Rae, 60 miles south of Lake Mazenod, a courier and a Royal Canadian Mounted Police officer flew to the scene of the accident today. An inquest will be held, probably at Fort Rae, a settlement on Great Slave Lake. It is not known whether the bodies will be brought south for burial.

Cruikshank, 33-year-old master of every type of flying had been a pilot for 15 years. He served in France with the Royal Air Force and flew air mails in the United States and Canada.

His wife and two children were at Fort McMurray, northern Alberta radio post, when word of his death was received.

Torrie, 36, chief mechanic of Canadian Airways, Ltd., which employed all three men, was unmarried. His former home was at Digby. King's wife and three children were also at McMurray, southern base of flying operations into Great Bear Lake. His home was at Cadogan, Alta.

Crash of the Cruikshank machine occurred June 30, probably about dusk, during a light from Cameron Bay to Fort Rae. Visibility was poor and it is thought the pilot was flying low in order to follow landmarks when his plane struck the hill.

When Cruikshank failed to arrive at Fort Rae, a search was started. It lasted until today, when Pilot Walter Gilbert discovered the wreck. May, who flew over the route a few hours after Cruikshank, said he was forced down twice by poor visibility.

G. E. Torrie yesterday received word from Mrs. May, wife of the chief pilot of the Canadian Airways at Fort McMurray, to the effect that his son, Horace, would be laid to rest at Edmonton, Alberta, alongside of Andy Cruikshank.

Mr. and Mrs. Torrie have received many telegrams of sympathy from friends of their son, who came to such an untimely end.

Mrs. Tom Norris and small daughter, are spending the summer with Mrs. Norris' mother, Mrs. Harry Ross.

The Hospital Fair will be held on Wednesday, August 17. Kindly bear the date in mind.

The ladies of the Digby Hospital Aid acknowledged, with thanks the sum of \$2.00 received from the pupils of the Mount Pleasant School.

Silver Glades Hotel Has First Opening

The opening of Silver Glades, the new summer resort at Bay View, was celebrated on Wednesday evening, when Mr. and Mrs. James F. Hillman were "At Home" to the Kiwanis Club of Digby.

Guests other than members of the Club were L. Rider, of Philadelphia; L. M. Ellis, Lightkeeper at Point Prim; W. L. Holdsworth, H. H. Marshall, Julius Faust, Dr. E. DuVernet and W. W. Hayden. The beautiful dining-room was profusely decorated with Kiwanis colors, lovely flowers, and the American and Canadian silken flags gave an international touch to the scene.

Luncheon was held at 7 p. m. and for nearly two hours the Kiwanians and other guests made merry with music, song and at the banquet.

Kiwanian P. W. Holdsworth, the mayor of Digby, presided, and in a forceful address of appreciation, he extolled the beauty of Silver Glades, and the homelike hospitality of the host and hostess. He said that the new resort was not only an asset to Bay View, but on account of its proximity to the town, was also an asset to the town of Digby.

In moving a vote of thanks, Alfred Boden spoke of the beauty of the name "Silver Glades," derived from the magnificent grove of Silver Birch where nestle several attractive cottages. He praised both Mr. and Mrs. Hillman for their initiative, their vision and their courage in building such a magnificent resort. They are spending their money, he said, at a time when money should be spent, and they have faith in the future.

R. H. Lockward, in a happy vein, warmly seconded the vote of thanks, and on behalf of his fellow members expressed their appreciation. Frank Jones, K. C., added his tribute to the others and placed "Silver Glades" in the front rank among the beautiful resorts of Digby County.

James F. Hillman, replying on behalf of Mrs. Hillman and himself, said it was one of the happiest moments of his life. Kiwanis, he said, had for their objective, the promotion of the welfare of children, the most worthy objective in the world. He knew of cases where Kiwanis had helped when help was sorely needed. Kiwanians had brought joy in many a poor home and both he and Mrs. Hillman in turn were happy that they were able to give Kiwanis a grand and glorious outing.

The happy occasion closed with singing of the National Anthem.

"We Build"

The Kiwanis Club, at its regular luncheon on Monday, at the Pines, had the pleasure of hearing Dr. Blauvelt, of London (formerly of Nova Scotia and now visiting Digby). He took his hearers on a holiday tour of Europe leaving London with a motor cycle and side car, arriving back in the same city, about four weeks later. His travels, after leaving London commenced at the Hook of Holland, and from there he traversed almost every country in Europe and was in many of the capital cities. He is a pleasing speaker and his descriptive powers are excellent; his hearers could almost visualize the word pictures of famous cities, historical and beauty spots.

The 32nd. Annual Convent of the Maritime Wholesale Hardware Dealers' Association met at the Pines Hotel on Tuesday, and Wednesday of this week, there being about 70 in attendance. This convention was the 11th, in which O. C. Jones, manager of the Pines entertained the Hardware men, and all were outspoken in the treatment accorded them by the general manager and his staff.

The annual meeting was held Wednesday morning at which the president, R. M. Bostch introduced the members and guests. Special speakers were J. A. Taylor of the Canada Metal Works, Montreal, and W. J. Lind, of the Glenmont Rope Works, Toronto. Officers elected for 1933 were as follows: President—Col. R. B. Simmonds, of Halifax; Vice-President—Walter Emerson, Saint John; N. B. Executive—John Neill, of Fredericton; N. S. Executive—Frank Sullivan, of New Glasgow and Roy Calkin, of Kentville.

The evening was spent in trap shooting and golf tournaments, for which many valuable trophies were awarded at Wednesday night's banquet. The convention was brought to a close by a dance in the Pines Casino.

Mrs. William Snow has opened her home, "Rambler's Rest" for the accommodation of the tourist travel, and hopes to get a fair patronage of the same.

HAVE WE FAITH IN DIGBY?

Never in our lives have we heard so much talk about the depression, about hard times, about the shortage of money. Never have we seen such a gloomy picture painted of the future of our town as some of the "depression artists" are now putting on canvas. From their talk one would almost believe that the summer hotels will be forced to close down before the first of August, and that next winter will find most of us starving to death, and appealing for help.

There is no doubt about it but that times are hard and that money is tight, but instead of weeping about our lot, can't we be a little more cheerful? We have said it before, and will continue to say it—so far Digby, in comparison with other cities, towns and villages hasn't felt the depression!!!

In this week's paper we are publishing a news item which states that the town's tax collections up until the end of the discount period of July 1st, were more than eleven hundred dollars in excess of collections over the same period of last year. To date, 51%—more than half—the taxes due the town have found their way into the town treasury, and the end of the fiscal year will no doubt show the town successful in gathering at least 97% of taxes due for the year, as has been the case for many years.

Yet, we continue to bemoan our lot!

Let's snap out of it and give ourselves a decent break. Let's not only give ourselves a break, but give our tradesmen, our hotelmen, our farmers and all with whom we come in contact day by day, a break as well.

We are all struggling with finances, most of us are up to our neck with business worries, but is that any reason why we should shroud from the house-tops that "so and so" can't last another three months? Is that any reason why we should help every person who undertakes some new enterprise in our town as the biggest d—f— on earth?

Since I have known Digby this hasn't been a new business of any kind start up in this town which has not been given at the most, six months to live—most of them have prospered, many of them have prospered, and most of us will come through this depression much the better for what is has taught us.

Show a little faith in the future of your town. If you can't do it any other way take a good dose of salts and move this gloom out of your systems.

STOP THE CAR

An Ontario newspaper carried a story recently of two serious automobile accidents which were caused by bees entering the cars and disturbing the equanimity of the drivers. They became confused and lost control of their cars.

To pay no attention to an angry bee or wasp buzzing in one's face, is not easy, but for a driver to remove his hands from the steering wheel to fight them off is a dangerous procedure. The following verse points to its own moral:

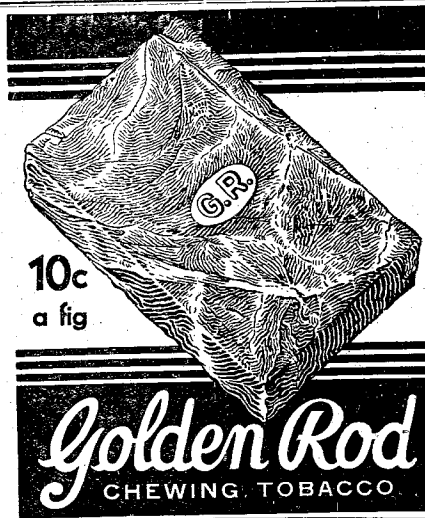

If a body meets a bumble
Driving anywhere;
If a body fails to swat it,
Let him then beware.
What's a tiny sting—oh! Markin!
From a frightened bee
To a broken head, ectetra,
And calamity.

Better to stop the car immediately, and then deal with the unwelcome intruder.

Thought for the Week.

And so in life, it isn't just
The money that you make,
The golden prizes that you win,
The records that you break!
It isn't these that bring content
And draw your happy smile.
It's just that you have done your best
And feel it's been worth while!

—H. R. Hardy

BORN TOO LATE

(Some Western Universities now accept farm produce for tuition.)

As a child I would drive to the general store

With a basket of cabbage or beans,

Or a spade or a shovel

Or a shirt or a pair of blue jeans.

A pumpkin would pay for a half

pound of tea.

A squash for a small wedge of cheese

And we bought all our rice and our

raisins and spice

With the fruit of the mulberry trees.

Though money was scarce in those

dim distant days.

And credit was not to be had.

We drew from the soil with laborious toil

The means to be nurtured and clad.

But little of Latin and nothing of Greek

I stored neath my tattered straw hat

No book-lettered lore could I get at the store.

For garden truck wouldn't buy that

But today the young person who

lives on a farm

Can cultivate onions and peas,

And store them away to exchange them some day

For a long string of college degrees.

No longer a yokel he needs to grow up.

Untutored and loutish and raw.

The wealth that is found in the good fertile ground.

Will school him in letters of law.

Too soon I embarked on my earthly career:

Although filled with exalted ambition.

The beans and the beans did not

To better my lowly condition.

Had potatoes and hay through a school paved my way

I might have been wealthy and famous;

But alas! They did not, and it must be my lot

To remain an untutored ignoramus.

—James J. Montague.

MY NEIGHBOR'S ROSES

The roses red upon my neighbor's vine.

Are owed to him, but they are also mine

His was the task, and his the labour too.

But mine their joy as well as his their loneliness to view.

They bloom for me and are to me as fair;

As for the man who gave them a his care

Thus, I am rich because a good man grew

A rose-clad vine for all his neighbor's view.

I know from this that others plant for me,

And what they own, my joy may also be.

Thus, I am rich because a good man grew

A rose-clad vine for all his neighbor's view.

25th ANNIVERSARY TO BE CELEBRATED

Steps are being taken to celebrate the 25th anniversary of the founding of the ranch of the Artisans Canadiens Français, at Comauville. The branch, which bears the name of Branch Ducharme, No. 339, was founded September 24, 1907. A number of prominent members of the locality, among whom were J. Willie Comeau, M. L. A., representative of the Executive Council; Sifroi Comeau, president of the branch; Symph LeBlanc, secretary treasurer; the Rev. Fr. Louis Comeau, Charles Comeau and Frank Comeau, along with Organizer A. F. Hache, of Meteghan, recently met at the home of Sifroi Comeau to organize the affair.

The vicar was paying a visit to the houses of his poorer parishioners, and in one of the houses he asked a good many questions about the family. A very grubby but very cheerful little boy attracted the kindly

EDITORIAL

This country is moving forward.

It is moving forward quietly and rather grimly, but with the same old steadfast courage.

It has, of course, done all these things before, both upon economic and upon other fields. Those who may have stood night after night with the patient British Infantry spattered with mud, tin hats and waterproofs glistening in the rain, quietly cheerful, waiting to move forward before dawn—they will not have forgotten, nor be surprised. They will remember the tags of little jokes that came to them, the splutter of a match, and glow of fags, here and there along the waiting columns.

As we then changed our methods of attack and protection to meet the ever changing needs, so are we doing today.

Those who then knew most about the old ways were often the first to devise the new.

Is not history repeating itself today?

Once again Great Britain and the Great Dominions will be meeting to plan a forward march together. Each will have its problems, each will need to give and take, so that the march can go forward with benefit to all and to each.

We have no doubts as to the results, for we have seen all this before.—(Paint.)

There are fewer railway accidents than motor car accidents, and it may be because the engineer seldom hugs the fireman.

Turning From
Tea to Tea

In an interesting interview given to the press in New York recently, M. Henri Camille, acting governor of St. Pierre-Miquelon, stated that the inhabitants of those islands are now drinking tea instead of wine, their customary beverage. They have turned to tea because of its economy and now they are finding tea as a beverage has many advantages to its credit. As long ago as 1780 A. D., Lo-Yu, the famous Chinese author, wrote that "Tea tempers the spirits, harmonizes the mind, dispels lassitude and relieves fatigue; awakens thought and prevents drowsiness, lightens and refreshes the body and clears the perceptive faculties." The St. Pierre people now have an opportunity to better acquaint themselves with these qualities of tea and in the future they will doubtless be among the world's greatest devotees of

the "cup that cheers but not inebriates." They are fortunate in being able to get an article like MORSE'S BLUE NOSE TEA, which is now becoming well known as the great economy tea, being a package tea of ever uniform quality selling on this market at 35 cents per pound package, thus combining dependability with low price. Some of the people there are even finding MORSE'S SELECTED ORANGE PEKOE an economical substitute for wines, for while it is the luxury tea, at 75 cents per pound the cost works out at only a third of a cent per cup. "The good old family tea of the Maritimes" (MORSE'S STANDARD TEA) is also able to fit into the scheme of family budgeting in St. Pierre, for this extremely popular tea sells at only 45 cents per pound package. This is the tea that makes 240 cups to the pound.

Obituary

Mrs. Stephen E. Outhouse

The community of Tiverton was greatly saddened on Thursday afternoon, June 30, at 5.30 o'clock, when they learned that Ermina H., wife of Stephen E. Outhouse, had passed to the Great Beyond. Though she had been ill a few weeks, her death was unexpected and a blow not only to her family and loved ones, but to many friends. During her illness she was tenderly cared for by her two daughters, Mrs. Earle Boushie and Mrs. Edmund Higgins. Eight weeks ago she returned home from a six months' visit with her son, Bryant Outhouse, Lynn, Mass., and daughter, Mrs. E. Higgins, at Contoocook, N. H., and mentioned not feeling well, to her family. As each day passed she grew weaker, and four weeks ago she was compelled to keep her bed. Through her illness she suffered very little, but mentioned often of being tired. Her four daughters, Mrs. Heber Outhouse, Mrs. Edgar Bates, Mrs. E. Higgins and Mrs. Earle Boushie were at her bedside during the last three days sadly awaiting the end. She was 64 years of age. By those who knew her best will the greatness of their loss be keenly felt. Her bright and cheery manner made for her many friends, and she will be greatly missed by her loved ones and friends, especially her neighbors with whom she was very friendly. All who entered her home be it young or old, would be sure to find a welcome. Her first husband, the late Simon Outhouse, was drowned just 32 years ago. Left to mourn the loss of a kind and loving wife, mother, grandmother, sister, and friend, are a husband, five daughters, Mrs. Heber Outhouse, Tiverton; Mrs. Edgar Bates, Freeport; Mrs. Frank Finigan, Denver, Colo.; Mrs. Edmund Higgins, Contoocook, N. H.; Mrs. Earle Boushie, Freeport; one son, Bryant Outhouse, Lynn, Mass.; one sister, Mrs. W. D. Bryant, Berlin, N. H.; seven grandchildren and a large circle of relatives and friends. The funeral took place from her late home, Sunday at 2 p. m., Rev. A. W. Akerley, of the Baptist Church, officiating. Hymns sung by the choir were "A City Four Square" and "Shall We Gather at the River."

Enjoyable Party
At Joggin Bridge

A very pleasant party was given at Sea Side Rest on Tuesday, in honor of Rev. C. L. Snow, the occasion being his birthday. An enjoyable supper was served by the hostess, Mrs. Margaret Foster. Outside guests included Mrs. Robert Cossett, Mrs. Dean Clayton, Miss Violet Cossett, Miss Helene Clayton, William B. Snow, Oscar Snow, Curtis Dexter, William Cossett. The evening was spent in playing games and other amusements.

Mr. C. Sommers, very feelingly rendered "Beautiful Garden of Prayer." Floral tributes were numerous and very beautiful. The pall bearers were four Odd-fellows of Rainbow Lodge; Herbert Outhouse, Irving Ruggles, Ellsworth G. Outhouse and Hubert Ossinger. Burial took place at Pleasant Hill cemetery.

Amy Mallette

There occurred at the Massachusetts Memorial Hospital, Boston, on June 26th, the death of Amy, youngest daughter of Mr. and Mrs. William Mallette, of South Range, at the early age of 24 years. Miss Mallette entered the hospital for an operation for appendicitis and relatives and friends anticipating an early recovery were all unprepared for the alarming complications which called them to her bedside and caused her untimely death. A resident of Boston for the last seven years, Miss Mallette was engaged in the nursing profession in that city and vicinity. She leaves to mourn their loss, an aged grandmother, Mrs. Ceretha Mallette, and three sisters, Miss Doris Mallette, of Boston; Mrs. Irving Thomas, of Quincy, Mass.; and Mrs. Leonard White, of Kemptville, Yarmouth County. Friends and relatives in the United States and Nova Scotia expressed their sympathy in a wealth of beautiful floral offerings. They will long remember her because of her kind and lovable disposition. Following a short service at the Eastman Funeral Parlors, Boston, on Monday, she remains were brought home and interred at South Range, on Tuesday, July 28th, the service being conducted by Rev. M. R. Ewing, of Weymouth. (Halt-fax papers please copy.)

Col. John C. deBalinhard Addresses Kiwanians

The Digby Kiwanis Club extended a hearty greeting to a former Digby boy at last Monday's luncheon when Col. deBalinhard appeared as guest speaker. "Jack" deBalinhard left Digby about 50 years ago with his parents, who took up land in Manitoba with the first pioneers. Later he followed the sea for some time, attaining officer's papers. The Yukon gold rush filled in a few of his strenuous years. He went through the South African War, and was overseas with the First Contingent in the Great War in 1914, was wounded and sent home, but on recovery organized and trained another Battalion and went back in command of it. Col. deBalinhard was in turn a pioneer, a sailor, a soldier, a farmer, and now a government official being Home-land Inspector for Saskatchewan. On the present visit he is accompanied by his wife (formerly Miss Jessie Stewart, of Digby), and his son and daughter. He gave his hearers much interesting information on farming and business conditions in the West, where dust-storms, drought and general depression are met with courage and perseverance, though eggs bring only 5 cents per dozen and butter is sold 3 pounds for 25 cents.

Dr. H. W. Kirkpatrick, of Halifax, will be at his office in Middleton, for treatment of diseases of the eye, ear, nose and throat, on Tuesday, July 19th, and Wednesday, July 20th. Glasses fitted.

STRANGE MESSAGE IN BOTTLE FOUND AT WHITE'S COVE

On June 26th, Austin Carty, of Sandy Cove, found on the Bay of Fundy shore, at White's Cove, on the Digby Neck, a bottle containing a strange message, which may have a bearing on some sea tragedy of many years ago. The message read:

Jan. 17, 1898.
Somewhere in the sea off the coast of Africa. Have just sighted land after 39 days and 40 nights. I have one loaf of bread and one pint of water. My strength is going fast and I don't think I will reach land.—Oscar Lawrence, A. B.

The message was written on the back of some ruled form, the paper, a little better than newspaper quality, had yellowed in spots. The message, written in pencil, is still quite legible, and the letters of the script, although quite uneven, are well formed.

The question is, was the bottle containing this message actually thrown into the sea by Oscar Lawrence, off the coast of Africa thirty-four years ago, and drifting across the seas until it was picked up a few days ago—if so, who was Oscar Lawrence? What ship did he sail on? How was he shipwrecked, and where? What a story of adventure might be told.

On the other hand, the message may have been written by some person who has been reading adventure stories, and likes romance.

Westport Girl In Heroic Act

Word has been received from Yarmouth of the heroism shown by Miss Vivian Gower, of Westport, in rescuing a young lady from drowning in the waters at Arcadia, one day last week. This makes the second life Miss Gower has saved with her swimming, in a year. Last summer Miss Edna Sage, of Saint John, who was spending her vacation in Westport, went beyond her depth while in bathing and was going down for the third time, when Miss Gower reached her, and although a dead weight, succeeded in bringing her ashore, where passersby helped to revive her. On this occasion Miss Gower had very much the same experience. She dove and succeeded in bringing the young lady to the surface, where with the help of Mrs. Willis Jayne she got her ashore in an exhausted condition.

Miss Gower, who is an excellent swimmer, is a daughter of Mr. and Mrs. Randolph Gower, of Westport, and is spending her vacation with relatives in Yarmouth.

YARMOUTH WILL HOLD
SECOND ANNUAL GOLF
TOURNAMENT

The Yarmouth Golf and Country Club will hold its 2nd. Annual Invitation Tournament, Thursday and Friday, July 28 and 29. Invitations are being extended to all members of Clubs in Nova Scotia, New Brunswick and Prince Edward Island. The Tournament is open to any amateur player of Canada and the United States, in addition to those players invited from the Maritime Provinces.

The Yarmouth Club will arrange a schedule of play to include events of social interest, the purpose being to make the Tournament of recreational interest rather than a pure test of golfing ability. The schedule of play will include events for both ladies and gentlemen, and an attractive list of 25 prizes will be awarded to the winners. An entry fee of \$3.00 will be charged, which will include the use of the Course for practice during the two days preceding the Tournament. Entry Forms may be secured from the Secretaries of all Clubs within the Maritime Provinces, or by addressing the Secretary of the Yarmouth Golf and Country Club.

It is expected that the entries will include the leading Maritime golfers together with many experienced players from Boston and New York. Both the Grand Hotel and the new C. P. R. Lakeside Inn are co-operating with the Yarmouth Club in arranging for the accommodation and entertainment of visiting players. The events of social interest will include a dance at the Club House on Thursday evening, July 28th, while the prizes will be awarded at a tea-dance in the Club House, Friday afternoon, following the completion of play.

The schedule of play for Thursday will include a Qualifying Round of 18 holes for all players, together with such special features as driving, putting and approaching competitions. On Friday, the gentlemen will be divided into three flights, the first to include the sixteen lowest scores of the Qualifying Round, who will play 36 holes at scratch for 1st, 2nd, 3rd, and consolation prizes. The second flight will include players having handicaps from scratch to 18 inclusive, who may fail to qualify for the first flight, and the third flight will include players handicapped from 19 to 36 inclusive who may not qualify for the first flight. Both the second and third flights will play 18 holes with handicaps, for 1st, 2nd, and consolation prizes.

On Friday the ladies will be divided into two flights, the first to include the 16 lowest scores of the Qualifying Round, to play 18 holes at scratch for 1st, 2nd, 3rd and consolation prizes. The second flight will include all players who fail to qualify for the first flight and their play will be 18 holes with handicaps, for 1st, 2nd, and consolation prizes. All prizes will be of a useful or permanent nature and the award to the winner of first flight play for both ladies and gentlemen, will be of special value. In addition to the prizes for the various flights, first and second prizes will be awarded for the Qualifying Round and also to the winners of the special competitions, Thursday afternoon. Consolation prizes will be won by the player finishing last in each flight.

On both Thursday and Friday will begin at 8.30 a. m. and follow schedule of Tournament Committee. Individual starting times of all entries will be posted in the Club House, in advance. All events will be decided by medal play as the Tournament limit of two days does not permit time for individual matches. The principal prizes in the first flights last year were won by Mr. Jack Harris of the Ken-Wo Country Club and Miss Kathryn Ladd of the Yarmouth Golf and Country Club.

Thousands Visit
Grand Pre

The Grand Pre Memorial Park was visited by many hundreds of people during the Dominion Day Holiday.

Intense interest was taken in the several flower beds and added landscapes ornamented by native flowers and shrubs from France, England and Scotland, all combining with Nova Scotia's own flora in giving the Park a real international complexion, bringing to mind in a striking manner, our pioneer history and the many heroic deeds of stalwart men from the various Nations represented in the Park's floral culture and artistic designs.

The Park has been described this year as the very acme of history pictured in flowers of rare beauty and charm. The designing of the new improvements are under the personal supervision of Mr. M. K. McQuarrie, D. A. Ry. engineer, the custodian of the Park, ably assisted by Mr. Drummond, an experienced garden architect with many years' experience in England and Scotland.

The flower beds of foreign origin are located as follows:—From Chateaufort, France, in memory of exiled Academics from Grand Pre who were established in new homes provided by the Government of France a short distance from the City is located near the Stone Cross, on grounds of the old Académie convent; the Orleans gift in commemoration of the historic Maid-of-Orleans, is situated near the Memorial Chapel, a short distance from the Evangeline Well. From Brouage, the birth-place of Champlain, the collection is to be found directly west of the Evangeline statue.

To reach the Brouage bed, the walk is flanked by rose bushes of the Wichuriana varieties, imported from Maidstone, England, consisting of Albice, Barbier, Saunders White, Dorothy Perkins, Hiawatha, American Pillar and Jersey Beauty bushes, all about four feet in height with bush and flowers at the extreme top.

Native Roses from Westham, England, birth-place of General James Wolfe; home town of Hon. Edward Cornwallis, founder of Halifax in 1749; Hugh Dickson roses from Edinburgh, Scotland; African marigolds from Scotland; and other collection of distinctive roses from Cornwallis, Surrey and Kent, England, complete the international collections, all of which combine in making an excellent array of foreign floral display.

Inside the main entrance on the Evangeline-Beach Road can be seen small beds of Bell Heather from Bannockburn and from Culloden Moor, on one side of the gate, and White Heather from Edinburgh, Scotland, on the other—their exquisite beauty is greatly admired by visitors.

A sundial in the centre of the main flower section of the Park is set up on an old granite millstone, donated by James A. Ross, of Newport, said to have been brought here by New England Planters soon after 1768, and which served as a part of a grist mill on the St. Croix River. Although it looks its old age, it is still in a good state of preservation. Another millstone near the main steps of the Memorial Chapel, donated by Mr. Dennison, of Grand Pre, is said to have come from the Acadian Windmill on Grand Pre Hill.

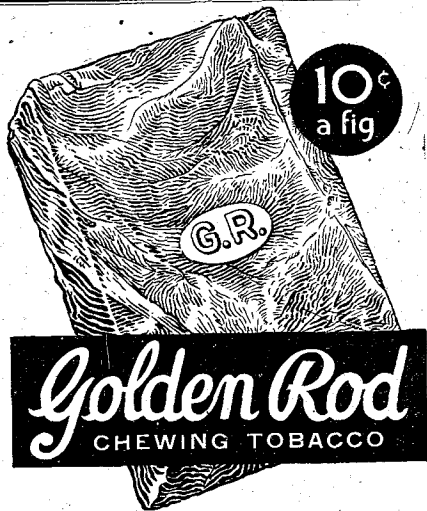

Expressions of appreciation of the Dominion Atlantic's excellent work in providing such a historic shrine, in the Evangeline Land, and of the free gifts of flowers from France, England and Scotland, were heard on all sides from the admiring throng of interested visitors.

It is possible that a man can be so changed by love that he could not recognize him to be the same person.—Terence.

"We were still
wearing bustles!"

said this charming lady, "when I first used Surprise Soap."

"I can remember that quite distinctly because we had just moved from the country into town, and that Spring morning I bought me a wonderful new dress complete with a stunning little bonnet and muffs to match.

"In the country, in my young days, we had always made our own soap, but once we came into the city my mother tried Surprise and after that she never boiled soap any more.

"She found Surprise much more effective and just as economical, and throughout the intervening years she continued to use it.

"From time to time she tried other soaps, of course, but always came back to Surprise. She found it gave clothes a better colour and lasted longer than other soaps.

"I use it in my own home to this day, and I find it excellent not only for washday but for cleaning paint work too. And Surprise is wonderful in the diaper and for a hundred odd jobs around the home."

"Quality first" was the policy adopted when the first bar of Surprise Soap was made in St. Stephen, N.B. This policy has never been changed and the quality has improved with advancing knowledge, keeping pace with modern requirements.

THE HOPE INDOMITABLE

King Hassan, well beloved, was wont to say,

When aught went wrong or any labor failed, he said:

"Tomorrow, friends, will be another day!"

And in that faith he slept, and so prevailed.

Long live this proverb! While the world rolls on,

Tomorrows fresh shall rise from out the night

And new-baptise the indomitable soul

With courage, for its never-ending fight,

No one, I say, is conquered till he yields,

And yield he need not while, like mist from glass,

God wipes the stain of life's old battlefields,

From every morning that He brings to pass.

New day, new hope, new courage! Let this be,

O soul, thy cheerful creed, what's With all its shards and wrack and yesterday,

Forget it, then—here lies the victor's way.

—Spectator.

THE TEAPOT ALWAYS ON THE STOVE

It is said that there are many homes in the Maritime Provinces in which the teapot is always on the stove. One of the characteristics of Maritime people is their fondness for tea and it is said that there are no better judges of tea anywhere in the world than right here in the Maritime Provinces. It is the last place in the world where poor quality teas will be tolerated. In some families devotion to the tea cup is so great that the teapot is always on the stove and the kettle always boiling so that a cup of tea will be available on a few minute's notice. People who use so much tea naturally think about the cost, particularly in times like these when the market for good teas has been high and money not as plentiful as formerly. These circumstances sent people looking for low priced bulk teas, but our discriminating tea users soon found the practice unsatisfactory—they found that they could not depend on a new purchase of bulk tea matching the former one in flavor.

To meet the needs of the times, J. E. Canada's oldest tea firm, J. E. Morse & Co., of Halifax, applied an experience of more than sixty years to developing a package tea that would at once be both enjoyable and uniform in quality and also meet popular ideas as to price. The result was Morse's Bluenose Tea, which is sold in grocery stores at 35 cents per pound, or 18 cents per half pound package.

Bluenose Tea has made quite a sensation among tea users, for it is a tea that any tea drinker can enjoy and at so low a price people are finding it no longer necessary to buy teas in bulk.

Morse's Bluenose Tea is pre-eminently the tea for these times, for it is the great economy tea, combining dependability with low price.

FUNERAL SERVICE

C. C. NICHOLL—Weymouth, N.S.

After two years' study of the proper equipment necessary for Digby Co. roads, we have modeled a Funeral Car that is adaptable to our roads at all times, practically similar to the cars used in the larger cities of United States and Canada, demanding instant recognition and traffic rights as a Funeral Car.

Our Equipment is valued today at seven times its value, eleven years ago, proving our continual growth. We are constantly adding new equipment as it demonstrates its value to the public.

We employ no agents, entirely soliciting patronage by the merits of our service. Prices are kept down to the minimum and our service the best, with transportation easily possible to and from any point in Nova Scotia.

Appointment of a trust company as executor in your will is the only way of permanently ensuring on your family's behalf the same unceasing attention to your affairs you have been accustomed to give them. Observe These Rules of Highway Safety

Already this year 404 accidents have occurred on the highways of Nova Scotia. In these accidents 224 persons have been injured and 14 persons killed.

These deplorable happenings continue to occur, despite the many improvements effected on our roads and numerous measures taken by the Department of Highways to safeguard the public. For your own safety, as well as the safety of others keep in mind the following simple rules:

1. Keep your brakes, steering gear and lights in perfect mechanical condition.

2. Keep on your own side of the road, and do not park, on Curves, Crests of Hills and Road Intersections.

3. Always signal with hand and arm before you slow down, stop or turn.

4. Remember that the vehicle on the right has the right of way.

5. In passing traffic be sure that the road ahead is clear. Never attempt to pass on a curve, near the top of a hill or at intersections.

6. When overtaken and signalled, pull over to the right and do not increase speed.

7. Always respect the rights of pedestrians.

Pageant Days Will Be
Children's Aid Tag Days

The object of the Children's Aid Society is: To protect children from cruelty and abuse, to care for friendless and destitute children, and to train them for good citizenship, preventing them from becoming criminals and wastrels, and also to teach their duties towards their children and create conditions in the home that will be uplifting rather than degrading. In order to attain these objects the Society seeks to provide suitable foster homes, and also see that everything needed for the normal development of the children taken as its wards is supplied. The child that is hungry must be fed, the backward one helped, and the sick must be nursed and receive medical attention.

From every point of view and on every consideration there is no more important work than that which the Society is doing. From the economic viewpoint the work deserves support. A child well-trained and nurtured is worth to the world as he is sent out into life \$15,000.00 in cash value as a useful member of society. He is an economic asset. On the other hand a criminal or a wastrel costs society, we are told, \$15,000.00. Good citizens are an asset in the country's wealth. Criminals are a constant financial loss.

The Children's Aid work needs funds. The cost of the maintenance of the wards, their board and clothing, is met by

the Municipality to which they belong, and the Provincial Government, the Municipality paying three-fifths and the government two-fifths. The other expenses are met by voluntary subscriptions, and grants from Municipal and Town Councils. The Digby County Children's Aid Society is arranging for a canvass of the town and county during July, and earnestly asks the support of the people so that the work can be carried on. Don't fail to deck yourself with a tag on the days of the Pageant, July 26th. and 27th.

A FEW PETTY THEFTS

There have been several petty thefts in town during the past week. The first took place in the Courier office sometime between Thursday evening and the opening hour next morning, when between 350 and 400 of the inside section of the Courier—the part containing the Pageant coupons—were carried away. The loss was not discovered until all the local and part of the Canadian mails had been done up and the staff was working on the American mail. To get our American papers away we did up a portion of that mail, using only a half of the Courier—four pages—and then we discovered that of the four pages which comprised the inside section, we still had enough type left to make up two pages and we were able to make up a six-page paper for the balance of the mail. Perhaps this would hardly be classed as a burglary; it was the act of some over zealous supporter of one of the Pageant Queen contestants, and it is unlikely that the party thought for one moment of the hole he was putting the paper in. Had he only taken 25 or 30 the loss would not have been discovered as a shortage of that size can be caused in a number of ways in the office; but 400—well our staff is too capable to have a "spoilage" of that size.

The next were genuine burglaries and they occurred sometime Saturday night, when Holy Trinity Church of England and St. Patrick's R. C. Church were both broken into in an attempt to get the "poor" boxes. In the first named case they were successful, but it is not known how much they got away with. St. Patrick's Church has been broken into on several occasions and the box in this case had been specially constructed. From the receptacle in the porch a pipe leads to a strong box in the basement, and all contributions pass through into this box. The thieves broke open the upper box, after smashing out a window sash to get in; then finding the pipe they smashed a basement window, but could not open the box. But a second box used for the priest's "dole" was carried away in its entirety, but they got nothing but the box, as it had been emptied shortly before.

Mrs. (Dr.) Arthur Casson and daughter, Barbara, of Truro, are spending the week-end in Digby, the guests of Miss Gertrude Oliver.

Major and Mrs. S. D. Ashford and two children, of Washington, D. C., left Thursday morning for Chester, where they will spend the next two weeks before returning home. Mrs. Ashford and the children have, for the past few weeks, been the guests of her mother, Mrs. J. D. Appleby.

Roy Small, of Tiverton, was a visitor in town yesterday. Mr. and Mrs. D. Handforth of Montreal, were among the recent guests at "The Elms."

When in town you really should drop in to the Rainbow Cafe and try our cooking—B. V. Bent, Proprietor.

Mr. and Mrs. H. P. Newcombe of Halifax, have been spending a few days at Harbor View.

Mrs. G. W. Connell will be the convener for the V. O. N. Tea on Saturday. The weather is stormy no tea will be held.

American Church of the Ascension and the American Library, Salvator Platz 1, Munich, Germany. July 10, 1932.

Dear Mr. Wallis:—

I have been bragging about "The Courier" for some months—but you capped the climax of courage and common sense by your editorial in the issue of June 24th.

My hearty congratulations!

We all know that the world is in a serious tangle—and that individually we are floundering altogether "in the soup." Your editorial clearly outlines the causes and definitely suggests remedies. More power to the Courier! I'm sorry I'm not in dear old Digby to drop in and shake your hand.

I'm learning a lot of things in Munich, but I'm homesick for our little cottage on the hill and for the restfulness and friendliness of Digby.

With kind regards and appreciation, I am,

Very sincerely yours,
Fred M. Kirkus.

Beginning Sat., 23rd. Miss Chisholm will sell the balance of Summer Hats at \$1.50 each.

Mrs. W. G. Parsons, of Middleton; Mrs. H. Parsons and Mrs. P. E. Appleby, of Boston, were recent guests of Mrs. M. E. Appleby.

Miss Dorothy Snow, who has been spending the past two weeks with her parents, Capt. and Mrs. Joseph Snow, returned on Friday to Lynn, Mass.

Mrs. J. Uhl and child, of Huntington, West Va., and Mrs. P. W. Moore and child, of Dayton, Ohio, are visiting Mrs. Uhl's parents, Mr. and Mrs. Millbury.

A window sign at The Little Art Gallery reads—"Whether as Critic or Customer you are equally welcome. Walk in." This unique little place is one of Digby's attractions.

Shelburne goes one better than Digby, which a few days ago reported 51 per cent. of taxes paid. Up to June 30, Shelburne had 60 per cent. of 1932 taxes in the town till.

Dr. H. B. Havey and son, Clinton, were recent guests at the home of B. Havey. The Misses Mary, Elizabeth and Frances Havey, who accompanied them, are making a more prolonged visit.

The Little Art Gallery, Digby, is exhibiting a superb collection of Typical Nova Scotia Scenes. Over 400 subjects, at prices from 10 cents to \$12.00, in sepia, black-and-white, or oil tints.

Miss Burns, of the office staff of McConnell & Ferguson Limited, London, Ont., one of Canada's largest advertising agencies, gave the Courier a pleasant call yesterday. She was enroute to Sandy Cove, Freeport and Westport to spend her vacation.

Robbie Morehouse, seven-year old son of Mr. and Mrs. Gordon Morehouse of Centreville, was seriously injured on Tuesday morning when he was thrown from the running board of a truck driven by his brother, Arthur. To avoid striking a car on the right side of the road, the driver of the truck steered too far to the other side of the road, and as a result Robbie was directly in the path of a telephone pole, in view of his position on the running board. His head and shoulder were struck in the impact and he was thrown to the roadway, rendering him unconscious.

DIGBY KIWANIS' HEAR NOTED SPEAKER

Digby Kivanians are congratulating themselves on the rare privilege of hearing Rabbi Maurice N. Eisendrath, of Toronto, at their mid-day luncheon at the Fines Hotel, Tuesday. The attendance at this luncheon was one of the largest since the organization of the club a little more than a year ago, several of the Digby business men not Kivanians, being present.

Rabbi Eisendrath, who is an associate editor of the Canadian Jewish Review, and holds executive positions with the Rotary Club, the Victorian Order of Nurses, B'nai Brith Speakers' Bureau, General Committee of Canadian Social Work, the Toronto Symphony Orchestra, Toronto Social Hygiene Council and numerous other public service organizations, spoke on the subject "The Human Family." He was introduced by M. C. Denton, president of the Digby Kivani Club, who presided over the meeting.

In introducing his subject, Rabbi Eisendrath gave a definition of the word "family"—he said that it included a larger group than just father, mother and children—a larger scope than "blood relations"—if, he said, we trace our ancestry back one thousand years, allowing twenty-five years to a generation, we would find our ancestry greater in number than the present population of the world. The Human Family, therefore, should include the whole world. He urged stronger ties between nations, races and religions.

He made reference to the Disarmament Conference at Geneva, which has been in session for more than six months, during which time not one battle ship has been scrapped. He told his audience that in the years since the war for every university or college established in Europe, five munition factories have been built. National jealousy is one of the roots of unrest in the world today, and until the nations cease to be jealous of one another, we will still continue to have this unrest.

During the luncheon music was furnished by Harry Cochran and his orchestra.

Charles Clinton, of Boston, is visiting his sister, Miss Mary J. A. Dunham, of Brooklyn, N. Y., who is here on his annual summer visit.

Obituary

Mrs. Leah Dittmars

The death of Mrs. Leah Dittmars occurred after a very short illness, at the home of her son-in-law and daughter, Mr. and Mrs. W. H. Spurr, at Deep Brook, at Saturday noon, July 9th, at the age of seventy-one years. Her passing has brought deep regret and sadness to the whole community. She was born in St. John's, Nfld., and was the last member of the family of the late Thomas Peter and Jane (Pryor) Withycombe. In 1890 she came to the rectory at Clementsport to visit her brother, the late Rev. John M. Withycombe. On May 24th, 1891, she married the late J. C. W. Dittmars and came to Deep Brook as a bride. The deceased was a valued member of St. Matthew's Anglican Church. She was a woman of beautiful Christian character, broad in her sympathies, deeply interested in everything that was for the best interest of the community. The services were held on Tuesday afternoon, at St. Matthew's Church, conducted by Rev. W. L. Smith, assisted by Rev. W. H. Turner, pastor of the Baptist Church. The pastor has said, in his remarks on these words, (II Timothy: 4:7): "I have fought a good fight, I have finished my course, I have kept the faith." The large gathering at the funeral and the many and beautiful floral offerings show something of the esteem in which the deceased was held. Surviving are two daughters, Mary (Mrs. Garnet L. Benson), Mountain Park, Alberta; Laura, of Deep Brook, with whom she made her home after the death of her husband; and four grandchildren. Two daughters predeceased her in infancy, also one son, Harold, a very promising young man, at the age of 16 years. Interment took place in the old cemetery of St. Edward's, at Clementsport.

The Upper Clements United Baptist Church will celebrate the 122nd anniversary of its founding tomorrow and Sunday. It is expected that there will be quite an assembly of the Baptists of this section of the province. A supper will be given tomorrow and there will be special services morning, afternoon and evening at which Rev. Dr. Warren will be the preacher. A history of the church has been prepared and printed in pamphlet form, and copies will be sold.

SARCASM IN BUSINESS

To meet some of the unreasonable phantoms of modern business a tit-for-tat method in the way of biting sarcasm may have a salutary effect.

It seems that a printer somewhere down in Texas got slightly peeved at a letter from a doctor who wanted bids on several thousand letterheads and statements, different sizes, different grades and paper and printed in various colors; with the request that the forms be kept standing for possible reprint orders.

So Mr. Printer diagnosed the case carefully and answered something in this manner:

"Am in the market for bids on one operation for appendicitis—one two and five-inch incision, with and without nurse. If appendix is found to be sound, want quotations to include putting same back and cancelling order. If removed, successful bidder is expected to hold incision open for about sixty days, as I expect to be in the market for an operation for gall-stones at that time and want to save the cost of cutting."—The Gablegram.

GOOD ADVICE

Economy is a good thing but it can be overdone. You must eat to be of any use at all, and you must read if you would have your life worth living. Do not cancel your subscription to your paper while you have the price left; other ways to economy will disclose themselves. One of our friends has taken to walking downtown, instead of riding. The saved ten cents a day pays for his reading matter, while the daily hike has improved his health.

And there's another side to the matter. If subscribers drop off wholesale, any journal will soon drop off too. With restored income you are likely to want your paper again. But periodicity is seldom resurrected, if ever. Better stay with the things that mean much to you. Anything that gives satisfaction, in this imperfect world, should be regarded as indispensable.—Exchange.

EACH NEW DAY

L. Weldon Mosher
Why wait until the years begin? Or build on birthdays yet to come; Or think of some far distant place With fairer fields to turn your face? Each morning will new life advance, And offer you another chance To raise your banners yet unfurled, And fling your challenge to the world.

So meet the day with open mind, A ready hand, which seeks to find Responsive hearts along life's way To brighten up another day. Be ready with your newest song To greet the friends who pass along, And with "good morning" in your eye, Give greetings to the passers by.

Each morning looks for changes new And alters all life's course for you; So you will only truly live If to each morn you learn to give The warmest love, the kindest thought, Which each new day to you has brought. So greet today—and play—and strive, And thank your God to be alive.

SCHOOL TEACHERS TOURING MARITIMES

The party of twenty Ontario school teachers who are making a motor tour of the Maritime Provinces, under the personal supervision of R. V. Earl, passed through here one day recently enroute to Yarmouth. They came to Nova Scotia via Quebec and New Brunswick. Their itinerary was arranged by R. W. E. Burnaby, Maritime Trade Commissioner at Toronto. While in Yarmouth they were guests at Braemar Summer Colony. They were met at dinner by the mayor, representatives of the Town Council, Board of Trade and the press. The next morning they were conducted to some of the beauty spots in the town, after which they left for Lunenburg and Halifax, on the way to Cape Breton and Prince Edward Island, and thence return to Toronto.

Married

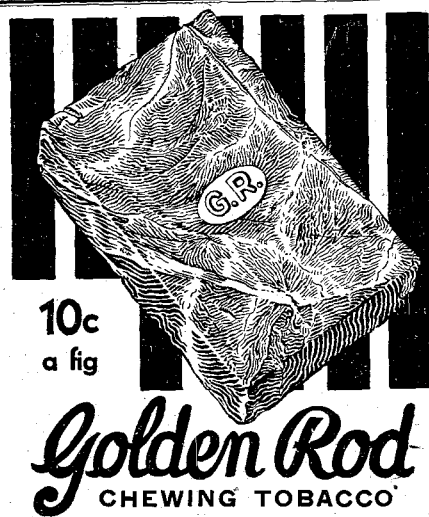

Sommer—Blackford
On Thursday, July 14th, Chester Owen Sommer, of Toronto and Luella Bishop Blackford, of Tiverton, were united in holy wedlock, Rev. Frederick Sommer, the groom's father, officiating. The wedding was at Tiverton, in the Baptist church. The day was perfect, the decorations were beautiful, the church was crowded with friends, and the ceremony was impressive. The couple marched in to the music, unattended, and after the ceremony, while the organ played appropriate selections, they received in the front of the church, the congratulations and best wishes of relatives and friends. Murray Small presided at the organ. After the wedding, the bride and groom, with a few of the near friends, repaired to the home of the bride's parents, Mr. and Mrs. Edward Blackford, of Tiverton, where an early wedding supper was served, just before the departure of the happy couple on a few days' honeymoon. The bride is one of Tiverton's most popular and capable young people, having been a teacher in her own province, and for the last five years an instructor in the Newington (Hartford, Conn.) School for Crippled Children. The groom completed his ministerial course in Church of Christ College, Toronto, last May. Both Mr. and Mrs. Sommer are well equipped personally for community service and expect to devote themselves to some form of such work with the church as its centre. A number of beautiful and valuable presents were received, besides letters and telegrams of congratulation from friends far away. Friends present from a distance included: Mrs. Walter Outhouse, Smith's Cove, and Mrs. Frederick Sommer, Miss Eldora G. Sommer, and Karl E. Sommer, of West Gore.

CELEBRATE GOLDEN WEDDING AT POPLAR GROVE, SASK.

Rev. J. A. Cairns, M. A., and Mrs. Cairns, Married Fifty Years; Tendered Banquet by the Community.

MARRIED

Cairns—Waters—At Bay View Presbyterian Church, Digby, N. S., on June 20th, 1882, by Rev. J. B. Logan, of Wolfville, N. S. Rev. John A. Cairns, M. A., of Upper Musquodoboit, Halifax Co., N. S., to Alice Waters, of Digby, N. S.

(Moosomin World Spectator)
The fiftieth anniversary of this wedding was celebrated at the Community Hall, Poplar Grove, Sask., on Monday afternoon by many of the friends Mr. and Mrs. Cairns have made since coming to live in Poplar Grove, 30 years ago.

The celebration took the form of a banquet given by the Community Club for which 125 places were laid and to which friends came from all the surrounding districts. The tables were prettily decorated with white and yellow roses and when the guests were seated, Mr. and Mrs. Cairns entered the Hall to the strains of the wedding march, played by their eldest granddaughter, Mrs. G. B. Henson.

After appetites had been satisfied by the delicious food and at the request of C. A. Phin, President of the Club, E. S. Hitchcock proposed and the company honored the Toast To The King, a suitable address and a beautiful bouquet of yellow roses were then presented to Mr. and Mrs. Cairns on behalf of the Club, by Mrs. John Bonar.

Mr. Cairns replied, touching briefly on some of the activities of the past 50 years and thanking their friends for the love and kindness shown himself and Mrs. Cairns.

Following his remarks, the company was addressed by Rev. C. B. Kerr, of Kennedy; Senator Gillis, of Whitehead; Rev. Mr. Rainey, of Napella; W. J. Patterson, M. L. A.; Rev. Mr. Bates, of Kipling; Rev. Mr. Pritchard, of Wawota, and Mr. A. E. Blunt. The ceremonies closed with a short prayer by Rev. A. M. Skeas, of Kennedy.

All persons joined in congratulations and best wishes to Mr. and Mrs. Cairns for a continuation of health and happiness in the years to come.

John A. Cairns, Jr., the eldest son, came from Teddington, Sask., for his parents' golden wedding, and E. Steele and Hugh McLeod, a friend of 45 years' standing, came from Macoun. Many messages and gifts were received from friends and relatives.

New Chapel at Church Point

The parish of Church Point is now erecting a memorial chapel on the site of the first church built in 1773, by Rev. Father Mathuron Bour, the first Acadian priest. This first church was destroyed by fire in 1800.

The site of this first church was on the extreme point overlooking St. Mary's Bay, opposite Petite Passage, near the present lighthouse. It is to commemorate the many souvenirs so dear to the hearts of the French people of St. Mary's Bay that Rev. Father Dreaun is directing the erection of the little church on the exact spot of the first church.

Fred Grey, of Kemptville, Yarmouth County, spent the week-end at the home of Mr. and Mrs. LeRoy Wagner.

Nevins Wagner, of Digby, spent the week-end at his home here.

Mrs. Jane Grant, of Weymouth, is visiting her brother, A. Cosman and Mrs. Cosman.

A number of people from here attended the funeral of the late Moody Mullen, at New Tusket, on Sunday. Much sympathy is extended to the bereaved ones.

CAN'T SOMETHING BE
DONE?

When the present town council was sworn in, we published an editorial urging that licenses to travelling amusement shows be made as steep as possible. We urged this because we, and a great many others realize that the majority of those who patronize the merry-go-round and such amusements are for the most part, those who cannot afford to do so—we also know that during the lean winter months that are to come, many of these same people will be applying to the town for help.

At the present time one of these amusement companies is in town—big crowds are in attendance every evening, and during their two weeks' stay they will take in hundreds of dollars.

We also understand that this company obtained their license from the Provincial Government, and that the town can do nothing in that respect.

Yet, to give as an example, we will cite one case of a young lad who told of going fifteen rounds on the merry-go-round in one day. This boy was dressed in rags, wore no stockings, and sneakers which looked more like holes, bounded by canvas and rubber. There is no telling how many ice cream cones and hot dogs this same lad bought during that one day—he probably spent on the amusement grounds more than his father could make in a day. How he got the money, we don't know. Yet, this winter the town will have to come to the assistance of the same family!

Isn't there any way this can be stopped? Isn't there something we can do about it?

As a postscript to the above, we might add that during the past week we heard someone remark that "why discriminate between the Merry-go-round and the Pageant?"—we could make some lengthy explanations but why go to the trouble of making comparisons between dime novels and classics?

DISCOVER ANCIENT CAR IN
MYSTERY HOUSE

When W. J. Mathers locked up his home in Toronto 17 years ago and departed for Vancouver, never to return, he left behind a symbol of the time, which was not disturbed until last week when an auctioneer entered the Mathers garage to find there an old 1909 model Cadillac. The Mathers home had been a place of mystery to its neighbors. No one ever entered and no one was ever seen to leave. Trees grew up, blocked the driveway, filled the yard at the rear and almost hid the garage. Last year Mr. Mathers died on the Western Coast and his estate had to be wound up. In the disposal of the contents of the home, it occurred to no one that the garage contained a "Sleeping Beauty," one of the most luxurious automobiles of its day. When discovered, the top and side curtains of the car were up, just as it had been driven in from its last trip. Under a coat of dust, the old speedometer boasted 3,570 miles. The steering wheel came up through the floor, almost at right angles, and the gear shift and brake levers were outside the body, on the running board. Under the hood stood the four cylinders, individually outlined, surrounded by their bright copper water jackets. Three of the four tires still carried air enough to support the car. When it was backed down the driveway a crowd of curious neighbours quickly surrounded it. An enterprising junk man promptly offered two dollars for it on the spot. "No, I think I'll keep it and have it put on exhibition," the auctioneer gravely answered.

"Crying," says a beauty expert, "brightens the eyes and restores youth to the face." It also has been known to provide a new dress.

DIGBY BUILT SHIP ENDS
DAYS IN BEDFORD BASIN

A few whitened bones of a once staunch ship—all that remains of a former Yarmouth white-winged flyer—lie high on the beach of Bedford Basin just above the narrows. But what a story those remnants could tell if they could just put the story of her wanderings and adventures in words.

In the shipping office at the head of Cunard's north wharf at Halifax, a dusty register of shipping shows that the "Annie Burrill"—that was her name—was launched in Digby in the year 1872 in the hey day of the Bluebonnet shipbuilding era.

For many years she ploughed through the seas and hardy Nova Scotians trod her decks. Wooden ships and iron men they called them—that was in the seventies when not a stancher barque sailed out of Yarmouth, her hailing port. She was the pride of her owner, William Burrill, Jr., also of Yarmouth, until in her declining years she was sold to the Norwegians.

Under the flag of Norway the "Annie Burrill" lumber-laden was abandoned by her crew and subsequently was picked up off Newfoundland by the late Captain J. A. Farquhar some 30 years ago. He towed her to Halifax and salvaged her cargo. But then the "Annie Burrill" was damaged too great to be repaired. She was denied the reward of a deep sea grave that she deserved and her shattered hull was left to rot on the shore.

Now children play over her few remaining timbers that once resounded to the boat-swain's shrill whistle and only the smell of dank seaweed is found in place of tar, molasses from the West Indies, lumber for across, and manifold cargoes in the commerce of the world when Canada was young and Nova Scotia had just entered Confederation.

In the first game Church Point had the better of the play until the 8th inning when something seemed to go wrong and they found, when the end of the session came that seven runs had been scored against them. It was not the fault of their pitcher, Quig, who has all kinds of stuff on the ball, as had Crooks, who pitched for the home team.

Week Days

The would-be office boy had brought testimonials from a clergyman and several church-women.

After reading them, the employer said: "We don't want you on Sundays, my boy. Have you a reference from anyone who knows you on week days?"

"What a terrible writer Potts is! He once sent a letter to Smithson, the grocer, asking him to send round some tomatoes."

"What happened?"

"Well, after Smithson had used it for a passport to France and Spain, and as a driving license in Italy, he played it on the piano."

ANNIVERSARY AT LYNN

Capt. and Mrs. Gordon Ross, of Lynn, Mass., formerly of Weymouth, celebrated their fiftieth wedding anniversary at their home, 33 Johnson street, Lynn, Mass., on July 6th. In the evening over 200 persons attended the reaffirmation of the wedding ceremony for Capt. and Mrs. Ross, in celebration of their golden wedding anniversary at Washington street Baptist Church, of which they have both long been actively identified. Mrs. Ross is active in the Women's Bible Class and the Women's Society.

The impressive marriage ceremony was officiated by Rev. Chester H. Howe, pastor of the church who gave the "bride and bridegroom" his blessing, wishing them many more years of marital happiness. They were presented with a purse of gold, and a marriage memorial and wedding souvenir in remembrance of the original marriage certificate by Rev. Howe.

An old-fashioned garden bower of hollyhocks and greens was a fitting setting for the couple who received the congratulations and good wishes of their hundreds of friends throughout the evening. Included in their other gifts were gold, a beautiful Bible, a bouquet of flowers and numerous cards. A pleasing entertainment programme appropriate for the occasion was presented by George Sykes who rendered "O Promise Me" and other selections. He was accompanied by Madeline Frizzell on the piano. Refreshments including a wedding cake were served by the board of the Key-stone class, of which Mrs. Ross was a member for many years.

On the return from his last voyage as master of the brigantine St. Vale Capital, Capt. Ross married Miss Augusta S. Newcomb, of Weymouth, who was then the village school teacher. They were married in Digby, on July 6, 1882, by Rev. Joseph Henry Saunders, pastor of the Baptist Church, and after living a year at their home were moved to Lynn, Mass., where they have lived for the past 49 years. Mr. Ross was engaged in the bakery business in Lynn for 45 years, having had a store on Summer street and on Market street. He has been retired several years. Mrs. Ross will be 74 on August 24th., and Capt. Ross was 79 on July 1st., last. He was born at Halifax, and is widely known among Oddfellows as one of the earliest members of Kearsarge Lodge. They have one son, G. W. Ross, attorney-at-law, of Vancouver, B. C. With his wife he is visiting at the Lynn homestead of his parents, having motored there for the Anniversary. Atty. Ross is a veteran of the World War, and has law offices at Lynn, before going to Vancouver to the important practice he leads there. Guests were present at the reception from Vancouver, Foxboro, South Hamilton, Stoneham, Lynn, and Swampscott.

TEA THE CHEAPEST
BEVERAGE

The supremacy of tea as the cheapest drink in the world, either alcoholic or non-alcoholic (water, of course, excepted) is absolutely unchallenged. It is a good drink and a pleasant drink; it is easy to make; it is produced by scientific methods and, because of its careful selection, a blend like Morse's Selected Orange Pekoe will produce over 250 cups to the pound. If one takes the trouble to make the calculation he will see that at 75 cents per pound package, the cost of this tea per cup works out at about a third of a cent. It is really a remarkable fact that the finest tea sold on the Canadian market at any price costs on the table so little as that. As people discover this the demand for Morse's Selected Orange Pekoe Tea naturally increases, for it is something worth while to be able to enjoy so great a luxury at so small a cost.

JOHN FARQUHAR LEAVES BEAR RIVER

After many years' residence in Bear River, Mr. John Farquhar left early this week to make his permanent abode at his old home at Hunt's Point, Queens County, N. S. He has been a good and active citizen, and will be much missed. At St. John's recent Garden Party, Rev. A. W. L. Smith presented Mr. Farquhar with the following address:—

It is with deep regret that we, your many friends of St. John's congregation, learn that you are about to leave us to return to your old home.

During the many years you have been with us we have learned to love and respect you. The active work of your dear wife and yourself for the Church and both love is fresh in our memory. She rests from her earthly labours while you carry on. You have ever been of service to the Church of St. John and to the Parish. For years Warden and as a member of the Vestry your work was marked by its foresight and exactness.

I do not need to say more. Your Church came first. You leave with the best wishes of your many friends, and with us remain happy memories of the past.

I take much pleasure in presenting to you on behalf of St. John's Guild a year's subscription to The Canadian Geographic Magazine. May it remind you of them and your Bear River Days.

We trust that you will visit us from time to time and renew the happy past.

GARDEN PARTY

St. John's Garden Party, the first local Garden Party of the season was held on Wednesday, July 13, at River View Lodge. Except for a strong breeze which interfered somewhat with the decorations of booths, the weather was ideal, and with flags flying, the music of the Annapolis Band and the summer frocks of the many guests, it was a gay scene indeed, and no place for "Old Man Depression," who only made his presence felt in the sales at the booths which were somewhat below usual.

The various booths were well stocked with attractive wares and the ladies of the Guild served a delicious supper of fresh boiled salmon salad, cold ham and potato scallop, etc., etc., to larger crowds than usual.

The members of St. John's Church and Guild are very grateful to their many friends for their generous help and support, and well satisfied with the afternoon's proceeds of \$182.00, which is wonderful under present conditions.

JULY 26th and 27th

WESTERN NOVA SCOTIA'S GREATEST EVENT

CHILDREN'S AID SOCIETY TAG DAYS WILL BE JULY 26th. AND 27th.

During the past year the Executive of the Digby County Children's Aid Society have met regularly each month and have carefully considered the cases of needy and unfortunate children that have been brought to their attention. The Society in Digby County has as its agent, Mr. Austin Robbins, of Yarmouth, who also is agent for the societies of the counties of Yarmouth and Shelburne. In the Yarmouth Society there are 130 wards, in Digby 81, and in Shelburne 29. Of the Digby wards 42 are in families, 13 with parents, 8 in institutions, and 18 in boarding-homes. The agent has general supervision of them all, and in some cases must give special attention. This is only a small part of the work. He is often called on to adjust

family troubles, and where children are concerned, to create conditions that will be helpful rather than injurious. It is not hard to see that he is a busy man. During the last year a careful inspection of all foster-homes was made by the agent, accompanied by a representative of the Provincial Society, from Halifax, and this lady, Miss Allen expressed herself as much gratified with the homes secured. The children show wonderful improvement in many instances. The agent tells of a family where four children were taken as wards from a home of indescribable poverty and degradation. The air was so foul in the house that the Police Magistrate, who accompanied him, had to leave the door open while in the house. These children were placed in good homes where they attended school and church regularly, and where the home training was of the best.

On a recent visit Mr. Robbins was greatly impressed with the improvement in manners and appearance.

The Society is making a drive for funds throughout the county in the next few weeks. Their present indebtedness is \$421.00. A Tag Day will be held in Digby on the 26th and 27th inst., and they confidently appeal to the public for continued support in the vitally important work that is being carried on. On Sunday the 17th Mr. Robbins spoke in St. Ann's Church, Harbor View Hotel, at Smith's Cove, and an offering of \$33.50 was contributed to the funds. He also spoke at the Baptist Church there, and will speak next Sunday in two of the Weymouth churches.

TRINITY PARISH BULLETIN

A very scholarly sermon on "Authority" was preached in Trinity Church on Sunday last by Rev. Fr. C. A. Simpson of the staff of the General Theological Seminary, N. Y. This coming Sunday the congregation will have the pleasure of hearing Rev. Dr. Moore, president of King's College, Halifax. Dr. Moore is recognized as an outstanding preacher.

The Services on Sunday will be as follows:
8 a. m.—Holy Communion.
11 a. m.—Matins and Sermon.
Preacher, Rev. A. E. Gabriel.
3 p. m.—Service at Marshalltown; Preacher Rev. G. Viets.
5 p. m.—Service at Rossway; Preacher, Rev. A. E. Gabriel.
7.30 p. m.—Evangelism and Sermon; Preacher, Rev. Dr. Moore.

On Thursday evening of last week the Junior W. A. of Trinity held a very successful Entertainment in the Parish Hall, about \$20 being raised for Missions. The program consisted of a little play, "When the Sun Stayed in Bed". The parts were well taken with no promptings from behind the stage. Those taking part were Mary Hayden, Hilda Winchester, Dorothy Winchester, Doris Winchester, Ena Robinson, Mary Baxter, Lillian Dumeke, Marie Winchester and Eleanor Baxter. The other numbers were as follows:—

Dutch Dance—Audrey and Marjorie Holdsworth, Mickey Cormack and Ena Robinson.

Lightning and Rafts Wreak Destruction.

One home with barn and out-buildings totally destroyed at Clementsport, Annapolis County, and several buildings struck in Digby County, electric light systems put out of business temporarily and washed out roads followed in the wake of the most violent and prolonged thunder, lightning and rain storms that has swept over this section of the county in years, which lasted for several hours on Monday morning.

Coming with startling suddenness, the storm blew in from the Bay of Fundy, and accompanied by torrential rain, the lightning continued for several hours. The vivid flashes hovered over the mountain ranges and illuminated the bay for miles and from 2 a. m. until 10 a. m. the terrific storm centered near Annapolis Basin.

At Clementsport the family of Avar Sanford were driven from their residence when a bolt of lightning struck the barn, which immediately burst into flames. Sanford made a heroic attempt to save his cows and was successful in bringing the three of them to safety, but the flames sweeping rapidly towards the house were soon devouring that building and by the time the mother and children were safely away the building was aflame, the house, barn and outbuildings all going. Their house with all contents was totally destroyed. Sanford's loss is heavy, with small insurance.

Mr. and Mrs. Ryder and family, who have been spending the three weeks at their summer home in Bay View, left yesterday for Philadelphia.

Piano Trio—Mary Hayden, Marjorie and Audrey Holdsworth.
Recitation—Mickey Cormack.
Songs and Drills by the entire group of girls.
Whistling Solos—Little Miss Sorrel.

On Tuesday of this week a Choir Benefit Tea was held on the lawn at Mrs. C. E. Turnbull's, and in spite of the dull weather a large number were present. Over \$30 goes to the Choir Fund as a result of this effort on the part of Miss Bessie Turnbull and her committee.

GOLD MINING IN NOVA SCOTIA

Considerable interest is being shown in the activity of the operations being conducted by the United Gold Fields of N. S. Limited, in their development work on the King Fissure Mine, in Queens County, N. S. The Main shaft (three compartment) has been carried to a depth of over 300 feet, and extensive drifting and tunneling has been carried out East and West of the main strike at each 50 foot level, where they have crossed from the main body of ore, and there is a distinct widening of the exposed veins with a continuity of commercial ore indicated.

At the 275 foot level, the Engineers crossed and carried their tunnelling for over 200 feet west of the main shaft, and a new vein was struck being 7 feet, 4 inches, being heavily mineralized and with a tendency to widen out at further depth.

Prominent interests from Montreal inspected the underground workings, accompanied by the Engineer of the Dept. of Mines, N. S. Government. Mr. J. P. Messervy on the 15th inst., and in his opinion there is now sufficient ore of commercial value in sight to warrant the immediate installation of a 50 Ton Mill, as there is a supply of ore on hand to keep a Mill of this capacity in operation for a number of years.

A determined effort is being made to establish this property on a real sound basis, and by the installation of modern machinery, and the application of modern ideas accumulated from the practical experience of present operating and profitable mines.

The success of these operations means a great deal to the Province of N. S., as it would bring about a revival of interest in the industry and would assist materially in bringing active interest in other deposits in the province.

The success of these operations means a great deal to the Province as the development of the natural resources brings about further expansion to kindred lines of Industry, and an increase to all lines of business in Nova Scotia; these in turn produce an increase in the revenue for the Government.

Opening Dance at the Jefferson Community

At last the surmises of a lot of people are put to rest. That new building near the Racquette Bridge, erected by Jesse V. Jefferson, is to be a combined restaurant, tea room, dance hall and service station, and it is to be opened next Tuesday evening with a supper dance. The building, which by the way, was designed by Mr. Jefferson, is a very attractive 2-storey structure, spacious, well-lighted and equipped with all modern conveniences. It is very prettily located and has a beautiful outlook over the Basin. The ground floor will be occupied by the restaurant, kitchen, office, rest rooms and service station and the second floor is the dance hall. The music for the opening dance will be furnished by a Halifax orchestra and the price will be \$1.50 per ticket. Mr. Jefferson intends to donate one-third of the opening receipts to the hospital. Gordon Burnham is to be the local manager and it is intended to have a dance several times a week—dates to be announced later.

Mr. Jefferson wishes through the columns of this paper, to thank the workmen engaged on this building. Realizing that the time was short, they devoted every energy to pushing the building along and now are just as gratified as the owner that the building is so near completion. Adolphus Condon was the foreman in charge of construction.

The Pageant Was A Huge Success

Tuesday night's performance of the Digby and Annapolis Counties Historical Pageant was one of the greatest successes of its kind ever produced in Western Nova Scotia. The Pageant, with a cast of over 300, was produced in the open air on the High School Athletic Field, under the direction of Desire J. Bourque, of the Bourque Producing Company, of Perth, Ont., and Moncton, N. B., and was under the auspices of the Kiwanis Club of Digby. The net proceeds are to be used for the Club's Underprivileged Children's Fund this winter.

The huge cast was drawn from all parts of the two counties, from Middleton to Meteghan River.

Father Time appeared in the opening scene, and throughout the Pageant read aloud from the pages of history a brief story of the tableau to be enacted—the Creation, the Red Man, the first White Men, the Pioneers and their fight with the Spirits of the Wilderness, fever, famine and death, the coming of the United Empire Loyalists, the founding of the town of Digby, the return of the Acadians to Clare after their expulsion, the division of Annapolis County into Annapolis and Digby counties, the call to arms, and many other things having to do with the history of the two counties.

There were also many dancing numbers and ballets, contrasting the old and the new. These were greatly appreciated by the audience, and received hearty applause.

Memorial Service For Three Aviators Killed In Crash

Touching Address Given at Memorial Service at Port McMurray, for Andy Cruikshank, Horace Torrie and Harry King, Killed in Plane Crash at Mazenod Lake, N. W. T., on July 1st.

The remains of Chief Air Mechanic Horace Torrie, (son of Mr. and Mrs. G. E. Torrie, of Digby), killed in a crash at Mazenod Lake, 80 miles north of Port Rae, N. W. T., on or about July 1st., have been brought out to Edmonton, and the funeral took place last Saturday, under both Masonic and Military auspices, the masonic ceremony being conducted by the officers of Edmonton Lodge, No. 7. A memorial service in honor of the three men who met death on this occasion—"Andy" Cruikshank, Harry King and Horace Torrie—had been held at Port McMurray a few days previously. Following is the address given on that occasion:

"Today we gather here to pay tribute and respect to the memories of those three men, 'Andy' Cruikshank, Horace Torrie and Harry King, who lost their lives recently in one of the world's greatest tragedies. Their loss is irrevocable to the world of aviation and will be mourned for internationally. Yet theirs is a glorious privilege for they will be counted among the pioneers in the history of aviation which is still in its infancy."

"Greater still they belong to that noble company of pathfinders who blaze a trail through to the ends of the earth. This north country will ever be indebted to the part they played in its future. No glorification of self, no note of boastfulness or blattancy, but a deep love of adventure and discovery doing just another day's work. In building the north they did not expect to see the happy ending themselves, theirs was only the far off glimpse of it. But you who are their kinsmen will think with pride that they were privileged to give their lives that through them it might remain an inheritance for the generations to come. This was all that matters, and for themselves home and little ones."

"My day was happy and perchance The coming night is full of stars."

"And yet up there amid the crash of stars, they did their work well, unwavering vision of the end to work for, with every quality of self-sacrifice and heroic resolve, going forth on their knightly quest of the north—following the Holy Grail of the great adventure."

"When we think of this we know that through the hopelessness of it all that

"Nothing is here for tears, nothing to wait or knock the breast—nothing but well and fair And what may quiet us in a death so noble."

"It was my privilege to know each man personally and what I shall say of each is garnered from my experience with them. Those who knew Pilot Cruikshank will feel conscious of a very great loss to aviation in its widest sense and not merely to the company he served. He was known and famed internationally."

Monster Fish Gives Two Men Hard Battle

Their 25-foot motor boat ripped along the gunwale and several large sharp teeth from the mouth of a shark as souvenirs of a thrilling battle in the Bay of Fundy, Wilson Munroe and his son, of Victoria Beach, returned to port with an exciting story of a desperate encounter with a huge monster of the deep, believed to be a man-eating shark.

Hauling their trawls near Gulliver's Cove, in the Bay, the two fishermen saw a long dark form rushing through the water towards their boat. Seizing a boat hook and a spear the two gave battle, but it was a desperate fight and in the contest the boat several times narrowly missed being upset, while the shark attacked it again and again, its strong teeth ripping away part of the gunwale. The shark, according to the fishermen, was longer than their craft.

Spear and boat hook were many times sunk deep in the black flesh of the huge fish but it was some time before the monster was finally beaten off and the two fishermen weary from their exertions, and with their boat battered, were able to return homeward.

United Gold Fields Have Producing Mine

The directors and officials of the United Gold Fields of Nova Scotia made an inspection of the developments on their properties, on Wednesday and carefully examined the new discovery on the King Fissure Mine.

Following this a special Directors' meeting was held for the purpose of examining the newly planned program, which calls for the installation of a mill on the property.

Recent assays made on samples taken from the new vein which was uncovered on July 19th, show heavy mineralization and continuity of high grade commercial ore, and a check-up of the tunnelling and drifting show an ample supply in sight and sufficient to keep the mill in operation for many years.

The officials of the Company were indeed enthusiastic about the splendid showing made by Mr. Winchester, Mines Manager, and his crew, and the element of speculation is now removed from the operations, as present showings indicate that here in Queens County, there is a real Producing Gold Mine in the making, and present plans call for immediate installation of the mill, and the directors are planning to have this in operation this fall.

FRIDAY, JULY 29, 1932THE SEVEN LEAN AND
SEVEN FAT YEARS

Vice-President Wilson of the Babson Statistical Organization, which has a large connection in Boston and other parts of the United States, is now in Montreal and in conversation with a newspaper representative said that "people of today who think that the depression is something extraordinary have only to look back to the days of Joseph and the seven lean years followed by seven fat years to realize that depressions have been going on since the dawn of time." Proceeding Mr. Wilson said: "There is nothing unusual about this depression, except that it is worst since 1890. Periods of over-expansion and re-adjustment have been going on for quite a few years now, and depressions have invariably been succeeded by good times. In the United States, we have had thirteen depressions during the last 113 years and prosperity will follow this crisis, as surely as night follows day."

Mr. Wilson thought the present depression was due to the war, which shot to pieces the people's sense of financial values, instancing the fact that stocks on the New York Exchange which had a paper value of ninety billion dollars in September, 1929, were worth the first of this month less than sixteen billions, a drop of more than three times the debt of the United States. Yet automobiles thronged the streets, the theatres are packed and people still have enough to eat and wear.

In concluding the interview, the Babson representative said: "I should not be surprised to see such a boom in Canada in some years time as seldom seen. This boom will not go the way of the Florida boom, because that was not backed by anything beyond an idea. Canada has every cause for extreme optimism."

THE SCHOOL BOY TELLS
WHAT AN EDITOR IS

Don't know how newspapers came to be in the world. I don't think the Good Lord knows, for He ain't got nothing to say about an editor in the bible. I think the editor is one of the missing links you read about and stayed in the bushes until after the flood and then came out and wrote the thing up and has been here ever since. I don't think he ever died. I never seen a dead one and never heard of one getting licked.

If a doctor makes a mistake he buries it, and people dassent say nothing.

When the editor makes a mistake there is a big swearing and a big fuss, but if the doctor makes a mistake there is a funeral, cut flowers and perfect silence.

A doctor can use a word a yard long without anybody knowing what it is, but if an editor uses one he has to spell it.

If a doctor goes to see another man's wife he charges for it, but if the editor goes he gets a charge of buckshot.

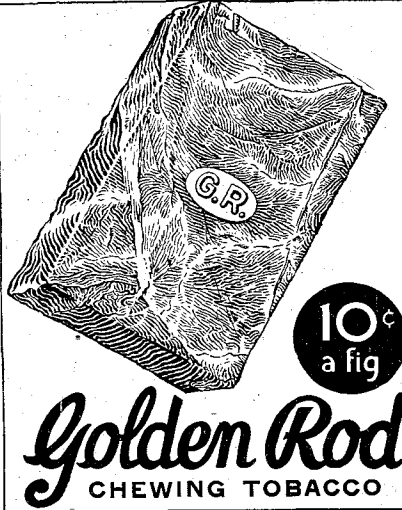

Any old college can make a doctor, but an editor has to be born.

A VISIT TO THE CANADIAN
CEMETERY IN ARRAS,
FRANCE

In the summer of 1931, it was my good fortune to be in Paris, and I determined to go to the Canadian Cemetery in Arras, and find the grave of my cousin, William E. Hayden, killed during the World War.

The whole experience was so satisfactory that it has been suggested it might bring solace to others, whose dear ones are somewhere "over there," to learn about it.

I went to the Travel Agency and told them what I wanted, and they made arrangements with the British Graves Commission in Arras.

Arras is about two and a half hours by train from Paris, and when we arrived an ex-soldier stepped forward and introduced himself. They had provided a car with an English speaking driver, and he drove us to the Cemetery about six miles away. The Cemetery is surrounded by maple trees, brought from Canada, and at the entrance is a tablet on which is inscribed: "This ground is a gift from France, forever." There are about 1200 graves, mostly Canadians, and each has a white marble stone brought from England, bearing a maple leaf in bas-relief, with number, name, regiment and date of death. Behind each stone is a larch tree and in front a bed of red phlox, white roses and blue mint. Then the grass, as beautiful in texture as a putting green.

Some stones simply have the word, "Unknown," but the loving care is there, and I felt as I turned away, I had left him in God's Acre.

THE HABIT OF BEING
HAPPY

Keeping oneself reasonably happy is a duty that ought not to be shirked.

Science is telling us these days that to get out of the habit of enjoyment is to get depressed in vitality and vigour, to weaken in efficiency, and to grow old before one's time.

There is nothing like laughter—not empty-headed laughter, but the intelligent, wholesome, kindly hearted kind—to keep people young and fresh and fit for business and the obligations of living. Of course, this is a prescription not easy to live up to always, but there is no reasonable excuse for not trying to do it.

Sometimes it is just about as easy to be happy as to be miserable, if one makes up his mind to it, and there is no doubt at all as to which pays the best.

Week-End Excursion

The Princess Helene from Saint John, arrived in Digby last Saturday morning with a passenger list of 250. The Canadian Pacific Railway ran a week-end excursion from Montreal at greatly reduced rates, and many took advantage of this to visit Digby and other points in Nova Scotia. Of the above passengers 135 remained in Digby. Some time ago the C. P. R. conducted a week-end excursion to Montreal from this Province, the return fare from Digby being \$8.00, and last week the low rates enabled many Montrealers to spend the week-end in the Maritimes.

The government of Austria collects four per cent. on race-track bets and this source of revenue nets the state treasury about \$2,600,000 a year.

WHEN ENGLISH FAMILIES
COME TO LIVE IN THE
MARITIMES

The English people are the largest tea consumers per capita in the world. Statistics show that they use almost 10 pounds of tea per head in the course of a year. They are known to have a very cultivated taste in tea and it is a significant fact that when English families come to live in this country, after trying out the various brands of tea offered in the stores, their choice invariably settles down to Morse's Teas. Another point about Morse's Teas is that they are blended to suit every purse and every taste. Morse's Selected Orange Pekoe Tea, the finest tea sold on the Canadian market at any price is 75 cents per pound package. Morse's Standard Tea (Red Label) "the good old family tea of the Maritimes," is 45 cents per pound package, and Morse's Bluenose Tea, the great economy tea which combines dependability with low price, sells at 35 cents per pound package. All these teas are guaranteed to hold their freshness, being put up in the latest type of foil package.

Thieves Obtain
Six Cents

In the recent burglary which took place at St. Patrick's R. C. Church early Sunday morning, July 17th, in which the priest's "dole" box was carried away, the thieves only obtained six cents, as Rev. Father Murphy had emptied its contents Saturday evening, leaving only six coppers. No clue to the whereabouts of the thieves has been found to date.

SOME WEDDING CUSTOMS

Why does a bride wear a veil? Why is rice thrown over a bridal couple as they leave the church? Why is the wedding ring put on the fourth finger of the left hand? Why is an old shoe thrown after a married couple as they drive to the station? Why have a wedding cake? The questions are asked and answered in London Answers.

The veil is but a continuance of the ancient eastern rule that no man save her husband should see a woman's face, and not even him until after the ceremony.

The throwing of rice is another eastern custom. Rice is the staple food in the East, and throwing it symbolized a wish for plenty.

The choice of the fourth finger of the left hand for the ring is an old custom of pagan Rome. It was believed that a nerve went direct from that finger to the heart.

Shoe throwing is another adopted eastern custom. The oriental bride's father gave an old shoe to the bridegroom as a symbol that he surrendered to

him his parental right of beating his daughter.

The wedding cake is Roman in origin. A cake made of flour, salt and water was always eaten by the Roman couples in the presence of the priest. It formed part of the marriage rites.

Behind the question: "Who giveth this woman to be married to this man?" was the accepted belief that a woman was a "chattel," like furniture.

Satisfied
Canadian Owners
have established
**CHEVROLET
LEADERSHIP!**

A hundred thousand owners of low-priced cars throughout Canada were invited recently to tell what they thought was Chevrolet's most important story. Like a recurrent theme through the thousands of entries received was the conviction—Chevrolet leadership is based on the goodwill of the men and women who have tested the Chevrolet Six in millions of miles of driving.

The Chevrolet Six you buy today is a proved car, proved on the hard testing ground of a nation's roads and byways to the satisfaction of thousands of your fellow-Canadians. It has won acknowledgment today as the Great Canadian Value, just as this proud title has been won by each succeeding Chevrolet since the first of the line came out of the factory at Oshawa, seventeen years ago.

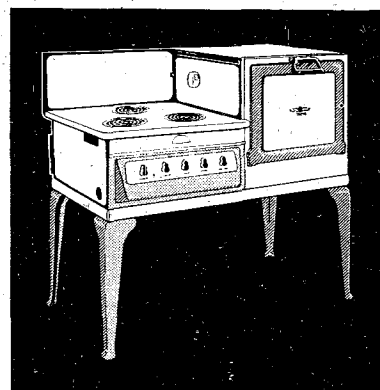

No wonder, then, that since January 1st, Canadians have purchased more Chevrolets than any other car, regardless of price. Wise motorists have said in no uncertain way that they want six-cylinder smoothness, free-wheeling, synchro-mesh gear-shifting, Fisher bodies, four parallel-mounted springs—and the other Chevrolet features without which no 1932 car can possibly be called complete!

ally as being one of the world's best and finest pilots. He loved flying and planes. One of his greatest feats was when he went out in search of the lost McAlpine party, flying over seven thousand miles of snow and ice, counting his life little in the search of his fellow men. "He won the friendly admiration and respect of all he came in contact with. I suppose everyone noted his vitality, but one was also conscious too of that great tenderness of heart that underlaid it. A serenity and at times a certain dreamy wistfulness were peculiarly typical of him, and a quiet strength that comes of a firm hold upon a principle of life. He had a genius for friendships, but never courted those friendships, his friends grew around him and they learned that the force which had drawn them to him became stronger with closer contact. His friendship ennobled because his sense of duty and his nature was less mundane, more spiritual perhaps than the ordinary person. Material things were taken as they came and if they did not come he wasted little time in trying to get them, so long as he did his job. To him the simplest things in life were loveliest. The smile of his little children and wife more dear to him than all his deeds of fame. Still he was a man's man and a prince of fellows. He was a man triumphant, greater than his fate.

"Horace Torrie, Chief Mechanic, the most outstanding man in aircraft engineering in Canada. He was a man of great experience in aviation, and was one of the originals of the McAlpine party who were lost for several months in the frozen northern wastes. It seems a strange irony of fate that he should come out of this terrible experience and lost his life while doing his daily task. "An ardent, downright man of fun and laughter, full blooded, intensely alive, simple, honorable, likeable, not troubled over much with brooding introspection and the pale cast of thought, but rich in a rugged common sense human philosophy. He seemed to bear a mysterious passport to the intimacy of children, and there is never a child or a grown-up, for that matter, who did not look upon him as an elder brother. not be like the Greeks who raised a monument of a pillar smit their young. His work was ten in two over the graves of finished and to others he flings the torch to carry on. King was a splendid worker. All those who knew him always found him occupied. Few in McMurray knew Harry King well because he was so fond of his home and children—how he worked—now it is for those left to carry on. We must not break faith with those who die.

"These men will always live as long as the world's heart beats, they shall never die. But greater still is that peace of God which they have passed into, which passes all understanding. For even when men deny it with their lips they do confer it with their lives. For life has its arguments no less than intellect, by the powerlessness of the whole world to satisfy the poorest heart. By the passion for truth, craving for perfection, the flaming ideal we never reach, man stretches out his hand to immortality.

"Thus amid the griefs that drive their ploughshares into human hearts we must gather up all existence into spiritual unity and to believe in God and life to carry on bravely and fearlessly as they did—for they would wish it so."

The peers of such as they."

Edmonton papers which have arrived since the accident have devoted a great deal of space to it, but throw no enlightenment on the cause of the crash, which, no doubt, will never be known.

The three men held outstanding positions in their professions. Torrie was looked upon as one of the most skilled air mechanics in Canada. The western papers all express what we in Digby know to be a fact, "that Horace was a friendly fellow, big-hearted, witty and a splendid companion."

Mr. and Mrs. Torrie plan to leave for Port McMurray shortly, and from there they will go to the Coast to spend the winter.

THOUGHT FOR THE WEEK

The world does not care
For scowls and sneers
As you pass along life's way;
Look for flowers and not for flaws,
When you walk abroad today.

"TEMPTING PROVIDENCE"

Reference in last issue to the Yarmouth barque, "Annie Burrill" recalls an incident in her career. She was loading lumber at Saint John for the U. K., the last deal was put aboard at 7 p. m. Saturday, and she was towed outside Partridge Island, to lash deckload, get crew aboard and ready for sea. Sunday afternoon a nice breeze sprang up from the N. W., but the barque could not get ready and sail before the next morning. The first thing Monday, the agents got a wire from the owner, William Burrill, to know what time the "Annie" sailed. The circumstances were explained to him, and he wrote in reply, "that any man who would stay in the Bay of Fundy with a fair wind blowing, was tempting Providence." W. B. was certainly keen.

The one hundred and twenty-second anniversary celebration of the Upper Clements United Baptist Church took place July 23-24. Large numbers gathered from all the countryside, and Mrs. Minnie Purdy (President of the Ladies' Circle of Clements) with her efficient staff of workers, served a delicious supper. The young people's orchestra from Bear River, with Mrs. Carol Clarke, as leader, were present and provided music during the supper hour.

Sunday morning, at 11 o'clock the old historic church was filled to capacity. The pastor, Lic. William H. Turner presided. A brief account of the organization, development and early history of the church was read by the pastor, also interesting letters from the following former pastors: Rev. A. N. McNinch, Rev. Frank Smith, Rev. W. G. Hiseley and Rev. H. W. Habel; also several letters from descendants of the pioneers of the work. Miss Beatrice Ingham, of Boston, a descendant of the Potter family, rendered a solo. The celebration of the Lord's Supper followed the morning service.

At 3 o'clock a large number gathered for the Decoration Service in the churchyard. Rev. A. A. MacLeod, of Bear River, was the speaker. In opening his very appropriate and helpful address he quoted "Gray's Elegy." He paid fine tribute to the sacrificial services of the early pastors and closed with Tennyson's "Crossing the Bar." The most impressive part of the Decoration Service was when Rev. MacLeod placed a beautiful spray of lilies on the grave of Rev. Israel Potter, the first pastor, and who served the church faithfully for nearly 40 years. Then fifteen young ladies led by Miss Helen Masters, decorated the 65 graves. The Bear River orchestra played during the service.

At 7:30 p. m., the closing service of the day, the music was well rendered by a united choir, with Mrs. Reynold Thomas presiding at the organ. The special

After the officers were installed the lodge by Sisters Zelma White and Alice Watson and Annie Morrell on behalf of the Radcliffe Rebekah Lodge in the United States, of which they are members. Business concluded, the members were treated to refreshments.

selections were a solo by Mr. Lloyd Potter, of Weymouth; a great grandson of the late Rev. Israel Potter; and a duet by the Misses Mae and Betty DeWitt, of Wolfville. Mr. Turner spoke his appreciation of the manner in which all had contributed to the success of the services. Dr. G. C. Warren, of Wolfville, Editor of the Maritime Baptist, gave the closing address of the day. In his masterful historic address he helped the congregation realize more fully their obligations to the faithful minister who started the Baptist work in the Maritime Provinces. Mr. Fred Masters voiced the sentiment of the congregation in a motion expressing to Mr. and Mrs. Turner, sincere appreciation of all they had done to make the anniversary services such a splendid success. The motion was seconded by Mr. B. H. A. Rice, all standing for a moment of silent prayer. Mr. Turner fittingly responded. The day was filled with inspiration and the church was beautifully decorated for the occasion.

"I love Thy Church, O God, Her walls before Thee stand Dear as an apple of Thine eye, And graven in Thy hand."

Flew Home in His Own Aeroplane

On Tuesday, July 19th., the residents of Central Grove were attracted by the hum of an aeroplane, which flew over Long Island, circled over the farm of Clarence M. Tibert, and landed at Freeport baseball diamond. The owner and pilot was Percy M. Tibert, who was born and educated at Central Grove, later going to the United States where he has worked up to a creditable position in the Air Force, being at the present time a teacher of the Aviation School at Caribou, Maine. His wife, who accompanied him, and who won the admiration of all who met her, is also capable of piloting the aeroplane.

On Thursday evening a reception was held at Freeport, where a large number had gathered to congratulate Mr. and Mrs. Tibert. Rev. Akery, on behalf of the people, presented them with a purse of gold. A delightful luncheon was served at the close of the program and then dancing was indulged in by many couples.

Percy or "Skip" as his friends call him, is the son of Mr. and Mrs. J. Weld Tibert, of Bridgewater, former residents of Central Grove. His only brother, Robie, resides at Freeport. Great credit is due "Skip" as his ambition has always been to "fly" to his own home. Seldom do we meet one who accomplishes their ambition so early in life, and has the distinction of landing the first plane on his native land.

During his stay he took his

brother and family, his uncle, Clarence Tibert, and other relatives and friends for a flight through the air. While in the air, he performed various stunts, which greatly interested the large crowds of spectators. On Friday Mr. and Mrs. Tibert left for Bridgewater, arriving there one hour and ten minutes after taking off. Their many friends in Central Grove and vicinity hope to have the pleasure of another visit from them next summer.

Our apologies are again due our country correspondents because so much of the news material sent us this week had to be held over.

Married

Grant—Swartzwelder

A quiet but pretty wedding took place at the home of the bride's parents, Mr. and Mrs. Swartzwelder, Lynn, Mass., on July 24, when Louise Swartzwelder was united in marriage to Scott M. Grant, eldest son of Mr. and Mrs. Fred M. Grant, Barton, the ceremony being performed by Rev. D. Harold Hickey, of West Roxbury. A reception was held at the home of Mrs. Grant left for Nova Scotia, where they visited Mr. and Mrs. Fred M. Grant, at Barton.

Conroy—Collins

A very pretty wedding took place on Friday, July 29th, at St. Joseph's Church, in Wakefield, Mass., when Winnifred Collins, daughter of Mr. and Mrs. Charles Collins, was united in marriage to Karl L. Conroy, of Reading, Mass. The bride was becomingly gowned in white satin with conventional veil and carried a bouquet of bride's roses and lilies of the valley. The happy couple are spending their honeymoon in Digby, the guests of the bride's parents. On their return to the United States, they will reside in Massachusetts.

Brown—Stoddart

An event of more than usual interest occurred at Lawrenceville, on Wednesday morning of last week, in the Baptist Church, when Frances Geraldine, eldest daughter of Mr. and Mrs. John Stoddart, became the bride of Clyde Manning, son of Mr. and Mrs. I. F. Brown, all of Lawrenceville. The ceremony was performed by Rev. C. O. Howlett, pastor of the church, assisted by Dr. M. W. Brown. The church was artistically decorated by the friends of the bride, with ferns, cut flowers and potted plants; while the bridal party stood beneath an arch of flowers and greenery. The bride, who was given in marriage by her father, was lovely in a gown of ivory satin with lace, cut on princess lines, her veil of embroidered silk net worn with cap effect. She was caught up with orange blossoms. She carried a bouquet of pink butterfly roses and lilies of the valley. Miss Mabel Stoddart, sister of the bride was bridesmaid, and wore a frock of blue organza with hat to match and carried a bouquet of sweet peas. The groom was supported by his cousin, Mr. Roy Maynard of Arlington, Mass. Reginald Stoddart, brother of the bride, and Burpee Durling of Halifax, acted as ushers. Miss Muriel Ritchey of Paradise, friend of the bride, presided at the piano, and played Mendelssohn's Wedding March, as the bridal party entered the church. Mr. Ernest Hunt, uncle of the bride, and Mr. Alton Brown, brother of the groom, sang "I Love You Truly" during the signing of the register. Mrs. Stoddart

Jefferson Community Was Well Patronized.

The Jefferson Community, Digby's latest pleasure resort, opened on Tuesday evening with a fairly good attendance. Mayor Holdsworth delivered an opening address, congratulating Mr. Jefferson on his enterprise. The building, which is especially well proportioned, was very attractive with its multi-colored lights and decorations. The floor is a splendid one and the music was all that could be desired. The building is now receiving its finishing touches and the surrounding grounds are being put in shape.

In last week's account of the building we referred to Adolphus Codron as being the foreman in charge of construction, but the person who is deserving of this credit was Adolphus Codron.

Jesse Jefferson, through whose enterprise this building was possible, is very grateful for the interest displayed by the people.

Hundreds of cords of pulpwood have been piled on the "cannon bank" field this week by H. T. Warne, for shipment to Liverpool.

The motor vessel "Peryneas", 582 tons, Capt. Wallace Ogilvie, arrived on Tuesday from Liverpool in ballast. She cleared to return with 550 cords of pulpwood for the Mersey Company, shipped by H. T. Warne.

When the S. S. Lemoyne, the world's largest grain carrier, officially opens the new Welland Ship Canal tomorrow, "down easter" will get an idea of just how big a lake freighter is.

In her holds will be over 570,000 bushels of prairie wheat, enough to make 12,350,000 two pound loaves of bread, sufficient to feed the entire Dominion of Canada for a day and a half.

The loaves if placed end to end would stretch from the farm country where the wheat was grown over 2,350 miles to the sea.

mother of the bride, wore a becoming gown of rose beige georgette with lace trimming, a black hat, and corsage of sweet peas. Mrs. Brown, mother of the groom, was gowned in blue flat crepe, with black hat, and corsage of roses. Following the ceremony a reception was held at the home of the bride's parents, attended by a large number of invited guests. The rooms were bright with roses, sweet peas, and other cut flowers. Miss Mildred Howlett at the piano, played softly during the reception. Among the guests were friends from Boston, Halifax, Windsor, Liverpool, Hebron, Kingston and Nictaux. Later, the bride and groom left for a short honeymoon trip. Upon their return they will reside in Bear River, where the groom, who is an Acadia graduate 1930, is principal of the school. The bride chose for travelling, a very becoming suit of brown silk crepe, with beige trimming, with hat, shoes, gloves and bag to match, and brown fox fur. Previous to her marriage the bride, who is a graduate of the Provincial Normal College, taught successfully in various parts of the Province; and was the guest of honor at a number of social functions gathered to shower her with gifts and good wishes. The groom's gift to his bride was a radio; to the pianist and bridesmaid, topaz and emerald necklaces; to the best man and ushers, silver cigarette boxes. The many lovely gifts received by this young couple, testify to their popularity.

Taylor—McGrath
A wedding of interest took place at the home of Mr. and Mrs. John McGrath, Jr., Victoria Beach, July 20th, when their eldest daughter, Helen, was united in marriage to Roy Taylor, son of Mr. and Mrs. John Taylor, of Victoria Beach. The bride, who stood beneath a beautiful arch of roses and evergreen, was becomingly gowned in blue silk crepe and carried a bouquet of white roses. Rev. H. S. Hartlin officiated at the ceremony. After the service a dainty luncheon was served to the immediate relatives of the bridal couple. Mr. and Mrs. Taylor were recipients of many useful gifts including china, linen and silverware. They will reside in Victoria Beach.

VOLUME LIX, No. 1

Today's issue marks the beginning of the Digby Weekly Courier's fifty-ninth year, in other words, Volume LIX, No. 1 means that this is our fifty-ninth birthday.

Fifty-nine years is a long time in the life of any newspaper. During that time the Courier has seen many changes, Digby town and county has seen many changes, for better and for worse. We cannot say that during these years the Courier has prospered—we have always managed to get along—we have managed to dig up the news of Digby County week by week.

We feel that our readers have appreciated our efforts, their letters tell us of their appreciation. We have done our utmost to turn out a sheet that any community would be proud of, and we trust that we are doing our best.

The Courier has many reasons to be proud of its achievements during this past year. At the present time our circulation is larger than it has ever been, new subscribers are being added to our lists weekly. During the last four months we have carried more than 20% more advertising than we have during the corresponding period of last year.

Next year we hope to celebrate our "Diamond Jubilee"—if all goes well we will print a very large anniversary number, in fact, we are working on it now.

The Courier has always tried to be a Community Paper, printing only the news of local interest. We have always left the world news to the city dailies. We often wonder what our readers think of this. Do they want us to give them brief snatches of what is going on in the world about us, or do they wish us to continue as we have during these years, giving them news of interest to those who live in Digby and Western Annapolis Counties?

NEWSPAPER COSTS

The 12,000 weekly newspapers in the United States have figured out the actual cost per line of editorial, local and news matter, that goes into a newspaper, no matter how large or small the paper, and that cost varies from 15¢ to 21¢ cents per line. So when you feel like cussing the editor for not publishing your spring poetry, just stop and think that it is going to cost him 2 cents per line in cash to put it in type, make it up in the newspaper forms, run the papers through the press, fold them and then take the forms off the press and distribute the article or poem back in the case again. And it has happened many times that the author of the poem became quite peeved when the editor hesitated on handing out a dozen free copies of the paper. This newspaper game is a great game—yet there are scads of both men and women (who were never in a print shop in their lives, and wouldn't know a newspaper press when they saw it) who could—or think they could—run the newspapers better than they are being run.

Tourist Traffic Shows
Slight Improvement

The tourist traffic in Digby and vicinity has shown quite an improvement during the past week or so, and although there is nowhere near the usual number of tourists in this part of the province as usual at this time of the year, Digby is getting a fair share of the tourists coming into the province, and looks forward to a marked increase in their number during the month of August.

Automobile traffic is quite heavy. American cars from almost every state in the Union and every province of the Dominion are seen on the local highways. This year there seems to be more than the usual proportion of automobiles from the provinces of Quebec and Ontario.

Smilin' Charlie Says

"About this time of the year the average golfer begins to wonder if he wouldn't have done better at gardenin'—and vice versa!"

JULY EVENING

A fragrant garden, with the moon-light glancing
Like lace above frail, misty clematis;

A fountain, silver-voiced and ever dancing—
Late rosebuds, that the starshine darts to kiss!

A violin that sighs with love's sweet story,
Across the perfume silence of the night—

A sky that holds the ash of day's lost glory,
A whisper through the warmth of candle light!

A fragrant garden, touched with youth and wonder,
(But youth and wonder fade as flowers fade!)

One day the garden will be lying under—
A cloak so white it makes the soul afraid!

Must we—who know the warmth of life's July,
Remember that it's splendor passes by?

MENTAL HEALTH

Disown jealousy. Banish hate. Acknowledge no friendships that enslave you. Accept no word or spirit that is harmful to your happiness. Give no word, and show no spirit, that hurts another. Do as you would be done by. What you do to others you do to yourself. Give sympathy. Give encouragement. Give without selfishness. Love with purity and love all. Keep your body clean. Refuse to traffic in evil thoughts. Never injure the name or reputation of another. Believe in eternal goodness. Obey the laws of life by decent living. Understand that the one who fails to live up to this standard is to be pitied and harms himself more than anyone else. You can help him only through his better nature. Every thought is a seed in God's garden. Sow good seed and reap God's best. We become the sum total of what we think and feel and do. Our kingdom of the life is what we make it. The powers of Spirit by which we live are ours and within our own control. This is our birth-right as a Divine heritage. By such living the world will be remade. It becomes our eternal inheritance.—(Exchange.)

RENDEZVOUS

The rocks are warm—the sky is blue;
I watch the fishing boats cut through
The swelling Rip;
The sea-gulls lift, like Heaven-tossed foam
By sportive mermaids lightly blown.
Then downward dip.

The clover blooms grow thick and sweet,
A fragrant carpet for my feet
Of red and white;
With color borrowed from the sea,
The "Blue Eyed Grass" winks up at me
Its sapphire light.

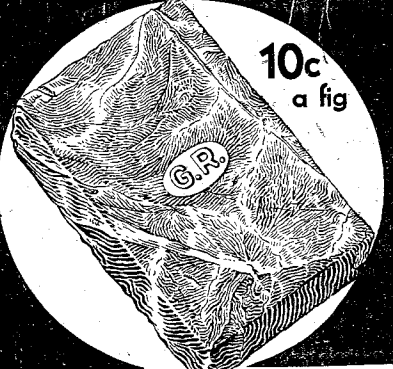

Upon the wind's swift, eager wings
The scent of the wild strawberry clings
Like honeyed dew;
With swinging pail, I keep once more,
Across the fields—down by the shore,
Sweet rendezvous.

Sells-Floto Circus
Pays \$700 In Fines

The first severe penalty imposed by the Department of Highways for violation of the regulations governing the placing of advertising signs on the highways of the Province has just come to light. The Sells-Floto Circus which recently completed performances in different cities and towns of the Province was the offender and paid \$700.00 to the Department for a violation of the sign regulations.

The regulations under Section 44B of the Public Highways Act governing the manner in which advertising signs may be placed along the highways had been brought to the attention of those in charge of the advertising car which had preceded the Sells-Floto Circus throughout Nova Scotia. These advertising agents were personally advised as to the regulations by the Registrar of Motor Vehicles. Despite these warnings the regulations were not observed and in view of the circumstances it was felt by the Department that a fine should be imposed and the amount assessed and paid by the Circus was \$700.00.

The regulations requiring the licensing of advertising and advertising devices along the highways has been put into effect by the Department for the dual purpose of promoting safety on the highways as well as preventing the disfigurement of scenery. Circus advertising placed on barns and fences is considered by the Department to be particularly objectionable as these signs are not removed until worn away by weather conditions and in many cases remain on barns in a disfigured condition for two or more years.

THOUGHT FOR THE WEEK

Relieve yourself of anxious thought.
For worry always comes to naught;
Just keep your own heart right.
Cease thinking of another's sin—
What he has done, or where he's been;
He'll have a better chance to win;
Just keep your own heart right.

PUFFBALLS ARE GOOD TO EAT

(Experimental Farms Note).

Puffballs are a real treat to those who like mushrooms, although they are usually considered a curiosity to be stepped on or squeezed when dry and powdery. They are safe to collect for the table because none is poisonous.

It is necessary to remember two rules when gathering puffballs. First: They should be a pure, snowy white inside, for puffballs become unpleasant to eat when they turn yellow or brownish. Second: One should be certain that they are true puffballs, for it is possible to mistake for them the hard skinned puffballs which are always yellow or blackish inside; or the "eggs" of stinkhorns which show several distinct layers when cut through; and the button stages of poisonous mushrooms which on being cut through from top to bottom show the outlines of gills and stems.

There are a number of different kinds of puffballs ranging in size from giant puffballs that are frequently over a foot in diameter to tiny forms the size of one's finger tips. The giant puffballs are rare in the Maritime Provinces, but have been found growing in orchards in the Annapolis Valley. The smaller species may be found in many places in the woods or fields on the ground or decaying

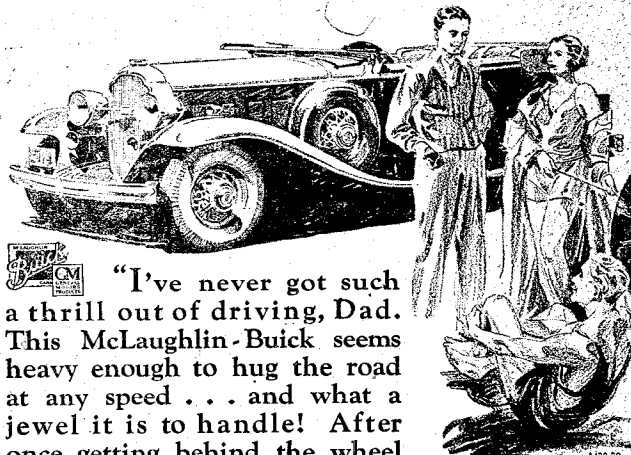

wood. Specimens of a very desirable species are found growing on the ground in pastures and lawns. From a short distance they resemble brown stones about the size of a man's fist.

Puffballs are prepared for the table by removing the skin, slicing quite thin, and frying in butter until they are golden brown.

The different fungi mentioned and many other kinds common in the Maritime Provinces have been fully described and illustrated by Photographs in "Mushrooms and Toadstools," a recent publication of the Division of Botany, Central Experimental Farm, Ottawa. It is obtainable only from the King's Printer, Ottawa at the price of \$1. Local information can be obtained from the Dominion Laboratories of Plant Pathology at Kentville, Fredericton and Charlottetown.

Registration fees on motor vehicles in Nova Scotia will be reduced one-half on August 1st. A statement to this effect was given to the press by Hon. Percy C. Black, Minister of Highways. Previous provisions have called for a reduction to one-half on September 1st, but in view of existing conditions, the Minister of Highways has instructed the Registrar of Motor Vehicles to make this reduction effective on August 1st.

Obituary

Mrs. Leslie Purdy
On Thursday evening, July 28th., after a short and very severe illness of pneumonia, Mrs. Greta May Purdy, wife of Leslie Purdy, passed peacefully away at her home, 10 Traymore street, Cambridge, Mass. Mrs. Purdy was the daughter of Mr. and Mrs. LeRoy Harris, and was born in Bear River, March 12, 1902, going with her parents to Cambridge, Mass., to live when very young. Simple but beautiful and impressive services were conducted at Mrs. Purdy's home by Rev. Frank E. Duddy, Pastor of The First Congregational Church of Cambridge, who came gladly from Northfield, Mass., where he was spending his vacation, to speak words of comfort and sympathy to the bereaved ones. A soloist sang "The Old Rugged Cross," "Safe In the Arms of Jesus," and "Abide With Me." Burial was in Cambridge cemetery. The love and esteem and sorrow of Mrs. Purdy's immediate relatives and intimate friends in Cambridge, Boston and vicinity were but partially and inadequately expressed by their presence at the funeral services, and by the banks of cut flowers which filled the room where she lay. Among the floral expressions was a magnificent piece from The Woman's Club of The First Congregational Church, of which she was a member, and one from H. P. Hood & Sons, of Boston, by whom Mr. Purdy is employed. Mrs. Purdy is survived by her grief-stricken husband, and one son, LeRoy George, 9 years of age; her parents, who reside in Cambridge, and two sisters, Mrs. Gordon Earle, of Alston, Mass., and Miss Thelma Harris, at home. Power Board's
Business Increasing

The Digby County Power Board is now issuing more than 400 bills a month to electric light and power users in Digby County. This does not include the town of Digby, for the town buys electricity at wholesale from the Power Board, and issues its own bills. The Power Board bills are issued principally to rural users in the Municipality of Digby and Clare.

Since the inauguration of the Digby County Power Board, practically every village on the main highway from Victoria Bridge to Saint Alphonse has been supplied with electrical energy as well as every settlement on Digby Neck and the Islands. The Power Board's lines also reach other communities off the main road, including Acadiaville, Hill Grove, Marshalltown and Bay View.

WEYMOUTH TALENT PRESENTS "THE MIKADO"

"The Mikado" was most successfully presented at the Community Theatre on Thursday evening by a splendid cast of Weymouth talent, under the able direction of Rev. Father Luke Gaudet, of Plympton. The audience was both large and appreciative, and remarks of appraisal were heard on every side. The proceeds were for Holy Cross Church, Plympton. The costumes were gorgeous, and the stage arrangements very suitable and attractive.

Although every member of the cast did their parts well, special mention should be made of the Misses Pauline and Evelyn Melanson as "Yum-Yum" and "Pitti-Sing," Mrs. D. V. Theriault as "Katisha" (an elderly maiden lady in love with Nanki-Poo), Edward White as "Nanki-Poo," and in love with Yum-Yum; also C. C. Nicholl as "Ko-Ko," Lord High Executioner of Tipitoo. The cast was as follows:

The Mikado of Japan—Fred Melanson.
Nanki-Poo (His Son, disguised as a wandering minstrel, and in love with Yum-Yum)—Edward White.
Ko-Ko (Lord High Executioner of Tipitoo)—C. C. Nicholl.
Poo-Bah (Lord High Everything Else)—Joseph Melanson.
Pish-Tush (A Noble Lord)—Fred Melanson.

Yum-Yum—Pauline Melanson.
Pitti-Sing (Three Sisters)—Evelyn Melanson.
Peep-Bo (Wards of Ko-Ko)—Zele Gaudet.

Katisha (An Elderly Lady, in love with Nanki-Poo)—Mrs. D. V. Theriault.

Chorus:

Tenors—Everett Geddy, Bernard Thibodeau, Jean Robichaud, Charles Doucet.

Basses—Edwin Amiraault, Camille Doucet, Lester Cabot, Lyman White, Leonce Comeau, Louis Theriault, Ulysse Comeau.

Ladies:—
Sopranos—Rebecca Mulenhy, Anna Belliveau, Loretta Bonenfant, Catherine Belliveau, Alphonsine LeBlanc.

Altos—Marguerite Gaudet, May Gaudet, Bernadette Gaudet, Ina Gaudet, Nina Blinn.

The piano and violin music during the play and between the acts, by Mrs. Floyd Potter and Mrs. Castonguay Affleck was worthy of special mention and was greatly enjoyed by the audience.

At the conclusion Miss Pauline Melanson, leading lady was presented with a very pretty bouquet, and "O Canada" was sung.

"The Mikado" was also successfully presented at Meteghan, Belliveau's Cove and Barton during the past week.

NEW RECORD SET BY
FRIGIDAIRE CORPORATION

E. G. BIECHLER

President of Frigidaire Corporation, who has just announced the building of the 2,250,000th Frigidaire—world's record for the refrigerator industry.

CANADIAN FACTORY
TAKES PART IN WORLD
PRODUCTION RECORD

The Frigidaire Corporation's new Canadian factory, just established this year, has immediately entered the limelight in the refrigeration industry by taking part in a world's record for refrigerator production.

This was the building of the 2,250,000th Frigidaire. This is nearly a million more units than have been built by any other refrigerator manufacturer. In an interview given recently, E. G. Biechler, president of Frigidaire Corporation, said: "The production of our Canadian factory has played an important part in enabling us to reach this immense total of refrigerators built. Canadians should take pride in the fact that Canada is the home of the only Frigidaire factory, other than the parent factory. Frigidaire have been sold in every country in the world, but Canada is the only country outside of the United States, where they are built."

The 2,250,000th Frigidaire is being sent on a triumphal tour of the world, aboard the steamship President Pierce. Bearing a handsome bronze plaque, it will ride as a passenger in the main dining saloon of the liner. A visitors' registry book accompanies it.

At each port of call it will be viewed by local Frigidaire representatives as well as by the public. Among the ports visited will be Honolulu, Yokohama, Kobe, Shanghai, Hong Kong, Manila, Singapore, Penang, Colombo, Bombay, Suez, Port Said, Alexandria, Naples, Genoa and Marseilles.

An interesting feature of the world tour of the 2,250,000th Frigidaire will be the entrusting of its care to some native delicacy at each port of call. The Frigidaire will be in operation throughout the cruise. Next year it will be given a place of honour in the General Motors display at the World's Fair.

"In sending this Frigidaire on a tour of the world we are paying recognition to 16 years of achievement by our entire organization in manufacturing and in selling, at home and abroad," Mr. Biechler added. "Such a noteworthy success has been made possible by the good will and preference of the public. But that preference in turn is due to the ability and spirit of our engineering, manufacturing, selling and advertising organization."

Clerk (showing customer golf stockings): "Wonderful value, sir. Worth double the money. Latest pattern, fast color, hole-proof, won't shrink, and it's a good yarn." Customer: "Yes, and very well told."

TWILIGHT ON THE HILL

The trees begin to whisper in a sleepy sort of way.
The birds commence their twitter at the setting of the day.
Beyond the West the rosiest fades and everything is still.
The voice of day is silent when the twilight crowns the hill.

And soon above the swaying leaves, away beyond them far,
I see the glad and friendly gleam of the bright even star.
Then one by one her comrades come, and everything is still.
But starshine drives the shadows from the twilight on the hill.

The lovely Day is sleeping in the cradle of the West.
The eyes of Night are open just to watch a world at rest;
So, though the shadows gather, and everything is still,
Night waits a lovely diadem when twilight crowns the hill.

—Verna B. Marshall.

Protective Fence Erected

A railing has been erected along the west side of the foot of the hill, near O. F. Woodman's store, Joggin Bridge. For some reason or another there is always a quantity of loose gravel on this road, although there always is a good roadbed. At the foot of the hill where the railing has been erected, the road makes quite a sharp curve, and runs alongside a steep bank. The railing will make motoring much safer. The hill is on the main Yarmouth to Halifax highway No. 1.

Two strangers met at a holiday golf course and played a pleasant round. One of them was a little inclined to the use of sulphurous language. At the end of the round, the other said, "I've been wondering what your profession is, and have come to the conclusion that you are an engineer."
"You're quite right," was the reply. "How on earth did you guess?"
"Oh, by the expert way you damned the rivers and blasted the rocks."

HOW DID "HE NAME" "BLUENOSE" ORIGINATE?

Who is able to say definitely how the name "Bluenose" applied to Nova Scotians and things Nova Scotian came into use? Various theories are advanced, but perhaps some erudite antiquarian will come forth

and tell us the indisputable origin of this nickname. An item in "The Maritimer," the official organ of the Maritime Provinces' Club of Montreal, recently put forth two explanations. One is that in the good old days of "wooden ships and iron men," Nova Scotia skippers of whom there were

many famous on the Seven Seas, drank far too much rum and developed blue noses as a result. Another it that the biting cold of winter winds along the Atlantic seaboard gave Nova Scotia skippers blue noses.

Neither of these explanations is quite acceptable. Far more reasonable is the at one time generally accepted explanation that the sobriquet "Bluenose" was first given by the Bostonians. In the fall of the year in the early days vessels from the Bay of Fundy took up to the Boston market cargo lots of potatoes of a variety called "Bluenose" grown in the Annapolis Valley. The Bostonians applied the name of the potatoes to the people who produced them, and by and by, after the particular variety of potato was displaced by newer variety and the connection forgotten by a later generation, the term came to have a wider application, until now Nova Scotians generally are known by that name.

Whatever dispute there may be about the origin of the name "Bluenose", there is no doubt that MORSE'S BLUENOSE TEA affords the consumer the best value in tea that he can buy at this time. Though only 35 cents per pound package it is of a quality equal to better than that of the new 40 cent package teas that are so extensively advertised. It has a flavor that clicks with the critical Maritime taste and has that thick liquoring quality so desirable in the cup. It is already known as the great economy tea combining dependability with low price.

Cornelius and Henry Unruh, who have been on the staff at the Y. M. C. A. Camp at Big Cove, Pictou County, have returned to Digby and will be the guests of Mrs. J. S. Timpany, until the opening of Acadia University.

THE RECTOR'S ADDRESS

To the Friends of the Old Church, and Visitors to Our Land, Greetings:

On behalf of the Old Church Committee and the Parish of St. Clement, I wish to extend to you a hearty welcome to our countryside and parish, and, further, to invite you to our Annual Memorial and Decoration Service, to be held on Tuesday, August 16th, at 3 p. m., in Old St. Edward's, Clements, (the Queen of the Basin).

This old historic landmark is most interesting, and beloved by many in various parts of the world. Owing to the kindness of His Honor, the late Robert E. Harris, Chief Justice of Nova Scotia; the late Mr. E. P. Morse, of New York and Clements; Ven. Archdeacon

The Old Historic Church of St. Edward, Clements, N. S.

The Church of the Empire Loyalists, Consecrated 1786.

Vroom and Mr. James Vroom, of St. Stephen, N. B., to

the Nova Scotia Historical Society; the late Miss Sophia Godfrey; and those who assisted us in our collections, we have some handsome tablets on the walls of this sacred fane. We wish to take this opportunity to thank them all for their interest and kindness, and trust that others will follow their good examples till the old church becomes a "casket of historic gems."

I am asking for two hundred dollars in our collection on August 16th, and I know we shall get it with your help. I wish to take this opportunity to thank Mr. Brown for his appropriate poem; our special preacher, the Rev. Dr. Moore, of Halifax, for his giving us the address; the Archdeacon of Nova Scotia; Archdeacon Watson, Canon Morris, and all the Clergy of the Rural Deanery of Annapolis; the Organist and Choir Director, Prof. H. Dean; Col. Goode and The Representatives of the Annapolis Regiment; and friends from the choirs of the churches; and all who are assisting in the laudable work.

We wish to extend our sincere thanks to Mrs. H. Vroom, who has been our efficient organist ever since these services began, and to express to her our keen regret that owing to ill health she is not able to be with us.

We desire to place a tablet on the walls each year, and would be glad if any here will say to the Rector: "Put me down for a tablet for 1933." We have now \$300, in our Endowment Fund, and our objective is \$2,000. If the work appeals to you, here is an opportunity to help. Of our \$200, collection, \$100, will go toward the Endowment Fund, \$50, towards a tablet, and \$50, to general expenses.

If you have enjoyed this service a description by you in your home paper will help us. Please send us a copy. Improvements in grounds and building are ever before us.

IN MEMORIAM—MR. WALTON GEORGE SMITH.

Mr. W. G. Smith for over Forty years gave freely of his services to promote the interests of his beloved Church, throughout the Diocese of Nova Scotia. Being a Diocesan Lay-reader, he had taken part in services in most of the Anglican Churches of the Province. An active member of The Brotherhood of St. Andrew, he was sought to welcome strangers to the Church. For several years he resided in this Parish, and was ever ready to assist the Rector in Parochial work. His love for this Old Church is well known, and many remember his zeal in taking them over the sacred fane. His bungalow was ever open to his many friends including the summer visitors. His call to higher service leaves us to mourn the loss of a christian gentleman, who has left behind him a shining example of a well spent life.

THE OLD BLACK HEN

(A Lesson for Depressionists Who Persist)

Said the Little Red Rooster

"Gosh! all Hemlock! Things are tough.

Seems that worms are getting scarcer,

And I can't get enough.

"What's become of all those fat ones

Is a mystery to me.

There were thousands through the

rainy spell—

But now where can they be?"

The old black hen who heard him

Didn't grumble or complain.

She had gone through lots of dry

spells—

She had lived through floods of

rain.

She flew upon the grindstone,

And she gave her claws a whet.

As she said, "I've never seen the

time

There weren't worms to get."

She picked a new and undug spot.

The earth was hard and firm.

The little rooster jeered "New

Ground!

That's no place for a worm."

The old black hen just spread her

feet.

She dug both fast and free,

"I must go to the worms," she said.

"The worms won't come to me,"

she said.

The rooster vainly spent his day,

Through habit, by the ways

Where fat worms had passed in

squads

Back in the rainy days.

When night-fall found him supper-

less

He growled in accents rough,

"I'm hungry as a fowl can be—

Conditions sure are tough."

He then turned to the old black hen

And said, "It's worse with you,

For you're not only hungry;

You must be tired too.

I rested while I watched for worms.

So I feel pretty perk;

But how are you, without worms too.

And after all that work?"

The old black hen hopped to her

perch

And drooped her eyes in sleep;

And murmured, in a drowsy tone—

"Young man, hear this—and

weep!"

"I'm full of worms, and happy.

For I've dined both long and well.

The worms are there, as always;

But I had to dig like Hell!"

"NOW EAT UP ALL YOUR
SPINACH!"

Don't put too much stock into what we have to say about what you should eat and what you should not eat. We know even less about it than the doctors do. The only thing we know you should not eat is crackers in bed.

Our subject under discussion today is the feeding of the child. Having been a child, and having been fed, we can present first-hand evidence. We have also observed child feeding, particularly by mothers holding a spoon in front of a child's face and saying:

"Eat it. It's good for you." It all ends up with the mother forcing the food into the child's face, after prying its little teeth apart with the spoon. A resourceful child, immediately opens its mouth and lets the food cascade down over its chin. Hence bibs.

In youth we learned to hate all foods that were good for us. We look it. But now comes word from the 126th annual meeting of the Medical Society of the State of New York. In a paper, "Why a Child Refuses to Eat," read by Dr. Douglas Parnold, of Buffalo, this wise man counselled against forced feeding. He says that there may be a meal hour or even a whole day when a child is not hungry. Who are we to know whether he is right or wrong? However, we greet him as a brother. Where has he been all our lives?

NEW MOTOR LAW

The new Motor Vehicle Act is now in force, and it covers a wide territory beside autos. Among other things it provides:

No horse shall be left unattended on any highway unless securely fastened or unless the wheels are securely tied.

No horse shall be unattended on any highway unless secured by a halter.

It is an offence for the operator of a bicycle or motorcycle to carry any person on the handle bar, frame or tank, or for any person to so ride.

No bicycle rider shall remove both hands from the handlebars while driving, nor practice any trick or fancy riding on any highway.

It is an offence for any person on roller skates to go on any roadway except while crossing a cross walk.

It is an offence to run or race any horse on any highway.

A PRAYER FOR PEACE

Great God whose universal sway Controls the world from day to day, Enter the hearts of sinful men, And make them turn to peace again; Come at the Table, take Thy seat, Then will the Conference be complete.

Teach them in Conference as they sit, The things that please Thee as Thou wilt.

Teach them that love and not the sword, Are recommended by Thy Word; Tell them that greed and worldly gain Are things that never can remain.

While nations at the Conference sit, Their obligations they forget, While they at length deliberate, The fighting nations do not wait.

Twelve years have passed since first met they, And lo, the world is fighting yet.

Infuse Thy word in every heart, Dictate to them the things of love, Then may they guess just whom Thou art.

The great Peacemaker from Above, Bid them that war and conflict cease.

Then shall we see the Dawn of Peace.

And then will all the nations know That in the Conference Thou didst meet.

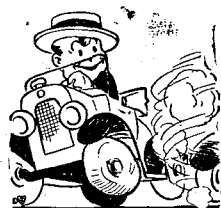

The things of hate they did forego, Because the Master took a seat, 'Twas then they knew that it was He

That stilled the waves of Gallilee. —F. J. Corbins.

DIGBY NEEDS A BAND

To the Editor of the Courier,
Dear Sir:—One thing that is sadly missed by the regular summer visitor in Digby is the local brass band of yesteryear, whose open-air concerts so greatly enhanced the pleasures of a vacation stay in Canada's premier resort.

Its revival seems to be Digby's outstanding need, and it would be difficult to mention anything that would be a more valuable asset to the town.

Scores of communities have their local bands and take great pride in them. In Boston, for example, there is no more popular summer outdoor feature than our Esplanade evening concerts, conducted by the noted Symphony Orchestra leader, Arthur Fiedler, and whose programs frequently attract audiences of ten or twelve thousand. This is true to an even greater extent of the famous Goldman Band concerts in New York City.

There undoubtedly is in Digby, which excels in so many things, an abundance of the necessary talent for a first-class band, whose offerings would delight both townspeople and visitors, and whose programs might occasionally be broadcast by radio throughout the Maritime Provinces, to the resultant benefit of Digby itself.

Next year, I feel certain, we will be starting the grand march from Depression back to Prosperity. Let us hope that in Digby it will be a quick-march to the strains of a local band destined some day to be as famous as the scenery of your attractive town.

T. F. Anderson.

REPUTATED DEBTS
OF STATES MIGHT
BALANCE WAR DEBTS

The suggestion is again being made that the reputed debts of the southern states to Britain might be used to offset what remains of the British war debts to the United States. It is being urged that the two amounts are about equal. These bonds were floated in Britain, backed by the various states and have never been paid. When a depression came along, all the issues were repudiated. Here again is the list of states and the amount of debts they still owe Britain:

Mississippi	\$ 7,000,000
Florida	7,900,000
Alabama	4,700,000
North Carolina	12,800,000
South Carolina	6,000,000
Georgia	9,350,000
Louisiana	22,000,000
Arkansas	7,900,000
	\$77,650,000

Much Appreciated

What They Lacked

Two men in a railway compartment were in a jovial mood. Both were grey, but each had a luxuriant growth of hair. Near them sat a stout gentleman with a head that was almost destitute of hair. The two men exchanged facetious remarks about silvery locks, then indulged in some pleasantries about the "thinning of the hatch," with casual references to door knobs and billiard balls, much to the amusement of the other passengers. But to the evident discomfort of the bald-headed man. "The talk finally developed into an argument on the cause of baldness and after considerable jocularity the pair turned to the stranger, and one said, "My friend and I have been discussing the cause of baldness, but we can't agree. Would you mind telling us what you regard as the real cause of baldness?" "Brains!" answered the stranger.

ST. BERNARD PICNIC WILL
BE BIG EVENT

The 16th, 17th, and 18th. of this month will be "big" days in the Clare District of Digby County, when the annual three day picnic in aid of the new church at St. Bernard, will be held in that place. Annually thousands of people visit that little Acadian village during the "Picnic Days."

One of the many attractions in the Clare district is this new Saint Bernard Church situated in the village of St. Bernard, three miles beyond Weymouth, on the main Yarmouth-Halifax highway.

The church was first started in 1910 by Bishop Edward LeBlanc, of Saint John, N. B., a native of Digby County and at that time, Parish Priest of Saint Bernard. During each of the 22 years since then something has been added to the church until now the exterior is practically completed. But it will be many years yet before the interior is finished and the magnificent structure dedicated as a place of worship.

The church is built entirely of grey granite quarried at Shelburne. It is said that one tier of this beautiful stone costs over one thousand dollars. When completed the church will have cost about a quarter of a million dollars of which over half has already been paid. The work is done by the people of the community under the able direction of Rev. Father Emile Bourneuf, Parish Priest, and when completed will be as magnificent as any cathedral.

WEYMOUTH BOYS BOX AT
BRIDGETOWN

Among those from Weymouth who went to Bridgetown on July 29th, to participate in the Boxing Bout held there were Hector, Arnold and Earl Barr; Joe Risseau, Donald Craibie and Donald Gillelo.

In the bout between Hector Barr and Earl MacLeod, of Kentville, weight 126 pounds, Barr won a decision on points.

In the bout of Hector Barr vs. Lorne Dodge, of Middleton, it was a draw after four rounds.

Earl Barr knocked out E. El-Hott of Middleton, in the second round. Earl Barr also won a decision on points over Joe Risseau, of Weymouth, weight 135 pounds.

Arnold Barr knocked out Murray Lowe, of Springhill, in the second round, weight 130 pounds.

In an exhibition bout between Joe Risseau and Donald Gillelo, Risseau won on points.

Donald Craibie boxed an exhibition bout with Bishop, a professional boxer.

The boys did their training in the club room at "Len's Place," with Steve Barr as trainer.

**MOTOR VEHICLE OWNERS AND DRIVERS**

The new Motor Vehicle Act has been printed in convenient pamphlet form and is now ready for distribution. Copies may be obtained free of charge upon application to the following:

Royal Canadian Mounted Police — Digby.
Royal Canadian Mounted Police — Meteghan.
or in other places by applying to the local Examiners for drivers' licenses. Copies may also be obtained direct from the Motor Vehicle Branch, Department of Highways, Halifax.

Every motorist should obtain a copy of the Act as its provisions should be thoroughly understood by every person driving a motor vehicle. Among the new provisions of the Act, the following should be noted in particular:

Speed—Reasonable and Proper—While no definite limit is set, there is a prima facie speed limit of 20 miles per hour when at schools, churches, railway crossings, danger zones, business and residence districts, intersections and public parks, and 40 miles per hour in all other cases. Truck drivers should know, however, that no truck weighing over 4,000 pounds, either loaded or not, may exceed a speed of 25 miles per hour, and that trucks weighing over 6,000 pounds, either loaded or not, must stop before crossing bridges and must not exceed 10 miles per hour while crossing bridges.**Special Speed Limits**—Where the Department erects signs stating that there is a special speed limit, such signs must be obeyed.**Stop Signs—Must Be Obeyed**—The vehicle must be brought to a complete stop; it is not sufficient to merely slow down.**Certificate of Registration**—Must be obtained for every new motor vehicle and for any motor vehicle being transferred. A special application form is provided and same may be obtained from the Department or from the Examiners for drivers' licenses. Any person buying a motor vehicle must obtain a certificate of sale from the former owner in order to secure registration.**Serial and Engine Numbers**—Every motor vehicle owner should immediately examine the serial and engine number of his motor vehicle as on and after September 1st, a motor vehicle is liable to seizure and confiscation if any of the identification marks have been defaced, altered or damaged, or if they show any signs of having been tampered with. Where any owner finds the identification marks of his motor vehicle do not comply with the law, he should immediately report to the Department, who will investigate and allot a new number to the motor vehicle.**Financial Responsibility**—Becomes effective on September 1st. This is not compulsory insurance, but means that there will be compulsory insurance for persons who fail to satisfy a judgment arising out of a motor vehicle accident or who have been convicted of a serious offence against the Motor Vehicle Act or Criminal Code.

C. STC STAYNER,

Registrar of Motor Vehicles.

Not a Pain At 78

She Feels Like 48

Aches and pains are not inevitable in old age. When they do come, there is always a cause for them—a cause that can be overcome. Here is a little lesson on growing old, by a woman of 78:—

"For the last five years I have taken Kruschen Salts and I tell you truthfully I could not live without them. I am 78 years old. I have not a pain in my body, and I feel as young as I did at 48. I give the credit to Kruschen Salts. No one will believe my age."—(Mrs.) C. M.

Most people grow old long before their time because they neglect one vital need of health—the need for internal cleanliness. Eventually they start the healthy Kruschen habit. Then, probably for the first time in their lives, they start getting rid every day of all waste matter from the system. And almost immediately they feel their youth has returned; they feel energetic and happy. In a word, they've got that famous "Kruschen Feeling."

THE HOUSE FLY SPEAKS

Even Flies Marvel at the Way They are Tolerated by Humans

I am a full grown house fly and am visiting in the home of a farmer. The farmer's wife is the best hostess imaginable, for she allows me to eat with the family and hardly ever bothers me at all. To-day she did brush me away when I walked across the newly-iced cake in the pantry, but when she wasn't looking I went back again. It was certainly a grand opportunity for having a choice meal, and for leaving behind some of the filth which collected on my legs and body while feeding on the manure pile. I cannot understand why she allows me in the house at all, but when it was such a simple thing to walk in the back door, I could not miss such a good opportunity.

The people on this farm are very easy-going about the flies which appear early in the season. My mother was one of the first flies to buzz around the house when the warm days came along, but she was never even touched and was hardly noticed. If they had destroyed her they would have saved themselves at least 195,312,500,000,000 flies, for my mother's descendants will probably amount to that number this season.

Only a short time ago I was a very small white egg over there in the stable dirt. In a few days I found myself a wiggling worm, feeding on the filth around me. I kept on eating until suddenly I turned into a brown pupa. After eating more stable dirt for a while, I emerged a full-grown fly as you see me now. Then I was anxious to exercise my legs and wings so I walked around the manure pile to see what the world looked like. Incidentally I had something more to eat and in my travels accumulated considerable filth on my hairy legs and body.

Then I got bolder. I thought it was time to try an aeroplane stunt, so flew by stages over to the house. You know we flies do not travel far in a lifetime, but I found no difficulty in getting from the manure pile to the house, as they are reasonably near to each other. Outside the back door was some dish-water and refuse from the kitchen which had been thrown upon the ground. I had a lovely meal there and then tried to get into the house. First of all I flew to the kitchen window, but there was something tacked over it. However, the door was standing wide open and no screen was in evidence so I flew right in. Strange to say I found several cousins there who told me it was quite safe to stay as long as I wanted.

Flies Treated as Guests
When once inside it was easily seen that my relatives were right. The family who were seated at the dinner table were so busy discussing the evils of the big interests, that they did not seem to mind my sharing their food. I lit on the spout of the milk pitcher, walked to the edge and had a drink. Suddenly I fell in and if it had not been for a lull in the conversation, and for the kindness of one of the men in lifting me out with his knife, I should have been drowned. By the time he rescued me a good many of the germs on my legs and body were washed off in the milk and right afterwards the farmer's wife poured out a glass of the same milk for the baby in the high-chair. They little know the danger of allowing us flies to leave disease germs on their food. I expect that baby will be ill with summer complaint in a day or two.

After being saved from a milky grave, I went over to the butter and wiped my feet and

legs on it and had some to eat as well. Then I crawled over the meat and other things on the table, agreeing with the rest of the flies that this family is surely hospitable. When everything was cleared away, I went into the pantry to eat whatever was left uncovered.

If those people only realized what harm flies do they would not rest until the house was properly screened and all our breeding places were removed. In the first place, as we are born and live in all kinds of indescribable filth, we cannot help collecting lots of this material and carrying it with us. Our hairy legs and body are specially made for carrying dirt. Then as we walk over foods we also leave behind the waste from our bodies, which people call fly specks. This material is of course the most disgusting of filth and contains various kinds of germs. Beside what has already been mentioned, people do not know that as we travel across their foods, we bring up some of the last meal eaten and leave it for them to consume. It is all the same to us whether we were feasting off icing or a manure pile, some of that meal is deposited wherever convenient.

In company with the filth, we carry around, there is naturally a host of germs. Typhoid fever, summer complaint, tuberculosis, and other dangerous infectious diseases have been carried by us in millions of cases. Sanitary authorities have done their best to warn the public about the dangers of us flies, but they still refuse to believe that we are anything but harmless things which are to be tolerated. Houses are not properly screened, garbage and dish-water are thrown out in the open, outside closets are hardly ever protected, and manure piles are allowed to harbor billions of flies each summer. Of course it is great fun to be allowed such freedom and to spread so much disease, but it is hard on humans, especially children, of whom hundreds die unnecessarily every year.

City Safer
People talk a lot about the healthiness of the country, but unless farmers and their families wake up to the dangers of their own unsanitary surroundings, they are going to be behind their city cousins. It lies in their own hands for we do not travel very far in our lifetime, and so the neighboring farms cannot be blamed for the annual fly crop. When farmers do take action, there will be no peace for us as they will screen every door and the windows; they will train every member

EAGLE BRAND
CONDENSED MILK

WEYMOUTH'S FIRST DRUG STORE

Weymouth's first drug store was opened by Mr. Cyrus A. Ryan in 1898 in a two storey building on the east side of the Main Street, quite near the bridge crossing the Sissiboo River. The business was continued until 1906 under the sole ownership of Mr. Ryan, in which year Mr. W. G. Blackadar entered into partnership with Mr. Ryan, and the joint ownership extended to 1914, when Mr. Ryan retired from the business and since the latter date until the present time the establishment has been operated and carried on by Mr. Blackadar.

In 1904 the business was moved from its original stand to a building on the same side of the street next to the Royal Bank of Canada. In 1907 the stand was again changed, when the Dunbar building on the west side of the street was occupied. In 1929 a further change was made, the business being once more moved to the east side of the Royal Bank, where it has remained up until the present time. In 1927 Mr. Blackadar purchased the Oakes property consisting of the store occupied by himself, four other stores and a garage. Some years ago Mr. Blackadar started a fox farm in Weymouth, and has made considerable success in this venture, having a ranch which ranks among the best in this vicinity, and now has over eighty pure bred and registered silver foxes.

It appears that not much attempt has been made to establish regular drug businesses in Digby County, outside of the towns of Digby and Weymouth. I am informed that a Mr. Edward Blackadar opened a drug store in Westport about 1911, but discontinued it after operating about eighteen months.

Digby County has been favored by the Nova Scotia Pharmaceutical Society more than most counties of the Province in that three annual meetings of the society have been held therein, namely at Digby in the years 1913, 1924 and 1929. The Canadian Pharmaceutical Association has also honored Digby in August 1930 by having a luncheon at the Pines, which marked the beginning of its program for its convention of that year.

Before closing I wish to thank all those from whom I received assistance in getting information regarding Drug Stores in this county. In this respect I am particularly indebted to Mr. P. W. Holdsworth, and I feel that the Digby County write-up would have been more comprehensive if it had been undertaken by him—(Canadian Pharmaceutical Journal, July 15, 1932)

of the family to swat, swat, swat; the boys will make fly-traps to catch us; poison pads and fly-papers will be used in the house; fly-proof closets will be built; refuse from the house will be disposed of in a sanitary way; manure piles will be removed frequently; and stables will be kept clean. However, it takes them a long time to realize the danger of allowing us to multiply with such ease, so I will be safe unless I get drowned in a milk picher.

Storekeepers should also take more trouble about keeping us away from foods on the counter and behind it. They allow us to have all we want to eat, and have the same attitude towards

us as the hospitable farmer's wife. Worse than that, they let their customers spit around anywhere on the floor. If any of them happen to be suffering from tuberculosis it is all the same to the storekeeper and, of course, we do not mind carrying germs at any time. Those who provide spittoons are not careful enough about cleaning them out frequently with the result that we visit them often. Farmers and their wives are most emphatic about the need for cleaner politics, but are often apt to forget that the welfare of the country depends to a large extent upon the elimination of flies.

"When one considers the maternal death rate in this Province in obstetrical work one is appalled, and I wish to emphasize that only one maternal death associated with pregnancy occurred in the Province of Nova Scotia among the patients of the V. O. N." states Dr. C. S. Morton.

Miss Elizabeth Emellie, Ottawa, Supervisor in Chief of the Victorian Order of Nurses, was a recent visitor to Western Canada on a hurried unofficial inspection trip. "One of the immediate effects of the general depression so far as the Victorian Order of Nurses is concerned, is that our free work has been more than doubled," she said. "The figures speak for themselves. In 1929 the total number of free cases attended by the V.O.N. throughout Canada was 49,035; in 1931 the number reached a total of 100,877. Naturally, it will be understood, while the work has increased, fees have decreased, thus forcing the V. O. N. to additional effort to raise funds."

A FLY IN THE OINTMENT

A lot of people from this town and community journeyed to Digby on Tuesday evening to help make up the two thousand audience of the Historical Pageant put on there under the auspices of the Kiwanis Club. It was announced that Miss Elizabeth Eldridge of Digby had been elected Queen of the Pageant, but no statement of the number of votes was given to the contestants from Annapolis. The performance was to have been repeated last night, but was postponed on account of the weather and the participants in the cast from here sent in their costumes, declining to participate any further.—Annapolis Spectator.

Why should we make any comments? We hope the "Courier" will always be too big to be as small as this. It strikes us as simply a case of trying to start something in a typical small town way. The count of the ballots are published in this week's issue.

In some parts of the county the roads are getting a bit too "washboardy" for comfort. Mrs. Clayton Boudreau and son, who have been visiting their parents, Mr. and Mrs. Jerry Surrette, returned to Boston on Monday.

Miss Hood who has been relieving Miss "Puss" Winchester at the local C. N. Telegraph office for two weeks, left on Tuesday for Yarmouth.

At the tennis tournament and tea at the Pines last Saturday afternoon, the Yarmouth players won four sets, while the Digby players won one.

The Digby Ravens Baseball Team were defeated by Bear River 5-4 on the Athletic field last Friday. On Sunday the Ravens journeyed to Church Point, where they trimmed Les Acadiens by the score of 3-2. In this game the Digby pitchers, Robinson and Winchester held the Church Point team to one hit.

Kew Gardens and Experts Have Contributed Much To Botanical Knowledge

Digby's Well-Known Florist T. J. Harris Was On
Its Staff And Made Many Important
Discoveries

Copyright, 1932, by N. Y. Evening
Post, Inc.

It happens to be lilac-time in Kew. It is a bluebell-time, snow-drops-time, magnolia-time, rhododendron-time, apple-blossom-time, daffodil-time. One of the world's most famous gardens is at its loveliest.

Kew, or, more formally, the Royal Botanic Gardens, consist of 300 acres of lawn, greenhouse, flowerbeds, trees, groves, lakes, ponds, rockeries, museums and, as the guides-books say, classic temples. There is a hazy tale, said to be in the oldest of (wood) in the world, the gift of the loyal subjects of British Columbia to the King, it is of Douglas fir and stands 215 feet high. There is a palace there, Kew Palace, a favorite residence of King George III and the scene of the death of Queen Charlotte. Queen Charlotte's grave is also on view. And, if one really cares, there is a Chinese pagoda.

The great palm house is luxuriant with lovely foliage, rising high in air under the friendly glass which protects it at a continuous temperature of 80 degrees. Monstrous palms from Mexico, India and the South Seas tower there, and many kinds of cactus form their bulbous compositions in their transplant home. Spiral staircases lead into metal crotchetries, where the visitor may look down as it were into a democratic jungle where plants from all the world live together under the sole requirement of enjoying that particular temperature.

Another Purpose

But Kew has other purposes than to charm and enchant, quite apart from offering to the general public a sight of the colors of exquisite flowers, the neat designs of border and flowerbed, the graceful trees (of an Indian variety), the Royal Botanic Gardens have a special mission. They make use of a large corps of experts, and their field is the world at large. The earliest delegate from Kew to go voyaging for the sake of botany, as far as the record goes, was a gentleman who was the Capt. of Good Hope in 1772. Captain Cook had a Kew botanist on board on one of his voyages. One of the ship's company of the famous mutinous Bounty was from the gardens, and another sailed with him to establish the breadfruit in the West Indies. In 1816 a Kew botanist, David Lockhart, was the sole survivor of the scientific staff of Captain Tuckey's expedition to the Congo. Archibald Menzies of Kew came down the ringing corridors of time as the man who brought home to Britain the famous Chilean monkey puzzle.

Kew has been active in industry for a long time, developing the products of the British Empire. Perhaps the most brilliant achievement of its scholars was the transplanting of the rubber tree; whence all sorts of wealth has flowed to Britain and Holland. The rubber tree is a native of Para in South America. A Kew man took it to the East and made it grow there, in India and the Indian Islands. Seeds were first sent to Kew, there hatched or sprouted, and thence dispatched halfway round the globe.

Cocoa, also a native of the trop-

ical regions of the Western Hemisphere, was transplanted to the African Gold Coast and elsewhere by Kew men. Quinine also was taken from its home in Chile and made to flourish in India, Mahogany was lifted from the Western Hemisphere by a Kew botanist and set down in the Orient.

On the other hand, Kew experts have paid their debt to the New World by presenting it with the produce of the Old. They brought the onion to Antigua, and they have battled long and hard to overcome the Panama disease which attacks bananas.

Our local florist, Mr. T. J. Harris, proprietor of the Racquette Garden, was for many years a member of this small band of Empire builders, being appointed for the Royal Botanic Gardens, Kew, by the Secretary of State for the Colonies to the Botanical Department in Jamaica, where he had charge of the Agricultural Experiment and Teaching Station.

During his tenure of office Mr. Harris was able to achieve many notable and interesting advances in Tropical Agriculture and agricultural education. As an interesting example—the tropical African banana (musa sapientum variety Gros Michel) had for unknown ages lost the power to produce seeds, yet seedlings were anxiously wanted from which to select disease resistant, and improved varieties. Mr. Harris, after patient and arduous work in the laboratory and field actually brought this about and established the method of doing so; his eyes were the first in the world to see banana seeds.

The sugar industry was dependent on the old varieties cultivated vegetatively by cuttings for two thousand years or more, first in the ancient East and then in the West Indies. New varieties were needed, and many tried to grow them from the minute seed in years gone by, but none were successful. Mr. Harris was fortunate enough to produce ninety seedlings in his first experiment. Having established the method of seed production, he produced in the second trial and a similar number in the next season, which provided a vast array of individual varieties for testing as to sucrose content and field qualities.

Similarly some valuable results were obtained by him from experiments in connection with tobacco, vanilla, mangoes, nutmegs, avocados, and in regard to cocoa one item was reported to the Home Government as an "Epoch Making" discovery.

Later he was at work in the re-education of the Lily bulb industry in Bermuda and assistance to the other agricultural and horticultural industries in that colony.

The concert by the Weymouth Band in Digby last Saturday seems to have started most of the young people and many of the older ones talking loud and wondering why we must hire an outside band if we want any music, and a communication in the Courier asserting that Digby has "an abundance of the necessary talent for a first class band" has helped arouse enthusiasm to a high pitch. A group of business men have become interested and are considering ways and means of forming a permanent organization in the near future. If they decide to carry on, there is no doubt a band will be established on a sound business basis that will win the confidence and support of every loyal citizen of Digby.

"Harry surprised me very much last night by saying that we're going to take our honeymoon in France."

DOWN FUNDY WAY

By Roy Marshall Johnston

From down where Fundy tosses spray
Where magic lurks in bush and bay;
From there I hear the breezes say:
"Come down and stay and stray and play."

Down Fundy way,
The land that sends this call to me
Is washed and flavored by the sea,
'Tis redolent with history
And legends of old Acadie.
There's misty sea and mystery
Down Fundy way.

I see down there a sea-girl land,
With coves and heads and stretching sand—
It looks to many a far-off strand,
And ships go in and out and stand
Against the sky, in Neptune's hand—
Down Fundy way.

Down there, from highlands lifted tall,
The winding vales and brooklets fall;
And along tide-waters crawl,
Around behind the mountain wall—
There's mountain, vale and sea and all,
Down Fundy way.

I've been down Fundy way before,
My heart responds to Fundy lore,
And now the call's an urge, and more,
I'll go, I know, for I adore
That breezy, old Acadie shore,
Down Fundy way.

Annual Decoration Service at Clementsport Largely Attended

The twelfth annual memorial and decoration service at Old St. Edward's Church was held Tuesday afternoon at 2 o'clock, at which Rev. Dr. A. H. Moore, President of Kings College, Halifax, was special speaker. He discussed the difficulties of the pioneers.

Long before the service began, people could be seen leading their little old church standing like a sentinel overlooking beautiful Annapolis Basin. Many viewed with interest the old relics, while others were attracted by the quaintness of the building itself, with its tiny paneled windows, old wooden collection plates and straight back pews with doors attached. The church was filled to capacity.

The service began with a processional hymn, during which the clergy marched up the aisles and took their places. Rev. A. W. L. Smith, Rector of Clements, welcomed the clergy and visitors.

A plea for a \$200 endowment for upkeep of the church was made by Mr. Smith.

A beautiful bronze tablet was unveiled by Mr. Smith and Venerable Archdeacon Vroom pronounced the dedication. This was in memory of W. G. Smith, who for over 40 years gave freely of his services to promote the interests of the church.

The service closed with a recessional hymn and a short service was held outside the church while the decoration of the graves took place.

OPERA STARS TO VISIT DIGBY

That members of Maiden Civic Opera Company are coming to Digby in the near future is great news. Rev. A. E. Gabriel is responsible for having this group of singers include Digby in their tour of Canada.

This is what the Halifax Herald says of the Maiden Concert Group: "An operatic programme seldom equalled in the history of Halifax music was presented by the Maiden Civic Opera Company in the Ball Room of the Nova Scotian Hotel, under the auspices of the Kiwanis Club of Halifax. The talent was of high merit and deserving of the praise accorded by the large audience. Several of the numbers were enhanced by scenes descriptive of the various passages in the opera selections rendered. In the Garden Scene from Faust, by Gounod, Miss Lindgren, as Marguerite, sang the old song, 'The Swan Song', with artistic power, while Whitman Sinclair Browne, leading tenor, sang the part of young Faust, and his rich silvery tenor merited the acclaim of the audience."

The programme arranged by Mr. Gabriel will be as follows:—

Duet from the Second Act of "Bohemian Girl"—Ballet.

Duet (soprano and baritone) from the "Rose Maids"—Coven.

The entire Fifth Act of Faust—Gounod.

The Jewel Scene—Faust.

Duet from the "Pearl Fishers" (tenor and baritone)—Bizet.

Standard solo presentations by the various artists.

Opera scenes will be in costume. The concert will be given in Trinity Hall on Saturday, August 27th. There is only a limited number of tickets, so secure yours early at Keen's Jewellery Store.

Thieves Make Hay in Railway Station

Thieves broke into the Deep Brook station of the Dominion Atlantic Railway some time Tuesday night or early Wednesday morning. Among other small things stolen was the office desk.

When Digby Winchester, the station agent, opened his office Wednesday morning he found that almost everything had been ransacked. The ticket case had been torn from the wall, and tickets were strewn all over the floor; his desk was among the missing.

The robbers, however, only succeeded in getting away with a few notes. For Mr. Winchester had taken most of the day's receipts home with him.

The R. C. M. P. are making an investigation of the robbery.

Married

Lewis-Linton

A pretty lawn wedding was solemnized on Wednesday, August 3rd, at the home of Mr. and Mrs. Sydney Linton, Linton Corner, near Perth, N. B., when their daughter, Pauline Lee, became the bride of Franklin Albert Lewis, the youngest son of Capt. Charles W. Lewis, of Perth, formerly of Digby. The ceremony was performed under a giant silver horseshoe, trimmed with blue cantenberry bells. Rev. C. Saunderson, a former pastor, officiated, the double ring service being used.

Mr. and Mrs. Lewis left for a short honeymoon trip by motor to Quebec and Montreal. The bride wore a rose beige ensemble, trimmed with accessories. Their future residence will be in Perth, where the groom has opened a drug store. The groom's life to the bride was a fur coat.

Atlantic Voyager

At Victoria Beach

An interesting figure appeared at Victoria Beach on Thursday morning of last week, in the person of Einar Ellingsen, a Norwegian, who was planning a voyage across the Atlantic Ocean to France, via Digby, Halifax, and St. John's, Nfld., in an open boat. He has already completed the first leg of his journey, having left New York on July 26, reaching Victoria Beach in sixteen days. From there, he will sail for Halifax, then to St. John's, which place he expects to reach about the first of September. From there he will take the long and perilous voyage across the Atlantic to France, and from there to his home in Norway.

Ellingsen's boat, which is named the "M. B. Sonja", has been used as a lifeboat, and it is only 24 feet in length. Except for a canvas awning, which the lone sailor uses as sleeping quarters, the boat is completely open. Ellingsen has complete confidence in the seaworthiness of his boat and believes he can make the trip across the broad and stormy Atlantic without mishap. Ellingsen said that for a few hours each day he crawls under the canvas awning to sleep, and that by securing the steering gear the boat steers herself. He cannot sleep at night, as there is danger of being run down by passing ships. He seems to regard his voyage as a great adventure, and looks forward to rejoining his relatives and friends in his home-land. He is 38 years of age.

N., illustrating the use of color and flowers on an invalid's tray. The candy booth was in charge of Mrs. John Whitman, of Clementsport. YE EDITOR'S BUSY DAY

Temperature, 95 degrees
Book agent drops in with the latest history of the Kaiser.
Citizen sticks his head in the front door to know if you think it is going to rain tomorrow—a garden party day.

A woman telephones that you have omitted her name from a list of "those present" at a reception last week.

Another citizen wants to know if it is hot enough for you.

Young lady phones for information concerning the printers' unit of measure—she's working a cross-word puzzle or something.

Friend drops in to start an argument about the Imperial Conference.

Temperature runs over the top of the thermometer.

A BOYHOOD DREAM

I love you, dear Nova Scotia,
So I wandered back again
To roam as I did in childhood
O'er the "Wooded Hills of Home."
And I stood again by the brooklet
That lulled me to sleep as a child.
But sleep came not to my eyelids,
For my heart throbb'd fierce and wild.

For here, by this little brooklet
My childish feet have strayed;
And here on this mossy billow
My weary head I laid;
And lulled by the gentle murmur
Of this softly flowing stream,
And the song of the thrush in the thicket,
I was lost in a childish dream.

The trees that towered above me,
I dreamed were cathedral spires;
And the birds that sang in the forest
Were to me like magic choirs.
The hills were towering mountains,
And the valleys were canyons wild,
And a mighty river the little brook
That lulled me to sleep as a child.

And today I stand in the gloaming
And watch the shadows fall;
I hear the rippling brooklet
And the thrushes' evening call.
I gaze on the scenes of childhood.
On copse and vale and hill;
I hear the robin's carol,
And the softly murmuring rill.

I have scaled the mighty mountains,
I have stood by western seas,
But in all these scenes of grandeur,
There are none more fair than these.
Yes! I love you, dear Nova Scotia;
So I wandered back again,
To behold the matchless beauty
Of "The Wooded Hills of Home."

THE IDEAL SPOT

It is an ideal spot, this little corner. How quiet and peaceful; a part of the city yet not of it; so near and yet so far from the jarring sounds of the "mad-dening crowd." The slender white fence, half-hidden by the well-trimmed lilac hedge, the stately maples with half a century behind them, the emerald lawn dotted here and there with snowy clover—these make a setting for the tiny cottage that is truly exquisite. This charming scene stirs up sweet memories of childhood and fills, ah! some half-formed elusive thought crosses the mind and is gone—the heart with longing.

How I love those spreading branches which shade the rustic seat in the corner—an ideal spot for lovers. Oh, to be a child again, free as air—there's that phantom thought again—to lie and watch the fleecy clouds drift across the blue vault of heaven, hear the drowsy hum of bees and the sweet music of the birds. Here one could repair the ravages of time and fill the tired heart—Whoopee! I've got it! Pull down that rickety fence, cut down those useless trees; wreck the old shack! This is a vow of a place for a filling station!—S. V., in MacLean's.

Thought for the Week

"To live as gently as I can,
To be, no matter where, a man,
To take what comes of good or ill,
And cling to faith and honour still;
To do my best and let that stand,
The record of my brain and hand;
And then, should failure come to me,
Still work and hope for victory."

Smilin' Charlie Says

"S' easy enough
to be courageous 'n
bear lots o' pain,
if's th' other feller
thats got it -"

His car was seven miles from the hospital, and the mail carrier had to walk the distance because his ignition was locked.

MOTOR ACCIDENTS IN NOVA SCOTIA SHOW DECREASE

The Motor Vehicle Branch of the Department of Highways announces that from January 1 to July 31, of this year 535 accidents occurred on the roads of Nova Scotia. This is a decrease of 2 accidents as compared with the similar period of last year.

In these accidents 347 persons were injured, an increase over last year of 73. The number of persons killed was 16, a decrease of 6 as compared with the year 1931.

On July 31, the total number of motor vehicles registered in Nova Scotia was 36,836, including passenger cars, commercial vehicles and motorcycles.

The number of accidents this year for a period of 7 months was, therefore, 14.5 per 1000 motor vehicles operated on the roads. This is relatively a creditable showing as compared with the records of other States and Provinces and shows that the great majority of car drivers in Nova Scotia are carrying out the regulations for safety set forth by the Department of Highways.

ROBINS AND SQUIRRELS STAGE RING BATTLE FOR SHRINERS

Guests at Jasper Park Lodge were divided among themselves as half of them rooted for two squirrels and the other half cheered on two robins engaged in ludicrous battle in a tree shading the front lawn of the Lodge. Hysterical laughter drew the attention of a group of Shriners to a pine tree. On one lower limb they spied a squirrel ducking left and right hooks delivered by a frantic robin. Batting her wings and chirruping madly the lady was hard set to protect her fledglings in the upper limbs. Her mate appeared and the two beat off the attack only to have the squirrel return with a partner.

As the chattering squirrels advanced, matters looked bad for the robins until one of the fozzed robins shook the tree in which the battle raged. The squirrels retreated but behind them they left an argument which was still proceeding when nearly 300 Robins and their wives waved Jasper goodbye after a two days' visit. They were returning home after their Imperial Council session in San Francisco.

"My baby was so bad with summer

her," writes Mrs. Hazel Allard, Whitby,
Ont. "A friend advised Dr. Williams' Baby's Own Tablets. After the third
dose baby fell asleep. By noon the next

Obituary

Freeman John Levy

There died at his home in the
town of Windsor, on Saturday
evening, Freeman John Levy. Two
years ago he suffered a stroke of
paralysis and his health has not
been good since.

He was born in Sherwood, in
the county of Lunenburg, 67
years ago. He moved to Wind-
sor many years ago and for 16
years was manager of the Wind-
sor branch of the Pinney Music
Company. He was for more
than thirty years a member of
Pisiquid Lodge, I. O. O. F. He
is survived by his wife, a daugh-
ter and two sons, one of whom
Chester Levy, of P.W. Hold-
sworth's staff, Digby. The fun-
eral took place on Tuesday.

Fred Morse

The passing of Fred Morse,
aged 64 years, occurred sudden-
ly at his home, Clements-
port, at an early hour last Satur-
day, following a shock suffered at 8
o'clock Friday evening, as he re-
turned from the village. He was
in the taxi business for sev-
eral years and had attended a
garden party that afternoon,
only returning with people from
that place a few minutes before
the fatal illness. Deceased was
twice married, his first wife be-
ing Lizzie Hicks, from which
marriage two sons and one
daughter, all in the United
States, survive, one son having
arrived for a visit only a few
days ago. His second wife (nee
Lizzie Rawding) also survives.
The funeral was held on Mon-
day afternoon, conducted by Lic.
W. H. Turner, of the United
Baptist church, with interment
in Clements-ville.

William Michaud

The death of William Mich-
aud, well known merchant, took
place at his home in Belliveau's
Cove, on Monday, August 8th,
at the age of 71 years. He leaves
to mourn their loss his widow,
three sons, Edward, Francis and
Theodore, of East Orange, N. J.;
and two daughters, Miss
Delphine Michaud, of East Or-
ange, N. J., and Mrs. J. Melan-
son, of Hartford, Conn., and one
sister, Mrs. Leah Crapaud, at
home. The funeral took place
at St. Bernard, Rev. Fr. Bour-
neuf officiating. The funeral
was largely attended.

Allan J. Walker

Allan J. Walker, aged 86 years,
died in the hospital in Boston
on August 5th. Three years
ago he moved from Lake Mid-
way to make his home with his
daughter, Mrs. Mary Henshaw,
in Melrose. Interment was in
the family lot in the Wyoming
cemetery, Melrose.

Mrs. Ella H. Urquhart

The sudden death of Mrs.
Ella H. Urquhart took place at
the home of her son, William,
at Yarmouth, on Tuesday of last
week. Mrs. Urquhart came
from Waltham, Mass., three
weeks ago on a month's visit.
Friends and family were shocked
at the news as the deceased
had seemed active and in good
health. A stroke of apoplexy
was the cause of death. She
was born in Freeport, in 1864,
the daughter of the late Captain
and Mrs. William Wyman. Her
husband, Donald J. Urquhart,
predeceased her thirteen years
ago. She is survived by one
sister, Mrs. Wayland Hanks-

Reeders, of Waltham; three
daughters, Mrs. Byron Andrews,

grandchildren. The deceased
also leaves many mourning
friends, having spent her child-
hood days at Freeport, her mar-
ried life at Barton; and her
later years at Newport News.

T. F. Anderson Reviews
Forty Years' Tourist Business

Thomas F. Anderson, of Boston, secretary of the New England Shoe and Leather Association, and for many years a prominent journalist in that city, addressed the Kiwanis Club, of Digby, at their weekly luncheon on Monday. Mr. Anderson has perhaps done more to promote the tourist business in Digby and Nova Scotia in general than any other one individual. His first trip to Digby was in the summer of 1888—since that time he has been an annual visitor, and has sung the praises of town and province to thousands of people. He was for a time, publicity director of the Yarmouth Steamship Company. In 1891 Mr. Anderson organized the first New England press party to visit the province.

During his address on Monday he told many reminiscences of his visits over the past forty-four years, and of the changes that have taken place in the town since he came to know it. He concluded his address with a number of suggestions to make Digby better known as "the summer resort of Nova Scotia," and urged the Kiwanians and the citizens in general to become more "tourist conscious." H. B. Short, M. P. presided over the luncheon.

Following are Mr. Anderson's twenty points:

- 1.—Greater "tourist consciousness" on the part of the citizens.
- 2.—Better leadership of a forward-looking and public-spirited character.
- 3.—A Tourist Committee that will function.
- 4.—Publication of an "official" booklet describing Digby's attractions in detail, including its nearby drives.
- 5.—Insertion of advertisements in a few metropolitan United States and Canadian newspapers.
- 6.—Close and regular contact with United States and Canadian railroad and steamship offices and tourist agencies.
- 7.—A local Tourist Information and Registration Bureau, with map of Digby and environs.
- 8.—Frequent publication in the Digby Weekly Courier of inspirational articles relative to Digby and its vacation possibilities.
- 9.—Educational talks to local school pupils on the same subject.
- 10.—A "focal gateway" at the entrance to the town to welcome visiting motorists.
- 11.—A local brass band.
- 12.—Canopied seats along the waterfront for the convenience of visitors.

WESTPORT

Miss Katherine VanEtter and Miss Anna K. Dorocan, of Boston, were recent guests at the Benton House. William B. Denton, of Little River, spent the week-end with his daughter, Mrs. Lloyd Denton.

Miss Helen Curry has returned home from Port Maitland.

The baseball team of Sandford, played the Westport baseball team recently, the score being 8-3 in favor of Sandford. This team also defeated Freeport 5-3.

Gets Scare But Smoke
Turns Out to Be Ants

Pear and excitement gripped the people of Church Point at 6 o'clock Sunday evening, when a column of what was supposed to be smoke was seen issuing from the top of St. Mary's Church.

Villagers came rushing from all directions to fight the blaze. Volunteer firemen loaded extinguishers on their backs, placed ladders and ascended them. All were prepared for a hard battle.

Then the firemen, high on the ladders, found that the "smoke" was a cloud of flying ants hovering around the church steeple.

The Weymouth Band motored to Digby on Saturday evening and put on a concert which was much enjoyed. The collection, which was a fairly large one, will be used to help the Band.

lors, and a down-town "rest-room" for lady shoppers.

- 13.—More sail-boats and regattas on Annapolis Basin.
- 14.—An annual public reception, lawn-party, concert or other courtesy to the town's summer visitors.
- 15.—Better highway signs.
- 16.—Annual prizes by Kiwanis Club for the best local flower display.
- 17.—A campaign to make Digby Canada's premier summer convention and golf tournament centre.
- 18.—An official greeting and "Come Again" card in the letter-box of every hotel guest.
- 19.—One hundred per cent. support of the Digby Weekly Courier and its Sixtieth Anniversary issue next year.
- 20.—Have Digby's 150th Anniversary Celebration, in 1933, include a cordial "Old Home Week" invitation to every absent son and daughter of the town, and make the observance Digby's greatest advertisement.

Mr. and Mrs. W. K. Tibert, and sons, Lewis, Harold and W. K., junior, of Fredericton, who were visiting Mr. Tibert's mother, Mrs. Isabelle Tibert, at Little River, have gone to Bear River where they will visit Mrs. Tibert's parents, Capt. and Mrs. J. E. Woodworth.

In the Province of Nova Scotia there were last year 59 cow testing groups or associations, made up of 890 herds and 7178 cows. Of the total cows recorded 4269 cows averaged 6192 pounds of milk, and 266.1 pounds of fat. The average test is 4.29 per cent. One hundred and sixty-three herds and 1339 cows averaged 300 pounds butterfat and over for the year.

A large number of farmers are preparing to exhibit cattle at the Annapolis County exhibition, and blood tests have been made in Annapolis, Bear River, Middleton districts, with others to be made this week. As it takes two to three weeks to get returns back, anyone wishing to exhibit cattle at the Exhibition should apply for a test at once.

The Bear River Calf Club held its meeting at Fred Read's, on Wednesday of last week, and judged a class of Jerseys. This club is getting to be one of the largest calf clubs in the western end of the province, and they expect to put on a good exhibit at the Bear River exhibition. Instructions were given in preparation for the club show. Mrs. Read very kindly supplied ice cream and cake, following the meeting. The Junior Farmer Garden Club met at the close of the Calf Club meeting and arrangements were made to hold their club show at the Bear River exhibition. Prospects are for an even better exhibit than last year.

The Yarmouth Farmers' picnic will be held at Bay View park (across the harbor from Yarmouth), on Thursday next, it was decided at a recent meeting of the executive.

YARMOUTH LACES DIGBY ALL
STARS FOR A DOUBLE WHITE-
WASHING

Yarmouth took the Digby all-star nine for a 11-0 white-washing in the first game of a double header at Yarmouth last Friday. Cliffe Surry, twirling for Yarmouth, struck out eleven, walked one and allowed but one hit. Digby at no time got a man further than first base and the Yarmouth nine chalked errorless ball.

Buddy Winchester pitched five innings for the visitors, in the sixth being replaced by Belliveau. Pete White, catcher for Yarmouth, hit a home run in the third inning.

Second Game, 8-0

In the Night Cap, Nate Bain twirled a mastery game, limiting Digby to 1 hit, and crediting 9 strikeouts. Robinson, the Digby Star, twirled a fine game for Digby striking out 5, and allowing 10 hits.

The first and second inning were scoreless, Yarmouth's heavy line of batters not finding the Digby pitcher. In the third, Yarmouth came home to tally the first of the game. The fourth and fifth were scoreless. In the sixth, Yarmouth tallied two more, making it three to nothing. Then in the eighth Yarmouth hit the batting streak that has brought them through the season without losing a game. Five runs came over the pan before Digby could get the situation in hand. So it went thro' the ninth, and Yarmouth had scored a second white-washing over the Digby boys. The score was 8-0.

Comeau, Rev. Father Jauffret was master of ceremonies. The choir, under direction of Rev. F. Orevé with Professor Ulysse Comeau at the organ, rendered the Gounod Mass.

In the afternoon Vespers were celebrated at the "Memorial Chapel," erected on the spot of the first Church built in 1774 by Rev. Father Bour, Bishop LeVeaux blessed the new Chapel and Rev. Father Bourneuf, P. P., of St. Bernard delivered the sermon, in which he reminded the 2,000 people present that it was on this very spot that their ancestors used to come from miles away to receive the sacraments of the Church. He appealed to them to remember the faith of those pioneers of St. Mary's Bay who by their labors and faith in the future rendered

possible the development of the District of Clare, and the well being of the present generations, urging them to remain like their ancestors, good Christians and valuable citizens.

The Church of 1786 was replaced in 1806 by a larger one that was erected alongside the main post road near the actual cemetery. The Church was burned to the ground in 1829, Rev. Father Cigogne, then the parish priest, built another and larger church, on the same spot. In the meantime in order to perpetuate the memory of the first Church, he placed on the site a large stone commemorating the location of the altar and the visit of Bishop Denault of Quebec, the first Bishop to have visited the Acadians since 1775.

Bad Smash-Up
at Little Brook

A bad auto accident occurred at Little Brook on Monday when a Chevrolet coach, owned and operated by Edmund LeBlanc, of Saultville, was in collision with a truck owned by Charlie Boudreau, of Comeauville, and operated by Mrs. Boudreau.

LeBlanc was driving at a high rate of speed on the left side of the road, and the truck, driving at a moderate rate of speed, on the right side of the road, was coming in the opposite direction. When LeBlanc saw that he could not get back on the right side of the road, he attempted to pass on the wrong side. He hit the truck with a glancing blow and turned it over, resting with the four wheels in the air. The Chevrolet coach was damaged beyond repair and the truck received considerable damage. Miss Lucy Saulnier, who was a passenger in the coach, suffered a few minor injuries. Peter LeBlanc, who

was in the truck, also sustained injuries to his jaw and head. Mrs. Boudreau sustained a sprained knee and bruises, while a baby which was held by Mr. Boudreau, escaped uninjured. Constable Morton, of the R. C. M. P., investigated the accident and found the LeBlanc car to be in the wrong. Mr. LeBlanc was fined \$50 and costs.

Mrs. Harry Baxter leaves today to visit friends in Boston.

The Misses Genevieve Harrington, Louise D. Wals and Marie Browne, of St. Louis, Mo., are among this week's guests at the Eureka Cottage.

DIGBY, NOVA SCOTIA, FRIDAY, AUGUST 26, 1932

VOLUME LIX, NO. 4

Prominent Halifax Attorney, E. Hart Nichols, Stricken Suddenly At Yarmouth

Native of Digby. Practiced Law Here For Several Years

Stricken on shipboard while he was returning from Boston with his wife and daughter, Constance. E. Hart Nichols, K. C., prominent Halifax attorney, died in hospital at Yarmouth at 9.30 o'clock Sunday morning. He had not regained consciousness since he entered the institution Friday.

Expressions of deep regret were heard on all sides when his death became known, and messages of condolence poured in upon members of his family who were with him.

He was born in Digby, son of Abraham and Susan M. (Bacon) Nichols, of Empire Loyalist extraction. He was educated in the Digby County Academy and received his bachelor of arts degree from Acadia University in 1893. He won his Law degree from Dalhousie in 1898. He taught at Kings County Academy, Kentville, until he was called to the bar in 1898 and joined Frank Jones in practice. Two years later he opened his own office in Digby and two years after that his brother, Frank Nichols became associated with him. In 1905 he moved to Calgary and became a member of the law firm of Jones and Nichols.

When he returned to Nova Scotia in 1917 he became Registrar under the Military Service Act, and the following year he took over the work for the Maritimes. He was appointed King's Counsel the same year. When his war duties terminated, he returned to the practice of law and formed a partnership with Alfred E. Silver, K. C., and he continued in the firm of Silver and Nichols until 1924, when he formed the firm of Nichols and Flavin. He was associated with Mr. Flavin up to the time of his death.

His only public office was revising officer for the city and county of Halifax, to which he

Rev. Frank Milligan In the United Church

Rev. Frank Milligan, of Saskatchewan, former Secretary of Religious Education of the Maritime Conference, was the preacher in the United Church, Digby, on Sunday evening. Mr. Milligan expressed himself as being delighted at the opportunity of again addressing a congregation in his "old home town."

During the course of his sermon he made reference to the distressing conditions in Southern Saskatchewan last year, and thanked the congregation of the local United Church for the part they played in sending bundles of clothing, etc. The manner in which the people of the Maritimes responded to the appeal from the West, was very gratifying, he said. This year there has been more rain and there will be good crops. Prices may be low, but there will be food for the people and fodder for the stock.

Opera Stars at Trinity Hall Tomorrow

Those who appreciate good music, opera and popular, will be present at the Concert to be held in Trinity Hall, tomorrow evening. The Principals of the Malden Civic Opera who are giving this concert under the auspices of the Tennis Club have been winning much praise throughout the Maritimes. A large attendance is expected, and the admission charge is only 75 cents. Just think, a group of professional singers will be heard in Digby!

G. R. Erbb, of Saint John, is visiting at the home of Mr. and Mrs. Harry Baxter.

He was appointed in 1929. He was a member of All Saints Cathedral, and interested in all lay activities of the Anglican Church. He was a member of the Diocesan Synod and served on many of its important committees.

In politics he was an outstanding Conservative. He always maintained a close association with Digby, its people and its problems. He usually spent his summers here.

For many years he was honorary treasurer of the Halifax Branch of the Overseas League, and he was a past president of the Canadian Club. His club memberships included the Halifax Club, Ashburn Golf Club, Waegwoltic Club and St. George's Society.

He is survived by his wife, daughter of the late Dr. and Mrs. Moody, of Windsor, one daughter, Constance, two brothers, F. W. Nichols, K. C., Digby and Goudey Nichols, Acadiaville, and two sisters, Miss Annie and Mrs. James Roop, Acadiaville.

Funeral was held at Windsor Wednesday afternoon, following arrival of the train from Yarmouth.

TOWN OF DIGBY APPLYS FOR A REDUCED RATE

Mayor P. W. Holdsworth has called our attention to a little local in last week's Courier in reference to the Digby County Power Board making application to the Public Utilities Board to reduce its rates. The town of Digby, which is the purchaser of the greater part of the Digby County Power Board's electrical output, is the instigator of this case. It is the town's desire to reduce the price of electrical energy, but that cannot be done until such time that the Power Board reduces the wholesale price charged to the town. It is the town's protest against this present price that has been the means of application being made to the Public Utilities Board for a reduction of rates.

In another contest Friday Trask's team won an engine pumping contest, the time being 26 seconds.

The personnel of the winning team in the Fire Fighting contest, whose time, it is unofficially stated, equals the best in Canada, comprises Chief Douglas S. Trask, of Yarmouth; Perley Gates, of Weymouth; Enos Hatfield and Carl Miller.

ADVERTISING INCREASES CONSUMPTION OF BASIC PRODUCTS

An instance of how advertising can help to increase the Canadian consumption of Canadian basic products is provided by the experience of the Canadian Shredded Wheat Co., Ltd. This Company has just issued a series of advertisements to newspapers from coast to coast, urging the public to use their product, "Shredded Wheat".

Not only because of the food value but also because by eating Shredded Wheat being made from the finest Western grain with nothing added or taken away.

Some idea of what this appeal to patriotism has meant in the domestic consumption of Canadian wheat is given by an official of the Company.

"Since 1928 we have, in one way or another, been urging the public to use our product because by doing

so, it is directly helping the Canadian farmer and our records show the results," he said. "Several hundred thousand more Canadian families are using daily at least one ounce more of prepared Canadian wheat in the form of our biscuits than was the case five years ago. That represents a consumption of about 2,000,000 pounds more Canadian wheat weekly from this country alone. Work that out in terms of the results, and you will find that it is a total which is worth considering. We want to sell our product but we do feel that our success shows how industrial firms use the right sort of product can advertise to increase the country's consumption of basic products."

Nurse Loses 7 lbs.

"I weighed 145 lbs.," writes a nurse, "when I bought the bottle of Kruschen Salts which I have just finished. I have taken a good half-teaspoonful in a glass of hot water every morning. Now I weigh 138 lbs., a loss of 7 lbs. I am very glad to have lost weight, especially without trouble."—M. H. R. (Trained Nurse.)

Unlike most salts, Kruschen isn't simply a laxative. When you take Kruschen Salts you not only stimulate your liver and kidneys to function naturally and perfectly, but you supply every internal organ, gland, nerve and fibre in the body with Nature's own revitalizing and rejuvenating minerals.

Get a bottle of Kruschen Salts today, and take one-half a teaspoonful in a glass of hot water every morning before breakfast.

Before the bottle is empty you'll feel years younger—eyes will brighten—sleep grow sprightlier—nerves steadier—you'll sleep sound, enjoy your meals, and after a hard day's work you'll be ready for wholesome recreation—or million women already know all this.

THE ANNAPOLIS BASIN

The other day a summer tourist reminded us that our beautiful Annapolis Basin was "being wasted."

Thomas F. Anderson in his address to the Digby Kiwanis Club on August 15th., told the members of the club pretty much the same thing.

And, isn't it the truth?

Here, we have at our front door one of the most beautiful sheets of water in the whole wide world. We all revel in its beauty and sing its praises, but what have we done in recent years to make it more attractive?

Tourist booklets issued by hotels and resorts along its shores all advertise "yachting, bathing and boating"—yet there isn't a resort on the whole Annapolis Basin that has gone out of its way to make a decent bathing beach for the summer tourists! With the exception of a few commercial pleasure boats, boating has become almost a thing of the past. You can almost count the canoes owned along the basin on the fingers of your two hands.

Yet, there is absolutely no reason whatever why the Annapolis Basin should not be filled with pleasure craft of every kind. We all acknowledge the fact that if it were not for this scenic sheet of water our tourist business would be nil. Are we too indifferent to wake up to the fact that in order to get the most out of the Basin we must use it as well as look at it and talk about it?

HAVE YOU EVER TAKEN THIS DRIVE?

Here is one of the drives around Digby we wager that not more than one person in twenty who has a car has ever taken, and yet we'll wager that there are few more beautiful in the whole of the Dominion.

The next time you drive to Bear River try coming out by way of the Deep Brook road, at the Waldo school turn to your right and follow the Waldo Line road down through the Deep Brook hills, so called. After you reach the first corner to your left, and follow that road. It will take you out at Deep Brook, just a little above the Sea Breeze Hotel, and offers one of the most beautiful marine views you have ever treated your eyes to. We won't attempt to describe it, but ask you to take this trip on your first opportunity, and don't forget your camera.

New
and
BiggerHistory of Pharmacy
In Digby County

From a Paper by L.V. Harris, of Bear River,
Read at the Annual Meeting of the Nova
Scotia Pharmaceutical Association,
at Pictou, June 30, and July
1, 1932

To the Officers and Members of
The Nova Scotia Pharmaceutical
Society.

Gentlemen:—
At the annual meeting of the Society, held at Digby in 1929, Dean Burbridge requested me to endeavour to write up something in the way of a paper on the history of Pharmacy in Annapolis and Digby Counties.

This request was made just after the reading of the excellent paper contributed by Mr. R. C. Fuller with reference to Pharmacy in Cumberland County, and I, therefore, hesitated about undertaking anything of the sort. However, I did consent to make the effort, but found as time went on that owing to the extreme difficulty in obtaining authentic information, I would be unable to complete a write-up for both counties for this year's annual meeting, so present at this time a few notes relative to Digby County.

The actual date of the birth of Pharmacy in Digby County is uncertain but it appears that the honor of operating the first drug store in this county goes to Dr. P. W. Smith, father of Mr. H. A. P. Smith, who at the time of his death, was High Sheriff of Digby County. Dr. Smith operated this store in connection with his practice on the location now occupied by Odd Fellows Hall on west side of Water Street, Digby, and although the date of its beginning is uncertain, it is reasonably sure that in 1873 Dr. Smith sold his drug business to A. J. McCallum, who was his clerk at that time. Mr. McCallum opened up on the stand now occupied by Yates' studio on the east side of Water Street. He was registered as a member of the Nova Scotia Pharmaceutical Society in 1875 without examination. About 1880 Mr. McCallum closed out his business at Digby, and for four or five years was engaged in the lumber business with his brother at Windsor, N. S. About 1885 he opened a drug business in Yarmouth but sold out about 1907 and moved to Sydney Mines where for about four years he had charge of the establishment known as the "Sydney Mines Drug Store." He died at Sydney Mines in 1911.

The next person to open a drug store in Digby was Mr. John Chaloner who started an establishment in 1877 in a building on the east side of Water Street, now known as Jones' Drug Store. At this time he was engaged in Pharmacy in Saint John, N. B., and in the spring of 1877 he sent Mr. George Moore over to Digby to open up, and came from Saint John in the fall of that year to take personal charge. Chaloner's first clerk was Benjamin Waters, a Digby boy, who started in this position on August 6th., 1877, but after working only two months, he was taken ill and was forced to quit, his position being taken by Charles Hawkesworth. After going to sea for some months, Waters again took up his work with Chaloner until October 1885, when he moved to Wareham, Massachusetts, where he bought the business he is still operating. Mr. Chaloner ran a successful business for twenty-one years, known as "Chaloner's Drug Store," which, for many years, was the only drug store between Annapolis Royal and Yarmouth, so that he had a wide field of operation. He retired from business in 1901, when he sold to Mr. H. E. Jones, who had served as clerk with him for a considerable number of years. Mr. Chaloner died in 1911 and Mr. Jones continued the business at the old stand, under the title of "Jones' Drug Store" which he carried on with marked success until his death in 1926. From this date the business was continued by Mrs. Jones under the management of Mr. Dalton McKinnon until 1928, when Mr. Howard L. Smith took charge. The death of Mrs. Jones occurred in October, 1930, but the establishment has been operated since by the Estate under Mr. Smith. Thus this business has a record of over half a century of continuous service to the public. Mr. Jones took an active part in the affairs of the town and served on the Town Council one term.

In 1886 Archibald Dakin, a former Digby boy, sold his drug business in Wareham, Mass., to his brother and moving to Digby, opened a drug store which operated for less than a year. In 1887 Dr. Emdon Fritz, who was practicing in Digby, opened a drug store and engaged R. F. Stark, who at that time was clerking for Chaloner, to operate for him. This establishment, which was situated on the west side of Water Street, in the Mullen Block, was sold by Dr. Fritz to Stark in 1888, who continued it under the name of "The New Drug Store." In 1892 Mr. Stark left the Province and went to New York, where he engaged in the drug business for some years. His Digby business was taken over by Dr. F. S. Kinsman, a medical practitioner, who continued the establishment under the firm name of F. S. Kinsman and Company until 1896. It was then taken over by Alfred and Laurie McLaren and continued for two years under the firm name of McLaren Brothers. I do not find either of these brothers listed as a member of the Nova Scotia Pharmaceutical Society, but understand that Alfred McLaren held registration with the Pharmaceutical Society in the United States.

In 1898 Mr. Edmund F. L. Jenner, a native of England, came to Digby from Sherbrooke, N. S., and took over this stand, but had the misfortune to lose his business by fire in that same year. By 1899 Mr. Jenner was again established in business in the Shreve Block, where he carried on most successfully until his death in 1908. Mr. Jenner was Vice-President of the Nova Scotia Pharmaceutical Society for the years 1905 and 1906, and was President for 1907. He also held a position on the Board of Examiners during 1905.

Quoting in part from the "Canadian Druggist" of September, 1908:

"Mr. Jenner was a successful pharmacist in every particular and with a rich supply of experience, he was ever ready to put forth every possible effort to elevate the standard of his profession at home and abroad. He held a 'first-class Grade A Certificate' from the Royal School of Artillery, Quebec and also a Captain's Commission in the Seventh Regiment of Canadian Artillery. He took a lively interest in hunting and fishing, and was Game Warden for over

NOVA SCOTIA RELIGIONS

With Nova Scotia's population of total 512,846, the religions, according to the last census, number as follows:

Adventist	1,144
Anglican	88,710
Baptist	82,098
Brethren and United Brethren in Christ	98
Buddhist	2

sixteen years. He was a magazine writer of considerable note and contributed numerous articles to various medical, pharmaceutical and sporting journals. Through his death a severe loss will be keenly felt by the Society of the Province of Nova Scotia, and indeed throughout the Dominion.

After the death of Mr. Jenner the business was purchased, in September, 1908, by Mr. Percy W. Holdsworth, who for many years served as clerk under the former proprietor. Under Mr. Holdsworth's ownership and management the business has been most successfully carried on up to the present time. Mr. Holdsworth takes an active interest in the affairs of the Society and served on its Council during the years 1913-14-15-24-25. He has taken a keen interest in the welfare of Digby and has served three terms on the Town Council. At present he is the Chief Magistrate of the Town, having been elected Mayor last February.

It appears that not much attempt has been made to establish regular drug businesses in Digby County outside of the town of Digby and of Weymouth. I am informed that a Dr. Edward Blackadar opened a drug store in Westport about 1911, but discontinued it after operating about eighteen months.

Digby County has been favored by the Nova Scotia Pharmaceutical Society more than most counties of the Province in that three annual meetings of the Society have been held therein, namely at Digby in the years 1913, 1924, and 1929. The Canadian Pharmaceutical Association has also honored Digby in August of 1930 by having a luncheon at "The Pines," which marked the beginning of its programme for its convention of that year.

Before closing I wish to thank all those from whom I received assistance in getting information regarding drug stores in this County. In this respect I am particularly indebted to Mr. P. W. Holdsworth and I feel that the Digby County write-up would have been more comprehensive if it had been undertaken by him.

Should anyone note omissions or errors in this paper, I shall be glad to have the additions or corrections.

Faithfully yours,
(Signed), L. V. Harris.

"Oh, it was
ever so long
ago!"

This dainty lady said, "Dry Cleaners were unknown. The very finest materials had to be laundered. It was no small task to wash the heavy fabrics of those times. It was a problem over which we sought advice. At times, I even made soap from carefully tested recipes."

"I don't remember the exact year when I started using Surprise but I do know that once I tried it I never made my own soap again."

"I gradually became accustomed to the gentle way Surprise cleansed frail or very soiled clothes. But when I found that it wouldn't injure fine woodwork, I thought I had discovered the safest soap in the world."

"I've used it ever since, of course, and I have always found that whatever cleaning task I have to cope with Surprise can be depended upon."

"Quality first" was the policy adopted when the first bar of Surprise Soap was made in St. Stephen, N.B., forty-six years ago. This policy has never been altered and the quality has improved with advancing knowledge, keeping pace with modern requirements.

Married

Ritcey—Wright

Wesley United Church, at Springhill, was the scene of a pretty wedding of more than usual interest at four o'clock on the afternoon of August 17, when Marjorie Jeanne, only daughter of Rev. W. J. and Mrs. Wright, and Pastor of Wesley United Church, was united in marriage to Leland W. Ritcey, youngest son of Mr. and Mrs. Samuel F. Ritcey, of Riverport. The weather was ideal—a brilliant sun shining to grace the occasion. Promptly at the hour of four the bride entered the church, to the strains of the wedding march played by the organist of the church, Mrs. R. Wright, on the arm of her brother, Edgar Wright, attended by little Barbara Ritcey, niece of the groom, of Moncton, who acted as flower girl. The ceremony was performed by Rev. W. J. Wright, assisted by Rev. P. M. Hartley, of Sydney Mines. The bride, who is a charming girl, looked the picture of girlish loveliness wearing a gown of ivory satin and lace silhouette, with net veil cap, caught with orange blossoms and dainty pearl trimmings. She carried a bridal bouquet of butterfly roses with streamers of sweet peas. The little flower girl wore a dress of pale pink tulle, edged with blue with bonnet of pink georgette and streamers of blue and white ribbon and rose buds. She carried a basket of pink and blue sweet peas. The ushers were Lawrence Patterson, Montreal, classmate of the groom, and Jack Sprague, of Springhill. The church, which was crowded, was beautifully decorated with cut flowers. The ceremony was performed beneath an arch of ferns and sweet peas. The choir of the church was in attendance and sang "The Voice that Breathed O'er Eden." The groom's gift to the bride was a fur coat and white sapphire necklace, the latter being worn by the bride. During the signing of the register, A. J. Mason sang, "O Promise Me." After the ceremony a reception was held at the Parsonage. Those serving were Misses Doris Margeson, Halifax; Alma Moss, Mary Gilroy, Vivian Smith, Springhill, and Doris Myra, Riverport. Mrs. Ellsworth Ritcey, of Moncton, poured tea, and Mrs. Charles Mitchell, Socio, Maine, cut the ices. About sixty attended the reception. The happy couple left at six o'clock on the honeymoon trip through the Province. They will leave shortly for Winnipeg, where they will make their future home, the groom having an important position on the staff of Wesley College. There was a beautiful array of wedding gifts. (Rev. W. J. Wright was a former pastor of the United Church in Bear River.)

WHOLE VILLAGE AFLOAT
Taking 200-Mile Voyage Behind
Towboat to New Location

Moving a village by water is the unique achievement of a Pacific Coast towing company. Vancouver yachtsmen who witnessed the spectacle rubbed their eyes in amazement.

They saw first a tiny tug puffing fiercely. When it passed they noticed a tiny poultry yard with a number of hens scratching around, unperturbed by their strange situation. Two poles, stretched across the yard, bore radio wires.

Then came a shingled bungalow, a shed containing a gasoline boat and a couple of dinghies. Two more one-storey houses followed and behind them came a large two-storey residence.

There were six houses altogether, and a collection of smaller buildings brought up in the rear, a dozen sheds in all. The whole resembled a village which had been torn from its moorings and swept out to sea.

Children were playing in gardens, and women looked out of vine covered windows. One man was seen watering his garden.

The towing Company gave the explanation. The village was a logging camp being moved in its entirety from Pitt River to Elk Bay, 120 miles north of Vancouver. The total distance to be covered is 200 miles, and the voyage had lasted 10 days when the village was sighted held up by bad weather at the mouth of the Fraser River.

The best man, Calvin Hutchings, was attired like the groom, in white flannels and navy flannel coat. About one hundred guests were present and some very beautiful gifts were received. **Pleasure Craft Upsets
In Digby Basin.**

Harry Barnes, night steward on the Princess Helene, had a narrow escape from drowning shortly after noon yesterday. Barnes had "borrowed" Fred Muise's pleasure boat and was taking a short cruise about the Basin. A stiff breeze was blowing at the time and the craft upset.

Barnes managed to cling to

the upturned craft and call for help. His cries were heard by Mrs. H. F. Williams, who telephoned to the wharf. About the same time several pleasure boat men saw his predicament and set off in their boats from the slip. He was rescued by Arch. Morehouse. The boat was later righted and taken to her moorings. Mr. Barnes was none the worse for his experience.

**DO YOU READ FORTUNES
IN TEA CUPS?**

The old custom of reading fortunes in tea cups has as many votaries as ever—possibly more. Some people are very clever at it and some take it quite seriously. Of course no one supposes that the tea leaves in the cup actually reveal the future, but there is no doubt that the quality of the tea in the cup is determined by the quality of the tea leaves which are put into the pot. Anyone will realize that this is so, who after using other blends, will try a turn with Morse's Standard Tea. This is "the good old family tea of the Maritimes," which not only has that distinctive flavor which has made it so popular, but its thick liquoring quality assures 240 cups to the pound—a very economical tea at 45 cents a pound or 23 cents a half pound.

DIGBY, NOVA SCOTIA, FRIDAY, SEPTEMBER 2, 1932

VOLUME LIX, NO. 5

Only Two Members of Council Privileged to Vote on The Motion

Discovery Is Made After An Hour's Debate At Digby Council Meeting: Resignations Threatened—Citizen Privileged to Build

The Digby Town Council Chamber was the scene of a very lively debate Monday evening at the regular monthly meeting of the town council.

Councillor Guy E. Morehouse made a resolution to rescind a motion passed by that body at a special meeting on June 9th., 1931. He had given notice of his intended motion at a previous meeting.

His resolution which was brought before the council Monday evening had to do with the reduction of fees charged for entering the town sewer completed this year, and asked that the frontage tax be made 50 cents a foot to those whose properties front the sewer and that the entrance fee be made \$15.00 to those who enter the same, but whose properties do not face it.

The original motion passed in June of last year calls for 75 cents a foot frontage and an entrance fee of \$25.00. This motion had been passed by the Council and by the Nova Scotia Legislature.

Mr. Morehouse's motion was seconded by Deputy-Mayor H. W. Bowles.

Before the motion was put, Mayor Holdsworth advised the Councillors that each one would be allowed to speak twice on the motion, speaking ten minutes each time. He also read a section of the Act, to the effect that no Councillor directly interested in the motion could vote on the same, although all would be allowed to debate on the question.

The motion was made for the protection of private sewer companies, whose sewer lines entered the main sewer. According to the original motion which is now incorporated in the town by-laws, all properties entering these private sewers which now enter the main sewer, would be charged the entrance fee of \$25.00. This, in the opinion of several of the Councillors is unfair.

The debate on this question, which was a particularly lively one, lasted fully one hour, during which Councillor Bowles who was chairman of the sewer committee last year when the original motion was passed, and who had since "changed his mind", stated that he thought the whole thing a "frame up" and that if he were not allowed to vote on Mr. Morehouse's mo-

tion, he would hand in his resignation immediately. Councillor Morehouse also stated his intention of handing in his resignation should he not be allowed to vote on the resolution before the Council. Both Councillors Bowles and Morehouse seemed of the opinion that only those in favor of the resolution would not be allowed to vote according to the Mayor's interpretation of the Act.

Mayor Holdsworth then asked Deputy-Mayor Bowles to take the chair while he debated the matter. The Mayor went into the subject very thoroughly, and when the time came to vote, it was found that only two members of the Council were eligible to vote—all other members and the Mayor were interested directly in the motion.

The motion was therefore thrown out, after more than an hour's debating, and it was finally decided to have an amendment to the original meeting drawn up, and brought before the House at Halifax.

Other business dealt with at Monday night's session of the Town Council was the appointment of Belyea and McNeice, Chartered Accountants, of Saint John as auditors on condition that they would complete their audit not later than the 15th. day of January, 1933.

Application was made by Jesse V. Jefferson to build a number of cottages on his property at the Racquette. The request was granted. The request of J. W. Piggett to hold a tag day in Digby for his bird sanctuary sometime during the late fall, was also granted.

Communications were read from George E. Graham, Vice-President and General Manager of the D. A. R. in regard to the town billing the railroad for sewage frontage tax on the property known as the "Cannon Bank." This was railroad property, and has been assessed by the town for a number of years on the grounds that the railroad had been leasing it for the use of local industries, and was therefore revenue producing. It was decided that they be charged the sewer frontage tax.

The report of John B. McCleave, M. D., medical health officer, stated that there had been no contagious or communicable diseases reported in the town since his last report. The condition of the water supply,

Smith. Moon Landers and his popular orchestra will furnish the music. Unavoidable circumstances prevent an earlier distribution of the invitations but Captain Whitman, Chairman of the Dance Committee, assures us that they are now being mailed.

M. C. Ship "Saguenay," Commander L. W. Murray, and the "Complaisant," Commander B. S. Godfrey, arrived in port yesterday morning and will remain until Monday. The first named is in the stream, and the other is at the "spurt" of the Government pier. Both ships will be open to the public on Saturday and Sunday afternoon, from 130 to 500 o'clock. The officers of both ships paid an official visit to the town officers yesterday, and the call will be returned this morning.

Removal Of Signs In Town Ordered By The Street Committee

A notice published in this issue published by order of the Streets Committee of the Town Council, orders the removal of signs on electric light poles, sidewalks and other town property. At Monday's meeting of the Town Council, Mayor Holdsworth urged that the Streets Committee take such action. He explained that most of the signs were advertising local hotels and resorts, and although they could not be called unsightly, they did not add to the beauty of Digby's streets. He saw no reason why they should be permitted, and warned the Council that if they continued to permit this practice, travelling show companies and others would be using town property to display their advertising.

A TRIBUTE TO THE ANNAPOLIS REGIMENTAL BAND

To the Editor of the Courier: Dear Sir:—Praise follows truth afar off and usually overtakes her at the grave, but very often condemnation and criticism flow upon the heels of virtue.

Undoubtedly this is a most impressive fact. It causes one to think if we are ever appreciated for what we are and what we really try to do. And yet last evening, as I listened to the splendid performance of the Annapolis Regimental Band, my heart bounded with enthusiasm, as passing through the throng that greeted their efforts, I heard from all sides nothing but praise.

People from all parts of Digby County were there. Many told me they had driven fifty miles to be in Digby town for the occasion, and they went home thrilled. That's a tribute worthy of the band's finest effort, their greatest achievement.

May I solicit through your gracious columns on behalf of the Regimental Band under the competent direction of Mr. Charles Wilson, your heartiest co-operation and support, ever bearing in mind that which they now possess is the best Annapolis has been able to boast of in its long and never to be forgotten history.

And there's plenty of room for the Digby boys to join in making it the band of western Nova Scotia. You need them and they need you. What an opportunity of bringing nearer, ever nearer, those bonds of fellowship that shall cement forever and a day the towns of Digby and Annapolis Royal.

Lloyd H. Potter Weymouth, N. S., Aug. 31, 1932

Miss Phyllis Roop left on Tuesday for Montreal.

Marietta's—Victor Herbert.

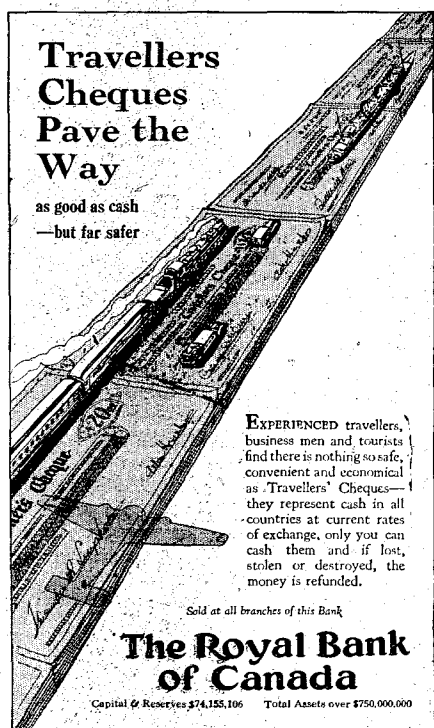

Duet—"The Keys of Heaven"—Old English.

Digby Fire Department Have Hard Fight

The store and residence of W. W. DeLong, Acaciaville, was damaged by fire Saturday afternoon, but through the prompt action of a local bucket brigade and the chemical truck of the Digby Fire Department, which responded to a silent alarm, the building was saved but not before considerable damage was done to Mr. DeLong's dwelling over the store. The fire is supposed to have started from a defective fuse.

Dr. and Mrs. H. B. Harvey, of Stewiacke, have been recent guests at the home of his father, B. Harvey. They returned to Stewiacke on Sunday, accompanied by their three daughters, who have been spending the summer holidays in Digby.

WHY EDITORS LEAVE HOME

There are few Editors or Reporters who have not felt the urge to write up a wedding as it appears to them, instead of using the stereotyped phrases which are used the world over, and place the rosier aspect on the future of the bride and groom. In response to the urge, Robert Quillen, Editor of the Fountain Inn (S. C.) Tribune, once penned the following, which may have been responsible for driving him from town, but not without a certain feeling of satisfaction at having attained at least one ambition.

In his first paragraph he gave the names of the bride and groom, their parents' names and the officiating clergyman. Then he launched into detail as follows:

"The groom is a very popular young bum who has not done a lick of work since he got shipped in the middle of his Junior year at college. He manages to dress well and keep a supply of expiring money, because his Dad is a soft-hearted old fool who takes his cheques instead of letting him go to jail where he belongs.

The bride is a skinny fast little idiot, who has been kissed by every boy in town since she was twelve years old. She paints like a Sioux Indian, sucks cigarettes and drinks mean corn liquor when she is out joy riding in her father's car at night. She doesn't know how to keep house.

The house was newly plastered for the wedding and the exterior newly painted, thus appropriately carrying out the decorative scheme, for the groom was newly plastered and the bride newly painted.

The groom wore a rented dinner suit over athletic underwear of imitation silk. His pants were held by green suspenders. His No. 8 patent leather shoes matched his state of tightness and harmonized nicely with the axle grease on his hair. In addition to his jar he carried his pocket knife, a bunch of keys, a dun for the ring, and his usual look of imbecility. The young couple will make their home with the bride's parents, which means they will sponge on the old man until he dies, then she will take in washing."

Postscript by Editor: "This may be the last issue of the Tribune, but my life ambition has been to write up one wedding and tell the truth. Now that is done, death can have no sting."

NEW CANAL IN CANADA ONE OF THE WORLD'S GREATEST

The new Welland Canal, which was officially opened early last month and broadcast through the transmission lines of the Canadian National Railways, is the first link in the Great Lakes-St. Lawrence deep waterway, and is the fourth canal to be built in the last one hundred years connecting lakes Erie and Ontario.

The new Welland ranks with the Panama as one of the world's greatest canals, indeed in some respects exceeds the Panama. While the locks of the latter are a little longer and wider, the total lift up and down between the two oceans is only 85 feet, covered by three locks each way, whereas the lift in the new Welland canal is 325 feet, covered by seven locks of 46½ feet each, and an eighth grand lock, 1,380 feet long, or 300 feet longer than the longest Panama lock. These replace twenty-five locks in the old canal.

The S. S. Lemoyne was the first boat to pass through the Canal at its official opening, and a statistician present reckoned that she carried the world's greatest cargo of grain. "She has already carried 571,885 bushels of wheat at one load," he said, "and the cargo would make 12,350,000 two-pound loaves of bread. If you laid these loaves end to end, they would reach 2,350 miles, or the distance from the spot where the wheat was produced to the Atlantic. It would take 210 farms of 150 acres to grow the cargo and 286 60-ton railroad cars, or a train 2½ miles long to carry it. Seven average canal-size freighters would be needed to carry the cargo, which is enough to supply Canadian requirements for a day and a half. It would take 50 men, working with shovels 10 hours a day, 12 days to unload the ship."

Father: "Well, my boy, any college debts?"
Son: "Nothing, father, but what with diligence, economy, and stern self-denial you will be able to pay."

PROGRAM ON DIGBY SESSION, ARRANGED

The tentative program for the nineteenth annual convention of the Canadian Good Roads Association, which meets at Digby, newly from the press, provides for seven sessions, five being devoted to business and two to recreation, covering the three days set for the gathering, Sept. 12 to 14 inclusive.

Following its policy of emphasizing the Dominion-wide scope of the organization, the association has not only held conventions in every province of Canada, but has endeavored to alternate between the eastern, central and western portions of the country, but circumstances having made it inadvisable to accept any of the invitations extended by the western provinces for the convention this year, Digby was selected as being a convenient railway point for the Maritime Provinces, and also as easily accessible to many members in Ontario and Quebec.

The Pines Hotel, chosen as convention headquarters, has been reserved in its entirety for the accommodation of the delegates, and will lend itself admirably to the purposes of a gathering devoted largely to serious business and avoiding by preference the distractions of a larger centre.

The program as issued covers a wide range of lectures, addresses and discussions connected with the problems of road building, maintenance and finance, safety on the highways, tourist travel promotion, and related subjects, which will be dealt with by recognized authorities of national and international reputation, and with the additions to be made before the convention opens, it promises to be perhaps the most interesting and important in the history of the organization since its first annual gathering in 1914.

Applications for reservations are already being received in encouraging numbers, and a large attendance is indicated.

A machine new to the Province has recently been imported by one of the farmers in the vicinity of Lawrenceton. This is a turnip puller which has been imported from Denmark. It is a horse drawn implement and it is claimed will pull and top three acres a day. Tops will fall to one side and roots to the other. The machine is originally designed for use in fields where the turnips are sown on the level. It will be interesting to note the result from this machine under Nova Scotia conditions.

Thanksgiving Day will be celebrated this year on Monday, October 10. An order-in-council fixing the day has been passed. Following legislation passed by Parliament, Armistice Day, on November 11, and Thanksgiving Day are no longer celebrated simultaneously.

Many People Returning To Their Old Homes

It is said that there are now scarcely a dozen vacant homes in the whole Municipality of Clare, while six months ago there were an easy fifty. Throughout the whole district, along the main highway and throughout the "back" sections, several new residences are in the course of construction, and many have been completed within the past three months. Most of these new buildings are modest, but are an indication that there are worse places than Digby County during these times of depression. The majority of these properties, which were vacant only a few months ago, and the new homes, are being taken up by Acadians who have returned to Clare from the United States, some because the more stringent immigration laws have driven them back to their native Province, and others because they feel that there are more opportunities of making a living in Nova Scotia right now than in the country to the south of us.

Many of those who have returned will go "back to the land," others will continue to follow their respective trades.

The same applies on a smaller scale to the English speaking sections of the county. Many have returned, and it is hoped that they will remain here permanently.

ST. ALPHONSE DE CLARE

Nicholas Comeau arrived from Lowell street, Lexington, Mass., a few days ago. He came by road, two long days' drive, to visit his mother and friends. Mr. Comeau has two sons and two daughters: Courtney Comeau, who graduated in construction engineering; John Comeau, at home, who is a violinist; Mrs. May Morrissey, married in Arlington, Mass.; Miss Beatrice Comeau, graduated from Burdett College, in Boston. She was secretary for the delegates to the American Conference in London, England. After the conference she stayed a month in Europe and visited France, Germany and Rome. In Rome she visited the Vatican City and had an audience with the Pope. In October she entered the Washington Liberal Art University, in Washington, D. C.

EEL BROOK MAN VICTIM OF PAINFUL INJURY

Edmund d'Entremont while working in his garage at Eel Brook recently received serious injury. He was operating an emery machine, when the wheel broke, hurling a piece with tremendous force into the unfortunate man's face. Mr. d'Entremont was rushed to the Yarmouth Hospital where he was attended by Dr. C. K. Fuller. It was found that his nose was badly fractured.

Well Spoken Of

The candidate for Congress was making an outdoor speech to his constituents in a remote county.

"Whi dat man, Joe?" asked one darkey on the outskirts of the crowd.

"Ah don't know his name egg-sactly," said Joe, "but he shore do recommen' hisself most highly."

Station Sergeant—"Are you married?"

Prisoner—"No, sir."

Officer—"He's a liar, sergeant. When we searched him we found in his pocket a clipped recipe for curing croup, a sample of silk, and two unposted letters in a woman's handwriting a week old."

"Champion swanker, that Mrs. Brown is."

"Why do you say that?"

"She told me 'er husband was in the air force, but I 'ear it's one of them vacuum cleaning concerns 'e's working for!"

The Yarmouth "All Stars" went down to defeat at the hands of the Church Point "Les Acadiens" in an exhibition game, August 22, by the score of 10-7. Moses Blinn was on the mound for Church Point up until the eighth inning, after which Arcade Belliveau finished the game. Boyd and P. LeBlanc were on the mound for Yarmouth.

MUSICIANS' PARADISE

No fewer than four Canadian organists of note visited Bermuda recently aboard Canadian National liners. Three of the four made the trip, independently, within a month.

Dr. Herbert Sanders, then in charge of the organ at a Montreal department store lead the procession. There followed Dr. N. Payne, theatre organist, and Dr. Alfred Whitehead, who plays the organ of Christ's Church Cathedral, Montreal. The most recent was L. LeSieur, player of the radio "organ of romance."

The Dominion Bureau of Statistics reports the following:—**Farm Facilities 1931**—In the whole of Canada, one farm in 6.08 has a radio, one in 3.11 has a telephone, one in 8.61 has water piped in the kitchen and one in 20.17 farms has water piped in the bathroom.

A certain lawyer who is also a crack shot of the local gun club, was sent by his wife to a neighboring lot to bring sonny home for dinner. Two hours later the two appeared at home and sonny was squaring things for the parent by telling mother what a great 1st. baseman Dad would have been if he had started sooner. Father and sonny ate a cold dinner in silence.

"PRIVATE LIVES"

Featuring Norma Shearer and Robert Montgomery.
Norma Shearer and Robert Montgomery are excellent as the ex-husband and ex-wife who, having married others, run away with each other. A wild farce made snappy by the sparkling and at times, questionable dialogue. Bob's comedy is broad, but it is good, and Norma does her most efficient, and, sad to say, naughtiest work!!

WHY NOT HAVE A BAND?

We have written on this subject before—it won't hurt to touch upon it again.

Everybody enjoyed the splendid band concert given by the Annapolis Royal Regimental Band on Tuesday evening—they also enjoyed the concert given by the Weymouth Band very recently. There isn't the least doubt about it, but band music has a fascination all of its own! Both of these bands are from towns within a radius of twenty miles from Digby—yet Digby, the "Queen of Canada's Summer Resorts" has not a band of its own!

For ten years Paul Yates, a citizen of Digby, was leader of the Annapolis Band. Mr. Yates has put forth many an effort to organize a band in this town during the same period.

What is wrong?

There are plenty of musicians in Digby—and with a little training we could have one of the best bands in the country, as Annapolis has now, as the result of Paul Yates' training.

To keep pace with competing tourist resorts there are many things Digby must do—the longer she sleeps, the further ahead her competitors will get. Let us at least get busy to the extent of organizing a Digby Band before another tourist season.

ACACIAVILLE GUERNSEY CALF CLUB SHOW

Fine weather and well conditioned stock characterized the 1932 Show of the Acaciaville Guernsey Calf Feeding Club. In the calf class Esther MacKay won first, Katherine Bacon second; Gordon Porter, third; Earl Porter, fourth; Eric Marshall, fifth; Oscar Andrews, sixth, and Gladys Grant, seventh. In the yearlings the first three were Gladys Grant, Roy Porter, and Earl Porter. In the two year olds, a class of 11 head, William Murley was first, Katherine Bacon second, Arthur Gates 3rd. In the judging competition, Earl Porter was first, Roy Porter second, Katherine Bacon third. The Showmanship contest ended with Esther MacKay first, Earl Porter second, and Katherine Bacon third. In the demonstration contest, Roy Porter and Eric Marshall won first; Josephine and Eileen Franklin second, and Esther MacKay and Katherine Bacon third. In the afternoon a tug-of-war was won by the girls in two of three pulls, who pulled the boys present. Some claimed there were twice as many girls, but the judge declared they won it fairly. Softball occupied the balance of the afternoon, to complete a very interesting and enjoyable day.

Body of Alex. Langford Found in River.

R.C.M.P. Officers Heatherington and Snow of Digby, assisted by volunteer workers of Weymouth, worked ceaselessly during the past week trying to recover the body of Alexander (Alex) Langford, son of Mr. and Mrs. Sanford (Sandy) Langford of Weymouth Falls, who was drowned while in bathing on Monday of last week, but the dragging of the river revealed no trace of the body. On Saturday, Rufus Connor, a diver from Digby, was taken there and worked all morning, but he also was unsuccessful in locating the body. On Sunday evening, a number of men standing on the traffic bridge at Weymouth saw the body floating down stream and went out in a boat and got it.

Langford, who was 40 years of age and unmarried was a great war veteran. He went in swimming about 5 p.m. on Monday, August 22nd, leaving two companions on the bank at a place on the river known as Green's Cove, which is about a mile above Weymouth. The watchers on the bank saw him in the water for a few minutes and then he disappeared.

An inquest was held at the undertaking rooms of C. C. Nicholl at Weymouth North on Monday morning. Coroner Dr. H. J. Pothier presiding. The jury consisted of the following men: Dr. E. O. Hallett, Philip Filleul, N.L. Ruggles, C.R. Ruggles, William Comeau Jr., Chas. Cromwell, Aubrey Jarvis, Ralph Jarvis, Leger Comeau, Charles Hayes, C. C. Nicholl and R. S. Hallett. The verdict of "accidental death by drowning" was brought in.

The funeral service was held in the afternoon from the undertaking rooms of C. C. Nicholl at St. Matthew's Anglican Church at Weymouth Falls, and was largely attended, the service being conducted by Rev. L. W. Mosher, Rector of the Church, with interment in the Weymouth Falls Cemetery.

The members of the local 52nd Canadian Field Artillery were present and the burial was given full military honors. The pall bearers were: Ralph Jarvis, Charles Cromwell, Aubrey Jarvis, Frank Middleton, Dunham Jarvis and Eunie Darren of Weymouth Falls, all overseas companions of Langford. The last post was sounded by George Taylor.

After swimming for some time he was suddenly stricken with cramps, one side being practically paralysed, and was only able to keep afloat by the use of his left hand. Miss Helen Frost who was also swimming in the same lake, heard his cries and went to his rescue. Much praise should be given for her heroic efforts in getting him ashore, only after great difficulty. ARCHBISHOP O'CONNELL
RECEIVES GREAT RECEPTION AT ST. ALPHONSE

With great interest the people of St. Alphonse awaited the pastoral visit of His Grace, the Archbishop of Halifax. For weeks the children had been going to catechism, taught by Alphonse Saulnier, college student at Ste. Anne and were prepared to receive the great Sacrament of Confirmation. The church, under the direction of Alphonse Saulnier, was splendidly decorated for the occasion. Two arches had been built through which The Venerable Pastor was to pass. These arches had been made of green spruce and covered with dahlias of many colors.

From Meteghan, His Grace was led by a pilot car decorated by Nicholas Comeau and Alphonse Saulnier. The car was covered with green foliage and dahlias. They knew that nothing was too good for the Venerable Archbishop. On the front bumper Mr. Comeau had fixed a seat on which two little girls, clad in silk dresses and veils were seated holding a bouquet of dahlias. They looked like angels. The occupants of the pilot car were: On the bumper seat, Miss Marguerite Boudreau and Miss Elva Comeau; front seat, Nicholas Comeau, the driver, and owner, and Miss Rita Guidry; the rear seat was occupied by Miss Rita Comeau, Miss Elizabeth Guidry and Miss Antoinette Comeau. All were clad in white with veils and crowns of forget-me-nots.

At nine o'clock His Grace arrived. He went immediately to the rectory where he donned the gold ornaments used to administer the great Sacrament. From there he walked into the church spreading his benediction on the kneeling audience. Rev. Father Deveau spoke wonderfully, mentioning the people's desire for a priest. His Grace, in his address said:

"I was uneasy in coming among you, because I could not bring a parish priest, but when at Meteghan I noticed I was to be piloted by angels, I was reassured. I make a promise to you today," continued His Grace, "that I will give you a parish priest as soon as I can, and before long."

The boys and girls under the direction of Alphonse Saulnier, took their places. At his signal all knelt. The hands of the Archbishop rose and they were confirmed forever. There were 35 confirmed, as follows:—

Edgar Doucet, Ambrose Saulnier, Raymond Comeau, Emery Guidry, Arthur Guidry, Lesly Mallet, Stanley Doucet, Dennis Saulnier, Ira Frautain, Hubert Doucet, Leger Theriault, Camille Doucet, Jean Comeau, Reynold Comeau, Edwin Doucet, Benny Comeau, Loran Guidry, Murray Muise, Gerald Frautain, Benoit Comeau, Alpha Boudreau, Rita Robichaud, Fedora Comeau, Rita Guidry, Marguerite Boudreau, Antoinette Comeau, Rosilda Doucet, Flora Doucet, Elva Comeau, Eulalie Saulnier, Theresa Comeau, Rita Comeau, Elizabeth Guidry, Mary May Comeau and Rosalie Comeau.

Upon leaving, His Grace expressed the opinion that it was the best reception he had received in his pastoral visits.

The Archbishop was led to Salmon River by Mr. Comeau's car. Not satisfied with blessing them, His Grace went directly to the east to thank them and showered by special blessings his appreciation.

Mr. Comeau afterwards took the little girls just confirmed, to every home in which there was

DROWNING YOUTH SAVED
BY SCOUT

Louis Blinn, a Boy Scout, under the training of Nil Theriault, theological student at Holy Heart Seminary, Halifax, while in Camp at Belliveau's Pond, near Church Point, saved the life of Hilarion Comeau, who with a party of boys was swimming in the pond. Comeau, for some unknown reason, went down, and was seen reappearing and struggling to keep afloat. As he went down for the third time Blinn although a smaller boy, dived for him and succeeded in bringing him to safety, although nearly exhausted himself.

REMINISCENCES OF WEY-
MOUTH

(Weymouth Gazette, Aug. 31)

Well! The Weymouth Gazette reaches the Pacific Coast and me every Monday morning, and I say to myself here is some real news for me today—There are still lots of people left in Weymouth that I know and I am always glad to read about them—such news is interesting. All Weymouth and its neighbors should be glad that the community has a newspaper and should support it by subscriptions and liberal use of advertising space.

I wonder how many remember the Weymouth Free Press—Weymouth's first newspaper, which began its career some time during 1898 or 1899, edited and published by W. J. Vance Haynes. Personal items from the old files, if obtainable, would make rather interesting reading today as a special column.

I notice that Weymouth again has a Brass Band. Weymouth's first band came into existence about the same time that its first newspaper was born. This writer was one of the organizers of that band, starting off with eight pieces including drums and cymbals. We had our troubles in raising money to get started and to carry on, but managed to build up a fairly good organization as many of your readers will remember. Apparently it still takes money to run a band and contributions do not come unsolicited, the committee "must go get 'em."

Weymouth seems to have gone baseball this year. What has become of the cricket club? The game is probably too slow for the present generation. Baseball is faster and more exciting and requires more skill and velocity than cricket.

On the Pacific Coast football during its short season is the great attraction in sports and draws immense crowds. University of Southern California, a Methodist institution, has one of the leading teams in the United States.

I get quite a thrill out of reading about the price of Gravenstein apples at forty cents per dozen—the price seems high but of course there is no doubt about the quality—crisp and juicy. I have never found their equal anywhere in the United States.

California Gravensteins are selling in our markets at fifteen pounds for ten cents, but compared with the Weymouth product are dry and tasteless. We still have strawberries in the market at three boxes for ten cents but again Nova Scotia wins—California berries do not have their delicious strawberry flavor.

California has some mighty fine lettuce. From one district near Monterey over twenty thousand carloads were shipped in 1931, approximately 30,000 acres being devoted to production of lettuce, quite a crop of "Green Gold."

You may have noticed that California produces quite a lot of oranges and lemons, shipments for the season being:—oranges, 51,812 carloads; lemons, 11,812 carloads. Oranges are selling in our markets for 10 cents to 25 cents per dozen; lemons, 15 cents to 25 cents per dozen. Orange growers say they are not making any money at present prices, but lemon growers are not saying a word about prices.

RARE MUSICAL TREAT

The citizens of Weymouth were afforded a rare musical treat, when they attended the Recital of Deane Miner, the gifted Canadian violinist, and Miss Elizabeth Bell, of Mount Allison Conservatory of Music, a brilliant pianist and accompanist.

The concert was given under the auspices of the Mount Allison Society at the Community Theatre on Sunday evening last, to a large and appreciative audience.

Mrs. Roy S. Claycomb, of Orange, N. J., who annually spends the summer with Mr. Claycomb at Camp Aldercliff, Weymouth North, was the vocal soloist at this musical, and rendered several selections that were greatly enjoyed. She was accompanied by Mrs. F. T. Potter, of Weymouth.

OVER THE TEA CUPS

It's birds of a feather when ladies get together on an afternoon with the teapot on the table. What an important contribution to the good cheer of the occasion a good cup of tea is. The success of the hour over the tea cups depends upon the tea that is put in the pot. By all means let it be that tea de-luxe, Morse's Selected Orange Pekoe. This is the tea that has that luscious, winy flavor which means so much to the connoisseur—and the Maritime people are celebrated for their critical taste in the matter of tea. Morse's Selected Orange Pekoe costs 75 cents per pound package but it has the strength which makes it really economical; for at this price the cost works out at less than one-third of a cent a cup.

Married

Gullison-Erb

A marriage of more than ordinary interest to Maritime Baptists, was solemnized in the Frances Robertson Memorial Church, Apohaunt, N. B., on Thursday, August 26, when Dr. Ralph Benjamin Gullison, son of Rev. and Mrs. R. E. Gullison, of Knappland, India, was united in marriage to Miss Mary Evelyn Erb, daughter of Mr. and Mrs. Ed. Erb, of Apohaunt. The ceremony was performed by Rev. R. E. Gullison, father of the groom, assisted by Rev. W. E. Scott, Dr. Gullison was graduated in June, from Edinburgh Medical College, Scotland, and his bride is a recent graduate of Gordon College, Boston. Dr. and Mrs. Gullison are under appointment by the Port of Montreal Board to go to India in 1933. The happy couple spent their honeymoon at Miss Margaret Jones' bungalow, Deep Brook, leaving on Friday for Wolfville, where they attended the Maritime Convention. A host of friends extended sincere congratulations and best wishes.

Mahar-Balsor

An event of interest to many friends, took place Thursday evening, September 1st., at the Baptist parsonage, 45 Vernon street, Halifax, when Rev. Dr. H. Balsor, daughter of Miss Ina Balsor, daughter of Mr. and Mrs. Eber Balsor, of Bear River, and Benjamin Mahar, of Halifax. The bride was very attractively gowned in blue lace and georgette, with accessories to match. Miss Freda Powe was bridesmaid, while the groom was supported by Robert P. Morse, became the bride of Capt. Maurice Eliff, of London, England. Rev. Arthur H. Wilde, pastor of the church, officiated at the single ring service. The bridal party entered the church to the strains of the "Lullaby" (Bridal Chorus). The bride wore a gown of peach chiffon, with peach velvet turban, and carried pink roses. She was given in marriage by her father, who is principal of schools in the city of Warwick, R. I. She was attended by Miss Helen Hicks, of Conimicut, who was gowned in flowered chiffon over peach taffeta, with accessories to match, and carrying a bouquet of tea roses. The best man was Cecil S. Morse, a brother of the bride. Homer Hoyt and Robert Scott were ushers.

Following the ceremony a reception was held at the home of the bride's parents, 91 Shawmut Ave. Mrs. Morse, mother of the bride, wore navy georgette over polka dot taffeta in cape effect, with large picture hat to match. Miss Grace Morse, sister of the bride, wore flowered chiffon lace cap. Mrs. Carolyn Hawkes, aunt of the bride, wore navy georgette, with picture hat to match.

Tumbling 16 feet when the government wharf at Deep Brook collapsed early Tuesday evening, a stove they were carrying crashing after them, two men are in Digby Hospital severely injured, while two others sustained less serious hurts.

The accident occurred about eight o'clock, Russell Amero of Plymouth Station and John Comeau, of Plympton, digging claims for Charles Ray, were carrying a stove along the wharf to be placed in a building nearby when the structure suddenly collapsed. Topped into the wreckage, the stove came crashing down on them, landing on their bodies and accounting for the severe injuries.

While the full extent of their hurts is not known, Amero's legs are lacerated and ribs cracked, while Comeau's shoulder is dislocated. Dr. L. J. Lovell, of Bear River gave first aid and had them removed to the hospital here.

Guests were present from Canada, Massachusetts, Rhode Island and New York. After a tour of the New England States and Canada, the couple will live in Montreal and Halifax, where the bridegroom is employed by a steamship company. The bridegroom's gift to the bride was a fur coat of Canadian beaver; to the bridesmaid a silver mesh evening bag; to the organist a silver mesh evening bag; to the best man a silver cigarette box, and to the ushers, fountain pens. A GOOD WORD FOR THE TOWN COUNCIL HERE

To the Editor of the Courier:
Dear Sir:—In your last issue I read an account of the last Council meeting. I congratulate Mayor Holdsworth for the straightforward manner in which he came forward, left the chair and explained the situation up for discussion. I also esteem very highly the Councilors for bringing up their resolution, and discussing it at the proper time, in the proper place, not holding their little canvas, taking the part of, or some other shop, putting their plans which they want voted on, in the mouths of a few petty men to suit themselves, and their own interests. This kind of dealing is the curse of our fair town, in every phase of our government, and the Councilors, do a little whole-sale fighting for the good of the public, in whom we put our confidence when we put you in office.

Harry Cochrane and His Orchestra Entertain Kiwanians

The Digby Kiwanis Club listened to one of the most enjoyable musical programmes that has been presented in Digby in many years at their weekly luncheon at the Pines Hotel on Tuesday. The programme was given by Harry Cochrane and his Pines Hotel Orchestra, all of whom are master musicians, and was one that will be remembered by the club and visitors who were present, for years to come. This luncheon was the last to be held in the Pines Hotel for this season, and the delightful music by Harry and his orchestra, was just the thing to top off the season.

R. H. Lockward, chairman of the programme committee occupied the chair. In closing he thanked the orchestra for their programme, and thanked Mr. Cochrane personally on behalf of the club for the splendid part he has taken during the summer months as pianist. He also conveyed the club's appreciation to Kiwanian O. C. Jones, manager of the hotel, and his staff for their splendid services during the time the Digby Kiwanis Club has made the Pines Hotel their headquarters. Next Monday's luncheon will be with Kiwanian E. A. Thornton at Mountain Gap Inn.

"The Locusts," Mrs. Taylor's charming home, was gay with lovely flowers, and a cherry log fire, for the rain fell in torrents at the time. Next Monday's luncheon will be with Kiwanian E. A. Thornton at Mountain Gap Inn.

There will be a Hospital Benefit Bridge at the Mountain Gap Inn, on Thursday evening, September 15th, at 8 o'clock. Come and enjoy a nice drive, a beautiful setting, and a social game. Tickets 50c.

Miss Margaret Jackson, of Well-lesley, Mass., and Miss Emily Goddard Taylor, of Philadelphia, who have been guests of Mrs. E. Burton Taylor, at "The Locusts," Smith's Cove, for the past five weeks, returned to their homes on Wednesday.

Crops Showing Up
Well All Over the Province

Officials of the Department of Agriculture report that weather conditions changed during the last week and added greatly in the harvesting of the hay crop. Large areas throughout the Province have now completed haying operations. Early grain crops are being harvested and reports indicate a good quality and high yield throughout most districts of the province. Roots and potatoes continue to do well.

Reports from the Never-Rots inspected in Digby County are to the effect that they are the best since inspection began five years ago. Good reports are received from other potato growing districts for other varieties inspected.

Pastures are beginning to dry up considerably and there is already some decrease in milk flow. Corn shows considerable variations in the different districts of the Province. There are, however, some excellent fields.

Apples continue to size well and early varieties are coloring well also. In the eastern sections of the valley, crop promises to be lighter than in the central part.

AN IDEAL COMBINATION

Colour is often a fairly reliable guide in choosing fruits and vegetables which are complementary to each other. It is also a claim that a dish which is pleasing to look at is more easily digested and more useful to the body than one which lacks "eye appeal."

That is why, the popular summer combination of tomatoes and lettuce is ideal. The very appearance of the dish is enough to tempt the most backward appetite, and as a source of minerals and vitamins its importance can hardly be exaggerated.

Yet in spite of their health promoting properties and attractive flavour, the popularity of tomatoes and lettuce is of fairly recent origin. Today, however, tomatoes are considered by physicians one of the most economical and rich sources of vitamins known, containing greater quantities of these essential elements than even oranges. Lettuce also, in addition to being one of the most palatable and refreshing of all summer greens, also contains many food elements which are important in maintaining normal health—Domolun Fruit Branch.

A REAL INDIAN FEAST

If Canada's national festival is the Maple Sugar Camp, the big event of the late summer season is the "Corn Roast." And corn roasts should be the vogue, now that Canada's own sweet corn, sun-ripened in the fields, is available and just begging to be eaten.

The chief ingredients of a successful corn roast are a group of congenial people; a suitable location, preferably a beach; a roaring bonfire; plenty of corn, butter, salt and a good appetite.

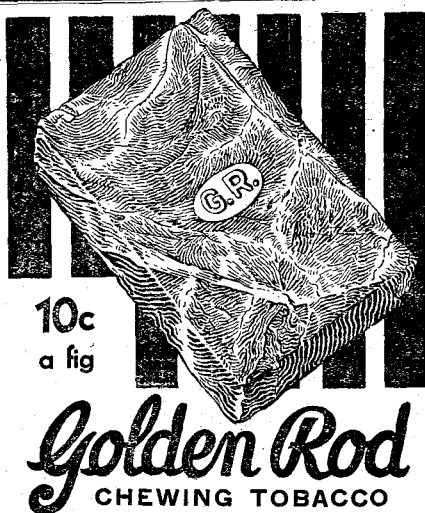

There are two ways of cooking the corn. The simplest, and the method preferred by most people, is to peel off the husks, transfer the ear with pointed sticks and hang them in the flame of the fire until cooked. Another way is to take along a boiling kettle or cauldron, or even an empty gasoline tin with a wire handle, and boil the ears all together. Still another method is to roast the corn, but it has the advantage that all the ears are ready for eating at the same time, so that those in charge of operations may sit down and enjoy the feed with the other members of the party.—Dept. of Agriculture, Ottawa.

Baseball at Sandy Cove
And Tiverton

A baseball game between Little River and Sandy Cove, Saturday afternoon resulted in a victory for Sandy Cove. Little River also played at Tiverton, the score being 11-9 in favor of Tiverton. Captain Darrrell Cheney kindly offered to take the players down in his vessel, "Alta," also a number from Sandy Cove, while a large crowd went from Little River to witness the game. There were about eighty-two aboard the vessel. It was not as pleasant returning as it was going, the fog setting in very thick.

AN INSPIRED LINOTYPY

(Milwaukee Leader)
The importance of one letter to a word is most aptly illustrated in the story in the Milwaukee Leader Monday which attributed to Alderman Paul Gauer the statement that "only by hanging the rulers of the nation" will the rebuilding for a new social order be possible. What Alderman Gauer told the picknickers at Sheboygan is "only by changing the rulers" will the change be possible. Only the letter "c" was missing. But what a change in meaning.

WEYMOUTH FALLS

Mr. and Mrs. Fletcher, accompanied by Mr. and Mrs. Williams, motored here from Boston recently, and spent a week with Mrs. Fletcher's parents, Mr. and Mrs. John Pleasant, returning on Saturday via Digby and Saint John.

Mrs. Diamond, of New Brunswick, is the teacher here for the 1932-33 term.

Mr. and Mrs. Fletcher, Mr. and Mrs. Williams and Mrs. John Pleasant motored to Annapolis Royal and Grand Pre one day last week.

A most successful Picnic was held by the Baptist Sunday School on the School grounds on Monday afternoon. A large number of people were present and a most enjoyable time reported by all.

Rev. Anderson, Pastor of the Baptist Churches in the Digby-Yarmouth route, was a week-end guest of Mr. and Mrs. John Pleasant.

Mr. and Mrs. Fletcher, Mr. and Mrs. Williams and Mrs. John Pleasant motored to Digby, the Joggins and Acadiaville, one day last week, where they attended a church Garden Party.

An estimate of the 1932 Nova Scotia apple crop places the approximate value at 1,161,500 barrels. This is a slight decrease in quantity from the 1931 crop which was placed at 1,247,000 barrels. The decrease in the Nova Scotia crop is, however, more than offset by the unexpected high quality of the fruit.

SAULNIERVILLE

Mrs. Dennis Doucet, of Cape St. Mary, recently visited her grandmother, Mrs. Catherine Duffy, of this place.

Eddie Thimot spent one day recently with Mr. and Mrs. George W. Mallett at Cape St. Mary.

A picture, a moving picture of anxious faces, suppressed comments, distraught and seemingly inefficient propositions, a general feeling in the air of perturbation and disturbance, indistinct mutterings regarding the size of somebody's big bank account, and the possibility of steering a part of the contents in the right direction.

No innocent one, we have not stumbled on a secret session of the BLACK HAND gang, nor does the red light or revolution gleam in any eye. Before us we see nothing more, and nothing less, by the same token, than the members of a local VICTORIAN ORDER FINANCE COMMITTEE in session and the subject under discussion, as you have now already guessed it, how shall the work of the VICTORIAN ORDER be financed during the coming year?

The work is there, plenty of it, but the funds, the indispensable funds, are not visible to the naked eye, and nothing in the experience of the writer has ever been able to so effectively conceal itself from public view, as funds destined to be used for VICTORIAN ORDER work. Therefore, we must work for them and pray for them, and all the time, we must know positively in our hearts, that the wherewithal is waiting for us and some time soon, will be revealed.

It is all very amusing, is it not? When one sits down to think, at the same time looking backwards through the years, for every year we wonder where the money will come from, and every year we worry, yet every year is the same, the money is usually forthcoming and always we come smiling through.

Youthful Strength

Dr. Magnus Hirschfeld, the world-known authority on Sexology and Director of the Institute for Sexual Science of Berlin, Germany, created

TITUS-PEARLS

to help the millions of men and women who have lost or are losing their vital physical power. In his 35 years of practice and research, however, he realized that the weakening of man's glands was also responsible for other troubles: High blood pressure, hardening of the arteries, physical exhaustion after work or exercise, nervous depression, neurasthenia, etc.

All these troubles can be removed with Titus-Pearls. Numerous cases were treated by Dr. Hirschfeld in his Berlin Institute. L. S. (State Official, 60 years old, married) complained of physical exhaustion, dizziness and tremors. Was easily tired. Mental powers dull and slow moving. Physical powers had been incomplete for previous 5 years. Blood pressure too high. Given 2 Titus-Pearls 3 times a day. 2 weeks later the medical report on this man was:—General health better, more vigor; dizziness and exhaustion had gone; he felt fresh and buoyant. His blood pressure had fallen, and at 60 years of age he had regained the physical power and virility that he had known in the prime of his life.

Start regaining your youthfulness now! To-day! In 2 weeks' time you will be aware of the new, virile force within you. Send \$5.00 (cash registered or money-order) for 2 weeks' treatment. Write for booklet, C. O. D. Orders accepted.

BAD COMBINATIONS

The Fredericton Mail notes that the Mounted Police have declared war on the motor "speeders" in New Brunswick and that in future such offenders are likely to be dealt with more severely. There are frequent references to the menace of the drinking car driver but while individually he is the most to be dreaded he is not by any means the most numerous. There are many bad combinations on the highways and the "speeder" in a mighty hurry and not going any place in particular is probably the greatest menace to life and property. Other bad actors who should be debarred from the highways are those who think it smart to take a chance at corners or curves, to say nothing of the incapables. If any of these characters only did injury to their own persons or damage to their own property it would not matter so much, but the trouble is that they endanger the lives and destroy the property of those who are careful in their observance of all the rules of the highways. The Mounted Police and other officers will have the support of all better thinking people in any efforts they may make to bring about greater safety on the highways.

FOLKS LIKE US

Folks like us may help each other. E'en though tasks seem hard to bear, Burdens shared are burdens lightened.

For the love of friends who care,
By the sun that shines the brightest
Is the one seen through your tears.
And the grind of just existing,
Mellowed is by passing years.

So forget your petty grievance,
Put your shoulder to the wheel,
Do your best, nor stop to falter,
And let time your sorrows heal.

Folks like us, for one another,
Have no time for trifling hate,
And we'll find Life's quite worth liv-
ing.

If we'll all co-operate,
—Grace Robert Ballard.

YOUR DAILY DOZEN

A little patience—at least once.
A tribute of unalloyed kindness.
A kind word—or two or three.
A bit of self control—somewhere.
A flash of generosity.
A prompt excuse—for someone else.
A noble thought—even if it is borrowed.
A good deed—not left undone.
A brief prayer—for a friend in trouble.
A thought or two of thankfulness.
A kindly smile—where it brightens another.
A snatch of song—or hum of a tune.

LOUISBURG

There has been much in the press in the last few weeks, concerning the recent discoveries made at Louisburg. In excavating, a grave has been unearthed which proves undoubtedly to be that of D'Anville, of historic note. The following verses, written some years ago, have been published in a recent issue of the Sydney Record, as it was considered very opportune. The author is familiar with the scenes surrounding Louisburg, having been a resident of Sydney during his lifetime. Mr. Mughah is a brother of Mrs. Farquhar, of Weymouth.

Age-honored mounds, where once I laid me down
To breathe the salt and dream of vanished town,
What graves ye make! Ye cross-chopped mural stones
Flashed by old Time from storied parapet,
Whereon we trace the punctuation yet!
What monuments to mark chivalric bones!

There in that pasture, 'neath the cropping herd,
The patriot sheaves were huddled and interred;
In peace requiescant—ye rest well
(Not so the memories with their thrill and throng);
The leaden sythe that mowed ye down was strong,
And garnered ye together as ye fell!

Perhaps near this spot, if history might tell,
There paused at night some Gallic sentinel
To ask the moon if lately she had strayed
Above his vine-clad home in la belle France
And gazed upon his Marie, or perchance
Had watched his little children as they played.

Perhaps d'Anville, the frail, knight-hearted chief,
Stood here to lend his soul and voice to grief,
To listen to the sullen soldier's plaint,
The faithless finical's imperious fear,
The maiden's terror and the mother's tear,
The prayer of pious age to patron saint.

There was the breach, perhaps, that Pepperell
And sturdy Vaughan carved with shot and shell;
Thence from a portal cleft by hostile art,
Like crew of spirits issuing from their tombs
The famished Franks came forth,
With sportless plumes
And honors vain to light the leaden heart.

See yonder cliff unbosomed to the west
And mark the blotches on its rugged breast:
A century and a half of storm and sleet,
The billows, maddened as they writhed and lashed
At their own impotence, have never washed
The tell-tale blood-stains from its ancient feet.

'Twas on this height, so speaks the trumpet of fame,
Illustrious Warren signed his martial name
With iron pen and flaming ink or fire;
Those very waters, where the fisher-boat
And sinuous skiff these days serenely float.

A MODERN FATHER

The following letter of a modern father to his daughter appeared in a recent issue of the Wall Street Journal. It needs no comment: "My Dear Daughter:—You ask me if your husband should stay on in his present position at an 'adjusted salary,' but you forgot to tell me what he would do if he didn't. You and he couldn't very well come here just now. Your brother Sheridan's salary has just been 'reconsidered,' so he moved into his old room at home, and brought his wife. Your sister Eloise telegraphed the next day that Wilfred had just been offered a new contract that was an insult, so your mother is airing out her room. Your sister Frances, who will recall has been a private secretary, wrote last week that if anybody thinks she is going to 'cop to the level of a common typist,' they are mistaken, so we expect her any day. What with those and the younger children, I imagine that as long as Rupert's salary is merely being 'adjusted,' he had better stay. An adjustment is nothing like a reduction. It's hard for me to keep up with the language of big business, but as I understand it, an 'adjustment' is the equivalent of a raise. Of course, Rupert wouldn't know that; he has been working only since 1928; he should ask some old timer to explain what a raise is. My own business is coming along fine. It was sold on the Court House steps last Friday, but there were no bidders, so the sheriff let me keep it. That makes the best month I've had since the upturn.—Your affectionate Father."

THREE MAGICAL WORDS

There are three words, the sweetest words
In all of human speech:
More sweet than all the songs of birds,
Or psalm poets preach.
This life may be a vale of tears,
A sad and dreary thing;
Three words, and trouble disappears
And birds begin to sing.
Three words and all the roses bloom,
The sun begins to shine;
Three words will dissipate the gloom,
And water turn to wine.
Three words will cheer the saddest days—
"I love you?"—wrong, by heck!
It is another, sweeter phrase,
"Enclosed Find Cheque."

WILL BUILD FERRY AT METEGHAN YARD

A ferry boat will be constructed in the near future at the Meteghan shipyard. This vessel, when completed, will measure 125 feet long, and 20 feet wide. She will be built by the Meteghan Shipbuilding Company, Limited, and native lumber will be used for its construction.

Make canopy for many a warlike sire,
Ofttimes the wind, to wreck its deepest dirge,
Accompanied by the monotonous surge.
On that drowsy rock-keyed organ of the shore,
Comes up in diapason through the night;
And often when the storm is at its height,
Ye think ye hear the shrieks of those at war.
Indeed, an infant Carthage lies below.
And one huge grave sepulchres friend and foe.
How tranquil! Now behold what peace is here!
The bloody tempest's spent, and, save the hum
Of distant commerce, all the scene is dumb.
And hark as a cloister after twilight prayer.
—Fred G. Mughah.

HERE'S PRIZE ECLIPSE STORY

The eclipse story in connection with the prize of the sun on Wednesday last, goes to a delivery wagon driver of Montreal, who entered the photographic department of the Canadian National Railways and asked for a piece of photographic film large enough to cover both eyes of his horse. He was accommodated. The thoughtful driver claimed his horse might look up in search of the sun at the wrong moment and have his eyesight impaired for life, and it is supposed to detract from his usefulness in reading the house numbers. —(Halifax Chronicle).

Her Hand Felt Dead

HELPLESS WITH RHEUMATISM

At one time she thought she would lose the use of her right hand. But "a blessing"—in the form of Kruschen Salts—put her right again.

"I was sure in a bad state," she writes. "In fact, I could not do my housework. I was so bad with rheumatism in my arms and hands. I could not sleep at nights, and had to get up and heat water to ease my pain and numbness. I took all kinds of remedies, but it rubbed it and plastered it—but it was still there. I thought I would lose the use of my right hand. I could not hold anything, nor could I sew a button on. My arm would go dead. I was advised to try Kruschen, and inside of three weeks I found such a change. I have kept on taking it, and am so thankful for the blessings I have received in Kruschen. Now I sleep all night—thanks to Kruschen's help and relief."—(Mrs. J. H.)

The six salts in Kruschen stimulate the liver and kidneys to healthy, regular action; assist them to get rid of the excess uric acid which is the cause of all rheumatic suffering. When poisonous uric acid goes with its deposits of needle-pointed crystals—there's no doubt about those aches and pains going too!

2 1/2 cups pastry flour (or 2 cups all purpose flour)
1 teaspoon vanilla extract
1/2 cup unsweetened cocoa powder

Cream butter thoroughly; add sugar slowly. Add beaten yolks, mix thoroughly. Add flour and sifted cocoa, fold in stiffly beaten egg whites. Miss Gertrude Dutton tells why she makes her

Devil's Food Layer Cake

with Magic Baking Powder

"I know from experience," says the cookery expert of Western Home Monthly, "that Magic makes most baked dishes look and taste better. Its uniform leavening quality gives dependable baking results."

And Miss Dutton's praise of Magic is seconded by the majority of dieticians and cookery experts throughout the Dominion. They use Magic exclusively because they know it is pure, and always uniform.

Canadian housewives, too, prefer Magic. In fact, Magic outsells all other baking powders combined.

For luscious layer cakes, light, tender biscuits, delicious pastries—follow Miss Dutton's advice. Use Magic Baking Powder.

FREE COOK BOOK—When you bake at home, the new Magic Cook Book will give you dozens of recipes for delicious baked foods. Write to Canadian Branch Ltd., Fraser Ave. and Liberty St., Toronto, Ontario.

NEW EXPLORATIONS AT QUEBEC OR IN THE STEPS OF THE VOYAGEURS

(A Weymouth reader very kindly sent us the following account of a vacation trip recently taken to Ste. Anne and Quebec. We know it will be read with great interest.)

Vacation time was approaching, and I had no more definite plans. The favourite topic, depression, was heard on all sides enough to drive one to despair. Then there was the excellent advice of Messrs. Chamberlain and Bennett regarding retirement. "No, it would be very unwise to indulge in an orgy of reckless expenditure; my vacation would be a very quiet one. With this thought firmly embedded in my mind I chanced to see an advertisement as follows: "Halifax--Ste. Anne de Beauséjour and return \$12.50."

Obituary

Mrs. Marguerite Page

The death occurred in Deep Brook on Saturday morning, September 3, of Mrs. M. W. Page, aged 68 years, after a short illness following a stroke. She was the second daughter of the late Abner Woodworth and Mrs. Susan (Selfridge) Woodworth, of Aylesford, and widow of Charles F. Page, Boston, who predeceased her about 30 years ago. Before her marriage she attended Gordon College, Boston, and was always an ardent worker in the cause of Foreign Missions. About 12 years ago she built a bungalow in Deep Brook, where she has since resided. The funeral service was held on Monday in the Deep Brook Baptist Church, conducted by Lic. William H. Turner, assisted by Rev. A. W. L. Smith, rector of St. Clements parish. The pastor spoke from John XI: 25-26 and Rev. XXI: 4, paying a high tribute to the life and character of the departed sister. The choir sang "Nearer My God to Thee" and a quartette sang "We'll Never Say Good Bye in Heaven." Mrs. G. R. Beals accompanied the remains to Boston, where another service will be held in the Clarendon St. Baptist Church, where Mrs. Page was a member for many years. She is survived by her dear mother, one of God's well beloved saints, 90 years of age; four sisters and two brothers, Mrs. Catherine Graves, Miss Annie Woodworth and Charles M., all of Vancouver, B. C.; Noble, of Landis, Sask.; Mr. H. A. Jacques (Jessie) and Mrs. G. R. Beals (Zella V.), Middleton. Interment will take place in Mount Hope Cemetery, Roxbury, Mass., beside her husband. 4:30p

CANADIAN GOOD ROADS ASSOCIATION HOLD MEET IN DIGBY

Highway Experts Discuss Maintenance and Road Construction Problems

Confidence that Canada as a nation is solving the problems that confront her, and that with each province assisting the other this civilization, in fact, the vein and arteries of social and business life, would emerge from the depression a stronger and more powerful country, was the keynote as delegates, 250 strong, including premiers, members of provincial governments, highway department officials, and other leading men in the highway and professional life of the Dominion, gathered at the Pines Hotel for the 19th. annual convention of the Canadian Good Roads Association during the first three days of this week.

This convention may be termed as one of the most far-reaching ever to be held in Digby, and perhaps, in the history of Western Nova Scotia has there been such a gathering of so many of Canada's statesmen and business leaders to discuss one of the most important problems of the present age.

The Canadian Good Roads Association is a nation-wide organization which had its inception in a convention of good road enthusiasts and an exhibition of road-making machinery and materials opened in Montreal on May 18, 1914, and which rapidly increased the scope and strength of its organization until its growth warranted the seeking of a federal charter which was issued August 29, 1917. Each year since 1914 a convention has been held for the purpose of studying and discussing current problems connected with the three main interests of the association—the building of highways adapted to modern traffic conditions, and the demands of the immediate future, their maintenance at a high level of efficiency, and the regulation of its use to meet the needs of safety and economic value to the public.

The convention was called to order at three o'clock Monday afternoon by the President, Hon. A. C. Stewart, Minister of Highways for the Province of Saskatchewan. In his remarks, Hon. Mr. Stewart stated that the Canadian Good Roads Association was largely responsible for the great development of the Canadian highways. He remarked that the convention was meeting in one of the beauty spots of Canada, and that the Pines Hotel, Digby, was the prettiest setting in which the convention had ever been held. He paid tribute to prominent members of the Association who had passed away since the last annual convention.

Officially opening the convention, Lieutenant-Governor Covert, in extending cordial wishes for successful sessions, asserted it is widely recognized that roads have always to a marked degree been the basis of civilization. In fact, the vein and arteries of social and business life. Within a single generation there had been a transformation wrought in Canadian roads, that was to say the least remarkable. "Public demand," he concluded, "assures continuance of progress already made."

After paying tribute to the value to Canada of the Good Roads Association, Premier Harrington, in his remarks, pointed out that it was not for the ready access afforded by good roads, it would not be so widely known.

Declaring that as in the other Maritime Provinces, the roads in Nova Scotia presented a real problem, Premier Harrington asserted, that with at least fifteen thousand miles of roads, in addition to fifteen hundred miles of trunk highways, this Province had one of the largest per capita road mileage of any Province.

Hon. Percy C. Black, past President and present Director of the Association, in a brief address said it was his ambition to do hard surfacing of roads, the problem of course was money. In this connection Mr. Black said that the present high cost of money made things additionally difficult. "Money," he declared, "should not cost the Province of Nova Scotia more than four or five per cent."

Mayor P. W. Holdsworth, of Digby, in extending welcome to one of Canada's most valued organizations, said it was not necessary to present the keys of Digby to the delegates as all doors were open.

Hon. D. A. Stewart, past President, and New Brunswick Minister of Highways, in his address expressed regrets of Premier Richards' inability to be present at the opening session, as did also Col. J. L. Boulanger, Deputy Minister of Quebec for Hon. J. E. Perrault, Quebec Minister of Highways and Mines.

Other speakers were: B. T. Fay, of Albany, N. Y., who brought Governor Franklin D. Roosevelt's personal greetings, Hon. Leopold Macaulay, Ontario Minister of Highways, past President, Hon. W. R. Chubb, Minister of Public Works, Manitoba, and W. S. Canning, Philadelphia, who made the forecast that the outcome of the U. S. Presidential election would not keep citizens of that country, whatever the fate of prohibition, from visiting Nova Scotia.

The tourist travel in the province has brought back all that has been spent on roads during the past 20 years, during which time more than \$40,000,000 has been spent on road work. In 1915, 3,400 American cars entered the province—in 1930 this number has been increased to 640,000.

During the same period it is estimated that \$367,000,000 have been spent by tourists in that province.

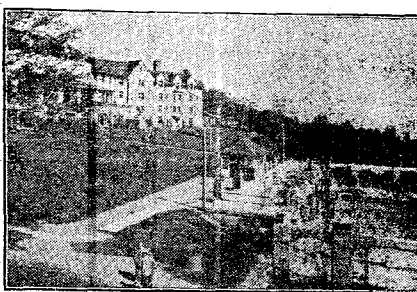

M. A. Lyons, Chief Engineer of the Manitoba Highways Board and H. F. Clemer, Highway Engineer of Washington, D.C., both spoke on the technical side of "Maintenance of Gravel Roads," dealing principally with the dust nuisance and various preventives.

R. W. McCollough, Chief Engineer for the Province of Nova Scotia, and B. H. Kinghorn, Chief Engineer of the Department of Highways of the Province of New Brunswick submitted twopoint discussions which were not read due to the lateness of the hour. Both of these gentlemen commented on the previous addresses, and Mr. McCollough told of an experiment that has now been tried on a mile of road near Digby, and urged that delegates go and see it. This experiment has to do with the setting of dust by coating the road with a mixture of fifteen tons of salt and fifteen tons of clay to the mile.

After citing the \$300,000,000 expended in Canada yearly by incoming motor tourists, Mr. Squire said that highway beautification would be a strong factor in retaining and increasing this profitable business.

Contests in beautification—between provinces (including the Dominion of Newfoundland) between sections of provinces, between individual highways, and between sections of highways—would help in creating new pleasures in travel, and should have the support of the provincial highways department and the press. Dumps for rubbish and old autos on or near highways should be made illegal, advertising signs should be strictly regulated and the unsightly type prohibited, and

Scotia, one of the world's best beauty spots.

The second session of the convention was called to order at 3 o'clock Monday afternoon, the first speaker being Hon. R. M. Smith, Deputy Minister of Highways for the Province of Ontario. His paper was entitled "Highway Administration in Ontario."

"Our province," he said, "finds itself in a somewhat different position than that of our municipalities. We levy no direct tax but ask communities to pay towards highway construction 20 per cent. of the cost, but in return assist the municipalities and townships to the extent of approximately 80 per cent on secondary roads. During the course of an average year we pay to the municipalities and townships between \$4,000,000 and \$5,000,000, being the difference between what we give and receive."

"In other words, we actually assume the entire cost of the provincial highways, and in addition distribute approximately \$5,000,000 among the various municipalities."

His address was followed by an address by Col. J. L. Boulanger, Deputy Minister of Highways for the Province of Quebec.

He stated that although the highways are developing by rapid strides these days, the public, who demand wide, straight and smooth highways, do not take in mind the geographical and other problems confronting the highway engineer. There is also a limit to the annual budget and appropriations must be made in accordance to proportion of revenue derived from motor vehicles. Road building must be done in a systematic and methodical way—model highways are expensive and difficulties are great. Financial resources are somewhat limited, but are being slowly overcome.

The tourist travel in the province has brought back all that has been spent on roads during the past 20 years, during which time more than \$40,000,000 has been spent on road work. In 1915, 3,400 American cars entered the province—in 1930 this number has been increased to 640,000.

Dumps for rubbish and old autos on or near highways should be made illegal, advertising signs should be strictly regulated and the unsightly type prohibited, and

other blemishes on the landscape should be removed.

Mr. Squire was followed by George E. Martin, Consulting Engineer of the Barrett Company, who spoke on "Highways for Present Needs." Mr. Martin stated that with the present system in most of the provinces, the main highways were well advanced. There is, however, a strong demand for improvement of the secondary roads at a moderate cost in view of taxation and needy economy. To meet this need he advocated tar road surface, easy riding highways.

Hon. Frank Oliver, Advisory Officer of the Board of Railway Commissioners for Canada and representing the Province of Alberta at the convention, spoke briefly, sounding a note of warning against heavy commitments by provinces or municipalities at the present time as tending to impair their credit in the money market.

J. M. Brown, Consulting Engineer, Canada Cement Company, Ltd., of Toronto, was the next speaker. "The economies of modern cement concrete highways" were summed up by Mr. Brown, as follows: They provide a durable road at a reasonable first cost; maintenance costs are lower than on any other type of road; operating costs are reduced to a minimum; concrete pavements provide a safe, satisfactory driving surface; they are adaptable to further widening; and they are, perhaps more than any other surface, capable of carrying winter traffic.

Other features of Tuesday's session presided over by T. J. Mahoney, Chairman Ontario Highways Advisory Board, were the very emphatic statements made by Bedford and Fay, Director Publicity, Adirondack Resort Association, Albany, N. Y., and H. B. Coe, Manager, Maine Publicity Bureau, in respect to what effect prohibition repeal would have on Canada's tourist trade.

"Gentlemen," declared Mr. Fay, "believe it will not effect it one iota. In the first place, the grandeur of your scenery, the hospitality of your people, the countless attractions you have to offer, as a foreign country, for pleasure and health seekers, outweighs any considerations."

In the second place, make no mistake. Americans never come to Canada to get drunk. True, our liquor is not as dependable as yours but we have never been without."

Pines Hotel Closed For Season Thursday; Comments By Tourists

The Pines Hotel closed for the season of 1932 yesterday after a fair season, when present economic conditions are taken into consideration. The closing of the Pines practically marks the end of the summer season in Digby, although other summer hotels will remain open for a few weeks longer.

During the summer, and especially during this week of the Canadian Good Roads Association, we have heard much favorable comment by our tourist friends on this magnificent hotel, on our town, and the surrounding country, and much praise has been given O. C. Jones, manager of the hotel, and his staff for courtesies and hospitality extended them during their stay in Digby—the same also has been said of proprietors and staffs of other hotels in the town.

We meet in our office a surprising number of tourists during the run of a summer season. We have heard a great many express opinions on the town, its hotels and its people. They all like our town and its unexcelled scenic attractions. Few have none but the highest praise to give our hotels and their staffs. On the whole they like our people, but seem of the opinion that we are to much "Matter of Fact" to move out of our own way to do anything for "those damned Yankees" unless they are paid for it.

New Brunswick has come to a full realization of the importance of their tourist business, he said.

In the afternoon, the delegates took an automobile trip to Annapolis Royal as guests of Hon. P. C. Black, Minister of Highways for the Province of Nova Scotia, and his staff, where they visited the historic old fort. In the evening they held a clam-bake on the shores of the Annapolis Basin as the guests of O. C. Jones, manager of The Pines Hotel.

Wednesday's program included an address by Robbins B. Stockel, a missionary of motor vehicles for the State of Connecticut, who spoke on "Safety for All Users of the Highways."

"Ninety out of every hundred persons are good traffic performers; the other 10 make the trouble," declared Mr. Stockel.

"In traffic," he continued, "the man, the car and the highway are involved. The man dominates the other two. The machine of the future will have better control, and consequently be more difficult to manage, but at present it is necessary that man be limited and restricted in its use. This cannot be effected by law enforcement alone; educational influence must also be exercised."

"A road is only as good as its subgrade," was the doctrine put before the Association by Prof. R. Del. French, of McGill University. Only by soil study in the laboratory and the field could road failure resulting from poor subgrades be lessened. He advised Canadian road engineers to take advantage of extensive soil researches which had been conducted in the United States.

In an address on "The Highway Contractor," E. T. Routley, of Toronto, described types of equipment now being used in road construction, which had been responsible, largely, for reduced costs in the last decade. He spoke of a stone crusher which breaks the rock by impact.

Mr. Routley was critical of direct road construction, and advised public works for relief purposes. It was more economical, he said, to carry out such work by contract rather than day labor. As for hand labor, only prejudiced persons could advocate it in place of the machine.

Charles M. Upham, engineer-director of the American Road Builders' Association, saw little danger of highway over-building as long as traffic continued to increase.

In discussing Mr. Upham's address, T. J. Mahoney, chairman of the Ontario Highway Advisory Board, argued in favor of larger contributions from the cities of Canada toward the cost of road building. He drew a distinction between users of the roads, who pay almost all the cost, and those who benefit by the highways, in which category he placed the Dominion Government and the larger centres of population. These, he thought, should share in the expense.

Our sympathy is extended to the
weary angler (fishing in a pond af-
ter heavy rain) who had caught
nothing and asked the gaping yokels
standing by whether there were any
fish in the pond.
The reply was: We dunno. There
weren't no pond there last night.

ADVERTISE IN THE COURIER

NEW EXPLORATIONS AT QUEBEC
OR IN THE STEPS OF THE
VOYAGEURS

(A Weymouth reader very kindly
sent us the following account of a
vacation trip recently taken to St.
Anne and Quebec. We know it will
be read with great interest.)

(Continued from last week)

In 1759, history tells us, Wolfe
captured Quebec; in 1932 Quebec
captured my humble scribe, of a
certainty. Enroute to the old city
from St. Anne, our train passed
close to the falls, of which I have
already written, and we were able
once more to admire their stately
beauty. One of my first sorties in
the ancient capital was the historic
Citadel, which reminds me strongly
of our own at Halifax, though in
much better repair, and still gar-
risoned. Like our Citadel, it affords
an excellent panorama of the city
beneath. My guide, a private of the
garrison, and a pronounced Old
Country accent, and like most from
that land took a peculiar pride in
doing his duty. Consequently, I did
not miss much within those old
walls. Among other items of inter-
est, old and new, he showed me the
official residence of the Governor-
General when in Quebec. This
building is within the Citadel, but
viewing the St. Lawrence, of which
it commands an excellent
view. Our present Vice-Regal fam-
ily had spent most of the summer
there, returning to Ottawa only a
few days before for the opening of
the Imperial Conference. The Bes-
boroughs seem very popular in Que-
bec, as indeed in all Canada; the
Countess is French by birth, and
their son having been born in Mont-
real, as well as named after the St.
Lawrence, all combine to give their
Excellencies a peculiar hold on this
province.

The view from the Dufferin Ter-
race is remarkable. The Terrace it-
self is built around the brink of
Cape Diamond, and is one of the
finest board walks in the world. Here
stands the famous hostelry of the C.
P. R., the Chateau Frontenac, an
hotel of unusual beauty and im-
portance; it is situated on the site
of the Chateau St. Louis, vice-regal
residence during the French regime.
The old chateau was erected by
Champlain, who founded Quebec in
1608, and stood until 1834, when it
was destroyed by fire. The massive
statue to Champlain stands on the
terrace, near this point looking to-
wards the city. From the ballus-
trade of the Terrace, one looks di-
rectly down on the old Lower Town,
about the foot of the cliff, with its
narrow streets and quaint old
houses. The statue of the St. Law-
rence spreads its silvery expanse as
far as the eye can reach. In the
evening a Military band rendered an
excellent concert on the Terrace,
and the whole panorama made a
sight long to be remembered; the
broad terrace, the statue, the
cliff; the Citadel towering overhead;
across the river behind Levis a golden
moon rose over the stately Laur-
entians, casting a mellow glow
over the intervening river; a
palace boat, gleaming white, steam-
ing slowly past its multitude of lights
a twinkling; sheer below the old town
lay wrapped in the silence of the
night, while the well dressed throngs
on the board-walk strolled constantly
to and fro to the accompaniment
of stirring music. Truly a most in-
spiring sight, what with the historic
richness of the setting, one could
almost feel the Presence of those old
Voyageurs and soldiers from old
France, to whom this ground was
home and sanctuary for so long a
time.

The second day I spent tramping
over the Plains of Abraham, where
was fought the great battle which
gave Canada to England forever,
and other cities where history was
made in centuries past. This, one
felt, was sacred ground.

There is situated in the Battle-
fields Park a tall pillar bearing the
inscription: "Here Died Wolfe Vi-
ctorious, Sept. 13, 1759." The pillar
is raised on the exact spot where the
dauntless English commander
breathed his last, in the moment of
his greatest triumph. The spot was
originally marked by a stone, rolled
into position by his own soldiers.
The Battlefields Park itself is a

landscape of rare beauty, with its
rolling lawns of velvety grass, num-
erous shrubs and flowers. This sec-
tion of the Plains of Abraham (so
called from one, Abraham Martin to
whom the land was granted) was at
one time much neglected, and was
left to go to seed. This condition was
rectified by Lord Grey, while Gover-
nor-General, and a Memorial Bal-
ustrade now stands in his honor, as
well as specially dedicated flower
beds.

A beautiful monument to Mont-
calm, the gallant French general,
may also be seen in this vicinity.
Quite a piece out, at the extremity
of the Park, is situated Wolfe's Cove
where the English gained access to
the Plains by climbing the precipi-
tous rock which extends all along the
river. By this strategy Wolfe took
Montcalm unprepared, and forced
him to fight in the open, with re-
sults which we all know. From
Wolfe's Cove to the foot of Dufferin
Terrace a quaint narrow street ex-
tends along the base of the cliff. Al-
though the distance was not short,
and the sun was hot, I walked this
entire stretch, and considered my-
self amply repaid. It was while
tramping this street that I heard the
opening of the Conference at Ot-
tawa, as nearly every house and shop
was tuned in to the proceedings.

Another point of more than usual
interest can be seen from this street.
Just before arriving below the Ter-
race. It is the point where the
Revolutionary invaders were repul-
sed in 1775. There, high up on the
bold face of the rock stands a plain
board sign, with block letters as fol-
lows: "Here Montgomery Fell, Dec.
31st, 1775." As I gazed up the per-
pendicular slope, the frivolous and
almost irrelevant thought struck
me: "No wonder he fell!" But seri-
ously, below this wooded sign, and
more on the Champlain Street level,
a bronze tablet tells a remarkable
story: how fifty men at the top of
the cliff held off the Americans,
numbering about seven hundred, un-
der General Montgomery. The de-
fenders, under Sir Guy Carleton, al-
though perhaps they did not then
realize it, were the means of safe-
guarding the Dominion of the future
and ensuring its allegiance to Great
Britain. It is significant that while
the English conquest had taken place
less than twenty years before, Eng-
land had no warmer friend during
the Colonial Revolution than the
Archbishop (R. C.) of Quebec.

GULL HOBBLES ABOUT ON
ARTIFICIAL LEG

A sea gull which hobbles about on
the rocks abutting the power house,
at Sault Ste. Marie, Mich., has prob-
ably the only artificial leg in the gull
family.

Dr. B. Allen, Sault veterinarian,
performed the operation after the
gull had been brought to him with
a broken leg.

Alphonse Sciozzafave, a shoemaker,
fashioned a leather socket and
Dr. Allen fitted a chicken bone as
an artificial leg.

Dr. Allen said the bird was master-
ing the new leg rapidly.

Someone had congratulated the
club wit on becoming a father. "Oh,
yes, thanks," he said, "gloriously."
"We're quite an international house-
hold now. I represent England, my
wife Scotland, and the babe Wales."

Dreams of the Future

Today transportation facilities of all kinds have
developed to an extent far beyond the dreams
of the promoters of the first steam railroad.
The facilities of The Bank of Nova Scotia have
developed correspondingly. A small local bank
one hundred years ago it now serves industry
and enterprise with a Coast to Coast system of
Branches in Canada, world-wide old established
banking connections and ample resources to
meet the needs of modern business.

They can appreciate the perfor-
mance of Tolan running 100

the Argentinian Zabala who ran
the Marathon in 2.31.36, but
they remember that a telegraph
operator sitting before his in-

gave to a Canadian National

is still far behind another re-

when, through their London

flashing, from the Aintree Race

as a meeting place. The invitation was referred to the incoming executive for consideration.

Resolutions adopted included endorsement of federal aid for highways and for elimination of level crossings and the suggestion of early placing of orders for machinery and materials for road projects in order to stimulate industry with preference for Canadian and Empire products.

Last evening was the scene of the Annual Banquet of the Association, in the dining room of the Pines Hotel.

Toasts were drunk to the King; the President of the United States; the Ladies (during this toast, Mrs. P. C. Black and Mrs. P. W. Holdsworth were both presented with handsome baskets of flowers); The Canadian Good Roads Association and Sister Organizations; the Guests and the Press. Following the banquet a dance was given in the lounge room of the hotel.

During the week the wives of the delegates were entertained at various functions by the ladies of the town. The whole delegation spoke highly of Digby and the Maritime Provinces, and many expressed a desire to return to "the provinces by the sea" at some time in the near future.

WHAT DOES "STANDARD" MEAN?

The Standard Dictionary surely ought to be an authority on the meaning of this word. It says that Standard is among other things "a model or example for comparison." That precisely is what MORSE'S STANDARD TEA is in its price class. Away back in the early history of package teas, J. E. Morse & Company established a standard of tea quality for the popular trade to which they have adhered ever since. This tea is better known as "The good old family tea of the Maritimes," and sells at 45 cents a pound in all good grocery stores. That it is entitled to bear the name "Standard" is proven by the fact that it is the equal or superior of any of the much advertised 50-cent package teas.

Agricultural Fair at Bear River Attended By Large Number

Threatening Weather Interferes With Attendance on First Day; Variety of Exhibits

Threatening weather rather interfered with the attendance at the opening of the Bear River Agricultural Exhibition on Tuesday, but the attendance was fair, nevertheless.

Hon. O. P. Goucher, Minister of Agriculture in the Nova Scotia Government, officially opened the Exhibition in an address given before a large audience.

Complimenting those in charge on the wonderful improvements made in the buildings, Hon. Mr. Goucher and H. B. Short, M. P., for this constituency, expressed gratification that residents of the county had co-operated to an extent that resulted in the fine displays to be seen at the greatly improved plant. A need for more sheds to house the cattle exhibits was urged by Mr. Short.

In some respects the show is an improvement over its predecessors, and in other cases the reverse. The exhibit of livestock was exceptionally good, that is, of cattle and sheep particularly. Swine and sheep showed a falling off, but there is an increase in poultry. Foxes, which in the past have been quite a feature, were entirely absent this year.

In the building there did not seem to be as good a display as in former years. Vegetables and field roots have a great falling off in fruit, although what there was, was good. The domestic manufacturers, cooking, preserving, etc., were better than usual and the exhibition authorities have improved conditions in these departments very much by the construction of show cases the full length of the building on each side of the gallery in which these articles are fully displayed and yet cannot be handled. The fancy work will compare favorably with such work in the largest exhibitions, and the cooking made one's mouth water.

SECOND DAY

The second day of the Exhibition opened with somewhat doubtful weather but cleared early in the forenoon, becoming warm and fine. Work started with judging the horses by Mr. Dickie, an expert horseman sent by the Agricultural Department for this purpose, and a final appeared in the ring. After dinner the horse pull, both single and double teams, afforded entertainment for a large crowd of people.

Sydney A. Rafuse Convicted on Bank Hold-up Charge

Sydney A. Rafuse, young insurance man, was Wednesday convicted of having planned and participated in the fatal attempted hold-up at Shubenacadie on August 23. Only a bitter smile, scarcely perceptible, twisted the corners of his mouth as he heard the foreman of the Supreme Court jury at Windsor deliver to Mr. Justice Graham a verdict of guilty on the first count of conspiring to rob; guilty on the second charge of attempting to steal; and not guilty on the third charge of attempting previous bodily harm to a police officer.

The conviction of Rafuse closes one of the most extraordinary chapters in the history of Canadian crime. It has been a chapter involving the fatal shooting of Gerald Freckleton by a squad of police hidden in the Royal Bank branch at Shubenacadie; a strange chapter in which the convicted man was drawn into the meshes of the law by a police agent whom he believed to be his accomplice in crime.

Autumn Gale Does Great Damage

Last Saturday's storm, one of the worst autumn gales in several years, played havoc with the Annapolis Valley apple crops. It is estimated that between 50 and 75 per cent. of the apples were destroyed, causing a loss of upwards of one million dollars to apple growers in the Valley. In this district the storm also did considerable minor damage. Telephone and electric power services were interrupted for some time by trees falling across the wires. Four fishing boats at Westport were driven ashore and the damage to the boats was a total loss, while those owned by St. C. Payson and Clarence Titus were badly damaged. Another owned by August Garrison was driven ashore, but not damaged to any extent.

A large portion of the beautiful vine which covers the Bank of Nova Scotia building on Water Street was so badly damaged that it had to be taken down.

Former Toronto Police Chief Addresses Kiwanis Club

T. J. Dickson, retired Chief of Police for the city of Toronto, addressed the Kiwanis Club of Digby at their weekly luncheon, which was held in the dining room of the Myrtle Hotel Monday evening. Mr. Dickson, who is standing at the head of the podium, gave an insight on the police organization of the city of Toronto.

The dining room of the hotel was tastefully decorated for the occasion and Mr. Spurr, proprietor of the hotel, received the congratulations of the club. Several guests were present at this luncheon. Harry Cochran, who has been leader of the Pines Hotel Orchestra, presided at the piano, and was given the best wishes of the club, and a rousing send-off. Mr. Cochran, who has been musical director at all Kiwanis luncheons in Digby this summer, left for Halifax this week.

A telegram wishing every success to the District Convention now meeting at Saul Ste. Marie, was sent from the Digby Club.

John W. Piggett, of "Bird Haven", Bridgetown, will address the Digby Kiwanis Club at their weekly luncheon in the Waverly Hotel Monday evening at 6.30 o'clock. Mr. Piggett is endeavoring to do in Nova Scotia what Jack Miner has done in Ontario. We urge a good attendance.

Harvest Cantata, Trinity Church, Sunday Evening—Harvest Decorations

Zelma Rebekah Lodge spent a social evening with Olive Branch Lodge, in Weymouth, on Wednesday. Over twenty of the local members went to the sister town and a very enjoyable evening was spent.

The D. A. R. time table changes on Monday. On and after that date No. 98—the express from Yarmouth, will leave that point at 9.30 o'clock arriving here about 11.45. No. 95—the express from Halifax—will run on the same schedule as at present. The Princess Hotel will leave Saint John at 8.30, and will arrive here at 11.30 a. m. Her hour of sailing will be the same as at present.

Harvest Home Service, Sunday at Trinity Church—Special Music

Forty-one years old and still going strong, the three-masted schooner Thomas H. Lawrence, one of the few Yankee craft engaged in the down east "Johnnie" lumber trade, sailed into port yesterday morning from Bellevue's Cove, N. S., with a cargo of 183,265 feet of rough and plain spruce lumber. Relying entirely on sail, disdaining this new-fangled power, the Lawrence came down the coast in the last time of five days. Captain Charles Tremblay, her master, last here on the old schooner Cameo, said he was favored with fair winds and he took advantage of it, driving the craft along at top speed. The Lawrence was built here in 1891, and carries a crew of four—Boston Post, Sept. 16, 1932.

If sufficiently recovered he will resume his duties about October 1st.

Yarmouth Wins The Nova Scotia Baseball Crown

The Amateur Baseball Championship of Nova Scotia came to the Gateway town on Wednesday. In the fourth game of the final series for The Halifax Chronicle Trophy, emblem of the provincial supremacy, Yarmouth defeated the Reserve Minor Boys Wednesday for the third time, winning by a 5 to 3 score in a game that sparkled with many baseball gems.

LARGE CROWD

Twenty-two hundred people crowded into the grounds to see the windup of the provincial play down round. It was a colorful crowd and a joyous one when the Reserve boys were retired in 1-2-3 order in the final session. Playing consistent ball behind the steady twirling of Nate Bain, the Yarmouth team at all times looked like the better team Wednesday afternoon, although the Reserve Miners made a three run stand in the sixth inning that caused apprehension among the more ardent of the Yarmouth supporters.

While Bain's pitching was of high order and the teams hitting sharp and consistent, the third second base combination of the Yarmouth infield was the high spot in the game. The Reserve management crossed up the experts by starting Ray MacNabb, veteran right hand fliker. MacNabb's offerings were no puzzle to the Yarmouth batsmen but the Reserve fielding wasn't of the stuff that encourages a moundman.

The following explanation of the event was first read by Mr. Fortier: "Charles de Menou d'Aulnay, an outstanding character as we all know, in our early history, and the man who first fortified the ground now forming the Port Anne National Park, died May 24th, 1650.

His will is dated 20th February, 1649, and in it he made the request that his body be interred and inhumed without any pomp and put at the entrance of the Port Royal Church, under the outside steps, asking all passing by to have pity for a person who merits only the wrath and punishments of a justly angry God."

We have lately after procuring certain data from France and a careful survey thereon by Mr. Wade, ascertained the location both of d'Aulnay's fort and of the church he refers to, and we are about to open and reverently examine his grave, on what we believe to be such, with a view to the placing

of a monument to his memory. The monument will be erected on the site of the fort, and the church will be restored to its original position. Her two bridesmaids, Miss Ruth Foster (a sister) and Miss Phyllis Andrews, were both dressed in white. Charles Foster, a brother, officiated as groomsmen. Obituary

Rev. G. D. Viets
It was with a deep feeling of sadness that the many Digby friends of Rev. Gerald Digby Viets, learned of this sudden passing, which took place last Saturday, at his home in Parkway, Brooklyn, New York, where he had been rector of St. John's Episcopal Church for the past five years. Mr. Viets was the sixth son of the late J. M. and Jane S. Viets, and was born in Digby on June 2, 1883. He was educated in the Digby Academy, King's College, Harvard University and the New York Theological Seminary. He is survived by four brothers, Guy R. Viets, Harry A. Viets, Conrad S. Viets, and Robert S. Viets, all of whom are residing in Digby, and two sisters, Kathleen (Mrs. W. E. Tupper), Digby, and Caroline (Mrs. Henry Corbett), Kaledon, B. C. The funeral took place that afternoon from Holy Trinity Church, Rev. A. E. Gabriel officiating.

Mrs. Hazel Erb and child returned to Kentville on Wednesday. Miss Brangeline Cairnes, of the post office staff, is on her holidays. Miss Greta MacGregor returned to Boston on Wednesday with her uncle, William MacGregor, who has been spending the summer here.

Locate Grave Dug At Port Royal 282 Years Ago By French

Believed to be Last Resting Place of d'Aulnay Charnais Who Died in 1650.

Of the many interesting gatherings held in Port Anne Park, Annapolis Royal, perhaps none was more fraught with drama and mystery, than that of Monday morning, September 19th, when, under grey, lowering skies, a small group watched, with underlying excitement, the excavation of what proved to be the grave of d'Aulnay Charnais, buried there 282 years before.

WERE PRESENT

Those present were Mrs. Frederic A. Richardson, of Cambridge, Mass., an ardent and successful searcher of historic sites; L. M. Fortier, Honorary Superintendent of Port Anne Park and President of the Historical Association of Annapolis Royal; Ernest R. Wade of Granville Centre, surveyor; Mrs. J. W. Thompson, Vice-President of the Historical Association; H. M. Doull, Treasurer, and P. W. Harris, a member of the Executive; Miss Laura Hardy and Miss Mildred Bunchman of the Museum staff; three press representatives, and Samuel Gallagher, who carried out the excavation.

The following explanation of the event was first read by Mr. Fortier: "Charles de Menou d'Aulnay, an outstanding character as we all know, in our early history, and the man who first fortified the ground now forming the Port Anne National Park, died May 24th, 1650.

FIND RELICS

The church in question was that of St. John the Baptist, burned in 1690, and the first objects of interest turned up were several pieces of brick and stone, with greatly decayed fragments of wood, a small piece of china, with a clearly traced design and then a number of wooden pegs, as the earth was thrown up. A change was apparent in the nature of the soil, which was loose and friable and at the depth of two feet contained quantities of a black substance, resembling ashes and charred wood. At the depth of five feet, a small piece of bone was discovered and further digging disclosed several larger pieces of more distinct shape, including part of the jaw-bone which were declared by local physicians to be those of human remains. Mr. Fortier states that this spot was really the grave of d'Aulnay, and that the bones will be reinterred, and a marker placed over them, until a proper monument can be erected.

It has been frequently stated that d'Aulnay met his death by drowning but the supplement of the Calcutta-Savary history gives the story, as told by Father Ignatius—a Capuchin living at Port Royal—"He died while on a visit to his plantations and dykes along the river, not directly speaking by drowning, but of cold and exposure, his feet and legs being stuck fast in the mud, into which he had been thrown by the upsetting of his canoe, and whence he had tried to reach the shore his head and shoulders being above water. His body was first discovered by Indians, who carried it tenderly to their camp, and reported the sad news to the priest."

TO DREAM AND DREAM—

—L. Weldon Mosher—

Tis nice to rest upon the shore
And watch the boats go by;
And trace the fleecy summer clouds
That move across the sky.

To dream and dream of many things
Through all the live long day,
Of magic land, of woods and streams
That bear us far away.

To dream of crafty salmon big
All restless in their pools;
And see the jumping speckled trout
Where runs the river cool.

To hear the birds along the trail
Which leads down by the mill;
And follow Nature's minstrelsy
Where fancy leads at will.

Tis nice to rest upon the shore
And dream the live long day,
Of trees and streams, and all those things
Where Nature holds her sway.

WHAT "BIRD HAVEN" IS

"Bird Haven" is a Sanctuary for all species of useful bird life, where they may feed and rest during migration periods, spring and fall, or make it their home during summer months, and, with some species all the year. But "Bird Haven" is more than that, it is something unique, for here we are combining a Bird Sanctuary and Arboretum all in one.

The originator of "Bird Haven", John W. Piggett, is a young man who is taking a deep interest in our forests and wild life and is making it his life's work and study. It is his intention, in addition to developing a bird sanctuary that will be equal to the best, to plant on his property near Bridgetown, in the Annapolis Valley, a collection of trees and shrubs indigenous to our country and many exotic species that will thrive in our soil and climate.

Already several thousand have been planted and when complete the result will be, an unequalled opportunity to see and study our native trees and plants, as well as hundreds of exotic species.

A flock of several dozen wild geese and ducks are found at the Sanctuary at all times and even at this early period, numbers of them are visitors during migration. A number of species not usually found in Nova Scotia are often seen at the Sanctuary and bird life there is increasing rapidly.

Visitors are always welcome at "Bird Haven" and as time goes on it should prove of great educational, as well as economic value, due to the thousands of people who will visit the property each year.

In Support of "Bird Haven"

The undersigned have organized as a committee to assist in arousing a province wide interest in the support of "Bird Haven". Nova Scotia's Bird Sanctuary and Arboretum, near Bridgetown, in the Annapolis Valley.

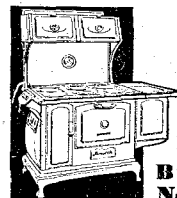

In our opinion, if sufficient funds are made available for a much further development, this project will become a real asset to our Province, and, in addition, will contribute to the welfare of our native bird life.

We heartily commend it to the people of this Province as being most worthy of their interest and support, and in making this "Bird Haven" Tag Day," we trust that a much deeper interest may be encouraged, as well as financial assistance given. To all who would assist to a further extent, we solicit your voluntary contribution, along with your name, that it may be placed on permanent record at the Sanctuary.

Hoelslock, of Lynn, Mass., became the bride of Thaxter Morine, only son of Mr. and Mrs. John Morine, of Bear River. The ceremony was performed at Scandia Hall by the Rev. Carlisle Morgan, pastor of the Central Congregational Church of Lynn. The bride, carrying a bouquet of tea roses and gowning in white satin with veil of tulle and lace, entered upon the arm of her father. The matron of honor, Esther Eden, a sister of the bride, was attractively gowned in blue velvet with hat and shoes of the same shade, and carried a bouquet of mixed flowers. The bridesmaids, Edwina and Kathleen Morine, sisters of the groom, were charmingly gowned in coral transparent velvet with turban and shoes to match. Miss Florence Brewer and Miss Claire Flood were also becomingly gowned in blue transparent velvet with hats to match. The wedding ceremony took place under an arch of sweet peas and the hall was beautifully decorated with baskets of flowers. Wendell Estes, brother-in-law of the bride, was the best man. The groom's gift to his bride was a toilet set and to the best man a gold piece. The bride's gifts to the matron of honor and her bridesmaids were white gold pendants. A reception followed the ceremony, guests being present from Manchester, Lynn, Peabody, Somerville and Beverly. Fat Man Loses 63 lb.

Kruschen and Walking

Overweight men who want to lose a few pounds can have the benefit of this man's experiences. He gives them to us for publication.

"In a little over twelve months I have reduced my weight from 227 lbs. to 164 lbs., by taking a dose of Kruschen Salts every morning for six months, and taking walking exercise every day. This remarkable achievement is all the more interesting when one considers that I did not resort to any form of dieting."

—G. L. B.

You can take off fat with Kruschen Salts if you will take one-half teaspoon in hot water every morning before breakfast, modify your diet, and exercise regularly.

While you are losing fat you will be gaining in energy—in endurance—in ambition. The old chair won't hold you any more—you'll want to be up and doing—you'll enjoy work and active recreation and you'll sleep like a top. You'll lose fat, and probably live years longer.

NEW EXPLORATIONS AT QUEBEC OR IN THE STEPS OF THE VOYAGEURS

(A Weymouth reader very kindly sent us the following account of a vacation trip recently taken to St. Anne and Quebec. We know it will be read with great interest.)

(Continued from last week)

Arriving at the termination of Champlain Street one ascends a staircase to the High Town, or an elevator may be taken from the base of the cliff, and landing on Dufrer Terrace, high above. Near this point in the Low Town is Soule-Cap-Street, the narrowest thoroughfare in America.

Quebec is fascinating; its store of treasures is vast indeed, but with my limited time, I naturally had to skip much that I find would see. However, I managed to see scores of monuments and tablets and historical sites without number, among them the oldest house in Quebec, on St. Louis Street, where Michel had his headquarters, and where he followed the great battle. Near here at the Chapel of the Ursuline Convent his mortal remains lie at rest. Quebec is the only walled city in North America, and its gates present a quaint and striking sight. Then there is the Post Office, which stands near the Chateau, on a site of rich romantic history. Here stood the Chien D'Or Inn, and the original stone representing the "Golden Door" is now placed over the main door of the Post Office. It is said that the innkeeper, a foe of the notorious intendant, Bigot, erected this Golden Door, with suitable satirical lines inscribed beneath, to satisfy his revenge. The merchant was subsequently killed in a quarrel with Mons de la Repentigny, a companion of Bigot. It is also related how, when Admiral Nelson visited Quebec, he was so fascinated by the niece of the then innkeeper that he planned a clandestine marriage with her. A prominent Quebec merchant of the day, assisted by the boat crew, forcibly broke up the board ship, thus breaking up his romance. It is said that the boat's crew, by their act, gained for England many a naval victory, and lost for Lady Hamilton her good name.

It was with a feeling of regret that we left the city of memories, proudly perched upon the noble promontory, but time and train wait for no man. Avery happy spirit was in evidence among the returning pilgrims, who apparently were much impressed by their devotion to the shrine of Good St. Anne. Four cures were reported among the Maritime party, and special prayers for each were said on the homeward run. It was quite inspiring to see the unshaken faith of the scores of crippled and afflicted, who not having obtained release from their afflictions, immediately resolved to come again next year, and after. When faith is impeded firmly in the soul, as I saw it on that train, it cannot help but be beneficial, even though physical cures are not always effected. And so I found myself back in the Province by the sea, with lasting impressions of a beautiful and historic city, and with a wholesome respect for my good friends who travelled sixteen hundred miles to meditate and pray. As long as people take an interest like that in things spiritual, no matter what their denomination, we must feel that here is a very brave heart against the storms of materialism and unrest of our age.

REMINISCENCES BY A FORMER WEYMOUTH MAN

The Olympic Games Meet in Los Angeles was a great success from both a record-smashing and financial point of view. After paying all expenses of the meet there was approximately one million dollars left in the treasury, and the advertising value to Los Angeles and Southern California cannot be estimated—they do things in Los Angeles—even San Francisco has come to admit this as the truth.

San Francisco, long the most important and colorful city of the Pacific Coast, depended too much and lived too long upon the glories of her past, sort of went to sleep, and neglected her advertising, while Los Angeles alert and aggressive, advertised and booked herself into first place. First it was the climate and orange groves that drew people from all parts of the United States and Canada, then discovery of oil, but when the big moving picture producers found that Los Angeles had everything in the way of sunshine and locations and business facilities that they needed, they established an immense industry that has attracted people from all parts of the world—people from Greenland's icy mountains to India's coral strands may be found in Hollywood "working in pictures", and of course you all know that Mary Pickford, Norma Shearer and Marie Dressler came from Canada.

In 1906 Hollywood was little more than a wide place in the road, but now it is an important part of Los Angeles.

When "Washington Masquerade" comes to your theatre do not miss seeing it, a gripping story of politics at home and in Washington, with Lionel Barrymore at his very best.

Those who like to read biographies and others who are contemplating a newspaper career might get a "kick" from reading the life of "Lusty" Scripps by Gilson Gardner. It is a story of the life of E. W. Scripps, the founder of the Scripps-Howard chain of newspapers and

United Press Service. Starting at the age of eighteen with a capital of eighty dollars, he had many ups and downs in business, but when he died in 1926 at the age of 72, his 30 newspapers and news service had a taxable value of one hundred million dollars. He was a self-educated man and did not care a great deal for college trained men. Apparently none of his little peculiarities have been left out of the story, drinking large quantities of liquor, which reached the unbelievable amount of four quarts per day without becoming mentally fuddled and then quitting the drink at the age of 47, and smoking as many as forty cigars in a day were some of the minor achievements of his busy life. We rarely went to a theatre and probably never saw a movie, but he knew how to manage a newspaper and make it pay. He never allowed an advertiser to dictate any of his policies. His favorite hiding out place when he wanted to get away from people and business was at his 2100 acre ranch near San Diego. There in a 60 room house with a separate apartment for himself and one for each of his family, he made himself think that he was happy. Having been a guest at this ranch, which I fully enjoyed the loneliness of the place.

It is now open season for deer in Northern California. No hunter is permitted to bag more than two bucks. Last year approximately 26,000 bucks were slain by hunters in all of California. Probably five thousand more were killed and not reported. A few hunters were killed having been mistaken for deer. They neglected to wear their red hats and red coats.

Imagine what a wonderful time such hunters as Ned McCallum, Jack McConnell and the Sullivan could have had in the California woods years ago. Imagine also if you can, those old boys wearing red hats and red coats—they were hunters, not bull fighters.

Youthful Strength
Dr. Magnus Hirschfeld, the world-known authority on Sexology and Director of the Institute for Sexual Science of Berlin, Germany, created
TITUS-PEARLS
to help the millions of men and women who have lost or are losing their vital physical power. In his 35 years of practice and research, however, he realized that the weakening of man's glands was also responsible for other troubles: High blood pressure, hardening of the arteries, physical exhaustion after work or exercise, dizziness, depression, neurasthenia, etc.

All these troubles can be removed with Titus-Pearls. Numerous cases were treated by Dr. Hirschfeld in his Berlin Institute. L. S. (State Official, 60 years old, married) complained of physical exhaustion, dizziness and tremors. Was easily tired. Mental powers dull and slow moving. Physical powers had been incomplete for previous 5 years. Blood pressure too high. Given 2 Titus-Pearls 3 times a day. 2 weeks later the medical report on this man was:—General health better, more vigor; dizziness much less and returning of power. Treatment continued and 2 weeks later L. S. reported again, this time to say that all weaknesses and exhaustion had gone; he felt fresh and buoyant. His blood pressure had fallen, and at 60 years of age he had regained the physical power and virility that he had known in the prime of his life.

Start restoring your youthfulness now! To-day! In 2 weeks' time you will be aware of the new virile force within you. Send \$5.00 (cash, registered or money-order) for 2 weeks' treatment. Write for booklet, C. O. D. Orders accepted.

Monument Unveiled At Clementsvalle

Clementsvalle was the scene of a
very impressive ceremony on Sun-
day afternoon when the monument
erected in memory of the men from
that community who paid the sup-
reme sacrifice "for King and Coun-
try" was unveiled. The large church
was filled to overflowing, many of
the congregation having to stand in
the entrance of the edifice.

The service was in charge of Rev.
C. L. Blanchard, pastor of the Uni-
ted Church at Bear River, the
principal speaker was Rev. J. H.
Bacon, who was pastor of the
Clementsvalle Baptist Church 27
years ago. Rev. Mr. McLellan, of
Annapolis Royal, and Rev. C. L.
Blanchard also addressed the large
congregation who came from many
parts of Digby and Annapolis coun-
ties, both of the two latter speakers
themselves being returned men.

The monument was unveiled by
Mrs. Bessie MacBride, of Deep
Brook, a former resident of Clem-
entsvalle, and the mother of Sergeant
Hugh MacBride, whose name is on
the monument. After the un-
veiling the monument was beauti-
fully decorated with floral offerings.
The inscription reads as follows:

"In Memory of Our Dear Com-
rades—

Sgt. Hugh MacBride.
Pte. Hartley Millett.
Pte. Lenley Potter.
Pte. Fred Wright.
Pte. Curtis Yorke.
Pte. Ralph Yorke.
Pte. Fred W. Long, 1924.
Pte. A. C. Chute, 1927.

The monument is a beautiful piece
of gray granite, handsomely carved,
and stands on a corner of the Clem-
entsvalle United Baptist Church
property where it can be viewed by
all persons passing through the vil-
lage. A large number of overseas
men were present at the unveiling.

C. M. Burgess, of Cheverie, who
has been visiting Mr. and Mrs. Wil-
liam Hanson, returned home on
Thursday.

COUNCILLOR WANTS THE PRESS BARRED FROM MEETINGS

Others Do Not Agree With Plan; Improvements Made In School Grounds

Councillor W. L. Oliver made the suggestion at Tuesday evening's meeting of the Town Council that in future the press be barred from such meetings, unless the proceedings were taken down verbatim. He, however, was the only one of the Councillors present, of this opinion, and the matter was dropped after the Councillor was informed that such an action would not be possible.

A discussion came up over certain bills for the entertainment of sailors of two Canadian warships which visited Digby early in the month and for entertaining the ladies who came with the Canadian Good Roads Association, totalling some \$90.00. These bills had been "O. K'd" by the members of the finance committee, with the exception of the chairman, Councillor Oliver, who wished to know where the money was coming from. His Worship, Mayor P. W. Hildesworth stated that the Mayor's fund, included in the estimates for miscellaneous expenditure provided for such accounts. On this information the dissenting councillor moved that the accounts be paid.

At this meeting a letter from George W. MacNamee, Secretary-Treasurer of the Canadian Good Roads Association, was read by the Mayor, in which the following resolution was enclosed: "Resolved: That the Canadian Good Roads Association wishes to convey its best thanks to our President, Hon. A. C. Stewart, Hon. P. C. Black and R. D. McCollough, of the Nova Scotia Government; and to the Mayor and ladies of Digby and local committees for their kindness and generous hospitality which have assisted in making this convention an unqualified success."

W. W. Hayden, Superintendent of Streets and Water, reported that considerable work had been done during the month in improving the school grounds, and on the streets of the town. The water system had been thoroughly flushed out during the month.

A communication from Jack Raymond asked the council that steps had been taken in the way of supplying water to the residents of Saint Mary's and Saint George Streets. A number of ratepayers from this section of the town had previously waited on the council with a petition asking that town water be supplied there. The matter was left in the hands of the water committee, Councillor Morehouse, chairman of that commission informed the council that the residents of that section of the town were pretty hard up for water. He estimated the cost to supply water to them would be in the vicinity of \$300.

A letter from E. J. Theriault, solicitor for the Mary Shreve estate, was read. Mr. Theriault's letter explained that this estate had sold a waterfront "sixty feet more or less" had been taken in the way of supplying water to the residents of Saint Mary's and Saint George Streets. A number of ratepayers from this section of the town had previously waited on the council with a petition asking that town water be supplied there. The matter was left in the hands of the water committee, Councillor Morehouse, chairman of that commission informed the council that the residents of that section of the town were pretty hard up for water. He estimated the cost to supply water to them would be in the vicinity of \$300.

WOOD STOLEN
Another bit of petty thievery took place on Sunday evening when half a cord of wood was stolen from Alphonse Melanson, First Avenue. Mr. Melanson had just piled up four cords of wood on the roadside of a vacant lot just opposite his house. Whoever stole it must have taken it away by auto or wagon.

CLAIMS ADOPTED SON SQUANDERED HER MONEY

Woman of 72 Asks Right to Change Her Mind

Alleges Nearly \$20,000 Expended on "Wine and Women"

Claiming that George F. Wheeler, 24, was not the temperate young man he posed to be when she adopted him two years ago, but instead was addicted to the use of intoxicating liquors and spent money lavishly in speakeasies, Mrs. Antoinette Wheeler, 72-year-old Cambridge, Mass., widow, appeared before Judge Arthur E. Beane in Middlesex Probate Court last week and sought to have the adoption decree revoked.

Attorney John A. Daly, counsel for Mrs. Wheeler who lives at 16A Bellevue avenue, Cambridge, charged that since his adoption on February 24, 1931, young Wheeler has spent nearly \$20,000 of the widow's money, a considerable part of it being expended on "wine and women."

Revocation of the adoption decree was sought on the grounds that young Wheeler had been a drunkard, formerly of Cambridge, (and formerly of Digby) had practiced fraud and deceit on Mrs. Wheeler, and was a temperate man of conservative habits at the time of the adoption. Judge Beane took the matter under advisement.

Telling of different sums of money which she had turned over to young Wheeler since his adoption, Mrs. Wheeler said that on one occasion she gave him \$100, which was a legal suit. The case has never been settled, she testified.

On another occasion she said Wheeler told her that if she would give him \$100, which was a legal suit. The case has never been settled, she testified.

Obituary

Miss Bertha Potter

The death of Miss Bertha Potter, age 87, occurred at the Digby General Hospital on Tuesday morning, as the result of blood poisoning. About two weeks ago Miss Potter, who is a well known resident of Plympton, while sewing, in some way forced a needle through her thumb, wounding her finger. As a result infection set in. She was admitted to the Digby General Hospital Monday evening, where she passed away on Tuesday morning. Miss Potter is survived by her aged mother, Mrs. Joshua Potter, of Plympton; three sisters, Mrs. H. W. B. Warner, of Barton; Mrs. Burrill, of Bridgetown, and another residing in the United States. The funeral took place from her late home in Plympton on Thursday.

Gordon Sutherland

The funeral of Gordon Sutherland, 19, whose death occurred at the Nova Scotia Sanatorium, Kentville, took place Wednesday afternoon from Keen's Mortuary Chapel, First Avenue, Rev. Mr. Forsythe, of the Sandy Cove United Church, officiating in the absence of Rev. E. W. Forbes. The deceased had been a patient in the Sanatorium for more than a year, and was for some time messenger with the Canadian Pacific Telegraph Office here. He is survived by his father, Robert Sutherland, of Torbay, his grandparents, Mr. and Mrs. W. E. VanBlarcom, who moved to Bridgetown about a week ago; and one brother, William, who resides with his grandparents. Interment was made in Fernhill (United Church) cemetery.

Barbara Irene Franklin

The death of Barbara Irene Franklin, 6 months' old daughter of Mr. and Mrs. Vernon Franklin, occurred on Friday of last week. Interment was made in Woodlawn cemetery, on Sunday. Mrs. George Dymont and son, Earle, of Somerville, Mass., mother and brother of Mrs. Franklin, were in Digby for the funeral.

HOSPITAL NOTES

The Digby General Hospital has been the recipient during the past week, of many generous donations, which they acknowledge with thanks. They are as follows:

From Weymouth (Centre)—jam and jelly.

From the Anglican Church, Weymouth—fruit and vegetables from their Harvest Festival.

From the Sea Breeze Hotel, Deep Brook—pickles and vegetables.

From the Bear River Exhibition—large assortment of fruits and vegetables.

It is hoped that there may also be Harvest donations from Digby and vicinity.

Gordon Potter, who has been spending the summer with his parents, Mr. and Mrs. Joseph Potter, of Plympton, left on Monday for Montreal, where he will take an extension course at McGill University. For several years Mr. Potter has been in the staff of the Sydney High School.

visited Mrs. Wheeler against unnecessary expenditures. On one occasion, he said, she was going to purchase a \$5000 automobile, but he advised her that one costing \$1000 would do just as well and she bought the cheaper car.

Mrs. Wheeler is the widow of John W. Wheeler, who was a retired Washington, D. C., newspaper man whom she married in 1925. He died several years ago. Before then Mrs. Wheeler had been married twice. Her first and second husbands are also dead.

For many years Mrs. Wheeler held a responsible position with a Boston insurance company.

HOPE FOR EXTENSION OF THE LOBSTER SEASON

Digby Neck fishermen are in hopes of another six weeks' extension to the lobster fishing season this fall, with a nine-inch size limit. They hope that the six weeks' extension will be featured every fall, and that the nine-inch law will be put in force for all seasons.

"Until the nine-inch law is passed in this section of the province, the lobster fisheries seem to look for a come-back," said one Digby Neck fisherman in conversation with the Courier, Wednesday.

He attributes the practice of the smaller lobsters being taken to the catching of small "snappers" lobsters is responsible for many of the lobster fishermen's ills, to almost everything from the scarcity of lobsters to low prices.

"By catching the 'snappers' he says, 'the lobsters are not given an opportunity to grow or to reproduce themselves, and as a result, export lobsters are getting scarcer, and will continue to become scarcer. On the other hand, a great many of the smaller lobsters are sold to the canneries at low prices. At the canneries they are put up as canned lobsters and as lobster meat—the lobster meat finding its way to the American markets as Chilled Lobster, and selling at fancy prices; but the fisherman however, only gets the low price paid by the canneries for 'snappers'."

The management of the Winchester Hotel, one of Digby's best known "year round" hostels, has been taken over by Mr. and Mrs. Fred Harvey. Mrs. L. Y. Winchester and family leave today for Fredericton, where Mrs. Winchester will conduct a refined boarding house. Mrs. Winchester, who has been associated with the Winchester Hotel for many years will be greatly missed, and wishes to take this opportunity of thanking the people of the town and the travelling public for the many kindnesses rendered her during her years of residence here.

Rev. A. J. Prosser, occupied the pulpit of the Baptist Churches at Digby and Hill Grove on Sunday last. During the evening, Henry F. Merrill, teacher of the Bible Class, Portland, Me., was one of the congregation and was invited to the pulpit by Mr. Prosser.

FOUNDER OF BIRD HAVEN ADDRESSES DIGBY KIWANIANS

John W. Piggett Gives Interesting History of His Bird Sanctuary

"In a comparatively few years there will be hundreds and perhaps thousands of wild geese wintering in the vicinity of Bridgetown," said John W. Piggett of the Bird Sanctuary, that town in his talk to the Digby Kiwanis Club at their weekly luncheon on Monday evening. Mr. Piggett stated that already this season twenty-five wild geese had arrived to take their winter quarters at his sanctuary. Last year they had seven to spend the winter. The sanctuary is making a wonderful progress—it was four years, he said, before the first geese came to stop at the Jack Miner Sanctuary for the winter.

He spoke briefly on what had already been done, and told of what they intended to do in the future. Just as soon as he derived through the conservation of bird life in the province, of how birds destroyed millions of insects annually. He made reference to the fact that he had introduced Hungarian Partridge in this section of the province, and stated that they were increasing in large numbers, particularly within Annapolis County.

In speaking of the menace to bird life, he referred to the English Sparrow, the starling, the crow, the common red squirrel and the house cat "gone wild."

ONE SINGLE DAY

Who are the men who grudge the dead
One day a year — and would offer instead
Only two minutes? O. who are they
That we should listen to what they say?

Did they pray for peace with their red life's blood?
Did they march and crawl through Flanders mud?
Did they leave their homeland—all life held dear—
When the call of their country's need rang clear?

What part did they play in those years of war
That their hearts could heal without a scar?
Had they no father, no brother, no son
Who did not return when the war was done?

If they did not go, what did they give
In heart-breaking sacrifice, that we might live
An honorable Nation under the sun?
We're a right to know what they have done.

To buy the Armistice, and bring us peace,
What effort of theirs helped the war to cease?
For there's many a home in our country yet
With its vacant chair—where they don't forget.

There are hundreds still in our land today
Whose hearts lie buried in graves far away;
Brave women who waited—waited in vain,
And paid for peace with untellable pain.

Go to the hospitals, ye who forget,
To look on the men who are paying yet!
Go look on crosses that stretch row on row!
O, stand there in tears, where the poppies grow.

Above the fair flower of a nation's strength,
Was it for self that they went to this length?
Was it for self or material gain
That they bore with the horror, wounds and pain?

Yet it is for self, if we fail to pay
Our debt to their memory with Just One Day.
And it is for self, if we stand aside
While they steal their day from our brave who died.

O, ungrateful the men who grudge the dead
One day a year—and would offer instead
Only two minutes. Ungrateful are we
If one Remembrance Day is not left free.

From our selfish toil, and our selfish gain,
Then learned we the lessons of war in vain.
And it may be if we so soon forget
That another lesson awaits us yet.

Autumn Gale Does Great Damage
Last Saturday's storm, one of the worst autumn gales in several years, played havoc with the Annapolis Valley apple crops. It is estimated that between 50 and 75 per cent. of the apples were destroyed, causing a loss of upwards of one million dollars to apple growers in the Valley.

In this district the storm also did considerable minor damage. Telephone and electric power services were interrupted for some time by trees falling across the wires. Four fishing boats at Westport were driven ashore, one owned by Edwin Ellis becoming a total loss, while those owned by St. C. Payson and Clarence Titus were badly damaged. Another owned by Austin Garrison was driven ashore, but not damaged to any extent.

A large portion of the beautiful vine which covers the Bank of Nova Scotia building on Water Street was so badly damaged that it had to be taken down.

WISE AND OTHERWISE

Life is a long lesson in humanity. Never ascribe to your opponent motives meaner than your own. Life is like a cup of tea—the more heartily we drink the sooner we reach the dregs.

It is not true that a woman was made from a man's rib—she was really made from his funny bone.

Some men are so steady they hardly move.

A man has to be hard up before he can realize how close some of his friends are.

BIG STORMS OF OTHER YEARS

Did Not Do as Much Damage to Valley as Recent Gale—Saxby Storm, of 1869, was Worst

Since the "Saxby" storm of Oct. 4th, 1869, that broke down and overflooded the dykelands in this region, the Annapolis Valley has experienced numerous storms that have left destruction in their wake.

Many of the older residents still recall the force of the wind and the accompanying high tide on that memorable night when the three thousand acres of the Grand Pre dyke were flooded and scores of cattle and horses perished on them. The loss sustained by the farmers was great and it was three years before the devastated area was reclaimed and brought back to condition for cropping. Shipping suffered severely and along the shores of Minas Basin in places and bars were thrown up by the force of the gale.

The Windsor and Annapolis Railway, which had just been opened for traffic, had its roadbed badly washed out in places and it was some weeks before the service could be resumed.

In recent years the storm of rain and wind that occurred in August of 1927 will long be remembered. Damage to the apple crop was not nearly as heavy as in the storm of Saturday week, but the roof and field crops were in some places almost ruined. Train service was interrupted for two or three days on account of washouts, while highways were flooded and rendered impassable. Bridges were washed away and hay crops on the lowlands swept out to sea. In some cases cattle pastured on the dykelands were drowned. It was not for a week or more that telegraph and telephone service was resumed and communication with the outside world was restored.

Early in October, 1923, there occurred a destructive windstorm that was accompanied by heavy rain. The apple crop suffered severely but as a large portion of it had been gathered the loss was much smaller than that of the present year. Great damage was done in washouts on the roads and bridges that were carried away.

"We were still wearing bustles!"...

"said this charming lady," when I first used Surprise Soap."

"I can remember that quite distinctly because we had moved from the country into town, and that Spring mother bought me a wonderful new dress complete with a stunning little bonnet and muffs to match."

"In the country, in my young days, we had always made our own soap, but once we came into the city my mother tried Surprise and after that she never boiled soap any more."

"She found Surprise much more effective and just as economical, and throughout the intervening years she continued to use it."

"From time to time she tried other soaps, of course, but always came back to Surprise. She found it gave clothes a better colour and lasted longer than other soaps."

"I use it in my own home to this very day and I find it excellent not only for washday but for cleaning paint work too. And Surprise is wonderful in the dish pan and for a hundred odd jobs around the home."

"Quality first" was the policy adopted by the makers of Surprise Soap. It has been made in St. Stephen, N.B., for over thirty years. The policy has never been altered and the quality has improved with advancing knowledge, keeping pace with modern requirements.

Youthful Strength

Dr. Magnus Hirschfeld, the world-known authority on Sexology and Director of the Institute for Sexual Science of Berlin, Germany, created

TITUS-PEARLS

to help the millions of men and women who have lost or are losing their vital physical power. In his 35 years of practice and research, however, he realized that the weakening of man's glands was also responsible for other troubles: High blood pressure, hardening of the arteries, physical exhaustion after work or exercise, dizziness, depression, neurasthenia, etc.

All these troubles can be removed with Titus-Pearls. Numerous cases were treated by Dr. Hirschfeld in his Berlin Institute. L. S. (State Official; 60 years old, married) complained of physical exhaustion, dizziness and tremors. Was easily tired. Mental powers dull and slow moving. Physical powers had been incomplete for previous 5 years. Blood pressure too high. Given 2 Titus-Pearls 3 times a day. 2 weeks later the medical report on this man was—General health better, more vigor; dizziness much less and returning of power. Treatment continued and 2 weeks later L. S. reported again, this time to say that all weariness and exhaustion had gone; he felt fresh and buoyant. His blood pressure had fallen, and at 60 years of age he had regained the physical power and vitality that he had known in the prime of his life.

Start regaining your youthful vigor now! To-day! In 2 weeks' time you will be aware of the new, virile force within you. Send \$5.00 (cash registered or money-order) for 2 weeks' treatment. Write for booklet. C. O. D. Orders accepted.

SCHOOL FAIR HELD

The four schools, Granville Beach, Lower Granville, Karsdale and Port Wade, held their annual school fair on Friday last. This proved to be the largest fair yet, in number of exhibits, while the quality of those shown was particularly commented on by the judges. The school work and domestic sections particularly showed marked improvement over other years. School parade showed much greater training and attention to detail than in other years, and brought forth spectators as to the way in which the teachers paraded and handled their groups of children. First place in this parade went to Port Wade, 2nd to Lower Granville, 3rd to Karsdale, and 4th to Granville Beach.

With the conclusion of the parade all spectators moved inside the exhibition hall, where the school competitions in group singing was carried on. Port Wade also came 1st in this, Karsdale 2nd, Granville Beach 3rd, and Lower Granville 4th.

DELIGHTFUL BIRTHDAY PARTY

The summer social season on "the hill", Brighton, closed on September 17th, with the annual birthday party to Henry Adams and little Mary Elizabeth Krausnick. Mr. Adams was 61, and little Miss Mary was 8. The centre of festivities was the great birthday cake with 8 candles, plus 1 for the little maid to grow up, or 80 and 1 for the venerable gentleman, if one counted by tens. The cake was flanked by a series of satellite cakes of lesser bulk but equal quality. Lighted candles and beautiful flowers made the scene even more gay as the old gentleman and little girl entered the dining room hand in hand, to be greeted by a chorus of "Happy Birthday to You," sung by the relatives and neighbors assembled to do them honor.

The guests ranged from laughing youth at the lower end of the table, where Miss Mary proceeded with her friend, Miss Myrna Georgia Adams, at her right, through seated middle age, to the worthy climax—Mr. Adams—with his white hair and benign countenance smiling down on all at the board.

REFLECTIONS (COOL)

When my friends said, "Let's go swimming," I was pleased—I love to swim; Being one of "them there wimmin" Liking facts and "fingers" trim.

So, I plunged into the ocean—Brother, brother, was it cold! Melted icebergs in commotion O'er my helpless body rolled.

When I got my limbs and breath back From old Fundy's chilling mold, Watching friends funder me this crack: "Do you find the water cold?"

Lovely Nova Scotia waters You're as fair a maid could wish; But for swimming—Stars and Garters! I'll leave swimming to the fish.

LOCAL BOXER AT BEAR RIVER EXHIBITION

At the boxing bouts held at the Bear River exhibition on Tuesday last week, O'Brien, of Clementsport, defeated Wesley, of Bear River; David, of Middleton, defeated B. Marshall, of Bear River, and Wood, of Perotte, defeated Sweeney, of Middleton.

The main bout, scheduled for six rounds, between Hector Barr, of Weymouth, and Earl MacLeod, of Kentville, was one of the best amateur bouts ever seen in these parts. Barr won on a technical knockout in the 5th round. MacLeod, who was a good sport and fine class fighter, was down for the count of nine three times, once in the third, fourth and fifth rounds, and not able to come out for the sixth. Barr received a fine silver cup, which can be seen at the Weymouth Boxing Club, at Len's Place, where it is now on display. This makes a cup each for the "Fighting Barrs, of Weymouth"—Hector, Arnold and Earl.

REMINISCENCES BY A FORMER WEYMOUTH MAN

When buying your garden and flower seeds think of this—California leads in the production of vegetable and flower seeds. Twenty thousand acres are now devoted exclusively to the business and the state not only grows more seeds than enough for its own vast needs but ships hundreds of tons annually to other sections of the country and to almost every part of the world.

One nationally known firm controls 6,000 acres of seed-growing land. Each year it grows, mills and markets about 2,200 tons of seed. Its vegetable seed output comprises 1,000 tons of garden peas, 150 tons of lettuce, beets and carrots; 125 tons of onions, and a smaller tonnage of parsnips, celery and other varieties. Its list of flower seeds includes 125 tons alone of sweet peas, plus additional tons of stocks, nasturtiums, snapdragons, larkspur, zinnia, asters, columbine and pansies.

While most of this seed is sold in California, a considerable amount is marketed in Canada. South America, Europe, South Africa, Australia, New Zealand and the Orient.

We have a British ship-of-war in the harbor this week. H. M. S. Delhi, with Rear Admiral, the Hon. R. A. R. Plunkett, well-known Commander-in-Chief of the American and West Indies Station on board. The Delhi is 475 feet in length and has a crew of 400 men who will no doubt enjoy their stay in San Francisco.

Well, Maine has fine Democratic and Mr. W. R. Hearst is claiming a similar upset in California. The line-up for the Senatorial race here in November, is as follows: Republican, Mr. Tallant. There's a name for you—wringing wet—if he wins he says that he will do his darndest to not only glorify the word Tub(b), but bring into use again such words as keg, demijohn, mug and schooner and let loose floods of the liquid that go to "fill 'em up again." On the Democratic ticket we have the former "crown prince" of the Wilson Dynasty, none other than Mr. William Gibbs McAdoo, an ardent dry up to July 1932, when he skidded on a very wet plank at the Democratic Convention and turned a complete somersault. On the Prohibition ticket there is Rev. Robt. P. Shuler, "Fighting Bob," pastor of Trinity Methodist Church of Los Angeles, born in the mountains of Northern Tennessee, where the boys go barefoot until they are 18 and do not wear socks until they are 21—(Shuler says so himself). In the August primary election Shuler surprised the state and Mr. Hearst by leading all other candidates in the total number of votes cast, but as they were split between Republicans, Democrats and Prohibitionists, he was only able to qualify as a prohibition candidate for the November finals. Shuler seems to have the other boys somewhat worried for he has many friends in Southern California. Where the votes are most numerous, he is also liked by the dry

element throughout the entire state. For the last twelve years he has been fighting for civic righteousness in Los Angeles city and county and making the life of corrupt politicians and office holders so very uncomfortable that the powers that be arranged to have his radio station closed, and had him sued libel and thrown in jail for a few days for contempt of court, all of which has made Shuler more popular than ever.

Word comes from Hollywood that Conrad Nagel has been cast for the part of a surgeon in a coming movie and his friends are wondering whether it is a plot on the part of the directors to put him in a "tough spot" for besides being a lovable gentleman and a most excellent actor, Mr. Nagel is one of the shining lights in the Christian Science Church in Los Angeles.

Ronald Colman, the film star, seems to place a fairly conservative valuation on his reputation. He has filed suit asking damages in the amount of \$2,000,000 of Samuel Goldwyn Inc. asserting that Goldwyn caused certain statements to be published which were defamatory to Colman's character. It is alleged that Goldwyn said "Colman believes that by getting slightly more than drunk he plays love scenes—well—more in love." Goldwyn offered to apologize but Colman declined to accept, but what is mere apology compared with \$2,000,000 in these hard times—Colman's contract with Goldwyn has two and one half years yet to run, so maybe it is part of a scheme to break the contract, may be just a little press agent stuff.

Schools are open again and the "paper drive" is on. Twice a year the children of the Elementary Schools are asked to bring in all of the old newspapers and magazines that can be spared from their homes. These papers are sold to junk dealers or paper mills and roofing manufacturers who work them up into various products. The price runs from \$5 to \$8 per ton for the papers and the money thus obtained is put into the "teachers' fund" and used as required for purchase of milk, clothing, etc., for poor children who are in need of such things. California has

Henry Merrill, teacher of the 13 Class, St. Lawrence Church, Portland, Me., and who is touring Nova Scotia, called on radio friends in this locality Monday morning.

Mrs. Edward Winchester is visiting Mrs. Walter Outhouse for a few days.

Jean Weir, of Digby, spent the week-end with her grandparents, Mr. and Mrs. G. R. Weir.

Mrs. Gilroy left for Winnipeg last week, after spending the summer at Mrs. Rose's, "The Cottage".

Mr. and Mrs. E. B. Weir returned last week from their camping trip. After spending some time at Lake Umbagog, they returned to Digby to attend the Exhibition, then on to Halifax and Wolfville. The last few days were spent at Berwick with Mrs. Weir's sister, Mrs. Chester Beals and Mr. Weir.

Professor William MacGregor, who spent the summer at his cottage here, left last week for his home in Boston, going by auto, via Saint John. He was accompanied by his niece, Miss Greta MacGregor. Word has just been received that they had a serious accident while returning home, and were both injured. Miss Greta was badly cut, but Prof. MacGregor sustained injuries of a more serious nature.

IN MEMORIAM—In loving memory of our dear husband and father, Edmund T. Trask, who passed away October 1st, 1931.

We called him "Dad" and in his kindly way he filled a father's place in every heart.

He walked the path of service through each day.

He never spared himself through passing years.

No selfish thought his busy life could mar.

We mourn him with a grief too deep for tears.

Within our hearts there gleams his service star.

The Master called him Home. We said good-bye to "Dad," who found sweet peace at Journey's End.

And we who breathe his name in loving sigh.

Know on that day we lost a loyal friend.

Ever remembered by his wife and family. Boston, Mass., October 1st, 1932.

CLARE PEOPLE STAGE ANNUAL EXHIBITION

LITTLE BROOK, Sept. 23—Although the weather was not very favorable a large number of people from all over the District of Clare attended the first day of the annual exhibition.

In general the exhibits, as to quality, were better than those of former years, especially the fruit which was really surprising if one considers that Clare is not a fruit producing country. There was a wonderful showing of vegetables, turnips, sugar beets, and cabbages predominant and all of splendid quality. Live stock exhibits were better also this year.

The entries in the Arts department were exceptionally good with some water color crayon paintings by Rev. Father Herbert, of St. Anne's College; exceptionally good oil and pencil paintings by Pius LeBlanc and Emile Michaud of Comeauville and Grosses Coues respectively.

As usual the entries in the Home Industries were very numerous, handy work, tapestry, crochet, home-made wool and cotton homespun, laces and embroidery were of the finest quality. Also to the housewives' credit a very substantial exhibit of pies, cakes and preserves.

The District Agricultural Exhibition, LeBlanc, had a very interesting exhibit with his Junior Farmers' Club all classes of exhibits being of a fine quality; in the turnip seed contest the judging was made by school boys of Comeauville.

The Calf Club had 20 entries. Jacqueline Geddy and Corinne Comeau gained the first prize ex quo, a free transportation and expenses to the Provincial Exhibition.

In the Poultry Club and Judging contest the prize to the Provincial Exhibition was won by Laura Robinson.

Cannot Care for Late Applicants

The Provincial Normal college at Truro re-opened this week. Since the number of students already enrolled is well over 300 it will be impossible to find room for those who have not been accepted to date, authorities state. The buildings are not equipped to accommodate even the present number and the observation and teaching practice in the public schools, which is the students' real laboratory experience, could not be carried out effectively if the size of classes were increased, they declare.

Late applicants need not consider it necessarily a hardship that they cannot be enrolled, for their chances of securing a school next year would be very poor. It is said. There are at present two or three hundred licensed teachers in the Province unemployed and the graduates from the Normal college and universities will swell this number greatly in June, it is expected.

Among those present were Freda Outhouse, Eva Blackford, Mildred Outhouse, Utah Outhouse, Bas Outhouse, Margaret Cossaboom, Louise Elliott, Rosena Elliott, Elburse Cliff, Roy Leeman, Bradford Young, Lindsay Outhouse, Keith Outhouse, Ellsworth Outhouse, Chester Outhouse and Otis Outhouse.

7,000 POUNDS OF DITMARS' TURNIP SEED GROWN

The only certified turnip seed in Canada is grown in the vicinity of Deep Brook, Annapolis County. This year twenty-five farmers in this zone have raised more than 7,000 pounds of seed under contract for R. V. Ditmars & Son. Last year's production was approximately one ton.

The zone is the first in Nova Scotia to be established for the growing of turnip seed, and includes all of Annapolis County west of the town of Annapolis Royal to the Digby County border. The turnip is known as the Ditmars' Bronze Top.

The Nova Scotia Department of Agriculture has taken great interest in the development of this industry, and motion pictures have been made showing it in its various stages, from the sowing of the seeds, through the packing of the seeds, These pictures will be shown continuously in the Department's booth during the Provincial Exhibition at Halifax, and later will be shown throughout the province.
