Savings depositors with their pay cheques , . . retail merchants with the day's cash . . . people consulting the manager about loans, others cashing cheques . . . it is all part of the daily work of the branch bank.

In ten years the number of accounts weed maintained by bank depositors has grown from 5,000,000 to 8,000,000.

This shows how Canadians have come to count on their local banks for a great variety of services. The banks keep pace with the growing needs of the nation.

He was always gay and choerful If you met him on the way; Never in too big a hurry To pass the time of day.

We hever thought of any change From what it used to be. But, just to show that changes come, We now have R.F.D.

We want to let him know that we Appreciate what he has done; He picked the mail up from each box, When on his dally run.

And letters that we wish to mail. With postal notes in, too; He'd say, "Just give me that, I'll fix it up for you."

The mail delivered twice a day in boxes by the road; That helped him, too, as some

times
It lightened up his load.

We'll mise him now that he is through; He gave us much attention. And did so many nice, kind acts, Too numerous to mention.

There are lots of postmasters As nice as they can be; But there couldn't be another Quite as obliging as he.

Canadian men and women have 8 000 000 deposit accounts in the chartered banks-equal to one account for every adult.

Banks value each depositor's business highly ... safeguarding your money, paying interest on your savings, standing ready to repay . . . striving to retain your confidence and friendship.

Your bank manager appreciates his obligation to you. Ask him what is a banker's first concern. He will answer, "Safeguarding the depositors' funds."

For he realizes that denositors are the very foundation of the efficient credit process by which banks mobilize deposits to serve the needs of this working, growing, enterprising Canada.

Out of the Woods! Everyone knows lumber and pulpwood as basic forest products. Then Chemistry steps in and creates other materials to give you more and better things for modern living ... "Cellophane"-

makes shopping easier... you can see what you buy and know it's protected at the same time; "Fabrikoid"—for luggage,

for home and car upholstery, book covers and many other uses: lacquers—to brighten up draft surfaces... for automobiles and boine decorating. In other fields you have plastics, nylon, fertilizers, bleaches, fire retardants, cellulose spunges, salt . . . all elienically produced for better living by C-LL, "Serving Canadians Through Chemistry".

Here is a typical bank manag 43, married, with a growing family. He is active in community affairs. When he joined the bank as a junior, he

was 17, just out of high school. He soon moved up. By his late twenties he was accountant in his branch.

He worked hard. All the time he was learning about banking, about Canada, too, in various branches, different areas . . . learning to know people—their hopes, fears, problems -the importance of the human factor.

At 36 he was branch manager. Now he has another, larger branch. And his way to advancement is still open. His general manager started as a junior, too . . . and carried with him to the top the business experience and human understanding gained along the way.

About This and That

The Annual Time Muddle

Again Digby has experienced the usual mixup over the adop-tion of Daylight Saving Time. Once again resolutions, protest ga-therings and so on have been the order of the day and once again the final decision of the Council on the matter has met with a mixed vecention.

thering and so on have been the order of the day and once again the final decision of the Council on the matter has met with a mixed reception.

It would seem there can only be one workable solution to this Monard casation of the Council on the matter of the solution to the contentious problem. That is to have the dates for the adoption and casation of baylight. Three set to Jessiation to be effective throughout the whole provincial or federal area.

The year despite all the well meaning efforts of organizations in the matter of fast time.

This year the Annapplis Valley Affiliated Boards of Trade attempted to secure uniformly in the matter, at least in the Yalley area from Weymouth to Windson, but this feforts came to mount with a number of town in the district, 'jumping the gum' and quasted by the A. V. a. B. and such a supposed to represent the wishes of the towns in the district.

While it is perhaps wishful thinking to expect that the proproducid or federal authorities will take over the problem, efforts should be made toward the expertual attainment of this objective. In the emantime thought should be given to dratting a workable with the other laws of the towns and area, normally doing business one with the other lowers in a area, normally doing business one with the other lowers in an area, normally doing business one with the other lowers in an area, normally doing business one that the confined that twery years occurs concerning this matter can be permanently done away with.

we built the School

It's the biggest contract I ever went after, so I lost no time in getting over to my bank manager.

"George," I said, "I'll need some help to handle a job this size."

We went over the whole thing, discussed how much I would need. When I landed the contract he gave me a line of credit and I was able to go right ahead. Now the school's as good as built.

It is an everyday part of your local bank manager's job to provide short erm credit so that payrolls can be met,

material bought, goods produced and marketed.

Hoping for something or saving for it?

A shiny new bike . . . an engagement ring . . . a business of your own . . . all through life there's a special something ahead to hope and plan and save for. Dreams don't always come true. But having something laid away can often make all the difference. The way to start is to open a Royal Bank savings account. Decide how much you can regularly put into it—then stick to it . . . "Someday" comes closer with every dollar you save.

Planned Saving paid off for the Browns

The neighbors remember how sick young Donny was a few months ago, and how worried the Browns were. But they never guessed what a serious drain his illness had been on the family purse.

Wisely, the Browns had made it a rule to put something into their savings account, week by week, almost from the day they were married. So when they consulted their bank manager, their credit was good. With the help of a small bank loan, they were able to pay all their bills promptly. Now Donny is healthy again—and so is their bank account.

Planned saving pays off, when bargains, opportunities or emergencies come along.

PONTIAC...the most beautiful thing on wheels

There are many cars more costly than Pontiae's large and luxurious Chieftains and Streamliners. But few, if any, are finer, When you examine them at your Pontiae dealer's, you will be bappy just to sit in a cars so obviously right in the good taste and detailed perfection of its styling and appointments. You will be good to drive a car that is so clearly a superh engineering achievement. You will be proud to own—and to be seen driving—such a fine car. So, ask yourself, what more can more costly cars offer? If hy pay more?

What more can more costly cars offer? If hy pay more?

The Pontiae Chiefinian and Streamliners or efford with a chair of about Six or EightCytholic L-Hoad engines and with Scall Behat. Manie Deriv. **(Optiminal on extra cond.)

MKELESS?

Away down in the lowest-price field you'll find one car-and one car only-Away down in the jowest-price field you il had one car—and one car only—that brings you everything that matters in a motor car. It is a full-sized six-passenger car! Its styling is famous Silver Streak Styling! The power is ample, sure, L-head engine power! Its supertly finished bodies are by Fisher! That car is Pontiac's Fleetleader - offered in either standard or deLuxe appointment. It is every inch a Pontiac—yet its price is so low it will startle you. If hy take less?

Dollar for Dollaryou can't beat a PONTIAC!

will agree, though, that travellers ques are the answer to many of the heades that can arise when you're travelling. aches that can arise when you're travelling, with travellers cheques you can carry as much money as you need. There is no worry about losing them . . . only you can cash

them.

Arranging funds for foreign travel and supplying travellers chaques are but two of the many ways in which your local Bank of Nova Scotia branch, can serve you. Get to know your nearby Bank of Nova Scotia manager. You'll find bink as good man to huma.
