## Welcomes Family From Holland

E. Teffer, of Millville, Kings  
County, was in Digby Saturday  
welcome from Holland his  
son's wife and four-year-  
old child, and his daughter and  
husband. The son and his  
Mr. and Mrs. J. E. Teffer,  
and their 4-year-old child,  
the daughter, Mrs. Cornelia  
Henrich, and her husband,  
were among a thousand Dutch  
immigrants arriving in Montreal  
board the steamer Watermark,  
from Amsterdam, Holland. They  
arrived in Digby Saturday morning  
on the Princess Helene, from  
Saint John.

Mr. Teffer's son-in-law, Corne-  
lius Henrich, was one of the  
Dutch underground workers during  
the war. His name was  
among those listed by the Ger-  
mans to be sent to Germany as  
slave labour, but although every  
effort was made to capture him,  
he eluded pursuit. His home was  
destroyed by bombs and he was  
forced to move five times due to  
bombings.

Conditions in Holland were  
very bad during the German oc-  
cupation and up until the time  
the Allied forces arrived. At  
one time food was so scarce the  
Dutch people were forced to eat  
their only food roots and man-  
gled greens made into soup. Cloth-  
ing was almost impossible to se-  
cure, and many died from ex-  
haustion.

Mr. Teffer's son, came to Can-  
ada some years ago and made  
his home in Millville where he  
operates a farm and store. With  
him are his wife and three sons.  
He has two daughters married  
in Halifax and a son in Strat-  
ford, Ont. Needless to say, he  
is very thrilled that his other son  
and daughter and families are  
coming to Canada. The war  
years were most anxious years  
for him not knowing the fate of  
his children but all that has now  
passed and they are re-united  
again.

## Stage Collapses; Girl Breaks Arm

Doreen Willett, ten-year-old  
daughter of Mrs. Florence Wil-  
lett, Granville Ferry School teach-  
er, met with a painful acci-  
dent on Friday evening while  
attending the softball game be-  
tween the Annapolis Royal Fire  
Department and the Granville  
Athletic Association.

Doreen was sitting on a bench  
at the new ball field at Gran-  
ville Ferry when in some un-  
fortunate manner, the bench  
was upset by the children plun-  
ging Doreen underneath and giv-  
ing her a badly broken right  
arm. The child was rushed to  
her home by taxi driver Blair  
Hatfield, who was a spectator  
of the game. Later Doreen ac-  
companied by her mother and  
Mr. Hatfield, was rushed to An-  
napolis General Hospital for X-  
ray treatment and general ob-  
servation. The next day the  
broken bone was set and Doreen  
was allowed to return home.

Four years ago Doreen broke  
her collar bone when she fell on  
ice and was unable to use  
her right arm for some time.

Goldie Cossett was a recent  
guest of Bessie Woodman of  
Smith's Cove.

William Clements, his son  
and wife of Bridgetown, were  
recent visitors in Digby.

## Esther Rosenthal Crowned Miss Digby County

Miss Esther Rosenthal, daugh-  
ter of Mr. and Mrs. Jack Rosen-  
thal, was crowned Miss Digby  
County II by John Rodney,  
Hollywood Movie Star, vacation-  
ing at Bear River. Miss Rosen-  
thal was one of fifteen contest-  
ants in the second annual beau-  
ty contest held in conjunction  
with Digby's annual Dominion  
Day Fair. Her princesses were  
Lillian Theriault and Marion  
Warner.

In the elimination contest Miss  
Verna Warner, and her cousin,  
Miss Marion Warner, were tied  
for third place. The two girls  
were asked to again parade be-  
fore the judges, John Rodney,  
John Decantis of Salem, Mass.,

and Theodore G. Roberts of Dig-  
by, before final selection was  
made.

Girls taking part in the con-  
test appeared in the following  
order:

Miss Aileen Winchester, Dig-  
by; Miss Betty Turnbull, Digby;

## Boxing Card Draws Large Crowd

The main event of the boxing  
card held in connection with  
the Board of Trade's Dominion  
Day Fair here last night, a five  
round bout between Bobbie Do-  
novan, weight 134, of St. John,  
N. B., welterweight champion,  
and Billy Edwards, weight 132,  
of St. Stephens, N. B., was de-  
clared a draw after a scrap that  
at times resembled a wrestling  
match. Both fighters put up a  
good battle and odds were even-  
ly matched. Referee for this  
event was Johnny Lifford, former  
pro welterweight champion of  
the Maritimes.

For real thrills the semi-final  
bout between Art Robar, weight  
135, of Digby, and Floyd Hogan,  
weight 147, of Saint John, led  
the show. Robar, a game and  
able fighter, was somewhat out-  
classed by the speedier Hogan.  
In the second round Robar went  
down for an eight count and  
was saved by the bell. He rallied  
in the final and really gave  
Hogan food for thought in the  
closing seconds of the last  
round. Judges declared the bout  
a draw.

In the preliminaries Digby's  
bobbing bantamweight, Ron  
Cowan, weight 115, bowed to Cy-  
ril Hogan of Saint John, weight  
116. Cowan put up a good scrap  
and had Hogan greatly confus-  
ed throughout the fight. Weav-  
ing and bobbing he kept well  
out of his way, but Hogan's su-  
perior hitting ability scored  
when the fight closed in. At  
the close of the evening Ron  
was presented with a cup by  
Miss Digby County, Esther Ro-  
senthal, as the best Digby figh-  
ter of the evening.

Charlie Francis, 150 pounds,  
coloured scrapper of Digby, tan-  
gled with Clary Schofield, Saint  
John, in the second bout of the  
evening. Decision in this went  
to Schofield.

The opening bout was between  
Bob Vincent, 135, Digby, and  
Rit Thomas, 135, also of Digby.  
This was a good scrap, the de-  
cision going to Vincent on  
points.

Judges were Carl Saulnier  
and James Smith. Harry Hicks  
was timekeeper and Fred Cook-  
son and Johnny Lifford acted  
as referees.

## Ravens Score Close Victory Over Tiverton Mohawks

In one of the most exciting  
games of the season the Digby  
Ravens baseball team defeated  
the Tiverton Mohawks here on  
Tuesday to the tune of 12-11.  
The game was anybody's from  
start to finish and the winning  
run was only scored by the Ra-  
vens in the closing moments of  
the ninth. Scores in the game  
seesawed back and forth all dur-  
ing the innings and supporters  
of both teams were shouting  
with glee as the tally tempo-  
rarily favored their boys.

Tiverton suffered two casual-  
ties in the game. Their pitcher  
was knocked unconscious by a  
fast ball that struck him in the  
head as he stood to bat in the  
eighth inning. D. Outhouse was  
also struck in the throat and  
forced out of the game for a  
while when struck by a fast  
ball while at bat.

Two bad errors were made by  
Joe Turnbull and Tic Collins of

Dear Sir:

In the course of my recent vi-

ment is concerned I think that  
your Board is to be congratulated  
on the choice of Mr. Ormond

## Lay Cornerstone For New Rink

The cornerstone for Digby's  
new rink was laid late Tuesday  
afternoon by Miss Esther Rosen-  
thal, sixteen-year-old daughter of  
Mr. and Mrs. Jack Rosenthal,  
of Digby, shortly after she was  
crowned Miss Digby County II,  
by John Rodney, Hollywood mo-  
vie actor, vacationing in Bear  
River.

J. W. Merkel, mayor of Digby,  
presided over the cornerstone lay-  
ing ceremony. Before the stone  
was laid prayer was offered by  
Captain Coleman, of the Digby  
corps of the Salvation Army.  
Others participating in the cere-  
mony were the clergy of the  
various Digby churches; H. M.  
Warne, president of the Digby  
Board of Trade, and vice-presi-  
dent of the Digby Recreation

## Dominion Day Celebration Well Attended

Digby's annual Dominion Day  
Celebration was again an out-  
standing success.

Hours before the fair was un-  
derway crowds thronged the  
streets of Digby waiting for the  
parade to start. This year's pa-  
rade was perhaps not as large  
as in former years, but the qual-  
ity of decorated floats and other  
vehicles was excellent indicat-  
ing hours of painstaking work  
on the part of the entrants.

First prize for the best com-  
mercial float was awarded to  
Digby Home Furnishings, while  
the Digby County Power Board  
was awarded second place in this  
class. The Digby Branch of the  
Victorian Order of Nurses was  
given first prize for the best de-  
corated car.

In the non-commercial entries,  
first prize was awarded to the  
float entered by the Digby Gen-  
eral Hospital, the Digby Legion  
float taking second place in this  
class.

The Maple Leaf Agricultural  
Society were given first prize for  
their horse drawn entry; Louis  
Frude was awarded a first for  
the best decorated team of hor-  
ses.

Special prizes were awarded  
the float carrying Miss Barbara  
Underwood, Digby's Apple Bloss-  
om Princess. (The float was the

same used in the Annapolis Val-  
ley event).

Judges for the above section of  
the parade were Rev. E. C.  
Churchill, Rev. Leo Day, Rev. F.  
B. Gaskill and Rev. T. W. Hodg-  
son. Mrs. John T. Mockett and  
Mrs. Harry Williams judged the  
baby carriage parade which took  
place at the bandstand, award-  
ing the prizes as follows:

Best Decorated Doll Carriage:  
1st, Janet Thibault; 2nd, Violet  
Farnsworth.

Best Decorated Tricycle: 1st,  
Mary Helen Robinson; 2nd shared  
by Douglas and Bonnie  
Wright.

Comic prize to May and Con-  
nie Franklin. Special prizes  
were awarded Wayne Gates and  
Kevin Hardman.

The horse and ox pulling, con-  
tests were among the main at-  
tractions on the afternoon's pro-  
gram. A team owned by Keith  
Potter and driven by Wilfred De-  
veau took first place by hauling  
the drag loaded with 6500 lbs.,  
the team weighed 2710 pounds.  
Second prize went to a 2885  
pound pair of horses owned by  
Glendon Robbins and driven by  
the owner. A team owned by  
Fred Height and driven by Har-  
ry Height captured third place.  
This team weighed 3125 pounds,  
hauled 5850 and stuck at 6050  
pounds.

## Who Holds Number 2534?

The winning number drawn on  
the radio-phonograph drawn by  
Miss Digby County at the Board  
of Trade Fair Tuesday was the  
number 2534. Due to the hand-  
writing of the salesman of this  
ticket it has been impossible to  
ascertain who the lucky winner  
is. However, from the stub it  
would seem to be George  
Mitzpitzx or some such name  
from Conway. The holder of  
the winning ticket can secure  
his radio-phonograph by present-  
ing the ticket at Eaton and  
Dondale's.

David Leonard, son of Mr. and  
Mrs. M. S. Leonard, was the  
lucky winner of the Laundrell  
Home Laundry also ticketed off  
at the Fair.

## About This and That

It has been one of our ambitions to set down in this column some of our opinions regarding self-appointed censors. We have written our little pieces with regard to this species, but, as it is said, discretion is the better part of valour, we have refrained from publishing our efforts.

Nevertheless, whenever we attend a meeting and hear someone spout about the adverse publicity Digby receives through the columns of its local newspaper and the provincial press, our blood pressure rises several points! After listening to some of these spoutings we wonder if it is really good policy for us to print obituaries in our news columns, for such items might possibly convey the impression to innocent readers that people sometimes die in Digby!

In the past we have been upbraided for reporting an unsatisfactory condition regarding our water supply; because we have on occasions made specific mention of certain fire menaces, there are those in this town who have reprimanded us because they feared an increase in insurance rates would result from such "unfavorable publicity."

Yes—we have been criticized on the ground that some of our news items stuck too close to the facts thus making it unnecessary for our readers to read between the lines before they could actually "size up a situation."

It is an extraordinary thing that it is the same sort of people who commonly want to get certain things in the press who also want to keep certain things out. The mark of the species is that the things they want to keep out are almost invariably news of the most honest and intelligent definition, and the things they want to get in are not. In both instances they assume to be censors; in both instances they can never be persuaded—and very often they are quite decent citizens—that their censorship in the long run is an utterly futile and self-defeating thing.

### Weymouth-Church Point In Close Game

Weymouth came within a hairsbreadth of tying the score at Church Point Sunday, when Morrison hit a long triple into right field and was nailed at the plate when he tried to stretch it into a homer. With two men out and a man on, Morrison poled his long fly to bring his teammates to within three runs of tying the game but his out

at the plate put a damper on the game.

Weymouth drew first blood when they scored two runs in their first half of the inning on three hits but Church Point came back in their half to take a 5-2 lead.

Tooker, a veteran of World War II, and a former Weymouth moundsman, showed his old time skill when he displayed plenty of speed and control in his first game pitched in since his discharge. He allowed but 8 hits, but miscues by his team mates in crucial moments caused their opponents to score in the second and sixth. Tooker struck out 14 batters and walked one, which shows that his control was good.

Young Louis Doucet, who formerly played at third for the Church Point Red Sox, pitched his first game, giving up 14 hits, two of them homers and a triple by Morrison. Belliveau hit his homer in the sixth with one on, and Tooker hit his in the seventh with none on. Doucet struck out 10 batters and walked none.

Jean LeBlanc came across in the second with a triple to score two of his teammates and to take command of the game. Errors committed by the Red Sox were committed by the fielders letting the ball get away from them when endeavoring to catch it on the bounce, letting the runners go for extra bases. Three errors were charged to the fielders, otherwise the infielders played errorless ball.

IN MEMORIAM—In loving memory of our dear son and brother, Lieut. Roy C. Genue of the United States Army Air Force, who was killed in action over France, July 6, 1944.

### HIS FAVORITE HYMN

IN THE GARDEN  
I come to the Garden alone,  
While the dew is still on the roses,  
And the voice I hear  
Falling on my ear,  
The Son of God discloses,  
And He walks with me,  
And He talks with me,  
And He tells me I am His own;  
And the joy we share as we tarry there,  
None other has ever known.

—Lovingly remembered by his mother, Mrs. Stephen Gehue, and his sister, Catherine. 42:1ip

IN MEMORIAM—To the memory of Reuben Rice, who departed this life June 1945.—Ever remembered by son, Leslie, and daughters Lulu and Harriett and grandchildren. 42:1ic

IN MEMORIAM—In memory of my dear son, Pte. Lloyd Outhouse, killed in action in France July 5th, 1944.

When the evening shades are falling,  
And I am sitting all alone,  
In my heart there comes a longing  
If you only could come home.

—Presented by his mother, Mrs. Norman Outhouse and sister Myrna. 42:1ip

A very pretty wedding was  
solemnized on Tuesday morning,  
June 24, at St. Joseph's Church,  
Weymouth, N. S., when Rev.  
Father Frecker united in mar-  
riage Constance Irene, daughter  
of Mr. and Mrs. Charles Hayes  
of Weymouth, and James Har-  
old, son of Mr. and Mrs. Dennis  
Blinn of Plympton.

The bride was becomingly at-  
tired in a floor length gown of  
white jersey with long bishop  
sleeves, shirred bodice and V-  
neck, and a full length veil was  
caught up with orange blossoms.  
She carried an arm bouquet of  
roses, sweet peas, snapdragons  
and fern.

Her sister, Miss Dorothy Hayes  
was bridesmaid, wearing a floor  
length gown of pale green crepe  
with white accessories. Her bou-  
quet was of snapdragons, sweet  
peas and fern.

The groom was attended by  
Mr. Dennis Comeau of Gilbert's  
Cove.

The wedding breakfast was

and supper was served at the  
home of the bride.

In the evening a dance was  
held in the Nu-Vet dance hall  
at Weymouth.

The bride and groom received  
many useful gifts.

After a short trip Mr. and  
Mrs. Blinn will reside at Plym-  
pton.

## Tiverton Defeats Church Point

Tiverton walked away with a  
16-7 win over Church Point Red  
Sox in the first encounter of the  
season between these two teams.  
Tiverton came up with young  
Donald Outhouse, 16 year old  
pitcher, who had the Church  
Point Sox eating out of his hand  
for most of the game. Showing  
surprising form with a good fast  
ball and good control, Outhouse  
allowed but 9 hits, walked 2 and  
hit one batter while striking out  
nine.

Gaudet started on the mound  
for the Red Sox and pitched 4  
innings when he was replaced  
by Nil Saulnier who finished the  
game. Gaudet allowed but six  
hits while on the mound but  
timely errors by his team mates  
in the fourth put him in a pre-  
carious position and a change  
was made. Saulnier, who re-  
lieved him, pitched a fairly good  
game, allowing 11 hits and strik-  
ing out 3 batters and walking  
two. Gaudet, was credited with  
two strike-outs but was yanked  
when a hit was made off his de-  
livery following two walks. Dif-  
ficulty in regaining his control  
and a streak of wildness put  
him in a bad spot accompanied  
by errors.

## Roll Call Service At Port Wade

Very impressive Services were  
held at Port Wade on Sunday,  
June 22, afternoon and evening,  
when the Annual Roll Call of  
the Lower Granville United Bat-  
tist Churches was held in the  
Baptist Church at Port Wade.  
Both services were largely at-  
tended.

At the afternoon service a  
brief address of welcome was  
given by the pastor, Rev. E. A.  
Robertson, after which the con-  
gregation enjoyed a program of  
sacred music put on by the male  
choir from Bridgetown, of six-  
teen voices. Several very fine  
selections were rendered by  
them under the direction of Dr.  
A. W. Stone, which were thor-  
oughly enjoyed.

The calling of the roll by the  
church clerk, Mrs. Roy Casey of  
Victoria Beach, was also fea-  
tured in the afternoon session, all  
members answering with a verse  
of Scripture. Mrs. Casey was  
assisted by Mrs. Walter Haynes,  
who read messages from those  
who were unable to be present.  
There was also a number of con-  
tributions in memory of loved  
ones.

The evening service was con-  
ducted by the pastor, Rev. E. A.  
Robertson. The guest speaker  
was Rev. T. F. MacWilliam, a  
former pastor of this circuit,  
now residing at Granville Beach.

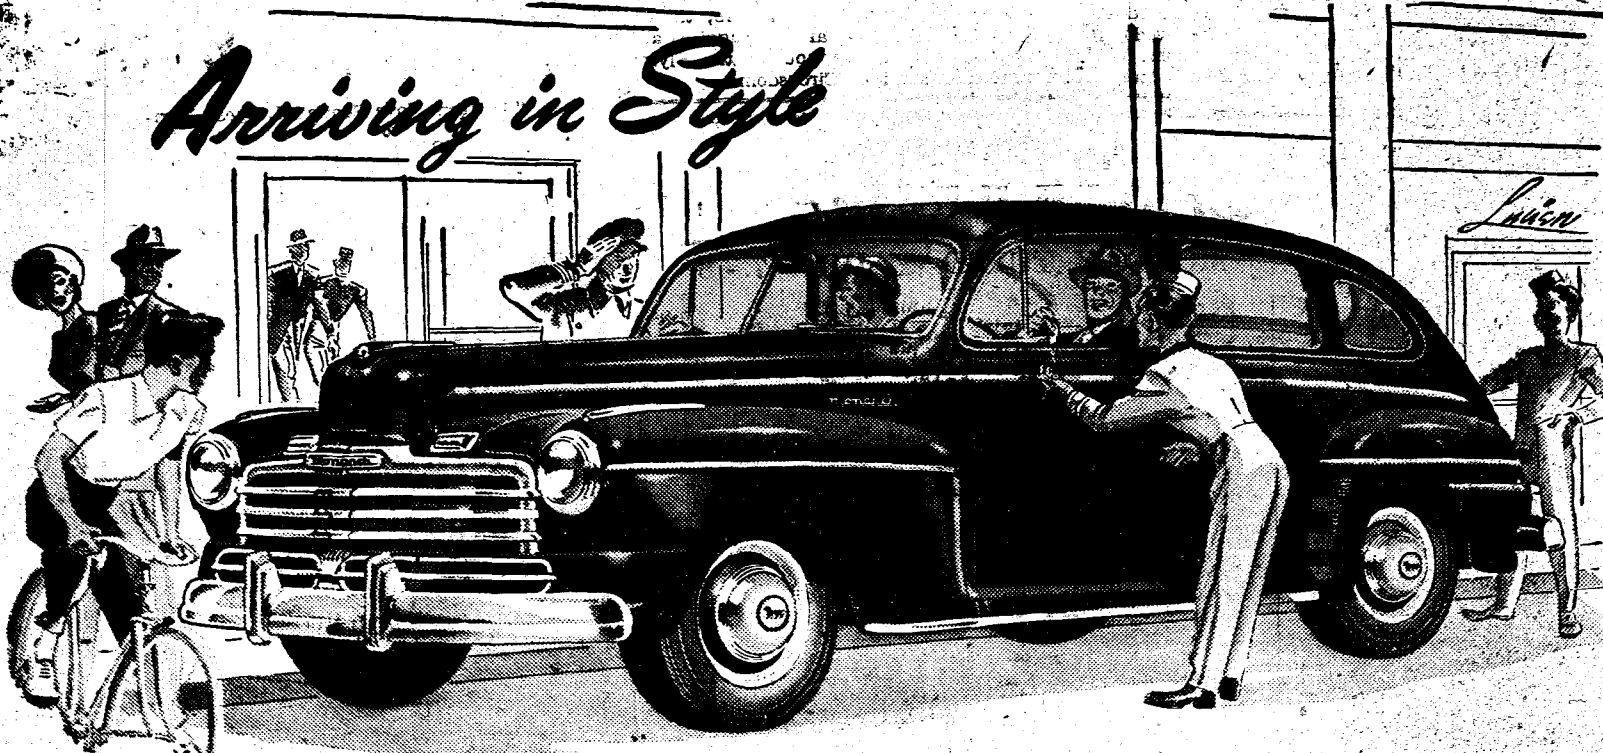

Two anthems, "Plant Roses"  
and "Keep Looking Unto Jesus",  
were rendered by the combined  
Wade and Victoria Beach choirs,  
with Mrs. Ernest McGrath at the  
organ. A very lovely duet "The  
Beautiful Garden of Prayer" was  
sung by Mr. and Mrs. W. Banks  
of Bridgetown. After a few re-  
marks by the pastor, the closing  
hymn was then sung. The of-  
ferings of the day amounted to  
\$210.00.

## Spark Plug Convention Here

Charles A. Speers, general man-  
ager of the Champion Spark  
Plug Company of Canada, Ltd.,  
and Mrs. Speers, Windsor, Ont.,  
are attending the annual con-  
vention of the Research Club of  
the Automotive Distributors of  
Canada being held at Digby.

Mr. Speers disclosed that re-  
cent developments in spark plugs  
had resulted in about 80 per cent  
of the commercial airplanes in  
the United States now using a  
new type plug made with cera-  
mics instead of mica. He men-  
tioned that the spark plug indus-  
try in Canada was exporting a  
large part of its product and that  
the Canadian market had a sur-  
plus.

Mr. Speers has been with the  
company for over 30 years and  
was the first man employed by  
the firm in Canada. For several  
years he was with the export de-  
partment and travelled through  
the Orient and the Near East,  
returning to Canada shortly be-  
fore the outbreak of war.

## Circus Day Will Be Here Wednesday

The welcome announcement that "Circus Day" will soon be here will be greeted with delight by the oldsters as well as the youngsters since an old favorite tented amusement enterprise—the world famous SPARKS Railroad Circus will play a return engagement in Digby one day only, afternoon and night, on Wednesday, July 3, the location, Jersey Farms showgrounds.

Now, over 50 years old, the famous Sparks Circus retains its old time popularity with circus patrons and has enhanced its all time reputation as being one of America's largest, finest and greatest of all outdoor exhibitions.

Sparks Circus was founded way back in the year 1890 by the late John H. Sparks and on its initial tour was titled "John H. Sparks Old Virginia Shows." Early in its career it transported on wagons, hauled by teams of horses over the dirt roads. Later it grew in size until it became a large railroad circus. Always it enjoyed the distinction of being a clean show, worthy of the patronage of the discriminating class of circus patrons. Today it is larger, finer and greater than ever, "The Circus Beautiful", with all new streamlined equipment, presented by a galaxy of international arenic and circus stars, under a mammoth flame and waterproof "Big Top", in three rings and a large menagerie of wild animals, the famous Sparks herd of performing elephants, trained horses, dogs, ponies and goats. This year's Sparks Circus is transported from town to town on its own special railroad train of double length all steel cars.

Among the many outstanding feature circus acts on this year's all feature program will be the initial appearance of the famous Joe Hodgini troupe of whirlwind bareback riders; the celebrated Acevedo troupe of Mexican high wire artists; jugglers, and acrobats; John White's troupe of leaping greyhounds; the Flying Meteors, and many other renowned stars of Circusdom.

Baby Rabbit**

Last Wednesday morning when Mrs. Stewart Small of Central Grove, went to the barn to visit a family of kittens that had arrived some time before she was surprised to find the mother cat, Roxy, mothering not only her three grey and white kittens but also a tiny wild rabbit.

It is not known where the little rabbit, which weighed exactly two ounces, came from but it is thought the mother cat must have brought it in from the woods.

At the time of writing, five days after Roxy was first seen nursing the rabbit, the little fellow is still feeding with its little playmates, the kittens, and now drinks some milk from a spoon.

**Bridgetown to Protest**

Baseball players of Bridgetown walked off the field the last half of the fifth inning of a game here on Tuesday afternoon, declaring their refusal to continue the game were on the grounds that worn-out balls were being used by the Digby team. They stated they would protest the game to the Valley League.

At the time of the Bridgetown walkoff the Digby Ravens were leading with a score of 9 to 6 and with no one out. The game was a fast one right from the start. Bridgetown took the lead in the opening inning and at the end of the third still maintained their lead by a score of 6 to 5.

The Digby lads rallied in the fourth and commenced a scoring spree that Bridgetown could not seem to halt. When the play was halted by the Bridgetown walkoff in the fifth the local boys had rolled up a nine-six lead with two men on bases and no one struck out.

Umpire Ted Sanford stated the balls in use, which had previously only been seen in a nine-inning game between Tiverton and Digby, were fit for play but the Bridgetown team stated they were not satisfied and left the field.

All through the game the Digby squad played excellent ball and in the five innings played not one Digby player struck out. Wray, on the local team, made a double and two singles in three trips to bat while Turnbull came through with the longest home hit of the season. Collins and Daley, of the Digby team, both hit three baggers during the game.

**FORMER MAYOR HAS  
CLOSE CALL WITH DEATH**

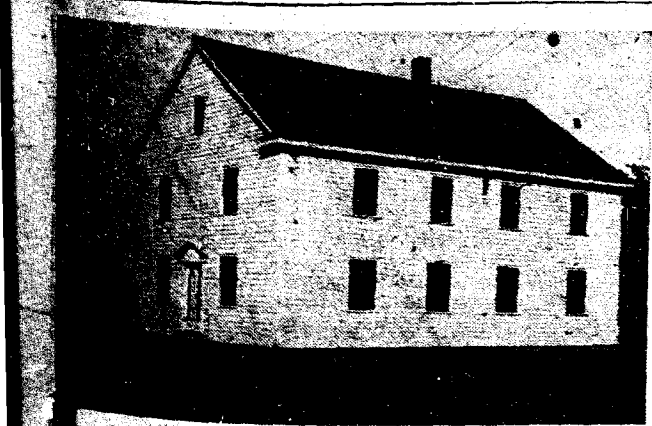

S. S. Aymer, former mayor of Digby, suffered a close brush with death early Tuesday morning when the car he was driving went off the edge of the Shore Road near the Life Saving station, at the entrance to Annapolis Basin, and plunged some thirty feet to the beach below.

At the time of the accident Mr. Aymer was turning his car in order to return to Digby. He was so close to the edge of the road, which is very steep at this point, and the car slid over the edge.

After shaking-up and minor cuts over the eye and on the nose were the only injuries suffered through the car was badly damaged.

Miss Margaret Stewart, who has been spending some months in British Columbia visiting relatives and friends, has returned.

## Digby Adopts Daylight Time

### Receives Medal for Saving Life      Clocks Move Ahead at Midnight Saturday, July 12

John Melanson, was presented with the president's medal and scroll, by Mayor J. W. Merkel, of Digby, secretary of the Digby County Power Board, in behalf of the National Safety Council of Toronto, at Church Point, a few days ago.

The medal is given by the National Safety Council to those who save a human life. It is a fitting recognition for saving a life or lives from death by suspension of normal breathing, by the Schaefer Prone Pressure Method of Resuscitation. Mr. Melanson saved the life of little Marie Irene Gaudet, of Saulnierville Station, last January 17th when she was rescued from the icy waters of a river that flowed nearby her home and artificial respiration used to bring life into her inert body. He also gave instructions to the mother on the care of the child until the doctor arrived, which, it is claimed, also saved the child from the effects of exposure.

Mr. Gaudet was present at the presentation as also little Marie Irene. The little girl was raised to a table where she stood so that the audience could see her and she was applauded warmly.

H. J. Campbell, superintendent of the Digby County Power Board; Mayor James Merkel, of Digby, secretary; H. H. Marshall, chairman, and H. E. Wagner, member for Weymouth, were in attendance. The Clare Hydro Electric Commission was represented by Vincent F. Melanson, father of the recipient of the medal.

Mr. Campbell explained to the gathering how it came about that the National Safety Council of Toronto awarded the medal to John Melanson. It was shown that it was through a Mr. W. McLachlan, engineer, of Toronto, who has, as a hobby, the findings of facts of life-saving accomplishments and it was through him that the council became aware of John's feat. He had read about it in the papers, the story having appeared in the Digby Courier as well as other provincial papers, at the time.

Prof. W. J. Belliveau, district commissioner of Scouts and former Scout Master at Church Point, spoke a few words in behalf of the Clare Scouts. "I promise to obey the laws and perform my duty to God, Church and Country and to help all peoples at all time", is one of the 1st things that a scout is taught, said Mr. Belliveau. John was a scout and it is there that he was taught to be prepared for emergencies and when such an emergency arose he was prepared for it.

Over a hundred members of the Men's Social Club, which included friends and wives, were in attendance. A buffet lunch was served at the Hotel Marie immediately after the presentation.

The town of Digby will step in line with the rest of the Valley towns by going on daylight saving time at midnight Saturday, July 12, and will continue the fast time until September 28. Decision to advance to daylight time was reached at Monday night's meeting of the town council, following the reading of a petition signed by nearly all of the business houses in the town and some 150 residents and ratepayers.

A letter was read from the Board of Transport Commissioners recommending improvements in the level crossings within the town. Stop signs and advance warning signs were recommended for several of the crossings while a pedestrian bell and two flashing light signals were recommended for the Water Street crossing. The Board, which conducted a survey of the crossings some time ago, stated they felt this crossing was particularly dangerous, considering the heavy and fast traffic and the poor visibility at the approaches.

(The Water Street crossing is under the direction of both the town, provincial government and railway and it is understood action complying with the Board's recommendation will shortly be taken regarding this and the other crossing in the town).

Permission was granted Peter Humpherson, to open a florist's shop in the town. Bernard Comeau and Vigen Doucet were given permission to erect houses according to plans and specifications presented.

A request was received from Warden H. E. Chisholm, of the Municipal Council, for a meeting with either the town arbitration committee with power to enter into an agreement or the full town council. It was decided to arrange a meeting between the council and the municipal arbitration committee to work out a new schedule of joint expenditures. It was pointed out the present schedule has not been amended for a good many years and it is felt both by the town and the municipality, that some change is needed.

### Cardoza Resigns Hospital Board

Resignation of Councillor Victor G. Cardoza as the town's representative on the Board of Directors of the Digby General Hospital, was accepted at Monday night's meeting of the town council.

In tendering his resignation Councillor Cardoza stated he felt it useless to continue as the town's representative on the Board. He stated that, although he had been named to the Board before committees were selected he had not been named to any of the Board committees. Further, he stated, at the last meeting of the Board he had attempted to ask several questions concerning a report made by the chairman of the Finance Committee and had been informed by him that he did not intend to be subjected to an inquisition. Following this the President of the Board had called upon a member of the Finance committee to make a report which he refused to do if he was to be subjected to questioning.

Councillor Cardoza stated he felt it was his right and duty as representing the Town, which makes an annual grant to the hospital, to become fully informed as to the operation of the institution, and since that information did not seem to be willingly forthcoming he felt there was nothing to do but withdraw. He further stated that, although he had repeatedly asked for a copy of the rules and by-laws of the hospital which had recently been amended he had not as yet received a copy and was thus in the dark as to the responsibilities and duties of the Board and staff members of the institution.

Following a lively discussion during which Councillor Baxter, who is a member of the Hospital Board, stated he felt the report of the Finance Committee chairman was perfectly clear and did not require questioning, it was decided to appoint Mayor Merkel to replace Councillor Cardoza as the town's representative on the Board.

### Mexican Prisoner Swindle.

The R. C. M. Police issued a warning a few days ago concerning the revival of the "Mexican Prisoner Swindle". The swindle headed by a group of confidence men in Mexico starts with a letter allegedly written by a prisoner in a Mexican gaol to prominent persons in Canada. The addresses have evidently been obtained from a "Who's Who" or other guide book.

The letters, dated May 30th, 1947, give a detailed account of how the writer, Albert L. Martin, a banker in Vera Cruz, Mexico, made some poor speculations. About to be arrested for bankruptcy, he converted his assets into American money, concealed it in a trunk and sent it to a Customs House in the United States. The story goes on to say that he and his 18-year-old daughter were arrested at the Mexican border by the Mexican police and their belongings seized. His daughter was placed in a public boarding school and Martin was sentenced to a term of imprisonment. The prisoner, Martin, representing himself to be in destitute circumstances because of his imprisonment and worried about his daughter, urgently requests financial aid in order that he can get his money from the trunk in the United States Customs house. The name and address of an intermediary in Mexico is given; and according to statements in the correspondence, the intermediary will make all necessary arrangements for receiving the desired funds. In return for such financial assistance, one-third of the fabulous sum of money in the trunk will go to his benefactor.

The R. C. M. Police warn all persons to be on their guard against this old swindle, perpetrators of which are internationally active at the present time.

### HAS LEG BADLY CUT IN ACCIDENT

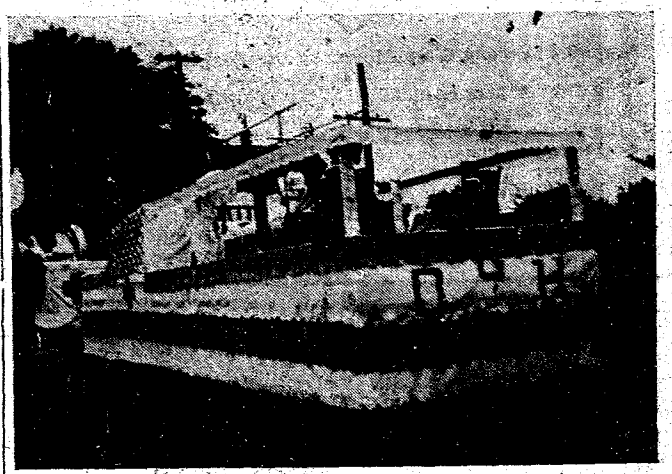

Judy Robinson, young daughter of Mr. and Mrs. Robert Robinson, of Digby, had a leg badly cut Tuesday night while playing with a group of children. In some manner one of the group ran into Judy with a bicycle inflicting the injury.

Taken to the doctor it was found necessary to put three clips in the wound in order to close it. Judy is reported as doing nicely and she planned to see the circus last night if her dad would carry her in to the tent.

## SHIPS BELL HMCS DIGBY TO BE PRESENTED TOWN

Word was received by the town council, at their meeting Monday night, that the ship's bell of the former H. M. C. S. Digby, will shortly be presented to the Town of Digby, together with a Scroll containing a few words of appreciation to the people of Digby from the Minister of Defence. In a letter to the mayor, Capt. F. G. Hart, of H. M. C. S. Stadacona asked that arrangements be made for a suitable ceremony for the presentation of the bell and scroll.

It was decided by the council to hold this ceremony on Sunday, August 31 at 3:00 p.m. This ceremony will coincide with the official visit to Digby of H. M. C. S. Snipe, which will lay off the town from August 28 until September 1. It was decided to invite the officers and the men of this ship to attend the ceremony in a body.

Considerable discussion was had concerning plans for entertaining the officers and men of the Snipe during their visit here. The mayor, town clerk and the president of the Digby Branch of the Canadian Legion, were appointed a committee to arrange this entertainment.

Water Superintendent F. W. Robinson reported a serious shortage of water in town and stated it was increasingly difficult to maintain a level at the reservoir. It was decided to call upon the public to curtail the use of water, particularly for car washing and the watering of lawns during the current shortage.

The police committee, together with the traffic authority, F. C. Thibault, were given authority to devise some plan to relieve the traffic and parking congestion on Water Street. It was suggested some method of time limits on parking be imposed. W. Currie, of Jones Electric Co., and N. H. Crowell, representing the Canadian Dual Automatic Co., appeared before the council regarding parking meters and demonstrated their meters. It was decided, however, to defer action on the installation of these for the present.

## About This and That

Last week we listened to a wedding procession go through town; a cavalcade of four cars, the procession travelled back and forth through the business section of the town with all horns blowing continuously.

While we like to see people happy, especially newly married couples, we do think these people should show some consideration for their fellow men. The effect of the constant hornblowing on the bystander is not pleasant and does little to encourage a feeling of goodwill towards the horn blower. Not only that, but very often this loud and unnecessary sounding of car horns creates actual harm.

How often a mother, after weary hours of rocking, has cajoled her infant into fretful slumber only to have it awakened almost immediately by the strident honking of a car calling for someone next door. How often the sufferer is disturbed not only by the constant blowing of horns in a wedding procession but also by the loud and unnecessary honking of a car horn sounded in greeting to a passing motorist.

While we do not know what the law is concerning the blowing of car horns we do think some control should be exercised in this matter. If the motorist has not sufficient interest in his fellow men to be considerate then the law should make him. The horn on a car is for the purpose of warning and for no other, and it should be used for that purpose only.

Surviving are her husband, one adopted son, Earl; one niece and two nephews; one sister, Mrs. E. M. Winstanley, Brighton, Mass. The funeral services were conducted from St. Paul's church, Marshalltown, by Rev. F. B. Gaskill. Hymns sung, by request, were "The Old Rugged Cross", and "What a Friend We Have in Jesus". ## Neck Road

To the Editor of the Courier:

Sir—I am amazed to read in my latest Courier (April 24th) that no work is to be done on the Digby Neck road this year, simply because the Department of Highways have not had what they consider a suitable tender. If that is the case why cannot the Department undertake the work itself, as is done in most parts of the world. I take it that the Province of Nova Scotia would find no difficulty in hiring all the labor necessary and any well-equipped Department of Highways SHOULD have all the road-making machinery necessary. The people of Digby county—and especially those of the Islands—served (badly) by this road, are sure a long-suffering people and receive very little for the taxes they pay.

## Weymouth Scores over Church Point

Weymouth came through with their first win of the season on Tuesday afternoon last when they defeated Church Point Red Sox 10-7 in an exhibition game. Tooker was on the mound for Weymouth and pitched good ball. He was in difficulties only in the fifth and seventh innings, when the Red Sox scored all their runs. He allowed 8 hits, struck out 9 batters and walked one, while his opposing pitcher, Nil Saulnier, allowed four hits in the five innings that he was on the mound and walked one batter. Weaver, who took up mound duty in the sixth, was knocked out of the box when his control was lacking, hitting the first batter, walking the next and followed by two hits, he was replaced by Louis Doucet, who retired the side.

Church Point overtook a four run lead in the fifth to tie the score, but could not stop the Weymouth team from scoring in their half, when they tallied two more runs, followed in the sixth. The Red Sox were minus four of their star players. Three errors committed by the shortstop were due to his having a sore arm and being unable to throw accurately to first base.

Mrs. Carl S. Masters, Mildred Smith, and nephew, Joseph McAlleer, of Brighton, Mass., are spending the summer at Porter's Lake, North Range.

## Granville Ferry Baptist Church Annual

A large congregation attended the annual anniversary service in the Granville Ferry United Baptist Church, on Sunday morning, June 29. The church was beautifully decorated for the occasion with lovely flowers. Rev. L. B. Wright, pastor, welcomed the people to the service and voiced his appreciation of so many friends from different congregations being present. Rev. R. S. Dunn, of Deep Brook, was the guest speaker in the evening. The music was of a high order. Mrs. R. T. Chisholm, the church organist, presided at the organ, and the full choir in attendance included the famous Berwick Male Quartette, which favored the congregation with four fine selections.

## MARRIAGE

A wedding of interest to many friends in Saint John and Victoria Beach was solemnized at the Baptist Parsonage, West Saint John, recently, when the Rev. William Hatfield united in marriage Ida Viola Porter, daughter of Mr. and Mrs. Boyd Porter, of Saint John, and Eugene Archibald Everett, son of Mr. and Mrs. Orbin Everett, Victoria Beach. The bride, who was given in marriage by her father, looked charming in a green wool suit with hat and accessories to match. A reception was tendered the happy couple at the groom's home on June 28th. Some fifty guests attended. Among those who assisted in serving were Freda Apt. R. N., Mrs. Clinton Everett and Mrs. George Taylor. Mr. and Mrs. Everett, who received many lovely and valuable gifts, will make their home in Victoria Beach.

Rice - Trimmer

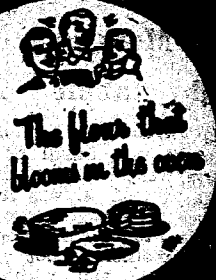

A quiet but pretty June wedding was solemnized on June 24th, at the Bear River Baptist parsonage, when Rev. G. D. Brydon united in marriage Annie, daughter of Mr. and Mrs. Charles Trimmer, of Mt. Pleasant, and LeRoy Rice, son of the late Mr. and Mrs. James Rice, of Digby. The bride was becomingly attired in a rose tailored suit, with flower hat and white accessories and was attended by Mrs. S. Gates, of Bear River. Mr. Gates supported the groom. A reception was held later at the home of the bride's parents, a number of guests being present. They will reside in Bear River where the groom is engaged in farming.

## Purchase Residence for Use as Hospital

Decision of the trustees of the Islands Outpost Hospital to purchase the former home of Dr. A. F. Weir, Freeport, for use as a hospital was reached at a meeting held recently.

Purchase of the building, which will be renovated to accommodate eight beds, was a long step forward in a plan to provide the Islands at the tip of Digby Neck, with a hospital. Nearly two years have passed since Red Cross officials first visited the Islands and discussed the matter of provision of the hospital.

Equipment was later supplied

by the provincial Red Cross and from time to time meetings were held, but due to misunderstandings and some disagreement as to site, progress was slow and for a time it was feared the hospital might never be established.

At a recent meeting trustees were given authority to collect subscriptions and pledges and at the last reports nearly three thousand dollars had been raised. All of the organizations on the two islands co-operated in the drive.

The hospital project is one of the biggest ever attempted by the Islands and will serve the residents of the four communities of the two islands—Long Island and Briar Island—which lie off the tip of Digby Neck.

## Noted Teacher Will Retire

A long period of service in education has ended for Kelsey C. Denton, of Montreal. He plans to celebrate his retirement by spending a year in California. He is a native of Little River, in this county, and graduated from Acadia University in 1908. His first venture in the field of teaching was at Montreal High School where he taught for 31 years. For the last 20 years of that term he headed the department of mathematics.

He next joined the staff of the provincially and federally supported Arts and Craft School. Next he turned to the college teaching and spent a year at Lower Canada College as head of the mathematics department after which he returned to the Arts and craft school as head of cultural studies.

Mr. Denton believes that teaching is a fine career for a man who likes boys. He appreciates the fact that teachers' salaries are on the up-grade; and is a firm believer that a teacher's work warrants a higher standard of remuneration. "Teaching," he says, "is too important a profession to be neglected by the public."

Mr. Denton is a brother of the late Dr. L. Denton, who passed away about a year ago.

## MARRIAGE

### Potter - Wheelhouse

A very pretty wedding took place at the Bear River East church on June 19th, when Rev. C. S. Young, of Clementsvalle United Baptist church united in marriage Helen Irene, daughter of Mr. and Mrs. Marshall Wheelhouse, of Bear River East, and Robert Daniel, son of Mr. and Mrs. Willis Potter, of Clementsvalle. The church had been decorated by friends of the bride under the direction of Mrs. Chester Sanford, and the profusion of cut flowers and potted plants made a very pretty background for the ceremony. Mrs. Watson Potter, aunt of the groom, played the wedding march as the bride entered the church on the arm of her father by whom she was given in marriage. Her gown was of white nylon taffeta in semi-princess style and with it she wore a long veil and carried a bouquet of carnations and sweet peas. Miss Phyllis Wheelhouse attended her sister as bridesmaid and her gown was of pink rayon net over bengaline, with a head dress of flowers, and her bouquet was snapdragons and sweet peas. The best man was Robert Wright, of Virginia East, and Arthur Jefferson,

Jr., and Richard Ruggles were ushers.

After the ceremony a reception was held at the home of the bride's parents where about sixty guests offered their congratulations and best wishes to the happy couple. Assisting at the table were Mrs. H. Purdy and Mrs. Barry Thompson poured. Misses Thelma Jefferson, Waneta Brown, Louise Potter, Sadie McDonald, Mae Purdy, Roberta Sanford serving; Mrs. George Jefferson, Mrs. Chester Sanford, Mrs. Willis Buckler replenishing.

Out of town guests included Mrs. Barry Thompson, of Halifax; Bliss Wheelhouse, of Goose Bay, Labrador; Mr. and Mrs. Carmen Ingles, Mr. and Mrs. Harry Potter and Mr. and Mrs. Watson Potter, of Tupperville. After a short honeymoon trip Mr. and Mrs. Potter will reside in Clementsvalle.

Mrs. Potter studied at Acadia University last term and before that both young people were members of the armed forces. Their many friends join in wishing them years of happiness together.

### Porter - Pierce

A pretty wedding was solemnized on the afternoon of June 30th, at the home of the bride's parents, Pleasant Valley, when

Helena Lorraine Pierce, R. N., daughter of Mrs. Myrtle and the late Milford Pierce, was united in marriage to Roy Savary Porter, son of Mr. and Mrs. Curtis Porter, Hill Grove, Digby County. The room in which the ceremony took place was prettily decorated with cut flowers. The Rev. For-man Fenerty, pastor of the Kentville Baptist church, was officiating clergyman, assisted by the Rev. W. E. Cholerton, of the Berwick Baptist church.

The bride, who was given in marriage by her brother, Herman, looked lovely in a gown of blue silk crepe, street length, with white accessories. She carried a bouquet of American Beauty roses and fern. Her sister Phyllis was bridesmaid and

was becomingly gowned in pink silk jersey. Her bouquet was snapdragon and sweet peas. Best man was Gordon Porter, R.C.A.F., brother of the groom.

Following the ceremony a reception was held attended by some thirty guests—immediate friends and relatives of the happy couple. Centering the dining table was a three-tier wedding cake which was cut in the traditional manner by the bride and groom.

The bride is a graduate of the Prince County Hospital, Summerside, P. E. I., and has been on the staff of the Digby General Hospital. The groom served during World War II four years in the R.C.A.F. as a wire-

## Know Nova Scotia—

## The Granville Ferry

One of the points of interest at Granville Ferry—and one of unusual occurrence in this part of the world—is the Granville Ferry Ice Mine.

In the Farnsworth Hollow, about a mile back from the main highway and nestled under the North Mountain, is a rock cave, known as the "ice mine".

Even on the hottest days of summer it is cold and damp inside the cave—so cold that the water which drips down from the rocks freezes and forms ice.

This place is visited many times each year, not only by residents of the village—who never seem to lose interest in the phenomenon—but by sight-seeing guests who enjoy visiting the natural beauties to be found in the walk to the Granville Ferry Ice Mine.

## APPETIZING APPLE CAKE

## RECIPE

Add 1 envelope Royal Fast Rising Dry Yeast and 1 teaspoon sugar to ½ cup lukewarm water, and let stand 10 minutes. Then stir well. Scald ½ cup milk, add 3 tablespoons shortening, ¼ cup sugar and ½ teaspoon salt and cool to lukewarm. Add 1 cup sifted flour to make a batter. Add yeast mixture and 1 beaten egg. Beat well. Add 2½ cups sifted flour, or enough to make a soft dough. Knead lightly and place in greased bowl. Cover and set in warm place, free from draft. Let rise until doubled in bulk, about 2 hours. When light, punch dough down and divide into 2 equal portions. Roll dough ½ inch thick; place in 2 well-greased pans (8½ x 11½ x 2" deep). Brush tops with melted butter or shortening; sprinkle with ¼ cup granulated sugar. Peel and core 12 apples; cut into eighths; press into dough, sharp edges downward; close together. Mix 1½ teaspoons cinnamon with 1 cup granulated sugar; sprinkle over cakes. Cover and let rise in warm place until light, about ¾ hour. Bake in moderate oven at 400°F. about 35 minutes.

## MARRIAGE

Sanford - Potter

The Clementsvalle United Baptist church was the scene of a pretty wedding on June 20 when Rev. G. P. Allen, assisted by Rev. C. S. Young, united in marriage Freda Mae, daughter of Mr. and Mrs. R. N. Potter, and Russell Borden Sanford, son of Mr. and Mrs. N. D. Sanford, all of Clementsvalle.

The church was decorated with large baskets of flowers consisting of pink lupins and white snowballs, also ferns and potted plants. White tapers formed a semi-circle. The guest pews were marked with daisies and white ribbon bows.

Mrs. Watson Potter, aunt of the bride, played the wedding marches and accompanied the soloist, Miss Barbara Norman, of Bridgetown, who sang "I Love You" during the signing of the register.

The bride entered the church on the arm of her father, who gave her away, and she wore a floor length gown of white georgette, with bodice of satin, a colonial style skirt with inset of satin, with bow. Her veil was fingertip and fell from a halo. Her only ornament was a limoge china pin, the gift of the groom. She carried a bouquet of white lilies and white sweet peas and was attended by her sister, Miss Margaret Potter, R. N., as bridesmaid, who wore blue embroidered organza with matching coronet and bouquet of pink

## CIRCUS DELAYED BY WASHOUT

Hundreds of youngsters in Digby and for miles around suffered a severe disappointment yesterday morning when the circus train, which was expected to arrive shortly before five o'clock, failed to show up due to a washout on the D. A. R. near Middleton.

From shortly after midnight cars and trucks, each bearing its full quota of youngsters from 8 to 80, began arriving in town to see the circus unload. By five o'clock the railway track was completely lined four and five deep the full length of the loading area and for several hundred yards on either side.

When the word got around the train was not coming, at first people simply would not believe it but later many who lived nearby got the word on their radios that there had been a 24-hour delay.

At this news there was a visible dropping of spirits and everywhere one could hear, "What, no circus at all". Later on, however, word was circulated that the circus would surely arrive in the afternoon and there would be an evening performance. For hundreds who had come for miles to see the afternoon show this meant an all day wait but no one seemed to mind for even a late circus is better than no circus at all.

## Seek Nurses for Hospital

### Domestic Staff Stages Walkout After Board Meet

Hospital Superintendent Margaret Graham, R.N., was given authority to take every possible step to secure nurses for the hospital staff at Monday night's meeting of the Board of Directors. Miss Graham reported that five of the staff nurses had tendered their resignations, leaving five on the staff. She said she had advertised in most of the provincial newspapers without results, but had the names of two girls she thought might come to Digby. She planned to phone these, she stated.

Demands of the domestic staff of the hospital for pay increases and other concessions were refused by the Board. It was reported unless these demands were met the domestic staff would leave in a body. R. R. Baxter stated he knew of two girls who would work on the domestic staff and felt more could be secured. He was appointed chairman of a committee to secure domestic help for the hospital.

Mrs. H. M. Warne, Mrs. Mullen and Mrs. H. E. Reicker, representatives of the Ladies' Hospital Aid recently appointed to the Board, were welcomed to the meeting by president F. R.

Eisener. After considerable discussion they were appointed to a new committee set up at the meeting called the Inspection and Personnel Committee. This committee will make periodic inspections of the hospital property and will interview personnel. Mrs. H. M. Warne was appointed chairlady of this committee.

The matter of securing the services of a dietician for the hospital was discussed and it was decided to advertise for a dietician. It was suggested that the services of supervisor of the Nurses' Residence could be combined with this office but this was not felt feasible.

#### LATER

It is understood that, following the Board's refusal to meet their demands, the entire domestic staff of the hospital walked off the job Tuesday morning.

Action by the new committee appointed to secure domestic help, under direction of Mr. R. R. Baxter, was successful in securing some replacements, some of which were recruited temporarily from the staff of one of the local fish firms. It is expected a permanent staff will shortly be secured.

Mrs. Tracy H. Marshall of Marshalltown is away on a trip to Montreal. She will return in a few days by way of Halifax.

Mr. and Mrs. John Hutchinson and son, Jackie, Centrelea, accompanied by Mr. and Mrs. Henry Wheelock of Bridgetown were guests in town Wednesday.

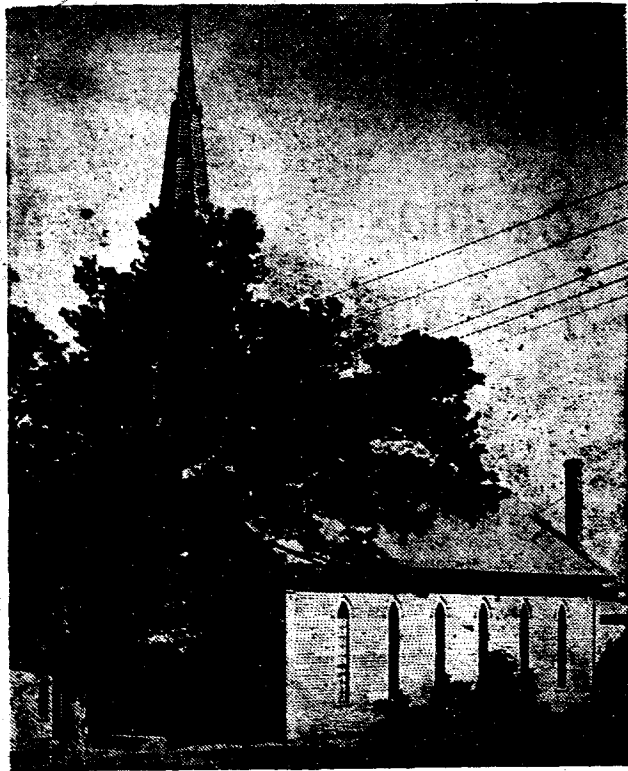

Rev. and Mrs. Alvin Robertson and family, accompanied by Mrs. Hallet McLaughlin, all of Bridgetown, spent Wednesday in Digby.

Mrs. Avery Hutchins of Lynn, Mass., spent last week in Digby visiting her sisters, Mrs. William Theriault and Mrs. George Muise.

Mrs. E. P. Gilliatt and daughter, Mrs. Helen Riordan, spent a few days last week at their old home in Granville Centre.

Mrs. Carroll Barr and daughter, Dianne, have returned home after spending a week with Mr. and Mrs. Wm. Hazleton.

### Grace United Celebrates 86th Anniversary

On the occasion of the 86th anniversary of the Grace United Church on July 13 a special program was held attended by a capacity audience augmented by a large number of tourists.

The guest speaker at the morning service was the Rev. Peter Bryce, former moderator of the United Church in Canada, and now minister of the Metropolitan Church in Toronto.

Mr. Bryce brought greetings from the church which he represents and will be celebrating its 129th anniversary next year. His two speech subjects were "The Path of Life" and "The Task of Life." He pointed out that in

life we have all our tasks, in the office and in the home.

"We do not need a mediator to speak to God for us" said the famed preacher, "we can do that ourselves. We can all drink of this brook of prayer and lift our heads. We meet with trials and sorrows and discouragements on the way, but we must remember God says: 'I will never leave thee nor forsake thee.'"

The evening service was largely musical. The choir and male quartette had arranged a very fine program which was much enjoyed. Mrs. Harold Nichols, the church organist, gave a recital before each service.

### Family Reunion At Tiddville

July has been a month of home coming. Mr. and Mrs. Victor Stanton have been spending their vacation with Mr. and Mrs. Guy Stanton and Mr. and Mrs. George Stanton; the Misses Ellen and Ada Stanton spent their vacation at the same home. They returned to Boston Wednesday.

Mrs. Oscar Trask of Laconia, N. H., is visiting at the old home and renewing acquaintances.

Mrs. Daisy Stanton has had the pleasure of having her daughter, Mrs. Violet Blaisdell of Waltham and her friends, Mrs. Eleanor Higgins, Quincy, Mass., and George Dyson of Needham Heights on Friday. She entertained at dinner her sister and husband, Mr. and Mrs. Lionel Gibson, Waltham, Mass. and her niece and husband, Mr. and Mrs. Orville Nickerson, Waltham; her nephew and wife, Mr. and Mrs. Perry Mullen of Weymouth North; her sister-in-law, Mrs. L. Wagner, Riverdale.

On Sunday, Mrs. Daisy Stanton, daughter, Violet, and her two friends motored to Weymouth to visit her son, Hubert Height and his wife.

From there the party motored to Riverdale to a family reunion where 23 sat down at dinner to the tables. A little later three of the neighbors came, making 26 in all. The evening was spent in vocal and instrumental music. George Burgoyne played the trombone with his wife accompanying him at the organ. Their daughter, Daisy, and Lillian Height of Weymouth played several selections on the guitar. A very enjoyable evening was spent by all.

On Monday, mother and daughter, with three friends, motored to Port Maitland to visit her daughter, Hope. Mrs. Chester Frost and Mr. Frost. In the evening they were all invited to the home of Mr. and Mrs. Frost, daughter of Mr. and Mrs. Kingsley Outhouse. A sing song was enjoyed with Mrs. Outhouse at the piano.

At the close of the evening a delicious treat was served. All enjoyed a pleasant evening.

Mr. and Mrs. Owen Irving had as week end guests, the former's parents, Mr. and Mrs. Frank Irving, Sheffield Mills, and Mrs. Reta McBride and daughter, Barbara, Cambridge, Mass.

Shown above is Miss Esther Rosenthal, chosen Miss Digby County at the Board of Trade's July 1st Fair. Miss Rosenthal is pictured sitting at the banquet table at Lour Lodge Hotel with John Rodney, Hollywood movie actor who was one of the judges at the Miss Digby County Contest. At the far left of the picture is Aileen Winchester and far right is Olive Amero, both contestants.

Following the contest, in which Miss Rosenthal was chosen Miss Digby County and Lillian Theriault and Marion Warner her attendants, the winners, Judges, and all the contestants were guests at a banquet at the Lour Lodge Hotel.

### Digby Y's Men Get Special Mention

At the convention of Y's Men's Clubs of the Maritimes held recently in Sydney, the Weekly Bulletin of the Y's Men's Club of Digby received special mention for subject matter, layout and presentation.

The Digby Bulletin has been edited for the past year by Fred Cookson, who is carrying on again this year. A feature of the weekly bulletins is a thumbnail sketch of the members of the club. Written in humorous style, these sketches created a great deal of interest.

One of the main subjects under discussion at the Convention, which was attended by the president, E. B. Tufts and Vice-President C. D. Snow, representing the Digby Club, was Youth Work. The development of youth camps by the various clubs was advocated as a means of counteracting influences leading to juvenile delinquency.

The Digby Y's Men's Club last year sponsored the re-organization of the Boy Scouts and Wolf Cubs in Digby and are planning further expansion of this work in the fall.

### On Walking Tour Of Province

Mr. and Mrs. Henry Goodman of Brooklyn, N.Y. passed through Digby Saturday on a walking tour of Nova Scotia. This is the third walking tour of the province this couple have made. They were here in 1934, 1937 and again this year.

Leaving Digby Mr. and Mrs. Goodman planned to walk to Annapolis Royal along the main highway and then take the Granville Road up through the Valley. Mr. Goodman says that by following the back roads they really see the beauty spots of Nova Scotia which many miss by keeping to the main highways.

### Has Nine Foot Foxglove

It's not tall hollyhocks that are in the news in Digby this year but towering foxgloves. W. R. Webber has a foxglove on display at his store which was grown at his camp at Joggin Bridge. This plant is nine feet tall and is in full bloom.

Mr. Webber last week dug up the foxglove and placed it in a large tub with plenty of good earth and it is doing very well in his store. Many new blossoms have opened since he brought it to town and he says he thinks it has grown a little. His only worry is what it will outgrow the height of his shop and he will be forced to move it outside or raise the ceiling.

Mr. Joseph Edwards and family of Bridgetown were recent visitors in town.

Lawrence Durling of Bridgetown was a recent visitor in town.

### Tennis Courts Opened

New tennis courts of the Digby Tennis and Badminton Club were officially opened here on Tuesday. The new courts, located on the grounds of the Lour Lodge Hotel have been completely rebuilt, a system of drainage installed and resurfacing with pure clay completed.

The Digby Tennis and Badminton Club, which was originated last year, have done a splendid job. Beside carrying on a most successful badminton season during the winter months they took on the job of renovating the tennis courts at the Lour Lodge which hadn't been in use for several years. Nearly \$700 has already been spent on these courts in order to put them in shape. Over four hundred of this has been raised by the club and plans are under way for sponsoring of dances and other entertainment to finance the balance.

A dance will be held at the Lour Lodge next Wednesday night to aid in raising funds for the work.

### Work On St. Ann's Addition Underway

St. Ann's building campaign was enriched by the sum of \$470 on Tuesday evening, July 8, when a benefit Card Party was held at Little Brook Hall. Games of bridge, whist, darts and ring games were played with a fish pond for the youngsters. A bingo game in which there was no charge was run of for the youngsters also.

Bridge prizes were won by Mrs. John Deveau and Rev. Hache of Meteghan and Church Point respectively. Winners at whist were Miss Nettie Belliveau with 34 points and Mrs. Jules LeBlanc with 31 points. Gents' prizes were won by Paul LeBlanc with 35 points and second prize by Philip Thibodeau of Ipswich, Mass. Consolation prizes were won by Mrs. Emile Comeau of Little Brook and Rev. S. Comeau of Church Point. The door prize was won by Miss Mae Comeau of Comeauville, the prize being \$5.00 donated by the Men's Social Club of Church Point.

Work on the new fireproof wing at St. Ann's for which the money was raised, is progressing favorably. A bull dozer has been excavating for the foundation for the last three weeks. Difficulty was encountered when large boulders hindered and slowed down the digging. Dynamite has had to be used in many cases to remove the boulders. The pouring of the cement for the foundation is expected to get underway shortly.

Roger Beckwith was a recent guest at his home in Nictaux.

Mrs. Louis Lauzon and children returned Monday from their home in Hull, Que., after visiting her grandparents Mr. and Mrs. G. E. Syda. They were accompanied as far as Saint John by Mr. Syda.

## About This and That

### HERE ARE SOME STARTLING FACTS ON CRIME IN CANADA

During the years 1900 to 1944 the number of crimes increased from 5,768 to 42,511, or 637%. The increase in population for the same period was 126%. What! The increase in crime was five times the increase in population! Can that be possible? Those are government figures!

During that same period we developed our crime-reducing reformatories, probation, juvenile courts, Big Brothers, Big Sisters, etc.

Another disturbing fact is that of the 42,511 convictions, 4,437 were second convictions and 9,058 were convicted for the third time or more—over 13,000 repeaters.

Isn't it about time that we decided that more than two convictions are too costly, that we are being too lenient with the criminals who will not learn a lesson taught the mild way?

It would be interesting to have reliable statistics from Michigan, where a third conviction means life imprisonment.

Here is another fact that is rather astounding and disturbing. Out of those same 42,511 offenders, only 2,306 are recorded as having a full high school education or better. Would this not indicate that we can greatly decrease our criminal offences if we can graduate our young people from high school, technical or commercial schools?

Possibly junior high schools with a special certificate for completing two years might hold our students during those two years and might encourage them to continue on to at least junior matriculation.

If anyone thinks that urban people are superior to rural folk they had better change their opinion fast. The rural population was a little less than half the total, viz. 45.7%, yet the rural crime rate was only 9% of the total number of crimes, compared to 91% for all others.

Here are some figures which give some comfort:

Total Convictions	42,511
Penalty, fine only	17,134
Non-gaol sentences (likely suspended)	6,363
Total non-gaol	56%

But here are the most disturbing figures of all. The number of people convicted who were under 21 was 11,430. The number under 16 was 6,529. Total 17,959, or 43% juveniles.

Stop for a moment and estimate the costs involved on apprehending, trial, conviction and detention. We have no figures to give you. Would it average \$100 each? If so, it costs \$1,195,900. Would it average \$200 each? If so, it's \$2,391,800.

Should not some commission be formed to lay down a program of education for delinquent parents that would be both optional for interested parents and compulsory for delinquent parents? Surely it is worth trying.

Now, another phase of our court procedure needs attention. Is it not time that a competent commission be appointed to do three things—

1. As definitely as possible establish rules clarifying the admissibility of evidence and of statements made by the accused.

2. As definitely as possible clarify what constitutes a charge to the jury which is fair to both sides, legally correct and proof against appeals for wrong summing up of evidence.

The now rather notorious Dick murder case in Hamilton is a good illustration. Is it fair to the accused or fair to the taxpayer that people accused of crime can be kept in jail for one year without trial? Is it fair to the taxpayer? Is it not more unfair to permit this barrister paradise of "new trial" to occur so frequently, draining off the funds of the accused and of the municipality as well.

Surely this "new trial", "appeal will be heard", "appeal has been heard" has gone on long enough. Let's give everybody including the barristers a square deal.

One other injustice—imagine this experience was yours. A young man stayed at work one night, alone. He walked home at midnight. Four blocks from his home two policemen in a cruiser picked him up, took him to the station and charged him with burglary.

Actually a house he passed had been robbed. He hired a lawyer, got bail. When his case came up the magistrate realized the injustice of the charge and dismissed it without a defense. But the lawyers bill was \$250. This was money the young man had saved to get married. He had to postpone his wedding.

Surely our magistrates and judges should be permitted to assess all costs of wrong arrest against the municipality where the accused is 100% innocent. Surely it could have been you!

We are proud of Canadian justice. Unfortunately we who never lived under an oppressive government do not know how fortunate we are. But let's still improve our justice. Let's be still prouder of it.

But again the question, "Are innovations and new methods in use since 1900 doing an efficient job when convictions increased 637% while the population increased only 126%?"

How can reforms be brought about? By people like you, Mr. Reader, co-operating with us and talking, talking, talking about these things.

All during the war we promised our people a "Better Day" a "Better Order" after the fighting ended. Let's keep our word! It's public opinion that influences government.

—The Condulet.

## MARRIAGE

Arsenault - LeBlanc

A large number of relatives and friends were present at St. Bernard's Church at 9 a.m. on June 18, when the pastor, Rev. Eli LeBlanc, celebrated nuptial Mass and united in marriage Miss Nora LeBlanc, daughter of Mr. and Mrs. Alphonse LeBlanc of Belliveau's Cove and Joseph Arsenault, son of Mrs. Alice Arsenault and the late Mr. Arsenault, of Rogersville, N. B.

The bride, given in marriage by her brother Dennis LeBlanc, wore a gown of traditional white satin, fashioned with a long train and bustle. Her veil was also entrain and was caught up with a coronet of orange blossoms. She carried a white prayer book with satin streamers and sprigs of white gladioli and fern.

The bridesmaids were Mrs. Richard Belliveau of Belmont, Mass., and Mrs. Denny Soucie of Meteghan both sisters of the bride. They were attired in identical gowns of figured nylon, one in a dainty shade of pink and white and the other in a deeper shade of pink and white.

Both wore matching gloves, short veils with a halo of roses, and carried bouquets of gladioli.

Mrs. Austin Lutz of Aylesford is spending the week with her parents, Mr. and Mrs. S. E. Woodman.

Eileen Kenney of Sydney is visiting her sister Mrs. Roland Crouse and Mr. Crouse.

## "NERVES" She Called It

Loosing interest—losing friends—she never went out any more—always too tired. "Nerves," she thought—but it was her kidneys—the filters of her blood—that needed attention. She used Dodd's Kidney Pills at once. The improved action of her kidneys helped to clear away blood impurities and excess acids. Fatigue, backache, headache, lack of energy disappeared. Dodd's Kidney Pills contain essential oils and medicinal ingredients that act directly upon the kidneys—and help restore their normal action.

# Man of Founder of New France on Visit

To the Editor of the Courier:

Sir:—Some 20 years ago I was a faithful reader of your paper and for old times' sake I intended to call on you during my visit here, but time has gone so quickly I was unable to carry out my plans.

I left Weymouth 18 years ago to go back to France, my native country from whence I had come in 1896 with my father, Mr. Emile Stehelin, who then owned and built up the property still known as New France. Circumstances did not allow me to return before to the country which I consider as my second home especially Weymouth where we had moved after the death of my mother in 1910 and where I had made many friends whom it has been a great pleasure to meet again.

Unfortunately the visitor's visa on my passport does not allow me to stay longer among my old and dear friends and this is the last lap of my journey before returning to New York where I will visit my sister, Mrs. J. McKay and her husband Capt. J. MacKay (who on the "Florence B. Edgett" sailed from several Digby County ports around 1900) before sailing on August 1st. Before coming here from New York where I landed six weeks ago, I visited my nephew, Emile (Mitte) Stehelin, Inspector of Schools for the Peace River District, Alberta, and enjoyed the glimpse I had of the Canadian North-west, when he drove me as far as the Alaska Highway.

On my way back I visited Mitte's sister who is Mother Superior of the Good Shepherd Monastery in Toronto; in Montreal I was entertained for a few days by my good friend, Miss Allison Killam of Wey-

mouth who holds a responsible position with the Canadian Industries, Ltd. In Halifax, my next stop, I visited Dr. Grace and Miss Frances Rice, other Weymouth ladies and very dear friends of mine, and my other nephews, Major Paul H. Stehelin, Regional Director of Family Allowances. From Halifax another good friend, Miss Grace Blagdon, drove me down to Weymouth with her friend, Miss Hamilton, in their car.

Though my stay in Weymouth has been very short I had the pleasure of a drive to old New France with my niece, Miss A. Marie Stehelin of Church Point, daughter of my brother, the late Major E. Stehelin. While here I am visting my dear friends, Dr. and Mrs. Fred Hogan, but have also been entertained and welcomed by a host of friends, and I would like to take this opportunity of expressing my sincere and heartfelt appreciation, through you, to all for the warmth of their welcome.

On my way to Yarmouth to take the Boston boat I will visit my nieces, Miss A. Marie Stehelin and Mrs. Walter Merritt in Church Point at their home where during the dark days of the German occupation, from my home in Paris, France I had hoped to visit again my oldest brother Major E. Stehelin.

To you, Dear Sir, and to all my good friends I will now say: au revoir but not good-bye.

Very sincerely yours,  
Simone Stehelin.  
Weymouth, July 8, 1947.

Mr. and Mrs. Launcelot Pike and two daughters, Gwenlyn and Elaine of Belmont, Mass., are visiting Mrs. Pike's parents, Mr and Mrs. Nelson Morehouse.

I constantly think of the past. Each day I remember and say How you used to do this and used to do that.

I remember your own dear way. You had a nature I couldn't help loving,

And a heart that was purer than gold, To me who knew you and loved you.

Your memory will never grow old. And so it will be all the years of my life.

At your grave my head I will bow, It's the beautiful memories you left behind

That eases my heartache now. - Sadly missed and always remembered by her daughter, Freda (Mrs. Kendrick Outhouse) Tiverton. 44:1ic

Margaret A. Johnston  
 Passed away at the home of her daughter, Mrs. Harold E. Marshall, Conway, on July 5th, Mrs. Margaret A. Johnston, at the age of 85 years.  
 Although bedridden for nine months the deceased was seriously ill for only a few days.  
 Mrs. Johnston lived most of her life in the United States, for many years residing in Illinois, Michigan and midwestern states then in Massachusetts, where she married Wm. H. Johnston, of Haverhill, who predeceased her some years ago. She was a daughter of Mr. and Mrs. James Marshall of South Range.  
 Funeral services were conducted at the North Range Baptist Church by Rev. E. C. Churchill of Digby, assisted by Lic. J. Branscombe of Barton, with interment at South Range Cemetery where prayer was offered by Rev. R. M. Johnston.  
 A firm Baptist, she possessed a genial, sunny disposition that endeared her to all.  
 She leaves to mourn a daughter, Mrs. Harold E. Marshall of Conway; one granddaughter, Mrs. C. W. Hill of Deep Brook; one sister, Mrs. J. Savary and a number of nieces and nephews in Nova Scotia and the United States.

The Church Point Red Sox avalanched the St. Bernard's nine at Church Point Sunday afternoon by a score of 19 to 0 in a friendly exhibition game. Gaudet on the mound for the Red Sox pitched the entire game, striking out 15 and allowing but three hits and hitting one batter. He showed signs of his old-time skill and pitched his first full game after being on the sidelines with a sore arm since spring.  
 LeBlanc started for St. Bernard's and pitched a good game but did not receive the support of the field. The Red Sox scored two runs in the first inning on two errors and a hit and later in the fourth, scored six more but with good support, LeBlanc would have come through the inning without a run being scored. Lapses by the outfielders in not recovering their field enabled the Red Sox to pile up runs. Belliveau replaced him in the fifth inning and in the sixth inning he was belted hard and eleven runs crossed the plate.  
 Dakin, for the Red Sox, poled a long homer with three men on in this inning.

Mr. and Mrs. John G. VanTassel of Digby recently celebrated the fiftieth anniversary of their marriage. At a family reunion held to celebrate the anniversary two generations of descendants were present.  
 Attending the reunion were four sons with their wives and families: Mr. and Mrs. David VanTassel, Saint John; Mr. and Mrs. Enos VanTassel, Digby; Mr. and Mrs. Burgess VanTassel of Digby with their two daughters, Shirley and Beverly; and Mr. and Mrs. Gerald VanTassel with three daughters, and five sons. One of the elderly couple's sons, Roy, resides in North Sydney with his wife and three children and was unable to attend the anniversary celebration.

Gombos - Andrews  
 A quiet wedding took place at Halifax June 30th, when Nellie Andrews of Halifax was married to John Gombos of Budapest, Hungary. Mr. and Mrs. Gombos will reside at Bridgetown where Mr. Gombos has bought a store. Mr. Gombos is now operating a grocery business at Halifax. Previous to that he was a contractor, also a painter and plasterer by trade.

# Admiral Digby Descendant Sends Thanks for Food Parcel

Mrs. G. W. Connell under whose convensorship members of the local Red Cross are packing boxes to be sent overseas to Sherbourne, Dorset to Mrs. Gwendolyn Digby, descendant of Admiral Digby for whom our town is named, for use in providing extra food comforts for the aged of Sherbourne, has received a letter of thanks from Mrs. Digby in response to a parcel recently sent. The letter reads as follows:

Sherborne, Castle  
Sherborne, Dorset,  
14th June, 1947.

Dear Mrs. Connell:

The really magnificent parcel arrived two days ago and as our next Old People's Tea is next week, I took the contents round

to our collecting centre, and what joy it gave! We all send you our most grateful thanks, and the story of Digby, Nova Scotia, and your kind thoughts are a delight to everyone. The parcel arrived in perfect order, being so carefully and securely packed.

You will like the news of the progress of our new Red Cross Hut. It cannot be used yet because we just cannot get furnishings! It really does seem absurd but beyond 36 chairs we just cannot find what is necessary. All this sort of equipment went to canteens and hostels on the Continent. It used to be very charming and practically furnished with Y. M. C. A. things

but they could not let us even offer to buy them. The fabric and partitions (a kitchen, a rest room and cloakroom and a separate cloakroom for gentlemen) are all in position and weather-proof.

My Commandant and family (two girls at High School and and boy at Preparatory school) are doing the cleaning down from ceiling to floor, and our Red Cross Men's Detachment are painting the inside in their leisure time—the paint has been provided by friends (actually my family have given a sum in memory of my mother who founded the Red Cross in Dorset).

For the outside painting we are appealing to the Y. M. C. A. Council as "part of the re-erection". I do not know if they will grant it.

The lovely English summer is with us. We have begun to cut the hay. It has been raining today but that will do good. Our bees have been doing well in the better conditions (last year was a dreadful bee year). I am hoping to take my husband, who is an invalid still, to Scotland early next month.

Gwendolyn Winfield Digby.

Miss Agatha Stewart graciously loaned the use of her garden for the holding of an afternoon tea on July 15th for the benefit of the "Boxes for Britain Fund" under the auspices of the Red Cross.

## Dukeshire - Brydon

A very pretty lawn wedding of widespread interest was solemnized at the United Baptist Parsonage, Bear River, Thursday evening, July 10th, when Gena M. Brydon, only daughter of Rev. and Mrs. G. D. Brydon of Bear River, became the bride of Malcolm Garfield Dukeshire, son of Mr. and Mrs. Walter Dukeshire, also of Bear River.

To the strains of Lohengrin's Wedding March, played by Mrs. Cleveland Dukeshire, the bridal party took their place under an arch trimmed with Philadelphia blossoms and fern and a unique latticework background of white crepe paper caught at the intersections with dainty nosegays of pink rose buds. This made a beautiful setting for the ceremony which was performed by Rev. G. D. Brydon, father of the bride, and was witnessed by over a hundred guests from the spacious lawn.

The bride was beautifully gowned in a floor length dress of dusty rose taffeta with sweetheart neckline. She wore a circular shoulder length veil of rose net with elbow length mitts to match and carried a bouquet of American Beauty roses.

She was attended by Miss Betty Whynot, graduate nurse of the Children's Hospital, Halifax, who was gowned in an aqua taffeta floor length dress and carried a bouquet of carnations in pastel shades.

Donald K. Brydon, brother of the bride, was best man.

An informal reception followed the ceremony, the bride and groom cutting the beautifully decorated three tier wedding cake in the traditional manner. Mrs. Brydon was gowned in

dusty rose crepe and wore a corsage of American beauty roses. Mrs. Dukeshire, mother of the groom, wore a flowered silk jersey dress with corsage of talsman roses.

Following the reception the happy couple left by motor for a honeymoon trip in different parts of the province. The bride's travelling suit was of Nile green with brown accessories.

Previous to her marriage the bride was on the office staff of the Lincoln Pulpwood Co. Bear River, and also efficient organist of the local Baptist Church. The groom served during World War

II for two years overseas with the North Nova Scotia Highlanders. Numerous and beautiful wedding gifts attested to the high esteem in which the young couple are held.

Out-of-town guests were Mrs. John Wolfe, Burlington, N. S., grandmother of the bride; Mrs. Lawrence Hubley, Toronto, Ont.; Mr. and Mrs. Joseph Potter of Somerville, Mass.; Mr. and Mrs. Harold Cleaves, Annapolis Royal, N. S.; Clyde Stevens, Saint John, N. Cat Catches  
Strange Mole

"Beauty", a lovely Maltese cat owned by Mr. and Mrs. Pat Comeau is a good mouser. Almost every day she catches either a mouse or a rat and each one of these she proudly brings home to show her owners.

Wednesday night Beauty was very excited. After Mr. and Mrs. Comeau had gone to bed she cried loudly to be admitted to the house. Not getting any response she jumped in through a window, carrying the screen with her. When Mr. Comeau got up to see what all the commotion was about he discovered she had brought in a mole.

On close observation he found it was no ordinary mole but was most peculiarly marked. Around its body it had a wide band of white fur, nearly meeting at the centre of the back. The tip of the tail was also pure white. Beauty evidently knew this was no ordinary mole she had captured for she was most excited and wanted to show off her prize. Mr. Comeau is wondering if this mole was a cross with a pet white mouse or just peculiarity of nature.

Sloop "Squall"  
Reaches Portland

Word has been received of the safe arrival in Portland, Maine, of the sloop "Squall" after a 400 mile trip from Digby, N. S. The two man crew of the 21 foot sloop were her owner, Arthur Weyhe, and Allen Sykes, both of New York. After undergoing minor repairs she will be sailed to Westport, Conn.

According to Mr. Weyhe, who has been spending part of his vacation with his parents who have a summer home at Acacia Valley near Digby, there is no mode of transport taken comparable to the 21 foot sloop, "Squall". He and Mr. Sykes travelled to Digby by bus, train and plane, and both say they would choose a trip on the Squall to any of these.

The trip taken by the two young men who are both engineers, was four hundred miles in length. Their sloop, powered by only an outboard motor in addition to the sail, travelled across the Gulf of Maine from Digby to Grand Manan Island, inside Grand Manan Channel, and to Portland via Bar Harbour.

Despite the small size of the sloop, the two mariners said the boat took no water although heavy seas were encountered en route.

Crops Suffering From  
Damp Weather

Continuing damp weather and rain is wreaking great havoc on the crops of Digby County, it is reliably reported. Reports from the Bear River district indicate the cherry crop in that area, which is famed for its cherries, will be almost a total failure this year due to the damp, foggy weather which has prevailed for the past two weeks. Whole trees are reported to have their entire crop covered with mildew and much of the fruit is rotting.

Local raspberry growers state the raspberry crop this year will be very small due to the dampness. Early in the season the canes were reported to be well covered with berries and it was thought the crop this year would be unusually heavy but recent bad weather has changed the picture considerably.

Root crops are as yet not affected by the weather it is stated, and most farmers report these as doing well. The hay crop this year was heavy and well sufficient for the winter's needs. With the increase of mechanization on local farms, hay in this area is not in such great demand as in former years.

Lighthouse Keeper  
Burned

Albert Welch, Westport lighthouse keeper, was badly burned recently when the engine of a truck he was repairing exploded. Mr. Welch was pouring gasoline into the carburetor of a truck owned by Sydney Pugh when an explosion occurred. He was severely burned about the face and hands.

Dr. Edward Weir of Freeport called and treated the burns. Mr. Welch is now resting comfortably.

"Boxes For

A delightful Garden Tea was held at the home of Miss Agatha Stewart on Tuesday of last week when the sum of \$93.00 was raised for the benefit of the "Boxes for Britain" fund of the Digby Branch of the Canadian Red Cross Society. Tea was poured by Mrs. Weyhe and Mrs. Ellershaw. Among those serving and assisting were Mrs. G. W. Connell, Mrs. W. B. Mullen, Mrs. A. J. Dillon, Mrs. C. W. Smith, Mrs. Blanchard Mahon, Mrs. L. M. Celebrates 81st  
Birthday

Mrs. Annie Marshall of Digby, familiarly known to all her friends as "Grannie", celebrated her 81st birthday last Tuesday. Mrs. Marshall is fit and well and keeps busy about her household work. A devoted member of the Salvation Army, she is seen regularly at every service and is well known to patrons of the local theatre where she stands in the lobby with the familiar Army tambourine collecting the odd pennies for a very worthy cause.

All her many friends and relatives wish her many more happy birthdays.

Wolt Cubs Camp  
at "Beamans"

A group of tired but happy youngsters, members of the Digby Wolf Cub Pack, returned to Digby Monday morning after a week end camping trip to Beamans mountain. The youngsters were under the leadership of Harold Long.

While at camp, the youngsters ranging in ages from eight to eleven years, did all their own cooking and kitchen fatigue or KP. It was quite a sight to see the group all gathered around the cook tent busy peeling potatoes and turnips and cutting the meat for the traditional camp stew.

Several exploratory trips were taken by the lads and Mr. Long instructed them in fieldcraft, teaching them to observe signs and follow trails. Sunday evening a real old fashioned sing song was held around the blazing campfire and early Monday morning the boys took down the tents, rolled up their duffel and started the hike back home. All of them said they had enjoyed a marvellous time and all wanted to know, "When may we go again?"

This week's camping trip was taken by about half the local Wolf Cub Pack, and the balance will be taken next week end.

Associate Editor Ill

J. MacNaughton Wallis, Associate Editor of the Digby Courier, is a patient at Roseway Hospital, Shelburne. Although in poor health for some time, Mr. Wallis continued working until three weeks ago when he found it impossible to continue.

Following a medical examination he has been hospitalized at Roseway for extensive treatment.

The Courier staff and Mr. Wallis's many friends and business associates in Digby and throughout the province, join in wishing him a speedy recovery.

'Phone Officials  
Desirous Of  
Improving Service

According to Mr. J. I. Marshall, District Commercial and Traffic Superintendent of the Maritime Telephone and Telegraph Company, the telephone company are very anxious to improve the service in the Digby area. Mr. Marshall stated that, due to the change over from the old magneto system to the new battery type, there have been several difficulties arise that the company are very anxious to iron out.

Mr. Marshall tells us that many subscribers are still calling subscribers, especially on party lines, by the old numbers. He points out this is confusing to new operators who know the subscribers only by their present listing and he urges all telephone users to consult their directories so they will use the proper numbers.

Another matter that causes some difficulty is the habit of subscribers to hang up their receiver after placing a local call. This breaks the connection that must be re-established when the operator contacts the other party. It is urged that all subscribers when making calls keep their receiver down until the operator completes the call or reports the line "busy" or "no answer."

Telephone users are also urged, when placing Long Distance calls, not to hang up until the operator dismisses them and says "I will call you." Having placed a Long Distance call on which there is a delay, subscribers are asked to remain near their telephone until the call is completed.

Makes Blood  
Donation—Plays 18  
Holes Of Golf

John Rodger of Rochester, New Hampshire, evidently comes of very hardy stock. On a recent trip to Nova Scotia Mr. Lawson stopped off in Digby and made a call at the Digby General Hospital. While there he gave a blood donation, and then proceeded on to the Pines Hotel where he enjoyed a round of golf on the Pines' eighteen hole course.

Mr. Lawson said he enjoyed the golf very much. He said the blood donation given at the Digby General Hospital was his sixteenth in the last few years, given in response to call made by the Red Cross and other blood donation agencies.

On Friday Mr. and Mrs. Lawson returned to their home in Rochester after an enjoyable motor trip to Montreal, Quebec, P. E. I. and through Nova Scotia. They were accompanied on their trip to P. E. I. by Mrs. Lawson's parents, Mr. and Mrs. Albert Peters of Centreville.

Noted American  
Educator Visits Digby

Professor Godfrey Vassallo, Dean of the Physics Department of the University of Portland, Oregon, who has been visiting his niece, Mrs. Roland Crouse and Mr. Crouse, left en route to Sydney on Tuesday.

Professor Vassallo has just returned from a visit to South America where he conferred with educational authorities in the Latin-American countries. He was invited to the University of Tucuman, Buenos Aires, to meet Argentine colleagues and to exchange information with them in the field of physics and mathematics.

The invitation was extended through Dr. Carlos Alberto Alvarado, a professor of the University of Tucuman, and Director General of the Division de Paludismo y Endemias Regionales of the Departamento Nacional de Salud Publica. Professor Vassallo took with him a communication addressed to Dr. Alvarado from the Rev. Theodore Mahling, President of the University of Portland. Dr. Alvarado is the holder of an honorary degree of Doctor of Laws from the University of Portland.

While in South America Professor Vassallo studied current education methods in the teaching of physics and advocated the exchange of this information between the American Republics.

In recent years Professor Vassallo has studied closely the effects of World War II on the science of physics and especially war-induced discoveries in radar, polarized light, frequency modulation, sound on wire and tape and television.

The American Professor is also a Co-ordinator of the Civil Aeronautics Administration Training Program which, during the war, was occupied in training young men to be pilots and aviation technicians. This program continues now on a broad peacetime basis.

Accompanying the Professor on his trip through South America and to his old home in Sydney is his niece, Miss Jean Kennedy.

Heat Wave  
Strikes Digby

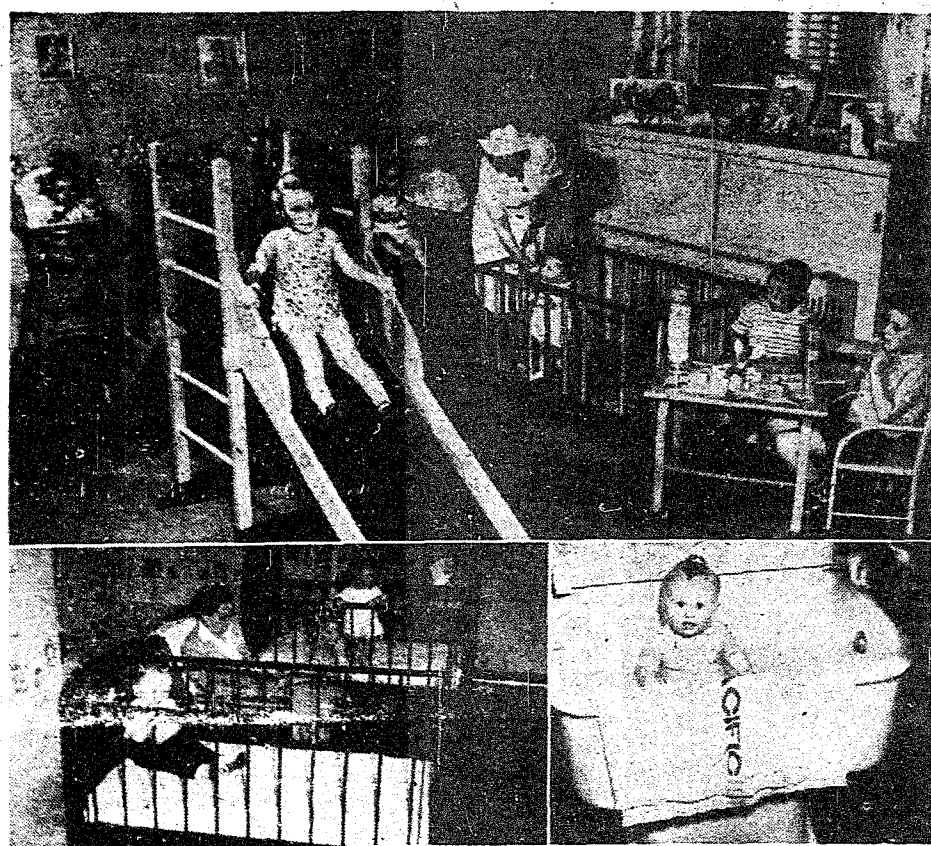

A heat wave with temperatures higher than recorded in Digby for many years has struck the town this week. Temperatures, abnormally high during the day, have failed to drop but a few points in the night hours. The high temperatures, combined with heavy humidity, are making working conditions bad and several people have become ill from the heat.

For the first time in the history of the Courier office the heat was so intense yesterday that rollers on the presses began to melt and it was necessary to stop production for several hours until the temperature dropped a little later in the day.

Howard C. Hanshaw, son, and the Misses Nellie and Winnifred Thomas, cousins of Mrs. Mary Hanshaw, are visiting at her home at Lake Midway.

Mr. and Mrs. Robert Lockhart and children of Halifax, who have been visiting Mrs. Bowman Collins, have returned home.

FOR YOUNG MOTHERS

A wait between trains in a strange city with a couple of children in tow is a prospect grim enough to appal the most competent young mother, but from now on the new three-room nursery in the Canadian Pacific Railway's Windsor Station in Montreal will give both parent and youngster a chance to rest, relax and freshen up before continuing their journey. The nursery is in charge of a trained matron, and its play-

room (top) is equipped with an indoor slide, blocks and toys with which the kiddies can be turned loose. The "quiet" room (lower left) has cots for the children to sleep in and chairs for their mothers to relax. Two diminutive tubs are provided in the bathroom (lower right) where a young lady from Northern Ontario en route to Nova Scotia, is seen bathing her 14-month-old baby boy. A hot

plate, bottle warmer and sterilizer are available for preparing milk and formulas, and the rooms are all decorated with pictures and "transfers" of animals and children. Miss Ethel Alexander, R.N., the matron-in-charge, who can be seen in the upper picture, keeps an eye on the children while mothers go about errands in the station, seeing about tickets or having a meal.

### WHAT BECAME OF A LIE

First, somebody told it, Then the room wouldn't hold it, So the busy tongues rolled it, Till they got it outside. When the crowd came across it, It never once lost it, But tossed it, and tossed it, Till it grew long and wide. From a very small lie, sir, It grew deep and high sir, Till it reached in the sky, sir, And frightened the moon; For she hid her sweet face, sir, On a veil of cloud lace, sir, At the dreadful disgrace, sir, That happened at noon.

This lie brought forth others, Dark sisters and brothers, And fathers and mothers— A terrible crew. And while headlong they hurried, The people they flurried, And troubled and worried, As lies always do.

And so, evil-bodied, This monstrous LIE goaded, Till at last it exploded, But in smoke and shame, While from mud and from mire The pieces flew higher, And hit the said liar, And killed his good name.

—S.A. Rechabite.

## MARRIAGE

Fash - Melanson

A pretty wedding was solemnized at St. Patrick's Church, Digby when Rev. Father Leo Day united in marriage Marion Elizabeth, daughter of Mr. and Mrs. Roy Melanson of Plympton, and Belbourn Edward Fash, son of the late Percy and Mrs. Fash of Bridgetown.

The bride entered the church on the arm of her brother, Paul, who gave her in marriage. She looked charming in a gown of white sheer chiffon with sweetheart neckline, shirred yoke, long sleeves and a full skirt. Her veil was caught up in a coronet of forget-me-nots. Her only ornament was a double strand of pearls, gift of the groom. She carried a bouquet of white roses and carnations. The bridesmaid, Mary Bradley, of Brantford, Ontario, wore a floor length gown of pink taffeta and carried a bouquet of pink carnations and sweet peas.

Roy Muise of the staff of the D. V. A. Hospital, Cornwallis, where both the bride and groom are employed, acted as best man.

Following the ceremony, a wedding breakfast was held at the home of the bride's parents, to some thirty guests. The toast to the bride was proposed by her father and responded to by the groom. The bride's table was attractively decorated with

bouquets of pink roses and delphiniums, lighted tapers and a three tier wedding cake. The happy couple were recipients of many lovely and useful gifts.

After the wedding breakfast the couple left on a motor trip through the province. For travelling the bride wore, a light blue two piece wool suit with blue and white accessories. They will make their home at Deep Brook.

## The SNAPSHOT GUILD

The figure of the man in the lower left sets a "scale" for this scenic shot, enabling someone viewing it to judge the size relationships of the water falls, the pool, and the rocks.

### A SCALE FOR SCENICS

SEVERAL months ago I came across two pictures which had been made of a photomicrograph of cast iron enlarged in the neighborhood of 9,000 times. One of those pictures showed just the round photomicrograph itself—as it would look to you if you peered through the eyepiece of a microscope. The other showed a man standing beside it. And here you had some conception of its size since the picture gave you a standard with which to compare the diameter of the enlargement—approximately 26 inches.

In this case the figure of the man provided a scale for judging the enlargement. A use of a figure for a similar result often adds to scenic pictures. For it gives the person viewing the snapshot a standard of measurement with which to gauge the proportions of the scene.

Take today's illustration, for example. The figure of the man in the lower left makes the entire picture more meaningful since it enables

you to judge the height of the falls, the mass of the rocks.

This does not mean, of course, that you need include a figure in every scenic shot. In many shots such a figure adds nothing. The matter is one which must be decided in terms of personal judgment and taste.

However, if you do include figures in your scenics, it is well to remember to use them wisely. A figure facing the camera, for example, competes for interest with the scene itself. It is wisest to have any figure in your scenics looking toward the center of interest in the scene.

And another point, don't have figures in scenics placed too close to the camera. Here again, your figure is likely to compete for interest with the view. A scenic shot should be just that—never a combination scenic and portrait. So use figures if you wish to do so for scale, but use them wisely for the best effects.

—John van Guilder

### Brush Fire Threatens Large Area

A brush fire on the land of Camille Gaudet of Concessions on the south side of Innocents Lake threatened to spread to adjoining woodlots Tuesday afternoon and only the hard work of a group of men from Church Point, Little Brook and Comeauville district prevented it from spreading.

Coral Gauthier of Concessions rushed to Church Point with his truck to get the fire fighting apparatus and a group of men returned with him. A group of men from Little Brook-Comeauville district also were rushed to the scene.

The area where the fire occurred was covered with old treetops and branches from last year's logging operation, covering several acres. Several thousand dollars worth of damage was done to the trees which were singed severely by the flames before the fire could be brought under control after two hours arduous fire fighting by the group.

The RCMP and firewardens were on the scene and they have started an investigation to find out who had set the fire. The owner of the woodlot was absent at the time of the fire, being at Little Brook Station.

Although the damage done to the standing trees was not large, dire consequences could have occurred if the voluntary fire fighters had not arrived on the scene when they did. Once the fire would have spread to the standing timbers, it would have been difficult to halt the conflagration.

This is just another case that proves that too much precaution cannot be taken when setting fires in the woods.

Mr. and Mrs. J. Harry Driscoll of Saint John are guests of Mr. and Mrs. L. S. Payson.

### OBITUARY

**Mrs. Maurice Lawrence**  
The death occurred on Sunday, July 13, at the Yarmouth Hospital after several months illness of Reta, wife of Maurice Lawrence of Lockeport. Besides her husband the deceased is survived by two sons, also twin daughters, born March 20; her parents, Mr. and Mrs. Calvin Ward; one brother, Murray, and one sister Miss Anna Ward of Lockeport; also two sisters, Jennie (Mrs. Clement Tanner) of Riverport and Edith (Mrs. A. Reginald Turnbull) of Digby. The deceased was employed in Digby for some time previous to her marriage.

#### Roxanna Webber

Roxanna Webber, two year old daughter of Mr. and Mrs. Emerson Webber, Westport, passed away suddenly at the home of her grandparents at Thetis Island, B. C., on Thursday, July 17th. Little Roxanna and her mother were visiting at her grandparents when she was taken ill. Word was immediately sent to her father in Westport but, upon reaching Digby, he received a telegram telling of her passing.

#### Mrs. Robert Robinson

The community of Conway in Digby County was deeply shocked on Thursday, July 17, at the death of Mrs. Ruby Robinson, wife of Robert Robinson of that place. Mrs. Robinson, who passed away while giving birth to a daughter who also died, was one of the most popular young women of the community. She was a daughter of Mr. and Mrs. William Robie Christmas of Conway and was thirty-six years of age. Besides her husband she leaves to mourn four young children, the oldest 15. They are Buddy, 7; Shirley, 11; Bobby, 14 and Sonny, 15. Five sisters and six brothers also survive.

The funeral, which was held

on Sunday, was the most largely attended of any held in the community. Over fifty cars were in attendance and many mourners were unable to get into the church, so large was the number attending. The great number of beautiful floral tributes were mute testimony of the high regard in which Mrs. Robinson was held by all who knew her.

Attending the funeral beside relatives living nearby were her brother, Leonard Christmas and his wife of Los Angeles, Calif. Mr. Christmas, who was married a short time ago, was on a honeymoon trip when word of the sad passing of his sister reached him. Accompanying him to the funeral was his sister, Mrs. Inez Bond, Los Angeles. Three other sisters, Mrs. Reginald Harrell, Detroit, Mrs. Carol Brothers of Boston and Mrs. Grace Taylor of Boston, attended the funeral. Gordon Christmas of Boston also attended the funeral.

Five runs were scored by the Tiverton team during the sixth inning in a scoring rush, but they could not continue and scored only one more run before the end of the game. Umpire was Walter Titus.

## EVERYBODY'S BUSINESS

by Don Graham

One of the small but important things that helps a man succeed is the ability to remember names.

When you call a man by his name you show an interest that strikes a responsive spark. He feels that he has registered with you and that, in your opinion, he is important. And it tends to stamp you as observant, alert and on the job.

The value of this habit in dealing with customers and people in higher positions is obvious. In fact, the principle can and should be applied to everyone we meet.

There is an almost magical difference in the effect of "Good morning!" and "Good morning, Mr. Ferris!"

Try improving your name-memory and see if it doesn't help to advance you in your career.

When you think of your future, think about Life Insurance, too. No other investment offers such an easy, systematic way to save. And the security it provides for your family brings priceless peace of mind.

These benefits are enjoyed by over four million policyholders in Canada.

Gerald Dunn arrived home the past week from New York.

A ship's compass relic of one of the famous British submarines was dedicated at the morning service in Trinity church, Sunday, July 20th, in memory of the donor's brother and his friends who were torpedoed and lost in the Mediterranean during World War II.

The compass was presented to the church by an officer of one of the cargo ships recently in port. In making the presentation the donor stated he wished to remain anonymous. The compass, beautifully polished, is set in a block of teakwood taken from the hull of a famous old British ship.

In dedicating the compass the pastor, Rev. F. B. Gaskill, said the presentation was particularly fitting. It is right and proper that we should have both the chart, the lectern Bible, and a compass for our guidance. He said the presentation of the compass was the forging of one more link connecting Trinity church with the sea.

The bell which calls worshippers to the church was presented by a British admiral — Admiral Digby — for whom the town is named and the church itself was built by one of Nova Scotia's famed shipbuilders, a shipbuilder second to none in the world. Trinity church has numbered among its members seafaring men who have achieved success and fame on the seven seas.

In closing his dedication address Mr. Gaskill stated the compass would ever remain as a silent memorial to those gallant men who had given their lives in the service of King and Country. Placed near the lectern it would ever remind worshippers that in their church would be found a chart and a compass to steer their course in the seas of life.

## "Novadoc" Hearing Opens Here

Alan Cumyn, steamship inspector of Saint John, was among the first witnesses to be heard as the formal investigation into the sinking of the steamer Novadoc, on March 3rd, 1947, got underway here before Supreme Court Justice Carroll, and a commission consisting of three assessors, Capt. Robert Goudey, of Sand Beach, Yarmouth county; Capt. Roland Forbes, Barrington, and A. S. Hall, special assessor, of Toronto.

Mr. Cumyn stated he had issued a certificate to the ship on September 27, 1946, after completing an inspection of her and after she had been found seaworthy. He stated certain repairs had been made to the ship as a result of his inspection and before the certificate had been issued. Mr. Cumyn said he had inspected life saving equipment, fire fighting equipment and boiler and engine room equipment, as well as deck conditions.

His inspection showed the Captain and watch keeping officers of the ship all had their proper licenses and that unlicen-

ed personnel of the ship was sufficient to manage her. It was not his job, he stated, to pass on the capability of the radio operator.

On being questioned Mr. Cumyn stated he had thoroughly examined the lifeboats and found them to be in proper order. He stated the boats two in number, were sufficient to take care of fifty persons. One of these was of steel construction and the other wood. He had examined the gear contained in both and it met the requirements laid down by law.

No defects were found in the steering apparatus of the ship and a certificate issued by the American Bureau of Shipping, dated May 8, 1946, showed the vessel to be in seaworthy condition so far as the hull was concerned. The Novadoc was dry-docked at Boston in April, 1946, and this certificate was issued following an inspection made at that time.

Questioned concerning the hatches and hatch coverings of the ship Mr. Cumyn said the

hatches were of 2½ inch plank- ing covered with two layers of tarpaulin. Hatch bars were held by wooden wedges driven through the planks. The No. 6 hatch had wooden strongbeams under the hatches while the others had steel. He stated he had not personally measured the height of hatch combings or ventilator pedestals. These were checked by others. He said that although the ship was not built for the North Atlantic trade she had an international load line which would permit usage in this trade. Following a considerable amount of technical detail Mr. Cumyn—in response to questioning—said he had never received any communication from the master of the ship of any unseaworthiness of the Novadoc following his inspection neither had he heard anything while making his examination concerning members of the crew leaving the ship because of alleged unseaworthiness. No report of any changes made in the ship were received following his inspection.

(Continued on Page 3)

## Crew Member Valued Life - Left Ship

Evidence given by Bruce Rice, a former crew member of the Novadoc, and the recalling of another crew member, Clifford Jones at his own request, for further statement brought to a close the formal investigation into the sinking of the Novadoc before Supreme Court Justice Carroll.

In his evidence Rice stated he had sailed on the Novadoc one trip being aboard the ship from January 15 to January 31, 1947. He stated he left the ship because he valued his life and did not feel the Novadoc was seaworthy. He said the crew were not trained and knew nothing of seamanship. The men were not made for the sea, neither was the ship, Rice stated.

During the trip he made the deck of the Novadoc was only three feet above water when she was loaded, he said. He stated he had looked over the lifeboats and in his opinion a fire axe would have been needed to get them free. The snatchhooks and patent links were all painted up and rusted. He stated he would not know how to lower a lifeboat and that no drill was ever held aboard the Novadoc while he was a member of the crew.

While the ship was in dock at Philadelphia Rice had been sent over to paint. He stated he felt the sideplates on the ship were loose since the paint along the edges was cracked. Half of the crew members were greenhorns and received little or no instruction. He said that while at Deep Brook he had assisted in fixing a leak around one of the rivets in the side of the ship below the waterline. This was fixed by flattening out the head with a chisel and maul. Rice said while this was in progress one of the ships officers had said not to hit too hard or the chisel would be left in the ship's side.

Questioned, Rice said he had never been aboard a ship as a crew member prior to or since his voyage on the Novadoc. He said he had never complained to any of the ships officers or company officials concerning the condition of the ship. He said he knew nothing of the way in which lifeboats were secured to a ship but felt it would take at least twenty minutes to ready one of those on the Novadoc for launching. This was an opinion he formed from talking to other crew members. Questioned as to the stability of the boat when loaded he said there was very little sway.

Recalled to the stand, Clifford Jones, a former crew member, who had sailed on the Novadoc on her last complete voyage, said he had found heads of two rivets in the bilges while cleaning them following a storm. He said bilge coves were all strewn about the bottom of the ship following the storm and they had been repaired as well as possible with materials aboard. Questioned, he said he didn't know if it was a practice to remove all old rivets from the bilges following replacement in repairs.

Following Jones' testimony J. T. McQuarrie, counsel for the Gypsum Company, entered the load record of the ship for the voyage during which Rice was a member of the crew. This showed the load was 3514 short tons on this trip giving the ship a freeboard of some six feet.

A list of questions which the Commission will answer from evidence produced at the hearing was read by V. J. Pottier, representing the Department of Transport. Justice Carroll then declared the enquiry closed and thanked the Department for the careful way in which they had gathered and produced the evidence. He stated he felt every effort had been made to give a complete picture of the matter down to the minutest detail.

## Druggist and Wife In- jured in Freak Accident

Mrs. C. M. Levy is a patient in the Digby General Hospital with possible internal injuries and concussion following a freak accident Monday evening when a truck loaded with pulpwood spilled its load on the hood and roof of the car driven by her husband.

The accident took place at Barton, some fifteen miles from Digby, shortly after 5:30 o'clock, Mr. and Mrs. Levy, accompanied by Mr. and Mrs. C. W. Smith and G. H. Peters, were proceeding to Yarmouth to attend a Kiwanis inter-club meeting there. At Barton the car met a truck loaded with pulpwood. This truck swerved out as it approached the Levy car to avoid a team on the road, and as it swerved the chain securing the load parted, spilling the load on the car.

The hood and roof of the car were crushed in and Mrs. Levy suffered a cut on the leg and was rendered unconscious. Mr. Levy suffered a severe gash on the left arm and Mr. Peters had his head cut, as well as being badly bruised and cut about the body. Mr. and Mrs. Smith escaped with a severe shaking up.

Rushed to the hospital it was found necessary to use several stitches to close the wound in Mr. Levy's arm and his wife was put to bed to be X-rayed later, after the shock of the accident had worn off. Mrs. Levy and her daughter, Muriel, were badly injured in a car accident some years ago.

The Levy car was badly damaged and the highway was blocked for some time until the pulpwood could be cleared from the road.

After cavorting around in the gap off from the light the big fish made their way out to the Bay of Fundy.

During the same week Mr. Wilson says he saw a huge whale come to the surface several times in the gap off the light. The huge mammal came up and spewed a high column of water into the air several times before disappearing down the bay.

## More People Taking Annuities

An increasing number of Canadian men and women are taking Annuities with the Dominion Government to provide either an immediate income or to assure independence in later years.

By this means provision may be made, at very favorable rates, for an absolutely safe income, payable by the Government every three months for life, regardless of how long a person may live. The purchaser decides the age when he or she wishes Annuity to begin. No medical examination is required.

The Government Annuities System is provided to the Canadian people at cost. The Government pays all administration expenses. It follows, therefore, that persons purchasing Annuities receive full benefit for every dollar paid in. The security which should be the first consideration in all investments, is absolutely safe—the Government and resources of Canada are solidly behind each Annuity.

Government Annuities may be purchased either outright by the payment of a lump sum or by making monthly, quarterly or annual payments. A person's present age determines the cost.

There are different kinds of Government Annuities available

on either an immediate or deferred basis. Particulars as to rates and any other information desired may be obtained by contacting the local representatives. Mr. J. L. Mercier, or Mr. F. L. Smith, whose address is 414 Bank of Nova Scotia Building, Halifax, N. S.

The Westport baseball team scored a win over the scallop fishermen (mostly Digby men) with a score of 9-7. The game was fast and four innings passed without a run on either side. Much credit was due the Scallop fishermen as this was their first game of the year and had no practise.

Two other games were also played, one on the Westport diamond on Tuesday afternoon and one on the Tiverton diamond Friday.

The game on Tuesday afternoon with Tiverton was very close throughout the entire nine innings and ended with a score of 7-6 in favor of Tiverton. On Friday, Westport won with a score of 10-7.

Mr and Mrs Thomas Deveau and family spent Sunday in Liverpool.

A. P. Hornstein, meteorologist in charge Dominion Weather Office in Halifax, stated no storm warnings had been issued from the office on March 1st, the day the Novadoc sailed from Deep Brook for Staten Island, N. Y., and the weather at the time she sailed was clear. A storm was, however, centred off Cape Hatteras, some 800 nautical miles from Deep Brook. He said first warnings of the storm in which the Novadoc foundered were given at 11:00 a.m. March 2nd, with further warnings later in the day. These warnings were issued by radio and radio telegraph by the Department of Transport for ships at sea.

T. O. Hansen marine engineer and classification surveyor of New York stated he had endorsed the load line certificate of the Novadoc on September 21, 1946, and found her hatch covers, lashing, guard rails and other equipment in proper order. He stated he did not check to see if pumps were working as this was not his responsibility. He did, however, check sounding pipes to bilges, and they were clear.

Ira C. McEwen, traffic manager of the Patterson Steamship Company, owners of the Novadoc, stated his company had purchased the ship from the Newfoundland Railway in May, 1946, and following her purchase she had been thoroughly overhauled and repaired at the Boston dry dock. \$11,000 had been spent on the ship at this time and she was in perfect condition following her overhauling, he stated. Three former crew members of the private steamer Novadoc, who sailed on the ship on her last trip prior to her fatal voyage testified at the investigation being conducted by Supreme Court Justice Carroll into the sinking of the ship.

According to testimony by the men: R. L. Miller, Windsor; Blanchard Clark, Newport Landing, and Clifford Jones, North Alton,

10 lifeboat drills had been held aboard the Novadoc while they were members of the crew nor had they been given any instructions as to how the lifeboats were to be lowered in the event of an emergency. Miller was on the Novadoc some four months while the other two had about a month's service each. Clifford Jones testified that on the second trip previous to the fatal one a wooden strongback on one of the hatches had been broken while the ship lay in Annapolis Basin, and this had been spliced by spiking plank to it. The ship had made a round trip with this strongback in this condition, he stated, and he did not know whether this had been remedied when the ship made her final voyage.

On being questioned, R. L. Miller stated he knew of no leaks in the Novadoc nor had he heard of any rivets being sprung. All three former crew members stated the crew's quarters in the ship were not of the best but were crowded and dirty. One stated much of the dirt was the crew's own fault. Miller said he left the ship because he wanted a vacation and not because he was afraid of the ship. Clark said his reason for leaving was the poor living quarters while Jones said he planned to go on the road with a travelling show at the time he left the Novadoc.

Ira McEwen traffic manager of the Patterson Steamships, Ltd., owners of the Novadoc, in continuing his testimony stated there

had never been any complaints from the charterers of the vessel concerning the conduct of the captain or officers. He said he was personally acquainted with Capt Vallas, master of the Novadoc, and considered him one of the best in the service. The Novadoc he stated, was far superior to any canal type ship in the Patterson fleet. She had been built in 1924 in England and was originally intended to have been extended in length but this was never done. The ship, therefore, he said, had structural strength comparable to a much longer vessel of the type.

Questioned, Mr. McEwen stated he had received no complaints from the master or officers of the ship regarding the seaworthi-

ness of the ship or complaints regarding overloading.

The vessel he said, was equipped with radio telephone and wireless telegraphy sets. A radio phone set had been installed and the wireless set left on the ship although she possessed an exemption certificate covering this. No wireless operator was aboard on the fatal voyage but Mr. McEwen stated he knew the mate could operate this. Radio-telephone messages were received from the Novadoc on the morning of March 3rd, the day the ship disappeared asking that a coast guard vessel stand by until she made port. The message said a hatch had been stove in and the vessel was making water. She (Please turn to page 6)

Rev. Mr. Gesner was the officiating clergyman. ### In Memoriam

IN MEMORIAM—In loving memory of our dear son and brother, Sgt. Richard Hartney Ellis, who was killed in action in Sicily, August 2nd, 1943:

Beyond the turn, Where the roadway winds, Thro' the mist of the far-away, The sun still shines, a ray of hope Behind the clouds of grey. And through the misty shadows Where the light seems lost from view,

The smiling face of him we love, Will greet us as we pass through. It's a tribute of love and remembrance, Of a son who was one of the best. The joys that he missed in life's highways, May he find in God's Garden of Rest.

—Lovingly remembered by Father and Mother, Mr. and Mrs. John Ellis, and Family 46:11

## Novadoc Hearing

(Continued from Page 3)

as at that time running before the wind. This was the last message ever received from the ship.

Questioned, he said his company was responsible for the seaworthiness of the ship. He had received no complaints in March that the Novadoc was unseaworthy as regards hull or machinery but reports from former crew members to him indicated she was in excellent condition. He had no complaints regarding lack of life saving equipment. When the vessel was purchased she had had life saving equipment for thirty-eight and new gear was supplied in addition to that on

board. He said he did not think there were any lifeboats aboard. When the boat was purchased she had been completely water-tight and rivets were hammer tested in a three day inspection.

Mr. McEwen said his company paid no cargo bonus to the captain. He said the crew turnover in the Novadoc had been less than in other ships. On being questioned he said sixteen of the crew of the ship on her fatal voyage had been aboard less than sixty days and of these fourteen less than thirty days. Lifeboat drills were left to the discretion of the master.

James Bight, superintendent of the Canadian Gypsum Company, said all gypsum ships were loaded as required by the master, below

the load line. All loading superintendents had standing instructions as to what the load line showed the Novadoc carried 1,000 short tons of gypsum on her last voyage.

Alan Cunyn, steamship inspector, recalled, stated that long tons was the full dead weight tonnage of the Novadoc for the winter load line. This included cargo, unskers, water, crew and stores. Percy Durling, loading superintendent at Deep Brook, where the steamer Novadoc was loaded for her last voyage said the load line was about an inch above water when the vessel cleared the night of March 1st. He said the captain was the final authority as regarded the cargo.

Questioned as to a broken strongback, Mr. Durling said he had no knowledge of this but the mate had ordered a piece of 8x8 timber when the ship made port and this had been put aboard same two hours later. He said he had never heard complaints regarding a gypsum cargo shifting aboard ship. He said the Novadoc had no list when she left Deep Brook. A plumb bob had been used when she was loaded and she was on an even keel. He had heard no complaints from the men regarding the seaworthiness of the vessel. He had occasionally secured men for the Novadoc but got none for her mouth on August 4th.

last trip. All new crew members for this voyage were signed on by the mate. Questioned as to new turnover he said more men had left the Novadoc during February than before.

Florence LeBlanc, Berwick, is visiting Mr. and Mrs. Arnold Trask.

John Teed, who has been visiting his sister, Mrs. George Bayne, and Mr. Bayne, Culloden, has returned to his home in Grand Manan. This was Mr. Teed's first visit home in 32 years.

Jeannette Wilson daughter of Mr. and Mrs. Frank Wilson, Pt. Prim, is spending her vacation here and will return to resume her studies at the Children's Hospital, Halifax, this being her last year before graduation.

Mr. and Mrs. Burton Ellis and daughter, Audrey, are leaving Saturday on a motor trip to Concord and Lynn, Mass., where they will visit relatives and friends. Miss Nancy Ellis, who has been visiting her cousin in Concord, for the past two weeks, will return with her parents.

For real entertainment attend the Fishermen's Festival at Yarmouth but got none for her mouth on August 4th.

But to really take the stage and hold it—to cut a dashing figure in the smartest of smart company—people everywhere are setting their sights on this bold beauty here.

It is without question the most exciting version of Canada's most wanted car.

It's wanted for the freedom one feels when its handy control swings back the top—and the sky becomes your roof and the birds your travel mates.

It's wanted for the lift and surge of its satiny straight-eight Fireball power plant,

master of every grade and hill, monarch of the farthest horizon.

It's wanted for bigness, and the deep comfort of low-set, cushiony seats—wanted for the floating ease of soft all-coil springing, and the sure-footed stride of a car that's big enough and brawny enough for its job.

It's wanted for styling that already has set the pattern for years to come—it's wanted for fun, for adventure, and for year-round, all-round full family use.

So many people want Buick, and only Buick, that the demand continues far ahead of our ability to deliver. But this big brawny beauty deserves your last ounce of patience... so while you wait, depend on your Buick Dealer's expert service to keep your present car on the road.

Mrs. Garfield Dukeshire played the wedding music and during the signing of the register Mrs. Cleveland Dukeshire sang "I'll Walk Beside You". The bride entered the church on the arm of her father, wearing a gown of white slipper satin on princess lines, with a fingertip veil. She carried a cascade bouquet of American Beauty roses with trailing white streamers, caught up with tiny rosebuds. Mrs. L. G. Hubley was her sister's matron of honor with Miss Alice Alcorn as bridesmaid, in

The Quality Tea "SALADA" ORANGE PEKOE

From very near... and far away... come words of praise FOR CHEVROLET

WHEN people are pleased it's natural for them to say "thank-you". But never, apparently, have any car owners been so pleased as those lucky enough to own a 1947 Chevrolet. Their enthusiastic "thank-you" letters stream in from every nook and cranny of the Dominion—from fleet operators and businessmen, from purchasers in every trade and occupation. And each letter says in a different way—"I know now from experience that Chevrolet's proud boast is true—only Chevrolet offers Big Car Quality at Low Cost!"

The growing demand for the New Chevrolet is setting an all-time record. We cannot hope for many months to fill all the orders pouring in. If you are among the many who are set your sights on Chevrolet's Big Car Quality at Low Cost, we suggest that while you wait, you rely on your Chevrolet Dealer's service to keep your present car running smoothly and safely.

# Hugh Dickie Opens a New Children's Wear Store

July 31, 1947

THE DIGBY COURIER

A new addition to the business life of Digby comes into being this week with the opening of a new children's wear store by Hugh Dickie, in the building formerly occupied by the Canadian Pacific Telegraphs. Mr. Dickie's new store will be operated under the name of Hugh's Store, Ltd., and will carry a full line of children's wear from baby age to and including teen age.

A complete renovation of the building to be occupied by the Tots' and Teeners' Store was carried out in preparation for Mr. Dickie's occupancy. The floor has been lowered to street level and concreted, so that now it is possible to walk into the building direct from the street. The front of the store has been completely remodelled. This permits the use of much larger and more commodious show windows than formerly so that goods may be advantageously displayed to the public. The front has been redecorated in a pleasing canary yellow and bears the legend "Tots' and Teeners'" and "Hugh's Store Ltd." over the entrance in script lettering.

Not only has the outside been greatly improved but the interior has been completely renovated. All of the former fixtures and finishing have been removed and the entire interior redone. The walls are panelled from floor to ceiling in cedar with a natural finish. This not only presents a most pleasing appearance but, from the nature of the material used, acts as a deterrent to moths. Large open display cabinets line the walls and these are also faced with cedar panelling in natural finish. These large cabinets permit the display of goods to their full advantage. The building is lighted with modernistic fluorescent lighting of the "daylight" type.

The store is complete with commodious fitting rooms, office and store rooms. The fitting rooms and office have been decorated in cream which gives them a clean, light and airy appearance.

A full line of children's wear will be carried by Hugh's Store Ltd. to take care of the needs of children from baby age to and including teen age. Mr. Dickie has secured the exclusive agency in Digby for the world famous "Goosey-Gander" line of children's wear. This line, which includes clothing of all kinds for children, is known for its excellent quality throughout the world.

Mrs. W.C. Whipple, who has been visiting her sister, Mrs. E. P. Gilliat, Warwick St., has returned to her home in Saint John.

## ROYAL AIR FORCE SQUADRON AT C. N. EXHIBITION

Making its only Canadian appearance, Britain's famous R. A. F. "dambuster" squadron will make two half-hour appearances over the Canadian National Exhibition. Elwood Hughes, general manager of the C. N. E. announced today.

Mr. Hughes said that negotiations have been under way for some time to have the squadron appear at the C. N. E. but final confirmation has only just been received through the co-operation of the R.C.A.F. The squadron formerly commanded by the late Wing Commander Guy Gibson, V.C., carried out the daring raids on the Moehne and Eder dams in the Rhur valley.

Flying 16 Lincolns - the mightiest of Britain's bombers - "dambusters" will demonstrate formation flying and other manoeuvres over the C. N. E. on the afternoons of Tuesday and Thursday, September 2nd, and 4th. The 70 officers and 150 airmen making up the flight will be entertained by C.N.E. directors on Sept. 33 and their planes will be based at Trenton airport between appearances over the Exhibition.

The squadron will fly to Toronto from Washington where it will be temporarily based during a goodwill tour of the United States.

## Father and Sister Meet After 52 Years

Although he had not seen her since she was an eight-year-old, John Eldridge Amero, employed by The Pas Lumber Co., recognized the grey-haired woman who stepped from a recent train, as his sister. They have been separated by half of Canada for 53 years, since Mr. Amero, now 71 years of age, left his home in Digby. His sister is Mrs. Isabel Melanson, of Doucetteville.

## Judy's Duck Is Dead

There is great sorrow in the home of Mr. and Mrs. Bob Robinson today for their little daughter Judy's pet duck is dead.

The duck, which was first of all called Donald, until he laid an egg, took sick about a week ago, and although everything was done to save it, it died Monday.

A great many people in Digby will miss the duck for it was a familiar sight as it followed Judy around the yard and sometimes along the street, quacking merrily.

## Hold Birthday Party for Dog

Little Lila Jean MacDonald's dog, "Honey" was one year old Tuesday. In honour of its birthday Lila Jean had a party. Five of her young friends were invited and each brought a decorated bone for "Honey", a lovely cocker spaniel.

On the table at the party was a cake, decorated with one candle in honour of "Honey's" one year of life. While Honey enjoyed the bones brought by his mistress's friends they sat round the table and ate his birthday cake and drank soda pop.

Lila Jean is eight years old and is the daughter of Mr. and Mrs. J. G. MacDonald.

1.—BE ALERT for any symptoms of the common cold, fever, headache, upset stomach, constipation or diarrhea, nausea, stiff neck or back, aching arms or legs.

2.—SUDDEN CHILLING of the body is dangerous at this season when heat and weariness invite a plunge in the sea or lake. Don't take any chances with chilled or polluted water.

3.—AVOID over-exhaustion and extreme fatigue. The person who is exhausted is very susceptible to many ills which one fresh and rested can throw off. Keep resistance strong.

4.—AVOID contact of children with large groups. Children should be kept away from large assemblies such as theatres or where large groups of people are found.

5.—KEEP CLEAN and make sure your food, water and milk are fresh and clean. Do not eat fresh fruit or vegetables direct from the store stand. Pare for precaution.

6.—KEEP the home sanitary. Don't let your garbage accumulate. Get rid of flies and mosquitoes and remove their source of breeding in your neighborhood.

## Town To Go On Standard Time Aug. 30

### Fire Company Asks for New Pumper

A delegation from the Digby Volunteer Fire Company appeared before the Town Council at their regular monthly meeting Monday night asking the town to provide the Company with a new fire pumper.

Spokesman for the delegation, which included Fire Chief Humphrey and Ted Sanford, was Joe Hattie. Mr. Hattie said the present pumper, in the opinion of the company, was not adequate. Since its purchase, some 12 years ago, the town has grown and extended so that a further pumper is badly needed, Mr. Hattie said. Estimated cost of the new machine complete with fittings would be in the vicinity of \$3,000, he said.

Council decided to leave the matter in the hands of the Fire Committee with the suggestion that the possibility of securing a trailer pumper and equipment truck be discussed with the fire company.

A petition asking the council to revert to standard time for the Town of Digby and signed by some 250 employees of local fish firms and the C.P.R. Wharf was read at the meeting. It was decided to advance the date for returning to Standard time from September 28th, to August 30th.

The town originally went on Daylight time in response to a petition signed by some 150 storekeepers, clerks and representatives of business houses.

Considerable discussion was had concerning the condition of the town water supply and surprise was expressed that the supply could be contaminated considering a chlorination plant was in operation on the line. It was decided to have the provincial Sanitary Engineer come to Digby to make a survey of the water situation.

A letter from the Canadian National Railway Tax Department asking for a rebate on 1947 taxes on the C. N. Telegraphs office which was closed late in May was read. Council decided to refuse this since no provisions for such rebate were included in the Assessment Act.

Action of the Police Committee in securing the services of E. C. Ineson as night policeman was gratified by the council. Mr. Ineson was stationed in Digby during the war years with the Navy Patrol.

### Local and Personal

J. J. Wallis and Mrs. J. M. Wallis were week end visitors to Shelburne.

Mrs. Jessie Frude and her daughter, Greta, have gone to Halifax for a few days.

Members of the Sea Cadet corps left this week for the annual Sea Cadet camp at Herman's Island.

J. G. Sullivan, of Penn's Grove, N. J., arrived Tuesday to spend a few days at his old home in Freeport.

Mr. and Mrs. Dwight Sabean and Miss Bettie Harris, of Yarmouth, were week end guests of Mrs. Sabean's mother, Mrs. John Morgan, in Bear River.

There will be a special meeting of the Ladies' Hospital Aid tonight, at the Court House, at 8:00 o'clock. All committee members are especially asked to be present.

Lieut. and Mrs. Mayne and daughter, Norah, and friend Margaret Patterson, of Dartmouth, were guests over the week end at the home of Mr. and Mrs. Enos VanTassel.

Mr. and Mrs. Glen McNutt and family have returned to Dorchester, Mass., after spending the past two weeks with the former's parents, Mr. and Mrs. G. R. McNutt.

Major and Mrs. Watkins, of Halifax, were week end guests of Mrs. Gertrude Petrie, Joggins Bridge. Mr. and Mrs. R. Jackell, of New York, were recent guests at the same home.

Mr. and Mrs. Arthur Vaughn and Elaine and Lorraine Comeau, of Lynn, Mass., who are spending the summer at Lake Jessie, Yarmouth county, were visitors in town last week at the home of Mr. and Mrs. Enos VanTassel. They also visited Mrs. Vaughn's mother, Mrs. Catherine Rogers.

Twelve out of thirteen of the Grade XII class at the Digby Academy were successful in securing passes in the Provincial Examinations, it was learned yesterday. The marks obtained by the Digby students were excellent and reflected great credit on their teachers.

Mrs. Stanley McCormick and daughter, Miss Phyllis McCormick, of Rowley, Mass., have been the guests of Mr. and Mrs. Earl McCormick, in Bear River, for the past three weeks. While there they have visited many relatives and friends in that town and vicinity. Mrs. McCormick left for her home on Tuesday but Miss Phyllis will remain for two more weeks.

### Water Shortage Severe

Many residents of Digby were without water Tuesday as a severe water shortage hit the town. A government dredge which plans to do some two months dredging in the harbour is without water as is also the S. S. Burnhope, in harbor to load a cargo of pitprops.

Efforts of the Water Committee were successful Tuesday afternoon in making arrangements to have the ships watered from the former Naval Base Cornwallis. Plans are to cut down the main flow of water into the town during the night so that the reservoir can be filled during the night hours.

It is understood the water supply at the lake is adequate but heavy usage in the town prevents the filling of the reservoir which acts as a reserve supply. As a result of this, pressure in the mains is insufficient to supply water to users in the upper reaches of the town.

Every effort is being made by town officials to remedy the situation and all water users have been cautioned to use water sparingly. A request to have a government engineer come to Digby to survey the water line has been made and it is hoped he will arrive within a few days.

### A LETTER TO BALL FANS

Dear Mr. Editor:

The Digby Ravens Ball team because of the fact they won first place in the Annapolis Valley West Baseball league secured the right to have the first game of the playoffs in Digby. The first playoff game was between Bear River and Digby in Digby. This game was won by Bear River with a score of 5-0.

The following two games of the playoffs with Bear River were won by Digby with scores 10-8 and 4-2. The next game of the playoff series was to have been between Annapolis and Digby in Digby, on Monday, August 4th. This, however, being Natal Day in Annapolis it was agreed by the Digby team to play in Annapolis at 5 p.m., Atlantic Standard Time.

The Annapolis team wanted to have the game at 2 p.m. but, it not being a holiday in Digby on Monday, it was impossible for many of the Digby players to get away. It was therefore decided to call the Monday game off altogether and play in Digby on Wednesday evening. The team from Meteghan filled in at Annapolis for an afternoon game with Annapolis on Monday.

When the captain of the Digby team went to Annapolis Monday afternoon to arrange for umpires and other details for the Wednesday game he was given a very rough handling by both fans, ball players and the official announcer of the games in progress there. Insults were heaped upon him and the captain of the Annapolis team, a professional man, deliberately, and for the benefit of the large audience assembled went out of his way to offer insults to the Digby team.

While such actions will in no wise effect the playing out of the remainder of the playoffs, this deliberate insult to the Digby team who throughout the league have shown fine sportsmanship is deeply felt and does much to lower the Annapolis team in the eyes of sports fans not only in Digby but in the whole league area.

Mrs. Dick Sabine and Gayland returned Saturday from visiting Mr. and Mrs. G. R. Pierce, in Shelburne, and Mrs. Sabine's mother, Mrs. Howard Eaton, in Berwick.

Mrs. G. E. Frame and children, of Jamaica Plain, Mass., were week end visitors of her sister, Mrs. Winston Mullen, en route to her former home in Minasville.

### 128 ft. Douglas Fir Lands in Digby

The huge British Columbia Douglas fir which is destined to become a flag pole in the city of Halifax and which has been in transit across the dominion aboard three flat cars of the Canadian Pacific Railway, arrived in Digby Friday aboard a huge scow from Saint John.

The lengthy pole, one of the largest ever to be transported across the dominion by rail left Saint John aboard the scow under tow by the tug Ocean Rick-swift at 9:00 Friday morning, arriving in Digby at 2:30 that afternoon. On arrival at the C.P.R. wharf she was taken off the scow and dropped into the water. From there it was towed to shore and up on the beach by a huge tractor.

The job of getting the 128-foot stick from the scow and onto three flat cars of the Dominion Atlantic Railway was under the direction of Bill MacKay, Divisional Engineer of the D.A.R. The operation was carried out with skill and despatch by a thirty man crew. Several members of the crew showed the skill of experienced log rollers as they clambered out on the huge stick as she lay in the water to make fast the towing lines.

After the pole had been hauled up to the railway siding it was loaded aboard the three flat cars needed to carry it with the aid of the strong backs of the work crew and some assistance from a bulldozer. It was estimated the huge stick, which left Digby by rail Friday would arrive in Halifax Monday.

The gift of this tall, straight as a die Douglas fir came about through a meeting between W. M. Neil, C. B. E., chairman and President of the Canadian Pacific Railway and Mayor J. E. Ahern, when the former, with several directors and an official party paid a formal call upon Mayor Ahern in Nova Scotia's capital. Brought from its native hillside in North Vancouver, the primeval giant of the British Columbia forest will stand as an inert ambassador of goodwill from the western shores of Canada to the people of Halifax, where it will stand as a civic flagpole on the Parade Ground at City Hall.

An official presentation by high officials of the Canadian Pacific is planned for the time when the huge timber is ready for erection in Halifax.

### Town Water Contaminated

A further report has been received by Medical Health Officer, Dr. E. D. Dickie, from the Department of Public Health, in Halifax, stating serious contamination exists in the Town of Digby water supply.

All residents of the town have been warned that town water must all be boiled before being used for drinking purposes. During the present period of shortage residents have also been asked to curtail the use of water as much as possible in order to conserve the supply.

### Youngster Hurt In Car-Bicycle Crash

Vernon Bent, jr., son of Mr. and Mrs. Vernon L. Bent, suffered a bad head cut Saturday afternoon when his bicycle crashed into a car driven by Geo. Tripp. Young Bent was coming down the hill on Mount street and failed to stop when making the turn on to Water street. Mr. Tripp made every effort to avoid the youngster but he crashed into the side of the car. The bicycle was badly damaged and the car had a broken window and headlight.

P. M. Thibault has been a recent visitor in Halifax.

## 130th Anniversary Rossway Church

All Saints Church Rossway celebrated the 130th anniversary of its consecration on Sunday afternoon with a special service of evensong conducted by the Rector, Rev. F. B. Gaskill.

Isaiah Wilson in his history of Digby notes that the church at Rossway was the "first place of worship on Digby Neck. It was built in 1817. Dean Bullock was Rector." The second church building on the Neck was at Westport and Dean Bullock was again instrumental in the building of a house of God.

The church at Rossway has seen some very famous men preach the Gospel and administer the Sacraments within its precincts. The late Archbishop of the Diocese of Nova Scotia, Archbishop MacKenzie served at Rossway as a Divinity Student. Later he came back to Rossway as Dean Bullock was again in-charge. The famous modernist rector of St. Bartholomew's church, Park Ave. N. Y., the late Dr. Norwood, began his ministry by Lay Reading at All Saints, Rossway.

Dean Bullock, the man under whose inspiration and direction the church at Rossway was built, was also a noted cleric. It was he who wrote the well known hymn "We love the place O God, Wherein Thy honour dwells." It may well have been that Dean Bullock was thinking of the little church at Rossway when he penned those famous lines.

The front in All Saints was placed in the church in memory of the Rev. William Driffield, for so many years Rector of the Parish of Digby and who ministered to the people at Rossway. The beautiful oak altar was placed in the church several years ago in memory of the Budd family, loyal parishioners. The prayer desk, altar rails and lectern were also memorial gifts.

## Two-Year-Old Has Narrow Escape

Little Winifred Milbury, two-year-old daughter of Mr. and Mrs. Ellsworth Milbury, Mount Pleasant, had a close brush with death Tuesday afternoon when she fell into the well while playing in the yard near her home. Her plight was noticed by her five-year-old brother, Glendon, who ran to the nearby farm of Joseph Jefferson for help. When Mr. Jefferson got to the Milbury home he found the little girl clinging to a water pipe in the well. He secured a ladder and got her out. Dr. McCleave was called and within a short time the little girl was feeling fit again.

The well in which she fell is eleven feet deep with a water depth of nearly five feet. Only her presence of mind in grasping the pipe saved her from drowning. She was blue with cold when rescued but still had a firm grip on the pipe.

## Soldiers' Bodies Shipped to the U. S.

American authorities arrived in Westport on Wednesday of last week to transfer two American soldiers' bodies from the cemetery. They had been washed up by the sea about five years ago. The identity of one was Sgt. William Strenth, and an attractive white cross had been placed at the head of his lot by Murray Pugh. These soldiers had been given burial at the expense of the community.

These bodies will be transferred to Halifax and on to Newfoundland. From there a boat load of soldiers' bodies from all parts of Canada, Iceland, Newfoundland, etc., will be shipped to New York, and on to the families of the deceased, if known; if not, to Washington for interment.

Rev. and Mrs. George Ambrose, Halifax, visited friends in Digby while on their way to Yarmouth, where Mr. Ambrose preached the anniversary sermon at Holy Trinity church.

## About This and That

### PROGRAMMES WE DISLIKE

The other day while idly turning the dial on the radio we came across a regular series of the well known "soap operas". What horrible things these are! How they come to be classed as entertainment is beyond our comprehension.

Most of these programs are of fifteen minutes duration, about eight minutes of this time is taken up by the announcer to explain the superlative qualities of the particular brand of soap powder, flakes or cakes the program is promoting. Whatever it is, it is the absolute ultimate in the soap makers art no effort is needed to get clothing, woodwork, floors or anything else clean if you only use that particular brand of soap. It is strange however that, when the program changes sponsors the same announcer says the same things about a different brand of soap which, the chances are, is made by the same manufacturer.

The subject matter of the programs is, however, the main reason for dislike and disgust for the "soap opera" radio shows. Why it is that none of the families described in these programs seem to live normal lives? Properly portrayed their lives would be normal, every-day ones but on the soap operas every little domestic difficulty encountered is magnified into a major emotional crisis. If hubby does not arrive home at the moment expected he has probably become involved with a gang of international cut throats whose only desire is to upset the happy home of Mr. and Mrs. S. P. Opera. Nothing that happens on these programs is accepted as normal procedure but every little move has a deep, dark emotional background.

One of the most disgusting heard while dial turning the other day was a program dealing with the adventures of a dress shop owner and her teen-age daughter. The youngster had, according to the program, fallen in love with her mother's admirer. His failure to respond brought about a mental breakdown on the young girl's part. During the program the listener is entertained (?) by ghostly voices and peculiar noises supposedly heard mentally by the young lady while in her upset mental state. The mother, although in the program exceedingly clever, must be mentally affected because, although advised by the girl's doctor to take her to a psychologist she decides there is nothing wrong with the child that love and continued contact with the supposed cause of the trouble, her admirer, will not cure. From the actions of the youngsters as portrayed in the program anyone would know she was either crazy or needed a darn good tanning.

What the effect of these soap opera programs is on the emotionally inclined listener is hard to estimate. It would seem however that it must be upsetting to listen day after day to the deliberate and calculated soul bearing and emotion displaying efforts of these programs. Some survey stated women like to listen to these programs during the day because "the voice in the house" was company. Surely it would be a lot more company if for a change the voice in the house portrayed happiness and normal behaviour rather than the perversions, mental, moral and emotional upsets depicted by these programs that clutter the air during the day.

To the sponsors of these programs we say that we shall continue to use their product without the coercion or the exaggerated claims put forth by the announcers on their radio programs to which we hope never again to listen. We should, however, use their products with much better grace if it were not for the thought that thousands of housewives throughout the country are courting mental and emotional disaster by having their hearts and souls rent day after day by the terrible and dreadful things that are happening to the stars of their favorite soap opera.

Those who have driven Pontiac for years . . . and they are legion . . . tell us what their experience has told them . . . that the 1947 Pontiac is truly the finest of the famous Silver Streaks. Those who have never driven Pontiac before, express the jubilant, unqualified delight of people who have at last found what they have long sought — plus value in the low-price field.

To us, these letters are a constant source of satisfaction. The pride of ownership revealed in every word is only equalled by our pride in producing the 1947 Pontiac — a fine car made finer.

The stack of orders piled up for the new Pontiac are gratifying testimonials to the quality and beauty of this finest of the famous Silver Streaks. Unfortunately, so many orders also mean that many who choose Pontiac must wait. So if your car-wise head and heart say "Pontiac" . . . your present car will give you better, safer service while you wait if you have it serviced by your Pontiac dealer.

#### CHURCH POINT SUFFERS DEFEAT

In what proved to be the most thrilling game of the season was won by Amiraull's Hill against the Church Point Red Sox here Sunday afternoon by a 10-9 score. Leading 10-5 in the first half of the ninth, the Amiraull's Hill team seemed to have a substantial lead, but with three men on bases P. Melanson of the Red Sox poled a long homer to clean the pathways and bringing his teammates within one lone run of tying the score. Moulaison, on the mound for Amiraull's Hill retired the side before the tying run could cross the plate. Moulaison allowed 12 hits, struck out 5 batters behind 5 errors committed by his teammates.

Gaudet started for the Red Sox, pitching seven innings, allowing 6 hits and striking out 6 and walking three batters. The six runs scored on him were all unearned. Three runs scored in the second on wild throws and three in the seventh after an error at shortstop which would have retired the side. Doucet did a good job relieving, allowing three hits, striking out two.

#### MARRIAGE

Loane - Miller

A pretty summer wedding of interest took place in the United Baptist church, Carleton, Yarmouth county, on July 24th, that of Dr. Anna Louise Miller, second daughter of Mr. and Mrs. R. D. Miller, of Carleton, and George Herbert Loane, only son of Mr. and Mrs. Walter J. Loane, of Campbellton, N. B. Rev. Geo. R. Bell, of the Temple United Baptist church, in Yarmouth, a former pastor of the Carleton church, performed the ceremony which was the double ring service. Mrs. Earl Titus, of Yarmouth, played the wedding music, and Mrs. Frank Snow, of Arlington Heights, Mass., was the soloist. The church was beautifully decorated with madonna lilies and roses.

The bride, preceded by the maid of honor and two bridesmaids, entered the church on the arm of her father, who gave her in marriage. Her gown was of white nylon taffeta, fingertip veil, and shower bouquet of roses, bouvardia and forget-me-nots. Her gown was fashioned with full skirt and slight train, inset of net at the neckline, and border of alencon lace, long sleeves, with lace insets over fin-

gers, and tiny buttons at the back and fitted waistline.

The maid of honor was Miss Gertrude Miller, sister of the bride, who wore mauve marquise over taffeta, with matching mitts, and carried a nosegay, and corresponding headdress of flowers. The bridesmaids were Miss Kaye Loane, sister of the groom, and Miss Frances Steeves, whose dresses matched the maid of honor's in yellow and green, with matching mitts and nosegays, and headdress of flowers. Robert McLaughlin, of Perth, N. B., was groomsmen, and the ushers were Bruce Miller, of Campbellton, and Walter Trask, of Carleton.

Immediately following a reception was held at the home of the bride's parents.

After a wedding trip to P. E. I., Mr. and Mrs. Loane will return to Toronto, leaving later for England for a year.

The bride is a graduate of Acadia and received her M.D., C.M., at McGill University, and for the past two years has been on the interne staff of the Women's College Hospital, Toronto. The groom is a graduate in Engineering of the University of New Brunswick and has been with C. N.T. in Toronto, as assistant plant engineer. He was awarded a Beaverbrook scholarship for a year's study at the University of London, England.

Clair Gaudet has returned after spending some time visiting in Little Brook.

## UNITED STATES CURRENCY MUST BE TURNED INTO THE BANKS

Why? because U.S. dollars spent by tourists are needed to pay for the many imported goods and services essential to keep Canadian industry at a high level of production and employment.

To ensure that U.S. dollars are made available for this purpose, the Foreign Exchange Control regulations require that merchants, hotel-keepers, service stations, and all others turn in whatever United States currency they receive to their banks.

In his own interests as well as in those of Canada, it is the obligation of every Canadian to comply with the regulations which are necessary for the orderly and proper use of our foreign exchange resources.

IF YOU REQUIRE U.S. FUNDS, APPLICATION  
CAN BE MADE AT YOUR BANK

### FOREIGN EXCHANGE CONTROL REGULATIONS IN BRIEF

1. In no case is it legal for a Canadian resident to pay out U.S. currency to anyone in exchange for Canadian currency.
2. In no case is it legal for a Canadian resident to pay out U.S. currency in change to another Canadian resident even though the latter has tendered U.S. currency in payment for a purchase.
3. No Canadian resident is permitted to retain in his possession U.S. currency in excess of \$10.00, but is required to turn in such funds to his bank for conversion into Canadian funds.
4. Merchants or others catering to the tourist trade may pay U.S. currency to non-resident tourists in change if U.S. currency is tendered for a purchase, and may retain in their possession a necessary amount of U.S. currency for this purpose.

VIOLATION OF THE REGULATIONS RENDERES THE OFFENDER  
LIABLE TO FINE AND IMPRISONMENT

ISSUED BY THE FOREIGN EXCHANGE CONTROL BOARD  
UNDER AUTHORITY OF THE GOVERNMENT OF THE DOMINION OF CANADA.

## MARRIAGE

**Specht - Dunkley**  
A wedding of interest to many was solemnized at Heartz Memorial church, Weymouth, Thursday, July 31st, when Elinor Marie Dunkley, younger daughter of Mr. and Mrs. J. W. Dunkley, Weymouth, became the bride of Lloyd George Specht, youngest son of Mr. and Mrs. A. Specht, of Barton. The ceremony was performed by Rev. A. Thorpe, pastor of the church, the double ring service being used.

To the strains of the wedding march, played by Miss Frances Lent the bride entered the church preceded by her attendants, on the arm of her father by whom she was given in marriage. She looked charming in a formal wedding gown of white satin with lace inserts, high neckline, long close fitting sleeves with shirred shoulder tops, the gown being fashioned on princess lines, with back closing. Her finger tip veil was worn with a headdress of orange blossoms and she carried an arm bouquet of pink and white gladioli and fern. Miss Ruth Lent, cousin of the bride, attended her as maid of honor, wearing a floor length gown of turquoise blue nylon taffeta, cut with sweetheart neckline, fitted bodice, cap sleeves and full skirt. Her headdress was of blue roses

with pink shoulder length veil, with which she wore long pink gloves. She carried an old-fashioned nosegay in pastel shades. Greta Taylor, small niece of the groom, was flower girl, wearing a dress of blue silk with white flower headdress and carrying a small nosegay of sweet peas and pink roses. The groom was attended by his brother, Harold Specht. The ushers were Thomas Bartlett and Stanley Hatt.

Following the ceremony a reception was held at the bride's home for about 45 guests. The bride's table was centred by a beautifully decorated three-tier wedding cake, pink and white tapers at either end and a tall vase of white hydrangea at the back. After the cutting of the cake by the bride, silver-colored good luck horse shoes, which were a part of the cake decorations and had been received from England, were tossed by the bride among the guests. Girl friends of the bride, who assisted in serving, were Geraldine Wagner, Joan Hill, Winifred Bartlett and Margaret Hatt. Other serveurs were Mrs. F. H. Lent, Mrs. R. B. Lent, Mrs. Norman Taylor and Mrs. J. Arthur Sparrow. Mrs. Wm. Lent was in charge of the gift table and guest book. William Lent, grandfather of the bride, and who was on that day celebrating

his 80th birthday, was among those present.

The happy couple left immediately following the reception on a wedding trip by motor to Cape Cod and Lynn, Mass., after which they will reside in Barton. For travelling the bride wore a grey suit with accessories of pink and brown and corsage of pink roses and fern.

Previous to her marriage the bride had been guest of honor at several showers and many useful gifts were received.

Out of town guests included Mr. and Mrs. J. Arthur Sparrow and son, Richard, of Cape Cod, Mass., and Mr. and Mrs. R. B. Lent, of Digby.

## Church Roll Call Well Attended.

Last Sunday was a great day in the United Baptist church at Clementsvalle. The annual roll call was held in the afternoon. Rev. Geo. D. Brydon, of Bear River, assisted by members of his choir were heard in great messages of gospel and song. In the evening Rev. R. Dunn, B.A., B.D., of Deep Brook, was heard in an inspiring sermon. The choir of Clementsvalle sang several selections. The Misses Margaret Simonson and Beryl Grant, vacation school teachers, were heard in two duets. Clifford Jones gave several musical selections. All these services will linger long in the hearts of all who were present.

#### FROM THE AIR

Excitement was high in Westport on Saturday afternoon, and instead of children running home for nickels for ice cream they were wanting money enough to take a sea plane trip over the Island. A sea plane landed in the Westport harbour about 12 o'clock, and before leaving had given thirty people an air view of Brier Island. Passengers also returned to Yarmouth.

The exact genus through which the dread disease polio is spread is not known, said Dr. P. S. Campbell, deputy minister of health and welfare for Nova Scotia, today as he listed several precautionary measures helpful in avoiding the disease.

While polio is prevalent he urged adults and children particularly to stay away from polio cases and areas where polio has struck. Children, he said, should be kept away from large assemblies, such as theatres and places where large groups of people may be found.

Parents, said the deputy minister, should see that their children

## Captain of "Snipe" Noted Sailor

Commander J. M. Villiers, O.B.E., R.N., captain of H. M. S. "Snipe", which is to pay a courtesy visit to Digby August 28 to September 1, served on the American and West Indies Squadron and as Sub-Lieut., and Lieut. in H. M. S. "Danae" from 1930 to 1932. He served as Squadron Signal Officer and Flag Lieutenant to Admiral Commanding Battle Cruiser Squadron from May, 1939 to May 1941. He left H. M. S. "Hood" on Admiral William Whitworth relinquishing command at Scapa Flow, immediately prior to Hood's last departure. During this time he also served in H. M. S. "Renown" during Renown's action with the Scharnhorst and Gneissau, and also in H. M. S. "Warspite" at Narvik. From May, 1941, he served on the staff of Admiral Submarines, Admiral Sir Max Horton, and in October, 1942, was appointed to the Staff of Admiral Sir Bertram Ramsey, then engaged on planning operations in North Africa, and subsequently with Admiral Ramsey when he commanded the Eastern Task Force in the invasion of Sicily. In October, 1943, he returned to England, and served as Staff Signal Officer to the Commander-in-Chief, The Nore, until August, 1945, after which he left England to take command of H. M. S. "Ursa" (destroyer) in the British Pacific Fleet, returning to England in April, 1946, to take command of H. M. S. "Snipe."

His Majesty's Ship "Snipe" is scheduled to visit Digby on August 28th and will remain until September 1st. This is part of the goodwill cruise being made by ships of H. M. Navy to Western waters.

The Snipe is a fast, long range sloop of the Royal Navy, commissioned in August, 1946, and built by Denny Brothers, Dumbarton, Scotland. She has a displacement of some 2,000 tons, length 300 feet, beam, 38 feet.

The armament of the Snipe consists of six 4-inch dual purpose guns, six 40-millimetre automatic Bofors, and depth charges. Other items include modern radar equipment, rockets and automatic gunnery control.

The complement is 169 officers and men. The captain is Commander J. M. Villiers, O.B.E., R.N.

The present H. M. S. Snipe is the sixth of the name in the Royal Navy, the first being a 12 gun brig that served in Nelson's time. The ships were named after the small marsh bird.

The Snipe is of the modified "Black Swan" class of sloops, (the U. S. N. equivalent of a sloop lies somewhere between a destroyer and a gun boat). At present the Snipe is Senior Ship of escort vessels assigned to the America and West Indies Squadron, under the command of Vice-Admiral Sir William Tennant, K.C.B.C., B.E.M., V.O.

The squadron is based at Bermuda, and the ship is manned from Devonport, England. During last winter, H. M. S. Snipe has been cruising on the west coast of South America as far south as Talara, Peru; the west coast of Central America, and the California ports of the U. S. as far north as San Francisco.

The Black Swan class of sloops did excellent work during the recent war in convoy, anti-submarine and anti-aircraft duties. Four Black Swan sloops, commanded by the late Captain Walker sank more submarines than any group of vessels in any theatre of operations in World War II.

Eight members of the 1st Digby Boy Scouts went into camp at Seven Pence a Penny Deadwater on the 28th. They were taken within half a mile of the camp, the property of the 1st Weymouth Troop, by Frank Larche's truck. There they were left with tents, blankets, pots and pans and provisions. These were carried over what used to be a trail to a camp hut. This trail has been used very little since 1939.

On arrival at the camp the boys divided into two groups and started their dinner of beefsteak and boiled potatoes. Fireplaces had to be selected with consideration of summer camping fire risks; tables quite shaky after eight years of disuse had to be repaired. Dinner over, the boys started the job of raising the tents and making beds on the ground. News went out to all the mosquitoes between Seven Pence a Penny and Little Tusk of the arrival of the boys and thus began the Battle of the Mosquitoes.

The afternoon of the second day the Scouts hit the trail and tried to find the old 1st Weymouth Trail through to the Narrows, but they were side-tracked on a property line trail and hit the Doyle Lake road. They followed this road through to the lake, where they startled a porcupine, who tumbled off a log and disappeared in the undergrowth. Before the Scouts reached camp they were drenched with a downpour of rain. But a good supper helped to make living worthwhile. That night smudge pots were brought into place in the Battle of Mosquitoes, and the clothes were dried out by means of the camp stove in the hut.

Breakfast of the third day was prepared on the camp stove. That afternoon the boys hit the trail for New France, where they heard the stories of truth and fiction about this place. They followed the Tusket Lake road to the Narrows and went for a swim on the white sand beach. That night the Scouts just didn't feel like staying awake for the Battle of Mosquitoes.

The Scouts were up as soon as the sun on the fourth day. Before the Scoutmaster was up, they had struck the tents and were partly packed for the trip home. After a big breakfast was cooked and eaten the boys put out the fire in true Scout fashion, three times, first by one of the Scouts, second by one of the leaders and third by the Scoutmaster.

The Acting Scoutmaster claims that the boys, who are all tenderfeet in their first year of Scouting, took the trails and the hardships like First Class Scouts. Scouts of this type will make the 1st Digby troop one for the town to back with pride. In the four days the boys were in camp they covered thirty miles of hard trails on meals cooked by themselves on open fires. They have already asked for more of it next year.

Mr. and Mrs. E. W. Forbes of Dartmouth renewed many acquaintances in Digby and vicinity during their stay at the Adam's Cottage in the past week. Rev. Forbes was a former pastor of the Grace United Church. Before coming to Digby, Rev. and Mrs. Forbes attended the Camp Meeting in Berwick.

## Man Victim as Horse Bolts Into Ditch

Leonard White, a well known resident of South Range, is dead of a broken neck, the result of an accident which happened about two o'clock Saturday afternoon at Hill Grove.

He had been engaged in haying for John Larche and was on his way home, driving his horse and riding a two-wheeled sulky. Near the Goudy Nichols

farm the horse commenced to act contrarily, refusing to pass a truck parked by the side of the road.

A boy, son of Mr. White, riding with him, jumped off. But Mr. White continued his efforts to get the horse under control, but in vain. The horse suddenly jumped the ditch, throwing Mr. White backwards out of his

seat. Those who saw the accident rushed to the scene but at once saw that Mr. White was dead. Dr. J. R. McCleave was called and pronounced the cause of death as a broken neck. Mr. White, who originally belonged to Yarmouth, married Miss Gertrude, daughter of Mr. and Mrs. William Maillet, of South Range, who survives him. He leaves a family of 11 children.

## 72 per cent of Auto Collisions

### Attributed to Liquor

Mr. Ray McKaig, of Boise, Idaho, on his return from a meeting of the 21-man board of governors of the Farmers' Insurance Exchange at Los Angeles, reported that automobile insurance rates will not decline but will continue to climb, because of the increasing hazards on the roads. Current records, said Mr. McKaig, show that 72 per cent of the collisions result from liquor consumed either by pedestrians or others involved in traffic accidents.—National Voice.

"At least 60 per cent of the fatally injured pedestrians were under the influence of alcohol in the 51 motor vehicle fatalities investigated during 1945 by the St. Louis County Medico-Legal Department, according to a report of the department released recently by its director, Dr. Herbert S. He is married and has a mother who loves him. Not a criminal by natural impulse, his life is ruined and only because he learned to drink.

## Narrow Escape From Asphyxiation

What would have been a sorrowful ending to an enjoyable day nearly happened at St. Alphonse at midnight on Monday, August 4, when Mr. and Mrs. George Burgoyne and daughter, Daisy of Riverdale were returning to their home from attending the Fishermen's Festival at Yarmouth. Daisy, who was sitting in the rear seat of the car alone, was overcome by poisonous fumes that were filling the car in spite of a partly open window.

She spoke of feeling queer, then collapsed. Her father carried her out into the air and they were taken in by a kind family living nearby. It was quite a few minutes before she fully regained consciousness.

## OBITUARY

Loran N. Lewis

The death of Loran Newton Lewis took place at his home in Danvers, Digby County, on August 6th. He had been in failing health for several months.

Although his death was not unexpected it came as a shock to his many friends in the county. A man of sterling character, he will be greatly missed in his church and community.

He was the eldest son of the late Henry and Sarah Lewis and was a life long resident of Danvers. He would have been 74 years old on August 13th.

He leaves to mourn his wife the former Alva Mullen, four sons, Russell and Gifford of Danvers, Frank and Newton of Weymouth; and three daughters, Mary (Mrs. Cecil Clements), Carleton; Lucy (Mrs. Joseph Wagner) and Helen (Mrs. Herbert McCullough) of Danvers; also 9 grandchildren.

He is also survived by two brothers, Budd Lewis, Danvers, and Harry C. Lewis of Weymouth Point; six sisters, Mrs. Etta Doty of Ashmore, Mrs. Flora Prime and Mrs. Leslie Marshall of Danvers; Mrs. Herman Theriault, East Ferry; Mrs. Percy Mullen of Hassetts; and Mrs. William Barr of Weavers Settlement.

He was a member of the Southville Church of Christ and the funeral service took place on Friday afternoon at his late residence, conducted by the pastor, Rev. R. M. Johnson. Burial was in the family lot at Southville.

Capt. M. P. Outhouse

It is with heartfelt grief that we record the passing of our late citizen and friend, Capt. Merrill P. Outhouse of Tiverton.

His death took place in the Victoria General Hospital at Halifax where he had gone a

few weeks ago thinking he would get help, but each day found him growing weaker, and on Sunday evening, August 3, he passed quietly away.

His removal from amongst us leaves a vacancy that will not easily be filled. He was sincere to a fault, a sincerity which did not consist in saying a great deal, but in saying all.

He loved the sea, he loved life, and sustained his daily work with an honesty of purpose and understanding that can only be born of satisfaction in well-doing.

His life with his family, neighbors, friends and shipmates was lived on land as on the sea—his very best.

Capt. Outhouse sailed yachts from U. S. A. ports some years ago, and made a great many friends, who learned of his death with deep regret.

He also leaves shipmates who sailed with him from Canadian ports, who will long cherish fond memories of a wonderful captain and friend. He was a faithful of Tiverton Christian Church, and Rainbow Lodge, I. O. O. F.

The funeral took place at the Christian Church Tuesday afternoon, and was largely attended. The floral tributes were beautiful. Service was conducted by Rev. J. W. Derby, Westport, assisted by Rev. C. Sommers of Ontario.

A duet was rendered by Mrs. Egbert Crocker and Mrs. Norman Perry, "Be Still." A solo by Blair Leeman, "When I've Gone the Last Mile of My Way" and a solo by Rev. Sommers, "Under His Wings."

The I. O. O. F. Lodge marched in a body to the cemetery where they took over the service at the grave.

Capt. Outhouse was 72 years of age and leaves to mourn three daughters, Zelma (Mrs. Floyd Denton), of Westport; Ruby (Mrs. Arthur Harris) of East Ferry and Freda (Mrs.

Kendick Outhouse) of Tiverton; three sons, Eugene, Emerson and Lindsay of Tiverton; one sister, Mrs. Hattie Outhouse of Tiverton. Also a large number of friends and relatives.

The memory of this man will have sanctuary in the hearts of all who knew him.

Myrtle O'Neill

The death of Myrtle O'Neill daughter of Mr. and Mrs. Willie O'Neill, Concession, occurred Friday, August 1, at Roseway Hospital, Shelburne, at the age of 24.

Besides her parents, she leaves to mourn five sisters, Norma, Mildred, Bessie, Gertrude, and Hilda; six broth-

ers, Bernie of Digby, Leonard, Ralph, Clifford, Percy and Hubert at home.

Funeral service was conducted Monday. Solemn high mass by Rev. Fr. Bellefontaine, P.P., assisted by Rev. Fr. Gastonguay and a missionary from Quebec.

The funeral was directed by E. P. Deveau, Meteghan. Pallbearers were three of her brothers, Bernie, Percy and Leonard, and three friends, Agno Comeau, Willie LeBlanc and Mederic Boudreau.

The funeral was largely attended.

## MARRIAGE

Ahmur - Comeau

A pretty summer wedding took place at St. Joseph's Church on Tuesday morning, August 5th., at 8 o'clock when Frances M. Comeau, eldest daughter of Mr. and Mrs. Geo. Comeau of Weymouth, became the bride of Robert Ahmur, of New York. Father Luke Gaudet, uncle of the bride, officiated at high nuptial mass during which Schubert's "Ave Maria" was sung by Mrs. Victor Comeau, Mrs. J. Dixon Rice presided at the organ.

The bride, who entered the church on the arm of her father, was charmingly gowned in a floor length gown of white sheer styled with high neckline, long sleeves and an all-over embroidery of heavy cord through the bodice. She wore a finger tip veil attached to a white flower headdress and carried a bouquet of white carnation, red roses and fern.

Mrs. Edward Dunn, sister of the bride, attended as maid of honor, and was attired in a floor length gown of pink sheer, with silk allover embroidered bodice and sleeves, deep shirring at the waist and high neckline. She wore a shoulder length veil of pink, held in place, by pink carnations, pink roses and fern.

Edward Dunn attended the groom and Denis Comeau was usher.

A wedding breakfast was held at the bride's home immediately following the ceremony after which the happy couple left for a wedding trip to Montreal, Toronto and West Wisconsin. They will reside in New York.

Out-of-town guests were Mr. and Mrs. Edward Dunn and daughter, June, and Mrs. Dunn, Sr., all of Lynn, Mass.

A shower was held previous to the marriage at the home of Mr. and Mrs. Victor MacNeill and many gifts of china, silver, linen and money were received.

"A Park Avenue liquor store sent out its annual circular to steady patrons. One was returned with this notation: 'Mr. died two years ago—with your help.'... The store was quite shaken." — From Ed Sullivan's New York column, April 29, 1947.

## George Bernard Shaw Says;

George Bernard Shaw is now more than 90 years of age.

During his long life he has made many notable statements against the liquor traffic, as for instance:

"If a natural choice between drunkenness and sobriety were possible in our civilization, I should leave the people free to choose. But when I see an enormous capitalist monopoly pushing drink under people's noses at every corner, and pocketing the price, whilst leaving me and others to pay the colossal damages, then I am prepared to smash that organization and make it as easy for a poor man to be sober, if he wants to, as it is for his dog."

As to reforming the public house, he once stated that "the Trade proposals are a sign and a portent, but that is all. Ever since I have been alive, the brewers have been going to reform the public house. They have never done so, because if they did, there would no longer be any public houses." — International Record, October, 1946.

"Education alone cannot avert war," says Chancellor Robert M. Hutchins, of the University of Chicago, but he suggests that education does afford a dignified alternative to liquor and similar diversions.

**BIG-CAR QUALITY**

**YOU'LL LIKE THAT BIG-CAR STYLING!**

You'll like the long, low lines of the new Chevrolet! You'll like the look of massiveness and sturdiness. That big, beautiful Unibody body is by Fisher, you know—the only Body by Fisher in the low-price field!

**YOU'LL LIKE THAT BIG-CAR PERFORMANCE!**

What fun to drive a new Chevrolet. There's power and pep to spare in the only Valve-in-Head Engine that powers a popular-priced car. And Chevrolet's quiet, comfortable, road-hugging way of going is so restful—so relaxing!

**THIS — YOU'LL LOVE!**

But your greatest thrill will come when you find out that Chevrolet is in the lowest-priced line . . . the line that costs less for gas, oil and upkeep. Chevrolet's the one car that gives you Big-Car Quality at Low cost!

The growing demand for the new Chevrolet is setting an all-time record. We cannot hope for many months to fill all the orders pouring in. If you are among the many who have set your sights on Chevrolet's Big-Car Quality at Low Cost, we suggest that while you wait, you rely on your Chevrolet Dealer's service to keep your present car running smoothly and safely.

## Along Main Street

There's one new feature on Water Street that a few years ago would have caused a bit of bitter feeling among the merchants—the catalogue or stores of Simpson's and Eaton's. Time was when the town merchants did not feel any too good toward these two mail order houses. But times have changed!

Wright's store has a very interesting window with a fine showing of ship models, beautifully constructed and very colorful.

Before the war visitors from New York and Boston used to come to Nova Scotia to pick up English woollens and Irish linens and some Digby windows have a good showing this year.

Fritz Dakin is one of Digby's oldest names in retail stores and his windows show that he has kept up with the times.

An old fashioned two seated carriage, with a gentleman driving and two ladies in the back seat, moved slowly and in dignity along Water street last Monday afternoon.

Fyne's Market and Baxter's grocery are putting real time in their windows. Neat grocery store windows are rare these days, though last year I saw a few such in Melrose, Mass.

Digbyites away who haven't been home for a long time will be glad to learn that Holdsworth's Rexall drug store is still there and looks just like it did twenty years ago—neat and friendly. The old store front is still there and some how or other it looks good.

The Royal Store, started a few years ago by R. F. Guest, of Yarmouth, is quite a department store. The Yarmouth.

## Even Digby Changes

There's a new Digby, but you who have lived here continuously do not notice it so much as the traveller, who only comes once in a while.

There is no doubt about it, when the C. P. R. built the Pines Hotel and commenced to advertise it they put Digby on the map with Banff. The Digby Pines is today almost as familiar a name in summer resort popular places as is Banff, Alberta.

In a single summer there are probably ten times the number of guests registered in Digby than there used to be before the Pines came into being and the main street is so busy with passing cars that even in Digby you have to watch yourself crossing the street. And even the deliveries have gone modern with late model motor trucks taking the place of the old horse drawn wagons of the past.

In a way this is a little less colorful than it used to be. Visitors got to know the draymen by their first names and every year they looked for last year's wagon to haul their baggage. In the old days it seemed as if all the officers and sailors on the Digby-Saint John boat were known to each other and to the public. One

misses the off-hand greetings that used to be a part of the past.

I wonder how many Digbyites remember Jim Pendrigh, who was for so many years the chief engineer on the St. John boat? Jim passed away a few years ago in Saint John, but originally he came from Yarmouth. And how many remember Chesley Kinney, who was also on the boats, but later took a land job in Saint John. He was a son of one of the Yarmouth Captain Kinneys, who for years sailed out of Vancouver on one of the C. P. R. Coastal steamers.

We miss, too, the little hotels. Somehow or other there was a little more intimacy in the small hotel life than with the big Pines. The guests used to walk around town more, many of the ladies carrying brightly colored sun parasols. It used to be a treat to see the brightly striped awnings go up in front of the stores. The Pines bunch don't throng the main street like the little hotel guests used to do. The Pines is just a little too far away for the ten minutes' casual walk around town.

Times were when the popular ice cream parlor was that

of the Misses Clinton, and I remember passing through Digby during the first World War and going into the Misses Clinton for an ice cream only to be told that they were not selling ice cream during the war, because it seemed unpatriotic. To my mind it was a very unselfish patriotism, for in that same period there were the many who were making plenty of extra money because of the war. I wonder how many Digbyites remember old Judge Savary who must have been on the County Court bench more than 40 years and who lived to be over 90, with his home in Annapolis. He was succeeded by Judge Pelton, of Yarmouth, who had about 10 years on the bench and was outlived by the judge he succeeded. Then came Judge J. A. Grierson, of Weymouth, a very popular and much loved man, whose term was comparatively short.

For some time Digby had a well loved and popular resident in J. A. McLaren, who came from Augyle, Yarmouth county, and established a nice home in Digby. Later he moved to Glendale, California, where he passed away some years ago.

Digby has several links with Yarmouth. The wife of the Anglican clergyman was Bertie Sweeney, of Yarmouth,

and the popular hardware man, Fritz Dakin, got his wife—one of the well known Poole family—in Yarmouth. And not the least of all was J. J. Wallis, who was one time editor of the Yarmouth Times and who was always remembered as a high class newspaper man. His father ran the little Yarmouth Daily Post for a continuous ten to fifteen years—the longest time a daily ever carried on in Yarmouth.

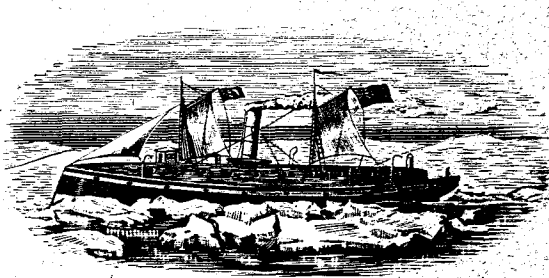

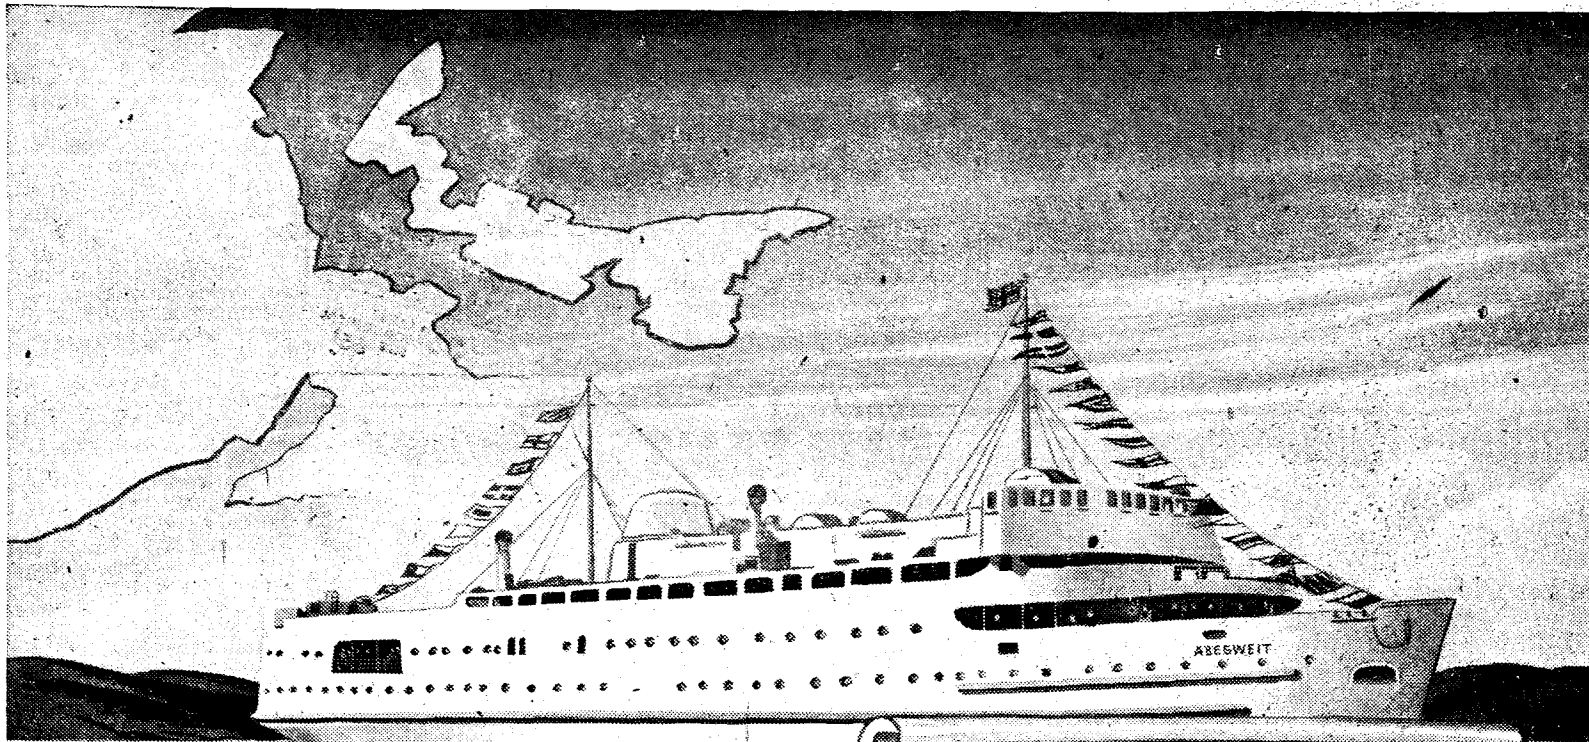

I wonder how many Digbyites remember the Annapolis Spectator when it was edited by Major Tom Seeley. Major Seeley took an active part in the first Great War and though he struggled on around \$12 a week for years before that, the pay of the full-fledged

major gave him a reward in his middle age, and he was fairly well off at the time of his demise.

One thing in Digby has not changed—that's the Digby harbor and its entrance. There is nothing prettier in America than Digby harbor entrance on a fine morning, when the green swards and evergreen trees are reflected in the mirror like smoothness of the water. The whole picture is one of calm and serenity and an invitation to the tired business man to relax and rest and take it easy. There's a something in the air that is typically Digby and this is really what has made Digby what it is—one of the most

# World's Biggest Car Ferry

MEANS NEW FAST SERVICE

BETWEEN PRINCE EDWARD ISLAND and NEW BRUNSWICK

She's big. She's powerful. And for her year-round trips between Port Borden, P.E.I. and Cape Tormentine, N.B., the streamlined ferry "Abegweit" is completely modern in design and appointments. She can carry 950 passengers at a time and her spacious lounges, smoking rooms, rest rooms and dining facilities assure comfortable, pleasant trips. On her lower decks the "Abegweit" has room for 19

railway cars and 60 automobiles and buses. She is a far cry from the first car ferry, the S.S. Northern Light, that plied this route in 1880. The "Abegweit" has four great engines, capable of driving two propellers at the bow and two at the stern to give her power to thrust her way through the winter ice packs of the

Northumberland Straits and to make docking easier and faster.

A fine ship of 7,000 tons gross, the "Abegweit" has a speed of 16.5 knots. She carries ship-to-shore telephone and radar equipment.

She's big. She's powerful. She's the best craft of her kind afloat.

*Don Graham*

Invariably, the man who is most eager to learn succeeds most rapidly.

Obviously, then, it is advisable to use all available means of learning more about our jobs.

Experience is the greatest teacher. Books and lectures are a great help. But few realize how much we can learn by observing and talking to people.

The people who can be of most value to us in this way are those who have made, or are making, their mark in this world. From their ideas, experience and methods valuable information can be gleaned. It is usually easy, I find, to get these people to respond wholeheartedly when asked intelligent questions.

Nor should anyone feel that they are humbling themselves by seeking to learn from others. No one can know all the answers.

But those who know most are usually those who are always open-minded and trying to learn more from others.

Over 4,000,000 Canadians have learned that Life Insurance provides security for themselves and their families. And because no other form of investment can meet this need, the number of life insurance policyholders grows greater yearly.

## EVEN DIGBY CHANGES

(Continued from Page 9)

popular summer resorts in the Eastern provinces.

With stream lined busses and streets lined with automobiles and modern motor deliveries going around the triangles down town Digby has lost a little of the color of the past but that is true of every summer resort in the country. I suppose we old timers are inclined to think that the days of the past, when you greeted the officers of the boat by their first names and mingled on the main street with the gaily dressed tourists and joined the crowds who went to meet the boat, were really the happiest days. Certainly they were the days when there was more intimacy in the social life, but this is true of every other place in the world as well as Digby.

I have travelled from Yarmouth to Vancouver and from Vancouver to San Diego and I can honestly say that Digby has something that is typically Digby. It is not just another summer resort and in no way like any other place. Here's hoping that Digby will not go any more modern than it is.

### PLYMOUTH'S SAFETY-RIM WHEELS PROVIDE PROTECTION AGAINST BLOWOUTS

Blowout with a Plymouth Safety-Rim Wheel—the air lets go, but the patented retaining ridges hold the tire straight and tight on the rim. The force of the revolving wheel gives the effect of air pressure in the tire. As the car slows down, the tire goes down and the danger lessens.

Deflated Tire on Plymouth Safety-Rim Wheel—see how firmly the tire stays on. Thanks to its patented retaining ridges, Plymouth's stop was straight and safe. Don't be without this proved protection. Every new Plymouth has Safety-Rim Wheels as well as many other safety features.

Blowout with Ordinary Rim Wheel—the air lets go, the tire twists, crumpling or jumps the wheel entirely. With ordinary rim wheels, the car swerves, jerks on the steering wheel and has to be fought to a stop. **BE SAFE WITH PLYMOUTH SAFETY-RIM WHEELS.**

### Plan Attendance At Maritimes Board Annual Meet

Notice was read at the regular monthly meeting of the Digby Board of Trade of the annual meeting of the Maritimes Board of Trade which will be held in Saint John September 24 and 25.

It was decided at the meeting of the Digby Board to make an effort to have a sizeable representation from Digby attend the meeting in Saint John and all members of the Digby Board planning to attend were asked to advise the secretary as soon as possible of their intentions.

### Plans Completed For Entertainment Of Ship's Crew

Plans for the entertainment and reception of the officers and crew of H. M. S. "Snipe" which is to visit Digby from August 28th to September 1st have now been completed. A committee consisting of the Mayor, Town Clerk and President of the Canadian Legion have been in charge of these arrangements.

The Snipe will arrive in Digby on the morning of August 28th. That afternoon and the following afternoon special entertainment has been arranged for the ship's crew who will be given leave in two sections.

Friday evening a reception will be held aboard the Snipe for civic officials and heads of various town organizations. During certain parts of each day the ship is here she will be open to inspection of visitors.

On Saturday evening a civic reception and welcome to Commander Villiers, OBE, RN, and the officers of the Snipe has been arranged. This will be held at the Lour Lodge and dinner will be served at 7:30 in the evening.

The officers and crew of H. M. S. Snipe will attend this ceremony in a body. Presentation of the bell will be made by Captain Hart of H. M. C. S. Stadacona and it will be received on behalf of the town by His Worship Mayor J. W. Merkel.

The 2,905 ton British freighter, "Wallsend", was refloated under her own power last Friday night after running aground on Brier Island at the tip of Digby Neck. The ship's master reported, "ship's bottom badly damaged" and said he would go to Saint John for repairs.

## "Dale Maxwell" Sinks -- Crew Saved

The survivors of the scallop dragger, Dale Maxwell, which was lost off Westport Monday, arrived in Digby Tuesday little the worse for their close brush with death.

The Dale Maxwell, which is owned and skippered by Captain Byron Ritcey of Riverport, went to the bottom shortly after noon Monday some nine miles off Westport at the tip of Digby Neck. The cause of the sinking was a broken main shaft. When the accident occurred the ship was engaged in scallop fishing.

The captain and his crew, Laurie Robicheau and his brother, both of Digby, were taken off by Captain Joseph Burnham and his motor vessel, Faunce. The sinking occurred in a full calm so the crew were taken off with little trouble.

A sum of money, amounting to over one hundred dollars, hidden in the cabin of the Dale Maxwell, was lost in the sinking. No thought was given to the money until the boat was sinking below the waves, too late to save it.

The Dale Maxwell was a new boat and one of the largest of the local scallop fleet. She was built in Digby last year by the Digby Boatbuilding Company for her owner, Captain Ritcey. At the time of the sinking she was partly covered by insurance. Captain Ritcey's son had been a member of the ship's crew but had left on Saturday for his home.

### Freighter Grounds On Brier Island

The 2,905 ton British freighter, "Wallsend", was refloated under her own power last Friday night after running aground on Brier Island at the tip of Digby Neck. The ship's master reported, "ship's bottom badly damaged" and said he would go to Saint John for repairs.

### Hospital Has Fine Weather For Fair

The traditional fine weather which has always prevailed for "Hospital Fair Day" was in evidence again yesterday for this year's Fair which was held on the grounds around the Bandstand.

Early in the morning workers were busy, under the direction of Fair Manager, Roy Carpenter, erecting and decorating the many colorful booths which are always a feature of the fair. Bright crepe paper and the verdant green of spruce and pine boughs gave brilliant color to the various concessions and to the bandstand from which afternoon tea was served.

In the evening a gala street dance brought this year's Hospital Fair to a close. At time of going to press no details were available as to the financial returns of the fair but, judging from the large crowds in attendance, proceeds should be most satisfactory.

### To Make Water Line Survey

Harold C. Loring, consulting engineer of Chester, N. S., has been retained by the Town of Digby to make a complete survey of the town's water system. This survey and action taken as a result of the survey will, it is hoped, prevent a recurrence of the serious water shortage that has hit Digby this year.

Every effort is being made by the town to clear up the contamination that exists in the town water supply and which has made it necessary to order the boiling of all water used for human consumption. Donald MacKay, sanitary engineer of the Department of Public Health, conducted a survey of water system and has made certain recommendations which, it is felt, go a long way toward clearing up this trouble.

Much of the contamination comes from the town's reservoir which has been operating at extremely low levels this summer. Treatment of this reservoir with chemicals will commence this week in order to purify the water there.

### Display Craft Work

A splendid display of sterling silver jewellery, product of "Digby Crafts" may be seen in the window of Saunders' Jewellery Store. Included in the display are brooches, pins, bracelets and other articles, all carefully made and intricately carved.

These articles, which were made by the members of the Digby Crafts Club during the winter and spring months after receiving instruction and training from specialists sent out by the Provincial government, are being displayed for sale in various places in Digby, including Saunders' Store.

### Golden Wedding Anniversary Observed

Mrs. Darling is a sister of Mrs. J. J. Wallis, Digby.

The annual Trinity Church Sunday School picnic was held last Saturday afternoon at Acadia Valley. A most enjoyable afternoon was spent in games and contests, ending with a picnic lunch.

### Berwick Veteran Is Polio Victim

A victim of polio, George Henry Baltzer, son of Mr. and Mrs. Charles M. Baltzer of Berwick, died in Halifax Sunday morning after an illness which began last Tuesday. He was 21 years old.

A veteran of three years' service with the R. C. A. F., the young man had been employed as lineman by the Maritime Telegraph and Telephone Company at Annapolis Royal since last November.

Mr. Baltzer became well known in Digby some months ago when he assisted in installing the new telephone system here.

### Mayor's Wife Opens Home For Benefit Tea

Convenors for the tea are Mrs. D. N. Brimble and Mrs. J. T. Marshall. Proceeds will be used to help defray expenses of making the tennis courts at Lour Lodge ready for play. The Tennis Club have leased these courts and made extensive improvements and repairs on them for this season's play.

## Trade Board July 1st Fair Nets \$2839.61

Net profit of the July 1st Fair sponsored by the Digby Board of Trade in aid of the Rink for Digby Fund was \$2839.61, according to the financial statement presented at the regular monthly meeting of the Board of Trade last Tuesday by Ray Underwood, Assistant Manager of the Fair. This profit was made up of cash to the amount of \$2775.24, and stock and equipment amounting to \$64.37.

A cheque for the cash profits of the Fair was turned over to the Board of Trade at the meeting by Mr. Underwood on behalf of the Rink for Digby Fund. In turn the Board of Trade passed the cheque on to the Digby Recreation Commission which has been set up to secure, own and operate the rink.

In his report to the Board of Trade concerning the July 1st Fair, Fair Manager F. W. Cookson scored the lack of co-operation which he stated cost the Fair many hundreds of dollars. "There is a very definite attitude of defeatism in this community," Mr. Cookson said, "and I can safely say that the constant adverse comments of many of Digby's citizens cost the Fair many hundreds of dollars."

Mr. Cookson stated he wished to express his sincere thanks to the few faithful workers whose efforts put over the Fair. "It is indeed fortunate," he said, "that there are a few in our midst who really appreciate the value of service to one's community." In commenting on the Fair Mr. Cookson stated he felt it was a fallacy to produce too much free entertainment outside of the revenue producing midway. Financial results proved this contention, he claimed.

Mrs. Edwin Frost of Westport has been visiting Mrs. Ethel Frost as has also Mrs. Gladys Lynch of Halifax. She also visited at Spryfield at the home of Mrs. Cyril Cleveland.

#### Precautionary Rules:

From now through the earlier part of fall, Poliomyelitis—infantile paralysis—will be at its height. Because of this, health authorities throughout the nation are offering precautionary measures so that parents and others will have some background and constructive knowledge of what to do.

The precautionary steps below will help prevent the spread of the disease. Protect your children and yourself. Help protect the children of others. Keep the destroyer of youth down. Co-operate with health authorities and use good common sense in everyday living.

1.—BE ALERT for any symptoms of the common cold, fever, headache, upset stomach, constipation or diarrhea, nausea, stiff neck or back, aching arms or legs.

2.—SUDDEN CHILLING of the body is dangerous at this season when heat and weariness invite a plunge in the sea or lake. Don't take any chances with chilled or polluted water.

3.—AVOID over-exhaustion and extreme fatigue. The person who is exhausted is very susceptible to many ills which one fresh and rested can throw off. Keep resistance strong.

## Bantam Ball Players Meet

Weymouth Bantams defeated Church Point Bantams by a 2-1 score at Church Point last Thursday evening. Ruggles, on the mound for Weymouth, allowed but 1 hit, struck out 6, walked 1 and hit two batters in a five inning game.

Thimot tossed them for the Church Point team, allowing 5 hits, striking out 9, walking 2, and hitting 1 batter. Weymouth drew first blood when they scored 2 runs in the second inning. Church Point were unable to score until the fifth inning when they scored their lone run.

Playing their first game of the season, Church Point Bantams showed lack of practise, nevertheless, they gave a good account of themselves.

The Weymouth nine played a good brand of ball and it is quite noticeable that they are in capable hands under the coach-

ing of W. C. Brown. Future ball players are in the making here.

The game was very interesting to watch, and with Church Point chalking but two errors while Weymouth had one marked up against them, shows that the game was well played.

A pretty wedding was solemnized on Aug. 6 in St. Paul's Anglican Church, Round Hill, when June Helena Ellis Munro, daughter of Mr. and Mrs. Lawrence Munro of Lake Munro, was united in marriage to Ernest Kirkpatrick Whitman, son of Mr. and Mrs. William Whitman of Round Hill. Rev. A. Pritchard, rector of St. Paul's officiated. Mrs. Paul Pailey played the nuptial music and Miss June Ratchford of Halifax sang "I'll Walk Beside You."

The bride entered the church on the arm of her father by whom she was given in marriage. She was lovely in her wedding gown of white satin, floor length, styled with a close fitting bodice, with a panel of Alencon lace from the sweetheart neckline to the hem of the skirt. Her full length veil of tulle bordered with a scroll embroidery fell in soft folds from a sweetheart halo headdress of pearl and silver sequins. Her bouquet was of American beauty roses and baby's breath.

She was attended by her cousin, Miss Shirley Munro, of Boston, and by Miss Dorothy Wheeler of Round Hill as bridesmaids.

Miss Munro wore a pastel yellow mouseline de soie with full length skirt and carried yellow rose. Miss Wheeler, wearing a pastel pink frock of similar material and styling, carried pink roses. Little Miss Myrna Munro, sister of the bride, was flower girl. She wore a picture frock of pale blue taffeta, floor length and carried a nosegay of pink and white rose.

The groom's gift to the bride was a gold wrist watch.

Rufus Whitman, Bridgetown, brother of the groom, was best man. Alton Munro and Ira Whitman were ushers.

The reception was held in the Community Centre, Annapolis Royal, with over a hundred guests present.

The bride's table was decorated in pink and white ribbons with white tapers in silver holders.

Over the bride's cake a large white bell was suspended. Mrs. Alfred Munro of Boston, aunt of the bride and Mrs. Lewis Dodge, Windsor, aunt of the groom, presided over the tea table.

Mrs. Munro, mother of the bride, was gowned in navy sheer with rose pink accessories and wore a corsage of roses. Mrs. Whitman, mother of the groom, wore a frock of crushed rose silk jersey with white accessories, and a corsage of matching roses.

The toast to the bride was proposed by Rev. A. Pritchard, and was responded to by the groom. The happy couple received many lovely gifts, among them a chest of silver, money, linen and china.

Those assisting in serving were Mrs. William Ross, Mrs. J. W. Spurr, Mrs. Glen Dargie, Mrs. R. D. Bailey, Mrs. A. LeCain, Mrs. C. Primrose and the Misses Barbara Perkins, Elizabeth Dargie, Maxine Williams and Mary Evans.

Mr. and Mrs. Whitman spent a honeymoon at White Point Beach. They will reside in Digby. The groom served overseas five years and the bride is a popular school teacher.

## METEGHAN LOSES TO LITTLE BROOK

Meteghan lost to Little Brook by fourteen points in total pin-falls in a five pin match at Little Brook Wednesday evening. Both of these teams were finalists in the Clare League last spring and according to the scores marked up Wednesday evening, these two teams will be the teams to beat in the forthcoming season. Meteghan made a strong bid for the lead when they rolled 1012 in the third string, but it was just 14 points short of tying the score.

The Clare Bowling League is expected to start in September two new teams will be entered, namely Belliveau's Cove and St. Bernard's. A very interesting schedule will be drawn up shortly.

### Letter of Thanks

Editor Digby Courier:

Sir: The Digby Board of Trade wishes to express its sincere thanks to F. W. Cookson, R. Underwood, and all those who co-operated in making the July 1st Fair a success. Through their efforts a considerable sum of money has been added to the funds already raised to secure a link for Digby.

The efforts of the citizens of Digby in raising monies towards the securing of a link for our town are greatly appreciated and show that the people of Digby are conscious of the need for providing recreational facilities for the youth.

Considerable further effort will be needed if the plans to complete the link project are to be successful. Past efforts have shown the public of Digby are wholeheartedly behind this project and we look forward to the future with confidence.

May we again, through the columns of your paper, say thank you to all those who worked, helped and spent this year and past years and ask the continued co-operation and support of these good people.

## Defeats Weymouth

Church Point Bantams defeated Weymouth Cubs 8-4 in a return game at Weymouth on Monday evening behind the 4 hit pitching of Robert Doucet, 15 year old moundsman. He struck out five and walked four batters while keeping his hits well scattered.

E. Ruggles, on the mound for Weymouth, allowed eight hits, struck out four and walked two batters. Church pounded him hard in the first and fifth inning when they scored three runs in each of these innings.

What is wrong with this story? There were once two brothers who shared the same room and bed. One brother believed, religiously in dreams. On this particular night the brothers retired as usual and were soon asleep. During the night the older brother dreamed he was being beheaded. Just as the axe was about to fall the younger brother flung his arm heavily across the older brother's neck. Next morning the older brother was found beside the younger brother, lifeless. When the arm descended he thought it was the axe and passed away?

Minister of National Revenue.

August 12, in Centreville, Cape Sable Island, on the lawn at the home of Mrs. Wm. Nickerson, grandmother of the groom when Yola Marion, eldest daughter of Mr. and Mrs. Oscar S. Atkinson, West Head, became the bride of Owen McKay, eldest son of Mr. and Mrs. Belmont Nickerson of South Side.

The bride, who was given in marriage by her father, made a very lovely picture in a fitted floor length gown or white satin with full length net skirt,

flowing embroidered veil and coronet of orange blossoms. She carried an arm bouquet of American beauty roses, larkspur and maiden hair fern. The double ring ceremony was performed by Rev. Lawrence Atkinson.

Attending the bride was Miss Mildred Smith of Newellton, wearing floor length gown of pink with matching shoulder length veil and flowered head dress. Carl Atkinson, brother of the bride, was best man.

Following the ceremony, a reception was held at the home of the bride's parents. The bride's table, decorated with flowers and white and pink streamers of ribbon, was centred by a three tier wedding cake, which was cut in traditional style by the bride and groom. Serving refreshments were Vera Atkinson, sister of the bride, Lena Newell, Eleanor Ross and Mrs. V. G. Greene.

The gifts received were many and valuable, showing the high esteem in which the young couple is held.

Immediately following the reception, Mr. and Mrs. Nickerson left to spend a honeymoon in various parts of Nova Scotia and New Brunswick. The bride travelled in a grey suit with black accessories.

Mrs. Nickerson, on the staff of the Royal Bank of Canada at Clark's Harbour for the last five years, recently resigned her position there. Mr. Nickerson is a veteran of the second World War having served about five years in the R. C. A. F.

## Children Given Party At Library

The Barton-Brighton Library Committee of the Home and School Club entertained the teenagers and little folk Friday afternoon at the Library. The officers of the committee were ably helped by members of the H. and S. and the community young people. Thirty-five young folks came, and ten or twelve adults helped or just dropped in to see the fun. The children delved into the many good books the library has and thoroughly enjoyed the new books for the tiny tots, which are beautifully and colorfully illustrated. Mrs. Tilley, president of the library committee, announced that she is subscribing for magazines for the older boys, the older girls and the little ones, and asked the older boys and girls to help her in her selection. Stories for the children, play on the library lawn, the talk of future plans for the library made a full afternoon climax for the children with ice cream cones and cookies. It was a lovely party!

Tupper, son-in-law of Mrs. A. E. Dickson of some fisherman. While fishing trip recently to Lake, near Saint John, was successful in land- a good catch of sizeable. Not only that—he lan- nice black bear without use of firearms or trap. happened this way. Jimmie standing fishing peacefully an old beaver dam. Hear- ing a noise behind him he turned around and saw a black bear eyeing him rather pugnaciously. He made a lunge at the bear with his fishing pole and the bear neatly parried the blow with his paw. Jimmie then saw heavier weapons were needed if he planned to defeat Mr. Bru- in, so he grabbed a heavy club from the beaver dam and took several lousy swipes at the bear. Mr. Bruin hit the canvas sev- eral times, but was on his feet looking for more almost imme- diately. After some moments, however, Jimmie succeeded in landing a lucky blow and floor- ed Bruin for the count. He jumped on top of him and, tak- ing his pocket knife, the only knife he had, cut the bear's throat.

His fishing companion, who was angling some distance up the lake, arrived about this time and the pair of them carried the dead bear out to the road from where they took it to Saint John, where it was proudly dis- played as part of the day's catch.

Mr. and Mrs. Tupper are at present spending their vacation with Mrs. Tupper's parents in Digby.

# Ratepayers to Vote on School Building

At a special meeting of the Town Council Monday night approval was given for the call- ing of a Ratepayers' Meeting for the purpose of approving the borrowing of a sum of mon- ey not to exceed \$100,000 for the purpose of "erecting, furn- ishing or equipping a building for a public school by the erec- tion of a new high school in the town and acquiring or purchas- ing land for such a building." Date of the ratepayers' meeting was set for Friday, September 5th in the Court House at 8 p.m.

If approval is given by the ratepayers to the borrowing of this money it will mean that Digby will be the site of the proposed Central High School, which will serve High School pupils from the Town of Digby and from a number of the out- side rural school sections which voted in favor of the provincial government's Rural High School plan and in favor of the Town of Digby as the site for the school.

Under the plan as laid down by the Provincial Government, if this school is built within the Town of Digby the government will pay some 60% of the cost of erecting, maintaining and op- erating it. If the borrowing of the money needed for the Town's share of the expenditure is turned down by the ratepayers the school will be built in the municipality and will serve on- ly those pupils from the rural areas which voted in favor of the rural high school plan.

## Serious Fire Averted At Waldec

What might have been a se- rious forest fire was averted on Sunday afternoon at Waldec West. Three alarms concerning the blaze which broke out dur- ing the afternoon in the woods on the James Johnstone farm were sent in; one by Colonel Garnet Harris, whose farm ad- joins the Johnstone property, and two others by Lloyd San- ford who happened to be driv- ing by and saw the blaze short- ly after it started.

Fire departments from the D. V. A. Hospital "Cornwallis" and from Bear River were rushed to the scene and hundreds of peo- ple gathered to help fight the blaze. The fire was quickly put under control, but a number of men were left on the grounds to guard against a possible fur- ther outbreak. Little damage was done by the blaze.

## Torrential Rain Douses Fire at Sandy Cove

The torrential downpour of rain that accompanied the se- vere electrical storm which struck Digby County on Monday night removed all threat to the villages of Sandy Cove, and Mink Cove from the forest fire which had been burning on the North Mountain near Burns' Point, by completely extinguish- ing the blaze.

The fire at Sandy Cove which had been burning for some time had spread until it covered a four mile stretch on the north mountain near Burns' Point. Over the week end residents of the area had been fighting the blaze in an attempt to halt the direction of Sandy Cove and Mink Cove. It was feared, that if a heavy wind should spring up, these villages would be in great danger. Assisting in the work of fighting the flames were two forestry pumpers from Bear River, which brought six lines of hose to bear on the fire, drawing their water from the Bay of Fundy.

The electrical storm which brought with it the saving rain, did little damage in the county. Electric transformers were blown out when struck by the lightning and the town of Dig- by was without lights for some time during the night when transformers at the sub station, which serves the town, were struck. At Waterford and Cen- treville power service was also cut off when several transform- ers serving the area were put out of commission by the light- ning.

### Resigns

The resignation of Dr. Vera Facey, a member of the faculty of the Nova Scotia Agricultural College, Truro, has just been announced by Hon. A. W. Mac- kenzie, Minister of Agriculture and Marketing. Dr. Facey, who was appointed to the Agricul- tural College staff in October, 1945, has resigned in order to accept a position on the staff of the University of North Dako- ta where she will lecture in zoology, plant morphology and plant ecology.

A native of Halifax, and a graduate of Pictou Academy, the University of Kings College and Toronto University, Dr. Facey has been very highly re- garded as an instructor. She has had considerable teaching ex- perience having had four years in the rural schools of Halifax and Digby Counties, and two years at Waterville, Kings Co., following which she was em- ployed as interim lecturer and assistant at Dalhousie Universi- ty, assistant at the university of Toronto, and instructor and lecturer at the Nova Scotia Ag- ricultural College.

Dr. Facey, who obtained her PhD from Toronto last spring, will join the staff of the uni- versity of North Dakota in three weeks' time. She was at one time a teacher in Digby County and will be remembered by many in this area.

## Corn Crop A Failure

The corn crop in Digby Coun- ty is almost a complete failure due to the ravages of the ear worm and corn borer, it is re- ported.

The ear worm, which has caused considerable damage to corn crops in other parts of the province, has been particu- larly here and nearly all farm- ers report much of their corn badly infested with this pest.

One farmer in the Hill Grove area states he planted an acre of corn this year for marketing. He says he will be fortunate if he gets a dozen ears of corn of marketable quality off his plant- ing due to the infestation of the ear worm.

Mr. and Mrs. Wm. Cleversey (the former Helen Syda) of Beverly, Mass. are guests of Mr. and Mrs. Gerald Syda.

## About This and That

We can sympathize with that compositor of the Mena, Arkansas, newspaper who, having set up his umpteenth wedding item, added: "The linotype-operator, while he set this, wore a pale blue shirt with pants to match and a silver wrist watch adorned his left hand"—Ann Advocate in the Pictou Advocate.

Next week the ratepayers of Digby will be called upon to vote their approval of the borrowing of a sum of money toward the construction of a Central High School here. This is a question which calls for affirmative action on the part of every ratepayer in Digby.

The new Central High School which is proposed for Digby is to be built under the Rural High School Plan recently adopted by the Provincial Government. Under this plan as it affects Digby, the provincial government will pay some sixty per cent of the cost of the erection, maintenance and operation of the new High School.

The erection of the new Central High School in Digby will make our town the cultural and educational centre of this section of the province. It will give the young people of Digby educational opportunities second to none in the province. Further than this, erection of the school in Digby, will have a marked effect on the economic life of our town. New residents will be attracted because of the educational opportunities for their children. New residents mean more business for presently established business firms and new businesses to meet the increased needs.

It has been wisely said no person, town or country can stand still — they must either go ahead or go backward. Here is an opportunity for the citizens of Digby to ensure that our town will progress and go forward with the times. An affirmative vote on the question of the borrowing of funds toward the erection of the new Central High School here will do this. It is up to us — does Digby go ahead or does it go backward?

## ADDITIONAL FIRE PROTECTION A NECESSITY

Recent efforts by the Digby Volunteer Fire Company to secure additional fire fighting equipment should receive the support of every citizen in Digby. Surely, no one can argue that this equipment is not needed. The happenings at the fire in the south end of town some months ago, during which a portion of the town was for a time threatened with complete destruction by flames, should convince even the most doubting of the need for further equipment.

During the years that have passed since the present fire pumper was purchased the Town of Digby has grown and extended until now we have reached and passed the point where that pumper is adequate for the needs of the town. An auxiliary pumper of sufficient size and force to provide a separate and additional fire fighting unit is an urgent need.

While we commend the move made by the Fire Company in approaching the Town Council to have this body purchase an additional pumper for the Town, we would also point out that fire fighting companies in some of our provincial towns have set notable examples by raising thousands of dollars for the purchase of needed equipment for their own companies. We have in mind particularly the volunteer company at Kentville which has, over a period of years, raised literally tens of thousands of dollars for the purchase of fire fighting apparatus. Perhaps a fund raising drive by means of card socials, public events and other means by the Digby Volunteer Fire Company in aid of the purchase of the equipment that they need might help to raise some of the monies necessary.

"I know a lot of men who don't drink, but almost no non-drinking women," said a young Washingtonian. If "everybody's doing it," a lot of ladies surely will. It's a little tough on people who have been taught to revere womanhood.

## MARRIAGE

Manzer - Nicholl

Riverside Baptist Church at Weymouth North was the scene of one of the loveliest weddings of the season on Monday evening, August 13, when Sarah Shirley, eldest daughter of Mr. and Mrs. Chesley C. Nicholl, Weymouth was united in marriage to Scott William, son of Mrs. Florence and the late Fred Manzer of Ashmore. The ceremony was performed by Rev. Byron Manzer, of New Glasgow, brother of the groom, assisted by Rev. F. C. Amery, pastor of the Church. The double ring ceremony was used.

The Church was beautifully decorated with potted plants and cut flowers for the occasion, with the windows draped in white crepe paper, with tiebacks of sweet peas and fern.

To the strains of Lohengrin's wedding march, played by Mrs. Byron Manzer, the bride entered the church on the arm of her father, who gave her in marriage.

She was lovely in her gown of ivory satin, floor length, with sweetheart neckline and long sleeves which tapered to points over her wrists. Her veil was full length and fell from a coronet of sweet peas, and she carried a bouquet of white snapdragon, pink carnation and fern. Her only ornament was a double strand of pearls with matching earrings, gift of the groom. The bride took her place beneath the arch decorated with sweet peas and snapdragon. Musical

Nicholl, sister of the bride, was bridesmaid, and was charming in her dress of pink nylon and marquisette. She wore a matching net hat with shoulder length veil, and carried a bouquet of pink snapdragon and carnations. Fred Manzer, brother of the groom, was best man. The usherettes, sisters of the bride, were Mrs. Louis Thibault and Mrs. Ted Weeks, both attired in blue with white gloves. Mrs. Byron Manzer played the wedding marches and during the signing of the register, sang "O Perfect Love."

### MARRIAGE

**Webber - Powell**  
White gladiolus and cibotium fern decorated the Brighton Avenue Baptist Church in Allston, Mass., recently, when Miss Beverly Frances Powell of Brighton, Mass., daughter of Capt. and Mrs. Beecher Percival Powell and granddaughter of Mrs. Byard Powell of Plympton, was married to Willis Herbert Webber, C.P.O., U. S. Navy, son of Mr. and Mrs. Frank DeWitt Webber, also of Brighton. The double ring ceremony was performed by Rev. Leslie

W. Irving, pastor of the church, and Rev. Harry H. Powell, pastor of Bethany Baptist Church, Pawtucket, R. I., uncle of the bride, who had also officiated at the marriage of the bride's parents.

Escorted by her father, the bride wore a gown of white bridal satin with a court train and her full length illusion veil was fashioned with a tiara of orange blossoms. She carried a shower bouquet of white roses, delphinium and stephanotis, centred with orchids.

The bride was attended by

her sister, Miss Barbara Powell, who was daintily gowned in heaven blue taffeta of basque style with sweetheart neckline. Her variegated coronet of blue and pink delphinium with starlight roses matched her arm bouquet.

The groom, who was engaged in action in the European, African, Middle Eastern areas as well as in the Asiatic and Pacific areas, was attended by his lifelong friend, Charles Huckins, of Woburn. His brothers, John and Kenneth Webber, served as ushers.

The reception which followed the ceremony was held in the Ladies' Parlor of the church, where the bridal couple was assisted in receiving by the mother of the bride, wearing a gown of blue crepe, and the mother of the groom, attired in moss green crepe. Numbered among the many guests were Rev. and Mrs. P. A. Killam, Pastor Emeritus of the church, Mrs. Enos Hubley, grandmother of the bride and former resident of Centreville, Digby County. Other guests included former residents of Digby, Waterford, Little River, Rossway and Centreville.

Mrs. Webber is a graduate of Brighton High School and Burdett College.

Following a wedding trip to Lake George and the Adirondacks, New York, the couple will reside in Dorchester, Mass.

There is someone who misses you sadly, And thinks the time long since you left, There's someone who mourns you dearly, But tries to be brave and content. There is someone who weeps in silence And breathes the sigh of regret For you are mine to remember When others are apt to forget. —Ever remembered by his loving wife and daughters. 50:11p

**IN MEMORIAM**—In loving memory of our dear husband and father, Flight-Sergeant Max Feindel Robbins, missing overseas Aug. 28, 1942. I can not say and will not say That he is dead. He is just away With a cheery smile and a wave of the hand He has wandered into an unknown land, And left us dreaming how very fair It needs must be, since he lingers there, And you, oh you, who the wild-est yearn For the old time step and the glad return Think of him faring on, as dear, In the love of there, as the love of here, Think of him still as the same, I say He is not dead, he is just away. —Inserted by his wife, Mrs. Hazel Robbins, and son, Maxie. 50:11c

## Kenneth Wolf, Child Prodigy, Performs

### For Guests At Pines

At the regular Sunday evening concert given by Hugh Lynch and his orchestra at the Pines Hotel, guests were privileged to hear the amazing talents of Kenneth Wolf, of Cleveland, Ohio, who performed difficult selections from Bach, Beethoven, Mozart, Chopin and concluded with a movement from one of his own compositions.

Mr. Wolf, who is now only 15, amazed his audience with a brilliant technique. The young man graduated from Yale University at the age of 14 with a B. A. degree, majoring in all the subjects that he took. He is now studying with Arthur Schnabel, one of the greatest pianists in the world.

## Church Point Wins Over Digby

Church Point Red Sox won from Digby 8-6 behind 4-hit pitching by Gaudet and Doucet, who divided the pitching chores between them. Gaudet pitched four innings and allowed but 1 hit, struck out 4 and hit 2 batters. He had to leave the game and attend a military funeral in which he took part. Doucet replaced him in the fifth and allowed but three hits, struck out one, walked one and hit one batter. Young Doucet, pitching his first year, shows signs of becoming a star pitcher.

F. Raymond went all the way for Digby on the mound and except for the first two innings he held the Red Sox pretty well in hand. In the first inning he walked two and hit one batter. The first three to face him, loading the bases and these were followed by a single and a double to clean the bases. In the second, the first man up hit a single through short, the next striking out and the third man up getting safe an first on a fielder's choice and this was followed by a triple by Leo Lombard and a single by Thibault. An error by shortstop and another single enabled the

Church Point Red Sox to score three more runs. From then on Raymond was stingy with his hits and his teammates gave him better support. Raymond allowed ten hits, struck out 4 and walked four, hitting one batter.

Turnbull at short for Digby made three nice catches on line drives which pulled his team out of a hole on several occasions.

The Red Sox chalked up four errors of which three were wild throws to the bases. Twice they had a man trapped between bases and on each occasion the man reached safety when the ball went wild.

## Digby Wins Over Church Point

Digby defeated Church Point Red Sox at Digby Sunday afternoon by an 8-4 score to win two out of three in a three game exhibition series between these two teams. Digby started out with a bang when they scored four runs in the first inning when Gaudet, on the mound for the Red Sox, walked the first two men up, and allowed two hits, one a triple and the other a double before being yanked out and replaced by Tooker. The latter pitched fine ball, allowing but three hits, striking out eight and walking 3. Only in the third inning did he run into difficulty when four runs were scored after the potential third man out reached first on a wild throw to first by the third baseman. All runs were scored after that play.

Tooker showed his old time form and pitched his first full game this season and did a good job. His speed had the Digby boys swinging frantically at times. Turnbull, at shortstop for the Ravens, made two sensational stops on hard hit liners making a backhand stab on one play that stopped the Red Sox in their tracks when they threatened to start an uprising in the third and fourth innings.

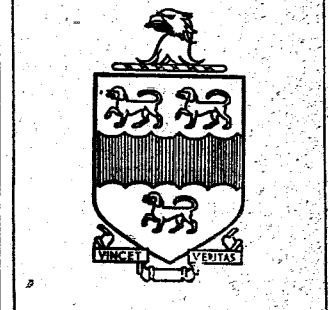

Raymond, pitching for Digby, tossed a steady game and kept the hits well scattered except in the third when Church Point got four hits to score two runs.

After the ceremony a delicious breakfast was served for about sixty guests at the home of the bride. The bride's table was decorated with a four tier wedding cake. The toast to the bride and groom was proposed by Dr. V. Melanson, Yarmouth.

Immediately after breakfast the bride and groom left on a wedding trip to Digby and Yarmouth and returned the same evening to attend a reception held at the home of the groom's parents for over two hundred guests, and were the recipients of many useful gifts and a large sum of money.

A pretty wedding took place on Saturday, Aug. 16, at the home of Mr. and Mrs. Harold Gidney, Mink Cove, when their daughter, Marie Catherine, became the bride of William Archibald, second son of Mr. and Mrs. J. J. MacDonald of Walton, Hants Co.

The bride, who was given in marriage by her father, wore a dress of powder blue with shoulder length blue veil held in place by a wreath of blue flowers, and carried a bouquet of white roses and fern. Her attendant, Miss Irene Dunn, was dressed in blue and cerise, with white veil held in place by white roses. The bride's brother, Alan Gidney, was the best man.

After the ceremony, which was performed by the Rev. Mr. MacLean, under an arch of pink and white roses, a reception was held. Refreshments were served by friends of the bride.

### RECEPTION FOR NEWLYWEDS

The home of Mr. and Mrs. Adolph Specht, Barton, was tastefully decorated on Tuesday evening, Aug. 19, when they entertained at a post nuptial reception in honor of their son, Lloyd, and his bride, who returned on that day from their wedding trip to the United States.

About fifty guests were present and entertainment was provided by group singing and games. Mrs. Wm. Lent of Weymouth presided at the piano and a solo was offered by Mrs. Lloyd Grant, Barton.

Many beautiful gifts were received, these being unwrapped in the dining room by the newlyweds, and their appreciation expressed to all.

Refreshments were served with the hostesses being assisted by her three daughters, Ruth, Margaret and Minerva (Mrs. Norman Taylor).

William Sutherland, grandson of Mr. and Mrs. W. E. VanBlarcom, is critically ill in the Digby General Hospital.

## Wins Fame As Author

One of Nova Scotia's wartime British war guests, Mrs. Eric Leslie, has won sudden fame in the literary world with an unusual novel about the almost romantic friendship between the ghost of a two-fisted sea captain and a young widow who rented his cozy cottage on an English Channel bluff.

The author, who used the pen name of "R. A. Dick", along with her two children, spent four of the war years with her cousins, G. D. Campbell, Jr., at Weymouth North and Charles Todd at St. Stephen, N. B., where most of the book was written.

Her novel "The Ghost and Mrs. Muir" has not only won wide acclaim in book form but has been filmed by 20th Century Fox with Rex Harrison, Gene Tierney and Leslie Sanders as leading characters.

When the film had its opening in Radio City Music Hall in New York a few weeks ago, the New York Times theatre critics said: "The Ghost and Mrs. Muir" remains a pleasurable film, despite its failings, and it has some saucy dialogue to its credit, spoken mostly by Capt. Gregg (The ghost)."

An English book critic had this to say: "A touch of fairy tale, the brush of fantasy and two of the most attractive people—one alive and one dead—makes 'The Ghost and Mrs. Muir' entirely delicious reading."

Mrs. Leslie, wife of a British colonial official stationed in Africa, is now writing a second novel, partly used on characters she met during her visit to Nova Scotia.

Guy E. Morehouse and A. T. Grimmer were visitors last week to West Pubnico where Mr. Morehouse is having a new bus built for the Digby Neck run.

## Catch Pollock With Bottle, Message In Stomach

We've heard of sword eating and fire swallowing men and now we hear of a bottle swallowing pollock. Fred Adams of View and his son, Harry, caught this strange fish while pollock fishing the other day. Leaving home early in the morning, they caught eleven fine pollock and, while cleaning them, came upon one with a large hard object in its stomach. Upon opening the fish they found the object was a sealed quart bottle. Inside the bottle was a message, written on a piece of paper. The message stated it had been written in England in 1941 by Thomas Cotton, and asked the finder to notify a Halifax daily paper. Mr. Adams states it is the first time he ever heard of a pollock swallowing such a large object. He says the fish weighed about eighteen pounds and was in good flesh. The bottle completely filled the stomach cavity and the liver of the fish, quite enlarged, had been pushed out of place.

## New Bus For Digby Neck Route

A new, modern and up-to-date bus has been added by Guy Morehouse to the Digby Neck Bus line and commenced operations this week. A number of people, including the press, were given a trip to Annapolis in the new bus last night. This bus is completely modern throughout and compares favorably with the best in the province. It was built in Middle West Pubnico by Adelbert d'Eon, and will accommodate twenty passengers. It is equipped with Dunlop pillow cushions throughout, is painted in two tone green with a cream band, which are the trade mark colors of the Digby Neck line. This bus will be on the 11:30 a.m. run and is one more indication of Mr. Morehouse's efforts to keep up with the times in transportation. He started on the Neck run in 1911 and since that time has improved and increased the service each year until today the Neck service is second to none in the province.

## Red Cross Launches Drive For Fire Victims

Contributions are to be sent to Mrs. Winston Mullen, Treasurer of the local Red Cross branch, or to the local banks.

## PRESENTED WITH CHECK FOR PROMPT WARNING

An act which may have prevented a train wreck was recognized on Friday when A. A. Dunphy, manager of the Dominion Atlantic Railway, presented a cheque to Nicholas Spiropoulos, a farmer in Wilmet. The cheque was presented in gratitude for Mr. Spiropoulos's prompt reporting of a washout on the D.A.R.'s main line through Annapolis Valley, following a "wash flood" which resulted in a downpour on the night of July 8. The flood washed away a section of the railway 333 feet long, and 25 feet deep, and Mr. Spiropoulos, realizing that the railway's maintenance crews had quit work for the day telephoned agent B. L. Merry, of Middleton, to report the trouble. His prompt action caused trains to be held up until the washout was repaired and prevented a possible serious accident.

## Presents Ship's Bell To Town

Shown above are, left to right, Commander E. W. Finch-Noyes; Mayor J. W. Merkel, and Commander Villiers, O.B.E., R.N., at the ceremonies marking the presentation of the ship's bell of H. M. C. S. "Digby" to the Town.

At a colorful ceremony at the War Memorial on Sunday, Commander E. W. Finch-Noyes R. C. N., presented the ship's bell of H. M. C. S. "Digby" to the Town of Digby. In making the presentation, Commander Finch-Noyes traced the career of the "Digby" from its launching at Lauzon, Que., in 1942, until its decommissioning following the close of hostilities.

He stated the "Digby" was laid down at Lauzon in 1941, and was commissioned in July, 1942. She was christened by Mrs. Theriault, wife of the then mayor of Digby, E. J. Theriault. Her first captain was lieutenant Stanley Howell. Following her commissioning she went into the convoy escort work and escorted convoys in North Atlantic waters until the war ended. Although she was not fortunate to have a brush with the enemy, she did her work faithfully and well and braved many of the terrible North Atlantic winter storms guarding the sea lanes so that the flow of war materials and

men could continue uninterrupted across the Atlantic.

In accepting the bell and an accompanying scroll from the Minister of National Defense, Mayor J. W. Merkel said the gift of the bell forged one more link in the chain connecting the town of Digby with the navy and the sea. Digby, he said, was founded by British Empire Loyalists who arrived here under convoy of Admiral Digby of the British Navy for whom the town was named. Later the Admiral presented to Trinity Anglican Church the bell that still calls worshippers to service in that church. During both world wars many from Digby enlisted and served with distinction in ships of the Canadian Navy.

Taking part in the ceremony were Commander J. W. Villiers OBE, RN, and a detachment of sailors from H. M. S. "Snipe", which has been in port on a goodwill visit. Members of the Digby Sea Cadet Corps "Cornwallis" also attended in a body.

Miss Florence MacNeill, who has spent a month in Framingham, Mass., has returned home to Barton.

Mr. and Mrs. J. D. O'Connor and little son, John, left Saturday for their home in Toronto after spending the summer with her parents, Mr. and Mrs. J. W. Christie. They were accompanied as far as Montreal by Mr. and Mrs. Christie who will spend the next two weeks visiting in the States.

### Building Permits

Routine business occupied the Tuesday night session of the Town Council. Building permits were issued to Walter Vidito for a home on Victoria Street and to A. J. Cornwell for a garage next to his home on King St.

Applications of Frank Comeau and Duffy Smith were refused and the Clerk was instructed to advise them more detailed plans would be necessary before permission to build could be granted.

D. B. Scott of Bridgetown was a week end visitor in town.

## Enjoy Vacation At Keltic Lodge

"The most enjoyable vacation I have ever spent." That is how Lord Alexander described his three-weeks stay at Keltic Lodge, the Nova Scotia Government's resort at Ingonish Beach.

The governor-general and Lady Alexander seated on the steps of the cottage at the Lodge enjoy the view of lofty Cape Smoky and South Bay Ingonish.

## H. M. S. "Snipe" Leaves For Saint John

A pleasant four day visit to the port of Digby by H. M. S. "Snipe" was brought to an end Monday morning when the British sloop cast off her lines and sailed for Saint John, her next port of call on the goodwill tour she is making of Canadian and United States ports.

With her on Monday morning the "Snipe" carried twenty-five members of the Digby Sea Cadet Corps "Cornwallis" under command of Lieutenant Charles McBride, R. C. S. C. C., Executive Officer of the Corps. The lads returned to Digby Tuesday morning aboard the Princess Helene. All of them stated they had enjoyed the sea trip aboard the Snipe very much.

During the four day stay of the Snipe in Digby officers and men of the ship were entertained by the town. On Thursday and Friday the crew were the guests of the town on a sight seeing trip to Annapolis Royal. Friday evening Commander Villiers O.B.E., R.N., Captain of the Snipe, and ship's officers were hosts to the Mayor, Town Council and heads of town organizations at a reception aboard ship.

A civic reception for the Snipe was held at Lour Lodge Saturday evening. Mayor J. W. Merkel presided over the gathering and the toast to the Navy was proposed by Rev. F. B. Gaskill. In responding to the toast Lieutenant Preston, D.S.C., R.N., Chief Officer of the Snipe, expressed the Captain's regrets at his inability to be present at the reception and expressed the sincere thanks of the captain, officers and crew of the Snipe for the splendid hospitality shown them during their stay in Digby.

Sunday afternoon a detachment from the Snipe took part in the ceremonies marking the presentation of the ship's bell of H. M. C. S. Digby to the town.

## J. W. D. Stearns Former Annapolis Royal Editor Dead

Annapolis Royal lost one of its oldest and most prominent and beloved citizens in the death of J. William Dawson Stearns Friday in his 92nd year. Mr. Stearns motored with his wife to their summer home in Argyle on Friday last and death came suddenly after only a week in the home they loved best.

A native of Pictou County, he was graduate of Dalhousie University and spent his early manhood in New York as an editor for a shipping firm in London.

After a breakdown in health he returned to the Maritimes and was on the staff of the St. John Telegraph-Journal, Saint John, for a year. He later went to Annapolis Royal where he bought and edited the Spectator, the Annapolis Royal weekly newspaper which he successfully published for thirty years.

Retiring last year he sold his business to Beattie Brothers, of Bridgetown.

He was a devoted member of St. Luke's Church of England, charter member of the Historical Society of Annapolis Royal and prominent in every unit of the town. He purchased the former Adams house on Upper St. George Street where he resided for the past 15 years.

He is survived by his wife, formerly Miss Minnie Merlin of Halifax. The funeral service was held Tuesday at 2 p.m. from Cruickshank's Funeral Home at Halifax. Burial was in Camp Hill Cemetery.

Mr. and Mrs. Charles Aptt of West Roxbury, Mass., returned home Saturday after spending a week at the home of Mr. and Mrs. Llewellyn Henshaw, Deep Brook.

## Lands Tuna,

### Loses Shirt

Herman L. Blum of New York was successful in landing a 516 pound tuna at Wedgeport last week, but it cost him his shirt. It all came about this way—Last week Mr. and Mrs. Blum, accompanied by B. F. Webster, of Digby, decided to go tuna fishing at Wedgeport. They hired Captain Jim Doucette's boat, and shortly after reaching the fishing grounds, Mr. Blum hooked a huge tuna.

For five hours and twenty minutes he played the huge fish before landing him. In the struggle, the tuna only came to the surface once and for over an hour he towed the fishing vessel in reverse with its engines running "full ahead."

During the tussle with the huge fish, which weighed 570 pounds after landing, Captain Doucette said he felt the tuna would be lost as the line would not stand the strain. Mr. Blum said if he landed it he would give Captain Doucette his shirt—and land it he did. Tuesday morning before leaving Digby Mr. Blum sent Captain Doucette a new shirt to fulfill his part of the bargain.

With them on their return to New York Mr. and Mrs. Blum took with them 440 one half pound tins of tuna, product of their fishing trip. The Courier had a couple of these and found the fish delicious.

## Schools Opened In Digby Yesterday

The tolling of school bells (or so it seemed to the students) announced the opening of the fall school term in Digby yesterday. Both St. Patrick's Convent and the Digby Academy report good enrollments.

In Digby Academy the enrollment has reached an all time high with a total yesterday of 601 students and a possibility of more who were late registering. Considerable ingenuity has had to be exercised to arrange the classes to accommodate the heavy enrollment and extra seating capacity has had to be provided in every class room to take care of the heavy influx of students.

Only two staff changes marked the opening of the Academy this year. They are Miss Ardis Warner in Grade One, replacing Mrs. Powell, and Miss Isabel Chipman in the Domestic Science Department, replacing Miss Eleanor Douglas.

## About This and That

Tomorrow evening at the Court House the ratepayers of Digby will have an opportunity to voice their approval of a great step forward in the educational progress of our town. By registering their vote in favor of the borrowing of funds needed for the Town's share of the cost of erection of the proposed new Central High School here, they will guarantee to their children and to the children of Digby for years to come educational opportunities second to none in the province. We sincerely hope every ratepayer of the town will be present at this meeting to express his or her approval by casting their ballot in favor of the borrowing of the necessary funds.

Several facts concerning the proposal to build this new Central High School in Digby bear keeping in mind, and are worthy of repetition. First of all, the erection of this school in Digby means a great advancement in the educational setup of our town; it means Digby will become the cultural centre of this section of the province; it means economic betterment for the town, not only through the work provided by the actual erection of the school, but through increased business due to the school's location here and the wide area it will serve.

No one can argue that increased school accommodation is not a necessity in Digby. At present we have passed the stage where we can accommodate our students so they will get the maximum benefits from the educational program offered them. Makeshift accommodation is being made use of and this makes it difficult not only for teachers but for students as well. If we do not take advantage of the Rural High School Plan through which the Provincial Government will bear some sixty per cent of the cost of erecting, maintaining and operating the new Central High School, then we shall be faced shortly with the need of borrowing funds to erect a new school wholly at our own expense. If this Central High School is not built within the Town of Digby to serve the pupils of the town and the rural sections which voted in favor of the plan, then it will be built in the Municipality and will serve only the pupils from the rural areas and we in Digby will still be called upon to pay a share of its cost through our provincial taxes.

Finally, those ratepayers who have school age children know fully well and appreciate the need for education. Some, whose children have grown up or who are not parents, may feel the need for this new school in Digby does not touch them. It has been truly said, "the wealth of a country is in its youth." If we are to survive we must see that our youth receives the very best in education so they may be fully prepared for the needs to tomorrow. Remember, someone paid for our education when we were children, it is only right we should pay for the education of today's children so they may be able to educate the children of tomorrow.

## MARRIAGES

Saulnier - Amero

The marriage took place at St. Mary's Church, at Church Point, on Thursday, August 28, at 8 a.m., of Olive Doreen, elder daughter of Mrs. Frank C. Amero of Amiraute's Hill, and the late Mr. Amero of Doucettville, to Anthony John Saulnier, second son of Mrs. Demillier Melanson and the late Delhi Saulnier of Grosses Coques. The double ring ceremony was performed by Rev. Luke Gaudet of Amiraute's Hill, who celebrated Nuptial Mass.

The bride, who entered the church on the arm of her uncle, George Humphrey of Digby, was charming in a gown of heavy ivory satin, made with sweetheart neckline, long sleeves tapering to points over the wrists, tight bodice and flared skirt ending in a long train. Her full length veil, extending beyond the train was of sheer net with deep embroidered border falling from a cap of real lace worn with a coronet of orange blossoms, and was an imported

model worn previously by the groom's sister. She wore a strand of pearls and carried a shower bouquet of American beauty roses and baby's breath.

The bridesmaid, Miss Jean Amero, sister of the bride, wore a floor length gown of rose taffeta with long torso bodice, having a sweetheart neckline and puff sleeves. With it she wore a rose flower bandeau having a shoulder length pink veil and pink embroidered gloves. Her shower bouquet was of pink and apricot roses and baby's breath. Little Bertha Comeau, niece of the groom, was junior bridesmaid, wearing a full skirted floor length gown of pale blue taffeta flowered in pink rose buds and wearing a halo bandeau of pale blue flowers. She carried a colonial nosegay in mixed shades, Sydney Amero of Digby, brother of the bride, was the groomsman, and Louis Thibault of Church Point acted as usher.

During the ceremony, Ulysse Comeau, church organist, rendered nuptial music and also accompanied the soloists, Alyre Comeau, who sang "Ave Maria" and Miss Aimee LeBlanc, who sang "The Sanctus."

The bridal party motored to Lour Lodge Hotel, Digby where a wedding breakfast was served to forty guests. The bride's table was centred by a three tier wedding cake, gladioli, phlox and hydrangea being used in decoration. The toast to the bride was proposed by Father Gaudet and responded to by the groom.

Mr. and Mrs. Saulnier left for

### Retires After 26 Years

Professor J. Melbourne Shortliffe, formerly of Freeport, has just recently been retired at Colgate University, at Hamilton, N. Y., after twenty-six years as professor and head of the Department of Economics. He started the first separate Department of Economics at Colgate in September, 1921. He has managed the Department continuously since that time. In that first year, Shortliffe was the only member of the staff of the Department. The staff grew to one of nine full-time, the largest single-subject department in the University. The Department achieved a fine reputation in other first class colleges and universities throughout the United States.  
Shortliffe has accepted a new position as professor of Economics in the School of Business Administration and Economics of the Louisiana Polytechnic Institute at Ruston, Louisiana. He will begin teaching there on September 12.

MARK TWO EVENTS IN CANADA'S AVIATION HISTORY

Two important operational events which took place recently on Canada's national air service, Trans-Canada Air Lines, are pictured here. The first was in Canada, when T.C.A. carried its one millionth passenger and the other, a short time later, linked Canada with the United States as Trans-Canada flew its one thousandth trans-Atlantic flight. The millionth passenger was Mrs. A. D. McKee who flew from Toronto to her home in Vancouver and is shown in the upper picture receiving a bouquet of flowers from W. E. Campbell, T.C.A. regional traffic manager at Toronto airport before the flight, while stewardess Anita Macmillan waits to check the history of the passenger into the aircraft. The presentation took place exactly one year and two months after T.C.A. carried its first passenger between Vancouver and Seattle. Since then, its aircraft have flown over a half billion revenue passenger miles. J. Symington, C.M.G., K.C., president of T.C.A., in the lower picture is presenting Mrs. A. J. Cheney of Winnipeg with a silver vanity tray, which marks the start of the 1900th voyage from the Montreal airport. Both women passengers before boarding the plane received a similar tray and each was a silver ash tray to commemorate the flight. Operation of the trans-Atlantic service was started by T.C.A. in July, 1944, to speed medical supplies and equipment, and since the end of the year has developed into a full scale commercial route making one flight daily in each direction.

**AN EXPERIMENT IN REFRIGERATION** — Thirty tons of halibut moved recently over the Canadian National Railways from New Westminster in two refrigeration cars, one for Toronto and the other for Montreal, under a new system of refrigeration which it is expected will revolutionize the movement of perishable traffic by railway.

Under the old method ice and salt were used but the new system is a combination of salt, ice, and ammonium nitrate, which permits of zero temperatures being reached. With ice and salt it has not been possible up to the present time to lower refrigerator car temperatures below 10 degrees. Railway ex-

perts along with experts from the National Research Council and the Pacific Fisheries Experimental Station accompanied the shipment en route. Photographs show the method of recording the temperatures, the instruments being set up in a combination coach-sleeper car. The recording instruments in-

clude a thermo-couple which generates an electrical voltage which is registered on suitable meters. One of the photographs shows an engineer embedding a thermo-couple in the combination of salt, ice and ammonium nitrate in the overhead bunker of the refrigerator car and the other shows another of the experts taking hourly readings.

## Bad Fire At Little Brook

Two dwellings and one barn were razed by fire at Little Brook Tuesday morning. Fire was noticed in the attic of the residence of Mrs. Edward Dugas at 11 o'clock in the morning by one of the neighbors and the fire department from Meteghan and Church Point rushed to the scene. Mrs. Dugas was alone at the time and was not aware that her house was afire before the alarm was given. Due to lack of water in sufficient quantities to stem the flames and the residence was quickly burned to the ground. The residence of Edmond Dugas, a scant fifty feet away also caught on fire when the south winds fanned the flames from the first house and the sparks flew fast and furious onto his residence. Practically the firemen endeavored to locate enough water to prevent the flames from spreading but due to the long dry spell, the wells were very low and once the pumps were

connected to them they lasted but a scant ten minutes. It was impossible to save the three buildings from disaster.

The home of Mrs. Austin Dugas which was located about 100 feet from the Edmond Dugas home was saved, although it also was threatened for a time. A small building lay between the two houses and this was upset and demolished by a group of men and portions of it hauled away by a truck, which probably saved the residence of Mrs. Austin Dugas. If this small building had caught on fire, it is doubtful that the residence could have been saved.

Water was rationed and only used sparingly to protect the last mentioned home. The firemen would sprinkle the roof top and then shut off the water while watching closely for sparks. Sparks were flying fast and thick and the breeze that was blowing fairly strongly, took them quite a distance from the fire. The residence of Leander LeBlanc nearly caught on fire and his home was over three hundred feet from the blaze, on the same side of the road. An alert fireman saw a

column of smoke on the rooftop of the shed and water was diverted to that location for a few minutes and the danger was past.

Furniture from the Edmond and Augustin Dugas homes was saved but only a portion of the furniture from the residence of Mrs. Edward Dugas was removed from the burning premises.

A large group of men worked frantically to remove all the furniture and household good possible from the path of the fire.

It is believed that if water had been more plentiful that the second burned residence could have been saved. The loss will be keenly felt, especially by Mr. Edmond Dugas whose residence carried no insurance.

The curtain of the fog that frames

# Bear River Exhibition To Be "Best Ever" This Year is Committee Report

The Bear River Exhibition, which annually attracts hundreds of visitors from all over Western Nova Scotia, is scheduled to open on September 17, and will continue on through the next day and evening. According to the committee in charge, this year's fair promises to be the best ever. No effort has been spared to provide the very best in entertainment and a great increase in exhibits is expected this year.

### School Exhibits Will Be Feature.

A feature of this year's fair, as in other years, will be the annual exhibit of work done during the year by school pupils throughout the county. These exhibits of school work reveal that the pupils of Digby County schools are possessed of a great deal of talent and many of the exhibits, particularly in the home economics and arts departments, show remarkable application and ability. It is understood the entries for the school exhibits are particularly heavy this year and this portion of the fair promises to be most interesting and entertaining.

### Cattle and Farm Produce Exhibits On Increase

An increase in the cattle and farm produce exhibits at this year's fair is expected by the committee and farmers throughout the county are now busy grooming their teams of oxen, fat cattle, horses, sheep and swine for exhibit at the Bear River Exhibition. It has been announced that extra prizes for the horse hauling contest, which is always a feature of the fair, have been arranged this year and interest in this part of the fair is expected to run high. Great rivalry exists throughout the county as to the pulling prowess of the various farmers' teams and the reputations of many fine teams will be at stake during the horse hauls.

### Log Chopping, Sawing Contests This Year

An added attraction at this year's Bear River Exhibition will be contests in log chopping

and sawing. In a county noted for its lumbering operations it is only natural there should be many woodsmen expert in the use of axe and saw. These men will meet this year in Bear River at the exhibition and pitch their skill and strength, one against the other, for the title of Log Chopping or Sawing Champion of Digby County.

### Pie Eating Champion To Be Picked

Not only will the champion log chopper and sawyer be chosen at this year's exhibition, but the champion pie eater of the county will also be crowned. Entries in this contest are expected to be heavy not only in numbers, but also in avoirdupois. It is understood some of the prospective entrants are already practising but their trial speeds and capacity are as yet military secrets.

### Domestic Arts Exhibits Under Glass

Domestic Arts exhibits at this year's Bear River Exhibition will all be displayed under glass. This will prevent handling and will ensure the exhibits remaining clean and attractive throughout the fair. Jams and jellies made from the fruits so plentiful this year in Digby are expected to be a feature of this portion of the fair. To anyone who has attended a Bear River Exhibition a visit to the Domestic Arts exhibits is final proof that the women of Digby Coun-

ty are expert homemakers. On display are wonderful examples of the art of rug and quilt making; the food displays, fairly make the mouth water so tempting are they, and the displays of home made butter, cheese and other farm delicacies are a joy to behold. In fact it has been reported that several Digby County lads after visiting the Domestic Arts exhibits at the Bear River Exhibition, have returned home and proposed to the girl of their choice, confident that, since she comes from Digby County, she is the best homemaker in the world.

### Exhibits All Inclusive

No matter what his interests are, the visitor to Bear River Exhibition will find something to entertain and amuse him. Exhibits at the Fair are inclusive of all departments of rural life and work and entertainment will include a grand midway, band concerts and contests of all kinds.

### GOOD MANAGEMENT MEANS QUALITY

Some farmers have difficulty in growing head lettuce but this presents no problem at all to Fletcher J. Hebb, of Hebbleville, whose Indian Garden Farm is located a couple of miles outside Bridgewater on the paved road to Liverpool. Mr. Hebb used to experience some difficulty in getting his lettuce to head but he learned through trial and error, that lettuce seemed to head better when planted on soil having a higher moisture content than some of the drier ridges on his farm.

Of course, moisture isn't everything. Mr. Hebb prepares his soil carefully, uses good re-

liable seed, allows his plants plenty of breathing space, and keeps down the weeds. Consequently he is able to grow as fine lettuce as can be found in the province—and there are a lot of good market gardeners in Nova Scotia who produce and market quality vegetables.

A visit to Indian Garden Farm is well worth while. Here one will find 30 acres of orchard in excellent condition and, among other things, a 10 acre cranberry bog which Dr. Franklyn of Cape Cod, claims is the largest and best in the province. Incidentally, the bog has been newly sanded in preparation for a real crop next year.

If the visitor is interested in tomato growing, Mr. Hebb can show him an acre of plants—Bounty, Bonny Best, First and Best and Stokesdale—tucked in the middle of the orchard where they are protected from damaging breezes. But, just to ensure that the winds do not have a chance to ruin his plants, Mr. Hebb has followed the practise of opening his plants and allowing the stalks to spread close to the ground. The fruit is picked early, just before it ripens on the plant, with the result that

...so Mary will take up nursing after all

It looked for a while as if a temporary financial problem in the family might keep Mary from finishing "High". If she had to quit school to help the family income that would have meant good-bye to her hopes of becoming a nurse.

But here she is, starting her final year. Did her Dad suddenly come into some money?

No... and yes. He consulted his bank manager, who told him how the bank, through personal loans, often helped people to meet just such situations. Arrangements were made, and now Mary will take up nursing after all.

In 1946 Canada's banks made half a million personal loans to Canadian men and women.

Just when is the best time to visit Indian Garden Farm is a matter of opinion. There is something to see there at any season of the year, and Mr. and Mrs. Hebb are grand hosts. However, if the visitor is interested in sauerkraut, perhaps the visit should be delayed until the 50 half barrels which Mr. Hebb cuts each year, are ready for consumption.

### COUNTY HOME WORTH VISITING

A sow that doesn't raise her litter is not worth keeping a second year, believes P. S. Joudrey, superintendent of the Queens County Municipal Home at Middlefield. Last June the sow which Mr. Joudrey was depending upon to drop him a nice litter killed all but two of the young piglets as soon as they were farrowed. Two head will hardly supply the institution with the pork it requires so, naturally, Mr. Joudrey has decided that since he feels it is a waste of time and effort to keep that particular sow, she

will be replaced by another and more docile animal.

However, while Mr. Joudrey may have had trouble with his spring litter, he and his assistant, Frank Eisner, have done a grand job with their garden vegetables, field crops, clover, alfalfa and hay crops. When visited a few weeks ago the weedless fields were worth more than a casual visit.

An interesting attraction at the County Institution is the stone wall which surrounds three sides of the grounds. According to Mr. Joudrey, most of the wall was built by one of the inmates who took a keen delight in constructing the wall. When he had cleared away all the stone from the grounds, he hauled stone from neighboring fields in order to complete his project which remains today as a lasting memorial to his industry and resourcefulness.

### Insulation Pays Dividends

There is something in this question of insulation of poultry houses, after all, believe several poultry men visited by G. K. Samis, provincial poultry promoter, Truro. Within the last week or two, Mr. Samis has visited a number of the poultrymen and in every case he found that the birds confined indoors in laying houses which were insulated were much more comfortable than were the birds in un-insulated houses. In the latter cases it was quite apparent that the birds were suffering from excessive heat, while January and February-hatched pullets in the comfortable houses were producing medium and large eggs.

Mrs. Alvie Maurer of Cambridge, Mass., and Mrs. Charles Iavoie of New York have been visiting their sister, Mrs. Rose-Arn Maguire of Ashmore, Nova Scotia. They expect to return home soon after Labor Day.

—Benjamin Franklin

Let us be true: this is the highest maxim of art and life, the secret of eloquence and virtue, and of all moral authority.—Amiel's Journal.

**West Indies Export Shipments On Increase**

During the past several weeks quite large shipments of dressed poultry have been going forward from Halifax to market in the British West Indies, Bermuda and Newfoundland, with both eggs and poultry going forward to the latter two export markets. It is reported that greater quantities of dressed poultry are going forward to the British West Indies than ever before in the history of the province. Apparently the export firms in this province have very good connections.

**Lime Use Increases**

"It is rather interesting to note that good hay always grows

where lime has been used," observes R. M. Burry, agricultural representative for Guysborough County, when commenting upon the fact that the hay crop in the Roichvale district this year was excellent. Mr. Burry notes that there is an increasing amount of interest in the use of ground limestone in the county each year.

## Tomato Vine's Big Production

E. S. Cassells, of Deep Brook, has a tomato vine—probably one of the most prolific in the province—of which he is justly proud. This plant has given its owner 97 large ripe tomatoes, undoubtedly a record, as very few tomato vines produce more than 25. The plant was purchased from Mark Longworth, and was grown from seed purchased in England.

## Miss Moses Presented With Red Cross Medal

Miss Dorothy Moses, Primary teacher at the Digby Academy for eighteen years, was presented on Friday with a Red Cross Badge of Service by Mrs. T. E. G. Lynch, Honorary President of the Digby Branch of the Red Cross, in recognition of her work in organizing and carrying on the work of the Junior Red Cross in the Academy.

The presentation was made before the assembled students on the parade ground in the rear of the school. Dr. Hodgson, president of the local branch of the Red Cross Society, presided and the citation accompanying the Badge was read by F. C. Purdy, Supervisor of the Academy.

The citation stated the presentation of the Badge of Service was being made for the outstanding work Miss Moses had done in organizing a branch of the Junior Red Cross in the Primary Department of the Academy in 1926 and carrying on the work successfully until 1941 when she was forced to give up teaching through ill health. Through her efforts Miss Moses has inculcated right habits of cleanliness, health and hygiene in hundreds of future Canadian business men and women.

Miss Moses spent Friday in Digby en route from her home in Bridgetown to Saint John where she joined her cousins for a motor trip through Prince Edward Island and Cape Breton.

# Two Men Have Rough Experience

Object of a wide search by sea and air since their disappearance in a small fishing craft Gerald Titus, 32, owner of a fishing boat, and LeRoy Robichaud, 22, both of Centreville, arrived safely as their vessel was taken in tow by three boats which had taken part in the search.

Friends and relatives, numbering well over 100, lined the local dock and cheered when the missing vessel with its two occupants came into view after it had been taken in tow. There were handshakes and embraces, and a few tears were shed as the two men, for whose safety fear was entertained, climbed onto the dock.

Titus and Robichaud had been missing for a total of 41 hours since they left Centreville at 5 a.m. Saturday and were overdue at 5 p.m. same day. Sunday morning numerous fellow-fish-

ermen in boats combed the area, while a Canso aircraft from Halifax Search and Rescue Centre flew over the area Sunday and was forced to return due to the dense fog.

Both men appeared none the worse for their experience. They had been fishing for several hours and had loaded up with a sizeable catch of cod and haddock.

"We were proceeding homeward bound and were about 12 miles from the home port when the propeller shaft broke," Titus explained. Although equipped with a single sail the pair could not proceed farther due to lack of wind and decided to drop anchor.

"We dropped anchor in order to prevent the boat from drifting to sea and knowing that we were in no immediate danger," one of the rescued said. "A thick blanket of fog covered the area," Titus said, "and we were

certain that fellow-fishermen would soon search the area for us."

Saturday night the fog lifted at 10 p.m. until 2 a.m. Sunday, the fishermen said, and they saw what they believed to be flashes from the Digby light-house. Sunday noon they heard a boat approaching.

"We shouted and beat on a gasoline drum to attract attention," both explained, "but the vessel slipped into the fog within 50 yards from us and disappeared." Both admitted that by this time they were getting worried, not about their safety, but of the worries caused to their families over their prolonged absence.

Sunday they started a fire in a small stove with fuel which they had been conserving.

"I did not feel very hungry," Titus said, "until Robichaud started boiling one of the haddock. We had had nothing to

eat since 3 a.m. Saturday. Sunday night passed uneventfully."

The missing vessel was located by Gordon Morehouse of Centreville, who searched the area, and lines were thrown aboard. Additional lines were put aboard by Charles Pyne and Wilfred Banks, both of Centreville, who also took part in the search with their craft.

Secured to the three searching craft, the missing boat and its two occupants were towed to port.

Fishermen who manned the searching craft reported that although a thorough search was made of the waters over the week end, none had sighted her.

Titus and Robichaud later explained that they had raised anchor Sunday morning when fog had somewhat cleared, and by their single sail, started on a southern course. Fog again fell and the wind ceased, and they were forced to anchor.

## Ratepayers Give Unanimous Approval to School Borrowing

A ratepayers' meeting Friday evening gave unanimous approval to a resolution to borrow a sum of money not to exceed \$100,000 for the purpose of paying the town of Digby's share of the cost of erection of the proposed new Central High School here.

By this action the town of Digby became one of the first towns in the province to adopt the new Provincial Government Rural High School policy for the benefit of their pupils. The new school, which will be built

here will accommodate pupils, not only from the town, but also from twelve rural school sections in the near vicinity of Digby. Under the government plan the town will be called upon to pay only forty per cent of the cost of erecting, maintaining and operating the new school.

Chairman of Friday night's ratepayers' meeting was Mayor J. W. Merkel. The resolution to borrow the needed money was moved by School Board Chairman Dr. J. R. McCleave and se-

conded by Councillor Cardoza. Those speaking in favor of the motion were Dr. G. V. Turnbull, Fritz Dakin and M. S. Leonard.

Present at the meeting was Mr. H. B. Moffatt, Assistant Superintendent of Education of Nova Scotia, who outlined the provincial government's policy and explained how it affected Digby. C. B. Crowell, newly appointed School Inspector for this district, and T. A. M. Kirk, Assistant Director Vocational Education and former District School Inspector, were also

present.

With over two hundred ratepayers present Friday night's meeting was one of the most largely attended ratepayers' meetings to be held in the town for some years.

Plans for the school building, which have to receive the approval of the Department of Education, will shortly be secured and a site selected. It is hoped to have the new school in operation for the fall term of 1948.

H. M. Warne, Chairman of the

Digby School Board in 1943 when the rural school plan in Digby was first started with the bringing of rural pupils from Bay View and Acaciaville, moved a vote of thanks to Mr. Moffatt and Inspector Kirk for their kindness in attending the meeting and for their co-operation during the preliminary moves that led up to Friday night's meeting, which resulted in the adoption of the Rural High School Plan for the Digby area with the Central High School to be built in Digby.

## Give Generously to Salvation Army

Many thousands of men and women never go to church, and are never reached by organized religion. Many people, through misfortune, poverty or disgrace, feel out of step with the other people in their community, and outside all ordinary concern for their welfare.

To these, and to scores of others without a church, The Salvation Army goes, bringing the only religious teaching they know. With this spiritual help goes material aid, and a very real concern for their well-being.

The Salvation Army ranks high in the hearts of people today just because of this concern for their physical and spiritual welfare.

Today, The Salvation Army in our country is making an appeal for financial help, in order to carry on its useful work for all mankind. Citizens should give generously, to show their appreciation of its many services to humanity.

## New Fisheries Minister Known Here

Brigadier Milton F. Gregg, V. C., president of the University of New Brunswick and who was recently named Minister of Fisheries to succeed the late Hon. H. F. T. Bridges who died suddenly a few weeks ago, is no stranger in Digby County, and was a resident of the Digby Neck village of Little River for a short time.

At that time (in the middle of the '20's) Brig. Gregg was manager of the International Diatomite Company's mine at Tiddville.

His army record in both the First and Second World Wars stamped him as one of Canada's best known soldiers. He went overseas with the Black Watch in 1915 as a private and was wounded three times in the 1st World War. He received the V. C. in September, 1918, for a lone penetration of the Hindenburg line at Cambrai, obtaining valuable information on the 'sortie'. In addition, he won the Military Cross while serving at Vimy with the Royal Canadian Regiment and received a bar to that decoration shortly after.

He was appointed second-in-command of the Royal Canadian Regiment and was later appointed commanding officer of the West Nova Scotia Regiment. He served with the latter regiment in England, returning to this country in 1941 as commanding officer of the Officer's Training Centre at Brockville, Ont.

Brig. Gregg has been nominated as Liberal candidate for the

## Legionnaires Open Annual Convention

Legionnaires from all parts of the province and several outside points gathered at Harbor View Lodge here Monday to register for the 16th provincial convention of the Canadian Legion.

Members of Port Royal branch, No. 21, of Annapolis Royal, acting as convention hosts, welcomed the delegates and guests and arranged the official opening in Annapolis Royal during the evening.

This afternoon a number of preliminary matters were discussed at a meeting of the Provincial Executive Council held in the convention hall.

Present at the meeting were Dr. C. B. Lumsden, president; T. J. Curry, 1st Vice-President; J. H. Henderson, 2nd vice-president; H. Churchill-Smith, Honorary Treasurer; W. C. Dunlop, Dominion Executive Council Member; T. J. O'Donnell, T.V.S. representative; J. J. MacIntosh, Immediate Past President; A. MacKinnon, secretary; A. X. MacDonald, convention chairman.

T. D. Anderson, Assistant General Secretary of the Dominion Legion Command was also in attendance.

## Favor Abolition Gas Regulations

The convention on Tuesday went on record as being in favor of abolition of all existing regulations dealing with setting up and operation of gasoline service stations in the province.

This was conveyed to the convention in an amendment to the resolution requiring service stations to remain open at least 16 hours daily to provide more efficient accommodation for the travelling public. The amendment was proposed by W. C. Dunlop, K. C., Halifax.

Discussion indicated veterans were being discriminated against in their attempts to obtain permits to sell gasoline. Argument was produced against the granting of permits to persons operating canteens and other types of business, with this side maintaining the sale of gasoline should be reserved to garage operators.

Following a lengthy discussion a standing vote was taken and there was a substantial majority in favor of adoption of both resolution and amendment.

This was one of 26 resolutions dealt with during a whirlwind afternoon session. Of this number 15 were adopted, one withdrawn and two referred back to committee.

## Community Fair At Conway

As the Courier goes to press late Wednesday afternoon, it is impossible in this issue to give a write-up of the "Community Fair," held in the new Exhibition Building at Conway yesterday.

We made a hurried trip through the plant and grounds yesterday morning and had a brief talk with D. C. MacKay, the genial secretary. He informed us that up to then the number of entries was double that of any previous year and that more were constantly coming in. In the basement the vegetables were on display and they were good, and a walk around the grounds showed a really excellent display of livestock, much larger than any previous showing. They were favored with fine weather and the attendance was good.

## R. C. M. P. After Traffic Violators

The R. C. M. P. has asked us to draw attention to the many traffic and parking violations occurring in this district, particularly in Weymouth, where conditions are very bad. They have commenced a drive against violators and have given us the following information:

James Eldon Ford of New Tusket appeared before Magistrate Peters in Digby Tuesday, charged with double parking. He was fined \$1.00 and costs, \$3.50. O. Percy Sproule of Brighton was fined \$1.00 and \$3.50 costs for failing to park his truck within six inches of the curb. Both fines were paid.

## About This and That

### DIGBY WATERFRONT DISGRACE TO TOWN

The waterfront of the Town of Digby, particularly in the business section of the town, is an absolute disgrace to the town. We say this without fear of contradiction for we know that anyone who has the courage to climb over the odious mess of rotting foodstuff, watersogged cartons, tin cans, bottles and other refuse which clogs the beaches along Water Street, will readily agree with our statement.

Not only is the condition of the waterfront a disgrace, but it also is a definite menace to the town, not only from a health standpoint, but as a great fire hazard also. On several occasions buildings along the waterfront have been saved from destruction only by a miracle when fires starting in the refuse along the beach have eaten their way into the foundations of the buildings.

Children playing on the beach have been seen pawing through masses of refuse in search of articles they think might be useful or valuable to them. Many of the sicknesses that plague the lives of the youngsters no doubt could be traced to the filth they picked up along the beaches.

What is going to be done about all this? It is alright to say "Let the Town Council do something about it", but that is not the solution to the problem. The crux of the whole matter is civic pride. Have we not sufficient pride in our town to keep it clean and to keep it clear of fire menaces that need not exist? There is a law prohibiting the dumping of refuse along the waterfront, but surely it should not be necessary to have our police force keep a continuous check to see this law is observed. Every business man in town should have sufficient pride in Digby and sufficient thought for the protection of his own property from destruction by fire to see to it that refuse is not dumped on the beaches from his building.

Several weeks ago we suggested in an editorial that some of the funds needed for additional fire equipment could be raised by the Fire Department through sponsored entertainments and other means. We still think this would be a good way in which to raise some of the monies needed. But it cannot be done unless the public will co-operate and support wholeheartedly the Fire Department in any efforts they may make in this direction.

We understand the Department has under consideration several ways and means of raising money for this purpose, and we urge upon the public their support for this very worthy cause. All of us should be vitally interested as all of us have property of one kind or another that needs protection from the ravages of fire.

Again, as in every other project of a civic nature, co-operation is the keynote. With co-operation we shall secure this equipment which, all will agree, is indeed badly needed.

## EVERYBODY'S BUSINESS

In virtually every job, future developments must be constantly taken into account.

If you are working to a definite schedule, your main and perhaps only concern will be to keep up with it.

But if you have no such schedule to adhere to, don't fall into the error of thinking that it is not necessary to plan your work ahead. Every job can be done more efficiently by taking future requirements into account.

The advantages of doing so are many and important. To suggest a few:

It enables you to be better prepared for each task as you come to it.

It closes up gaps between operations—eliminates delays.

It gives you a clear picture of your whole job and of production rates which may be needed for reference at any moment.

While these are broad generalizations, I am sure that an analysis of your particular job will reveal many other specific advantages of "organizing for tomorrow".

The necessity of planning for one's financial future is recognized by millions of Canadian owners of Life Insurance. For them and their families, security is an assured fact.

### Sets Baseball

### History In Digby

The Digby Junior baseball team continued their winning streak by beating the Old Timers Wednesday afternoon 10 to 11, in a closely contested game of nine innings which made baseball history in Digby. Never before had a baseball pitcher stood on the mound and pitched against father, uncle, and grandfather all in the same inning. The Junior pitcher, Richard Daley, faced in the first inning Ed Webber who struck out, then Guy E. Morehouse, (his grandfather), Seymour Denton (his uncle) and David Daley (his father). These three made the first three runs for the Seniors. With the exception of one player, none of the Seniors had played a game of ball in the last twelve years. Art Robinson, old time pitcher, showed his old time form which made him the pride of the Maritimes 15 years ago, by having 14 strikeouts and allowing only 4 clean hits in nine innings.

The old timers kept a three run lead until the ninth, when a series of errors by the tired out old timers, filled the bases and a three bagger by Hymie Webber cleaned the bases. Webber came in on another error putting the Juniors in the lead and the ball game was over.

A large crowd witnessed the game seeing a surprising amount of good baseball and a lot of laughs, especially watching Ed Webber chasing them in right field with a fisherman's net and a tall black beaver hat.

Lineups — Old Timers: Ed Webber, Guy E. Morehouse, Seymour Denton, Boyd Dunham, Victor Turnbull, Tommy Matheson, Loran Hayden, Ted Sanford, Frank Hayden, Dave Daley, Art Robinson, Aubrey Adams.

Juniors: Buddy Barr, Rich Daley, Chester Murley, Ron Jackson, George Chipman, Hymie Webber, Bernie Baxter, Bill Winchester, T. Deveau, Don Rice, Duke Winchester.

## MARRIAGES

### Bonnanfant - Williams

A quiet wedding took place at St. Paul's Anglican church, in Saint John on Wednesday of last week, when Jean Mae, daughter of Mr. and Mrs. Alvin Williams, was united in marriage to Robert Joseph, son of Mr. and Mrs. Camille Bonnanfant, also of Weymouth. The bride wore a powder blue street length dress trimmed in black with black accessories. Her only ornament was a two strand string of pearls, a gift of the groom.

She carried an arm bouquet of American beauty roses, baby breath and maiden hair fern. The following morning the happy couple left for the bride's home in Weymouth where a reception was held and luncheon was served to 65 guests. The bride and groom received many lovely gifts.

Mr. and Mrs. Bonnanfant will reside in Saint John, where the groom will continue his work at the Provincial Hospital.

### Crouse - Collins

The wedding of a popular Bridgewater couple was solemnized on Sunday at the United Baptist Church, when Joyce Audrey, daughter of Mr. and Mrs. E. E. Collins, was united in marriage with Byron Paul Crouse, son of Mr. and Mrs. H. S. Crouse of Lower Branch, Lunenburg County. The ceremony was performed by Rev. D. L. Kennedy, assisted by Rev. Clifton Monk, in the presence of friends and relatives. Miss Gladys Conrad was organist.

The bride, who was given in marriage by her father, was charming in a white taffeta and lace dress worn with a train and with veil capped with pearl beads in flower arrangements. She carried a shower bouquet of pink roses and fern. Her attendant was her cousin, Miss Joan Collins of Lunenburg who was attired in a floor length gown of Alice blue sheer with

matching headdress and a nosegay of pink carnations and blue bachelor buttons. Thomas Guy, Jr., was best man.

A reception was held at the home of the bride's parents for about 30 guests. Mrs. Collins wore a grey frock with fuschia and a corsage of roses in matching shades. Mrs. Crouse, the groom's mother, wore a black gown trimmed with sequins and a similar corsage. The house was attractive with gladioli, roses, and sweetpeas, and the bride's table, candle lit, was adorned with roses and a beautifully decorated wedding cake. Rev. C. L. Monk proposed the toast to the bride, to which the groom responded in a fitting manner. Miss Betty Marshall and Mrs. Rosalind Lohnes assisted, the hostess.

The young couple left on a honeymoon trip through the province, after which they will make their home in Bridgewater. For travelling, the bride wore a blue wool suit with black hat with pink ostrich feather trim and a top coat of Scotian blue wool.

Which is most important, the citizen of tomorrow or the citizen of yesterday? "Both are equally important to the Salvation Army," declares Commissioner Charles Baugh, Territorial Commander for Canada, "because both are human elements which need understanding and guidance and often requires institutional care."

Economically, perhaps, citizens of tomorrow are most deserving of attention. Among

LAST YEAR approximately 1,761,200 Canadians were materially helped by the personal services of The Salvation Army in its:  
Maternity Homes

Old Folks' Homes

Children's Homes  
Children's Summer Camps

... there you'll find the understanding heart, the human touch of THE SALVATION ARMY

The Salvation Army is continually saving lives for Canada. From the man whose misdeeds have landed him in misery, poverty, or jail, to the girl trapped by weakness or betrayal... from the unwanted babe or neglected child to the old man or woman forgotten in the sunset of life... The Army stands ready to serve all who are in need.

The understanding heart and the human touch of the Salvation Army make it a powerful agency for social good.

them will be more than 1600 children of unmarried mothers cared for last year by the Salvation Army. They deserve all the rights and privileges implied by the term 'a born Canadian,' says the Commissioner. In its 31 maternity and receiving homes the Army seeks to provide safe surroundings to ensure a good start in life, free from stigma.

But citizens of yesterday make equal claim upon the Army's "human touch and understanding heart," the Commissioner states. He said that aged men and women, having made their contributions to the social and economic life of the nation, also deserve consideration. Increase of old age pensions is a step in the right direction, the Commissioner feels, but often the need goes farther. Protection and congenial accommodation are necessary, and in 16 Sunset Lodges and Eventide Homes operated by the Army, over 800 aged people find haven.

To care for Canada's citizens of tomorrow and yesterday, as well as the host of today's citizens who need help, the Sal-

vation Army's national Red shield appeal for \$1,000,000 will begin across Canada on Monday, September 15.

"The Salvation Army feels certain that the public of Canada, and the hundreds of willing workers who every year give liberally of their time, will assure the success of the Appeal," Commissioner Baugh declared.

## Dulsing Days In Fundy Bay

Enthusiastic Maritimers are at it again, sending dulse to be-  
nighted landlubbers in Upper  
Canada. There is a strange  
quirk in human nature that  
makes a man feel that every-  
body else should share his taste  
for frog's legs, horseradish, birds  
nest soup—or dulse. But then,  
the innate conservative streak  
that makes us shun everything  
to which we are not accustomed  
is just as irrational. After all,  
most people acquire a taste for  
olives and dill pickles. Dulse is  
another delicacy, with a strong-  
ly individual consistency and a  
flavor that can be habit form-  
ing.

A vast country like Canada  
has many edible specialties, in  
its varied climes and elements,

like the wheatburger that is be-  
ing publicized in Saskatchewan,  
the maple sugar of Ontario and  
Quebec. The Maritimes are fa-  
mous for their blueberries and  
cranberries, and of course their  
apples. And then the sea yields  
cod and herring, lobster and  
crab. The sea meadows, too,  
have crops to yield, and it is  
here that dulse is found.

The farmer's fields grow up  
in clover and grass and grain;  
the meadows of the sea are  
hosts to a variety of clinging  
vegetation—the straggling, bul-  
bous green seaweed, broad,  
thick, rubbery kelp, delicate  
masses of Irish moss, and the  
fan-like, green-brown fronds of  
dulse. Dulse is used in Medi-  
terranean cooking; it's named in  
Gaelic, and the Scots and Irish  
like it as a relish for their food;  
Canada's Maritimers keep it a-  
round the house in bags and  
boxes as more effete folk keep  
chocolates, and chew it as mil-  
lions of North America's victims  
of high-pressure salesmanship  
chew insipid and un nourishing  
gum.

The best dulse grows on the  
Bay of Fundy shore, where the  
tides rise as much as 60 feet.  
Under the high cliffs at Gulliv-  
er's Cove down along Digby  
Neck, across the bay at Grand  
Manan and Musquash, the men  
and boys of the farms and fish-  
ing villages find dulsing a pro-  
fitable sideline in the June-

September season of warmth  
and long days. Out on the rocks  
at low tide, or leaning from  
jaunches and dories, they tear  
the dulse from its bed. They dry  
this sea harvest on the boulders  
of the beach in the sun, and the  
job must be quick and thorough,  
for any remaining dampness, or  
sudden fog or rain, will spoil  
the cure. There the dulse tans  
to a glossy, purplish red.

Then the "Bluenose caviar"  
is ready for eating in the raw  
state, though it may be toasted  
to a crisp brown. It's a bit  
tough at first, but softens with  
age. The salt that lies between  
the thin layers of the dulse  
gives tang, and the strong iodine  
content is good for preventing  
or remedying goitre and thy-  
roid troubles. The longer you  
chew, the more the flavor im-  
proves.

Ten cents buys a generous  
bulk of the light stuff, and in  
Maritime stores it's as common  
as potato chips. On the wharves  
and at bridge parties it contri-  
butes to sociability and the so-  
litary addict finds dulse chew-  
ing conducive to rumination.

Here is a native delicacy with  
which more Canadians should  
become acquainted.

ZEN, Ottawa.

## Nova Scotia Craftsmen To Meet In Sydney

Nova Scotia Craftsmen will  
gather this year at Sydney  
where the 3rd annual Crafts-  
men-at-work Exhibition will be  
held to demonstrate their tal-  
ents and display their products.

The exhibition, sponsored by  
the Department of Industry and  
Publicity and the Y. M. C. A.  
and Kinsmen Club of Sydney,  
will be held at the Y. M. C. A.

building in the Steel City the  
week of September 15.

Sydney was chosen this year  
as the locale of the handicrafts  
exhibition for the benefit of the  
many Cape Breton craftsmen  
who find it difficult to make  
the long journey to Halifax for  
the occasion.

Plans are already being for-  
mulated to show the exhibition  
in Amherst in 1948 and possibly  
in Yarmouth the following year.  
The object of the exhibition  
is to bring before the public the  
best of native Nova Scotia  
handicrafts. Needlecrafts, knit-  
ting, woodcarving, pottery, lea-  
ther work, jewellery making,  
rug hooking and other crafts  
will be demonstrated by expert  
provincial craftsmen.

It is interesting to note that  
several of the demonstrators at  
this year's exhibition received  
their training through craft  
classes sponsored by the Hand-  
icrafts Division of the Depart-  
ment of Industry and Publicity  
under the directorship of Miss  
Mary E. Black.

At the first Craftsmen-at-  
work exhibition held in 1945 in  
Halifax most of the products  
exhibited were the work of in-  
dividuals who had received  
their training in schools or from  
neighbors or members of their  
own families. In 1946 about  
one-third of the products were  
made under the supervision of  
members of the Handicrafts  
staff, but this year the major  
portion of the exhibits will have  
been produced by individuals

contacted by government in-  
structors.

Direct sales by Nova Scotia  
handicraftsmen and also sales  
made through Gift Shops dur-  
ing the past summer have pro-  
ved beyond a doubt that visi-  
tors are interested in purchasing  
well-made, interesting, moder-  
ately priced handicrafts with a  
true Nova Scotia flavor.

"Charity suffereth long and  
is kind," but wisdom must go-  
vern charity, else love's labor is  
lost and giving is unkind.—  
Mary Baker Eddy.

That charity is bad which  
takes from independence its  
proper pride, and from mendic-  
ity its proper shame.—Southey.

Mr. Francis was a member of the Canadian Army overseas during World War II and served about five years with the W. N. S. R. He is survived by his wife, Violet Francis; three sons; Curtis, Vincent, Weldon and two daughters, Esther and Bertha. ## Queen Elizabeth's Captain Says:

The captain of the liner, Queen Elizabeth, is a "teetotaler," says Don Iddon, in the "Sunday Mail" (Australia).

"I gave up even the mildest drink after taking over the Queen Elizabeth; there is so much entertaining to be done in New York, Southampton, and on board. We would all be better without it," he says.

"They seem very much a pleasure-loving crowd aboard this trip, and I cannot help comparing them with the men who sailed in the Queen Elizabeth the last time I crossed in her. She was then a troopship, and I had 15,000 American soldiers coming home from the war. Every square foot of space was occupied by men. We carried our lifebelts at all times, had two meals daily, and counted ourselves lucky there was no drinking, or very little."—Temperance Advocate.

## Fisheries Show

### Next Week

Interrupted by the war, the Nova Scotia Fisheries Exhibition will be resumed this year opening at Lunenburg on Tuesday and running for five days. Committees have been planning for two years for this re-opening of "The Mardi-Gras" of the Sea, and it promises to eclipse all previous shows.

In the past, the Exhibition buildings were the Arena and the old curling rink, giving as much floor space as any other Exhibition in the Maritimes, but this year the new curling rink has been added to the Exhibition Park, making a total floor space in the three buildings of approximately 40,000 square feet.

The Exhibition Park which is being developed as a community centre, had its face lifted this summer when 35,000 yards of earth was taken from the hill behind the grounds and spread over the lower area, making the place twice as large and attractive.

## Chemical Eases Farm

### Labor Shortage

Farmers in general and fruit growers in particular are very short of help to harvest their crops this fall. The problem has become more acute since most of the high school help is back in the classroom.

One way to overcome the labor shortage is the use of a chemical spray which prevents apples from dropping, thus extending the picking season over a longer period of time. Less than one-fifth of an ounce of the active principle, a naphthalene acetic hormone, is required per 100 gallons of water to give excellent results.

Recommended for use when the first sign of drop appears, this chemical is safe and can be applied with an ordinary type orchard sprayer. The rate of maturity is unaffected, therefore fruit should not be left on trees beyond normal stage of harvesting maturity.

### Fishing Season

### Not Successful

The fishermen of Church Point and district have not fared as well as they should have with their weirs this season. Although they will realize a slight profit, the catch has been light except on a few occasions.

The mackerel catch ran pretty good for a while and for most of the summer herrings were scarce, but the local fishermen state that the run of herrings has been better the last few weeks. On one occasion, over half of the catch of the day had to be dumped due to lack of market and no means of keeping it.

With the high costs of the construction materials for a weir, it is quite a gamble on the part of the fishermen each season. Fishing in general is more or less a gamble and no one should be against high prices paid to them for their catch.

## DEMONSTRATES HOW TO THROW POTTERY

Besides weaving, rug hooking, wood carving, and other crafts, the throwing of pottery will be demonstrated this month at Sydney when Nova Scotia craftsmen gather for the third annual "Craftsmen-at-Work Exhibition" to be held September 15 to 20. ABOVE, Miss Emily Church of Falmouth, one of No-

va Scotia's expert craftsmen, demonstrates her skill at throwing pottery on a wheel. From Nova Scotia clay she produces such excellent pottery as shown at the right. Handcraft classes sponsored by the Department of Industry extend from one end of the province to the other with emphasis on rural areas. During the four years since the

Handcrafts Division was organized, over 1000 persons have been contacted in these classes as well as many others who have been given individual aid by the various instructors. Several of the skilled craftsmen who will demonstrate their talents and products at the Sydney exhibition received training through these classes.

### SUCCEEDS CHURCHILL IN YARMOUTH

Bruce M. Trenholm, one of the younger members of the agricultural representative service of the Nova Scotia Department of Agriculture and Marketing, is the man who has been selected to occupy the position of agricultural representative in Yarmouth County, succeeding H. H. Churchill, whose retirement on superannuation was announced by Hon. A. W. Mackenzie, Minister of Agriculture and Marketing, recently.

A native Nova Scotian, and a graduate of Macdonald College, Ste. Anne de Bellevue, Quebec, Mr. Trenholm is particularly well qualified to serve in Yarmouth County since he was brought up on a large dairy farm, his father, Scott Trenholm, Grand Pre, being recognized as one of the leading Holstein breeders in the province.

Mr. Trenholm, who served as a pilot with the Royal Canadian Air Force during World War II, has already taken over the office vacated by Mr. Churchill, and with his wife and young daughter, taken up residence in Yarmouth. Mrs. Trenholm is a daughter of Mr. and Mrs. Lorne Logan, Wolfville.

### CLEAN THE STABLES

Clean stables have much to do with keeping livestock healthy. With stock out on pasture there is an opportunity to do a little extra cleaning up. After the stables have been thoroughly cleaned they may be sprayed with a limewash containing a suitable disinfectant. Flies and mosquitos around farm buildings are a source of annoyance to both humans and to livestock, apart from being possible carriers of disease. The new chemical DDT is effective in helping to keep stables and other farm buildings free of these pests. Any of the commercially prepared barn sprays containing five per cent DDT may be used for this purpose, and the instructions of the manufacturer should be followed.

One gallon of spray will cover 1,600 square feet and sufficient DDT will be deposited on the surface to last for some months, though the length of time spray will remain effective depends upon the nature of the surface sprayed, exposure to sunlight and weather, dust and dirt which may cover the deposit, the effect of rubbing or sweeping the surface when cleaning, or contact with the bodies of animals or other objects. In addition to spraying the interior of stables and other buildings, the outside around doors and windows should also be treated.

### PRODUCTIVE SOW

Here's one for the books. In less than one year, it is reported that a sow belonging to Bert Lester of Warwick, Ontario, has produced 53 pigs in three litters. In July, 1946, the sow had 18 pigs and on Christmas morning another 17. Last June 14th, 18 more were born.

He gives not best who gives most; but he gives most who gives best.—Warwick.

### WESTPORT SENIORS DEFEAT TIVERTON

The Westport Seniors defeated Tiverton to the tune of 9-8. The game was tied up until the sixth inning and then Tiverton led with a score of 8-4.

At the dining room a small table was festooned with green and white at which the young couple sat to untie their gifts of china, silver, linen, pyrex. They were also presented with a silver dessert set suitably engraved from the Advent Christian Church. About forty guests were present. A buffet lunch was served.

Through the courtesy of Mrs. Helen Anthony, the Anglican Deanery Camp for Girls was held this year, from Aug. 27 to Sept. 2 at Camp Arcadie, Sandy Cove.

The personnel of the Camp was twenty-six in all.

A delightful six days was enjoyed by the campers. The weather was perfect, and all conditions ideal.

Riding was very popular; many girls learned to row, and some strong swimmers were given instruction in paddling canoes. There was a daily period for swimming and water sports for those who cared to take part. Tennis enthusiasts enjoyed the beautiful tennis court. The high spots of the week were an extensive treasure hunt, Beverley Payne of Granville finding the treasure, an expedition to Little River, and a luncheon on the Bay shore.

On the last night prizes were awarded round the camp fire, and a vote of thanks to Mrs. Anthony was proposed by Miss Ruth Gabriel of Annapolis. This was followed by rousing cheers. Camp Arcadie has everything to make it a perfect summer holiday camping place for girls. The buildings are attractive, and very comfortable. The girls sleep in cabins, each with its own water supply, electric light, and a big open fire place. There is a delightful main cabin with a kitchen, dining hall and all sorts of indoor recreation facilities. ## MARRIAGE

### Fudge - Woods

A wedding of particular interest to their many friends in Nova Scotia and New Brunswick was solemnized in St. Patrick's Church, Digby, on Monday, Sept. 1, when Alice Patricia, eldest daughter of Mr. and Mrs. Joseph P. Woods of Deep Brook, was married to Robert William Fudge, son of Harry Fudge and the late Mrs. Fudge of Halifax. Rev. Fr. Leo Day officiated. The bride, a picture of girlish loveliness in satin, with puffed sleeves and a gown of brocade net over white sweetheart neckline, carrying a bouquet of roses was given in marriage by her father. Her only ornament was a single strand of pearls, a gift of the groom. Her veil featured a long train which was carried by her little sister, Monica, dressed in blue. The bridesmaid was the bride's sister, Agnes, who wore a gown of yellow, identical with that of the bride's, and carried a bouquet of carnations. Little Betty Woods, another sister, was the flower girl, and wore a floor length dress of pink brocade with puffed sleeves and full skirt. She carried a basket of fall flowers. The groom was supported by Mr. Earl Kline of Halifax.

The bride's mother wore a fall suit of green with black accessories, her corsage being of yellow roses.

After the ceremony a reception was held at the home of the bride's parents, where relatives and friends of the young couple from Nova Scotia and New Brunswick were served a bountiful wedding breakfast. Following the reception the bride and groom left on a wedding trip through New Brunswick and Nova Scotia. The bride's travelling costume was a brown gabardine suit with fawn accessories and a corsage of talisman roses.

The display of gifts included silver, linen, electrical appliances, cheques from both the bride's and the groom's parents. On their return, Mr. and Mrs. Fudge will reside in Halifax.

The groom was supported by his brother, David.

Lord, the righteous Judge, shall give me at that day; and not to me only, but unto all them also that love his appearing." The floral tributes were numerous and beautiful bearing tribute to the high regard in which he was held by everyone.

Chemistry?

WELL, I'VE HEARD OF IT!

**YES, EVERYONE** has heard of chemistry but few of us realize the part it plays in our daily lives. Countless products are entirely chemical. It improves and reduces the cost of many things. It creates jobs.

At home, chemistry becomes personal. It purifies the water we drink, improves the food we eat, the clothes we wear. It comes to us as salt and in soap. We meet it in "Cellophane", nylon, paint and plastic form. This would be a drab life without chemistry.

Regardless of world conditions, this progressive science drives ahead towards the goal of better working and living conditions... with the C-I-L oval trademark as symbol of an organization devoted to serving Canadians through chemistry.

**USES FOR JACK PINE**

Twenty-four years ago, the communications department of the Canadian Pacific Railway, more or less as an experiment, installed a new type of telegraph pole along 31 miles of track of the Algoma district in Northern Ontario. The poles were made from the lowly jack pine, long considered the comparatively useless poor relation of the Canadian forest, treated with creosote—the first installation of any consequence in Canada.

In order to provide increased clearances for new automatic block signal wires 495 of the poles in this section are to be replaced with longer poles this year. But so successful was the "experiment" of 1923 that many of the shorter poles are to be used elsewhere on the system, and not a single pole has had to be replaced since that time due to rotting.

In the top picture some of the poles can be seen, still as good as new, along a stretch of track on the main line just west of Ramsey, Ont., with a standing jack pine snow break, effective and economical, on the right hand side of the track. At lower left Canadian Pacific officials test two of the poles to discover the penetration of creosote as forestry experts look on, and the outer rings on the poles in the third picture show the 100% penetration of the creosote.

Mrs. Marguerite Thibault, Mr. the Royal Bank of Canada staff and Mrs. Thibault are from here. They will replace Miss Antoinette L. Belliveau and Miss Anita LeBlanc and Miss Miss Jacqueline Theriault who Loretta Thibault have joined will resign in October.

**Gravel Bars Hinder Fishing**

Something should be done about clearing the entrance to Church Point wharf soon. The entrance is gradually being blocked by a gravel bar and it is extremely difficult for the fishermen to enter. At the present time they can only enter the harbor at half tide.

The gravel bar, which has been removed several times already, the last time being last fall, returns each year at the exact position at the end of the first block of the main wharf, closing the entrance except for at high tide. If this bar is not removed before the lobster fishing season commences in a few months, it will cause hardship of the local fishermen.

Last season there were over ten boats fishing out of Church Point, and there will be equally as many this season. Some threaten to move to Meteghan wharf if the gravel bar is not removed.

Repair to the main wharf took place during the early summer, which consisted chiefly of renewing part of the facings of the wharf, and the entire monies spent on this was in the vicinity of three thousand dollars. It was thought that the gravel bar would also be removed at the same time but nothing has been done to date.

The local fishermen are not altogether pleased with the treatment that they are receiving in regards to the repair and dredging of the wharf here. There is something radically wrong in the way that only small sums of monies is voted for the repairing of the Church Point wharf.

An engineer is sent to examine the wharf and he sets the amount that is needed at that time. Eight or nine months later the money is voted for the job, but in the intervening period the damage is increased due to heavy gales. By the time that the work is started the damage has increased twofold, and lack of sufficient funds necessitates waiting many months before the job can be completed.

If repair jobs could be done shortly after the original damage to the wharf has taken place, a considerable amount of money could be saved and the wharf made more safe for the fishermen.

Give work rather than alms to the poor. The former drives out indolence, the latter industry.—Tryon Edwards.

## Receives Report On Corn Specimen

Aubrey Forest of the Light-house Road, who last week sent in a specimen of corn which was infected to the Entomological Laboratory at Annapolis Royal, has received a report on this specimen. The report is as follows:

Dear Sir:  
The cob of corn which you forwarded is infected with corn smut. This is a fungus disease which is almost world wide in its occurrence, but is usually of little importance in Canada. We usually have a few samples sent in each year from widely separated areas. The spores are air-borne and consequently control measures are difficult, but fortunately, up to the present, there has been no necessity of practising control measures in Nova Scotia.

Yours very truly,  
A. D. PICKETT,  
Officer-in-Charge

## Celebrates 86th Birthday

W. E. VanBlarcom, Digby's "grand old man," celebrated his 86th birthday Tuesday. Still hale and hearty, although saddened recently by the death of a favorite grandson, Mr. "Van", as he is known to all about him, is one of the most active men in the county and makes regular trips throughout his district in his business of clothing salesman.

On October 11th., Mr. and Mrs. VanBlarcom will celebrate the 59th anniversary of their marriage. Son of a former County Sheriff, Mr. VanBlarcom for some years acted in this capacity during his father's illness. He has been most active in the business life of the county for years.

## School Board Asks Navy League To Take Over Sea Cadets

At the regular meeting Monday night, the School Board decided to ask the local branch of the Navy League of Canada to take over the supervision and operation of the Digby Sea Cadet Corps, R. C. S. C. "Cornwallis." This Corps has been under the direct control of the school board since its organization.

It was pointed out at the meeting that, under new regulations, issued by the Department of Education, credits would no longer be given in the senior high school grades for cadet training as in previous years. This would necessitate the adoption of other academic subjects to replace cadet training. Because of this, and because of timetable pressure, it would no longer be possible to carry out cadet training during school hours for the senior grades.

The Board felt, because of this situation, it would be better to have the Sea Cadet Corps under the direct control of the Navy League rather than the School Board.

According to the Supervisor's report, 90.4% of the Ship's Company of the Sea Cadet Corps were on parade at the annual inspection held June 5th by Area Commanding Officer Captain F. G. Hart of H. M. C. S. Stadacona. Captain Hart expressed satisfaction over the degree of efficiency of the Corps.

Thirty cadets under the command of Lieutenant C. F. MacBride, Executive Officer of the Corps, attended the summer camp at Herman's Island, Lunenburg County, from August 4 to 16.

## Digby Academy To Withdraw From Accredited System

Decision was reached at the Monday night meeting of the School Board to withdraw from the Department of Education's Accredited System. No application will be made this year for accredited standing for the Academy.

It was pointed out at the meeting that during 1946-47 only twelve high schools in the province had adopted the accredited system and that many of the best schools would have nothing to do with it, claiming the Common Examining Board is fair in the setting and marking of examinations and effectively selects and certifies suitable qualified students.

The Board felt that since the Digby Academy offers a wide choice of subjects and carries on many extra-curricular activities, and has not the staff or time to carry out the details required for accrediting pupils and that both Board and staff are fully satisfied that the Common examining Board is doing a good job through the Provincial examinations, it would be advisable not to re-apply for accredited standing for the Academy.

The Digby Academy first adopted the Accredited System in 1938. In 1945 the Academy was placed on a probationary basis until such time as the standard of pupils applying for and passing the Provincial Examinations had been raised. In September, 1946, this probation was lifted because of the high percentage of passes in June of that year. Again this year, the report concerning Digby Academy pupils from the Common Examining Board was very satisfactory with 29 pupils writing the examinations and 23 securing passes.

Mr. and Mrs. Irving McKenna are on a motor trip to Upper Canada which will include a visit at Mr. McKenna's former home, North Bay, Ontario.

## Digby County Exhibition Opens in Bear River

Under a cloudless sky and with perfect weather, the annual Digby County Exhibition got under way in Bear River yesterday. During the morning hours judging of cattle and horses took place. Exhibits of horses and cattle this year are far above the average and, according to reports, both quality and numbers exceed that of exhibits since before the war.

In the main building displays of homecraft are both numerous and excellent. Along one wall are cabinets crowded with exhibits of cookery, lovely pies, cakes, cookies, jelly rolls, bread and other delicacies. Homemade cottage cheese, sage cheese, butter and other choice examples of homemaker's art are also on display.

A new feature of this year's exhibition is a display of handcraft work by the Acadian Women of Clare under the name of

D'Artisan Handcrafts, Comeauville. This display, which has not been entered in competition, is particularly effective. On display are beautiful handmade quilts, baby clothes and other items. Hand woven blankets and beautiful hand woven bolts of cloth are also exhibited. One of the items on display in this booth is a beautiful angora wool bed jacket. The lady who made this article owns the rabbits from which she clipped the wool carded it and wove it into the beautiful jacket which is displayed. Every item on display is handmade by members of the hand craft club sponsoring the exhibit.

Another new feature of this year's fair is a wonderful display of portraiture by Mrs. Jeannette Yates of Digby. This display, made up of large portraits, lines one wall of the fair building and includes some love-

ly scenic pictures taken by the late Paul Yates and hand tinted by Mrs. Yates.

School exhibits this year at the fair are particularly good and show great industry among the pupils of Digby County schools. Some of the poster work displayed is almost professional in its excellence. Domestic science work displayed by school pupils is also well worthy of mention and shows great application to methods and procedure taught in the schools of the county.

In the displays of knitted wear, needlecraft and quilt making, the women of the county have really excelled themselves and these are a real credit to the women of this section. Beautiful displays of gorgeous cut flowers and potted plants are also on exhibition and show that our people are excellent horticulturists.

In the fruit and vegetable displays are some wonderful examples of the farmer's art. This year exhibits of apples are numerous contrasted with a small display last year. Grapes, peaches, pears, plums and other fruit, all grown in the county, are also on display.

In conversation with H. E. Chisholm, Secretary-Treasurer of the Exhibition, the Courier learned that early yesterday morning there had been an increase of 10% in the number of exhibits over last year with more to come. Mr. Chisholm stated exhibits were far superior to previous years, particularly in the home arts section.

At time of going to press, no results of the judging contests are known but these will be given in our next issue. The exhibition continues today and tonight.

## New Variety Of Peach

The Editor had a gift of a half a dozen peaches last week and thereby hangs a peach of a story. They were grown on the farm of James Winchester, Joggin Bridge, from a peach stone put into the ground some years ago. It grew and it grew—and it grew—and a neighbor who had watched its growth advised him to cut it down as being no good. Then it produced one peach, the next year several.

They were exceptionally large and well flavored. Several were sent to the Experimental Stations, but they could not be identified as any known variety, and the stations have asked for cuttings for grafting purposes.

The peach is a "freestone", well formed and well colored. These we had were about 8½ x 8½ x 8, and the flavor—well, we'll borrow two well known advertising slogans, "good to the last drop" (of juice), and "the memory lingers."

We would suggest "Winchester Peach" as a suitable name.

Mrs. Laura MacKay, who has been visiting the past month with her brother, Evan Dunn, and Mrs. Dunn, has returned to Kirkland Lake, Ontario.

Services will be resumed in Trinity Anglican Church this week. The rector, Rev. F. B. Caskill, is on vacation, and services this Sunday will be conducted by Lay Reader Victor Cardoza.

## Women's Institute Holds Meeting

The September meeting of the Smith's Cove and Joggin Bridge Women's Institute was held at the home of Mrs. George Weir with the president, Mrs. Mark Longworth, in the chair.

Matters pertaining to the Institute Memorial Park were discussed. Plans for the park, drawn by Mr. Mark Longworth, landscape architect, were presented to the Society by Mrs. Longworth.

A vote of thanks was extended to the local girls, Lillian Laramore, Joan Weir, Frances Weir, Joyce Adams and Jean Adams for their assistance in collecting money for the monument to be erected in the park.

A vote of appreciation was extended to Mr. Longworth for his co-operation, and the fine spirit he has shown by working that this little park may become a beauty spot in the Community.

At the close of the business period, tea was served.

The next meeting will be held at the home of Mrs. Thornton, Joggin Bridge.

Mrs. Earl Jamieson and daughter, June, have returned to their home in Saint John, having spent the summer at the home of Mr. and Mrs. Evan Dunn. Mr. Jamieson accompanied her, having completed his job as Pro for the Pines Golf Club.

Mrs. George Winfield and Neta McNeill are visiting friends in Westport.

## School Enrollment Reaches All Time High

According to the Supervisor's report presented at Monday night's meeting of the School Board, enrollment at Digby Academy has reached an all-time high with present figures showing a total enrollment of 619 pupils. Of this number, 408 are from the town of Digby, 194 from the consolidated area, and 17 from outside the consolidated area.

Mr. Purdy stated accommodation had been found for all students, but at the expense of efficiency and proper ventilation requirements. Congestion in all rooms except Grade 11 is now at a point which cannot be exceeded. In order to accommodate students at the Junior High or Maiden Lane School it was necessary to remove twelve desks from the Academy.

## Academy Pupils Have Good Record In Provincial Exams

Digby Academy pupils set a good record in the recent Provincial Examinations, it was revealed by Supervisor Purdy in his report to the School Board Monday night.

Of thirteen pupils writing the examinations in Grade XII, 12 made passes. In Grade XI sixteen wrote with ten full passes and one partial. The percentage of town pupils from the Academy

writing the examinations, who secured passes, was 79.3%. The overall percentage for the province for town pupils was 48%.

Highest average in Grade XII in the provincial examinations among Digby Academy pupils, was made by Vera Atkinson with an average of 84%. This is thought to be well up towards the provincial record.

## Kiwanians Hear Of Smaller Businesses

Arthur D. Cronin of Boston, who, with Mrs. Cronin, has been spending his vacation in Digby, was the speaker at last week's Kiwanis meeting, held in our Lodge last Thursday evening. He is a deep student of economics and he spoke on the problems of the smaller businesses in the United States. His talk was very interesting and much appreciated by his listeners. He reviewed the steps taken which led to the establishment of the smaller business associations and told of the commercial strength of the smaller businesses, of which there are a million and a half in the United States employing less than ten.

## Sniper Cuts Power Line

Theatre programs in Digby were cancelled Monday night due to a power shortage. It is understood the shortage was caused by the shooting off of one of the pole insulators on the Nova Scotia Power Commission high tension line near Caledonia.

At present the Digby Power Board which supplies electric power to the Town of Digby is securing power from the Nova Scotia Power Commission station on the Mersey through the sub-station at Acaciaville to supplement its own supply from the plant at Weymouth.

Monday night's shutdown of power from the Mersey line came at a particularly bad time since water had been let off the dams at Weymouth in order to allow the Highways Department to make bridge repairs in the area and it was difficult to boost the power to the necessary level to permit operation of the theatre. Street lights in Digby were shut off in order to boost domestic power. The shortage was relieved later in the evening.

Dr. Aubrey W. Landers, Professor of Mathematics at Brooklyn College of the City of New York, who has been visiting his mother, has returned to his home in Forest Hills, N. Y. This was Professor Landers' first visit to Nova Scotia since 1939. During the war, he was a Lieutenant Commander in the United States Navy and was assigned to duty in Washington, D. C.

## About This and That Courier Enters 74th Year of Publication

With this issue the Digby Courier enters upon its seventy-fourth year of publication. During all the years that have passed the Courier has faithfully recorded the many vicissitudes through which the town and county of Digby have passed. It has rejoiced with the people of this district in good fortune and has extended a sympathetic hand in times of distress.

In the columns of the Courier during the past seventy-three years have been recorded the births of many persons destined to become leaders not only in their native town or county of Digby, but also influential men in world affairs. During that time also, we have sadly noted the deaths of many who, having lived, left their mark indelibly on the pages of history of our town and county.

The Courier has, during the past seventy-three years, through its editorial columns, advocated many reforms and improvements, some of which have been adopted by the authorities concerned to the benefit of us all. While some of the things advocated by the Courier have not yet come to pass, it is our fervent hope that when time and opportunity permit, we shall see the results of labours.

In entering its seventy-fourth year of publication, the Courier pledges to its readers the same fair and unbiased news coverage it has given its readers in the past together with improvements in service brought about by changing times. We shall continue to go forward with Digby, working always for the good and the best interests of our town and county and striving continually to maintain and better the high standards which this paper has always held.

Enlighten the people generally and tyranny and oppressions of both mind and body will vanish like evil spirits at the dawn of day.—Thomas Jefferson.

We understand best that which begins in ourselves and by education brightens into birth. — Mary Baker Eddy.

Instruction increases, inborn worth, and right discipline strengthens the heart.—Horace.

MARRIAGE

Campbell - Cameron

On Friday, September 12, at 2 p.m., the first Presbyterian Church, New Glasgow, was the scene for the marriage of Helene Campbell, elder daughter of Mr. and Mrs. Albert I. Cameron, of New Glasgow, and Dr. James MacLellan, only son of Mr. and Mrs. A. B. Campbell, of Digby. The softly blending colors of many summer and early autumn flowers, gladioli predominating, made a beautiful background for the bridal party.

To the music of the wedding march, the bride, preceded by her maid of honor and bridesmaids, moved up the aisle on the arm of her father, by whom she was given in marriage. Rev. Wilfred MacLellan performed the single ring ceremony to the accompaniment of softly muted music, played by Mr. W. E. Fife.

The bride was a picture of youthful grace, wearing a gown of ivory bridal satin, with a sweetheart neckline, sleeves slightly full at the top tapering to a long point over the wrists. The bodice, with long torso, was laced at the back with many tiny, hand-made, satin covered buttons. The skirt, gathered at the back, fell in a medium length train. The veil of net, held in place by a coronet of satin edged with tiny white forget-me-nots, fell to floor length.

The bouquet of dark red roses, with white streamers, accentuated the lovely simplicity of the gown. She wore only one ornament, a single strand of pearls, gift of the groom.

The maid of honor, Miss Helen Ballantyne and bridesmaid, Miss Ethel Shaw, R.N., wore similar gowns. Miss Ballantyne's of pale blue nylon net, with flared off-the-shoulder effect, floor length with slight train, matching fingerless mitts of net, and bouquet of pink carnations and baby's breath. Miss Shaw's gown was of pale pink nylon net, with matching mitts, and her bouquet was of tallman roses. Both wore shoulder length veils held in place by coronets to match the gowns.

The groom was supported by Dr. Donald Lindsay of Halifax. The ushers were Dr. James Wilson of Saint John, N. B., Dr. Eric Cleland, Halifax and Hugh Cameron, brother of the bride. During the signing of the register, Miss Norma Cameron, sister of the bride, sang "I'll Walk Beside You" with organ accompaniment played by Mr. Fife.

Following the ceremony, a reception was held at the home of the bride for the many friends and relatives gathered to honor the young couple. Receiving with the bride and groom were Mr. and Mrs. Albert I. Cameron, Dr. and Mrs. A. B. Campbell, the Maid of Honor, and the Bridesmaid. Mrs. Cameron wore black silk crepe, with softly draped yoke of pale pink lace, and her corsage was of pink roses. Mrs. Campbell also wore black crepe, with black lace, and her corsage was of dark red roses. It was the twenty-fifth wedding anniversary of Dr. and Mrs. A. B. Campbell, and the date was chosen by the young couple to honor this event.

In the dining room the three-tier wedding cake, with silver candleabra made a lovely centerpiece, placed on a handmade cutwork white linen banquet cloth, with narrow hand crocheted edge. Mrs. John MacLellan, sister of Mr. Cameron, and Mrs. Victor MacDonald, sister of Mrs. Cameron, presided over the tea services. Miss Lois Cameron, R.N., served the bridal party. Others serving were Mrs. Arnold Cameron, Mrs. Murdoch, the Misses Kay Cavanagh, Eleanor Cameron, Virgie Cameron, and Lenora MacMillan.

Shortly after the bride, assisted by the groom, had cut the wedding cake, they left by motor for their wedding trip. The bride chose for travelling a suit of blue, turquoise shade, with dark brown accessories, and she wore a corsage of pink roses.

They will visit a number of Nova Scotia beauty spots before returning to Kentville where the groom is a member of the medical staff of the Nova Scotia Sanatorium. The bride, a graduate of the Victoria General Hospital, Halifax, was on the staff of the Colchester County Hospital at Truro for some months prior to her marriage. She was honored by her friends who entertained at pre-nuptial parties, and the young couple received many gifts of money, silver, linen, household furnishings and china, showing the esteem in which they are held.

Mr and Mrs. A. F. Humphrey of Somerville, Mass., who have been spending some three months in Digby, returned home Tuesday.

Mr. and Mrs. M. C. Denton left Tuesday on an extended holiday trip.

Mr. and Mrs. Leo Comeau left Monday to visit friends and relatives in New London, Conn., and in various parts of Massachusetts.

Mr. and Mrs. M. F. Parker of Saint John have been visiting Mr. and Mrs. William Vidito of Lequille.

school teacher. Her teaching career began when she was fourteen. She taught in her home school, Brighton. After that she taught in several Digby County schools and on Digby Neck at Mink Cove and East Ferry. On December 8, 1885, she was married to the late Edwin A. Gidney and their home, "Burnside", at Mink Cove, was one of the first tourist hotels on Digby Neck.

After the death of her sister, the late Mrs. Amasa Eldridge, she became owner of the well known summer hotel, "Hillcote Farm," at Sandy Cove, which she managed successfully until her death.

"Gram", as she was known to her friends and family, will be greatly missed by a wide circle of friends both in Canada and the United States. She leaves to mourn the loss of a devoted mother, four sons, Edwin A. and Conrad L. of Mink Cove, Donald P. in New Hampshire and Sydney L. of Sandy Cove; eighteen grandchildren and four great-grandchildren; a sister, (Florence Zane Lent) Mrs. Lewis N. Oakes of North Adair, Mass., and a brother, Frank E. Lent of Calgary, Alta.

## MARRIAGE

Manzer - Johnson

The home of Mr. and Mrs. Walter S. Johnson, Mt. Pleasant, Digby Co., was the scene of a very pretty wedding on Friday afternoon, August 29, when their eldest daughter, Thelma Madeline, was united in marriage to Parker Ray Manzer, son of Mrs. Florence and the late Fred Manzer of Ashmore. The ceremony was performed by Rev. F. C. Amery, pastor of Ashmore Baptist Church, the double ring service being used.

To the strains of Lohengrin's wedding march, played by Mrs. Lawrence Bent, of Barton, the bride entered the room looking very lovely in her gown of ivory crepe, floor length, with train to stitched yoke, shirred bodice and long sleeves, worn with finger tip veil and bridal wreath. She carried a bouquet of American beauty roses. Her only ornament was a string of pearls. The bride was attended by her sister, Lois, dressed in pink crepe and carried a bouquet of pink and yellow roses. The groom was supported by Seymour Blackadar of Weymouth.

After the ceremony the bride and groom cut the three tier wedding cake and refreshments of ice cream and cake were served.

The bride and groom left immediately on a honeymoon trip to Brockton, Mass., motoring there with the groom's cousin, Colin L. Manzer and Mrs. Man-

zer. The bride travelled in powder blue suit with black accessories.

The bride was a graduate of Provincial Normal College and a successful school teacher, while the groom is a popular young man from Ashmore. They received a large number of gifts testifying to the popularity of the young couple who carry with them the best wishes of a host of friends. On their return they will reside in Ashmore.

Out of town guests were Mr. and Mrs. Colin L. Manzer of Brockton, Mass.; Mr. and Mrs. F. C. Amery and two children; Mrs. Florence Manzer and daughter, Doris; Mr. and Mrs. Donald Manzer and family; also Mrs. Louis Thibault and Miss Margaret Theriault, all of Ashmore, Digby Co.

Wagner - Chandler

A quiet wedding took place at nine o'clock Friday night at the Baptist Parsonage in Bridgewater when Greta Marion, only daughter of Mr. and Mrs. W. R. Chandler, Chester, became the bride of Kenneth Edgar Rhodes Wagner, son of Mrs. LeRoy Wagner and the late Mr. Wagner of Riverdale, N. S. Rev. W. Kennedy officiated.

The bride, wearing a brown checked suit with brown accessories, was attended by Mrs. L. M. Saunders, sister of the groom. The groom was attended by L. M. Saunders of Digby.

After a short honeymoon at the Bascawin Manor Hotel in Lunenburg, the happy couple will reside at Bridgewater, where the groom is attending Commercial College.

Before her marriage, the bride was a member of the staff of nurses at the Digby General Hospital.

## Creative Banking PLAYED A PART

WHEN A MAN accepts his pay does he ever stop to wonder how it got into his hand . . . who hired the accountants, who sells the products, who ordered the machinery, who picked out the site and built the factory, who put up the original money?

Creative Banking probably had a share in making that weekly pay a practical reality in his hand. Creative Banking plus men of ability with the vision and the courage to borrow money and build it into factories or mines, or buildings.

At The Bank of Nova Scotia we're proud of our share in the development of industry in Canada, proud to have been associated with the men who have made those jobs, those wages and salaries so commonplace they're taken for granted.

Creative Banking helps create more work and better living for Canadians.

Let's do it together!

He is survived by one brother, Stanley Milner of Clementsvalle and the following children: Mrs. Scott, Ipswich, Mass., Elden and John of Morganville, Henry Clifford, Myers and Murray of Princedale; Mrs. L. Fenner and Mrs. Trueman Potter, also of Princedale; Mrs. Walton Riley; Mrs. DeVernet, Riley of Virginia; and Mrs. Ben Thibodeau of Lequille.

His funeral was largely attended. A former friend of the family, Rev. Leon Wright, assisted by Rev. Mr. Young, had charge of the funeral. Favorite hymns were sung. Burial was in Clementsvalle Cemetery.

Adelbert J. VanBuskirk

The death of Adelbert Jones VanBuskirk occurred at his home early Tuesday morning, Sept. 9, after a long illness, at the age of fifty-six. He was a son of the late Mr. and Mrs. William VanBuskirk.

He will long be remembered by many friends and relatives. He leaves to mourn his wife, the former Hazel Grey of Culloden and three daughters, Bessie (Mrs. Harold Minard) of Mount Rose; Hilda (Mrs. Wilfred Coolen) of Wolfville; Dorothy and Adelbert at home; also three brothers and two sisters.

The funeral service was held at the United Baptist Church of North Range and interment was also at North Range. Rev. John Branscombe officiated.

Alberta Allen Stark

Many friends were saddened to learn of the passing of Miss Alberta Allen Stark, a highly respected citizen of Granville Ferry during the past 22 years, whose death occurred at the Annapolis General Hospital early Thursday morning, September 11.

Miss Stark was born at Digby, on August 11, 1876. She was a daughter of the late Joshua Stark and Margaret Elizabeth (Warrington) Stark. Much of her life was spent in St. John, N. B., where the family resided for many years. She came to Granville Ferry with her father and sister to reside in 1925, and has made many friends in this community. She was an active member of the Granville Ferry United Church, took a keen interest in the W. M. S., and a few years ago she was made a life member of that society. At one time she was organist of the United Church and was a valued member of the choir, also, for a time. Her vivid and charming personality will long be remembered by her friends and associates.

Miss Stark had been a patient in a hospital in Boston during the past summer, and she came home a few weeks ago to her home here. Becoming very ill she was taken to Annapolis Hospital where everything was done to ease her suffering which she bore with Christian fortitude until the end.

Miss Stark was the last remaining member of the immediate family; three brothers predeceased her, John, Maxwell and Robert Fletcher; also three sisters, Helen (Mrs. Shampers), Miss Anne Stark and Jean E. (Mrs. Therio).

She is survived by several nephews and nieces, also a devoted sister-in-law, Mrs. Fletcher Stark, who came from Machias, Maine, to attend the funeral.

Funeral services were held on Saturday afternoon at two p.m. from her late home, Rev. Dr. E. M. Baird officiating. The very beautiful floral tributes bore mute testimony of the love and esteem in which she was held. Hymns sung were "Abide With Me" and "Unto the Hills." Pallbearers were Caswell Denton of Digby, K. L. Oliver, Blair Hatfield and Sherman Rice. Interment was in the family lot at Digby.

The Tiverton Mohawks downed Westport at Tiverton Saturday by a score of 16-10 in one of the most exciting games of the season.

In the first inning Westport scored 6 runs off southpaw Donnie Outhouse, who was then relieved by Reggie Outhouse who put the fire out to end the inning. For the remainder of the game, Reggie held the Westporters almost hitless, allowing only 4 runs, 2 hits, 4 walks and 9 strikeouts.

Wilfred Swift and Loran Swift were on the mound for Westport but only held the Mohawks in check for the first two innings. Then the Mohawks went to town getting 14 hits, 3 walks, 8 strikeouts and scoring 16 runs.

This was a great victory for relief hurler Reggie Outhouse, who went to pitch with Westport having a 6 run lead and held them, while the Mohawks went on a rampage to give him the victory.

# Big Program Planned June Tibert Enrolled For Lunenburg Exhibition

The Lunenburg County Exhibition, scheduled to open Tuesday, Sept. 23, will feature a huge parade including floats, commercial entries and the usual presentations from the Bridgewater schools. This parade, always a drawing card for thousands of interested spectators, is already showing signs of establishing a record in the number of entries. Mr. G. F. Dolliver, in whose capable hands the management of the parade is placed, is quite confident that this year's event will be well worth making every effort to see.

Announcement was made by W. J. Crouse, secretary manager of the Exhibition, that indications point to record entry lists in all departments of the exhibition and that the program mapped out gives the Fair a variety of entertainment seldom seen in any show of its kind staged in Nova Scotia.

Horse racing will again be a major attraction at the Bridgewater Raceway, Wednesday and Thursday, Sept. 24 and 25, which will feature the fastest trotters and pacers ever brought to a provincial oval. Manager Sweeney is sparing no effort to make this two-day meet a record-maker in history of racing events in the Maritimes.

With a prize list of more than \$5000, exhibits of livestock, vegetables, poultry and other agricultural produce, together with innumerable manufactured articles, will be displayed by farmers from all sections of the county.

Tug-of-war competitors, horse and ox-pulling matches, will be included in the big program with Bill Lynch's Midway once again providing fun and novelty attractions on the main grounds. Always a major attraction and one that provides thrills for old and young, will be the big, free act presented twice daily during the four days of the Exhibition.

Mr. and Mrs. Ernest Henshaw and son, Philip, of Portland, Me., spent a few days recently with Mr. Henshaw's uncle, Mr. Elmer Henshaw and Mrs. Henshaw, also with his cousin, Mrs. Arnold Purdy and Mr. Purdy and grandfather, Capt. R. K. Henshaw.

EVERYBODY'S BUSINESS

by Don Graham

Offhand you might say that there is no connection between having a hobby and being successful in your work.

But all of us need the relaxing effect of a hobby to counter-balance the strain of hard work.

"Fun is a tonic," says Dr. G. S. Stevenson, eminent mental hygiene authority. "It refreshes us when we are tired or bored with our routine tasks—gives us new strength and enthusiasm for the business of living."

If you have no particular hobby, such as fishing, gardening or photography, you will be well advised to choose one. Or if you indulge in a hobby only rarely, you ought to devote time to it more regularly.

As a result, you'll be happier and probably healthier. And you'll surely do a better job!

P.S. An acquaintance of mine made wooden trays as a hobby. They were so handsome that many of his friends wanted to buy them and soon he had a flourishing full-time business. Such cases are not uncommon.

You'll enjoy life even more with the peace of mind that life insurance brings. It has provided for the future security of millions of Canadians since 1847.

Descendant Of  
Admiral Digby  
Addresses Y's Men

William Digby III, descendant of Admiral Sir Robert Digby for whom the Town of Digby is named, was guest speaker at Monday night's meeting of the Y's Men's Club. In his address Mr. Digby stated he was very pleased to be able to visit the town named after his forefathers and he was thoroughly enjoying his visit here.

He stated, however, that one fact about the town struck him most forcibly. That was the seeming lack of interest in historical things among the people of the town. During the day he had visited Admiral Digby's well, one of the few relics of the founder of Digby left in the town and was shocked to find it in a deplorable state of disrepair. There was no sign or plaque, he stated, to show that it was Admiral Digby's well and to the visitor it would mean nothing.

The value of marking sites of historical interest within the town was stressed by Mr. Digby who said that not only was this a good thing from a business standpoint because of the fact that visiting Americans were most interested in things of an historical nature, but also from an educational point of view. It was not a good thing, he stated, for the youth of a town to grow up with but little knowledge of the historical background of their home town. Civic pride, Mr. Digby said, was not something that was developed in adulthood, but was brought about through proper educational training. We must never forget, he said, the people and the happenings that made our country great and only through keeping these things constantly before us can we be sure they will not be forgotten.

MARRIAGE  
Wright - Eaton

The altar of the Parkway Methodist Church, Parkway, Milton, was decorated Saturday, Aug. 23, with candelabra, white gladioli and fern for the wedding in the afternoon of Miss Virginia Margeson Eaton, daughter of Mr. and Mrs. Horace Mann Eaton, of Wendell Park, Milton, and Harry Millard Wright, son of Mr. and Mrs. Denis B. Wright of Middleton, Nova Scotia, with Dr. Robert Pierce officiating at the 2:30 o'clock ceremony.

It was an all-white wedding with only colored flowers being carried by the bride's attendants.

Wearing a white skinner satin gown, en train, with long sleeves and sweetheart neckline, the bride was escorted by her father. She wore a finger tip veil that was arranged from a Juliet cap of satin, caught on either side of her head with clusters of stephanotis and she carried a cascade of white roses and stephanotis.

Mrs. Richard C. Hill of Medway, matron of honor, wore a gown of white crepe and lace. Also wearing similar gowns were Miss Shirley Ann Eaton, sister of the bride, who was maid of honor, and the Misses Marie and Ruth Curley of Milton were bridesmaids.

Beauty of France asters were carried by Mrs. Hill and Miss Eaton, while the Misses Curley carried cascades of bronze chrysanthemums.

Horace Foster Eaton, the brother of the bride, was best man, and the ushers included Eric Wright of Middleton, brother of the groom, William McKinnon of Brockton, and Richard Hills of Medway. Soloist was Carl Lofgren of Milton.

An aqua gown with white accessories and a corsage of gardenias was worn by the bride's mother, while the groom's mother wore a gown of light coral crepe, a flowered hat and also a gardenia corsage.

A reception was held at the church following the wedding ceremony.

Or completing a wedding trip to the Cape, the couple will leave for Butte, Montana, where Mr. Wright will enter the Montana School of Mines to study mining engineering.

The bride was graduated from Milton High School and attended Acadia University, Nova Scotia. Mr. Wright was graduated from Acadia University and served two years with the United States Army.

Mr. and Mrs. Joseph Edwards and Miss Lou Boughton of Cheshire, Conn., who have been visiting Mrs. Edwards' parents, Mr. and Mrs. Edwards Outhouse, Tiverton, left to return home yesterday.

## Bear River Exhibition Largest In Fair History

Attendance at this year's Bear River Exhibition, which was held on Wednesday and Thursday of last week was the heaviest of any in the history of the exhibition, according to H. E. Chisholm, Secretary-Treasurer. Mr. Chisholm states that exhibits this year far outclassed those of any other year both in number and quality.

Items of great interest abounded at the fair. Chief cause of these was the perennial favorite, the horse and ox pulls. Winners in the ox pulling contest were: 1st, William Dondale, whose team, weighing 2956 lbs., pulled 6430 lbs., a percentage of 2.175; 2nd, was Garnet Morine whose team weighed 2866 and pulled 6130 (2.173); 3rd prize winner was Loran Wright, team weight 2613, pulled 5230 (2.00).

An all time record was established at this year's fair in the horse pulling contests with Glendon Robbins' double team pulling 9840 lbs. Weight of the team was 2956. In the single horse pull, Glen Robbins' horse weighing 1377 gained first prize pulling 5300 lbs. Allan Stark was second prize winner, his horse pulling 5200 lbs, weight of the horse, 1385. Roscoe Buckler was third prize winner, his horse pulling 5400, weight of horse 1440.

In the double horse pull Roscoe Buckler was first prize winner with a pulled weight of 8500 lbs. Weight of his team was 2820. Second prize winner was Glendon Robbins with a pulled weight of 8100 lbs. Weight of his team was 2956. Winner of the third prize was Roy Alcorn

with a pulled weight of 8200 lbs. His team weighed 3114 lbs.

Guest speaker at the official opening of the Fair on Wednesday evening was A. B. Banks, Superintendent of Exhibitions for the Province of Nova Scotia, who also acted as cattle judge for the exhibition. In his address Mr. Banks paid high tribute to the people of the county for the splendid exhibition. He stated all exhibits were of a high quality and great credit should go not only to the exhibition officials, but also to the producers of the exhibits shown for the fine quality of their exhibits. Deputy Mayor Victor Cardoza brought the greetings of the Town of Digby to the Exhibition.

A novel feature at this year's exhibition was contests in log

chopping and sawing. Winners of the log chopping contest were 1st, Watson Peck; 2nd, Henry Peters; 3rd, Eldon Banks. In cross-cut sawing, 1st prize winners were Henry Peters and Lawrence Kempton; 2nd, Watson Peck and Gerald Buckler; 3rd, Carm. Banks and Arnold Banks. Winners in the buck-sawing contests were 1st, Eldon Banks; 2nd, Watson Peck; 3rd, Gerald Buckler.

One of the most hilariously entertaining features of the fair was the contest in pie eating. For this contest all contestants were required to match their skill and speed in the eating of blueberry pie. Winners of this were, on Wednesday, David Parker and Ernest Mailman, Thursday's prize winners were Arnold Andrews and James Henshaw.

## Town Water Contaminated

All residents of the Town are warned that all water must be boiled before drinking. Serious contamination still exists.

## Breaks Back In Truck Crash

Claud Morrell of Digby suffered a broken back last Wednesday afternoon when a five ton truck loaded with fish, which he was driving, went out of control on a steep hill at East River in Lunenburg County. He is now a patient in the Victoria General Hospital, Halifax.

The truck, which belonged to the Bay of Fundy Fish Co. at Culloden, was proceeding west toward Chester on its way to Digby at the time of the accident. With Morrell in the truck was Tony Saulnier, also of Digby. He was shaken up badly by the accident but was otherwise uninjured.

At the part of the highway where the accident occurred, there is a long steep hill with a dangerous curve as it approaches the railway crossing, and a further dip where the road approaches the bridge crossing the East River.

As the truck started down the long hill, it went out of control, and all efforts to halt it were in vain. Careening madly, it gained terrific speed and crashed into the rear of a small truck ahead of it, proceeding in the same direction. Both vehicles left the road and piled up at the foot of the hill on the river bank. The small truck was completely demolished and the large one was smashed almost beyond repair.

The small truck was driven by Roy Schnare of Black Point who was accompanied by a man and a boy. All three were unhurt. As the vehicles swerved down the hill, they broke off six telephone and light poles.

The two occupants of the fish truck were rushed to the hospital in Halifax by ambulance after treatment by Dr. D. W. Zwicker of Chester.

## Family Tradition Changes

J. J. Winchester, who has been employed with the Ingalls Engineering Department in Pascola, Mass., and is now working on the restoration of the giant chemical laboratory in Kansas city which was destroyed in the terrible explosion some months ago, springs from a long line of mariners. According to Mr. Winchester, he is the first of the name to be a landlubber. His earliest recollection of ships was watching the construction and launching of a tugboat a short two minute walk from his home in Digby, N. S. (Mr. Winchester is a nephew of Mrs. Edward Winchester and the late Edward Winchester of Digby).

A grandfather, father, and three of Mr. Winchester's uncles followed the sea as a profession in their early days. His father crossed the Atlantic before he was out of knee pants and was one of two survivors of a wreck in a West Indies hurricane. The oldest of Mr. Winchester's uncles was a captain when twenty years of age and commanded the world famous history making China Tea-Clipper "Thermopolae", for five years between Vancouver, Japan and China, carrying lumber; then to Rangoon, Burma, for return cargo of rice. He made several voyages in this trade of such note as to have his track marked in British Admiralty Charts.

Mr. Winchester has followed for some years professions that have kept him land based, but his love is still the sea. His uncle, skipper of the Thermopolae, almost succeeded in making a seaman of him, for unknown to the boy, his father was asked permission to take him as a cabin boy, which was not forthcoming. This secret was not revealed to him until many years later.

Arthur Robar and Bill Winfield left this week for Montreal to attend McGill University.

Mrs. J. W. Carter of Saint John is visiting her sisters, the Misses Woodworth at Bear River.

Mrs. Judson Robbins of Tiverton left yesterday to visit her daughters, Mrs. W. M. MacLean and Mrs. Raymond Murphy in St. Stephen.

## Wedding Reception

On Friday, Sept. 19, Mr. and Mrs. Milton Morgan, Bear River, entertained at an informal reception over thirty neighbors and near relatives of Mr. and Mrs. William Morine, who were observing their thirtieth wedding anniversary on that day.

The evening was pleasantly spent with music and singing. A treasure hunt took Mr. and Mrs. Morine from the room for a few minutes during which time a number of gifts were arranged and on their return a humorous poem, composed and read by Mrs. H. V. Burrage preceded the opening of the gifts which included a beautiful Kenwood blanket, gift from the neighbors, several beautiful pieces of china and lustre, money, and an electric tea kettle.

Dainty refreshments were served by Mrs. O. H. Ford and Misses Helen Snow and Eleanor Morine. Two beautifully decorated cakes, gifts to the bride and groom of thirty years, were cut by Mr. and Mrs. Morine and served.

During the day, Mr. and Mrs. Morine received many cards and messages, as well as the good wishes and congratulations of all those present.

Relatives coming from a distance to observe the happy occasion were Mrs. O. H. Ford of Maitland Bridge sister of Mr. Morine, and Rev. William MacDonald and Mrs. MacDonald of Grand Pre, who is a sister of Mrs. Morine and Mrs. Morgan, and Mrs. Robertson of Grand Pre, aunt of Mrs. Morine.

## Jewish Holiday Period Climaxed Yesterday

Yesterday, Wednesday, Sept. 24, marked the Jewish holiday, Yom Kippur, which climaxed ten days of religious festivities which started at sundown on Sunday, Sept. 14, with the beginning of the celebration of the Jewish New Year, Rosh Hashanna.

Yom Kippur terminated the 10 day penitential period, and translated, means "Day of Atonement" or final judgment. The Shofar, or Ram's Horn, a symbol of Abraham's sacrifice offering, was sounded in the synagogues throughout the world at sundown to terminate the holiday season. This year marks the beginning of the Jewish year 5708.

During the period between Rosh Hashanna and Yom Kippur, known as the period of repentance, Jews are traditionally supposed to look back on their sins of the past year and to make atonement for any wrongs done, as it is believed this is the time when God sits in judgment.

## Rev. F. B. Gaskill To Be Installed As Rural Dean

At a special service in Trinity Anglican Church on Tuesday, September 30, Rev. F. B. Gaskill, rector of Trinity parish, will be installed as Rural Dean of the Deanery of Annapolis. Mr. Gaskill succeeds Rev. T. R. B. Anderson of Middleton, who will be the preacher at the installation ceremonies.

## Descendant Of Admiral Digby Visits Town

Digby was honored on Monday by a visit from Mr. and Mrs. William Digby III, of New York. Mr. Digby is a direct descendant of Admiral Sir Robert Digby for whom the town of Digby is named. He is a great-great-grandson of Sir Errard Digby, brother of the Admiral. His grandfather, William Digby, Jr., came to the United States as a young man and operated a large store in Philadelphia, bringing in his goods by stage coach.

Like his distinguished ancestor William Digby has followed the sea all his life and during the war was an officer in the Merchant Service of the United States. He has now retired.

This is Mr. Digby's first visit to Digby and, as far as we know, the first time a direct descendant of Admiral Digby has visited the town that bears their name. Mr. and Mrs. Digby both expressed themselves as being delighted with the town, and said it gave them a strange feeling to see so many business houses and concerns bearing their name.

Mr. and Mrs. Donald C. Brisbois, who have been visiting Mr. and Mrs. R. L. Taylor, Joggin Bridge, have returned to their home in Waltham, Mass.

Miss Ruth Binnie, Home Economics Instructor for the Nova Scotia Department of Education, will give an address Friday evening, October 3rd, at Oakdene Hall, under the auspices of the Bear River Home and School Association. This is for the public as well as for the school pupils.

## Another Link With Admiral Digby

Mrs. A. D. Cronin received word this week that Mr. John Grady, a long-time summer visitor to Digby from Philadelphia, who has recently returned to the United States from England on board the Queen Mary, was a guest while in England of Colonel and Mrs. Frederick J. B. Digby, direct descendants of Admiral Sir Robert Digby, at their home, Sherborne Castle, Dorset, England.

Mr. Grady said that Mrs. Digby wished to convey again to the good people of Digby, Nova Scotia, her sincere and heartfelt thanks for the many fine parcels of food sent to her in England for distribution among the aged and needy in Sherborne. Through their efforts, the kind people of Digby had brought joy and comfort to many in England who otherwise would have suffered much more greatly in the terrible food shortage that exists there.

Rev. Frank Smith, who has been spending the summer in Deep Brook, returned to Saint John this week to resume his duties at the Victoria St. Baptist Church.

Mr. and Mrs. William Aymar of Everett, Washington, arrived in town last Friday to visit the former's brother, S. S. Aymar. It was Mr. Aymar's first visit here in 35 years.

Mrs. Helen Keeney, of Boston, Mass., president of the W.H. & F.M. of the Advent Christian Denomination, has been presenting the work of the society in the Bear River church. While in Bear River she was a guest of the Misses Woodworth.

## Home and School Meeting Held At Bear River

On Monday evening, Sept. 22, at Oakdene Hall, Bear River, the Home and School Association held their first meeting after a recess of two months. The president, Commander Thomas Hood, was in the chair.

The meeting opened with O Canada, followed by the Lord's Prayer and roll call. At the business period the Secretary read a letter from Mr. Eric Wood, Secretary of the Children's Aid, asking the Home and School to sponsor a campaign for funds for the Children's Aid of Annapolis County. It was moved by Miss Schmidt and seconded by Mrs. Romans that Miss Snow and Mr. Berry be the committee to arrange for the canvassing of this campaign, October 5 to 19.

The program convener, Mrs. M. Alcorn, gave a report on the Exhibition work. Mr. Berry, the principal of Oakdene, gave a report on the activities the school would like to have, or some of them such as basketball, volleyball, badminton, dramatics, Boy Scouts, Girl Guides, hockey and baseball.

A reading was then given by Mrs. Wm. Morine. "Auntie's Doleful Visit." The meeting closed with the National Anthem.

## Women Engage In Bowling Contest

Church Point Ladies defeated Little Brook Women's Bowling team here last Wednesday evening by 155 points in total pin-falls. Both teams rolled a good game, with total scores of 2535 and 2420 which is exceptionally high. This is the first win for Church Point against this team, although games during last season were decided by 4 points at times.

Little Brook: Bernadette Hogan 509; Zelle Doucet 458; Monique Thimot 493; Grace Genette 467; Lucy Saulnier 493; Total 2420.

Church Point: Anita LeBlanc 398; Loretta 411; Marie Stuart 529; Cecile Stuart 574; Antoinette Belliveau 623; Total 2535.

Plans for the joint meeting to be held between the Y's Men's Clubs of Saint John, West Saint John, Yarmouth and Digby on Thanksgiving Day in Digby were finalized at Monday night's meeting. Representatives from the Halifax Y's Men's Club will also attend this meeting.

It is understood that Dave Coughey of Fredericton, Y's International President, will attend the meeting, as will Roy Graham, Moncton, Regional Director and Irving Pink, Yarmouth, Maritimes West District Governor. The Digby Club will have the arranging of the program as their responsibility and Saint John will supply the speaker.

# BE SURE BEFORE YOU SHOOT!

Mere movement doesn't warrant your pulling the trigger. Make sure it's game. You can't be too careful when a man's life hangs in the balance—and your own future, too. The old excuse: "I thought it was a deer" won't be accepted when you face trial.

Be careful, too, with your matches, your cigarette butts, your campfire. Stamp them out—DEAD OUT. Otherwise a forest fire may result that will destroy valuable timber and the fish and game it shelters. Take care, so that you and other sportsmen can hunt again.

## About This and That

The two recent exhibitions in Digby County were most worthwhile affairs. We are heartily in accord with the holding of these exhibitions for they promote a spirit of competition among the people of our rural communities and from this competition comes better and finer produce.

As one American visitor to the Digby County Exhibition phrased it, "These exhibitions are very down-to-earth affairs and bring out the best in rural life." So long as these fairs and exhibitions continue, farmers and their wives will continue to strive to outdo one another in the excellence of their produce whether it be fine beef, garden produce, or in the home arts. While this spirit continues, everyone will benefit from it, for with the striving to outdo one's neighbor will come the development of better farming habits, the use of better strains of cattle, and an all around improvement in farm living.

This year at the Digby County Exhibition there was a particularly good display of handcraft work. This is one department of rural life that should be greatly encouraged, for in this work is an opportunity for the development of a rural industry that could mean many thousands of dollars to our rural population. Visitors to the fairs, particularly American tourists, are anxious to take something back with them that is distinctly Nova Scotian. What better way to let these people know that there is in Nova Scotia a handcraft industry capable of producing articles of homespun, wood-carving, metal ware and other articles distinctly peculiar to Nova Scotia than to have a display of these articles at our farm fairs.

Our whole economy depends on the farmer for without him nothing could prosper and in direct relation to his prosperity is the prosperity of our land. Anything, therefore, that promotes the welfare and well-doing of our farmers is something that should receive the hearty endorsement of all of us. To both the Digby County Exhibition and the Maple Leaf Community Fair, we say "Well done, may your good work continue."

### Appreciate Maritime

#### Hospitality

Dr. and Mrs. J. W. Kissane and Colonel and Mrs. William M. Howard of Malone, N. Y., were week end visitors in Digby en route to their homes following a vacation trip spent in the Maritimes.

The visitors had very pleasant things to say concerning Maritime hospitality and the scenic beauties of the Maritime Provinces. While in New Brunswick they visited beautiful St. Andrews and also marvelled at the strange behaviour of the Magnetic Hill. They were sorry, however, to miss the famed tidal bore of the Petitcodiac, but their schedule would not permit time to witness this awe-inspiring sight.

Arriving in Halifax, the party enjoyed a real thrill. Rather confused as to directions upon entering the city, they asked a motorcycle policeman the way to one of the larger hotels. Not only did he direct them, but he escorted them, with siren howling, to their destination.

The visit of the party to Halifax coincided with the visit of U.S.S. Wisconsin. The commander of this ship, Captain Higgins, being a classmate of a cousin of Col. Howard's, the party had a most enjoyable personally directed inspection of the ship. Col. Howard stated it seemed rather strange to have to come to Halifax in order to really see

the inner workings of one of the United States' huge battle wagons.

Following their visit to Halifax, Col. and Mrs. Howard, and Dr. and Mrs. Kissane motored to Lunenburg, where they greatly enjoyed the Fishermen's Exhibition. While in Lunenburg, they were guests of Board of Trade President A. C. Adams and Mrs. Adams. Both Dr. Kissane and Col. Howard are Past Presidents of the Malone, N. Y. Rotary Club.

In commenting on their trip through the Maritimes, all the members of the party said they had been really thrilled with the wonderful scenery and the splendid hospitality. Although this was their first trip, they said it would not be their last. They intend to return next year and tour the Cabot Trail in Cape Breton.

While in Digby they enjoyed scenic drives to Sandy Cove and to Point Prim.

## Miss Cossaboom Recent Bride Of James Connolly

A breakfast at the Persian room of the Hotel Syracuse and a reception at the bride's home followed the wedding, recently, of Miss Helen Isner Cossaboom, daughter of Mr. and Mrs. Earl Cossaboom of Dewitt, New York, formerly of Norwood, to Mr. James Edward Connolly, son of Mr. and Mrs. James Connolly of 14 Myrtle Street, Norwood, at the white-lily-and-carnation-decorated Cathedral of the Immaculate Conception, Syracuse, N. Y., in a morning ceremony performed by the Rev. Arseneau.

The bride's gown, of white point de sole, featured a sweetheart neckline, long sleeves, hoop skirt and long train, and was worn with a full-length veil, which fell from a coronet of seed pearls. The bouquet of the bride, who was given in marriage by her father, was a white roses and baby's breath, with a centre orchid.

Miss Mary Connolly of Norwood, sister of the groom, and Miss Brenda Smith of Washington, D.C., bridesmaids, wore gowns of sea-foam green, identical to that of the matron of honor, with matching heart-shaped hats, and, like the matron of honor, carried mixed Colonial bouquets.

Mr. Connolly had his brother, Thomas F. Connolly of Norwood, as best man, and ushers were Mr. Renaldo A. Fatch of Norwood and Mr. John H. Gibbons of Lawrence.

Mother of the bride, Mrs. Cossaboom, wore an aqua silk dress with black accessories and a corsage of pink roses, while the groom's mother, Mrs. Connolly, wore a black and white print with white accessories and a corsage of red roses.

Following the reception, the couple left for a two-week stay at the Friends Lake Inn, Chertown, N. Y. The bride's going-away suit was of white gaudine and was worn with a

heather-colored blouse and gloves, and an orchid corsage. The couple are now making their residence in Bridgeport, Conn.

The bride attended Norwood and Syracuse schools and is a graduate of Syracuse University while the groom, a veteran of over three years' service as a gunner with the Army Air Corps, is a graduate of St. Catharines School, the Norwood Senior High School and the Bentley School of Accounting at Boston. He is employed as an accountant.

Dakin - Ellis

A quiet wedding took place at the Bay View Baptist parsonage, Port Maitland, last Friday evening, when Harriett Ruby Ellis, daughter of Mr. and Mrs. Ellis, was united in marriage to Frederick Clyde Dakin, Centreville, Digby Co., only son of Cecil Dakin and the late Mrs. Dakin of that village.

Rev. E. T. McKnight, Baptist pastor, officiated. The bride was gowned in grey silk crepe with shoulder corsage flowers in red roses; pearl necklace and large picture hat in navy. She was attended by Miss Alanta Sollows, who wore a costume of green with black hat.

Percy Sears was best man. After the ceremony the bridal party went to the home of the bride's sister, Mrs. Vernon Sollows, and Mr. Sollows, where a wedding reception was held. They left for a short trip. They will reside at Deep Brook.

Bateman - McDormand

Old St. Edward's Church on the hill at Clementsport was the setting for an autumn wedding solemnized by the rector, Rev. K. H. Tufts on September 19, when Joan Ernestine, only daughter of Ernest J. and the late Mabel (Long) McDormand, Annapolis Royal, became the bride of John Thomas Bateman, Jr., son of Mrs. J. T. and the late Mr. Bateman, also of Annapolis Royal. Many flowers were used for decorating the chancel, and the lighting consisted of candle glow in and around the chancel and on the altar.

Given in marriage by Wesley Neely, Middlebrook, close friend, who acted for the bride's father, absent because of illness, the bride was charming in her wedding gown of white slipper satin with train, worn with cap of old lace and illusion veil. She carried an arm bouquet of white mums. Miss Barbara Smith of Annapolis Royal, was bridesmaid, wearing floor length gown of mauve organza, bustle style, and carrying yellow mums.

Alexander Keith, of Halifax, Kings Collegiate classmate, was groomsmen. Ushers were Gordon Atwell, Annapolis Royal and Douglas Hopgood, Halifax. Kenneth Harvey, of Clementsport, played the wedding marches, and for the singing of "O Perfect Love."

A reception was held at the home of the bride's maternal grandparents, Mr. and Mrs. V. A. Long, Clementsport, for fifty guests, with Mrs. Norman Sanford, Mrs. Ralph Potter, and Mrs. Stewart Potter in charge. Mrs. J. K. Edwards, Annapolis Royal, poured, and the serving was done by Neil Crowe, cousin of the bride, Helen Gabriel, Marion Riley and Diana Wallis.

The bride's table was lovely with handmade lace cloth, candelabra, and three tier wedding cake. Toast to the bride was proposed by the groomsmen. The bride's grandmother, Mrs. Long, wore a gown of black and white sheer, black hat, and corsage of pink and white carnations, and the groom's mother wore taupe gown, black hat and corsage of cerise asters.

The groom served with the Canadian Navy, and will return to Acadia University to resume his studies.

Height - Wallace

Urns of white gladioli graced the altar of St. Aidans Anglican Church, Toronto, on Saturday, August 2 at 3 p.m., for the wedding of Barbara Ann Wallace, daughter of Mr. and Mrs. F. J. Wallace to Carl Lockman Height.
