This project was made possible with assistance from the Nova Scotia Department of Tourism, Culture and Heritage through its Strategic Development Initiative. This initiative supports projects aimed at enhancing the self-sufficiency of the heritage sector throughout the province.

The Municipality of the District of Digby is the lead organization to spearhead this project. The Digital Courier is part of the municipal initiative to preserve the past and develop the future; Council is honoured to be part of the preservation of these significant historical documents.

## CLEVER STUDENT

Among the 304 students graduated from the Provincial Normal School a short time ago was an Indian girl, Miss Elsie Charles, of Hectanooga, Digby Co. Miss Charles holds the distinction of being the only Indian girl ever to graduate from the Provincial Normal College, at least, as far as can be remembered by members of the faculty. The faculty were complimentary in their stating that she was a very apt student, and constant in her studies. Miss Charles was rated as one of the leading students of the institution, and held her place well among the other students. She graduated as a "B" first rank teacher, and was considerably above the average student at college. Previous to her attendance at Normal College Miss Charles was a student at Sacred Heart Academy, Metcogan, for several years, from which she graduated with high honors.

Mrs. (Dr.) E. A. Fergusson, of Weymouth, returned on Saturday from a trip to Toronto.

Mrs. W. A. Hanson accompanied by Mrs. Allen Stara, Mrs. L. Dunn, Mrs. Jack Keen and Mrs. Robert Marshall motored to Bridgetown Thursday, June 24th, to attend the annual District Meeting of the Rebekah Lodge.

## Local and General

### Thanks!

The last two items in the village notes added to the Deep Brook column last week, were sent in by a friend, other than the correspondent.

### I. O. O. F.

The district lodge of Oddfellows for District No. 10, Digby and Annapolis Counties, (except the "Islands"), met in Annapolis Royal last Friday evening, the District Deputy Grand Master, J. J. Wallis, presiding. All the lodges were represented except two—Guiding Star and Sunbeam. Among the visitors were: the Grand Secretary, E. H. Munro, and Past Grand Master, Chas. L. Wood. The reports were encouraging, and showed progress. The one not reporting was Guiding Star, of Granville Ferry, which is inoperative and has been for some time.

Harold Nason, of the Valley Lodge, Lawrencetown, was recommended as the next District Deputy Grand Master, provided he qualifies at the coming session of Grand Lodge.

Interesting addresses were given by the visitors and after adjournment the ladies of the Rebekah Lodge provided a splendid banquet.

### Hospital Benefit Dance

Hospital Benefit Dance, Harbor View, Tuesday, July 6th. Tickets 50 cents.

The district meeting of the Rebekah Lodges was held at Bridgetown on Thursday evening of last week with a good attendance. A number from Digby went up in the evening.

### New Turbans

Smart new Turbans, showing at the Hat Shoppe—Gertrude Oliver.

Last Sunday evening was Masonic night in Grace United Church. Three lodges were supposed to be in attendance but only two were represented—Digby and Annapolis Royal—but the attendance was good. For some reason unknown Bear River was not represented. The church was fairly well filled and the pastor, Rev. Dr. Hodgson, Past Grand Chaplain, gave a special address on "What is Freemasonry?"

### YACHT RACE

According to latest details with regard to the Saint John to Digby Yacht Race, to take place to-morrow, two yachts will participate in this race across the Bay of Fundy. The racing yachts will be accompanied by at least four others and two power cruisers.

The participating yachts are the "Canada", owned by Capt. Fred Haines, and the "Zesus", owned by F. L. Barnes, both of Saint John. It is understood that last winter an argument over the merits of the two craft was entered into, and it was decided to "race it out" on July 3, weather permitting. Names of other yachts and yachtsmen have not been made known here.

The yachts will leave Reed's Point, Saint John, at sharp 8 o'clock, daylight time, to-morrow morning. At Digby they will be met by a flag boat stationed off the end of the pier, and the finishing line will be between the boat and the pier.

Judges for the event have been named as Horace Holder, Saint John, and Fritz Dakin, Digby. F. J. Coombs, Saint John, is commodore of the fleet.

It is hoped here the race will become an annual event. A cup has been purchased by the Digby Board of Trade to be awarded to the winner, and the executive of the Board of Trade named custodians of the cup, which will be put up for annual competition, any sailing yacht in the Maritimes eligible to compete for the same.

### BAND CONCERT

The first in the series of summer concerts sponsored by the Town of Digby, was played at the Pavilion last night, by the Digby Civic Band, Paul Yates, Conductor. This excellent band has made fine progress during the past winter, with two rehearsals a week, and much is expected of them in these concerts. About half of the splendid programme was offered for the first time.

"O Canada".  
Happy Days are Here Again.  
Overture, "Urbana"—Chas. J. Roberts.  
"March of Time" (Five in One)—arr. J. J. Richards.  
"Largo" from "Xerxes"—Handel.  
"Tosca Mio"—(Mr. Sweetheart).  
Waltz—Beethoven.  
"The Stars and Stripes Forever".  
March— Sousa.  
"Top o' the Mornin'". Irish Medley.—arr. Hildreth.  
"The Golden Nightingale". Waltz 1841.—E. C. Boer.  
"The U. S. Field Artillery". March—Sousa.  
"Nightfall". A Serenade.—K. L. King.  
"Moonlight in Dixie". Negro Themes.—F. W. Clement.  
"Sons of the Desert". March.—J. DeF. Cline.  
"God Save the King".

Prominent citizens, fourteen in number, with fine public spirit, have backed the Music Council in the purchase of a full set of new uniforms, made in the latest style and very natty in appearance. They were shipped last week by the makers and the boys made their first appearance last night in the new outfit.

## OIL OF LEMON POISONING SAID CAUSE OF DEATH

"That the death of Mrs. Rose Muise was the result of oil of lemon poisoning caused by drinking an excessive amount of lemon extract" was the verdict returned by the coroner's jury empaneled to conduct an investigation of the death of the Bear River Indian mother, who passed away at the Digby General Hospital on the afternoon of June 10. The above verdict, returned Saturday night was arrived at after two adjournments.

The inquest was opened by coroner Dr. L. J. Lovett, of Bear River, on the evening of June 10, when several witnesses were examined, including Dr. A. B. Campbell, who told the history of Mrs. Muise's case which led to her admission to the hospital, and of her death; Leslie Lent, canvasser, who told of selling extracts on the reservation; Willie Muise, husband of the deceased, who told of drinking extracts with his wife and John McEwan, as well as others, and the inquest adjourned until the night of June 18, when it was hoped to hear the evidence of John McEwan, then a patient at the hospital, and to receive the report of the provincial pathologist, to whom the contents of the woman's stomach had been forwarded.

McEwan, at first thought to be making recovery, took a turn for the worse, and passed away on the morning of the 18th, and instead of taking his evidence that night, another inquiry was opened to determine the cause of his death, and later adjourned until the night of July 2. The report of the pathologist had not been received, and the Muise inquest was further adjourned.

The jury's verdict on Saturday night was based on the report of Dr. Smith, provincial pathologist, who, in his report stated the woman had consumed approximately 12 ounces of the extract, which would contain about 20 times a medicinal dose of oil of lemon. The report also stated the extracts, both lemon and vanilla, were non-alcoholic, and that the vanilla was harmless. Oil of lemon poisoning was given as the cause of death, however, the lemon extract was declared safe for the purpose intended, namely, for flavoring purposes.

## ANNIVERSARY SERVICE

The annual anniversary service of the United Church of Clementsport was held on Sunday afternoon last. It was also the occasion of the farewell of Rev. J. T. MacLennan, who has been the pastor for the past six years, and who spoke feelingly of the kindly relations which had existed between the members of his family and the church since he had come among them. The congregation was led in prayer by Rev. A. J. Prosser, of Annapolis Royal. The guest singers were the Junior Choir of Grace United Church, Digby, under the leadership of Miss Eleanor Wallis, who rendered several anthems and led the congregational singing.

## LOWER SCHOOL GRADUATION EXERCISES

The Lower School graduation exercises were held in the Bijou Theatre, on Wednesday afternoon, and were opened by all singing "O Canada", after which chairman P. W. Holdsworth, gave a brief opening address, and presented the graduating certificates to Grade VIII, with congratulations. Rev. Ernest M. Caldwell was introduced and gave a very pleasing address, in which he stated three things for the children to do during the summer holidays, or (wholesome days).

(1)—To have clean wholesome fun.

(2)—To make good friends.

(3)—To make good habits.

Mr. Caldwell illustrated on a board how habits were formed. Mr. Boden, whom no graduation would be complete without, presented an honor prize to Robert Weir, a High School pupil, who excels in drawing, and sketching. Robert has done some beautiful work in this line, and Mr. Boden rewarded him by presenting him with a book, "Modern Art".

Principal Purdy gave his annual report in which he stated there were 63 High School pupils, and 329 Lower School pupils this year, making an increase of 27 pupils over last year. His report will be seen in full on another page.

Mayor Denton presented the prizes to the pupils and gave a short address of congratulation.

The exercises closed by the singing of the National Anthem. After the exercises, Mr. Walker gave a Mickey Mouse reel for the pupils, who seemed from all evidence, to thoroughly enjoy it.

## TELEPHONE BRIDGE

A Telephone Bridge was held last week under the sponsorship of Mrs. G. M. Morrell, from which the sum of \$22.25 was realized for the benefit of the Hospital Aid Society.

The committee wishes to thank all who assisted in any way, particularly those who entertained, Mrs. H. L. Smith having been a tea hostess, Mrs. DuVernet, Mrs. Rowley, Mrs. Ted Dakin assisted by Mrs. Seymour Denton, and Mrs. G. V. Turnbull having been Bridge hostesses, and Capt. Borrell having entertained at a stag party.

Prizes were donated by Mrs. W. R. Dickie, Mrs. F. W. Hayden, Mrs. H. M. Warner and Mrs. Morrell.

The prize winners were as follows:—

## THE NEED OF CROSSINGS

A reader of the Courier sends  
in the following, which we feel  
is quite timely and, as we un-  
derstand, the white markings  
on the front street are to be  
continued on Sunday, why not  
have two or three crossings dis-  
tinctly marked?

Why are there no crossings on  
Water Street, properly placed  
and distinctly marked, so that  
we can safely cross on busy  
nights when cars are packed  
along the sidewalks, and other  
cars scot through the narrow  
lane at 30 miles or more? Cars  
own the street. There is no  
crossing between the Theatre  
and the railroad track. Pedes-  
trians must squeeze through  
between greasy truck wheels  
and dusty mud-guards, and then  
watch their chance to zigzag  
over to some opening, that may  
or may not be in sight, on the  
opposite side. Two safe cross-  
ings, 6 or 8 feet wide, could be  
easily marked out, without cost  
or loss to anybody. The man, and  
particularly the woman, afraid  
would appreciate the comfort  
of a safe crossing. As present it  
is inconvenient, unsafe, and  
sometimes impossible to get  
across. It will be worse than  
ever this summer with more  
cars in use. We are not living  
in the age of the ox-team and  
the wagon now—why not mod-  
ernize in this practical way?

GIPSY CARAVAN HAS  
MODERN COUNTERPART

More than twenty firms in  
Canada have turned their at-  
tention to the manufacture of  
automobile trailers and the pro-  
duction of these houses on  
wheels on the North American  
continent for the year 1937. It  
is expected to reach a total of  
200,000, says a writer in the  
June issue of C-L-L Oval. The  
cost of a trailer may run any-  
where from \$500 to \$5,000 or  
more, according to the require-  
ments of the buyer as to inter-  
ior fittings. The most modest  
trailer, however, supplies all the  
comforts of home on a mini-  
ature scale. Beds at front and  
rear are of Pullman type that  
disappear when not in use or  
form a seat by day, the dining  
alcove table may be dropped  
and there is usually room for  
an oilstove, refrigerator, radio  
and electric light installations.  
The exterior coverings of nearly  
all trailers are either weather  
resistant Duco automobile finish  
or rubber coated fabric in one  
or more color tones.

QUEBEC HAS ALL  
CANADIAN ZOO

A thousand wild creatures,  
representing 96 Canadian spec-  
ies and forming one of the most  
interesting zoological collections,  
have been gathered together in  
the new and picturesque Quebec  
Zoological Gardens, at historic  
Charlevoix, some seven miles  
from the provincial capital.  
One or more of almost every  
animal, bird or fish in Canada  
can be seen here, says a writer  
in the June issue of C-L-L Oval  
—from polar bears to porcu-  
pines, pelicans to cormorants,  
salmon to snakes. One of the  
greatest difficulties experienced  
by the director and his staff  
was in the proper feeding of  
mountain sheep and moose  
whose food requirements differ-  
ed with the seasons. Finally a  
diet of marsh hay, a mixture of  
grains and alfalfa, and phos-  
phated salt to prevent rickets  
and bone sickness was arrived  
at. The Quebec Zoo occupies at  
the present time 75 acres, and  
is the property of the provin-  
ce.

King ColeA HEALTH SERVICE OF  
THE CANADIAN MEDICAL  
ASSOCIATION AND LIFE  
INSURANCE COMPANIES  
IN CANADACONQUEST OF TYPHOID  
FEVER

Typhoid fever is a prevent-  
able disease. Its history in this  
and other countries shows that  
it can be stamped out. As typh-  
oid fever is an expensive dis-  
ease, its average duration being  
eight weeks, the elimination of  
typhoid would be a great econ-  
omic saving.

How can the disease be pre-  
vented?

1. By the use of pure water,  
pasteurized milk from well-  
managed dairies and the use of  
clean food.
2. By vaccination of yourself  
and the members of your family  
against typhoid.
3. By having all cases re-  
ported at once to the health au-  
thorities so that necessary steps  
against the infection of others  
may be taken.
4. By the immediate disin-  
fection and removal of the dis-  
charges of persons ill of typhoid  
and their disposal in such a way  
that they cannot infect food or  
water.
5. By keeping flies away from  
food.

A friend's young daughter  
had just been selected as one of  
the representatives of her  
school at the coronation. Her  
father, wise to the value of pre-  
vention, was on his way to the  
health department when the  
writer met him. He was seek-  
ing a supply of typhoid vaccine  
to have administered to his daugh-  
ter before she began her  
journey. Such a vaccination ordi-  
narily protects the individual  
against the disease for from  
two to three years. As it is  
made from live typhoid germs,  
it is harmless and a valuable  
measure of prevention. Typhoid  
fever was rarer in the Canadian  
Forces during the War than in  
the civil population at home be-  
cause the soldiers were vaccinat-  
ed against the infection.

The discharges from a typh-  
oid patient, if not carefully dis-  
posed of, may reach the local  
water supply and carry the dis-  
ease to users of the water. Milk  
may be infected from a similar  
source; flies may carry the  
germs to one's food. Certain  
persons apparently quite well,  
carry the germs of typhoid in  
their intestines or urinary tract  
for a long time and many cases  
of the fever occur through the  
unwashed hands of such per-  
sons. Such are called "typhoid  
carriers" and should be under  
the supervision of the health  
officer for in the capacity of

## A SEA OF MILK

The milk produced on this  
continent annually is sufficient  
to float the British navy! It  
amounts to hundreds of millions  
of gallons. About one-quarter  
if this is used as milk; the re-  
mainder goes into cheese, butter  
and ice cream.

Milk, a product of the leaf of  
the plant, is the best and most  
used of foods. When the baby  
is weaned from its mother's  
breast, cows' milk, the milk of  
goats, of the buffalo or other  
mammalia is used instead.

Dried milk and evaporated  
milk have the same food value  
as cows' milk, and in some parts  
of the world, cost less. Condensed  
milk has a large proportion  
of sugar which must be consid-  
ered if this article be used as a  
baby food. Milk contains about  
87 per cent of water and 13 per  
cent of dissolved substances.  
The latter are chiefly proteins,  
milk sugar and fats.

The cells of one's body are  
tiny engines which must be sup-  
plied with fuel and water in or-  
der to perform their daily work.  
The protein which we eat keeps  
the cell engines in working or-  
der; the sugar supplies the wood  
for them as it is readily burned  
and turned into energy; the fats  
may be said to be akin to the  
coal of the engines since they  
burn satisfactorily only in the  
fire already kindled by the  
sugar.

While milk is a fine food for  
children, it is too bulky to be  
satisfactory as a sole food for  
adults. Its value is in supple-  
menting other foods so as to  
correct their deficiencies.

Milk and the leafy vegetables  
make good the deficiencies of ce-  
reals, peas, beans, tubers like  
potatoes, roots and meats.  
They are protective foods. The  
supplementary value of milk de-  
pends upon its vitamin calcium  
content, on the quality of its  
protein and its fat, and to some  
extent on its contained vita-  
mins. The chief vitamins found  
in milk are those known as A  
and B. The former is essential  
for both growth and mainten-  
ance. The fats of milk are the  
most important source of vita-  
min A in the diets of Canadian  
people. It is probable that 90  
per cent of this vitamin is re-  
moved in the process of skim-  
ming.

Lack of vitamin B in a given  
milk predisposes the child to  
infection. Vitamin C is found  
in cows' milk in proportion to  
the quantity of green food the  
cows have. Its value is in the  
prevention of scurvy.

In the use of cows' milk or  
that of other mammals as a food  
for children, there are at least  
be modified to suit the age of  
two essentials: the milk must  
be the child and it must be pasteur-  
ized or boiled in order to eli-  
minate certain diseases liable  
to be carried by this fine article  
of food.

## BARTON

(Held Over From Last Week)

Mr. and Mrs. John Rogers and  
daughter, Mrs. Lee, who have  
been guests at the Barton  
House, have left for their homes  
in Gloucester, Mass.

The School and Community  
Club will meet this evening at  
the home of the President, Joseph  
Specht. Business of im-  
portance will be on the program.

The funeral of the late Fred  
R. Durland took place from the  
home of his sister, Mrs. Almon  
Morehouse, Brighton, Wednes-  
day afternoon, with a very large  
attendance. Rev. C. U. Mac-  
Nevin of the United Church,  
conducted the service assisted  
by Rev. Mr. Higgins of the Baptist  
Church. The floral offerings  
were beautiful.

Miss Esther J. VonLengerke,  
Miss Margaret L. Smith, Miss  
Harriet Fredette and Miss Lil-  
lian Lorek, who have been visit-  
ing in Barton and Brighton,  
have left by motor for their  
homes in Quincy, Mass., and  
Newark, N. J.

MAN MADE RUBBER IS  
CHEMISTRY'S LATEST

Rubber from coal, limestone,  
salt and water? Sounds incred-  
ible yet it is true. The chemist  
has produced it and it has al-  
ready demonstrated in superi-  
ority for certain industrial uses  
over natural rubber. A writer  
in the current issue of C-L-L  
Oval describes how the new  
rubber, Neoprene, unlike natural  
rubber, resists the deteriorating  
effects of sunlight, heat, oil,  
acids and gases. Cabue manu-  
facturers are using it to insulate  
electric wires and cables because  
it will resist flame and thereby  
lessen fire hazards.

Exports of Canadian bacon to  
the United Kingdom for the first  
four months of 1937 increased  
more than 21,000,000 lbs. over  
the corresponding months of  
1936, the 1937 exports totaling  
66,602,600 lbs. In addition, the  
Canadian bacon exports to the  
United States at 953,800 lbs.,  
and the exports of pork at 600-  
000 lbs. were practically double  
those of the corresponding four  
months of 1936.

## Tendered a Shower

On Tuesday night a shower  
was held at the African Baptist  
Church at Acadiaville in honor  
of the teacher, Miss Georgina  
Hill of Bear River, who has been  
employed as a teacher there for  
five years. She received many  
useful gifts, including china,  
glass, linen and towels. The J.  
Y.P.U. group presented her with  
a lovely reading lamp, she being  
president of the group for five  
years. The C.E.I.T. also pre-  
sented her with a quilt and a  
mat. Addresses were given by  
Rev. M. L. Anderson and Deacon  
William Barton, which were re-  
sponded to by Miss Hill. Dainty  
refreshments were served by  
the ladies.

NO KEEPING UP WITH THE  
JONES'

Competitiveness, debtless, de-  
pressionless, crimeless. Such is  
the record of Bangor, Prince  
Edward Island, where 600 peo-  
ple live in a community as one  
family. The money that is ex-  
pend at fishing and farming is de-  
posited in a general fund at Al-  
lerton. Nobody carries money. Ev-  
ery man is a preacher, in his  
turn. This experiment is 24  
years old and was established  
by the father of the present pa-  
triarch, John Compton. The  
group is a thrifty one, 217 build-  
ings, a general store, a church,  
and a community hall constitute  
the village. All have Scotch an-  
cestors.

There are certain things about  
about ideal. How can you ac-  
quire this community which are just  
cost for "no crime", for in-  
stance? Is it because there is  
no "keeping up with the Jones"  
and hence a temptation to ac-  
quire more than needed to keep  
body and soul together? Or is it  
because every man must take  
his turn as a preacher? This  
fact would of course have a  
tonic effect on every man's at-  
titude toward wrong doing as  
he would feel that he would at  
least have to measure up to the  
ideals he set forth. (The num-  
ber of clergymen in the jails of  
any country is a very infinites-  
imal portion of one per cent of  
the profession.)

Is such a community an ad-  
vance pattern of what comu-  
nities will one day be? Or is it  
just a little more successful re-  
manant of a movement which  
has been dying out because hu-  
man relationships and social ex-  
periments, Bangor, P. E. I.,  
might repay closer study. The  
success of the venture is not so much  
due to the mechanical set-up as  
it is to the spiritual attitude of  
the co-operators.

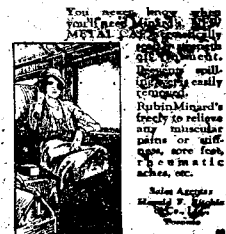

Field tomatoes, hot house to-  
matos, strained produce toma-  
toes and tomatoes for process-  
ing have each their own respec-  
tive grades as a fruit in Canada  
under the Fruit, Honey and Ve-  
getable Act. In the United States  
the Supreme Court some time  
ago decided that tomatoes  
are vegetables so far as com-

merce and general use are con-  
cerned.CAR OWNERS TREATED  
LIKE STRAY CURS

A critical analysis of govern-  
ment taxation systems might  
lead one to the conclusion that  
certain classes of citizens and  
industries should be treated as  
economic foreigners.

Take, for example, the auto-  
mobile and the oil industry. They  
are to some extent in the same  
class as a visiting artist who  
takes money out of the country  
for some intangible benefits. For  
his reason, and because yester-  
day the automobile was a luxury,  
its owner is treated like a stray  
cur.

That a large fraction of govern-  
ment costs should be imposed  
through stiff license fees and  
high gasoline taxes, on this one  
means of getting about, is a  
striking example of the irra-  
tionality of our tax system. For  
the dollar the motorist pays in  
the western provinces, the govern-  
ments are spending only a  
little more than 20 cents on the  
roads. Through the two forms  
of levy mentioned, motorists  
have paid twice for every foot  
of road that has been built in  
Canada. And as if this were  
not enough, they are still being  
billed simply because they are  
easy prey for the tax-gatherer.

## COULD NOT LIFT ARMS ABOVE HEAD

### Owing to Painful Rheumatism

This woman suffered from rheumatism in her back, arms and legs. For two months she endured this painful condition, then, like many another sufferer, she decided to try Kruschen Salts. Read her letter:—"About fifteen months ago I had rheumatism in my arms, back and legs. The pains in my arms and legs after getting warm in bed were almost unbearable. I was like that for two months, and could not reach above my head. I read so much about Kruschen Salts that I thought I would try them. I am so glad to say that for more than a year I have not had the slightest return of my rheumatism." (Mrs. H. E.)

The pains and stiffness of rheumatism are frequently due to deposits of uric acid in the muscles and joints. Kruschen Salts assist in stimulating the internal organs to healthy, regular activity, and help them to get rid of this excess uric acid.

### NATIVE OF BEAR RIVER KILLED.

Miss Gertrude L. Fleet, 65, native of Bear River, but a resident and citizen of the United States for many years, is dead as a result of horrible injuries sustained when struck by a motor truck driven by Murray Corkum, of Chester, Thursday of last week. The accident occurred on the Algerine shore road (the Halifax road) a short distance east of Chester. Miss Fleet, secretary to Dr. A. L. Anderson of Brooklyn, N. Y., at present with her family at his Chester home, had been in Chester about a week.

Thursday afternoon she set out for a walk, choosing the shore road a comparatively quiet and shady road leading around the shore from Chester to East Chester. This road ordinarily is seldom used, by motor cars, and it is narrow in places. But recently the road has been used by motor trucks hauling gravel for the road construction work between Chester and East Chester. According to the statement as given by the driver, Murray Corkum, to police, and later before the Coroner's jury, he was driving the truck at a moderate rate of speed and saw Miss Fleet ahead. Apparently the woman became confused. The road at the place of the accident is quite narrow and Miss Fleet, according to the statement, moved to the wrong side of the road, immediately in front of the car.

Corkum applied his brakes, and swerved to the other side of the road in an attempt to escape the pedestrian but Miss Fleet backed in front of the car, and was struck and knocked down. Corkum went into the ditch in an attempt to escape her. Ronald DeMont of Gold River, a driver of a truck following Corkum's, went to the woman's assistance while Murray Corkum rushed to Chester for medical assistance. Dr. Zwicker accompanied by Mrs. Zwicker went at once to the scene of the accident, as did also Corporal Johnson and Constable Morgan of the R. C. M. P. The woman was unconscious and horribly injured. She was taken at once to Miss Mill's cottage hospital at Chester by Dr. Zwicker, where everything possible was done for her comfort but she died about an hour later. Miss Fleet was a daughter of the late John and Susan Fleet of Bear River, and is survived by one brother, William Fleet, the only remaining member of a family of nine children, also by her cousin, Mrs. A. L. Anderson, of Brooklyn, N. Y. The remains were brought to Bear River on Friday, where interment took place. At the inquest presided over by Coroner Dr. F. C. Lavers, the jury exonerated the driver of blame.

Mr. and Mrs. Walter Bagley, of New Waterford, are guests of Mrs. Bagley's parents, Mr. and Mrs. W. D. Chute, at the Grand Hotel. Mr. Bagley, manager of the Royal Bank, spent the first part of his vacation in the woods fishing.

Arthur Burrage left on Monday for Perotte.

## No More Getting Up Nights NOX KIDNEY FLUSHERS

Regulate the Kidneys and Liver

Thousands today are not enjoying good health because the kidneys or liver are not functioning as they should—two very important organs. If your liver is covered with bile, you have a bad taste in the mouth, tongue coated, breath foul, a bitter taste in the mouth, pain under the shoulder blade—so many symptoms are the outcome of a sluggish liver. If the kidneys or bladder is weak, the filters clogged, then uric acid and poison is thrown into the blood stream, causing rheumatism and sciatica, you see specks like stars appear in your eyes, there is a burning sensation, a pain in the back and limbs become weak—take Nox Kidney Flushers and see how quickly they all disappear. You may purchase Nox Kidney Flushers at:

P. W. Holdsworth Drug Store, Digby  
Each package contains one month's treatment. Price One Dollar.

### Earns High Post

R. G. McNeillie, widely known and popular Canadian Pacific Railway official, who on June 30 received a B. Sc. degree as passenger traffic manager of the Company with headquarters in Montreal. Mr. McNeillie retired under the pension regulations after 46 years of service. Announcement of Mr. Foster's retirement and Mr. McNeillie's promotion was made by George Stephen, traffic vice-president of the Company.

## The SNAPSHOT GUILD CAT PORTRAITS

Did the photographer say, "Watch the birdie"? This command ought to mean something to a cat, but, as a matter of fact, these poses were obtained by dangling a bright object near the camera.

It is natural for an amateur photographer, according to his tastes and interests, to become intrigued with one kind of picture subject: animals, machinery, trees, skyscrapers, wild life, marine views, and what not. The result, often, is that he finds himself pursuing a fascinating hobby within a hobby—searching for and photographing interesting types of his favorite picture subject.

One of the most enjoyable and challenging of one-subject hobbies is making portraits of cats. You soon learn that the mature cat is an animal of many expressions, and that he rarely fails to reward you with an interesting one. You discover, also, that cats have individuality, even those of the same breed. Consequently, in making cat portraits you obtain a variety of distinctive studies.

One of the most challenging part of cat photography—you need something more than photographic skill to be successful. When it comes to posing for the camera, the feline is often a perverse creature. Bored beyond the puppy stage are generally obedient, but to keep a cat in front of the lens it is usually necessary to entertain him. Even then, Thomas is likely to "take a walk" out of the fender, with complete indifference to what you say to him or about him. He has a mind of his own. Hence, there will be times when you will need Christian patience and an assistant to recover

the cat. Especially outdoors, when Thomas is in a frothy mood, you may find that the best you can get is 9/10 backyard and 1/10 cat. On the other hand, Thomas loves to lie in the sun, especially after a good meal, and then, usually, you find him a most tractable model.

Inside the house the chances are always good because here a cat is generally quiet and disapproving acts can be provoked. Here, too, you can more easily arrange a contrasting background. The surest way to catch a pose is to use a flash bulb. Flood-light lamps seem to cause most cats to lie down and back. Cats, however, being inquisitive, like to look out of windows for brief periods, giving you a chance to creep up on them and snap a good picture by daylight.

A most useful "accessory before the fact" for cat pictures is a portrait attachment upon your regular lens permitting close-ups within arm's length. If you do not use a portrait attachment, be sure your focus is correct so that the image of the cat will be quite sharp. Then you can mask out the surrounding part of the negative to obtain a big-image enlargement as in the pictures shown above.

Remember that the typical physical characteristics of cats are their whiskers and the liquid gleam in their eyes. The one needs a contrast-light background; the other, it must be dark. If you succeed in lighting both, you are a good cat photographer.

## Weddings

### Thibodeau—Melanson

On Tuesday morning of last week, the St. Croix Church at Plympton, with Father Gaudet officiating, was the scene of a very pretty wedding, when Susie, only daughter of Mr. and Mrs. Leo Thibodeau, became the bride of Walter Melanson, son of Luke Melanson. The bride-maid was Miss Laura Melanson, and the groom was attended by Alfred White. The bride was dressed in a dress of delicate blue crepe with accessories to match and carried a white prayer book. The bridesmaid was dressed in navy blue. After the ceremony the couple returned to her parents' home, where a wedding breakfast was served to the family. On returning from a short motor trip, dinner was served to a large number of invited guests, after which a reception and dance was held in the Weymouth Point Hall. The happy couple received a large number of gifts. They will reside in Ashmore.

Miss Gerry FitzGerald entertained at a quilting party on Friday afternoon.

## Holiday Down by the Sea

The Maritimes, where Canada begins, offer a combination of holiday attractions that have made the three seacoast provinces very popular among Canadians and Americans alike.

The rare mixture of historic sites, scenic beauty, and opportunities for all types of outdoor sports gives New Brunswick and Nova Scotia an unusual attraction for visitors.

The Algonquin Hotel, at St. Andrews-by-the-Sea, holds its place as New Brunswick's leading resort by virtue of its splendid position on the bay of Fundy,

two fine golf courses, and its facilities for fishing, boating, and other sports. Open from June 25 to September 7, the Algonquin is particularly popular among Americans because of the nearness of President Roosevelt's summer home at Campobello.

Across the Bay of Fundy—a delightful trip by the steamer Princess Helen—from Saint John to Digby, lies Nova Scotia. Visitors are always interested in that section where the poignant story of Evangeline was enacted. Canadian Pacific Railway hotels at leading holiday points in Nova Scotia include:

The Pines, at Digby, open from June 25 to September 11; Lakeside Inn, near Yarmouth, open from June 28 to September 7; and Cornwallis Inn, at Kentville, in the heart of the Land of Evangeline, open all year. Chief amusements at these resorts are golf, tennis, motoring, sea fishing, boating, and bathing. The pictures above show Evangeline Well at Grand Pré; the "Princess Helen" which joins Nova Scotia and New Brunswick; Kay's Cove at St. Andrews-by-the-Sea, N.B., a typical Nova Scotia fishing schooner; and a social gathering at Lakeside Inn, Yarmouth, N.S.

# The Valedictory

Mr. Chairman, Members of the School Board, Citizens of Digby, Teachers, Undergraduates, Classmates:—

Once again the end of the school year has come, bringing with it that mixture of joy and sadness so characteristic of Commencement exercises everywhere. Tonight, the class of 1937 bids farewell to the school that has sheltered it through twelve happy years and my classmates have conferred upon me the privilege and responsibility of expressing the emotions which crowd upon us at this time.

It is always difficult to put into words deep feelings of gratitude, rejoicing or sorrow, but to us of the class of '37 it is especially hard, for this has been a year set apart from all other years. We, who have considered our school days over, were given the opportunity to complete them by taking the Grade XII work. The year has been an unlooked for reprieve from the responsibilities of adult life and the realization of a long felt desire to crown our High School work with an "A" certificate.

For these reasons you will understand how happy we are to have completed the work creditably and how sincere is our gratitude to all those who have made it possible.

Members of the School Board: To you, the men who have our interests so closely at heart, we owe the privilege of being here tonight. We realize how anxious you have been to provide for us the additional advantages this extra year of schooling has afforded, and we know that to-night you share our happiness and triumph.

Just here I take the opportunity of thanking you, Mr. Boden, for the great contribution you have made to our school year. We have eagerly looked forward to your forthrightly visits, knowing that we would be delightfully entertained. It is only as we mentally review these talks that we realize how much of your great knowledge of current events, history, literature, and the philosophy of sound living you have imparted to us. We thank you from the bottom of our hearts.

We are also happy to have on the platform with us, Mr. Dillon, ex-chairman of the School Board. Year after year the members of this class have received their certificates from his hands, until, to us, a school closing without his presence would

be almost unthinkable. To you, Mr. Dillon, more than any one person we owe the improved school. Throughout your term of office you worked toward it zealously and we are glad that it became a reality before you ceased to be Chairman.

Citizens of Digby:—To you we are most greatly indebted on this momentous evening. To you, the taxpayers, was afforded, last year, the opportunity to improve your school building and inaugurate the Grade XII work. How glad we are that you did not fail your young people. By your affirmative decision at that time you won the lasting gratitude of this class and all succeeding High School pupils. We realize that it has laid a heavier burden upon you, but we also know that you are rewarded when you visit your school. The increased accommodation and the new heating system has made of the old school, a modern, efficient plant of which you may well be proud. The Science department is superior to that of any school of its size in the province and has been of untold assistance in our work this year. The new assembly hall has filled a long felt need of both the High School and Grammar School and has been in constant use for assemblies, singing classes and social functions.

As though all this was not enough the triumph of this year has been climaxed by having a member of our class at the Coronation celebrations in London. You have probably been feeling as we all do, that our class circle is incomplete tonight without Audrey Holdsworth. But, much as we have missed her during the past two months, we are much too proud of her to wish her here tonight. Because of her ability as a student and by the same charm and sweetness of personality that has endeared her to us. Audrey won the first Grade XII diploma to be presented by this school and set sail for England followed by the congratulations and good wishes of the school and entire town.

To you, the people of Digby, who have given us everything we can only say "Thank you!" But realizing that actions speak more loudly than words we pledge ourselves to be worthy of your confidence and to be ever a credit to this Town we all love so much.

Mr. Purdy, Miss McWhinnie, Miss Anderson: As I turn to

address you I cannot help feeling that it is you who should be in the place of honor tonight rather than your departing pupils. Without your aid the success symbolized by these diplomas would have been impossible. We can never repay you for your untiring patience and help but we hope that the future will show that you have made us into worthy men and women.

Undergraduates: As is customary on "departing this life," we have certain requests to make. To you, who will successfully stand where we stand tonight, we bequeath all the happiness that has been ours, the triumphs, the trials that have made up our four years in High School. At the same time, however, we must take advantage of our seniority and offer you some advice. Amidst all our rejoicing tonight there are regrets which we hope will not be yours. These years are so fleeting. Do not waste them. We leave you in the most capable hands we know and exhort you to offer these teachers of ours every co-operation. Set for yourselves a goal and strive toward it, uphold the honor of our school, and with you go our best wishes for your success.

Classmates: At last I can put off no longer the most difficult part of this address, my farewell to you. There is something in even us who are young that cries out against the changing of the old order. We have had such a happy year and it has sped so quickly. In a few brief months we have come to know each other very well. We have shared many happy experiences which will always be among my most treasured memories. However, I think you will agree with me that stronger than any desire to cling to the past is that adventurous spirit that thrills to the challenge of unknown highways, only dimly seen from these crossroads. Life is ready to fling our outstretched hands to overflowing with whatever we choose to seize. All the good influences exerted upon us throughout our lives have been to aid us in this choice. We have been given glimpses of the best: the best literature, the best art, the best working methods, the best ideals for living. God has endowed us with varying talents and capabilities, and all our lives have been spent in fostering them. But unless we use these powers to His glory and the service of our fellow men, all this training on the part of our parents and teachers will have been in vain. We all want to succeed

but let us remember that the most successful people have been those who have come to understand the happiness of service and who have discovered the art of living beautifully. Archibald Lammpan possessed this ability to a marked degree. Though he spent all his life doing ungenial work he was able to pen these words, which I leave with you in the hope that we may make them ours:

"There is a beauty at the goal of life. A beauty glowing since the world began. Through every age and race, through lapse and strife, Till the great human soul complete her span. Beneath the waves of storm that lash and burn The currents of blind passion that appeal. To listen and keep watch till we discern The tide of sovereign truth that guides it all; So to address our spirits to the heights. And so attune them to the valiant whole, That the great light be greater for our light, And the great soul the stronger for our soul. To have done this is to have lived through fame. Remember us with no familiar name."

## HIGH SCHOOL PROPHECY 1937

The years revolve; time marches on With gifts comprised of tears and song For us to choose. We must not waste the precious hours For youth we are; success is ours To win or lose.

Upon the threshold now we stand And o'er the way to distant land Our gaze goes. We see the path both dim and light But darkened hearts are not in sight They're all aglow.

Nineteen thirty seven's here With all its chances rich and rare For us to find. It won't be hard to seek these out To learn what life is all about. We are not blind.

Of all the glory life contains Shall we all back with dusty brains Ambition now? Oh no, not us! We're out to win. To stake our chips and not give in Until we've won.

We are the seniors of the class And try we did to get our pass Which paid us well. We leave our school at Digby High With knowledge that no one could buy Nor could they sell.

Thoughts are with us great and small We stand bewildered holding all We ever learned. The years at school were short and free. Containing lessons rightly we would call we'll earned.

We who soon shall leave our home In Digby, o'er the world to roam And find things new. Are branded stars in silver set And students you won't soon forget Like we—so few.

Opportunity, they say. Will come but once then so away We'll return. But us, we know she won't be back We'll answer with ambitions that Within us burn.

Although there's war clouds hanging low (And Death is ruling Spain you know)

In us hope rests. You may depend that all we do Will be reflected back to you In our success.

Ah yes, we're off for greater ports. We'll take the lead and guard the forts For countries free. The banner of our class will fling Its brilliant colors; it shall bring Us victory.

What care we of the storms in life For come they will attempting strife To cloud the sky.

But in our busy lives there won't be time for sorrow, care and doubt Or reason why.

A life comprised of work and fame A spotless character and name Will not be won. If others feel depressed and sad Who else will help to make them glad But mighty "We"?

We had the privilege this year Of being represented where Great crowds had gone. King George the sixth was crowned that day And to his flag we're proud to say That we belong.

Unlucky pumbers seem to be A superstition you'll agree And also we have heard the phrase That carries awe. Thirteen's unlucky nowadays But these aren't so.

We students have the greatest pluck Which only comes when Lady Luck Holds on your hand. She has we thirteen all in view The case is clear, the facts do you Quite understand,

The footprints we shall leave behind Will not be empty, bear in mind, But covered over With wealth and power in their stead.

As on their hurried way they trend To one great Shore.

So with these promises in store We'll show our smiles for evermore And of these sing. We give you thanks, surrender praise For this free land our voices raise "Long live the King!"

## CLASS PROPHECY, GRADE XI

Composed by Helen Franklin and Geraldine Syda and read by Geraldine.

As I sit dreaming in the twilight, Of the future yet unknown, There comes to me in the dim night A vision of my comrades of home.

Their memory lingers with me still, Sweet as a dew-kissed rose at dawn Or as the sunset on the hill, Gladdens the heart of the weary-worn.

First before my eager eyes Twinkling in the camera's light, Dancing and singing, to my surprise Miss Marjorie Holdsworth comes in sight. With elfish grace and talent rare, Ginger Rogers has nothing on her!

A doctor's office before me I see With a sign, "Dr. Dickie" on the door. "Take my pills and sickness will flee, That's what my medicine in jars is for."

Hughie, still handsome in middle age Ought to replace Gable on the stage. And here comes Hilda with big "dreamy eyes,

Known as Hood with the sunny face, Making cookies and apple pies With "Robin Hood" flour and lots of fish. She cooks with skill and can she fry

What mere could hubby and the kiddies wish?

Mr. VanTassel with a stroke, of his name, Has painted his name in letters of gold.

Our Ronnie, as always, gifted and gallant, Has made success in this world so cold.

His pictures in all the art galleries are hung. Good luck, Ron, the bells of fame for you have rung.

Gliding past with queenly bearing, Miss Ruby Porter is next in line. With her flock of pupils, their secrets sharing,

They worship Ruby for she's so kind. Lovingly she teaches the "golden rule" and is the best of friends.

A hearty laugh now greets my ears, As Maxwell Campbell saunters by. Whistling and singing as he nears With never a worry nor a sigh:

A born athlete, he swims and dances And gets attention and admiring glances.

Through fleecy clouds on willing wings, Taking off for her world-round flight,

The "Silver Streak" to the northward swings. And in it's Miss Ormack, graceful and slight;

She's a sweet little bride Mickey will make.

A college professor in cap and gown, Is Louis Theriault, the friend of us all. He's teaching his class with many a frown,

Thinking of hockey, movies or ball. Chuckling and joking with an eye on the girls,

Louis loves ladies with reddish curls.

Alfred Shortlife now comes in sight, Sowing the seed in the fertile soil. He stars at dawn and continues 'till night

Making his farm famous by tireless toil. He's still our friend and jolly pal. Here's wishing you, luck, you've earned it "Al".

Strands of steel and stone I see Made by Bill, to span the Atlantic. A noted constructor now is he And Mr. Ganong gets really frantic

When reminded of Shakespeare and "English Book 5". Or those High School days, man alive!

Who is this that I see now. As a journalist on a newspaper staff Getting her headlines, editorials and how?

Why it's Geraldine Syda with her blitting laugh.

There's lots of excitement and thrills for her there, And soon she'll be in the editor's chair.

In a large city hospital, administering aid.

With many kind words and as many sweet smiles.

Is Miss Helen Franklin, an attractive young maid.

As she pores over "prescriptions" among the doc's files, For Helen's a nurse and a good one, you bet.

Wouy!ndlo!-la!-la! Larin xziffib! Wouldn't you like being sick, with her to look at?

The vision is fading—it passes away. But High School memories linger still.

And the sinking shadows seem to say "You'll never forget that school on the hill!"

Mr. VanTassel with a stroke, of his name, Has painted his name in letters of gold.

Our Ronnie, as always, gifted and gallant, Has made success in this world so cold.

His pictures in all the art galleries are hung. Good luck, Ron, the bells of fame for you have rung.

Gliding past with queenly bearing, Miss Ruby Porter is next in line. With her flock of pupils, their secrets sharing,

They worship Ruby for she's so kind. Lovingly she teaches the "golden rule" and is the best of friends.

A hearty laugh now greets my ears, As Maxwell Campbell saunters by. Whistling and singing as he nears With never a worry nor a sigh:

A born athlete, he swims and dances And gets attention and admiring glances.

Through fleecy clouds on willing wings, Taking off for her world-round flight,

The "Silver Streak" to the northward swings. And in it's Miss Ormack, graceful and slight;

She's a sweet little bride Mickey will make.

# Make hay EARLY!

It adds dollars to the crop!

THERE is a time to "make hay" when its food value, and therefore its money value, is at the peak.

Hay cut early has a protein value of \$2.50 more per ton than hay cut late. Protein is the most important food factor in feeding livestock, and Nova Scotia farmers annually pay out thousands of dollars for it. Hay cut when in blossom produces more milk or beef than hay cut late.

This is one way to work that money-making team, "Science and Practice," to add more dollars to your farm income, help the boy get that course at the agricultural college, and your family enjoy more of the good things of life.

We invite young men over 16 years of age to enroll at the Nova Scotia Agricultural College this fall. No tuition fees. The only cost is books, room and board. Write for calendar of courses, information, etc., to

Rev. Dr. T. S. Roy, pastor of the First Baptist Church, Worcester, Mass., and a former pastor of the Baptist Church, Digby, is now in New Brunswick, enjoying a brief holiday among his old friends. Tomorrow he is due to sail from Quebec to England, where he is booked for a number of preaching engagements including Salisbury and the Salisbury Walk Baptist Church, Worcester. He will attend the World Conference of Faith and Order in Edinburgh August 2-19, and is due to sail for home on the Empress of Australia on August 24th. His headquarters during his visit will be Kenilworth Hotel, London.

The United Church Tea and Garden Party will be held on the last Thursday in July—the 29th.

**IMPRESSIVE SERVICE**  
The Holy Trinity (Anglican) Church was the scene of an impressive service Sunday morning, when Rev. Ernest M. Caldwell, stationed here since May, was formally inducted as rector of the parish. The service, which lasted two and one-half hours, began at 10 o'clock, when Lay Reader, Elliott, said the Litany.

This was followed by Holy Communion at 10:20, celebrated by Archdeacon F. W. Vroom, D. D. Matins were read by Rev. A. W. L. Smith, of Clementsport, Rural Dean of the Deanery of Annapolis.

Ven. Archdeacon, F. W. Vroom, D. D., performed the induction office and preached his sermon from the text found in Gal. VI: 1, "Bear Ye One Another's Burdens".

In the course of his remarks he spoke of the spirit of fellowship that should exist between laity and clergy. He said: "Only could a rector do satisfactory work in a parish as each layman in a spirit of service assisted him."

Other clergy assisting at this service were: Rev. Dr. F. W. Kirkus, who read the lesson from the New Testament, and C. Russell Elliott, Divinity Student at Sandy Cove, the lesson from the Old Testament.

Mr. and Mrs. Harry Wymar, with their grandson, Auden, and Mr. and Mrs. Albert Whiting, of Kentville, were recent guests of Mr. and Mrs. J. B. Outhouse, at Tiverton.

Mr. and Mrs. C. L. Beaton, of LaHave, accompanied by their two sons were week end visitors of Mr. Beaton's aunt, Miss Ethel Adams, and Mrs. Beaton's parents, Mr. and Mrs. M. Mackinnon.

Mr. and Mrs. Stanley Spray and daughter Jean, accompanied by Mrs. Spray's mother Mrs. E. Spray, and Mrs. Vernon Bent, spent the week end in Caledonia. Mrs. Bent is remaining for a few weeks with her parents, Mr. and Mrs. Stanley Ball.

## Ratepayers Vote

Ratepayers of Digby witnessed a real old fashioned town meeting at the Court House, last Friday evening, when ratepayers of the town voted on four resolutions recommended to the Digby Town Council by the Digby Board of Trade. Mayor M. C. Denton was chairman of the meeting, one of the largest of its kind to be held since the town was incorporated in 1890.

The resolutions before the citizens dealt with borrowing money for work on the water system already completed; extending the system in the south end of the town; closing of St. George Street between First Avenue and Queen Street in lieu of a strip of land of the same width 66 feet north, for a new street to be built between the two streets named; and the exemption from taxes and water rates for a period of ten years on a proposed new mill to be erected by H. T. Warne Ltd., to replace the one destroyed by fire on the morning of June 15.

The first two resolutions carried, while the latter two lost. The resolutions were read by Town Clerk, Alfred Boden; moved by Frank Jones, K. C., and seconded by Forrest R. Eisener.

The first resolution in which the Town Council asked permission to borrow a sum not exceeding \$3,000 to pay an overdraft for work already done on the water system, carried 128 to 36.

The second asking that permission be granted the water commissioners to replace the 4 inch pipe at the south end with a 6 inch pipe, and place a 4 inch pipe to a point near the warehouse of H. T. Warne Ltd., and install a hydrant there, carried 94 to 59.

The third resolution asking for the closing of St. George Street between First Avenue and Queen Street, and for a new street to be built on a piece of land given in lieu for that section of St. George Street, lost 71 to 79.

The last resolution in which H. T. Warne Ltd., asked exemption of taxes and water rates on the proposed new mill, lost by a vote of 70 to 83.

Time limit set to discuss the resolutions was set until 9:30, after which names of ratepayers assessed for real and personal property and income were read, and voted. The final vote was not counted until after 11 o'clock.

Most of the objections, especially to the last two proposals came from summer hotels and summer residents in the district, who complained of the smoke from the mill and to the noise when the plant operated on day and night shifts. They objected to such a plant in a residential district of the town. Others raised objections that the past the mill was assessed too low in comparison with other properties, and pointed out that summer hotels assessed higher, should be given consideration. One speaker revealed that four of the summer hotels in Digby were assessed for \$123,075, and the Warne interests for \$35,500.

Those in favor of the resolutions stressed the point of employment given by the mill, stating that at the present time 44 of the mill employees are listed among the town's ratepayers, supporting families, aggregating 166 persons. Also many others who are not among the ratepayers are given employment by the mill. It was also pointed out that H. T. Warne Ltd., were not asking for exemptions on all their holdings, but merely on the proposed new mill and its equipment, and water rates for the mill for a period of ten years.

Miss Helen Woodworth returned to her home at Bear River, from a vacation spent with her sister, Mrs. R. D. Miller, in Carleton.

## LOOK AT YOUR DOLLAR!

Look at your dollar, Mrs. Food Buyer, before you spend it. And when you let it go, be sure that it returns something for your town, because as your town grows your business increases, and as your town declines, your prosperity fades. A penny saved in the price of a commodity is an expensive penny if in saving that penny your town loses a dollar.

By that we mean just this. A merchant is valuable in just the proportion that his money stays on the townsite. If he keeps it in town, he builds up the community's capital. If he builds his home or just adds to his stock, his taxes put in the public pot decreases the taxes of his neighbor just that much. And the customer's penny saved out of his dollar on the price of a commodity is a loss if the dollar leaves the town and goes to the accumulated dollars that are poured into the big interests.

Before letting loose of your dollar, consider the man who gets it. Does he help the town? Is he public spirited? Can he be counted on in times of emergency to give his time, his money, his brains and his patriotic endeavor to building the town where you live, where your family and your life are invested?

If your merchant is an alien to the community, merely sinking his blood-sucking beak into the veins of the town, drawing off its idle dollars, his prices must be weighed against his menace to the community's prosperity. The fly-by-night peddler of bargains is really selling calamity to the town wrapped in his shoddy goods. For every man who spends a dollar in a town rises and falls by his town's success or failure. And the highest prosperity of every man's dollar is that which leads to a better town.

## WILLOWS DISAPPEARING

From evidence gathered this spring it is apparent that approximately 75 per cent of the beautiful willows of the Annapolis Valley will be destroyed this year, through the operation of the willow blight which was first noticed in this province in 1926, but which has been growing in area of destructive-ness. Experimental farm officials at Kentville have been closely watching the situation, and express the fear that the greater proportion of the willow trees throughout western Nova Scotia are apparently doomed. Efforts to save some of the decorative willows, that appear to be worth the trouble, can be put forth by a treatment of spraying with Bordeaux mixture in the same strength as used for potatoes or apples. From three to five sprays are necessary, and the first should be applied as soon as the leaves come out. Others should follow every two weeks. This schedule has given excellent control on the old French willows in the park at Grand Pré for the past eight years. The blight is a disease caused by a fungus parasite.

## THE OLD COLLEGE

It is interesting to know that the Historic Sites and Monuments Board proposes to mark the site of the old McTavish, N. S. Academy, because that celebrated institution was responsible for training a large number of Nova Scotians who have since risen to prominence in the professions, the Church and business life in both Canada and the United States.

## Annual Report on Progress of Digby Academy

Mr. Chairman and Members of the Digby Board of School Commissioners:

I beg to submit the following report on the progress of the schools under my care:

**Registration**  
Enrollment in high school departments, 1936-37 64  
Enrollment in common school departments, 1936-37 329  
Total enrollment, 1936-37 393  
Increase over year 1935-36 27  
Increase due to the addition of Grade XII 14  
Total enrollment for 1932-33 350  
Increased enrollment over 1933 (1937) 42  
Increase over same period in high school depts. 5

These statistics show that there has been a considerable increase in numbers registered since 1933. This increase has been for the most part in the common school grades. The high school registration has remained practically unchanged and it is well to remember that this is so despite the fact we have included instruction in the twelfth grade work on our school programme. It is to be expected therefore that the normal increase in our school population will make itself felt in the first seven or eight grades and that future plans for expansion must centre around these departments. Our present staff is adequate for the term of 1937-38. However, I feel we shall be obliged to increase the teaching staff for the following year because each year larger units are promoted from one department to another, and if the present rate of increase continues we shall require seven teachers for the first seven classes in 1938-39. This situation will require some readjustment of our present organization preferably along lines of junior and senior high school instruction.

## Examination Results

The present school term has been most difficult because of the transitional period through which we have just passed and because of the sickness which retarded the progress of the school. Naturally the presence of such factors has a material effect upon the results of the annual examinations. However, notwithstanding these obstacles to progress we are of the opinion that the examination results of this year compare favorably with those of previous years. The results of the June tests are given for comparative purposes.

Grade	Passed	Failed
XII	11	2
XI	10	3
X	9	5
IX	15	3
VIII	17	2
VII	19	8
VI	19	1
V	15	2
IV	36	12
III	38	12
II	27	4
Ia	27	7
Ib	30	2
Number of Pupils not included in above classification		77
Primer Class	37	
Moved away or left 40		
Percentage Passed	77	

For the past five years Digby Academy has had a most enviable record with regard to attendance. We have established and maintained over this period an average attendance of 90 per cent. We have striven to maintain this record throughout the past year but I fear we shall fall below our previous record due entirely to the tendency, on the part of several families, to disregard the provisions of the Attendance Act. We are of the opinion, and the attendance officer concurs with us in this, that legal action should be taken against certain habitual offenders unless a greater degree of co-operation with the staff and attendance department be forthcoming. Closely connected with the problem of attendance is that of health. In the Digby

schools the question of health and prevention of disease is receiving careful attention. The V. O. N. nurse is doing a very fine work devoting her attention to preventative measures against the spread of epidemics together with instruction in matters pertaining to public health in general. We should like to compliment Miss MacIver on her work with the junior grades and to express our indebtedness to the V. O. N. society for their interest and concern in the welfare of our school. Due to the efforts of Miss MacIver over 80 per cent of the pupils in the common school grades have received the toxoid treatment for the prevention of diphtheria. The school board has arranged clinics through the courtesy of our local physician, and dentists for the purpose of removing tonsils and extraction of teeth of certain needy pupils. All this is encouraging for we realize that only in sound minds and sound bodies may we hope to instill knowledge necessary for the future development of intelligent and useful citizens. The sanitary conditions of the school are excellent and are under the constant supervision of the principal and staff.

## High School Closing

The fifth annual graduation exercises of the Academic departments were held in the Community Hall, Thursday, June 17. Nine diplomas were awarded to members of the twelfth grade and ten to those of the eleventh grade, by Chairman P. W. Holdsworth. A fine address was delivered to the classes by Rev. Dr. Hodgson, on the subject, "The Lure of the Impossible." This was without doubt one of the most impressive graduation exercises ever staged by the local school.

## The Staff

The personnel of the staff remains as in 1936-37 except for the replacement of Miss Elizabeth deWitt by Miss Lillian McKee, in grade III. We regret the loss of Miss deWitt, who has been a valued member of the staff for the past year, and our good wishes go with her in her new work. Miss McKee, who replaces her, comes to us well qualified after a successful career at Middleton and Springhill schools. The school board follows a policy of carefully select-

ing and retaining successful members of the staff. Adherence to this policy has strengthened the organization of the school and has staffed it with a group of capable and highly qualified teachers. Periods of transition are most difficult for both teachers and scholars and should, if possible, be avoided.

## The New Addition to the School

May we take this opportunity to congratulate the school board and the ratepayers of the town upon the splendid addition to their school. One may say without reservation that the new addition together with the increased scientific equipment places Digby in front rank among the leading schools of the province. Our new science laboratory will compare favorably with those of much larger schools and has proved of inestimable value in the instruction of the science courses. Possibly our greatest problem in high school teaching is that our academic course makes no provision for the pupil who has no bent along scholastic lines. As a result of this many boys and girls who are not academically inclined drop out of school from grades VI to VIII. Many of them, unable to find employment, remain idle and create a grave social problem for our towns. Some provision should be made for this group of students who are unable to pursue high school studies. Where-

for I would respectfully suggest, for the early consideration of the school board, the advisability of establishing a Mechanic Science department in the Digby schools. In such a department the boys would be given instruction in cabinet work, wood working, carpentry and metal cutting. Vocational work of like nature should be provided for the girls as soon as feasible, through the addition of a Domestic Science department. The provincial government provides for the operation of such departments by means of liberal grants. One-half the cost of equipping the department is paid from the provincial treasury and an annual grant of 5000 is paid towards its maintenance. The actual cost to the ratepayers would be small and the inauguration of this work in our school would be an important factor in solving one of our major social problems.

## Discipline and Routine

The discipline of the school has been quite satisfactory. The halls and basements are under careful supervision at all times, and there has been no defacement of school property. The building has been kept in excellent repair and is in a creditable condition. Everything possible has been done to secure the well-being of the pupils.

We regret that circumstances obliged Mr. A. J. Dillon to relinquish his position as chairman of the school board after having served the board so efficiently some ten years. We were indeed fortunate in securing so competent a successor as Mr. P. W. Holdsworth. Mr. Holdsworth has been a member of the board for several years and has always been keenly in-

terested in the educational affairs of the town, and he was prominently identified with the establishment of the twelfth grade work in Digby.

In closing I would like to say a word or two of appreciation to Mr. Boden for his contribution to the educational life of the academy. His helpful discussions of current events and his unwavering interest in the schools were greatly appreciated by the classes and the teaching staff.

## KNOX KIDNEY FLUSHERS

## Remove That Backache

To neglect the first symptom of Kidney trouble might lead to very serious results. Your kidneys contain thousands of little filters, each one having special work to perform. If some of these filters become clogged, poisons and Uric acid enters the blood stream. The result is a backache, a dead, heavy pain. The Uric acid deposits a fine granule in the joints, causing a pain known as rheumatism. Nox Kidney Flushers really flush the kidneys, placing them in a healthy, sound condition. No more getting up at night—no more backache. That allows complexion is replaced by a natural clear skin. Your eyes become bright and your headaches disappear. Each package of Nox Kidney Flushers contains a full month's treatment. There is only one Nox Kidney Flusher—they improve your entire general health. Your Kidneys and Liver will function perfectly. Why not start today on the road to good health—let Nox Kidney Flushers bring you 70.1 good health—For Sale at P. W. Holdsworth's Drug Store, Digby.

**46350 MILES IN 2 MONTHS ...**

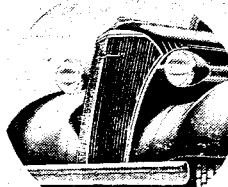

**AVERAGE RUNNING COST LESS THAN 3¢ A MILE**

## THAT'S THE RECORD OF THIS FLEET OF 1937

"Recently, as you know, we purchased from you ten 1937 Chevrolet trucks. I thought you would be interested to know that in a little over two months this fleet has travelled 46,350 miles. The average operating cost, including gasoline, oil, depreciation, repairs and insurance, was 2.96¢ per mile! This driving, of course, was done in 3 winter months.

Naturally, we are delighted with this record, particularly as the average running cost before replacing our truck fleet with Chevrolets was 3¢ per mile.

Yours very truly

YOU HAVE to be personally "sold" on a purchase before you recommend it to your friends. In the Chevrolet Truck files are unsolicited testimonials that read like "believe it or not" items, yet they are honest, owner-histories of these famous commercial vehicles!

If you use trucks, take a tip from big Canadian business firms. They keep an accurate expense account of every unit in their fleets... and as a result... specify Chevrolet... for long life and economy!

Why not check specifications... compare values... inquire about the convenient financing arrangements of the General Motors Instalment Plan. If you do, your logical choice from every angle, will be... Chevrolet!

### Weddings

#### Prime - Martin

A quiet but pretty wedding was solemnized at the United Church parsonage, Yarmouth, on Saturday, when Muriel Ethel, eldest daughter of Mr. and Mrs. W. J. Martin, of East Jordan, was united in marriage to Gordon Earle Prime, of North Kentville, Rev. Mr. Wattee officiating. Miss Jean Martin, sister of the bride, was maid of honor. The bride was becomingly gowned in blue lace over sheer, with pink accessories, and the maid of honor looked very attractive in coral. Mr. and Mrs. Prime will reside at Kentville. Only the immediate relatives of the couple were present. (The bride is a granddaughter of Mrs. Albert Grant, of Weymouth North).

#### Potter - MacLeod

A very quiet, but pretty wedding was solemnized on Saturday afternoon, (the 19th inst.) at the United Church parsonage in Weymouth, when Miss Ethel MacLeod, daughter of Mr. and Mrs. J. S. MacLeod, of Bear River, became the bride of Joseph Potter, son of Mr. and Mrs. Frank Potter, of Bear River. The ceremony was performed by Rev. C. U. MacKinnon. The bride looked very lovely and youthful in a gown of coronation blue lace over satin, and carrying an arm bouquet of roses. They were unattended. Mr. and Mrs. Potter will reside in Bear River.

Miss Mary Anderson was a visitor to Yarmouth on Monday.

Mrs. Holloway is visiting her sister, Mrs. G. B. Adams, at Weymouth North.

### SERVICES AT THE UNITED CHURCH

Rev. R. L. Roach, formerly of Hebron, began his pastorate at Bear River on Sunday last. At the morning service he spoke from the text: "I am the way, the truth and the life." The choir rendered the anthem, "Lo, This is Our God." At the evening service he spoke from the words: "I can see these things be." A quartette, "This is the Old Story," was rendered by F. R. Harris, Mrs. Litchfield, Mrs. H. E. Harris and H. W. Purdy.

**Induction of the Pastor**  
Rev. R. L. Roach was inducted into the United Church of Canada on Friday evening of last week. Rev. Theodore Ross, of Kingston, chairman of the Presbytery, presided; Rev. C. U. MacNevin, of Weymouth, read the lesson and led in prayer; Rev. N. Cole, of Granville Ferry, gave the address; Rev. H. A. Browne, of Sandy Cove, gave the charge to the minister and congregation. Music was given by the choir, including an anthem, "Praise Ye the Lord," and a duet by Mrs. Litchfield and Mrs. H. E. Harris, "This is the Not Afraid." On the platform were Rev. S. F. Steeves, of the Baptist church; Rev. C. P. Henderson, of the Anglican church, and Rev. Mr. Howard, of Clements vale Baptist church, who all brought greetings from the churches they represented. At the close of the service the congregation met their new pastor and wife.

### HARD ON THE LOW INCOME CLASS

The notion that the automobile is a luxury and that taxes bearing on the motorist are therefore luxury taxes, should now be rather thoroughly discredited. But since the tax levying authorities will be more or less disposed to let it pass unchanged, the results of a recent survey of the income of average motorists may be properly called to their attention.

The small income of more than half the motor vehicle owners in the United States is \$1,500 or less. In Canada the average is a little higher, perhaps \$1,800. The average weekly wage of this group is \$35 to \$40. In any event the majority of Canada's 1,250,000 motorists are definitely in the low income class.

Out of this income they must pay automobile licenses and taxes, including levies on gasoline, a total of about \$60 a year on the average. In other words the motorist in the small income group works from 12 to 15 days a year for the automobile tax collector. He works one week to pay taxes on his gasoline and another week for the privilege of buying fuel for his car. One would assume that as a matter of common fairness a sizable part of the motorist's money would be earmarked to give him better travel highways or some quid pro quo for what he pays. But the irony of the situation is that only an inconsequential sum is used for this purpose. By far the biggest part is diverted to general revenues. This probably ranks as the most one-sided deal in the annals of government business.

## SHE DREADED GOING UPSTAIRS

### Woman's Fear of Rheumatic Pains

One of the many troubles that afflict rheumatic sufferers is the difficulty of getting up and down stairs. Such was the case with this woman, before she started taking Kruschen, but now she finds it no trouble. Read what she says:—  
"I have been taking Kruschen now for over 12 months, a half-teaspoonful in hot water first thing in the morning, and I feel a new woman. I had very painful rheumatism in my knees and back and also my head was getting very bad. I used to dread walking upstairs, now I am very thankful to say it is no trouble at all and I scarcely have any pains. I feel better in health than I have done for years."  
(Mrs.) G. M.

Two of the ingredients of Kruschen Salts are notable for their work in dissolving uric acid. Other ingredients of Kruschen assist Nature to expel the dissolved acid from the system.

## HEALTH

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

### PASTEURIZED MILK

Some ten years ago, one of the largest cities of Canada had a devastating epidemic of typhoid fever. In the course of a few months there were 5000 cases of the fever and more than 500 deaths. The outbreak created local consternation; it was of great international interest. Officials of health departments from all parts of the continent visited the city intent to learn the cause of the disaster. Committees were appointed to study the causes of the outbreak; there was thorough investigation made of the whole subject. Most of the cases of typhoid were on the route of a certain dairy. It was discovered that the dairy's pasteurization plant was defective. The outbreak and its results were rightly attributed to lack of care in the company's plant. The matter of pasteurization is not always understood by the public. It is simple. It means that the milk is heated (not boiled) to a temperature of about 145 degrees F. and maintained at this temperature for 30 minutes. The milk is then rapidly cooled to 40 or 50 degrees and kept at this low temperature until used. Pasteurization properly carried out, kills the germs of a host of diseases which may be carried by milk (including typhoid fever, scarlet fever, diphtheria, undulant fever, tuberculosis and cholera. In addition septic sore throat and the summer complaint of babies are frequently prevented by the use of milk which has been boiled or pasteurized, because the effect of boiling the pasteurizing of milk is much the same.

In the smoking department of a fast train speeding westward from the city in question a group of men were engaged in argument. The dominant figure in the argument was a very valuable Irishman, who like Irishmen at their best, was an admirer of British institutions. In every case he had the best of the debate.

"Someone in the group had the temerity to suggest that the epidemic of typhoid, referred to, might not have occurred at all if the city's milk had been properly pasteurized. This aroused once more the fighting instincts of the Irishman. 'Why,' he exclaimed, 'I wouldn't have pasteurized milk in my house. Look at me!' he cried. 'I'm one of eleven and nine of us are alive, and I'm not a bad specimen.' He wasn't. He was a fine upstanding figure of a man. He went on.

"Dye know what our mother fed us on?" he enquired; "I'll tell ye. She put a little milk in a porringer on the stove and brought it to a boil. Then she broke a little bread in it. That's what she fed us on." An elderly man in the group smoked his pipe. He had so far taken no part in the discussion. He remarked to the Irishman: "You should thank God for such a mother, for she fed you on milk that was the practical equivalent

lent of the pasteurized article." For once the Irishman was beaten, but he was a good sport.

"Sure," he said, "I didn't know what I was talking about. I'll never have another word to say against pasteurized milk as long as I live."

Pasteurization or boiling of milk are guarantees against milk-borne disease, but the pasteurization plant must not fail to deliver a proper product. If it so fails, there may be disaster.

Questions concerning Health, addressed to the Canadian Medical Association, 184 College St., Toronto, will be answered personally by letter.

## THE YACHT RACE

outside the Gut. There was a haze over the water which made things invisible beyond about three miles. About 1.15 a little darker patch on the haze proved to be the sails of the Zetes which was bowling along with every stitch drawing and making great headway. The two boats turned and accompanied her back to the Gut. The Rip-kide continued on into the Basin but Capt. Hayden turned and headed back into the Bay to meet the others. It was not long before another sail was sighted. It followed a few minutes later and was the Zetes. It proved to be the Canada and the Osprey and they were moving right along. They had sailed somewhat later than the Zetes and had kept a little further down the Bay. This gave the Canada at least a chance to pull up a few minutes in the Gut, the Zetes having kept a little too far on the Victoria Beach side causing her to make a long tack and to lose a part of the benefit of the tide. The Canada saw this and kept closer to the shore than the Zetes, taking the short tack in favor. This had a good tack about opposite Ratling Beach, enabled her to make better time in reaching the finish but not sufficient to give her the race. The Osprey, which was really in the best position of the three to

In the evening the visiting yachtsmen and the party accompanying them were guests of the Digby Board of Trade and the Board of Trade Cup was awarded the skipper of the Zetia who is also Honorary Commodore of the Saint John Yacht Club. Plans for making the race an annual event were discussed and Saint John yachtsmen hoped next year to have many more of their cabin cruiser type enter in the race.

The yachts sailed for home on Sunday morning.

D. H. Thurber returned to Boston on Tuesday.

## Weddings

An interesting wedding took place at 11 o'clock on Wednesday of last week, at the home of the bride's parents, Mr. and Mrs. Harry Weatherhead, Saint John, when their eldest daughter, Grace Lillian, and John Martin Bain, of Saint John, son of

Mr. and Mrs. Harry Bain, Digby, were united in matrimony by Rev. C. MacInnis, minister of the Carmarthen Street United church. The ceremony was performed under an arched canopy of wild roses, from which was suspended a mammoth floral bower. The bride entered the room with her father, who gave her in marriage, to the strains of the Brindal Chorus, from Lohengrin, as played by Miss Charlotte Heffer. She was attended by Miss Dorothy Woodley, the groom's maid was Fostel, the thurst. The bride wore a gown of pale blue satin made up princess line with a short train. Her hat was of matching material with trimmings of white and she wore white accessories, and carried a bouquet of lilies of the valley. Mr. and Mrs. Bain left on a motor trip through the province and on their return will reside in Saint John. For travelling the bride donned a green flannel suit with darker green mantle and a hat to correspond. Her accessories were green. The bride until recently conducted a hair dressing parlor.

A pretty wedding took place at the United Church parsonage on Saturday evening, when Beulah Mae, daughter of Ralph Nettitt, of Rossway, was united in marriage to Frederick Andrew Cain, of Waltham, Mass. The ceremony was performed in the presence of immediate friends and relatives by Rev. Dr. Hodgeson, pastor of the church. The double ring ceremony being used.

On Wednesday afternoon June 23, a very pretty wedding took place under an arch trimmed with fern and mock orange, on the lawn of the bride's parents. Mr. and Mrs. Freeman Hilt, Kingston, N. S., when their only daughter, Myrtle Mary, was united in marriage to Arnold

the marriage to Arnold Leach, a resident of 1001 E. 12th St. and Mrs. Hantford Marshall, of South Range, Digby Co., Rev. A. MacLeod performed the ceremony and was assisted by Rev. T. Ross, both of Kingston. Miss Ethel Banks of Margaretsville acted as bridesmaid. The groom was attended by Dr. Oran H. H. brother of the bride. The wedding march was played by Miss Herbert Kershaw, of Kingston. Delicious lunch was served about seventy guests, with pouring of the bride and groom tea. They left for their trip to the South Shore by the 10:30 a. m. train. Friends from Deerfield, Bridgewater, Italy and Wauville. Many useful presents were received, including a new china and money. On their return home a shower and reception was held at the home of the groom's parents, where

## A TRIBUTE

It is not often that a county loses so many prominent citizens in such a short space of time, as Digby County has during this season. Among them we note particularly Harry B. Short and Stanley A. Keen, of Digby, and A. H. Thurber and F. H. Lent, of Freeport—all outstanding men in both business and political life. Mr. Short's death took place some weeks ago; A. H. Thurber and F. H. Lent both died during the last week in June, the first name following a long illness, and the latter very suddenly. Both had made their marks on the business life of Freeport, although Mr. Lent retired from active business life some years ago, when he was appointed postmaster. The death of Stanley Keen took place on Sunday with startling suddenness. He had

been watering his roses in which he took great pride, and as he turned away dropped dead before he reached the road. All will be greatly missed in their several spheres of life. They were good citizens, always ready to work in the best interest of their communities and their work will live after them.

### ST. GEORGE LODGE

The officers of St. George Lodge, I. O. O. F., for the present term, were installed last Friday night, by J. J. Wallis, D. D. G. M. They are as follows:—  
N. G.—A. Reginald Turnbull.  
V. G.—R. K. Beckwith.  
R. S.—A. R. Turnbull.  
P. S.—A. J. Dillon.  
Treas.—H. M. Turnbull.  
Warden—Lloyd H. Wright.  
Com.—Bryson M. Denton.  
Chap.—E. Keith Potter.  
R. S.—L. H. Trask.  
L. S.—Guy D. Dunn.  
S. N. G.—R. B. Lent.  
L. S. N. G.—Gerald E. Syda.  
R. S. V. G.—Kenneth Woodman.  
L. S. V. G.—B. R. Fleet.  
J. G.—R. E. Dunn.  
O. G.—H. B. Marshall.  
J. P. G.—Wm. J. Franklin.

As a result of a meeting held in Victoria Beach, after church, Sunday evening, by J. J. Wallis, D. D. G. M., and A. R. Turnbull, R. S., it is expected that there will be quite a delegation of members and former members at lodge tonight. It is hoped that there will be a good attendance of local members.

### FIRE AT MOUNT PLEASANT

An alarm of fire called the Digby Fire Department to Mt. Pleasant about 8.30 Saturday morning for a bad blaze in the barn of Lloyd Handsaker. The origin of the fire, which was discovered in the eastern corner of the barn floor, is unknown.

The barn contained a large quantity of hay, three tons having been stowed in the mow Friday afternoon. When discovered, all the livestock with the exception of a pig, had been turned out sometime previous. Mr. Handsaker succeeded in getting the pig out to a pasture.

His presence of mind doubtless saved him a total loss. Some little distance from town, he realized it would be a matter of several minutes before the firemen could arrive, and to prevent drafts, closed tightly all doors and windows. In doing this, he suffered a few burns, and had his hair badly singed.

Mount Pleasant, although outside the limits of the town, enjoys the privilege of town fire protection. The water mains from Lily Lake, which brings Digby its water supply pass through the village, and a few years ago the town granted a request of the villagers to give them fire protection.

### CHANGES IN THE ROMAN CATHOLIC CLERGY

The following appointments and transfers among the Roman Catholic clergy are of interest to the people of Digby County. They are among those announced last Friday by the Most Rev. Thomas MacNally, and will go into effect the first Sunday in August.

Very Rev. Emile Bourneut, Parish Priest at St. Bernard, to become pastor at Meteghan, with the title of Dean.  
Rev. William A. Penny, former parish priest in this parish, appointed to Yarmouth, as successor to the late Rt. Rev. Agr. Young.

Rev. Elie LeBlanc, pastor of the West Chezzetcook church, transferred to St. Bernard, and Rev. Adolphe LeBlanc, administrator of the Yarmouth parish has been appointed pastor at West Chezzetcook.

Rev. Arcade Theriault, of St. Theresa's, Halifax, goes to Yarmouth as assistant pastor. Rev. Nil Theriault, assistant at Yarmouth, has been appointed to assist at Rev. Agr. Comeau, at Hamilton, Bermuda.

## Jack Harris, of Halifax, New Provincial Golf Champion

Young Jack Harris, of Ashburn Club, Halifax, is Nova Scotia's new Amateur Golf Champion, coming in at the end of 72 holes played on the Pines Golf Course with a score of 312, six strokes better than Dr. Jarboe, veteran Chester golfer, who tallied 318 for the 72 holes, in the Provincial Tournament played over this course Monday and Tuesday of this week.

At the end of Monday's 36 Harris stood second with the 24 golfers then in the field, Dr. Jarboe leading by three strokes. Harris succeeded in overcoming this lead on Tuesday, and came in with six strokes to good.

The tournament was one of the smallest in the history of the association. Only 24 entries on the first day—and all but nine of those dropped out for the final eighteen holes on Tuesday, although twenty brave golfers sallied forth in the heavy rains of Tuesday morning. Of the nine local players who entered the first day, three stuck it out until the end.

Leaders at the close of Monday's 32 were Dr. Jarboe, Chester, with 150; J. K. Harris, Ashburn, with 153; R. C. Dushemin, Ashburn, with 154; J. M. Matthews, Chester, with 164; C. M. Cain, Yarmouth, and G. K. R. Lynch, Digby, both with 165; G. M. Hope, Ashburn, L. M. Morton, Yarmouth, and J. Keen, Digby, all with 170. Matthews and Cain, both former provincial champions, dropped out of the tournament on Tuesday. Final results of the five who saw it through, in spite of heavy rains, are as follows,

J. K. Harris, Ashburn, 38, 37, 40, 38, 40, 41, 38, 40—312.  
P. C. Jarboe, Chester, 37, 37, 38, 38, 42, 43, 43—318.  
R. C. Dushemin, Ashburn, 39, 37, 36, 42, 42, 50, 41, 43—330.  
L. M. Morton, Yarmouth, 40, 45, 41, 44, 42, 44, 46, 40—342.  
G. K. R. Lynch, Digby, 43, 41, 41, 44, 42, 44, 46, 42—342.

J. Keen, Digby, 45, 45, 39, 41, 43, 52, 54, 55—374.  
E. C. Wilson, Yarmouth, 44, 47, 44, 48, 53, 56, 51, 51—394.  
L. Hayden, Digby, 49, 50, 50, 45, 53, 51, 51, 51—397.  
L. H. Norman, Garsbrook, 50, 51, 51, 45, 52, 58, 52, 53—412.

In the professional's tournament Jim Rimmer, of Ashburn, came out ahead, leading Foley, of Yarmouth, the runner-up, by 15 strokes. In spite of weather, Rimmer played an excellent game throughout, except for the out nine of the last 18, when he chalked up a 50; however, he came in with a par 36. The professional scores were:

J. Rimmer, Ashburn, 36, 36, 36, 38, 37, 37, 50, 36—306.  
Foley, Yarmouth, 42, 43, 44, 41, 36, 40, 40, 42—320.

## TOURIST SEASON IMPROVING

Summer tourists are arriving in Digby and surrounding villages now in large numbers, and in a short time it is expected the many hotels and summer cottages in this vicinity will be filled. From all indications the season this year will surpass any season for several years past.

Many of the visitors are arriving by auto, a fair proportion of them with trailers attached to their cars. Some of the trailers that have stopped are wonderfully equipped, and contain almost everything necessary for "light housekeeping". Beach wagons, similarly equipped, although not as plentiful as the trailer, are not uncommon.

Digby's season is just getting a good start, the visitors this year, as in the past, appear to have put off their vacation trips until after the fourth, however, most of those who maintain summer homes, and have been annual visitors for years, have arrived, some, coming very early in the season.

There have been also a great many visitors arrive even at this early date who are making their first visit to the Maritime Provinces, and who have expressed their delight with the country, its people, and its scenery. There are those who came with the intention of stopping a day or so, changed their minds, and spent the summer months in the vicinity, and who have expressed their intention of returning again another year.

## CROPS ARE GOOD

Farmers in Digby County have commenced to gather in their upland hay crops, and the crop this year is said to be one of the heaviest in some time, even exceeding last year's which was claimed to be the largest in fifteen years.

Last year's crop however, was the first big crop for three years, and was greatly welcomed after exceptionally poor crops for the three years previous. In conversation with one farmer, the press was informed that the hay crop in Digby County has a habit of running in cycles, three good years, and three bad years, the last year of each cycle being the poorest or the best. Whether or not other farmers agree with him remains to be seen.

On the whole all crops are making good progress. This has been a season of sunshine and ample rains, the rains, for the most part falling at night. Farmers' fields in all parts of the country are looking well, although it is feared the rains will not have any too good effect on the potatoes.

Strawberries are about over for the season, and early cherries are coming on the market. Cherries are expected to be quite plentiful in the Digby and Bear River districts.

## THE NEW THEATRE

Work has been started on Digby's new \$25,000 theatre building to be erected on the site of the Warner Block destroyed by fire in January, 1935. Considerable progress has been made already in building the cement forms for the foundation. This building, when completed, promises to be one of the most modern of its kind in western Nova Scotia.

The erection of this building will mark the erection of the second business block to be built in the town this year. Early in the spring work was commenced on the block at the corner of Prince William and King Streets, near the D. A. R. station, which was opened a short time ago. This new two storey block is about 70 feet long, and for the most part is occupied by the Scotia Restaurant with rooms on the second floor for

tourists and transients. J. Z. Rosenthal's store occupies the portion of this building facing Birch Street.

In addition to the two buildings mentioned, several residences and cottages have been constructed or are under construction at the present time, with promise for more to be erected before the end of the summer.

## COMPLETE LINE LALLEMAND'S YEAST NOW AVAILABLE

Back of many successful businesses, there is often an interesting story and in an interview Mr. Fred Lallemand outlined something of the story of the success and growth of the Fred A. Lallemand Refining Company, a story bound up with that of Yeast. Founded in Montreal in 1853 by the late Mr. Lallemand, the Company, until comparatively recently, has sold its yeast only to bakers, confectioners, etc. Its business has grown steadily as this trade appreciated the purity, strength and uniform high quality of Lallemand's Yeast, and its delivery—fresh—perfect condition. Operations were extended right across Canada, from the Atlantic to the Rocky Mountains.

The Lallemand Company, realizing that the marketing of their quality yeast in the form of small fresh yeast cakes, and of dry yeast cakes, would be of service to the public, first introduced the small fresh yeast cake, marked by the green diamond-shaped label, and just now have completed the line by producing a package of dry yeast cakes, distinguished by a crown

ing rooster design. In order to manufacture these dry yeast cakes, an additional and very modern new factory was built.

Mr. Lallemand added that yeast is a very sensitive product. It is composed of thousands of living organisms, and its production and distribution offer an interesting, delicate task—one calling for much skill, knowledge and organizing ability.

## AT THE SEA BREEZE

The management of "Sea Breeze Hotel, Deep Brook, anticipates a very busy tourist season. Since opening June 1st, large numbers have registered, beginning with the Students Conference. The Study Group, led by Dr. and Mrs. H. L. Bronson, Halifax, arrived at Sea Breeze July 2nd, for their annual two weeks period of study and recreation. This is their third successive year at Deep Brook. Besides Dr. and Mrs. Bronson the group includes: the Rev. and Mrs. Peter Walker, Plaster Rock, N. B.; Mr. Colpitt and the Misses Enid Johnson and Bernice Robb, Halifax, N. S.; the Misses Verda Robertson, Helen Dick and Muriel Israel, Cape Breton, N. S.; Miss Alice Murdoch, Saint John, N. B.; Miss Fernie Sewell, Fredericton, N. B.; and Messrs. Lloyd and Leslie MacPhattie, Weihwei, China. Other guests include: the Misses Alice and Gertrude Davidson, Rotheray, N. B., constant visitors since 1921; Mrs. Florence Kent, Newton Centre, Mass.; Mr. and Mrs. Peter Kennedy and son, Toronto, Ont.; Mr. and Mrs. W. Smith, West Orange, N. J.; Helen E. Wall, New York; Mrs. Wallace McIntosh, Quincy, Mass.; L. A. Hartley, Cambridge, Mass.; and H. E. H. Linger, Toronto, Ont.

Mrs. T. L. Simmons, Ottawa, Ont., accompanied by Mr. and Mrs. Alan Simmons, arrived at Sea Breeze July 8th, for her annual visit. Dr. and Mrs. DeWitt, Wolfville, were visitors last week. Other arrivals include: Mrs. M. L. Taylor, Hartford, Conn., who joined the study group for the remainder of the period. She was accompanied by Miss E. Joyce Janer, also of Hartford. Mr. and Mrs. C. Russell Johnson and daughter Mary; Mr. and Mrs. L. D. Morris, accompanied by Miss Marian and Master Edmond Morris and Mrs. J. H. Conn, all of Halifax, arrived July 10th for their annual vacations.

In addition the registrations of transients still continue far ahead of last season, and indications are that this will be the best season since 1931.

## ASHMORE

Mr. and Mrs. G. L. Coggins, of Weymouth North, visited the latter's parents, Mr. and Mrs. George Doty, on Sunday. Elvin Marshall has gone to Deep Brook for an indefinite time.

HEALTHY

## DIABETES

The human machine is a sort of furnace. Human beings burn the stokers. Food is the fuel. Sometimes the wrong fuel or an excess of fuel is used. Certain diseases result from the mis-use of the fuel or of using some of the fuel to excess. Sometimes the machine breaks down and cannot burn even the best of fuel.

Diabetes is a disease in which there is improper burning of the fuel supplied as food.

In addition to water, foods are of three classes: the proteins, such as lean meat, and the white of egg; fats, such as exist in butter, cream, nuts, yolk of egg; and the fat of meat; carbohydrates, including starches and sugars. The latter are found in bread and cereals, in vegetables, such as potatoes and corn, and in fruits.

These foods are taken into the

body, there to be broken up by the digestive juices, absorbed through the wall of the intestine and carried by the blood to nourish the tissues of the body.

In the process of metabolism, that is, the proper burning up of the food taken into one's body, the full amount of energy contained in the food is supplied to the body. If metabolism be disordered, there is improper burning of the food. One of the diseases of disordered metabolism is known as diabetes.

There is a small organ in the abdomen called the pancreas, the chief function of which is to secrete a substance known as insulin. If insulin be deficient in amount, little of the starches and sugars can be burned. Insulin seems to be necessary to oil the machinery, as it were. When the carbohydrates are not burned, they accumulate in the body, causing thirst. In consequence the patient drinks large quantities of water and, of course, passes urine frequently. The urine contains the sugar which the patient is unable to use. As the body is not properly nourished, he is hungry and moreover loses weight, strength and vigor. He may develop boils and in aged persons gangrene may follow a slight injury such as the paring of a corn.

The basis of treatment is regulation of the diet. This, as well as the use of insulin, should be prescribed by a physician.

Insulin is a crutch, not a cure. The diabetic cannot manufacture enough insulin for his needs, artificially supplied insulin takes the place of what the normal person makes for himself. If, in many cases, a God-send.

Questions concerning Health, addressed to the Canadian Medical Association, 184 College St., Toronto, will be answered personally by letter.

## CLOSING EXERCISES AT NEW CONWAY SCHOOL

The annual closing of the new Conway school was held in the school room on Friday evening before a large audience. The programme was under the direction of the teacher, Miss Georgina Hill, and was divided into three parts. The religious consisted of motto, creed, repetition of several psalms and hymns; the educational consisted of exercises by the primer class, spelling, reading, arithmetical and geographical; and the social consisted of dialogues, musical selections and stories, the prize for the best story going to Doris Mansfield.

Addresses were given by the secretary of trustees, William Barton; Adolphus Cromwell, W. C. Tucker, Rev. Dr. Hodgson, and Leonard Christmas, followed by a few remarks from the teacher. Many words of appreciation were spoken of Miss Hill for her work during the five years she has had charge of the school, and best wishes for her future happiness were expressed.

## KIDNEY TROUBLE Causes Backache

To neglect the first symptom of kidney trouble might lead to very serious results. Your kidneys contain thousands of little filters, each one having special work to perform. If some of these filters become clogged, poisons and uric acid enter the blood stream. The result is a backache, a dead, heavy pain. The uric acid deposits a fine granule in the joints, causing a pain known as rheumatism. Nox Kidney Flushers really flush the kidneys, placing them in a healthy, sound condition. No more getting up at night—no more backache! That shallow complexion is replaced by a natural clear skin. Your eyes become bright and your headaches disappear. Each package of Nox Kidney Flushers contains a full month's treatment. There is only one Nox Kidney Flusher—they improve your entire general health. Your Kidneys and Liver will function perfectly. Why not start today on the road to good health—let Nox Kidney Flushers bring you good health—For Sale at P. W. Holdsworth's Drug Store, Digby.

## Obituary

### Mrs. Robert Parks

Relatives and friends of Edith Parks, of Tiverton, were greatly shocked to learn of her very sudden death which occurred at the Kenmore Hotel, St. George, N. B., on Thursday of last week. Her remains arrived at Tiverton on Sunday, accompanied by her two sisters, Mrs. Earle Watson and Miss Rebecca Robbins, and taken to the home of her parents, Mr. and Mrs. Judson Robbins. She was 27 years of age and leaves many friends to mourn her loss. She was a member of the Baptist church. The funeral took place from the church on Monday. Revs. Mr. Wakeling and Mr. Derby officiating. The hymns sung were "Abide With Me," and "Some-time We'll Understand." A duet was rendered by Mrs. Ruby Haines and Miss Evelyn Finigan. "The Beautiful Garden of Prayer," a favorite hymn of the deceased. The floral offerings were beautiful. She leaves to mourn her sorrowing parents, four sisters, Mrs. John Watson, Maribelle, Mass.; Mrs. Earle Watson, Black's Harbor, N. B.; Miss Rebecca Robbins and Miss Phyllis Robbins, Tiverton; one brother, Bernard, Tiverton. Mrs. John Watson arrived a short time before the funeral and will remain with her parents for a short time, and Miss Vera Cross, of Black's Harbor, a friend of the deceased, was here to attend the funeral.

### Edas Barr

The village of Harlem lost a well known citizen a few days ago, when Edas Barr, the oldest resident of the place, died after but a few days' illness. He was a little over 93 years old and had been active up to the last. He was one of the greatest moose hunters in the county. His wife predeceased him by 13 years and he leaves but one sister, Lucinda Spavold, aged 91. Interment was in Harlem.

## ROAD CONSTRUCTION

Trucks and graders, gravel, stones, Squeaks and creaks, moans and groans.  
All day long and half the night—  
The noise we hear, an awful fright!  
Dog just hit, he howls in pain!  
Whirls and corkscrews in your brain!  
Full trucks coming, empty going!  
Stones so huge, dust a-blowing!  
Life is like a busy ant hill.  
Rushing, crushing, never still.  
But in time will come the highway,  
Oh that glad and happy day!  
For our shoes and feet are worn out,  
Tires on bikes and cars are torn out.  
Sad and aching story!

This is not a pretty tale.  
'Tis just a string of facts!  
The best is yet to come, they say?  
We live in hopes! Perhaps!

## Hikers Take The Sky Line Trail

Peter Whyte, prominent Banff artist whose paintings grace many drawing rooms in Canada and the United States, will lead the Sky-Line Trail Hikers of the Canadian Rockies on a most interesting four-day holiday this year to Larch Valley near beautiful Mt. Mealy Lake and the Valley of the Ten Peaks.

Plans have been completed for the annual outing, from August 6 to 9, of this unique organization which seeks out the loveliest spots in the Canadian Rockies and spends four healthy, happy days on Banff's more touring the valleys, alpine meadows, and rocky country above the timberline.

While hiking is a popular all-summer sport at Banff Springs Hotels and Chateau Lake Louise, the Trail Hikers give credit for popularizing beauty spots off the beaten trails. Like explorers of old, they comb the country for vantage points to witness a spectacular sunset or sunrise, for camera shots to take back home as trophies, and for lakes where the trout bite freely. With a central camp in Larch Valley, the Sky-Line Trail Hikers of the Canadian Rockies will spend their official four-day outing in leisurely jaunts through this particularly interesting section of the Rockies. On the closing evening they will have a pow-wow and election of officers.

### AUTOMOBILE TAX OUT OF PROPORTION

The authority which governments take to impose legal prohibitions on business, might with propriety sometimes be applied to themselves.  
Is there any tenable argument, for instance, why car owners should be singled out as the victims of the persistently frequently budget-boistering grabs of the taxing authorities. The motorist of small income gives from 12 to 15 days of his year's work to pay taxes clamped upon him simply because he owns a car. This was the recent finding of a survey conducted by the American petroleum industries, the accuracy of which may be challenged in some quarters on the ground of bias.  
But the motorist will suspect it may be on the side of conservatism. He does not need to be told that over Canada as a whole the automotive tax burden he now bears, is out of all proportion to his income. Neither does he need to be told that the levy on gasoline is an undisguised sales tax on a necessity for thousands in his income class. Nor does he require an adding machine to prove to his satisfaction that it falls heaviest on the man of moderate means who can least afford to pay it.  
His plight would be bad enough if his money were used for his benefit. But when most of it is diverted to other purposes, surely as a matter of common fairness, there ought to be a legal prohibition against such wholesale diversion.

Mr. and Mrs. Frank Wightman are visiting relatives at Port Greville.

### SOME GOOD ADVICE

To Horace Greeley, the famous editor, a woman once wrote: "Our church is in dire financial straits. We have tried every device to keep it going: fairs, strawberry festivals, oyster suppers, a donkey party, turkey banquets, Japanese weddings, mock marriages and box socials. Will you please tell us, Mr. Greeley, what we can do to keep our struggling church from dissolving?" The editor replied: "Try religion."

Mr. and Mrs. Carol Snell and son Herbert, are spending the holidays at the home of Mr. and Mrs. John Combs.

Miss Anna McKewan left on Saturday for New York.

## PAINS ALL OVER HIS BODY

### Kruschen Made Him Feel a New Man

Read the experience of this man who had rheumatism so badly that at times he was prevented from working:—  
"About 10 months ago," he writes, "I suffered terribly with rheumatism and neuritis. The pains were all over my body and some days I could not even get up from bed to go to work. A friend visited me and suggested that I should try Kruschen Salts. I did so, the result being that the pains seemed to gradually disappear. I have been going to work ever since without a break, thanks to Kruschen Salts, and I feel a new man." A. R.

Rheumatic conditions are frequently the result of an excess of uric acid in the body. Two of the ingredients of Kruschen Salts are notable for their work in dissolving uric acid. Other ingredients assist Nature to expel the dissolved acid from the system.

### W. M. S. MEETING

The meeting of the W. M. S. of the United Church, Bear River, convened at the home of Mrs. Harry E. Harris, on Friday last, the president, Mrs. George Crouse, in the chair. A special effort was put forth to make this meeting more interesting, in honor of Mrs. R. L. Roach, the new pastor's wife. A duet, "I Would Be True," was rendered by Mrs. Roach and Mrs. H. E. Harris. At the close of the meeting lunch was served. Mrs. Harris was assisted in serving by Mrs. F. Burrage and Mrs. J. T. Davidson.

### Weddings

**Kaulback-Oickle**  
A very pretty, but quiet wedding was solemnized at the Baptist parsonage on Sunday morning, by Rev. S. F. Steeves, pastor of the church, when Mary Louise, daughter of Mr. and Mrs. George Oickle, became the bride of Chester H. Kaulback, son of Mr. and Mrs. Stephen Kaulback, of Victoria. The bride was given in a rose-beige crepe dress, trimmed with beige lace and accessories to match. She was attended by Miss Hazel Oickle, a sister. After a short motor tour of the province, the happy couple will reside on Pleasant Street, Bear River.

## Popular Ontario Holiday

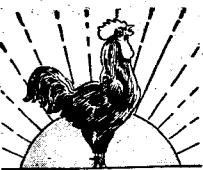

Summer life in Ontario is centred, as far as possible around the thousands of lakes ranging in size from the great "Inland Sea" that mark the southern boundary, to small, unnamed lakes in the northern hinterland. Fishing, swimming, and boating are the chief pastimes with golf, tennis, riding and hiking as leading land sports.

Search for a perfect holiday like this is what makes bungalow camps like those at French River and Devil's Gap near Kenora so popular. Their location, not far from the city yet in unspoiled heavily wooded lake country, gives them undisputed advantages. The Canadian Pacific Railway's chalet-bungalow camps at Devil's

Gap and French River are outstanding examples of this type of holiday resort. Fishing is excellent for "muskie", great northern pike, large and small mouth bass, trout and other game fish. The camps have their own houses, sunning plants, and electric light plants.

**"Raises the dough of the finest bread"**

Lallemand's have been making fine yeast for years. First they made it for bakers, now they make it for the public too. They make it in two forms—dry yeast and fresh yeast. The dry yeast comes in cakes, 1 lb. to the package with the crowing rooster—the fresh yeast goes to the bakers in a large cake, to dealers in a smaller cake with a green diamond-shaped label. And whenever Lallemand's yeast is used, it raises the dough of the finest bread!

Try Lallemand's. It is a real Canadian Yeast that can be relied on. Its strength and purity is uniform—sealed in. Ask your grocer, or write our office for FREE sample dry yeast cake.

# First Watches Were Made in Germany, About 1500

It is generally agreed that the first man to make watches was Peter Henlein, an expert mechanic and locksmith of Nuremberg, Germany. About 1500, shortly after Columbus discovered America, he set himself to produce a small clock. For motive power he introduced the main spring, and with this as a basis produced little clocks—"watches" as they came to be known—which would fit in the pocket or the purse.

We call an old-fashioned watch a "turnip" because it is so thick; but that is nothing compared to Peter Henlein's production, asserts a writer in the Washington Star. They were almost round, and when they were sold throughout Europe they became known as "Nuremberg eggs." Soon expert-mechanics in other countries were making them—strange-looking devices, round or drum-shaped, with no crystal on the face and no winding band, and a chiming apparatus to strike the hours. They were not very accurate; people still relied on sun dials for really correct time; but the watches came as jewelry—and a watch has remained a jewel to this day.

Kings and queens owned them. Queen Elizabeth and her court carried watches around their necks as their hats—to match their various costumes.

## Indians of the Jungle

**First as Rubber Tappers**  
Savages of South America had rubber shoes, bottles and balls before Columbus was born. An Indian in the jungle tapped a rubber tree and from the milk or latex made what he wanted directly. He simply cut a latex coupler out of dry on a form, states a writer in the New York Times.

European technicians developed more complex methods not because the natives ignored them, but because latex does coagulate spontaneously at times. In fact, this tree-milk is much like blood. It clots. So for generations European and American manufacturers have had to make their rubber goods from crude rubber or huge clots of latex. Such a clot can not be brought back to its original state than dried blood. Hence the necessity of chewing or kneading crude rubber in powerful masticating mills and manipulating it in machines of a dozen different kinds before it is possible to produce satisfactory rubber shoe or not water bottle.

In spite of this expensive and troublesome kneading and chewing of crude rubber, the finished articles are not quite so good in some respects as those made by savages in the Amazon forests. Our rubber products are well made, but the Indians are tougher and stronger.

## England's Government

The supreme legislative power of the British Empire is vested in a Parliament which is dominated by the House of Commons, of which the premier is the responsible head. Parliament is summoned by writ on the king on the advice of the privy council, and the king opens and closes each session. The king has a right to veto bills passed by both houses of Parliament, but this practice has been obsolete, as custom has decided that he must sanction every bill which Parliament approves and resolves to make law. Whatever the theoretical powers of the king may be, they are unquestionably limited to his personal influence over his ministers.

## First Submarines Were Small

The first submarines were small affairs. The very first, built in 1620, was merely a large wooden row-boat, decked over and made watertight by a covering of tight, well-greased leather. King James, of England, traveled under water several hours in one of the strange craft, propelled by 12 rowers. A similar submarine, built a few years later, was equipped with several leather bottles. Water was admitted into the bottles to make the craft submerge. To rise to the surface, the inventor squeezed out the water with a lever and bound up the neck of each emptied bottle with a string.

## First Precious Stone Lovers

So far as is known, the Sumerians, earliest inhabitants of Mesopotamia, were the first nation in history to recognize the ornamental value of semi-precious stones, and to understand and practice the art of stone-cutting for the purpose of making beads, cylinder seals, signet rings, beads and other jewelry. Great quantities of beads of agate, carnelian and lapis lazuli were excavated years ago from the ruins of the ancient Sumerian city of Kish by the Field Museum-Oxford university joint expedition to Mesopotamia.

## The Serbian Tragedy

King Alexander of Serbia and his wife, Queen Draga, were assassinated in their palace in Belgrade on June 10, 1903, as the result of a military conspiracy. Draga was a former lady-in-waiting to Alexander's mother. She was the widow of an engineer named Mashin, and was 10 years older than the king. The king's reactionary parents had for years made him unpopular.

## Charleston Holds Claim of "Most Historic City"

Charleston claims to be "America's most historic city." In 1670, 'those who settled Charleston planned not a frontier post, but a great city.

In July of 1774, at the meeting of the Provincial congress in Charleston there was set up the first independent government in America. On nearby Sullivan's island at what is Fort Mifflin the great British forces under Sir Peter Parker were defeated in 1776, for the colonists' first decisive victory of the Revolution. In Charleston harbor nearly a hundred years later occurred the shot that precipitated the great Confederate war.

From this seaport in 1784 the first shipment of cotton to Europe was made. Here in 1830 the "Best Friend," first steam locomotive train ever to operate in America regularly with passengers and freight, made its maiden trip. In 1735 the first fire insurance company in America was begun and in 1822 the first fireproof building was erected. The first submarine ever to be used in warfare was Runley's boat, used by the Confederates in 1863. Charleston's streets have been trodden by a long procession of adventurers, pirates, soldiers, statesmen, men of affairs and prominence, artists, historians, painters and poets.

## Folklore of Agates Is Held Most Interesting

Of all the folklores surrounding various gems, jewels and semi-precious stones, that connected with agate is one of the most interesting, says the Chicago Field Museum News.

In ancient Persia the Magi believed that agates could stop a storm or hurricane. In this superstition the stones were thrown into a boiling cauldron, and if they turned the water cold they were regarded as possessing the necessary magical powers. The idea of the Magi, the stones, to be really efficacious, had to be fastened with lion's hair; they rejected hyena's hair as being provocative of family discord. An agate containing only one color was believed by the Magi to render an athlete invincible.

In ancient Crete certain varieties of agate were held sacred and regarded as capable of healing wounds inflicted by spiders and scorpions. This theory was credited even by the ancient scholar Pliny, who took an interest in the superstition. In Sicily where many agates are found, scorpions actually do lose their venom. In India, among the Mahometans, there was a widespread belief that agate had the power of stopping the flow of blood, presumably because of its blood-red color.

## Celiba, Cuba's Peace Tree

The celibas do not grow as tall in Cuba as in the Bahamas but they grow more prolifically. The tree is an evergreen, and has a thick bark marking the spot where Cuba's first mass was said is a celiba. Its peace tree is a celiba. In Yucatan, the celiba is both a tree and a plant. One of the pet hobgoblins of the Maya is the x-tal, which appears in the form of a beautiful young woman in a fine huipil, and with long hair. She induces a young man to follow her into the bush and there chokes him to death. The x-tal is identified with the celiba tree. It is her home.

## Trees, Flowers of Bible Times

The International Bible Encyclopedia lists the following trees and flowers as growing in gardens in Palestine in Bible times: Oleander, vitex (species of verbenae), plane, carob, hawthorn, sumach, laurel, rose, myrtle, bullock, scabiosa, squilla, thistles, acacia, arbutus, oleaster, styrax (musk orange), Judas tree, caper, rockrose, villosus (poplar), cypress, cypripedium, anemone, ranunculus, gladioli, iris, orchids, flax and borage.

## Use for Fungi

A number of lesser known chemical products are prepared through the agency of fungi. The gallic acid used in the most permanent and expensive inks is extracted from gall nuts after they have been acted upon by ordinary molds. A highly specific fungus converts sugar into gluconic acid, the calcium salt of which is an important drug, or rather food, in the treatment of calcium deficiencies in the body.

## Doubt as to Date

Shortly before the Civil war a Massachusetts Supreme court reversed a conviction because its eminent justices claimed the prosecution had not made the date of the crime complete and understandable. The record merely read "the 15th day of July, 1855." It did not state whether the year was 1855 A. D. or 1855 B. C.—Collier's Weekly.

## Goatherd Finds Oracle Site

The site of the oracle at Delphi, Greece, was discovered, legend says, by a goatherd who found his herd crying and prancing wildly about a chasm from which issued a stream of intoxicating air. The priestess who made the prophecies of the oracle used to sit over this out either the chasm itself was legendary or it has disappeared in modern times.

## Turner Societies Have Long Been in Existence

The first Turner hall in the United States was opened in Cincinnati on New Year's day, 1850. Within a few months Turner societies were begun in a half dozen other cities, and before the year had come to a close a convention had been called in Philadelphia at which the Union of Turner Societies of North America was founded, the parent of the American Turner societies, a writer in the Detroit Free Press.

By the time of the Civil war Turner societies were strongly entrenched in every community in the United States which could boast a German population, and there were few of any size that couldn't.

Despite the fact that their ideals were wholly social and athletic and had no contact with political activities, the Turners nevertheless found themselves involved in the "Know Nothing" agitation of the 1850's. The "Know Nothing" movement, which began as a political opposition movement, was captured by a lawless gang element which used it as a weapon for the persecution of the foreign-born element, especially the Germans and the Irish.

In self-defense the Turners banded into militia companies to protect their lives and property. Many lurid street battles took place in Philadelphia and other Pennsylvania centers of German population. But when the agitation at last died down, the Turners returned to their games and singing contests.

## Stradivari First Maker of the Perfect Violin

There was he who brought violin making to its perfection. How many instruments he actually made is unknown, but more than 500 violins and 50 violoncellos have survived.

Although his violins have been studied, piece by piece, no one has been able to say definitely what gives them their superior tone, states a writer in the Washington Post.

One expert claims that it is due to a uniform thickness and weight in the wood in all parts. Another says it is due to good construction, and a few even think that the very air of Cremona, Italy, his birthplace, had something to do with it. His greatest advantage, however, is generally regarded to have been the varnish, the secret formula of which died with him and is unrecoverable. The varnish was soft in texture, shading from orange to red.

## SEABROOK-ROXVILLE

The strawberry festival held on the Roxville church grounds Wednesday of last week was a decided success and we all are grateful indeed to those who helped in any way to make it successful. The sum of \$24.30 was realized, which will go towards further repairing of the church.

### Obituary

#### Stanley A. Keen

Stricken with a sudden heart attack, Stanley A. Keen, one of the town's best known citizens, dropped dead within a few feet of his funeral parlors on First Avenue, about 5.30 Sunday afternoon. The late Mr. Keen was a past president of the Nova Scotia Undertakers and Embalmers Society, and was well known in his profession throughout the entire province. He was a son of the late James M. Keen and of Mrs. Minnie (Rice) Keen, who survives him, and was born in Digby. Besides his undertaking business, which he took over from the late Fred Rice a number of years ago, he was proprietor of the Jewellery Store of James M. Keen & Son. He took a great interest in civic affairs, and at one time was a member of the Digby Town Council. In politics he was a staunch Conservative and at the time of his death was secretary-treasurer of the party organization in this county. The late Mr. Keen was also a member and Past Master of King Solomon Lodge, A. F. & A. M., Digby, and a Past Grand officer of the Grand Lodge of Nova Scotia. Although not a member of the church, he played an important part in the work of Holy Trinity Church here. Funeral service was held from the church on Wednesday afternoon with members of King Solomon Lodge in attendance and officiating at the grave. Rev. E. M. Caldwell, pastor of Holy Trinity Church, assisted by Rev. A. E. Gabriel, of Bedford, a former rector and friend of the deceased, officiated at the church service, which was very largely attended. He never married, and is survived by his mother with whom he resided. Dr. F. E. Rice, of Sandy Cove, is an uncle. Mr. Keen's death came as a distinct shock to the community. He had been in apparent good health, and on Sunday afternoon spent considerable time working with his roses on his First Avenue property, leaving about

5.30 to go home to supper. He was barely off the property when he was stricken, and died before medical aid could reach him.

### Weddings

#### McIntosh - Frost

Little River was the scene of a wedding of unusual interest on Wednesday afternoon, when Helen Blanche, only daughter of Mr. and Mrs. Archess Frost, was united in marriage to William A. son of Mr. and Mrs. A. B. McIntosh, of Saint John. The ceremony was performed by the Rev. C. L. Chute and Mrs. J. C. Trask, aunt of the bride, presided at the organ. The church was beautifully decorated with masses of blue delphinium and red roses and an arch from which was suspended a white bell. The bride entered the church on the arm of her father, and was very lovely in a gown of white lace over satin, made on princess lines, slightly entrain, her veil caught with a coronet of orange blossoms. She carried a shower bouquet of dale roses and lily of the valley. The wedding was attended by Miss Sadie Chapman, of Saint John, who wore pale pink chiffon, with deep wine taffeta hat, wine shoes, and carried a bouquet of deep temple roses. The church was beautifully decorated with flowers, with an arch from which was suspended a white bell. The groom was supported by T. M. Steeves, of Saint John, and the ushers were Douglas Denton, Jr., and J. S. McIntosh, brother of the groom, both of Saint John. During the signing of the register Douglas Denton rendered "Because". After the ceremony a reception was held at the home of the bride's parents. The tea table centred by a four-tiered wedding cake, was presided over by Mrs. M. Chapman and Mrs. Douglas Denton, both of Saint John. The numerous wedding gifts testified to the popularity of the couple. Mr. and Mrs. McIntosh left by motor for Yarmouth and sailed for Boston and

New York, on their return they will reside in Saint John. The bride travelled in a hand-knitted suit of delphinium blue bonole with navy accessories.

### MARSHALLTOWN PAIR INJURED IN ACCIDENT

Two Marshalltown men were admitted to the Digby General Hospital on Saturday evening as the result of a motor accident near the Colonial Arms Hotel, Deep Brook, late Saturday afternoon. The men were Charles Ryan and Lawrence Doucette. The condition of Ryan was for a time considered serious, Doucette was allowed to leave after a short time. The men had been in the valley seeking employment with paving companies in that district, and were returning to their homes at Marshalltown. About 6.30 their car left the road near the hotel, catapulted over an embankment and turned several somersaults. Ryan and Doucette were both picked up unconscious some 30 feet from the car, which was a complete wreck. Dr. L. J. Lovett, Bear River, was summoned and ordered both to the hospital. Later, the same evening, at Upper Clements, Ronald Henderson, of Truro, and Bernice Roop, Digby, were shaken and bruised, when the car in which they were driving, crashed into a construction truck, Henderson receiving a sprained ankle. The couple were following the truck, and crashed into it when the truck driver brought his machine to a stop.

Mr. and Mrs. Ernest B. Vantassel and son, Vernon, accompanied by Burket O'Neill, of Mt. Pleasant, visited friends in Port Lorne and St. Croix Cove on Sunday.

## LEAVE FOR SHEDIAC IN 28-FOOT SLOOP

With two of the four members of her crew helpless to aid in navigating, the 28-foot sloop Wawanesa quietly slipped her moorings at Long Wharf, Saint John, at daybreak, Sunday, on a 750-mile trip to Shediac, N. B. Captain Joe Vanstone of Moncton, purchased the trim little vessel in Saint John. The Wawanesa was built by James Logan of Saint John.

He wants the Wawanesa at Shediac, which is a little over 100 miles from Saint John—by road.

He didn't want to truck the sloop there and so he signed for the ship there and the latter doesn't exist, however.

Nothing was left save to sail the sloop around the Nova Scotia coast, through the Strait of Canso and up Northumberland Strait up Shediac Bay—more than 750 miles.

So he loaded a month's supply of provisions into the little sloop for the passenger and the ship with charts and compasses and other navigation aids and stated that he hoped to make the trip in ten days, adding a short nautical prayer that the weather would so permit.

## RAILWAY OFFICIALS VISIT DIGBY

Completing a tour of Nova Scotia, Sir Edward Beatty, G. B. E., K. C., L. D., Chairman and President of the Canadian Pacific Railway, and party of executives, arrived in Digby on Sunday, staying overnight and until Monday afternoon, at the Pines Hotel, when they sailed on the S. S. Princess Helene for Saint John. The party arrived at Halifax on Saturday after a tour of Central and Northern New Brunswick. With the President on this tour were: H. W. Humphrey, vice-president and general manager of the company's eastern lines; George E. Graham, vice-president and general manager of the Dominion Atlantic Railway; L. B. Unwin, vice-president and treasurer; George Stephens, vice-president of traffic; and H. F. Matthews, general manager C. P. R. Hotels.

## Hill Grove Baptist Church To Celebrate Centennial

Commencing Wednesday of next week, and continuing until Sunday, special services will be held at the Hill Grove United Baptist Church, Acadiaville, to commemorate the 100th anniversary of the dedication of the church, which was completed and dedicated June 2, 1837, with the Revs. Edward Manning, Charles Randall, Adam Wilson and J. Henry Saunders officiating. The organization of the church at Hill Grove was completed July 29, 1843.

A brief but interesting history of the origin and growth of the church, written by D. C. Mackay, has just been published.

## BAND CONCERT

Last night's open-air concert by the Civic Band was the fourth and last July engagement sponsored by the Town Council. It is expected that the August series will start on Thursday the 5th. This leaves next Thursday night open, and it is proposed to use that night for a "pay concert" with a special program of unusual interest. The entire receipts from this concert will be divided equally between the uniform fund and current expenses. The audience will be asked to contribute liberally to relieve the burden of debt amounting to about \$850 including the new uniforms.

The following fine program was played last night:

- 1—Patriotic Airs.
- 2—March—"To the Front"—Day.
- 3—Overture—"The Corsair's Bride"—Capt. Hayward.
- 4—Reverie—"The Romance of a Rose"—O'Connor.
- 5—March—"Trombones on Parade"—Taylor.
- 6—The Best Loved Southern Melodies—Art. Hayes.
- 7—March—"Nobles of the Mystic Shrine"—Souza.
- Intermission
- 8—Jig Two-Step—"Country Shuffle"—Holmes.
- 9—Waltz—"The Blue Danube"—Strauss.
- 10—"Caisson Song" and "The Old Grey Mare"—Art. Yoder.
- 11—Caprice—"Princess Tip-Toe"—Leiby.
- 12—Gallop—"Circus Echoes"—Hughes.
- 13—March—"Lights Out"—McCoy.
- 14—God Save the King.

Some public-spirited citizens, headed by George Peters, have undertaken to provide funds for raising the band stand in response to continued protests and complaints about its present position. It is claimed that the closely packed autos about the stand confine the sound and hide the band from most of the audience. The work will probably start in a few days, and the results will be highly gratifying to the public for whom the improvement is made. It is not done for the benefit of the Band.

## APPRECIATES DIGBY

To the Editor of the Courier. Sir:—After an absence of many years, I feel impelled to write a few words to try to convey the feelings I had on returning to my birthplace. It is an urge, I suppose, unconquerable, to want to come home, and my home-coming to Digby was no doubt the experience of many another wanderer. After living on the prairie for a decade, it is hard to express the overwhelming beauty of Digby, the same old hospitality and communal spirit, as in the old days, and confirms one in their belief and pride that they were born and raised in the Garden of the Atlantic. My wife, who is a Western girl, was even more impressed than myself, and thought with many others, that I grossly exaggerated when exclaiming on Nova Scotia.

I am glad that at last this province is being recognized for what it is "a summer paradise." I hope you will forgive me for this ebullience, but the urge is great.

Mr. and Mrs. George C. Cossaboom and daughter, Miss Sylvia, who have been visiting relatives and friends here, left to return to their home in Detroit, Mich. Mr. Cossaboom is a native of Digby, but it has been seventeen years since he was here, his last visit being made on his return from Palestine, as an officer of the Royal Engineers. He went from here to Toronto and about ten years ago went to Detroit. He has enjoyed his visit to Digby and hopes to come back again soon.

## THINKS MUCH OF HER SUMMER HOME

Her Nova Scotian summer home at Clementsport, is "the apple of Theda Bara's eye," says The Boston Herald in a streamer-lined story telling how the vamp of silent screen days acquired her beautiful property "Baranook" overlooking Annapolis Basin to get away from a prying public.

According to the newspaper's informant Theda's mother and sister Laurie, left Clementsport recently for Hollywood to spend several months with the former screen idol when they learned she would not be able to join them anywhere in the East before Christmas.

Bernard Kara, father of the deceased screen star, who used to make big eyes at you in the old vitagraph pictures, died at Clementsport last summer. He had been very fond of Baranook and spent at least half of each year there for the past ten years. His permanent home was in New York City, whence the body was taken for burial.

## YOUTHFUL FLY-CASTER HOLDS RECORD

Using a 5 1/2 oz. rod, Kenneth Knapp, a 17-year old Norwalk, Conn., youth, established what is believed to be a fly-casting record when he cast a distance of 134 ft. at a contest staged at the Owl's Head Rod and Gun Club at Chester. Knapp won the New Jersey state championship last fall and was sent to Chester to represent the Norwalk Rod and Gun Club. His average for the three best casts was 129 ft. 6 ins. In accurate casting he made 96 out of a possible 100. This, according to the Fish and Game Department of the Canadian National Railways, is also by way of being a record performance.

## ST. JOHN'S COUNTRY FAIR

St. John's Guild with the support of other members and adherents of St. John's Church, for some years have sponsored an annual garden party on the grounds of River View Lodge, which was always generously supported by the public; but this year as no grounds, centrally located, were available, the Guild decided on a new venture—a "Country Fair" in Oakdene Hall, and to the delighted amazement of the venturesome sponsors, it has proved even more successful financially than last year's garden party.

That Bear River should possess such a beautiful hall was commented on by many of our tourist visitors, and it was a splendid setting for the many booths and tea tables spaced around the sides, with the very attractive fancy work booth occupying the centre of the floor, all of which were well patronized.

The evening dance was also well attended. Mrs. Harry Wallis was the general convenor and was assisted by Mrs. Simon, who convoked the pure food booth; Mrs. J. V. Harris, afternoon tea; Walter Harris, novelty booth; Major Simons, flowers; Mrs. Dunlop, ice cream; Mrs. Robinson, fancy work; Mrs. H. Nicholl, Junior Guild; Mrs. A. Porter, aprons; Mrs. Jefferson, lucky dip; Mrs. Frank Jones, fortunes; Mrs. Harrow, candy; Lansdowne boys, vegetables; with many helpers, and once again St. John's Guild is very grateful to their public for such whole-hearted support, and also many friends for generous donations, not the least of which was the very attractive "old country basket" with its original containers filled with choice fruits and vegetables, made and donated by E. Baker, and which was raffled during the evening.

Mrs. Landers, of Deep Brook, has been visiting her daughter—Mrs. Carl Parker—the past week.

## The SNAPSHOT GUILD

SHOOTING WITH THE SUN  
IN FRONT

"Yes," says Towser humbly, "my master is a great fisherman." Outdoor snapshots like this are made with sun in front, lens shaded, fast shutter speed (at least 1/100 second) and small stop (at least f.16).

TIME and again novices forget the old rule that says that you should have the sun over your shoulder when you take pictures, and suffer the penalty of a snapshot negative. They see something "just so" and excitedly shoot at it regardless of the fact that Old Sol may be glaring directly into the eye of the camera.

It's a good rule not to forget, but it does not mean that pictures can never be taken with the sun in front of the lens. Indeed, considering the number of sun-in-front pictures that are being hung in saloons these days as examples of artistic achievement in photography, it would seem as if the rule is being broken often rather than it is observed.

But, before you try for such pictures deliberately, be sure you have acquired good judgment in the use of stop openings and shutter speeds, because light and shadow conditions with the sun in front are decidedly different from those when the sun is behind you.

In all such pictures it is absolutely essential that the camera lens be shielded from the direct rays of the sun, else "lens flare" on the negative is sure to result. This can be done with a hat or other object or by jockeying around for a position in which a tree or other leafy screen places the sun in shadow. Or you may add a lens hood to your camera accessories.

Some of the most artistic sun-in-front pictures are made with the sun's rays striking the subject

slightly from behind, that is, coming from the right-hand or left-hand side, but strikingly beautiful effects may be achieved with the sun almost directly in front. The resulting "high backlighting" seems to surround the subject with a glamorous radiance. Often, sunlight striking the blowing hair of a child or girl from behind gives a lovely halo-like effect.

Remember when you prepare your camera for the picture that, with most of the light behind the subject, features of face and the identifying details of whatever the subject may be, will be mostly in shadow, and often deep shadow. Consequently a large stop opening and longer exposure will usually be needed.

It is by shooting with the sun for brightest part of sky in front of the lens that outdoor silhouettes are made. These pictures can be of fascinating interest and perhaps are less difficult to take than those in which you need detail in the shadow parts. The sun need not be shining brilliantly. Use a fairly small stop opening for clear-cut outlines and elimination of detail on the side of the subject toward the camera; then make a snapshot exposure. Let your subjects be outlined against the sky on a ridge, a hill or sand dune, with the sun or strong light behind them, or have them between you and the sun on the veranda of your home or hotel. Be absolutely certain before you click your shutter that the sun's rays are masked from the lens.

WHEEL PICTURES

The motion of the feris wheel was stopped at 1/100 second at f.8. The exposure of the still locomotive wheel was 1/10 second at f.16. The wheel of the barrow was taken at f.8, exposure 1/25 second, after a long study of lights and shadows and much changing of camera position.

"The world is a wheel." WHEELS—man's first invention—make photographic subjects of absorbing interest. There is a lot of fun in making a hobby of wheel pictures.

There are so many kinds of wheels—wagon wheels, spinning wheels, automobile wheels, locomotive wheels, water wheels, steering wheels, cog wheels and the thousand and one other sorts and sizes used in machinery. And every one of them, when pictured in a photograph, tells some kind of story of human interest.

Wheels tell you tales of speed and power; they are witnesses to man's inventiveness and ingenuity; from the wheels of the oxcart to the landing wheels of an airplane, they symbolize the history of man's progress, new wheels tell of life and activity; old wheels, broken and abandoned, spell obsolescence, decay and the end of things. What a stimulus to philosophic reflection are pictures of wheels!

Wheels to photograph may be found everywhere—in junk heaps and farmyards, in streets, in factories, in your own home. Photographically, their many patterns and the shadows of their patterns offer a variety of fascinating studies. Wheels are easy to photograph. You can be leisurely in your preparations, unless, of course, they are wheels on a moving vehicle. As still subjects, you have an opportunity to use time exposures on them if needed, not forgetting a small stop opening for sharp detail, particularly for shadows. Wheels provide subjects for striking angle shots, especially when they form a part of masses of machinery in factory or engine room.

Pictures of wheels call for close-ups. They should fill the view finder. Often when the impression of size and strength is desirable, the print may be trimmed so that the wheel crowds the picture space to the limit.

When wheels are in revolution, don't think you should always use a fast shutter speed. Blurred spokes in the photograph will give the sense of motion just as they do to the eye.

Try some pictures of this intriguing subject; and may the wheel of fortune favor you.

JOHN VAN GULDER.

## "Campbellite" Refers to the Disciples of Christ

The term "Campbellite" refers to a member of the denomination called Disciples of Christ, called from Alexander Campbell (1788-1866), of Virginia, the founder of the sect, which, however, repudiates the name "Campbellites."

Alexander Campbell, a native of Antrim, Ireland, was educated at Glasgow university. He emigrated to the United States in 1809, and in 1811 received a license to preach from the Christian association, a religious organization founded by his father, Thomas Campbell, at Washington, Pa. In 1812, according to a writer in the Indianapolis News, he formed a connection with the Baptists and labored as an itinerant preacher principally in Pennsylvania, Virginia and Ohio. In 1828 he published a translation of the New Testament in which the words "baptism" and "baptist" gave place to "immersion" and "immersed." By his discussions and by the "Christian and evangelist" of the "Millennial Harbinger," Campbell gradually formed a large party, which about 1826 organized the Protestant sect known as "Christians or Disciples of Christ." It was founded by Bethany college in West Virginia, and was its president for 25 years. Others of his works are the Christian Messenger and Reformer, the Christian System, and Christian Baptism.

The term "Campbellite" refers to a follower of John McLeod Campbell (1804-72), a Scottish theologian, ejected from the church of Scotland because of his views of the atonement.

## Lucky and Unlucky Days Recorded by Astrologers

The ancient astrologers kept a record of events that occurred on certain days. They definitely stated that certain days were lucky; and others were unlucky. This list of lucky and unlucky days existed long before the calendar. It was used by the Babylonians in 200 B. C. according to a writer in Pearson's London Weekly.

The Egyptians also had a list of lucky and unlucky days. These lists were handed down until they reached the astrologers of the Middle Ages, who changed them to fit our calendar.

Monday represented peace, Wednesday success, Thursday courage, and Sunday rest and happiness. These were lucky. Tuesday, the day of Mars, Friday, the day of Venus, and Saturday, the day of Saturn, were unlucky.

The Arabs disagreed, insisting that Friday was lucky, as it was the day of marriage.

The modern astrologers disregard the calculations of their ancient forefathers, and also the predictions of the astrologers of the Middle Ages. Modern astrologers claim that the signs under which one is born decide one's lucky day.

## Formosa Famous for Fence

Ceded to Japan by China in 1895, Formosa is famous for one of the most unusual fences in the world. Called the Ayu-Sen, or guard line, it extends for more than 360 miles, of which 230 are electrified. Its purpose is to keep out the Chinese, or "wild savages," who live in the interior and raid the civilized communities which cling precariously to a narrow belt of coastline. The savages number more than 100,000 and are divided into 146 tribes. They practice head-hunting. For currency, salt is used. Instead of priests, there are "rain destroyers." These women act as "rain destroyers." It rains so much in Formosa that "rain-making," practiced among primitives of dry climates—gives way to savage incantations to prevent rainfall—Washington Post.

## Had Rheumatic Pains for 25 Years

His Arms Were Becoming Useless

It was about 25 years ago that rheumatism first marked down this sufferer; and finally the day came when he could hardly lift his arms. But he found relief—here in this letter he tells the whole story—

"About 25 years ago I first experienced a slight muscular rheumatism in my arm and shoulder. A few years later lumbago also attacked me. They gradually got worse until the pain got acute in both arms and joints. I could not lift a jugful of water with my arm extended straight out. About 12 months ago I bought a bottle of Kruschen, Salts and by the time it was finished I was agreeably surprised at a slight improvement. I bought another one, and when that was finished all the pain had disappeared, and has never appeared since."—T. R.

The pains and stiffness of rheumatism are frequently caused by deposits of uric acid in the muscles and joints. The numerous salts in Kruschen assist in stimulating the internal organs to healthy, regular activity, and help them to eliminate this excess uric acid.

the former's parents, Mr. and Mrs. Edmund Wagner, have returned to their home in Waltham, Mass.

The Misses Jean and Audrey Baxter are visiting their grandmother, in Deep Brook.

Herbert Lewis has returned home from Digby.

Miss Doris Lewis spent a few days in Digby last week.

## Tomb of St. Francis

Sancien island, scene of the establishment of the first Christian mission in the Orient, is the land in which St. Francis Xavier established a mission in the efforts to keep him and his devoted band out of the Orient. And on this island he lies buried. In late August, 1552, he landed on the island, called Chang-shuen-shan, off the coast of Kwang-tung which served as a rendezvous for Europeans. Soon after his arrival Xavier was seized with a fever, and died there.

## The Cloak Was Titian

That dress maketh the man was noted long ago. Titian, the famed Italian painter of the sixteenth century walked home in his working clothes unnoticed, but returning immediately to the street again, in his court costume of purple velvet, every person he met bowed and did him homage. Disgusted, Titian, back in his studio, threw the cloak on the floor, exclaiming, "Thou, then, art Titian; so much for drapery!"

#### HOLLAND LIKES CANNED LOBSTER

Canadian canned lobster is highly regarded in Holland and is used principally in the preparation of lobster mayonnaise salads, sometimes for lobster sandwiches and occasionally for lobster cocktails in the better-class and luxury trades. Importers in Holland are making inquiry for direct contacts with Canadian shippers of canned lobsters. Dealers' stocks of last year's catch have been almost entirely disposed of and interest is being centred in the new pack.

#### Word "Drug" Defined

A "drug" is any substance used as a medicine, or in making medicines, for internal or external use; also, formerly, any stuff used in dyeing or in chemical operations. According to the pure food and drug act the term "drug" includes "all medicines and preparations recognized in the United States Pharmacopoeia and National Formulary for internal or external use, and any substance or mixture of substances intended to be used for the cure, mitigation, or prevention of disease of either man or other animals."

#### Bees' Eyes

The impression that bees are attracted to flowers brightest to human eyes has been proved erroneous by experimenters of the American Beekeepers' Association. They have learned that bees and other insects see colors beyond the ultraviolet end of the spectrum. Ultraviolet, to the human eye, is black, the absence of light. When photographed through ultraviolet filters, certain flowers reveal patterns very different from the colors seen by the human retina.

#### Gen. Sam Houston's Activities

Gen. Sam Houston with 713 raw troops defeated Santa Anna with 1,600 Mexican veterans, thus winning the independence of Texas. General Houston was elected president of Texas in 1836. The independent republic was admitted to the Union in 1845, and sent General Houston to the United States senate. He was elected governor of the state in 1859. He tried to prevent Texas joining the Confederacy. Southern sympathizers succeeded in deposing him in 1861. He died in 1863.

#### Deeds Give Proof

To prove that we have goodness within us, it must blossom into deeds. A tree that yields no bloom and bears no fruit of what use is it? Even the sturdy pine drops its beautiful symmetrical cones, and the grand old oak its dainty acorns,—proofs that each not only lends shelter and grace to the world, but that it is showering down its treasures in token of growth and strength.

#### Lightning Takes Course

Like River Shown on Map  
The ancient Greeks believed that lightning consisted of heavy spear-like projectiles which had been heated while hot and cast at offending mortals and objects, with none too accurate aim, by their head god Zeus.

The primitive Germans attributed lightning to bolts thrown by a malicious god named Loki while the dull-witted war god, Thor, pounded on the sky with a hammer to make thunder. In fact, writes Dr. Thomas M. Beck in the Chicago Tribune, almost all primitive peoples believed lightning was a sort of material missile hurled by a vindictive god. This theory died out in Europe with the rise of Christianity, since it was difficult to reconcile the idea of lightning as a manifestation of divine wrath with the observation that it seemed to strike church steeples more often than anything else.

Still we should not smile too much at the mistaken beliefs of these long-dead Greeks and Germans. We are not very well informed on it ourselves. The average man knows that it consists of electricity, that it zigzags in Z-shaped straight lines, and that it never strikes twice in the same place. Armed with this knowledge, he is two-thirds wrong. Lightning is certainly a discharge of static electricity, as Benjamin Franklin showed many years ago.

But there is nothing at all straight about a bolt of lightning, although apparently this fact was not known until lightning was actually photographed. Actually it follows a meandering course like that of a river as shown on a map.

This figure is correct in other respects than appearance, for lightning is actually a river of electricity. Just as water follows the course of least resistance in flowing from a high altitude to a low, so does electricity move from a high to a low voltage.

#### Gates Fort, Bermuda, Is Named for Old Virginian

Ancient Gates fort, which is a mile and a half from St. George, Bermuda, and which antedates the landing of the Pilgrim Fathers by a decade, is the site of this ruined fortification, built by Sir Thomas Gates, governor of Virginia, shortly after he was shipwrecked there in 1609, and while his famous vessel Deliverance was being constructed to carry colonists to their original destination, Jamestown.

Excavations made by members of the St. George Historical society, writes a St. George, Bermuda, correspondent in the Detroit Free Press, disclosed the original plan of the fort which had been buried with solidified sand. Embrasures were restored, old guns re-mounted in positions from which their gaunt muzzles spelled authority to invading Spaniards, French, Dutch and Portuguese, and later to blockade runners and ships from the North and South which used Bermuda as a base for supplies during the Civil war.

St. George itself is the oldest English settlement on this side of the Atlantic.

#### Selfishness Destroys Happiness

When we avoid our neighbor who is suffering, when we wrap ourselves in the cold blanket of selfishness, we forget the possibilities of real happiness, for true happiness comes only through sympathy and by comparison. The sufferings of others soften our hearts and makes us sensible to our own blessings.

#### Quaker Founder

George Fox was nineteen when he felt the call to preach which resulted in his arrest for disturbing the peace and his establishment of the Society of Friends (Quakers). "Priests, lawyers and soldiers were all obnoxious to him," says a biographer. Consequently, every type of persecution was practiced on the sect in England and the American colonies; for a long time it was a worse crime to be a Quaker than a thief. William Penn was jailed because he was a Quaker; this induced him to come to America. Numbers of Quaker men were put to death in Massachusetts; in New Hampshire Quaker women were stripped and whipped from one town to another, for Quakers were the first to acknowledge the equality of men and women in religion and allow women to preach.

Mr. and Mrs. Archie Wright spent Sunday at the home of Mrs. Dutton Sypher, at Sandy Cove.

#### CANADIAN PUBLICATIONS SHOW MARKED INCREASE

From the time the first directory of Canadian publications appeared in 1892 until the publication of the 30th edition, just off the press, Canadian publications have increased from a total of 1033 to 1737.

In 1892 there were 97 daily newspapers, today there are 117. Weeklies have grown from 653 to 1006, semi-monthlies from 20 to 57, and monthlies from 217 to 454. There are 31 publications, each of which is 87 years old or more.

The oldest newspaper in Canada is the Chronicle-Telegraph of Quebec, founded in 1764. The only other survivor from the 18th century is the Montreal Gazette, with a career which dates back to 1778.

## HOME DESTROYED BY FIRE

A two-family home in the colored settlement of Jordantown, Digby County, was totally destroyed by fire late Thursday afternoon of last week. The house was owned by Arthur Johnson, and occupied by Mr. Johnson and his family and by Boyse Frances. The blaze, which was first discovered in the vicinity of the chimney, is thought to have been caused by a defective flue. It was only possible to salvage a few chairs.

Mr. and Mrs. C. E. Thomas, of Montclair, N. J., were in town this week, guest at the Pines. Mr. Thomas is a son of Mrs. D. Thomas, Plympton. He holds the responsible position of secretary and treasurer of the United States Steel Products Co., New York.

Neily, pastor of the First Baptist church, in Nashua, N. H., will give the address. Other clergymen who will take part are Rev. M. C. Higgins, Rev. C. U. MacNevin and Rev. A. W. S. Garden.

P. R. Saunders, G. D., Sight Specialist, will be at his office, over Dillon's Shoe Store, August 2nd to 7th.

### MOTOR ACCIDENTS CLAIM THREE LIVES

Automobile accidents on Monday claimed the lives of three persons well known in Digby town and county. Mrs. Jennie Rice, 68, of Round Hill, was killed instantly when the car in which she was riding crashed through the railing of a bridge and plunged down a 14-foot embankment at Wilmot. Mrs. Chas. Burns, 83, also of Round Hill, and an aunt of Mrs. Rice, died Wednesday at the Soldiers' Memorial Hospital, Middleton. Mrs. Burns, who was a former resident of Digby, was the mother of H. D. Burns, assistant general manager of the Bank of Nova Scotia, and an aunt of Miss Bessie Chisholm, Warwick St. Digby. Mrs. Rice also had friends and relatives in Digby. Leon Melanson, 41, of Concession, died in the Yarmouth Hospital on Tuesday as the result of injuries received in an accident when the bicycle he was riding was struck by a car driven by Philip Comeau, of New York, (formerly of Concession). Comeau has since been arrested charged with reckless driving.

### 100th ANNIVERSARY

Commencing Wednesday evening, and continuing until Sunday, special services are being held at the Hill Grove Baptist Church, Acadville, to commemorate the one hundredth anniversary of the building of the church. Wednesday evening Rev. Alvin G. Robertson, S. T. M., pastor of the Digby and Hill Grove Baptist Churches, delivered the opening sermon of the centennial commemoration. His address was followed by an evangelical meeting.

Former pastors of the church are co-operating in these services, three hymns have been especially written by Rev. D. E. Hatt, now of Seattle, Wash. It was during his pastorate extensive alterations were made to the building, and the church rededicated in the summer of 1921. Rev. Clyde W. Robbins, pastor of the Digby and Hill Grove Churches from 1915 to 1919 will be in attendance at the meetings, and will lead the "Old Fashioned Conference Meeting" tomorrow afternoon; he will also deliver the centennial sermon on Sunday afternoon, and address the congregation again that evening.

The opening meeting last evening was conducted by the Women's Missionary Aid Society of the church, and was followed by an address by Rev. E. S. Mason, D.D., of Wolfville. This evening the memory course class of the Young People's Group will present "The Life of Christ." This will be followed by an address by Rev. Stanley F. Steeves, pastor of the Bear River Baptist church.

The proceeds of the special collections, above expenses, taken at these services, will be used to start a fund for a modern heating plant for the church.

## Town Council Meeting

At Monday night's meeting of the Digby Town Council, the report of the Superintendent of Streets and Water reported two cement bridges built on Queen St., one in front of the residence of C. R. Sypher and the other in front of the residence of G. M. Morrell; also a wooden curb had been erected near the store of Edward Wither on Water St. A quantity of screened gravel had been collected during the month for use on the permanent sidewalks when laid down.

Five new water services had been installed during the month and four old ones renewed.

Plans for the new mill of H. T. Warne Ltd., were laid before the Council and approved. Mrs. Helen Cox, on behalf of the citizens of the south end of the town, addressed the Council relative to the height of the chimney to be erected at the proposed new mill with regard to sparks and smoke. She was assured the chimney would be of regulation height as required by the Board of Fire Underwriters.

Councillors Aymar and Solows were named delegates to attend the annual convention of the Union of Nova Scotia Municipalities, which will meet at Sydney this month.

### THE "MONTICELLO" WINDOW

After the founding of the "City of Monticello", off Yarmouth 37 years ago, with all of its passengers and crew except four, a memorial window in memory of the dead—most of whom were Free Baptists—was placed in the Free Baptist church in Yarmouth. After the union of the various Baptist bodies into the present United Baptist denomination, this church was sold to the Jews of that town and converted into a synagogue. But before handing the building over this window and the pipe organ were removed. The latter was presented to one of the county churches but the window was stored away and gradually faded from memory. Recently Harvey Crowell, of Halifax, a son of the late Rev. Edwin Crowell, a leading Free Baptist minister, at one time pastor of the church, who remembered the window, was successful in finding it, and had it put into the Barrington Baptist church—a very fitting place as the majority of those lost came from that section of the province. Last Sunday it was again unveiled and re-dedicated. What interested the editor of the Courier is the fact that as part of the service the account of the week as published in the Yarmouth Times, was read. It was the present editor of the Courier, then a reporter and job printer on the Yarmouth Times, who "covered" that news and wrote the story; interviewed the survivors and wrote their stories into the article. The news of the disaster reached the town about four o'clock on a Saturday afternoon. The morning we were down at Chebogue Point where the wreck was coming ashore. We helped haul the body of John Greig, the chief engineer out of the water, and took an active part in salvaging what we could. How the story of this re-dedication calls those events to mind! We would dearly like to have been at the service and had we had an inkling of it nothing would have kept us away.

## Personal Mention

Mrs. Rufus Hatch, of Brooklyn, N. Y., is visiting her sister, Mrs. Percy Wormell and Mr. Wormell, Lighthouse Road.

Miss Lillian Watkins spent the week end at Kentville. On return she was accompanied by Miss Vera Burbridge, of Kentville.

Mrs. Sadie Stark and Mrs. Eva Baxter spent Sunday in Bay View, at the cabin of Mr. and Mrs. L. T. Ryder.

At a recent meeting of the Canadian Pharmaceutical Society, held at Kingston, Ont., W. Holdsworth, well known Digby druggist, was named honorary president.

### A LUCKY FIND

On June 11 Colin Crowell, of Sandy Cove, fisherman, inserted the following notice in the Digby Weekly Courier:

"Found purse, hauled up on bottom of fish trap at Sandy Cove, containing money. Owner may have same by proving property.—Colin Crowell, Sandy Cove."

No reply was received until last week when the editor of the Courier received a letter from Captain Charles R. Teed, of the schooner Fannie B., stating he had heard of such a notice being published in the Courier and asking for further information. It seems that nine weeks ago, Capt. Teed's vessel was at Bellevue's Cove, and at that time the skipper had the misfortune to drop a purse containing a substantial sum of money and valuable papers, off the end of the wharf. He later got in touch with Mr. Crowell and called on him. The purse was his, without a doubt, and Captain Teed recovered papers he never expected to see again. Since it fell overboard it was carried across St. Mary's Bay, a distance of some ten miles, before the waters deposited it in Mr. Crowell's fish trap.

### CIVIC BAND NOTES

Answering a question "Who manages the Band" it should be understood that all business matters are admirably handled by "directors" appointed by the Digby Music Council to serve indefinitely, or as the constitution provides "until their successors are elected". The Directors are as follows:—Paul Yates, President; E. C. Solows, Vice-President; C. L. Bowlby, Secretary; Treasurer; Ted Dakin, Assistant Secy-Treas., and Fritz Dakin, P. W. Holdsworth, G. M. Morrell, J. W. Merkel, Charles McBride and Harry Turnbull. Musical matters are left entirely with the Conductor, Paul Yates, who has trained the Band from the start—mostly beginners. The Band is not yet five years old.

The Band acknowledges, with appreciation, a generous cash donation from L. T. Ryder, of Philadelphia, (Bay View), and J. E. Coonan, of New York, (Lour Lodge).

The programme planned for last night's "extra concert" was unusual in that it listed seven marches by Sousa and Goldman. Seven other numbers ranged over a wide field of fine music from a trombone "smear" to operatic selections and an oriental waltz. It is hoped that work on the much needed raising of the band stand will begin at once, and perhaps be finished in time for the next concert. It is proposed to erect an electric light over the dark portion of the park. This will be appreciated by the audience, and it may contribute to a better control of the annoyance of troops of boisterous children whose play has evoked vigorous protest from many listeners who lose all the finer parts of the music because of the frightful din raised by thoughtless youngsters.

The annual Garden Party of the Parish of St. Clements, will be held on the rectory grounds, at Clementsport, on Wednesday, Aug. 11th.

## A NARROW ESCAPE

Carl Watkins narrowly escaped becoming a "human torch" yesterday while at work on a car at MacDonald Motors. He was engaged cleaning parts of the car motor with gasoline, and in some manner brushed a bare wire, causing a shot circuit, the spark from which ignited the gasoline, some of which had spilled over a trouser leg, which also caught. By quick action on the part of fellow employees the flames were quickly extinguished but not before he had suffered some severe burns about the legs. His burns were treated by Dr. Dickie.

Mrs. A. E. Dickson and daughter are spending the week in Saint John.

Members of Palm Family Form an Odd Collection.

The various members of the palm family form an odd collection. Some are dwarf, but a foot or two high; others tower aloft 100 feet. Many, nearly all, are of single columnar shafts, but some have many branched and others consist of many stems, rivaling the bamboos in this respect. Some have different sexes on the same plant, others differ in sex. Some flower and fruit annually, to a grand old age. Others make a large growth without flowering and then, in a supreme and life-consuming effort, produce a flower stem 30 feet high, and perish from exhaustion.

There are palms that have tiny fan-shaped leaves a few inches across; others enjoy leaves many feet in diameter. Some have tiny ostrich-plume leaves, and some give rise to fern-shaped fronds 30 feet long. Some trunks are dwarf or entirely absent, while climbing rattan palms have lengthy trunks.

Certain palm seeds are less in size than a grain of wheat, and then there are others with coconuts, or with the "double coconut," a fruit never seen here, states a visitor from the Los Angeles Times. The latter hails from the Seychelles islands and weighs fifty pounds. It is so large that it requires several years to grow and mature. Usually palm perfect their seeds in one season, as do nearly all plants. A few pines and oaks are exceptions to this rule.

Cuckoo Clock First Made by Black Forest Pioneer.

No hanging clock has ever attained the popularity of the cuckoo clock among the people of every land. It is the clock of children, as the grandfather is of the elders. The latter is more inclined to prove a melancholy companion.

There is nothing melancholy about the cuckoo. When this sprightly bird sings out from his little clock, not only do the youngsters get a thrill, but even the elders take notice of it. There is a fleeting vision of Alpine peaks, lordly pines and babbling mountain streams.

The first cuckoo clock, according to a writer in the Montreal Herald, was made more than 200 years ago by a village clockmaker in the Black Forest. He was Anton Ketterer, and he was one of the pioneers who started the manufacture in that region. The clockmaker worked at his bench, then in his own cottage, and produced everything by hand.

There are varieties of bird clocks produced in the Black Forest, from blackbirds which whistle realistically, to nightingales, which keep up a sustained trill. But none has rivalled the cuckoo in popularity.

A KIDNEY REMEDY That Really Flushes the Kidneys

To neglect the first symptom of Kidney trouble might lead to very serious results. Your kidneys contain thousands of little filters, each one having special work to perform. If some of these filters become clogged, poisons and uric acid enters the blood stream. The result is a backache, a dead heavy pain. The uric acid deposits a fine granule in the joints, causing the pain known as rheumatism. Nox Kidney Flushers really flush the kidneys, placing them in a healthy, sound condition. No more getting up at night—no more backache. That salt-water collection is replaced by a natural clear skin. Your eyes become bright and your headaches disappear. Each package of Nox Kidney Flushers contains a full month's treatment. There is only one Nox Kidney Flusher—they improve your entire general health. Your Kidneys and Liver will function perfectly. Why not start today on the road to good health? Get Nox Kidney Flushers from your local dealer. For Sale at P. W. Holdsworth's Drug Store, Digby.

## Leprosy Known in Egypt as Early as in 4000 B. C.

Leprosy, curiously enough, to the Israelites, was more a moral than a physical affliction. Segregation was purely ceremonial. If the leper was fortunate enough to have his symptoms disappear a "sin offering" was prescribed by the Book for atonement. For a poor man, the holocaust usually consisted of two pigeons—one pigeon being killed over running water. Then, according to the law the sick man was sprinkled with the blood of the victim before he was allowed admittance into communion with the Children of the Promise.

Historically, states a writer in the Washington Post, leprosy was known to the Egyptians as early as 4000 B. C. In fact many authorities agree that it made its first recorded appearance in the land of the Pharaohs. Pliny the younger, writing of the spread of the disease in ancient Rome emphatically states that leprosy was unknown to the empire until the era of Pompey the Great, when it was imported from Egypt. Herodotus had another version linking leprosy with Persia where, he writes, a popular belief was given wide credence linking the afflicted with those who had "sinned" against the sun.

Few countries have been free from the ravages of this ghastly disease. America is not an exception. According to well-known authorities leprosy predated the arrival of Columbus, its existence being proved by pieces of ancient pottery representing deformities suggestive of the disease.

## Canary Bird Hails From Islands Claiming Name

The canary bird is a creation of man but their ancestors did come from the islands for which they are named, according to a writer in the Los Angeles Times. A story is told that early in the sixteenth century, thousands of small yellowish-green birds inhabiting these islands were captured and taken aboard a merchant ship. Off the coast of Italy the boat was wrecked and the birds freed, taking refuge on the island Elba. Here under favorable climatic conditions they are supposed to have multiplied in such numbers that the volume of their song attracted the attention of the natives who, realizing their value, shipped them to Italy, where they were first bred in captivity.

No authentic record of their existing on Elba and it is generally agreed that the true wild canary has never been found anywhere but in the Canary Islands. However, it is acknowledged that the birds were first domesticated in Italy.

The wild bird is very small, of slender build with feathers of greenish yellow, gray and black.

## Marie Roland

Mrs. Jeanne Philpott, motioned one Lamarche to precede her to the French political guillotine in Paris, saying: "You would not have strength enough to see me die." Then, mounting the platform herself to suffer the fate of all rationalists in revolution, she looked over at a statue of liberty and uttered an immortal phrase that keeps the name of Mme. Roland alive: "Oh, Liberty, how many crimes are committed in thy name!" After her death her husband killed himself. "I would not remain any longer in a world so stained with crime."

## Harvest Celebrations in Hungary

In Hungary the harvest season is celebrated with village festivals and processions in which peasants carry carrying banners, flags, sickles and other tools decorated with ribbons and flowers. Two men carry on their shoulders a pole from which hangs a harvest crown, made of several kinds of grain and decked out with pink and blue paper flowers and bits of ribbon, says Grace Humphrey in "Hungary, Land of Contrasts." The afternoon is spent in singing and dancing to gypsy music, and is climaxed with a great supper of goulash, potatoes, paprika, onions and wine.

## Most Sacred Music

The world's most sacred musical composition is Allegri's Miserere mei Deus, which has been sung during Holy Week for three centuries in the Sistine Chapel in the Vatican. For a hundred years it was deemed so holy that its score was jealously guarded and those who attempted a transcription were excommunicated. But it became public in 1769 when Mozart, at the age of thirteen, wrote down the melody from memory after only two hearings—Collier's Weekly.

## Use of Absinthe

Absinthe, of Swiss origin, was perhaps France's favorite—and certainly best known—drink before the war. It was first used to a large extent by French colonial troops in Algeria during the conquest of 1840, when medical officers recommended the addition of a few drops of the liqueur to every glass of water as a protection against disease. The compound proved popular among colonial officers and men who introduced the drink in France, where it became famous.

#### DEATH OF VETERAN SEAFARER ENDS IN- TERESTING CAREER

A career of high adventure was brought to a close with the death at Sandy Cove a few days ago of Capt. Walker McKay, retired veteran Nova Scotia mariner, whose bravery was once rewarded by a president of the United States. Capt. McKay, who was 79 years of age, had been in failing health for several months. Capt. McKay came from a family of seafaring men. His father was the late Capt. Edw. McKay, and he was

born at Sandy Cove in 1858, his first voyage being made at the early age of seven years when he went to Cuba in his father's ship. Adventure marked his initiation into the seafaring life he was to lead until his retirement in 1934. The ship was wrecked on the Cuban shore and the young sailor escaped death only to contract the deadly yellow fever from which he suffered for some time. Recovering, he returned to Sandy Cove, but his roving spirit soon took him again before the mast and his youthful years were spent in sea voyages, alternating with

terms in the village school until 1885, at the age of 27 years, he succeeded in passing his examinations for his master's certificate at Yarmouth. Capt. McKay spent but a short time in the command of wooden ships, joining steamships early in his career. He commanded a number of steel steamships, among them the Morro Castle, the Orinoco and others. When master of the British steamship Pontabelle, he rescued the captain and crew of the American schooner Isaac Newton, which foundered in the Atlantic Ocean September 18, 1899. This service was recognized by the government of the United States by the presentation of a handsome pair of binoculars from President McKinley. Gifted with unusual executive ability, with experience and a knowledge of shipping interests, Captain McKay rose rapidly and became superintendent of the Quebec Steamship line and later joined the Ward Steamships line at New York.

When the United States entered the war Captain McKay joined the U. S. naval reserve and was Lieutenant Commander of the U. S. S. Old Colony. His ship was in Halifax harbor on Dec. 6, 1917, at the time of the Halifax explosion, and was the first ship there to engage in hospital work. Both the governments at Washington and at Ottawa highly commended Captain McKay on his prompt and efficient service at that time. He was also senior member of the investigation Accident committee of New York, and was for awhile on the board of the Underwriters Marine. In 1934 Captain McKay retired from active service and went to his home at Sandy Cove. He was twice married; his first wife was Miss Carrie O'Brien, of Yarmouth; his second wife, who survives him, was Miss Margaret Saunders of Sandy Cove. He is survived by one brother, Edward, post master at Sandy Cove.

Mrs. Amy Hutchins, of Lynn, Mass., spent last week in Digby visiting her sisters, Mrs. Wm. Theriault and Mrs. Geo. Muise.

#### BEAR RIVER BOYS WILL CONTEST THE BIG CANOE RACE

For the second time Nova Scotia will be represented in the International Canoe Race from St. Maurice, Quebec, to Three Rivers, on August 5, 6 and 7. This summer Nova Scotia's canoe will be piloted over the turbulent waters by two well known Bear River athletes—Eber Peck, a veteran of last year's race, and his brother, Watson, who leave Digby for St. Maurice on Monday. They intend getting in some practice before the big event begins.

Nova Scotia was first represented in this major event last summer when Eber Peck, former Nova Scotia woods champion, and Alan Hunt, newly crowned champion, entered the race, finishing in 10th place, about one hour behind the leaders. 24 canoes took part. The course, on the St. Maurice River, is a long and gruelling one; its total length is 125 miles. The first day, the course covers 85 miles, from St. Maurice to Grand Alere—the greater part of the distance over rapids. It was this first day's race that was the downfall of the Nova Scotians last year. Unfamiliar with the white waters of the river they finished that day about one hour behind the leaders; they held their own on the second and third days when they came in one minute behind on the second leg, and four minutes and fifteen seconds behind on the third and last leg. The winners' time was 15-30-30; Peck and Hunt made the 125 miles in 16-31-15.

The Peck brothers feel that their chances are better this summer. They have paddled canoes together for many years; Eber has been over the course and knows many of its peculiarities. At any rate they will make a desperate try to finish nearer the top than did the Nova Scotia team of 1936.

The first day's course is from St. Maurice to Grand Mere—85 miles without portage; the second day takes them to Shawinigan Falls, a distance of 15 miles, with two short por-

tages; the third takes them to Three Rivers—25 miles—with four carries. The two brothers are having their expenses paid by the Nova Scotia government.

Mr. and Mrs. Duncan McD Little, of New York, will be in attendance at the race this year as usual. Largely through their efforts the Nova Scotia team was entered last summer. Mr. Little, who is one of the leading amateur cinematographers in eastern United States, will be taking movie shots. It is learned with regret in Digby and Smith's Cove that he will not spend his vacation at Smith's Cove this year—as has been his custom for many years. However, Mrs. Little is expected as soon as possible after the big canoe race is over.

Every living cell of a tree is at all times consuming food, breathing, and giving off waste. Trees store their food during the summer in their stems, limbs, trunks, and roots. It is carried about in the sap. Oxygen is constantly absorbed by the tree, and carbon dioxide is given off. This "breathing" results in the liberation of some heat. In the spring trees must draw further on its reserve food supply to open its buds and put out its new leaves. It is in the new leaves that food is again manufactured.

#### From Pastures to Paints

Giotto who painted many of the frescoes in the church of San Francesco in Assisi, Italy, was a shepherd boy when the painter Cimabue discovered him drawing sheep on pastures. Giotto's frescoes are among the most sought out by visitors to this medieval church.

#### Origin of Glass

Glassware, so necessary an item of every day living and casually accepted as such, was in existence as early as the Fifteenth century before Christ. Used in magnificent colored vessels by the Egyptians for their toilet tables, and in bowls and goblets for their dining tables. This glass was difficult to distinguish from pottery, being opaque and brilliantly colorful.

#### PAVING THE HIGHWAY

There are plenty of trials and troubles to bear. Before the highway is finished. Our blossoming gardens and roses fair. Have their beauty sadly diminished.

For the asphalt plant works by day and night. And belches forth dust and smoke. The roses are grey instead of pink. And at times we almost choke.

But still the work must go on, and on. For whether two months or more. Everything you touch is covered with dust.

All the leaves, and even the floor. But you cannot get something for nothing they say. So well try to grin and bear it. When the road is finished and peace restored.

Let's hope we'll be here to share it. C. F. F.

## A BRAVE ACT

Quick thinking crystallized into prompt action on the part of 12-year-old Allan Gidney, son of Herado Gidney, Munk Cove, saved the life of his playmate, Ingram Gidney, when the latter stepped in a deep hole at the bathing beach there, this week.

When Ingram got beyond his depth and started to sink, he managed by struggling to keep his head above water long enough for Allan, who was unable to swim himself, to reach him with an inflated automobile tube

using one himself to reach the drowning boy.

Putting the tube around Ingram, Allan paddled ashore with the exhausted boy and himself rendered first aid, applying resuscitation to get the water out of Ingram's lungs and stomach. He is deserving of much credit for his timely action.

Remember the Baptist Garden party on Wednesday, the 11th, on the church grounds.

## NEW MANAGER OF PINES HOTEL

Announcement was made on Tuesday by H. F. Mathews, general manager of hotels of the Canadian Pacific Railway, of the appointment of R. M. Ellis as Acting Manager of the Canadian Pacific Railway Company's hotels in Nova Scotia, consisting of The Pines Hotel, at Digby, the Cornwallis Inn, at Kentville, and the Lakeside Inn at Yarmouth, succeeding the late O. C. Jones, who was so widely known and had served the Dominion Atlantic Railway and the Canadian Pacific Railway with marked success.

Mr. Ellis has acted as Assistant Manager at The Pines Hotel, Digby, for several seasons past. He has also been engaged in hotel life at other points in the province and elsewhere. Last winter he was attached to the Royal York Hotel, in Toronto, as one of the assistant managers. He was born at Port Maitland, in Yarmouth County, and is well known by the travelling public.

Mr. and Mrs. Julius Cohen, of Boston, are visiting Mr. and Mrs. J. A. Faust.

## Sudden Death of O. C. Jones

O. C. Jones, supervisor of C. P. R. hotels in Nova Scotia, dropped dead at his summer camp at Sandy Bottom Lake, in Annapolis County, early Saturday evening last. He had gone to this camp for a week end of rest, accompanied by Mr. and Mrs. Harold Nichols and his daughter-in-law, Mrs. Robert Jones. About seven o'clock the party decided to go in bathing, and shortly after entering the water Mr. Jones fell. His daughter-in-law went to his assistance and with the aid of Mr. Nichols they got him ashore and summoned medical aid, but it was too late.

Widely known to the travelling public, not only of the Maritimes, but through eastern Canada and the United States as well, he had not been in good health for some years, but his condition gave no cause for immediate concern, and his death at the age of 61 came as a decided shock to a very wide circle of friends. Two years ago he expressed a desire to retire from active hotel work because of his health, but was persuaded to hold the position for a few years more. He was born in Clementsport, July 10th, 1876. He entered the service of the Dominion Atlantic Railway in July, 1900, at Middleton as baggage master, and was promoted to the station agency at Bear River, in May, 1901. In April, 1908, he was transferred to Berwick, and in October of the same year he came to Digby. It was here that Mr. Jones became convinced of the possibilities of Nova Scotia as a summer playground and he became interested in summer hotel projects. In 1918 he purchased the Pines Hotel as a private venture and a year later sold it to the railway. On April 1, 1919, he was transferred from station duty to manager of that hotel. Shortly afterwards he purchased the old St. James hotel in Bridgetown as a private venture and had it remodelled and redecorated, reopened it as the Riverside Inn, which he operated for several years.

When the new Cornwallis Inn was completed and opened in Kentville, in December, 1930, he was named manager, and in 1931 he was appointed superintendent of the C. P. R. hotels in Nova Scotia, which at that time included in addition to the Pines and the Cornwallis Inn, the Lakeside Inn, at Yarmouth. Two years ago he was named managing director of the Lord Nelson hotel, in Halifax.

Who is survived by one son, Robert, a graduate of the Dalhousie Medical school, Halifax, this year, who is now stationed aboard the patrol boat Arras; and one daughter, Marjorie, who is engaged in the nursing profession in Boston; and two brothers, William V. Jones, Bridgetown, and Burton Jones, Philadelphia. His wife predeceased him in February, 1936.

Despite a downpour of rain and heavy electrical storm, hundreds attended the funeral service in the Digby Baptist church, Tuesday afternoon, in charge of Rev. A. G. Robertson, pastor of the church, who read the Scriptures and offered prayer. The sermon was preached by Rev. Waldo C. Macchum, pastor of the Kentville Baptist church, of which the deceased was an active member. Music was furnished by the choir, assisted by Miss Lillian Ethier, Miss K. Marr and Miss Alexander Saunders, Miss Ethier, Miss Marr rendered as a duet, "The Church in the Wildwood", and at the close of the service the three ladies sang "Abide With Me", as a trio. In his sermon Mr. Macchum spoke of Mr. Jones as a personal friend whom he first met while stationed in Digby. He paid tribute to him as a churchman, and made particular reference to the co-operation and assistance he had given him as a member of the Baptist church in Kentville.

## THE ARMY WORM

(By A. Kelsall, Dominion Entomological Laboratory, Annapolis Royal, N. S., and A. D. Pickett, Provincial Entomologist, Wolfville, N. S.)

At the moment of writing this article, it is known that there are outbreaks of army worm in several districts in Annapolis and Kings Counties, but there are good reasons for expecting that this pest already has, or may shortly make, its appearance in other counties in the province.

The army worm is not a frequent pest in Nova Scotia, the last outbreak of any considerable proportion being in 1920. It belongs to the same family as do the cutworms, but unlike the cutworms, it feeds above the ground.

There are two generations per year and it is the second generation, first appearing in July, which causes damage to crops. The insect is generally noticed when it migrates from grass to cultivated crops. The caterpillars, when fully grown, are one and a half inches long, greenish black in color on the back, and bearing stripes on the sides. There is a considerable variation in color, some specimens being darker than others. They travel and feed mostly during the night, and this habit is mostly responsible for their sudden appearance.

Normally the insect feeds upon wild grasses, but it numerous, migrated from these areas and attacks growing crops. Oats, barley and wheat are the crops most commonly attacked, but the insect will also attack garden crops, particularly corn.

## Control Measures

1.—To protect uninfested fields: plow a furrow around them, throwing the land away from the field to be protected, dig a series of holes a foot or more deep at intervals in the furrow and scatter in poison bran mash.

2.—To protect the remainder of a field part of which is infested, mow a swath between the infested area and the uninfested portion and proceed as above. It time permits the plowing of an additional furrow is an added protection.

3.—To protect fields already infested: Broadcast poison bran mash over the field all through the grain, using about 25 lbs. per acre.

In some cases where the grain is already turning it may be cheapest to harvest the grain immediately, allowing it to ripen in the straw, but where no poison has been used, the caterpillars will sometimes continue their work on green grain after it is cut. It still very green, however, it should pay well to apply the poison.

**How To Make the Poison Bait**  
Mix thoroughly 1 pound Paris green with 100 pounds bran. This should be mixed while dry. Then add enough water to make the mixture moist but not sloppy.

If Paris green is not available 6 pounds of either arsenite of lime or arsenate of lead may be substituted for the Paris green. Successful baits have been used consisting of half bran and half fine sawdust, but where sawdust is used, it is desirable to add two gallons molasses to the water in making 100 pounds of the mixture.

## ACTIVITIES OF THE CHURCH

(From The Pergus News-Herald)  
An Owen Sound clergyman believes there is too much advertising done from the pulpit and he pointed it out in such a

way that his remarks have been quoted in many papers. He said: "What would you think of the Acts of the Apostles if there could be found a new version like this: 'And it came to pass that Peter, before his wonderful sermon on the day of Pentecost announced: There will be a rummage sale on the market square of Jerusalem on the second day of the week. On the third day of the week there will be a whist drive in the hall of Moses. On the fourth day of the week there will be a basking sale in Joseph's department store. On the fifth day there will be a garden party on the Mount of Olives with all sorts of raffles, to make money for the preaching of the Gospel in foreign lands?'"

Instead of commenting we add a couple more stories along the same line.

An editor of a daily paper received a letter like this from a lady in a large congregation: "We seem to have had teas, bazaars, picnics, raffles, talent parties, birthday parties, banquets, apron sales, eucharie parties, dances, congregational canvasses, hardware demonstrations, box socials, debates, a mock trial, and some plays, and yet we seem to be behind financially. What would you advise us to try next?" The reply was short: "Why not try religion?"

Then there was the dour old Scottish minister who didn't approve of such goings-on though some of the ladies of the congregation didn't agree. He announced: "The Missionary Aid Society, having failed by legitimate means to raise their funds, will hold a bazaar in the church next Tuesday."

## A TUNE WITH A HISTORY

Few of us realize the historic interest attaching to the melody of our National Anthem. A correspondent in the Toronto Globe and Mail has an interesting article on this subject. The melody, he says, is traced back to the early church songs as chanted by the pilgrims, but how much of it has been compiled

from these old airs, probably never will be known. It is claimed by the English, the Scotch, the French, and adopted by the Germans, the United States and Austria.

In Germany it is sung to "Heil dir im Siegeskranz" and in the United States to "My Country 'Tis of Thee." The authorship of both words and music of "God Save the King" has never been definitely proved. As early as 1545, Froude, the historian, quoted a watchword of the navy, "God Save the King, with the countersign, "Long to Reign Over Us."

"God Save the King" is the refrain of a ballad in 1606, and God Save Charles the King, Our Royal Roy, Grant Him Long to Reign in Peace and Joy" is the opening of another ballad dating about 1645.

The anthem as we now know it made its first appearance at a dinner given in 1740 to celebrate the taking of Portobello by Admiral Vernon, Nov. 20, 1739, when it is said to have been sung by Henry Carey as his own composition. In 1745 it became publicly known by being sung at the theatres as a "loyal song" during the Scottish rebellion. The Pretender was proclaimed at Edinburgh, Sept. 16, 1745, and the first appearance of "God Save the King" in London, was a few days later, at Drury Lane, Sept. 28, 1745. Dr. Thomas Arne harmonized it and both words and music were published in the Gentleman's Magazine, October, 1745.

A Scotch carol, "Remember O Thou Man," in 1611, is an air on the ground of which "God Save the King" is sometimes claimed by Scotland. The rhythm and melody are very similar, but it is in the minor key. A ballad was first printed in 1669 and still another by the great English genius, Purcell, was printed in 1696—thus the rhythm and phrases of "God Save the King" and even the unequal length of the two strains had existed before Henry Carey's time.

The melody of the British national anthem was a great favorite with the old masters. Beethoven wrote seven variations on it for the piano and also introduced it in his "Battle Symphony" at which time he made an entry in his journal, "must show the English what a blessing they have in 'God Save the King'."

The simple tune of "God Save the King" owes much of its dignity to the first half, which is six bars in length, and the unequal length of the two strains—the first of six bars and the second of eight bars—is its most essential peculiarity and charm.

## MODERN BEATITUDES

Someone has written the following very apt and timely "Modern Beatitudes." They are well worthy of consideration:

1.—Blessed are they who plant the long lived tree and shrub, for generations shall rise up and call them blessed.

2.—Blessed are they who are owners of flower gardens; for in the heart of a flower may be seen its Creator.

3.—Blessed are they who appreciate Nature's gifts; for they shall be known as lovers of beauty.

4.—Blessed are they who clean up the highways, byways and

home grounds; for cleanliness is next to godliness.

5.—Blessed are they who brighten and freshen their buildings and fences with paint; for improvement and praise of many people shall be their reward.

6.—Blessed are they who are protectors of roadside beauty and landscape scenery.

7.—Blessed are they who stand against friend and relative in the protection of Nature's gifts to our nation; for they shall be recognized as true patriots.

8.—Blessed are the towns with planning boards; for great beauty, prosperity and peace shall descend upon them.

9.—Great shall be the reward of those who protect our forests from fire; for the birds shall continue to serve them, and the fish and wild animals to furnish them food.

10.—Whosoever conserveth our national resources serveth himself and the generations following.

## HOME-MADE GLASSES

Not for a moment must we believe that all of our ancestors' eyes were so perfect that some eye help was not needed, for many old spectacles testify that the tinkerer at least tinkered himself spectacles when the letters grew dim. Window glass was often the only lens available for the home-made frames and eye-charts did not seem to exist until the 1860's. It is a man had a forge he could hammer out a pair of iron frames, or twist some of pewter and make himself specs which could be "heired" for several generations, says a writer in the New York Sun.

But there were difficulties. Well enough, said the old tinkerer, to fix a contraption to hold two pieces of glass, but how to make 'em stick? A leather strap was one answer; two short sticks for "temples" running up under the hair was another; the straight bow with rings in the end holding strings for tying behind, another; then came bows which slid upon themselves; and finally, there was the bow which curved enough to fit the head and cling, without thong or string.

There was a time in the 1700's when lenses were extremely small, not for seeing but for giving the appearance of learning. In the 1830's we had gone back to these inch-long lenses, oblong, hexagonal and octagonal. Then some one thought of a frame which supported the lower half of the glass and left the upper part free, and we were on our way to the rimless specs. Another thought up green glasses and they were worn in shining steel frames; and some other made specs with fine wire which crisscrossed to form the nosepiece.

## TRAIN SELDOM LOSES RACE TO CROSSING

(Fort Erie Times-Review)  
There were 211 people killed at Canadian railway crossings in 1936. And of those 211 deaths, it is probable a majority were caused by carelessness.

When a train hits an automobile, or a horse-drawn vehicle, or a pedestrian, it's not the train's fault. For a train has to run on narrow strips of steel. Its course is rigidly restricted. It is a difficult piece of mechanism to stop on short notice. It has the right of way at all crossings. And it is an irresistible force, to which no puny automobile can offer resistance.

Most motorists are always in something of a hurry when they take to the road. Even though they aren't hastening to an appointment, there are many drivers who dislike being held up for any reason. They manifest this dislike in tooting horns vigorously when caught in a traffic jam, in taking chances on passing other cars while rounding curves or climbing hills—and in tearing over level crossings without precautionary scanning of the track, or still worse, in trying to beat trains to crossings.

Every driver should remember that the premium awarded for beating a train to a crossing is only a minute or two of saved time. The train wins all ties—and the loser's portion is

a casket or a hospital cot. There's an old slogan that every motorist should keep ever fresh in his memory: "Train the mind to mind the train."

## TWILIGHT REVERIES

In the hush of summer twilight Thoughts go back to long ago. Then our minds revert to childhood And the scenes we used to know.

There the cottage, ivy covered. Still remains upon the spot Where in days gone by we planted Pansies and for-get-me-not.

Violets, buttercups and daisies Would in turn their beauty show. Cowslips, honeysuckle, roses Are but dreams of long ago.

I can see the fields of clover Perfumed by the morning dew, And the lark's sweet song at day-break. Was a joyous sound all knew.

Cattle grazing on the hillside And the tinkling of their bells. Till night shades, like curtains fall— Shutting out both hills and dells.

Then the little stars come peeping Nights soft cradles all adown. And I see in this dear vision Happy days of long ago.

## SWAT THAT FLY!

The common house fly, in addition to be an annoyance, is a real menace to the health of your family. It has been repeatedly proved that the house fly is capable of transporting disease germs and in this manner spreads infection. This is particularly true of infections of the digestive tract and a good deal of evidence is accumulating that this common pest may be responsible for the spread of diarrhoea which occurs during the summer and autumn months.

A large Metropolitan Children's Hospital recently conducted a study of the homes from which patients with summer diarrhoea were admitted. By far the greater number of children came from the poorer section of the city where screening was inadequate and open garbage pails were a common sight. Investigators actually made counts of the number of flies in these houses and found that they were far more numerous than in other parts of the city. In many of these homes several members of the family were ill with a similar complaint and when the flies which swarmed around the pail containing soiled diapers, were seen to fly to the family dinner table it was not hard to believe that transmission of infection might take place in this way.

The lesson which all should learn is that flies are dangerous carriers. They should be ex-

#### STRUCK BY CAR

Miss Anna Marree, of Pubnico, who is boarding at New Tusk, had the misfortune to be struck by a motor car on Sunday evening, while on her way to church, receiving injuries to her back and hip. She was taken to the Yarmouth Hospital for X-ray. The car was driven by Donald Goudy, of New Tusk, who was driving along at a slow rate of speed, but who failed to see the girl as she stepped out of the driveway from her boarding place to the road. It is stated that there were a number of alders and bushes growing on the roadside, which it is thought obscured the view of the highway.

### SPECIAL PICTURE HOBBIES

ONE of the attractions of the hobby of amateur photography is that it provides an almost unlimited number of hobbies and pastimes. It is really a hobby as many in fact, as there are kinds of things that the eye can see. Ships, flowers, trees, clouds, locomotives, colonial architecture, historical monuments, gargoyles, machinery, babies, horses, dogs, birds, insects are not only a few subjects which have their devotees as special picture hobbies. Engaged as for photography combines with the collector's instinct, resulting in some of the most beautiful and interesting subjects that are a source of pride, pleasure and instruction.

In addition to the enjoyment of making the photographs, the value of a special picture hobby is that it usually leads to an accumulation of knowledge about the subject that is educational and broadening. If the photographer starts making pictures of flowers, he soon discovers that there are many things about flowers that he never knew before. He is likely to become quite a botanist. So with ships. He is likely soon to be studying up on marine architecture and enjoying it.

Above is an amateur photograph from the album of an insect specialist. This is a hobby which affords him the extra enjoyment of walks into the woods and fields in his hunt for specimens. He photographs them on the spot and captures them to make home for insect shots. He has become an amateur entomologist. Now he really knows about "bees' knees," "butterflies' wings," and "ant's legs."

Grasshoppers, crickets, beetles and their ways, the praying mantis and the hairy scorpion and spider, too, that you have seen a lot of, but that you care to take a closer look at.

"For Home and Country"

## Local and General

**Ladies' Aid**—The Ladies' Aid of the United Church of Canada at Bear River, met on Tuesday afternoon at the home of A. E. Marshall.

### SUCCESSFUL GARDEN PARTY

A very enjoyable occasion was the annual garden party of the Bear River United Baptist church, held on the lawn of Mrs. John Rupp, on Wednesday afternoon last. The lawn was gay with bunting; the large number present and the bright sunshine made a very attractive setting for the party. All the booths were bright with decorations. The fancy work booth was very attractive with beautiful articles and caused many favorable comments; it was presided over by Mrs. Boyd Rice. The tea tables, which were prettily decorated, were in charge of Mrs. W. Chute and Miss Louise Harris. "The Woolf" table was a great drawing card, especially for the children—the Misses Parker and Read in charge. Ice cream was also sold. Lovely garden flowers were used in profusion throughout all the booths, while smaller bouquets were used on the tea tables, which looked particularly lovely loaded with very appetizing food. The convocations of the social committee—Mrs. Burton Harris and Mrs. Carl Miller—with many helpers had charge of serving supper. The cash receipts were very satisfactory being over \$175.

### Weddings

**Harris - Wright**—A quiet wedding was solemnized at the home of the officiating minister, Clements, on Sunday evening last, when Miss Jeannette Mae Wright, daughter of Mr. and Mrs. Marvin G. Wright, became the bride of Clifford Loran Harris, older son of Mrs. Iva and the late Murray Y. Harris, of Bear River. The ceremony was performed by Rev. F. C. Burnett. The happy couple will make their home in Clements.

## ST. CLEMENTS' PARISH SUNDAY SCHOOL PICNICS

Last week was picnic week for the Sunday schools of St. Clements' Parish. On Tuesday afternoon the schools from Clementsport and Deep Brook combined their forces and went to Morse's Point, where a most pleasant picnic was held. Some fifty children sat down to supper and a large number of adults assisted the teachers in entertaining and serving the children. On Thursday the schools of Bear River and Victory combined and went to Henshaw's Beach, in Deep Brook. Here they had a happy hour or so bathing and playing games and topped off with a substantial supper. Some sixty children gathered there and a large number of adults with the teachers did their best to make the children enjoy themselves. It was the largest meet of Sunday school children ever held in the parish. Congratulations are due to the children and parents. The following teachers were present: Clementsport, Mrs. A. W. L. Smith, supt., Miss Ruth Walcott and Miss Leslie Smith; Deep Brook, Mrs. W. H. Spurr, supt.; Mrs. B. C. McLean, Miss Ethel Purdy and Miss Kathleen Spurr; Bear River, Mrs. E. W. Robinson, supt.; and Miss Mollie Robinson; Victory, L. V. Harris. The teachers and children wish to thank Mrs. E. P. Morse for the use of her grounds and to thank all those who so kindly sent their trucks and cars to transport the schools.

Wednesday, St. Luke's Sunday school, of Annapolis Royal, held their's at Henshaw's Beach, and on Thursday those from St. John's, Bear River, and St. Andrew's, Victory, were at the same beach.

PASTOR STEEVES RESIGNS

Though not wholly unexpected most of the Baptist congregation on Sunday evening were surprised when Rev. Stanley F. Steeves announced his resignation from his work in Bear River to take charge of the Waterbury Baptist Church, in Saint John. Mr. Steeves has held this pastorate for nearly five years, and has proved to be a very earnest and entertaining speaker. While the church regrets his leaving they wish him every success in his new field of labour.

## Big Pearl Shell Areas

There are three big pearl shell areas in the world which produce nine-tenths of the world supply. Virtually all perfect large pearls come from these three areas. They are the Persian Gulf, the Torres Strait, and the Persian Gulf. In the Persian Gulf, lying atolls 300 miles from Tahiti—are found the largest pearls of all.

"Black lip" shell at wide across as dinner plates. (A diver or pearl buyer never says shells). The shell from the Torres Strait, which separates the Torres Strait from Cape York Peninsula, Australia, is usually gold or silver tipped, and produces many medium-priced perfect pearls of fine luster. The seed pearls of the world come from the Persian Gulf, as well as occasional large blacks.

Mr. and Mrs. Carrel E. Clarke and children were in town on Monday, guests of Mrs. W. W. Clarke.

## THE OLD WOODEN CRADLE

I remember the old wooden cradle That stood on the kitchen floor. How it rocked all we little shavers Way back in the days of yore.

From pine boards had been constructed, This home-made work of art: The old fashioned cradle with rockers, The pride of dear old Dad's heart.

Each in our turn used this cradle, We slept in it, curled, did eat; We laughed and roared when happy, Showed our temper, kicked our feet.

While mother would sit with her mending, On the rocker she jorried her toe; While the wee one all comfy and cosy Off to dreamland would happily go.

As each of us grew out of the cradle, And another one came along, We offer ones did the rocking, The bit of humanity cooling a song.

Empty now is the cradle, Worn the rockers, paint gone complete, On the footboard you'll find a hollow Kicked there by wee little feet.

But cherished is this old rocker, As back in the days of old: Holding a wealth of sweet memories Far richer than coffers of gold.

Dear old Dad and Mother, Overflowing is my heart at the thought Of the unselfish love and devotion They bestowed on each wee little tot.

Eva Harvey Nichols,  
West Roxbury, Mass.

## AMERICANS OFFER PRIZES

The big canoe race being staged on the St. Maurice River yesterday, today and tomorrow, under the auspices of the Radisson Canoe Club, is arousing interest that is much more than local or provincial. An international aspect is being lent to the race through the large number of Americans who are visiting the St. Maurice Valley district at this time, in order not to miss the running of the race itself, a sporting event that is unequalled on the North American continent. This interest is also evident in the number of purses, trophies, etc., that are being awarded the various winners.

For the first time on record, however, a team finishing last in a race will be awarded a trophy, thanks to the sportsmanlike gesture of Mr. and Mrs. MacD. Little, well-known New Yorkers.

In a letter received by Louis Coderre, Deputy Minister of Commerce and Industry for the Province of Quebec, Mr. Little stated that he attended last year's race, in company with Mrs. Little, and his letter said, in substance, "The effort and spirit shown by the teams which were hopelessly outclassed in the last year's race, but who kept doggedly on, even though they knew that they had no chance of winning, deeply impressed us. These real sportsmen put as much vim and vigor into their paddling in the latter stages of the race. We were also vividly impressed by the thousands of spectators who waited on the banks of the St. Maurice, at Trois-Rivières, for the arrival of the last team, and who cheered them just as enthusiastically as the winners were acclaimed."

"Anxious that this fine sporting spirit should not go unknown, Mrs. Little is offering this year two small silver bowls, appropriately inscribed, to the team which ends the race in last place."

This inscription will be in French, in honor of the race, and Mr. Little, in his letter to Mr. Coderre, reveals the wording of it to be as follows: *Quatrième Course Annuelle De Canot Sur Le St. Maurice. Offert par Madame Duncan MacD. Little. A l'équipe arrivée la dernière au but.*

Mr. and Mrs. MacD. Little simply adore the St. Maurice Valley region of the Province, and claim numerous friends in that section. They have shown their liking for the St. Maurice Valley district by taking a number of moving pictures of the region which have won high praise, wherever they have been shown. Mr. Little is the organizer of the annual "Movie Party," which will meet for the ninth time in the McMillen Academic Theatre, in April 1938, under the auspices of Columbia University. He is also working at present for the organization of an international film exhibition which would be the climax of an academic course directed by a new department of the University, and known under the name of "Film Study."

The canoe race on the St. Maurice cannot fail to interest amateur photographers. The motion picture competition organized by the Trois-Rivières Regional Tourist Bureau in connection with last year's canoe race was a distinct success, and it is expected that an even larger number of amateur movie-men will participate in this year's competition.

The canoe race on the St. Maurice cannot fail to interest amateur photographers. The motion picture competition organized by the Trois-Rivières Regional Tourist Bureau in connection with last year's canoe race was a distinct success, and it is expected that an even larger number of amateur movie-men will participate in this year's competition.

from the well to the consumer are fixed almost wholly by one factor, namely, competition—just as they are in practically every other business under the sun. There are, of course, other factors which have varying influences on price fluctuations. But the fact remains that people in Canada and the United States are fortunate in being able to purchase their oil fuel at figures lower than any other part of the world. Auto travel is cheaper because of cheap gasoline. At a time for instance when gasoline was 17.9 cents per United States gallon in Minneapolis it was 51.4 cents in Paris, 53 cents in Berlin, 31 cents in London, England, where volume is many times that of Canada, and 47 cents in Warsaw, and 17.2 cents plus tax in Montreal. All prices are governed by the world price of crude oil.

**Nox Kidney Flushers**

To neglect the first symptom of kidney trouble might lead to very serious results. Your kidneys contain thousands of little filters, each one having special work to perform. If some of these filters become clogged, poisons and uric acid enters the blood stream. The result is a backache, a dead, heavy pain. The uric acid deposits a fine granule in the joints, causing a pain known as rheumatism. Nox Kidney Flushers really flush the kidneys, placing them in a healthy, sound condition. No more getting up at night—no more backache. That sallow complexion is replaced by a natural clear skin. Your eyes become bright and your headaches disappear. Each package of Nox Kidney Flushers contains a full month's treatment. There is only one Nox Kidney Flusher—they inspire your doctor's general health. Your kidneys and liver will function perfectly. Why not start today on the road to good health—let Nox Kidney Flushers bring you good health—For Sale at P. W. Holdsworth's Drug Store, Digby.

## THE HOME MARKET

Many thousands of cases of canned fruits and vegetables are at present being imported into Nova Scotia which could be produced within the province, it is revealed by a survey recently completed by the markets branch of the provincial department of agriculture, in which returns were received from some 24 wholesale houses in the province.

This survey revealed, for instance, that in 1936 approximately 54,000 cases of canned vegetables, of varieties that are possible to produce in the province, were brought in from outside to fill the needs of the domestic market. It revealed also that approximately 8,600 cases of fruits of the kind that can be produced here are being brought in. Carried out in numbers of cans, this means nearly 1,300,000 cans of vegetables and over 200,000 cans of fruit.

Altogether the survey revealed that something like 123,000 cases of vegetables and 29,000 cases of fruit of various kinds were imported into the province last year, but much of it was of varieties that either cannot be produced here, or although possible of growth here are not considered to have possibilities as a commercial canning proposition.

In vegetable importation it is surprising to find that canned peas provide the largest item on the list of importations, surpassing by several thousand cases any other item in the vegetable list. The survey of the department showed that nearly 42,000 cases of canned peas were brought in last year.

Wax beans came next with an importation reported last year of 4,700 cases, while beets, spinach, carrots, sauer kraut, asparagus and pumpkin are imported in varying quantities.

Of the fruits fresh furnish the largest item, the report for last year showing that some 4,000 cases were brought in. Plums are next with a reported total of 1,777 cases, while strawberries, raspberries, blueberries and cherries were brought in to the extent of less than 1,000 cases each.

There are now some seven or eight factories in the province putting up canned fruits and vegetables and this business is on the increase.

#### COMMEMORATION CHURCH SERVICES

##### At Holy Trinity

Right Rev. Philip Cook, Anglican Bishop of Delaware and president of the National Council of the Protestant Episcopal Churches in America, was the speaker at a special service at Holy Trinity Church, Digby, Sunday afternoon, to mark the 149th anniversary of the laying of the corner stone of old Trinity Church by Rev. Charles Inglis, first colonial bishop of the Church of England. The rector, Rev. E. M. Caldwell, expressed the thought that it was fitting to hold the service this year, owing to the fact that special services will be held in Halifax to commemorate the 150th anniversary of the elevation of Rev. Charles Inglis as Bishop of Nova Scotia.

In his sermon Bishop Cook drew word pictures of the generations that have worshipped in the church during the past one and one-half centuries, leading up to the church and people of the present day.

"Every age is the most difficult age," he said, yet, he stressed, the Christian church has never had the competition it has today—competition from the automobile, the radio, and the Sunday newspaper. The changes are not simple changes of order, but because of a different spirit of the people. "To-day we have a civilization that needs a re-adjustment," he said, "we have a civilization that sets forth a standard of life almost opposite to the standards of Christianity."

At this service Mrs. Potter Campbell Rowe, of Middleton,

was guest soloist, and gave beautiful renditions of the 84th Psalm and "The Holy City."

##### At Hill Grove Baptist Church

The special commemoration service of the Hill Grove Baptist Church, now celebrating its centennial was held Sunday afternoon. In spite of the pouring rain the edifice was completely filled. The guest speaker was Rev. Clyde W. Robbins, now of Westbrook, Mass., a former pastor of the church. During the service the pastor, Rev. A. G. Robertson, read letters from Rev. D. E. Hatt, now of Seattle, and Rev. L. E. Nunns, now of England, former pastors of the church; Rev. J. H. MacDonald, editor of the Maritime Provinces, President of Acadia; and from Mrs. Hoyt, of Weymouth, who sent with her letter the original covenant dated 1835, under which the church was later built. Mr. Robbins took as his subject: "The Church of Christ" and preached a powerful sermon, in which the work of the Hill Grove Church during the past century was highly praised. The loyalty and faithfulness of its members in the past, as well as its present members, had resulted in much good. He urged the church to go forward into its second century with new strength and earnestness.

The concluding meeting of the series was held in the evening, at which Mr. Robbins was again the speaker.

Dr. and Mrs. Hodgson went to Berwick on Tuesday to attend the camp meetings. They were accompanied by Miss Frances Austin, of Smith's Cove.

#### KIWANIANS MEET IN DIGBY

In a special address before an inter-club luncheon of the Kiwanis Clubs of the Maritime Provinces, Tuesday, Gerry Martino, Kiwanis governor for the Ontario-Quebec Maritime District, dwelt upon the need of emphasis of spiritual values in life, and an appreciation of the splendid spirit of co-operation and friendship that exists between the Anglo and French speaking races of Canada—peoples whose customs, religion and language are different, and yet live together in perfect harmony.

At Tuesday's luncheon, held at the Pines Hotel, Digby, every Kiwanis Club in the Maritime Provinces with the exception of Sydney, were present. One of the main features of the gathering was the presentation of the Kiwanis Treasure Chest to the "baby" Kiwanis Club of Saint Andrews, N. B.

The presentation was made from the Halifax club by Chas. Fowler, who, in his address, gave a brief history of Kiwanis in the Maritime Provinces, and made particular reference to the Treasure Chest which originated at Sydney in 1931, and has since been passed to all clubs in the Maritimes at inter-club meetings. The chest was received for St. Andrews by Rev. Brock Humphreys, who gave a fitting address of acceptance. It is intended the chest be passed along to the Saint John or Saint Stephen Club from St. Andrews at a joint meeting in the near future.

Also, at Tuesday's gathering, a donation of \$10 was made to the Kiwanis Club of St. Andrews. This amount being collected in fines by fines master, Joe Kennedy, vice-president of the Saint John Club.

Brief addresses touching upon the work and projects of various clubs in the district were presented by presidents of all clubs represented. The work among underprivileged children predominated, and from the reports received by these addresses, such work is going ahead at a splendid pace wherever there is an active Kiwanis Club in the Maritimes.

The hope that a Kiwanis Club would soon be re-organized and function again at Digby was also expressed at the luncheon. Kiwanis music was in charge of the Kiwanis Club of Yarmouth, with Dr. Morton of that club, as song leader, and Percy Horner, presiding at the piano. Harry Cochrane, leader of the Pines Hotel orchestra, furnished music during the luncheon, with Miss Lillian Ethier, Lunenburg, and Miss A. Marr, of the Pines staff, vocalists.

Mr. and Mrs. Frank Robinson, of Watertown, Mass., have been visiting Mr. Robinson's parents, Capt. and Mrs. F. A. Robinson,

#### WEYMOUTH

Alfred Nickerson, of Tidville, visited his mother on Sunday.

Miss Muriel Hankinson is visiting Miss Bessie Sabine, at Riverdale.

Mrs. Evangeline Cobham visited friends in Doucetteville on Thursday of last week.

Mrs. Dennis Dugas and daughter, Bernadette, are spending a few weeks at their home in St. Bernard.

Miss Anita Gaudet, of Boston, arrived home recently to spend a few weeks with her parents, Mr. and Mrs. Charles Gaudet.

Miss Eunie LeBlanc, who has been spending a few weeks in Belle Neck with her aunt, Mrs. Thomas DeLong, has returned home.

Mr. and Mrs. Edward Dugas and family, Mrs. Leander LeBlanc, Edwin Thibault and DeLia Dugas were among those attending the picnic at Doucetteville this week.

Mrs. Stella LeBlanc has returned home, after spending a few days with her sister, Mrs. Thomas DeLong, in Belle Neck. She was accompanied as far as Yarmouth by Mrs. DeLong and Mrs. H. Mackay.

Engagement Announced—Mrs. Margaret Tooker, of Weymouth North, on Wednesday announced the engagement of her youngest daughter, Lois Anna, to Gordon C. Hartlen, son of Mr. and Mrs. H. U. Hartlen, of Bedford, N. S. The wedding to take place in the near future.

#### WELL DONE

"So Tom lost his position at the city hall. Did he get a raw deal? No, he was fired on a cooked-up charge."

Mrs. A. G. Suits, Deep Brook, spent a few days last week with her daughter, Mrs. B. J. Roop.

Mr. and Mrs. Daniel Nihan and son Frederick, Brantree, Mass., are visiting Mr. Nihan's uncle and aunt, Mr. and Mrs. Samuel Woodman.

Charles Barr, of East Boston, has been visiting his son, Fred Barr. Mr. Barr has been a Mason for over fifty years, and on his annual visits never neglects to visit King Solomon Lodge—his mother lodge. He was present last Tuesday evening and took an active part.

#### THE NEED OF SEATS

The tourists complain that there are no seats on which to rest and loaf about the waterfront. They say they get tired walking about and long to lie around by the waters edge, but as there are no inviting seats they move on to places more accommodating and considerate of their needs.

Why not have seats on the Cannon Bank? Why not a few long seats on the cool church grounds? What a welcome sight to hot weather travellers! Let us show our hospitality. If we are going to invite tourists to our town, at least make them feel welcome to our great outdoors. A beautiful park could be made on the old Cannon Bank—a quiet, restful beautiful spot, where those coming in on the Boston boat might loiter in the cool salt air and go away longing for the time when they might return.

Mrs. Guy Marshall and two children, of New Britain, Connecticut, arrived Saturday to spend some time with Mrs. Arthur Marshall, Smith's Cove.

#### LEADERSHIP TRAINING SCHOOL AT BERWICK

The first Training School for the Annapolis Presbytery of the United Church of Canada, closed on the Berwick Camp Grounds Friday, July 30, when those in attendance were given certificates for work done. This school was one of several of a similar nature which have been held in various parts of the Maritimes this year for the training of leaders in Sunday School and Young Peoples' Work. They have been in the nature of a new venture along this line, but the Berwick one went off so well that there is every reason to believe that from now on it will be a yearly feature. The enrollment might have been larger, but those who were there did a fine bit of work.

The School was under the direction of

Rev. Dr. Prince of Waterville, and with him was Rev. M. R. Ewing, of Lawrenceville, who conducted the Bible study; Rev. W. S. Godfrey, who gave instruction in methods of work; Miss Ross, National Girls' Work Secretary, who dealt with Girls' Work; Rev. Mr. Dickinson, missionary from China, who told of the work there; and Rev. C. U. MacNevin, of Weymouth, who looked after recreation and gave some illustrated lectures on art.

## To Hold Annual Service

The annual service of Old St. Edward's Church, Clements-Port, will be held in the old church at 3 o'clock, on Thursday afternoon of next week. The special speaker on this event, which will commemorate the 140th anniversary of the consecration of the church by Rt. Rev. John Inglis, September 17, 1797, will be the Right Rev. Philip Cook, Bishop of Delaware and President of the National Council of Protestant Episcopal Churches in the United States.

The annual service at St. Edward's is one of the most impressive of such services to be held in the province. The quaint old church, with its box pews, has been restored to its original condition in so far as possible, for this much credit is due the rector, Rev. A. W. L. Smith, and to L. V. Shaw, as well as others in the community, and visiting friends who took an active part by their own efforts and contributions in the work of restoration.

This year to commemorate the anniversary of the old church, a little booklet entitled "The Story of Old St. Edward's Church" has been published. The printing of this book was made possible through the kindness of Mrs. P. Bara, who gave it as a loving memorial to her late husband, Bernard Bara.

The visiting public has shown increasing interest in the ancient fane and its history.

Officiating clergy at next Thursday afternoon's service will be The Right Rev. Philip Cook, Bishop of Delaware; The Ven. F. W. Vroom, D. D., Archdeacon of Nova Scotia; Rev. W. H. S. Morris, Canon of All Saints' Cathedral, and the deanery of Annapolis, namely: Rev. Canon Underwood, Bridgetown; Rev. T. R. B. Anderson, Wilton; Rev. C. O. Holm, Round Hill; Rev. E. M. Caldwell, Digby; Rev. Frank Gaskill, Granville Ferry; Rev. Dew. White, Annapolis Royal; Rev. F. G. Smith, Weymouth; Rev. John Lockward, former Rector of St. Clement's, and Rev. Rural Dean A. W. L. Smith, Clementsport. Bruce Elliott, Clementsport, will be organist at the service, and direct a choir composed of members of the Anglican, Baptist and United Churches, Clementsport and visiting friends.

At Middleton Next Week. Dr. H. W. Kirkpatrick, of Halifax, will be at his office in Middleton, for treatment of diseases of the eye, ear, nose and throat, on Tuesday, August 17th, and Wednesday, August 18th, until four o'clock. Glasses fitted.

## CHARGED WITH MANSLAUGHTER

Phillip Comeau, lately of New York, but a native of Concession, Digby County, and son of Innocent Comeau, of that place, was yesterday afternoon sent up for trial by a higher court on a charge of manslaughter.

Comeau is charged with causing the death of Leonard Melanson, Concession, who died in the Yarmouth Hospital as the result of a broken neck, within twenty-four hours after he was struck down by a car, allegedly driven by Comeau. Melanson was riding a bicycle.

The preliminary hearing yesterday afternoon was before Stipendiary Denis d'Entremont, at Little Brook, municipality of Clare, Digby County. E. J. Theriault, crown prosecutor for Digby, conducted the prosecution, and V. J. Pothier, M.P., of Yarmouth, for the defence.

## PROGRESSIVE EDUCATION IN GIRLS' SCHOOL

The progressive trend in education is being interpreted in an interesting way in the Girls' School at Mount Allison, Sackville, N. B. It is now generally believed by educationists that both maladjustments of personality and our present chaotic society have been produced in part by an educational system which with personality and too much has been concerned too little with curriculum. Moreover, in its absorption with the accumulation of factual knowledge, vital social questions have too often been either totally ignored or given a subsidiary place in the school programme.

This school aims to develop the individual, and the program includes many creative activities. Drama is undoubtedly one of the most creative of the arts, and the girls are given abundant opportunity in this field both in writing and acting plays.

## HOW TO SAVE MONEY

Do you want to save money? Double your tire mileage? Cut your oil bill in two? Get more miles to the gallon? Experts have found, that, on the average:

1—Oil consumption at 55 miles an hour is seven times greater than at 20 miles an hour!

2—Tire wear at 55 miles an hour is twice as great as at 40 miles an hour.

3—Gasoline consumption at 55 miles an hour is one-fourth more than at 30 miles an hour.

4—There is greater wear and tear on the various parts of the car when running at high speed, particularly in piston rings, wrist pins, connecting rods and main bearings, transmission and rear axle bearings.

You can see that running your car at 60 miles per hour or more makes the cost of operation soar just about four times what it is when you jog along at around 40 miles an hour, and you then obey the law of the highway.

That is something to think about! Reduce your speed and save money.

Here's something else to think about: Keep your speeds down and save lives.

## ADVICE TO SUN BATHERS

Dr. John W. S. Macdonald, M.D., P.H.D., writing to the press, gives the following information and advice to sun bathers who are over anxious to be sun-banned.

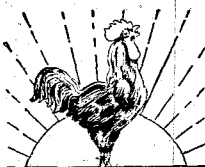

"Within recent years young men and women have sought a tanned skin. One sees them at bathing beaches and elsewhere exposing large areas of the surface of their body in the effort to obtain a rapid tan. In many cases the results are little short of disastrous. Nervous and apparently healthy persons may be made seriously ill by moderate exposure to sunlight.

A sunburn of considerable extent is simply a burn like any burn caused by exposure to fire. It is exquisitely painful. There may be prostration, high fever and evidence of kidney derangement. Every summer sees a host of self-elected martyrs to the sun's rays. Blondes and red-heads are among the chief sufferers in this respect. Fair-skinned persons have little pigment in their skins. They lack this natural protection against the sun's rays. Such persons do not tan as darkly as brunettes do.

"A two-weeks' holiday is frequently spoiled by a sunburn acquired during a single week end. Everyone seeking a coat of tan should have the sunlight applied very gradually and never over a wide area of the body. This is especially true of blondes and little children."

## GROWING RASPBERRIES

As the red raspberry fruits on canes that are one year old the first principle is that the fruiting canes should be removed after the end of the fruiting season. This may be done either in the fall or early spring. Canes which have borne fruit this year will be dead wood next year, and therefore must be cut out. Young canes which have appeared this year will bear fruit next year, so they should not be cut out unless they have grown too thick in the row or hill. As the old canes are frequently carriers of disease and insect pests it is well to be assured that all are cut out, and see to it that they are destroyed by burning. If the red raspberry plantation grows on the hill system six or eight canes may be left to each plant. If grown on the hedgerow system the suckers and canes are

are affected but rarely and artificially fed infants. If your baby requires to be bottle fed the careful sterilization of all utensils required in the preparation of the feedings will go a long way to avoid contamination of the food supply. The milk which should be originally pasteurized must be boiled from three to five minutes and kept cold in the refrigerator until it is required. It is becoming established that infantile summer diarrhoea or cholera infantum or "intestinal flu" are all the same condition and are infectious diseases.

The germs causing the trouble may be spread by flies or by the contact of soiled hands with the food. Therefore screening and all other measures to eliminate houseflies and scrupulous personal cleanliness are excellent measures to avoid the spread of infection. If any other member of the family has even the slightest diarrhoea should avoid all contact with the baby because what may seem a minor trouble in the adult may assume dangerous proportions in the infant. If, in spite of these simple and common sense precautions, your baby should develop diarrhoea, omit all food except large quantities of boiled water until your doctor gives you further instructions. Regard the beginnings of this trouble as worthy of your serious attention, don't wait until the child becomes drooping and sunken-eyed but act early and save the babies.

Questions concerning Health, addressed to the Canadian Medical Association, 184 College St., Toronto, will be answered personally by letter.

## NO SECRET IN OIL PRICES

In the retail end of the oil industry a recent investigation showed that at least 16 factors affected the price of gasoline, many of them in favor of the consumer. Oil men and government officials found out the complexity of the situation under the NRA when they sought a panacea for the industry's marketing ills. No one remedy, they saw, would fit all the ailments more than castor oil would cure all the patients in a hospital.

It is frequently claimed, sometimes by political office-holders, that the fact that oil companies generally sell at the same price shows collusion. And they claim conspiracy is further proved by the fact that they advance or drop their prices at the same time. No one doubts those of average experience who make this claim, seldom have any faith in it themselves.

There are some, no doubt, who do not see why this occurs. Here again comes in the factor of competition. Anyone selling a commodity against others selling substantially the same thing, quickly realizes that it is difficult, and in most cases impossible, to sell his article at a higher price to the same people his competitors are soliciting.

The oil industry—as have most other industries—has seen thousands of cases where competing companies have refused to meet the prices of aggressive competitors. Soon they find their business drifting away to those offering the lower price and they have to come to it.

There is nothing secret about this process. It is a simple demand of business competition.

## First Clocks Wonderful

Examples of Maker's Art

The first clocks that were set up in church belfries and public buildings in the later Middle Ages were crude affairs compared with the scientific precision of instruments, but their general principles are exactly the same. They comprised a power source—usually weights—which moved wheel work, which was attached some means of indicating the time. The rate of going was regulated by a vibrating body, at first a horizontal bar, later a balance wheel or pendulum, and the power was governed and applied a little at a time by a device known as an escapement, which alternately caught and released some part of the mechanism. It is the escapement in a watch or clock which does the ticking; it is truly the heart of the timepiece, writes Eugene Guild in the Washington Evening Star.

The word "clock" comes from an old word meaning "bell," and the German word for bell is "glocke" to this day. Later, dials were rigged up, with a moving hand showing the time—an idea taken from the ancient Greek water clocks.

As time went on medieval craftsmen developed clocks which were marvels of mechanical ingenuity, if not of accuracy. The famous clock of Strasbourg cathedral is an example. It was put up in 1352 and has been twice rebuilt, each time with greater elaboration. It is three stories high and stands against the cathedral wall somewhat in the shape of a great altar with three towers.

## Schipperke Is Blackest

Dog of Various Breeds

The schipperke, pronounced skiper-ke, is the blackest dog of all breeds and it was in farrif Belgium that they won their first merit, according to a writer in the Los Angeles Times. Around the barges that the Flemish canals runs a wide ledge and there these small dogs would keep watch, barking an alarm at danger and assisting the large captains efficiently. The name of "little skipper" was bestowed upon them.

They have one very noticeable characteristic—the complete absence of a tail. The majority are tailless.

The average "Skip" weighs about twelve pounds. Their general appearance is that of a small cobby dog, intensely alert, and exceedingly dainty. The head has a fox-like expression with its pointed muzzle and sharp, erect ears. The eyes are dark, oval in shape, and very expressive.

## Early Ohio Publicity

Many myths about Ohio in its settlement days were spread throughout the East to attract more families into this new territory. Among the famous tales, relates a writer in the Cleveland Plain Dealer, were the springs of beauty flowed down the hills, that four-story little pieces of cloth on the storm, that pumpkins grew as big as barrels, and that melons—well, the size of Ohio melons ranged in comparison, from a egg-salad jug to a barrel or basket. On the other hand, at the same time that such myths were going the rounds, myths of an adverse nature also trickled into the East. One of these was that the Ohio bogwampas carried such a poisonous, wailing that when its fangs pierced, say, a tree trunk, the leaves curled up and died, the tree itself dying soon afterward.

## Paper-Making

The center around which paper making spins is the paper-making machine, says a writer in the Scientific American. It is a gigantic combination of intricate mechanisms which takes in raw stock at one end, and spins forth paper at the other. A full-sized machine appears 200 feet in length, weighs nearly a million pounds and is in the neighborhood of a half million dollars. Because it is a grouping of machinery, one might say that there is a hazard every foot of the length. There is a some of it, a individual motors, about twenty-five pumps, thousands of feet of pipe and many miles of wire. Every unit must coordinate in order to deliver a product that is satisfactory.

**Only Firestone TIRES ARE GUM-DIPPED FOR EXTRA STRENGTH**  
GUM-DIPPING is a patented Firestone process not used in any other tire. With it every hundred pounds of cord fabric absorbs eight pounds of rubber and, as a result, every fibre, every cord and every ply in a Firestone tire is coated and insulated with pure rubber to counteract internal heat and friction—the greatest enemy of tire life.  
Due to this extra process, Firestone Gum-Dipped Cords have 58% longer flexing life. Yet you do not pay one cent more for this extra value! See the nearest Firestone Dealer today!

### UNVEIL TABLET TO MEMORY OF PARK CURATOR

At the regular quarterly meeting of the Historical Association of Annapolis Royal held Tuesday evening of last week, at the Town Hall, Annapolis Royal, the memory of the late L. M. Fortier was honored by the unveiling of a beautiful bronze tablet, artistically designed with a border of maple leaves, mayflowers, fleur-de-lis and thistles, and bearing a portrait of Mr. Fortier in bas-relief, with the following inscription:

LOUIS MORION FORTIER  
1858-1933  
Honorary Superintendent of Port Anne National Park, 1917-1933.

Founder of the Historical Association of Annapolis Royal, Founder and Curator of the Museum of Port Anne National Park.

This tablet is erected by appreciative friends in grateful recognition of his work in collecting and preserving things of historic value and in stimulating widespread interest in the history of Nova Scotia.

The finest of all human possibilities is when a man seeing his highest duty finds his chief gladness in doing it. From such a union is most likely to spring the perfect and enduring work.

The memorial tablet was unveiled by Thomas Fortier, Jr., grandson of Mr. Fortier, following an address by Dr. Clarence Webster, of Shediac, N. E., honorary president of the association, who spoke of the "renaissance of history" as exemplified by the work of the Historic Sites and Monuments Board, and the establishment of various parks and museums, and paid special tribute to the late Mr. Fortier, citing his activities in promoting the change in the coat-of-arms and the adoption of the flag of Nova Scotia; in the placing of many memorial tablets and monuments in Port Anne Park and in organizing the association, which now honors his memory, stressing also his persistency, his courage and sentiment in his efforts to stimulate the public to a greater interest in the history of the town.

### Obituary

**Joseph Curtis Rice**  
Joseph Curtis Rice passed away at the Digby General Hospital early Saturday morning as the result of severe head injuries when he was thrown from a bicycle on Thursday evening. The deceased was a son of late Holford and Cynthia Harris Rice and was 60 years of age. He is survived by one sister, Maude, of Cambridge, Mass., and Loran, on the home, who mourn his passing.

For a number of years Mr. Rice lived in British Columbia, gone there when a young man. On his return to the old homestead, where he gave unceasing care to his aged parents, who preceded him by only a few years. Other members of the family deceased, Harry, who died in early childhood; Lida, Eulalie, wife of the late Major Elmer Morgan, and Harriet, wife of the late Valentine Robb.

The funeral, which was largely attended, was held from the home of his nephew, Milton Morgan, Bear River. Rev. S. Steeves of the United Baptist Church preached the funeral sermon. The choir sang two favorite hymns, "Face to Face" and "What a Friend We Have in Jesus." The pallbearers were Bernard Alcorn, Fred C. Harris, Bear River and George Chute and Stuart Jace, Valentin Robb.

Interment was in Mt. Hope Cemetery.

**Barn Destroyed By Fire**—Fire of unknown origin destroyed the large barn owned by Gilbert McGowan of Weymouth North at an early hour Monday morning. The barn had been locked and there was no sign of fire when the owner left it about 9 p.m. Sunday evening. The blaze was discovered by the occupants of a car passing about 5 a.m., who gave the alarm. The fire engine and volunteer fighters were soon on the scene, but too late to be able to save anything. Contents of the barn at the time of the fire included a valuable cow, several tons of hay, farming implements, carpenter tools, two sets of harness and several bundles of shingles. The loss is estimated at \$1,000, with no insurance. Roofs of nearby dwellings were ignited, but were extinguished before further damage was done.

## Obituary

**William Comeau**  
The community was grieved Monday to learn of the sudden passing at Bathurst, N. B., of William C. Comeau, for many years a popular barber of this place. Deceased, who was 64 years of age, is survived by his widow, two sons, William and Cyril, of Weymouth, and three daughters, Marguerite, (Mrs. Pothier), Helen, (Mrs. Vaniasse), and Celeste, (Mrs. MacDonald) all of Bathurst, N. B. Mr. Comeau will be greatly missed by a large number of friends who extend sympathy to the sorrowing relatives.

## Weddings

**LeBlanc-Comeau**  
A pretty wedding of interest to a large circle of friends was solemnized in St. Joseph's Roman Catholic Church on Tuesday morning, Rev. D. C. Melanson, P. P., officiating, when Miss Rosalee Comeau, daughter of the late Mr. and Mrs. Elot Comeau became the bride of John LeBlanc, son of Mr. and Mrs. William LeBlanc of Church Point. The Church had been beautifully decorated for the occasion by friends of the bride. The nuptial high mass was celebrated and Mrs. Harley Amoro sang Ave Maria. The bride, who is a graduate of the Provincial Normal College and a successful teacher, looked charming in a gown of white satin with conventional veil and carried a bouquet of roses. She was attended by her sister, Miss Estelle Comeau, Brighton, Mass., who was attractively gowned in ecru lace with white accessories and also carried a bouquet of roses. The groomsmen was Louis Thibodeau, of Church Point. The ushers were Alphonse and Peter Comeau, cousins of the bride. Immediately after the ceremony the bridal couple took the wedding breakfast to the groves of their parents, after which a wedding breakfast was served at the home of the bride's brother, Legere Comeau. The happy couple left later on a motor trip to Halifax, the bride travelling in a mustard color suit with brown accessories. Upon their return they will reside at Church Point. The groom is employed at Bellevue's Garage, Bellevue's Cove. The bride was the guest of honor at a shower held in the Community Theatre, Thursday evening and attended by about 100 friends. She was the recipient of a large and beautiful array of gifts.

## The SNAPSHOT GUILD

PICTURES EVERYBODY LIKES

The amateur who took this picture gave thought to it. The boys are his sons, but the appeal of the picture is universal.

**THE** statisticians tell us that there are now millions and millions of camera owners—more than a million right here in Canada alone—but how many of them take pictures that really qualify as pictures, such as might be chosen to adorn the walls of a home other than their own, is a question.

Some judges of amateur snapshot contents aver that scarcely one person in a couple of thousand submits pictures of genuine pictorial quality or having the saving appeal of storytelling human interest. Others say that often most of the pictures are so good in these respects that they have difficulty in making decisions.

Perhaps the verdict depends as much upon who the judges are as upon what the pictures are. All of them concede that from the standpoint of photographic quality—correct exposure and proper focus—the average of amateur photographs is high. In that sense there is no doubt that thousands of amateurs take good pictures but with respect to evoking general appeal, it must be admitted that not all give evidence of attention to artistic composition, thought in the choice of subject, or care for the right moment to snap the shutter. The result is pictures that are commonplace in their appeal to others. Usually such pictures are personal to the picture taker, such as a close-up of a beloved infant with no qualities to distinguish it from snapshots of a thousand other babies.

Whether or not a camera user is interested in snapshot contests, he can get all the pleasure the painter gets in his work to create pictures that will be admired by everybody. It is the difference, for example, between a picture entitled, "My wife and Junior, aged four," with the subjects standing stiffly side by side and one of the same subjects entitled, "A boy's best friend is his mother," showing her, with the boy over her knee, giving him a spanking. That's the kind of picture everybody likes.

John van Gulder.

## WATER POEMS

An episode in an amateur photographer's picture Odyssey of the travels of water. Exposure f22 at 1/25 second.

THE moods of water, tumbling, bubbling, gushing, spouting, dashing, splashing, trickling, rolling, rippling, dripping, glad, angry, smooth, rough, serene, peaceful, make adjectives for poets. For the amateur photographer with any poetry in his soul whatever, they make themes for beautiful pictures and the subject of a delightful picture hobby.

We know of one amateur photographer who used his camera to picture the grand circle water makes in its journey from land to sea to the clouds and back to the land again. This picture epic of water began with a photograph of a tiny woodland spring, then pictures of a rivulet, a brook, a river, a mightier river with its waterfalls and cataracts, the bay through which it flowed into the ocean, the ocean itself, a cloud and sunbeam picture over the ocean, thus picturing water being caught up for its return journey, and finally rain.

This idea far from exhausts the possibilities of poetic water pictures, especially when human interest is added. The majestic sweep of water over Niagara Falls is a poem in itself but a honeyhooning pair in the foreground adds romance. A fair swimmer in clear water on which sunshine is shimmering creates a poetic pattern of life and light. A pseudo-moonlight picture over a placid lake of a youth and a maid in a canoe (a shot into the setting sun with a small lens opening) gives a poetic mood to "the

Nox Kidney Flushers

To neglect the first symptom of kidney trouble might lead to very serious results. Your kidneys contain thousands of little filters, each one having special work to perform. If some of these filters become clogged, poisons and uric acid enter the blood stream. The result is a backache, a dead heavy pain. The uric acid deposits a fine granule in the joints, causing a pain known as rheumatism. Nox Kidney Flushers really flush the kidneys, placing them in a healthy, sound condition. No more getting up at night—no more backache. That sallow complexion is replaced by a natural clear skin. Your eyes become bright and your headaches disappear. Each package of Nox Kidney Flushers contains a full month's treatment. There is only one Nox Kidney Flusher—they improve your entire general health. Your Kidneys and Liver will function perfectly. Why not start today on the road to good health—let Nox Kidney Flushers bring you good health.—For Sale at P. W. Holthworth's Drug Store, Digby.

## Statue of Cleopatra Is

## Egypt's Chief Attraction

Though the Nile is lined with temples and statues erected to the honor of Egypt's ancient pharaohs, many travelers search especially for the one ruler who is most vivid in their minds and most expressive of Egypt's charm, Cleopatra. Actually, according to an authority, only one original likeness, sculptured in Cleopatra's own time, remains in existence—the statue on the temple at Dendera. This shows Cleopatra in the conventionally stiff, upright attitude, with the emblem of the goddess of love on her head and the little caesarian, her son by Julius Caesar, at her side.

The temple at Dendera is one of the best preserved in Egypt. But the fact that it retains its statue of Cleopatra is due to a curious circumstance. When Julius Caesar had been assassinated in Rome, his successor, Augustus, vindictively commanded that all statues of Cleopatra be destroyed.

A wealthy admirer of the great Queen, however, appealed to the cupidity of Augustus and bought immunity for her statues at the fabulous price of 2,000 talents—something more than \$500,000. The image of Dendera, therefore, the only one remaining, may be ungraceful from the modern point of view, but must rank as one of the costliest statues known.

## Blue Whale Is Largest; Heavier Than Elephants

Of the many species of whale, the blue whale, or, as he is sometimes called, the sulphur bottom, is the largest. The whale is not a fish, as is commonly supposed, but a tacean, says a writer in Pathfinder Magazine. A cetacean is a mammal that lives an aquatic life; a mammal is an air-breathing, warm-blooded animal that bears suckling its young; a fish is a cold-blooded vertebrate, living in water and breathing through gills instead of lungs, and having fins instead of fingers or toes.

Equipped with enormous heads, one-fifth to one-third the size of the body, but apparently without any neck, whales have small eyes that are set far back. These massive creatures can remain under water for half an hour if necessary, but usually they come to the surface every eight or ten minutes to breathe.

When they remain on the surface about two minutes, blowing eight or ten times. They are hunted chiefly for their oil and whalebone, a single specimen sometimes yielding an amount worth nearly \$5,000.

One of the largest blue whales which there are authentic records measured 88 ft., but the average is 75 ft. The weight of a large blue whale is more than that of five elephants.

## Duplicating Ducks

Each duck in a flock will produce about half a pound of eider down, but it must be tricked into doing so, says Samuel J. Beckett in "A Wayfarer in Norway." Artificial nests are placed in the rocks in the haunts of the bird, and there the ducks lay their eggs. As the eggs are systematically taken away, the bird continues to sit for long periods, all the time plucking the valuable down from her breast for the nest. Loka is one of the centers for the eider down industry.

## Nature's Barometer

The Burmese, who, like the Chinese, are fond of betting, have a novel method of gambling on the rains. No one knows accurately when the monsoons are going to break, says a writer in Pearson's London Weekly, but there is a flower called the Padouk, blooming three times between April and May, which the natives carefully watch. They say in Burma that when the Padouk flowers for the third time it means an immediate downfall of rain.

## Meaning of Ore Dressing

Ore as taken from the mines is usually contaminated with various impurities of no value. Mechanical methods of concentrating the valuable minerals and of separating one ore from another, as zinc sulphide from lead sulphide, are known as ore dressing. Ore is usually discharged upon bar screens called grizzlies, where large lumps of impurities can be rejected by hand. The remainder passes through various mechanical processes.

## Pastures to Paints

Giotto, who painted many of the frescoes in the church of San Francesco in Assisi, Italy, was a shepherd boy when the painter Cimabue discovered him drawing sheep on rat pasture stones, says Robert M. McBride in "Hilton City of Italy." Cimabue taught the lad to paint, and today Giotto's frescoes are among the most sought out by visitors to this medieval church.

## Raw Sienna in Paint

Raw sienna, an earth pigment, is one of the most valuable colors used in the paint making industry. It received its name from the city of Sienna, Italy. The sienna found near this city was of a very fine, rich transparent color and possessed great beauty and color permanence. When mixed with a white base, clear and delicate tints, result.

#### BAND NOTES

The re-modeled Band Stand has brought forth highly favorable comments from all quarters. Bandmen find they can play more easily from the new elevation, and the audience can hear better, the music is evenly distributed to all parts of the little park and can be heard quite well all along Water Street and more remote parts. In appearance a rather artistic structure takes the place of the squatly stand erected about 30 years ago, before the land around it was filled in. Better illumination of the grounds, handsome new uniforms, and the elevated stand combine to form a pleasing picture that will make these Thursday evening concerts more popular than ever.

The committee in charge of the work, Churchill Solows and Fritz Dakin, with Frank Robinson supervising the work, have made a fine job of it and deserve credit.

## DIGBY ACADEMY RE-OPENING

The DIGBY ACADEMY and COMMON SCHOOL will re-open on TUESDAY, the seventh day of September 1937, when all pupils of school age are expected to be in attendance.

Parents and Guardians of children registering in the Digby Public Schools for the FIRST TIME are required to attend to the registration before school opens. The Principal will be at the Academy, Monday, August 23rd, from 2 p.m., for the purpose of receiving early registration. Particulars required:—Name of Child; Date of Birth; Parents' Names; either Certificate of Successful Vaccination or Conscientious Objector's Certificate, dated 1937; or Health Certificate dated 1937.

Please note the Objector's Certificate or Health Certificate MUST BE RENEWED EACH YEAR. Also note a very heavy registration is expected in the Primary Department hence your co-operation with respect to early registration will aid the School Board in providing accommodation for the Primary Grades.

Students from outside districts who wish to enter the Academy in September must make application to the Principal, Box 322, Digby, N. S., not later than August 31st, in order that Entrance Examinations may be prepared, which will be written at the Academy during the week of September 7th. No student will be admitted without successfully passing the examination for the High School Grade in which he or she desires to register, unless able to provide other satisfactory evidence of ability to carry on in the desired course.

Students registering in Grade XII are requested to make application to the Principal at once, stating preference on Grade XI Provincial Certificate and year obtained. ONLY those holding Provincial Certificates will be registered in Grade XII.

By order of the School Commissioners of the Town of Digby.

## CASES ADJUDGED UNTIL AUGUST 31

Adjournments until August 31 were granted H. P. Newcombe, 31-year-old, on Monday, when he appeared for a preliminary hearing before Judge J. H. Peters, on charges laid by Corp. J. A. Wrubalski, of the R. C. M. P. He was defended by J. E. Rutledge, K. C., of Halifax. Prosecution was conducted by E. J. Theriault, of Digby.

Mr. Newcombe was charged with stealing 50 shares of preferred stock in the Founders Investment Ltd., from James A. Robbins, of Rossway, that he did on or about the 2nd day of December, 1935, at Smith's Cove, in the County of Digby, with intent to defraud by false pretenses, obtain from Spurgeon Weir the sum of \$1,000; and "H. P. Newcombe, of Halifax, in the County of Halifax, on or about the 20th of November, 1935, at Rossway, in the County of Digby, having therefore received from Douglas Andrews the sum of \$100 with a direction from him, said Douglas Andrews to said H. P. Newcombe, the said money to be applied to the purchase of safe securities, did then and there, in violation of the good faith and contrary to the terms of said direction fraudulently permit to his own use, and thereby steal the said sum of money." According to evidence the Robbins transaction involved \$510.

Council for the accused objected to the information on the ground that it did not set out any information and belief on the part of the informant. The informant was not an eye witness, and had no knowledge of his own of any offence said to have been committed. Evidence was taken in all three cases, witnesses telling of transactions with Mr. Newcombe. All of the aggrieved persons testified they had signed letters to H. P. Newcombe, the Attorney General and to the Crown Prosecutor, stating they did not wish to prosecute. They also testified that the letters were written or signed at the suggestion of a named clergyman.

## Weekly Newspapermen Meet in Halifax

Newspapermen of today have the "function of leading and educating the people," declared Premier Angus L. MacDonald of Nova Scotia, on Thursday afternoon, in welcoming delegates to the 18th annual convention of the Canadian Weekly Newspaper Association.

The first newspaper printed in Canada, The Halifax Gazette, was published in Nova Scotia in 1752, where the Province House now stands, the Premier said. In 1751 Bartholomew Green set up the first printing press in what is now Canada. It too, was in Halifax. The Halifax Gazette, is still published as the Royal Gazette.

Joseph Howe's successful defense of himself in a charge of criminal libel, preferred against him because of a letter published in his newspaper, the Premier said, established the freedom of the press in Nova Scotia, he hoped for all time.

John H. Casey, Professor of Journalism at University of Oklahoma, spoke on "Education and the Press," stressing the fact that the newspaper begins as an educator where the school leaves off.

United Church of Canada, Digby Circuit, Rev. T. W. Hodgeson, Minister—Digby, 11.00 and 7.30; Sunday School, 12.15; Bay View, 1.30 o'clock. Smith's Cove, 3 o'clock. All are welcome!

## Hospital Fair Well Attended

The annual Hospital Fair, held on the Manhattan Hotel grounds, Wednesday afternoon and evening, was one of the best attended in the history of Digby Hospital Fairs. The crowd commenced to gather early in the afternoon, and during the supper time, tables were well filled.

The record crowds came during the evening. Until late, Bingo tables, wheels, and booths operated by local people and those from villages and nearby places interested in our hospital, were kept busy. The horse race was a new attraction this year, and "playing the horses" was a most popular sport at Wednesday's bazaar.

Owing to the heavy electrical storm Wednesday morning, it was feared a poor day was in store, but "Old Sol" became good natured and smiled at his best most of the day.

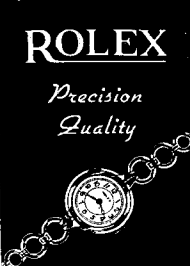

We regret that at this time the amount of the proceeds have not been made available for publication, but, if the attendance as we saw it was an indication, the figure this year will go above the \$1465 realized last year.

As in other years, many, not only from Digby and vicinity, but among our summer visitors, showed their interest in Digby's model hospital through their contributions of work and "tens for sale. To say their work and efforts are deeply appreciated, is putting it mildly.

A list of prize winners for the various raffles has been received for publication. Due to the demand of space at the time of writing, we may have to hold this list over until next week.

We were advised last evening that the gross proceeds of the Hospital Fair were \$5153.15.

Miss Barbara Peters, of Yarmouth, is visiting her aunt, Mrs. Jesse Peters, Westport. Another visitor at Westport from Yarmouth is Mrs. Kelly, who is the guest of Miss Stella Payson.

C., visiting friends and relatives en-route. Mrs. Wallis will visit a brother in Winnipeg, a sister in Kamloops, and another sister at Vancouver, whom she has not seen in many years.

## MET DEATH BY LIGHTNING

Fourteen year old Cyril McAnson, son of Mr. and Mrs. Wm. McAnson, Little Brook Station, met an untimely death Wednesday morning, when struck by a bolt of lightning. The young lad, with his mother, in seeking protection from the storm, sought shelter in a small shed between the barn and the house, the boy standing on a platform some five feet from the floor.

Struck by a bolt of lightning, he was knocked to the floor and died instantly. It is not definitely known whether it was the fall or the shock of the lightning that killed him. His mother was also knocked to the ground, but, other than a severe shock, suffered no serious injuries.

Members of the family witnessed the tragedy. It was decided an inquest unnecessary.

## AUTOMOBILE ACCIDENTS

Unable to pass a parked car when a truck approaching from the opposite direction, H. S. Ford of Summit, drove his vehicle into the rear of the parked vehicle which Lucian H. Mercier, Washington, D. C. had rented from a Halifax garage. The accident occurred near Maville.

On Thursday evening of last week, a Quebec car, driven by John E. Wright, and owned by G. Forbes Johnson, both of Montreal, plunged over a six foot embankment at the foot of the "town hill" near the Digby General Hospital. Neither of the occupants were seriously injured, although Johnson, the elder of the two, was bruised and slightly cut. They were allegedly crowded off the road by an old truck, and claim the driver climbed out the cab and looked over the bank, saw Johnson standing on his head at the car door, and then sped away without offering assistance.

Rounding a curve near Porter's 15th, on Tuesday afternoon, a Massachusetts car left the road, and turned over several times. It is understood five persons were in the car at the time of the accident, all of whom received cuts, although none were seriously injured. The car was badly damaged.

**CELEBRATES 50th ANNIVERSARY**  
Mr. and Mrs. Thomas M. Gibbons, Roxville, celebrated their 50th wedding anniversary last week. Among the guests were Mr. and Mrs. Johnson Bruce and family, Bridgetown; Mr. and Mrs. William J. Gibbons, Medford, Mass.; Mr. and Mrs. Albert E. Gibbons and Thomas C. Gibbons, Dorchester, Mass.; Mr. and Mrs. Joseph Keene and Miss Agnes Coy, Melrose, Mass.

## Who Wants to Sit on the Side of the Road

WHILE THE AUTO BURNS UP ?

You might not feel so bad if it was one of the old ones and was insured but even at that you only get out of it an amount in proportion to the value of the car at the time of the fire and with a new one, even with insurance it is a lot of grief. Then also there is the fact that you might sit and sit and no-one come along and give a lift home.

## PRICES TEND TO A COMMON LEVEL

Gasoline has its brands and its differences in quality, but it is first and last a motor fuel. As such, however high its quality, it must compete on a price basis with other motor fuels. For this reason prices of all brands tend to a common level. This tendency has resulted in establishment of country wide prices fairly uniform, except for difference in freight rates.

Contrasted with prices which obtain in other countries where restriction imposed by the state are far greater than any yet imposed in this country, and where gasoline is still classed as a luxury, the competitive system of gasoline marketing in Canada and the United States has been in some measure responsible for the fact that nearly 80 per cent of the world's motor vehicles are in these two countries.

Even in countries which produce their own oil, gasoline prices here are less than half, in some cases almost one-third of what they are in these countries. Comparative gasoline prices from a group of citizens in America and in foreign countries, illustrate clearly that only on this continent is the price low enough to permit the motor car industry to develop to its full possibilities.

## INFANTILE PARALYSIS

We are now in the season when we may expect the occurrence of sporadic cases of Infantile Paralysis. In the immediate past we have been fortunate in Nova Scotia, in experiencing but few cases of this disease. Of recent years its advance towards the Maritime Provinces seemed to be halted by the advent of cold weather. During the past two weeks four cases have been reported in the Province. Up to the present time the extent of its incidence is not alarming and as each case has appeared, all known methods thought to be useful in preventing its spread have been initiated; nevertheless, the actual presence of this crippling disease, even in its sporadic form, is not comforting and it should prompt us to arm ourselves in case it should assume epidemic proportions.

At the moment the medical profession has no certain knowledge as to the exact channel through which Infantile Paralysis is propagated. While it bears many of the earmarks of an infectious nature, it does not necessarily follow the known behavior of other diseases of that type, consequently both parents and physician are requested to maintain a vigilant attitude towards the onset of any illness which may suggest this disease. In hospital practice the early diagnosis may be difficult; in rural areas where patients of necessity can be seen only infrequently, it is increasingly difficult. Often the onset of paralysis is the first definite warning of anything amiss. In a study of outbreaks in various places and in a review of the literature one finds marked differences in observations and that the clinical manifestations of one epidemic may differ from those of another; nevertheless, certain features are, to a considerable extent, common to all. Any illness where fever, nausea, vomiting, diarrhoea and headache are present or where there are symptoms referable to the upper respiratory tract such as sneezing, coughing, fever and sore throat should put the observer on guard for the later symptoms which are drowsi-

ness, irritability, muscle pains, muscle rigidity and pain in the back of the neck.

The incubation period is thought to be from seven to fourteen days, followed by a short febrile course of one or two days, then often a period of remission of one to three days. After this a second stage with re-appearance of general symptoms and particularly symptoms referable to the nervous system.

During the acute stage rest in bed, and particularly rest of the affected muscle groups, is important. Rest and muscles re-education are later indicated. While there have been differences of opinion respecting the effectiveness of convalescent serum, nevertheless, its use is recommended. It should, however, be given as soon as possible after the diagnosis is made. The Department has on hand a supply of this serum and more is now being prepared. It will be sent promptly to any part of the province where it is required. Telegraph orders from physicians will be given special consideration.

In the prevention and control of Infantile Paralysis, Medical Health Officers and Local Boards of Health are requested to cooperate to the fullest extent of their abilities in seeing that the following rules are rigidly adhered to:

1. Isolation of the patient, and quarantine of contacts. Sero-testing to keep out flies and insects. Domestic animals to be excluded from patients' rooms.
2. Disinfection or burial of all discharges where water carriage and sewerage systems are not available; especially sputa, nasal secretions and excretions from the intestines.
3. All nurses and other attendants to observe the same precautions regarding their hands and clothing as in attendance of cases of any communicable disease.
4. When the disease is present.

## Letter to the Editor

To the Editor of the Courier.

Dear Mr. Editor:—I feel that I must just dash off a few lines to tell you how absolutely thrilled I was to read the blinding flash of genius which appeared on the back page of your issue of August 6th.

Seats for the Visitors! Of course we know that we have Boards of Trade, and Town Councils, and things like that working tooth and nail to promote the tourist business here in Digby; but after all one cannot expect these bodies, which are only human, to evolve such stupendous ideas at short notice.

You see, we here in Digby, have only recently become interested in the tourist business (as time goes) and that is why the idea of providing a seat for a visitor to sit on is so overwhelming in its immensity.

I was talking to a visitor the other day, and he told me a touching little story which, since we are now in the thick of this revolution of thought, I may well repeat. It appears that this visitor, we will call him Mr. X., had dined not wisely but too well at one of our leading hotels, and had subsequently paid a visit to one of our Medical Practitioners, who had presented him with a pill and a bill. He took both. But, and this is the really heart-rending part of the story, Mr. X. had not allowed for the great potency of the pill, or bill, and found himself suffering considerable inconvenience right in the middle of Water Street!

Now, I mean to say, why dash and confound it Mr. Editor, just for one moment try to imagine yourself a visitor here, a stranger in our midst, and that you find yourself alone on Water Street with a pill and a bill! Why, by Jove, Mr. Editor, it's enough to cause international complications, not to mention the effect on the traffic!

Now I don't want to be personal, Mr. Ed., but don't you think that this is the psychological moment for you to get some of the boys and girls together, and go into a huddle over this visitor business? You see, seats are only the thin end of the wedge. Once get your visitor seated, and you can play to him, sing to him, dance to him, swim with him, jump at him, and so on and so on; and he will go away quite dizzy with all the good things he saw, and heard and ate, and did at Digby, and he will tell all his friends "You

must go to Digby. Now don't forget."

But on the other hand we must not forget that in the days of motor cars and other forms of high speed transport it takes more than a little to bring visitors here or hold them here, or bring them back again, and that even if we give them seats, and that would be a wonderful thing, it will not make Digby the talk of the Continent which is what we need to bring in the business.

Yours very truly,

C. N. G. Wilde.

## One Month's Treatment of NOX KIDNEY FLUSHERS

Will End Your Kidney Trouble

To neglect the first symptom of Kidney trouble might lead to very serious results. Your kidneys contain thousands of little filters, each one having special work to perform. If some of these filters become clogged, poisons and Uric acid enters the blood stream. The result is a backache, a dead heavy pain. The Uric acid deposits a fine granule in the joints, causing a pain known as rheumatism. Nox Kidney Flushers really flush the kidneys, placing them in a healthy, sound condition. No more setting up at night—no more backache. That sallow complexion is replaced by a natural clear skin. Your eyes become bright and your headaches disappear. Each package of Nox Kidney Flushers contains a full month's treatment. There is only one Nox Kidney Flusher—they improve your entire general health. Your Kidneys and Liver will function perfectly. Why not start today on the road to good health—but Nox Kidney Flushers bring you good health—For Sale at F. W. Holdsworth's Drug Store, Digby.

## ECONOMICAL

The exact control of the heat in the surface burners and in the oven of the new Electric Ranges completely eliminates any wastage of heat. A large part of the cooking operations may be done with "stored heat" both in the surface burners and in the "sealed" oven which makes electric cooking highly efficient and economical of operation.

Waterless cooking and the absence of food shrinkage with "flavor sealed" cooking result in many appreciable savings in food bills, a very important item of the family budget.

Try one of these new Electrical Ranges at our expense. We offer you free electrical installation during this month.

## Newspaper Convention

(Continued From Page 1)

Presentation of prizes and awards featured the dinner of the Canadian Weekly Newspapers Association, in annual convention in Halifax. President L. J. Bennett, in the chair and attendance was large.

The Wolfville Acadian won the gold watch, donated by Printer and Publisher for the best first page, scoring a total of 76 points. H. P. Davidson received the award, which was presented by Harry Nicholson. The Drumhead, Alta. Mail was second.

The Mason trophy, for best papers with more than 2,000 circulation, was won by the Barrie, Ont. Examiner. Although the trophy was not on hand, J. A. MacLaren was presented with the old trophy which his paper had won three times and which now becomes his permanent possession. The Simcoe Reformer was second. The Committee's report listed the Pictou Advocate fifth among the first 10. The Campbellton, N. B. Graphic also was among the leaders.

The Charles Clark Cup, for papers between 1000 and 2000 circulation, went to the Cranbrook Courier with 49 points. The Huntsville Forerunner was second. J. A. MacLaren, who announced these awards, said he had noted a substantial improvement in weekly newspapers in recent years, especially in the editorial columns.

The Savage Shield, for papers between 500 and 1000 circulation, was won by the Grimsby Independent. The Wolfville Acadian took second place, only one-quarter of one point separating the winners.

The Jarvis, Ont. Record won the Charters Cup for papers with less than 500 circulation and the Rollo, Sask. Enterprise was second.

A pleasant feature of the dinner was the presentation by Charles A. Barber, Charlottetown, B. C. immediate past president of the association, of a tray of Sheffield plate to retiring President Bennett.

Early in the evening the diners cheerfully welcomed Mr. and Mrs. Cecil Day of the Toronto Advance, who were the dinner delegates, to the convention. Frank J. Burns, Kentville, president of the Nova Scotia section of the association, presented a bouquet to Mrs. Day.

Following the dinner the delegates, their wives and the delegates attended a dance at the Nova Scotia Hotel as guests of the Canadian National Railways.

# DIGBY ACADEMY RE-OPENING

The DIGBY ACADEMY and COMMON SCHOOL will re-open on TUESDAY, the seventh day of September 1937, when all pupils of school age are expected to be in attendance.

Parents and Guardians of children registering in the Digby Public Schools for the FIRST TIME are required to attend to the registration before school opens. The Principal will be at the Academy, Monday, August 23rd, from 2 p.m., for the purpose of receiving early registration. Particulars required:—Name of Child; Date of Birth; Parents' Names; either Certificate of Successful Vaccination or Conscientious Objector's Certificate, dated 1937; or Health Certificate dated 1937.

Please note the Objector's Certificate or Health Certificate MUST BE RENEWED EACH YEAR. Also note a very heavy registration is expected in the Primary Department hence your co-operation with respect to early registration will aid the School Board in providing accommodation for the Primary Grades.

Students from outside districts who wish to enter the Academy in September must make application to the Principal, Box 322, Digby, N. S., not later than August 31st, in order that Entrance Examinations may be prepared, which will be written at the Academy during the week of September 7th. No student will be admitted without successfully passing the examination for the High School Grade in which he or she desires to register, unless able to provide other satisfactory evidence of ability to carry on in the desired course.

Students registering in Grade XII are requested to make application to the Principal at once, stating approximate age and the Provincial Certificate and year obtained. ONLY those holding Provincial Certificates will be registered in Grade XII.

By order of the School Commissioners of the Town of Digby.

ALFRED BODEN Secretary

## BAND NOTES

Tonight in Port Anne Park at Annapolis Royal, the Digby Civic Band, directed by Paul Yates, will play a full concert program in return for the concert given here last week by the Annapolis Regimental Band. Their friendly spirit of co-operation between the two Bands has always been very marked and they have played together frequently.

Last night's concert by the Civic Band at the Digby, pavilion is the last of the summer series provided by the Town of Digby. It is not yet decided whether there will be any more concerts given in September, but if it is found that there is a general desire for them, no doubt the boys would be glad to comply with the wish. How is the Band to know that more concerts are wanted? If every reader of the "Courier" who wants to hear more good music by the Band, would let it be known in telling the Bandmaster or the members of the Band, it would bring the result. However, as the Band funds are at a low ebb, it would be necessary that very liberal collections should be given at each of the concerts. Pennies and nickels wouldn't do it. The last collection brought in several dollar bills, followed by personal contributions including a recent gift of \$10.00 from a summer visitor, who wishes the name withheld.

## TOURING NOVA SCOTIA

Some 40 members of the New England Branch of the American Forestry Association, landed at Yarmouth on Thursday morning last week, when they were met by the Hon. L. C. Gardner, who delivered an official welcome on behalf of the Government, who through the Department of Lands and Forests made possible their visit to this province. A party of twelve from New Brunswick, prominent in forest activities, joined the party, which later in the afternoon travelled to Digby, where of official business was transacted at the Pines Hotel.

## Fine Showing of Digby Schools

Digby Academy made a very creditable showing at the recent High School Examinations. The Academy undertook Grade XII work for the first time last term, and nine pupils wrote in that grade. Eight of them were successful, making high percentages, while the ninth passed in half the required subjects. The Grade XI candidates were equally successful, seven of the eight writing making good passes. The High School staff consists of F. Courtney Purdy, Principal; and Miss Elizabeth MacWhinnie, and Miss Jean Anderson. There is general local satisfaction over the results of a good year's work, which overcame splendidly the handicap of a serious and prolonged attack of flu during the winter.

Miss Harriett Campbell led the Grade XII class and made the highest percentage on English (a) in the province, while Geraldine Syda obtained the highest average in Grade XI, having three subjects over 90%.

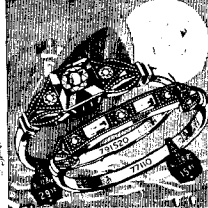

Those successful in obtaining Grade XII certificates were: Harriett Campbell (75.1), Geraldine Syda (71.6), Beatrice Woodman (68.1), Mary Hayden (65), Billie Christie (62.4), Maxine Bailey (58), Robert Weir (54.4), Charlie Dakin passed on four subjects, Audrey Holdsworth (75.1) accredited certificate.

Those successful in obtaining Grade XI certificates were: Geraldine Syda (83.2), William Ganons (79.2), Helen Franklin (78.8), Lucille Cormae (72.8), Marjorie Holdsworth (69), Alfred Shortliffe (69), Hugh Dickie (64), Ruby Porter (64) failed by six points on English.

Mrs. J. H. Liggitt, of New York and Mrs. L. A. Phalen, of Winthrop, Mass., are guests of their mother, Mrs. C. C. Clark, and uncle, J. L. Peters.

Announcement that Mr. Hiley, Minister of National Revenue and federal representative for the constituency of Digby-Annapolis-Kings, would be one of the Canadian delegates to attend the Assembly of the League of Nations on September 13, was made last week. Senator Raoul Dandurand will head the delegation.

**Ladies Aid**—The Ladies Aid of the United Church gave a surprise to Mrs. J. H. Wright on Tuesday evening at her home.

### HOSPITAL BOOTH

The committee in charge of this Booth wish to thank all those who helped make the financial results satisfactory. Many lovely boxes of cup cakes, cookies, etc., were received, and readily sold to the visitors who have learned to recognize that the name "Bear River" also means fine cooking. The large cooked ham, which was raffled, was won by Mrs. L. Anderson, Lighthouse Road, Digby. Many inquiries were received for large sheet and foot cakes, Parker-house rolls, etc., and another year we feel we must include these in our list, when soliciting. We realize that owing to the extremely hot weather, and other counter attractions, our stock was not quite as large as we are accustomed to have, and hope that next year we may have more. The total results from all sources amounted to \$48.17.

## Used to Wake Up With a Headache

Now Fresh and Lively Every Morning

Here is a man who woke up every morning with a dull headache. Then Kruschen transformed his days. Read his letter:

"I used to wake up in the mornings with a dull headache. A year ago, I started taking Kruschen Salts regularly. Today, I wake up fresh and lively and can do my day's work without any exertion. I can recommend Kruschen for anyone suffering from headaches and constipation, and for putting new life into you. I intend to continue with Kruschen for the rest of my life."—E. P.

Headaches can nearly always be traced to a disordered stomach, and to the unsuspected retention in the system of stagnating waste material which poisons the blood. Remove these poisons—prevent them from forming again—and you'll never have to worry any more. And that is just how Kruschen Salts brings quick and lasting relief from headaches.

## What Can Be Done About It?

There is so much to record at an event of this kind and newspaper space is so generally at a premium that one is bound to slip up on the occasional good things so, before the 1937 meet at Lake William passed into history, we feel it incumbent to refer to one of the finest happenings that transpired during the week.

It was an address presented before a crowded grandstand on Friday night, by Elsie Charles, a young Indian maiden, who spent the week at the meet in company with nine or ten other Indian girls and boys under the direction of Gordon Cann, Indian agent.

Miss Charles is a talented scholar. She possesses remarkable platform poise and ability. To her credit she has an "A" teaching license, and, if this reporter is any judge of character and ability, she possesses more of the essentials than many of the teachers employed in the public schools of this province.

But why is she unable to get a school? Why? She does not say so, but my guess is prejudice. And as I listened to the praise of her platform effort given by so many who heard her and as I observed and talked with this fine young lady, I could hardly restrain a blush of shame at the thought that any Nova Scotia system or any Nova Scotia people should erect a barrier against such a deserving person.

Before I left camp I interviewed her. I inquired as to her qualifications (I had heard from an official source as to her brilliancy as a pupil), then I asked her point blank why she had not been given a school. Tears came to her eyes and she had difficulty speaking for the lump that came into her throat. "I suppose," she said, "that there were none available. But it seems a pity," she continued, and smiled through the tears that coursed down her cheeks, "that after the government has spent so much money on me, that I do not seem to be able to go any further along the road."

It's more than a shame, Miss Charles—it's a disgrace. It is un-Nova Scotian—un-British—and indecent. There is no place in the province for people who would stoop to bigotry of this kind.

Your correspondent is taking the matter to official quarters. He hopes to get action. His aim is to try and show that a talented young woman, a native of this province, a fine character in every way, is being rottenly discriminated against. We hope our representations meet with success and to this end we solicit the co-operation of all our readers for there are none, we believe, who are not disciples of fair play and who do not resent injustice of this type.—(Continued in—Halifax Chronicle).

Editor's Note:—Miss Charles is a native of Hectanooga, Digby County, and has occasionally written articles for the Courier.

P. R. Saunders, O. D. Sight Specialist, eyes tested, glasses fitted, at Digby, August 31 to September 7, both dates inclusive. Office in Shreve Block, over Dillon's Shoe Store.

## Allan Hunt Again Captures Crown

A sunbronzed young man, of 25, shy and retiring when in company of others but ever smiling, rugged and relentless in competition either with paddle, saw, axe, gun or casting rod, won the acclaim of thousands as he successfully defended his championship title as the Nova Scotia Guides Association annual sports meet was brought to a thrilling climax at Lake William on Saturday. Giving an all-round display of skill in the woodcraft competitions; Allan Hunt, of Greenfield, piled up 51 points to lead the field of nearly 200 followers of the woodland trails. The victory was his second since he first entered the guides' sports at the age of 17. That first year he finished 8th on the list, one of the challenges to Eber Peck's supremacy. His development was rapid until last year he nosed out the famed Bear River guide to win the Province of Nova Scotia cup and Department of Lands and Forests shield.

Never was a champion's throne threatened so closely and the result of this year's record meet was in doubt until nearly the final contest in the program. Allan Hunt scored no outstanding triumph in any particular event, but his all-round performance clearly established his right to the championship.

Watson, the younger Peck, was the runner-up, 11 points behind the champion, but a single point ahead of brother Eber, former North American titleholder. The elder Peck was only two points ahead of Lawrence Wambolt, one of the real surprise packages of the big tournament, while Walter Hubley, Eber's old rival of many years' standing, was in fifth place with 36 points. Log borer extraordinaire, young Leo Wagner, of Barrs' Corner, was sixth with 34 points, two better than the score compiled by Henry Peters, young Indian giant, from Bear River.

Eber Peck's comeback on the last day of the meet, after allowing the younger guides to steal most of his thunder all week, provided one of the outstanding features Saturday. Eber won the canoe aggregate with 31 points via the paddle route.

A new champion was crowned among the older guides, when Louis Peters, Bear River veteran, an Indian, nosed out victor Walker of Jordan Falls. Walker had been champion for some years among the guides over 45, but Louis Peters surprised them all by stepping out in front this year with 29 points. Walker's point total was 26, compiled in the earlier events.

Lawrence Wambolt, a Molega Almes boy, made the best showing of his career by winning the log chopping, crosscut saw, single canoe and single gunwale canoe. He was tied with Henry Peters for first place in the bucksaw contest, but lost out in the sawoff when their previous mark was twice beaten. Then again he lost a second place tie with Walter Hubley and Allan Hunt in the canoe portage.

Watson Peck saw his chance of winning the title fade when he was disqualified in the bow canoe event. Twice he crossed in front of Lawrence Wambolt when the wind caught the tail of his canoe and the judges ruled him out after he frankly admitted his error. The two Pecks, however, proved to be the best combination in the aquatic events.

The weather was fine for the wind-up, but early Sunday morning as most of the people attending were breaking camp, a heavy rain deluged the grounds. Saturday night was one of the most colorful on record, with a spectacular fireworks display following a musical entertainment.

## L. M. Hart Elected President of White in Canada

Headed Truck Factory in Montreal and Dominion-White Sales Organization of Branches and Dealers.

Montreal.—L. M. Hart, of Montreal, was elected president of The White Company, Limited, manufacturer of White and Indian trucks and buses in Canada, at a meeting of the board of directors held here today.

The announcement was made by Robert F. Black, president of The White Motor Company, of Cleveland, whom Mr. Hart succeeds as head of the Dominion company. Mr. Black continues as chairman of the board of directors of the Canadian company.

"Mr. Hart's election to the presidency comes in recognition of his 24-year record with the company in Canada," Mr. Black said. "As vice-president, he has been the managing director of the White organization throughout the Dominion for several years. He was personally responsible for the establishment of a Canadian White factory, at Montreal, and under his supervision the company's sales have grown to a point where every third truck in the Dominion in White's capacity range is a White."

**30th Anniversary**

"This year marks the 30th anniversary of White in the Dominion. In 1907, the first branch was opened at Toronto. Today, there are branches and distributor organizations in all important cities in the Dominion."

**140th ANNIVERSARY SERVICE AT ST. EDWARD'S**

The quaint old church of St. Edward's at Clementsport, "The Queen of the Basin" was filled to its capacity Thursday afternoon of last week for its annual service. The service this year marked the 140th anniversary of the dedication of the church by the Rev. Charles Inglis, Bishop of Nova Scotia, September 17, 1797.

The Right Rev. Phillip Cook, Bishop of Delaware and president of the National Council of Protestant Episcopal Churches in America, was the guest speaker on this occasion.

His Lordship said he considered it an honor to deliver the anniversary sermon, and prefaced his remarks by drawing a contract of the relationship between the Canadian people in 1784 when the Loyalists were seeking new homes under British flag and now. He spoke from the text found in the Book of Acts, chapter 20, verse 28, "Take heed therefore unto yourselves, and to all the flock over which the Holy Ghost has made you overseers, to feed the Church of God, which He hath purchased with His own blood."

Other clergy taking part in the service were: Rev. Frank Gaskill, rector of Granville, who delivered the prayer; Rev. C. O. Holmes, rector of Round Hill, who read the first lesson; Rev. E. M. Caldwell, rector of Digby, who read the 2nd lesson; also the Rev. Ven. F. W. Vroom, Archdeacon of Nova Scotia; Rev. C. DeW. White, rector of Annapolis Royal; Rev. A. W. L. Smith, rector of Clementsport; and C. R. Elliott, student preacher at Sandy Cove, Digby County.

The music and choir was under the direction of Bruce Elliott, Clementsport, the choir comprised of

"With a sales increase of 64 per cent over last year, White is confident that this anniversary year will be its most successful year in Canada. The Montreal factory is expanding its production facilities to meet the demand for the recently announced lower-priced models, the only quality trucks in the low-price field, as well as to provide additional

volume in the heavy-duty field, in which White has always enjoyed leadership.

**Native-Born Canadian**

Mr. Hart is a native-born Canadian. His rise to the presidency of his company is a colorful story. As a young man, 24 years ago, he sensed the future of the automotive business, then in its infancy, and started as a White dealer in Edmonton, in 1907. In the intervening years he has become an expert in the truck and bus fields. Due to his advanced ideas, Canada is recognized today as leading the world in modern streamlined body designs.

**Introduced Sakhnoffsky**

Mr. Hart introduced Count Alexis de Sakhnoffsky, internationally noted authority on streamlining, to the truck field in the Dominion, and with Sakhnoffsky as stylist, produced the world's first streamlined trucks for the National Breweries, Imperial Oil, Labatt Brewery and many other leading fleet owners of the Dominion. These designs have since been copied in the United States and elsewhere. Because of this, Mr. Hart is credited with having started an entirely new trend in truck design by streamlining for greater efficiency from a practical operating standpoint as well as giving owners the benefit of the advertising value of beauty on the highway.

husband, and a little son of Concession; also her parents, Mr. and Mrs. Joseph Theriault, of Bellevue Cove, and several brothers and sisters. Requiem High Mass and funeral services were held from St. Bernard's Church, Saturday morning, Rev. Father Eli LeBlanc, P. P., officiating.

In addition to the \$400 reward for information leading to the arrest and conviction of the party or parties who broke into the cabins at Harbor View last winter, the offer of \$50 from Bright Lord, New York, still stands.

**East Ferry**

Mrs. Willie Thibodeau, 23, of Concession, passed away at the Yarmouth Hospital, Thursday of last week, after a short illness. Her newly born daughter by Caesarian birth, was buried with the mother. Mrs. Thibodeau leaves to mourn her

## BAPTISTS IN SESSION AT WOLFVILLE

Representative Baptists from all parts of the Maritime Provinces are meeting in Wolfville for the 92nd annual Maritime Baptist Convention and preliminary conferences being held at Acadia university. The convention proper opened yesterday. Previous to the convention the upper room conference for ministers opened Monday evening and continued all day Tuesday, with sessions in the afternoon and evening. The general theme of the address and discussions was: "If I Had Only One Sermon to Preach". The conference was followed Wednesday by three sessions of the Baptist Institute, also for ministers, of which Rev. G. W. Gulop of Fredericton, is president.

Rev. F. E. Bishop, of Deep Brook, was the speaker at the opening session of the Upper Room Conference, held in University Hall. Speaking on the subject: "Looking Unto Jesus", he declared the greatest need of the world today was a greater knowledge and faith in Him. The need for a revival of the teachings of Christ is more evident at the present time than ever before, he said. That should be the dominant note of all preachers for it is the supreme message of our time.

**Weddings**

**MacKenzie-Dakin**

A very pretty wedding was solemnized at the Church of the Nativity, Sandy Cove, on Wednesday, when Rev. Ernest M. Caldwell, rector of Holy Trinity Church, Digby, united in holy wedlock Florence Augusta, daughter of Mr. and Mrs. DeMille Dakin, and Michael Vincent MacKenzie, son of Mr. and Mrs. Royal MacKenzie, both of Medford, Mass.

Both the bride and groom were attended by the wedding march was played by Mrs. Guy Morehouse, aunt of the bride, who was the recipient of a beautiful sterling silver finger ring set with large onyx, from the happy couple. The bride was becomingly adorned in white silk organza carrying a bridal bouquet of fern and sweet peas, was given away by her father. The maid of honor, Miss Phyllis Dakin, the bride's sister, was dressed in sky-blue silk organza with accessories to match. The groom was attended by his uncle, Charles Ready, of Medford, Mass.

After the wedding, luncheon was served at Hillcrest Hotel, Digby, to some thirty invited friends, after

which the happy couple left on their honeymoon to various parts of the Maritimes, on their way back to Massachusetts.

**MUSICALS AT FREEPORT**

A musicale under the direction of Miss Phyllis Crocker, B. M., was presented in the Freeport Baptist Church on Monday evening, Aug. 23. The musical selections were rendered by Miss Phyllis Crocker, organist; Miss Hilda Peck, violinist; Rev. J. A. Wakeling, soloist.

It was an entertainment of high order and greatly merited the appreciation called forth from those present. The silver offering taken, will be devoted to church purposes.

Miss Peck, formerly of Wolfville, who has been a guest at the home of Miss Crocker, is engaged on the musical teaching staff of Stansfeld College, Quebec.

Miss Mary Baxter, who has been at Bay View for the past two months, has returned home for a couple of weeks, when she will then leave for Saint John to continue her studies at the Vocational School.

H., cousin of the bride, was maid of honor. The bridesmaids were: Miss Anne Phillips, Charlottetown, P. E. I.; Miss Audrey Hardy, Dorchester; and Miss Robert G. Maxwell, Arlington, H. Lyle Cunningham, Belmont, brother of the bride, acted as best man. Immediately after the ceremony the bridal party proceeded to the home of Mrs. Cunningham, Belmont, where the reception was held. After a wedding trip to the Adirondacks, Mr. and Mrs. Morrill will make their home in Belmont. Mrs. Morrill is a graduate of Simmons College; Mr. Morrill is employed by the Boston Stock Exchange.

Miss Viola Potter arrived at her home in Bear River, Tuesday, having spent the past year in Bangor, and is convalescing from recent major operations.

The Digby Civic Band Concert announced for last Friday night in Annapolis Royal, was postponed because of rain. It will be played tonight on the Garrison Grounds, weather permitting.

## J. M. Matthews Retains Crown

J. M. Matthews, Chester golfer, defender of the title for the Maritime Senior Golf championship, was successful in retaining his crown at the 13th annual tournament of the association, played over the Pines Course here on Monday and Tuesday of the week. The tournament was for 36 holes medal play, Matthews scoring 158 in two 72's, having eight strokes to good over the runner-up, Col. Westmorland, who scored an 84 and 80, giving him a total of 164. Col. J. L. Miller of Chester, runner up in 1936, finished with a gross of 168, capturing third place.

The tournament was the largest and most successful in the history of the Association, 119 players entering the field, and 116 finishing. In 1936 the Maritime Senior meet will also take place on the Pines course.

It is with deep regret we learn of the sad climax to this tournament—the sudden death of W. K. Rogers, of Charlottetown, winner in Class E, who was fatally stricken at Windsor en-route home.

Horace Dickie, of Kentville, former law practitioner in Digby, has been spending a few days in town.

Mrs. Ernest Caldwell left on Wednesday to spend a month with her sister Mrs. Wm. Kelvey, who is convalescing in Halifax, from a recent serious operation.

Miss Lillian Connell, R. N., Saint John, who has been spending her vacation with Mr. and Mrs. Ernest VanTassel, of Mount Pleasant, returned home, owing to the illness of her father.

Mrs. R. M. McDougall and children, of West Roxbury, Mass., were guests this week of Mr. and Mrs. J. W. Christie, returning with Capt. McDougall on the S. S. St. John yesterday.

Mr. and Mrs. Carl Brooks, Weymouth, spent last week with Mr. and Mrs. W. E. VanBlarcom, and on Sunday, with their daughter, Jean, left for Truro, where they will make their home in the future.

Mrs. A. Burton Brown, of Walpole, N. H., and the Messrs. Hattie and Doris Perry, of Barton, have been spending this week at the home of their brother, Alfred N. Perry, Evangeline Cottage, Wolfville.

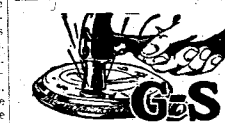

Mrs. J. W. Seavey, Everett, Mass., and Mrs. J. A. Rimbart, of Dorchester, Mass., are visiting Mr. and Mrs. George H. Peters, The Messrs. Paul and Leroy, Jones, of Westport, are also visiting at the same home.

Miss Dorothy VanTassel, of Pleasant, is teaching at Acadiaville; Miss Margaret Johnson at Hill Grove. Miss Margaret Porter, Acadiaville, is teaching at North Williamstown, and Miss Evelyn Foster at Waterford.

Webb Milberry and daughter, Vera, of St. Croix Cove, accompanied by Mr. and Mrs. Earle Milberry and daughter Ellen, and Mr. and Mrs. Ansel Hall, of Hampton, visited Mr. and Mrs. Ernest VanTassel, at Mt. Pleasant, on Sunday.

Mr. and Mrs. George W. Dakin, of Jamaica Plains, Mass., and Mr. and Mrs. J. L. Dakin, Haverhill, Mass., are spending a vacation at the Fairview Hotel, Digby. George W. and John L. Dakin are sons of John Leander Dakin, of Marshalltown.

John L. MacIntosh and Kenneth MacIntosh, of Inverness, spent the week end in Digby, the guests of their brother, Daniel MacIntosh and Mrs. MacIntosh. Alex. MacLean and Dan MacKay, of Inverness, were also week end guests at the same home.

## Personal Mention

Thanksgiving Day, Monday, October 11.

Mrs. Florence Cook and daughter Eveline, Jamaica Plains, Mass., returned to their home this week.

Rev. Ellery Dakin, of United States, a former pastor of the Baptist Church, spoke here on Sunday. The pastor, Rev. Milton Munn, will be home this week—Aylesford item in Berwick "Register".

Dr. and Mrs. W. H. Young leave Sunday to attend the Toronto Exhibition. They will also visit Buffalo, N. Y., and other states en route.—Kentville "Advertiser". (Dr. Young is a native of Freeport.)

Mr. and Mrs. Stanley Sullivan of Bear River, are entertaining his son, Wendell, wife and children, Bobbie and Winnifred, of Deepwater, N. J.; and his brother, John G. Sullivan, of Pernis Grove, N. J. They will later visit relatives and friends on the Islands.

Miss Muriel Russell has returned home, after spending ten days as a guest of her grandmother, Mrs. J. A. Russell, in Digby. She was accompanied by her uncle, Stanley Aymer, of Digby, who is spending a few days visiting at the home of Mr. and Mrs. R. D. Russell.—Oxford "Journal".

Rev. Mockett Higgins, pastor of the Baptist Church, at Barton, is in town this week attending the meetings of the Maritime United Baptist Convention.

A former Wolfville boy, Rev. Mr. Higgins is a son of the late Mr. H. F. and Mrs. Higgins, for residents of this town. He is a graduate of Acadia University of the class of 1889.—Wolfville "Acadian".

Mr. and Mrs. Leon Barnes and baby, sailed for Bermuda yesterday.

L. B. C. Morse, Montreal, is visiting his mother, Mrs. (Dr.) Morse.

Dr. and Mrs. W. A. DeLong, Montreal, are visiting Dr. DeLong's father, W. W. DeLong, Acadiaville.

Harry Thurber, of Watertown, Mass., arrived to spend his vacation at his bungalow, on the Shore Road.

Dr. S. B. MacGregor and Dr. G. V. Turnbull are spending three days in Halifax, for a refresher course.

We learn that William Sutherland has accepted a position in the radio department of Gordon & Keith, Halifax.

Mr. and Mrs. C. H. Jacques and daughters, Marilyn and Doris, of Auburn, were week end visitors at the factory.

## THEFTS AT BUNGALOWS, ETC.

Considerable publicity has been given to the matter of thefts from summer residences by the reward of \$400 offered for information leading to the conviction of parties who broke into and stole extensively from bungalows in the Smith's Cove district during the periods between summer closing and next summer's opening. The situation has become rather acute in that district, though by no means without some degree of parallel in other parts of the Province. Reports are made every now and then of boats being destroyed in some out-of-the-way lake as well as of vandalism at summer camps or cottages.

These circumstances are somewhat of a blot on our provincial reputation, but after all, we believe, are confined to an infinitesimal portion of the inhabitants. Unfortunately, owing to the more or less remote or hidden location of these crimes the matter of detection becomes a rather difficult one. A few arrests and convictions with still sentences would soon make the lives of vandals and thieves so uncomfortable that persons having well stocked cottages and cabins could leave these in the autumn with an almost certain assurance that they could return the following year and find their property intact. The best talent available should be set to work to put down and out an enormous amount of theft and vandalism.—Bridgetown "Monitor".

## TO MEET AT PINES

Ex-Dalhousians from western Nova Scotia, Halifax and Saint John will meet at the Pines Hotel, Digby, tomorrow, for the purpose of acquainting past students with the university's centennial reunion program of 1938 at Halifax, and also as a get-together of Dalhousians.

More than 200 alumni are expected to attend among whom will be many distinguished Dalhousians, representatives of the Board of Governors and professional staff. The day will be devoted to golf, swimming and games with a banquet in the evening followed by a dance.

Frank Reop left on Wednesday for Boston, and from there will go to Montreal, returning to Digby by car with his daughter Phyllis.

Mrs. Rufus Hatch, who spent the summer with Mr. and Mrs. Percy Wornell, left last week for her home in Brooklyn, N. Y.

Rev. Clyde W. Robbins, Westboro, Mass., was the speaker at Hill Grove Baptist Church, Sunday. The male quartette of Digby Baptist Church rendered several selections at this service.

Arrested at Kentville, by R. C. M. P. Moses Charles was arraigned during the week and given two years suspended sentences for theft. He also has to pay court costs and make restitution for roads taken. Another man, named Holmstrom, taken at Bridgewater, was given 30 days in the local jail for jumping a board bill.

"When the Boss is away, the staff will play" is an old saying we have heard before now. Such isn't the case with us, although we know we should have published an eight page paper this week, and are coming out with six. Certain matters kept the editor away from the office for most of the first three days of the week, and an exceptionally heavy rush of job work for the time of the year, has kept other members of the staff busy in that department. It has been necessary to "boil down" a number of interesting items, and many of the village notes have been held over. In so far as practical, we have gone over the out-of-town correspondence, and worked the most important items in with Digby local news.

## He Was Always Tired and Ill

Three Complaints Gave Him a Miserable Time

Suffering from three complaints—disordered kidneys, sciatica, and rheumatism, how could this man be anything else but always tired and ill? This is what he writes:—

"Up to a month or so ago, I had suffered continually from kidney disorder, sciatica, rheumatism, and generally felt off colour. I was constantly tired, and under medical supervision. I tried many remedies, but without effect until I gave Kruschen. Since a trial. In four weeks, Kruschen has brought about a complete transformation. I have a healthy appetite and once more feel that it is good to be alive."—S. V. N.

The kidneys are the filters of the human machine. If they become sluggish, impurities find their way into the blood-stream, and the seed of half-a-dozen common ailments is sown.

The scientific combination of salts in Kruschen quickly coaxes the kidneys back to healthy, normal action. Soon your ailments are relieved and life becomes a joy again.

J. BARLEYCORN ANNOUNC-  
ING

Action by the Canadian Broadcasting Corporation barring advertising of alcoholic liquor over all stations in the Dominion may lead thousands to wonder why this obnoxious form of commercial broadcasting is still tolerated in the United States. An opportunity appears to have arisen to open the matter to public inquiry and to strengthen

the hands of officials having supervision of radio-casting activities.

The Senate Interstate Commerce Committee reported favorably a resolution sponsored by Senator Wallace H. come out as to the propriety of permitting subtle liquor propaganda to enter American homes. Youth forms a very large part of the radio audience and even users of liquor, do not as a rule, favor promoting the alcohol habit among young people.

The National Broadcasting Corporation and the Columbia Broadcasting System have prohibited the advertising of "hard liquor" over their networks, as have some individual stations, but still other stations permit it. Obviously, if liquor advertising on the air is an evil in one section, it is an evil in another. Radio chains in the United States still permit beer and ale advertising, but the progressive Canadian authorities, declining to split hairs, have put up the bars against all forms of beverage alcohol, including wine and beer.

Possibly, if the lawmakers at Washington will open their ears and eyes to the dangers of insidious radio liquor advertising, they will amend the law by instructing the Federal Communications Commission to keep John Barleycorn off the air—Christian Science Monitor.

## Letter to the Editor

To the Editor of the Courier.

Dear Sir:—In these days of dust, drought, wind and grasshoppers, many people are asking: "How are the people of the drought area standing up under the sledge-hammer blows that Nature has dealt them during these past eight years? What keeps them still standing on their feet, looking with hope toward another year? What keeps them from losing heart and giving way to dark despair? What keeps them from going insane as they look out on barren fields for the eighth successive year? What gives them courage as they stand amidst their worn out implements, and decayed homes, their bare cupboards and threadbare clothing, and whisper to them: 'Try again?' My answer to all these questions, an answer that I have found to be very satisfying, is found in one word, and that word is God.

I am glad to find that my answer is corroborated in a little poem entitled "My 1937 Prayer," written by Gertrude Wood, President of the Oshorpe Associate Society, Saskatchewan. It is a poem that breathes the spirit of Faith and Hope, Courage and Cheer, and finds "through Faith's clear eyes that God is Love."

It is in the hope that this little poem may prove a blessing to many, both in the drought area and in other parts of Canada that I send it forth.

Lord, help me to forget the barren brown fields,  
Storm-tortured, dry, wind swept,  
Let me not watch the stock dejected pass,  
The sloughs are dry as rock; there is no grass.

Let me not think all day of garden plot  
Where dusty ridges play, but plants are not.

Let me but see the trees, their leaves are green  
And birds still nest in these and sing, serene.

Help me to raise my eyes for this is June,  
See white puffed June-blue skies and hum a tune,  
Though as I gaze dust clouds—a yellow pall—  
Sleep up and with dim shroud en-cloped all.

Let Lord, my heart must rise these clouds above  
And find through Faith's clear eyes that God is Love.

With such a spirit of Faith to help them, the people of the drought area will emerge triumphant.

Thank you, Mr. Editor, for giving space to this.

Gratefully yours,

(Rev.) J. T. Gawthrop,

## Dalhousians Meet at Pines Hotel

The Pines Hotel, Digby, with its beautiful setting, was the scene of a get-together of graduates, students and members of the faculty of Dalhousie University, Halifax, Saturday, for the purpose of making plans for a grand Dalhousie re-union to take place at Halifax in August of next year, at which an attendance from 1,500 to 2,000 is expected.

Present at the banquet were graduates and students from Nova Scotia, New Brunswick and Newfoundland, and judging from the expression of enthusiasm the reunion next year should be the most successful in the history of the University.

Chairman at the banquet was H. M. Chase, K. C., of Kentville. After dinner speeches were delivered by Dr. Carleton Stanley, president of the University; J. S. Roper, chairman of the reunion committee.

Dalhousie never had as efficient a teaching staff in law, medicine and arts as at the present time," said Dr. Stanley, in his address. "He opened his remarks by stating the organization of the various alumni groups of the college is getting something for the University that will never be lost."

He stated the quality of the student body had greatly improved. During the prosperity of the 20's one-quarter of the students admitted had not completed their high school courses, now libraries are used to an extent never known before, and the number of supplementary examinations written has dropped to a mere fraction. Equipment and library have been vastly improved, and the University's gymnasium is the best east of Toronto. 52 more scholarships have been made available during the past six years, he said. Dr. Stanley urged Dalhousie graduates and students to do everything possible to insure the success of next year's re-union.

Mr. and Mrs. E. C. Sollows and Mrs. Marilla Walker are spending the week end on the island, visiting friends and relatives at Tiverton and Freeport.

Mrs. D. H. Thurber and son Harry, who have been spending their vacation at their cottage, on the Shore Road, left today to return to their home at Watertown, Mass.

Mr. and Mrs. James Banks and two sons, Louis and Hallett, also two grandchildren, of Bear River, were the Sunday guests of Captain and Mrs. Hillyard Barnes, at the Racquette.

Miss Mildred Robbins, of the teaching staff, Plainfield, Mass., who has been spending the summer with her parents, Mr. and Mrs. James Robbins, Rossway, has returned to resume her duties.

Mr. and Mrs. George Jackson and Kenneth, of Halifax, were week end guests of Mr. and Mrs. George Dunn. Lou Marshall, Vera Corbin and Gerald Johnson, of Halifax, were also recent guests at the same home.

Labor Day week end guests at the home of Charles Seeley, Brighton, were: Charles Bennett, of Department of Highways, Halifax; Mr. and Mrs. J. Loran Allan, Dartmouth; and Mr. and Mrs. Frank Hiltz, Halifax.

Vernon Bent, Sr., of Kentville, accompanied by his son Eric, of Halifax; and daughters Mrs. Rupert Frizzle, and Mrs. Ruby Hyson and little daughter Charline, also Mr. Frizzle, of Kentville, were guests of Vernon Bent, Jr., on Labor Day.

The annual Harvest Festival service will be held at All Saints' Church, Rossway, Sunday, at 3 p. m. The church will be decorated with fruit, flowers, vegetables, etc. The preacher will be Rev. E. M. Caldwell, rector of Digby, the choir of Holy Trinity Church, Digby, will also attend.

## BAND NOTES

The Digby Band boys were given a fine reception at their concert in Annapolis Royal, last week, and were much pleased with the friendly way the Annapolis Bandmen "treated" them—two cases of cool soft drinks during the intermission.

It is probable that open air concerts by the Digby Civic Band will be given on Thursday night, the 16th and 23rd of September, at their own expense supported by voluntary subscriptions and a collection. With no paying engagements out of town this summer, the Band is left in a bad way for funds, and they hope the public will come to the rescue. Their slogan for these "collection" concerts is "Lots of fine music for sale—Buy yourself some." "Patronize home industry."

## DIGBY ACADEMY

At a meeting of the School Board held on Wednesday, the Principal reported a Registration as follows:

Cars Damaged in Crash—Cars operated by Charles Power, well known summer resident of Digby, and P. E. Dann, of Hampton, were damaged in a collision at the corner of Church and Queen Streets, Saturday morning. The Power car was proceeding along Queen Street, and the Dann car up the Church Street hill, when the accident occurred. Mr. Dann, accompanied by his wife, R. E. Baxter and Betty Cochrane, of Saint John, had just arrived with his car that morning on the S. S. Princess Helene.

Mrs. Zelma White and daughter Elaine, left on Wednesday for their home in Massachusetts, after spending their vacation here.

## Weddings

### Plow—Lynch

The marriage of Mary Nichols, daughter of Mr. and Mrs. Thomas E. G. Lynch, to Captain Edward C. Plow, Royal Canadian Artillery, son of John Plow, Montreal, took place on Wednesday, Sept. 8, at half-past twelve o'clock, Trinity Church, Digby. The Rev. Dr. Henry F. Zwicker officiated, assisted by the rector, Rev. Ernest M. Caldwell. Dr. Channing Lefebvre, organist of Trinity Church, of New York City, played the wedding music. The bride was given in marriage by her father. She wore a gown of white georgette with sash forming a small train and her veil was of tulle falling from a small lace cap with tiny bunches of orange blossoms on either side. She carried white roses and lilies-of-the-valley. Mrs. C. J. Bermingham, of Kingston, Ont., was the matron of honour, and she and the bridesmaid, Miss Edith G. Lynch, sister of the bride, were gown alike in turquoise blue chiffon over taffeta with velvet sashes the shade of talisman roses. They wore small Juliet caps of the same velvet. Their flowers were Talisman roses. C. J. Bermingham was the best man and the ushers were: Capt. W. E. G. Evans, R. C. A.; Capt. John H. M. Panet, R. C. A.; and G. R. K. Lynch, brother of the bride. Following the ceremony a reception was held at "The Hill" the residence of the bride's parents.

Capt. and Mrs. Plow will take a motor trip through the Eastern United States before proceeding to Winnipeg, Manitoba, where Capt. Plow is stationed. Among the out-of-town guests were: Mrs. C. E. E. Nichols, Halifax, aunt of the bride; Mr. and Mrs. William Bermingham, and Mrs. O. T. Macklem, Kingston, Ont.; Mrs. R. W. Clark, Miss Anne Clark, of Milford, Conn.; Miss Constance Armstrong, New York City; Col. and Mrs. Henry Morrissey, Miss Margaret MacLaren, of Saint John, N. B.; Mr. J. S. Hargratt, Chatham, Ont.; Mr. and Mrs. Gavin Rainnie, Mr. and Mrs. J. Moore, Mr. and Mrs. J. G. Keator, Mr. and Mrs. J. C. MacKeen, all of Halifax; Mr. and Mrs. K. H. Tremain, Montreal.

Shower Given—On Wednesday evening of last week Miss Addie MacKinnon was guest of honor at a shower given at the home of Mr. and Mrs. Wallace Horsey, by members of the Ladies' Guild, St. Patrick's Church.

School re-opened in all three departments of Freeport school Monday, Aug. 30th, with the following teachers:—Principal, Bradford Finigan; Intermediate, Miss Elizabeth Kenney; Primary, Miss Evelyn Finigan.

## DID YOU EVER—

Find someone else's mail in your mail box?

Get a wrong number on the telephone?

Have the milkman forget to deliver your milk?

Get a wrong order from your grocer?

Have the meat market forget to deliver your dinner until five minutes before meal time?

Find a mistake in your bank book?

Get a bill for an item you have already paid for?

Misread a road map or got on a wrong train when on a trip?

Or have numerous little things happen to you?

If so—why call up the editor every time he makes a mistake?

He probably noticed it as soon as the paper came off the press, for such mistakes have a habit of hiding away in the proofs, and after it is too late, stick out like a hick-hiker's thumb.

If he didn't notice it, someone has drawn his attention to it before you had a chance to see it. Others besides editors make mistakes.

## NEWSPAPER RESPONSIBILITY

ITY

Newspaper publishers, as well as newspaper editors, do not, it may be assumed, particularly relish being advised as to their responsibilities to the public.

Frequent letters of criticism or commendation may be read with equanimity and perhaps with profit. Some of these may find a place on the printed page, while others are consigned to the depths. There are limits, it must be admitted, even to publicity.

"The Light" has become a place to the fact that there is not a small but a large class of people who have the idea that it is the function of a newspaper to publish all the anonymous gossip and slander that is sent in to the editor of the paper. We have iterated and reiterated that news items of all kinds and a welcome place in our columns and as such are generously sought. We appreciate items of interest from our subscribers and correspondents, not only in this district, but from all other points. There is nothing we appreciate so much as to receive a friendly note from a subscriber detailing some happening of the community in which he lives and it is our aim and object to make "The Light" a genuine friendly community paper. Despite the well-known policy of any newspaper, we continue to be pestered with anonymous communications. We assure the writers that they are only wasting postage, and if anything is received that reflects in the slightest on the character of others, it will be consigned to the waste basket. It so happens sometimes, that people are so

well protected with traffic signals. We found many places of interest to visit in our short stay and crowded something into every hour. The women did not do much looking around in the stores—that is the big stores—as they were closed, but they did enjoy going through some of the others. The drive to Toronto is charming. It was the only opportunity we had of being anywhere near any of the Great Lakes, and we did see quite a lot of Lake Ontario. The canals we passed were interesting and we saw the locks open to allow steamers to pass through. In the short time we were following the Lachine Canal we saw several large steamers passing through. There were a large number of small towns and cities to pass through, and miles and miles of apparently prosperous farming sections. Immense fields of corn, tomatoes, muskmelons predominated and melons and tomatoes could be bought at the roadside stands for a song. We were much impressed with the cleanliness and appearance of the towns and cities. Delightful homes in which the bungalow style predominated, marked the approach of every town and the business sections as a whole were attractive. They were all interesting and I do not remember of any which seemed to have any particular outstanding feature. We did not reach Toronto that night—there had been so much of interest to see along the road, and it was about noon on Tuesday when we got to the Queen City. We tried by telephone to get in touch with Mrs. Margaret Hogge and Eugene Mause, but could get no response from either, and thinking they were possibly away we decided to continue our trip, and headed for Hamilton and Niagara Falls. We reached Hamilton about 4:30 and I started to look for a Yarmouth friend—Kenneth, son of Mr. and Mrs. N. C. Horton. He holds a responsible position with the Cosmos-Cotton Company. And here we had a funny experience. Hamilton is not a large city as cities go and one would think that an industry the size of that wouldn't be hard to find. We asked a traffic cop and he finally sent us up several blocks—but that cotton mill was not the one. We then stopped an intelligent looking man on the sidewalk. He said he was a woollen mill worker and had been in that city since 1923, but had never heard of the Cosmos-Cotton Company. He directed us to the Canadian, and a member of the office staff there finally put us right and we reached the mills. The first person who greeted us was Albert E. Williams, a former station agent in Digby, and brother-in-law of Fritz Dakin. We enjoyed quite a talk with him while waiting for Ken, who was in another part of the mill. We left Hamilton about 5:00 o'clock for Niagara—and what a trip that is. Miles and miles, acres and acres—thousands of them—of grapes, peaches and pear trees, tomatoes and melons. The grapes are not yet ripe, but the peaches are good

and only 10 cents a basket; luxurious melons at 5 cents; watermelons, 20 and 25 cents—but apples, and not extra good ones at that, 20 cents a dozen. At Niagara we were lucky enough to get quarters overlooking the Falls. And talk about tourists—we in Nova Scotia are only playing at the tourist business. Hundreds of cars from all over North America parked around the Falls and thousands of sight-seers! And I would imagine it is a sight one would never tire of. This was the second time I had seen them, and the first for Mrs. Wallis and Eleanor, but they were delighted. The mist from the Falls that night was very heavy and the wind blew it directly over the crowds. Hundreds were drenched to the skin but they stayed on until the lights, in all their varied colors, were thrown on, after which they went to their stopping places.

At Niagara we decided to change our original purpose of crossing to the United States and going along the southern shore of Lake Erie. Instead, we stuck to Canada, and had another interesting drive. This was a little out of the real fruit section—we only saw an occasional vineyard or orchard. But melons, corn and tobacco—Thousands of acres of each! There have been large grain fields, but the grain is about all harvested. Some tobacco is being harvested and taken to the drying houses, but only a small percentage so far. In this section again the towns and cities are wonderfully kept. We crossed over the Ambassador Bridge at Detroit about 5:00 o'clock. Courteous officers made everything as easy as possible and went out of their way to give us directions for driving through the city. Here we got into the only traffic jam of the trip so far. We were on Route 12 which includes one of the principal boulevards of the city. It was at the time of the day when thousands of the factory employees were on their way home, and after going about two miles we found a drawbridge open. Four or five steamers passed through and in the meantime the cars piled up. There were four rows where we were, extending as far back as the eye could reach—and on the other side of the river the same conditions prevailed. When the bridge was finally closed there must have been between 2000 and 3000 cars waiting. It took us half an hour to "inch" our way across. We stayed in Ypsilanti that night and left next morning for Winnipeg, through Indiana, Illinois, Wisconsin and Minnesota. We did not attempt to go into Chicago, but passed in sight of the big city through Chicago Heights. There are a large number of interesting towns and cities on this route. It took us four days to make the trip, running from 360 to 420 miles a day. We would have made Winnipeg on Saturday night, but through an error in reading our road map we went almost a hundred miles out of the way and that delayed us. One recompense was that we went through Fargo, the capital of North Dakota, which we otherwise would not have done.

We have logged to date 3195 miles. Tomorrow (Monday) I am putting the car in a Plymouth service garage to be checked up, and we expect to continue the trip on Wednesday.

A. F. Hache, of Meteghan, our Meteghan correspondent, who has been spending a vacation with relatives in northern New Brunswick, was a visitor at our office on Friday last, enroute home.

However alarming our national highway accident rate may be, and however much it may call for decisive action, it is the story of safety achievements could be adequately written, the oil industry would rank high in the list of contributors.

In the face of public demands the automobile owners have been powerless to hold back advances in design and let it be said to their credit that they have matched every increase in power with a corresponding increase in safety. Models of today with all their speed are actually safer than those of a few years ago.

But it is not enough that a motor vehicle be built safe. It must also be maintained in safe condition, and no one realizes this better than the manufacturer.

The oil refiner and compounder, for instance, contribute to safety by spending vast sums each year in developing special-

ized fuels and lubricants embodying the extra degree of protection that means an extra measure of safety.

The oil marketing companies contribute to safety by providing safe lubricants and equipment for an economical and universally available lubrication service. With a full sense of their responsibility, they have invested millions in efficient facilities—and millions more in educating their men to right standards of service.

## Across the Continent by Car

When I finished my letter in Montreal a week ago today (Sunday, the 22nd) and mailed it, I thought of several things I should have spoken in which people in Digby and of Port Clyde, in Shelburne, would be interested. One was that we took the opportunity to run of the main road to Point de la Pêche to see Rev. W. H. Watts and his family. We found them in splendid health and very happily situated. Frances has recently graduated as a teacher in household economy, and Christabel, who was born in Digby while her father was pastor of the United Church, is still attending school and expects to go to Normal. At Peticodiac we called on Rev. and Mrs. Eugene Chapman, now retired. Mr. Chapman's last charge was the Port Clyde United Church, in Shelburne County. Both are known to a few Digby people as they have been guests at our home on several occasions. Mrs. Chapman being a cousin of Mrs. Wallis. When they retired Mr. Chapman was not in good health but he has completely recovered. At the time of our visit they were looking forward to the fortieth anniversary of their wedding which was to take place in a few days. They contemplated celebrating it in Prince Edward Island, where they were married, and then repeating their wedding trip, going over the same route and, where possible, stopping with the same friends. Their Port Clyde friends will be pleased to learn that they are so well and happy.

Well, we left Montreal on Monday morning, headed for Toronto. We were much impressed with Montreal as a city in which to enjoy driving. The streets, except in the old section of the city, are very wide and

## BOTANIST APPOINTED TO DALHOUSIE UNIVERSITY

It was announced at Dalhousie University recently that William G. Dore has been appointed Lecturer in the Botany Department.

It is felt that this appointment will not only strengthen the teaching of botany in the University, but will enable Dalhousie, in co-operation with the Dominion Experimental Farms, with which Mr. Dore has already been associated, to be of assistance to the farming community.

Mr. Dore graduated from Queen's University, with honours in biology and chemistry, and, according to his professors there, showed an interest and ability in botanical research far beyond the capacities of an undergraduate. Later, he studied in Macdonald College, Ste. Anne de Bellevue, Quebec, and in McGill University, making a special study of pasture lands in the Eastern Townships of Quebec. Since that time, he has worked with Dr. H. T. Gussow, Dominion Botanist, at the Central Experimental Farm, Ottawa. Both Dr. Gussow and Dr. Archibald, Director of the Central Experimental Farm, write that they are very sorry to lose Mr. Dore's services.

## HEALTH

It is often difficult to give a meaning to words which we use every day. One of these words is "Health". We say that we are healthy and yet, when asked to explain what we mean we likely find it almost impossible to put our meaning into words.

In the first place, when we are healthy we are free from any obvious disease. That perhaps is the commonest idea of health. As long as an individual goes about his work and does not complain, he is thought of as healthy.

As a matter of fact, such people are not necessarily healthy in anything like the full meaning of the word. Freedom from actual disease is desirable, but health is far more than that. Health is something positive, something that brings happiness to us. The person with health faces the day's work with confidence, finds pleasure in his occupation, is able to do better work, and can fully enjoy the hours of relaxation.

It is surprising the number of people who spend a more or less miserable life, unable to accomplish the things of which they are capable because they have not health. These same people are surprised when, on a medical examination, they learn that there is something wrong with their bodies, something not perhaps serious enough to cause death, but sufficient to handicap them in their daily life, and perhaps, to make them grow prematurely old.

Again, there are those who miss the happiness that comes with health and yet are free from any physical blemish. These are the people

### RESIDENCE IS RAZED BY FLAMES

The residence of Mrs. Agno Melanson, of Meteghan, was destroyed by fire Friday, of last week, in a fierce blaze which razed the one and a half storey house, and for a time threatened the entire community. First knowledge of the fire came when Mrs. Bernard Robicheau went to a near-by store and upon her return saw smoke issuing through the roof. It is believed the fire was caught by an overheated chimney. The emergency fire brigade was formed as soon as news of the fire had spread and much of the furniture was saved.

It was believed for a time that a barn adjoining the house would also be destroyed, but through the gallant efforts of the volunteer firemen it was saved. The tenants were Mr. and Mrs. Bernard Robicheau and their six children. The total loss was about \$3000 and partially insured.

### Obituary

**Mrs. Joseph I. Amirault** — At Meteghan, Friday morning, Aug. 3, Mrs. J. I. Amirault, nee Christine Pothier, passed away at the age of 61 years, leaving her husband and three daughters, Mrs. Cyril Deveau (Therese) at home; Mrs. John Perry (Agnes) of Dorchester, Mass.; and Angèle. The funeral took place Sunday afternoon at 2:30, Rev. F. N. Bourneau officiating. The Ladies of St. Ann were also in attendance at the grave.

**Mrs. Fred Wade**, of Bear River, is visiting friends in Weymouth.

### SHIPPING NOTES

The schooner Mary B. Brooks, Capt. G. W. Brooks, of Weymouth North, arrived in port at Weymouth North very early from a trip to Boston. The schooner Daniel Getson, Capt. Oliver Comeau, of Ashmore, arrived in port at Weymouth North, on Saturday. The Daniel Getson sailed from the home port in November 1936, and this is the first time it has been back since. The crew were almost entirely from this place and during the voyage two died. One, Fred Amers, a seaman, was washed overboard in a storm and drowned; and the Captain, Arthur Moore, died at sea. It was with mingled feelings of sadness and joy that the relatives of those who sailed on the Getson nearly a year ago watched the ship sail back into port.

The motor vessel, Ella Pearl, Capt. Ralph Haines, was in port on Monday from Saint John, with a cargo of merchandise for the local merchants.

### TO CELEBRATE ANNIVERSARY

A special service will be held in All Saints' Church of England, Rossway, on Sunday, Sept. 12, at 3 p. m. This is the occasion of the 120th anniversary of this church, having been consecrated by the second bishop of Nova Scotia, Bishop Stanser. The rector at that time was Dean Bullock, who composed the beautiful hymn, "We Love Thee, O God." This church was the first place of worship to be erected on Digby Neck, and it stands today as the monument of the faith of those people who began their new community by first erecting a place of worship to God. The building has been carefully and faithfully preserved through the generations, and its continuance as God's House is now secured by a perpetual endowment. This church is the centre of the community, and its life is locked up in the hearts of the people. It is a source of pride and joy to them as they consider the generations of

## At 83 She Defies Rheumatism

### After Suffering Acute Pains for Years

Rheumatism first attacked this old lady in 1931, and gradually spread from her arms to other parts of her body. Then she started to take Kruschen Salts, and now she sends the following letter in her own handwriting:—

"I have suffered from rheumatism since 1931. At first, I felt acute pain in both arms. I could not sleep for pain. It grew worse, and gradually crept down to the tips of my fingers. Next, it reached my knees and ankles, which made me quite helpless for a long period. A friend recommended me to take Kruschen Salts. I find they do me more good than any other medicine, liniment or ointment I ever used. This is my own writing, though I am in my 84th year." — (Mrs.) H.

The pains and stiffness of rheumatism are often caused by deposits of needle-pointed uric acid crystals in the muscles and joints. Kruschen Salts stimulate your liver and kidneys to healthy, regular action, and assist them to get rid of the excess uric acid which is frequently the cause of your suffering.

souls it has already served and they faithfully look forward to it serving many more generations.

The service this Sunday will be a combined Harvest Festival and Anniversary Service. The preacher will be Rev. E. M. Caldwell, rector of Digby. The choir of Holy Trinity Church, Digby, will be in attendance.

H. M. Mullen and son Willis, spent the week end at Freeport.

### A TINY BOAT TAKES A LONG JOURNEY

On August 6th, Messrs. Anselme L. LeBlanc and Isaac Comeau, both from the United States, were taking a walk along the sea shore in Church Point, when they found a little boat about 18 inches in total length and bearing the name of "Bluebell". This excited their curiosity, and upon examination found it had been launched at Lynn Beach. In a little bottle, which was tied securely inside, was found a note bearing the following inscription:

#### "Bluebell"

Just for sport this little ship sailed from Lynn Beach. I give it to the finder. Would like to know how far she sailed and her general direction. A line from you would be greatly appreciated.

Fred L. Robbins  
9 Cobble Place,  
Lynn, Mass.

The little boat had all its sails, its anchors, but it had lost one man out of seven. The paint was still in good condition and the three little iron masts were still well up. It was little demolished for the distance travelled. Mr. LeBlanc wrote at once, and received the following letter:

Dear Sir:—Your letter of August 11th received August 13th, and what a surprise. You can imagine how pleased I was to hear of the arrival of the Bark "Bluebell", but indeed sorry that one man was lost on the voyage, but a natural consequence I suppose on a long voyage. I think she made the trip in good shape until she hit the breakers and was rolled upon the beach, for they show no mercy. It was on May 15th, at 4:45 p. m., when I launched her. A diminishing west wind which continued until 10 a. m., the following morning then changed to south and S. E., until 10 p. m., then N. W., and I figured she had a good start out, providing the south and S. E. wind had not taken her to Manchester or Gloucester, this I did not know until I received your letter. It is hard to tell just how long she was on the beach, perhaps a month. There is no doubt in my mind but what she has sailed 1000 miles to cover the distance, for every time the wind changed, she changed her course, and was driven N. S. E. W. a great many times. I am wondering how the paint held and if the little flag was still on. I only put one anchor on and seven men for a crew.

Of course they were all able seamen, no apprentices. Also I considered her quite educated, for she was at school for a week for the children to inspect.

If you wish, you may make a write up for the paper, as I have no objections.

My old home is in Yarmouth, N. S., but have been here for a great many years.

I thank you so much for taking the trouble to write to me. It really makes lots of fun.

Yours sincerely,  
F. L. Robbins.

The seaman that was washed over board was found floating on the water of the Sissiboo River just below the traffic bridge, on Labor Day, by Seymour Blackadar and Neil Bartlett. ### FAREWELL SURPRISE PARTY

On Monday evening, Sept. 6, at the home of Mr. and Mrs. W. D. Chute, Grand Central Hotel, a farewell was tendered Rev. Stanley F. Steeves, who leaves this week to take up work with the Waterloo Street Baptist Church, Saint John.

There were about 150 present from the church and congregation, also many friends from the community including the other pastors and their wives.

After a very enjoyable programme, consisting of music, readings, etc., H. R. Kinney, senior deacon of the church, presented Mr. Steeves, on behalf of the friends gathered, with a beautiful floor lamp, also a substantial sum of money.

It was with deep regret that Mrs. Steeves was unable to be present. Their departure from Bear River was rather hurried, owing to the fact they wished to get settled in their new home in time for the children to enter school. Mr. Steeves returned to Bear River on Friday, where he preached his farewell sermon on Sunday evening to a large and appreciative audience.

### RECEPTION

A reception was held at the home of Mr. and Mrs. George Curtiss on Friday evening, Sept. 3, in honour of their daughter, Ethel, whose marriage took place Aug. 21, to Earle Marshall. The bride received her guests in a gown of grey crepe. Many lovely gifts were received showing the high esteem of both bride and groom.

### PASTOR FAREWELLS

Rev. S. F. Steeves preached his farewell sermon in the Baptist Church Sunday evening, United and Advent Churches uniting with this service.

In the nearly five years that Rev. Mr. Steeves has been pastor of the Bear River church he has endeared himself to a large circle of friends, not only in the church and community, but in the surrounding districts as well. And it is the sincere prayer of every one that God's richest blessing may rest on him and his family, and his new sphere of labor.

### Obituary

#### Lorne Percy Rice

There passed away at the Digby General Hospital, Wednesday evening, Sept. 1, Lorne Percy Rice, at the age of 51 years, youngest son of the late Botsford and Cynthia Harris Rice, of Milford Corner. The deceased is survived by one sister, Maud Rice, of Cambridge, Mass., and three sisters and two brothers predeceased him, one being Joseph Rice, who also passed away at the Digby Hospital less than a month ago. The funeral was held from the home of Milton Morgan, Bear River, and was largely attended. Rev. P. C. Henderson had charge of the service assisted by Rev. S. F. Steeves. Interment in the Mount Hope Cemetery.

### Weddings

#### Troop—Porter

A quiet but pretty wedding was solemnized at the home of Mr. and Mrs. Victor Porter, at Karsdale, on Thursday evening, Sept. 2, when their third daughter, Marion A., became the bride of Malcolm S. Troop, of Granville Centre. The ceremony was performed by Rev. W. B. Crowell, in the presence of immediate relatives and friends of the bride. The bride, who was dressed in white satin with veil and orange blossoms, carried a bridal bouquet and entered the room on the arm of her father. The young couple received many useful gifts. After the reception the happy couple left for their home in Granville Centre.

#### Everett—Haynes

A wedding was solemnized at the United Church, parsonage, Granville Centre, on Wednesday, Aug. 25, when Winifred, daughter of Mr. and Mrs. Ira Haynes, of Victoria Beach, was united in marriage to Reginald Everett, son of Mr. and Mrs. John Everett, of the same place, in the presence of immediate relatives. The bride was attired in a dress of blue with white accessories.

"Don" McDormand, who has been in charge of a church at Olds, Alberta, for the past two years, arrived home on Friday last, and was the guests of his parents, Mr. and Mrs. C. F. McDormand until Wednesday when he left for Acadia University, where he enters the senior year of the Arts Course.

Woodford Davis, of Middleton, spent the week end at his home here.

Mrs. Wm. Dunlop entertained at a dinner party on Tuesday, in honour of Mrs. (Dr.) W. Parker, who is leaving for Boston this week.

### SUMMER RALLY OF ANNA-POLIS PRESBYTERIAL

The Summer Rally of the Annapolis Presbytery was held in the United Church of Canada, Bear River, Sept. 2nd. The President, Mrs. W. R. Turner, Middleton, called the executive for a short meeting; there being eleven present. After which the meeting was thrown open to the entire delegation; opening with silent prayer, followed by the Lord's Prayer.

A short devotional period was conducted by Mrs. R. J. Messenger, Bridgetown, followed by roll call of Auxiliaries, to which fifty-seven members responded, representing Digby, Bear River, Bentville, Bridgetown, Granville Ferry, Lawrencetown, Aylesford, Middleton and Kingston. A goodly number of interested friends were also present.

Mrs. G. W. Crosscup, President Bear River Auxiliary, welcomed the present, saying in part, "There is a great inspiration in gatherings of this kind, causing us to feel the urge to higher attainments in this life."

Mrs. A. G. Pentz, Aylesford, very fittingly replied, quoting from the Maritime Branch President, "We are a membership of almost 175,000 from east to west, in Newfoundland and our Dominion; with 350 missionaries present, saying in part, 'We are no longer a group working for people of other lands, but with groups in other lands to establish a world Christian community.'"

The President gave a short, but vivid account of the meetings of the Dominion Board, which she attended in Toronto, followed by a duet by Mrs. H. E. Harris and Mrs. L. Sanford, of Bear River Auxiliary.

The report by Miss Eleanor Wallis, of Digby, who is the Presbytery, sent as delegate to the School for Leaders, at Berwick Camp, was read by Mrs. J. B. Hall, Lawrencetown. Mrs. A. B. Higgins, Middleton, gave financial report, saying it had been decided to revert to former method of direct allocation for 1938.

An exercise, "The Children of Other Lands," was given by Bear River Mission Band. A hymn, "O Master of the Working World," was sung, after which the guest speaker, Miss Mabe, Newsome, one of the home missionaries at Whitney Pier, Sydney, came forward and held her audience spell bound, while she told of their work at that mission, among the many nationalities there. It is a place of dilapidated houses and shacks, called homes, grimy streets, and not a trace of blade of grass to be seen anywhere. She and another missionary, assisted by girls who have grown up in the mission, have daily classes for 100 children, as well as for the mothers. Many voices are rampant, and yet these devoted women "carry on." "Not by might, nor by power, but by My Spirit," said the Lord of Hosts.

The meeting was closed with prayer, by Mrs. E. A. Kirker, Middleton.

Mrs. Johnson and Miss Hartley, both of New York, who have been guests at the Grand Central for a few weeks, left on Wednesday for their homes. Judge E. H. Blois, Director of Old Age Pensions and Mother's Allowances, Halifax, Mrs. Blois, and Dr. E. P. Brison, of the Public Health Department, were week end guests at Riverview Lodge.

On Saturday last our well-known Guide, William Meuse, accompanied five of his children to Shubenacadie, where they will enter the splendid residential school located there, under the Department of Indian Affairs.

Mrs. M. H. Rand, accompanied by her sister, Miss Bertha Rice, Wolfville, and her son Fred H. Rand, Mrs. Rand and little daughter Mary, of Sackville, were guests of Mrs. Rand's sister, Mrs. J. T. Davidson, on Friday last.

Miss Newsome, of the United Church Mission, at the Cape Owens, Sydney, who was the special speaker at the Summer Presbytery, was the guest of Mrs. George Crosscup, President of the local W. M. S. of the United Church, returning to her home on Friday morning.

Rev. Mr. Lancy, Maine, was a guest at the Milford Corner Sunday School last Sunday, and his address was an inspiration to all present, there being a very large attendance.

### SUES ROAD CONTRACTORS ST GEORGE MARKS 100TH ANNIVERSARY

With the large crushing and mixing plant of the Municipal Spraying and Contracting, Ltd., at a standstill and a considerable number of trucks taken out of the road, many workmen are temporarily out of employment. Charles M. Bailey, of Roundhill, who has an orchard adjacent to the plant of contracting company, commenced action in the Supreme Court through his solicitor, Charles Lebrun, claiming damages through the maintenance by the defendant company of a nuisance. Last week, Daniel Owen, K. C., who is associated as counsel with Mr. Lebrun, obtained a restraining order from Mr. Justice Daulton and as a result the plant was closed.

The Construction Company is paving the highway from Annapolis Royal to Bridgetown and also under contract to do certain paving in the town of Bridgetown and Annapolis Royal. They erected a plant of considerable proportions for crushing rock and mixing the cold tar product that is used in the surfacing.

Bailey's claim is that as a result of the dust and oil escaping and becoming deposited on his trees, several of them have become worthless for export, and also that permanent injury has been done to the trees themselves. The action is a most unusual one and is causing great interest in this part of the country.

### WESTERN NOVA SCOTIA BOY SCOUT RALLY

The Western Nova Scotia Boy Scout Rally, August 25th, and 26th, Weymouth, N. S.  
Great interest was shown by the visitors and Scouts attending the Western Nova Scotia Boy Scout Rally, held on Aug. 25th and 26th, at Weymouth, Digby County. A varied programme including instruction in Scout work, baseball, basketball, swimming and athletic events was carried out.

The 1st Meteghan Troop, led by Raoul Deveau, having camped the previous day, were ready to welcome the 1st Annapolis Royal Scouts when they arrived Wednesday morning with His Honour W. A. Livingstone. The 1st Weymouth Troop was present, led by R. B. Powell, Scout Master, to whom a great deal of credit is due for his part in making the rally such a success. The 1st Church Point Troop arrived in the afternoon, led by Mr. Belliveau, Scout Master. This troop, recently organized, shows great promise.

The Scouts of each troop registered at 2:30 in the afternoon, and were divided into four troops for the purpose of competition. Each troop then selected a leader and second and picked a name. The troops were—Moose, (Grant Livingstone), Lion (J. MacNeill), Tiger (R. Thurbur), and Wildcat (N. Urquhart).

In the evening the Headquarters Staff defeated the 1st Weymouth Troop in a closely contested basketball game by a score of 10-9. Then a very entertaining council fire program was carried out in the cherty light of the great stone fireplace built by the 1st Weymouth Troop, in the new hall. Each troop contributed to the programme with troop yells, playlets, songs and stories which were thoroughly enjoyed by visitors and Scouts alike.

Mr. Powell gave an interesting talk on "The Chief Aim of Scouting, World Peace, Not War."

On Thursday, after breakfast, the troops were given a talk on the Scout Laws and the meaning of Scouting, by Scout Master Powell, and then competed in Kim's Game. Then instruction in signalling was given by R. Deveau (Semaphore) and John Harris (Morse). In the afternoon the Scout Field Meet was held. Friendly competition was kept between the troops for points in each event. The staff race and the kettle boiling and bucket-brigade competitions were particularly interesting. The records of all athletic events were kept for competition next year.

On Thursday evening the 1st Bear River Troop arrived to witness the basketball game and took part in a very good council fire programme, conducted by Mr. Deveau, and songs sung in French and English were particularly enjoyable.

After the programme the camp was officially closed and it was declared by all to have been the most successful Scout event ever held in Western Nova Scotia. All expressed regret that the rally had come to such an early close and determined that next year at least three days should be devoted to the affair. The aim of Scouts and Scouters, who enjoyed this year's camp is to have 400 Scouts meet next year at Weymouth, where a perfect camping site with everything available, and a fine swimming place in the near-by Sissiboo, combined with excellent facilities for extensive indoor and outdoor programmes make this undoubtedly one of the best rallying points in the province.

### BRIGHT'S DISEASE

Bright's disease takes its name from Richard Bright, an English physician, who, in 1827, published his observations on diseases of the kidney. Bright's Disease, or nephritis, is an inflammation of the kidney.

The human body is provided with two kidneys. Their function is the removal of waste material, the product of the working body brought to the kidneys in the blood. They are indispensable organs; the life of the body cannot continue if they cease to function.

The kidneys may be damaged by being called upon to remove an excessive amount of waste, when they simply break down under the overstrain. They may be damaged by poisons which are produced in the body by germs and which are carried to the kidneys in the blood stream.

It should be born in mind that, during childhood, when scarlet fever, tonsillitis or any other infection occurs, whether severe or mild, germ poisons are produced. The proper care in such cases is necessary in order to protect the kidneys from harm.

The focal infection in tonsils, teeth, sinuses, or other parts, which makes for a chronic poisoning of the body, frequently leads to nephritis. Faulty habits of life, which strain the body, may break down the kidney function.

Nephritis exists in varying degrees from a very slight chronic condition to a severe acute stage. It is often discovered by accident. The individual, not suffering in any way, considering himself perfectly well, comes up for life insurance examination and, much to his surprise, learns that he has kidney disease. Such a chance discovery is fortunate because it permits of the proper early treatment which is so necessary if the condition is to be prevented from becoming more serious. It is surely not wise to leave such vital things to chance. Is it not much more reasonable to have a health examination once a year in order to know if abnormal conditions do exist, and then to go under treatment promptly in the earliest stages of the disease.

The prevention of nephritis begins early in life. It begins with the prevention of the common communicable diseases and their proper treatment, if they occur. No focus of infection should be allowed to continue untreated. Proper diet, the avoidance of any excess in food or drink, the use of sufficient water, will prevent abuse of the kidney. Throughout life, the periodic health examination to detect any deviation from normal, allows for early correction of the underlying conditions causing the trouble.

Questions concerning Health, addressed to the Canadian Medical Association, 184 College St., Toronto, will be answered personally by letter.

15 should have been the day on which it appeared. But it was still-born, and will remain so for all time.

For nine years the colony had been using stamps of unique design—the crown surrounded by the rose, shamrock and thistle—and of unusual shape, a square standing on one of its points.

In 1859 the government decided to change its stamp principle, and to use a more conventional shape and a more usual design. The detailed work was naturally handed over to their Postmaster General, one Chas. Connell.

He decided to add a touch of originality to the series by including his portrait on one of the stamps. Unfortunately he was not exactly a beauty—mutton-chop whiskers round a collection of rather bad features. This was the face he put on the five-cent, the most used value, as the stamp most suitable to bear his portrait.

But before the stamp was placed on sale his colleagues in the cabinet got wind of his intention and decided to supplant their postmaster, and to suppress his stamp. A few, however, escaped to find their way into collectors' albums.

The one to be sold is rather above the average in condition, and should fetch between fifty and sixty pounds. — (London Observer).

### Kidney Acids Rob Your Rest

Many people never seem to get a good night's sleep. They turn and toss, lie awake and count sheep. Often they blame it on "nerves" when it may be their kidneys. Healthy kidneys filter poisons from the blood. If they are faulty and fail, poisons stay in the system and sleeplessness, headache, backache often follow. If you don't sleep well, try Dodd's Kidney Pills—for half a century the favorite remedy. 103

## "Elephant Boy"

Perhaps no picture has aroused so much world-wide interest in recent years as has "Elephant Boy". The story is well-known—Toomal of the Elephants' by Rudyard Kipling and the producers spent over two years in India to capture the famous elephant scenes, and to give the picture an authentic Indian background. The cast is entirely male, and features 13 year old "Sabu" a little Indian boy who has reached stardom overnight through his portrayal of this role.

We highly recommend this picture for every member of the family, old or young.

## Dies in Accident at Deep Brook

MRS. JENNIE MARSTERS VICTIM

Mrs. Jennie Marsters, 66 year old resident of Deep Brook, Annapolis County, was instantly killed in that village Tuesday night, when struck down by a car operated by Donald Wade, of Granville Centre. The accident, according to the wrist watch of the victim, which was embedded in the radiator of the death car, occurred at 9.55.

Mrs. Marsters had been spending the evening at the home of her son, Wilfred, who resides almost across the road from her own house, and was returning home at the time of the accident, started to cross the road, saw the car, hesitated an instant, and was struck down by the car coming from Annapolis in the direction of Digby.

Wade, the driver of the car, was relieved of blame by a coroner's inquest held in the Deep Brook Baptist Church Tuesday night, by coroner Dr. L. E. Braine, Annapolis Royal. The jury returned a verdict of accidental death. Wade, with his companion, Miss Phyllis Wood, were enroute to Smith's Cove, where they planned to attend a dance at Harbor View House. He claimed to be travelling at the rate of 35 miles per hour at the time of the accident. Augustus Purdy, of Deep Brook, was foreman of the jury.

The scene of the accident was near the Deep Brook Baptist Church, near the store of L. E. Sherman, and the corner of the road leading to Bear River. At this point the road is straight, and has just been recently paved.

Both legs of the victim were broken, the left leg practically cut off; ribs were crushed, and both arms fractured. Dr. L. J. Lovett, of Bear River, who was called to the scene, was of the opinion death was instantaneous.

The late Mrs. Marsters was born at Deep Brook, the daughter of the late Captain George Adams and Mrs. Adams. She was the widow of Captain Geo. Marsters, who lost his life when his ship was torpedoed in the early years of the Great War. Those immediately surviving Mrs. Marsters are: her 88-year-old mother; one daughter, Mrs. Fred Rice, Bear River; one son, Wilfred Marsters, Deep Brook; two sisters, Mrs. William Bacon, Hill Grove; and Mrs. John Fraser, of Massachusetts; also three brothers: Clarence and Archie, of Boston, and Fletcher, of Smith's Cove. Funeral services took place at Deep Brook yesterday afternoon.

### TRINITY MEN'S CLUB

The initial meeting of the Holy Trinity Men's Club was held last Tuesday night. Owing to the short notice given, there were in attendance only fourteen, making it necessary to hold a special meeting in the near future to select officers. ### Notice to Advertisers

Commencing with our next issue we are making a change in the lay-out and general appearance of the "Courier".

This change will make it necessary for advertisers using space on the front and back pages to have their copy in our hands earlier. No advertising for these pages can be accepted after 10 a. m. on the Wednesday before publication. Advertisements received after that time will be placed at our discretion.

In our opinion the change in mind will greatly improve the appearance of the Courier, and will be to the advantage of ourselves, our readers and our advertisers.

## Otto Melanson Dies of Typhoid

TWO OTHERS IN HOSPITAL

Three of the labourers on the Digby County Power Board dam at Fifth Lake have been stricken with typhoid fever, one, Otto Melanson, of Plympton, Digby County, has died, and the others, Ellery Lewis, Danvers, and Norman Elliott, are patients at the Digby General Hospital.

It has been learned the men were three of a crew of some thirty, who have been employed all summer constructing the Power Board dam at Fifth Lake. There is no sign of disease among the other employees.

From information we have been able to gather, it is not thought the water used by the men at the Fifth Lake camp is infected. Melanson, Lewis and Elliott did not remain in the camp all the time as the others had done. These three arranged for the carrying of supplies, etc., from Grand Lake to Fifth Lake; served as guides for officials visiting the dam, and did various errands between the two lakes, and it is thought they must have been drinking some water that was infected, while travelling back and forth between the two points.

Otto Melanson, the victim, who passed away at his home in Plympton, was 37 years of age, and was the son of Mr. and Mrs. Theophilus Melanson, of that place. He is survived by his widow, four brothers, Wilfred, in the United States; Hugh, Frank and Philip, of Plympton; two sisters, Mrs. Whitney and Margaret, both residing in the United States. Funeral services took place from the St. Croix Church, Plympton, Wednesday morning, Rev. Father Luc Gaudet officiating.

A Rummage Sale in aid of the Victorian Order of Nurses will be held Saturday, Sept. 25th. Name of place in which it will be held, will be announced later.

## Local and General

**Police Make Seizure**—It is reported that on Tuesday night R. C. M. P. officers Forrest Ladd and Stanley Kempton, with Chief of Police Fred Thibault, seized a quantity of deer "jacking" equipment from a car near the Lily Lake Road on the highway between Mount Pleasant and Culloden. The car was alleged to have been occupied by four Mount Pleasant men. The seized equipment is said to include an eight cell flashlight, a twelve gauge shotgun, four ball cartridges and other ammunition. No charges for arrests have been made.

**Defendant Ill**—The hearing of H. P. Newcombe was postponed on Wednesday. Word was received that the defendant was ill at Halifax.

### RECENT STORMS DO DAMAGE

Recent storms over the week end did thousands of dollars worth of damage in the province. Digby County, in comparison, escaped the full force of the storms, the first on Saturday night and early Sunday morning, and the second, on Tuesday. Outside of damage to telephone and hydro lines, the damage in this section was slight. Considerable damage was done along the south shore, and in the Annapolis Valley. Estimated loss to the Valley, apple crop as the result of the first storm, in Annapolis County was put down at 5 per cent. Tuesday's storm was more severe, and Annapolis County orchardist estimate their losses as the result of both storms between 25 and 35 per cent—in some of the larger orchards in the valley, individual losses were estimated at 60 per cent. Throughout the valley it is said some 600,000 barrels of apples were blown down.

**At Middleton Next Week**—Dr. H. W. Kirkpatrick, of Halifax, will be at his office in Middleton, for treatment of diseases of the eye, ear, nose and throat, on Tuesday, Sept. 21st, and Wednesday, Sept. 22nd, until 4 p. m. Glasses fitted.

**Fake Reports**—Reports that several persons at Weymouth had been stricken with infantile paralysis and that some of them had died, were received in Digby early in the week. Called on the phone from our office, our correspondent in that village informs us there are no cases of infantile paralysis in Weymouth.

**New styles to suit everybody.** Prices to suit every budget. At the Hat Shoppe, Gertrude Oliver.

**Municipal Elections**—Posters have been issued calling the election of councillors for the Municipality of the District of Digby. Nominations are to be filed with the Municipal Clerk on October 5, and the election is called for October 19.

To date we have heard very little Municipal Election talk, and it is early to prophesy or not there will be elections in any of the divisions of the Municipality.

The present council, elected for a three year term in 1934 are as follows:

## The SNAPSHOT GUILD

Silhouettes and "Silly-Ettes"

NO WINTER season of picture-taking can be complete unless you have made indoor silhouette pictures and tested your originality, imagination and ingenuity in devising interesting scenes and poses. Making silhouettes is fairly simple if you follow directions, but ideas for subjects! There is where you can display the talent of a movie director, scene painter, stage carpenter and comic artist combined.

The essential setup is merely a sheet stretched tautly across a doorway between two rooms, a photographic flood light or flash light bulb in a floor lamp in one room and your subject and camera in front of the sheet in the other room. It is the white sheet and the illumination which, of course, place your scene in silhouette, and thus in silhouette it is recorded on the film, provided you give the proper exposure. A word or two on this:

If you use flood light bulbs (one No. 2 bulb or two No. 1 bulbs) and your camera is of the single lens or box type, expose for about two seconds with the largest stop. If it has a double lens with stop f.8, expose for about one second. If your camera has an f.6.3 lens, expose for about one-half second at f.6.3. The camera must, of course, be on a firm support and set for "time." The light and camera should be so placed that a line drawn between the light and the lens will pass through the center of the scene. If you prefer to use a flash bulb, set your camera at "time," flash the bulb and close the shutter.

Now consider the endless possibilities for silhouette pictures. Don't stop merely at silhouette portraits, interesting as they may be. Devise amusing story-telling pictures. Get a laugh out of them and give your friends a laugh. You can do this by using appropriate objects, combining them in silhouette in front of the sheet with your human figure. You are not limited to objects placed in front of the sheet, however. With black or dark gray cardboard or heavy paper you may fashion all sorts of figures, pin them on the sheet and create additional scenery. By posing your human figure in conjunction with them you can produce the most absurd situations. Indeed you can perform miracles. For example, you may show Dad juggling an unnumbered number of billiard balls, the balls in reality being discs on the sheet. You can depict a fairy story to illustrate a Mother Goose rhyme, such as a witch flying across the face of the moon or a great big spider frightening little Miss Muffet. You can create the illusion of six-year old Jimmie landing a voracious shark, twisting a lion's tail or defining an elephant.

"Sillyettes," if you want to call them that, but a collection of them in your album will be far more amusing to you and your friends than many pages of professional comical

## HIS BACK ACHED FOR FOUR YEARS

### Kruschen Put Him Right

For four years, this man's back ached almost continuously. Now, at 57, he starts the day fresh as a daisy, and his back aches no more. Read his story: "I had continuous backache for four years. I looked on the black side of everything. Now I write with extreme gratitude for what Kruschen Salts has done for me. The freshness with which I start my day's work is perfectly marvellous. After seven days of Kruschen, I felt better and could get up immediately, without any special effort. I am 57, and my early morning dose of Kruschen is my salvation."—J. T.

The kidneys are the filters of the human machine. If they become sluggish, impurities find their way into the blood-stream and produce troublesome symptoms—backache, rheumatism, and depression. The numerous salts in Kruschen quickly coax your kidneys back to healthy normal action. As an immediate result, you experience relief from those old nagging pains. As you persevere, you lose your pains altogether.

Mrs. Oakley Banks returned home from Milford, on Tuesday. Mrs. Scott Chute spent Friday with Mr. and Mrs. William Thomas.

### PHILATHEA CLASS

The monthly meeting of the Philathea Bible Class was held at the home of Mrs. Carl Miller Thursday evening of last week, with a fairly good attendance.

The President, Mrs. Vernon McCormick, had charge of the Devotional period, which was opened by singing a hymn, followed by the Lord's Prayer. The Class then read in unison the following creed:—

### A CREED FOR A BIBLE CLASS

I will live honestly, and walk uprightly before God and man.

I will keep my lips sweet with words of kindness, my heart pure with noble ideals, my hands clean with honorable deeds.

I will keep my body sacred, and my soul free.

I will strive to be rich in love, strong in gentleness, untiring in patience, and abundant in hope.

"I will serve God by helping some of his children."

I will try, always to be better than my words, and more liberal than my promise.

Every day, I will make the most of my opportunities, and the best of myself, and be ready for the opportunities which God sends, day by day, to those who are ready for them.

Dr. Robert Burdette, Baptist Clergyman of Los Angeles.

Mrs. Roy Snell read the class poem. It was decided to make the October meeting a "Terminance Night", as has been the custom for several years.

Mrs. Carl Miller, Mrs. Fred Rice and Miss Louise Harris were appointed to make arrangements for a programme suitable for that night.

Mrs. Harry Benson, convener of the entertainment committee, then took charge of the meeting and the following programme was given:—

Piano Duet—Mrs. Roop, Louise Harris.  
 Reading—Mrs. John Roop.  
 Vocal Solo—Miss Forbes.  
 Reading—Mrs. Clarence Morgan.  
 Vocal Duet—Mrs. Fred Rice, Mrs. Burton Harris.  
 Reading—Mrs. R. A. Harris.  
 Piano Duet—Mrs. Roop, Louise Harris.  
 Reading—Mrs. Vernon McCormick.

### Exhibition Time is Near—

To make the Exhibition a success and the Agricultural Society a useful factor in the life of Bear River, should be the aim of all members of the community, young and old, regardless of sex. The government does its share, let Bear River show that their action in this respect is appreciated and everybody get behind the Exhibition. Don't forget that the main object is to show the produce and household arts of the district. The more entries, the better the fair. Send in your entry now—M. Cummings, L.L.D. has kindly consented to open the Exhibition officially supported by the members of the Legislature.

Mr. and Mrs. J. L. Warren spent the weekend at their cottage here, returning to Kentville Monday morning. They were accompanied by Miss Louise Harris who will be their guest for this week.

## ANNUAL DRIVE OF CHILDREN'S AID SOCIETY

The annual drive of the Digby Children's Aid Society will begin next week, and it is hoped that those called upon will give to this good work as generously as possible.

The work of this society extends throughout the entire county. The care and protection of children under sixteen years of age under the supervision of its capable agent, A. L. Robbins, is its chief function. Each month, at the meeting of the executive, Mr. Robbins gives his report of the work he has done, of the investigations he has made, of court hearings he has attended in which juveniles were involved.

The number of such cases in Digby County is surprising. Good homes must be found for motherless and neglected children—sometimes free homes are found, but often board has to be paid to those to whom are given the care of the children.

The work of the Children's Aid Society deserves the support of every citizen in the town and county. "Charity begins at home," and anything that can be done to bring greater comfort and happiness to unfortunate little children; anything that can be done to aid them in developing into dependable citizens, who will be a credit rather than a burden to society in their mature years, should be regarded as true Christian Missionary work.

Again we urge, when Children's Aid canvassers call on you, give them your support, any contribution, large or small will be appreciated. If you are not a resident of the town and would like to help, mail your contribution to Mr. H. Gordon, care of bank of Nova Scotia, Digby, N. S. Mr. Gordon is the treasurer of the Digby Children's Aid Society. Mrs. S. J. Abbott is convener of the campaign which gets under way next week.

## Obituary

**Mrs. Annie Laurie Northup**  
The death occurred at the home of Mr. and Mrs. C. L. Bowby, on Friday of last week of Mrs. Annie Laurie Northup, widow of the late Col. Joseph A. Northup, of Canning, King's County. The late Mrs. Northup, who has been making her home with her daughter, Mrs. Bowby, for the past fifteen months, was born at Canning, in 1864, the daughter of the late Ezekiel and Maria (Woodworth) Harris, of that place.

Her husband predeceased her by four years. A short funeral service was held at the Bowby home on Saturday afternoon, at which Rev. Dr. T. W. Hodgson, pastor of the Grace United Church, Digby, officiated. Dr. Hodgson was her pastor at Canning for many years. On Sunday afternoon service was held at Canning, Rev. D. H. MacQuarrie of the Canning United Church, officiating. Interment was in Hillarton Cemetery, Canning. There was a profusion of floral offerings. Surviving are two sons, Brenton A. Northup, in China; Frank S. Northup, Kentville; one step-son, Charles M. Clements, Westfield, N. J. and one daughter, Mrs. C. L. Bowby, of Digby. Two brothers, A. B. Harris, and J. A. Harris, of Canning, also survive.

## Rev. Alfred Garden

The death of Rev. Alfred Garden, pastor of Emmanuel Church, Pittsburg, Pa., occurred at the Digby General Hospital of angina pectoris, at 2:30 Tuesday afternoon. The Rev. Mr. Garden, who had been spending the summer at his summer home, Plympton, had not been in good health this summer, and had suffered attacks on previous occasions. Stricken Friday, he recovered sufficiently to attend church service at Digby on Sunday. On Monday afternoon he was again stricken, and removed to the Digby General Hospital where he died on Tuesday. He was a descendant of the well known Digby County Savary family and spent many summers at the old Savary homestead at Plympton. It is understood he intended to resign from his church at Pittsburg and return next year to Plympton to make his home. During the depression and the recent Pittsburg flood, the Rev. Mr. Garden is credited with doing a great work for the people of that city, finding employment for hundreds. Funeral services will take place this afternoon, interment in the Church of England Cemetery beside the remains of his parents. His widow and daughter, Mrs. Dumas Baines, arrived from Pittsburg yesterday.

**The Cloak Was Titan**  
That dress maketh the man was noted long ago. Titan, the famed Italian painter of the sixteenth century walked home in his working clothes unnoted, but returning immediately to the street again, in his court costume of purple velvet, every person he met bowed and did him homage. Disgusted, Titan, back in his studio, threw the cloak on the floor, exclaiming, "Thou, then, art Titan; so much for drapery!"

**Convention Afternoon and Evening**—In last week's Courier we stated the Sunday School Convention to be held at Barton on Wednesday, September 22 would meet morning and afternoon at the Baptist Church, Barton. Rev. M. C. Higgins, pastor, has since informed us the convention is to meet afternoon and evening. A good attendance from Weymouth and Digby districts is expected.

## BEAR RIVER EXHIBITION

Bear River Exhibition dates are Thursday and Friday of next week. This exhibition, sponsored by the Digby County Agricultural Society, deserves your patronage. Let us hope that on both days of the exhibition, the grounds and building will be filled to capacity. Livestock and poultry exhibits are also expected to exceed those of past seasons in quality and quantity. In addition there will be a splendid

**Arizona's Petrified Forest**  
America's most famous petrified forest is in Arizona. The fossil trees there are species of pine, now extinct, which grew in the Age of Reptiles, or about 200,000,000 years ago. After falling, they were washed down a watercourse and lodged on a sand bank, where they eventually became buried under sand and clay. Later the sand and clay was washed away, leaving the bare trunks exposed. At one place a stone log 110 feet long forms a natural bridge across a deep gully which has been washed out under it.

**Tomb of St. Francis**  
Sancti island, scene of the establishment of the first Christian mission in the Orient, is the land in which St. Francis Xavier established a mission in spite of efforts to keep him and his devoted band out of the Orient. And on this island he lies buried. In late August, 1552, he landed on the island, called Chang-shuen-shan, off the coast of Kwang-tung which served as a rendezvous for Europeans. Soon after his arrival Xavier was seized with a fever, and died there.

## About This and That

With this issue the Courier begins its 64th year of publication, which is a record that speaks for itself. We admit, we are not making much ado over this anniversary issue, but, we do feel that the fact we are now 63 years old is worthy of mention. To our knowledge the Courier is the oldest paper in the valley district. The Middleton Outlook began its 44th volume last week; the Annapolis Spectator recently began its 56th year; the Bridgetown Monitor is now about half through its 44th year; The Kentville Advertiser is approaching the end of its 40th year of publication; the Berwick Register has entered its 58th year.

However, as we begin this year, we are making a slight change in the lay-out of our paper. The change may appear a trifle unconventional insofar as weekly newspapers go, but, there are "methods in our madness." After a three months' trial we will know whether or not it works out to the advantage of ourselves, our advertisers, and our readers. If we feel satisfied that it does, we will continue—otherwise, we will go back to "as we use to."

The chief object of this change is to distribute our local news on other pages than the first and last. Owing to our limited facilities (we hope the time is not too far distant future when we will be able to purchase a larger and more up-to-date newspaper press), we are able to print only two pages at a time, and, under the schedule we have operated, it has been almost necessary to print the bulk of our news on the front and back pages.

The result has been that many of our local advertisers will not—or prefer not—to advertise on the inside. At times, when there has been a rush of advertising, we have been forced to crowd out news items of interest.

Should the plan we have in mind work out as we hope, local news will be distributed over all pages, and, for the advertiser, one page should be as good as another.

Of course it may take a few weeks to get things down to the right system, although we have been giving the matter considerable thought for some time.

Anyway, we would appreciate you telling us what you think of our new lay-out.

Now, that paving is pretty well completed on the main highways, it won't hurt to again remind motorists to be careful. In the days of dirt roads highway accidents were all too common, and although we believe the paving of our main highways is one of the best things ever done for Nova Scotia, nevertheless, we fear that same paving will increase the number of accidents. Too often the most careful driver when he strikes the pavement fails to realize he is speeding until his eye catches "50" on the speedometer, and then he is surprised to find he was travelling at a rate of more than "35". And, then there are speed maniacs—often inclined to mix a little alcohol with their gasoline—who, if they got their just deserts, should never be allowed behind the wheel.

## Across the Continent by Car

(By J. J. Wallis)

Vancouver, Sept. 14

In my last letter I told you of some of the conditions we found in Saskatchewan, but not all, by any means. Travelling from Manitoba west we were in sight of one or the other of the two railroads, the C. P. R., and the C. N. R., and sometimes of both of them at once, a great part of the time. We did not see many passenger trains or general freight trains, but we did see quite a number of cattle trains, loaded with cattle, bound eastward. We had heard in Manitoba that cattle were being evacuated in a starved condition from Saskatchewan to the richer grazing grounds of Manitoba where they were being fed at the expense of the federal government, and this movement of the trains bore out what we had been told.

But to our surprise we saw none of the "starving cattle" spoken of in Manitoba. Instead, even in the most arid areas, the cattle and horses were in excellent condition—sleek and fat. The horses, in particular, were fine looking animals. I spoke about this apparent discrepancy to a Saskatchewan rancher and he made the remark: "Why, of course, the cattle and horses are now at their best. They have had fairly good feed. The thousands of bushels of wheat and other seed which were sown in expectation of a good crop, came up and grew to five or six inches in height. This made excellent grazing, sufficient to supply the needs of the animals during the summer—but not sufficient to supply winter feed. In a few weeks the prairies will be covered with snow, and there is very little feed stored up, hundreds of farmers having none at all, and it would be unwise to wait until then to move the cattle elsewhere." And when you think of it that is the only thing to do. Our hosts in Saskatchewan on the Sunday we were in that province, who usually winter twenty to thirty head, have disposed of most of their herd and are only keeping four cows and two or three heifers.

They have a straw stack left over from the year before which will be used as feed. To make this stuff palatable to the cattle they sprinkle the feed with a mixture of water and molasses, in the proportion of one cup of molasses to a gallon of water. The cattle will then eat the straw to get the taste of the other. There is no substance in such a diet but it will keep them alive.

Many of those scattered ranchers who keep stock, sell their cream to the creameries and it is collected twice a week. There is no electric refrigeration on the prairies and the province is not rich in lakes, and I wondered how the cream was kept sweet. I asked, and they showed me a Saskatchewan ice house (which, by the way, would make a good ice house for a Nova Scotia farm). They first dig a hole, approximately eight feet square and eight feet deep, and roof it over with a pitched roof heavily covered with straw and straw, resembling the roof of a barn. When the freezing weather commences they leave the door open and the soil freezes up solid. Then from their well, they take about a barrel of water a day, pouring it into this hole. Of course it freezes at once, and in the course of time they have an 8-foot cube of ice. This is covered with straw to a depth of one or two feet and the door is closed up.

When the warm weather starts, the cream, butter, meat or anything the housewife wants to keep, is placed in suitable receptacles and put on the straw. The ice house keeps sweet and cold through the hot

test weather. I was in one early in September and there was still almost three feet of ice in it, enough to last until the frosts came.

Although the farmers of Saskatchewan are optimistic that the province will "come back" it looks to me as though much of it will be desert. The fertile earth has been scattered by the winds from thousands of acres and piled up in drifts just like snow, leaving the subsoil exposed—and not very much except the harder weeds will grow on that.

We continued our journey westward through Saskatchewan to Maple Creek near the Alberta boundary, passing through towns and villages which a few years ago were held up as models of prosperity, but now cheerless and depressed. Of all the towns we passed through possibly the most depressed looking was Stony Creek. It's quite a large town, but, oh, the desolate appearance. Hardly a blade of grass in the lawns or yards, unpainted houses and a general air of depression. The only good looking buildings in the town were the public buildings, and, by the way, we found all through the province that the school buildings were usually the best kept buildings.

Becoming tired of the dusty gravel roads of middle Western Canada we decided to re-enter the United States, where we had the advantage of paved roads. The road from Maple Creek to the American port of entry is about 140 miles—all dirt. We enquired at Maple Creek as to the condition of this road and were told that, although it was bad after a rain, it was all right now. There had been a brief shower earlier in the day, but the roads had dried up since.

What our informant did not know, though, was that although there had only been a slight shower at Maple Creek there had been a downpour 32 miles away, in the Cypress Hills. We left Maple Creek shortly before five in the afternoon, fully expecting to sleep in the United States. We made good progress for about 25 miles and then commenced to get into difficulties. We had struck the wet portion and the roads were just a mass of "gumbo". I had read of this gumbo in western stories and the like, but unless you see it for yourself you can't imagine what it is.

## Digby County Man is Head of Association

At the annual meeting of the Nova Scotia Fox Breeders' Association, held on Tuesday last week, in the Court House, at Bridgetown, J. H. Deveau, of Maviette, was elected president. Other officers were: Vice-Pres., M. P. Neely, Middleton; Secty.-Treas., E. M. MacDougall, Bridgetown; Directors, R. S. Clarke, Truro; J. B. Wilson, Waterville; W. L. Bishop, Paradise; H. J. Dand, Bridgetown; F. E. Dunn, Bear River; Gilbert J. Belliveau, Belliveau's Cove. The directors reported a good season's business, aggregating \$248,000.

### Col. Harrington Resigns as Leader

Hon. Gordon S. Harrington, former premier of Nova Scotia, Friday last tendered a letter of resignation as leader of the Conservative party in the province, to George C. Nowlan, president of the Conservative Association of Nova Scotia. Col. Harrington was defeated personally in Cape Breton South in the provincial elections June 29, when the Liberal Government of Premier Angus L. Macdonald was returned to power with a majority of 25 seats to five.

### Former Yarmouth Rector Passes

The death occurred on Friday morning of last week, following a lengthy illness, of Rev. Herbert Leonard Haslam, former rector of Holy Trinity Church, Yarmouth, and a well known figure in clerical circles of this province for the past two decades. Going to Yarmouth in December, 1920, Mr. Haslam for 16 years held the post at Holy Trinity as rector, relinquishing his duties only when stricken by an affliction of the heart which gradually grew worse, forcing his resignation in September, 1936.

### CHANGES IN STAFFS MADE

Some changes in the teaching staff of several schools along Digby Neck are noticeable. Centreville school has a change of teachers in both departments. Keith M. Parker or Truro, is principal, and Miss Helen Morehouse has the primary department. Allan Latta, of River Hebert, is teaching at Sandy Cove; Miss Juanita Snow of Fort Wade, has the Lake Midway school for the third year, and Miss Evelyn Foster the Waterford school, for the second year.

At Little River, Gerald Marshall, of Annapolis Royal, and Mr. Harnish, of Lequille, Annapolis County, who were recent graduates of Normal College, have the two departments respectively the advanced and primary. Philip Romaine, of New Edinburgh, Digby County, is the teacher at Mink Cove.

Blanche Morehouse, a 1927 graduate of Normal College, is teaching at Dalhousie, Annapolis County.

Councillors and Assessors Meet—Members of the Municipal Council and Assessors met at the Court House here on Friday to discuss the matter of assessment throughout the Municipality. Addresses of instruction and advice were given by Harold A. Nichols, solicitor for the Municipality of the District of Digby, and by Miss Margaret Stewart, Municipal Clerk and Treasurer.

Mr. and Mrs. M. L. Saunders left on Friday last on a vacation trip throughout the province, and will visit at Windsor and Antigonish.

## The Connell Stamp

(By Ian Sclanders) in the Telegraph Journal, Saint John, N. B.

Woodstock, Carleton County.—He built a bonfire on the grounds of his big white-pillared mansion in Woodstock and fed the flames with postage stamps.

He crumpled half a million stamps into little round balls and watched with a sort of bitter satisfaction as they burned. It was as though he hated them—as though he wanted to take some kind of revenge on the 500,000 tiny squares of paper which each bore his likeness.

When he was through his task Charles Connell shrugged. "That," he said, "is that."

But it wasn't. In Frederick his political enemies were still singing a ballad which related how he had been forced to resign from the postmaster-generalship of New Brunswick, because he had had his own picture put on an issue of five cent postage stamps.

The verses were cruel, saturated with stinging sarcasm. He had, with his resignation, lost a salary of 600 pounds a year. Two lines ran—

"Six hundred pounds to see his face  
Posted around from place to place"

Charles Connell, a wealthy man, was not worried by the loss of 600 pounds. He was worried by the fact that he had become an object of laughter and ridicule—the butt of a hundred jokes—that the reputation he had achieved as an outstanding public man, a man of vision, integrity and courage, suddenly had been submerged by jeers.

When he walked down the street those who had formerly bowed to him with deference and respect now snickered as he passed.

A sensitive man, he must have suffered all the tortures of the damned in the first heat of the ridicule heaped upon him following the appearance of the Connell stamps in 1861.

Three-quarters of a century later those squares of paper, continued on Weymouth Page, the few of them he did not destroy, which have become worth hundreds of dollars each, as philatelists' prizes—were still to result in his being pictured as a vain empty-headed egotist. People were to chuckle about him long after his death.

From England, just recently, came a newspaper despatch telling how a Connell stamp was to be sold at Christie's famous auction rooms. It described Connell as a man ugly, almost repulsive, in appearance, and pulled up with foolish conceit.

That is how the legend has run—how it has been spread around the world.

Yet Connell was a handsome man with even features, a good, generous mind, well-set eyes and a firm jaw—one of the best looking men ever to sit in the New Brunswick Legislature.

And he was neither pompous or conceited. On the contrary, he was quiet and modest; a man who reversed the usual political practice and put a maximum of thought into a minimum of oratory.

Able and honest, he brought about sweeping improvements in the postal service of his province during the two years he was postmaster-general. And a fact generally overlooked—his public career survived the stamp episode. A few years after it, he again represented his constituency at Fredericton and held the important portfolio of surveyor-general. Later he sat in the House of Commons at Ottawa.

You have to come here to his own constituency to get the truth about the most maligned figure in New Brunswick's political history—here where his virtues are still remembered and where are papers which serve to strip away the veil of inaccuracy with which his memory has been labeled and to show the man's real character.

You could go to descendants but their testimony could hardly be accepted as disinterested. There are other sources. There is, for instance, Dr. G. F. Clarke, one of Eastern Canada's most noted authors and poets, a historian of some stature and the possessor of what has been called the world's finest collection of stone implements of the Maliseet Indians—a collection he gathered by his own archaeological efforts.

Dr. Clarke bought from the estate of the late Lt. Col. F. K. J. Dibble, son-in-law of Charles Connell, the contents of an old building which the one-time postmaster-general had used as a workshop. He bought them more or less sight unseen, at a fairly low figure, for some Indian work and old books he wanted.

When he got browsing around through the debris—the floor was piled high with books and papers, this and that—he found he had acquired a treasure house of old documents and—most surprising of all—two perfect Connell stamps!

These had evidently fallen from a book in which Charles Connell had placed and forgotten them. The price for which Dr. Clarke sold them to Dr. Lewis Reford, of Montreal, Canada's foremost philatelist, has not been revealed, but it must have been a substantial one.

One stamp catalogue lists the price of Connell stamps at \$600 each, although it does not say whether any takers can be found at that figure.

So far as is known, there are only six or eight genuine specimens in the world, although there are many counterfeits.

Into Dr. Clark's hands when he bought the contents of the old workshop, came many of Connell's private papers, including accounts which show that when Connell resigned the postmaster-generalship after Governor Manners-Sutton and he had clashed over the stamps, he personally paid the bill for having them printed, although he was not obligated to do this.

Thus the issue, which was never placed in circulation, did not cost the government a cent.

## Large Crowds Attend Bear River Exhibition

Yesterday marked the opening day of the Digby County Agricultural Exhibition at Bear River, held under the direction of the Bear River Agricultural Society. The attendance was the largest in the exhibition's history.

The formal opening took place last evening. Those officiating were M. Cummings, principal of the Agricultural College, Truro, N. S.; Hon. J. W. Comeau, M. L. A. for Digby; and J. D. MacKenzie, M. L. A. for Annapolis.

There were exceptionally fine showings in all classes of vegetables, fruits, flowers, live stock, cooking and handicraft. Dinner was served yesterday in the new exhibition dining room.

Booths which drew particular attention were those of the Bear River Women's Institute, and of Rev. P. C. Burnett, Clements, a taxidermist. The exhibition booth was decorated with bunting and exhibits of antique and modern needlework. Dainty cakes, pickles and jelly were centres of attraction.

In Mr. Burnett's booth, there were artistically mounted deer and moose heads; antlers with electric glowing fixtures; mounted salmon, bass and trout, as well as jewel cases, theodolites, marine scales and ink stands, made from the roofs of deer and moose.

Sports predominated the evening programme. A tug-of-war between competing teams from Smith's Cove, Deep Brook, Victory and Clements; of-nauling, and dance attracted large crowds. Chieftain, of the Mic Mac Indians at Shubenacadie, was there in full regalia with his violin.

The finals in the tug-of-war and other events will take place tonight.

## Weddings

### Wilson—Keyes

A quiet wedding took place at the manse, 173 Coburg Road, Halifax, on Saturday evening, Sept. 4th, when Miss Mabel, daughter of Mrs. Keyes, of Elmsdale, was united in marriage to Frederick Harold, youngest son of Mr. and Mrs. Samuel E. Wilson, of Digby. The ceremony was performed by Rev. D. N. Grant, of St. Matthew's Church, Halifax.

The bride, who was unattended, was becomingly attired in a dress of navy blue sheer with corresponding accessories.

After spending the week end holiday at the Nova Scotian Hotel, the happy couple left for Elmsdale, where a reception was held in their honor at the bride's home. They were the recipients of many beautiful and useful gifts which included a chest of silver from the Maritime Cylinder Grinding and a Maritime Auto Supply Co., Ltd., of which the bride is a valued member of the staff.

Mr. and Mrs. Wilson will reside in Halifax, where the groom is in charge of the beautiful residence of R. A. Corbett.

### Hayden—Trimper

The United Church parsonage at Digby, was the scene of a quiet wedding on Thursday evening of last week, when Miss Mabel, daughter of Mr. and Mrs. Edward Hayden, Digby, and Olive Mabel, daughter of Harold Trimper, Bear River, were united in marriage by Rev. Dr. J. W. Hodgson, pastor of the United Church. The bride and groom were attended by Elizabeth Bremner and Lawrence Forrest.

Ralph Wright has returned from his vacation.

## Falls From Car, Dies In Hospital

Word was received in Digby yesterday that little Robert S. (Bobby) Sullivan, son of J. W. Sullivan, Penns Grove, N. J., died in the Bridgeton, N. J., hospital, on Saturday last as the result of a fractured skull, bruises, and lacerations when he was thrown to the street as he attempted to close the door of his father's auto.

The lad had told his father the door was not shut tight, and before the father could reach the latch, the lad grasped it, and, caught by the wind, the door opened quickly, dragging the unfortunate child with it. His head struck the concrete pavement and crashed the back of his skull. He then skidded along causing several other injuries to his head and body.

Rushed to the emergency ward, all efforts to resuscitate him failed. Funeral services were held Tuesday afternoon from the church of the Nazarine, Deepwater, N. J., of which his parents are communicants.

"Bobby" was the son of J. W. Sullivan, and grandson of J. Stanley Sullivan, Bear River. His sister Winifred, and uncle, John G. Sullivan, were in the car when the accident took place. The same party, with others, had just returned from a three weeks' visit with friends and relatives in Bear River, Freeport and Digby.

## Credit Union Charter Extended

By an order in council, dated August 16, 1937, the charter of the Digby Peoples' Credit Union, Ltd., has been extended to include every school district which lies within or partially within a radius of seven miles of the Town of Digby. Those living in that territory which includes, among other places, Smith's Cove, Deep Brook, Lansdowne, Bear River, Port Wade, Bay View, Culloden, R. V. Wade, Acadiaville, Hill Grove, Marshalltown and the Bart-n-Brighton school section are now eligible to join, as it is noted "any school district that lies within or partially within" the radius stated. The term radius does not necessarily mean round mileage from Digby.

Since its organization the membership of the Digby Peoples' Credit Union has grown to more than 100 members. This organization has encouraged thrift among its membership, and has made it possible for members to obtain small loans to tide them over in time of need.

The principal functions of the Credit Union is something that deserves the attention of all concerned. The secretary-treasurer of the organization will be pleased to give further particulars to those interested.

Messrs. A. A. Gibson and Larry Healy, former Halifax printers, paid a visit to the Courier Office on Wednesday.

## GRANVILLE FERRY

Miss Hazel Eaton, R. N., has returned to New York, after spending two months with her parents here.

Miss Lillian Bohaker has sold her home to Mr. and Mrs. Harold Eaton. Miss Bohaker will make her new home in Yarmouth.

Mrs. Walter Swimm spent a week recently with her daughter, Mrs. George Letson and family, at Saint John.

Miss Ethel Saunders, nurse in training, at Bath, Maine, spent the past two weeks at her home here.

## Local and General

P. R. Saunders, O. D., Sight Specialist, eyes tested, glasses fitted, at Digby, Oct. 1 to 7, both dates inclusive. Office in Shreve Block, over Dillon's Shoe Store.

**Sidewalks and Streets Sprayed.**—During the past few days Digby streets and sidewalks have been given a coat of sand and liquid asphalt. The coating on the streets is the third annual coat. The sidewalks have been done for the first time. Last year the town experimented with a short piece of sidewalk on Water Street, the experiment proved so successful it was decided by the Town Council to treat all principal gravel sidewalks the same way. It was originally planned to do this work during the spring, but being held up for various reasons, the work was postponed until after the height of the summer season was over.

**At Middleton Next Week.** Dr. H. W. Kirkpatrick, of Halifax, will be at his office in Middleton, for treatment of diseases of the eye, ear, nose and throat, on Tuesday, Sept. 21st, and Wednesday, Sept. 22nd, until 4 p. m. Glasses fitted.

## Making Ready For Scallop

The schooner Lascere, Capt. Aubrey Backman, arrived recently at Lunenburg from Bras D'Or. Thirteen swordfish were landed in Sydney. Swordfish were very scarce on the fishing grounds. The Lascere will be overhauled, cleaned and painted and outfitted for the fishing season in the Bay of Fundy. She will be fishing out of Digby after the season opens and will continue in the scallop fisheries throughout the winter months.

**NEW HATS**—Showing for the week end at the Hat Shoppe—Gertrude Oliver.

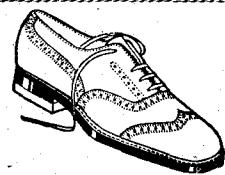

**Lucky Ticket**—Lydia Neull, of Clark's Harbour, was holder of ticket No. 15, the lucky number for the quilt donated and raffled by Mrs. Charles Foster, Bloomfield.

By request of the Medical Health Officer, the Rummage Sale, which was to have been held to-morrow, has been cancelled. Notice as to when it will be held will be announced later.

**Elected Governor**—Carl R. Tibert, Charlottetown, was recently elected Governor of Gyo district six, and Carl P. Bethune, Halifax, was named Lieutenant Governor at the District Convention held at Pictou Lodge. Mr. Tibert, who is a son of Mr. and Mrs. Clarence Tibert, of Central Grove, is well known in Digby, where he was at one time on the staff of the local branch of the Bank of Nova Scotia.

**Road Work**—The first coat of asphalt and sand is now being applied to the principal sidewalks in the town. At the same time the third dressing is given to the sprayed surface streets laid down three years ago. It was intended to have this done early this spring, but on account of wet weather the work could not be done at that time and the Town Council decided to postpone operations until after the busy summer season had passed.

Miss Elizabeth deWitt left last week for Toronto, where she recently accepted a position on the teaching staff of Branksome Hall, a private school for girls.—Wolfville Acadian.

## A Very Poor Investment

The saving of a few dollars in NOT having your Child supplied with Glasses often proves a very poor investment and may not only condemn the child to life-long wearing of glasses, but also untold suffering in later life.

Children's eyes, at least during school life, should be kept under observation and guidance. If glasses are supplied it assists the normal development of the eyes that will at times in later life make the wearing of glasses unnecessary.

## Don't Neglect Your Own Eyesight

It enables you to make a living and eyestrain often causes Headaches, Indigestion, Sleeplessness etc. Eyestrain is often caused by not wearing the right glasses or trying to fit yourself with cheap glasses that are worse than Poison.

## Letter to the Editor

To the Editor of the Courier.

Dear Sir:—More than thirty years have passed since my first visit to Digby, arriving from Saint John on that famous old side wheeler the S. S. Prince Rupert. In those days there were no motor boats, and of course no motor cars, just the old horse and buggy and ox teams. The fishermen and those catering to the tourist trade depended entirely upon the single stickey that gave you such a thrill sailing around the beautiful Annapolis Basin or out into the Bay of Fundy.

My first sailboat trip was in a sloop operated by Hart Harden, of Bay View. His talk of this little community was so interesting, that with my travelling companion, the late George W. Wheeler, we decided to investigate. We found Bay View beautifully situated, and that genuine spirit of friendliness, being welcomed in all of the homes, so we soon realized that we had discovered the unusual, a place offering everything a visitor in search of recreation may desire. It proved to be a convenient location to start off on fishing trips, and in the years that followed, it developed other vacation amusements, such as picnics, beach parties, motor boat rides, motor tours and social gatherings that still leave many pleasurable memories. Just a perfect spot to idle away vacation days. There was only one other visitor from the States at that time, the late Jefferson Justice, who a few years later built Pictou Lodge, now the summer home of Mrs. B. G. Justice. This resort has since grown to such an extent that there are accommodations for more than seventy, and many of the cottages now electrically equipped, artistically remodelled, and so well furnished, they offer all that the visitor may desire in home comforts, serving excellent meals. Those catering to the tourist trade have a splendid opportunity to still further develop this growing business.

Digby has boomed much as a tourist centre since my first visit. New hotels, more and more up to date tea rooms, and the large increase in the number of homes offering accommodations, tempting the visitor to stop over and get acquainted with all that is offered as a summer resort. The most interesting development is your new hospital building. Its hill top location, its extensive and beautifully laid out grounds, is something only the artist could properly describe. Its furnishings and equipment is as complete and modern as one could expect to find anywhere. Dr. DuVernet and the Hospital Board deserve much credit for so successfully developing this most necessary enterprise. The people of Digby County can well feel proud of this venture; it was their liberal contributions that made it possible to bring this attractive building out of blue print stage. I have more than a passing interest in your Hospital. I was one of the first emergency patients in the old building, arriving the day it opened. I gave all of the staff a chance to prove that efficient medical care could be had even in a new venture where organization was still incomplete. I hope to be privileged to enjoy many more summers at Digby and Bay View.

Most sincerely,  
George Christill.

## Obituary

Isaac G. Ellis

Isaac G. Ellis, of Bay View, Digby County, one of the most widely known residents of the county, passed away at the Digby General Hospital, Saturday, last, after a brief illness. His passing came as a shock to his many friends, who were unaware he had been stricken with a fatal malady. Isaac, as he was generally known, was born in Digby, 68 years ago, son of William E. and Mary Ellis. For several years he resided with his parents, his father at the time was the Light-keeper at Point Prim. The deceased spent many years fishing with such well-known skippers as William Snow, Ansel Snow, John Snow, John A. and Arthur Longmire, all of whom are now deceased except Capt. Wm. Snow. He served a few years as boatman on the crew of the Life Saving Station, at Bay View, and later was a member of the crew of Fisheries Patrol Boat A., with Capt. Baker, of Yarmouth. During all these years the deceased had made and won the friendship of thousands of fishermen along the Annapolis, Digby and Yarmouth County coast lines, and in all their homes Isaac was always a welcome guest.

In politics Isaac was a Liberal of the old school, and he always wished to be known as a Laurier Liberal. He was one of the most ardent workers of the party and never missed taking part in a campaign. But, unpromising Liberal as he was, he was equally popular in both major parties, which speaks volumes for his genial disposition.

One of a large family, he leaves to mourn their loss six brothers and five sisters, namely: L. M. Ellis, retired Light-keeper, William E. Mrs. Matilda Turnbull, James E., all of Bay View; John, Bear River; Mrs. F. A. Robinson, Mrs. Samuel Wilson, Shore Road, Digby; Hartney, Boston, Mass.; Richard, New Jersey; Mrs. A. D. Sully, Smith's Cove; and Mrs. Louis Bertram, of Florida.

The funeral took place on Monday afternoon with interment in the family lot at Bay View. The church was filled with relatives, friends and acquaintances of the deceased and a most impressive service was conducted by Rev. A. J. Robertson, pastor of the United Baptist Church of Digby. The last resting place of Isaac Ellis was covered with beautiful flowers as tributes to the memory of a good old friend that is gone but is not forgotten.

returned to Massachusetts last Friday, after a visit with the latter's parents, Mr. and Mrs. L. E. Adams.

Mrs. Marshall Wheelhouse, of Bear River East, visited her mother, Mrs. A. E. Purdy, last week.

R. W. Purdy visited his brother, Augustus Purdy, last week, on route to his home in Windsor, after a trip to Upper Canada.

## Mother of Five Who Was Always Tired

Now Awakes as Fresh As a Daisy

A mother of five has a lot to do. Especially a country mother. And this one was "always tired". But Kruschen ended all that—now she gets up, feeling fresh, at five o'clock in the morning! She writes:

"I find Kruschen Salts the best thing money can buy for my health. I am the mother of five children, and before taking Kruschen, I was always feeling tired and run down. Now I am glad to say that I get up feeling fresh—and I get up at five o'clock in the morning. I do my housework, look after my children, and leave the house at 6.30 to start my daily work." (Mrs.) B.

Tiredness and that run-down feeling can be traced to one root cause. That cause is internal sluggishness; failure to keep the inside free from poisonous, waste matter.

Kruschen Salts is an excellent recipe for maintaining a condition of internal cleanliness. The numerous salts in Kruschen stimulate your internal organs to smooth, regular action. Your inside is thus kept clear of those impurities which, when allowed to accumulate, lower the whole tone of the system.

## PUBLIC PLACES CLOSED

The Board of Health, Digby, acting on the advice of Medical Health Officer, Dr. W. R. Dickie, closed all public places in the town, including the churches, schools and theatre, for a period of at least 10 days. The closing went into effect at noon, Tuesday.

Schools and churches have also been ordered closed at Conway, Marshall's Town, Acadiaville and Hill Grove by order of Dr. F. E. Rice, of Sandy Cove, County Health Officer.

Closing orders were brought about through the discovery of a case of infantile paralysis at Conway. Miss Lydia Evans, 17, of that village being stricken. Miss Francis, who makes her home with Mr. and Mrs. Robert Robinson, is under the medical care of Dr. John R. McCleave, of Digby.

## Supreme Court at Little Brook on Tuesday

Mr. Justice John Doull will preside at the session of the Nova Scotia Supreme Court, which opens in the Court House, at Little Brook, Municipality of Clare, County of Digby, on Tuesday morning. At this session, two criminal cases and three civil cases will be heard. We are informed there is the possibility of another criminal case being placed on the docket before Tuesday.

The docket for this session is as follows:

**Criminal**  
The King vs. Frank Gates, Jr., charged with obtaining money under false pretences. E. J. Theriault, Digby, will prosecute, and D. Owen, Annapolis Royal, counsel for the defence. The King vs. Joseph Philip Comeau, charged with manslaughter. Prosecution to be conducted by E. J. Theriault, and defence by V. J. Pothier, Yarmouth.

**Civil**  
Francis A. Comeau vs. John J. Callahan.  
Francis A. Comeau vs. John J. Callahan and Marie M. Harney.  
Thomas F. Lewis vs. Hyman G. Webber.

Mrs. P. F. Daley leaves for her home in Everett, Mass., tomorrow.

**IN MEMORIAM**—In loving memory of Evelyn C. Douron, who passed away Sept. 23rd, 1933.

There are stars that go out in the darkness.  
But whose alvery light sheneth on.  
There are roses whose perfume still lingers  
When the blossoms are faded and gone.  
There are hearts full of sunshine and sweetness  
When no longer their life current flows.  
Still their goodness lives on with the living  
Like the souls of the star and the rose.  
And the golden chain they have been part of  
Will hold dear as we carry on.  
And the links we have lost in the journey,  
We'll still treasure, though they have gone.  
Inserted by father and daughter,

#### PREVALENCE OF CANCER

Cancer is rather prevalent all over the world. Knowledge of this fact causes uneasiness in the minds of some middle-aged persons. But cancer is not nearly so prevalent as heart disease and few persons lose any sleep over the thought that they may die from heart disease.

Statistics are quoted to show how rapidly cancer is increasing. The figures published by statisticians, who revel in figures, would lead one to think that cancer is increasing very rapidly. In spite of this, one doubts if there is any considerable increase of cancer cases from year to year.

Much of the apparent increase is due to greater skill of doctors in finding cases of cancer; to the better records of mortality in the last generation and to greater knowledge of disease among the people themselves. Moreover, people of the present generation are living longer than those of former generations. Fifteen years on the average have been added to the life of man since 1900. Since cancer is a disease chiefly of middle life and after, the longer people live the better opportunity there is for them to develop cancer. Ninety per cent of all cancers occur after 35 years. The prevalence of cancer, while serious enough, need not unnecessarily alarm the public.

Even at this cancer is a serious malady. It stands second in the list of the "killing" diseases. In the last 30 years cancer has displaced tuberculosis as the most common cause of death in this position. The affliction costs Canada between 10,000 and 11,000 lives each year.

Countries with a higher average age in its population appear to have more cancer, judging by the death rates, than countries where this average is low. Great Britain and the continental countries or Europe, have for this reason, more cancer than young countries like Canada, where the ages of the people are on the whole, lower. Similarly, there is for the same reason, more cancer in the older provinces than there is in the prairie provinces. The latter's population is, on the average, younger than that of the Maritimes, Ontario, Quebec and British Columbia. As our country is older, and the population assumes a higher average age, the incidence of cancer is likely to increase.

#### MARINE EXHIBITS

No land in the world is richer in sea traditions than Nova Scotia and the story of its ship-builders and sailmen—wooden ships and iron men—will be told in a \$50,000 display of ship models, at the Nova Scotia Exhibition, Halifax, Sept. 27, to Oct. 2; a marine pageant representing all types of ships from early times.

A navy display and drill will complete the maritime atmosphere of the sea-air province's big fair which is held within sight of the port of Halifax, on an all-year-round Eastern Gateway to Canada.

#### GASOLINE OF TODAY AND YESTERDAY

The public debt to ingenuity and unceasing efforts of research engineers and men of science is nowhere better illustrated than in the story of gasoline.

Today's automobile engine would be impossible if it had to run on even the best kind of gasoline produced in 1919. In that year the average yield of gasoline from a barrel of crude oil was 12 gallons. Now the yield is 19 gallons, more than four times as much.

In 1935, for instance, motorists of North America used between 18 and 19 billion gallons of gasoline and the refiners pro-

cessed less than 975 million barrels of crude oil to get it. The best refining methods of 27 years ago could have produced from that crude oil not much more than 4 billion gallons—and that was all the gasoline there was in it.

To have furnished the additional 14 billion gallons of gasoline needed in 1935 by the refining methods of 1910 would have required nearly 3 billion barrels more crude. To have applied by such methods the quality of gasoline needed by the modern car would have been impossible.

#### Obituary

**Rev. Alfred W. S. Garden**  
The funeral of the late Rev. Alfred William Savary Garden took place from St. Mary's Episcopal Church, Barton, Digby County, Friday afternoon last. Ven. Archdeacon F. W. Vroom assisted by Rev. Canon Morris and Rev. Frisby Smith, pastor of the church. Interment was in the Church of England Cemetery, Digby, Rev. E. M. Caldwell, officiating.

The Rev. Mr. Garden, who for many years has made his home at Elphington, died suddenly in the Digby General Hospital, on Tuesday afternoon of last week.

He was completely renovating his home in that village with the intention of making it his permanent residence after his retirement which would take place in a year or two.

Born at Fredericton, N. B., in 1880, the son of the late James R. and Eliza (Savary) Garden, he was educated at the University of New Brunswick and Wycliffe College, Toronto, he was ordained to the Church of England Clergy in 1893, his first parish was at Nantiseke, Ont.

From there he was obliged to go to Texas on account of his health, where he was engaged in active missionary work. In 1896 he was appointed financial representative to the Diocese of West Texas and succeeded in establishing a permanent endowment fund.

In 1904 he married Maude Woodhouse, Brownsville, Texas. One year later he was appointed Dean of the West Texas Military Academy, and three years later served the Parish of San Antonio, Texas, and founded the Garden Military Academy. From 1914 to 1920 he was provincial secretary to the seventh province, and from there was called to Erie, Pa.

In 1922 he accepted the rectorship of Emmanuel Church, Pittsburg, Penn., which he held until the time of his death.

During the recent depression Mr. Garden organized a council of all churches of the Manchester, Penn., district. This council included both Protestant and Roman Catholic, and its purpose was to provide relief for those in need, and through his exceptional organizing ability, his church was made a chapel of the American Red Cross from where flour and clothing were distributed to several thousands of people. During the disastrous flood of 1936 the enormous amount of relief work done by Mr. Garden and his church gained such recognition that contributions were sent him from all parts and from all denominations.

Surviving are: his widow; one son, Humphrey Woodhouse Garden; one daughter, Helen Eliza (Mrs. Darius Barnes) and one grandson, Thomas Garden Barnes, all of whom reside at Pittsburg.

Mr. and Mrs. L. A. Jordan and Mr. and Mrs. W. H. Tutty, Brooklyn, Queens County, were recent motor visitors to Digby.

#### MASTOIDITIS—WHAT IS IT?

The mastoid bone—the bone behind the ear—is filled with a complex system of cells. These cells communicate through a short, wide passage with the middle ear space in turn communicates with the upper part of the throat by a long narrow tube. All these parts are lined with mucous membrane.

It can be readily understood how inflammation can creep up this tube to the middle ear and mastoid cells. Inflamed tissue swells, and if the tissue is mucous membrane, fluids are given off and pus forms. The tube is closed by its swollen mucous membrane lining and the fluid and pus formed in the middle ear and mastoid cells cannot escape into the throat. The pressure becomes very great. In these parts, causing extreme earache. Something must give way, and the drum being the weakest wall of these cavities, bursts, if not lanced. This allows the accumulated fluids and pus to drain away, the pain is relieved, the temperature subsides and the patient is soon on the road to recovery.

But sometimes drainage through the hole in the drum is not sufficient. The emptying of the mastoid cells becomes impeded and the pressure in the bone rises. Pain then returns, the bone becomes tender and a swelling may appear over it. Increasing pressure in the mastoid bone destroys its thin outer shell. Nature is trying hard to provide drainage for the abscess within the bone. If the mastoid bone is now drained, i.e., if a mastoid operation is performed, healing should be rapid and complete. Provided the operation is properly executed and done when the disease is sufficiently localized, complications should practically never occur.

Sometimes, if the outer shell of the bone is thick and hard, the inner shell will be destroyed, and if the disease is not efficiently drained, meningitis or brain abscess may result.

Often the drainage through the drum, while not sufficient for a rapid cure of the disease, is enough to prevent rapid out-

ward or inward spread of inflammation. The disease in the bone may linger on with grave risk of spreading to vital structures. The patient may seem perfectly well with the exception of the discharge from the ear. Any ear that has been discharging for three or four weeks should be examined to ascertain if disease remains in the mastoid bone. Neglect of proper surgical treatment at this time may lead to a chronic discharging ear with deafness and the ever present threat of fatal complications.

Questions concerning Health, addressed to the Canadian Medical Association, 184 College St., Toronto, will be answered personally by letter.

steering wheel of a car. The "Don't drive over 15 miles per hour" campaign now carried on in Massachusetts, is worthy of consideration here. Some time ago an article appeared in the press with reference to a system used in one of the Central European countries, where, after a second offence a "reckless driver" forfeits his license plate and is given one of another color to distinguish him from other drivers. After a third offence, his license is taken from him and he is not permitted to operate a car until such time as the court permits. This may not be the idea exactly, but it is as near as we can recall it from the article. At any rate, we believe such a scheme has its merits.

Which is the correct spelling "Marshalltown" or "Marshall's Town"? In our columns we frequently spell it the latter way, but our spelling has been criticized. We have checked up, and find that letters from "Marshall's Town" are postmarked "Marshall's Town", and that "Marshall's Town" is the spelling given in the postal directory. However, we admit the popular spelling is "Marshalltown".

arrived on Sunday, and are spending two weeks with Mr. and Mrs. Watson M. Holmes.

Miss Etta Titus has gone to the United States, where she will spend an indefinite time.

Mrs. Stewart Gates has returned to her home in Dover, Mass., after spending several weeks visiting her brother, Leonard Morehouse.

Mrs. Kiley, St. Stephen, N. B., is visiting her sister, Albert Titus and Mr. Titus.

**Bijou Theatre**

At the request of the health authorities of the town this Theatre will be closed until further notice.

Every section of the Exhibition this year shows a greater interest on the part of exhibitors. Entries in Live Stock, Fruit and other agricultural sections present an imposing display. Cattle will include winners at the recent Canadian National Exhibition, Toronto.

Maritime Industry is represented with an unusually fine array of colorful exhibits, and a large display from the New Zealand Government, with film shows, will be a centre of interest.

Art is featuring an international exhibit of prize photographs from all over the World, sponsored by the National Gallery at Ottawa. The "Marine Pegasus" is a wondrous display of costly ship models of all ages, never before brought together.

Entertainment this year is on a new enlarged scale. There's twice as much fun in the Midway, with a free program of outdoor acts, including the sensational "Human Rocket" and two companies of high aerial performers.
